

1. PROJECT DESCRIPTION

This project is a complete pavement rehabilitation of Culver Road from Monroe Avenue to Atlantic Avenue and University Avenue from North Goodman Street to Culver Road. This project will also improve the pedestrian crossing on Monroe Avenue at Werner Park.

The rehabilitated streets are designed to improve and encourage the use of multimodal transportation. The project will provide increased bicycle infrastructure in line with the City's Complete Streets Policy. Pedestrian improvements are planned for sidewalks, curb ramps, and pedestrian crossings.

2. PROJECT LIMITS

- Culver Road– Monroe Avenue to Atlantic Avenue (1.4 miles)
- University Avenue – North Goodman Street to Culver Road (0.8 mile)
- Monroe Avenue – Monroe Avenue at Werner Park

3. PLANNED IMPROVEMENTS

- Mill and resurface existing pavement with spot pavement repairs
- "Road Diet" on Culver Road between Monroe Avenue and Hinsdale Street.
- Buffered bicycle lanes on Culver Rd from Monroe Ave to Hinsdale St and University Ave to Humboldt St.
- Shared use pathways on Culver Rd from Hinsdale St to Harvard St.
- Cycle Track on University Ave from Culver Rd to Atlantic Ave
- Replacement of sidewalks and curb ramps where needed to meet ADA standards
- Upgraded pedestrian crossing on Monroe Avenue at Werner Park with the addition of a pedestrian refuge island.
- Replacing and adding street trees and plantings where needed.
- Replacing street signs where needed
- Improving various bus stop locations with new or larger bus stop pads.
- Making adjustments to the pavement markings to accommodate various changes.

4. PARKING

- No changes to the existing on-street parking on Culver Road between Humboldt Street and Atlantic Avenue.
- Removing the time restrictions for existing on-street parking on the west side of Culver Road between Monroe Avenue and Hinsdale Street.
- Removing 2 spaces on the north side of University Ave west of Atlantic Ave

5. PROJECT SCHEDULE

- Final Design – October 2024
- Project Advertisement and Contractor Award – Fall 2024 thru Spring 2025.
- Construction – Spring 2025 thru Fall 2025
