Simmons sends to Singletary, noting FOIL law Singletary asks Simmons to set up meeting with Law Dept. Simmons contacts Curtin to set up meeting.</p>	<p>&lt;&lt;RE Important FW Contact Info Jenn Sommers at AG's Office.msg&gt;&gt;</p>	<p>I told you before this is closed and after further discussion we think that is up for interpretation on the RPD's end...although that does not change the fact we pretty much have to give it to corporation council. Basically corporation council will review the package and decide what should and should not be turned over. They need to keep in mind:</p> <ol style="list-style-type: none"> <li>1. this can be labeled still as an active investigation because the AG's Office has not concluded their portion of it and have requested additional interviews of the officers. Our investigation can be interpreted technically as remaining "open" until their investigation is complete in the highly unlikely event they uncover any additional information that could impact our investigative findings</li> <li>2. In light of the recent events throughout the country, any release of information should be in conjunction with and coordinated with the Mayor and the Chief as it very well have some intense ramifications.</li> </ol> <p>I respectfully suggest the Chief and DCA be made aware of exactly what is going on with this FOIL so there are no surprises and they can weigh in on the discussion with the Mayors Office</p>
