**Not all households that meet the following criteria will be eligible for funding, and, due to limited resources, not all who are eligible will receive funding. A maximum of 6 months of rental arrears assistance is available per applicant, and households must show that they are able to maintain and afford their housing moving forward.*

***Applications are ineligible most frequently due to: 1) no “imminent” housing emergency, 2) income too high, and/or 3) household not able to afford housing ongoing.*
