

2021 Qualified Census Tracts Rochester, NY

Rochester Census Tracts 2015

- Qualified
- Not Qualified

A Qualified Census Tract (QCT) is any census tract with a poverty rate of at least 25% or in which 50% of the households have incomes below 60% of AMI. QCTs are identified annually by the U.S. Department of Housing and Urban Development using Census and American Community Survey data.
