## 2022 Annual Report on Police Complaints

---

Between **January 1** and **December 31, 2022**, Police Department personnel responded to **299.093** calls for service, for a total of **369,774** responses by Departmental units. (A response refers to each individual officer involved in the call for service). This activity resulted in the initiation of **12** citizen complaints of misconduct.

Sometimes a complaint will involve several allegations of misconduct arising out of the same incident. For example, a citizen may file a complaint alleging that an officer put the handcuffs on too tightly, sprayed him with ASR, and was discourteous. This amounts to one complaint, which will be counted as three allegations.

The types of cases investigated by the Professional Standards Section include Citizen Complaints and Departmental Investigations. Misconduct that meets certain criteria may be resolved through the Command Discipline process. During the course of an investigation, Satellite Issues, alleged misconduct that is not part of the original complaint, may be discovered. These Satellite Issues will be addressed along with the original complaint.

The following findings apply to all allegations:

- Exonerated - Conduct was lawful, justified and proper.
- Sustained - The conduct occurred and amounted to misconduct or misjudgment.
- Unprovable - There is insufficient evidence to prove or disprove the allegation.
- Unfounded - The act apparently did not occur.
- Office - An allegation is closed because a complainant fails to cooperate with the investigation and there is not enough evidence available to draw a fair conclusion and apply a finding.

Following are figures reflecting investigations and C.R.B. reviews initiated by the Professional Standards Section through the **Fourth** quarter of **2022** and the percentage of change when compared to the previous year's totals.
