Wednesday, November 13, 2019

## Attachment INT. Interpretations

### § INT-3. Interpretation: 01-05-06.

**Interpretation: 01-05-06**

**Subject: Designated Buildings of Historic Value**

**Issue Date: November 8, 2005**

**Question:** What buildings are classified as Designated Buildings of Historic Value pursuant to the Zoning Code definition in Section 120-208?

**Facts:** The Zoning Code (§ 120-208) defines Designated Building of Historic Value as "a building that is listed in the City of Rochester's Historic Resources Survey that includes properties on the National Register or which are contributing properties in a national or local historic district as filed in the City Clerk's Office."

**Analysis:** In 1986, while on contract with the City of Rochester, Mack Consulting Associates completed a citywide Historic Resources Survey. The survey includes the identification of all properties listed on the National Register of Historic Places and those that appear to meet the criteria for listing. The survey was prepared in accordance with federal standards for locating and identifying historic properties and the Secretary of the Interior's Standards and Guidelines for Archaeology and Historic Preservation. This list was accepted by the NYS Historic Preservation Office (SHPO) as the City of Rochester's Historic Resources Inventory and incorporated it in its entirety into the SHPO data base.

The Mack Survey was updated in 2000 resulting in additional properties being recommended for inclusion into the City of Rochester Historic Resources Survey.

**Determination:** The City of Rochester's Historic Resources Survey, as referenced in the definition of Designated Buildings of Historic Value per Section 120-208 of the Zoning Code, is comprised of all the properties listed in the Mack Survey together with the properties listed in the document entitled, "Historic Resources Survey 2000, Recommended Properties." These properties are therefore Designated Buildings of Historic Value. The Mack Survey and its update are filed with the City Clerk.

Re: Saint Mark's and Saint John's Episcopal Church  
1245 Culver Road  
Rochester, Monroe County

Dear Ms. McManus:

I am pleased to inform you that the above referenced property has been listed on the National Register of Historic Places. As you may know, the National Register is the nation's official list of properties worthy of preservation. Listing on the National Register recognizes the importance of these properties to the history of our country and provides them with a measure of protection. In addition, owners of income producing properties may qualify for federal income tax benefits. Properties owned by municipalities and not-for-profit organizations are eligible to apply for state historic preservation matching grants.

If you would like more information about any of these programs, please write to the Historic Preservation Field Services Bureau or call us at (518) 237-8643. Field Services Bureau staff maintains a continuing interest in all registered properties and will be happy to answer any questions you may have.

Sincerely,

Ruth L. Pierpont  
Director  
Historic Preservation  
Field Services Bureau
