

**NORTH**

- Maintain existing parking
- Remove right turn lane to provide bike accommodations
- Reduced tree lawn width planted with trees that thrive in urban streetscapes

**MIDDLE**

- Maintain western tree lawn
- Remove under utilized parking
- Provide parking on east side only
- Provide dedicated 5' wide bike lanes both sides

**SOUTH**

- 11' wide drive lane to reduce sideswipe accidents
- Shared use bike lanes
- Improved Intersection Geometrics
- Reduced width at Scottsville Rd/Elmwood Ave
- Removed Genesee Street Southbound Lane
- Removed Slip Ramp

Increased tree lawn area  
Remove right turn lane

Intersection with curb bump-outs  
Marked crosswalk  
Rapid Rectangular Flashing Beacons

Curb bumpouts to narrow the corridor, slow traffic, protect parking areas and prevent cars from parking too close to the intersection
