**Budget Process**

This budget is for the City's 2018-19 fiscal year, which begins on July 1, 2018 and closes on June 30, 2019. The process and content requirements of the annual budget are stipulated in Section 3–9 of the City Charter. Consistent with these requirements, the Mayor prepares a proposed budget. Detailed budget requests are made by each department, reviewed and analyzed by the Office of Management & Budget, modified as necessary, and approved by the Mayor.

The Mayor's proposed budget is considered by the City Council, and at least one public hearing is scheduled. The City Council may adopt the budget as proposed by the Mayor or may modify it. If the City Council's action on the budget contains no additions, the budget is adopted without further action. Reductions to the proposed budget do not require the approval of the Mayor. If City Council's action includes any additions, the budget must be presented to the Mayor by June 20. The Mayor may accept or reject any additions. If the Mayor accepts the additions, the budget is adopted without further action. If the Mayor rejects any additions, she must inform the City Council of the items rejected with her reasons and return the budget to the Council by June 25. The City Council may then reconsider the budget and, by June 30, may revise its actions in conformity with the Mayor's objections or may, upon a two-thirds vote, override the Mayor's objections. If City Council does not, by June 30, adopt a budget according to these procedures, the budget as submitted by the Mayor plus any City Council additions not objected to by the Mayor will be the budget for the ensuing year.

**Scope of the Budget**

The budget contains most of the ongoing operations of the City of Rochester. Certain programs are not included:

*City School District:* A summary of the proposed City School District budget is included (Tab 17). The complete text of the School budget is included in a separate document.

*Federal Programs:* The administrative costs and certain program expenses are included. However, most program expenditures from the Consolidated

Plan Appropriations from these programs are made during the year.

*Capital Programs:* The budget includes two types of capital expenditures: Cash Capital, the direct outlay for capital purposes, and Debt Service, the repayment of principal and interest on previously authorized borrowing. Not included is the appropriation of the proceeds from note and bond sales that may occur during the year. These will be appropriated individually during the year, and their repayment will be included in future budgets as Debt Service. The Capital Improvement Program (CIP) section in the Budget document details all expected capital program expenditures for the upcoming year and each of the subsequent four years.

*Trust and Agency Funds:* On occasion, the City receives income that is to be used for restricted purposes. An example is the income in the Job Development Fund, which is restricted to job creation and training for disadvantaged workers. Such funds are not included in the budget; their use requires City Council appropriation during the year.

**Budget Format – Organization**

- The budget is organized into five presentations:
1. The Mayor's Message
  2. City Council Report (in Approved Budget only)
  3. Summary (Tab 1)
  4. Departmental Sections (Tabs 2-15)
  5. Informational Sections (Tabs 16-17 & Index)

**Budget Format - Departmental Sections**

Each departmental section contains a Department Summary that includes Mission Statement, organization, strategic goals and objectives, and financial data relating to the total department. Major changes from the prior year are highlighted. In addition, for each major function within a department, there are three detailed presentations:

1. Mission Statement of the organization is provided. Vital Customers defines who are the primary recipients of this unit's work. Critical Processes present the critical processes this unit uses to carry out its mission. Department Highlights describe changes planned for the department in the new year. Key Performance Indicators measure how well objectives are being met.
2. Expenditures and Employee Years, which contains current and historical expenditure and personnel data. The expenditure data are presented in two ways — by major object (or type) of expense and by activity.
3. Personnel, which includes a calculation of employee years and a detailed listing of all full time position titles and pay brackets. The employee year calculations on this page produce the totals listed on the Expenditure and Employee Year pages.

In the Undistributed Expenses (Tab 13), Contingency (Tab 14) and Capital (Tab 15) sections, no personnel data are provided, as no staff are assigned.

### **Budget Format Year-to-Year Comparisons**

The year-to-year comparison for each bureau or division calculates the increase or decrease in the budget and employee years for that unit. An analysis of the change in the budget is included. The total change is the sum of the change noted in each of six categories. The categories are:

1. Salary and Wage Adjustment, which accounts for all routine changes in personnel compensation. This includes contract settlements, step and merit advancements, upgrades and downgrades of positions, and turnover that replaces higher compensated employees with lower compensated ones within the same pay brackets.
2. General Inflation, which accounts for increases in the cost of goods and services attributed to inflation.

3. Chargebacks, which accounts for the year to year change in charges for services provided to the activity by other units of City government. These services are duplicating, postage, motor equipment fuel and service, telephone service, and workers' compensation.
4. Vacancy Allowance, which accounts for the year to year change in the assumption of the vacancy allowance. This allowance is the difference between the actual expenditure requirements for personnel and that required if all positions were filled at all times.
5. Miscellaneous, which accounts for minor changes not accounted for by any of the other categories.
6. Major Change, which accounts for significant budget variances. If there are any major changes, a narrative explanation follows immediately.
7. Program Change, a written explanation of any significant changes in the operation or service delivery of the unit.

### **Basis of Accounting**

The accounting policies of the City of Rochester conform to generally accepted accounting principles. The basis of accounting is the modified accrual method, in which revenues are recognized in the period in which they become available and measurable, and expenditures are recognized at the time a liability is incurred, except principal and interest on long-term debt and pension liability, which are recorded when due. The exception to this basis is for the Enterprise Funds that are on an accrual basis, in which revenues are recognized when earned, and expenditures are recognized when incurred.

The accounts of the City are organized into various funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts.

## GLOSSARY

---

### Glossary

**Activity** The most basic level of presentation in the budget. Each major function is divided into activities, for which budgetary, personnel, and narrative information is provided.

**Adopted Budget** The annual operating budget plan for the upcoming fiscal year approved by City Council according to the City Charter.

**Appropriation** An authorization to expend funds for stated purposes.

**Assessed Value** The value assigned for property tax purposes to each property within the City. Rochester utilizes a full value system; thus, it is the objective to assess all property at 100 percent of full market value.

**Assessed Value Tax Rate** The amount of tax levied for each \$1,000 of assessed valuation.

**Bond Anticipation Note** A note that may be redeemed with the proceeds from the future sale of a serial bond. A note is a short term borrowing instrument, usually requiring repayment within one year of issuance.

**Budget Amendment** A formal action by the City Council to adjust the budget after adoption. These amendments generally take two forms: the transfer of an appropriation from one departmental budget to another, or the appropriation of new sources of revenue to support a new expense. A budget amendment may, on occasion, reduce revenue and expense.

**Capital Improvement Program (CIP)** The five-year spending plan for major improvements and construction projects. It provides detail by functional area, funding source, and year.

**Cash Capital** The direct outlay for capital items, most typically equipment purchases, street improvements, and building renovations. The Cash Capital appropriation is a direct outlay because the City does not borrow for these expenditures. The Cash Capital appropriation is contained in the Capital Expense Summary.

**Chargeback** A charge from one department to another for services rendered, e.g., telephone service.

**Constitutional Debt Limit** Limits on the amount of debt that a municipality can incur. Article VIII of the New York State Constitution imposes on Rochester a limit of 9 percent of the most recent five-year average of full valuation of taxable real estate for capital purposes.

**Constitutional Tax Limit** Limits on the amount of money that a municipality can raise through real estate taxes. Article VIII of the New York State Constitution imposes on Rochester a limit of 2 percent of the most recent five-year average of full valuation of taxable real estate.

**Contingency** A budgeted reserve fund for unforeseen or unmeasurable expenditures not otherwise budgeted.

**Debt Service** The repayment of debt, including interest payments and installments on the principal. The debt service appropriation is contained in the Capital Expense Summary.

**Directly Applicable Revenue** Revenues that are generated because of the efforts of an organizational unit for a given function.

**Employee Benefits** The direct expenditures, other than salary and wages, associated with employee compensation. In the budget, the employee benefit appropriations are included in the Undistributed Expense budget, but are allocated for information purposes to each major function. These include retirement, Social Security, medical and dental, workers' compensation, and life insurance benefits. All other employee compensation costs are included in the departmental budgets.

**Employee Years** An approximation of employee resources stated as an equivalent number of full time positions. Each full time position is counted as one employee year, while overtime hours and part time, temporary, and seasonal positions are approximated as partial employee years. The vacancy allowance (see below) is also stated as an equivalent number of full time positions, and is subtracted in approximating net employee years for an activity.

## ORGANIZATIONAL CHART

**Enterprise Fund** Enterprise funds are fiscal and accounting entities that account for certain services and programs that operate as separate businesses. Expenditures for these operations are supported by revenues generated by the activities (e.g., fees for service) or dedicated under law for those specific operations. This Budget includes the following Enterprise Funds: Water, War Memorial, Parking, Cemetery, Public Market, Refuse, and Local Works.

**Fund** A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, with related expenses and other obligations. The budget contains ten funds that are explained and accounted for in the Summary (Tab 1).

**Fund Balance** In fund accounting, Fund Balance equals Assets minus Liabilities.

**General Fund** The principal operating fund of the City, accounting for all financial resources not recorded in other funds.

**Homestead** One of two classifications of property owners authorized for property taxation under the New York State law applicable to Rochester. The Homestead class includes all one, two, and three family residential real property, including dwellings used in part for non-residential purposes but used primarily for residential purposes. The other classification is the Non-Homestead class.

**Interfund Revenue** Income generated through a transaction between or among funds. Interfund revenues are offset by expenses or obligations recorded in other funds. In this budget, interfund credits for chargebacks of services (motor equipment, telephones, etc.) are included in the unit providing the service as a credit (or reduction of expense) when the service charge is processed.

**Intrafund Credit** A transaction between or among appropriations within the same fund. In this budget, intrafund credits reflect chargebacks for services. The costs of these services (motor equipment, telephones, etc.) are included in the unit providing the service, and also the unit receiving the service. To offset this double recording of cost, the service provider unit records a credit (or reduction of expense) when the service charge is processed.

**Major Functions** The subdivision of a departmental budget. Major functions are Bureaus, Divisions, Offices, or other organizational units.

**Major Objects** The basic types of expenses incurred by an organizational unit categorized as Personnel, Materials & Supplies, Services, and Other expenses.

**Morin-Ryan** The sales tax distribution formula, which took effect in 1985-86, divides the first three percent of the local share of the sales tax.

**Non-Homestead** One of two classifications of property owners authorized for property taxation under the New York State Law applicable to Rochester. The Non-Homestead class includes all properties other than one, two, and three family residential properties. The other classification is the Homestead class.

**Part Time, Temporary, Seasonal** Used on the Personnel Summary page to show the approximation of Part Time, Temporary, and Seasonal employees in terms of Employee Years. Part Time employees work less than a regular work week schedule on a year round basis. Temporary employees work regular work week hours, but for a fixed duration (usually not to exceed eighteen months). Seasonal employees work at certain times during the year (e.g., during the summer) on schedules determined by the nature of the jobs that they are performing.

**Property Tax Levy** The total amount of property tax to be assessed on taxpayers. The property tax levy differs from property tax revenue in that the levy includes all amounts due, regardless of whether they are collected.

**Property Tax Rate** The rate used to determine the property tax bill of individual taxpayers. The rate is expressed as a dollar amount to be charged for each \$1,000 of assessed property value. A separate tax rate is applied to each of two classes of property owners, Homestead and Non-Homestead.

## GLOSSARY

---

*Property Tax Reserve* The portion of the property tax levy that is estimated to be uncollected during the fiscal year and remains uncollected after sixty days from the close of the fiscal year.

*Property Tax Revenue* The amount of money raised by the property tax. Due to nonpayments, the actual collection is less than the total levy.

*Proposed Budget* The budget plan for the upcoming fiscal year recommended by the Mayor to City Council for its formal approval. The budget is “proposed” until it is formally “approved” by City Council.

*Sales Tax* A tax as a percentage of most retail sales is levied by New York State and Monroe County. The City receives a portion of the proceeds under agreements with Monroe County.

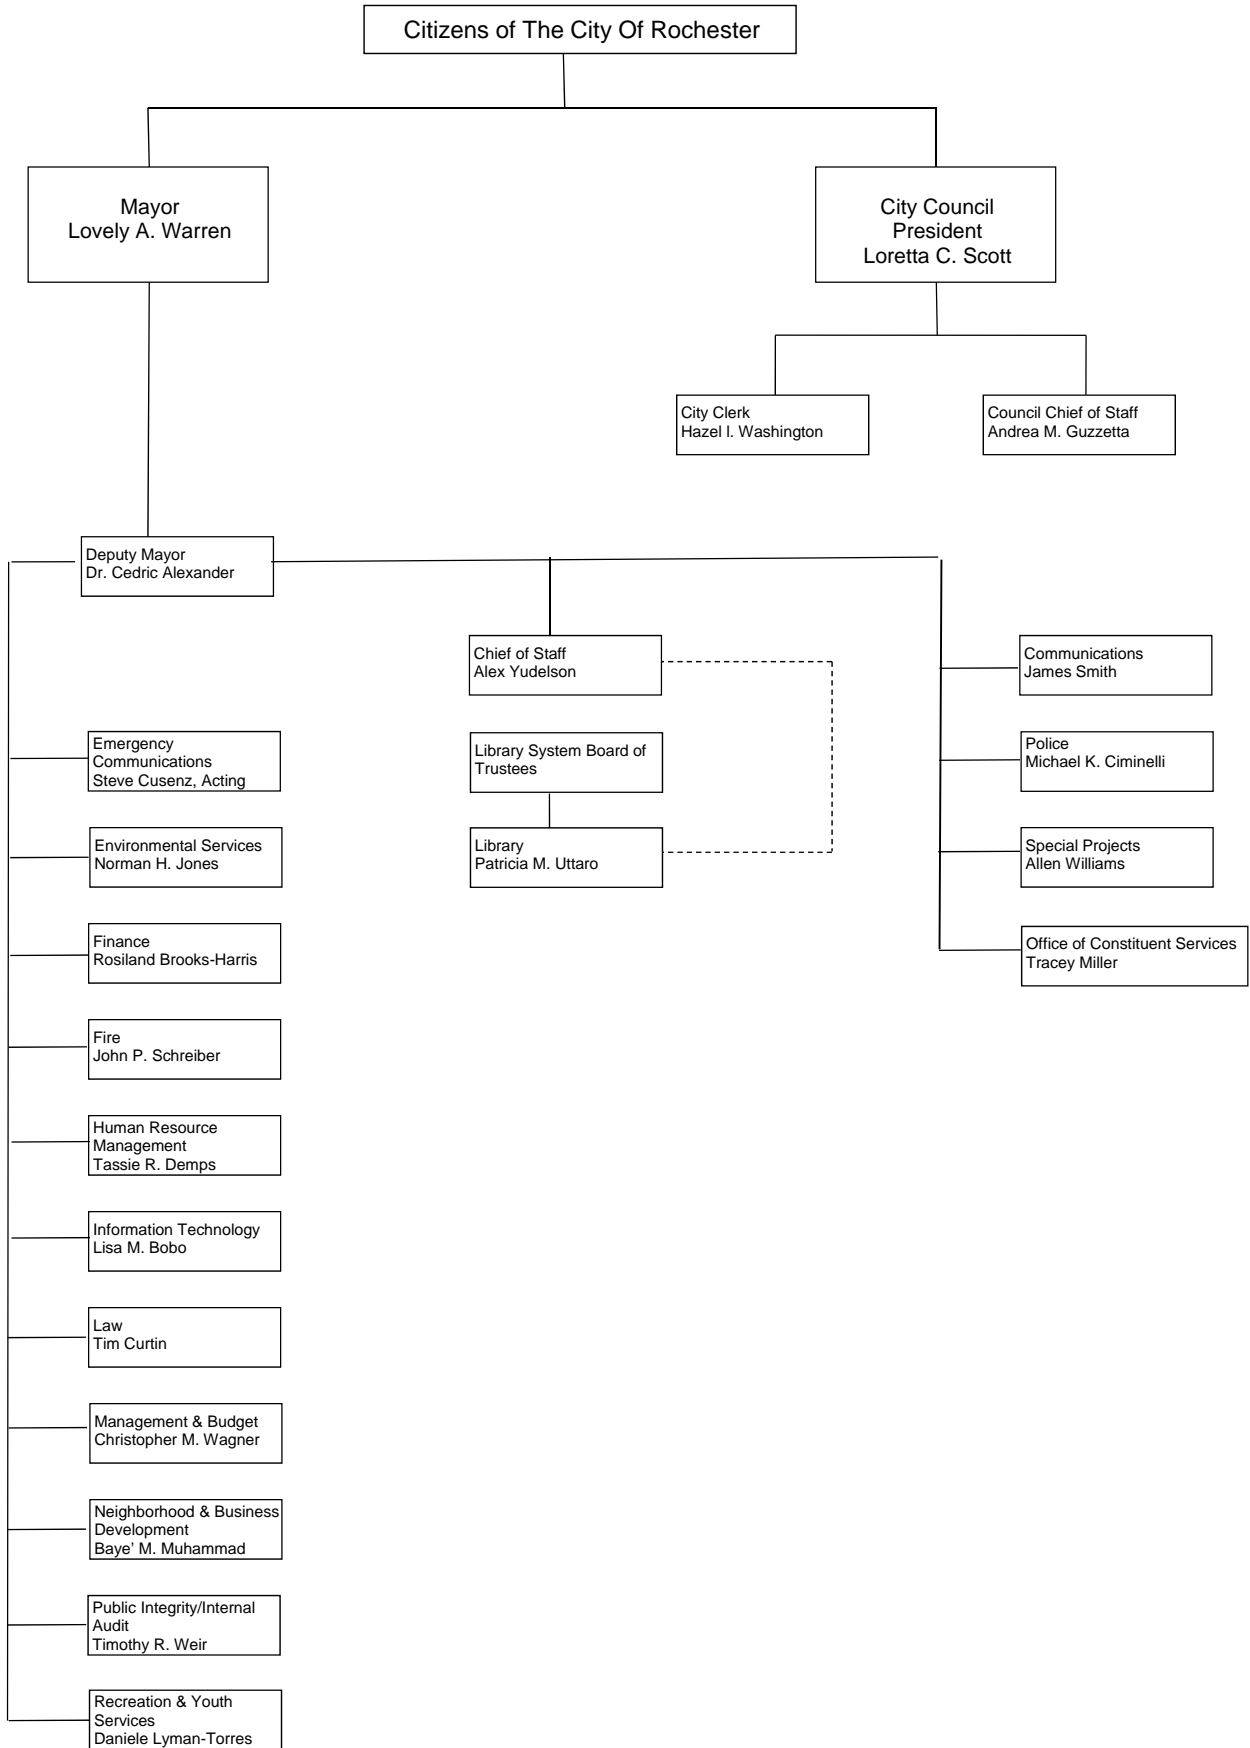

*Serial Bonds* A long-term borrowing instrument that requires a series of repayments to be made over a multi-year period. The repayments made include principal installments and associated interest expense.

*Special Fund* Special funds are fiscal and accounting entities that state law restricts for specific purposes. This Budget includes the following Special Funds: Animal Control and Library.

*STAR* The New York State School Tax Relief Program providing homeowners relief from school property tax through two levels of exemptions. (See Summary, STAR section for details).

*Vacancy Allowance* The difference between actual expenditure requirements for personnel resources and that which would be required if all positions were filled at all times. The vacancy allowance accounts for position vacancies that occur as a result of routine employee turnover as well as those that may be deliberately maintained.

May 18, 2018

**TO THE COUNCIL:**

**RE: The 2018-19 Budget**

Ladies and Gentlemen:

In accordance with the City Charter, I submit to you the City of Rochester's annual budget estimate for the 2018-19 Fiscal Year. My 2018-19 Proposed Budget is \$539,646,900 which is 2.4% percent higher than the 2017-18 Amended Budget of \$527,018,400. This increase includes an additional \$4 million in cash capital over the current year budget and is in line with inflation.

I continue to believe in the high quality services and programs that our City provides to our citizens, and this budget continues to fund those and also invests in my priorities of more jobs, safer and more vibrant neighborhoods, and better schools and educational opportunities.

In summary, this budget:

- Includes a City capital Investment of over \$59 million, including acquisition and design funding for police section offices
- Creates a new Community Affairs Bureau in the Police Department
- Includes a property tax increase of just under \$4.2 million, which complies with the state's tax cap
- Holds rates steady for Refuse and Local Works, and makes a modest adjustment to Water meter charges
- Results in an increase to the overall homeowner burden of \$43.37
- Increases overall staffing by 9 full time positions, attributable to the new Traffic Violations Agency
- Uses \$16.8 million of fund balance in the General Fund to balance the budget, within the guidelines of our recently enacted fund balance policy
- Uses a portion of Enterprise Fund Balances to support capital needs in those funds
- Funds recruit classes for Police and Fire

I solicited community input through facilitated meetings at City Hall, a telephone town hall meeting, and an online survey. A report on that input as well as a separate summary of Children and Family Funding follow this letter.

Investments in more jobs, safer and more vibrant neighborhoods, better schools and educational opportunities, and in innovation and efficiency initiatives are highlighted below.

**More Jobs:**

- Advance Inner Loop East Development
- Current and future support for ROC the Riverway
- New software and services for enhanced tracking to meet increased MWBE goals for contracts
- Focus on access to credit for small businesses through the Office of Community Wealth Building
- Support for anti-poverty initiatives such as Kiva, RMAPI, and OWN Rochester (Market Driven Community Co-op) through the Offices of Innovation and Strategic Initiatives and Community Wealth Building
- Continued support for the Rochester Environmental Job Training (REJob) Program
- Increased support for the Young Adult Manufacturing and Training Employment Program (YAMTEP)
- Greater focus on vocational training and hands-on work experience through partnerships with local employers
- Continued funding for the Summer of Opportunity Program and the City's Urban Fellows program

**Safer and More Vibrant Neighborhoods:**

- Creation of new Community Affairs Bureau in the Police Department to focus on strengthening community relations
- Acquisition and design of Police Section offices
- Completion of Campbell R-Center improvements including new play apparatus and spray park
- Increased capital support for the Library, including the North Terrace Project
- Update and implementation of the Nuisance Abatement Law
- Additional funding to support enhanced security at special events
- Quality of Life teams in Neighborhood Service Centers focused on Commercial Corridor Improvement
- Funding for a Continuity of Operations Plan for Police and Fire Departments
- Funding for Police and Fire Department recruit classes
- Continued funding for assistance programs such as the Roofing and Emergency Assistance Repair Programs

- Continued funding for vacant and abandoned structure demolition program

### **Better Schools and Educational Opportunities:**

- Increase full time staffing in Arnett and Douglass branch libraries to provide more children's services and expanded service hours
- State-of-the-art Nutrition Center and Demonstration Kitchen at the Public Market
- A new sports magnet program at Campbell R-Center including free sports training and fitness conditioning
- Continued funding for financial literacy and early childhood programs
- Continued partnership with RCSD for Literacy Aides in Libraries and R-Centers
- Support for a variety of literacy programs, including Raising a Reader and Safe to be Smart
- Continued collaboration with RCSD to provide school-based violence prevention services through Pathways to Peace
- Partnership with RCSD for the Pathways to Public Safety Program
- Continued funding for developmental screening for 3-year-olds

### **Innovation and Efficiency:**

- Funding for the first full year of operation for the Traffic Violations Agency
- Baker Tilly study to look at organizational design of City government and potential efficiencies
- A Telecommunications Manager to improve management of telecommunications infrastructure in the Right-of-Way
- Next phase of implementation of personnel/payroll system
- Continued replacement of street lights with energy-efficient LED fixtures
- Working with RGRTA to design alternative modes of transportation such as bikeshare, carshare, and vanpool
- Expanded hours on Sundays for 311 operation

### **Closing the Budget Gap**

As I indicated above, planning for this budget began with a \$47.6 million all-funds gap. We closed this gap through:

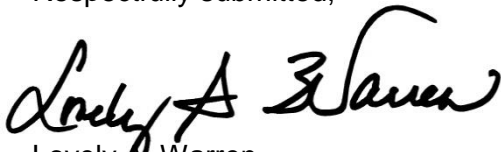

- Expenses
  - Adjustments to planned capital spending - \$12.2 million
  - Lower than expected pension and retiree medical - \$1.9 million
  - Department reductions and efficiencies - \$1.3 million

- Adjustment to Debt Service - \$.75 million
  
- Revenues
  - Additional use of fund balance in the General Fund - \$10.2 million
  - Property Tax Increase - \$4.0 million
  - Additional Use of Enterprise Fund Balances for Capital - \$3.5 million
  - Increased Sales Tax – \$2.4 million
  - Additional use of Premium and Interest to pay Debt Service - \$2.3 million
  - Revenue from the Sale of Real Property - \$2.0 million
  - Additional PILOT Revenue - \$1.5 million
  - Use of surplus from Health Care Rate Stabilization Fund - \$1.5 million
  - Increased net revenue from Traffic Violations Agency - \$0.8 million
  - Additional revenue totaling \$3.25 million from the following sources: fee increases, reimbursement for School Resource Officers, advertising, mortgage and delinquent taxes, land bank reimbursement, demolition collections, rental of real property, street opening permits, and cancellation of prior year encumbrances

It is worth noting that increases to both homeowners and business are impacted by reductions in taxable value for homestead and non-homestead classes. Reductions in taxable value for the homestead class are driven by increased exemptions for veterans and disabled property owners. Reductions in taxable value for the non-homestead class are driven by reductions to the Special Franchise roll (primarily RG&E) and properties shifting to COMIDA.

I believe this budget strikes the necessary balance between investment in our community and fiscal prudence, and I look forward to working with Council through the review process.

Respectfully submitted,

Lovely A. Warren  
Mayor

### 2018-19 CHILDREN AND FAMILIES FUNDING

The City of Rochester provides many services to children and families via our Libraries, R-Centers, youth services programs, public safety services and others. Programs and services designed for children and families are listed below.

The Children and Families funding page is aligned with ROC The Future, a community-wide initiative to focus community resources to improve the academic achievement of children in the City of Rochester.

Read more at [www.rocthefuture.org](http://www.rocthefuture.org).

#### ROC the Future Topic: Every Child is School Ready

*The first three years of a child's life are an opportunity for enormous social, emotional, physical, and intellectual growth. The pace of this growth depends on whether the child's eagerness to learn is stimulated by his/her environment. For children to grow into successful adults they need a supportive and healthy early environment.*

<u>City Program</u>	<u>Description</u>	<u>2018-19 Allocation</u>	<u>Why This is Important</u>
Developmental Screening of Three-Year Olds	Supports the screening of 3-year-olds with the aim of identifying developmental delays and intervening where appropriate.	\$50,000	In 2016, 37% of Rochester pre-K children were determined to be delayed or below expected performance levels. (Source: ACT Rochester, Brigance Early Childhood Screen II)
Lead Hazard Control	The City of Rochester Lead Hazard Control Program provides financial assistance to privately-held 1-4 unit residential structures to control lead based paint hazards.	\$800,000	
Lead Paint Initiative Grant	A NYS grant provides funding to assist with lead paint testing and reduction activities.	\$310,000	Exposure to even small amounts of lead significantly raises a child's risk of developing long-term cognitive, physiological, and behavioral complications. 0.7% of children in Monroe County had elevated blood lead levels in 2015, a decline of 78% since 2000. (Source: ACT Rochester, NYS Department of Health)
Lincoln Toy Library	The Toy Library offers a wide variety of toys and equipment to support the cognitive, creative, social-emotional, perceptual, and physical developmental needs of children.	\$76,573	
Raising a Reader	Works to foster healthy development, relationships, literacy, and a passion for reading by involving parents or guardians and their children in a book sharing routine.	\$75,007	

#### ROC the Future Topic: Every Child is Supported

*City of Rochester students make similar academic progress during the school year compared to their suburban peers. However without summer and other extended learning opportunities, they lose ground over the years. City of Rochester students also face high levels of stress, violence, and trauma due in part to high levels and concentrations of poverty in their neighborhoods.*

<u>City Program</u>	<u>Description</u>	<u>18-19 Allocation</u>	<u>Why This is Important</u>
Community Libraries and Other City Tax Support	Total City funds for community libraries, exclusive of specific programs listed elsewhere.	\$7,018,172	Public libraries supply communities with vital resources including books, access to technology, and special programming to support their specific patrons. In addition, libraries function as a "Safe Place" for youth.

<u>City Program</u>	<u>Description</u>	<u>2018-19 Allocation</u>	<u>Why This is Important</u>
Comprehensive Adolescent Pregnancy Prevention	A collaboration of community service agencies working together to reduce teen pregnancies and reduce STD/HIV rates among youth within the City of Rochester.	\$616,816	Adolescent pregnancy can be detrimental to both mother and child. Pregnancy can prevent young women from further education and self-sufficiency, and puts the child at a greater risk of low birth rate or infant mortality. In 2015, the City of Rochester's teen pregnancy rate was 6%, down from a peak of 16% in 2008. (Source: ACT Rochester, NYS Department of Health)
Do the Right Thing Program	Recognizes youth for their positive behavior, accomplishments, and good deeds by distinguishing school-age children who strive to make good choices.	In Kind	Do the Right Thing helps foster positive relationships between the Rochester Police Department, as well as other local police agencies, and the youth of Monroe County.

## INTRODUCTION

Mayor Warren faced an estimated \$47.6 million gap as she began to plan for the 2018-19 City of Rochester budget. As decisions were made on how to close that substantial gap, the Mayor asked to hear more about the community’s priorities for City programs and services. This summary report highlights themes in community opinions gathered through a telephone town hall, a public community input forum held at City Hall and an online survey held in March 2018.

Date	Event
March 13	Telephone Town Hall
March 19	Community Input Forum at City Hall
March 13 to 31	Online Budget Survey

**Telephone Town Hall Meeting:** A total of 16,239 households in the city of Rochester were directly dialed and invited to participate in the Telephone Town Hall on March 13 and 4,127 individuals took part in the call. Mayor Warren, Budget Director Chris Wagner, Police Chief Michael Ciminelli, Department of Environmental Services Commissioner Norman Jones and Director of Buildings and Zoning Gary Kirkmire provided information about current and proposed City programs and services. Eleven callers were put on air to ask questions and six poll questions were asked over the course of the hour-long Telephone Town Hall Meeting.

**Community Input Forum at City Hall:** Mayor Warren welcomed participants at a March 19 Community Input Forum and Budget Director Christopher Wagner delivered a presentation on the current state of the budget. Participants joined breakout groups to discuss the City’s three major priority areas, plus innovation and efficiency:

1. Safer and More Vibrant Neighborhoods
2. More Jobs
3. Better Schools and Educational Opportunities
4. Innovation and Efficiency

At the conclusion of the discussion period, the group came back together to report out on their main themes.

**Online Budget Survey:** The online survey asked about issues ranging from public safety to hours of operation at R-Centers to public interest in special events. Responses were received from 292 individuals. Just under one-quarter of the respondents were young adults ages 18 to 34 (23%), while 45% were ages 35 to 54, and 32% were 55 or older.

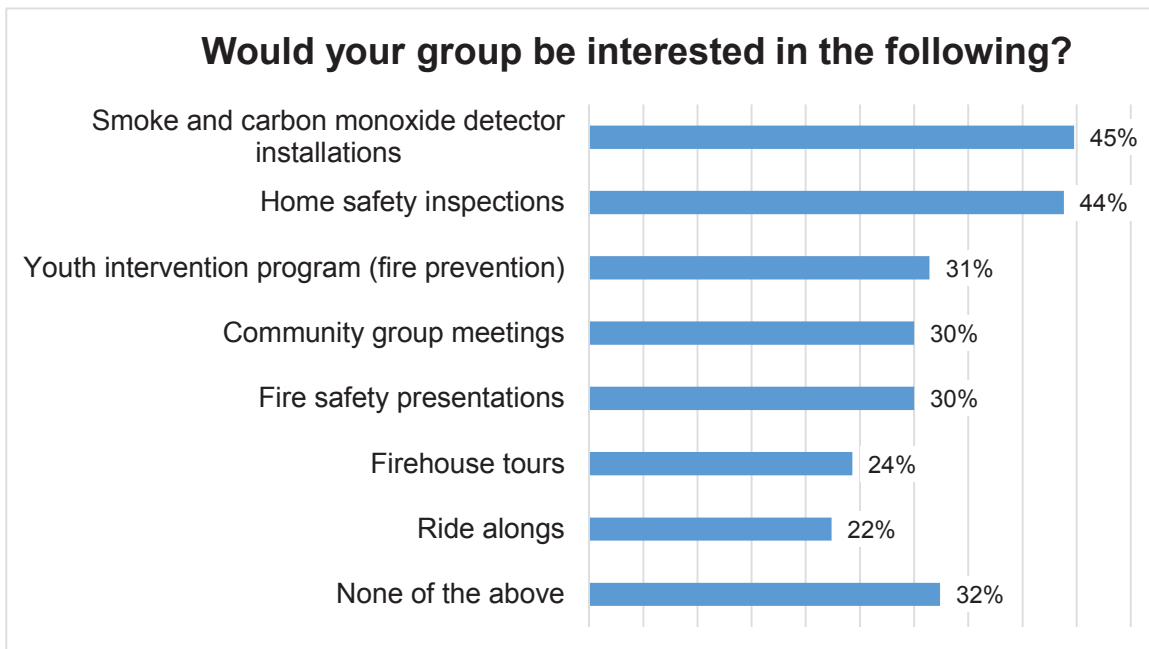

Most respondents (87%) live in the city, while 75% of respondents work in the city, and 91% attend events, church or other activities in the city of Rochester.

Thirty-six percent of respondents indicated they live in the Southeast quadrant of the city (Browncroft, Culver/Winton, Strong/Mt. Hope, Monroe/Park/East), 19% live in the Northwest (Charlotte, Maplewood, Lyell, JOSANA), 11% live in the Southwest (19th Ward, Genesee-Jefferson, Plymouth-Exchange, SWAN), 11% are from Center City (Downtown, Corn Hill, High Falls), and 10% live in the Northeast (14621, Upper Falls). In addition, 15 percent of respondents were from Monroe County suburbs. The input presented here is organized by the Mayor’s priority areas.

## MAYOR'S PRIORITY AREA: SAFER AND MORE VIBRANT NEIGHBORHOODS

### Fire Department Services

The Rochester Fire Department teaches Community Emergency Response Team (CERT) programs. CERT educates people about disaster preparedness skills such as fire safety, search and rescue, team organization and disaster medical operations. The survey asked whether individuals would be interested in participating in such a program, and the response was split, with 43% interested, 31% not sure and 26% not interested.

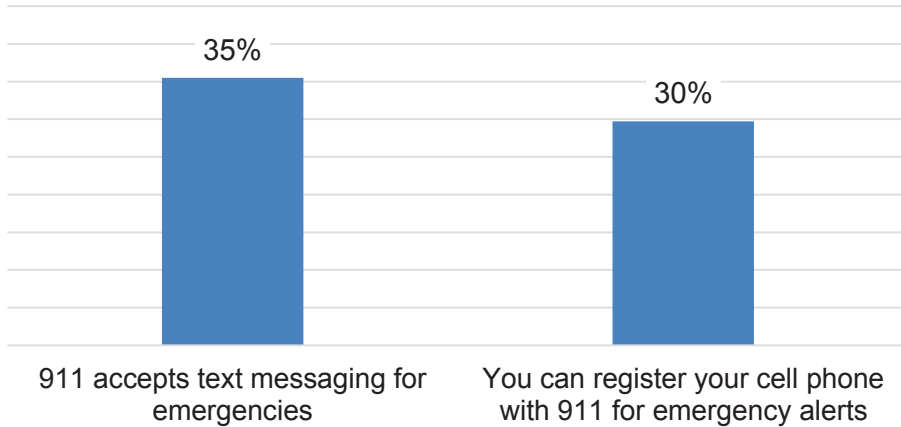

The Fire Department also provides a number of Community Risk Reduction programs, and the survey asked whether the respondent's neighborhood association, block club or civic group would be interested. The most popular risk reduction programs were smoke and carbon monoxide installations (45%) and home safety inspections (44%).

### 911 Emergency Communications and 311 Call Center Services

The 911 Emergency Communications Center is able to accept text messaging for emergencies, and has the ability to register a cell phone number for emergency alerts. Based on survey responses, about one-third of the public is aware of these services.

Percent of respondents indicating awareness of the following 911 Center services

The 311 Call Center is considering enhancements to its current services, including a mobile app, a “live chat” interface, and a reporting function on the City website. Respondents were very supportive of all three possible enhancements. Most respondents (84%) indicated the website reporting function would be helpful or very helpful. Nearly three-quarters (74%) indicated the mobile app would be helpful or very helpful and 65% support a live chat enhancement.

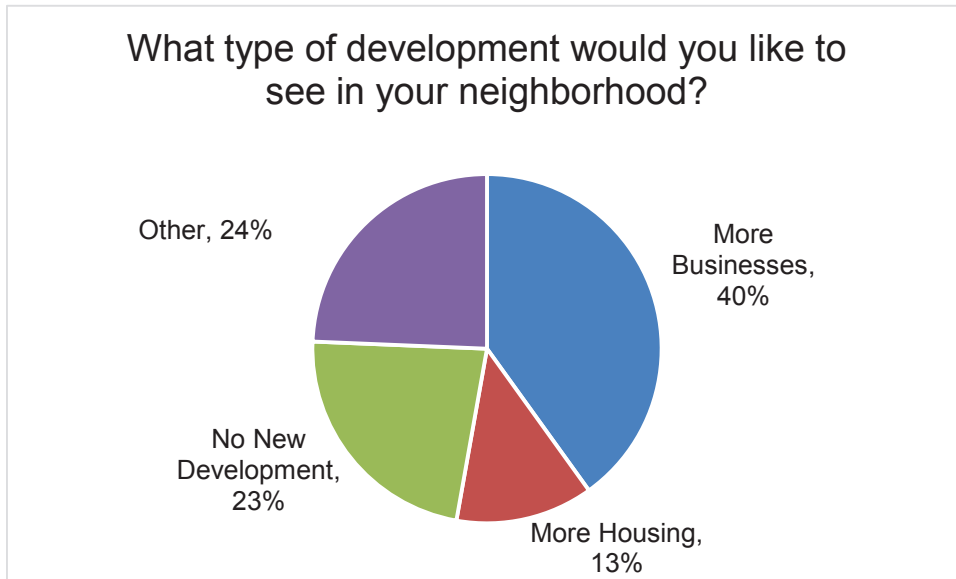

The 311 One Call to City Hall service continues to review its hours of operation. Most respondents (88%) indicated the current schedule meets their needs. Slightly more than one in three respondents (36%) said that reduced weekend hours would be okay with 36% saying closure on Sundays would be okay, but only 15% of respondents approved of Saturday closure.

Percent of respondents who would find the following 311 enhancement ideas helpful or very helpful

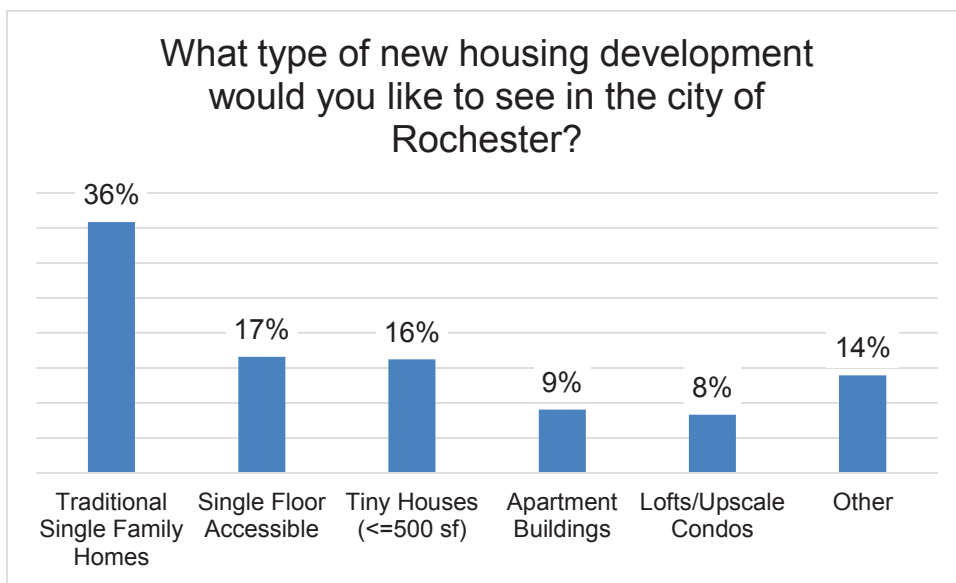

## Development Priorities

When asked what type of new developments they would like to see in their neighborhoods, 4 in 10 people would like to see more businesses (40%), 13% would like housing, 23% said they do not want to see further development and the remaining 24% would like some other type of development.

When asked what type of new housing development they would like to see in the city, 36% want to see single family homes, 17% want single floor accessible homes, 16% would like to see “tiny” homes and others would prefer apartment buildings or lofts/upscale condos.

Respondents told the City that they would like to see more grocery stores (37%), dine-in restaurants (29%) and coffee shops (19%). Fewer respondents are looking for thrift stores, drugs stores or other types of businesses.

### City Events

About four in ten respondents would attend a holiday village in December if it featured Santa, shopping and other activities. About the same number would attend an event where children could interact with trucks, buses and police cars.

Slightly less popular are a women’s festival or a free lunchtime concert at the former Midtown site.

If the following events were available, would you attend...	
A holiday village that featured Santa, shopping, vendors, and ice skating in December?	42%
A free event that allows children to interact with trucks, buses, police cars?	39%
A women's festival featuring female performers, vendors, and exhibitors?	34%
A weekday, free lunchtime concert this summer at Midtown?	28%

### Community Input Session Comments on “Safer and More Vibrant Neighborhoods”

The table of participants at the Community Input Session discussing Safer and More Vibrant Neighborhoods had a lot of ideas on funding, the use of Neighborhood Service Centers (NSCs), and Planning and Zoning issues.

- Allocate some CDBG funding on behalf of neighborhood associations
- Incentivize neighbors and neighborhood associations to identify “problem houses” and “problem residents”
- Add more streetlights - LED or bright light - especially in dark neighborhoods

- Buy the strip of land between Broadway and 490 from the State
- Put more staff at NSCs with much more outreach
- Provide funding for the NSCs to assist neighborhood associations and block clubs to engage residents in the neighborhood to assist with small/mini projects
- Get behind a housing court
- Hold landlords accountable
- Provide funding/resources to fight prostitution
- Maintain or increase funding for the Department of Recreation and Youth Services and the Library
- Fully restore funding for the Rochester Public Library and its ten City-funded neighborhood branches; they provide critical services to impoverished residents, including the homeless or those at risk of homelessness
- Limit the height on buildings in the C-1 districts, especially close to housing, enforce code, allow fewer variances
- Keep the new Planning Bureau
- Create an anonymous/whistle blower system/program where residents can report a crime or illegal activity

## **MAYOR'S PRIORITY AREA: MORE JOBS**

### **Use of Library Computers**

City libraries provide computer use and Internet access to individuals who may not have steady access elsewhere. About one in six respondents have used the library's computers or Internet for an employment or career purpose in the last 12 months, with 5.7% using them to look for work, 4.9% using them to do work for their current job, and others using them to prepare job application materials or some other employment purpose.

In addition, nearly one in five respondents have used the Library's computers or Internet connection in the last year for some education purpose such as to do homework (4%), to take a class or apply to school (2%) or for some other educational purposes (13%).

### **City of Rochester Hiring and Recruitment**

The City is always looking for ways to expand recruitment initiatives to reach minority and female candidates, as well as youth in our public safety departments (Police, Fire and 911). Responses from survey takers included the following themes:

**Recruitment at schools - K-12 and college:** Educating children at all levels is recommended, from showing young children the path to good jobs that serve the community, to middle school interactions such as explorer programs, to high school connections that provide mentoring and more direct recruitment opportunities. Recruiting at community colleges was also mentioned.

**Community outreach and events:** Outreach at city gyms was recommended, along with booths at festivals,

churches, settlement houses, R-Centers, women's organizations such as the YWCA and women's sporting events. In addition, the City could hold quarterly open recruitment presentations at City Hall or other locations and invite prospective employees to shadow public safety employees.

**Community engagement:** This theme was prevalent when it comes to recruiting youth. Have positive interaction programs with city youth; engage in positive activities with youth at basketball tournaments at R-Centers; show success stories of current public safety professionals who grew up in the City, including those who experienced poverty or other adversity. Be deliberate about building community relations and trust; hold tours and open houses in public safety facilities.

**More advertising:** Respondents suggested the City continue or expand advertising on WDKX, Facebook, Instagram and Twitter. Billboards were suggested, as well as the newspaper, with more focus on settings where women and minority individuals are likely to spend time.

**Youth training options:** Provide cadet programs, internships and shadowing opportunities. Work with schools to educate youth on various public safety positions available. Provide vocational programs for students who graduate from intern programs.

**Other:** Ideas included better trust between the community and public safety departments, hiring outside the City, providing more incentives such as housing and child care assistance, reaching out to youth in foster care and increasing salaries.

The City also used the survey to ask how it can better inform the community, including veterans and persons with disabilities, about the City employment process including job opportunities and Civil Service examinations. Over 100 responses on the issue included suggestions for traditional advertising to more contemporary approaches.

**More advertising:** This could include television and radio ads, print media such as the D&C, and other advertising that directs people to check the City's website. Other suggestions were to post flyers in the community at laundromats, churches, temp placement agencies and on community bulletin boards. Social media advertising was also popular, with references to Facebook and Instagram, as well as job search sites such as Indeed and LinkedIn. A handful of respondents also pointed out that some individuals will read mailers and that hard copy mail can be the best method of outreach in some cases.

**Targeted community outreach:** Targeting outreach and advertising efforts at VA groups, rehab facilities, Center for Disability Rights, and other locations that provide services to veterans and persons with disabilities was often suggested. This could include not only advertising but holding sessions to explain the Civil Service process, and describing a Civil Service exam to make the process more accessible.

**Other:** A few respondents said the City does a good job now of getting the word out via the website and other current advertising. Waiving the application fee was mentioned, along with lifting the city residency restriction.

### Community Input Session Comments on “More Jobs”

Participants discussing More Jobs commented on the need for full-time jobs, entry level jobs, and training among other topics.

- We need to see a lot more diversity in the workplace
- More job training including installation and maintenance of clean electric grid, heavy equipment operation, historic building maintenance

- Need more large companies and other employers providing full-time jobs, not just temporary or contract positions
- Offer quality of life incentives; need benefits
- Need job mentoring
- More entry-level management opportunities; could redistribute CDBG funding for this
- Don't give tax credits/breaks/subsidies to companies with a high ratio of profit to employees
- Redistribute funding from higher paying positions to more entry-level skill jobs
- Provide additional funding to Rochester City School District OACES program

## **MAYOR'S PRIORITY AREA: BETTER SCHOOLS AND EDUCATIONAL OPPORTUNITIES**

### **Recreation Services and Programs**

Of all the programs and services provided by the Department of Recreation and Youth Services, survey respondents believe the most important are education and literacy programs, followed by environmental education and Science, Technology, Engineering and Math (STEM) and structured activities such as arts and horticultural programs.

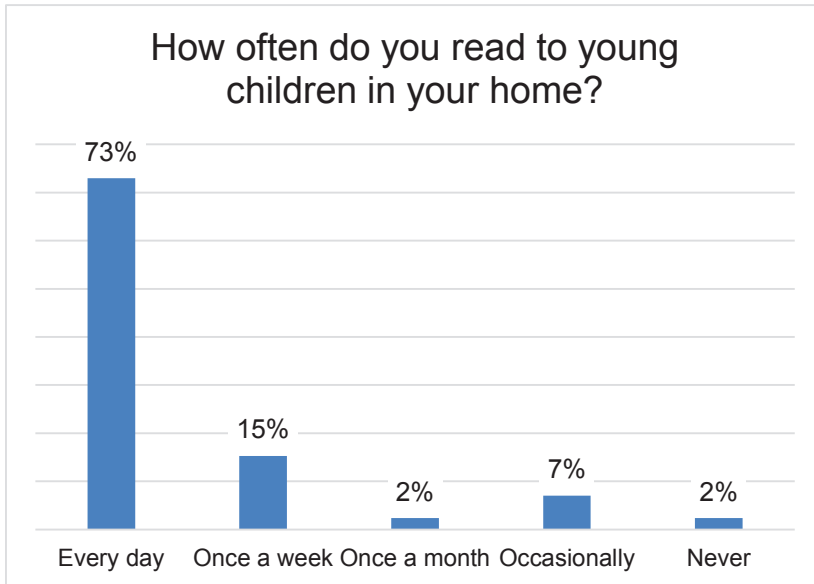

<b>Please choose the three most important Recreation and Youth Services activities or programs</b>				
				% selecting item as top 1, 2, or 3 choice
Educational and literacy programs				54%
Environmental education and STEM program				45%
Structured activities such as arts and crafts, horticulture, gardening				43%
Organized sports				40%
Open play				36%
Arts and cultural programs				26%
Durand Eastman Beach				14%
Fitness centers				12%
Spray parks				13%
Swimming pools				9%

Fewer respondents indicated that Durand Eastman Beach, fitness centers, spray parks or swimming pools were among their most important choices.

As far as hours of operation, maintaining summer (67%) and after-school hours (65%) are most important, followed by school breaks (54%) and Saturdays (46%). The least important hours of operation among respondents are evenings, from 6 to 9 p.m. (39%) and Sundays (22%).

Most of the survey respondents do not have young children in their homes, but among the 85 who do, and who answered this question, nearly three in four read to their child(ren) every day.

### Community Input Session Comments on “Better Schools and Educational Opportunities”

- Have a comprehensive education plan with a single focus on what is needed to ensure a competitive education for life application. Ensure that the students have a voice in the process
- A need for an independent study on efficacy of mayoral control of schools - raising the quality of education by looking at other schools in the greater Monroe County area school district and examine their curriculums for application
- Have teachers, special education administrators and counselors explore different ways of teaching students other than the traditional methods that are becoming ineffective and archaic
- Have a model that can be replicated at other schools such as School #17
- It appears that teachers are forcing students to learn the way the teacher wants to teach but not necessarily the way the student can learn
- We need to be more auditory, visual or use other approaches and innovative methods to improve teacher’s ability and capabilities of teaching students
- Ask students for ideas on how to teach them better. Ask what they think would be the best methods or approach that could help them learn
- Parents need to be respected regardless of what school their child(ren) attend
- Implement neighborhood schools within a mile of a student’s home address
- Add community supports at schools including health & dental clinics, recreation centers, and social workers and psychologists
- Put more resources into hiring teachers of color who are interested in teaching in an urban setting. Have an outside firm vet potential candidates to be sure they have not displayed racist, sexist or otherwise inappropriate material online

- Partner youth/teens and their parents with the police department to understand how to work together with others despite social and political differences
- Advocate for more State funding to be on par with Syracuse and Buffalo
- Fund the libraries at a higher level
- Assist parents in understanding and navigating the education and health system

## **MAYOR'S PRIORITY AREA: INNOVATION AND EFFICIENCY**

The City of Rochester continuously searches for opportunities to make its services more efficient and to be innovative in our provision of existing programs or development of new initiatives.

### **City of Rochester Website: Self-Service Options**

Survey respondents were asked “If you were able to renew a Real Property Tax Exemption online via a secure website and had the ability to upload the necessary documents such as a 1099 Form, income tax returns etc., would you use it?” Among those who answered the question, 61% said they would, 27% were unsure and 11% said no.

The survey then asked “Have you ever used the City of Rochester’s Property Information website page to research your taxes, assessment, or to determine which property tax exemptions might be available to you?” More than half (55%) responded that they have, 40% said no, and 5% said they were unaware of the service.

When asked what other online self-service options they might like to see on the City’s website, survey-takers provided a litany of ideas:

- Permit applications, construction permits
- Requests for garbage pick-up; garbage collection schedule
- Ability to pay bills online with no additional fee
- Useful search function
- List of available food cupboards and soup kitchens
- Ability to provide community feedback on proposed development projects
- Dog license renewals
- Complete explanation of Civil Service exams; which ones are for openings and which ones are just to go on the list
- Community calendar that is easy to find
- List of agencies that will hire individuals with felony records
- Ability to report cars parked over the 24 hour limit or on the wrong side of the street
- Submit code enforcement complaints, landlord complaints
- Handicap tags
- Traffic report map

Finally, survey takers were asked “What additional open data or records do you want to see on-line, and how would you use the information?”

- Financial information such as costs of large scale City events, employee salaries, how funding is distributed by neighborhood
- Crime and arrest data
- All records should be online and easily searchable
- Location of parking monitors
- Tax bill and tax assessment data
- Downloadable maps
- Opportunities to volunteer
- Up-to-date hours of operation for libraries and R-Centers

### Community Input Session Comments on “Innovation and Efficiency”

- The increase in management-level staffing is a burden on the budget -should be returned to 2012 levels
- Make an effort to look into overlapping functions of departments and programs to find efficiencies
- Is there underutilization of City facilities like R-Centers and libraries?
- Explore possibilities for shared services between the City, County, and RCSD particularly in the areas of purchasing, IT, HR, parks and recreation
- Add blue recycle totes with holes at various City employee locations. Build on this by starting a City of Rochester recycling center. Could be modeled on redemption centers in the suburbs that generate revenue and provide new jobs
- Perform a strategic sourcing study to look into City procurement
- Follow the RFP process more closely with few to no exceptions
- Make all City data available to the public, focus on performance metrics for programs and initiatives, City checkbook, spending data
- Decrease turnaround time for FOIA requests
- Support the City Roots Community Land Trust; Develop partnership between Land Bank and Land Trust
- Provide citywide free internet
- Make the city more transit/bike/pedestrian friendly
- Go completely renewable; urge RTS to use only electric buses
- Make answers to the Comprehensive Plan survey available to the public
- Look into the use of community benefit agreements
- Make it easier to obtain a garden permit for vacant land
- Support non-profit neighborhood grocery stores with fresh produce
- Incentives for passive house construction

*2018 marks the 200th anniversary of the birth of famed abolitionist and Rochester's favorite son Frederick Douglass.*

*This year-long celebration is a unique opportunity to foster pride as a city of freedom fighters, both past and present. Douglass would be proud to see his adopted home town today as we have made great strides in creating jobs, bringing vibrancy to our neighborhoods and creating better educational opportunities for all of our residents.*

*While we know that our work is not done, we look forward to Rochester's future with optimism, inspired by the legacy of Frederick Douglass at the forefront of our minds and hearts.*

Mayor Warren:

We would like to thank you and the incredible team in the City's Office of Management and Budget for the tremendous work that has gone into preparing the 2018-19 Proposed Budget. It is no small task to close the significant budget gap with which we started the year, especially as the City of Rochester continues to be denied its requests for an equitable allocation of AIM Aid from the State.

While we understand that hard decisions must be made while balancing the Budget, we know that you also believe in finding creative solutions to maintain the level of services our residents expect and deserve. That is why we are making two requests of you this Budget season:

- (1) Maintain staffing levels for all Crime Prevention Officers and keep officers in the neighborhoods where they have built transformative relationships with residents; and
- (2) Work with the Rochester City School District to find funding to support summer recreation programming at School Number 17.

Yesterday, June 13, 2018, we held our Public Hearing for the City of Rochester's Proposed 2018-19 Budget. There was an incredible outpouring of support from members of the community who begged us not to take away their Crime Prevention Officers, with the strongest and most predominant call coming from the Northeast, which houses some of our City's most challenged neighborhoods. We should have pride in this incredible public outcry; our citizens are engaging with government in support of the significant impact that community policing has had on their neighborhoods. Again, we ask that you restore all Crime Prevention Officers and keep them in the neighborhoods where they have built these relationships.

Yesterday we also held our Budget Hearing for the Rochester City School District; we have asked the District to please work with the City to find a way to provide summer recreation funding for School Number 17. We are awaiting their formal response. We ask that if the District is unable or unwilling to fund summer recreation at School Number 17 that the City find a way

to help support this important program. We ask that all opportunities be explored including joint funding between the City of Rochester and the City School District.

We thank you for your consideration of these requests. We hope we can count on you to support our City and our citizens by helping to reinstate these vital services.

Sincerely,

Loretta C. Scott

## REVENUE SUMMARY SUMMARY OF REVENUE CHANGES

---

General Fund 2018-19 revenue estimates are \$403,553,300, 2.9% more than the 2017-18 Budget. Growth in sales tax is expected to generate an additional \$4,948,500 in revenue. A 2.4% increase in the property tax levy results in an additional \$1,926,300, with corresponding increases to certain tax-supported Special and Enterprise Funds. An appropriation of \$3.5 million of capital projects is budgeted to offset increases to capital expenditures. Appropriation of tax relief fund balance decreases \$2 million. In lieu of tax payments increase \$1,513,300 due to additional COMIDA properties and property tax rate increase. Full year of Traffic Violation Agency operation results in additional \$1,375,600 moving violation revenue. Charges for service increase \$713,700 resulting from higher reimbursement for School Resource Officers and Land Bank activity. Transfers from the Health Care Reserve Fund decrease \$650,500 based on limitation imposed by memorandum of agreement with labor unions.

Special Fund 2018-19 revenue estimates are \$19,437,000, 1.2% more than the 2017-18 Budget. Property tax support to Library increases \$688,600 to offset capital expenditures and decreases to Animal Control by \$227,800 to reflect a lower capital allocation in 2018-19. One time appropriation of \$150,000 of fund balance for a Library capital project does not recur.

Enterprise Fund 2018-19 revenue estimates are \$116,656,600 or 1.0% more than the 2017-18 Budget. An appropriation of fund balance of \$2,986,900 from the Refuse Fund balance to offset planned capital expenditures in 2017-18 does not recur. The appropriation of fund balance for the Parking Fund and Water Fund increase \$1,518,400 and \$923,400 respectively as planned capital expenditures increase. Property tax support to the Cemetery Fund increases \$1,225,200 to offset planned capital expenditures. Property tax support to the Public Market increases \$433,500 to offset increased debt service costs as planned. Rate increases are budgeted for the Parking and Water Funds.

## REVENUE SUMMARY REVENUE ESTIMATES

### Property Tax

New York State General City Law authorizes Rochester to levy taxes on the value of real property. The assessed value of the property and the tax rate determine the amount of tax to be paid by a property owner. Taxes are billed annually, and quarterly installments are allowed for the first \$8,200 owed on each parcel. Responsibility for collecting property taxes is vested in the Department of Finance, Bureau of Treasury. Property taxes are allocated to various funds as necessary to balance them. Beginning in 1994-95 City and School property tax collections are accounted for within the City Budget. Funding for the City School District is provided within the Interfund revenue section. Prior to 1994-95 the School District received property tax collections outside of the City Budget. Beginning in 1998-99 the STAR program enabled a decrease in the property tax billings with an equal offset in State aid. Beginning in 2011-12 the annual increase in STAR is capped at 2%. In 2016-17, the credit for STAR exemptions for properties purchased after February 1, 2015 is no longer issued on the property tax bill but instead is issued by check directly from New York State in accordance with the Governor’s STAR program. For detailed information on the calculation of property taxes, see the Property Tax Computation and Analysis section, which follows the Revenue Summary section.

### Major Change

Four major factors influence the amount of revenue generated by the property tax:

1. The Tax Base – The total assessed valuation of the City is the base on which revenues are generated. The assessed valuation decreases by \$55,043,196 or 0.85% from the 2017-18 level. A description of assessment changes is included in the Property Tax Computation and Analysis section.
2. The Revenue Requirement – The amount of property tax revenue required to finance City services is determined by the cost of the services provided and the availability of revenue sources other than the property tax. The following summarizes changes in expenses and revenues from the 2017-18 budget:

	<u>2017-18</u>	<u>2018-19</u>	<u>Change</u>
Expenses	527,018,400	539,646,900	12,628,500
Non-Property Tax Revenue	<u>370,642,700</u>	<u>378,798,800</u>	<u>8,156,100</u>
Property Tax Required (City & School)	156,375,700	160,848,100	4,472,400

Further specific changes in revenue receipts are detailed under the appropriate revenue headings that follow. Expense changes are described in the appropriate department budget section.

3. The Collection Rate – It is anticipated that 94.0 percent of the tax levy will be collected during 2018-19. In addition, anticipated collections for the first sixty days following the current year are accrued as 2017-18 receipts. This accrual is estimated to be 1.5 percent of the tax levy, bringing total collections to 95.5 percent. A Tax Reserve of 4.5 percent of the required property tax revenue is also levied to compensate for those taxes that will not be collected or accrued during 2018-19 and an amount for the settlement of assessment review proceedings. In accordance with Generally Accepted Accounting Principles, the tax reserve is not reflected in the budget.

4. STAR Program – In 1998-99 New York State enacted the School Tax Relief (STAR) Program, which provides two types of exemption for owner-occupied primary residences. The “Enhanced” program is for property owners 65 years of age or older, with incomes of \$86,000 or less. Approximately 4,500 property owners will benefit from this program in 2018-19. All owner-occupied property owners with incomes less than \$500,000 are eligible for the “Basic” STAR program. Approximately 17,900 property owners will take

# REVENUE SUMMARY REVENUE ESTIMATES

advantage of the “Basic” program in 2018-19. Owner-occupied properties purchased since February 1, 2015 are subject to the new STAR program implemented with New York State’s 2016-17 fiscal year. These property owners no longer receive a credit on their property tax bill but instead are required to register with the state to receive a credit directly from NYS. A provision enacted in 2017-18 requires NYS to pay interest on the STAR rebate if homeowners do not receive their checks on time. This program is further defined in the Property Tax Computation and Analysis portion of the Revenue Summary section.

**Major Change**

A 2.4% increase or \$4,188,000 increase to the tax levy is proposed to balance the budget. The additional increase relates to a decrease in STAR revenues from NYS of \$472,900 due to the shift in STAR program to credits issued directly by NYS which is then further adjusted by the homestead tax rate increase. This results in a higher collection of current property taxes.

**Delinquent & Supplemental Taxes**

Revenue from property taxes levied but not collected or accrued in previous years is classified as delinquent taxes. After properties have been delinquent for one year, the City may hold a bulk sale of delinquent tax liens to a third party or selected properties may be sold at foreclosure sale; uncollected balances are canceled when these actions are completed.

When properties lose their tax exempt status through transfer of ownership, property owners receive a supplemental tax bill that includes both current and delinquent payments.

When an assessment is inadvertently left off the tax roll, property owners are later notified and billed the following year as an omitted tax.

**Major Change**

Supplemental taxes increase \$293,900 due to properties being transferred to taxable status during 2017-18. Delinquent taxes collected decrease \$120,000 as a collection rate of 45% for delinquent taxes is assumed based on potential new lien purchaser.

## REVENUE SUMMARY REVENUE ESTIMATES

### In Lieu Of Tax Payments

To facilitate construction of public housing units and encourage industrial development, various sections of New York State law authorize certain property owners to make payments as a substitute for property tax. Currently, such payments are authorized under four different statutes:

1. The Private Housing Finance Law applies to projects constructed with private resources to provide housing for low and moderate income families. Payments for such projects are generally calculated at a rate of 10% of sheltered rents. Sheltered rents are determined by subtracting that portion of rent needed for utility service from total rent payments.
2. The Public Housing Law authorizes payments in lieu of taxes for property owned by public housing agencies. Payments are calculated in the same manner as those covered under the Private Housing Finance Law.
3. The Urban Development Act provides tax exemptions for properties owned by the Urban Development Corporation (UDC). When such properties are leased, payments in lieu of taxes are negotiated. For housing projects, the sheltered rent formula is generally applied, while economic development projects pay based on the percent of floor space occupied or percent of operating revenues.
4. The General Municipal Law authorizes the County of Monroe Industrial Development Agency (COMIDA) to receive tax exemptions on properties owned. In lieu of tax payments are negotiated when such properties are leased. Generally, the payments are equal to the amount that would have been paid if the property were not owned by COMIDA.

There will be one-hundred twenty-nine COMIDA projects that make payments in lieu of taxes in 2018-19. Seventy-two housing projects will make shelter rent payments. The Department of Finance, Bureau of Accounting, administers these accounts.

### Major Change

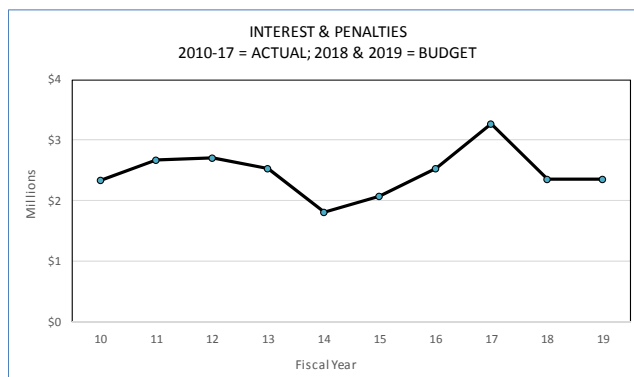

Revenue increases due to new COMIDA projects in addition to declining exemption values and an increased non-homestead tax rate. One new housing project begins making payments in 2018-19.

### Year-to-Year Comparison

2017-18	2018-19	Change
13,399,100	14,912,400	1,513,300

### Interest & Penalties

The interest rate on delinquent taxes and other charges listed on the tax bill was reduced in 2012-13 from 1.5% to 1% per month (18% to 12% per annum) for taxes levied effective July 1, 2012 and after. The interest rate on balances levied on or before July 1, 2011 will remain at 1.5% (18% per annum). Penalty fees for unpaid taxes are added to subsequent tax bills and are collected in the same manner as property taxes.

### Major Change

Foreclosure activity and lien sale continue.

### Sales Tax

New York State Tax Law authorizes Monroe County to impose a tax on sales transactions in the County. A four percent tax (besides the four percent imposed by the State) is charged on most sales transactions except sales of food and home heating fuels. The local sales tax rate increased from 3 percent to 3.5 percent in September 1992 and to 4 percent in March 1993.

Sales tax proceeds are collected by the State and distributed to the County every month. Under the current sales tax distribution formula the City receives 35.63 percent of total County collections generated from the 3 percent local share. The City's initial share of the additional 1 percent, approximately 4.1%, began on December 1, 1993, and was suspended on November 30, 1994. During that period the City School District received approximately 3.7% of the additional percent directly from the County. The City resumed sharing the additional 1 percent on December 1, 1995. Beginning in December 1995 the City share of the additional 1 percent became 2.5%, and it increased annually for the next five years to 5%, 12%, 15.75%, 19.22%, and then subsequently dropped to 18.1%. The City share of the additional 1 percent decreased to approximately 17.7% in January 2011 to reflect population changes identified in the 2010 Census.

### Major Change

Taxable sales are expected to increase 3.4% on a higher than expected base.

147,245,200	152,193,700	4,948,500

### Utilities Gross Receipts Tax

As provided by Section 20b of the General City Law, Rochester imposes a 3% tax on the gross income of utility company transactions in the City. Rochester Gas & Electric Corporation and Frontier Corporation pay approximately 85% of these taxes.

## REVENUE SUMMARY REVENUE ESTIMATES

### Mortgage Tax

New York State Tax Law authorizes the Monroe County Clerk to collect a tax on mortgage transactions in the County. A tax is charged on the transactions and distributed pursuant to Section 261 of the Tax Law. The City receives 50 percent of the amount collected, less an allowance for administrative expenses, on mortgage transactions within the City.

### Major Change

Rising interest rates have prompted more mortgage refinancing.

### Year-to-Year Comparison

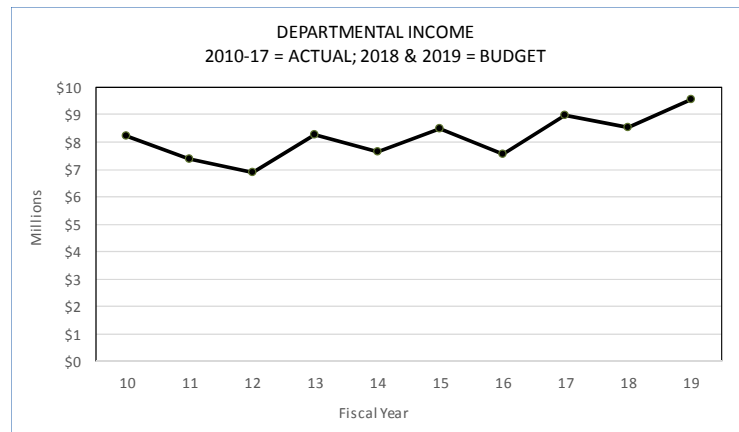

<u>2017-18</u>	<u>2018-19</u>	<u>Change</u>
1,500,000	1,700,000	200,000

### Departmental Income

Revenues generated by departmental operations are classified as departmental income. Examples include fees collected at skating rinks, charges for processing at the Police photo lab, towing fees, foreclosure fees, and zoning application fees. The City Code authorizes these fees. The fees are calculated to cover all or part of the cost of specific services.

### Major Change

Increased reimbursement of \$332,900 from RCSD for School Resource Officers. One time transfer of \$269,200 from forfeited bid

specification deposits does not recur. Land Bank reimbursement of \$255,000 for city staff time is budgeted. Collection of demolition charges incurred by the city expected to increase \$250,000. Advertising revenue of \$225,000 expected from Communication Bureau's new Out of Home Advertising Program. Publication and abstract fees decrease \$100,000 based on expected foreclosure activity. Revenue from West Brighton for fire service increases \$92,000 in accordance with agreement. Recreation fees increase net of \$72,100 based on proposed fee schedule increase and activity. Fire prevention permits increase \$65,000 based on proposed fee schedule increase. Reimbursement from MCC for fire training increases \$29,500 as training activity increases, resulting in additional revenue to the PSTF to offset the cost of operations. Civil service exam fees increase \$19,200 to reflect historic actuals. Revenue from marriage ceremonies increases \$11,500 based on proposed fee increase. Fire alarm permits increase \$9,500 with proposed fee increase. Police fees increase net of \$5,300 with proposed increase to fee for criminal record and background checks. Expected revenue of \$5,000 from licensing of city logo. Net of other changes is an increase of \$4,600.

### Year-to-Year Comparison

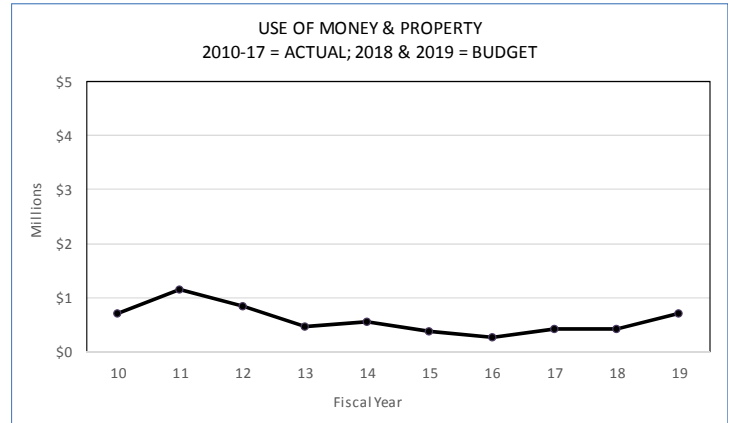

<u>2017-18</u>	<u>2018-19</u>	<u>Change</u>
8,553,000	9,560,400	1,007,400

**Use Of Money & Property**

The major revenue source in this category is from investment of cash. Under provisions of the New York State General Municipal Law, Rochester is authorized to invest funds in interest bearing commercial bank accounts until these funds are needed to meet payrolls or to pay bills. The second source of revenue in this category is from rental of City-owned property.

**Major Change**

Rental income from telecommunications providers increases \$245,000 due to addition of dedicated position in Environmental Services. New marina revenue of \$49,000 due to increased activity. Soccer stadium rental revenue increases \$23,300 based on terms of lease. Port facility rental income decreases \$22,000 based on tenant activity.

**Year-to-Year Comparison**

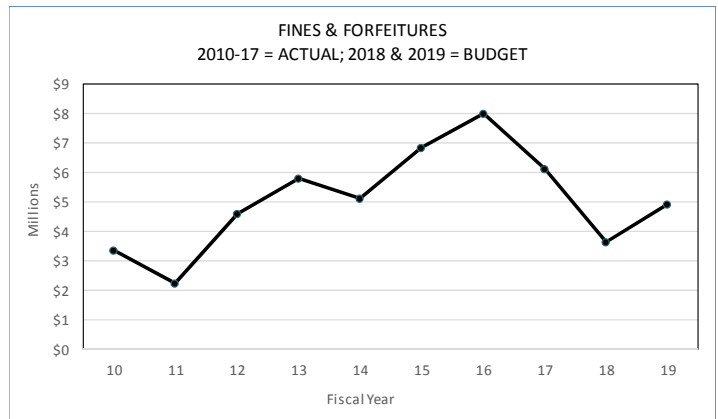

<u>2017-18</u>	<u>2018-19</u>	<u>Change</u>
412,000	707,300	295,300

**Fines & Forfeitures**

The revenue in this category consists of fines and penalties levied by the Criminal Branch of City Court, municipal code fines collected by the Parking & Municipal Violations Bureau, and fines collected by the Rochester Traffic Violations Agency for traffic infractions committed within the city.

**Major Change**

Revenue from moving violations increases \$1,375,600 with first full year activity of the Rochester Traffic Violations Agency. Fines assessed against ambulance contractor are expected to decrease \$100,000 due to improved response performance. Net of other changes is a decrease of \$2,100.

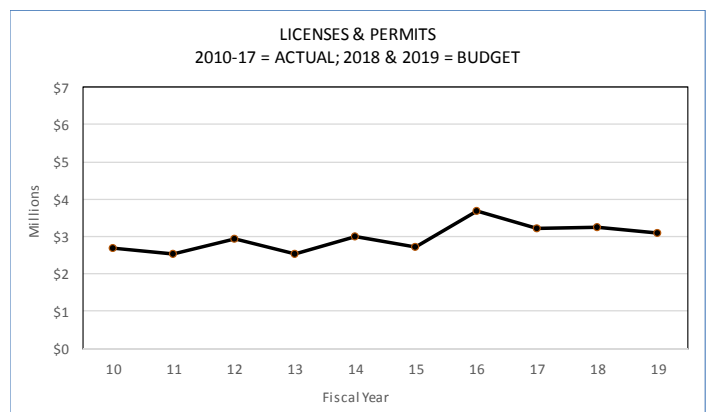

**Year-to-Year Comparison**

<u>2017-18</u>	<u>2018-19</u>	<u>Change</u>
3,642,200	4,915,700	1,273,500

**Licenses & Permits**

The Municipal Code authorizes the City to regulate various activities by issuing permits and licenses. This is done to protect public safety. Fees for permits and licenses are designed to fully or partially recover the administrative and enforcement costs of regulated activities. Most permits are issued by the Department of Neighborhood & Business Development.

## REVENUE SUMMARY REVENUE ESTIMATES

### Major Change

Professional licenses decrease \$284,300 due to off-year of biannual renewal. Street opening permits increase \$100,000 due to increased construction activity and proposed increase in daily rate for street obstruction permits. Building permits increase \$70,900 due to proposed increases in elevator certification fees, electrical inspection permits, and plumbing inspection permits partially offset by lower elevator permit activity. Net reduction of \$56,100 results from lowering hack plate fee which is partially offset by increased tax driver license fee. Additional \$10,600 results from proposed increases to marriage and domestic partner license fees. Net of other changes in activity for business and occupational licenses is an increase of \$9,000. Proposed increase to animal and poultry license fees results in additional \$3,500. Passport application activity increases \$2,100. Corn Hill parking permits decline \$1,400. Net of other changes is a decrease of \$800.

### Sale of Property & Compensation for Loss

Revenue in this category comes from sale of real property, sale of excess materials, insurance recoveries, and the sale of unclaimed property. The sale of real property is the largest revenue source in this group.

### Major Change

Sale of city properties increases \$384,000. Reimbursement for damage to street lighting increases \$20,000 based on historic actuals. Compensation for damages to police vehicles declines \$6,500 based on historical activity. Net of other changes is a decrease of \$300.

### Year-to-Year Comparison

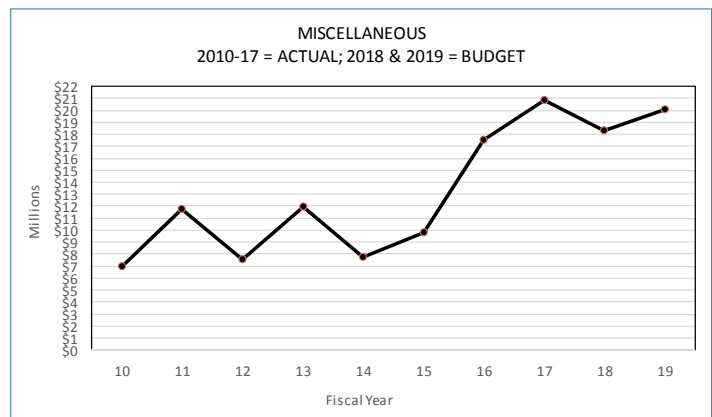

<u>2017-18</u>	<u>2018-19</u>	<u>Change</u>
2,516,000	2,913,200	397,200

### Miscellaneous

Miscellaneous revenues consist of refunds or reimbursements for expenses incurred in prior years, an appropriation of surplus from prior years, cable television franchise revenues, and miscellaneous income.

### Major Change

An appropriation of fund balance assigned for capital projects is budgeted \$3,500,000. Use of fund balance committed for property tax relief decreases by \$2,000,000. Cancellations of prior year encumbrances increase \$250,000 to reflect historical actuals. First responder franchise fee increases with inflation \$8,700. Net of other changes is a decrease of \$1,000.

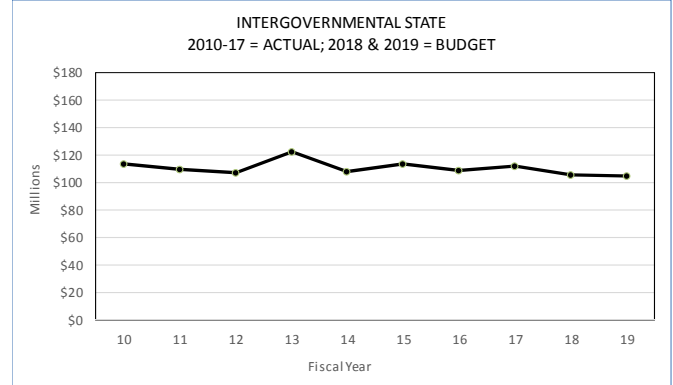

### Year-to-Year Comparison

18,338,400	20,096,100	1,757,700

**Intergovernmental – New York State**

Revenues received from New York State constitute this category. There are four types of aid: general purpose, categorical, miscellaneous, and New York State Tax Relief (STAR).

1. General purpose aid provides revenue for unrestricted use by municipalities under the Aid & Incentives for Municipalities (AIM) program.
2. Categorical aid is directed to support specific objectives and, as a result, is restricted to certain purposes. Support is received for such functions as street improvements, crime prevention, and youth recreation.
3. Miscellaneous aid includes reimbursements for various services.
4. The New York State Tax Relief (STAR) Program provides revenue to municipalities to offset school property tax relief for targeted taxpayers. This only applies to STAR exemptions applied prior to February 1, 2015.

**Major Change**

STAR revenue is reduced \$472,900 as revised program provides direct credit from NYS rather than credit on tax bill. One time NYS Archives grant does not recur \$200,000. Net reduction of \$46,100 in Motor Vehicle Theft & Insurance Fraud grant pending new award in 2019. One time Empire State After-School Program grant does not recur \$31,800. ### Intergovernmental – Other

Revenues received from governmental agencies other than the Federal and New York State levels constitute this category. Reimbursements from Monroe County for 911 staffing costs account for the majority of the revenues in this classification. Profits distributed by the Western Region Off-Track Betting (OTB) Corporation and Monroe County reimbursements for highway maintenance, public safety activities, and various other programs comprise the remaining intergovernmental revenues.

### Major Change

County reimbursement for Emergency Communications increases \$425,800 to correspond with approved 2018 County budget. STOP-DWI grant funding decreases \$52,900 pending new grant awards in calendar year 2019. Election inspector reimbursement decreases \$20,000. Net increase in Underage Tobacco Enforcement grants funds of \$10,800. Monroe County traffic shares decrease \$7,000 due to street project scheduling.

### Interfund Revenues & Transfers

Interfund transfers consist of three categories:

1. Reimbursements to the General Fund for services provided to other operating funds. In these cases, the cost of services (street cutting and administrative chargeback) are included in the General Fund as well as the appropriate non-General Fund. The reimbursements offset the General Fund expense. Revenues in this group include transfers from the non-governmental Enterprise Funds.
2. Reimbursements to the General Fund from funds not included in the operating budget. Revenues in these funds are generally restricted and can be transferred to the General Fund only to the extent that eligible expenses are identified.
3. Beginning in 1994-95, transfers to the City School District to fund educational expenditures are made in accordance with the City Charter.

# REVENUE SUMMARY REVENUE ESTIMATES

### Major Change

The transfer from the rate stabilization allocation of the internal service fund reserved for health care expense decreases \$650,500 due to limitation of memorandum of agreement with labor unions and sharing of proceeds with certain Enterprise Funds. A \$400,000 transfer from the Refunds & Overpayments fund does not recur. Annual allocation for GRANET expires \$200,000. Net reduction in forfeiture funds for community-based programs and overtime for special details is \$71,400. Downtown Enhancement District transfer increases \$45,700. Transfer for street lighting decreases \$13,400. Transfer from Foreign Insurance Fund increases \$5,800 in accordance with the preliminary spending plan.

### Animal Control Fund

Under Article 7 of the New York Agriculture and Markets Law, all expenditures and revenues associated with the licensing and impounding of animals must be recorded in a special fund. Accordingly, the Animal Control Fund includes revenues from the sale of dog licenses, fines for unlicensed dogs, and operating revenues from the Animal Control Center. Since the Animal Control Fund does not generate sufficient revenues to cover expenses, a portion of the property tax is allocated to this fund.

### Major Change

PetSmart grants expire \$83,900. Miscellaneous revenue increases primarily due to charitable support for volunteer coordinator position \$36,300. One time American Society for Prevention of Cruelty to Animals (ASPCA) grant does not recur \$25,000. Dog licensing fees increase \$16,200 with proposed fee increase. Net reduction in PETCO grant of \$14,000. Charges for spaying and neutering increase \$10,000 based on activity. Redemption fees increase \$2,000. Increase in rabies shots administered \$4,000. Proposed increase in unlicensed dog fines increases revenue \$2,000. Net of other changes is an increase of \$800. Property tax support needed to balance the budget declines \$227,800.

## REVENUE SUMMARY REVENUE ESTIMATES

### Library Fund

Section 259 of the New York State Education Law requires that all revenues generated from library operations be recorded in a special fund. Revenues associated with the operation of the Central Library and 10 branch libraries include Monroe County reimbursement for the Central Library, reimbursements from the Monroe County Library System (MCLS) for library material processing and inter-library loan services, State aid and grants, and miscellaneous income. These revenues are not sufficient to cover library costs; therefore, a portion of the property tax is allocated to this fund.

### Major Change

One-time appropriation of \$150,000 fund balance for matching funds related to capital improvements does not recur. One-time bullet aid from NYS does not recur \$51,000. Monroe County Library System cost shares increase based on increased expense \$49,700. Rental of café space is uncertain reducing revenue \$21,000. Miscellaneous grants decrease \$10,700. NYS Aid to Libraries increases \$5,300. Transfer from Premium & Interest to offset interest expense on debt service decreases \$4,700. Net of other changes is an increase of \$2,600. Support from City School District for Literacy Aide program decreases \$2,100. Property tax support needed to balance the budget increases \$688,600.

### Water Fund

This fund records the expenses and revenues of the Water enterprise, which provides potable water for domestic and commercial use and for fire protection purposes. Revenues are generated by metered water sales, sales to other municipalities, various service charges and wholesale water sales to the Monroe County Water Authority (MCWA). Most customers are billed quarterly, except for high volume users that are billed monthly.

### Major Change

Reduction in consumption of approximately 1.8% is partially offset by a proposed base rate increase resulting in \$666,000 less in metered sales. Appropriation of fund balance increases \$923,400 to correspond with increased capital expenditures. Delinquent collections increase \$175,000 to reflect expected collections. Interest and penalties decrease \$135,500 based on expected collections. Sales to other municipalities increase \$100,000. The transfer from the rate stabilization allocation of the internal service fund reserved for health care expense decreases by \$35,600 based on the limit imposed by the memorandum of agreement with labor unions. Miscellaneous income increases net of \$30,400 reflecting reimbursement for maintenance services at Hemlock and reimbursement for workers' compensation claims. Service charges decrease \$11,600 to reflect historical activity. Net of other changes is a decrease of \$400.

### War Memorial Fund

This fund records the expenses and revenues from the Blue Cross Arena at the War Memorial. The Arena is operated by a private contractor from whom the City receives a ticket surcharge, suite revenues, and reimbursement for utility expenses. The City also receives funds from naming rights of the facility. A share of receipts from the City's portion of the Hotel/Motel Occupancy Tax is credited to this fund.

### Major Change

Ticket surcharge and suite revenues are decreased \$244,500 to reflect actual expected activity. Reimbursement for utilities decreases \$87,000 to reflect actual expense. Transfer from Premium & Interest to offset interest expense on debt service decreases \$4,300. Property tax support needed to balance the budget increases \$426,600.

### Parking Fund

Revenues in this fund are generated from eight downtown parking garages, six City owned surface lots, and on-street parking meters. These revenues are not sufficient to cover Parking Fund costs; therefore, a portion of the property tax is allocated to this fund.

### Major Change

Appropriation of fund balance increases \$1,518,400 to offset planned capital expenditures. Proposed increase in parking garage rates results in \$371,900 additional revenue. Revenue decreases in Washington Square Garage primarily due to loss of large group of parkers \$342,300. Required on-street metered payment hours are extended from 6pm to 8pm resulting in additional revenue \$214,100. Revenue decreases in the following garages to reflect actual experience: Sister Cities \$81,600, Court Street \$77,800, East End \$62,500, High Falls \$26,900, Mortimer \$24,000, South Avenue \$12,800, and Crossroads \$1,700. Parking ticket collection revenue decreases to reflect actual experience \$75,400. Transfer from Premium & Interest to offset interest expense on debt service decreases \$66,200. The transfer from the rate stabilization allocation of the internal service fund reserved for health care expense decreases \$10,400. Interest on receivables decreases \$26,700 as payments are made on the Midtown and Sagamore loans. Charge for lost garage time-stamped ticket increases from \$10 to \$20 increasing garage revenue \$24,500. Expected revenue from the Cumberland Lot sublease increases \$20,400 to align with the expected increase in monthly lease payment to NYS Department of

# REVENUE SUMMARY REVENUE ESTIMATES

## Refuse Fund

Rochester’s refuse collection and disposal costs are financed principally from the proceeds of user fees. Separate rates are charged for residential and commercial services. Residential fees are included with the property tax bills and commercial accounts receive separate quarterly bills.

### Major Change

An appropriation of fund balance of \$2,986,900 for capital expenditures in 2017-18 does not recur. Delinquent collections increase \$206,600 to reflect increased collections, particularly from tax lien sale proceeds. Commercial collections activity increases \$90,000. Recycling revenue increases \$60,000. Sale of scrap increases \$36,000 as fleet replacement occurs. The transfer from the rate stabilization allocation of the internal service fund reserved for health care expense decreases \$31,700. Current collections decrease \$15,600. Miscellaneous income increases \$15,000. Interest on investments increases \$5,500.

## Local Works Fund

Revenues to support street cleaning, snow and ice control services, and hazardous sidewalk replacement are derived from front footage assessments. These assessments are charged with the property tax bill. Other revenues include reimbursements from New York State for snow and ice control on highways and, if required, an appropriation from the Local Works fund balance.

### Major Change

Appropriation of fund balance increases \$245,000 as planned capital expenditures increase. Delinquent collections increase \$59,500 to reflect actual activity. The transfer from the rate stabilization allocation of the internal service fund reserved for health care expense decreases \$21,900. Reimbursement from NYS for plowing increases \$8,300. **REVENUE SUMMARY  
PROPERTY TAX COMPUTATION & ANALYSIS**

The property tax is the single largest source of revenue to the City. The fundamental equation for the property tax is: (Tax Rate × Assessed Value) = Tax Levy. In Rochester, this fundamental equation is modified in two significant ways.

First, according to Article 19 of the New York State Real Property Tax Law, Rochester's levy is apportioned between Homestead and Non-Homestead classes of property. (Homestead properties, generally, are one, two, and three family residences. Non-Homestead properties are all others.) That is, separate tax rates for Homestead and Non-Homestead properties are applied to the separate assessment rolls for each class of property. The following display distinguishes the tax information for each class of property. The apportionment of the levy between the classes reflects the state mandated adjustment as calculated by the formula specified by Article 19. This adjustment occurs from year to year and is commonly called "the Shift".

Secondly, because the Rochester City School District is not permitted under law to levy a property tax, the City does so on behalf of the District for funding education purposes. The City also levies a property tax on its own behalf for funding municipal government purposes. While technically two separate tax levies (and, due to differing exemption provisions, based upon separate and unequal assessment rolls), the City and School property tax collections are accounted for within the City Budget as a combined total. The District receives its portion of the taxes collected subject to subdivision 5-b of Chapter 57 of the Laws of 2007, referred to as the Maintenance of Effort for the Big 4 school districts in NYS. This distribution is displayed as an interfund transfer ("Negative Revenue") elsewhere in the Revenue Summary. The following display shows the combination of the separate City and School tax rates and impacts in a consolidated presentation. It is this consolidated rate that is most commonly referred to in discussion of the "City property tax." Detailed information on the calculation of each property tax follows.

The 2018-19 STAR revenue of \$9,750,600 is applied as a credit to the tax levy after the tax rate has been determined.

**Property Tax Rates & Burdens**

The assessed value for a typical single family residence (Homestead) in 2018-19 is \$72,600. The assessed value for a typical commercial property (Non-Homestead) is \$285,200 in 2018-19.

**Computation of School 2018-19 Property Tax Levy**

Expenses and revenues related to the City School District are located within the School District Budget, not the City Budget. Exceptions are: (1.) the City's \$119.1 million dollar funding of the District (shown as a negative fund transfer in the City's Revenue Summary) and (2.) the property tax collection estimate within the City Budget that represents collection of City and School taxes. The debt service revenue allocation listed below is debt service that is treated as a current expense (i.e. lease/installment purchases) and debt service related to obligations of the Facilities Modernization Program.

**Property Tax Cap**

On June 24, 2011 New York State enacted a property tax cap that imposes a limit on the annual growth of property taxes levied by local governments to 2% or the rate of inflation, whichever is less. The calculation of the basic cap of up to 2% is subject to several exclusions or modifications. The calculation is adjusted by a tax base growth factor reflecting the "quantity change" in taxable property values in the base year which is reflective of actual physical changes including new construction. The levy limit is further impacted by the level of change for In Lieu of Tax Payments (PILOTs). The increase in PILOTs for 2018-19 at the revised homestead and non-homestead tax rates results in additional revenue of approximately \$1,513,300. The cap calculation is also adjusted by any pension contribution increases that exceed two percentage points of covered payroll. The final adjustment in the calculation is the ability of a local government to use a carryover of up to 1.5% of any unused tax levy growth from the prior year calculation. Since the tax levy was not increased in 2017-18, the value represented by this carry-over is \$1,498,375. For 2018-19, the allowable levy growth factor is 2.0% as published by the NYS Office of the Comptroller. The resulting allowable total tax levy increase for 2018-19 is \$4,982,752. The proposed 2.4% increase to the tax levy of \$4,188,000 when combined with other related charges on the tax bill results in a margin of approximately \$463,000.

REVENUE SUMMARY  
PROPERTY TAX COMPUTATION & ANALYSIS

**STAR**

Beginning in 1998-99 New York State enacted the School Tax Relief Program (STAR) within section 425 of the Real Property Tax Law. The program provides an exemption from property taxes for owner-occupied primary residences. There are two types of STAR programs: The first, called Enhanced STAR, is for property owners 65 years of age or older, with incomes of \$86,000 or less. The second, called Basic STAR, is for all other home owners regardless of age with incomes less than \$500,000.

The Board of Real Property Services may establish special equalization rates that may result in revised STAR exemption amounts if the determined STAR exemption is 5% or more different than the previous year's exemptions. Approximately 4,500 property owners will benefit from the existing Enhanced STAR program and 17,900 property owners for the Basic STAR program in 2018-19 on their property tax bill. Properties purchased since February 1, 2015 receive a STAR check directly from NYS instead of receiving a credit on their tax bill. The amount of the benefit will be the same. Current STAR exemption recipients will not be impacted as long they continue to own their current home.

Eligible property owners for the 2018-19 program receive up to a \$44,760 and \$20,100 assessment exemption for the Enhanced program and Basic program respectively. The exemption levels for 2017-18 were \$43,890 and \$20,100. For large cities with fiscally dependent school districts, the enacting legislation assumed 67% of the combined tax rate to be for school purposes. Beginning in 2011-12, the maximum STAR savings can't exceed more than 2% of the prior year maximum savings. The maximum savings in 2017-18 for the Enhanced and Basic programs were \$888 and \$421 respectively but due to the homestead tax rate reduction, the actual credit was limited to \$804 and \$368. The 2018-19 maximum STAR savings when adjusted for 2% is limited to \$821 for the Enhanced program and \$376 for the Basic program.

The actual calculation of the dollar savings from the STAR exemption is determined subsequent to the determination of the City and School tax rates. The revenue from the STAR program is not counted in determining the tax rates.

The process is as follows: First, the tax levy is determined. Second, the tax rates are calculated based on the levy and the assessed values. Third, the actual amount of the tax levy billed is reduced by the aggregate of the City and School exemption values applied against the City and School tax rates. Fourth, New York State reimburses the City for the reduced billing.

The calculation of the 2018-19 STAR revenue estimate to be reimbursed from the state for those enrolled in the original STAR program is as follows:

	<u>Assessed Value Exemption</u>	<u>Tax Rates</u>	<u>STAR Revenue</u>	<u>Capped STAR Revenue</u>

**Constitutional Operating Tax Limit**

The State Constitution, Article VIII, Section 10, limits the maximum amount of real property taxes that can be raised for operating purposes. The limit is two percent of the five-year average of full valuation of taxable real property. The total taxable assessed valuation for school purposes is the assessed value used for this calculation. The limit pertains to cities of 125,000 or more inhabitants, except New York City, which has a limit of two and one-half percent.

The levy subject to the limit is equal to the total tax levy (City and School) minus appropriations for debt service (with a few exceptions) and budgetary appropriations for which a period of probable usefulness have been determined by law (Cash Capital).

The State Constitution also limits the maximum amount of real property taxes raised for debt service. This is described within the Capital section of the City Budget.

SUMMARY BY DEPARTMENT**

**Expense Changes – Highlights**

The 2018-19 Proposed Budget of \$539,646,900 increases expenditures by \$12,628,500, 2.4% more than the 2017-18 Amended Budget. Highlights of the changes that produce this variance are noted in the following display. Details of these and other expense changes are found in Tabs #2 through #15 of this document.

**MAJOR INCREASES**

- Wage and salary increases in accordance with current labor agreements or awards and allowance for contracts currently under negotiations
- Fringe benefits in accordance with current labor agreements and memorandum of agreement for health care
- Cash Capital expenses
- Debt Service
- Program enhancements
- Traffic Violations Agency

**MAJOR DECREASES**

- Departmental reductions and efficiencies
- Utility expense including heat, light and power

**APPROVED BUDGET**

City Council amended the Mayor's Proposed Budget, which was not objected to by the Mayor. This amendment moved appropriations from Contingency to the Police Department and Undistributed to increase the size of the next Police recruit class. This amendment did not change the total from the Mayor's Proposed Budget.

**EXPENDITURE SUMMARY  
SUMMARY OF 2017-18 BUDGET AMENDMENTS**

The adopted budget may, under certain circumstances, be amended by City Council. Upon written recommendation of the Mayor, City Council may transfer unencumbered balances from one department to another. The transfer is done by passage of an ordinance, which can amend multiple budgets. Examples of amendments are the transfer from Contingency to the departments for purposes of a wage settlement and the transfer of funds from a department with a surplus to one with a deficit. In addition, revenues from any source other than the property tax can be appropriated by City Council upon recommendation of the Mayor. Usually this occurs upon receipt of a grant and entails increasing both expense and the offsetting revenue. 2017-18 Budget amendments are summarized by department and by individual ordinance, which indicates the appropriation of additional revenue.

EXPENDITURE SUMMARY  
APPLICATION OF RELATED  
EXPENDITURES & REVENUES

---

An informational display is provided on the next page which gives appropriations for each department or major subdivision, related expenditures, and revenues that are found elsewhere in the Budget. The City's budgeting and accounting systems place employee benefits, capital items, and debt in separate departments for monitoring and control purposes. This display distributes those expenses to the department to which they are judged most closely related. In this fashion, a sense of the overall expense level for a given department can be approximated. Intrafund credits, where applicable, have been subtracted from the department's budget to reflect net planned expenditures.

The display also distributes revenue that is judged related to a department. The Application of Revenue section, pages 1-43 to 1-44, provides additional detail on the sources of this revenue. This applied revenue is subtracted from the total expenditures for the departments, yielding a net expense for each department. This net amount is funded by the property tax and other General Fund revenues that are not applied.

**FUND ACCOUNTING**

In accordance with generally accepted accounting principles, the City records financial transactions of its operations in various funds, each of which is a separate entity. Funds that do not generate sufficient revenues from operations are supported by property tax revenue. Following is a description of the funds and a table summarizing transactions in these funds during 2018-19.

General Fund is Rochester's principal fund and includes all operations not contained in other funds.

Animal Control Fund includes the operation of Animal Control. Under Article 7 of the Agriculture and Markets Law, licensing and impoundment fees, fines and penalties are deposited in this fund and are used solely for animal control purposes.

Library Fund includes operations of the Central and Community libraries. Under Section 259 of the Education Law, all moneys received from taxes or other public sources for library purposes are to be maintained in a separate fund.

Local Works Fund includes street cleaning, roadway plowing and salting, sidewalk plowing, and hazardous sidewalk replacement. Revenues are derived primarily from front footage charges to property owners for services rendered.

Water Fund includes water production, treatment, and distribution.

War Memorial Fund includes the Blue Cross Arena at the Rochester War Memorial operations.

Parking Fund includes operations of Rochester's parking garages, lots, and meters.

Cemetery Fund includes operations of Mt. Hope and Riverside Cemeteries.

Public Market Fund includes the operations of Rochester's Public Market.

Refuse Fund includes refuse collection and disposal operations.

**Introduction**

The multi-year projection is a forecast of revenues and expenditures for City purposes only. It does not include a forecast for the City School District.

The multi-year projection is not a prediction of future events. Instead, the projection illustrates the City's fiscal condition over the next five years based on existing trends and specified assumptions. As indicated in the forecast below, a gap for all funds of approximately \$38.7 million is expected for 2019-20. This gap accumulates to \$64.9 million in 2023-2024.

**PROJECTED CITY OF ROCHESTER GAPS**

---

## Revenue

### Property Tax

In recognition of the unusually high property tax burden that City taxpayers currently bear, and to stay competitive with other residential and commercial locations, the multi-year projection assumes a constant property tax levy.

### Sales Tax

A sales tax rate of 8.0% is assumed, with distributions according to current distribution formulas. The taxable sales growth rate assumed for 2018-19 is 3.4% higher than the 2017-18 budget. Future taxable sales growth rates assumed are 2.8% for 2019-20, 3.0% for 2020-21, and 3.1% for 2021-22 through 2023-24.

### City School District

The City revenue allocation to the City School District is assumed constant at \$119.1 million. Continuation of the City School District's annual funding of school resource officers at \$1.5 million is assumed.

### Intergovernmental

The following actions are assumed of the Federal Government:

- Continuation of the Community Development Block Grant at a reduction of 4% per annum.

The following actions are assumed of the New York State Government:

- Aid and Incentives to Municipalities (AIM) is assumed to be constant for 2018-19 to 2023-24.
- Consolidated Highway Improvement Program funds continue at a maintenance of effort level.

The following actions are assumed of Monroe County:

- Continued funding of the emergency communications system.
- Continued funding of election inspectors.
- Continued funding at Central Library.

### Fees and Enterprise Revenues

The multi-year projection assumes a 0% rate increase for major service charges (water, refuse collection, parking, front foot assessment).

### Other Revenues

The multi-year projection assumes the appropriation of a rolling one percent General Fund surplus for 2019-20 to 2023-24.

**Expense**

While a significant portion of the projected expenditures are the mandated contribution to the New York State Retirement System, pension costs appear to be flattening or slightly reduced. Retirement expense reflects projections based on the most recent information from the New York State Retirement System and amounts to \$41.5 million for 2018-19.

Inflation is also responsible for significant pressure on projected expenditures. The Consumer Price Index (CPI) is projected between 2.5% and 3.1% for 2018-19 through 2023-24. The effects of inflation on the operating budget are direct and immediate, resulting in increased costs for employee wages and salaries, construction projects, materials, and other services. Cost increases based on expected inflation rates and current labor agreements are reflected in the multi-year expense projection.

The multi-year projection assumes a constant level of services. Only programmatic and service changes currently known are recognized. The constant services approach does not take into account changes in the demand for service.

Expenditure forecasts for Cash Capital and Debt Service are based on the City's 2019-2023 Capital Improvement Program. The projected debt service reflects projects in the Capital Improvement Program.

A significant and growing impact on the projected expenditures is for medical costs for both current employees and for retirees. Projected costs for active employee hospitalization and medical insurance assume a 3.75% increase annually. Projections for retiree hospitalization and medical insurance assume a 4.8% increase in 2018-19 and 6% each year thereafter.

**Closing The Gap**

A funding gap is anticipated for each year of the projection. Since New York State Law requires that municipalities prepare balanced budgets, it is necessary that actions be taken to eliminate the gap. Actions are likely to be a combination of the revenue and expenditure options listed below.

Revenue Options

Because adjustments to existing taxes (except property taxes) have been included in the projection, revenue options are limited to the following:

- Intergovernmental aid and grant increase.
- New tax or user fees authorizations.
- Property tax increase.

- 
- Service charge increase.
  - Expanded use of Enterprise activities.

### Expenditure Options

Major expenditure options to eliminate the gap are to:

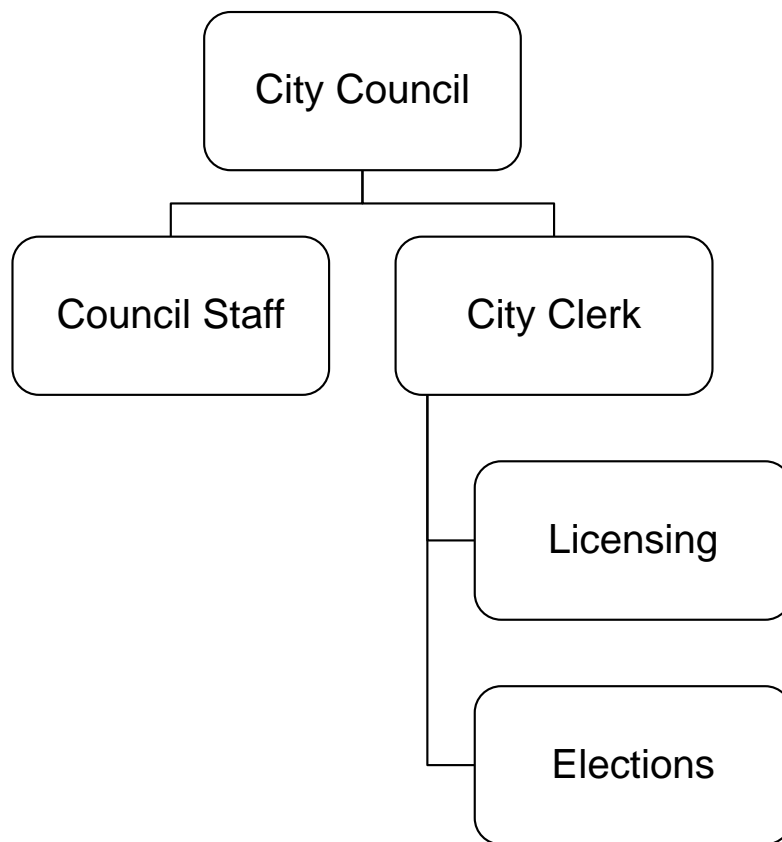

- Improve productivity – Through improved use of technological advances and innovative management techniques, cost reductions can be realized without reducing service levels.
- Reduce service – If the options above are not sufficient to eliminate the funding gap, service reductions or eliminations will be required.
- Consolidate services with other units of government.
- Negotiate savings in collective bargaining agreements.
- Invest in capital projects with a return on investment.
- Gain relief from State mandates.
- Investigate opportunities to outsource city-provided services.

**Mission Statement**

The Office of the City Council supports the City of Rochester's *Vision Statement* and its *Values and Guiding Principles* and governs the City through the enactment of local laws, ordinances, and resolutions. It has nine members elected to overlapping four year terms, with four elected from districts and five from the City At-large. The President of City Council is elected by members of Council and presides over its meetings.

The Office of the City Clerk supports the City of Rochester's *Vision Statement* and its *Values and Guiding Principles* and maintains official records of the proceedings of the City Council. It issues several types of licenses and administers compensation of City election inspectors.

**Organization**

The Office of the City Council includes the members of the City Council and appropriations for Council research, support staff, and other related expenses.

The Office of the City Clerk prepares the agendas for City Council meetings, records the proceedings, and prints and distributes the minutes. It prints supplements and amendments to the City Code and Charter. It advertises public hearings and notifies the Secretary of State of changes in local laws. It also administers and audits the payroll for City election inspectors.

Licensing receives applications and payments for licenses for businesses, occupations, marriages, dogs, passport applications, fire permits and burglar alarm permits. It prepares related reports for City, County, and State agencies.

The Elections activity consists of salary and training expenses for election inspectors. Inspectors, who are directly supervised by the Monroe County Board of Elections, administer election laws and procedures at local polling places. They record, certify, and transmit election returns to the County Board of Elections.

## Mission Statement

### Mayor's Office Administration:

To make Rochester the best mid-sized city in the U.S. in which to live, raise a family, visit and grow a business. Our city will be renowned for its safe neighborhoods, vibrant economy, educational excellence and customer service.

### Office of Public Integrity (OPI):

To support the City of Rochester's *Vision Statement* and its *Values and Guiding Principles* by enhancing public confidence and trust in city government by making it more transparent, efficient, and accountable. The office is a means for city government to ensure all City employees are committed to integrity, ethical behavior, legal compliance, and accountability.

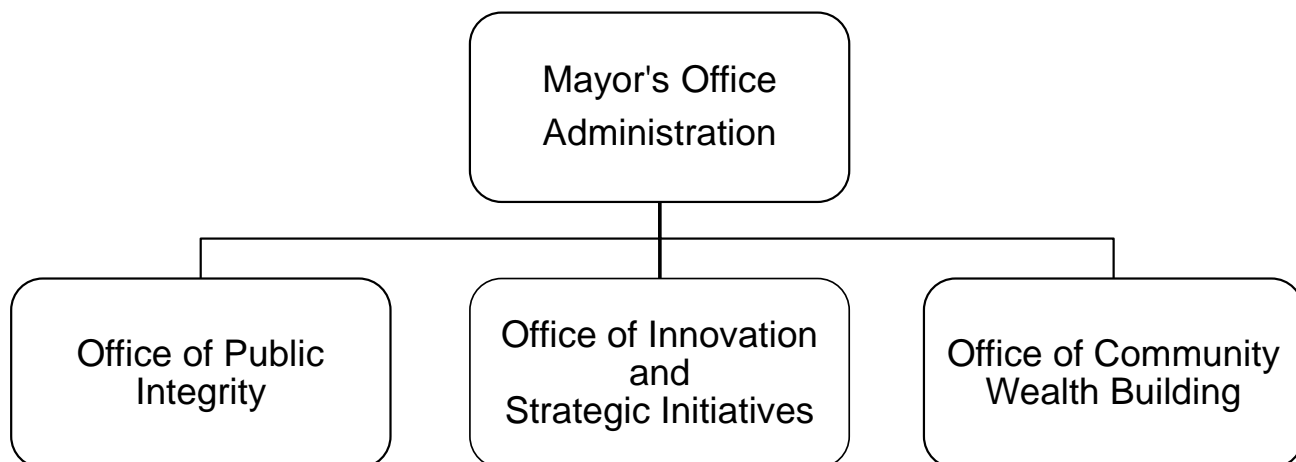

### Office of Innovation:

The Office of Innovation supports the City of Rochester's *Vision Statement* and its *Values and Guiding Principles* by expanding the City's capacity for policy and best practice research, data analysis, program design and evaluation, and internal process improvement initiatives. The Office seeks to enhance the City's performance by collaborating with internal and external partners, identifying and pursuing funding opportunities, and increasing the efficiency and impact of City operations.

### Office of Community Wealth Building:

The Office of Community Wealth Building supports the City of Rochester's *Vision Statement* and its *Values and Guiding Principles* by developing policies that combine existing government programs with the business community, the non-profit sector and educational institutions to help city residents build personal wealth and achieve equal pay for equal work.

**Mission Statement**

To support the City of Rochester's *Vision Statement* and its *Values and Guiding Principles* by managing the City's financial affairs. We collect revenues, manage and invest cash, manage City debt, and control financial processing. Our responsibilities are to manage payroll, purchasing, and assessment operations; maintain financial records and reports; and enforce financial policies and standards.

---

## Department Highlights

The 2018-19 general fund budget provides for the commencement of new initiatives and continuation of existing ones, while maintaining the department's current level of financial services for the City, including: debt management, cash management and investments, tax collection, accounting services, grant management and payroll, purchasing and assessment services.

The 2020 city-wide reassessment will begin in spring 2019 with property description notifications issued to property owners prior to the start of valuation work. Expanded functionality of the Munis Grant Accounting system will be utilized in 2018-19. A second phase of online payment receipts in conjunction with our system provider will be introduced. Implementation of the City's new MWBE program and goals will commence July 1, 2018.

Municipal parking garage internal accounting and administrative control will continue to be enhanced as the new Parking Access Revenue Control system software is implemented in two more garages.

The Rochester Traffic Violations Agency opened April 23, 2018. The agency assists the Rochester City Court in the disposition and administration of non-criminal infractions of traffic laws, ordinances and rules and regulations. The agency adjudicates traffic violation tickets and offers plea bargain options. The Parking Bureau and Traffic Violations are both located at 200 East Main Street.

Highlights of the Department's 2018-19 Strategic Goals and Objectives are presented below. Additional information for each bureau is included in the sections that follow.

**Program Change**

Workday and Kronos will be fully implemented in 2018-19. The new Workday/Kronos system implementation is a significant transformation of employee workflow in the City's Financial and HR operations. Paper time cards will be eliminated; all periodic (bi-weekly and weekly) employee payments will be in the form of direct deposit or payroll card; employee requisitions and employee information will all be managed in a computer-based system.

The 2017-18 implementation included full automation and enhancement in areas of: issuance of payroll, employee time recording, earning codes, and time banks; benefit deductions and external vendor interfaces (e.g., health plans; 457); Federal and New York State tax information (W2); Federal and New York State reporting; and payroll data collection and maintenance (e.g., NYS retirement data).

The Grant Accounting system is planned for full utilization in 2018-19 with additional duties assumed from the Mayor's Office.

Rochester Traffic Violations Agency opened April 23, 2018 and began adjudicating traffic infractions that were in violation of the New York State Vehicle and Traffic Law. Approximately twelve thousand (12,000) outstanding tickets were transferred from the Department of Motor Vehicles (DMV).

A Municipal Attorney I position is reflected in the Law Department but assigned to the Traffic Violations Agency to function as the Traffic Prosecutor. Funding for this position is included in the Traffic Violations Agency and will be treated as an intra-fund chargeback. TVA has two per diem Judicial Hearing Officers that conduct hearings and make rulings of fact and law on contested traffic violations occurring in the city of Rochester.

The KPI disposition rate refers to the closure of a case. A vast majority of dispositions result in payments made.

### Department Highlights

For 2018-19, the Department of Neighborhood and Business Development will focus on the completion of the Comprehensive Plan, implementation of the ROC The Riverway initiative, bolstering the city's commercial corridors, increasing home ownership, reducing blight and nuisances, and attracting development to neighborhoods and downtown.

The Department of Neighborhood and Business Development is also committed to partnering with Information Technology to develop and implement the initial phases of the Land Management Project. This project will significantly enhance the level of service provided to our front end customers, will transform how we do business, and together with the BuildingBlocks program will create cutting edge interfaces between City Hall and the community we serve. Finally, the latter part of the budget year will see the beginnings of a comprehensive update to the Zoning Code and Map, as the department begins the implementation of the completed Comprehensive Plan.

Highlights of the Department's 2018-19 Strategic Goals & Objectives are presented below. Additional information for each bureau is included in the sections that follow.

**Program Change**

For 2018-19, the Bureau of Business and Housing Development will continue to focus significant effort on housing and real estate and will have numerous projects underway. Following the completion of the Commercial Corridor study, we will be able to more strategically focus on recruitment of downtown and neighborhood retail with up-to-date market data and information.

In Business Development, business support could include recruitment, retention and growth. To better reflect the total activity in this unit those categories are now reported together as Total Business Development Investment.

Duplicate counts of two key performance indicators are corrected by removing one MWBE indicator and the Mixed Use project indicator. To better reflect the division of work within the Bureau of Business and Housing Development, titles for Leveraged private investment and Total public/private investment are relabeled.

**Mission Statement**

To support the City of Rochester's *Vision Statement* and its *Values and Guiding Principles*, the Bureau of Neighborhood Preservation will promote strength, stability, pride and empowerment to our residents and stakeholders and encourage growth of city neighborhoods and businesses through safety, education, and economic development. We will work to bridge the gap between neighborhoods by improving lines of communication, addressing quality of life issues through community partnerships, and enhancing delivery of services.

**Organization**

Neighborhood Preservation is separated into four geographical quadrant areas:

**Vital Customers**

- Internal: City of Rochester departments
- External: City Residents; homeowners; business operators; neighborhood organizations

**Critical Processes**

- Implement Quadrant Team strategic plans
- Manage handicap permits process
- Facilitate resolution of neighborhood complaints
- Provide technical assistance for community engagement and organizing
- Plan and implement special projects
- Assist in reduction of neighborhood nuisance activities
- Interact with neighborhood groups and business organizations
- Manage Business Permit process
- Manage Street Liaison Program for specific commercial corridors in each quadrant
- Manage business associations

**Program Changes**

The City's Nuisance Point Program is a major point of focus and is a way to identify and correct chronic nuisance activity which can have a negative impact on the quality of life for the surrounding neighborhood. The program is designed to provide property owners and business owners an opportunity to partner with City staff to abate nuisance activity.

---

The Neighborhood Service Centers will promote commercial corridor involvement and monitor clean-up activities in an effort to eliminate chronic trash and snow removal violations by creating Quality of Life teams and providing a personal contact to businesses and property owners in the commercial corridors. The process will then identify potential quality of life issues and report these on a quarterly basis through the Refuse Reviews of commercial corridor indicator.

The Neighborhood Service Centers will focus on engaging existing local business to encourage compliance with City codes. Since not all businesses enter into good neighbor agreements, we will reflect our efforts here in a more encompassing Business Counseled metric, which replaces Good Neighbor Agreements counseled.

The Neighborhood Service Center will continue to provide technical assistance to business and neighborhood partnerships with the goal of fostering investment in our community. To better measure the outcome of this effort, we will track financial contributions by neighborhood groups and businesses in a Neighborhood Collaborative Investment funds indicator, which replaces Neighborhood Association matching funds.

Because all job efforts are currently reported in the Bureau of Business and Housing Development, the Jobs Yielded performance measure is removed in the Bureau of Neighborhood Service Centers.

## Mission Statement

To support the City of Rochester's *Vision Statement* and its *Values and Guiding Principles*, the Bureau of Buildings and Zoning will perform permit application review processes, facilitate rehabilitation grant programs, and conduct inspection services to ensure that all buildings and properties are in compliance with local, state and federal regulations. Our team will do this by delivering timely, consistent and comprehensive customer-oriented services in the most cost-effective manner.

## Organization

## Vital Customers

- Internal: City of Rochester departments
- External: City residents, landlord/housing providers, developers, homeowners, business operators, contractors, licensed professionals, neighborhood organizations, Monroe County

## Critical Processes

- Reduce and eliminate blight and ensure safe and habitable housing through the renewable Certificate of Occupancy (C of O) program
- Building, electrical, plumbing, and elevator permit inspections
- Reduce the number of lead poisoning cases involving resident children through lead-based paint inspections and lead dust testing
- Code enforcement for non-compliance with City Codes
- Monitor vacant structures
- Conduct complaint inspections
- Maintain the Zoning Code
- Administer licensing of skilled trades and certification programs
- Coordinate public review and hearing processes
- Effectively manage the demolition program to ensure all structures in need of demolition are taken down in a timely manner
- Facilitate the rehab grant program to maximize long term impact

## Mission Statement

Office of the Commissioner:

To support the City of Rochester's *Vision Statement* and its *Values and Guiding Principles* by assisting the Mayor and Commissioner in achieving their vision for the Department.

This is accomplished by:

- ❑ Fostering a healthy exchange of dialogue between the Department and the City's central service agencies in order to secure appropriate resources for DES operating units so that they may carry out their essential missions, and attain stated goals and objectives;
- ❑ Working in partnership with DES operating units to improve customer service, and the efficiency and effectiveness of operations;
- ❑ Improving the flow of communication throughout the Department and enhancing the Department's capabilities to interact in a meaningful way with its customers.

Environmental Quality:

Environmental Quality supports the City of Rochester's *Values and Guiding Principles* by providing efficient, high quality environmental compliance and pollution prevention, brownfield investigation cleanup and redevelopment, Port of Rochester redevelopment and environmental planning services including brownfield area-wide planning, energy management and climate action planning, regional sustainability planning, and harbor management planning for the City of Rochester and the public.

These services meet legal and regulatory requirements for City facilities, abate and prevent environmental problems, leverage outside funding sources, respond to energy and climate challenges, encourage sustainable redevelopment, and improve property valuations in order to protect, preserve and enhance the natural and built environment of the City of Rochester and the Genesee Finger Lakes region.

Security:

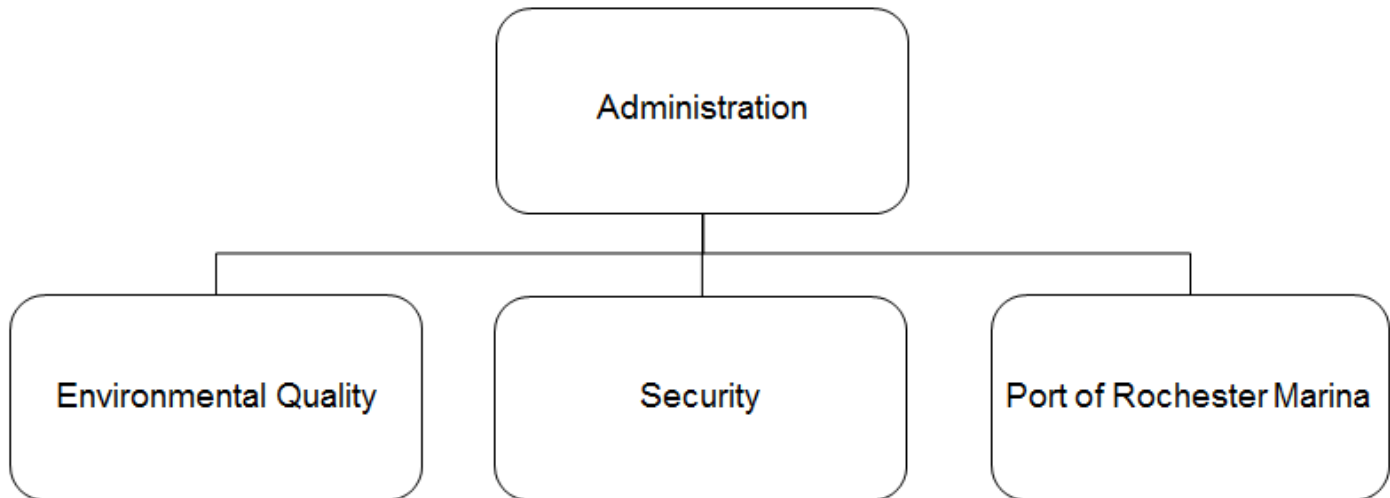

Security supports the Mayor's public safety initiatives by helping to provide a safe environment for employees and the public. This is accomplished by providing personal security for key City staff and visitors to our facilities, security guard services at select City facilities, routine surveillance of City properties, and the monitoring of security alarms installed at City facilities.

Port of Rochester Marina:

The mission of the Port of Rochester Marina is to provide a first class boating experience for transient boaters, seasonal slip rentals, and patrons using the City's boat launch as well as encouraging tourism in part through cruise ship and excursion vessel visits to the Rochester harbor.

**Mission Statement**

To support the City of *Rochester's Vision Statement* and its *Values and Guiding Principles* through the provision of an abundant supply of clean, palatable water to City residents and wholesale customers, to provide reliable service at a modest price, and to provide an adequate supply of water for fire protection services.

**Organization**

**Vital Customers**

- Internal: City of Rochester departments
- External: All who currently or potentially could live, work, visit, or do business in the city of Rochester; wholesale customers, and New York State Department of Environmental Conservation

**Critical Processes**

- Protecting the watershed to keep the water supply as clean (free from contaminants) as possible and monitor our operating agreement for maintenance of watershed area.
- Filtering, disinfecting, and testing the potability of water before it is delivered to customers.
- Maintaining the distribution and storage systems in good condition to provide reliable, high quality water.

**2018-19 Strategic Goals & Objectives**

Objective	Priorities Supported	Projected Completion
Replace or rehabilitate 43,700 feet of distribution water mains to maintain system integrity	Safer and More Vibrant Neighborhoods	Fourth Quarter
Install 4,000 radio read meters annually. Anticipated program completion by 2023-24	Innovation and Efficiency	Fourth Quarter
Maintain high level (>90%) customer satisfaction	Safer and More Vibrant Neighborhoods	Ongoing
Maximize production and operational efficiencies at Hemlock Filtration Plant	Innovation and Efficiency	Ongoing
Reduce and maintain non-revenue water at an acceptable level	Innovation and Efficiency	Ongoing

DEPARTMENT OF ENVIRONMENTAL SERVICES  
WATER – WATER FIXED CHARGES

**Organization**

This section includes operating expenditures for the water supply system that cannot be directly attributed to an operating budget. The allowance for uncollectibles is an estimate of the delinquent amount of water charges that are not paid within two years. The administrative chargeback is an interfund charge that reimburses the General Fund for general administrative services provided to the enterprise funds, based on an indirect cost allocation formula. Contribution to the General Fund: the Water Fund makes a contribution to the General Fund as payment in lieu of taxes on the Water Fund capital plant and as a return on investment.

## Mission Statement

Emergency Communications (911):

To support the City of Rochester's *Vision Statement* and its *Values and Guiding Principles* by serving as the vital link between the citizens and public safety agencies of the City of Rochester and the County of Monroe. We strive to collect and disseminate all requests for service in a prompt, courteous, and efficient manner for all our customers. Through our actions, we help save lives, protect property, and assist the public in its time of need.

311/One Call to City Hall:

To support the City of Rochester's *Vision Statement* and its *Values and Guiding Principles* by:

### Being Accessible

The 311 Call Center provides our stakeholders with the highest level of customer service for fast and easy access to services and information provided by the City of Rochester.

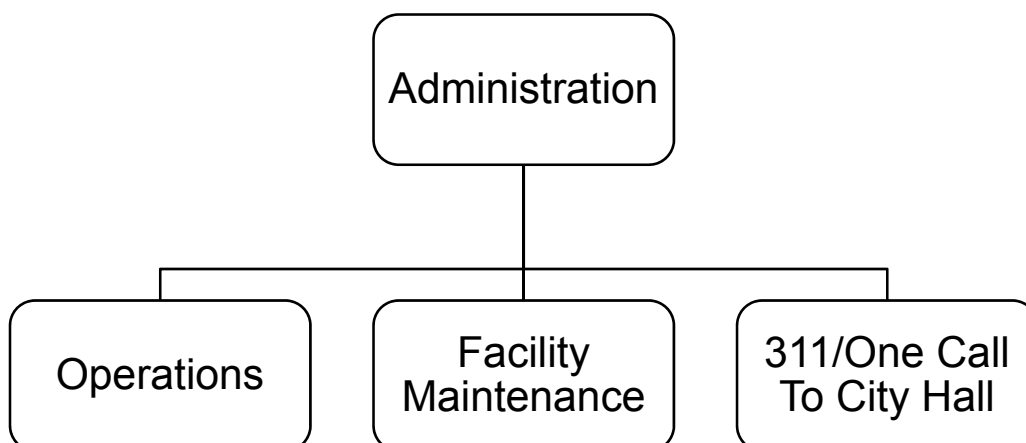

### Being Accountable

The 311 Call Center helps City departments improve their service delivery by enabling them to focus on their core competencies and the efficient management of their workforce.

### Enabling Transparency

The 311 Call Center provides necessary data to appropriate departments for their analysis on requests that have come through the Call Center.

## Organization

---

## Department Highlights

### Emergency Communications (911):

The proposed budget for Administration and Operations reflects the funding level requested by Emergency Communications for the 2018 County Budget. There is a six month overlap in fiscal years between the City and County. The budgets of the City and County will be closely monitored to ensure that County funding is sufficient for the entire fiscal year. New hire classes are planned for fall 2018 and spring 2019.

The replacement and upgrade of the Computer-Aided Dispatch (CAD) system will continue. A new CAD system vendor has been selected and the planning phase of the CAD replacement project is underway. The project is funded by the County and is expected to be completed by early 2020.

### 311/One Call to City Hall:

Live representatives will continue to be available seven days per week and Sunday hours will be enhanced by two hours.

## Vital Customers

### Emergency Communications (911):

- External: City of Rochester and Monroe County residents, businesses, visitors, and travelers
- Internal: City of Rochester and Monroe County police, fire, and emergency medical service agencies

The City operates the 911 Center under contract with Monroe County. The County funds Administration and Operations activities while the City funds Facility Maintenance. The 911 Operating Practices Board (OPB), comprised of representatives from government, public safety, private sector, and citizens, provides advisory policy recommendations to the Center.

### 311/One Call to City Hall:

- External: Those who currently, or could potentially, live, work, visit, or do business in the city of Rochester
- Internal: City of Rochester departments

## Critical Processes

### Emergency Communications (911):

- Answer, collect information about, and document all calls to 911
- Provide processed 911 call data and event documentation services for all police, fire, and emergency medical service agencies in the city of Rochester and Monroe County
- Provide dispatch and communication services for participating agencies
- Provide primary and in-service training for personnel
- Prepare and monitor the budget
- Perform planning, personnel, purchasing, and research functions
- Oversee facility maintenance and repair

### 311/One Call to City Hall:

- Answer and provide information for non-emergency calls
- Retrieve up-to-date information to respond to all City-related inquiries
- Provide appropriate avenues for public related information and services
- Submit service requests to appropriate City departments
- Provide responses to case inquires
- Report on Call Center performance

**Mission Statement**

To support the City of Rochester's *Vision Statement* and its *Values and Guiding Principles* by maintaining law and order through crime reduction, customer service and professionalism.

---

## Vital Customers

- Internal: City of Rochester Departments; RPD employees (sworn and non-sworn)
- External: Individuals who live, work, visit, or do business in the city of Rochester

## Critical Processes

- Provide public safety services
- Analysis of crime data and deployment of resources
- Collaboration with other law enforcement agencies at the local, state, and federal levels
- Community involvement and crime prevention initiatives

## Departmental Highlights

- **Police Academy** – The budget includes funding for a Police Academy class of up to 28 police recruits in September 2018. RPD recruits must complete a 10-month period of Academy and field training before they can be deployed for street duties. This recruit class allows RPD's staffing levels to continue to reflect the highest number of personnel available during the summer months, which historically is the busiest time of the year. As a result, vital operations and services continue at a consistent level.
- **Community Affairs Bureau** – In an effort to increase opportunities for community policing, community engagement and community outreach, a Community Affairs Bureau is created. **Mission Statement**

To support the City of Rochester's *Vision Statement* and its *Values and Guiding Principles* by playing a critical role in the department's refocused approach to achieving and sustaining gains against crime and improving the quality of life in the city's neighborhoods by strengthening community relationships and trust.

**Organization**

**POLICE DEPARTMENT  
BUREAU OF COMMUNITY AFFAIRS**

**Critical Processes**

**Community Affairs Bureau**

- Enhances current communications initiatives (internally & externally) and develops a long-term communications strategy with the goal of improving police-community relations
- Partners with community leaders, civic organizations, block associations, and citizens to educate them on police policies / practices, and to develop solutions to challenges that arise within the city's many diverse communities
- Works closely with our communities and ensures that RPD's priorities mirror local priorities in an effort to build trust, confidence, and legitimacy within the communities we serve, creating additional opportunities for relationships to develop in a non-enforcement encounter with all segments of our community (youth & adults)
- Allows communities to have a voice at the most local level in how they are policed and how they are engaged, thus establishing meaningful, structured, and sustained initiatives within the community; while at the same time working to reduce crime through police-community partnerships and improve perceptions of the police

**Community Policing Unit**

- Informs community members and local businesses about crime trends, while working with them on preventative measures and security
- Provides valuable information about topics such as safeguarding businesses, homes, vehicles, and personal property
- Works to improve the perception of the Police Department via engagement opportunities and initiatives that are collaboratively community and department driven

**Youth Services Unit**

- Administers department's youth initiatives and serve as a liaison to Family Court and other social agencies
- Focuses on the well-being of the city's young people, working collaboratively with various department commands, school officials and other agencies to prevent and reduce youth crime and victimization
- Identifies "at-risk" youth and design diversion, intervention, and educational programs for these groups, and also identify youth that could benefit from positive programs offered by the Police Department and other City entities
- During summer months, works collaboratively with other departments and organizations involved in student programs

**2018-19 Strategic Goals & Objectives**

<b>Objective</b>	<b>Priorities Supported</b>	<b>Projected Completion</b>
Convene monthly meetings with various city departments to ensure accountability on quality of life issues within the geographical confines of our city, ensuring nuisance locations are addressed through cooperation with various city government entities	Safer and More Vibrant Neighborhoods	Second Quarter
Establish a youth advisory council to work with young adults in our community to strengthen and build upon the relationships between police and youth	Safer and More Vibrant Neighborhoods	Third Quarter
Enhance RPD's communications initiatives and develop a long term communications strategy – establish communications task force	Safer and More Vibrant Neighborhoods	Third Quarter

POLICE DEPARTMENT

**Mission Statement**

To support the City of Rochester's *Vision Statement* and its *Values and Guiding Principles* by providing professional services for life preservation, incident stabilization and property conservation. We protect life and property through fire suppression, emergency medical services, technical rescue, fire prevention, disaster preparedness, and public education. The effective delivery of these services is achieved through a commitment to our employees and the community.

---

## Vital Customers

- Internal: City of Rochester departments
- External: All who live, work, visit, or do business in the city of Rochester; Rochester City School District; Mutual Aid Program participants; Monroe County, West Brighton Fire District; RG&E; Kodak

## Critical Processes

- Fire suppression
- Medical response
- Emergency management
- Education and fire prevention activities
- Training and appropriate staffing
- Equipment and supplies maintenance

## Department Highlights

The proposed budget includes funding for a planned recruit class of 26 to begin January 2019. The recruit class will provide an opportunity for continued efforts to increase diversity among uniform personnel. The proposed budget assumes the department will begin the fiscal year with a small overhire instead of vacancies as in the prior fiscal year; and as a result overtime is reduced to reflect the appropriate funding level needed.

Portions of the 2015, 2016, and 2017 State Homeland Security Program (SHSP) grants are complete. Structural collapse technical rescue training, Citizen Emergency Response Team (CERT) training, and hazmat incident command training will be administered during 2018-19 with the remaining SHSP grant funds.

Funding is included from the 2016 Complex Coordinated Terrorist Attacks (CCTA) grant. The grant is provided to support enhancement of preparedness to build capacity for prevention and response to complex coordinated terrorist attacks. The grant funds will be used to provide training and awareness for multi-agency coordinated response to terrorist events through seminars, workshops and functional exercises to enhance capabilities of unified command.

Highlights of the Department's 2018-19 Strategic Goals & Objectives are presented below. Additional information for each bureau is included in the sections that follow.

# FIRE DEPARTMENT OPERATIONS

## Mission Statement

To support the City of Rochester's *Vision Statement* and its *Values and Guiding Principles*, the Operations Bureau fights fires, provides emergency medical services, and responds to other emergency and non-emergency incidents. The Bureau remains prepared for this mission through training of recruits and ongoing training of firefighters and officers, through its Emergency Medical Services (EMS) Program, and through its Health & Safety compliance activities.

## Organization

## Critical Processes

### Suppression

- Responds to fire incidents and performs rescues
- Controls hazardous materials that threaten public safety with a specialized Hazardous Materials Response Team
- Conducts code enforcement inspections
- Attends community events as requested

### Protectives

- Protectives, Inc. of Rochester, N.Y. is comprised of volunteers who respond to fire alarms to safeguard and salvage property using a City fire vehicle and other equipment

### Training/Emergency Management

- Provides initial training of recruits and ongoing training of firefighters and officers
- Conducts two days of in-service training annually for all fire companies
- Conducts annual service tests of firefighting apparatus
- Conducts Career Pathways to Public Safety program in conjunction with Rochester City School District and the Firefighter Trainee program
- Special Operations oversees eleven specialty teams: Confined Space Rescue, Foam, Gators, Hazardous Materials Response, High Rise Support, Ice Rescue, Rope Rescue, Structural Collapse Rescue, Trench Rescue, Vehicle Extrication, and Water Rescue
- Develops and maintains grant funding from the State Homeland Security Program
- Administers City's Emergency Management Plan
- Coordinates special events emergency management planning city-wide including Incident Action Plan (IAP) development
- Coordinates large scale disaster prevention, mitigation, response and recovery situations
- Coordinates with other local municipalities and community organizations in developing emergency plans and operational response methods and development of hazard mitigation program and preventative measures
- Trains Emergency Medical Technicians

**Emergency Medical Service**

- Coordinates delivery of Emergency Medical Services program, including training, certification, testing for:
  - Emergency Medical Technician (EMT)
  - Cardiopulmonary Resuscitation (CPR)
  - Continuing Medical Education (CME)
- Purchases and maintains EMS equipment and supplies

**Health & Safety**

- Ensures compliance with all Public Employees Safety and Health (PESH) and Occupational and Safety Health Administration (OSHA) standards and other regulations
- Inspects facilities, apparatus, and equipment for compliance with federal, state, and local safety regulations
- Provides oversight at the scene of emergency incidents
- Recommends changes in procedures to reduce the risk of injury to firefighting personnel
- Monitors workplace health and safety requirements per National Fire Protection Association (NFPA) standards, including the following components: employee health and safety training, incident scene monitoring, maintenance and provision of protective equipment, investigation of improper practices, continuous improvement program for enhanced safety procedures and practices

**2018-19 Strategic Goals & Objectives**

**Major Change**

Overtime decreases based on projected need	-261,800
2016 Program to Prepare Communities for Complex Coordinated Terrorist Attacks (CCTA) grant is awarded	59,000
Increase in professional services based on actual need	9,800
Increase in maintenance and repair based on historical experience	6,600

**Program Change**

The number of personnel receiving recertification fluctuates annually because EMT certifications are renewed every three years and CPR certifications are renewed every two years.

The method of counting the Special Operations drills KPI has changed to eliminate redundancy. Multiple companies attending each Special Operations drill was previously included in the count. The 2017-18 estimate and 2018-19 budget only include the number of special operations training drills held, within which multiple fire companies participate.

## FIRE DEPARTMENT SUPPORT

### Mission Statement

To support the City of Rochester's *Vision Statement* and its *Values and Guiding Principles*, Support maintains fire apparatus and equipment, investigates all structure and other fires, and conducts code enforcement.

### Organization

### Critical Processes

#### Apparatus Maintenance

- Repairs and maintains fire apparatus, support vehicles, other motorized equipment
- Develops specifications for new apparatus and prepares for use
- Prepares surplus firefighting equipment for sale
- Maintains Airport fire apparatus

#### Supply Depot

- Orders, maintains, stocks, and distributes equipment and materials to fire stations
- Performs general maintenance, testing, and routine repairs on fire tools and appliances
- Responds to major fires to deliver additional air bottles and make repairs

#### Fire Investigation

- Investigates all structure fires or other incidents including vehicle, trash, and false calls
- Surveys fire scenes to determine ignition sequence and fire development
- Conducts interviews with witnesses and victims
- Arson Task Force interrogates suspects and pursues criminal charges
- Fire Related Youth Program investigates juvenile fire-setter incidents
- Performs educational interventions with juveniles and primary caregivers

**Code Enforcement/Fire Safety**

- Inspects residential, commercial, industrial, and institutional properties
- Cites violations of the Fire Prevention Code liable to cause fire and endanger life and property
- In conjunction with Neighborhood and Business Development, reviews new construction plans to ensure code compliance
- Inspects properties receiving Certificates of Occupancy and entertainment licenses
- Issues permits for maintaining, storing, handling, and transporting hazardous materials; inspects vehicles, buildings, and storage places
- Maintains information file on structures that records inspections, permit issuance, fire prevention measures
- Conducts community risk reduction educational programs to develop public awareness of fire safety prevention measures

**Major Change**

Overtime increases to reflect historical experience	25,800
One-time Hartford grant for fire prevention and safety educational equipment does not recur	-10,000

**Program Change**

Routine self-contained breathing apparatus (SCBA) repair activity returns to normal levels in 2018-19 following a one-time upgrade in 2017-18 to existing stock of SCBA.

More frequent laundering of turnout gear and earlier detection of repairs in 2017-18 has reduced the number of larger and more costly repairs. In addition multiple repairs to any piece are now counted as one repair.

Prior counts of the juvenile diversions (referrals to FRY) KPI included juvenile arrests and referrals to FRY program. The 2017-18 estimate and 2018-19 budget each correct for that and only include referrals to FRY.

**Mission Statement**

- ❑ To support the City of Rochester's *Vision Statement* and its *Values and Guiding Principles* by enriching the quality of life in Rochester and Monroe County by providing educational, recreational, aesthetic, and informational materials, services, and programs to help people follow their own lines of inquiry and enlightenment.
- ❑ The mission of the Rochester Public Library is to engage the community in life-long learning for all through equal access to information, technology, gathering spaces and expert staff. Their vision is that community members live rich and fulfilling lives through their relationships with the Library. The values that the Library supports are: Community; Learning & Knowledge; Imagination & Innovation; Diversity & Inclusiveness; and Engagement & Collaboration.
- ❑ In all its endeavors, the Library maintains and promotes the principles of intellectual freedom and equality of access.

**Organization**

The Library consists of the Central Library, which includes Monroe County Library System support services, and Community Services, which includes the branch libraries. In accordance with New York State Education Law, the Library is governed by an eleven-member Board of Trustees. The Mayor appoints trustees, with the approval of City Council, for five-year terms.

---

## Vital Customers

- ❑ External: All users of library products, services, facilities; special populations; institutions/agencies/organizations; funding bodies; businesses; other libraries.

## Critical Processes

- ❑ Our valued and culturally diverse staff provides convenient and reliable services and dynamic collections that anticipate the needs of our community.
- ❑ Our attractive and inviting facilities enable us to meet the specific library service needs of neighborhoods.
- ❑ We play a leadership role in facilitating independent learning in order to help people lead more productive and fulfilling lives.

## Departmental Highlights

The proposed budget for the Central Library continues to assume a flat level of funding from Monroe County. Salary and wage adjustments as well as slight increases in fringe benefit expense continue to necessitate expense and service reductions. In 2018-19, several divisions will merge functions within the Library to promote efficiencies and minimize the impact of any personnel reductions on services to the public. Further detail of these mergers can be found in Program Changes. The planned reorganization of the Central Library Administration and Branch Administration functions results in the shift of some shared positions between Central and Community. The Library continues to evaluate opportunities to consolidate areas of operation to minimize the impact on services to the public.

The proposed budget for the Branch Libraries includes a series of capital reductions and deferrals in favor of a greater focus on the use of full time staff in branch operations. Two part time Librarian positions will transition to full time at Arnett and Douglass to allow for additional children's programming and service hours. The AmeriCorps grant ends December 31, 2018; however, the financial literacy and early childhood programs will be maintained.

The proposed budget also anticipates the permanent closure to the public of the High Falls Interpretive Center and Museum at its current Brown's Race location. The expiration of the 1993 funding and covenant agreement with the NYS Office of Parks, Recreation and Historic Preservation will allow for the closure of this space. Public operations will continue until November 30, 2018 with removal of the Center exhibits expected to occur by January 31, 2019.

Highlights of the Department's 2018-19 Strategic Goals & Objectives are presented below. Additional information for each bureau is included in the sections that follow.

## Strategic Goals & Objectives

Highlights	Priorities Supported	Projected Completion
Central & Community:		
Implement next phase of marketing and advocacy plan to increase public awareness of Rochester Public Library	Better Schools and Educational Opportunities	Second Quarter
Implement next phase of strategic plan to focus on adult services, including expansion of English for Speakers of Other Languages (ESOL), citizenship, computer literacy, financial literacy, and job readiness training	Better Schools and Educational Opportunities, More Jobs	Fourth Quarter

**Program Changes**

Several divisions have merged functions to reflect current and projected operations in 2018-19. Central Library Administration and Circulation are merged into the Public Services Division. All Library Page positions are consolidated here to be used for deployment to specific project assignments and training. All library collection support and development is consolidated in Central in 2018-19. The Teen and Children's Centers combine into the Youth Services Division which includes ImagineYOU, a digital learning space, and Middle Ground directed towards middle school library users. Finance assumes responsibility for Acquisitions including accounts payable duties. Inter-library Loan combines with Shipping & Delivery. Private event rentals at Central have been introduced, resulting in new rental revenue.

Tracking of "internet sessions" is abandoned in favor of recording total computer use in hours and the use of wireless in pings. Computer use (hours) represents the number of hours that the internal wide-area network is used by library-owned devices. Wireless use is the number of times (pings) that a patron-owned personal device accesses the separate wireless network.

**Mission Statement**

The Department of Recreation and Youth Services (DRYS) supports the City of Rochester's *Vision Statement* and its *Values and Guiding Principles* through the administration of programs, social activities and support services. These activities are carried out with a focus on providing first-rate services to our citizens.

DRYS nurtures and inspires the inner potential of all citizens of Rochester through recreational, educational, creative arts and employment readiness programs, thereby supporting the development of a healthy, educated and self-sustaining community. We recognize that the youth of our community are in particular need of support during their formative years, and as such, we have a special focus on youth programming.

---

## Department Highlights

Campbell R-Center interior improvements and the installation of a new spray park and play apparatus will be completed in time to open for the summer 2018 season. A new Sports Magnet program will be implemented at the R-Center, with opportunities for youth to participate in free, specialized sports training and fitness conditioning seven days a week.

The Roc City Skatepark will complete design plans and begin construction in spring 2019. The park will be a regional destination for skateboarders, BMX riders, and fans. The park will activate an underutilized area along the riverfront.

A state-of-the-art nutrition education center and demonstration kitchen will be constructed at the Rochester Public Market. The Market will partner with community agencies to provide nutrition education as well as cooking and chef demonstrations and instruction, utilizing audio and video feeds and display screens to enhance the experience.

Pathways to Peace will expand its services to the Rochester Youth Violence Partnership by providing prevention and intervention services to victims of penetrating injuries treated at Rochester Regional Health Emergency Department's new trauma center.

The Bureau of Employment Skills Training will refocus employment services towards vocational training and real-life, hands-on work experience while developing new partnerships with some of Rochester's most respected employers.

DEPARTMENT OF RECREATION & YOUTH SERVICES  
COMMISSIONER'S OFFICE

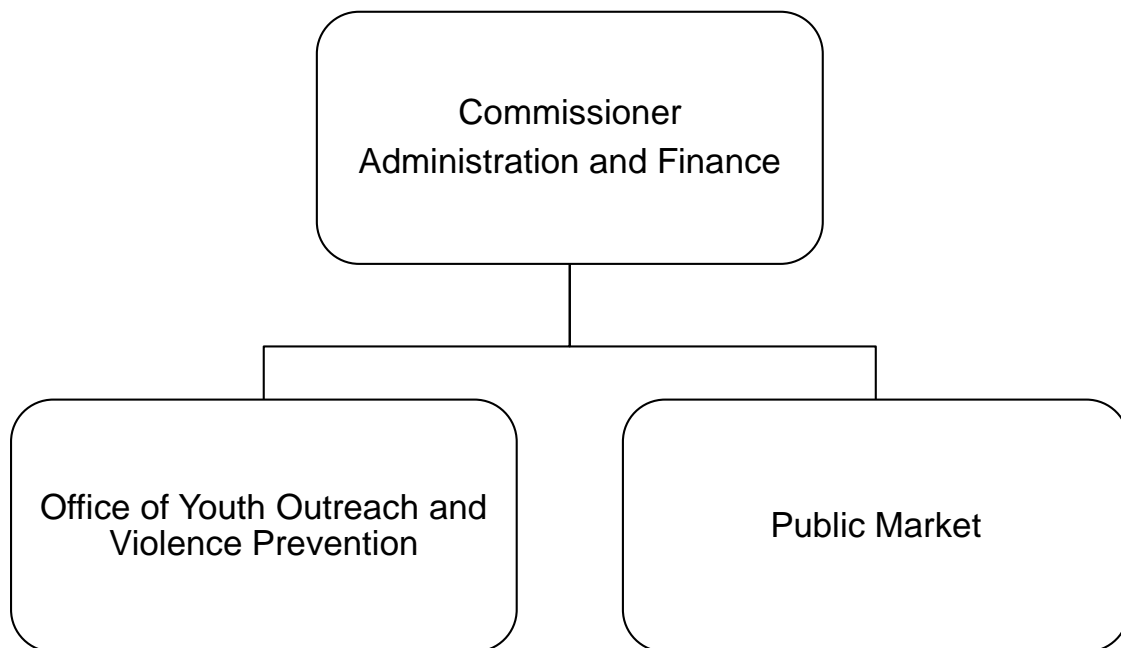

### Mission Statement

The Commissioner's Office supports the City of Rochester's *Vision Statement* and its *Values and Guiding Principles* by setting management policy, goals, and performance standards. It coordinates the Department's annual budget and capital planning processes; maintains fiscal operations and payroll matters; coordinates the purchasing of supplies; and manages the City Council submission process.

The Office of Youth Outreach and Violence Prevention, which includes Pathways to Peace, operates a team of outreach workers to prevent violence, channeling city residents likely to be involved in serious violence, as either a victim or offender, toward an array of community resources. This highly motivated team establishes essential linkages among service providers, participating youth, and their families. This office also monitors the young participants' progress to ensure that they do not re-engage in violent behavior.

The Bureau also manages and operates the Rochester Public Market in a manner that ensures its financial viability, fosters local economic development, promotes and sustains farmers and vendors, and provides consumers with access to a fresh, nutritious, and affordable food source.

**Major Change**

Two Area Coordinators are eliminated as a restructuring measure	-126,100
AmeriCorps grant ends in December	-66,500
Administrative and front desk staff are reduced as an efficiency measure	-52,200
One Youth Services Associate is added to expand youth special programs	42,400
Full time administrative position transfers to BEST Bureau	-34,700
Additional funding for water bills due to addition of Campbell spray park and to reflect actual need	33,800

Community Foundation Youth Voice One Vision grant funding decreases due to timing of grant year	-5,000
Increase in RCSD Literacy grant funding	4,500

**Service Level Change**

Resources for the high school pool swim programs will be redirected to maintain a reduced schedule at Durand Eastman Beach. The indoor summer swim programs are now organized at existing R-Center sites, Clinton-Baden Community Center and Wilson Foundation/SWAN. Durand Beach will be open seven days a week with hours from noon to 6 pm, instead of from 10am to 8pm which were the summer 2016 hours. The beach was closed in summer 2017 due to high water levels. The addition of a spray park at Campbell R-Center will increase the number of spray parks to seven citywide.

**Program Change**

Adams R-Center will be closed in the summer due to school modernization construction.

**Program Change**

The Bureau of Employment Skills Training will refocus employment services towards vocational training and real-life, hands-on work experience while developing new partnerships with some of Rochester's most respected employers. With the restructuring of the BEST Bureau, KPIs were reviewed for clarity and the following change were made.

"Participants enrolled" becomes "Participants receiving connections and case management services"

"Participants completing Employment Readiness Training classified as "Job Ready" who were not Job Ready at intake" becomes "Participants completing Employment Readiness Training"

"Participants retaining employment after six months" becomes "Participants continually employed for six months or longer"

**Purpose**

The Undistributed Expenses budget records allocations associated with, but not included in, departmental budgets or those that cannot reasonably be distributed to departmental budgets. This budget includes costs for both current and non-current (including retiree) employee benefits, general risk management, payments to other agencies, and other miscellaneous expenditures.

\*Reflects chargeback for Workers' Compensation costs.

**Major Change Highlights**

Employee Benefits – Current:

- As proposed by the Mayor:

Budgeted pension expenses decrease due primarily to employee turnover to Tier 6 which has lower required state contribution rates. In addition the state changed the calculation of municipalities' graded contribution rate associated with prior year amortization, resulting in no anticipated graded rate payment -1,587,500

Current employee medical expenses are budgeted under the terms of the Memorandum of Agreement with the labor unions 2,021,100

- As proposed by City Council and the Mayor:

Funding added for benefits expenses associated with restoring two CPOs per ordinance 2018-157 at Council's request 88,200

Employee Benefits – Non-Current:

Hospital and medical costs for retirees assume average inflationary increase of 4.8% based on recent trends 1,030,200

EMPLOYEE BENEFITS – CURRENT

**NEW YORK STATE RETIREMENT SYSTEM:** the City makes annual payments to the New York State Retirement System, which in turn is responsible for making pension payments to eligible retirees. The New York State Comptroller oversees the System. The City participates in multiple programs, based on an employee's date of hire. Each program provides a different level of benefits. Employees are eligible for participation in the various programs based on their employment period, which is called a tier. Tiers are:

<u>Tier</u>	<u>Hire Date (by any qualified public employer)</u>	
	<u>Non-Uniformed Employees</u> <u>Employee Retirement System</u>	<u>Uniformed Employees</u> <u>Police/Fire Retirement System</u>
1	Before July 1973	Before July 1973
2	July 1973 to July 1976	After July 1973 to December 2009
3	July 1976 to August 1983	July 2009 to January 2010
4	September 1983 to December 2009	Does not apply
5	January 2010 to March 2012	January 2010 to March 2012
6	After April 1, 2012	After April 1, 2012

The amount of the City's pension payment to the state for fiscal year 2018-19 is the product of the estimated 2017-18 wage base times the contribution rate for each tier. The 2017-18 wage base is calculated by the Comptroller based upon wages and salaries earned during the period April 1, 2017 to March 31, 2018. The Comptroller sets the contribution rates which vary from year to year.

The retirement bill also includes the annual repayment amount of a prior year amortization. The City amortized in fiscal year 2013-14 and the repayment amount is \$1,359,100 annually through fiscal year 2023-24.

A Voluntary Defined Contribution (VDC) option is available as an alternative to joining the New York State Retirement System to all unrepresented employees hired on or after July 1, 2013 who earn more than \$75,000. The plan is administered by the State University of New York (SUNY). Fewer than ten City of Rochester employees are currently enrolled in the VDC.

Budget	43,134,200	41,546,700	-1,587,500

**Major Change**

Budgeted pension expenses decrease due primarily to employee turnover to Tier 6 which has lower required state contribution rates. In addition the state changed the calculation of municipalities' graded contribution rate associated with prior year amortization, resulting in no anticipated graded rate payment -1,587,500

**HOSPITAL & MEDICAL INSURANCE:** the City provides hospitalization and medical benefits. Agreements with the different labor unions determine specific coverage and the amount contributed by the City. In 2012 the City reached agreement with its unions to establish a self-funded health insurance program. The new program started January 1, 2013 and also covers Administrative, Professional, and Technical employees and Confidential employees. In addition, the agreements created a joint Labor/Management Health Care Committee to address future cost increases. An updated three year Memorandum of Agreement was negotiated effective January 1, 2016.

EXPENDITURE SUMMARY**

The Capital Expense budget finances the construction or reconstruction of facilities and services, the acquisition and replacement of vehicles and equipment, and certain other projects and improvements that provide benefits over a multi-year period. To be included in this budget, a project or item must be consistent with the definition of “capital object or purpose” included in Section 11 of New York State Local Finance Law.

The financing of these capital projects may occur principally through two means. First, a direct appropriation may be made; this type of appropriation is included in the Cash Capital section. Second, funds for the project may be obtained through the issuance of bonds and notes, two forms of borrowing. The subsequent repayment of these borrowed funds and the related interest costs are called “debt service.” Appropriations for these expenses are included in the Debt Service section.

To plan for capital expenditures over a period of years and to ensure that equipment replacement and building renovations are made when economically feasible and needed, a Capital Improvement Program (CIP) is prepared anticipating capital investments and their proposed sources of funding for a five year period. The CIP is included in this section as a separate document. The first year's program in each five-year CIP provides the basis for the Cash Capital appropriation and the annual Debt Authorization Plan.

## 2018-19 TO 2022-23 Capital Improvement Program

# INTRODUCTION

## CAPITAL EXPENDITURES

The Capital Improvement Program (CIP) is a financing plan for the construction or reconstruction of facilities and services, the acquisition and replacement of vehicles and equipment, and certain other projects and improvements that provide benefits over a multi-year period. To be included in the capital program, a project or item must be consistent with the definition of capital object or purpose included in Section 11 of the New York State Local Finance Law.

The financing of capital projects may occur through three means. First, a direct appropriation may be made; this type of appropriation is known as cash capital. Second, funds for projects may be obtained through the issuance of bonds and notes, two forms of debt. The subsequent repayment of this debt and related interest costs is called debt service. Funding for repayment of debt is included in the Debt Service allocation of the annual operating budget. Third, full or partial funding for some projects is obtained from outside agencies.

## CIP DOCUMENT

This document represents a five-year capital investment program organized in three parts.

The first part is a financial summary overview of the recommended program. Categories, funding sources and Departments are summarized in this section.

The second part presents the project detail organized by eleven functional program types: Transportation (T), Public Waterfront (O), Water System (W), Public Safety (P), Parks and Open Space (S), Economic Development, Arts (E) and Culture (A), Public Facilities (F), Municipal Facilities (M), Business Equipment (B), and Non-Public Safety Fleet (N). Each of these types is further divided into Categories (e.g. E-1 Downtown Development). Categories may contain one or more projects (e.g. E-1 Center City Beautification, Midtown Redevelopment III).

Each program type is prefaced by a narrative description, a listing of new programs, and program changes.

Each project is described along with its cost and funding source for each year of the plan.

The third part contains appendices listing funding, program and departmental detail.

The ROC the Riverway program, announced by Governor Cuomo and Mayor Warren in February 2018, will consolidate up to 28 transformative projects along the Genesee River under a single concept to achieve synergy and leverage the value of Rochester’s riverfront.

The program has an initial State investment of \$50 million and is guided by the ROC the Riverway Advisory Board, which is led by Chamber of Commerce President Robert Duffy and Monroe Community College President Anne Kress.

A list of all projects included within the 2018-2019 Capital Improvement Plan that are relevant to the ROC the Riverway initiative is provided below. Please note: at the time of printing, the ROC the Riverway Advisory Board has not finalized their recommendations to the State for how to allocate the \$50 million in State funds.

## 2018-19 TO 2022-23 CAPITAL IMPROVEMENT PROGRAM

# TRANSPORTATION

The City maintains 537 centerline miles of streets. Preservation of the City's transportation network is achieved through reconstruction and rehabilitation of streets, bridges, sidewalks and curbs.

## New Projects

### T-2 Street Rehabilitation

- Breck Street added in 2019-20.
- Weaver Street added in 2020-21.

## Project Changes

### T-1 Arterial Improvements

- Dewey Avenue delayed to 2020-21 in conjunction with federal request.

### T-7 Bridges and Structures

- Pont-de Rennes Rehabilitation shifts to 2019-20 and 2020-21

**T-1 Arterial Improvements**

**131K Broadway (South Union to Goodman St South)**

This project involves the reconstruction of Broadway St. and Union St., installation of curbs, sidewalks, landscaping and street lighting, and drainage and water improvements. This road is an arterial highway in the City of Rochester and is eligible for County funding under section 131-k of the Highway Law. Adequate bicycle space will be designed into the planned improvements following the City of Rochester complete streets policy.

The Budget records personnel resources in a number of ways. First, individuals may be employed in either full time, part time, temporary, or seasonal capacities. A full time employee works a standard work week on a year round basis. The number of hours per week may vary depending on unit assignment and the nature of the job. Part time employees also work on a year round basis, but for fewer hours than the standard work week. Temporary employees work standard work weeks, but for a fixed period, usually not more than eighteen months. Seasonal employees work hours that are determined by the jobs to which they are assigned, usually for short periods, e.g., the summer. While most of the City's personnel resources are allocated to full time positions, use of part time, temporary, and seasonal positions provides an efficient and flexible means of meeting peak work load requirements. These "other than full time" positions are aggregated in departmental Budget presentations.

Secondly, all full time positions are recorded in the Budget by job title. In every unit with assigned personnel, a personnel summary display indicates the job titles assigned to that unit and the number of full time positions authorized for each title. All job titles are assigned to pay brackets that represent the compensation range for the position. The salary and wage schedules at the back of this section present the range for each bracket.

Overtime, the practice of extending work beyond the regular work week hours, is also explicitly accounted for in the Budget. Carefully managed overtime provides a flexible extension of the City's experienced workforce.

Finally, the Budget accounts for a Vacancy Factor, defined as the difference between the allocation actually required for personnel compensation, and that which would be required if every position were filled at all times. Some number of positions are unfilled at any given moment. Vacancy factors differ among units, based on the size of the unit and the turnover rates experienced.

Personnel resources are approximated in "Employee Years." Each full time position represents one Employee Year regardless of actual assigned hours, which vary. Part time, temporary, and seasonal positions are expressed as fractions of a full time Employee Year based on the number of hours to be worked in relation to the hours to be worked by a full time equivalent position or by salary averaging; fractions are to one decimal place, i.e., one-tenth of an Employee Year. Overtime and vacancy factors are similarly approximated.

The Employee Year allocations are approximated by adding that unit of measure for all full time, part time, temporary, seasonal, and overtime assistance and subtracting the vacancy allowance, as in the following example:

Employee Years	
Full Time Positions	21.0
Overtime	+1.7
Part Time, Temporary, and Seasonal	+2.3
LESS: Vacancy Allowance	<u>-1.1</u>
	=23.9

Some presentations in the Budget show the assignment of fractional full time positions (e.g., 1.5 full time positions) to reflect sharing of positions among various activities and the corresponding allocation of costs to each activity. This practice is common in the Department of Environmental Services, Bureau of Operations. Here workload requirements change throughout the year (e.g., from Leaf Collection in the fall to Snow and Ice Control in the winter). Summing these partial assignments from two or more activities will result in an accounting of 100% of the full time employees, as in the following example:

<u>Title</u>	<u>Activities</u>	
Crew Chief	Lots & Yards	1.2
	Work Orders	0.6
	Leaf Collection	0.3
	Snow & Ice Control	<u>0.9</u>
	Total Authorized	3.0

**DISTRICT - WIDE SUMMARY BUDGET 2018 - 19 PROPOSED BUDGET**

<b>REVENUE SUMMARY ANALYSIS</b>	
<b>STATE AID:</b>	<b>2018-19 Proposed</b>
<p><b>FOUNDATION AID</b> Foundation Aid is unrestricted aid to support the district's general operations such as salaries, benefits, utilities and other operating costs. Beginning in 2007-08, NYS combined a number of separate aid categories into Foundation Aid. These aid categories included: Public Excess Cost, Sound Basic Education, Extraordinary Needs, Limited English Proficiency and several categorical grants.</p>	\$434,491,807
<p><b>SPECIAL SERVICES AID</b> This aid supports certain occupational, marketing and business programs, in grades 10-12 and for approved data processing expenses pursuant to Regulations of the Commissioner.</p>	\$8,533,521
<p><b>SPECIAL EDUCATION – PUBLIC HIGH COST AID</b> Public High Cost Aid is provided for students with disabilities placed in public settings in the Rochester City School District and at BOCES. This aid is based upon approved costs, attendance and level of service.</p>	\$9,693,459
<p><b>SPECIAL EDUCATION – PRIVATE EXCESS COST AID</b> Excess Cost Aid is provided for students with disabilities placed in private special education settings such as St. Joseph's Villa and Crestwood Children's Center. This aid is based upon approved costs, attendance and level of service.</p>	\$9,694,524
<p><b>TRANSPORTATION AID</b> This aid provides up to 90% of the district's approved transportation expenses. Non-allowable expenses include: the transportation of non-handicapped pupils who live 1 1/2 miles or less from the school attended, and transportation for extra activities such as field trips, athletic trips, etc.</p>	\$66,004,354
<p><b>HARDWARE AND TECHNOLOGY AID</b> Computer Hardware and Technology Equipment Aid provides funding for the purchase and lease of micro and/or mini computer equipment; technology equipment; repair of equipment for instructional purposes; and training and staff development for instructional purposes.</p>	\$705,487
<p><b>SOFTWARE, TEXTBOOK AID AND LIBRARY MATERIALS</b> This aid provides funding for the purchase of computer software, textbooks and library material. The amount of aid is based on a per-pupil dollar amount.</p>	\$2,753,863
<p><b>CHARTER SCHOOL TRANSITIONAL AID</b> This aid partially offsets the cost of tuition that the district must provide for students attending Charter Schools.</p>	\$17,828,580
<p><b>CHARTER SCHOOL SUPPLEMENTAL BASIC TUITION AID</b> This aid partially offsets the cost of tuition that the district must provide for students attending Charter Schools.</p>	\$5,665,000
<p><b>BUILDING AID</b> This aid supports expenses associated with the construction of new buildings, additions, and/or modifications of existing buildings. Building aid is provided for projects which have received prior approval from the State Education Department.</p>	\$64,025,231
<p><b>OTHER STATE REVENUES</b> This category represents state funding that the local delegation in Albany has secured for the district. This category also contains aid for certain resident student placements including incarcerated youth detention centers.</p>	\$4,280,000
<p><b>STATE AID ADJUSTMENTS</b> This category represents adjustments for prior year aid monies owed to the district, contingency for prior year aid claims owed to the State, and revenue to offset the district's debt service under the State's Prior Year Claims Financing Program. This category also contains aid deductions for certain resident student placements, including intermediate residential treatment programs, and State supported schools for the Blind and Deaf. The State assumes 100% of the tuition costs for these placements.</p>	-\$1,210,320

<b>REVENUE SUMMARY ANALYSIS</b>	
<b><u>CITY REVENUES:</u></b>	<b>2018-19 Proposed Budget</b>
<b>REVENUES FROM THE CITY</b> The City of Rochester funding includes the State funded STAR program.	\$119,100,000
<b>MEDICAID REVENUE</b> The district receives partial reimbursement under Medicaid for support services provided to Medicaid eligible students with disabilities. The district receives a portion of the approved billable amount per service. The State recoups the remaining amount of federal Medicaid monies received by the district.	\$2,100,000
<b>OTHER LOCAL REVENUES:</b>	
<b>NON-RESIDENT TUITION FROM OTHER DISTRICTS</b> The district provides tutoring and other education services to non-resident students on a tuition/fee basis. The largest portion of these revenues is for tutoring services provided to non-resident students at several agencies in the area.	\$1,067,926
<b>HEALTH SERVICES REVENUE</b> The district provides health services to non-resident students attending private/parochial schools located within the district boundaries per NYS regulations. The district bills these costs back to the student's home districts.	\$1,750,740
<b>RENTAL AND USE OF BUILDINGS</b> This represents the fees charged to various groups for the use of buildings in accordance with district policy.	\$275,000
<b>CURRICULUM BASED PROGRAMS</b> Revenue generated by student curriculum programs such as the Work Experience Program.	\$35,000
<b>SALES OF OBSOLETE EQUIPMENT</b> This is revenue from sales of obsolete equipment and vehicles, in accordance with district policy.	\$75,000
<b>STOP LOSS REIMBURSEMENT FOR SELF INSURANCE</b> The District is self-insured for medical, dental, and workers compensation and has secured stop loss insurance policy for medical insurance. The District receives reimbursement for claims in excess of the stop loss limit.	\$450,000
<b>PRIOR YEARS REFUND</b> This revenue accounts for refund of prior year expenditures.	\$200,000
<b>STUDENT AND OTHER FEES</b> This revenue is earned through fees charged for Adult Education, rental of musical instruments and other miscellaneous fees.	\$60,000
<b>E-RATE REVENUE</b> Federal E-rate revenue is provided to reimburse school district telecommunications and internet system expenditures.	\$968,285
<b>EARNINGS - GENERAL FUND INVESTMENTS</b> This revenue from investments is earned by the district's cash management program.	\$75,000
<b>MISCELLANEOUS REVENUE</b> This represents revenues that do not fit in any other categories and are non-recurring.	\$340,568

**DISTRICT - WIDE SUMMARY BUDGET 2018 - 19 PROPOSED BUDGET**

<p><b>INDIRECT COSTS</b>                  Many grant-funded programs provide revenue to offset overhead costs, which the district incurs in the operation of grants. <b>GRANT TITLE</b>	<b>EXPLANATION</b>
<b>21<sup>ST</sup> CENTURY COMMUNITY LEARNING</b>	The 21st Century Community Learning Centers grant provides students at Schools #3 and #45 with a tiered support framework that balances academics, socio-emotional supports, health and wellness education, community outreach, and family education. The program is heavily individualized to provide each child with a unique set of enrichment activities and caring relationships. Community partners collaborate with the District to deliver a diverse array of support activities. This is Federally funded.
<b>EMPLOYMENT PREPARATION EDUCATION AID (EPE)</b>	This aid supports employment preparation programs such as: adult education, GED preparation, ESOL, and career education for pupils age 21 and older. This is State funded.
<b>ENCOMPASS: RESOURCE FOR LEARNING</b>	Reinvest in Youth - Educationally Enhanced (RIY-E2) is a collaborative partnership serving youth in a probation track as an alternative to detention. Through RIY-E2 youth in probation are served by a Core Professional Team to foster stability, build successful and positive relationships, promote academic growth and success, and facilitate positive engagement with the school and community.
<b>EXTENDED LEARNING TIME</b>	The Rochester City School District received a competitive grant award from the New York State Education Department to provide funding for selected schools to improve student outcomes by adding at least 25 percent more time to the academic calendar beyond the standard schedule, by extending the school day, week, year, or a combination thereof. Schools #8, #10, #22, #23, #41, #44, #46, and the Leadership Academy for Young Men are participants in this grant award. East school is working collaboratively with a partner Community Based organization, the district, and their school-based planning team to add 300 hours per year in Extended Learning Time to their individual school time schedules through academic and enrichment activities. This is State funded.
<b>EXTENDED SCHOOL YEAR (ESY) -SUMMER SPECIAL EDUCATION</b>	Extended School Year (ESY) services are designed to support a student with a disability as documented under the Individuals with Disabilities Education Act (IDEA) to maintain the academic, social/behavioral, communication, or other skills that they have learned as part of their Individualized Education Program (IEP). In order for a student to receive ESY services, the student must have evidenced substantial regression and recoupment issues during the previous IEP year. The focus of the services provided to the student as part of an ESY program are not on learning new skills or "catching up" to grade level, but rather to provide practice to maintain previously acquired or learned skills. The cost of the ESY program is reimbursed by the State at 80% with the remaining 20% funded locally. This is State funded.
<b>GREATER ROCHESTER HEALTH DISTRICT</b>	Greater Rochester Health Foundation grants that provide funding to schools to support healthy lifestyles through increased physical/nutritional activity.

**DISTRICT - WIDE SUMMARY BUDGET 2018 - 19 PROPOSED BUDGET**

<b>IDEA – INDIVIDUALS WITH DISABILITIES EDUCATION ACT</b>	Assistance to States for the Education of School-Aged (Section 611) and Pre-School Students (Section 619) with Disabilities -The Individuals with Disabilities Education Act (IDEA) is a United States federal law that governs how states and public agencies provide early intervention, special education and related services to children with disabilities. The purpose of IDEA is to provide students with disabilities a Free Appropriate Public Education (FAPE) that prepares them for further education, employment and independent living. These grants provide funding to assist with the additional costs to the District. This is Federally funded.
<b>IMPACT AID</b>	Federal Funds to help local school districts that educate federally connected children ie: the children of members of the uniformed services, children who reside on federal property or in federally subsidized low-rent housing, and children whose parents work on federal property.
<b>LIBRARY AUTOMATION</b>	NYS funds - Administrative Library Support salary and benefits current year
<b>LIBRARY AUTOMATION ROLLOVER</b>	NYS funds - Administrative Library Support salary and benefits prior year
<b>LIBRARY OPERATING</b>	NYS funds - Library Director salary and benefits current year
<b>LIBRARY OPERATING ROLLOVER</b>	NYS funds - Library Director salary and benefits prior year
<b>LIBRARY OPERATING SUPPLEMENTAL</b>	NYS funds for Supplies, Materials, System Costs, Travel necessary to run the libraries.
<b>LTG</b>	The NYS Learning Technology Grant Program promotes collaboration between public school districts and nonpublic schools of all denominations to increase the use of learning technology to improve student academic performance in relation to the New York State learning standards, process and content strands, key ideas and performance indicators in grades pre-kindergarten through 12; provide high quality professional development focused on increasing a teacher’s knowledge and skills in the use of learning technology; provide ongoing support for students to become technologically literate by 8th grade.
<b>MC CAREERS</b>	The CAREERS program, in collaboration with the Monroe County Department of Human Services, prepares individuals to meet workforce demands by offering training in various career fields. Students acquire new skills and have opportunities to earn industry recognized credentials that can result in employment and career advancement.
<b>MCDHS ADMIN SPECIALIST</b>	Monroe County Department of Human Services supports 50% of a Social Work position within the district under the job title Administrative Specialist and Education Liaison. The focus is to reduce truancy and other school related technical violations of Probation.

**DISTRICT - WIDE SUMMARY BUDGET 2018 - 19 PROPOSED BUDGET**

<b>MCKINNEY-VENTO HOMELESS YOUTH</b>	New York's Education for Homeless Children and Youth program provides support to ensure that homeless children and youth have equal access to the same free, appropriate, public education - including public preschool - provided to other New York children, with the opportunity to meet the same challenging state content and student performance standards. Every school district is required to have a liaison whose duties include the removal of barriers to the enrollment, attendance and success of homeless children and youth in school. The purpose of McKinney-Vento funding is to facilitate the enrollment, attendance, and success in school of homeless children and youth. Funding comes from the U.S. Department of Education, through the Education of Homeless Children and Youth Program authorized by the McKinney-Vento Homeless Education Act. McKinney-Vento grant awards are contingent on the annual state allocation.
<b>MENTOR TEACHER/ INTERNSHIP PROGRAM</b>	The Mentor Teacher internship Program (MTIP) provides the opportunity for beginning teachers to broaden and enhance their classroom teaching and related skills while participating in a productive, supportive and collegial mentoring experience.
<b>MY BROTHERS KEEPER CHALLENGE</b>	The My Brother's Keeper Challenge Grant addresses Goal 3- Graduating from high school ready for college and career, as evidenced by a closing of graduation rate achievement gaps for disadvantaged youth, primarily young men of color, and Goal 6- Reducing Code of Conduct Violations and providing a second chance, as evidenced by disadvantaged youth, primarily young men of color having a reduction in in-school and out-of-school suspensions and behavioral related referrals. Will assist with the implementation of the Code of Conduct and is closely aligned with two district-wide training initiatives- Restorative Practices and Relationship Model of Educational Intervention.
<b>OTDA EDUCATION RESOURCES</b>	The Educational Resources (ER) program is designed to assist social services districts in addressing the educational needs of their TANF eligible population and enable them to improve their literacy skills and become productive and successful in the workplace, home and community. Educational activities enable participants to become employed, qualify for a better job or meet the entry requirements for job skills training.
<b>OTDA MAKING A CONNECTION</b>	The Making A Connection (MAC) Academy program serves refugee young adults each year, with the goal of transitioning participants to secure and unsubsidized employment, connecting participants to area services and community partners, and providing them the resources, education, and networks necessary to achieve self-confidence and self-sufficiency in our community.
<b>PERKINS IV CAREER &amp; TECH</b>	The Perkins program supports the OACES Culinary CAREERS CTE Training, which is a full day contextualized program that integrates Culinary Skills Level I & Level II curriculum with critical reading, writing, and math required for the high school equivalency diploma. Students in the program directly apply their learning in the real world through the operation of a student run café on the OACES campus. In addition, an industry specific Advisory Board is laying the ground work for critical educational and employment pathways and opportunities for students.

**DISTRICT - WIDE SUMMARY BUDGET 2018 - 19 PROPOSED BUDGET**

<b>PERKINS IV SECONDARY</b>	Supports development of programs at Edison that: integrate rigorous academics with career and technical instruction; link secondary education and postsecondary education to prepare students for high-skill, high-wage, high-demand occupations in current or emerging occupations; and, enable participating students to meet or exceed Perkins performance standards.
<b>PREGNANCY ASSISTANCE FUND</b>	Federal Flow-through funding for pregnant students that provides parenting skills and baby supplies.
<b>PRE-K EXPANSION 3 &amp; 4 YEAR OLDS (Full Day 3 year olds)</b>	Expanded Pre-Kindergarten is a grant from New York State that targets the youngest students yet. The grant funds three-year old high-need city residents to attend full-day three-year old programs modeled after the Universal Prekindergarten programs. Students qualify for this program by having met one of three criteria: having an IEP, ELL status, or qualifying for free and/or reduced lunch program. The program is offered at RCSD sites and Community Based Organizations. This is State funded.
<b>PRE-K UNIVERSAL</b>	Universal Pre-Kindergarten supports the District's efforts to provide environments and experiences in socialization, early literacy and motor skill development to all eligible 4 year old children, including those with disabilities and children whose home language is other than English at Rochester City School District sites and Community Based Organizations that are contracted and supervised by the District. This is State funded.
<b>PRE-SCHOOL RELATED SERVICES -SPECIAL EDUCATION</b>	Pre-School Related Services which include speech, OT and PT.
<b>PRE-SCHOOL ADMINISTRATION -SPECIAL EDUCATION</b>	Offsets CPSE Administration and Committee costs
<b>PRE-SCHOOL INTEGRATED HANDICAP -SPECIAL EDUCATION - Section 4410</b>	Section 4410 provides a portion of the resources for mandated Pre-School Special Education programs and services. Pre-School Integrated/Handicapped classrooms
<b>PRE-SCHOOL S.E.I.T. -SPECIAL EDUCATION</b>	Special Education/Itinerant Teacher (S.E.I.T.) services
<b>PRIMARY PROJECT</b>	Primary Project is a national evidence-based program that helps children in pre-k through third grade adjust to school, gain confidence, social skills, and focus on learning. Through play, Primary Project addresses children's school adjustment difficulties and increases their chances for success.
<b>PTECH PATHWAYS IN TECHNOLOGY</b>	The New York State Pathways in Technology Early College High School (NYS P-TECH) program located at the Edison campus, prepares students for high-skills jobs of the future in technology, manufacturing, healthcare and finance. The model incorporates a six-year program that combines high school, college and career training and is targeted to at-risk, disadvantaged students.
<b>RECEIVERSHIP</b>	The New York State Education Department allocated funds specifically to support and implement turnaround efforts for Priority Schools that have been identified as "Persistently Struggling Schools". These schools have been placed under the sole authority of a 'Receiver'. Each school's 'Receiver' has an initial one-year period to use the enhanced Receivership authority, and the allocated funds, to make demonstrable improvement in student performance at each Persistently Struggling School, or have the State assume school control. This is State funded.

**DISTRICT - WIDE SUMMARY BUDGET 2018 - 19 PROPOSED BUDGET**

<b>RSETACS SPEC ED TECH ASST CTR</b>	The purpose of this grant is to fund the Regional Technical Assistance Center to provide a coordinated system of high quality technical assistance, training, information dissemination and professional development to the Rochester City School District to improve instructional programs and practices for students with disabilities, particularly in the areas of literacy, behavioral supports and interventions, specially designed instructional practices and transition planning and activities.
<b>SCHOOL FOR DEAF STATE TUITION</b>	Aidable operating expenses for approved educational programs provided to State-supported students.
<b>SCHOOL HEALTH SERVICES</b>	The purpose of the School Health Services grant is to provide the following: Mandated first aid, Emergency services, Screening, Contagious disease management, Services to children with special health concerns, and Documentation and State reporting. This is State funded.
<b>SES- 1003(A)TITLE I SCHOOL IMPROVEMENT GRANT</b>	The School Improvement Grants under Section 1003(a) provide financial assistance to Title 1 schools. The purpose of the Socioeconomic Integration Pilot Program was to increase student achievement in Priority and Focus Schools by encouraging greater socioeconomic integration in these schools. Schools were #50 and Edison. Funding from the US Department of Education flows through the NYS Department of Education, who awards grants to individual school districts.
<b>SIG - TITLE I SCHOOL IMPROVEMENT GRANT - 1003(g)</b>	The School Improvement Grants under Section 1003(g) of the Elementary and Secondary Education Act of 1965, or SIG, provides financial assistance to the lowest achieving schools to significantly raise student achievement through the implementation of one of four recognized school intervention strategies (turnaround, restart, school closure, and transformation). Funding from the US Department of Education flows through the NYS Department of Education, who awards grants to individual school districts. This is Federally funded.
<b>TEACHER CENTERS</b>	Within available state appropriations and subject to the procedures established in Education Law Section 31, funds are used to plan, establish and operate teacher resource and computer training centers.
<b>TEACHERS OF TOMORROW</b>	This grant provides a variety of incentives that encourage teachers to teach in a school district that is experiencing a teacher shortage or to teach in a subject area that is experiencing a teacher shortage. This is State funded.
<b>TITLE I FEDERAL ESSA</b>	The purpose of Title 1, Part A is to "ensure that all children have a fair, equal, and significant opportunity to obtain a high-quality education and reach, at a minimum, proficiency on challenging State academic achievement standards and State academic assessments". RCSD is a school-wide Title I Program and is required to deliver services to all students with a continued focus on students with the greatest need. Funds are generated based on poverty criteria of free and reduced lunch eligibility. Use of funds is determined by need. All Title I expenditures must be supplemental and not supplant required services and materials. The District is required to set aside 15% of the Title I funds for School Improvement activities as defined by NYSED. This is Federally funded.

**DISTRICT - WIDE SUMMARY BUDGET 2018 - 19 PROPOSED BUDGET**

<b>TITLE I SCHOOL IMPROVEMENT GRANT 1003(a)</b>	The School Improvement Grants under Section 1003(a) provide financial assistance to Title 1 schools.
<b>TITLE IIA FEDERAL ESSA</b>	The purpose of Title IIA is to meet NCLB highly qualified teaching requirements, by: Providing high quality professional development to ensure teachers become, and remain, highly effective in helping all students learn and achieve high performance standards; Meeting 'highly qualified teacher' requirements for core course teaching through effective teacher recruitment, retention and professional development practices; and Ensuring strong instructional leadership through effective principal recruitment, retention and professional development practices. This is Federally funded.
<b>TITLE III BILINGUAL</b>	The purpose of Title III is to support and enhance the education of students who are English Language Learners (ELL) in all aspects of the English language and literacy development in order to promote academic achievement in all areas and lead to graduation and post-high school success. More than 11% of the student population of the Rochester City School District is English Language Learners (ELL), and the predominant non-English language group is Spanish. Other languages spoken by RCSD students include Somali, Burmese, Arabic, Korean, and Chinese. RCSD programs receiving funds from Title III include Bilingual programs, Learning English through Academics Program (LEAP), Dual Language, and Free Standing ESOL. This is Federally funded.
<b>VIOLENCE PROTECTION EXTENDED DAY</b>	The primary purpose of the ESD/SVP Program is to provide support to students through extended school day activities and/or school safety programs which promote violence prevention.
<b>WIA TITLE 2- ADULT ED</b>	The WIA Adult Literacy program supports instruction in adult basic education, English for Speakers of Other Languages, and adult secondary education leading to a New York State high school equivalency diploma. The program is designed to support adults to become literate and obtain the knowledge and skills necessary for employment, retention of employment, and self-sufficiency. The program is also designed to assist adults in obtaining the educational skills necessary to become full partners in the educational development of their children, complete their own secondary school education, and assist them as they transition to postsecondary education or training.
<b>WIA TITLE 2- ESOL/CIVICS</b>	The English Language and Civics program provides English literacy services in an integrated program of services that incorporates English literacy and civics education. Civics education is defined by the USDOE as an educational program that emphasizes contextualized instruction on the rights and responsibilities of citizenship, naturalization procedures, civic participation, and U.S. history and government to help students acquire the skills and knowledge to become active and informed parents, workers, and community members.
<b>WIA TITLE 2- INCAR &amp; INSTIT</b>	The WIA Corrections program provides academic services for basic education, special education, English literacy, and secondary school credit programs to serve individuals who are likely to leave the correctional institution within five years of participation.

**Explanation of Changes to the Budget**

The proposed 2018-19 Rochester City School District Budget increased to \$915.9M from the 2017-18 December Amended Budget of \$900.4M; this represents an increase of \$15.5M or 1.7%. The District revenue is comprised of \$622.5M (68.0%) in State Aid, \$119.1M (13.0%) in City Revenue, \$2.1M (0.2%) in Medicaid Revenue, \$14.9M (1.6%) in Other Local Revenue Sources, and \$20.0M (2.2%) of Appropriated Fund Balance for the General Fund, \$112.9M (12.3%) in Grants and Special Aid Fund, and \$24.5M (2.7%) in Food Service Revenue.

The overall budget increase of \$15.5M was funded by increases of \$33.0M in New York State Aid, \$0.5M in Food Service Revenue, and the use of an additional \$2.5M from Fund Balance in the General Fund. These revenue increases were offset by reductions of \$15.8M in the Grant and Special Aid Fund and \$4.7M in other local revenue (RJSCB QSCB Subsidies and Capitalized Interest).

The District projects Total Salary and Other Compensation costs to increase to \$543.3M from \$525.7M, this represents an increase of \$17.8M or 3.4%. Total increase in teaching staff salaries was \$8.3M, which account for 70% of the overall salary increase. Increases were attributable to contractual teacher salary increases, additional permanent and substitute teachers for Reading, Math, Special Education, English for Speakers of Other Languages (ESOL), Counselors, Social Workers, and Intervention Prevention Teachers to help students. These teachers will ensure adequate support for the student population. Contractual salary increases were incorporated in the budget for the five bargaining units based on the collective bargaining agreements, and a mutually agreed one year extension with three bargaining units.

Employee Benefits cost in 2018-19 will increase from \$152.4M to \$157.3M, an increase of \$4.9M or 3.2%. Retirement System costs are expected to increase by \$1.2M as a result of increases in the School District payroll for members of the New York State Employee Retirement System and the Teachers Retirement System. Other increases include \$1.1M in Social Security and other benefits due to projected costs increases for contractual obligations. Health and Dental Insurance is projected to increase by \$1.5M due to rising usage and medical claims as a result of being self-insured. Other benefit items showed a net change of \$1.1M resulting in small increases and decreases in various items.

Fixed Obligations with Variability will increase by \$1.1M to \$167.8M in 2018-19. Contract Transportation will decrease by \$1.2M to \$66.1M as a result of busing route changes. Charter School tuition costs will increase by \$2.4M to \$79.5M and Special Education School tuition costs will increase by \$0.4M to \$20.0M; this increase is attributable to projected enrollment growth of about 400 additional students in the Charter Schools and potential increases in Charter School growth and tuition rates for both Charter School and Special Education. Total of all other items showed a net increase of \$0.6M as a result of minor changes in each item.

The Debt Service budget will increase by \$7.5M to \$69.8M to reflect changes in the District's debt schedule. This increase is driven largely by the impact of funding the Facilities Modernization Plan projects.

The District anticipates that Cash Capital Outlays expenditures will increase by \$0.6M to \$17.4M in 2018-19. The School District will keep \$10M in Cash Capital Expense which is the result of the City of Rochester requirement for the School District to invest in capital expenditure of at least \$10M each year.

Facilities and Related expenses as a whole will decrease by \$1.1M to \$41.4M. Utilities, Facilities Service Contracts, Rentals, Maintenance Repair Supplies, and Auto Supplies had increases totaling about \$1.0M. While Instructional Supplies, Equipment Service Contracts & Repairs, Postage and Print/Advertising, Supplies and Materials, Custodial Supplies, and Office Supplies have a total decrease of \$1.9M.

Technology expenses is projected to decrease by \$0.3M to \$2.9M. The District plans on purchasing less Computer Software.

All Other Variable Expenses as a total will decrease by \$9.6M to \$73.0M. This is largely due to a decreases of \$0.2M in Miscellaneous Services, \$2.9M in Professional and Technical Services, \$0.7M in Agency Temporary Services, \$0.2M in Departmental Credits, \$0.4M in Indirect Cost related to grants, \$0.7M in Professional Development, and \$4.8M in BOCES services. There were offsetting increases of \$0.3M in Inter-fund Expenses related to Pre-K Special Education and Grant Disallowances.

**MULTI-YEAR PROJECTION**

**OVERVIEW**

The multi-year projection represents a forecast of the District’s revenue and expenditures for the next three fiscal years. The projections shown allow the District to begin the planning process to solve for anticipated future deficit years.

New York State educational funding, which accounts for 68% of revenue, is the primary factor determining revenue growth. As such, future revenue budget projections will be greatly influenced by the level of NYS Aid. Another important factor is grant funding. This analysis assumes a stable level of grant funding and anticipates the loss of competitive grants in future years. Closing future year budget gaps will require a commensurate reduction in expenditures funded by those grants or new grant revenue to sustain the activities and services. The District continuously pursues new grant opportunities to fund our academic priorities.

**ASSUMPTIONS**

Based on historical trend analysis and contractual commitments, the District utilizes the following annual rates of increase and other assumptions to develop the projections:

<b>Assumptions</b>	<b>Projected 2019-2020</b>	<b>Projected 2020-2021</b>	<b>Projected 2021-2022</b>

CPI	1.50%	1.50%	1.50%

MULTI-YEAR PROJECTION

**Closing the Deficit**

Based on the multi-year projection assumptions, the District anticipates a deficit situation in future years due to rising expenses that outpace projected revenue increases. New York State law mandates that the District maintain a balanced budget. As such, the projected deficits for each year will be closed through actions taken in the budget process, and the projected budget gap for subsequent years will be reevaluated and revised each year.

**Revenue**

The Rochester City School District is a fiscally dependent school district and therefore cannot levy taxes. The District can impact revenue in the following ways:

- Lobbying state government officials to fully fund proposed Foundation Aid increases
- Lobbying state officials to increase other supports for education
- Lobbying local government officials to continue their support of the District’s needs
- Searching for and securing additional grant funding

**Expenses**

The District continues to focus on automating operations, partnering with other government entities and businesses and cost-cutting initiatives such as:

- Working with our union partners to develop innovative cost-savings labor agreements
- Leveraging the Facilities Modernization Program to develop cost-efficient school structures
- Negotiating agreements to minimize health insurance and other contractual services costs
