

# INNER LOOP NORTH

MOBILITY AND DEVELOPMENT STRATEGY

## Welcome to the first of two public meetings for the Inner Loop North (ILN) Mobility and Development Strategy.

Tonight is the first of two in-person public open houses for this planning study. Our team values your time, insight, and knowledge of the opportunity sites along the ILN Corridor and the surrounding area.

The stations around the room each contain opportunities for you to provide input on your goals, ask questions, and to help us understand your preferences when it comes to development and land use types, open space design, and mobility improvements.

The stations are organized as:

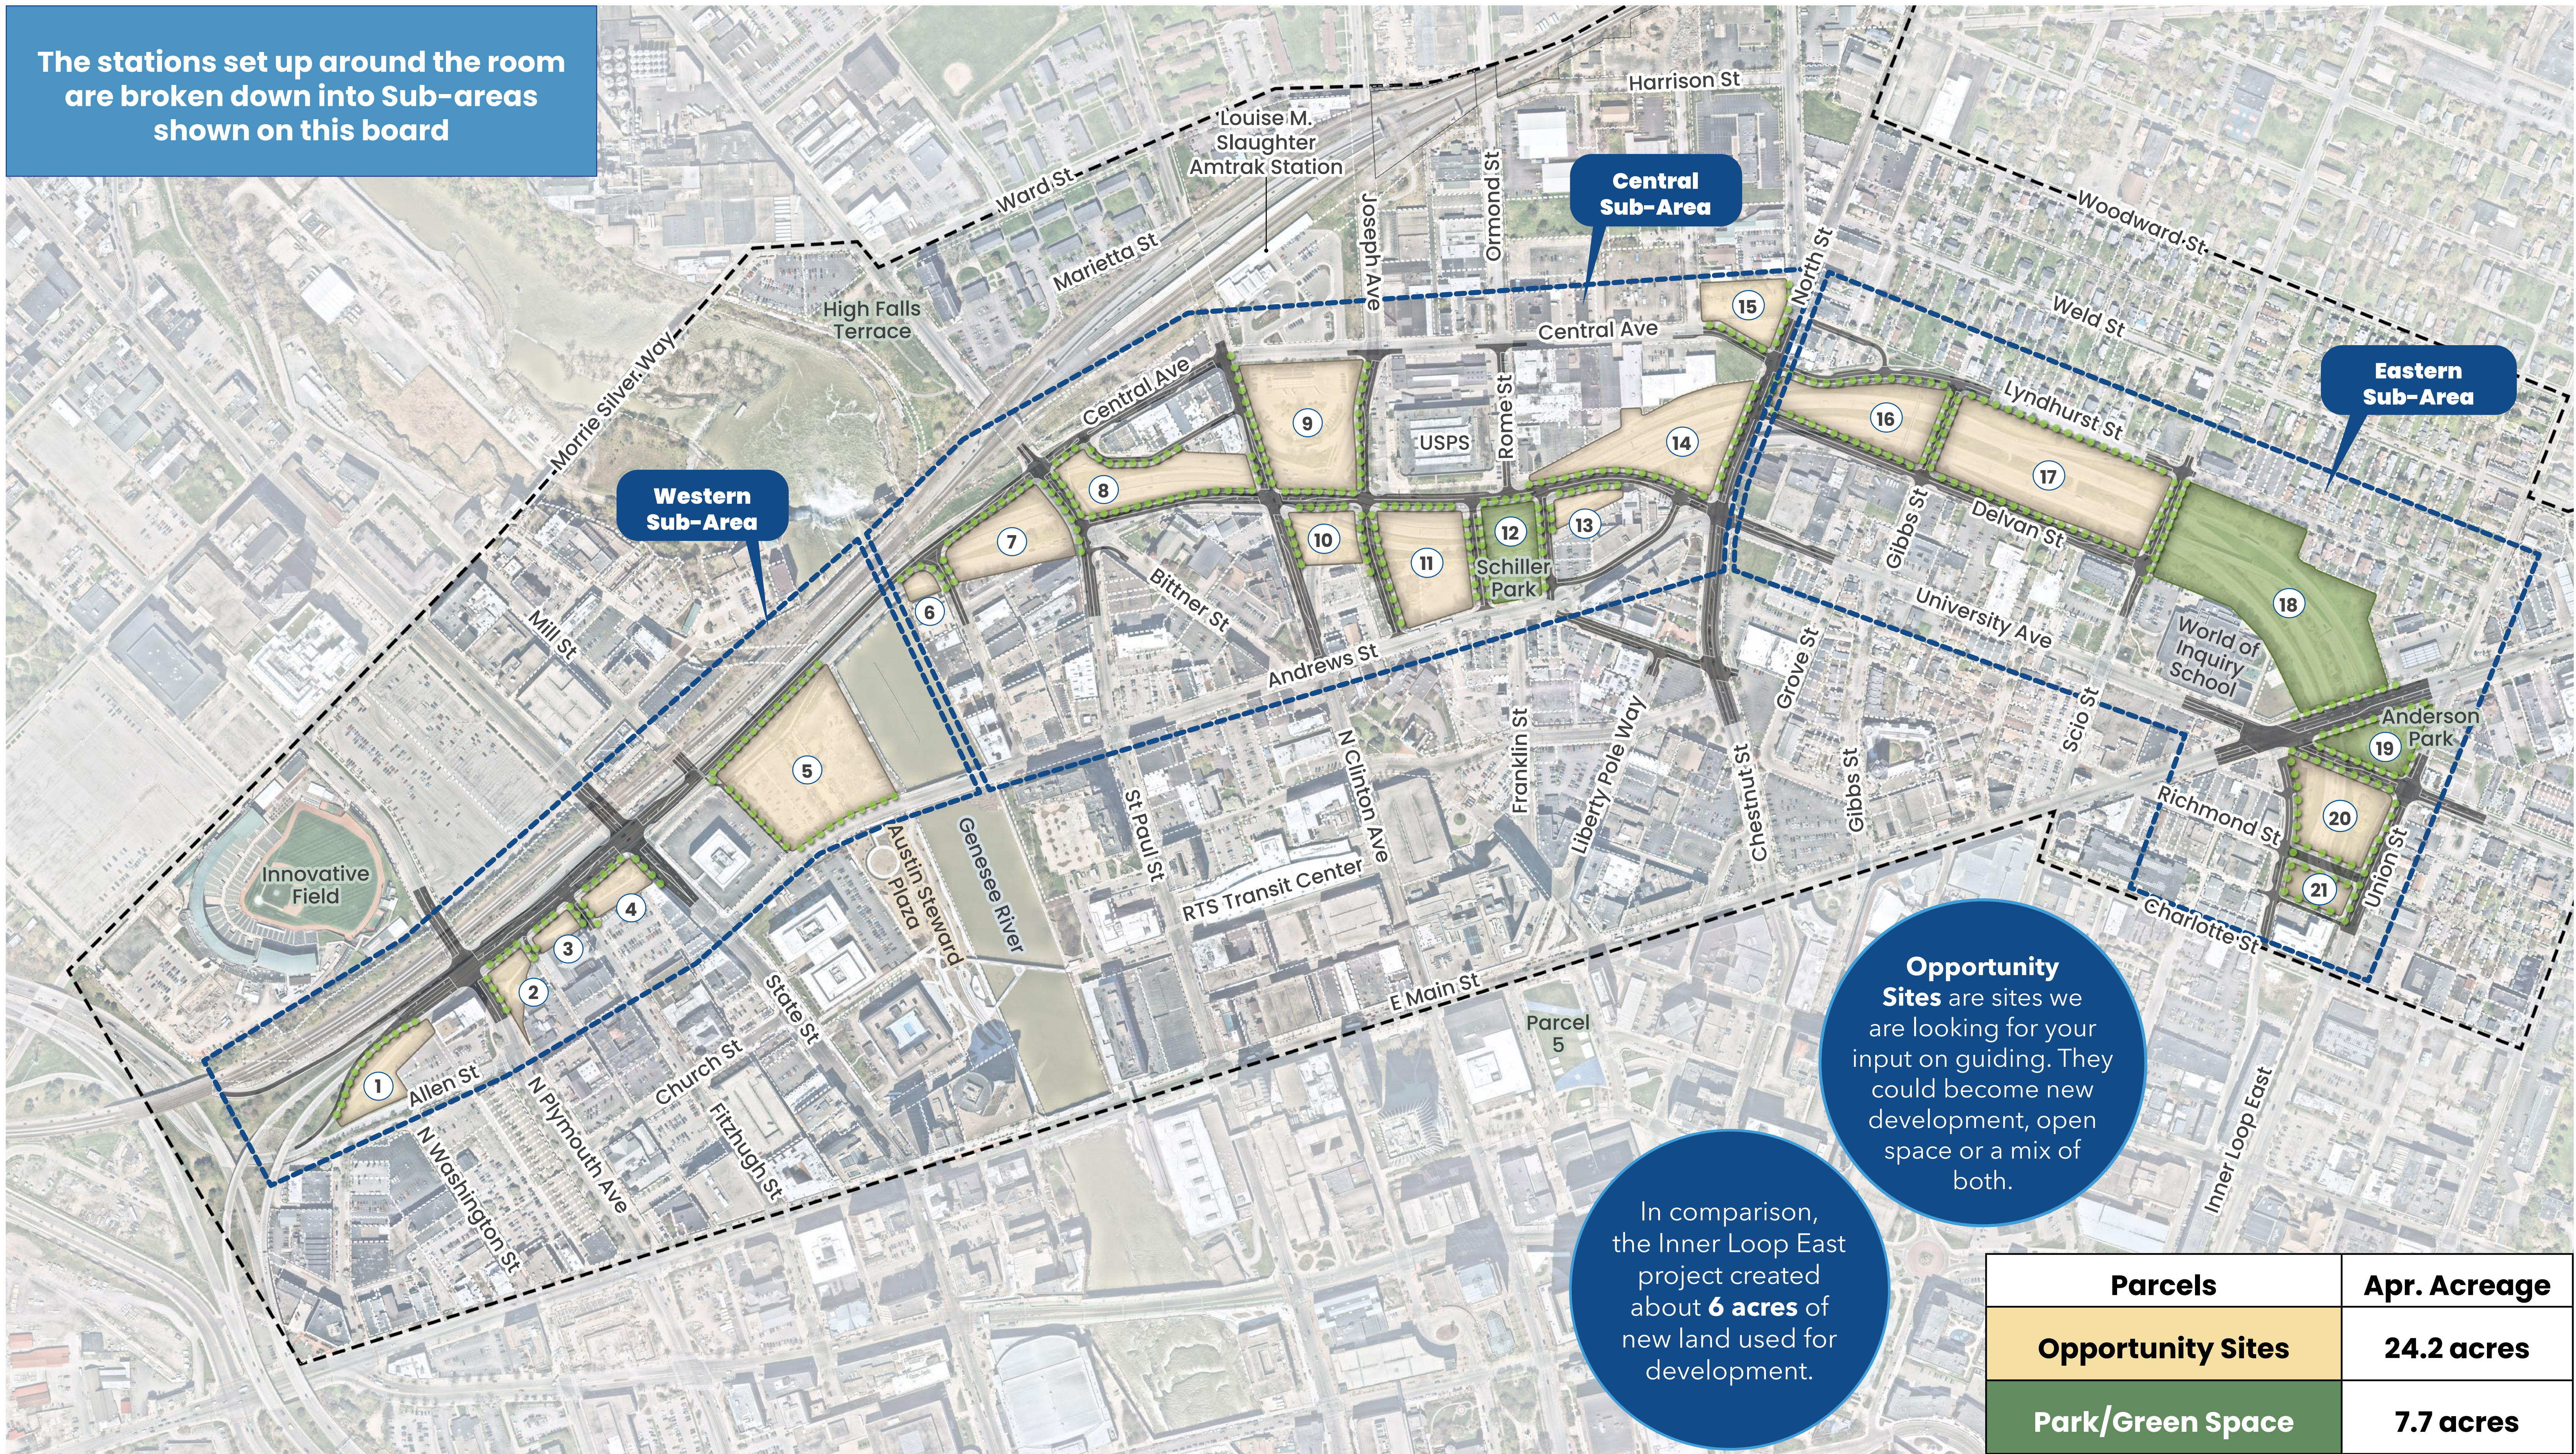

1. Overall Vision and Project Area
2. Western Sub-Area (From I-490 to the Genesee)
3. Central Sub-Area (from the Genesee River to North St)
4. Eastern Sub-Area (from North St to Union St)
5. Mobility Improvements & Next Steps

The stations set up around the room are broken down into Sub-areas shown on this board

**Western Sub-Area**

**Central Sub-Area**

**Eastern Sub-Area**

**Opportunity Sites** are sites we are looking for your input on guiding. They could become new development, open space or a mix of both.

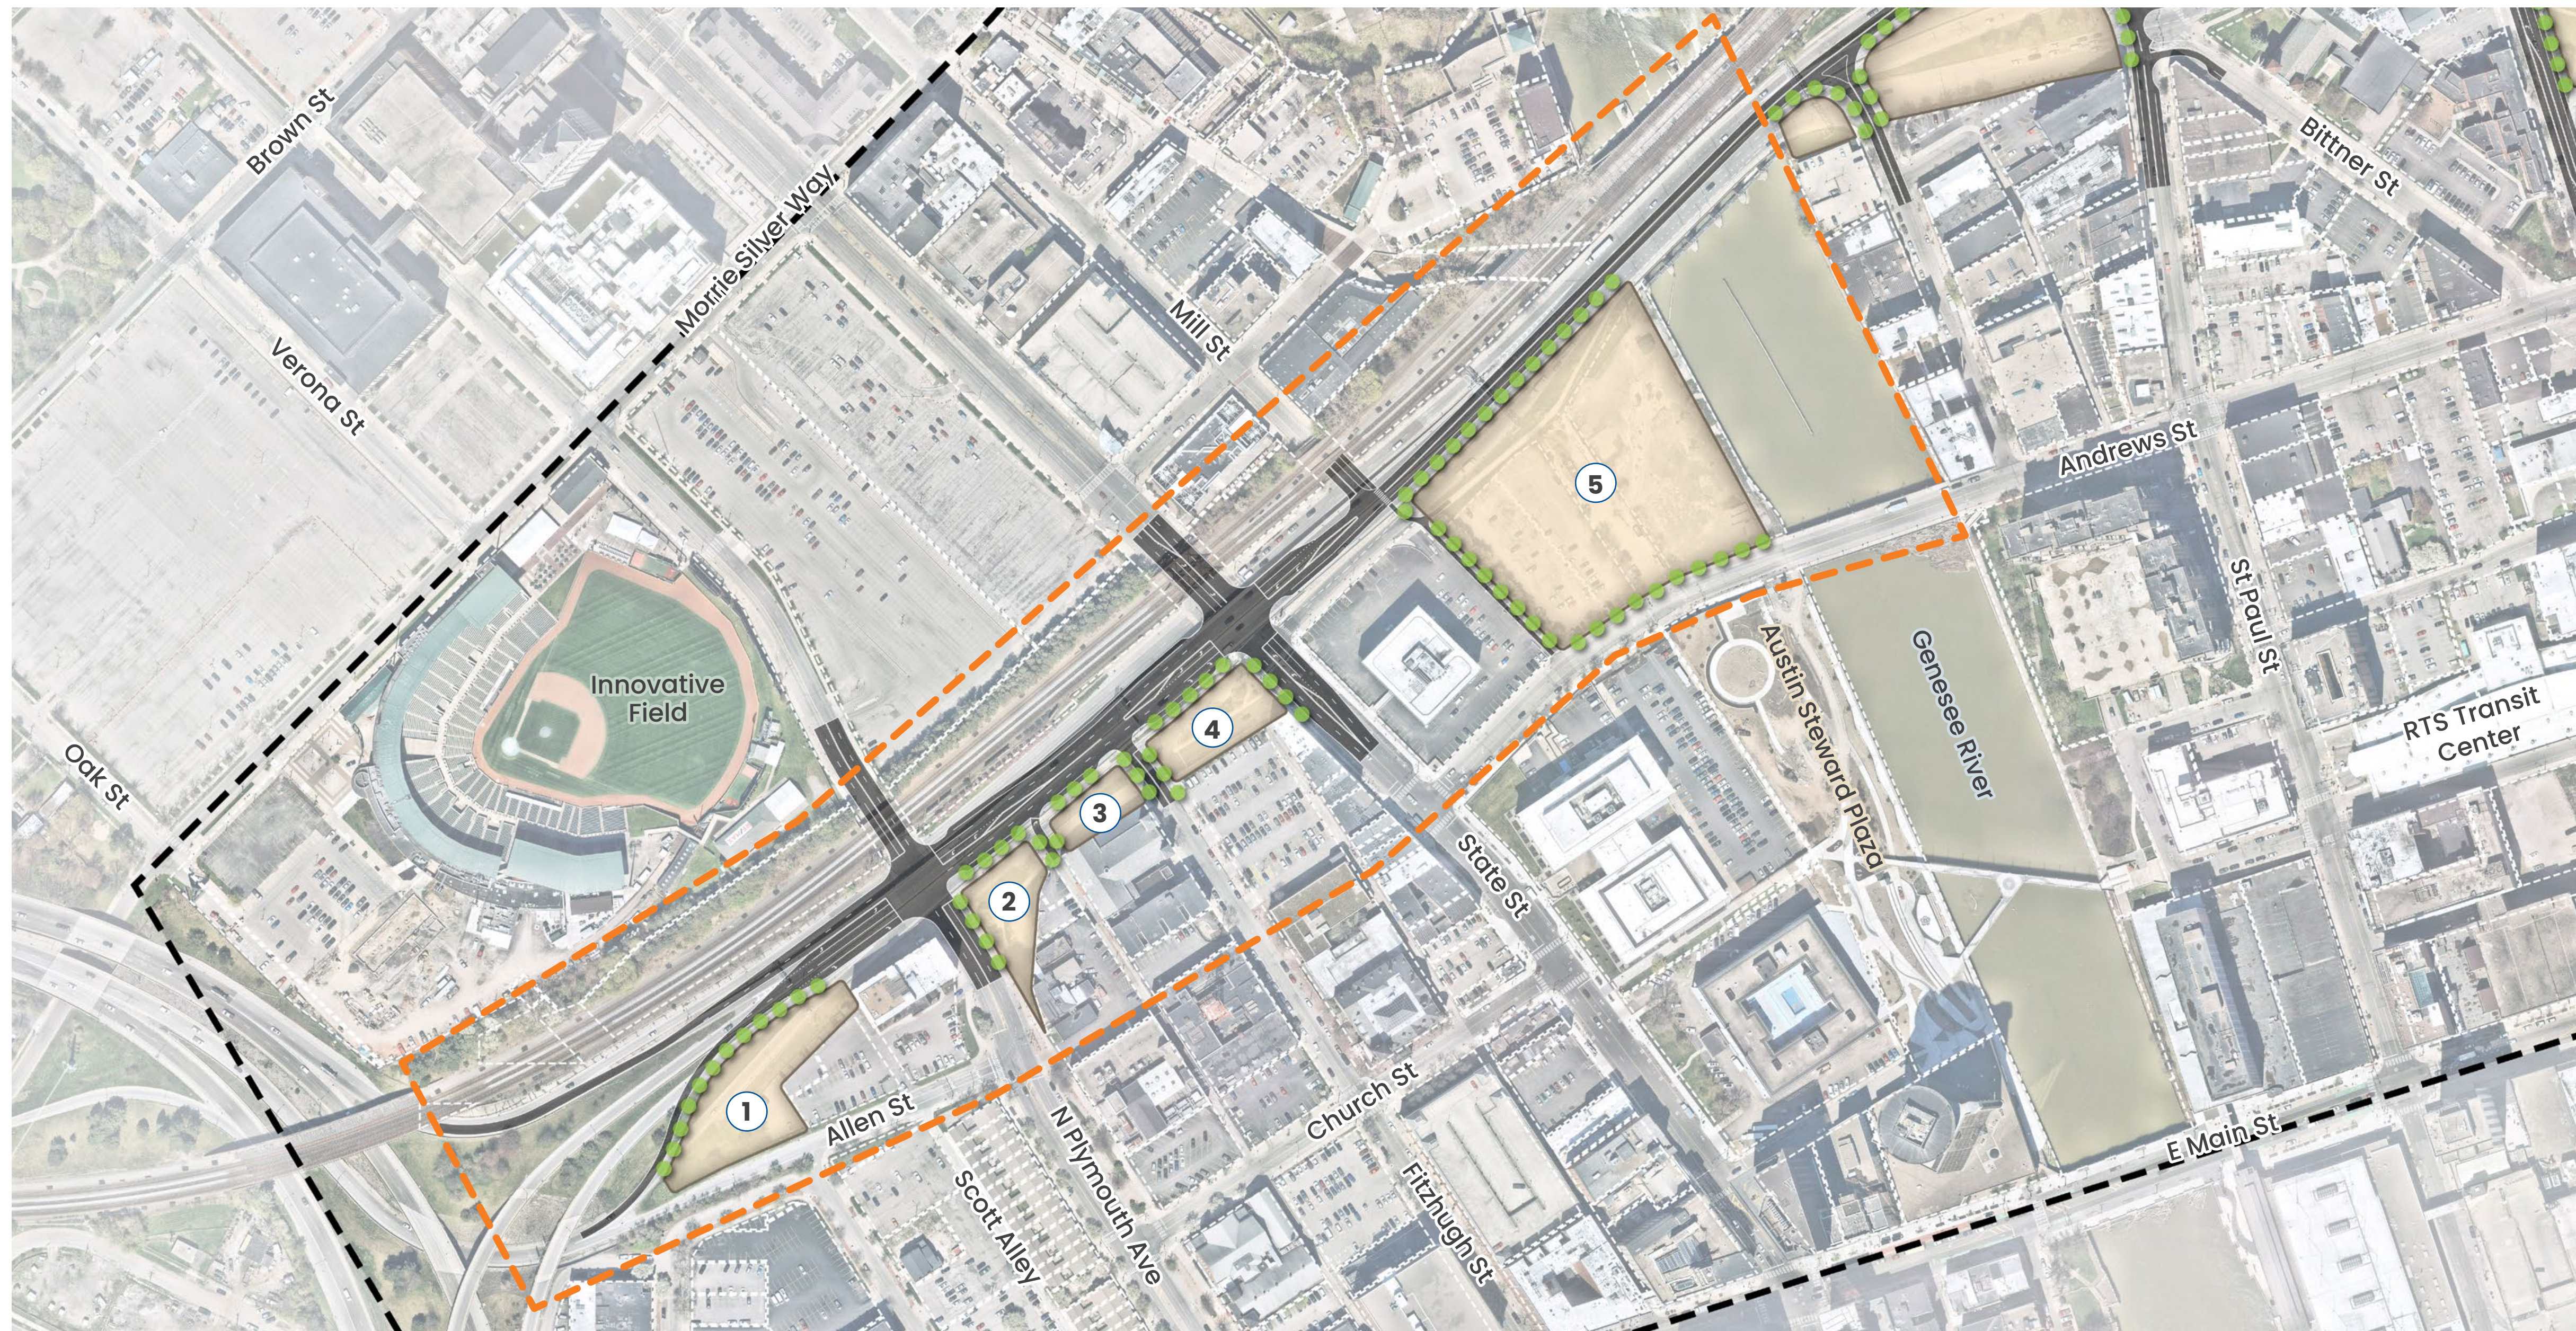

In comparison, the Inner Loop East project created about **6 acres** of new land used for development.

Parcels	Apr. Acreage
Opportunity Sites	24.2 acres
Park/Green Space	7.7 acres

# INNER LOOP NORTH

MOBILITY AND DEVELOPMENT STRATEGY

## Thank you for providing input! So, what are the next steps?

Following this meeting, the consultant team will review all of the input provided from stakeholders and the general public during this round of engagement.

The project team will begin to explore alternative concepts for development and open space.

In the spring of 2025, there will be a second round of engagement with stakeholders and the public with a goal of reviewing alternative concepts, and determining a preferred vision to guide future decision making.
