

MASTER ELECTRICIAN'S LICENSE APPLICATION INSTRUCTIONS

City of Rochester Electrical Examining Board
City Hall Room 121B, 30 Church Street
Rochester, New York 14614-1290

Summary of Instructions

To obtain an Electrician's License you must:

1. Complete and return the following to the City of Rochester Building Permit Office, RM 121B City Hall, 30 Church Street, Rochester, New York 14614:
 - A) City of Rochester exam application (form attached) and **submit it with a \$60.00 fee made payable to City of Rochester, Treasurer**, to the Building Permit Office, Room 121-B City Hall, 30 Church Street, Rochester, New York 14614.
 - B) Thomson Prometric, Inc. (City of Rochester approved exam agency) exam application form and **payment of \$90.00** made payable to Thomson Prometric. Forms of payment include; money order, cashier's check, or credit card. Per their instructions: ***no personal checks accepted***.
 - If your application for approval to take the exam is denied by the Electrical Examination Board, your payment to Thomson Prometric will be returned to you.
 - If you pay with a credit card, your credit card **will not** be charged.
2. Submit proof that you meet the minimum experience requirements established for licensing. (See attached matrix of requirements). These requirements are also described below. Read carefully the instructions for references and documentation in this packet.
3. Pass a written examination administered by Thomson Prometric, Inc. The Master Electrical Exam will be based on the National Electrical Code 2008. The Single Phase Exam will be based on the National Electrical Code 2008.
4. Pay the appropriate license fee.

Questions about types of licenses, when a license is required, qualifications for licensing, examinations, fees, penalties, etc., can be answered by calling 428-9339 or by obtaining the Electrical Licensing Ordinance Chapter 49 of the City Code either on the city's web site, Cityofrochester.gov or at the Permit Office, Room 121B, City Hall, 30 Church Street, Rochester, New York 14614.

Minimum Experience Requirements

The Electrical Licensing Ordinance, Chapter 49, from the Code of the City of Rochester as amended April 14, 1992, requires that each applicant for a Single Phase License must have a minimum of 2 years (3,000 hours) of applicable experience and for the Master License 4 years (6,000 hours) of applicable experience. The Electrical Examining Board has interpreted these minimum applicable experience requirements for licensing:

For a Single Phase License

1. The two years of applicable experience required shall consist of at least 3,000 hours of such experience within the past five years.
2. At least 50% or 1,500 hours out of the total requirement of 3,000 hours of applicable experience must consist of work in the field as an apprentice/ electrician/electrical contractor installing and/or repairing electrical wiring, equipment, etc. covered by the National Electrical Code. Applicants, employed by someone other than a contractor in the business of installing and repairing electrical systems, must provide a written detailed explanation of their duties. This must include a minimum of five specific projects that were approved and inspected by a recognized inspection agency. Details of the applicant's duties on these projects are also required.
3. The balance of not more than 1,500 out of the total of 3,000 hours may, at the Board's discretion, consist of either of the following types of experience or some combination of the two:
 - a. Successfully completed electrical course work in an accredited school, two-year or four-year college program or apprentice program as evidenced by diplomas or certificates, etc.
 - b. Electrical estimating, design or supervision of work covered by the National Electrical Code. This experience should be supported by notarized letters from the firms involved.

For a Master License

1. The applicable experience required shall consist of at least 6,000 hours of such experience within the past ten years.
2. At least 50% or 3,000 hours out of the total requirement of 6,000 hours of applicable experience must consist of work in the field as an apprentice/ electrician/contractor installing and/or repairing three phase electrical wiring, equipment, etc. covered by the National Electrical Code. Applicants employed by someone other than a contractor in the business of installing and repairing electrical systems, must provide a written detailed explanation of their duties. This must include a minimum of ten specific projects that were approved and inspected by a recognized inspection agency.
3. The balance of not more than 3,000 hours out of the total 6,000 hours may, at the Board's discretion, consist of the following types of experience or some combination of the three:
 - a. Successfully completed electrical course work in an accredited school, two-year or four-year college program, or apprentice program as evidenced by diplomas, certificates, etc.
 - b. Electrical estimating, design, or supervision of work covered by the National Electrical Code. This experience should be supported by notarized letters from the firms involved.
 - c. Work in the field as an apprentice/electrician/contractor installing and/or repairing single phase electrical wiring, equipment, etc. covered by the National Electrical Code.

PROOF OF EXPERIENCE INSTRUCTION FOR SELF-EMPLOYED ELECTRICIANS

**City of Rochester Electrical Examining Board
Room 121-B, City Hall
30 Church Street
Rochester, New York 14614**

For applicants who gained all or part of their electrical experience working as a self-employed electrician, your proof of experience must consist of both of the following:

1. A minimum of five (four for single phase licensing), approved Electrical Certificates from an approved inspection agency for each year of experience required for the license you applied for. In other words, a minimum of eight certificates total for a Single Phase and a minimum of twenty (20) certificated for a Master License.
2. Three reference letters from people whom you have done electrical work for and who can vouch for your competence as an electrician. Three copies of the letter are attached.

The certificates must cover work which clearly indicates to the Board that you have done electrical work of the type that would be covered by the license you applied for. Those applying for a Master's license must provide eight certificates which clearly indicate three phase electrical work.

The certificates for work done outside the City of Rochester should be in your name.

Certificates not in the applicants' name must be accompanied by notarized supporting letters for each of the certificates from the owner, architect/engineer, licensed electrician or contractor on the job. For work done in the city, they should be in the name of the licensed electrician who supervised your work and applied for inspection of the job. They should be accompanied by a letter from the licensed electrician stating that you did the work covered by the inspection certificates.

IT IS YOUR RESPONSIBILITY TO:

- a. Fill in the reference name, address, and your name and type of license applied for on the reference letters provided in this package.
- b. Have each reference answer the questions and then **sign, date and notarize** in the space provided.
- c. Make sure that the reference letters are turned to the Board.

Notes to Remember:

- **No action will be taken on your application until the required number of approved inspection certificates and reference letters are returned to the Board.**
- **If you wish to claim credit for classroom training hours toward the minimum experience requirements, you must furnish the Board with a diploma, certificate, or affidavit that describes the type and length of training. The Board may, at their discretion, allow partial credit for this training**
