PUBLIC MEETING NOTICE

You are invited to attend a Public Information Meeting for the Water Bureau's 2022-2B Lead Service Line Replacement Project

DATE: **Tuesday, April 18, 2023** TIME: **5:30 PM**
LOCATION: **Zoom Video Webinar**
LINK: <https://cityofrochester.zoom.us/j/87897991979>
Webinar ID: 878 9799 1979
Telephone for Audio Conference: (Toll Free) **833-548-0276 or 888-788-0099**

AND/OR:

DATE: **Wednesday, April 19, 2023** TIME: **6:30 PM**
LOCATION: **In-person meeting**
Bureau of Water
10 Felix St, Rochester, NY 14608

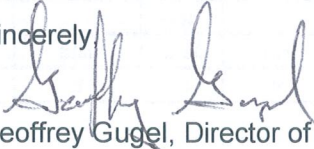

Agenda: These meetings will include a presentation for the above referenced project. This project involves replacing existing lead, lead lined, and galvanized water services from the water main to the curb shut off valve and curb shut off valve to basement with new polyethylene water service tubing on the streets listed below. The work includes surface restoration of disturbed areas as well as final chip seal treatment of selected streets. Residents, property owners, and business owners are encouraged to attend this meeting.

The City invites you to attend one or both of these important meetings. We look forward to meeting you and welcome your comments. If you are unable to attend, please visit the project website for a PDF of the presentation at cityofrochester.gov/leadservice that will be posted after conclusion of these meetings.

Today, there is a growing awareness that some homes have lead in their water pipes, fixtures, and indoor plumbing. Lead presents health concerns for people of all ages, particularly pregnant women, infants and young children. The surest way to protect against lead in water is to get the lead out by removal and replacement of piping that may contain lead. For information on the impacts of lead in drinking water visit the City of Rochester's website at:

<https://www.cityofrochester.gov/drinkingwatersafety>

To obtain additional information about this meeting please contact Nick Wynne at (585) 428-7049 or Nicholas.wynne@cityofrochester.gov

Sincerely

Geoffrey Gugel, Director of Water

The following addresses are currently scheduled to have lead, lead lined, or galvanized services which will be replaced as part of this project:
