IN COMMON COUNCIL.

FOR 1863-4.

In Common Council---April 6th, 1863.

ORGANIZATION OF THE NEW BOARD.

Present—His Honor the Mayor, Aldermen Spencer, Cram, Darling, Rowley, Buell, D. D. T. Moore, St. John, Darrow, Bromley, Warren, Hoffman, O'Maley, H. G. Moore, Upton, Fish, Warner, Mordoff, Chapman, Sidler, Flynn, Hebing, McQuarters.
Absent—Aldermen Palmer and Ernst.

Prayer by Rev. Dr. Pease.
His Honor the Mayor, N. C. Bradstreet, then delivered the following.

INAUGURAL ADDRESS:

Gentlemen of the Common Council:

No privilege possessed by a free people should be more dearly prized or jealously guarded than that of the election of their own rulers. It is an essential requisite of a free government. As such, it was contended for by our forefathers, and triumphantly vindicated and established by that successful struggle which gave us prominence among the nations of the earth.

No more sublime spectacle in human affairs can be presented than that of a free and intellican be presented that that of a free and intelligent people, after the exciting turnoil of a heated party contest, cheerfully submitting to the will of the majority, and devoting themselves to their usual avocations and pursuits until another opportunity is presented to them of again advocating their peculiar measures, and referring them once more to the effective of

referring them once more to the suffrages of their fellow-citizens, for their decision. Had this principle been observed, we should not at this moment regret the existence of that accursed rebellion and sacrilegious attempt to destroy our Union, initiated and prosecuted without reason or cause by unprincipled traitors, for their own imagined aggrandizement.

In accordance with the verdict of the people, made known by their free suffrages, we this day inaugurate for our beloved city another municipal year.

Representing immediately and respectively your several Wards, it is nevertheless your duty

your several wards, it is nevertheless your duty to legislate for, as you will be held responsible to, an undivided Corporation.

The Charter, which is the written will of the citizens, and with which it is incompatible with a satisfactory and faithful discharge of your public duties here, to allow yourselves to remain unfamiliar, limits and proscribes the varied duties incumbent on this Board.

Although obtaining your high and honorable

Although obtaining your high and honorable positions of trust by a victory won in the ardor of an exciting political contest, you are expected now, if perchance they have been entertained, to lay aside any undue sentiments of partizanship; remembering that our friends and fellow

citizens have conferred upon us confidence and authority for the purpose solely of promoting the general welfare and the public good.

In the prosperity of our City we have a common interest. The welfare and happiness of its citizens should be our great solicitude; in the success of its various and increasing manufacturing and mechanical interests; in its commercial trade, constantly anguanting; in its architectural embellishment. menting; in its architectural embellishments, the improvement of its streets and public parks; in the triumph of its munificent school system; in fostering and aiding by personal effort its numerous charitable institutions; in the promotion of those social and high moral virtues which are everywhere and forever the standards and criteria of true prosperity, but one senti-ment should animate your mutual efforts— namely, to throw the weight of your personal and collective influence into the scale of their advancement.

The responsible duties which you now assume, you will find at times perplexing and burdensome, and your reward will be the consciousness of fidelity. By the wisdom and energy of our predecessors, the ordinary business of the Board has been greatly systematized, and experience will soon render its routine familiar to you. Your labors are mostly consummated in committees, thus measurably facilitating your duties in the Board. Prompt and energetic action in committee—reports completed and reception department of the property of the pr and resolutions drawn—the special labor of each member is to a great extent performed, and you are prepared to listen to and take part in every subject brought before you for your action and deliberation.

It devolves upon the Chief Magistrate of the city to see that the laws of the State within our city limits, and the ordinances of the Common Council, be faithfully executed; to exercise a constant supervision and control over the conduct of all subordinate officers, and to examine into all complaints against them for neglect of duty; to recommend to the Common Council such measures as he shall deem expedient; and in general, to maintain the peace and good order and advance the prosperity of the city.

To us is confided the management and con-

To us is confided the management and control of the fiscal and prudential affairs of the Corporation, and of all property, real and personal, belonging to the City, with authority to make such orders relating to the same as shall be deemed necessary and proper.

We are required to examine, settle and allow all accounts chargeable against the city, with power to direct the raising of such sums as shall be necessary to defray the same, and the contingent expenses of the City, subject to the limitations and restrictions of the Charter. Also to raise annually by tax, with the general taxes to raise annually by tax, with the general taxes

of the City, an amount sufficient to pay the inof the City, an amount sunicent to pay the Interest upon all the bonds issued by the City, and also all the principal, or instalments of principal of said bonds falling due within the then current fiscal year, for the payment of which, provision shall not be otherwise made; also a sufficient sum at the same time and in like manner, subject to the requirements of the Charter, for the support of the Common Schools; also a sum equal to two per cent. on the funded debt, and a sum equal to the interest on the same, all to be applied to the credit of the sinking fund for the purpose of liquidating said funded debt and the interest thereon.

The various and multiplied forms of taxation

rendered absolute and necessary by the existence of civil war, call upon you for the exercise of profound wisdom, zealous prudence and ever watchful care in the administration of the fiscal

affairs of the Corporation.

The constant and steady growth of our city in population, and in all the varied material interests which inure to the healthy advancement of its wealth and greatness, demands of its rulers an united and consecrated effort to perpetuate the blessings we enjoy.

Among the public interests immediately under your care and supervision, and of paramount importance, may be mentioned the departments of finance," "Police," "support and relief of the poor," the "fire department," and "public

improvements."

The published report of the late worthy and efficient City Treasurer exhibits a full and complete statement of the financial affairs of the corporation, and your careful attention is directed to it. It will be observed that twenty bonds of \$1,000 each, Alms House stock, issued January 1st, 1839, and one bond of \$2,000, Rochester and Genesee Valley Balland at the hoster of the star and Genesee Valley Balland at the hoster of the star and Genesee Valley Balland at the hoster of the star and Genesee Valley Balland at the hoster of the star and Genesee Walley Balland at the hoster of the star and Genesee Walley Balland at the star and ester and Genesee Valley Railroad stock, mature within the present fiscal year, for the payments of which, when due, the Comptroller will have ample means. But five other bonds of \$1,000 each, issued prior to July 1st, 1850, remain un-

It is urgently recommended that the first issue of fractional checks be called in, redeemed and destroyed, and the emission of the new checks, if necessary at all, be limited strictly to the de-

mand of our citizens.

Although receiving their appointment from Mayor, the Police are required to obey your orders in entorcing the laws of the State and the ordinances of the city, under penalty. Pollice regulations, so indispensible to the peace and good order of the city government will merit and receive attention and effective considera-

By virtue of your offices, Overseers of the Poor for the city, with adequate power and authority, a faithful and kindly interest is invoked, in the support and relief of the indigent and truly needy. The sum annually raised for the credit of the poor fund is \$12,000. The amount received from excise and other sources aveages nearly \$8,000 yearly. Thus is placed at your disposal the munificent sum of \$20,000 for annual

disbursement in the sacred duty of alms.

The reorganization of the Fire Department may now be considered as fully completed on the "pay" and steam fire engine system.

Not more than two, if any, of the hand engines will long remain in service to remind us of the brilliant career in Rochester of the old volunteer department. The pre-eminent effi-ciency of the present system is past a doubt— his economy, as regards expense, is yet an ex-periment. Our regions connection for the most periment. Our zealous cooperation for the most prudent and proper management of the Department will be indispensible to merit public favor.

The subject and statistics of Public Improve-

ments (using the term as implied by the Charter) have so often been laid before the public in the able and interesting reports of Committees from previous Boards, that scarcely anything can be said by me with which you are not already con-

versant.

Suffice it to say that in 1856, a citizen of acknowledged public spirit, indomitable will and estless energy of character was returned to th Board of Aldermen, under whose auspices was inaugurated a system of local improvements which the growth and prosperity of our city appeared to demand. Since that time, exclusive of the year just passed, an expenditure of \$345, 242 has been made by local assessments in perfecting extracting army blocal assessments in perfecting extracting army blocal assessments in perfecting extracting army blocal assessments in perfecting our public streets and walks.

Buffalo and Main street, the great central avenue of the city, thus far successfully eluding the transforming and beautifying touch of the contractor's magic hand, must soon yield its prejudice to the genial sway of public sentiment. Mt. Hope Avenue, Allen and some other streets of less importance merit your attention with a

view to improvement.

For the condition, extent, number, &c. of streets and bridges, you are referred to the able and comprehensive report of the Committee on "Streets and Bridges," just made to the last

Board.
The "Public Health" is a subject that will, without suggestion from me, receive your prompt and early consideration. No necessary prompt and early consideration. expense should be spared in preserving the high repute of Rochester in this respect.

Allow me for a moment to revert to the early history of our city, rather for veneration than instruction.

From the recent origin of Rochester, many who contributed to its early interests, remain to behold and enjoy the results of well directed enterprise.

The revolutionary patriot to whom the city owes its appellation, forms, however, an exception to this remark. The name of the venerable Nathaniel Rochester, belongs to the honored

dead.

In 1802 Col. Rochester, with others, purchased what was called the "Hundred Acre Tract." It was not till 1812 that this "Tract" was planned as the nucleus of a settlement under the name of "Rochester," after the senior proprietor. The first dwelling was erected upon it in that year by Hamlet Scrantom, (father of Ex-Mayor Scrantom) on the site of the late Eagle Hotel. In the same season our venerable fellow citizen Abelard Reynolds, was appointed Postmaster. In 1816 the first religious society (Presbyterian) was formed, consisting of sixteen members. A small paper called the Rochester Gazette was commenced. The population then numbered

sman paper caned in Rochester Gazette was commenced. The population then numbered three hundred and thirty-one. In the Spring of 1817, the village of Rochester-ville was incorporated (changed in 1819 by an act of the Legislature to "Rochester," the original

name) from which period its commencement

may be fairly dated.

Seventeen years of varying but ever increasing prosperity elapse, and June, 1834, witnesses the first organization of Rochester under a city charter, and our late lamented fellow-citizen, the Hon. Jonathan Child, its first Mayor; the State Census, early in 1835, showing an increase in population to between fourteen and fifteen thousand. In his inaugural address on that occasion the Mayor remarked: "Rochester has been settled and built, for the most part, by mechanics and merchants whose capital was ECONOMY, INDUSTRY, and PERSEVERANCE. It is charter, and our late lamented fellow-citizen, mechanics and merchants whose capital was ECONOMY, INDUSTRY, and PERSEVERANCE. It is their labor and skill which have converted a wilderness into a city; and to them surely this must be a day of pride and joy. They have founded and reared a city before they have passed the meridian of life. In other countries and times the City of Rochester would have been the result of the labor and accumulations of successive generations; but the men who felled the forest that grew on the spot where we are now assembled, are sitting at the Council Board of your city."

Since then a generation has passed away, and the voices of three of the former chief magis-

the voices of three of the former chief magistrates of the city are forever silent; while the others are spared to behold to-day, through the smiles of a benign Providence, and the wisdom of their own counsels and the beneficence of their own acts, a flourishing and prosperous either own fifty thought sails.

city of more than fifty thousand souls.

Let it be our earnest and solemn endeavor to merit for ourselves and for our fellow-citizens, and to perpetuate to posterity the inestimable blessings they have bequeathed to us. Mingling with us as most of them are in the daily, social and political affairs of life; and ever with us are set in council, beholding from these pictured walls, with an almost living interest, our public deliberations and conduct, let us while we revere their memories ever strive to emulate their noble virtues.

In presiding, gentlemen, over your deliberations, I shall endeavor to do my duty strictly, fairly, and impartially. In its performance I shall depend largely upon your generosity and forbearance. By mutual concessions and support we shall avoid all unpleasantness and ill realing and work together better and more according to the street of the street o feeling, and work together better and more acceptably for the public good.

Let us so comport ourselves that we betray not in the least degree the sacred trusts confid-ed to our hands, so that when the time arrives when we are called upon to surrender to the which we are canet upon to saffender to the people who gave them, the powers with which we are now clothed, we may be entitled to the reward of good and faithful servants, and retire from the positions we now occupy, with a proud consciousness of self-respect and duty well performed.

And may it be our good fortune during our official term, to witness the restoration of peace and prosperity to our beloved country. May truth and justice triumph, treason be crushed, rebellion vanquished; and may that God who led our fathers safely through the blood of Revolution to the establishment of a glorious freedom, preserve and bless our country and its institutions to the latest posterity.

By Ald. Hoffman-Whereas the substitution of steam fire engines for the extinguishment of

I fires is fast displacing the almost life-long and time-honored hand machines, thereby saving a large amount of the most intense labor which man is capable of performing, and in the per-formance or which he is sacrificing his health, and in many instances placing his life in jeopardy; and

Whereas, This city has now four first class steam fire engines, all of which are well equipped, located and in complete working order and in the opinion of your Committee, possessing all the motive power for the suppression of fires which, under any emergency, they may be re-

quired to perform; and
Whereas, The appropriation allowed by the
Charter for the annual support of the Fire Department, and which is now overdrawn about \$9,000, is not sufficient to defray the expenses of retaining both steam and hand engines in service, to dispense with the former would not for an instant be permitted by our citizens, and to carry on the Department successfully and upon the most approved system as regards efficiency. the most approved system as regards efficiency and economy—it would as a matter of necessity require a reduction of some portion of the volunteer hand department, and your Committee have come to the conclusion that it is their duty to recommend such a reduction.

It may not be known to all the members of the Board that only two of the volunteer fire companies in the Department are located in houses belonging to the city, and hence the city is paying a large amount in rents, appropriations, repairs and other expenses for the services of such companies, whose further services the Department do not seem to require.

It may be said by some that these companies are needed for fire purposes in the neighborbood where they are now located. Your Committee have looked at this matter carefully, and have come to the conclusion that the steam fire engines, located as they are, and the means used in getting them to fires, are as generally available for the suppression of fires in the vicinity where such hand engines are located, as such companies themselves would be. And if such companies were retained our tax-paying citizens in other portions of the city would have equal claims to have hand engine companies located in their neighborhood; which claims could not, with the means under the control of your Committee, be for a moment entertained.

It is the desire of your Committee to place the Department under their control, in a posi-tion which shall at all times be most available for the performance of its duties, and at the same time curtail as much as possible the many unnecessary expenses which always hang like an incubus upon the Fire Department.

Your Committee have also come to the conclusion that it would be economy for the Board to allow your Committee to appoint some proper person whose duty it should be, under the direction of the Committee, to purchase all supplies for the use of the Department, collect all claims and present all bills for supplies, and see that the rules and regulations for the government of the Department are promptly and fully carried out. They therefore beg leave to offer the following resolutions:

J. Hoffman, P. M. Bromley H. G. Moore,

Resolved, That Hand Engine Companies No. 4, 5, 6, 7 and 8, and Hose Company No. 2, be and

are hereby disbanded, and that the Chief Engineer is hereby authorized to take immediate possession of the several Engine Houses of the above named companies, and also of the apparatus, furniture and fixtures of such houses, and now in possession of such companies, and belonging to the city of Rochester, and place the same in the storage room now used by the

city, for safe keeping.
Resolved, That in disbanding the above named companies this Board begs leave to tender to the Officers and members of such companies their sincere thanks for the very efficient manner in which they have performed their duty as fire-men; and that in retiring from the "brakes" they assure them that they have their best

wishes for their future welfare and happiness. On motion of Ald. Flynn the report and resolutions were laid upon the table until the next meeting.

Ald. Buell subsequently moved a reconsideration of the above.

Motion adopted.

REPORT ON DISBANDING ENGINE COMPANY NO. 8.

Ald. Hoffman submitted the following:

To The Mayor and Common Council:

GENTLEMEN—Your Committee, to whom was referred the petition of Messrs. Wolcott and others, citizens of the 12th Ward, asking a reconsideration of the resolution disbanding hand engine company No. 8, formerly located in that ward, would most respectfully report that, after giving the wants of said petitioners a careful consideration, they have come to the following conclusion, viz: that to reinstate that company would give citizens residing in other wards remote from the central part of the city just claims upon your committee to have hand engine comupon your committee to have hand engine companies located in their wards. To locate this and other companies, and pay the expense, with the appropriation allowed by the charter for the support of the Department, would forbid the idea, without largely overdrawing the fund, which your committee do not desire or intend to do, and the doing of which would subject rour committee the support of the your committee to fine and imprisonment.

Your committee would further state that, so far as they have been able to escertain from other cities where a steam fire department, organized enties where a steam hre department, organized under the paid system, and a volunteer department, has not worked well together, and hence the volunteer department has been disbanded. And your committee are fully of the opinion that it is not necessary, or for the interest of the city at large, to continue hand engine companies in solving in our part of it and that the stages in service in any part of it, and that the steam fire engine companies, located where they now are, and the means used for operating and getting them to fires, are as fully available for the suppression of fires in ninety-nine cases out of one hundred as hand engine companies located as desired by the petitioners; and it is the experience of those who are fully posted in fire matters, that in almost every single instance where fires have occurred in this city, no matter in what locality, the steam fire engines have been first at such fires.

The cost to the city for supporting hand engine companies for such services as they are able to render is very large; for instance, the expenses for company No. 8 for the last year has been about \$700—about one-half the amount of the cost of supporting one of the steam fire engine companies. Our city has now a much larger numer of steam fire engines than any other city in the Union in proportion to its relative population. The furniture, &c., of all the hand engine companies have been removed from said houses, and nearly all disposed of. This, together with the prospect of having Water Works constructed in the city at an early day, would, in the opinion of your committee, seem to justify them in reporting adversely to the

prayer of the petitioners, and in so doing they confidently trust they will be sustained by this Board.

All of which they respectfully submit for your consideration.

J. HOFFMAN, H. G. Moore,

Committee on Fire Department.

Adopted. Rochester, May 5, 1863.

COMMUNICATIONS FROM CITY OFFICERS.

His Honor, the Mayor, presented the following communication relating to

CHARTER AMENDMENTS

Gentlemen of the Common Council:
I herewith present you a certified transcript
of all amendments to the city charter, which
have become a law under acts of the recent Legislature.

I respectfully recommend that these amendments, and all other amendments to the charter which have been made since the 8th of April, 1861, be published in pamphlet form corresponding to the published charter.

The prominent changes made in the charter

which require your attention are as follows:
"The Aldermen of the city shall constitute

the Common Council thereof.

"The Common Council shall, at its first regular meeting in the month of April in each year select from its number and appoint a president for the year; and in case of a vacancy, to supply his place." All ordinances, resolutions, orders or acts of a legislative character passed by the Common Council are subject to the approval of the Mayor, except as provided for their final passage by a vote of two thirds of all the members of the Board.

It is the duty of the Clerk to make and present to the Mayor transcripts of all such ordinances resolutions, orders, &c., and when returned, to place them on file in his office.

The Treasurer, at the first regular meeting of the Common Council in each month shall de-liver to the Clerk, to be laid before the Board, a just and true statement of the condition of the several funds, under penalty.

No check shall be signed by the Clerk, or paid by the Treasurer, the effect of which shall be to

overdraw any fund, under penalty.

The Lamp Fund is increased to \$18,000; the Contingent Fund is increased to \$15,000; the Poor Fund is increased to \$15,000; the Board of Beatth Fund is decreased to \$4,000

Health Fund is decreased to \$4,000.

Two hundred dollars is to be raised annually for repairs on North St. Paul street, between Scrantom street and the city line north, and a commissioner appointed for that section of the street; also a sum not exceeding \$1,000 shall be raised for repairs to sewers. No member of the Common Council shall vote for the payment of any money from any of the funds of the city treasury knowing that such fund is without money to pay the same, under penalty of fine and imprisonment.

Repairs to sidewalks and streets may be directed by public notice, and if not done by parties owning the property, the Superintendent may do it, and the expense becomes a debt against the party owning the same, to be sued

That part of the general city tax.

That part of the 6th Ward lying north of the centre of Nassau street and the New York Cen-

tral Railroad, is erected into a new ward, to be known as the 13th Ward. The Common Council is directed within fifteen days after the passage of the act, which was on the 17th of April, to order a special election to be held in and for said ward. More than fifteen days having elapsed, it is doubtful whether an elec-tion can bo legally had for the purposes named prior to the next charter election.

There is also an important amendment in regard to the Rochester Water Works Company,

to which your attention is called.

Your attention is specially directed to the first monthly statement of the City Treasurer, made to the Board this evening, and such action is recommended as will relieve the several funds in a proper monner from their several debit balances, as shown to have been on the 6th of April last, the commencement of the present fiscal year, allowing the several departments the necessary benefit of the amount allowed annually to be raised for their support.

Respectfully submitted, N. C. Bradstreet, Mayor. On motion of Ald. Bromley, referred to the Law Committee.

The following are the

And the second second

AMENDMENTS TO THE CITY CHARTER:

AN ACT to amend an act entitled "An act to amend and consolidate the several acts in re-lation to the charter of the city of Rochester, passed April the eighth, eighteen hundred and sixty-one.

§ 3. Section thirty-five of said act is hereby amended so as to read as follows: § 35. In all proceedings of the Common Council each member present shall have a vote. The

Mayor shall be entitled to be present at all meetings of the Common Council, but shall have no

§ 4. Section fifty of said act is hereby amended so as to read as follows:

\$ 50. Before any ordinance, resolution or order of the Common Council, concerning any public improvement or for the payment of money or any ordinance, resolution or act of a legislative character, passed by the Common Council, shall have any force or effect, a transcript of such ordinance, resolution, order or act, shall be presented to the Mayor for his approval; if he approves, he shall endorse his approval thereon in writing, and sign such approval; if he disapproves he shall return such transcript to the Common Council or the Clerk thereof, with his objections in writing, which shall be filed by the Clerk, and the Common Council shall at its next meeting there-after proceed to reconsider such ordinance, resolution, order or act, thus disapproved, and if the same shall be passed by two-thirds of all the members of the Common Council, then in of-fice, the same shall have full force and effect, notwithstanding the objections of the Mayor. If any such transcript shall not be returned by the Mayor to the Common Council or Clerk, within five days after it shall have been presented to him (Sundays excepted,) such ordinance, resolution, order or act shall have full force and effect in like manner as if duly approved by the Mayor, unless the term of office of the Mayor shall expire within five days after such transcript shall be presented to him, in which case such ordinance, resolution, order or act shall have no force.

§ 5. Section fifty-seven of said act is hereby

amended by adding thereto as follows:

It shall also be the duty of the Clerk immediately after the close of each session of the Common Council to make and present to the Mayor a transcript of every ordinance, resolution and order concerning any public improvement or for the payment of money, and of every ordi-nance, resolution, order and act of a legislative character passed by the Common Council at such session for the approval of the Mayor; which transcripts after being returned by the Mayor shall be filed by him and kept in his office, and when approved by the Mayor shall be duly recorded with the approval, and shall also be re-corded, when the same shall go into effect without the approval of the Mayor. § 6. Section fifty-nine of said act is hereby amended so as to read as follows:

§ 59. The Treasurer shall receive all the moneys belonging to the city except such as are required to be in the keeping of the Comptroller, and shall deposit and keep the same as directed by the Common Council, and shall keep an account of all receipts and expenditures in such manner as the Common Council shall direct. He shall monthly, and at the first regular meeting of the Common Council each month, de-liver to the Clerk thereof to be be laid before the Common Council a just and true statement of the condition of the several funds mentioned in the eighty-fifth section of this act, and all other funds on the day of such meeting of the Common Council, setting forth the exact bal-

ance then remaining in each fund, which statement shall be duly verified by the oath of the said Treasurer, and shall be filed by the said Clerk. For neglect or refusal on the part of the Treasurer to prepare and deliver such statement as above provided, he shall forfeit and pay ten dollars for the first day, and for every day he shall so neglect or refuse subsequent to the first he shall forfeit and pay five dollars, which penalties may be sued for and recovered by the city of Rochester. All moneys drawn from the Treasury shall be drawn in pursuance of an order of the Common Council by warrant, signed by the Clerk. Such warrant shall specify for what purpose the amount therein contained is to be paid, and the Clerk shall keep an account, under the appropriate heads of all expenditures, of all orders drawn upon the Treasury in a check book to be kept by him for that purpose. But no warrant, check or draft shall be signed by the Clerk, or be paid or accepted by the Treasurer, the effect of which shall be to overdraw any of the funds aforesaid, or when there shall not be money in the Treasury applicable to the payment of such warrant, check or draft, to pay the same in full. Any violation of this provision by the Clerk or Treasurer shall be a misdemeanor, and shall subject the offender to a fine of not less than ten dollars, and it shall be the duty of the District Attorney of the county of Monroe to prosecute any person so violating this provision, on the complaint of any tax-payer of the city of Rochester. The books and accounts of the Treasurer shall at all reasonable hours be open to the inspection of any elector of said city. At the last regular meeting of the Common Council in the month of March in each year, the Treasurer shall make a report, exhibiting a full account of the receipts and expenditures during the last preceding year, and from the date of the last like report, and also the state of the Treasury and the funds aforesaid; which report and account shall be referred to a Committee for examination.

§ 7. Section eighty five of said act is hereby

amended so as to read as follows:

§ 85. For the purpose of paying such expenses the common Council may raise annually a sum not exceeding eighteen thousand dollars, to be appropriated to the lighting of said city; a further sum not to exceed fourteen thousand dollars for the support of the Police Department; a further sum not to exceed fifteen thousand dollars to defray all charges against the city for the general contingent expenses thereof; a further sum not exceeding twelve thousand dollars to defray the expenses of fire engines, engine houses, cisterns, reservoirs, apparatus, and preparation for preventing and extinguishing fires; a further sum not exceeding ten thousand dollars as a general fund for the construction and repair of streets, alleys, lanes and bridges; a further sum not exceeding fifteen thousand dollars for the support and relief of the poor of said city; a further sum not exceeding twenty thousand dollars to procure a supply of water for the extinguishment of fires, and for use in the public buildings, fountains and reservoirs of the city, and for the cleansing of the sewers therein; a further sum not exceeding two thousand dollars for the maintenance and improvement of public parks in said city; a further sum not exceeding four thousand dollars to defray the expenses of the Board of Health, and a further sum not exceeding one thousand dollars

for the repair of sewers. The said Common Council shall also raise annually by tax, with the general taxes of said city, an amount suf-ficient to pay interest upon all the bonds issued by the said city, and also all the principal or installments of principal of said bonds falling due within the then current fiscal year, for the payment of which provision shall not be otherwise made in pursuance of the provisions of this act. In addition to the sum authorized to be raised in each year for the construction and repairs of in each year for the construction and repairs of highways, the Common Council are hereby auauthorized to raise by tax in the said city annually, a sum not exceeding \$3,300, for the purpose of cleaning and keeping in repair the following Avenues or such of them as have been or may hereafter be permanently improved between the points indicated: North street, from Main street, to the railroad; New Main street from Scio street to the city line. But no more than three hundred dollars for each of said streets or Avenues shall be raised or expended upon the same, nor more than two hundred dollars upon North St. Paul street, from Scrantom street to the city line in any one year. The Common Council shall annually at the time of the appointment of the City officers and as often as a vacancy shall occur, appoint one Commissioner for each of the aforesaid streets and Avenues, and also one Commissioner for North St. Paul street, from Scrantom street to the city line, who shall at the time of his appointment be a resident and a taxpayer on the street or Avenue for which he is appointed, who shall possess the same power over the street or Avenue for which he was appointed, subject to the direction and instruction of the Common Council, that the Street Superintendent has over the other streets in the city; and who shall without pay ar reward superintend the cleaning to be done and the repairs to be made on said streets or Avenues; the expenditure of the money to be raised therefor, and in all cases shall keep and furnish a just and true account under oath of the several items of expenditure. No such expenditure shall be allowed by the Common Council, unless such statement of the items be presented, sworn to, and filed. But no money shall be raised for nor expended upon either of presented, sworn to, and filed. the streets or Avenues above mentioned from the public funds, unless such street or Avenue shall have been previously permanently improved between the points above mentioned, either by being paved or macadamized. No member of the Common Council shall vote for the payment of any money out of any of the general funds herein named, or out of any other fund in the City Treasury, knowing that such fund is with-out money to pay the same, and any person vio-lating this provision, shall, be guiliy of a misdemeanor, and upon conviction thereof, shall be fined not less than fifty dollars nor more than one hundred dollars, and be imprisoned in the Monroe County Penitentiary for a period of ten days; and the District Attorney of the County of Monroe is hereby specially directed and it shall be his duty to prosecute all persons violating this provision, upon the complaint of any taxpayer of said city. The surplus money remaining in any general fund at the end of the fiscal year, shall be placed to the credit of the sinking fund of the said city.

§ 8. Section one hundred and twenty-two of said act is hereby amended so as to read as follows:

§ 122. No money shall be drawn from the city treasury unless it shall have been previously appropriated to the purpose for which it shall be drawn, and all ordinances, resolutions, and orders directing the payment of money, shall specify the object and purpose of such payment, and the particular fund from which payment is to be made, and the same with the approval of the Mayor, shall be certified by the Clerk of the Common Council, to the City Treasurer, before any payment shall be made by him.

§ 9. Section one hundred and tweuty-eight of said act, as amended by chapter one hundred and thirty-two of the laws of eighteen hundred and sixty-two, is hereby amended by adding thereto the following:

The expenses incurred by giving public notice as aforesaid, shall be paid by the County Treasurer out of the additional charges authorized by this section.

§ 10. Section one hundred and thirty-three of said act is hereby amended so as to read as follows:

§ 133. The said County Treasurer shall on or before the first day of April in each year, transmit to the Comptroller of the State an account of the unpaid taxes on said rolls, verified by his affidavit, and shall also deposit a duplicate of such account and affidavit in the Clerk's Office of Monroe County; and all the provisions of the revised statutes relative to the duties of the County Treasurer and Comptroller in respect to unpaid taxes, shall apply to the county taxes leviel and assessed in the city of Rochester, so far as the same are not inconsistent with the provisions of this act.

§ 11. Subdivision six of section one hundred and forty, of said act, is hereby amended so as to read as follows:

Six. The amount to be raised for teachers' wages and contingent expenses in any one year shall not be less than one dollar, nor more than two dollars for every scholar over the age of five years and under the age of sixteen years, within said city, according to the preceding annual enumeration directed to be made by section one hundred and forty-two of the City Charter; nor shall the amount to be raised in any one year to lease, alter, improve and repair school houses and their out houses and appurenances exceed three thousand dollars; nor shall the amount to be raised in any one year to purchase and improve sites and build or enlarge school houses exceed ten thousand dollars; and the Common Council of said city are authorized and directed, when necessary, to raise by loan, in anticipation of taxes, the money to be raised, collected and levied as aforesaid.

§ 12. Subdivision twelve, section one hundred

and forty-two of said act, is hereby amended so as to read as follows:

Twelve. On or before the second Tuesday of October in each year, to make and file with the County Clerk or such other officer as may be designated by law, a report in writing, bearing date the first day of October in that year, and stating:

First. The number of school houses in said

§ 13. Section one hundred and fifty-one of said act is hereby amended, by adding thereto the

following:

No member of the Board of Education shall vote for the payment of any money out of any of the funds authorized to be raised by section one hundred and forty of the City Charter, knowing that such fund is without money to pay the same, and any person violating this provision shall be guilty of a misdemeanor, and upon conviction thereof, shall be fined not less than fifty dollars, nor more than one hundred dollars, and be imprisoned in the Monroe County Penitentiary for the period of ten days. And the District Attorney of the county of Monroe is hereby specially directed, and it shall be his duty to prosecute all persons violating this provision, upon the complaint of any tax-payer of said city.

§ 14. Section two hundred and twelve of said

act, is hereby amended so as to read as follows: § 212. Except, as the Common Council may otherwise determine or direct, it shall in all cases be the duty of the owner of every lot or piece of land in said city, to keep the sidewalks adjoining his lot or piece of land, and also the half of the street or alley adjoining the same in good repair, and also (if the premises are not actually occupied) to remove and clear away all snow and ice and other obstructions from such sidewalk. The Common Council may, by resolution, as often as it deems proper and necessary, give public notice by advertisement in the daily newspapers published and printed in the said city, for thirty days, requiring all owners of such lot or lots or pieces of land, to repair the sidewalks adjoining the same, and in case such owner or owners shall fail or neglect so to repair said sidewalks within the said thirty days, then and in that case the Common Council may authorize the Superintendent of streets to make such repairs, and the expenses thereof shall be

a debt against such owner or owners, and may be sued for and collected against such owner or owners, in the same manner as other debts and Whenever such expenses with the like effect. cannot be collected by action and execution as aforesaid, the same, together with all expenses incurred by said action not exceeding the sum of fifty dollars exclusive of costs, shall be added to the amount of the general city tax on the land of such owner or owners, in the next general assessment rolls of said city, and such amount so added, shall be a lien on the premises in the same manner as the tax to which it is added, and may be collected and en-forced, and (if not paid or collected) the land sold therefor in the same manner as for such tax. The Common Council are authorized to assess the lands of non-residents of said city for the expense of cleaning and repairing streets and sidewalks and removing nuisances, and the said expense shall be assessed in the same manner, and the amount so assessed shall be collected in the same manner, and the same proceedings shall be had in case of the non-payment of the same, as in relation to the assessments for public improvements in said city.

§ 15. This act shall take effect immediately.

CHAPTER 169.

An Acr to create a new ward in the city of Rochester.

By Ald. Bromley—Whereas, Nearly all of the general funds of the city were overdrawn on the

general funds of the city were overgrawn on the oth of April last, at which time the present Common Council was organized, and,
Whereas, The extreme limit of the amount of money to be raised as provided by the City Charter for "contingent expenses," "fire department" and "support of the poor," is not, with the exercise of strict economy and a due record for the interests of the city, more than regard for the interests of the city, more than sufficient to meet the necessary demands upon those funds during the current fiscal year, and

Whereas, The late amendments to the City Charter impose severe penalties upon every Alderman who shall knowingly vote for any resclution for the payment of money from any of the funds of the city, where such payment shall cause an overdraft of such funds. Therefore,

Resolved, That the City Treasurer be and hereby is directed to open an account to be known as "overdraft prior to April 6, 1863," and that he charge to that account \$9,652.42 and credit the same to "contingent fund." Also \$11,007.31 and credit the same to "fire department fund." Also \$1,416.63 and credit the same to "poor fund," said accounts being overdrawn

said amounts respectively, on the 6th day of April last, when all the orders drawn prior to that date shall have been presented and paid. Adopted.

REPORT ON P. QUINN'S CLAIM:

To the Hon. the Mayor and Common Council:

GENTLEMEN-Your Committee, to whom was referred the communication of Patrick Quinn in relation to the well on his premises, next north of Engine House No. 3, on State state, would most respectfully report.

That your Committee are advised and believe that no substance emanating from the stable in said Engine House, can in any possible way injure the water in the well owned by Mr.

Quinn, the ground under the stable, your Committee are advised, is thoroughly cemented with water-lime cement, and in such a manner that it would be next to an impossibility for any matter from the stable to get to the ground, and the cementing is so arranged as to carry off all sediment from the stable into a sewer made perfectly tight, and composed of 8-inch Ohio tile, which sewer was built at a cost to the city of near \$100, for the sole purpose of obviating the difficulty complained of. If such well is injured it must be by the surface drainings from the well. it must be by the surface drainage from the manure in the rear of said stable, which manure was put there by Mr. Quinn's consent, and the box built for holding the same, was constructed by his orders, he having the privilege of taking said manure away; therefore,
Your Committee cannot conceive that the

city is in any manner liable to Mr. Quinn for the

injury complained of.

All of which they most respectfully submit. J. HOFFMAN, H. G. MOORE,

Committeee on Fire Department. Rochester, May 19, 1863. On motion of Ald. Hoffman the report was

adopted. COMMUNICATIONS FROM CITY OFFICERS.

The Clerk presented the following communication from His Honor Mayor Bradstreet:

> MAYOR'S OFFICE, Rochester,) May 19th, 1863.

To the Common Council:

GENTLEMEN-I beg to call your attention to the call by a large number of Members of Congress, for a "Ship Canal Convention," to be held in Chicago, on the first Tuesday of June

The future prosperity of Rochester, no less than the commercial interests of the entire State, I conceive to be largely at stake, in the enterprise contemplated. I would suggest that the Board take steps for the appointment of delegates to represent our city in that Convention, the call for which reads as follows:

Regarding the eulargement of the Canals be-tween the Valley of the Mississippi and the Atlantic as of great national, commercial and military importance, and as tending to promote the developement, prosperity and unity of our whole country, we invite a meeting of all those interested in the subject at Chicago, on the first Tuesday in June next. We especially ask first Tuesday in June next. We especially ask the cooperation and aid of the Boards of Trade, Chambers of Commerce, Agricultural Societies and business association of the country. Washington, March 2, 1863.
N. C. Bradstreet, Mayor.

The Clerk presented the following

COMMUNICATION RELATING TO SCHOOL MONEYS: To the Honorable the Mayor and Common Council of the City of Rochester:

Herewith please find the estimated amount of moneys necessary to be raised by assessment for the maintenance of our public schools during the current year, as required by law to be ing the current year, as required by law to be reported to your honorable body by the Board of Education, as per the following resolution passed by the Board of Education:

Resolved, That this Board does hereby determined the control of the company Connection in the

mine and certify to the Common Council in its opinion the sums necessary and proper to be

raised in accordance with the provisions of our City Charter, for the maintenance of our public schools during the ensuing year, to be as fol-

First, To build school houses, and the purchase of sites..... \$ 6,000 00 Second, To lease, alter, improve and

3,000 00

and defray contingent expenses.... 33,916 70 In regard to the third item it will be recollected that the honorable Council of last year prepared an amendment to the Charter restrict ing the school age to those between the ages of not exceeding \$2.50 for each of such persons, might be raised to meet the necessary current

might be raised to meet the necessary current expenses chargeable to that fund.

This amendment so fully discussed and agreed upon, was forwarded by Ald. Williams to the Legislature, and passed the Assembly in form, but unfortunately, was so mutilated in the Senate as to entirely defeat the end proposed.

On the last day of December, 1862, the num-

ber of children resident of this city, between the ages of five and sixteen years, was 13,786.—According to the last amendment only \$2 for each of such persons can be levied for this fund, amounting to \$27,572.00, leaving the fund short in the sum of \$5,344.70.

If this deficit cannot in some manner be provided for, no alternative remains but that of discontinuing the schools a portion of the long established school year, which it is believed your honorable body will not permit to be done,

We, therefore, respectfully request that you cause to be raised for this fund the full amount required—\$33,916,76—in such manner as you shall think fit.

Very respectfully,

DANIEL HOLBROOK Supt. Common Schools. On motion of Ald. Buell, referred to the Com-

mittee on Schools. Ald. Hebing presented the following

SURVEYOR'S REPORT ON THE LINES OF MUNGER STREET:

To the Hon, the Mayor and Common Council of

the City of Rochester: In compliance with a resolution passed by your honorable body, April 14th, 1863, in rela-tion to Munger street, from the corner of Bond street to Cayuga street, I would report that I have determined the lines, and estimated the cost to grade the same at one hundred and forty dollars.

Daniel Richmond,

Rochester, April 5, 1863. City Surveyor. Adopted. ORDINANCES.

Ald. H. G. Moore submitted the following, and moved its adoption.

AN ORDINANCE TO REGULATE THE BURIAL OF THE DEAD, AND FOR THE PROTECTION OF MT. HOPE CEMETERY:

The Common Council of the City of Rochester do Ordain as follows:

Section 1. No person shall bury or inter, or aid or assist in burying any dead human body within the city of Rochester, except in Mount Hope cemetery, or in St. Joseph's cemetery, in said city, under the penalty of TWENTY DOL-LARS for each offence.

§ 2. Mount Hope cemetery, and all the grounds and property belonging thereto, shall be under the care and control of the board of superintendents, who shall regulate the sales and prices of lots therein, and make such gen-eral regulations for the cemetery as they may deem proper, not inconsistent with the ordinances of the Common Council.

§ 3. All moneys now due for lots which have been sold and not paid for, or which may be sold hereafter, shall be paid to the City Comptroller or Treasurer of the Board of Superintendents, who shall give his receipt for the same, specifying the number of the lot sold, and the price paid therefor. And it shall not be lawful to make an interment on any lot until the same shall be paid for

§ 4. The City Clerk, on the presentation of the Comptroller's receipt, shall make out a deed for the lot named therein, and shall enter, in a book kept for that purpose, the date of the deed, and description and price of the lot, and to whom sold; the Mayor may then execute such deed, and the City Clerk shall affix the cor-

porate seal of the city thereto.

\$5. No person shall dig any grave, put up any tence, gravestone, or boards at graves, or make any crections, or dig up any sod in said cemetery, except under the direction of the Superintendents, or their agent, under the penalty of ten dollars for each offence.

§ 6. No person shall wilfully destroy, mutilate, write upon, soil, deface, injure, or remove any tomb, monument or gravestone, stake, board, or other structure placed in the cemetery aforesaid, or any fence, railing, or other work for the protection or ornament of the said cemetery, or of any tomb, monument, or gravestone, or other structure aforesaid; or of any lot within the cemetery afaresaid, except under the direction of the Superintendents or their agent, under the penalty of twenty-five dollars for each of-

fence. § 7. No person or persons shall wantonly or wilfully remove, cut, break, or in any manner injure or destroy any tree, shrub, or plant, or pick, crush or gather, or in any manner injure or destroy any flower, either wild or cultivated, or any herbage, or the fruit or produce of any such tree, shrub or plant, within the said cemetery, under the penalty of ten dollars for each

offence.

§ 8. No person or persons shall excavate any earth, or alter the grade of any lot or lots, walk or walks, in the said cemetery, or remove any earth therefrom, or cut or remove any tree, except by consent or under the direction of the Superintendents, under the penalty of ten dol-

lars for each offencer

§9. No person or persons shall drive or cause to be driven into or on said cemetery, any vehicle in any part thereof, except in the road or path made for that purpose, with more than two horses attached thereto, nor shall drive any horse faster than on a walk, nor shall leave any horse or vehicle standing in any road or path in the said cemetery, so as to hinder or obstruct the free passage of any person or persons on said road or path, nor fasten or cause to be fas-tened any horse in said cemetery, at any other place than at the posts provided for that pur-pose, nor leave any horse unfastened therein, under the penalty of ten dollars for each of-fence. fence.

§ 10. No person or persons shall discharge any fire-arms in the said cemetery, or in any other place within the city of Rochester, with the intent that the contents thereof shall enter the said cemetery, under the penalty of tendollars for each offence.

§ 11. No person or persons shall deposit, or cause to be deposited, any filth, or unclean or offensive substance in the said cemetery, under

the penalty of ten dollars for each offence. §12. No person shall catch, wound or kill any bird nor remove or disturb any bird's nest or eggs therein, in the said cemetery, under the penalty of ten dollars for each offence.

§ 13. No person or persons shall be permitted to take into or use, in said cemetery, any spirituous or intoxicating liquors; nor suffer or permit his or her dog to run at large in said cemetery; nor suffer or permit his or her horse to be left by the driver unfastened, under a pen-

alty of ten dollars for each offence.

§ 14. The board of superintendents shall prescribe the duties, and regulate the tees of the sextons or undertakers, who shall cause interments to be made in said cemetery; and also such rules as they shall deem proper, concerning visitors to said cemetery, not being allowed in any case to charge a fee to visitors.

§ 15. The Superintendents of said cemetery may employ such agents and laborers as they may deem proper, and regulate their compensa-tion and services. And they shall at the expiration of every three months, file in the City Clerk's office a written report, showing the amount received for lots sold, and the amount expended by them for improvements and inci-dental expenses during the preceding three months.

§ 16. It shall be the duty of the keeper of Mount Hope Cemetery to keep a book in which shall be accurately entered the names, ages and places of residence at the time of their decease, of all persons who may be interred in said cem-etery, together with the disease or cause by which such persons died, and shall report in writing, at the first regular meeting of the Common Council, in each and every month, the number of persons interred in said cemetery during the preceding month, together with the

said particulars in regard to such interments. § 17. Every sexton, undertaker, or such per-son who shall officiate at burnals in said city, shall keep a like book, and shall make the like entries therein of all the persons severally at whose funerals they shall have officiated in said city, and shall, at the times above specified, make their like written reports to the city clerk, as to all the funerals which they shall have attended during the preceding month. Every person violating the provisions of this section, shall forfeit and pay a penalty of twenty dollars.

§ 18. No person shall drive any animal at large, or cause the same to be driven, or suffer his or her animal to run or be at large in any of the cemeteries within the said city, under the penalty of ten dollars for each offence.

§ 19. No person shall injure or remove the fence or any portion thereof surrounding either of the public cemeteries within the said city, under the penalty of ten dollars for each of-

§ 20. Upon the recovery of a judgment for a violation of any of the provisions of this ordinance, an execution shall be issued, directing the amount to be made of the property of the defendant, if any such can be found; and if not, then to commit the defendant to the county workhouse for the period of thirty days.

AN ORDINANCE TO REGULATE THE COVERING OF

CISTERNS, &C.

The Common Council of the City of Rochester do Ordain as follows:

Sec. 1. No owner or occupant of any lot in the corporate limits of the city of Rochester, shall have on his premises any cistern, tank, hogshead, or barrel, for the holding of water, unless such cistern, tank, hogshead or barrel, shall be suitably covered with timber, plank or boards, of suitable thickness to protect life, un-

der a penalty of five dollars.

§ 2. No owner or occupant of any lot shall hereafter cause to be built, or have on his premises, any such sistern, tank, hogshead or bar-rel, for the holding of water, unless the same shall be covered as required by section 1, under

a penalty of ten dollars. § 3. No owner or occupant of any lot, having such sistern, tank, hogshead or barrel, for the use mentioned in sections 1 and 2, shall have in such cover any trap or sliding door, under pen-

alty of ten dollars.

4. Every cistern, tank, hogshead or barrel, for the purpose herétoforé designated, now in use, or hereafter to be built, shall be supplied with a good and suitable pump, or a curb not less than two feet high, with a proper lid. Any person violating the provisions of this section shall be liable to a fine of five dollars for every neglect, after having been duly notified in the form and manner hereafter to be described.

§ 5. It shall be the duty of any and all persons designated as Health Inspectors, appointed either by the Board of Health, or the Mayor and Common Council of the city of Rochester, to examine all premises, and notify any person violating either or all of the provisions of this ordinance, to comply with the same, and if they fail or neglect to do so, to report the facts and names of the persons so doing, to the City Attorney, who shall proceed against the same in the same way and manner as for the violation of any of the penal ordinances of this city; and any alderman, policemen or city superintendent may notify any person violating any or all the provisions of this ordinance, to comply with the same, which notice shall be as imperative as if done by the Health Inspectors described

Ald. H. G. Moore submitted the following and mared the doard:

moved its adoption:

AN ORDINANCE TO REGULATE WEIGHTS AND MEASURES.

The Common Council of the City of Rochester do Ordain as follows:

SEC. 1.—Every merchant, retailer, trader, or dealer in merchandise or other property, which is sold by measure or weight, residing or deal-

ing, or trading in the city of Rochester, shall cause the weights and measures used by him or her, to be sealed and marked by the city sealer; and if any such merchant, retailer, trader or dealer, shall use any weight or measure for weighing or measuring any article for purchase or sale in said city, which shall not be sealed as herein provided, he or she shall forfeit and pay a penalty of five dollars for each offence.

§ 2. All weights and measures sealed by the said city sealer, shall be made to conform to the standard of the state, and shall be marked by

him.

§ 3. It shall be the duty of the City Sealer, and he is hereby authorized to inspect and examine, at least once in every six months here-after, and as much oftener as he thinks proper, all weights and measures used by any merchant, retailer, trader or dealer aforesaid for weighing or measuring. Such weights and measures shall be inspected at the place or places where the same are kept for use; but if such weights and measures shall be found not conformable to the standard aforesaid, they shall be sent by the owner or owners thereof to such place in said city as the Sealer shall direct, for the purpose of being sealed, within three days after such owner or owners shall be required to do so by the said Sealer. If any such merchant, retailer, trader or dealer shall refuse to exhibit any such weights and measures to the said Sealer, when required so to do by him, or in any manner obstruct such Sealer in the performance of the duties hereby enjoined upon him; or if any such merchant, retailer, trader or dealer, shall refuse or neglect to send any such weights or measures for the purpose of being sealed as aforesaid, within the time and to the place aforesaid, he or she shall forfeit and pay a penalty of ten dollars for each offence.

§ 4. Present—Ald. Cram, Rowley, Buell, St. John, Darrow, O'Maley, H. G. Moore, Mordoff, Palmer, Sidler, Flynn, Hebing, McQuatters. On motion of Ald. St. John, Ald. Rowley was

called to the chair.

The Clerk presented the following:

COMMUNICATION FROM HIS HONOR THE MAYOR. MAYOR'S OFFICE, May 22, 1863.

Gentlemen of the Common Council:

Having received this morning a dispatch from Washington stating that the remains of the late Lieut. Col. McVicar were en route for Rochester, and requesting me to make arrangements for the funeral, I have deemed it my duty, in view of the gallant services of the deceased to our country—no less upon the battle field than in obtaining recruits—to lay the subject before your honorable body, that such action may be taken as in your wisdom shall be thought proper, both as regards the present and any similar cases in which the aid of the municipal authorities may be invoked, or for proper reasons voluntarily tendered.

The military of our city kindly proffer their services and will take full charge of the ceremonies in the present instance, out they expect to be and certainly should be relieved from any

share of the attending expense

N. C. BRADSTREET,

Ald. Buell moved that the subject relating to the funeral of Lieut.-Col. McVicar be referred to the Contingent Expense Committee with power to expend such a sum as they may think proper in furnishing a band, carriages, &c., and what ever else may be necessary in having suitable funeral ceremonies.

Ald. Palmer moved to amend by adding, "and that the amount to be expended shall not exceed \$100."

Amenament lost.

The original resolution was then adopted unanimously.

Ald. Buell moved that the Fifty-fourth Regiment be respectfully requested to take charge of the ceremonies.

Adopted unanimously.

Ald. Buell also moved that the Union Blues be respectfully requested to join the 54th Regiment and take part in the ceremonies.

Adopted unanimously.

Ald. St. John moved that the delegation to the Ship Canal Convention be increased to ten, and that the following gentlemen are hereby appointed as additional delegates to said convention: Gen. Jacob Gould, Henry R. Selden, H. L. Fish, George J. Whitney and William C. Rowley.

REPORT ON PRINTING.

To the Honorable the Mayor and Common Council of the City of Rochester:
GENTLEMEN—The Contingent Expense Com-

mittee, in pursuance of a resolution which passed this Board on the evening of the 21st of April last, would respectfully report that they have conferred with the several daily papers in relation to the printing and advertising the proceedings of this Board for the ensuing year, and

have received the following propositions:

The Daily Union and Advertiser propose to publish all the official proceedings of the Common Council, all resolutions, reports, legal and other notices and advertisements required to be printed and published by the City Charter from every department, all ordinances, penal ordinances, advertisements for the sale of land for taxes, Treasurer's annual report, and the Attorney's and Commissioner's notices for opening streets, complete, and furnish thirty (30) copies of the proceedings for each meeting, and furnish one hundred bound copies of the proceed. ings of the Board for the preceding year for

\$1,500,00.

The proprietors of the Democrat and American propose to publish the proceedings of the Common Council complete during the present year for nine hundred dollars, or the same as they published last year for eight hundred dollars, which did not year for eight hundred dollars, which did not year for eight hundred dollars. lars, which did not include the penal ordinances, advertisements of the sale of lands for taxes, Treasurer's annual report, and the Attorney's

and Commissioner's notices for the opening of | streets.

The proprietors of the Daily Express propose to publish the usual publications emenating from all departments of the city government in their paper for the current year for the sum of nine hundred dollars.

John Mayer, proprietor of the Weekly Courier, a German paper, proposes to publish the proceedings of the Board for the same that this Board bay to the Democrat and American or Express.

Your Committee would respectfully recommend to this Board to enter into contract with the following papers as follows:

With the proprietors of the Union and Adwriter for publishing the entire proceedings of the Common Council, all the penal ordinances, notices, resolutions, advertisements of the sale of lands for taxes, Treasurer's annual report, Attorney's and Commissioner's notices for opening streets, and also furnish from time to time copies of the proceedings for the use of the Board for each meeting, and one hundred bound copies of the official proceedings of the Board, the same to be furnished within ten days after the organization of the new board of 1864, for

\$1,250.
With the proprietors of the Daily Democrat and American, for publishing the proceedings of the Board, except penal ordinances, adver-tisements of the sale of lands for taxes, Treasurer's annual report, and Attorney's and Commissioner's notices of opening streets, at the sum of \$750.

HENRY L. FISH, WALLACE DARROW, Committee.

Table Ald. Darrow, from the Committee on Public Schools, submitted the following

REPORT ON SCHOOL MONEYS. To the Common Council of the City of Rochester:

Your Committee on Public Schools, to whom was referred the communication from the Board of Education in relation to the amount of moneys to be raised for the current year for the support of common schools, would respectfully report in favor of raising the full amount asked for for building school houses and the purchase of sites, \$6,000; also the full amount asked for to lease, improve, alter and repair school houses,

183,000.

The amount asked for to pay the wages of Teachers, and to defray contingent expenses, is 33,916,70. This amount is undoubtedly no more than the Board of Education really require for that purpose, and your Committee yery much regret that the law has been so amended as to reduce the amount heretofore raised for that purpose, for we think the sum has never been too large. But we have no alternative or discretion in the matter but to limit

the amount at the greatest sum the charter allows us, \$2 for each child between the ages of 5 and 16, which will amount to \$27,572.

Should the Common Council exceed that amount, the assessment would be illegal, and consequently invalidate the whole general tax of the city for the current year.

All of which is respectfully submitted. WALLAE DARROW, C. M. St. John,

Committee on Public Schools. Accepted. Ald. Rowley presented the following:

REPORT ON THE PETITION OF SEVERAL BANKS. To the Hon, the Mayor and Common Council of the City of Rochester:

The undersigned, your Committee to whom was referred the petitions of the Commercial Bank, the Union Bank, and the Flour City Bank, all of this city, for repayment of moneys heretofore paid by them under protest for taxes, have had the same under consideration, and report:

That a portion of the capital stock of each of these Banks has heretofore, (as probably now is the case) consisted in part of United States securities; that these Banks have from securities; that these Banks have from time to time claimed that those portions of their capital stock, consisting of those securi-ties, were not liable to taxation, which claim the city has heretofore denied; that the whole capi-tal stock of these Banks has been heretofore from year to year assessed for the purpose of taxation, but, in consequence of such reasonable doubts as have existed as to the legality of such assessments, the Banks have been allowed to pay that portion of their taxes assessed upon these securities, under protest. The amounts so paid by the Commercial Bank are as follows:

 July 28th, 1860.
 \$1460,00

 July 25th, 1861,
 1548,24

 July 28th, 1862,
 2406,73

The amount so paid by the Union Bank was July 30th, 1862, \$2545,43, and the amount so paid by the Flour City Bank was July 30th, 1862,

Your Committee further report, that the rea-Your Committee further report, that the reson why these portions of these taxes were so paid and received, appears to be that suits were then pending in the Courts of this State, in which it was supposed the legality of such assessments would be fully tested and decided without involving these Banks in expensive litigations with the city. The cases referred to, some of them arising in the city of New York, effer having gone through the Courts in this after having gone through the Courts in this State were carried to the Supreme Court of the United States, by which Court it was decided finally, that these securities, whether held by Banks as a part of their capital stock, or however held, were not taxable unless State laws by municipalities or otherwise.

It follows that the moneys so as aforesaid paid by the Banks were illegally demanded by the city, and the Banks have legal demands for

their repayment with interest.

Your Committee therefore recommend the adoption of the accompanying resolution:

Ald. Rowley presented the following: REPORT ON J. KEERS' CLAIM.

To the Common Council of the City of Rochester:

The undersigned, to whom was referred the petition of John Keers, asking compensation for damages sustained by him in falling into a cellar on the corner of Buffalo and Elizabeth streets, respectfully report that they had the matter under consideration, and have inquired diligently into the facts of the case, about which, however, there is some dispute, but have come to the conclusion that if the theory and state of facts contended for by the claimant should be established to the satisfaction of a jury in an action brought by him against the city, that the city would be liable, and that inasmuch as the claimant really sustained large damages by reason of his leg being broken by the mishap complained of, and yet for the sake of a compromise is willing to accept from the city a comparatively small sum, your committee have concluded to recommend the payment to him of \$500, and recommended accompanying resolution.

COMMUNICATIONS FROM CITY OFFICERS.

The City Attorney submitted the following: Opinion on Amendments to Charter relating to the Election of "President," and in reference to an Election for the 13th Ward.

Title III. of the charter is headed "Powers and Duties of the Common Council." Section 33 is the first section under that title. Before the recent amendment that section declared, "the Mayor and Aldermen of said city shall constitute the Common Council."

By the amendment, "the Aldermen constitute the Common Council." Section 34, before amended, was as follows: "The Mayor, when present, shall preside at the meetings of the Common Council, and in his absence the Common Council may appoint one of its members, who shall preside." The section, as amended, provides that "the Common Council shall, at its first regular meeting in the month of April in each year, select from its number and appoint a president for the year, and in case of a vacancy, supply his place."

Section 35, before amended, provided "that

each member should have a vote, except the Mayor, who should have a casting vote only when the votes of the other members are equally divided." The section, as amended, provides that "each of the members shall have a vote. The Mayor shall be entitled to be present at all meetings, but shall have no vote."

Section 15 of amended act provides that "the act shall take effect immediately." It was passed April 11th, 1863.

The first regular meeting of the Common Council in and for the month of April, 1863, was held on the 6th of April. The first regular meeting in the month of April in each year is the meeting at which all the officers elected by the Common Council are elected regularly, except assessors, who are elected in December.

It would seem to have been the intention of the Legislature that the newly created officer of "President" be elected at the same time. meeting having already taken place, and the regular annual election of officers having been had for this year, it is hardly to be presumed that the Legislature intended the election of the officer to take place at a time swint to of that officer to take place at a time prior to the passage of the act, which was to authorize the election of such an officer. It seems to me much more reasonable to suppose that it was intended that the act should be construed as it read, and that the President must be elected for the first time at the "first regular meeting in the month of April" in the year for which he is elected. If after the office has once been filled from any cause it should become vacated, then of course it would be perfectly competent for the Common Council to fill the vacancy at any time according to the provision made in such case.

But can it be said that an office is vacated which has never been filled, and the legal time for an election to which has never arrived? If the same amendment had been passed on the 11th of February instead of the 11th of April, would any one have dreamed of electing a "President" under that act, before the then next "first regular meeting in April?" It seems to me not. Why should not an election take place to fill the office for two as well as for ten months, if it is not that the time at which the first election to that office for the current year had passed before the passage of the act creating if?

The act in its term, is mandatory, "the Common Council shall, at its first regular meeting in the month of April, elect," &c., is the language. On the whole, I am of opinion that the Mayor is the proper presiding officer until the "first regular meeting in April next. I will add. I will add, however, that it is not a matter of any vital importance in my opinion, so far as it affects the validity or legality of the proceeding of the Common Council, whether the Mayor continues to preside, or whether a temporary chairman be chosen at each meeting, or a permanent "President" for the balance of the year be elected.

In relation to the ordering and appointment of a special election for the 18th Ward, created by act of the Legislature, passed April 17th, and also for the 6th Ward, which was divided so as to make the 6th and 13th Wards, I would respectfully submit: That although at first I was inclined to think the question quite similar to the one in relation to the election of President, yet upon a more careful examination of the act and the questions involved, I have come to the conclusion that a special election may yet be legally ordered and appointed for those Wards under the act mentioned. This act is not in terms an amentment of the charter, but rather an original and independent act. The first sections of the cat. an original and independent act. The first section of the act erects the new Ward, &c. The second section, among other things, provides that the "Common Council of the said city shall, within fifteen days after the passage of this act order and appoint a special election to be held in and for each of said Wards, according to the provisions of section 23 of the charter, to fill each and every elective office in said Ward, not otherwise filled, by the provisions herein," &c. The offices so filled are described in the former part of the section which says, "The Ward officers of the present 6th Ward shall be and continue the same officers in the new Wards hereby created, in which they shall respectively reside at the passage of this act, to and until the end of the term of office to which they were elected or appointed." The erection of the new Ward was complete by the act of the Legislature and did not depend upon any act to be performed by the Common Council, and by that act, as has been seen, the officers elected in and for the 6th Ward are officers for the 6th or 13th Ward according to their respective places of residence. It necessarily follows that there are vacancies to be filled, that is offices which have been filled are by this act vacated. And further, the act, in express terms, requires the special election to be ordered as in case of vacancy and in pursuance of section 23 of the charter which regulates and provides for such elections. The act does not, like the amendment in relation to the election of a "President," require the appointment of an election as that does the election of President, at a particular meeting in a named month in each year, but by clear and unmistakable terms, says the Common Council shall order and appoint the election for the Wards named, according to the provisions of section 23 of the charter, and although the act requires in mandatory terms the special election to be appointed within fifteen days from the passage of the act, still under the general provisions referred to and in view of all the considerations involved, my opinion is that a special election may still be legally ordered in pursuance of the statute.

All of which is respectfully submitted. GEO. W. MILLER, City Attorney. On motion of Ald. Bromley, accepted and ordered published.

The City Attorney submitted the following REPORT ON W. D. OVIATT'S SUIT:

The undersigned would respectfully submit, that a suit has been commenced against the

city by Wilson D. Oviatt. The facts in the case are as follows: The city sold Lot 5 in the Ely Platt, on South St. Paul street, to Mr. Oviatt for \$2,000, and by resolution directed the Mayor to execute the necessary conveyance, &c. resolution describes the lot as lot number 5, &c. A search was ordered and obtained from the County Clerk of the lot before any deed was executed, and by the search the title to the whole lot appeared to be in the city. A deed was accordingly executed and delivered for the lot, which comprises 24 feet front on St. Paul street, and 10 feet by 26 on Ely street. It was afterwards discovered that the 10 by 26 feet on Ely street, had on the 16th October, 1851, been conveyed by the street of the 1851 of veyed by the city to Michael Monaghan. deed by some unaccountable mistake of the County Clerk was entirely omitted in the search. Mr. Oviatt seemed to be clearly entitled to have refunded to him the value of the piece of said lot so previously conveyed to Monaghan. At my suggestion, the autorney for the plaintiff has served the annexed offer to submit to arbitration the quarties of tion the question of the value of said part of the lot, and to discontinue the suit on payment of the amount awarded and costs. I see no reason why this offer should not be accepted, and would respectfully suggest that the whole matter be referred to some Committee with power to act, or that your attorney be directed to agree to such arbitration and the Common Council designate some person to be appointed as arbitrator on the part of the city.

All of which is respectfully submitted, GEO. N. MILLER, City Attorney.

REPORT ON C. W. GEAR'S CLAIM:

To the Honorable the Mayor and Common Council of the City of Rochester:

GENTLEMEN-The Grievance Committee, to whom was referred the petition of Charles W. Geare, of 138 Main street, asking \$40 damages for a barrel of machine oil taken from the side-walk in front of his premises, during the celebration of the supposed entires of Richmond. bration of the supposed capture of Richmond, on the evening of the 9th of May, beg respect-

fully to report

That, having inquired into the matter we find that the petitioner had violated the ordinance of the city in leaving his oil on the sidewalk, or "lying around loose," and hence that the or 'lying around loose,' and hence that the city is not properly or equitably amenable for the damages claimed, or indeed any damages whatever. Though impressed by the eloquent appeal of the petitioner, your Committee are constrained to make this adverse report, and ask to be dismissed from further consideration of the subject.

All of which is respectfully submitted.

D. D. T. MOORE, W. DARROW, L. C. SPENCER.

On motion of Ald. Warner, accepted. The Clerk reported that the Assessors had completed the annual assessment for the current year and returned the rolls to the Clerk's

The City Attorney submitted the following REPORT ON THE CLAIM OF SEVERAL BANKS FOR A REFUND OF TAXES:

To the Hon, the Mayor and Common Council of

Rochester:

The undersigned would respectfully submit that, in relation to the claim of several of the Banks of this city for repayment of certain sums paid by them during the past three years as taxes upon said banks, on their capital, or a portion theory being unable to core the series. tion thereof, being unable to come to a satisfactory conclusion from the means of information accessible here, and inasmuch as the due consideration of, and a conclusion upon this question involved necessarily to a very important extent the action of the Assessors and the Common

Council in reference to the taxes for the present year, and as the assessment rolls must by law be completed before the 15th of June, I deemed it highly important to the interests of the city to take every means of arriving at a safe and reliable conclusion on the whole subject. With this view and after consulting with his Honor the Mayor and the Chairman of the Law Committee, and with their concurrence in the propriety of so doing, I proceeded to Albany and New York, and there investigated the questions involved, and learned what action had been taken on the subject in New York, and the views of the corporate authorities and counsel there; and also made investigation both in New York and at the Bank Department in Albany in relation to the bill passed by the Legislature in April last, affecting this subject.

It may be well here to state, that an action was commenced by the Commercial Bank of this city against the city in 1830, to recover \$1,400, claimed by the bank to have been illegally collected by the city as taxes, upon stocks of the United States, claimed by said Bank to be exempt from taxation under State laws, although constituting a part of the capital of the Bank. As another action involving this question, was pending in the Supreme Court of the United States, in which the Bank of Commerce of New York was plaintiff, and the Ex-Commissioners of New York City were defendants, the above mentioned action of the Commercial Bank against this city, seems to have been allowed to rest with a view of abiding the result of the case in the Supreme Court of the United States above referred to. This is the only suit which has been commenced by the Bank against he city in relation to this matter, but several other claims are now made by the Commercial and other Banks to have money so paid refunded.

The case of the Bank of Commerce against the Tax Commissioners of New York was decided in the Supreme Court of the United States in favor of the Bank, and seems to establish the general principle that United States stocks, bonds, or securities are entirely exempt from and beyond the reach of any taxation by virtue of State laws. It is claimed, however, that this decision is put upon the ground that our State laws tax these stocks when constituting bank capital the seme as if property in the hands of a private individual, that this ground was assumed to be correct or taken for granted by the Court, whilst it is in fact untrue and a vital question yet to be considered in the case. For this and other reasons an applicatian is to be made for a reärgument of that case. Until that case is disposed of beyond the possibility of revocation, it will probably be quite as well for the city to defer the proposed repayment of money to the banks.

And even if that decision stands and there is no reargument of that case, still I should hardly then advise the repayment of so large an amount as is claimed, amounting now to over \$9,000, without having the Courts pass upon other questions which I think are fairly involved in the case of these claims for repayment, and which were not in any way involved in, or passed upon in the case decided in the Supreme Court of the United States. That was not an action to recover money paid, but was brought before any money had been paid and to test the one question only of the liability of banks to

taxation, or that part of their capital consisting of United States securities.

In New York, nothing has been refunded to any of the banks on claims of this nature; the banks are assessed this year as formerly to the full amount, and the authorities there seem to have little if any doubt but that the taxes will be collected and retained under the existing laws. As will be readily seen, I have not attempted anything like a discussion of, or the expression of an opinion upon the merits of the very important questions involved, but have merely stated the result of my inquiries and investigations so far as material as affecting any immediate action which it was or may now be deemed necessary to take in the premises. As it will be much easier for the city to pay back when it shall have been established beyond any and all questions that there is no other alternative than to get the amount so paid back again from the banks if by any possibility it should turn out that it need not have been paid. I am clearly of opinion that further action on the subject had better be postponed until further developments are made. The interests involved as affecting the whole country are enormous .-In this city alone the taxes on capital invested by our banks in United States securities for the current year, will amount to someting like \$25,-000. In New York, the amount of course, is immense, and there is no doubt but the whole subject will be thoroughly and speedily tried and determined, and until this is done, further action here would seem premature.

GEORGE W. MILLER, City Attorney.
On motion of Ald. Rowley, accepted and or-

dered published.

The City Attorney presented the following:

AWARD ON W. D. OVIATT'S CLAIM.

The undersigned Nehemiah B. Northrop and Samuel D. Porter residents of the City of Rochester, and freeholders thereof, having been appointed to award certain damages to Wilson D. Oviatt, founded upon the failure of a certain conveyance of lands from the City of Rochester to the said Oviatt, as by reference to the annexed submission of the question in controversy will more fully appear; and the undersigned above named being required to seiect a third person to act with them in awarding said damages, and having made selection of Nehemiah Osburn, also a resident of Rochester and a freeholder thereof, as the third party to act in said arbitration and award in the said Nehemiah Osburn, would hereby report that on the 8th day of June 1863, they together went upon the premises described in the submission hereunto annexed in which the City of Rochester and Wilson D. Oviatt are the contending parties and having made due examination they do hereby award and adjudge that the said Wilson D. Oviatt in consideration of the failures in said Deed of Conveyance by which he was to acquire a strip of land fronting on Ely street ten (10) feet and running back therefrom twenty-six (26) feet, has been damaged to the extent and amount of three hundred and seventy-five dollars (\$375), and that the said City of Rochester shall pay to the said Wilson D. Oviatt in consideration for said deficit of lands as described m said deed, as damages therefore, the sum of three hundred and seventy-five (875) dollars. In witness whereof the undersigued have

hereunto set their hands and seal, the 8th day of June, 1863.

COMMUNICATIONS FROM CITY OFFICERS. The Clerk presented the following: COMMUNICATION FROM HIS HONOR MAYOR BRADSTREET.

> MAYOR'S OFFICE, \ ROCHESTER, June 16, 1863.

To the Honorable the Common Council:

Gentlemen: I take this occasion to express to your Honorable body my cordial thanks for the very complinentary resolution unanimously adopted by your board at its last regular meeting, held on the 2d instant, wherein it is resolved as the expressed sentiment thereof, that the Mayor is the proper person to preside over the deliberations of said board during the present year.

By an act of the recent legislature, amending the charter of our city, the Mayor thereof, as such, no longer performs legislative duties-his department being made entirely executive, with

properly enlarged powers and responsibility.

Retaining the Chair in the board, would be by virtue of the old charter, while the assuming of the added powers and responsibilities would be under the amended form, which has displaced the former, and would be therefore incongruous and inconsistent.

Desiring to give the fullest effect possible to the newly inaugurated system of our city gov-ernment though thus severing a tie of social and intimate relation which has arisen and been repeated from year to year through the municipal history of our city. I trust each department will enter upon the discharge of its varied and augmented duties with an earnest purpose well and faithfully to perform them, exemplifying at their hands wisdom of the change.

Very respectfully,

N. C. Bradstreet, Mayor.

On motion of Ald. St. John accepted and ordered published.

SPECIAL MEETING.

Present—His Honor the Mayor, Ald. Spencer Cram, Rowley, Buell, D. D. T. Moore, St. John Darrow, Bromley, Warren, O'Maley, Chapman Hebing

On motion of Ald. Rowley, Mayor Bradstree

was called to the chair.

DEATH OF COL. O'RORKE. The Clerk presented and read the following communication from his Honor the Mayor: MAYOR'S OFFICE, Rochester,

July 11th, 1863.
To the Honorable the Common Council:

GENTLEMEN:—It is with feelings of unusua. poignancy that our citizens have been apprised of the fall of Col. O'Rorke at the recent battle of Gettysburg.

Placed by his eminent fitness, at the universal desire of our fellow citizens and the unanimous wish of those whom he was to command, in charge of the 140th regiment, one of the noblest that has left our city in answer to our country s call, he has thus early, in the dispensation of an All Wise Providence, been called to lay upon the altar of his country the bright hopes and glowing prospects which genius and talent had foreshadowed for his ruture.

A son of Rochester, as such raised and educated in the profession of his choice, you will de sire, I have no doubt, again to mingle public honors with the invasions of sorrow and griet.
N. C. Bradstreet Mayor.

Ald. Buell then offered the following, and moved its adoption:

Resolved, That we hear with deep regret of the fall of our much esteemed fellow citizen, Col. O'Rorke in the defence of his country, at the recent battle at Gettysburg.

Resolved, That the military of this District be invited to receive his remains on their arriva here, and to act as an escort at the funeral of the deceased; and that the Contingent Expense Committee be authorized to employ a band of music for the occasion, and to defray such other necessary expenses attending the funeral cere-

monies as they may deem necessary. Resolved, That this Board attend the funeral

in a body:

Adopted unanimously.
By Ald. Rowley—Resolved that the Contingent Expense Committee are hereby requested to present copies of the above resolution to Gen. John Williams and Col. C. H. Clark, and also to confer with them in relation to carrying out the objects of this meeting. Adopted.

Adjourned. C. N. SIMMONS, Clerk.

In Common Council---July 14th, 1863.

PETITION RELATING TO THE RAILROAD IN STATE STREET.

The undersigned, owners of property on State street, between Buffalo street and the New York Central Railroad, respectfully represent that certain parties assuming to be a Railroad Company, have torn up said street and placed thereon an iron rail track, which very much impairs the usefulness of said street and injures the value of our property for business purposes. That such rail track was put down without authority of law, and against our wishes. That said street had been recently improved, at a large expense to us, and was considered the best street for carriage use in the city. That since said rail track has been laid, the accidents and damage to persons and carriages in consequence thereof, have been so frequent that many carriage owners now avoid the street, such is their growing dread of said rail track, that we are convinced these rail tracks in our streets are a great damage to property and a public nuisance; and we consider the lawless course pursued by their projectors an outrage upon our city. We therefore respectfully and earnestly ask your honorable body to take such measures as may be necessary to promptly remove such rail tracks from State street, and to have the street restored to the same condition as before. COMMUNICATIONS FROM CITY OFFICERS.

The Clerk presented the following: VETO BY HIS HONOR THE MAYOR.

CITY OF ROCHESTER,)

Mayor's Office, July 9, 1863.

To C. N. Simmons, City Clerk: SIR:—Please to take notice that I hereby suspend the operation of the two resolutions, (transcripts of which are hereto annexed) presented at the last meeting of the Common Conneil, on the 30th of June, and then passed, in relation to authorizing the extension by the Rochester City and Brighton Railroad Company of their roads or tracks through certain streets of this city, in said resolutions named-and the following are my reasons for suspending the

First.—The resolutions seem to have been passed without any discussion and without the careful considerations which their importance demands, and I am forced to believe without their real purport and effect having been fully comprehended by the Common Council.

Second.—It seems to me that the resolutions as passed may possibly involve the city in difficulties and responsibilities by assuming without qualification or reservation to give the right to the Company to extend their tracks through the streets named, which might be just as well avoided, and guarded against by incorporating in the resolutions the proper provisoes and reservations or conditions. In explanation of this I will state that as I am informed the recent decisions of the Supreme Court of this District. hold that the Railroad Company cannot occupy and use the streets of the city without first obtaining the consent of the owners of property on such street or streets. I do not suppose the Common Council intended to guarantee to the company the use of the streets named as against the rights, whatever they may be, of the own-ers of property thereon; still the resolutions

are unqualified, and although their passage by the Common Council would not probably deprive owners of any of their rights, yet their being so passed might open a door to litigation involving the city as for any damage which might occur by reasons of the exercise of a right claimed to have been granted by the city.

If such resolutions are to be passed, the rights or authority given, it seems to me, should be such and such only as the city has a right to grant, and the rights granted should be exercised only on condition that all other necessary legal rights and authority are obtained by the com-

pany

Third.—But as to the expediency and right to make the grants intended to be made by the resolutions, I am compelled to say, as I first said, the effect and purport of such grants could hardly have been duly conceived. Heretofore the right to cross two of the four bridges which connect the different sides of the river in our city has been granted to this company; and now it is asked that they shall have the right to now it is asked that they shall have the right to traverse other streets, and also to cross the remaining two bridges. If this is done, every bridge in the city crossing the river will be obstructed by a railroad. Should this be? The Main street bridge is now very wide, and a track may be laid over it perhaps without very seriously obstructing travel; but can the same be said of Court and Andrew street bridges? It seems to me not.

The Company would necessarily be compelled to place two tracks upon each of them merging into one at each end respectively making the apcroaches thereto difficult and dangerous to or-

dinary travel.

The immense and constant use of these bridges by our citizens and the public demand of authorities that they be kept in as complete order, and as free from obstructions as possible. Before such a grant is made, the subject should receive the serious and most careful consideration of the Common Council.

N. C. BRADSTREET, Mayor.

The following are the resolutions:

"By Ald. Warner—Resolved, That the Rochester City and Brighton Railroad Company be authorized so extend their roads or tracks from Main street through Franklin to Andrews street, and thence through Andrews and Mumford sts., to State street, on the same terms and conditions as are contained in the contract between the city and said Rochester City & Brighton Railroad Company."

"By Ald. Warner-Resolved, That the Rochester City & Brighton Railroad Company are authorized to extend their tracks or road from Clinton street through Court to Exchange st., on the same terms and conditions as are contained in the contract between the city and said Rochester City & Brighton Railroad Company."

Ald. Bromley moved that the further consideration of this order of business be postponed for the present. Motion adopted.

The Clerk presented the following:

Ald. H. G. Moore presented the following:

REPORT OF THE FIRE MARSHAL.

To the Honorable the Mayor and Common Council

of the city of Rochester:
GENTLEMEN—I have the honor to submit my quarterly report for the three months ending on

the 30th of June.

It is highly gratifying to me to be able to re-port the very small number of fires, as well as the small amount of property destroyed by such fires, during the period embraced in this report. Accompanying this you will find a detailed statement of the number of fires as well as the total loss of property and the amount of insurance on the same.

It will be seen that we have had but two fires of any magnitude since the first of April, one on State street and the other on South St. Paul street. Several small fires have occurred during this period, all of which have been extinguished without giving a general alarm and with very trifling loss of property. In almost every instance the last mentioned fires have been traced to carelessness in the using of stoves.

lamps, candles or gas lights.

The use of jointed gas brackets projecting from the side walls in buildings where they are used, and especially where children have access to them, is many times the cause of setting fires. In two instances, in the number of fires which have lately occurred, the cause can be distinctly traced to the burning gas from the brackets coming in contact with wood work, both of which have occurred during the absence of the older members of the family from the house.

I have good authority for saying that when the joints of such brackets become loose so as to permit them to swing easy, that the pressure of the gas (when the gas was burning from such brackets,) has been known to swing such portions of the bracket as were loose around so that the burning gas has come in contact with the wood work. Therefore, I am led to believe that many fires have occurred which could hardly be accounted for. I notice that some of our mer-chants leave the gas dimly burning during the night in their stores. When this is done the shades used on such lights should be removed as well as any combustible material near such lights. Many times the key by which the gas is turned off and on becomes so loose as to move easily, the pressure of the gas becomes so strong as to move the key, and in some instances a full jet of gas is found burning in the morning. All persons using gas can discover when such key or the joints on the brackets become loose, and by tightening the screws in the key or joints of the bracket many accidents may be avoided.

The almost universal practice of citizens in moving their stoves into some back room or

shed (which have no chimney in them), for use during the summer months, make it a matter of necessity to cut a hole in the roof or sides of such rooms to admit the pipe from such stoves, and this being done in such a manner as to leave little or no space between the pipe and the wood-work; and the consequence is that many fires which we have during the summer, are caused by this improper manner of putting up said stoves. If stoves are putup and used in such rooms, the wood-work in all cases should be cut away so as to leave a space of at least six inches between the stove pipe and the wood, and then the wood should be well protected by being covered with tin from the heat of such pipe, and in all cases the pipe should extend at least six feet above the roof or roofs contiguous to it and well secured to prevent it from falling down. And in no case when the pipe is carried out through the side of such room should this be done without having an elbow on the end of such pipe and such length of pipe added to carry the same of sufficient height above the roof to protect the building from fire from the same. Great care should be taken in setting up and using stoves in rooms where there are no chimneys into which to carry the pipes from such stoves. And I have no doubt that we should have less fires if an ordinance should be passed prohibiting the use of stoves in buildings where there are no chimneys or tunnels to carry off the smoke from the heating apparatus used in them.

All of which I most respectfully submit.
O. L. Angevine, Fire Marshal.

Your committee to whom was referred the resolution offered by Ald. Buell at the last regular meeting of this Board to the effect that we proceed at this meeting to elect a permanent president. beg leave to report that they have had the matter under consideration, and have come to the conclusion that the act of the Legislature passed April, 1863, as an amendment to the city charter, creates the office named, and that though no election was had within the time fixed by the law, yet there being such an office, and it not having been filled, there is consequently a vacancy, and that we are authortoused to fill it. We therefore recommend that the Board, at a proper time, do elect a permanent president.

Rochester, July 28, 1863. Accepted.

COMMUNICATIONS FROM CITY OFFICERS. The Clerk presented the following:

COMMUNICATION FROM HIS HONOR THE MAYOR.

MAYOR'S OFFICE, ROCHESTER, 28th July, 1863.

To the Honorable the Common Council:

GENTLEMEN: -I deem it my duty to call your attention to the following transcripts of letters from the Provost Marshal General to Hon. D. Bookstaver, Mayor of Syracuse, and His Excellency, Gov. Andrew, of Massachusetts, respect-

Washington, July 22, 1863.

To D. Bookstaver, Mayor:

Volunteers will be received on your quota, up to time of draft, and all who have been mus-tered into the United States service, up to that tered into the United States service, up to that What appears to me, in the present crisis, to time, must be credited on your quota, by your be far more desirable, and, I will add, absolutely

Ald. Fish, from the Street Committee, reported | Board of Enrollment. I cannot tell when the draft will take place in your city.

JAMES B. FRY, Provost Marshal General.

LETTER TO GOV. ANDREW.

WAR DEPARTMENT, PROVOST MARSHAL GENERAL'S OFFICE, Washington, D. C., July 19, 1863.

His Excellency John A. Andrew, Governor State of Massachusetts, Boston, Mass.:

Sir:—The Enrollment act only provides that in assigning to the Districts of a State the number of men to be furnished therefrom, the President shall take into consideration the number of volunteers and militia furnished by and from said State, and the period of their service, &c.

If, however, it shall be made to appear to the Provost Marshal General by the Governor of any State, that particular towns to which quotas have been assigned, have heretofore actually furnished a surplus of men over the quotas, an order will be issued discharging from the service of the United States a number of men called into service by the present draft from said towns, equal to the surplus proved to have been furnished heretofore. Towns will thus get credit actually for their excess on former calls.

The number of men thus discharged from the service will be added to the next subse-quent quota or the Congressional District to which said towns belong.

I am, sir, very respectfully, your obedient servant,

James B. Fry, Provost Marshal General.

The city of Rochester, on the 10th day of November last, had furnished, according to the record, an excess over its quota of 171. The purport of the foregoing letters appears to be that our city is entitled to a further credit of whatever number may have enlisted and been mustered into service in the city since that time. Neither the patriotism nor the property of our city should be allowed to suffer by the delinquency of any other portion of our State.

I recommend that a committee of the Board be appointed, to enter at once upon the duty of ascertaining the number enlisted and mustered in at Rochester since November 10th last, and of causing a full credit therefor to be made upon the quota, as far as allowable, with the proper

authorities of the government.
N. C. Bradstreet, Mayor.
On motion of Ald. Bromley, laid upon the table and ordered published.

Also the following:

MAYOR'S OFFICE,

ROCHESTER, July 28, 1863.

To the Honorable the Common Council:

GENTLEMEN:—The resolution adopted by the

Board on the 16th ultimo, requesting the Mayor to raise a regiment of "Home Guards" upon such conditions as upon consultation with citizens should be thought advisable, has received from him due consideration.

Upon the occasion of a great and sudden emergency, the organization of a "Home Guard" might be indispensable to public safety; such organizations, however, are, for many and obvious reasons, but temporary in character, and rarely accomplish the purpose intended.

necessary, no less for the welfare and honor of our city than for the honor and protection of the State, is the filling up, to the maximum number of the companies and their ranks of our al-ready organized 54th Regiment of National

Guard.

This regiment, partaking of the martial spirit imparted by the imperishable renown of those pioneer companies of citizen soldiers which were the pride and boast of Rochester for so many years in the past, now asks to be placed upon a footing by which it can avail itself of the privileges of the law under which it is formed. It has now only six infantry companies; to meet the full requirements of the law, it should have ten companies of infantry. Its company rolls show that less than 400 men answer to the call; its full ranks would number a thousand noncommissioned officers and privates It now bears for the most part its own expenses of equipage, rent, and other usual contingencies necessarily arising, it would then be materially assisted by the State, being by it fully uniformed and equipped, and also allowed a stipend of \$500 yearly. With what veneration, from its first utter-

ance, has been repeated by our countrymen, the maxim: "In time of peace prepare for war."

What, then, is our duty now? Who can di-

vine what momentous necessity, not far in the future, may await our beloved city.

It is therefore from a sense of duty evoked by the solemn obligations of my office that I recommend to your honorable body that such adequate assistance be tendered the 54th Regiment as shall relieve it of any pecuniary em-barrassment, and that such further aid be prof-fered as will enable it at once to be fully perfected under the law organizing the National Guard of the State of New York. N. C. Bradstreet, Mayor. On motion of Ald. Bromley, laid upon the

table and ordered published.

The Mayor also sent in a communication from John Mayer and Augustus Koeth, which was read and laid upon the table, in relation to or-ganizing a new German militia company, to be attached to the 54th Regiment.

Ald. St. John presented the report of the Overseer of the Poor for the month of July, as fol-

lows:

Whole amount expended \$1,008 29 Less for towns and county 197 77 Amount for city \$ 810 52

Number of families relieved, 420.

Ald. St. John offered the following as a sub-

stitute for the above:

Whereas, The present war that we are engaged in has thrown upon this city about one hundred families of volunteers for relief. a number have been made widows, some of them very recently at the battle of Gettysburg. Many of them are not only in need of temporary relief, but something of a more permanent character.

There are widowed families of from two to six children, who are suffering as much for the want of clothing as for food. The Overseer of the Poor is rendering all the assistance the poor fund will admit of, but in many cases it is a mere drop comparatively. The poor fund is inadequate for temporary relief, much less for anything of a permanent nature. Therefore; Resolved, That the sum of \$2,000 be, and the

same is hereby appropriated for the relief of in-digent families of volunteers.

In Common Council, Aug. 15, 1863.

SPECIAL MEETING.

The President of the Board, Ald. Bromley, presiding.

Present—Ald. Spencer, Cram, Rowley, Buell, D. D. T. Moore, St. John, Darrow, Bromley, O'Maley, H. G. Moore, Upton, Palmer, Sidler, Flynn.

Absent—Ald. Darling, Warren, Hoffman, Fish, Warner, Mordoff, Ernst, Chapman, Hebing and McQuatters.

The minutes of the last meeting were ap-

proved.

The President stated that the object of the meeting was to hear the report of the Special Committee appointed to raise \$207,300 for the relief of conscripts that may be drafted into the

service of the United States. Ald. Rowley, from such committee, reported verbally that he had not time to make a written report, and would only say that the Committee had been untiring in their efforts with the Banks to raise the funds, but as yet had not been able to get a definite answer whether they would or would not lend the money; that they first called on Freeman Clarke, presented the subject to him, and he unhesitatingly said he would lend his proportion if the rest of the Banks would do the same. Some of the other Banks said that they would do about as others would do, some that they would do as the majority did, · while some manifested a disposition not to do anything.

At the request of the Committee a meeting of Bank officers was held, the action of which will be presented to the Board.

Ald. Rowley then presented the following:

COMMUNICATION FROM BANK OFFICERS.

To the Finance Committee of the Common Council:

At a meeting of the bank officers of the city of Rochester, held at the Farmers & Mechanics Bank on Friday, August 14th—five banks were represented. It was unanimously recommendrepresented. ed that the Banks of this city loan to the city such sums as may be necessary to take proper care of the indigent families of conscripts or volunteers entering the service of the U.S. as authorized by an act of the last Legislature.

Joseph Field, Chairman.

F. GORTON, Secretary Rochester, Aug. 14, 1863.

The following resolutions, laid upon the table at the last meeting, was called up: "By Ald. Rowley—Whereas, We recognize

the duty of liberally providing for the relief of the families of all indigent persons, residents of this city, who are or shall be engaged as volun-teers or drafted men in the military service of the U. S.

And whereas, In the execution of the recent act of Congress for enrolling and calling out the national forces, there necessarily occur some cases of peculiar hardship, appealing to the humanity of the community, which are not embraced (because not forcseen) in the exemptions provided for in that act; and the Legislature of this State in a statute passed at their last session contemplate that provision may be made sion, contemplate that provision may be made by municipal authorities of cities for procuring substitutes for men drafted therefrom, in such occasional cases of peculiar hardship, for which purposes the necessary funds should be raised by this Board, so that the burden thereof may fall alike upon all our citizens in proportion to

their means; therefore, Resolved, That for the purpose aforesaid au-thorized by law, the sum of (\$75,000) seventy-five thousand dollars shall be raised; that the City Treasurer, under the direction of the Finance Committee, be and he is hereby authorized and directed to borrow that amount in such sums as may be needed, from time to time on the credit of the City of Rochester, and to exe-cute the city's notes or obligations therefor, (with or without the corporate seal) payable with interest at such times and places as may be directed by the Finance Committee; that his Honor the Mayor and Aldermen D. D. T. Moore, Honor the Mayor and Alderinen D. D. I. Moore, Palmer and Cram be and they are hereby appointed a Committee to carry into effect the objects of this resolution and the purposes for which the said money shall be raised as aforesaid; and that Messrs. Thomas C. Montgomery, Charles H. Williams and Benj. Baker be and they are hereby authorized and requested to set with the said Committee in the discharge. act with the said Committee, in the discharge of such duties."

Ald. Buell moved to amend by adding the following:

And it is hereby further Resolved, That the resolution passed by this Board on the 21st day of July last, authorizing the raising of \$207,300, be and the same is hereby rescinded.

Ald. Rowley moved that further action upon the above resolutions be postponed until Monday evening next, at 8 oc'lock. Motion adopted. Ald. Rowley now moved that so much of the resolution passed by this Board on the 21st ult., as relates to paying the United States Government for men who do not enter the service, and for whom substitutes cannot be procured, be and the same is hereby rescinded. adopted.

By Ald. Rowley—Resolved, That when this Board adjourns it be to Monday evening next at

8 o'clock. Adopted.

The clerk presented the following communication from His Honor the Mayor:

MAYOR'S OFFICE, ROCHESTER,) August 15th, 1863.

To the Honorable the Common Council:

GENTLEMEN—I herewith hand you transcript of dispatch to the Hon. H. D. Scrantom, announcing that the veteran 4th Massachusetts regiment, numbering 650 men, would pass thro' our city to-morrow morning between 7 and 8 our city to-morrow morning between 'and o'clock, and asking if the citizens of Rochester would feed them. To such a question there could be one reply; and Oscar Hurlburt, by my advice, has been requested by Mr. Scrantom to prepare a breakfast at the depot, and he has entered upon the task. I respectfully ask your approval of my action in the matter.

N. C. BRADSTREET.

BUFFALO, Aug. 15, 1863. H. D. SCRAMTOM:—The 4th Massachusetts regiment will probably pass here about three o'clock to-morrow morning, en route for home. The citizens of Buffalo have furnished refreshments for all the regiments that have passed here so far. Three o'clock will be too early.

They will pass Rochester between 7 and 8 o'clock A. M.

Do the citizens of Rochester wish to feed them? If so, we will give them notice.

H. W. CHITTENDEN.

21

By Ald. Upton-Resolved, That this Board | hereby approves of the action taken by His Honor the Mayor, in relation to entertaining the veteran 4th Massachusetts Regiment.

Adopted unanimously.

By Ald. Palmer—Whereas, This Board has just approved the response of His Honor the Mayor on behalf of our city to furnish a suitable repast for the veteran 4th Massachusetts Regiment on its passage through Rochester

Resolved, That the Contingent Expense Committee are hereby authorized and directed to take charge of the matter with Mr. Hulburt, and to pay the necessary expenses incurred.

Adopted.

Ald. D. D. T. Moore moved that the Board meet the veteran 4th Massachusetts Regiment on their arrival, and assist in entertaining

them. Adopted.
Ald. Upton moved that the resolution adopted on the 21st ult. in relation to raising \$207,300, also the resolution offered at the last meeting in relation to raising \$75,000 be referred to the City Attorney to report at the meeting on Mon-

day evening next. Adopted.

By Ald. Flynn—Resolved, That J. O. Pettengill have leave to remove a wood barn on lot No. 18, south side of Atkinson street, about 13 feet from where it now stands on said lot, under direction of the Fire Marshal. Adopted.

rection of the Fire Marshal. Adopted. By Ald. Palmer—Resolved, That the City Treasurer pay Messrs. Jones and McConnell \$2,000, when there is money applicable, on their contract for constructing Buffalo street sewer, and charge that fund.

Adopted—all ayes. Adjourned.

C. N. SIMMONS, Clerk.

In Common Council, Aug. 17th, 1863.

ADJOURNED MEETING.

The President of the Board, Ald. Bromley,

-Ald. Spencer, Cram, Buell, D. D. T. Present-Moore, St. John, Darrow, Bromley, Warren, Hoffman, O'Maley, H. G. Moore, Upton, Palmer, Sidler, Flynn, McQuatters.

Absent—Ald. Darling, Rowley, Fish, Mordoff, Ernst, Chapman and Hebing. -Ald. Darling, Rowley, Fish, Warner,

The minutes of the last meeting were approved.

The President stated the object of the meeting to be to take into consideration the subject of raising money for the relief of indigent families raising money for the reneror indigent maintes of volunteers and persons ordered into the service of the United States.

Ald. D. D. T. Moore presented the following petition of the committee appointed at a meet-

ing of conscripts held on the 15th inst.:

To the Hon. the Common Council of the City of Rochester:

At a meeting of the conscripts of the City of Rochester held at the City Hall on the 15th day August inst., the annexed resolutions were unanimously adopted. And your petitioners were appointed a committee by that meeting to petition your honorable body to continue the efforts being made by you to relieve the burdens imposed by the draft in this city.

Your petitioners herewith respectfully present the petition of nearly two thousand citizens of Rochester requesting that your honorable Board

take such action as may be necessary by borrowing upon the credit of the city such sum or sums of money as may be necessary to pay each drafted man who shall enter the military service of the United States under the draft, or procure a substitute, the sum of \$300, and by paying such sum to such drafted man or substitute.

JOHN H. JEFFRES, FRANCIS QUINLAN, DENNIS W. LEARY, Com. WILLIAM OLIVER,

Dated August 17th, 1863.

(The resolutions accompanying the petition were the same as adopted by the conscripts at the meeting held on Saturday evening last.)

Ald. D. D. T. Moore also presented the following petition:

To the Honorable the Common Council of the City of Rochester:

Your petitioners, citizens of the city of Rochester, respectfully petition that your honorable body take such action as may be necessary to equalize upon all the citizens of the city the burgens imposed by the draft upon a few, by borrowing, upon the credit of the city, such sum or sums of money as may be necessary to pay each drafted man that shall enter the military service of the United States, under the draft, or procure a substitute, the sum of Three Hundred Dollars, and by paying that sum to such drafted man or substitute.

And your petitioners hereby individually pledge their influence to procure, at the next session of the Legislature of this State, the passage of a law legalizing such loan, if any legislation on that subject shall be necessary.

Dated Aug. 17, 1863.

(The petition was signed by nearly 2,000 citi-

By Ald. Buell-Resolved, That the resolutions By Ald. Buell—Resolved, That the resolutions passed July 21st last, appropriating the sum of \$207,300 for the relief of indigent families of volunteers, &c., be and the same are hereby rescinded, and that the consideration of the resolutions offered on the 11th day of August inst., be indefinitely postponed. Adopted.

Ald. Palmer having obtained the unanimous consent of the Roard, offered the following or-

consent of the Board, offered the following or-

dinance, and moved its adoption:

If the efforts to accomplish the object assigned me by your Honorable Committee have not been entirely successful, it is not, I am persuaddone all that was desired by the Provost Marshal General and the evidence was by him pronounced sufficient.

If there is a failure it is that the assurances reported by Mr. Ely to have been made to him by the Provost Marshal General, have not been carried out, but are distinctly repudiated by that officer. I have the honor to be,

Very respectfully, Your obedient servant, Rochester, Aug. 31st. C. H. CLARK.

WASHINGTON, Aug. 27, 1863.
To Col. James B. Fry, Provost Marshal General:
SIR: The undersigned, at the instance of the SIR: The undersigned, at the instance or the city of Rochester, have procured and present you herewith the evidence as required by you in your letter to Gov. Seymour of the 5th inst., in order to be allowed the surplus enlistments over former calls.

We respectfully request that as soon as comparison of names can be made with the musterin rolls on file in the Adjutant General's office, a proper order be issued for the discharge of the drafted men as proposed by you. You will also receive herewith the request of Gov. Seymour that the excess be allowed and credited as suggested in your letter to him. F. CLARKE.

WAR DEPARTMENT,
PROVOST MARSHAL GENERAL'S OFFICE,
WASHINGTON, D. C., Aug. 27, 1863.

on. Freeman Clark, M. C., (Rochester, N. Y.,) Willard's Hotel, Washington, D. C.:

SIR—The proposition contained in my letter to Governor Andrew was made to relieve a case of local hardship, and without any intention of making it general, or supposing that it would be so considered. The numerous applications made by various towns and other small organizations soon satisfied me that it would be difficult, if not impossible, to find any principle of adjustment which would apply to all or even any great number of cases. I was under the impression that the scheme devised and suggested to Governor Seymour and others would be of some practical effect, which was to ascertain the names of men claimed to have been furnished, and compare them with the muster-in rolls on file in the War Department.

In one or two instances where this has been attempted, it is found to be a very extensive labor, and no adequate results have been arrived at, and the time which would be taken up with the claims of all who choose to make them would cause so much delay as to defeat the object in view, and also interiere seriously with other im-

portant business An earnest and faithful effort has been made to carry out the plan, but the effort has brought in so many difficulties and complications, which I did not foresee, and developed so many obstacles which cannot be overcome, that I am at

last compelled to abandon the idea

I wrote to Governor Andrew under the impression that the matter was one affecting only a limited section, and which could be quickly attended to, but it has so much increased that now, even if the claims of towns could be adjusted, it would almost neutralize the effect of the draft, and to raise men enough from the few towns which admit a deficiency would be impossible.

While I thus frankly admit my inability to do what I contemplated, and give my reasons for it, I can at least ask and hope for acquiescence in a decision which has become unavoidable.

The previous action of towns and counties in excess show that they possess a patriotic sense of the necessity, the absolute necessity of pressing to a victorious conclusion the war upon which we stand or tall as a nation, and of providing men and means for the purpose.

I therefore rely upon their patriotism and their interest in a return of peace and prosperity to abate a little their claims for previous generosity, and, if drafted, to assume cheerfully the honor which awaits them of being the winners of the last victory.

No one appreciates more than I do the pro-

priety of making, and even insisting upon having due credit allowed for the services already rendered, and the sacrifices already endured, but in attempting this it will not do to yield the great point of providing means of making a speedy termination of the war, and a thousand men now may save the necessity of calling for ten thousand in future.

It is proper for me to inform you, also, that the Secretary of War has decided that he has no authority under the law of Congress to deduct the surplus of volunteers which may have been furnished by towns from the quota now ordered

by draft from those towns.

I am, sir, very respectfully,
Your obedient servant,
JAMES B. FRY, Provost Marshal General.

RELIEF TO INDIGENT FAMILIES.

While the time and attention of your committee has nearly to the present moment been occupied more especially with duties connected with the draft, as a matter necessarily to be disposed of at once, and admitting of no delay; nevertheless, the subject of forming and perfecting en unexceptionable, thorough and complete system of affording assistance to the indigent but worthy families of volunteers, secured immediate consideration.

Blank applications were carefully prepared, with interrogations, intended to bring out every fact bearing upon the merit of the applicants, requiring their responses and signatures, and were in form as follows:

To enable the Committee to perform their duties justly, both to the city and to the appli-cant for aid, a circular and list of interrogations were made and have been forwarded to such officers in the United States service as were respectively indicated by the claimants for aid, and were in form as follows:

MAYOR'S OFFICE, Rochester, N. Y., September, 1st, 1863.

To Captain -

Washington, D. C.

DEAR SIR:—The City of
Rochester, by an ordinance of the Common
Council thereof, under a law of the last Legislature, have provided a fund from which to assist indigent families of volunteers in the service of the United States.

The Relief Committee, having charge of the disbursements to such families, have enclosed you a list of interrogatories, to which they desire you to add such answers of fact as will enable them to perform their duties justly, both to the city and the applicants for aid.

Your immediate attention and reply will greatly facilitate and oblige.

greatly facilitate and oblige.

Yours, very respectfully,

N. C. Bradstreet, Mayor.

Is Mr. ... at the present time a member of your Company? If not at this time a member has he ever been such?

If he has been, but is not now a member, please state why, and when he ceased to be so.

When and at what place did he enlist?

If desd, please state cheemstances.

If a deserter, from what time?

What is his age?

Does he make remittances to family or irlends, and if so, about how often and what amount?

Please state any other facts you deem of importance to the committee regarding his person or his family mayor of Rechester.

To. N. C. Bradstreet,

To. N. C. Bradstreet, N. Y.

Conscious of the great responsibility and the magnitude of the labor imposed upon them, the Committee desired the individual aid and co-operation of each and every member of the Board, of which fact you were respectfully ad-vised by the following circular:

MAYOR'S OFFICE, ROCHESTR, N. Y. September 1st, 1863.

DEA SIR:—The Relief Committee of the Common Council, appointed by an ordinance thereof, Augt. 17th, 1863, entitled "An Ordinance to provide relief for indigent families of Volunteers and of particular land into the source." teers, and of persons ordered into the service of the United States," have entered upon the discharge of the duties implied, and appreciating their magnitude and the great responsibility involved, they respectfully invoke the earnest cooperation and advice of every member of the Board.

The application for "relief," handed you, by the Committee, they trust will receive your per-sonal, prompt and thorough investigation, as your report thereon will at once indicate the merit of the applicant and the obligation of the

city.
The applications will be classified into three grades, numbered 1, 2 and 3, respectively. Applications approved by you, as deserving from the necessities and circumstances of the family, the greatest help, you will please endorse No. 1. Those of next importance please endorse No. 2. Those requiring least assistance please endorse No. 3.

Each application, as soon as convenient after your investigation, should be endorsed by you, with such remarks of further explanation as may be deemed of importance to the Relief Committee, and filed at the office of the undersigned for further consideration and final action of each Committee. of such Committee.

On behalf of the Relief Board, N. C. BRADSTREET, Mayor.

REPORT ON A. CAMERON'S PETITION.

To the Hon. Common Council of the City of Rochester:—The Greivance Committee and City At-torney, to whom was refered the petition of Angus Cameron, asking to have the personal tax assessed against him in this City, this year, remitted, would respectfully report that having examined the said Angus Cameron and the evidence by him produced, we are satisfied that he has not been a resident of this City or County since last February, and that consequently the asssessment of his personal estate

here was extra judicial and erroneous, and should be remitted, or cancelled.

D. D.T. Moore, L. C. Spencer,

GEO. W. MILLER, City Attorney. On motion of Ald. Rowley the report was accepted and adopted.

The City Attorney presented the following

OPINION OF THE HON. A. GARDINER ON THE CLAIMS OF, MESSRS. STARR AND CURTIS.

For improvements deemed necessary by the Common Council, they have the right to purchase lands of the owners. When this right is exercised the claim of the occupant to the interest on the purchase money accrues from the moment the contract of sale is consumma-

ted. \$169. When, however, the parties disagree as to the price of the damages to be paid to the owner, the Supreme Court is authorized to appoint Commissioners to determine this question. Sec. 169, 170. The Commissioners are clothed for this purpose with judicial powers, for they are bound if required, to take testimony, hear the allegations of the parties, ascertain and report "the compensation which should be paid to each of the owners or occupants." §170.

When the report is confirmed by the Common Council (they must confirm or set it aside), the question of compensation is finally settled. The report and confirmation is in the nature of a judgment and conclusive upon the parties.

It is true that persons feeling themselves aggrieved may appeal to the Supreme Court. So they might from a judgment of the Supreme Court. The judgment however, notwithstanding, would be final and conclusive upon all the parties until recovers. It is also said that the Common Council are only required to pay the difference between the appraisal of damages and the assessment for benefits when both relate to the same individual; and that consequently the sum to be paid cannot be ascertained until the assessment is completed.

The answer to this objection is that the appraisal and the assessment are entirely distinct proceedings, the first determines the price of

the lands appropriated, the last provides the means of payment.

The City Authorities are not bound to wait the collection of the money assessed. They may borrow and pay immediately. \$174. This they must do it the exegencies of the improvement proposed requires the immediate posses-

sion of the lands.

ion of the lands. \$174. In fact the apprisal and the assessment where both are confirmed, are in the nature of distinct judgements, the one in favor of, and the other against the owner, when he is assessed for benefits. If both judgments exist prior to the expiration of the four months allowed to the City for the payment of the price of the land, the Common Council may deduct the one from the other and pay the difference. But this right of set off, or statute mode of payment pro tanto, in no way affects the validity of the judgement in favor of the owner. He is enti-tled to interest from the time it was rendered and in like manner may be compelled to pay interest on the one against him.

My opinion is that Messrs. Starr & Curtis, are entitled to interest on the sums awarded them from the time of the confirmation of the re-

port, or 16th August, 1861.

REPORT ON ALLEN STREET ASSESSMENT. To the Hon. the Common Counil:

Your Committee to whom was referred the petition of various persons assessed for the improvement of Allen street, asking that the Central Railroad Company be assessed for the distance owned by the Company on the line of the street, or through Centre Square, in proportion to what other property owners are taxed—would respectfully report in favor of granting the prayer of the petitioners as just and equitable. And your Committee recommend that the Assessment Roll be referred back to the Assessors with instructions to correct in accordance with the reasonable request of the petitioners.

REPORT ON THE LOCATION OF TELEGRAPH POLES. To the Hon, the Common Council:

Your Committee to whom was referred the petition of sundry residents of the 7th Ward, petition of sundry residents of the 7th Ward, and property owners on Monroe, Alexander, Broadway and Griffith streets, remonstrating against the erection of telegraph poles on said streets, would report that in their opinion, a change of the route is advisable, and would only be just to those who complain. Your Committee therefore suggest that the route be from Monroe street through Averill street (east of the old burying ground) to the south bank of the Eric Canal; thence on said bank of the canal to South St. Paul street.

Ald. Hoffman presented the following: REPORT OF THE FIRE MARSHAL.

To the Mayor and Common Council of the City of Rochester:

GENTLEMEN:-In compliance with the ordinance in relation to the duties of Fire Marshal I have the honor to submit herewith my annual

report for the year ending Sept. 30, 1863:
It is extremely gratifying to me to be able to present so tavorable a report.

During the past year very few fires have occurred in this city of any magnitude as compared with former years. The total number of fires for the year was 39. 17 of this number were fires which were extinguished without giving the general alarm, and only a small amount of property was de-stroyed by the same. The City Hall bell has been sounded but 22 times for actual fires during the year, and the total amount of property destroyed, as will be seen in detailed statement marked A, was \$23,056, of which \$20,496 was covered by insurance and paid. The steam fire engines have been called upon to work on 14 fires only, during the entire year, and we have had only three false alarms during that period. It will be gratcalled Ifying to our citizens holding policies of insurance, to know that all losses sustained by the several underwriters have been promptly adjusted and paid to the parties holding their policies, either by mutual agreement as to the amount or appraisement by disinterested persons selected by those interested, and without resort to legal remedy in a single instance, and I believe satisfactory to all.

We have had some fires during the year

which have clearly been the work of incendiaries, but not having sufficient evidence to fasten the guilt upon any particular person, no arrests have been made. Two of such fires have occurred in the nalls or rooms in buildings having entrances by stairs leading from the street to the upper rooms in such buildings, without doors to such entrance to prevent any and all persons having access to such rooms whenever they please. Many of such rooms whenever they please. Many of such rooms are unoccupied and the doors left open, making such places at night a rendezvous for lewd and incendiary persons. I have no doubt that had doors' been placed at such entrances and closed at night, such fires would not have occurred.

At this season of the year many of our merchants keep their stores open evenings; to such let me say be careful in placing goods liable to take fire too near gas lights in your show windows. We have more or less fires every year from carelessness in placing such too near the burning gas. Considerable damage to property is the result of such fires, and in many such fires large and costly plate glass windows are broken. Perhaps many of our citizens are not aware that plate glass is not covered by policies of insurance, unless specially mentioned in

said policy.

I would also call the attention of all citizens who are about arranging their furnaces, stoves, and other heating apparatus for winter use, to the necessity of examining the smoke pipes leading from the same, to see that they are sound and in good order before using them. Unless good care is taken such pipes very soon become rotten and totally unfit for use from the effect of the acid from coal soot collected in them. When in use a little care in time will prevent many fires which occur from the negligence of examining such pipes, which fires can hardly be accounted for. When such pipes pass through floors and wood partitions great care and good judgment should be had that sufficient space between the pipe and the wood work be left so as not to endanger the wood taking fire from the pipes by stone or earthern pipe tubes, or double tin thimbles around the pipes, with a space of at least one-half inch between the center and inner thimble, so as to allow a free concentration of air between the tin: and when such furnaces or stoves stand near to wood ceilings, such ceilings should be protected by zinc or tin put on the ceiling in such manner as to allow a space of half an inch between the zinc or tin and the ceiling. Instances has been known where zinc was placed directly over the ceiling that the heat has melted the zinc and set the ceiling on

The use of wooden fire-boards placed against fire-places, not in use, should be strictly prohib-Many fires occur by the soot in the chimney taking fire from stove pipes entering the same, and the burning soot drops down into the fire-place and the board takes fire. Iron or zinc boards should be used.

The ordinance in relation to the suppression of fires requires that all stoves in use should stand upon a foundation of metal, brick or stone, stand upon a formation of meeta, brick of stone, subject to the direction and approval of the Fire Marshal. This ordinance will be strictly enforced. It will afford me much pleasure when making my annual tour of inspection of furnaces, stoves, &c., in u.e, to find that those using them have complied with the ordinance in relative thereto. tion thereto.

RECAPITULATION.

The total number of fires which occurred in this city during the past year ending on the 30th day of September, 1863, is 39.

And three talse alarms during the same period.

I trust I may be allowed to call your attention to the subject of a Fire Alarm Telegraph to be

connected with our well organized Fire Department.

I am informed that at the proper time the committee on fire department will strongly urge your honorable body to ask of the Legislature of this State the increase of the fund for the support of that department. If such application is made would it not be well to include in that increase an amount sufficient to erect and put in operation a fire alarm telegraph. With this addition to the department I think I am safe in saying that no city in the United States has a more efficient and complete department than our own. Offers were made some eighteen months ago to erect a perfect and well arranged telegraph for fire purposes, with some sixty signal boxes located in different parts of the city where they could be most beneficial in giving fire alarms, for the sum of \$2,000. With the signal office located in the City Clerk's office the expense of operating the same would be trifling, as it could be done by the city mes senger by day and the night watchman at night. Almost any person could be taught to operate it by having a few hours' instruction by a competent person. By this silent and speedy communication the men who are employed to watch and protect your property from the devouring element are instantly notified that their services are needed, and of the locality where they can find the enemy — and that, too, before leaving their respective engine houses. And hence there is little or no delay in going directly to By this means of communication a large number of persons who make it their business to attend fires, especially in the night, for the purpose of pilfering such articles as they can conveniently secrete and carry away would be uninvited. It would not disturb the quiet slumber of the citizens generally as does the ringing of the City Hall bell for such alarms. Many citizens residing on our beautiful avenues could have signal boxes placed in their dwellings to give direct and immediate alarm in case of fire on their premises. Keys to the signal boxes are generally left with city policemen and in the nearest house to said boxes, so that alarms can be readily given.

There are many other advantages in favor of the fire telegraph, but to appreciate its benefits it must be seen in operation. Almost all of the large cities have their fire alarm telegraphs and know the benefits derived from them, and they would as soon think of parting with their steam fire engines as the telegraph; and I have no doubt that could our citizens generally see such an institution in operation and have a chance to test its merits, they would say to you, "Well, done, thou good and faithful servant."

The Fire Department Committee, Police Jus-

The Fire Department Committee, Police Justice Wegman, and the Policemen will please accept my thanks for the prompt support they have rendered me in the discharge of my duties. All of which I most respectfully submit.

O. L. ANGEVINE, Fire Marshal.

COMMUNICATIONS.

Ald. St. John presented the following:
REPORT OF THE MANAGERS OF THE HOUSE FOR
TRUANTS.

To the Common Council of the City of Rochester:

The Board of Managers of the House for Truants are again admonshed by a returning year, to render an account of their stewardship.

The charge committed to them has nothing showy in its particulars, nothing large enough of itself to attract public attention; it is rather the retiring, dutiful mother, careful in the nurture and education of her children, solicitous for their success in life, and busied about the domestic hearthstone in administering to their wants and comforts.

wants and comforts.

The number of these children is now 62.
Sickness scarcely enters there, and death itself seems to shrink from the threshold.

The following report of the Superintendent was submitted in April last, and presents the condition of the house and its operation for the year preceding:

To the Board of Managers of the "Rochester Truant Home":

GENTLEMEN—In presenting a report for the year ending March 31st, 1863, I am happy to be able to state that the boys have, for the most part, enjoyed excellent health, and that, as in previous years, no death has occurred in the institution.

Our numbers have somewhat increased. We have at this date fifty-three boys, fourteen of whom were committed by Mr. Cline, the Overseer of the Poor, in accordance with the arrangement made last October by the Common Council, to the effect that, to a limited extent, indigent boys of a sufficient age to be employed in the work shop, might be sent to our institution, a provision which I regard as both wise and benevolent. There are five other boys now in the institution, for whose board we receive some compensation from their parents.

The school department has been conducted by Miss Howes with much fidelity and success, Many of the pupils have made most commendable progress in their studies, giving great encouragement to all those who are giving their influence and time to sustain the institution. We shall find it necessary to remove the temporary partition at the north end of the school room, in order that we may have sufficient accommotion for our present number of pupils.

The recent religious awakening among the children of our city will not, we think, be wanting in its influence for good upon our boys. We are having familiar religious meetings at the

House on Sabbath afternoons, in which many of ingly leaky in the roof and out of repair, renthem seem deeply interested, and we can but hope that they will prove highly beneficial in promoting their moral and religious interests.

The income from the boys' labor is not large, mainly for the reason that the compensation received 1° so exceedingly small, and also because much of the material turnished has been very poor, requiring a much longer time to perform the same amount of work than would be required with good, strong material. I might also mention the fact that we have a much larger class of small boys in the institution than usual. A reference to our report would show the whole number of seats completed during the year to be sixteen thousand nire hundred and sixtyfour. This number, even at a moderately fair price, would bring quite an income. If there was, at the time that the wages of the boys was reduced, a reason for such reduction, it certainly does not now exist, nor has it for some time past. I was then informed by Mr. Mordoff that he regarded it as merely temporary, and that he would, as soon as he could make sale of his wares then on hand, pay generously for their labor, and, besides, he urged a reduction in the price on the grounds that he was to pay onethird less per day for the labor of the boys at the "Refuge." If I have been rightly informed, the price now paid there is five cents in advance of that paid previous to any reduction.

I have thought it proper to call the special attention of your Board to this subject at the present time because of the great increase in our necessary expenses, on account of the high prices of all those articles required in providing

for an institution like ours.

I should exceedingly regret to find, when arrangements are to be made for another year, that our financial affairs were embarrassed by a debt for previous expenses, when such a failure might be avoided, if we could obtain but a moderate compensation for the boys' labor.

Mr. Edwin Tripp, who, by the consent of your Board, I had engaged to assist me for a year, enlisted in the United States service the 30th of last August, and since that time I have employed no one to assist me. But I have now made ar-rangements to secure the services of Mr. Martin Vanderhoof, a young man who was well recom-mended to me, and who will, I think, prove himself well adapted to the place he is to fill. I am to pay for his labor fourteen dollars per month for the ensuing eight months, which terms I consider reasonable under present circumstances. I made this arrangement, feeling quite sure it would meet the approval of your Board, as, with our present number, and at this season of the year, assistance was indispensable. Most respectfully submitted,

T. FULLER, Superintendent.

Since this Report was submitted, it may be added, that the horse which belonged to the Institution was shot by one of the soldiers of the 14th artillery encamped across the river.

Assurances were at the time given that compensation would be made for the value of the horse, but it has never been done.

It becomes necessary also, under the present arrangement with Mr. Mordoff for the teamwork to be done at the expense of the House, a wagon suitable for that purpose will therefore

be required.

The barn we are occupying on the lot is owned by Mr. Oliver Culver, and has become exceeddering it unfit for a stable or for a storehouse. The bedding also within the house has become

much worn

These things, together with the increase in the number of inmates, at the present prices for the necessaries of life, call for more than our usual outlay.

The Board have therefore thought it best, and esteem it their duty, to ask an appropriation by the Board of Supervisors, subject to your approval, of the sum of \$3,500 for the coming year,

All of which is respectfully submitted.

WM. PITKIN, President.
C. H. CLARK, Secretary.

Accepted. Ald. Bromley presented the following:

Ald. Sidler presented the following:

REPORT OF THE CLERK OF THE MARKET.

To the Hon, the Common Council of the City of Rochester:

GENTLEMEN: -In conformity with the requirements of the ordinance I hereby submit my semi-annual report as follows:

The whole amount paid into the Treasury since the 6th of April last for market licenses and rent of stalls in Center Market is \$2,059 63.

The number of markets now licensed is 51. Nearly all have now paid. A few, however, are behind, against whom suits will be immediately commenced, and the amount due the city will either be collected or their markets shut up.

I have paid particular attention to those at tempting to peddle and sell meat without a license, and have succeeded in pretty effectually stopping the traffic.

The large number of markets now in the city. and the extra license required to be paid to the General Government, makes it more difficult to collect promptly, but on the whole they have paid remarkably well, and at the end of the year I hope to be able to report a larger amount re-

ceived than during any year previous.
All of which is respectfully aubmitted.
W. STEGER, Clerk of the Market.
On motion of Ald. Sidler, accepted.

Ald. St. John presented the report of the Overseer of the Poor for the month of October, as follows:

SPECIAL MEETING.

The President of the Board, Ald. Bromley, presiding.

Present—Ald. Spencer, Cram, Quinn, Buell, D. D. T. Moore, St. John, Darrow, Bromley, Hoffman, O'Maley, Warner, Ernst, Chapman, Hoffman, O'Maley, Warner, Ernst, Chapman, Sidler and Hebing.

The minutes of the last meeting were ap-

proved.

The President of the Board stated that the object of the meeting was to take into considera-tion the subject of a message received by the Mayor from the Secretary of War.

The Clerk then read the following:

COMMUNICATION FROM THE SECRETARY OF WAR.

WASHINGTON, Nov. 12, 1862.

To the Mayor of Rochester:

The British Minister, Lord Lyons, has tonight officially notified the Government that,

from telegraphic information received from the Governor General of Canada, there is reason to believe that a plot is on foot by persons hostile to the United States who have found an asylum in Canada, to invade the United States and de-stroy the city of Buffalo; that they propose to stroy the city of Buffalo; that they propose to take possession of some of the steamboats on Lake Erie, to surprise Johnson's Island and to set free the prisoners of war confined there, and to proceed with them to attack Buffalo. The Government will employ all the means in its power to suppress any hostile attack from Canada; but as other towns and cities on the shores of the Lakes are exposed to the same danger, it is deemed proper to communicate this information to you, in order that any precautions which the circumstances of the case permit may be

The Governor General suggests that steamboats should be watched, and that any steam-boat or other vessel giving cause for suspicion by the number or character of persons on board shall be arrested.

You will please acknowledge the receipt of this telegram and communicate to this department any information you may now or hereatter have on this subject.

Edwin M. Stanton, Secretary of War.

The Clerk presented the following:

COMMUNICATION FROM HIS HONOR THE MAYOR.

MAYOR'S OFFICE, ROCHESTER, Nov. 12th, 1863.

To the Hon, the Common Council of the City of Rochester:

GENTLEMEN: I have convened the Board to present for its consideration and action thereupon, an important dispatch received by me this morning from the Honorable the Secretary

of War.

The high source from which the Government obtains its information upon the subject alluded to, and its immediate transmission to the municipal authorities upon a threatened frontier, indicates a duty in which prompt and efficient action may be of the utmost importance to our

city.
I shall be happy to receive and carry out your advice.
N. C. BRADSTREET, Mayor.

The Mayor was present and stated that he had sent a dispatch to the Mayor of Buffalo, asking if he had any further information than the dispatch from Washington contained. He expectthe Mayor of Buffalo was in possession of fur-ther information. That he had no information further than had been stated. It appeared to him that the Governor of Canada had strong grounds for the belief he had expressed to Lord Lyons or he would not have sent the dispatch to Washington. He was prepared to take any action that might be deemed best under the circumstances

Ald. Buell stated briefly that he had read the communication from Washington with deep regret and had hastily drawn up a preamble and resolution to present the Board, hoping that if not adopted it would bring out something better. He then ofiered the following, and moved

its adoption:
Whereas—Information has been received from
the Secretary of War direct from the Governor-General of Canada, that it is believed that there

is a plot on foot in Canada by persons hostile to the United States, who now find an asylum there, to invade the United States—as may be seen by the dispatch from the Secretary of War

just read.

Therefore—Resolved, That the Mayor be requested and is hereby authorized to take such steps as in his judgement may be deemed necessary to effectually repel any attempt at an inva-sion on the part of the enemies of our government either of our city, or the borders of our Lake.

Adopted unanimously.

On motion of Ald. Spencer, On motion of Ald. Spencer, Gen. John Williams was invited to address the Board, who responded by saying that he was present at the request of the Mayor. His opinion was that there was sufficient force here now to protect this city from any invasion likely to be made. There might not be as many arms as could be used, but they would probably answer. He had no doubt that a considerable force of men might be raised here to serve six or nine months here or elsewhere, it such a call were made.

Ald. O'Maley suggested that there should be

a thousand stand of arms obtained.

Gen. Williams said that the arms of the 54th were obtained of the State on a bond of the The State had sufficient arms for the Nacity. tional Guard.

Ald. Warner now moved that a committee of five, consisting of His Honor the Mayor, two members of the Board, and two citizens, be appointed to obtain the necessary arms, equi ments, &c., and to take such action as may be necessary to repel any invasion.

Motion adopted.

The President appointed as such committee, Ald. Warner, Col. C. H. Clark, Ald. D. D. T. Moore, and Gen. John Williams.

Ald. Buell now offered the following and

moved its adoption: Resolved, That the Committee just appointed be requested to apply to and urge the Governor of this State to deposite in the State Arsenal in this city forthwith 2,000 stand of arms, and the necessary equipments and ammunition, to the end that we may have the means of repelling any invasion from any quarter, and that the city will become responsible for such arms.

And further resolved that said committee have full power to act in the premises as their discretion shall decide, for the defence, credit and interest of the city and vicinity.

Adopted unanimously.

By Ald. D. D. T. Moore—Resolved, That a special bounty of fifty dollars be paid to each volunteer from the city of Rochester until the quota of the city is filled, provided said bounty shall be legal.

Ald. Buell moved that the resolution be published and laid upon the table until the next regular meeting of the Board. Motion adopted.

Ald. Moore now moved its reference to the City Attorney to report upon the same at the next regular meeting.

Motion adopted. On motion of Ald. Spencer adjourned.

REPORT ON CATHERINE AVERILL'S CLAIM.

The Grievance Committee, to whom was referred the claim of Catherine Averill, for injuries sustained by falling through a hole (as is alleged) in Exchange street bridge, would respectfully report that they have not investigated the facts in the case, for the reason that just such a case came before the Board last year, which was referred to the City Attorney, who reported that the city was not liable. He held that it was a State bridge, and that the Legislature has imposed the duty of keeping the bridge in repair upon the Canal Commissioners.

The report of the Attorney is printed in tull on page 110 of the Common Council proceedings for 1863, to which we would refer.

In view of said opinion we are compelled to

report adversely.

All of which is respectfully submitted.

Ald. Hoffman, from the Select Committee, to whom was referred the subject in relation to keeping water in the canal for fire purposes, re-ported that the Chairman had been sick and unable to attend to it, that he himself had seen Mr. Selye, but had not been able to make any arrangement; that there was an unsettled mitter between Mr. Selye and the city, growing out of keeping the water in the canal last year, and moved that Mr. Selye explain to the Board the facts in the case.

REPORT ON PROCURING ARMS, &C., FOR THE CITY.

To the Hon, the Common Council of the City of Rochester:

Gentlemen: -The Committee heretofore and on the 12th of November, appointed by your honorable body to procure arms and equipments respectfully report, that they have met together and consulted; and upon such consultation, Col. C. H. Clark was sent to the city of Albany to make inquiries and obtain the necessary information, and attached hereto is his report.

We respectfully recommend the passage of the resolution also hereto annexed.

COLONEL C. H. CLARK'S REPORT.

To Messrs. Bradstreet, Moore and others, Committee of the Common Council of Rochester:
GENTLEMEN—At your request I have been to the headquarters of the Commander-in-Chief of this State and ascertained and report that the city can have from the State such arms as they may need, but bonds must be given for their safe keeping, and a requisition made in the usual form.

Yours respectfully, Rochester, Nov. 23, 1863. C. H. CLARK.

Ald. Cram presented the following

REPORT ON OBTAINING CREDIT FOR ENLIST-MENTS

To the Honorable the Common Council:
Gentlemen — The undersigned Committee, appointed by your Board on the 17th ult. to ascertain from proper official authority whether enlistments made in our city since the 17th of October last (the date of the President's last call) and up to January 5th next will be allowed and credited thereto upon its present quota, respectfully report that a dispatch was immediately sent to Col. Fry upon the subject, and his reply is as follows:

WASHINGTON, Nov. 19, 1863.

To Hon. N. C. Bradstreet, Mayor. If the city of Rochester fills its quota under the cress of Modrester has its quota under the present call on or before January 5th no draft will take place in that city, provided the recruiting is so conducted as to enable credit to be given to cities and counties. Credit will be given for all enlistments not hitherto counted. Please put yourself in communication with Major Diven of Elmira in regard to details.

James B. Fry, Provost Marshal.

Still further information of equal importance to our city and county bearing upon this subject is obtained from a correspondence, bearing date November 23d, between W. J. Osborn, Esq., Charman of the Board of Supervisors of Kings county, and Col. Fry, in which the latter

says:
Sixth. You ask: "In case of a deficiency under the last call, will the draft be made from the county at large, or only by congressional dis-tricts?" If a draft be made, it will be by dis-tricts and sub-districts; but where the whole county acts together in raising volunteers, they will be fairly credited among the districts of the county, and not to that particular district in which the Committee may hold its session and the enlistments be made.

Seventh. You ask: "In case of a deficiency Seventh. You ask: "In case of a deficiency in the State of New York, will a draft be made of the number (if any) actually deficient in Kings county, or shall we be required to furnish in each draft a proportionate number of the whole deficiency of the State?" If Kings county furnishes its quota it will be exempt from the draft without regard to what the rest of the the draft, without regard to what the rest of the State may do. (Signed)

J. B. FRY, Provost Marshal General

Your Committee are fully satisfied from the foregoing that any city or county filling its quota by January 5th next will avoid the

In regard to the resolution accompanying the one under which your Committee were named, recommending the payment of a bounty by the city, we are happy to say that the propriety of further action thereon has been superseded by

the patriotic action of the Board of Supervisors of our county.

REPORT OF THE SOLDIERS' RELIEF COMMITTEE. To the Hon, the Common Council of the City of Rochester:

GENTLEMEN: -The Committee designated by your Board to whose hands was confided the responsibile trust of dispensing aid to the indigent families of volunteer soldiers from the city of Rochester, serving in the army of the Union,

beg leave respectfully further to report:
That in addition to the general plan of relief, as set forth in their report of Sept. 22d last, the following rules have governed the action of the Committee, except in some extraordinary cases in which duty has clearly dictated a supersedure, thereof:

§ 1. No application for relief shall be allowed to any person who is not, at the time of making the application, a resident of the city, and who was not a resident at the date of the enlistment of the soldier on whose behalf the application for relief is made.

§ 2. Relief shall only be allowed to the families of such soldies as have been mustered into the service of the United States and are actualy doing duty in camp or garrison, excepting that the families of those who are sick or wounded, or have been killed, or have died from the effects of wounds received, or diseases contracted while in the service of the government, shall be entitled to the same allowance as they would if the soldier were in actual service.

§ 3. In addition to the evidence fusnished by any applicant that the soldier, on occount of whom the application is made, is now in the service, waiving the exceptions of the preceding rule, a certificate of such fact shall be required from the commanding officer of the company to which such soldier belongs.

§ 4. No payment shall be made to, or on behalf of, the families of commissioned officers, or of soldiers who have descried,

§ 5. The only persons entitled to participate in the distribution of moneys appropriated by the ordinance, are the wives, children, and widowed mothers, and infirm and unmarried or widowed sisters, and aged and infirm fathers of such soldiers as supported them prior to their enlistment, which must have been made in the city of Rochester, and in a regiment of New York State Volunteers.

The wisdom of the statute authorizing the towns and cities of our State to grant such reliet to the inaugent families of volunteers from this State as shall seem necessary and proper to the authorities of respective localities, the prompt and beneficent action of the Common Council of our city in making, in accordance with that statute, so liberal an appropriation to relieve the wants and cheer the hearts of thousands in our city whose stay and support, by a voluntary and patriotic resolve, have become the stay and hope of our country in the conflicts of nearly every battle field, will be alike commemorated with sincere benedictions and thanksgiving.

resolution to remit the tax of D. W. Ferry for sewer on North Cliuton st., would respectfully report that they have visited the premises of Mr. Perry to ascertain as to the facts, and also conferred with Ald. Palmer, Chairman of the Sewer Committee, on the subject. The committee have arrived at the conclusion that, inasmuch as Mr. Perry does not use, and is not

benefited by, the sewer, his tax should be remitted in accordance with the resolution offered by the Chairman of the Sewer Committee, which resolution, as we are informed, is simply to settle the matter in consonance with an arrangement between the Sewer Committee and Mr. Perry.

All which is respectfully submitted.

D. D. T. MOORE, L C. SPENCER, WALLACE DARROW,

Grievance Committee. On motion of Ald. Moore the report was adopted.

Aid. Hoffman, from the Fire Department Committee, submitted the following

REPORT.

Mr. Chairman and Gentlemen of the Common Council .

The Fire Department Committee beg leave to submit for your consideration the following:

That, whereas, the late amendments to the City Charter, passed by the Legislature of this State April 11th, 1863, prohibit any member of the Common Council of this city from voting to pay out of any general fund named in section 85 of said charter, or out of any other fund in the City Treasury, knowing that such fund is without money to pay the same, without mak-ing themselves liable to fine and imprisonment.

And, whereas, the fund now allowed to be raised for the support of the Fire Department pen annum is \$12,000, which your Committee know, and presume your honorable body is aware, is not enough to pay the salaries and appropriations to the men in the Department. You will see by the reports of the City Treasurer that the amount expended during the current years of 1859 and 1860 for the support of the years of 1859 and 1860 for the support of the volunteer hand Department, then under its most perfect organization, was on the average of \$18,219.30 per year; and for the year 1861 the steam engine and hand departments were working together, the expenses were much increased,

ing together, the expension beyond this amount.
That the present fund in this city is much smaller than is raised in any other city known to your Committee, in proportion to the number of inhabitants. The Fire Department fund city of Detroit for fire department purposes is

Your Committee herewith present a statement of the actual expenses which must be incurred in running the Fire Department as it now is in this city, and any advance or deduction in salaries or appropriations will alter the total, either more or less.

You will also find some estimates of expenses added to the actual expenses, which makes the

sum total \$17,563.50.

Your Committee, judging from the expenses in running the Department so far this year, cannot see how the fund should be less than

\$18,000.

And, with this amount, which is less by \$219,30 than was expended for the support of the volunteer hand Department per annum in the years 1859 and 1860, they think the Department could be run most effectually and without an over-draft upon the fund every year to be added to the funded debt. Your Committee would most urgently recommend that your

honorable body take such steps as is necessary to have the Legislature, at its next session, increase this fund to \$18,000.

J. Hoffman.

H. G. Moore, Fire Department Committee. On motion of Ald. Hoffman the report was accepted and ordered published.

Ald. Buell moved that the report be referred to the Committee on Charter Amendments.

Motion adopted.

Ald. Hoffman also presented the following:

REPORT ON KEEPING THE WATER IN THE CANAL. Mr. President and Gentlemen of the Commou

Council:

Your Committee to whom was referred the subject matter of negotiating with the proper authorities to keep sufficient water in the E-ie Canal, between the First Lock east and the stop gate in the western part of the city during the winter months, for fire purposes, would most respectfully report that your Committee have had several interviews with Lewis Selye, Esq., who is the contractor for repairs on this section of the Erie Canal, and that Mr. Selye refused to of the Eric Canal, and that Mr. Selye refused to name a price for keeping the water in said canal; and also refused to enter into any contract with your Committee on any terms, so to keep the water in said canal, or to permit your Committee to cause a dam to be built in said canal for that purpose, but very politely gave your Committee to understand that they need not give themselves any more trouble on the subject, and that the water would be retained in the canal for the purposes above stated.

All of which they most respectfully beg to

AMENDMENTS TO THE CHARTER. An Act to amend an act entitled "an act to amend and consolidate the several acts in relation to the Charter of the city of Roches-Passed April 8th, 1861.

1 ——, 1864, three-fifths being

Passed present.

The People of the State of New York, represented

in Senate and Assembly, do enact as follows: Section 1. Section twelve of the act entitled "an act to amend and consolidate the several acts relating to the Charter of the city of Rochester," passed April 8th, 1861, is hereby amended by striking out the word "twenty" in the

third line, and substituting in the place thereof the word "thirty."

Sec. 2. Section eighty-five of the said act, as amended by chapter 121 of the laws of eighteen hundred and sixty-three, is hereby amended so

as to read as follows:

Sec. 85. For the purpose of paying such expenses the Common Council may raise annually a sum not exceeding eighteen thousand dollars, to be appropriated to the lighting of said city; a further sum not to exceed eighteen thousand dollars for the support of the Police Department; a further sum not to exceed fifteen thousand dollars to defray all charges against the city for the general contingent ex-penses thereof; a further sum not exceeding eig ateen thousand dollars, to defray the expenses of fire engines, engine houses, cisterns, reservoirs, apparatus and preparation for pre-yenting and extinguishing fires; a further sum not exceeding twelve thousand dollars, as a gen eral fund for the construction and repair of

streets, alleys, lanes and bridges; a further sum not exceeding twenty thousand dollars for the support and relief of the poor of said city; a further sum not exceeding twenty thousand dollars, to procure a supply of water for the extinguishment of fires and for use in the public buildings, fountains and reservoirs of the city, and for the cleansing of the sewers therein; a further sum not exceeding two thousand dol!ars for the maintenance and mprovement of public parks in said city; a further sum not exceeding five thousand dollars, to defray the expenses of the Board of Health, and a further sum not exceeding one thousand dollars for the repair of sewers. The said Common Council shall also raise annually by tax, with the general taxes of said city, an amount sufficient to pay interest upon all the bonds issued by the said city, and also all the principal or install-ments of principal of said bonds falling due within the then current fiscal year, for the paymen of which provision stall not be otherwise made in pursuance of the provisions of this act. In addition to the sum authorized to be raised in each year for the construction and repairs of highways, the Common Council are hereby authorized to raise by tax in said city annually, a sum not exceeding three thousand three hundred dollars for the purpose of cleaning and keeping in repair the following avenues: North street, from Main street to the railroad; New Main street, from Scio street to the city line; East Avenue, from Main street to the city line; Monroe avenue, from Clinton street to Alexander street; Mount Hope Avenue, from the Eric Canal to Mount Hope Cemetery entrance; West Avenue, from the Eric Canal to the city line; Lyell street, from State street to the city line; Lake Avenue, from Ambrose street to McCrack en street; Plymouth avenue, from the Genesee Valley canal to the city line; South avenue, from the Erie canal to the city line; North St. Paul street, from the railroad to Scrantom st. and a further sum not exceeding two hundred dollars for the purpose of cleaning and keeping in repair North St. 2aul street, from Scrantom street to the city line. But no more than three hundred dollars for each of said streets or avenues shall be raised or expended upon the same, nor more than two hundred dollars upon North St. Paul street, from Scrantom street to the city line in any one year. The Common Council shall annually at the time of appointment of the city officers and as often as a vacancy shall occur, appoint one commissioner for each of the aforesaid streets and avenues and also one commissioner for North St. Paul street, from Scrantom street to the city line, who shall at the time of his appointment be a resident and a taxpayer on the street or avenue for which he is appointed, who shall posses the same power over the street or avenue for which he was ap-pointed, subject to the direction and instruction of the Common Council, that the street superintendent has over the other streets in the city; and who shall without pay or reward su-perintend the cleaning to be done and the repairs to be made on said streets or avenues; the expenditure of the money to be raised therefor, and in all cases shall keep and furnish a just and true account under oath of the several items of expenditure. No such expenditure shall be allowed by the Common Council, unless such statement of the items be presented, sworn to and filed. No member of the Common Council shall vote for the payment of any mon-

ey out of any of the general funds herein named, or out of any other fund in the City Treasury, knowing that such fund is without money to pay the same, and any person violating this provision, shall be guilty of a misdemeanor, and upon conviction thereof, shall be fined not less than \$50 nor more than \$100, and be imprisoned in the Monroe Courty Penitentiary for the period of ten days; and the District Attorney of the County of Monroe is hereby specially directed and it shall be his duty to prosecute all persons violating tois provision, upon the complaint of any taxpayer of said city. The surplus money remaining in any general fund at the end of the fiscal year, shall be placed to the credit of the sinking fund of said city.

Sec. 3. Sections ninety-four, ninety-five and ninety-six of said act are hereby amended by striking out all from the beginning of the last sentence in section ninety-four, at the words "If any such tax," to the end of section ninety-four, and by striking out the whole of section ninety-five; and by striking out the word "so" in the second line of section ninety-six, and by inserting after the words "additional amount of five per cent." the words "except that in no case is the amount so added to be less than

twenty-five cents."
Sec. 4. The said act is hereby amended by adding the following as section two hundred

and sixty-nice: Sec. 269. The Common Council of said city may issue the bonds or obligations of the said city to an amount not exceeding the sum of one hundred thousand dollars, to be a part of the funded debt of said city, executed under the corporate seal thereof and signed by the Mayor and Clerk thereot, or such other officer as the Common Council shall designate, payable to the holder or bearer at such time, not more than twenty years after their date, as the Common Council shall designate, with interest payable semi-annually, at a rate not greater than seven per cent. per aonum, for an amount sufficient to, and which bonds or obligations shall be used or negotiated by said Common Council for the purpose of paying the indebtedness of said city incurred under and by virtue of the provisions of Chapter Five Hundred and Fourteen of the laws of the State of New York for the year eighteen hundred and sixty-three, passed May 16th, 1863, as such indebtedness shall exist on the 1st day of April, in the year eighteen hundred and sixty-tour.

Sec. 5. The said act is hereby amended by adding the following as section two hundred

and seventy:
Sec. 270. The Common Council may and is hereby authorized to borrow upon the notes of the city or otherwise a sum not exceeding ten thousand dollars for the purpose of paying such expenses of the said city for the year ending April 4th, eighteen hundred and sixty-iour, as may not be or have been paid by or out of the funds provided by section eighty-five, by reason of their inadequacy; and the Common Council of said city may issue the bonds or obligations of the said city for the amount so borrowed up to the said 4th day of April, eighteen hundred and sixty-tour; and also for the amount of the debt or overdroft upon the very said to the debt or overdraft upon the various funds of said city for debts incurred previous to the sixth day of April, eighteen hundred aud sixty-three, not exceeding thirty thousand dollars, under the corporate seal and signed by the Mayor and

Clerk thereof, or such other officer as the Common Council may designate, payable to the holder or bearer not more than twenty years after their date, with interest payable semi-annually at a rate not greater than seven per cent. per annum, which bonds or obligations shall be used or negotiated by the said Common Council for the purpose of paying the indebtedness of the said city hereinbefore stated, and shall be a part of the funded debt of said city.

Ald. Buell moved that the City Attorney be instructed to prepare an additional section providing for making the number of Aldermen to consist of one member only for each ward.

Referred to the Committee on Charter Amendments.

On motion of Ald. Cram the amendments were laid upon the table and ordered published.
Ald. D. D. T. Moore presented the following

REPORT ON BUFFALO AND MAIN STREET ROAD-WAY IMPROVEMENT.

To the Hon, the Common Council of the City of Rochester:

Your Committee, to whom was referred the re-assessment of Main and Buffalo Improvement, would respectfully report that we have examined the roadway and come to the conclusion that a portion of the assessment is properly chargeable to the Rochester City and Brighton Railroad Company. The resolutions adopted by your honorable body, June 10th, 1862, require the Railroad Company to improve and keep in repair the space between the rails and for two feet four inches outside thereof. A turn-out has been constructed on the bridge from three to four inches higher than contemplated in the original plan of the roadway, rendering it necessary to take up and relay the pavement to the gutter. This we deem a proper charge upon the Company, and that the owners of adjoining property should be exonerated from the tax therefor. The cost of the work in the two items here referred to, at contract prices, amount to \$800, which sum—er at least the amount of the reassessment (\$613)—we think should be paid by the said Railroad Company.

All which is respectfully submitted.

By Ald. Warren—Whereas, It is alleged that
the State of New York had, prior to the 1st of February, 1860, built a canal bridge across the Eric Canal, in Ford st., in the city of Rochester, the west side of which bridge was about 20 feet east of the west line of said Ford st., on the

morth side of said canal, and,
Whereas, Said State had constructed a berm
bank stone wall from the west line of said street to said bridge, on the north side of said canal, and had raised said wall to the level of said street only, and hadleft the same in that exposed condition without guards of any kind to protect persons against being precipitated of a said wall in the night time into said canal;

Whereas, It is alleged that James Gallager, of Rochester, on or about said 1st day of February, 1860, at night, whilst walking along said street in the darkness of night, was, in consequence of said exposed condition of said wall and canal, carelessly and negligently left as aforesaid as is alleged, precipitated over said wall into said canal and was thereby, as is alleged, injured so as to become a cripple for life. Therefore.

Resolved, That it is the opinion of the Common Council of the City of Rochester that the State of New York is equitably hable to said Gallagner for the damages received by the sall as aforesaid, and that the Legislature would only be doing justice by passing such a law as may be necessary and proper to indemnify said Gallagher for such injury. REPORT ON ASSESSORS APPLICATION.

To the Hon. the Mayor and Board of Common Council of the City of Rochester: GENTLEMEN: The Contingent Expense Com-

mittee, to whom was referred the application of the assessors for an extra allowance for their services in enrolling the dogs of our city, would most respectfully report that they made inquiry

as to the merits of their said application, and find that the Board first appointed the assessors in the year 1859, and fixed their salary at \$1,000 per annum, since which time it has not been changed, nor have they ever assked for or received any extra compensation. That in 1862 the Legislature passed a law making it obligatory upon said assessors to enroll all the dogs in said city, and that they have so enrolled said dogs for the past two years at a considerable increased labor and expense; and in view of the the foregoing, and the increased and high price of living, and a further consideration that a large number of our wealthiest citizens have petitioned the Board to grant their application (which petition your Committee herewith present,) and ask its publication, and recommend the payment of such extra sum as this Pard may deem right and proper.

E. K. WARREN,

HENRY L. FISH, WALLACE DARROW.

Accepted. The following is the petition referred to in the above:

To the Hon. Mayor and Common Council:

in consequence of the enhanced labor imposed upon the Assessors by the dog law, and the largely increased expense of living, we are in favor of the proposition now before your honorable body, to allow said Assessors extra pay for past services.

Respectfully, &c.,

The City Attorney reported that at the preswhich a Mrs. Mallory was plaintiff, who recovered a judgment of \$50 and costs. for damages sustained by falling into a hole in front of Washington Hall. The Attorney recommended the parameter of the judgment, and the collections of the judgment and the collections of the judgment. the payment of the judgment, and the collection of the amount of the parties owning the property where the accident occurred.

Ald. Ernst presented the following COMMUNICATION FROM THE GRAND JURY.

ROCHESTER, Jan. 12, 1864.

C. N. Simmons, Esq., City Clerk:

Sin:-At the session of the grand jury ending Jan. 8th, the following resolutions were offered and unanimously adopted:

Resolved, That the street leading from Court st, to the Jail of Monroe county, in the city of Rochester, is unsafe for the passage of either pedestrians or teams; that permanent iron railing should be immediately constructed upon the coping on the wall upon the east side of the race running parallel with said street to prevent persons from walking or driving into the race; that said street in its present condition is un-

safe and dangerous.
Resolved, That the Clerk furnish to the Common Council a copy of the above resolution.
Accordingly, said resolution is furnished for the consideration of the Common Council.

Very respectfully yours, Louis Ernst, Clerk.

On motion of Ald. Warren referred to the Law Committee.

Ald. Hoffman presented the following

REPORT OF THE FIRE MARSHAL.

President and Gentlemen of the Common Council:

At the suggestion of several of the under-writers in this city, and for the purpose of closing my report with the close of the year, I beg your leave to change the time of making my annual report from the 1st of Oct. to the 1st

day of January. In accordance with the ordinance I herewith In accordance with the ordinance I herewith present my annual report for the year ending on the 31st day of Dec., 1863. It is now something over one year since I assumed (by your appointment) the duties of Fire Marshal of this city. It is highly gratifying to me to be able to lay before you so favorable a report, and to congratulate you upon the large decrease in the number of fires and loss of property by the number of fires and loss of property by the same during the past year as compared with former years.

I attribute such decrease in some measure to the change which has been made in our Fire Department in substituting a paid department with steam fire engines in the place of the vol-unteer hand engine department—a change which I am satisfied is fully approved of by our citi-zens as being much more efficient and without any additional cost for its annual support.

Embraced in this report you will find a de-tailed statement of the number of fires which have occurred in this city during the past year, as also the amount of losses sustained by such fires, and the cause of the same, as far as I have been able to ascertain from the testimony taken on circumstances connected therewith. will observe that we have had but three fires of any magnitude, and by which any considerable amount of property was destroyed. One, at least, and perhaps two of this number was caused by carelessness and the other was un-doubtedly by the hand of an incendiary. In my opinion quite a large number of the fires which we have had can be traced to the following causes, viz: in allowing children to enter clothes presses with lighted candles or lamps, placing gas lights too near window curtains, goods in show windows, or light clothing, piling wood in stove ovens or around hot stoves for the purpose of drying the same, the use of wooden fire boards, wooden spittoons filled with sawdust, or in not placing proper protection on floors under stoves, or in placing the pipes of the same too near wood not properly protected, or in filling lighted lamps with combustible oils, putting ashes in wooden vessels

or on the floor and allowing them to remain in the building, and other acts of negligence, and many of which are in violation of city ordinances,—which, with good care such fires might have been prevented.

In the investigation as to the cause of fires which occur, it seems necessary that the Fire Marshal should be empowered to issue summons for the attendance of witnesses to testify before him, under oath administered by such Marshal, as to what they may know as to the origin and cause of fires occurring in this city. Such power conferred on him would many times produce important results and enable him to investigate the cause of such fires promptly and prevent delay, which allows parties suspected of wrong having time to act in concert in giving their testimony.

This would, in my opinion, prevent many incendiary fires, as well as those which are usually termed mysterious.

We have had during the year an unusual number of small fires, for which there was no gener il alarm given, and which have been suppressed without the aid of the Department, and from which it will be seen by this statement very trifling losses have occurred.

I have had occasion to prosecute but a small number of persons for violating the ordinance in relation to the suppression of fires, as most of our citizens have shown a willingness to

comply with its requirements. I notice that some of our large dealers in oil, have discontinued the practice of keeping large quantities in their stores, and some have adopted the plan of placing what little they do keep for a retailing purpose in the area under their sidewalks, and shut off from the building py brick or stone wall with iron doors into which they do not allow any lighted candle or lamp to be taken; and I am inclined to think that this mode of keeping such oils deserves the attention of the dealers generally.

The mode of giving fire alarms in this city, deserves specially your attention. Many times when we have high winds the alarm is not sufficient to be heard at the several Engine Houses, and hence complaint is made of the tardiness of the engines getting to the fires. Other cities are adopting the Fire Alarm Telegraph, and such cities as have already secured this important branch to their Fire Department, would as soon think of returning to the old mode of traveling by stage coach or canal packet boats, as doing without its services; by this mode of giving alarms the men at the different Engine Houses get it at the same moment, and nearly indicating the exact location of the fire. As to the indicating the exact location of the are. As to one superiority of the different plans for erecting and using the Fire Alarm Telegraph, I am not sufficiently informed, to express an opinion. I have had the pleasure of an introduction to Messrs. Philips & Evans of Philadelphia, who were the builders of the Baltimore, Philadelphia and other Fire Alarm Telegraphs and delphia and other Fire Alarm Telegraphs, and from them I've learned that the expense of erecting such Telegraph as they desire to erect in case they should have the contract, would be perhaps more than your honorable body would feel justified in appropriating for that purpose. I have also corresponded with Mr. C. E. Carpenter of Providence, R. I., who erected the Telegraph in that city, and which he says has worked satisfactory, the expense of which is comparatively trifling as compared with those

built by Messrs. Philips & Evans. In answer to my inquiry as to his opinion of the cost of erecting such Telegraph as would answer all purposes for this city. Mr. Carpenter answering, says: I think you have named a larger number of signal boxes and more length of wire than would be necessary for all practical purposes for telegraph in your city, but the cost, in case your views are adopted, as to the number of signal boxes and length of wire, cannot reach over \$2.000.

ber of signal boxes and length of wire, cannot reach over \$2,000.

If a Telegraph can be erected and put in operation for this amount, of such capacity as will answer all purposes that it is intended for, I should consider the outlay one of the very best that the city could make, and one which I have no doubt the taxpayers would consider a good investment. I would suggest that your honorable body delegate a Committee to exam-

THE STATE OF THE S

ine into the merits of the Providence Fire Alarm Telegraph and report their opinion of its merits and efficiency to this Board at an early

day.

I would here state that the city paid something over \$2,000 for ringing fire alarm bells for the three years previous to 1862.

The City Hall bell has been sounded but 25 times for fire alarms, during the year and for three false alarms, and the Steam Fire Engines have worked at such fires only 18 times during that period.

that period.

The total losses sustained by fire during the year ending the 31st day of December, insured and uninsured, was \$68,448, of which \$62,928 was covered by insurance, and such insurance has been mutually adjusted and promptly paid by the parties interested, and without resort to legal remedy in a single instance.

From the foregoing exhibit, with the exercise of every prudence compatible with duty, it will be seen that the sum specially named by your honorable body for the relief of indigent families, until April 1st, is nearly exhausted. This arises not from the amount allowed to each grade, but to the unexpectedly large number of applicants, so many of whom are destitute and deserving, whose lot, without the pittance thus afforded by your benificence, would have been miserable indeed. A continuance of this charity to April 1st, will require at least ten thousand dollars.

Your Committee close their report with the sad record of the decease of four mothers and six fathers—recipients of your favors. The six fathers—recipients of your favors. The husbands of the former now upon the "field," their children homeless. The wives and children of the latter, who have laid down their lives for the "dear old flag," now look to you for pro-

tection.

Rochester, Jan. 26th, 1864.

Respectfully submitted, N. C. BRADSTREET, D. D. T. MOORE, A. CRAM, HENRY HEBING.

REPORTS.

Ald. Buell presented the following: REPORT UPON THE CLAIM OF THE COMMERCIAL

BANK. To the Hon. the Common Council of the city o Rochester:

The Law and Finance Committees to whom the matter of the claim of the Commercial Bank the matter of the claim of the Commercial Bank against the city, for the repayment of certain sums received by the city for taxes, &c., would respectfully report: That having heard th statements and proofs presented on the part of the Bank, and having duly considered the subject, the Committee have come to the conclusion, that it is at least a doubtful question. sion that it is at least a doubtful question whether the Common Council have any right to comply with the demands of the Bank without a judicial determination. That inasmuch as a suit is pending in which such a determination may in a short time be had, and at no great augmentation of the costs already incurred, it would be better and more satisfactory both to the Common Council and to the citizens to await and abide by the decision of the Court. That the decision of the existing suit of the Commercial Bank against the sixty with the Commercial Bank against the city will settle the whole question, and if adverse to the city, will of course be ample authority to the Common Council for at once arranging all similar claims. All of which is most respectfully sub-E. N. BUELL, DAN'L WARNER, mitted.

COMMUNICATIONS FROM CITY OFFICERS. His Honor the Mayor sent in the following COMMUNICATION RELATING TO THE GENESEE OIL WORKS:

ROCHESTER, Feb. 9, 1864. To the Honorable the Common Council: Gentlemen: - Numerous citizens, owners of property adjacent to, and residents in the vicinity of the Works of the Genesee Oil Company, in this city, have recently called upon me with grave complaints in regard to those Works.

It is affirmed that their proximity has greatly decreased the value of their homsteads, and that the noxious gases generated there permeate their dwellings and cellars, rendering unpalatable and useless their family provisions, and also being a great source of ill health to them. Their grievances demand redress, and finding no adequate authority in our charter or penal ordinances, the subject is presented for your consideration, and it is hoped a speedy remedy may be found inuring to the mutual benefit of

all parties concerned. Respectfully,
N. C. Bradstreet, Mayor.

Ald. Darrow presented the following

REPORT RELATING TO AN ARSENAL.

To His Honor the Mayor and Common Council of Rochester:

Gentlemen: -Your committee, to whom was referred the late communication of His Honor the Mayor relative to a suitable building for an Arsenal to be located at this point, both for the use of the State and city, fully appreciating the importance of the same, have given it all the consideration which the time allowed them would admit of, and ask leave to report that the structure now used for the purpose of an Arsenal, situated on Exchange street, in this city, and belonging to the State of New York, is not only wholly unsafe as a depository of toe arms and munitions of the city and State, but altogether too limited for such purposes; and considering the additional material to which our military organizations are entitled, and waich are expected to arrive, the present building is totally inadequate to their reception, thus rendering the necessity of providing storage in some other part of the city for such material upon its receipt, and consequently having the means of our city's defence in separate and detached parcels whenever required for use.

For a city embracing a population of some fitty thousand, and exposed to attacks from an exposed frontier in case of invasion from abroad, as well as to internal commotions, to suffer itself to remain in this comparatively useless condition, without an energetic effort to relieve itself, would be, in the opinion of your committee, not only reprehensible but inexcusable; and for the purpose of averting the danger and inconvenience in the premises your committee have examined the property now owned by the city, known as Centre Market, and find it has a front on Front street of about 220 feet, and extending back to the Generee River, a distance of about 100 feet. This building, as now used, is far from being either ornamental or useful to much extent to the corporation, and yet, as a site for a State Arsenal, is perhaps the most eligible and commodious of any in the city of Rochester.

The fair value of this platt of ground, including the material in it, which could be wrought into a new structure, in the opinion of gentlemen whom your committee have consulted would be about \$30,000, while it has been estimated by one of our leading architects that a new structure built from stone quarried from the river—fire proof, three stories and attic above ground, 200 feet front and 100 feet in toa lliw-) exceed forty-five thousand doll rs

The building would be ample for all the uses of an Arsenal without reference to the north half of the first story, which could be used for the offices of Police Court, City Hose Protectives, Alerts and Poor Master, without any objection to its general object.

Your committee, therefore, propose that the Common Council deed to the State of New York the whole of said platt of ground (reserving the north part of the first story) for the purposes of an Arsenal, provided the State will build a suitable building on the same as soon as practicable, and that such resolutions be adopted in reference thereto as will cause the same to have the action of the Legislature of the said State at its present session

All which is respectfully submitted.

Rochester, March, 1864.

WALLACE DARROW, LOUIS ERNST, GEO. DARLING, E K. WARREN, M. G. MORDOFF.

N. B -Your committee have caused a map of said platt of ground to be made, with a rough sketch of the new structure and offices for the use of the city, which is also herewith submitted.

On motion of Ald. Buell accepted and ordered published.

By Ald, Darrow-Resolved, That the City of Rochester (in pursuance of the report made this evening, in relation to an arsenal) hereby pro-poses to donate the Centre Market lot to the State of New York, upon the conditions that the State will erect thereon, without delay, a suitable the estory outlding to be used for an arsenal and military purposes, and upon the further conditon that the State will give the City a perpetual lease of the north part of the first floor of said building, to be used for a police office, City Hose, Protectives', Alerts', and Poor Master's offices.

Resolved, further, That the City Attorney is hereby directed to draw up a suitable bill carrying out the objects of the above and the report submitted this evening, and forward the same to the Hon. John M'Convill with the request that he use his best efforts to secure its pas-Baye.

Resolved, further, That a Committee of three be appointed to go to Albany to co-operate with our Member in securing the appropriation and

passage of the bill at this Session.
On motion of Ald. Warren laid upon the table

until the next meeting.

By Ald. Buell-Resolved, That the Mayor be requested to execute a lease to Edward Brown of the west part of the basement of the south wing of the Centre Market (about 23 or 24 feet from the front) for three months from the first day of April next, at an annual rent of fifty dollars, payable quarterly in advance, with the privilege of continuing the said lease to the first day of April, 1865, unless the City should desire to use it for their own purposes, or shall dispose of the property, in which case the said Brown shall vacate the premises upon receiving ten days notice to do so. Adopted.
By Ald. Cram—Resolved, That the Treasurer

is hereby instructed to pay Barney Hook thirtyfour dollars, in full and charge Tremont street

Repair fund

Adopted all ayes. By Ald. Cram-Resolved, That the City Treasurer pay F. W. Smith fifty-eight dollars, in full on his contract for building a railing at Allen street bridge, and charge the same to that fund.

Adopted all ayes On motion of Ald. Flynn adjourned. C. N. Simmons, Clerk.

ANNUAL REPORT OF THE LAW COMMITTEE.

To the Common Council of the City of Rochester: The Law Committee would beg respectfully to submit the following annual report:

Since the 6to of April, 1863, the following actions then pending have been disposed of as hereinatter stated.

Freeman Clark against the City of Rochester. This case has been argued in the Court of Ap-

peals, but is not vet decided.

John Daiton against same. This action was brought to recover \$2,600 damages arising out of the 7th and 12th Ward outlet sewer contract. The cause was tried at April Circuit, and resulted in the plaintiff being ponsuited. An acpeal was taken to the General Term, but has not been brought to argument.

John Shav against same. This was an action for damages alleged to have been sustained by plaintiff in falling into an area or open place in the sidewalk in front of Mr. Simpson's property on Market street. The plaintiff also sued Mr. Simpson for the same cause of action, and re-covered a judgment against him. The action against the City was settled on payment of a sum for costs, the damages being collected of or settled by Mr. Simpson.

or settled by Mr. Simpson.

Levi L. Wilkin against same—Was an action to recover \$500 for reward offered for detection and conviction of incendiaries. It was tried at the October Circuit and the planntiff nonsuited.

A case was made and argued at General Term, but has not yet ben decided. Susan L. Maltory against same. Action for \$1,500 damages for injuries alleged to have been

\$1,500 damages for injuries alleged to have been received by falling into hole in walk in front of Washington Hall Block, Main st. Was tried at January Circuit and a verdict rendered for plaintiff for \$50 damages. Settled.

The Commercial Bank of Rochester against the City of Rochester. This action was bro't to recover an amount paid as taxes. The case was tried at Special Term and judgment entered for the plaintiff without argument, overrul. ed for the plaintiff without argument, overruling the demurrer to the complaint. On appeal to the General Term the order of the Special Term was reversed and the demurrer sustained, and plaintiff was allowed to amend the complaint. This has been done, and the demurrer to the amended complaint is now ready for argument before the General Term.

John W. Philips against same. Action for trespass on lands on Buffalo street—damages caimed \$500. Tried at October Circuit and verdiet for plaintiff for six cents damages.

ment for damages and costs collected.

The only case commenced prior to April 1863, which remains untried and not disposed of is that of James Gallagher against the City, which was an action for damages for injuries received by falling into Eric Canal. The plaintiff has applied to the Legislature for indemnity, and his action against the city has not been proceeded

The following actions have been commenced against the city during the past month:

Newman H. Gardner against the City. Action for damages for injuries alleged to have been sustained by falling into holes in West Avenue walk.

Catherine Averill against same. Action for irjuries said to have been received at Exchange Street Bridge.

An action has been commenced against Jabez Collins to recover the amount of damages and costs paid to the City in the case of Susan Mal-

lory vs. The City.

A large number of prosecutions have been commenced before the Police Justice and some fines recovered for violations of ordinances, but no appeal has in any case been takenduring the

year.

The Committee are pleased to notice the unusually small amount recovered against the two verdicts obtained, one for \$50, and one for six cents, the largest one of which, there is every reason to believe, will be recollected by the city.

REPORT ON B. A. WHAPLES PETITION.

To the Hon, the Common Council:

To the Hon, the Common Council:

The Grievance Committee, to whom was referred the petition of B. A. Whaples, asking to be relieved from tax on the east half of Lot 23 on Spencer St., for the reason that he was at the time of the assessment a member of the Rochester City Dragoons, would respectfully report—That they have ascertained from a commissioned officer of said company that the statement of the contract ment of the petition is correct, and, therefore, suggest that the amount be allowed and charged to erroneous assessment.

All which is respectfully submitted.

Adopted. Ald. D. D. T. Moore submitted the following. REPORT ON T. & J. NOLAN'S PETITION. To the Hon. the Common Council:

Your Committee to whom was referred the petition of Terence and Jas. Nolan, asking re-compense for hack injured or damaged by being driven upon obstructions while Main street was being improved, beg leave to report,-That after investigation, they find the petitioners enti-tled to the amount of their claim, \$16. They therefore report in favor of allowing the petitioners said amount.

Respectfully submitted.

D. D. T. Moore. L. C. Spencer. WALLACE DARROW.

Adopted. Ald, D. D. T. Moore submitted the following. REPORT ON THE GENESEE OIL WORKS.

To the Honorable the Mayor and Common Council: GENTLEMEN: - Your Committee on Grievance to whom was referred the late communication of his Honor the Mayor, touching the Genesee Oil Works in this city, having had the same under careful consideration, ask leave to report,— That they do not find either of the coarges specified in said communication, well founded. It is not true, so far as your Committee can ascertain, that the value of homesteads of parties, living in the neighborhood of these works, has decreased in consequence thereof. On the contrary—if a business employing many indigent and deserving people, and annually expending among them large sums of money, in a part of our city where but little capital, comparatively, has been invested, is calculated to enhance the value of real estate. Your committee would be of the opinion that real property in the vicinity of these works, has been rather improved than injured. They believe such would be the tendency generally and cannot perceive why these works are an exception to a general rule.

What the people complained of some eighteen months ago, in reference to the odor arising from the sewer connected with these works, has been remedied by the proprietors at a large expense, and no offensive smell can now originate therefrom except that arising from petroleum, and that only in case or accident, and but occasionally, and lasting only for a few And that even could be easily remedied hours if the people there would comply with the terms of the ordinance in that regard, and place stench traps where the sewers connect with their cellars. The observance of this salutary ordinance (which imposes upon the party disregarding it a penalty) would add much to the comfort and health of residences generally, for very much that passes into and along our public severs, unpleasantly affects the cellars that connect with them, unless this precaution is carefully observed.

Your Committee find that this precaution has not been generally regarded in the vicinity of these works. It need not be said that the very object of our sewers is to carry off the offensive matter generated in our streets and places of business, and while their uses should not be perverted, the laws which regulate them should be obeyed. But it is not true, as your Committee respectfully submit, that the odor arising from petroleum or kerosene oil is detrimental to health. Scientific writers upon this subject have put the question to rest. This oil is a disinfectant, and wherever produced or manufactured is beneficial to the general health of the locality. It is well authenticated that the employees at Oil Creek, Pa. Canada, and on the Canawa, where most of the petroleum is produced, and many of whom are literally saturated with it for most of the time, from month to month, are remarkable for their vigorous health; and so too, laborers, in and about Refineries, are rarely ill.

It is no doubt true that the odor arising from this oil is offensive to many persons who are not accustomed to it; and though it has become one of the great staples of the country, having sprung into use in a day, giving employment to thousands, and farnishing very cheaply the best light now known, yet it is a new business, and the people are not generally familiar with it. But to complain of it because not agreeable, would be to complain of gas-works, tanneries, breweries, livery stables and the like, or of the noise of iron works or cooper shops, and thus cear out of the city all these important enterprises. In Buffalo. Erne, Pittsburg, Brooklyn and Jersey City, as well as elsewhere, these Refineries are common. There are some 25 of them in thecity of Erie, and many in the most populous parts of the town, and they are found not to be objectionable. In the city of New York on Maiden Lane, Water and Front streets, where large quantities of this oil are on store, and the air impregnated with its odor, the people wholly disregard it, and simply because they know it is inoffensive, and they have become accustomed to it.

Your Committee would further remark that those of us who live in cities ought to assimilate ourselves to the disadvantages of populous towns it we would enjoy their advantages.

Trade, commerce and manufactures must be nurrured and protected for the benefit of all, except such as are injurious to public health and good morals.

Your Committee are of the opinion that the Genesee Oil Works are not objectionable and, that this Board should dismiss the complaint. Respectfully submitted.

D. D. T. MOORE, L. C. SPENCER, W. DARROW,

On motion of Ald. D. D. T. Moore the report was adopted.

Ald, D. D. T. Moore presented the following: REPORT ON WASHINGTON STREET SKATING POND. To the Honorable the Common Council:

The Grievance Committee, to whom was referred the petition of surdry inhabitants of North Washington street and vicinity relative to the Skating Pond lying between North Washington street and Scott alley, and complaining of the same as a nuisance, respectfully report that they have examined the premises, and come to the conclusion that the lessee, Mr. J B. Koapp, can easily render the drainage so complete as to avoid any fear of injury to the health of the inhabitants in the vicinity. opening a drain on the north side of the lot into Allen street sewer, the lessee has made the drainage better than it has been for years; and by making a drain from the elevated portion of the lot to the one connecting with the sewer which the lessee expresses his willingness to do—your Committee believe that the surface water will be more completely carried off than ever before, and hence that the locality will be freer from the germs of disease arising from malaria than heretofore.

Note-The Report will be published here-

Ald. Hebing presented the following:

To the President and Gentlemen of the Common

Council: On the 8th day of March, 1864, a resolution was passed by your honorable body granting Messrs. Acer, Dougherty & Co. leave to erect a frame building on Magne street, under the direction of the Fire Marshal. Complaints having been made to me that Messrs. Acer, Dougher: y & Co. had not complied with the ordinance in relation to the erection of wooden buildings, which, upon investigation, I tound to be the fact, I therefore notified Messrs. Acer, Dougherty & Co. to suspend the erection of the same until they had complied with said ordinance.

Your obedient servant,

O. L. ANGEVINE, Fire Marshal.

\$32,261 93 Balance.....

It will be seen that the salaries of the city officers and publishing the proceedings alone amounts to \$16,050, and being \$1,050 more than the annual appropriation for the fund.

We are glad to report the fund in so favorable a condition, being overdrawn after paying the budget to be offered to-night only \$22,41.

In 1862 the fund was overdrawn \$9,652,42, and has been largely overdrawn every year for the

last ten years.

It will be seen that there has been appropriated this year for military pupeses, that is to the 54th Regiment, receiving the 13th Regi-ment, boarding soldiers, and music \$2,440. Had it not been for these unusual expenditures, which may not occur again, the fund would have been good at the end of the year for over \$2,000.

Your Committee have endeavored to guard the fund as carefully as they would had it been their own, and trust that our management will meet with the approbation of the Board and tax pay ers of the city, whose interests we have faithfully endeavored to protect.

All of which is respectfully submitted. E. K. WARREN,

To the Honorable the Common Council:

The Law Committee to whom was referred the petition of Tax payers on Main street in 1etne petition of Tax-payers on Main screet in re-lation to requiring the Rochester City and Brighton Railroad Company to pay their proper portion of the expenses of improving said street, report that, in their opinion, there is no doubt about the equity of the claim upon them for doing it, but are not certain that they can be compelled to do so now, where the improve-ment is already completed, but think there is no doubt of their liability to improve or pay for the improvement, of so much of the street as is not now completed, as is between their rails

and two teet and four inches each side thereof, and recommend that notice be given that they will be required to do so under the ordinance in relation to street railroads, passed June 24, 1862.

Besides there has been a very large number of cross walks thoroughly repaired during the season.

MISCELLANEOUS WORK.

There has been 368 yards of good McAdam stone distributed on various streets. Chestnut street has been well gravelled, and considerable gravel has been distributed upon other streets.
A substantial retaining wall and railing has been built at Park Place; the approaches filled and the street raised from West Avenue to Troup st. Some fitty stone and box sluices have been opened, cleaned, and put in good condition, and nearly as many more new ones built. Approaches to many of our bridges have been filled and Many new planks have been put graded up. down upon Court St. and other Bridges.

Three small wooden bridges have been built on Falls street, and one on Perkins street.

A large number of ordinances for the re-pairs of walks have been passed by the Board at the suggestion of the Committee, and the walks repaired at a greater cost to the owners of the property than if they had procured it done themselves.

It is due to the public that the entire walks of the city should be kept in good order for the comfort and safety of people passing over them, and the owners can save much by doing the work, and save the Board the trouble and themselves the extra costs of the ordinance and the contractor's profits. There are three ways to procure the repairs of walks: One is for the owners of property to do it themselves, this is the best, cheapest, and the only right way. The second is, by ordinance, a slower and more expensive process. The third, by the amended charter. The Common Council can publish notice in the daily papers for thirty days to all persons that they must repair their walks within that time, when if not done, the Board can di-rect the Superintendent to repair the same and collect the expense at once. It is hoped that the new Board may give the notice required, immediately after its organization, and that the people may at once and promptly respond, and each put their walks in thorough repair,

and thereby save expense and trouble to themselves and the Council.

STREET RAILWAY.

There has been and still is considerable complaint that the Railway Company do not keep the streets over which their track passes in good condition; this is true to a certain extent, but it should be born in mind that the Company have as yet had but little time to get everything in good running order. According to the ordinance under which they were granted the right to use the streets, they were bound to keep the road between their track, and two feet and four inches on each side, in perfect repair; if you will examine many of the streets you will find them in many places along their track in very bad condition, and need considerable repairs. The Company have signified their willingness to do it. It is eminently just, and it is due to property owners on the streets through which this road passes that this Company should fulfill the obligations they took upon themselves, and it is hoped that said Company may see that it is their best policy to comply strictly at all times with their obligations to the people to whom they look for patronage.

MAIN STREET BRIDGE.

Since the last report Main St. Bridge has been fully completed, bills all paid, and the account closed. An ordinance was passed last April to construct a flag walk from the west line of Graves street to the west line of St. Paul st., on the south side, at an estimated expense of \$6,000. The owners of the property applied to this Board for permission to do their own work, which was granted them, and they prosecuted the same under competent contractors to its completion, and it is a very beautiful and substantial walk indeed.

In the procuring the passage of the ordinance In the procuring the passage of the ordinance for the widening and the prosecuting the work of said Bridge to completion, was an improvement of considerable magnitude and of great importance to the city; the Committee in charge had to encounter and overcome almost every conceivable obstacle. Many long and vexed questions have been settled. The Bridge is completed, and is now a substantial ornament to the city. The Committee have the satisfaction to know that many of the persons who so strenously opposed the widening of said Bridge, and the straightening of the lines of said street, are highly pleased at the change, of said street, are highly pleased at the change, and are well satisfied with the improvement.

MATERIALS.

The cost of all kinds of materials used by the city have largely increased, and the following is the amounts paid for a tew of the leading arti-cles the past season: For lumber for new cross walks, repair-

Stationery for

CLEANING OF STREETS.

The cleaning of streets constitutes the very largest item of expenditure, and the thorough cleaning of which adds very much to the comfort of the people and the appearance of the city, therefore, the Superintendent has spared no pains or expense to keep the streets most thoroughly cleaned. thoroughly cleaned.

There is in our city about one hundred miles of streets, as follows:
Some 2 miles of Medina pavement.

"18 " of cobble "
"68 " of McAdam improvement.
"12 " of unimproved.

The undersigned have endeavored to spread the funds impartially over the entire city, giving all as near as practicable the benefits of said Your Committee are pleased to take this occasion to bear testimony to the faithful and efficient manner in which the Superintendent, J. D. Quinn, has discharged his duties. A strict account of all the receipts and dispursements have been kept and the books are open at all have been kept and the books are open at an times for inspection of the tax-payers.

All of which is most respectfully submitted.

COMMUNICATION FROM THE ASSISTANT OVERSEER OF THE POOR.

THOMAS M. FLYNN.

To the Hen. Mayor and Common Council:

GENTLEMEN: The subscriber having been employed for the two past years as Assistant Overseer of the Poor, begs leave to make to your honorable body a few statements of facts and suggestions, which may be of service in the subsequent discharge of duties of that department.

Soon after entering the office in 1862, I recognized many familiar faces, some of whom I had assisted while Overseer in 1858. To my surprise, I found that several of them were charged to the city that at that time were charged to the county and fowns, and have received aid from the city every year since. Up to 1860 the County Superintendents gave temporary relief from their office. But since that time such relief has been given by the City Overseer, and charged to the County. By this change I find that many errors were made, some of them I personally knew to be such. This fact induced a more thorough examination of the whole matter. The result of which was the finding that ten or twelve families were receiving aid from the city which should have been and are now charged to the county and towns—where they belong. From these we have collected and paid into the City Treasury, for aid thus rendered, over five hundred dollars; although some of the towns refused to pay for what was expended in past years, but have resumed the responsibility for the future.

It appears also that the Nativity Register has been neglected, as I find scarcely any entries in it since I left the office. This I regard as an error. For if when new applicants for assistance presented themselves, a note of their

former residence was made, it would prevent all errors such a stated above, and save further investigation. This precaution is particularly needed now when there is a large emigration from Canada. During the past six months there have been assisted between twenty and thirty jamilies, that have come here during the past year.

Allow me also to call your attention to soldier's families, who do not belong to this city, and who have been assisted the same ar our own soldiers. Our city has not had credit for many of them as part of its quota. By receiving assistance from the Soldiers' Alid, they are not under the necessity of applying to the Overseer of the Poor, and in this way they may in one year become a city charge instead of being supported, as they should be, by the county or town or the case may require.

Respectfully submitted, HIRAM BANKER,

Asst. Overseer of the Poor.

I certify that the above statement is correct.

MAYOR'S OFFICE, March 29, 1864.

To the Honorable the Common Council:

GENTLEMEN: I beg to call your attention to a case of peculiar hardship, which providentially occurred in the past season to Dennis

O'Reagan, one of the regular Police force.
At the time the Albany regiment passed through this city on its way home from Port Hudson, in August last, the Surgeon of the regiment, with the advice of Dr. Backus, caused some nine members thereof, who were dying with camp tever, to be removed from the cais to St. Mary's Hospital; and the duty of such removal was assigned to a staff of our Police. Policeman O'Reagan was one of the number, and unfortunately took the lever, and was laid up for five months with the terrible disease. his name was taken from the pay roll, and tho' now able to perform light duty, he finds himself with a somewhat impaired constitution, and with the large expenses of a long sickness to defray with no means at hand and with a to defray, with no means at hand, and with a widowed mother and her family to support, I feel it my duty to recommend to your honorable body that such sum be allowed him towards compensation for time lost by his five months illness as shall seem just and right.

When your Committee took charge of the Department it consisted of four Steam Fire Engines with their apparatus; five Hand Engines, two Hose Companies, two Hook & Ladder Companies, one Protective Sack & Bucket Co., all of which were worked partly under the paid system and partly under the volunteer system, and composed of between 400 and 500 mem-

Your Committee at once became satisfied rour committee at once became satisfied that that the two departments could not work well together, and on the 14th day of April last, offered a resolution disbanding the Volunteer Hand Engine Companies Nos. 4, 5, 6, 7, and 8, Hose Company No. 2, and Hook & Ladder Company, No. 2, which resolution was adopted by the Board.

Your Committee then offered a resolution re-

Your Committee then offered a resolution reorganizing the Department, to be composed as

Four Steam Fire Engine Companies, to consist or nine men each with one Steam Fire Engine; one Hose Cart and 800 feet of hose and three horses; one Hook & Ladder Company, composed of 18 men, two Hook & Ladder Trucks and all necessary apparatus, and your Committee have since added a horse to draw the trucks, and all under the paid system. One Protective Sack & Bucket Company composed of about 40 members, with two carriages and necessary apparatus; and one Alert Hose Company, composed of about 30 members, with two Hose Carriages and apparatus, under the vol-unteer system, which resolution was also adopted.

The members of the last named Companies are composed mostly of our business young men, who would not for a moment entertain the idea of serving in the Department for pay, but consent to receive a small quarterly appro priation from the city to each Company towards

paying a portion of their necessary expenses.

The disbanding of the Volunteer Department left a considerable amount of property on hand, composed of Hand Engines, Hose Carts, furniture, &c. Most of which your Committee bave disposed of at the best prices they could obtain, the proceeds of which have been deposited with the City Treasurer, as will appear in schedule

R.
The working of the Department under the new organization, has been highly satisfactory to your Committee, and they have reason to believe to the public generally. Your Commit-tee have sought to place the Department on a working basis, such as in their opinion would be best calculated to promote its success and combine its efficiency, and at the same time with an eye to economy.

The rules adopted by your Committee for the government of the Department have been such as they thought best calculated to secure its general success, and the benefit of its members, and the result has been such that they have been compelled to make but four changes, on account of inefficiency of the members or a violation of and miles.

olation of said rules.

The officers and members of the several Companies have shown a laudable emulation to perform the duties assigned them. And to avoid any exhibition of feeling which would tend in any manner to mar the good feelings which now exists among them; and they are gratified to state that but one accident has happened to any of the members during the year, and that was to Mr. Joseph Foreman, who had

his arm broken, while in the employ of the De-

partment as Engineer.
The Engine Houses and Hook and Ladder Houses are owned by the city, and in good re-pair, and will need little or nothing done to

them the coming year.

The Steam Fire Engines are now in complete working order, having been thoroughly repaired during the year by substituting the Gilbert Pump on the engines made in New York, in the place on the engines made in New York, in the place of the Cary pump, which your Committee found difficult and very expensive to keep in working order. They have also placed on each of these engines the plunge pump, for the purpose of a complying the bullers with water while pose of supplying the boilers with water while the engine is working, in the place of the Gifford injection and donkey pump, which they tound could not be depended upon.

The Gilbert pump, as also the Plunge pump, has worked to the entire satisfaction of your Committee. Neither of them have cost anything for repairs since placed on the engines— the first of which was in July last; and your Committee see no good reasons why the engines should need any very great outlay for repairs the coming season, unless injured by accident.

When your Committee entered upon their duties, they had frequent calls for the use of the steamers to fill reservoirs in public houses, and to pump out boats, &c., which could not be done without the use of the ergines. Your committee finally granted the use of the steam, ers, charging from \$10 to \$20 for filling such reservoirs, according to size, for which they have received \$160, which has been credited to the Department.

The Hose Carts running with the steamers are in good repair and nearly new, carrying 800

teet hose each.

The horses on hand are in excellent condition, and well adapted for the purposes for which they are used. When your Committee took charge of the Department they found the horses at Nos. 1 and 2 stable sick, and unfit for norses at Nos. I and 2 stable sick, and unit for-drawing the engines or performing much labor-of any kind. They were compelled to hire horses for some time to fill their places until, they could get them in condition to dispose of them and purchase those toat were acceptable. This they found very difficult, as well as expensive, but finally succeeded in disposing of the sick ones, and purchasing those every way well adapted to the purpose for which they are used-Hence the item for horses may appear large, although they have one more horse than when they took the Department in charge, which is

the Hook and Ladder truck.

The Hook and Ladder Trucks, &c., and all the apparatus connected therewith are in excellent The substitution of a horse to draw condition. the carriage is a great improvement, and distne carriage is a great improvement, and dispenses with the necessity of the men running the carriage on the sidewalk, to the great annoyance of citizens and damage to property.

The Company is now composed of 18 members. In consideration of the carriage being drawn by a horse, your Committee would recommend a reduction of members to the running to the commenda reduction of members to the running to the commenda reduction of members to the running to t

commend a reduction of members to the number of 12, which, in their opinion, will be amply sufficient to perform all the duties required in

any emergency.
The Hose Depot and Chief Engineer's Office has, by a resolution of this Board, been removed to the south wing of the Center Market, which your Committee have fitted up at small expense, and which is much more convenient and far better adapted to the purpose than the former location, besides saving to the city an annual rent of \$500.

The annual payments of rents heretofore for the accommodation of the department has been ver large, running up considerably over one-tenth of the annual appropriation for the support of the department. Your Committee have succeeded in reducing these rents considerably during the last year, and would advise a further reduction by the purchase of a lot and erecting one Engine House for Steam Fire Engine No. 4, whose house now costs the city a rent of \$25° per year, besides being very inconvenient.

To the following statements marked A, B, C, D, E, F, G, H, I, J, K, L, M, N, O, P, Q, R, and S your Committee beg to call your special attention, as they embrace a full and comprehensive detailed statement of the receipts and disbursements of the funds of the department for the current year, as well as the property belonging to the department on hand and dis-

posed of up to the present date.

Your Committee have been somewhat particular in making this exhibit for the purpose of showing your Honorable Body and the citizens generally, the expenses of a Paid Fire Department, as compared with those of the Volun-teer Department as it formerly existed. During a part of the years 1861 & '62, the Department was operated partially under the paid and partially under the volunteer system which required a larger amount for its support than in the years 1859 & '60, when it was operated wholly upon the Volunteer system which was on the aver--per year. The expenses of the Department have been somewhat increased this year by repairs &c. done to hand engines to get them in condition to dispose of, and remuneration of Jos. Foreman for such services as he was able to perform-he having his arm broken while in the service of the Department,

On taking into consideration the effectiveness of the department as it now stands, as compared with the volunteer department as it formerly stood, your committee are led to believe that none of our tax paying citizens will express a desire to return to the former mode of protecting their property from the devouring element. The large decrease in the number of fire as well as in the amount of property destroyed by the same, as compared with former years, show that the march of improvement is ever onward, and that steam possesses superior power to one and muscle in the extinguishment of fire, which must be clearly visible even to the old veterans who composed the time honored members of the veteran hand department.

members of the veteran hand department.

Who fought the element in its necrest flame.
And reduce from the field with the road fame.
Two reservoirs have been completed during the past year, one on the corner of Alwater and Clinton streets, and one on the corner of Scio and New Main streets. Both of these reservoirs were greatly needed, and will be of great service in case of fire in their vicinity. More reservoirs are greatly needed in the southeast part of the city, that portion of the city being almost destitute of water for the suppression of fires.

The actual expenses of the Department for the year have been \$17,696 Add to this the amount paid J. Foreman \$305.

And the amount paid for repairing hand en-

We are proud to know that our own beautiful city is not behind the age in the introduction of Steam Fire Engines and the adoption of the paid system for the lavor performed in the suppression of fires. And when we have the Fire Alarm Telegraph to convey with lightning speed the alarm to our firemen, and the completion of the Water Works, both of which we hope to see completed at an early day, we can safely say that we are as well prepared to meet the dreaded enemy, fire, as any city in the Union.

ANNUAL REPORT OF THE POLICE COMMITTEE. Mr. President and Gentlemen of the Common Council:

Your Committee on Police, most respectfully beg leave to submit the following their annual report, for the current year ending on the 31st day of March, 1864.

Your Committee would here state that they have no control over the Police fund whatever, except in the purchase of the few articles needed for the Police Office and Watch House.

To the extent of the number allowed by the charter, the Mayor has the power to appoint as many, and such Policemen as he pleases. And also to to discharge the same. And your Committee have only to present the bills to this Board for their adoption, and refer them to the. Finance Committee for payment. fore, they should not be held accountable for any over draft which is made on this fund.

The disbursement of this fund for the year

ANNUAL REPORT OF THE LAMP COMMITTEE. To the Hon, the Common Council of the City of Rochester:

Gentlemen: - The Committee on Public Lamps most respectfully submit the following as their Annual Report:
The number of public lamps in use April 1,

1863, was 658.

During the year there has been erected, under direction of your Committee, and by order of the Board, 162,—22 for gas and 140 for kerosene. Whole number in use 1st day of April, 1864,

RECEIPTS.

By balance from last year....\$18,000 00 1,554 92 \$19,554 93

DISBURSEMENTS.

\$18,438 46

Balance on hand April 1, 1864..... \$1,116 46 During the year the attention of your Com mittee was called to the want of public lamps in different parts of the city. There being no prospect of the Gas Company laying mains, your pect of the Gas Company laying mains, your Committee resolved to use kerosene oil as a substitute. To do so was a matter of difficulty, as there were no lamps to be had that were impervious to the weather. As an experiment, a ew lamps similar to those for gas, were used. The result being as favorable as could be expected, forty were erected by order of the Board, during the month of October, 1863, and one hundred during the month of March, 1864,

The cost of lighting and taking care of these lamps is about 25 per cent. less than is paid for gas. The light is almost equal to that of gas, and there is no doubt but that with a lamp made expressly for the purpose, those portions of the city which are now without light, and where the Gas Company will not lay the mains, can be supplied with a substitute equal to gas.

Your Committee bave endeavored to distribute the lamps as impartially as practicable, giving the benefits of the fund to those who were most in need, and they trust that their management will meet with the approval of the

management will meet with the approval of the Board and the tax payers.

All of which is most respectfully submitted.

THOMAS M. FLYNN,
H. G. MOORE,
ALONZO CHAPMAN.

On motion of Ald. Flynn accepted, ordered published and laid upon the table.

Ald. Spencer presented the report of the Police Justice for the month of March as follows: Whole amount received,............\$554 50

Filed.
Ald. Warner now moved that the Board adjourn sine die.

Motion Adopted. Adjourned. C. N. Simmons, Clerk.
