- Wrap Up & Action Items

Project Timeline

Project Deliverables

- 1. Public Engagement Plan
- 2. Existing Conditions and Needs Assessment
- 3. Design Alternatives and Recommended Strategies
- 4. Final Vision and Implementation Plan

future conditions

Engagement Update

- We have 5 Ambassadors!
- We (probably) have a pop-up location!
- Our survey responses are low.
- How have you shared the survey?
- How else can you share the survey?
- It has been posted in neighborhood fb groups and advertised via email.

Early Takeaways from Survey #1

- Survey #1 asked the community to review, react to, and prioritize goals from previous plans
- Next step: review all comments to refine and focus goals that are specific to West Main
- Survey #2 will be launched in early February

W. Main St January Survey: Community Goals

Theme: Design the City for Pedestrians				
How important are each of these goals for West Main? (On mobile devices, please scroll sideways to see all options)				
	Not Important	Slightly Important	Important	Very Important
Pedestrian- focused design will invite people to walk down the street and experience the neighborhood identity	0	0	0	0
Parks and open spaces will be connected to and accessible from W. Main	0	0	0	0
West Main will be an enjoyable and engaging place to walk	0	0	0	0

How would you change these goals? What other goals related to this theme do you have for West Main?

Your answer

Existing Data Discussion

- There is still a ton of data yet to be visualized and analyzed
- Things existing data will help us understand
 - Who lives here
 - What options people have for getting around
 - What/where traffic-related safety issues exist
 - What uses and intensity of uses are present along the street
- Things existing data will not help us understand
 - Places of cultural importance to the community
 - What people want to preserve about West Main
 - What people would like to see changed in the future
 - What else?

Wrap Up and Action Items

Help us spread the word about Survey #1
