By Ald. Pauckner—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting, after the passage or adoption of any such resolution, order or ordinance, or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7 o'clock P. M., at the Common Council Chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Morning Herald notice thereof as is required and in the manner specified by Section 172 of the City Charter.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., Nov. 15, 1892.

To the Honorable the Common Council of the City of Rochester.

Gentlemen:—Agreeably to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Morning Herald, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your Honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, Nov. 15, 1892, at 7 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvement. Respectfully,

HENRY W. GREGG, City Clerk.

Final Ordinance for grading and plank walks on Chester avenue came up and on motion of Ald. Forsyth action thereon was postponed two weeks.

Final Ordinance for Flour City Park plank walks came up and on motion of Ald. Johnston action thereon was postponed two weeks.

FINAL ORDINANCE, NO. 4,890.

OPENING OF A NEW STREET FROM NORTH AVENUE TO THE WEST END OF COUNCIL AVENUE.

On motion of Ald. Simmelink, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to open a new street from Council avenue to orth avenue.

And after hearing such allegations from all persons appearing.

The Common Council of the City of Rochester, do ordain and determine that the follow-

ing improvement is necessary and should be made, and we hereby judge that the public good requires the same to be done, viz:

The opening of a street forty (40) feet in width from west end of Council avenue to North avenue, the north line of which is described as follows: Beginning at a point in the northeast corner of land supposed to belong to Charles T. Weillhammer; thence westerly along the north line of said Weillhammer's land, to the northwest corner thereof, at the east line of North avenue. The territory deemed necessary to be taken for said street, is a strip of land forty (40) feet in width lying on the south side of and adjoining the above described north line, and extending from the west end of Council avenue to North avenue.

And the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

All the lots and parcels of land on each side of and adjoining the proposed street, from the west end of Council avenue to North avenue, as they exist at the date of the passage of this ordinance.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Johnston, Ward, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth—15.

Final Ordinance for West street extension came up and on motion of Ald. Johnston action thereon was postponed two weeks.

UNFINISHED BUSINESS.

Action upon the confirmation of the assessment roll for Clifford street widening came up and on motion of Ald. C. S. Cook, action thereon was postponed until later in the evening.

CITY SURVEYOR'S OFFICE,
ROCHESTER, N. Y., NOV. 15, 1892. }

To the Common Council.

Gentlemen:—I call your attention to the present status of the matter of the proposed Bronson avenue bridge over the Western New York and Pennsylvania Railroad.

At the solicitation of the Rochester Railway Company, an examination of the safety of the present Bronson avenue bridge for a suitable over-crossing has been made by the Engineer of the Rochester Railway Company, and the bridge engineer of the Western New York & Pennsylvania Railroad Company. Reports have been made by both of these engineers to the effect that the general construction of the present bridge is very poor, and that it is not a suitable over-crossing to meet the demands of the public of this city.

I submit herewith a communication from the President of the Rochester Railway Company, to me, which gives the history of the efforts of your special committee to construct a bridge for a suitable over-crossing.

As I have been advised by the City Attorney the railroad company is obliged by chapter 326 of the laws of 1880, to provide a suitable over-crossing at Bronson avenue, under the direction of the City Surveyor. The steam railroad company, has, thus far, failed to comply with the requirements of this statute, and I suggest that some action be taken by this Common Council to compel a compliance with the state by the steam railroad company.

Yours very respectfully,

J. Y. McCLINTOCK,
City Surveyor.

OFFICE ROCHESTER RAILWAY COMPANY, }
ROCHESTER, N. Y., NOV. 15, 1892. }

J. Y. McClintock, Esq., City Surveyor, City :

Dear Sir:—In response to your inquiry over the telephone this forenoon, I beg to submit the following:

About June 1st, 1892, I directed the engineer of this company to examine the Bronson avenue bridge over the Western New York & Pennsylvania Railroad for the purpose of deciding whether such bridge would be safe for passage thereon of our electric cars. Mr. Barnard, said engineer, reported to me that in his opinion such bridge was not safe for the purpose mentioned. I thereupon directed Mr. Barnard to obtain from W. F. Jordan, the bridge engineer of the Buffalo, Rochester and Pittsburgh Railway Company, an opinion as to the strength of said bridge.

On July 7th I received the following letter from Mr. Jordan:

In accordance with your request I have examined the bridge on Bronson avenue over the W. N. Y. & P. railway and calculated the stresses caused by a car weighing fifteen

tions followed by a trailer weighing eight and one half tons. I find the bottom chord has ample section, the maximum stress being 6,750 pounds per square inch, which is high for cast iron although not dangerous. The verticals have 10,000 per square inch, a very high stress for rods so poorly connected. Some of the diagonals have poor welds, which would increase the danger from failure. The floor beams are strained to 29,300 pounds per square inch and would surely fail if a fifteen ton car was run over them many times. The general construction of the bridge is very poor, there being almost no bracing. The details are very bad and would be likely to fail under the heavy cars.

I consider it impracticable to strengthen the bridge to carry the loads mentioned above."

Very truly your,

W. F. JORDAN.

It certainly did not seem prudent for this company to attempt to operate any electric cars over said bridge in the face of the opinions of the engineers. Since the time of the receipt of said letter, I have been endeavoring for some time to effect some arrangements which would enable this company to operate its cars over the bridge in question. As you perhaps know, I sent a communication to the Common Council upon this subject, and subsequently stated to the committee to whom my communication was referred, that the Rochester Railway Company, while claiming that no obligation rested upon it to build or strengthen any bridges within the city; nevertheless, for the purpose of getting a strong bridge built at the location mentioned, would contribute \$1,000 toward the expense of such bridge.

At the said meeting of the committee representative of the W. N. Y. & P. R. R. Co., were present, and the subject of the rights and obligations of that company, and of the city were discussed at some length.

As nothing resulted from said conference, I made a proposition to the Common Council, on behalf of Rochester Railway Company, to the effect that said company would, if the city and the W. N. Y. & P. R. R. Co., consented, take down the present bridge and construct in its place a wooden trestle which would be abundantly strong for the passage of cars and teams thereon. The Common Council, as I understand, gave its consent to such construction. I thereupon directed the engineer of this company to prepare a plan of the proposed structure for submission to the W. N. Y. & P. R. R. Co. Such plan was prepared and delivered to the engineer of said company; but up to this time I have not had any response from said engineer or any officer of that company with reference to the matter.

The Rochester Railway Company is extremely desirous of having a bridge constructed at the location indicated, which shall be of sufficient strength to allow its use for the ordinary purposes of public travel, and stands ready to co-operate in any reasonable way with the city authorities and the W. N. Y. & P. R. R. Company in that regard.

I am, very respectfully yours,

J. N. BECKLEY, President.

Ordered received, filed and published.

By Ald. Ward—Whereas. It has been ascertained by competent engineers that the general construction of the present Bronson avenue bridge is very poor, and that said

bridge does not provide a suitable crossing over the Western New York & Pennsylvania Railroad at said avenue; and

Whereas. The special committee appointed by this Common Council to confer with said railroad company, for the purpose of providing a suitable over-crossing at said avenue, has been unable to have said railroad company act in the matter although several months have passed since the matter was submitted by the committee to the officers of said railroad company; be it,

Resolved, That this Common Council, condemns the present Bronson avenue bridge across said Western New York & Pennsylvania Railroad as not a suitable crossing over said railroad at said avenue, to meet the demands of the public of this city, and the city attorney is hereby authorized and directed to take such steps in the matter as may be necessary to compel said railroad company to comply with the statute in such case made and provided; and be it further,

Resolved, That certified copies of this resolution be mailed by the Clerk to the president and chief engineer of said Western New York & Pennsylvania Railroad Company.

Adopted.

By Ald. Ward—Resolved, That the Executive Board be requested to place on Bronson avenue bridge signs giving notice that the said bridge is unsafe for public traffic.

Adopted.

OFFICE OF ROCHESTER RAILWAY COMPANY,
ROCHESTER, N. Y., NOV. 15, 1892.

To the Honorable the Common Council of the City of Rochester.

Gentlemen:—It seems proper that at a meeting of your Board held during the present month, your attention should be called to the obligations assumed by the Rochester Railway Company in its relations to the city and that a brief summary of the present condition of things should be made.

The franchise which was granted to this company provide among other things, that from and after the first day of November, 1892, said company should pay annually into the treasury of the city of Rochester for fifteen years one per cent. of its gross receipts and annually thereafter two per cent. of its gross receipts. It is safe to state that the amount which will be received by the city under the terms of this contract by way of percentage upon gross receipts for the year commencing November 1st, 1892, will be \$8,000, as it is expected that the receipts of the company will be as much as \$800,000 for the year.

Since the franchise was granted this Company has been occupied, as is well known, in constructing and equipping its lines with reference to operation with electricity as motive power. Over seventy miles of track within the city has been built. 140 motor cars have been placed in operation, and no horse cars whatever are now in service except on the ends of two lines, which temporarily the company is not able to reach with electric cars by reason of the construction of a sewer in one case and a weak bridge in the other.

Under the terms of the franchise granted, the company was required to put a transfer system into effect prior to November 1st, 1892. As is well known the transfer system

was in fact introduced in October, 1891. The company has endeavored faithfully and honestly to carry out its contract with the city, and is not aware of any instance where it has failed to perform the obligations which it assumed.

The franchise which was granted conferred upon the company the right to construct, maintain and operate its railroad upon certain streets which the company has not yet been able to construct its lines upon. It would seem to be fair that your honorable body should pass a resolution formally extending the time within which the company may construct its lines upon such streets as were covered by the franchise granted, but upon which it has not yet been able to complete its lines.

If there were any question of lack of diligence on the part of this company in the prosecution of the work which it proposes to do, the company would not presume to ask for an extension. We apprehend, however, that no citizen of Rochester will for a moment claim that the company has been dilatory in doing the work which it started out to accomplish.

The Rochester Railway Company therefore asks your honorable body to pass a resolution extending the time, within which the company may construct its additional line, until November, 1893.

Respectfully submitted,
ROCHESTER RAILWAY CO.,
J. N. BECKLEY, President.

Ordered received, filed and published.

By Ald. Lewis—Resolved, That the time for the construction of the line of the Rochester Railway Company upon the streets where the right to construct, maintain and operate a street surface railroad was heretofore granted by the city of Rochester, be, and hereby is extended to the 15th day of November, 1893.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Johnston, Ward, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth—15.

By Ald. Lewis—Resolved, That the Executive Board be, and hereby is authorized to proceed with the work of procuring a permanent additional supply of potable water from Hemlock and Canadice lakes for this city in accordance with the plans and specification for such work now on file in the office of said Board.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Johnston, Ward, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth—15.

By Ald. Lewis—

NOVEMBER 11th, 1892.

To the Honorable, the Mayor and Common Council of the City of Rochester, N. Y.:

Gentlemen:—I transmit herewith one copy each of final estimates for construction of Driving Park avenue and Platt street bridges.

In these estimates there are some items which require explanation.

For the estimate on Driving Park avenue bridge there are the following:

1st. Four large granite skewbuck blocks. These stone blocks are the caps of the main arch foundations, which I required to be in single blocks for each pedestal. There were no stone of the required size in neighboring quarries unless it might be Medina stone. The importance of these caps appeared to me to call for the best material, and believing that granite was the most certain to give satisfactory results, I ordered granite. The price given in the estimate is the amount that the stones cost the contractor in excess of what the regular masonry would cost, as nearly as I could determine it.

2nd. The item for extra drilling. On getting a short distance into the shale with skewbuck or main foundation pits it was ascertained that it would be necessary to resort to blasting to remove the rock to the depth it would be necessary to go. If the shale outside or surrounding the pits was shattered so that the air could get into it, it would disintegrate rapidly. It was necessary to prevent this. To do so, I directed the contractor to drill rows of holes along the boundaries of the pits to their full depth, and as close together as they could be drilled. This was to prevent the blasting cracks from extending outside. The \$1,500.00 is for this drilling. In the estimate for Platt street bridge, there are several extra items to consider, requiring a brief account of the conditions under which the work was done.

The profile furnished me by the city and on which my plans and estimate were based, indicated rock at about the level of the bottom of the water of the river. This proved to be the case at the sites of piers I and II (numbering from the west side of the river toward the east). But when excavation for pier III began it was ascertained that solid rock was very considerably below the bottom of the water channel. Indeed it was never ascertained to what depth it would be necessary to go to reach it.

This condition necessitated an entire change of plan of foundation. It was necessary to excavate to about 14 feet below the bottom and prepare foundations of piles surmounted by timber platforms in the bottom of the pits on which to rest the masonry. The same was true of a large part of pier IV. No provision had been made for such conditions. While material and plant to meet the new conditions were being obtained a freshet came and destroyed much of the work that had been done, and nearly filled the excavations. Cofferdams had to be constructed around the pits of piers III and IV, to keep the earth from caving into the pits and strong pumping machinery employed to keep them drained. These pumps had to be kept constantly at work till the excavations were done, piles driven and platforms made and masonry built above the water. This work would have added largely to the expense in any event, but occurring as it did without the contractor's expectation, it was still more expensive. Everything considered, it appears to me that the contractor is entitled to the extra item of \$4,000.00.

Had the actual condition been known to me, it is probable that my plan would have been made to span the entire gully.

The contractor makes a claim for hand railing for both bridges, which does not appear in the estimates. In preparing the specifications, it was my intention to have it understood that the cost of the railings should be included in the total tender for the work as was the case with the painting. Mr. J. F.

Alden, claims that he inquired at the City Surveyor's office where the bidders examined the plans, and where the bids were received, and that he was informed that they would be paid for at the same price per pound as other iron work in the structures considered.

If the specifications are examined I do not think they would be so interpreted, but if he and others who were tendering for the work were so informed and he based his tender on such information, it appears to me he is equitably entitled to the same price per pound as for them as for the other iron work in the respective bridges, though perhaps not strictly legally.

I have no note of the weight of these railings.

I am, gentlemen, very respectfully yours,
L. L. Buck, Engineer.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, NOV. 18, 1892. }

To the Common Council:

Gentlemen:—It is reported to this Board that the sidewalk in front of school buildings Nos. 20, 22, and 26, are in a dangerous condition and need immediate repairs.

Notice of this fact has been given at the office of the Superintendent of Schools, but the Board of Education has failed to cause any improvements to be made, and as the liability of the city would be established in case of accident, and as the Executive Board have no funds available for the repairs and maintenance of public school property, I am directed to request your honorable body to take such means as you deem expedient, to the end that the responsible authorities cause those walks to be rebuilt or repaired before serious injury results and the city incurs heavy expenses.

Respectfully,

THOS. J. NEVILLE, Clerk.

Ordered received, filed and published and referred to the Surveyor to prepare an ordinance.

By the Clerk—

OFFICE OF EXECUTIVE BOARD, }
ROCHESTER, NOV. 17, 1892. }

To the Common Council:

Gentlemen:—The following action was taken by the Executive Board at a regular meeting held November 11, 1892:

By Mr. Aldridge—Whereas, A cash guaranty in the sum of \$280.69 was given to the City of Rochester by Charles L. Horn, contractor, for the maintenance of Ontario street walks and curbs for a period of one year from the date of its completion and

Whereas, The time of such guaranty expired October 26, 1892, and the walks and curbs are certified to this Board, to be in good order; therefore

Resolved, That the Clerk of this Board request the Common Council to authorize the Treasurer of the City of Rochester, to pay to Charles L. Horn, contractor, for the Ontario street walks and curbs, Ordinance No. 4514, the sum of \$280.69, being the amount retained by the City of Rochester as security given by said Horn for the repair and maintenance of said improvement for one year.

Adopted.

By Mr. Aldridge—Whereas, A cash guaranty in the sum of \$342.93 was given the City of Rochester by H. N. Cowles, contractor, for the maintenance of Grove street macadam pavement for a period of one year from the date of its completion and

Whereas, The time of such guaranty expired October 16, 1892, and the pavement is certified to this Board, to be in good order; therefore

Resolved, That the Clerk of this Board, request the Common Council to authorize the Treasurer of the City of Rochester to pay to

H. N. Cowles, contractor for the Grove street macadam improvement, Ordinance No. 4,511, the sum of \$342.93, being the amount retained by the City of Rochester as security given by said Cowles, for the repair and maintenance of said improvement for one year.

Adopted.
Pursuant to the terms of the above resolutions it is requested that you authorize the City Treasurer to refund to Charles L. Horn and H. N. Cowles the amount of money deposited as guarantee for the Ontario street walks and curbs and the Grove street macadam improvement.

Yours respectfully,
THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Lewis—Whereas, It appears by the foregoing communication from the Executive Board, that the time of the cash guarantees given to the City of Rochester by Charles L. Horn and H. N. Cowles, for the maintenance of Ontario street walks and curbs and for the maintenance of Grove street macadam pavement, respectively, for a period of one year from the date of the completion of each has expired, and said pavements are certified to be in good order; therefore be it

Resolved, That the City Treasurer be and he hereby is authorized to refund Charles L. Horn and H. N. Cowles, the amount of money deposited as such guaranty funds for the Ontario street walks and curbs, and the Grove street macadam improvement.

REPORTS OF STANDING COMMITTEES.

By Ald. Dewey—
To the Honorable, the Common Council of the City of Rochester.

Gentlemen:—Your Electrical Committee, to which was referred the application of the Citizens' Light & Power Company, for the consent of the Common Council to construct, operate and maintain electric wires and poles within the limits of the City of Rochester, would respectfully report, as follows:

Your Committee has held numerous meetings, and conferred on several occasions with the representatives of the company.

Your Committee believes that previous franchises have been granted without the consideration which they should have received, and that, in granting a franchise to erect poles and string wires, your Committee should impose all such reasonable regulations and conditions as would serve to properly protect the city's interests. The danger of overhead wires has become more and more apparent, and will continually increase as time goes on. Your Committee has felt that it was necessary to make some provisions for the construction of underground conduits, within which the wires of all companies will eventually be placed, and, for that purpose, has decided that it was advisable to propose as a condition for the granting of the consent that said Citizens' Light & Power Company should construct conduits, as may hereafter be directed by the Common Council, of not to exceed one mile of streets.

Your Committee has also insisted that said company should use the poles heretofore erected and now in existence, owned by the other electric companies, to the end that duplicate lines of poles shall not be permitted on any streets.

The proposed consent, as agreed upon by the Committee, is hereto annexed, and made a part of this report. A communication from the Rochester Gas & Electric Company, by which said company undertakes to put its wires into a conduit which may hereafter be constructed, is also attached, and made a part of this report.

All of which is respectfully submitted.

ALVIN H. DEWEY,
CHARLES S. COOK,
MARTIN J. CALIHAN,
MERTON E. LEWIS,
J. MILLER KELLY,
Electrical Committee.

Ordered received, filed and published.

By Ald. Dewey—

Whereas, The Citizens' Light & Power Company has been duly incorporated under and in pursuance of article six of chapter 566 of the laws of 1890, and the acts amendatory thereof, for the purpose of using electricity for light heat or power, and to carry on the business of lighting by electricity, or using it for heat or power in the city of Rochester, and the streets, avenues, public parks and places thereof, and in public and private buildings therein; to generate and supply electricity for the purposes of such business, and to make, sell or lease all machines, instruments, apparatus and other equipment thereof, and to lay and construct suitable wires or other conductors, with the necessary poles, pipes or other fixtures in, on, over and under the streets, avenues, public parks and places of said city, for conducting and distributing electricity, with the consent of the municipal authorities therefor, and in such manner and under such reasonable regulations as they may prescribe; be it

Resolved, That the consent of the Common Council of the City of Rochester be, and the same is hereby, given to said Citizens' Light & Power Company to lay, erect and construct suitable wires or other conductors, with the necessary poles, pipes or other fixtures in, on, over and under the streets, avenues, public parks and places of the City of Rochester for conducting and distributing electricity for the purposes of the corporation of said company, subject to the provisions, restrictions, conditions, rules and regulations hereinafter set forth, and subject to any future penal regulations, ordinances or resolutions which may be adopted by said Common Council; be it, further

Resolved, That this consent be, and hereby is, granted to the said Citizens' Light & Power Company to lay, erect, construct, maintain and operate suitable wires or other conductors, with the necessary connections, pipes or other fixtures for its business in a conduit or conduits built, or to be built, in the streets, avenues, public parks, places and alleys, or other highways of said city, in which conduits the city or said company has, or may have, the right to require space for such purpose, or which it has, or may have, control. And no conductors, wires, poles or fixtures shall, without the special consent of the Common Council, be placed or when placed, shall be continued in use on or above any street, avenue, public park, place, alley or other highway in said city where there now exists, or shall hereafter exist, a conduit or subway fitted for the conduct of electricity by said company, and in which said company shall have the opportunity to acquire the right to conduct electricity, it being expressly agreed by said company that the city of Rochester, or its officers, have the right and power to remove any such conductors, wires,

poles or fixtures after the expiration of sixty days from the date of service of notice in writing upon said company to remove the same. It also being the design of said city to permit no overhead wires to be constructed or maintained after the construction of subways or conduits designed and suited for and doing the same services as is done by means of overhead wires; be it, further

Resolved, That, except with the special permission of the Common Council, said company shall not have the right to erect or maintain poles on the streets or other highways already containing poles, upon which said company has the opportunity to secure the right to place conductors, wires or other fixtures thereon. Said company shall have the right to place and operate its wires, conductors or other fixtures on poles existing, or which may hereafter exist, in the highways of said city, belonging to other companies, on complying with the terms and conditions of the contracts made by the city with such companies. All poles which may be erected by said company shall be of such kind and dimensions, and shall be erected in such manner, as may be directed by the Electrical Committee of the Common Council, and shall be subject to the right of all other companies in said city whose business requires the use of electric wires, to operate wires on such poles, upon such terms as to compensation, use, responsibility and conditions of removal as may be fixed by said Electrical Committee, in case of the inability of said company and the company applying for the use of said poles to agree on terms. And, by complying with the terms so agreed on with said company, or so fixed by said Electrical Committee, such company so applying for the use of such poles shall, forthwith, have the right to use and operate said poles. Said city shall have the free use of all conduits or poles built or erected, or to be built or erected, by said company for all wires, conductors, fixtures and connections necessary for municipal purposes. Before disturbing the pavement of any street, avenue, public park, place, alley or other highway, for the erection of any pole or poles, or the stringing of any wires or other conductors, or the construction of any conduit or conduits, said company shall execute and deliver to the City of Rochester a bond, the form and conditions to be approved by the City Attorney and the City Electrician, in the penalty of twenty thousand dollars, with sufficient sureties, to be approved of by the Mayor, conditioned that said company, whenever it may disturb the pavement of any of said streets, avenues, parks, places, alleys or other highways, shall restore the same to as good a condition as the same were found, and said company shall pay the necessary cost of any inspector or inspectors for such work, to be appointed by the Executive Board; said company shall and will, at all times, indemnify and save harmless said city from all damages and liabilities on account of any excavations or obstructions that may be made by said company in said streets, avenues, parks, places, alleys or other highways, from any damage to persons or property caused by the conduits, poles, wires, conductors or currents of said company, or the use of the same, and from all and any damages caused by said conduits, poles, wires, conductors or currents having been, or to be erected on private property. In the event of the failure of said company to complete within nine months the construction of its permanent plant, the Common Council shall have the power to revoke this consent, and said company shall, forthwith, upon such revocation, take down and remove any poles or wires theretofore erected by it.

It is further agreed between said city and the Citizens' Light & Power Company that said company will, at its own expense, construct conduits in one mile of streets, as may

be designated by the Common Council, whenever the said company shall enter upon said streets. Said conduit to be built under the direction of the Common Council, and the first one-half mile of said street conduit shall be built during the year 1894, and the balance of said one mile of conduit shall be built during the year 1895.

The Common Council shall have the power to revoke this consent, in case said company fails to comply with the conditions thereof; said company shall not have the right to place any poles or overhead wires or fixtures on State street and Exchange street, from the Erie canal to Allen street; on Main street, from Plymouth avenue to University avenue, and on North and South St. Paul streets, from Court street to Andrews street.

The words "said company" throughout this resolution refer in every case to said Citizens' Light & Power Company.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Johnston, Ward, Dewey, H. G. Cook, Kelly, Aikenhead, Simmelink, Lewis, Forsyth—16.

ROCHESTER GAS & ELECTRIC COMPANY, {
ROCHESTER, Nov. 11, 1892. }

To the Electrical Committee of the Common Council of the City of Rochester.

Gentlemen:—In reply to your inquiry, whether this company would agree to lease ducts in the proposed conduits, we would state, that we are ready to make such an agreement. As citizens of Rochester, interested in its welfare, we shall adopt every reasonable measure to assist the city in getting rid of the danger of overhead wires, especially in the business quarter of the city.

This company offers to make an agreement with the city, which shall provide that, on the completion of suitable conduits, it will consent to remove its overhead wires on lines parallel to such conduits, and operate them therein; the rental to be paid to be at the same rate as other companies may be required to pay for the use of the conduits now being constructed by this company.

Respectfully yours,

ROCHESTER GAS & ELECTRIC CO.

GEORGE C. HOLLISTER, Secy.

Ordered received, filed and published.

By Ald. H. G. Cook—

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—Your Assessment Committee begs leave to report as follows:

In the matter of the petition of Henry F. Wegman, praying for rebate of \$15.56, erroneously assessed in the years 1889 and 1890, against lots 8 and 9 on the south side of Clifford street, we recommend that the same be granted.

In the matter of the petition of Maria E. Henderson, praying for an apportionment of an assessment against property owned by her on the north side of Hayward park in the 17th ward, we find that the petitioner was the owner of the southwest middle part of lot No. 26, of the assessors tract on the north side of Hayward park in the 17th ward, and that she sold a portion of said property, and now desires to have the assessment against the whole of said property apportioned, so that she may be allowed to pay her share of said assessment. The city assessors have apportioned said assessment pursuant to the city charter, and in accordance with their certificate, we recommend that the petitioner be allowed to pay the sum of \$76.86, together with

interest and other expenses properly chargeable to her, as appears by said certificate in full for the assessment for the Hayward park plank walk against the west part of lot 13 and lot 12, and the east part of lot 13.

In the matter of the petition of J. C. Bowen, to be allowed to pay certain taxes and assessments at six per cent. interest, we recommend that said petitioner be allowed to pay said taxes and assessments, with interest at the rate of six per cent. from the date of sale, together with the expense of sale.

Respectfully submitted,

HENRY G. COOK,
C. W. ZIMMER,
JAMES JOHNSTON,
Assessment Committee.

Ordered received, filed and published.

By Ald. H. G. Cook—Resolved, That the City Clerk be and he hereby is directed to draw an order payable from the contingent fund in favor of Henry F. Wegman for the sum of \$15.56, being the amount erroneously assessed against said Wegman in the years 1889 and 1890 against lots 8 and 9 on the south side of Clifford street, and that the city treasurer charge said sum to erroneous assessments.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Johnston, Ward, Dewey, H. G. Cook, Kelly, Aikenhead, Simmelink, Lewis, Forsyth—16.

By Ald. H. G. Cook—Resolved, That the City Treasurer be and he hereby is directed to receive from Maria E. Henderson the sum of \$76.86, for the Hayward park plank walk with accrued interest and any fees and expenses properly chargeable to her in full for her portion of the assessment made against the south middle part of lot No. 26 of the assessors tract on the north side of Hayward park in the 17th ward in accordance with the certificate of the City Assessors prepared November 15, 1892. Said sum being the assessment properly chargeable to the west part of lot 13 and lot 12 and the east part of lot 13 on the north side of Hayward park.

Adopted.

By H. G. Cook—Resolved, That the City Treasurer be, and hereby is, directed to receive from Julius C. Bowen, the sum of Seven Hundred and Forty-eight dollars and Thirty-two cents, with interest thereon at the rate of six per cent. from March 31, 1892, provided the same be paid within thirty days from the passage of this resolution, being the amount for which lot 28 of a subdivision by the Assessors on Keeler street, and lot 25 of the Assessors' subdivision on Monroe avenue, were sold to the city for general city taxes for 1891, and that, upon the payment of said sum, with interest, as aforesaid, down to the date of payment, with the expenses of sale, said Julius C. Bowen be, and he hereby is, allowed to redeem said premises, so sold, and that the treasurer charge any other interest, costs, fees and expenses, to erroneous assessments.

Adopted.

REPORTS OF SPECIAL COMMITTEES.

By Ald. Zimmer—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Special Committee on Court street bridge, to whom was referred the communication of the Executive Board recommending that the estimate for Court street bridge be increased to \$160,000, respectfully report that they had a meeting at which was

By Ald. Lewis—
 To the Honorable, the Common Council of the City
 of Rochester:

Gentlemen:—Your Finance Committee begs
 leave to make the following report upon the
 various matters heretofore referred to it for
 consideration.

In reference to the communication of the
 Board of Health calling attention to the fact
 that the funds heretofore placed at its dis-
 posal had been expended, and requesting the
 additional appropriation be made for the pur-
 pose of paying the running expenses of that
 Board for the balance of the fiscal year, your
 committee would report that the appropria-
 tion allowed to the Board of Health
 for the year was but \$28,000. At the end of
 the year they had a deficiency amounting to
 two thousand dollars. The Finance Committee
 in its various meetings for the preparation of
 the tax levy, was not called upon by any
 representative of the Board of Health, and
 was not furnished with any information by
 that Board as to the amount of money it
 would require for the current year's expendi-
 tures. Without any knowledge as to the
 amount that Board might require, the Finance
 Committee reported the sum of thirty thous-
 and dollars, being the amount large enough
 to provide for the deficiency then existing,
 and also equal the appropriation for the year
 1891-1892. The amount allowed to wit:
 twenty-eight thousand dollars, was supposed
 to be sufficient for the needs of the depart-
 ment for the year 1892-93, and except for the
 fact that the Board of Health deemed it wise
 and expedient in view of the threatening
 approach of cholera, to make extraordinary
 expenditures for the purpose of putting the
 city into as perfect a sanitary condition as
 possible, would probably have been enough
 to last throughout the year. The approach
 of cholera in August, and the probability that
 it might secure a footing in New York, from
 which place it might reasonably be expected
 to extend to this city, led the Board of Health
 to make unusual expenditures for the purpose
 of thoroughly cleaning the city, its streets and
 alleys. This expenditure was made and
 probably in a wise and careful manner. The
 amount expended for that purpose was some-
 where between ten and twelve thousand dol-
 lars. The Board of Health has made careful
 estimates of the amount required to continue
 their business through the balance of the
 fiscal year, and has fixed the sum necessary
 at fifteen thousand dollars. The amount in
 the treasury to the credit of the Board is
 now about seventeen hundred dollars, for
 which an allowance has been made in pre-
 paring the estimates.

Your Committee, therefore, recommends that
 the sum of fifteen thousand dollars be placed
 to the credit of the Board of Health and that
 the accompanying resolution for that purpose
 be adopted.

In the matter of the Rochester State Line
 and Pennsylvania Railroad bonds, and the
 Rochester, Nunda & Pennsylvania Railroad
 bonds, which debt amounts to the sum of
 seven hundred and fifty thousand dollars which
 will become due on the 1st of February 1893.
 Your committee has deemed it advisable that
 an effort be made to refund these bonds by
 the issuing of bonds to take their place.
 These bonds are bearing interest at the rate
 of seven per cent. per annum, and it is be-
 lieved that they can be refunded at three
 and one-half per cent. The annual saving in
 interest by such a course will amount to
 twenty-six thousand two hundred and fifty
 dollars. The necessary legislation to author-
 ize the refunding of these bonds was pro-
 cured from the Legislature at its last ses-
 sion. Under that legislation the Common
 Council is authorized to advertise on or before
 the 20th day of December, that the sale of

said bonds will be made to the highest bidder on a date to be therein named.

Your committee, therefore, recommends that the City Treasurer be authorized to sell the bonds of the city of Rochester to the amount of seven hundred and fifty thousand dollars, under the direction of the Finance Committee of this Council. Said bonds to run for twenty years, with the right to redeem the same at the end of ten years, to bear interest at the rate of three and one-half per cent. per annum, payable on the first days of February and August of each year, the proceeds of said bonds to be used in the payment of the bonds heretofore issued by the city, and known as the Rochester State Line & Pennsylvania Railroad bonds, and the Rochester, Nunda & Pennsylvania Railroad bonds, which bonds will mature on the 1st day of February, 1893.

All of which is respectfully submitted,

MERRON E. LEWIS,
M. B. ADAMS,
ALVIN H. DEWEY,
HENRY G. COOK,
J. MILLER KELLY,

Finance Committee.

Ordered received, filed and published.

By Ald. Lewis—Resolved, That the City Treasurer be, and he is hereby authorized and directed to sell, under the direction of the Finance Committee of this Council, bonds of the City of Rochester to the amount of seven hundred and fifty thousand dollars for the purpose of procuring money with which to pay the bonds of the City of Rochester, known as Rochester State Line and Pennsylvania Railroad bonds. The bonds to be sold, to run for twenty years, with the right to redeem the same at the end of ten years. The rate of interest to be not greater than three and one-half per cent. per annum payable on the first days of August and February in each year, providing a sale thereof can be made at not less than par. Said bonds to be signed by the Treasurer, be countersigned by the Mayor and the President of this Council, be registered and countersigned by the Union Trust Company of New York City.

By Ald. H. G. Cook—

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—Your Assessment Committee begs leave to submit the following report:

In the matter of the petition of C. C. Werner, praying for the cancellation of city taxes against three lots situated on the southwest corner of Avenue B, and sold to the city for school purposes, we recommend that the petition be granted.

In the matter of the petition of John Kelly, asking to have canceled an assessment against his property for Anderson avenue, Elk street, University avenue and Union place pipe sewer under Final Ordinance No. 3,774, upon the advice of the Assessors and City Surveyor, we recommend, that the petition be denied.

In the matter of the petition of Alonzo D. McMaster, praying for reimbursement for moneys claimed to have been paid by him on erroneous assessments, upon the ground, that while his deed calls for a lot 52 feet front and rear, he has been assessed for 53 feet front, we find that the assessments for local improvements, which have been made upon his property, which is situated on the south side of Smith street, and known as lot No. 16, have been made upon the basis of 51 1-2 feet front, and we therefore recommend, upon the advice of the City Assessors, that the petition be denied.

In the matter of the communication of the City Surveyor, relative to an assessment made against the middle part of lot No. 4, of subdivision of lots 50, 51 and 52, of the Whitney Tract for sections 1 and 2, of the Lyell avenue and Saxton street outlet sewer, we recommend, that a rebate be allowed to Eliza Kirchner, of \$13.49.

Respectfully submitted,

HENRY G. COOK,
JAMES JOHNSTON,
C. W. ZIMMER,
JOSEPH BIERBRAUER,
Assessment Committee.

Ordered received, filed and published.

By Ald. H. G. Cook—Resolved, That the City Treasurer, be and he hereby is directed to cancel and strike from the rolls, the city taxes for the year 1891, against three (3) lots on the southwest corner of Avenue B and Conkey avenue, purchased by the city for school purposes and charge the same to erroneous assessments.

Adopted.

By Ald. H. G. Cook—Resolved, That the petition of John Kelly, praying for the cancellation of an assessment for the Anderson avenue, Elk street, University avenue and Union place pipe sewer, under Final Ordinance No. 3,774, be and the same hereby is denied.

Adopted.

By Ald. H. G. Cook—Resolved, That the petition of Alonzo D. McMaster, with reference to an alleged erroneous assessment against lot 16, on the south side of Smith street, be and the same hereby is denied.

Adopted.

By Ald. H. G. Cook—Resolved, That the City Treasurer, be and he hereby is directed to credit Eliza Kirchner, with the sum of \$13.49, on an assessment made against the middle part of lot No. 4, of subdivision of lots 50, 51, and 52 of the Whitney tract for the Lyell avenue and Saxton street outlet sewer, and charge said sum to erroneous assessments.

Adopted.

By Ald. Forsyth—

To the Honorable the Common Council of the City of Rochester.

Gentlemen:—Your Law Committee begs leave to make the following report:

The chairman of your committee, in September last, received the following letter from H. W. Bailey, the agent of the Buffalo Portable Steel Booth Company:

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Whereas, The Buffalo Portable Steel House Company heretofore did enter into a contract with the city of Rochester for the care of election booths, setting them up, taking down, storing, and insuring them, for the sum of \$20 per year for each booth.

Now, as the care of these booths can be effected by any responsible person, I respectfully suggest the proposition to substitute some resident of your city in place of the company.

If the Council care to entertain a proposition, it can communicate to the company through,

Yours respectfully,

H. W. BAILEY,
Agent for the Company.

Upon September 27, 1892, at page 275 of the current proceedings, your committee was authorized by the Common Council to cancel the contract entered into by the city with the Plumbley Steel Voting Booth Company of Buffalo, and to enter into an agreement with some responsible person residing in the city of Rochester to care for the polling booths now cared for by said company. Acting in pursuance of such resolution, your committee have entered into an agreement, secured by a bond approved by the mayor, with the Rochester Truck & Storage Company to care for, store, erect and take down, when necessary, the polling booths now cared for by the Plumbley Steel Voting Booth Company, upon the same terms and conditions as existed in the contract with the Buffalo company, and your committee would respectfully recommend the adoption of the following resolution:

Respectfully submitted,

D. W. FORSYTH,
MERTON E. LEWIS,
HENRY G. COOK,
CHAS. S. COOK,
WILLIAM H. TRACY,
Law Committee.

Ordered received, filed and published.

By Ald. Forsyth—Resolved, That so much of the contract executed on the 28th day of September, 1891, between the then Law Committee of the Common Council and the Plumbley Steel Booth Construction Company of Buffalo, as provided for the care, storing, erecting, insuring and taking down of the Plumbley steel voting polling booths in the city of Rochester, when needed by said city for the purposes of any general, special or charter election, be, and the same hereby is, cancelled, providing said company consents in writing thereto; and be it further

Resolved, That the clerk of this board transmit to the Buffalo Portable Steel House Company a certified copy of the accompanying report, and these resolutions.

Adopted.

COMMUNICATION FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

CITY SURVEYOR'S OFFICE, }
ROCHESTER, N. Y., Nov. 29, 1892. }

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—At the meeting of your honorable body on the 15th inst., a resolution was adopted instructing the City Surveyor to report at the next regular meeting, the most feasible route for a sewer best adapted for the relief of that portion of the city of Rochester lying south of the Pinnacle range of hills, and also the probable expense thereof.

I have to say that it is a complicated question, and will require careful surveys and close study to enable us to give an intelligent opinion, therefore I ask for more time to do it justice.

Very respectfully yours,

J. Y. MCCLINTOCK,

City Surveyor.

Ordered received, filed and published.

By the Clerk—

CITY SURVEYOR'S OFFICE, }
ROCHESTER, N. Y., Nov. 29, 1892. }

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—In compliance with the following resolution of your honorable body passed on October 4, 1892:

Resolved, That the City Surveyor be, and he is hereby instructed to investigate and report to this Council at his earliest convenience, that, if any, sewers heretofore constructed in territory contiguous to the East Side Trunk Sewer should be reconstructed, enlarged or re-

paired to the end that the greatest possible benefit may be derived from the construction of said East Side Trunk Sewer.

I will make the following partial report covering the territory north of the Erie canal:

Avenue E district—No changes seem to be necessary.

Hollenbeck street district—When an outlet sewer shall have been built through Hollenbeck street, the following changes in existing sewers may be made to advantage:

In Avenue B the present sewer between Hollenbeck street, and a point 450 feet west therefrom, may be relaid at a lower grade, and turned so as to run into Hollenbeck street.

In Hollenbeck street the present sewer between Avenue B and Baetzel park may be relaid at a lower grade and turned so as to run to the north.

North Clinton street district—A first ordinance is presented to-night for a new sewer in North Clinton street, from Morrill street to Norton street.

Joiner street district—When an outlet shall have been built through Joiner street the following changes may be made to advantage:

In Joiner street, the present sewer from a point 100 feet north of Clifford street to Carl park may be relaid at a lower grade so as to run north.

In Morrill street, the easterly half of the present sewer may be relaid at a lower grade to run east.

In Ketchum street, the east half of the present sewer may be relaid at a lower grade to run north.

In Vernon park, the east half of present sewer may be relaid at a lower grade to run east.

In Carl park, the east half of the present sewer may be relaid to run east.

Hudson avenue district—An outlet sewer should be built, beginning at the intersection of Thomas street and Alphonsus avenue; thence north through Thomas street to Wilkin avenue; thence east through Wilkin avenue about 200 feet; thence northerly across lots in line with Hoff street to Hayward park; thence easterly in Hayward park to Bauman park; thence north through Bauman park to Laser street; thence north in same straight line across lots to Wilson avenue; thence east in Wilson avenue to Hudson avenue; thence north in Hudson avenue to Norton street.

When the above outlet shall have been built, the following changes in existing sewers may be advantageously made in St. Joseph street, the present sewer between Clifford and Langham streets may be relaid at a lower grade and run north.

In Maria street, the present sewer between Alphonsus avenue and Bernard street, may be relaid at a lower grade and run north.

Alphonsus avenue sewer, between Thomas street and Hudson avenue, may be relaid at a lower grade, and will run north in Thomas street.

North avenue district—The North avenue outlet sewer should be extended from a point about 600 feet north of Jennings street to Norton street, through streets that could be laid out through the low ground adjacent to the present outlet ditch.

Clifford street outlet may be lowered to advantage from 150 feet east of Hosford street to connection with Goodman street outlet.

North Goodman street, should be extended from its present terminus in Seneca street, between Hebard avenue and Cummings street, through Seneca street easterly to Morton street; thence northerly through Morton street to Clifford street; thence easterly taking in the Clifford street outlet to the East Side Sewer.

East Main street district—The sewer in the easterly end of this street, from Henry street east, may be relaid at a lower grade whenever it is deemed advisable.

East avenue district—The efficiency of the East avenue sewer will be increased by reason of the fact that about 1,500 feet will be cut off from the lower end by the construction of the East Side Sewer, and yet in order to get the best results, the present sewer in East avenue between Granger place and Culver street, may be relaid at a lower grade.

Monroe avenue district—This district lies between Alexander street and Rutger street and park avenue and the Erie canal.

In order to fully realize the benefits from building the East Side sewer the following work may be done:

First—Build an outlet sewer in Rutger street, from the East Side sewer to intercept the present Monroe avenue outlet, 600 feet long and 27-10 feet by 2 feet in size, and rebuild the present Monroe avenue outlet from Rutger street to Oxford street, 350 feet long and 22-10 feet by 2 feet in size.

This will serve as an outlet for 80 acres, including the following streets: Goodman street, from Park avenue to Monroe avenue; Brighton avenue, from Oxford street to Rowley street; Oxford street, from Park avenue to Nichols park; Harvard street, from Oxford street to Rowley street; also all of the following streets: Cornell street, Wilmer street, Nichols park, Harper street, Rutger street, Harlem street and Cambridge street.

Second—Build a new sewer in Oxford street, from outlet to within 100 feet of Park avenue, about 900 feet of 20-inch pipe to Brighton avenue, and from there about 530 feet of 12-inch pipe.

This will serve as an outlet for 28 acres, including the following streets: Harvard street, east of Goodman street; Brighton avenue, east of Goodman street; Oxford street, from Park avenue to Nichols park; also, all of Cambridge and Harlem streets.

Third—The present sewer in Brighton avenue should be relaid at a lower grade from Oxford street to about 200 feet west of Cambridge street, and be enlarged from 12 inches to 15 inches in size, from Oxford street to Cambridge street, a distance of about 375 feet.

Fourth—Cambridge street sewer should be lowered, and enlarged from 9 inches to 12 inches in size, for a length of 500 feet. Monroe avenue between Rutger and Meigs streets.

Two plans are suggested for this street, one is to build the sewer in the middle of the street, and it would require to be 30 inches in diameter at Rutger street, reducing to 15 inches at Meigs street, and would be 2,230 feet long; but as the street has recently been improved with an asphalt pavement, and building the sewer in the center with necessary laterals, will practically destroy it, it will probably be advisable to build a sewer on each side of the street, from Rutger street to Goodman street.

Fifth—Build a new sewer on the north side of Monroe avenue, from Rutger street to Meigs street.

This sewer would drain 34 acres, including the following streets: Meigs street, from Park avenue to Monroe avenue; Rowley street, from Brighton avenue to Monroe avenue; also all of Maple place and the north side of Monroe avenue, between Meigs street and Rutger street.

From Rutger street to Goodman street it would be 24 inches in diameter, and 1,450 feet long from Goodman street to Rowley street 400 feet of 20-inch pipe, and from Rowley street to Meigs street 380 feet of 18-inch pipe.

Sixth—Build a new sewer on the south side of Monroe avenue, from Rutger street to Edmonds street.

This sewer will drain 32 1-4 acres including the following streets: Edwards street between Monroe avenue and Pearl street; Goodman street, between Monroe avenue and Pearl street; Pearl park, between Monroe avenue and Pearl street; Boardman avenue, between Mon-

roe avenue and Pearl street; also all of Sumner park, Wilcox street, and the south side of Monroe avenue between Edmonds street and Rutger street.

It will require to be 500 feet of 24 inch-pipe to Sumner park, 300 feet of 20-inch pipe to Boardman avenue, and 650 feet of 18-inch pipe to Goodman street.

Seventh—Build a new sewer from the East Side Trunk Sewer at Wilcox street, through Richards street, Meigs street and Broadway to the corner of Averill avenue, with a branch sewer in Meigs street, and a branch through Goodman street to intercept the Pearl street sewer, and drain it through Richards street instead of, as it now goes through Monroe avenue.

This sewer would serve 59 acres, including the following streets: Richards street, from Wilcox street to Meigs street; Broadway, from Meigs street to Alexander street; Pearl street, from Boardman avenue to Averill avenue; Averill avenue, from Erie canal to Monroe avenue; Meigs street, from Erie canal to Monroe avenue; Edmonds street, from Erie canal to Pearl street; Goodman street, from Erie canal to Pearl street; Boardman avenue, from Erie canal to Pearl street; and all of Beckley street.

The dimensions will be required as follows: From Wilcox street to Boardman avenue 800 feet, should be 27 inches in diameter; from Boardman avenue to Goodman street, 400 feet, should be 25 inches in diameter; from Goodman street to corner of Meigs street, and down Meigs street to Broadway, 1,000 feet, should be 20-inch pipe; in Broadway, from Meigs street to Averill avenue, 950 feet, should be 15-inch pipe, in Goodman street, from Richards street to Pearl street, 650 feet, should be 18-inch pipe.

Very respectfully yours,

J. Y. McCLINTOCK,
City Surveyor.

Ordered received, filed and published and upon motion of Ald. Lewis, referred to Law Committee.

By the Clerk—

CITY TREASURER'S OFFICE,
ROCHESTER, N. Y., Nov, 29, 1892.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—I hereby certify that the Executive Board have notified me that the works or improvements authorized under ordinances hereinafter mentioned have been completed; that I have, pursuant to the provisions of the charter, ascertained the entire and aggregate expense of, and connected with the same respectively, including any interest that the city shall incur, or is entitled to for the use of its funds, and that the respective amounts thereof are as follows:

S. B. WILLIAMS, Treasurer.

Ordered, received, filed and published.

LOCAL IMPROVEMENT ASSESSMENT.

By Ald. H. G. Cook—Whereas, The City Treasurer has ascertained and reported the entire and aggregate expense of and connected with the following improvements, including any and all interest that the city has paid or has or shall become liable to pay upon account of any and all orders or notes issued by the city to pay the expenses of such improvements respectively adjusted by this Common Council as thus reported, and the respective portions or parts of the city on which the said expenses are hereby directed to be assessed and which this Common Council deems to be benefited by the improvements, respectively, are as stated and described in the final ordinances relative to the improvements, respectively, and that the name and expense of the improvements thus to be assessed are as follows, viz:

Ord. No.	Improvement.	Expense.
4,772.	Beckley street gravel improvement	\$ 1,914 54
4,836.	Pearl place grading and walk	433 34
4,818.	Halbert street plank walk.....	65 53

May pay their assessments in three equal payments, as follows:

One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-third within one year from the confirmation of such roll; and the remaining one-third within two years from the confirmation of such roll. On all sums paid prior to the maturity of said last installment, a discount will be allowed at the rate of six per cent. per annum.

And the Assessors of said city, if they are not interested in any of the property within the part or portion of the city deemed to be benefited, and directed to be assessed, as aforesaid, or if any two of said assessors are not so interested, then such two are hereby directed to make assessments upon all the lots and parcels of lands within the portions or parts of the city above designated and directed to be assessed, of the amounts of expenses of such improvements, respectively, in proportion, as nearly as may be, to the advantage which the said lots and parcels of land within the respective territories to be thus assessed

for such improvements, shall be deemed to receive by the making of the respective improvements.

By the Clerk—

ROCHESTER, N. Y., Nov. 21, 1892.

To the Mayor, Council, and Executive Board of the City of Rochester:

Gentlemen:—Herewith we hand you a communication from gentlemen, mostly non-residents of the city of Rochester, some of them being manufacturers of water works supplies, who are ready to comply with the provisions of chapter 566 of the laws of 1890, as amended by chapter 617 of the laws of 1892.

These statutes give authority to cities, towns and villages, to contract with water works companies for supplying water to such cities, towns, and villages, at an annual rental.

Our acquaintance with the gentlemen uniting in the enclosed proposition warrants us in assuring you that they are abundantly able to guarantee the strict fulfillment of any contract which they may enter into with the city.

We are instructed to say that any communication you may wish to have with our clients may be made through us, and will receive prompt attention.

Respectfully yours,

SHUART & SUTHERLAND.

ROCHESTER, N. Y., Nov. 21, 1892.

To the Mayor, Common Council and Executive Board of the City of Rochester:

Gentlemen:—We respectfully invite your attention to the following plan for furnishing the city of Rochester with a temporary supply of water, ample in quantity, and absolutely pure in quality.

For some time past we have been engaged, through our engineers, chemists, and other employes, in an examination of the sources from which Rochester can obtain a temporary supply of pure and wholesome water.

The upper river source seems to us open to two very serious objections. First and most serious is the character of the water. If the river water could be utilized solely for flushing sewers, the case would be very different; but it would have to go directly into the mains, and thence into the houses for the domestic use of the citizens of your city. No process of filtration will remove germs of disease. Your citizens will be drinking river water, and the spread of any pestilence or epidemic accelerated instead of diminished by the employment of river water for domestic purposes.

The second objection to the river water is the great expense which would follow its use. While it would not cost the city, or a company organized to deliver this water into the city, a large amount of money to convey water from the Genesee river to Mt. Hope reservoir, yet the experience your city has had with the few and comparative small mills on the outlet of Hemlock lake points conclusively to the immense claims for damages which would be successfully maintained by the large number of water-right owners in the city of Rochester.

Lake Ontario, as a source of supply, has also been carefully considered by the subscribers, and we find it open to two serious objections. First, lake Ontario receives the sewerage of so many large cities, including the city of Rochester, that it would be practically impossible to obtain unpolluted water from that source. The experience of the city of Toronto warns the citizens of Rochester.

A second and equally serious objection is the length of time it would take to bring water

from Lake Ontario to Rochester. Our engineers assure us that a suitable plant could not be put into operation so as to commence the delivery of water from Lake Ontario to the city of Rochester before the first day of next October and probably not until the first of November.

Of course the probability that cholera will find its way to America next year furnishes the strongest reason for an immediate increase of the water supply of Rochester. It is absolutely essential that the water be had this coming spring to avail anything as a guard against the perils of cholera, scarlet fever, diphtheria, or other epidemic or pestilential evils.

As the analysis made some time ago by Professor Latimore and published in the Rochester papers has shown the water at Bushnell Basin is the purest water in the state of New York. We hold the control of that water supply, and are prepared to deliver four millions of gallons daily of as pure water as can be found on the globe into the Mt. Hope reservoir, commencing not later than May 15th next.

We do not depend upon filtration to render the water pure. It is pure already. If for any reason the waters of Irondequoit creek would need to be utilized, we would guarantee to remove from the lands adjacent to that stream everything which could possibly lead to its contamination, if any such thing exists. In addition to this, we will, if desired, filter the water before it reaches Mt. Hope reservoir with any filter the city authorities may desire us to use. In addition to this, we will, if requested, filter the water before it enters the pipe at Bushnell Basin, thus making a double filtration.

We do not offer to filter the water thinking thereby to render it more pure, but only because of the general and well-founded demand that in the presence of the impending danger of cholera public fear be allayed as much as possible. Some people think that filterers will purify water. Those people would be better satisfied with the supply in case of double or even a single filtration.

THE EXPENSE.

A careful estimate made by conservative and experienced engineers shows that the plant, including the necessary dredging and other work to be done at Bushnell Basin, the purchase of water rights, etc., would be somewhat expensive. Notwithstanding the expense, however, we can furnish water at less than the Hemlock water is now costing the city of Rochester.

We offer to furnish this water, four million gallons daily, for the term of five years, commencing the delivery on or before May 15th next, at the price of ten cents per thousand and gallons.

The assessed valuation of the city of Rochester is \$103,141,603. It will be seen therefore that the taxpayer would pay annually for five years the sum of \$1.38 per thousand dollars of valuation for this absolutely pure and abundant supply of water.

We venture the suggestion that the poor people of the city; the small taxpayers who usually feel the burdens of taxation more keenly than the wealthier class, would much prefer to pay this small sum per annum in return for the benefits arising from an early and abundant supply of absolutely pure water than to receive river water at any cost to-day, even if no prolonged litigation over the consequential damages to mill owners were not inevitable.

We think the parents of the children who are attending the public schools, where more water is so urgently needed; the house wives, who are carrying water in pails to the upper stories; the people who wish the sewers flushed, the streets cleaned, and pure water only used for domestic purposes throughout the city of

Rochester, will endorse your action in levying a tax of \$1.38 per thousand for so prompt and abundant supply of pure water.

Respectfully yours,

THE PURE WATER COMPANY,

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, NOV. 28, 1892. }

To the Honorable, the Common Council :

Gentlemen:—I am authorized by the Executive Board to report that, after considerable effort to bring about an agreement on the price of land necessary to be acquired for the widening of Hensler place between the several owners, no satisfactory propositions could be obtained from a number of those solicited to give prices for their property, and therefore it is recommended that your honorable board authorize the commencement of the usual proceedings to condemn the lands.

Respectfully,

THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Kelly—Whereas, no agreement for the purchase of lands necessary to be taken for the widening of Hensler place from Jay street to Murray street, in the City of Rochester, under final ordinance No. 4,580, can be made, therefore

Resolved, That a copy of said ordinance, and of this resolution, together with a map of the place, be made and filed in the office of the City Clerk, and of the County Clerk, which map shall show thereon the lots, tracts and parcels of land which are deemed necessary to be taken, and the commencement, course and termination of said place proposed to be laid out according to the provisions of Section 174, of the revised city charter, and that the City Attorney be, and he hereby is, instructed to take and institute such proceedings, from time to time, as may be necessary to secure such widening as is provided by said city charter.

Adopted.

after the passage or adoption of any such resolution, order or ordinance, or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7 o'clock P. M., at the Common Council Chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Morning Herald notice thereof as is required and in the manner specified by Section 172 of the City Charter.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., Nov. 29, 1892.

To the Honorable the Common Council of the City of Rochester.

Gentlemen:—Agreeably to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Morning Herald, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your Honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, Nov. 29, 1892, at 7 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvement. Respectfully,

HENRY W. GREGG, City Clerk.

FINAL ORDINANCE, NO. 4,891.

EXTENSION OF AUGUSTA STREET.

On motion of Ald. Simmelink, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to extend Augusta street from its present west end to Scio street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, and they hereby judge that the public good requires the same to be done, viz:

The extension of Augusta street of its present width of 40 feet, from its present west end, westerly, in a direct line to Scio street. And the territory deemed necessary to be taken therefor is a strip of land 40 feet in width, lying between the north and south lines of the above described extension, from the present west end of Augusta street, to Scio street.

And the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Augusta street, as now opened and as proposed to be extended, from Union street to Scio street, as they exist at the date of the passage of this ordinance.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—19.

FINAL ORDINANCE NO. 4,892.

OPENING A STREET FROM BATES STREET TO BOWEN STREET.

On motion of Ald. Simmelinck, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to open a new street from Bates street to Bowen street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, and they hereby judge that the public good requires the same to be done, viz:

The opening of a street 66 feet in width, from Bates street to Bowen street, the center line of which is described as follows, viz: Beginning at a point in the west line of Bates street 18.5 feet south of the north line of property supposed to be owned by A. C. Bowen, being opposite the center of Sibley street; thence westerly on a line parallel with and 18.5 feet south of the north line of said A. C. Bowen's property to Bowen street. The territory to be taken for said proposed street, is a strip of land 33 feet in width situate on each side of and adjoining the aforesaid described center line and extending from Bates street to Bowen street.

And the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcel of land on each side of and adjoining the proposed street from Bates street to Bowen street, as they exist at the date of the passage of this ordinance, ■

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Lempert, Fox, Johnston, Ward, Dewey, H. G. Cook., Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—19.

FINAL ORDINANCE, NO. 4,893.

PIPE SEWER IN SENECA TERRACE.

On motion of Ald. Ward, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a pipe sewer in Seneca Terrace from near Alameda street to Albemarle street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a vitrified pipe sewer 12 inches in diameter on each side of Seneca terrace, from a point 25 feet north of Alameda street, to the proposed sewer in Albemarle street. Also the construction of the necessary manholes, surface sewers and branches.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of eight hundred and forty dollars, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each

side of Seneca terrace, from Albemarle street to Alameda street.

Adopted by the following vote:
Ayes—Alds. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Lempert, Fox, Johnston, Ward, Dewey, H. G. Cook., Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—19.

FINAL ORDINANCE NO. 4,894.

PIPE SEWER IN ALEMEDA STREET.

On motion of Ald. Ward, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a pipe sewer in Alameda street from the sewer in the Boulevard to lot No. 7 of Section E.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a vitrified pipe sewer 15 inches in diameter in Alameda street, from the sewer in the boulevard to the east line of lot No. 25, Section B, of the Boulevard Lot Association Tract, and 12 inches in diameter from this point to a point opposite the center of lot No. 7, Section E, of said Tract. Also the construction of the necessary lot laterals to the street lines, manholes, surface sewers, branches, roadway grading and gutter formations.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of three thousand, seven hundred and eighty dollars, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Alameda street, from the boulevard to the east end of lot No. 9, Section E, of the Boulevard Lot Association Tract.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Lempert, Fox, Johnston, Ward, Dewey, H. G. Cook., Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—19.

Final ordinances for pipe sewer in Albemarle street and West street extension came up and on motion of Ald. Johnston, action thereon was postponed two weeks.

Final ordinance for grading and plank walk on Chester avenue came up. Ald. Forsyth moved that the ordinance be amended so as to read an ordinance for the grading of Chester avenue for the entire width from Genesee street west to Pioneer street, and also for a sidewalk on the south side of said street. Amendment adopted. Ordinance laid over two weeks under the rules.

Final ordinance or Flour City Park Plank Walk came up and upon motion of Ald. Johnston action thereon was postponed two weeks.

By Ald. McMillan—Resolved, That when this Council adjourn, it be for one week.

Adopted.

UNFINISHED BUSINESS.

Action upon the assessment roll for Hand street widening. Ordinance No. 3,077, came up and Ald. H. G. Cook presented the following:

By H. G. Cook—Resolved, That the assessment roll for Hand street widening Final Ordinance No. 3,077 be, and the same hereby is in all things confirmed.

Allegations were called for and after hearing same from all persons appearing the resolution was adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—19.

The matter of ordering an assessment for the widening of Clifford street, from North Clinton street to Conkey avenue, laid over until this meeting came up.

The Clerk reported that notice of hearing had been duly published, as required by section 190 of the city charter.

Allegations were then called for, and after hearing the same from all persons appearing, Ald. C. S. Cook presented the following:

LOCAL IMPROVEMENT ASSESSMENT.

By Ald. C. S. Cook—

Whereas, The City Attorney has ascertained and reported the entire and aggregate expense of, and connected with the widening of Clifford street, from North Clinton street to Conkey avenue, in the City of Rochester, under Final Ordinance No. 4,795, including any and all damages or awards made by the commissioners of appraisal, and all the costs and charges of the city in the proceeding, at the sum of six thousand eight hundred and fifty-one dollars and eighty-five cents (\$6,851.85) and which expense has been heretofore adjusted by this Common Council, as thus reported and due notice of the time for hearing allegations has been duly published by the City Clerk as required by the city charter.

Resolved, That the portion or part of the city on which the said expense is hereby directed to be assessed, and which this Common Council deems will be benefited by the improvement, are the lots and parcels of land within the part of the city described and directed to be assessed in and by the final ordinance relative to the said improvement, and the Assessors of said city, if they are not interested in any of the property or lots or parcels of land to be taken, or situated or being within the part or portion of the city deemed to be benefited and directed to be assessed, as aforesaid, are hereby directed to apportion and assess the said expense and to make an assessment upon all the lots and parcels of land within the portion or part of the city directed to be assessed, and benefited as aforesaid, as near as may be in proportion to the benefit which each shall be deemed to receive thereby.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—19.

The confirmation of the commissioners' report in the matter of opening a street from Jefferson avenue to Reynolds street came up.

Ald. Forsyth moved that action thereupon be laid over for one week and the matter be referred to the City Attorney to report back. Carried.

MISCELLANEOUS BUSINESS.

By Ald. Dewey—Resolved, That the City Clerk be, and he is hereby directed to draw an order upon the City Treasurer in favor of William Herle for the sum of thirty dollars being for repairs to voting booth, 4th district, 12th ward, as per annexed bill, as per authority of Chairman Law Committee, and that said order be paid by the Treasurer out of the Contingent Fund.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—19.

By Ald. Dewey—Resolved, That the Clerk draw orders upon the Treasurer payable from the Contingent Fund, in favor of the follow-

ing named persons and for sums and purposes as follows:

George L. Mattison thirty-three (\$33.00) dollars, for serving notices of the application for the appointment of commissioners of appraisal.

The Rochester Printing Company, for 12.50 for printing the notice of the application for the appointment of commissioners of appraisal.

The Abstract Guarantee Company for \$53.00 for searches.

K. P. Shedd, Monroe County Clerk for twenty-five (.25) cents for filing map, in the matter of opening a street from Bates to Bowen street in the City of Rochester, under Final Ordinance No. 4,847, and that the Treasurer pay the said several sums from, and charge the same to the Contingent Fund.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—19.

By Ald. Tracy—Resolved, That the Lamp Committee be, and they are hereby requested to cause an arc electric light to be placed at the corner of State and Market streets and one in Back street, a short street leading from Mumford street, opposite Rochester Gas Co's property. Referred to Lamp Committee and City Electrician.

By Ald. Calihan—Resolved, That the Lamp Committee be, and they are hereby requested to place one arc electric light on Allen street, between Sophia and Washington streets. Referred to Lamp Committee and City Electrician.

By Ald. Fox—Petition of American Brewing Company for permission to erect a wooden building on Hudson street. Referred to Wood Building Committee and Fire Marshal with power to act.

By Ald. Aikenhead—Resolved, That the Executive Board be, and it hereby is requested to negotiate with the owners of property to be taken for the extension of Augusta street, from Union street to Scio street and report back to this Council at its next meeting.

Adopted.

By Ald. Aikenhead—Resolved, That the Executive Board be, and it hereby is requested to negotiate with Phillip Stape of this city, for the purchase of property for the fire department, owned by him on the west side of Scio street sixty-six (66) feet front running back of an equal width one hundred ten (110) feet and enter into a land contract for the purchase of the same, providing the same can be purchased for a sum not exceeding twenty-seven hundred (\$2,700.00) and said Stape will accept one hundred (\$100.00) in cash upon the delivery of a land contract for said premises approved by the City Attorney, and the balance without interest on the first day of May, 1893, possession to be given May 1st, 1893, and all taxes and assessments to be paid by said Stape to May 1, 1893, who is also to provide proper papers including searches.

To the Common Council:

Gentlemen:--The following action was taken by the Executive Board at a regular meeting held November 25, 1892:

By Mr. Aldridge--Whereas, A cash guaranty in the sum of \$998.96 was given the

City of Rochester by the Warren-Scharf Asphalt Paving Company, contractors, for the maintenance of Tremont street Trinidad asphalt sheet pavement improvement for a period of five years from the date of its completion, and,

Whereas, the time of such guaranty expired September 2, 1892, and the pavement is certified to this Board as in good order, therefore,

Resolved, That the Clerk of this Board request the Common Council to authorize the Treasurer of the City of Rochester to pay to the Warren-Scharf Asphalt Paving Company, contractors, for Tremont street Trinidad asphalt sheet pavement improvement, Ordinance No. 3,174, the sum of \$998.96, being the amount retained by the City of Rochester as security given by said Warren-Scharf Asphalt Paving Company, for the repair and maintenance of said pavement for five years.

Adopted.

Pursant to the terms of the above resolution it is requested that you authorize the City Treasurer to refund to the Warren-Scharf Asphalt Paving Company, the amount of money deposited as guaranty for the Tremont street Trinidad sheet pavement improvement.

Respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Lewis--Resolved, That the City Treasurer be, and he hereby is, directed to pay to the Warren-Scharf Asphalt Paving Company, contractors, for Tremont street Trinidad asphalt sheet pavement improvement, ordinance No. 3,174, the sum of nine hundred and ninety-eight dollars and ninety-six cents (\$998.96) being the amount retained by the City of Rochester as security given said Warren-Scharf Asphalt Paving Company for the repair and maintenance of said pavement for five years, said period having expired on September 2, 1892, and the Executive Board having certified the same to be in good order.

Adopted by the following vote:

Ayes--Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer--18.

By Ald. Lewis--Resolved, That the City Clerk be, and he is hereby directed to draw an order upon the City Treasurer in favor of the Bell Telephone Company for the sum of three dollars and fifty cents being for the use of telephone to New York as per annexed bill and that said order be paid by the Treasurer out of the Contingent Fund.

Adopted.

By Ald. Lewis--Resolved, That Final Ordinance No. 4,779, adopted by the Common Council, April 19th, 1892, be, and the same hereby is indefinitely postponed and repealed.

Adopted.

By Ald. Lewis--Whereas, By chapter -- of the laws of 1892, an election for delegates to the constitutional convention is directed to be held on the 14th day of February, 1893, and, whereas, it is believed by many that said chapter of the laws of 1892, is unconstitutional and void, and whereas, it is conceded that the expense of such election, if held, would amount to a very large sum, probably ten thousand dollars in the City of

Rochester alone, and whereas, no reason has been shown why said election could not properly be held at the regular annual charter election, to be held on March 7th, and by so doing the saving of said ten thousand dollars would be accomplished; or said election might properly be held at the regular general election to be held in November, 1893, throughout the state, thereby saving to the people of the State of New York, a sum estimated at one million dollars, therefore,

Resolved, That the Honorable Senator and Member of Assembly from this city be, and they are hereby requested to take such steps immediately upon the assembly of the Legislature on January 3, 1893, as will result either in the repeal of said chapter of the laws of 1892, or any such amendments thereto as will provide for the election of delegates to the constitutional convention at either the regular spring election or else at the general election to be held in November next. And be it further resolved, that the Clerk of this Board be and he is hereby directed to mail a certified copy of this resolution to the proper city authorities of the several cities of this state, with a request that similar action be taken by such cities.

Adopted.

By Ald. Forsyth—Resolved, That the Clerk draw an order upon the City Treasurer payable from the Contingent Fund in favor of William Craig, for the sum of \$2.00 for carriage hire, in the matter of the opening of a street from Reynolds street to Jefferson avenue, in the City of Rochester, under Final Ordinance No. 4,796, and that the Treasurer pay said sum from the Contingent Fund and charge and carry said sum to the fund for the opening of said street when created.

REPORTS OF STANDING COMMITTEES.

By Ald. Johnston—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Committee on Charter Amendments begs leave to submit the following as its report:

The matter of the license fee charged hucksters, etc., under an ordinance adopted August 26, 1890, and amended October 21, 1890, entitled, "An ordinance relating to hawkers, hucksters, peddlers, and vendors, and licenses for the same," was considered by your committee at a meeting held at the City Attorney's office last week, at which there was in attendance a number of hucksters, all of whom advocated a reduction of the fee, which is now fixed by said ordinance at \$15.00. We are informed that there are other provisions of the ordinance like that relating to the license fee, which are systematically disregarded by those persons pursuing that occupation, such, for instance, as the provision requiring the vehicles used for huckstering, etc., to have painted thereon, in legible characters, in a conspicuous place on the side thereof, in plain and durable letters, the name or names and business address and number of the owner thereof, and also requiring persons engaged in that occupation to wear on their left breast a badge bearing the word "vendor" engraved thereon.

After a careful consideration of all the requirements advanced for and against a reduction of the license fee, we are inclined to think that if the whole ordinance was regu-

larly enforced, a license fee of five dollars would be a sufficient charge for the privilege of operating under the ordinance, and, therefore, recommend that the fee be reduced to that amount.

In relation to the communication of the Rochester Railway Company suggesting the passage of an ordinance regulating the use of the company's tracks by the public, so as to prevent any unnecessary delay in the operation of its road, we desire to say, that, while we indorse the wisdom of the rule referred to in the communication requiring cars to be brought to a full stop, whenever a car headed in an opposite direction is standing at a crosswaik, as a means of protection to the public from accidents, we are of the opinion that the section of the Penal Code, also referred to in the communication, is an ample remedy for the evil complained of, and we can see no reason for duplicating it in the ordinances of the city, and, therefore, recommend that the request be denied.

This committee was directed to prepare and report at this meeting of the Common Council a penal ordinance relating to the discharge of blasts or explosions within the city limits between the hours of 7 o'clock P. M. and 7 o'clock A. M. Upon looking over the penal ordinance of the city, we find that on October 26th, 1860, this Common Council adopted a penal ordinance relating to the storage of gun powder, &c., which provides in its 5th section that no person shall fire or set off or explode any gun powder, preparation, cracker, squib, rocket or firework or fire any pistol, gun or cannon or throw any fire ball or make any bon-fire, or aid or abet therein in any part of the city of Rochester under a penalty and fine of \$5.00 for each offense, section 5 also provides, that it may be suspended in any particular, and as to any person, in the discretion of the Mayor of said city. This section seems to be broad enough to cover the subject referred to in the resolution produced by the Common Council at the last meeting, but to save any question we have prepared an amendment to the ordinance which we submit herewith for adoption.

In the matter of the preparation of a penal ordinance requiring all trains of the New York Central & Hudson River Railroad to come to a full stop before crossing University avenue and prohibiting the crossing of said street by such trains at a rate of speed exceeding three miles an hour, we desire to say that the preparation of such an ordinance was discussed and it was decided to ask for further time.

All of which is respectfully submitted.

WM. WARD,
M. B. ADAMS,
D. W. FORSYTH,

Charter Amendment Committee.

Ordered received, filed and published.

Ald. Johnston asked for and received unanimous consent to introduce the following:

By Ald. Johnston—Resolved, That Section 2 of an ordinance relating to hawkers, hucksters, peddlers and vendors and licenses for the same adopted by the Common Council, August 26th, 1890, and published at page 242 of the proceedings of the Common Council for 1890-91, as amended October 7th, 1890, and published at page 302 of the proceedings of the Common Council for 1890-91, be, and the same hereby is reconsidered.

Adopted.

By Ald. Johnston—Resolved, That Section 2 of an ordinance relating to hawkers, hucksters, peddlers and vendors and licenses for the same adopted by the Common Council August 26th, 1890, and published at page 242 of the proceedings for 1890-91, as amend-

ed October 7th, 1890, and published at page 302 of the proceedings of the Common Council for 1890-91, be, and the same hereby is amended by striking out the word "fifteen" in the fifth line of said section two as it appears on page 302 and inserting in the place thereof the word "five."

By Ald. Johnston—Resolved, That said section 2 as amended be adopted.

Adopted.

Ordinance as amended adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Bierbrauer—17.

By Ald. Johnston—An ordinance to amend the penal ordinance relating to the storage of gun powder and other combustible substances and the sale and use thereof, and of fire-crackers and fireworks manufactured or prepared therefrom; the exhibition of fire works and the discharge of fire-arms, passed October 26th, 1866.

The Common Council of the City of Rochester do ordain as follows:

Section 1, Section five, of the penal ordinance relating to the storage of gun powder and other combustible substances and the sale and use thereof and of fire-crackers and fire works manufactured or prepared therefrom; the exhibition of fireworks and the discharge of firearms, passed October 26th, 1866, is hereby amended so as to read as follows:

"No person shall fire, set off, explode or discharge any blast, gunpowder, preparation, cracker, squib, rocket, fireworks, or other combustible material, or fire any pistol, gun or throw any fireball, or make any bon-fires, or aid or abet therein in any part of the City of Rochester, under a penalty and fine of \$5.00, for each offense. But this section may be suspended in any particular, and as to any person, in the discretion of the Mayor of said city.

Section 2, This ordinance shall take effect immediately.

Adopted.

Ordinance as amended adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Bierbrauer—17.

By Ald. Johnston—Resolved, That the request of the Rochester Railway Company to have prepared and adopted an ordinance regulating the use of Company's tracks be, and the same hereby is denied.

Adopted.

By Ald. Adams--

ROCHESTER, N. Y., Dec. 6, 1892.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Map and Survey Committee desire to report that the system of indexing the vast number of important plans and records in the City Surveyor's office is very crude and defective.

The Surveyor proposes to introduce a complete card catalogue, such as is used in public libraries, so that all of the information in the office will be immediately available.

Your committee recommends that the Surveyor be authorized to purchase the necessary cabinet and 20,000 cards at an expense not to exceed \$125.00.

Respectfully submitted,

JOHN F. FOX,
CHAS. S. COOK,
JAMES JOHNSTON,
JULIUS WURTZ,

By Ald. Lewis—
 REPORT OF SELECT COMMITTEES.
 By Ald. Lewis—
 To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Special Committee appointed to consider the advisability of procuring an additional temporary supply of water for domestic use, begs leave to make the following report:

Your committee has held several public meetings at which the discussion of the proposition to obtain a temporary supply of water from the upper river, was open to all persons who desired to express their views thereon. At one of these meetings the attendance was fairly large, and certainly representative. Several of Rochester's most prominent citizens appeared before the committee, and unhesitatingly expressed their belief that a temporary supply of water could be procured from the upper river, without detriment to the public health, and at a cost which would not render it burdensome.

Your committee has listened patiently to every suggestion that has been made, and has conferred with large numbers of prominent citizens who did not trouble themselves to attend to the meetings of the committee. It is perhaps fair to say that at least one-half of all the citizens consulted in reference to the matter, have expressed themselves as decidedly opposed to the proposition to procure water from the upper river. As one gentleman very forcibly suggested, that in his opinion it was like "forcing sewer gas into a room filled with fresh air." Many other citizens have stated that in their judgment, it was advisable to endeavor to economize in the use of water for another year, when, as your committee is advised by the chairman of the Executive Board, the prospects now indicate that additional water will be received from Hemlock Lake in the Rush reservoir. From the discussion that has been had, and from all the information which your committee has been able to obtain from the citizens with whom its members have consulted, it is certainly fair to say, that a large part of the population of the city of Rochester is utterly opposed to the proposition outlined above.

It is conceded that the conduit from Hemlock lake to Rush reservoir can convey less water by about two million gallons per day, than can pass through the conduit from Rush reservoir to Mt. Hope reservoir. If within the coming twelve months the conduit can be constructed from Hemlock Lake to Rush reservoir, and a large amount of water can be delivered at Rush reservoir in excess of the amount now delivered, the conduit from Rush reservoir to Mt. Hope reservoir would be able to convey about two million gallons per day more than is now being received at Mt. Hope reservoir, and it is only to provide for the period during which we are deprived of the additional conduit from Hemlock lake to Rush reservoir, that it is proposed to provide a temporary supply from the river.

The water works system originally established, was designed for the use of domestic consumers, and for the extinguishment of fires, and it was never contemplated by the authors of the water works system, that the waters of Hemlock lake should be diverted to the use of manufacturers to the detriment

of private consumers, and the danger of having an insufficient supply for fire protection. And probably in no city of its size in the country is the water supply of the city so largely diverted to the use of manufacturers as in this city.

In the opinion of your committee, the waters provided by the city from Hemlock lake belong primarily to the domestic consumers, and only the surplus, after the needs of such consumers have been fully supplied, should be diverted to manufacture.

It has been proposed to establish a filtration plant, and filter the water of the Genesee river, thereby making such waters suitable for domestic use, and available for manufacturing purposes, but it is believed that the present supply is entirely sufficient for domestic use, and if water is needed only for manufacturing purposes, it is, in the judgment of your committee, better for the city's interest that the manufacturers who need water shall establish and maintain their own filtration plant, than that the city should expend a large sum of money that they may be saved the necessity of investing their own funds.

It has been urged by many that the city in providing a supply of two million gallons of water from the Genesee river, would be making a profit of the water thus obtained by selling it to the manufacturers. The answer to that argument is this: That the city should not go into any undertaking for the mere purpose of profit. If an undertaking required by the city can be made profitable, in addition to furnishing the city with what the city requires, then it is perfectly proper that those profits should be secured; but, in the judgment of your committee, the city should not undertake any enterprise simply because a profit could be made by the management of that enterprise.

If we now have all the water which the city needs for domestic uses, then we are not justified in providing water to be sold for manufacturing purposes, where the manufacturers themselves could as well supply their own needs and save the city the necessity of investing its money in expensive plants, but in the opinion of your committee, it is not true that the acquisition of two million gallons of water a day from the upper river could be made profitable.

Probably the best reason for the lack of pressure in some parts of the city at the present time and during the past few months is that the distributing mains throughout the city, and especially the mains leading from Mt. Hope reservoir directly into the city, and from which all parts of the city are now supplied, is inadequate.

Mr. Emil Kuichling, Chief Engineer of the Water Works Department, has made the assertion that "with the Atlantic ocean at one end of the distributing mains, and the present mains in existence, no more pressure could be secured in the city than is now being secured, simply because all of the water that those distributing mains can possibly carry, is now being carried." And if that be true, the pumping of two million gallons of water per day into Mt. Hope reservoir would have little, if any, effect upon the pressure in the higher parts of the city, until the distributing mains from Mt. Hope reservoir shall be enlarged and made available for carrying more water than they are now carrying. The city can take its choice of customers, and sell the water which it now has to sell either to the private consumers, living in the outside wards, where its use will tend to cleanse the sewers, or it can sell to manufacturers located largely in the center of the city where the water after being used will run directly to the river, and have no beneficial effect upon the sewer system. It is a mere matter as to whether private consumers or the manufacturers shall have the

water and pay the price. If the manufacturer has it, then the private consumer must go without it, and this is true whether an additional supply be obtained from the upper river or not, on account very largely of the lack of facilities for distribution.

Your committee is informed by the Executive Board that the New York Central railroad, for instance, uses on an average each month of very nearly seven million gallons of water. It will be seen that if that statement is true, that one-thirteenth of the total supply of the city of Rochester of potable water is diverted to the uses of that corporation, and the small householders scattered through the city, are deprived of just that amount. It is impossible to believe that the New York Central could not, by the expenditure of a comparatively small amount of money, erect a pumping station and provide itself with a filtration plant, by the use of which it could employ the river water for its various uses in this city, except for drinking purposes.

The Rochester Railway Company, as your committee is informed by the Executive Board, uses an average of two and one-fourth million gallons of water per month, and at the request of the Executive Board it has decided to discontinue the use of the Hemlock water and employ river water properly purified, for all its needs. The Rochester Car Wheel Works, using a very large amount of water each month, has, as your committee is informed, undertaken voluntarily to discontinue the use of Hemlock water in its business, and to provide itself with water from other sources and what is true of those large corporations, can without question be made to be true with other corporations and manufacturing institutions similarly situated.

It is believed that with proper effort on the part of the large users of Hemlock water, a supply of water can be secured and filtered at their own expense from the Genesee river or from wells to be driven by them, so that the reduction in the consumption of Hemlock water by them will amount to from one and one-half to two million gallons per day, leaving that amount of Hemlock water in the reservoir to be sold by the Executive Board to those of our citizens who have the first and best right to the use of it—the householders and domestic consumers. And as only a given amount can be forced through the distributing mains in any event, and as it is believed that the consumption by such consumers will be equal to that given amount, it must be apparent that the city will suffer no loss of revenue by following that course of procedure.

The Executive Board has already advertised for bids for the construction of the new conduit to Hemlock lake, and shows a commendable desire to hasten the work of completing the conduit as rapidly as possible.

Your committee is convinced that there has been no unnecessary delay in the preparation of those plans and the preliminary work of letting the contracts, and it is hoped that with proper effort the city of Rochester will within two years at the very most, be provided with a plentiful supply of water for all purposes from Hemlock lake. In the meantime, if manufacturing concerns and large corporations can provide themselves with water suitable for their purposes at their own expense, and save to the city the necessity of investing a large amount of money in a plant for pumping and filtering water, which would be practically of no use at the expiration of two years, then it is better to permit them to do so, and by careful use of the water which we have and a judicious management of its distribution, avoid the necessity of investing that money.

The communication of the Pure Water Supply Company, which proposed to furnish

a supply of potable water, four million gallons per day from Bushnell's basin and Irondequoit creek, at an expense of ten cents per thousand gallons, has been carefully considered and your committee respectfully recommends that the proposition be declined. At the end of two years the city will have all of the water that it can possibly use, and for the city to continue for three years thereafter to pay at the rate of four hundred dollars per day for water which it will have no use for, and could not sell or even give away, and which would be a source of expense in providing reservoirs to store it, would be an extravagance that the city's present necessities would not justify.

Your committee, therefore, recommends that the Executive Board be requested to confer with the New York Central Railroad Company, and with the various other large consumers of Hemlock water to the end that such consumers be prevailed upon to seek the water necessary for use in their enterprises from other than the present sources, and that the Executive Board be requested to adopt such stringent measures as may in their judgment be expedient to prevent the waste of water now available, and that they be urged to use every effort to secure the early completion of the conduit already projected from Hemlock lake to Mt. Hope reservoir.

All of which is respectfully submitted.

Ordered, received, filed and published.

By Ald. Lewis—

Resolved, That the Executive Board be, and it is hereby, requested to at once confer with the large consumers of Hemlock water in this city and endeavor to prevail upon them to secure water for their needs other than Hemlock water. And further,

Resolved, That the Executive Board be, and it is hereby, urged to take every measure which will tend to hasten the completion of the new conduit to Hemlock lake already projected, and further,

Resolved, That the Executive Board be, and it is hereby, advised to take such steps as in its judgment shall be necessary and expedient to prevent the waste of Hemlock water throughout the city.

Adopted.

By Ald. Lewis—

Resolved, That the proposition of the Pure Water Supply Company, to furnish an additional supply of water for the use of the city of Rochester, presented to this council at its meeting held November 29th, be, and the same is hereby declined."

Adopted.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

MAYOR'S OFFICE,
ROCHESTER, Dec. 6, 1892.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—I hereby transmit the enclosed communication for your favorable consideration.

RICHARD CURRAN, Mayor.
HISTORICAL SOCIETY LIBRARY,
ROCHESTER, N. Y., Dec. 1, 1892. }

Hon. Richard Curran, Mayor City Rochester:

The Tablet Committee of the Historic Society has undertaken to mark with suitable tablets or inscriptions some of the old landmarks and historic sites of our city.

Will the Common Council assume the expense of an inscription to be cut into the old Indian Allan millstones to be seen at the base of the

lamps at the entrance to the City Hall? Will they also assume the expense of a tablet to be put up in the Court House, telling when the first court house was built, with a few other historical facts relating to it?

The Tablet Committee will assume the detail of the matter, and submit the cost of the tablets before the work is done. The cost would be made as moderate as possible, but it must be durable and artistic.

Mr. Powers has erected the first tablet for the Historical Society. It may be seen near the entrance to the Art Gallery.

The Four Corners of Colonel Rochester's one hundred-acre tract must be marked by stone posts, bearing a suitable inscription. We wish the Common Council would assume the expense of the same.

Will you do us the favor of submitting this communication to that honorable body?

JANE MARSH PARKER,
For the Tablet Committee.

Ordered received, filed and published and referred to Finance Committee.

By the Clerk—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—The Excise Commissioners for the City of Rochester, would respectfully report that they have granted 68 licenses for the month of November, 1892. Received therefore, \$3,392; expended for supplies and postage, \$12; deposited \$3,380 with the City Treasurer and filed his receipt therefor with the bonds, with the City Clerk.

CASS WILLIAMS,
E. MCSWENEY,
ROBERT SIEBERT,
Excise Commissioners.

Ordered received, filed and published.

By the Clerk—

ROCHESTER, Dec. 6, 1892.

To the Honorable, the Common Council of the City of Rochester:

I herewith present my report as scaler of weights and measures for the month of November, 1892.

REPORTS OF STANDING COMMITTEES.

By Ald. H. G. Cook—

To the Honorable the Common Council of the City of Rochester:

Gentlemen: Your Assessment Committee begs leave to report as follows:

In the matter of the petition of Martin Frison, relative to an alleged erroneous assessment, we recommend that the petition be denied.

In the matter of the petition of Thomas Slowe, relative to certain assessments for the Lyell avenue and Saxton street outlet sewer, sections 1 and 2, we find that the petitioner erroneously paid assessments amounting to \$343, and we therefore recommend that the petitioner be allowed a refund of that amount.

In the matter of the petition of John F. Mussmacher, praying for the correction of an assessment for Harvest street sewer under final ordinance No. 4,548, against lots 12 and 14, situated on the southwest and northwest corners of Harvest street and Englert Place, we recommend that the petitioner be allowed to pay the sum of \$56.18 in full of said assessment.

Respectfully submitted,

HENRY G. COOK,
JAMES JOHNSTON,
C. W. ZIMMER,
JOSEPH BIERBRAUER,
Assessment Committee

Ordered received, filed and published.

By Ald. H. G. Cook—Resolved. That the petition of Martin Frison, relative to an alleged erroneous assessment, be and the same hereby is denied.

Adopted.

By Ald. H. G. Cook—Resolved. That the City Clerk draw an order on the City Treasurer in favor of Thomas Slowe, payable from the contingent fund, for the sum of \$3.43, being the amount erroneously paid by said Thomas Slowe, for the Lyell avenue and Saxton street outlet sewer, section 2, and that the treasurer charge that sum to erroneous assessments.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillian, C. S. Cook, Caliban, Adams, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Aikenhead, Simmelink, Lewis, Bierbrauer—17.

By Ald. H. G. Cook—Resolved. That the City Treasurer be and he hereby is directed to receive from John F. Mussmacher, within thirty days from the passage of this resolution, the sum of \$56.18 in full of the assessment for Harvest street sewer under final ordinance No. 4,548, against lots 12 and 14, situated on the southwest and northwest corners of Harvest street and Englert Place, and that he charge the balance of said assessment to erroneous assessments.

Adopted.

By Ald. Lewis by request of Ald. Forsyth—
To the Honorable the Common Council of the City of Rochester.

Gentlemen:—Your Law Committee begs leave to make the following report:

In the matter of the communications respecting the judgments of Benjamin Wing and Charles E. Evans against the city for damages for sewer pollution on Thomas creek, we find that at the recent trial in the Benjamin Wing case a judgment of \$800 damages was recovered, with costs, \$159.75, making a total of \$959.75, on the 3d of November, 1892, and that in the case of Charles E. Evans against the city, a judgment of \$400 for damages and \$146.59 costs, making a total of \$546.59 was recovered on the 28th day of November, 1892. In both these actions the only question litigated was the amount of damages to which the parties were entitled. The question of the nuisance has been frequently decided against the city in cases which were finally determined by the court of appeals. There are no grounds for an appeal, and we therefore recommend that these judgments be paid to the plaintiffs or their attorneys, and that a resolution be adopted accordingly.

In the matter of the appointment of commissioners of deeds, we are advised that, by section 86 of chapter 683 of the laws of 1892, the common council of this city is directed to determine on or before the first of January, 1893, and at the end of every two years thereafter by a resolution of the board, the number of commissioners of deeds to be appointed for this city. We therefore recommend that the accompanying resolution be adopted by the board, fixing the number of commissioners of deeds at fifteen hundred.

In the matter of the claim of John Swanton for damages resulting from an injury to his person by falling on a sidewalk on Davis street, we ascertained that Mr. Swanton was very seriously injured by reason of a fall, and that the executive board had due notice of a defect in the sidewalk upon which said Swanton fell, and, under all the circumstances, your committee offered to said Swanton the sum of \$250 in settlement of his claim. Since the offer of the committee said Swanton has accepted the same, and we recommend that a resolution be adopted paying him the sum of \$250 in full settlement of his claim.

Respectfully submitted,
 MERTON E. LEWIS,
 HENRY G. COOK,
 CHAS. S. COOK,
 WILLIAM H. TRACY,
 Law Committee.

Ordered received, filed and published.

By Ald. Lewis—Resolved, That upon the delivery and filing with the city attorney of satisfactions of judgments in the case of Benjamin Wing against the city of Rochester, that the city clerk be and he hereby is directed to draw an order on the city treasurer, payable from the contingent fund, to said plaintiff, or to Hubbell & McGuire, his attorneys, for the sum of nine hundred and fifty-nine dollars and seventy-five cents, with interest thereon from November 3d, 1892, and the treasurer is hereby directed to charge such amount to the contingent fund.

Adopted by the following vote:
 Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Adams, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Aikenhead, Simmelink, Lewis, Bierbrauer—16.

By Ald. Lewis—Resolved, That upon the delivery and filing with the City Attorney of a satisfaction of the judgment in the case of Charles E. Evans against the city of Rochester, that the city clerk be and he hereby is directed to draw an order on the city treasurer, payable from the contingent fund, to said plaintiff, or to Hubbell & McGuire, his

attorneys, for the sum of five hundred and forty-six dollars and fifty-nine cents, with interest thereon from November 28th, 1892, and the treasurer is hereby directed to charge such amount to the contingent fund.

Adopted by the following vote:
 Ayes—Ald. Tracy, McMillan, C. S. Cook, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis Bierbrauer—15.

By Ald. Lewis—Whereas, The term of office of all commissioners of deeds appointed in and for the city of Rochester will expire with the 31st day of December, 1892, and

Whereas, Chapter 683 of the Laws of 1892 directs that the common council of each of the cities of this state, except the city of New York, on or before the 1st day of January, 1893 and once at the end of every two years thereafter shall by resolution of the board determine and limit the number of commissioners of deeds to be next appointed in and for their respective city.

Therefore, Resolved, that the number of commissioners of deeds for the ensuing two years, beginning with the 1st day of January, 1893, be and hereby is fixed at fifteen hundred, and that the term of office of all commissioners of deeds that shall be appointed by the common council will expire on the 31st day of December, 1895.

Adopted.
 By Ald. Lewis—Resolved, That upon the certificate of the city attorney that a proper release and stipulation has been filed in his office, the city clerk be and he hereby is authorized to draw an order upon the treasurer, payable from the contingent fund, payable to the order of John Swanton, for the sum of two hundred and fifty (\$250) dollars in full of all claims for damages he may have sustained up to the date of the resolution, and that the treasurer charge said amount to the contingent fund.

Adopted by the following vote:
 Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Fox, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Bierbrauer—16.

Ald. Tracy, by request of Ald. Lempert from the Health Committee, Ald. C. S. Cook from the Police Committee, Ald. Calihan from the City Property Committee, Ald. Zimmer from the Contingent Expense Committee, Ald. Adams from the Lamp Committee, Ald. Wurtz from the Poor Committee and Ald. Aikenhead from the Park Committee, reported favorably the various bills referred to their respective committees and referred them to the auditor and Finance Committee for payment.

S. B. WILLIAMS, Treasurer.

Subscribed and sworn to before me, this 13th day of December, 1892.

JOHN G. MUTSCHLER,

Commissioner of Deeds.

Ordered received, filed and published.

By the Clerk—

Rochester, December 13, 1892.

To the Honorable, the Common Council:

Gentlemen: Pursuant to a resolution passed by the Board of Education December 5th inst.,

this committee respectfully requests that you cause to be furnished an additional appropriation to several of the funds of that board for use during the remainder of the fiscal year as follows:

Building fund.....	\$10,000 00
Library fund.....	1,000 00
Contingent fund.....	15,829 00

Total \$26,829 00

The amount for the contingent fund, if granted, to be credited \$6,525, to the supply fund and \$9,304 to the Fuel and Fire Fixtures Fund of said Board.

These estimates are the amounts which were originally embraced in the Board's annual estimate to you of May 2, last and not then granted.

Inasmuch as the total estimate then made was not appropriated within \$30,414 it will be seen that the foregoing, if granted, would not equal our original estimate within \$3,585, the difference being in the amounts then requested for teachers, printing, salaries text books for indigent pupils, miscellaneous fund and Free Academy Fund, for which funds we do not now ask an appropriation.

Our original estimates were carefully made and certified as being necessary to meet the expenses of the public schools for the then coming year.

Respecting the Building Fund, it is proper to say that the amount of \$40,000 appropriated instead of \$50,000, the charter limit, was based on the expectation that the site of old number 10 school building would during the year, be sold and the proceeds available to our Board. Inasmuch as that has not been sold the Board of Education has not been able to do all the building necessary to properly provide for school children in attendance.

We are now obliged to rent annexes in districts Nos. 3, 4, 8, 12, 17, 21, 22, 27, 31, Laburnam street, May street, Lake avenue and Phelps avenue. In addition to these, school buildings 9, 11, 18, 24, 29 and 30 are overcrowded, the halls and cloak rooms of some of which are used as recitation rooms, while two recitations and classes in one room are of common occurrence.

In regard to the other funds above named we would say the expenses have not increased beyond our original statements to you nor out of proportion to the increase in the schools which is nearly one thousand pupils during the past year.

In all our funds the Board has so far kept within its appropriations but as you can readily see, the Fuel and Fire Fixtures committee not receiving within \$9,304 of its former estimate and the Supply Committee receiving \$6,525 less than it first asked for, why it will be impossible to finish the fiscal year free from debt unless further amounts be furnished.

The funds now on hand to the credit of those committees will just about enable us to reach the month of January next.

We therefore respectfully request your attention in order that these amounts may be granted and the Board finish the fiscal year free from obligations.

Respectfully submitted on behalf of the Finance and Apportionment Committees.

F. B. CHAPIN, Chairman.

Ordered received, filed and published and upon motion of Ald. Lewis, referred to Finance Committee.

To the Honorable, the Common Council of the City of Rochester:

Dear Sirs:—At the recent election in November, I was duly appointed by the inspectors of election of the first district of the seventeenth ward, clerk of the board of registry. I was present on each day of registration and acted as such clerk, but on application for compensation for the same it was denied. I have been informed since that clerks of registry are entitled to the same pay, per diem, as the inspectors. I have looked up the law on this point and find that Art. I., Sec. 17, expressly provides for the payment of clerks of registry.

I was also duly appointed a ballot clerk, and acted as such on election day. When I applied for compensation, I was informed by the city clerk that Wilber Runyan had acted

as ballot clerk and that my name had been sent in as poll-clerk. Now, there must be a mistake somewhere, for Mr. Runyan acted as poll-clerk and I as ballot-clerk. This can be easily verified by simply referring to the statement made by the ballot-clerks, to which my name is affixed.

Hoping that this matter can and will be adjusted according to law and justice, I am

Yours respectfully,

ROCHESTER, N. Y., Dec. 12, 1892.

By the Clerk—

CITY TREASURER'S OFFICE,
ROCHESTER, N. Y., Dec. 12, 1892.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—I hereby certify that the Executive Board have notified me that the works or improvements authorized under ordinances hereinafter mentioned have been completed; that I have, pursuant to the provisions of the charter, ascertained the entire and aggregate expense of and connected with the same respectively, including any interest that the city shall incur, or is entitled to for the use of its funds, and that the respective amounts thereof are as follows:

Ordinance and improvement.	Expense.
4,799. Ford st. medina improvement.	\$5,244 12

SAMUEL B. WILLIAMS,
City Treasurer.

Ordered received, filed and published.

LOCAL IMPROVEMENT ASSESSMENTS.

By Ald. Lewis—Whereas, The City Treasurer has ascertained and reported the entire and aggregate expense of and connected with the several following improvements, including any and all interest that the city has paid or has or shall become liable to pay upon account of any and all orders or notes issued by the city to pay the expenses of such improvement adjusted by this Common Council as thus reported, and the respective portions or parts of the city on which the said expense is hereby directed to be assessed and which this Common Council deems to be benefited by the improvements, respectively, are as stated and described in the final ordinance relative to the improvements, respectively, and that the names and expenses of the improvements thus to be assessed are as follows, viz:

Ord. No.	Improvement.	Expense
4,799.	Ford st. medina improvement.	\$5,244 12

And it is further determined that the taxpayers to be assessed for making the foregoing improvement

May pay their assessments in three equal payments, as follows:

One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-third within one year from the confirmation of such roll; and the remaining one-third within two years from the confirmation of such roll. On all sums paid prior to the maturity of said last installment, a discount will be allowed at the rate of six per cent. per annum.

And the Assessors of said city, if they are not interested in any of the property within the part or portion of the city deemed to be benefited, and directed to be assessed, as aforesaid, or if any two of said assessors are not so interested, then such two are hereby directed to make assessments upon all the lots and parcels of lands within the portions or parts of the city above designated and directed to be assessed, of the amounts of expenses of such improvements, respectively, in proportion, as nearly as may be, to the advantage

which the said lots and parcels of land within the respective territories to be thus assessed for such improvements, shall be deemed to receive by the making of the respective improvements.

Adopted by the following vote:

ROCHESTER, N. Y., Dec. 13, 1892.

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—In accordance with a resolution of the Building Trades Council of Rochester, the members of said council whose names are signed to this petition beg leave to present the following statements or allegations in reference to the Court street bridge increased appropriation.

"We are aware that the appropriation first passed for said bridge, did not seem to be sufficient for building the bridge, providing contractors were bound to have the stone cut in this city, it being also stated that the work would cost less money if it was let outside. Now, gentlemen, when we learned these facts we immediately foresaw what an injury would be inflicted on the workmen of Rochester by letting the contract in such a forgetful manner of the mechanics and laborers of this city. Such works as this being a public undertaking all we ask for is consideration at your hands, and that you will, by increasing the appropriation, give us a chance to work in our own city, by having the work done here. It is not our charity. We ask but the opportunity to toil at home. By acceding to our wishes in such matters as this you will place yourselves foremost in the ranks of the Rochester workingman's friends.

Gentlemen:—Please find enclosed petition, signed by several of the store-keepers on Main street, in regard to cartmen standing in front of our stores. Believing you know what a nuisance it is to those wishing to drive up to our places of business, we trust you will give it your early attention.

Yours respectfully,

DOMESTIC SEWING MACHINE Co.,

H. B. Cash, Manager.

ROCHESTER, N. Y., Dec. 8, 1892.

To the Common Council:

Gentlemen:—We, the undersigned, wish to present a petition to have the cartmen's stand removed from the front of the following stores, being a nuisance to a great many people wishing to drive up to our stores.

The Domestic Sewing Machine Co., 214 East Main street; A. D. Jackson, 212 East Main street; F. H. Sanford, 222 East Main street; George J. Lutt, 200 East Main street; M. Leckinger, 218 East Main street; Meng & Shafer, 206 East Main street; Doerrig & Co., 198 East Main street; The Great A. & P. Tea Co., 210 East Main street; One Price Beck, 196 East Main street; Hyde & Page, 202 East Main street; Galligans', 214 East Main street.

Ordered received, filed and published and on motion of Ald. Lewis referred to Executive Board.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

First ordinance for a Portland cement walk on Flour City park came up and on motion of Ald. Wurtz action thereon was postponed two weeks.

PIPE SEWER IN WALNUT STREET.

By Ald. Ward—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Walnut street.

Adopted.

The Surveyor submitted as such estimate, \$625.

By Ald. Ward—Resolved, That the following improvement is necessary, viz:

The construction of a vitrified pipe sewer, 12 inches in diameter in Walnut street, from a point 80 feet north of Jay street to the sewer in Smith street. Also the construction of the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations.

And, Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$625, which estimate is hereby approved.

Resolved, further, That the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Walnut street, from Jay street to Smith street, in proportion to the benefit which each will derive therefrom.

Adopted.

By Ald. Pauckner—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or ordinance, or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7 o'clock P. M., at the Common Council Chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Post-Express notice thereof as is required and in the manner specified by Section 172 of the City Charter.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., Dec. 13, 1892.

To the Honorable the Common Council of the City of Rochester.

Gentlemen:—Agreeably to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days, in the Democrat and Chronicle and the Rochester Post-Express, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or amendment thereto, passed or adopted by your honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, December 13, 1892, at 7 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvement. Respectfully,

HENRY W. GREGG, City Clerk.

FINAL ORDINANCE, NO. 4,895.

STONE ARCH BRIDGE AND APPROACHES AT COURT STREET.

On motion of Ald. Pauckner, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a stone arch bridge across the Genesee river, the Johnson & Seymour race and the Erie canal at Court street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a bridge to carry Court street across the Genesee river, the Johnson & Seymour race and the Erie canal. The bridge to be 64 feet wide, to be of stone, from the west bank of the river to the east line of the Johnson & Seymour race, having six arches of 52 feet span each, across the river and two arches of 30 feet each across the Johnson & Seymour race, and an iron plate girder bridge across the Erie canal. The roadway to be 40 feet wide and the side walks to be 12 feet each. Roadway to be paved with Medina block pavement and sidewalks to be of asphalt.

And the City Surveyor, under the direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$160,000, which, being deemed reasonable, is hereby approved, and seventy thousand dollars of the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Court street from the face of the retaining wall on the west bank of the Genesee river to the east line of the Erie canal in proportion to the benefits which each will derive therefrom, and that the balance of the whole expense of said improvement shall be paid from the public treasury of the City of Rochester, from the proceeds of bonds issued or to be issued for the purpose of building bridges as authorized by the laws of the State of New York, as may hereafter from time to time be directed by the Common Council to defray the necessary cost of construction of said bridge.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Bierbrauer—17.

Adopted.

By Ald. Lewis—

To the Honorable, the Common Council of the City of Rochester,

Gentlemen:—In the matter of the report of the commissioners for the opening of a street from Reynolds street to Jefferson avenue, which was referred to this office, I beg leave to say, that the City Attorney was directed to institute condemnation proceedings in the above entitled proceedings on the 12th day of July, 1892; that thereafter a notice for the appointment of commissioners was published for ten (10) days in the Democrat and Chronicle and copies of such notice were served upon all the persons interested in the property to be taken and among others upon Bernard and William H. O'Kane, as required by the city charter; that at the time specified in said notice, or at such time to which the same was adjourned, three commissioners of appraisal were appointed, consisting of Messrs. William Oliver, Philetus Chamberlain, Jr., and Patrick Darcy, who gave due notice for ten days published in the Democrat and Chronicle of their meeting; that said commissioners met on nine different occasions, being attended at each session by one

of the assistants in this office, and after hearing all the proofs submitted by both sides, made its report, which has been filed in the City and County Clerk's offices, and is now before your honorable body for action. Every opportunity has been accorded to the property owners to establish the compensation to which they considered themselves entitled, and I can see no reason why the report of the commissioners should be disturbed, and therefore recommend that the same be confirmed.

Respectfully yours,

C. D. KIEHEL.

Resolved, That the Common Council consider such application at the Common Council chamber in the city hall building, at 7 o'clock in the evening of the 10th day of January, 1893, and that the City Clerk cause notice that the same will be considered at the time and place herein fixed, to be printed in two daily newspapers of the city of Rochester to be designated by the Mayor, daily for fourteen days.

Adopted.

By Ald. Lewis—

To the Honorable, the Common Council of the City of Rochester.

Gentlemen:—About three years ago the Cross-town Street Railroad Company, which has been succeeded by the Rochester Railway Company, constructed a double track through Central Park from Goodman street to Alexander street. The purpose at the time of such construction was to continue the Central Park line down German street to Scio; thence along Scio street, University avenue and other streets to the central portion of the city. The consolidation of all of the street railroad companies of this city made it unwise and inexpedient to construct the Central Park line on the streets originally intended, and no way has as yet been provided for the completion of said line. Recently a large number of property owners residing in the northeastern portion of the city have urged upon this company the completion of said line.

As is well known, that portion of the city north of the New York Central & Hudson River Railroad, and extending from North avenue to East Main street, is without any adequate street railroad facilities. The population of that section has been rapidly increasing for the last few years, and it seems necessary that the lines of the Rochester Railway Company should be extended in said section so as to furnish the people who reside there with means of ready communication with every part of the city of Rochester. The Central Park line, if connection could be made with the center of the city, could readily be extended through

Goodman street to Clifford street, thereby accommodating a great number of people who live in that section of Rochester north of Pennsylvania avenue. If the East Main street line were extended from the intersection of East Main street and Goodman street to Parsells avenue, and thence eastwardly on Parsells avenue to the city line it would seem that the section of the city before mentioned would be amply provided with street cars.

It does not seem feasible to construct the Central Park line from its present westerly terminus at Alexander street through German street because of the fact that said German street is so extremely narrow. The suggestion which has been made by property owners residing in the vicinity of the Central Park line, and which has met with the approval of this company, is that the Central Park line be extended from the present westerly terminus at Alexander street, along Alexander street to Bay street, and thence by the route as hereinafter set forth.

There is a rapidly growing section of the city which is contiguous to and connected by cross streets with Clifford street. The Rochester Railway Company has a franchise on Clifford street from North St. Paul street to the city line. It would not be expected that said company should build at once throughout the whole length of said Clifford street, but it seems desirable that that portion of Clifford street from Goodman street to Thomas street should be built at once. If such portion be built, it is necessary that the proposed Clifford street line should be brought into communication with the central portion of the city by the construction of the line which is hereinafter described.

As is well known, the Rochester Railway Company has, during the past three years, rebuilt and re-equipped not only all of the lines formerly operated by the Rochester City & Brighton Railroad Company, but that the number of miles of track now under electric operation in this city is more than twice the number of miles which were under operation when the work of making the changes mentioned was begun. It is the purpose of this company to complete the extensions of its lines covered by franchises granted during the coming season, and in that connection it is desirable that the company should know at the earliest possible date exactly what lines it will be required to build and place in operation in addition to those already covered by grants made.

It is the purpose of the Rochester Railway Company to extend its lines as rapidly as the public shall reasonably require, and at all times to keep abreast of the demand of the people for a well equipped and efficient street railroad. This company is not aware of any city of the size of Rochester, except Rochester, in which the people can, for a single fare of five cents, travel from any part of the city to any other part of the city. In many cases people residing five miles from their place of business are able, by taking a transfer, to get to their business by expending the sum of five cents. It is the purpose of the company by the extension of its lines and by the improvement of its service, to give the people who reside in every part of the city the benefit of cheap transportation, efficient and regular service and rapid transit.

The Rochester Railway Company hereby makes application for the right, privilege and franchise of constructing, maintaining and operating a double or single track street surface railroad, at its option, in, along, over and upon the public street, avenues and highways hereinafter described, and for the right to construct, erect and maintain the necessary poles, wires and appliances in, along and upon the streets of the city of Rochester to enable said railroad to be maintained and operated with electricity as motive power. The following are

the streets, avenues and highways through, along and upon which the right, privilege and franchise so to construct, maintain and operate its railroad is hereby applied for, to wit:

Commencing at the intersection of the easterly line of the City of Rochester with Parsells avenue; thence westwardly along Parsells avenue to Webster avenue; thence along Webster avenue to the present tracks of the Rochester Railway Company on East Main street with which connection is to be made.

Also commencing at the westerly end of Central park on Alexander street; thence northwesterly on Alexander street to Bay street; thence westerly on Bay street to the present tracks of the Rochester Railway Company on North avenue; thence along and on the tracks of said company on North avenue to Draper street; thence along and on the tracks of said company on Draper street to North street; thence along and across North street to the easterly end of Cleveland street; thence along Cleveland street to and across Hudson street to the easterly end of Herman street; thence along Hanover street to Baden street; thence along Baden street to Chatham street; thence along Chatham street and through Franklin square, or on the streets bounding said square, to Franklin street; thence along Franklin street to the present tracks of said company on North avenue, with which connection is to be made.

Also commencing at the intersection of Clifford street with Thomas street; thence along Thomas street to and into Herman street where the connection is to be made with the Central Park line above described.

It is the intention of this company to run the cars on Parsells and Webster avenues to the center of the city by running them over the East Main street line.

It is the intention of the company to run the cars on the Central Park line to the center of the city by connecting that line at the intersection of North avenue and Franklin street with the North avenue line, and thus reach the central portion of the city. It is the intention of the company to bring the Clifford street cars to the center of the city by connecting said line with the line about to be built through Andrews and Mumford street, and so through State street reaching the center of the city.

(Signed) ROCHESTER RAILWAY CO.,
J. N. BECKLEY, President

Ordered received, filed and published.

By Ald. Lewis—

Whereas, the Rochester Railway Company has made application to the common council of the city of Rochester, in writing, for the consent of the city of Rochester to the construction of street surface railways in, through and upon the streets, avenues and highways hereafter named, and for the consent of the said city to the operation and use of said street surface railways with electricity as motive power, which streets, avenues and highways are as follows, to-wit:

Commencing at the intersection of the easterly line of the city of Rochester with Parsells avenue; thence westerly along Parsells avenue to Webster avenue; thence along Webster avenue to the present tracks of the Rochester Railway Company on East Main street with which connection is to be made.

Also, commencing at the westerly end of Central park on Alexander street; thence northwesterly on Alexander street to Bay street; thence westerly on Bay street to the present tracks of the Rochester Railway Company on North avenue; thence along and on the tracks of said company on North avenue to Draper street; thence along and on the tracks of said company on Draper street to North street; thence along and across north street to the easterly end of Cleveland street; thence along Cleveland street to and across Hudson street to the easterly end of Herman street; thence along Herman street to Hanover street; thence

along Hanover street to Baden street; thence along Baden street to Chatham street; thence along Chatham street and through Franklin square, or on the streets bounding said square to Franklin street; thence along Franklin street to the present tracks of said company on North avenue, with which connection is to be made.

Also, commencing at the intersection of Clifford street with Thomas street; thence along Thomas street to and into Herman street where the connection is to be made with the Central park line above described.

And whereas, said application has been duly received and filed at the meeting of the common council aforesaid, held this day, it is therefore, in pursuance of law,

Resolved, that the common council of the city of Rochester, N. Y., will first consider said application at the common council chamber in the city hall building, at 7 o'clock in the evening of the 10th day of January, 1893, and that the city clerk cause notice of said application and that the same will be first considered at the time and place herein fixed, which notice shall be printed daily for fourteen days in two daily newspapers of the city of Rochester to be designated by the mayor.

Adopted.

to the Honorable, the Common Council of the City of Rochester.

Gentlemen:—The undersigned company of Cleveland, Ohio, manufacturers of booths for voting purposes, do respectfully call the attention of the members of this Common Council to a sample voting booth now on exhibition in front of the Court House in this city; and the aldermen are cordially invited to make a thorough examination of this booth, and upon such examination are confident that you will be satisfied of its superior merits, both as to the construction and convenience for election purposes, and in case the Council might after such examination see fit to purchase any of our voting booths, or secure their use to the city, we take the liberty of submitting for your consideration the propositions hereto attached.

Respectfully submitted,

THE VAN DORN IRON WORKS CO.

By Ald. Lewis—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Finance Committee, to which was referred the application of the Board of Education for a further appropriation with which to pay the expenses of conducting the public schools in the city for the balance of the fiscal year, submits the following as its report thereon:

In reference to the application for a further allowance of \$10,000 for the Building Fund of that Board, your committee deems it unwise at this time, to grant the request. The requisition of the Board of Education at the beginning of the fiscal year, was for \$50,000, and the full amount allowed by law to be granted by the Council. Your committee at that time reported that an appropriation of \$40,000 be granted, and in connection with the report advised that old No. 10 school site be sold and the proceeds of such sale be turned over to the Building Fund. Shortly thereafter the Board of Education passed a resolution, in which they took the position that it was unwise at that time to sell that site, and nothing was done by the

Common Council toward making a sale. The property is very favorably situated for business purposes, and it is believed could be sold for at least \$15,000, and possibly more. As it stands to-day it is of no use to the city, produces no income, and simply represents that amount of money, from which the city derives no benefit.

Your committee believes that the time has arrived when a sale of such property should be made, and, therefore, recommends that the Law Committee be instructed to advertise the property and sell it for the best price obtainable.

In reference to the application for an allowance of \$1,000 to the Library Fund of the Board of Education, your committee has carefully investigated the matter, and finds that a large portion of the \$2,000 granted in the annual tax levy for that fund, has been expended in the re-cataloguing of the library, now nearly completed. By reason of the fact that so large a portion of the appropriation was diverted to this expense, the Library has been unable to purchase new books for the library as they have been required. Your committee believes that the expense incurred in re-cataloguing the library has been a wise one, and that it will tend to preserve the books belonging to the city, and secure their return to the library much more certainly than was formerly the case, and your committee further believes that some provision should be made for the purchasing of the new books now required, and in that belief, your committee has deemed it wise to recommend the further appropriation of \$750.

In reference to the application for \$15,829 to the Contingent Fund, your committee has decided to recommend an appropriation of \$7,250, which amount it is believed will be sufficient to provide the necessary coal for the several schools for the balance of the year, and any other supplies necessary for the Supply Committee.

It was intended by the committee at the time the tax levy was made up in May last, that the Fuel and Fire Fixture Committee should receive the amount asked for by that committee, and that the other committees drawing their moneys from the Contingent Fund, should get along with less money than their requisitions called for.

Under the system adopted by the Board of Education several years ago, and which the present Board of Education has continued, the amount which it was not deemed wise to grant, was deducted pro rata from the amount provided for the several committees, and having charge of the Contingent Fund, and in that way the Fuel and Fire Fixture Committee was compelled to accept a sum considerably less than was believed to be necessary for its use. The higher prices paid for coal during the present year have operated to exhaust the funds at this time, and unless this committee is granted more money, the several schools of the city will be compelled to close on account of a lack of coal, or the committee will be compelled to become indebted for it.

Your Finance Committee, therefore, recommends that there be granted to the Contingent Fund of the Board of Education the sum of \$7,250 as above specified.

All of which is respectfully submitted,

MERTON E. LEWIS,
M. B. ADAMS,
ALVIN H. DEWEY,
HENRY G. COOK,
J. MILLER KELLY.

Finance Committee.

Ordered received, filed and published.

By Ald. Lewis—Resolved, That the City Treasurer be, and he is hereby instructed to issue the city's note, payable in not more than seven months, for the sum of \$8,000, and procure the same to be discounted, and that the

proceeds thereof be credited as follows: \$750 to the Library Fund of the Board of Education and \$7,250 to the Contingent Fund of that Board. That said note be signed by the Treasurer, and countersigned by the chairman of the Finance Committee, and that the discount thereof be charged to the Contingent Fund.

Adopted by the following vote:
 Ayes—Alds.—Tracy, McMillan, C. S. Cook, Cahilan, Zimmer, Adams, Fox, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth—17.

By Ald. Lewis—Resolved, That the City Property Committee of this Council be, and it is hereby requested to advertise and sell old No. 10 school site for the highest price obtainable, and the proceeds of such sale be deposited with the City Treasurer to the credit of the Building Fund of the Board of Education, and the application for a further appropriation of \$10,000 for that fund be, and the same is hereby denied.

Adopted.

By the Clerk—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Messrs. Shoenheit and Hartman have made application to the Board of Excise for a special license, permitting sales of strong and spirituous liquors, ale, beer

and wine, at No. 154 State street, between the hours of 1 and 5 A. M. The commissioners of Excise have decided to grant the license, provided such action is approved of by the Common Council, the law requiring that such approval must be obtained.

Very respectfully yours,

JAMES MALLEY,

Clerk of Excise Board.

CITY SURVEYOR'S OFFICE, }
 ROCHESTER, N. Y., Dec. 19, 1892. }

To the Honorable the Common Council of the City of Rochester.

Gentlemen:—In accordance with a resolution of your honorable body passed on November 15, 1892, directing the City Surveyor to report upon the most feasible route for a sewer and the kind of sewer best adapted for the relief of that portion of the city of Rochester lying south of the Pinnacle range of hills, and also the probable expense thereof, I beg leave to report.

The portion of the city to be considered, comprises about 244 acres, of which about two-thirds are from fifty to one-hundred and twenty feet above the Erie canal, and the lowest portion at the south-east corner of the city is only about ten feet above.

In a study of the question of sewage for this area it is evident that it should be considered in connection with the whole district, comprising about 800 acres lying between the top of Mount Hope range, Elmwood avenue and Monroe avenue.

It is apparent that this will be included within the city limits at no very distant day, and the elevations of Mount Hope and Pinnacle range of hills will furnish picturesque and suitable sites for the most magnificent houses.

Highland avenue will become a most beautiful street, while the broad level area between it and Elmwood avenue will furnish living room to tens of thousands, brought near to the city by short extensions of the electric lines on Monroe, Pinnacle and South avenues, and by new lines to be built on Goodman street and Culver road when they shall have been extended south over the hill.

The flat area is not now available for dwellings because it is so wet, but it is possible to arrange a system of sewerage and subsoil drainage at a not unreasonable cost which would make it as desirable as any part of Rochester.

In order to do this it would be necessary to establish intermittent filtration beds to purify the sewage, as it would naturally run into Allen's creek.

While the soil and subsoil, being clay, are not well adapted to such use, yet because of the location near unlimited gravel beds, and in the proper position and elevation it is an advantageous place to introduce and operate the most modern and most successful plan of sewage treatment.

I am convinced that the scientific, and probably the best plan in the long run, would be to devise a system of sewage disposal upon the south side of Mount Hope range, and yet because of the fact that it will apparently by many years before the great portion of this territory is actually occupied, and in the meantime the cost of the works would be an insufferable burden upon the property, I have determined to follow the directions of your

resolution explicitly and confine our attention to the limited area within the present city limits.

Efforts have been made for years to treat the sewage from the country, and what is now the state institutions, so that the effluent would not be a nuisance.

These efforts have been unsuccessful. The reasons for this are obvious, but it is also evident that to secure better results, a considerable expenditure is necessary for preparing the land, and an increased annual expense for attendance and care.

There is no possible outlet for unpurified sewage, except in two directions, one of these is into the Genesee river at Elmwood avenue. This would be unjustifiable for three good reasons, viz:

First; It would add to the pollution of the river, through the whole length of the city.

Second; It would be very expensive, on account of its great depth below the surface, and would be a tunnel over a mile long.

Third; Even then it would not be low enough to drain a considerable portion of the area.

Suppose we start a sewer from the Genesee river, to go east along Elmwood avenue, and give it the proper grade of one foot in four hundred. The west end would be at level of low water, and the sewer would be thirty-four feet deep at the crossing of the N. Y., L. E. & W. R. R.; from 34 to 59 feet deep from there to Mount Hope avenue, and at South avenue, 4,750 feet east from the river, 44.6 feet deep, while at the east line of the state asylum land, 1,500 feet further east, it would be only five feet below the surface, and the city line is about 1,550 feet east of that point, and 11 feet lower.

The second possible outlet for untreated sewage is into the East Side Trunk Sewer. If this plan is followed it will be necessary to confine ourselves to delivering nothing but sewage.

It will be remembered that all of our present sewers take storm water as well as sewage, and that the volume of storm water usually exceeds that of sewage twenty (20) or more times, and further the East Side Trunk Sewer was not designed to take any sewage from the south of the summit of Mount Hope range. We will return to this point again.

Three plans were considered for delivering sewage only from the 244 acres under consideration, into the East Side Trunk Sewer.

First; Beginning at the intersection of Elmwood avenue and South avenue; thence easterly along Elmwood avenue with a pipe 15 inches in diameter, for 2,750 feet to a point where the center line of Goodman street extended would intersect, thence northerly along the line of Goodman street extended, and along Goodman street itself 6,200 feet to the East Side Trunk Sewer.

The grade of this pipe can be made one foot in 300. In Elmwood avenue it will be from seven to twelve feet deep, from Elmwood avenue to the south end of tunnel under hill, 1,600 feet, from 7 to 25 feet deep.

The tunnel will be 2,800 feet long, egg shape, six feet by four feet; the sewer for 1,800 feet from north end of tunnel will have to be made larger and at a lower grade than would be necessary for local drainage.

The total cost of this line is estimated at \$70,000.

Second; Lay a fifteen-inch pipe in Elmwood avenue, from intersection of South avenue east 5,000 feet, thence still east in Elmwood avenue, with 3,950 feet of egg-shaped pipe, one foot two inches by one foot nine inches to a point 3,250 feet east of Pinnacle avenue, thence northerly parallel to line between land of James D. Cobb and Ellwanger & Barry, about 3,100 feet of egg-shaped pipe one foot two inches by one foot nine inches to south end of tunnel under hill, thence north with a

tunnel 2,000 feet long, six feet by four feet, to a point in the Culver road, thence northerly 1,900 feet along the Culver road, and under the Erie canal to the East Side Trunk Sewer.

The cost of this line is estimated at \$65,000.

It has the advantage over the first plan of being somewhat cheaper and of entering the East Side Trunk Sewer about one and one-quarter miles nearer to an overflow in said sewer.

A plan was considered for establishing a pumping plant upon the lowest part of the lot now owned by the city south of Highland avenue, and after collecting the sewage into a receiving tank pumping it over the hill to save the cost of a tunnel, but after taking into account the cost of operating I could see no advantage in this.

Having thus outlined the manner in which we have looked at the question, I will now state the conclusion at which I have arrived.

We should only attempt at present to give an outlet to that portion of the territory which is naturally suitable for or is now occupied by buildings, and leave out the lower portion which would require the extensive system of subsoil drainage after we should have furnished the sewage outlet. This would result in leaving out nearly all of the Ellwanger & Barry lot lying east of the county and state property, and also the lot owned by the city south of Highland avenue.

Then the plan I would recommend is as follows:

Lay an eighteen-inch vitrified pipe, beginning at intersection of Elmwood avenue and South avenue, thence easterly along Elmwood avenue 400 feet; thence northerly parallel with South avenue, and through lands of the State Hospital and county almshouse about 730 feet, thence northeasterly following the contour of the hill, and diagonally across lands of the county almshouse, county penitentiary, Ellwanger & Barry and lot owned by the city to Highland avenue, about 2,260 feet, thence continuing in about the same direction still following the contour of the hills and through land owned by the city about 950 feet to a point in the line of Goodman street produced, about 360 feet northerly from the center of Highland avenue, measured on said line produced; thence northerly along said line of Goodman street produced to the center of Oakland street about 1,500 feet.

The pipe will be laid on a grade of one foot in four hundred, and will be in general from six to twelve feet deep, except through the summit of Mount Hope range, where there will be about 700 feet of cutting 25 feet deep, and a tunnel 500 feet long.

The estimated cost of said sewer is \$16,000.

This sewer will carry 323 cubic feet per minute, equal to 1,162,000 gallons in eight hours, and would serve for carrying the sewage for probably 15,000 people, while the population which may be expected upon the 130 acres outside of reservoir and park is about 4,000.

It is deemed advisable to make the sewer somewhat larger than is absolutely necessary to allow for the admission of a certain amount of storm water to thoroughly flush it. In addition to the above estimated cost, the territory benefited should pay a proportion of the cost of the sewer which will be built in Goodman street from Oakland street to the East Side Trunk Sewer, and also their proportion of the cost of the East Side Trunk Sewer itself.

As to the advisability of putting this amount of sewage into the East Side Trunk Sewer from a district outside of the area which it is designed to serve, it may be said that great skill was exercised in working out the plans for that sewer, that it is designed to serve the whole area north of the summit of Mount

Hope range when it shall be at some future time completely built up and improved, that this will evidently not occur until a time considerably distant, that not until that time comes can it make any appreciable difference in the sewage of the big sewer, and that if storm water is completely excluded from the proposed sewer, it will not take but a little over one-half of one per cent. of the capacity of the East Side Trunk Sewer, even when the whole area to be served is completely built upon.

Very respectfully yours.

J. Y. MCGILNTOCK,
City Surveyor.

Ordered received, filed and published and upon motion of Ald. Lewis referred to Law Committee.

EXECUTIVE BUSINESS.

Ald. Calihan moved to proceed to the appointment of City Assessor. Carried.

Ald. Calihan nominated Edward B. Burgess for the office of City Assessor.

Edward B. Burgess was named by Aids. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Ward, Dewey, H. G. Cook, Pauckner, KeEly, Aikenhead, Simmelink, Lewis, Forsyth-17.

Edward B. Burgess was thereupon declared duly appointed City Assessor.

MISCELLANEOUS BUSINESS.

By Ald. Lewis—

Gentlemen:—The Rochester Railway Company presented to your honorable body at the meeting held December 13th, an application for the right to construct, maintain and operate extensions and branches of its railroad in the city of Rochester on Parsells and Webster avenues, North Goodman street, Alexander street, Bay street, Herman street, Thomas street, Hanover street, and Baden street.

Since the time when such application was presented this company has conferred with many property owners owning property on or in the vicinity of the streets named with reference to the best routes to be selected for the purpose of furnishing additional street railroad facilities in the northeastern portion of the city of Rochester. This company has also canvassed among the property owners on several of the streets above named for the purpose of obtaining the necessary consent of a majority in interest to the construction and operation of its proposed extensions.

It has been found that an overwhelming majority of the property owners on Chatham street are opposed to the construction through that street of a street surface railroad. Indeed, a remonstrance against the grant of a franchise to construct and operate a railroad on such street has as we are informed received the signature of all but five persons who own property on such street.

Some objection has been made by the residents of that portion of the city contiguous to the proposed Central park line to the construction of said line through Alexander, Bay, Cleveland and Herman streets as described in the application of this company.

It is the purpose of the Rochester Railway Company to accede to the wishes, so far as it is possible, of the people on the streets through which its road runs, or on which the right to operate is asked from the Common Council. As the result of the conferences held with property owners as above outlined, and because the property owners on Chatham street oppose the grant of a franchise for a street railroad on such street, the Rochester Railway Company hereby withdraws the application above referred to made to the Common Council of the city of Rochester on the 13th day of December, 1892.

To meet suggestions which have been made and to enable the Rochester Railway Company to construct extensions of its lines through sections of the city where the people require such extensions to be made, the Rochester Railway Company hereby makes application for the right, privilege and franchise of constructing, maintaining, operating and using a street surface railroad in connection with the present lines of said company; and for the right, privilege and franchise of constructing, erecting, setting and maintaining the necessary poles, wires and appliances to enable such extensions to be operated with electricity as motive power by the single trolley electric system, in, through, along and upon the following named streets and avenues, to wit:

Commencing at the present tracks of the Rochester Railway Company at the intersection of East Main street and North Goodman street and running a double track thence along North Goodman street to Webster avenue; thence a double track along Parsells avenue to the city line of the city of Rochester.

Also, commencing at the easterly end of Central park and running thence northwardly a double track along North Goodman street to Clifford street.

Also commencing at the westerly end of Central park and running thence with single track and necessary turn-outs along German street to North avenue; thence southwardly a single track with necessary turn-outs along North avenue to the present tracks of the Rochester Railway Company on North street.

Also, commencing at the westerly end of German street and running thence with single track northwardly along North avenue to the present track of the Rochester Railway Company on North avenue to its intersection with Draper street.

Also, commencing at the intersection of Clifford street with Thomas street and thence with single track and necessary turn-outs southwardly along Thomas street to Herman street; thence with single track and necessary turn-outs along Herman street to Hanover street; thence along Hanover street with single track and necessary turn-outs to Baden street; thence along Baden street with single track and necessary turn-outs to the present track of the Rochester Railway Company on St. Joseph street.

It will be observed that application is made for the right to run from the westerly end of German street both up to Draper street as well as down North avenue to North street. It is not of course expected that a grant would be made both northwardly from German street to Draper as well as southwardly along North avenue to North street. The purpose is simply to place before the Common Council the proposition of the company to run the Central park line in either direction to a connection with the North avenue tracks as the Common Council shall deem best.

If the applications above outlined shall be granted, the company will connect the Parsells, Webster and North Goodman street line with the East Main street line, thus running cars to the center of the city; it will connect the North Goodman street and Central park line through German street with the North avenue line over which cars will run to the center of the city; it will connect the Clifford street line from Goodman street through Thomas, Herman, Hanover and Baden streets with the St. Joseph line and thence to the central portion of the city.

This company is entirely willing that the grant which it asks for shall be upon its terms made void unless the company shall construct the proposed extensions and have the same in operation prior to November 1, 1893.

In witness whereof, the Rochester Railway

Railway Company has caused this application in writing to be executed by its President this 22nd day of December, 1892.

ROCHESTER RAILWAY CO.,

J. N. BECKLEY, President.

Ordered received, filed and published.

By Ald. Lewis—Whereas, The Rochester Railway Company has duly made application in writing for the consent by the local authorities of the city of Rochester to the construction, maintenance and operation of lines, branches and extensions of its street railroad system in, through, along and upon the streets, avenues and public places hereinafter described, to wit:

Commencing at the present tracks of the Rochester Railway Company and the intersection of East Main street and North Goodman street and running a double track thence along North Goodman street to Webster avenue thence a double track along Webster avenue to Parsells avenue; thence a double track along Parsells avenue to the city line of the city of Rochester.

Also, commencing at the easterly end of Central park and running thence northwardly a double track along North Goodman street to Clifford street.

Also, commencing at the westerly end of Central park and running thence with single track and necessary turn-outs along German street to North avenue; thence southwardly a single track with necessary turn-outs along North avenue to the present tracks of the Rochester Railway Company on North street.

Also, commencing at the westerly end of German street, and thence with single track northwardly along North avenue to the present track of the Rochester Railway Company on North avenue at its intersection with Draper street.

Also, commencing at the intersection of Clifford street with Thomas street and thence with single track and necessary turn-outs southwardly along Thomas street to Herman street; thence with single tracks and necessary turn-outs along Herman street to Hanover street; thence along Hanover street with single track and necessary turn-outs to Baden street; thence along Baden street with single track and necessary turn-outs to the present track of the Rochester Railway Company on St. Joseph street.

And whereas, Said application has been duly received and filed by this Board, it is

Resolved, That the time and place where this Board will first consider said application is hereby fixed for the meeting of this Board to be held at the Common Council chamber in the City Hall Building on the 10th day of January, 1893, at seven o'clock P. M. It is further

Resolved, That the City Clerk be and hereby is directed to publish daily for at least fourteen days in two daily newspapers of the city of Rochester to be designated by the Mayor, a public notice that the said application will be first considered at the time and place above named.

Adopted.

By Ald. Lewis—

By Ald. Adams, by request—

OFFICE OF EXECUTIVE BOARD, }
ROCHESTER, Dec. 22, 1892. }

To the Common Council:

Gentlemen:—The Executive Board has been unable to negotiate with owners of land necessary to be taken for the opening of a street running from Bates street to Bowen street.

Yours respectfully,

THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Adams, by request of Ald. Dewey—Whereas, no agreement for the purchase of the lands necessary to be taken for the opening of a street from Bates street to Bowen street in the city of Rochester, under final ordinance No. 4,892, can be made, therefore, resolved, that a copy of said ordinance and of this resolution together with a map of the proposed street be made and filed in the office of the City Clerk and of the County Clerk of Monroe County, which map shall show thereon the lots, tracts and parcels of land, which are deemed necessary to be taken for said proposed street and the commencement, course and termination of said proposed street, according to the provision of section 174 of the revised city charter, and that the City Attorney be, and he hereby is instructed to institute such proceedings from time to time, as may be necessary to secure the land, rights and easements necessary for such street opening as is provided by the city charter.

Adopted.

By Ald. Adams—In view of the fact that the very important question of grade crossing is being so persistently agitated by the community at large and the necessity of some definite action being immediately taken therefore,

Resolved. That the chairman appoint a committee of five (5) to confer with the railroad authorities relative to some plan for reducing the constant danger.

Adopted.
The chairman appointed as such committee Aids. Adams, Lewis, Kelly, Ward and Aikenhead.

Upon motion of Aid. Adams the chairman was added to the committee.

By Aid. Zimmer—Petition of Hannah M. Hill for permission to erect a wooden building on South Clinton street. Referred to Wood Building Committee and Fire Marshal with power to act.

Also application of Adolph F. Schlick and William Young for appointment as Commissioners of Deeds. Referred to Law Committee.

By Aid. McMillan—Applications of Edward A. Frost, Robert Wright, J. Stuart Page, Wm. H. Stout, William Spanton and Frank T. Hawley for appointment as Commissioners of Deeds. Referred to Law Committee.

Upon motion of Aid. Calihan the Board then adjourned.

HENRY W. GREGG, City Clerk.

In Common Council, December 27, 1892.

REGULAR MEETING.

In the absence of the President, the Clerk called the Board to order.

Upon motion of Aid. Lewis. Aid. Adams was chosen chairman.

Present—Aids. Tracy, McMillan, C. S. Cook, Calihan, Adams, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—18.

APPROVAL OF MINUTES.

The minutes of the two previous meetings were approved as published.

PRESENTATION OF PETITIONS, REMONSTRANCES, BILLS, ACCOUNTS, ETC., AND THEIR REFERENCE.

By Aid. C. S. Cook—Applications of Geo. W. Hall, Agnes Moore and George M. Leckinger for appointment as Commissioners of Deeds. Referred to Law Committee.

By Aid. Calihan—Application of William B. Cooper for appointment as Commissioner of Deeds. Referred to Law Committee.

By Aid. Fox—Applications of Charles A. Watkyns, Bernhard Helberg and John E. Finzer for appointment as Commissioners of Deeds. Referred to Law Committee.

By Aid. Fox—

ROCHESTER, N. Y., Dec. 27, 1892.

Alderman Fox, Chairman of Map and Survey Committee:

Dear Sir:—John C. Ryan is entitled to the sum of three hundred and fifty (\$350.00) dollars for work completed under his contract for the survey of the first fourteen wards of the city.

I recommend the payment of that amount.

J. Y. McCLINTOCK,
City Surveyor.

Ordered, received, filed and published.

By Aid. Fox—Resolved, That the City Clerk be, and hereby is directed to draw an order on the City Treasurer for the sum of three hundred and fifty (\$350.00) dollars, in favor of John C. Ryan, as partial payment for work performed under his contract with the city of Rochester, for the survey of the

first fourteen wards of the city and charge the same to the Contingent Fund.

REPORTS OF STANDING COMMITTEES.

By Aid. Forsyth—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—Your law committee begs leave to make the following report.

Your committee reports that, pursuant to the authority given to it, the revised charter of the city of Rochester has been completed by the city attorney, and the same has been printed, bound copies of which have been placed upon the desks of the several aldermen at this meeting, and we recommend that, of the number that have been printed, viz: 500, that to each alderman be delivered fifteen copies for distribution, and that the balance of said publication be placed in the hands of the city attorney, as a reserve for future distribution.

On the 6th day of December, 1889, an agreement was entered into between the city and James Palmer to pay to said Palmer the sum of \$800.00 per annum for the right, privilege and easement to continue the discharge of sewer over his property, and another payment was due on the 6th of December, 1892. We, therefore, recommend that an order be drawn for \$800.00 in favor of said Palmer, pursuant to said agreement, for the year 1892, now just due.

In the matter of the accounts of William F. Cogswell and George F. Danforth for their opinion upon the validity of the enabling act to issue bonds of the city, we recommend that the same be paid as rendered.

In the matter of the petitions for appointment as Commissioners of Deeds of the city of Rochester of the following named persons, we recommend that each and every of the same be granted.

MONROE COUNTY COURT.—In the matter of the widening of North St. Paul street on the east side thereof at the angle therein opposite the Deaf Mute Institute, in the City of Rochester.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—The undersigned, who were appointed by an order of the Monroe County Court, duly granted on April 28 1891, and entered in the Monroe County Clerk's office on the same day commissioners to inquire into and determine what damages and compensation the owner or owners, tenants or occupants of the lands and buildings to be taken for the widening of North St. Paul Street, on the east side thereof at the angle therein opposite the Deaf Mute Institute, in the City of Rochester, will be entitled to for the same, respectfully further report and certify their award of damages as incident to the widening of said street, pursuant to a resolution of your honorable body, adopted November 29, 1892, referring the subject of an appraisal back to the undersigned for another and further report as follows:

The several pieces and parcels of land required for such purpose, and necessary for the widening of said street, are described as follows, reference being had to the map of said proposed widening filed in the City Clerk's office.

All that tract or parcel of land situated in the City of Rochester, County of Monroe and State of New York, bounded and described as follows: Beginning at a point in the east line of North St. Paul street, one hundred and eighteen and six-tenths feet, northerly from a point in the east line of North St. Paul street where the south line of the premises owned by Frederick Kronsbein, described in a conveyance recorded in the Monroe County Clerk's office in Liber 437 of Deeds, at page 190, intersects the same; thence northerly on the circumference of a circle subtended by a radius of five hundred and twenty-four and twenty-six hundredths feet, to the north line of the premises of said Kronsbein, described in said conveyance; thence westerly along said north line to a point where said north line intersects the east line of North St. Paul street; thence southerly along the east line of North St. Paul street to the place of beginning.

These premises are owned by Frederick Kronsbein who resides in the City of Rochester, N. Y., and are subject to two mortgages thereon, one given to Asa T. Soule, for \$5,000 which has been assigned to Louis F. Spohr, and another mortgage for three thousand dollars (\$3,000) given to said Louis F. Spohr.

Also all that other tract or parcel of land situated in the city and county aforesaid bounded and described as follows: Beginning at a point in the east line of North St. Paul street, seventy-nine and four-tenths feet, southerly from a point where the north line of land owned by D. L. Polley intersects the east line of North St. Paul street; thence on the circumference of a circle subtended by a radius of five hundred and twenty-four and twenty-six hundredths feet, to the south line of said Polley's lands, and the north line of lands owned by said Kronsbein; thence westerly along said Polley's south line to a point in the east line of North St. Paul street; thence northerly along the east line of North St. Paul street, to the place of beginning.

These premises are owned by D. L. Polley, who resides in the City of Rochester, N. Y.

Therefore, we the subscribers having been duly sworn, as required by the statute in such case made and provided, and having all met and acted upon the matters submitted to us at the City Attorney's office, in the City Hall Building, Rochester, N. Y., pursuant to a notice of at least ten days, published according to law and having taken a view of every part of the respective premises affected by this proceeding, and having inquired into and heard the allegations and proofs of the respective parties in interest, do thereupon determine and appraise the damages which the several owners (there being no tenants or occupants other than such owners) of the several premises thus to be taken for the widening of said street will severally sustain by being deprived thereof, and fix the compensation which the aforesaid owners respectively shall receive therefore, as follows:

The following are the awards hereby made and which after deducting all taxes and assessments which have become a lien upon the lands described are to be paid as hereafter provided:

To Frederick Kronsbein for the parcel firstly above described the sum of eight hundred and fifty dollars (\$850.00) payable to Louis F. Spohr, aforesaid mortgagee.

To D. L. Polley, for the parcel secondly above described the sum of one dollar \$1.00 payable to him.

All of which is respectively submitted.
Dated Rochester, N. Y., Dec. 22nd, 1892.

By Ald. Simmelink—Resolved, That the following improvement is necessary, and we hereby judge that the public good require the same to be done, viz:

The extension of Adwin street, beginning at a point in the center of Adwin street at its southerly end, thence southerly in a prolongation of its existing line 75.1 feet more or less, measured upon the center line of said street produced, to a line which is the south line of Richards street produced easterly. The land to be taken is described as follows: Beginning at the southerly end of the east line of Adwin street, thence southerly in a prolongation of said east line to a point in the south line of Richards street produced, thence westerly following said south line produced to a point in the west line of Adwin street produced, thence northerly along said line produced to the south end of the west line of Adwin street, thence easterly 50.2 feet to the place of beginning.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Adwin street, from Monroe avenue to the south end of Adwin street as extended by this ordinance in proportion to the benefit which each will derive therefrom.

Adopted.

THE EXTENSION OF RICHARDS STREET.

By Ald. Simmelink—Resolved, That the following improvement is necessary, and we hereby judge that the public good require the same to be done, viz.:

The extension of Richards street from its present easterly terminus to the west line of Adwin street produced southerly, the south line of said extension being the present south line of Richards street produced easterly.

The land to be taken is described as follows: Beginning at the east end of the present south line of Richards street, thence easterly in the south line of Richards street produced to a point in the west line of Adwin street produced, thence northerly along said west line of Adwin street produced to a point 34 feet from, and measured at right angles from the said south line of Richards street produced, thence westerly parallel to the first described line to the east end of Adwin street, thence southerly to the place of beginning.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Richards street, from Meigs street to the proposed extension of Adwin street in proportion to the benefit which each will derive therefrom.

Adopted.

First Ordinance for a Portland cement walk in Flour City Park came up and on motion of Ald. Johnston action thereon was postponed two weeks.

By Ald. Pauckner—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or ordinance, or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7 o'clock P. M., at the Common Council Chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Times notice thereof as is required and in the manner specified by Section 172 of the City Charter.

FINAL ORDINANCES.

CITY CLERK'S OFFICE, }
ROCHESTER, N. Y., Dec. 27, 1892. }

To the Honorable the Common Council of the City of Rochester.

Gentlemen:—Agreeably to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Times, two daily newspapers printed and published in the City of Rochester, N. Y. notices of said im-

provements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your Honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, Dec. 27, 1892, at 7 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvement. Respectfully.

HENRY W. GREGG, City Clerk.

Final ordinances for West street extension and Flour City Park plank walk came up, and on motion of Ald. Wurtz, action thereon was postponed two weeks.

Final Ordinance for Walnut street pipe sewer came up, and on motion of Ald. Kelly action thereon was postponed two weeks.

EXECUTIVE BUSINESS.

Ald. Forsyth moved to proceed to the election of Commissioner of Deeds.
Carried.

Ald. Forsyth moved that the several persons recommend in the report of the Law Committee be appointed Commissioners of Deeds, and that the clerk cast the ballot therefor.

Adopted by the following vote:

Ayes—Aids. Tracy, McMillan, Cook, C. S., Calihan, Adams, Fox, Johnston, Wurtz, Ward, Dewey, Cook, H. G., Pauckner, Kelly, Simmelink, Lewis, Forsyth, Bierbrauer—17.

MISCELLANEOUS BUSINESS.

By Ald. McMillan:—Resolved, That the Lamp Committee be authorized to erect an arc electric lamp corner Spring street and School alley. Referred to Lamp Committee and City Electrician.

By Ald. McMillan—

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—The investigation I have made regarding the annexed claim satisfies me that the charge of \$200.00 made is excessive, making all allowance for the unusual haste and hurry as well as extra expense involved in completing the work in due time. I therefore deem the allowance of \$168.75 a fair and just amount to approve in payment of the same.

A. S. MANN,
Auditor.

Ordered received, filed and published.

By Ald. McMillan:—

Resolved, That the City Clerk be and he hereby is directed to draw an order upon the City Treasurer in favor of John A. Vanderwerf for the sum of one hundred sixty-eight dollars and seventy-five cents as per annexed bill, being for twenty-five voting booths, and that said order be paid by the Treasurer out of the contingent fund.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Adams, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer.—18.

Also application of Peter Pitkin for appointment as Commissioner of Deeds. Referred to Law Committee.

By Ald. Simmelink—Applications of Joseph C. Witzel, Jos. L. Sigl, Louis G. Spahn, Wm. J. Kleehamer, and John A. Mattie, for appointment as Commissioners of Deeds. Referred to Law Committee.

By Ald. Simmelink—Resolved, That the next meeting of this Common Council, Jan. 10th, be, and the same hereby is, designated as the time when objections will be heard to the confirmation of the report of the commissioners in the matter of the widening of North St. Paul street, presented Dec. 27th, 1892. Adopted.

By Ald. Lewis—Petition of Loan Commissioners of the U. S. Deposit Fund of Monroe County, to refund taxes paid on State property. Referred to Assessment Committee.

By Ald. Adams—Resolved, That the matter of changing the small Incandescent Lights for Arc Lights be considered by the Lamp Committee, and report back to this Council the difference, if any, in expense. Referred to the Lamp Committee and City Electrician.

Upon motion of Ald. Forsyth the Board then adjourned.

HENRY W. GREGG, City Clerk.

In Common Council, January 10, 1893.

REGULAR MEETING.

Ald. Thomas McMillan, President of the Board, presiding.

Present, Aids. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—19.

THE STANDARD ELECTRIC SIGNAL CO.,
No 32 SMITH'S ARCADE,
ROCHESTER, N. Y., Jan. 9, 1893.

To the Honorable, the Common Council:
Gentlemen:—We hereby make application to your honorable body for permission to place upon the streets of the City of Rochester, the necessary wires for the introduction of our automatic fire-alarm system, subject of course, to such conditions and regulations as your honorable body shall require. We would also request action upon this matter as soon as possible.

Yours very truly,

THE STANDARD ELECTRIC SIGNAL CO.,
C. C. HICKY, Sec'y and Treas.

Ordered received, filed and published and referred to Electrical Committee.

By Ald Dewey—
MONROE COUNTY COURT—In the matter of the construction of a trunk sewer on the east side of the Genesee river in the city of Rochester.

Gentlemen:—The undersigned, who were appointed by an order of the Monroe County Court, duly granted, and entered on the 24th day of October, 1892, commissioners to inquire into and determine what damages and compensation the owner or owners, tenants or occupants of the lands, rights, easements and buildings to be taken for the construction of a trunk sewer on the east side of the Genesee river, in said city through private property between the Erie canal and Richards street, will be entitled to for the same, respectfully report and certify the premises, rights and easements to be taken for such improvement, the name and residence and rights of the owner thereof and their award of damages as incident to the construction, operation and maintenance of said sewer, through said property as follows:

1. The rights and easements to be taken are described as a right of way or easement of sufficient width for the construction, operation and maintenance of said sewer, according to plans prepared, or hereafter to be prepared by the East Side Trunk Sewer Commission, of said city in, along, through, over and across lot No. 11, as designated on a map of a re-subdivision of lots Nos. 11, 12, 13, 14 and 15, of M. Kondolf's subdivision of part of lot 52, Brighton, made for Clark & Hagaman, and filed in Monroe county clerk's office in Liber 9, of Maps, at page 43, along a center line, which is described as follows: Beginning at a point in the north line of said lot twenty (20) feet distant from, and measured at right angles to, the east line thereof; thence southerly on a line parallel with and twenty (20) feet distant from said east line to a point in the south line of said lot, as said line more particularly appears on a map of the proposed location of the east side trunk sewer, between the Erie canal and Richards street, filed in this proceeding in the Monroe county and city clerk's offices.

2. The name and residence of the owner of said property is Frances J. Clark, of the city of Rochester, Monroe county, New York. We, the subscribers, the Commissioners, having been duly sworn as required by the statute in such case made and provided, and having all met and acted upon the matters submitted to us in the city of Rochester, N. Y., pursuant to a notice published, according to law, and having taken a view of every part of the respective premises, and having inquired into and heard the allegations of the respective parties in interest, do thereupon determine and appraise the damages which the owner (there being no tenant or occupant other than such owner) of the premises, rights and easements desired as above described to be taken for the construction, operation and maintenance of said sewer will sustain by being deprived thereof and fix the compensation which the aforesaid owner shall receive therefore at the sum of eight hundred dollars (\$800.00) payable to said Frances J. Clark, aforesaid.

All of which is respectfully submitted.
Dated at Rochester, N. Y., Dec. 20, 1892.

JOSEPH P. HENRY,
WILLIAM H. MARSON,
EDWARD F. MILLINGTON,
Commissioners of Appraisal.

Ordered received, filed and published.

By Ald. Dewey—Resolved, That the next meeting of this common council, January 24, 1893, be, and it hereby is, designated and assigned as the time when objections will be

heard to the confirmation of the report of the commissioners of appraisal in the matter of the construction of a trunk sewer on the east side of the Genesee river, between Richards street and the Erie canal, presented to this common council January 10, 1893.

Adopted.

REPORTS OF STANDING COMMITTEES.

By Ald. Forsyth—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—Your law committee begs leave to make the following report.

On the 28th day of December, 1891, an agreement was entered into between the city of Rochester and Mary Shiel, to pay the sum of \$35.00, per annum, for the right, privilege and easement to continue the discharge of sewage over her property, and another payment was due on the 28th December, 1892, we therefore recommend that an order be drawn in favor of said Mary Shiel, pursuant to said agreement for the year 1892.

In the matter of the application of W. O. Rice, asking for compensation as poll clerk in district No. 1, 2nd Ward, from the city of Rochester, your committee find upon examination, that it has been customary for a number of years for the city to pay each inspector of election \$25.00 for his services, which sum included compensation for any clerks of the poll employed by said inspector, we further find, that by a resolution of the Common Council, adopted November 15th, 1892, found at page 330, Current Proceedings, that a resolution to the same effect was then adopted. In the opinion of your committee therefore the claim of Mr. Rice is not valid, and his application should be denied.

Your Committee have examined into the application of Charles Elitson and A. Dingman, hucksters, who paid a license fee for the year ending July 1st, 1893, of \$15.00; since the first of July, and on December 6th, 1892, the ordinance relative to hucksters licenses, has been amended so that now th e license fee is \$5.00 per annum, instead of \$15.00 per annum. We therefore recommend that the sum of \$5.84 each, be refunded to Mr. Elitson and Mr. Dingman, to make their licenses conform to the present ordinance, that sum making their license fee \$15.00 per annum to December 6th, and \$5.00 per annum from December 6th, 1892.

In the matter of the division of the several wards into election districts, your committee beg leave to submit to the council as boundaries of the several election districts for the several wards, which have been completed as follows:

By Ald. H. G. Cook—

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—Your Assessment Committee begs leave to report as follows:

The petition of Michael Walsh and wife was duly considered by your committee and we recommend that twenty cents erroneously assessed for the Lyell avenue and Saxton street sewer against lot No. 60, south side of Smith street be repaid your petitioners. Also that the sum of \$2.69, erroneously assessed against said lot for Smith street sewer be deducted from the balance of said assessment unpaid; also that the sum of \$5.83, erroneously assessed against said lot for Smith street medina improvement be deducted from the balance of said assessment unpaid. It appearing that said assessments were made against thirty-one (31) feet front while said lot number 60 has a frontage of only thirty (30) feet.

HENRY G. COOK,
 JULIUS WURTZ,
 C. W. ZIMMER,
 JOSEPH BIERBRAUER,
 JAMES JOHNSTON,
 Assessment Committee.

Ordered received, filed and published.

By Ald. H. G. Cook—Resolved, That the city clerk be, and he hereby is, directed to draw an order upon the contingent fund, payable to Robert Walsh, for the sum of twenty cents erroneously assessed against lot No. 60, south side of Smith street, for the construction of the Lyell avenue and Saxton street sewer, and the treasurer is hereby directed to charge said amount to erroneous assessments and said treasurer is hereby directed to cancel the sum of \$2.69, and \$5.83, erroneously assessed against said lot No. 60, for the construction of the Smith street stone sewer and Smith street medina improvement respectively and charge the amounts so canceled to erroneous assessments.

Adopted by the following vote:

Ayes—Alds. McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—18.

By Ald. Adams—

OFFICE OF THE CITY ELECTRICIAN,
ROCHESTER, Jan. 10, 1893.

To the Honorable, the Common Council of the City of Rochester,

Gentlemen—After duly considering the various petitions and resolutions presented to your honorable body and referred to your lamp committee, we would most respectfully report for your consideration the following recommendations:

That arc lights be placed as follows:
One on Spring street, between Fitzhugh street and Plymouth avenue.
One on Snyder street, midway between Champlain street and Bronson avenue.

One on Cottage street.
One on Mansion street.
One on Clarissa street bridge.
One corner Clifford and Miller streets.
Two on Child street, between Thomas park and Maple street.

Two on Central avenue, between North and Seo streets.

One corner Silver and York streets.
One corner Herman and Widman streets.
One on Gorsline park.

That the following incandescent lights be discontinued:

Four on Cottage street.
Two in School alley.
Three on Mansion street.
Three on Syke street.
Three on Wright street.
Four on Child street.

That gas lamps be discontinued as follows:
Six on York street.
Six on Central avenue.

Summary of lamps erected and discontinued.

13 arc lights erected at 25 cents per night.....	\$3 25
19 incandescent lights discontinued at 5 cents per night....	8 95
12 gas lights discontinued at 6 1-2 cents per night.....	78
	<hr/> \$1 73

Total increase in cost per night..... \$1 52

In connection with the foregoing report, your committee would suggest that, inasmuch as the National Electric Light Association, which holds its convention in St. Louis for four days, from February 28th to March 3rd, inclusive, has invited the city of Rochester to participate in the proceedings of said convention, and a representative of this city be delegated to attend the session of the above named association on the occasion of its annual meeting.

Rochester is expending a large amount of money annually for lighting its streets, and the benefits to be derived from the discussion of the proper care and management of electric light, and matters touching on, and pertaining to, the best and most economical method of lighting the city will fully warrant the expenditure for this purpose.

Respectfully,

M. B. ADAMS,
MERTON E. LEWIS,
HENRY G. COOK,
D. W. FORSYTH,
J. MILLER KELLY.
Lamp Committee.

Ordered received, filed and published.
By Ald. Adams—Resolved, That the Rochester Gas and Electric Company are respectfully requested to comply with the report of the lamp committee when notified so to do by the City Electrician, and he is hereby authorized to make the necessary notification to secure the proper location of same.

Adopted by the following vote:

Ayes—Alds. McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aiken-

head, Simmelink, Lewis, Forsyth, Bierbrauer—18.

By Ald. Adams—Resolved, That the City Electrician be, and he is hereby, authorized to attend the National Electric light convention, to be held in St. Louis, commencing February 28th, as a representative of the city of Rochester.
Adopted.

By Ald. Ward—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—Your Special Committee, appointed to confer with the W. N. Y. & P. R. R. Co., with reference to the construction of a bridge over the railway at Bronson avenue, do respectfully report as follows:

That they have been unable to secure a satisfactory conference with the representatives of the said railroad company, and, notwithstanding repeated efforts on the part of the committee, were unable to accomplish anything in the way of a compromise, or the securing of a temporary structure for the passage of cars for the convenience of the many residents of the Eleventh and Nineteenth Wards, and your committee, at its request, having secured the opinions of competent engineers, report that the bridge now on the said avenue is unsafe for the ordinary traffic which passes over said bridge.

We, therefore, recommend that the City Surveyor prepare an ordinance providing for the construction of a suitable bridge over the tracks of said company at Bronson avenue, the full width of said avenue providing that the expenses for the construction thereof be assessed upon the property of said railroad company, and in conformity with the plans and specifications prepared by the City Surveyor.

Respectfully submitted,

WM. WARD,
CHAS. S. COOK,
D. W. FORSYTH,
T. McMILLAN.

Ordered received, filed and published.

Ald. Cook, from the Police Committee; Ald. Callihan, from the City Property Committee; Ald. Zimmer, from the Contingent Expense Committee; Ald. Adams, from the Lamp Committee; Ald. Fox, in behalf of Ald. Kempert, from the Health Committee; Ald. Wurtz, from the Poor Committee, reported in favor of the various bills referred to their respective committees and referred them to the Auditor and Finance Committee for payment.

CITY TREASURER'S OFFICE,
ROCHESTER, N. Y., Jan. 10, 1893.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—I would respectfully report that I have received the 5 per cent. deposit required

on sale of \$750,000.00 bonds—(Re-issue R. N. & P. R. R. and R. & L. S. R. R.) from parties purchasing same, viz., W. J. Quintard, D. A. Moran & Co. and Coffin & Stanton, of New York City, and have deposited the same \$37,500 with the several banks of deposit holding the City's funds. As per agreement at time of sale, the city was to allow interest for the 5 per cent. advanced payment to February 1st, at which time the bonds are to be delivered.

The use of this money by the city at this time, will postpone the making of the city's notes required to meet the payments due this month, so there will be no loss in the transaction.

In case the certified checks received from above named parties were held by the Treasurer as collateral, such would not be the case.

I trust that the action taken will meet with your approval.

Respectfully,

S. B. WILLIAMS, Treasurer.

S. B. WILLIAMS, Treasurer.

Ordered received, filed and published.

LOCAL IMPROVEMENT ASSESSMENT.

By Ald. H.G.Cook—Whereas, The City Treasurer has ascertained and reported the entire and aggregate expense of and connected with the several following improvements, including any and all interest that the city has paid or has or shall become liable to pay upon account of any and all orders or notes issued by the city to pay the expenses of such improvements respectively adjusted by this Common Council as thus reported, and the respective portions or parts of the city on which the said expenses are hereby directed to be assessed and which this Common Council deems to be benefited by the improvements, respectively, are as stated and described in the final ordinances relative to the improvements, respectively, and that the name and expense of the improvements thus to be assessed are as follows, viz:

Ord. No.	Improvement.	Expense.
4870.	East Henry street plank walk.	\$ 325 82
4868.	Leighton avenue plank walk.	278 32
4871.	New York street cement walk.	188 85
4831.	Weld street cement walk.	195 18
4882.	Loomis street pipe sewer.	345 81
4850.	Riley park pipe sewer.	468 19
4885.	Saxton street pipe sewer.	636 91
4869.	Cottage street pipe sewer.	1,474 85
4861.	Spruce avenue pipe sewer.	1,512 70
4742.	East avenue repair, care and sprinkling.	2,294 25

And it is further determined that the taxpayers to be assessed for making the foregoing improvements must pay their assessments within thirty days from the first publication of the advertisement of the notice of the Assessment Roll by the City Treasurer.

And it is further determined that the taxpayers to be assessed for making the following improvement

Ord. No.	Improvement.	Expense.
4851.	Central avenue pipe sewer.	\$4,321 63

May pay their assessments in three equal payments, as follows:

One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-third within one year from the confirmation of such roll; and the remaining one-third within two years from the confirmation of such roll. On all sums paid prior to the maturity of said last installment, a discount will be allowed at the rate of six per cent. per annum.

And the Assessors of said city, if they are not interested in any of the property within the part or portion of the city deemed to be benefited, and directed to be assessed, as aforesaid, or if any two of said assessors are not so interested then such two are hereby directed to make assessments upon all the lots and parcels of lands within the portions or parts of the city above designated and directed to be assessed, of the amounts of expenses of such improvements, respectively, in propor-

tion, as nearly as may be, to the advantage which the said lots and parcels of land within the respective territories to be thus assessed for such improvements, shall be deemed to receive by the making of the respective improvements.

Adopted by the following vote:
 Ayes—Alds. McMillan, Callinan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelinck, Lewis, Forsyth, Bierbrauer—17.

By the Clerk—
 To the Honorable, the Common Council of the City of Rochester:

OFFICE OF THE EXECUTIVE BOARD, }
 ROCHESTER, JANUARY 9, 1893. }

To the Common Council:
 Gentlemen:—The Executive Board respectfully recommends to your honorable body a permanent improvement of North Clinton street from Central avenue to the city line; the improvement of Scrantom street from North steeet to Conkey avenue; and Oakman street from North Clinton to Galusha street.

Each of the above named streets demand an improvement in a permanent form to meet the wants of the public, and the value of the property assessed for such purpose, will, no doubt, be greatly enhanced in consequence of the construction of good roadways and walks.

It is suggested that ordinances be promptly adopted so that work may be commenced in the early spring.

Respectfully,
 THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.
 Referred to Public Improvement Committee.
 By the Clerk—

OFFICE OF THE EXECUTIVE BOARD, }
 ROCHESTER, JAN. 7, 1893. }

To the Common Council:
 Gentlemen:—The Executive Board invited the owners of property to state what prices they would accept for the land proposed to be taken for opening a street from Bowen to Bates street in accordance with the terms of a resolution adopted by your honorable body and failing to receive any propositions from the owners of the property, it is recommended that a commission be appointed to appraise property.

Respectfully,
 THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.
 By Ald. Dewey—Whereas, No agreement for the purchase of the lands necessary for the opening of a street from Bates street to Bowen street in the city of Rochester, under final ordinance, No. 4,892, can be made, therefore,

Resolved, That a copy of said ordinance, and of this resolution, together with a map of the proposed street, be made and filed in the office of the city clerk and of the county clerk, which map shall show thereon the lots, tracts and parcels of land which are deemed necessary to be taken, and the commencement, course and termination of said street proposed to be laid out, according to the provisions of section 174, of the revised city charter, and that the city attorney be, and he hereby

is, instructed to take and institute such proceedings, from time to time, as may be necessary to secure such street opening, as is provided by the city charter.

Adopted.
 By the Clerk—
 OFFICE OF THE EXECUTIVE BOARD, }
 ROCHESTER, JAN. 7, 1893. }

To the Common Council:
 Gentlemen:—In the matter of the extension of Augusta street, the owner of the property, George S. Riley, was requested to state what he would accept for the parcel of land required. In this, as in nearly all such cases, the board recommends the appointment of a commission to determine the value of the property.

Respectfully,
 THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Aikenhead—Whereas, no agreement for the purchase of the lands necessary for the extension of Augusta street, from its present west end to Scio street, in the city of Rochester, under final ordinance No. 4,891, can be made, therefore,

Resolved, That a copy of said ordinance, and of this resolution, together with the map of the proposed street, be made and filed in the office of city clerk and of the county clerk, which map shall show thereon the lots, tracts and parcels of land which are deemed necessary to be taken, and the commencement, course and termination of said street proposed to be laid out, according to the provisions of section 174 of the revised city charter, and that the city attorney be, and he hereby is, instructed to take and institute such proceedings, from time to time, as may be necessary to secure such street extension, as is provided by the city charter.

Adopted.

 OFFICE OF THE EXECUTIVE BOARD, }
 ROCHESTER, JAN. 7, 1893. }

To the Common Council:
 Gentlemen:—The executive board has received a proposition from Charles Weillhammer for land necessary to be taken for the extension of Council avenue, but it is deemed expedient to recommend that condemnation proceedings be commenced to acquire the property.

Respectfully,
 THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Lewis—Whereas, No agreement for the purchase of the lands necessary for the opening of a new street from North avenue, to the west end of Council avenue, in the city of Rochester, under final ordinance No. 4,890, can be made, therefore,

Resolved, That a copy of said ordinance, and of this resolution, together with the map of the proposed street, be made and filed in the office of the city clerk and of the county clerk, which map shall show thereon the lots, tracts and parcels of land which are deemed necessary to be taken, and the commencement, course and termination of said street proposed to be laid out, according to the provisions of section 174 of the revised city charter, and that the city attorney be, and he hereby is, instructed to take and institute such proceedings, from time to time, as may be necessary to secure such street opening, as is provided by the city charter.

Adopted.
 By the Clerk—
 OFFICE OF THE EXECUTIVE BOARD, }
 ROCHESTER, JAN. 7, 1894. }

To the Common Council:
 Gentlemen:—The following action was taken by the Executive Board at a regular meeting held January 6, 1893:

By Mr. Aldridge—Whereas, A cash guaranty in the sum of \$131.67 was given the City of

Rochester by N. L. Brayer, contractor, for the maintenance of Lake avenue cement walk for a period of one year from the date of its completion, and

Whereas, The time of such guaranty expired September 28, 1892, and the walk is certified to this board to be in good order, therefore

Resolved, That the Clerk of this Board request the Common Council of the City of Rochester to pay to N. L. Brayer, contractor, for the Lake Avenue cement walk improvement, Ordinance No. 4,462, the sum of \$131.67, being the amount retained by the City of Rochester as security given by said Brayer, for the repair and maintenance of said improvement for one year. Adopted.

Pursuant to the terms of the above resolution it is requested that you authorize the City Treasurer to refund to N. L. Brayer, the amount of money deposited as guaranty for the Lake avenue cement walk.

Yours respectfully,
THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.
By Ald. Lewis—Whereas, It appears by the foregoing communication from the Executive Board, that the time of the cash guaranty given to the city of Rochester by N. L. Brayer, contractor, for the maintenance of Lake avenue cement walk for a period of one year from the date of its completion, has expired, and said pavement is certified to be in good order; therefore, be it

Resolved, That the City Treasurer be, and he hereby is, authorized to refund N. L. Brayer the amount of money deposited as such guaranty for the maintenance of Lake avenue cement walk.

Adopted by the following vote:
Ayes—Alds. McMILLAN, C. S. Cook, Callihan, Zimmer, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—17.

By the Clerk—
To the Honorable the Common Council of the City of Rochester.

Gentlemen:—The Excise Commissioners for the City of Rochester, would respectfully report, that they have granted fifty-six licenses for the month of December, 1892, received therefor \$2,831, deposited the same with the City Treasurer, and filed his receipt therefor, with the bonds, with the City Clerk.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of building an iron bridge over the Western New York and Pennsylvania R. R., at Bronson avenue. The said bridge to be as wide as the avenue and to have two plate iron girders in line with the curbstones, stringers and planking to be of wood.

The Surveyor submitted as such estimate \$6,700.

Adopted.
By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The building of a wrought iron or steel bridge over the Western New York and Pennsylvania R. R. property at Bronson avenue, in place of the existing cast iron arch bridge, said bridge to have only two plate iron girders, placed on line of the curbs and sidewalks supported upon brackets extending to the lines of the street. Floor to be of plank or wooden stringers, stone work to be extended and the approaches to be graded to full width of avenue.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$6,700, which estimate is hereby approved,

Resolved, further, that the following portion of said city is deemed benefitted and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

All of the land included between the easterly line of the Western New York and Pennsylvania railroad and the westerly line of the Western New York & Pennsylvania R. R., and West avenue and the south line of the city, in proportion to the benefit which each will derive therefrom.

Adopted.
By Ald. Pauckner—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or ordinance, or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7 o'clock P. M., at the Common Council Chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Post-Express notice thereof as is required and in the manner specified by Section 172 of the City Charter.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., Jan. 10, 1893. }

Gentlemen:—Agreeably to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Post-Express, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or amendment thereto, passed or adopted by your honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Thursday evening, Jan. 10, 1893, at 7 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvement.

Respectfully,
HENRY W. GREGG, City Clerk.

Adopted.
UNFINISHED BUSINESS.
Under this head the applications of the Rochester Railway Company and Rochester, Windsor Beach and Irondequoit Bay Electric Railway Company reported on pages 386 and 373 respectively, of current proceedings came up.

By Ald. Lewis—
Whereas, The Rochester Railway Company heretofore duly made application in writing to the Common Council of the city of Rochester for the consent of said city to the construction, maintenance and operation of street surface railways in, through and upon certain of the streets, avenues and highways of said city hereinafter named; and for the consent of the said city to the operation and use of such street surface railways with electricity as motive power.

And, whereas, Due notice of the time when and place where such application would be first considered by said Common Council has been duly given and all persons appearing having been heard, it is, therefore,

Resolved, That the consent of the local authorities of the City of Rochester be and hereby is granted to the Rochester Railway Company to construct, maintain, operate and use a street surface railway and an extension of the present railway of said company, commencing at the present tracks of said company at the intersection of East Main and North Goodman streets, running thence a double track in the center of the street along North Goodman street to Webster avenue; thence a double track in the center of the street along Webster avenue to Parsells avenue; thence a double track along Parsells avenue to the easterly line of the city of Rochester. It is further

Resolved, That said Company be and hereby is granted the right, privilege and franchise of constructing, maintaining and operating said above-described extension of its present lines; and of setting, erecting, placing and maintaining the necessary poles, wires and other appliances to enable said Company to operate said extension of its lines with electricity as motive power. It is further

Resolved, That the consent hereby granted is granted upon the expressed condition that the provisions of article 4. of an Act in relation to Railroads constituting Chapter 39. of the General Laws of the State of New York of 1892 pertinent to the consent hereby granted shall be complied with, and this consent shall be void unless said Rochester Railway Company shall begin the construction of such line of railroad on or before June 1st, 1893, and complete the same as soon thereafter as shall be possible.

ROCHESTER, N. Y., Jan. 10, 1893.
M. E. Lewis Esq., Rochester, N. Y.:

Dear Sir: In response to your inquiry as to the time when the Rochester Railway Company will construct and place in operation its proposed extension from East Main street through Goodman street, Webster avenue and Parsells avenue to the city line, I beg to state: If the franchise be granted as asked for by this company, at the meeting of the common council to be held this evening, the Rochester Railway Company hereby agrees that it will commence

the construction of said proposed extension prior to June 1, 1893, and will complete the same and have it in operation prior to October 1, 1893. The time mentioned in which said extension is to be constructed and placed in operation is, of course, subject to delays occasioned by action of property owners on said streets who obtain injunctions against the company which prevent the construction and completion of the line within the time specified.

Respectfully yours,

J. N. BECKLEY,
President Rochester Railway Company.

Ordered received, filed and published.

Ayes and nays being called for the resolution was adopted by the following vote:

Ayes—Ald. McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelinck, Lewis, Forsyth, Bierbrauer—18.

Ald. Aikenhead presented a remonstrance against the running of cars on Amity street.

Ordered received and filed.

Also, remonstrance against the construction of a street railroad on Bay street.

Ordered received and filed.

By Ald. Aikenhead—Whereas, The Rochester Railway Company heretofore duly made application in writing to the Common Council of the City of Rochester for the consent of said city to the construction, maintenance and operation of a street surface railway in, through and upon German street from the westerly end of Central Park to North Avenue, and thence along North Avenue to Draper street. And also from the westerly end of German street at its intersection with North Avenue, along North Avenue to North street, such street surface railway to consist of a single track with necessary turnouts; and

Whereas, Due notice of the time, when and place where such application would be first considered by said Common Council has been duly given, and all persons appearing having been heard; and

Whereas, It appears that many property owners on German street object to the construction of a street railroad through the westerly portion of that street, because the same is a narrow street and it is claimed that some other street can be selected in which said railroad might be constructed and operated in connection with the Central Park line of said Company, it is therefore

Resolved, That the application of said Company and all matters connected therewith be and hereby are referred to a special committee of five members of this Board to be appointed by the President, and that said Committee report as to the best plan for the construction of a line which will afford street railroad connection with Central Park and the northeastern portion of the city. It is further

Resolved, That further consideration of the said application be postponed until the first regular meeting in March, 1893, at which meeting said committee is hereby directed to present its report.

Adopted.

By Alderman Fox—Whereas, The Rochester Railway Company heretofore made application to this board for the right to construct, maintain and operate a street surface railway in and through Thomas, Herman, Hanover and Baden streets in the City of Rochester, and the Rochester, Windsor Beach & Irondequoit Electric Railway Company heretofore made application for the right to construct, maintain and operate a street surface railway in and through Chatham, Herman, Hanover, Baden, Thomas and other streets of the City of Rochester, and due notice of such applications were duly given according to law and allegations have been heard thereon; and

Whereas, It appears that the people residing and owning property on the streets described in the application of the Rochester, Windsor Beach & Irondequoit Railway Electric Company are opposed to the construction of any street surface railroad through such streets; and it appears to this board that railroads through such streets are not needed for the public good; it is therefore

Resolved, That the application of the Rochester Railway Company, so far as the same relates to Baden, Hanover, Herman and Thomas streets, and the application of the Rochester, Windsor Beach & Irondequoit Electric Railway Company, are hereby denied.

Ald. Fox presented remonstrance against the laying of tracks in North Avenue at the intersection of North street.

Ordered received and filed.

Ald. Lewis presented remonstrance against the lawing of railway tracks on Bay street.

Ordered received and filed.

By Ald. Lewis—

By Ald. Simmelinck—Resolved, That the report of Commissioners in the matter of the widening of North St. Paul street, presented December 27, 1892, be, and the same hereby is, in all things, confirmed.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelinck, Lewis, Forsyth, Bierbrauer—18.

EXECUTIVE BUSINESS.

Ald. Forsyth moved that the rule of the Board requiring that applications for appointment of Commissioners of Deeds be laid over two weeks, be suspended.

Adopted by the following vote:

Ayes—Ald. McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, Pauckner, Kelly, Aikenhead, Simmelinck, Forsyth, Bierbrauer—18.

Ald. Forsyth moved to proceed to the election of Commissioners of Deeds. Adopted.

Ald. Forsyth moved that the several persons recommended in the report of the Law Committee be appointed Commissioners of Deeds, and that the Clerk cast the ballot therefor.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, Calihan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelinck, Lewis, Forsyth, Bierbrauer—18.

MISCELLANEOUS BUSINESS.

By Ald. Calihan—

ROCHESTER, N. Y., Jan. 6, 1892.

To the Honorable, the Common Council of the City of Rochester.

Gentlemen—In behalf of a large proportion of the citizens of Rochester members of the Order of the Knights of Labor, this District Assembly petitions your honorable body to further as much as lays in your power, the entrance and right of way to lay its tracks through certain streets of this city of Rochester and Irondequoit Electric Street Railway Co.

And further, that we are opposed to the granting of any more privileges to the Rochester Street R. R. Co.

Respectfully submitted.

GEORGE WATTS, M. W.

THOMAS M. WARREN, Secretary,

Ordered received, filed and published.

By Ald. Zimmer—Resolved, That the City Clerk be and the same hereby is authorized and directed to draw a warrant on the treasurer in favor of Henry Schaffer for one dollar, being for the surrender of a Butcher's license dated Nov. 15th, 1892, upon due proof of such surrender and that the same was never used, and charge the amount to the contingent fund.

Adopted by the following vote:

Ayes—McMillan, Cook, C. S., Calihan, Zimmer, Adams, Fox, Johnston, Wurtz, Ward, Dewey, Cook, H. G., Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—18.

By Ald. Zimmer.

ROCHESTER, Dec. 27, 1892.

To the Honorable, the Common Council of the City of Rochester:

A few months ago I paid into the city treasurer's office for Huckster's license fifteen dollars. Since then you have reduced the same to five dollars. Please kindly reimburse me with the difference, for which I will be very grateful.

Yours respectfully,

D. J. MCKEE,
66 Broadway.

Ordered received, filed and published.

By Ald. Zimmer.—Resolved, That the City Clerk be and is hereby directed to draw an order on the City Treasurer of ten dollars payable to the order of D. J. McKee, and the same charged to the contingent fund.

Upon motion of Ald. Lewis, referred to Law Committee.

By Ald. Adams—

MONROE COUNTY COURT—In the matter of widening Belmont park, from East Main street to Grove street, in the city of Rochester.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—The undersigned, who were appointed by an order of the Monroe county court, duly granted on the 6th day of September, 1892, and entered on the 26th day of September, 1892, commissioners, to inquire into and determine what damages and compensation the owner or owners, tenants or occupants of the lands and buildings to be taken for the widening of Belmont park, from East Main street to Grove street, in said city will be entitled to for the same, respectfully report and certify the several pieces and parcels of land and premises to be taken for such improvement, the names and residences, and the rights of the owners thereof, and their award of damages, as incident to the widening of said street, as follows:

The several pieces and parcels of land required for such purpose, and necessary for the

These premises belong to the city of Rochester, a municipal corporation.

PARCEL No. 9.

Also, all that other tract or parcel of land, situate in the city, county and state aforesaid, bounded and described as follows:

Beginning at the southeast corner of the premises owned by the city of Rochester, above described; thence westerly, along the south line of said premises of the city of Rochester, ten feet; thence southerly, on a line parallel with and ten feet distant westerly from the west line of Belmont park, to the north line of East Main street, or the southerly line of the premises owned by the heirs of Hiram Sibley, situated on the corner of East Main street and Belmont park; thence northeasterly, along the north line of East Main street and the southerly line of said premises of the heirs of said Sibley, to the west line of Belmont park; thence northerly, along the west line of Belmont park, about fifteen and seventy-five hundredths feet, to the place of beginning. Being a strip of land ten feet in width, taken off from the east side of the premises owned by the heirs of Hiram Sibley, on the corner of East Main street and Belmont park.

These premises are owned by the heirs of Hiram Sibley.

Therefore, we, the subscribers, the commissioners, having been duly sworn, as required by the statute in such case made and provided, and having all met and acted upon the matters submitted to us at the city attorney's office, in the city hall building, Rochester, N. Y., pursuant to a notice of at least ten days published according to law, and having all taken a view of every part of the respective premises, and having inquired into and heard the allegations and proofs of the respective parties in interest, do, thereupon, determine and appraise the damages which the several owners (there being no tenants or occupants other than such owners entitled to any awards except as appears herein) of the several premises to be taken for the widening of said street will severally sustain by being deprived thereof, and fix the compensation which the aforesaid owners respectively shall receive therefor, as follows:

The awards hereby made, after deducting all taxes and assessments which have become a lien upon the lands described, to be paid as hereinafter provided, are as follows:

To Albert T. Sours, for parcel No. 1, the sum of fourteen hundred and fifty dollars, payable to the Rochester Savings Bank, mortgagee aforesaid.

To Albert T. Sours, for parcel No. 2, the sum of six hundred dollars, payable to the Rochester Savings Bank, mortgagee aforesaid.

To Albert T. Sours, for parcel No. 3, the sum of four hundred dollars, payable to the Rochester Savings Bank, mortgagee aforesaid.

To Patrick Barrett, for parcel No. 4, the sum of sixteen hundred and eight dollars, payable first to the Rochester Savings Bank, mortgagee aforesaid, and second to Thomas Barrett, mortgagee aforesaid.

To the heirs of Marcus K. Woodbury, for parcel No. 5, the sum of five hundred dollars, payable to the Rochester Savings Bank, mortgagee aforesaid.

To the heirs of Martha Everenden, for parcel No. 6, the sum of ten dollars, payable to the Rochester Savings Bank, mortgagee aforesaid.

To the heirs of Hiram Sibley, for parcel No. 7, the sum of eighteen hundred and seventy dollars, payable to said heirs.

To the city of Rochester, for parcel No. 8, the sum of six hundred dollars, payable to the city of Rochester.

To the heirs of Hiram Sibley, for parcel No. 9, the sum of thirty-one hundred dollars, payable to said heirs.

To John L. Cunningham, a tenant of Albert T. Sours, the sum of one dollar for said tenant's interest in parcel No. 2.

All of which is respectfully submitted.

Nays—None.

By Ald. Lewis—Petition of Charles C. Graves, et al, for remission of water rate. Referred to assessment committee.

By Ald. Lewis—Resolved, That the matter of providing a method by which the city will be saved the necessity of borrowing large amounts of money each year in anticipation of the tax levy, be referred to the finance committee.

Adopted.

By Ald. Lewis—Whereas, It is reported in the daily papers that a proposition has been made by one or more individuals for the purchase of the site on which the court house now stands, and

Whereas, The sale of the entire site would operate adversely to the interests of the city by reason of the fact that if a building were to be erected to cover the entire site, light and air would be cut off from the front of the building, therefore,

Resolved, That the city property committee be, and it is hereby, instructed to ascertain and report to this council what steps, if any should be taken to protect the city's interests in the matter.

Adopted.

Ald. Forsyth presented the following proposed act and moved its reference to the police committee and city attorney:

AN ACT to amend section 265 of the Revised Charter of the City of Rochester.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1—Section 265 of the Revised Charter of the City of Rochester, is hereby amended so as to read as follows:

Sec. 265—Police Justice's Jurisdiction, trial by jury, Municipal Court jurisdiction upon ordinances.

The police justice of said city shall have jurisdiction in any suit brought for penalty or forfeiture, given for a violation of any city ordinance, or of the laws concerning the internal police of the state, and is hereby empowered to hold courts of special sessions for the trial of all offenses, triable in a court of special sessions.

Every court of special sessions held by said police justice, or by one of the judges of the Municipal Court of said city, or the mayor, or one of the police commissioners or aldermen, in the place of said police justice, as provided by section 267 of this act, shall, subject to the power of removal, provided for in chapter 1 of title 6 of part 1 of the Code of Criminal Procedure, have exclusive jurisdiction to hear, try and determine all charges of misdemeanor, and other offenses or crimes, punishable as such, as are defined by sections 5 and 6 of the Penal Code, or other statute now, or hereafter passed, where the offense has been committed within the city of Rochester, and of petit larceny, committed as a second offense within said city. And the complaint has been made to said police justice, or one of the officers acting in his place, or one of the judges of the Municipal Court, and the said police justice, or other officer acting in his place, shall have power to impose any sentence, punishment, fine, imprisonment, or both, as is provided in such cases by the provisions of the Penal Code, or by the special statutes of this state.

The board of police commissioners shall have power to appoint, from time to time, a stenographer, who shall perform such duties as they shall, from time to time, require of him. The police magistrate, or person acting in his stead, shall have power to require such stenographer to take the evidence in all criminal cases, or proceedings, pending before him; and shall have power to require such stenographer

to transcribe his shorthand notes and deliver to the district attorney of the county of Monroe a copy of such transcript; and shall have power to require such stenographer to transcribe his notes and deliver a copy thereof to the defendant in any action, upon the payment to the clerk of such police court, of the sum of 10 cents per folio, for each folio of such transcript.

The salary of said stenographer shall be fixed by said board of police commissioners, and shall be paid in the same manner in which the salary of the police clerk is now paid.

In any action brought for the violation of any ordinance, or of the laws concerning the internal police of the state, as aforesaid, a trial by jury may be had, upon the demand of either party, made before the actual commencement of such trial, and such trial shall be conducted in the manner provided for trials by jury in justice's courts by the code of civil procedure, and the jurors summoned, as well as those acting or sitting upon the trial, and the officer executing the venire and attending the jury, which officer may be one of the members of the police force of said city, to be nominated by said police justice, shall be entitled to the fees allowed by law, to jurors and constables for similar services in trials by jury before justices of the peace or justices' courts, and which fees shall be paid to the said police justice for the purposes aforesaid, by the party demanding such jury trial, at the time such demand is made, and upon the failure to pay the same, such demand for a trial by jury shall be disregarded, but the fees allowed to said officer, if he be one of the members of said police force of said city, for summoning or attending upon such jury, shall be retained by the police clerk and be paid by him to the treasurer of said city, to the credit of the contingent fund.

The Municipal Court of said city shall also have jurisdiction of all suits brought for violation of any regulation, by-law or ordinance, passed, enacted or adopted by the Common Council, Board of Health or Executive Board, of said city, where the sum for which judgment is demanded in the complaint, does not exceed five hundred (\$500.00) dollars, exclusive of costs, provided the same be instituted by or under the direction of the city attorney, or said Common Council, Board of Health or Executive Board.

Sec. 2—This act shall take effect immediately.

The president handed down the names of Aids. Aikenhead, Adams, Fox, Lempert and Lewis as the special committee ordered appointed by the motion of Ald. Aikenhead.

Ald. Lewis moved that when the board adjourn it be for one week. Carried.

Upon motion of Ald. Lewis the board then adjourned.

HENRY W. GREGG, City Clerk.

Ayes—Alds. McMillan, Cook, C. S., Callihan, Zimmer, Adams, Lempert, Fox, Johnston, Ward, Dewey, Cook, H. G., Pauckner, Kelly, Alkenhead, Lewis, Forsyth, Bierbrauer.—17.

By Ald. C. S. Cook—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—Your Police Committee to which was referred the proposed amendment to section 265 of the revised charter, begs leave to make the following report. At the meeting held by the Committee, the district attorney, police justice and city attorney were in attendance, and after a full and thorough consideration of the amendment proposed by the committee and the persons present, we are of the opinion that the amendment proposed is commendable and proper, and we recommend that the same be amended to read as follows:

AN ACT to further amend chapter 143 of the laws of 1861, entitled, "An act to amend and consolidate the several acts in relation to the Charter of the city of Rochester."

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1.—Section 265 of the Revised Charter of the City of Rochester, is hereby amended so as to read as follows:

Section 265—Police Justice Jurisdiction, trial by Jury, Municipal court jurisdiction upon ordinances.

The police justice of said city shall have jurisdiction in any suit brought for penalty or forfeiture, given for a violation of any city ordinance, or of the laws concerning the internal police of the state, and is hereby empowered to hold Courts of Special Sessions for the trial of all offenses, triable in a Court of Special Sessions.

Every Court of Special Sessions held by said police justice or by one of the judges of the Municipal court of said city, or the Mayor, or one of the Police Commissioners or

Alderman, in the place of said Police Justice, as provided by section 267 of this act, shall subject to the power of removal, provided for in chapter 1 of title 6, of part 1 of the Code of Criminal Procedure, have exclusive jurisdiction to hear, try, and determine all charges of misdemeanor, and other offenses for crimes punishable as such, as are defined by sections 5 and 6 of the penal code, or other statute now, or hereafter passed, where the offense has been committed within the city of Rochester, and of petit larceny, committed as a second offense within said city. And the complaint has been made to said Police Justice, or one of the officers acting in his place, or one of the Judges of the Municipal Court, and the said Police Justice, or other officer acting in his place, shall have power to impose any sentence, punishment, fine, imprisonment, or both, as is provided in such cases by the provisions of the Penal code, or by special statutes of this state.

The Board of Police Commissioners shall have power to appoint from time to time, a stenographer who shall perform such duties as they shall from time to time require of him. The police magistrate or person acting in his stead, shall have power to require such stenographer to take the evidence in all criminal cases or proceedings pending before him; and shall have power to require such stenographer to transcribe his short hand notes and deliver to the District Attorney of the County of Monroe, a copy of such transcript; and shall have power to require such stenographer to transcribe his notes, and deliver a copy thereof to the defendant in any action, upon the payment to the clerk of such police court of the sum of 10 cents per folio for each folio of such transcript.

The salary of said stenographer shall be fixed by said Board of Police Commissioners, and shall be paid in the same manner in which the salary of the police clerk is now paid.

In any action brought for the violation of any ordinance, or of the laws concerning the internal police of the state, as aforesaid, a trial by jury may be had, upon the demand of either party, made before the actual commencement of such trial, and such trial shall be conducted in the manner provided for trials by jury in Justice's courts by the Code of Civil Procedure, and the jurors summoned, as well as those acting or sitting upon the trial, and the officer attending the venire and attending the jury, which officer may be one of the members of the police force of said City, to be nominated by said police justice, shall be entitled to the fees allowed by law to jurors and constables for similar services in trials by jury before justices of the peace, or Justice's courts, and which fees shall be paid by the said police justice for the purposes aforesaid, by the party demanding such jury trial, at the time such demand is made, and upon the failure to pay the same, such demand for a trial by jury shall be disregarded, but the fees allowed to said officer, if he be one of the members of the police force of said City, for summoning or attending upon such jury, shall be retained by the police clerk, and shall be paid by him to the Treasurer of said City, to the credit of the contingent fund.

The Municipal court of said city shall also have jurisdiction of all suits brought for violation of any regulation, bylaw, or ordinance, passed, enacted, or adopted by the Common Council, Board of Health, or Executive Board of said City, where the sum for which judgment is demanded in the complaint, does not exceed five hundred (\$500.00) dollars, exclusive of costs, provided the same be instituted by or under the direction of the City Attorney, or said Common Council, Board of Health, or Executive Board.

Section 2—This act shall take effect immediately.

And that a resolution be adopted that a certified copy of said amendment be forwarded to the City's representative in the State Legislature with the request to urge the passage and enactment of said amendment at the earliest day.

All of which is respectfully submitted.

CHARLES S. COOK,
WM. PAUCKNER,
J. M. AIKENHEAD,

By Ald. C. S. Cook—Resolved that the common council approve of the proposed amendment to Sec. 265 of the revised city charter as recommended by the police committee and the city clerk is hereby directed to forward a certified copy of said amendment to the city representative in the Senate and Assembly of the State Legislature and said representatives are respectfully requested to introduce the same in their respective houses and use all honorable means to cause the passage and enactment thereof.

Adopted by the following vote.
Ayes—Ald. McMillan, C. S. Cook, Callhan, Zimmer, Adams, Lempert, Fox, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Lewis, Forsyth, Bierbrauer.—17.

By Ald. Adams—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your lamp committee, to which was referred the proposition to discontinue the incandescent system now in use in the western part of the city, and substitute therefor the arc system, submits the following as its report thereon:

Your committee has investigated the subject, and conferred with the City Electrician, and from its investigation it appears that the incandescent lights have been gradually reduced in number from time to time, until now there are but a comparatively few in use, and those are scattered over quite a large territory. It has been suggested that they be entirely abandoned, and the arc system be substituted. In conferring with the Rochester Gas and Electric Company in relation to the change, it was at first suggested that the company under its contract with the city, would be entitled to compensation for taking down and removing the system, but your committee by insisting that the number of lights would be somewhat increased proportionately, and that the expense of maintaining them would be slightly increased, has succeeded in prevailing upon the company to abandon its claim for remuneration for making the change and to agree to make the change without expense.

Your committee, therefore, recommends that the Rochester Gas and Electric Company be authorized to discontinue the incandescent lighting system wherever the same is now in public use, and to substitute therefor the arc system, upon the express condition that no charge be made for making such change.

The increase in the expense of lighting the territory now lit by the incandescent system, will be four dollars and five cents per night, but as the incandescent system has not been giving satisfaction at any time since its introduction, and especially since the number of incandescent lights have been so materially reduced, it is believed that the city will get very much better returns from the money paid out by the use of the arc system.

All of which is respectfully submitted.

M. B. ADAMS,
MERTON E. LEWIS,
HENRY G. COOK,
D. W. FORSYTH,
J. MILLER KELLY,
Lamp Committee.

By Ald. Adams—Resolved that the Rochester Gas and Electric Company be and it is hereby authorized and directed to discontinue the incandescent system of electric lighting wherever the same is now in public use and substitute arc lights therefor, under the direction of the Lamp Committee and City Electrician, the increase in the expense of such change not to exceed the sum of \$4.05 per night.

Adopted by the following vote:
Ayes—Ald. McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Lewis, Forsyth, Bierbrauer—16.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk.—

ROCHESTER, N. Y., Jan. 17, 1893.

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—Permit me to call the attention of your honorable body to the inadequate room which is now occupied by the appointees of your law department with the hope that it may receive your immediate consideration.

There are in the regular employ of this department, three attorneys, two stenographers and one clerk. In addition to these I have found it necessary to provide desk room for a person who serves the papers in condemnation proceedings, which makes it necessary to have desk room for seven persons. This number of persons is crowded into one room, the dimensions of which are 23 3-4 by 33 1-2 feet. This is divided by a thin board and glass partition into three compartments; one of which is occupied by my two assistants and one stenographer; the other by the other stenographer and myself and the third or outside by the clerks. In which all the commissions in condemnation proceedings have also to meet. This outside compartment is so dark during the entire day that it is necessary to keep the electric lights burning continuously. If any commission is in session the desks used by the clerks have to be occupied by the commissioners and the attorneys appearing therein, and the clerks have to retire to await the adjournment of the commission before they can continue with their work. If one of the assistants requires a conference with any witnesses or parties interested in any matter in charge of such assistant, it becomes necessary for the stenographer and the other assistant to retire until such work is completed. If I am called upon by any official or other person who desires to see me privately it is necessary to have the stenographer in my compartment retire and suspend work until such consultation is ended.

You can therefore see that it is impossible to do the assigned duties with any satisfaction and dispatch, for during more than one half of the time one or more of the employees of this department have to suspend the work assigned to them on account of such interference. The legal business of the city has lately increased to such proportions as to become necessary for all the employees to be continually at work during office hours to keep up with the demands upon the office and we have been obliged to retire to private offices outside of the city hall to do our work or postpone the same and do it in the evening on account of these continued and unavoidable interruptions.

I had hopes that when the question of more room was agitated provisions could be made for this department, but it is evident, that nothing definite has been decided upon and probable that it will require considerable time before more room will be made in the city hall.

I regard it as an absolute necessity both for the best interests of the legal business of the city and the health of your appointees to temporarily provide more room, and I would respectfully suggest, that provisions be made for the same outside of the city hall, and that this matter be referred to the city property committee with power to act.

Yours very respectfully,

C. D. KIEHEL,
City Attorney.

By Ald. Calihan—Resolved, That the communication from the city attorney concerning the room occupied by his department be, and the same is hereby referred to the City Property Committee, to report back to this Common Council.

Adopted.

Ald. Lewis in the chair.

REPORTS OF STANDING COMMITTEES.

By Ald. H. G. Cook—

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—Your Assessment Committee beg leave to make the following report:

The petition of V. Moreau Smith, Executor of Emma Herrick, praying for the cancellation of a personal tax of 1892, amounting to \$77.32, was duly considered by your committee. It appearing that the estate of Emma Herrick was settled in the year 1891, we therefore recommend that said petition be granted.

Petition of George L. Mason, praying to be relieved from general city tax on his property on Cady street, because the same was

purchased with pension money, was duly considered by your committee and we recommend that the petition be denied.

Dated Rochester, N. Y. Jan. 24, 1893.

HENRY G. COOK,
JOSEPH BIERBRAUER,
JAMES JOHNSTON,
C. W. ZIMMER,
Assessment Committee.

Ordered received, filed and published.

By Ald. H. G. Cook—Resolved, That the petition of V. Moreau Smith, as Executor of the estate of Emma Herrick to have cancelled a personal tax, of 1892, amounting to \$77.32, against the estate of said Emma Herrick, be and the same is hereby granted, and the City Treasurer is hereby directed to cancel said tax and charge the amount as erroneous assessment.

Adopted by the following vote.

Ayes.—Alds. Tracy, C. S. Cook, Callihan, Zimmer, Adams, Lempert, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer, —17.

By Ald. H. G. Cook—Resolved, That the petition of George L. Mason, to be relieved from paying general city taxes on his property on Cady street, because said property was purchased with pension money, be and the same hereby is denied.

Adopted.

By Ald. Dewey:—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Electrical Committee, to which has been referred the application of the Standard Electric Signal Company for the consent of the Common Council to place upon the streets of the City of Rochester the necessary wires for the introduction of the automatic fire alarm system under the control of said company, respectfully report as follows:

The matter has been fully considered and inquired into by your committee, and we find that this automatic fire alarm system is a great improvement over the auxiliary system now in use, and the introduction of the same into this city will be for the best interests of the public.

We, therefore, recommend that the consent of the common council as annexed to this report be granted to said company, and the same is made a part of this report.

All of which is respectfully submitted.

ALVIN H. DEWEY,
HENRY G. COOK,
MERTON E. LEWIS,
MARTIN J. CALLIHAN,
J. MILLER KELLY,
Electrical Committee.

Ordered received, filed and published.

By Ald. Dewey—Whereas, The said Standard Electric Signal Company has made application for consent to place upon the streets of the city of Rochester, the necessary wires for the introduction of its automatic fire alarm system, in such a manner, and under such conditions and regulations as said common council may prescribe; be it

Resolved, That the consent of the common council of the city of Rochester be, and the same is hereby given to said Standard Electric Signal Company to place and maintain upon the streets of said city the necessary wires and appurtenances thereto for the introduction of its automatic fire alarm system, subject to the provisions, restrictions, conditions, rules and regulations hereinafter set forth, and subject to any future penal regulation, ordinance or resolution which may be adopted by said common council. The conditions upon which this consent is granted are, that said company shall not string or place any wires

in any of the streets, avenues, public parks, places, alleys, or other highways of said city where electric conduits are now built or maintained, over which the city of Rochester now has control, and in which said company shall have the opportunity to acquire the right to use any duct or ducts thereof, it being expressly agreed by said company that the city of Rochester, or its officers, have the right and power to remove any wires, or appurtenances thereto, after the expiration of sixty days from the date of the service of notice, in writing, upon said company to remove the same, it being the purpose of said city not to permit any overhead wires to be constructed or maintained after the construction of subways or conduits designed and suited for doing the same services as is done by means of overhead wires. A further condition of this consent is, that, except with special permission of the common council, said company shall not have the right to erect or maintain any poles on the streets, avenues, public parks, places, alleys or other highways of said city.

Said company further agrees to comply with all the requirements, conditions and agreements, so far as they may be applicable, with the terms of the contracts and permits heretofore granted to all of the electric lightning and power companies.

Said company further agrees not to disturb the surface or pavement of any streets, avenues, public parks, places, alleys or other highways of said city, or in any way interfere with the public use of the same.

Said company shall execute and deliver to the city of Rochester a bond, the form and conditions to be approved of by the city attorney and city electrician, in the penal sum of _____ dollars, with sufficient sureties, to be approved of by the mayor, conditioned that said company shall not disturb the surface or pavements of any streets, avenues, public parks, places, alleys or other highways of said city, or in any way interfere with the public use of the same.

Said company shall, and will, at all times, save harmless said city from any damages or liabilities on account of the placing and maintaining of its wires, as aforesaid, and from any damages to person or property caused by said wires, or the use of the same, and from all and any damages caused by the same having been, or to be, erected on private property.

The Common Council shall also have the power to revoke said consent, in case said company fails to comply with the conditions thereof.

Adopted by the following vote:
Ayes—Ald. Tracy, C. S. Cook, Callhan, Zimmer, Adams, Lempert, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer.—17.

ACTION UPON ORDINANCES.

FIRST ORDINANCES.

By Ald. Ward—Resolved, That the first ordinance adopted at the meeting of this Common Council held January 10, 1893, be and the same is hereby amended so as to read as follows:

**BUILDING AN IRON BRIDGE OVER THE WESTERN
NEW YORK AND PENNSYLVANIA R. R.
AT BRONSON AVENUE.**

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this council the expense of building an iron bridge over the Western New York and Pennsylvania Railroad, at Bronson avenue. The said bridge to be as wide as the avenue and to have two plate iron girders in line with the curbstones stringers, and planking to be of wood.

The surveyor submitted as such estimate \$6,700.

Adopted.

By Ald. Ward—Whereas, It has been ascertained by competent engineers, that the general construction of the present bridge over the Western New York and Pennsylvania Railroad at Bronson avenue is defective and improper, and that said bridge does not provide a suitable over-crossing there as is required by the laws of the State of New York; and

Whereas, This Common Council has heretofore by a proper resolution condemned said bridge as not being a suitable crossing over said railroad at said avenue to answer their acquirements and meet the demands of public travel in this city.

Be it resolved, That the following improvement is necessary namely: The building of a wrought iron or steel bridge over the Western New York and Pennsylvania Railroad property at Bronson avenue, in place of the existing cast iron arch bridge, said bridge to have only two plate iron girders, placed on line of the curbs and sidewalks supported upon brackets extending to the lines of the street. Floor to be of plank or wooden stringers, stone work to be extended and the approaches to be graded to full width of avenue, and

Whereas, The City Surveyor, under the directions of the council, has made an estimate of the whole expense thereof, and reports the same at \$6,700, which is hereby approved.

Resolved, Further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

All of the land included between the easterly line of the Western New York and Pennsylvania Railroad and the westerly line of the Western New York and Pennsylvania Railroad, and West avenue and the south line of the city, in proportion to the benefit which each will derive therefrom.

Adopted.

SEWER IN HUDSON AVENUE.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Hudson avenue.

Adopted.

The surveyor submitted as such estimate, \$19,700.

By Ald. Ward—Resolved, That the following improvement is necessary, viz.:

The construction of a sewer in Hudson avenue from a point 40 feet north of the northwest corner of Clifford street and Hudson avenue, to the sewer in Norton street, and to be of the following dimensions: From a point 40 feet north of the northwest corner of Clifford street and Hudson avenue, to the center of Bernard street to be 12 inches in diameter; from the center of Bernard street to the center of St. Jacob street to be 18 inches in diameter; from the center of St. Jacob street to the center of Wilson avenue to be 24 inches in diameter; from the center of Wilson avenue to the sewer in Norton street to be of stone 2x21-2 feet with cover and invert. Also the construction of the necessary lot laterals, manholes, surface sewers, branches, roadway grading and gutter formations.

And Whereas, The City Surveyor, under the

directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$19,700, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by the local assessment for the whole expense thereof, viz.:

All the territory included within and described by the following boundary lines, viz.:

Beginning at the corner of Norton street and Hudson avenue, thence westerly along Norton street excluding one tier of lots on the south side thereof to St. Casimir street, thence southerly along St. Casimir street excluding one tier of lots on the east side thereof to Wilson avenue, thence easterly along Wilson avenue including one tier of lots on the south side thereof to Hudson avenue, thence southerly along Hudson avenue including one tier of lots on the west side thereof for a depth of 150 feet to Friedrick Park, thence westerly along Friedrick Park including one tier of lots on the north side thereof to a point 500 feet west of Hudson avenue, thence southerly parallel with Hudson avenue to Bernard street, thence easterly along Bernard street, including one tier of lots on the south side thereof to Hudson avenue, thence southerly along Hudson avenue, including one tier of lots on the west side thereof to Clifford street, thence northerly along Hudson avenue, including one tier of lots on the east side thereof to Bernard street, thence easterly along Bernard street, including one tier of lots on the south side thereof to North street, thence northerly along North street, excluding one tier of lots on the west side thereof to Hudson Terrace, thence westerly along Hudson Terrace, including one tier of lots on the north side thereof to Hudson avenue, thence northerly along Hudson avenue, including one tier of lots on the east side thereof for a depth of 150 feet to Emerson Place, thence easterly along Emerson Place, including one tier of lots on the south side thereof to the east end of Emerson Place, thence westerly along said Emerson Place, including one tier of lots on the north side thereof to Hudson avenue, thence northerly along Hudson avenue, including one tier of lots on the east side thereof for a depth of 150 feet to Sobiski avenue, thence easterly along Sobiski avenue, including one tier of lots on the south side thereof to North street, thence northerly along North street, excluding one tier of lots on the west side thereof to Norton street, thence westerly along Norton street excluding one tier of lots on the south side thereof to the place of beginning.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., Jan. 24, 1893.

To the Honorable the Common Council of the City of Rochester.

Gentlemen:—Agreeably to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Times, two daily newspapers printed and published in the City of Rochester, N. Y. notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your Honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, Jan. 24, 1893, at 7 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvement. Respectfully,

HENRY W. GREGG, City Clerk

FINAL ORDINANCE, NO. 4,902.

EAST MAIN STREET STONE SEWER.

On motion of Ald. Ward, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a stone sewer in East Main street, from Elm street to Water street.

And after hearing such allegations from all persons appearing.

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The removal of the present sewer and the construction of a new stone sewer, 2 1/2 by 3 feet with arch and invert in size in Main street, from a point 15 feet east of the east line of Elm street to the shaft in the present Main street sewer near the east line of Water street. Also the construction of the necessary manholes, surface sewers, lot laterals and branches, the deepening of the present lot laterals and the connection of all main sewers.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$26,000, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Main street, from Water street to Franklin street and East avenue, respectively.

The petition of Theresa Wanamaker respectfully shows:

That she is the administrator of the estate of Joseph Wanamaker, deceased.

That upon the 12th day of June, 1891, as such administrator, she recovered a judgment against the city of Rochester for the sum of \$5,402.75. The city of Rochester appealed from that judgment to the general term of the supreme court, and the general term of the supreme court affirmed the said judgment and for \$92.50 costs, on the 27th day of January, 1892.

The city of Rochester appealed from that judgment to the court of appeals, and the court of appeals affirmed the judgment appealed from, and the judgment of affirmance and for \$107.80 costs was entered on the 19th day of January, 1893. The city has exhausted its resources in the matter of appeals, and your petitioner therefore asks that the city treasurer be directed to pay to her or her attorneys, the said judgments with the interest which has accrued thereon.

Dated January 24th, 1893.

HERESA WANAMAKER,

Administratrix,

By J. & Q. Van Voorhis, her attorneys.
Ordered received, filed and published and referred to Law Committee.

By Ald. Adams—Resolved, That the Clerk draw orders upon the Treasurer, payable from the contingent fund, in favor of the following named parties, and for the sums and purposes, viz: Sol Wile for ninety-six (\$96) dollars, for services as commissioner and clerk of appraisal; Lyman M. Otis and William Oliver for forty-eight (\$48) dollars, each, for services as commissioners of appraisal; George L. Also, all that other tract or parcel of land situate in the town, county, and state aforesaid, being part of lot No. 7, of a subdivision of town lot No. 49, in the town of Irondequoit, made for the heirs of Joseph Leggett, bounded and described as follows:

Being a strip of land, fifty (50) feet in width twenty-five (25) feet of which lies on each side of and adjoins a center line, which center line is described as commencing at a point in the north line of Joseph Costich Jr.'s property, above described, which is also the south line

of property owned by the heirs of Rudolph Schneeberger, where the center line above described through the property of said Costich intersects the same; thence northeasterly, to a point in the center of Densmore creek, at station No. 59, as the same appears on the map above referred to, filed in said clerk's office; thence northeasterly, to a point in the east line of said Schneeberger's property, forty-four (44) feet northerly from a point where said east line intersects the center of Densmore creek, measured along said east line; being a strip of land fifty (50) feet in width, as the same more particularly appears on the map above referred to, filed in said clerk's office.

These premises are owned by the heirs of Rudolph Schneeberger, deceased, late of said town, and are subject to the life estate of Catherine the wife of said Rudolph Schneeberger; the said heirs all reside in said town of Irondequoit, and, as far as we have been able to ascertain, are over the age of twenty-one years, and are the following persons: John R. Schneeberger, Eliza C. Schneeberger, now Eliza Sutorious, Margaret E. Schneeberger, now Margaret E. Beechner, Mary M. Schneeberger, Susan H. sometimes known as Henrietta Schneeberger, Mary M. Schneeberger, Sarah E. Schneeberger, George F. Schneeberger and Charis H. Schneeberger.

PARCEL No. 6.

Also, all that other tract or parcel of land, situate in the town of Irondequoit, county of Monroe and state of New York, being part of lot No. 7 of a subdivision of part of town lot Joseph Lebgett, bounded and described as follows: 49, in said town, made for the heirs of

lows: Being a strip of land fifty (50) feet in width, twenty-five (25) feet of which lies on each side of and adjoins a center line, which center line is described as commencing at a point in the west line of property of the heirs of Christopher J. Loos, situated on the west side of Gold street, or Forest House road, in said town, where the center line through the property of the heirs of Rudolph Schneeberger, above described, intersects the same; thence northerly through the property of the heirs of said Loos to a point twenty-three (23) feet easterly from a point where said north line intersects the center of Densmore creek, measured along said north line; being a strip of land fifty (50) feet in width, as more particularly appears on the map above referred to, filed in said clerk's office.

These premises are owned by John H. Loos, Mary Ann Loos and Elizabeth Loos, as children and heirs at law of Christopher L. Loos, deceased, late of said town, subject to any interest which it may appear Elizabeth Theresa Loos, the wife of said Christopher L. Loos may have in said property; also, subject to the terms of a lease made between Christopher J. Loos, of the first part, and Michael Shail of the second part, dated March 11, 1892, for the term of two years from March 15, 1892, with the privilege of two years more, all interest in which lease, however, so believe, has been assigned to Sopherine Costich, of said town.

PARCEL NO. 7.

Also, all that other tract or parcel of land situated in the town, county and state aforesaid, being part of lot No. 5 of a subdivision of part of lot No. 49 in said town, made for the heirs of Joseph Leggett, bounded and described as follows:

Being a strip of land fifty (50) feet in width, twenty-five (25) feet of which lies on each side of and adjoins a center line, which center line, is described as commencing at a point in the north line of the premises of the heirs of said Loos, which is also the south line of the premises owned by Joseph Costich, Jr.,

on the west side of Gold street, or Forest House road, where the center line through the property of the heirs of said Loos, above described, intersects the same; thence northeasterly, to a point in the center of Densmore creek, at station No. 75, as designated on a map above referred to, filed in said clerk's office; thence still northeasterly, to a point in the west line of said Gold street, or Forest House road, where the said west line intersects the center of Densmore creek; being a strip of land fifty (50) feet in width, as more particularly appears on the map above referred to, filed in said clerk's office.

These premises are owned by Joseph Costich Jr., and are subject to a mortgage running to Sopherine Costich for \$1100.00, dated April 4, 1892, and recorded on the same day in liber 355 of mortgages at page 220.

Therefore, we the subscribers, the commissioners, having been duly sworn, as required by the statute in such case made and provided, and having all met and acted upon the matters submitted to us at the city attorney's office, in the city hall building, Rochester, N. Y., pursuant to a notice of at least ten days published according to law, and, having inquired into and heard the proofs and allegations of the parties in interest, do, thereupon, determine and appraise the compensation which the owners and tenants or occupants of the property and rights to be taken for the construction, operation and maintenance as aforesaid, of said overflow, will severally sustain by being deprived thereof, as follows; which awards are hereby made, subject to any deduction for taxes and assessments which have become a lien upon the lands described, and which awards are to be paid, as hereinafter provided:

To Bernard Schum for Parcel No. 1, the sum of thirteen hundred and thirty-six dollars, payable to him, for all damages of all kinds and nature for the right of way and easement, and the right and privilege of constructing, maintaining and operating said overflow, as above described.

To Mary Schum for Parcel No. 2, the sum of twelve hundred and sixty-eight dollars, payable to her, for all damages of every kind and nature, for the right of way and easement and the right and privilege of constructing, maintaining and operating said overflow, as above described.

To Catherine V. Ayers, for Parcel No. 3, the sum of fourteen hundred and ninety-seven dollars, payable to her, for all damages, of every kind and nature, for the right of way and easement, and the right and privilege of constructing, maintaining and operating said overflow, as above described.

To Joseph Costich, Jr., for Parcel No. 4, the sum of two hundred and eighty-two dollars and fifty cents, payable to him, for all damage of every kind and nature, for the right of way and easement, and the right and privilege of constructing, maintaining and operating said overflow, as above described payable to the mortgagee aforesaid.

To the heirs of Rudolph Schneeberger as above described, for Parcel No. 5, the sum of five hundred and fifty-five dollars, payable to them, for all damages of every kind and nature, for the right of way and easement, and the right and privilege of constructing, maintaining and operating said overflow, as above described.

To John H. Loos, Mary Ann Loos and Elizabeth Loos, as the children and heirs at law of Christopher L. Loos, deceased, for Parcel No. 6, the sum of three hundred and eleven dollars, payable to them, for all damages of every kind and nature for the right of way and easement, and the right and privilege of constructing and maintaining and operating said overflow, as above described, subject to

any interest which Elizabeth Theresa Loos, may have in said premises, as the wife of said Christopher L. Loos.

To Joseph Costich, Jr., for Parcel No. 7, the sum of five hundred sixty dollars, payable to him, for all damages of every kind and nature, for the right of way and easement, and the right and privilege of constructing, maintaining and operating said overflow, as above described.

To Joseph Heberle, for any interest which he may have in the lease above referred to in Parcel No. 4, the sum of one dollar, payable to himself, for all damages of every kind and nature for the right of way and easement, and the right and privilege of constructing, maintaining and operating said overflow, as above described.

To Saperine Costich, a tenant and occupant of Parcel No. 6, the sum of fifty dollars, payable to him, for all damages of every kind and nature for the right of way and easement, and the right and privilege of constructing, maintaining and operating said overflow, as above described.

Respectfully submitted,

E. C. CAMPBELL,

MONROE COUNTY COURT—In the matter of the extension of Ethel street from its present eastern end to Flora street in the city of Rochester.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—The undersigned who were appointed by an order of the Monroe county Court, duly granted on the 14th day of November, 1892, and entered in Monroe County clerk's office on the 17th day of November, 1892, commissioners to appraise the damages which the owner or owners, or persons interested, and if there be any occupants or tenants who have a lease-hold interest in the premises, or rights or easements therein to be taken for the public improvement or purpose above referred to should severally receive therefrom, respectfully report and certify the several

pieces or parcels of land and the premises, rights or easements therein, to be taken for said improvement, and the names and residence of the owner or owners thereof respectfully and the right of such owners as far as can be ascertained, and the amount of the damages or compensation which should be paid to each of said owners, or occupants are as follows:

The piece or parcel of land required for such extension, is described as follows:

All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, bounded and described as follows:

Beginning at the northeast corner of premises conveyed to Andrew A. Shearer by Clarence H. Upton, by deed dated December 28th, 1889, and recorded in Monroe County clerk's office December 31st, 1889, in liber 466 of deeds at page 202; thence westerly along the north line of same premises, and said north line extended a distance of 61 feet; thence northeasterly along the dividing line between Worcester and Doran tracts, to a point in the south line of the premises conveyed to John W. Fitzgerald, by Calista A. Foster, by deed dated July 3rd, 1889, and recorded in Monroe County clerk's office on the same day in liber 459 of deeds at page 50, a distance of about 63.86 feet; thence easterly along said Fitzgerald's south line, a distance of fifteen (15) feet to the west line of Flora street; thence southerly along the west line of Flora street, a distance of forty and forty-seven hundredths (40.47) feet to the place of beginning. These premises are owned by Walter F. Avenel, and James E. Kelly, as tenants in common, both of whom reside in the city of Rochester, and are subject to the right of way and easement hereinafter described.

There will also be taken for the extension of said street a right of way or easement to pass and re-pass across the same to their respective property above referred to in favor of said John W. Fitzgerald and said Andrew A. Shearer both of whom reside in said city.

Therefore, We the subscribers and commissioners having been duly sworn as required by the statute made and provided, and having all met and acted upon the matter submitted to us at the City Attorney's Office in the city hall building, Rochester, N. Y., pursuant to a notice of at least ten (10) days published according to law, and having taken a view of every part of the respective premises affected by this proceeding, and having inquired into and heard the allegations and proofs of the respective parties in interest, do thereupon determine and appraise the compensation which the owners, there being no tenant or occupant, other than said owners, of the premises above described thus to be taken for the extension of said street, will sustain by being deprived thereof, and fix the compensation which said owners shall receive therefor at the sum of one dollar (\$1.00) to be paid after deducting all taxes and assessments which have become a lien upon the land above described to be paid as hereinafter provided.

To Walter F. Avenel and James E. Kelly as tenants in common, the sum of one dollar (\$1.00) payable to them.

To John W. Fitzgerald the sum of one dollar (\$1.00) for his right of way and easement above described across said lands, payable to him.

To Andrew A. Shearer, for his right of way or easement across said lands above described the sum of one dollar (\$1.00) payable to him.

All of which is respectfully submitted,

JAMES M. PIRKIN,
WILLIAM KENNEDY,
JOHN E. DURAND,

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

OFFICE OF THE
EAST SIDE TRUNK SEWER COMMISSION,
ROCHESTER, N. Y., Jan. 31, 1893.

To the Common Council:

Gentlemen:—The East Side Trunk Sewer Commission respectfully report that they have endeavored to negotiate for a right of way through a triangular piece of land located on Culver road near the Erie canal and owned by Francis M. Murphy, through which it is necessary to construct the East Side Trunk Sewer, but failing to obtain, what the commission deems, a reasonable proposition, it is requested that your honorable body instruct the City Attorney to apply to the courts for the appointment of a commission to appraise the damages.

Respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received filed and published and on motion of Ald. Dewey, referred to City Attorney.

By the Clerk—

ROCHESTER, N. Y., Jan. 31, 1893.

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—I herewith beg to submit, for the consideration of your honorable body, a copy of the resolutions passed at a meeting of the owners of the water rights of the Johnson & Seymour Race, held January 25, 1893, for such action as you may deem right and expedient in the premises.

I would respectfully call attention to the fact, that nothing is said in these resolutions, respecting the strict legal rights of the water right owners which I respectfully submit would make it impossible to proceed with such a pier as is in these resolutions described, without further legal steps, the said water right owners preferring to confine themselves to an appeal to the sense of justice of your honorable body.

Very respectfully,

W. W. MUMFORD,

For the Committee.

At a meeting of the owners of water rights in the Johnson & Seymour race January 25, 1893, at which were present a majority of such owners the following resolutions were unanimously adopted.

Whereas, The Executive Board of the City of Rochester have finally awarded a contract for the building of a stone bridge across the Genesee river on Court street in said city; and

Whereas, The plans and specifications on which said contract is based contemplate the building of a stone pier in the middle of the Johnson & Seymour raceway; therefore be it

Resolved, That the construction of such a pier would be a great and irreparable injury to the rights of the owners of the water rights in said race by obstructing the flow of water, by creating a perpetual source of danger in time of ice and freshet by the probable depriving of said owners of all water power whatsoever during the building and subsequent repairing of said pier and in many other ways,

and further that in as much as it appears that the sole purpose of erecting such a pier is because it is alleged to be slightly cheaper than to span said raceway with an arch; be it

Resolved, That it is unjust and arbitrary to inflict permanent injury on the water right owners who reap no corresponding benefit in order to lower the contract price to those for whose benefit the said bridge is to be built; and be it further

Resolved, That the said water right owners as represented in this meeting do hereby place the conduct of this matter in the hands of Messrs. Edward Harris and William W. Mumford as their attorneys with instructions to protect by every legal means in the power, including proceedings at law the rights of these water right owners in accordance with the spirit of these resolutions.

A true copy.

WILLIAM W. MUMFORD, Secretary.

January 25, 1893.

Ordered received, filed and published and upon motion of Ald. Forsyth, referred to Law Committee and Executive Board.

By Ald. Lewis—

OFFICE OF EXECUTIVE BOARD,

ROCHESTER, N. Y., Jan. 31, 1893.

To the Finance Committee of the Common Council of the City of Rochester:

Gentlemen:—The unexpended balance in the highway fund is less than \$800, a sum obviously insufficient to meet the demands of another week's pay roll; and, it is, therefore, necessary that your honorable committee make suitable provision to carry along the work of this department until such time as monies are otherwise provided.

As the season for street cleaning is fast approaching, when the expenditures are very large, it is desirable that at least the sum of \$15,000 should be provided immediately and credited to the highway fund.

Respectfully,

EXECUTIVE BOARD,

THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Lewis—Resolved, That the City Treasurer be and he hereby is authorized and directed to issue the city's note for fifteen thousand dollars (\$15,000), under authority of section 81, of the City Charter and credit the proceeds of the same to the Highway Fund, said notes to be discounted under direction of the Finance Committee and countersigned by the chairman of said committee, the discount to be charged to the Contingent Fund.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Callhan, Zimmer, Adams, Lempert, Fox, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer.—18.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

SOUTH CLINTON AND WOOD STREETS, SWEEPING AND CLEANING.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of sweeping and cleaning South Clinton and Ward streets.

Adopted.

The Surveyor submitted as such estimate, \$850.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The sweeping, cleaning and disposition of the dirt collected in South Clinton street, from East Main street to Griffith street and also on Wood street, from South Clinton street to South street during the season of 1893.

And Whereas, The City Surveyor, under the directions of this Council, has made an esti-

mate of the whole expense thereof, and reports the same at \$850, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for expense thereof, viz:

One tier of lots and parcels of land on each side of South Clinton street, from East Main street to Griffith street also one tier of lots and parcels of land on each side of Wood street, from South Clinton street to South street, in proportion to the benefit which each will derive therefrom.

Adopted.

By Ald. Pauckner—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or ordinance, or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7 o'clock P. M., at the Common Council Chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Times notice thereof as is required and in the manner specified by Section 172 of the City Charter.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,

ROCHESTER, N. Y., Jan. 31, 1893.

Gentlemen:—Agreeably to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Times, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or amendment thereto, passed or adopted by your honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Thursday evening, Jan. 31, 1893, at 7 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvement.

Respectfully,
HENRY W. GREGG, City Clerk.

FINAL ORDINANCE, NO. 4,903.

IRON BRIDGE OVER THE WESTERN NEW YORK & PENNSYLVANIA R. R. AT BRONSON AVENUE.

On motion of Ald. Pauckner, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct an iron bridge over the property of the W. N. Y. and P. R. R., at Bronson avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary, and should be made, to wit:

The building of a wrought iron or steel bridge over the Western New York and Pennsylvania R. R. property at Bronson avenue, in place of the existing cast iron arch bridge, said bridge to have only two iron plate girders, placed on line of the curbs and sidewalks sup-

ported upon brackets extending to the lines of the street. Floor to be of plank or wooden stringers, stone work to be extended and the approaches to be graded to full width of avenue.

And the City Surveyor, under direction of this Council, having made and reported as an estimate, of the expense thereof, the sum of \$6,700, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

All of the land included between the easterly line of the Western New York and Pennsylvania railroad and the westerly line of the Western New York & Pennsylvania R. R., and West avenue and the south line of the city.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Cahlan, Zimmer, Adams, Lempert, Fox, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer.—18.

MISCELLANEOUS BUSINESS.

By Ald. McMillan—Application of Morris Bursin for permission to erect a wooden building in Glasgow street. Referred to Wood Building Committee and Fire Marshal with power to act.

By Ald. McMillan—

OFFICE OF THE CHAMBER OF COMMERCE,
ROCHESTER, N. Y., Jan. 30, 1893.

Thomas McMillan, Esq., President Common Council:

My dear sir:—I am directed by the Committee on Legislation, of this body, to respectfully request that the Common Council name a Committee of its members to confer with said Chamber of Commerce Committee on Legislation, upon the subject of the proposed charter for this city prepared by Messrs. Bower and Slocum under instructions from the Rochester Chamber of Commerce.

Yours very truly,

GEORGE A. MOSS, Secretary.

Ordered received, filed and published.

By Ald. Lewis—Whereas, It is requested by the Legislative Committee of the Chamber of Commerce of this city that a conference be had between such Committee, and a Committee of this Council to be appointed, to consider the charter heretofore prepared under the direction of the Chamber of Commerce, and already introduced into the senate at Albany, and

Whereas, The communication, asking for such conference is the first official intimation that this Council has had of the preparation of such a charter, and

Whereas, The representatives of this city in the Legislature have declined to introduce said charter until after proper consideration thereof by the people of the city, and the said charter has been introduced in the Legislature by representatives from a distant part of the state, therefore

Resolved, That in the judgment of this Council, the present is not the proper time for the appointment of a conference committee, nor are the circumstances such as would warrant this Council in entering into a conference with the Chamber of Commerce upon that subject.

Adopted.

By Ald. C. S. Cook—Resolved, That in the death of Captain Charles McCormick, the City of Rochester has lost a valuable citizen, and a faithful servant. His many years of service in connection with the Police Department of this city have proven to the people his tireless energy, his unwavering fidelity to public interests, his honesty and large executive ability. This Council desires to testify its appreciation of such services in a suitable manner, and for that reason it is deemed but just and fair to his memory that this testimonial be spread upon the record of the Common Council, and a copy thereof presented to his bereaved family, and be it further resolved that this Council attend the funeral of Captain Charles McCormick in a body.

On motion of Ald. C. S. Cook the resolution was adopted by a rising vote.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your special Committee, to whom was referred the matter of grade crossings, respectfully reports:

Your committee met with Mr. Hinchey and Assistant Superintendent Gould, of the New York Central & Hudson River Railroad, and after a full discussion relative to the danger at the different grade crossings, these resolutions were arrived at:

That the Central Railroad will place two (2) men at each of the crossings of University avenue. Brown street and Maple street, to serve as day mens, one man to be placed on each side of the railroad tracks to act as watchman and guide to the people in crossing; also one man to act in the same capacity at each of said crossings every night, and all night.

The railroad company further agrees to furnish a good competent man for each of the other grade crossings within the city limits.

All of which is respectfully submitted.

M. B. ADAMS,
MERTON E. LEWIS,
WM. WARD,
J. M. AIKENHEAD,
Special Committee.

Ordered received filed and published.

By Aid. Johnston—

ROCHESTER, N. Y., Jan. 3, 1893.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—I desire to call your attention to a claim presented to your honorable body in February, 1892, by Mr. H. M. Goodhue, as manager of the Rochester Lasting Machine Manufacturing Company, for damages caused by stopping up the sewer in the Loring Building, at the corner of Platt and State streets.

Very respectfully yours,

GEO. W. WILLIAMS.

Attorney for Lasting Co.

Ordered received, filed and published and upon motion of Aid. Johnston, referred to Law Committee.

By Aid. Johnston—

AN ACT to amend Chapter 193, of the laws of 1888, entitled "An act to authorize the selection, location and acquiring of certain grounds for public parks and parkways in and near the city of Rochester, and to provide for the maintenance and embellishment thereof."

The people of the state of New York, represented in senate and assembly do enact as follows:

Section 1. Section six of chapter 193, of the laws of 1888, entitled "an act to authorize the selection, location and acquiring of certain grounds for public parks, and parkways in and near the city of Rochester, and to provide for the maintenance and embellishment thereof" is hereby amended so as to read as follows:

Sec. 6. On the opening of such court on the day designated in the notice mentioned in the next preceding section, or as soon there after as he can be heard, the city attorney of said city or a person designated by him for that purpose on behalf thereof shall, upon a copy of said resolutions certified by the city clerk and upon proof of due publication of said notices apply to said court to appoint such commissioners. Said court shall hear such application and shall appoint three (3) commissioners for the purposes as aforesaid. If any commissioners, so appointed shall die, be disqualified or decline to serve, the said court may, upon application of said city attorney or person designated by him for that purpose upon like notice appoint another in his place. Each of said commissioners, from the park fund herein provided shall be paid

five dollars (\$5) for each day employed as such commissioners. Section 2. Section twenty-four of said act is hereby amended, so as to read as follows.

Sec. 24. No plan for laying out and improvement of the said park, parkways, approaches thereto and streets connecting the same shall be adopted or undertaken by the said Park Commissioners, of which the entire expense of maintenance shall be a greater sum than forty thousand dollars (\$40,000) per annum, in addition to the interest on such sum of three hundred thousand dollars (\$300,000) hereinbefore provided to be issued in bonds of the city of Rochester, and the one per cent, hereinbefore provided to be annually levied and the income derived from the rents or privileges granted by said Park Commissioners.

Ordered received, filed and published and referred to Charter Amendment Committee.

By Aid. Pauckner—Whereas, There has long existed on Mount Hope avenue, opposite Mount Hope cemetery, what is known as the Brighton cemetery, the grounds of which are in a delapidated condition, the fences have fallen down, the head stones broken and crumbled, and the residents of this portion of the city have for a long time endeavored in vain to remove this unsightly cemetery.

And Whereas, What was known as the Friends cemetery, lying directly east of the Brighton cemetery, has recently been removed, now therefore,

Resolved, That the proposed act accompanying this resolution be referred to the law committee, and the commissioners of Mount Hope, and if approved by them to be by them presented to the honorable senator from the county of Monroe and the member of assembly from the first district in which said cemetery lands are located, for introduction and passage by the legislature, and further,

Resolved, That if said law committee and said commissioners of Mount Hope agree thereto, that a certified copy of said proposed act and of these resolutions be sent to the said senator and member of assembly, and that said senator and the several members of assembly from the county of Monroe, be and they hereby are, requested to use all honorable means to procure the passage of said proposed act, to the end that said cemetery be removed.

Adopted.

By Aid. Pauckner—

An Act to authorize the removal of the remains of all persons interred in the Brighton cemetery, so-called, in the city of Rochester, to Mount Hope cemetery or other cemeteries in said city, and the taking of lands included within the bounds of said Brighton cemetery by the city of Rochester for public school or other purposes, and to defray the expenses thereof.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The city of Rochester is hereby authorized and empowered to take possession of the grounds known and distinguished as the Brighton cemetery so-called in said city, and appropriate the same to the purposes of a public school lot or other purposes, upon complying with the terms and provisions hereinafter set forth.

Sec. 2. Whenever the common council of said city shall by resolution declare it expedient and for the public good, to take the above mentioned lands, for the purposes herein set forth, the mayor of said city shall give notice by ten days' publication in the official papers of said city, of the time when and place where he will, upon such resolution of the common council and his petition, make application to the county court of Monroe county, for the appointment of three commissioners to ap-

praise the damages for taking said lands; also to determine what damages, if any will accrue to owners of lots arising from the cost of the removal of the remains of persons interred therein, and to any person or persons holding any interest direct or contingent in the fee of said cemetery lands; also to superintend such removal.

Sec. 3. Upon the presentation of such petition and resolution, with due proof of publication of notice as hereinbefore provided, the court before which such application shall be made shall hear and determine as to the expediency and propriety of granting such application. If he shall deem the taking of said lands by said city to be for the public good, he shall appoint three reputable freeholders, residents of said county, and not interested in the lands to be taken, who shall inquire into and determine what damage, if any, the several owners of lots in said cemetery lands, also to inquire into and determine what damage, if any, any person or persons owning any interest in the fee, reversion or remainder of any estate in said cemetery lands direct or contingent, will be entitled by reason of the taking of the said lands, and also the damages for or probable cost of removing the remains of persons exhumed, and the monuments, slabs, stones or other marks designating their place of burial; but the damages for taking lands in every case shall be considered and reported apart from that of removal of remains and monuments. Said commissioners shall also award to persons entitled to the same such damages for taking and removal, separately.

Sec. 4. Before proceeding to execute the duties of their office, the said commissioners shall take and subscribe an oath that they will honestly and faithfully discharge the duties of their office according to the best of their ability, which oath shall be filed in the office of the Monroe county clerk. Upon filing such oath of office the said commissioners shall proceed in all respects as required by law in case of commissioners for widening or opening streets in the city of Rochester.

Sec. 5. If, upon the presentation of the report of said commissioners, the county court shall confirm the same, then the said commissioners shall proceed to direct or cause the removal of the remains of all persons buried in said cemetery, and all monuments, slabs, stones, or other marks of burial places, and as the same are removed shall pay to the several owners of lots therein the amount of damages theretofore awarded to such persons, and also to the owner or owners of any interest in the fee of said cemetery lands such sum or sums as shall have been awarded them for damages.

Sec. 6. In case the owners of any lots in said cemetery shall neglect or refuse to remove the remains of persons buried thereon, or in case such owners shall authorize the commissioners to superintend or direct such removal, then said commissioners shall not pay over to such owners the amount by them awarded as damages for, or probable cost of, removal, but shall retain the same to defray their expenses in removing such remains. Said commissioners shall not, however, proceed to remove any such remains, or monuments, until they shall have given five days' notice by publication in all the official papers of said city, of their intention so to proceed.

Sec. 7. In case the owners of any lots in said cemetery cannot, after due diligence, be ascertained or found, the said commissioners shall proceed to remove all remains as in the last section provided, and any balance, after deducting the actual cost of removal from the amount of damages awarded for taking such lot and removing said remains, shall be paid to the city treasurer of said city, who shall deposit the same to the credit of such

fund, as is or may be created for the purpose of caring for and preserving the grounds on which such remains may be re-interred. Such fund shall be deposited in some reliable savings bank in said city, and only the interest thereon accruing, or so much thereof as may be deemed necessary and expedient, shall be annually expended in protecting and caring for said grounds. The provisions of this section are hereby made applicable to section six so far as the same relates to any damages awarded by said commissioners as probable cost of removal.

Sec. 8. All remains removed by said commissioners, as hereinbefore provided, shall be reinterred on such grounds or lots or parts of lots in Mount Hope Cemetery as the commissioners thereof may direct, and shall be separately reinterred, and all monuments, slabs, stones or other marks of their burial place shall be well reset in their proper place so as to preserve the identity of each, and in case there is no present mark distinguishing the person buried, said commissioners shall, at the place of reinterment, put a wooden slab on which shall be marked the number of the lot in the Brighton cemetery from which the body or bodies were exhumed.

Sec. 9. Upon the completion of the work of such removal, said commissioners shall report the same to the Common Council of said city, with a statement of the actual cost thereof, setting forth the amount of damages paid to each person or persons to whom damages were for any reason awarded, and the amount of the balances paid over to the city treasurer, which report shall be filed with the city clerk, whereupon said commissioners shall be discharged and the commissioners of Mount Hope Cemetery shall have the future care and supervision of the grounds where such reinterments have been made.

Sec. 10. For the purpose of paying such damages as may be awarded and such expenses as may be incurred under the provisions of this act; the said Common Council is hereby authorized to defray such damage and expenses by orders drawn on the Contingent fund of said city, not exceeding however the sum of \$1,500. Such orders shall be drawn by the City Clerk, upon the certificate of said commissioners from time to time as they shall certify to be actually necessary in order to defray the expenses thereof.

Sec. 11. In case the said city of Rochester does not require said lands for school or other municipal purposes, the said Common Council may at any time by resolution authorize the sale of the same and the proceeds arising from such sale shall be deposited with the Treasurer of said city of Rochester to the credit of the Contingent fund.

Sec. 12. This act shall take effect immediately.

Referred to Law Committee.

REPORTS OF STANDING COMMITTEES.

By Ald. Forsyth—
To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Law Committee begs leave to submit the following as its report:

In the matter of the claim of Frank X. H. Erbland for damages caused by sewage pollution of Densmore creek, running through his premises, we find that two judgments have been recovered against the city, in the last of which said Erbland recovered damages at the rate of \$200 per annum. An offer has been made by him to settle said claim at the rate of \$150 per year, and we recommend that the same be settled at that rate per annum, from the 14th day of May, 1889.

In the matter of the claim of H. M. Goodhue for damages caused by the stopping up of the sewer in the Loring building, at the corner of State and Platt street, we are advised by the City Attorney that there is no liability incurred by the city by reason of the same, and, therefore, recommend that said claim be denied.

In the matter of the claim of Sebastian Zwerger for damages caused by sewage pollution of Densmore creek, running through his premises, we recommend that the same be denied.

In the matter of the communication of L. L. Ruck, the engineer on Driving Park avenue bridge, we find that the actual expense, as certified by said engineer, over the estimate is \$109.35, and that in regard to the claim for the hand railing referred to by said engineer, we find that the understanding of the contractors with the city officials was that the hand rails should be included in the iron of said bridge, and be charged for under that item of work. This was omitted by the engineer in his estimate. We find that the total amount for said hand railing is the sum of \$1,499.46, which with the total amount over the estimate, \$109.35, makes a total of \$1,608.81, to which the contractor is equitably entitled over the estimate in the ordinance, and we, therefore, recommend that the same be paid to him out of the Contingent Fund.

In the matter of the applications for appointment as Commissioners of Deeds, we recommend that the petitions of the following named persons be granted:

Clarence J. Browning, John Crowell, Timothy Derrick, J. Y. Ellas, Edward J. Ernst, A. W. Henckell, Joseph Hesslinger, Florian A. Hettig, Thomas L. Holman, Charles L. Hunt, Edward Kern, J. P. Mc Sweeney, C. A. McLaughlin, Norman A. McPherson, Frank B. Messmer, George Messmer, Hugh Nevin, P. S. Paddock, Joseph L. Price, David N. Salisbury, Wm. J. Stewart, Wm. W. Thomas, J. W. Tucker, Eugene F. Underhill, Elizabeth J. Watson, Edward P. Webster, Henry B. Williams, Edward Wilson

James W. Allis, B. G. Bennett, George P. Bortle, George W. Cox, M. E. Graham, Henry Heller, William A. Hubbard, Jr., E. R. Huddleston, Horace Jones, William L. Keiffer, Marvin L. Knapp, Dwight Knapp, George J. Knapp, Sadie H. Mawhinney, Mortimer McMannis, Jacob H. Samenfink, Eugene W. Scheffer, John A. Weider, Arthur W. Wilson, Ambrose J. Moran.

All of which is respectfully submitted,

D. W. FORSYTH,
MERTON E. LEWIS,
HENRY G. COOK,
CHAS. S. COOK,

Law Committee.

Ordered received, filed and published.

By Ald. Forsyth—

Resolved, That upon the certificate of the City Attorney that a stipulation of discontinuance of the action Frank X. H. Erbland against the city has been made and filed, and that a release of any and all claims by, or on the part of, said plaintiff against the city, by reason of the discharge of sewage from any of the sewers of said city in Densmore creek, at any time before the order hereinafter mentioned, and the rights, privileges and ease-

ments in and to said creek flowing over said lands, having been executed and delivered to him, that the clerk be, and he hereby is, directed to draw an order on the treasurer, payable from the Contingent Fund, in favor of said Frank X. H. Erbland, or his attorneys, Hubbell & McGuire, the amount for the costs and disbursements in said action as certified to by said city attorney, and the further sum of one hundred and fifty dollars per annum, from the 14th day of May, 1889, and, be it further,

Resolved, That the mayor be, and he hereby is, authorized to execute an agreement with said Frank X. H. Erbland, in writing, to be approved by said City Attorney, to pay said Erbland further sums of money, at the rate above set forth, from the date when the order is drawn, as aforesaid, until the sewage from the sewers within the city shall be diverted from said creek, and that payment shall be made annually.

Adopted by the following vote:

Ayes—Tracy, McMillan, C. S. Cook, Zimmer, Adams, Fox, Johnston, Dewey, H. G. Cook, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer.—15.

By Ald. Forsyth—

Resolved, That the claim of H. M. Goodhue for damages caused by the stopping up of the sewer in the Loring building, at the corner of State and Platt streets, be, and the same hereby is, in all things denied.

Adopted.

By Ald. Forsyth—

Resolved, That the claim of Sebastian Zwerger for damages caused by the pollution of Densmore creek running through his premises be, and the same hereby is, denied.

Adopted.

By Ald. Forsyth—

Resolved, That the City Clerk be, and he hereby is, directed to draw an order on the City Treasurer, payable from the Contingent Fund, in favor of the Rochester Bridge and Iron Works, for the sum of sixteen hundred eight dollars and eighty-one cents (\$1,608.81) the same being in full of the claim for hand railing and the excess of the actual expense over the estimate for Driving Park avenue bridge, and that the treasurer be, and he hereby is, directed to charge the same to the Contingent Fund.

Adopted by the following vote:

Ayes—Tracy, McMillan, C. S. Cook, Zimmer, Adams, Fox, Johnston, Ward, Dewey, H. G. Cook, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer.—16.

By Ald. H. G. Cook—

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—Your Assessment Committee begs leave to submit the following report:

The petition of Robert B. Wickes, and Charles G. Graves, to have cancelled an assessment of \$14.85, against lot No. 2, west side of North street, for water from May 1, 1890, to February, 1891, was duly considered by your committee and we recommend that the petition be denied.

The petition of Mary L. Rowell, to have cancelled an alleged erroneous assessment amounting to \$29.85, for the year 1884, assessed against lot 34, formerly 33, on the west side of Meigs street, was duly considered by your committee and we recommend that the interest on said assessment amounting to \$14.48, be paid to your petitioner.

Dated, February 7, 1893.

All of which is respectfully submitted.

HENRY G. COOK,
JOSEPH BIERBRAUER,
JAMES JOHNSTON,
C. W. ZIMMER,

Assessment Committee.

Ordered received, filed and published.

By Ald. Johnston—
To the Honorable, the Common Council of the City of Rochester :

Gentlemen:—Your Charter Amendment Committee begs leave to report as follows:
In the matter of the application of the Board of Park Commissioners to have the fees allowed to the commissioners in condemnation proceedings reduced from \$10 to \$5, we are disposed to grant the request of the commissioners in that respect and do so recommend.

In the matter of the application of the Park Commissioners to have the limit of appropriation for the maintenance and improvement of the parks increased from \$20,000 to \$40,000, the committee recommend that, that portion of the application be denied.

In the matter of the occupation of East avenue by hucksters, etc., we are advised that the street is used by certain persons in violation of section ten (10) of the ordinance relating to hucksters, hawkers, peddlers and vendors, which is to be found on page 802, of the proceedings of the Common Council of 1890 and 1891, and we therefore recommend, that the Executive Board be directed to enforce the said ordinance so far as East avenue is concerned.

Respectfully submitted,

JAMES JOHNSTON,
M. B. ADAMS,
D. W. FORSYTH,
WM. WARD.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk.—

ROCHESTER, N. Y., Jan. 24, 1893.

To the Honorable the Common Council of the City of Rochester :

Gentlemen:—I deem it to be my duty to call your attention to the improvement of Plymouth avenue, recently completed, from Spring street to the bridge over the Western New York & Pennsylvania railroad.

The Final Ordinance No. 4,562, under which the work was done, was passed on December 15, 1891 and provided for the improvement of Plymouth park as well as Plymouth avenue, and the assessment was directed to be made upon one tier of lots upon each side of Plymouth avenue, from Spring street to the Western New York & Pennsylvania Railroad, leaving out the lots fronting upon the east and west sides of Plymouth square.

We find the record to be that Plymouth avenue extends in a direct line through the oval shaped park known as Plymouth park, and that it is only few rods wide, and that the lots pointing upon the east and west sides of Plymouth square do not front upon Plymouth avenue, and consequently cannot be assessed under the existing ordinance.

This is evidently not what was intended by the ordinance, and would be unjust to the other abutters upon Plymouth avenue or the city at large.

It would seem proper to have the matter considered by a Committee of your Honorable Body.

J. Y. MCCLINTOCK,
City Surveyor.

Ordered received, filed and published.

By the Clerk—

To the Honorable, the Common Council of the City of Rochester :

Gentlemen:—The resolution directing the clerk to draw an order upon the City Treasurer in favor of Weider & Voltz, for the sum of one hundred and seventy dollars and ten cents, (\$170.10) having been referred to me to give my written opinion as to the liability of the city for the payment of this claim, I beg leave to state: That this claim was under consideration by the City Surveyor, the Executive Board and myself before the resolution was offered in this Common Council.

The matter has grown out of an injunction having been served upon the city to restrain it from using a private sewer, necessitating the contractors, Weider & Voltz, to stop work for some time, to enable me to ascertain the facts and circumstances connected with the case.

I learned that the city had no authority to use the private sewer in question for the sewer under contract by Weider & Voltz, and the expense certified by the City Surveyor was incurred by these contractors during the period of the existence of the injunction.

The city would be liable, as a matter of law, for any such expenses incurred by the contractors, as the same would be a proper measure of damages.

I am, therefore, of the opinion that the account as corrected by the Common Council, is a proper charge, and should be paid.

ACTION UPON ORDINANCES.

FIRST ORDINANCES.

FLOUR CITY PARK GRADING AND WALKS.

By Alderman Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of grading and constructing walks on Flour City park.

The Surveyor submitted as such estimate, \$6,600.

By Alderman Pauckner—Resolved, That the following improvement is necessary, viz:

The grading of Flour City park, from Lake avenue to the Boulevard, and the removal of the trees from the middle of the street, resetting such as are suitable within the curb lines; also the construction of Portland cement walks, five feet wide, on each side of said park, from Lake avenue to the Boulevard; also the necessary crosswalks. The roadway to be graded 39 feet wide, and the sidewalks 30 feet wide.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$6,600, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Flour City park, from Lake avenue to the Boulevard, in proportion to the benefit which each will derive therefrom.

Adopted.

EAST AVENUE CARE, REPAIR AND SPRINKLING.

By Ald. Pauckner,—Resolved, That the City Surveyor ascertain and report to this Council the expense of cleaning, repair and sprinkling of East avenue for the season of 1893.

The Surveyor submitted as such estimate, \$2,369.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The repair, cleaning and sprinkling of East avenue, from Goodman street to the eastern city line, during the season of 1893, from April 1st to November 1st. The repair to consist in spreading 400 yards of hand broken macadam stone upon the roadway, covering with 125 yards of gravel, the whole to be thoroughly rolled with the steam roller; also the cleaning and removal of all dirt and refuse from the surface of the street at least five times during the season, and the sprinkling of the street from April to November.

And Whereas, the City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$2,369, which estimate is hereby approved.

Resolved further, That the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of East avenue, from Goodman street to the eastern city line, in proportion to the benefit which each will derive therefrom.

Adopted.

By Ald. Pauckner—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or ordinance, or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7 o'clock P. Certified and sworn to as required by law.

Respectfully yours,

HENRY W. GREGG, City Clerk.

Ordered received, filed and published.

By Ald. Pauckner—

Resolved, That the next meeting of the Common Council, Tuesday evening, February 21, 1893, be and the same hereby is assigned as the time when any complaints or appeals from the assessment for Clifford street widening, Ordinance No. 4,795, will be heard.

Adopted.

allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Times notice thereof as is required and in the manner specified by Section 172 of the City Charter.

FINAL ORDINANCES.

CITY CLERK'S OFFICE, }
ROCHESTER, N. Y., Feb. 7, 1893. }

To the Honorable the Common Council of the City of Rochester.

Gentlemen:—Agreeably to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Times, two daily newspapers printed and published in the City of Rochester, N. Y. notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your Honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Thursday evening, Feb. 7, 1893, at 7 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvement. Respectfully.

HENRY W. GREGG, City Clerk.

Final ordinance for West street extension came up. Ald Lewis moved that it be laid upon the table. Carried.

SEWER IN HUDSON AVENUE.

FINAL ORDINANCE, No. 4,904.

On motion of Ald. Ward, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a sewer in Hudson avenue, from near Clifford street to Norton street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary, and should be made, to wit:

The construction of a sewer in Hudson avenue from a point 40 feet north of the northwest corner of Clifford street and Hudson avenue, to the sewer in Norton street, and to be of the following dimensions: From a point 40 feet north of the northwest corner of Clifford street and Hudson avenue, to the center of Bernard street to be 12 inches in diameter; from the center of Bernard street to the center of St. Jacob street to be 18 inches in diameter; from the center of St. Jacob street to the center of Wilson avenue to be 24 inches in diameter; from the center of Wilson avenue to the sewer in Norton street to be of stone 2x2 1-2 feet with cover and invert. Also the construction of the necessary lot laterals, manholes, surface sewers, branches, roadway grading and gutter formations.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$19,700, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper

to be so assessed for, and will be benefited by such improvement, to wit:

Ald. McMillan in the chair.

By Ald. Adams.

ROCHESTER, N. Y., Dec. 30, 1892.

Alderman Adams:

Dear Sir:—In relation to Merriman street between Culver park and University avenue.

When the improvement was begun there was no sidewalk in front of lot of J. B. Bloss, and a plank walk in front of lots of I. M. Rowley, and plank walk in front of school house lot on west side of street.

The walk on west side of street was in general .49-.39-.59-.65-.02-.37 above the center of street as it then existed, while the walk on the east side of street was .49-.60-.77-.85-.120— below the center of the street as then existed.

It was deemed good policy to level up the street, as it was better to have it level across where possible, but in order to conform to existing conditions, without having the street tipped up too much sidewise, the curb on the east side at Culver park, was laid .24 below the curb on the west side opposite.

While the profile made by Horace Jones proposes to lower the curb at that point .45 below where it now is which would make it .18 below the sidewalk as it existed at that point before the improvement, and 1.16 below the sidewalk on the west side opposite as it existed before the improvement.

The new sidewalk on the east side is above the present curb, as follows: .29-.41-.42-.41-.38-.43-.47-.42-.49. The width between curb and sidewalk being 12 feet and the ordinary practice being to give sidewalks a slope of 3-8 inch per foot, the walk should be 3-8x12 equal 36-8 equal 41-2 inches equal .38.

The profile of Jones, proposes to make this sidewalk above the proposed curb as follows: .36-.36-.36-.47-.36-.36-.36-.36. In my opinion the street would not be improved by the change suggested.

Very respectfully yours,

J. Y. MCCLINTOCK,
City Surveyor.

Ordered received, filed and published and referred to Assessment Committee.

By Ald. Fox by request of Ald. Lempert—Application of M. Rosenbluth for permission to erect a wooden building on St. Joseph street. Referred to Wooden Building Committee and Fire Marshal with power to act.

By Ald. Johnston—Resolved, That this Common Council recommend that section 169 of the City Charter (chapter 14 laws of 1880 as amended in chapter 343 laws of 1881) be repealed and that the senator and assemblymen representing this city in the state legislature be requested to introduce a repealing act of said section and use all honorable means to secure said repeal and that a copy of this resolution certified by the City Clerk be forwarded forthwith to them at Albany.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, Zimmer, Adams, Fox, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer.—15.

By Ald. Lewis—

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, Feb. 7, 1893. }

To the Common Council:

Gentlemen:—I am directed by the Executive Board to transmit to you herewith the appended communication relating to furnishing a temporary additional water supply from certain artesian wells in the vicinity of Mt. Hope reservoir.

As the Board is advised by the City Attorney that it has no authority in the premises, the subject has accordingly been referred to you for consideration and such further action as you may deem expedient.

Respectfully,

THOMAS J. NEVILLE, Clerk.

ROCHESTER, N. Y., Jan. 27, 1892.

To the Executive Board of the City of Rochester:

Gentlemen:—The undersigned residents and property owners of the city of Rochester appreciate fully the great importance to the health of the people of Rochester and to the business interests of such people, of obtaining at the earliest possible moment a supply of pure water for domestic use. We long since recognized the fact that the people of this city were not willing to take the temporary supply of water from the Genesee river. We therefore determined to ascertain whether a supply of pure water could not be obtained from other source. We have for some months been engaged in investigating this question. We have employed experts and made tests in various localities, and the result has been that we have discovered a supply of pure and wholesome water which we believe to be sufficient in amount for the use of the people of this city until such time as the new conduit shall be ready for use. We have incurred large expenses in this investigation, and we are prepared to enter into a contract with the city to supply one million of gallons a day, or more, of this water, commencing the delivery of the same in the Mt. Hope reservoir not later than May 1, 1893.

We have sunk artesian wells upon a tract of land acquired by us about a mile south of Mt. Hope reservoir, and our proposition is to install a pumping station at the location of such wells, and to construct therefrom a pipe line across lands acquired by us to the said reservoir and to pump the water required by the city into such reservoir as above stated. The expense of the installation of this plant will of course be heavy. We do not expect that the city would require water from this source for more than two years, as by that time, at the latest, the new conduit should be completed. The city charges for metered water sold to consumers fourteen cents per thousand gallons. We feel that if our proposition be accepted a sufficient amount should be paid by the city to not only compensate us

for the expense which we have paid and must incur, but that a reasonable profit should be received by us on account of the risk taken and the investment made.

We propose to deliver to the city into its reservoir at Mt. Hope one million gallons a day or upwards of the water mentioned for two years or longer if the city shall require it at ten cents per thousand gallons. The city to be to no expense whatever, and to take no risk.

The water referred to has been analyzed by Professor Latimore, and his analysis is hereto annexed.

Respectfully submitted,
 J. N. Beckley,

ROCHESTER, N. Y., Jan. 9, 1893

via L. Otis, Esq.:

Dear Sir:—I have analyzed the sample of water received from you on the 4th inst., with the following results. The figures indicate the number of grains of each substance contained in one gallon of water.

Total solids.....	21.93
Volatile at red heat.....	0.58
Fixed residue at red heat.....	21.34
Sodium chloride.....	1.22
Free ammonia.....	0.0002
Albumenoid ammonia.....	0.0002
Nitrites.....	none
Nitrates.....	none
Hardness.....	18.29

The analysis shows this water to be of a high degree of purity, the quantity of organic matter being unusually small. The mineral matter present consists almost entirely of calcium carbonate.

Very respectfully,

S. A. LATTIMORE.

Ordered received, filed and published and upon motion of Ald. Lewis referred to Committee on Special Water Supply.

Ordered received, filed and published.
 By Ald. Lewis—

To the Honorable, the Common Council of the City of Rochester.

Gentlemen:—On March 27, 1890, the general city tax for 1889 against lot No. 3, Bauer subdivision of Wilder tract, on the south side of Wilder street, and in the eleventh ward, assessed to George G. Wanzer, was erroneously sold to Mrs. Catherine C. Seymour. The tax was paid previous to the sale and was overlooked in checking off the accounts on the receiving books. I would therefore recommend that the amount paid by Mrs. Seymour be refunded to her, together with such interest as she is entitled to.

S. B. WILLIAMS, Treasurer.

Ordered received, filed and published.

By Ald. Lewis—Resolved, That the City Treasurer be and he hereby is directed to pay to Mrs. Catherine C. Seymour the amount paid by her for general city tax of 1889 against property assessed to George G. Wanzer in the eleventh ward on Wilder street together with such interest as she is entitled to, and charge said interest to interest on assessments, the tax being sold in error.

Adopted by the following vote:

Ayes—Alds. McMillan, Zimmer, Adams, Fox, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Aikenhead, Simmelinck, Lewis, Forsyth, Bierbrauer.—14.

By Ald. Lewis—

To the Honorable, the Common Council of the City of Rochester,

Gentlemen:—On March 27, 1890, H. G. Thayer, Acting City Treasurer sold the general city tax for 1889 against property known as lot 19 and E part 18, in the Asylum tract, on Asylum street, assessed to Helen M. Leggett, amounting to \$66.03, to Mrs. Catherine C. Seymour.

This tax should not have been sold as the receiving book for 1889 shows that the tax was paid July 30, 1889.

I would therefore recommend that the City Treasurer refund the amount paid by Mrs. Seymour for that tax, together with such interest as she is entitled to.

S. B. WILLIAMS, Treasurer.

Ordered received, filed and published.

By Ald. Lewis—Resolved, That the City Treasurer be, and he hereby is, directed to pay to Mrs. Catherine C. Seymour the amount paid by her for general city tax of 1889 against property assessed to Helen M. Leggett in the tenth ward on Asylum street, together with such interest as she is entitled to, and charge said interest to interest on assessments, the tax being sold in error.

Adopted by the following vote:

Ayes—Alds. McMillan, Zimmer, Adams, Fox, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Aikenhead, Simmelinck, Lewis, Forsyth, Bierbrauer.—14.

By Ald. Lewis—Resolved, That the Common Council of this city hereby approves the bill amending the Civil Code introduced in the assembly by Assemblyman O'Grady, and now pending; having for its object the prevention of the annoyances which have heretofore been caused to residents of this city, by the service

of summonses to appear before the justices of the peace of the surrounding towns in actions in which all the parties are residents of this city. This Council believes that the courts of this city are entirely competent to deal with all litigation which may arise between the citizens of this city, and that the bill so introduced by Assemblyman O'Grady should be passed without delay; and this Council hereby urges the Assembly to immediately adopt said measure, and the City Clerk is hereby directed to immediately transmit a certified copy of this resolution to the several assemblymen of this county.

Adopted.
By Ald. Forsyth—Petition of J. P. Tumilty and others with reference to an erroneous assessment. Referred to Assessment Committee.

Upon motion of Ald. Lewis the Board then adjourned.

HENRY W. GREGG, City Clerk.

In Common Council, February 21, 1893.

REGULAR MEETING.

Ald. Thomas McMillan, President of the Board, presiding.

Present—Ald. Tracy, McMillan, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—18.

APPROVAL OF MINUTES.

The minutes of the previous meeting were approved as published.

PREORTS OF STANDING COMMITTEES.

By Ald. H. G. Cook—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—Your Assessment Committee begs leave to report, that it has examined into the petition of James L. Hatch, late administrator of the estate of Andrew J. Hatch with reference to assessment for personal taxes to said estate, and we find that said estate was distributed before said taxes were levied, and we therefore recommend that the petition be granted.

Respectfully submitted,

HENRY G. COOK,
JOSEPH BIERBRAUER,
JAMES JOHNSTON,
C. W. ZIMMER,
Assessment Committee.

Ordered received, filed and published.

By Ald. H. G. Cook—Resolved, That the City Treasurer be and he hereby is directed to cancel the assessment made against the estate of Andrew J. Hatch for personal taxes for the year 1892, and charge the same to erroneous assessments.

Adopted.

By Ald. Forsyth—

To the Honorable the Common Council of the City of Rochester.

Gentlemen: Your Law Committee begs leave to submit the following as its report:

In the matter of the claim of Urban Nabor for sewer damages, caused by the pollution of Hobbie creek, running through his lands and premises, we find that an action was begun on the 3rd day of August, 1891, for the damages for the six years then last past, which action is now on the calendar of the Circuit Court, and has been postponed for the purpose of a settlement thereof. We have carefully examined into the facts of the case, and we are of the opinion that the sum of one hundred and twenty-five dollars per year is a fair settlement of the damages sustained by said Nabor, and we, therefore, recommend that he be paid said sum of \$125.00 per year, from August 3, 1885.

In the matter of the petition of Peter W. Amy, for a rebate of a fine of fifty dollars, imposed by the Police Justice of this city, upon a judgment which was thereafter reversed by the Monroe County Court, we find that the facts set forth in the petition are, substantially true, and, upon the advice of the City Attorney, we recommend that said sum be repaid to said Peter W. Amy, and the same be charged to the Police Fund, there being no defense to an action for the recovery of said fine, after the reversal of the judgment.

In the matter of the claim of Martin P. Brasser for sewer damages, caused by the pollution of Hobbie creek, running through his premises, we find that the property owned by Mr. Brasser is situated on said Hobbie creek, and that the same is polluted by the sewers of the city of Rochester, and, after a careful examination, we have recommended a settlement of said claim from the 15th day of February, 1890, at the rate of fifty dollars per year, and we recommend that said claim be settled at that rate.

In the matter of the claim of Marenus Estbrook for damages caused by sewage pollution of Thomas creek, running through his premises, we find that said Estbrook is the owner of four houses situated on said Thomas creek, and that he has suffered damages by reason of the pollution of said creek in all of the houses located on said creek. We have been enabled to secure a settlement in full of all past and future damages as to said property for the sum of nine hundred dollars, and we, there-

fore, recommend that said Estbrook be paid said sum, in full settlement of all damages to his property.

In the matter of the communication of the City Surveyor, referred to this committee, concerning the building of several outlet sewers to connect with the East Side Trunk Sewer, we find that the East Side Trunk Sewer is about completed to the point where the North Avenue Outlet Sewer is to connect with the same, and we recommend that the City Surveyor be instructed to prepare an ordinance for the construction of a sewer in North avenue, to begin in the vicinity of Jennings street, to connect with and run to, Norton street, at which place the same is to connect with the East Side Trunk Sewer.

In the matter of the same communication of the City Surveyor, referred to this Committee, we find that the East Side Trunk Sewer is about completed in the vicinity of North Goodman street, and we recommend that the City Surveyor be instructed to prepare an ordinance for the construction of an outlet sewer on North Goodman street, to extend from its present terminus in Seneca street, between Hebard avenue and Cummings street; through Seneca street, easterly to Morton street; thence northerly, through Morton street, to Clifford street; thence easterly, taking in Clifford street outlet, to the East Side Trunk Sewer.

In the matter of the applications for appointment as Commissioners of Deeds, we recommend that the applications of the following named persons be granted:

George E. Crocker, James H. Doty, Thomas F. Foley, William C. Green, Reuben E. Jones, William F. Keogh, William B. Menneiley, Herbert J. Menzie, W. W. Sloan, Conrad W. Zimmer.

All of which is respectfully submitted,

D. W. FORSYTH,
MERTON E. LEWIS,
HENRY G. COOK,
WILLIAM H. TRACY,
Law Committee.

Ordered received, filed and published.

By Ald. Forsyth—Resolved, That upon the certificate of the City Attorney that a stipulation of discontinuance of the action of Urban Nabor, against the city has been made and filed, and that a release of any and all claims by, or on the part of said plaintiff against the city, by reason of the discharge of sewage from any of the sewers of said city in Hobbie creek, at any time before the order hereinafter mentioned, and the rights, privileges and easements in and to said creek flowing over said lands, having been executed and delivered to him, that the Clerk be, and he hereby is, directed to draw an order on the treasurer, payable from the Contingent Fund, in favor of said Urban Nabor, or his attorneys, Messrs. COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

CITY ATTORNEY'S OFFICE, ROCHESTER, N. Y., February 21st, 1893. To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—On January 19, 1893, a judgment on appeal in the Court of Appeals was entered against the city in the case of Theresa Wannamaker, as administratrix, against The City of Rochester. This is a case in which the plaintiff recovered a verdict against the city for five thousand dollars, at the June Circuit of 1891, and in which an appeal has been taken to the General Term and Court of Appeals. The judgment entered on June 12, 1891, is for \$5,402.75, and the judgment for costs in the General Term was entered January 27, 1892, for \$92.50, and on January 19, 1893, for costs in the Court of Appeals, \$107.80.

The judgment of the Court of Appeals is final, and the city is indebted in this action to the sum above named.

On the 6th day of January, 1893, a judgment was also recovered against the city for \$631.65, damages and costs, for sewage pollution, in the case of Sopherine Case against the city, in which action no questions of law arise that would warrant an appeal to a higher court.

A similar judgment was also rendered in the case of William A. Lyon against the city for \$312.52, damages and costs, on the 23d day of January, 1893.

I would, therefore, recommend that these matters be referred to the Law Committee, to report to this Council at its earliest convenience. Respectfully submitted,

C. D. KIEHEL, City Attorney.

Ordered, received, filed and published and referred to Law Committee.

By the Clerk—
 CITY TREASURER'S OFFICE,
 ROCHESTER, N. Y., Feb. 2, 1893,

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—I have received from County Treasurer McVean, \$1500 the amount annually collected by him for rent of the New York State Arsenal.

Heretofore the amount has been credited as follows: \$1000 to N. Y. State Arsenal site loan for redemption of 1 bond annually and \$500 to general interest account. This loan has all been paid, the last bond falling due February 1892.

Kindly advise what disposition I am to make of this money, whether Contingent Fund should be credited with it or it should be credited to General Interest account to apply on bonded indebtedness.

FINAL ORDINANCES.

CITY CLERK'S OFFICE.

ROCHESTER, N. Y., Feb. 21, 1893.

Gentlemen:—Agreeably to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Times, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or amendment thereto, passed or adopted by your honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, Feb. 21, 1893, at 7:30 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvement. Respectfully,

HENRY W. GREGG, City Clerk.

Final ordinance for Flour City Park grading and walks came up and upon motion of Ald. Callihan, action thereon was postponed until the first regular meeting in March

FINAL ORDINANCE NO. 5,096.

EAST AVENUE CARE, REPAIR AND SPRINKLING.

On motion of Ald. Pauckner, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to care for, repair and sprinkle East avenue, from Goodman street, to the city line.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary, and should be made, to wit:

The repair, cleaning and sprinkling of East avenue, from Goodman street to the eastern city line, during the season of 1893, from April 1st to November 1st. The repair to consist in spreading 400 yards of hand broken macadam stone upon the roadway, covered with 125 yards of gravel, the whole to be thoroughly rolled with the steam roller, also the cleaning and removal of all dirt and refuse from the surface of the street at least five times during the season, and the sprinkling of the street from April to November.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$2,369, which, being deemed reasonable, is by approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which the Council deems proper to be so assessed for, and will be benefited by and derive an advantage from such improvement, to wit:

One tier of lots and parcels of land on each side of East avenue, from Goodman street to the eastern city line.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, Calihan, Zimmer, Lempert, Fox, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Lewis, Forsyth, Bierbrauer—16.

Final ordinance for Frank street sweeping and cleaning came up and upon motion of Ald. Johnston, action thereon was postponed four weeks.

street to Sophia street under Final Ordinance No. 2,161, came up.

Ald. Tracy presented the following:

By Ald. Tracy—

To the Honorable, the Common Council of the City of Rochester:

"The undersigned, a committee appointed by taxpayers interested in the assessment for the Church street extension, the roll for which is now awaiting confirmation at your hands, respectfully request that action upon the same, previously deferred, be further postponed for another two weeks; and that for reasons in part to be given herewith you will authorize your law committee to meet a committee of taxpayers, duly authorized, for consultation and discussion as to certain hitherto irreconcilable differences of opinion as to the justice or legality of certain acts or proceedings in the matter referred to, with the end in view of arriving at such compromise and settlement as will deal alike justly with the city and its interested taxpayers on the question at issue.

"To mention no other reason at this time for thus addressing your honorable body, it may be stated that the present tax roll, now awaiting confirmation, is in excess of what it should be by an error of computation alone by nearly \$18,000; and this alone, to quote the words of one of our leading councilors 'irrespective of the questions affecting the validity of the original proceedings vitiates the present assessment.'"

Yours respectfully,

D. W. POWERS,
WM. C. BARRY,
JOHN BOWER.

Ordered received, filed and published.
Ald. Tracy moved that the matter be referred to the Law Committee to confer with the committee mentioned in the foregoing communication and that action thereon be postponed to the first regular meeting in March.

 Resolved, That said resolution be amended so as to read as follows:

LOCAL IMPROVEMENT ASSESSMENT

By Ald. Forsyth—Whereas, The City Treasurer has ascertained and reported the entire and aggregate expense of and connected with the several following improvements, including and all interest that the city has paid or has or shall become liable to pay upon accounts of any and all orders or notes issued by the city to pay the expenses of such improvements respectively adjusted by this Common Council as thus reported, and the respective portions or parts of the city on which the said expenses are hereby directed are to be assessed and which this Common Council deems to be benefited by the improvements respectively, are as stated and described in the final ordinances relating to the improvements, respectively, and that the names and expenses of the improvements thus to be assessed are as follows:

Ord. No.	Improvement.	Expense.
4383.	Genesee St., Asphalt Imp..	\$85,561 98

And it is further determined that the taxpayers to be assessed for making the foregoing improvement, may pay their assessment

in five equal payments as follows: One-fifth within thirty days of the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-fifth within one year from the confirmation of such roll; one-fifth within two years of the confirmation of such roll; one-fifth within three years from the confirmation of such roll; and the remaining one-fifth within four years from the confirmation of such roll.

On all sums paid prior to the maturity of said last installment a discount will be allowed at the rate of 6 per cent. per annum.

And the assessors of said city if they are not interested in any of the property within the part or portion of the city deemed to be benefitted, and directed to be assessed as aforesaid, or if any two of said assessors, are not so interested, then such two are hereby directed to make assessments upon all the lot and parcels of land within the portion or parts of the city above designated and directed to be assessed, of the amounts of expenses of such improvements, respectively, in proportion as nearly as may be, to the advantage which the said lots and parcels of land within the respective territories to be thus assessed for such improvements shall be deemed to receive by the making of the respective improvements.

By Ald. Dewey—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—We present herewith for your commendation a proposed amendment to the charter of this city relating to the Department of Health, and that you may not mistake the attitude of the medical profession. We beg leave to briefly present the salient features of the proposed amendment, together with the reasons which in the opinion of the physicians of the city justify such proposed changes in the administration of the Sanitary Department.

It has been known for a long time, to the Board of Health at least, that the efficiency of the Department of Health has not met the reasonable expectations of the medical profession. The cause of this failure is not to be found in the character of the Board which for the past year certainly has included among its members the most distinguished physicians of the city, together with others equally eminent for special learning and business capacity. The inefficiency of the department has been due rather to the legacy of crude ideas which obtained at the time of its formation and early conduct, as to the organization and character of its service. The old and popular idea of a health board is that of a body organized to abate nuisances and to provide against small pox or other equally dread and rare diseases.

The modern idea and that contemplated by the statute is that of municipal protection to the community from all local conditions which may expose the individual to disease of any kind, as well as infections and pestilential disease. During the past few years the knowledge of the causes and course of infectious disease has increased, so that practical application may be made of this knowledge to materially reduce the possibilities of epidemic disease, and thus increase the possibility of life, not to speak of the comfort, convenience and happiness of the community. The successful conduct therefore of the Department of Health requires an intelligent and skillful service. It also requires the application of accepted business principles, viz: One responsible head to the department with authority to maintain a satisfactory standard of efficiency, also knowledge and experience in the employes.

In illustration of the necessity for an efficient Health Department we call your attention to the fact that in the year 1892, 663 deaths, or one in every thirteen hours, occurred in this city from infectious or contagious disease alone, a large percentage of which is preventable. This means untold expense and suffering, for only a fractional portion of such cases die. Human life is of not less value than property, yet to protect property, intelligent and trained service is regarded as necessary and no one questions the wisdom of adequate expenditure to perfect the service of, for example, the Fire or Police Department.

In order to increase the efficiency of the Department of Health, the medical profession, regardless of school, have agreed with signifi-

cant unanimity upon certain essential principles:

First. That the Board of Health should be chiefly a legislative and judicial body.

Second. That the executive work of the Department shall be placed under the management of a competent physician of large experience and especial fitness, who shall devote his time and energy to the most perfect realization of the possibilities of the health service. To this end he should have power to appoint and remove the working force of the department and to make declarations, subject to the approval of the Board of Health, of nuisances.

Third. That the city should be divided into districts; and a competent physician, familiar with the city, shall be Health Physician for each district. The proposed amendment, which we ask you to unite with the medical profession in commending to the legislature, is based upon these principles. Upon our present charter, the most capable and intelligent body of men can neither establish nor maintain an effective administration. And in order that the city may be saved the expense of another class of officials, it seems feasible that the proposed health physicians shall do the work of both the hitherto Health Inspectors and City Physicians.

This system of service proposed for our city is not experimental. It has been put to the test and proved most efficient and satisfactory in Buffalo, which is conceded to have the best health service of any city in the state. In view of the fact that our legislature will soon complete its work and the necessity for an effective department to meet the threatened pestilence of the coming summer, we urge prompt as well as careful consideration of the necessities of the public health. Of the suggestions contained in the accompanying papers, and of the copies of extracts of the last message of the Mayor of Buffalo, and a letter from the Health Officer of that city relative to the Health Department, under its revised charter.

Respectfully,

ROCHESTER, N. Y., Feb. 18, 1893.

At a meeting of the Rochester Pathological Society held February 16, 1893, the report of the Committee on Charter Revision was read by Dr. F. F. Dow, and upon motion of Dr. Tait, the society unanimously voted to adopt the same and recommended the incorporation of the chapter as reported by the committee, into the city charter.

WHELLOCK RIDER, Secretary.

ROCHESTER, N. Y., Feb. 18, 1893.

We have examined the proposed chapter on the Department of Health prepared by Dr. F. F. Dow, and we heartily recommend its adoption.

M. H. ADAMS,

Committee from Rochester Homoeopathic Hospital Staff.

At a meeting of the Practitioner Society, held February 9, 1893, the following resolutions were unanimously adopted:

Resolved, That the provisions for the public health, proposed in the new charter prepared

by the Chamber of Commerce are inadequate for the proper protection of the city, and the efficiency of the Department.

Resolved, That we approve the chapter on the Department of Health by Dr. Dow, and recommend its incorporation into the charter of the city.

I. M. PORTER, Secretary.

Extract from the recent message of the Mayor of Buffalo.

DEPARTMENT OF HEALTH.

One of the greatest benefits derived from the adoption of the new charter is that wonderful increase in the efficiency of the Department of Health. Its records show that the larger powers granted to the Department have been wisely administered, and that the very great amount of work performed by the Department, under the personal direction of the Health Commissioner have wrought a direct benefit, in the decrease of the death rate, and an actual decrease in the number of deaths during the year as compared with 1891.

I respectfully urge your honorable body to acquaint yourselves with the extent and vital importance of the work of this Department, and that you give it your hearty support.

OFFICE HEALTH COMMISSIONER, }
BUFFALO, N. Y., Jan. 10, 1893. }

Frank F. Dow, M. D., 60 South Avenue, Rochester, N. Y.

Dear Doctor:—I am in receipt of your favor of the 9th inst. requesting information as to the practical workings of the law and ordinance of the department of health of this city.

I send you herewith, a copy of the same, an examination of which will, no doubt, convey to you many practical ideas and suggestions which will be of value in formulating laws in your city.

Under the present law, the department is working very efficiently so much so as to meet the hearty commendation of both the press and the people.

Any further information I can furnish you will be most cheerfully rendered.

Yours most respectfully,

ERNEST WENDE, M. D.,
Health Commissioner.

To the Honorable, the Legislature of the State of New York:

We, the undersigned physicians of the City of Rochester, make the following suggestions concerning the proposed charter relating to the Department of Health:

First. That the Department of Health be elevated to the dignity of other municipal departments; that adequate appropriations for the effective administration of the department should be made.

Second. That the Health Officer should be appointed by the Board of Health, and should have charge of the executive work of the department, with power to make appointments and removals; that his compensation should be sufficient so that he may devote his entire time, if necessary, to the duties of his office.

Third. That the city should be divided into districts, and a qualified physician be appointed as health inspector for each district.

AN ACT to further amend chapter fourteen of the laws of eighteen hundred and eighty, entitled "An act to further amend chapter one hundred and forty-three of the laws of eighteen hundred and sixty-one entitled 'An act to amend and consolidate the several acts in relation to the charter of the City of Rochester,' and to consolidate therewith the several acts in relation to the charter of said city," and the several acts amendatory thereof and supplementary thereto.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section forty of chapter fourteen of the laws of eighteen hundred and eighty, entitled "An act to further amend chapter one hundred and forty-three of the laws of eighteen hundred and sixty-one, entitled 'An act to amend and consolidate the several acts in relation to the charter of the City of Rochester, and to consolidate therewith the several acts in relation to the charter of the City of Rochester,'" as amended by chapter five hundred and sixty-one of the laws of eighteen hundred and ninety is hereby amended by adding at the end thereof.

33. The Common Council shall have power to pass all such ordinances as they shall think proper and necessary, to preserve the Genesee river, and all canals, slips and basins in the city; to prevent and punish the casting or depositing therein, or on the banks thereof, any earth, ashes or other heavy substances, filth, logs or floating matter; to prevent and remove all obstructions and accumulations of filth or rubbish therein, and to punish the authors thereof, regulate and prescribe the mode and speed of coming to and departing from the wharves and streets of the city, by steamboats, canal boats and other crafts and vessels, and the disposition of the sails, yards, anchors, and appurtenances thereof, while entering, leaving or abiding in the said city, and to regulate and prescribe by such ordinance, or through

their officers, such a location of every canal boat, steamboat or other craft or vessel, or float, and such changes of station in and use of the same, as may be proper, in order to promote order therein, and the safety and equal convenience, as near as may be, of all such boats, vessels, crafts and floats, and may impose penalties, not exceeding one hundred dollars, for any offense against any such ordinance, and may, by such ordinance, charge any such penalty upon the steamboat, canal boat, or other vessel, craft or float, the captain, master, owner, consignee or person in charge of which is thereby liable therefor. Nothing in this section contained shall be construed to authorize the Common Council, or any of its officers to interfere with any of the laws of this state, now or hereafter to be enacted, or with the acts and regulations of the canal board, in relation to the Erie canal, or any other canal being the property of the State of New York.

Sec. 2. Title Eleven of said chapter fourteen of the laws of eighteen hundred and eighty is hereby amended so as to read as follows:

TITLE XI.

THE DEPARTMENT OF HEALTH.

Sec. 268. The Board of Health of said city, authorized under chapter 270 of the Laws of 1885, shall consist of six persons besides the Mayor, of whom at least three shall be qualified physicians of at least five years' practice. The members of the Board shall be appointed by the Mayor and confirmed by the Common Council; two of such persons shall be appointed for the term of one year, two for two years, and two for three years. At the expiration of each of said terms, the Mayor shall appoint two persons for the term of three years. In case of a vacancy in said Board, the appointment shall be for the balance of the unexpired term. The Mayor of the city shall be ex officio a member of said Board.

Sec. 269. The Board of Health shall have power to take such measures as they shall deem effectual to prevent the entrance of any pestilential or dangerous infectious disease into the city; to stop, detain and examine, for that purpose, every person coming from any place infected, or believed to be infected, with such a disease; to establish, maintain and regulate a pest house or hospital at some place within the city, or not exceeding three miles beyond its bounds; to cause any person who shall be, or be suspected of being infected with any such disease, to be quarantined; to cause any person infected with any such disease, to be removed to such pest-house or hospital, if the Health Officer and two other physicians of the city shall certify that the removal of such resident is necessary for the preservation of the public health, and that such removal will not jeopardize the life of such infected person; to remove from the city, or destroy any furniture, wearing apparel, or goods, wares or merchandise, or other articles of property of any kind, which shall be suspected of being tainted or infected with any pestilence, or which shall be likely to pass into such a state as to generate or propagate disease; to direct the location of all slaughter-houses, tallow chandler shops, soap factories, tanneries, stables, privies, hog pens, or other offensive or unwholesome houses or places, and the location, size and kind of all receptacles for the keeping of every kind, and to compel the owner or occupant of any of the houses, buildings or places aforesaid to cleanse, remove or abate the same whenever it deems necessary for the health of the inhabitants of said city; to prevent the sale or exposure for sale of unwholesome, diseased, impure or adulterated meats, vegetables, fruit, fish, poultry, milk and food and provisions of all kinds; to prohibit any person from bringing or de-

positing, within the limits of said city, and dead carcass or any other unwholesome or offensive substance, or any putrid meats, fish, hides or skins of any kind, by any person who shall have the same on his premises, and on his default, to authorize the removal or destruction thereof by some officer of the city; to license and regulate funeral directors and undertakers; to provide for the care, removal and burial of the dead, the registration of births, marriages and deaths; to make such rules and regulations for the registration of plumbers and for drainage in said city as such Board shall deem proper; to pass and enact such by-laws and ordinances as they shall from time to time deem necessary and proper for the filling up, draining, cleansing, cleaning and regulating any buildings, grounds, yards, basins, slips or cellars within the said city, that shall be sunken, damp, foul, incumbered with filth and rubbish, or unwholesome, and for filling or altering, mending and abating all sinks, privies and wells, the water of which may be unwholesome, within the city, and for directing the mode of constructing them in the future; to abate and remove all nuisances of every description which are or may be injurious to the public health, in any way and in any manner they may deem expedient; to do from time to time, all acts, make all regulations and pass all ordinances which they shall deem necessary or expedient for the preservation of health and the suppression of disease in the city, and to carry into effect and execute the powers hereby granted; and to cause all such work as may be necessary for the purpose aforesaid, and for the preservation of the public health and cleanliness of the city, to be executed and done at the expense of the city corporation on account of the persons, respectively, upon whom the same may be assessed; and for that purpose, to cause the expenses thereof to be estimated, assessed and collected, and the lands charged therewith, to be sold in case of non-payment, in the same manner as is provided by law with respect to other public improvements within said city; and in all cases where the said by-laws or ordinances shall require anything to be done in respect to the property of several persons, the expenses thereof may be included in one assessment, and the several houses and lots, in respect to which such expense shall have been incurred shall be briefly described in the manner required by law in the assessment roll for the general expenses of the city, and the sum of money assessed to each owner or occupant of any such house or lot shall be the amount of money expended in making such improvements upon such premises, together with a ratable proportion of the expenses of assessing and collecting the moneys expended in making such improvements.

Section 270. The Board of Health shall have power, from time to time, to appoint and remove at pleasure, a clerk, whose duty it shall be to attend the meetings of said board, and keep a record of its proceedings, and such record, or a duly certified copy of the same, or any part thereof, shall be prima facie evidence of the facts therein contained in any court, or before any officer.

Section 271. The Board of Health shall be an advisory board as to the proper ventilation and drainage of public city buildings, and in case any public school or other public city building is in process of erection, without proper facilities for ventilation and drainage in the opinion of such board, it shall have power to stop the erection of such buildings, to direct proper facilities for ventilation and drainage to be furnished, and to restrain further work until such facilities are furnished.

Section 272. The Board of Health shall appoint a health officer, and may remove him at any time. Such officer must be not less

than thirty years of age, a qualified physician of at least five years' practice in said city, he shall devote his entire time to the duties of his office, and his powers and duties shall be as follows:

1. He shall have charge and control of the executive work of the department of health; he shall have full power to enforce and carry out and it shall be his duty to enforce and carry out all ordinances, rules and regulations, which have been, or which may be hereafter adopted by the Board of Health; in case any business or practice is dangerous or detrimental to the public health or any building, grounds, yard, basin, slip, cellar or other place is unwholesome or injurious to health, he shall have power to declare the same to be a nuisance and upon such declaration he shall have power to abate and remove the same in such manner as he may deem expedient, the expense thereof to be assessed as provided in section 269 of this title; but no business or rights to property of any person shall be interfered with or prohibited until such person shall have been duly summoned by a notice of not less than one day, to appear before said health officer to show cause why such declaration shall not be made, nor until the said person or persons interested in the premises shall have opportunity to be heard in person or by counsel. The said party or parties or the persons interested in the said premises may appeal to the Board of Health from the said declaration or order of prohibition by giving immediate notice of such appeal to the health officer. Upon receiving notice of such appeal, the health officer shall cause the Board of Health to assemble, and said Board of Health shall determine whether or not the said declaration or order of prohibition shall be maintained.

2. He shall, as soon as may be, after entering upon the duties of his office, divide the city into seven districts to be known as health districts, and shall file with the clerk of the Board of Health a written designation of such districts with a description of the same sufficient for identification, and may from time to time alter the said health districts by filing with the clerk of the Board of Health a written designation of such alterations.

3. He shall, from time to time, appoint for each of said districts a health physician who shall be a duly qualified physician of at least two years' practice in said city, and shall also in addition thereto from time to time appoint two female health physicians of like qualifications for the city at large; such health physician shall hold office during the pleasure of the health officer and shall perform such duties, and make such investigations and reports as to any matters affecting the public health in his district as shall be required by the health officer or the Board of Health. In addition to such duties each health physician shall perform such other professional duties in any part of said city as shall be required by the health officer. It shall also be the duty of such health physicians to render medical service to indigent sick persons under the direction of the overseer of the poor, and shall prescribe therefor upon blanks to be furnished by the overseer of the poor.

4. He shall have power to appoint from time to time and pleasure remove, a registrar of vital statistics, an inspector of plumbing and drainage, who must be a qualified and practical plumber or sanitary engineer, an inspector of food supplies, a keeper of Hope hospital, a keeper of each other hospital which may at any time be erected under the direction of the Board of Health, and such other officers and employes as may be authorized by the Board of Health for the purpose of carrying into practical effect the rules,

regulations and ordinances of said Board of Health.

5. He is authorized in his name of office to maintain an action to restrain the threatened performance of any act contrary to the rules, regulations and ordinance of the Board of Health which shall, after due notice, as in this title prescribed, have been declared a nuisance and forbidden by the health officer; for the purpose of obtaining a temporary injunction in such action, no bond shall be required; and in such action costs shall not be awarded against the health officer, but where they are awarded to the defendant they must be awarded against the city of Rochester.

6. He shall have power, by an order in writing for that purpose, to be served on the master, captain, or person in charge of any canal boat, steamboat, or other vessel or craft, or any owner or consignee thereof, if such boat, craft or vessel be by him known or suspected to have on board any infected or diseased person or property, to require such boat or vessel not to enter the city, or to remove to some certain distance not exceeding three miles from the city; and every such master, captain, person in charge, consignee or owner, who shall be served with such order shall be guilty of a misdemeanor, punishable with fine or imprisonment, or both, if such a boat, vessel or craft shall enter the city, in violation of such order, or shall not be removed according to the tenor of such order, within a reasonable time, not exceeding three hours after service of such notice.

Section 273. The Board of Health shall determine the salaries, to be paid out of the health fund, of the clerk of the board, the health officer, the registrar of vital statistics, the inspector of plumbing and drainage, the inspector of food supplies, the keeper of Hope hospital, and such other officer and employes as may be connected with the department of health.

Section 274. The Board of Health shall not have power to make any expenditure, or to contract any debt or liability in any year beyond the amount raised and appropriated for the Board of Health of that year. But in the presence of great and imminent peril to the public health of the city, by reason of impending pestilence, it shall be the duty of the health officer to take such measures and do, order and cause to be done such acts and make such expenditures (beyond those duly estimated for as herein provided) for the preservation of the public health from such impending pestilence as he may, in good faith, deem the public safety and health to demand; and the Board of Health shall approve; and such peril shall not be deemed to exist except when and for such period as the Board of Health shall by proclamation declare.

Section 275. The health officer, health physicians, and inspectors of the department of health shall have the same power as is conferred upon the police force of this city, for the purpose of investigating any suspected violation of any provision of this title, or of the ordinances, rules and regulations adopted under the powers adopted by it; the said health officer, health physicians and inspectors in the performance of their duties may enter upon any premises or into any building or house, during reasonable hours, and no person shall molest or resist any officer of the department of health, or their assistants, in the discharge of their duties and it shall be the duty of the police department, when requested by the health officer, to detail one or more policemen to protect the officers and employes of the department of health in the discharge of their duties.

Section 276. The captain, master or person in charge of any canal boat, steamboat, or other craft or vessel, which shall enter the city, having on board thereof any person

sick of malignant fever, or other pestilential or infectious disease, shall be guilty of a misdemeanor, punishable by a fine or imprisonment, unless the person so diseased become so on the way and could not be left. It shall be the duty of such captain, master or person in charge, within two hours after his arrival, to report, in writing, to the health officer, or one of the health physicians the fact of such sick person's being on board, and the name, description and location of his craft; and he shall not permit such sick person to land or be landed, until the health officer shall give permission for that purpose; and any neglect or violation of these provisions, or of any or either of them, shall be a misdemeanor punishable with fine, or imprisonment, or both.

Section 277. The owner, driver, conductor or person in charge of any stage, railroad car, or other public conveyance, which shall enter the city, having on board any person sick of malignant fever, or pestilential or infectious disease, shall within two hours after the arrival of such sick person, report in writing the fact, with the name of such person, and the house or place where he was put down in the city, to the health officer or one of the health physicians; and any and every neglect to comply with these provisions, or any of them, shall be a misdemeanor, punishable with fine or imprisonment, or both.

Section 278. Any person who shall, knowingly, bring or procure or cause to be brought into the city, any property of any kind, tainted or infected with any malignant fever, or pestilential or infectious disease, shall be guilty of a misdemeanor punishable by fine or imprisonment, or both.

Section 279. Any person violating any of the provisions of this title or any of the ordinances, rules and regulations adopted under the powers granted by it, shall be deemed guilty of a misdemeanor of which the police court of the city of Rochester shall have in the first instance exclusive jurisdiction to hear and determine and all fines imposed under this title shall belong to the city, and when collected shall be paid into the city treasury, and be devoted to the maintenance and support of the pest-house, or of any hospital that may hereafter be established by the Board of Health.

Section 280. The provisions of the act entitled "An act for the preservation of public health and the registration of vital statistics," passed May twelfth, one thousand eight hundred and eighty-five, and the acts amendatory thereof not in conflict with this charter, shall be applicable to the Board of Health of the city of Rochester.

Section 3. Section nine of said chapter fourteen of the laws of eighteen hundred and eighty as amended by chapter five hundred sixty-one of the laws of eighteen hundred and ninety is hereby repealed.

Section 4. All acts and parts of acts inconsistent herewith are hereby repealed.

Section 5. This act shall take effect immediately.

 By Ald. Lewis:—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Special Committee on an additional temporary supply of water, submit herewith a communication from the Special Committee of the Board of Health, appointed to consider the advisability of using the

water from wells known as the "Brighton Wells" from a sanitary point of view. The communication is accompanied by the analysis of Professor S. A. Lattimore made under the direction of the Board of Health. Your committee did not deem it advisable to take any steps toward procuring the additional supply of water from that source, until after the Board of Health had presented its conclusions. The accompanying communication was received at a late hour this afternoon, and has been considered by your committee. The limited amount of time since the receipt of the communication has rendered it impossible for your committee to prepare a final report upon the subject. Your committee respectfully requests that it be authorized to negotiate with the company owning those wells, with a view to procuring as favorable terms as may be possible for the purchase of the water which it has for sale, and if such authority be granted, your committee will endeavor to be prepared with a final report upon the subject at the next regular meeting of this council. All of which is respectfully submitted.

MERTON E. LEWIS,
 ALVIN H. DEW Y,
 JAMES JOHNSTON,
 JOSEPH BIERBRAUER,
 Committee.

Alderman Merton E. Lewis, Chairman Special Water Supply Committee of Common Council, Rochester, N. Y.:

Sir:—Complying with your request the Board of Health has examined the artesian wells in the Town of Brighton as a possible source of a temporary additional water supply for this city. The Board has also caused a chemical analysis of a sample of the water to be made by Professor S. A. Lattimore, the result of which as embodied in his report, you will find herewith inclosed.

As the result of personal examination of the wells and their immediate surroundings by several of its members this Board states its belief that the water in said wells is not now and present conditions remaining, cannot possibly become contaminated by sewage from the county buildings. The stream that carries the sewage from these buildings is at least two thousand feet from the wells, eastward, and the surface dip from the wells to this sewage stream is about seven feet. The soil in the immediate neighborhood of the wells is almost impervious, consisting as it does of heavy clay and the surface water is shut off from the wells by a pipe driven down to the rock and by a plug placed about the casing in the rock itself. Further, the porous rock in which the water is found is covered by at least twenty-five feet of dense limestone. The water as it comes from the wells is clear, cold and sparkling, with a slight odor and taste of sulphuretted hydrogen that quickly disappears on exposure to the air.

A consideration of the foregoing facts, together with the results of the chemical analysis made by Prof. Lattimore, lead this Board unhesitatingly to recommend the water in question as good potable water, perfectly safe, just as it comes from the wells, for domestic use.

As to the quantity of water that can be furnished by these wells, or as to the permanency of the supply, this Board offers no opinion.

Believing that the best interests of the city demand a temporary additional supply of pure, wholesome water, this Board urgently advises that prompt action be taken by the proper authorities to furnish such supply.

M. L. MALLORY,
 J. W. WHITEBECK,
 WM. E. HOYT,
 Special Committee.

ROCHESTER, N. Y., Feb. 20, 1893.

M. L. Mallory, M. D., Commissioner Board of Health:

Dear Sir:—At your request on the 18th inst. I visited the artesian well in the town of Brighton, about three-quarters of a mile south of Mount Hope reservoir, and took a sample of the water, which I have analyzed with the following results. The figures express the number of grains of each substance contained in one gallon of water.

Total solid residue by evaporation.....	22.10
Volatile at red heat.....	.65
Fixed residue at red heat.....	21.45
Sodium chloride.....	1.25
Free ammonia.....	none
Albumenoid ammonia.....	none
Nitrites.....	none
Nitrates.....	18.31

Hardness
This water as it flows from the wells possesses a perceptible odor of hydrogen sulphide gas. This odor however vanishes as soon as the water comes in contact with the air. This was demonstrated by allowing it to flow directly into a bottle containing a reagent highly sensitive to sulphur compounds, but not the slightest discoloration was produced. Neither did any trace of this gas exist in the water when brought to the laboratory.

This water belongs to the class technically known as hard waters, as it contains a considerable quantity of mineral substances in solution, mainly calcium carbonate and sulphate, with a little magnesium carbonate. These substances are common, in varying quantities, to all springs and wells of this region and are derived from the underlying lime-stone strata through which the water percolates.

The total absence of ammonia, nitrates, and nitrites shows that this water is entirely free from organic matter and is therefore uncontaminated by surface water or drainage.

Very respectfully,

S. A. LATTIMORE.

Ordered received, filed and published.

By Ald. Lewis:—Resolved, That the Special Committee upon an additional temporary water supply be, and it is hereby authorized and directed to negotiate with the owners of the Brighton wells for the purchase of whatever water it has for sale. Contract for said water to be reported to this council for its approval at the next regular meeting thereof.

Adopted.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the clerk.—

ROCHESTER, N. Y., Feb. 27, 1893.
To the Honorable the Common Council of the City of Rochester:

Gentlemen:—On the 6th day of February, 1892, Ignatz Seltenmeyer had pending against the city of Rochester, an action for damages resulting from the sewage onflow upon his premises along Thomas Creek. On said 6th day of February, the city entered into an agreement with said seltenmeyer to settle and discontinue said action at an agreed sum for damages, up to said date of February 6, 1892, and for the further sum of \$50 per annum thereafter, and an agreement to that effect was executed by said Seltenmeyer.

There is now due to said Ignatz Seltenmeyer from the city, the sum of \$50, being one year installment of damages under said agreement. Will you be kind enough to take the proper steps looking to the payment of said bill of \$50 to Mr. Seltenmeyer.

Yours respectfully,

BACON, BRIGGS, BECKLEY & BIRSELL.

OFFICE OF THE
EAST SIDE TRUNK SEWER COMMISSION.
ROCHESTER, N. Y., Feb. 28, 1893.

To the Honorable the Mayor and Common Council of the City of Rochester, N. Y.:

Gentlemen:—By a resolution adopted by your honorable body February 28, 1893, authority was granted the East Side Trunk Sewer Commission to negotiate for lands nec-

essary to be required for the construction of the East Side Trunk Sewer through the property of Frances Murphy, pursuant to ordinance No. 4,764, but not being able to agree with said owner after a full statement of what the city requires to carry forward the work as to the matter of compensation which should be paid for the lands and right of way to be required, the commission feel warranted in requesting that the city attorney be authorized to apply to the court for the appointment of commissioners to appraise the value of the lands or rights to be taken.

Respectfully submitted,

THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Dewey—Whereas, No agreement for the purchase of the lands, rights and easements necessary to be taken for the construction of the East Side Trunk Sewer, through the property of Frances Murphy, on Bowen street in said city, under final ordinance No. 4,764, adopted March 1, 1892, can be made, therefore,

Resolved, That a copy of said ordinance with this resolution, together with a copy of the map showing thereon the rights, tracts, parcels of land and right of way which are deemed necessary to be taken and the commencement, course and termination of said proposed sewer to be laid out through said property be filed in the office of the city clerk and of the county clerk of Monroe county, according to the provisions of section 174, of the city charter, and that the city attorney be and he hereby is instructed to take and institute such proceedings from time to time as may be necessary to secure such lands and rights of way as is provided by the city charter.

By Ald. Kelly—
MONROE COUNTY COURT—In the matter of the widening of Hensler place, in the city of Rochester.

T. the Honorable the Common Council of the City of Rochester.

Gentlemen:—The undersigned, who were appointed by an order of the Monroe county court, duly granted and entered in Monroe county clerk's office on the 5th day of January, 1893, commissioners, to appraise the damages which the owner or owners, or persons interested, and if there be any occupants or tenants who may have a leasehold interest in the premises, rights or easements therein, to be taken for the public improvement or purpose above referred to, should severally receive therefor, respectfully report and certify the several pieces or parcels of land, and the premises, rights or easements therein, to be taken for said improvement, and the names and residence of the owner or owners, respectively, and the right of such owners, as far as can be ascertained, and the amount of the damages or compensation which should be paid to each of said owners or occupants, as follows:

The pieces or parcels of land required for such widening described as follows:

PARCEL NO. 1.

All that tract or parcel of land, situate in the city of Rochester, county of Monroe and state of New York, bounded and described as follows:

Beginning at the northwest corner of Jay street and Hensler place; thence, extending northerly, along the west line of Hensler place, one hundred and ninety-one feet, to the premises owned by James Brackett, as executor; thence extending westerly, along said Brackett's premises, ten and seventy-five hundredths feet; thence southerly, on a line parallel with, and 10.75 feet westerly from the west line of Hensler place, to the north

line of Jay street; thence easterly, along the north line of Jay street, to the place of beginning.

These premises are owned by Catharine Bour, who resides in the city of Rochester, N. Y., and are subject to a mortgage running to Mary Meng, for \$1,000, referred to in a conveyance from Jacob Keller and Mary, his wife, to Frank Hensler and Catharine, his wife, dated November 5th, 1864, recorded in Monroe county clerk's office in Liber 189 of Deeds, at page 291, and one given to Jacob Keller of \$1,000, referred to in a conveyance from Frank Hensler and Catharine, his wife, to Peter Hensler, dated December 16, 1864, and recorded in said clerk's office in Liber 190 of Deeds, at page 12, and another for \$1,000, running to the Monroe County Savings Bank, dated December 17, 1889, and recorded in said clerk's office in Liber 320 of Mortgages, at page 151.

PARCEL NO. 2.

Also, all that other tract or parcel of land, situate in the city of Rochester, county and state aforesaid, and bounded and described as follows:

Beginning at a point in the west line of Hensler place, where the south line of premises owned by James Brackett, as executor, etc., and known as lot number one on a map of Bour and Saffran's subdivision of lots numbers 4, 5 and 6 of Keller's subdivision of lot eleven, filed in the Monroe county clerk's office in Liber 7 of Maps, at page 86, intersects the same; thence extending northerly, along the west line of Hensler place, thirty-five feet, to the south line of the premises owned by Caspar Bour and wife; thence westerly, along the south line of said premises of Caspar Bour and wife, ten and seventy-five hundredths feet; thence southerly on a line parallel with and 10.75 feet westerly from the west line of Hensler place to the south line of said premises of James Brackett, as executor; thence easterly, along said south line, to the place of beginning; being a strip of land ten and seventy-five hundredths feet in width taken off from the east end of said lot No. 1.

These premises are owned by James Brackett, who resides in said city, as executor of Mary Brackett, deceased, and are subject to the mortgage above referred to given to Mary Meng, Jacob Keller; and, also, subject to a mortgage for \$1,050, running to the Rochester Dime Savings and Loan Association, dated October 26, 1888, and recorded in Monroe county clerk's office on November 5, 1888, in Liber 304 of Mortgages, at page 270; also subject to a mortgage for \$900, running to the Fourth Ward Permanent Savings and Loan Association, dated July 22, 1891, and recorded in said clerk's office in Liber 346 of Mortgages, at page 475.

PARCEL NO. 3.

Also, all that other tract or parcel of land, situate in said city, county and state aforesaid, bounded and described as follows:

Beginning at a point in the west line of Hensler place, where the south line of premises owned by Caspar Bour and Catharine Bour, his wife, and known as lot number two of Bour and Saffran's subdivision, above referred to, intersects the same; thence northerly, along the west line of Hensler place, about thirty-five feet, to the south line of the premises owned by George Tuety; thence westerly, along said Tuety's south line, ten and seventy-five hundredths feet; thence southerly, on a line parallel with and ten and seventy-five hundredths feet westerly from, the west line of Hensler place, to the north line of premises owned by James Brackett, as executor, last above described; thence along said north line, to the place of beginning; being a strip of land ten feet and seventy-five

hundredths in width, taken off from the east end of said lot number two.

These premises are owned by Caspar Bour and Catharine Bour, his wife, who reside in the city of Rochester, N. Y., and are subject to the mortgage above referred to given to Mary Meng, Jacob Keller, and the Rochester Dime Savings and Loan Association, and also subject to a mortgage for \$450, running to Verona Rau, dated October 10, 1890, recorded in said clerk's office in Liber 334 of Mortgages, at page 455.

PARCEL NO. 4.

Also, all that other tract or parcel of land, situate in said city, county and state aforesaid, bounded and described as follows:

Beginning at a point in the west line of Hensler place, where the north line of Caspar and Catharine Bour's premises, above described, intersects the same; thence northerly, along the west line of Hensler place, about thirty-five feet, to the south line of premises owned by Morris Lazarus; thence westerly, along the south line of said Lazarus, ten and seventy-five hundredths feet; thence southerly, on a line parallel with, and 10.75 feet westerly from, the west line of Hensler place, to the north line of said Caspar and Catharine Bour's premises; thence easterly, along said north line, to the place of beginning; being a strip of land ten and seventy-five hundredths feet in width taken off from the east end of lot No. 3, as shown on a map of the Bour and Saffran subdivision, above referred to.

These premises are owned by George Tuety, who resides in the city of Rochester, N. Y., and are subject to the mortgage to Mary Meng, Jacob Keller, and the Rochester Dime Savings and Loan Association, above referred to.

PARCEL NO. 5.

Also, all that other tract or parcel of land, situate in said city, county and state aforesaid, bounded and described as follows:

Beginning at a point in the west line of Hensler place, where the north line of the premises of George Tuety, above described, intersects the same; thence northerly, along the west line of said Hensler place, about thirty-five feet to the premises owned by James Brackett, as executor; thence westerly, along the south line of said Brackett's premises, ten and seventy-five hundredths feet; thence southerly, on a line parallel with, and 10.75 feet westerly from, the west line of Hensler place, to the north line of said Tuety's premises; thence easterly, along said Tuety's north line, to the place of beginning; being a strip of land 10.75 feet in width, taken off from the east end of the premises owned by Morris Lazarus, on the west side of Hensler place, and known as lot No. 4 of the Bour and Saffran subdivision, above referred to.

These premises are owned by Morris Lazarus, who resides in Rochester, N. Y., and are subject to the mortgages given to Mary Meng, Jacob Keller, and the Rochester Dime Savings and Loan Association, above referred to, and also subject to a mortgage of \$1,100, running to the Goodman Street Dime Savings and Loan Association, dated June 30, 1890, and recorded in said clerk's office, and July 1, 1890, in Liber 331 of Mortgages, at page 260, and also subject to a mortgage for \$100, running to said association, dated August 28, 1890, and recorded September 2, 1890, in said clerk's office, in Liber 335 of Mortgages, at page 57, and also subject to a mortgage for \$200, running to Caspar Bour and wife, dated June 20, 1890, and recorded in said clerk's office November 19, 1890, in Liber 339 of Mortgages, at page 36.

PARCEL NO. 6.

Also, all that other tract or parcel of land, situate in said city, county and state aforesaid, bounded and described as follows:

Beginning at a point in the west line of Hensler place, where the north line of the premises of said Lazarus intersects the same; thence northerly, along the west line of Hensler place, about thirty-five feet, to the north line of premises owned by Caroline Sellinger; thence westerly, along said Sellinger's south line, ten and seventy-five hundredths feet; thence southerly, on a line parallel with and 10.75 feet westerly from the west line of Hensler place, to the north line of said Lazarus's land; thence easterly, along said north line, to the place of beginning; being a strip of land 10.75 feet in width, taken off from the east end of lot No. 5, of Bour and Saffran's subdivision, above referred to.

These premises are owned by said James Brackett, as executor of Mary Brackett, deceased, who resides in the city of Rochester, N. Y., and are subject to the mortgages to Mary Meng, Jacob Keller and the Rochester Dime Savings & Loan Association, above referred to, and are also subject to a mortgage for \$900, running to the Fourth Ward Permanent Savings & Loan Association, dated July 22, 1891, recorded in said clerk's office, July 23, 1891, in Liber 346 of Mortgages, at page 476.

PARCEL NO. 7.

Also, all that other tract or parcel of land, situate in said city, county and state aforesaid, bounded and described as follows:

Beginning at a point in the west line of Hensler place, where the north line of the premises owned by James Brackett, as executor, last above described, intersects the same; thence northerly, along the west line of Hensler place, about thirty-five feet, to the south line of premises owned by Catharine L. Craig; thence westerly, along said Craig's south line, ten and seventy-five hundredths feet; thence southerly, on a line parallel with and 10.75 feet westerly, from the west line of Hensler place, to the north line of premises of said Brackett; thence easterly, along said north line, to the place of beginning; being a strip of land 10.75 feet in width, taken off from the east end of lot No. 6 of said Bour & Saffran's subdivision, above referred to. These premises are owned by Caroline Sellinger, who resides in Rochester, N. Y., and are subject to the mortgages to Mary Meng, Jacob Keller, and the Rochester Dime Savings & Loan Association, above referred to, and subject also to a mortgage for \$1,100, running to the New Homestead Loan Association, dated May 7, 1891, recorded in said clerk's office, May 18, 1891, in Liber 346 of Mortgages, at page 206.

PARCEL NO. 8.

Also, all that other tract or parcel of land, situate in said city, county and state aforesaid, bounded and described as follows:

Beginning at a point in the west line of Hensler place and the north line of said Sellinger, last above described, intersects the same; thence northerly, along the west line of Hensler place, about thirty-five feet, to the north line of other premises owned by said Sellinger; thence westerly, along said Sellinger's south line, ten and seventy-five hundredths feet; thence southerly, on a line parallel with, and 10.75 feet westerly from the west line of Hensler place, to the north line of said Sellinger's land, last above described; thence easterly, along said Sellinger's north line, to the place of beginning; being a strip of land 10.75 feet in width, taken off from the east end of lot No. 7 of said Bour & Saffran's subdivision, above referred to. These premises are owned by Catharine L. Craig, who resides in Rochester, N. Y., subject to any interest

that George Saffran may have therein, and are subject to the mortgage to Mary Meng, Jacob Keller and the Rochester Dime Savings & Loan Association, above referred to, and also subject to a mortgage for \$1,000, running to Harriet C. Bebee, dated February 9, 1892, and recorded in said clerk's office, April 12, 1892, in Liber 352 of mortgages, at page 301; also subject to a mortgage for \$950, running to Allen R. Sheffer, dated April 12, 1892, recorded in said clerk's office, on the same day, in Liber 354 of Mortgages, at page 420.

PARCEL NO. 9.

Also, all that other tract or parcel of land, situate in said city, county and state aforesaid, bounded and described as follows:

Beginning at a point in the west line of Hensler place, where the north line of premises of Catharine L. Craig, above described, intersects the same; thence northerly, along the west line of Hensler place, about thirty-five feet, to the south line of premises owned by Dorothy Albrecht; thence westerly, along said Albrecht's south line, ten and seventy-five hundredths feet; thence southerly, on a line parallel with, and 10.75 feet westerly from the west line of Hensler place to the north line of said Craig's land; thence easterly, along said Craig's north line, to the place of beginning; being a strip of land 10.75 feet in width, taken off from the east end of lot No. 8 of said Bour & Saffran's subdivision. These premises are owned by Caroline Sellinger, who resides in Rochester, N. Y., and are subject to the encumbrances referred to in parcel No. 7.

PARCEL NO. 10.

Also, all that other tract or parcel of land, situate in said city, county and state aforesaid, bounded and described as follows:

Beginning at a point in the west line of Hensler place, where the north line of the premises of Caroline Sellinger, last above described, intersects the same; thence northerly, along the west line of Hensler place, about thirty-five feet, to the south line of other premises owned by said Sellinger; thence westerly, along said Sellinger's south line, ten and seventy-five hundredths feet; thence southerly, on a line parallel with, and 10.75 feet westerly from the west line of said Hensler place, to the north line of premises of said Sellinger, last above described; thence easterly, along said north line, to the place of beginning; being a strip of land 10.75 feet in width, taken off from the east end of lot No. 9 of said Bour & Saffran's subdivision. These premises are owned by Dorothy Albrecht, who resides in Rochester, N. Y., subject to any interest which George Saffran may have therein, and also subject to the mortgages to Mary Meng, Jacob Keller and the Rochester Dime Savings & Loan Association, above referred to, and a mortgage for \$3,300, running to Eliza Reid, dated February 15, 1892, and recorded in said clerk's office on February 17, 1892, Liber 352 of Mortgages, at page 201.

PARCEL NO. 11.

Also, all that other tract or parcel of land, situate in said city, county and state aforesaid, bounded and described as follows:

All of which is respectfully submitted,

WILLIAM H. WEBB,
BERNARD RITRENTHALER,

Commissioners of Appraisal.

Dated, Rochester, N. Y., February 28, 1893.

Ordered received, filed and published.

By Ald. Kelly—Resolved, That the first regular meeting of the Common Council in March, 1893, be, and is hereby, designated as the time when any objection to the report of the commissioners in the matter of the widening of Hensler place in said city, will be heard.
Adopted.

By Ald. Aikenhead—

ROCHESTER, N. Y., Feb. 25, 1893.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Permission is respectfully asked for the use of the City Hall on the evening of March 17th for the purpose of giving a concert by the Corpus Christi church choir for the benefit of the orphans of St. Mary's and St. Patrick's asylums.

Yours respectfully,

JAMES J. LEARY.

Pastor of Corpus Christi Church.

Ordered received, filed and published, and, upon motion of Ald. Aikenhead, permission was granted.

By Ald. Lewis—

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, Feb. 28, 1893.

To the Common Council:

Gentlemen:—The Executive Board directs me to inform you that the expenditures during the last month for the care of the streets and removal of ashes and rubbish as well as cleaning of snow, from sidewalks, have been unusually large, owing to the prevailing stormy weather and the extremely large fall of snow.

The balance to the credit of the fund on this date is \$1,600, while the pay roll for labor for the week ending next Thursday will amount to more than \$5,000.

It is necessary, therefore, that your honorable body provide at least \$10,000, to meet the expenses that are immediately necessary for the highway department.

Respectfully,
THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Lewis—Resolved, That the City Treasurer be and he hereby is authorized and directed to issue the city's note for ten thousand dollars (\$10,000) under the authority of section 81 of the city charter; said note to be discounted under the direction of the Finance Committee, to be countersigned by the chairman of the Finance Committee. The proceeds of said note to be credited to Highway Fund and the discount thereon to be charged to Contingent Fund.

Adopted by the following vote:
Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Lempert, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer.—17.

CITY TREASURER'S OFFICE, }
ROCHESTER, N. Y., Feb. 27, 1893. }

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—On January 10th, 1893, and February 7th, 1893, there were confirmed by your honorable body rolls for Genesee street outlet sewer Ord. 3,814, and Caroline street sewer Ord. 4,356, respectively. The former for \$42,870.55 and the latter for \$976.55. By reference to pages 429 and 430, Common Council proceedings of 1889-90, I find awards to the amount of \$730 were made. Of this amount \$125 (the amount awarded to John Drew) was paid him March 12th, 1891. According to a resolution passed July 15th, 1890, the City Treasurer was directed to deposit in the Rochester Savings Bank the amount to the credit of the several persons to whom said awards were made upon the certificate of the city attorney.

The first certificate we have received of such awards was presented at this office February 25th, 1893, by Mrs. Henrietta Witzel for \$146 which led to the discovery that none of the money awarded has been charged to the account.

If a new roll has to be made for this ordinance it will be three of four months before we can commence collections on it as the required time for hearing allegations, (10 days), the time it will take to figure up and make a new roll, binding, etc. in the Assessors' office, having new bills ordered from this office and rewriting same will undoubtedly take some time to say nothing of the additional expense to incur, and losing the use of the money for so long a time and when it is so much needed. To the original cost of the roll 12 per cent. interest was added to make a three payment roll of it. The added interest is deducted according to the date of payment of assessment, the discount decreasing at the rate of 1-2 per cent. a month.

Would it not be as satisfactory all around to make good the \$605 left out of the original cost by decreasing the discount proportionately.

In the case of Caroline street sewer Ord. 4,356 two awards were made, \$75 to Henry Almeroth and \$150 to August Pappert for taking of lands, etc. The former amount was paid and figured to the cost of work. Nothing has ever been done with the \$150. I would therefore recommend that the roll be reconsidered

and assessors be instructed to make a roll on the correct total cost.

Your immediate action on these matters will save considerable work.

Yours respectfully,
S. B. WILLIAMS, City Treasurer.

Ordered received, filed and published, and, upon motion of Ald. Lewis, referred to Assessment Committee.

CITY ATTORNEY'S OFFICE, }
ROCHESTER, N. Y., Feb. 28, 1893. }
To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Charles H. Fairchild has delivered to me a deed of certain water rights at Honeoye Falls, in the town of Bloomfield, as per agreement made with the city of Rochester in December, 1890, as appears by the proceedings of the Executive Board of December 20, 1890, found in the proceedings of said board for the year 1890-91, at page 163.

He has also furnished an abstract of title and a properly executed deed, also an affidavit of title which I herewith transmit. A resolution of title for the payment to him of the sum of \$7,000 should be adopted.

Respectfully submitted,

C. D. KUBHEL, City Attorney.

Ordered received, filed and published.

By Ald. Lewis—Resolved, That the Executive Board be and it hereby is directed to draw an order on the City Treasurer, payable from the additional water supply fund, in favor of Charles H. Fairchild for the sum of \$7,000 in full for water rights purchased of him by the city of Rochester, and that said order be delivered to the city attorney to be by him delivered to said Fairchild.

Adopted by the following vote:
Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Lempert, Fox, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer.—18.

REPORTS OF STANDING COMMITTEES.

By Ald. Forsyth—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Law Committee begs leave to make the following report:

In the matter of the communication of the city attorney in respect to the judgments recovered by Theresa Wannamaker against the city, we find that the appeal taken by the city, to the Court of Appeals, has been decided against the city, and that the several judgments of the Supreme Court and Court of Appeals are due from the city to Theresa Wannamaker. The judgment of the supreme court is \$5,402.75, with interest from June 12, 1891; of the general term is \$92.50, with interest from January 27, 1892, and of the court of appeals is \$107.80, with interest from January 19, 1893, and we respectfully recommend that the above judgments be paid, upon the certificate of the city attorney that proper stipulations and releases have been filed in his office.

In the matter of the judgment recovered against the city in the case of Sopherine Case, we find that the action was for sewage pollution, and that there are no questions in the case which require an appeal to a higher court, and we, therefore, recommend that said judgment, amounting to \$661.65, with interest from January 6, 1893, be paid, upon the certificate of the city attorney.

In the matter of the judgment recovered by William A. Lyon against the city amounting to \$312.52, we find that the action was begun to recover damages for sewage pollution, and that no questions of law arise in the case that require an appeal to a higher court, and we, therefore, recommend that said judgment be paid, with interest from January 23, 1893.

In the matter of the applications for appointment as Commissioners of Deeds, we recommend that the applications of the following named persons be granted:

John Brady, Dennis L. Covill, M. L. Cross, Emmanuel Detamble, Jr., Eugene J. Dwyer, Frank W. Emerson, E. A. Eugler, Edward J. Erier, George E. Guggenheim, J. P. Hadcock, George H. Harris, Winfield P. Hickey, James Holohan, Joseph Hubacheck, M. J. Isselhard, W. H. Jessorer, A. J. Kneale, Carrie M. Leggett, Maurice Leyden, A. R. Manderville, Michael J. McMahon, Robert S. McMahon, George C. Miller, A. E. Nelson, A. E. Röss, Devillo W. Selye, Charles A. Schmidt, W. F. Sullivan, Herbert S. Wilbur, Jessie P. Willard, Jessie H. Wixom.

All of which is respectfully submitted,

D. W. FORSYTH,
MERTON E. LEWIS,
HENRY G. COOK.

Law Committee.

Ordered received, filed and published.

By Ald. Forsyth—Resolved, That, upon the certificate of the city attorney that proper releases and stipulations have been filed in his office, the city clerk be, and he hereby is, directed to draw an order on the city treasurer, to be drawn from the Contingent Fund, to the order of Theresa Wannamaker, or her attorneys, J. & Q. Van Voorhis, Esqs., for the sum of five thousand six hundred and three dollars and five cents (\$5,603.05) with interest on \$502.75 from June 12, 1891, on \$92.50 from January 27, 1892, and on \$107.80 from January 19, 1893, and that the city treasurer be, and he hereby is, directed to charge said amount to the Contingent Fund.

Adopted by the following vote:

Ayes—Alds. McMillan, C. S. Cook, Callhan, Zimmer, Adams, Lempert, Fox, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer.—18.

By Ald. Forsyth—Resolved, That, upon the certificate of the city attorney that proper releases and stipulations have been filed in his office, that the city clerk be, and he hereby is, directed to draw an order, payable from the Contingent Fund, to the order of Sopherine Case, or his attorney, Hubbell & McGuire, Esqs., for the sum of six hundred and sixty-one dollars and sixty-five cents (\$661.65), with interest from January 6, 1893, and the treasurer is hereby directed to charge said amount to the Contingent Fund.

Adopted by the following vote:

Ayes—Alds. McMillan, C. S. Cook, Callhan, Zimmer, Adams, Lempert, Fox, Johnston, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer.—18.

OFFICE OF BOARD OF EDUCATION, }
 ROCHESTER, N. Y., March 6, 1893. }

At a regular session of this board held on this date the following resolution was adopted. A copy of the communication therein referred to, and also a copy of the proposed act are hereto attached for reference.

Yours, etc.,

MILTON NOYES, Cl rk of Board.

Commissioner Reynolds submitted the following:
 Resolved, That the Common Council be requested to ask our representatives in the state legislature to favor the passage of an act amending subdivision six of section 129 of the city charter, increasing the limit which may be granted by them to \$25,000 to the repair fund annually. The reasons for such a change were set forth in a communication from this board to the Common Council January 4, 1892.

AN ACT to amend chapter one hundred and forty-three of the laws of 1861, entitled "An act to amend and consolidate the several acts in relation to the city of Rochester" as amended by chapter 190 of the laws of eighteen hundred and ninety-two.
 The people of the state of New York represented in senate and assembly, do enact as follows:

Section 1. Subdivision six of section one hundred and twenty-nine, of chapter 143, of the laws of 1861, as amended by section ten, of chapter 190, of the laws of 1892, is hereby amended so as to read as follows:

6. The amount to be raised for teachers' wages and contingent expenses in any one year shall not be less than six dollars nor more than eighteen dollars per capita, based on the average number of resident pupils enrolled in the several public schools of said city, for the school year ending on the first day of May next preceding the levying of the general city taxes in each and every year. A sworn statement of such number of pupils so enrolled shall be made by the superintendent of schools according to the verified monthly reports of the principals of said schools. Nor shall the amount to be raised in any one year to lease, alter, improve and repair school houses and their outhouses and appurtenances, exceed twenty-five thousand dollars, or to purchase and improve sites and build or enlarge school houses exceed fifty thousand dollars, or for library purposes exceed three thousand dollars; and the Common Council of said city are authorized and directed, when necessary, to raise by loan, in anticipation of the taxes, the amount to be raised, collected and levied as aforesaid.

REPORTS OF COMMITTEES.

Com. Reynolds, chairman of the repair committee, submitted the following report of the To the Board of Education :

repair committee.
 Gentlemen:—Your committee desires at this time to call your attention to the necessity of a larger appropriation annually for the purpose of repairing your school houses, buildings, appurtenances and their fixtures. As you know after the limit to this fund of \$15,000 is fixed by the Common Council each year, no other resources are available to keep in repairs all your school buildings. The remedy must come by an amendment to the city charter, permitting more than that sum to be appropriated annually for those purposes; and we thus call early attention to the subject, that appropriate legislation may be taken in time. We have no doubt the Council will sanction this change if convinced of its necessity. The limited amount was fixed many years ago when you had many less buildings to repair than now, and at a time when most of our schools were comparatively new, and needed much less outlays than at present. To all persons at all familiar with the present condition of the public schools, it requires no argument to show that the present amount is entirely insufficient. For several years the resources of this committee have been severely taxed, and the \$15,000 entirely exhausted in repairs long before the expiration of the fiscal year. Indeed, many old bills contracted by former committees must, under

the present arrangement, be paid by succeeding boards. That, of course, only cripples the succeeding year's fund. We have been careful to reserve a large proportion of the fund to meet unexpected repairs and outlays which will occur in spite of the most careful foresight. When closets are deranged, and the health authorities insist on proper sanitary precautions, or when roofs leak and floors utterly give out, then some expenses must be incurred whether there are funds available or not. You have the care and custody of thirty-four school buildings, many of them built twenty and thirty years ago with more than four hundred rooms. And if you are to keep these in respectable shape, you must have more money to do it with. Some years the necessary enlargement of buildings to accommodate increase of pupils will almost exhaust the year's entire appropriation.

All the blackboarding, plumbing, ventilating, painting, whitewashing, roofing and repairing expenses, and the rental of annexes, should be met by the repair fund.

It is utterly impossible to do all this and keep some of your buildings tenable and clean as the patrons insist shall be done. The amount available this year for these purposes has been entirely inadequate; and this condition of affairs is growing worse every year. Several buildings are now suffering from lack of necessary painting, both inside and out; and it is ruinous economy to let them go without it. The walks in front of other school lots are in very bad condition, and notwithstanding notices have been served by the Executive Board upon us to make necessary repairs, we have been unable to comply.

The school ceckbbf vbgkj xzffffibgwympdlw
The amount of lumber required each year for the school carpenter's necessary repairing is chargeable to this committee's fund, and yet we are unable to equip some new buildings with storm houses to protect from the severe storms and weather. That officer's disbursements and expenses for help and cartage necessarily required are a tax on the overburdened fund. The necessary repair of old school desks and furniture involves quite an outlay, and yet economy requires it.

Two of our public school cellars are not drained and their damp and unwholesome condition is a disgrace to our school system. But we are powerless to do these things and yet keep within the charter requirements.

The sum of \$10,000 could be well invested in ventilating some of the old buildings, which require it. These are public, well-known facts. The buildings are open to public inspection, and any citizen interested can easily verify these statements. Of course the buildings erected during the past few years are well ventilated; and, generally, are well equipped, but that does not relieve the unfortunate condition which to-day prevails in districts 7, 9, 12, 17, 21, 22, 23, 25 and 27. We invite public inspection of this matter.

We, therefore, recommend the adoption of the following:

Resolved, That the Common Council request our representatives at Albany to urge the passage of an amendment to subdivision six of section 129 of the present city charter as amended in 1888, so that the same will read as follows:

Section 129, subdivision 6. The amount to be raised for teachers' wages and contingent expenses in any one year shall not be less than six dollars nor more than eighteen dollars per capita, based on the average number of resident pupils enrolled in the several public schools of the city, for the school year ending on the first day of May next preceding the levying of the general city taxes in each and every year. A sworn statement of such number of pupils so enrolled shall be made by the superintendent of schools according to the

verified monthly reports of the principals of said schools. Nor shall the amount to be raised in one year to lease, alter, improve and repair school houses and their outhouses and appurtenances, exceed twenty-five thousand dollars. Nor shall the amount to be raised in any one year to purchase and improve sites, and build or enlarge school houses, exceed fifty thousand dollars; and the Common Council of said city are authorized and directed, when necessary, to raise by loan, in anticipation of the taxes, the amount to be raised, collected and levied as aforesaid."

The passage of this enabling act would not, necessarily, oblige the council to give us the full amount. We think they would do so whenever convinced that it was necessary.

All of which is respectfully submitted.

By Ald. H. G. Cook—

WIDENING OF THE BIG RIDGE—LOCAL IMPROVEMENT.

Whereas, The City Clerk has ascertained and reported the entire and aggregate expense of and connected with the widening of the Big Ridge in the city of Rochester, under Final Ordinance No. 4,199, including any and all damages or awards made by the commissioners of appraisal, and all the costs and charges of the city in the proceeding, at the sum of one hundred and twenty-nine dollars and ten cents (\$129.10) and which expense has been heretofore duly adjusted by this Common Council, as thus reported and due notice of the time for hearing allegations has been duly published by the City Clerk, as required by the city charter.

Resolved, That the portion or part of the city on which the said expense is hereby directed to be assessed, and which this Common Council deems will be benefited by the improvement, are the lots and parcels of land within the part of the city described and directed to be assessed in and by the final ordinance relative to the said improvement, and the assessors of said city, if they are not interested in any of the property or lots or parcels of land to be taken, or situated or being to be benefited and directed to be assessed, as aforesaid, are hereby directed to apportion and assess the said expense and to make an assessment upon all the lots and parcels of land within the portion or part of city directed to be assessed and benefited as aforesaid, as near as may be in proportion to the benefit which each shall be deemed to receive thereby.

Adopted by the following vote:
Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer.—20.

By Ald. H. G. Cook:

WIDENING OF NORTH ST. PAUL STREET—LOCAL IMPROVEMENT.

Whereas, The City Clerk has ascertained and reported the entire and aggregate expense of and connected with the widening of North St. Paul street in the city of Rochester, under Final Ordinance No. 4,204, including any and all damages or awards made by the commissioners of appraisal, and all the costs and charges of the city in the proceeding, at the sum of one thousand eighty-seven dollars and twenty-five cents (\$1,087.25) and which expense has been heretofore duly adjusted by this Common Council, as thus reported and due notice of the time for hearing allegations has been duly published by the City Clerk, as required by the city charter.

Resolved, That the portion or part of the city on which the said expense is hereby directed to be assessed, and which this Common Council deems will be benefited by the improvement, are the lots and parcels of land within the part of the city described and directed to be assessed in and by the final ordinance relative to the said improvement, and the assessors of said city, if they are not interested in any of the property or lots or parcels of land to be taken, or situated or being within the part or portion of the city deemed to be benefited and directed to be assessed, as aforesaid, are hereby directed to apportion and assess the said expense and to make an assessment upon all the lots and parcels of land within the portion or part of the city directed to be assessed and benefited as aforesaid, as near as may be in proportion to the benefit which each shall be deemed to receive thereby.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis Forsyth, Bierbrauer.—20

MISCELLANEOUS BUSINESS.

By Ald. McMillan—Petition for a lift bridge over the Erie canal at Fitzhugh street.

Referred, upon motion of Ald. McMillan to the Law Committee and City Surveyor.

By Ald. C. S. Cook—

ROCHESTER, N. Y., March 8, 1893.

To the Honorable, the Common Council:

On account of our extensive building operations we find it necessary to utilize more room in our wholesale building on St. Paul and Division streets for retail purposes, and would therefore pray your honorable body for permission to extend our present bridge on Division street downwards so as to connect the third and second stories of our building. The bridge to be constructed of iron and steel and to be fire proof.

Yours respectfully,

SIBLEY, LINDSAY & CURR.

Ordered received, filed and published.

By Ald. C. S. Cook—

Resolved, That consent be given to Rufus A. Sibley and Alexander M. Lindsay to erect and maintain an overhead bridge across Division street in this city between their buildings on the corner of North St. Paul street and Division street; said bridge to be constructed and erected under the supervision of the Executive Board to whom it is referred to decide all matters of detail and it is empowered to make such contract, and is authorized to take such security of indemnity, as the board may deem best for the interests of the city.

Adopted.

By Ald. Adams—Whereas the Rochester Truck & Storage Company were instructed to place the steel booths in position for the registration and election purposes and were given sufficient time to do the same and

Whereas, The above company failed to have the booth in position in the third district of the sixth ward and it was found necessary to procure a house for the purpose of registration. Therefore,

Resolved, That the said company be charged the sum of five dollars (the amount due for use of said house) and said amount be deducted from their bill.

Upon motion of Ald. Adams referred to the Law Committee.

By Ald. Adams—Resolved, That the City Surveyor be instructed to prepare an ordinance for the sweeping and cleaning of Vine street.

Adopted.

By Ald. Johnston—

Statement showing first the use of Hemlock water and the inequalities in charges for it. Second, The insufficiency of the water income.

Third, The injustice of the \$100,000 annual contribution through the tax levy.

The following statement is made by taking the table on page 47 of the Executive Board's printed report for 1892 as a basis.

Accounts.		Number of accounts.		Average number gallons used daily.		Average number gallons each acc't.		Average No. bbls. 30 gals. each account.		Annual income.		Amount received for each 1,000 gallons.	
Selected meter accounts, paying the minimum charge of \$4 and \$8 without debit, closets and other extras.	12,000	2,945	2,314,000	90	292	\$118,245 00	14	3	54,000 00
Other accounts.....	10,484	1,080,000	385	11	125,837 00	098	11	125,837 00
General city use, school houses, engine houses and city buildings.....	50	2,500,000	500
Drinking fountains.....	40	6,000	150
Fires, sewer flushing and street sprinkling.....	75,000
.....	25,208	7,000,000	270	9	\$297,882 00

The sewer flushing and street sprinkling are done by the Holly water and this water is also used for fire purposes. Out of the 210 fire alarms last year, the Hemlock water was only used in 86 and at fully one half of these, not more than one stream of Hemlock was used, so that the allowance of 75,000 gallons daily for fire purposes seems an ample supply. Average amount received per thousand gallons, 12c.....
 Annual income from its 9,900,000 gallons daily supply at 14c.....\$ 352,590
 Annual income from its 7,000,000 gallons daily supply at 14c..... 357,700

WATER WORKS EXPENDITURES.

Operating expenses for the year ending March 31, 1892.....\$135,986
 Interest on water bonds..... 251,440

Aggregating\$387,426

To meet this by a sale of 7,000,000 gallons daily, the price per thousand gallons should be at least 15c and from the above statements we think it fair to assume that the 10,484 services using three and one half million gallons daily at a cost of 9.8c per thousand gallons should be required to pay their full ratable share of water income. Should, however, the need of more water be imperative and an additional 2,000,000 gallons daily supply be will be increased \$70,000 and the price of 15c per thousand gallons will still be needed secured, the aggregate annual expenditures to meet them.

TOTAL COST OF WATER SYSTEM.

The total outlay and cost of the water works system March 30, 1892, was \$5,132,000, for which bonds of \$3,592,000 were issued and the balance of \$1,540,000 has been paid through

the tax levies. For this latter amount, the only direct compensation the city has ever received is the frontage tax, averaging \$10,000 a year and the use of the Holly water; and in view of the city's waiving any charge for interest on this \$1,540,000, it seems unreasonable and unbusinesslike to ask the people at large for an annual contribution of \$100,000 through the tax levy to protect a shortage that should be borne by the water consumers. The payment of this amount by the water consumers will work no hardship to them, as their general city taxes will be reduced in the same proportion that their water rates are increased.

By Ald. Johnston—

Whereas, The executive board records show that the total income from consumers for the use of Hemlock water during the year ending April 30, 1892 was \$297,892; and

Whereas, The said records show that the operating expenses for the same time were \$135,986, and the annual interest on the water bonds \$251,440, making the annual water works expenditures \$387,426, and

Whereas, the said records also show that the water works system has never been self-supporting without the city's annual contribution through the tax levy of \$100,000, therefore,

Resolved, That the executive board be, and it is hereby requested to revise the charges for water rents, so that the annual water income will at least equal the annual water works expenditures and interest on the water bonds without any contribution from the tax levy. In making this revision, neither the expenditures made through the water pipe fund nor the income from the frontage tax should be recognized nor included, as they both offset and supplement each other and should be kept separate from the water works fund.

Ordered received, filed and published.

Upon motion of Ald. Johnston action thereon was postponed until the next regular meeting.

By Ald. Ward:

ROCHESTER, N. Y., March 3, 1893.

To the Honorable, the Common Council of the City of Rochester:

REPORTS OF STANDARD COMMITTEES.

By Ald. Johnston—

OFFICE OF THE CITY ATTORNEY, }
ROCHESTER, N. Y. Mch. 13, 1893. }

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—Your charter amendment committee begs leave to report upon the matters submitted to it for consideration as follows:

In the matter of the application of certain persons to operate night lunch carts, so called, in this city, we beg leave to recommend that such consent be given upon the payment of an annual fee of at least \$50 for each wagon, and submit herewith a resolution embodying the views of the committee in that regard.

In the matter of the proposed amendment to Subdivision 6, of section one hundred and twenty-nine of the City Charter increasing the limit which may be appropriated by the Common Council for the repair fund of the Board of Education from \$15,000 to \$25,000, your committee deems it advisable to recommend such increase.

Other matters were considered but action thereon was postponed.

All of which is respectfully submitted.

JAMES JOHNSTON,
M. H. LEMPERT,
WM. WARD,
M. B. ADAMS.

Charter Amendment Committee.

Ordered received, filed and published.
By Ald. Johnston—Resolved, That the consent of the Common Council is hereby given to operate night lunch wagons in this city upon the payment of a license fee to the city clerk of \$50.00 for each wagon; said license to extend for one year from the date when it is granted; the application for such license to be made to the City Clerk in writing and to state the hours during which said wagon or wagons are to be used and their size, and other particulars so as to give the City Clerk full information as to the character of said business; it is expressly understood, however that no consent or license by virtue of this resolution is to be construed as to permit any person to use the streets in violation of any of the penal ordinances relating to the same.
Adopted.

By Ald. Johnston—Resolved, That the amendment to subdivision 6 of section one hundred and twenty-nine of the city charter submitted to the Common Council at the meeting held March 8th, 1893, be and the same is hereby is approved, and

Further resolved, That the Honorable Senator and member of Assembly from this district be and they are severally respectfully requested to urge the immediate passage of said amendment.

Upon motion of Ald. C. S. Cook, the resolution was laid on the table until the next regular meeting.

By Ald. H. G. Cook:—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your assessment committee begs leave to make the following report:

In the matter of the petition of Henry Forscher praying to be allowed to pay a just proportion of certain unpaid taxes against lots No. 30 and 31 of the Caledonia Town Lot No. 54, on Caledonia avenue, for the general city tax of 1869, we recommend that the petition be granted.

In the matter of the petition of Bridget French praying that certain monies paid by her for city taxes for the year 1890, against property owned by the heirs of David Clarke, and known as lots Nos. 125 and 126 on the east side of Chatham street, be remitted to her we recommend that the petition be granted, in accordance with the accompanying resolution.

In the matter of the petition of Minnie J. Bessunger praying to have remitted to her certain moneys paid to the City Treasurer for the city tax for the years 1889-1890, against lot 69 on the north side of Hudson park, and assessed to Benjamin H. Ketchum, we find, upon investigation that the taxes against said lot were paid by the owner of said lot and also erroneously by the petitioner, and therefore, recommend that the sum paid in by the petitioner be remitted.

In the matter of the assessment of Genesee street outlet sewer under final ordinance No. 3,814, published at pages 201 and 202 of the proceedings of the Common Council for 1891-92, we recommend that the order of assessment be reconsidered and postponed, and that a reassessment be ordered by the Common Council.

In the matter of the assessment for Caroline street pipe sewer, under final ordinance No. 4356, published at page 322, of the current proceedings of the Common Council, we find that a part of the expense of the construction of said sewer, to wit: a portion of the awards made for the right of way, was erroneously

omitted from the report of the expense of the construction of the sewer, and therefore, recommend that said order of assessment be reconsidered, and that the Common Council order a new assessment to be made.

Respectfully submitted,

HENRY G. COOK,
JAMES JOHNSTON,
JULIUS WURTZ,
C. W. ZIMMER,
JOSEPH BIERBRAUER,

Assessment Committee.

Ordered received, filed and published.

By Ald. H. G. Cook—Resolved, That the City Treasurer be, and he hereby is, directed to receive from Henry Forschler the sum of eight dollars and eleven cents, with interest thereon at the rate of six per cent. per annum, from March 30, 1870, pursuant to section 211 of the city charter, and the certificate of the City Assessors made thereunder, dated October 22, 1892, and being his equitable portion of the general city tax for 1869, against lots Nos. 30 and 31 of the Caledonia Town lot No. 54, for which said lots were sold on March 30th, 1870, and that the balance of said tax with interest, fines, etc., allowed by the city charter be and remain a lien on the balance of said lots, in accordance with the provision of the charter above referred to, and, upon the payment of said sum, within thirty days from the passage of this resolution, the portion of said lot owned by said Forschler be relieved from the lien of said taxes.

Adopted.

By H. G. Cook—Resolved, That the City Treasurer be, and he hereby is, directed to advertise and sell lots Nos. 125 and 126 on the east side of Chatham street, assessed to the heirs of David Clarke, for the unpaid city taxes of 1890, said taxes having been erroneously paid by Bridget French, and that the moneys paid by her into the city treasury for and on account of said tax of 1890, amounting to \$117.35 be applied, with interest at the rate of six per cent. towards the payment of the purchase price thereof on such sale.

Adopted.

By Ald. H. G. Cook—Resolved, That the City Clerk be, and he hereby is, directed to draw an order, payable from the contingent fund, in favor of Minnie J. Bessunger, for the sum of fifty-five dollars and thirtyone cents (\$55.31), being the amount erroneously paid by her into the city treasury for the general city tax of 1889 and 1890, against lot 69 on the north side of Hudson park, assessed to Benjamin H. Ketchum, and the City Treasurer is hereby directed to charge the said sum to the taxes for those years.

Adopted by the following vote:

Ayes:—Alds. Tracy, McMillan, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmellink, Lewis Bierbrauer.—18.

Adopted.

By H. G. Cook—Resolved, That the resolution of the Common Council adopted November 15th, 1892, and published at page 322, current proceedings of the Common Council, relating to the ordering of an assessment for the expenses, etc., of the construction of Caroline street pipe sewer, under final ordinance No. 4356, be, and the same hereby is, indefinitely postponed and repealed.

Adopted.

By Ald. H. G. Cook—Resolved, That that

part of the resolution adopted by this Common Council August 11th, 1891, and published at pages 201 and 202 of the proceedings of the Common Council for 1891 and 1892, relating to the ordering of an assessment for the expenses, etc., for the construction of Genesee street outlet sewer, under final ordinance No. 3814, be, and the same hereby is reconsidered.

Adopted.

By Ald. H. G. Cook—Resolved, That that part of the resolution adopted by this Common Council August 11th, 1891, and published at pages 201 and 202 of the proceedings of the Common Council for 1891 and 1892, relating to the ordering of an assessment for the expenses, etc., for the construction of Genesee street outlet sewer, under final ordinance No. 3814, be and the same hereby is, indefinitely postponed and repealed.

Adopted.

Ald. Calihan from the City Property Committee, Ald. Zimmer from the Contingent Expense Committee, Ald. Adams from the Lamp Committee and Ald. Wurtz from the Poor Committee reported in favor of the various bills referred to their respective committees and referred them to the Finance Committee and auditor for payment.

REPORT OF SELECT COMMITTEES.

To the Honorable the Common Council of the City of Rochester.

Gentlemen: Your special committee on an additional temporary supply of water begs leave to report as follows: Your committee has had under consideration for some time the proposition of the gentlemen to furnish water from the artesian wells located in the town of Brighton. That proposition, it will be remembered, was to deliver into Mt. Hope reservoir water at the rate of 10 cents per thousand gallons. Your committee has visited the wells and is satisfied of the purity of the water, and that it would be desirable to procure some water from that source. Any large increase in the water supply at the present time is not desirable, because of the lack of facilities for distributing it through the distributing mains now in existence, but it is believed that a million gallons a day delivered into Mt. Hope reservoir would be of benefit by enabling the water works department to do away very largely with the pressure reduction system, so that all parts of the city would have full pressure at all times of the day. This would not necessarily mean that all parts of the city would have all the water they required at all times of the day, because more water is drawn from the reservoir during some portions of the day than is received into the reservoir, and during the periods when the large quantities of water are used, houses on the higher parts of the city would not receive very much benefit from the doing away of the pressure reduction system.

Your committee, however, has been convinced of the fact that the price at which the gentlemen making the offer propose to furnish the water is excessive. The estimate of the expense necessary to establish the pumping plant is \$40,000; the cost of maintaining the pumping plant after the plant is established, your committee is advised by the chief engineer, would be not to exceed \$5,000 or \$6,000 per year. The interest upon the investment, allowing 10 per cent., which is a large return for the money, would be \$4,000 per year.

It is claimed by the company that it runs a considerable risk in establishing the plant, inasmuch as they may not be able to furnish the water continuously, and may succeed in pumping the wells dry after a little time. Probably an additional 10 per cent. would be a fair premium to pay for the risk which they run, which would amount to \$4,000. The in-

terest upon the investment and the premium upon the risk would therefore amount to \$8,000, and the cost of doing the work and pumping the water say at \$10,000, allowing for all possible contingencies, would make a total of \$18,000 per year. Assuming that the city were to take a million gallons a day on an average, it would seem to your committee that the gentlemen making the offer could afford to sell the water to the city at a price considerably lower than the price they have named.

It is probable that they may not choose to reduce the price named in their offer, and as the city has on hand now a large pump and engine purchased at the time of the Gates wells experiments. It is probable that the city could better afford to establish its own plant and pump the water into the reservoir, using its own servants and machinery, rather than to buy the water at the price named. Your committee has, therefore, decided to recommend that the proposition of the several gentlemen be declined, and that the executive board be requested to negotiate with the owners of the land upon which those wells are located for the right to draw the water from them, and in the event that satisfactory arrangements cannot be made for that purpose or for the purchase of the water at a reasonable price, then that the city attorney be instructed to begin proceedings at once for the purpose of acquiring the right to the city to secure the water from those wells.

All of which is respectfully submitted.

MERT N E. LEWIS,
ALVIN H. DEWEY,
JAMES M. AIKENHEAD.

Ordered received, filed and published.

By Ald. Lewis.—Resolved, That the proposition heretofore made by John N. Beckley and others to furnish a temporary supply of water from the Brighton wells, so called, at the rate of ten cents per thousand gallons be, and the same is hereby declined.

Ald. Kelly moved that action upon the resolution be indefinitely postponed.

The motion to postpone was lost by the following vote.

Ayes—Alds. Tracy, Lempert, Ward, Kelly, Bierbrauer—5.

Nays—Alds. McMillan, Calihan, Zimmer, Adams, Fox, Johnston, Wurtz, Dewey, H. G. Cook, Pauckner, Simmellink, Lewis, Forsyth, —13.

Upon motion of Ald. Lewis the original motion was adopted.

By Ald. Lewis—

Resolved, That the executive board be, and it is hereby requested to negotiate at once with the owners of the land upon which the Brighton wells, so called, are located and with the owners of the wells for the right to draw water from these wells for the use of the city, and report the result of their negotiations to this council at its next regular meeting.

Adopted.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the clerk—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—I have the honor to present for confirmation as Park Commissioner, Frank Ritter, to fill the vacancy occasioned by the resignation of James Buckley.

RICHARD CURRAN,
Mayor.

Ald. H. G. Cook moved that the nomination be confirmed.

Adopted by the following vote.

Ayes—Alds. McMillan, Calihan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmellink, Lewis, Forsyth.—16.

By the Clerk—Amended notice of claim of Annie Slavin against the city. Referred to Law Committee.

Also, Claims of Ralph Royle and Geo. A. Weiss for Sewage damage. Referred to Law Committee.

Also, Petitions of James M. Whitney and John G. Zweigle with reference to omit erroneous assessments. Referred to assessment committee.

By the clerk:—

CITY SURVEYOR'S OFFICE,
ROCHESTER, N. Y., Mch. 14, 1893.

To the Honorable, the Common Council of the City of Rochester,

Gentlemen,—In the matter of a petition of taxpayers for an ordinance for an asphalt pavement upon Nassau street, I beg leave to say:

The existing stone sewer in Nassau street from Hudson avenue to St. Joseph street has a fall of only one foot in eleven hundred, and twenty-four, so that it is to a large extent filled with sediment, besides that it is too small to carry off the storm water during heavy showers.

It has been a source of danger to health, and damage to property, for a number of years.

After a careful examination of the question I have reached the conclusion that, before a permanent improvement is placed upon the street it is best for all interests, that the sewer should be rebuilt between Hudson avenue and St. Joseph street.

Very respectfully yours,

J. Y. McCLINTOCK,
City Surveyor.

Ordered received, filed and published and upon motion of Ald. Cook, referred to Sewer Committee.

ACTION ON ORDINANCES.

Ald. McMillan moved that ordinance No. 6002 passed March 8th, 1893 for Plymouth avenue and Plymouth park sprinkling be reconsidered. Carried.

Ald. McMillan moved that action upon said ordinance be postponed three weeks. Carried.

FIRST ORDINANCES.

SWEEPING AND CLEANING CONCORD AVENUE.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of sweeping and cleaning Concord avenue.

Adopted.

The Surveyor submitted as such estimate, \$306.

S. B. WILLIAMS, City Treasurer.

Ordered received, filed and published.

By Ald. H. G. Cook:—Whereas the City Treasurer has ascertained and reported the entire and aggregate expense of, and connected with, the following improvements, including any and all interest that the city has paid or has or shall become liable to pay upon account of any and all orders or notes issued by the city to pay the expenses of such improvements, respectively, adjusted by this Common Council, as thus reported, and the respective portions or parts of the city on which the said expenses are hereby directed to be assessed, and which this Common Council deems to be benefited by the improvements respectively, is as stated and described in the final ordinances relative to the improvements respectively, and the names and expenses of the improvements thus to be assessed are as follows: Ordinance No. 4356, Caroline street pipe sewer \$1,291.88.

And it is further determined that the taxpayers to be assessed for making the foregoing improvement, must pay their assessments within thirty days from the first publication of the advertisement of the notice of the assessment roll, by the City Treasurer; and,

It is further determined, that the taxpayers to be assessed for making the following improvement, viz:

Ordinance No. 3814, Genesee street sewer and outlet, \$48,148.15, may pay their assessments in three equal payments, as follows:

One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-third within one year from the confirmation of such roll, and the remaining one third within two years from the confirmation of such roll. On all sums paid prior to the maturity of said last installment, a discount will be allowed at the rate of six per cent. per annum.

And the assessors of said city, if they are not interested in any of the property within the part or portion of the city deemed to be benefited and directed to be assessed, or if any two of said assessors are not so interested, then such two are hereby directed to make such assessment upon all the lots and parcels of land within the portions or parts of the city above designated and directed to be assessed, of the amounts of the expenses of such improvements, respectively, in proportion, as nearly as may be, to the advantage which the said lots and parcels of land within the respective territories shall be deemed to receive by the making of the respective improvements.

REPORTS OF STANDING COMMITTEES.

By Ald. Ward—
 To the Honorable the Common Council of the City of Rochester:

Gentlemen:—Your Sewer Committee, to whom was referred the communication of the city surveyor relative to an asphalt pavement and sewer on Nassau street, would respectfully report:

Your committee has carefully examined the premises and the maps of the city surveyor showing the location of the various sewers in this vicinity, and also the present sewer in Nassau street, and your committee has become familiar with the condition of the present sewer in Nassau street, which, to a large

extent, is filled with sediment, and is also too small to carry off the storm water after heavy showers, and, for these reasons, we deem it for the best interests of the residents of this street that before an asphalt pavement is constructed, a larger sewer be built in the street, and, therefore, recommend that the city surveyor be instructed to prepare an ordinance for the rebuilding of the sewer in Nassau street, from Hudson street to St. Joseph street.

Respectfully submitted,

WM. WARD,
ALVIN H. DEWEY,
JULIUS WURTZ,
JOSEPH BIERBRAUER,
Sewer Committee.

Ordered received, filed and published.

By Ald. Ward—Resolved, That the city surveyor be, and he hereby is, instructed to prepare an ordinance for the rebuilding of the present sewer in Nassau street, from Hudson street to St. Joseph street.

Adopted.

By Ald. Simmelink—

ROCHESTER, N. Y., March 20, 1893.

C. W. ZIMMER,
WILLIAM WARD,
WM. PAUCKNER,
JAMES JOHNSTON,

Committee.
JOHN A. P. WALTER,
Fire Marshal.

Ordered received, filed and published.

By Ald. Forsyth—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen: Your Law Committee begs leave to make the following report:

In the matter of the claim of Mrs. Emma G. Densmore, individually and as executrix, for sewer damages caused by the pollution of Densmore creek running through her lands and premises, we find that a claim has been presented, and an action begun, claiming damages from March 22, 1887, and that heretofore a judgment has been recovered against the city for the damages to said premises at the rate of about \$125 per year. An offer has been made by her attorney to settle the same at the rate of \$200, in full of all past and

future damages, and we recommend that said offer be accepted.

In the matter of the claim of the Point Lookout Club for Sewage Pollution of the creek running through its premises, we have had a full examination and investigation as to the damages claimed by the club, and have had a number of interviews with its representatives, and we consider that a settlement of the same at \$700, for all past and future damages sustained by the club by reason of the nuisance caused by the sewer, is a fair settlement, and we recommend that the same be made.

In the matter of the injunction order against the city in the case of McMillan against The City of Rochester and others, enjoining the city from building a pier in the Johnson and Seymour race to sustain the arches of the proposed Court street bridge, we have ascertained that a motion has been made at the Monroe special term by the city attorney to dissolve the injunction procured against the city, and that the motion has been denied. A question of law has arisen in the case which involves the construction of a section of the charter, and other questions of great importance to the city, which ought to be determined by the appellate courts, and we recommend that an appeal be taken to the appellate courts, to a final determination, and that the city attorney be authorized to take such appeals.

On the 29th day of March, 1892, an agreement was entered into between the City of Rochester and Frederick Roesch to pay to said Roesch the sum of \$150 per annum for the right, privilege and easement to continue the discharge of sewerage over his property and a payment became due on the 29th day of March 1893. We therefore recommend that an order be drawn in favor of said Roesch for \$150 pursuant to said agreement for the year aforesaid.

On the 16th day of March, 1892, an agreement was entered into between the City of Rochester and Jacob Brower to pay to said Brower the sum of \$75 per annum for the right, privilege and easement to continue the discharge of the sewerage over his property and a payment was due on the 16th day of March, 1893. We therefore recommend that an order be drawn for \$75 in favor of said Brower pursuant to said agreement for the year aforesaid.

On the 15th day of March, 1892, an agreement was entered into between the City of Rochester and Jacob Lindsay to pay to said Lindsay the sum of \$75 per annum for the right, privilege and easement to continue the discharge of sewerage over his property and a payment was due on the 15th day of March, 1893. We therefore recommend that an order be drawn for \$75 in favor of said Jacob Lindsay, pursuant to said agreement, for the year aforesaid.

On the 9th day of March, 1892, an agreement was entered into between the City of Rochester and George A. Weihs, to pay to said Weihs the sum of \$80 per annum for the right, privilege and easement to continue the discharge of sewerage over his property, and a payment was due on the 9th day of March, 1893. We therefore recommend that an order be drawn for \$80 in favor of said George A. Weihs pursuant to said agreement for the year aforesaid.

On the 21st day of September, 1892, an agreement was entered into between the City of Rochester and Ralph Royle, to pay to said Royle the sum of \$50 per annum for the right, privilege and easement to continue the discharge over his property, and a payment became due on the 24th day of January, 1893.

We therefore recommend that an order be drawn in favor of said Royle for \$50 pursuant to said agreement for the year aforesaid.

In the matter of the applications for appointment as commissioner of Deeds we recommend that the applications of the following named persons be granted: Samuel McAuliffe, George A. Brayer, C. W. Bryant, Joseph L. Beach, George C. Miller, Peter G. Miller, George Musseth, William R. Oliver, Azzel S. Penny, J. D. Rutledge, Charles S. Wetmore, and C. J. Billings.

Respectfully submitted,

MERTON E. LEWIS,
D. W. FORSYTH,
HENRY G. COOK,
CHARLES S. COOK,
WILLIAM H. TRACY.

Law Committee.

Ordered received, filed and published.

By Ald. Forsyth—Resolved, That upon the certificate of the City Attorney that stipulations of discontinuance of the actions of Emma G. Densmore, individually, and of Emma G. Densmore, as executrix etc., have been made and filed, and that releases of any and all claims by or on the part of said plaintiff against the city by reason of the discharge of sewage into Densmore creek, at any time before or after the order hereinafter mentioned, and the rights, privileges and easements in and to said creek flowing over said lands have been executed and delivered to him, that the clerk be, and he hereby is, directed to draw an order from the contingent fund in favor of said Emma G. Densmore, individually and as executrix or to her attorneys, Messrs. Hubbell & McGuire, for the amount of costs and disbursements, as certified to by the City Attorney, and the further sum of two hundred (\$200.00) dollars in full of all past or future damages occasioned by the pollution of said creek.

Adopted.

By Ald. Forsyth—Resolved, That the clerk be, and he hereby is, directed to draw orders upon the Treasurer, payable from the contingent fund as follows: One in favor of Frederick Roesch for \$150, one in favor of Jacob Brower for \$75, one in favor of Jacob Lindsay for \$75, and one in favor of George A. Welhs for \$80, being for the right, privilege and easement to continue the discharge of any and all the sewers of the city of Rochester into Thomas and Hobbie creeks during the year ending as set forth in the Law Committee's report accompanying this resolution.

Adopted by the following vote:

Ayes—Alds. McMillan, Calihan, Zimmer, Adams, Lempert, Fox, Wurtz, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—16.

By Ald. Forsyth—Resolved, That the clerk be, and he hereby is, directed to draw an order upon the City Treasurer payable from the contingent fund for \$50, in favor of Ralph Royle, being for the right, privilege and easement to continue the discharge of any and all of the sewers of the city of Rochester into Thomas creek during the year ending as set forth in the Law Committee's report accompanying this resolution.

Adopted by the following vote:

Ayes—Alds. McMillan, Zimmer, Adams, Lempert, Fox, Dewey, H. G. Cook, Pauckner, Kelly, Simmelink, Lewis, Forsyth, Bierbrauer—14.

Ald. Calihan from the City Property Committee and Ald. Lempert of the Health Committee, reported favorably of the various bills referred to their respective committees and referred them to the Finance Committee and auditor for payment.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

Office of the Executive Board,
Rochester, March 21, 1893.

To the Common Council:

Gentlemen:—The Executive Board herewith recommends that you authorize the city surveyor to frame ordinances for the permanent improvement of the following named streets: Oakman street, from North Clinton street to Galusha street.

Galusha street, from Lowell street to Hart avenue.

Scrantom street, from Conkey avenue to North Clinton street.

All of the above named streets are located in a thickly populated district of the city, and are important thoroughfares of travel.

Oakman street and Scrantom street connect main lines of travel, namely, South St. Paul street and North Clinton street, and save a section of Scrantom street, which is improved by asphalt both Scrantom and Oakman streets, except in midwinter, are covered with mud several inches deep or clouded with dust, and private interests as well as public necessity demand their improvement.

Respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published, and upon motion of Ald. C. S. Cook, referred to Public Improvement Committee.

By the Clerk—

To the Honorable, the Common Council of the City of Rochester:

Auditor.

Ordered received, filed and published.

By the Clerk—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—On the 11th of April, 1892, the city, which then had pending against it an action in favor of Elizabeth Mack Schake for damages occasioned by sewer drainage, settled with the plaintiff and agreed to pay her at the rate of \$150 a year therefor. A year's installment will be due upon the 11th of April next. Will you kindly make provision for its payment to Mrs. Schake.

Yours truly,

BACON, BRIGGS, BECKLEY & BISSELL.

Ordered received, filed and published and referred to Law Committee.

By the Clerk—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—We desire to call your attention to the fact that the following named persons having executed contracts with the city of Rochester whereby for an annual payment they granted to the said city the right to discharge sewage upon and over their premises, are now or will in a few days be entitled to the annual payment due them for the current year. The dates when said annual payments will be due, the amounts thereof and the persons to whom they are payable will appear from the annexed list.

John Brower, March 15, 1893, \$90.
Jacob Brower, March 16, 1893, \$75.
Frank J. Zorsch, March 21, 1893, \$200.
Jacob P. and Margaret B. Brasser, March 29, 1893, \$90.

Gertrude, Bernard, Mary and Nicholas Schum, March 29, 1893, \$225.

We desire that you take such action upon the same as will result in a payment of the said annual sums.

Very respectfully yours,

HUBBELL & MCGUIRE.

Ordered received, filed and published and referred to Law Committee.

Ald. Lewis moved that when the board adjourn it be for one week. Carried.

By Ald. H. G. Cook—Whereas, The extra cost and expense including the damages awarded by the commissioners of appraisal connected with the acquirement of the right of way for the construction of the Genesee street sewer and outlet, under final ordinance No. 3,814, has been ascertained and is hereby adjusted at the sum of forty-eight thousand one hundred forty-eight dollars and fifteen cents, therefore,

Resolved, That all persons interested in the matter of the ordering of an assessment for the aforesaid improvement be heard as to the same at the meeting of the Common Council to be held on Tuesday evening, March 28th, at 7 o'clock P. Adopted.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

OUTLET SEWER THROUGH THOMAS AND OTHER STREETS.

By Ald. Ward—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing an outlet sewer through St. Cassimir street, Bauman park, Thomas and other streets, and across private lands.

Adopted.

The Surveyor submitted as such estimate, \$25,100.

By Ald. Ward—Resolved, That the following improvement is necessary, viz:

The construction of a sewer of suitable dimensions and on proper grades, beginning at shaft No. 3 of the East Side Trunk sewer, thence westerly along Norton street to the center of St. Cassimir street; thence southerly along St. Cassimir street to Wilson avenue; thence westerly along Wilson avenue to a point opposite the produced center line of Bauman park; thence southerly along said produced center line and the center line of Bauman park to Hayward park; thence westerly along Hayward park to Girard park; thence southerly along Girard park to Berlin street; thence still southerly across private lands to Wilkins avenue; thence westerly along Wilkins avenue to Thomas street; thence southerly along Thomas street to the center of Alphonsus avenue. Also the construction of the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations. Also the acquirement of the necessary easements in, and right of way across private lands for the purpose of constructing and maintaining, examining and repairing said sewer at all times hereafter.

And Whereas, The City Surveyor under the directions of this Council, has made an estimate of the whole expense thereof, and report the same at \$25,100, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

All the territory included within and described by the following boundary lines, viz: Beginning at the intersection of St. Cassimir and Norton streets, thence southerly along St. Cassimir street, including one tier of lots on the east side thereof to Wilson avenue; thence easterly along Wilson avenue, excluding one tier of lots on the south side thereof to Hudson avenue; thence southerly along Hudson avenue, excluding one tier of lots on the west side thereof for a depth not exceeding 150 feet to Frederick park; thence westerly along Frederick park, excluding one tier of lots on the north side thereof to a point 500 feet

west of Hudson avenue, thence southerly parallel with Hudson avenue to Bernard street; thence easterly along Bernard street, excluding one tier of lots on the south side thereof to Hudson avenue; thence southerly along Hudson avenue, excluding one tier of lots on the west side thereof to Weigel alley; thence westerly along Weigel alley to Thomas street; thence northerly along Thomas street, excluding one tier of lots on the east side thereof, to the north line of lot No. 119 of the St. Joseph Orphan Asylum Association tract; thence westerly along the north line of numbers 119, 133, and 147 of said tract to Loomis street; thence northerly and westerly along Loomis street to St. Joseph street; thence northerly along St. Joseph street, including one tier of lots on the east side thereof, for a depth not exceeding 150 feet to Wilson avenue; thence easterly along Wilson avenue, including one tier of lots on the north side thereof to St. Cassimir street; thence northerly along St. Cassimir street, including one tier of lots on the west side thereof to the place of beginning. Also one tier of lots on the south side of Norton street from St. Cassimir street to a point opposite shaft 8 of the east side trunk sewer.

Adopted.

PIPE SEWER IN ST. JOSEPH STREET.

By Ald. Ward—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in St. Joseph street.

Adopted.

The Surveyor submitted as such estimate, \$10,100.

By Ald. Ward—Resolved, That the following improvement is necessary, viz:

The construction of a vitrified pipe sewer in St. Joseph street, from the center of Langham street to the sewer in Norton street and to be of the following dimensions: From the center of Langham street to the center of Terhaar park to be 15 inches in diameter; from the center of Terhaar park to the center of Pardee Terrace to be 18 inches in diameter; from the center of Pardee Terrace to the center of Weyl street to be 20 inches in diameter; from the center of Weyl street to the sewer in Norton street to be 18 inches in diameter. Also the construction of the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations.

And Whereas, The City Surveyor under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$10,100, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of St. Joseph street, from Norton street to Loomis street; also one tier of lots on the west side of Loomis street, from the north line of lot No. 41 of the Fielding tract, to the angle in said Loomis street, in proportion to the benefit which each will derive therefrom.

Adopted.

SEWER IN NORTH LINDEN STREET.

By Ald. Ward—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in North Linden street.

Adopted.

The Surveyor submitted as such estimate, \$1,300.

By Ald. Ward—Resolved, That the following improvement is necessary, viz:

The construction of a vitrified pipe sewer 15 inches in diameter in North Linden street,

from a point 66 feet west of North Joiner street, to the proposed sewer in North Clinton street. Also the construction of the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations.

And Whereas, The City Surveyor under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$1,300, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of North Linden street, from North Joiner street to North Clinton street, in proportion to the benefit which each will derive therefrom.

Adopted.

ASPHALT PAVEMENT AND PIPE SEWER IN GRAND AVENUE.

By Ald. Pauckner—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Grand avenue.

Adopted.

The Surveyor submitted as such estimate, \$59,000.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The improvement of Grand avenue from Webster avenue to Culver road or street, by constructing a Trinidad asphalt pavement therein with a line of Medina stone curb on each side thereof, property connected with all lateral street, alleys and driveways. Width of main roadway between curb lines to be 27 feet. Also the construction of all necessary crosswalks, crosswalk extensions, surface sewers, manholes, lot laterals, water and gas services. Also a Portland cement walk five feet wide on each side of the street, between the limits mentioned. Also a vitrified pipe sewer 12 inches in diameter from a point 25 feet east of Leighton street to the center of Denver street; 15 inches in diameter from the center of Denver street to the center of Greeley street and 20 inches in diameter from the center of Greeley street to the sewer in Culver street.

And Whereas, The City Surveyor under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$59,000, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Grand avenue, from Webster avenue to the Culver road or street, in proportion to the benefit which each will derive therefrom.

Adopted.

By Ald. Pauckner—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or ordinance, or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7 o'clock P. M., at the Common Council Chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Post Express notice thereof as is required and in the manner specified by section 172 of the city charter.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., March 21, 1893.

Gentlemen:—Agreeably to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Post Express, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or amendment thereto, passed or adopted by your honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Thursday evening, March 21, 1893, at 7 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvement. Respectfully,

HENRY W. GREGG, City Clerk.

By Ald. Lewis—

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, March 21, 1893. }

To the Common Council:

Gentlemen:—Pursuant to the terms of a resolution adopted by your honorable body March 14, 1893, the Executive Board opened negotiations with the owners of the wells, located a limited distance south of the distributing reservoir, from which it is proposed to furnish, temporarily, an additional supply of water for the use of the city.

The conference thus held culminated in a proposal from the Executive Board to pay according to quantities the following prices: For first 1,000,000 gallons..... 8 cents. For second 1,000,000 gallons..... 7 cents. For third 1,000,000 gallons..... 6 cents.

The proposition of the city also provides that such contract will only remain in force until the completion of the new conduit to the distributing reservoir.

The existing emergency respecting the scarcity of the water supply, and the assurances and guaranty of the company to carry out and complete the proposed undertaking, and the purity of the water as shown by analysis and approved by experts and scientists, warranted the offering of the terms above stated, which the company has this day accepted.

It is therefore suggested that your honorable body authorize the city attorney to draw a contract in accordance with the terms agreed upon briefly outlined in this communication, and that the Executive Board be authorized to execute the same on behalf of the city of Rochester.

Respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Lewis—Resolved. That the city attorney be and he is hereby authorized to prepare, and the Executive Board be and it is hereby authorized to execute, a contract in accordance with the provisions of the foregoing communication from the Executive Board.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Callhan, Zimmer, Adams, Fox, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer. —18.

Nays—Ald. Johnston.—1.

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, March 21, 1893. }

To the Common Council:

Gentlemen:—In the appropriation for a new water conduit from Hemlock lake no provision is made for additional reservoirs, or for enlarging the distributing water mains in the city.

The chief engineer of the water works, Mr. Knichling, has recommended the acquiring of necessary land for the construction of a distributing reservoir, and has recently urged on the Executive Board the importance of securing a site for this purpose without longer delay, and before all available locations within the boundaries of the city are disposed of for other purposes.

The engineer states that thirty-four acres of land is necessary for the building of a reservoir with a capacity of 25,000,000 gallons.

It is suggested that an elevated tract of land which will answer the requirements demanded for reservoir can be purchased if an effort be at once made by the city; and, with this end in view the Executive Board request that your honorable body at once take steps,

by the appointment of a committee or by any other means which will better subserve the purpose to acquire the land which will eventually be required for the enlargement and completion of the system of water supply of this city.

Respectfully,

THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Lewis—Resolved. That the Executive Board be and it is hereby authorized to negotiate with the owner or owners of land required for the purpose of establishing thereon a suitable reservoir in connection with the water works system of the city, and report the result of such negotiations to this board.

Adopted.

By Ald. Pauckner—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your committee on public improvements, to whom was referred the communications from the executive board in regard to the improvement of Mortimer, Division, Oakman and Scrantom streets, and published at pages 316, current proceedings, would respectfully report.

We find, upon a careful examination, that the above named streets are in a very bad condition, and, being centrally located, their improvement at an early day is a public necessity.

We find that the sewer on Scrantom street is filled up, and, at present, is of little use to residents upon that street, and, in our opinion, before any permanent improvement is made upon this street, the sewer should be thoroughly cleaned and necessary manholes constructed. Therefore, we respectfully recommend that ordinances be prepared by the city surveyor for improving these streets, as follows:

The improvement of Division street, from North Clinton street to the east line of property owned by Sibley, Lindsay & Curr on said street, by constructing an asphalt pavement on said street; also taking up and resetting the existing curb stones, when found suitable for such purpose, substituting for those which are defective new Medina curb stones of approved quality and dimensions.

The improvement of Mortimer street, from North Clinton street to North St. Paul street, by constructing an asphalt pavement on said street; also taking up and resetting the existing curb stones, when found suitable, substituting for those which are defective new Medina curb stones of approved quality and dimensions.

The improvement of Mortimer street, from

North St. Paul street to North Water street, by constructing a Medina pavement and curb stones on said street.

The improvement of Oakman street, from North Clinton street to Galusha street, by constructing a Medina stone pavement and curb; also a Portland cement walk, five feet in width, on both sides of said street; the roadway to be 28 feet from curb to curb.

The improvement of Scrantom street, from North Clinton street to R. W. & O. R. R., by opening up and thoroughly cleaning the sewer in said street, and the construction of all necessary manholes to said sewer.

All of which is respectfully submitted,

WM. PAUCKNER,
WILLIAM WARD,
JOS. BIERBRAUER,
JOHN B. SIMMELINK,

Committee on Public Improvements.

Ordered received, filed and published.

By Ald. Pauckner—Resolved, That the city surveyor be, and is hereby, instructed to prepare ordinances for the improvement of Division, Mortimer Oakman and Scrantom streets, as recommended in the report of the public improvement committee, submitted to the Common Council this evening.

Adopted.

Ordered received, filed and published.

By the Clerk--

CITY SURVEYOR'S OFFICE, }
ROCHESTER, N. Y., Mch. 28, 1893. }

To the Honorable, the Common Council of the City of Rochester :

Gentlemen:—I deem it my duty to call your attention to the subject of the west side sewer.

The whole city of Rochester has as great an interest in this subject as does the tenth, fifteenth and twentieth wards, because by the plan adopted, the sewage not only from a large portion of the city of Rochester upon the west side of the Genesee river, but in addition the sewage from nearly all of the town of Gates will be discharged into the Genesee river just below or at the lower falls. No experienced man or engineer has studied the problem of disposal of the sewage of this city without coming to the conclusion that it will be necessary at a not distant time, to either retain the sewage discharging into the lower river or subject it to some treatment before it is so discharged. While it may possibly be claimed that it is just as proper to discharge the sewage from the great territory outside of the city of Rochester and in the town of Gates, into the Genesee, as it is to so discharge the east side trunk sewer, it must be said that such a disposal was not determined upon, until an elaborate and scientific consideration of all other possible plans, had been made by an accomplished engineer, and then the plan was carried out in such a manner as to largely increase the cost, but with the result of leaving it possible in the future, to dispose of the sewage without discharging it into the river, or to treat it properly before such discharge.

Now the west side sewer is so designed that it will have to be rebuilt or an equivalent expense incurred, before any other disposition of the sewage can be made except to discharge directly into the river.

The west side sewer scheme has never been as far as we know, studied or reported upon by any engineer. Its route was determined upon without regard to the interests of the whole city. Mr. Crane, the engineer of the west side sewer commission speaks as follows in his report, which by the way, was made nearly three months ago, but has never been given out to the public: "It differs from most other sewerage systems in that it allows no choice of routes. The alignment is designated by law and such is the topography of the route no variation can be made."

The commissioners have lately been advertising the fact that they are preparing specifications and that the plans have been endorsed by that competent engineer Mr. Frederick P. Stearns, of Massachusetts, and it has also come out that the cost will largely exceed the amount originally considered necessary and further it is beginning to appear necessary to loan the credit of the city of Rochester in order to lighten the burden of assessment.

Now the report of Mr. Stearns was merely upon the details of construction and when here he insisted that the letter of instruction to him from the commission should be printed with his report, although this was in part omitted from his report which was published in the Post-Express of yesterday. The following is a copy of the letter of instructions to him:

Rochester, N. Y., Mch. 7, 1893.

The Commissioners of Sewerage of the tenth fifteenth and twentieth wards in the city of Rochester and the town of Gates submit to you for examination the proposed plans of the sewer to be constructed by said commissioner and request an examination thereof, having special reference to the capacity, design and material of the proposed sewer.

Yours respectfully,

H. G. PIERCE.

Secretary.

Now I assert to your honorable body that the whole question of a west side sewer has not been properly considered and reported upon by competent engineers. I further assert that the place adopted is not right, whether considered from an engineering or common sense standpoint, and that if that plan is carried out a great injustice will be done to the city of Rochester.

Very respectfully yours,

J. Y. MCLINTOCK,

City Surveyor.

Ald. Kelly moved that the Board request the west side sewer commission to make a report in answer to the foregoing communication at the next regular meeting. Carried.

By the Clerk--

CITY CLERK'S OFFICE, }
ROCHESTER, N. Y., March 28, 1893. }

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—I do hereby certify that the Assessors have delivered to me the following assessment rolls, viz:

- 4,652. Lake avenue sprinkling.
- 4,742. East avenue repair care and sprinkling.
- 4,566. Rowe street pipe sewer.
- 4,803. Plymouth avenue sprinkling.

Certified and sworn to as required by law.

Respectfully yours,

HENRY W. GREGG, City Clerk.

Ordered received, filed and published.

By Ald. H. G. Cook—Resolved, That each and every of the foregoing assessment rolls be, and the same hereby is confirmed.

Allegations were called for upon each of the foregoing rolls separately and after hearing same from all persons appearing each and every of said rolls was adopted by the following vote:

Ayes—Ald. McMillan, C. S. Cook, Caliban, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelinck, Lewis, Forsyth, Bierbrauer—19.

By the Clerk—Claims of William A. Lyon, H. Austin Brewster, and Spherine Case. Referred to Law Committee.

Also claim of Levi C. Parmelee for taking of land in the matter of the widening of Hand street. Referred to Law Committee.

By Ald. H. G. Cook—Whereas, the City Treasurer has ascertained and reported the entire and aggregate expense of and connected with the several following improvements, including and all interest that the city has paid or has or shall become liable to pay upon accounts of any and all orders or notes issued by the city to pay the expenses of such improvements respectively adjusted by this Common Council as thus reported, and the respective portions or parts of the city on which the said expenses are hereby directed are to be assessed and which this Common Council deems to be benefited by the improvements respectively, are as stated and described in the final ordinances relating to the improvements, respectively, and that the names and

expenses of the improvements thus to be assessed are as follows:

Ord. No.	Improvement.	Expense.
4,356.	Caroline street pipe sewer.	\$1,291 88

And it is further determined that the taxpayers to be assessed for making the foregoing improvement, may pay their assessment within thirty days of the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; and,

It is further determined, that the taxpayers to be assessed for making the following improvement, viz:

Ord. No.	Improvement.	Expense.
3,814.	Genesee street sewer and outlet	\$48,148 15

May pay their assessments in three equal payments, as follows:

One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-third within one year from the confirmation of such roll, and the remaining one-third within two years from the confirmation of such roll.

On all sums paid prior to the maturity of said last installment a discount will be allowed at the rate of 6 per cent. per annum.

And the assessors of said city if they are not interested in any of the property within the part or portion of the city deemed to be benefited and directed to be assessed, or if any two of said assessors are not so interested then such two are hereby directed to make such assessment upon all lots and parcels of land within the portion or parts of the city above designated and directed to be assessed, of the amounts of the expenses of such improvements, respectively, in proportion as nearly as may be, to the advantage which the said lots and parcels of land within the respective territories shall be deemed to receive by the making of the respective improvements.

Adopted by the following vote:
Ayes—Ald. McMillan, C. S. Cook, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Alkenhead, Simmelink, Lewis, Forsyth, Bierbrauer—18.

ACTION UPON ORDINANCES.

FIRST ORDINANCES.

REBUILDING SEWER IN NASSAU STREET.

By Ald. Ward—Resolved, That the City Surveyor ascertain and report to this Council the expense of rebuilding the Nassau street sewer.

Adopted.
The Surveyor submitted as such estimate, \$7,100.

By Ald. Ward—Resolved, That the following improvement is necessary, viz:

The rebuilding of the present sewer in Nassau street from St. Joseph street to Hudson avenue. Said sewer to be 3x3 feet with arch and invert from the sewer in St. Joseph street to the center of Chatham street, and 2x3 feet with arch and invert from the center of Chatham street to the center of Hudson avenue. Also the connection of the existing main sewers and laterals, and the construction of the masonry manholes, surface sewers, lot laterals and branches.

And Whereas, The City Surveyor under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$7,100 which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

All the territory included within, and described by the following boundary lines, viz:

Beginning at the intersection of St. Joseph street and Nassau street, thence northerly along St. Joseph street, excluding one tier of lots on the east side thereof, excepting the lot on the northeast corner of St. Joseph street and Nassau street to Vienna street, thence easterly along Vienna street, including one tier of lots on the north side thereof to Hanover street, thence northerly along Hanover street including one tier of lots on the west side thereof, to Herman street, excepting the lot on the southwest corner of Herman street and Hanover street, thence easterly along Herman street, excluding on tier of lots on the south side thereof to Hudson avenue, thence northerly along Hudson avenue including one tier of lots on the west side thereof, to Hudson park, also the lot on the northwest corner of Hudson park, and Hudson avenue, thence southerly along Hudson avenue, including one tier of lots on the east side thereof, not exceeding 150 feet in depth to north street, thence still southerly along North street excluding one tier of lots on the west side thereof to Central avenue, thence westerly along Central avenue, excluding one tier of lots on the north side thereof, to Oregon street thence northerly along Oregon street including one tier of lots on the west side thereof, to Harrison street, thence still northerly across Harrison street, to the west line of lot No. 187 of the Sherman Tract, thence northerly along the said west line of lot No. 187 to the north line of said lot thence westerly along Harrison street, excluding one tier of lots on the north side thereof to Chatham street, thence northerly along Chatham street excluding one tier of lots on the east side thereof, to Hamburg street, thence still northerly along Chatham street, including one tier of lots on the west side thereof to Nassau street, thence westerly along Nassau street including one tier of lots on the south side thereof, to the place of beginning, in proportion to the benefit which each will derive therefrom.

Adopted. The Surveyor submitted as such estimate, \$22,000.

By Ald. Pauckner—Resolved, That the following improvement is necessary, viz:

The improvement of Platt street, from Allen street to State street, by the construction of a Medina block stone pavement therein with a line of Medina stone curb and flag stone gutter on each side thereof, properly connected with all laterals, streets, alleys, and driveways. Width of main roadway between curb lines to be 32 feet. Also the construction of all necessary crosswalks, surface sewers, lot laterals, manholes, water and gas services.

And Whereas, The City Surveyor under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$22,000 which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Platt street, from Allen street to State street, in proportion to the benefit which each will derive therefrom.

Adopted.

By Ald. Pauckner—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in

whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or ordinance, or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7 o'clock P. M., at the Common Council Chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Post Express notice thereof as is required and in the manner specified by Section 172 of the City Charter.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., March 28, 1893.

Gentlemen:—Agreeably to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for your secular days in the Democrat and Chronicle and the Rochester Post Express, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, March 28, 1893, at 7 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvement.

Respectfully,

HENRY W. GREGG, City Clerk.

FINAL ORDINANCE No. 5,121.

OXFORD STREET (SEC. 1) SWEEPING AND CLEANING

On motion of Ald. Pauckner, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance sweeping, cleaning and disposition of the dirt collected on Oxford street (Sec. 1), from East avenue to Park avenue,

And after hearing such allegations from all persons appearing.

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary, and should be made, to wit:

The sweeping, cleaning and disposition of the dirt collected on (Sec. 1) Oxford street, from East avenue to Park avenue, during the season of 1893.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$210, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by and derive an advantage from such improvement, to wit:

Your committee has endeavored faithfully to perform the duties imposed upon it, and an examination of its work during the past year will show that due regard has been had to an economic administration of the affairs entrusted to it. Expenditures have been closely scrutinized, and only such repairs as were actually necessary have been made. It has been the aim of the committee to conduct the matters under its charge carefully, systematically and prudently, ever keeping uppermost in mind the interest of the taxpayers of the city.

All of which is respectfully submitted.

Total expenditures.....	\$152,696 55

Leaving a balance in the treasury after paying all claims against the department of \$11,338.56.

The above expenditures include the entire indebtedness against the police department to date, and embrace those on the Finance Budget of March 28, 1893, excepting the sum of about \$3,700 now under contract for putting the police patrol wires under ground.

We have heretofore called the attention of your honorable body to the subject of "precinct stations" as a matter of great importance to the people of this city, and that such stations should be established to expedite the work of the police department. The city is growing in territory as well as population, and at least five precinct stations ought to be established for the relief of officers who are on duty in the outskirts of the city, and we recommend that steps be taken by this council to establish these stations at the earliest possible period. The continued extension and opening of streets, the rapid growth of our population, and the increased demands from the police force in business centers have become so large, that the present force is not sufficient to give effective protection to the

people of this city. We regard that the increase of our force will be a source of safety to the citizens of this city, and that the expenditure in this direction will be a matter of economy to the citizens of this city.

We therefore recommend, that the police force be increased by at least twenty-five (25) additional patrolmen.

All of which is respectfully submitted.

ANNUAL REPORT OF THE LAMP COMMITTEE.

ROCHESTER, N. Y., March 31, 1893.

To the Honorable, the Common Council of the City of Rochester :

Gentlemen:—Your Lamp Committee respectfully presents the following report of the public lighting of the city for the year ending March 31, 1893. June 30, 1892, the five year contract between the city and the various electric light companies for lighting the streets of the city, expired. The rate per night paid for lighting under this contract was 27 and 28 1-2 cents.

Your committee after many meetings with the representatives of the various companies extending over a period of two months, were able to submit to your honorable board a contract running five years at the low figure of 25 cents per night for each arc light, and also an agreement of the company to put their wires underground, a result very much desired, and a great concession on the part of the company as no power is vested in the Common Council to compel them to place them underground. The city of Rochester is to be congratulated on the favorable terms of the new contract. As a comparison of the prices paid in this and other cities for lighting, may be of interest, a few cases are cited showing that this city is paying less per light per year than any in the country which is a fact with possibly one or two exceptions.

The city of Atlanta, Ga., pays \$100 per year per light.

The city of Albany, N. Y., pays \$156.66 per year per light.

The city of Buffalo, N. Y., pays \$127.75 per year per light.

The city of Dayton, Ohio, pays \$125 per year per light.

The city of Denver, Col., pays \$150 per year per light.

The city of Indianapolis, Ind., pays \$95 per year per light.

The city of Kansas City pays \$119.50 per year per light.

The city of Minneapolis pays \$150 per year per light.

The city of Pittsburg, Pa., pays \$96 per year per light.

The city of Syracuse, N. Y., pays \$109.50 per year per light.

The city of New York pays \$127.75 per year per light.

The city of Rochester pays \$91.25 per year per light.

During the year your honorable board, acting on the recommendations of your Lamp Committee, transferred the maps, records and property of the lamp department of the city from the custody of the city surveyor to the city electrician; this change was made not because of any fault to be found with the manner in which the records were kept, but because of the fact that the city electrician is of necessity more intimately connected with matters pertaining to the lamp department than the city surveyor, and your committee takes this opportunity to thank the present city surveyor and his able assistants for the efficient manner in which the books and maps of the committee have been kept in the past.

Serious complaint has been made by citizens generally, of the quantity and quality of light furnished by the incandescent lamp on the street, and by resolution of your board, your committee was authorized to substitute arc lights in place of the incandescent which change is now under way.

In accordance with the terms of the new contract testing stations are now being placed on all the street light circuits by the means of which your committee will be able to ascertain if the city is receiving the amount of light from each lamp called for in the contract.

The applications for light in the outside districts of the city are continually increasing, and will so continue to increase for some years; to meet these just requests for additional lights and keep the expenditures of the department within the appropriation of your honorable board requires the constant attention and exercise of the best judgment of your committee. With the large increase of the number of lights during the year, your committee takes great pleasure in presenting the following tables which show the condition of the public lighting in detail and also a surplus on hand to the credit of your committee.

ANNUAL REPORT OF THE MAP AND SURVEY COMMITTEE.

ROCHESTER, N. Y., March 31, 1893.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—We beg leave to make the following annual report and recommendations:

The business of the Surveyor's office has been increased during the year by an unusual number of important projects, which have necessitated a great amount of work and study.

Among these may be mentioned Clarissa street iron bridge, Court street stone and iron bridge, Andrews street stone bridge and Bronson avenue iron bridge, all of which are under contract or completed according to detailed plans made in the Surveyor's office.

The expensive improvement of building an iron bridge over the tracks of the New York Central R. R. at East Main street, has taken a great deal of attention and was increased by the effort of the Surveyor to secure a change in its design so as to make it more durable and slightly.

In street improvements the work has been large, including the paving of Plymouth avenue throughout its whole length with cedar blocks and asphalt.

Genesee street with asphalt to Brooks avenue, and from there to Elmwood avenue with macadam, the top layers of which are of trap rock brought from the Hudson river opposite New York.

Opening and widening Clinton park, and paving with asphalt, also the paving of East Main street, from University avenue to East avenue with Medina blocks on a concrete foundation, which is now under contract, and which it is claimed will make as splendid a piece of street as there is in the world.

In building sewers the work has been unusually important. Besides a large number of sewers built; the East Main street sewer, from Elm street to Water street, and 20 feet deep is under way, and studies, specifications and reports on ordinances have been made for nearly every sewerage district upon the east side of the river, in relation to utilizing the East Side Trunk Sewer to the greatest possible extent.

A survey and report was made upon the subject of sewerage of that portion of the city lying south of Mount Hope range of hills, necessitating a topographical survey and preparation of a large map of all the territory between Mt. Hope avenue and Monroe avenue and the summit of Pinnacle and Mt. Hope ranges and the road one mile south of Elmwood avenue.

Surveys, plans and estimates were made for a new bridge over the New York Central R. R., at Prince street.

Designs and drawings were made for a splendid stone bridge across the Genesee river at Alexander street, which the Surveyor asserts can be built of beton or concrete at about the cost of an iron bridge.

A report accompanied with plan and estimate for public baths was made, and submitted to the Board of Health.

The large amount of work coming to the office in the way of preparing ordinances for the Common Council, estimates and plans for work in progress, street openings, assessments encroachments, and surveys, and plans for use in trials of cases against the city, for the Executive Board, Assessors, and City Attorney was regularly attended to.

At the present time a model has been made and detailed plans are being prepared for a new design of lift bridge which promises to be of great importance in improving the appearance of the city, by doing away with the ungainly barn frame structures now in use for such bridges.

The preparation of record maps of all work done, which has become so important by reason of the modern practice of putting in sewer and water connections to all lots before a street is improved, has been well kept up.

A system of photographing work in progress, and of making photographs of existing structures as a matter of record has been introduced with good result.

A new process of making copies of plans with black lines on white paper instead of the ordinary blue print process has been put in use,

much to the satisfaction of all the departments who use plans.

The system of indexing the records, and maps, which number thousands and whose value demands upon their being readily accessible, was very incomplete and unsatisfactory.

Under the advice of your committee a system of card catalogue, the same as is used in large libraries and by the great insurance and banking companies, has been introduced. This is tedious work as it will require the writing upon from 10,000 to 20,000 reference cards, after inspection of every plan and document in the office.

All of the assistants have been employed upon this work during the winter, when there was time to spare from other work. This catalogue is already of service, and when completed will be of great benefit to all of the city departments. The survey of old words 1 to 14 inclusive which has been in progress since June 29th, 1887, under contract with John C. Ryan, is approaching completion and it is believed that it will be finished during the summer. All of this is checked over in the Surveyors office.

The work done by Mr. Ryan is undoubtedly accurate, but the length of time taken has been absurdly long, and demonstrates the advisability of having such work done directly by the City Surveyor. There is absolute necessity for an accurate survey of the old fifteenth and sixteenth wards. It is the portion of the city in which the greatest amount of street improvements and sewerage work will be done, during the coming years, and an accurate survey is necessary not only for the proper carrying out of improvements, but to make local assessments right, and thereby reduce the amount paid by the city at large for erroneous assessments.

The area covered by the old fourteen wards is about 5,138 acres and this is covered by Ryan's survey. The area of the city outside of these wards is about 6,847 acres. This survey should be as perfect as can be made and should be commenced this year, and should be directly in charge of the City Surveyor.

The Surveyor states, and your committee believes that the whole work can be properly done in two years' time. In order to accomplish it he will require the assistance of five additional men, one assistant, one transit man two chainmen and one draughtsman and the expense will not exceed six thousand dollars per year.

Your committee would call your attention to the crowded condition of the Surveyor's office, and the necessity for more room for the proper conduct of business there.

A detailed statement of work done by the office is included in the report of the City Surveyor which will be published with the report of the Executive Board.

ANNUAL REPORT OF THE ELECTRICAL COMMITTEE.

ROCHESTER, N. Y., Apr. 1, 1893.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Electrical Committee begs leave to submit the following report:

During the past year your committee caused an agreement to be entered into by the Rochester Gas & Electric Company to the effect

that said company shall, at its own expense construct and maintain a conduit of sufficient capacity to accommodate all wires now in use and to provide for the probable future use of wires this conduit to be open to the use of any company or individual securing the right to occupy it from the Common Council, and upon the payment of a reasonable rental for the use of the same, also an agreement by which the poles owned by said company can be occupied by any person or company, in the same manner and under the same conditions the company agrees to place all their wires under ground on the streets in which the conduit is built or to be built.

The Common Council is to be congratulated on the result of this agreement which will in a short time relieve our principal streets of the unsightly and dangerous wires and poles, considering that the city has no legal right to compel their removal. The streets in which conduits are to be built by the terms of this agreement are State and Exchange streets, from the Erie canal to Allen street; East and West Main street, from Plymouth avenue to University avenue; North and South St. Paul street, from Andrews street to Court street; the company have already completed the conduit from East avenue to University avenue, on one side of the street, and nearly the whole of the other side, this work was discontinued during the winter to be commenced as soon as the weather permits this spring, and pushed to completion.

Your committee is confident that next fall not a wire or pole will be left on Main street, between the Erie canal and University avenue, except the wires of the street railroad company, which wires cannot be at present placed in a conduit. Upon the recommendation of your committee your honorable board has granted permission to a new electric light company, the Citizen's Light & Power Company, to do business and string the necessary wires and set poles in the city, this permission was granted under restrictions which will allow no poles being set on any street where a line of poles now exist, and that they are to place their wires in any conduit now built or to be built, and as a further condition of the grant they are under agreement to build conduits in not less than one mile of streets which will be quite an addition to the underground system in the city.

The Bell Telephone Company have constructed conduits and laid wires in them on Main and State streets, and have conduits in course of construction in several others.

Acting on the report of your committee your honorable board has granted the Standard Electric Signal Company the necessary permit to conduct an auxiliary fire alarm business in the city, the permission was granted with all the necessary restrictions in regard to stringing wires and using the conduits for the same.

All of which is respectfully submitted.

Your committee desire to call your attention to the balance in the fund at the end of the fiscal year; this is very gratifying to your committee, in view of the fact that the annual appropriation was \$5,500 less than the previous year, considering the severity of the weather and scarcity of work, as well as the increased price of coal and provision and the large number of contagious diseases which necessitated the employment of another investigator. As the treasury of the poor department was being affected to a serious degree, it was deemed necessary to make a thorough investigation of all cases reported, as well as all cases on the books, 1,900 personal investigations being made in the past ten months. In view of these facts the committee should be commended for its careful management of the department, and the overseer and his assistants, for the faithful and efficient manner in which they have performed the duties of the office.

By Ald. Lewis—

To the Honorable the Common Council of the City of Rochester.

Gentlemen:—Your Finance Committee at the close of the fiscal year 1892-93, has deemed it but proper in submitting an annual report to review briefly the work of that committee during the past twelve months.

The fiscal year now ending will be a memorable one in the history of the city of Rochester, by reason of the many substantial and much needed improvements begun and carried on under the direction of this Common Council and the Executive Board. First among these, is the long agitated additional water supply. This council and the public generally are familiar with the long discussion relative to the sources of procuring such supply, and the means by which it should be procured. The settlement of that question was made before the present council was organized, but the means of carrying on the work had been provided and the work commenced during the existence of the present board. In connection with that undertaking the principal matter of importance with which this council has had to deal, is the issuing of the city's bonds for the payment of the expense of doing the work. Thus far, during the year the city has sold five hundred thousand dollars (\$500,000) of its water bonds, bearing three and one-half per cent. interest. Those bonds were issued for twenty years, with the right to redeem at any time after the expiration of ten years; thus enabling the city, if the opportunity should arise, to take advantage of a still more favorable rate of interest. The credit of the city of Rochester is so good that the city treasurer was enabled upon this sale to secure in premiums upon the bonds the sum of nine thousand dollars, representing a clear profit to the city.

Another undertaking begun during the fiscal year, now about expiring, is the construction of the East Side Trunk Sewer; an improvement designed to greatly benefit a very large section of the city, the completion of which will undoubtedly be of great value to a large number of people. The moneys with which to commence and carry on this large work were procured from the sale of the city's bonds, five hundred thousand dollars (\$500,000) worth of which were sold on terms extremely satisfactory to the city in the early part of the year. The rate of interest upon those bonds is three and one-half per cent., and the premium realized from their sale amounts to fourteen thousand dollars. Those bonds will mature in sums of twenty-five thousand dollars (\$25,000) annually after the expiration of ten years from the date of their issue.

Perhaps the most satisfactory bond sale negotiated during the present fiscal year was the re-funding of the city's bonds, known as the Rochester & State Line Railroad bonds, amounting to six hundred thousand dollars (\$600,000), and the Rochester, Nunda & Pennsylvania Railroad bonds, amounting to one hundred and fifty thousand dollars (\$150,000). Those bonds had been for many years bearing interest at the rate of seven per cent. per annum, and were re-funded on February 1st, at three and one-half per cent. per annum, the premium received upon the sale of the re-funded bonds amounted to \$8,093.75, a clear profit to the city of that amount.

The annual interest charge upon the city has also been reduced, through the efforts of your committee, by an agreement entered into with the holders of the bonds of the city known as the consolidated bonds, amounting to \$100,000, whereby the interest upon those bonds was reduced from four per cent. to three and one-half per cent. per annum. Your committee decided to take advantage of the option reserved in the bonds to redeem on August 1st, last, and pay the bonds off, unless the holders thereof should agree to reduce the interest thereon. The total saving on this item alone will amount in the twenty years which the bonds have yet to run, to \$10,000, an amount not large, but worth saving.

The city has also benefited very largely during the past year by the favorable terms it has been able to make with the banks in which the city's money has been deposited. The contract under which the city's moneys are now held by the various banks provides for the payment by them of four per cent. per annum on daily balances. Until this year the rate had never been greater than two per cent. per annum. During a large portion of the fiscal year the city has had on deposit in the several banks a very large amount of money, and the increase in the interest from two to four per cent. amounts to \$3,824.47. Much of this large amount of money on deposit was received from the sale of the various bonds sold, upon which the city was paying three and one-half per cent., so that for all the time that this money was held on deposit in the bank it not only was not costing the city anything in the way of interest, but was actually earning for the city one half of one per cent. per annum.

One of the matters to which your committee has given a great deal of careful attention is the matter of providing moneys with which to meet the short time acceptances issued to contractors upon public improvements. Those acceptances are issued as the work of making the improvements progresses, and have to be met by the city treasurer at their maturity. For that purpose much of the moneys raised in the annual tax levy is diverted from the sources for which it was intended, and the city is forced to discount its notes for periods ranging from a few days to several months. Upon those short time loans the city is compelled to pay six per cent. interest per annum. The credit of the city being in the satisfactory condition evidenced by the able terms upon which its bonds have been sold, it would seem that for the purpose of meeting those acceptances, moneys could be secured at a much lower rate of interest by issuing under the provision of section 81 of the city charter, short time bonds for the purpose of creating a fund from which the contract price of local improvements could be paid in cash. The assessments from such improvements when collected to be turned into such fund, together with whatever interest might be received upon such assessments not paid within a reasonable time from their maturity. In that way the necessity of borrowing from the banks of deposit would be avoided, and the city would undoubtedly make a profit by the difference between three and one-half and four per cent. interest which the bonds might bear, and the six or more per cent. which the taxpayers would pay. The contract would also undoubtedly be let at lower figures if it were understood that the contractors were to have the contract price in cash upon the completion of the work. While not preparing to recommend its adoption at the present time, your committee believes that it is worth the serious consideration of the city's authorities and that such a course would be of great benefit to the city. Your committee would recommend that further consideration be given

to this subject by the city treasurer, and the finance committee soon to be appointed.

Another matter to which your committee has given considerable attention, is the subject of sales for unpaid city taxes. The average amount of unpaid city taxes each year which the city has to take at the tax sale and carry, is \$100,000. Many of the pieces of property upon which those taxes are levied have been abandoned or neglected by their owners, and the tax has been struck off to the city year after year for a very long time. The amount now owing to the city upon some of those pieces of property is equal to their entire value. The charter provides a method by which the equity of redemption may be cut off. Your committee has taken steps to have a list of such pieces of property made with the amounts due thereon, together with the names of the owners thereof, for the purpose of taking steps toward the commencement of foreclosure actions and absolute sales of such property. Such a list will soon be completed, and it is probable that by instructing the city attorney to begin foreclosure actions thereon, that a very large amount of money might be realized at once.

Your committee would, therefore, recommend that the city treasurer be requested to complete such a list at as early a date as possible, and that upon the completion thereof, the city attorney be requested to commence foreclosure actions in accordance with the foregoing suggestions.

In connection with the sale of the city's bonds hereafter to be authorized, your committee would recommend that in securing legislation to authorize the sale of bonds, provision should be made therein for the payment of such bonds in series, and that after a specified time a certain amount thereof should be paid each year by raising moneys therefor in the annual tax levy, a plan similar to that adopted at the time the East Side trunk sewer bonds were authorized would, your committee believes, be most satisfactory. Unless some such course shall be taken, it will be necessary at some future time to provide for the creation of a sinking fund for the redemption of the city's outstanding bonded indebtedness.

In conclusion your committee desires to testify to the very careful and judicious management of the city's financial matters by the present city treasurer. Your committee has given very careful attention to the details of the city treasurer's work, and has always found him extremely careful, accurate and painstaking.

CITY TREASURER'S OFFICE,
ROCHESTER, N. Y., Mch. 30, 1893.

To the Honorable, the Common Council of the City of Rochester :

Gentlemen: In presenting my annual report, showing receipts and disbursements for the past year in the treasurer's office, I beg to call your special attention to several matters pertaining to the finances of the city, in the hope that such action may be taken as will serve the best interests of the taxpayers, whose servants we are. It is not my purpose to impute blame or discredit to any department of the city government, but rather to suggest certain changes in our financial policy which, in my opinion, would materially strengthen the city's credit and bring Rochester nearer the ideal municipality where full value is received by the people for the taxes paid.

I. UNPAID GENERAL CITY TAXES.

According to the charter, all unpaid items of the general city tax must be sold on the last Thursday in March of each year. Many persons buy these taxes for an investment, the rate of interest upon them being 12 per cent. per annum, they paying into the city treasury the amount of the tax, and receiving a tax certificate of sale. The taxes remaining unsold are taken for the city of Rochester by the treasurer. The amount of such taxes purchased by the city and remaining unpaid from 1850 to 1889, inclusive, is \$49,558.18.

The books are now being examined to ascertain who are the present owners of the property liable for the payment of these taxes. In many cases the parties have purchased the property without having a tax search made, and do not know of the existence of unpaid taxes. In other cases the owners know of the taxes but say "what are you going to do about it?" Should they make a sale of their property and the parties purchasing require a tax search, these taxes would then of course appear. Some years ago the common council passed a resolution directing the treasurer to receive past due taxes purchased by the city prior to 1880, with 7 per cent. added for interest, instead of 12 per cent. I think there should also have been a proviso made that they should be paid within a certain time. It appears no more than right that parties who are able to pay should be forced to pay within a reasonable time, or, in case of failure, should then forfeit their property to the city. It is with the hope that some plan may be devised (which may require legislative action), that will bring about the desired result, that I call your attention to the facts in the case. I shall soon have the list completed, showing to the best of my knowledge, who are the persons liable for these unpaid taxes, and will then submit the same to your honorable body for consideration, together with the list of unpaid personal taxes.

II. TRANSFERS OF REAL ESTATE.

It is a well known fact that the assessment books furnished the city treasurer by the assessors for the collection of the general city tax, while they describe the property correctly, do not in many cases give the names of the present owners. In proof of this assertion I will state that previous to the publication of the list of unpaid taxes on the 20th inst. I mailed a special card, inclosed in an envelope, to 500 of the persons in arrears whose taxes

exceeded \$50 each, hoping by this means to collect a large part of the amount outstanding. Nearly one-half of these cards have been returned from the postoffice, indorsed "party cannot be found," or, "name not in the directory." As the assessors furnish the county treasurer the books for the collection of the county and state tax on city property, the county should be equally interested with the city authorities in having a correct assessment roll. Perhaps a sufficient remedy would be a resolution from the board of supervisors, directing the county clerk that he must not record any deed for the conveyance of real estate until it receives the indorsement of the city assessors that the proper change has been made upon their books. The importance of the subject is sufficient to warrant an effort to obtain the necessary authority from the legislature, providing the action of the board of supervisors should prove insufficient.

III. COMMENCEMENT OF THE FISCAL YEAR.

It has, I believe, become apparent that the fiscal year of the city should begin on July 1st, when the proceeds of the annual tax levy become available, or else the finance committee should provide for the raising of an amount sufficient to meet the current expenses for the year. Under the present plan provision is made for three months in arrears, April, May and June, and for nine months in advance. There is naturally objection to any plan that will cause an increase in the tax levy, but is it not wise to provide at the commencement of the year for the payment of inevitable expenses, and thus avoid the making of notes which bear 6 per cent. interest? It would cause no increase in the tax levy after the first year, and the city would make a large saving every year in the item of interest. There would be great economy in making the general city tax become due on June 1st, instead of July 1st, as the city could thereby avoid borrowing money to pay the interest on the bonded debt, the bulk of which is payable January 1st and July 1st.

IV. BONDS FOR LOCAL IMPROVEMENTS.

I respectfully suggest the propriety of issuing bonds for the payment of local improvements, keeping the proceeds in the several banks of deposit separate from the general fund, and providing in the tax levy for the expenses of the year in the different departments. From the funds obtained from the sale of such bonds the treasurer could pay the acceptances of the executive board as they become due, and could also pay the contractors cash for their work, retaining, of course, the guarantee fund required. The contractors would do the work for cash at least 5 per cent. cheaper than at present, and the people would derive the benefit. There are outstanding to-day in round numbers, acceptances to the amount of \$700,000, two-thirds of which are bearing interest at the rate of 6 per cent.

The bonds for ten or twenty years could be floated at 3 1-2 per cent., and the city would be the gainer 2 1-2 per cent. by the transaction, besides the saving above noted in the first cost of the work. The bulk of the notes now issued every year by the city are for the payment of these acceptances, excepting, of course, those made for the expenses of the departments in the months of April, May and June, and the deficiency notes for the relief of funds that have been drawn upon in excess of their appropriations in the tax levy.

V. GENESEE VALLEY RAILROAD SINKING FUND.

The sinking fund now deposited in the several savings banks of the city, for the purpose of paying the bonds of the Genesee Valley Railroad when they become due, now amounts to \$90,499.01. Why not use it in the purchase of some of the city's bonds that are bearing interest at the rate of 7 per cent? We shall

receive enough interest from the Erie Railway Company to take care of the bonds when they become due, as well as to retire \$4,000 worth of the bonds the 1st of January every year until 1903, when the balance, \$72,000, will be payable. The amount outstanding of these bonds at present is \$108,000.

VI. TAXES ON LANDS CONDEMNED FOR CITY PURPOSES.

I would respectfully recommend that all commissions on lands to be taken for the city have tax searches made, in order to ascertain whether the property is free and clear from past due taxes, and if not, the amount of the owners equity in the premises. Such searches will be promptly made by this office. After the award is made and the owner receives his money, experience teaches us that the taxes will remain unpaid.

VII. LOCAL ASSESSMENTS ON STATE PROPERTY.

The state treasurer has decided that local assessments upon property owned by the state will not be paid unless the state controller is notified before the assessment is made. There is a considerable amount of such taxes on the books of the treasurer's office payment of which has been refused upon the ground of failure to comply with the above regulation.

VIII. ASSESSMENTS FOR STREET SWEEPING AND CLEANING.

Of all the taxes collected in the treasurer's office, none cause such pronounced dissatisfaction as those for street sweeping and cleaning. These assessments are made for work done on streets improved with asphalt pavements. There are thirty-five of such streets, and until a recent date it was customary to make a certain allowance or credit towards the expense of cleaning the same from the highway fund, the balance being paid by the owners of the property fronting on the improvement. This appears to have been an equitable arrangement, but for the past two years no credit from the highway fund has been made. It seems scarcely fair to tax such property for its proportion of the highway fund, and then burden it with the whole cost of the sweeping and cleaning, allowing nothing for the care of a permanent improvement. If, in place of asphalt, such streets had been improved in an inferior manner with macadam pavement, the city would have kept it in repair from the general fund created for highway purposes. I trust that your honorable body may devise a fair adjustment of the matter which will satisfy all parties concerned.

Respectfully submitted,

S. B. WILLIAMS, Treasurer.

**ANNUAL REPORT OF THE BOARD OF
PARK COMMISSIONERS.**

ROCHESTER, N. Y., March 1st, 1893.

To the Honorable, the Common Council of the City
of Rochester:

Gentlemen: In conformity with section 21,
chapter 193 of the laws of 1888, which re-

quires that "the said Park Commission shall in the month of March, each year, make to the Common Council of the said city a full report of their proceedings and a detailed statement of their receipts and expenditures," we present the following reports.

The Treasurer's report contains a full statement of the finances of the Board and the Superintendent's report full account of the field operations. Respectfully submitted,

E. M. MOORE, President.

ROCHESTER PARK COMMISSION.

TREASURER'S REPORT.

ROCHESTER, N. Y., March 1st, 1893.

To the Board of Park Commissioners:

Gentlemen:—I have the honor to submit the following statement of the accounts of my department for the year ending March 1, 1893, containing a detailed statement of all the receipts and expenditures, also a general statement of all the accounts of the board from its organization.

These accounts agree with the accounts of the park funds as kept in the city treasurer's office.

SUPERINTENDENT'S REPORT.
 ROCHESTER, N. Y., March 1, 1893.

To the Board of Park Commissioners:
 Gentlemen: I herewith present the annual report of the work done on the parks for the year just ended.

The following-described pieces of property have been acquired during the year:

The land known as the Warrant property, bounded on the north by Elmwood avenue, on the east by the New York, Lake Erie & Western railroad, on the south by park property formerly owned by Horace Boughton and others, and on the west by the Genesee river, containing 7 55-100 acres of land, on which are a large brick house, a small frame house and a frame barn. This property was condemned and the commission awarded eleven thousand dollars for it.

Including this piece of land the boundaries of the Genesee Valley Park are as follows: On the west side of the river all the land lying between the center of the Genesee river and the Western New York and Pennsylvania railroad, and bounded on the north by the state dam and on the south by E. G. Chapin's fertilizer works, containing 60 62-100 acres. On the east side all the land lying between the New York, Lake Erie & Western railroad on the east and the center of the Genesee river and bounded on the north by Elmwood avenue and on the south by the center of the Westfall road and containing 248

66-100 acres. The whole acreage is 309 28-100 acres of land, and the river within the park boundaries contains 60 acres of water.

At Highland Park a triangular piece of land containing 2 58-100 acres of land was purchased from the Stanley estate for \$2,900.00, making the total number of acres purchased for Highland Park 16 66-100 acres, and with the 19 63-100 acres given by Ellwanger and Barry and the 39 44-100 acres turned over to the Park Commission by the Water Works Department, 75 73-100 acres of land for park purposes at Highland Park. A strip of land 260 feet long north and south and 52 feet wide east and west, at the north east corner of the Stanley property has been turned over to the Water Works Department on which will be erected a double dwelling house and barns for the gate-keepers. In consideration of turning this property over to the Water Works Department the land on the south side of the reservoir now occupied by the gate-keepers will be turned over to the Park Commission for park purposes.

No land has been acquired for park purposes during the year at Seneca Park. The acreage is 187 52-100. The acreage of all the parks exclusive of the water in the river is 572 53-100.

At Seneca Park, on the east side, a few men and teams were employed early in the summer grading the permanent roadways and excavating for the proposed lake. During the latter part of the summer all the force was withdrawn on account of the lack of funds.

At Highland Park a small force was kept at work during the whole summer caring for the shrubs in the shrub collection and grading walks. A large number of shrubs were imported from England, France and Germany, and a choice collection of all the species and varieties of shrubs raised by Ellwanger & Barry were presented to the park by those gentlemen. They also presented a large number of bulbs of tulips and hyacinths, the flowers of which made a fine display at Highland Park during the summer. The shrubs that were procured were planted in a nursery until another year.

At Genesee Valley Park during spring and fall a few trees were planted to take the place of those that died the year before. About ten thousand trees and shrubs were purchased to plant on the west side of the river, but as the land could not be ploughed in time to plant them they were planted in nursery rows on the east side of the river, and seven thousand trees and shrubs were purchased to plant on the river banks and in the forest, and upon spaces on the east side of the river. The meadows were mowed and the 82 tons of hay not required for the horses and sheep were sold at the barns for \$758.48. Of the 108 sheep owned by the Park Commission last year, one was killed by a dog and five died, and seven were sold at \$6.00 each, leaving 95 sheep. During the summer of 1892, 109 lambs were raised, 63 of which were sold for \$4.00 each and 46 were kept. Seven new sheep were bought in the fall making the flock number 148, the present number of grown sheep. From 103 sheep the number on hand at shearing time 836 pounds of wool were sold at 20 cents a pound. In addition to the grown sheep on February 28th, 1893, there were 62 young lambs. A valuable Scotch colley pup, which helped guard the sheep during the summer, was presented to the Park Commission by Dr. B. G. Saunders of this city.

The Rochester Athletic Club built a fine club house on the west bank of the Genesee river at their own expense. The Canoe Club house formerly located on the west bank of the river near the entrance to the park, was moved to a place just north of Elmwood avenue bridge and then sold to the Genesee Canoe Club for \$750.00.

The athletic grounds on the west side of the

river were graded and a one-third mile bicycle track laid out. A picket fence was laid around the track and cinders and gravel were drawn during the fall and winter for the purpose of ballasting the track.

The white house on the east side of the river was used as a refreshment stand during the summer season and general satisfaction was given by the person in charge. Fifty additional park seats were purchased and placed in the picnic grounds. The Plymouth avenue street cars were extended to the park in the fall and large numbers of people visited the parks. The route will be extended to Elmwood avenue bridge early in the spring.

A road roller was purchased early in the summer and with the road scraper the roads were kept in good condition. Permission to collect rare shrubs from his forest was kindly given to me by Mr. S. P. Howard of Fairport, N. Y.

Materials were sold from the parks to the amount of \$2,119.30 which was deposited with the City Treasurer to the credit of the maintenance fund.

In October the contract was let for the sewers and grading of the Lake avenue parkway that extends from Lake avenue westerly to the New York Central & Hudson River railroad on the line of Lake Avenue Park. The total width of the Lake avenue parkway is 158 feet, consisting of a grass plot in the center of 58 feet, two roadways 25 feet wide on each side of which is a planting space of 16 feet, a walk of 5 feet and a space for trees of 4 feet. The sewers were built during the winter and the grading so nearly finished that it can be completed early in the spring.

Respectfully submitted,
C. C. LANEY,
Superintendent of Parks.

Included in the above expenditures is an item of \$6,623.63 for the purchase of a lot near the superintendent's house, and the construction of a large brick stable, tool house and storage house for material on hand; the need of which has long been felt, thus permitting the removal of all the old frame barns at the south end of the cemetery, which had become very unsightly, and interfered with the sale of lots.

There are now graded and ready for sale lots to the value of \$14,300, held at 25 cents per square foot; \$9,990, at 33 cents; \$21,000, at 50 cents; \$8,000, at 75 cents; \$58,000, at \$1 per square foot, making a total of \$111,290.

With the recent extension of the street car line to the gate of the new grounds all parts of Mt. Hope are as easy of access as it is possible to arrange for so extensive a cemetery.

All of which is respectfully submitted.

ANNUAL REPORT OF THE WATER WORKS COMMITTEE OF THE COMMON COUNCIL OF THE CITY OF ROCHESTER, N. Y., FOR THE YEAR ENDING APRIL 3, 1893.

ROCHESTER, N. Y., March 31, 1893.

To the Honorable, the Common Council of the City of Rochester;

Gentlemen:—Your Water Works Committee respectfully presents their report for the year ending April 3, 1893.

The funds available for water pipe extensions were as follows:

1. Amount to the credit of the water pipe extension fund at the close of the preceding fiscal year after deducting for final estimates for work performed and incidentals..\$ 2,300 00
2. Amount included in the tax levy and placed to the credit of the water pipe fund for 1892..... 60,000 00
3. Amount voted by the Common council for laying mains in streets requested by the Board of Health, and which is to be charged in the tax levy for the coming fiscal year 2,500 00

Total

Less amounts refunded to private parties who have heretofore advanced the same for laying mains as set forth in page 75 of proceedings of Common Council for current year.....

Balance available.....

The work of laying permanent mains authorized by the Common Council and paid for under the available appropriation has been practically completed, and funds are in hand for meeting the balances due on final estimates which will be paid when trimming up and repairs have been made to the water trenches in the spring.

Besides the mains laid as detailed above, the following permanent constructions for supplying districts opened up by associations, and streets laid out by private individuals have been laid; the funds for this purpose having as heretofore been advanced by such associations and individuals to be repaid at the pleasure of this Council without interest.

(See table No. 2.)

Up to April 4, 1892 there were within the city limits 219,251 miles of mains fed from the domestic supply and 16,786 miles of mains fed from the Holly supply. Adding the amounts laid during the past season, viz.: 10,389-1000 miles domestic and 89-100 miles Holly, there are in all 229,640 miles on the domestic system and 17,676 miles on the Holly system. In all 247,316 miles.

This extensive mileage is spread over the whole city, and in view of the recognized want of potable water your committee needs scarcely recommend the absolute necessity for husbanding this supply and restricting as far as possible the further extension of domestic mains.

Quite a number of petitions for such extensions are on file in the water works office principally to supply outlying districts opened up by various associations. If all were laid it would mean about fifteen additional miles to the present 230 miles of pipe now fed from the limited domestic supply, and the estimated expense of laying such additions is about \$100,000.

133 new hydrants have been set, making in all 2,245; and 121 new stop gates, a total of 2,786, including those set on large services.

Respectfully submitted,

WM. PAUCKNER,
JOHN F. FOX,
ALVIN H. DEWEY,
MERTON E. LEWIS,

Water Works Committee.

Ordered received, filed and published.

EXECUTIVE BUSINESS.

Ald. McMillan moved that because of failure to qualify, the office of Constable of the second ward be declared vacant.

Carried.

Ald. McMillan moved that the Board proceed to the appointment of Constable of the Second Ward.

Carried.

Ald. McMillan nominated Jerome J. Garrett. Jerome J. Garrett was named by Aids. McMillan, C. S. Cook, Cahlan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—19.

Jerome J. Garrett was thereupon declared duly appointed Constable of the Second Ward.

Ald. Lewis moved that the several items mentioned in the report of the City Treasurer be audited and the several charges allowed.

Carried.

By Ald. Forsyth—Resolved, That Charles S. Baldwin be permitted to pay the city taxes for the years 1890 and 1891 upon lots Nos. 50 and 51 of the Rapids Tract in the city of Rochester with interest thereon at the rate provided by the charter and that upon the receipt of such payment by the city, the City Treasurer execute and deliver to the said Charles Baldwin an assignment of the city's interest in said lots, and the City Treasurer is hereby empowered to execute and deliver such agreement.

Carried.

By Ald. Bierbrauer—Petition with reference to an erroneous assessment for Lyell and Saxton streets outlet sewer.

Referred to Assessment Committee.

Upon motion of Ald. Dewey the Board then adjourned.

HENRY W. GREGG, City Clerk.

In Common Council—April 3, 1893.

FINAL MEETING.

Ald. Thomas McMillan, president of the board, presiding.

Present—Aids. Tracy, McMillan, C. S. Cook, Cahlan, Zimmer, Adams, Lempert, Fox, Johnston, Wurtz, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer.—20.

MISCELLANEOUS BUSINESS.

By Ald. McMillan—

HEADQUARTERS
O'ROURKE POST No. 1, G. A. R.,
ROCHESTER, N. Y., April 3, 1893.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your honorable body are respectfully invited to be present as the guests of O'Rourke Post Drill Corps at its recep-

tion to be held at Washington rink this (Monday) evening, April 3rd. Trusting you will honor us with your presence, we remain
Respectfully yours,

O'ROURKE POST DRILL CORPS,

per P. C. Fleming, Captain.

Ordered received, filed and published, and, upon motion of Ald. McMillan, the invitation was accepted.

By Ald. Kelly—Petition of Jos. Kannan for permission to remove a wooden building on Smith street. Referred to Wood Building Committee and Fire Marshal with power to act.

Also, Application of Eugene McEntee for appointment as Commissioner of Deeds. Referred to Law Committee.

Also, Petition of Myron Adams for permission to erect a wooden building on Kirk street. Referred to Wood Building Committee and Fire Marshal with power to act.

The president of the board then delivered his valedictory address as follows:

Gentlemen: The year just closing has been one of the most important in the history of our city, in the magnitude and extent of the public work. More important contracts are under way than ever before. First the contract for additional water supply. Probably nothing has done more to retard the growth of our beautiful city than the scarcity of pure water. This subject has been before this board for nearly five years, and the fact that it is settled and the work in progress is a relief to every citizen. In connection with this the question of temporary supply, just settled with the Brighton well owners, has been another source of vexation. We hope the water question will not again rise to haunt us, and that in the near future the scheme of restricting the flow may be abandoned and our citizens be allowed to use what water they need.

Next in importance to the water question has been the building of the East Side trunk sewer. Three sections of this great sewer are finished and the balance in process of construction. Ordinances have been passed by this board for sewers to connect with the trunk sewer. The drain upon the treasury for damages for the pollution of Thomas and Densmore creeks will

soon cease. Another cause for congratulations.

During the year ordinances have been passed for three new bridges across the Genesee river. One of these, the handsome iron bridge at Clarissa street, is finished. Court street stone arch bridge is in process of construction, and the contract let for the stone bridge at Andrews street. I sincerely hope the present year will see the long promised bridge at Alexander and Edinburgh streets built.

Favorable contracts were made with the electric lighting companies also. You will see by the report of the lamp committee that Rochester is especially favored over the other cities of the country in the price of arc lights. Much credit is due the lamp committee for this work.

The electrical committee has also made contracts for placing all wires (except trolley wires) under ground on Main street, State and St. Paul streets. This will relieve our business streets from the unsightly and dangerous poles now standing.

Eight hundred and fifty thousand dollars worth of the bonded debt has been refunded during the year. The saving of interest amounting to \$26,750 yearly. I respectfully refer to the excellent report of the finance committee, showing the very favorable condition of the city finances.

In conclusion I desire to compliment the several committees for the general excellence of the work done during the year, and to return to the board my heartfelt thanks for their uniform kindness to me during the term I have been its presiding officer.

Ald. Lewis moved that the address be received, filed and published.

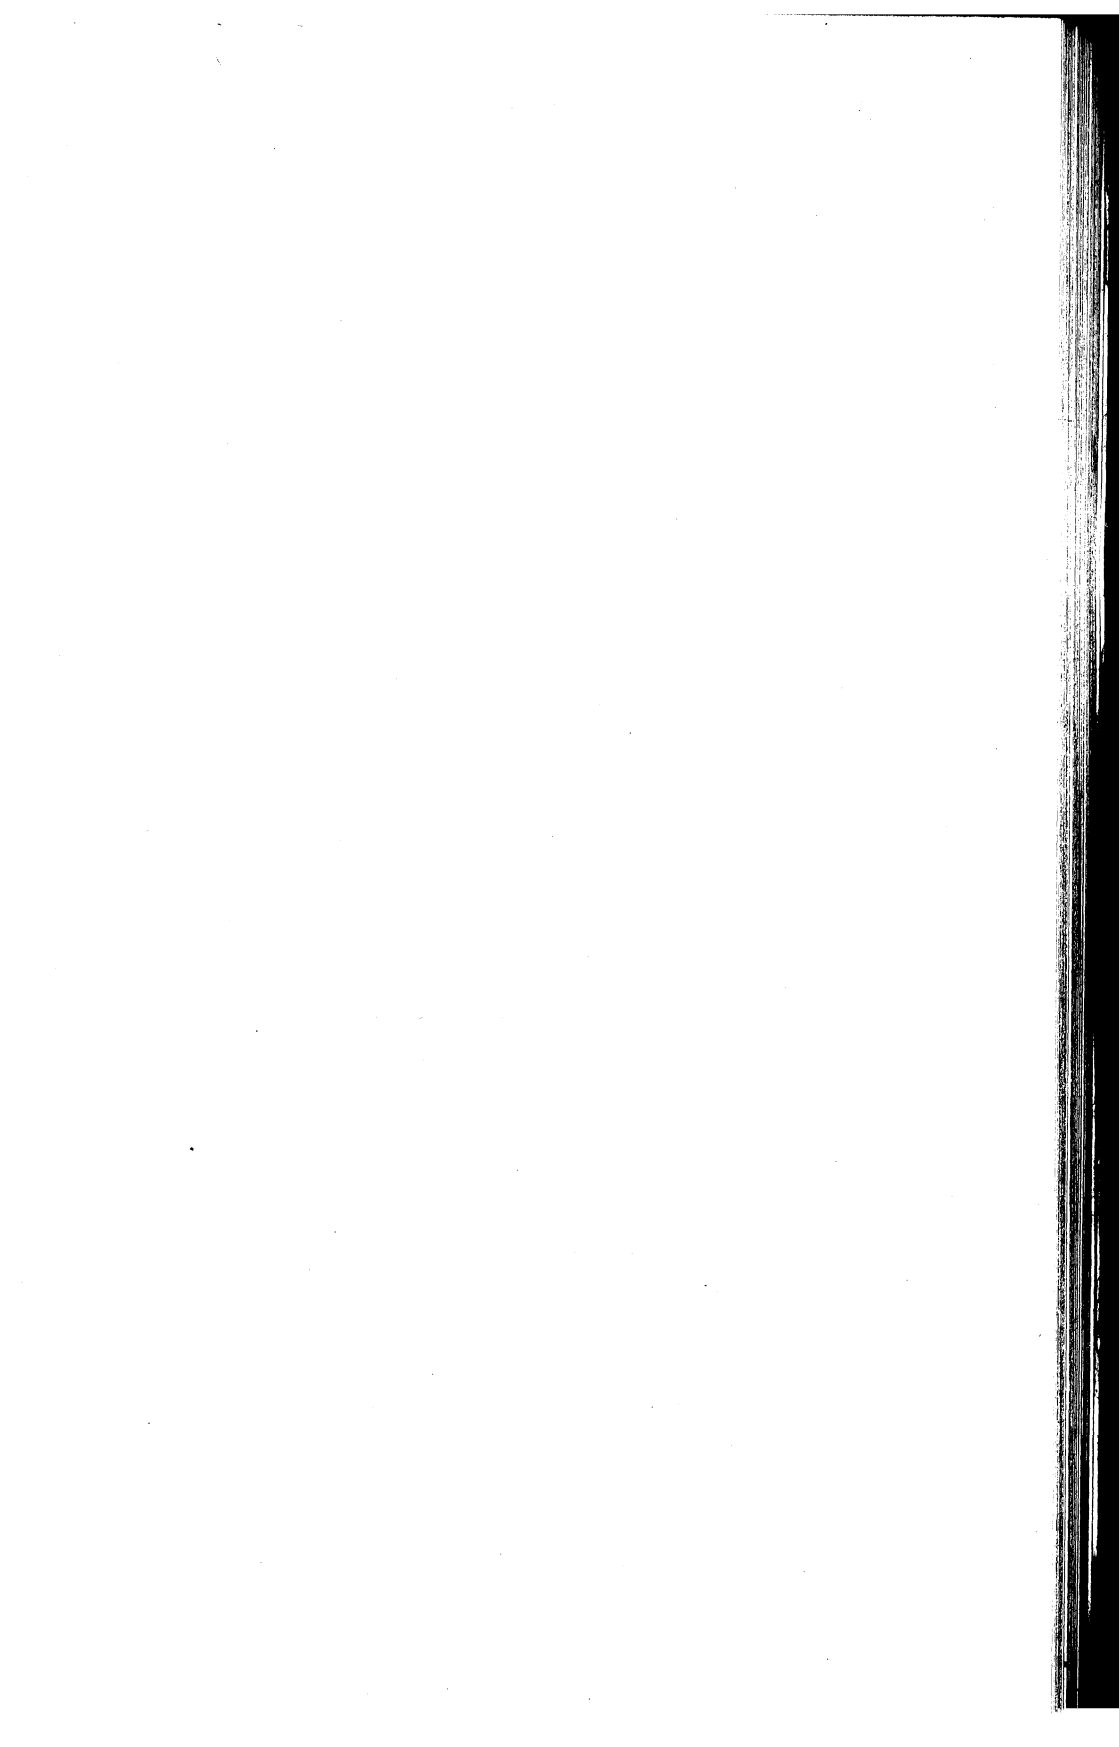

Carried.

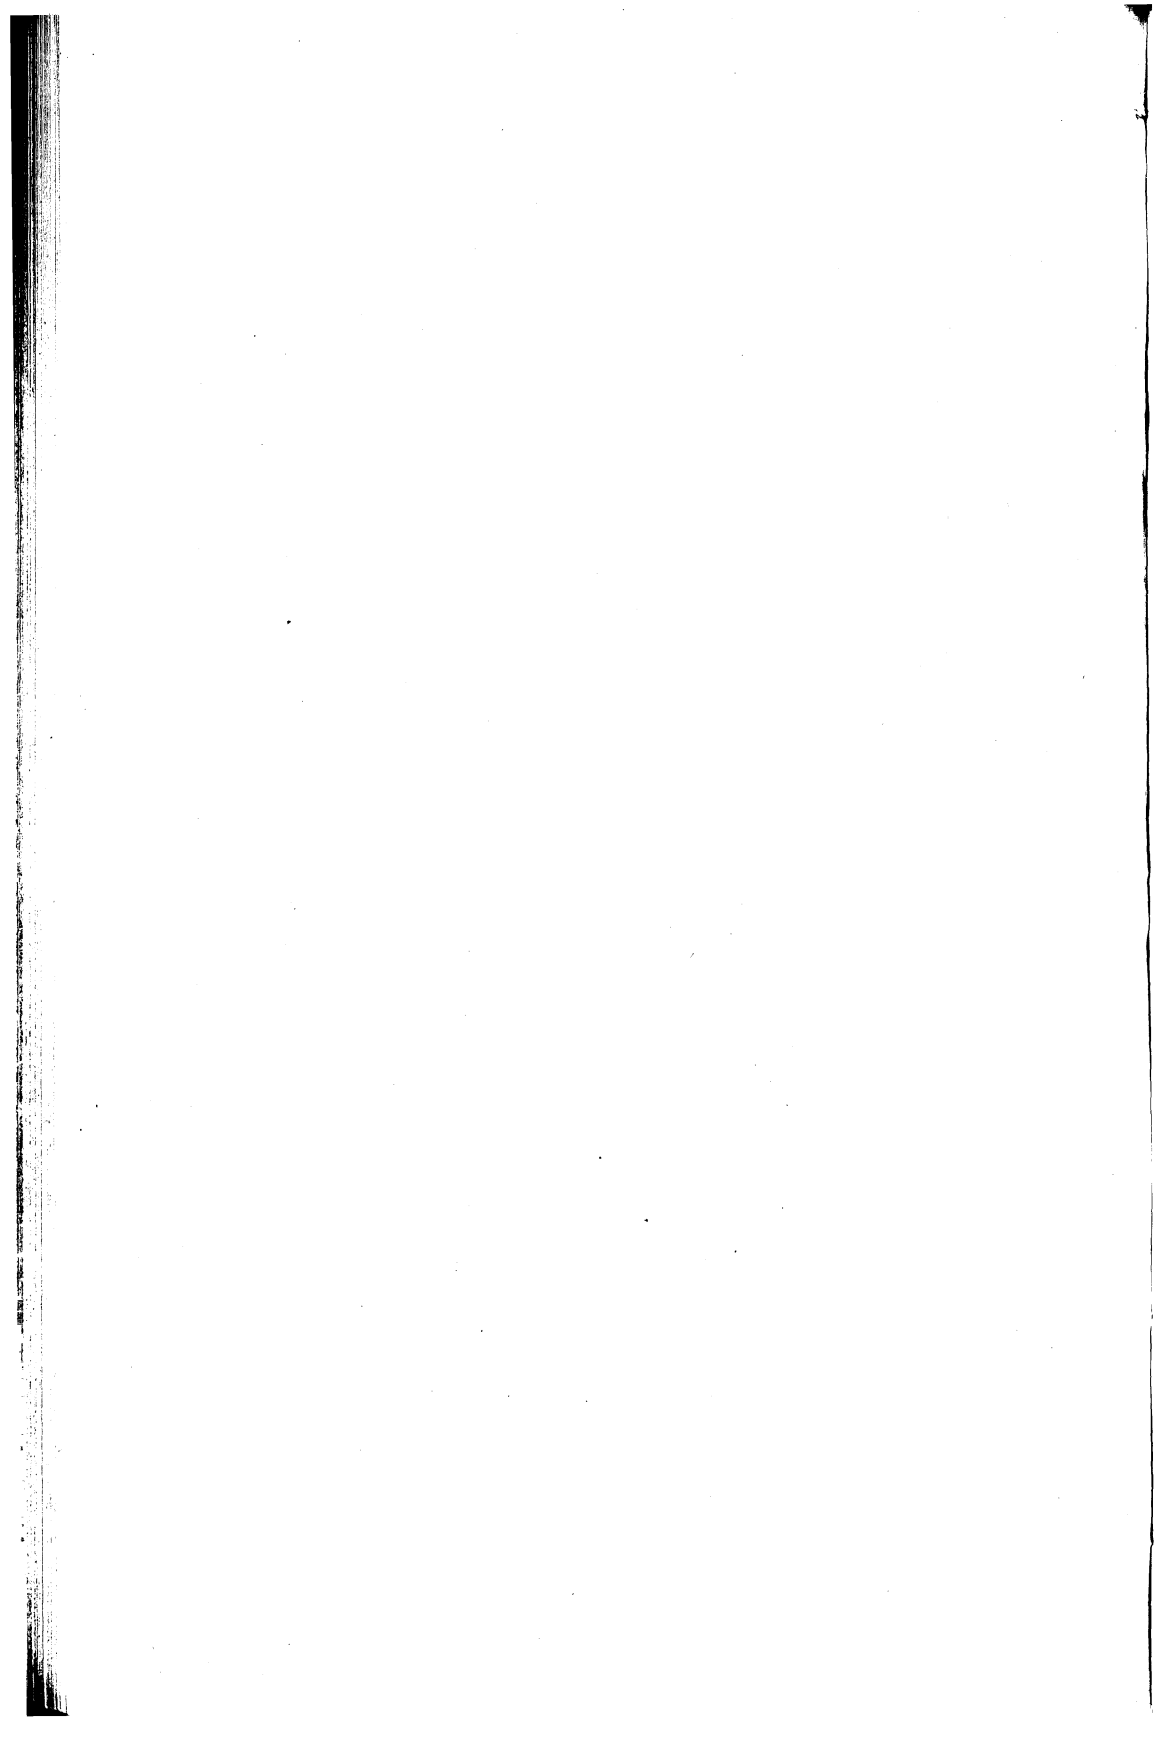

Ald. Kelly, on behalf of the board, expressed its appreciation of the kindness of the president toward its members, and of the able and impartial manner in which the duties of the presiding officer had been performed. And in conclusion and as a token of esteem presented the chairman, on behalf of his brother members, a handsome diamond stud.

President McMillan in a few well chosen words thanked the members for so beautiful a memento of their friendship and esteem.

The president then declared the board adjourned, sine die.

HENRY W. GREGG, City Clerk.
