Ald. Calihan moved that a committee of three be appointed to inform the Mayor that this Board is now ready to receive any communication that he may wish to present.

Adopted.

The Chair appointed as such committee, Alds. Calihan, Aikenhead and Ward.

Ald. McMillan then introduced His Honor the Mayor, Richard Curran, who spoke as follows:

Gentlemen of the Common Council:

A more than ordinary measure of responsibility devolves upon the municipal administration, this day inaugurated. Unusual expectation waits upon an orderly, prudent and economical administration of public affairs. Individual rights are to be maintained, the laws are to be enforced in their integrity, and the burden of taxation is to rest as lightly upon

the citizen, as may be consistent with the weal and safety of the community.

Our city is under a charter, which originally granted in 1834, has by amendments, revisions and consolidations been so changed that at the present time it presents much of incongruity between its parts and causes confusion in its interpretation; but such as it is it is the law to be sustained and obeyed. Under this charter, the city is governed by a legislative body, the Common Council, an executive body, the Executive board and a Mayor, having power of supervision over the acts of the Common Council, and a number of administrative officials and boards. In your body is vested the law-making power. Some of you have had legislative experience and all of you are freshly accredited by your constituents, understanding their desires and appreciating their needs. Nevertheless, I desire to call your attention to the importance of the trust you have assumed, and to prefer the hope that when you have served your respective terms, you may receive the approval of the people for the things that you have done and make explanation of the things that you have left undone.

Premising that it will be my duty, from time to time, to address you upon specific matters requiring your attention. I shall now content myself with referring in a general way to a few topics which seem to me especially pertinent to consider. Among the urgent needs of an expanding city are improved streets, good sewers and pure water. During the ensuing year, as it has been in past years, questions of improvements in the outer and developing wards will constantly confront you. The only safe course to pursue in relation to these is to determine whether the proper petition has been presented for an improvement, whether that improvement is necessary, and whether a majority of the people to be benefited and taxed desire it.

Governments cannot be conducted without expense, and this expense is met by levying contribution on the people for whatever amount may be necessary to conduct the government. Under the charter it is the duty of the Common Council to estimate and declare the amount necessary to be raised for the expenses of the city, and to levy the same on its assessable property.

The method by which the Common Council arrives at a knowledge of the amount of money necessary to be raised is prescribed by the charter which requires the Finance Committee to request from the chairman of each of the several committees of the Council, an estimate of the amount of money needed by the various boards and departments in their charge, and especially for lighting the city, and the support of the Police Department, for the support and relief of the poor, for the maintenance and improvement of public parks, for the expenses of the Board of Health, for general contingent expenses and for all other expenses during the fiscal year. The Finance Committee after ascertaining through the estimates furnished them, and through statements made by heads of departments and citizens generally interested in the matters, makes its report to the Common Council, showing what sums will be

necessary to be raised for expenses during the fiscal year. The Common Council then takes action upon such report, making such changes as may seem necessary or expedient, and such sum of money as is declared necessary, is then directed to be raised by an assessment on all the real and personal estate in the city.

It will thus be seen that the Finance Committee is the most important committee of the Council, as both the property and personal rights of the citizens are to a large extent placed within its power. If through incapacity, ignorance, carelessness, or neglect, sums of money in excess of the actual requirements of the government, should be reported as necessary to be raised, property becomes tax-ridden, and the citizen is defrauded; if on the contrary through a mistaken and false idea of economy, sums insufficient for the various departments are reported to be raised, the people are deprived of their just and proper rights of comfort, convenience and protection.

It is the duty of the Council to practice economy, but by economy I do not mean that penny-wise and pound-foolish policy that saves money by crippling the usefulness of the departments, depriving the city and people of their just rights. The economy to be practiced is the economy of the true business man; the economy that foresees the things necessary to be done, does those things at the proper time and in the proper way, and that makes the dollars of the people return to them the benefits they are entitled to receive at the lowest reasonable cost. I do not preach extravagance when I say that the people should have the best improvements the times afford, provided the city does not go beyond its means in securing those improvements. The test of good government is, how much of comfort and convenience is being given to the people and at how small a cost. Does the benefit warrant the expense, is the problem solved. Money honestly and judiciously expended in adding to the comfort and convenience of the people, is in conformity with good government.

Before leaving the subject of the tax levy, there is one question of importance to which I deem it my duty to call your attention, a question that may require considerable study and thought before the proper solution shall be reached. It has been the custom for many years past, to borrow during the year, large sums of money on the notes of the city, drawing interest. The amounts of money so raised have increased rapidly during the last few years. There is something radically wrong in the practice, which either permits, or compels the borrowing of money, on notes, in such large amounts, year after year, and I suggest that proper measures be taken to forego, so far as possible, such practice in the future.

Another question which may come before you is one to which much thought has already been devoted. It is that of a new charter for the city. Municipal government is a theme which has occupied the attention of political scientists for many years in all parts of the land, and upon which many theories have been advanced and many experiments tried. The conditions obtaining in a comparatively new country have changed so rapidly and the marvelous and unprecedented growths of municipalities have been so marked that their best government is one of the most vital issues of the day. That our charter is defective in many particulars is obvious, and it is to be hoped that during the year, your body will, after due consultation with our citizens, perfect and recommend to the legislature the passage of a new charter which will respond to the demands of the age, and will guarantee the wisest government. It will be my pleasure to co-operate with you in this, in all reasonable ways. Meanwhile I suggest that the present charter be reprinted, as but few copies are available, and that a compilation of existing by-laws and ordinances be made.

While the city has, for a number of years been supplied with an abundance of pure water, it nevertheless has become apparent that by reason of its rapid growth and the prospects of still greater growth it becomes necessary to provide for the wants of the people an additional supply of pure water. The inauguration of the existing system of supplying the city with water, and the completion of that system some twenty years ago was the first of a series of improvements, made on a large scale, which induced manufacturing and other industrial enterprises from abroad to locate here, and which was the commencement of the progress and prosperity which has since attended our city. The supply of water for a city of the character of Rochester should at all times be abundant and should be such as to give to our business and manufacturing concerns and the people generally, all of the water that they can use for their business or personal convenience or comfort, without permitting extravagant waste.

The near prospect of legislation adequate to this end is a matter for the sincere gratulations of our citizens.

The construction of the East Side Trunk Sewer is a work that has been made necessary by reason of the rapid growth of the territory added to the city some six years ago, and lately known as the Sixteenth Ward. When that part of the city was but sparsely populated, the sewers were so constructed as to empty their contents into the small streams, which, having their origin in the city, flow east and north into Irondequoit Bay. When these sewers were first constructed, the amount of sewage emptied into the streams was so small that it was easily carried away without offense to the people living upon the banks. But as time passed and this territory became built up, the contents of the sewers and the amount of drainage became so large that complaints were heard from the residents of the towns adjoining the city, and from the people living on the banks of these streams. The results of these complaints were that numerous actions at law were brought to obtain injunctions to restrain the city from longer continuing in the practice of emptying sewers into these streams, and for damages on account of the pollution of the streams and the consequent effect upon the neighboring lands. The parties bringing suits were successful in their actions and one of the great sources of litigation against the city in the last fifteen years has been occasioned by sewage pollution to these streams. The courts have uniformly sustained the actions, and the city has been compelled to pay the damages. The solution of the question was finally arrived at in the determination to build an intersecting trunk sewer which, commencing at the extreme south of the city, should skirt its southeast and northerly boundaries and finally empty into the Genesee river below the falls.

Legislation was obtained for the purpose of prosecuting the work, and this great improvement is about to be begun. The contracts for the letting of the work have been advertised and it is unnecessary to say that as soon as the nature of the work will permit, the East Side Trunk Sewer will be an accomplished fact, and the eastern section of the city will be well drained with the consequent results of improved sanitary conditions and increased values.

The Park Commission has been since its inauguration one of the most efficient and active public bodies. Its work may not as yet have fully impressed itself upon the community because on account of its nature results can only show after many years of labor and care. The work of the Commission, however, embraces the promise that in a few years Rochester will be possessed of a system of parks unsurpassed anywhere. I trust, while due safeguards shall

be established in the expenditures for this work that no unnecessary obstacles to its prosecution will be interposed.

I am assured that the various administrative departments of the city are prudently and efficiently managed. Appropriations for these should be without extravagance, and yet without parsimony, so that the best results in health, in policing, and in the various branches of the Executive Board may ensue.

Rochester has rounded more than a half-century of existence, and is well onward in its progress towards its hundredth year. While at its incorporation in 1834, it was but a thriving village of 15,000 souls it is to-day a populous city of over 140,000 inhabitants. Its growth in population, in wealth, and in commercial importance, has been so rapid, so steady and so substantial as to make it pre-eminent among the inland cities of this great country. It is among the first twenty cities of the nation in population, and the fourth city in size and importance in this great Empire State. It is known throughout the broad extent of the nation, for its beauty, for its enterprise, for its progress, and for the intelligence, industry and thrift of its inhabitants.

Of such a city we may well be proud, and I trust, that through us, it may take no backward step; and I may in conclusion express the hope that when our terms of office shall end we may return to the people, able to say that we have done our duty, as we understand it, and that our sole aim has been to meet the wishes of our constituents, and to advance the interests of the community.

Ald. Lewis moved that the message be received, filed and published.

Adopted.

Ald. Calihan moved that the Board proceed to appoint a City Attorney.

By Ald. Kelly—The members of the Common Council have heard with deep sorrow of the death of Colonel Louis Ernst, the honored father of the legal adviser of this body, City Attorney Charles B. Ernst.

Colonel Ernst was one of the leading citizens of Rochester, prominent in every worthy public undertaking and loved and respected by every citizen. We regard his death as a public loss. A brave veteran of the late war, a successful merchant, and a public-spirited citizen, passes to his grave mourned by citizens of all classes.

Resolved, That the sympathy of this body be extended to City Attorney Ernst and the family of the late Colonel Ernst in their deep bereavement and that a copy of this resolution be placed upon our minutes.

On motion of Ald. Kelly the resolution was adopted by a rising vote.

On motion of Ald. Lewis the Board then adjourned.

PETER SHERRIDAN, City Clerk.

CITY CLERK'S OFFICE,
 April 5, 1892.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN: In accordance with Section 1 of a Penal Ordinance relating to the duties of certain officials, I hereby report that I have executed a bond which has been approved by the mayor and deposited the same with him.

Respectfully yours,
 HENRY W. GREGG,
 City Clerk.

Ordered received, filed and published.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

PIPE SEWER IN FINTRAY PLACE.

By Ald. Rauber—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a pipe sewer in Fintray place.

Adopted.

The Surveyor submitted as such estimate, \$675.

Ald. Rauber—Resolved, That the following improvement is necessary, viz:

The construction of a vitrified pipe sewer, 12 inches in diameter in Fintray place, from a point 15 feet north of the south end thereof, to the sewer in Sibley street. Also the construction of the necessary manholes, surface sewers, lot laterals and branches.

And Whereas, the City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$675, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Fintray place, from the south end thereof to Sibley street, in proportion to the benefit which each will derive therefrom.

Adopted.

OPENING A STREET FROM CLIFFORD STREET TO BAY STREET.

By Ald. Bohrer—Resolved, That the following improvement is necessary, and we hereby adjudge that the public good requires the same to be done, viz:

The opening of a street 60 feet in width from Clifford street to Bay street, across land supposed to belong to Christian Yakey, George Brown, Henry M. Jennings, the estate of Henry B. McGonegal and others, the center line of which street is described as follows, viz: Beginning at a point in the south line of Clifford street about 90 feet west of the west line of said Christian Yakey's land; thence southerly on a line about at right angles to Clifford street, to the south line of said Yakey's land, at a point about 90 feet east of said Yakey's west line, thence easterly along the south line of said Yakey's land; being also the north line of George Brown's land, to a point about 48 feet west of said George Brown's east line; thence southerly in a direct line, across lands supposed to belong to George Brown and Henry M. Jennings, to a point in the south line of said Henry M. Jennings' land (said point being about 48 feet east of said Jennings west line;) thence continuing southerly in an extension of the aforesaid line, across lands supposed to belong to the estate of Henry B. McGonegal, to the north line of Bay street. The territory deemed necessary to be taken for said street, is a strip of land 30 feet in width lying on each side of, and adjoining the above described center line, forming a street 60 feet in width throughout its entire length, and which is more particularly shown on a map filed in the office of the City Surveyor.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

All the lots and parcels of land situated on each side of and adjoining the proposed street, as they exist at the date of the passage of this ordinance, in proportion to the benefit which each will derive therefrom.

Adopted.

GRAVEL IMPROVEMENT OF BECKLEY STREET.

By Ald. Wurtz—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Beckley street.

Adopted.

By Ald. Lewis—
 AN ACT to amend chapter fourteen of the laws of eighteen hundred and eighty, entitled "An act to further amend chapter one hundred and forty-three of the laws of eighteen hundred and sixty-one, entitled 'An act to amend and consolidate the several acts in relation to the charter of the city of Rochester,' and to consolidate therewith the several acts in relation to the charter of said city," and the several acts amendatory thereof and supplementary thereto, and as amended by chapter five hundred and sixty-one of the laws of eighteen hundred and ninety.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Sec. two hundred and forty-six of chapter fourteen of the laws of eighteen hundred and eighty, entitled "An act to further amend chapter one hundred and forty-three of the laws of eighteen hundred and sixty-one, entitled 'An act to amend and consolidate therewith the several acts in relation to the charter of the city of Rochester,' and to consolidate therewith the several acts in relation to the charter of said city, and as amended by chapter five hundred and sixty-one of the laws of eighteen hundred and ninety," is hereby amended adding to the end thereof the following: But said judges, or either of them, in any action or proceeding upon a trial by jury before either of them, shall have a right, and it shall be their duty, or the duty of either of them, in the proper case and for like cause, to direct the verdict of a jury to the manner of rendering the same, and as to the amount thereof, in the same manner, and to the same effect, and subject to the like objections and exceptions, as the verdicts of a jury in the courts of record of this state.

Sec. 2. Section two hundred and forty-nine of said chapter fourteen, is hereby amended, by adding to the end thereof, the following: Whenever any judgment shall, at any time hereafter, be rendered in and by said court, and shall be, at any time hereafter, filed and docketed in the office of the clerk of Monroe county, the said judgment shall become a judgment of the county court of Monroe county, and any suit, action or proceeding thereto may be had, taken or instituted, at any time within twenty years of the time of the rendition of said judgment by said municipal court, the same as if said judgment had been rendered by said county court.

Sec. 3. Section two hundred and fifty, of said chapter fourteen, is hereby amended, so as to read as follows:

Sec. 250. In all actions brought in this court, there shall be allowed by way of indemnity to the prevailing party, and included in the judgment the following sums, as costs:

1. When the damages recovered amount to twenty-five dollars, but do not amount to one hundred dollars, the sum of three dollars.

2. When the damages recovered amount to one hundred dollars, and do not amount to three hundred dollars, the sum of five dollars.

3. When the damages recovered amount to three hundred dollars, and do not amount to five hundred dollars, the sum of seven dollars.

4. When the damages recovered amount to five hundred dollars, and do not amount to seven hundred dollars, the sum of ten dollars.

5. When the damages recovered amount to seven hundred dollars, or over, the sum of fifteen dollars.

6. When issue has been joined, and an actual trial had, upon a question of fact, there shall be allowed to the plaintiff, in addition to the sum hereinbefore specified, where the damages recovered do not amount to the sum of two hundred dollars, the sum of five dollars.

7. When the damages recovered amount to two hundred dollars, and do not amount to the sum of four hundred dollars, the sum of seven dollars.

8. When the damages recovered amount to four hundred dollars, and do not amount to seven hundred dollars, the sum of ten dollars.

9. When the damages recovered amount to seven hundred dollars, and over, the sum of fifteen dollars.

10. And, if on such trial, the defendant prevails, he shall be entitled to have judgment against the plaintiff for the amount of the fees and disbursements allowed the defendant by law, and, also, additional costs, as follows:

11. When the plaintiff shall have demanded in his complaint, or sought to obtain upon the trial, judgment against the defendant for any amount under two hundred dollars, the sum of five dollars, and when two hundred dollars, and less than four hundred dollars, the sum of seven dollars; and when four hundred dollars, and less than seven hundred dollars, ten dollars; and when over seven hundred dollars, fifteen dollars.

12. For the actual trial of an issue of fact, joined in a summary proceeding, the sum of five dollars. But neither of the trial fees above mentioned shall be allowed to the prevailing party, unless he appears by attorney, or by the clerk of an attorney; and the said judges, or either of them, may direct that the pleadings on the joinder of an issue shall be in writing and filed, and when a judgment of nonsuit, or no cause of action is rendered on such trial, the defendant shall be entitled to have judgment entered against the plaintiff for the amount of fees, costs and disbursements allowed the defendant by law, and also the additional costs provided for in this act.

13. In all actions and proceedings within the jurisdiction of a justices' court of the cities and towns of this state, the said city may charge and collect, and there shall be paid into said court the same fees and costs as provided by law for justices' courts, as provided in and by this act, except as herein otherwise provided, and in addition thereto said clerk or deputy clerk shall be entitled to demand, and there shall be paid into said court, for the use and benefit of the city, the following fees and costs: For the actual trial of an issue of fact, when the amount demanded by either of the parties in their respective pleadings is over one hundred dollars, to be paid by the party or parties demanding the same, twenty-five cents for each additional hundred or part thereof, so in excess of one hundred dollars.

14. And, for entry of judgment by default, for any sum less than one hundred dollars, the same fees as are now allowed by law in justices' court, and the sum of twenty-five cents for each additional hundred dollars, or part of a hundred dollars.

Sec. 4. Section two hundred and fifty-two of said chapter fourteen is hereby amended so as to read as follows:

Sec. 252. The said court may have a clerk, to be appointed by said judges, such appointment to be in writing and filed with the clerk

of Monroe county. He shall take the usual oath of office, and file the same in the said clerk's office, and shall hold said office during the pleasure of said judges, and shall give bail for the faithful performance of his duty, in such form, and for such sum, and with such sureties, as shall be approved by said judges, and file the same with the treasurer of said city. It shall be the duty of said clerk to keep the docket of said court, a complete and accurate record of all process issued and returned to said court, of all proceedings in any action or proceeding brought in said court, and to enter in said docket the judgments and decisions of said court. And said docket shall be evidence in the courts of this state to the same extent as the docket of a justice of peace. It shall also be the duty of said clerk, and the deputy or deputies hereinafter mentioned, to keep a record and account of all moneys paid into said court, or received by said clerk or deputy clerk. The said clerk, being the custodian of the moneys coming into said court, to whom the deputies hereinafter mentioned shall report and account for the moneys coming into their hands as deputy clerk or clerks of said court. The said judges may appoint, and at pleasure remove, one, and if said judges shall deem it necessary, two stenographers for said court, each of whom shall be a deputy clerk of said court. The said judges shall file a certificate of the appointment or removal so made by them in the office of the clerk of Monroe county. Before executing the duties of this office each stenographer so appointed shall take and subscribe the constitutional oath of office and file the same with the clerk of said county, and shall give bail for the faithful performance of his duty in such form, and for such sum, and with such sureties as the judges of said court shall approve, and file the same with the treasurer of said city. It shall be the duty of such stenographer to take stenographic minutes of the testimony and other proceedings in all cases tried before the court, except when the judge sitting at the trial shall dispense with his services. He shall transcribe fully, and at length, the minutes of each case so taken by him, in written or printed characters when so desired by the court, and file the same with the clerk, who shall cause the same to be preserved with other papers in the state. The said stenographer shall preserve the original minutes taken by him, which shall be filed in the office of the clerk of said court. He shall deliver to his successor in office all the minutes taken by him which shall not have been filed with the clerk, and shall act in all matters connected with his office in accordance with the direction of the judges, and he may, after he shall have filed his minutes, furnish to any one applying therefor a transcript of said minutes, and may charge and receive therefor from the person to whom he shall furnish the same, the sum of three cents for each folio of one hundred words contained in said transcript. It shall also be the duty of the stenographer, or clerk, or deputy, to make the file in Monroe county clerk's office all returns on appeal in cases in which the minutes of testimony are taken by said stenographer, such return to be made in type or ordinary writing and certified by the judge who tried the cause. It shall also be the duty of said stenographer or stenographers to act as deputy clerks in the absence or inability of said clerk, or when the exigencies of the business of such court requires, or upon the request of either of the judges of said court; and, when acting as such deputy clerk he shall be clothed with the same powers as provided in and by this act for the clerk of said court, and to perform such other duties pertaining to the business of said court, as said judges may require. Said judges, clerk, deputy clerk and stenographers shall have

power to administer oaths and take acknowledgments, the same as justices of the peace of towns.

Sec. 5. Section two hundred and fifty-three of said chapter fourteen is hereby amended so as to read as follows:

Sec. 253. In all actions and proceedings brought in said court, the said clerk or deputy clerk, shall demand and receive payment of all such fees for process making, making out and filing bonds, undertakings, affidavits, together with such fees or trial, judgment and other fees as are allowed by law in justices' courts; also, fees for jurors, when a jury trial is demanded, from the party demanding. And, in addition thereto, such other costs, fees and disbursements as are allowed by this act. And said clerk, or deputy clerk, shall keep an accurate minute in such case or proceeding upon the docket of said court, and a daily itemized account of the same, and, at the end of each month, shall deposit the amount thereof with the treasurer of said city. The statement thereof to be verified by said clerk, or, in his absence, or inability to act, by said deputy clerk, to be a true and correct account, and that the same embraces all the moneys paid into said court during the period covered by said statement.

Sec. 6. Section two hundred and fifty-four of said chapter fourteen is hereby amended so as to read as follows:

Sec. 254. Said judges shall each be paid, in monthly payments, from and after the time this act takes effect, an annual salary of not less than thirty-five hundred dollars, to be fixed by the common council of said city, as other salaries are fixed, and shall receive to their own use no fees or other compensation for services as judges for said court. The said clerk shall be paid, in monthly payments, an annual salary of not less than twelve hundred dollars, to be fixed by said Common Council, and said stenographers or deputy clerk shall each be paid, in monthly payments, an annual salary of not less than eight hundred dollars, to be fixed by said common council.

Sec. 7. This act shall take immediately. By Ald. Lewis—Resolved, That the Hon. Members of the Senate and Assembly from this City, be and each is respectfully requested to secure the immediate passage of the Act amending the Charter of this city, relative to the Municipal Court of the city of Rochester, known as printed Assembly Bill No. 1391, with the following amendments thereto:

First:—By striking out the whole of the amendment to Sec. 249 of said Charter, and known as Sec. 2 of said Act found at page 2 of said printed bill.

Second:—By inserting on line 39 of page 5 of said printed bill the word "shall" in place of the word "may by striking out on lines 40 and 41, pages 5 and 6 the words and may charge and receive therefor from the person to whom he shall furnish the same sum" and inserting in place thereof the words, "for which a charge shall be made," and on line 42 after the word "transcript" by inserting the words "to be paid into said Court for the benefit of said city."

Third:—By striking out the whole of lines 3 to 11 inclusive on page 7, and inserting in place thereof the following: "Section 254. Said judges shall each be paid in monthly payments, from and after the time this act takes effect, an annual salary of not less than twenty-four hundred dollars nor more than thirty-five hundred dollars, and shall receive to their use no fees or other compensation for services as judges of said court, said clerk shall be paid, in monthly payments, an annual salary of not less than twelve hundred dollars nor more than eighteen hundred dollars, and said stenographers or deputy clerks shall each be paid, in monthly payments, an annual salary of not less than eight hundred dollars nor more than twelve

hundred dollars, all of said salaries to be fixed by the common council of the city of Rochester within thirty days after this act takes effect, and thereafter annually as other salaries are fixed by said common council.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

CITY TREASURER'S OFFICE,)
 ROCHESTER, N. Y., April 12, 1892. (

To the Finance Committee of the Common Council:
 GENTLEMEN: I have to report that I have made the usual careful examination of the City

Treasurer's books and the general business of the office, in all its several departments, for the month of March, and that I find everything pertaining thereto in excellent working order and condition, and accurate in all particulars. This being the last month of the fiscal year, I have also carefully examined the Treasurer's annual report, recently presented to the Board, and I find that all the items therein presented are correct transcripts from the Treasurer's books, and that said report is unquestionably accurate and reliable in all its statements. The same general remarks will apply to the annual report of the finances of Mt. Hope Cemetery, which I have carefully reviewed and compared with the reports emanating from the Cemetery Department.

It is pleasant to remark, in this connection, that the management of this important trust is in excellent financial condition, as the following facts, taken from the report show: Receipts over expenditures for the past fiscal year, \$10,608.60. Total cash on hand, all deposited in city savings banks, \$76,891.68.

The cash on hand in the City Treasurer's office on the morning of April 6th, counted by me, was \$6,433.06, and was the exact sum called for by the ledger balance. At the same time and date, the balances called for as on deposit in the Central, Traders and German-American Banks, were \$21,288.78 in each of said banks, and on inquiry at the several banks named their credits to the city were as above stated.

In closing the financial and business examination of the City Treasurer's office for the fiscal year, it may not be considered out of place to refer to a matter of financial management in a certain direction—that relating to local assessments—which is certainly capable of great improvement, in regard to facilitating the collections of said assessments. Whatever the cause may be, there is altogether too much delay in placing the assessment rolls in the hands of the Treasurer for collection, and a remedy should be supplied to correct the remissness, as this is a matter of easy accomplishment. By the system in vogue, of having but one general fund, consisting of cash collected from the tax levy and amounts collected for the various improvements, it is essential, in order to avoid borrowing so heavily to meet the acceptances as they become due, that the assessment rolls be furnished the Treasurer at as early a date as possible, after the work is completed, and the cost of same certified to the Common Council.

In case this is done promptly, many parties are ready and willing, as experience shows, to pay their assessments just as soon as the bills are made out, and, in such cases the city would have the benefit of these payments; but if there is any delay in the Common Council as to confirming the rolls and ordering assessments to be made, or in the Assessors' Office in making the assessments, then it becomes necessary to borrow money on the city's notes to meet the payments due contractors.

The city, I find, has advanced on improvements thus made, for which no assessment rolls have been furnished the Treasurer for collection, the sum of \$451,148.62. Among the larger assessments are these:

Jay street Medina improvement.....	\$37,944 88
Bay street Medina improvement.....	73,557 37
East Maple street asphalt improve- ment	14,306 84
Boulevard outlet sewer.....	23,189 76
Colvin and Maple street, stone sewer.	43,459 49
Conkey avenue improvement.....	33,099 90
East avenue brick improvement.....	60,858 58
Lyell avenue and Saxton street outlet sewer, Sec. 1.....	33,364 95
Section 2.....	19,512 83
Contracts to the amount of all the street cleaning and sweeping.....	10,478 65
Of the sum above named—\$451,148.62—the Treasurer certified to the Common Council	

cost of improvements to the amount of \$354,312.35, previous to January 1st, and since January 1st to the amount of \$96,836.27.

Now, if the assessment rolls above referred to, had been furnished the office for collection, the discount required to meet the city's obligations to contractors would have been very materially reduced, as must be very evident, and it is equally evident that many of said rolls ought to have been furnished long ago.

Respectfully submitted,
JOHN BOWER.

STATE OF NEW YORK, }
 COUNTY OF MONROE, } ss.
 CITY OF ROCHESTER, }

Andrew Bornkessel, being duly sworn deposes and says: That he is the City Sealer of the City Rochester; that the foregoing contains a true and full report of the names of all persons, firms and corporations for whom he, or any of his assistants, have sealed or marked any weights or measures, since the date of his last report, together with the dates thereof, the description of all such scales, weights and measures, so sealed or marked, and the amount of fees or compensation collected therefor.

ANDREW BORNKESSEL,
 City Sealer.

Sworn before me this 12th day of April, 1892.
 JULIAN A. JAMES,
 Com. of Deeds.

Ordered received, filed and published.
 By the Clerk—

ROCHESTER, April 8, 1892.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN: At a meeting of the Board of Health held March 31, 1892, the following action was taken:

Commissioner Hoyt presented a petition signed by Z. P. Taylor, P. V. Hawley, O. H. Strouger and Silas Stoddard, owners of property on Seward street, requesting the Board to grant relief, as the cellars contain water and are in an unsanitary condition.

Health Inspector Kuehles visited said premises and found that there was no sewer in the street and water in the cellars.

Commissioner Hoyt moved the Board request the Common Council to have an ordinance prepared for the constructing of a sewer on Seward street.

I certify that the above is a true copy from the minutes.
 GEORGE BELKNAP, Clerk.

Ordered received, filed and published, and referred to Surveyor for ordinance.

By the Clerk—

LOCAL IMPROVEMENT ASSESSMENTS.

By Ald. Cook—Whereas, The City Treasurer has ascertained and reported the entire and aggregate expense of and connected with the several following improvements, including any and all interest that the city has paid or has or shall become liable to pay upon account of any and all orders or notes issued by the city to pay the expenses of such improvements respectively ad-

justed by the Common Council as thus reported, and the respective portions or parts of the city on which the said expenses are hereby directed to be assessed and which this Common Council deems to be benefited by the improvements respectively, are as stated and described in the final ordinances relative to the improvements, respectively, and that the names and expenses of the improvements thus to be assessed are as follows, viz:

Ord. No.	Improvement.	Expense.
4,544	Parsell's avenue plank walk.....	\$ 252 40
4,550	Alden street plankwalk.....	43 41
4,556	Troup street flag walk.....	54 32
4,549	Benton street grading and walk.....	386 42
4,530	Boulevard grading.....	1,628 62
4,554	Fourth street pipe sewer.....	93 90
4,548	Harvest street pipe sewer.....	734 66
4,503	Boulevard pipe sewer.....	1,268 10
4,401	Merriman-st. im. and sewer.....	10,716 73

And it is further determined that the taxpayers to be assessed for making the foregoing improvements must pay their assessments within thirty days from the first publication of the advertisement of the notice of the Assessment Roll by the City Treasurer.

And it is further determined that the taxpayer to be assessed for making the following improvements, viz.:

Ord. No.	Improvement.	Expense.
4,195	Colvin and Maple-st. stone sewer	\$43,459 49
4,543	Plymouth avenue pipe sewer.....	2,835 47
4,445	Merriman street brick im.	3,145 42

May pay their assessments in three equal payments as follows:

One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer one-third within one year from the confirmation of such roll, and the remaining one-third within two years from the confirmation of such roll. On all sums paid prior to the maturity of said last installment, a discount will be allowed at the rate of 6 per cent per annum.

And the Assessors of said city, if they are not interested in any of the property within the part or portion of the city deemed to be benefited, and directed to be assessed, as aforesaid, or if any two of said assessors are not interested, then such two are hereby directed to make assessments upon all the lots and parcels of land within the portion or parts of the city above designated and directed to be assessed, of the amounts of expenses of such improvements, respectively, in proportion, as nearly as may be, to the advantage which the said lots and parcels of lands within the respective territories to be thus assessed for such improvements shall be deemed to receive by the making of the said improvements.

Adopted by the following vote:

Ayes—Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, A. G. Cook, Pauckner, Kelly, Aikenhead, Shmelink, Lewis, Forsyth, Bierbrauer.

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, April 12th, 1892.

To the Common Council:

GENTLEMEN—The Executive Board requests that your honorable body will take some means to stop if not lessen the annoyance and frequently the serious mistakes that result from having two or more streets bearing the same name. The list which follows embraces, as may be observed, the names of streets located in entirely opposite parts of the city, as Linden and North Linden, which are in the extreme north and south ends of Rochester, one part of Alexander street which is cut off from the other sections of the street by private property; Dean and other streets which are separated by an impassable and permanent barrier in the elevated tracks of the New York Central railroad; and such ridiculous distinctions as Smith Alley and Smith's Alley.

It needs no argument to prove how confusing it is in transaction of the city's business as well as necessary for public convenience and to avoid errors of record, to discontinue duplicating the names of streets and alleys, and cause those already in such condition to be designated by some other than those they now wear, which may be done without danger that they will not smell just as sweet.

Respectfully,

THOMAS J. NEVILLE, Clerk.

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, N. Y., April 12, 1892.

To the Common Council:

GENTLEMEN: The Executive Board to whom was referred the matter of the acceptance of certain streets would report that they have examined the following named streets and recommend them as in condition suitable for acceptance as public highways, all requirements having been fulfilled:

Goodman Park, Gorsline Park, Fountain street, Federal street, Sidney street, Quincy street, Kingston street, Arch street.

Respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Zimmer—

Resolved, That the dedication of the above mentioned streets, as mentioned in the foregoing communication of the Executive Board be, and the same hereby is, accepted, and the City Clerk is hereby directed to enter the names of said streets in the public street registry kept by him and said Executive Board is hereby instructed to place the usual street signs, where needed at the corners of said streets.

Adopted.

By the Clerk—

OFFICE OF EXECUTIVE BOARD,
ROCHESTER, N. Y., April 11, 1892.

To the Honorable Common Council :

GENTLEMEN: The Executive Board directs me to transmit to you herewith the proposal of Watson A. Brown, of this city, for the sale to the city for the sum of \$27,440, of a farm of about 280 acres having a frontage of nearly one mile on the west side of Henlock Lake. The proposal contemplates the sale of the entire property, whereas it would be desirable for the city to acquire the title to only a comparatively narrow strip of land adjacent to the water's edge for the better conservation of the purity of the lake. From recent conversation with Mr. Brown, it is probable that he will enter into negotiations with the proper municipal authorities for the sale of such a marginal strip of land alone; and inasmuch as these negotiations must necessarily be conducted by the proper committee of your honorable body, the matter is accordingly laid before you for reference to such committee, with whom the Executive Board will be glad to confer respecting the advisability of such purchase.

Respectfully submitted,
THOMAS J. NEVILLE,
Clerk.

Said assessment to be payable with the regular city taxes and upon collection to be paid over by the City Treasurer to William N. Cogswell, Treasurer of said Association. Referred to Assessors.

By Ald. Adams—

To the Honorable, the Common Council of the City of Rochester :

We, the undersigned, taxpayers of the city of Rochester, recognizing the necessity for a public market for the city, and believing that such a market, properly located, will be of incalculable benefit to the whole city, and a special convenience to the residents of every portion of the city, and further believing that the Genesee river between a point south of Mortimer street on the one side and Exchange Place on the other side, and extending north to Andrew street, affords the most convenient and advantageous location that can be found, by bridging and building the market over the river, and so connecting the east and the west sides of the city, the greatest convenience is afforded, and we think the desira-

bility of the location is beyond question; we therefore petition your honorable body accordingly.

AN ACT to authorize and provide for the construction of a sewer in the Tenth, Fifteenth and Twentieth wards of the City of Rochester, and in the Town of Gates, in the County of Monroe.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Upon the presentation of a petition, duly verified by five or more freeholders in the Tenth, Fifteenth and Twentieth wards of the City of Rochester, or in the Town of Gates, in the County of Monroe, to the County Court of Monroe County, praying for the appointment of a commission to ascertain and report whether a sewer, upon substantially the following route, namely, beginning at the intersection of the Buffalo road and Field street; thence running east on said Buffalo road and West avenue to Kossuth street; thence north to Maple street; thence to Deep Hollow creek; thence through and along Deep Hollow creek to, and into the Genesee river is necessary for the protection of the public health, the said County Court shall appoint a commission of three persons, who shall be residents and freeholders in said county, to hear and determine whether it is necessary for the public health that such sewer be constructed.

Sec. 2. The said commissioners shall, before they enter upon the duties of their office, make and file an oath with the clerk of said county, that they will faithfully discharge the duties of their office, according to the best of their knowledge and ability. A majority of the commissioners present at any meeting, of which all have had notice, may exercise the power of the commission. The said commissioners shall proceed, by personal view of the land and otherwise, to determine whether it is necessary for the public health that such sewer shall be con-

structed. They shall appoint a time and place for the first hearing of proofs and taking of evidence, touching the necessity for such sewer, and of which public notice shall be given, for at least ten days, in two of the daily newspapers published in the City of Rochester. Such hearing may be adjourned from time to time as is necessary, and at any of such hearings any person interested may appear and give evidence bearing upon the question, whether said sewer is necessary for the protection of the public health. After having heard the proofs and allegations produced before them, the said commissioners shall with all convenient speed, file in the office of the county clerk of said county, their determination, signed by them, or by a majority of them, if they do not all concur, as to the necessity of such sewer for the protection of the public health, together with the proofs, or evidence taken by them. Notice of their determination, and the time of filing of the same, shall be published in at least two of the daily newspapers of the City of Rochester.

Sec. 3. Anybody feeling aggrieved by the determination of the commissioners, that said sewer is necessary for the protection of the public health, if such shall be their determination, may appeal from such determination to the County Court, by giving written notice of such appeal to said commissioners within ten days after such determination shall have been filed in the office of the clerk of said county, and notice thereof published as aforesaid. In case an appeal is taken from such determination, the said court shall, upon motion of any party, on at least ten days notice given in writing to the party appealing, or by the party appealing to said commissioners, proceed to hear said appeal upon the report of said commissioners, and the proofs and evidence filed by them. If no appeal is taken from the determination of said commissioners, as herein provided, or if an appeal is taken and the decision of said commissioners is sustained by said court an order shall be entered in said court confirming said report, and a certified copy thereof attached to said report, which shall be filed and preserved as a judgment-roll in the matter of such proceeding. If the commissioners shall report that such sewer is not necessary for the public health, no further proceedings shall be had thereon. The attendance of witnesses in such proceeding, before such commissioners, may be compelled as in civil actions in the County Court, with like fees. The commissioners shall be entitled to five dollars a day for the time necessarily spent in the hearing and determination of such matter.

Sec. 4. If said commissioners shall report that such sewer is necessary for the public health, and such report shall be confirmed by the County Court of said county, said court shall thereupon, upon the application of the City Attorney of the City of Rochester or of any other person to have an interest in the matter of said sewer, appoint three persons, residents within the County of Monroe, residing in the City of Rochester, or in the Town of Gates, one of whom shall be an attorney at law, as commissioners of sewerage under this act; and the persons so appointed are authorized and empowered to lay out and construct a sewer of such dimensions and of such material, and in such manner, as in their judgment, shall be proper, between the points and upon, substantially, the route above specified. Said commissioners shall be known as commissioners of sewerage for the Tenth, Fifteenth and Twentieth wards in the City of Rochester, and the Town of Gates. They shall, before they enter upon the duties of their office, make and file an oath of office, with the county clerk of the County of Monroe, that they will faithfully discharge the duties of their office to the best of their knowledge and ability. A majority of the commissioners present at any meeting, of which all shall have notice, may exercise the

powers of the commission. They shall with all convenient speed, after qualifying as herein provided, meet and organize by appointing one of their members chairman, and treasurer and one secretary of the commission. Any two of the said offices may be held by the same person. The treasurer shall, during the continuance of said commission, collect and be the custodian of all moneys to be collected or received by the commissioners under the provisions of this act, and he shall pay out the moneys so received only upon the orders of the commissioners, signed by at least two of their number. The treasurer shall before he proceeds to collect any of the moneys, give a bond to the people of the state of New York in such an amount and in such sureties as shall be approved by a justice of the Supreme Court in the seventh judicial district, or by the county judge of Monroe county, conditioned for the faithful performance of the duties of his office, and file the same in said clerk's office. Any person may apply to any justice of the Supreme Court of said district, or to the judge of Monroe county, upon an affidavit showing the necessity therefor, for an order requiring said treasurer to show cause why an additional bond should not be filed, and upon the service of such order on said treasurer he shall not collect any more money until said justice or judge shall determine upon such application. Said judge or justice shall have the right to require such additional bond as to him shall seem necessary. Said justice or judge may accept a bond, guaranteed by some duly incorporated guarantee company, as a compliance with this statute. Said county judge of Monroe county may, at any time, upon application of the City Attorney of said city, or any person interested in the matter, remove said commissioners, or either of them, or any of their successors, for cause shown, after an opportunity shall have been afforded to the commissioner or commissioners sought to be removed, to answer such charges; and may also, at any time supply any vacancy in such commission, occasioned by death, resignation or otherwise.

Sec. 5. Said commissioners shall proceed, by personal review of the lands and otherwise, to determine the exact course of said sewer; and the lands through which the same shall be constructed; and the several parcels of land to be benefited thereby; and they shall cause an accurate survey of all such lands, and a map thereof shall be made, showing the course and extent of said sewer, as determined by them; and showing the several parcels of land that are proposed to be drained, and the several parcels or tracts determined by them to be benefited by such drainage, together with the names of the owners or occupants thereof, so far as the same with reasonable diligence can be ascertained by them; and the size of said sewer proposed to be constructed, and which they shall determine to be necessary for the drainage and sewerage of such lands; and are hereby authorized and empowered to employ a competent civil engineer with such assistants as shall be deemed necessary to act as such in such determination, and said commissioners and said civil engineer and his assistants are authorized and empowered to enter upon any and all of the lands deemed necessary by said commissioners, and to survey the same and take levels thereof, and to do all things necessary for the construction of such sewer, as they shall deem necessary for the drainage and sewerage of the land so surveyed by them.

Sec. 6. The said commissioners shall, upon the completion of said survey, and before the construction of said sewer, cause said map to be certified by them, with a statement written thereon, signed by them, or a majority of them, that they have determined that the sewer laid out upon said map, is necessary to drain and sewer the lands specified thereon, and should be constructed in or through such lands as necessary for the public health, to be

filed in the office of the clerk of the county of Monroe; and all lands, easements, rights of way, in, through or over the same, acquired under the terms of this act, shall be deemed and taken for public use, and for the benefit of the public health; said map, or a certified copy thereof, may be used in evidence in any suit or proceeding in this state. For the purpose of this act said commissioners may use and occupy any of the streets, highways, alleys, or other public places in said wards or town, and they may take and appropriate such lands and such real estate as they may deem proper for such purpose. In case said commissioners shall be unable to agree with the owner or owners of any lands or real estate taken by them for the purposes aforesaid, or any right or easement therein upon the compensation or damage to be paid therefor, they may apply to the Supreme Court, under the condemnation law, for the acquirement of such lands, easements or rights of way.

Sec. 7. Said commissioners shall, before entering upon the construction of said sewer, ascertain and determine, as nearly as may be, the cost and expense thereof, including damages and compensation to be made for lands or right of way taken, which statement shall be verified by said commissioners, or a majority of them, and shall apportion the cost so ascertained upon the several tracts or parcels of land included in said map, situate and being within the wards of the City of Rochester, or the Town of Gates, in the County of Monroe, and the owners or occupants thereof, if ascertained, as they shall deem to be benefited by such sewer, in proportion to the amount of benefit which each shall be deemed by said commissioners to receive therefrom. Such apportionment shall be in the usual form of an assessment-roll, and shall specify the names of the owners or occupants of the lots or parcels of land intended to be assessed, if known, or shall describe said lots and parcels of land by any description that shall fairly distinguish the same, without reference to the owners or occupants. After such assessment shall have been completed, the said commissioners shall meet at some place designated by them in the City of Rochester, to hear the allegations and objections of all persons interested in the assessment, of which at least ten days previous notice shall be given, in at least two daily newspapers published in said city. The said commissioners shall, at the time and place specified in said notice, and for a period of one week from such time, hear the allegations and objections of said persons interested in said lands as shall appear before them. Said assessment-roll shall there be open to the examination and inspection of all persons interested, between the hours of nine and twelve in the morning and two and four in the afternoon, from and after the first publication of said notice until the last day for hearing allegations in reference thereto. After such allegations are closed said commissioners shall proceed to review said assessment, and are hereby authorized to make such corrections therein as they may deem proper, and may decrease, or increase any assessment made by them to such an amount as to them shall seem fair and equitable; and when said review shall be completed by said commission, the same shall be verified by the oath of the commissioners by whom it is made, to the effect that the same is in all respects just and true to the best of their judgment and belief. When such assessment-roll shall be completed as revised, the same, or a copy thereof shall be filed with the county clerk of Monroe county, and from the time of such filing, shall be and remain a lien and charge upon the lands against which it is made until fully paid, or otherwise discharged; and shall also create a personal obligation or liability against the person assessed, and who is the owner of any lot, to pay said commissioners the amount of such assessment for the collection of which, together with interest, cost and

expenses, said commissioners may maintain in their name as commissioners, an action in court of competent jurisdiction, in addition to any other remedies herein provided for the collection thereof. Such assessment shall be made payable in three equal payments; one-third within thirty days, one-third within one year, and one-third within two years from the time when said roll shall be filed with said clerk as aforesaid, and notice thereof given as hereinbefore provided. Notice of the filing of such completed assessment-roll, and of the place where the assessments levied therein are payable, shall be published at least five times in two of the daily newspapers of the City of Rochester, immediately after the filing of such roll. Any person who is assessed, as hereinbefore provided, may, within the thirty days, before any installment shall become due, pay the amount of said installment without any fees for the collection thereof; and any person may within the thirty days before the first installment becomes due, pay the whole amount of such assessment, and upon such payment shall be entitled to a rebate or discount of the second and third installments at the rate of 6 per cent. per annum, for the period between the date of payment and the date of maturity of such installment. At the expiration of the said thirty days from the time of filing such revised assessment-roll, the said commissioners may issue their warrant for the collection of any installment of such assessment then remaining unpaid and due, together with interest thereon, at the rate of 6 per cent. per annum, together with five per cent. as fees for the collection of the same, which warrant may be issued to any collector or collectors appointed by said commissioners to collect such assessment, and shall be returned in not less than thirty days from the date of the issue of the same. Such collector or collectors shall proceed to collect such assessments in the manner provided by law for the collection of taxes in the City of Rochester, and shall, upon the return day of said warrant, return the same to said commissioners, with their proceedings thereon.

Sec. 8. In case any assessment is returned by said collector or collectors, as uncollected, the said commissioners shall proceed to make a proper description of the land on which such unpaid assessments are laid, and cause a notice of such assessments and description of the several parcels of land upon which the same are laid, to be published twice a week for six successive weeks, in two or more of the daily newspapers published in said city of Rochester, together with a notice that if the said assessments, the interest and fees thereon, are not paid, with the expense of advertising, on or before a day to be named therein, which shall not be less than six weeks from the first publication thereof, the lands so described will be sold at public auction on the day and hour and at the place named in said notice, to the person or persons who will take them for the shortest period of time and pay the assessment and expense incurred thereon, respectively, with interest. On the day designated, or such other day to which the said sale may be adjourned, the said premises shall be so sold, and the said commissioners on receiving the amount of said assessment, fees, interest and expense, shall give to the purchaser or purchasers thereof, a certificate of such sale, duly acknowledged, which certificate shall be presumptive evidence of all the facts stated therein, and may be recorded in the clerk's office of Monroe County, as the evidence of mortgaged sales, is authorized to be recorded. If at such sale, no bid to the amount of the assessment thereon and expense of sale shall be made for any such parcel of land, the same shall be struck off to said commissioners as such, and they shall make a memorandum of the fact that the land was so struck off, in a book to be kept by them for that purpose,

and wherever any such lands have been struck off to such commissioners, they shall as such commissioners, acquire a title to such lands in fee, clear of claim or demand from any owner thereof, or any person having any lien thereon, or interest therein, except the county of Monroe and the City of Rochester, for any unpaid tax or assessment, unless the same shall be redeemed as hereinafter provided.

Sec. 9. The owner, mortgagee, occupant, or any other person interested in and entitled to redeem lands sold on execution, may at any time within one year from the date of such sale, redeem the land so sold, as provided for in this act, by paying to the purchaser at such sale, or to the treasurer of said commission, for his or their use, the said purchase money, with ten per cent. in addition thereto; and a certificate of said treasurer stating the payment and showing what land the payment is intended to redeem, shall be evidence of such redemption, and may be filed in the county clerk's office of Monroe county. The same proceedings may be had upon the coming due of any installment of said assessment, after the first, as herein provided for, in case of such first installment.

Sec. 10. Said sewer shall be constructed by contract, and said commissioners are hereby authorized and empowered to make all necessary contracts therefor; and a contract for the construction of the same in such sections or parts as they shall determine. All contracts where the price or amount shall exceed one hundred dollars shall be made only after advertising for and receiving proposals as hereinafter specified. Such advertisement shall be published for ten days in at least two daily newspapers published in the City of Rochester. Said commissioners shall have the power to reject all bids or proposals, if, in their judgment, it is expedient so to do, and may further advertise for proposals as often as they shall deem necessary. They shall require any and all persons with whom they contract, as aforesaid, for the construction of said sewer, or any part thereof, to give sufficient security, to be approved by said commissioners in double the amount of the contract price, conditioned for the faithful performance of the said contract, and with the further condition that the said contractor will pay all damages and expenses incurred by any person, association or corporation, by reason of the default, or wrongful or negligent act of said contractor, his agents or servants, in or about the execution of his contract; and promptly restore to its former condition the surface of any highway, street or other place necessarily excavated or obstructed in the execution of his contract; and pay or cause to be paid the wages and compensation of all laborers who shall be employed in working on or about the improvements mentioned in said contract. Actions on such bond or undertaking may be brought by or in the name of a laborer or laborers claiming to be secured thereby, or his or their assignee; and separate actions may be brought by each and any number of such laborers or their assignees. No action or proceedings, however, shall be commenced upon such bond or undertaking after six months from the date when the cause of action accrued.

Sec. 11. Such commissioners are hereby authorized and empowered to issue, as such commissioners, certificates of evidence of indebtedness, bearing interest at the rate of 6 per cent. per annum, in payment of any lands, easements, rights of way, work, materials, or other expenses which shall have been incurred in or about the construction of said sewer, which certificates or evidence of indebtedness shall be receivable in payment of such assessments at their face value with accrued interest.

Sec. 12. In case the said commissioners shall at any time determine that the amount levied and collected by the assessment hereinbefore provided for, is insufficient to defray the ex-

pense of completing said sewer, and said commissioners record in their proceedings a resolution to that effect, specifying the amount, in their opinion, of such deficiency, the said commissioners are authorized to levy a further assessment or assessments from time to time, as shall be necessary to defray such expenses, the proceedings in reference to which shall be in all respects, as far as practicable, the same as hereinbefore provided for in the first or original assessment.

Sec. 13. In case such commissioners shall deem it necessary to raise funds for the construction of said sewer, before the assessment hereinbefore provided for can be made and collected, the said commissioners are hereby empowered from time to time to borrow so much money as, in their opinion, may be necessary therefor, and to issue evidence of indebtedness in such sums and form as they may deem proper, bearing interest at the rate of 6 per cent. per annum, payable semi-annually, the principal thereof payable in not more than ten years. Such certificates of indebtedness shall be negotiable by delivery, and shall be receivable in payment of any assessment levied by such commissioners; and the interest thereon shall be assessed as a part of the expense, in the construction of said sewer.

Sec. 14. Said commissioners shall keep a record of their proceedings in a book or books to be provided for that purpose, and shall also keep an account in proper account books, of all moneys collected or disbursed by them.

Sec. 15. Neither of the commissioners appointed by or under the provisions of this act, shall be liable personally upon any contract made, or certificate of indebtedness issued by him or them, as such commissioner or commissioners, nor for any act done by him or them, under the provisions of this act, unless such act shall be willful and intentional wrong on his part.

Sec. 16. The commissioners appointed by, and under this act, shall for each day actually and necessarily spent by them in the performance of their duties as such commissioners, receive the following compensation; the commissioner who is a lawyer ten dollars, and the others five dollars; and in no case shall the annual compensation of any commissioner exceed, for the commissioner who is a lawyer, two thousand four hundred dollars, and the commissioners who are not, one thousand two hundred dollars each. No commissioner shall be directly or indirectly interested in any contract with reference to the construction of said sewer, as principal, surety or otherwise, except as such commissioner.

Sec. 17. In case any assessment shall remain unpaid on account of any irregularity, omission or error in any of the proceedings relating thereto, or in case of error in the description of the lands, or the designation of the owner or occupants said commissioners shall proceed to correct such irregularity, omission or error in such assessment-roll when discovered, and such correction shall have the same effect as if the assessment had originally been properly made.

Sec. 18. The commissioners in this act first provided for, shall be entitled to receive five dollars per day for each day spent in the discharge of their duties, which shall be paid by the party taking up their report, and if their report is, that such sewer is necessary for the public health, their fees and the expenses of the witnesses attending before them, shall be reported by them to the commissioners secondly provided for herein, and shall be levied and collected as a part of the expense of constructing the sewer herein provided for.

Sec. 19. The compensation of the commissioners herein secondly provided for; of the engineers and their assistants employed to make the surveys and maps; all expenses for necessary clerical force and stationery; for advertising and all other expenses necessarily in-

curring in carrying into effect the provisions of this act, shall be deemed a part of the expense for the construction of said sewer, and shall be collected by assessment, as hereinbefore provided.

Sec. 20. Upon the completion of said sewer, the said commissioners shall file with the clerk of the City of Rochester, the record of their proceedings, together with their books of account, and all contracts and other papers relating thereto, which shall be kept by said clerk as a part of the records of said City of Rochester; and copies of the same certified by said clerk shall be prima facie evidence thereof in all courts and places. They shall turn over to the Treasurer of the City of Rochester, all moneys on hand and uncollected assessments, and he shall from and after that time discharge all duties and possess all powers imposed upon or vested in the treasurer of said commission by virtue of the provisions of this act.

Sec. 21. The sewer provided for by this act, after its completion shall, as to the portion thereof within the limits of the city of Rochester, be under the charge of the Executive Board of said city, or its successor, and the portion in the town aforesaid, shall be under the charge of the supervisor and commissioner of highways thereof; and it shall be lawful for such Executive Board, or said supervisor and commissioner to authorize the introduction into said sewer of lateral sewers and drains, for the purpose of draining any part of said city or town. While the work of constructing said sewer is in progress, the said commissioners may allow lateral sewers or drains to be constructed therewith, upon such terms and subject to such regulations as they shall provide.

Sec. 22. Chapter one hundred and fourteen of the laws of eighteen hundred and ninety-one, entitled "An act to authorize and provide for the construction of a sewer, drain and ditch in the Ninth and Fifteenth wards of the City of Rochester, and in the Towns of Gates and Chili, in the County of Monroe," is hereby repealed.

Sec. 23. This act shall take effect immediately.

Received, filed and published.

By Ald Wurtz—Resolved, That this Common Council approves of Senate Bill No. 792, "To authorize and provide for the construction of a sewer in the tenth, fifteenth and twentieth wards of the city of Rochester, and in the town of Gates, in the County of Monroe," and hereby requests the Senator and Assemblyman, representing the city to cause said bill to be passed by the Legislature, and approval by the Governor, at this session of the legislature.

Adopted by the following vote.

Ayes—Ald. Tracy, McMillan, Calihan, Zimmer, C. S. Cook, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer.—19.

By Ald. Dewey. Resolved that the city surveyor be, and he hereby is instructed to prepare an ordinance for a sewer on Monroe Ave. from Averill Park to Meigs st.

By Ald. Dewey—Resolved, That the City Treasurer be, and he hereby is, authorized to make the city's note for nineteen hundred (\$1,900) dollars, and procure the same to be discounted, under the direction of the Finance Committee, to be countersigned by the Chairman of the Finance Committee, and credit the proceeds thereof to the fund for opening a street from Meigs street to Averill avenue in the City of Rochester, under Final Ordinance No. 4,448; the discount thereon to be charged to the Contingent Fund, and transferred to said fund for the opening of said street, when said fund shall have been created.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston,

Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—20.

By Ald. Pauckner—Whereas, Clarissa street bridge as a part of an important thoroughfare, has been rendered useless for public travel because of the destruction of the western span of the structure, and,

Whereas, The long distance between Court street bridge and Clarissa street bridge is so great that the deprivation of the use of the latter is a matter of serious inconvenience and loss of time to all the people residing in the southerly section of the city as well as to the citizens generally whose business or duty demands their presence in that locality, therefore,

Resolved, That the City Surveyor be, and he is hereby instructed to make plans and estimates for a temporary foot bridge connecting the existing spans of the bridge with the western abutment and report the same at the next meeting of this board.

Adopted.

By Alderman Pauckner—

Resolved, That the City Surveyor be, and he is hereby instructed to prepare an ordinance for the construction of a suitable iron bridge over the Genesee river at Clarissa street.

Adopted.

Ald. Pauckner presented a petition for the dedication of Shepard street, Rosedale avenue, Alliance avenue, Rosedale place and Adelaide park. Referred to Executive Board.

Ald. Aikenhead presented a petition for a Portland cement walk 5 ft. in width on Weld street from North avenue to North Union street, except where a good cement or flag walk now exists. Referred to Surveyor to prepare an ordinance.

Ald. Lewis presented a petition for the dedication of Federal street, Quincey street, Arch street and Kingston street. Referred to Executive Board.

By Ald. Forsyth—

Resolved, That the City Surveyor be, and he hereby is instructed to prepare an ordinance for the extension of a water main on Plymouth avenue from Brooks avenue south to a point opposite the state dam in the Genesee river.

Adopted.

By Ald. Forsyth—

REPORT OF STANDING COMMITTEES.

By Ald. Lewis—
To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN: YOUR Finance Committee to which was referred the proposed bill for the issuing of the city's bonds for bridge purposes, respectfully reports:

The committee has carefully considered the proposed bill and has conferred with numerous citizens, and has unanimously concluded that a bill should be passed at once and that the sum of \$150,000 should be inserted in said bill in place of the sum of \$300,000.

The committee is led to this conclusion by the conviction that a larger portion of the expense of the construction of such bridges should be borne by local assessment upon the territory immediately adjacent to said bridges.

It would seem to the members of the committee that bridges must be constructed at once, and while not committing themselves to any plan or theory of assessment, at this time,

they are of opinion that the necessary authority should be procured at once, and therefore respectfully recommend the approval of the said bill amended as heretofore indicated.

All of which is respectfully submitted.

MERTON E. LEWIS,
 MAHLON B. ADAMS,
 HENRY G. COOK,
 ALVIN H. DEWEY,
 J. MILLER KELLY,
 T. McMILLAN.

Finance Committee.

Ordered received, filed and published.

By Ald. Lewis—

AN ACT to authorize the City of Rochester to issue bonds for the purpose of repairing, reconstructing or constructing bridges across the Genesee river in the city of Rochester.

The people of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The Common Council of the city of Rochester may, from time to time hereafter, whenever deemed necessary by it for the purpose of repairing, reconstructing or constructing the bridges commonly known as the Clarissa street bridge, Andrews street bridge and Court street bridge over the Genesee river within said city, or any one or more of them, authorize the city treasurer to issue the bonds of the said city to the amount, not exceeding, in the aggregate, the sum of \$150,000, running for a period not exceeding thirty years, and bearing a rate of interest not greater than will be sufficient to effect a sale of such bonds at par. Said bonds, when issued, shall be countersigned by the mayor and the president of the Common Council, and may be made redeemable at any time after fifteen years from the issue thereof, as may be determined by the Common Council at or before the time of the issue of the same, and a complete record shall be made and kept by said treasurer of said bonds, including the dates and amounts, and the respective dates of maturity thereof, and to whom issued, if registered.

Section 2. The several banks of the city of Rochester, including the savings banks and the Rochester Trust and Safe Deposit Company, are hereby authorized to receive and keep on deposit any moneys raised by the sale, or for the payment, of said bonds, and to pay on such deposit the same rate of interest as that of the bonds of which such deposits are the proceeds respectively, and each and every bank receiving such deposits, as aforesaid, shall execute and give to said city a bond, with sufficient sureties, conditioned to save said city, harmless of and from any loss by reason of such deposits: said bonds to be approved by the mayor as to their amount and sufficiency, and by the city attorney as to the form thereof.

Section 3. Said Common Council may, for the purpose of paying any of the bonds issued under the provisions of this act, in addition to any sum or sums of money now or hereafter permitted to be raised by law, with the general taxes of said city, raise annually a sum of money, not exceeding six thousand dollars, for the creation of a sinking fund for the payment of said bonds, which sum shall, on the first day of September next after the addition of the same to any city tax, be deposited by said treasurer in one or more of the above named banking institutions within said city, in proportion as may be determined by said Common Council, and such sums, after being so deposited, shall not be withdrawn, except by resolution of said Common Council, approved by the mayor, and then only for the purposes of the payment of any of said bonds.

Section 4. This act shall take effect immediately.

Ordered received, filed and published.

By Ald. Lewis—Whereas, By reason of the falling into the river of a part of Clarissa street bridge, and the dangerous condition of Court street bridge and Andrews street bridge, in the city of Rochester, it has made it of the utmost

importance to provide means for the immediate construction or repair of these bridges, to accommodate the public and citizens of Rochester, therefore be it,

Resolved, That the senator and member of assembly representing the city of Rochester in the legislature at Albany, be, and they hereby are, requested to introduce the proposed bill above set forth, and urge its immediate passage.

Adopted by the following vote:

Ayes—Ald. McMillan, C. S. Cook, Zimmer, Adams, Lempert, Fox, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Lewis, Forsyth, Bierbrauer—15.

Nays—None.

Alderman Lewis moved that the President appoint a committee of two members of the Board to go to Albany and urge the adoption of such bill by the legislature.

Adopted.

The President appointed Aids. Lewis and Tracy as such committee.

On motion of Ald. Lewis the Board adjourned.

HENRY W. GREGG, City Clerk.

In Common Council—April 19, 1892.

REGULAR MEETING.

Ald. Thomas McMillan, President of the Board, presiding.

Present—Aids. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, H. G. Cook, Pauckner, Kelly, Aikenhead, Lewis, Forsyth, Bierbrauer—18.

REPORTS OF STANDING COMMITTEES.

By Ald. Cook—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN: Your Assessment Committee beg leave to report upon the various matters referred to it, as follows:

In the matter of the petition of Stephen Rauber, as Executor, praying for relief from the payment of interest upon an unpaid city tax for 1876, upon lot 7 of the Huntington tract, on the south side of Huntington street, and also from interest on an assessment for North avenue outlet sewer on said lot 7, we recommend that the petitioner be allowed to pay said city tax for 1876, with the costs and expenses of sale, and the said assessment, at 6 per cent. interest from the time said tax and assessment became due and payable down to December 1st, 1889, and that the payment of said tax, etc. and assessment, with interest at 6 per cent. be accepted in full of said tax and assessment and interest, provided said payment be made within thirty days from the presentation of this report.

Respectfully submitted,

HENRY G. COOK,
JAMES JOHNSTON,
C. W. ZIMMER,
JOS. BIERBRAUER,
Assessment Committee.

Dated, Rochester, April 19, 1892.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

MONROE COUNTY COURT.—In the Matter of the widening of Lake Avenue Park from Lake avenue to the Boulevard in the City of Rochester.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—The undersigned, who were appointed by an order of the Monroe County Court, duly granted on the 29th day of February 1892, and duly entered on the 4th day of March 1892, commissioners to inquire into and determine what damages and compensation the owner or owners, tenants or occupants, of the lands and building to be taken for the widening of Lake Avenue Park, from Lake avenue to the Boulevard in the City of Rochester, will be entitled to for the same, respectfully report and certify the several pieces and parcels of land, and the premises to be taken for such improvement, the names, residences, and the rights of the owners thereof, and their award of damages, as incident to the widening of said street, as follows:

The several pieces or parcels of land required for such purpose, and necessary for the widening of said street, are described as follows, reference being also had to a map of said widening, filed in the clerk's office of the City of Rochester, N. Y.:

Parcel No. 1.—All that tract or parcel of land situated in the City of Rochester, County of Monroe and State of New York, bounded and described as follows: Being a strip of land 24 feet in width off the south side of lots numbers 2 and 6 of the Lake Avenue Park Building Lot Association Tract as said lot appears on a map of said tract filed in Monroe County Clerk's office, July 19, 1875 in Liber 1 of Maps at page 94; said strip of land being about 248 1-2 feet in length on the north side of Lake Avenue Park and being part of the premises conveyed to Olindus F. Kendall by Alphonso Collins and wife, by deed dated November 8, 1880, and recorded in said clerk's office in Liber 335 of Deeds at page 151.

These premises are owned by said Olindus F. Kendall who resides in Boston, Mass.

Parcel No. 2.—All that tract or parcel of land situated in the city, county and state aforesaid, bounded and described as follows: being a strip of land 24 feet in width off the south side of lot number 8 of the Lake Avenue Park Building Association Tract as said lot appears on a map of said tract filed in Monroe County Clerk's office July 29, 1875, in Liber 1 of Maps at page 94; said strip being 50 feet in length and being part of the premises conveyed to Elizabeth Williamson by Alphonso Collins and wife, by deed dated July 2, 1880, and recorded in said clerk's office in Liber 335 of Deeds at page 67.

These premises are owned by Elizabeth Williamson who resides in Rochester, N. Y.

Parcel No. 3.—All that tract or parcel of land situated in the city, county and state aforesaid bounded and described as follows: Being a strip of land 24 feet in width off the south side of lot number 10 of the Lake Ave-

nue Park Building Lot Association Tract, as said lot appears on a map of said tract, filed in Monroe County Clerk's office July 29, 1875, in Liber 1 of Maps at page 94; said strip being 50 feet in length on the north side of Lake Avenue Park and being part of the premises conveyed to Frank G. Smith by Henrietta Goetchins by deed dated February 28, 1891, and recorded in said clerk's office in Liber 489 of Deeds at page 176.

The premises are owned by said Frank G. Smith who is unmarried, and who resides at Rochester, N. Y.

Parcel No. 4.—All that tract or parcel of land situated in the city, county and state aforesaid bounded and described as follows: Being a strip of land 24 feet in width off the south side of lots numbers 12 and 14 of the Lake Avenue Park Building Lot Association Tract, as said lots appear on the map of said tract, filed in Monroe County Clerk's office July 29, 1875, in Liber 1 of Maps at page 94; said strip being 100 feet in length and being on the north side of Lake Avenue Park, and being part of the premises conveyed to Robert J. Donnelly, Jr., by Alphonso Collins and wife by deed dated September 17, 1880 and recorded in said clerk's office in Liber 335 of Deeds at page 124 and devised by said Donnelly to Anna Donnelly by his last will and testament recorded in said clerk's office.

These premises are owned by said Anna Donnelly who resides at Rochester, N. Y., and are subject to three several mortgages; one for \$727 given to said Alphonso Collins, dated September 17, 1880, and recorded in said clerk's office in Liber 232 of Mortgages at page 1, and assigned by said Alphonso Collins to George H. Newell by an assignment dated February 24, 1881 and recorded in said clerk's office in Liber 28 of Assignments of Mortgages at page 294; another mortgage given to Frank G. Newell for \$500, dated November 14, 1885 and recorded the same day in said clerk's office in Liber 271 of Mortgages at page 169; a third given to George H. Newell for \$475 dated November 17, 1886 and recorded the same day in Liber 273 of Mortgages at page 481.

Parcel No. 5.—All that tract or parcel of land situated in the city, county and state aforesaid, bounded and described as follows: Being a strip of land 24 feet in width off the south side of lots numbers 16, 18, 20, 22, 24, 26, 28, and 30 of the Lake Avenue Park Building Lot Association Tract as said lots appear on a map of said tract, filed in Monroe County Clerk's office July 29, 1875, in Liber 1 of Maps at page 94; said strip being 400 feet in length and being on the north side of Lake Avenue Park and part of the premises conveyed to the Seneca Park Land Company by Alphonso Collins and wife by deed dated November 19, 1890, and recorded in said clerk's office in Liber 435 of Deeds at page 91.

These premises are owned by the Seneca Park Land Company, a domestic corporation situated at Rochester, N. Y.

Parcel No. 6.—All that tract or parcel of land situated in the city, county and state aforesaid, bounded and described as follows: Being a strip of land 24 feet in width off the south side of lot number 32 of the Lake Avenue Park Building Lot Association Tract as said lot appears on a map of said tract filed in Monroe County Clerk's office July 29, 1875, in Liber 1 of Maps at page 94; said strip being 50 feet in length on the north side of Lake Avenue Park, and part of the premises conveyed to John Brodie by Alphonso D. McMaster, Jr., by deed dated October 1, 1885 and recorded in said clerk's office in Liber 402 of Deeds at page 133.

These premises are owned by said John Brodie and Emma his wife, who reside in the City of Rochester, and are subject, however, to a mortgage given by said Alphonso D. McMaster, Jr., for \$2,100, dated October 1, 1885,

and are recorded in said clerk's office in Liber 274 of Mortgages at page 408.

Parcel No. 7.—All that tract or parcel of land situated in the city, county and state aforesaid, bounded and described as follows: Being a strip of land 24 feet in width off the south side of lots numbers 34, 36, 38, 40, 42, 44, 46, 48, 50, of the Lake Avenue Park Building Lot Association Tract as said lots appear on a map of said tract, and filed in Monroe County Clerk's office July 29, 1875, in Liber 1 of Maps at page 94; said strip being 450 feet in length and on the north side of Lake Avenue Park, and part of the premises conveyed to the Seneca Park Land Company by Alphonso Collins by deed dated December 19, 1890, and recorded in said clerk's office in Liber 485 of Deeds at page 91.

OFFICE OF
BOARD OF HEALTH, CITY HALL,
ROCHESTER, N. Y., APR. 19, 1892.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN:—This Board would respectfully ask your honorable body to place to the credit of the Health Fund the sum of (\$7,000) seven thousand dollars for the use of said Board for defraying the expenses of said department up to August 1st, 1892.

Yours respectfully,

TIMOTHY DERRICK,
For Finance Committee, Board of Health.

Ordered received, filed and published.

By Ald. Lewis—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue the city's note for the sum of seven thousand dollars, under authority of section 81, of the City Charter, said note to be discounted under the direction of the Finance Committee, and to be countersigned by the chairman of the Finance Committee, and the discount thereon to be charged to the Contin-

gent Fund and the proceeds thereof to be credited to the Health Fund.

Adopted by the following vote:
Ayes—Ald. McMillan, Callihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, H. G. Cook, Pauckner, Kelly, Aikenhead, Lewis, Forsyth, Bierbrauer—16.

By the Clerk—

CITY TREASURER'S OFFICE,
ROCHESTER, N. Y., April 18, 1892.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—The following is a statement of Lands sold for taxes for which certificates were issued to the individuals named and which were redeemed by the owners of the property on the dates given:

J. McGrath, 13th ward, lot 9, Bay street, sold March 28, 1889, for \$25.88, to W. W. Chapin; redeemed June 26, 1889.

J. B. Sweeting, 3d ward, lots 7 and 8, Spring street, sold March 28, 1889, for \$149.70, to C. C. Seymour; redeemed April 1, 1889.

J. W. Cables, 9th ward, lots 20 and 21, Ambrose street, sold March 27, 1890, for \$53.59, to W. W. Chapin; redeemed May 3, 1890.

M. Fritz, 13th ward, lot 15, Helfer street, sold March 27, 1890, for \$24.10, to C. C. Seymour; redeemed March 27, 1890.

These amounts when paid were credited to the Lands Sold Account instead of Certificates Sales Account, and the error has just been discovered.

The holders of certificates of tax sales are entitled to 12 per cent. per annum on the amounts bought in by them. I would therefore respectfully recommend that the difference between the amounts credited to Lands Sold Account and the amounts due the certificate holders at the present date be paid them and charged to Interest on Assessments.

Respectfully,

S. B. WILLIAMS, Treasurer.

Ordered received, filed and published.

By the Clerk:—

ROCHESTER, April 18, 1892.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—I beg leave to call your attention to a judgment docketed in the Monroe County Clerk's Office on the 2d day of December, 1890, in favor of John J. Heveron & Company and against the City of Rochester, for the sum of \$2,993.74 damages and \$506.83 costs.

The judgment was rendered in the action in the Supreme Court entitled Emory B. Chase, plaintiff, against the City of Rochester and others, defendants, and is an action in which execution is permitted to issue against the property real and personal of the city. The undersigned has refrained from this course believing that your Honorable Body would prefer to take the initiatory steps toward a satisfaction of this judgment. Nothing having been done, however, I take this means of calling your attention to this judgment, and to request that you take some action as soon as possible looking toward its payment and satisfaction.

Very respectfully yours,

JAMES M. E. O'GRADY.

Referred to Law Committee.

ACTION ON ORDINANCES. FIRST ORDINANCES.

PIPE SEWER IN STEWART STREET.

By Ald. Ward—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Stewart street.

Adopted.

The Surveyor submitted as such estimate, \$1,525.

By Ald. Ward—Resolved, That the following improvement is necessary, viz:

The construction of a vitrified pipe sewer, 12 inches in diameter in Stewart street, from a point 100 feet east of Carter street, to the North avenue and Finney street outlet sewer, crossing said Stewart street. Also the construction of the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations.

And Whereas, the City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$1,525, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Stewart street, from Carter street to the east lines of lots Nos. 11 and 17 of the Stewart and Vose Tract, in proportion to the benefit which each will derive therefrom.

On motion of Ald. Lewis, action on above ordinance was indefinitely postponed.

OPENING A STREET FROM REYNOLDS STREET TO JEFFERSON AVENUE.

By Ald. Simmilink—Resolved, That the following improvement is necessary, and we hereby judge that the public good requires the same to be done, viz:

The opening of a street 50 feet in width, from Reynolds street to Jefferson avenue, the center line of which shall be the north line of lots Nos. 17, 18, 19, 20, 21 and 22 of the Rapids Tract. The territory deemed necessary to be taken therefor is a strip of land 25 feet in width situated on each side of and adjoining the above described center line, and extending from Reynolds street to Jefferson avenue.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of the proposed street, from Reynolds street to Jefferson avenue, in proportion to the benefit which each will derive therefrom.

Adopted.

PIPE SEWER IN FRANKLIN SQUARE.

By Ald. Ward—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in the street on the east side of Franklin Square.

Adopted.

The Surveyor submitted as such estimate, \$675.

By Ald. Ward—Resolved, That the following improvement is necessary, viz:

The removal of the present sewer, and the construction of a vitrified pipe sewer 12 inches in diameter in the street on the east side of Franklin Square, from a point 75 feet north of Andrew street to the sewer in Clinton place. Also the construction of the necessary manholes, surface sewers, lot laterals and branches.

And Whereas, the City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$675, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of the street on the east side of Franklin Square, from Andrews street to Clinton place, except the lot on the northeast corner of said street and Clinton place, in proportion to the benefit which each will derive therefrom.

Adopted.

SWEEPING AND CLEANING HART AVENUE.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of sweeping and cleaning Hart

avenue, from St. Paul street to the east curb line of Galusha street.

Adopted.

The Surveyor submitted as such estimate, \$136.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The sweeping, cleaning and disposition of the dirt collected on Hart avenue, from St. Paul street to the east curb line of Galusha street, during the season of 1892.

And Whereas, the City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$136, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Hart avenue, from St. Paul street to the east line of Galusha street; also the lot or lots fronting the east end of said Hart avenue, in proportion to the benefit which each will derive therefrom.

Adopted.

SPRINKLING FRANK STREET (SEC. 2.)

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of sprinkling (Sec. 2) Frank street, from Center street to Jay street.

Adopted.

MISCELLANEOUS BUSINESS.

By Ald. Zimmer:
 Application of E. L. Anstett for appointment as Commissioner of Deeds.
 Referred to the Law Committee.

By Ald. Forsyth—
To the Honorable, the Common Council, of the City of Rochester:
 GENTLEMEN:—Your Law Committee begs leave to submit the following report:

In the matter of the claim of Julia A. Wichman for damages caused by the discharge of sewage upon her premises from the sewers

of the city since August 20th, 1887, has been considered by your Committee, and inasmuch as the claimant purchased the property a long period after such sewage flowed through the premises, and she bought the same with full knowledge thereof, we recommend that her claim be denied.

On the 29th day of February, 1892, a judgment was entered against the city for \$373.50, damages and costs in the case of Hugh Kelly against the city. The time for an appeal has expired, and we are advised by the City Attorney that there are no questions of law involved in the case which would warrant an appeal to the courts above, and we, therefore, recommend that said judgment be paid.

In the matter of the application of A. H. Baumer for appointment as Commissioner of Deeds, we recommend that his application be denied, upon the ground that the same does not comply with the rules of this Board.

In the matter of the claim of Anna M. Camp for damages caused by the pollution of Thomas Creek running through her premises, we find that she has begun an action against the city, asking damages from April 7th, 1886, and that she is entitled to such damages and can recover the same against the city; that a proposition of settlement has been made by her attorneys to settle the claim at the rate of sixty dollars per year, to begin on said April 7th, 1886, and we recommend that the same be accepted.

The claim of Lewis Herman for similar damage caused by the pollution of Densmore creek running through his premises, has been also considered by your Committee, and we find that he also has an action pending against the city for damages from January 11th, 1889. He has made a proposition through his attorneys, to settle said claim at the rate of one hundred dollars per year, to begin on said January 11th, 1889, and we recommend that the same be accepted.

The claim of H. C. Livingston for similar damages caused by the pollution of Densmore creek flowing through his premises, has also been considered by your Committee, and we find that an action is pending against the city for damages from January 8th, 1889, and that he is entitled to the same, and a proposition having been made to your Committee to settle the same at the rate of sixty dollars per year, we recommend that the same be accepted.

In the matter of the applications of H. L. Hilgendorf, Della A. Dugan, Jacob Spahn, J. J. Schueler, James M. Aikenhead, J. Hasweick, Charles F. Shroeder, H. J. Forrester, Henry N. Brayer, Henry V. Clark, S. D. Raynor, Robert Averill, J. F. Wilbur, H. Ethel Perrine, Dougal Bubyyear, and David W. Bruce, for appointment as Commissioners of Deeds, we recommend that the same be granted.

It has been brought to the attention of this Committee, in settling the several claims for damages caused by sewage pollution, that the present North avenue sewer empties into a ditch running from North avenue to Norton street, where the proposed East Side Trunk Sewer is to be constructed; that the contracts which have been let by the Sewer Commission cover that part of Norton street through which this ditch runs. In order to have these damages discontinued, it is necessary to extend the North avenue outlet sewer to the East Side Trunk Sewer on Norton street. This extension ought to be constructed immediately after the East Side Trunk Sewer, west of North avenue is completed. The Committee has been informed by the City Surveyor that the construction of the extension of North avenue outlet sewer can be begun immediately after the East Side Trunk sewer, west of North avenue, is completed. We, therefore, recommend that the City Surveyor

be instructed to prepare an ordinance for the construction of the extension of the North avenue outlet sewer to the East Side Trunk Sewer on Norton street.

In the matter of the revision or the rules of this Common Council, referred to this Committee, we recommend that Section 1 of the ordinance in relation to the meetings of the Common Council, passed April 3, 1884, be amended so that the meetings held by the Common Council during the months of May, June, July, August and September convene at the hour of 7:30 P. M., instead of 7 P. M.

We also recommend that Rule 44 be amended so as to require the vote of fifteen members in the affirmative to pass a resolution to change the name of a street, etc.

We also recommend that Rule 46 shall be the rule as adopted by this Common Council November 6, 1890, as set forth in the Common Council proceedings of that year.

We also recommend that Rule 47 shall read as follows:

"All applications for Commissioners of Deeds of the City of Rochester must be in writing, signed by the applicant, and said application shall set forth the residence, age, occupation and citizenship of the applicant; such application must also be accompanied by a written recommendation and certificate of the good moral character of the applicant, signed by two known and reputable citizens of the City of Rochester. All applications shall be referred to the Law Committee, and laid over two weeks before the same can be acted upon. No person shall be appointed a Commissioner of Deeds unless he is of the age of twenty-one years, and a citizen of the United States."

We also recommend that Rule 48 shall read as follows:

"All matters to be presented and referred to the Assessment Committee must be in writing, signed and verified by the applicant or aggrieved party, or his agent, setting forth in a concise way the facts and grounds for complaint, the residence and postoffice address of the party or his agent, and the relief desired.

We also recommend that present Rule 46 shall hereafter be designated as Rule 49.

All of which is respectfully submitted,

D. W. FORSYTH,
MERTON E. LEWIS,
HENRY G. COOK,
CHARLES S. COOK,
Law Committee.

Ordered received, filed and published.

By Ald. Forsyth—Resolved, That the claim of Julia A. Wichmann against the city for damages caused by the pollution of Thomas creek running through her premises upon East avenue be, and the same hereby is denied.

Adopted.

By Ald. Forsyth—Resolved, That upon the certificate of the City Attorney that stipulations of discontinuance of the actions, and dismissals of the appeals, where appeals have been taken, of the following named parties against the city have been made, and that releases of any and all claims by, or on the part of, said parties against the city by reason of the discharge of sewage from any of the sewers of the city into Densmore or Thomas creeks at any time before the orders hereinafter mentioned, and the rights, privileges or easements to the city in and to said creeks flowing over the lands of the respective parties have been executed and delivered to him, the clerk be, and he hereby is, directed to draw orders on the Treasurer, payable from the Contingent Fund, to the parties named below, or to their attorneys whose names may appear in said certificate, the amounts for costs and disbursements of their respective actions, as certified by the City Attorney, and the further sums, at the rates per annum set opposite their respective names, from the times set forth below, to the dates when said orders shall be drawn, as follows:

Anna M. Camp, \$60 per annum, from April 7, 1886.

Lewis Herman, \$100 per annum, from January 11, 1889.

H. C. Livingston, \$60 per annum, from January 8, 1889.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, H. G. Cook, Pauckner, Kelly, Aikenhead, Lewis, Forsyth, Bierbrauer—18.

By Ald. Forsyth—Resolved, That upon the certificate of the City Attorney of delivery and filing with him of a satisfaction of judgment in the case of Hugh Kelly against the city, the clerk be, and he hereby is, directed to draw an order on the Treasurer, payable, to said Hugh Kelly, or his attorney, for the sum of \$376.50, with interest thereon from February 29, 1892, and the Treasurer is hereby directed to charge such amount to the Contingent Fund.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, H. G. Cook, Pauckner, Kelly, Aikenhead, Lewis, Forsyth, Bierbrauer—18.

By Ald. Forsyth—Resolved, That the City Surveyor be, and he hereby is, directed to prepare an ordinance for the construction of a sewer in and through North avenue, from the terminus of the present North avenue sewer to the East Side Trunk Sewer in Norton street.

Adopted.

By Ald. Forsyth—Resolved, That Section 1, of the ordinance in relation to the meeting of the Common Council, passed April 3, 1884, be, and the same hereby is, amended so as to read as follows:

Section 1. The regular meetings of the Common Council in each official year, (until otherwise ordered), shall be on the first Monday of April, at 3 o'clock in the afternoon, on the next day at 7 P. M., and thereafter every alternate Tuesday at the hour last named, except the meetings to be held during the months of May, June, July, August and September, which are to be at 7:30 P. M., and also at such other times as the Common Council may appoint.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, H. G. Cook, Pauckner, Kelly, Aikenhead, Lewis, Forsyth, Bierbrauer—18.

By Ald. Forsyth—Resolved, That Rule 44 be amended, so as to read as follows:

Rule 44. No resolution to change the name of any street, avenue, lane, alley or place in the City of Rochester shall be adopted or passed at any time, unless upon the petition of two-thirds of all the owners of property upon such street, avenue, lane, alley or place, nor unless the resolution shall lie upon the table for, at least, two weeks before being acted upon, nor unless such resolution is adopted or passed by, at least, fifteen members of the Common Council voting in the affirmative.

Also—Resolved, That Rule 46 read as follows:

No resolution providing for any increase in the clerical force of any office or department of the city government shall be acted upon until the regular meeting following the meeting at which the same shall be presented.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, H. G. Cook, Pauckner, Kelly, Aikenhead, Lewis, Forsyth, Bierbrauer—18.

By Ald. Forsyth—Resolved, That the following be, and hereby is, adopted as Rule No. 47:

All matters to be presented and referred to the Assessment Committee must be in writing, signed and verified by the applicant or ag-

grieved party, or his agent, setting forth, in a concise way, the facts and grounds of complaint, the residence and postoffice address of the party, or his agent, and the relief desired.

Also—Resolved, That the following be and hereby is adopted as Rule No. 48.

All applications for Commissioners of Deeds of the City of Rochester must be in writing, signed by the applicant and said application shall set forth the residence, age, occupation and citizenship of the applicant. Such application must also be accompanied by a written recommendation and certificate of the good moral character of the applicant signed by two known and reputable citizens of the City of Rochester. All applications shall be referred to the Law Committee and laid over two weeks before the same can be acted upon. No person shall be appointed a Commissioner of Deeds unless he is of the age of 21 years and a citizen of the United States.

Also—Resolved, That present Rule No. 46 shall hereafter be designated as Rule No. 49.

Adopted by the following vote:
Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, H. G. Cook, Pauckner, Kelly, Aikenhead, Lewis, Forsyth, Bierbrauer—18.

Ald. Forsyth moved that the rules of the former Board as amended be adopted as the rules of the present Board.

Adopted.
By Ald. Forsyth—Resolved, That ordinance No. 4756, for Jefferson avenue pipe sewer as recorded on page 500 of Common Council proceedings of 1891 and 1892, be reconsidered.

Adopted.
Also—Resolved, That said ordinance be amended so as to read as follows, viz:

The construction of a vitrified pipe sewer 12 inches in diameter in Jefferson avenue, from a point 70 feet south of Flint street, to the sewer in Magnolia street; also from a point 40 feet south of Earl street, to the sewer in Magnolia street; also from a point 165 feet north of Plymouth avenue, measured along the east line of Jefferson avenue, to the sewer in Seward street, and that the estimate cost thereof be changed from \$4,300 to \$4,000, and that action thereon be laid on the table two weeks.

Adopted.
By Ald. Lewis—Resolved, That the matter of the compilation of the city charter and its amendments be referred to the Law Committee with power to employ such assistance as may be necessary, the expense thereof to be limited to the sum of \$500.

Ald. Adams moved to amend by referring such compilation to the First Assistant City Attorney to report in four weeks.

Ald. Lewis accepted the amendment and withdrew his resolution.

Amendment adopted.
By Ald. Lewis—Resolved, That the Executive Board be, and is hereby requested to negotiate with the owners of land required for the opening of a street, from Clifford street to Bay street; also for the opening of a street southerly from Bay street, through lands supposed to belong to Edward Harris and William S. Little, and report the result of such negotiations to this Board at the next regular meeting thereof.

Adopted.
By Ald. Aikenhead—Resolved, That the Brush Electric Light Company be and hereby is requested to place the arc light on the northwest corner of Kirk and Union streets, on a crane.

Adopted.
By Ald. Aikenhead—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—The Excise Commissioners respectfully call your attention to the inadequate salary they receive for the amount of work required of them. Not a day passes that they

are not called upon, and forced to leave their business, to hear complaints, and make investigations. This in addition to the regular duties of the Board, occupies considerable time, and the new excise law still further increases the work of the commissioners, and also requires, that each commissioner shall furnish a bond in the sum of not less than \$5,000, nor more than \$20,000, in the discretion of the Mayor.

We feel assured that if your Honorable Body will consider the extra labor required and the increase of revenue obtained through the adoption of the new law that you will acknowledge the justice of our request.

Very respectfully yours,
CASS WILLIAMS,
E. MCSWEENEY,
ROBERT SIEBERT,
Excise Commissioners.

Ordered received, filed and published and referred to the Committee on Police, Excise and Markets.

By Ald. Kelly—Resolved, That the Brush Electric Light Company be and hereby is requested to place the arc light on the northwest corner of Jay and Child streets, on a crane.

Adopted.
By Ald. Pauckner—Petition of A. R. English to erect a wood building. Referred to Wood Building Committee and Fire Marshal with power to act.

Also remonstrance against the erection of a wood building at the corner of Benton and Seager streets. Referred to the Wood Building Committee and Fire Marshal with power to act.

By Ald. Pauckner—
Rochester, N. Y., April 19, 1892.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—Pursuant to a resolution adopted at a meeting of your Honorable Body, held April 12, 1892, I have made plans for the construction of a temporary foot bridge proposed to connect the existing spans of Clarissa street bridge with the west abutment thereof and submit as the estimated cost, the sum of \$800.

Respectfully,
OSCAR H. PEACOCK,
City Surveyor.

Received, filed and published.

By Ald. Pauckner—
Whereas, The City Surveyor has submitted as the estimated cost for the construction of a temporary foot bridge to connect the existing span of Clarissa street bridge with the west abutment thereof to be the sum of \$800; and

Whereas, It is necessary that such temporary foot bridge be immediately constructed; be it,

Resolved, That the Executive Board be and it hereby is, requested to immediately construct a temporary foot bridge, as aforesaid, and the clerk of said board is hereby authorized to draw a warrant or warrants upon the treasurer for the expense of constructing such a temporary foot bridge, and the same to be charged against the Contingent Fund.

Adopted.

By Ald. H. G. Cook—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN: Your Assessment Committee to whom was referred the petition of certain property owners who are to be assessed for the construction of the East Main street sewer, beg leave to submit the following as their report:

Your committee held a special meeting on Friday of last week to consider the prayer of said petitioners, at which arguments for and against the confirmation of the re-assessment roll for said sewer were made by the parties interested therein. The demand for the construction of said sewer, so far as your honorable body is concerned, dates back to the 15th day of July, 1890, when a petition was presented praying for the construction of a suitable stone sewer in East Main street from University avenue to East avenue, which petition was referred to the City Surveyor to prepare an ordinance. The City Surveyor was directed to ascertain and report the expense of constructing said sewer. On August 12, 1890, an ordinance was adopted for the construction of said sewer from a point 20 feet east from the northeast corner of Franklin and East Main streets, measured on the north line of East Main street to the center of University avenue, and describing one tier of lots and parcels of land on each side of East Main street, from Franklin street to University avenue as the property deemed benefited and properly to be assessed for the expense thereof, according to benefits received. At the following meeting a majority remonstrance was presented protesting against the construction of said sewer as contemplated by said ordinance on the ground that when a sewer should be constructed, it should be built from Gibbs street to the Liberty Pole, and because the present sewer east of Gibbs street was adequate to all public demands. At the same meeting a communication was received from the City Surveyor recommending that said ordinance be amended so as to call for the construction of said sewer from the point near Franklin street designated in the ordinance to the center of Alexander street, instead of University avenue. The said ordinance was thereupon amended as recommended. A special committee was appointed to consider the question involved in the remonstrance to the construction of said sewer, which makes its report, and recommended the passage of the ordinance then pending, and in accordance with such recommendation, your honorable body passed the Final Ordinance for the construction of said sewer from the point mentioned on Main street to the center of Alexander street, and provided for an assessment of the property from Franklin street to Alexander street. Said sewer was constructed as called for by said ordinance, and the City Treasurer reported the total expense thereof and an assessment was ordered. The assessment roll was prepared and presented to the Council and confirmed. This assessment imposed upon the property owners to be assessed a uniform rate of \$5.21 per foot front. A majority remonstrance was presented against the confirmation of this roll, which was referred to the Assessment Committee, and on the 15th day of December, 1891, the resolution of July 14, 1891, directing an assessment for said sewer was re-considered and a re-assessment was ordered. The re-assessment as presented by the Clerk was confirmed, but action on the same, later at the same meeting, was postponed for one week. Said re-assessment imposed upon the property situated between

Franklin and Gibbs street, a uniform rate of \$8.10 per foot front. From Gibbs street to University avenue; \$5.50 per foot front. From University avenue to Union street, \$4.21 per foot front. From Union street to Alexander street, \$2.55 per foot front. At the meeting held the following week, the confirmation of said re-assessment was again postponed for one week while the petition above mentioned asking for a re-hearing for said re-assessment was referred to your committee.

We have considered carefully the arguments presented by the respective parties for and against the confirmation of said roll, and have informed ourselves from all available sources with reference to the equity of said re-assessment. We find that there was no public sewer from Gibbs street to Franklin street in that portion of the territory through which said new sewer extended, and that from Gibbs street east along said territory, there was in existence a public sewer which answered in some degree the requirements of the territory drained by it. We find that at the east end of said territory, the new sewer is but little, if any, deeper than the old. We find that the demand for said new sewer came principally from persons owning property on that portion where there was no sewer, and that the objections thereto, came from persons owning property along the line of said old sewer. We find that the remonstrance to the old assessment which imposed a uniform rate upon all of the territory to be assessed, came principally from those persons owning property along the line of said old sewer, and that the objection to the confirmation of the re-assessment comes principally from persons owning property along the west end of said new sewer where the assessment has been increased. We find that the re-assessment increases the assessment on territory between Franklin and Gibbs streets, \$2.99 a foot front, and from Gibbs street to University avenue, 29c per foot front, and decreases the assessment from University avenue to Union street, \$1 per foot front, and decreases it from Union street to Alexander street, \$2.66 per foot front.

In view of all these facts, after a thorough consideration of the matter, and considering the difficulty of making an assessment which will be entirely equitable and satisfactory in the opinion of those persons who are assessed, we have concluded to recommend the confirmation of the assessment roll now before the Council, and do recommend the confirmation thereof.

JULIUS WURTZ,

Assessment Committee.

Ordered received, filed and published.

By Ald. H. G. Cook—Resolved, That the assessment roll for East Main street sewer under ordinance No. 4 174 be, and the same hereby is in all things confirmed.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Cahlan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, H. G. Cook, Pauckner, Kelly, Aikenhead, Lewis, Forsyth—17.

By Ald. Forsyth—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN: Your Law Committee begs leave to submit the following:

At the last meeting of your body, a resolution was passed providing for the payment of Anna M. Camp of \$60 per year for the past and future damages from April 7, 1886 for her claim for damages by reason of Thomas Creek sewer nuisance.

It has been brought to our attention that an error was made in this resolution and that the same should have provided for the payment of damages from April 7, 1885, for it appears that

the summons and complaint in her action was served on April 7, 1891, and she is entitled to recover for damages for six years prior thereto. We therefore recommend the adoption of the appended resolution.

Respectfully submitted,
 D. W. FORSYTH,
 MERTON E. LEWIS,
 HENRY G. COOK,
 CHARLES S. COOK,
 WILLIAM H. TRACY,
 Law Committee.

Ordered received, filed and published.

By Ald. Forsyth—Resolved, That that portion of the resolution passed by this Council at its meeting April 18, 1892, which related to the payment of a claim of Anna M. Camp for damages for sewer nuisances be reconsidered.

Adopted.

By aid. Forsyth—Resolved, That that portion of the resolution passed by this council at its meeting April 19, 1892 which related to the payment of the claim of Anna M. Camp for damages for sewer nuisances be, and the same is hereby indefinitely postponed.

Adopted.

By Alderman Forsyth—Resolved, That upon the certificate of the city attorney that a stipulation of discontinuance of the action of said Anna M. Camp against the city had been made, and that a release of any and all claims on the part of the said Anna M. Camp against the city by reason of the discharge of sewage from any of the sewers of the city into Thomas creek at any time before the order hereinafter mentioned and rights, privileges and easements within the city into said creek, and until the diversion of the same from said creek has been duly executed acknowledged and delivered to him, the clerk be and he hereby is directed to draw an order upon the treasurer payable from the contingent fund to Anna M. Camp or to her attorneys, Hubbell & McGuire, amounts for costs and disbursements of her action as certified to by the city attorney, and the further sum of \$60 per year from April 7, 1895.

Adopted by the following vote:

Ayes—Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, A. G. Cook, Pauckner, Kelly, Aikenhead, Lewis, Forsyth.

Resolved, further, That the Mayor be, and he hereby is, requested to agree to and with said Anna M. Camp by written contract approved by the City Attorney to pay said Anna M. Camp further sums of money, at the rate above set forth from the date when said order is drawn, as aforesaid, until the sewage from sewers within the city shall be diverted from said creek and that payments shall be made annually.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, Cook, C. S., Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Ward, Cook, H. G., Pauckner, Kelly, Aikenhead, Lewis, Forsyth—16.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

SPRINKLING (SEC. 2) NORTH UNION STREET.

The sprinkling of (Sec. 2) North Union street, from the N. Y. C. & H. R. R. R., during the season of 1892.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports

the same at \$110, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of North Union street, from the N. Y. C. & H. R. R. R. to German street, in proportion to the benefit and advantage which each will derive therefrom.

Adopted.

WHITE STREET SPRINKLING.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of sprinkling White street, from Cliff street to Frank street.

Adopted.

The Surveyor submitted as such estimate, \$88.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The sprinkling of White street, from Cliff street to Frank street, during the season of 1892.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$88, which estimate is hereby approved.

Resolved, further, That the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of White street, from Cliff street to Frank street, in proportion to the benefit and advantage which each will derive therefrom.

Adopted.

SPRINKLING WELD STREET.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of sprinkling Weld street, from Union street to Prince street.

Adopted.

The Surveyor submitted as such estimate, \$66.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The sprinkling of Weld street, from Union street to Prince street, during the season of 1892.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$66, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

Adopted.

BRIDGE ACROSS THE GENESSEE RIVER AT CLARISSA STREET.

By Ald. Simmelink—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a wrought iron or steel bridge, with two trusses above the roadway, across the Genessee river at Clarissa street, in place of the span recently fallen, and of the two existing spans of similar character to the one fallen.

Adopted.

The Surveyor submitted as such estimate, \$50,000.

By Ald. Simmelink—Resolved, That the following improvement is necessary, viz:

The construction of a riveted wrought iron or steel bridge across the Genessee river, at Clarissa street, upon the abutment and piers now existing, but to be remodeled to carry the new bridge from the west abutment of said

bridge, across the opening left by the recent fall of the westerly span, to the first pier; thence across the two next openings now spanned by the remains of the old cast iron bridge, to the westerly end of the portion of the bridge recently newly constructed by the Rochester & Honeoye Valley Railroad or its representatives, the Lehigh Valley Railroad. The bridge shall be of the same width as the old bridge, with two trusses placed so that projecting sidewalks may be attached in the future, when it may be deemed advisable to make the bridge as wide as the street. The floor beams to be of iron to avoid the expense of continual repairs. The whole bridge to be constructed strong enough to carry city traffic, that is with the trusses proportioned to carry a load equal to one-hundred pounds upon each square foot of floor, and with the floor to carry a fifteen ton steam roller.

And, Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$50,000, which estimate is hereby approved.

Resolved, further that the whole expense thereof be paid from the public treasury of the city, by the City Treasurer upon orders drawn pursuant to the future direction of this Common Council; and that the bonds of the city, be issued, and sold as provided in, and by the provisions of chapter ... of the laws of 1892, as may hereafter from time to time be directed by this Common Council, to obtain the necessary sums to pay for said bridge.

Adopted.

By Ald. Pauckner—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or ordinance or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7 o'clock P. M., at the Common Council Chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Evening Times notice thereof as is required and in the manner specified by Section 172 of the City Charter.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., April 26, 1892. }

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN: Agreeably to your direction, heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Evening Times, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your Honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, April 26, 1892, at 7 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvements. Respectfully,

HENRY W. GREGG, City Clerk.

FINAL ORDINANCE, NO. 4,788.

EAST PLATT STREET SPRINKLING.

On motion of Ald. Pauckner, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to sprinkle East Platt street, from the river bridge to St. Paul street,

And after hearing such allegations from all persons appearing.

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of East Platt street, from the river bridge to St. Paul street, during the season of 1892.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$48, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by and derive an advantage from such improvement, to wit:

One tier of lots and parcels of land on each side of East Platt street, from the river bridge to St. Paul street.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, H. G. Cook, Pauckner, Kelly, Aikenhead, Lewis, Forsyth—17

FINAL ORDINANCE, NO. 4,789.

CATARACT STREET SPRINKLING.

On motion of Ald. Pauckner, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to sprinkle Cataract street, from the west end thereof to St. Paul street,

And after hearing such allegations from all persons appearing.

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary, and should be made, to wit:

The sprinkling of Cataract street, from the west end thereof to St. Paul street, during the season of 1892.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$72, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by and derive an advantage from such improvement, to wit:

One tier of lots and parcels of land on each side of Cataract street, from the west end thereof to St. Paul street.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, H. G. Cook, Pauckner, Kelly, Aikenhead, Lewis, Forsyth—17

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

To the Honorable, the Common Council of the City of Rochester:

A judgment was recovered and entered against the city, in favor of Walter F. Avenel and James E. Kelly on the 14th day of April 1892, for \$128.57 costs.

In my opinion it would be better and cheaper for the city to pay the same and avoid further

costs and expense, and I respectfully recommend that the same be paid.

CHARLES B. ERNST,
City Attorney.

Per N. B.

Received, filed and published and referred to Law Committee.

By the Clerk—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN:—The undersigned City Assessors beg leave to submit to your Honorable Body the following as their report in the matter of the Lyell avenue and Saxton street outlet sewer, pursuant to the resolution passed April 19th, 1892, as to what steps are necessary to be taken to procure the preparation of an assessment for the Lyell avenue and Saxton street outlet sewer:

On the 21st day of April, 1891, your Honorable Body confirmed the assessment for the construction of said sewer under Ordinance No. 3,537, which was designated as Section 1, and under Ordinance No. 3,538, which was designated as Section 2, the total amount of said assessments being \$22,880.78. We find that the city treasurer certified on the 10th day of March, 1891, that he had received from the State Treasurer the sum of \$23,212.94, as the amount appropriated for the expense of said sewer by the State, leaving the sum of \$20,637.84, to be assessed upon the territory included within said ordinance for the expense of the construction of said sewer.

At the same meeting of your Honorable Body Messrs. Martin Joiner and Dwight Knapp were appointed Special Commissioners for Section 1 of said sewer, to act with L. A. Pratt, one of the City Assessors, and the only City Assessor qualified to act in said matter, and Richard H. Schooley and John A. Bernhard, for Section 2 of said sewer, to act with Mr. Pratt. We find that these Special Commissioners have duly qualified, but have not performed any duties under appointment, and, inasmuch as the term of office of Mr. Pratt as City Assessor, has expired, and his successor has been appointed, it will be necessary to designate some person to act with these Special Commissioners in making said assessments. The only one of the City Assessors who is qualified to act is Henry C. Munn, but the work devolving upon the City Assessor is such that if your Honorable Body should designate him to act in the matter, it would be impossible for him to take part in the preparation of said assessments until about the first of next July.

We understand that the city charter permits the appointment of one or more Special Commissioners to act with the Assessors who are not disqualified, in making an assessment, or the selection of three Special Commissioners to act independently of said Assessors. As this sewer was constructed under two ordinances, it would seem proper to appoint some competent person to act with the Commissioners already appointed to make the assessments.

JACOB GERLING,
M. J. MAHAR,
HENRY C. MUNN,
ASSESSORS.

Ordered received, filed and published.

By the Clerk—

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., March 31, 1892.

To the Honorable the Common Council of the City of Rochester.

GENTLEMEN:—I beg leave to submit the following as the expenses, including the damages awarded by the Commissioners of Appraisal, connected with the opening of a street from Clifford to Waring streets, in the City of Rochester, under Final Ordinance No. 4,507, viz.:

Commissioners' fees.....	\$48 00
Rochester Printing Co., printing notices of application for commission and meeting of Commissioners.....	15 00

E. F. Higgins, for hack hire, for Commissioners to view the property taken	4 00
Damages awarded to the owners of lands taken, there being no tenants, and no occupants other than the owners	9 00
George L. Matteson, serving notices for appointment of Commissioners...	34 75
Abstract Guarantee Co., for searches..	92 50

Making a total of..... \$203 25

HENRY W. GREGG,
City Clerk.

Ordered received, filed and published.
By Ald. Aikenhead—Whereas, The entire cost and expense of the opening of a street from Clifford street to Waring street under Final Ordinance No. 4,507, including the amount of damages awarded by the Commissioners, has been ascertained, and is hereby adjusted at the sum of two hundred and three dollars and twenty-five cents (\$203.25)

Therefore, Resolved, That all persons interested in the matter of the ordering of an assessment for the aforesaid street opening, be heard as to the same, at the meeting of the Common Council to be held on Tuesday, May 3, 1892, at seven o'clock p. m., and that the City Clerk cause to be published a notice of said hearing as required by section 190 of the city charter.

Adopted.
By the Clerk—

ROCHESTER, N. Y., April 25, 1892.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—On the fifteenth day of April, 1892, Berintha Hooper recovered against the city a judgment in an action wherein she was plaintiff and the City of Rochester defendant, for the sum of \$900 and \$139.84 costs, in all \$1,039.84.

We desire to call the attention of your Honorable Body to the judgment in order that you may take such steps as will result in the speedy adjustment of the matter.

Yours respectfully,
BACON BRIGGS & BECKLEY.

Ordered received, filed and published.
By the Clerk—Claims of Emma G. Densmore and Henry Brunnsmaid against the City of Rochester for damages. Referred to Law Committee.

By Ald. Callihan—Resolved, That the Mayor be, and he hereby is, directed to enter into a contract with the proprietors of the Union and Advertiser, Post Express, Morning

Herald and Times, daily papers, for the publication in their respective papers of such official notices of the Common Council, Executive Board, Assessors, City Attorney, City Clerk, City Treasurer, and the other departments, officers, boards or committees of this Common Council or the City of Rochester, as may be furnished at any time to said papers by such clerk, board, officer or department and for the time only as shall be directed by the officer, board or department furnishing such notice for publication, at and for the agreed price or compensation of 25 cents per inch, solid nonpareil type for each insertion, and that the City Clerk be, and he hereby is, directed to endeavor to have such printing distributed amongst said papers, so that each shall receive one-fourth of the official notices and advertisements that are required to be published in the Democrat and Chronicle; also with the Union and Advertiser Printing Company to publish the official nominations at the same price as shall be paid to the Rochester Printing Company, and that each of the said papers, in consideration of the foregoing shall furnish free of charge, copies of its daily issue, as follows: One copy to each of the following departments or offices: Mayor's office, City Clerk's office, City Attorney's office, Overseer of the Poor's office, Police office, City Surveyor's office, City Treasurer's office, Assessor's office, Municipal Court room, and the office of the Executive Board, and shall also furnish such notice for publication, such copies of the paper containing said notice or notices, in such number as shall be required by the officer, board or department furnishing such notice.

Ald. Lewis moved to amend the resolution by substituting for the Union and Advertiser, the Rochester Herald, for the publication of official nominations.

Ald. Calihan accepted the amendment. The resolution as thus amended was adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston Wurtz, Ward, Cook, H. G., Pauckner, Kelly, Aikenhead, Lewis, Forsyth—17.

By Ald. Calihan—Resolved, That the Mayor be, and he is hereby authorized and instructed to enter into a contract with the publishers of the Rochester Volksblatt and the Rochester Abend Post and Beobachter, to publish all official notices of this Council, the Executive Board, the Assessors, the City Attorney, the City Clerk, the City Treasurer, and other departments of the city, and to furnish copies of their daily issue to each of said officers and departments, the same as is required of the Democrat and Chronicle, at the compensation to each of said papers at the rate of \$800 per annum, payable monthly; the form of contract to be approved by the City Attorney before execution on behalf of the city by the Mayor, the contract to begin on May 15, 1892, and to terminate one year from that date.

Adopted by the following vote:
Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston Wurtz, Ward, Cook, H. G., Pauckner, Kelly, Aikenhead, Lewis, Forsyth—17.

By Ald. Fox—
To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—Your Map and Survey Committee begs leave to make the following report:

In the matter of the recent action of the East Side Trunk Sewer Commission in appointing a Superintending Engineer in and about the construction of the East Side Trunk Sewer, we learn that such a Superintending Engineer was appointed to take the exclusive charge and control of the construction of said sewer. The plans of the lower portion of said sewer were drawn by the Surveyor of the city, and pursuant to such plans the recent contracts were let. The Commission, however, has for some reason seen fit to substitute for the further services of the City Surveyor by the terms of the contract, the services of a so-called Superintending Engineer.

We are of the opinion that under the statute creating the East Side Trunk Sewer Commission, it has no power to appoint a surveyor or engineer to take independent and sole charge of such work. By said statute the Commission has no greater power than the present Executive Board in relation to the construction of sewers. All sewers constructed in this city by the Executive Board are under the supervision of the City Surveyor.

We cannot see by what authority or power this Commission can employ an independent surveyor and engineer to construct this sewer, and we would respectfully recommend that

this matter be referred to the Law Committee and they be requested to submit their opinion as to the legality of such appointment to the Common Council at its next meeting.

Respectfully submitted,

JOHN F. FOX,
JULIUS WURTZ,
JAMES JOHNSTON,
CHAS. S. COOK,
MORRIS H. LEMPERT,

Adopted.

By Ald. H. G. Cook—Resolved, That that portion of the resolution ordering assessments for certain local improvements passed at the meeting of this Board of April 12, 1892, and published on page 18 of current proceedings, which relates to the assessment for Merriman street improvement and sewer under Ordinance No. 4,401, be and the same hereby is indefinitely postponed.

Adopted.

LOCAL IMPROVEMENT ASSESSMENT.

By Ald. H. G. Cook—Whereas, The City Treasurer has ascertained and reported the entire and aggregate expense of and connected with the following improvement, including any and all interest that the city has paid or has or shall become liable to pay upon account of any and all orders or notes issued by the city to pay the expenses of such improvements respectively adjusted by the Common Council as thus reported, and the respective portions or parts of the city on which the said expense is hereby directed to be assessed and which this Common Council deems to be benefited by the improvement, is as stated and described in the final ordinance relative to the improvements, respectively, and that the name and expense of the improvement thus to be assessed is as follows, viz:

Ord. No.	Improvement.	Expense.
4,401.	Merriman-st. imp't and sewer.	\$10,716 73

And it is further determined that the taxpayers to be assessed for making the foregoing improvement

May pay their assessments in three equal payments as follows:

One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer one-third within one year from the confirmation of such roll; and the remaining one-third within two years from the confirmation of such roll. On all sums paid prior to the maturity of said last installment, a discount will be allowed at the rate of 6 per cent per annum.

And the Assessors of said city, if they are not interested in any of the property within the part or portion of the city deemed to be benefited, and directed to be assessed, as aforesaid, or if any two of said assessors are not interested, then such two are hereby directed to make assessments upon all the lots and parcels of land within the portion or parts of the city above designated and directed to be assessed, of the amounts of expenses of such improvements, respectively, in proportion, as nearly as may be, to the advantage which the said lots and parcels of lands within the respective territories to be thus assessed for such improvements shall be deemed to receive by the making of the said improvements.

Ald. J. Miller Kelly:

ROCHESTER, April 22, 1892.

DEAR SIR:—The German-American Society earnestly urges that the German poor be not overlooked in the appointment of City physicians. One German physician should be appointed on each side of the river. The German speaking inhabitants of Rochester are fully one-third of its population, and justice to those persons, German or of German extraction, many of them unable to speak or understand English, requires such appointment.

We trust the mistake of a year ago will not be repeated, and we rely upon your vote and influence in this matter.

The following persons: Henry Hebing, J. Lederer, Frank Ritter, L. F. Spohr, C. F. Gotschalk, John Luther, Henry Bold, C. Lauffer, L. C. Duempelman, George J. Oaks, Conrad Herzberger, and Frank Fritzsche, appointed a committee for this purpose, will be glad to advise with you at any time.

HENRY HEBING, I. LEDERER,

For the Committee. Chairman,

On motion of Ald. Lewis, ordered received, filed, published as provided by Section 81 of the city charter and laid on the table until the next regular meeting.

To the Honorable, the Common Council,

GENTLEMEN:—Your Finance Committee in submitting the annual tax levy for the year, begs leave to make the following explanations in reference to such of the items therein, as are hereinafter mentioned: The item for support of the Police Department, is increased by the sum of \$5,000. This is made necessary by the increase of twenty-five men in the Police force made last year. It is also believed that the appropriation provided in the levy will enable the department to place their patrol wires under-ground.

Owing to the careful management of the Poor Department during the past year, the appro-

priation for that department is reduced \$5,000 from last year's amount.

The appropriation for lighting the city has been reduced \$15,000 from last year's figures.

Contingent Fund deficiency notes during the last fiscal year amounted to but \$75,000, as against \$92,000 during the preceding year.

The Board of Health Fund is increased \$2,000 over last year's appropriation, by reason of the extension of the system of garbage collection.

The Water Pipe Extension Fund is increased from \$50,000 to \$60,000, with the intention of repaying to citizens some portion of the moneys advanced by them for water extension during the past three years.

An item of \$40,000 is also included in the tax levy to provide for the deficiency note issued to pay for the extension of the Holley system to East Rochester.

The Highway Fund of the Executive Board is reduced from \$180,000 to \$175,000. This committee is of the opinion that too much money has heretofore been expended out of this fund in repairs on worn out pavements, and that ordinances should be prepared for repairing such streets as are worn out, and that the Highway Fund should be relieved from the maintenance of such streets.

The amount included in the tax levy for the support of the public schools is \$326,500 as against \$367,000 appropriated in last year's tax levy.

The item of \$40,000 for the Building Fund of the Board of Education will be increased by the proceeds of the sale of old No. 10 school building and site, which will probably amount to at least \$15,000, making a total of \$55,000.

It will be remembered that an item of \$40,000 was included in the levy last year for the construction of the new No. 10 School. It will thus be seen that the appropriation is within \$500 of last year's amount.

There is also included in the above amount \$1,500 for Library purposes under the recent amendment to the City Charter.

In connection with the appropriation for the Board of Education, your Finance Committee feels that duty requires it to say, that it is unwilling to make any provision in this tax levy, for deficiencies left over by the various committees of former Boards of Education. This committee does not recognize the right of any committee of the Board of Education to exceed the amount set apart for its purposes during any year. The appropriations made last year by the Common Council for the use of the Board of Education, were understood to be sufficient to meet its requirements, and to provide for the deficiencies which they had at that time to meet. An item was also included last year of \$40,000 for the erection of the new No. 10 School, and it was supposed that that would meet the entire expense of purchasing a site, and erecting that school house. We are informed, however, that the Board of Education has expended upwards of \$62,000 on No. 10 School, and that there are over \$3,000 of unpaid bills still to be met. It has seemed to your Finance Committee, that the amount allowed to the Board of Education this year, is ample for all its requirements, and that there can be no excuse at the end of the year for any deficiencies.

The Finance Committee is compelled this year to face the deficiency caused by the settlement of the liabilities of the John A. Davis bonds. The entire deficiency amounted to \$62,751.74; of this amount the City has received \$36,050, and the balance \$26,701.74 is included in the present tax levy.

The sum of \$15,000 is for the erection of one new hose house, to be located either in the Tenth Ward or the Eighteenth Ward, as may be hereafter determined. This house is made necessary by the rapid growth of these wards, and the large manufacturing interests located therein, and it is believed that the time has

arrived when they should be more fully protected than heretofore.

In the examination of the City's finances, the attention of the committee has been called to an amount of \$81,000 belonging to the City on deposit with the various Savings Banks of the City. This sum has accumulated during the past twenty years, and is the excess of receipts of interest on the Rochester & Genesee Valley Railroad Company stock owned by the City, over and above the amount the City has been required to pay in interest upon the bonds issued in aid of the construction of that Railroad after paying off four bonds amounting to \$4,000 each year.

It has seemed to the committee that instead of leaving that amount in the Banks, where it is drawing but four per cent. interest, it would be better to use that money in reducing the annual tax levy, but it is not deemed advisable at this time, and in no event until after mature deliberation, and full discussion to make any recommendation in reference thereto.

If, upon the final adoption of the tax levy by this Council, it should appear to be for the best interests of the city that that amount should be used in reducing it, a resolution can be presented to that effect at that time.

In conclusion the committee deems it but proper to say, that in fixing the appropriations for the various departments, the committee has tried to be fair, and it believed that the amounts granted are sufficient, with prudent management, to meet the expense of carrying on the City's business. And in the event that the departments and committees will commence the year's business with the full understanding that the year's appropriation must pay for the year's expenses, it will not be necessary to issue the City's notes to prevent deficiencies.

All of which is respectfully submitted.

Ordered received, filed and published and laid on table two weeks.

By Ald. Forsyth—

CITY ATTORNEY'S OFFICE,
ROCHESTER, N. Y., May 2d, 1892.

"To the Law Committee of the Common Council."

"GENTLEMEN: In the question which you have submitted to me whether the East Side Trunk Sewer Commission has power to appoint an Engineer or Surveyor to take independent and sole control of the engineering work on the improvement, in charge, I have assumed that the Trunk Sewer Commission has employed a person under the title of Superintending Engineer to make all surveys, and prepare all plans for the execution of the work by the Commission.

The powers and duties of the East Side Trunk Sewer Commission are defined in Section 18 of the Trunk Sewer act, as amended by the laws of 1892, in the following language: "They, (the Commission), shall have the same powers, and be subject to the same duties and responsibilities in reference to all matters pertaining to said trunk sewer as the said members of said Executive Board." The Commission may also "let all contracts, or do any other act in reference to said sewer which may be done by the Executive Board in regard to any improvement." By this section the Commission has no greater or different powers in the construction of the trunk sewer than the Executive Board has in the construction of sewers and improvements in the City of Rochester.

It will be necessary to give the history of the laws creating the present Executive Board, in order to fully understand the powers with which the Board is clothed:

Title 7 of chapter 143 of the laws of 1861 was devoted to streets and public improvements

in the City of Rochester. In this title, the Common Council was designated as the Commissioners of Highways, it having the sole care and superintendence of all improvements, as well as the power to determine and make improvements, and order assessments therefor.

In the year 1872, section 155 of this title was amended by chapter 771 of the laws of that year, so as to create what was known as the Board of Commissioners of Public Works of the City of Rochester, to whom was delegated the exclusive care and superintendence of all improvements in the city, together with the power of determining and making such improvements, and ordering assessments therefor.

Section 16 of this amendatory act reads as follows: "The City Surveyor and City Attorney shall perform such duties for said Commissioners as they may require, as it is now the duty of said officers respectively to perform under the direction or at the request of the Common Council, or any committee thereof, without compensation beyond their salaries as now provided by law."

This amendatory act remained in force until the year 1876, when said section 155 of title 7 was again amended by chapter 83 of the laws of 1876. By this amendment, the Board of Commissioners of Public Works was abolished, and the Executive Board was created, whose duty was defined to have sole power to let all contracts to be made by said city in pursuance of any ordinance, except such as were by law directed to be otherwise made, and superintend the execution of the same, and have the superintendence and control of all work or improvements ordered by the Common Council, and of paying the same. By this amendment the Executive Board was also empowered to "employ such assistants, and establish such by-laws for its meetings and proceedings as it may see fit." The power conferred by the laws of 1872 upon the Commissioners of Public Works to determine and make improvements, and order assessments therefor, was by this amendment again placed in the Common Council.

Chapter 190 of the laws of 1879, again amended section 155, title 7, which diminished the number of the members of the Executive Board, but left the powers of the Board defined in the identical language of the laws of 1876 creating it. The language empowering the Board to employ assistants also remained unchanged.

By chapter 14 of the laws of 1880, the Legislature amended the original charter of the City of Rochester enacted in 1861, and consolidated therewith the several acts in relation thereto. Title 7 of the original act was designated in this consolidation act as referring to "The Executive Board, Streets and Improvements." The power of the Executive Board relating to improvements was defined in the laws of 1880, as having "the sole power to let all contracts to be made by said city in pursuance of an ordinance, except as are by law directed to be otherwise made, and shall superintend the execution of the same, and shall have the superintendence and control of all work or improvements ordered by the Common Council." In this title, the Executive Board is authorized to appoint a Street Superintendent and Clerk of the Board. No other authority is given to the Board to make any appointment, except by section 152 of this title, which states: "The Executive Board may employ such assistants and establish such by-laws for its meetings and proceedings as it may see fit, provided they be not in conflict with any provisions of this charter or other law."

Section 8 of the City Charter gives to the Common Council the power to appoint a City Surveyor. The above are the only provisions relating to the appointment of a surveyor or engineer, and to the officers to be appointed by the Executive Board.

Section 290 of the charter provides that all acts and parts of acts, so far as inconsistent

with, or repugnant to, this act or charter, hereby amended, are repealed, or declared inapplicable to the City of Rochester.

The first question which naturally arises is whether section 16 of said laws of 1872, which created the Board of Commissioners of Public Works, is still in force. This section, as above stated, gave a discretion to the Commissioners of Public Works to employ a Surveyor or City Attorney. If this section is still in force, and the Executive Board has the same powers in respect to the execution of the work of the city as the Commissioners of Public Works, the Board can, undoubtedly, employ a Surveyor or Engineer independent of the City Surveyor or Attorney appointed by the Common Council. But, I am of the opinion that this section was repealed by chapter 86 of the laws of 1876, as well as by chapter 14 of the laws of 1880. It is an established rule in the construction of statutes that by the abolition or repeal of the leading part or parts of a statute, those sections which are conditional or ancillary to the main parts are also abolished and repealed.

Section 6 of said laws of 1872, amended section 155 of the original charter of 1861, so as to create the Board of Commissioners of Public Works, and sections 11 to 23 inclusive, of the same act, were additional sections, giving the Commissioners the power to determine improvements and defining their duties.

Chapter 86 of the laws of 1876 again amended section 155 of the original charter of 1861, so as to abolish the Board of Commissioners of Public Works, and created the Executive Board of said city, stripped, however, of the power to determine and order improvements. The abolishing of the Board of Commissioners of Public Works repealed all the laws relating or ancillary to said Board, including section 16, referred to above. In addition to this, the present City Charter contains a positive repealing clause, which removes all doubt upon the subject. It is, therefore, clear that this section leaving it discretionary for the Board of Commissioners of Public Works to appoint a City Surveyor or City Attorney has been repealed, and the Executive Board is governed by the provisions of the charter in the letting and superintending of contracts for improvements ordered by the Common Council.

It is also a well established principle of law that the powers granted to municipal corporations, or its officers, must be clearly stated in the statute. Any ambiguity or doubt arising out of the terms used by the Legislature must be resolved in favor of the public. The Executive Board by the charter has the right to appoint a Street Superintendent and Clerk of the Board. These are the only officers which the Executive Board has power to appoint. The question resolves itself then as to whether the Executive Board can appoint an Engineer or Surveyor to perform the duties of the City Surveyor, by virtue of the power given to it in section 152 of the charter. By this section, the Board may employ "assistants," but such employment must not be in conflict with any provisions of the charter or other law. The Common Council is alone empowered by the charter to employ a City Surveyor. It has also the power to order all improvements, and, by the ordinance passed for the construction of the East Side Trunk Sewer, it directed the City Surveyor to ascertain and report the expense of such improvement. To enable the City Surveyor to do this, it became necessary to map out the plan for the work, which was embodied in the ordinance in general language. It is not practicable to give the specifications for the work in detail, but the indorsement and adoption of the plan by the Common Council necessarily implies the specifications in detail for the execution of the work to be prepared by the City Surveyor. This is the extent of the duty of the Common Council, and its officer, the City Surveyor. When this is done, the charter provides that the Executive Board

shall let the contract, pursuant to the ordinance and the specifications made by the City Surveyor, as directed therein, and, after the contract is let, the Executive Board shall have the superintendence and control of the work thereon.

The charter thus defines the duty of the Common Council and Executive Board, and the Council, in the performance of its duty, directs and defines the duty of the City Surveyor. It follows that in the ordering of an improvement, the making of the necessary surveys, plans and specifications preparatory to the letting of the contract must be done by the City Surveyor, in obedience to the ordinance passed by the Common Council, and the Executive Board must let the contract in accordance with such plans and specifications, and superintend and control the work thereunder.

I am, therefore, of the opinion that the East Side Trunk Sewer Commission, having no greater powers than the Executive Board, cannot employ a superintending engineer to work independently of the City Surveyor, and perform any of his duties, in and about the construction of the East Side Trunk Sewer. It does not necessarily follow that inasmuch as the duties of the City Surveyor and the East Side Trunk Sewer Commission have been definitely defined that each one should go on with the work of constructing this important improvement without mutual consultation and comparison of views. If the Commission required an engineer to superintend and control the executive work of this Commission, there can be no question of its power to appoint such a person, if the execution of the work is done in accordance with the survey, plans and specifications of the City Surveyor, as ordered and adopted by the Common Council under the Trunk Sewer ordinance.

Yours obediently,
C. D. KIEHEL,
First Ass't City Attorney.

By Ald. Forsyth—

To the Honorable, the Common Council, of the City of Rochester:

GENTLEMEN:—Your Law Committee begs leave to submit the following report:

In the matter of the applications of George B. Schoeffel, Walter H. Tobey, Henry Kleindienst, Reuben E. Jones, Albert W. Golder, E. L. Anstett, C. H. Potter, Michael H. Weismiller, John H. Schmidt, Amelia Klein, J. P. F. McSweeney, John G. McElroy, William A. Hubbard, jr., James S. Taylor and Alois G. Waldert, for appointment as Commissioners of Deeds of the city, your Committee recommends that the same be granted.

In the matter of the report of the Map and Survey Committee, which has been referred to this Committee, we have secured the opinion of the First Assistant City Attorney in respect to the law involved in the matter, which opinion is attached to this report, and made a part thereof, and we respectfully recommend that the conclusions arrived at in the opinion shall be adopted as the conclusions of the Common Council.

By the provisions of the charter as recently amended, this Council is authorized to direct what clerical force is to be appointed in the law department of this city. This Committee having taken under consideration and having thoroughly investigated and carefully familiarized itself with the conditions of the office, finds that the business of this department is so rapidly increasing and extending by the continued additions of departments, boards and commissions of the city, and in the volume of litigation, that the clerical force as it now exists, does not secure the best service to the city. At every session of the Common Council claims are presented against the city for damages resulting from different causes, and as soon as the same are presented an immediate and thorough investigation

should be had under the control and supervision of this department. It is safe to say that large amounts of damages have been recovered against the city because such an investigation had never been made. Every railroad corporation and large municipal corporation of this state have in their employ a person to investigate and secure for the corporation the facts involved in the claims of damages presented against them. We regard this of paramount importance to the City of Rochester and recommend that a clerkship in this department to be designated as investigating clerk, should be created and established. The Committee is also of the opinion that one stenographer is not sufficient to properly do the work required in this department. By a resolution of this Council the stenographer is obliged to attend and take minutes of all the meetings of the Common Council. This involves the necessity of assisting the City Clerk to prepare the minutes for publication on the subsequent day, and after the same are printed to read the proofs for correction. This consumes the time of the stenographer from one to two days after each meeting of the Council, while the time of the stenographer is almost entirely consumed for one to two days before each Council meeting in preparing resolutions and reports for the several departments and officers of the city to be introduced at such meeting. Consequently, during the week a meeting of the Common Council is had, from one to three days' time of the stenographer is consumed for this work. During this time additional services must be secured for the litigated or routine business of the office or the business is delayed. As it is of the highest importance to the city that sufficient clerical force should be secured to avoid unnecessary and detrimental delays we recommend that the office of assistant stenographer should also be created and established.

In view of the above recommendations for an increase in the clerical force of this department a change in the salaries should also be made. The Committee is credibly informed that in the largest law offices in this city where stenographers are employed and do not act as managing clerks, twelve dollars per week is the highest rate paid for such services, while the majority of stenographers who are capable of taking notes for any work in a law office do not receive more than eight dollars per week. There can be no reason why the City of Rochester should pay any more for stenographic services in its law office than is paid by the law firms and lawyers of this city, and the Committee, therefore, recommends that the stenographer of this department shall receive the sum of sixty dollars per month, and shall attend at each and every Common Council meeting and take minutes for the City Clerk, and that the assistant stenographer shall receive the sum of forty dollars per month. The Committee is also of the opinion that inasmuch as a new clerkship is to be created, the Second Assistant City Attorney should perform part of the duties of the managing clerk in the office, and the salary of the law clerk should be reduced to eight hundred dollars. The duties of an investigating clerk will require a man of experience and intelligence, and we recommend that the sum of nine hundred dollars be fixed as the salary of this office.

In the year 1888 the salary of the First Assistant City Attorney was increased by this Council from twenty-five hundred dollars to thirty-five hundred dollars. For the reason, as then given by the Law Committee, that the then Assistant City Attorney had such an extensive experience in the office and had conducted the litigation of the office to such successful results that such an increase was justifiable. We are of the opinion that this

department should be under the management and control of the City Attorney instead of one of his assistants, and we consider that the appointment made by this Council will enable it to have the policy and conduct of the office in the charge of the City Attorney. We therefore recommend that the salary of the First Assistant City Attorney be reduced to twenty-five hundred dollars the amount paid by the city for that office before the Council placed the conduct of the business and policy of the office into the hands of the First Assistant. Last year this Committee reduced the salary of the Second Assistant City Attorney the sum of four hundred dollars, leaving the same at eight hundred dollars which we consider ample consideration for the position and recommend that the salary be fixed at that sum. Though the business of this department has greatly increased and the duties thereof have become much more responsible since 1884, when the salary of the City Attorney was fixed at forty-two hundred dollars, there has been no increase in the salary, but as already stated the increase was made in the salary of the First Assistant in the year 1888. The newly appointed City Attorney has been faithfully and satisfactorily performing the duties of this department during the past year and has become conversant with the work therein and we recommend that the salary of the City Attorney be fixed at forty-five hundred dollars for the ensuing year. The above changes have placed the expenses of this department at a sum five hundred dollars less than under the old policy, and we consider that this change after a thorough consideration, will secure better results therein.

We, therefore, recommend that the resolution accompanying this report relating to this department be adopted.

All of which is respectfully submitted,

D. W. FORSYTH,
MERTON E. LEWIS,
HENRY G. COOK,
CHARLES S. COOK,
Law Committee.

By the Clerk—

ROCHESTER, April 23, 1892.

To the Honorable, the Common Council of the City of Rochester :

GENTLEMEN:—The Rochester Turnverein begs leave to invite your honorable body to a gymnastic exhibition to take place at Germania hall, Monday evening, May 9. The same having been arranged with the view of producing the system practiced in the schools of the society to commend physical culture as a part of the educational system of our public schools should be of some interest for our advocates of a reasonable training of mind and body, especially those elected the guardians of the public welfare by the votes of the people.

Hoping to see the members of your honorable body present on the occasion, we remain,

Very respectfully yours,

COMMITTEE.

Ald. C. S. Cook moved that the communication be received, filed and published and that the invitation be accepted.

FINANCE ESTIMATE.

To the Board of Education:

GENTLEMEN:—Your finance committee has made the necessary estimates of money to be raised by the Common Council for the support of the public schools for the current fiscal year, ending March 31st, 1893, and hereby submit the same for your action.

The chairman of the various committees have submitted in detail the items comprising these amounts.

During the ensuing year your board will absolutely need all the money that is asked for, and even more could be used to advantage in the economical management of the public schools. The total amount asked for is less by (\$10,000) ten thousand dollars than was appropriated last year, notwithstanding a large increase (over 1200) of pupils.

The estimates are based on very careful and conservative calculations of our actual necessities for the year.

The several committees having charge of these funds, and their expenditure have expressed a determination to enforce strict business principles in all their outlays and liabilities.

The public is not unmindful of the annual growth of school system which naturally demands increased expenses from year to year. We have, in making the following estimate taken into consideration the balances now on hand, the amounts which will probably be received from the state, and probable receipts from all other sources. The following amounts are required from the city:

Building Fund.....	\$ 50,000 00
Repair Fund.....	15,000 00
Library Fund.....	3,000 00
Teachers Fund.....	183,309 00
Contingent Fund.....	105,605 00

Total.....\$ 356,914 00

The latter being made up as follows:

Salaries.....	\$34,183 00
Printing.....	2,600 00
Fuel and Fire Fixtures.....	35,656 00
Text Books for Indigent Pupils.....	3,000 00

Miscellaneous Fund.....	4,172 00
Supplies.....	25,000 00
Free Academy.....	1,000 00

Total.....\$ 105,605 00
 Annexed hereto is the verified statement of enrolled pupils:

We, therefore, offer the following:
 Resolved—That this board does hereby determine and certify, pursuant to the requirements of the city charter, that the foregoing sums aggregating \$356,914 are necessary and proper to be raised by said Common Council for the several purposes above mentioned in support of the public schools of this city for the current year ending March 31st, 1893.

Respectfully submitted,
 EDWIN B. CHAPIN,
 EDWARD WILSON,
 H. F. REMINGTON,
 CHARLES GOETZMANN,
 Finance Committee.

Adopted—All ayes.
 The following is the sworn statement of the enrolled pupils referred to in the foregoing estimate and required by sub-division 6, of section 129, of the city charter, as amended by chapter 190, of the laws of 1892:

STATE OF NEW YORK,)

By the Clerk—
 To the Honorable, the Common Council of the City of Rochester:

The undersigned city assessors of the City of Rochester, respectfully represent to your honorable body, that the work of the city assessors has for some time past been increasing, while the force in the office has remained the same; that an unusual amount of work devolves upon them at this time of the year in the discharge of their duties, and that a proper execution of the same demand that some relief in the way of additional help should be granted to them, and to that end the undersigned would earnestly petition your honorable body to furnish them with such additional help in the office, as in your judgment, circumstances require, and the public interest demands.

The undersigned, in addition to the relief above desired, earnestly petition your honorable body to make some allowance to them for horse and carriage hire.

Respectfully submitted,
 JACOB GERLING,
 M. J. MAHER,
 H. C. MUNN,
 per A. B. Assessors.

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, and they hereby judge that the public good requires the same to be done, viz:

The opening of a street forty (40) feet in width, from Miller street to North avenue, the north line of which is described as follows: Beginning at a point in the west line of Miller street, seven (7) feet north of the north line of lands supposed to belong to Fritz Rammer-Kam; thence westerly in a direct line to the northeast corner of land supposed to belong to Charles T. Weillhammer; thence still westerly along the north line of said Weillhammer's land, to the northwest corner thereof, at the east line of North avenue. The territory deemed

necessary to be taken for said street, is a strip of land forty (40) feet in width lying on the south side of and adjoining the above described north line, and extending from Miller street to North avenue.

And the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

All the lots and parcels of land on each side of and adjoining the proposed street, from Miller street to North avenue, as they exist at the date of the passage of this ordinance.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, Calihan, Zimmer, Adams, Lempert, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Forsyth, Bierbrauer—16.

FINAL ORDINANCE, NO. 4,798.

BRIDGE ACROSS GENESEE RIVER AT CLARISSA STREET.

On motion of Ald. Simmelink, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a bridge across the Genesee river at Clarissa street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a riveted wrought iron or steel bridge across the Genesee river, at Clarissa street, upon the abutment and piers now existing, but to be remodeled to carry the new bridge from the west abutment of said bridge, across the opening left by the recent fall of the westerly span, to the first pier; thence across the two next openings now spanned by the remains of the old cast iron bridge, to the westerly end of the portion of the bridge recently newly constructed by the Rochester & Honeoye Valley Railroad or its representatives, the Lehigh Valley Railroad. The bridge shall be of the same width as the old bridge, with two trusses placed so that projecting sidewalks may be attached in the future, when it may be deemed advisable to make the bridge as wide as the street. The floor beams to be of iron to avoid the expense of continual repairs. The whole bridge to be constructed strong enough to carry city traffic, that is with the trusses proportioned to carry a load equal to one-hundred pounds upon each square foot of floor, and with the floor to carry a fifteen ton steam roller.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$50,000, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be paid from the public treasury of the city by the City Treasurer upon orders drawn pursuant to the future direction of this Common Council, and that the bonds of the city be issued and sold as provided in and by the provisions of chapter — of the laws of 1892, as may hereafter from time to time be directed by this Common Council to obtain the necessary sums to pay for said bridge.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Forsyth, Bierbrauer—17.

FINAL ORDINANCE, NO. 4,799.

REPORT OF STANDING COMMITTEES.

By Ald. Forsyth—

To the Honorable, the Common Council, of the City of Rochester:

GENTLEMEN:—Your Law Committee begs leave to submit the following report:

In the matter of the communication of the First Assistant City Attorney in regard to the printing of the charter now under revision by him, we recommend that a resolution be adopted by this Common Council, authorizing the chairman of the Law Committee to advertise for bids for the printing and publication of five hundred copies of said charter and empowering him to enter into a contract with the lowest responsible bidder for such work.

Respectfully submitted,

D. W. FORSYTH,
MERTON E. LEWIS,
HENRY G. COOK,
CHARLES S. COOK,
WILLIAM H. TRACY,
Law Committee.

Ordered received, filed and published.

By Ald. Forsyth—Resolved, That the chairman of the Law Committee be, and he hereby is, authorized to advertise for bids for the printing and publication of five hundred copies of the charter now under revision by the First Assistant City Attorney, and that he be authorized and empowered to enter into a contract with the lowest responsible bidder for the printing and publication thereof; the terms and conditions of said contract to be in the discretion of said chairman.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, Cook, C. S., Zimmer, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelinck, Lewis, Forsyth, Bierbrauer—18.

Ald. Cook, from the Police Committee. Ald. Callhan from the City Property Committee. Ald. Zimmer from the Contingent Expense Committee. Ald. Adams from the Lamp Committee. Ald. Lempert from the Health Committee, and Ald. Wurtz from the Poor Committee, reported in favor of the various bills referred to their respective committees and referred them to the Auditor and Finance Committee for payment.

By Ald. Lewis—

To the Honorable, the Common Council.

GENTLEMEN:—Your Finance Committee begs leave to make the following report, upon various matters which have come before it for consideration:

The Committee has received proposals for the city's bank account for the ensuing year, from the Commercial, Central, German American and Traders National banks. These banks are all willing to pay interest upon the city's deposits at the rate of four per cent. per annum, to be computed upon the daily balances, and are further willing to enter into an agreement to loan to the city at any time on the city's notes, such sums of money as the city may need. During the past year the city has received but two per cent. per annum for its money, and your committee feels that

in accepting these propositions, the city is making the best possible arrangements in reference to its funds, which are required to be deposited in banks, and, therefore, recommend that the resolution designating such banks, herewith annexed, be adopted.

In the matter of the communication of the City Assessors calling the attention of the Common Council to the necessity for additional help in their office, the committee has carefully considered the existing condition of affairs in the Assessors' office, and has heard Mr. Henry C. Munn, one of the Assessors, upon the necessity for more help. The committee finds that owing to the increased work put upon the City Assessors' office, numerous local assessment rolls, which should properly have been in the Treasurer's hands for collection, are still unfinished in the Assessors' office. That the work of the Assessors has been, and will continue to be very arduous, and that the amount of help employed in the office is inadequate to meet the requirements of the office. The City Assessors have been compelled to give a large amount of their time to office work, which could quite as properly have been done by clerks, and had a larger force of clerks been employed, the Assessors might have been able to go over the territory in making up the assessment roll more carefully, and would undoubtedly have been able to increase the assessed valuation of the city very materially. It is probable that the City Assessors would have discovered and put upon the tax rolls a larger amount of personal property than the rolls now contain. In making up the roll it is necessary that the Assessors go through every street in the city and also necessary for them to carry with them the large assessment rolls, upon which to make the entries and changes. This requires the use of a horse and wagon to get about. The Assessor's salary has already been fixed at three thousand dollars, which included clerk hire. Your committee is convinced that this is not sufficient to employ the necessary help in the office, and is not sufficient to enable the Assessors to pay for the use of a horse and wagon.

After the adoption of the act creating twenty wards, a large amount of work was compelled to be done a second time, and it seems that an arrangement was made with the clerical force, by which they should work over time. The Assessors are now indebted to the clerks in the office to the amount of about three hundred dollars. For the purpose of meeting that indebtedness, and for the purpose of providing an additional clerk in the office, and paying the expense of hiring a horse and wagon with which to drive about the city in making the assessments, your committee has decided to recommend an allowance to the City Assessors of eighteen hundred dollars. It is believed that with this additional allowance for clerk hire, and to hire a horse and carriage, the work of the City Assessors' office can be expedited, and the local assessment rolls in arrears can be completed at an early day.

Your committee, therefore, recommends the adoption of the accompanying resolution, providing for the payment of eighteen hundred dollars for an additional clerk, horse and carriage hire and compensation to the present clerical force for working over time.

Your committee has been informed that Mr. John Bower, who has heretofore made monthly examinations of the condition of the City Treasurer's office, has notified the City Treasurer that his contract with the city has expired. Your committee recommends that it be empowered to enter into a new contract, either with Mr. Bower or some other suitable and competent person to make monthly examinations of the City Treasurer's office, and reports thereon to the Common Council, at an annual expense not to exceed two hundred

and fifty dollars, the amount heretofore paid to Mr. Bower, and recommends that the accompanying resolution to that effect be adopted.

All of which is respectfully submitted.

MERTON E. LEWIS,
MAHLON B. ADAMS,
HENRY G. COOK,
ALVIN H. DEWEY,
J. MILLER KELLY.

Finance Committee.

Dated, May 17th, 1892.

Ordered received, filed and published.

By Ald. Lewis—Resolved, That the resolution adopted March 10, 1891, and published on page 535, Common Council proceedings for the year 1890-91, designating the Central Bank of Rochester, the Traders National Bank of Rochester, and the German American Bank of Rochester, as the banks in which the City Treasurer should deposit the city's moneys during the year beginning August 1st, 1891, be, and the same is hereby re-considered.

Adopted.

By Ald. Lewis—Resolved, That the resolution adopted March 10th, 1891, published on page 535 Common Council proceedings for the year 1890-91, designating the banks of deposit of this city of Rochester, re-considered at this meeting be, and the same is hereby indefinitely postponed.

Adopted.

By Ald. Lewis—Resolved, That the Central Bank of Rochester, the Traders National Bank of Rochester, the German-American Bank of Rochester and the Commercial Bank of Rochester be, and they hereby are, designated as the banks in which the City Treasurer shall deposit the moneys received by him belonging to the city during the year beginning June 1st, 1892, except such as is, or may hereafter, be otherwise directed or required to be deposited, and that the Mayor be, and he hereby is, directed to enter into contracts with the said banks respectively therefor, each of which contracts shall provide, in substance, that the contracting banks shall pay and allow upon the moneys so deposited with it during said year interest at the rate of four per cent. per annum upon the daily balances of said moneys; the amount of such interest payments to be credited to the account of said city monthly, and that said contracting bank shall be entitled to receive one-fourth of all moneys received by said Treasurer belonging to the city during said contract year, except such as is, or may hereafter be otherwise deposited, as aforesaid, and said contract shall also provide that the contracting bank shall, at such time, and in such sums, whenever required by said Treasurer or this Common Council, but in the aggregate not exceeding one hundred and fifty thousand dollars, loan moneys to the city, during said contract year, all loans to be at the current rate of discount, but at no time at a rate greater than six per cent. per annum, and such contract shall be operative only in case of the bank or banks so contracting shall deliver to the Finance Committee of this Common Council, a bond or undertaking in writing, signed by two sureties, to secure the performance of the terms of said contract by said bank, and to secure the city against loss by reason of any of said deposits; the penalty of the bond to be in the sum of one hundred and twenty-five thousand dollars, and the form of the bond or undertaking to be approved by said committee and the City Attorney, and the sufficiency of the sureties to be approved by said committee.

Adopted by the following vote:

Alds. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—19.

By Ald. Lewis—Resolved, That the sum of eighteen hundred dollars be, and the same is hereby fixed as an allowance for clerk and carriage hire in the City Assessors' office for the ensuing year, out of which the City Assessors are also directed to pay any moneys owing by them to the present clerical force of the City Assessors' office, for work done outside of the regular hours. The said moneys to be paid to the City Assessors in equal monthly installments, upon the order of this Common Council, in the same manner, and at the same times as the salaries of said assessors are now paid.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, Cook, H. G., Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—19.

By Ald. Lewis—Resolved, That the Finance Committee be, and is hereby authorized and empowered to enter into a contract with some suitable and competent person to make monthly examinations of the affairs of the City Treasurer's office and reports thereon to the Common Council, at a compensation not to exceed two hundred and fifty dollars per annum.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, Cook, C. S., Callihan, Zimmer, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, Cook, H. G., Pauckner, Kelly, Aikenhead, Simmelink, Lewis Forsyth, Bierbrauer—19.

By Ald. H. G. Cook—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—Your assessment committee begs leave to report upon the various matters referred to it, as follows:

The petition of Jabez H. Peterson shows that he is the owner of lot No. 2 of F. G. Worcester's subdivision of a portion of the Kelsey flats, so-called, and that the same has been assessed for sometime past with the adjoining lot, No. 22, as one piece of property, and to F. G. Worcester as owner. The petition further shows that both of said lots were sold together for unpaid taxes for the years 1881 to 1890, inclusive, and prays that an apportionment of said taxes and assessments against lot No. 2 be made, and that the petitioner be allowed to redeem said lot by paying the amount of the taxes and assessments against said lot No. 2 with interest at six per cent. We, recommend that the petitioner be allowed to pay the taxes and assessments against said lot owned by him with interest at six per cent. as is provided in the accompanying resolution.

In the matter of the Hargous Memorial Hahnemann Hospital praying for the cancellation of the city taxes for 1891 against the property of said hospital on Oakland street, we find that said hospital was incorporated in the year 1889 under chapter 95 of the laws of 1889; that the conveyance of the property to the hospital was made January 28, 1891. By section 4 of the act under which the hospital is incorporated, it is exempt from taxes upon its real and personal property, upon complying with the provisions therein specified. Your committee has received proof that said hospital comes within the provisions of said section, so as to entitle it to the exemption, and, therefore, recommends that the petition be granted.

The petition of George Neun asking to be relieved from an assessment for St. Joseph street improvement against lot 36, on the west side of said street, has been considered by your committee, and we find that the improvement referred to did not extend in front of lot 36, and that said lot should not be assessed therefor, and we, accordingly, recommend that the assessment against said lot 36 be cancelled.

In the matter of the petition of Ann J. Motley, as executrix of the estate of George Motley, deceased, praying for the cancellation of an assessment for a personal tax for the year 1891 amounting to \$67.45 against the said estate, we find that all of the personal property left by said George Motley was divided among the persons entitled to the same in April, 1888, and therefore, recommend that the petition be granted.

The petition of Joseph Miller shows that he is the owner of property on the corner of Campbell and Orchard streets, against which there appears to be an unpaid city tax for the year 1865, amounting to \$9.70. After hearing the parties interested, we have concluded to recommend that the petitioner be allowed to pay the sum of \$9.70 in full of said unpaid tax.

In the matter of the petition of John H. Foley, praying that certain taxes, assessments and water rates against property on the west side of Henion place be remitted, upon the ground that the same were paid by mistake, we find, that the time within which said property might be sold for said taxes has passed, and, therefore, recommend that the petition be denied.

The petition of E. A. Woodward, by George A. Lent, his agent, asks to have set aside a sale of certain premises owned by the petitioner, and known as lot F. & E., on the south side of Fremont street, which was sold for the city tax for 1888, upon the ground that said tax had been paid previous to said sale by the petitioner, and, as evidence of such payment, the petitioner presents an alleged receipt for said taxes, purporting to be signed by the city treasurer. Upon an examination of the matter, we find that there is no evidence of the payment of said taxes upon the books of the city treasurer, and

that said alleged receipt was not signed by any person in the employ of the city, and was not signed with the official stamp, as is the practice in receipting for taxes, etc., and we, therefore, recommend that the petition be denied.

The petition of Toby Meyer prays for a rebate of \$19.64 on an assessment for Goodman street sewer, paid by the petitioner, upon the ground that, being about to purchase property on the north side of Goodman street, at the corner of East avenue, the petitioner called upon the city assessors and received a certificate apportioning the amount of the assessment on that portion of the property which the petitioner was expecting to purchase, and that said certificate apportioned \$30.36 as the amount to be paid by the petitioner. The city treasurer's receipt shows that the petitioner paid the sum of \$50.00 on account of said improvement. Upon an examination, however, we find that said certificate was not filed with the city treasurer and that the city treasurer divided the property into three parts, the portion purchased by the petitioner being charged with \$50.00 of the total assessment, and each of the other parts being charged with \$25.57. We, therefore, recommend that the petition be denied.

In the matter of the petition of Frank Ritter praying for the correction of an assessment for the Medina stone improvement, we find that an allowance has been made for all of the old material on said street, and, therefore, recommend that the petition be denied.

In the matter of the petition of Samuel Moulson praying for a rebate of \$17.75 for water rates paid against property situated at No. 3 Weeger street, we find that said water rates were erroneously paid by the petitioner, and we recommend that he be allowed a rebate of \$15.58 on account thereof.

In a matter of the confirmation of the assessment roll for the opening of a street from Meigs street to Averill avenue, your committee begs leave to say that it has heard the parties interested for and against said confirmation, and has thoroughly considered the matter, and recommend that a new assessment be made.

Respectfully submitted,

HENRY G. COOK
JULIUS WURTZ,
JAMES JOHNSTON,
C. W. ZIMMER.
JOSEPH BIERBRAUER
Assessment Committee.

By Ald. H. G. Cook—Resolved, That Jabez H. Peterson be, and he hereby is, allowed to pay the taxes and assessments, with the costs and expenses of sale, against his property known as lot No. 2, Francis G. Worcester's subdivision of a portion of Kelsey's flats, so-called; said lot being situated on the west side of Redfield street, and, to that end, that the city assessors prepare a certificate apportioning said taxes, etc., against said lot, and that upon the presentation of such certificate, the city treasurer be, and he hereby is, directed to receive the amount of said taxes, assessments, etc., so apportioned against said lot, with interest at six per cent., and charge the balance of said taxes, assessments, etc., against lot 22, with which lot No. 2 was assessed.

Adopted by the following vote:

Ayes—Alds. McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelley, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer.—19.

By Ald. H. G. Cook—Resolved, That the city treasurer be, and he hereby is, directed to cancel a tax, amounting to \$259.67, for the year 1891, together with the interest and fees, against the property of the Hargous Memorial Hahnemann Hospital, situated on Oakland street, and charge the amount so cancelled to erroneous assessments.

Adopted by the following vote:

Ayes—Alds. McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston,

Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer.—19.

By Ald. H. G. Cook—Resolved, That the city treasurer be, and he hereby is, directed to cancel a personal tax of \$65.47 for the year 1891, against the estate of George Motley, deceased, of which Ann J. Motley is executrix, and that he charge the amount of said tax to erroneous assessments.

Adopted by the following vote:

Ayes—Alds. McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer.—19.

By Ald. H. G. Cook—Resolved, That the treasurer be, and he hereby is, directed to receive the sum of \$9.70 in full, without interest, of the general city taxes for 1865, against property on the corner of Campbell and Orchard streets, assessed to Ann Keenan, and that he charge any interest on said unpaid tax to erroneous assessments.

Adopted.

By Ald. H. G. Cook—Resolved, That the petition of E. A. Woodward, praying that the tax sale be set aside of lot F. and E., on the south side of Tremont street sold for the unpaid taxes of 1888 to Mrs. Seymour, be, and the same hereby is, denied.

Adopted.

By Ald. H. G. Cook—Resolved, That the petition of Toby Meyer asking for a rebate of \$19.64 on an assessment for Goodman street stone sewer, paid by him, be, and the same hereby is, denied.

Adopted.

By Ald. H. G. Cook—Resolved, That the petition of Frank Ritter praying for a correction of an assessment for Mumford street Medina stone improvement against property owned by the petitioner be, and the same hereby is, denied.

Adopted.

By Ald. H. G. Cook—Resolved, That the city clerk be, and he hereby is, directed to draw an order on the city treasurer payable out of the contingent fund in favor of Samuel Moulson for the sum of \$15.58, being the amount of water-rates erroneously paid by him to the city treasurer, and that the treasurer charge the amount thereof to the water works fund.

Adopted by the following vote:

Ayes—Alds. McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer.—19.

STATE OF NEW YORK, County of Monroe, City of Rochester, ss:

I, B. Frank Enos, Police Clerk of said city being duly sworn, doth depose and say that the foregoing report contains a true and correct statement of all the moneys received by me as such clerk during the month of April, 1892, for fines, penalties and costs imposed by the Police Justice of said city. Also for moneys received for the Police Pension Fund, and for services rendered the County of Monroe, etc.

B. FRANK ENOS, Clerk.

Sworn to before me this 5th day of May, 1892.

B. KEELER, Com. of Deeds.

Ordered received, filed and published.
By the Clerk—
To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—On February 16, 1892, James H. Hooker recovered a judgment against the city for \$950 damages and \$132.16 costs. I recommend that the same be paid.

Respectfully,
CHARLES B. ERNST,
City Attorney.

Ordered received, filed and published and referred to the Law Committee.

ROCHESTER, N. Y., May 17, 1892.

By the Clerk—
To the Common Council of the City of Rochester.

GENTLEMEN:—By a communication addressed to you on the 25th day of April, 1892, we called your attention to the fact that on the 15th day of April, 1892, Berintha Hooper recovered against the city a judgment in an action wherein she was plaintiff and the city of Rochester defendant, for the sum of \$903 damages and \$139.84 costs, in all \$1,039.84.

We understand that our communication reached you, but by some inadvertence was not referred to the proper committee. We desire to again call your attention to the matter, in order that you may take steps looking to the prompt settlement of the judgment, as our clients in pressing need of the money, and she must have it as soon as possible.

The amount now due upon the judgment is \$1,039.84, with interest from the 15th day of April 1892.

Yours respectfully,

BACON, BRIGGS & BECKLEY,
Plaintiff's Attorneys.

Ordered received, filed and published and referred to the Law Committee.

By the Clerk—

OFFICE OF EXECUTIVE BOARD, }
ROCHESTER, May 17, 1892. }

To the Common Council:

GENTLEMEN:—The Executive Board would respectfully call your attention to the necessity of permanently improving Franklin street, from East Main street to St. Paul; Central avenue, from North St. Paul to North street, and Andrews street, from North St. Paul to North street. The roadways of Franklin and Andrews streets were constructed of Macadam spread upon the earth without any foundation or means of sustaining the pavement of small stone, and the result has been that both streets have had to be re-surfaced every year and sometimes those repairs were made very extensive as well as expensive, in order to render them suitable for travel or public use; and this expense has been paid from the general fund and consequently a tax upon the whole property of the city. Central avenue from North St. Paul street to Clinton street, may be properly improved by relaying the pavement and providing new material where necessary. From Clinton street to North street the roadway like Andrews and Franklin streets needs new and permanent improvement.

The Executive board, therefore, in view of what owners of property on other streets have had to sustain in the way of local taxation for permanent improvements, and as a matter of equity and justice to every taxpayer, recommend that your honorable body instruct the city surveyor to prepare ordinances for permanent improvement of the above named thoroughfares.

Respectfully,

THOS. J. NEVILLE, Clerk.

Ordered received, filed and published and referred to Improvement Committee to report back in two weeks.

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, May 17, 1892. }

To the Honorable Common Council:

GENTLEMEN:—The Executive Board has inspected the streets in the Gardner Homestead Tract Association, known as Gardner Avenue, Fillmore Avenue and Morton Avenue; and begs leave to report that all conditions have been complied with, and recommend that said streets be accepted as public highways.

Respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.

OFFICE OF EXECUTIVE BOARD, }
ROCHESTER, N. Y., May 17, 1892. }

To the Honorable, the Common Council of the City of Rochester.

GENTLEMEN:—The Executive Board has inspected the streets in the Monroe Avenue Homestead Association, known as Shepard street, Rosedale avenue, Alliance avenue, Rosedale place and Adelaide park; and begs leave to report that all conditions have been complied with, and recommend that said streets be accepted as public highways.

Respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Simmellink—Resolved, That the dedication of Gardiner avenue, Filmore avenue, Morton avenue, Shepard street, Rosedale avenue, Alliance avenue, Rosedale Place, Adelaide Park, as mentioned in the foregoing communication of the Executive Board be, and the same hereby are accepted, and the Clerk is hereby directed to enter the names of said streets in the public street register kept by him, and said Executive Board is hereby instructed to place the usual street signs where needed at the corners of said streets,

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan C. S. Cook, Caliban, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey H. G., Cook, Pauckner, Kelly, Aikenhead, Simmellink, Lewis, Forsyth, Bierbrauer—20.

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, May 17, 1892. }

To the Common Council:

GENTLEMEN: The Executive Board has inspected the street known as Marvin street, and begs leave to report that all requirements have been complied with necessary to make a public highway, and recommend the acceptance of the same.

Respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Simmellink—Resolved, That the dedication of Marvin street as mentioned in the Executive Board be, and the same is accepted, and the clerk is hereby directed to enter the name of said street in the public street register kept by him, and said Executive Board is hereby instructed to place the usual street signs where needed at the corners of said Marvin street.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

MACADAM PAVEMENT ON PLYMOUTH AVENUE.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Plymouth avenue.

Adopted.

The Surveyor submitted as such estimate, \$45,000.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The improvement of Plymouth avenue, from the north end of the bridge over the Western New York & Pennsylvania Railroad, near Clarissa street to Spring street, by the construction of a Macadam pavement of Le Roy lime or flint rock, with proper foundation and with surface metal cemented with paving asphalt or some other suitable cementing material therein, with a line of Medina stone curb and gutter on each side thereof, properly connected with all lateral streets, alleys and driveways; also a line of stone coping around the circumference of Plymouth park, with the width of main roadway between curb lines to be generally the same as now exists; also the construction of all necessary cross walks, cross walk extensions, main sewers, service sewers, man holes, lot laterals, water and gas services, and the cleaning of the main sewers in the street if found necessary.

And Whereas, the City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$45,000, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Plymouth avenue, from the bridge over the Western New York & Pennsylvania Railroad, near Clarissa street to Spring street, in proportion to the benefit each will derive therefrom.

Adopted.

BRICK PAVEMENT IN PARK AVENUE.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Park avenue.

Adopted.

The Surveyor submitted as such estimate, \$9,000.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The improvement of Park avenue, from Alexander street to Meigs street, by constructing a brick pavement therein with a line of Medina stone curb on each side thereof, properly connected with all lateral streets, alleys and driveways. Width of main roadway between curbs to be generally 29 feet. Also the construction of all necessary cross walks, surface sewers, manholes, lot laterals, water and gas services, and the cleaning of the main sewer in the street if found to be necessary.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$9,000, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Park avenue, from Alexander street to Meigs street, in proportion to the benefit which each will derive therefrom.

Adopted.

WIDENING OF BELMONT PARK.

By Ald. Simmelink—Resolved, That the following improvement is necessary, and we hereby judge that the public good requires the same to be done, viz:

The widening of Belmont Park 10 feet on the west side thereof, from East Main street to Grove street. The territory deemed necessary to be taken therefor, is a strip of land 10 feet in width lying on the west side of and adjoining the west line of Belmont park, and extending from East Main street to Grove street.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

All the lots and parcels of land on each side of Belmont park, from East Main street to Grove street, in proportion to the benefit each will derive therefrom.

Adopted.

ASPHALT PAVEMENT IN PARK AVENUE.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Park avenue.

Adopted.

The Surveyor submitted as such estimate, \$10,500.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The improvement of Park avenue from Alexander street to Meigs street, by the construction of an asphalt pavement therein, with a line of Medina stone curb on each side thereof, properly connected with all lateral streets, alleys and driveways. Width of main roadway to be generally 29 feet. Also the construction of all necessary lot laterals, manholes, surface sewers, water services and water gate boxes, and the cleaning of the main sewer in the street if found to be necessary.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$10,500, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Park avenue, from Alexander street to Meigs street, in proportion to the benefit which each will derive therefrom.

Adopted.

PORTLAND CEMENT WALK ON COMFORT STREET.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a Portland cement walk on Comfort street and Alexander park.

Adopted.

The Surveyor submitted as such estimate, \$115.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The construction of a Portland cement walk 5 feet in width in front of the lot on the southeast corner of Comfort street and Alexander park; also a Portland cement walk 4 feet wide on the side of said lot on Alexander park.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$115, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

The lot on the southeast corner of Comfort street and Alexander park, in proportion to the benefit which each will derive therefrom.

Adopted.

WALK, CURB AND GUTTER ON WARD PARK.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Ward park.

Adopted.

The Surveyor submitted as such estimate, \$2,400.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The improvement of Ward park, from the north end thereof to Ward street, by setting a line of Medina stone curb and gutter on each side thereof, properly connected with all lateral streets, alleys and driveways. Width of main roadway between curbs to be 18 feet. Also the construction of a Portland cement walk 4 feet wide on each side of the street, between the limits mentioned, except where good flag or cement walks now exist, but such walks shall be relaid if not conforming to the proper grade and alignment. Also the construction of the necessary surface sewers and crosswalks.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$2,400, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Ward park, from the north end thereof to Ward street, in proportion to the benefit which each will derive therefrom.

Adopted.

PLANK WALK ON EMERSON STREET.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a plank walk on Emerson street.

Adopted.

The Surveyor submitted as such estimate, \$1,600.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The improvement of Emerson street, from Thrush street to the city line, by the construction of a pine plank walk 4 feet in width on each side thereof, except where good walks at least 4 feet in width now exist, but such walks shall be relaid if not conforming to the proper grade and alignment. Also the construction of the necessary cross walks.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$1,600, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Emerson street, from Thrush street to the city line, in proportion to the benefit which each will derive therefrom.

Adopted.

PIPE SEWER IN AUGUSTA STREET.

By Ald. Ward—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Augusta street.

Adopted.

The Surveyor submitted as such estimate, \$950.

By Ald. Ward—Resolved, That the following improvement is necessary, viz:

The construction of a vitrified pipe sewer, 12 inches in diameter in Augusta street, from a point 22 feet east of the west end thereof to the sewer in Union street. Also the construction of the necessary manholes, surface sewers, lot laterals and branches.

And Whereas, the City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$950, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

Ald. Kelly nominated Henry Shelter as a special commissioner for the Jay street assessment.

Henry Shelter was named by

Alds. McMillan, Calihan, Zimmer, Adams, Foz, Johnston, Wurtz, Ward, Dewey, Cook, H. G., Pauckner, Kelly, Aikenhead, Simmelinck, Lewis, Forsyth, Bierbrauer—17.

Henry Shelter was declared appointed special commissioner for the Jay street assessment.

Ald. Kelly nominated William Wolz as special commissioner for the Jay street assessment.

William Wolz was named by—

Alds. McMillan, Calihan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Aikenhead, Simmelinck, Lewis, Forsyth, Bierbrauer—17.

William Wolz was declared appointed special commissioner for the Jay street assessment.

By Ald. Cook—Petition for the sprinkling of Alexander park during the season of 1892. Referred to surveyor to prepare an ordinance.

By Ald. Pauckner—Petitions for water mains on Pinnacle avenue. Referred to Water Works Committee and Executive Board.

By Ald. Pauckner—Resolved, That the City Surveyor be and is hereby requested to prepare and submit to this Board for adoption an ordinance for the extension of La Burnam Crescent sewer on Monroe Avenue from the man hole at its easterly terminus in said avenue eastward to and into the Shepard street sewer in said avenue.

Adopted.

By Ald. Pauckner—Resolved, That the Rochester Electric Co., be and hereby are requested to place the light at No. 11 Sanford upon a crane.

Adopted.

By Ald. Pauckner—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—The undersigned owners of lands fronting on Alliance and Rosedale avenues, Rosedale Place and Adelaide Park, in what is known as the Monroe Avenue Homestead Association Tract, in the city of Rochester, respectfully request permission to extend the water mains through said avenues, Rosedale Place and Adelaide Park, and connect them with the city

water supply. The Water Committee have allowed \$4,500 towards laying the mains, and we will pay the difference, said money advanced by us to be refunded to us by the city at its pleasure, without interest, said extensions to be made under the direction of the Executive Board. The Engineer of the Water Works estimates the expense of same in the neighborhood of \$7,500. Deducting \$4,500 from this amount would leave \$3,000 to be advanced by us.

HENRY F. MARKS,

President Monroe Avenue Homestead Ass'n.

By Alderman Pauckner—Resolved, That permission be and it is hereby granted to the Monroe Avenue Homestead Association, to extend water mains in Rosedale and Alliance avenues, Rosedale Place and Adelaide Park, under the direction of the Executive Board, the expense thereof to be paid by said association, and to be refunded to said association at the pleasure of the city without interest.

Adopted by the following vote:

Alds. McMillan, C. S. Cook, Zimmer, Adams, Johnson, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelinck, Lewis, Forsyth, Bierbrauer—16.

Ald. Kelly moved that the Assessment Committee confer with the special commissioners of the Lyell Avenue and Saxton street sewer with reference to a proper assessment thereof and report back to the Board.

Adopted.

By Ald. Aikenhead—Petition of Wilbar L. Bishop for appointment as commissioner of deeds. Referred to Law Committee.

Also petition of Frederick C. Young to erect a wood building. Granted.

By Ald. Simmelinck—Offer of the North Avenue and Randolph Homestead Association et al., to dedicate as public streets, Chapin street, Grafton street, Oneida street and Randolph street in the city of Rochester. Referred to Executive Board.

Also offer of Jackson Homestead Association et al., to dedicate as public streets, Syvester street, Evans street and Jackson street in the city of Rochester. Referred to the Executive Board.

By the Clerk:—

To the Honorable, the Common Council of the City of Rochester, N. Y.:

GENTLEMEN: The undersigned owners of lands fronting on Winterroth, Hebard and Cummings streets in what is known as the Goodman Street Association Tract in the Eighteenth ward in the city of Rochester, respectfully request permission to extend the water mains through such streets, and connect them with the city water supply; the said extensions to be made under the direction of the Executive Board, the expense thereof to be advanced by us, and such moneys as may be advanced to be refunded to us by the city at its pleasure, without interest.

Dated May 16th, 1892.

GOODMAN STREET HOMESTEAD ASS'N.,

E. H. PALMER, Pres.

Ordered received, filed and published.

By Ald. Lewis—Resolved, That permission be and it is hereby granted to the Goodman Street Homestead Association to extend water mains in Winterroth, Hebard and Cummings streets, the expense thereof to be paid by said association; the work to be done under the direction of the Executive Board. The moneys so advanced to be repaid to said association at the pleasure of the city, without interest.

Adopted by the following vote:

Ayes—Alds. McMillan, C. S. Cook, Zimmer, Adams, Lempert, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelinck, Lewis, Forsyth, Bierbrauer—17.

By Ald. Lewis—Resolved, That the City Clerk be and he is hereby directed to draw an order

upon the City Treasurer in favor of Merton E. Lewis for the sum of ninety-eight dollars and seventy-six cents, being for the expenses of select committee appointed by this council in May 3, to New York and Boston in relation to the sale of the East Side sewer and other bonds, and that the Treasurer pay said order out of the contingent fund.

Adopted by the following vote:

Ald. McMillan, Zimmer, Adams, Lempert, Johnston, Wurtz, Ward, Dewey, Pauckner, Kelly, Aikenhead, Simmelinck, Lewis, Forsyth, Bierbrauer—15.

By Ald. Forsyth—Offer of Hawthorn Terrace to dedicate as public streets a part of Bronson avenue and Wellington avenue. Referred to Executive Board

 By Ald. Forsyth—

To the Honorable, the Common Council, of the City of Rochester:

GENTLEMEN:—YOUR Law Committee begs leave to submit the following report:

In the matter of the judgment of Berintha Hooper against the City of Rochester, referred to this committee, we find that on May 15th, 1892, a judgment was recovered against the city for the sum of \$900.00 damages, and \$139.84 costs,

making a total of \$1,039.84, and that no appeal has been taken from said judgment; that the damages recovered are for sewage pollution, and no questions of law arise in the case, and we, therefore, recommend that said judgment, with interest from April 15th, 1892 be paid.

In the matter of the judgment of James H. Hooker against the City of Rochester, recovered on the 16th day of February, 1892, for damages suffered by sewer pollution, amounting to \$950.00 damages, and costs \$132.16, making a total of \$1,082.16, we find that no questions of law are in the case to warrant an appeal, and, therefore, recommend that the judgment be paid.

In the matter of the judgment against the city for \$128.57 costs in the action of Avenell vs. the city, we find that the city attorney has not recommended an appeal within the time given by the code to do so, and as the only alternative for the city is to pay the costs, we recommend that the same be paid.

In the matter of the applications of Robert Wright, Gertie B. McCormic, Charles Mitzky, Wilbar L. Bishop and William H. Cook for appointment as Commissioners of Deeds, we recommend that the petitions for such appointments be granted.

Respectfully submitted,

D. W. FORSYTH,
MERTON E. LEWIS,
HENRY G. COOK,
CHARLES S. COOK,
WILLIAM H. TRACY,
Law Committee.

By Ald. Forsyth—Resolved, That upon the filing with the city attorney of a satisfaction of judgment and stipulation of discontinuance in the action of Berintha Hooper against the City of Rochester, the clerk be, and he hereby is, directed to draw an order on the city treasurer in favor of the plaintiff, or her attorneys, Messrs. Bacon, Briggs & Beckley, payable from the contingent fund, for the sum of \$900.00 damages and \$139.84 costs, amounting in all to \$1,039.84, with interest thereon from April 15th, 1892, to be computed to the date when said order is drawn, and the same to be in full of the judgment recovered in said action, and the treasurer is hereby directed to charge the same to the contingent fund.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Callahan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—20.

By Ald. Forsyth—Resolved, That upon the filing with the city attorney of a proper satisfaction of judgment in the case of James H. Hooker against The City of Rochester, the clerk be, and he hereby is, directed to draw an order upon the treasurer in favor of said plaintiff and his attorneys, J. & Q. Van Voorhis, Esqs., payable from the contingent fund, for the sum of \$950 dollars damages, and \$132.16 costs, making a total of \$1,082.16, with interest thereon from February 16th, 1892, and said treasurer is hereby directed to charge the same to the contingent fund.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Callahan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—20.

By Ald. Forsyth—Resolved, That upon the filing with the city attorney of a proper satisfaction of judgment in the case of Walter F. Avenell and another against the City of Rochester, the clerk be, and he hereby is, directed to draw an order upon the treasurer in favor of the plaintiff in said action, or their attorney, Norris Bull, Esq., payable from the contingent fund, one hundred and twenty-eight dollars and fifty-seven cents, with interest from April 14th, 1892, and said treasurer is hereby directed to charge the same to the contingent fund.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Callahan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—20.

By Ald. H. G. Cook—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—Your assessment committee begs leave to submit the following report on the matters referred to it by your honorable body.

In respect to the petition of Harriet M. Babcock asking to be allowed to pay an assessment of \$75.50 without interest against a part of lot 276 of the Rapids tract, said assessment being No. 1788 1-2, the ordinance for which was passed November 27th, 1874, and confirmed June 16th, 1875, we recommend that the petitioner be allowed to pay the amount of said assessment, to wit: \$75.50, without interest, as provided in the accompanying resolution.

We have examined into the facts set forth in the petition of William B. Levett praying for a correction of an assessment against his property situate on the corner of Marshall street and Clinton park, said assessment being for the widening of said Clinton park, and, after due consideration and hearing the parties interested, we recommend that the petition be denied.

In regard to the petition of the Hawthorn Terrace Building Lot Association paying for the cancellation of an assessment of \$80.58, for the construction of South York street pipe sewer, and of \$32.50 for the West Champlain street pipe sewer, upon the ground that the premises of the petitioner are wholly drained into the Saxton street outlet sewer, we recommend, upon the advice of the city assessors, that the prayer of the petitioner be denied.

We have also carefully examined into the petition of Peter Cullen asking for a correction of assessment against property on the corner of Comfort street and Pinnacle avenue for Comfort street Medina stone improvement, and, after due deliberation, we have reached the conclusion that justice requires that the petition be denied, and we so recommend.

Respectfully submitted,

HENRY G. COOK
JULIUS WURTZ,
C. W. ZIMMER,
JOSEPH BIERBRAUER

Assessment Committee.

By Ald. H. G. Cook—Resolved, That the City Treasurer be, and he hereby is, directed to receive, within thirty days from the passage of this resolution, from Harriet M. Babcock, the sum of seventy-five dollars and fifty cents in full of an unpaid assessment No. 1788 1-2, the ordinance for which was passed November 26th, 1874, and confirmed June 16, 1875, against part of lot 276 of the Rapids tract, purchased by Dr. Gland D. Babcock of Ebenezer Hawkins, and that said Treasurer charge the interest on said sum to erroneous assessments.

Adopted by the following vote:

Ald. Tracy, McMillan, C. S. Cook, Callahan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—20.

By Ald. H. G. Cook—Resolved, That the petition of William B. Levett, praying for a correction of an assessment against his property on the corner of Marshall street and Clinton park, for the widening of said Clinton park, be, and the same hereby is denied.

Adopted.

By Ald. H. G. Cook—Resolved, That the petition of the Hawthorne Terrace Building Lot Association, praying for the cancellation of an assessment of \$80.52 for the construction of South York street pipe sewer, and of \$32.50 for

the West Champlain street pipe sewer, be, and the same hereby is denied.

Adopted.
By Ald. H. G. Cook—Resolved, That the petition of Peter Cullen, asking for a correction of an assessment against property on the corner of Comfort street and Pinnacle avenue, for Comfort street Medina improvement, be, and the same, hereby is denied.

Adopted.
Ald. Zimmer, as chairman of the committee on Court Street Bridge, reported progress and asked for four weeks further time in which to make final report.

ROCHESTER, N. Y., May 16, 1892.
To the Honorable, the Common Council.

GENTLEMEN:—I would respectfully urge upon you the importance of taking immediate steps looking to the protection of the soldiers monument presented to the city yesterday. The grounds surrounding this beautiful shaft should be made as attractive as possible, including an appropriate fence near the base of the structure to prevent defacement and injury.

ROCHESTER, N. Y., May 31st, 1892. }

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN: I beg leave to call your attention to the case of Anna Grosser against The City of Rochester, in which judgment was on the 19th day of last May entered in the Monroe county clerk's office in favor of the plaintiff against the City of Rochester and Nicholas L. Brayer. The time of appeal from said judgment to the General Term expires on the 19th of the present month. I recommend that the consideration of an appeal in said action be referred to the law committee.

Respectfully,
C. D. KIEHEL,
First Ass't City Attorney.

Received, filed and published and referred to the Law Committee.

By the Clerk—
To the Honorable Common Council:

The undersigned respectfully represents: That under the prevailing method of ordering and receiving supplies for the city and incurring obligations, subject to the auditor's examination and audit, it is quite difficult if not practically impossible within a proper limit of time to pass intelligently upon such claims.

I would, therefore, suggest to your body the adoption of a rule requiring a strict system of written orders to be employed for all such transactions, with proper voucher of delivery, accompanying all bills for audit; supplementing the present form of verifying department certification, and insisting upon a more strict compliance also with the provisions of the latter.

Respectfully submitted,
A. S. MANN, Auditor.

Ordered received, filed and published.

By Ald. Lewis—
Resolved, That hereafter all bills for supplies or claims for any obligation of the city incurred by any of its agents, officers or employes when presented for audit must have a written order attached thereto, from competent authority, for such transaction.

A voucher of delivery must also appear thereon duly signed, when received, by an authorized person in such department.

Claims or demands under existing contracts must also state on their face "under contract,"

with date and term thereof. But in case of bills for fixed sums, fixed service or quantity under contract, special order will not be required. Orders for all departments to be of a common form. Sub orders of different form may be employed by subordinates in charge of special service or work, but must be duly countersigned by the head of the department.

Referred to the Contingent Expense Committee.

To the Common Council:

GENTLEMEN:—Pursuant to your request the owners of property on Clifford street from Conkey avenue to North Clinton street, whose lands are to be acquired for the proposed widening of said street, were called into the office of the Executive Board and after some discussion in which there was much divergence of opinion expressed as to the relative value of the land, it was deemed improbable that any negotiation would be successful, and therefore the Executive Board recommend that the City Attorney be instructed by your board to apply to the courts for commission to condemn the property.

Respectfully,
THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.
By Ald. C. S. Cook—Whereas, no agreement for the purchase of lands necessary to be taken for the widening of Clifford street from North Clinton street to Conkey avenue in the city of Rochester, under final ordinance No. 4,795 can be made, therefore,

Resolved, That a copy of said ordinance, and of this resolution together with a map of the street, be made and filed in the office of the city clerk, which map shall show thereon the lots, tracts and parcels of land which are deemed necessary to be taken, and the commencement course and termination of said street proposed to be laid out, according to the provisions of Section 174 of the revised city charter, and that the city attorney be, and he hereby is, instructed to take and institute such proceedings, from time to time, as may be necessary to secure such street widening as is provided by said city charter.

Adopted.

To the Common Council:

GENTLEMEN:—The Executive Board held negotiations with owners of land proposed to be taken from Clifford street to Bay street for the East Side Trunk Sewer under Ordinance No. 4,479, but while some of the persons interested have stated a sum they would accept, others have declined to make any proffer, so the only course to pursue is to commence condemnation proceedings to acquire the right of way.

There is probability that satisfactory arrangements can be made with Messrs. Harris

& Little for the right of way through their lands for the sewer from Bay to Culver streets. Respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.

By Aid. Lewis—Whereas, No agreement for the purchase of lands necessary to be taken for opening a street from Clifford street to Bay street under Final Ordinance No. 4,479, can be made, therefore,

Resolved, That a copy of said ordinance and of this resolution together with a map of the street be made and filed in the office of the City Clerk, which map shall show thereon the lots tracts and parcels of land which are deemed necessary to be taken, and the commencement course and termination of the said street proposed to be laid out according to the provisions of section 174 of the revised charter, and the City Attorney be, and he hereby is instructed to take and institute such proceedings from time to time as may be necessary to secure such street opening, as is provided by said city charter.

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, May 31, 1892. }

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN: By direction of the Executive Board I herewith transmit to your honorable body a claim of Charles L. Horn for extra labor performed in connection with the Medina stone improvement of Mill street. It became necessary in the progress of the work for the contractor to construct the lateral sewers for the lots as well as for surface drainage, and assuming that the main sewer which is a tunnel and considerable depth below the surface was located in the middle of the roadway, a large quantity of rock had been excavated before it became apparent that the sewer was not built along the line supposed, but was, in fact constructed so as to form the letter V, passing from the east sidewalk of Mill street at a point just south of Platt, crossing the roadway diagonally to the west sidewalk thence running south a short distance and again returning to the centre of the street.

The error or oversight of the then City Surveyor caused this extra labor for which the contractor in the opinion of the Executive Board, should receive par from the Contingent Fund.

Accompanying this communication is the certificate of the City Surveyor of the amount the contractor is entitled to for his extra work.

Respectfully,
THOMAS J. NEVILLE, Clerk.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN: The Executive Board have examined the several streets named below with view to their acceptance for public use, and would report as follows:

In favor of the acceptance of Bartlett street, Arnett avenue, in the Cox Homestead Tract, and Genesee place. And adversely to the acceptance of Snyder street, in the Cox Homestead Tract, for the reason that the street is not properly graded, and that it is bordered on one side by a stone quarry. An alley running west from Warner street was not accepted because no monuments were set to define the lines of the alley. Albemarle and Alemda streets and Seneca Terrace were not accepted because of the want of proper approaches to Lake avenue; the curb stone needs to be re-set and the stone crosswalks re-laid.

Respectfully,

THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Aid. Simmelink—Resolved, That the dedication of Bartlett street, Arnett avenue and Genesee Place as mentioned by the Executive Board be and the same are accepted, and the City Clerk is hereby directed to enter the names of said streets in the public street register kept by him, and said Executive Board is hereby instructed to place the usual street signs where needed at the corners of said streets.

Adopted.

By the Clerk—

To the Honorable Common Council:

"Gentlemen: Pursuant to the recent amendment of section sixty of the charter, your honorable body is authorized to direct what stenographers and clerks shall be appointed in the law department, and the city attorney is authorized to make the appointments of such stenographers and clerks as well as the assistant city attorney's named in the charter. The retiring city attorney has presumed to name the assistants provided for under this section of the charter.

"I have taken the trouble of securing the opinions hereto annexed as to the meaning of this section, which I will submit as a part of this communication.

"Your council not having passed a resolution directing what stenographers and clerks shall be in the law department for the ensuing year, I am unable to make any appointments, and the responsibility rests with your body if the service is crippled thereby. I shall, however, on the morning of the 1st of June, appoint the first and second city attorneys as the incumbents of this office during the term provided for by the charter, and as soon as you may deem it proper to designate the clerks and stenographers, I will appoint them for such a term.

C. D. KIEFFEL,

City Attorney Elect.

May 31st, 1892.

"The charter of Rochester as amended in 1888 (Chapter 86 of 1888) declares as follows: 'In the month of April on or after the first Monday thereof in the year 1888 and in every second year thereafter the common council shall appoint one city attorney who shall hold his office for two years from and including the first day of June next after his appointment in April and until his successor shall be appointed and qualified.' Section 8.

"It was made the duty of the city attorney to prosecute and defend all actions in which the city was a party and render such other professional services as in connection with city affairs as the same might be required by law or by the Common Council. (Section 60 of

the charter as arranged by City Attorney Fanning in 1880.)

"No special provision was made by statute for any assistant city attorney but prior to 1888 the common council had found it necessary in its care of public affairs and the great increase of litigation in which the city was interested to appoint an assistant city attorney at a fixed salary and for a term of one year beginning with June 1st in each year. In 1888 for the same reasons the common council found it necessary to appoint a second assistant city attorney at a fixed salary and for the term of one year beginning June 1, 1888. This practice was continued each year and from that time in the year 1888, the city has had the city attorney specified in the charter and also a 'first assistant city attorney' and also a 'second assistant city attorney.' The term of office of each of whom commenced in June, the city attorney's running for two years from that date and that of the assistant city attorneys running one year from that date, so that the term of each of those officers terminated on the last day of May.

"In 1890, (Laws of that year, chapter 561, section 60) section sixty above quoted, was amended so as to read as follows: 'The attorney of said city or in case of his absence, or inability to act from any cause, the first or second assistant city attorney, shall prosecute and defend any and all actions, suits and proceedings brought or instituted against said city,' and in substance, render to the city, the common council and other officers and boards of the said city such professional services as they may require.'

"In 1892, laws of that year, chapter 190, section sixty above quoted, was on the 24th day of March so amended as to declare that 'The attorney of said city on or before the 1st day of June of each year shall appoint a first and second assistant city attorney and as many stenographers and clerks as said council may direct whose term of office shall be for one year or until their respective successors are appointed. Said attorney or in case of his absence or inability to act from any cause the first or second assistant city attorney shall prosecute and defend any and all actions, suits and proceedings brought or instituted by or against said city and render to the common council and the other officers and boards of said city such other professional services connected with the affairs of said city as may at any time be required of him by law or by the common council.'

"At the time of the passage of this act Mr. Ernst was city attorney under appointment made April, 1890, and his term would end on the last (31) day of May, 1892. Mr. Kiehel was appointed his successor in April, 1892.

"On the 26th day of May, instant, there being no vacancy in either of those offices nor any direction having been given concerning them by the common council, Mr. Ernst appointed certain persons first and second assistant city attorneys respectively, and also appointed for the office of city attorney a clerk and a stenographer, each for the term of one year.

"The question presented to me is 'Whether the appointments so made are valid appointments so as to entitle the appointees to the several offices for which they have been named.

"Answer. I am of the opinion that the proceeding by Mr. Ernst was irregular and the appointments at the time they were made void.

"First, none of the offices are vacant. They will not be vacant until the 1st day of June, 1892.

"Mr. Ernst's term expires before that time on May 31, 1892. The expiration of his term dissolves his authority. He can do no official act on the 1st day of June. The authority given by statute is conferred upon an officer

whose term shall include the period named for its exercise, including therefore the 1st day of June.

"Second, had there been a vacancy a different question would arise. The appointments actually made are by anticipation and it is plain, have no other basis than expediency and convenience. Their binding force and effect could be derived only from the supposition that there would be no change of person and consequently no change of will on the part of the appointing power between the date of the exercise of that power by anticipation and the necessity for the exercise of such power either by vacancy of office or the limitation of time within which the power must be exercised.

The statute gives no authority to Mr. Ernst to forestall the action of his successor in office upon appointments to other offices which would only become vacant at the moment when his own term expired, and when he himself had no power.

"The statute does not create new offices, nor remove then then incumbents. It merely changes the mode of appointment of the assistant city attorneys, takes the power away from the common council and gives it to the city attorney.

"If Mr. Ernst's appointment is valid, the city will have two 'first assistant city attorneys' and two 'second assistant city attorneys.' The present incumbents to those offices and his appointees, until June 1st, and a vacancy then existing it will be filled by the act of an officer whose term has also expired, a result not required by any fair construction of the act of 1892.

"Third. No power exists to designate or appoint a clerk or stenographer until the common council directs as to the number.

GEORGE F. DANFORTH.

May 28, 1892.

"The question is submitted to me whether the city attorney, whose term of office expires on June 1st, can appoint assistants, stenographers and clerks, who shall hold their office against the wishes of the person taking office on that day, or, in other words, whether such appointments will bind his successor in office.

"I think clearly not. Without stopping to critically examine the statute to see whether the outgoing attorney could make such appointments, I have no doubt that the incoming attorney can remove such appointees by appointing their successors.

"The statute provides that the term of office of such assistants, stenographers, etc., shall be for one year, or until their respective successors are appointed. I have no doubt that the city attorney has power to remove any appointee, whether appointed by himself or a predecessor, whenever he thinks it necessary or proper.

WILLIAM F. COGSWELL.

May 31st, 1892.

Ordered received filed and published and referred to the Law Committee.

Also claims of George Hunt against the city of Rochester and Sarah Claffey against the city of Rochester, for damages.

Referred to the Law Committee.

By the Clerk—

Hon. Richard Curran, Mayor City Rochester:

MY DEAR SIR: I hereby tender you my resignation as Health Commissioner to take effect at once. I regret very much to do this, on account of my pleasant relations with you and the other members of the Board, but on account of the many business connections I have, I find I cannot give them all proper attention and, therefore, I have decided upon resigning as Health Commissioner.

Trusting that the same will be accepted at once, and with many thanks to yourself and to all the other members of the Board for the many kindness and courtesies extended me, I remain,
Yours very truly,
M. KONDOLF.

Rochester, N. Y., May 25, 1892.
Ordered received, filed and published.
MAYOR'S OFFICE,
ROCHESTER, MAY 26, 1892.

To the Honorable, the Common Council of the city of Rochester.

Pursant to authority, I hereby nominate for appointment as members of the Board of Health of this City the following named persons: John W. Whitbeck, M. D., and Maitland L. Mallory, M. D., for the term of three years, the said Whitbeck to succeed himself and the said Mallory in place of J. Henry Howe, whose term of office has expired. Joseph A. Beigler, M. D., and William E. Hoyt for the term of two years to succeed themselves. Frank Fritzsche for the balance of the term of Mathias Kondolf who has resigned. Signed RICHARD CURRAN, Mayor.

Ald. Adams moved that action on the appointments of members of the Board of Health be postponed two weeks.

Adopted.

By the Clerk—

OFFICE OF THE CITY ATTORNEY,
ROCHESTER, N. Y. May 26, 1892.

To the Honorable, the Common Council of the City of Rochester.

GENTLEMEN: In pursuance to the duty imposed upon me by the City Charter as recently amended, I hereby make the following appointments in the law department of the City of Rochester:

First Assistant City Attorney—Adolph J. Rodenbeck.

Second Assistant City Attorney—John M. Murphy.

Stenographer—E. D. Smith.

Clerk—Andrew Ludolph.

The terms of office of the respective appointees to be for one year as provided by law.

Very Respectfully,

CHARLES B. ERNST,
City Attorney.

Referred to the Law Committee.

By the Clerk—

May 23, 1892.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN: In the case of Mary Paine vs. The City of Rochester, judgment was recovered and entered against the city for damages, \$350, and costs, \$147.53, making a total of \$497.53. The damages recovered are for injury to the person, caused by the running away of a horse frightened by a steam roller on Lake avenue. In a former action by John Paine against the city for damages arising out of the same accident, an appeal was taken by the city to the General Term, and the court affirmed the judgment of the court below against the city.

I am of the opinion that no questions of law are in the case which warrant an appeal to the Court of Appeals; and, therefore, recommend that the judgment be paid. Respectfully,

C. D. KIEHEL, 1st Asst. City Attorney.

Ordered received, filed and published and referred to Law Committee.

The Clerk presented a communication from the Bell Telephone Company of Buffalo. Referred to Electrical Committee.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

By the Clerk—

ROCHESTER, May 18, 1892.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN: Your petitioners are taxpayers, owners of property fronting on Main street east of Franklin, and who are to be assessed in large amounts for a new and permanent pavement which your honorable body has ordered to be constructed upon said street.

For the protection of life and property, and following the example of authorities in other cities, who have done so, it is practically certain that your honorable body will soon take such measures as will compel the placing of all electric wires under ground, except such as are required for the operation of the street railway. If such action is deferred until the pavement has been completed, then your petitioners will not only be heavily taxed for a costly improvement, but thereupon subjected to the hardship of having it destroyed to enable conduits to be constructed, and for this reason we pray that you will at once, in advance of such paving, cause the wires now suspended in Main street, with the exception noted above, to be permanently disposed of under the roadway.

As the final ordinance for paving Main street east of Franklin, has been passed, your petitioners further pray, that your honorable body will pass a resolution requesting the Executive Board not to let the contract for the said improvement until definite action by your honorable body has been taken upon the principal subject of this petition.

All of which is most respectfully submitted by H. F. Atkinson, executor estate of Hiram Sibley, J. G. and J. W. Cutler, James G. Cutler, Theodore Bacon, Arthur R. Selden, agent, N. B. Ellison, G. B. Yich by W. G. Rick, Mrs. Mary Spillmann, John H. Kuphaber, Geo. R. Fuller, A. A. Jennings by J. D. Romkin, agent, Brown estate, Rhomas Philip, Greece, Mary E. McGonegal, executor, Jane M. Hoyt, Mary S. Jones, Sarah H. A. Dolly, C. A. Cline, N. Thompson, Max Lands-

burg, Mrs. John Minges, Michael Rewhat, S. W. Werden, Flora A. Howe, J. H. Ritt.

Ordered received, filed and published.
By Ald. Adams—Resolved, That the Executive Board be requested to withhold the letting of the contract for the granite or Medina block pavement on East Main street until July 1st, 1892.

Adopted.
By Ald. Adams—Petition for brick pavement at Richmond park. Also remonstrance against the same. Referred to the surveyor to prepare an ordinance.

By Ald. Pauckner—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN: Your Committee on Public Improvements begs leave to report that it has considered the communication of the Executive Board, dated May 17, 1892, relating to the improvement of Franklin street, from East Main street to St. Paul street; Central avenue, from North St. Paul street to North street, and of Andrews street, from North St. Paul street to North street, and also the communication of the Rochester Gas Company relative to making some provision in ordinances for the laying of gas laterals in cases of the improvements of streets, and it is the opinion of your Committee that some provision ought to be made in the estimates and ordinances for street improvement for the laying of gas laterals, in order to obviate the necessity of opening and disfiguring the pavements of the city for the laying of such laterals after such improvements have been made, and we recommend the passage of the accompanying resolution relative to the communication of the Executive Board.

Respectfully submitted,
WILLIAM PAUCKNER,
JOHN F. FOX,
JOHN B. SIMMELINK,
WILLIAM WARD,
JOSEPH BIERBRAUER,
Committee on Public Improvements.

Ordered received, filed and published.

By Ald. Pauckner—Resolved, That the city surveyor be, and he hereby is, directed to prepare ordinances for the improvement of Franklin street, from East Main street to North St. Paul street; Central avenue, from North St. Paul street to North street, and of Andrews street, from North St. Paul street to North street with a Medina stone improvement.

Adopted.

Ald. Lempert moved that the surveyor prepare an ordinance for a sewer in Andrews street from North street to Clinton street.

Adopted.

By Ald. Johnston—

To the Honorable, the Common Council of the City of Rochester:

Pursuant to Rule XI. of this Board notice is hereby given that at the next regular meeting of this Council a motion will be made for the passage of a penal ordinance to regulate bill posting and bill distributing in the city of Rochester, by license to be duly granted by the Mayor requiring the giving of a bond by the licensee and also providing a penalty for violation of the ordinance—the ordinance being substantially a re-enactment of the ordinance of 1883 relating to the subject of bill posting.

Ordered received, filed and published.

By Ald. Ward—

Resolved, That the Executive Board be, and hereby is authorized and requested to negotiate for the purchase of lands necessary to be taken for the widening of Wentworth street, as contemplated under final ordinance No. 4,730, and report the result of such negotiations to this board as soon as may be.

Adopted.

By Ald. Dewey—

REPORTS OF STANDING COMMITTEES.

By Ald. H. G. Cook—

GENTLEMEN:—Your Assessment Committee begs leave to make the following report:

In the matter of the petition of Esther A. Johnson to be relieved from paying the extra charge for relaying the sidewalk on Nieser street, and praying that the City Treasurer be directed to cancel the tax against said property, on the payment of the proper proportion of the expense of the crosswalk on said street, we recommend that the same be denied.

In the matter of the petition of Frank Bowly, residing at Northport, L. I., the owner of premises 296 University avenue at the east corner of Arlington street, asking to have the assessment against said property for the asphalt improvement on Arlington street corrected we recommend that the same be denied.

In the matter of the petition of the Immaculate Conception Church, praying to be relieved from a sprinkling tax for 1891, against lots 51 and 52 on Plymouth avenue, on the ground that said lots have no frontage on Plymouth avenue roadway, and also, requesting that your honorable body restrain the board of assessors from imposing any further tax upon said lots for future assessments on Plymouth avenue, between Edinburgh street and the north line of lot 59, we submit, that we have thoroughly discussed the same, and recommend that a rebate of the sprinkling tax for 1891, against said lots 51 and 52 amounting to \$9.30 be allowed to the petitioner, and that the remainder of the relief sought by the petitioner as above stated, be denied, upon the ground that it would not be advisable to anticipate assessments for future improvements.

In the matter of the petition of J. Z. Culver asking to be allowed to pay an assessment of

\$262.98 without interest, against lot No. 18, fronting on Oak street, for the Oak street improvement, we recommend that the petitioner be allowed to pay the amount of said assessment, to wit: \$262.98, with interest thereon at the rate of six per cent. from October 20th, 1887, down to the time of payment upon the ground that most of the property owners assessed for said improvement have paid their assessments, with interest from the time above stated, and your committee knows of no reason why any discrimination should be made in this case.

Mr. Edwin S. Hayward was represented before your committee, and asked to have corrected the resolution passed by your honorable body on August 11th, 1891, published at page 207, proceedings of the Common Council, for 1891-2, so that the Clerk be directed to draw an order for the rebate upon lots 124 and 128 on the north side of Garson avenue, for the Hayward avenue outlet sewer, under Ordinance No. 3,192. We recommend that the amendment of said resolution be made, as requested by him, and herewith submit the proper resolution for adoption.

In the matter of Elmer L. Cronk praying to be allowed to pay the face of the city tax for 1884, with interest at the rate of six per cent. against lot eleven of the Evergreen Tract, on Conkey avenue, which was sold to the city on March 26, 1885, we find that, at the time that he purchased said property, he procured from the City Treasurer's office a tax search, which showed the property to be free from the tax referred to, and, that, subsequently, the petitioner discovered this unpaid tax, upon making an application for a loan upon said premises. We recommend that the petitioner be allowed to redeem said property by paying the face of said tax, to wit, the sum of \$38.73, within thirty days from the passage of the resolution with the interest and fees thereon, as provided by the city charter, down to the date of sale, March 26, 1885, and at the rate of six per cent. per annum from said last mentioned date, down to the date of payment, and that the charges, fees and expenses of sale be cancelled.

In the matter of the petition of Charles H. Wiltzie asking to be allowed to pay the face of the city tax for 1891, and assessments, against lot two, on the east side of Plymouth avenue, formerly assessed to Edson L. Cory, but now owned by the petitioner, we recommend that the petitioner be allowed to redeem said property by paying the face of said tax, with interest at 6 per cent. per annum, and that the fees, costs and expenses of sale and other interest be charged to erroneous assessments.

Respectfully submitted,

HENRY G. COOK,
JULIUS WURTZ,
JAMES JOHNSTON,
C. W. ZIMMER,
JOSEPH BIERBRAUER,
Assessment Committee.

By Ald. H. G. Cook—Resolved, That the petition of E. A. Johnson, praying for relief from assessments for the construction of a sidewalk and crosswalk on Nier street, be, and the same hereby is, denied.

Adopted.

By Ald. H. G. Cook—Resolved, That the petition of Frank H. Bowly, asking for a correction of an assessment against his property on the corner of University avenue and Arlington street, for the asphalt improvement of Arlington street, be, and the same hereby is, denied.

Adopted.

By Ald. H. G. Cook—Resolved, That the petition of the Immaculate Conception Church Society praying for a release from a tax imposed for the sprinkling of Plymouth avenue for 1891, against lots 51 and 52, owned by said society, be, and the same hereby is granted;

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—Pursuant to notice given at the last regular meeting, your Committee on Charter Amendments would report the following ordinance to regulate bill posting and bill distributing in our city for your approval and adoption:

AN ORDINANCE to regulate bill posting and bill distributing.

The Common Council of the City of Rochester hereby ordains and enacts as follows:

Section 1. The Mayor or acting Mayor of the City of Rochester may grant to any person or persons who shall apply to him therefor in writing a license to engage in and carry on in the City of Rochester, the business of bill posting, bill distributing and sign advertising, which license shall expire at the end of one year from the date of its issue.

Sec. 2. Every person or persons to whom a license may be granted under the provisions of this ordinance shall pay therefor to the City Treasurer, on the delivery of said license to the party to whom such license is granted, the sum of one hundred dollars (\$100).

Sec. 3. Every applicant for a license under the provision of this ordinance shall present to the Mayor at the time of making the application of such license a bond in the penal sum of two thousand dollars (\$2,000), executed by the party making the application, with at least two sureties, residents of Monroe County, to be approved by the Mayor, and conditioned for the faithful observance of this ordinance and the faithful performance of the duties and obligations imposed upon the said Licensee.

Sec. 4. Said Licensee, his officers, agents or employes while engaged in the act of posting, painting, writing, engraving, or distributing any bills, cards, signs, pamphlets, circulars, advertisements or notices, in said city, shall wear a badge with the following words conspicuously placed thereon "Licensed Advertiser."

Sec. 5. From and after the passage of this ordinance no person or persons shall engage in and carry on the business of bill posting, bill distributing and sign advertising in the City of Rochester, and no person shall go upon any of the streets, sidewalks or alleys of said city for the purpose of distributing or circulating posters, circulars, hand bills, samples, printed or engraved notices, or advertisements of any kind to or among the pedestrians or travelers on said streets, sidewalks or alleys, or to any offices, stores, places of business or residences in said city, for the purpose of posting or distributing posters, circulars, hand bills, samples, printed or engraved notices or advertisements of any kind; nor shall any person post, circulate, engrave, write, paint or distribute in said city any posters, circulars, hand bills, pamphlets, samples, printed or engraved notices or advertisements of any kind whatever, without previously having obtained a license as specified in this ordinance and complied with the requirements of the preceding sections, or without being an officer, agent or employe of any person or persons having such license and complying with the ordinance aforesaid.

Sec. 6. No person shall scatter or throw upon the streets, sidewalks or alleys in said city, posters, hand bills, advertisements or paper, and nothing herein shall be construed to authorize any person or persons to obstruct the streets, sidewalks, and alleys of said city, or create any nuisance therein, or prevent the posting of notices required by law to be posted.

Sec. 7. Nothing herein contained shall be so construed as to prevent any person, firm, association, or corporation residing and transacting business in the City of Rochester, from distributing circulars or hand bills, advertising the business in which such person, firm, association or corporation is directly engaged.

Sec. 8. Any violation of the provisions of this ordinance shall be deemed a misdemeanor, and any person upon conviction thereof shall be punishable by a fine of not less than twenty-five dollars (\$25) nor more than one hundred dollars (\$100), and in default of the payment of such fine such person so convicted shall be imprisoned in the Monroe County Penitentiary for a term not to exceed one hun-

dred days, or by both such fine and imprisonment.

Sec. 9. All ordinances and resolutions of this Common Council inconsistent with the provisions of this ordinance are hereby repealed.

Respectfully submitted,

JAMES JOHNSON,
D. W. FORSYTH,
WM. WARD,
M. B. ADAMS,
M. H. LEMPERT,

Charter Amendment Committee.

Ordered received, filed and published.

Resolved, That the proposed ordinance recommended by the Charter Amendment Committee regulating bill posting and distributing, be and the same is hereby adopted.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—20.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—Under date of May 17th, Mr. James Sargent sent a communication to your honorable body requesting the appointment of a committee to inspect his new Automatic Smoke Consumer. It was referred to the Charter Amendment Committee and that committee would report upon it as follows:

We visited Messrs. Sargent & Greenleaf's factory and witnessed the tests made, which were thoroughly successful. The consumer and its manner of working have been fully explained by others and need no further explanation here.

No recommendations are asked for in the aforesaid communication, neither does your committee think it expedient to make any; but we are glad to testify to our appreciation of the invention, as we feel that it or some similar device will enable our merchants and manufacturers to continue using bituminous coal and abate the smoke nuisance materially, if not abolish it altogether.

Respectfully submitted,

JAMES JOHNSON,
D. W. FORSYTH,
WM. WARD,
M. B. ADAMS,
W. H. LEMPERT,

Charter Amendment Committee.

On motion of Ald. Johnston, ordered received, filed and published.

To the Honorable, the Common Council:

GENTLEMEN:—Your Water Works Committee respectfully recommend that a four-inch water main be extended in Wentworth street from 107 feet south of New York street to West avenue, and connected with the city's water works system.

Respectfully submitted,

WM. PAUCKNER,
JOHN F. FOX,
ALVIN H. DEWEY,
MERTON E. LEWIS,
J. MILLER KELLY,

Water Works Committee.

Ordered received, filed and published.

By Ald. Pauckner—Resolved, That the Executive Board be, and it hereby is, authorized to extend a four-inch Hemlock water main in Wentworth street, from 107 feet south of New York street to West avenue, and connect the same with the city's Hemlock system and pay the expense thereof out of any moneys in the Water Works Fund not otherwise appropriated.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—20.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—We the undersigned, the Public Improvement Committee who have been requested by the Rochester Railway Company to examine South avenue and report as to the advisability of widening and grading South avenue at the expense of said railway company would beg leave to submit the following preamble and resolutions:

Respectfully submitted,

WM. PAUCKNER,
JOHN F. FOX,
JOHN B. SIMMELINK,
WM. WARD,
JOSEPH BIERBRAUER,
Public Improvement Committee.

Whereas, the Rochester Railway Company desires to extend their railway lines from Linden street to Reservoir avenue and southward and, whereas, there is at present in South avenue an angle which must necessarily be rounded if this be done and,

Whereas, in order that this line be extended it will be necessary to change the present grade of South avenue in the vicinity of Alpine street, therefore be it,

Resolved, That permission be and hereby is granted to the Rochester Railway Company, in case the abutting property owners consent, to widen South avenue in the vicinity of Alpine street as follows: To acquire land on the west side of South avenue beginning at a point 62 feet north of the north line of Alpine street thence southwesterly on a curve of 668 78-100 feet radius tangent to the said west line of said avenue at said point of beginning, 557 feet to a point in said westerly line of said avenue where said curve becomes again tangent to said westerly line thence northeasterly 296 feet along the present west line of South avenue to an angle in said line; thence northerly in said west line 296 feet to the place of beginning, and it is further

Resolved, That said Rochester Railway Company be, and it hereby is authorized to grade South avenue in case the abutting property owners consent from a point 700 feet north of Alpine street to Reservoir avenue, according to plans filed by said Railway Company in the City Surveyor's office, it being expressly understood that in case these resolutions are adopted by this Council that the grading and widening of said South avenue shall be done at the sole expense of said Railway Company, and under the direction of the Executive Board.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—20.

By Ald. Forsyth—

To the Honorable, the Common Council, of the City of Rochester:

GENTLEMEN:—Your Law Committee begs leave to submit the following report:

The claim of George and Josepha Zwerger for damages caused by sewage pollution of Densmore and Hobbie creeks through their premises was considered by your committee, and we find that an action is pending against the city for damages from February 1st, 1887. A proposition through their attorneys, has been made to settle said claim at the rate of \$175 per year, and, inasmuch as there is no defense in these actions for sewage pollution, we recommend that the offer be accepted.

The communication of the City Attorney in respect to an appeal in the case of Anna Grosser against the city, was considered by your committee and we find that this action has been sent back by the general term for a new trial, and that a question arises in said

action as to the construction of the charter, which ought to be determined by the Court of Appeals, and we, therefore, recommend that an appeal be taken to the General Term and Court of Appeals for the determination of this question, and that the City Attorney be instructed to take such appeal.

In the matter of the applications of William H. Vianco, Anna S. Emley, Fred B. Lyddon, L. N. Verrill, Kate M. Granger, Ina M. Bantel Mary E. Erbler and Howard B. Mills for appointment as Commissioners of Deeds, we recommend that the same be granted.

In the matter of the judgment rendered in the case of Emory B. Chace against the City of Rochester and others, we find that a judgment was entered in favor of John J. Hereron & Company, one of the defendants, against the city, for the sum of \$3,448.82, damages and costs, and that the interest thereon amounts to \$344.98, making a total of \$3,794.80 We also find that the city at the beginning of the action, deposited with the County Treasurer the sum of \$2,577.92, towards the payment of the judgment, but that the court found that there was due from said city to said John J. Heveron & Company the above amount, leaving a balance of the judgment, \$1,216.88, which the city is bound to pay. We, therefore, recommend, that said balance be paid to said John J. Heveron & Company, or their attorney, James M. E. O. Grady, Esq.

Respectfully submitted,

D. W. FORSYTH,
MERTON E. LEWIS,
HENRY G. COOK,
CHARLES S. COOK,
WILLIAM H. TRACY,
Law Committee.

Ordered received, filed and published.

By Ald. Forsyth—Resolved, That upon the certificate of the City Attorney that a stipulation of discontinuance of the action of George and Josepha Zwerger against the city and that a release of any and all claims by or on the part of said plaintiffs against said city by reason of the discharge of sewage from the sewers of the city into Densmore and Hobbie creeks, at any time before the order hereinafter mentioned, and the rights, privileges or easements to the city in and to said creeks flowing over the lands of said plaintiffs have been executed and delivered to him, the Clerk be and he hereby is, directed to draw an order upon the City Treasurer from the Contingent Fund, in favor of said plaintiffs, or their attorneys, Hubbell & McGuire, Esqs., for the amount of costs and disbursements in said action, as certified to by the City Attorney, and the further sum of \$175.00 per annum, from February 1st, 1887.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—20.

By Ald. Forsyth—Resolved, That the City Attorney be, and hereby is, instructed to take an appeal in the case of Anna Grosser against the city and others, to the General Term and Court of Appeals, from the judgment entered in said action in the Supreme Court.

Adopted.

By Ald. Forsyth—Resolved, That upon the certificate of the City Attorney, that proper satisfactions of the judgments have been filed in his office in the case of Emory Chace and others against the City of Rochester, the Clerk be, and he hereby is, directed to draw an order upon the City Treasurer, in favor of James M. E. O. Grady, Esq., attorney for John J. Heveron & Company, for the sum of \$1,216.88, the balance of the judgment due said firm from

the city, and the Treasurer is hereby directed to charge said amount to the Contingent Fund.

Adopted by the following vote:
 Ayes—Alds. Tracy, McMillan, C. S. Cook, Callahan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—20.

By the Clerk—

CITY TREASURER'S OFFICE, }
 ROCHESTER, N. Y., June 11, 1892. }

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—I hereby certify that the Executive Board have notified me that the works or improvements authorized under ordinances hereinafter mentioned have been completed; that I have, pursuant to the provisions of the charter, ascertained the entire and aggregate expense of, and connected with the same respectively, including any interest that the city

shall incur, or is entitled to for the use of its funds, and that the respective amounts thereof are as follows:

Ordinance and improvement.	Expense.
4,525. Mill street Medina improvement	(3 payment.)
	\$18,137 03
4,567. Magnolia street pipe sewer..	(3 payment.)
	\$4,008 81

S. B. WILLIAMS,
 City Treasurer.

LOCAL IMPROVEMENT ASSESSMENT.

By Ald. H. G. Cook—Whereas, The City Treasurer has ascertained and reported the entire and aggregate expense of and connected with the following improvement, including any and all interest that the city has paid or has or shall become liable to pay upon account of any and all orders or notes issued by the city to pay the expenses of such improvements respectively adjusted by the Common Council as thus reported, and the respective portions or parts of the city on which the said expense is hereby directed to be assessed and which this Common Council deems to be benefited by the improvement, is as stated and described in the final ordinance relative to the improvements, respectively, and that the name and expense of the improvement thus to be assessed is as follows, viz:

Ord. No.	Improvement.	Expense.
4,525.	Mill street Medina improvement	\$18 137 03
4,567.	Magnolia street pipe sewer..	\$4,008 81

And it is further determined that the taxpayers to be assessed for making the foregoing improvements.

May pay their assessments in three equal payments as follows:

One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer one-third within one year from the confirmation of such roll; and the remaining one-third within two years from the confirmation of such roll. On all sums paid prior to the maturity of said last installment, a discount will be allowed at the rate of 6 per cent. per annum.

And the Assessors of said city, if they are not interested in any of the property within the part or portion of the city deemed to be benefited, and directed to be assessed, as aforesaid, or if any two of said assessors are not interested, then such two are hereby directed to make assessments upon all the lots and parcels of land within the portion or parts of the city above designated and directed to be assessed, of the amounts of expenses of such improvements, respectively, in proportion, as nearly as may be, to the advantage which the said lots and parcels of lands within the respective territories to be thus assessed for such improvements shall be deemed to receive by the making of the said improvements.

Adopted by the following vote:
 Ayes—Alds. Tracy, McMillan, C. S. Cook, Callahan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—20.

Ordered received, filed and published.

CITY TREASURER'S OFFICE,
 ROCHESTER, N. Y., JUNE 14, 1892. }

By Ald. Lewis—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN:—I would respectfully report that I have this day sold under directions of your Finance Committee, as per notice attached, \$500,000.00 worth of bonds, known as the

East Side Trunk Sewer Bonds.

They bear a rate of interest of 3 1-2 per cent., and were sold at an average premium of \$2.86, or a total of \$14,300.00.

They will be dated July 1, and be delivered that day, at the Union Trust Company of New York, to the purchaser, The Rochester Savings Bank of this city.

I would suggest that the premium on these bonds, as well as the interest on the balances where the proceeds are to be deposited, be set aside as a sinking fund, to be used only for the purpose of paying interest on the bonds when due, or in the redemption of the bonds when the city can take advantage of the option, provided in the act, authorizing the issuing of the same.

Respectfully submitted.

S. B. WILLIAMS, Treasurer.

On motion of Ald. Lewis, received, filed and published and referred to Finance Committee.

NOTICE OF SALE OF EAST SIDE TRUNK sewer bonds of the City of Rochester, pursuant to chapter 347 of the laws of 1890, as amended by chapter 74 of the laws of 1892.

Notice is hereby given, that on the 14th day of June, 1892, at the City Treasurer's office, in the City of Rochester, N. Y., at 11 o'clock, in the forenoon of that day, the undersigned will sell at public sale, to the highest bidder, the bonds known as the East Side Trunk Sewer Bonds, issued by the City of Rochester, pursuant to chapter 347 of the laws of 1890, as amended by chapter 74 of the laws of 1892. The amount of said bonds to be sold is not to exceed \$500,000.00, issued in series of \$25,000.00, the first series payable in ten years from the date of issue, and of successive series one becomes payable each following year, with the privilege of paying any and all bonds at any time after ten years from the date of issue. No sale at less than par. Interest three and one-half per cent. per annum, payable semi-annually in January and July, at Union Trust Company, New York City.

SAMUEL B. WILLIAMS,
Treasurer of the City of Rochester.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

SPRINKING CENTER STREET.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of sprinkling Center street (Sec. 2), from Mill street to the river.

Adopted.

The Surveyor submitted as such estimate, \$50.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The sprinkling of Center street (Sec. 2), from Mill street to the Genesee river, during the season of 1892.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$50, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Center street, from Mill street to the Genesee River, in proportion to the benefit which each will derive therefrom.

Adopted.

IMPROVEMENT AND SEWER IN CENTRAL AVENUE.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Central avenue.

Adopted.

The Surveyor submitted as such estimate, \$28,000.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The improvement of Central avenue, from North St. Paul street to North street, except at the crossing of North Clinton street, by the construction of a Medina stone pavement therein with a line of Medina stone curb and gutter on each side thereof properly connected with all lateral streets, alleys, driveways. Width of main roadway between curbs from St. Paul to Clinton streets to be 42 feet, and from Clinton to North street 36 feet. Excepting from the above that portion of the street lying between St. Paul and Clinton street where the present pavement will be relaid, with such additional new material as may be necessary. Also the construction of the necessary crosswalks, crosswalk extensions, manholes, surface sewers, lot laterals, water and gas services. Also the removal of the present sewer, and the construction of a new vitrified pipe sewer, 18 inches in diameter, from a point 50 feet west of the northwest corner of Central avenue and North street, to the sewer in Clinton street.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$28,000, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Central avenue, from North St. Paul street to North street, in proportion to the benefit which each will derive therefrom.

Adopted.

MEDINA STONE PAVEMENT AND VITRIFIED PIPE SEWER ON ANDREWS STREET.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Andrews street, from North St. Paul street to North street.

Adopted.

The Surveyor submitted as such estimate, \$21,000.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The improvement of Andrews street, from North St. Paul street to North street, except at the crossing of Clinton street, by the construction of a Medina stone pavement therein with a line of Medina stone curb and gutters on each side thereof, properly connected with all lateral streets, alleys and driveways. Width of main roadway between curbs to be 33 1-2 feet from North St. Paul to Franklin street, and 35 feet from Franklin street to North street. Also the necessary crosswalks, crosswalk extensions, surface sewers, manholes, lot laterals, water and gas services. Also the removal of the present sewer and the construction of a vitrified pipe sewer 18 inches in diameter in said Andrews street, from the existing sewer in Clinton street to the center of Chatham street and connect with the existing sewer in said Chatham street. Also the removal of the present sewer and the construction of a vitrified pipe sewer 15 inches in diameter in said Andrews street, from a point 50 feet west of the east line of East Franklin Square to the center of North street to a connection with the existing sewer in said North street, and connection of existing laterals.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$21,000, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Andrews street, from North St. Paul

street to North street, in proportion to the benefit which each will derive therefrom.
Adopted.

MEDINA STONE PAVEMENT ON FRANKLIN STREET.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Frankling street.
Adopted.

The Surveyor submitted as such estimate, \$18,300.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The improvement of Franklin street, from North St. Paul street to Main street, except at the crossing of Clinton and North streets, by the construction of a Medina stone pavement therein with a line of Medina stone curb and gutter on each side thereof properly connected with all laterals, streets, alleys and driveways. Width of main roadway between curbs to be 35 feet, from North St. Paul street to Chatham street, and 36 feet from Chatham street to Main street. Also the necessary crosswalks crosswalk extensions, surface sewer, manholes, lot laterals, water and gas services, and the cleaning of the main sewers in the street if necessary.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$18,300, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Franklin street, from North St. Paul street to Main street, in proportion to the benefit which each will derive therefrom.

Adopted.

SPRINKLING ONTARIO STREET.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of sprinkling Ontario street, from North street to Scio street.

Adopted.

The Surveyor submitted as such estimate, \$90.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The sprinkling of Ontario street, from North street to Scio street, during the season of 1892.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$90, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Ontario street, from North street to Scio street, in proportion to the benefit and advantage which each will derive therefrom.

Adopted.

PIPE SEWER IN WARNER STREET.

By Ald. Ward—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Warner street.

Adopted.

The Surveyor submitted as such estimate, \$3,050.

By Ald. Ward—Resolved, That the following improvement is necessary, viz:

The removal of the present sewer and the construction of a new vitrified pipe sewer 15 inches in diameter in Warner street, from a point 130 feet north of Lyell avenue to the center of Otis street; also in Otis street, from the center of Warner street to the sewer in Otis street at Anne street. Also the construction of the necessary manholes, surface sewers,

lot laterals and branches, the connection of old laterals, and necessary grading and gutter formations.

And Whereas, the City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$3,050, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Warner street, from Lyell avenue to Otis street. Also the lots on the northwest corner of Otis and Anne streets, and the southeast corner of Otis and Warner streets, in proportion to the benefit which each will derive therefrom.

Adopted.

By Ald. Forsyth—

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, May 17, 1892.

To the Common Council:

GENTLEMEN:—The attention of the Executive Board has been directed to the condition of Genesee street from Brooks avenue to the City line, and after a careful inspection of it recently, and from observations made during the Spring and Fall, it is deemed by this Board that a permanent improvement for this roadway is imperatively necessary. It is alleged by those who are compelled to travel this street that at some seasons of the year it is impossible, with the expensive improved roadway already in progress on the main avenue leading to this point, it would seem exceedingly necessary that at once this main thoroughfare on the western boundary of our city should be completed to the city line.

Respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.

Also, Petition for the improvement of Genesee street. Referred to surveyor to prepare an ordinance.

Also, Remonstrance against same. Referred to Public Improvement Committee.

By Ald. Lewis—

To the Honorable, the Common Council:

GENTLEMEN:—On March 26, 1891, the General City Tax for 1890 on property assessed to Mary Gordon, known as lot "part 58," Boody Farm Tract, North side College avenue, amounting to \$38.02, was, in error, sold. The same tax was paid in the preceding July.

Miss C.L. Vaughn bid in the tax at time of sale. I would, therefore, recommend that upon said Mrs. Vaughn surrendering certificate the amount paid in by her with interest, to which she is entitled, be refunded, charging same to General City Tax 1890 and interest on assessments, respectively.

Yours respectfully,
S. B. WILLIAMS, Treasurer.

Upon motion of Ald. Lewis, ordered, received, filed and published and referred to Finance Committee.

Also communication of W. H. Gorsline concerning an exchange of bonds. Referred to the Finance Committee.

Also petition for the opening of a street from North avenue to Miller street. Referred to Surveyor to prepare an ordinance.

By Ald. Lewis—Resolved, That the sum of one million five hundred and seventy-four thousand dollars (\$1,574,025) the amount heretofore fixed and adjusted as the general tax levy for the ensuing year be, and hereby is levied and assessed on the taxable property within the city of Rochester in the manner required by the city charter, and which taxes, hereby assessed shall be, by the assessors of the city inserted in the assessment rolls for the several wards of the city for 1872 certified sworn to, reported and filed by said assessors with the city clerk, and as provided by section eighty-five of the revised city charter.

Adopted by the following vote:

Ayes—Ald. McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelley, Aikenhead, Simmelink, Lewis—17.

By Alderman Lewis—

Resolved, That this Common Council does hereby determine and certify to the Board of Education that the amount that will be raised in the tax levy of 1892-93 for said board for the year commencing on the first Monday of April, 1892, for school purposes, is as follows:

Teachers fund.....	\$182,500 00
Contingent fund.....	87,000 00
Repair fund.....	15,000 00
Building fund.....	40,000 00
Library fund.....	2,000 00

Total \$326,500 00

And the clerk of this board is hereby directed to transmit to said Board of Education a certified copy of this determination, pursuant to section 137 of the revised city charter and the amendments thereto.

Adopted.

By Alderman Lewis—Resolved, That the Executive Board be, and it is hereby instructed to locate and erect a hose house in the vicinity of Goodman street and Webster avenue. To be paid for out of moneys provided in the tax levy of 1892 and 1893, adopted at this meeting.

Adopted.

By Ald. Simmelink—Offer to dedicate May place to the city. Referred to the Executive Board.

By Ald. Pauckner—Petition for sprinkling of Hickory street. Referred to surveyor to prepare an ordinance.

By Ald. H. G. Cook—Offer to dedicate Karges place. Referred to Executive Board.

By the Clerk—

To the Honorable, the Common Council:

GENTLEMEN:—I hereby certify that the city

assessors have delivered to me the following assessment rolls, viz.:

Ordinance No. 4,531, North street grading.

By Ald. H. G. Cook—Resolved, That the foregoing assessment roll, as reported by the City Clerk, be and the same hereby is in all things confirmed.

Adopted by the following vote:

Ayes—Ald. McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Aikenhead, Simmelink, Lewis—16.

By Ald. Ward—Whereas, The polling booth on Saxton street, near the corner of Tonawanda street, in the Eleventh ward of the city of Rochester, has, since the re-districting of the city by the recent amendment to the charter, become of no avail, and the City of Rochester will become liable to pay the rental, as agreed upon by resolution of the Common Council; and,

Whereas, The owner of said lot, Mr. Henry Vosburgh, has agreed to release the city from the payment of any rent for his premises for election purposes, and to accept the building erected on said lot in full satisfaction of all liabilities of said city for rents; be it,

Resolved, That the mayor be, and he hereby is, authorized to transfer the said building to said Henry Vosburgh, in the manner and form approved by the city attorney, upon said Vosburgh executing and delivering to the city a full satisfaction and release of all claims and rents against the city.

Upon motion of Ald. Lewis referred to Contingent Expense Committee to report back to the Board.

By Alderman Wurtz—Resolved, That the Executive Board be, and it is hereby directed to locate and erect a hose house upon a suitable lot to be purchased in the tenth ward. To be paid for out of moneys provided in the tax levy of 1892-93, adopted at this meeting.

Adopted.

By Ald. Fox—Petition of Martin Frison concerning an erroneous assessment.

Referred to Assessment Committee.

REPORTS OF STANDING COMMITTEES.

By Ald. Forsyth—

To the Honorable, the Common Council, of the City of Rochester:

GENTLEMEN:—Your Law Committee begs leave to submit the following report:

In the matter of the resolution presented by Ald. Zimmer to transfer the sum of \$1,350.00 from the Contingent Fund to the Police Pension Fund, referred to this Committee, we recommend that said resolution be adopted.

The matter of the claim of Michael Herbert for damages for sewage pollution upon his property has been considered by your Committee and we find that an action is now pending in the circuit court, standing at the head of the calendar, for such damages, and that, in a former action, a judgment was recovered against the city for damages caused by the same pollution. There is no defense to the action, and the plaintiff has offered to settle his damages at the rate of \$175.00 per year, from July 24, 1886, and we recommend that said offer be accepted.

In the matter of the applications of Calvin J. Church, Lucien H. Dudley, Frank O. Fosdick, A. R. Mandeville, Mortimer McMannis, Harriet C. Martin, Robert C. Barker and Sanford Campbell, for appointment as Commissioners of Deeds of the city, we find that their applications comply with the rules of the Common Council, and, therefore, recommend that their applications be granted.

Respectfully submitted,

D. W. FORSYTH,
HENRY G. COOK,
CHARLES S. COOK,

Law Committee.

Ordered received, filed and published.

By Ald. Forsyth—Resolved, That upon the certificate of the City Attorney that a stipulation of discontinuance of the action of Michael Herbert against the city of Rochester has been filed in his office, and that a release of any and all claims by or on the part of said plaintiff against said city, by reason of the discharge of sewage from the sewers of the city into Thomas creek, running through the premises of said plaintiff at any time before the order hereinafter mentioned, and the rights, privileges or easements to the city in and to said creek flowing over the lands of said plaintiff, have been executed and delivered to him, the Clerk be, and he hereby is, directed to draw an order upon the City Treasurer, from the Contingent Fund, in favor of said plaintiff, or his attorneys Messrs. Bacon, Briggs & Beckley, for the amount of costs and disbursements as certified to by the City Attorney, and the further sum of one hundred and seventy-five dollars per annum, for damages from July 24, 1886.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Lempert, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—19.

Resolved, Further, That the mayor be, and he hereby is, authorized to agree with said party in writing, approved by said City Attorney, to pay to said party further sums of money at the rate above set forth, until the sewage from the sewers within the city shall be diverted from said creek, and that said payments shall be made annually.

Adopted by the following vote:

Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—18.

By Ald. C. S. Cook—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—Your Committee on Police, Excise and Markets, to whom was referred the application of Davis Brothers for a repayment to them of a sum of money representing the value of their license from the time of their surrender of the same to the end of the period when said license would expire, would respectfully report:

Your Committee finds that said Davis Brothers were granted a license on October 6, 1891, for saloon purposes, paying therefor the sum of fifty dollars, that in February, 1892, they sold said saloon to Nathan Greenburg, who, on February 15, 1892, obtained a license in his own name, and that they have not conducted a saloon business at that place since February 1, 1892.

We, therefore, recommend that the sum of thirty-four dollars being the value of the license from February 15, 1892, to October 26, 1892, be refunded to said Davis Brothers, and for that purpose submit the accompanying resolution.

Respectfully submitted,

CHAS. S. COOK,
J. M. AIKENHEAD,
J. B. SIMMELINK,
WM. PAUCKNER,

Committee on Police, Excise and Markets.

Ordered received, filed and published.

By Ald. C. S. Cook—Resolved, That the City Clerk be, and he hereby is, directed to draw an order on the City Treasurer, payable from the Poor Fund, in favor of Davis Brothers, for the sum of thirty-four dollars, the above amount representing the value of a saloon license surrendered by the above licensees, upon proof of the surrender of said license to the proper authority, and that the Treasurer charge said amount to the Poor Fund.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—20.

ROCHESTER, N. Y., June 28th, 1892.

By Ald. Adams—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—Your Lamp Committee, to whom has been referred the subject of lighting the city with electricity, has had the matter under consideration since such reference, and we respectfully report:

That we have had a number of meetings, to which we invited bids from several electric light companies located and doing business in this city, and that we, at first, received a bid from said companies at substantially the same rate that the city paid for such lighting under the old contract. We, however, were of the opinion that the electric lighting of the city of Rochester, by virtue of the facilities for power and other favorable circumstances, could be done at a less figure and refused to recommend a contract at the old figure. We subsequently submitted the matter to the representatives of the several companies and, after repeated meetings, we succeeded in securing the prices hereinafter named, which are, so far as we have been able to determine, lower than any other city in the United States, except the city of Cincinnati.

We, therefore, recommend that contracts, in the form and substance of the proposed contract and specifications hereto annexed, for such lighting, be awarded as follows, viz:

To the Brush Electric Light Company, the furnishing and maintaining of— or more arc electric lights, of two thousand candle power; the contract price to be twenty-five cents for each light, each and every night, and the period of said contract to be for five years from July 1st, 1892.

To the Rochester Electric Light Company the furnishing and maintaining of— or more arc electric lights, of two thousand candle power; the contract price to be twenty-five cents for each light, each and every night, and the period of said contract to be for five years from July 1st, 1892.

To the Edison Illuminating Company, the furnishing and maintaining of— or more arc electric lights of two thousand candle power, and of— more or less, incandescent lights of twenty candle power; the contract price for the arc electric lights to be 25 cents for each and every night, and for the incandescent lights to be five cents, for each light, each and every night, and the period of said contract to be for five years from July 1, 1892; the form, sufficiency and execution of said contract to be approved of by the City Attorney.

Respectfully submitted,

M. B. ADAMS,
MERTON E. LEWIS,
HENRY G. COOK,
D. W. FORSYTH,
J. MILLER KELLY,
Lamp Committee.

A contract, made this first day of July, 1892, between— located and doing business in the city of Rochester, N. Y., of the first part, and the city of Rochester, a municipal corporation, of the second part, covenanting with each other to faithfully observe and perform each and every of the covenants which each agrees to perform by the terms of this contract, hereinafter expressed.

The party of the first part is herein designated for brevity, as "said company," and the party of the second part as "said city."

Witnesseth as follows: First—Said company shall furnish for the use of said city, its boards officers and agents, electric lamps, lamp-posts, wires and accessories, of the kind and quality hereinafter specified, and lay, construct, operate and maintain the same, in such place or places, street or streets, in said city, and in such numbers, as the said city, by its common council, may from time to time direct, during the life of this contract, provided, however, that the number of lamps to be operated and maintained by said company shall not be at any one time not less than—

Second—This contract shall begin at 12 o'clock noon, on the day of the date thereof, and continue for and during a period ending at 12 o'clock, noon, on the 1st day of July, 1890.

Third—Said company shall furnish, repair and paint the lamp poles or posts, lamps, hoods and supports of said lamps and accessories erected, or to be erected and furnished by said company; clean, and keep cleaned and properly attend, light and keep lighted all of said lamps, and all new or additional lamps furnished and erected, or to be furnished and erected, under this contract, during the period hereinafter named.

Fourth—Said company shall furnish all material, or materials, and do all work and labor necessary for the performance of this contract, of the best quality and skill, in each and every particular and in strict conformity with the terms and conditions and requirements of the specifications hereto annexed as a part of this contract.

Fifth—Said company shall put up and operate each additional lamp, or lamps, required under the terms of this contract, within thirty days after the date of the order and direction of said Common Council.

Sixth—Said company shall keep each and every of its lamps lighted, and in full operation continuously each and every night, during the life of this contract, and said lamps shall be lighted at sunset, and kept lighted, and in full operation, until sunrise, and for such other or further time or occasion as said city by its Lamp Committee or Common Council, shall by written notice require, and for such length of time as may be specified in said notice. In the event that any lamps of said company shall not be lighted and continued lighted and in operation, as provided in this contract, and the specifications hereto attached said city shall have the right to deduct from the price hereinafter named, a sum equal to that which said company would otherwise be entitled to receive for the lamp or lamps for each and every night during which the same shall not be lighted; if, however, said company shall willfully fail or refuse at any time to light, and keep lighted, any or all of its lamps furnished and provided for by this contract, said company shall pay as liquidated damages to said city, for the period said lamp or lamps remain unlighted, a sum double in amount said company would be entitled to receive for the lighting of said lamp or lamps under the contract.

Seventh—Said company shall furnish and apply, at its own cost and expense, all switches, cut-outs and other apparatus which may be necessary to prevent fire or danger of any kind or nature to a person or persons, property or properties, and which may be necessary and required for the proper operation of said lamps.

Eighth—In the event that any dispute or controversy shall arise between the parties hereto as to the terms, agreements and meaning of this contract and specifications, the same shall be submitted to, and determined by an arbitration of three competent persons, one of whom to be selected by each party, and a third one, or umpire, to be chosen by the two selected. The decision of such arbitrators, or a majority of them, shall be final and binding upon the parties hereto.

Ninth—Said company shall use any and all devices and improvements the effect of which shall be to increase the relative amount of light produced and improve the kind, quantity and power thereof during the life of this contract; and when the right and privilege thereof shall not be owned or controlled by said company, it shall be obtained and utilized by it, when directed so to do by said city, through its Common Council, provided, however, in no event shall the amount covenanted to be paid by said city, as hereinafter provided, be increased by any such change.

Tenth—Nothing contained in this contract shall prevent said city from obtaining additional electric lights for its streets, avenues, public squares, parks or places from other companies or parties at any time during the term of this contract, and upon such terms, and upon such conditions as said city, by its Common Council, may deem proper.

Eleventh—Said company shall enter into an arrangement with other existing companies in said city using poles of electric wires, to remove from the streets of said city, such poles as may be necessary so as to maintain only one line of poles for electric wires on any one street. The terms as to the compensation and conditions of removal of the poles and the use of the poles left standing upon the streets, shall be agreed upon by said companies respectively, but, if they are unable to agree upon such terms as to the compensation and conditions of the removal and use by each company of the remaining poles, the same shall be determined, and finally adjusted by the electrical committee of the Common Council, and said company agrees to abide thereby. Any of the aforesaid companies using, or hereafter to use, electric wires upon the streets of

said city may at any time use said remaining poles, upon consent of the Common Council, as to the compensation and use agreed upon, upon compliance with the terms and conditions by them, or determined by said electrical committee; any new company, or individual, on application to the Common Council, may make use of said poles, or any of them, in any street or streets, on making compensation for such use to said companies respectively; said company (party to this agreement) agrees to submit the terms and conditions of such use to the arbitration of three competent persons, to be selected and appointed by the Supreme Court in the county of Monroe, upon application of the company or individual so desiring the use of said poles, and such arbitration shall be made and conducted in all respects, according to the terms, conditions and requirements of the code of civil procedure on the subject of arbitration; and in case of an appeal, the decision of the general term in the fifth judicial department shall be conclusive.

Twelfth—Said city shall pay for each and every lamp placed and actually lighted and in operation, the sum of —cents per lamp per night during the life of this contract, or until directed to be discontinued by said city, and shall pay to said company for the extra lighting hereinbefore provided for, a pro-rata sum per hour for each and every lamp directed to be lighted, as aforesaid, provided, however, that no payment shall be made by said city for the lighting of any lamp or lamps which are not lighted and operated pursuant to the terms of this contract, and the specifications hereto attached. All claims and demands, pursuant to the terms of this contract, must be presented to the Common Council, as required by the provisions of the charter in such case made and provided.

Thirteenth—Said company covenants and agrees to indemnify and save harmless the said city, its boards, officers, agents and servants, and each and every of them, against and from all suits and actions of every name and description, brought against it, them, or any of them, and from all damages and costs to which it, they, or any of them may be put, by reason of injury to person or persons, or property of any nature resulting from any accident, negligence or carelessness in the performance of said work of constructing, operating and maintaining said lamps and all the appliances and accessories thereto, as provided in this contract and specifications or from any improper or defective material, machinery, instrument or appliance used in performing the same, or from any act or omission of said company; said company further agrees that, after final judgment, so much of the moneys that may be due or to become due, to said company, under and by virtue of this contract, shall be retained by said city until said judgment shall have been paid and evidence to that effect furnished to the satisfaction of said Lamp Committee.

Fourteenth—Said company further agrees to indemnify and save harmless said city against any and all claims which may be brought for the infringement of any patent right in use in said lamps, dynamos or other article, apparatus or process which may be used in operating the lamps under this contract.

Fifteenth—It is mutually agreed between the parties hereto that after a lamp pole has been located by said city, and furnished and erected by said company in such location, the same shall, without delay, be removed by said company, on request of the city, the expense of such removal to be borne by said city, but nothing contained in this clause shall modify or change the agreement entered into in clause eleventh of this contract. The successors and assigns of the parties hereto are bound by this contract.

This contract is entered into by said company, subject to all ordinances, rules or regulations enacted, or to be enacted, by the Common Council of said city, by virtue of the authority given to it under the charter.

Sixteenth—Said company shall place all of its wires on Main street, from Plymouth avenue to University avenue; on Exchange and State streets, from the Erie canal to Allen street, and on North and South St. Paul streets from Court street to Andrews street, into a conduit, to be constructed by said city or by a company organized to construct and maintain such conduit to which said city may grant such a franchise; said company hereby agrees to place all of its said wires in the conduit above described within sixty days after notice in writing, from the Common Council of said city, so to do, and to place and put in operation and maintain all the wires supplying and furnishing an electric current to each and every lamp and motor on the streets, and in the buildings, upon which the aforesaid conduit is constructed and maintained. The entire rental to be charged to all of the companies using said conduit shall be 10 per cent. per annum, in the total cost of its construction. The Common Council shall apportion the amount to be paid for the use of said conduit by each company if all or said companies cannot agree upon the apportionment thereof, and said company hereby agrees to pay its proportion of said rental. In witness whereof the parties hereto have hereunto affixed their hands and corporate seals, the day and year first above written.

SPECIFICATIONS.

Lamps.

The lamps to be furnished are to be of the kind known as "Arc Electric Lamps" of the latest and most approved and improved pattern.

Luminous Intensity.

Each lamp shall give a light of two thousand nominal candle power, or of such candle power as will be obtained, when each light in the circuit shall pass 9.5 to 10 amperes of current, at a voltage or electric pressure of 45 to 50 volts, or the equivalent of the same, with the best quality and size of carbons adapted to said lamp and the length of arc to be used in said lamps, shall be such as said Lamp Committee may approve. All lamps furnished shall give a steady and uniform light without undue flickering or hissing, and to the satisfaction of said Lamp Committee. Said Lamp Committee or its authorized agent, shall have proper facilities for testing the candle power of the lamps furnished and operated under the contract, and to that end a conductor or wire from a street lamp circuit shall by said company be permanently run and carried into a building to be designated by said Lamp committee and said company shall furnish, erect and place for such testing, such lamps, globes and carbons as are used for lighting the streets under the contract and such as are required by said committee; at two different points outside of said building on each street light circuit, said company shall permanently place such switches or other appliances as the Lamp Committee may direct and think proper, for applying instruments to measure the quantity and pressure of the current. Said city shall also have free access to the central station or stations of said company for the purpose of inspecting and making tests and measurements and every facility shall be given to said city, its officers or agents therefor.

Lamps, Posts, Supports, Etc.

All wooden poles erected and used to support lamp wires shall be of such length, size, quality and shape, and shall be painted, set and guyed and all cross arms shall be of such kind, size and be painted, as shall be directed

by said Lamp Committee of said city. Said Lamp Committee shall also have the power to direct and authorize the kind, number and quality of cranes for supporting lamps or any other support necessary for them; to direct and authorize the use of combination iron and wooden poles for the support of lamps in any street or place where the wires are underground to be of the kind, shape and set as said committee may direct. No signs, advertisements, bills, defacements or unnecessary attachments of any kind or nature whatever shall be placed, put or attached to any of the poles, supports and cross-arms, and all necessary attachments are to be painted as often, and of the color and style required by said committee.

All poles, supports, cross-arms, attachments, wires, lamps, and every necessary appliance of said lighting system or any part thereof of said company shall be changed or removed whenever in the judgment of the Common Council the public safety or convenience demands the same.

Wires, Currents, Circuits, &c.

All wires used by said company, pursuant to this contract, shall be first-class insulated wire of such conductivity and insulation as shall be approved by said Lamp Committee. Wires to be put on poles to be securely fastened and in a first-class manner. All joints to be taped so as to insulate the joint as perfectly as any other portion of the wire. Said company shall make and give a report describing each circuit for furnishing street lights, including the size of the wires used, the kind of insulation, the number of miles and fractions thereof and the route of such circuit, the number of lamps on each circuit to said Lamp Committee immediately upon the execution of this contract and any construction or erection of a new circuit or circuits or any changes made in old circuits in the number of lamps, wires or route of said circuit shall be immediately reported and given to said Lamp Committee. All the circuits erected and used under this contract, shall be tested by said company for grounds and escapes each and every day during the life of this contract, not less than one half hour before the time of lighting said lamps. Once a month during the life of this contract, an insulation and resistance test shall be made on said circuits; a certified report in writing of said daily and monthly tests shall be made and delivered to said lamp committee each and every month during the life of this contract. It is, however, expressly understood between the parties to this contract, that no lamp or lamps, motor or motors or any other appliances or device of any kind whatsoever, shall be attached, connected or made a part of a circuit delivering the current to the lamps of said city, without the consent of said Lamp Committee or its authorized agent. The current to be used for the lighting of the lamps under this contract shall be the current known and designated as the "continuous current," and none other and the voltage of said current in any circuit shall not exceed 3,500 volts; the kind of current and voltage to be changed only by resolution of the Common Council.

Globes.

The globes to be used for the lamps under this contract shall be of clear or one-quarter ground glass, (unless otherwise ordered) of uniform thickness, and proper shape to avoid casting rings or streaks of light and shadow; cracked or broken globes must be replaced at once by sound ones. Clear glass globes must not absorb or abstract more than twelve per cent. of the light of the lamp. It shall remain optional with said city to require globes partly clear and partly ground for the use of said lamps. Globes shall be cleaned daily, inside and outside and all dirt and carbon dust shall be removed before the time the lamps must be lighted under the contract.

Apparatus.

The lamp-posts, poles, wires, conductors, lamps, globes, carbons and each and every article, apparatus or device which may be necessary for the electric lighting under this contract, shall be furnished and maintained by said company, at its own cost and expense. The lamps, wires, and all and every conductor must be thoroughly insulated and placed in such locations, and in such manner, as to prevent them from being tampered with, or handled by any unauthorized person or persons.

Ald. Callihan moved that when the Board adjourn it be to Thursday evening and that the report of the Lamp Committee lay on the table until that time.

Ald. Adams moved as an amendment that the report be received, filed and published and that when the Board adjourn it be until Thursday afternoon next at 4 P. M. when report be made special order of business.

Adopted.

Original resolution as amended adopted.

By Ald. H. G. Cook—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—Your Assessment Committee begs leave to report as follows:

In the matter of the petition of Anton Klüh praying for relief from an assessment for the Michigan street pipe sewer against lots 123 and 125 on the south side of Michigan street, we recommend that the petitioner be allowed to pay the sum of \$24.80, in full of the assessment against the portion of said lots owned by the petitioner.

In the matter of the petitions of the Church of the Epiphany, the trustees of the Epworth M. E. Church, the German Evangelical Church, Klass Wiersma and D. D. Williams, whose property was sold for the general city tax for the year 1889, we recommend that in each case the petitioner be allowed to pay the original amount of the tax or assessment for which the property was sold, with the interest and fees allowed by the city charter, down to the date of the sale of the property, and with interest at six per cent. from the date of sale to the time of payment, and that the costs and expenses of sale be cancelled.

In the matter of the petition of George M. Shepard, praying for a refund of four dollars for water rates erroneously assessed against his property, we recommend that the sum of four dollars be refunded to the petitioner.

In the matter of the petition of the Wagner Memorial Lutheran College, praying for an exemption from the city taxes upon lot 145 on Central avenue, the said lot of the petitioner being used for educational purposes in connection with the college, we recommend that the petitioner be exempted from the payment of the city tax for 1892-93, against said lot 145 on Central avenue.

In the matter of the petition of William B. Smith, asking for a correction of an assessment against lots 119 and 121 of the West Avenue Building Lot Association, for the extension of the Genesee Valley Sewer, we recommend that the petition be denied.

Respectfully submitted,

HENRY G. COOK,
JULIUS WURTZ,
JAMES JOHNSTON,
C. W. ZIMMER,
JOSEPH BIERBRAUER,
Assessment Committee.

Ordered received, filed and published.

Ald. McMillan in the chair.

By Ald. H. G. Cook—

Resolved, That the City Treasurer be, and he hereby is, directed to receive the sum of \$24.80 in full of the assessment against Anton Klüh, for the Michigan street pipe sewer, against the portion of lots 123 and 125 on the south side of Michigan street, owned by said Klüh, and charge the balance of said assessment to erroneous assessments.

Adopted by the following vote:

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

MAYOR'S OFFICE,
ROCHESTER, JUNE 28, 1892. }

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—Pursuant to authority vested in me by law, I hereby nominate for Park Commissioners, Simon Stern in place of George H. Newell, deceased; Jonas Jones, in place of Mortimer F. Reynolds, deceased.

RICHARD CURRAN, Mayor.

Ordered received, filed and published.

Ald. Callihan moved that the nominations of the Mayor, just reported to the Board, be confirmed.

Adopted by the following vote:
Ayes—Alds. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Lempert, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Forsyth, Bierbrauer—19.

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, JUNE 28, 1892. }

To the Honorable, the Common Council:

GENTLEMEN:—The Executive Board directs me to call your attention to the necessity of improving, permanently, Brooks avenue, from Plymouth avenue to Genesee street.

An examination of the city map will be an argument without words in favor of this improvement. Genesee street and Plymouth avenue form the main thoroughfares running from the line of West avenue and West Main street, and though situated over a mile distant from each other at the starting point, they converge so, that when they cross Brooks avenue their distance apart is about 250 feet.

Now the improvement of this 250 feet would connect the two avenues, forming a continuous belt of paved roadway of about five miles, embracing nearly the whole south-western section of the city, and making one of the most attractive and interesting suburban pleasure drives which can be found in Rochester.

The character of the pavement should be in keeping with the two grand avenues which it will unite, and the Executive Board feels satisfied that the suggestion above given will be sufficient to cause your honorable body to direct the City Surveyor to at once submit an ordinance for the above improvement.

Respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., JUNE 28, 1892. }

To the Honorable, the Common Council of the City of Rochester, N. Y.:

GENTLEMEN:—I hereby report that the City Assessors have delivered to me the Assessment Roll for opening a street from Meigs street to Averill avenue, Ordinance No. 4,448, certified and sworn to as required by law.

HENRY W. GREGG, City Clerk.

Ordered, received, filed and published.

By Ald. Dewey—Resolved, That the next meeting of the Common Council, Tuesday evening, July 12, 1892, be and hereby is assigned as the time when any complaints or appeals from the assessment for opening a street from Meigs street to Averill avenue, Ordinance No. 4,448, will be heard.

Adopted.

By the Clerk—

OFFICE OF SUPERINTENDENT OF SCHOOLS,
ROCHESTER, N. Y., JUNE 28, 1892. }

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—The members of the Board of Education hereby propose a game of base ball with you at such time and place as may be agreed upon. We suggest that the proceeds of the game be applied to the funds of the Infants Summer Hospital. Only members of either the Council or Board of Education permitted to play.

Very respectfully,

COMR. R. J. DECKER,
On behalf of the Board.

Ordered received, filed and published.

Ald. Lempert moved that the challenge be accepted.

Adopted.

By the Clerk—Claims of Rose Jutsum and of Frederick R. Jutsum against the City of Rochester, for damages. Referred to the Law Committee.

CITY ATTORNEY'S OFFICE,
ROCHESTER, N. Y., JUNE 16, 1892. }

To the Mayor, City Clerk, and the Common Council of the City of Rochester.

GENTLEMEN:—Pursuant to the power given me by the charter of the City of Rochester, as amended by the laws of 1892, I hereby make the appointment of Andrew Ludolph, Clerk in

the Law Department of said city as created and directed by said charter, to begin June 1, 1892.

Yours, etc.
C. D. KIEHEL, City Attorney.

Ordered received, filed and published.
By the Clerk—

CITY TREASURER'S OFFICE, }
ROCHESTER, N. Y., June 28, 1892. }

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—I would respectfully report that the interest due on bonded indebtedness of the city is \$142,965. This amount is payable at the Union Trust Company of New York, July 1st. I would therefore request that prompt action be taken on the accompanying resolution.

S. B. WILLIAMS, Treasurer.

Ordered received, filed and published.

By Ald. Lewis—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue the city's note for a period not exceeding thirty days, under authority of section 81 of the city charter, for the sum of one hundred and forty-two thousand nine hundred and sixty-five dollars, this being the amount of interest due on the bonded debt, July 1st. Said note to be discounted under the directions of the Finance Committee and countersigned by the chairman of said committee, the discount to be charged to Contingent Fund.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Callhan, Zimmer, Adams, Lempert, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelinck, Lewis, Forsyth, Bierbrauer—19.

CITY TREASURER'S OFFICE, }
ROCHESTER, N. Y., June 27, 1892. }

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—The following assessments against property described appear on the rolls unpaid. Time of payment on said rolls has expired and according to the charter all unpaid assessments should be added to the General City Tax against the same property. This property is now owned by the City, having been dedicated to, and accepted by it, so of course does not appear on the General City Tax rolls for 1892. Please advise me immediately how to dispose of these assessments, as the General City Tax Rolls are placed in my hands for collection July 1st, and all of these unpaid locals should be taken care of prior to that date.

Yours respectfully,
S. B. WILLIAMS, City Treasurer.

FIRST ORDINANCES.

ASPHALT PAVEMENT ON CLINTON STREET AND CLINTON PARK.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Clinton street and Clinton park.

Adopted.

The Surveyor submitted as such estimate, \$19,500.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The improvement of Clinton street and Clinton park, from the south end of the asphalt pavement on Clinton street, to the south curb line of Griffith street, by constructing an asphalt pavement therein with a line of Medina stone curb on each side thereof properly connected with all lateral streets, alleys and driveways. Width of main roadway between curbs to be 38 feet. Also the construction of all necessary crosswalks, crosswalk extensions, surface sewers, lot laterals, manholes, water and

gas services. Also the construction of a Portland cement walk six feet in width on each side of the streets between the limits mentioned, except where good flag or cement walks at least five feet in width now exist, which walks shall be relaid if not conforming to the proper grade and alignment. Also the construction of a vitrified pipe sewer 15 inches in diameter in said street, from a point 20 feet south of Monroe place to the sewer in Howell street.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$19,500, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Clinton street and Clinton park, from Monroe avenue and Wood street, respectively, to Griffith street, in proportion to the benefit which each will derive therefrom.
Adopted.

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, June 28, 1892.

To the Common Council:

GENTLEMEN:—The question of providing more room for several of the departments in the city hall has been canvassed and discussed, by committees of the common council and the heads of departments for many months; and, while everyone familiar with the crowded condition of the rooms occupied by some members of the official family admits the necessity of obtaining more space to transact the public business, yet as you are aware, the proposed relief has not got far beyond the stage of general discussion and indefinite plans.

The departments occupied by the executive board suffer the greatest inconvenience for the want of room. The water department organized in 1873-4, is still in the same quarters although the population of the city has nearly doubled, and the accounts have reached about 30,000 in number, requiring the constant use of twenty large books. There is no longer desk room for the business of the office and no room for more desks. It should be understood that there is, perhaps, no city office that so many persons or property owners have business with during the year because paying water rents and applications for new services and alterations render necessary frequent visits of taxpayers. The room for such purpose is now encroached upon so that not more than one-half a dozen persons can reach the counter to transact business at any one time.

In the session room or what should be such, during business hours the board is unable to do more than walk around the room and endeavor to attend to the requests and the general business of the office.

No order can be maintained when meetings are being held because of the overcrowded condition of the room. It resembles the scene one witnesses on the streets, when some incident attracts a miscellaneous crowd to a certain point. It is a well with a wall of humanity around it, and every individual in the crowd trying to get the central point to see what is in the well or pit. No public body which is called upon to perform very important duties should be subjected to such disorder and to the necessity of so unbusiness-like means of attending to their duties. This is not an over-drawn picture but one that many aldermen have looked upon. There is no place to transact or consult on the many matters of importance which daily require prompt and prudent action on the part of the executive board, and, I am directed to state that it is imperatively necessary that better facilities be provided for this department without further delay or this board will have to seek means elsewhere to perform its duties and meet the necessities of the public business.

Respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published and referred to the City Property Committee.

By Ald. Zimmer—Application of Frank Cummings for appointment as Commissioner of Deeds. Referred to Law Committee.

By Ald. Zimmer—Whereas, By the provisions of chapter 614 of the laws of 1887, and the amendments thereto establishing a Police Pension Fund for the city of Rochester, it was provided that such fund should consist among other things of "All revenues derived from licenses for the public use of billiard and pool tables, bowling alleys and pawnbrokers, and

Whereas, It has been the custom of the offices of the city whose duty it has been to collect licenses from pawnbrokers to pay them into the city treasury to the credit of the Contingent Fund audit appears from the records in said treasurer's office that the sums

By Ald. Johnston—Resolved, That section 2 of ordinance to regulate bill posting and bill distributing be, and the same is hereby amended, so as to read as follows:

Sec. 2. Every person or person whom a license may be granted under the provisions of this ordinance shall pay therefor to the City Treasurer on the delivery of said license to the party to whom such license is granted the sum of \$50.00.

Upon motion of Ald. Forsyth referred to Law Committee.

By Ald. Wurtz—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—By a deed dated December 15th 1890, I granted to the city, without consideration, a right of way or easement twenty feet wide through lots 15, 16, 53 and 59 of my tract for the purpose of an outlet sewer known as the Maplewood outlet sewer which drains with my tract a small portion of the Maplewood tract. The said easement was granted twenty feet wide without considering its possible effect on the lots through which it runs, I find, however, that the extreme width of the easement is working to considerable disadvantage to the purchasers of these lots in that the said easement takes up so large a portion of the said lots that it leaves a very narrow strip to build upon, and it is also a hardship in that it prevents the said purchasers from obtaining a loan on that portion of the lots covered by the easement.

By consulting with competent engineers I find that a ten-foot easement would be sufficient for the maintenance of the said sewer, I beg, therefore, to ask your honorable body to take such action in the matter as is necessary to grant a release of ten feet of the said easement. This can be done without detriment to the city's interests and would be a great benefit to the parties owning these lots.

Respectfully submitted,

JAMES GORSLINE.

CITY TREASURER'S OFFICE,
ROCHESTER, June 29, 1892.

To the Honorable Common Council:

GENTLEMEN:—On March 6, 1889, there was confirmed by your honorable body, Ord. No. 3,527, known as Qualtrough Place Pipe Sewer.

The total cost of such improvement was \$1,841.99. All improvements costing less than \$2,000.00 should be made single payment rolls. By error this roll was made a three payment or discount roll. As no interest was added to the original cost on this sewer to meet such discounts, as were allowed, I would respectfully recommend that such shortage be credited to this ordinance and charged to Interest on Assessments.

Yours respectfully,

S. B. WILLIAMS, Treasurer.

Ordered, received, filed and published.

By Ald. Lewis—Resolved, That the City Treasurer be and he hereby is authorized and directed to credit Ord. No. 3,527, Qualtrough Place Pipe Sewer, with such discount as has been allowed and charge same to Interest on Assessments.

By Ald. Lewis—Resolved, That the request of W. H. Gorsline in regard to the exchange of coupon bonds for registered bonds be granted under the conditions prescribed in former transfers of like nature.

Adopted.
 By Ald. Lewis—Resolved, That a select committee of three members be appointed by the chair to meet a committee of the Board of Education to make the necessary arrangements for the ball game which this council has been challenged to play.

Adopted.
 By Ald. Forsyth—Resolved, That the following notice be published in ten successive numbers of the official paper of said city, to wit:

TO ALL WHOM IT MAY CONCERN.
SUPREME COURT, Monroe County.—In the matter of the application of the City of Rochester to acquire lands for public park purposes.

The report of Selden S. Brown, Charles M. Hooker and John B. Hamilton, commissioners, appointed herein to ascertain and report the just compensation to be paid to the person or persons, or corporation, or corporations, owning, or having an interest in, the pieces or tracts of land sought to be acquired by these proceedings, having been filed in the clerk's office of the County of Monroe, on the 27th day of June, 1892.

Notice is hereby given, that said Common Council will apply to the Supreme Court of the state of New York, at the Special Term of said court, to be held at the court house in the City of Rochester, on the 25th day of July, 1892, at the opening of court on that day, or as soon thereafter as counsel can be heard, for an order confirming said report.

Dated, June 27, 1892.
 C. D. KIEHEL, City Attorney.

Adopted.
 By Ald. Lewis, by request—
 ROCHESTER, N. Y., June 28, 1892.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—The undersigned, owners of the Tract known as the Gardiner Homestead Tract Association, Twentieth Ward, of the City of Rochester, respectfully state that they have opened up streets in said Tract and have graded, monumented, and otherwise complied with the city's requirements in that particular in Morton avenue, Gardiner avenue and Fillmore avenue, all from Chili avenue to West avenue; that said streets have been accepted by your honorable body as public streets; and now request permission to extend water mains in connection with the domestic system of water works in the above named streets and in Crystal lane, lying between Morton and Fillmore avenues, at our own expense, under the direction of the Executive Board; such moneys thus to be advanced by us, to be refunded without interest, at the pleasure of your honorable board, whenever there are funds applicable therefore, not otherwise appropriated.

Respectfully submitted,
 GARDINER HOMESTEAD TRACT ASSOCIATION.
 C. H. PALMER, President.

By Ald. Lewis—Resolved, That permission be and it is hereby granted to the Gardiner Homestead Tract Association of this city, to extend water mains in Gardiner, Morton and Fillmore avenues and Crystal lane, in the

Twentieth Ward of the city, the expense for materials and labor to be advanced by said association, and the work to be done under the direction of the Executive Board; and it is further

Resolved, That the funds so advanced be repaid to said association without interest at the pleasure of the city.

REPORTS OF STANDING COMMITTEES.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Assessment Committee begs leave to submit the following as a report of its final action taken at its meeting July 11th, 1892, upon matters referred to it by your Honorable Body.

In the matter of the petition of the Young Mens' Christian Association, praying for a remittance of one-half of the city taxes for the year 1892, against its property on the corner of Court and St. Paul streets upon the ground, that said Association is organized and conducted solely as a religious and charitable institution, that every Young Mens' Christian Association in every city in the state so far as the petitioner is informed is either exempted from taxation entirely or is assessed merely a nominal sum, that said Association has a free public library and reading room which are exempt by statute from taxation, and finally that one-half the said property is rented, the balance being used solely for Association purposes, we recommend that the petition be granted.

In the matter of the petition of Martha Frison, to have a tax on lot No. 21, of the Mumford Tract, Wilson's subdivision reduced to a sum fixed by a valuation of \$400, and also praying to be allowed to redeem said lot sold to the city for unpaid taxes for the years 1887-88-89-90-91, at six per cent. interest, we recommend that that portion of the petition praying for a reduction of the tax against said lot No. 21 be denied, and that as to the remainder the petitioner be allowed to pay said unpaid taxes, assessments, etc., against said lot at six per cent. per annum as provided in the accompanying resolution.

In the matter of the petition of Frederick Utz and wife, praying for a cancellation of an assessment against lot No. 30, on the north side of an alley running from Dubelbeiss park for the Clifford street outlet sewer, we recommend that the same be denied.
Dated, July 13th, 1892.

HENRY G. COOK,
JULIUS WURTZ,
JAMES JOHNSTON,
JOS. BIERBRAUER,
Assessment Committee.

Ordered received, filed and published.

By Ald. H. G. Cook—Resolved, That the City Treasurer be, and he hereby is directed to receive one-half of the city taxes assessed against the property of the Young Mens' Christian Association on the corner of Court and St. Paul streets, to wit: The sum of \$618.55 in full of the city taxes against said property for the year 1892, but with the usual fees and interest added, if the same be paid after the month of July and that he charge the balance of said taxes to erroneous assessments.

Adopted by the following vote:

Ayes—Ald. McMillan, C. S. Cook, Callihan, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Alkenhead, Lewis, Bierbrauer—14.

By Ald. H. G. Cook—Resolved, That the petition of Martha Frison praying to have the taxes on lot No. 21, of the Mumford Tract, Wilson's subdivision, Mark street, in the 13th ward, reduced to a sum fixed by a valuation of \$400, be, and the same hereby is denied.

Adopted.

By Ald. H. G. Cook—Resolved, That the City Treasurer be, and he hereby is directed to receive from Martin Frison the sum of \$7.84, with interest thereon from March 29th, 1888; the sum of \$31.66, with interest from March 28th, 1889; the sum of \$35.64, with interest from March 26th, 1891; the sum of \$40.68, with interest from March 31, 1892, provided that the same be paid within 30 days from the passage of this resolution, being the amounts respectively for which lot No. 21, of the Mumford Tract, Wilson's subdivision, Mark street, in the 13th ward were sold to the city of Rochester for the general city taxes for the years 1887, 1888, 1890, and 1891, and that upon the payment of said sums with interest from the dates aforesaid at the rate of six per cent. per annum down to the date of payment, said Martin Frison be, and hereby is allowed to redeem said premises from the sales above specified so made to the city of Rochester and that the City Treasurer charge any other interest, costs, fees and expenses to erroneous assessments.

Adopted.

By Ald. H. G. Cook—Resolved, That the petition of Frederick Utz and wife to have canceled an assessment for Clifford street outlet sewer against lot No. 30, on the north side of an alley running from Dubelciss park, and to have remitted the portion of said assessment already paid be, and the same is hereby denied.

Adopted.

By Ald. Fox—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Map and Survey Committee to whom you referred the pay roll of the East Side Trunk Sewer, ending June 30, 1892, amounting to \$1,657.50, the salaries of Oscar H. Peacock, William C. Gray, Paul J. Gregory, James W. Howe, Sherman D. Enoch, Frank W. Bristow and Samuel A. By Ald. Pauckner—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—Your committee on public improvements begs leave to report that it has considered the petition of the Genesee street taxpayers dated June 20, 1892, praying for the improvement of Genesee street from Brooks avenue southerly to the city limits with a McAdam improvement, etc., and we recommend that the

prayer of the petitioners be granted, and to that end submit the accompanying resolution for action. Respectfully submitted,

WM. PAUCKNER,
JOHN F. FOX,
WM. WARD,
JOSEPH BIERBRAUER.

Public Improvement Committee.

Dated July 12, 1892.

Ordered received, filed and published.

By Ald. Pauckner—Resolved, That the City Surveyor be, and he hereby is, directed to prepare an ordinance for the improvement of Genesee street, from Brooks avenue southerly to the city limits, with a first-class Palisade trap rock McAdam improvement, and that the contractor be required to give a five years' guarantee for said work.

Upon motion of Ald. Forsyth laid on the table until next regular meeting.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—Your Law Committee begs leave to submit the following report:

The matter of the communication of James Gorsline praying for a release of ten feet of the easement given to the city on lots 15, 16, 58 and 59 of the Gorsline tract, for the purposes of the Maplewood outlet sewer, has been under consideration, and we find that on the 15th day of December, 1890, said Gorsline, by a deed in writing, granted a strip of said lots twenty feet in width for the aforesaid easement. We also learned from the City Surveyor, as set forth in the accompanying communication, that a strip of land ten feet in width is sufficient for said easement. We, therefore, recommend that the Mayor be authorized to release the east half of said easement, the description thereof to be approved by the City Surveyor.

The matter of the resolution to amend the Penal Ordinance to regulate bill posting and bill distributing, having been referred to this Committee by the Common Council, we find that the license fee named in section two of said ordinance is larger than the amount specified in the charter for the purposes of said ordinance.

The limit by the charter is fifty dollars. We, therefore, recommend that said section two be amended by changing the sum of one hundred dollars to the sum of fifty dollars. We also recommend that section five be amended, as set forth in the accompanying resolution, viz: Change the word "sample" therein to "sample advertisements," to avoid a possible conflict between the ordinance which gives peddlers in the city a license.

In the matter of the communication of Messrs. J. and Q. Van Voorhis in respect to the judgment recovered by Theresa Wannamaker, as administratrix, etc., against the city, we are advised by the city attorney that important legal questions have been raised in the matter, which ought to be finally determined by the court of appeals, and we, therefore, recommend that said action be appealed to the court of appeals.

In the matter of the communication of Elbridge L. Adams in respect to a balance due him for costs in the action of Hugh Kelly against the city, we learn, upon examination into the facts in the case, that a balance of \$29 is due said Adams for costs, and we, therefore, recommend that the same be paid to him out of the contingent fund.

In the matter of the claim for damages of Mrs. Mary Short and William Short for injuries resulting from a fall on the sidewalk on Sanford street, we find that William Short made a claim for damages for \$100, and Mary Short for the same amount; that we also learn that said Mary Short was quite seriously injured by reason of said fall, and that sidewalk was out of repair at the time. Through the parties' attorneys, an offer has been made to settle the claim of both parties, and a release of all damages to the city, for the sum of \$25, and we recommend that the same be paid.

In the matter of the applications for appointment of Commissioners of Deeds of William B. Carman, George H. Barnett, George H. Young, George Albert Bowman, George W. Fraley, Jr., and Frank Cummings, we recommend that the same be granted.

Respectfully submitted,
D. W. FORSYTH,
MERTON E. LEWIS,
CHARLES S. COOK,
HENRY G. COOK.

CITY ATTORNEY'S OFFICE, }
ROCHESTER, N. Y., July 12, 1892. }

To the Law Committee of the Common Council:

GENTLEMEN—The matter of releasing a part of the easement of lots 15, 16, 58 and 59 of the Gorsline tract, heretofore granted to the city by James Gorsline for the purposes of the Maplewood outlet sewer, having been submitted to me, I am of the opinion that the Common Council has the power to pass a resolution authorizing the Mayor to release so much thereof as may, in the judgment of the City Surveyor, be proper.

Yours Respectfully,
C. D. KIEHEL,
City Attorney.

Ordered received, filed and published.

CITY SURVEYOR'S OFFICE, }
ROCHESTER, N. Y., June 28, 1892. }

C. D. Kiehel, Esq., City Attorney:

DEAR SIR—In 1890 James Gorsline et al deeded to the City of Rochester a right of way for the Maplewood Avenue sewer, from Riverside Avenue to Flower City Park. The deed is recorded with Monroe County deeds L. 480 P. 80. The consideration was \$1, and the strip of land covered is twenty feet wide, lying easterly of, and adjacent to the westerly lines of lots 15 and 16 between Riverside Avenue and Gorsline Park, and lots 58 and 59 between Gorsline Park and Flower City Park.

The Present owners of said lots find that the above easement largely reduces the value of said lots for the purpose of borrowing money upon, and ask that the easement be released so as to cover a strip ten (10) feet wide.

I have examined into the matter, and recommend that the eastern moiety of said easement be released, and that a strip ten (10) feet wide be retained, lying easterly of, and adjacent to the westerly line of lots numbers 15 and 16 and lot 59, and of a width sufficient, not less than ten (10) feet, to cover the sewer as built in the lot number 58.

The width thus retained will be amply sufficient to maintain the sewer upon.

Very Respectfully Yours,
J. Y. McCLINTOCK, City Surveyor.

Ordered received, filed and published.

By Ald. Forsyth—Resolved, That the mayor be, and he hereby is, authorized to execute and deliver to James Gorsline, or his grantees, a release and discharge of ten feet of easement for the Maplewood outlet sewer in lots 15, 16, 58 and 59, conveyed to the city by Gorsline on the 15th day of December, 1890, the description of said ten feet to be approved of by the surveyor and city attorney.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Adams, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—18.

By Ald. Forsyth—Resolved, That section two of the penal ordinance to regulate bill posting and bill distributing, be amended so as to read as follow:

Section 2. Every person or persons to whom a license may be granted under the provisions of this ordinance, shall pay therefor to the city

treasurer, on the delivery of said license to the party to whom such license is granted, the sum of fifty dollars.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Adams, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth—17.

By Ald. Forsyth—Resolved, That section five of the penal ordinance to regulate bill posting and bill distributing, be amended so as to read as follows:

Section 5: From and after the passage of this ordinance, no person or persons shall engage in and carry on the business of bill posting, bill distributing and sign advertising in the city of Rochester, and no person shall go upon any of the streets, sidewalks or alleys of said city for the purpose of distributing or circulating posters, circulars, hand bills, sample advertisements, printed or engraved notices or advertisements of any kind, to or among the pedestrians or travelers on said streets, sidewalks or alleys, or to any offices, stores, places of business or residences in said city, for the purpose of posting or distributing engraved notices or advertisements of any kind; nor shall any person post, circulate, engrave, write, paint or distribute in said city any posters, circulars, hand bills, pamphlets, sample advertisements, printed or engraved notices or advertisements of any kind whatever, without previously having obtained a license as specified in this ordinance, and complied with the requirements of the preceding sections, or without being an officer, agent or employe of any person or persons having such license and complying with the ordinance aforesaid.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, Cook, C. S., Calihan, Adams, Fox, Johnston, Wurtz, Ward, Dewey, Cook, H. G., Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth—17.

By Ald. Forsyth—Resolved, That the city attorney be, and he hereby is authorized to take an appeal to the Court of Appeals from the judgment recovered against the city by Theresa Wannamaker as Administratrix etc.

Adopted.

By Ald. Forsyth—Resolved, That upon the certificate of the city attorney that a proper satisfaction of the judgment recovered against the city by Hugh Kelly, has been filed in his office, the city clerk be, and he hereby is, directed to draw an order on the treasurer, payable to Elbridge L. Adams, attorney, for the sum of twenty-nine dollars, to be paid out of the contingent fund, and said treasurer is hereby authorized to pay the same, and charge it to the contingent fund.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, Cook, C. S. Calihan, Adams, Fox, Johnston, Wurtz, Ward, Dewey, Cook, H. G., Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth—17.

By Ald. Forsyth—Resolved, That upon the certificate of the city attorney that proper releases and discharges have been filed in his office from Mary Short and William Short, releasing the city of any claim for damages against the city, up to date, the city clerk be, and he hereby is, directed to draw an order, payable to W. Butler Crittenden, attorney for said parties, upon the city treasurer, for the sum of twenty five dollars, to be paid out of the contingent fund, and said treasurer is hereby authorized to pay the same, and charge it to the contingent fund.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Adams, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth—17.

Ald. Cook, from the Police Committee, Ald. Calihan from the City Property Committee, Ald. Zimmer, from the Contingent Expense Committee, Ald. Adams from the Lamp Committee, Ald. Lempert, by Ald. Wurtz, from the health

committee, and Ald. Wurtz, from the poor committee, reported in favor of the various bills referred to their respective committees and referred them to the auditor and finance committee for payment.

REPORTS OF SELECT COMMITTEES.

Ald. C. S. Cook on behalf of the committee on Andrews street bridge and Ald. Zimmer on behalf of the committee on Court street bridge reported progress and asked for further time. Granted.

To the Common Council:

Gentlemen—The Executive Board has invited the owners of property proposed to be condemned for opening a street from Reynolds street to Jefferson avenue, to state the prices they would accept for their lands. After due consideration of the subject, an effort was made among the parties interested to agree upon a price, but without success, and the Executive Board would suggest to your honorable body to take the usual proceedings provided by law for the acquiring of the parcels of land necessary for this improvement.

Respectfully,

THOMAS J. NEVILLE, Clerk.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

SPRINKLING HELENA STREET.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of sprinkling Helena street, from Hudson street to North street.

Adopted.
The Surveyor submitted as such estimate, \$42.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The sprinkling of Helena street, from Hudson street to North street, during the season of 1892.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$42, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Helena street, from Hudson street to North street, in proportion to the benefit and advantage which each will derive therefrom.

Adopted.

PIPE SEWER IN WEST STREET.

By Ald. Ward—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in West street.

Adopted.
The Surveyor submitted as such estimate, \$970.

By Ald. Ward—Resolved, That the following improvement is necessary, viz:

The construction of a vitrified pipe sewer 12 inches in diameter in West street, from a point 40 feet south of Costar street, to the sewer in West street at Lorimer street. Also the construction of the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations.

And, Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$970, which estimate is hereby approved.

Resolved, further, That the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of West street, from the center of Costar street, to the center of Lorimer street, in proportion to the benefit which each will derive therefrom.

Adopted.

PIPE SEWER IN CENTRAL AVENUE.

By Ald. Ward—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Central avenue.

Adopted.
The Surveyor submitted as such estimate, \$8,500.

By Ald. Ward—Resolved, That the following improvement is necessary, viz:

The removal of the present sewer and the construction of a new vitrified pipe sewer 24 inches in diameter in Central avenue, from a point 50 feet west of the northwest corner of Central avenue and North street, to the sewer in Clinton street. Also the construction of the necessary manholes, surface sewers, lot laterals and branches. Also the connection of the present laterals.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$8,500, which estimate is hereby approved.

Resolved, further, That the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Central avenue, from Clinton street to North street, in proportion to the benefit which each will derive therefrom.

Adopted.

PIPE SEWER IN SPRUCE STREET.

By Ald. Ward—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Spruce street.

Adopted.
The Surveyor submitted as such estimate, \$2,700.

By Ald. Ward—Resolved, That the following improvement is necessary, viz:

The construction of a vitrified pipe sewer in Spruce street, to be 15 inches in diameter, from the sewer in Genesee street to the center

of Birch street, and 12 inches in diameter, from the center of Birch street, and 12 inches in diameter from the center of Birch street to a point 20 feet east of Pioneer street. Also the construction of the necessary manholes, surface sewers, lot laterals and branches.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$2,700, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Spruce street, from Pioneer street to Genesee street, in proportion to the benefit which each will derive therefrom.

Adopted.

OPENING A STREET FROM BATES STREET TO BOWEN STREET.

By Ald. Simmelink—Resolved, That the following improvement is necessary, and we hereby judge that the public good requires the same to be done, viz:

The opening of a street 66 feet in width, from Bates street to Bowen street, the center line of which is described as follows, viz: Beginning at a point in the west line of Bates street 18.5 feet south of the north line of property supposed to be owned by A. C. Bowen, being opposite the center of Sibley street; thence westerly on a line parallel with and 18.5 feet south of the north line of said A. C. Bowen's property to Bowen street. The territory to be taken for said proposed street, is a strip of land 33 feet in width situate on each side of and adjoining the aforesaid described center line, and extending from Bates street to Bowen street.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

All the lots and parcels of land on each side of and adjoining the proposed street, from Bates street to Bowen street, in proportion to the benefit which each will derive therefrom.

Adopted.

AN ASPHALT PAVEMENT ON KIRK STREET.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Kirk street.

Adopted.

The Surveyor submitted as such estimate, \$14,000.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The improvement of Kirk street, from North street to Scio street, by the construction of an asphalt pavement therein with a line of Medina stone curb on each side thereof properly connected with all lateral streets, alleys and driveways. Width of main roadway between curbs to be 24 feet. Also the construction of the necessary manholes, surface sewers, lot laterals, water and gas services, crosswalks and crosswalk extensions, and main sewers. Also the construction of a 5 foot Portland cement walk on each side of the street between the limits mentioned, except where good flag or cement walks now exist, which walks shall be relaid if not conforming to the proper grade and alignment.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$14,000, which estimate is hereby approved.

Resolved further, That the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each

side of Kirk street, from North street to Scio street, in proportion to the benefit which each will derive therefrom.

Adopted.

PIPE SEWER IN RILEY PARK.

By Ald. Ward—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Riley park.

Adopted.

The Surveyor submitted as such estimate, \$550.

By Ald. Ward—Resolved, That the following improvement is necessary:

The construction of a vitrified pipe sewer 12 inches in diameter in Riley park, from a point 20 feet east of the west end of Riley park, to the sewer in Orchard street. Also the construction of the necessary manholes, surface sewers, lot laterals and branches.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$550, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Riley park, from the west end thereof to Orchard street, in proportion to the benefit which each will derive therefrom.

Adopted.

SPRINKLING BADEN STREET.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of sprinkling Baden street, from St. Joseph street to Hanover street.

Adopted.

One tier of lots and parcels of land on each side of Clark street, from Brown street to Grape street, in proportion to the benefit and advantage which each will derive therefrom.

Adopted.

By Ald. Pauckner—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or ordinance, or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7:30 o'clock P. M., at the Common Council Chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Post-Express notice thereof as is required and in the manner specified by Section 172 of the City Charter.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y. July 12, 1892. }

To the Honorable, the Common Council of the City of Rochester :

Gentlemen:—Agreeably to your direction heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Post-Express two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your Honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, July 12, 1892, at 7:30 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvement. Respectfully,

HENRY W. GREGG, City Clerk.

Final ordinance for Ontario street sprinkling came up and on motion of Ald. Aikenhead, action thereon was postponed two weeks.

FINAL ORDINANCE, NO. 4,832.

SPRINKLING WILDER STREET.

On motion of Ald. Pauckner, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to sprinkle Wilder street, from Brown street to Saxton street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary, and should be made, to wit:

The sprinkling of Wilder street, from Brown street to Saxton street, during the season of 1892.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$64, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by and derive an advantage from such improvement, to wit:

One tier of lots and parcels of land on each side of Wilder street, from Brown street to Saxton street.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Callhan, Zimmer, Adams, Fox, Johnson, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth—18.

FINAL ORDINANCE NO. 4,833.

SPRINKLING HICKORY STREET.

On motion of Ald. Pauckner, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to sprinkle Hickory street, from Ashland street to Mt. Hope avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary, and should be made, to wit:

The sprinkling of Hickory street, from Ashland street to Mt. Hope avenue, during the season of 1892.

Ald. McMillan in the chair,

By Ald. C. S. Cook—

ROCHESTER, N. Y., July 12, 1892.

To the Common Council:

A few years ago the Common Council gave us permission to erect a bridge across Division street, about 24 feet above the roadway, which connects G. C. Buell's property on the south side of Division street with our property on the north side of said street. We would like permission to remove this bridge and to erect one on our own property, 42 feet above the street and 11 feet wide, connecting the fourth and fifth stories of the new granite building with the fire-proof wholesale house; the bridge to be con-

structed of iron and steel and to be fire-proof. This bridge will be so high above the roadway that it will not obstruct the light or injure the property of any person.

Yours respectfully,

SIBLEY, LINDSAY & CURR.

By Ald. C. S. Cook—Resolved, That consent be given to Rufus A. Sibley and Alexander M. Lindsay to erect and maintain an overhead bridge across Division street in this city, to connect the fourth and fifth stories of their new building on the corner of North St. Paul street and Division street; said bridge to be constructed and erected under the supervision of the Executive Board, to whom it is referred to decide all matters of detail, and it empowered to make such contract, and is authorized to take such security by way of indemnity to the city as said board may deem proper for the best interests of the city.

This consent is given subject to the condition that when this bridge shall have been made, the bridge heretofore constructed across said Division street, under resolution of this Common Council, dated July 23, 1889, shall be removed.

Adopted.

By Ald. Callihan—Resolved, That the city clerk be, and he is hereby, directed to at once communicate with the officials of The New York Central & Hudson River Railroad Company, and urge upon them the dangerous condition of the crossings at Brown and Kent streets in this city, and the necessity of stationing a flagman at such crossings.

Adopted.

By Ald. Zimmer—Petition of Chauncey Perry, with reference to an erroneous assessment. Referred to Assessment Committee.

By Ald. Zimmer—

OFFICE ROCHESTER RAILWAY COMPANY,
ROCHESTER, N. Y., July 12, 1892.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—The Rochester Railway Company hereby makes application for the consent of the local authorities of the city of Rochester to the construction, maintenance and operation of a double track street surface railroad from Monroe avenue and South Clinton street; thence along Clinton Park, as proposed to be widened, to the northerly end of the Pinnacle avenue bridge over the Erie canal for the purpose of connecting the proposed double track of the company in Pinnacle avenue with the present tracks of the company at the intersection of South Clinton street and Monroe avenue aforesaid. And said railway company also makes application for the consent of said local authorities to the erection and maintenance of the necessary poles, wires and appliances to enable said railway company to operate said proposed extension with electricity as motive power. And said railway company also makes application for the consent of the local authorities to the operation of said proposed extension and of the proposed line to be constructed through Pinnacle avenue with electricity as motive power. Respectfully submitted,

ROCHESTER RAILWAY CO.,

J. N. Beckley, President.

Ordered received, filed and published.

By Alderman Zimmer—

Whereas, The Rochester Railway Company has made application in writing for the consent by the local authorities of the city of Rochester to the construction, maintenance and operation of a double track street surface railroad to be operated by electricity as motive power; and for the consent to erect and maintain the necessary poles, wires and appliances to enable said company to so operate said proposed extension; and,

Whereas, Said proposed extension commences at the present tracks of the company at South Clinton street and Monroe avenue and extends thence southerly along Clinton Park, as pro-

posed to be widened, to the northerly end of the Pinnacle avenue bridge for the purpose of enabling said company to connect its proposed Pinnacle avenue double track line with the present tracks of said company located at Monroe avenue and South Clinton street as aforesaid.

Now, therefore, in pursuance of statute in such case made and provided it is hereby resolved, that the time and place when this Board will first consider said application of said railway company is hereby fixed for the meeting of this Board to be held in the Common Council Chamber City Hall building on the 9th day of August, 1892, at 7:30 o'clock P. M.

It is further resolved that the City Clerk be and hereby is directed to publish in two daily newspapers of the city of Rochester, to be designated by the mayor, daily for at least fourteen days, a notice of such application, and of the time when and the place where said application will be first considered by this Board.

Adopted.

By Ald. Zimmer—
Resolved, That the City Clerk be and the same hereby is authorized and directed to draw a warrant on the treasurer in favor of Loeb & Co. for \$5, being for the surrender of a peddler's license dated July 11, 1892, upon due proof of such surrender and that same was never used, and charge the amount to the contingent fund.

ROCHESTER, N. Y., July 12th, 1892.

To the Honorable, the Common Council:

GENTLEMEN:—In accordance with Ordinance No. 4,564, providing for construction of sidewalk on Jennings street, we have made a careful survey of said street and find that there are many obstructions in the street in the shape of hedges and fences.

The lines having never been definitely marked on the ground, there has been considerable variation in width of street as fenced, and as walks have been built.

While the street should have a uniform width of sixty-six (66) feet, it actually measures from fifty-seven (57) feet to sixty-six (66) feet.

I would recommend the passage of a resolution by your Honorable Body, instructing this department to establish the lines of said Jennings street, and that the Executive Board be requested to have all obstructions removed.

Very respectfully yours,
J. Y. MCCLINTOCK,

City Surveyor.

Ordered received, filed and published.

By Ald. Pauckner—
Resolved, That the City Surveyor be instructed to establish the lines of Jennings street, from North avenue to Goodman street, and that the Executive Board be requested to remove all obstructions from said street.

Adopted.

By Ald. Lewis—

CITY TREASURER'S OFFICE,
 ROCHESTER, N. Y., July 1, 1892.

To the Honorable, the Common Council of the City of Rochester.

Gentlemen—I have this day received from the State Treasurer the sum of \$1,117.74, this being the amount allowed on claim presented to the state controller for taxes against state property, that have been assessed for local improvement.

The total amount of claims presented was \$5,063.64, for improvements confirmed by the Common Council in the years 1856, (omitted from former settlement), 1883, 1884, 1885, and January, 1886.

I was obliged, by order of the controller, to erase from the list all fees and interest that have been added for non-payment, and still further reduce the list to all assessments made previous to May 25, 1886, as the requirement of section 1, chapter 435, laws of 1886, had not been complied with.

This section makes it the duty of the assessors to notify the state controller three weeks previous to the confirmation of any assessment roll, that affects any property owned by the state.

This action reduced the claim \$3,754.29, and from the balance \$1,309.35, I was obliged to deduct \$191.61 for interest and fees, that had been added to original amount.

Great credit should be given Senator Parsons, who has worked hard to secure the whole amount of claim, and it is on account of his earnest efforts, that the city is able to realize anything at this time.

I would respectfully suggest that in future the assessors be instructed to comply with the requirements of this law, and also record date of their notice to the Comptroller on the assessment rolls, so that on future claims against the State of like nature, the Treasurer can make the required affidavit, that the provisions of the law have been complied with.

In order to balance the accounts settled at this time I would ask the privilege of charging the amount deducted, \$191.61 to "interest on assessments."

In regard to balance of claim disallowed \$3,754.29, Senator Parsons is of the opinion that some special law can be enacted that will reimburse the city for amount advanced and expended, for the benefit of State property.

Respectfully submitted,

S. B. WILLIAMS, Treasurer.

Ordered, received, filed and published.

By Ald. Lewis—

To the Finance Committee of the Common Council:

GENTLEMEN: I have examined the books of the City Treasurer from April 1st to and including June 28th, ultimo.

The receipts from all sources I found had been properly entered and they are posted correctly to the credit of their respective accounts.

I have checked each voucher of expenditure made during the period and find the same to have been properly charged and posted to the accounts for which they were disbursed.

The amount of cash on hand at the close of business June 28th, ultimo, as shown by the ledger balances, amounted to \$29,314.50, of which \$ 3,798 59 was deposited with the Traders' National Bank.

11,922 40 was deposited with the German-American Bank.

4,370 38 was deposited with the Central Bank.

3,800 45 was deposited with the Commercial Bank, as is shown by the balanced bank books before the opening of business on 29th of June last.

Adopted.

By Ald. Pauckner—Resolved, That the resolution adopted by the Common Council June 14th, 1892, and appearing on page 111 of the current proceedings of the Council, as amended be adopted.

Adopted.

By Ald. Pauckner—Whereas, There is great danger of life and property by reason of the fact that there are many dead and useless wires strung from place to place in the City of Rochester, and which when coming in contact with broken line wires are a continued menace to life and property, therefore

Resolved, That the City Electrician, under the directions of the Electrical Committee of this Council at once investigate the conditions of electric light, electric railway, telephone and telegraph wires in the city and direct that the corporation or corporations in control of any wires not now in use at once remove the same, and further

Resolved, That said Committee investigate fully the conditions of the various overhead wires and systems of wires in this city and cause the same to be properly and securely fastened and arranged that the danger of accidents, now so frequently occurring in this city by reason of defective wires, stay wires and poles, may be obviated.

Adopted.

By Ald. Pauckner—Resolved, That the Executive Board be and hereby is authorized to negotiate, subject to the approval of the Common Council, for the lands and the buildings thereupon, rights and easements necessary to be taken for the extension of Nagle street from its present northeastern end to Asbury street, under Ordinance No. 4,823, passed June 14th, 1892, and published at page 121 current proceedings.

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—Your Law Committee begs leave to submit the following report:

In the matter of the account of Joseph M. Wamsley for serving redemption notices, referred to this committee by the Contingent Expense Committee, we recommend that said account be paid, and to that effect, offer the accompanying resolution.

In the matter of the account of James R. P. Goodman, referred to this committee by the Contingent Expense Committee, we find that said Goodman was employed by the special commissioners appointed by this Common Council to make an assessment for the Lyell avenue and Saxton street outlet sewer; that said commissioners were appointed pursuant to the provisions of the city charter, and that each special commissioner, by the terms of the charter, shall receive as compensation for his services, not to exceed two dollars for each day. There is no provision in the charter empowering such special commissioners to employ a clerk, nor is there any provision authorizing this Common Council to order the payment for services rendered by such clerk. The assessors of the city employ clerks and pay them. There is even no provision in the charter authorizing the Common Council or city to appoint or pay for the services rendered by any clerk in the assessors' office, and, in as much as the services of Mr. Goodman, we recommend that his claim be denied.

In the matter of the application for appointment as Commissioners of Deeds of the City of Rochester of Charles G. Arnold, Thomas F. Graham, Jonas P. Varnum, F. M. Enos and George Draper, we recommend that the same be granted.

Respectfully submitted,

D. W. FORSYTH,
MERTON E. LEWIS,
CHARLES S. COOK,
HENRY G. COOK.

By Ald. Forsyth—Resolved, That the claim of James R. P. Goodman, for services rendered by him as clerk for the special commissioners appointed to make out an assessment for the Lyell avenue and Saxton street outlet sewer be, and the same hereby is, denied.

Adopted.

By Ald. Adams—

To the Honorable, the Common Council of the City of Rochester, N. Y.:

Gentlemen—Your Lamp Committee begs leave to make the following report:

The matter of taking charge of the public street lamps has been under consideration by your Committee, and we find that a majority of the public lamps used by the city to-day are electric lights, and that they are under the direct and personal supervision of the city electrician, whose duties are, as defined in the lamp contract, to take charge of said lamps, and see that the companies furnishing the

lights perform the covenants they have entered into.

Pursuant to a resolution adopted by this Common Council on October 30th, 1888, the matter of the public street lighting was placed in the charge of the City Surveyor, and, since that time, the duties pertaining to public street lamps have been performed by him.

The City Surveyor has duties to perform in his line of work sufficient to occupy the attention of himself and his assistants, and we are of the opinion the control of the public street lamps should be placed in the charge of the city electrician, and for this reason we think that all petitions and resolutions for the erection or placing of all future lamps for public street lighting should be referred to the Lamp Committee and City Electrician to examine into the same, and report to this Common Council.

We, therefore, recommend that the present map showing the location of the public street lamps, and the records concerning the same should be transferred from the city surveyor to the city electrician, and that all future matters pertaining to street lamps should be filed in the city electrician's office, and we, therefore, recommend the adoption of the accompanying resolution.

Respectfully submitted,

M. B. ADAMS,
MERTON E. LEWIS,
HENRY G. COOK,
D. W. FORSYTH,
J. MILLER KELLY,

Lamp Committee.

Ordered received, filed and published.

By Ald. Adams—Resolved, That the map prepared by the city surveyor, which is inclosed in a frame with a glass cover, showing thereon each and all of the public street lamps within the city, pursuant to a resolution adopted by this Common Council, October 30, 1888, and all records and books pertaining to the public street lamps be, and the same hereby are, transferred from the city surveyor's office to the office of the city electrician; and be it further,

Resolved, That all petitions and resolutions hereafter introduced in the Common Council for the erection or placing of public street lamps be, and the same hereby are, referred to the Lamp Committee and the City Electrician, to examine the same and report with all possible dispatch to this Board, with their opinion thereon.

Adopted.

Ald. Adams moved to amend rule 43 of this Council by substituting in place of the name City Surveyor therein the name City Electrician.

By the Clerk—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—The Executive Board, in accordance with resolution of your honorable body, has notified the owners of property on Belmont park (old Stillson street) to appear at this office and state at what price they would sell the strip of land proposed to be purchased in widening of Belmont park. Only one of the parties interested appeared and gave a price which was deemed by the owner reasonable, but which the Executive Board is not prepared to recommend and it is therefore deemed expedient to suggest that the city attorney be authorized to commence the usual condemnation proceedings.

Respectfully,
THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.
By Ald. Adams—Whereas, No agreement for the purchase of lands necessary to be taken for the widening of Belmont park, in the City of Rochester, under final ordinance, No. 4,818 can be made, therefore,

Resolved, That a copy of said ordinance, and of this resolution, together with a map of the street, be made and filed in the office of the city clerk, which map shall show thereon the lots, tracts and parcels of land which are deemed necessary to be taken, and the commencement, course and termination of said street proposed to be laid out, according to the provisions of section 174 of the revised city charter, and that the city attorney be, and he hereby is, instructed to take and institute such proceedings, from time to time, as may be necessary to secure such street opening, as is provided by the said city charter.

Adopted.

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, N. Y., July 26, 1892. }

To the Common Council:

The undersigned, members of the Executive Board, to whom was referred the matter of the proffered acceptance of May place extending from Clinton to Joiner streets hereby certify that said May place has been properly graded, the street lines defined by monuments, and maps filed in the offices of the County

Clerk and City Assessors, in accordance with provisions of resolutions adopted by your honorable board, and recommend that the streets and avenues above named be accepted for public uses.

Yours respectfully,
JOHN U. SCHROTH,
W. W. BARNARD.
For Executive Board.

By Ald. Aikenhead—Resolved, That the dedication of May place as mentioned in the foregoing communication of the Executive Board be, and the same is, hereby accepted as a public street upon the payment of all taxes and assessments, local or general, remaining unpaid upon said territory, so taken for said street. And the City Clerk is hereby directed to enter the name of said street in the public street register kept by him, and said Executive Board is hereby instructed to place the usual street signs where needed at the corners of said street. And the city Assessors be, and they are hereby directed to strike from the assessment rolls of the City of Rochester, the territory taken for said street as indicated by the map on file in County Clerk's office, and office of the City Assessors.

Adopted by the following vote:

Ayes—Alds. McMillan, Cook, C. S., Calihan, Adams, Lempert, Fox, Johnston, Ward, Cook, H. G., Pauckner, Kelly, Aikenhead, Lewis, Forsyth, Bierbrauer—15.

OFFICE OF EXECUTIVE BOARD, }
ROCHESTER, July 26, 1892. }

To the Honorable, the Common Council of the City of Rochester:

The undersigned, members of the Executive Board, to whom was referred the matter of the proffered acceptance of Karges place, Sylvester, Evans, Jackson, Chapin, Grafton, Oneida, Randolph streets, and a street 400 feet north from East Main street hereby certify that said streets are not accepted for public use, because each is defective for want of crosswalks or have not been properly graded, the street lines defined by monuments, and maps not filed in the offices of the County Clerk and City Assessors, approaches properly made, in accordance with provisions of resolutions adopted by your honorable board, and therefore they are not recommended for public uses.

Respectfully,
JOHN U. SCHROTH,
W. W. BARNARD,
For Executive Board.

ROCHESTER, N. Y., July 26, 1892.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—I, a citizen and taxpayer of the western part of the Nineteenth Ward, am suffering, and have been the past year, from an insufficient water supply; as, also the other residents of that locality. A fact to which all the residents of that portion of the ward will cheerfully and willingly attest. The cause being attributed to the pressure supplying the locality west of Jefferson avenue is and has been at certain times of the day and night turned off so low as to completely deprive us of water during the night between the hours of 8 P. M., and 6 A. M., and 8 and 11 A. M. Any measures your honorable board should see fit to adopt which would give partial relief would be gratefully appreciated.

Most respectfully yours, etc.,

JOHN V. LEE,
153 Columbia ave.

On motion of Ald. Forsyth, Referred to Executive Board and Chief Engineer of the Water Works Department.

By the Clerk—Claims of Gilbert Costich and the executors of Francis Costich against the City of Rochester for damages. Referred to Law Committee.

CITY TREASURER'S OFFICE, }
ROCHESTER, N. Y., July 11, 1892. }

To the Honorable Common Council :

Gentlemen: I hereby certify that the Executive Board has notified me that the works or improvements authorized under ordinances hereinafter mentioned have been completed; that I have, pursuant to the provisions of the Charter, ascertained the entire and aggregate expense of and connected with the same respectively, including any interest that the City shall incur, or is entitled to for the use of its funds, and that the respective amounts thereof are as follows:

S. B. WILLIAMS, City Treasurer.

Ordered received, filed and published.

LOCAL IMPROVEMENT ASSESSMENT.

By Ald. Cook—Whereas, The City Treasurer has ascertained and reported the entire and aggregate expense of and connected with the several following improvements; including any and all interest that the city has paid or has or shall become liable to pay upon account of any and all orders or notes issued by the city to pay the expenses of such improvements respectively adjusted by this Common Council as thus reported, and the respective portions or parts of the city on which the said expenses are hereby directed to be assessed and which this Common Council deems to be benefited by the improvements, respectively, are as stated and described in the final ordinances relative to the improvements, respectively, and that the names and expenses of the improvements thus to be assessed are as follows, viz.:

Ord. No. and improvement.	Expense.
4,356, Caroline street pipe sewer.....	\$ 901 55
4,753, Monroe park plank walk.....	165 28
4,553, Avenue D plank walk.....	260 51
4,546, Mansion street plank walk.....	257 21
4,568, Kohlman street plank walk.....	15 71
4,566, Rowe street pipe sewer.....	885 37

And it is further determined that the taxpayers to be assessed for making the foregoing improvements must pay their assessments within thirty days from the first publication of the advertisement of the notice of the Assessment Roll by the City Treasurer.

And it is further determined that the taxpayers to be assessed for making the following improvements, viz.:

Ord. No. and improvement.	Expense.
4,559, Achilles street medina improv't and sewer.....	\$3,076 28

May pay their assessments in three equal payments, as follows:

One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-third within one year from the confirmation of such roll; and the remaining one-third within two years from the confirmation of such roll. On all sums paid prior to the maturity of said last installment, a discount will be allowed at the rate of six per cent. per annum.

And the Assessors of said city, if they are not interested in any of the property within the part of portion of the city deemed to be benefited, and directed to be assessed, as aforesaid, or if any two of said assessors are not so interested, then such two, are hereby directed to make assessments upon all the lots and parcels of lands within the portions or parts of the City above designated and direct-

ed to be assessed. of the amounts of expenses of such improvements, respectively, in proportion, as nearly as may be, to the advantage which the said lots and parcels of land within the respective territories to be thus assessed for such improvements, shall be deemed to receive by the making of the respective improvements.

Adopted by the following vote :

Ayes—Alds. McMillan, Cook, C. S., Calihan, Adams, Lempert, Fox, Johnston, Ward, Cook, H. G., Pauckner, Kelly, Aikenhead, Lewis, Forsyth, Bierbrauer—15.

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, July 26, 1892. }

To the Common Council:

Gentlemen: The Executive Board desires to announce to you that the general plans and detailed specifications for the construction of an additional water-works conduit from Hemlock lake to Mt. Hope reservoir have been completed, and that the work may now be advertised for letting at an early day. Repeated efforts have also been made to secure options on the necessary rights of way in the section extending from Hemlock lake to Richmond mills, but without success, and it will therefore be necessary to obtain such rights by commission proceedings. Under these circumstances the Executive Board should be duly authorized to acquire the various easements at once by legal procedure in behalf of the city, and, as means for the payment of both the awards for rights of way and construction expenses which will soon be needed, it is recommended that proper provision therefor be made at once.

Respectfully,

GEO. W. ALDRIDGE,

Chairman Executive Board.

Ordered, received, filed and published.

By Ald. Lewis—Whereas, The Executive Board of the City of Rochester is desirous of obtaining a perpetual easement or right of way in, over and through a strip of land sixty-six feet wide, more or less, from Hemlock lake to the city of Rochester, for the purpose of constructing, operating, repairing and maintaining a water conduit or conduits, pipe or pipes, and furnishing to the city of Rochester an additional water supply; therefore,

Resolved that the consent of the common council of the city of Rochester, as required by law, be, and hereby is, given said Executive Board to acquire, by purchase or otherwise, the title of all lands, waters, lakes, springs, ponds or streams, or any easement therein, according to the provisions of chapter 29 of the laws of 1881, which it may deem necessary for the purpose of constructing, operating, repairing and maintaining an additional water conduit or conduits, pipe or pipes, from Hemlock lake to the city of Rochester, and to convey water therein from Canadice and Hemlock lakes.

Adopted by the following vote:

Ayes—Ald. McMillan, C. S. Cook, Calihan, Adams, Lempert, Fox, Johnston, Ward, H. G. Cook, Pauckner, Kelly, Aikenhead, Lewis, Forsyth, Bierbrauer—15.

Ald. Lewis moved that the matter of the sale of the city water works bonds be referred to the Finance Committee.

Adopted.

The Surveyor submitted as such estimate, \$4,700.

By Ald. Ward—Resolved, That the following improvement is necessary, viz:

The taking up, deepening and relaying of the present 18-inch pipe sewer in Webster avenue, from Diamond Place to Melville Park; also the construction of a new vitrified pipe sewer 15 inches in diameter in Melville Park, from Webster avenue to the east end of said Melville Park. Also the construction of the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$4,700 which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Webster avenue from Diamond Place to Melville Park, and on Melville Park from the east end thereof to Webster avenue, in proportion to the benefit which each will derive therefrom.

Adopted.

By Ald. Pauckner—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or ordinance or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7:30 o'clock P. M., at the Common Council Chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Post-Express notice thereof as is required and in the manner specified by Section 172 of the City Charter.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., July 26, 1892.

GENTLEMEN:—Agreeably to your direction, heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Post-Express, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your Honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, July 26, 1892, at 7:30 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvements. Respectfully,

HENRY W. GREGG, City Clerk.

FINAL ORDINANCE, No. 4,847.

OPENING A STREET FROM BATES STREET TO BOWEN STREET.

On motion of Ald. Simmelink, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to open a new street from Bates street to Bowen street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, and they hereby judge that the public good requires the same to be done, viz:

The opening of a street 66 feet in width, from Bates street to Bowen street, the center line of which is described as follows, viz: Beginning at a point on the west line of Bates street 18.5 feet south of the north line of property supposed to be owned by A. C. Bowen, being opposite the center of Sibley street; thence westerly on a line parallel with and 18.5 feet south of the north line of said A. C. Bowen's property to Bowen street. The territory to be taken for said proposed street is a strip of land 33 feet in width situate on each side of and adjoining the aforesaid described center line, and extending from Bates street to Bowen street.

And the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

All the lots and parcels of land on each side of and adjoining the proposed street, from Bates street to Bowen street, as they exist at the date of the passage of this ordinance.

Adopted by the following vote:

Ayes—Ald. McMillan, C. S. Cook, Adams, Fox, Johnston, Ward, H. G. Cook, Pauckner, Kelly, Aikenhead, Lewis, Forsyth.—12.

Adopted.

I hereby certify to the above as a correct copy from the minutes of the Board of Park Commissioners, of the resolutions with reference to a park-boulevard along Lake Avenue Park.

Respectfully submitted,
ARTHUR R. SELDEN.

Secretary of the Board of Park Commissioners.
Ordered received, filed and published.

By Ald. C. S. Cook—Petition for the improvement of Sheridan Park. Referred to Surveyor to prepare an ordinance.

By the Clerk—

ROCHESTER PARK COMMISSION,
Tuesday, July 26, 1892.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—At a regular meeting of the Board of Park Commissioners, held on Monday, July 25th, 1892, the following resolution was passed:

Resolved, That the Park Surveyor and Engineer ascertain and report to this Board the cost and expense of laying out a park-boulevard from the west line of Lake Avenue along the center line of Lake Avenue Park to a point one hundred and twenty (120) feet east from the east line of the New York Central and Hudson River Railroad.

Adopted.

The Park Surveyor and Engineer submits as such estimate \$23,025.00.

Resolved, That this Board hereby determines to lay out a park-boulevard, which we judge to be proper and desirable to be reserved for such purpose, and which is described as follows: Beginning at a point in the west line of Lake Avenue where a line parallel with the present center line of Lake Avenue Park and seventy-nine (79) feet distant northerly therefrom will intersect the west line of said Lake Avenue; thence westerly on a line parallel with the center line of present Lake Avenue Park and seventy-nine (79) feet distant therefrom to a point one hundred and twenty (120) feet east from the east line of the Charlotte branch of the New York Central and Hudson River Railroad, the width of said park-boulevard to be one hundred and fifty-eight (158) feet, seventy-nine (79) feet on each side of the aforesaid center lines.

And whereas, said Park Surveyor and Engineer under the direction of this Board has made an estimate of the cost and expense of such improvement and reports the same at twenty-three thousand and twenty-five dollars (\$23,025.00), which estimate is hereby approved.

Resolved, further, that in the judgment of this Board the sum of seven thousand five hundred dollars (\$7,500.00), a part of such expense, shall be paid by the public treasurer of said city from the Boulevard fund and the sum of fifteen thousand five hundred and twenty-five dollars (\$15,525.00) shall be assessed on the following territory, which is deemed benefited and ought to be properly assessed by local assessment for the residue portion of said expense thereof: namely, One tier of lots and parcels of land on each side of said proposed park-boulevard from Lake Avenue to the point one hundred and twenty (120) feet east.

Also, Petition of G. Stein for permission to erect a wooden building.

Granted.

By Ald. C. S. Cook—Whereas, The present quarters occupied by our Police Department are entirely inadequate for a proper management and care of a police force, that is required to protect a city containing a population of 150,000 people, and

Whereas, It has become an imperative neces-

sity that new and convenient quarters should be provided for the police force of this city, in order that the discipline and efficiency of the department may be increased, and

Whereas, For the better protection of the lives and property of our citizens "precinct stations" should be located and established in several sections of our city, therefore be it

Resolved, That the subject matter above mentioned be, and the same is hereby, referred to the Police Committee of this Board to investigate and report back to the Council such recommendations as will remedy the matters complained of.

Adopted.

By Ald. Fox—Petition of Clark Douglas for permission to erect a wooden building. Referred to Wood Building Committee and Fire Marshal with power to act.

Also, Petition for sprinkling Baden street. Referred to Surveyor to prepare an ordinance.

Also, Petition of F. J. Dubelbeis for permission to move a wooden building. Referred to Fire Marshal and Executive Board.

Also petition of John L. Weller to correct an assessment. Referred to Assessment Committee.

By Ald. Fox—Resolved, That the Executive Board change the street signs on Hudson street to Hudson Avenue.

Adopted.

Also petition of T. H. Groves with reference to an erroneous assessment. Referred to Assessment Committee.

By Ald. Johnston—

ROCHESTER, N. Y., July 25, 1892.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—The trustees of the Brick Church contemplate extensive enlargement and improvement of the church edifice and to carry out their plans successfully and completely respectfully ask permission to construct a bay of wood projecting slightly over Montgomery alley.

Herewith is submitted a plan showing the character and dimensions of the proposed structure which, being placed at such an elevation above the pavement, will be absolutely without prejudice to the public interests.

Your petitioners desire to commence the work at once and therefore trust it may be your pleasure to grant prompt and favorable action.

Very respectfully,

The Board of Trustees of the Brick Church by
FRANK S. UPTON, Vice-Prest.

Ordered received, filed and published.

By Ald. Johnston—Resolved, That the consent of this Common Council be, and the same hereby is, granted to the Trustees of the Brick Church of the City of Rochester to construct and maintain a bay window or projection of the contemplated addition to their church edifice over Montgomery alley; said projection to come not lower than seventeen feet from the roadway of the alley, and to be of the following dimensions: Twenty-two feet and two inches wide, to project over the alley three feet four and one-half inches, and to not exceed twenty-five feet in height, provided that the same be erected under the supervision and control, and according to the directions of the Executive Board of this city, and be maintained during the pleasure of the Common Council only; that at all times the said church corporation properly and securely maintain such projection, in a thoroughly safe manner, and pay each and every person and corporation, including the city, any and all loss, cost and damage happening or resulting at any time by reason of the erection or maintenance of such projection to said church edifice, and fully and completely, at all times, indemnify and protect the city of Rochester from any and all suits,

actions and proceedings begun at any time against said city by any person or corporation, to recover any such loss, costs or damages.

Adopted.

By Ald. Ward—Resolved, That the amounts at which the owners of land and property necessary to be acquired and taken for the widening of Wentworth street, under final ordinance No. 4,780, will sell the same, as stated in the report of the Executive Board on page 153 of the current proceedings, are satisfactory to, and declared to be reasonable by, this Common Council, and is hereby approved, and that the mayor be, and he hereby is, authorized and directed to enter into contracts with said owners for the purchase by the city of said land, at the price contained in the report of the Executive Board aforesaid, said contracts to provide that said amounts be paid within four months after the confirmation of the assessment roll for said improvement, to said owners respectively, the contracts to be drawn in accordance with the provisions of the city charter, and to be approved by the city attorney, and to provide that proper abstracts of the title to the property and land, and the taxes and assessments thereon, shall be presented to the city attorney for his approval, showing that said lands are free from all liens and incumbrances at the time of the execution and delivery of the deeds; and it is further.

Resolved, That said contracts shall provide that there shall be deducted from the amounts due any of said owners upon his or her deeds, the amount of any assessment made against it or him upon said assessment roll for said improvement.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, Cook, C. S., Callhan, Adams, Fox, Johnston, Ward, Cook, H. G., Pauckner, Kelly, Aikenhead, Lewis, Forsyth—14.

By Ald. H. G. Cook—Offer of Peter Paul and wife to dedicate Paul's park to the city of Rochester. Referred to Executive Board.

Also, Petition of Philip Madler, Jr., to correct an erroneous assessment. Referred to Assessment Committee.

Also, application of Harry Hirshfield for appointment as Commissioner of Deeds. Referred to Law Committee.

By Ald. Lewis—Resolved, That the Penal Ordinance Committee be directed to prepare and report at the next meeting of this Council an ordinance regulating the manner in which electric cars shall meet and pass each other at street crossings.

Adopted.

By Ald. Lewis—Resolved, That the Penal Ordinance Committee be, and it hereby is, directed to prepare and report at the next meeting of this Council a penal ordinance prohibiting the discharge of blasts or explosions within the city limits between the hours of 7 o'clock P. M., and 7 o'clock, A. M.

Adopted.

By Ald. Lewis—

ROCHESTER, N. Y., July 25, 1892.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen: In behalf of myself and my associates I hereby make application for the right to construct, maintain and operate a conduit or subway for wires carrying an electric current in the streets of said city. If a satisfactory franchise be granted by the City of Rochester, and a contract be made which shall insure the payment of the rental stipulated by contract between the city and the electric light companies, my associates and myself will construct at once a subway on Exchange street from the canal across Main street and along State street, a total length of about 1,650 feet with fifteen tubes on each

side of the street, and with all necessary manholes and distribution boxes; also along Main street from Plymouth avenue to North avenue, a distance of about 2,800 feet with twenty tubes on each side of the street and with manholes and the necessary distribution boxes; also continuing along Main street from North street to University avenue, a distance of about 2,350 feet with ten tubes on each side of the street and necessary manhole and distribution boxes; also along North and South St. Paul streets extending each way from Main street, a total distance of about 2,300 feet with ten ducts and with necessary manholes and distribution boxes.

I shall be glad to meet a committee of your board in order that conference may be had as to this matter.

Respectfully submitted,

J. N. BECKLEY.

Ordered received, filed and published and referred to the Electrical Committee.

By Ald. Forsyth—Whereas, Edward A. Stahlbrodt did, on or about the 22d day of June 1892, pay into the city treasury the sum of one hundred dollars as a license fee under the then existing ordinance relating to bill posting and bill distributing; and,

Whereas, The said ordinance was illegal, in that the license fee was in excess of the limit provided in the city charter, and said ordinance has since been amended, reducing said license fee to the sum of fifty dollars; now, therefore,

Resolved, That the City Clerk draw an order on the City Treasurer in favor of said E. A. Stahlbrodt for the sum of fifty dollars, being the excess of money paid by him under the aforesaid ordinance, and that he charge the same to the contingent fund.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, Cook, C. S., Adams, Fox, Johnston, Ward, Cook, H. G., Pauckner, Kelly, Lewis, Forsyth—12.

Upon motion of Ald. Lewis the Board then adjourned.

HENRY W. GREGG, City Clerk.

In Common Council—August 9, 1892.

REGULAR MEETING.

Ald. Thomas McMillan, President of the Board, presiding.

Present—Alds. Tracy, McMillan, C. S. Cook, Callhan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—19.

APPROVAL OF MINUTES.

The minutes of the previous meeting were approved as published.

PRESENTATION OF PETITIONS, REMONSTRANCES, BILLS, ACCOUNTS, ETC., AND THEIR REFERENCE.

By Ald. C. S. Cook—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your special committee appointed in the matter of the construction of a new bridge across the Genesee river at Andrews street respectfully report, that they have since their appointment on the 28th day of June, 1892, held various meetings at which the question of the construction of a suitable bridge at Andrews street and the question of the territory which should be assessed therefor was considered and after a careful consideration of all the views presented and of the demands of the public and the equities of all persons interested in the improvement.

We recommend the construction of a stone bridge at Andrews street in place of the existing bridge, which shall be sixty feet wide,

of which the roadway shall be 40 feet and the sidewalks each ten feet, to be paved with Medina block pavement, and

We further recommend that twenty-five thousand dollars, of the total expense thereof, the total expense having been estimated by the City Surveyor at the sum of seventy-five thousand dollars (\$75,000), be paid by an assessment upon all the lots and parcels of land on each side of the proposed bridge between the east and west banks of said river and that the balance of the total expense be assessed upon the city at large and be paid out of the public treasury of the City of Rochester.

We also recommend the preparation by the City Surveyor of a suitable ordinance in accordance with this report.

Dated August 9th, 1892.

REPORTS OF STANDING COMMITTEES

By Ald. Bierbrauer, by request of Ald. H. G. Cook—

To the Honorable the Common Council of the City of Rochester.

Gentlemen:—In the matter of the petition of Wagner Memorial Lutheran College praying to be allowed to pay an assessment of \$66.96 with interest at 6 per cent for the Atwater street walk under ordinance 1,747, against lot No. 145 of Sherman Tract, for which said lot was sold to the City of Rochester, June 20, 1878, we recommend that the petitioner within thirty days after the passage of this resolution be allowed to pay the sum for which said property was sold, to wit: \$66.96, with interest at 6 per cent, from the date of the sale, to wit: June 20, 1878, and that any excess of interest allowed by the charter be charged by the City Treasurer to erroneous assessment.

In the matter of the petition of Minnie B. H. Smith, praying for a correction of an assessment against lot No. 117 of the West Avenue Building Lot Association for the Genesee Valley Canal Sewer extension, we recommend that the same be denied.

Respectfully submitted,
HENRY G. COOK,
JULIUS WURTZ,
JAMES JOHNSTON,
C. W. ZIMMER,
JOSEPH BIERBRAUER,

 By Ald. Fox—

To the Honorable, the Common Council, of the City of Rochester:

Gentlemen:—Your Improvement Committee, to whom was referred at the last regular meeting of the Common Council, the subject of the improvement of Genesee street, from Brooks avenue southerly to the city line, do respectfully beg leave to submit the following report:

First—In our opinion some sort of a substantial improvement should be laid upon the street above referred to.

Second—It appears that an asphalt improvement has been laid upon Genesee street to Brooks avenue, and while it seems to be the most natural thing that an asphalt improvement should be continued the whole length of Genesee street, yet as it is the manifest wish of the majority of the taxpayers on Genesee street, from Brooks avenue to the city line that there should be laid thereon what is known as a trap rock macadam improvement, it being represented to us that such an improvement will be a first-class one, and compare favorably, so far as utility and durability is concerned, with any other first-class improvement.

We do therefore recommend that the said trap rock macadam be laid upon Genesee street from Brooks avenue to the city line.

It appearing, however, that there is not at this time any such improvement upon any of the streets of the city of Rochester, and therefore such an improvement, so far as this city is concerned, is largely experimental, we also recommend that at least a seven (7) years' guarantee be exacted from the builders of such improvement to the effect that such improvement shall be, or be maintained in first-class repair for the period of _____ years after it shall have been laid, without additional expense to the City of Rochester or its taxpayers.

Respectfully submitted,

JOHN. F. FOX,
 JOHN. B. SIMMELINK,
 WM. WARD,
 JOSEPH BIERBRAUER,
 WM. PAUCKNER.

By Ald. Lewis—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Finance Committee begs leave to make the following, as its report upon the various matters heretofore submitted to it for consideration.

In the matter of providing funds for the construction of the new conduit to Hemlock Lake, the Committee has been over the subject carefully, has conferred with the members of the Executive Board, and is satisfied that the time has arrived, when money should be provided by the sale of the city's bonds, for the construction of the conduit. Your Committee is informed that the plans and specifications are so far completed that the contracts can be advertised in thirty days. Immediately upon the letting of the contract, the city will be called upon to pay about \$60,000 to the various owners of the water privileges, from whom it has been thought desirable to obtain options.

The schedule of the various items of expenditure to be made within the next twelve months, prepared by Mr. Emil Kuichling, chief engineer of the Water Works Department, is hereto annexed, and shows in detail just what moneys will be required, and for what purposes. Your Committee believes that the present is the best time for the sale of bonds, as the condition of the money market is such, that your Committee hopes to be able to place these bonds at a rate of interest not exceeding three and one-half per cent., and it is entirely possible that an even lower rate may be secured. Your Committee has, therefore, deemed it advisable, in view of the fact, that the money market will, in all probability, become stronger, and the usual scarcity of money will prevail during the fall and winter months, to sell sufficient of the bonds of the city, to commence the work of building the conduit, and carry it through until easy money shall again prevail. Your Committee, therefore, recommends that the City Treasurer be authorized to sell, under the direction of the Finance Committee, and in accordance with the Enabling Act passed April, 1892, so many of the city's bonds, as to the said committee shall seem advisable, but in no event to exceed the amount of one million dollars.

Your Committee has also taken into consideration the fact that upon the completion of the Platt street bridge across the Genesee river, it was necessary to pay from the Contingent Fund a sum of money amounting to about twenty-five thousand dollars. This twenty-five thousand dollars was taken from the Contingent Fund, and placed to the credit of the Bridge Fund. The Contingent Fund should be re-imbursed for this amount, and the city should provide at once for the expense of constructing the Clarissa street bridge, already commenced. The legislation heretofore had authorizing the City of Rochester to issue bonds known as the Rochester City Bridge Bonds, to the amount of three hundred thousand dollars; two hundred thousand dollars of that amount have already been issued, and the other one hundred thousand dollars, can be issued at any time. It seems that the present, is the most favorable time for selling the additional one hundred thousand dollars worth of bridge bonds, and your Committee, therefore, recommends that the City Treasurer be authorized to sell one hundred thousand dollars worth of Rochester Bridge Bonds, under the direction of the Finance Committee, said bonds bearing a rate of interest not exceeding three and one-half per cent., reserving the right to the city to redeem the said bonds at any time, after ten years from the date of their issue.

In the year 1882, the city issued one hundred thousand dollars worth of bonds, known as the Consolidated Loan, which bonds will be due August 1, 1912, with the right reserved to the city to redeem said bonds at any time after the first day of August, 1 1892. The said bonds were issued at four per cent. interest, and your Committee has been of the opinion that that rate was greater than was advisable for the city to pay. These bonds are held as follows: Seventy-five thousand dollars worth, by the Emigrant Industrial Savings Bank of New York City, and twenty-five thousand dollars worth by the Albany Savings Bank of Albany, N. Y. After considerable correspondence with this bank, your Committee is enabled to report, that these banks have agreed to reduce the rate of interest from August 1, 1892, from four to three and one-half per cent., and your Committee recommends that such reduction be accepted by the Common Council. In order to carry this agreement into effect, it will be necessary to have written, or stamped upon the face of each bond, a statement that the rate of interest upon said bond, has been reduced from four to three and one-half per cent., which statement, your committee is advised, should be signed by the holders of the bonds, and also by a representative of the city. Your Committee, therefore, recommends, that the accompanying resolution, authorizing the chairman of the Finance Committee to go to New York, and sign the said statement on behalf of the city, be adopted. And that the chairman be authorized, if necessary, to procure a suitable stamp, for the purpose of stamping such statement upon said bonds, and also to execute, on behalf of the city, a contract to be prepared by the City Attorney, for the purpose of carrying such agreement into effect.

The resolution of Alderman McMillan presented at the meeting of this Council, held on July 14th, in reference to re-imbursing the Contingent Fund, for the amount expended from that fund, for the benefit of the East Side Trunk Sewer, and the expense of preparing the plans, surveys, etc., has been duly considered by your Committee. Your Committee finds, that the amount so expended is fourteen thousand one hundred and thirty-nine dollars and sixty-two cents. A detailed statement of such expenditures is hereto annexed, and made a part of this report. These expenditures were made before the East Side Trunk Sewer Fund was created, and the several resolutions authorizing the expenditure of these various items, contained direction to the City Treasurer to charge and carry the same to the East Side Trunk Sewer Fund, when created. Your Committee, therefore, recommends the adoption of the accompanying resolution, directing the City Treasurer to transfer said amount from the East Side Trunk Sewer Fund to the Contingent Fund. Your Committee further reports, that on the 8th day of August, in the presence of the Mayor, City Treasurer and each member of the Finance Committee, there were burned three hundred and eighty-five coupons, clipped from the bonds known as the City Hall Commissioners Loan, said coupons being of the value of thirty-five dollars each. A certificate of such burning, duly authenticated by the witnesses thereto, is hereto annexed, and made a part of this report.

All of which is respectfully submitted.

By Ald. Lewis—Resolved, That the City Treasurer be, and he is hereby authorized and directed to prepare and issue, under the direction of the Finance Committee of the Common Council, bonds of the City of Rochester, to the amount of one hundred thousand dollars. Said moneys when received, to be used for the purpose of re-imbursing the Contingent Fund for any moneys advanced by said fund, for the payment of the expense of constructing the Platt street bridge; also for the expense of constructing the new bridge at Clarissa street, and such other bridges as may hereafter be directed by the Common Council. Said bonds shall be registered and shall run for a period of thirty years, and to bear a rate of interest at par, which interest shall be payable on the first days of July and January in each year. Said bonds shall be countersigned by the Mayor and the President of the Common Council of the City of Rochester, and also by the Union Trust Company of New York, transfer agent. And said Union Trust Company is hereby authorized and requested to counter-sign the same. Said bonds shall be redeemable at any time after ten years from the issue thereof and said Treasurer shall make and keep a complete record of said bonds, including the dates, amounts, and the respective dates of the maturity thereof, and to whom issued, as is provided by chapter 365 of the laws of 1888, being an act entitled "An act in relation to building bridges in the city of Rochester, and the purchase of sites and approaches thereof."

Adopted by the following vote:
 Ayes—Ald. McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Ward, Dewey, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—16.

By Ald. Lewis—Resolved, That the chairman of the Finance Committee be authorized to call upon the owners of the bonds constituting the "Consolidated Loan," and on behalf of the City of Rochester to sign a statement to be indorsed upon each of the bonds constituting said loan, issued in 1889, due in 1912, which statement shall be substantially as follows: "For value received it is hereby mutually agreed between thebank and the City of Rochester, that the rate of interest upon this bond shall be three and one-half per centum per annum from and after the first day of August, 1892, until the maturity thereof, or until such bond shall be paid and canceled." And it is advisable to provide a suitable stamp for making such indorsement on said bonds."

Adopted by the following vote:
 Ayes—Ald. McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—18.

By Ald. Lewis—Resolved, That the City Treasurer be, and he is hereby authorized and

directed to issue bonds of the City of Rochester, to an amount not to exceed one million dollars, to be known as the "Rochester Additional Water Works Bonds." Said moneys to be used for the purpose of paying the cost and expense of the construction of an additional water conduit from Hemlock lake. Said bonds to be of the denomination of dollars. Each to be registered, and to bear a rate of interest not greater than three and one-half per cent. per annum, payable semi-annually on the first days of July and January of each year thereafter; which bonds shall be signed by the Treasurer, sealed with the corporate seal of the city, countersigned by the Mayor, President of the Common Council, and by the Union Trust Company of New York. The said Union Trust Company is hereby authorized and requested to countersign the same. Said bonds shall be due in fifty years from the date of the issue thereof, and shall be redeemable at any time after twenty years from the date of issue, and said Treasurer shall make and keep a complete record of said bonds, including the dates thereof, the amounts, and the respective dates of maturity thereof, the number of each bond, and to whom issued, as provided by chapter 358 of the laws of 1892, entitled "An act to authorize the issue of bonds of the City of Rochester, to pay for an additional water supply."

Adopted by the following vote:
 Ayes—Ald. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Johnston, Wurtz Ward, Dewey, Pauckner, Kelly, Aikenhead, Simmellink, Lewis, Forsyth, Bierbrauer—18.

By Ald. Lewis—Resolved, That the City Treasurer be, and he hereby is authorized and directed to transfer from the East Side Trunk Sewer Fund to the Contingent Fund, the sum of fourteen thousand one hundred thirty-nine dollars and sixty-two cents, being the amount of money heretofore advanced to said East Side Trunk Sewer Fund from the Contingent Fund, as appears by the statement accompanying the report of the Finance Committee.

Adopted by the following vote:
 Ayes—Ald. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, Pauckner, Kelly, Aikenhead, Simmellink, Lewis Forsyth, Bierbrauer—19.

By Ald. Lewis—
 To the Honorable the Common Council of the City of Rochester.

Gentlemen:—In pursuance of a resolution adopted by your honorable body December 11, 1888, and in accordance with chapter 426 of the laws of 1885, the City Treasurer, Mayor, and Finance Committee have destroyed by burning 285 coupons of bonds of the City of Rochester attached to 15 bonds number 321 to 325 inclusive, and attach hereto the proper evidence of such destruction.

Very respectfully,

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.
By the Clerk—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—On the 26th day of July, 1892, by a resolution duly adopted by your honorable body, the city was directed to enter into contracts with owners of property necessary to be taken for the widening of Wentworth street under final ordinance No. 4,780. Said contracts have been prepared, but two of the property owners, to wit: General Quetchenbach and Charles Voshall, as general assignee for Peter Pitkin, refused to execute the same.

Very respectfully,
C. D. KIEHEL, City Attorney.
Ordered, received, filed and published.
By the Clerk—

CITY CLERK'S OFFICE,

 By the Clerk—

BOARD OF HEALTH,
 ROCHESTER, N. Y., July 20, 1892. }

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—This Board having ordered an inspection and examination on a complaint made of the unsanitary state of the several premises situated on Allen street, between Kent and Oak streets in this city, the following condition was found:

The several premises are in an unsanitary state in consequence of the accumulation of filth to the extent of being a menace to the health and lives of the inmates and to the

people of the immediate vicinity, by reason of the insufficient capacity of the sewer in said street.

This Board therefore presents the finding of the inspection and examination of said premises and sewer, with its action taken at its meeting, in declaring the sewer to be a public nuisance; and further, that upon a complaint made to this Board of said premises and sewer in 1891, an examination was then made and the matter referred to the Executive Board, upon which no action was taken by the said Board for the reason that no temporary measures could avail in affording the required relief.

Therefore, this Board respectfully requests that your honorable body proceed, with the least possible delay, to enact and carry out such measures as will abate said nuisance, by ordering the construction of a sewer in Allen street of sufficient depth and capacity to drain the aforesaid premises.

I hereby certify that the above is a true copy from the minutes.

GEORGE BELKNAP,
 Clerk of Board of Health.

Ordered received, filed and published.

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—The Excise Commissioners would respectfully report that they have granted 84 licenses for the month of July, 1892, and have received therefor \$4,271.00, expended for postage, \$5.00, and deposited \$4,266.00 with the City Treasurer and filed his receipt therefor with the bonds with the City Clerk.

CITY TREASURER'S OFFICE,
ROCHESTER, N. Y., August 8, 1892, {

To the Finance Committee of the Common Council:

Gentlemen:—I have examined the books of the City Treasurer, from and including June 29th last, to and including August 3rd, inst.

Each item of receipt has received my careful attention and I find they are all properly entered and they are at the credit of their respective accounts upon the ledger. I have checked each voucher of expenditure made during the period and find every thing charged correctly. The amount of cash on hand at the close of the business of August 3d, inst., was \$882,387.76, of which \$43,229.25 was upon deposit with the Traders' National Bank, \$95,103.91 with the German-American Bank, \$131,385.47 with the Central Bank, \$118,613.29 with the Commercial Bank.

The following amounts were upon deposit as a special deposit for account of East Side Trunk Sewer:

- \$119,969.63 with the Traders' National Bank.
- \$125,000.00 with the German-American Bank.
- \$131,000.00 with The Central Bank.
- \$109,770.42 with The Commercial Bank.

These balances with the banks I verified by personally asking for amount at credit of the city at each bank and by having the pass books written up and balanced August 4, before the beginning of business. \$7,460.46 was money in hands of Treasurer which I counted August 4th before opening of business. \$10.63 is a cash item, to wit: expense book. \$175.00 police orders on hand as cash. \$107.00, East Side Trunk Sewer orders on hand as cash. \$562.70. Park orders on hand as cash. Total, \$882,387.76.

The general ledger was in balance at end of day (August 3), as shown by the trial balance then taken, and which I have verified item per item.

Respectfully submitted,
N. F. HASKELL.

By Ald. Lewis—

CITY TREASURER'S OFFICE,
ROCHESTER, N. Y., August 9, 1892. }

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—You will doubtless be surprised to learn from my report submitted this evening, that the total amount of cash on hand, and to the credit of the city in the several banks of deposit from collection of present tax levy and assessments is but \$291,927.90. This is especially noticeable when the amount of general city tax collected in July was \$1,228,184.45, and the total amount to date, \$1,249,025.69.

You will naturally ask what has become of this large sum?

The monthly statements rendered do not show amount of expenditures, neither for what purpose expended. I would respectfully report that the largest item of expense has been the payment of the city's notes, issued by your directions, the same being countersigned by the chairman of the Finance Committee.

These notes, now all paid, amounted to \$849,465, the cost of discount being \$18,990.29.

I would suggest that the question of how to manage the city's finances, for the best interest of the taxpayers, as noted below be submitted to your Finance Committee, with the request that they report back to your Honorable Body their recommendations in the matter.

First—The best way of paying expenses of city government from commencement of fiscal year to the time when the tax levy is available.

Second—The payment of interest on the bonded debt is at a time when the city has no funds. Will it be advisable to change the date of collecting city tax to June 1st? And in the issuing of new bonds shall the interest be payable August 1st and February 1st, instead of July 1st and January 1st.

Third—Will it not be better to separate the general city tax from local improvements and keep the funds separate?

Fourth—In case this separation is made, will it not be cheaper for the city to issue bonds for the payment of contractors in cash, instead of giving them time orders bearing interest at 6 per cent. The expense of interest on those time orders for year ending August 1st, was \$31,952.28. The total amount of outstanding acceptances due contractors is \$836,662.73.

Respectfully submitted.

S. B. WILLIAMS, Treasurer.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

STONE ARCH BRIDGE AND APPROACHES AT ANDREWS STREET.

By Ald. Simmelink—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a stone arch bridge at Andrews street and building the approaches thereto.

Adopted.

The Surveyor submitted as such estimate, \$75,000.

By Ald. Simmelink—Resolved, That the following improvement is necessary:

The construction of a bridge to carry Andrews street over the Genesee river in place of the existing iron bridge; said bridge shall be of stone 60 feet wide, with a roadway 40 feet wide, and sidewalks 10 feet wide; with seven arches of 36.46 feet span each, and six piers five feet wide each. The roadway shall be paved with Medina block pavement, and the sidewalks with flagstone. In order to allow of the construction of said bridge with the proper water way the grade of Andrews street and Mumford street shall be changed as follows: Beginning at Front street at the existing grade, thence easterly on an ascending straight grade to a point over the center of the west

arch of said bridge four feet above the surface of the present bridge, thence easterly on a straight grade to the present surface of the street at the east end of said bridge. And twenty-five thousand dollars of the expense thereof shall be defrayed by an assessment upon the real estate benefited thereby.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$75,000, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the said twenty-five thousand dollars of the expense thereof, viz:

One tier of lots and parcels of land on each side of said bridge from the wall on the west line of the Genesee river to the wall on the east line of said river, in proportion to the benefit which each will derive therefrom.

And further resolved, That the balance of the whole expense of said improvement shall be paid from the public treasury of the city of Rochester.

Adopted.

OPENING OF A STREET FROM THE CULVER ROAD TO BOWEN STREET.

By Ald. Simmelink—Resolved, That the following improvement is necessary, and we hereby judge that the public good requires the same to be done, viz:

The opening of a street 66 feet in width, from the Culver Road to Bowen street; the center line of which shall be parallel with and 184 4-10 feet north of the front angle of the Erie canal. The territory deemed necessary to be taken therefor, is a strip of land 33 feet in width lying on each side of, and adjoining the above described center line of the proposed street, and extending from the Culver Road to Bowen street.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of the proposed street, from the Culver road to Bowen street, as they exist at the date of the passage of this ordinance, in proportion to the benefit which each will derive therefrom.

Adopted.

SPRINKLING HIBBARD PLACE.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of sprinkling Hibbard place, from Scio street to Hebard street.

Adopted.

The Surveyor submitted as such estimate, \$20.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The sprinkling of Hibbard place, from Scio street to Hebard street, during the season of 1892.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$20, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Hibbard place, from Scio street to Hebard street, in proportion to the benefit and advantage which each will derive therefrom.

Adopted.

PLANK WALK ON MURRAY PARK.

By Ald. Pauckner,—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a plank walk on Murray park.

Adopted.

The Surveyor submitted as such estimate, \$450.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The construction of a pine plank walk, 4 feet wide on each side of Murray park, from Murray street to Child street, except where good plank or flag walks now exist, which walks shall be relaid if not conforming to the proper grade and alignment. Also the necessary sidewalk grading and crosswalks. Property owners will be allowed 60 days to construct their own walks.

And Whereas, the City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$450, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Murray park, from Murray street to Child street, in proportion to the benefit which each will derive therefrom.

Adopted.

By Ald. Pauckner—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or ordinance, or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7:30 o'clock P. M., at the Common Council Chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Post-express notice thereof as is required and in the manner specified by Section 172 of the City Charter.

FINAL ORDINANCES.

CITY CLERK'S OFFICE.

ROCHESTER, N. Y. August 9, 1892. }

To the Honorable, the Common Council of the City of Rochester :

Gentlemen:—Agreeably to your direction heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Post-Express two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your Honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, Aug. 9, 1892, at 7:30 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvement. Respectfully,

HENRY W. GREGG, City Clerk.

FINAL ORDINANCE, NO. 4,848.

PIPE SEWER IN MELVILLE PARK.

On motion of Ald. Ward, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a pipe sewer in

Melville park, from the east end thereof to the sewer in Webster avenue at Diamond place.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The taking up, deepening and relaying of the present 18-inch pipe sewer in Webster avenue, from Diamond Place to Melville Park; also the construction of a new vitrified pipe sewer 15 inches in diameter in Melville Park, from Webster avenue to the east end of said Melville Park. Also the construction of the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$4,700, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Webster avenue from Diamond Place to Melville Park, and on Melville Park from the east end thereof to Webster avenue.

Adopted by the following vote:
Ayes—Ald. McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—17.

FINAL ORDINANCE, NO. 4,849.

SPRINKING CENTER STREET.

On motion of Ald. Pauckner, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to sprinkle Center street, from Mill street to the Genesee river.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Center street, from Mill street to the Genesee river, during the season of 1892.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$50, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by and derive an advantage from such improvement, to wit:

One tier of lots and parcels of land on each side of Center street, from Mill street to the Genesee river.

Adopted by the following vote:
Ayes—Ald. McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—17.

FINAL ORDINANCE, NO. 4,850.

PIPE SEWER ON RILEY PARK.

On motion of Ald. Ward, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a pipe sewer in Riley park, from near the west end thereof to Orchard street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Roches-

ter, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a vitrified pipe sewer 12 inches in diameter in Riley park, from a point 20 feet east of the west end of Riley park to the sewer in Orchard street. Also the construction of the necessary manholes, surface sewers, lot laterals and branches.

And the City Surveyor, under the direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$550, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Riley park, from the west end thereof to Orchard street.

Adopted by the following vote:
Ayes—Ald. McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—17.

Final ordinance for a Portland cement walk on Platt street came up, and on motion of Ald. Callihan action thereon was indefinitely postponed.

FINAL ORDINANCE, NO. 4,851.

PIPE SEWER IN CENTRAL AVENUE.

On motion of Ald. Ward, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a pipe sewer in Central avenue, from near North street, to Clinton street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary, and should be made, to wit:

The removal of the present sewer and the construction of a new vitrified pipe sewer 18 inches in diameter in Central avenue, from a point 50 feet west of the northwest corner of Central avenue and North street, to the sewer in Clinton street. Also the construction of the necessary manholes, surface sewers, lot laterals and branches. Also the connection of the present laterals.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$7,500, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Central avenue, from Clinton street to North street.

Adopted by the following vote:

Final ordinance for a pipe sewer came up and Ald. Forsyth presented the following:

Resolved—That the first ordinance for a sewer in Spruce street be amended to read, a sewer in Spruce avenue.

Adopted.

FINAL ORDINANCE, NO. 4,852.

PIPE SEWER IN WEST STREET.

On motion of Ald. Ward, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a pipe sewer in West street, from near Costar street to Lorimer street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a vitrified pipe sewer 12 inches in diameter in West street, from a point 40 feet south of Costar street, to the sewer in West street at Lorimer street. Also the construction of the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$970, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of West street, from the center of Costar street, to the center of Lorimer street.

Adopted by the following vote:

Ayes—Alds. McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—17.

FINAL ORDINANCE, NO. 4,853.

GRADING ROADWAY ON SUMNER PARK.

On motion of Ald. Pauckner, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to gravel Sumner park, from Monroe avenue to Richards street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary, and should be made, to wit:

The improvement of Sumner park, from Monroe avenue to Richards street, by the construction of a gravel roadway therein between the present paved gutters. Pavement to be at least 6 inches in thickness.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$500, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Sumner park, from Monroe avenue to Richards street.

Adopted by the following vote:

Ayes—Alds. McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—17.

FINAL ORDINANCE, NO. 4,854.

PLANK WALK ON THOMPSON STREET.

On motion of Ald. Pauckner, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a plank walk on Thompson street, from the north end thereof to Costar street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the follow-

ing improvement is necessary, and should be made, to wit:

The construction of a pine plank walk, 4 feet and 8 inches wide, on the east side of Thompson street, from the north end thereof to Costar street, except where good walks now exist.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$65, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the east side of Thompson street, in front of which the said walk is to be constructed.

Ayes—Alds. McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—17.

FINAL ORDINANCE, NO. 4,855.

ASPHALT PAVEMENT ON WINDSOR STREET.

On motion of Ald. Pauckner, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct an asphalt pavement on Windsor street, from East Main street to University avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Windsor street, from East Main street to University avenue, by the construction of a Trinidad asphalt pavement therein with a line of Medina stone curb on each side thereof, properly connected with all lateral streets, alleys, and driveways. Width of roadway between curbs to be 24 feet. Also the construction of the necessary crosswalks, surface sewers, lot laterals, manholes, water and gas services, and the cleaning of the main sewer if found to be necessary.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$5,200, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Windsor street from East Main street to University avenue.

FINAL ORDINANCE, NO. 4,856.

MACADAM IMPROVEMENT ON GENESEE STREET.

On motion of Ald. Pauckner, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a Macadam pavement on Genesee street, from Brooks avenue to Elmwood avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary, and should be made, to wit:

The improvement of Genesee street, from Brooks avenue to Elmwood avenue, by constructing a Macadam pavement therein with a line of Medina stone curb on each side thereof, properly connected with all lateral streets, alleys, and driveways. Width of main roadway between curbs to be 26 feet. Also the construction of all necessary crosswalks, crosswalk extensions, surface sewers, lot laterals, manholes, water and gas services. Also the construction of the necessary main sewers.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$19,000, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

UNFINISHED BUSINESS.

Under this head the application of the Rochester Railway Company to construct, maintain and operate its railway in Clinton Park came up, and Ald. Zimmer presented the following:

By Ald. Zimmer—Whereas, The Rochester Railway Company, a corporation duly organized under the laws of the State of New York, to construct, maintain and operate a street surface railroad in the City of Rochester, heretofore duly made application in writing for the

right to construct, maintain and operate a double track street railroad through Clinton Park, from Monroe avenue to the southerly end of the Pinnacle avenue bridge in the City of Rochester, and to erect and maintain the necessary poles, wires and appliances to enable said Company to operate said railroad by electricity; and,

Whereas, The said application of said company was duly received by this Board; and this Board duly gave public notice of the time and place when said application would be first considered, which notice was published daily for at least fourteen days in two daily newspapers in this city as designated by the Mayor; and,

Whereas, In pursuance of said notice said application has been considered by this Board and all parties appearing have been heard with reference to such application and it appears to this Board to be for the public interests that said application shall be granted.

Now, therefore, it is hereby resolved, that the consent of the local authorities of the City of Rochester is hereby given to the Rochester Railway Company to construct, maintain and operate a double track street surface railroad from the tracks of said Company on Monroe avenue at the intersection of Clinton park; thence southerly along Clinton park, as widened, to Pinnacle avenue bridge, and thence over the Pinnacle avenue bridge to the proposed tracks now being constructed in Pinnacle avenue under a grant heretofore duly made by the local authorities of the City of Rochester, and now in full force and effect; and to erect and maintain the necessary poles, wires and appliances to enable said railroad to be operated with electricity as motive power.

The consent hereby given is given upon the expressed condition that the provisions of Article 4 of an act in relation to railroads constituting chapter 39 of the general laws of the State of New York of the year 1890, as amended by chapter 676 of the laws of 1892, pertained to this consent shall be complied with.

Adopted by the following vote:

Ayes—Ald. McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—17.

CITY SURVEYOR'S OFFICE,
ROCHESTER, N. Y., August 9, 1892 }
Alderman Fox, Chairman of Map and Survey
Committee:

Dear Sir:—John C. Ryan is entitled to the sum of four hundred (\$400.00) dollars for work completed under his contract for the survey of the first fourteen wards of the city. I recommend the payment of that amount.

Yours respectfully,

J. Y. MCCLINTOCK,
City Surveyor.

Ordered received, filed and published.

By Ald. Fox—Resolved, That the City Clerk be and hereby is directed to draw an order on the City Treasurer for the sum of four hundred (\$400.00) dollars in favor of John C. Ryan as partial payment for work performed under his contract with the City of Rochester for the survey of the first fourteen wards of the city, and charge the same to the Contingent Fund.

Ayes—Alds. McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—17.

By Ald. Ward—

To the Honorable, the Common Council:

Gentlemen:—The Rochester Railway Company has completed the Bronson and Jefferson avenue line and except for the structural weakness of the bridge over the Western New York & Pennsylvania Railroad tracks, in Bronson avenue, would now be operating the same by electricity in connection with the North Clinton street line. We have had an examination of the bridge made by competent engineers and it has been pronounced unsafe even for the ordinary purposes of public travel. We cannot run electric cars over the bridge mentioned. It is our understanding that the railroad company operating its road in the bed of the abandoned canal is under statutory obligation to provide a suitable and safe bridge over the tracks at the place named. However, this may be, it is a fact that the large population west and south of the Bronson avenue bridge cannot be provided with suitable and efficient street care service until the bridge referred to is made safe for public travel and therefore safe for the passage of the cars of the Rochester Railway Company.

Respectfully submitted,

J. N. BECKLEY.

Ordered received, filed and published.

By Ald. Ward—Resolved, That a committee of three aldermen be appointed by the chair to confer with the directors of the Western New York & Pennsylvania Railroad Company, with reference to putting in suitable repair the bridge over the railroad on Bronson avenue.

Adopted.

By Ald. Dewey—Resolved, That the City Electrician be and hereby is instructed to notify the Rochester Electric Light Company to remove one of the arc lights on Tracy park to Dewey place and remove the remaining one

light on Tracy park to a point midway between Alexander street and Meigs street.

Adopted.

By Ald. Dewey—Resolved, That the Executive Board be and it hereby is directed and requested to negotiate for the lands, rights or easements necessary to be taken for the opening of a street from Bates street to Bowen street under final ordinance No. 4,847, passed July 26, 1892.

Adopted.

By Ald. Dewey—

To the Honorable, the Common Council, of the City of Rochester:

Gentlemen:—The Rochester Gas & Electric Company respectfully notifies your honorable body that in pursuance of franchises heretofore granted to the corporations composing the said company, and in accordance with contracts heretofore made by the city with the said corporations, which franchises and contracts are now the property of said company, the undersigned, the Rochester Gas & Electric Company, will proceed without delay to enlarge and extend the present Edison underground system on Main street, from Plymouth avenue to University avenue; on St. Paul street, from Court street to Andrews street; and on State street, from the Erie canal to Allen street. It is the purpose of this company to operate in such system all its electric business in the territory above mentioned, and it is expected that the work will be entirely completed on or about October 1, 1892. Thereupon, this company will be prepared to remove all electric light poles and wires now existing within the said territory.

Dated, Rochester, N. Y., August 9, 1892.

ROCHESTER GAS & ELECTRIC CO.

J. LEE JUPSON, President.

Ordered received, filed and published and referred to the Electrical Committee.

By Ald. Dewey—

ROCHESTER, N. Y., August 10, 1892.

To the Honorable, the Common Council.

Gentlemen:—We hereby propose to put down a 4-way conduit under the Lake & Lynch patents, with a capacity of 8, 50 pair cables, for the sum of \$1.25 per lineal foot, including digging trench and repaving streets, with manholes every 400 feet. Said manholes are to have iron frames and covers similar to those now used by the Bell Telephone Company on Main street.

The above price being a basis for one or more ducts in a ditch, or ducts of less capacity.

THE WASHINGTON ELECTRIC CONDUIT CO.,

Per G. E. SHERRY.

Ordered received, filed and published.

By Ald. Pauckner—Petition for cement walk on east side of Uniman place. Referred to the Surveyor to prepare an ordinance.

By Ald. Pauckner—Whereas, On the 13th day of June, 1873, a conveyance of a certain lot of land in Mount Hope Cemetery known as No. 197 Sec. C. containing 900 square feet was made between the city of Rochester of the first part and George G. Clarkson of the second part, which was signed by John Williams, the Treasurer of the Board of Commissioners of said cemetery, and William F. Morrison, the then Clerk of the city and delivered, but by an oversight not signed by the Mayor of the city as required by the city charter; therefore be it Resolved, That the Mayor be and he hereby is authorized and directed to sign said instrument as of and for June 13, 1873.

OFFICE OF THE
EAST SIDE TRUNK SEWER COMMISSION }
ROCHESTER, N. Y., August 9, 1892. }

To the Common Council:

Gentlemen:—Pursuant to a resolution adopted

by your Honorable Body, the East Side Trunk Sewer Commission caused a notice to be served on the several owners of property through which it is proposed to acquire an easement for an overflow for the East Side Trunk Sewer.

Nearly all of the parties interested appeared at the office of the East Side Trunk Sewer and were duly informed of the purpose of the commission in seeking to obtain the right of way, and after a careful examination of the matter and after full explanation had been made, they agreed to inform the commission what prices they would accept for the privileges required. The time set for filing such information was at noon on Monday, August 21st. None of said owners appeared at the time named or filed such statement in writing of the terms on which they would allow the overflow to be constructed. The commission therefore recommend that your Honorable Body instruct the City Attorney to apply to the courts for the appointment of a commission to condemn the lands for the purpose above stated.

Respectfully,
THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Lewis—Whereas, No agreement for the purchase of lands necessary to be taken for the right of way necessary for the outlet of storm overflows proposed to be constructed on the line of the East Side Trunk Sewer, and designed to discharge into and through what is known as Densmore creek, in and adjacent to the City of Rochester, under the provisions of Final ordinance No. 4,764, can be made, therefore

Resolved, That a copy of said ordinance and of this resolution together with a map of the required right of way or easement be made and filed in the office of the City Clerk, and the County Clerk of the County of Monroe, which map shall show thereon the lots, tracts and parcels of land which are deemed necessary to be taken, and the commencement course and termination of the said right of way or easement proposed to be laid out according to the provisions of section 174 of the revised charter, and the City Attorney be, and he hereby is instructed to take and institute such proceedings from time to time as may be necessary to secure such right of way or easement, as is provided by said city charter.

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—Under section 8 of chapter 680 of the laws of 1892, it devolves upon the Common Council to redistrict election districts in the city of Rochester, and as this work must be completed before September 1st, next, I respectfully beg leave to call the attention of your honorable body to the matter at this time.

Dated, Rochester, N. Y., August 23, 1892.

Yours respectfully,

D. W. FORSYTH,

Chairman of Law Committee.

Referred to Law Committee.

By Ald. Lewis—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—The attention of your honorable body is respectfully called to the subject of the establishment of public baths in the city of Rochester.

It seems that the ordinance prohibiting public bathing within the city limits, which for some time past, had been practically suspended is now being stringently enforced, and large numbers of people are thereby cut off from the privileges enjoyed, and in a general way, so far as the enforcement of this ordinance affects cleanliness on the part of certain classes in our city, the city's health in all probability is endangered. Therefore it is deemed proper to take some step at an early day looking toward the establishment of free public baths in the city of Rochester.

Dated, Rochester, N. Y., August 23, 1892.

Yours, respectfully,

D. W. FORSYTH.

Ordered, received, filed and published.

By Ald. Forsyth—Resolved, That the matter of public baths be referred to the Board of Health and to the City Surveyor to prepare an estimate of the probable cost with such other suggestions as may bear upon the subject.

Adopted.

Ald. Lewis moved that when the Board adjourn, it be until one week from to-night.

Carried.

REPORTS OF STANDING COMMITTEES.

To the Honorable the Common Council of the City of Rochester.

Gentlemen:—Your Finance Committee would respectfully report that pursuant to resolution of this Council passed August 9th, 1892, a contract has been executed by the Emigrant Industrial Savings Bank of New York and also by the Albany Savings Bank carrying into effect the proposition of those banks to reduce the interest on the Consolidated Bonds from four per cent. to three and one-half per cent. per annum.

A copy of such contract is hereto annexed.

Respectfully submitted,

MERTON E. LEWIS,

ALVIN H. DEWEY,

HENRY G. COOK,

J. MILLER KELLY.

Finance Committee.

This agreement made this first day of August, eighteen hundred and ninety-two by and between the Emigrant Industrial Savings Bank of the city of New York, N. Y., party of the first part, and the city of Rochester, a municipal corporation duly created, party of the second part, witnesseth as follows:

Whereas, The party of the second part by a resolution of its Common Council duly adopted March 30th, eighteen hundred and eighty-two, authorized its Treasurer to issue bonds of said city to the amount of one hundred three thousand and nine hundred and fifty dollars, at such times as the bonds which they were intended to replace might mature and be canceled, and on July 20th, eighteen hundred and eighty-two, sold bonds in accordance with said resolution to the amount of one hundred thousand dollars.

Now, therefore, the party of the first part covenants and agrees to and with said party of the second part that said bank is the holder and owner of fifteen of said bonds, numbered from four to eighteen inclusive, which said bonds bear interest at the rate of four per cent. per annum, and are redeemable by said city on or after August 1st, eighteen hundred and ninety-two, and for the consideration above expressed and the further consideration of one dollar, the receipt whereof by the party of the first part is hereby acknowledged. It is cove-

nanted and agreed that the rate of interest upon all of said bonds held and owned by said party of the first part may be, and the same is, hereby reduced from four per cent. to three and one-half per cent. per annum, and that the rate of interest on said bonds so held as aforesaid shall be three and one-half per cent. per annum on and after August 1st, eighteen hundred and ninety-two, until their maturity, or until said bonds shall be fully paid and canceled at the option of the party of the second part; and it is further agreed that a statement may be indorsed on each of said bonds to the effect that the rate of interest has been reduced as above expressed.

This agreement shall bind the successors and assigns of the respective parties.

In witness whereof the party of the first part has hereunto caused its corporate seal to be affixed and these presents to be subscribed by its president, and the party of the second part has hereunto caused its corporate seal to be affixed and these presents, to be subscribed by the chairman of the Finance Committee of its Common Council.

JAMES McMAHON,
President.

By Ald. Forsyth—

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—Your Law Committee begs leave to make the following report:

In the matter of the resolution passed by this Common Council on the 22d day of March last, to pay to Jonathan Butts the sum of \$500 for his damages for sewer pollution of Hobbie creek running through his premises, we recommend that said resolution be amended so far as it relates to the claim of said Butts and a resolution be passed to pay said Butts his said claim without an easement to the city of Rochester, as in said resolution provided.

In the matter of the judgment of Mary Paine against the city of Rochester, recovered February 15, 1892, for the sum of \$497.53, we recommend that the same be paid, as the time to appeal has expired and no questions of law exist in the case that require further review.

In the matter of the applications for appointment as Commissioners of Deeds of T. E. Bramble, Simon L. Adler, Katharine D. Walrath, Edgar W. Buck and George H. Glasgow, we recommend that the same be granted.

All of which is respectfully submitted.

D. W. FORSYTH,
MERTON E. LEWIS,
HENRY G. COOK,
CHARLES S. COOK,

Law Committee.

Ordered, received, filed and published.

By Ald. Forsyth—Resolved, That upon the certificate of the City Attorney that proper releases of the claim of Jonathan Butts, by rea-

son of the discharge of sewage from any of the sewers of the city into Hobbie creek flowing over his premises, have been received and filed with him, the Clerk be, and he hereby is, directed to draw an order upon the treasurer, payable from the Contingent Fund, in favor of Jonathan Butts, or his attorneys, for the sum of five hundred dollars, for his damages for the six years last past, preceding the date of this resolution and at the rate of one hundred dollars per annum to be paid to him for his future damages, to begin at the date of the passage of this resolution, until the discontinuance of the discharge of sewage through his premises, and that said payment for future damages be made annually; and be it further

Resolved, That all resolutions or parts of resolutions heretofore passed by this Common Council inconsistent with the foregoing resolution be, and the same hereby are, reconsidered and repealed.

Adopted by the following vote:

Ayes—Alds. McMillan, C. S. Cook, Callihan, Zimmer, Lempert, Fox, Johnson, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelinck, Lewis, Forsyth, Bierbrauer—18.

By Ald. Forsyth—Resolved, That upon the certificate of the City Attorney of the delivery and filing with him of a proper satisfaction of the judgment recovered by Mary Paine against the City of Rochester, the Clerk be, and he hereby is, directed to draw an order upon the treasurer, payable from the Contingent Fund, for four hundred and ninety-seven dollars and fifty-three cents, with interest thereon from February, 15, 1892, in favor of Mary Paine, or her attorneys, Messrs. J. & Q. Van Voorhis, and that the Treasurer be, and hereby is, directed to charge said amount to the Contingent Fund.

Adopted by the following vote:

Ayes—Alds. McMillan, C. S. Cook, Callihan, Zimmer, Lempert, Fox, Johnson, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelinck, Lewis, Forsyth, Bierbrauer—18.

By Ald. H. G. Cook—

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—Your Assessment Committee begs leave to make the following report:

In the matter of the petition of Philip Madler, Jr., praying for relief from an erroneous assessment against lot No. 6 on Welder place, we find that said lot was erroneously assessed upon a valuation of \$1,200, instead of \$400, and said Madler, having paid the taxes, etc., against said lot on the basis of \$400 to the City Treasurer for the present year, we recommend that the balance of the general city tax against said lot be cancelled on the books of the City Treasurer.

In the matter of the petition of Margaret Walter, we find that the petitioner is the owner of one-half of a double house, which was assessed in 1891 at \$1,200, but, by some error, the petitioner's half of said house was increased in 1892 to \$1,100, while the other half, which is of the same value, was left at \$600, and we therefore, recommend that the petitioner be allowed a remittance of \$7.49 of the amount paid by her to the City Treasurer.

In the matter of the petition of Gottlieb Renshler, we find that the petitioner has paid water rates against his property on Ashland street for the years 1885 to 1891, inclusive, while there is no water pipes in said street, and we, therefore, recommend that the water rates erroneously paid by the petitioner be remitted, with interest from the dates when they were paid, and that the water rate charges against said property since that time be cancelled.

In the matter of the petition of Clara O. Dake, praying to be allowed to redeem the east part of lot No. 6 of a part of lot 7 of the Mumford tract, on the north side of Hope street, sold to the city March 27, 1890, for the general city tax of 1889, we recommend that the petitioner be allowed to redeem said property in accordance with the accompanying resolution, and that the City Treasurer be authorized and directed, upon such redemption, to assign to the petitioner all claims and interests of the city under said sale in the said east part of said lot No. 6.

In the matter of the petition of John L. Weller, praying for the correction of an erroneous assessment against part of lots 24 and 25 on the south side of Herman street, we find that by a clerical error in copying the rolls, the assessed valuation of said lot was increased from \$2,200 to \$3,200, and we therefore recommend that the petitioner be allowed to pay taxes for the year 1892 upon a valuation of \$2,200.

In the matter of the petition of the heirs of Mary J. Knickerbocker, praying that a part of lot 28 on the Big Ridge Road and Lake avenue be relieved from the lien of certain assessments, we recommend that, upon the request of the heirs of said Mary J. Knickerbocker, the City Assessor be authorized and directed to apportion the taxes and assessments against such parts of said lot as said heirs may desire to sell.

In the matter of the petition of William C. Brown, as Executor of the estate of Richard Smead, praying for the correction of an assessment against property situated on the corner of East avenue and Lawrence street, for the brick improvement of East avenue, we recommend that the heirs of said Richard Smead be allowed a rebate on said assessment for 1.66 feet, erroneously charged up against said property.

In the matter of the petition of George Fladd, praying for the correction of an alleged erroneous assessment against lot No. 4 of the Elias subdivision of the Rohr tract, for the construction of the sewer in Bay street, under ordinance, No. 4,510, we recommend that the petition be denied.

In the matter of the petition of Edward and Anna Corning, as executors, etc., of William Corning, deceased, praying, among other things, for relief from an alleged erroneous assessment against premises situated at No. 636 North St. Paul street, we recommend that the prayer of the petitioner with reference to the remission of the taxes paid against said real estate be denied.

Respectfully submitted,

HENRY G. COOK,
JULIUS WERTZ,
JAMES JOHNSTON,
JOS. BIERBRAUER,
C. W. ZIMMER,
Assessment Committee.

Ordered received, filed and published.

By H. G. Cook—Resolved, That the City Treasurer be and he hereby is directed to cancel the balance of the unpaid taxes for 1892 against lot 6 on Weider place owned by Philip Madler, Jr., said property being erroneously assessed upon a valuation of \$1,200 instead of \$400 and that the City Treasurer be, and he hereby is, directed to charge said sum to erroneous assessments.

Adopted.

By Ald. H. G. Cook—Resolved, That the City Clerk be, and he hereby is, directed to draw an order for the sum of \$7.49, in favor of Margaret Walter, payable out of the Contingent Fund, being the amount erroneously charged up against property owned by said Margaret Walter on Caroline street, near Pinnacle avenue, for the general city tax for 1892, and that the

City Treasurer be, and he hereby is, directed to charge said sum to erroneous assessments.

Adopted by the following vote:

Ayes—Ald. McMillan, C. S. Cook, Calihan, Zimmer, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—18.

By Ald. H. G. Cook—Resolved, That the city clerk be, and he hereby is, directed to draw an order in favor of Gottlieb Renshler, payable out of the Contingent Fund, for the sum of \$10.50, with interest on \$1.50, from July 18, 1885; on \$1.50, from August 17, 1886; on \$1.50, from July 14, 1887, on \$1.50, from July 25, 1888; on \$1.50, from July 10, 1889; on \$1.50, from July 22, 1890, and on \$1.50, from July 22, 1891, down to the date of the issuance of said order; and further,

Resolved, That the City Treasurer be, and he hereby is, directed to cancel the water rates charged against the property of said Gottlieb Renshler, situated at No. 54 Ashland street, for the year 1892, and charge all of said sums to erroneous assessments.

Adopted by the following vote:

Ayes—Ald. McMillan, C. S. Cook, Calihan, Zimmer, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—18.

By Ald. H. G. Cook—Resolved, That the City Treasurer be, and he hereby is, directed to receive from Clara O. Dake the sum of \$13.19, with interest thereon at six per cent. from March 27, 1890, provided the same be paid within thirty days from the passage of this resolution, being the sum for which the east part of lot No. 6 of a part of lot 7 of the Mumford tract, situated on the north side of Hope street was sold to the city for the general tax for 1889, and that, upon the payment of said sum, with interest, as aforesaid, down to the date of payment, said Clara O. Dake be, and hereby is, allowed to redeem said premises, and that the City Treasurer be, and he hereby is, directed to assign to said Clara O. Dake all interest and claim which the city has against said property by virtue of said sale.

Adopted.

By Ald. H. G. Cook—Resolved, That the City Treasurer be, and he hereby is, directed to receive from John L. Weller the sum of \$34.02, with the fees and interest allowed by the charter to the time of payment, in full of the general city tax for 1892, against part of lots 24 and 25 on the south side of Herman street, erroneously assessed upon a valuation of \$3,200 instead of \$2,200, and that, upon payment of said sum, the City Treasurer charge the balance of said tax for 1892 against said property to erroneous assessments.

Adopted.

By Ald. H. G. Cook—Resolved, That the City Assessors be, and they hereby are, authorized and directed to apportion the taxes and assessments against such parts of lot 28 belonging to the heirs of Mary J. Knickerbocker as said heirs may hereafter desire to sell, and that the City Treasurer be, and he hereby is, directed to receive the taxes and assessments, so apportioned, and that upon payment of such taxes and assessments, so apportioned, such parts of said lot No. 28 be relieved from the lien of the taxes and assessments so apportioned, as aforesaid.

Adopted.

By Ald. H. G. Cook—Resolved, That the City Treasurer be, and he hereby is, directed to credit the heirs of Richard Smead for the brick improvement on East avenue, the sum of \$12.75, being the assessment for 1.66-100 feet of land erroneously charged against property owned by them on the corner of East avenue and Lawrence street, and that said sum of

\$12.75 be charged to assessments on city property.

Adopted.
By Ald. H. G. Cook—Resolved, That the petition of George Fladd in relation to the assessment for the construction of a sewer in Bay street under Ordinance No. 4,510, be, and the same hereby is denied.

Adopted.
By Ald. H. G. Cook—Resolved, That the part of the petition of Edward and Anna Corning, as executors of the estate of William Corning, deceased, relating to an alleged erroneous assessment against premises situated at No. 636 North St. Paul street, be, and the same hereby is, denied.

To the Honorable, the Common Council of the City of Rochester.

Gentlemen:—Your Committee to whom the matter of the Electrical Conduits were referred, beg leave to submit the opinion of the City Attorney as their report.

ALVIN H. DEWEY,
CHARLES S. COOK,
MERTON E. LEWIS,
MARTIN J. CALIHAN,
J. MILLER KELLY,

Committee.

CITY ATTORNEY'S OFFICE,
ROCHESTER, N. Y., August 22, 1892.

To the Electrical Committee of the Common Council of the City of Rochester:

Gentlemen:—From the verbal communication of your chairman, I understand the question submitted to me to be what right and power the Rochester Gas & Electric Company of this city has under its franchises and contracts, to construct conduits in the streets named in its communication of August 9, 1892, to the Common Council.

The Rochester Gas & Electric Company is a consolidation of the Brush, Rochester and Edison Electric Companies and the Rochester Gas Company, and any rights of property, privileges, franchises or interest any of these companies enjoyed, is held and enjoyed by the consolidated company.

The claim made by the consolidated company is that, under the Edison franchises and contracts with the city, the new company has the power to build a conduit in the streets named. It is important for the decision of this question, to know the history of the transactions between the Common Council and the several companies, and I briefly call your attention to the same:

On the 20th day of April, 1886, a petition was presented to the Common Council by the Edison Company, praying for a franchise to lay wires and conduits underground, and erect poles and place wires along the same in the streets and alleys of the city mentioned in said petition. The petition and accompanying resolution were referred to the Committee on Opening and Alteration of Streets and the Executive Board, and they, on the 4th day of May following made a report thereon and offered, and the Common Council passed a resolution which, among other things, provided that the Edison Company has "the right and authority, upon the execution by them of the contract hereinafter provided for, and upon the giving and approval of the bond hereinafter provided for, to install, operate and lay underground conduits for conducting electricity in and through" the streets which are therein named. It was also further provided that the Mayor be "empowered to execute a contract on behalf of the city with said illuminating company (which contract shall be subject to the approval of the City Attorney), carrying into effect the prayers of the petition of said company, together with the recommendations of the Committee on the Opening and Alteration of Streets this evening presented, and such

other recommendations as may be made by the Executive Board, Mayor or City Attorney before the execution of the contract."

The resolution further provided for a bond of \$50,000.00, conditioned for the faithful performance of this contract, and for damages, and, also, "that the execution of said contract, and the delivery and approval of said bond, be conditions precedent to the granting of the above mentioned franchises which franchises shall, upon such execution, delivery and approval immediately take effect."

On the 10th day of May, following, the mayor entered into a contract with the Edison Company, in which among other things, the company was authorized to install, operate and lay underground conduits for conducting electricity in the streets named therein, but by the fifteenth clause of the contract it was provided that the company should "have the right, authority, privilege and franchise subject to the conditions and restrictions of this agreement to construct electric wires and conduits underground, and to erect poles and place wires on the same in and through said streets and alleys and to maintain and operate the same for the purpose of electric lighting according to the Edison system."

On November 12, 1889, a resolution was passed by the Common Council granting to the Edison Company "to lay, construct and maintain conductors and wires within the lines of the streets, avenues and public places of the city of Rochester, with such connections as may be necessary, for the purpose of supplying electric light to the city, and the inhabitants thereof," etc. This franchise is an exact copy of the franchise given by the Common Council to the Brush Company on the 12th day of July, 1881, and to the Rochester Company a short time thereafter.

The above are the only resolutions or contracts which any of the companies hold, except the contracts made the first day of July, last, between the three electric light companies and the city for the lighting of the streets. In this last contract it was provided that each of said companies should "place all of its wires on the streets mentioned therein into a conduit to be constructed either by the city or by a company organized to construct and maintain such conduit, to which said city may grant such a franchise," and each of the companies agreed to place its wires into this conduit within sixty days after notice in writing from the Common Council so to do, and to place and put in operation and maintain all the wires supplying and furnishing an electric current to all lamps and motors on the streets and in the buildings upon which the conduit was to be maintained.

In this clause of the Edison contract there is a provision that the Edison Company's incandescent light wires shall not be required to be put into such conduit, until their use in such conduit shall be practicable.

The resolution of July 12th, 1881, giving the franchise to the Brush Company and of November 12, 1889, to the Edison Company, did not confer any right upon those companies to build any conduit whatever. The language of the resolution is, "to lay, construct and maintain conductors and wires x x with such connections as may be necessary for the purpose of supplying electric light to the city, and the inhabitants thereof." The franchise is limited to the laying constructing and maintaining of the conductors and wires. A conductor, according to the highest authorities on electrical words, terms and phrases is "a substance which will permit the passage of an electric current through it," and the term is opposed to a non-conductor.

A conduit is defined by the leading lexicographers as well as the highest authorities on electrical words and phrases as a space

or place for the reception or passage of a liquid or substance. The original meaning of the word "conduit" was confined to an underground subway for the passage of water. Electricians have since electric wires and cables have been used, extended the definition to a space or place for the reception of electric wires and cables. A conduit and a conductor are separate and distinct things, the latter, a substance which will permit the passage of an electric current through it, and the other, a receptacle to place therein a conductor.

It is, therefore, clear that the franchise of 1886 to the Edison Company was not enlarged or extended by the resolution of 1889. The question then is, what franchise was given to the Edison Company by the resolution and contract of 1886. It is a settled principle of law that the power over the streets belongs to the legislature, and not to the municipality. The authority of a municipal corporation over the streets is derived, like all other powers, from the legislature, through a charter or statute. No franchise for any special use of the streets can be obtained without the permission of the legislature, or the municipality, if the power is conferred upon it by the legislature.

It is also well settled that a municipal corporation possesses and can only exercise a power which is granted to it in express words, or one necessarily or fairly implied or incident to the power expressly granted, or one essential to the declared objects and purposes of the corporation.

I assume, for the purposes of this opinion, that the Common Council has the power to confer upon any company the right to construct and maintain a conduit in the public streets of this city. If the Common Council has this power, we are confined to the resolution and contract of May 4th and 10th, 1886. The resolution provides for the execution of a contract, as a condition precedent to the grant of the franchise to the company, and the contract is made a part of, and in connection with, the resolution.

In the fifteenth clause of the contract above quoted, the franchise of the company is set forth, and for the first time the purpose of the franchise is expressed, which is "of electric lighting according to the Edison system." The resolution gives the right and authority to lay an underground conduit for conducting electricity, but it does not say for what purpose the electricity shall be used. It provides for a contract, however, in which the purpose is set forth, which is "electric lighting according to the Edison system."

A franchise given by a municipal corporation to an individual or corporation when acted upon, becomes a binding contract, in so far as it affects any vested property of the individual or corporation by reason of the franchise.

In this case, however, the Edison Company was not satisfied with a franchise to be acted upon by it thereafter, but entered into a contract, so that its rights might become more definite and secure.

I am of the opinion that the contract and resolution must be construed together, and whatever limitation of the franchise may be in the contract, the resolution is limited accordingly. This seems to me to be clear, for if in the contract the franchise had been limited to a number of years, could it be said that the company could under the resolution, claim a franchise for an indefinite period? Or, if the resolution had stated the streets in the city of Rochester, without naming them, and the contract had specifically named the streets in which a conduit was to be laid, could it be claimed that the company would have the right to lay a conduit in all the streets of the city? Clearly not. The same

rule applies to the interpretation of this resolution and contract that applies to statutes, viz: That the intent of an act as to its purposes is not extended beyond the immediate and specific purposes therein expressed. The purposes for which this franchise was given to the Edison Company was for the electric lighting according to the Edison system, and to that, the company is confined. That such was the interpretation of this contract and resolution by the parties interested is evidenced from the provisions put in the contract of July 1st, 1892. In that contract it provides that the Edison Company shall put all of its wires into a conduit to be constructed either by the city, or by a company organized to construct and maintain such a conduit, provided that the Edison company's incandescent light wires shall not be required to be put into such conduit until their use in such conduit shall be practicable. The company has agreed to put all of its wires into this proposed conduit, and has only excepted the wires furnishing electricity to incandescent lights, and they are only to be excepted until the placing of them into the conduit shall prove practicable.

There is no conflict between the contract of 1892 and the one of 1886. The 1892 contract excepts the wires for which the conduit has been provided in the contract of 1886.

I am, therefore, of the opinion that the consolidated company has only a franchise to place wires into a conduit which are used for the purpose of lighting according to the Edison system, and can be compelled, within sixty days after a notice served upon it by the Common Council, to place all its wires into a conduit, as proposed in the contract of 1892.

Yours, etc.,
C. D. KIEHEL,
City Attorney.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Sewer Committee, to whom was referred the matter of the construction of a sewer in Loomis street, respectfully report:

That it has visited the territory in question, and is of the opinion that a sewer should be constructed in said street at once, as there is at present water in the cellars on said street, and we, therefore recommend that the City Surveyor be instructed to prepare an ordinance for the construction of a sewer in said street.

Respectfully submitted,

WILLIAM WARD,

To the Honorable, the Common Council of the City of Rochester, N. Y.:

Gentlemen:—In pursuance to resolution adopted at the last meeting of the Council, your Police Committee respectfully report that a sub-committee of this committee, with the Superintendent of Police, visited the cities of Cleveland, Detroit and Buffalo, for the purpose of looking into the management and workings of the police departments and precinct stations in those cities.

The full report of our Superintendent of Police who was authorized by this Council to accompany the committee is presented herewith and the same is hereby indorsed by your committee and made a part of this report.

ROCHESTER, N. Y., August 22, 1892.

To the Honorable Board of Police Commissioners and Police Committee of the Common Council:

Gentlemen:—I have the honor to report to your committee the result of our visit and inspection of the police departments of the

cities of Cleveland, Detroit and Buffalo. The following named gentlemen representing the Police Committee of the Common Council and the Police Department, were his honor Richard Curran, Mayor, Aldermen Thomas McMillan, C. S. Cook, William Pauckner and Superintendent of Police, Joseph P. Cleary, left Rochester at 9.45 Saturday evening, August 13th, arriving in Cleveland Sunday morning at 7.30. We were met at the depot by Lieutenant Burns of the police department of that city, and escorted in carriages to the Forest City Hotel where we took breakfast, and at 10 o'clock in the forenoon, the Director of Police Col. Gibbon and J. W. Schmitt, Superintendent of Police and Detectives John Reeves and Charles McHannan, called on us and escorted us to police headquarters. The object of our visit was explained to them. The workings of their department was explained to us in all its details. There are 300 men all told in this department and the city is laid out in three police districts. A captain in command of each district. In the first district is the first and second precincts and 2 patrol houses. The headquarters of the department is in the first precinct, where the heads of the departments are located, director of police, superintendent of police, deputy superintendent, 2 captains, 10 detectives, 3 lieutenants, 5 sergeants, 1 acting sergeant, 64 patrolmen, 1 secretary of board of police, 1 police surgeon, 3 janitors, 1 fireman, 1 matron, telephone superintendent, operators and linemen, 5. There is a lieutenant and one sergeant at each precinct station and so many patrolmen and one janitor. There is also at each patrol house one acting sergeant and so many patrolmen and two drivers of patrol wagons. In some districts there is from two to six precincts besides the patrol houses, where only the patrol wagons are located. There is four patrol wagons in all. There is no police ambulance connected with the departments. Each undertaker in the city has an ambulance and answers all calls from the police departments, and it seems to give good satisfaction to the departments and the public. Any cases of accidents are brought in the patrol wagons. After inspecting the headquarters, the patrol wagon was called in front of headquarters and the director, Col. Gibbon, Superintendent of Police Schmitt, Detectives Reeves and McHannan, Mayor Curran, Aldermen McMillan, Cook, Pauckner and myself were driven to the west side precinct station No. 8. This is a new building and cost \$65,000. It is the most perfect police station I ever saw. Cuts of the building and captain's office and lock. I present for you to see. We then drove over to the central police station. It is an old building, but the department is about to erect a new building on the same ground at a cost of \$20,000, specifications of which are in my possession. We then drove back to the hotel and had a late dinner. In the afternoon carriages were provided and the same party proceeded to Mayor Rose's residence and we were driven to the cemetery where we were shown Garfield's monument from there to Wade Park and Gordon Park back by the lake shore front after a hot and dusty ride. We arrived at our hotel at 6.30 P. M. This ended our visit. We were treated with the greatest courtesy and kindness by these officials giving us all the information we wanted in regard to the police department of Cleveland. The director and Detectives Reeves and McHannan escorted us to the steam boat for Detroit at 10.30 Sunday.

The Committee is of the opinion that the new west side station No. 8 would be just the size of a building for police headquarters in this city. The plans of this building will be sent to me by the director of the police department of Cleveland.

Sunday evening our party took the steam

boat for Detroit, arriving there at 7 o'clock Monday morning, where we proceeded to the Russia House, and made that our headquarters. I at once telephoned to the superintendent of police where we were and at 10 o'clock he called on us and escorted us to police headquarters and showed us all through the different departments in that building. Their police patrol system is as perfect as can be, with a private telegraph system attached, all in charge of a superintendent of signal service and telephone lines, also a clerk and stenographer in the superintendent's office, also assistant clerk, 4 operators, 4 time-keepers in signal office, 1 janitor and 2 matrons at police headquarters. There are 368 on the force all told. 1 superintendent of police, 1 deputy superintendent, 3 captains, 14 sergeants, 27 roundsmen 307 patrolmen, 13 doormen, 2 hostlers. The city is divided into three precincts, with so many patrol stations in each precinct at the central police precinct, 1 captain, 2 sergeants, and 6 roundsmen, 96 patrolmen, 3 doormen and 1 hostler at headquarters barn. There is a sergeant in charge of station houses at night and a roundsman in day time. 12 stations in all. Also a new one in course of construction on Belle Isle Park. There are 6 patrol wagons on duty all the time, they are lighter wagons than ours, but they have a few heavier wagons on the reserve in case of riots or other serious trouble. The station houses are mostly located on side streets and nicely kept, and gives general satisfaction to the people. There is no police ambulance in Detroit. The sick or any accidents are brought in on the patrol wagon. The patrol system is very good in that city.

In the afternoon the superintendent and the electrician and our committee went in a carriage to the different station houses and to Belle Isle Park station, and all were highly pleased with the system of precinct station houses and the way they were managed in Detroit. We were treated with a great deal of courtesy by the officials.

Monday evening we left Detroit at 10.40 for Buffalo, arriving in that city on Tuesday morning at 7 o'clock. We put up at the Broezel House and I communicated with the superintendent at police headquarters. After breakfast the assistant superintendent of police, McCusack, called on us at the hotel and invited the committee to police headquarters, where we were introduced to superintendent of police Mosgenstem and the police commissioners. The superintendent showed our committee through the building which is used only by the police departments. No. 1 station is on the first floor as is also the cells. On the second floor is the superintendent's and assistant superintendent's office, police commissioners rooms, police court, on the 3rd floor is the detectives' headquarters, rogues' gallery, sleeping apartments for the men and the police matron's room, and lock-up for women and detectives' room for women witnesses. There is also on the second floor headquarters of the police patrol and telegraph system centralized from all of the precinct station houses. It is the most complete system I ever saw for a police department. There is also in the assistant superintendent's office a clerk who does the office work and telegraphing for the department. There is 1 superintendent of police, 1 surgeon, 1 clerk of board of police, 1 clerk of board of police, 1 surgeon, 1 clerk of board of excise commissioners, 2 assistant clerks, clerk to superintendent of police, clerk and operator, assistant operator, 8 regular detectives at headquarters, also several patrolmen detailed as special detectives. The facilities at police headquarters are adequate for all purposes. There are 12 police stations or precinct houses with patrol barns attached to same. There is also 2 sub-police stations, with a sergeant in com-

mand of each sub-station. There are captains in charge of the larger stations and lieutenants in charge of the other. There are also 6 patrol wagons, all kept in perfect shape and fully manned. There is a woman at each station as janitress. There is a new police station in course of construction in the northwestern part of the city near Black Rock. In a few of the outside stations there is mounted policemen. I have a map of the city of Buffalo showing the location of the several stations houses. The station houses are built of brick and the accommodations for the men are perfect and the system gives good satisfaction. The departments are increasing the number of police stations every year. The police and excise board are one. The amount collected for dog tax during the year and turned into the police pension fund was over \$1,100. The Committee visited several station houses and found them properly located and the whole police system of Buffalo I should judge was as perfect as can be found anywhere. They have a fine police department and under good discipline. The superintendent and assistant superintendent the mayor and police commissioners and all the officials we came in contact with treated us with the utmost kindness. Tuesday evening your committee and myself returned to Rochester, well satisfied with our visits, and with all the information we required towards the perfection of our police system.

I am gentlemen, your obedient servant.

J. P. CLEARY,
Superintendent of Police.

It is obvious to all that the present quarters occupied by the police department is certainly inadequate for the purpose for which it is used, and it is also conceded that the police department should be removed from its present location, and that a central police station should be erected upon some suitable site to be used as a permanent headquarters for the police department and police court, the same to be arranged and constructed in a manner that will add strength and efficiency to the entire department, therefore, we recommend that your Police Committee be instructed to select a suitable site for a central police station and headquarters for the police department.

By making this change the rooms now used by the police department can be used to a good advantage by other municipal departments and an expenditure of \$15,000 or more in remodeling the city hall can be avoided.

The subject of "precinct stations" is a matter of great importance to the people of this city and their establishment as a part of our police system is only a question of time, therefore, we recommend this matter be referred to the Police Committee of this Board and Police Commissioners to ascertain and report to the Council plans for establishing and maintaining precinct stations in this city, All of which is respectfully submitted.

Ordered received, filed and published.

By Ald. C. S. Cook—Resolved, That the Police Committee of this board be and hereby are authorized and instructed to select a suitable site, for the location and erection of a building to be used as a central police station, and permanent headquarters for the police department and police court, and report back to the Council, and be it further.

Resolved, That the matter of precinct stations be, and hereby is referred to the Police Committee and Police Commissioners and they are directed to investigate and report to this Council, plans and suggestions for the establishment of precinct stations in this city.

Adopted.

By Ald. C. S. Cook—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—Your Committee on Police and Excise, to whom was referred the application of William Heubner for a repayment to him of a sum of money representing the value of a license from the time he ceased to use the license to the end of the period when said license would expire, respectfully reports:

Your committee finds that the above named applicant on August 17, 1891, obtained a license for a hotel at No. 153 Franklin street and paid therefor the sum of \$60; that on the 1st day of February, 1892, he made application to have said license transferred to No. 252 North Clinton street, and was informed that the transfer could not be made owing to the fact that the place was not a hotel; that Mr. Heubner now desires a rebate of \$30 on the first license granted him, he having used the same only six months.

Your committee, therefore, recommends that the prayer of the petitioner be granted, and to that end recommends the adoption of the accompanying resolution.

Respectfully submitted,

CHAS. S. COOK,
JOHN. B. SIMMELINK,
WILLIAM PAUCKNER,
J. M. AIKENHEAD.

Although the number of arrests during the year has been large and some very important arrests made the city has been comparatively free from the higher grades of crime, taking into consideration the rapid growth of our city. I take great pleasure in stating that, through the efficiency of our department and through the able management of our Board of Police

Commissioners, in discipline the department ranks among the first class departments of the country. The Police Commissioners and the citizens of Rochester have good reason to feel proud of the police force of this city, as the efficiency of the department was fully demonstrated on Memorial Day, May 30, 1892, in managing and controlling such a large assemblage of people in our city. A day long to be remembered in the history of our city. Law and order on that day prevailed in every part of the city.

The Detective Department, under the able and efficient management of Chief of Detectives John C. Hayden, is in a healthy and increasing state of discipline, and the zeal manifested by this branch of the department and the unflinching desire to perform their duties, day or night, in seeking out and bringing criminals to justice, and recovering stolen property of our citizens, have gained for the Rochester Police Department the name of being one of the best managed departments of its size in the country.

The discipline of the uniform departments will compare favorably with that of any other well-regulated force of its size in the country. This is due to a great extent to the untiring energy of Captain Charles McCormick and his assistant, Captain Keith, and all the five Lieutenants. Complaints against members of the force for violations of rules and misconduct are not as frequent as in past years, owing to the untiring effort of their superior officers. Since my report to your Honorable Body a year ago, there has been an increase to our force of twenty-four additional men, and also twelve new men to fill vacancies.

The following calls and telephones have been received from officers and citizens by the operators since June 30, 1891, to the 30th of June, 1892:

Alarms sent in by officers.....	1,803
Alarms sent in by citizens.....	565
Reports received from officers.....	99,533
Fast calls.....	375
Slow calls.....	523
Special calls.....	1,473
Ambulance calls.....	278

The records of the Police Court and Board of Police Commissioners and of the Police Department in general are well kept, through the careful and untiring energy of B. Frank Enos, Police Clerk. The general health of the department is good. There have been two officers placed on the retired list, drawing pay from the Police Pension Fund.

After a long service on the force for faithful services performed. This act of the Police Commissioners is to be highly commended, as it will be an incentive to the members of the department to faithfully perform their duties and work for the best interests of the people. In conclusion I wish to express my gratitude to your honorable board for the continued courtesies extended to me.

I am gentlemen, your obedient servant,

J. P. CLEARY,

Superintendent of Police.

REPORTS OF SELECT COMMITTEES.

By Ald. Zimmer—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen: Your Special Committee, appointed to inquire into the matter of the construction of a new bridge across the Genesee river at Court street, and to report back to this Common Council, respectfully reports:

That since the appointment of this Committee, a number of meetings have been held, in conjunction with the city officials and citizens interested in this improvement, and, after care-

fully inquiring into and considering the views presented by the parties in interest, and all the circumstances connected with the matter, we are of the opinion that the demands of the public, and the rights of all persons interested in the improvement, as well as the City of Rochester, require that a part of the expense of the construction of said bridge should be assessed upon the adjoining owners of property in the river bed and the Johnson and Seymour race, and the other part to be paid by the city at large, and that the proportion should be 25 per cent. for the local assessment, and the balance of the expense upon the city at large.

We are also of the opinion that the bridge should be a stone arch bridge, having a forty foot roadway, and of a total width of sixty-four feet which is the width of the street, and, we therefore recommend that the bridge be constructed of the style known as a stone arch bridge of a width of sixty-four feet, with a roadway of forty feet, the roadway to be paved with a Medina block pavement, and the sidewalk to be a flagstone walk.

We also recommend that 25 per cent. of the total expense of the construction of such bridge be paid by a local assessment upon the lots and parcels of land on each side of the proposed bridge between the west bank of the Genesee river and the west Blue Line of the Erie canal, and that the balance of the total expense, be assessed upon the city at large, and be paid out of the public treasury of the City of Rochester.

We also recommend the preparation by the city surveyor of a suitable ordinance to carry out the recommendations contained in this report.

Dated Rochester, N. Y., August 23, 1892.

COMMUNICATION FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

CITY CLERK'S OFFICE, }
ROCHESTER, N. Y., August 22, 1892. }

To the Honorable the Common Council of the City of Rochester:

Gentlemen: I hereby report that there has been registered in the City Clerk's office since the report of December 29th, 1891, 1,346 bicycles at thirty-five cents each, amounting to \$471.10; also \$7.80 for transferring 78 bicycles, making a total of \$478.90, and that the same has been deposited with the city treasurer and his receipt taken therefor.

Very respectfully yours,

HENRY W. GREGG, City Clerk.

By the Clerk—

ROCHESTER, N. Y., Aug. 17, 1892.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN: We beg leave to call your attention to the fact, that by raising the grade of East Main street, as we understand is contemplated, where it crosses Matilda street, the property and business interest of the undersigned will be greatly damaged in various ways. We therefore protest against the raising of said grade, which we believe to be entirely uncalled for.

We therefore desire to give notice to you, officially, that in the event of the raising of said grade, we shall seek such relief through a claim for damages, as we may be able to prove.

Yours respectfully,

C. J. HOFFMAN,
T. T. SOUTHWICK.

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, N. Y., August 26, 1892. }

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN: On the 19th day of April, 1882, your honorable body adopted a final ordinance for the widening of Wentworth street, known as Final Ordinance No. 4,780, and directed the Executive Board to negotiate with the owners of the property to be taken under said ordinance; on the 12th day of July, 1882, this board reported that nearly all of the parties interested had agreed to \$5.00 a square foot for the property to be taken, and, thereafter, on July 26th, 1892, your honorable body declared said sum to be reasonable and directed the mayor of said city to enter into contracts with the owners of said property; we are informed by the city attorney that said contracts have been drawn in accordance with said resolution, but that two of the owners refuse to sign the same.

In view of the fact that another ordinance has been adopted for the paving, etc., of Wentworth street, as widened, we recommend that condemnation proceedings be instituted on behalf of the city to acquire the title to the lands proposed to be taken under said ordinance No. 4,780.

Respectfully,

THOMAS J. NEVILLE, Clerk.

OFFICE OF BOARD OF HEALTH, }
ROCHESTER, N. Y., Aug. 22, 1892. }

To the Honorable the Common Council of the City of Rochester:

Gentlemen—At a meeting of the Board of Health the City of Rochester, held August 17, 1892, the following complaint was received and action taken thereon:

ROCHESTER, N. Y., Aug. 17, 1892.

To the Honorable Board of Health:

Gentlemen—A complaint has been made of the unsanitary condition of the dwellings on Loomis street.

I made an inspection of the drainage in the houses on this street, and found the cellars wet, the conductors from the roofs discharging on the ground, the waste water from sinks also discharging in the rear of lots and the vaults are filled with water from this cause. Some of the vaults drain into the gutter in the street, there being no sewer to receive any drainage or surface water that may collect. The gutter is in a filthy condition, and pools of stagnant water are in many places.

There is a good sewer in Clifford street and a sewer should be constructed in this street to relieve the complainants.

Yours respectfully,

DAVID C. SMITH,
Chief of Inspectors.

Com. Biegler moved that Loomis street be declared a nuisance and detrimental to public health, and that the clerk notify the Common Council to pass an ordinance for the construction of a sewer on Loomis street.

Adopted.

I hereby certify that the above is a true copy from the minutes.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

PLANK WALK ON SEAGER STREET.

By Ald. Pauckner—Resolved, That the City
 Surveyor ascertain and report to this Council
 the expense of constructing a plank walk on
 Seager street.

Adopted.

The Surveyor submitted as such estimate,
 \$110.

By Ald. Pauckner—Resolved, That the fol-
 lowing improvement is necessary, viz:

The construction of a hemlock plank walk 4
 feet wide on each side of Seager street, from
 the north end thereof to Caroline street. Also
 the necessary sidewalk grading. Property own-
 ers will be allowed thirty days in which to
 construct their own walks.

And Whereas, the City Surveyor, under the
 directions of this Council, has made an esti-
 mate of the whole expense thereof, and reports
 the same at \$110, which estimate is hereby
 approved.

Resolved, further, that the following portion
 of said City is deemed benefited and properly
 ought to be assessed by a local assessment for
 the whole expense thereof, viz:

One tier of lots and parcels of land on each
 side of Seager street, from the north end
 thereof to Caroline street, in proportion to the
 benefit which each will derive therefrom.

Adopted.

**PIPE SEWER IN MONROE AVENUE FROM SHEPARD
 STREET EASTERLY.**

By Ald. Ward—Resolved, That the City Sur-
 veyor ascertain and report to this Council the
 expense of constructing a vitrified pipe sewer
 in Monroe avenue.

Adopted.

The Surveyor submitted as such estimate,
 \$500.

By Ald. Ward—Resolved, That the following
 improvement is necessary, viz:

The construction of a vitrified pipe sewer 18
 inches in diameter, in place of the existing 12
 inch pipe sewer in Monroe avenue, from the
 sewer in Shepard street, easterly about 400 feet
 to a connection with the 18-inch pipe sewer
 which crosses Monroe avenue, also connecting
 with the said 18-inch pipe sewer all sewers
 and laterals now connecting with the
 12-inch pipe sewer, the remodeling of the ex-
 isting manholes and the replacing of the exist-
 ing Y branches.

And Whereas, The City Surveyor, under the
 directions of this Council, has made an esti-
 mate of the whole expense thereof, and reports
 the same at \$500, which estimate is hereby
 approved.

Resolved, further, That the following portion
 of said City is deemed benefited and properly
 ought to be assessed by a local assessment for
 the whole expense thereof, viz:

 SHERIDAN PARK.**

By Ald. Pauckner—Resolved, That the City
 Surveyor ascertain and report to this Council
 the expense of improving Sheridan park.

Adopted.

The Surveyor submitted as such estimate,
 \$2,050.

By Ald. Pauckner—Resolved, That the fol-
 lowing improvement is necessary, viz:

The improvement of Sheridan park, from
 Martin street to Almira street by the con-
 struction of a gravel roadway therein with a
 Medina stone curb and cobble stone gutter on
 each side thereof, properly connected with all
 lateral streets, alleys and driveways. Width
 of roadway between curbs to be 26 feet. Also
 the construction of a Portland cement walk
 4 feet 8 inches wide on each side of the street
 between the limits mentioned, except where
 good flag or cement walks now exist, which
 walks shall be relaid if not conforming to the
 proper grade and alignment. Also the neces-
 sary surface sewers.

And Whereas, The City Surveyor, under the
 directions of this Council, has made an esti-
 mate of the whole expense thereof, and reports
 the same at \$2,050, which estimate is hereby
 approved.

Resolved, further, that the following portion
 of said city is deemed benefited and properly
 ought to be assessed by a local assessment for
 the whole expense thereof, viz:

One tier of lots and parcels of land on each
 side of Sheridan park, from Martin street to
 Almira street, in proportion to the benefit
 which each will derive therefrom.

Adopted.

CURB AND WALK ON SHERIDAN PARK.

By Ald. Pauckner—Resolved, That the City
 Surveyor ascertain and report to this Council
 the expense of constructing a walk and setting
 curb on Sheridan park.

Adopted.

The Surveyor submitted as such estimate,
 \$1,400.

By Ald. Pauckner—Resolved, That the fol-
 lowing improvement is necessary, viz:

The setting of a line of Medina stone curb on
 each side of Sheridan park, from Martin street
 to Almira street, properly connected with all
 lateral streets, alleys and driveways. Width
 of roadway between curbs to be 26 feet. Also
 the construction of a Portland cement walk 4
 feet 8 inches wide on each side of said street
 between the limits mentioned, except where
 good flag or cement walks now exist, which
 walks shall be relaid if not conforming to the
 proper grade and alignment. Also the construc-
 tion of the necessary surface sewers.

And Whereas, The City Surveyor, under the
 directions of this Council, has made an esti-
 mate of the whole expense thereof, and reports
 the same at \$1,400, which estimate is hereby
 approved.

Resolved, further, that the following portion
 of said city is deemed benefited and properly
 ought to be assessed by a local assessment for
 the whole expense thereof, viz:

One tier of lots and parcels of land on each
 side of Sheridan park, from Martin street to
 Almira street, in proportion to the benefit
 which each will derive therefrom.

Adopted.

PORTLAND CEMENT WALK ON WINDSOR STREET.

By Ald. Pauckner—Resolved, That the City
 Surveyor ascertain and report to this Council
 the expense of constructing a Portland cement
 walk on Windsor street.

Adopted.

The Surveyor submitted as such estimate, \$500.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The construction of a Portland cement walk 5 feet wide on each side of Windsor street, from East Main street to University avenue, except when good flag or cement walks now exist, which walks shall be relaid and widened if not conforming to the proper grade, line and width of 5 feet.

And Whereas, the City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$500, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Windsor street, from East Main street to University avenue, in proportion to the benefit which each will derive therefrom.

Adopted.

WIDENING ROWE STREET.

By Ald. Simmelink—Resolved, That the following improvement is necessary, and we hereby judge that the public good requires the same to be done, viz:

The widening of Rowe street so as to permit of the construction of the roadway and sidewalks in such a manner as to properly connect with the lift bridge in said street built over the Erie canal by the state of New York. And the land deemed necessary to be taken therefor is described as follows: All that tract or parcel of land included within and described by the following boundary lines, viz: Beginning at a point where the south line of Rowe street intersects the face of the east retaining wall of the Erie canal prism; thence southwesterly in a straight line to a point in the west blue line or boundary of the said canal lands, said point being 81.5 feet southerly measured at right angles from the south line of Rowe street; thence westerly parallel with said south line of Rowe street, to a point 15 feet westerly from the west line of Eleventh street; thence northwesterly in a straight line to a point in the said south line of Rowe street 12.5 feet west of the west line of Eleventh street; thence easterly on said south line of Rowe street to the place of beginning.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Rowe street, from Lake avenue to the western boundary line of the City of Rochester, as they exist at the date of the passage of this ordinance, in proportion to the benefit which each will derive therefrom.

Adopted.

PORTLAND CEMENT WALK ON NEW YORK STREET.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a walk on New York street.

Adopted.

The Surveyor submitted as such estimate, \$990.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The construction of a Portland cement walk, 4 feet 6 inches wide on each side of New York street, from Wentworth street to Jefferson avenue, except where good flag or cement walks now exist, which walks shall be relaid if not conforming to the proper grade and alignment. Also the construction of the necessary flag crosswalks and sidewalk grading.

And Whereas, the City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports

the same at \$990, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of New York street, from Wentworth street to Jefferson avenue, in proportion to the benefit which each will derive therefrom.

Ald. Ward moved that property owners have fifteen days in which to construct their own walks.

Adopted.

Ordinance as thus amended adopted.

PIPE SEWER IN COTTAGE STREET.

By Ald. Ward—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in a portion of Cottage street.

Adopted.

The Surveyor submitted as such estimate, \$1,960.

By Ald. Ward—Resolved, That the following improvement is necessary, viz:

The construction of a vitrified pipe sewer 12 inches in diameter in Cottage street, from a point 60 feet west of the northwest corner of Cottage and Seward streets, to the outlet sewer crossing Cottage street, about 600 feet west of Seward street. Also the construction of the necessary lot laterals, manholes, surface sewers, roadway grading and gutter formations.

And, Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$1,960, which estimate is hereby approved.

Resolved, further, That the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Cottage street, from Seward street to said outlet sewer, in proportion to the benefit which each will derive therefrom.

Adopted.

PLANK WALK ON EAST HENRY STREET.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a plank walk on East Henry street.

Adopted.

The Surveyor submitted as such estimate, \$425.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The construction of a pine plank walk 4 feet wide on the east side of East Henry street, from the south side of Thompson avenue to University avenue. Also the necessary sidewalk grading and crosswalks.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$425, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on the east side of East Henry street, from Thompson avenue to University avenue, in proportion to the benefit which each will derive therefrom.

Adopted.

PLANK WALK ON LEIGHTON AVENUE.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a plank walk on Leighton avenue.

Adopted.

The Surveyor submitted as such estimate, \$325.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The construction of a pine plank walk 4 feet wide on the north side of Leighton avenue, from East Henry street to a point opposite the west line of May park. Also the necessary sidewalk grading.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$325, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on the north side of Leighton avenue, from East Henry street to a point opposite the west line of May park, in proportion to the benefit which each will derive therefrom.

Adopted.

PORTLAND CEMENT WALK ON UNIMAN PLACE.

By Ald. Pauckner,—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a walk on Uniman place.

Adopted.

The Surveyor submitted as such estimate, \$60.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The construction of a Portland cement walk 3 feet wide on the north side of Uniman place, from the east end thereof to Goodman street, except where good flag or cement walks at least 3 feet in width now exist, which walks shall be relaid if not conforming to the proper grade and alignment. Also the necessary sidewalk grading.

And Whereas, the City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$60, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on the north side of Uniman place, from the east end thereof to Goodman street, in proportion to the benefit which each will derive therefrom.

Adopted.

BRIDGE ACROSS GENESEE RIVER AT COURT STREET.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a bridge across the Genesee river, Johnson & Seymour race and the Erie canal at Court street to replace the existing bridge.

Adopted.

The Surveyor submitted as such estimate, \$135,000.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The construction of a bridge to carry Court street across the Genesee river, the Johnson & Seymour race and the Erie canal. The bridge to be 64 feet wide, to be of stone, from the west bank of the river to the east line of the Johnson & Seymour race, having six arches of 52 feet span each, across the river and two arches of 30 feet each across the Johnson & Seymour race, and an iron plate girder bridge across the Erie canal. The roadway to be 40 feet wide and the sidewalks 12 feet each. Roadway to be paved with Medina block pavement and sidewalks to be flag.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$135,000, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment of

twenty-five per cent. of the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Court street from the west bank or wall of the Genesee river to the east line of the Johnson & Seymour race, in proportion to the benefit which each will derive therefrom, and further resolved that the balance of the whole expense of said improvement shall be paid from the public treasury of the city of Rochester, by the City Treasurer upon orders drawn pursuant to the future direction of this Council, and that the bonds of the city be issued and sold as provided in and by provisions of chapter — of the laws of 1892, as may hereafter from time to time be directed by this Common Council to obtain the necessary sums to pay for said bridge.

Adopted.

Ald. Kelly moved as an amendment that the sum of \$60,000 substituted as the amount to be assessed upon abutting property, and the balance to be paid out of the City Treasury.

Ald. Dewey moved a: an amendment to the amendment that the amount assessed upon the abutting property be fixed at 33½ per cent of the total cost of the improvement.

Ald. Fox moved as an amendment by way of substitute that the amount assessed upon abutting property owners be fixed at \$50,000.

Ayes and nays were called for and the substitute adopted by the following vote:

Ayes—Ald. C. S. Cook, Lempert, Fox, Johnston, Wurtz, Ward, Pauckner, Kelly, Simmelink, Lewis, Forsyth, Bierbrauer. — 12.

Nays Ald. McMillan, Zimmer, Dewey, H. G. Cook.—4.

By Ald. Pauckner—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or ordinance or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7:30 o'clock P. M., at the Common Council Chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Morning Herald notice thereof as is required and in the manner specified by Section 172 of the City Charter.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,

ROCHESTER, N. Y., August 23, 1892.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—Agreeably to your direction, heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Morning Herald, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your Honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, August 23, 1892, at 7:30 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvements. Respectfully,

HENRY W. GREGG, City Clerk.

Final ordinance for a stone arch bridge at Andrews street came up, and Ald. C. S. Cook moved that the ordinance be amended by substituting asphalt for flagstone as the material for walks.

Adopted.
Ald. Kelly moved that the ordinance be further amended by fixing the sum to be assessed upon abutting property owners at \$35,000, and that the balance be paid from the city treasury.

Ayes and nays were called for, and the amendment adopted by the following vote:

Ayes—Ald. C. S. Cook, Callihan, Zimmer, Lempert, Fox, Johnston, Wurtz, Ward, Pauckner, Kelly, Simmeling, Lewis, Forsyth, Bierbrauer—14.

Nays—Ald. McMillan, Dewey, H. G. Cook—3.

FINAL ORDINANCE, NO. 4,858.

SPRINKLING HIBBARD PLACE.

On motion of Ald. Pauckner, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to sprinkle Hibbard place, from Scio street to Hebard street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Hibbard place, from Scio street to Hebard street, during the season of 1892.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$20, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by and derive an advantage from such improvement, to wit:

One tier of lots and parcels of land on each side of Hibbard place, from Scio street to Hebard street.

Adopted by the following vote:
Ayes—Alds. McMillan, C. S. Cook, Callihan, Zimmer, Lempert, Fox, Johnson, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Simmeling, Lewis, Forsyth, Bierbrauer—17.

FINAL ORDINANCE, NO. 4,859.

PLANK WALK ON MURRAY PARK.

On motion of Ald. Pauckner, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a plank walk on Murray park, from Murray street to Child street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary, and should be made, to wit:

The construction of a pine plank walk, 4 feet wide on each side of Murray park, from Murray street to Child street, except where good plank or flag walks now exist, which walks shall be relaid if not conforming to the proper grade and alignment. Also the necessary sidewalk grading and crosswalks. Property owners will be allowed 60 days in which to construct their own walks.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$450, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so as-

essed for, and will be benefited by and derive an advantage from such improvement, to wit:

One tier of lots and parcels of land on each side of Murray park, from Murray street to Child street.

Adopted by the following vote:
Ayes—Alds. McMillan, C. S. Cook, Callihan, Zimmer, Lempert, Fox, Johnson, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Simmeling, Lewis, Forsyth, Bierbrauer—17.

FINAL ORDINANCE, NO. 4,860.

OPENING OF A STREET FROM THE CULVER ROAD TO BOWEN STREET.

On motion of Ald. Simmeling, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to open a new street, from the Culver road to Bowen street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, and they hereby judge that the public good requires the same to be done, viz:

The opening of a street 66 feet in width, from the Culver Road to Bowen street; the center line of which shall be parallel with and 184 4-10 feet north of the front angle of the Erie canal. The territory deemed necessary to be taken therefor, is a strip of land 33 feet in width lying on each side of, and adjoining the above described center line of the proposed street, and extending from the Culver Road to Bowen street.

And the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of the proposed street, from the Culver road to Bowen street, as they exist at the date of the passage of this ordinance.

Adopted by the following vote:
Ayes—Alds. McMillan, C. S. Cook, Callihan, Zimmer, Lempert, Fox, Johnson, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Simmeling, Lewis, Forsyth, Bierbrauer—17.

By Ald. Forsyth—Resolved, That action upon final ordinance for a sewer in Spruce avenue be postponed until the next meeting.

Adopted.

UNFINISHED BUSINESS.

Ordered received, filed and published.

By Ald. Zimmer—Resolved, That the resolution of Ald. Ward, presented to this Common Council on June 14th, 1892, found at current proceedings of the Common Council at page 124, relating to polling booth situated on Henry Vosburgh's lot be, and the same hereby is, adopted.

Adopted.

By Ald. Zimmer—

ROCHESTER, N. Y., Aug. 23, 1892.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen: The Rochester Printing Company, by order of the City Clerk, and by his directions, was ordered published the nominations made by the various political parties, in its paper, the Democrat and Chronicle, for six days previous to the last Charter Election; and, on February 29, 1892, it presented to the City of Rochester, a bill

for such publication, amounting to three hundred and thirty-three dollars. This bill was referred to the Contingent Expense Committee; which committee, as we are informed and believe, refused to audit such bill, and rejected it upon the ground, as we are informed, that the bill was excessive. The undersigned respectfully represent that it is entitled to the above amount, and requests of your Honorable Body that action be taken at once looking to its payment. Respectfully submitted,

W. H. MATHEWS, President.

Ordered received, filed and published and referred to Law Committee.

By Ald. Ward—Whereas, No agreement for the purchase of lands necessary to be taken for the widening of Wentworth street in the city of Rochester, under final ordinance No. 4,780, can be made, therefore,

Resolved, That a copy of said ordinance, and of this resolution, together with a map of the street, be made and filed in the office of the city clerk and of the county clerk, which map shall show thereon the lots, tracts and parcels of land which are deemed necessary to be taken, and the commencement, course and termination of said street proposed to be widened, according to the provisions of section 174 of the revised city charter, and that the city attorney be, and he hereby is, instructed to take and institute such proceedings, from time to time, as may be necessary to secure such street widening as is provided by said city charter.

Adopted by the following vote:

Ayes—Alds. McMillan, C. S. Cook, Calihan, Zimmer, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Simmelink, Forsyth, Bierbrauer—17.

Ald. Ward moved that Ordinance No. 4,857, for the sweeping and cleaning of Litchfield street, be reconsidered.

Adopted.

REPORTS OF STANDING COMMITTEES.

By Ald. Forsyth—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Law Committee begs leave to make the following report:

The applications for appointment as Commissioners of Deeds of H. Ward Kelly, Frank W. Bristow, Charlotte I. Clark and Gottilieb H. Flad, have been duly considered, and your committee recommends that the applications be granted.

The petition of Fannie Garson for the correction of a deed of the premises located at No. 243 East Main street, bearing date February 11, 1862, made by the City of Rochester to one Nathan H. Selgman, was under consideration by your committee, and we find that, in the above year, John C. Nash, then Mayor of the

City of Rochester, executed a deed to said Selgman of said premises, and in acknowledging the execution thereof, we find, that the officer before whom the acknowledgment was taken, did not take the proper acknowledgment required under the statutes of this state, and that the deed then executed by said Nash was not properly executed, and does not give a proper title to Fannie Garson, the present owner of the premises. We, therefore, recommend that the accompanying resolution be adopted, authorizing the Mayor of this city to execute and deliver a deed of said premises, for the purpose of correcting the aforesaid deed, and perfecting the title to said premises.

The claim of A. S. Winston, amounting to \$106, for services rendered as clerk to the special commissioners of the Lyell avenue and Saxton street sewer, which has been referred to this committee, has been duly considered, and we find that this Common Council has no power to authorize the payment of such services, and we, therefore, recommend that the claim be denied.

The claim of J. R. P. Goodman, amounting to \$30, for similar services, has also been duly considered, and, upon the same grounds, we recommend that the same be denied.

In the matter of the claim of Charles Horn for extra labor performed in connection with the Medina stone improvement on Mill street, we find that, under the ordinance directing said improvement, the contractor was directed to construct the lateral sewers for the lots, as well as for surface drainage, to connect with the Mill street sewer tunnel. The City Surveyor assumed, in making the plans and specification for this improvement, that said tunnel had been made in the middle of said Mill street, but, when the contractor began to construct the laterals, it was discovered that instead of said tunnel having been constructed in the middle line of said street, it was constructed in an irregular line, and it became necessary for the contractor to excavate 175 cubic yards of rock and 33 cubic yards of earth to connect with the irregular lines of said tunnel; that the full value for the excavation of rock is \$4 per cubic foot, and of earth, thirty cents per cubic foot, making the total amount of Mr. Horn's extra labor \$709.90. The City Attorney has given his opinion to this committee that the City of Rochester is legally bound to pay for such extra excavation, and we, therefore, recommend that a resolution be adopted directing the payment of the aforesaid claim out of the Contingent Fund.

Inasmuch as it is provided by the New Election Code that proper places for meetings of the board of registry and for holding elections be designated on the first Tuesday of September of each year, your committee recommends that a resolution be adopted that each member of this Common Council immediately report to the chairman of the Law Committee the places for the meeting of such boards of registry and for holding elections and report such booths as may be required in his ward for the purpose of the coming election.

Your committee further recommends that a resolution be adopted authorizing and empowering the chairman of the Law Committee to enter into a contract with the Buffalo Portable Steel House Company to secure such election booths as may be required by the several aldermen in their election districts of this city, at a cost not to exceed \$200 for each booth, and at an expense for the erection, removal and storage of such booths not to exceed \$ for each booth, and that said chairman be further authorized and empowered to remove or change the location of all wooden booths heretofore erected by this Common Council for election purposes.

In the matter of the communication in regard to the re-districting of the wards of this

city into election districts, referred to this committee, we submit, after a careful examination of the New Election Code by the City Attorney, that this council can only redistrict the wards within at least thirty days before the charter election, unless the creation or alteration of a ward renders it necessary. No creation or alteration of any ward having been made since the last redistricting, the Common Council has no power to redistrict the wards at this time for the coming election.

Respectfully submitted,

D. W. FORSYTH,
MERTON E. LEWIS,
HENRY G. COOK,
CHAS. S. COOK,

Law Committee.

Ordered received, filed and published.

By Ald. Forsyth—Resolved, That each member of this Common Council be, and he hereby is, requested to report to the chairman of the Law Committee, before the next regular meeting, the places for the meeting of the board of registry and for holding elections and the number of election booths, if any, required in his respective ward, for the ensuing election.

Adopted.

By Ald. Forsyth—Resolved, That the Chairman of the Law Committee be, and he hereby is, authorized and empowered to enter into a contract with the Buffalo Portable Steel House Company to secure as many election booths as are reported necessary by the members of this Common Council in the several election districts, at an expense not to exceed \$200 for each booth, and to erect, remove and store such booths at an expense not to exceed \$ for each booth; and

Resolved, Further; That said chairman be, and hereby is, authorized and empowered to remove or change the location of any and all wooden booths heretofore erected by said city for election purposes.

Adopted by the following vote:

Ayes—Ald. McMillan, C. S. Cook, Adams, Lempert, Fox, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—16.

By Ald. Forsyth—Resolved, That the Mayor be, and he hereby is, authorized to execute and deliver a quit-claim deed to Fannie Garson of the premises known as No. 243 East Main street, more particularly described in the petition of said Fannie Garson to this Common Council, for the purpose of correcting the deed made and executed by the Mayor of said city on the 11th day of February, 1862, to one Nathan H. Seligman of said premises, to perfect said Fannie Garson's title to said premises; said deed to be approved as to form and substance by the City Attorney.

Adopted by the following vote:

Ayes—Ald. McMillan, C. S. Cook, Adams, Lempert, Fox, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—16.

By Ald. Forsyth—Resolved, That the claim of J. R. P. Goodman, amounting to \$30, for fifteen days services as clerk to the special commissioners for the Lyell avenue and Saxton street outlet sewer, be, and the same hereby is, denied.

Adopted.

By Ald. Forsyth—Resolved, That the claim of A. S. Winston, amounting to \$106, for services as clerk to the special commissioners for the Lyell avenue and Saxton street outlet sewer, be, and the same hereby is denied.

Adopted.

By Ald. Forsyth—Resolved, That the Clerk be, and he hereby is, directed to draw an order upon the City Treasurer for the sum of \$709.90 to the order of Charles L. Horn, for extra work in excavating for sewer laterals to

Mill street sewer tunnel, upon the Contingent fund, and the Treasurer is hereby directed to charge the same to said fund.

Adopted by the following vote:

Ayes—Ald. McMillan, C. S. Cook, Adams, Lempert, Fox, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—16.

By Ald. Dewey—

ROCHESTER, AUGUST 30, 1892.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Electrical Committee begs leave to make the following report:

An informal proposition having been made by this committee to the Rochester Gas & Electric Company to the end that the company build a subway under the direction of this Council, and the company having informally manifested a willingness to consider this proposition favorably, and this committee is of the opinion that a satisfactory solution of this question can be arrived at, we recommend that the accompanying resolution be adopted:

ALVIN H. DEWEY,
MERTON E. LEWIS,
CHARLES S. COOK,
J. MILLER KELLY,

Electrical Committee.

Ordered, received, filed and published.

By Ald. Dewey—Resolved, That the Electrical Committee be and hereby is authorized and empowered to enter into a contract with the Rochester Gas & Electric Company in such form and with conditions and provisions as may be approved by the City Attorney and City Electrician to the end that a conduit may be constructed and maintained in this city to put underground all electric wires and cables in all of the main streets.

Adopted.

By Ald. Simmelink—

To the Honorable, the Common Council, of the City of Rochester:

Gentlemen:—Your Committee on Opening and Alteration of Streets, upon the communication of the Board of Park Commissioners, presented to the Common Council July 26, 1892, with reference to laying out of a park boulevard from the west line of Lake avenue in the center line of Lake avenue park to a point one hundred and twenty (120) feet east of the east line of the New York Central & Hudson River Railroad, beg leave to say, that we have considered the subject matter of said communication, that we consider the improvement designated in said communication to be necessary, and the relative portion of the expense to be paid out of the Boulevard Fund and to be raised by local assessment, to be reasonable, we therefore recommend the passage of the accompanying ordinance.

Dated August 31, 1892.

JOHN B. SIMMELINK,
WM. WARD,
M. H. LEMPERT,
J. M. AIKENHEAD,

Committee on Opening and Alteration of Streets.

**ACTION ON ORDINANCES.
 FIRST ORDINANCES.**

PARK BOULEVARD IMPROVEMENT ALONG LAKE AVENUE PARK.

By Ald. Simmelink—Resolved, That the following improvement is necessary, viz:

The grading of roadways and sidewalks of the proposed park boulevard along Lake avenue park from the west line of Lake avenue to a point 120 feet east of the east line of the New York Central & Hudson River Railroad; the construction of a double line of 12 inch tile sewers in said boulevard together with the necessary surface sewers, lot laterals and man-holes; also all necessary planting and fertilizing, and

Whereas the board of park commissioners in pursuance of the provisions of chapter 317 of the laws of 1891 has made an estimate of the whole expense thereof, and reports the same at \$23,025, which estimate is hereby approved.

Resolved, Further That the following portion of said city is deemed benefited and proportion ought to be assessed by the local assessment for 66 2-3 per cent. of the whole expense thereof; to wit.

One tier of lots and parcels of land on each side of the said proposed park boulevard as they existed at the date of the passage of this ordinance from Lake avenue to a point 120 feet east of the east line of the New York Central & Hudson River Railroad, in proportion to the benefit which each will derive therefrom, and further,

Resolved, That the balance of the whole expense of said improvement be paid from the public treasury of the city of Rochester to wit: From the Boulevard Fund.

Adopted.

SWEEPING AND CLEANING LITCHFIELD STREET.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of sweeping and cleaning Litchfield street from West avenue to East Maple street.

Adopted.

The Surveyor submitted as such estimate \$48.00.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The sweeping, cleaning and disposition of the dirt collected on Litchfield street, from West avenue to East Maple street during the season of 1892.

And Whereas, The City Surveyor, under the directions of this Council, has made an esti-

mate of the whole expense thereof, and reports the same at \$48.00, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Litchfield street from West avenue to East Maple street in proportion to the benefit which each will derive therefrom.

By Ald. Pauckner—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or ordinance, or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7:30 o'clock P. M., at the Common Council Chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Morning Herald notice thereof as is required and in the manner specified by Section 172 of the City Charter.

FINAL ORDINANCES.

CITY CLERK'S OFFICE.
 ROCHESTER, N. Y. August 30, 1892.

Gentlemen:—Agreeably to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Morning Herald, two daily newspapers printed and published in the city of Rochester, N.Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your Honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively to attend the Common Council on Tuesday evening, Aug. 30, 1892, at 7:30 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvement. Respectfully,

HENRY W. GREGG, City Clerk.

Final ordinance for a stone arch bridge and approaches at Court street came up.

Ald. McMillan moved that the ordinance be amended by striking therefrom that portion providing for a bridge across the Erie canal and that the estimate expense be \$115,000.00.

Ald. McMillan withdrew the amendments.

Ald. Zimmer moved that the ordinance be laid upon the table until later in the evening.

Final ordinance for a stone arch bridge and approaches at Andrew street, came up.

Ald. Cook moved that the ordinance be amended so that that portion thereof which provides for the payment of the portion to be assessed upon the city at large shall read the same as the ordinance for a Court street bridge.

Ald. Kelly moved that the ordinances for bridges at Court and Andrews streets be referred to the special committee on bridges to report at the next meeting.

Carried.

FINAL ORDINANCE NO. 4,861.

PIPE SEWER IN SPRUCE AVENUE.

On motion of Ald. Ward, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a pipe sewer in Spruce avenue from near Pioneer street to Genesee street.

And after hearing such allegations from all persons appearing.

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary, and should be made, to wit:

The construction of a vitrified pipe sewer in Spruce avenue, to be 15 inches in diameter, from the sewer in Genesee street to the center of Birch street, and 12 inches in diameter from the center of Birch street to a point 20 feet east of Pioneer street. Also the construction of the necessary manholes, surface sewers, lot laterals and branches.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of two thousand seven hundred dollars, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Spruce avenue, from Pioneer street to Genesee street.

ROCHESTER, N. Y., August 23, 1892.

H. W. Gregg, Esq, City Clerk:

Dear Sir:—Previous to the last charter election, there was published in the Union and Advertiser for six successive days on the order of your immediate predecessor, a list of the nominations made by all political parties. The bill for this service, amounting to \$333.00, was rendered on February 29th, but remains to this date unpaid. May I ask you to call the attention of the proper committee to this matter with the request that appropriate action be at once taken?

Very truly yours,

UNION AND ADVERTISER CO.

W. F. BALKAM, Treasurer.

Ordered received, filed and published, and referred to the Law Committee.

OFFICE OF THE
EAST SIDE TRUNK SEWER COMMISSION }
ROCHESTER, N. Y., August 30, 1892. }

To the Common Council:

Gentlemen—The East Side Trunk Sewer Commission having negotiated with the owners of property through which it is necessary to secure rights of way for the purpose of constructing the East Side Trunk Sewer and having failed to obtain any reasonable proposition in the opinion of the Commission from persons interested, it is therefore recommended that steps be taken by the law department to commence proceedings for the condemnation of the lands in question for the purpose of acquiring the necessary easements.

Respectfully,

THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Dewey—Whereas, No agreement can be made for the acquirement of the necessary easement in and right of way through and across lot No. 11 of the Clark and Hagaman subdivision, located on the south side of Richards street opposite Wilcox street in the city of Rochester, through which it is considered necessary to construct the proposed East Side Trunk Sewer, as set forth under Ordinance No. 4,764, therefore,

Resolved, That a copy of said ordinance and of this resolution together with a map of the required right of way or easement be made and filed in the office of the City Clerk, and the County Clerk of the County of Monroe, which may shall show thereon the lots, tracts and parcels of land which are deemed necessary to be taken, and the commencement course and termination of the said right of way of easement proposed to be laid out according to the provisions of section 174 of the revised charter, and the City Attorney be, and he hereby is instructed to take and institute such proceedings from time to time as may be necessary to secure such right of way or easement, as is provided by said city charter.

Adopted.

By Ald. Lewis—Resolved, That the action of this Council upon the resolution presented by Ald. C. S. Cook at the meeting of this Council held August 23, 1892, providing for refunding to William Huebner the sum of thirty dollars (30.00) "representing the value of a saloon license surrendered by him," be reconsidered.

Adopted.

Ald. Lewis moved that action upon said resolution be indefinitely postponed.

Adopted.

By Ald. Lewis—Resolved, That the resolution passed August 9th, directing the City Treasurer to issue the bonds of the city of Rochester, for the purpose of providing an

additional water supply, as published in the Common Council proceedings in the Democrat & Chronicle of August 12th, 1892, be, and the same is hereby reconsidered.

Adopted.

By Ald. Lewis—Resolved, That the resolution providing for the issuing of the city's bond for the purpose of providing an additional water supply for the city of Rochester, passed by the Common Council August 9th, 1892, published in the proceedings of the Common Council in the Democrat and Chronicle of August 12th, 1892, reconsidered at this meeting, be, and the same is hereby amended so as to read as follows:

By Ald. Lewis—Resolved, That the City Treasurer be, and he hereby is authorized and directed to issue bonds of the city of Rochester to an amount not to exceed one million dollars, to be known as the "Rochester Additional Water Works Bonds." Said moneys to be used for the purpose of paying the cost and expense of the construction of an additional water conduit from Hemlonck lake. Said bonds to be of the denomination of one thousand dollars. Each to be registered, and to bear a rate of interest not greater than three and one-half per centum per annum, payable semi-annually on the first days of February and August of each year thereafter; which bonds shall be signed by the Treasurer, sealed with the corporate seal of the city, countersigned by the Mayor, President of the Common Council, and by the Union Trust Company of New York. The said Union Trust Company is hereby authorized and requested to countersign the same. Said bonds shall be due in fifty years from the date of the issue thereof, and shall be redeemable at any time after twenty years from the date of issue, and said Treasurer shall make and keep a complete record of said bonds, including the dates thereof, the amounts and the respective dates of maturity thereof, the number of each bond, and to whom issued, as provided by chapter 358 of the laws of 1892, entitled "An act to authorize the issue of bonds of the city of Rochester, to pay for an additional water supply."

Henry W. Gregg, City Clerk:

Please call a special meeting of the Common Council, Sept. 1st, 1892, at 2:30 o'clock, P. M., to take action on Court and Andrews street bridges.

RICHARD CURRAN, Mayor.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

STONE ARCH BRIDGE AT ANDREWS STREET.

By Ald. Simmelink—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a stone arch bridge across the Genesee river at Andrews street and building the approaches thereto.

Adopted.

The Surveyor submitted as such estimate, \$75,000.

By Ald. Simmelink—Resolved, That the following improvement is necessary, viz:

The construction of a bridge in place of the existing iron bridge to carry Andrews street across the Genesee river. Said bridge to be of stone, sixty feet wide, with a roadway forty feet wide and sidewalks ten feet wide. The bridge to consist of seven arches of 36.41 feet opening, and six piers 5 feet wide each and proper abutments. The roadway shall be paved with Medina block pavement and the sidewalks with asphalt.

In order to allow for the construction of said bridge with the proper area of water way, the grade of Andrews street and Mumford street shall be changed and fixed as follows: Beginning at Front street at the existing grade; thence easterly on an ascending straight grade to a point over the centre of the west arch of said bridge, four feet above the surface of the present bridge; thence easterly on a straight grade to the present surface of the street at the east end of said bridge.

And Whereas, the City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$75,000, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for thirty-five thousand (\$35,000) dollars, of the whole expense thereof, viz:

One tier of lots and parcels of land on each side of said bridge from the face of the retaining wall, now existing on the west side of the Genesee river to the face of the retaining wall now existing on the east side of said river, in proportion to the benefit which each will derive therefrom.

And further resolved, That the balance of the whole expense of said improvement shall be paid from the public treasury of the city of Rochester, from the proceeds of bonds issued or to be issued for the purpose of building bridges as authorized by the laws of the state of New York as may hereafter from time to time be directed by the Common Council to defray the necessary cost of construction of said bridge.

Ald. Lempert moved as an amendment that the abutting property be assessed 33 1-2 per cent. of the entire expense.

Amendment lost by the following vote:

Ayes—Alds. Zimmer, Lempert, Dewey—3.

Nays—Alds. McMillan, C. S. Cook, Fox, Ward, H. G. Cook, Pauckner, Aikenhead, Lewis, Forsyth, Bierbrauer—10.

Original ordinance adopted.

STONE ARCH BRIDGE AT COURT STREET, ACROSS THE GENESSEE RIVER AND JOHNSON & SEYMOUR'S RACE.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a bridge across the Genesee river and Johnson & Seymour's race at Court street to replace the existing bridge.

Adopted.

The Surveyor submitted as such estimate \$115,000.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The construction of a bridge to carry Court street across the Genesee river and the Johnson & Seymour race. The bridge to be 64 feet wide, to be of stone, from the west bank of the river to the east line of the Johnson & Seymour race, having six arches of 52 feet span each, across the river and two arches of 30 feet each across the Johnson & Seymour race. The roadway to be 40 feet wide and the sidewalks 12 feet each. Roadway to be paved with Medina block pavement and sidewalks to be asphalt.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$115,000, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for fifty thousand dollars of the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Court street from the face of the retaining wall on the west bank of the Genesee

river to the east line of the Johnson & Seymour race, in proportion to the benefit which each will derive therefrom:

And further resolved, That the balance of the whole expense of said improvement shall be paid from the public treasury of the city of Rochester, from the proceeds of bonds issued or to be issued for the purposes of building bridges as authorized by the laws of the state of New York, as may hereafter from time to time be directed by the Common Council to defray the necessary cost of construction of said bridge.

Adopted.

STONE ARCH BRIDGE AT COURT STREET, ACROSS THE GENESSEE RIVER, THE JOHNSON & SEYMOUR RACE AND THE ERIE CANAL.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a bridge across the Genesee river, Johnson & Seymour race and the Erie canal at Court street to replace the existing bridge.

Adopted.

The Surveyor submitted as such estimate, \$135,000.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The construction of a bridge to carry Court street across the Genesee river, the Johnson & Seymour race and the Erie canal. The bridge to be 64 feet wide, to be of stone, from the west bank of the river to the east line of the Johnson & Seymour race, having six arches of 52 feet span each, across the river and two arches of 30 feet each across the Johnson & Seymour race, and an iron plate girder bridge across the Erie canal. The roadway to be 40 feet wide and the sidewalks 12 feet each. Roadway to be paved with Medina block pavement and the sidewalks to be asphalt.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$135,000, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for sixty thousand (\$60,000) dollars, of the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Court street from the face of the retaining walls on the west bank of the Genesee river to the east line of the Erie canal in proportion to the benefit which each will derive therefrom.

And further resolved, That the balance of the whole expense of said improvement shall be paid from the public treasury of the city of Rochester from the proceeds of bonds issued or to be issued for the purposes of building bridges as authorized by the laws of the state of New York, as may hereafter from time to time be directed by the Common Council to defray the necessary cost of construction of said bridge.

REPORTS OF STANDING COMMITTEES.

By Ald. Dewey—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Electrical Committee begs leave to make the following report:

Pursuant to the resolution adopted at the last meeting of the Common Council, empowering this committee to enter into a contract with the Rochester Gas and Electric Company for the construction and maintenance of a sub-way or conduit for electrical conductors, we caused a contract to be drawn by the City Attorney and the City Electrician, which has been accepted by the electric company, and approved by this committee, and was by order of this committee executed by the Mayor, and delivered on the 5th day of September, 1892, a copy of which we present with this report.

We also recommend that the accompanying resolution be adopted, approving of and ratifying the execution of the contract by the Mayor.

ALVIN H. DEWEY,
CHARLES S. COOK,
MARTIN J. CALIHAN,
J. MILLER KELLY,
MERTON E. LEWIS,
Electrical Committee.

Ordered received, filed and published.

This agreement, made this 5th day of September, 1892, between the City of Rochester, a municipal corporation, through and by the Mayor of said city, of the first part, and the Rochester Gas and Electric Company, a private corporation, duly organized and existing under and by virtue of the laws of the State of New York in said city of Rochester, of the second part.

The party of the first part is designated hereinafter, for brevity, as "said city," and the party of the second part as "said company."

Whereas, Said company by virtue of its corporate franchises, has the power to provide, build, equip, maintain and operate conduits or subways for electrical conductors;

Whereas, It is important and necessary for the public benefit and safety that all electrical conductors in the thoroughfares hereinafter named be placed in subways or conduits; and

Whereas, Contracts were made July 1st, 1892, between said city and the three electric light companies now forming part of or operated by said company, in the sixteenth clause of which contract it was provided that the wires of those companies within the territory hereinafter named were to be placed underground; said three companies being the Brush, the Rochester Electric Light companies and the Edison Electric Illuminating company.

Now therefore, this agreement witnesseth, that in consideration of the premises and in consideration of the mutual premises and agreements hereinafter contained, and of the sum of one dollar paid, the receipt whereof is hereby acknowledged, the parties hereto agree as follows:

First. Said city hereby grants to said company the right, and said company hereby agrees, to provide, build, equip, maintain and operate subways or conduits, as hereinafter provided, on Main street from Plymouth avenue to University avenue; on Exchange and State streets from the Erie canal to Allen street, and on North and South St. Paul streets from Court street to Andrews street; said subways or conduits shall be provided with the necessary manholes and other means of distribution, and shall be built of the kind and material in accordance with the plans and specifications to be furnished by said company and to be approved of by the electrical committee of the Common Council; and

shall be completed within six months after the execution and delivery of this contract (weather permitting and strikes not interfering). Said subways or conduits shall be located immediately at the curb stone on each side of said streets and there shall be no less than six, nor more than ten ducts as directed by said electrical committee, when said subways or conduits are constructed in said subways or conduits on each side of said streets, in addition to the ducts necessary for the use of said company in its individual business; and said subways or conduits shall be provided, built, equipped, maintained, operated and kept in good repair by, and at the cost of said company, which will, upon the reasonable demand of said electrical committee, adopt any and all necessary improvements that will increase the usefulness and efficiency of the system contemplated by this contract. Said electrical committee shall have the right at any time to direct said company to make such modifications, changes and variations as may be reasonable and necessary in said subways or conduits, or any of them or the construction, plans, material, or any other matter connected with them or any of them, or of the construction, maintenance or operation of them, or any of them, and said company shall conform to, and carry out any changes, modifications or variations so directed. Said company may, by extra subways or conduits constructed under direction of the electrical committee, make connection between said subways or conduits and its existing central station.

Second. Said company shall not open any street surface, or make any excavation, without first obtaining a permit therefor from the executive board of said city, or other officer or department vested by law with the control of said streets, and shall re-fill such excavation and replace all pavements and roadways of every character, in as good a condition as before the excavation, and keep the same in repair for one year after the same has been so replaced or restored, and the time to be consumed in performing such work, together with the length of time that the trench or trenches may be open at any one time, shall also be determined and regulated by said executive board. Said company shall pay all reasonable expenses, upon demand, incurred by said city for the appointment of an inspector or inspectors, by the executive board to superintend and inspect such excavating and relaying of pavements and roadways and for the appointment of an inspector or inspectors by said electrical committee to superintend and inspect the construction of said subways or conduits.

Third. Said company shall at its own cost furnish to said city any and all maps, working or other plans, profiles, surveys and drawings made to a scale or otherwise and all accessible data, figures and information that may be requested by said electrical committee and necessary or deemed to be necessary for any purpose relating to or in connection with said subways or conduits.

Fourth. The aforesaid additional ducts or parts thereof in said subways or conduits shall be leased by said company to any corporation or corporations that may apply for the same, having lawful power and the consent of said Common Council to operate electrical conductors or to manufacture use and supply electricity in said city.

Said company shall without charge supply to said city all the ducts in said subways or conduits necessary for its electrical conductors and the electrical conductors of each separate department of said city that may now or hereafter be required except electric lighting or transmitting power. If at any time the aforesaid additional ducts in said subways or conduits shall not be sufficient for all the corporations applying for the same, for said city,

or for any of its departments, the additional ducts needed may be provided by said company at its own cost by the construction, maintenance equipment and operation of the additional subways or conduits sufficient therefor and subject, however, to the same conditions and the same control by said city, said electrical committee and said Executive Board as the original subways or conduits are by the terms of this contract and by law.

Fifth. The location of said additional ducts in said subways or conduits and the location and occupancy of the electrical conductors in additional ducts shall be under the control and direction of the electrical committee.

Sixth. Said company hereby agrees that said city and all corporations leasing and occupying ducts or parts thereof in said subways or conduits shall have full management and control of their electrical conductors and shall have at all time free access to and the use of all manholes or distributing facilities connected with said subways or conduits, subject to the approval and direction of said electrical committee, provided, however, that manholes shall not be opened and entered except after application to and under the supervision of said company, and should said company unreasonably refuse such application, the same may be granted by the City Electrician.

Seventh. Said company shall fix a fair scale of rents to be paid by said corporations according to the kind of conductors and the number of ducts or the amount of space required, the total amount of which rental shall not at any time exceed ten per cent. per annum on the entire cost of providing, building, equipping, maintaining and operating the aforesaid additional ducts. In case said company is unable to agree with any corporation or corporations applying to it for the use of any of the aforesaid additional ducts or parts thereof on the question of its right to use or the amount of rental to be charged therefor, the question of such right or rental, or both shall be determined by arbitrators consisting of three citizens of Rochester, one of whom shall be chosen by the corporation or corporations so applying for such use, one by said company, and the third by said Electrical Committee any member of said Electrical Committee may act as such third arbitrator, and the decision of such arbitrators or a majority of them shall be rendered in writing and shall be final and conclusive.

Eighth. Said company, shall at all time, keep just, full and true records and books of account, which shall show in detail the transactions had by it in and concerning said subways or conduits, with whom the same are had, the nature thereof and especially:

First. The number of ducts or portions thereof in said subways or conduits, occupied with the names of the occupants thereof and the respective number of such ducts or portions thereof occupied by each occupant, including said company.

Second. The number and kind of electrical conductors therein with the names of the owners or users thereof.

Third. The gross and net amount, in detail, of the rentals, charges and moneys of all kinds, collected or received by said company for the use of said subways or conduits and from whom and for what the same were received or collected specifying the names of those paying such moneys and the cause and consideration of such payment, in detail.

Fourth. All payments of every kind made by said company on account of said subways or conduits, specifying in detail, and separately, each payment and to whom the same was made and the cause and consideration thereof, so that it may be determined whether the same is chargeable to the cost of construction and maintenance.

Said records, books and accounts of said company shall at all times be open to the inspection and examination of said Electrical Committee or its duly authorized representative and they, or he, may copy the whole or any part thereof.

Ninth. Said company shall and will, on the last Thursday of March, of each and every year, make and return a statement to the Common Council, duly verified by an officer of said company, of such form as may set forth the substance of the proceedings and transactions in respect to said subways or conduits kept in their records or books as required in this contract.

Tenth. Said company, shall, at any time hereafter, upon the demand of the Common Council, by a proper instrument or instruments of conveyance or transfer, in due form, duly acknowledged, sell, assign, transfer and set over to said city the aforesaid subways or conduits, constructed or to be constructed by it, as aforesaid, and any and all contracts or other property of every kind or nature held or owned by said company, pertaining or relating to said subways or conduits, upon the payment by said city to said company of the actual cost of the construction of said subways or conduits and if said company shall not have earned the legal rate of interest per annum on the actual cost of said subways or conduits, during the term of this contract, said city shall pay an additional sum to make up the legal interest upon the actual cost thereof, provided, however, that said company shall be charged a proportionate rental for the use and occupancy of all the ducts of said subways or conduits in its individual business, in computing such cost.

Eleventh. Said company hereby agrees to reconstruct the present Edison underground system in said city, with all the latest improvements, devices and manner of operation, which will increase the usefulness and efficiency of said system, and said Edison system, so reconstructed, shall be laid on top of or adjacent to the aforesaid subways or conduits as directed by the Electrical Committee in the streets and territory described in the first paragraph herein, in such manner as not to interfere with or obstruct the operation and maintenance of said subways or conduits. It is, however, expressly understood that said Edison underground system shall not be extended or enlarged in its scope beyond the present use of the Edison incandescent system in said city and said system shall be placed by said company in the aforesaid subways or conduits as soon as practicable, provided, however, that the existing rights of said company shall not be diminished.

Twelfth. Said company covenants and agrees to indemnify and save harmless said city, its boards, officers, agents and servants, and each and every of them, against and from all suits and actions of every name and description brought against it or them, or any of them and from all damages and costs to which it, they, or any of them, may be put while said subways or conduits are owned by said company by reason of injury to person or persons, or property of any nature resulting from any accident, negligence or carelessness in the performance of said work of providing building equipping and maintaining operating and repairing said subways or conduits and all man-holes, means of distribution, appliances and accessories thereto, as provided in the contract or from any improper or defective material, machinery, instrument or appliance used in performing the same, or from any act or omission of said company. Said company also agrees to indemnify and save harmless said city against any and all claims, suits and actions which may be brought for the infringement of any patent or right thereto in use in

said subways or conduits, man-holes, means of distribution, appliances or accessories in use under and by virtue of this contract while said subways or conduits are owned by said company. Said company further agrees that after final judgment and after expiration of time to appeal against said city, by reason of the aforesaid premises, said company shall pay to said city, upon demand, the full amount of said judgment; said company shall have notice of all suits and the right to defend upon substitution as party defendant.

Thirteenth. Said company shall give a bond to said city as a condition precedent to this contract, in the penal sum of one hundred thousand dollars, with good and sufficient sureties, satisfactory to said Electrical Committee, securing the just and full performance of all the covenants and agreements of this contract and the building, providing and maintaining of said subways and conduits as herein provided, and securing said city, well and safely against all claims, suits and actions as hereinbefore provided, and in case of the insolvency or death of any of the sureties upon said bond, the said company, upon request of the Electrical Committee, shall give a new bond of the same tenor and effect and subject to the same approval as the bond originally to be given.

Fourteenth. This contract is entered into by said company subject to all ordinances of the Common Council and police rules and regulations enacted, or to be enacted, by said Common Council or said Electrical Committee, by virtue of the authority given to them under the charter.

Fifteenth. If, at any time, in the opinion of said Common Council there shall be a substantial failure by said company to fully carry out the provisions of this contract and it is so adjudged by competent judicial authority, said city, its departments, boards, officers, agents and servants, may enter into the possession of said subway or conduits upon such terms as the court may direct, and said company shall forfeit its interest in said subways or conduits and will quietly and peaceably surrender the possession thereof to said city, its officers, agents, departments and servants, who shall, thereupon, and thereafter hold and own the same as the property of said city.

Sixteenth. The word "duct" as used in this contract is defined as one of the spaces or pipes in the subway or conduit connecting one man-hole with another in which electrical conductors are placed. The words "subway" and "conduit" as used in this contract are defined as a series of ducts, man-holes, means of distribution, and all appliances and appurtenances necessary to the operation and maintenance for electrical wires underground, except the Edison underground system. The term "additional duct" as used in this contract is defined as the duct or ducts to be rented only and not to be used by said company in its individual business.

The successors and assigns of the parties hereto are bound by this contract.

In witness whereof, the said parties have caused their respective corporate seals to be hereunto affixed and these presents to be signed by their president and mayor the day and year first above written.

By Ald. H. G. Cook—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Assessment Committee respectfully report as follows:

In the matter of the petition of McKee Land Improvement Association for a cancellation of an assessment made to said association, your committee is of the opinion that the assessment is a just and proper one and we therefore recommend that the petition be denied.

In the matter of the petition of Martha Dickinson, for the reduction of the general tax, your committee is of the opinion that the levy as made by the Assessors for 1892, is a proper and just one, and we recommend that the same be denied.

In the matter of the petition of Edward and Anna Corning as executor & c., of William Corning, deceased, praying for a relief from an alleged erroneous assessment of personal property; after consultation with the Assessors and the City Attorney we are of the opinion that the assessment is proper and just and we recommend that the petition be denied.

In the matter of the petition of Henry L. Fish, and others praying for the reduction and readjustment of an assessment for building culvert and filling Deep Hollow on Locust street; your committee is of the opinion that the assessment as made by the Assessors is just and equitable, and we therefore recommend that the same be denied.

Respectfully submitted,

HENRY G. COOK,
C. W. ZIMMER,
JOS. BIERBRAUER,

Assessment Committee.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

CITY TREASURER'S OFFICE.

ROCHESTER, N. Y., Sept. 1, 1892.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—I would respectfully report that by directions of your Finance Committee—authority given them at meeting held August 9th—I have prepared and sold \$100,000.00 worth of bridge bonds.

This is the balance of the \$300,000.00 authorized by chapter 363 of the laws of 1888.

The bonds are dated September 1, 1892, and will be due September 1, 1922, with the privilege of redemption after 10 years.

They were sold at par, to the Rochester Trust & Safe Deposit Company of this city, with rate of interest at 3-1-4 per cent. I have deposited the money received from this sale in the banks of deposit now holding the city's funds—\$25,000.00 in each bank.

As per directions of your honorable body I have transferred to Contingent Fund \$20,582.70, this being the amount advanced from that fund, to pay balance for Driving Park avenue and Platt street bridges. Have also opened a new account on the general ledger, called bridge account, and have credited the same with \$79,417.30, this being the balance. As this fund is to be used for the building of bridges, I shall include same in my report to you in the monthly statements rendered.

Respectfully,

S. B. WILLIAMS, Treasurer.

POLICE COMMISSIONERS' OFFICE, }
 ROCHESTER, N. Y., Sept. 6, 1892. }

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—At a meeting of the Police Commissioners, held September 5, 1892, the Clerk was directed to communicate to your honor-

able body that if the spirit of the resolution offered by Ald. Wurtz, and adopted by the Common Council August 23, 1892, was carried into effect, it would necessitate the purchase of another patrol wagon, together with four more horses, a set of double harness and an increase of nine more men, as it would require three more reliefs to carry out the requirements of the resolution.

Respectfully,

B. FRANK ENOS, Clerk.

The following communication from Captain McCormick, showing the duties performed by the Police Department on all occasions of fire, is also respectfully submitted:

OFFICE OF
 SUPERINTENDENT AND CHIEF OF POLICE, }
 ROCHESTER, N. Y., Sept. 6, 1892. }

To the Honorable Board of Police Commissioners:

Gentlemen:—I would say to the Board that there is a squad of four officers detailed from both day squads, four from the morning squad and four from the afternoon squad, to attend all fires during the daytime with the Lieutenant in charge. These men attend every fire. Of course they can't be expected to reach the fire as quick as the fire department, but as I am informed by Lieutenant McDermott, they reach the fire in good time to keep good order. The night lieutenant takes charge of all fires in the night time and details a squad of men to keep good order and protect property. Each lieutenant does the same thing during his hours of duty, so that I think as far as fire duty is concerned, everything is done that can be done under the circumstances.

Respectfully yours,

CHARLES MCCORMICK, Captain.

STATE OF NEW YORK, County of Monroe, City of Rochester, ss:

I, B. Frank Enos, Police Clerk of said city being duly sworn, doth depose and say that the foregoing report contains a true and correct statement of all the moneys received by me as such clerk during the month of August, 1892, for fines, penalties and costs imposed by the Police Justice of said city. Also for moneys received for the Police Pension Fund, and for services rendered the County of Monroe, etc.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Some time ago I caused to be erected in front of my place of business wooden post having on top sign about two and one-half feet square. Said post was about seven feet high and was placed at outer edge of sidewalk. Said post and sign I have been com-

pelled to remove by Executive Board. Yet there are now on East Main and West Main streets, over sixteen signs on wooden posts similar to post I erected. There are also on said streets several signs on iron posts that were I believe formerly lamp posts. There are also on said streets several signs attached to posts supporting overhead wires. Several signs and posts on streets above mentioned obstructed sidewalk far more than did my post and sign. There are also on other streets and within three blocks of East Main street several signs on posts. Now I desire to know why I was compelled to remove my post and sign while others, especially others in same business as that in which I am engaged in, are allowed to keep up their posts and signs. I do respectfully ask permission to replace my said post and sign and to keep my said post and sign upon outer edge of sidewalk in front of my place of business until all other posts except posts supporting wires for public use and except posts supporting balconies, be removed from sidewalk on which each post is placed. I do not desire to make complaint against any one but I desire same privileges enjoyed by others.

Said post which I had erected was erected in place of private iron post which had supported sign for several years before my post and sign was put up.

Respectfully submitted this sixth day of August, eighteen hundred and ninety-two.

BOARD OF HEALTH,
ROCHESTER, N. Y., July 20, 1892. }

The undersigned, a committee appointed at a meeting held on the 6th, inst., to investigate the cause of complaint made to this Board on the above date of a nuisance existing on the premises situated on Allen street between Kent and Oak streets, respectfully report:

That they have made a careful examination of the said premises and present the following as their findings thereon:

That the premises No. 168 Kent street, owned by J. H. Campbell, are in a complete unsanitary condition and a menace to the health and lives of the inmates and to the people of the immediate vicinity for the following existing conditions: That the cellar on said premises shows evidence that there is no drainage to the public sewer; that the cellar bottom is thoroughly saturated to the depth of one or more feet; that upon the surface there exists at least to the depth of six inches, slime and filth; that this building and the adjoining building, namely: No. 166 of the same street, have either no water conductors, or those which exist are deficient, and that the rainfall is discharged from the buildings of both premises into the said yard of No. 163. That the premises No. 166 are owned by the New York Central & Hudson River R. R. Co. In time of rainfall the said yard or premises of No. 163, is flooded to the depth of several inches in consequence of the defective water conductors from the aforesaid premises. The depth of the cellar on premises No. 163 is about six feet.

Premises No. 177, owned by J. H. Campbell. The cellar is six feet deep from the surface of the street. Cellar bottom is saturated and filthy as that in No. 163. There is evidence of an insufficient fall between the said cellar and the street sewer.

These premises also suffer from the discharge of rainfall upon the surface of the ground in rear of the building. No means of ventilation exist in this cellar. The floor of said cellar is covered with rotten planks and with slimy filth to the depth of several inches.

Premises No. 178. Owner J. H. Campbell. These premises are occupied as Italian tenements. The conductor pipes from these buildings are disconnected and water fall flows on surface of the ground.

The privies on said premises are old and very offensive, and cannot be improved, but should be abolished. The cellar on these premises is dry and clean, in obedience with an order heretofore made by this Board, which provided a special drain pipe for the conveyance of house drainage outside of the building and which was necessarily raised above the surface of the lot.

No. 180, corner of Kent and Oak streets, owned by J. G. Cook. Insufficient drainage by reason of little or no fall from the premises to the street sewer. House drainage carried to sewer by elevated pipes above the cellar floor. Cellar five feet ten and one-half inches deep. Concerning the sewer in said street the following memoranda is here given: The origin of the sewer is on Allen street at or about the crossing of the Central railway, and extends to the Platt street sewer. It is a stone sewer one and one-half feet wide by two feet

deep, built in 1859, length 969 feet. The depth as shown on the map of the City Surveyor, is between 7 and 8 feet between Kent and Oak streets.

We also report that on a similar complaint made to this Board the matter was referred November 12, 1891, to the Executive Board for relief. That upon this reference said Board had several pits dug to the sewer to ascertain its condition. It was ascertained that it was obstructed by solid earth and matter to the depth of one foot and more, and that no further measures have been adopted.

Upon the facts and the findings ascertained in this investigation we can come to no other conclusion than that the sewer in said street between Kent and Oak streets is of insufficient depth and capacity for the purpose of draining the property in said locality, and that no relief can be given until a new sewer of adequate capacity and depth is constructed. That the sanitary condition of the several premises named is such as to demand immediate and prompt measures on the part of this Board to abate the nuisances here described, and which endanger the health and lives of the residents on said street in an imminent degree.

We, therefore, recommend that this Board declare the Allen street sewer to be a public nuisance, and that the Common Council be requested to pass an ordinance, with the least possible delay, for the construction in said street of a sewer of sufficient depth and capacity to remove the impending danger heretofore described in this report of findings and the adoption of the accompanying orders for the immediate but temporary improvement of the premises heretofore named.

J. A. BIGLER,
JNO. J. A. BURKE.

By Commissioner Biegler—

BOARD OF HEALTH,
ROCHESTER, N. Y., August 31st, 1892. }
To the Honorable the Common Council of the City
of Rochester:

Gentlemen:—For some months past a number of complaints have been received by the Board of Health of this city in reference to the condition of the premises situate on Allen street, between Kent and Oak streets. A committee of this Board was appointed to investigate the matters complained of and report back to this Board with such recommendations as in their judgment should seem proper. The result of their investigation showed the premises examined to be in a very unsanitary condition and a menace to the health and lives of the people living on that street, and in the immediate vicinity. The conclusions of the committee were that the chief cause of the conditions found was a lack of proper sewerage facilities and they recommended that the Allen street sewer as it then existed and still exists be declared by the Board of Health a public nuisance. Thereafter and on the coming in of the report of this committee, the Board of Health, at a regular meeting held on the — day of — 1892, duly declared the Allen street sewer a public nuisance and a resolution was passed directing the Clerk of the Board to communicate with your honorable body, acquainting you with the action taken by your Board in the way of providing for a new sewer in Allen street, and thus abating the nuisance.

Such a communication was sent to your Board and was, according to the published reports of the proceedings of your Board, ordered received, and filed. One or more meetings have been held by your Board since the communication referred to was received by your Board, and still no action has been taken in reference to the matter of the proposed sewer.

At the last meeting of the Board of Health, that Board adopted a resolution that the Board of Health under and by virtue of the power

and authority conferred upon it by law should take such proceedings as may be necessary to accomplish the construction of a sewer in Allen street of sufficient size and depth to provide proper sewerage and drainage for the people and premises on that street, and if the same be done by the Board of Health that the cost of the construction of such a sewer be made a charge upon the city at large. Of the right and power of the Board of Health to take such action as specified in their resolution there can be no question, as the same is explicitly given to them in the act of the legislature chapter 270 of the laws of 1885, entitled "An act for the preservation of public health and the registration of vital statistics."

The action, however, of the Board of Health is one which the Board feels should only be taken in extreme cases and when the Board cannot induce the proper legislative and executive officers of the city to give the relief sought, in the usual and customary way in which city improvements are made.

The Board of Health believing that this is a matter that should be very carefully considered before final action, desire to once more bring the matter to the attention of your honorable body and to the individual members of your Board, with the hope that this sewer of which there is urgent necessity, shall be constructed by and through the legislation of your Board, and in the ordinary and customary way in which local improvements of this city are made. Then, if after due deliberation, your Board in its judgment sees fit to take no action whatsoever in the premises, it becomes incumbent upon the Board of Health to make the proposed improvement and give the desired relief.

A copy of the report of the committee hereinabove referred to, as well as a copy of an opinion as to the powers of Boards of Health in cities, given by Charles F. Tabor the Attorney-General of this state on September 24, 1890, is herewith submitted.

Respectfully submitted,

GEORGE BELKNAP,
Clerk Board of Health.

STATE OF NEW YORK,
ATTORNEY-GENERAL'S OFFICE,
ALBANY, September 24th, 1890. }

Hon. Lewis Balch, Secretary of State Board of Health:

Dear Sir:—In reply to your verbal request for my opinion as to the power of a local Board of Health to lay a drain or sewer in a public street, which is the only means of abating a nuisance which is dangerous and a menace to the public health, after having duly requested the authorities of such village to abate such notice, and a refusal upon their part so to do, I beg leave to state as follows:

By Chapter 270 of the Laws of 1885, the organization of local Boards of Health is provided for, and when organized they have the power (Section 4), "to receive and examine into the nature of complaints made by any of the inhabitants, concerning nuisances, or causes of danger, or injury to life and health, within the limits of its jurisdiction; to enter upon or within any place or premises where nuisances or conditions dangerous to life and health are known, or believed to exist, and by appointed members or persons, to inspect and examine the same; and every such Board of Health shall have the power, and it shall be its duty to order the suppression and removal of nuisances and conditions, detrimental to life and health, found to exist within the limits of its jurisdiction;" and (by Section 6); "to make, and from time to time publish, in such manner, as to secure early and full publicity thereto, all such orders and regulations as they think necessary and proper for the preservation of life and health, and the successful op-

eration of this law; and to make, without publication thereof, such orders and regulations in special or individual cases, not of general application, as they may see fit, concerning the suppression and removal of nuisances, and concerning all other matters, in their judgment, detrimental to public health, and to serve copies thereof upon any occupant, or occupants, and the owner or owners of any premises whereon any such nuisances, or other matters aforesaid, shall exist, or to post the same in some conspicuous place on such premises."

Subdivision 8.—"To employ all such persons as shall be necessary to enable them to carry into effect the orders and regulations they shall have adopted, and the powers vested in them by this act, and to fix their compensation."

Section 44.—"And in case of non-compliance with any order or regulation which shall have been served or posted, as provided in subdivision 6, of Section 3, of this act, the said board, or its servants, or employees, may lawfully enter upon any premises to which such order or regulation relates, and suppress or remove the nuisance, or other matters, in the judgment of said board, detrimental to the public health mentioned in such order or regulation, and any other nuisance or matter of the description aforesaid found there existing; and the expense thereof shall be a charge upon the occupant or any or all of the occupants of said premises, or upon the person or persons who have caused or maintained the nuisance or other matter of the description aforesaid, and may be sued for and recover with costs by said board, in the name of such board in any court having jurisdiction."

Section 5.—"All expenses incurred by the several Boards of Health in the execution and performance of the duties imposed by this act shall be a charge only on their respective cities, villages, and towns; and shall be audited, levied, collected and paid in the same manner as other city, village and town charges are audited, levied, collected and paid."

These provisions it seems to me give local Boards of Health ample power to abate nuisances, and if there is an existing nuisance dangerous to health in a street, and the city or village authorities refuse to abate the same, it is the duty of the Board of Health to abate it, and I am of the opinion that, if the authorities of the city or village, after having been properly served with an order to abate the nuisance, refuse or neglect to do so, the Board of Health may abate it, and if the laying of a sewer be the only safe and proper means of abating such nuisance, they may lay such a sewer, and may charge the expenses thereof to the city or village, the city or village being the occupant of the street, within the meaning of the word as used in the act above referred to.

Gould vs. City of Rochester, 105, N. Y., 46.

The expenses of the Board of Health in laying such sewer should be audited, levied, collected and paid in the same manner as other city or village charges are audited, levied, collected and paid.

Very respectfully, your obedient servant,

CHARLES F. TABOR,
Attorney-General.

Ordered received, filed and published.

By Ald. Callihan—Resolved that the City Surveyor be and he hereby is directed to prepare an ordinance for a sewer in Allen street in accordance with the recommendation of the Board of Health.

Adopted.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

WEST STREET EXTENSION.

By Ald. Simmelink—Resolved, That the following improvement is necessary, and we hereby judge that the public good requires the same to be done, viz:

The extension of West street, from its present terminus at the south line of the property occupied by the State Industrial School, northerly to Thrush street, and the property to be taken therefore, is a strip of land sixty (60) feet wide, of which the following described line is the eastern boundary. Beginning at a point where the east line of West street intersects the south line of the State Industrial School property; thence northerly in a straight line, deflecting 0 degrees, 38 minutes and 43 seconds west from the line of West street, prolonged, to a point in the east line of Thrush street, 102 1-2 feet north from the north line of Emerson street.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of the proposed extension of West street, from Thrush street to the south line of the State Industrial School lands, in proportion to the benefit which each will derive therefrom.

Adopted.

PIPE SEWER IN CHESTER AVENUE.

By Ald. Ward—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Chester avenue.

Adopted.

The Surveyor submitted as such estimate, \$2,900.

By Ald. Ward—Resolved, That the following improvement is necessary, viz:

The construction of a vitrified pipe sewer, 15 inches in diameter in Chester avenue, from the sewer in Genesee street to the center of Birch street; and 12 inches in diameter from the center of Birch street to the center of Pioneer street. Also the construction of the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations.

And Whereas, the City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$2,900, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Chester avenue, from Pioneer street to Genesee street, in proportion to the benefit which each will derive therefrom.

Adopted.

PORTLAND CEMENT WALK IN SANFORD STREET.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a walk on Sanford street.

Adopted.

The Surveyor submitted as such estimate, \$650.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The construction of a Portland cement walk 4 1-2 feet wide on the south side of Sanford street, from Mt. Hope avenue to Poplar street. Also the necessary sidewalk grading.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$650, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on the south side of Sanford street, from Mt. Hope avenue to Poplar street, in proportion to the benefit which each will derive therefrom.

Adopted.

GRAVEL ROADWAY IN RICHMOND PARK.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of graveling the roadway of Richmond park.

Adopted.

The Surveyor submitted as such estimate, \$390.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The improvement of Richmond park, from Union street to Alexandria street, by the construction of gravel roadway therein between the present paved gutters; pavement to be at least 6 inches in thickness.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$390, which estimate is hereby approved.

Resolved further, That the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Richmond park, from Union street to Alexander street, in proportion to the benefit which each will derive therefrom.

Adopted.

WALKS AND CURB ON KIRK STREET.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Kirk street.

Adopted.

The Surveyor submitted as such estimate, \$3,500.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The construction of a Portland cement walk 5 feet wide on each side of Kirk street, from North street to Scio street, except where good flag or cement walks now exist, but such walks shall be widened and relaid where they do not conform to the proper width, grade and alignment. Also setting a line of Medina stone curb on each side of said streets between the limits mentioned, properly connected with all lateral streets, alleys and driveways. Width of roadway between curbs to be 24 feet. Also the construction of the necessary flag cross-walks and surface sewers.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$3,500, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Kirk street, from North street to Scio street, in proportion to the benefit which each will derive therefrom.

Adopted.

PLANK WALK ON BRAYER PLACE.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a plank walk on Brayer place.

Adopted.

The Surveyor submitted as such estimate, \$500.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The construction of a pine plank walk 4 feet wide on each side of Brayer place, from Murray street to Child street. Also the necessary sidewalk grading. Property owners will be allowed 30 days in which to construct their own walks.

And Whereas, the City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$500, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Brayer place, from Murray street to Child street, in proportion to the benefit which each will derive therefrom.

Adopted.

PIPE SEWER IN LOOMIS STREET.

By Ald. Ward—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Loomis street.

Adopted.

The Surveyor submitted as such estimate, \$590.

By Ald. Ward—Resolved, That the following improvement is necessary, viz:

The construction of a vitrified pipe sewer 12 inches in diameter in Loomis street, from a point 300 feet north of Clifford street to the sewer in Clifford street. Also the construction of the necessary manholes, surface sewers, lot laterals and branches.

And, Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$590, which estimate is hereby approved.

Resolved, further, That the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Loomis street, from a point 300 feet north of Clifford street to Clifford street, in proportion to the benefit which each will derive therefrom.

Adopted.

PORTLAND CEMENT WALK IN AVENUE E.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a walk on Avenue E.

Adopted.

The Surveyor submitted as such estimate, \$525.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The construction of a Portland cement walk 4 feet wide on each side of Avenue E, from the east end of Seneca park bridge, to North St. Paul street, except where good Portland cement or flag walks now exist, which walks shall be relaid if not conforming to the proper grade and alignment.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$525, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Avenue E, from the east end of Seneca park bridge to North St. Paul street, in proportion to the benefit which each will derive therefrom.

Adopted.

By Ald. Pauckner—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted,

or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or ordinance, or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7:30 o'clock P. M., at the Common Council Chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Post-Express notice thereof as is required and in the manner specified by Section 172 of the City Charter.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., September 6, 1892.

To the Honorable the Common Council of the City of Rochester.

Gentlemen:—Agreeably to your direction heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Post-Express, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or amendment thereto, passed or adopted by your Honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, September 6, 1892, at 7:30 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvement. Respectfully,

HENRY W. GREGG, City Clerk.

FINAL ORDINANCE, NO. 4,862.

PARK BOULEVARD IMPROVEMENT ALONG LAKE AVENUE PARK.

On motion of Ald. Pauckner, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to improve the park boulevard along Lake avenue park, from near the western city line to Lake avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The grading of roadways and sidewalks of the proposed park boulevard along Lake avenue park, from the west line of Lake avenue to a point 120 feet east of the east line of the New York Central & Hudson River Railroad; the construction of a double line of 12-inch tile sewers in said boulevard together with the necessary surface sewers, lot laterals and man-holes; also all necessary planting and fertilizing.

And whereas the Board of Park Commissioners in pursuance of the provisions of chapter 317 of the Laws of 1891, has made and reported as an estimate of the expense thereof, the sum of \$23,025, which being deemed reasonable, is hereby approved, and sixty-six and two-thirds of the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of said proposed park boulevard as they existed at the date of the passage of this ordinance, from Lake avenue to a point 120 feet east of the east line of the New York Central Hudson River Railroad, and that the balance of the whole expense of said improvement be paid from the public treasury of the City of Rochester, to wit: From the Boulevard Fund.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Lempert, Johnston, Wurtz, Ward, Dewey, Pauckner, Kelly, Aikenhead, Simmelink, Forsyth—16.

Nays—Alds. Fox, Lewis, Bierbrauer—3.

FINAL ORDINANCE, NO. 4,863.

PORTLAND CEMENT WALK ON WINDSOR STREET

On motion of Ald. Pauckner, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct cement sidewalks on Windsor street, from East Main street to University avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary, and should be made, to wit:

The construction of a Portland cement walk 5 feet wide on each side of Windsor street, from East Main street to University avenue, except where good flag or cement walks now exist, which walks shall be relaid and widened if not conforming to the proper grade, line and width of 5 feet.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$500, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Windsor street, from East Main street to University avenue.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—19.

FINAL ORDINANCE, NO. 4,864.

STONE ARCH BRIDGE AND APPROACHES AT ANDREWS STREET.

On motion of Ald. Simmelink, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a stone arch bridge and approaches across the Genesee river at Andrews street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a bridge in the place of the existing iron bridge, to carry Andrews street across the Genesee river; said bridge to be of stone, sixty feet wide with a roadway forty feet wide and sidewalks ten feet wide; the bridge to consist of seven arches of 36.46 feet opening and six piers five feet wide each and proper abutments; the roadway shall be paved with Medina block pavement and the sidewalks with asphalt. In order to allow for the construction of said bridge with the proper area of waterway the grades of Andrews street and Mumford street shall be changed and fixed as

follows: Beginning at Front street, at the existing grade; thence easterly on an ascending straight grade to a point over the center of the west arch of said bridge four feet above the surface of the present bridge; thence easterly on a straight grade to the present surface of the street at the east end of said bridge.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$75,000, which, being deemed reasonable, is hereby approved, and thirty-five thousand dollars of the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of the said bridge, from the face of the retaining wall now existing on the west side of the Genesee river to the face of the retaining wall now existing on the east side of the Genesee river, the balance of the whole expense of said improvement to be paid from the public treasury of the City of Rochester from the proceeds of bonds issued or to be issued for the purpose of building bridges as authorized by the laws of the State of New York, as may hereafter from time to time be directed by the Common Council to defray the necessary cost of construction of said bridge.

Ald. C. S. Cook moved the adoption of the ordinance.

Adopted by the following vote:

MISCELLANEOUS BUSINESS.

By Ald. Zimmer—Petition of N. H. Galtusha for permission to erect a wooden building. Referred to Wood Building Committee and Fire Marshal with power to act.

Whereas, Washington Square is the most centrally located and is one of the most beautiful of our small parks; and

Whereas, the location in it of the magnificent monument to the memory of the dead soldiers of Rochester makes it necessary to rebuild the walks and re-grade a large portion of the square, and

Whereas, there is no sidewalk upon two sides of said square; and

Whereas, it is the universal opinion that the square should be improved in a suitable manner.

Resolved, That the Executive Board be, and hereby are authorized to improve Washington square in accordance with a plan made by F. L. Olmsted & Co., landscape architects. The improvement to consist of grading said square and seeding down the grass plots, making cement walks 8 feet wide on the four sides and cement walks 10 feet wide in said square, with a space 60 by 80 feet about the Soldiers' monument, paved in same manner as the walks, edge-stones two inches thick and projecting three inches above the surface to be set along the edge of the walks, and

Resolved, That the estimate of the cost of said improvement of \$3,500, made by the City Surveyor, is hereby approved, and

Resolved, That the cost of said improvement shall be paid out of the public treasury of the City of Rochester, and charged to the Contingent Fund.

Ordered received, filed and published and laid on table until next regular meeting.

By Ald. Lempert—Resolved, That the Lamp Committee be, and are hereby instructed to erect an electric light in front of the Jewish Synagogue on Chatham street. Referred to Lamp Committee and City Electrician.

By Ald. Pauckner—Resolved, That the Rochester Gas and Electric Co. be, and it hereby requested to lower the light on the corner of Hickory and Ashland streets. Also to place one light between the corner of Ashland and Hickory streets and the next light east, on Hickory street. Referred to Lamp Committee and City Electrician.

By Ald. Lewis—Petition of Andrew Ludolph with reference to an erroneous assessment. Referred to Assessment Committee.

Also, Petition for a plank walk on Harvest

street. Referred to Surveyor to prepare an ordinance.

Also, Offer of the Hudson Avenue Building Lot Association to dedicate Hudson Terrace to the City of Rochester as a public highway. Referred to Executive Board.

By Ald. Lewis—Resolved, That the resolution instructing the city assessors to prepare a new assessment roll for the cost of the extension of Baldwin street, from Parsells avenue to Webster avenue, under final ordinance No. 3,912, passed January 26th, 1892, by this Common Council, be, and the hereby is, reconsidered.

Adopted.

By Ald. Lewis—Resolved, That the resolution instructing the city assessors to prepare a new assessment roll for the cost of the extension of Baldwin street, from Parsells avenue to Webster avenue, under Final Ordinance No. 3,912, passed January 26th, 1892, by this Common Council, be, and the same hereby is, indefinitely postponed.

Adopted.

By Ald. Lewis—Resolved, That Final Ordinance No. 3,912, for the extension of Baldwin street, from Parsells avenue to Webster avenue, adopted by this Common Council on March 18th, 1890, be, and the same hereby is, reconsidered.

Adopted.

By Ald. Lewis—Resolved, That Final Ordinance No. 3,912, for the extension of Baldwin street, from Parsells avenue to Webster avenue, adopted by this Common Council on March 18th, 1890, be, and the same hereby is, indefinitely postponed.

Adopted.

By Ald. Lewis—Whereas, In the judgment of the Board of Health of this city, it is necessary and advisable that measures be taken at once, looking to the placing of the city into a perfect sanitary condition, and

Whereas, Said Board of Health has deemed it necessary to employ additional health inspectors, and a force of teams and wagons, with which to collect matter detrimental to the public health, and to order a house to house inspection of the entire city, and

Whereas, This Council believes that said inspection is necessary and advisable, and that the city should be placed in as cleanly a condition as possible, therefore

Resolved, That the Common Council hereby expresses its approval of the course of action adopted by said Board of Health, and tenders to the Board of Health any and all assistance which may be properly required. And further resolved, that this Council call upon all good citizens to cheerfully co-operate with the Board of Health in its endeavors, and to assist said Board, and the inspectors appointed thereunder, in checking and discontinuing any unsanitary conditions.

Adopted.

By Ald. McMillan—

To his Honor, Richard Curran, Mayor of the City of Rochester, N. Y.

Dear Sir:—The undersigned, composing the Board of Examiners Schedule B, (part 1st) of the City of Rochester, created and established under and by virtue of the Civil Service law, chapter 354 of the laws of 1883 of the state of New York, and acts amendatory thereto, respectfully call your honor's attention to the fact, that the said Board is acting without compensation, while the members of Part 2nd, Schedule B, are at present and have been, included in the salary budget as regular employees of said City. To perform the duties imposed under said act with any degree of satisfaction entails the expenditure of time and attention for which we believe the Common Council is warranted and ought to provide some remuneration.

We therefore respectfully request that the attention of the Common Council be called to the matter and that Part 1st of Schedule B, be

granted equal to Part 2nd, or such further sum as to your honor and said Council may seem just and equitable.

Dated Rochester, Sept. 8, 1892.

ROY C. WEBSTER,

ROCHESTER, N. Y., Sept. 20, 1892.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—The trustees of the Holy Family Church earnestly ask you to place an electric light (Brush) at the corner of Jay and James street, for the accommodation of thousands of people of this congregation, for the accommodation of hundreds of members of benevolent societies, and for the protection against loafers and rowdies that gather most every evening in this vicinity, to disturb the peace of the people. Besides, we would ask your Honorable Board to provide a policeman regularly, at least towards every evening, for this very little protected part of the city.

Hoping that our prayers will be granted, Respectfully,

By order of the trustees,
D. LAURENZIS, PASTOR.

Ordered received, filed and published.

Upon motion of Ald. Kelly, the portion of the foregoing communication petitioning for an electric light, was referred to the Lamp Committee and City Electrician; and the City Clerk was directed to bring to the attention of the Police Commissioners the portion praying for the assignment of a policeman to the locality described.

By Ald. Forsyth—Petition of Albert A. Broek for permission to erect a wooden building on Plymouth avenue. Referred to Wood Building Committee and Fire Marshal with power to act.

Also petition of Sarah U. Powel for permission to erect a wooden building on Anthony street. Granted.

By Ald. Forsyth—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your attention is respectfully called to the extremely unsanitary condition of what is known as Simpson's quarry on Genesee street.

This quarry is simply an excavation containing a pool of stagnant water, from which arise odors of the most noxious kind, and which pervade the entire vicinity of the pool, and within a short distance and in the neighborhood are no less than twelve cases of typhoid and malarial fevers, and also some cases of diphtheria, so that there is but very little doubt but what this stagnant water is the direct cause of all this sickness, and the dangerous character of the diseases named renders it imperative that some action be taken without delay, on account of the many who are thus exposed to sickness and death.

The Executive Board of the city should be instructed to at once fill up the excavation, or the water in the pool should be pumped out into the sewer, and disinfectants in sufficient quantities be applied to purify the excavation. We are informed that the waters in this pool could be pumped out in four hours, and that the whole unsanitary condition could be corrected in 24 hours time. If this is the case, there is no sufficient reason why people in this neighborhood should be exposed to such ter-

rible consequences. We believe that the action so far taken by the Board of Health has been in the nature of temporizing with the difficulty, while what is required is the adoption of a more radical policy.

And further it seems to have been the practice in times past in this city, to permit individuals to make large excavations for the purposes of getting out stone, the earth removed is sold and carried away, the rock is then removed, having been sold, and the result is a large excavation which fills in with water, which in turn becomes stagnant, then the city is called upon through its Board of Health to pay a large amount of money to fill up the excavation. So it is easy enough to see that the city is a serious loser in the operation, and by way of preventing in future the mistakes of the past, it seems proper that no further permissions be granted for excavating within the city limits, similar to that referred to as Simpson's quarry.

Respectfully submitted,

D. W. FORSYTH.

Dated, Rochester, N. Y., September 20, 1892.

Ordered received, filed and published and referred to the Board of Health and Executive Board.

Ald. Forsyth presented the compilation of penal ordinances as prepared by J. M. E. O'Grady and moved their reference to the Law Committee.

REPORTS OF STANDING COMMITTEES.

By Ald. H. G. Cook—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Assessment Committee begs leave to report as follows:

In the matter of the petition of Andrew Ludolph, praying to be allowed to pay the amount of certain taxes and assessments made against property owned by him on Bay street, Webster avenue and Kuhn park for which said property was sold to the City of Rochester for the general city taxes for 1891.

We recommend that the petitioner be allowed to pay said original taxes and assessments with interest and fees allowed by the city charter down to the date of sale of said property with the expenses of advertising and interest at the rate of 6 per cent. from March 31, 1892, the date of sale.

On August 23, 1892, your committee presented its report to your honorable body recommending among other things that the petition of George E. Flad with reference to an alleged erroneous assessment against lot No. 4 of the Elias Subdivision of the Rohr Tract for Bay street sewer under final ordinance No. 4,510 be denied; subsequently the assessors appeared before this committee and from their statements this committee is satisfied that a rebate should have been allowed the petitioner in the above matter, and we therefore recommend that the resolution above referred to be reconsidered and that the petitioner be allowed to pay the sum of \$45, in full for his assessment for said sewer.

In the matter of the assessment for Locust street culvert improvement under final ordinance No. 4,169, the roll for which was presented to your honorable body August 9, 1892, and on motion of Ald. Wurtz, referred to this committee, in view of the fact that at the last meeting of the Common Council the petition of certain property owners to have said assessment reconsidered was denied; we recommend that the roll for said improvement be confirmed.

Respectfully submitted,

HENRY G. COOK,
JULIUS WURTZ,
JAMES JOHNSTON,
C. W. ZIMMER,
Assessment Committee

Ordered received, filed and published.
 By Ald. H. G. Cook—Resolved, That the assessment roll for Locust street Culvert improvement under final ordinance No. 4,169, presented August 9, 1892, and published at page 188 of the current proceedings of the Common Council be and the same hereby is in all respects confirmed.

Adopted by the following vote:
 Ayes—Alds. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Kelly, Aikenhead, Lewis, Forsyth—17.

By H. G. Cook—Resolved, That the resolution passed August 23, 1892, and published at page 201 of the current proceedings relating to an alleged erroneous assessment against property owned by George E. Flad be and the same hereby is reconsidered.

Adopted.
 By Ald. H. G. Cook—Resolved, That the City Treasurer be and he hereby is directed to receive from George E. Flad within thirty days from the passage of this resolution the sum of forty-five dollars (\$45) in full of the assessment against lot No. 4 of the Elias Subdivision of the Rohr Tract for the construction of the sewer in Bay street under final ordinance No. 4,510, and that he charge the balance of any interest and assessment to erroneous assessments.

Adopted.
 By Ald. H. G. Cook—Resolved, That the City Treasurer be and he hereby is directed to receive from Andrew Ludolph, provided that the same be paid within thirty days from the passage of this resolution the sum of \$59.54, with interest thereon at 6 per cent., from March 31, 1892, being the amount for which lots 1, 3 and 4 of the Assessor's subdivision on Bay street in the Sixteenth ward, and lots 18, 19, 21 and 22 of P. Kuhn subdivision on Webster avenue in the same ward and lots 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 17 and 20 of P. Kuhn's subdivision on Kuhn park in the same ward were sold to the city of Rochester for the general city taxes for 1891, and that upon the payment of said sum with the interest as aforesaid down to the date of payment, said Andrew Ludolph be and he hereby is allowed to redeem said premises, and that the City Treasurer be and he hereby is directed to charge any other interest and fees allowed by the city charter to erroneous assessments.

Adopted.
 By Ald. Adams—
 ROCHESTER, N. Y., Sept. 20, 1892.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

CITY SURVEYOR'S OFFICE,
ROCHESTER, N. Y., Sept. 19, 1892 }

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—In the matter of the petition for fixing the width of Jennings street at 57 feet which was referred to me.

I am advised that there is no power in the Common Council to alter by resolution the lines of any existing public street and that a public street can be acquired for street purposes only pursuant to statutes provided therefor.

If Jennings street has a width of 66 feet established by dedication or eminent domain, as I believe to be the case, then the Common Council has no authority to alter the same to a width of 57 feet or to any other width, except by observing the provisions of law applicable thereto.

In my opinion the street should be cleared of obstructions for its full width of 66 feet. Therefore I recommend that your Honorable Body deny the petition.

Very respectfully yours,

J. Y. MCCLINTOCK,
City Surveyor.

Ordered received, filed and published.
By the Clerk—

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, N. Y., Sept. 20, 1892 }

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—I am instructed by the Executive Board to inform your honorable body that, after a number of conferences held with Frederick Hartleben, who is the owner of property, a portion of which it is necessary to be taken for the approach to the Rowe street lift bridge, and after full and careful consideration of the city's interest and the taxpayers whose property is to be assessed for the proposed street, they have decided to recommend that the sum of seven hundred dollars be paid said Hartleben for the land which it seems necessary to be taken for the proper approach to this bridge, and for the completion of this long delayed improvement.

Respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.

By Aid. Wurtz—Resolved, That the City Clerk be and he hereby is directed to draw an order on the Treasurer payable out of the Contingent Fund for seven hundred dollars in favor of Frederick Hartleben for purchase of property necessary for the approach to Rowe street lift bridge and carry along and charge the same to the fund for that purpose when created.

Adopted by the following vote:

Ayes—Aids. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Kelly, Aikenhead, Lewis, Forsyth—17.

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, N. Y., Sept. 20, 1892. }

To the Honorable, the Common Council of the City of Rochester, N. Y.:

Gentlemen:—At a meeting of your Honorable Body held Tuesday, July 12th, a communication was presented by the Executive Board, stating that the owners of property on Wentworth street, whose lands it was proposed to be taken for the widening of said street, would accept the sum of \$5 per square foot.

It appeared afterward that W. Quetchenbach, one of the owners of property on the street intended to accept the sum of five dollars for the eighteen inches only, and that if any more

land was taken he would demand a much larger sum.

It was ascertained also that the line of the street as laid down in the map did require more of Mr. Quetchenbach's property, and after negotiations with him, the Executive Board have agreed that \$75, in view of all the circumstances and conditions involved would be a reasonable sum to allow for the additional property, and they, therefore, recommend that your honorable body award such price.

The Executive Board understands from the City Attorney that there is no legal objection or obstacle in the way of making the payment of this amount to Mr. Quetchenbach.

Respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.

By Aid. Ward—Resolved, That the City Clerk be and he hereby is authorized and directed to draw an order on the Treasurer payable out of the Contingent Fund in favor of W. Quetchenbach for seventy-five dollars, being for additional property required for Wentworth street widening and that the same be carried along and charged to the fund for widening Wentworth street, when created.

Adopted by the following vote:

Ayes—Aids. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Kelly, Aikenhead, Lewis, Forsyth—17.

MONROE COUNTY COURT.—In the matter of the widening of Clifford street, from North Clinton street to Conkey avenue, in the City of Rochester.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—The undersigned, who were appointed by an order of the Monroe County Court, duly granted on the 8th day of June, 1892, and entered on the 11th day of June, 1892, commissioners to inquire into and determine what damages and compensation the owners, tenants or occupants, of the lands and buildings to be taken for the widening of Clifford street, from North Clinton street to Conkey avenue, in said city, will be entitled to for the same, respectfully report and certify the several pieces and parcels and premises to be taken for such improvement, the names and residences, and the rights, of the owners thereof, and their award of damages, as incident to the widening of said street, as follows:

Several pieces and parcels of land required for such purpose, and necessary for the widening of said street, are described as follows:

The whole territory to be taken for the widening of said street is a strip of land feet in width on the south side thereof, from North Clinton street to Conkey avenue, reference being had to a map of said widening, filed in the City Clerk's office of said city, and in the County Clerk's Office of the County of Monroe.

Ordered received, filed and published.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

IMPROVEMENT OF WASHINGTON SQUARE.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Washington Square.

Adopted.
The Surveyor submitted as such estimate, \$3,500.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The improvement of Washington Square in accordance with a plan made by F. L. Olmstead & Co., landscape architects. The improvement to consist of grading said square and seeding down the grass plots, making Portland cement walks 8 feet wide on the four sides, and Portland cement walks 10 feet wide in said square, with a space 60 by 80 feet about the soldiers' monument, constructed in the same manner as the walks, edge stones two inches thick and projecting three inches above the surface to be set along the edge of the walks.

And Whereas, the City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$3,500, which estimate is hereby approved.

And the whole expense of such improvement is hereby directed to be paid from the public treasury of the city, by the City Treasurer upon orders drawn pursuant to the future direction of this Common Council.

Adopted.

PIPE SEWER IN ALLEN STREET.

By Ald. Ward—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Allen street.

Adopted.
The Surveyor submitted as such estimate, \$850.

By Ald. Ward—Resolved, That the following improvement is necessary, viz:

The construction of a vitrified pipe sewer, 15 inches in diameter in Allen street, from a point opposite the northeast corner of Oak and Allen streets to the sewer in Allen street at Elizabeth street. Also the removal of the

present sewer, and the constructed of the necessary manholes, surface sewers, lot laterals and branches.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same \$850, which estimate is hereby approved.

Resolved, further, That the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Allen street, from Oak street and Ford street, respectively, to Elizabeth street, in proportion to the benefit which each will derive therefrom.

Adopted.

PLANK WALK ON HARVEST STREET.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a plank walk on Harvest street.

Adopted.
The Surveyor submitted as such estimate, \$435.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The construction of a pine plank walk, 4 feet wide on each side of Harvest street, from the north end thereof to Bay street, except where good walks now exist, which walks shall be relaid if not conforming to the proper grade and alignment. Also the necessary cross-walks.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$435, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Harvest street, from the north end thereof to Bay street, in proportion to the benefit which each will derive therefrom.

Adopted.

PIPE SEWER IN BENNETT'S ALLEY.

By Ald. Ward—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Bennett alley.

Adopted.
The Surveyor submitted as such estimate, \$550.

By Ald. Ward—Resolved, That the following improvement is necessary:

The construction of a vitrified pipe sewer 12 inches in diameter in Bennett alley, from a point 10 feet south of the north end thereof, to the sewer in West Main street. Also the construction of the necessary manholes, surface sewers, lot laterals and branches.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$550, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Bennett alley, from the north end thereof to West Main street, in proportion to the benefit which each will derive therefrom.

Adopted.

WIDENING HENSLEER PLACE, FROM JAY STREET TO MURRAY STREET.

By Ald. Simmelink—Resolved, That the following improvement is necessary, and we hereby judge that the public good requires the same to be done, viz:

The widening of Henler place, from Jay street to Murray street, by adding a strip of land 10 feet and 9 inches in width on the west side of Henler place, between the limits mentioned. The territory deemed necessary to be taken therefor is a strip of land 10 feet and 9 inches in width on the west side of, and adjoining Henler place, from Jay street to Murray street.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Henler place, from Jay street to Murray street, as they exist, at the time of the passage of this ordinance, in proportion to the benefit which each will derive therefrom.

Adopted.

By Ald. Pauckner—Resolved. That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or ordinance, or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7:30 o'clock P. M., at the Common Council Chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Morning Herald notice thereof as is required and in the manner specified by Section 172 of the City Charter.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., Sept. 20, 1892.

Gentlemen:—Agreeably to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Morning Herald, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your Honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, Sept. 20, 1892, at 7:30 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvement. Respectfully,

HENRY W. GREGG, City Clerk.

FINAL ORDINANCE, NO. 4,874.

PIPE SEWER IN MONROE AVENUE FROM SHEPARD STREET EASTERLY.

An ordinance to construct a pipe sewer in Monroe avenue, from Shepard street, easterly about 400 feet.

On motion of Ald. Ward, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary, and should be made, to wit:

The construction of a vitrified pipe sewer 18 inches in diameter, in place of the existing 12 inch pipe sewer in Monroe avenue, from the sewer in Shepard street, easterly about 400 feet to a connection with the 18-inch pipe sewer which crosses Monroe avenue, also connecting with the said 18-inch pipe sewer, all sewers and laterals now connecting with the 12-inch pipe sewer, the remodeling of the existing manholes and the replacing of the existing Y branches.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$500, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Laburnum Crescent, from Cornelia street to Monroe avenue. Also one tier of lots and parcels of land on the south side of Monroe avenue, from Field street to Shepard street.

Also one tier of lots on each side of Shepard street, from Monroe avenue to Newport park; and also one tier of lots upon each side of Rosedale avenue, from Monroe avenue to Newport park. Also one tier of lots on the south side of Monroe avenue, from Shepard street to the 18-inch pipe sewer across Monroe avenue.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Kelly, Aikenhead, Lewis, Forsyth—17.

Final Ordinance for West street extension came up and on motion of Ald. Wurtz, action thereon was postponed four weeks.

FINAL ORDINANCE, NO. 4,875.

PIPE SEWER IN CHESTER AVENUE.

On motion of Ald. Ward, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a pipe sewer in Chester avenue, from Pioneer street to Genesee street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary, and should be made, to wit:

The construction of a vitrified pipe sewer, 15 inches in diameter in Chester avenue, from the sewer in Genesee street to the center of Birch street; and 12 inches in diameter from the center of Birch street to the center of Pioneer street. Also the construction of the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$2,900, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Chester avenue, from Pioneer street to Genesee street.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Kelly, Aikenhead, Lewis, Forsyth—17.

FINAL ORDINANCE, NO. 4,876.

GRAVEL ROADWAY IN RICHMOND PARK.

On motion of Ald. Pauckner, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to improve Richmond park, from Union street to Alexander street.

And after hearing such allegations from all persons appearing.

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary, and should be made, to wit:

The improvement of Richmond park, from Union street to Alexander street, by the construction of a gravel roadway therein between the present paved gutters; pavement to be at least 6 inches in thickness.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$590, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Richmond park, from Union street to Alexander street.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Callhan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Kelly, Aikenhead, Lewis, Forsyth—17.

Final Ordinance for walks and curb on Kirk street came up. Ald. Aikenhead presented remonstrance and moved that action therein be indefinitely postponed. Carried.

Final Ordinance for a plank walk on Brayer Place came up and on motion of Ald. Kelly action thereon was postponed two weeks.

Final Ordinance for pipe sewer in Loomis street came up and on motion of Ald. C. S. Cook action thereon was postponed two weeks.

By Ald. Forsyth—

BUFFALO, N. Y., Sept. 24, 1892.

Mr. D. W. Forsyth, Rochester

Dear Sir:—Immediately upon receipt of telegram from the steel mills I wired you that we would be able to get the houses up in the time stated, which I now confirm. It was a source of great deal of disappointment to me when I received word from the mills that the steel could not be supplied, as I was in hopes we could do the work for you. However I know you will appreciate our position and that we are powerless to go ahead. My intention was to have the steel sent direct to your city by express, but even this would not give us time. I am very sorry to have put you to this inconvenience, but it was beyond our power to prevent. We thank you very much for the order and trust we may be of service to you in the future.

Respectfully,

H. W. BAILEY.

Ordered received, filed and published.

By Ald. Forsyth—Resolved, That the Law Committee be and hereby is empowered to provide at the expense of the city, election booths in the place and stead of the four election booths ordered from the Buffalo Portable steel House Company, and which according to the communication from said company, cannot be supplied. Said booths to be similar to those previously selected.

Adopted.

By Ald. Forsyth—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—I respectfully call your attention to the necessity of the building of a sewer in Hawthorn place, and I am willing to build a sewer from a point 150 feet east of York street, to connect with the sewer on York street, at my own expense, the same to be constructed under the direction of the city. Asking your honorable body for permission to construct such sewer, I am,

Yours respectfully,

EDWARD HOPKINS.

Ordered received, filed and published and referred to the City Surveyor and Executive Board.

By Ald. Forsyth—

To the Honorable, the Common Council, of the City of Rochester:

Gentlemen:—Whereas, The Buffalo Portable Steel House Company heretofore did enter into a contract with the City of Rochester, for the care of election booths, setting them up, taking down, storing, and insuring them, for the sum of \$20 per year for each booth.

Now as the care of these booths can be effected by any responsible person, I respectfully suggest the proposition to substitute some resident of your city in place of the company.

If the Council care to entertain such a proposition it can communicate to the company through

Yours respectfully,

H. W. BAILEY,

Agent for the Company.

Ordered received, filed and published and referred to the Law Committee.

Also application of Mabel F. Elson, for appointment as Commissioner of Deeds. Referred to Law Committee.

By Ald. Forsyth, by request of Ald. Dewey—Petition of M. S. Hollis, for permission to erect a wooden building on Beckley street. Referred to Wood Building Committee and Fire Marshal with power to act.

By Ald. Kelly—Petition of Adam Volkmar, for permission to erect a wooden building on Lyell avenue. Granted.

REPORTS OF STANDING COMMITTEES.

By Ald. Lewis—

To the Honorable, the Common Council :

Gentlemen:—Your Finance Committee begs leave to make the following report:

On September 22, a letter was received at the City Treasurer's office, from Messrs. Clark & Sedgwick, attorneys of New York City, acting for W. I. Quintard, who at the recent sale of water bonds purchased \$300,000 worth of them, in which they took the position that the act under which said bonds were to be issued, was unconstitutional, and therefore, that the bonds would be void. A copy of the letter follows:

ROCHESTER CITY ADDITIONAL WATER SUPPLY BONDS, LAWS 1892, CHAPTER 358.

NEW YORK, Sept. 21, 1892.

S. B. Williams, Esq., City Treasurer, Rochester, N. Y.:

Dear Sir:—We beg to acknowledge your favor of the 20th inst, with enclosures.

From examination of the papers submitted we find that the law of 1892, chapter 358 is

unconstitutional, and consequently that the bonds issued or attempted to be issued thereunder would be illegal, for the following reasons:

Article 8, section 11 of the state constitution provides that "The term of the bond issued to provide for the supply of water shall not exceed twenty years. Section 1, chapter 358 laws of 1892, provides that the water bonds shall run "For a period not exceeding fifty years."

That the above constitutional provision applies to cities of over 100,000 population see Sweet vs. the City of Syracuse. This constitutes the first objection as to constitutionality.

The second objection is made under the same article and section of the constitution and arises from the fact that the laws of 1892 (chapter 358 does not provide for the creation of a sinking fund to provide for the redemption of the bonds as see said article 8, section 11, state constitution, to wit: "A sinking fund shall be created on the issuing of said bonds for the redemption by raising annually a sum which will procure an amount equal to the sum of the principal and interest of said bonds at their maturity.

For the above reasons we have advised our client, Mr. Quintard, to refuse to take up the bonds.

We remain yours very truly,

CLARK & SEDGWICK.

In the absence of the City Treasurer, the letter was handed to the chairman of the Finance Committee, who immediately took steps to investigate the subject, and consulted with other members of the committee, who had served upon the special committees in former councils which had in charge the preparation of the bill. The recollection of these members, Aldermen McMillan and Kelly, was to the effect that the bill was prepared after due deliberation and full consultation and that eminent constitutional lawyers had passed upon the bill, and believed it to be constitutional. It was, however, thought best that the subject matter of the letter from Clarke & Sedgwick should be submitted to the Hon. George F. Danforth, and to William F. Cogswell for their opinion, and accordingly the questions raised in the communication of Clarke & Sedgwick were submitted to those gentlemen with a request for their written opinions thereon. Copies of the opinion of these gentlemen follow:

MR. COGSWELL'S OPINION.

To the Finance Committee of the Common Council of the City of Rochester:

You ask my opinion upon two questions which, as formulated by you, are as follows:

First. Does the fact that the bonds issued under chapter 358 of the laws of 1892 are to run fifty years render said act unconstitutional?

Second. Does the fact that said act contains no provision for the creation of a sinking fund render it unconstitutional?

And you state that in the consideration of these questions I am to assume as a fact that the bonded indebtedness of the City of Rochester together with the proposed issue of water bonds will not exceed 10 per cent. of the assessed valuation of the real estate of the city of Rochester.

I regard these questions, although stated in form as two, as really one, and as dependent upon the same consideration. The amendment to section 11 of article 8 of the constitution, adopted in 1884, omitting a paragraph which has no bearing upon the question under consideration is as follows:

No county containing a city of over one hundred thousand inhabitants, or any such city, shall be allowed to become indebted for any purpose or in any manner to an amount

which, including existing indebtedness, shall exceed ten per centum of the assessed valuation of the real estate of such county or city subject to taxation as it appeared by the assessment rolls of said county or city on the last assessment for state or county taxes prior to the incurring of such indebtedness; and all indebtedness in excess of such limitation, except such as may now exist, shall be absolutely void, except as herein otherwise provided. * * * * *

Nor shall this section be construed to prevent the issue of bonds to provide for the supply of water shall not exceed twenty years, and a sinking fund shall be created on the issuing of said bonds for their redemption, by raising annually a sum which will produce an amount equal to the sum of the principal and interest of said bonds at their maturity."

The city of Rochester is a city of over one hundred thousand inhabitants, and its present indebtedness, including the bonds provided for by this chapter 358 of the laws of 1892, does not exceed 10 per centum of its assessed valuation, as you inform me. The question then resolves itself into this: Does the last paragraph of the section of the constitution above quoted apply where the bonds to be issued for the supply of water do not increase the indebtedness beyond the 10 per centum limitation, or does it apply to all bonds issued to secure a supply of water, no matter what the condition of the indebtedness of the city is? I have no hesitation in the opinion that it applies only where the bonds sought to be issued are in excess of the 10 per centum limit. The purpose of the amendment seems quite clear, and it is this: To prohibit the incurring of indebtedness beyond the 10 per centum limit as the general rule, but in view of the necessity for the provision for a water supply an exception is introduced into the constitution that for such purpose the limitation may be exceeded, and bonds issued shall be payable in not less than twenty years, and a sinking fund shall be created for their redemption. Except upon this construction, the last paragraph referred to has no meaning.

Under the first quoted paragraph of the section it was competent for the legislature to authorize the city to incur indebtedness up to the 10 per centum limit, and there was no occasion for the introduction of the exception in relation to water bonds; nor was there, apparently any more reason for providing for a sinking fund to pay off water bonds than for the bonds issued for the building of a bridge or a city hall.

The true meaning of the paragraph last quoted, I have no doubt, the meaning which would be given to it by the courts, would be better expressed in the following language:

"Nor shall this section be construed to prevent the issue of the bonds in excess of 10 per centum to provide for the supply of water, but the terms of the bonds so issued shall not exceed twenty years, and a sinking fund shall be created, etc."

The meaning is the same which ever form of expression is adopted.

I therefore answer both of your questions in the negative.

Yours respectfully,
WILLIAM F. COGSWELL.

JUDGE DANFORTH'S OPINION.
STATEMENT.

On the 30th of August, 1892, the Common Council of the City of Rochester directed the issue of the City's bonds to an amount not exceeding One Million Dollars, for the purpose of providing an additional water supply for that city,—declared that they should "be due in fifty years from the date" of issue and "be redeemable at any time after twenty years" from that date. No sinking fund was created for their redemption.

The city at the time of this action by the Common Council contained over one hundred thousand inhabitants, but its indebtedness, including that provided for as above stated or the larger amount authorized by the statute under which the Common Council acted (Laws of 1892, Chapter 358), did not then exceed and has not since exceeded ten per cent. of the assessed valuation of its real estate subject to taxation as it appeared by the assessment rolls of said city on the last assessment for State or County taxes prior to the action of the Common Council. The bonds are within the purview of the act of the Legislature above referred to and conform to its provisions.

The question submitted to me is, whether under these circumstances the bonds in question are authorized by law and will, when issued, constitute a valid indebtedness against the City of Rochester.

OPINION.

In the absence of constitutional restriction the Legislature, undoubtedly, may determine what monies a municipal corporation may raise and expend, how those monies shall be raised and what taxation for municipal purposes may be imposed. There was no constitutional restraint upon its exercise of this power prior to 1874. In that year, however, the discretion of the Legislature was limited by a constitutional provision that no city "be allowed to incur any indebtedness except for city purposes" (Art. 8, Sec. 11 of the constitution as adopted November 3, 1874). To supply a city with water is a "city purpose," and it is for that purpose the indebtedness in question is to be created. The authority of the Legislature is, therefore, in this instance unaffected. But its discretion was further limited by a constitutional amendment (to Sec. 11 of Art. 8) adopted November 4, 1884, by which it was provided that no city containing one hundred thousand inhabitants "shall be allowed to become indebted for any purpose or in any manner to an amount, which including existing indebtedness shall exceed ten per centum of the assessed valuation of the real estate of such — city subject to taxation as it appeared by the assessment rolls of said — city on the last assessment for State or County taxes prior to the incurring of such indebtedness."

The general power of the Legislature to enable a city of over one hundred thousand inhabitants to contract debts is not interfered with by these words nor do they have any effect until a city having that population is either already indebted to an amount equal to ten per cent. of the assessed valuation of its real estate subject to taxation or will become so by the new indebtedness. This is apparent from the literal reading of the amendment and also from the consequence imposed upon its violation. The indebtedness contracted or allowed, so it be under the proportion of per cent. specified, is not rendered invalid, but only the "indebtedness in excess of such limitation" — is declared to "be absolutely void except as "in said amendment" is otherwise provided. Referring to, as excepted from this penalty, certain certificates and water bonds afterwards mentioned. The then succeeding clause enforces this interpretation: It reads, "No such city" (that is, no city of over one hundred thousand inhabitants) "whose present indebtedness exceeds the percentage before named, shall be allowed to become indebted in any further amount until such indebtedness shall be reduced within such limit."

Two conditions, therefore, must combine to bring a city within the constitutional prohibition. First. It must have a population exceeding one hundred thousand persons. Second. Its indebtedness must be in excess of the limitation of ten per cent. prescribed therein. Until these conditions concur, any city may enjoy the favor of the Legislature within the

limit designated precisely in the same way as if the constitution had not been amended. The prohibition is against allowing, by legislation, a city of over one hundred thousand inhabitants to become indebted in amount exceeding ten per cent. of the assessed value of its real estate estimated as prescribed in the constitution, and against that only.

The City of Rochester, although possessing a population of over one hundred thousand persons, was not so indebted at the time the Legislature enabled it to issue bonds, nor at any subsequent time. The constitutional amendment, therefore, has no application to that city.

Again: The amendment is directed against the allowance of an indebtedness which is declared to be excessive, because exceeding the limit of ten per cent., but it is even then provided, that "this section," that is, this prohibition against an indebtedness beyond the fixed limit, "shall not be construed to prevent the issuing of certificates or bonds in anticipation of the collection of taxes to be collected in the same year. To that extent and in that way the limit may be exceeded with impunity. There is also this declaration,—“nor shall this section be construed to prevent the issue of bonds to provide for the supply of water, but the term of bonds issued to provide for the supply of water shall not exceed twenty years, and a sinking fund shall be created on the issuing of said bonds for their redemption.” as therein prescribed. This also permits and anticipates the issue of water bonds by a city where condition, as regards indebtedness, renders the action of the Legislature impossible because the limit of legislative allowance has been reached.

These are the classes of indebtedness which have been referred to as expressly excepted from the penalty imposed upon excessive indebtedness otherwise contracted.

In my view, therefore, of the constitutional provision, (1) a city of 100,000 inhabitants may be allowed by the Legislature to incur debts for city purposes, including, of course debts contracted for a supply of water, in such manner as it may prescribe and to any amount, so that its whole indebtedness does not exceed the ten per cent. as defined in the constitution. (2) An indebtedness beyond that limit is void as to excess, unless that excess includes certificates of indebtedness or revenue bonds or water bonds in the form and with the terms prescribed by the constitution, in which case, also, the indebtedness so represented is valid, although in excess of the limitation. (3) The City of Rochester not being indebted beyond the constitutional limit is not affected by or included in the constitutional prohibition and the bonds in question are not affected by it.

It follows also that the act of the Legislature (Chapter 358, Laws of 1892) is free from constitutional objection. The Legislature was dealing with a city whose debts were less than the constitutional limit and it was competent for the Legislature to confer upon it such privilege as it thought proper, so that such limit was not exceeded.

It is my opinion, therefore, that the issue of the bonds in question was authorized by law; that they are not of that class of bonds which the constitution declares shall be made payable at a time not exceeding twenty years and for the redemption of which a sinking fund shall be created, but, on the contrary, are of opinion that they do in their present form and by virtue of the act of 1892 (Chap. 358) constitute a valid indebtedness against the City of Rochester.

GEORGE F. DANFORTH.

September 24, 1892.

Upon the receipt on Saturday of these opinions it was believed by such members of the Finance Committee as could be reached, that a consultation with Clark & Sedgwick would

be advisable, and, therefore, that its chairman and the president of the Common Council who had entire familiarity with the subject, should go to New York, for that purpose. It was also thought advisable to ask the Hon. Donald McNaughton, who represented this senatorial district in the legislature at the time the formation of the enabling act was agreed upon, and who had had numerous conferences with Professor Collin and Governor Hill in reference to it, to also go to New York. Senator McNaughton very kindly offered to assist in the matter and the chairman of the Finance Committee and the president of the Common Council immediately left for New York. Before going they received a letter from the secretary of the Franklin Savings Bank, of New York City, a copy of which follows:

NEW YORK, Sept. 22, 1892.

S. B. Williams, Esq., City Treasurer:

Dear Sir:—Our counsel informs me this morning that the bonds that I bid on September 13th, and which were awarded to the bank at 101.95 are not legally issued; inasmuch as the enactment under which they have been made is unconstitutional.

Kindly inform me if you have any way of making them so that we can legally hold them.

Yours very truly,

WILLIAM G. CONKLIN, Sec'y.

On their arrival in New York city, they called upon Mr. Conklin of the Franklin Savings Bank, and ascertained from him that his bank was entirely willing, and indeed anxious for the bonds, providing the constitutional objections could be overcome. Together with Senator McNaughton, and C. D. Kiehel, who was also in New York, they called upon Mr. Quintard, and also upon Clark & Sedgwick. Mr. Quintard expressed himself as entirely satisfied with his purchase, and anxious for the delivery of the bonds, but as his attorneys have advised him that the question of their constitutionality is a serious one, he does not feel like expending the sum of upwards of \$300,000 for them, until the matter has been definitely determined by the courts.

The necessity for procuring this money is very great, as the Executive Board has completed the plans for the new conduit, and is only awaiting the receipt of the money before advertising and letting the contracts for its construction. A long litigation would be disastrous in the extreme, as no work could be done until its conclusion. Your Committee is aware of the careful considerations that this matter has received from former committees, and fortified with the opinions of Messrs. Danforth and Cogswell believes that an action could be commenced, after proper tender had been made on October 1st, and that the purchasers of those bonds could be compelled to take them and pay for them. In the event of serious opposition, however, a final determination might not be reached for several months, and it was therefore thought advisable in conference with Clark & Sedgwick, to suggest to them that a case be agreed upon and submitted to the general term of this department which will begin its October sitting on Tuesday, October 4th.

Messrs. Clark & Sedgwick very readily consented to this proposition, and offered to do anything in their power to aid in procuring a final determination of the questions.

Your Committee, therefore, recommends that the City Attorney, if in the judgment of the Finance Committee, it shall be deemed advisable, be authorized to prepare and agree upon a case with those gentlemen, and submit the same to the general term upon argument, at the earliest possible day. In view of the vast disadvantages to which the city would be put in the event of an adverse decision being reached by the general term or the court of

appeals, it has been thought advisable by the Committee to recommend the employment of either George F. Danforth or W. F. Cogswell to assist the City Attorney upon the argument thereof, and your Committee therefore, recommends that the Finance Committee be empowered to retain which ever of those gentlemen it shall seem most advisable for that purpose. It may also become necessary to make a formal tender on October 1st, to the purchasers of those bonds, W. I. Quintard, of New York, The Franklin Savings Bank, of New York, and D. W. Powers of Rochester, of the amount of bonds purchased by them at that sale and in that event, it would be necessary to authorize the proper parties to go to New York, for the purpose.

Your Committee, therefore, recommends that it be empowered to authorize and direct the City Treasurer and such other person as may be necessary to go to New York on October 1st, and make the proper tender to the purchasers of the bonds purchased by them.

Your Committee is profoundly impressed with the importance of the present situation, and is desirous of speedily bringing about a decision of the highest court, which will sustain this council in the steps it has heretofore taken toward the procuring of an additional supply of the much needed Hemlock water for the use of the city and its citizens. The Committee is very grateful to Senator McNaughton for the assistance which he has so readily and cheerfully rendered to its sub-committee on the occasion of its visit to New York.

The following resolutions are submitted with the hope that they will meet the approval of this Council, and be passed at once, in order that no unnecessary delay may occur.

All of which is respectfully submitted.

Dated September 27th, 1892.

MERTON E. LEWIS,
M. B. ADAMS,
HENRY G. COOK,
J. MILLER KELLY,
Finance Committee.

Ordered received, filed and published.

By Ald. Lewis—

Resolved, That the City Attorney, if it shall hereafter be deemed advisable by the Finance Committee of this Common Council be, and he is hereby authorized to prepare and agree with the Messrs. Clark & Sedgwick, attorneys for W. I. Quintard of New York, upon a case to be submitted to the general term of this department, to embrace the question as to the constitutionality of the bonds authorized to be issued under chapter 358 of the laws of 1892, or if the Finance Committee shall deem it advisable to take this course, then that it be authorized and directed to immediately commence an action against William I. Quintard, to enforce the performance of the contract of sale, shall seem that the city is entitled.

Adopted.

By Ald. Lewis—

Resolved, That the Finance Committee of this Council be, and it hereby is, authorized and empowered to employ such counsel, as to it shall seem necessary, if any, to assist the City Attorney upon the argument of the questions of the constitutionality of the water bonds in the general term and court of appeals.

Adopted.

By Ald. Lewis—

Resolved, That the City Treasurer, if in the opinion of the Finance Committee, and the City Attorney, it shall be thought advisable, be, and he is hereby authorized and directed, with the City Attorney, or one of his assistants, to go to New York on October 1st, for the purpose of making a formal tender to W. I. Quintard of New York, and to the Franklin Savings Bank, of New York, of the bonds purchased by them at the recent sale of water bonds held on September 13th.

Adopted.

COMMUNICATION FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

OFFICE OF EXECUTIVE BOARD, }
ROCHESTER, Sept. 27, 1892. }

To the Common Council:

Gentlemen:—The Executive Board recommends to your honorable body the acceptance of Hudson Terrace, in the Hudson Avenue Building Lot Association tract, as a public thoroughfare, in accordance with the prayer of a petition of said association presented to the Common Council and referred to the Executive Board for examination.

Respectfully,

THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Simmelink—Resolved, That the dedication of Hudson Terrace as mentioned in the foregoing communication of the Executive Board be, and the same is hereby accepted as a public street upon the payment of all taxes and assessments, local or general remaining unpaid upon said territory, so taken for said street. And the City Clerk is hereby directed to enter the name of said street in the public register kept by him, and said Executive Board is hereby instructed to place the usual street signs where needed at the corners of said streets. And the City Assessors be and they are hereby directed to strike from the assessment rolls of the City of Rochester the territory taken for said streets as indicated by the map on file in the County Clerk's Office, and Office of City Assessors.

Adopted by the following vote:

Ayes—Ald. Tracy, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, H. G. Cook, Kelly, Alkenhead, Simmelink, Lewis, Forsyth—16.

By the Clerk—

CHICAGO, Sept. 22, 1892.

To the Honorable Mayor of Rochester, N. Y.:

Sir:—I am directed by the Joint Committee on Ceremonies to extend to the Mayor and Aldermen of your city an invitation to attend the Dedicatory Ceremonies to be held in this city on October 20th, 21st and 22, 1892, in honor of the completion of the buildings of the World's Columbian Exposition.

Will you kindly furnish me with the names and postoffice addresses so that the invitations may be properly engrossed at this office and forwarded at once.

Very truly yours,

E. C. CULP,

Secretary.

Upon motion of Ald. Lewis, ordered received, filed and published and that the invitations be accepted; also that the City Clerk forward the names and addresses as requested.

By the Clerk—Communication from Charles E. Morris, as executor and trustee under the will of the late George H. Thompson, with reference to an erroneous assessment. Upon motion of Ald. Forsyth, referred to Law Committee.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

PLANK WALK IN CHESTER AVENUE.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a plank sidewalk on Chester avenue.

Adopted.

The Surveyor submitted as such estimate, \$500.00.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The construction of a plank walk four feet in width on south side of Chester avenue, from Genesee street to Pioneer street. Also

the necessary sidewalk grading and crosswalks. Property owners to be allowed twenty days in which to construct their own walks.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$500.00 which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on the south side of Chester avenue, from Genesee street to Pioneer street, in proportion to the benefit which each will derive therefrom.

Adopted.

By Ald. Pauckner—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or ordinance or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7:30 o'clock P. M., at the Common Council Chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Morning Herald notice thereof as is required and in the manner specified by Section 172 of the City Charter.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., Sept. 27, 1892. }

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—Agreeably to your direction, heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Morning Herald, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your Honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, September 27, 1892, at 7:30 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvements. Respectfully,

HENRY W. GREGG, City Clerk.

FINAL ORDINANCE NO. 4,877.

WASHINGTON SQUARE IMPROVEMENTS.

On motion of Ald. Pauckner, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to improve Washington square. And after hearing such allegations from all persons appearing.

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Washington Square in accordance with a plan made by F. L. Olmstead & Co., landscape architects. The improvement to consist of grading said square and seeding down the grass plots, making Portland cement walks 8 feet wide on the

four sides and Portland cement walks 10 feet wide in said square, with a space 60 by 80 feet about the Soldiers' Monument constructed in the same manner as the walks; edge stones two inches thick and projecting three inches above the surface to be set along the edge of the walks.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of three thousand five hundred dollars, which, being deemed reasonable, is hereby approved and the whole expense of such improvement is hereby directed to be paid from the public treasury of the city, by the City Treasurer, upon orders drawn pursuant to the future direction of this Common Council.

Adopted by the following vote:

Ayes—Ald. Tracy, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, H. G. Cook, Kelly, Aikenhead, Simmelink, Lewis, Forsyth—16.

Ald. William Ward, Chairman, Special Committee on Matter of Construction of New Bridge over W. N. Y. & P. R. R. at Bronson Avenue

Dear Sir:—I desire to make a suggestion, which, if adopted, may entitle the Rochester Railway Company to commence early operation of its cars by electricity throughout the entire length of the Bronson and Jefferson avenue line.

It is of course necessary that false work be constructed before a new iron bridge can be placed in position. If the city and the Western

New York & Pennsylvania R. R. Co. shall consent, the Rochester Railway Company will build a trestle across said tracks at Bronson avenue, in place of the old bridge, which cannot be used such trestle to be constructed wide enough and strong enough to allow the passage of cars across the same, and to allow teams to pass a car crossing such trestle. When the question has been settled as to whether the Railroad Company is liable for the construction of a bridge, the trestle referred to can be used as false work in the construction of the new bridge. The Rochester Railway Company will if permission be obtained, at once commence this work and have the cars operating throughout the entire length of the line by electricity within a few days after such construction is commenced.

I would respectfully suggest that much time might be saved, in case my suggestion strikes the members of the Board favorably, by the Common Council conferring power upon your committee to consent to the foregoing, in case the Western New York & Pennsylvania R. R. Co. will also consent.

Respectfully yours,
J. N. BECKLEY,
President.

Ordered received, filed and published.

Resolved, That the Rochester Railway Company be, and it hereby is, permitted to erect a trestle over the tracks of the Western New York & Pennsylvania R. R. Co., at Bronson avenue, for the purpose of running its cars on Bronson avenue until the proposed bridge is completed. Said permission to be subject to the consent of the said W. N. Y. & P. R. R. Company.

Adopted.
By Ald. Simmelink—Petition of Maria E. Henderson with reference to an erroneous assessment. Referred to Assessment Committee.

Also petition for the laying of water mains in Norton street, from St. Paul to Hollenbeck streets. Referred to Water Works Committee and Executive Board.

By Ald. Simmelink, by request of Ald. McMillan—Petition of Julia F. Cline for permission to erect a wooden building on Adams street. Referred to Wood Building Committee and Fire Marshal with power to act.

By Ald. Lewis—Resolved, That the City Treasurer be, and he hereby is directed to transfer to Contingent Fund the sum of \$1,037.00, now credited to Stationary Engineers Fund and that he be further directed to place to credit of said Contingent Fund all future receipts from licensing of stationary engineers.

By Ald. Lewis—Resolved, That the Executive Board be, and it is hereby authorized and empowered to extend a suitable water main in Holmdel Park, from East Main street to the northerly end thereof, and that the expense thereof be paid out of any moneys in the Water Works Fund, not otherwise appropriated.

Adopted.
By Ald. Lewis—Resolved, That the City Treasurer be, and he is hereby authorized and directed to transfer to the Contingent Fund the amount of money in the fund heretofore known as the Baldwin Street Extension Fund, and to close said account.

Adopted by the following vote:
Ayes—Alds. C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, H. G. Cook, Aikenhead, Simmelink, Lewis—12.

By Ald. Lewis—Offer of John George Hofferbert, et al to dedicate a street to the city of Rochester, known as Council avenue. Referred to Executive Board.

Upon motion of Ald. Lewis the Board then adjourned.

HENRY W. GREGG, City Clerk.

in Common Council—October 4, 1892.

REGULAR MEETING.

Ald. Thomas McMillan, President of the Board, presiding.

Present—Alds. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Simmelink, Lewis, Forsyth, Bierbrauer—18.

APPROVAL OF MINUTES.

The minutes of the previous meeting were approved as published.

PRESENTATION OF PETITIONS, REMONSTRANCES, BILLS, ACCOUNTS, ETC., AND THEIR REFERENCE.

By Ald. McMillan—Application of Irma L. Busby for appointment as Commissioner of Deeds. Referred to Law Committee.

By Ald. Johnston—Petition for the erection of an electric light at the corner of Smith and Jones streets. Referred to Lamp Committee and City Electrician.

By Ald. Dewey—Petition of G. W. Trott for permission to erect a wooden building on St. Paul street. Referred to Wood Building Committee and Fire Marshal with power to act.

By Ald. Pauckner—Whereas the City Treasurer by a resolution of this Council passed January 12th, 1892, was authorized to receive from J. C. Bowen the amount of his assessment for the grading of Klinck street together with six per cent. interest thereon, providing the same should be paid by February 1st, 1892, and whereas through some misunderstanding, the amount was not paid prior to that date, therefore,

Resolved, That the time within which said assessment may be paid, with six per cent. interest be on or before the 10th day of November, 1892.

Adopted.
By Ald. Pauckner—Resolved, That the Surveyor be, and he hereby is, requested to establish the grade for a sidewalk on the south side of Sanford street, from Mt. Hope avenue to Poplar street.

Adopted.
By Ald. Kelly—

CITY SURVEYOR'S OFFICE,
ROCHESTER, N. Y., Oct. 3, 1892.

Alderman J. Miller Kelly:

Dear Sir:—In the matter of assessment of lot of Eliza Kircher on Saxton street, said lot being middle part of lot No. 4 of subdivision of lots 50, 51 and 52 of the Whitney tract, for the building of sections Nos. 1 and 2 of the Lyell avenue and Saxton street outlet sewer, I have to say that the assessment was made on a frontage of forty-seven and one-half feet, while the actual frontage of the lot is only thirty-nine feet, and the assessment should have been on that frontage.

Very respectfully yours,
J. Y. McCLINTOCK,
City Surveyor.

Received, filed and published and referred to Assessment Committee.

By Ald. Lewis—Petition of Belle and Helen Hall for permission to erect a wooden building on North Goodman street. Also remonstrance against the same. Referred to Wood Building Committee and Fire Marshal with power to act.

By Ald. Forsyth—Petition of M. M. Wadsworth for permission to erect a wooden building on Chili avenue. Referred to Wood Building Committee and Fire Marshal with power to act.

Also petition for changing the name of Mansion street to Bellevue Road. Laid upon the table for two weeks under the rules.

REPORTS OF STANDING COMMITTEES.

By Ald. Forsyth—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Law Committee would respectfully report that in September, 1891, pursuant to a resolution of the Common Council the then chairman of the Law Committee was authorized to enter into a contract with the Plumbley Steel Booth Company of Buffalo, to secure, erect and store certain polling houses. The experience of the city at the general election of last fall and the charter election of last spring show that this contract was being fulfilled in a manner unsatisfactory to the city by reason of the fact, that said booths were not, in every instance erected or placed in position in time sufficient for their use, and as said company is willing that said contract be cancelled at the present time, and as your committee believe, that the interests of the city demand, that the work of placing, removing and storing of said booths be performed by some person, a resident of Rochester. Your committee therefore recommends the adoption of the resolution accompanying this report.

Respectfully submitted,

D. W. FORSYTH,
CHAS. S. COOK,
HENRY G. COOK,
MERLON F. LEWIS,
Law Committee.

Ordered received, filed and published.

Resolved, That the Law Committee be authorized to cancel the contract entered into by the city with the Plumbley Steel Booth Company, of Buffalo, N. Y., providing for the erecting and storing of certain polling houses and that said Law Committee be and it hereby is authorized to enter into an agreement with some responsible person residing in the city of Rochester to erect, remove and store the polling booths now cared for by the said Plumbley Steel booth Company.

Adopted.

By Ald. H. G. Cook—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Assessment Committee begs leave to submit the following report:

In the matter of the petition of Charles F. Pond asking for a remittance of certain assessments for personal taxes, except for the year 1891, against the estate of William R. Loop, deceased, we can see no reason why a remittance should be allowed on said taxes, but recommend that the petitioner be allowed to pay the same with interest down to the date of payment, at the rate of six per cent.

In the matter of the petition of Lorraine H. Filkins, praying for the correction of an assessment against the petitioner's property, situated on the west side of Meigs street, being a part of lot conveyed to the petitioner by deed dated April 30, 1892, and recorded in the Monroe county clerk's office in liber 500 of deeds, at page 324, on the advice of the City Assessors we recommend that petitioner be allowed to pay the sum of forty-six dollars and thirty-seven cents, in full of the assessment against said property.

In the matter of the petition of Charles H. Wiltzie, asking to be allowed to pay one-half of the assessment levied against lots one and two on the southeast side of Webster avenue, in the Eighteenth ward of said city, on the advice of City Assessors we recommend that the petitioner be allowed to pay the sum of five dollars and eighty-one cents, in full of said taxes and assessments.

In the matter of the petition of Thomas Lisle, praying for a rebate upon certain assessments made against lots 82 and 84 on the east side of Orleole street, for the Thrush street sewer, under final ordinance No. 2,844, on the

advice of the City Assessors we recommend that a rebate of eighteen dollars be allowed the petitioner.

In the matter of the petition of A. W. Hakes, praying to have a tax against a strip of land in the Fifteenth ward, on the west side of Post street, sold to the city for the general city tax of 1891, cancelled, we recommend that the petition be denied.

Respectfully submitted,

HENRY G. COOK,
JAMES JOHNSTON,
JOSEPH BIERBRAUER,
Assessment Committee.

Ordered received, filed and published.

By Ald. H. G. Cook—Resolved, That the City Treasurer be, and he hereby is, authorized to receive from Charles F. Pond, as administrator with the will annexed of the estate of William R. Loop, deceased, within thirty days from the passage of this resolution, any assessments against said estate for personal taxes, with interest at the rate of six per cent. down to the date of payment, and that any excess of interest, fees, etc., be charged to erroneous assessments.

Adopted.

By Ald. H. G. Cook—Resolved, That the City Treasurer be, and he hereby is, directed to receive from Lorraine H. Filkins, the sum of forty-six dollars and thirty-seven cents, in full of the city tax for 1892, against lot No. 9 on the west side of Meigs, in the Twelfth ward, assessed to L. H. Filkins, and that he charge the balance of said assessment, with fees and interest, to erroneous assessments, provided said sum be paid within thirty days from the passage of this resolution.

Adopted.

By Ald. H. G. Cook—Resolved, That the City Treasurer be, and he hereby is, directed to receive from Charles H. Wiltzie the sum of five dollars and eighty-one cents in full of the general city tax for 1892, against lots one and two on the southeast side of Webster avenue, in the Eighteenth ward, and that he charge the balance of said tax, with interest and fees to erroneous assessments, provided the same be paid within thirty days from the passage of this resolution.

Adopted.

By Ald. H. G. Cook—Resolved, That the City Clerk be, and he hereby is, directed to draw an order on the City Treasurer, payable from the Contingent Fund, in favor of Thomas Lisle, for the sum of eighteen dollars, being the amount paid in by said Lisle on an assessment under final ordinance No. 2,844, for Thrush street sewer, against lots 82 and 84 on the east side of Orleole street, and charge the same to erroneous assessments.

Adopted by the following vote:

Ayes—Ald. McMillan, C. S. Cook, Calihan, Adams, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Simmelink, Lewis, Forsyth, Bierbrauer—16.

By Ald. H. G. Cook—Resolved, That the petition of A. W. Hakes praying to have cancelled a tax against a strip of land in the Hakes' resubdivision on the west side of Post street, sold to the city for unpaid city tax of 1891, be, and the same is, denied.

Adopted.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

CITY SURVEYOR'S OFFICE,
ROCHESTER, N. Y., Oct. 3, 1892.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—In relation to the petition for relaying sidewalks on Emerson street and Sherman street, and building a flight of steps which was referred to this office at the meeting of September 20th ult., I have to say that we believe the best interests of the public will be served by retaining the sidewalks as they have

been recently built, and so avoid placing a flight of steps in the main line of foot travel on the street.

We have accordingly deferred the preparation of an ordinance until receiving instructions from your honorable body.

Very respectfully yours,
J. Y. MCCLINTOCK,
City Surveyor.

To the Honorable, the Common Council of the City
of Rochester, N. Y.:

Gentlemen:—I deem it my duty to call your attention to the fact, that the expensive bridge being built on East Main street over the Central railroad tracks, is of a most unsuitable design, and its erection will be a source of regret to all public spirited citizens. There is a very prevalent opinion that a better designed bridge should be erected in such a prominent place. Numerous designs can be furnished, any one of which will be more satisfactory than the one adopted. I recommend to your Honorable Body to take such action as will result in closing up the present contract, and having prepared plans for a bridge which will be a credit to this city. Such bridge will carry the roadway across the tracks at its full width without any unsightly truss dividing the road with two parts, and without any cross bracing overhead.

Very respectfully yours,
J. Y. MCCLINTOCK,
City Surveyor.

Gentlemen:—In relation to the petition for an ordinance for repairing Andrews street with a surfacing of macadam, which was referred to this office at the last meeting of your honorable body. Upon investigation we find that there is not a suitable foundation upon which to place macadam, and as this street is destined to be a very important thoroughfare when Andrews street stone bridge is completed. I recommend that the petition be not granted.

ROCHESTER, N. Y., Oct. 4, 1892. }
To the Honorable, the Common Council of the
City of Rochester:

Gentlemen:—Section 426 of the Penal Code of this state contains the following provision:
"A person who willfully obstructs, hinders or delays the passage of any car lawfully running upon any steam or horse or street railway, is guilty of a misdemeanor."

As a rule the people who have charge of vehicles upon our streets are careful and accommodating with reference to the movement of cars upon the tracks throughout the various lines. There are, however, some drivers of teams drawing heavy loads who are habitually unmindful of the fact, that whoever persists in driving in or on the tracks in such manner as to unreasonably impede the progress of a car, they are thereby working an injury not simply to the Rochester Railway Company, but to the large number of people who are being transported in the cars of said company.

The Rochester Railway Company is about to establish a rule, of which the following is the substance:

"On State and Exchange streets, between Central avenue and the Erie canal bridge, and on East and West Main streets between Elm and Sophia streets, each car must be brought to a full stop, whenever a car headed in the opposite direction is standing at a crosswalk, and held until such standing car has started and the crosswalk is clear."

It must be evident to any person familiar with the operation of a street railroad, that the enforcement of this rule will inevitably delay to a considerable extent the movement of the cars, and therefore make the time somewhat longer from the center of the city to the outskirts. It would seem to be more than right that the inevitable delay caused by the enforcement of the above rule should be at least in a measure compensated for by a strict enforcement on the part of the city authorities of the provision of the Penal Code prohibiting persons from hindering or delaying the passage of any car of this company running on any of its lines.

This company is glad to co-operate with the city government in any way it can with the purpose of rendering the movement of its cars more safe and its service more efficient.

I would respectfully suggest that the Common Council take action upon this matter of the unreasonable delay of cars by the drivers of teams drawing heavy wagons, and that an ordinance properly framed be adopted, which shall impose a fine upon any person who is guilty of unreasonably obstructing the passage of the cars; and that such ordinance also impose upon the officers of the city government having the streets in charge, and upon the police department the obligation of enforcing such ordinance.

I am sure that your honorable body will understand that the only object I have in making the above suggestion, is the improvement of the service which the Rochester Railway Company provides.

J. N. BECKLEY, President.

Ordered received, filed and published, and upon motion of Ald. Kelly referred to Penal Ordinance Committee.

By the Clerk—
To the Honorable, the Common Council of the City
of Rochester:

Gentlemen:—I am instructed by the Executive Board to request that your honorable body cause an ordinance to be introduced for the permanent improvement of Mortimer street from Water street to Clinton street. An examination of the roadway of this thoroughfare will show that only a remnant of a pavement laid, perhaps, something antecedent to the attack of Fort Sumter, remain; and, the commercial and business interests centering around this locality demands a substantial permanent pavement.

Respectfully,
THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.

By the Clerk—
To the Honorable the Common Council of the City
of Rochester:

Gentlemen:—In accordance with the request of your honorable body, the Executive Board called upon the owners of lands which the city seeks to condemn for the extension of Sibley street, from Bates to Bowen streets, to ascertain the prices of property. Among those who did appear, there was such diversity of opinion as to the value of the land that the Executive Board recommend the appointment of a commission to appraise it and fix the valuation.

Respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Dewey—Whereas, No agreement for the purchase of lands necessary to be taken for the opening of a street from Bates street to Rowen street in the city of Rochester, under final ordinance No. 4,847, can be made, therefore,

Resolved, That a copy of said ordinance, and of this resolution, together with a map of the street be made and filed in the office of the City Clerk and of the County Clerk, which may shall show thereon the lots, tracts and parcels of land which are deemed necessary to be taken, and the commencement, course and termination of said street proposed to be laid out, according to the provisions of section 174 of the revised city charter, and that the City Attorney be, and he hereby is, instructed to take and institute such proceedings, from time to time, as may be necessary to secure such street opening, as is provided by city charter.

Adopted.

By the Clerk—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—The Executive Board, pursuant to a resolution adopted by your honorable body summoned the owners of the property, as shown on the map made by the City Surveyor, which the city proposes to take for extending Nagel street to Asbury street; and, only one of the two parties interested appearing, the Executive Board recommends the appointment of a commission to determine the value of the land which the city is seeking to acquire for this street extension.

Respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Pauckner—Whereas, No agreement for the purchase of lands necessary to be taken for extending Nagle street to Asbury street in the city of Rochester, under final ordinance No. 4,823, can be made, therefore,

Resolved, That a copy of said ordinance, and of this resolution, together with a map of the street be made and filed in the office of the City Clerk and of the County Clerk, which may shall show thereon the lots, tracts and parcels of land which are deemed necessary to be taken, and the commencement, course and termination of said street proposed to be laid out, according to the provisions of section 174 of the revised city charter, and that the City Attorney be, and he hereby is, instructed to take and institute such proceedings, from time to time, as may be necessary to secure such street opening, as is provided by city charter.

Adopted.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$190, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on the north side of Brown street, in front of which the proposed walk is to be constructed, in proportion to the benefit which each will derive therefrom.

Adopted.
By Ald. Pauckner—Resolved. That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or ordinance, or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7 o'clock P. M., at the Common Council Chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Morning Herald notice thereof as is required and in the manner specified by Section 172 of the City Charter.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., October 4, 1892. }

To the Honorable the Common Council of the City of Rochester.

Gentlemen:—Agreeably to your direction heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Morning Herald, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or amendment thereto, passed or adopted by your Honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements

respectively, to attend the Common Council on Tuesday evening, October 4th, 1892, at 7 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvement. Respectfully,

HENRY W. GREGG, City Clerk.

FINAL ORDINANCE NO. 4,878.

PIPE SEWER IN ALLEN STREET.

On motion of Ald. Ward, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a pipe sewer in Allen street from Oak street to Elizabeth street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a vitrified pipe sewer, 15 inches in diameter in Allen street, from a point opposite the northeast corner of Oak and Allen streets to the sewer in Allen street at Elizabeth street. Also the removal of the present sewer, and the construction of the necessary manholes, surface sewers, lot laterals and branches.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$850, which being deemed reasonable is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Allen street, from Oak street and Ford street, respectively, to Elizabeth street.

By Ald. Callihan—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your City Property Committee begs leave to make the following report:

It has been apparent for a long time that it was necessary to have placed in operation in the City Hall Building, an elevator of sufficient size to accommodate the large number of people who are constantly going to and from the upper floors of the building; and it has seemed to your committee that the present was, perhaps, as feasible and proper a time to make this improvement as could be suggested. Your committee, therefore, through its chairman, solicited from the Graves Elevator Company, an estimate as to the cost of putting in a suitable elevator and received in reply a letter which is hereto annexed. It seems to your committee that it would be advisable before undertaking to let any contracts, or authorizing this work to be done, that an architect should be employed to prepare plans and specifications, and that an exact estimate should be furnished by the architect, and bids should be received for the work to be done. Your committee, therefore, recommends that it be empowered to employ an architect to prepare the necessary plans and specifications and the estimate, and that after such plans and specifications are prepared that it be authorized the solicit bids for doing the work.

In reference to the necessity for additional room for the City Clerk's office it has seemed to your committee that if an elevator is to be put into the building, that it would be entirely satisfactory to all concerned, for the City Clerk's office to be located on the floor above its present location. The Water Works Department which now occupies the room formerly used by the City Clerk, is seriously crowded, and their valuable books and rolls are piled upon the table and shelves to the great disadvantage of the clerks and assistants. The City Clerk and the City Messenger are unable to transact the city's business in their present quarters; but a proposition has been made, and it seems advisable to your committee that it be adopted. To build a temporary partition of wood and glass across the south end of the Common Council Chamber. The Common Council Chamber is really very much larger than is required, and a partition could be put up at a trifling expense, running east and west across the chamber, in such a way that the City Clerk, City Messenger and City Auditor would have all the room that they might need, and still be sufficient room left in the chamber for the Council's requirements.

Your committee, therefore, recommends that the City Property Committee be authorized to procure the constitution of a suitable partition, as described and set forth herein.

Your committee also submits a letter received from A. J. Warner, as to the cost of rebuilding the present Front street building for Police, Fire and Poor Departments, and asks for further time for its consideration.

All of which is respectfully submitted.

MARTIN J. CALIHAN,
ALVIN H. D. WEY,
MERTON E. LEWIS,
JOSEPH BIERBRAUER,

Ordered received, filed and published.

ROCHESTER, N. Y., Sept. 23, 1892.

Alderman M. J. Calihan :

My Dear Sir:—As requested I have made an estimate to take down the City Building on Front street and erect a 3-story fire proof building, covering the entire lot out to the street line, providing therein quarters for Police, Fire and Poor Departments, and find the cost will be \$50,000, this estimate is based upon using all suitable materials from old building.

Yours respectfully,
A. J. WARNER.

OFFICE OF THE GRAVES ELEVATOR CO.,
ROCHESTER, N. Y., September 17, 1892. }
M. J. Calihan, Esq. :

Dear Sir:—In confirmation of our conversation on the subject of the City Hall elevator I will say, that if we were thoroughly posted on the details of the requirements such as height, size and quality of car desired, situation below for placing machinery, which makes a difference in the cost of pipe connections, etc., we could give you an exact estimate of the cost of the elevator completed. Without these details and from what I judge of the requirements, I will say that we could deliver and erect in a first-class manner a hydraulic passenger elevator in the City Hall Building, this city, including a steam pump, pressure and open tanks all water pipe connections and regulating devices completed in a good safe running order for \$4,000.00 to \$5,000.00.

Of course we can put in a more or less expensive one than either of these figures if it were advisable, but we judge your requirements would come within those limits. This includes any cutting floors or casing in of the hatchway, or any carpenter, joiner or mason work, pertaining to alteration of the building. We should be pleased to give exact estimates upon receipt of architect's plans or specifications.

No boiler or steam pipe connections included in this estimate.

Respectfully,
THE GRAVES ELEVATOR CO.,
L. S. GRAVES, President.

By Ald. Calihan—Resolved, That the City Property Committee be, and it hereby is authorized to employ an architect for the purpose of preparing plans and specifications for the construction of a suitable elevator for the City Hall building and to solicit sealed proposals for its construction and to report back to the Common Council.

Adopted.
By Ald. Calihan—Resolved, That the City Property Committee, be and it hereby is authorized to procure the construction of a suitable partition across the south end of the Common Council chamber for the purpose of providing a satisfactory office for the City Clerk, City Messenger and City Auditor.

Ald. Johnston moved that the motion be laid upon the table until the report of the committee on elevator and reconstruction is rendered.

Adopted by the following vote:
Ayes—Alds. McMillan, C. S. Cook, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Pauckner, Kelly, Simmelink—11.

Nays—Alds. Calihan, Dewey, H. G. Cook, Lewis, Forsyth—5.

By Ald. Fox—Petition of Charles Semmel for permission to erect a wooden building corner Clinton and Kelly streets. Referred to Wood Building Committee and Fire Marshal, with power to act.

By Ald. Dewey—Resolved, That the East Side Trunk Sewer Commission be, and it hereby is requested to negotiate with the owners of property located between the east end of Richards street and Adwen street, for the necessary right of way across said prop-

erty for the construction of the proposed East Side Trunk Sewer, and to report the result of such negotiations to the Board at its earliest convenience.

Adopted.
By Ald. Dewey—

To the Honorable, the Common Council of the City of Rochester :

Gentlemen:—In pursuance of a resolution of the Common Council and by direction of the Finance Committee, Second Assistant City Attorney Remington and myself went to New York Friday night to make tender of additional water supply bonds. On Saturday I made tender of said bonds to the purchasers thereof—William I. Quintard and the Franklin Savings Bank at their respective offices.

Respectfully submitted,
S. B. WILLIAMS, Treasurer.

By Ald. Dewey—Resolved, That the Clerk be, and he hereby is, directed to draw an order on the City Treasurer payable from the Contingent Fund, for \$48.12, in favor of S. B. Williams, being for expenses of himself and H. F. Remington, to New York and return to tender water bonds to purchasers of the same, and the Treasurer is directed to charge and carry the said sum to the additional water supply fund when created.

Adopted by the following vote:
Ayes—Alds. McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Simmelink, Lewis, Forsyth—16.

By Ald. Dewey—Resolved, That the East Side Trunk Sewer Commission be, and hereby is requested to negotiate for the lands necessary to be taken for opening a street from the Culver Road to Bowen street, as contemplated by Ordinance No. 4,860, and report the result of such negotiations to this Board at its earliest convenience.

Adopted.
By Ald. Dewey—Resolved, That the use of the City Hall be granted the Commercial Travellers Benefit Association for October 11 and 12th.

Adopted.
By Ald. Dewey—

To the Honorable, the Common Council of the City of Rochester :

Gentlemen:—The undersigned citizens of Rochester, directors and corporators of the Citizens Light and Power Company, an Electric Lighting Company, located in the City of Rochester, respectfully requests the passage of a resolution granting to said corporation, permission to lay construct and maintain conductors and wires within the streets, avenues and public places in the city of Rochester, with connections as may be necessary for the supplying electric light and power to the City of Rochester and the inhabitants thereof; with the provisions, conditions, restrictions, etc., in the form and to the extent as heretofore granted to and required of other corporations of like character in said city, to the end that such corporation shall have and possess the same rights and privileges as conferred by the City of Rochester upon other corporations of like character and subject to the same conditions.

Dated October 4th, 1892.

JAMES W. GILLIS,
ROBERT M. MEYERS,

ISAAC WILLIS,
JONAS JONES,
P. V. CRITTFENDEN,
JOHN H. CHASE,
EZRA M. HIGGINS,
STEPHEN G. HOLLISTER,
MARTIN W. COOK,
And others.

Ordered received, filed and published.

By Ald. Dewey—Resolved, That permission be, and the same is hereby granted to the Citizens Light and Power Company to lay construct, and maintain conductors and wires within the line of the streets, avenues, and public places of the city of Rochester with such connections as may be necessary for the purpose of supplying electric light to the city and the inhabitants thereof, provided, however, that before disturbing the pavement of any street, said company shall execute and deliver unto the city a bond for \$20,000 as sufficient surety to be approved by the Mayor, conditioned that the said company whenever it may disturb the pavements of said streets or places, they shall restore the same to as good a condition as the same were found, and it is further agreed that said company shall and will at all times indemnify and save harmless the city from all damages or liabilities on account of excavations or obstructions that may be made by said company in said streets or places and it is further agreed that said mains conductors and wires shall be laid, constructed and maintained in such a manner as the Common Council shall from time to time direct. And it is also further agreed that the above company shall indemnify all damages caused by their mains or conductors being located upon buildings or private property.

Upon motion of Ald. Dewey, ordered received, filed and published and referred to Electrical Committee.

By Ald. G. H. Cook—Resolved, That the Executive Board be notified of the change in name of Clinton Park and Pinnacle avenue and that they be requested to place the usual street signs and the Clerk enter the name of said street in street register kept by him.

Adopted.

By Ald. H. G. Cook—Resolved, That the City Attorney be, and he is hereby authorized to institute and prosecute actions against all parties against whom bills have been left with him for collection by the Executive Board.

Adopted.

By Ald. H. G. Cook—Petition to change name of Pinnacle avenue to Clinton Park.

Laid upon the table for two weeks under the rules.

By Ald. Kelly—Resolved, That the Executive Board are hereby requested to confer with the management of the Street Railway Company as to the possibility of relieving to some extent the obstruction of the crosswalks at the four corners by cars stopping to take on and deliver passengers and they are further requested if in their judgment it seems advisable to build four new crosswalks as follows: Two across Main street, one being about 30 feet east of State street and one about 30 feet west of State street, and two across State and Exchange streets, one being about 30 feet south of Main street and one being about 30 feet north of Main street, provided it can be arranged so that all cars will stop at these new crosswalks instead of at the existing walks.

Adopted.

By Ald. Kelly—Resolved, That the Executive Board be, and it hereby is directed and requested to negotiate for the lands, rights or easements necessary to be taken for the widening of Hensler Place under Final Ordinance passed this evening.

Adopted.

By Ald. Simmelink—Resolved, That the

Executive Board be, and it is hereby authorized and empowered to put suitable water mains in Hudson Terrace and that the expense thereof be paid out of any moneys in the Water Works Fund not otherwise appropriated.

Adopted.

By Ald. Simmelink—Resolved, That the City Surveyor be, and he is hereby instructed to establish the grade of Flower street.

Adopted.

By Ald. Lewis—Resolved, That the City Surveyor be, and he is hereby instructed to investigate and report to this council at his earliest convenience what if any, sewers heretofore constructed in territory contiguous to the East Side Trunk sewer should be reconstructed, enlarged or repaired to the end that the greatest possible benefit may be derived from the construction of said East Side Trunk Sewer.

Adopted.

By Ald. Lewis—Resolved, That the Clerk draw an order upon the City Treasurer, payable from the Contingent Fund, in favor of the Rochester Bridge & Iron Works the contractors for the construction of Clarissa street bridge under Final Ordinance No. 4,798, for \$24,153.75, the amount of partial estimate certified to be due said contractors by the City Surveyor and that the Treasurer pay said order from the Contingent Fund, and charge the amount thereof to the fund for the construction of said bridge which fund should be reimbursed from the proceeds of the sale of bonds issued and sold under the provisions of chapter 519 of the laws of 1892.

Adopted by the following vote:

Ayes—Alds. McMillan, C. S. Cook, Caliban, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Simmelink, Lewis, Forsyth—16.

Upon motion of Ald. Lewis the Board adjourned.

HENRY W. GREGG, City Clerk.

In Common Council—October 18, 1892.

REGULAR MEETING.

REPORTS OF STANDING COMMITTEES.

By Ald. Forsyth—

*To the Honorable, the Common Council of the City
of Rochester :*

Gentlemen:—Your Law Committee begs leave
to make the following report:

In the matter of the claim of J. J. A.
Burke for services rendered as an expert witness
in the case of Bell vs. the City of Roch-
ester, for fifty dollars, we report that the
same was referred by this committee to the
City Auditor, who has recommended that the
same be paid, and we, therefore, recommend
that a resolution be adopted authorizing the
payment of said claim.

In the matter of the claim of the James
Field Company for decorating the city hall
on Decoration Day, upon the order of his
honor, the Mayor, we also referred said claim
to the City Auditor, who has recommended
that the claim be settled at \$100, and we,
therefore, recommend that a resolution be
adopted paying said claim in full, at the sum
of one hundred dollars.

In the matter of the claim of Peter Sheridan
for postage stamps during the tenure of his
office as city clerk, we also referred the same
to the City Auditor, who has recommended the
same paid, and we, therefore, recommend that
a resolution be adopted ordering the same
paid.

In the matter of a deed of George G. Clark-
son for a certain lot in Mount Hope Cemetery,
we find that on the 13th day of June, 1873,
a deed was delivered to said Clarkson of lot
No. 197 in section C, of said cemetery, which
was never executed by the then mayor, but
that the seal of the city was attached to the
deed, and the same then countersigned by the
then city clerk. Mr. Clarkson has occupied
and been in possession of said property, but,
as the charter provides that the deed must
be executed by the mayor, we recommend that
the mayor be authorized and instructed to
execute a deed to said Clarkson of the above
named lot, for the purpose of correcting the
deed delivered to him improperly executed.

In the matter of the claim of Albert C.
Hobbie for damages caused by the pollution of
Hobbie creek, running through his premises,
we find that a judgment has been recovered
by him against the city, fixing the liability
for damages in his case, and that there is
now an action pending, which is on the present
circuit calendar, for damages occurring after
the judgment was recovered. A demand has
been made by him for \$3,000 damages, occa-
sioned by such pollution, until the East Side
Trunk Sewer would be completed, and, after
considerable negotiation, we have agreed with
him to settle all his damages occasioned by
such pollution, for \$2,000, and we, therefore,
recommend that his damages be settled at that
sum, and that releases be secured from him in
the matter.

In the matter of the claim of Martha E.
Dickinson for damages caused by the pollu-
tion of the same creek running through her
premises, we find that she has begun an
action, which is now pending in the Supreme
Court. Judgments in several actions against
the city for the pollution of the same creek
having established the liability of the city,

and a recovery having been had by Martha
E. Dickinson for the pollution of the stream
down to March 29th, 1880, we have regarded
it to the best interests of the city to secure a
settlement, if a reasonable sum could be agreed
upon. The farm of Mrs. Dickinson contains
over fifty acres, and the stream polluted by
the sewers of the city runs directly through
the center of it, and along the road right in
front of her premises. A demand has been
made upon the city for the sum of \$6,000, for
the damages subsequent to the judgment re-
covered herein, and we have been negotiating
with her, and have finally agreed that the
sum of \$400 per year be paid her for her
damages, and we recommend that the same be
approved by this board.

Respectfully submitted,

D. W. FORSYTH,
MERTON E. LEWIS,
HENRY G. COOK,
CHARLES S. COOK,
Law Committee.

Dickinson against the city has been made and filed, and that a release of any and all claims by or on the part of said plaintiff against the city by reason of the discharge of sewage from any of the sewers of said city into Eobbie creek at any time before the orders hereinafter mentioned, and the rights, privileges and easements in and to said creek flowing over said lands having been executed and delivered to him, that the clerk be, and he hereby is, directed to draw an order on the treasurer, payable from the contingent fund in favor of said Martha E. Dickinson or her attorney, whose name may appear in said certificate, the amount for the costs and disbursements in said action, as certified to by said city attorney, and the further sum of four hundred dollars per annum, from March 29th, 1889; and,

Be it further resolved, That the mayor be, and he hereby is authorized to execute an agreement with said Martha E. Dickinson, in writing, to be approved by said city attorney, to pay said Martha E. Dickinson further sums of money, at the rate above set forth, from the date when the order is drawn, as aforesaid, until the sewage from the sewers within the city shall be diverted from said creek, and that payments shall be made annually.

Adopted by the following vote:
 Ayes—Alds. McMillan, C. S. Cook, Zimmer, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Lewis, Forsyth, Bierbrauer—15.

By Ald. C. S. Cook—
To the Honorable the Common Council of the City of Rochester:

Gentlemen:—Your Police Committee, to which has been referred a resolution passed August 23, 1892, to investigate and report to this Common Council plans and suggestions for suitable precinct stations in this city, we submit that after a careful and full investigation thereof, we are of the opinion, that precinct stations ought to be established. The city has been growing so rapidly for the last ten years, that the services of the police force cannot be effectually rendered by having one central police station in the City Hall. The inconvenience of transferring prisoners from the outskirts of the city to the central station and the long time required for patrolmen to go from the station to their beats and return to the station have been a source of constant annoyance and inconvenience for a number of years. We have learned that patrolmen in the outer wards consume from half an hour to an hour each way from the central station to their beats. The city is still growing as much as it has for past years and we regard that four precinct stations two on each side of the river are necessary for the convenience of the patrolmen and of the security of the citizens.

The people in the outer wards are demanding this protection and it is, we consider, the

duty of this Common Council to give the same service and protection to the residents of the outer wards which are now received and rendered to the people who live in the inner wards.

We, therefore, recommend, that four precinct stations two on each side of the river be established and that the accompanying resolution be adopted authorizing this committee to select suitable sites for the location of said precinct stations hereafter to be erected.

All of which is respectfully submitted.

CHAS. S. COOK,
 J. M. AIKENHEAD,
 WM. PAUCKNER,

Ordered received, filed and published.

By Ald. C. S. Cook—Resolved, That four precinct stations two on each side of the river, in the city of Rochester be, and the same are hereby established and that the Police Committee of this Board be and hereby is authorized and instructed to select suitable sites for the location of such stations, the same to be erected hereafter, and report back to this Board.

Adopted by the following vote:
 Ayes—Alds. C. S. Cook, Callhan, Zimmer, Fox, Johnston, Wurtz, Ward, Pauckner, Aikenhead, Lewis, Forsyth—10.

Nays—Alds. McMillan, Dewey, Kelly, Bierbrauer—4.

A committee from the Chamber of Commerce was heard upon the subject of a temporary water supply and Ald. Lewis presented the following:

By Ald. Lewis—Resolved, That a special committee of five members of this council to which the chairman of the council be added, be appointed by the chair, and that the entire matter of an additional temporary supply of water be referred to such committee. Adopted.

Ald. C. S. Cook from the Police Committee, Ald. Zimmer from the Contingent Expense Committee, Ald. Wurtz from the Health Committee, Ald. Wurtz from the Poor Committee, and Ald. Lewis, by request of Ald. Callhan, from the City Property Committee, reported favorably of the various bills referred to their respective committees and referred them to the Auditor and Finance Committee for payment.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

Commissioner of Deeds.

Ordered received, filed and published.

By the Clerk—

ROCHESTER, N. Y., Oct. 17, 1892.
Gentlemen of the Common Council:

At a meeting of the Board of Health of the City of Rochester, held October 13th, 1892, the following report was received and action taken thereon:

ROCHESTER, N. Y., Oct 12, 1892.

To the Honorable Board of Health,
Gentlemen:—Your committee which was appointed at the last meeting of the Board, to examine the sanitary conditions of the City Hall, beg to report as follows:

In the cellar we found two sinks and one urinal not connected with the sewer, but discharging the waste under cellar bottom. Also two cellar traps unsealed by evaporation. The two heating boilers in the cellar are connected with the sewer, for the purpose of emptying for cleaning. Sometimes the blow-off cocks are opened to discharge a surplus of water, which is caused by the automatic feed not working properly, when this is done the contents of the drain is blown through the cellar trap on the cellar bottom.

In taking up the hot ashes from the boilers water is thrown on them to keep down the dust, in consequence of this the steam and foul gases fill the cellar and ascend through the channels in the walls constructed for the steam pipes, and permeate the building.

In the Police department there are 24 cells, each containing an old style cast iron Hopper water closet, with automatic seat flush, which is not sufficient to keep them in a sanitary condition. The cellar traps in this department are kept closed by being plugged with a cork to keep out the sewer gas.

The wash basins throughout the building are the old style patent overflow pattern, with the Bower trap, which has a rubber ball inside, this ball becomes rotten and very offensive, and the basin overflow cannot be cleaned. In consequence of this the odor arising from the fixtures is very offensive. Under some of the wash stands are swing urinals which are always in an unsanitary condition and should be abolished. None of these fixtures are ventilated.

Under the main stairway on the ground floor are five plunger water closets. The soil pipe from these closets does not extend through the roof, and there is no back vent to them. In consequence of this when one closet is used it unseals the traps of the others and allows the gas to escape in the room. There are two tread urinals and a slop sink in this room, with no ventilation. The wooden racks to urinals are broken and saturated with urine and very offensive, sometimes the closets overflow and flood the apparatus on the floor beneath.

On the top floor there is a broken wash basin and a urinal, the supply to them has been shut off on account of broken basin, the seal of the traps of both have evaporated and allows the gas to escape in room.

The group of water closets off of Council Chamber which were condemned two years

ago, and remodeled and ventilated, and flush urinals constructed are in good sanitary condition.

The main drain and laterals are 12 inch tile, we could find no indications of trap or fresh air inlet on same.

The whole system throughout the building except the water closets and urinals off the Council Chamber is in very unsanitary condition, and should receive immediate attention.

We would recommend that the soil pipes be extended up through the roof, and tank water closets be substituted for the ones now in use. That sanitary wash basins with standing waste with slabs set on brackets, and left open underneath, be substituted for those now in use.

That tip earthen urinals with automatic flush tanks, with slate stalls and floors be used in place of those now in use, and those fixtures not connected with sewer be connected with same. And all fixtures be separately and effectively trapped and ventilated. That the heating boilers be disconnected from sewer and the blowoff be discharged in a condenser before entering drain. That proper sewer traps be constructed for draining the cellar. That a fresh air inlet be constructed, and trap placed on main drain if there is none and the whole system of plumbing be made to comply with the rules of this Board. And the channels for steam pipes be effectually closed to prevent the passage of air from the cellar to rooms above.

In reference to the 24 water closets in the police department, we would recommend that nothing be done with them at present, as there is a probability of the removal of this department to other quarters at an early date.

Yours respectfully,

M. L. MALLORY.

DAVID C. SMITH,

Inspector of Plumbing.

Com. Biegler moved, That the report be accepted, all but that part relating to the recommendation of allowing the 24 closets in the Police department to remain as they are at present, and also that the report as amended be referred to the Common Council for action thereon.

Adopted by the following vote: Ayes—Coms. Curran, Biegler, Hoyt, Whitbeck, Fritzsche—5.

MONROE COUNTY COURT.—In the matter of opening a street from Reynolds street to Jefferson Avenue, in the City of Rochester.

To the Common Council:

Gentlemen:—The undersigned, who were appointed by an order of the Monroe County Court, duly granted on the 12th day of August, 1892, and entered on the 22d day of August, 1892, commissioners to inquire into and determine what damages and compensation the owner or owners, tenants or occupants, of the lands and buildings to be taken for the opening of a street from Reynolds street to Jefferson avenue in said city will be entitled to for the same, respectfully report and certify the several pieces and parcels and premises to be taken for such improvement, the names and residences, and the rights, of the owners thereof, and their award of damages, as incident to the opening of said street, as follows:

The several pieces and parcels of land required for such purpose, and necessary for the opening of said street, and described as follows: reference being had to the map of said proposed street filed in the City and County Clerk's office.

PARCEL NO. 1.

All that tract or parcel of land, situated in the City of Rochester, County of Monroe and

State of New York, bounded and described as follows:

Beginning at a point in the east line of Jefferson avenue, two hundred and seventy-eight and twenty-five hundredths (278.25) feet south of the southeast corner of Jefferson and Columbia avenues, where the center line of the proposed street intersects said Jefferson avenue; thence east, along the south line of premises owned by Mary E. Briggs, on Jefferson avenue, and the center of said proposed street, to the west line of Reynolds street; thence north, along the west line of Reynolds street, twenty-five (25) feet; thence west, on a line parallel with, and twenty-feet from, the center line of said proposed street, and the south line of premises owned by Mary E. Briggs, to the east line of Jefferson avenue; thence south, along the east line of Jefferson avenue, to the place of beginning.

These premises are owned by Mary E. Briggs, who resides in Rochester, N. Y., and are subject, first, to a mortgage to secure any indebtedness of Briggs Brothers and Company to Henry B. Hathaway and Charles Gordon, dated March 16th, 1880, and recorded in the Monroe County Clerk's Office in Liber 229 of mortgages, at page 52; and, second, to a mortgage for \$1,200.00, dated December 13th, 1882, and recorded in the Clerk's Office in Liber 247 of mortgages, at page 229, running to Asa T. Soule, and third, also to the determination of an action pending in the Supreme Court between Maria E. Briggs, as administratrix, etc., against Mary E. Briggs and others, in which the lis pendens was filed in said Clerk's Office June 3d, 1891.

PARCEL NO. 2.

Also, all that other tract or parcel of land, situate in the city, county and state aforesaid, bounded and described as follows: Being a part of lot No. 17 of the Rapids tract, so called, and being a subdivision of Great Lots 12, 24 and 36 of the 4,000 acre tract, and more particularly described as follows:

Beginning at a point in the east line of Jefferson avenue, three hundred and fifty-six and seventy-five hundredths (356.75) feet north from the northeast corner of Jefferson avenue and Flint street, where the center line of the proposed street intersects the east line of Jefferson avenue; thence east, along the north line of the premises owned by Bernard and William H. O'Kane, and the center line of said proposed street, one hundred and thirty-three (133) feet, to the west line of premises owned by James P. Tumilty and Edwin Medcalf; thence southerly, along the west line of said Tumilty and Medcalf's land, twenty-five (25) feet; thence westerly, on a line parallel with, and twenty-five feet from, the north line of said O'Kane's land, and the center line of said proposed street, to the east line of Jefferson avenue; thence north, along the east line of said Jefferson avenue, twenty-five (25) feet, to the place of beginning.

These premises are owned by Bernard and William H. O'Kane, as tenants in common, who reside in the city of Rochester, N. Y.

PARCEL NO. 3.

Also, all that other tract or parcel of land, situate in said city, county and state aforesaid, and being a part subdivision lot No. 18 of Great Lots Nos. 12, 24 and 36 of the 4,000 acre tract, in township No. 1, short range, and more particularly described as follows:

Beginning at the northeast corner of land owned by William H. and Bernard O'Kane, above described, at a point in the center of the proposed street, one hundred and thirty-three (133) feet from the east line of Jefferson avenue; thence east, along the north line of premises owned by James T. Tumilty and Edwin A. Medcalf, and the center line of said proposed street, one hundred and thirty-three feet, to the northeast corner of land owned by

Michael J. Costello; thence south, along said Costello's west line, twenty-five (25) feet; thence west, on a line parallel with, and twenty-five (25) feet from, the north line of said Tumilty and Medcalf's line, and the center line of the proposed street, to the east line of said O'Kane's lands; thence north, along said O'Kane's east line, twenty-five feet, to the place of beginning.

These premises are owned by James P. Tumilty and Edwin A. Medcalf, as tenants in common, who reside in the city of Rochester, N. Y.

PARCEL NO. 4.

Also, all that other tract or parcel of land, situate in the city, county and state aforesaid, and being parts of lots 19 and 20 of Town lots Nos. 12, 24 and 36 of the 4,000 acre tract, so called, and more particularly described as follows:

Beginning at the northeast corner of land owned by James P. Tumilty and Edwin A. Medcalf, above described, at a point in the center line of the proposed street; thence east, along the north line of premises owned by Michael J. Costello, and the center line of said proposed street, about two hundred and sixty-five (265) feet, to the northwest corner of lands owned by Parmelia Sands, now Parmelia Simmons; thence south, along said Sands or Simmon's west line, twenty-five (25) feet; thence west, on a line parallel with, and twenty-five feet from, the north line of said Costello's land, to the east line of said Tumilty and Medcalf's lands; thence north, along said Tumilty and Medcalf's east line, twenty-five (25) feet, to the place of beginning.

These premises are owned by Michael J. Costello, who resides in Rochester, N. Y., and are subject to a mortgage for \$1,500.00, dated September 27th, 1892, and recorded in the Monroe County Clerk's Office in Liber 356 of mortgages, at page 314, and running to the Mechanics' Savings Bank.

PARCEL NO. 5.

Also, all that other tract or parcel of land, situate in said city, county and state aforesaid, and being part of lot 21 of original lots 12, 24 and 36, in the 4,000 acre tract, so called in Township No. 1, short range, and more particularly described as follows:

Beginning at the southeast corner of lands owned by Michael J. Costello, above described, at a point in the center line of the proposed street; thence east, along the north line of premises owned by Parmelia Sands, now Parmelia Simmons, thirty-three (33) feet, to the northwest corner of lands owned by Michael H. Mitchell, on the west side of Reynolds street; thence south, along said Mitchell's west line, twenty-five feet; thence west, on a line parallel with, and twenty-five feet from, the north line of lands owned by said Parmelia Sands, now Parmelia Simmons, to the east line of said Costello's lands; thence north, twenty-five (25) feet, along said Costello's east line, to the place of beginning.

These premises are owned by Parmelia Sands, now Parmelia Simmons, who resides in the city of Rochester, N. Y.

PARCEL NO. 6.

Also, all that other tract or parcel of land, situate in said city, county and state aforesaid, and being part of lot 21 of original lots Nos. 12, 24 and 36, in Township 1, short range, and more particularly described as follows:

Beginning at a point in the west line of Reynolds street, three hundred and fifty-seven and three tenths (357.3) feet, northerly from the northwest corner of Flint and Reynolds streets, at a point where the center line of said proposed street intersects the west line of Reynolds street; thence west, along the north line of premises owned by Michael H. Mitchell, and the center line of said proposed street, about one hundred and fifty-nine and fifty-three hundredths (159.52) feet, to the

northeast corner of premises owned by Parmelia Sands, now Parmelia Simmons; thence south, along the east line of said lands, twenty-five feet; thence east, on a line parallel with, and twenty-five feet from, the north line of said Mitchell's land, to the west line of Reynolds street; thence north, along the west line of Reynolds street, twenty-five feet, to the place of beginning.

These premises are owned by Michael H. Mitchell, who resides in the city of Rochester, N. Y.

Therefore, we, the subscribers, the commissioners, having been duly sworn, as required by the statute in such case made and provided, and having all met and acted upon the matters submitted to us at the City Attorney's Office, in the City Hall Building, Rochester, N. Y., pursuant to a notice of, at least, ten days published according to law, and having taken a view of every part of the respective premises, and having inquired into and heard the allegations and proofs of the respective parties in interest, do, thereupon, determine and appraise the damages which the several owners, (there being no tenants or occupants other than such owners,) of the several premises thus to be taken for the opening of a street from Reynolds street to Jefferson avenue in the City of Rochester, will severally sustain by being deprived thereof, and fix the compensation which the aforesaid owners respectively shall receive therefor, as follows:

The awards hereby made, after deducting all taxes and assessments which have become a lien upon the lands described, to be paid as hereinafter provided, are as follows:

To Mary E. Briggs, for parcel No. 1, the sum of one thousand dollars, payable, first, to Asa T. Soule, mortgagee aforesaid; subject to the determination of the action brought by Maria E. Briggs in the Supreme Court, above referred to.

To Bernard O'Kane and William H. O'Kane, as tenants in common, for parcel No. 2, the sum of four hundred dollars, payable to them.

To James P. Tumilty and Edwin A. Medcalf, as tenants in common, for parcel No. 3, the sum of seventy-five dollars, payable to them.

To Michael J. Costello, for parcel No. 4, the sum of one hundred and fifty dollars, payable to the Mechanics' Savings Bank, mortgagee aforesaid.

To Parmelia Sands, now Parmelia Simmons, for parcel No. 5, the sum of twenty-five dollars, payable to her.

To Michael H. Mitchell, for parcel No. 6, the sum of twelve hundred dollars, payable to him.

All of which is respectfully submitted.
Dated, Rochester, N. Y., October 17th, 1892.

ACTION ON ORDINANCES.
 FIRST ORDINANCES.

GRADING AND PLANK WALK IN CHESTER AVE.
 By Alderman Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of grading Chester avenue.
 The Surveyor submitted as such estimate, \$1,790.

By Alderman Pauckner—Resolved, That the following improvement is necessary, viz: the grading of Chester avenue for its entire width, and the construction of pine plank walks 4 ft 8 inches wide on each side thereof, from Pioneer street to Genesee street. Also the necessary oak crosswalks.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports

the same at \$1,790, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz: "One tier of lots and parcels of land on each side of Chester avenue, from Pioneer street to Genesee street, in proportion to the benefit which each will derive therefrom.

Adopted.

By Ald. Pauckner—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting, after the passage or adoption of any such resolution, order or ordinance, or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7 o'clock P. M., at the Common Council Chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Morning Herald notice thereof as is required and in the manner specified by Section 172 of the City Charter.

FINAL ORDINANCES.

CITY CLERK'S OFFICE, }
ROCHESTER, N. Y., Oct. 18, 1892. }

To the Honorable the Common Council of the City of Rochester.

Gentlemen:—Agreeably to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Morning Herald, two daily newspapers printed and published in the city of Rochester, N.Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your Honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, October 18, 1892, at 7 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvement. Respectfully,

HENRY W. GREGG, City Clerk.

FINAL ORDINANCE, No. 4,883.

PLANK WALK ON NEILSON PLACE.

On motion of Alderman Pauckner, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a plank walk on Neilson Place from Harris avenue to Conkey avenue, and after hearing such allegations from all persons appearing, the Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of pine plank walk, 4 feet wide, on each side of Neilson Place, from Harris avenue to Conkey avenue. Also the construction of the necessary crosswalks and sidewalk grading. Property owners will be allowed thirty days in which to construct their own walks.

OPENING A STREET FROM ROWE STREET TO GLENWOOD AVENUE.

Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to open a new street from Rowe street to Glenwood avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, and they hereby judge that the public good requires the same to be done, viz:

Opening a new street, from Glenwood avenue to Rowe street, including the area occupied by Champion street, north of said Glenwood avenue and all of Kay Terrace. The land to be taken is described as follows: Beginning at the northeast corner of Glenwood avenue and Champion street; thence north along the east line of Champion street to a point 21 feet east of the east line of Kay Terrace produced; thence northerly along said line parallel to and 21 feet easterly of the east line of said Kay Terrace to the south line of Rowe street, thence westerly on the west line of Rowe street 46 feet to the west line of Kay Terrace; thence southerly along the west line of said Kay Terrace and in the same straight line produced southerly across Deep Hollow to a point 13 feet westerly from the west line of Champion street; thence southerly parallel to said west line of Champion street and 13 feet distant therefrom to the north line of Glenwood avenue; thence easterly along said north line of said Glenwood avenue 46 feet to the place of beginning.

And the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of the proposed street, from Rowe street to Glenwood avenue, as they exist at the date of the passage of this ordinance.

FINAL ORDINANCE NO. 4,888.

PORTLAND CEMENT WALK IN AVENUE E.

On motion of Ald. Pauckner, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a cement walk on Avenue E, from Seneca park bridge to North St. Paul street and after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary, and should be made, to wit:

The construction of a Portland cement walk 5 feet wide on the north side of Avenue E from the east end of Seneca park bridge to North St. Paul street, except where good Portland cement or flag walks now exist, which walks shall be relaid if not conforming to the proper grade and alignment.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of two hundred and twenty dollars, which is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the north side of Avenue E, from the east end of Seneca park bridge to North St. Paul street.

Adopted by the following vote:

Ayes—Ald. McMillan, C. S. Cook, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Lewis, Forsyth—15.

Final ordinance for West street extension came up and on motion of Ald. Wurtz action thereon was postponed four weeks.

UNFINISHED BUSINESS.

Action upon changing the name of Pinnacle avenue to Clinton park, laid over from last meeting, came up and Ald. H. G. Cook presented the following:

By Ald. H. G. Cook—Resolved, That the name of Pinnacle Avenue, from South Ave-

nue east to South Clinton street be changed to Clinton Park, that the Executive Board and Assessors be notified of such change and that the latter be requested to place the usual street signs, and that the clerk enter the name of said street in the street register kept by him.

Adopted by the following vote :
 Ayes—Alds. McMillan, Cook, C. S., Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, Cook, H. G., Pauckner, Kelly, Aikenhead, Lewis, Forsyth.—15.

MISCELLANEOUS BUSINESS.

By Ald. S. C. Cook—Resolved, That the persons named in the assessment roll for the widening of Fien Place, under final ordinance No. 3813, confirmed September 20th, 1892, be and they hereby are granted until the 15th day of January 1892, to make payment of their several assessments for the widening of said Fien Place.

Adopted.
 By Ald. Zimmer—Resolved, That the City Clerk be and he is hereby directed to draw an order on the City Treasurer, payable from the Contingent Expense Fund, for four dollars and twenty-five cents in favor of the Union and Advertiser as per annexed bill. And the Treasurer is directed to charge and carry said sum to the West Side Sewer Fund when created.

Upon motion of Ald. Lewis, laid upon the table.
 By Ald. Adams—Petition of Mrs. J. R. Shankin and Norman B. Musselman for permission to erect wooden buildings.

Granted.
 By Ald. Adams—Whereas the high rate of speed at which trains on the New York Central and Hudson River R. R. have crossed University Avenue in this city at grade constitute a great and constantly increasing danger to travelers upon that thoroughfare, and

Whereas, the said Railroad Company has heretofore agreed to construct an underground crossing for the street so that travel would be under the railroad, which promise said company has thus far failed to keep,

Therefore, Resolved, That the penal ordinance committee be and it hereby is instructed to prepare an ordinance to be introduced at the next meeting of this Council which shall require all trains of said Company to come to a full stop before crossing said street, and prohibiting the crossing of said street by such trains at a rate of speed exceeding three miles an hour.

Adopted.
 By Ald. Fox—Application of George Thein for appointment as commissioner of deeds. Referred to Law Committee.

By Ald. Wurtz—Petition of S. J. Cushman for permission to erect a wooden building on Lake Avenue.

Granted.

ROCHESTER, N. Y., Oct. 6, 1892.

To the Honorable, the Common Council:

The undersigned, as owner, respectfully petitions your honorable body for the privilege of constructing a sewer and laying a water main from a point on Tremont street about (50) feet west of the B. N. Y. & P. R. R. bridge; thence south, about one hundred and forty feet; thence west, about six hundred feet, the same to be done in accordance with the rules and regulations of the Executive Board and the expense of the same to be reimbursed without interest, at the pleasure of your honorable body.

Your petitioner further states that the above privilege, as to its general import, was granted by the Common Council September 22, 1891, excepting that the point of connection was to be about six hundred feet west of the bridge instead of fifty feet as in this petition.

Very respectfully yours,

WILLIAM M. BENSON.

Ordered received, filed and published.

By Ald. Ward—Resolved, That the petition of the said Win. M. Benson be granted to construct a sewer and lay water at his own expense, under direction of the Executive Board.

Adopted.

ROCHESTER, N. Y., October 18, 1892.

To the Honorable, the Common Council:

Gentlemen:—The residents of New Union street petition your honorable body for means to give them a supply of water for domestic purposes. I respectfully submit that I have investigated their complaint and that I find that there is no supply except from wells that are positively polluted, that the health and lives of the people using the water from said wells are daily endangered thereby. I therefore respectfully request that the needed relief asked for by the people on said street be granted.

Respectfully,

J. A. BIEGLER,
 Health Commissioner.

Ordered received, filed and published.

By Ald. Pauckner—Resolved, That the City Treasurer be and he is hereby authorized to discount the City's note for \$2,500 and credit said sum to the Water Works Fund, as authorized by the city charter said note to be discounted under the direction of the Finance Committee and to be countersigned by its chairman and that the discount thereon be charged to the Contingent Fund.

Adopted by the following vote:
 Ayes—Alds. McMillan, C. S. Cook, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, Cook, H. G., Pauckner, Kelly, Aikenhead, Lewis, Forsyth.—15.

By Ald. Pauckner—Resolved, That the Executive Board be and it is hereby directed to extend a suitable water main in New Union street for the purpose of affording relief to the persons mentioned in the communication of Dr. Biegler, and that the expense thereof be paid out of any moneys in the Water Works Fund not otherwise appropriated.

Adopted.
 By Ald. Kelly—Resolved, That the Law Committee be and they are hereby directed to move the voting booth in the 3d district of the 15th ward from its present position on Cameron street to the southeast corner of Cameron street and Myrtle Hill Park.

Adopted.
 By Ald. Lewis—Resolved, That in pursuance of section 81 of the city charter the Clerk be, and he is hereby directed to draw orders upon the City Treasurer in favor of the persons whose names are hereto annexed for the amount set opposite their respective names, being for services rendered under the direction of the Board of Health, and that said sums be charged to the Health Fund.

By Ald. Bierbrauer—
To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Assessment Committee begs leave to submit the following as its report:

In the matter of the petition of D. M. Garson and M. Michaels, praying to be relieved from an assessment for two water services and two sewer connections made on property owned by them jointly or individually, on the corner of East avenue and Upton park, for the the Upton park improvement, we recommend that the petitioners be allowed a rebate on said assessment of twenty-three dollars, being the amount of one water service and one sewer connection, uselessly put in.

In the matter of the petition of Aurela R. Allis praying to have cancelled an assessment against lots 15 and 16 of the Mumford tract, for the Oak street improvement, we find that the former owner of said lots, M. S. Newton, paid the assessment made against said lots in 1866, and has never been refunded the amount so paid, and also, that the heirs of said Newton have executed to the petitioner an instrument authorizing and directing the city treasurer to allow or apply the moneys paid on said improvement upon the reassessment therefor, and we therefore, recommend that the prayer of the petitioner be granted.

In the matter of George S. Riley, praying for an extension of time in which to pay the general city tax and improvement assessment against property on East Main street, we recommend that a further extension be granted to him to the first day of December, 1892.

In the matter of the petition of William Gillis praying to be allowed to pay his portion of the general city tax of 1869, with interest against lots 30 and 31 on Caledonia avenue at the corner of Edmunds alley, we recommend that the petition be granted.

Respectfully submitted,
 HENRY G. COOK,
 JAMES JOHNSTON,
 JULIUS WURTZ,
 JOS. BIERBRAUER,
 C. W. ZIMMER,
 Assessment Committee.

Ordered received, filed and published.
 By Ald. Bierbrauer—Resolved, That the Executive Board be, and it hereby is, directed to deposit with the City Treasurer the sum of sixteen dollars and fifty cents, left with said board by the inspector on the Upton park improvement, and being the amount of one water service erroneously put into the property of D. M. Garson and M. Michaels, on the corner of said park and East avenue, and that the city Clerk be, and he hereby is, directed to draw an order on the City Treasurer in favor of D. M. Garson and M. Michaels, payable from the Contingent Fund, for the sum of six dollars and fifty cents, being the amount of one sewer connection improperly put into the property of said parties, as aforesaid, and that the Treasurer pay to said D. M. Garson and M. Michaels the sum of sixteen dollars and fifty cents, deposited with him, pursuant to this resolution, by the Executive Board, and charge the sum of six dollars and fifty cents to erroneous assessments.

Adopted by the following vote:

Ayes—Alds. McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, Kelley, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—16.

By Ald. Bierbrauer—Resolved, That upon depositing with the City Treasurer copies of the releases executed by the heirs of M. S. Newton to Aurelia R. Allis of all claims to moneys paid in and under the assessment for Oak street improvement against lots 16 and 15 of the Mumford tract, or recording the same in the Monroe County Clerk's office, and upon the execution of releases, approved by the City Attorney, of all claims for principal or interest or otherwise, on the part of said Aurelia R. Allis by reason of the payment of said sum, the City Treasurer be, and he hereby is, directed to cancel the assessment made in 1885 against lots 15 and 16 of the Mumford tract for the Oak street improvement, and charge the same to erroneous assessments.

Adopted.

By Ald. Bierbrauer—Resolved, That the time of payment of unpaid taxes and assessments of George S. Riley, as stated in the resolution of the Common Council of March 26, 1891, be, and the same hereby is, extended to December 1, 1892.

Adopted.

By Ald. Bierbrauer—Resolved, That the City Treasurer be, and he hereby is, directed to receive from William Gillis the sum of eight dollars and eleven cents, with interest thereon at the rate of six per cent. from March 30, 1870, pursuant to Section 211 of the city charter, and the certificate of the city assessors made thereunder, and dated October 22, 1892, being his equitable proportion of the general city tax for 1839, against lots 30 and 31 of Caledonia Town Lot No. 54, on Caledonia avenue, for which said lots were sold to the City of Rochester on March 30, 1870, for the general city tax of 1869, and that the balance of said tax, with interest, fees, etc., allowed by the city charter be and remain a lien against the balance of said lots, in accordance with the provisions of the charter above referred to, and that, upon the payment of said sum, with interest, within thirty days from the passage of this resolution, the portion of said lots owned by said Gillis be released from the lien of said tax.

Adopted.

By Ald. Lewis—

To the Honorable the Common Council of the City of Rochester.

Gentlemen:—Your Finance Committee, to which was referred the matter of the application of the Civil Service Commissioners, in which they request the payment to them of salaries proportioned to the work which they do; your committee has considered the matter, and believes that said commissioners are entitled to compensation for the amount of work which they are called upon to perform. The commissioners who have charge of the examination of applicants for positions in the public service, other than the Police and Fire Departments, were on their application about a year and a half ago allowed a sum of one hundred and eighty dollars per annum each. These salaries were supposed to be upon the basis of fifteen dollars for each commissioner for each examination, including the preparation of the questions in the examination of the candidates and their papers. It was believed that each commissioner would hold on an it was thought that fifteen dollars for each average twelve examinations per annum, and it was thought that fifteen dollars for each commissioner for his services in conducting

such examination, would be perhaps satisfactory. The commissioners who have the examination of applicants for Police and Fire Departments have, perhaps, a larger number of people before them, and possibly are compelled to spend more time in the preparation and inspection of the papers connected with such examination than are the commissioners in the other branch, and that being so, it is fair perhaps that they should receive a larger compensation for each examination; but, on the other hand, it is probably also true that the examinations of the candidates for Police and Fire Department positions are very much less frequent than those of the other departments. It is believed that on an average, the commissioners for the examination of policemen and firemen have not been and will not be compelled to hold more than two examinations per year.

In view of all the foregoing, and believing that the city, like an individual, should pay for whatever service is rendered to it, and at a fair price, your committee has concluded to recommend that there be paid in like manner as other salaries of other city officials, to each of the Civil Service Commissioners, having charge of the examination of applicants for Police and Fire Department positions, the sum of fifty dollars per year.

All of which is respectfully submitted.

OFFICE OF THE
 EAST SIDE TRUNK SEWER COMMISSION, }
 ROCHESTER, N. Y., Nov. 1, 1892. }

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Pursuant to the terms of resolutions adopted by your honorable body at a meeting of August 23rd, last, presented by Ald. Dewey, the East Side Trunk Sewer Commission entered into negotiations with M. Kondolf for the right of way for the sewer through his property to Monroe avenue, and obtained from him a proposition that he would grant such privilege for the sum of three thousand (\$3,000) dollars.

Negotiations were also had with Stephen W. Adwen, the right of way through whose lands, between the east end of Richard street and Adwen street, it is necessary to acquire; and from him was obtained a proposition to grant the privilege sought to be obtained, for the sum of two hundred and fifty (250) dollars.

After a full consideration of the respective propositions the East Side Trunk Commission deem them fair and equitable for the purposes named and it is therefore recommended that your honorable body instruct the city attorney to prepare the necessary easements, and that on the filing with, and the approval by, him, of the agreements entered into by the owners of property above named, the City Treasurer be authorized to pay said parties the sums above stated for the privileges and grants necessary for the construction of the trunk sewer.

Respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Dewey—Resolved, That upon the certificate of the City Attorney that a proper easement or right of way for the East Side Trunk Sewer has been executed and delivered to said city by Mathias Kondolf, through his property to Monroe avenue in accordance with the plans prepared therefore, the Clerk of the East Side Trunk Sewer Commission be and he hereby is directed to draw an order on the City Treasurer in favor of the said Mathias Kondolf for the sum of \$3,000, payable from the

East Side Trunk Sewer Fund and charge the same to said fund.

Adopted by the following vote:

Ayes—Ald. McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—16.

By Ald. Dewey—Resolved, That upon the certificate of the City Attorney that a proper easement or right of way for the East Side Trunk Sewer has been executed and delivered to said city by Stephen W. Adwen, through plans prepared therefore, the Clerk of the East street and Adwin street in accordance with the plans prepared therefore, the Clerk of the East Side Trunk Sewer Commission be and he hereby is directed to draw an order in favor of Stephen W. Adwin, in the sum of \$250, payable from the East Side Trunk Sewer Fund and that the said treasurer charge the same to said fund.

Subscribed and sworn to before me, this 1st day of November, 1892.

JOHN G. MUTSCHLER,
 Commissioner of Deeds.

Ordered received, filed and published.

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD, }
 ROCHESTER, Nov. 1, 1892. }

To the Honorable, the Common Council:

Gentlemen:—The following action was taken by the Executive Board at a regular meeting held October 28, 1892:

By Mr. Aldridge—Whereas, A cash guaranty in the sum of \$1,711.68 was given the city of Rochester by Henry Bolze, contractor, for the maintenance of Gorham street asphalt pavement for a period of five years from the date of its completion, and

Whereas, The time of such guaranty expired September 2, 1892, and the pavement is certified to this Board as in good order, therefore

Resolved, That the Clerk of this Board request the Common Council to authorize the Treasurer of the city of Rochester to pay to Henry Bolze, contractor for the Gorham street asphalt improvement, Ordinance No. 3,002, the sum of \$1,711.68, being the amount retained by the city of Rochester as security given by said Bolze for the repair and maintenance of said improvement for five years. Adopted.

Pursuant to the terms of the above resolution it is requested that you authorize the City Treasurer to refund to Henry Bolze, the amount of money deposited as guarantee for the Gorham street asphalt improvement.

Respectfully,

THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Lewis—Whereas, By resolution of this Common Council, passed September 20, 1887, the City Treasurer was directed to loan the sum of \$1711.68, retained from the contract price for the asphaltum improvement on Gorham street under Ordinance No. 3002 to any person or persons or corporation as may at any time thereafter have been consented to by the contractor Henry Bolze upon a bond, mortgage upon real estate to secure the payment of said bond, and

Whereas, By an agreement in writing bearing date November 1st, 1887, said Henry Bolze gave his consent to the loaning of said money, as provided in said resolution, and

Whereas, The City Treasurer on the 2nd. day of November did loan to Jacob Gerling the said sum of money and took his bond therefore, secured by a mortgage upon real estate to which said Henry Bolze gave his consent in working, and

Whereas, The time for the retention of said moneys by the said city of Rochester under contract with Bolze for said improvement has expired, and

Whereas, The Executive Board of the city has certified to this council, that the said contract has been fulfilled, all the conditions of said contract and said improvement is in a good and proper condition, and

Whereas, Said Jacob Gerling is ready and willing to pay the money so loaned to him.

Now, therefore, be it resolved, That said Jacob Gerling be and he hereby is authorized to pay to the City Treasurer the said sum of \$1711.68, with all interest due and remaining unpaid thereon, and said Treasurer is hereby authorized and directed to pay over to said Henry Bolze, and take his receipt therefore, for the said sum of \$1711.68, with such accrued interest and the Mayor of the City of Rochester be and he hereby is authorized to discharge and release the said bond and mortgage.

OFFICE OF EXECUTIVE BOARD, }
ROCHESTER, NOV. 1, 1892. }

To the Common Council:

Gentlemen:—Sealed proposals were received by the Executive Board on October 10th, for the construction of a stone arch bridge over the Genesee river at Court street, and upon being canvassed it was found that the lowest bid of the four tenders made was about \$26,000 in excess of the estimate of the City Surveyor,

and, as the charter prohibits the letting of any public work, the prices for which exceeds the estimate, no award was made.

Advertisements for proposals were again published and on the day designated for receiving the proffers for the work, it was learned that the specifications had been altered in a material particular without the concurrence of the Executive Board, and, therefore, proposals for the bridge were declined.

The judgment of the Executive Board is that the present estimate is not large enough to permit the construction of a bridge at Court street on the original plan and specifications, and according to which this board is of the opinion it should be built. Therefore it is recommended that your honorable body cause a new ordinance to be presented and adopted, in which the estimated cost of the Court street viaduct shall not be less than \$160,000.

Respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published, and upon motion of Ald. Dewey referred to the Special Committee on Court Street Bridge, to report back at the next meeting.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

PLANK WALK ON FLOUR CITY PARK.

By Alderman Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a plank walk in Flower City Park.

The Surveyor submitted as such estimate, \$1,175.00.

By Alderman Pauckner—Resolved, That the following improvement is necessary, viz:

The construction of a hemlock plank walk 4 feet wide, on the north side of Flower City Park, from Lake avenue to Daisy street. Also the necessary sidewalk grading and crosswalks.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$1,175.00, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on the north side of Flower City Park, from Lake avenue to Daisy street, in proportion to the benefit which each will derive therefrom.

Adopted.

By Ald. Pauckner—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted,

or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting, after the passage or adoption of any such resolution, order or ordinance, or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7 o'clock P. M., at the Common Council Chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Morning Herald notice thereof as is required and in the manner specified by Section 172 of the City Charter.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., Nov. 1, 1892. }

To the Honorable the Common Council of the City of Rochester.

Gentlemen:—Agreeably to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Morning Herald, two daily newspapers printed and published in the city of Rochester, N.Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your Honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, November 1, 1892, at 7 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvement. Respectfully,
HENRY W. GRIGG, City Clerk.

FINAL ORDINANCE NO. 4,889.

PORTLAND CEMENT WALK ON HAND STREET.

On motion of Alderman Pauckner, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a cement walk on Hand street from North St. Paul street to North Clinton street,

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvements is necessary and should be made, to wit:

The construction of a Portland cement walk 4 feet wide on each side of Hand street, from North St. Paul street to North Clinton street, except where good flag or cement walks now exist, which walks shall be relaid if not conforming to the proper grade and alignment.

And the City Surveyor, under the direction of this Council, having made and reported as an estimate of the expense thereof, the sum of four hundred and seventy dollars which, being deemed reasonable, is hereby approved and the whole of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Hand street, in front of which the proposed walls is to be constructed.

OFFICE OF THE EXECUTIVE BOARD.
ROCHESTER, Nov. 15, 1892.

To the Honorable, the Common Council:

Gentlemen:—The Executive Board earnestly recommends that your honorable body instruct the City Surveyor to prepare ordinances for the permanent improvement of the following named streets, the condition of each of which is in itself sufficient argument to demonstrate the necessity existing for new pavements on the several thoroughfares mentioned:

Vincent Place, from east end of bridge to North St. Paul street.

Division street, about 200 feet east of North St. Paul street to North Clinton street.

Stone street, from East Main street to Court street.

Court street, from South Clinton street to the intersection of William street.

Driving Park avenue, sidewalk, south side of street, from east end of bridge to North St. Paul street.

All of the above mentioned roadways, having their location in the business and commercial sections of the city, demand pavements which will withstand heavy traffic and, therefore, should be constructed of substantial material in order to secure permanency and reduce the cost, in the future, of maintenance out of the public funds, to a minimum sum.

Respectfully,

THOS. J. NEVILLE, Clerk.

Received, filed and published, and referred to Improvement Committee.

Ald. C. S. Cook moved that the communication to this council from the Executive Board

of October 4, 1892, with reference to the improvement of Mortimer street, be referred to the Public Improvement Committee.
Carried.

By Ald. Pauckner—

To the Honorable the Common Council of the City of Rochester :

Gentlemen:—For many years past the problem of providing proper sewage for that portion of the City of Rochester lying south of the Pinnacle range of hills has remained unsolved. The health of the residents of this portion of the city, as well as the needs of the public institutions located therein, urgently demand that immediate action be taken by your honorable body, to relieve the present condition.

The sewage from this locality now finds an outlet into small streams, in the town of Brighton, and on account of this litigation has resulted. The county of Monroe has been mulcted in damages and now the City of Rochester is threatened with litigation by reason of the pollution of the Brighton streams.

The state of New York now provides for the maintenance of the Rochester State Hospital, one of the three institutions now located in this territory, and if a proper mode for caring for the sewage of this locality can be devised, undoubtedly an equitable understanding may be reached, whereby the County of Monroe, the state of New York and the residents of fourteenth ward, interested, may bear their proper proportions of the expense for constructing such a sewer.

Your honorable body is therefore requested to have a preliminary survey made, looking toward the construction of a sewer for the relief of this locality, in order that the probable expense and the most feasible route, of such a sewer may be determined.

Respectfully yours,

E. H. HOWARD,
Supt. Rochester State Hospital.
GEO. E. MCGONEGAL,
Supt. of the Poor.
CHAS. A. WEBSTER,
Supt. Monroe Co. Penitentiary.
NORMAN WESTFALL,
H. F. REMINGTON,
A. R. ENGLISH,
CHAS. A. GREEN,

Representing interested property owners.
Ordered, received, filed and published.

By Ald. Lewis—Resolved, That the foregoing communication of Dr. E. H. Howard and others be and the same hereby is referred to the Surveyor and that he be and he hereby is directed to report to this council at the next regular meeting thereof the feasible route for a sewer, the kind of sewer best adapted for the relief of that portion of the City of Rochester lying south of the Pinnacle range of hills, and also the probable expense thereof.
Adopted.

By Ald. Simmelink—Petition of M. J. Runyan for permission to erect a wooden building on North St. Paul street. Referred to Wood Building Committee and Fire Marshal with power to act.

By Ald. Lewis—Petition for electric light on Diamond place. Referred to Lamp Committee and City Electrician.

Also petition for water mains in Garson avenue. Referred to Water Works Committee and Executive Board.

By Ald. Forsyth, by request of Ald. Johnston—Application of Louis H. Daus for appointment as Commissioner of Deeds. Referred to Law Committee.

By Ald. Forsyth—Petition of J. P. Russell for permission to erect a wooden building on Plymouth avenue. Referred to Wood Building Committee and Fire Marshal with power to act.

Also petition of Seymour Boughton with reference to a tax sale. Referred to Assessment Committee.

By Ald. Forsyth—Resolved, That a special committee of three be appointed to confer with the authorities of the Erie Railway Company to secure the widening of the bridge over its tracks at Clarissa street to conform in width with the new bridge now in process of construction.
Adopted.

REPORTS OF STANDING COMMITTEES.

By Ald. Forsyth—

To the Honorable, the Common Council of the City of Rochester :

Gentlemen:—Your Law Committee begs leave to make the following report:

In the matter of the claim of Micajah W. Jackson for damages caused by sewage pollution in the creek running through his property, we find that the courts, in an action heretofore brought by him against the city, allowed him for damages at the rate of \$150 per year, and we, therefore, recommend that this sum be paid to him, upon his executing a release of all damages to the city, to run from

In the matter of the claim of John W. Schrader for damages caused by sewage pollution in the creek running through the premises occupied by him, we find that an action is pending in the Supreme Court for such damages, which is upon the present calendar of the Circuit Court, and that the courts have heretofore in properties similarly situated, rendered judgments for damages at the rate of \$50 per year, and we, therefore, recommend that his claim for damages be adjusted by the payment to him at the rate of \$50 per year, for the six years last past.

In the matter of the claim of Anna Schrader for damages caused by sewage pollution in the creek running through her premises, we have ascertained that a judgment has been recovered against the city for damages to the same property at the rate of about \$100 per year, and that the liability of the city is conclusively established. A second action is pending against the city for damages since the commencement of the first action, and we, therefore, recommend that the sum of \$100 per year for such damages be paid to her, to run from October 3, 1886.

In the matter of the communication of Charles E. Morris, as Executor and Trustee under the will of George H. Thompson, deceased, in regard to assessments upon property belonging to said estate, the City Attorney reports that an action is pending against the city for vacating such assessments, upon the ground that the same are irregular and void, which action is now pending, and has referred to a referee to hear, try and determine, and that the property belonging to such estate is so situated that the assessments for the improvements are very large, and the grounds alleged in the complaint in the action for vacating said assessments are that the assessments are oppressive and that errors were made by the assessors in making such assessments. Upon the recommendation of the City Attorney, we recommend that the payment of all these assessments be accepted, without interest, upon the plaintiff paying, up to date, all claims for taxes or otherwise by the city against the property, and discontinuing the action against the city, with costs to the defendant.

An offer has been made to the Law Committee to procure for the City Attorney's office a complete set of the Common Council proceedings, at a sum not to exceed fifty dollars. The Attorney's office has no copy of the

proceedings, and, as the proceedings of some of the years are out of print, and very scarce, and as it is important that this office have a complete set, we recommend that this Common Council authorize the City Attorney to procure a complete set of the proceedings, at a sum not to exceed fifty dollars.

Respectfully submitted,

D. W. FORSYTH,
MERTON E. LEWIS,
HENRY G. COOK,
CHARLES S. COOK,
Law Committee.

Ordered, received, filed and published.

By Ald. Forsyth—Resolved, That upon the certificate of the City Attorney that stipulations of discontinuance of the actions of the following named parties against the city have been made, and that releases of any and all claims by or on the part of said parties by reason of the discharge of sewage from any of the sewers of the city into Thomas and Hobbie creeks, at any time before the orders herein-after mentioned, and the rights, privileges and easements to the city in and to said creeks flowing over the lands of the respective parties, have been executed and delivered to him, the clerk be, and he hereby is, directed to draw orders on the treasurer, payable from the contingent fund, to the parties named below, or to their attorneys whose names may appear in said certificate, the amount of costs and disbursements of their respective actions, as certified to by the City Attorney, and the further sums, at the rates per annum set opposite their respective names, from the time set forth below, to the date when said orders shall be drawn, as follows: John W. Schrader, fifty dollars per annum, for the six years last past. Anna Schrader, one hundred dollars per annum, from October 13, 1883. Micaiah W. Jackson, one hundred and fifty dollars per annum, from July 13, 1891; and, be it further

Resolved, That the Mayor be, and he hereby is, authorized to execute an agreement with the aforesaid parties, in writing, to be approved by said City Attorney, to pay to said parties, and each of them, a further sum of money, at the rates above set forth from the date when said order is drawn, as aforesaid, until the sewage from the sewers within the city shall be diverted from said creeks, and that payments therefor shall be made annually.

Adopted by the following vote:

Ayes—Alds. McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Ward, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth—14.

By Ald. Forsyth—Resolved, That upon the certificate of the City Attorney that the action now pending in the Supreme Court between Carrie L. Thompson et al against the City of Rochester is discontinued, the City Treasurer be, and he hereby is, authorized to receive the face amount of the assessments for East Main street macadam improvement; Bay and Ackerman streets, Webster avenue and Meng park sewer; Goodman street stone sewer; Ackerman street widening; Finch street pipe sewer and Webster avenue plank walk, without interest thereon, on the property assessed to and owned by the estate of George H. Thompson, deceased, situated on Webster avenue and Copeland street, without interest, provided that all general city taxes upon said property, and other assessments, now due and payable, be paid at the same time, the same to be paid within sixty days after the passage of this resolution, and the City Treasurer is hereby directed to charge said interest to erroneous assessments.

Adopted.

By Ald. Forsyth—Resolved, That the City Attorney be, and he hereby is, authorized to procure a complete set of the Common Council proceedings of this city for the City Attorney's office, at a sum not to exceed fifty dollars.

Adopted by the following vote:

Ayes—Alds. McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Ward, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth—14.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Committee on the Opening and Alterations of Streets to whom was referred the matter of the width of Jennings street, respectfully report:

That the City Surveyor has caused an accurate survey to be made of said street from North avenue to Goodman street showing thereon and also caused an extended search to be made in the Monroe County Clerk's office and in the office of the Clerk of the Town of Irondequoit for evidence as to the width of said street. We find that all descriptions of said street give the width as sixty-six feet, and we can find no data upon which to base a claim for any other width. We are therefore of the opinion, that the width of said street is sixty-six (66) feet, and we recommend that the Executive Board be directed to remove any

and all obstructions on said street as they appear on the map thereof prepared by the City Surveyor May 3, 1892.

Respectfully submitted,
 JOHN B. SIMMELINK,
 J. M. AIKENHEAD,
 D. W. FORSYTH.

COMMUNICATION FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

OFFICE OF THE
 EAST SIDE TRUNK SEWER COMMISSION, }
 ROCHESTER, N. Y., Nov. 15, 1892. }

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—It becomes necessary to obtain the right of way through lands owned by Edward Harris and William S. Little, for the East Side Trunk Sewer, and after negotiations with the respective parties, a proposition was received from W. S. Little and Edward Harris in which they agree to grant the right of way for the sum of \$250 dollars for damage and loss of use of their land.

The Commissioners after full consideration of the proposition recommend that it be accepted and that a resolution be adopted by your honorable body authorizing the payment of the amount above stated on the execution and acceptance by the city of an easement for the purpose of constructing and maintaining the trunk sewer.

Respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Lewis—Resolved, That upon the certificate of the City Attorney that a proper easement or right of way for the East Side Trunk Sewer has been executed and delivered to said city by William S. Little and Edward Harris, through their property in accordance with the plans prepared therefor, the Clerk of the East Side Trunk Sewer Commission be and he hereby is directed to draw an order on the City Treasurer in favor of the said William S. Little and Edward Harris for the sum of \$250, payable from the East Side Trunk Sewer Fund and charge the same to said fund.

Adopted by the following vote:

Ayes—Ald. McMillan, C. S. Cook, Callhan, Zimmer, Adams, Fox, Wurtz, Ward, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth—14.

By the Clerk—

OFFICE OF THE
 EAST SIDE TRUNK SEWER COMMISSION, }
 ROCHESTER, N. Y., Nov. 15, 1892. }

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—By resolution adopted by your honorable body, October 4th, authority was granted the East Side Trunk Sewer Commission to negotiate for lands necessary to be acquired for the construction of the East Side Trunk Sewer through the Bowen property, pursuant to Ordinance No. 4,860, and extending from the Culver Road to Bowen street, but not receiving any proposition from the owner, up to date, after a full statement to him of what the city required to carry forward this work, the commission feel warranted in requesting that the City Attorney be authorized to apply to the court for the appointment of a commission to appraise the value of the land.

Respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Lewis—Whereas, No agreement for the purchase of lands necessary to be taken for the right of way necessary for the outlet of storm overflows proposed to be constructed on the line of the East Side Trunk Sewer, and designed to discharge into and through what is known as the Bowen property, extending from the Culver Road to Bowen street, in and adjacent to the City of Rochester, under the provisions of Final ordinance No. 4,764, can be made, therefore

Resolved, That a copy of said ordinance and of this resolution together with a map of the required right of way or easement be made and filed in the office of the City Clerk, and the County Clerk of the County of Monroe, which map shall show thereon the lots, tracts and parcels of land which are deemed necessary to be taken, and the commencement, course and termination of the said right of way or easement proposed to be laid out according to the provisions of section 174 of the revised charter, and the City Attorney be, and he hereby is instructed to take and institute such proceedings from time to time as may be necessary to secure such right of way or easement, as is provided by said city charter.

Adopted by the following vote:

Ayes—Ald. McMillan, C. S. Cook, Callhan, Zimmer, Adams, Fox, Ward, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth—13.

By the Clerk—

OFFICE OF THE BOARD OF HEALTH, }
 ROCHESTER, N. Y., Nov. 15, 1892. }

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—The extraordinary labor and outlay in cleaning, disinfecting and placing the city in a good sanitary condition, made necessary by the threatened approach of cholera during the warm season just passed, has very nearly exhausted the amount appropriated to the Board of Health, in the tax levy of the current year and in consequence thereof it becomes necessary to ask for an additional appropriation to meet the running expenses of the Board for the balance of the fiscal year. The lowest amount required, estimated on a basis of the running of the Department in the most economical way is the sum of Fifteen Thousand Dollars (\$15,000).

Respectfully,

RICHARD CURRAN,

Mayor.

Ordered received, filed and published and referred to the Finance Committee.

By the Clerk—

ROCHESTER, N. Y. NOV. 15, 1892. }

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—In the case of Benjamin Wing against the City of Rochester a judgment was recovered and entered on the 3d day of November, last, for \$800 damages and \$159.75 costs, making, in all, \$959.75. The cause of action was for a nuisance created by sewage pollution in Thomas creek, running through Mr. Wing's premises.

There is no ground of appeal from the judgment, and I recommend that the same be paid, and ask that the matter be referred to the Law Committee.

Respectfully yours,
C. D. KIPHEL,
City Attorney.

CITY TREASURER'S OFFICE,
ROCHESTER, N. Y., November 3, 1892, }

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—I hereby certify that the Executive Board have notified me that the works or improvements authorized under ordinances hereinafter mentioned have been completed; that I have, pursuant to the provisions of the charter, ascertained the entire and aggregate expense of, and connected with the same respectively, including any interest that the city shall incur, or is entitled to for the use of its funds, and that the respective amounts thereof are as follows:

Ord. No. and improvement.	Expense.
4,356. Caroline street pipe sewer	\$976 55
The amount for which this roll was confirmed November 1, 1892, does not include (\$75) Seventy-five Dollars paid H. Almeroth for right of way and is therefor returned to you for reconsideration the above being correct total amount.	

S. B. WILLIAMS, Treasurer.

Adopted.

Ordered, received, filed and published.

By Ald. Pauckner—Resolved, That the resolution passed November 1, 1892, confirming the assessment roll for the following improvement:

Ord. No.	Expense.
4,356. Caroline street pipe sewer	\$976 55
be and the same hereby is reconsidered.	

Adopted.

By Ald. Pauckner—Resolved, That action upon the confirmation of the assessment roll for the following improvement: Ord. No. 4,356, Caroline street pipe sewer, expense, \$976.55, be and the same hereby is indefinitely postponed.

Adopted.

LOCAL IMPROVEMENT ASSESSMENTS.

By Ald. Lewis—Whereas, The City Treasurer has ascertained and reported the entire and aggregate expense of and connected with the following improvement, including any and all interest that the city has paid or has or shall become liable to pay upon account of any and all orders or notes issued by the city to pay the expenses of such improvement adjusted by this Common Council as thus reported, and the respective portions or parts of the city on which the said expense is hereby directed to be assessed and which this Common Council deems to be benefited by the improvement, is as stated and described in the final ordinance relative to the improvement, and that the name and expense of the improvement thus to be assessed is as follows, viz:

Ord. No. and improvement. Expense.

4,356. Caroline street pipe sewer. . . . \$976 55
 And it is further determined that the taxpayers to be assessed for making the foregoing improvement must pay their assessments within thirty days from the first publication of the advertisement of the notice of the Assessment Roll by the City Treasurer.

And the Assessors of said city, if they are not interested in any of the property within the part or portion of the city deemed to be benefited, and directed to be assessed, as aforesaid, or if any two of said assessors are not so interested, then such two, are hereby directed to make assessments upon all the lots and parcels of lands within the portions or parts of the City above designated and directed to be assessed, of the amounts of expenses of such improvement, respectively, in proportion, as nearly as may be, to the advantage which the said lots and parcels of land within the territory to be thus assessed for such improvement, shall be deemed to receive by the making of the such improvement.

Adopted by the following vote:
 Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Ward, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth—14.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

OPENING A STREET FROM BATES STREET TO BOWEN STREET.

By Ald. Simmelink—Resolved, That the following improvement is necessary, and we hereby judge that the public good requires the same to be done, viz:

The opening of a street 66 feet in width, from Bates street to Bowen street, the center line of which is described as follows, viz: Beginning at a point in the west line of Bates street 18.5 feet south of the north line of property supposed to be owned by A. C. Bowen, being opposite the center of Sibley street; thence westerly on a line parallel with and 18.5 feet south of the north line of said A. C. Bowen's property to Bowen street. The territory to be taken for said proposed street, is a strip of land 33 feet in width situate on each side of and adjoining the aforesaid described center line, and extending from Bates street to Bowen street.

Resolved, further, That the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of and adjoining the proposed street, from Bates street to Bowen street, as they exist at the date of the passage of this ordinance, in proportion to the benefit which each will derive therefrom.

Adopted.

EXTENSION OF AUGUSTA STREET.

By Ald. Simmelink—Resolved, That the following improvement is necessary, and we hereby judge that the public good requires the same to be done, viz:

The extension of Augusta street of its present width of 40 feet, from its present west end, westerly, in a direct line to Scio street. And the territory deemed necessary to be taken therefor is a strip of land 40 feet in width, lying between the north and south lines of the above described extension, from the present west end of Augusta street, to Scio street.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Augusta street, as now opened and as proposed to be extended, from Union street to Scio street, as they exist at the date of the passage of this ordinance, in proportion to the benefit which each will derive therefrom.

Adopted.

PIPE SEWER IN ALBEMARLE STREET.

By Ald. Ward—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Albemarle street.

Adopted.

The Surveyor submitted as such estimate, \$3,780.

By Ald. Ward—Resolved, That the following improvement is necessary, viz:

The construction of a vitrified pipe sewer 15 inches in diameter in Albemarle street, from the sewer in the boulevard to the east line of lot No. 35, Sec. B, of the Boulevard Lot Association Tract, and 12 inches in diameter from this point to a point opposite the center of lot No. 25, Sec. B, of said Tract. Also the construction of the necessary lot laterals to the street lines, manholes, surface sewers, branches, roadway grading and gutter formations.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$3,780, which estimate is hereby approved.

Resolved, further, That the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Albemarle street, from the boulevard to the east line of lot No. 25, Sec. B, of the Boulevard Lot Association Tract, in proportion to the benefit which each will derive therefrom.

Adopted.

PIPE SEWER IN ALEMEDA STREET.

By Ald. Ward—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Alameda street.

Adopted.

The Surveyor submitted as such estimate, \$3,780.

By Ald. Ward—Resolved, That the following improvement is necessary, viz:

The construction of a vitrified pipe sewer 15 inches in diameter in Alameda street, from the sewer in the boulevard to the east line of lot No. 25, Sec. B, of the Boulevard Lot Association Tract, and 12 inches in diameter from this point to a point opposite the center of lot No. 7, Sec. E, of said Tract. Also the construction of the necessary lot laterals to the street lines, manholes, surface sewers, branches, roadway grading and gutter formations.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$3,780, which estimate is hereby approved.

Resolved further, That the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Alameda street, from the boulevard to the east end of lot No. 9, Sec. E, of the Boulevard Lot Association Tract, in proportion to the benefit which each will derive therefrom.

Adopted.

PIPE SEWER IN SENECA TERRACE.

By Ald. Ward—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a pipe sewer in Seneca terrace.

Adopted.

The Surveyor submitted as such estimate, \$840.

By Ald. Ward—Resolved, That the following improvement is necessary:

The construction of a vitrified pipe sewer 12 inches in diameter on each side of Seneca terrace, from a point 25 feet north of Alameda street, to the proposed sewer in Albemarle street. Also the construction of the necessary

manholes, surface sewers and branches.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$840, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Seneca terrace, from Albemarle street to Alemeda street, in proportion to the benefit which each will derive therefrom.

Adopted.
