REPORTS OF STANDING COMMITTEES.

By Ald. H. G. Cook—

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—Your Assessment committee begs leave to make the following report:

In the matter of the petition of Annie Boyd praying for a correction of the general city taxes of 1893, against lot 40 on the east side of Second street, we find that said lot was erroneously assessed upon a basis of \$1,000, instead of \$450, and recommend that the assessment against the same be reduced to \$8.66.

In the matter of the petition of Seymour Boughton, praying to have certain moneys refunded, which were paid by him in the purchase of lands sold by the County Treasurer for unpaid taxes be and the same hereby is denied.

In the matter of the petition of Stephanie Frison, praying to have corrected an alleged erroneous assessment against lot No. 21, on Mark street in the Mumford Tract, be and the same hereby is denied.

The matter of the petition of the Odd Fellows Fraternal Union and the Rochester Turnverein, praying for relief from taxes on their real estate, situated on North Clinton street, was referred to the City Attorney, and upon his opinion that said property or part thereof is exempt under chapter 498 of the laws of 1893, we recommend that the assessors be directed to exempt so much of said property from taxation as is not leased or used for any other purpose than that of said corporations.

All of which is respectfully submitted.

HENRY G. COOK,
WM. PAUCKNER,
JOHN F. FOX,
Assessment Committee.

Ordered received, filed and published.

By Ald. H. G. Cook—Resolved, That the City Treasurer be, and he hereby is, directed to receive, provided the same be paid within thirty days from the passage of this resolution, the sum of \$8.66, in full of the general city taxes for 1893, against lot 40, on the east side of Second street, No. 4, ward 10, page 194, and that he charge the balance of said tax and any interest to erroneous assessments.

Adopted.

By Ald. H. G. Cook—Resolved, That the petition of Seymour Boughton, to have certain moneys refunded which were paid by him in the purchase of lands sold for taxes, be and the same hereby is denied.

Adopted.

By Ald. H. G. Cook—Resolved, That the petition of Stephanie Frison, to have corrected an alleged erroneous assessment against lot No. 21, of the Mumford Tract, Wilson subdivision, on Mark street, be and the same hereby is denied.

Adopted.

By Ald. H. G. Cook—Resolved, That the City Assessors be, and they hereby are, directed to exempt so much of the real estate owned by the Odd Fellows Fraternal Union, as is used exclusively by said corporation for carrying out thereupon the objects of said corporation, and

to tax the remainder thereof, which may be leased or otherwise used for other purposes, according to its value, as in their judgment may seem proper. And the City Treasurer is hereby directed to receive from said corporation in full of the tax for the current year, the amount which shall be certified to him by the assessors, and charge the remainder of said tax, with all interest and fees, to erroneous assessments.

Adopted.

By Ald. H. G. Cook—Resolved, That the City Assessors be, and they hereby are, directed to exempt so much of the real estate owned by the Rochester Turnverein, as is used exclusively by said corporation for carrying out thereupon the objects of said corporation and to tax the remainder thereof which may be leased or otherwise used for other purposes according to its value, as in their judgment may seem proper. And the City Treasurer is hereby directed to receive from said corporation in full for the tax for the current year, the amount which shall be certified to him by the assessors, and charge the remainder of said tax, with all interest and fees, to erroneous assessments.

Adopted.

By Ald. Dewey—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Lamp and Electrical Committee would respectfully submit the following report:

In relation to the application of the Rochester Gas and Electric Company to lay conduit across Court street bridge, your committee would report that they have thoroughly investigated the matter and would recommend that the same be granted.

In the matter of the negotiation with the Rochester Railway Company to have their trolley poles removed from Main street, your committee would report that the same is now under consideration, but no permanent agreement has as yet been reached. It is hoped that an arrangement may be perfected by the next meeting of your honorable body.

All of which is respectfully submitted,

ALVIN H. DEWEY,
HENRY G. COOK,
T. McMILLAN,
J. B. SIMMELINK,
MERTON E. LEWIS,
JOSEPH BIERBRAUER,
Lamp Committee.

Ordered received, filed and published.

By Ald. Dewey—Resolved, That permission be, and the same hereby is, granted the Rochester Gas & Electric Company to lay and maintain an electrical conduit across Court street bridge, under the direction of the City Electrician.

Adopted.

By Ald. McMILLAN—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Finance Committee begs leave to present the following report:

In pursuance of a resolution of this Common Council heretofore duly adopted, the City Treasurer advertised a sale for October 18th, of one million dollars worth of the city's water and East Side Sewer bonds. At that sale no bidders appeared, and the sale was held open for two weeks. A meeting of your Finance Committee was held on October 23rd, at which representatives from all of the banks of Rochester were present, and the city's financial situation was thoroughly discussed. Estimates had been procured from the various departments as to the amount of money which would be necessary to meet the October budget, to be presented at this meeting. These estimates amount, in round numbers, to nearly

\$400,000, including nearly \$200,000 for payment on account of new water conduit. At that time the cash on hand in the City Treasurer's office was less than \$50,000, and the receipts of the office were averaging about \$2,000 per day; so that it was apparent that by the time the money would be needed, there would be on hand, available for the purpose of meeting the budget, not to exceed sixty or seventy thousand dollars. All of the banks were canvassed for the purpose of procuring a loan, but in the present condition of finances, none of them seemed willing to lend the city any money. Your committee, therefore, deemed it advisable that a sub-committee should go to New York for the purpose of negotiating a temporary loan, and the chairman of the Finance committee, together with Aldermen Dewey and Lewis, were selected as members of the Finance Committee's sub-committee. It was also thought advisable that the City Treasurer and Mr. H. C. Brewster of the Traders Bank, should accompany the sub-committee, which they did. Upon their visit to New York, the committee called upon various banks and trust companies, and also upon dealers in municipal bonds. They were able to negotiate with the Union Trust Company, of New York, for a temporary loan of \$200,000, to be secured by the note of the city, to be signed by the treasurer and countersigned by the chairman of the Finance Committee, and to be payable on the first day of August next, with interest at 6 per cent., payable on the first day of August. This note to be issued in anticipation of taxes levied and not yet collected. In the judgment of your committee, it is advisable that this loan be consummated and the proceeds placed to the credit of the contingent fund, and sufficient moneys transferred from that fund to the additional water supply fund to meet the estimates included in the October budget.

Your committee was also able to negotiate with the Union Trust Company, of New York, for the sale of \$200,000 worth of local assessment bonds, heretofore authorized by this council, said bonds to mature on October 1, 1894, interest at the rate of six per cent. per annum, payable May 1st, and October 1, 1894. The proceeds of such sale of bonds should be placed in the contingent fund, so as to be available for whatever purposes may be required, and can be transferred to whatever fund may need it. Your committee has been convinced of the fact that it will probably be impossible to secure an immediate sale for the city's water and sewer bonds at a rate of interest less than 4 per cent. per annum. It was the judgment of the members of the conference representing the several banks of the city, that if the bonds could be negotiated at four per cent. per annum, a sufficient quantity should be sold to carry the work along for at least a year, but on their visit to New York, the members of the sub-committee of your Finance Committee were convinced, after careful investigation, that if a small amount of bonds could be sold immediately, even at 4 per cent., it would be well to effect such sale, and the balance of the bonds should be reserved to be sold at such time as the moneys should be absolutely required, as your committee believes that within the next few months such bonds can be sold bearing 3 1-2 per cent. interest.

Your committee, therefore, recommends that the resolution heretofore adopted, directing the sale of the city's water and sewer bonds be reconsidered, and that such resolution shall be amended by striking out the words "3 1-2 per cent. per annum" and inserting the words "4 per cent. per annum." and that the treasurer shall be directed to sell such amount of bonds as may be deemed advisable, at a rate of interest not to exceed 4 per cent. per annum.

Your committee further recommends that the City Treasurer be authorized to make the city's note for \$200,000, payable to the order of the Union Trust Company, of New York, interest at the rate of 6 per cent. per annum, payable on the first day of August. That said note be signed by the treasurer and countersigned by the chairman of the Finance Committee. Your committee further asks that the action of the committee in sending a sub-committee to New York to negotiate required loans, be ratified and approved.

All of which is respectfully submitted.

T. MCMILLAN,
MERTON E. LEWIS,
ALVIN H. DEWEY,
HENRY G. COOK,
WILLIAM WARD,
J. MILLER KELLY,
Finance Committee.

Ordered received, filed and published.

By Ald. McMillan—Resolved, That the resolution of this council heretofore adopted, directing the Treasurer to issue the city's bonds for the purpose of procuring moneys for an additional water supply and for the East Side Trunk sewer, be, and the same is hereby reconsidered.

Adopted.

By Aid. McMillan—Resolved, That the resolution of the Common Council, directing the sale of the city's water and sewer bonds heretofore adopted and reconsidered at this meeting, be amended by striking out the words "3 1-2 per cent. per annum" and inserting in place thereof the words "4 per cent. per annum."

Adopted.

By Aid. McMillan—Resolved, That the resolution of this Council, directing the sale of the city's water and sewer bonds, reconsidered at this meeting be, and the same is hereby, adopted as amended.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Stummelink, Lewis, Forsyth, Bierbrauer —18.

By Aid. McMillan—Resolved, That the action of the Finance Committee of this council in sending a sub-committee of such Finance Committee to New York, for the purpose of negotiating the loans, as set forth in the accompanying report, be, and the same is hereby, in all things ratified and approved.

Adopted.

By Aid. McMillan—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to make and deliver the city's note for the aggregate sum of two hundred thousand dollars, payable on August 1, 1894, at 6 per cent. interest; this amount being represented by taxes and assessments levied but not collected, under the authority of section 51 of the city charter; said note to be negotiated under the direction of the finance committee, and to be countersigned by the chairman of the finance committee, and the interest thereon to be charged to the contingent fund.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Stummelink, Lewis, Forsyth, Bierbrauer —18.

By Aid. McMillan—Resolved, That the Treasurer be, and he hereby is, directed to transfer from any moneys in the treasury the sum of one hundred thousand dollars to the fund for an additional water supply; the sum of thirty-four thousand dollars to the fund for the East Side Trunk Sewer, and the sum of twelve thousand dollars, to the fund for the con-

struction of bridges; the city to be reimbursed for said moneys at the rates of interest allowed by law, upon the sale of bonds for the respective improvements.

Ayes—Alds. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Simmelink, Lewis, Forsyth, Bierbrauer—18.

By Ald. Lewis—
To the Honorable, the Common Council of the City of Rochester:

Gentlemen—Your Law Committee, begs leave to make the following report:

In the matter of the claim of John C. Howard, for damages occasioned by an accident on the 16th day of July, 1893, on North Clinton street, we have caused the same to be thoroughly investigated, and we learn from such investigation, that said Howard while driving with his horse and buggy on North Clinton street, broke through a crust of earth which covered a newly constructed sewer on that street and injuring his horse, breaking his buggy harness and doing injury to himself and members of the family who were in the buggy. From the investigation made by the City Attorney, we recommend that a settlement be secured, for the reason, that some damages could be recovered from the city, if the claim were sued. The proposition to settle the claim for one hundred dollars (\$100) has been made to the committee, and we recommend that this proposition be accepted.

In the matter of the claim of Catherine Lewis, for damages occasioned by a fall on a sidewalk on Hawley street, we caused the city attorney to make a careful investigation of the matter and learned from the investigation that the woman is 88 years of age and while walking tripped on a loose plank and dislocated her elbow, from which she has suffered great pain and has been partially disabled since then. She claims \$2,500, for damages and we have offered to settle her claim for the sum of \$250, which she has accepted, and we therefore recommend that the claim be settled at the sum of \$250.

The account of the Rochester Printing Company of \$20.75, for printing the constitution and by-laws of the board of Plumbers and plumbing, having been referred to this committee by this council to determine whether the city is liable for this account, we are of the opinion, that under the statute creating the board the city is liable for reasonable expenses accrued by it and therefore recommend that said account be paid.

In the matter of the application of the appointment for the commissioners of deeds, your committee recommend that the following named persons be granted:

John A. Graham, John T. O'Brien, Otis M. Hicks, Alford B. Partridge.

All of which is respectfully submitted,

MERTON E. LEWIS,
D. W. FORSYTH,
CHAS. S. COOK,
J. MILLER KELLY,
Law Committee.

Ordered received, filed and published.

By Ald. Lewis—Resolved, That upon the certificate of the City Attorney, that proper releases of any and all claims against the city on the part of John C. Howard up to date hereof, the City Clerk be and he hereby is directed to draw an order on the City Treasurer, payable from the Contingent Fund in favor of John C. Howard for the sum of \$100 in full for all damages up to date hereof.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Simmelink, Lewis, Forsyth, Bierbrauer—18.

By Ald. Lewis—Resolved, That upon the certificate of the City Attorney, that proper releases of any and all claims against the city on the part of Catherine Lewis up to the date hereof, the City Clerk be and he hereby is directed to draw an order on the City Treasurer, payable from the Contingent Fund, in favor of said Catherine Lewis, or her attorney, Fred. A. Mann, Esq., for the sum of \$250, for all claims or damages against said city up to the date hereof.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Simmelink, Lewis, Forsyth, Bierbrauer—18.

By Ald. Lewis—Resolved, That the City Clerk be authorized to draw an order upon the City Treasurer, payable from the Contingent Fund for the sum of \$20.75, in favor of the Rochester Printing Company in full of the account for printing the constitution and by-laws of the Board of Plumbers and Plumbing.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Simmelink, Lewis, Forsyth, Bierbrauer—18.

By Ald. Aikenhead—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Committee on Streets and Sewers begs leave to report, that it has examined into the subject-matter of the communication of the Board of Health relative to the construction of a sewer in Orchard street, from Smith street to Jay street, and recommend that the City Surveyor be directed to ascertain and report the expense of the construction of such a sewer, and prepare a first ordinance therefor.

In the matter of the petition of various taxpayers requesting this Board to examine into the condition of the sewer on East Main and Prince streets, near the intersection of said streets, we have referred the matter to the Executive Board to dig test pits, and take any other action that may be necessary.

Respectfully submitted,

JAMES M. AIKENHEAD.
JOHN F. FOX,
CHAS. S. COOK,
WILLIAM WARD.

Committee on Streets and Sewers.

By Ald. Aikenhead—Resolved, That the City Surveyor be, and he hereby is, directed to report to this Common Council the expense of constructing a sewer on Orchard street, between Smith and Jay streets, and to prepare a first ordinance therefor.

Adopted.

REPORTS OF SELECT COMMITTEES.

By Ald. Dewey—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your special committee on amendments to the bicycle ordinance would respectfully submit the following report:

Your committee held a public meeting to hear complaints from the public at large and suggestions from the Rochester Wheelman's League. The latter organization was represented by a committee of five business men, but much to the surprise of your committee, no person appeared to prefer complaints or charges against the wheelmen, although a special invitation had been sent to a number of gentlemen who had voiced their complaints through the public press and otherwise.

The position taken by the Rochester Wheelman's League, representing a good many hundred of our business and professional men, seems to be a fair one. They seem to fully

realize that they are allowed on the walks through the courtesy of your honorable body, and they are desirous of doing all in their power to enforce the present existing ordinance, and any others which your honorable body may enact. Your committee has deemed it advisable to include the following communication presented to your special committee by the Rochester Wheelman's League, as the same shows their position in the matter:

"The Rochester Wheelman's League fully appreciate the fact that sidewalk riding is a privilege granted us by the common council, and that it is not a right. The league does hereby pledge itself to continue to use every endeavor to have the ordinance lived up to by the wheelmen of Rochester, and does hereby request the proper authorities to have the policemen arrest any and all violators of the ordinance, and that such persons upon conviction shall be fined in every instance. We would also request that the policemen be given special instructions to watch the bridges at the hours of seven, twelve, one and six o'clock, especially Vincent, Platt, Mumford, Court and Clarissa streets. The league has mailed a copy of the ordinance to all persons whose names appear on the city clerk's registry, so that no person has cause to say that violation occurred through ignorance. We have also furnished the entire police force with a copy of the same, and have kindly agreed with the city clerk, who has kindly agreed to give one to each person upon registering his wheel. We would request that the present ordinance relating to sidewalk riding and registration be rigidly enforced. That no person shall be allowed to rent unregistered wheels under a penalty of \$10 for each offense, and that all persons renting wheels shall be responsible for all damage done by parties renting such wheels. That a person selling or trading a wheel shall be obliged to go to the city clerk and have such wheel transferred, and if such transfer is not made, the city shall hold him liable for any damage done by a wheel having that number on. That the present ordinance be amended so as to include all streets having asphalt, brick, cedar block or Medina block pavements. That we respectfully ask this committee to see if some means cannot be provided to stop the flooding of the streets which have been so improved, so that they may be used without danger to wheelmen. This would be a benefit not only to the wheelmen, but all persons owning carriages and who use them either for pleasure or business. We would also call attention to the fact, that while realizing that the use of the sidewalk is a privilege, still supposing that this would be continued to us, a large amount of money has been invested, and if we are deprived of these privileges, fully \$300,000 will have to be sacrificed. The 6,000 wheels in use in the city of Rochester are ridden almost entirely for business purposes and scarcely a business house of any size but would be directly or indirectly effected if the privilege granted us should be withdrawn. These wheels are used by all classes of citizens, from the highest to the lowest; laborers, mechanics, collectors, mail carriers, clerks, tradesmen, architects, lawyers, doctors, ministers, school teachers, typewriters and our daughters attending the schools and academies throughout the city. They are a necessity to the business man, a boon to the mechanic, allowing him to live in the suburbs of the city where rents are low, and thus enabling him to bring up his family surrounded by fresh air, instead of being driven into a tenement house in the center of the city; a means of health to the invalid who cannot afford to hire or own a carriage. Gentlemen, the bicycle has become a necessity to all classes and conditions of men. It has come to stay, and we hope and

trust and believe that you will do nothing to cripple its use in the city of Rochester."

Your committee has carefully weighed all suggestions made by the Rochester Wheelman's League and the public generally for and against the use of the wheel, and is of the opinion that the privilege now enjoyed should be continued, but that the present ordinance should be more rigidly enforced, and such new ones adopted as will serve to lessen the danger of accidents.

There seems to be no excuse for a wheelman using the walks of a street that is well paved, and your committee would recommend that an ordinance be adopted prohibiting all wheelmen from riding on the walks of any street that is now paved or hereafter may be paved with asphalt, brick, cedar block or Medina block pavement. Your committee would further suggest that no wheelman be allowed to use the sidewalk on East avenue within the city limits.

It is evident that the larger percentage of accidents are caused by too rapid riding. This fast riding on our public streets has increased wonderfully of late, and is particularly noticeable among the younger wheelmen, many of whom do not carry brakes, and so cannot control the speed of their wheel when approaching a sharp corner or in danger of collision. It seems to your committee that the proper place for fast riding is on the race track or some country road, and they would recommend that an ordinance be adopted which shall provide that any person who shall ride or propel any cycle or other vehicle upon the sidewalk, between the hours of 6 A. M. and 11 P. M., at a greater rate of speed than seven miles per hour, shall be liable to a fine of not less than \$25, or more than \$50 for each offense.

In conclusion your committee have only to add, that they are convinced that if the above suggestions are adopted, and the ordinances strictly enforced by the police department, the danger from bicycle riding will be very materially lessened, if not stopped entirely. All of which is respectfully submitted.

ALVIN H. DEWEY,
M. B. ADAMS,
T. McMILLAN.

Committee.

Ordered received, filed and published.

Ald. Dewey gave notice that at the next meeting of this board he would move an amendment to the penal ordinance governing the use of bicycles, in accordance with the recommendations contained in the foregoing report.

COMMUNICATIONS TO THE BOARD FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

OFFICE OF THE CITY ATTORNEY,
ROCHESTER, N. Y., Oct. 31, 1893. }

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—The matter of the Plymouth avenue improvement having been referred to me by this council, I have carefully inquired into the facts and find that the ordinance for the improvement assesses the property on both sides of Plymouth avenue, from Spring street to the W. N. Y. & P. R. R. Co. The original surveys of Plymouth avenue continue the street through the center of what is now known as Plymouth park. The roadway around the east and west side of this park is not a part of Plymouth avenue according to these surveys. It was assumed by the Common Council that the roadways around the park were properly Plymouth avenue, and the improvement has been made on the two road-

ways around the park, but no improvement has been made under the ordinance on Plymouth avenue proper, running through the park. Any assessment for the improvement upon the roadway around the parks cannot be included under the ordinance including Plymouth avenue proper. It is my opinion, that should the assessment for Plymouth avenue improvement include the costs for the roadway around the park it would make the assessment void. The cost of the improvement for the roadways around Plymouth park must be deducted from the total cost of the improvement of Plymouth avenue, and the balance can only be assessed upon the territory described in the ordinance as provided in the charter. The Council has the power and authority under the charter to enact a supplemental ordinance for the payment of the cost of the improvement around the roadways of the park and assess such territory as may be described in this ordinance, or can pay this amount from the contingent fund.

Yours respectfully,

C. D. KIEHEL,
City Attorney.

Ordered received, filed and published.

Ald. McMillan moved that the Surveyor prepare an ordinance for Plymouth avenue improvement in accordance with the recommendations contained in the foregoing communication from the City Attorney. Carried.

LOCAL IMPROVEMENT ASSESSMENT.

By Ald. Zimmer - Whereas, The City Treasurer has ascertained and reported the entire and aggregate expense of and connected with the following improvements, including any and all interest that the city has paid or has or shall become liable to pay upon accounts of any and all orders or notes issued by the city the expenses of such improvements adjusted by this Common Council as thus reported, and the portions or parts of the city on which the said expenses are hereby directed are to be assessed and which this Common Council deems to be benefited by the improvements respectively, are as stated and described in the final ordinances relating to the improvements, respectively, and that the names and expenses of the improvements thus to be assessed are as follows:

Ord. No.	Improvement.	Expense.
4,542.	East Main st. railroad bridge.	\$105,374 85

And it is further determined that the taxpayers to be assessed for making the foregoing improvement, may pay their assessment in five equal payments as follows: One-fifth within thirty days of the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-fifth within one year from the confirmation of such roll; one-fifth within two years of the confirmation of such roll; one-fifth within three years from the confirmation of such roll; and the remaining one-fifth within four years from the confirmation of such roll.

On all sums paid prior to the maturity of said last installment a discount will be allowed at the rate of 6 per cent. per annum.

And it is further determined that the taxpayers to be assessed for making the following improvement, viz:

5,163.	Anson park gravel imp't....	\$ 2,968 00
4,902.	East Main st. stone sewer...	27,144 11
4,904.	Hudson ave. stone and pipe sewer.....	16,809 41
5,103.	Parsells ave. pipe sewer....	5,739 69
5,149.	Webster street Medina imp't..	6,832 00
5,157.	Bronson ave. Medina pavement.....	42,858 58

May pay their assessments in three equal payments, as follows:

One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-third within one year from the confirmation of such roll. And the remaining one-third within two years from the confirmation of such roll. On all sums paid prior to the maturity of said last installment a discount will be allowed at the rate of six per cent. per annum.

And it is further determined that the taxpayers to be assessed for making the following improvements

5,168.	Langham st. pipe sewer.....	1,087 65
5,188.	Leavenworth place pipe sewer	415 29
5,190.	Kosciuszko ave. pipe sewer...	1,426 55

To the Common Council:

Gentlemen:—A resolution adopted by your honorable body, requesting the Executive Board to remove obstructions from a street known as Schaeffer park, was duly received and action taken looking toward the removal of such encroachment or obstructions as existed on the street.

One of the parties owning property upon this portion of Schaeffer park in question made objections against the removal of obstructions on the ground that the street was not a public street, and never was dedicated to public use. After inquiry as to the correctness of this statement, the Executive Board ascertained that there is no evidence of any dedication of the street for public use, and no record in the proceedings of the Common Council or the Executive Board to establish the fact that it was a public street or was ever accepted as such by the city of Rochester; and therefore no proceeding for the removal of obstructions could be taken.

Respectfully,

Yours respectfully,

S. B. WILLIAMS, City Treasurer.

Ordered received, filed and published.

By the Clerk—Notice of claim of Thomas F. Mahon against the city of Rochester. Referred to Law Committee.

ACTION UPON ORDINANCES.

FIRST ORDINANCES.

OPENING A STREET FROM BYRON STREET TO LYEELL AVENUE.

By Ald. Lewis—Resolved, That the following improvement is necessary, and we hereby judge that the public good requires the same to be done, viz:

The opening of a street 80 feet in width, from Byron street to Lyell avenue, the east and west line of which shall be as shown on a map of the William Otis Building Lot Association Tract, now on file in the Monroe County Clerk's office, liber 8, page 91 and indicated as Burrows street.

The territory necessary to be taken therefor is all the land lying between the above described east and west lines, and extending from Byron street to Lyell avenue.

Resolved, further, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of the proposed street, from Byron street to Lyell avenue, as they exist at the date of the passage of this ordinance, in proportion to the benefit which each will derive therefrom.

Adopted.

PIPE SEWER IN ST. JOSEPH PARK.

By Ald. Aikenhead—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in St. Joseph park.

Adopted.

The Surveyor submitted as such estimate, \$1,250.

By Ald. Aikenhead—Resolved, That the following improvement is necessary, viz:

The construction of a vitrified pipe sewer 12 inches in diameter in St. Joseph park, from a point 18 feet west of the east end thereof, to the sewer in St. Joseph street. Also the construction of the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formation.

And Whereas, The City Surveyor under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$1,250, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of St. Joseph park, from the east end thereof to St. Joseph street, in proportion to the benefit which each will derive therefrom. Adopted.

RELAYING FLAG WORK ON ROWLEY STREET.

By Ald. Zimmer—Resolved, That the City Surveyor ascertain and report to this Council the expense of relaying the walks on Rowley street.

The Surveyor submitted as such estimate, \$600.

By Ald. Zimmer—Resolved, That the following improvement is necessary, viz:

The relaying of the flagstone or cement walk on each side of Rowley street, from Park avenue to Monroe avenue, or as much of said walks as may be considered necessary, replacing flagstones that are broken and unfit for use with new flagstones. Property owners to be allowed thirty days in which to relay their own walks.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$600, which estimate is hereby approved.

Resolved, further, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Rowley street, from Park avenue to Monroe avenue in front of which the proposed work shall be performed, in proportion to the benefit which each will derive therefrom. Adopted.

PIPE SEWER IN ORCHARD STREET.

By Ald. Fox—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Orchard street.

Adopted.

The Surveyor submitted as such estimate, \$780.

By Ald. Fox—Resolved, That the following improvement is necessary, viz:

The construction of a vitrified pipe sewer 12 inches in diameter in Orchard street, from a point 50 feet north of Jay street to the sewer in Smith street. Also the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$780, which estimate is hereby approved.

Resolved, further, That the following portion of said city is deemed benefited and properly ought to be assessed as a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Orchard street, from Jay street to Smith street, in proportion to the benefit which each will derive therefrom.

Adopted.

By Ald. Zimmer—Resolved, That all persons interested in the subject matter of any and all

improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or ordinance, or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7 P. M., at the Common Council Chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Post Express notice thereof as is required and in the manner specified by section 172 of the city charter.

CITY CLERK'S OFFICE, }
ROCHESTER, N. Y., Oct. 31, 1893. }

Gentlemen:—Agreeably to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Post-Express, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, Oct. 31, 1893, at 7 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvement.

Respectfully,

HENRY W. GREGG, City Clerk

Final ordinance for pipe sewer and walks on Second street came up, and upon motion of Ald. Ashton, action thereon was postponed two weeks.

FINAL ORDINANCE NO. 5,254.

RELAYING WALKS ON MEIGS STREET.

On motion of Ald. Zimmer, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to relay walks on Meigs street, from Park avenue to Monroe avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary, and should be made, to wit:

The relaying of the flagstone walks on the east side of Meigs street, from Park avenue to Monroe avenue, or so much of said walks as may be considered necessary, replacing flagstones that are broken and unfit for use with new flagstones.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$250, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the east side of Meigs street, from Park avenue

to Monroe avenue, in front of which the proposed work shall be performed.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Cahilan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer.—18.

Final ordinance for Tremont place pipe sewer came up, Ald. McMillan presented a remonstrance and moved that the ordinance be indefinitely postponed. Carried.

FINAL ORDINANCE NO. 5,255.

STONE SEWER IN STATE STREET.

On motion of Ald. Aikenhead, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a stone sewer in State street, from near Exchange place to Allen street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary, and should be made, to wit:

The construction of a stone sewer 2 1-2 by 2 1-2 feet in size with arch and invert in State street, from a point 15 feet south of the south line of Exchange place, to the sewer in State street near the north line of Allen street. Also the construction of the necessary manholes, surface sewers, lot laterals and branches.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$22,000, which being deemed reasonable is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the rive an advantage from such improvement, to wit:

One tier of lots and parcels of land on each side of State street, from East and West Main streets, to a point opposite the north line of Allen street, excepting the lot on the northeast corner of State and Main streets.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Cahilan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer.—18.

Final ordinance for Prince street extension came up and upon motion of Ald. Lewis, action thereon was postponed two weeks.

MISCELLANEOUS.

By Ald. Tracy—Whereas, It seems to be the prevailing sentiment of business men on State street that the work of building the sewer upon that street should not be begun until after the first of January next, so that the holiday trade of that street may not be entirely ruined,

Resolved, That the Executive Board are hereby requested to postpone the beginning of work upon State street sewer until after January first, next.

Adopted.

Ald. McMillan moved that action upon his resolution of August 31, authorizing the issue of revenue bonds reported at page 228 current proceedings be reconsidered. Carried.

Ald. McMillan moved that action thereon be indefinitely postponed. Carried.

By Ald. McMillan—Resolved, That the City Treasurer be, and he is hereby authorized and directed to prepare and issue under the direction of the Finance Committee, in accordance with the provision of section 81 of the city charter, bonds of the city of Rochester to be known as the Rochester City Revenue Bonds, to the amount of \$200,000 in denominations to suit the purchasers. Said bonds to run for not more than one year from their date, to be signed by the Mayor and the City Treasurer, and countersigned by the President of the Common Council. Said bonds to bear a rate of interest not greater than will be necessary to effect their sale at par. That the moneys received from the sale of said bonds be paid into the general fund of the city toward the reimbursement of that fund for moneys heretofore advanced for payments upon local improvements.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—18.

By Ald. McMillan—

OFFICE OF THE EXECUTIVE BOARD, }
 ROCHESTER, N. Y., Oct. 31, 1893. }

To the Common Council:

Gentlemen:—The following action was taken by the Executive Board at a regular meeting held October 30th, 1893:

By Mr. Aldridge—Whereas, a cash guaranty in the sum of nineteen and 84-100 dollars was given the city of Rochester by P. H. Curtis,

contractor, for the maintenance of Emerson Street Cement Walk for a period of one year from the date of its completion, and.

Whereas, The time of such guaranty expired September 28th, 1892, and the walk is certified to this Board, to be in good order, therefore,

Resolved, That the Clerk of this Board request the Common Council to authorize the Treasurer of the city of Rochester, to pay to P. H. Curtis, contractor for the Emerson Street Cement Walk, Ordinance No. 4,495, the sum of \$19.84, being the amount retained by the city of Rochester as security given by said P. H. Curtis, for the repair and maintenance of said improvement for one year. Adopted.

Pursuant to the terms of the above resolution, it is requested that you authorize the City Treasurer to refund to P. H. Curtis the amount of money deposited as guaranty for the Emerson Street Cement Walk.

Yours respectfully,
THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. McMillan—Resolved, That the City Treasurer be, and he hereby is directed to pay to P. H. Curtis, contractor for Emerson Street Cement Walk, Ordinance No. 4,495, the sum of nineteen and 84-100 dollars being the amount retained by the city of Rochester as security given by said P. H. Curtis, for the repair and maintenance of said walk, for one year, said period having expired on September 28th, 1892, and the Executive Board having certified the same to be in good order.

Adopted by the following vote:

Total.....\$961 00

Yours respectfully,
 C. D. KIEHEL, City Attorney.

Ordered received, filed and published.

By Ald. Ashton—Whereas, The City Attorney has reported the aggregate and entire expense of and connected with the opening of a street from Rowe street to Glenwood avenue in this city, under final ordinance No. 4,886, at \$961, therefore

Resolved, That all persons interested in ordering the assessment for the expense of such improvement, be and the same hereby are directed to appear at the Common Council chamber in said city on the 14th day of November, 1893, at 7 P. M., and that the City Clerk give notice of the adoption of this resolution as required by the city charter.

Adopted.

By Ald. Ashton—Petition for electric lights on Riverside avenue. Referred to Lamp Committee and City Electrician.

By Ald. Dewey—Resolved, That the final ordinance for Lawton street improvement be reconsidered.

Adopted.

By Ald. Dewey—Resolved, That the ordinance be amended so as to read as follows:

Resolved, That the following improvement is necessary:

The improvement of Lawton street, from the east end thereof to Meigs street, by the construction of a gravel roadway therein, with a line of Medina stone curb and gutter on each side thereof, properly connected with all lateral streets, alleys and driveways. Width of roadway between curbs to be 18 feet. Also the construction of a Portland cement walk, 3 feet wide on each side of the street, between the limits mentioned, except where good flag or cement walks now exist, which walks shall be relaid if not conforming to the proper grade and alignment. Also the construction of the necessary crosswalks, surface sewers, manholes, lot laterals, water and gas services. Also the widening of Lawton street to a uniform width of 24 feet, from the east end thereof to Meigs street.

The lands necessary to be taken therefor is a strip of land on the north side extending from Meigs street 130 feet easterly, and 2.60 feet in width at its east end running to nothing at Meigs street; and on the south side a strip of land extending from Meigs street to a

point 100 feet easterly thereof, and of a width sufficient to make the street 24 feet wide.

And Whereas, The City Surveyor under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$1,700, which estimate is hereby approved.

Resolved, further, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Lawton streets, from the east end thereof to Meigs street, in proportion to the benefit which each will derive therefrom.

Adopted.

Upon motion of Ald. Ward, adopted by a rising vote.

By Ald. Dewey—

ROCHESTER, N. Y., Nov. 7, 1893.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—The Bell Telephone Company, of Buffalo, respectfully reports to your honorable body, that acting under your resolution of consent thereto of October 17, 1893, it has sold, assigned and transferred to the Citizens' Light & Power Company of Rochester its line of poles standing on the south side of West Main street between Plymouth avenue and the Erie canal, excepting the cable pole standing on or near the bank of the canal.

And the said Citizens' Light & Power Company has assumed all the obligations and liabilities of this company to and with the city of Rochester, the Rochester Railway Company and the Rochester Gas & Electric Company, a copy of the contract between this company and the said Citizens' Light & Power Company is hereto attached and submitted.

By this contract entered into in pursuance of said resolution of your honorable body this company is absolved from further liability or obligation for the maintenance or removal of said poles, and the city of Rochester will hereafter look to the Citizens' Light & Power Company to carry out the contract heretofore made by this company with the city in relation to such poles.

Respectfully yours,
 THE BELL TELEPHONE CO.,
 of Buffalo.

By Parker, Drake & Parker, its Attorneys.

Memorandum of agreement made this 18th day of October, 1893, between the Bell Telephone Company, of Buffalo, of the first part, and the Citizens' Light & Power Company, of Rochester, N. Y., of the second part, Witnesseth:

That the party of the first part for a valuable consideration to it paid by the party of the second part hath granted, bargained, sold, assigned, transferred and doth hereby grant, bargain, sell, assign, and transfer to the party of the second part all the telephone poles erected by the party of the first part, and now standing on the south side of West

Main street in the city of Rochester, N. Y., between Plymouth avenue and the Erie canal, excepting the pole used by the party of the first part for a cable or distributing pole on or near the canal.

Said poles are and each of them is, however, sold and transferred subject to any rights or privileges which the Brush Electric Light Company, the Rochester Electric Light Company, and the Rochester Gas & Electric Company as successors to said company, and the Rochester Railway Company and the city of Rochester may have thereon.

And the party of the second part hereby accepts said poles and the sale and transfer thereof to it subject to all such rights and privileges and as a part of the consideration for such sale and transfer, the party of the second part assumes and agrees to carry out and perform all the obligations and liabilities of the party of the first part to the city of Rochester and to and with the Brush Electric Company and the Rochester Electric Light Company, and the Rochester Gas & Electric Company as successors to said company, the Rochester Railway Company, and each of them in relation to the maintenance and the removal of the said poles or any or either of them and to indemnify and save harmless the party of the first part of and from any and all loss, costs, damage or expense by reason of the erection, maintenance or removal of said poles or any or either of them which may arise or occur after the date hereof.

And the party of the second part further agrees to indemnify and keep harmless and hereby covenants and agrees to indemnify and keep harmless said party of the first part of and from all claims, demands, costs, disbursements, charges, attorneys' charges and expense of very name and nature which said party of the first part may be compelled to or become liable to pay and make good and pay on demand to the party of the first part all loss or damage which it may sustain or suffer by reason of the maintenance of said poles or any or either of them after this date.

In witness whereof the parties have heretofore caused their respective corporate seals to be affixed and these presents to be signed by the vice-president and secretary of the party of the first part, and by the president of the party of the second part, the day and year first above written.

REPORTS OF STANDING COMMITTEES.

By Ald. H. G. Cook—
 ROCHESTER, N. Y., Nov. 13, 1893.

To the Honorable the Common Council of the City
 of Rochester:

Gentlemen:—In the matter of the assessment roll for Augusta street extension under ordinance No. 4,891, after hearing all parties interested, we recommend that the roll be confirmed:

HENRY G. COOK,
 WM. PAUCKNER,
 JOHN. F. FOX,
 M. H. LEMPERT,
 THOS. McMILLAN.

Assessment Committee.

Ordered received, filed and published.

By Ald. H. G. Cook—Resolved, That the assessment roll for Augusta street extension under ordinance No. 4,891 be, and that the same hereby is confirmed.

Allegations were called for and after hearing same from all persons appearing, said roll was confirmed by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Adams, Lempert, Fox, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelinck, Lewis, Forsyth, Bierbrauer—18.

By Ald. Lewis—

To the Honorable, the Common Council of the City
 of Rochester:

Gentlemen:—Your Law Committee begs leave to make the following report:

The matter of the claim of Elizabeth Collins for damages caused by the discharge of sewage upon her premises has been carefully considered by your committee and we learn that her property has been considerably damaged by reason of such pollution since the 27th of October, 1890. She has made a claim against the city for \$750 damages, but has finally accepted an offer made by the committee for \$250 for all past and future damages. Inasmuch as we consider this a very reasonable settlement for the damages sustained we recommend that a resolution be adopted settling the claim at this figure.

In the matter of the resolution passed October 17, 1893, directing the settlement of the claim of Joseph Schrader for sewage damages, we have since learned that the interest of Joseph Schrader in said property has been transferred and that he is unable to settle the claim for future damages to the premises in question. We learn that the transfer of this property was made about one year ago and that the amount offered to Schrader is more, in the opinion of the committee, than he has sustained as damages. We recommend that said resolution be reconsidered and that the resolution be adopted recommending the payment of \$250 in settlement of all damages sustained by Schrader upon his property.

In the matter of the amount due Martha Dickinson upon the contract entered into between her and the city of Rochester, we have been advised by the City Attorney that she is entitled to the sum of \$400 under the provisions of the contract, November 8, 1893. We therefore recommend that an order be drawn by the City Clerk in her favor for said amount.

In the matter of the application for the appointment of commissioners of deeds, your

committee recommends that the application of William F. Lynn be granted.

All of which is respectfully submitted.

MERTON E. LEWIS,
 D. W. FORSYTH,

Law Committee.

Ordered received, filed and published.

By Ald. Lewis:—Resolved, That upon the certificate of the City Attorney that a proper release of any and all claims against the city, by or on the part of Elizabeth Collins by reason of the discharge of sewage into the creek flowing through and along her property, and the right, privilege and easement in and to said creek be, and he hereby is directed to draw an order on the Treasurer payable from the Contingent Fund in favor of said Elizabeth Collins, or her attorney, Andrew Ludolph, Esq., for the sum of \$250 for all past and future damages occasioned by the pollution of said creek on her premises.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Adams, Lempert, Fox, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelinck, Lewis, Forsyth, Bierbrauer—18.

By Ald. Lewis—Resolved, That the resolution adopted by this council directing the payment to Joseph Schrader of \$300 in full of all past and future damages for sewage upon his premises, passed October 17, 1893, be, and the same hereby is reconsidered and is indefinitely postponed.

Adopted.

By Ald. Lewis—Resolved, That upon the certificate of the City Attorney, that a proper release of any and all claims against the city by or on the part of Joseph Schrader by reason of the discharge of sewage of Thomas creek flowing through and along his premises to which said Schrader has a right, title and interest, the Clerk be, and he hereby is directed to draw an order on the Treasurer payable from the Contingent Fund in favor of said Joseph Schrader, or his attorney, E. F. Turk, Esq., for the sum of \$250 in full of all damages sustained by him by reason of such pollution.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Adams, Lempert, Fox, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelinck, Lewis, Forsyth, Bierbrauer—18.

By Ald. Lewis—Resolved, That the City Clerk be, and he hereby is directed to draw an order on the Treasurer payable from the Contingent Fund in favor of Martha Dickinson for the sum of \$400, being the amount due upon her contract with the city for sewage pollution upon her premises in the town of Irondequoit.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Adams, Lempert, Fox, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelinck, Lewis, Forsyth, Bierbrauer—18.

By Ald. Forsyth—

To the Honorable, the Common Council of the City
 of Rochester:

Gentlemen:—Your Committee on Support and Relief of the Poor reports as follows:

The stringency of the times and the lack of employment among the laboring classes who depend upon their daily labor for the support of themselves and their families, is particularly observed and felt in the poor department of our city.

November 1, 1892, the undrawn balance of the Poor Fund was \$47,489.11, while this year the balance undrawn November 1st was \$36,380.15, showing that the fund on November 1st is less \$11,108.06 than it was a year ago. At this time there are in round numbers 100 families on the list as receiving aid from the city more than there was at the corresponding time a year ago, and with the prospect that as the winter closes in there will be urgent and increasing demands made upon the city to aid many worthy people who through no fault of theirs are compelled by force of circumstances to seek it—many of whom never before were compelled to seek such relief.

This condition of things has been to a certain extent anticipated by the poor department, and every effort has been made to protect its fund—claims for aid have been closely scrutinized to the end that none but those in actual need would receive consideration—and all expenditures which have been a charge upon this fund have been very carefully examined. But, notwithstanding, it seems altogether probable that before the end of this fiscal year the Common Council will be called upon to meet a deficiency in the Poor Fund due to hard times and lack of employment.

The City and St. Mary's Hospitals, by their representatives, appeared before your committee urging among other things that an allowance be made of five dollars (\$5) for each charity surgical operation, claiming that about that expense is necessarily incurred in every surgical operation, and for which no provision is made by the city, and which they, the hospitals, of course, have to stand. It was also urged upon your committee that the city pay eight dollars (\$8) per week instead of five dollars (\$5) per week as is now the arrangement in the case of surgical patients until sufficiently recovered, that special care and nursing is not required. The hospitals of this city though justly credited with a great amount of charity, are not self-sustaining themselves, there is always a deficiency which is made up by donations from those of our citizens who are not only public-spirited but charitably inclined, and your committee is disposed to co-operate with these institutions as far as possible, but before taking action your committee determined to visit the hospitals with a view of becoming more fully satisfied as to what course to pursue, and at a time in the near future take the matter up and make some recommendation with reference to the appropriations asked for.

The hospitals also complain that oftentimes there are charity cases which are brought directly to the hospital, the exigencies of the case requiring that course to be pursued, leaving no opportunity for the department to examine into the case before they are received into the hospital. And if the examination which the city makes will not warrant the city to assume the expenses of the case, the hospital often fails to get compensation for services rendered, then again a patient may be brought to the hospital upon an order from the overseer of the poor directing the care for such patient for a specified time, when oftentimes at the expiration of the time mentioned the case has not recovered and must still be kept in the hospital, the order is not renewed and the hospital is called upon to pay the expenses of the patient from the expiration of the time mentioned in the order, for obvious reasons, no hospital could turn out upon the street a sick patient—humane considerations are a sufficient bar to such a course.

Your committee therefore recommend that the rule in emergency cases be relaxed to the extent that matters arising by reason of such

cases shall be fairly and equitably adjusted as between the city and the hospitals, and that the overseer of the poor furnish with each order to the hospital a brief statement of the facts in each case so that the hospitals by such information may be able to protect themselves against impositions upon them by unworthy seekers after charity.

Another matter which your committee discussed was the fact that there were now at the hospitals in this city and have been for many years a number of charity patients consisting for the most part of old men and women who are suffering more or less from the infirmities of age, and require as such cases do, more or less medical treatment. There are now 55 of such cases in the hospitals in this city, and for each case is drawn \$1.75 per week. For a year for the care of this number of patients it does amount to over \$5,000. Your committee believes that a large majority of such persons should be supported by the county, and our poor fund saved that expenditure, and as a matter of fact at the present rates for county poor the people who pay the taxes would have about \$1,200 less to pay every year for the support of these 55 cases if the county instead of the city had charge of them.

We therefore recommend that the overseer of the poor be especially careful with reference to granting orders upon the hospitals to this class of cases, and that no further orders be given to persons where it may appear that it is the intention to make the hospital a home. The hospitals themselves will certainly in this connection be willing to co-operate with the city for it was claimed before your committee on their part that as a business proposition persons could not be supported in the hospitals at \$1.75 per week without financial loss.

All of which is respectfully submitted.
Dated, Rochester, N. Y., Nov. 14, 1893.

H. G. COOK,

Committee for Support and Relief of Poor.

Ordered received, filed and published.

By Ald. Forsyth—Resolved, That the Overseer of the Poor be and he hereby is instructed to furnish with each order upon any hospital for the care of an indigent person, a brief statement of the facts found by the examination of the city with reference to such case, so far as bearing upon the ability of such indigent to pay.

Adopted.

By Ald. Forsyth—Resolved, That no further orders upon hospitals in this city be granted by the Overseer of the Poor where it appears that it is the intention of such persons to make such hospital a home.

Adopted.

Ald. Fox, from the Police Committee, Ald. Johnston, from the City Property Committee, Ald. Ashton, from the Park Committee, Ald. Dewey, from the Lamp Committee, Ald. Pauckner, from the Contingent Expense Committee, Ald. Simmelink, from the Health Committee, and Ald. Forsyth, from the Poor Committee, reported favorably of the various bills referred to their respective committees and referred them to the Auditor and Finance Committee for payment.

To the Honorable, the Common Council of the City of Rochester :

Gentlemen:—In the matter of a petition for the abatement of nuisance caused by the inability of Prince street sewer to carry off storm water which was referred to the Committee on Streets and City Surveyor at your meeting of August 8th, 1893, I beg leave to report, that this brings up one of the most important sewerage problems and needs careful consideration and study before adoption of any plan, as the difficulty does not seem to be local but is experienced as far as Manhattan street.

We have already done on it what work was possible while attending to the great amount of construction in progress, and ask for further time for making a final report.

Very respectfully yours,

J. Y. McCLINTOCK,
City Surveyor.

By Ald. McMillan—

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, N. Y., Nov. 13, 1893.

To the Common Council:

Gentlemen:—Two partial or approximate estimates in favor of the Carroll-Porter Boiler & Tank Company, of Pittsburg, Pa., and the Central Bridge & Engineering Company, of Peterboro, Ont., respectively, for 60-inch steel intake pipe and flexible joints furnished by said parties for the new conduit, were duly presented by the Chief Engineer of the Water Works, and audited by this Board, on October 27, 1893.

In consequence of the requirement that all such estimates be sworn to by the contractors, before presentation to your Finance Committee for audit, these two estimates were immediately after their audit by the Executive Board, on the date mentioned, sent to the said contractors at Pittsburg, Pa., and Peterboro, Ont., respectively, with the request for their immediate return after proper acknowledgment before a notary public. Both of the parties maintain that they complied with the request immediately on receipt of said estimates, and immediately mailed them back to the Executive Board. Through some delay in the mails, however, neither of these two estimates reached the

Executive Board in time for presentation to the Council on October 31, but appear to have arrived by the night trains on that day, since they came to hand on the following morning. Both of the contractors mentioned have written contracts with the city stipulating for payment of their estimates on or before the 15th of the month following that in which the estimate was made, and both of said parties allege that they are in urgent need of the amounts respectively due them under said contracts, and will be greatly embarrassed if such payment is deferred. As the fault appears to be due to a delay in the arrival of the mails, and not due to any delay on the part of said contractors, the Executive Board respectfully recommends that the City Treasurer be authorized to pay these two estimates, amounting to \$13,700, as soon as possible, and to that end recommends the passage by your Board of the sub-joined resolution.

Respectfully submitted,
THOMAS J. NEVILLE, Clerk

Ordered received, filed and published.

By Alderman McMillan—Whereas, An approximate estimate for \$12,400, in favor of the Carroll-Porter & Tank Co., of Pittsburg, Pa., and another estimate of \$1,300, in favor of the Central Bridge & Engineering Co., of Peterboro, Ont., are due above named companies as stated in the communication of the Executive Board; therefore,

Resolved, That the Treasurer be, and he hereby is, directed to transfer from any moneys in the treasury the sum of thirteen thousand seven hundred (\$13,700) dollars in payment of the approximate estimate No. 1, as follows: To the Carroll-Porter Boiler & Tank Co., of Pittsburg, Pa., the sum of \$12,400, and to the Central Bridge & Engineering Co., of Peterboro, Ont., the sum of \$1,300, under their contract for furnishing 60-inch steel intake pipe, and 60-inch flexible joints for said pipe, respectively, and charge said sums to account of moneys raised for additional water supply, when funds are available.

Adopted by the following vote:
Ayes—Ald. Tracy, McMillan, C. S. Cook, Cahlan, Adams, Lempert, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Stimmelnk, Lewis, Forsyth, Bierbrauer—19.

By Ald. McMillan—Resolved, That the Executive Board be and it is hereby authorized to direct its Clerk to draw orders on the City Treasurer for the sum of \$12,400, in favor of the Carroll-Porter Boiler & Tank Co., of Pittsburg, Pa., and for the sum of \$1,300 in favor of the Central Bridge & Engineering Co., of Peterboro, Ont., and charge the same to the Additional Water Supply Fund.

Adopted by the following vote:
Ayes—Ald. Tracy, McMillan, C. S. Cook, Cahlan, Adams, Lempert, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Stimmelnk, Lewis, Forsyth, Bierbrauer—19.

CITY TREASURER'S OFFICE,
ROCHESTER, N. Y., Nov. 14, 1893. }

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—On March 30, 1893, the general city tax for 1892, against lot 2, section C, Williams Tract, South avenue, assessed to Sarah J. Richards, was erroneously sold and bid in by Lyman Johnson. The tax was paid previous to the sale. I would therefore recommend that authority be given to refund the money paid in by Mr. Johnson for said tax, together with the interest to which he is entitled.

Yours respectfully,
S. B. WILLIAMS, Treasurer.

Ordered received, filed and published.

By Ald. H. G. Cook—Resolved, That upon Lyman Johnson's surrendering certificate of tax sale against lot 2, section C, Williams tract, South avenue, assessed to Sarah J. Richards, the City Treasurer refund him money paid for same by him together with such interest as he is entitled to.

Adopted by the following vote:
Ayes—Ald. Tracy, McMillan, C. S. Cook, Callihan, Adams, Lempert, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—19.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

RIGHT OF WAY FOR STATE HOSPITAL OUTLET SEWER.

By Ald. Aikenhead—Resolved, That the following improvement is necessary and we hereby judge that the public good requires the same to be done, viz:

The acquirement of the necessary easements in and rights of way for the construction and maintenance of the State Hospital and South Goodman street sewer, as described in Ord. No. 5,252. The land to be taken for said easement is described as follows: A strip of land sixty-six feet wide, extending from the southerly end of Goodman street to Highland avenue and the center line of said strip is described as follows: Beginning at a point in the center of Goodman street at its south end, thence south 22 degrees 49 minutes and 45 seconds west on prolongation of the center line of said Goodman street, 681.40 feet; thence on a curve to the left with a radius of 81,065 feet to a point which is 15.17 feet easterly from said center line of Goodman street prolonged, and measured at right angles therefrom, from a point in said line 179.11 feet from the last aforesaid point in said line; thence on a curve to the right with a radius of 800 feet to a point which is 5.07 feet easterly from the aforementioned prolongation of the center line of Goodman street, and measured at right angles therefrom, from a point in said line which is 318.79 feet from the last aforementioned point in said line; thence on a curve to the left with a radius of 399 feet to a point which is 48.42 feet easterly from the aforementioned prolongation of the center line of Goodman street, and measured at right angles therefrom, from a point in said line which is 292.45 feet from the last mentioned point in said line; thence on a curve to the right with a radius of 498.5 feet to a point which is 112.87 feet easterly from the aforementioned prolongation of the center line of Goodman street, and measured at right angles therefrom, from a point in said line which is 305.98 feet from the last mentioned point in said line; thence southerly in a straight line 105.04 feet to a point in the northerly line of Highland avenue, which is 101.24 feet easterly from the aforementioned prolongation of the center line of Goodman street and measured at right angles therefrom, from a point which is 104.39 feet from the last aforementioned point in said line.

Also a strip of land twenty feet wide, extending from the above described parcel to Elmwood avenue, the center line of which is described as follows: Beginning at a point in the center line of the above described 66 foot strip, said point being 113.14 feet easterly from the center line of the aforementioned prolongation of the center line of Goodman street, said distance being measured at right angles to said prolonged line at a point in said line which is 281.2 feet northerly from the point where said line prolonged intersects the north line of Highland avenue, thence south 70 degrees 54 minutes 5 seconds west

545.08 feet to an angle; thence south 58 degrees 57 minutes 9 seconds west 1,320.87 feet to an angle; thence south 67 degrees 54 minutes 53 seconds west, 483.77 feet to an angle; thence south 52 degrees 14 minutes 15 seconds west 768.45 feet to an angle; thence south 29 degrees 29 minutes 24 seconds west 659.65 feet to the north line of Elmwood avenue.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

All the property included within, and described by the following boundary lines, viz.:

Beginning on the east line of Goodman street at South Clinton street, thence southerly along South Goodman street, including one tier of lots on the east side thereof, but excluding the lot on the southeast corner of South Clinton street to the southwest corner of town lot No. 52; thence easterly on the south line of said lot No. 52 to the city boundary line; thence southerly along the said city boundary line to Highland avenue; thence westerly along Highland avenue to the easterly boundary line of lands of the county of Monroe; thence southerly along said east line of Monroe county lands, and state hospital lands to Elmwood avenue; thence westerly along Elmwood avenue to Mt. Hope avenue; thence northerly along Mt. Hope avenue to Highland avenue; thence easterly along Highland avenue, including one tier of lots on the north side thereof, excepting the lot on the northeast corner of Mt. Hope avenue to South avenue; thence northerly along South avenue to Reservoir avenue, including one tier of lots on the west side thereof; thence easterly along Reservoir avenue, and along the line of said avenue produced to a point 650 feet westerly from and measured at right angles from the center line of South Goodman street produced; thence northerly parallel to and 650 feet distant from the center line of South Goodman street produced, and South Goodman street to a point in the south line of Whitmore park produced easterly, excepting one tier of lots on each side of Benton street, west of Seager street, and also one tier of lots on each side of Yale street, west to a point 250 feet east of Meigs street; thence easterly parallel to Caroline street, to South Goodman street and point of beginning, in proportion to the benefit which each will derive therefrom.

Adopted.

PLANK WALK ON ST. JOSEPH PARK.

By Ald. Zimmer—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a plank walk on St. Joseph park.

Adopted.

The Surveyor submitted as such estimate, \$50.

By Ald. Zimmer—Resolved, That the following improvement is necessary, viz:

The construction of a pine plank walk, 4 feet wide, on the south side of St. Joseph park, from the east end thereof to St. Joseph street, except where good plank walks now exist, which walks shall be relaid if not conforming to the proper grade and alignment.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$50, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on the south side of St. Joseph park, in front of which the proposed work shall be performed, in proportion to the benefit which each will derive therefrom.

Adopted.

First ordinance for relaying the walks on Union street came up and upon motion of Ald. Dewey action thereon was indefinitely postponed.

First ordinance for a bridge over the Carroll and Fitzhugh race at Court street, came up.

Ald. McMillan moved that it be referred to the Public Improvement Committee.

Ald. Dewey moved as an amendment that the matter be referred to the Special Committee on Court street bridge. Carried.

Original resolution as amended carried.

By Ald. Zimmer—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or ordinance, or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7 P. M., at the Common Council Chamber, when allegations relative thereto will be heard and that the City Clerk be, and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Post-Express notice thereof as is required and in the manner specified by section 372 of the city charter.

CITY CLERK'S OFFICE, }
ROCHESTER, N. Y., Nov. 14, 1893. }

Gentlemen:—Agreeably to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Post-Express, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common on Tuesday evening, November 14, 1893, at 7 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvement.

Respectfully,

HENRY W. GREGG, City Clerk.

Final ordinance for Second street sewer and walks came up.

Ald. Ashton introduced the following:

By Ald. Ashton—Resolved, That the ordinance for Second street sewer and walk be amended by making the walk 4 1-2 feet wide, and the sewer to begin at a point 100 feet north of Glenwood avenue.

Adopted.

Ordinance as amended laid over two weeks under the rules.

FINAL ORDINANCE, NO. 5,256.

OPENING A STREET FROM BYRON STREET TO LVELL AVENUE.

On motion of Ald. Lewis, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to open a street from Byron street to Lyell avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary, and should be made, to wit:

The opening of a street 80 feet in width, from Byron street to Lyell avenue, the east and west line of which shall be as shown on a map of the William Otis Building Lot Association Tract, now on file in the Monroe county clerk's office, liber 8, page 91, and indicated as Burrows street.

The territory necessary to be taken therefor is all the land lying between the above described east and west lines, and extending from Byron street to Lyell avenue. And the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of the proposed street, from Byron street to Lyell avenue, as they exist at the date of the passage of this ordinance.

Ald Kelly presented a remonstrance. Ordered received and filed.

The ordinance was then adopted by the following vote:

Ayes—Ald. Tracy, McMillan, Zimmer, Adams, Lempert, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—18

FINAL ORDINANCE. NO. 5,257.

PIPE SEWER IN ST. JOSEPH PARK.

On motion of Ald. Aikenhead, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a pipe sewer in St. Joseph park, from 18 feet west of the east end thereof to the sewer in St. Joseph street,

And after hearing such allegations from all persons appearing

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a vitrified pipe sewer 12 inches in diameter in St. Joseph park, from a point 18 feet west of the east end thereof, to the sewer in St. Joseph street. Also the construction of the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formation.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$1,250, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of St. Joseph park, from the east end thereof to St. Joseph street.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, Zimmer, Adams, Lempert, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—18.

Final ordinance for relaying walks on Rowley street came up, and upon motion of Ald. Dewey action thereon was indefinitely postponed.

FINAL ORDINANCE, NO. 5,258.

PIPE SEWER IN ORCHARD STREET.

On motion of Ald. Fox, the Common Council proceeded to hear allegations in re-

lation to the improvement described in the following ordinance, viz:

An ordinance to construct a pipe sewer in Orchard street, from 50 feet north of Jay street to the sewer in Smith street.

And after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a vitrified pipe sewer 12 inches in diameter in Orchard street, from a point 50 feet north of Jay street to the sewer in Smith street. Also the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$780, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Orchard street, from Jay street to Smith street.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, Zimmer, Adams, Lempert, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—18

Final ordinance for Prince street extension came up, and upon motion of Ald. Aikenhead action thereon was postponed four weeks.

Nays—Alds. Zimmer, Fox, Johnston, Pauckner, Aikenhead, Bierbrauer—6.

By Ald. Johnston—

To the Honorable, the Common Council:

Gentlemen: I present herewith charges against the Executive Board and its members and ask that they be investigated and reported upon.

They are made free from all malice and with the sincere belief that they will be productive of good to all concerned, and especially so to the large number of property owners and taxpayers in our city.

The city charter gives the Executive Board control of the Street, Fire and Water Departments of our city and provides in section 149 that "the members of the said board shall give their entire time to the duties of the office."

Said charter also provides in section 147 for a maximum salary of \$3,500 and each of the members of said board receives that amount.

Section 153 of the charter provides as follows: "The said Executive Board shall make monthly reports to the Common Council of their expenditures and the condition of the funds under their control." also that, "they shall keep a record of their proceedings and of all receipts and expenditures, which shall be published in at least one daily paper in said city."

Section 148 provides that "all lawful expenses of the Executive Board and all the accounts and demands lawfully contracted by that board, shall be by it examined, audited and settled and then certified to the Common Council for approval, and after the same shall be approved by the Common Council, the clerk of said Executive Board shall draw orders upon the Treasurer, payable from the proper funds set apart by the Common Council for

said Executive Board, as provided herein, excepting only that moneys to be disbursed for labor, to the amount of not more than five thousand dollars in any one week, may be drawn by orders or warrants made by the Executive Board directly upon the City Treasurer, who shall pay the same when there are funds for the purpose."

This latter clause being undoubtedly intended to provide for the prompt payment of the small sums due the numerous street laborers and not to provide for the payment of the regular salaried officials connected with the department. The custom of the Executive Board is and has been to include all salaries for street department employes, such as the street superintendent and assistants, foremen, inspectors, special policemen and office clerks in the weekly labor budget and not report them in any manner, either itemized or general for the approval of the Common Council, unless the budget exceeds \$5,000, and then report the excess amount only.

Under this condition of affairs the expenditures through the Street Department have increased from \$45,451 in 1880, to \$216,328 in 1892, an amount beyond all proportion to the city's growth in population and real estate valuation, and the expenditures in 1892 do not include the cost of cleaning the asphalt and brick paved streets, amounting to \$13,766.

The Executive Board furnishes an itemized monthly statement of all disbursements for materials and supplies through the Street Department for the approval of the council, but does not furnish for this council's approval any statement, either itemized or general, of the amounts expended for labor and salaries. Therefore in omitting to furnish a general statement of the expenditures for labor and an itemized statement of the salaried employes in said department, it is charged, first, with being inconsistent, irregular and with violating both the letter and spirit of the charter.

The Executive Board controls all the Fire Department expenditures and they have increased from \$32,442 in 1880, to \$182,042 in 1892.

It furnishes for the approval of this council an itemized monthly statement of all disbursements for material and supplies and while its members are permitted to employ whomsoever they desire, there is no provision in the charter authorizing them to withhold a similar statement of the salaries of their employes in this department, and in omitting to furnish said statement they are charged, second, with being inconsistent, irregular and with violating both the letter and the spirit of the charter.

The said Executive Board also controls all Water Works receipts and expenditures and while its control of this department is more full and complete than its control of the other two, there is no provision in the charter authorizing them to withhold an itemized monthly statement of their expenditures through it, but on the contrary the charter distinctly says that such statement shall be made. The operating expenses of the water system alone, not including any expenditures for water pipe extension, have increased from \$39,156 in 1880, to \$155,648 in 1892.

The said board furnishes for the approval of this council an itemized monthly statement of all expenditures for water works materials and supplies, but fails to furnish a similar itemized statement showing the salaries of the employes in this department, and in omitting to furnish this latter statement, it is charged, third, with being inconsistent, irregular and with violating both the letter and spirit of the charter.

Under date of April 18, 1893, this Common Council adopted unanimously a resolution calling the Executive Board's attention to its

large and constantly increasing expenditures through the highway fund, and asking for information about the cost of cleaning our different classes of streets. Not receiving any reply, this council again, under date of August 8, 1893, adopted unanimously a second resolution asking the said board for the information referred to, but as yet no reply has been received. The said Executive Board is therefore charged, fourth, with being disrespectful to this council, negligent in its official duties, and indifferent in its management of the street department, to the property owning and tax-paying interests in our city.

These charges may be summarized as follows:

VIOLATIONS OF THE CHARTER.

First (A)—In not reporting for this council's approval any statement, either itemized or general, of the Street Department officials and their salaries.

(B)—In not reporting for this council's approval any statement, either itemized or general, of the Street Department expenditures for labor.

Second—In not reporting for this council's approval any itemized statement of the Fire Department officials and employes and their salaries.

Third—In not reporting for this council's approval any itemized statement of the Water Works Department officials and employes and their salaries.

Fourth—Disrespect to this council, negligence in their official duties and indifference to the interests of the tax-payers and property owners.

Respectfully submitted,
JAMES JOHNSTON,

Upon motion of Ald. Lewis, referred to Finance Committee.

By Ald. Johnston—Resolved, That the Finance Committee be, and it hereby is, requested when preparing the summary of the Monthly Finance Budgets, to subdivide the disbursements of the Executive Board so as to show the amounts expended through the different departments or funds under said board's jurisdiction.

Upon motion of Ald. Johnston referred to Finance Committee.

By Ald. H. G. Cook--

To the Honorable, the Common Council, of the City of Rochester:

We, the undersigned purchasers, and the East Side Savings Bank, which is foreclosing mortgages on property in George S. Riley's "Farm Tract," between East Main street and Central avenue, and also lots Nos. 172 and 173 in said Riley's tract, on the southerly side of Central avenue, would respectfully ask that your honorable body grant the purchasers thereof thirty to sixty days in which to pay back taxes with interest on same at the rate of six per cent. per annum. A similar request was recently granted by you, but did not allow sufficient time for the purchasers to avail themselves of the benefits.

We hereby waive any and all irregularities or errors in the assessments referred to above as in the apportionment made by the assessors.

P. B. VIELE,
J. L. ROSEBOOM,
JAMES H. MCKIBBON.

Ordered received, filed and published.

By Ald. H. G. Cook—Resolved, That Messrs. P. B. Viele, J. L. Roseboom and James H. McKibbon be granted 30 days further time in which to pay their assessments recently apportioned by the assessors.

Adopted.

By Ald. Pauckner—

FIRE MARSHAL'S OFFICE,
ROCHESTER, N. Y., Nov. 14, 1893.

To the Contingent Expense Committee of the Common Council:

Gentlemen:—The undersigned, your Fire Marshal, desires to call your attention to the dilapidated and worn-out condition of five (5) of the Plumley election booths owned by the city and would respectfully recommend the disposal of the same in the interest of economy as the semi-annual repair bills on the same are too large to warrant their further use, they are also too cold for occupation in severe cold weather, such as we had at last spring's election, and the cause of a great deal of complaint and vexation to boards of inspectors and your committee. I have been informed by several of the local aldermen where said booths were in use at the last election that they will not permit the erection of said booths again for use by their constituents, holding them as unfit for further use, and as a matter of fact two of them had to be replaced during registration last month, as there is now, or was a contract for storage of these booths with the now defunct Rochester Truck and Storage Company it would perhaps be wise for your Law Committee or City Attorney to look to the cancellation of said contract if the same is still legally in existence to save the city from any further liability for storage of said booths, should the council decide to dispense with them.

Respectfully yours,

J. A. P. WALTER,
Fire Marshal.

Ordered received, filed and published.

By Ald. Pauckner—Resolved, That the Fire Marshal be, and he hereby is, directed to dispose of the five Plumley booths mentioned in his communication, to the best possible advantage, and credit contingent fund.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Zimmer, Adams, Lempert, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—19.

By Ald. Aikenhead—

CITY SURVEYOR'S OFFICE,
ROCHESTER, N. Y., Nov. 14, 1893.

To the Honorable, the Common Council:

Gentlemen:—I hereby certify that John C. Ryan has furnished and set sixty monuments, to mark street lines, under the resolution of your honorable body, passed September 5, 1893, and is entitled to three hundred dollars (\$300) for the same.

Very respectfully yours,

J. Y. MCCLINTOCK,
City Surveyor.

Ordered received, filed and published.

By Ald. Aikenhead—Resolved, That the City Clerk be, and he hereby is, directed to draw an order upon the City Treasurer for the sum of three hundred (\$300) dollars, payable from the Contingent Fund, in favor of John C. Ryan, as payment for setting sixty (60) monuments, under his contract with the city of Rochester for setting 200 monuments to mark street lines.

Ayes—Alds. McMillan, C. S. Cook, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—17.

By Ald. Lewis—

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, N. Y., Nov. 14, 1893. }

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Pursuant to a resolution adopted by your honorable body, the Executive Board notified the people on German street to call at the office of the Executive Board and state what sums they would accept for the land and buildings which are proposed to be acquired for the widening of said street, from Hebard street to North avenue, and, after negotiations with the owners of property prices were submitted by a number of them, which the Executive Board deem excessive, and in some cases beyond the actual value of the property proposed to be taken.

In view of this fact, I am directed by the Executive Board to suggest that the usual course of applying to the courts for the appointment of a commission to appraise the damage to each piece of property and the value of the parcels of land proposed to be taken for the widening of German street.

Respectfully,

THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Lewis—Whereas, No agreement for the purchase of lands necessary to be taken for widening of German street in the city of Rochester, under final ordinance No. 5,225, can be made, therefore,

Resolved, That a copy of said ordinance, and of this resolution, together with a map of the street be made and filed in the office of the City Clerk and of the County Clerk, which map shall show thereon the lots, tracts, and parcels of land which are deemed necessary to be taken, and the commencement, course and termination of said street proposed to be laid out, according to the provisions of section 174 of the revised city charter, and that the City Attorney be, and he hereby is, instructed to take and institute such proceedings, from time to time, as may be necessary to secure such street opening, as is provided by city charter.

Adopted.

By Ald. Lewis—Resolved, That the Executive Board be, and it is hereby, authorized to negotiate with owners for the lands, rights and easements necessary to be taken for the extension of Thompson avenue (east) to meet Thompson avenue on the west and report the result of such negotiations to this board.

Adopted.

By Ald. Forsyth—Bills of James Casey and others for services rendered as bridge tenders. Referred to Law Committee.

Also, Petition of W. Edwin Webb for permission to erect a wooden building on Genesee street, corner Chestnut avenue. Granted.

By Ald. Forsyth—

Ayes—Ald. Tracy, McMillan, C. S. Cook, Adams, Lempert, Fox, Johnston, Ward, Dewey, H. G. Cook, Kelly, Aikenhead, Lewis, Forsyth, Bierbrauer—15.

By Ald. McMillan—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your finance committee, to which was referred charges preferred by Alderman James Johnston of the ninth ward, against the Executive Board, begs leave to present the following report:

As soon as was possible after the presentation of those charges, your committee held a meeting, and requested the presence of Alderman Johnston and the members of the Executive Board. At that meeting the charges were duly read by the chairman, and the Executive Board was asked as to what it might have to say in reply thereto. To all of the charges the Executive Board pleaded "not guilty." Ald. Johnston was asked by the committee to present whatever proofs he might have, and your committee offered to furnish to him subpoenas for any persons who might have knowledge bearing upon the subject matter of the

charges. Alderman Johnston stated that he had no proofs to offer, and argued that the charges were of such a character that they needed no proofs. In reference to charge 1, subdivisions "A" and "B", your committee requested the opinion of the City Attorney, as to whether the charter required the Executive Board to certify for its approval any statements, either itemized or general, of the street department officials, their salaries and the expenditures of that department for labor. The City Attorney in reply to such request, prepared a written opinion, which is hereto annexed, and made a part of this report. From that opinion it appears that the charter does not require any such statement, unless the expenditures in that department exceed the sum of \$5,000 in any one week; in which event, the excess expenditures over and above said sum of \$5,000 per week is required to be certified to the Common Council. It appears from the opinion of the City Attorney that he has examined the reports and certified statements of the Executive Board as presented to the Common Council and its finance committee monthly, and is of the opinion that such statements constitute a substantial compliance with both the letter and spirit of the charter.

In respect to charge 2, it appears that an itemized statement of the fire department officials and employes and their salaries is furnished monthly to the finance committee, and that the finance committee has always followed the custom of placing the aggregate amount of the pay-roll upon the finance budget, instead of setting out that pay-roll with names, dates, numbers of days employed, and amounts of salaries paid in detail. The same state of facts exists in the water works department, and the same custom has been followed by the finance committee with reference to the expenditures of that department. So that it appears from the evidence presented, and from the papers on file, that the Executive Board has complied strictly with the charter requiring such certificates, and Alderman Johnston publicly stated that had he known the facts as they existed, and that these certified pay-rolls were delivered monthly, and a monthly report made to the Common Council, charges two and three would not have been made.

As to charge 4, Alderman Johnston conceded that this charge was based entirely upon the neglect of the Executive Board to reply to the resolution of this council, presented by him, and adopted on the 18th day of April last, and that he knew of no negligence on the part of the Executive Board or any member thereof, and knew of no specific act of indifference to the interest of the tax-payers and property owners, except the neglect and indifference shown by the Executive Board in not replying to that resolution. In answer to that charge the Executive Board disclaimed any intention of showing disrespect to this council, or of being negligent or indifferent in the matter, and stated that the only reason why the resolution had not been complied with was, that the time of the members of the board had been so occupied with the large number of improvement matters in which it was engaged, that they had been unable to prepare such information as was requested by such resolution. Your committee, aware of the great public improvements, the large number of contracts and the great mass of public business which have engaged the attention of the Executive Board during the past few months, is of the opinion that the charge has not been sustained.

In reference to the charge that there had been a great increase in the expenditures of the various departments under the control of the Executive Board during the years from

1880 to 1892-93, your committee deemed it advisable to require of the Executive Board some explanation as to the necessity for such increase. At the request of your committee, the Executive Board has prepared a detailed statement for each year since 1880, showing fully the cost of maintaining each department, and the cost of doing the several branches of the work connected with that department. Such detailed statement, together with the explanatory matter accompanying it, is hereto annexed and made a part of this report.

Your committee, in view of the foregoing, recommends that each and every of the charges preferred by Alderman Johnston be dismissed. But in view of the fact that the pay-rolls of the water and fire departments are certified to the finance committee monthly, your committee is of the opinion that in the future it would be advisable to have these pay-rolls spread upon the records in detail. It is possible that the expenditure of a sum sufficient to have them printed in full in the proceedings of the Common Council, will be justified by the satisfaction which it will afford, in view of the publicity which has been given to the matter. There appears to be no good reason why it has not been done in the past, except the charter does not require it, and it is also recommended that the Executive Board be requested, that in the future it cause to be published in its official proceedings the weekly pay-roll of its employes, other than those employed at common labor.

Throughout the entire investigation your committee has been animated by the desire to secure a thorough knowledge of any and all facts which might bear upon the charges as presented by Alderman Johnston, and for the purpose of procuring any information which he, or any other person, might have to furnish upon this subject, your committee adopted a resolution which was published in the several daily papers, expressing its desire to issue its subpoena and require the attendance of any person who might have information upon such subject. Your committee has been unable to learn of such persons, and at each of its meetings has called upon any person present who might desire to present any facts, to do so openly to the committee.

In conclusion your committee desires to express its conviction that the affairs of the Executive Board are properly conducted. That its members have shown every disposition to faithfully guard the public interests and to obey the law in every particular. The members of the Executive Board and its clerk have shown every disposition to aid the committee in its investigation, and have cheerfully furnished all the information which your committee has called upon them to furnish. The charges preferred by Alderman Johnston were grave ones, and had they been sustained, the consequences to the members of the Executive Board might, under the law, have been serious. As it is, no particular harm has been done, and it may be that by this investigation, the criticisms of the public may be allayed. Your committee, however, does not feel that it should leave this subject without suggesting that in the future persons desiring to present charges against any branch of the city government, should take care to inform themselves more thoroughly as to the facts before making such charges, than was done in this case.

All of which is respectfully submitted.

Alderman Thomas McMillan, Chairman Finance Committee:

Dear Sir:—I present herewith my protest against the city attorney's opinion, and as charges one, two and three all refer to charter violations and depend upon the interpretation of the charter provisions, I ask that your committee give the protest thoughtful consideration and the same publicity that the city attorney's opinion receives.

The attorney makes these statements: "I have taken the liberty of ascertaining from the records in the several city offices the exact facts respecting this matter." "I learn that the executive board does monthly certify to the council, statements of all its expenditures." "These statements contain the names of all the persons on the monthly pay rolls, their time employed, the amount of salary received and all the items for material purchased by the board." "They are then delivered to the finance committee of the common council at its meeting immediately before the passage of the finance budget." The executive board officials have testified that they do not certify to the finance committee any of the street department expenditures for salaries or labor, excepting only when they exceed \$5,000 a week, and then only the excess amount. The attorney's statements therefore must be in error and may be misleading.

The city attorney also says: "The executive board has authority under section 148 to expend a sum not to exceed \$5,000 in any one week for labor and that a statement of these expenditures is not required to be certified to the common council." These clauses of the opinion are intended to justify the executive board's action in withholding any statement of its expenditures through the street department from the council.

I differ from the city attorney on the proposition in this latter clause and my reasons for so doing are: Section 153 says that the board shall make monthly reports to the council of their expenditures, and Section 148 says that all their expenditures shall be certified to the council for approval before orders upon the treasurer for their payment shall be made, excepting only that the said board may expend not exceeding \$5,000 a week for labor and pay the same by orders drawn directly upon the treasurer. In other words, all accounts, salaries and expenditures must be presented to the council monthly and approved by it before they can be paid, but in case of the laborers, provision is made for their prompt payment before the council's approval, but not without it.

The reasonableness of this provision for the payment of labor is apparent when it is understood that the number of laborers in the street department ranges from 400 to 900, and their weekly wages from 75 cents to \$0. It is absurd to think that a charter section for a city like Rochester should be drawn so loosely as to permit the possible expenditure of \$250,000 a year for labor through the street department without the council's approval, and I am sure your committee will agree with me that the city attorney is also in error in this part of his opinion. If not he should lose no time in preparing a charter amendment for the protection of the property-owning, tax-paying interests in our city. Again, it seems that it is the custom of the executive board to include all street department employes, such of superintendent, assistants, office clerks, overseers, special police, inspectors and foremen in the weekly labor pay roll and not certify their names or salaries to the council for its approval. These employes receive salaries ranging from ten to thirty-eight dollars a week and they number from 85 to 120, the number in the roll published in September

being 85 and the number in the week ending March 8, 1893, being 120. There is nothing in the charter that defines "labor" but in all dictionaries there is, and it seems incredible that the executive board will claim, or your committee permit, the classes of employes referred to, to be classed as laborers and not have their names and salaries certified to and approved by the council, the same as is done with all other city employes and officials. If your committee decide that any or all of the said classes of employes are not laborers, I think it will then be apparent that the charter requirements are not being complied with; also, if your committee find that there is no provision in the charter directing the withholding of the street department expenditures from the council's approval, or that the city attorney is in error in his opinion, I ask that the charges be sustained.

There is no controversy over the statement of expenditures after they reach the finance committee and no disposition to blame the executive board for the shortcomings, if any, of said committee, but the executive board officials have also testified that they have never printed a statement of their expenditures for salaries and labor and that no list of their employes has ever been printed, excepting the one published by this council in September last. How is this testimony to be harmonized with the clause in section 153 of the charter requiring the publication of all executive board expenditures in at least one daily paper? If it cannot be done I ask that charges two and three be sustained also.

Respectfully submitted,

JAMES JOHNSTON.

OFFICE OF THE CITY ATTORNEY,
ROCHESTER, N. Y. Nov. 22, 1893. }

To the Finance Committee of the Common Council.

Gentlemen:—The question submitted to me at your meeting last evening, is as I understand it, is whether the Executive Board is violating the provisions of the charter in not reporting for the Council's approval an itemized statement of the different department officials and their salaries. I have taken the liberty of ascertaining from the records in the several city offices the exact facts respecting this matter. I learn, that the Executive Board does monthly certify to the Council statements of all its expenditures. These statements contain the names of all the persons on the monthly pay-rolls, their time employed, the amount of salary received and all the items for material purchased by the Board. As soon as these statements are examined and certified to by the Board they are delivered to the Auditor who examines and audits the same in detail. They are then delivered to the Finance Committee of the Common Council at its meeting immediately before the passage of the finance budget. This committee also examines and certifies to the same, but in making up its finance budget it omits the detailed statement of the persons employed and salaries paid in the several departments, and inserts instead the total amount of salaries for each department. Section 148 of the Charter, provides that the Executive Board shall certify to the Common Council all its lawful expenses and all accounts and demands lawfully contracted after the same shall have been examined, audited and settled. I assume the question to be, whether the Executive Board in delivering the settled detailed statements of all its expenditures to the Common Council in the manner above specified is a substantial compliance of this section. I am of the opinion that it is. The Common Council has a right to accept the auditing and settling of these

accounts by its Finance Committee and under the charter the detailed statements need not be published in its proceedings. The Executive Board has also authority under section 148, to expend a sum not to exceed five thousand dollars in any one week for labor. A statement of these expenditures is not required to be certified to the Common Council. The charter, provides that the Auditor must audit these expenditures and when so audited, the Executive Board has the power to pay the same.

Respectfully yours,
C. D. KIEHEL,
City Attorney.

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, N. Y. Nov 24, 1893.
To the Finance Committee of the Common Council.

Gentlemen:—In accordance with your request, the Executive Board herewith transmits to you a tabulated statement of the yearly expenditures of the Executive Board in the highway, fire and water departments from 1880 down to April, 1893, covering the period which Alderman Johnston charges that it has been "inconsistent, irregular and with violating both letter and spirit of the charter," the investigation of which has been referred to your committee by the Common Council:

The following table shows the cost of the care and maintenance of streets:

Year.	Amount received and credited to highway fund from sundry expenses.	Population of Rochester.	Real estate valuation.	No. of miles of improved streets, alleys.	Totals.	Cleaning of streets and Removal of dirt.	Removal of ashes and snow.	Repairs and Maintenance.

*Less amount of asphalt pavements, 19.32
Unimproved streets, in miles, April 1, 1893, 274.49
..... 207.81

The above expenditures from the highway fund from April, 1880, to April, 1893, shows the amounts disbursed in the work of the street department, exclusive of the purchase of machines, tools, general supplies, and payment of salaries and other contingent expenses. In the year 1885 the cost of ashes removal was included in the general expense of street cleaning, but since that year the cost of doing this work has been ascertained and made a matter of record, and printed in the annual reports of the Executive Board.

From the year 1880 to 1893 the number of improved streets and alleys increased from about 42 to over 86 miles, or 100 per cent., and while, in the short time allowed for preparation of this statement, the number of miles of improved streets and alleys which were laid out in 1880 is not ascertained, it is found that in 1893 there were nearly 208 miles embraced within the city limits, every one of which required more or less expense for care and maintenance. And it is stated as a matter of common knowledge that the percentage of unimproved streets laid out within the last twelve years of the city's life is largely in excess of that of improved streets, every one of which demanded a portion of the highway fund. Exclusive of the asphalt and brick pavements, there were over 274 miles of streets and alleys, the surfaces of which had to be maintained and cleaned exclusive of the care of crosswalks, main and lateral sewers.

On examination of the approximate list of streets dedicated to public use, which is included in this statement, it will be readily seen that they are located in the main, in wards forming the boundaries of the city, and because of the long distance which it is necessary to haul material for repairs and to remove the accumulations of ashes and rubbish from these districts over (which) are scattered some thousands of houses of our citizens, the expense of the work of the highway department must necessarily be greatly increased.

Prior to 1880 there was very little work done or required in the outside wards and the collection of ashes and rubbish was seldom or ever made; but the increase of population in the latter number of years and the erection of handsome residences and the improvements made by property owners, it became necessary, and it was justly demanded, that the same service be given to those distant streets as was rendered to the more densely populated and central parts of the city.

If time were afforded to enter into particulars it might be shown that there are many justifiable causes for increased expenditures in this department during the period named. By way of illustration a few particulars may be stated:

An examination of the records of this department shows that the prevailing prices for common labor in the year 1880, was from \$1 to \$1.25 per day; for teamsters, \$3 per day; pavers, carpenters and masons, from \$1.25 to \$1.75 per day. The wages for this class of labor was paid at the above-named rates down to the year 1886, and in the month of July of that year, wages were increased for all common labor to the sum of \$1.50 per day; and teamsters to the sum of \$3.50 per day; and a corresponding increase was made in the other classes of labor employed.

The maintenance and care of the lift bridges over the canal cost the city in the year, 1892, \$7,462, which sum was paid from the highway fund.

Another cause for extraordinary outlay in some years, has been the maintenance of the river bridges, Vincent place bridge alone requiring 65,000 feet of white oak plank ranging in price from \$25 to \$30 per thousand feet.

Over five miles of outlet ditches lie within the city limits which have been cleaned at large expense, and in fact those ditches, to save the city from suits for damages, have had to be kept free from obstructions for considerable distance into the towns through which the water courses flow.

There was expended for plank crosswalks in 1893, \$6,893 on unimproved streets, and the annual expenditures for this item increases as new streets are dedicated to public use.

As a matter of comparison it may be stated that in the year 1885-86, there were nearly 94 miles of improved streets swept and the sweepings removed at an expense of about \$2,200, an average cost per mile of \$23.48. There were 1,269 loads of sweepings removed which cost for labor and removal \$1.73 per load.

In 1892 there were 478 miles of streets swept at a cost of \$10,591.95, the average expense per mile being \$22.15, and there were 7,434 loads of sweepings removed at an average cost of \$1.42 per load, inclusive of labor. In the year 1885-86 also, 49,300 loads of ashes were removed at a cost of about 47 cents per load.

In 1892-93 there were 127,373 loads of ashes and snow removed at an approximate cost of 56 cents per load.

In the year 1891-92 there were 15,663 loads of dirt removed at a cost of \$1.13 for labor in scraping and removal. The change of the location of the dumping-grounds from near-by points to the outlying parts of the city has materially increased the cost of this branch of the street service on account of the long haul and the consequent less number loads of material that can be removed in any one day. The points therefore where rubbish and dirt being now located on the outskirts of the city; in order that these accumulations may be quickly removed, a larger force have to be employed to expedite the work, and an increased expense is thereby incurred, as may be seen by the following approximate list of streets which have been added to the city since the year 1882:

Below is given a list of streets dedicated to public use since 1882:

The expenditure for the removal of snow, as the following table may demonstrate, in some winters is quite large:

	Loads.	Cost.
December, 1892, to February, 1893	4,583	\$2,436 11
February, 1893, to March, 1893	4,983	2,106 29
March 1, 1893, to March 8, 1893	971	597 82
March 8, 1893, to March 15, 1893	5,378	2,876 43
March 15, 1893, to March 29, 1893	1,472	912 06
Total	17,387	\$9,928 71

There were removed from West avenue alone between February 8, and March 1, 1893, 942 loads of snow at a cost of \$439.71

 Ordered received, filed and published.

The expense of cleaning and repairing sidewalks is charged to the highway fund, and the amount so expended each year is in part restored to the fund as is shown by the amounts credited from that and other sources on the above table.

The following table shows the amount expended from 1880 to 1893 in the months of February, March and April for the cleaning of streets and the removal of dirt. An examination of this table will disclose the fact that the cost of this class of work in any of those three months is governed largely by the condition of the weather and the opportunities afforded for properly doing the work.

The following table shows the amounts disbursed from highway fund, by months, from 1880 to 1893, inclusive, during the season of scraping and cleaning streets:

Year.	February.	March.	April.
1880	\$ 1,363 46	\$ 1,585 56	\$ 5,004 04
1881	2,759 77	4,103 23	6,149 79
1882	2,108 26	3,733 93	6,021 83
1883	3,602 34	4,714 43	6,806 54
1884	5,173 68	3,650 97	6,391 42
1885	3,314 35	3,878 02	4,735 33
1886	3,553 81	4,099 39	9,541 80
1887	4,044 77	4,758 46	14,655 29
1888	5,792 45	6,434 41	15,662 05
1889	9,600 66	13,726 57	14,644 77
1890	6,264 39	6,261 94	15,695 61
1891	5,594 73	4,977 99	21,335 22
1892	10,418 61	10,252 75	24,881 90
1893	15,603 39	26,101 38	21,438 32

The following table, taken from the records of the meteorological station in this city for the three months during which cleaning is generally done, from 1888 to 1893, may have bearing on this fact:

Year.	February.			March.			April.		
	Snow Fall	inches.	Days Snowed.	Snow Fall.	inches.	Days Snowed.	Snow Fall.	inches.	Days Snowed.
1888	2	22 16	13	24	16	11	1-2	11	6
1889	4	23 18	17	1-2	9 14	5	1-2	11	12
1890	15	20 19	10	22	18	12	trace	12	11
1891	25	21 18	12	21	13	13	1-2	12	13
1892	10	17 13	25	17	12	1		3	
1893	30	25 20	8	24	17	10		3	11

Finally it may be said that the economical management in the care and maintenance of streets is a problem that every city in the state and union is seeking to solve, and the commissioners or officials in charge of such departments have to contend with the factor of inefficient labor, which must be employed or pauperized.

The constant and unremitting importuning of our best citizens in behalf of the comparatively helpless men for such employment on the one hand, and the criticism and denunciation of property owners and taxpayers on the other, because such class of labor is given work upon the streets, constitutes the upper and nether millstones between which the officials of a street department are pulverized.

No observing man will contend that with first-class labor and independence from appeals for aid from the members of any community, the expense of doing the work of any street department in any city cannot be largely reduced.

The city that has undertaken and successfully carried out this policy has as yet not

been incorporated, and officials under our system of government who have been able to conduct this branch of the public service are unknown, and those persons who believe it can be, are dealing with a theory and not a condition.

FIRE DEPARTMENT FUND.

The following is a statement of disbursements:

Year.	Pay of Firemen.	Number of Men.	Maintenance and Repairs.	New Buildings and Apparatus.	Total.

92-93				16,169 72	187,529 36
Totals.	\$780,278 94		\$405,817 09	\$133,317 79	\$1,409,413 82

The above table shows the expenditures in the fire department from the year 1879-80 to the year 1892-93. The large increase in the years 1883-84, 1887-88, 1888-89, 1889-90, 1891-92, is chargeable to the purchase of lands and the erection of new houses on Lyell avenue, Clinton street, Plymouth avenue, Culver park, Grand street, Webster avenue, Driving Park avenue and Scio street. In the year 1890-91 an expenditure of \$5,164 was made for new apparatus for the fire-alarm telegraph office, and in 1892-93 the sum of \$7,598.68 was disbursed for the laying of an underground cable. Half of this sum for underground cable is chargeable to the police department, and will in due time be credited to the fire department fund.

In the year 1888, owing to the general scarcity of water, and the consequent inability of the department to get fire streams from the hydrants, the Executive Board put the engines, owned by the city, in commission, entailing an additional expense in the cost of maintenance of the department.

This was a necessary undertaking for the protection of property, and the sums expended in this direction, as well as in others, has earned for the department, in its manual force, its equipment and buildings, the reputation of being equal to any in the state.

The two statements given below show, first, the annual water works statistics and, second, the disbursements from the water works fund from April 1, 1890, to April 1, 1893. They are compiled from the published yearly reports of the executive board:

[See table, insert page 381.]

By Ald. McMillan—Resolved, That the charges preferred by Ald. James Johnston against the Executive Board, at the meeting of this Council held November 14th, and referred to this committee for investigation, be, and the same are hereby dismissed.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE

By the Clerk.—

CITY SURVEYOR'S OFFICE, }
ROCHESTER, N. Y., Oct. 31, 1893 }

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—I beg leave to report that in improving Platt street from State street to Allen street under final ordinance No. 5,175, it was deemed necessary by the Executive Board and myself, after consultation with local officers of

the New York Central & Hudson River R. R. to make the crossing of said railroad more substantial and roomy than was allowed for in the estimate, with the result that the total cost of the improvement exceeds the estimate by the amount of \$851.47.

This amount together with the balance of the cost of the crossing of the railroad will be assessed upon the railroad company and in order to do this, I recommend the passage of the accompanying first ordinance.

Very respectfully yours,

J. Y. McCLINTOCK,
City Surveyor.

Ordered received, filed and published.

By the Clerk.—

To the Honorable the Common Council of the City of Rochester.

Gentlemen:—In response to the resolution of October 31st, 1893, relative to the extension of Pierpoint avenue, I desire to say, that proper abstracts and deed were delivered to me of the land to be taken for said extension, and a certificate to that effect was delivered to the City Clerk, who thereupon drew an order upon the city treasurer for \$990.00, the consideration mentioned in said resolution. The conveyance to the city has been put upon record and all papers are in this office.

I remain, yours respectfully,

C. D. KIEHEL, City Attorney.

Ordered received, filed and published.

By the Clerk.—

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, NOV. 28, 1893. }

To the Common Council:

Gentlemen:—The Executive Board is in receipt of the following communication from the City Surveyor:

CITY SURVEYOR'S OFFICE, }
ROCHESTER, N. Y., Nov. 3, 1893. }

To the Executive Board.

Gentlemen:—I deem it my duty to call your attention to the fact that it is becoming frequent incident for parties who are re-building, or making alterations in buildings, fronting on the Genesee river between the Aqueduct and Andrews street, to throw into the river bed large quantities of stone and plaster.

This was the case in re-building the Moulson building; and at the present time workmen are depositing large quantities of stone behind the Montgomery building.

These deposits in the river will endanger a large amount of property in case of high water and will endanger the public health by formation of pools at the time of low water in which sewage will fester.

The whole bed of the river between the Aqueduct and Central avenue dam should be cleaned out next year, including the west arch of the aqueduct.

Very respectfully yours,

J. Y. McCLINTOCK,
City Surveyor.

The communication has been ordered referred to your honorable body by the Executive Board, as according to Chapter 6, Section 7, and Title 7, Section 163, of the charter relating to the care of the river, such matters as the removal of obstructions and all other regulations relative to the care of the river bed, is entirely within the control of the Common Council, and not the Executive Board.

Respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published and referred to Public Improvement Committee.

By the Clerk.—

CITY ATTORNEY'S OFFICE,
ROCHESTER, N. Y., NOV. 15, 1893. }

To the Honorable, the Common Council of the City
of Rochester.

The stenographer in this office having on the
31st of October, last, tendered his resignation
to take effect immediately and a vacancy is
now existing.

I do hereby, pursuant to the provisions of
the charter, appoint Mabel G. Gray stenograph-
er of the Law Department for the remaining
term provided for by statute.

Respectfully yours,
C. D. KIEHEL, City Attorney.

Ordered received, filed and published.

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, N. Y., NOV. 23, 1893. }

To the Common Council:

Gentlemen:—The Executive Board have
been unable to negotiate with the persons
interested in the extension of Thompson ave-
nue, across lands of James McGee and
Joseph Rudhart, and therefore recommend
that the City Attorney be authorized to ap-
ply to the courts for the appointment of a
commission to appraise the value of the land
proposed to be taken for this improvement.

Respectfully,
THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Lewis—Whereas, No agreement for
the purchase of lands necessary to be taken
for the extension of Thompson avenue, in
the city of Rochester, under final ordinance
No. 5,251, can be made, therefore,

Resolved, That a copy of said ordinance, and
of this resolution, together with a map of the
street, be made and filed in the office of the
City Clerk and of the County Clerk, which
map shall show thereon the lots, tracts and
parcels of land which are deemed necessary
to be taken, and the commencement, course
and termination of said street proposed to be
widened, according to the provisions of sec-
tion 174 of the revised city charter, and that
the City Attorney be, and he hereby is, in-
structed to take and institute such proceed-
ings, from time to time, as may be neces-
sary to secure such street widening as is pro-
vided by said city charter.

Adopted.

By the Clerk—

Gentlemen:—I hereby certify that the Ex-
ecutive Board have notified me that the works
or improvements authorized under ordinances
hereinafter mentioned have been completed;
that I have, pursuant to the provisions of the
charter, ascertained the entire and aggregate
expense of, and connected with the same re-
spectively, including any interest that the
city shall incur, or is entitled to for the use
of its funds, and that the respective amounts
thereof are as follows:

Ord. and Improvement. Expense.
4,562. Plymouth ave. cedar block
improvement, (3 payments). \$52,019 74
Respectfully submitted,

S. B. WILLIAMS, City Treasurer.

See attached communication from J. Y.
McClintock.

Gentlemen:—In the matter of the improve-
ment of Plymouth avenue with a cedar block
pavement, I hereby certify to your honorable
body that the total cost of the improvement
made under final ordinance No. 4,562, was
\$56,164.73, and that of this amount \$9,718.53
was the cost of work done outside of the
lines of Plymouth avenue, and is the amount
which according to the opinion of the City

Attorney given at your last meeting cannot
be assessed under ordinance No. 4,562.

The amount which can be assessed under
said ordinance is \$46,446.20.

Very respectfully yours,
J. Y. MCCLINTOCK,
City Surveyor.

Orderd received, filed and published.

By Ald. McMillan—Whereas, The City
Treasurer has ascertained and reported the
entire and aggregate expense of and connect-
ed with the improvement of Plymouth ave-
nue with a cedar block pavement under final
ordinance No. 4,562, including any and all
interest that the city has paid or has or shall
become liable to pay upon account of any and
all orders or notes issued by the city to pay
the expense of such improvement adjusted by
this Common Council as thus reported, and
the respective portions or parts of the city
on which the said expenses are hereby di-
rected to be assessed and which this common
council deems to be benefited by such im-
provement as stated and described in the
final ordinance relating thereto at \$52,019.74

And it is further determined that the
payers to be assessed for making the fore-
going improvement may pay their assessments
in three equal payments as follows: One-
third within thirty days from the first publi-
cation of the advertisement of the notice of
the assessment roll by the city treasurer;
one-third within one year from the confirma-
tion of such roll and the remaining one-third
within two years from the confirmation of
said roll. On all sums paid prior to the
maturity from such last instalment a dis-
count will be allowed at the rate of six per
cent. per annum.

And the assessors of said city if they are
not interested in any property within the
part or portion of the city deemed to be ben-
efited and directed to be assessed as afore-
said, or if any two of said assessors are not
so interested then such two are hereby di-
rected to make assessments upon all the lots
and parcels of land within the portions or
parts of the city above designated and di-
rected to be assessed of the amount of ex-
pense of such improvement in proportion as
nearly as may be to the advantage which the
said lots and parcels of land within the re-
spective territory to be thus assessed shall
be deemed to receive by the making of such
improvement.

CITY SURVEYOR'S OFFICE, }
ROCHESTER, N. Y., Nov. 28, 1893. }

To the Common Council:

Gentlemen:—I beg leave to report that the cost of the improvement of Grand avenue, under final ordinance No. 5,126, has exceeded the estimate in said ordinance \$961.21.

The estimate was \$59,000 and the actual cost was \$59,961.21.

The excess of cost was occasioned by the fact that the amount of asphalt pavement exceeded the estimate by 286 square yards and the flag crosswalks exceeded the estimate by 75.5 lineal feet, and this excess was mostly due to making intersections for two streets in addition to those estimated for.

For the purpose of bringing the subject before your honorable body I venture to submit the accompanying ordinance and recommend its passage.

Very respectfully yours,

J. Y. McCLINTOCK,

City Surveyor.

To the Common Council:

Gentlemen:—I beg leave to report that the cost of the improvement of Pierpont avenue and Lake View park, by laying cement walks, under final ordinance No. 5,211, has exceeded the estimate in said ordinance by the sum of \$398.45. The estimate was \$2,500, and the cost was \$2,898.45.

The excess of cost is due to the fact that, by an error, the length of sidewalk to be laid was estimated 567 feet less than what was specified by the ordinance.

For the purpose of bringing the matter before your honorable body I venture to submit the accompanying ordinance and recommend its passage.

Very respectfully yours,

J. Y. McCLINTOCK,

By Ald. McMillan—Resolved, That the ordering of an assessment for Tremont street pipe sewer under final ordinance No. 5,171 be taken from the table for consideration.
Adopted.

By Ald. McMillan—Whereas, The City Treasurer has ascertained and reported the entire and aggregate expense of and connected with the following improvement, including and all interest that the city has paid or has or shall become liable to pay upon account of any and all orders or notes issued by the city to pay the expenses of such improvement adjusted by the Common Council as thus reported, and the respective portions or parts of the city on which the said expense is hereby directed to be assessed and which this Common Council deems to be benefited by the improvement, is as stated and described in the final ordinance relative to the improvement, and that the name and expense of the improvement thus to be assessed is as follows, viz:

Ord. No.	Improvement.	Expense.
5,171.	Tremont street pipe sewer.	\$935 65

And it is further determined that the taxpayers to be assessed for making the foregoing improvement.

May pay their assessments in three equal payments as follows:

One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-third within one year from the confirmation of such roll; and the remaining one-third within two years from the confirmation of such roll. On all sums paid prior to the maturity of said last installment, a discount will be allowed at the rate of 6 per cent. per annum.

And the assessors of said city if they are not interested in any of the property within the part or portion of the city deemed to be benefited, and directed to be assessed as aforesaid, or if any two of said assessors, are not so interested, then such two are hereby directed to make assessment upon all the lots and parcels of land within the portion or parts of the city above designated and directed to be assessed, of the amounts of expenses of such improvement, in proportion as nearly as may be, to the advantage which the said lots and parcels of land within the territory to be thus assessed for such improvement shall be deemed to receive by the making of the improvement.

By the Clerk—

MONROE COUNTY COURT—In the matter of the widening of South St. Paul street on the west side north of and adjoining Court street.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—The undersigned who were appointed by an order of the Monroe County Court, October 31, 1893, and entered in Monroe County Clerk's office, November 2, 1893, commissioners to appraise the damages and compensation which the owner or owners or persons interested and if there be any occupants or tenants who may have have a leasehold interest in the premises, rights or easements therein to be taken for the public improvement or purpose above referred to should severally receive therefor, respectfully report and certify the several pieces or parcels of land and the premises, rights or easements therein to be taken for said improvement and the names and residences of the

owner or owners respectively, and the rights of said owners as far as can be ascertained, and the names and residences of the tenants or occupants thereof and of all other persons who have any interest in said property and the amount of the damage or compensation which should be paid to each, as follows: The pieces or parcels of land required for such widening are described as follows:

PARCEL NO. 1.

All that tract or parcel of land situated in the city of Rochester, county of Monroe and state of New York, bounded and described as follows: Beginning at the northwest corner of Court and South St. Paul streets; thence extending northerly along the west line of South St. Paul street a distance of sixty (60) feet; thence westerly at right angles with the west line of South St. Paul street to the blue line of the Erie canal and lands owned by the state of New York; thence southerly along the said blue line to the north line of Court street; thence easterly along the north line of Court street to the place of beginning.

These premises are owned by Alanson Douglas Miller, who resides in Albany, N. Y.; George Douglas Miller, who resides at Albany, N. Y., and Henry C. White, who resides in New Haven, Conn., as trustees for the heirs and children of Samuel Miller, deceased, who are said Alanson Douglas Miller, George Douglas Miller, and Julia Miller, who resides at Albany, N. Y., and are subject to a large amount of unpaid taxes and assessments for which said premises have been sold; also subject to any interest which L. F. Seymour may have therein arising from a sale of said premises or a part thereof to her for the unpaid city taxes for 1890; also subject to any interest which William H. St. John may have therein under a tax sale for the general city taxes for 1887 and 1885; also subject to any interest which J. M. Whitney may have therein under a tax sale for the unpaid city taxes for 1876; also subject to the interest which Stephen R. Newborn may have therein as a tenant thereof.

PARCEL NO. 2.

All that tract or parcel of land situated in the city, county and state aforesaid, bounded and described as follows: Beginning at a point in the west line of South St. Paul street, sixty (60) feet distant northerly from the north west corner of South St. Paul street and Court street; thence extending northerly along the west line of South St. Paul street a distance of about sixty and seventy-four hundredths (60.74) feet to a point where the west line of South St. Paul street intersects the blue line of the Erie canal; thence southerly along the blue line of the Erie canal to the north line of premises above described (parcel No. 1); thence easterly along the north line of the premises above described to the place of beginning.

These premises are owned by Jesse Hoyt, Alfred M. Hoyt, Theodore I. Husted, and Leonard Hazeltine, Jr., whose residences we could not learn, subject to a right of way twenty-seven (27) feet in width extending across the same belonging to the heirs of Harvey Ely and wife.

Therefore, We, the subscribers, the commissioners, having been duly sworn as required by the statute in such case made and provided and having all met and acted upon the matters submitted to us at the City Attorney's office in the Wilder Building, Rochester, N. Y., pursuant to a notice of at least ten days published according to law and having taken a view of every part of the respective premises affected by this proceeding, and having inquired into and heard the allegations and proofs of the respective parties

in interest, do thereupon determine and appraise the compensation which the owners and tenants of and others having any rights in the respective premises above described who are entitled to any compensation for lands and rights to be taken for the widening of said street will sustain by being deprived thereof and fix the damages and compensation which said owners and the tenant and others shall receive therefor as follows: Said awards to be paid after deducting all taxes and assessments which have become a lien upon the land above described as hereinafter provided.

To said Alanson Douglas Miller, George Douglas Miller and Henry C. White, as trustees, for the said Julia Miller, and said Alanson Douglas and George Douglas Miller the sum of \$900 payable to them provided they satisfy the claims of the persons above referred to, to whom said premises have been sold for unpaid city taxes; also the claims of any persons who have purchased said premises for unpaid county taxes, and subject to a deduction of the award made to the tenant above referred to of said premises.

To said Jessie Hoyt, Alfred M. Hoyt, Theodore I. Husted, and Leonard Hazeltine, Jr., for parcel No. 2, the sum of \$100 payable to them provided they furnish a release and dis-charge of the right of way over said parcel hereinafter made for said right of way.

To Stephen R. Newborn, for his interest and lease of parcel No. 1 the sum of \$15 payable to him.

To the heirs of Harvey Ely and wife the sum of \$1 for the right of way above referred to, payable to them.

All of which is respectfully submitted.

R. G. BOYD,
WM. OLIVER,
P. CHAMBERLAIN, JR.,
Commissioners of Appraisal.

Dated, Rochester, N. Y., Nov. 25, 1893.
Ordered received, filed and published.

By Ald. Zimmer—Resolved, That the next meeting of this common council, December 12, 1893, at the council chamber, City Hall, at 7 P. M. be, and the same hereby is, designated as the time when objections will be heard to the confirmation of the report of commissioners of appraisal in the matter of the widening of South St. Paul street.

**ACTION UPON ORDINANCES.
FIRST ORDINANCES.**

**BRIDGE OVER THE CARROLL AND FITZHUGH RACE
COURT STREET.**

By Ald. Zimmer—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a suitable bridge over the Carroll & Fitzhugh race, in Court street.

Adopted.

The Surveyor submitted as such estimate, \$15,000.

By Ald. Zimmer—Resolved, That the following improvement is necessary, viz:

The construction of a substantial iron bridge over the Carroll & Fitzhugh race at Court street, 64 feet wide, with Medina block stone pavement and 6-inch curb-stones. Sidewalks to be of asphalt. Also a stone coping on each side of the bridge with iron hand railing. Also the construction of a suitable pier in the center of the race and the rebuilding of the present abutments as far as may be necessary, together with the acquirement of an easement if necessary for said piers in said race. Also the improvement of Court street, from the west end of the approach to the new bridge over the river to Exchange street, by setting a line of Medina stone curb 6 inches thick on each side of the street, and relaying the present pavement.

And Whereas, The City Surveyor under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$15,000, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for seventy per cent. of the expense thereof, viz:

All the lots and parcels of land included within and described by the following boundary lines, viz:

Beginning at the southwest corner of West Main street and Exchange street; thence southerly along the west line of Exchange street, including one tier of lots and parcels of land on the west side thereof to the south line of the freight station grounds of the New York, Lake Erie and Western R. R.; thence easterly along the said south line of said station grounds to the west bank of the Genesee river; thence northerly along the west bank of the Genesee river to the south line of West Main street; thence westerly along the south line of West Main street to the place of beginning. Also one tier of lots and parcels of land on each side of Court street, from the west bank of the Genesee river to South Union street, being east of the lot on the southeast corner of Exchange street. Excepting the lots fronting on Main street. And the balance of the whole expense of said improvement shall be paid from the public treasury of the city of Rochester, in proportion to the benefit which each will derive therefrom.

Adopted.

SUPPLEMENTAL ORDINANCE FOR PORTLAND CEMENT WALK ON PIERPONT AVENUE AND LAKE VIEW PARK.

Excess of actual cost above estimate in final ordinance No. 5211.

Whereas, This council did by final ordinance No. 5211, passed July 25, 1893, determine and ordain that a Portland cement walk should be constructed on Pierpont avenue, from a point 50 feet north of Driving Park avenue to the north end of said Pierpont avenue, and on the south side of Lake View Park, from the east line of lot No. 70 of the Selve subdivision to Pierpont avenue, the estimate for which was \$2,500, and

Whereas, Said improvement has been completed and the City Surveyor reports that the

actual expense of the improvement over the estimate in the ordinance amounts to \$398.45, which said amount of excess above the estimate is hereby approved.

Resolved, That the amount of \$398.45 is hereby directed to be assessed upon the following portion of the city, which this Common Council deems proper to be so assessed for and will be benefited by said improvement,

One tier of lots and parcels of land each side of Pierpont avenue, from the north end thereof to a point 50 feet north of Driving Park avenue, and one tier of lots and parcels of land on the south side of Lake View Park, from the east line of lot No. 70, of the Selye subdivision, to Pierpont avenue, in proportion to the benefit which each will derive therefrom.

Adopted.

SUPPLEMENTAL ORDINANCE FOR AN ASPHALT PAVEMENT ON GRAND AVENUE.

Excess of actual cost above estimate in final ordinance No. 5,126.

Whereas, This Council did, by final ordinance No. 5,126, passed April 4, 1893, determine and ordain that an asphalt pavement should be constructed on Grand avenue, from Webster avenue to Culver street, the estimate for which was \$59,000, and

Whereas, said improvement has been completed and the City Surveyor reports that the actual expense of the improvement over the estimate in the ordinance amounts to \$961.21, which said amount of excess above the estimate is hereby approved.

Resolved, That the said amount of \$961.21 is hereby directed to be assessed upon the following portion of the city, which this Common Council deems proper to be so assessed for and will be benefited by said improvement.

One tier of lots and parcels of land on each side of Grand avenue, from Webster avenue to Culver street, in proportion to the benefit which each will derive therefrom.

Adopted.

MEDINA BLOCK PAVEMENT ON PLATT STREET.

Excess of actual cost above estimate in final ordinance No. 5,175.

Whereas, This Council did by first ordinance, No. 5,175, passed June 13, 1893, determine and ordain that a Medina block stone pavement should be constructed on Platt street, from State street to Allen street, the estimate for which was \$29,000, and

Whereas, The said improvement has been completed and the City Surveyor reports that the actual expense of the improvement over the estimate in the ordinance amounts to \$851.47, which said amount of excess above the estimate is hereby approved.

Resolved, That the said amount of \$851.47 is hereby directed to be assessed upon the following portion of the city, which this Common Council deems proper to be so assessed for and will be benefited by said improvement.

One tier of lots and parcels of land on each side of Platt street, from State street to Allen street, in proportion to the benefit which each will derive therefrom.

Adopted.

By Ald. Zimmer—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or ordinance, or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7 P. M., at the Common Council Chamber, when allegations relative thereto will be

heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Post-Express notice thereof as is required and in the manner specified by section 172 of the city charter.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., NOV. 28, 1893.

Gentlemen:—Agreeably to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Post-Express, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, November 28, 1893, at 7 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvement.

Respectfully,
HENRY W GREGG, City Clerk.

FINAL ORDINANCE, NO. 5,259.

THE IMPROVEMENT OF LAWTON STREET FROM THE EAST END THEREOF TO MEIGS STREET.

On motion of Ald. Aikenhead, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to improve Lawton street, from the east end thereof to Meigs street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary, and should be made, to wit:

The improvement of Lawton street, from the east end thereof to Meigs street, by the construction of a gravel roadway therein, with a line of Medina stone curb and gutter on each side thereof, properly connected with all lateral streets, alleys and driveways. Width of roadway between curbs to be 18 feet. Also the construction of a Portland cement walk, 3 feet wide, on each side of the street, between the limits mentioned, except where good flag or cement walks now exist, which walks shall be relaid if not conforming to the proper grade and alignment. Also the construction of the necessary crosswalks, surface sewers, man-holes, lot laterals, water and gas services. Also the widening of Lawton street to a uniform width of 24 feet, from the east end thereof to Meigs street.

The lands necessary to be taken therefor is a strip of land on the north side extending from Meigs street 130 feet easterly, and 2.60 feet in width at its east end running to nothing at Meigs street; and on the south side a strip of land extending from Meigs street to a point 100 feet easterly thereof, and of a width sufficient to make the street 24 feet wide.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$1,700, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which the Council deems proper to be so

assessed for, and will be benefited by and derive an advantage from such improvement, to wit:

One tier of lots and parcels of land on each side of Lawton street, from the east end thereof to Meigs street.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Lempert, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—19.

FINAL ORDINANCE, NO. 5,260.

PIPE SEWER AND WALKS ON SECOND STREET.

On motion of Ald. Aikenhead, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a pipe sewer and walks on Second street, from 100 feet north of Glenwood avenue to sewer in Rowe street.

And after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The removal of the present sewer and the construction of a new vitrified pipe sewer, 15 inches in diameter in Second street, from a point 100 feet north of Glenwood avenue, to the sewer in Rowe street. Also the necessary manholes, surface sewers, lot laterals branches, roadway grading and gutter formations. Also the connection of the present lot laterals and the construction of a Portland cement walk 4-12 feet wide on each side of the street, between the limits mentioned, except where good flag or cement walks now exist, which walks shall be relaid if not conforming to the proper grade and alignment.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$3,000, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which the Council deems proper to be so assessed for, and will be benefited by and derive an advantage from such improvement, to wit:

FINAL ORDINANCE, NO. 5,262.

RIGHT OF WAY FOR STATE HOSPITAL OUTLET SEWER.

On motion of Ald. Aikenhead, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to acquire right of way for State Hospital and Goodman street outlet sewer, from the southerly end of South Goodman street to Elmwood avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made to wit:

The acquirement of the necessary easements in and rights of way for the construction and maintenance of the State Hospital and South Goodman street sewer, as described in Ord. No. 5,252. The land to be taken for said easement is described as follows: A strip of land sixty-six feet wide, extending from the southerly end of Goodman street to Highland avenue, and the center line of said strip is described as follows: Beginning at a point in the center of Goodman street at its south end; thence south 22 degrees 49 minutes and 45 seconds west on prolongation of the center line of said Goodman street, 681.40 feet; thence on a curve to the left with a radius of 1,065 feet to a point which is 15.17 feet easterly from said center line of Goodman street prolonged and measured at right angles therefrom, from a point in said line 179.11 feet from the last aforesaid point in said line; thence on a curve to the right with a radius of 800 feet to a point which is 5.07 feet easterly from the aforementioned prolongation of the center line of Goodman street, and measured at right angles therefrom, from a point in said line which is 318.79 feet from the last aforementioned point in said line; thence on a curve to the left with a radius of 399 feet to a point which is 48.42 feet easterly from the aforementioned prolongation of the center line of Goodman street, and measured at right angles therefrom, from a point in said line which 292.45 feet from the last mentioned point in said line; thence on a curve to the right with a radius of 49.85 feet to a point which is 112.87 feet easterly from the aforementioned prolongation of the center line of Goodman street, and measured at right angles therefrom, from a point in said line which is 305.98 feet from the last mentioned point in said line; then southerly in a straight line 105.04 feet to a point in the northerly line of Highland avenue, which is 101.24 feet easterly from the aforementioned prolongation of the center line of Goodman street and measured at right angles therefrom, from a

point which is 104.39 feet from the last aforementioned point in said line.

Also a strip of land twenty feet wide, extending from the above described parcel to Elmwood avenue, the center line of which is described as follows: Beginning at a point in the center line of the above described 66 foot strip, said point being 113.14 feet easterly from the center line of the aforementioned prolongation of the center line of Goodman street, said distance being measured at right angles to said prolonged line at a point in said line which is 281.2 feet northerly from the point where said line prolonged intersects the north line of Highland avenue, thence south 70 degrees 54 minutes 05 seconds west 545.08 feet to an angle; thence south 58 degrees 57 minutes 9 seconds west 1,320.87 feet to an angle; thence south 67 degrees 54 minutes 53 seconds west 483.77 feet to an angle; thence south 52 degrees 14 minutes 15 seconds west 768.45 feet to an angle; thence south 29 degrees 29 minutes 24 seconds west 659.65 feet to the north line of Elmwood avenue.

And the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city, which this council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

Beginning on the east line of Goodman street at South Clinton street, thence southerly along South Goodman street, including one tier of lots on the east side thereof, but excluding the lot on the southeast corner of South Clinton street, to the southwest corner of town lot No. 52; thence easterly on the south line of said lot No. 52 to the city boundary line; thence southerly along the said city boundary line to Highland avenue; thence westerly along Highland avenue to the easterly boundary line of lands of the county of Monroe; thence southerly along said east line of Monroe county lands and State Hospital lands to Elmwood avenue; thence westerly along Elmwood avenue to Mt. Hope avenue; thence northerly along Mt. Hope avenue to Highland avenue; thence easterly along Highland avenue, including one tier of lots on the north side thereof, excepting the lot on the northeast corner of Mt. Hope avenue, to South avenue; thence northerly along South avenue to Reservoir avenue, including one tier of lots on the west side thereof; thence easterly along Reservoir avenue and along the line of said avenue produced to a point 650 feet westerly from and measured at right angles from the center line of South Goodman street produced; thence northerly parallel to and 650 feet distant from the center line of South Goodman street produced and South Goodman street to a point in the south line of Whitmore park produced easterly, excepting one tier of lots on each side of Benton street, west of Seager street, and also one tier of lots on each side of Yale street, west to a point 250 feet east of Meigs street; thence easterly, parallel to Caroline street, to South Goodman street and point of beginning, in proportion to the benefit which each will derive therefrom.

Adopted by the following vote:

CITY TREASURER'S OFFICE,
ROCHESTER, N. Y., Nov. 28, 1893,
To the Honorable, the Common Council:

Gentlemen: I hereby certify that the Executive Board have notified me that the works or improvements authorized under ordinances hereinafter mentioned have been completed; that I have, pursuant to the provisions of the charter, ascertained the entire aggregate expense of, and connected the same respectively, including any interest that the city shall incur or is entitled to for the use of its funds, and that the respective amounts thereof are as follows:

Ord. No.	Improvement.	Expense.
4,864.	Andrews street stone arch bridge (3 payments).....	\$39,200 00
4,895.	Court street stone arch bridge (3 payments).....	78,400 00

S. B. WILLIAMS, Treasurer.
Ordered received, filed and published.

By Ald. McMillan—Whereas, The City Treasurer has ascertained and reported the entire and aggregate expense of and connected with the following improvements, including any and all interest that the city has paid or has or shall become liable to pay upon account of any and all orders or notes issued by the city to pay the expenses of such improvements respectively adjusted by this Common Council as thus reported, and the respective portions or parts of the city on which the said expenses are hereby directed to be assessed and which this Common Council deems to be

benefited by the improvements, respectively, are as stated and described in the final ordinances relative to the improvements, respectively, and that the name and expense of the improvements thus to be assessed are as follows, viz:

Ord. No.	Improvement.	Expense.
4,864.	Andrews street stone arch bridge.....	\$39,200 00
4,895.	Court street stone arch bridge.....	78,400 00

And it is further determined that the taxpayers to be assessed for making the said improvements,

May pay their assessments in three equal payments, as follows:

One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-third within one year from the confirmation of such roll. And the remaining one-third within two years from the confirmation of such roll. On all sums paid prior to the maturity of said last installment a discount will be allowed at the rate of six per cent. per annum.

And the Assessors of said city, if they are not interested in any of the property within the part or portion of the city deemed to be benefited, and directed to be assessed, as aforesaid, or if any two of said assessors are not so interested, then such two are hereby directed to make assessments upon all the lots and parcels of lands within the portions or parts of the city above designated and directed to be assessed, of the amounts of expenses of such improvements, respectively, in proportion, as nearly as may be, to the advantage which the said lots and parcels of land within the respective territories to be thus assessed for such improvements, shall be deemed to receive by the making of the respective improvements.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, Callihan, Zimmer, Adams, Lempert, Johnston, Ashton, Ward, Dewey, H. C. Cook, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—17.

Ald. REPORTS OF STANDING COMMITTEES.

By Ald. Lewis—

To the Honorable, the Common Council:

Gentlemen:—During the past several months various matters have been referred to your finance committee, upon which no report has been made, but which your committee has had under consideration, and upon which it desires to submit the following report:

It was suggested some time ago, by City Treasurer Williams, that a conference of the fiscal officers of the several cities, together with such other members of the city government as might seem interested, be held at some suitable time and place prior to the meeting of the constitutional convention in May next, and the matter of the holding of such conference or convention was heretofore referred to this committee. Your committee has had the matter under discussion, and has reached the conclusion that such a conference may be of benefit, and has decided to recommend that one be held. It is thought that by a meeting and exchanging of views at some convenient time and place something may be accomplished in the direction of a uniform method of financing for the cities of the state. Your committee, therefore, recommends that the matter of issuing a call for the holding of such a conference, be referred to the mayor, the city treasurer and the finance committee. They to agree upon the time when such conference shall be held, and it is believed that Rochester will be as satisfactory a meeting place as can be found.

In the matter of separating the funds of the city in such a way as to keep the moneys received upon the local assessment rolls from the general fund, your committee is of the opinion, that no legislation is required, and that by the adoption of the accompanying resolution the separation of such funds will be accomplished. Section 58 of the city charter provides that the city treasurer shall receive the moneys belonging to the city, and deposit and keep the same as directed by the common council, and shall keep an account of all receipts and expenditures in such manner as the common council shall direct. The city now has due to it from local assessment rolls, either in the hands of the city treasurer or in other departments, and soon to be placed in the city treasurer's hands, an amount approximating one million dollars. As these moneys are paid in, they should be kept separate and distinct from moneys received on general city taxes, and should be used only for the purpose of paying the city's acceptances issued on account of local improvements. It is probable that these moneys will not be received rapidly enough to meet these acceptances as they fall due, and for the purpose of replenishing the local improvement fund, the common council should have authority granted by the legislature to authorize the issuing of short time local improvement bonds. It is believed that these bonds can be negotiated at a rate of interest not exceeding 5 per cent., to mature in not more than five years. The city should have the right to collect interest on all assessments not paid within the time specified in the order for the assessment, at the rate of 6 per cent., and it is thought that the difference between the 5 per cent., which the city will probably have to pay, and the 6 per cent, which it may receive, will be sufficient to meet the loss caused by the delay which is necessary while the assessment rolls are being prepared. In New York city this plan is followed, and it has been found to work with the utmost success.

It is probable that an amendment to the charter will be necessary to enable the city to issue such bonds, and your committee before making any recommendation upon that subject, desires further time in which to consider the matter. If an amendment is found necessary, it can be prepared and made ready to submit to the legislature at its session beginning in January.

One of the chief difficulties with which the city treasurer and the finance committee of the common council has to contend, is the failure of citizens to promptly pay their taxes and meet their local assessments. This failure is, in many instances, not because of inability, but is intentional, and payment is neglected and delayed by design. In fact there are taxpayers who have boasted that they would not pay their taxes, and so long as they did not care to sell or mortgage their property, that the city could not force them to pay, and if they should care to sell or mortgage, they could readily arrange to pay, and have the interest fixed at 6 per cent. instead of the rate fixed by the charter.

It is for the purpose of meeting this class of persons, and forcing them to make their payments to the city, in some instances now long delayed, that your committee has given careful consideration to this subject. Two methods are available, the adoption of which would probably result in the collection of a large sum of money now long past due. One is the method that is provided for in the city charter in section 82, known as "supplementary proceedings." That section provides that whenever any tax or assessment exceeding ten dollars in amount, has been levied or assessed against any person, firm, estate or corporation, and has been, or is returned by a collector as uncollectible for want of goods and chattels out of which to collect the same, the mayor or city attorney of said city may apply to the county judge, or special county judge, upon an affidavit stating the facts, and obtain an order requiring such person, firm, estate or corporation to appear before the said judge, or before a referee named in such order, and answer concerning his, their or its property, and the same proceedings shall thereupon be had, as are provided for in the code of civil procedure in cases of proceedings supplementary to an execution.

By an amendment to the charter of 1890, this method of collecting taxes was given to the city, but it has not been used until now. By adopting it, it is probable that the collection of many thousands of dollars of uncollected taxes might be hastened, and your committee recommends that the city treasurer be instructed to prepare and furnish to the city attorney a list of persons against whom this process should be put in operation, and that the city attorney be instructed to begin such proceedings without delay.

The other method is the process of foreclosing the equity of redemption, provided for in sections 101 to 104, both inclusive, of the city charter.

Some months ago a list of lands upon which a large amount of taxes remained uncollected, was prepared in the city treasurer's office, with a view of instructing the city attorney to begin foreclosure actions under these sections, and it is recommended by your committee that the city attorney be directed to begin and prosecute such actions without delay.

The city treasurer has prepared a statement showing the amount of money due the city on account of local assessment rolls now in his hands, and also showing the amount due to the city, the assessment rolls for which

have not yet been completed. Such statement is hereto annexed and made a part of this report.

All of which is respectfully submitted.

Ordered received, filed and published.

By Ald. Lewis—Resolved, That the matter of issuing an invitation for the holding of a conference of the fiscal officers of the several cities of the State, be referred to the Mayor, City Treasurer and Finance Committee, with power to issue such invitation.

Adopted.

By Ald. Lewis—Resolved, That from and after the first day of January, 1894, the City Treasurer be, and he is hereby directed to keep separate and distinct accounts of all moneys received on local improvements and general city taxes, and to keep and deposit in the several banks of deposit, heretofore designated by this Council, separate and distinct accounts. One to be known as the "General Fund," and the others as the "Local Improvement Fund," and that all moneys required to be paid on local acceptances or orders, be paid by him from the Local Improvement Fund.

Upon motion of Ald. Lewis, laid upon the table until next meeting.

By Ald. Lewis—Resolved, That the City Treasurer be, and he is hereby directed to prepare and furnish to the City Attorney a list of the persons against whom warrants have been heretofore returned for want of goods and chattels out of which to collect the same, and that the City Attorney be, and he is hereby instructed to begin such proceedings as are provided for in section 32 of the city charter, as set forth in the foregoing report.

Adopted.

By Ald. Dewey—

To the Honorable, the Common Council of the City of Rochester:

- One on Saratoga avenue, between Jay and Smith streets.
- One on Lake avenue.
- One on Norton street, between Hollenbeck and St. Paul streets.
- One on Saint Joseph park.
- One on Riverside avenue.
- One corner Columbia avenue and Snyder street.
- One on Campbell street.
- One on Main street, between Henry and Culver streets.
- One on Laburnam street.
- One on Buckingham street.
- One on Church Lee place.
- One on Baetzel park.

ALVIN H. DEWEY,
HENRY G. COOK,
JOHN B. SIMMELINK,
MERTON E. LEWIS,

Lamp and Electrical Committee.

Ordered received, filed and published.

By Ald. Dewey—Resolved, That the Rochester Gas & Electric Company be, and they are hereby directed to comply with the report of the Lamp and Electrical Committee when ordered so to do by the City Electrician and he is hereby authorized to make the proper modifications to insure the correct location of each lamp.

Adopted.

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—Your lamp and electrical committee begs leave to make a special and separate report upon the matter of the petitions of the taxpayers of Cady, Champlain, Olean, Hawley and Barton streets and Frost and Columbia avenues and Doran park.

We learn that two electric light companies entered into competition to replace the present gas lamps on the above streets by arc lights and at the instance of each company a petition was circulated and signed and submitted to the council and referred to this committee as an inducement for the council to grant such right to the company which furnished the strongest petition. Inasmuch as a number of the same names appear on both petitions it is difficult for the committee to say which petition represents the largest number of taxpayers. But it is clear that the taxpayers on these streets are desirous of having the gas lamps replaced by arc electric lights. The streets in the city are at present lighted by the Rochester Gas & Electric Light Company which is a consolidation of the three old companies. At the time that the present contract for lighting the streets of the city was made there was open competition between the three companies, and the committee is of the opinion that by such competition the city secured as low a rate for lighting as any city in the country. Since the consolidation, new electric light companies have received franchises from the city and it is the opinion of this committee that some street lighting ought to be given to the new companies to encourage such competition as will prove a benefit to the city and public at large. The Citizens' Light & Power Company having requested the privilege of replacing the gas lamps by electric arc lights on the streets above named and there being but a slight increase of expense, we recommend that a contract be entered into between the city and said company for the lighting of the streets above named and such other territory

as may hereafter be designated by this common council, the conditions and covenants of said contract to be the same as that of the Rochester Gas & Electric Light Company and such other covenants and agreements as may in the judgment of the chairman of the electrical committee, city electrician and city attorney be advisable as promoting the best interests of the city; the expense of such lighting per lamp not to exceed the price now paid under the contract with the Rochester Gas & Electric Light Company, and the contract with the Citizens' Company to expire at the time that the contract with the Rochester Gas & Electric Light Company expires.

ALVIN H. DEWEY,
HENRY G. COOK,
T. McMILLAN,
M. B. ADAMS,
Lamp Committee.

Ordered received, filed and published.

By Ald. Dewey—Resolved, That the Mayor be, and hereby is, authorized to execute a contract with the Citizens Light & Power Company to light Cady, Champlain, Olean, Holley and Barton streets and Frost and Columbia avenues and Doran park with arc lights not to exceed seventeen, (17) the location to be designated in said contract, and to light such other streets, avenues, alley or public places as may hereafter be designated by the Common Council, the conditions and covenants of said contract to be the same as that of the Rochester Gas & Electric Light Company heretofore entered into and such other covenants and agreements as may in the judgment of the chairman of the Electrical Committee, City Electrician and City Attorney be advisable as promoting the best interests of the city. It is

Further Resolved, That the expense of such lighting per arc lamp shall not exceed the price now paid under the contract made with said Rochester Gas & Electric Light Company, and said contract with the Citizens Light & Power Company to expire at the time the contract with the Rochester Gas & Electric Light Company expires.

Upon motion of Ald. Dewey, action thereon was postponed two weeks.

Ald. Lewis, on behalf of the Law Committee, reported favorably of the applications of Ernest Snook and Frederick B. Durand for Commissioners of Deeds.

OFFICE OF THE CITY ATTORNEY,
ROCHESTER, N. Y. Dec. 12, 1893. }

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Assessment Committee begs leave to report as follows:

In the matter of the petition of Thomas F. Mahon, praying to have refunded the sum of \$20.70, alleged to have been erroneously assessed against his property lot No. 119, on Pearl street, upon the assumption, that the same had a frontage of five (5) feet more than its actual frontage, we recommend that a rebate of \$17.28 be allowed.

In the matter of the petition of George W. Percy, we find that the petitioner was erroneously assessed for Church street opening in the sum of \$51.25, and we recommend that that amount be refunded to him.

In the matter of the petition of W. R. Robb praying to have corrected an alleged erroneous assessment for Church street opening, we fail to find that the Assessors have made any error, and therefore recommend that the petition be denied.

All of which is respectfully submitted,

HENRY G. COOK,
WM. PAUCKNER,
JOHN F. FOX,
MAHLON B. ADAMS,

Assessment Committee.

Ordered received, filed and published.

By Ald. H. G. Cook—Resolved, That the City Clerk be, and he hereby is directed to draw an order payable from the Contingent Fund in favor of Thomas F. Mahon, for the sum of \$17.28, being a refund allowed to him under an erroneous assessment against lot No. 119, corner of Boardman avenue and Pearl street, under assessment No. 4,121, and that the City Treasurer charge said amount to erroneous assessments.

Adopted by the following vote:
Ayes—Ald. Tracy, C. S. Cook, Calhan, Adams, Fox, Johnston, Ashton, Ward, Dewey H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelnk, Lewis, Forsyth, Bierbrauer—17.

By Ald. H. G. Cook—Resolved, That the City Clerk be, and he hereby is directed to draw an order, payable from the Contingent Fund, in favor of George W. Percy for the sum of \$51.25, being the amount for which his property corner of Elizabeth and Allen street, was erroneously assessed for the Church street opening, and that the City Treasurer charge said amount to erroneous assessments.

Adopted by the following vote:
Ayes—Ald. Tracy, C. S. Cook, Calhan, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelnk, Lewis, Forsyth, Bierbrauer—17.

By Ald. H. G. Cook—Resolved, That the petition of W. R. Robb, praying to have corrected an assessment against his property on the corner of Washington street and Scott alley for the Church street opening be, and the same hereby is denied.

Adopted.

By Ald. Lewis—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue as necessary, for payment of interest on the bonded indebtedness due January 1st, 1894, the city's notes for the aggregate sum of (\$200,000) two hundred thousand dollars. This amount being represented by taxes and assessments levied, but uncollected, under the authority of section 81 of the city charter, said notes to be negotiated under the direction of the Finance Committee and to be countersigned by the chairman of the Finance Committee, and the discount or interest thereon charged to Contingent Fund.

Adopted by the following vote:
Ayes—Ald. Tracy, C. S. Cook, Calhan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelnk, Lewis, Forsyth, Bierbrauer—18.

Ald. Fox, from the Police Committee, Ald. Johnston, from the City Property Committee, Ald. Dewey, from the Lamp Committee, Ald. Pauckner, from the Contingent Expense Committee; Ald. Simmelnk, from the Health Committee, and Ald. Forsyth, from the Poor Committee, reported favorably of the various bills referred to their respective committees, and referred them to the Finance Committee and Auditor for payment.

COMMUNICATIONS TO THE BOARD FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

CITY SURVEYOR'S OFFICE, }
ROCHESTER, N. Y., Dec. 12, 1893. }

To the Common Council:

Gentlemen:—In the matter of a petition for the abatement of a nuisance caused by the incapacity of Court and William street outlet sewer in Prince street, and under the New York Central railroad to carry off storm water, which was referred to the Committee on Streets and the City Surveyor at your meeting of August 8th, 1893.

I beg leave to report that the portion of

the sewer from Prince street to the north side of the New York Central railroad has a capacity to discharge when running full of about 50 cubic feet per second, and that often the territory discharges as much as 120 cubic feet per second, with the result that the water backs up until the head is increased sufficiently to force it through the present sewer.

In thus backing up, the water rises into the existing cellars on Prince street and the lower end of Weld street and on Main street as far west as Alexander street. This portion of the sewer should have a capacity of discharge of 169 cubic feet per second. The existing sewer in Prince street and in Main street, as far south as Alexander street has a capacity of about 60 cubic feet per second, while it should have a capacity of 132 cubic feet in the Prince street portion, and 108 cubic feet per second in the Main street portion.

The existing Weld street sewer has a capacity of 64 cubic feet per second.

I recommend that a new sewer be built from the north side of the railroad to Prince street 58 inches in diameter. From this sewer through Prince street to Main street, 48 inches in diameter, and in Main street from Prince street to Alexander street, 48 inches in diameter, and in Prince street, from outlet to Weld street, 2 feet by 2-1-2 feet with arch and invert.

At the request of Alderman Adams and Alderman Aikenhead, the ordinance was made leaving off the portion in Main street from Prince street to Alexander street, although I deem it my duty to say that I think it would be the better policy to rebuild as far as Alexander street at this time.

Very respectfully yours,

J. Y. MULLINCKO,

City Surveyor.

H. W. Gregg, Esq., City Clerk :

Dear Sir:—The following resolution was adopted by the Board of Education of this city at a regular session thereof, held November 20th, last.

Respectfully,

M. LTON NOVES,
Superintendent of Schools.

By Com. Durand:

Resolved, That a special committee of five be appointed by the president to confer with the charter amendment committee of the Common Council with reference to needed amendments to the charter relating to this Board of Education; also,

Resolved, That the President be added to said committee.

Adopted.

The president appointed as members of said committee, Coms. Durand, McKelvey, Gillette, Lapey and Decker.

Ordered received, filed and published, and upon motion of Ald. Lewis referred to Finance Committee.

By the Clerk—

COMMISSIONERS OF SEWERAGE OFFICE, }
ROCHESTER, N. Y., Dec. 8, 1893. }

To the Honorable, the Common Council of the City of Rochester :

Gentlemen:—The Commissioners of Sewerage for the Tenth, Fifteenth and Twentieth wards in the city of Rochester and the town of Gates respectfully request you to authorize the City Surveyor to locate definitely upon the ground, the west line of the city, or more especially that portion of it between the south line of West Maple street and the north line of Lyell avenue.

Our engineer informs us he has as yet found neither monuments nor records, by which the above section of the city line can be definitely located; and it is our wish to locate the exact line of sewer on this section so as to obtain right of way, which cannot be done until some definite city line be established.

A monument at Jay street would be sufficient for our purposes.

Yours, etc.,

H. G. PIERCE, Sec'y.

Ordered received, filed and published, and upon motion of Ald. Lewis referred to Map and Survey Committee.

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, N. Y., Dec. 12, 1893. }

To the Common Council:

Gentlemen:—Pursuant to resolutions adopted by your honorable body, the Executive Board notified the owners of the lands through which easements are necessary to be acquired for the Thomas street outlet sewer and the State Hospital and South Goodman street sewer, to call at the office of the Executive Board and state what sums they would accept for the necessary rights of way, and prices were submitted by a number of them, which the Executive Board deems excessive.

In view of this fact, I am directed by the Executive Board to suggest that the City Attorney be authorized to apply to the courts for the appointment of a commission to appraise the damages to each piece of property proposed to be acquired for said improvement.

Respectfully,
THOMAS J. NEVILLE, Clerk

Ordered received, filed and published.

By Ald. Panckner—Whereas, No agreement for the purchase of lands necessary to be taken for the State Hospital and South Goodman street sewer, in the city of Rochester, under final ordinance No. 5,252, can be made, therefore,

Resolved, That a copy of said ordinance, and of this resolution, together with a map of the lands, rights and easements to be taken for said sewer, be made and filed in the office of the city clerk and of the county clerk, which map shall show thereon the lots, tracts, parcels of land and the rights and easements which are deemed necessary to be taken and the commencement, course and termination of said sewer proposed to be laid out, according to the provisions of section 174 of the revised city charter, and that the city attorney be, and he hereby is, instructed to take and institute such proceedings, from time to time, as may be necessary to secure such right of way as is provided by the said city charter.

Adopted.

By Ald. Simmelink—Whereas, No agreement for the purchase of the lands, rights and easements necessary to be taken for the construction of a sewer in Thomas and other streets and through private property in the city of Rochester, under final ordinance No. 5,245, can be made, therefore,

Resolved, That a copy of said ordinance, and of this resolution, together with a map of the lands, rights and easements to be taken for said sewer, be made and filed in the office of the city clerk and of the county clerk, which map shall show thereon the lots, tracts, parcels of land and the rights and easements which are deemed necessary to be taken for, and the commencement, course and termination of said sewer, according to the provisions of section 174 of the revised city charter, and that the city attorney be, and he hereby is, instructed to take and institute such proceedings, from time to time, as may be necessary to secure such sewer as is provided by the city charter.

Adopted.

By the Clerk—
OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, Dec. 12, 1893. }

To the Common Council:

Gentlemen:—Pursuant to resolutions adopted by your honorable body, the Executive Board opened negotiations with the owners of the property necessary to be taken for the opening of a street from Central avenue to Granger street, and the price asked is deemed by the Executive Board to be beyond the fair market value of the property in question.

The Executive Board recommend that the City Attorney be authorized to apply to the courts for the appointment of commissioners to determine the value of the property necessary to be acquired for the above named improvements.

Respectfully,
THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Charles S. Cook—Whereas, No agreement for the purchase of lands necessary to be taken for the opening of a street from Central avenue to Granger street, in the city of Rochester, under final ordinance, No. 5,226, can be made, therefore,

Resolved, That a copy of said ordinance, and of this resolution, together with a map of the proposed street be made and filed in the office of the city clerk and of the county clerk, which map shall show thereon the lots, tracts and parcels of land which are deemed necessary to be taken and the commencement, course and termination of said street proposed to be laid out, according to the provisions of section 174 of the revised city charter, and that the City Attorney be, and he hereby is, instructed to take and institute such proceedings, from time to time, as may be necessary to secure such street opening as is provided by the said city charter.

ACTION UPON ORDINANCES.

FIRST ORDINANCES.

ASPHALT PAVEMENT ON GARSON AVENUE.

By Ald. Zimmer—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Garson avenue.

Adopted.

The Surveyor submitted as such estimate, \$59,000.

By Ald. Zimmer—Resolved, That the following improvement is necessary, viz:

The improvement of Garson avenue, from Webster avenue to Culver street, by the construction of a Trinidad asphalt pavement therein with a line of Medina stone curb on each side thereof properly connected with all lateral streets, alleys and driveways. Width between curbs to be 26 feet. Also the construction of the necessary manholes, surface sewers, lot laterals, water and gas services, crosswalks, crosswalk extensions, and the relaying of such portion of the main sewer as is deemed necessary. Also the construction of a Portland cement walk 5 feet wide on each side of the street, between the limits mentioned.

And Whereas, The City Surveyor under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$59,000, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Garson avenue, from Webster avenue to Culver street, in proportion to the benefit which each will derive therefrom.

Adopted.

COURT AND WILLIAM STREETS OUTLET SEWER

By Ald. Aikenhead—Resolved, That the City Surveyor ascertain and report to this Council the expense of rebuilding the Court and William street outlet sewer.

Adopted.

The Surveyor submitted as such estimate, \$19,000.

By Ald. Aikenhead—Resolved, That the following improvement is necessary, viz:

The rebuilding of the existing Court and William street outlet sewer, and the lower end of the Weld street sewer, from the north side of the New York Central & Hudson River railroad property to the intersection of Prince and Main streets, and also in Prince street to the intersection of Prince and Weld streets.

The sewer to be of the following form and dimensions: From the north side of the New York Central & Hudson river railroad to Prince street to be a circular sewer of brick fifty-eight (58) inches in diameter. From the outlet in Prince street to the intersection of the existing Main street sewer, to be a circular sewer of brick, forty-eight (48) inches in diameter, and from the outlet in Prince street to the intersection of the Weld street sewer to be of stone, 2 feet by 21-2 feet with arch and invert, together with the necessary manholes, surface sewers, lot laterals and branches. Also the acquirement of a right of way if necessary.

And Whereas, The City Surveyor under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$19,000, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

All the territory included within and described by the following boundary lines, viz:

Beginning at the intersection of the north line of the property of the New York Central & Hudson river railroad with the north line of East Main street; thence westerly along the north line of East Main street to a point opposite the west line of Goodman street; thence still westerly along East Main street, including one tier of lots and parcels of land on the south side thereof, for a depth not exceeding 150 feet to Prince street; thence southerly along Prince street, including one tier of lots and parcels of land on the east side thereof, for a depth not exceeding 200 feet to East avenue; thence westerly along East avenue, including one tier of lots and parcels of land on the south side thereof, for a depth not exceeding 150 feet to Alexander street, excepting the lot on the southwest corner of East avenue and Sibley place; thence southerly along Alexander street excepting one tier of lots on the west side thereof to Dryer alley; thence still southerly along Alexander street, excepting three tiers of lots on the west side thereof, to Chapman alley; thence westerly along Chapman alley to Union street; thence southerly along Union street, including one tier of lots on the east side thereof; also one tier of lots on each side of Canfield place, to George street; thence westerly along George street, excluding one tier of lots on the north side thereof, excepting the lot on the northwest corner of George and Union streets, to Union alley; thence southerly along Union alley, and Union alley produced to Monroe avenue; thence westerly along Monroe avenue, excluding one tier of lots on the north side thereof, to Chestnut street; thence northerly along Chestnut street to George street; thence still northerly along Chestnut street, including one tier of lots on the west side thereof to Elm street; thence westerly along Elm street, including one tier of lots on the south side thereof, to the angle in Elm street; thence easterly along Elm street, including one tier of lots on the north side thereof to Elm park; thence northerly along Elm park, including one tier of lots on the west side thereof, to Euclid street; thence easterly along Euclid street to Chestnut street; thence northerly along Chestnut street, including one tier of lots on the west side thereof, to East avenue; thence easterly along East avenue, including one tier of lots on the north side thereof to Gibbs street; thence northerly along Gibbs street, including one tier of lots on the west side thereof, to Main street; thence westerly along Main street, including one tier of lots on the south side thereof, to Franklin street; thence easterly along Main street, including one tier of lots on the north side thereof, to Gibbs street; thence northerly along Gibbs street to Grove place; thence easterly along Grove place, including one tier of lots on the north side thereof, to Windsor street, excepting the lot on the northeast corner of Gibbs street and Grove place; thence southerly along Windsor street, including one tier of lots on the east side thereof, to Main street; thence easterly along Main street, including one tier of lots on the north side thereof, to Scio street; thence northerly along Scio street, to University avenue; thence still northerly along Scio street, including one tier of lots and the west side thereof, for a depth not exceeding 150 feet to Central avenue, excepting the lot

The improvement of Clinton place, from North Clinton street to North street, by the construction of an asphalt pavement therein with a line of 5-inch Medina curb stone on each side thereof, properly connected with all lateral streets, alleys and driveways. Width of roadway between curbs to be 36 feet. Also the construction of the necessary manholes, surface sewers, lot laterals, water and gas services, crosswalks and crosswalk extensions, the necessary manholes, crosswalk extensions, and the cleaning of the main sewer in the street if found necessary.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$20,500, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Clinton place, from North Clinton street to North street, in proportion to the benefit which each will derive therefrom.

Adopted.

By Ald. Zimmer—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or ordinance, or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7 P. M., at the Common Council Chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Post-Express notice thereof as is required and in the manner specified by section 172 of the city charter.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., Dec. 12, 1893.

Gentlemen:—Agreeably to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Post-Express, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, December 12, 1893, at 7 o'clock P. M., at the Common Council Chamber, when allegations would be heard in reference to such improvement.

Respectfully,

HENRY W GREGG, City Clerk.

FINAL ORDINANCE, NO. 5,263.

SUPPLEMENTAL ORDINANCE FOR PLATT STREET MEDINA BLOCK STONE PAVEMENT.

On motion of Ald. Zimmer, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance for excess of actual cost above estimate in final ordinance No. 5,175.

And after hearing allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

Whereas, This Council did by first ordinance, No. 5,175, passed June 13, 1893, determine and ordain that a Medina block stone pavement should be constructed on Platt street, from State street to Allen street, the estimate for which was \$29,000, and

Whereas, The said improvement has been completed and the City Surveyor reports that the actual expense of the improvement over the estimate in the ordinance amounts to \$851.47, which said amount of excess above the estimate is hereby approved.

Resolved, That the said amount of \$851.47 is hereby directed to be assessed upon the following portion of the city, which this Common Council deems proper to be so assessed for and will be benefited by said improvement.

One tier of lots and parcels of land on each side of Platt street, from State street to Allen

street, in proportion to the benefit which each will derive therefrom.

FINAL ORDINANCE, NO. 5,264.

SUPPLEMENTAL ORDINANCE FOR PORTLAND CEMENT WALK ON PIERPONT AVENUE AND LAKE VIEW PARK.

On motion of Ald. Zimmer, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance for excess of actual cost above estimate in final ordinance No. 5,211.

And after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

Whereas, This council did by final ordinance No. 5,211, passed July 25, 1893, determine and ordain that a Portland cement walk should be constructed on Pierpont avenue, from a point 50 feet north of Driving Park avenue to the north end of said Pierpont avenue, and on the south side of Lake View Park, from the east line of lot No. 70 of the Selye subdivision to Pierpont avenue, the estimate for which was \$2,500, and

Whereas, Said improvement has been completed and the City Surveyor reports that the actual expense of the improvement over the estimate in the ordinance amounts to \$398.45, which said amount of excess above the estimate is hereby approved.

Resolved, That the amount of \$398.45 is hereby directed to be assessed upon the following portion of the city, which this Common Council deems proper to be so assessed for and will be benefited by said improvement.

One tier of lots and parcels of land each side of Pierpont avenue, from the north end thereof to a point 50 feet north of Driving Park avenue, and one tier of lots and parcels of land on the south side of Lake View Park, from the east line of lot No. 70, of the Selye subdivision, to Pierpont avenue, in proportion to the benefit which each will derive therefrom.

SUPPLEMENTAL ORDINANCE FOR AN ASPHALT PAVEMENT ON GRAND AVENUE.

On motion of Ald. Zimmer, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance for excess of actual cost above estimate in final ordinance No. 5,126.

And after hearing such allegations from all persons appearing.

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary, and should be made, to wit:

Whereas, This Council did, by final ordinance No. 5,126, passed April 4, 1893, determine and ordain that an asphalt pavement should be constructed on Grand avenue, from Webster avenue to Culver street, the estimate for which was \$59,000, and

Whereas, said improvement has been completed and the City Surveyor reports that the actual expense of the improvement over the

estimate in the ordinance amounts to \$961.21, which said amount of excess above the estimate is hereby approved.

Resolved, That the said amount of \$961.21 is hereby directed to be assessed upon the following portion of the city, which this Common Council deems proper to be so assessed for and will be benefited by said improvement.

One tier of lots and parcels of land on each side of Grand avenue, from Webster avenue to Culver street, in proportion to the benefit which each will derive therefrom.

ROCHESTER, N. Y., Dec. 12, 1893.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—I hereby resign my office as alderman of the Seventh ward of the city of Rochester.

Respectfully,
M. H. LEMPERT.

Ordered received, filed and published.

Preliminary to moving that the resignation be accepted Ald. Lewis made the following remarks, and presented to Ald. Lempert, upon behalf of the Board, an onyx clock.

“Mr. Chairman:—I need not say that it will be the duty of this Council to accept this resignation and I desire to say that it is accepted with a great deal of regret. During the several years which the member of the Seventh has served in this Council its members have always found in him a faithful, conscientious public official. They have found him at all times true to his trust; they have found him ready and willing to bear his full share of the burden of the work of this Council. Mr. Chairman, the members of this Council in appreciation of his merits and of the work and public services which have been rendered to the city of Rochester, and especially to the Seventh ward by our colleague, Alderman Lempert, have deemed it to be fitting and

proper that his services as alderman of the city of Rochester shall not be terminated without some suitable testimonial being presented to him by his fellow members. I have, therefore, the pleasure of presenting to the alderman of the Seventh a little token of our esteem and regard for him, a slight memento, from the members of this Council.”

Ald. Lempert, in a few well-chosen remarks, expressed his appreciation of the kindness of his brother members.

Ald. Lewis then moved that the resignation of Ald. Lempert be accepted. Carried.

By Ald. Ashton—Resolved, That the action taken by the Common Council at the meeting of October 31st, in the matter of the order of local improvement assessment for Rowe street asphalt pavement, be reconsidered.

Adopted.
By Ald. Ashton—

Resolved, That the subject matter of the local improvement assessment for Rowe street asphalt pavement be referred back to the City Treasurer, and that he be directed to compute the amount of the expense thereof upon the basis of a five-payment roll and report the amount of the same to this Board.

Upon motion of Ald. Lewis, referred to Finance Committee.

By Ald. Dewey—Application of Minnie L. Sherman for appointment as Commissioner of Deeds. Referred to Law Committee.

By Ald. H. G. Cook—Notice of claim of James H. Hooker against the city of Rochester. Referred to Law Committee.

Also, application of George J. Bender for appointment as Commissioner of Deeds. Referred to Law Committee.

By Ald. Pauckner—

MT. HOPE CEMETERY,
ROCHESTER, N. Y., Dec. 4, 1893.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—In the matter of the removal of the remains and the discontinuance of the West Brighton Rural Cemetery, as directed under chapter 228 of the laws of 1893, by a commission permit me respectfully to call your attention to the unsightly condition of the old retaining wall on the west side of said cemetery, which has given away and fallen out on the street, and being directly opposite Mt. Hope, the commissioners of the latter are anxious that it be removed and authorize me, as Superintendent, to offer to remove said wall and leave an even grade on the front of said Brighton Cemetery, in consideration of the old stone therein, which work we are advised by the City Attorney, the Brighton Commission are not authorized to do by the law under which they were appointed. Trusting this will meet with your approval, I am

Very respectfully yours,
DAVID Z. MORRIS,

Superintendent of Mt. Hope Cemetery.
Ordered received, filed and published.

By Ald. Pauckner—Resolved, That the consent of this council be and hereby is granted to the commissioners of Mount Hope Cemetery to remove the old wall which is in front of the Brighton Cemetery so called opposite Mount Hope Cemetery on condition that the ground be made even and smooth where said wall now exists, or that they terrace the ground where said wall now stands down to the street and further

Resolved, That such work be done under the supervision and direction of the commissioners appointed for the purpose of removing the remains of all persons interred in the Brighton Cemetery.

Adopted.

By Ald. Aikenhead—Petition with reference to assessment for Augusta street extension. Referred to Assessment committee.

By Ald. Aikenhead—Resolved, That action upon the assessment roll for Augusta street extension, final ord. No. 4,891, confirmed at a meeting of this Board held November 14, 1893, be and the same hereby is reconsidered.

Adopted.

By Ald. Aikenhead—Resolved, That said roll be referred to the Assessment Committee.

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, N. Y., Oct. 17, 1893. }

To the Common Council:

Gentlemen:—The following action was taken by the Executive Board at a regular meeting held December 8, 1893:

By Mr. Aldridge—Whereas, A cash guaranty in the sum of fifteen hundred sixty-seven and 8-100 dollars, was given to the city of Rochester by Charles L. Horn, contractor, for the maintenance of Mill street Medina pavement for a period of two years from the date of its completion, and,

Whereas, The time of such guaranty expires January 25, 1894, and the pavement is certified

to this board, to be in good order, therefore, Resolved, That the Clerk of this Board request the Common Council to authorize the Treasurer of the city of Rochester to pay to Charles L. Horn, contractor, for the Mill street Medina stone pavement, ordinance No. 4,525, the sum of \$1,567.08, being the amount retained by the city of Rochester as security given by said Charles L. Horn for the repair and maintenance of said improvement for two years.

Adopted.

Pursuant to the terms of the resolution, it is requested that you authorize the City Treasurer to refund to Charles L. Horn the amount of money deposited as guaranty for the Mill street Medina stone pavement.

Yours respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.

 COMMUNICATIONS TO THE BOARD FROM THE
 MAYOR AND OTHER EXECUTIVE OFFICERS AND
 THEIR REFERRECE.
 By the Clerk—

OFFICE OF THE EXECUTIVE BOARD,
 ROCHESTER, N. Y., Dec. 19, 1893.

To the Common Council:

Gentlemen:—The Executive Board requests that your honorable body reconsider its action in the matter of the passage of a resolution authorizing the payment of \$151.70 to Otis & Gorsline, assignees of Weider & Voltz, which was the amount guaranteed by the latter firm for the maintenance of Chester avenue pipe sewer for a period of one year, but which sum, subsequent to the passage of the resolution, the board ascertained had been expended in necessary work upon said sewer; and, therefore, no funds are left to pay the amount of said assignment, as provided by the resolution adopted by the Executive Board and also by your body. In view of this fact, it is requested that you adopt the following resolution in order that the action may be reconsidered and annulled.

Respectfully,
 THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.
 By Ald. McMillan—Resolved, That the action taken by the Common Council, at its regular meeting, held December 12, 1893, relative to cash guaranty of the sum of \$151.70, given to the city of Rochester by Weider & Voltz, for the maintenance of Chester avenue pipe sewer for a period of one year from the date

of completion of said sewer, which amount it appears had been assigned to Otis & Gorsline, but which had been expended by the Executive Board as provided by the terms of the contract for repairs rendered necessary to the sewer after the work was done, be and the same hereby is reconsidered.

Adopted.
By Ald. McMillan—Resolved, That the action taken on said guaranty of Weider & Veltz, for the maintenance of Chester avenue sewer, be indefinitely postponed.

By the Clerk—

ROCHESTER, N. Y., Dec. 19, 1893.

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, N. Y., Dec. 12, 1893.

To the Common Council:

Gentlemen:—The following action was taken by the Executive Board at a regular meeting held December 8th, 1893.

By Mr. Barnard—Whereas, a cash guaranty in the sum of five hundred dollars was given the city of Rochester by Weider & Voltz, contractors, for the maintenance of East Main street stone sewer for a period of three months from the date of its completion, and,

Whereas, the time of such guaranty expired November 24, 1893, and the sewer is certified to this board, to be in good order, therefore,

Resolved, That the Clerk of this Board request the Common Council to authorize the Treasurer of the city of Rochester to pay to C. F. Pond, assignee of Weider & Voltz, contractors, for the East Main street stone sewer, ordinance No. 4,902, the sum of \$500, less \$2.80, amount due the Executive Board for filling depressions, being the amount retained by the city of Rochester as security given by said Weider & Voltz, for the repair and maintenance of said improvement for three months.

Adopted.

Pursuant to the terms of the above resolution, it is requested that you authorize the City Treasurer to refund to C. F. Pond, assignee of Weider & Voltz, the amount of money deposited as guaranty for the East Main street stone sewer.

Yours respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. McMillan—Resolved, That the City Treasurer be, and he hereby is directed to pay to C. F. Pond, assignee of Weider & Voltz, contractors, for East Main street stone sewer, ordinance No. 4,902, the sum of four hundred ninety-seven and 20-100 dollars, being the balance of amount retained by the city of Rochester as security given by said Weider & Voltz for the repair and maintenance of said sewer for three months, said period having expired on November 24, 1893, and the Executive Board having certified the same to be in good order.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis—17.

Ald. Lewis asked and received unanimous consent to introduce the following:

By Ald. Lewis—

AN ORDINANCE to prohibit, restrain and regulate all sports, exhibitions of natural or artificial curiosities, caravans of animals, theatrical exhibitions, circuses, or other public performances and exhibitions for money.

To the Honorable, the Common Council of the City of Rochester:

Section 1. No person, or company of persons, shall exhibit or perform for gain, or profit, any theatrical representation, exhibition or performance, in any unlicensed theater, hall or auditorium, or any paintings, animal or animals, or other natural or artificial curiosities, or any puppet show, wire or rope dance or any other show, acts or feats, which common showmen, mountebanks or jugglers usually practice or perform, in any such unlicensed theater, hall or auditorium under a penalty of fifty dollars (\$50) for each offense.

Section 2. No person, firm or corporation, being the owner or lessee of any theater, hall or auditorium, shall furnish or allow the same to be used for the purpose of such exhibition, representation or performance without having first obtained a license therefor as hereinafter provided, under a penalty of fifty dollars (\$50) for each offense.

Section 3. The mayor of the city of Rochester may from time to time grant and issue such licenses to such owners, occupants or lessees as he shall deem proper upon a written application and upon the payment by such owner, occupant or lessee to the city treasurer of the sum of one hundred dollars (\$100). Such written application therefor to be filed with the mayor and the notice of such filing shall be published in the official paper for at least three days before such license shall be granted.

Section 4. Every license issued under the provisions of this ordinance shall terminate and be inoperative on and after the first day of July next after the same shall have been granted, but no such license shall be construed to permit any theatrical exhibitions, representations or performances on the first day of the week commonly called Sunday.

Section 5. The mayor is further authorized and permitted to issue from time to time temporary licenses for the exhibition of circuses and menageries, upon the payment to the city treasurer of such sum as the said mayor shall direct, not to exceed the sum of one hundred dollars (\$100) per day.

Section 6. Any judgment of conviction of a violation of any of the aforesaid provisions shall operate as a revocation of any license granted under the provisions of this ordinance.

Section 7. All ordinances or parts of ordinances inconsistent with the foregoing ordinance are hereby repealed.

Section 8. This ordinance shall take effect immediately.

Adopted by the following vote:
Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis—17.
 Upon motion of Ald. Lewis, the Board then adjourned.

HENRY W. GREGG, City Clerk.

In Common Council—Dec. 26, 1893.

By Ald. Kelly—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—At a regular meeting of the Rochester Wheelmen's League, held at its headquarters No. 11 Durand Building, on December 11, 1893, the following resolutions were unanimously adopted, and the undersigned were appointed a committee to bring the same to the attention of your honorable body:

Resolved, That the Common Council be requested to so amend the bicycle ordinance, as to permit sidewalk riding on East avenue, east of Goodman street.

Resolved, That the Common Council be requested to suspend the operation of said ordinance in regard to riding on all streets paved with asphalt, brick, cedar block and Medina block, during the months of December, January and February.

Resolved, That the Common Council be requested to amend said ordinance, so that violations thereof may be punished by a fine "not less than \$5 nor more than \$25."

Taking the resolutions seriatim, the reasons for urging the amendments are as follows:

East avenue, east of Goodman street, is paved with macadam and when wet from rain or excessive sprinkling, is practically unridable. There are so few pedestrians using the walk in that section that the League is of the opinion that the permitting of sidewalk riding on that portion of East avenue, would prove scarcely any annoyance to the public.

The prevention of sidewalk riding on the sidewalks of the streets referred to in the second resolution, during the months when snow is prevalent, works to the disadvantage of many who use their wheels for business purposes, notably in the northern and western

sections of the city. Wheelmen living down Lake avenue and in that section, are precluded from using their wheels during the winter, as they have no possible way of coming up town, except on streets so paved. St. Paul street is a similar one in regard to this difficulty. There are so few wheels ridden in the winter that the suspension of that part of the ordinance would not be infringing the rights of the pedestrian to any extent.

In regard to the third resolution; many of the wheelmen think that the penalty as now fixed is too great. The idea was to deter the willful violators from violating the ordinance, not those who do so from inadvertence or ignorance. Therefore, it was considered wise that there should be a minimum, as well as a maximum, limit fixed to the penalty in order to give the police some latitude in imposing the fine.

More could be said in support of the resolutions, but this committee do not desire to occupy the valuable time of your honorable body to any greater extent than necessary.

Trusting that the prayer of the resolutions may be granted, we have the honor to be,
 Very respectfully,

JOSEPH WILLIAMSON,
 Chairman.

 Committee R. W. L.

And it is further determined that the taxpayers to be assessed for making the foregoing improvements must pay their assessments within thirty days from the first publication of the advertisement of the notice of the Assessment Roll by the City Treasurer.

And the Assessors of said city, if they are not interested in any of the property within the part or portion of the city deemed to be benefited, and directed to be assessed, as aforesaid, or if any two of said assessors are not so interested, then such two are hereby directed to make assessments upon all the lots and parcels of lands within the portions or parts of the city above designated and directed to be assessed, of the amounts of expenses of such improvements, respectively, in proportion, as nearly as may be, to the advantage which the said lots and parcels of land within the respective territories to be thus assessed for such improvements, shall be deemed to receive by the making of the respective improvements.

Adopted by the following vote:
 Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—18.

By the Clerk—Notices of claims of Mahlon D. Phillips and of Harrison A. Lym and Fannie G. Lym against the city of Rochester. Referred to Law Committee.

ACTION UPON ORDINANCES.

FINAL ORDINANCES.

By Ald. Zimmer—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or adoption or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7 P. M., at the Common Council chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Union and Advertiser notice thereof as so required and in the manner specified by section 172 of the city charter.

CITY CLERK'S OFFICE,
 ROCHESTER, N. Y., Dec. 26, 1893.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Agreeable to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published

daily for four secular days in the Democrat and Chronicle and the Union and Advertiser, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, Dec. 26, 1893, at 7 o'clock P. M., at the Common Council chamber, when allegations would be heard in reference to such improvement.

Respectfully,

HENRY W. GREGG, City Clerk.

Final ordinance for Court and William streets outlet sewer came up, and upon motion of Ald. Aikenhead, referred to City Attorney and Law Committee.

By Ald. H. G. Cook—Whereas, The bridge across the Erie canal at Griffith street, by long use, has become weak and unsafe, and is also inadequate to meet the increased traffic across it, the roadway being very narrow and there being no sidewalks, therefore

Resolved, That a new bridge having a roadway of twenty feet clear and with suitable sidewalks is needed, and further

Resolved, That a certified copy of this resolution and of the proposed bill hereto annexed, which is hereby approved, be transmitted to the senator and assemblyman from this district and that they be requested to urge the adoption of such bill by the Legislature.

AN ACT authorizing the construction of a wrought iron bridge over the Erie canal at Griffith street in the city of Rochester, and making an appropriation therefor.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The Superintendent of Public Works is hereby authorized to remove the iron bridge now spanning the Erie canal at Griffith street in the city of Rochester, and to erect in its place a wrought iron through truss bridge, having a width of roadway of twenty feet clear between trusses, with two suitable sidewalks each six feet in width and to make such additions to or changes in masonry abutments of said bridge as may be required.

Sec. 2. The work herein authorized shall be performed in accordance with plans and specifications to be furnished and approved by the State Engineer and Surveyor.

Sec. 3. The sum of eight thousand five hundred dollars, or so much thereof as may be necessary, is hereby appropriated for the purposes specified in this act out of any moneys in the treasury not otherwise appropriated, to be paid by the Treasurer upon the warrant of the Comptroller to the order of the Superintendent of Public Works.

Sec. 4. This act shall take effect immediately.

Upon motion of Ald. H. G. Cook, laid upon the table two weeks.

By Ald. Aikenhead—

CITY SURVEYOR'S OFFICE,
ROCHESTER, N. Y., Dec. 26, 1893.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—I hereby certify that John C. Ryan has furnished and set sixty (60) monuments, to mark street lines, under the resolution of your honorable body passed September 5, 1893, and is entitled to three hundred (\$300) dollars for the same. This makes a total of 170 monuments set under said resolution and payment for 110 has previously been made.

J. Y. MCCLINTOCK,
City Surveyor.

Ordered, received, filed and published.

By Ald. Aikenhead—Resolved, That the City Clerk be and hereby is directed to draw an order on the City Treasurer for the sum of three hundred (\$300) dollars in favor of John C. Ryan as partial payment for work performed under his contract with the city of Rochester, for setting two hundred monuments to mark street lines.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Callhan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer.—19,

By Ald. Simmelink—Petition of William Widow, with reference to an erroneous assessment. Referred to Assessment Committee.

By Ald. Lewis—Resolved, That the City Surveyor be and he is hereby requested to prepare an ordinance for the construction of an underground crossing of the N. Y. C. & H. R. R. at University avenue.

Adopted.

By Ald. Lewis—Resolved, That the Clerk draw an order upon the Treasurer, payable from the Contingent Fund, in favor of the following named party, and for the sum and purpose, viz: George L. Mattison for one hundred and twenty-six dollars, for serving notice of application for appointment of commissioners of appraisals, in the matter of the widening of German street, in the city of Rochester, under final ordinance, No. 5,225, and that the Treasurer pay said sum from the Contingent Fund, and charge and carry said sum to the fund for the widening of said street, when created.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Callhan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer.—19,

By Ald. Forsyth—

ROCHESTER, N. Y., Dec. 26, 1893.

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—At a meeting of the Board of Park Commissioners, held this day, I was directed to certify to your honorable body, that the work on the Seneca Park boulevard under ordinance No. 4,862, has been completed and accepted.

Respectfully yours,

ARTHUR R. SELDEN, Secretary.

Ordered received, filed and published.

Ald. Lewis moved that the Treasurer be directed to ascertain and report what moneys have been paid out on such improvement, to be collected by local assessment upon the territory abutting said boulevard. Carried.

By Ald. Forsyth—

To the Honorable, the Common Council of the City of Rochester :

Gentlemen:—I desire to call your honorable body's attention to the necessity of having additional investigators to the regular force in the office. I have had two investigators who were appointed at the beginning of the fiscal year to make investigations of the applications for assistance in the office. The recent hard times have so increased the number of applications that it becomes impossible for two investigators to do the necessary work to avoid imposition. As soon as cold weather set in the number of daily new applications increased to between forty and seventy. I could not possibly secure such an investigation by the regular force as to warrant an economic administration and at the suggestion of the chairman of the poor committee I assumed the responsibility of adding two additional men to the force of inspectors in the office during the period in which the increased number of calls are made upon the office. The two investigators who have temporarily served in the office have not been placed upon the pay roll and I would respectfully request that their names be temporarily placed thereon and their salary be fixed at \$60 per month.

All of which is respectfully submitted.

RICHARD GARDINER.

Overseer of the Poor.

Ordered received, filed and published.

By Ald. Forsyth—Resolved, That the appointment of Joseph Bouerbeau on the 20th of November last and that of Edward C. Englehardt on the 24th day of the same month as additional temporary investigators in the poor department of this city by the overseer of the poor be and the same are hereby in all things ratified and confirmed and each one's salary is hereby fixed at \$60 per month and the City Clerk is hereby directed to place upon the pay roll of the poor department the names of the aforesaid temporary investigators at the salary hereby fixed for the services actually rendered by them and that they remain until the temporary demands upon the office shall cease.

Adopted.

By Ald. Forsyth—Resolved, That the subject of the discontinuance of gas lights on Bartlett street, Frost avenue and vicinity be referred to the Lamp Committee and City Electrician.

Adopted.

Upon motion of Ald. Lewis the Board then adjourned.

HENRY W. GREGG, City Clerk.

In Common Council—Jan. 9, 1894.

REGULAR MEETING.

CITY TREASURER'S OFFICE,
ROCHESTER, N. Y., Jan. 9, 1894, }

To the Honorable, the Common Council:

Gentlemen:—I hereby certify that the Executive Board have notified me that the works or improvements authorized under ordinances hereinafter mentioned have been completed; that I have, pursuant to the provisions of the charter, ascertained the entire and aggregate expense of, and connected with the same respectively, including any interest that the city shall incur, or is entitled to for the use of its funds, and that the respective amounts thereof are as follows:

Ord. No.	Improvement.	Expense.
5,144.	Rowe street walk.....	\$2,206 74
	(three payments.)	

S. B. WILLIAMS, City Treasurer.

Ordered received, filed and published.

By Ald. Ashton—Whereas, The City Treasurer has ascertained and reported the entire and aggregate expense of and connected with the following improvement, including any and all interest that the city has paid or has or shall become liable to pay upon account of any and all orders or notes issued by the city to pay the expenses of such improvement adjusted by the Common Council as thus reported, and the respective portions or parts of the city on which the said expense is hereby directed to be assessed and which this Common Council deems to be benefited by the improvement, is as stated and described in the final ordinance relative to the

improvement, and that the name and expense of the improvement thus to be assessed is as follows, viz:

Ord. No.	Improvement.	Expense.
5,144.	Rowe street walk.....	\$2,206 74

And it is further determined that the taxpayers to be assessed for making the foregoing improvement

May pay their assessments in three equal payments as follows:

One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-third within one year from the confirmation of such roll; and the remaining one-third within two years from the confirmation of such roll. On all sums paid prior to the maturity of said last installment, a discount will be allowed at the rate of 6 per cent. per annum.

And the assessors of said city if they are not interested in any of the property within the part or portion of the city deemed to be benefited, and directed to be assessed as aforesaid, or if any two of said assessors, are not so interested, then such two are hereby directed to make assessment upon all the lots and parcels of land within the portion or parts of the city above designated and directed to be assessed, of the amounts of expenses of such improvement, in proportion as nearly as may be, to the advantage which the said lots and parcels of land within the territory to be thus assessed for such improvement shall be deemed to receive by the making of the improvement.

Adopted by the following vote:

A CONTRACT

Made this 12th day of December, 1893, between the Central Light & Power Company located and doing business in the city of Rochester, N. Y., of the first part, and the city of Rochester, a municipal corporation, of the second part, covenanting with each other to faithfully observe and perform each and every of the covenants which each agrees to perform by the terms of this contract hereinafter expressed. The party of the first part is designated herein for brevity as "said company" and the party of the second part as "said city."

Whereas, said company has been duly incorporated under and in pursuance of article six of chapter 566 of the laws of 1890, and the acts amendatory thereof, for the purpose of using electricity for light, heat or power, and to carry on the business of lighting by electricity, or using it for heat or power in the city of Rochester and in the streets, avenues, public parks, alleys and places thereof, and in public and private buildings therein; to generate and supply electricity for the purposes of such business and to make sell or lease all machines, instruments apparatus and other equipment thereof and to lay and construct suitable wires or other conductors with the necessary poles, pipes or other conductors in, over or under the streets, avenues, public parks and places in said city for conducting and distributing electricity with the consent of the municipal authorities therefore and in such a manner and with such reasonable regulations as they may prescribe; and

Whereas, The Common Council did by a resolution passed August 8, 1893, grant permission to said company to carry on its said business in said city and authorize the execution of this contract.

NOW, THEREFORE, THIS AGREEMENT
WITNESSETH:

First. Said city hereby grants to said company the right and said company hereby agrees to lay, erect and construct suitable wires or conductors with the necessary poles, pipes or other fixtures in, over or under the streets, avenues, public parks and places of said city for conducting and distributing electricity for the purposes of the corporation of said company, subject to the provisions, restrictions, conditions, rules and regulations hereinafter set forth, and subject to any future penal regulations, ordinances or resolutions which may be adopted by said Common Council.

Said company hereby agrees to lay, erect, construct, maintain and operate suitably wires or other conductors with the necessary connections, pipes or other fixtures for its business in a conduit or conduits built or to be built in the streets, avenues, public parks, places or alleys or other highways of said city in which conduit or conduits the city or said company has or may have the right to require space for such purposes or of which it has or may have control; and said company shall place, put in operation and maintain in such conduits all the wires supplying and furnishing an electric current to each and every lamp and motor on the streets and in the buildings upon which such conduit is constructed and maintained excepting, however, that said company shall have the right to erect poles and string wires on _____ street, east from the east line of Graves street and continue said wires to and along the rear of the buildings which front upon the south side of East Main street bridge, but no further. No conductors, wires, pipes, poles or fixtures shall without the special consent of the Common Council be placed or when placed shall be continued in use on, upon or above any street, avenue, public park, place, alley or other highway in said city where there now exists or shall hereafter exist a conduit or subway fitted for the conduct of electricity by said company and in which said company shall have the opportunity to acquire a right to conduct electricity. It being expressly agreed by said company that the city and its officers shall have the right and power to remove such conductors, wires, pipes, poles or fixtures, after the expiration of sixty days from the date of service of a notice in writing upon said company to remove the same. It also being the design of said city to permit no overhead wires to be constructed or maintained after the construction of the subways or conduits designed and suited for and doing the same services as is done by means of overhead wires. Except with the special permission of said Common Council said company shall not have the right to erect or maintain poles on the streets or other highways already containing poles upon which said company has the opportunity to secure the right to place conductors, wires or other fixtures thereon. Said company shall have the right to place and operate its wires, conductors or other fixtures on poles existing or which may hereafter exist in the highways of said city belonging to other companies on complying with the terms and conditions of the contracts made by the city with such companies. All poles which may be erected by said company shall be of such kind and dimensions and shall be erected in such manner as may be directed by the Electrical Committee of the said Common Council and shall be subject to the right of all other companies in said city whose business requires the use of electric wires to operate wires upon such poles upon such terms as to compensation, use, responsibility and conditions of removal as may be fixed by said

Electrical Committee in case of the inability of said company and the company applying for the use of said poles to agree on terms. And by complying with the terms so agreed upon with said company or so fixed by said Electrical Committee such company so applying for the use of such poles shall forthwith have the right to use and operate such poles. Said city shall have the free use of all conduits, pipes or poles, built or erected or to be built or erected by said company for all wires, conductors, fixtures and connections necessary for municipal purposes. Before disturbing the pavement of any street, avenue, public park, place, alley or other highway for the erection of any pole or poles or the stringing of any wires or other conductors or the construction of any conduits or pipes said company shall execute and deliver to the city of Rochester a bond, the form and conditions to be approved of by the City Attorney and the City Electrician in the penal sum of twenty thousand dollars with sufficient sureties to be approved of by the Mayor, conditioned that said company whenever it may disturb the pavement of such streets, avenues, parks, alleys, places or other highways shall restore the same to as good a condition as the same were found and said company shall pay the necessary cost of any inspector or inspectors for such work to be appointed by the Executive Board. Said company shall and will at all times indemnify and save harmless said city from all damages and liabilities on account of any excavation or obstruction that may be made by said company in said streets, avenues, parks, places, alleys or other highways from any damage to persons or property caused by the poles, pipes, wires, conductors, or currents of said company or the use of the same and from all and any damage caused by said pipes, poles, wires, conductors or currents have been or to be erected on private property. In the event of the failure of said company to complete within nine months the construction of this contract the Common Council shall have the power to revoke this contract and the grant given by such resolution and said company shall forthwith upon such revocation take down and remove all conduits, pipes, poles, conductors, wires and fixtures therefore erected by it. Said company shall not have the right to place any poles or overhead wires or fixtures on State and Exchange streets from the Erie canal to Allen street; on Main street, from Plymouth avenue to University avenue, and on North and South St. Paul streets, from Court street to Andrews street. Said company will at its own expense construct a conduit or conduits in Graves and Aqueduct streets of said city as may be designated by the Common Council whenever the said company shall enter upon said streets and such conduit to be built under the direction of Common Council, and in addition to the inspector or inspectors to be appointed by the Executive Board hereinbefore provided for, said company shall pay the necessary cost of an inspector to be appointed by the Electrical Committee. Said company shall also have the right of building such additional conduit or conduits in such public streets, avenues, alleys or public places as may be hereafter designated and determined by the Common Council. The successors and assigns of the parties hereto are bound by this contract.

In witness whereof the parties hereto have caused their respective corporate seals to be hereunto affixed and these presents to be signed by their respective officer the day and year first above written.

To the Honorable, the Common Council of the City
of Rochester:

Gentlemen:—The following resolutions were unanimously adopted by C. A. Glidden Camp, Sons of Veterans, and endorsed by the undersigned Grand Army Posts and other loyal organizations and citizens of the city of Rochester:

Whereas, We view with regret the seemingly unpatriotic feeling of the municipality of the city of Rochester, therefore be it

Resolved, That we, the members of C. A. Glidden Camp, Sons of Veterans, do hereby petition the Common Council of this city to appropriate a sufficient sum of money to purchase an American flag, (the Stars and Stripes) and flag staff, and be it further

Resolved, That the aforesaid Common Council cause to be placed upon the tower of the city hall a flag staff, and that the flag shall be raised every morning at sunrise and lowered every night at sunset, and be it further

Resolved, That we, C. A. Glidden Camp, Sons of Veterans, call on the Grand Army of the Republic, the Union Veterans' Union and all the loyal organizations to help us attain this end.

The foregoing resolutions are endorsed by C. J. Powers Post, 391, G. A. R., Sam. McAniff, commander C. J. Powers Post, No. 391 G. A. R.; A. B. Williams, adjutant.

A. G. Mack, commander Mack's Battery; Wm. Whitley, secretary Mack's Battery.

REPORTS OF STANDING COMMITTEES.

By Ald. H. G. Cook—

ROCHESTER, N. Y., Jan. 9, 1894.

To the Honorable, the Common Council of the City
of Rochester:

Gentlemen:—Your Assessment Committee begs leave to report as follows:

In the matter of the petition of St. John's Protestant Episcopal Church and the North M. E. Church asking for a correction of an assessment against parsonage property, we recommend that the same be denied.

In the matter of the petition of T. B. Dempsey, praying that the assessment against his property for the Monroe avenue outlet sewer, amounting to \$7.70, be canceled, we recommend after an examination of the facts that the petition be denied.

In the matter of the petition of Peter Sheridan praying for a rebate of interest on the unpaid taxes for 1887 against parts of lots 126 and 127 situated on the east side of Sophia street in the 100-Acre Tract, we recommend that the petition be denied.

In the matter of the petition of Peter Weber and wife praying for a refund of an assessment paid for Clifford street outlet sewer, under assessment No. 2,225, against his property, being lot No. 13 on the west side of Hudson street, we recommend that the petition be denied.

In the matter of the petition of Jacob Brown, praying for a refund of the moneys paid towards an assessment against his property on the west side of Hudson street for the Clifford street outlet sewer, we recommend that the same be denied.

In the matter of the petition of Andrew A. Shearer, asking to have canceled an assessment against his property situated on the corner of Flora and Ethel streets for the Flora street pipe sewer, under ordinance No. 5,150, on the ground that he was assessed for the pipe sewer in Ethel street in 1891, we find that the petitioner is erroneously charged with the expense of the construction for the Flora street pipe sewer and therefore recommend that the assessment of \$46.17, for said Flora street pipe sewer against the petitioner's property be canceled.

In the matter of the petition of Stephen Rogers praying for a correction of an assessment for Church street opening, we find that the petitioner is erroneously assessed in the sum of \$40 and recommend that that amount be credited on his assessment.

In the matter of the petition of Sarah C. Skinner, we find that the City Treasurer in computing the interest under the resolution adopted by this Council, October 2, 1893, computed the same upon the basis of the old and erroneous assessment instead upon the corrected amount, and we recommend therefore that \$1.66 interest as erroneously charged and paid be refunded.

In the matter of the petition of George Meyer praying to have refunded certain interest paid by him upon the unpaid taxes against the south part of lot H on the east side of Colvin street on the ground that the City Treasurer's office made a mistake in omitting said lot from his tax bill, we recommend that the petition be denied.

In the matter of the Oakman street Medina stone pavement, under final ordinance, No. 5,129, for which an assessment roll was prepared upon a five-payment basis, we find that the contract for said improvement provided for the payment of the expense thereof to the contractors in three payments and for this and other reasons we deem it advisable to recommend that a new roll be prepared upon the three-payment basis.

In the matter of the Bronson avenue bridge

assessment your committee has heard the arguments of the counsel for the W. N. Y. & P. R. R., and after a consideration of the objections raised to the roll, we can see no reason why it should not be confirmed, and therefore recommend such confirmation.

All of which is respectfully submitted,

CITY TREASURER'S OFFICE,
ROCHESTER, N. Y., Jan. 9, 1894.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—I hereby certify that the Executive Board have notified me that the works or improvements authorized under ordinances hereinafter mentioned have been completed; that I have, pursuant to the provisions of the charter, ascertained the entire and aggregate expense of, and connected with the same respectively, including any interest that the city shall incur, or is entitled to for the use of its funds, and that the respective amounts thereof are as follows:

Ord. No.	Improvement.	Expense.
5,129.	Oakman st. Medina pavement.	\$15,442 70
	(three payments.)	

S. B. WILLIAMS, City Treasurer

Ordered received, filed and published.

By Ald. H. G. Cook—Whereas, The City Treasurer has ascertained and reported the entire and aggregate expense of and connected with the following improvement, including any and all interest that the city has paid or has or shall become liable to pay on account of any and all orders or notes issued by the city to pay the expenses of such improvement adjusted by the Common Council as thus reported, and the respective portions or parts of the city on which the said expense is hereby directed to be assessed and which by the improvement, is as stated and described in the final ordinance relative to the improvement, and that the name and expense of the improvement thus to be assessed is as follows, viz:

Ord. No.	Improvement.	Expense.
5,129.	Oakman st. Medina pavement.	\$15,442 70

And it is further determined that the taxpayers to be assessed for making the said improvements,

May pay their assessments in three equal payments, as follows:

One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-third within one year from the confirmation of such roll. And the remaining one-third within two years from the confirmation of such roll. On all sums paid prior to the maturity of said last installment a discount will be allowed at the rate of six per cent. per annum.

And the Assessors of said city, if they are not interested in any of the property within the part or portion of the city deemed to be

benefited, and directed to be assessed, as aforesaid, or if any two of said assessors are not so interested, then such two are hereby directed to make assessment upon all the lots and parcels of lands within the portions or parts of the city above designated and directed to be assessed, of the amounts of expenses of such improvement, in proportion as nearly as may be, to the advantage which the said lots and parcels of land within the territory to be thus assessed for such improvement shall be deemed to receive by the making of the improvement.

Adopted by the following vote:
 Ayes—Ald. Tracy, McMillan, Calihan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—18.

By Ald. McMillan—

ROCHESTER, N. Y., Jan. 9, 1894.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your finance committee begs leave to make the following report upon the matter of furnishing employment to the large number of unemployed in the city, as requested by the petition presented at the last meeting of your honorable body, and very numerously signed.

Your committee has given public hearing to all persons desiring to be heard. A committee of the Young Men's Christian Association appeared and recommended the appropriation by the Common Council of a sum of money to enable the employment of laborers for the purpose of breaking stone, to be hereafter used on the public streets. This project has been earnestly advocated by a large number of people, but upon consultation with the Executive Board, it is learned that comparative small quantities of broken stones are now used by the city in making repairs. Last year the total amount used was but about eighteen hundred cubic yards, and inasmuch as it has been the policy of the city for several years to discourage the construction of McAdam roadways, in which crushed stone is one of the principal materials used, it has now become necessary to use crushed stone only for the purpose of repairs upon such McAdam roadways as now exist. It may be that the Executive Board can profitably employ some labor in breaking stones, but it will of necessity, engage the time of but few men for a short period.

Your committee has also listened to the propositions of the Board of Park Commissioners, in which they suggest that labor can be employed as well during the present winter months as at any time later. Among other things, they propose that a large sheep shed be erected in the South, or Genesee Valley park, at a cost of about one thousand dollars. They have on hand, as appears from their statement, all the material necessary for the construction of such a shed, and lack only the money to pay for the necessary labor in erecting it. They also propose to use some money in building other small structures which they need in the park, and the cost of which will not be great. They also suggest that some money can be profitably expended in widening, grading and graveling the roadway in Elmwood avenue, from the Western New York and Pennsylvania railroad crossing to the Elmwood avenue bridge. Elmwood avenue, at this point, is bounded on both sides by land owned by the city. The ordinary method of doing this work would be by ordinance and contract, and to be paid for by local assessment; but in view of the

fact that the city owns all the land which would be locally assessed, it is believed that a saving would be effected by doing the work directly, inasmuch as the assessment would have to be collected by the city from the city through the general tax levy for the coming fiscal year. The same condition of things exists on lower North St. Paul street. It is probable that several hundred men can be employed profitably in the construction of the buildings, and the grading, improving and graveling of these roadways. But the Park Commissioners are out of funds with which to meet the expense, and have requested that for the purpose of paying for this work, the Council authorize the Treasurer to advance moneys therefor.

Your committee is met with the provisions of the "Park Act," which provides that not more than \$20,000 shall be expended in any one year for improving and caring for the public parks, and as that sum has already been exhausted, it will be necessary to secure from the Legislature authority to grant an additional amount.

An enabling act has, therefore, been prepared for the approval of the Council and submission to the Legislature, by the terms of which the Council is authorized to place to the credit of the Park Commissioners the sum of \$10,000, for doing the work hereinbefore set forth. If this money should be granted to the park commissioners, it will be granted with the express understanding and upon the express assurance from the park commissioners that it shall be used exclusively for the employment of labor, and it shall be so expended as to give employment to the greatest number possible. Your committee submits herewith a copy of the proposed enabling act, with a recommendation that it be approved by your Honorable Body without delay, and that the senator and assemblymen from this district be requested to hasten its passage by the Legislature.

Your committee has also decided to submit at this time an amendment to section 170 of the city charter, for the purpose of carrying into effect the recommendation heretofore made by your committee in relation to the separation of the Local Improvement Fund from the general fund of the city. This amendment has been carefully considered by your committee, and prepared by the City Attorney, under its direction, and it is believed that its adoption will prove of the utmost advantage to the city's financial interests.

Other proposed enabling acts are herewith submitted, at the request of the Board of Education, for the purpose of placing to the credit of that Board, sufficient moneys to enable them to continue the maintenance of the school through the balance of the school year. Your committee has given careful attention to every detail of these bills, and it is thought that the moneys therein proposed to be provided will be sufficient to maintain the school system for the balance of the school year, and leave the Board of Education at that time free from debt.

Your committee, therefore, recommends that these several bills be approved by the Council, and that the senator and assemblymen from this district be requested to secure their early passage by the Legislature.

In meeting of Board of Education.

Com. Durand submitted the following:

Gentlemen:—Your special committee heretofore appointed to confer with a committee of the Common Council, do report that they had a conference with the finance committee of the Council on Tuesday last, at which time they presented in detail to them the present condition of the finances of this board.

Your committee first called attention to the condition of the fund for the payment of teachers' salaries. There is now about \$4,000 in that fund after the payment of salaries for the first half of December. There will be no moneys available for this fund until the state appropriation is received in February, which it is expected, will amount to \$77,000 or \$78,000. There are three months and a half to be provided for and, taking the November budget as a basis, the total amount required will be \$102,000 to carry this fund over to the commencement of the new fiscal year, beginning April 1st. Allowing for the amount on hand and the amount to be received from the state, there will remain a shortage of \$22,000 or \$23,000 to be provided for. Unless immediate relief is given, no further payments can be made to the teachers until the state money becomes available, some time in February next.

This condition of affairs was foreseen and announced at the time the annual appropriation was made in the spring. The amount appropriated by the Council for teachers' salaries was \$182,500, which, with the amount on hand at the end of last year, after the payment of the March budget (\$7,483.68) and the amount to be received from the state, made the total amount available \$266,983.68. It was known that the amount expended last year for teachers' salaries was \$274,625.74, and that a larger amount would be required this year, with large additions to the school buildings and an increased enrollment of nearly 900 pupils. A deficiency in the fund of \$23,000 was then figured out and it is about this amount that we now ask for.

It is, of course, well known by this board that the Common Council was limited by the provisions of the city charter in the amount of money that they could appropriate for this fund and for the contingent expenses of the schools to the sum of \$14 per capita of the number of pupils enrolled in the schools. The same reason required also the cutting down of the estimates submitted by the committees of this board having in charge expenditures from the contingent fund, about \$30,000. This has left the funds of several of those committees in a crippled condition. The chairmen of those committees appeared before the finance committee of the Council with this committee and made known to them their wants, as follows:

The Fuel and Fire Fixtures Committee asked an additional appropriation of \$6,000. The committee received last year \$31,345.35, while its appropriation this year was \$24,912.

The Supply Committee asked for \$8,000 additional, which will make the appropriation this year \$725 less than the amount received last year.

The Printing and Text Book Committees asked for \$1,000 and \$800, respectively.

The Finance Committee asked that the sum of \$3,027.62 be placed in the miscellaneous fund or the repair fund for the purpose of paying the rent of annexes for the balance of the year.

The foregoing amounts aggregate \$41,827.62, and seem to be actually required to conduct

the schools for the remainder of the fiscal year.

There was some discussion also with the Council committee in regard to the proposed increase of the salaries of the assistant teachers. While it was generally conceded that this was an inopportune time to bring this subject up, on account of the great depression in the business world, yet this board is so thoroughly committed in favor of such increase and has so often assured the teachers that the subject would be presented by it to the Council at this time, that it would seem like a breach of good faith on our part not to speak most earnestly in their behalf. When the subject was under discussion last spring, public opinion was clearly on the side of the teachers in their demand for a more adequate compensation. It was then shown that their salaries were much smaller than those paid in other cities and that they were the poorest paid of any of our city's employes. While conditions have materially changed since then, it is not right that a plea of hard times should be permitted to relegate this subject to the indefinite future. Now, at least, is the time to procure the necessary legislation on the subject in order that no legal obstacles shall stand in the way of future action. But we are in favor of making a start at this time and renew the conservative recommendation made by the Finance Committee of this board in the spring to increase the salaries of those who have taught over ten years \$10 per month, and of those who have taught five years and less than ten years \$5 per month, making their salaries \$55 and \$50 per month, respectively. The amount necessary for this purpose for the three months commencing January 2nd, is about \$6,000.

In order to make this increase effective hereafter an amendment to subdivision 6 of section 129 of the city charter is necessary. By that subdivision the amount that can be raised for teachers' wages and contingent expenses is limited to not more than fourteen dollars per capita, based on the average number of resident pupils enrolled in the several public schools of the city. This amount is insufficient even to pay the present salaries and defray the contingent expenses of the schools. Appropriations in excess of \$14 per capita have been made for the past three years. While the sum of \$14 per capita would, perhaps, be sufficient if the city was stationary in population and all the school buildings were in a finished state, the rapid growth since 1882, when this provision of the charter was adopted, has required the erection of many new buildings in all parts of the city, and the remodeling of old ones to make them conform to modern ideas of what a school building should be. The demands upon the Supply and Fuel and Fire Fixtures funds to furnish these new buildings, and to equip the old buildings with modern heating and ventilating apparatus, in place of stoves, have been very great and account in large part for the increase in the contingent fund expenses. The change in the method of heating from stoves to steam, or other systems, requires more skill and work upon the part of janitors, and their pay has been increased in proportion. When the above provision was adopted in 1882, but four of the school buildings were heated by steam. At the present time twenty-eight of the thirty-four school buildings are heated and ventilated by steam or other improved methods.

It has been suggested that the teachers' fund be entirely separated from the contingent fund in the amended section. Under this present provision of the charter, the moneys for these funds when placed to the

credit of this board are entirely distinct and cannot be mingled by us, but the proposed amendment would provide against the possibility of the requirements for one fund being so great as to cause the cutting down of the other, and would leave more liberty of action to the Common Council in making the annual appropriations. We would favor the removal of all limitations in this section, as has been done in other cities, and in respect to most other departments of the city government, and the granting to the council of power to raise such sums as in their opinion are necessary upon the requisition of this board, but the limitations in the present provision have stood so long that it would probably be injudicious to ask for so radical a change. This amendment, which we recommend, therefore consists in separating the two funds and placing the limitation on this amount to be raised for teachers' wages at \$14 per capita. We also recommend that the Repair fund be relieved from the payment of the rents of annexes. There seems to be no good reason why that fund should be burdened with this provision, as it has been demonstrated that the sum of \$15,000 is none too large to keep our thirty-four school buildings in proper repairs.

This board, at the beginning of the present fiscal year, was confronted with the unpaid bills of previous boards, amounting to between \$21,000 and \$22,000. A number of these bills, amounting to several thousand dollars, are open to serious objections on account of violations of the charter and rules of the board in contracting them and overcharges in some of the bills, and have heretofore been refused audit by this board. The chairman of the Finance Committee informs us that \$14,387.92 of the above amount represent bills about which there is no question, distributed among the various committees as follows:

Fuel and Fire Fixtures Fund.....	\$11,510 78
Building Fund	653 17
Printing Fund	86 11
Library Fund	30 14
Supply Fund	242 84
Miscellaneous Fund	26 40
Repair Fund	1,838 48
	<hr/>
	\$14,387 92

The board of 1892-3 is not entirely responsible for this state of affairs. Each board since 1885 has left to its successor a legacy of unpaid bills, generally increasing in amount from year to year. The board of 1892-3 paid such bills to the amount of \$22,665.21, but this year, on account of the cutting down of the funds as hereinbefore stated and the opinion of the City Attorney that this board had no authority to pay bills contracted by its predecessors, these bills have remained unpaid and, in the opinion of your committee, it will require special legislation before any money can be appropriated by the Council for their payment. Most of them represent actual labor performed and materials furnished for the benefit of the city, and just demands that all honest claimants, many of whom dealt with the board in ignorance of the charter provision, should be paid. As to the bills about which question has arisen, the enabling act, in our opinion, should give power to the Council to provide money for the payment of such sums as shall be found justly owing upon them after being subjected to a rigid scrutiny by this board and the City Auditor.

We therefore recommend and urge that the representatives of the city in the legislature be requested to procure the passage of two enabling acts and an amendment to the city charter, as follows:

AN ACT to authorize the Common Council of the city of Rochester to raise money to provide for deficiencies in the funds for the support of the public schools of said city.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The Common Council of the city of Rochester is hereby authorized and empowered to raise, in addition to the amount heretofore raised by taxes, not exceeding the sum of thirty-six thousand dollars to pay teachers' wages and contingent expenses, of the public schools and of the Board of Education of said city and the sum of three thousand dollars to be credited to the Repair Fund of said Board, for the purpose of paying certain bills for rents to and including the thirty-first day of March, eighteen hundred and ninety-four, and for that purpose may issue the note or notes or other obligation of said city. Said amount shall be placed to the credit of said Board of Education, and shall be used for no other purposes than as specified in this section.

Section 2. Said amount of not exceeding thirty-nine thousand dollars shall be assessed and collected together with the other general city taxes for the next ensuing year.

Section 3. This act shall take effect immediately.

AN ACT to authorize the Common Council of the city of Rochester, to raise money to pay certain claims against the Board of Education of said city.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The Common Council of the city of Rochester is hereby authorized and empowered to raise, by issuing the note or notes or other obligation of said city, not exceeding the sum of thirteen thousand dollars, to pay all outstanding claims against the Board of Education of said city which are payable from the Contingent Fund of said Board, and the sum of two thousand five hundred dollars to pay outstanding claims against said Board which are payable from the Repair Fund of said Board, which were unpaid at the commencement of the current fiscal year, when said claims, or any of them, shall be audited by the Auditor of said city, and approved by said Board of Education, as in the case of other claims against said Board, but no such claim shall be rejected by said Auditor or said Board because the same was ordered or contracted in violation of the charter of said city, or the rules and regulations of said Board of Education, provided it shall appear that the items of said claims were actually furnished to and used by said Board of Education. Said amount, or so much thereof as shall be found necessary, shall be placed to the credit of said Board of Education and shall be used for no other purposes than as specified in this section.

Section 2. Said amount of not exceeding fifteen thousand five hundred dollars shall be assessed and collected together with the other general city taxes for the next ensuing fiscal year.

Section 3. This act shall take effect immediately.

AN ACT to amend chapter one hundred and forty-three of the laws of eighteen hundred and sixty-one, entitled, "An act to amend and consolidate the several acts in relation to the charter of the city of Rochester," as amended and established by chapter fourteen, laws of eighteen hundred and eighty, and the several acts amendatory thereof and supplementary thereto.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Sub-division six of section one hundred and twenty-nine of the charter of the city of Rochester, as amended and established by chapter fourteen of the laws of eighteen hundred and eighty, entitled "An act to further amend chapter one hundred and forty-three of the laws of eighteen hundred and sixty-one, entitled 'An act to amend and consolidate the several acts in relation to the charter of the city of Rochester,' and to consolidate therewith the several acts in relation to the charter of said city," is hereby amended so as to read as follows:

6. The amount to be raised for teachers' wages in any one year shall not be less than six dollars, nor more than fourteen dollars per capita, based on the average number of resident pupils registered but once, in the several public schools of said city, for the school year ending on the first day of May next preceding the levying of the general city taxes in each year. A sworn statement of such number of pupils so enrolled shall be made by the superintendent of schools, according to the verified monthly reports of the principals of said schools. Nor shall the amount to be raised in any one year to alter, improve and repair school houses and their out-houses and appurtenances, exceed fifteen thousand dollars, or to purchase and improve sites, and to build or enlarge school houses, exceed fifty thousand dollars, or for library purposes, exceed three thousand dollars; and the Common Council of said city is authorized and directed, when necessary, to raise by loan, in anticipation of the taxes, the amount to be raised, collected and levied as aforesaid.

Sec. 2. This act shall take effect immediately.

Therefore, Resolved, That the recommendations contained in the foregoing report be, and the same hereby are, adopted, and that the clerk of this board transmit a certified copy thereof to the Common Council.

ROCHESTER PARK COMMISSION, {
Monday, January 8, 1893. {

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—At a special meeting of the Board of Park Commissioners held on January 2d, called for the purpose of devising ways and means for employing immediately on the parks, men in need of work, the following resolution was unanimously adopted:

Resolved, That the superintendent report at once such work as he regards practicable on the parks and approaches thereto.

That the Executive Board be and is hereby requested to improve the streets and approaches to the parks. And also that the Common Council are hereby requested to procure the passage of an act, enabling the Council to appropriate such sums as they may think proper to enable this commission to erect buildings, and make such other improvements as the weather may permit.

The undersigned were appointed a committee to present this to your honorable body, and urge that the city authorities do such work as would properly come under their jurisdiction, and that they furnish such money to the commissioners as may be necessary to carry on the work within the parks.

We attach hereto a statement of our engineer, giving in detail such work as is deemed necessary and that can be carried on during the winter and early spring. All this work will eventually have to be done and paid for by the city.

We wish the city authorities to widen, fill in and grade Elmwood avenue from the bridge over the river, west, to the Western New York & Pennsylvania Railroad crossing. This portion of the avenue is entirely within the park, is now in a dangerous condition, entirely too narrow and inadequate for the comfort and safety of the crowds frequenting the parks. When athletic and ball games are in progress it is blocked with vehicles so as to make it almost impassable.

We would also recommend that they grade and put in proper condition that portion of North St. Paul street, north of the Ridge road as far as the proposed new crossing of the Rome, Watertown & Ogdensburg Railroad, which it is intended to use as a park road, and also the new road directly east, the land for which has been purchased and which the city must put in proper condition before it can close the present St. Paul street for heavy teaming.

We also recommend that a proper entrance and roadway be made from South avenue to Highland Park.

The money allowed to the commissioners for the current year is about exhausted. We employ but one man on each of the parks, which is necessary in order to properly guard and protect the city property—one of the men is required in addition thereto, to look after the flock of 250 sheep, and another one, who is a practical carpenter, is engaged in making tables, benches, and seats for the use of the public in the parks the coming season. The employment of three additional men at \$1.50 per day from April 1st to July 1st, will absorb all our funds and leave a small deficiency.

In regard to the proposed work thought practicable and desirable within the parks, we refer you to the accompanying report of the engineer.

In order to furnish money to do this work the Board has directed the City Attorney to draw up an act to be sent at once to the Legislature, enabling the Common Council to put at the disposal of the commissioners such funds as the Council may deem sufficient and proper to carry on the work specified, and we request you to urge its immediate passage.

We herewith attach a draft of the proposed act.

We would add that substantially every cent of the money advanced will be used for labor, for the employment of carpenters, masons and other skilled workmen, as well as teamster and day laborers.

Respectfully submitted,

W. C. BARRY,
H. F. HUNTINGTON,
JAMES H. BROWN.

AN ACT to authorize the Common Council of the city of Rochester to raise money for the temporary and immediate wants and necessities of the Board of Park Commissioners of said city.

The People of the State of New York represented in Senate and Assembly, do enact as follows:

Section 1. The Common Council of the city of Rochester is hereby authorized and empowered to appropriate to the use of the Park Commissioners a sum not to exceed ten thousand dollars in addition to the moneys appropriated for the fiscal year for 1893 as provided by law for the purpose of relieving the immediate necessities and wants of said board, and said Common Council is hereby

authorized and empowered to borrow such amount appropriated as provided by the city charter and levy a tax therefor in the general tax levy for the year 1894.

Sec. 2. This act shall take effect immediately.

Ordered received, filed and published.

Ald. McMillan asked and received unanimous consent to introduce the following:

By Ald. McMillan—Resolved, That this Common Council hereby approves of the proposed enabling act, authorizing the appropriation of the sum of ten thousand dollars, to be used by the Park Commissioners, in improving and caring for the parks, and erecting building therein, and that the senator and assemblymen from this district, be, and they are hereby requested to introduce the same, and urge its immediate passage by the Legislature.

Adopted.

By Ald. McMillan—Resolved, That this Council hereby approves the proposed amendment to section 170 of the city charter, and such other amendments as are thereto annexed, and requests the senator and assemblymen from this district to introduce the same, and secure their early adoption by the Legislature.

Upon motion of Ald. McMillan, laid upon the table two weeks.

By Ald. McMillan—Resolved, That the accompanying enabling acts, for the benefit of the Board of Education, be, and the same are hereby approved, and that the senator and assemblymen from this district, be, and they are requested to introduce the same, and secure their early passage by the Legislature.

Adopted.

By Ald. McMillan—Resolved, That the Clerk of this Board certify the foregoing proposed amendments and enabling acts, together with copies of the foregoing resolutions, to the Honorable, the Senator and Assemblymen from this district, at once.

Adopted.

ROCHESTER, N. Y., Jan. 9, 1894.

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—Your Lamp and Electric Committee to which was referred the matter of lighting Main and State streets from the underground conduit systems would respectfully submit the following report:

That Main street should be lighted by the new system as soon as possible so that the wires and poles can be removed. That State street should be lighted the same as Main street in the next fiscal year. Your committee has agreed upon a style of pole with double lights practically the same as the one erected on the corner of Main and St. Paul streets, except that the pole adopted by your committee will be one foot higher. Your committee would recommend its adoption by your honorable Board as the standard pole to be used on all streets where the electric light wires are underground.

After conference with the Rochester Gas & Electric Co., your committee are able to submit the following propositions which we believe is a fair and reasonable one in which the interests of the city are well taken care of. The Rochester Gas & Electric Co. agree to make a contract to light Main and State streets with double incandescent arc lights, to furnish and set the necessary poles and furnish light for 40 cents per double incandescent arc light per night, poles to be of the kind and pattern approved by the Lamp and Electric Committee and to be and remain the property of the Rochester Gas & Electric Co., except in case the city lights the streets on which these poles are set by its own plant or

by contract with some other company or corporation in which case poles to be sold to city or other company or corporation at cost price of poles including setting; lamps to be and remain the property of the Rochester Gas & Electric Company.

The energy to be consumed in such double arc lights to be not less than 340 watts for each single lamp with carbon and length of arc to be approved by the City Electrician. The kind of lamp and globe to be used to be approved by the Lamp and Electric Committee. Contracts to expire at same date as contract now in force between the city and said company for lighting the streets of the city.

Your committee is able to submit the above price and conditions after several conferences with the Rochester Gas & Electric Company and is of the opinion that 40 cents per pole of two lights per night is a very favorable price for the city taking the price paid for arc lights, 25 cents per night, as a basis. Main and State streets are at present very poorly lighted. We are largely depending on the store lights to light the streets, which makes the streets very dark when the store lights are out on Sunday and holiday nights. Your committee have located as few lights as possible to properly light the streets and find that 26 double lights are necessary to light Main street which makes an increase of \$6.15 per night for lighting this street; and your committee is of the opinion that after the change is made and the street lighted with these lamps and all the poles and wires are removed, the citizens will agree with your Honorable Board that the additional money was well expended.

All of which is respectfully submitted.

By Ald. Dewey—Resolved, That the chairman of the Lamp and Electric Committee, the City Attorney and the City Electrician, be and they are hereby directed to prepare a contract with the Rochester Gas & Electric Company for the lighting of Main street with the necessary double incandescent arc lights. The company to furnish and set the necessary poles, of the pattern approved of by the Lamp and Electric Committee. The poles to be and to remain the property of the Rochester Gas & Electric Company, provided, however, that they shall at any time be sold to the city, or any company or corporation, that the city may contract with to light the streets on which these poles are located; in which case they are to be sold at cost price including expense of setting. Globes to be of the kind and material to be approved by the Lamp and Electric Committee. The lamps to give the candle power produced by consuming not less than 340 watts of energy in each single lamp with proper carbon and length of arc. The price to be paid, 40 cents per night for two incandescent arc lights on one pole. Any additional lights ordered by the Common Council on Main street or any other street where a conduit is laid or may be laid to be furnished at the same price and condition as the lights on Main street. Contract to expire on same date as contract now in force for lighting the streets of the city.

That the Mayor be and he hereby is authorized and directed to execute such contract.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your law committee begs leave to submit the following report:

In the matter of the claim of John W. Schrader, under contract with the city of Rochester, there appears to be due on November 21, 1893, the sum of \$50, providing he continued to be a tenant upon the premises in question; we recommend that the same be paid, only upon the certificate of the City Attorney to the fact that he has been a tenant during the year ending November 21, 1893.

There was due on November 21, 1893, the sum of \$150 to Micajah W. Jackson, upon his contract with the city for damages for sewer pollution, and we recommend that the resolution be adopted directing the City Clerk to pay the same.

There was also due on June 1, 1893, the sum of \$150 to Hanna F. Brown, upon the contract with the city for sewer pollution, and we recommend that the resolution be adopted directing the City Clerk to pay the same.

In the matter of the claim of William Richards, for damages for sewer pollution referred to this committee, we reported that we could not agree with said Richards upon the amount for his damages and refused to pay the same unless the amount be adjusted by a sheriff's jury in an action brought for that purpose. This action was brought, and a sheriff's jury has rendered a verdict in favor of Richards for his damages upon which a judgment was entered December 26, 1893, for the sum of \$541 damages and \$37.94 costs, amounting in all to \$578.94, and we recommend that this amount be paid upon the certificate of the City Attorney that proper papers have been filed in his office to said Richards, or his attorney in the case.

In the matter of the claims of Michael Mullqueen, Matthew Colvin, Anthony Knope, Owen O'Neil, Martin Meyer, Philip Jurn and James W. Casey for extra services as bridge tenders for the several canal bridges of the city, we recommend, upon the advice of the City Attorney, that the same be denied.

In the matter of the application for appointment as commissioners of deeds, we recommend the following named persons be granted: George J. Bender, Richard H. Dukelow, John H. Dailey, Fahy Galligan, George F. Hall, Minnie L. Sherman and William G. Watson.

John W. Schrader, Nov. 21, 1893, \$ 50 00
M. W. Jackson, Nov. 21, 1893, 150 00
Hanna F. Brown, June 1, 1893, 150 00

And that the City Clerk be, and he hereby is, directed to deliver such orders to the said payees, with the exception of the order to John W. Schrader, which he may deliver to said John W. Schrader upon the production of a certificate signed by the City Attorney, that said John W. Schrader is still an occupant of the premises described in the easement executed by said John W. Schrader and entitled to said sum under the terms of said easement.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE

By the Clerk—

ROCHESTER, N. Y., Jan. 8, 1894.

To the Honorable, the Common Council:

Gentlemen:—At a meeting of the Board of Health of the city of Rochester, held December 29, 1893, the following report was presented, and action taken thereon:

ROCHESTER, N. Y., Dec. 26, 1894.

To the Health Officer:

Dear Sir:—It has been reported at this office that the sewer on Tremont place is wholly inadequate for present needs, and that for this reason two of the cellars upon the street are, at intervals, flooded by sewage. Upon investigation those facts are found to be substantially true. The present sewer is a ten-inch private pipe sewer of unknown depth, and runs but half the length of the street. The outlet conjoined with the sewer from Edinburgh court, is across a vacant lot into the Genesee Valley sewer.

At the instance of property holders, a first ordinance was passed for the construction of a good sewer, but when the ordinance came up for final passage, October 17th, it was indefinitely postponed.

Yours respectfully,

GEORGE W. GOLER,

Medical Inspector, West Side.

Commissioner Hoyt moved that the matter be referred to the Common Council, requesting them to pass a final ordinance for the construction of a proper sewer on Tremont place. Adopted.

A true copy from the minutes.

LOCAL IMPROVEMENT ASSESSMENTS.

By Ald. H. G. Cook—Whereas, The City Treasurer has ascertained and reported the entire and aggregate expense of and connected with the following improvements, including any and all interest that the city has paid or has or shall become liable to pay upon account of any and all orders or notes issued by the city to pay the expenses of such improvements respectively adjusted by this Common Council as thus reported, and the respective portions or parts of the city on which the said expenses are hereby directed to be assessed and which this Common Council deems to be benefited by the improvements, respectively, are as stated and described in the final ordinances relative to the improvements, respectively, and that the name and expense of the improvements thus to be assessed are as follows, viz:

Ord. No.	Improvement.	Expense.
5,241.	Borchard street pipe sewer.	\$ 832 18

And it is further determined that the taxpayers to be assessed for making the foregoing improvement must pay their assessments within thirty days from the first publication of the advertisement of the notice of the assessment rolls by the City Treasurer.

And it is further determined that the taxpayers to be assessed for making the following improvements, viz.:

Ord. No.	Improvement.	Expense.
5,211,	amended No. 5,264. Pierpont avenue and Lake View park cement walks.....	\$ 3,246 26
5,147.	Franklin street repairing..	3,513 66
5,124.	St. Joseph street pipe sewer	9,487 58
5,126,	amended No. 5,265. Grand avenue asphalt pavement.	67,156 55
5,175,	amended No. 5,263. Platt St. Medina block pavement...	33,433 65

May pay their assessments in three equal payments, as follows:

One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-third within one year from the confirmation of such roll; and the remaining one-third within two years from the confirmation of such roll. On all sums paid prior to the maturity of said last instalment, a discount will be allowed at the rate of six per cent. per annum.

And the assessors of said city, if they are not interested in any of the property within the part or portion of the city deemed to be benefited, and directed to be assessed, as aforesaid, or if any two of said assessors are not so interested, then such two are hereby directed to make assessments upon all the lots and parcels of lands within the portions of parts of the city above designated and directed to be assessed, of the amounts of expenses of such improvements, respectively, in proportion, as nearly as may be, to the advantage which the said lots and parcels of land within

the respective territories to be thus assessed for such improvements, shall be deemed to receive by the making of the respective improvements.

Adopted by the following vote:
 Ayes—Ald. Tracy, McMillan, Cahlan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—18.

H. W. Gregg, Esq., City Clerk:

Dear Sir:—The following report and recommendations were adopted by the Board of Education of this city at a regular session of said Board held January 2d inst.

Yours respectfully,
 MILTON NOYES, Superintendent.

Com. Durand submitted the following:

To the Board of Education:

Gentlemen:—Your special committee heretofore appointed to confer with a committee of the Common Council, do report that they had a conference with the finance committee of the council on Tuesday last, at which time they presented in detail to them the present condition of the finances of this board.

Your committee first called attention to the condition of the fund for the payment of teachers' salaries. There is now about \$4,000 in that fund after the payment of salaries for the first half of December. There will be no moneys available for this fund until the state appropriation is received in February, which, it is expected, will amount to \$77,600 or \$78,000. There are three months and a half to be provided for and, taking the November budget as a basis, the total amount required will be \$102,000 to carry this fund over to the commencement of the new fiscal year, beginning April 1st. Allowing for the amount on hand and the amount to be received from the state, there will remain a shortage of \$22,000 or \$23,000 to be provided for. Unless immediate relief is given, no further payments can be made to the teachers until the state money becomes available, some time in February next.

This condition of affairs was foreseen and announced at the time the annual appropriation was made in the spring. The amount appropriated by the council for teachers' salaries was \$182,500, which, with the amount on hand at the end of last year, after the payment of the March budget (\$7,483.68) and the amount to be received from the state, made the total amount available \$266,983.68. It was known that the amount expended last year for teachers' salaries was \$274,625.74, and that a larger amount would be required this year, with large additions to the school buildings and an increased enrollment of nearly 900 pupils. A deficiency in the fund of \$23,000 was then figured out and it is about this amount that we now ask for.

It is, of course, well known by this board that the Common Council was limited by the provisions of the city charter in the amount of money that they could appropriate for this fund and for the contingent expenses of the schools to the sum of \$14 per capita of the number of pupils enrolled in the schools. The same reason required also the cutting down of the estimates submitted by the committees of this board having in charge expenditures from the contingent fund, about \$30,000. This has left the funds of several of those committees in a crippled condition. The chairman of those committees appeared before the finance committee of the council with this committee and made known to them their wants as follows:

The Fuel and Fire Fixtures Committee asked an additional appropriation of \$6,000. The committee received last year \$31,345.35, while its appropriation this year was \$24,912.

The Supply Committee asked for \$3,000 additional, which will make the appropriation this year \$725 less than the amount received last year.

The Printing and Text Book Committees asked for \$1,000 and \$800 respectively.

The Finance Committee asked that the sum of \$5,627.62 be placed in the miscellaneous fund or the repair fund for the purpose of paying the rent of annexes for the balance of the year.

The foregoing amounts aggregate \$41,827.62, and seem to be actually required to conduct

the schools for the remainder of the fiscal year.

There was some discussion also with the Council committee in regard to the proposed increase of the salaries of the assistant teachers. While it was generally conceded that this was an inopportune time to bring this subject up, on account of the great depression in the business world, yet this board is so thoroughly committed in favor of such increase and has so often assured the teachers that the subject would be presented by it to the Council at this time, that it would seem like a breach of good faith on our part not to speak most earnestly in their behalf. When the subject was under discussion last spring, public opinion was clearly on the side of the teachers in their demand for a more adequate compensation. It was then shown that their salaries were much smaller than those paid in other cities and that they were the poorest paid of any of our city's employes. While conditions have materially changed since then, it is not right that a plea of hard times should be permitted to relegate this subject to the indefinite future. Now, at least, is the time to procure the necessary legislation on the subject in order that no legal obstacles shall stand in the way of future action. But we are in favor of making a start at this time and renew the conservative recommendation made by the Finance Committee of this board in the spring to increase the salaries of those who have taught over ten years \$10 per month, and of those who have taught five years and less than ten years \$5 per month, making their salaries \$55 and \$50 per month respectively. The amount necessary for this purpose for the three months commencing January 2nd is about \$6,000.

In order to make this increase effective hereafter an amendment to subdivision 6 of section 129 of the city charter is necessary. By that subdivision the amount that can be raised for teachers' wages and contingent expenses is limited to not more than fourteen dollars per capita, based on the average number of resident pupils enrolled in the several public schools of the city. This amount is insufficient even to pay the present salaries and defray the contingent expenses of the schools. Appropriations in excess of \$14 per capita have been made for the past three years. While the sum of \$14 per capita would, perhaps, be sufficient if the city was stationary in population and all the school buildings were in a finished state, the rapid growth since 1882, when this provision of the charter was adopted, has required the erection of many new buildings in all parts of the city and the remodeling of old ones to make them conform to modern ideas of what a school building should be. The demands upon the Supply and Fuel and Fire Fixture funds to furnish these new buildings, and to equip the old buildings with modern heating and ventilating apparatus, in place of stoves, have been very great and account in large part for the increase in the contingent fund expenses. The change in the method of heating from stoves to steam, or other systems, requires more skill and work upon the part of janitors, and their pay has been increased in proportion. When the above provision was adopted in 1882, but four of the school buildings were heated by steam. At the present time twenty-eight of the thirty-four school buildings are heated and ventilated by steam or other improved methods.

It has been suggested that the teachers' fund be entirely separated from the contingent fund in the amended section. Under the present provision of the charter the moneys for these funds when placed to the

credit of this board are entirely distinct and cannot be mingled by us, but the proposed amendment would provide against the possibility of the requirements for one fund being so great as to cause the cutting down of the other, and would leave more liberty of action to the Common Council in making the annual appropriations. We would favor the removal of all limitations in this section, as has been done in other cities and in respect to most other departments of the city government, and the granting to the Council of power to raise such sums as in their opinion are necessary upon the requisition of this board, but the limitations in the present provision have stood so long that it would probably be injudicious to ask for so radical a change. This amendment, which we recommend, therefore consists in separating the two funds and placing the limitation on this amount to be raised for teachers' wages at \$14 per capita. We also recommend that the Repair Fund be relieved from the payment of the rents of annexes. There seems to be no good reason why that fund should be burdened with this provision, as it has been demonstrated that the sum of \$15,000 is none too large to keep ~~our~~ thirty-four school buildings in proper repairs.

This board, at the beginning of the present fiscal year, was confronted with the unpaid bills of previous boards, amounting to between \$21,000 and \$22,000. A number of these bills, amounting to several thousand dollars, are open to serious objections on account of violations of the charter and rules of the board in contracting them and overcharges in some of the bills, and have heretofore been refused audit by this board. The chairman of the Finance Committee informs us that \$14,387.92 of the above amount represent bills about which there is no question, distributed among the various committees as follows:

Fuel and Fire Fixtures Fund.....	\$11,510 78
Building Fund	653 17
Printing Fund	86 11
Library Fund	30 14
Supply Fund	242 84
Miscellaneous Fund	26 40
Repair Fund	1,838 48
	\$14,387 92

The board of 1892-3 is not entirely responsible for this state of affairs. Each board since 1885 has left to its successor a legacy of unpaid bills, generally increasing in amount from year to year. The board of 1892-3 paid such bills to the amount of \$22,365.21, but this year, on account of the cutting down of the funds as hereinbefore stated and the opinion of the City Attorney that this board had no authority to pay bills contracted by its predecessors, these bills have remained unpaid and, in the opinion of your committee, it will require special legislation before any money can be appropriated by the Council for their payment. Most of them represent actual labor performed and materials furnished for the benefit of the city, and justice demands that all honest claimants, many of whom dealt with the board in ignorance of the charter provision, should be paid. As to the bills about which question has arisen, the enabling act, in our opinion, should give power to our Council to provide money for the payment of such sums as shall be found justly owing upon them after being subjected to a rigid scrutiny by this board and the City Auditor.

We therefore recommend and urge that the representatives of the city in the legislature be requested to procure the passage of two

enabling acts and an amendment to the city charter, as follows:

AN ACT to authorize the Common Council of the city of Rochester to raise money to provide for deficiencies in the funds for the support of the public schools of said city.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The Common Council of the city of Rochester is hereby authorized and empowered to raise, in addition to the amount heretofore raised by taxes, not exceeding the sum of forty-eight thousand dollars to pay teachers' wages and contingent expenses of the public schools and of the Board of Education of said city and including the thirty-first day of March, eighteen hundred and ninety-four, and for that purpose may issue the note or notes or other obligation of said city. Said amount shall be placed to the credit of said Board of Education and shall be used for no other purposes than as specified in this section.

Section 2. Said amount of not exceeding forty-eight thousand dollars shall be assessed and collected together with the other general city taxes for the next ensuing year.

Section 3. This act shall take effect immediately.

AN ACT to authorize the Common Council of the city of Rochester, to raise money to pay certain claims against the Board of Education of said city.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The Common Council of the city of Rochester is hereby authorized and empowered to raise, by issuing the note or notes or other obligation of said city, not exceeding the sum of twenty-five thousand dollars, to pay all outstanding claims against the Board of Education of said city which were unpaid at the commencement of the current fiscal year, when said claims, or any of them, shall be audited by the Auditor of said city, and approved by said Board of Education, as in the case of other claims against said Board, but no such claim shall be rejected by said Auditor or said Board because the same was ordered or contracted in violation of the charter of said city, or the rules and regulations of said Board of Education, provided it shall appear that the items of said claims were actually furnished to and used by said Board of Education. Said amount, or so much thereof as shall be found necessary, shall be placed to the credit of said Board of Education and shall be used for no other purposes than as specified in this section.

Section 2. Said amount of not exceeding twenty-five thousand dollars shall be assessed and collected together with the other general city taxes for the next ensuing fiscal year.

Section 3. This act shall take effect immediately.

AN ACT to amend chapter one hundred and forty-three of the laws of eighteen hundred and sixty-one, entitled "An act to amend and consolidate the several acts in relation to the charter of the city of Rochester," as amended and established by chapter fourteen, laws of eighteen hundred and eighty, and the several acts amendatory thereof and supplementary thereto.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Sub-division six of section one hundred and twenty-nine of the charter of the city of Rochester, as amended and established by chapter fourteen of the laws of eighteen hundred and eighty, entitled "An act to further amend chapter one hundred

and forty-three of the laws of eighteen hundred and sixty-one, entitled "An act to amend and consolidate the several acts in relation to the charter of the city of Rochester," and to consolidate therewith the several acts in relation to the charter of said city," is hereby amended so as to read as follows:

6. The amount to be raised for teachers' wages in any one year shall not be less than six dollars, nor more than fourteen dollars per capita, based on the average number of resident pupils registered but once, in the several public schools of said city, for the school year ending on the first day of May next preceding the levying of the general city taxes in each year. A sworn statement of such number of pupils so enrolled shall be made by the superintendent of schools according to the verified monthly reports of the principals of said schools. Nor shall the amount to be raised in any one year to alter, improve and repair school houses and their out-houses and appurtenances, exceed fifteen thousand dollars, or to purchase and improve sites, and build or enlarge school houses, exceed fifty thousand dollars, or for library purposes, exceed three thousand dollars; and the Common Council of said city are authorized and directed, when necessary, to raise by loan, in anticipation of the taxes, the amount to be raised, collected and levied as aforesaid.

Sec. 2. This act shall take effect immediately.

Therefore Resolved, that the recommendations contained in the foregoing report be, and the same hereby are, adopted, and that the clerk of this board transmit a certified copy thereof to the Common Council.

By the Clerk—

POLICE COMMISSIONER'S OFFICE,
ROCHESTER, N. Y., Jan. 9, 1894.

To the Honorable the Common Council of the City of Rochester.

Gentlemen:—At a meeting of the Police Board, held January 8, 1894, the following communication was unanimously approved by the Board, and the Clerk was directed to present the same to the Honorable, the Common Council.

Respectfully,

B. FRANK ENOS, Clerk.

To the Common Council:

Gentlemen:—The undersigned, police commissioners of the city of Rochester, respectfully petition your honorable body to provide a suitable central headquarters for the use of this department. Such headquarters should have cells above ground with a separate division for women prisoners. It should have rooms for the use of the matron and for the detention of witnesses. It should have a sufficiently large assembly room for the patrol force. It should have separate offices for the superintendent, for the assistant superintendent and for the detectives. It should have a roomy and well-equipped gymnasium. It should, finally have a dormitory for the use of such part of the force as it may at any time be necessary to hold at headquarters in emergencies. The present city hall building quarters are deficient, if not wholly lacking, in all these respects.

Some of the requirements above set forth are urgent particularly that in relation to a gymnasium. Therefore, the undersigned respectfully ask your Honorable Body to take early action in the case. We feel that delay would imperil the best interests of the important department entrusted to our charge.

RICHARD CURRAN,
JAMES D. CASEY,
JACOB A. HOEKSTRA,
Commissioners

Ordered received, filed and published and referred to Police Committee.
By the Clerk—

ROCHESTER, N. Y., Jan. 9, 1894.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—At a regular meeting of the Board of Police Commissioners, held January 8, 1894, the following penal ordinance was approved by the Commissioners and the Honorable, the Common Council, was requested to pass the same. The Superintendent and Chief of Detectives are also in favor of its passage.

Respectfully,

B. FRANK ENOS, Clerk.

JUNK DEALERS.

Section 1. The Mayor of the city of Rochester is hereby authorized to issue licenses to persons desiring to carry on the business of buying, selling and dealing in junk, rags, old rope, old iron, brass, copper, tin, lead or other old metals, old bottles, old glass, old bones, old tinware or any second-hand articles, excepting second-hand books and furniture, upon payment, annually, to the city of Rochester, of the sum of twenty-five dollars as a license fee for each and every license so issued.

Sec. 2. No person shall be licensed as provided in the foregoing section unless he shall be a citizen of the United States.

Sec. 3. Every person to whom a license shall be granted authorizing such person to purchase, sell or deal in any of the articles mentioned or described in the first section of the ordinance, shall enter into a bond to the city of Rochester in the penal sum of two hundred and fifty dollars, and with good and sufficient sureties to be approved by the Mayor of said city, conditioned for the due observance of all such ordinances of the city of Rochester, as may be enacted respecting persons buying, selling or dealing in any such articles during the continuance of such license.

Sec. 4. Every license which shall be granted in pursuance of section 1 of this ordinance shall designate the house or place in which the person receiving such license shall be authorized to carry on said business, and it shall be lawful for any such person so licensed as aforesaid, to keep, use and drive a cart or carts, wagon or wagons in the city of Rochester, for the purchase and sale of any or all the articles mentioned and described in said section 1, provided that each cart or wagon so kept, used and driven by him shall be duly and separately licensed, and that every such cart or wagon shall be marked with his name, at length, the street and number of his place of business, and the number of his license in plain letters and figures at least two inches in length.

Sec. 5. It shall be unlawful for any person or persons to carry on the business of buying, selling or dealing in any of the articles or things mentioned and described in section 1 of this ordinance or procure to be used or driven any cart, wagon or other vehicle for the purchase or sale of either of said articles, without being first licensed so to do as provided in and by section 1 aforesaid.

Sec. 6. No person licensed as aforesaid shall receive, in the line of his business, any article or thing by way of pledge or pawn, nor shall he loan or advance any sum of money on the security of any such article or thing; nor shall any such person receive or purchase any goods, article or thing whatever from any person under the age of eighteen years, or from any person or persons whomsoever, between the setting of the sun and the hour of seven o'clock in the morning.

Sec. 7. Every person carrying on or conducting the business of buying, selling or dealing in any of the articles or things mentioned and described in section 1, within the city of Rochester, is hereby required to keep a record of every article or thing aforesaid bought, except such as are purchased at the houses of permanent residents by their own collector, to keep the name and a full description of every stranger from whom any article or thing is bought and to report daily, in writing to the Chief of Police, in such form as said Chief may prescribe, all articles received by him within twenty-four hours immediately preceding the delivery of such report; but the contents of such report shall not be communicated to any person for the purpose of publication, but shall be used expressly for the purpose of protecting the public. Any person licensed as aforesaid who shall refuse or neglect to make the reports hereby required, or who shall make any false entry in such report, or who shall omit to make a full and complete report, shall incur and be liable to pay a penalty of ten dollars for each offense.

Sec. 8. No person or persons licensed to carry on business under the provisions of this ordinance shall (during the continuance of such license) use, exercise or carry on the business or trade of a pawnbroker, nor shall any pawn broker receive a license under the provisions of this ordinance.

Sec. 9. No person licensed pursuant to this ordinance shall carry on any such business at any other house or place than the one designated in such license, nor shall continue to carry on such business after such license may have been revoked.

Sec. 10. Every person licensed under the provisions of this ordinance shall have and keep a sign on the outside and in front of his shop or other place used for carrying on such business, on which shall be plainly set forth in conspicuous letters and figures his name, his licensed business and the number of his said license; and in case any person so licensed, as aforesaid, shall remove his shop or place of business from the place designated in said license, he or she shall immediately thereupon give notice to the Mayor, and have the same indorsed upon such license, and the number of his shop or place of business shall thereupon be changed upon the sides of the cart or wagon used by such licensed person, and made to correspond with such change of shop or place of business.

Sec. 11. Every person licensed under the provisions of this ordinance shall, when engaged in the business described in section 1 hereof, or in soliciting, purchasing or receiving any of the articles mentioned herein, wear on the breast of his coat in a conspicuous place, a metallic badge, which shall contain in legible, large-sized letters and figures, the words "Licensed Junk Dealer," and the number of his license.

Sec. 12. All ordinances or parts of ordinances of the city of Rochester relating to Junk dealers, or inconsistent with the provisions of this ordinance, are hereby repealed.

Sec. 13. Every person who shall violate any of the provisions of this chapter shall for each offense be subject to a fine or penalty not exceeding \$150 in amount to be imposed by the police justice, or judge, or court be-

fore whom a suit for such fine or penalty is brought in the discretion of such justice, judge, or court, and on failure to pay such fine or penalty when recovered shall be imprisoned in the Monroe County Penitentiary for a term not exceeding 150 days to be determined by such justice, judge or court, in his or its discretion at the time the judgment is entered.

Sec. 14. Every execution upon a judgment recovered for any fine or penalty or forfeiture imposed for the violation of any provision of this ordinance shall be issued immediately on the rendition of the judgment and shall command the amount to be made out of the personal property of the defendant within the city not exempt from levy and sale under an execution, if such can be found, and if not, then to commit the defendant to the Monroe County Penitentiary for such time as shall have been directed by the justice, judge or court rendering such judgment and may be issued to and enforced by any member of the police department of said city. Such execution may be issued by the police justice or police clerk of said city, where the judgment was rendered by the police justice of said city.

Sec. 16. All license fees and fines or penalties, or other moneys paid to or received by said city under any of the provisions of this ordinance, shall be applied to the police pension fund.

Sec. 17. This ordinance shall take effect immediately.

Ordered received, filed and published.

FIRE MARSHALL'S OFFICE. }
ROCHESTER, N. Y., Dec. 21, 1894. }

To the Common Council:

Gentlemen:—In compliance with your resolution of November 14th last, the undersigned advertised the (5) unserviceable Plumley election booths for sale for one week upon suggestion of the chairman of your Law Committee, and sold them with the assent of the chairman of the Contingent Expense Committee to the three highest bidders for the sum of \$25.25, which sum I deposited with the City Treasurer to the credit of the Contingent Fund and filed the receipt thereof with the City Clerk.

Respectfully yours,

JOHN A. P. WALTER,
Fire Marshal.

By Ald. Dewey—Whereas, The penal ordinances of this city were compiled by action of this common council taken July 12, 1892, and but one copy of said compilation exists which is in the possession of the City attorney, and

Whereas, Such compilation reveals the fact that said ordinances have been frequently amended since their adoption, which amendments it is nearly impossible to trace through the proceedings of the common council, and that such compilation also reveals that some of said ordinances are inconsistent and conflicting which frequently leads to confusion, and

Whereas, No action has been taken since such compilation was made toward a revision of said ordinance and enforcement of the same by reason of the facts aforesaid have been difficult and has been neglected to the loss of the city by way of license fees, therefore,

Resolved, That the matter of the revision of the penal ordinances be referred to a special committee of three members to be appointed by the chair and that the matter of printing said ordinances be postponed until such revision has been made.
 Adopted.

By Ald. Dewey—Notice is hereby given that at the next meeting of this common council, to be held February 6th, an ordinance relating to junk dealers and dealers in second-hand articles substantially as provided in the ordinance introduced at the last meeting of the common council will be moved for adoption.

By Ald. Forsyth—

ROCHESTER, N. Y., Jan. 23, 1893.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—On the 31st day of March, 1892, the City Treasurer sold for unpaid general tax 1891 a certain parcel of land known and described as lot F, situate on west side Mansion street, corner Flint, there being no purchaser for the above described tax the city of Rochester bought and now has possession of it. Mrs. Bridget French holds other tax sale certificates on this parcel of land and wishes to purchase city's interest in and to general tax 1891 sold in March, 1892, and amounting to \$124.93 with interest at 12 per cent. per annum from March 31, 1892, until paid by said Mrs. Bridget French, she to receive for such payment a certificate for above tax. I would respectfully recommend that your honorable body grant this petition and authorize me to issue the desired certificate.

S. B. WILLIAMS, City Treasurer

Ordered received, filed and published.

By Ald. Forsyth—Resolved, That the City Treasurer be and he hereby is authorized to issue to Mrs. Bridget French a tax certificate upon property assessed to James McGladdery, known as lot F, west side Mansion street, corner Flint, and sold for general city tax 1891 to city of Rochester. The issuance of certificate to be contingent upon payment by said Mrs. Bridget French, of amount due the city of Rochester at time of sale and all interest accumulations to date of transfer by city.

Adopted by the following vote:

REPORTS OF STANDING COMMITTEES.

By Ald. Zimmer—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen: Your committee on public improvements beg leave to recommend in response to the communication of the Executive Board, published at page 219 of the current proceedings of the Common Council, and referred to this committee, that a suitable Medina pavement, with joints filled with Portland cement mortar, like that on Bronson avenue and Oakman street, be constructed upon that section of South avenue referred to in said communication, from the end of the present Medina stone pavement to Highland avenue.

All of which is respectfully submitted.

C. W. ZIMMER,
D. W. FORSYTH,
T. McMILLAN,
ALVIN H. DEWEY.

Public Improvement Committee.

Ordered received, filed and published.

By Ald. Pauckner—Resolved, That the city surveyor be and he hereby is directed to report an estimate of the expense of the constructing of a Medina stone pavement, with joints filled with Portland cement mortar, on South avenue, from the south end of the present Medina stone pavement to Highland avenue, at the next regular meeting of this council. Adopted.

By Ald. H. G. Cook—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Assessment Committee begs leave to submit the following report: In the matter of the petition of John H. Dusenbury, praying for a credit upon his assessment against lot 13 on the east side of Genesee street for the Genesee street asphalt improvement upon the ground that he was assessed upon a basis of 86 feet frontage, when in fact his frontage is but 83 feet 4 inches, we find that the petitioner is charged with 2 feet and 8 inches frontage in excess of what he really has, and we therefore recommend that he be allowed a rebate of \$16.72.

In the matter of the petition of George T. Parker to be permitted to pay to the treasurer of the city in full satisfaction of certain unpaid taxes and assessments against lot 15, in Davis subdivision, situated on the south side of Casper street in the eighteenth ward, the face of two certain taxes and the face of other taxes at the rate of 6 per cent., we are disposed, in view of the circumstances, to allow the petitioner, within thirty days from the passage of this resolution, to redeem said property under the sales made to the city for unpaid taxes and assessments upon paying the original taxes or assessments in each case and for each year for which said property was sold, with interest and fees allowed by the city charter down to the date of sale and upon paying 6 per cent. on the original tax with interest and fees added aforesaid, together with the expense of printing and the serving of the notices of redemption where such notices have been served.

In the matter of the request of the Rochester German Social Turn Verein, to have remitted certain taxes paid by them, we recommend in view of the resolution adopted by the common council October 31, 1893, and the action of the assessors thereunder, that the petition be granted.

In the matter of the petition of Abraham B. Wolff to have refunded certain taxes paid on lot 11, on the east side of Henry street, for the year 1892, we recommend that the petition be denied.

In the matter of the assessment roll for Augusta street extension which was referred to this committee by resolution of the common council adopted December 12, 1893, we recommend that the assessment roll be returned to the assessors for correction.

In the matter of the application of J. L. Roseboom and James H. McKibbin for an extension of time in which to pay back taxes and assessments against their property, we recommend that an extension of thirty days further time be granted.

All of which is respectfully submitted.

HENRY G. COOK,
WM. PAUCKNER,
JOHN F. FOX,
C. W. ZIMMER.

Assessment Committee.

Ordered received, filed and published.

By Ald. H. G. Cook—Resolved, That the City Treasurer be and he hereby is directed to credit John H. Dusenbury with the sum of \$16.72, upon an assessment against lot 13 on the east side of Genesee street for the Genesee street asphalt improvement under final ordinance No. 4,383, and charge said amount to erroneous assessments.

Adopted.

By Ald. H. G. Cook—Resolved, That the City Treasurer be and he hereby is directed to receive from George T. Parker, provided the same be paid within thirty days from the passage of this resolution, the face of the unpaid taxes and assessments now unpaid against lot 15, in Davis subdivision, situated on the south side of Casper street in the eighteenth ward, with interest and fees allowed by the city charter down to the time of the sale of said premises with interest and fees added aforesaid, besides the expense of printing and the serving of notices of redemption, and that upon the payment of said moneys said George T. Parker be and he hereby is allowed to redeem said property sold for said taxes and assessments to said city and the treasurer is directed to execute to said Parker an assignment of all interest which the said city may have by virtue of such sales upon the payment of said moneys as aforesaid and that the treasurer charge any other expenses, fees and interest to erroneous assessments.

Adopted.

By Ald. H. G. Cook—Resolved, That the City Clerk be and he hereby is directed to draw an order payable from the Contingent Fund in favor of the Rochester Social Turn Verein, for the sum of \$121.82, being the amount of taxes for 1893, erroneously paid in by said Turn Verein, and that the treasurer be directed to charge said amount to erroneous assessments.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelnk, Lewis, Forsyth.—17.

By Ald. H. G. Cook—Resolved, That the petition of Abraham B. Wolff to have refunded certain taxes alleged to have been erroneously paid on lot 11 on the east side of Henry street for the year 1892, be and the same hereby is denied.

Adopted.

By Ald. H. G. Cook—Resolved, That the assessment roll for Augusta street extension, under final ordinance No. 4,891, which was re-

considered by this council as appears on page 424 of the current proceedings, be and the same hereby is sent back to the assessors for correction.

Adopted.

By Ald. H. G. Cook—Resolved, That Messrs. J. L. Roseboom and James H. McKibbin be granted thirty days further time from the passage of this resolution in which to pay unpaid taxes and assessments against their premises hereto apportioned by the city assessors.

Adopted.

By Ald. Lewis—

To the Honorable, the Common Council of the City of Rochester:

Your Law Committee would respectfully report in the matter of the applications of the executors of the estate of Charles G. Staud for a refund of certain moneys erroneously paid to the city, that on or about March 15, 1893, an action was commenced by the city of Rochester to recover of the executors of Charles G. Staud the sum of \$2,000, due the city for the board of Barbara and Anthony Lerch at the Monroe County Insane Asylum and the Rochester State Hospital, and by virtue of a certain mortgage executed by one John Lerch to Anthony Lerch June 11, 1881. That proceedings were thereafter had by virtue of which the city recovered a judgment against the executors of the said Charles G. Staud for \$2,000, but after the recovery of the judgment certain receipts were discovered, which reduced the recovery to \$1,768. and the judgment was so modified. That the executors of said Charles G. Staud estate thereupon paid said judgment, and about two months after the same had been paid, discovered a number of other receipts among the papers of Charles G. Staud, showing that besides the payment of \$232, the said Charles G. Staud had paid \$236.61 for such board. That said executors have petitioned the Common Council to return to them said \$366.61, moneys so paid by said Charles G. Staud for the support and maintenance of Anthony and Barbara Lerch.

That while it was the duty of said executors to present said receipts upon the trial of this action, they could in a court of equity recover back any sums that they had paid by mistake. Your committee have caused an examination to be made and they are satisfied that the said executors of the estate of said Charles G. Staud have a valid claim against the city for \$336.61. The City Attorney has examined said receipts, and Nathaniel Thompson, overseer of the poor during the greater portion of the time when these payments were made, and is satisfied that the money was in good faith paid by said Charles G. Staud, as the receipts would indicate. Some of the receipts were signed by John Lutes, who was overseer of the poor at the time these payments were made; some of the receipts were in the handwriting of Mr. Lutes, and some of them in the handwriting of his deputy, Mr. Eagan. Those who are familiar with Mr. Lutes' signature say they are his genuine signatures, and Mr. Eagan also states that the receipts which are in his handwriting, and to which he signed Mr. Lutes' name, are genuine, and he remembers the circumstance of said moneys having been paid. Your committee are, therefore, of the opinion that nothing remains to be done but return to said executors of said estate of Charles G. Staud the sum of \$336.61, so paid by them by mistake.

That on the 28th day of December, 1891, an agreement was entered into between the

city of Rochester and Mary Shiel to pay the sum of \$55 per annum for the right, privilege and easement to continue the discharge of sewage over her property, and another payment was due on the 28th of December, 1893, we therefore recommend that an order be drawn in favor of said Mary Shiel, pursuant to said agreement, for the year 1893.

That on the 13th day of January, 1892, an agreement was entered into between the city of Rochester and Peter Braal, to pay the sum of \$60 per annum for the right, privilege and easement to continue the discharge of sewage over his property, and another payment was due on the 13th day of January, 1894; we therefore recommend that an order be drawn in favor of said Peter Braal, pursuant to said agreement for the year 1893.

In the matter of the applications of Sarah Boylen and Matilda Hartman for appointment as commissioners of deeds, we recommend the granting of the same.

All of which is respectfully submitted.

By Ald. Adams—

ROCHESTER, N. Y., Jan. 15, 1893.

Hon. Mahlon B. Adams, President of the Common Council:

Dear Sir: At a meeting of the Rochester Historical Society held January 12, 1894, the following was unanimously adopted:

“Resolved, That the Rochester Historical Society greets with the warmest commendation the action of the Common Council of the city in approving the proposed amendment to the city charter, restoring the names of the second, third, fourth and fifth wards, so that the titles of the original and historic wards shall be and remain the same as they were in 1834, when the village of Rochester became a city.

“That the senator from this district and the members of assembly from this county be respectfully and earnestly requested to use their utmost efforts toward the adoption of the amendment by the legislature.”

Yours respectfully,

WM. F. PECK, Recording Secretary.

Ordered received, filed and published.

By Ald. Ashton—

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, N. Y., Jan. 23, 1894. }

To the Common Council:

The undersigned, members of the Executive Board, to whom was referred the matter of the proffered acceptance of Birr and Augustine streets, in the Lake View Homestead Association tract, extending westerly from their present limit to the Charlotte branch of the N. Y. C. & H. R. R., hereby certify that said Birr and Augustine streets have been properly graded, the street lines defined by monuments, and maps filed in the offices of the County Clerk and City Assessors, in accordance with provisions of resolutions adopted by your honorable board, and recommend that the streets above named be accepted for public uses.

Respectfully,

W. W. BARNARD,
Executive Board.

Ordered received, filed and published.

By Ald. Ashton—Resolved, That the dedication of Birr and Augustine streets, as mentioned in the foregoing communication of the Executive Board, be and the same hereby is accepted as public streets upon the payment of all taxes and assessments, local or general, remaining unpaid upon said territory, so taken for said streets. And the City Clerk is hereby directed to enter the names of said streets in the public street register kept by him, and said Executive Board is hereby instructed to place the usual street signs where needed at the corners of said streets. And the city assessors be and they hereby are directed to strike from the assess-

ment rolls of the city of Rochester the territory taken for said street, as indicated by the map on file in the County Clerk's office and the office of the city assessors. Adopted.

By Ald. Ashton—

CITY ATTORNEY'S OFFICE,
ROCHESTER, N. Y., Jan. 23, 1894. }

To the Honorable, the Common Council of the City of Rochester.

Gentlemen: I beg leave to submit the following as the expenses of the city connected with the widening of Rowe street, under final ordinance No. 4,872, adopted by the Common Council September 6, 1892:

Consideration paid to Frederick Har-	
tleben.....	\$700 00
Recording deed.....	75
Publishing notice.....	4 00

Total.... \$704 75

Respectfully yours,

C. D. CROBBER, City Attorney.

Ordered received, filed and published.

By Ald. Ashton—Whereas, The entire cost and expense of the city connected with the widening of Rowe street, under final ordinance No. 4,872, adopted by the Common Council September 6, 1892, including the consideration to be paid to the owner of the land deemed necessary to be taken, has been adjusted at \$704.75, now therefore

Resolved, That all persons interested in the matter of the ordering of the assessment for the aforesaid widening be heard as to the same at the meeting of the Common Council to be held on Tuesday, February 6, 1894, at 7 o'clock P. M., at the Common Council chamber, City Hall, and the City Clerk is hereby directed to cause to be published the notice of said hearing as required by section 190 of the city charter. Adopted.

By the Clerk—

ROCHESTER, N. Y., Jan. 22, 1894.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen: At a meeting of the Board of Health of the city of Rochester, held January 19, 894, the following communication was received and action taken thereon:

ROCHESTER, N. Y., Jan. 2, 1894.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen: The undersigned, occupants of the Municipal Court, respectfully call your attention to the condition of the rooms occupied by them, in so far as the same relates to the unhealthy condition thereof.

For a number of years past the court rooms have been almost daily filled with bad odors, stench and sewer gas coming into the rooms from the ventilators, shafts and wash bowls therein.

During the last few years a number of persons employed in said building have been sick with fever, which was undoubtedly caused wholly or in part by said odor and sewer gas.

Yesterday the occupants of the Municipal Court room were compelled, on account of the stench and sewer gas therein, to leave the same, and were unable to work any longer therein. This had also happened a number of other times.

There can be no doubt but the condition of the plumbing in said building makes it dangerous to the health of the employes and

occupants of said rooms. The plumbing in said building has been condemned by them.

We respectfully ask your honorable body to take such steps as will render the said rooms fit for occupancy, and so as not to endanger the health of the occupants thereof.

GEORGE E. WARNER,
T. E. WHITE,
WM. J. BURKE,
EDGAR W. BUCK,
W. F. CHANDLER.

Commissioner Mallory moved that the clerk refer the communication to the Common Council and request said Council to take immediate action toward placing the City Hall in a sanitary condition. Adopted.
A true copy from the minutes.

GEORGE BELKNAP,
Clerk Board of Health.

Ordered received, filed and published, and upon motion of Ald. Johnston referred to City Property Committee.

By the Clerk—Notices of claim of George Hickey against the city of Rochester. Referred to Law Committee.

Also, transcript of judgment of Thomas Baker against the city of Rochester. Referred to Law Committee.

By the Clerk—

CITY CLERK'S OFFICE,
 ROCHESTER, N. Y., Jan. 23, 1894. }

Gentlemen:—I do hereby certify that the City Assessors have delivered to me the following assessment rolls certified and sworn to as required by law, viz:

- 3.574. Platt st. river bridge.
- 5.174. Clark st. asphalt improvement.

Respectfully yours,
 HENRY W. GREGG, City Clerk.

Ordered received, filed and published.

Allegations were called for upon each of said rolls separately and after hearing same from all persons appearing, Ald. H. G. Cook presented the following:

By Ald. H. G. Cook—Resolved, That each and every of the foregoing assessment rolls be and the same hereby is in all things confirmed.

Adopted by the following vote:
 Ayes—Alds. Tracy, McMillan, C. S. Cook, Callhan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Alkenhead, Simmelink, Lewis, Forsyth—18.

ACTION UPON ORDINANCES.

FIRST ORDINANCES.

MEDINA BLOCK STONE PAVEMENT ON STATE STREET.

By Ald. Zimmer—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a Medina block stone pavement on State street, from Main street to the north line of Center street.

Adopted.

The Surveyor submitted as such estimate, \$57,000.

By Ald. Zimmer—Resolved, That the following improvement is necessary, viz:

The improvement of State street, from Main street to the north line of Center street, by putting in a new lateral sewer, as deep as the main sewer will permit, to each lot where there is not an existing sewer at full depth, by putting in new water service pipes to each lot where necessary; replacing stone manhole heads with iron heads; rebuilding or removing existing surface sewers, and putting in new ones where necessary; setting new curb stones six inches thick, substantially upon the lines of existing curbs, excepting that at the corners of streets and alleys they shall be set to curves as hereinafter specified, and excepting that where existing sidewalk flags are thick enough, they shall be cut to the proper lines and curves and be faced up like the new curb stones; the cutting off of the sidewalks at corners of streets and alleys, so that the curb lines shall be upon circular curves, tangent to the adjacent straight parts of said curbs and said curves shall have a radius of thirteen feet; the laying of crosswalks across each side street and alley, consisting of five lines of flag stones eighteen inches wide, spaced six inches apart; and the laying of crosswalks across State street, wherever there are existing crosswalks, to consist of three lines of flag stones eighteen inches wide, spaced six inches apart; and the laying of a Medina block stone pavement on a concrete foundation, together with a line of gutter stone if thought advisable, and grading and unspecified work necessary to make a complete roadway, and to connect it neatly with the pavement of side streets; and the removal of all old material, which may not be used, from the street. This old material will be the property of the contractors and may be so considered by contractors who make proposals for the work.

And Whereas, The City Surveyor, under the direction of this Council, has made an estimate of the whole expense thereof, and reports the same at \$57,000, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of State street, from Main street to Center street, in proportion to the benefit which each will derive therefrom.

Adopted.

CITY CLERK'S OFFICE,)
ROCHESTER, N. Y., Jan. 23, 1894. (

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Agreeable to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Union and Advertiser, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or

part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, January 23, 1894, at 7 o'clock P. M., at the Common Council chamber, when allegations would be heard in reference to such improvement.

Respectfully,

HENRY W. GREGG, City Clerk.

Final Ordinance for a bridge over Carroll and Fitzhugh race in Court street came up.

Ald. Kelly moved as an amendment that the whole expense thereof be paid by local assessment. Carried.

Ordinance laid over under the rules.

Final ordinance for Richmond Park Asphalt Improvement came up and upon motion of Ald. Adams action thereon was postponed two weeks.

Final Ordinance for Garson avenue Trinidad Asphalt Improvement came up. Ald. Lewis moved to amend by striking out the word "Trinidad." Carried.

Ordinance laid over under the rules.

Final Ordinance for Bronson avenue cement walk came up, and upon motion of Ald. McMillan action thereon was indefinitely postponed.

By Ald. McMillan—

Whereas, It is believed by many property owners that the present rate of assessment for sweeping and cleaning asphalt and other improved streets is unjust, and that such expense should be paid out of the highway fund, therefore,

Resolved, That after the hearing of allegations upon the ordinances for the sweeping and cleaning of such streets, further action thereon be postponed until the next regular meeting and that all such ordinances be referred to the Finance Committee for consideration.

Adopted.

In accordance with the foregoing resolution, final ordinances for the following improvements were presented, allegations called for and action thereon postponed until the next regular meeting. The sweeping and cleaning of Adams street, of (Sec. 1) Alexander street, of (Sec. 2) of Alexander street, of Allens alley, of Brown street, of Campbell street, of Chatham street, of Chili avenue, of Clark street, of Clifton street, of College avenue, of Concord avenue, of Conkey avenue, of Delevan street, the sprinkling, sweeping and cleaning of East avenue, the sweeping and cleaning of East Maple street, of Emerson street, of Emmett street, of Evergreen street, of Frank street, of Fulton avenue, of Genesee street, of Gorham street, of Hand street, of Hart avenue, of King street, of Lake avenue, of Litchfield street, of Lorimer street, of Madison street, of Marietta street, of Merri-man street, of Monroe avenue, of North street, of North St. Paul street, of (Sec. 1) Oxford street, of (Sec. 2) Oxford street, of Rowe street, of Scrantom street, of South Canton and Wood streets, of South Goodman street, of Spring street, of Tremont street, of Troup street, of Vine street, of Weld street, of West avenue, of Wilder street, of Windsor street.

Ald. Lewis moved that after allegations are heard thereon, the following ordinances be referred to the Finance Committee, and action thereon be postponed two weeks. Carried.

Allegations were, therefore, called and action postponed two weeks upon the following ordinances:

The sprinkling of Adams street, of Alexander park, of (Sec. 1) of Alexander street, of (Sec. 2) Alexander street, of (Sec. 3) Alexander street, of Allen street, of Amity street, of Andrews street, of Atkinson street, of Averil

MISCELLANEOUS BUSINESS.

By Ald. McMillan—

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, N. Y., Jan. 23, 1894. {

To the Common Council:

Gentlemen:—The Executive Board directs me to inform your honorable body that the Highway Fund has a balance to its credit on this date of \$4,950, which amount is estimated, will be required to pay the current week's pay roll.

It is desirable, if employment is to be given to the large number seeking it to feed themselves and their families, and if the necessary work of the removal of ashes, etc., is to be continued, that \$25,000 or \$50,000 should be at once provided by the Common Council and placed to the credit of the Highway Fund.

Respectfully,

THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. McMillan—

Resolved that the City Treasurer be and he hereby is authorized and directed to issue the city's note for not exceeding six months for the sum of thirty thousand dollars under authority of section 81 of the city charter, said note to be negotiated under the direction of the Finance Committee to be countersigned by the chairman of the Finance Committee,

the interest or discount thereon to be charged to the contingent fund and the proceeds thereof to be credited to the Highway Fund.

Adopted by the following vote:

Ayes—Tracy, McMillan, Callhan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth—17.

Sec. 3. Section seven of said act is hereby amended so as to read as follows:

Sec. 7. An election shall be held in each ward annually on the Tuesday next after the first Monday in March at such places as shall be designated by the common council, of which a notice shall be published by the city clerk for at least six days previous to the election, in all the daily newspapers of the city, at which election there shall be chosen by the electors of the city, voting in their respective wards, as often as the terms of office of the then incumbent shall expire, within the year after such election, one mayor, who shall hold his office for two years; one police justice, who shall hold his office for four years; one treasurer, who shall hold his office for two years; and also, by the electors of each ward, one supervisor, whose term of office shall be the same as that of the supervisors from the towns of Monroe

county, and the terms of office of the supervisors now in office in said city shall end at the same time as the terms of town supervisors now in office; one constable, who shall hold his office for one year; and at the election held on the Tuesday after the first Monday in March, eighteen hundred and ninety-four, there shall also be chosen by the electors of the fourth ward and of all the odd wards, except the third ward, one alderman and one commissioner of public schools, from each of said wards, and at the election held on the Tuesday after the first Monday in March, eighteen hundred and ninety-five, one alderman and one commissioner from the third ward and all the even wards, except the fourth ward; each of which shall hold his office for two years, and thereafter aldermen and commissioners of common schools shall be elected for two years as the terms expire of those elected from the respective wards. The aldermen and the commissioners of common schools now in office shall continue to hold office as representing the territory from which they were elected, notwithstanding the change of ward numbers until their terms of office shall severally expire. The city treasurer shall not be entitled to enter upon his office until he shall have executed and filed with the mayor a bond in the penal sum of fifty thousand dollars, or such other sum as the common council may have fixed, with good and sufficient sureties, approved by the mayor, in writing, thereon, and conditioned for the faithful performance of all his duties as treasurer, and of all the duties imposed upon him by law, in respect to the money, property and affairs of the said city. The execution of such a bond by the treasurer and sureties, shall be duly acknowledged or approved, so as to entitle it to be read in evidence, and it shall be the duty of the mayor to cause such bond to be recorded in the Monroe county clerk's office, and a copy of such bond, as so recorded, certified by the said county clerk, shall be as good evidence in all courts and places as the original bond, which shall be safely kept by the mayor, after being recorded as aforesaid. Not less than thirty days after the passage of this act, and in every second year thereafter, the mayor shall appoint an auditor, whose term of office shall be for two years, or until his successor shall have been duly appointed and qualified. The said auditor shall enter upon his duties on the first Monday in May after his appointment. The said auditor shall not be entitled to enter upon his office until he shall have executed and filed with the mayor of said city a bond in the penal sum of five thousand dollars, or such other sum as the common council shall fix with sufficient sureties, approved by the mayor, in writing, conditioned for the faithful performance of his duties, as such auditor, and the duties imposed upon him by law. The said auditor shall receive a salary not to exceed three thousand dollars per annum, payable monthly, as other city officers are paid, such salary to be fixed by the common council annually, as other salaries are fixed. It shall be his duty to examine and pass upon all debts, demands and claims against said city, and each and every of its boards, officers and agents, including the board of education and the executive board of said city, before the same shall be ordered paid, and he shall keep a book, in which shall be recorded an account of each debt, demand and claim presented to him, and the sum allowed upon each, and he shall render to the common council, the board of education or executive board, detailed monthly reports of all such debts, demands and claims presented to, and allowed by him,

as aforesaid, and all bills, dues and demands contracted or incurred during the preceding months, which have been presented to him for audit aforesaid, and except as otherwise provided by law, and except the fixed salaries of officers paid by the city, no debt, demand or claim payable from the city treasury, shall be paid, except the same is passed upon by said auditor and certified by him to the body, board or officer whose duty it shall be to pay the same, and if he objects to any debt, demand or claim, in whole or in part, such objection shall be by him presented in writing to said bodies, officers and boards, respectively, whose duty it shall be to investigate the grounds of such objection before finally auditing or determining the manner of disposal thereof. Provided, however, that said auditor may weekly examine and pass upon by items any statement of claims, dues or demands for labor performed, which shall be certified to him for audit by said executive board, and upon such audit by the auditor, certified by him, under his hand, to such board, a sum or sums not exceeding, in the aggregate, five thousand dollars in any one week, may be drawn by the clerk of said board by orders or warrants made directly upon the city treasurer, who shall pay the same, when there are funds for the purpose, as is provided by section one hundred and forty-eight of this charter, as amended in eighteen hundred and ninety. Said auditor may examine, on oath, to be administered by him, any person, firm or corporation who presents an account, claim, due or demand, touching the validity of such account, claim, due or demand, and false swearing during such examination, shall be deemed willful perjury, and punishable as such, and said auditor shall not audit such account, claim, due, or demand where such person, firm or corporation, or the duly authorized agent or officer thereof, presenting the same shall refuse to submit to such an examination and oath. The said auditor shall make to the mayor and common council of said city, at the last meeting thereof in each fiscal year, a report, in writing, embracing a summary of the business transacted in his office during the preceding year.

Sec. 4. Section fourteen of said act is hereby amended so as to read as follows:

Sec. 14. Three inspectors of election for each ward or election district in said city shall be elected at each annual charter election. The electors of each election district in said city shall be entitled to vote by ballot on the same ticket with other charter officers, for two electors residing in such election district to be inspectors of election for said district, and the two persons in each district receiving the greatest number of votes shall be two of the inspectors of election for such district at all elections to be held therein during the ensuing year. The board of inspectors of election in each of said election districts shall, immediately after the votes of such charter election shall be canvassed, appoint in writing, subscribed by a majority of said board, another inspector of election for each election district, to be associated with said two inspectors so elected, and who shall thereupon be one of the inspectors of election of such district. Such inspector shall be selected from the two persons in such election district who shall have the highest number of votes next to the two inspectors so elected. And no ballot for inspector shall be counted upon which more than two names shall appear. Not more than two inspectors for one district shall belong to the same political party. The poll clerks and ballot clerks in each election district shall be ap-

pointed by the inspectors of election as provided for in the new election code, and the several amendments thereto, the provisions of which are hereby declared to be applicable to said city.

Sec. 5. Section fifteen of said act is hereby amended so as to read as follows:

Sec. 15. In case any such inspector of election in said city shall not be chosen or appointed as provided for in the preceding section, or in case of the death, inability or refusal of any such inspectors to act or of his ceasing to be a resident of the election district for which he was appointed or elected, the common council must thereafter appoint another in his or their place by viva voce vote, and the person or persons thus appointed shall be inspector or inspectors of the election district for which he or they was or were so appointed.

Sec. 6. Section sixteen of said act is hereby amended so as to read as follows:

Sec. 16. The conduct of elections, the duties of inspectors of elections, poll clerks and ballot clerks in and of said city shall be the same as provided for by the election code of the state of New York and the several amendments thereto, the provisions of which in respect thereto are hereby declared applicable to said city.

Sec. 7. Section seventeen of said act is hereby amended so as to read as follows:

Sec. 17. The ballots and ballot-boxes to be used at the charter elections of said city shall be the same as provided for by the election code of the state of New York and the amendments thereto, the provisions of which in respect thereto, are hereby declared to be applicable to said city. The common council shall provide such ballot-boxes for each ward or election district, with locks and keys, as are required by the provisions of the election code and the amendments thereto.

Sec. 8. Subdivision seven of section forty of said act is hereby amended so as to read as follows:

To regulate and prevent the use and encumbering of streets, avenues, walks, public squares, lanes, alleys, bridges, aqueducts, wharves, basins or slips in any manner whatever; to regulate the opening of street surfaces and connections with sewers, and the laying of gas, water pipes and mains and sewer connections; to regulate and control the erection, construction, laying, stringing, maintaining and removing of all wires, cables, poles, conduits and subways, upon, over and under the streets, avenues, lanes, squares, parks, bridges, aqueducts, and public places within said city; to prevent injury to public and private property and premises within said city and to cause all buildings, dwellings and business places to be numbered or renumbered on any and all streets, squares, avenues, parks, places, courts and alleys in said city at the cost and expense of the owner thereof; to regulate the exhibition and distribution of advertisements or handbills within said city.

Sec. 9. Subdivision twenty-one of section forty of said act is hereby amended so as to read as follows:

To license, regulate and control scavengers, chimney sweeps, expressman, cartmen, porters, hack, cab, truck, omnibus and stage owners and drivers, and the owners and drivers of all vehicles used for hire in the city of Rochester, for the transportation of passengers and merchandise, goods or articles of any kind, and to require the owners of all such carts, carriages and vehicles, to mark the same in such manner as the common council may designate, and fix the rates of compensation to be taken by them; to license and regulate sextons and undertakers for burying the dead; to license and regulate butchers,

hawkers, peddlers, common criers, (bill posters) and runners for stages, railroads, taverns or other houses, junk shop dealers, pawnbrokers and dealers in second-hand articles, and the business of pawnbrokerage; to prescribe the terms and conditions upon which any such license shall be granted, and to prohibit all unlicensed persons from acting in such capacities, and to exact a license fee aforesaid, in such an amount as the common council shall deem reasonable, not exceeding, however, five-hundred dollars per year from any pawnbroker, and not exceeding fifty dollars a year from any other of the persons above enumerated, except that a fee, of, not exceeding ten dollars, for each wagon, carriage or vehicle used in any of the business aforesaid may be charged for any one year; to license and regulate bill posters and bill distributors, and sign advertising, and to prescribe the terms and conditions upon which any such license shall be granted, and to prohibit all unlicensed persons from acting in such capacity, and to exact a license fee aforesaid, in such an amount as the said common council shall deem reasonable, not exceeding, however, three hundred dollars per year.

Sec. 10. Section onehundred and sixty-four of said act is hereby amended so as to read as follows:

Sec. 104. In every case where a street in said city has been or shall be encroached upon by any fence, building or otherwise the executive board may cause the same to be surveyed and the extent of such encroachment ascertained and may, by resolution, specifying the nature of such encroachment and the extent thereof, require the owner or owners, if known, and if unknown, the occupant or occupants of the premises so encroaching or adjoining such encroachment, to remove the same within such time as shall be specified in such resolution which time shall not be less than ten days from the service of such resolution as hereinafter provided. A copy of such resolution shall be served on the owner or owners of the premises so encroaching or adjoining such encroachment, if he or they live in said city, personally or by leaving a copy of such resolution at his or their residence with some person of suitable age and discretion; if such owner or owners do not live in said city, but have an agent living in said city, whose appointment is in writing and whose name is entered in a book to be kept by the city clerk for that purpose, then a copy of such resolution shall be served on such agent personally, or at his residence, by leaving the same with some person of suitable age and discretion; if such non-resident owner does not have such an agent then a copy of such resolution may be served on any tenant in possession of said premises, and a copy thereof shall also be sent by mail addressed to such owner or owners at his or their residence, if the same is known or can be ascertained with reasonable diligence; and if there be no such tenant, service by mail alone, as aforesaid, shall be sufficient; if there be no tenant in possession and the owner or owners of such lands, or his or their residence, be unknown and can not be ascertained with reasonable diligence, then such service may be made by posting a copy of such resolution in a conspicuous place upon the premises encroaching or adjoining such encroachment. The service aforesaid shall be made by such person as said board may direct. If such removal shall not be made within the time specified in such resolution the owner or occupants of said premises shall forfeit and pay to said city the sum of five dollars for each and every day that such encroachment shall continue unremoved after the time mentioned in said resolution for removing the same. And the

said board may remove, or cause to be removed, such encroachments, and may collect of such owner or occupant all reasonable charges therefor, with costs, in any court having jurisdiction of civil actions, and upon a judgment rendered in such action execution may issue against the person of the defendant in said action. No encroachment upon any street, alley or lane of said city, however long continued, shall constitute an adverse possession to or confer any rights upon the person or persons claiming thereunder as against said city. This section and the last preceding section shall apply to alleys as well as streets.

Sec. 11. Section one hundred and seventy is hereby amended so as to read as follows:

Sec. 170. Whenever by order of the common council any new street or alley shall be laid out, opened or worked in said city, or any sewer, tunnel, drain, vault or bridge shall be extended to and beyond the city limits, or any other public improvement is to be made, it shall be the duty of the common council to determine what portion, if any, of the expense ought to be paid from the public treasury, and what portion, if any, ought to be paid by a local assessment, and to direct that the whole expense to be paid by a local assessment be assessed upon all the lots and parcels of land to be benefited thereby, in proportion to the benefit which each will derive therefrom. The common council may maintain, improve, embellish and protect any public park, square or area in said city, and grade, sewer and pave the streets and alleys, and make, grade and improve sidewalks about the same, or any part thereof. And they may cause the whole expense thereof to be assessed upon all the lots and parcels of land where the parks, squares or areas are situated in proportion to the benefit which each lot or parcel will derive therefrom. It shall be lawful for the common council to borrow, from time to time, by the issue of bonds bearing such rates of interest as it may deem proper to effect a sale thereof, not exceeding six per centum per annum, at not less than par, for such period as said common council may determine, not exceeding ten years, such sums as may be necessary to pay all costs, disbursements and other expenses incurred or to be incurred on account of work, labor, materials and local improvements heretofore or hereafter performed or furnished, or constructed, not in conflict with the provisions of any contract, however, therefor, under and by virtue of ordinances duly adopted as provided in this charter, the expense whereof is to be afterwards collected wholly or in part by assessment from the property benefited by such improvement, but no moneys shall be paid out of the proceeds of said bonds except upon a certificate in writing from the head of the department having charge of such work stating that a payment is due and the amount of such payment. All assessments heretofore or hereafter made or collected for local improvements shall be paid into a fund to be known as the "local improvement fund" to be applied toward the redemption of the bonds issued in pursuance of this section and the payment of any orders that may be issued in pursuance of any contracts heretofore entered into for any local improvements.

Sec. 12. Section two hundred and forty-five is hereby amended so as to read as follows:

Sec. 245. It shall be the duty of each of said judges to hold a court in and for the city of Rochester, to be called the municipal court of the city of Rochester. Each of said judges may hold a separate court at the same time. Said court shall be open for business each day (Sundays and legal holidays except-

ed), at nine o'clock in the forenoon and continue open during reasonable hours for the transaction of business, and shall have jurisdiction in civil action and proceedings, and criminal proceedings, as follows:

1. In all civil actions and proceedings cognizable by law, by justices of the peace or justices' courts of towns or formerly of said city.

2. In actions arising on contracts, express or implied, including any order, decision or judgment of any court of record, or a judge thereof, granting or directing the payment of any sum of money to any party or person for the recovery of money only, if the amount for which judgment is claimed, does not exceed one thousand dollars, exclusive of costs and also in actions for breach of contracts express or implied, where the damages claimed and for which judgment is demanded in the complaint do not exceed one thousand dollars, exclusive of costs.

3. In a matter of account, when the sum total of the accounts of both parties, proved to the satisfaction of the court, does not exceed one thousand dollars.

4. In actions for damages for injury to rights pertaining to the person or to personal or real property, or for the conversion of personal property, if the amount for which judgment is demanded in the complaint, exclusive of costs, does not exceed one thousand dollars besides costs.

5. In an action for a penalty or penalties where the amount for which judgment is demanded in the complaint, exclusive of costs, does not exceed the sum of one thousand dollars besides costs.

6. In an action upon a bond or undertaking conditioned for the payment of money, where the amount for which judgment is demanded in the complaint, exclusive of costs, does not exceed one thousand dollars, though the penalty exceed that sum, the judgment to be given for the sum actually due. Where payments are to be made by installments, an action may be brought for each installment as it becomes due.

7. In an action upon a surety bond or undertaking taken by said court, or one of the judges thereof, or a justice's court or a justice of the peace or any other court, or judge, or justice, except where it is otherwise specially provided by law, when the amount for which judgment is demanded in the complaint, exclusive of costs, does not exceed the sum of one thousand dollars.

8. In an action upon a judgment rendered in a court of record, or not of record, including said municipal court, a justice of the peace or the police justice of said city, where such action is not prohibited by the code of civil procedure.

9. To take and enter a judgment on the confession of a defendant, when the amount confessed, exclusive of costs, shall not exceed one thousand dollars. Such confession to be in the manner prescribed by section three thousand and eleven of the code of civil procedure, and to have the same effect as is provided by section three thousand and twelve of said code.

10. In an action for damages for fraud in the sale, purchase or exchange of real or personal property, if the amount for which judgment is demanded in the complaint, exclusive of costs, does not exceed one thousand dollars.

11. In an action commenced by an attachment of property, as now provided by statute, if the amount for which judgment is demanded in the complaint, if one be served with the summons, exclusive of costs, or the debt or damage claimed in the affidavit does not exceed the sum of one thousand dollars.

12. In an action to recover the possession of personal property claimed, the value of which as stated in the affidavit by or on behalf of the plaintiff where a requisition is issued in the action, or in other case in the complaint, shall not exceed the sum of one thousand dollars, the same proceedings to be had as are provided for justices' courts by article fifth of title two of chapter nineteen of the code of civil procedure, except as is otherwise specified in this act.

13. In summary proceedings under title two of chapter seventeen of the code of civil procedure, to recover, the possession of real property, and to remove tenants and others, the process to be made returnable and proceedings and judgment to be had and given before and by said court by its proper title.

14. In actions or proceedings under the code of civil procedure, or any statute as now existing, or that may hereafter be amended or passed, for the protection or enforcement of the liens of mechanics and others, including article second of title two of chapter fourteen of said code, where the amount of the lien does not exceed the sum of one thousand dollars; the same proceedings to be had as are or may be provided by said code or statutes.

15. In proceedings in cases of bastardy, brought or instituted by the overseer of the poor or acting overseer, or the mayor, or one of the aldermen of said city of Rochester. The court in such bastardy proceedings and at any stage thereof, except during the final examination and determination, may be held by one of the judges of said court, and said judges may alternate in such proceedings, except during the final examination and determination, when the said court shall be held by both judges, or in case of the absence or inability to act, by reason of being occupied with other official duties, or other cause, of either of said judges, by the other judge and the police justice of said city, or one of the justices of the peace of a town within the county of Monroe. In case of any adjournment being had in said proceedings, and the defendant failing to give an undertaking or security for such adjournment, as provided by section eight hundred and forty-nine of the code of criminal procedure, he shall be committed to the county jail of Monroe county during such adjournment, by a commitment signed by the judge or judges then holding said court, and he may be taken therefrom at or before said adjourned time by any peace officer, by an order issued by one of the judges of said court, directed to the keeper of the said jail, and produced before said court for the purposes of examination or further adjournment, as may then be had. Any number of adjournments may be had in said proceedings, and the same may be for any length of time. The undertaking or security to be given upon an adjournment, shall be signed by two sufficient sureties and shall be to the effect that the defendant will appear before the said court at the adjourned time and such other time or times to which adjournments may be had for the purposes of the examination and determination, and will render himself amenable to any process, order or commitment that may be issued or made in such proceedings. In case the defendant be adjudged to be the father of any bastard child or children, in any such bastardy proceedings, and he shall fail to pay the costs and give an undertaking for the support of such child or children, and its or their mother, or said defendant's appearance at the next court of sessions of Monroe county, as provided by section eight hundred and fifty-one of said code of criminal procedure, the magistrates composing the court, or

either of them, must, by warrant, commit such defendant to the Monroe county penitentiary, there to remain until he be discharged by the said court of sessions, or deliver an undertaking for the support of said child or mother as aforesaid. In all other respects, the proceedings to be had or taken in any such bastardy proceedings, instituted in said court, shall conform to the provisions of the said code of criminal procedure relating to proceedings respecting bastardy. Every warrant or commitment issued after this section as amended takes effect shall, instead of committing the defendant to the county jail, commit him to said Monroe county penitentiary, where it is issued by any judge or justice aforesaid, or out of or by virtue of the order or judgment of the court of sessions of Monroe county, upon any appeal taken thereto in any proceedings respecting bastardy instituted by the overseer of the poor of said city.

16. The judges of said court shall have power to remove any constable of any ward of said city upon the same complaint as is provided by law for the removal of any constable of a town. The said judges shall associate together to hear and determine the same, except that where one of the judges is absent, or unable to act from any cause, the police justice of said city, or one of the justices of a town within the county of Monroe, may be associated with said remaining judge for said purpose, and the same proceedings shall be had by and before them as are provided by law to be had by and before three justices of the peace of town for the removal of a constable.

17. The judges of said court are hereby respectively authorized and empowered to solemnize the rites of marriage.

Sec. 13. Section two hundred sixty-five is hereby amended so as to read as follows:

Sec. 265. The police justice of said city shall have jurisdiction in any suit brought for a penalty or forfeiture given for a violation of any city ordinance, or of the laws concerning the internal police of the state, and is hereby empowered to hold courts of special sessions for the trial of all offenses triable in a court of special sessions. Every court of special sessions held by said police justice, or by one of the judges of the municipal court of said city, or the mayor, or one of the police commissioners or aldermen in the place of said police justice, as is provided by section two hundred and sixty-seven of this act, shall, subject to the power of removal, provided for in chapter one, of title six, of part one, of the code of criminal procedure, have exclusive jurisdiction to hear, try and determine all charges of misdemeanor and other offenses or crimes punishable as such, as are defined by section fifty-six of the code of criminal procedure, or other statute now or hereafter passed, where the offense has been committed within the city of Rochester, and of petit larceny committed as a second offense within said city, and the complaint has been made to said police justice, or one of the officers acting in his place, or one of the judges of the municipal court; and the said police justice, or other officer acting in his place, shall have power to impose any sentence, punishment, fine, imprisonment, or both, as is provided in such cases by the provisions of the penal code or by the special statutes of this state. The board of police commissioners shall have power to appoint, from time to time, a stenographer, who shall perform such duties as they shall, from time to time, require of him. The police magistrate, or person acting in his stead, shall

have power to require such stenographer to take evidence in all criminal cases or proceedings pending before him; and shall have power to require such stenographer to transcribe his short-hand notes, and deliver to the district attorney of the county of Monroe a copy of such transcript; and shall have power to require such stenographer to transcribe his notes and deliver a copy thereof to the defendant in any action, upon the payment to the clerk of such police court of the sum of ten cents per folio for each folio of such transcript. The salary of such stenographer shall be fixed by said board of police commissioners, and shall be paid in the same manner in which the salary of the police clerk is now paid. In any action brought for the violation of any ordinance, or of the laws concerning the internal police of the state as aforesaid, a trial by jury may be had upon the demand of either party, made before the actual commencement of such trial, and such trial shall be conducted in the manner provided for trials by jury in justices' courts by the code of civil procedure, and the jurors summoned, as well as those acting or sitting upon the trial, and the officer executing the venire and attending the jury, which officer may be one of the members of the police force of said city, to be nominated by said police justice, shall be entitled to the fees allowed by law to jurors and constables for similar services in trials by jury before justices of the peace or justices' courts, and which fees shall be paid to the said police justice for the purposes aforesaid by the party demanding such jury trial, at the time such demand is made, and upon the failure to pay the same, such demand for a trial by jury shall be disregarded, but the fees allowed to said officer, if he be one of the members of said police force of said city, for summoning or attending upon such jury, shall be retained by the police clerk and be paid by him to the treasurer of said city to the credit of the contingent fund. The municipal court of said city shall also have jurisdiction of all suits brought for a violation of any regulation, by-law or ordinance passed, enacted or adopted by the common council, board of health, or executive board of said city, where the sum for which judgment is demanded in the complaint does not exceed five hundred dollars, exclusive of costs; provided the same be instituted by or under the direction of the city attorney, or said common council, board of health or executive board.

Sec. 14. This act shall take effect immediately.

AN ACT to amend chapter fourteen of the laws of eighteen hundred and eighty, entitled "An act to further amend chapter one hundred and forty-three of the laws of eighteen hundred and sixty-one, entitled 'An act to amend and consolidate the several acts in relation to the charter of the city of Rochester,'" and to consolidate therewith the several acts in relation to the charter of said city," and the several acts amendatory thereof and supplementary thereto.

The people of the state of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Subdivision 19 of section forty of chapter fourteen of the laws of eighteen hundred and forty-three of the laws of eighteen hundred and sixty-one entitled "An act to amend and consolidate the several acts in relation to the charter of the city of Rochester" and to consolidate therewith the several acts in relation to the charter of said city" and the several acts amendatory thereof and supplementary thereto is hereby amended so as to read as follows:

To establish, order and regulate markets; to regulate the vending of wood, coal and other fuel, meats, vegetables, fruits, fish, poultry, milk and provisions of all kinds, and to prescribe the time and place for selling the same, and for ascertaining the weight or other quality thereof, and to prescribe the fees to be paid for licenses for the sale of the aforesaid commodities; such license fees not to exceed fifty dollars from any person so licensed, except that a license fee not exceeding thirty dollars for a wagon drawn by two horses, and not exceeding twenty-five dollars for a wagon drawn by one horse, may be exacted, and to prevent the sale or exposure for sale of unwholesome, diseased, impure or adulterated meats, vegetables, fruit, fish, poultry, milk and food provisions of all kinds, and the board of health may appoint from time to time, and at pleasure remove, a competent person and fix his salary, to be paid out of the health fund, whose duty it shall be to test and inspect all meats, vegetables, fruit, fish, poultry, milk, food and provisions of all kinds, sold, or offered for sale, whenever the sale thereof is regulated by ordinance, for the purpose, and to prevent the sale or exposure for sale of all the aforesaid unwholesome, diseased, impure or adulterated commodities, and any of such commodities not of the standard or character fixed by any statute now or hereafter passed, before being offered or exposed for sale, but provided that nothing herein contained shall authorize the Common Council to prevent the sale of fresh and wholesome meats by the quarter, within the limits of said city, by farmers who have raised and fattened the same upon their own farms.

To regulate and license the sale of clothing, boots, shoes and all other commodities not hereinbefore mentioned, to prescribe the terms and conditions upon which such license shall be granted, to prohibit all unlicensed

persons from engaging in the sale of such last mentioned commodities and to prescribe such license fees to be paid for the sale of any of the aforesaid last mentioned articles as in their judgment said common council shall deem reasonable, not exceeding, however, the sum of five hundred dollars a year.

By Ald. Dewey—Resolved, That the proposed amendment to subdivision 19 of section forty of the city charter relating to the power of the Common Council to license markets, etc., be referred to the Law Committee, to report back at the next regular meeting of this council.

Also, Petition for sprinkling Richard street. Referred to Surveyor to prepare an ordinance.

By Ald. Dewey—

PETITION.

To the Honorable, the Common Council of the City of Rochester :

The undersigned, representing twenty-seven (27) organizations, with a total membership of three thousand two hundred and sixty-seven (3,267), beg leave to lay before your honorable body the following facts regarding the unemployed of this city.

As the result of a careful investigation, we find that of eight hundred (800) masons in the city, five hundred and sixty-five (565) are unemployed; of one thousand six hundred (1,600) carpenters in the city, one thousand one hundred and seventy-five (1,175) are unemployed. In addition to those entirely out

of employment, many are working on such short time that they are unable to earn enough to support themselves and their families.

The figures above cited show that fully seventy-five per cent of these men in the building trades are not working. It is true that a large number of this class of workmen are usually out of employment at this season of the year, but the number unprovided with work is very much greater this year than in ordinary seasons. It must be borne in mind that the members of these trades can only work part of the year, and by the earnings of these months must make provision for the usual winter idleness. Last year, owing to the business depression, the amount of work was exceptionally small and few mechanics were able to make their customary provision for the winter. A large proportion of them are already out of money and dependent upon credit for their daily supplies. Many have been compelled to receive assistance from the organizations to which they belong, but the funds of these organizations are insufficient to support their needy members for any length of time, and unless work of some kind can soon be obtained many of the men will be obliged to ask assistance from the city, which they have not hitherto done. If there were a prospect of early employment from the ordinary channels of private enterprises the situation would be much improved, but the usual amount of building is not being projected. The authorities in many cities are endeavoring to relieve the distress by undertaking needed public works, beginning them soon that they would otherwise have done so that immediate employment may be furnished.

In view of the existing conditions as above stated, we earnestly recommend to the consideration of your honorable body the advisability of beginning at as early a date as possible any public works which in your opinion are needed by the city. By so doing you will promote the city's interest and aid the unemployed.

Respectfully submitted,

SAMUEL FORBES, and Others.

Ordered received, filed and published.

By Ald. McMillan—Resolved, That in view of the fact that a large number of skilled mechanics, belonging to the building trades, are now, and for a long time have been, out of employment, and on account of the crowded condition of the city hall, and the inadequate provision of the police department therein, this council deems it necessary and advisable that immediate steps be taken, looking toward the erection of a new central police station, and at least two precinct houses, one of which to be located on each side of the river; and it is further,

Resolved, That a committee of this council, to consist of eight members, to be appointed by the chairman, with instructions to investigate and report upon a suitable site for such central station, and also upon a suitable site for such precinct houses; that said committee be, and they are hereby, authorized and empowered to employ an architect and have plans prepared, and report to this council for its approval.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth—17.

Nays—Ald. Johnston—1.

Ald. Dewey moved that the matter of the petition of the several organizations introduced by him be referred to said special committee. Carried.

By Ald. McMillan—Resolved, That the special committee appointed for the purpose of revising the penal ordinances be, and it is hereby, directed to provide in such revision for the collection of all license fees by the police department of the city, and the payment thereof into a fund to be created for the purpose of paying the interest upon the cost of the construction of the central police station, and such precinct houses as may hereafter be erected.

Upon motion of Ald. McMillan, laid on the table until the next regular meeting.

By Ald. Pauckner—Resolved, That the city clerk be, and he hereby is, directed to draw an order payable from the contingent fund in favor of Thomas McMillan for sixty-six dollars and fifty cents (\$66.50), as per annexed bill, being for expenses paid on the recent trip of sub-committee of the Finance Committee to New York city for the purpose of negotiating loans.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Cahilan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forstth—18.

By Ald. Pauckner—Resolved, That the clerk draw an order upon the treasurer, payable from the contingent fund, in favor of the following named party, and for the sum and purpose, viz: George L. Mattison, for fourteen dollars, for serving notice of application for appointment of commissioners of appraisal in the matter of the construction of a sewer from South avenue to Elmwood avenue, to the corner of South Clinton and South Goodman streets, in the city of Rochester, under final ordinance No. 5,262, and that the treasurer pay said sum from the contingent fund, and charge and carry said sum to the fund for the construction of said sewer, when created.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Cahilan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forstth—18.

By Ald. Simmelink—Petition of residents of North St. Paul street, with reference to defraying the expense of sweeping and cleaning said street. Referred to Finance Committee.

REPORTS OF STANDING COMMITTEES.

By Ald. Aikenhead—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your map and survey committee have had under consideration for some weeks the surveying of the old fifteenth and sixteenth wards, as suggested by the City Surveyor. In the opinion of your committee, this work is very important and should be done at once. The problem that presented itself for our solution was the best way to do the work for the interests of the city, as well as from a financial standpoint. The City Surveyor holds that the work can best be done in his office, but after many meetings your committee is of the opinion that this is not wise, and is not an advisable way to do the work.

It is a self-evident fact that the office of the City Surveyor is over-crowded with work and that more room is urgently needed to properly perform the present work of the office, without any additional burden being added. To survey the old fifteenth and sixteenth wards with the present working force of the office is an impossibility. To do it at all from this office would require much additional help, more room and extra office

rent at a high figure. Again, the Surveyor has all the work he ought to be asked to perform in properly looking after the general work of his office; preparing ordinances for opening and improving of streets, building new sewers, bridges, etc., and the general supervision of all the multitude of work intrusted to his care. From the standpoint of your committee, it would be fatal to the interests of our city to add new burdens to this office.

Work of this nature, so great in its importance to every citizen and taxpayer, should be let by contract to competent men, upon competitive bids based upon specifications prepared by the City Surveyor, for the same general reasons that all public work is let in this way.

The work, however done, should be done by a competent land surveyor of experience in Rochester city work.

Your committee has consulted with many competent surveyors and civil engineers upon the matter intrusted to its care, and would recommend that the map and survey committee be instructed to advertise for bids for the survey of the old fifteenth and sixteenth wards, upon specifications to be prepared by the City Surveyor, and that the contract for said work be let to the lowest bidder, providing said bidder is a competent land surveyor, is prepared to furnish the necessary bonds and perform the work as specified in the contract.

All of which is respectfully submitted.

J. M. AIKENHEAD,
ALVIN H. DEWEY,
JOHN F. FOX,
M. B. ADAMS,
WILLIAM H. TRACY.

Map and Survey Committee.

Ordered received, filed and published.

By Ald. Aikenhead—Resolved, That the Map and Survey Committee be, and it hereby is directed to advertise for bids for the survey of the old fifteenth and sixteenth wards, upon specifications to be prepared by the City Surveyor and approved by the Map and Survey Committee and to let said work to the lowest competent land surveyor bidding as in their judgment may be for the best interest of the city, and the Mayor is hereby directed to execute a contract for said work when requested by the Map and Survey Committee.

Adopted.

By Ald. Lewis—

An election shall be held in each ward annually on the Tuesday next after the first Monday in March at such places as shall be designated by the common council, of which a notice shall be published by the city clerk for at least six days previous to the election, in all the daily newspapers of the city, at which election there shall be chosen by the electors of the city, voting in their respective wards, as often as the terms of office of the then incumbent shall expire, within the year after such election, one mayor, who shall hold his office for two years; one police justice, who shall hold his office for four years; one treasurer, who shall hold his office for two years; and also, by the electors of each ward, one supervisor, whose term of office shall be the same as that of the supervisors from the towns of Monroe county, and the terms of office of the supervisors now in office in said city shall end at the same time as the terms of town supervisors now in office; one constable, who shall hold his office for one year; and at the election held on the Tuesday after the first Monday in March, eighteen hundred and ninety-four, there shall also be chosen by the electors of the fourth ward and of all the odd wards, except the third ward, one alderman and one commissioner of public schools, from each of said wards, and at the election held on the Tuesday after the first Monday in March, eighteen hundred and ninety-five, one alderman and one commissioner from the third ward and all the even wards, except the fourth ward; each of which shall hold his office for two years, and thereafter aldermen and commissioners of common schools

shall be elected for two years as the terms expire of those elected from the respective wards. The aldermen and commissioners of common schools now in office shall continue to hold office as representing the territory from which they were elected, notwithstanding the change of ward numbers until their terms of office shall severally expire. The city treasurer shall not be entitled to enter upon his office until he shall have executed and filed with the mayor, a bond in the penal sum of fifty thousand dollars, or such other sum as the common council may have fixed, with good and sufficient sureties, approved by the mayor, in writing, thereon, and conditioned for the faithful performance of all his duties as treasurer, and of all the duties imposed upon him by law, in respect to the money, property and affairs of the said city. The execution of such a bond by the treasurer and sureties, shall be duly acknowledged or approved, so as to entitle it to be read in evidence, and it shall be the duty of the mayor to cause such bond to be recorded in the Monroe county clerk's office, and a copy of such bond, as so recorded, certified by the said county clerk, shall be as good evidence in all courts and places as the original bond, which shall be safely kept by the mayor, after being recorded as aforesaid. Not less than thirty days after the passage of this act, and in every second year thereafter, the mayor shall appoint an auditor, whose term of office shall be for two years, or until his successor shall have been duly appointed and qualified. The said auditor shall enter upon his duties on the first Monday in May after his appointment. The said auditor shall not be entitled to enter upon his office until he shall have executed and filed with the mayor of said city a bond in the penal sum of five thousand dollars, or such other sum as the common council shall fix with sufficient sureties, approved by the mayor, in writing, conditioned for the faithful performance of his duties, as such auditor, and the duties imposed upon him by law. The said auditor shall receive a salary not to exceed three thousand dollars per annum, payable monthly, as other city officers are paid, such salary to be fixed by the common council annually, as other salaries are fixed. In shall be his duty to examine and pass upon all debts, demands and claims against said city, and each and every of its boards, officers and agents, including the board of education and the executive board of said city, before the same shall be ordered paid, and he shall keep a book, in which shall be recorded an account of each debt, demand and claim presented to him, and the sum allowed upon each, and he shall render to the common council, the board of education or executive board, detailed monthly reports of all such debts, demands and claims presented to, and allowed by him, as aforesaid, and all bills, dues and demands contracted or incurred during the preceding months, which have been presented to him for audit aforesaid, and except as otherwise provided by law, and except the fixed salaries of officers paid by the city, no debt, demand or claim payable from the city treasury, shall be paid, except the same is passed upon by said auditor and certified by him to the body, board or officer whose duty it shall be to pay the same, and if he objects to any debt, demand or claim, in whole or in part, such objection shall be by him presented in writing to said bodies, officers and boards, respectively, whose duty it shall be to investigate the grounds of such objection before finally auditing or determining the matter of disposal thereof. Provided, however, that said auditor may weekly examine and pass upon by items any state-

ment of claims, dues or demands for labor performed, which shall be certified to him for audit by said executive board, and upon such audit by the auditor, certified by him, under his hand, to such board, a sum or sums not exceeding, in the aggregate, five thousand dollars in any one week, may be drawn by the clerk of said board by orders or warrants made directly upon the city treasurer, who shall pay the same, when there are funds for the purpose, as is provided by section one hundred and forty-eight of this charter, as amended in eighteen hundred and ninety. Said auditor may examine on oath, to be administered by him, any person, firm or corporation who presents an account, claim, due or demand, touching the validity of such account, claim, due or demand, and false swearing during such examination, shall be deemed willful perjury, and punishable as such, and said auditor shall not audit such account, claim, due or demand where such person, firm or corporation, or the duly authorized agent or officer thereof, presenting the same shall refuse to submit to such an examination and oath. The said auditor shall make to the mayor and common council of said city, at the last meeting thereof in each fiscal year, a report, in writing, embracing a summary of the business transacted in his office during the preceding year.

Sec. 4. Section fourteen of said act is hereby amended so as to read as follows:

Sec. 14. Three inspectors of election for each ward or election district in said city shall be elected at each annual charter election. The electors of each election district in said city shall be entitled to vote by ballot on the same ticket with other charter officers, for two electors residing in such election district to be inspectors of election for said district, and the two persons in each district receiving the greatest number of votes shall be two of the inspectors of election for such district at all elections to be held therein during the ensuing year. The board of inspectors of election in each of said election districts shall, immediately after the votes of such charter election shall be canvassed, appoint in writing, subscribed by a majority of said board, another inspector of election for each election district, to be associated with said two inspectors so elected, and who shall thereupon be one of the inspectors of election of such district. Such inspector shall be selected from the two persons in such election district who shall have the highest number of votes next to the two inspectors so elected. And no ballot for inspector shall be counted upon which more than two names shall appear. Not more than two inspectors for one district shall belong to the same political party. The poll clerks and ballot clerks in each election district shall be appointed by the inspectors of election as provided for in the new election code, and the several amendments thereto, the provisions of which are hereby declared to be applicable to said city.

Sec. 5. Section fifteen of said act is hereby amended so as to read as follows:

Sec. 15. In case any such inspector of election in said city shall not be chosen or appointed as provided for in the preceding section, or in case of the death, inability or refusal of any such inspectors to act or of his forsaking to be a resident of the election district for which he was appointed or elected, the common council must thereafter appoint another in his or their place by viva voce vote, and the person or persons thus appointed shall be inspector or inspectors of

the election district for which he or they was or were so appointed.

Sec. 6. Section sixteen of said act is hereby amended so as to read as follows:

Sec. 16. The conduct of elections, the duties of inspectors of elections, poll clerks and ballot clerks in and of said city shall be the same as provided for by the election code of the state of New York, and the several amendments thereto, the provisions of which in respect thereto are hereby declared applicable to said city.

Sec. 7. Section seventeen of said act is hereby amended so as to read as follows:

Sec. 17. The ballots and ballot-boxes to be used at the charter elections of said city shall be the same as provided for by the election code of the state of New York and the amendments thereto, the provisions of which in respect thereto, are hereby declared to be applicable to said city. The common council shall provide such ballot-boxes for each ward or election district, with locks and keys, as are required by the provisions of the election code and the amendments thereto.

Sec. 8. Subdivision seven of section forty of said act is hereby amended so as to read as follows:

To regulate and prevent the use and encumbering of streets, avenues, walks, public squares, lanes, alleys, bridges, aqueducts, wharves, basins or slips in any manner whatever; to regulate the opening of street surfaces and connections with sewers, and the laying of gas, water pipes and mains and sewer connections; to regulate and control the erection, construction, laying, stringing, maintaining and removing of all wires, cables, poles, conduits and subways, upon, over and under the streets, avenues, lanes, squares, parks, bridges, aqueducts, and public places within said city; to prevent injury to public and private property and premises within said city and to cause all buildings, dwellings and business places to be numbered or renumbered on any and all streets, squares, avenues, parks, places, courts and alleys in said city at the cost and expense of the owner thereof; to regulate the exhibition and distribution of advertisements or handbills within said city.

Sec. 9. Subdivision twenty-one of section forty of said act is hereby amended so as to read as follows:

To license, regulate and control scavengers, chimney sweeps, expressmen, cartmen, porters, hack, cab, truck, omnibus and stage owners and drivers, and the owners and drivers of all vehicles used for hire in the city of Rochester, for the transportation of passengers and merchandise, goods or articles of any kind, and to require the owners of all such carts, carriages and vehicles, to mark the same in such manner as the common council may designate, and fix the rates of compensation to be taken by them; to license and regulate sextons and undertakers for burying the dead; to license and regulate butchers, hawkers, peddlers, common criers, (bill posters) and runners for stages, railroads, taverns or other houses, junk shop dealers, pawnbrokers and dealers in second-hand articles, and the business of pawnbrokerage; to prescribe the terms and conditions upon which any such license shall be granted, and to prohibit all unlicensed persons from acting in such capacities, and to exact a license fee aforesaid, in such an amount as the said common council shall deem reasonable, not exceeding, however, five hundred dollars per year from any pawnbroker, and not exceeding fifty dollars a year from any other of the persons above enumerated, except that a fee of, not exceeding ten dollars, for each wagon, carriage or vehicle used in

any of the business aforesaid may be charged for any one year; to license and regulate bill posters and bill distributors, and sign advertising, and to prescribe the terms and conditions upon which any such license shall be granted, and to prohibit all unlicensed persons from acting in such capacity, and to exact a license fee aforesaid, in such an amount as the said common council shall deem reasonable, not exceeding, however, one hundred dollars per year.

Sec. 10. Section seventy-six of said act is hereby amended so as to read as follows:

Sec. 76. The city treasurer shall receive and deposit in one or more of the savings banks, or the trust and safe deposit companies in the city, of good standing, all moneys from the sale of lots and other sources, and also all penalties collected for violations of city ordinances in relation to Mount Hope, and shall pay all expenses incurred at Mount Hope, by making his check upon such savings banks, or the trust and safe deposit companies, which check in all cases shall be countersigned by two or more commissioners. The city treasurer may, under the direction and with the consent of said board of commissioners invest any of said moneys in bonds of the city of Rochester, county of Monroe, or state of New York.

Sec. 11. Section one hundred and sixty-four of said act is hereby amended so as to read as follows:

Sec. 164. In every case where a street in said city has been or shall be encroached upon by any fence, building or otherwise the executive board may cause the same to be surveyed and the extent of such encroachment ascertained and may, by resolution, specifying the nature of such encroachment and the extent thereof, require the owner or owners, if known, and if unknown, the occupant or occupants of the premises so encroaching or adjoining such encroachment, to remove the same within such time as shall be specified in such resolution which time shall not be less than ten days from the service of such resolution as hereinafter provided. A copy of such resolution shall be served on the owner or owners of the premises so encroaching or adjoining such encroachment, if he or they live in said city, personally or by leaving a copy of such resolution at his or their residence with some person of suitable age and discretion; if such owner or owners do not live in said city, but have an agent living in said city, whose appointment is in writing and whose name is entered in a book to be kept by the city clerk for that purpose, then a copy of such resolution shall be served on such agent personally, or at his residence, by leaving the same with some person of suitable age and discretion; if such non-resident owner does not have such an agent then a copy of such resolution may be served on any tenant in possession of said premises, and a copy thereof shall also be sent by mail addressed to such owner or owners at his or their residence, if the same is known or can be ascertained with reasonable diligence; and if there be no such tenant, service by mail alone, as aforesaid, shall be sufficient; if there be no tenant in possession and the owner or owners of such lands, or his or their residence, be unknown and can not be ascertained with reasonable diligence, then such service may be made by posting a copy of such resolution in a conspicuous place upon the premises encroaching or adjoining such encroachment. The service aforesaid shall be made by such person as said board may direct. If such removal shall not be made within the time specified in such resolution the owner or occupants of said premises

shall forfeit and pay to said city the sum of five dollars for each and every day that such encroachment shall continue unremoved after the time mentioned in said resolution for removing the same. And the said board may remove, or cause to be removed, such encroachments, and may collect or such owner or occupant all reasonable charges therefor, with costs, in any court having jurisdiction of civil actions, and upon a judgment rendered in such action execution may issue against the person of the defendant in said action. No encroachment upon any street, alley or lane of said city, however long continued, shall constitute an adverse possession to or confer any rights upon the person or persons claiming thereunder as against said city. This section and the last preceding section shall apply to alleys as well as streets.

Sec. 12. Section one hundred and seventy of said act is hereby amended so as to read as follows:

Sec. 170. Whenever by order of the common council any new street or alley shall be laid out, opened or worked in said city, or any sewer, tunnel, drain, vault or bridge shall be extended to and beyond the city limits, or any other public improvement is to be made, it shall be the duty of the common council to determine what portion, if any, of the expense thereof, ought to be paid from the public treasury, and what portion, if any, ought to be paid by a local assessment, and to direct that the whole expense to be paid by a local assessment be assessed upon all the lots and parcels of land to be benefited thereby, in proportion to the benefit which each will derive therefrom. The common council may maintain, improve, embellish and protect any public park, square or area in said city, and grade, sewer and pave the streets and alleys, and make, grade and improve sidewalks about the same, or any part thereof. And they may cause the whole expense thereof to be assessed upon all the lots and parcels of land where the parks, squares or areas are situated in proportion to the benefit which each lot or parcel will derive therefrom. It shall be lawful for the common council to borrow, from time to time, by the issue of bonds bearing such rates of interest as it may deem proper to effect a sale thereof, not exceeding six per centum per annum, at not less than par, for such period as said common council may determine, not exceeding ten years, such sums as may be necessary to pay all costs, disbursements and other expenses incurred or to be incurred on account of work, labor, materials, and local improvements heretofore or hereafter performed or furnished, or constructed, not in conflict with the provisions of any contract, however, therefor, under and by virtue of ordinances duly adopted as provided in this charter, the expense whereof is to be afterwards collected wholly or in part by assessment from the property benefited by such improvement, but no moneys shall be paid out of the proceeds of said bonds except upon a certificate in writing from the head of the department having charge of such work stating that a payment is due and the amount of such payment. All assessments heretofore or hereafter made or collected for local improvements shall be paid into a fund to be known as the "local improvement fund" to be applied toward the redemption of the bonds issued in pursuance of this section and the payment of any orders that may be issued in pursuance of any contracts heretofore entered into for any local improvements.

Sec. 13. Section two hundred and forty-one of said act hereby amended so as to read as follows:

Sec. 241. A court of civil jurisdiction, to be known as the "municipal court of the

city of Rochester," is continued and established in and for said city, with the jurisdiction and powers hereinafter provided, and the further jurisdiction and powers to have any and all process or papers issued by the clerk, deputy clerk, or one of the judges, executed and served anywhere within the county of Monroe, and all process and papers issued may be directed to and served by any constable of any ward within said city, or any town within said county, or by the sheriff of said county, or any of his deputies. The two judges of the said court now in office shall hold the said court in the said city as hereinafter provided.

Sec. 14. Section two hundred and forty-five of said act is hereby amended so as to read as follows:

Sec. 245. It shall be the duty of each of said judges to hold a court in and for said city of Rochester, to be called the municipal court of the city of Rochester. Each of said judges may hold a separate court at the same time. Said court shall be open for business each day (Sundays and legal holidays excepted), at nine o'clock in the forenoon and continue open during reasonable hours for the transaction of business, and shall have jurisdiction in civil actions and proceedings and criminal proceedings, as follows:

1. In all civil actions and proceedings cognizable by law, by justices of the peace or justices' courts of towns or formerly of said city.

2. In actions arising on contracts, express or implied, including any order, decision or judgment of any court of record, or a judge thereof, granting or directing the payment of any sum of money to any party or person for the recovery of money only, if the amount for which judgment is claimed, does not exceed one thousand dollars, exclusive of costs; and also in actions for breach of contracts, express or implied, where the damages claimed and for which judgment is demanded in the complaint do not exceed one thousand dollars, exclusive of costs.

3. In a matter of account, when the sum total of the accounts of both parties, proved to the satisfaction of the court, does not exceed one thousand dollars.

4. In actions for damages for injury to rights pertaining to the person or to personal or real property, or for the conversion of personal property, if the amount for which judgment is demanded in the complaint, exclusive of costs, does not exceed one thousand dollars besides costs.

5. In an action for a penalty or penalties where the amount for which judgment is demanded in the complaint exclusive of costs, does not exceed the sum of one thousand dollars besides costs.

6. In an action upon a bond or undertaking unconditioned for the payment of money, where the amount for which judgment is demanded in the complaint, exclusive of costs, does not exceed one thousand dollars, though the penalty exceed that sum, the judgment to be given for the sum actually due. Where payments are to be made by installments, an action may be brought for each installment as it becomes due.

7. In an action upon a surety bond or undertaking taken by said court, or one of the judges thereof, or a justice' court or a justice of the peace or any other court, or judge, or justice, except where it is otherwise specially provided by law, when the amount for which judgment is demanded in the complaint, exclusive of costs, does not exceed the sum of one thousand dollars.

8. In an action upon a judgment rendered in a court of record, or not of record, including said municipal court, a justice of the

peace or the police justice of said city, where such action is not prohibited by the code of civil procedure.

9. To take and enter judgment on the confession of a defendant, when the amount confessed, exclusive of costs, shall not exceed one thousand dollars. Such confession to be in the manner prescribed by section three thousand and eleven of the code of civil procedure, and to have the same effect as is provided by section three thousand and twelve of said code.

10. In an action for damages for fraud in the sale, purchase or exchange of real or personal property, if the amount for which judgment is demanded in the complaint, exclusive of costs, does not exceed one thousand dollars.

11. In an action commenced by an attachment of property, as now provided by statute, if the amount for which judgment is demanded in the complaint, if one be served with the summons, exclusive of costs, or the debt or damage claimed in the affidavit does not exceed the sum of one thousand dollars.

12. In an action to recover the possession of personal property claimed, the value of which as stated in the affidavit by or on behalf of the plaintiff where a requisition is issued in the action, or in other case in the complaint, shall not exceed the sum of one thousand dollars, the same proceedings to be had as are provided for justices' courts by article fifth of title two of chapter nineteen of the code of civil procedure, except as is otherwise specified in this act.

13. In summary proceedings under title two of chapter seventeen of the code of civil procedure, to recover the possession of real property, and to remove tenants and others, the process to be made returnable and proceedings and judgment to be had and given before and by said court by its proper title.

14. In actions or proceedings under the code of civil procedure, or any statute as now existing, or that may hereafter be amended or passed, for the protection or enforcement of the liens of mechanics and others, including article second of title two of chapter fourteen of said code, where the amount of the lien does not exceed the sum of one thousand dollars; the same proceedings to be had as are or may be provided by said code or statutes.

15. In proceedings in cases of bastardy, brought or instituted by the overseer of the poor, or acting overseer, or the mayor, or one of the aldermen of said city of Rochester. The court in such bastardy proceedings and at any stage thereof, except during the final examination and determination, may be held by one of the judges of said court, and said judges may alternate in such proceedings, except during the final examination and determination, when the said court shall be held by both judges, or in case of the absence or inability to act, by reason of being occupied with other official duties, or other cause, or either of said judges, by the other judge and the police justice of said city, or one of the justices of the peace of a town within the county of Monroe. In case of any adjournment being had in said proceedings, and the defendant failing to give an undertaking or security for such adjournment, as provided by section eight hundred and forty-nine of the code of criminal procedure, he shall be committed to the county jail of Monroe county during such adjournment, by a commitment signed by the judge or judges then holding said court, and he may be taken therefrom at or before said adjourned time by any peace officer, by an order issued by one of the judges of said court, directed to the keeper of the said jail,

and proceed before said court for the purposes of examination or further adjournment, as may then be had. Any number of adjournments may be had in said proceedings, and the same may be for any length of time. The undertaking or security to be given upon an adjournment, shall be signed by two sufficient sureties and shall be to the effect that the defendant will appear before the said court at the adjourned time and such other time or times to which adjournments may be had for the purposes of the examination and determination, and will render himself amenable to any process, order or commitment that may be issued or made in such proceedings. In case the defendant be adjudged to be the father of any bastard child or children, in any such bastardy proceedings, and he shall fail to pay the costs and give an undertaking for the support of such child or children, and its or their mother, or said defendant's appearance at the next court of sessions of Monroe county, as provided by section eight hundred and fifty-one of said code of criminal procedure, the magistrates composing the court, or either of them, must, by warrant, commit such defendant to the Monroe county penitentiary, there to remain until he be discharged by the said court of sessions, or deliver an undertaking for the support of said child or mother as aforesaid. In all other respects, the proceedings to be had or taken in such bastardy proceedings, instituted in said court, shall conform to the provisions of the said code of criminal procedure relating to proceedings respecting bastardy. Every warrant or commitment issued after this section as amended takes effect shall, instead of committing the defendant to the county jail, commit him to said Monroe county penitentiary, where it is issued by any judge or justice aforesaid, or out of or by virtue of the order or judgment of the court of sessions of Monroe county, upon any appeal taken thereon in any proceedings respecting bastardy instituted by the overseer of the poor of said city.

16. The judges of said court shall have power to remove any constable of any ward of said city upon the same complaint as is provided by law for the removal of any constable of a town. The said judges shall associate together to hear and determine the same, except that where one of the judges is absent, or unable to act from any cause, the police justice of said city, or one of the justices of a town within the county of Monroe, may be associated with said remaining judge for said purpose, and the same proceedings shall be had by and before them as are provided by law to be had by and before three justices of the peace of a town for the removal of a constable.

17. The judges of said court are hereby respectively authorized and empowered to solemnize the rites of marriage.

Sec. 15. Section two hundred sixty-five of said act is hereby amended so as to read as follows:

Sec. 265. The police justice of said city shall have jurisdiction in any suit brought for a penalty or forfeiture given for a violation of any city ordinance, or of the laws concerning the internal police of the state, and is hereby empowered to hold courts of special sessions for the trial of all offenses triable in a court of special sessions. Every court of special sessions held by said police justice, or by one of the judges of the municipal court of said city, or the mayor, or one of the police commissioners or aldermen in the place of said police justice, as is provided by section two hundred and sixty-seven of this act, shall, subject to the power of removal, provided for in chapter one, of title six, of part one, of the code of crim-

inal procedure, have exclusive jurisdiction to hear, try and determine all charges of misdemeanor and such other offenses or crimes punishable as such, as are defined by section fifty-two of the code of criminal procedure, or other statute now or hereafter passed, where the offense has been committed within the city of Rochester, and of petit larceny committed as a second offense within said city, and the complaint has been made to said police justice, or one of the officers acting in his place, or one of the judges of the municipal court; and the said police justice, or other officer acting in his place, shall have power to impose any sentence, punishment, fine, imprisonment, or both, as is provided in such cases by the provisions of the penal code or by the special statutes of this state. The board of police commissioners shall have power to appoint, from time to time, a stenographer, who shall perform such duties as they shall, from time to time, require of him. The police magistrate, or person acting in his stead, shall have power to require such stenographer to take the evidence in all criminal cases or proceedings pending before him; and shall have power to require such stenographer to transcribe his short-hand notes, and deliver to the district attorney of the county of Monroe a copy of such transcript; and shall have power to require such stenographer to transcribe his notes and deliver a copy thereof to the defendant in any action, upon the payment to the clerk of such police court of the sum of ten cents per folio for each folio of such transcript. The salary of such stenographer shall be fixed by said board of police commissioners, and shall be paid in the same manner in which the salary of the clerk is now paid. In any action brought for the violation of any ordinance, or of the laws concerning the internal police of the state as aforesaid, a trial by jury may be had upon the demand of either party, made before the actual commencement of such trial, and such trial shall be conducted in the manner provided for trials by jury in justices' courts by the code of civil procedure, and the jurors summoned, as well as those acting or sitting upon the trial, and the officer executing the venire and attending the jury, which officer may be one of the members of the police force of said city, to be nominated by said police justice, shall be entitled to the fees allowed by law to jurors and constables for similar services in trials by jury before justices of the peace or justices' courts, and which fees shall be paid to the said police justice for the purposes aforesaid by the party demanding such jury trial, at the time such demand is made, and upon the failure to pay the same, such demand for a trial by jury shall be disregarded, but the fees allowed to said officer, if he be one of the members of said police force of said city, for summoning or attending upon said jury, shall be retained by the police clerk and be paid by him to the treasurer of said city to the credit of the contingent fund. The municipal court of said city shall also have jurisdiction of all suits brought for a violation of any regulation, by-law or ordinance passed, enacted or adopted by the common council, board of health or executive board of said city, where the sum for which judgment is demanded in the complaint does not exceed five hundred dollars, exclusive of costs; provided the same be instituted by or under the direction of the city attorney, or said common council, board of health or executive board.

Sec. 16. This act shall take effect immediately.

By Aid. Lewis—Resolved, That the copy of the amendments to the charter accompany-

ing the report of the law committee, be, and the same are hereby approved in all respects, and that the senator and assemblymen of this district be, and they hereby are, requested to secure the immediate passage of said amendments and that the city clerk is hereby directed to certify to said representatives a true copy of said amendments.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE

By the Clerk—Communication from the surveyor with reference to an asphalt improvement on Scio street, from the N. Y. O & H. R. R. R. to German street.

Upon motion of Ald. Aikenhead, ordered received and filed.

By the Clerk—Notice in the matter of Percilla Hunter against the city of Rochester. Referred to Law Committee.

By Ald. H. G. Cook—

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, N. Y., Jan. 29, 1893.

To the Common Council:

The undersigned, members of the Executive Board, to whom was referred the matter of the proffered acceptance of Karges place, running east from South Clinton street, hereby certify that said Karges place has been properly graded, the street lines defined by monuments, and maps filed in the offices of the County Clerk and City Assessors, in accordance with provisions of resolutions adopted by your honorable board, and recommend that the place above named be accepted for public uses.

Respectfully,

JOHN U. SCHROTH,
W. W. BARNARD,

Executive Board.

Ordered received, filed and published.

By Ald. H. G. Cook—Resolved, That the dedication of Karges place, running east from South Clinton street, as mentioned in the foregoing communication of the Executive Board, be and the same is hereby accepted as a public street, upon the payment of all taxes and assessments, local or general, remaining unpaid upon said territory so taken for said street.

And the City Clerk is hereby directed to enter the name of said street in the public street register kept by him, and the said Executive Board is hereby instructed to place the usual street signs where needed at the corners of said street.

And the City Assessors be and they are hereby directed to strike from the assessment rolls of the city of Rochester the territory taken for said street, as indicated by the map on file in the County Clerk's office and the office of the City Assessors. Adopted.

The chair handed down, as the special committee on a new police station and precinct houses, as provided for in the resolution of Ald. McMillan, the names of Aids. McMillan, Dewey, Fox, C. S. Cook, Callihan, H. G. Cook, Kelly and Tracy.

Upon motion of Ald. Kelly, the chair was added to such committee.

ACTION UPON ORDINANCES.

FIRST ORDINANCES.

SPRINKLING BRUNSWICK STREET.

By Ald. Zimmer—Resolved, That the City Surveyor ascertain and report to this Council the expense of sprinkling Brunswick street.

Adopted.

The Surveyor submitted as such estimate, \$123.

By Ald. Zimmer—Resolved, That the following improvement is necessary, viz:

The sprinkling of Brunswick street, from Park avenue to East avenue, during the season of 1894.

And Whereas, The City Surveyor, under the direction of this Council, has made an es-

time of the whole expense thereof, and reports the same at \$128, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Brunswick street, from Park avenue to East avenue, in proportion to the benefit and advantage which each will derive therefrom.

Adopted.

By Ald. Zimmer—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or adoption, or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7 P. M., at the Common Council Chamber, when allegations relative thereto will be heard, and that the City Clerk be, and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Herald, notice thereof as is required and in the manner specified by section 172 of the city charter.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., Jan. 29, 1894.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Agreeably to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Herald, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on

Tuesday evening, January 29, 1894, at 7 o'clock P. M., at the Common Council chamber, when allegations would be heard in reference to such improvement.

Respectfully,

HENRY W. GREGG, City Clerk.

FINAL ORDINANCE NO. 5,266.

BRIDGE OVER CARROLL AND FITZHUGH RACE, IN COURT STREET.

On motion of Ald. Zimmer, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a suitable iron bridge over the Carroll and Fitzhugh race in Court street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a substantial iron bridge over the Carroll & Fitzhugh race at Court street 64 feet wide, with Medina block stone pavement and 6-inch curb-stones. Sidewalks to be of asphalt. Also a stone coping on each side of the bridge with iron hand railing. Also the construction of a suitable pier in the center of the race and the rebuilding of the present abutments as far as may be necessary, together with the acquirement of an easement if necessary for said piers in said race. Also the improvement of Court street, from the west end of the approach to the new bridge over the river to Exchange street, by setting a line of Medina stone curb 6 inches thick on each side of the street, and relaying the present pavement.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$15,000, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

All the lots and parcels of land included within and described by the following boundary lines, viz:

Beginning at the south-east corner of East Main street and Exchange street; thence southerly along Exchange street to the south line of the freight station grounds of the New York, Lake Erie & Western R. R.; thence easterly along the said south line of said station grounds to the west bank of the Genesee river; thence northerly along the west bank of the Genesee river to the south line of East Main street; thence westerly along the south line of East Main street to the place of beginning, excepting the lots fronting on East Main street, lying east of the lot on the south-east corner of Exchange street and East Main street. Also one tier of lots and parcels of land on each side of Court street from the west bank of the Genesee river to South St. Paul street. Also one tier of lots and parcels of land on the west side of South St. Paul street, from East Main street to the Erie canal. Also all the lands of the Rochester and Honeoye Valley R. R. Co., lying between the Erie canal, the feeder and the river, and extending south to a point opposite the center of Comfort street.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelfink, Lewis, & Forsyth—17.

By Ald. McMillan—Whereas, it appears from the certificate of the City Surveyor that the foregoing estimate is correct,

Resolved, That the City Clerk be, and he hereby is, directed to draw an order upon the City Treasurer in favor of Ellsworth & Grant for two thousand nine hundred ninety-two dollars and 11-100 (\$2,992.11) being the amount of estimate for work done upon the approaches of Andrews street bridge under a resolution of the Common Council, passed October 17, 1893, and found at page 319, current proceedings, and that the Treasurer charge said amount to Bridge Construction Fund.

Adopted by the following vote:
Ayes—Alds. Tracy, McMillan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Alkenhead, Simmelink, Lewis, Forsyth—16.

By Ald. McMillan—Application of Harold C. Mitchell for appointment as commissioner of deeds. Referred to Law Committee.

By Ald. Zimmer—Resolved, That the final ordinance for Griffith street sprinkling be amended by adding to the territory to be sprinkled and assessed, South Clinton street, from Griffith street to the Erie canal, and changing the estimate to correspond.
Adopted.

By Ald. Johnston—
I have been strongly impressed by two statements recently made regarding the condition of our city's finances, one by the Republican leader of this council and the other by a prominent city official, in which they claim that the natural tendency of municipalities is to increase their expenditures for city government out of proportion to their growth in population and real estate valuation and they both quote Professor Bryce, author of the American Commonwealth, as their authority.

The standpoint from which they were made recognizes the fact that our city has fully emerged from what are called village customs and must now adjust itself to modern city ideas and these carry with them the increased expenditures referred to. The present tax rate and bonded indebtedness of our city are larger than those in the majority of the large cities in the country, and if the theoretical ideas advanced are to be maintained where will they lead us to?

For the purpose of having this subject considered, I wish to submit briefly a few statements and make some inquiries.

The last tax levy was collectable in July and beginning with September the finance committee has had to borrow each and every month since to pay the ordinary, current running expenses of the city and will have to continue doing so until next July. The expenditures for the last nine months are considerably more than during the corresponding time one year ago and are sufficiently large to show that the estimate for next year, submitted to this Council under date of August 8, 1893, was lower than it should have been. The amount needed in the next tax levy to pay next year's expenses and this year's deficiencies will be at least \$2,100,000, and it means a real estate tax rate of at least 2 per cent. According to a statement recently compiled from official records there is only one large city in the country whose relative tax rate is higher than ours, viz., Providence, R. I., and only two whose relative amount of bonded indebtedness is greater than ours, viz., Louisville, Ky., and Providence, R. I.

Our annual expenditures have been steadily and abnormally increasing during the last twelve years. Shall we accept the theories advanced, and permit the situation to grow worse, or shall we discuss the subject farther and see if our city's financial condition cannot be improved; see if we cannot have a better administration of affairs generally, at a less expense.

Rochester, for an inland city, has exceptionally good advantages. It is a manufacturing city with many different interests. Its educational facilities are unsurpassed. In addition to its public schools it has a well developed parochial school system, several seminaries, a university and a large number of well equipped churches. It has a larger number of better edited and more influential newspapers than any city of its size in the country. It is preeminently a city of dwellings. It contains 22,000 dwelling houses, exclusive of the buildings occupied in part for business purposes. From 80 to 90 per cent.

of our voting population live in their own houses and pay taxes, either through direct ownership or rental. These are some of the advantages that have helped make our city prosperous and beautiful, and the intelligence, local pride and self-interest represented by them are surely sufficient to prove that government of, by and for the people should not bankrupt our city or be a failure in Rochester.

The problem of municipal government under modern conditions and ideas is already receiving serious consideration in other cities and should receive here the thoughtful attention of every one interested in the welfare of our city.

To prevent any wrong impression it is proper to say that no official dishonesty is apparent or suspected and that the cause of our unfortunate condition is believed to be partly due to the carelessness and indifference of our people and largely to the fact that they have been and are ignorant of the actual state of city affairs generally. Considerable educational work is needed, which our newspapers could do nicely if they were so inclined, and in addition to the conscientious satisfaction of having done their duty they would place property owners and tax-payers, who are almost invariably their patrons, under special obligation. There can be no doubt about the desire and ability of our people to have a better condition of affairs, and the following questions are asked in the belief that their discussion will create a public sentiment that will be potent for good and make improvement in municipal government a comparatively easy matter.

EXPENDITURES.

1. Why should the cost of maintaining the city government be steadily increasing both in amount per capita and in percentage to real estate valuation?
2. Why should the cost of cleaning and repairing our streets be steadily and so rapidly increasing?
3. Why should the cost of maintaining our public schools increase so largely while the assistant teachers are so poorly paid?
4. Why should our water system be a continual source of expense and increasing indebtedness?

INCOME.

5. Why should the city income from all sources, except taxes and water rents, be so small in amount per capita and in percentage to real estate valuation?
6. Why should the city's income from licenses be less than in any of the large cities of the state?
7. Why should not the income from water be sufficient to pay operating expenses and interest on the cost of the water system? We certainly would have to pay on that basis, if the water system was owned by individuals or a private corporation, and should any excess income be produced it could be placed in a sinking fund to help redeem water bonds.

ASSESSABLE VALUES.

8. Why should the per capita real estate valuation of our city be steadily diminishing?
9. Why should it be less than that of most of the large cities?
10. Why should not the value of land and buildings be recorded separately upon the assessors' records?

LICENSES.

11. Why should so many licenses be granted, one for every twenty-seven families?
12. Why should low grade saloons and other disreputable places be able to secure and

maintain licenses? Is the relation they bear to the cost of maintaining the police system and poor fund ever considered, or the incalculable evil to the morals of their respective neighborhood?

FINANCIAL.

13. Why should our city finances be so adjusted that the expenditures for maintaining the city's government invariably exceeds the amount of the tax levy?

14. Why should the city be obliged to borrow \$450,000 to \$500,000 every year to pay its current expenses during the three months interim, of April, May and June, between its fiscal and financial years?

15. Why should not the record of the relative expenditures through the different boards and funds be kept in, say the treasurer's office and published each year so that services rendered to the property owning and tax paying interests could be made the test of official merit?

16. Why should not a system of records be kept so that the doings of the majority party controlling the city's government, in the interests of the property owning, tax paying and moral elements of our city, should be made the basis of party approval and continuance in power?

Alderman McMillan stated publicly at the last meeting of this council that the usefulness of the board of education was hopelessly impaired because of the school commissioners' greed for patronage—a humiliating admission that should bring a blush of shame to every honest citizen.

Is it not equally true that the greed for and abuse of patronage and favor on the part of other officials is the principal reason for the wretched condition of our city's finances? Is it not also true that greed for patronage, official spoils and abuse of authority are the principal sources of evil in municipal politics and government?

Is it not true that officials generally cater relatively a great deal more to the welfare of a few political and personal friends than to the interests of the large mass of property owners and tax payers who pay the bills without asking or expecting any favors, in the belief that "public office is a public trust," and should be treated as such?

Upon motion of Ald. Dewey, ordered received filed and published and referred to Finance Committee.

By Ald. Lewis—Resolved, That the assessment roll for the extension of Denver street, as contemplated under final ordinance be, and the same is hereby reconsidered.

Adopted.

Upon motion of Ald. Dewey, the board then adjourned.

HENRY W. GREGG, City Clerk.

REPORTS OF STANDING COMMITTEES.

By Ald. Lewis—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Law Committee beg leave to make the following report:

In the matter of the claim of George Hickey for damages to his horse whose foot was

caught in the grating on Mumford street at the corner of Front street, which was referred to this committee has been under consideration and been investigated by the City Attorney's office, and we find that the horse sustained the injuries complained of without any fault on the part of Hickey, and that the injuries were so severe as to make the horse useless. The opinions of witnesses whose statements the City Attorney has secured are that the horse was worth from \$35 to \$50. And it also appears that Mr. Hickey has been to some expense for the treatment of the injuries. We regard this claim as a just one and recommend that the claim be settled for the sum of \$50.

In the matter of the claim of William McDowell for injuries to his son by falling in an insecurely covered well on the corner of Jennings and New Union street we have inquired into the matter and find that the city of Rochester has undertaken to cover a well which has heretofore existed at this place, but in the attempt to do so did it insecurely, and while the claimant's son was walking thereon the ground gave way and he fell into the well and was injured. The claim is for \$1,000, and we recommend that the same be settled at the sum of \$100.

There was due on December 6, 1893, to James Palmer for damages for sewage pollution of Thomas Creel the sum of \$300, being the annual payment under the contract between Mr. Palmer and the city. We recommend that a resolution be adopted directing the City Clerk to pay the same.

In the matter of the application for Commissioners of Deeds, we recommend that the petitions of the following named persons be granted:

T. W. Atkinson, George C. Chase, Jessie E. Gilman, Harold C. Mitchell, James Plunkett, George N. Smith, William H. Webster, Mary W. Whited, David W. Bingham, Peter Edelman, William C. Muir, J. C. McKenzie, John W. Ryan, George H. Stalker, Henry Weber, Joseph Roy Webster.

All of which is respectfully submitted.

MERTON E. LEWIS,
D. W. FORSYTH,
CHAS. S. COOK,
T. McMILLAN,
J. MILLER KELLY,
M. J. CALIHAN.

Law Committee.

Ordered received, filed and published.

By Ald. Lewis—Resolved, That upon the certificate of the City Attorney that proper releases are filed in his office by William McDowell, the City Clerk be, and he hereby is, directed to draw an order upon the City Treasurer to be charged to the Contingent Fund in favor of said William McDowell for the sum of \$100, in full of all his claims for damages filed with the Common Council.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Ashton, Ward, Dewey, H. G. Cook, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—17.

By Ald. Lewis—Resolved, That upon the certificate of the City Attorney that proper releases are filed in his office by George Hickey, the City Clerk be, and he hereby is directed to draw an order upon the City Treasurer to be charged to the Contingent Fund in favor of said George Hickey, or his attorney, Pomeroy Dickinson, Esq., for the sum of \$50, in full of all damages in his notice of claim filed with the Common Council.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Ashton, Ward, Dewey, H. G. Cook, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—17.

By Ald. Lewis—Resolved, That the Clerk be, and he hereby is directed to draw an order on the City Treasurer, payable from the Contingent Fund in favor of James Palmer for damages for sewage pollution for the amount of \$800, being in full up to December 6th, 1893, between the said Palmer and the city heretofore executed.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Ashton, Ward, Dewey, H. G. Cook, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—17.

By Ald. Fox—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your committee on police, excise and markets beg leave to report that they have examined into the facts set forth in the petition of Peter W. Amey, which was referred to this committee, and find that the same are true and therefore recommend that a rebate of \$37.50 be allowed to the petitioner.

Respectfully submitted,

JOHN F. FOX,
CHARLES S. COOK,
MARTIN J. CALIHAN,
JOHN B. SIMMELINK,

Committee on Police, Excise and Markets.

Ordered received, filed and published.

By Ald. Fox—Resolved, That the City Clerk be, and he hereby is, directed to draw an order payable from the Poor Fund in favor of Peter W. Amey, or his attorney, Wm. H. Sullivan, for the sum of \$37.50, and that the City Treasurer charge said sum to the Poor Fund.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Ashton, Ward, Dewey, H. G. Cook, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—17.

By Ald. McMillan—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—In the matter of the assessment for the asphalt pavement on Rowe street, which was referred to the Finance Committee by a resolution of this Council adopted December 12, 1893, we beg leave to report, after a careful examination of the matter, that the assessment for said improvement by prepared upon a basis of three (3) payment roll.

Respectfully submitted,

T. McMILLAN,
MERTON E. LEWIS,
ALVIN B. DEWEY,
AENRY G. COOK,

Finance Committee.

Ordered received, filed and published.

By Ald. McMillan—Whereas, The City Treasurer has ascertained and reported the entire and aggregate expense of and connected with the following improvement, including any and all interest that the city has paid or has or shall become liable to pay upon account of any and all orders or notes issued by the city to pay the expenses of such improvement adjusted by the Common Council as thus reported, and the respective portions or parts of the city on which the said expense is hereby directed to be assessed and which this Common Council deems to be benefited by the improvement, is as stated and described in the final ordinance relative to the improvement, and that the name and expense of the improvement thus to be assessed is as follows, viz:

Ord. No.	Improvement.	Expense.
4,112.	Rowe street asphalt.	\$57,980 23

And it is further determined that the tax-

payers to be assessed for making the foregoing improvement

May pay their assessments in three equal payments as follows:

One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-third within one year from the confirmation of such roll; and the remaining one-third within two years from the confirmation of such roll. On all sums paid prior to the maturity of said last installment, a discount will be allowed at the rate of 6 per cent. per annum.

And the assessors of said city if they are not interested in any of the property within the part or portion of the city deemed to be benefited, and directed to be assessed as aforesaid, or if any two of said assessors, are not so interested, then such two are hereby directed to make assessment upon all the lots and parcels of land within the portion or parts of the city above designated and directed to be assessed, of the amounts of expenses of such improvement, in proportion as nearly as may be, to the advantage which the said lots and parcels of land within the territory to be thus assessed for such improvement shall be deemed to receive by the making of the improvement.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Ashton, Ward, Dewey, H. G. Cook, Kelly, Aikenhead, Simmelnk, Lewis, Forsyth, Bierbrauer—17.

By Ald. H. G. Cook—

ROCHESTER, N. Y., Feb. 6, 1894.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your assessment committee begs leave to report, that after an examination into the claim of the Berith Kodesh congregation, to have refunded certain taxes paid against its property, situated on the corner of Grove and Gibbs street, we find that the petition is well founded and therefore recommend that it be granted.

In the matter of the assessment for cleaning Orchard street sewer, under ordinance No. 5,108, which was referred to this committee, we find that there was an error in the map furnished by the City Surveyor to the assessors and part of the territory that should have been assessed for said improvement was omitted and therefore recommend that a new assessment be made.

Respectfully submitted,

HENRY G. COOK,
JOHN F. FOX,
T. McMILLAN,
MAHLON B. ADAMS,
Assessment Committee.

Ordered received, filed and published.

By Ald. H. G. Cook—Resolved, That the city clerk be, and he hereby is, directed to draw an order on the city treasurer, payable from the contingent fund, in favor of the Berith Kodesh congregation for the sum of \$64.30, being taxes paid August 29, 1893, by said congregation on property situated on the corner of Grove and Gibbs street, and that the City Treasurer charge said sum to erroneous assessments.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Ashton, Ward, Dewey, H. G. Cook, Kelly, Aikenhead, Simmelnk, Lewis, Forsyth, Bierbrauer—17.

By Ald. H. G. Cook—Resolved, That the resolution adopted by this council December 12, 1893, confirming the assessment roll for cleaning Orchard street sewer, under

ordinance No. 5,108, and published at page 419 of the current proceedings of the Common Council, be reconsidered.

Adopted.

By Ald. H. G. Cook—Resolved, That the assessment roll for cleaning Orchard street sewer, under ordinance No. 5,108, presented to this Common Council and published at page 419 of the current proceedings and its confirmation be, and the same hereby is, indefinitely postponed.

Adopted.

By Ald. H. G. Cook—Resolved, That the assessors be directed to prepare a new assessment for cleaning Orchard street sewer, under ordinance No. 5,108, and that the city treasurer credit any amounts paid under the former assessment made for said improvement to the property on which the assessment was made, and in case the amount so paid shall exceed the amount reassessed on the same property such surplus shall be paid to the person who may have paid the same, and in case it shall be insufficient to pay the amount reassessed, the deficiency shall be collected in the same manner as other assessments, as provided by section 215 of the city charter.

Adopted.

Ald. Fox, from the Police Committee, Ald. Ashton, by request, from the Contingent Expense Committee, Ald. Forsyth from the Poor Committee, Ald. Dewey, from the Lamp Committee and Ald. Simmelnk from the Health Committee, reported favorably of the various bills referred to their respective committees and referred them to the Auditor and Finance Committee for payment.

Ald. McMillan moved that when the Council adjourn it be until February 13, 1894, at 7 o'clock. Carried.

REPORT OF SELECT COMMITTEES.

By Ald. McMillan—

To the Honorable the Common Council of the City of Rochester.

Gentlemen:—Your special committee appointed at the last meeting, to which was referred the matter of investigating and reporting upon a suitable suite for a central station for the police department, begs leave to make the following report:

It is evident that the present quarters for the police department are inadequate and inconvenient as they are now located in the city hall. It is also desirable that the police department should be separate and distinct from the other departments of the city, and inasmuch as the room in the city hall is not sufficient for the accommodation of the different departments and rents are being paid by the city for the accommodation of several departments outside of the city hall, it would undoubtedly save expense to provide a central station for the police department and use the room vacated by the police department in the city hall for the offices for which the city now pays rent. We have had under consideration different localities for such a central station. The most available site, however, in the opinion of the committee is that located on the west side of Exchange street, for the reason that it is near the court house and city hall and nearer to the county jail than the present police office. There are two pieces of property which are available for this purpose. One is owned by Mrs. Proctor and Nettleton, provided twenty feet front adjoining thereto can be procured from the heirs of Patrick McMahon. The other piece is a lot of about 104 feet front, owned by the heirs

of Patrick McMahon. Either one of these is in the opinion of the committee a proper location.

We have had no definite proposition for either one of these premises. We are of the opinion that if the city could purchase the property owned by Mrs. Proctor and Nettleton for the sum of \$10,000 and twenty feet adjoining thereto from the McMahon heirs at the same rate per foot front, it would be a desirable and advantageous purchase for the city. If this can not be purchased, we consider that 104 feet front of the McMahon property at the same rate would be equally desirable, and we therefore recommend that a resolution be adopted authorizing the mayor to enter into a contract for either one of these premises at the figures stated, within five days after the adoption of this resolution.

T. McMILLAN,

Committee.

Ordered received, filed and published and upon motion of Ald. McMillan referred back to above special committee to report at the next meeting of the board.

By Ald. McMillan—Resolved, That the mayor of the city of Rochester be authorized and directed to enter into a land contract for the city of Rochester with the owners, to be drawn up by the city attorney for the purchase of the property of Mrs. Proctor and Nettleton, situated on the west side of Exchange street, for the sum of \$10,000, and twenty feet front adjoining thereto, owned by the McMahon heirs, at the rate of \$150 per foot front; or for the purchase of not to exceed 104 feet front of the McMahon property, situated on the west side of Exchange street, at the rate of \$150 per foot front; whichever property can be secured at the rates herein mentioned, a contract therefor must be executed within five days after the adoption of this resolution.

Upon motion of Ald. McMillan, laid upon the table until the next meeting.

COMMUNICATIONS TO THE BOARD FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By Ald. Adams—

ROCHESTER, N. Y., Feb. 5, 1893.

Hon. M. B. Adams, President, and Members of Common Council:

Gentlemen:—A cordial invitation is extended to you to be present at the 30th anniversary of the Knights of Pythias. Exercises will be held in the city hall on Monday evening, February 19th, 1894. Respectfully yours,

E. S. RAY, Sec'y.
Committee of Arrangements.

Ordered received, filed and published and upon motion of Ald. Adams, the invitation was accepted.

CITY TREASURER'S OFFICE,
ROCHESTER, N. Y., Feb. 6, 1894. }

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—To meet the time orders or acceptances of the Executive Board falling due the 7th and 15th of this month will require \$50,000 more than I have on hand, or that is liable to be paid on local improvements.

I would therefore ask authority to make the city's note for \$50,000 on four (4) months' time.

Respectfully,

S. B. WILLIAMS, Treasurer.

Ordered received, filed and published.

By Ald. McMillan—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue the city's note for a period not exceeding four months and for an amount not exceeding fifty thousand dollars, (\$50,000) by virtue of the authority given under sections 80 and 81 of the city charter. Said note to be negotiated under the direction of the Finance Committee, to be countersigned by the chairman of the Finance Committee; interest or discount thereon to be charged to the Contingent Fund.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, Calhoun, Zimmerman, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—17.

ACTION UPON ORDINANCES.

FIRST ORDINANCES.

RICHARDS STREET SPRINKLING.

By Ald. Zimmer—Resolved, That the City Surveyor ascertain and report to this Council the expense of sprinkling Richards street. Adopted.

The Surveyor submitted as such estimate, \$128.

By Ald. Zimmer—Resolved, That the following improvement is necessary, viz:

The sprinkling of Richards street, from South Goodman street to Wilcox street, during the season of 1894.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$128, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Richards street, from South Goodman street to Wilcox street, in proportion to the benefit and advantage which each will derive therefrom.

Adopted.

SCIO STREET ASPHALT PAVEMENT.

By Ald. Zimmer—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Scio street. Adopted.

The Surveyor submitted as such estimate, \$11,300.

By Ald. Zimmer—Resolved, That the following improvement is necessary, viz:

The improvement of Scio street, from the north end of the present MacAdam pavement at Syracuse street to German street, by the construction of a Trinidad asphalt pavement therein, with a line of Medina stone curb on each side thereof, properly connected with all lateral streets, alleys and driveways. Width between curbs to be 26 feet. Also the construction of the necessary crosswalks, surface sewers, manholes, lot laterals, water and gas services, and the construction of a Portland cement walk, five feet in width, on each side of the street, between the limits mentioned, except where good Portland cement or flagstone walks now exist, but such walks shall be relaid if not conforming to the proper grade and alignment. Also the cleaning of the main sewer if found to be necessary.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$11,300, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots or parcels of land on each

side of Scio street, from the north end of the present improvement, to German street, in proportion to the benefit which each will derive therefrom.

Adopted.

LAMPSON STREET PLANK WALK.

By Ald. Zimmer—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a plank walk on Lampson street.

Adopted.

The Surveyor submitted as such estimate, \$35.

By Ald. Zimmer—Resolved, That the following improvement is necessary, viz:

The construction of a pine plank walk, 4 feet wide, on the west side of Lampson street, from Hayward avenue to Garson avenue, except where good walks at least 4 feet wide now exist, which walks shall be relaid if not conforming to the proper grade and alignment. Also the necessary sidewalk grading.

And Whereas, The City Surveyor, under the direction of this Council, has made an estimate of the whole expense thereof, and reports the same at \$35, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on the west side of Lampson street, from Hayward avenue to Garson avenue, in proportion to the benefit which each will derive therefrom.

Adopted.

UNION STREET PIPE SEWER.

By Ald. Aikenhead—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Union street.

Adopted.

The Surveyor submitted as such estimate, \$3,200.

By Ald. Aikenhead—Resolved, That the following improvement is necessary, viz:

The construction of a vitrified pipe sewer in Union street, to be 12 inches in diameter, from a point opposite the center of lot No. 59 of the Jennings tract, to the center of Jennings street, and 15 inches in diameter from the center of Jennings street to the sewer in Clifford street. Also the construction of the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations.

And Whereas, The City Surveyor, under the direction of this Council, has made an estimate of the whole expense thereof, and reports the same at \$3,200, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Union street, from the north line of lots 39 and 71 of the Jennings tract to Clifford street, in proportion to the benefit which each will derive therefrom.

Adopted.

SOUTH AVENUE MEDINA STONE PAVEMENT AND SEWER.

By Ald. Zimmer—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving South avenue.

Adopted.

The Surveyor submitted as such estimate, \$23,000.

By Ald. Zimmer—Resolved, That the following improvement is necessary, viz:

The improvement of South avenue, from

the south end of the present stone pavement to the south line of Highland avenue, and beyond far enough to finish the crossing, by the construction of a Medina stone pavement therein, with joints filled with Portland cement grout, with a line of Medina stone curb on each side thereof, properly connected with all lateral streets, alleys and driveways. Width of main roadway between curbs to be 25 feet. Also the construction of the necessary manholes, surface sewers, lot laterals, water and gas services and flagstone crosswalks. Also the construction of a vitrified pipe sewer, 12 inches in diameter, in said avenue, from a point opposite the angle in the west line of South avenue, at Reservoir avenue to the present sewer in South avenue. Also the construction of a suitable storm water sewer in said avenue, between Highland avenue and Reservoir avenue.

And Whereas, The City Surveyor, under the direction of this Council, has made an estimate of the whole expense thereof, and reports the same at \$23,000, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of South avenue, from the south end of the present pavement, at the old city line, to Highland avenue; also the lot on the southeast and the lot on the southwest corner of Highland avenue and South avenue, in proportion to the benefit which each will derive therefrom.

Adopted.

By Ald. Zita—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or ordinance, at 7 P. M., at the Common Council chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Herald notice thereof as is required and in the manner specified by section 172 of the city charter.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., Feb. 6, 1894.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Agreeable to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Herald, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively; to attend the Common

Council on Tuesday evening, February 6, 1894, at 7 o'clock P. M., at the Common Council chamber, when allegations would be heard in reference to such in improvement.

Respectfully,

HENRY W. GREGG, City Clerk.

- Final ordinance for Richmond park asphalt improvement came up and upon motion of Ald. Adams, action thereon was postponed two weeks.

FINAL ORDINANCE NO. 5,267.

ASPHALT PAVEMENT ON GARSON AVENUE.

On motion of Ald. Zimmer, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a Trinidad asphalt pavement on Garson avenue, from Webster avenue to Culver street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Garson avenue, from Webster avenue to Culver street, by the construction of an asphalt pavement therein with a line of Medina stone curb on each side thereof, properly connected with all lateral streets, alleys and driveways. Width between curbs to be 26 feet. Also the construction of the necessary manholes, surface sewers, lot laterals, water and gas services, crosswalks, crosswalk extensions, and the relaying of such portion of the main sewer as is deemed necessary. Also the construction of a Portland cement walk 5 feet wide on each side of the street, between the limits mentioned.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$59,000 which being deemed reasonable is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement. to wit:

One tier of lots and parcels of land on each side of Garson avenue, from Webster avenue to Culver street.

Adopted by the following vote:

Ayes—Ald. Tracy, Cahlan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—16.

By Ald. Lewis—Resolved, That the Executive Board be, and it is hereby requested to postpone the letting of the contract for an asphalt pavement on Garson avenue for one year.

Adopted.

UNFINISHED BUSINESS.

Action upon ordering an assessment for the widening of Rowe street, under final ordinance No. 4,872, came up.

Ald. Ashton presented the following:

By Ald. Ashton—Whereas, The City Clerk has ascertained and reported the entire and aggregate expense of, and connected with, the widening of Rowe street, in the city of Rochester, under final ordinance No. 4,872, including any and all damages or awards made by the commissioners of appraisal, and all costs and charges of the city in the proceedings, at the sum of seven hundred and four and 75-100 dollars (\$704.75) and which expense has been heretofore adjusted by this Common Council, as thus reported and due notice of the time for hearing allegations has been duly published by the City Clerk, as required by the city charter.

Resolved, That the portion or part of the city on which the said expense is hereby directed to be assessed, and which this Common Council deems will be benefited by the improvement, are the lots and parcels of land within the part of the city described and directed to be assessed in and by the final ordinance relative to the said improvement, and the assessors of said city, if they are not interested in any of the property or lots or parcels of land to be taken, or situated or being within the part or portion of the city deemed to be benefited and directed to be assessed, as aforesaid, are hereby directed to apportion and assess the said expense and to make an assessment upon all the lots and parcels of land within the portion or part of the city directed to be assessed and benefited as aforesaid as near as may be in proportion to the benefit which each shall be deemed to receive thereby.

Allegations were called for and after hearing same from all persons appearing, the resolution was adopted by the following vote:

Ayes—Ald. Tracy, McMillan, Cahlan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—17.

Action upon Ald. Johnston's resolution of January 23, 1894, reported at page 530 current proceedings with reference to sweeping and cleaning of asphalt, etc., streets being in order. Ald. Johnston moved that the matter be further postponed two weeks. Carried.

MISCELLANEOUS BUSINESS.

By Ald. McMillan—Whereas, By resolution of this Common Council, duly adopted on the 30th day of August, 1892, published at page 223 of the Common Council proceedings for the year 1892-93, the City Treasurer was authorized to issue bonds of the city of Rochester, known as the "Additional Water Works Bonds," not to exceed the amount of one million dollars, and whereas under and pursuant to said resolution, the City Treasurer sold but five hundred thousand dollars' worth of said bonds, and whereas, by resolution of this Council duly adopted on the 22nd day of August, 1893, published at page 223 of the Common Council proceedings for

1893-94, the City Treasurer was duly authorized to issue of the said bonds an amount not to exceed one million dollars, and under said authority but three hundred thousand dollars' worth of said bonds were issued, making in all of the bonds heretofore issued, but eight hundred thousand dollars' worth, and whereas, by virtue of the authority conferred upon the city by chapter 358 of the laws of 1892, the city was permitted to sell bonds to the amount of one million seven hundred and fifty thousand dollars' worth, and but eight hundred thousand dollars' worth of said bonds have been issued, leaving a balance still to be issued, under the provisions of said act, of nine hundred and fifty thousand dollars' worth, therefore,

Resolved, That the City Treasurer be, and he is hereby authorized and directed to issue bonds of the city of Rochester to an amount not to exceed \$950,000, to be known as the "Rochester Additional Water Works Bonds." Said moneys to be used for the purpose of paying the cost and expense of constructing an additional water conduit from Hemlock lake. Said bonds to be of the denomination of one thousand dollars each. Each bond to be registered and bear a rate of interest not greater than 3-1-2 per cent. per annum, payable semi-annually on the first days of February and August of each year thereafter. Which bonds shall be signed by the Treasurer, sealed with the corporate seal of the city, countersigned by the Mayor and the President of the Common Council, and by the Union Trust Company of New York. And the said Union Trust Company is hereby authorized and requested to countersign the same. Said bonds shall mature in fifty years from the date of the issue thereof, and shall be redeemable at any time after the expiration of twenty years from the date of issue, and the said Treasurer shall make and keep a complete record of said bonds, including the dates thereof, the amounts and the dates of maturity thereof, the number of each bond and to whom issued, as provided by chapter 358 of the laws of 1892, entitled "An act to authorize the issue of bonds of the city of Rochester to pay for an additional water supply."

Adopted by the following vote:

Ayes—Alds. McMillan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Kelly, Aikenhead, Simmelinck, Lewis, Forsyth, Bierbrauer—15.

against lot number 15, Davis subdivision on the south side of Casper street be reconsidered.

Adopted.

By Ald. H. G. Cook—Resolved, That said resolution be amended by inserting after the word "premises" in the 11th line the words "and by paying six per cent. interest on the original tax."

Adopted.

By Ald. H. G. Cook—Resolved, That said resolution as amended be adopted.

Adopted.

By Ald. Lewis—Resolved, That the Clerk draw an order upon the Treasurer, payable from the Contingent Fund, in favor of the following named party, and for the sum and purpose, viz:

George L. Mattison for twelve (\$12) dollars for serving notice of application for appointment of commissioners of appraisal in the matter of the opening a street from Central avenue to Granger street, in the city of Rochester under final ordinance No. 5,226, and that the Treasurer pay said sum from the Contingent Fund, and charge and carry said sum to the fund for the opening of said street, when created.

Adopted by the following vote:

Ayes—Alds. McMillan, Zimmer, Adams, Fox, Johnston, Ashton, Dewey, H. G. Cook, Kelly, Aikenhead, Simmelinck, Lewis, Forsyth, Bierbrauer—14.

By Ald. Lewis—Resolved, That the matter of the preparation of an ordinance for prohibiting the driving of cattle through the public streets of the city be referred to the City Attorney.

Adopted.

By Ald. Forsyth—Resolved, That the City Surveyor be instructed to prepare an ordinance for the extension of Frost avenue to Caledonia avenue.

Adopted.

Upon motion of Ald. Lewis the Board then adjourned.

Ald. Mahlon B. Adams, president of the board, presiding.

Present—Alds. Tracy, McMillan, Callhan, Adams, Ashton, Ward, Dewey, H. G. Cook, Aikenhead, Simmelinck, Lewis, Forsyth, Bierbrauer—13.

MISCELLANEOUS BUSINESS.

Ald. McMillan stated that the meeting had been called, in pursuance of an oral direction of his honor, the mayor, for the purpose of taking some action looking to the payment of teachers' salaries.

Ald. McMillan then presented the following—Resolved, That the City Treasurer be, and he hereby is, directed to transfer from any moneys in the city treasury the sum of \$18,000 to the credit of the teachers' fund of the Board of Education; the city to be reimbursed for said moneys from the appropriation from the state to the city of Rochester for the common school fund.

Adopted by the following vote:

Ayes—Alds. McMillan, Callhan, Adams, Ashton, Ward, Dewey, H. G. Cook, Aikenhead, Simmelinck, Lewis, Forsyth, Bierbrauer—12.

Upon motion of Ald. McMillan the board then adjourned.

CHARLOTTE, N. Y., Dec. 20, 1894.

To the Honorable, Board of Aldermen of the City of Rochester:

We, the undersigned citizens and taxpayers of the village of Charlotte, Monroe county, New York, respectfully request your honorable body that you take immediate action in regard to the annexation of said Charlotte.

We further deem it very expedient, both to the city of Rochester to possess a harbor, and the village of Charlotte to have the privilege of city advantages and improvements.

JOSEPH POST, and others.

Ordered received, filed and published, and laid upon the table until the next regular meeting.

By Ald. Ashton—Petition to change the name of Rowe street to Lexington avenue. Laid upon the table until the next regular meeting.

By Ald. Ashton—

CITY TREASURER'S OFFICE,
ROCHESTER, N. Y., Feb. 13, 1894.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—On August 30th, 1865; October 20, 1865, and April 19, 1866, there was paid into this office respectively, \$164, \$52.48, and \$164, for Oak street improvement assessment against lots w. part 343 and 344—132 feet frontage. On the new roll for the assessment, which was confirmed October 20, 1885, these lots were assessed for \$525.97.

The amounts on the old roll, which was declared void, were never credited in this instance. Had this been done when the new roll was made the amounts paid in 1865 and 1866, with accumulated interest, would have been more than sufficient to cancel the new assessment.

Mrs. Knopf, the present owner, is anxious to have her property appear clear from all incumbrances on a tax search. I therefore respectfully request your honorable body to authorize me to cancel said tax and issue a clear search.

Yours respectfully,
S. B. WILLIAMS, City Treasurer.

Ordered received, filed and published.
By Ald. Ashton—Resolved, That the City Treasurer be, and he hereby is, directed to cancel on the new roll for Oak street improvement, confirmed in October, 1885, the assessment against w. part of lots 343 and 344, as the amount paid on the original roll,

confirmed in 1865, together with accumulated interest, will amply provide for same.

Adopted.

By Ald. Dewey—Bills of—
Brush Electric Light Company, for lighting streets, January.....\$3,460 50
Rochester Gas & Electric Co., for lighting streets, January 5,484 75
Rochester Gas & Electric Co., for lighting gas lamps, January..... 846 53
Referred to Lamp Committee.

By Ald. Pauckner—Resolved, That the Clerk draw an order upon the Treasurer, payable from the contingent fund, in favor of the following named party, and for the sum and purpose, viz: George L. Mattison, for nine dollars, for serving notice of application for appointment of commissioners of appraisal; in the matter of the extension of Thompson avenue, in the city of Rochester, under Final Ordinance No. 5,251, and that the Treasurer pay said several sums from the contingent fund, and charge and carry said sums to the fund for the extension of said street, when created.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Callihan, Adams, Fox, Johnston, Ashton, Dewey, Pauckner, Kelly, Aikenhead, Lewis—13.

By Ald. Aikenhead—Petition of Elizabeth Kelly, with reference to an erroneous assessment. Referred to Assessment Committee.

Also, Remonstrance against the sprinkling of Hibbard place. Ordered received and filed.

By Ald. Lewis, by request—Applications of John E. Maher and Bernhard Lampert for appointment as commissioners of deeds. Referred to Law Committee.

REPORTS OF STANDING COMMITTEES.

By Ald. Lewis—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Law Committee begs leave to make the following report:

In the matter of the claim of William E. Smith and Maud K. Smith, for sewage damages; a suit is now pending in which they claim for damages the sum of \$1,050, covering a period from March 1, 1889, to January 11, 1894. The committee, after carefully inquiring into the circumstances of the case offered to settle the claim for all past and future damages, at \$550, which was finally accepted by the plaintiffs, and we recommend that a resolution be adopted to settle said claim at \$550, for all past and future damages and pay the costs in the action now pending as stipulated by the City Attorney.

In the case of Frank Saunby vs. the city, now pending in the general term, questions of law have arisen, which the contractors ultimately liable for the damages recovered, are desirous of having determined by the court of appeals, and we therefore recommend, that the City Attorney be authorized to take an appeal to said court.

In the matter of the application for appointment as commissioners of deeds, we recommend that the following named persons be so appointed: William H. Burtis, G. W. Merrick and Edward Kern.

All of which is respectfully submitted.

MERTON E. LEWIS,
T. McMILLAN,
CHAS. S. COOK,
MARTIN J. CALIHAN,
J. MILLER KELLY,

Law Committee.

Ordered received, filed and published.

By Ald. Lewis—Resolved, That upon the certificate of the City Attorney that proper releases, satisfactions and stipulations have been filed in his office of any and all claims by or on the part of William E. Smith and Maud K. Smith, against the city, by reason of the discharge of sewage into Thomas creek, flowing along and through their premises, and the rights, easements and privileges in and to said creek have been executed and delivered to said city, the clerk be, and he hereby is, directed to draw an order on the treasurer, payable from the contingent fund, in favor of William E. Smith and Maud K. Smith, or their attorneys, Ludolph & Warren, Esqs., for the sum of \$550, for all past and future damages occasioned by the pollution of said creek on their premises, and the costs in the action now pending by the said Smiths and the city, as stipulated and certified to by the City Attorney.

Adopted by the following vote:
Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Adams, Fox, Johnston, Ashton, Dewey, Pauckner, Kelly, Aikenhead, Lewis—13.

By Ald. Lewis—Resolved, That the City Attorney be, and hereby is, authorized to take an appeal in the case of Saumby vs. City to the court of appeals for a final determination in said court.

Adopted.
Ald. Lewis, on behalf of the Law Committee, reported that in the matter of the proposed amendments to the city charter affecting the Board of School Commissioners, the committee had agreed upon some amendments thereto, and asked further time in which to make a report. Granted.

Ald. Dewey, on behalf of the Lamp Committee, reported favorably on the bills referred to said committee and referred them to the Finance Committee and Auditor for payment.

REPORTS OF SELECT COMMITTEES

Ald. McMillan moved that the report of the special committee on police, reported at pages 573 and 574 current proceedings, be amended by substituting \$10,300 as the price recommended for the property of Mrs. Proctor and Nettleton, and striking out any reference to any other property. Carried.

Ald. McMillan moved that his resolution of February 6, 1894, reported at page 574 current proceedings, concerning the purchase of land for a new police station be amended by striking out all that follows the figures \$10,000, and substituting for said figures, the figures \$10,300. Carried.

Upon motion of Ald. McMillan the original resolution as thus amended was adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Ashton, Dewey, H. G. Cook, Pauckner, Kelly, Lewis, Forsyth—14.

Nays—Ald. Johnston and Aikenhead—2.

EXECUTIVE BUSINESS.

Ald. Lewis moved that the board proceed to the appointment of commissioners of deeds. Carried.

Ald. Lewis moved that the several persons recommended in the report of the Law Committee be appointed commissioners of deeds and that the clerk cast the ballot therefor.

Adopted by the following vote:
Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Ashton, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Lewis, Forsyth—16.

MISCELLANEOUS BUSINESS.

By Ald. McMillan—Resolved, That the City Treasurer be, and he is hereby, authorized and directed to issue, pursuant to section 81 of the city charter, the city's note for \$39,000, under the direction of the Finance Committee, under provision of chapter 15, laws of 1894. Said note to be signed by the Treasurer and countersigned by the chairman of the Finance Committee, and to mature August 18, 1894, and the proceeds thereof be placed to the credit of the following funds of the Board of Education: Teachers' fund, \$23,000; contingent fund, \$13,000; and repair fund, \$3,000, and that the said treasurer charge the interest thereon to the contingent fund.

Adopted by the following vote:
Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Ashton, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Lewis, Forsyth—16.

By Ald. Calihan—Petition of Rose McCormack to reduce an assessment. Referred to Assessment Committee.

By Ald. Zimmer—Petition of Ingmire & Thompson for permission to erect a wooden building on South Clinton street; also remonstrance against the same. Referred to Wood Building Committee and Fire Marshal, with power to act.

By Ald. H. G. Cook—Application of Lydia Luehm for appointment as commissioner of deeds. Referred to Law Committee.

Upon motion of Ald. Dewey the board then adjourned.

REPORTS OF STANDING COMMITTEES.

By Ald. Forsyth—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your committee on support and relief of the poor respectfully submit the following report:

There will probably be a small deficiency in the Poor Fund at the close of the fiscal year, but not nearly the amount which was anticipated earlier in the year.

The fiscal year ends March 22nd, and the balance now on hand of the fund is \$16,336.22, which amount will be supplemented by whatever sum is received from the excise board which last year for February and March was \$5,332.50, which makes a total of \$21,668.72, assuming that the receipts from the excise will be as much this year as last.

Now the bills we paid this month amount to \$4,275.38, and the salaries for February and March amount to \$2,436.68, in addition to the payment of this amount and the \$4,275.38 it will probably require \$17,000 to meet the requirements on the fund for February and March, or a statement of the matter would be something like this.

To be paid by the Poor Fund:	
Salaries for February and March.....	\$ 2,436 68
Unpaid bills	4,275 38
Estimated amount required	17,000 00

Total\$23,712 06

Amount on hand of the fund	\$16,336 22
Amount probably to come from Excise	5,332 50

Total available 21,668 72

Deficiency\$ 2,043 34

According to this computation it will be seen that we must expect a deficiency in the Poor Fund of about \$2,000.

In view of the fact which is conceded by everyone that the past year has been without parallel in the history of our city, so far as suffering among the poor is concerned, and a consequent increased demand for aid from the unemployed and suffering, your committee heartily commend the efficient service of the Overseer of the Poor and his assistants for the extremely creditable showing which they have made in the conservation of the fund of which they have had the distribution.

At the same time we must concede that were it not for the efforts of organized charities in the city and the many contributions of charitably inclined citizens who carried into practice their inclinations, a much larger draft would have been made upon the Poor Fund, this Common Council would have been called upon to meet a much larger deficiency.

With reference to the requests made by the various hospitals in the city for an increased allowance from five dollars to eight dollars in surgical cases and an allowance of five dollars for surgical operations, your committee has up to this time delayed action although unanimously in favor of granting the very reasonable request for these allowances, on account of the almost certain prospect of a deficiency in the fund and together with the fact that such allowances were not taken in consideration at the time of the making of the appropriation for last year.

We recommend that the matter of these allowances be referred to the Finance Com-

mittee at the beginning of the next fiscal year and taken into consideration by that committee in the making up of the annual appropriation, all of which is respectfully submitted.

D. W. FORSYTH,
T. McMILLAN,

Ordered received, filed and published.

By Ald. Lewis—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Law Committee begs leave to make the following report:

There was due on January 19, 1894, the sum of \$200 to Anna Gould upon her contract with the city for damages for sewer pollution. We recommend that a resolution be adopted directing the city clerk to pay the same.

There was also due on February 6, 1894, to Ignatz Seltenmeyer the sum of \$50 upon his contract with the city for damages for sewage pollution; we recommend that a resolution be adopted directing the City Clerk to pay the same.

In the matter of the judgments recovered against the city by Percilla Hunter, we learn that the judgments were affirmed by the general term upon an appeal taken by the city from the judgment in the circuit court. The amount recovered in the circuit court having been less than the amount for which the statute permits an appeal to be taken to the court of appeals, and the city attorney having advised the committee that no such question of law exists in the case as will secure a permission from the general term to appeal to the court of appeals, we recommend that the two judgments recovered in the case be paid, one entered on the 6th day of July, 1893, for \$483.48, with interest from that date, and the other entered on the 22nd day of January, 1894, for \$79.05, with interest from that date.

In the matter of securing the passage of an act for relief to the board of education to pay the deficiency incurred by said board, we have learned that the bill approved by this Common Council having been in the hands of the governor met with his objections and that unless withdrawn he would veto the same. That Assemblyman O'Grady by a resolution passed by the assembly, has caused the bill to be withdrawn from the governor and as we are advised the governor will approve of a bill in the following form: AN ACT to provide for the payment of certain claims against the board of education of the city of Rochester.

The people of the state of New York, represented in senate and assembly, do enact as follows:

Sec. 1. All outstanding claims against the board of education of the city of Rochester which were unpaid at the commencement of the current fiscal year, the same having been contracted without specific authority of law, shall be examined and audited by a commission hereby created for that purpose to consist of the auditor, treasurer and president of the common council, of said city, which commission for the purposes of this act is hereby vested with all the powers and made subject to all the duties and liabilities conferred and imposed by existing laws and ordinances upon the auditor of said city, except that no member of said commission shall be required to furnish any bond for the performance of his duties under this act. The examination and concurrent audit of said commission shall be final as to the financial liability of said city

oa such claims, and all claims so examined and so audited shall be lawful expenditures of said board of education to the amount allowed by such audit. Any criminal liability which may exist for or on account of the expenditures so allowed, shall not be affected by this act.

Sec. 2. The Common Council of said city is hereby authorized and empowered to raise the amounts of any claims as audited by said commission, by its note or notes, or other obligation, to be executed as provided by the city charter, and to apply the amounts so raised toward the payment of said claims when audited as aforesaid. The amounts expended under this act shall be assessed and collected by said city as provided by said charter for the collection of general city taxes.

Sec. 3. This act shall take effect immediately.
We therefore recommend that the above proposed bill be approved by this council and forwarded to the representatives of this district to introduce and secure the passage of the same.

In the matter of the application for appointment as commissioners of deeds, we recommend that the following named persons be so appointed: Raleigh Farrar, Bernhard Lempert, Lydia Luehm, John E. Maher.

All of which is respectfully submitted,

MERRON E. LEWIS,
T. McMILLAN,
CHAS. S. COOK,
J. MILLER KELLY.

Law Committee.

Ordered received, filed and published.

By Ald. Lewis—Resolved, That the Clerk be, and he hereby is, directed to draw an order on the Treasurer, payable from the contingent fund, in favor of Anna Gould, for \$200, under the terms of the contract existing between said Anna Gould and the city of Rochester, in accordance with the report of the law committee accompanying this resolution.

Adopted by the following vote:
Ayes—Alds. McMillan, C. S. Cook, Adams, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—14.

By Ald. Lewis—Resolved, That the Clerk be, and he hereby is, directed to draw an order on the Treasurer, payable from the contingent fund, in favor of Ignatz Seltenmeyer, for \$50, under the terms of the contract existing between the said Seltenmeyer and the city of Rochester, in accordance with the report of the law committee accompanying this resolution.

Adopted by the following vote:
Ayes—Alds. McMillan, C. S. Cook, Adams, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—14.

By Ald. Lewis—Resolved, That upon the certificate of the City Attorney that proper satisfactions of judgment have been filed in his office in the case of Percilla Hunter against the city, the clerk be, and hereby is, directed to draw an order on the Treasurer, payable from the contingent fund, in favor of said Percilla Hunter, or her attorney, Norris Bull, Esq., for the sum of \$433.48, with interest thereon from the 6th day of July, 1893, and for the sum of \$79.05, with interest thereon from the 22nd day of January, 1894, in full satisfaction of said judgments, and the City Treasurer is hereby directed to charge the same to the contingent fund.

Adopted by the following vote:
Ayes—Alds. McMillan, C. S. Cook, Adams, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—14.

Ald. Lewis asked and received unanimous consent to introduce the following resolution.

By Ald. Lewis—Resolved, That the Common Council hereby approves of the proposed bill reported by the law committee in their report accompanying this resolution, and the City Clerk is hereby authorized and directed to forward to the representatives of this district in the legislature at Albany a certified copy of said bill and said representatives are respectfully requested to introduce said bill and secure the passage thereof at the earliest date.

Adopted by the following vote:

Ayes—Alds. McMillan, C. S. Cook, Adams, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth, Bierbrauer—15.

ACTION UPON ORDINANCES.

FIRST ORDINANCES.

SHELTER AVENUE PIPE SEWER.

By Ald. Aikenhead—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Shelter avenue.

Adopted.
The Surveyor submitted as such estimate, \$5,775.

By Ald. Aikenhead—Resolved, That the following improvement is necessary, viz:

The construction of a vitrified pipe sewer, 12 inches in diameter, in Shelter avenue, from a point 100 feet east of Genesee street, to the Genesee street sewer and outlet. Also 12 inches in diameter from a point 110 feet west of Jefferson avenue to a point about 300 feet east of said Genesee street sewer and outlet, and 15 inches in diameter from said point 300 feet east of outlet, to said outlet. Also the construction of the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations.

And Whereas, The City Surveyor, under the direction of this Council, has made an estimate of the whole expense thereof, and reports the same at \$5,775, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Shelter avenue, from Genesee street to Jefferson avenue, in proportion to the benefit which each will derive therefrom.

SOUTH AVENUE MEDINA STONE PAVEMENT AND SEWER.

By Ald. Zimmer—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving South avenue.

Adopted.
The Surveyor submitted as such estimate, \$15,340.

By Ald. Zimmer—Resolved, That the following improvement is necessary, viz:

The improvement of South avenue, from the south end of the present stone pavement to a point about 290 feet north of the northeast corner of Reservoir avenue and South avenue, by the construction of a Medina stone pavement therein, with joints filled with Portland cement grout, with a line of Medina stone curb on each side thereof, properly connected with all lateral streets, alleys and driveways. Width of main roadway between curbs to be 25 feet. Also the construction of the necessary manholes, surface sewers, lot laterals, water and gas services and flagstone crosswalks. Also the construction of a vitrified pipe sewer, 12 inches in diameter, in said avenue, from a point opposite the angle in the west line of South avenue, at Reservoir avenue to the present sewer in South avenue, near Oakland street.

And Whereas, The City Surveyor, under the direction of this Council, has made an estimate of the whole expense thereof, and reports the same at \$15,340, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of South avenue, from the south end of the present pavement, at the old city line, to a point about 290 feet north of the northeast corner of Reservoir avenue and South avenue, in proportion to the benefit which each will derive therefrom.
Adopted.

By Ald. Zimmer—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or ordinance, at 7 P. M., at the Common Council chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Herald notice thereof as is required and in the manner specified by section 172 of the city charter.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., Feb. 20, 1894.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Agreeable to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Herald, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improve-

ments respectively, to attend the Common Council on Tuesday evening, Feb. 20, 1894, at 7 o'clock P. M., at the Common Council chamber, when allegations would be heard in reference to such in provement.

Respectfully,

HENRY W. GREGG, City Clerk.

FINAL ORDINANCE, NO. 5,268.

UNION STREET PIPE SEWER.

On motion of Ald. Aikenhead, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a sewer in Union street, from a point opposite the center of lot No. 39 of the Jennings tract to the sewer in Clifford street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a vitrified pipe sewer in Union street, to be 12 inches in diameter, from a point opposite the center of lot No. 39 of the Jennings tract, to the center of Jennings street, and 15 inches in diameter from the center of Jennings street to the sewer in Clifford street. Also the construction of the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$3,200, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city, which the Council deems proper to be so assessed for, and will be benefited by and derive an advantage from such improvement, to wit:

By Ald. Dewey—

To the Honorable the Common Council of the City of Rochester.

Gentlemen:—The undersigned hereby petition your honorable body to cause such steps to be taken as will result in the closing of what was formerly known as Grand street, on the east side of the Erie canal, between Broadway and the Erie canal. Many years ago this street or a portion of Grand street was put upon a map with the evident intention of continuing Grand street eastwardly on the east side of Broadway, but it was never done and the property was then owned by Jacob Meyer, and is now owned by the heirs of Jacob Meyer, and they desire that this street be closed in accordance with the provisions of the statute in such case made and provided. The strip which was once designated for a street was sixty feet wide in front and rear and about one hundred and sixty feet deep, and has been owned, built upon and occupied by your petitioners and their grantors for more than twenty years.

Ordered received, filed and published.

By Ald. Dewey—Resolved, That the Executive Board be, and they hereby are, authorized and directed to discontinue Grand street, from the Erie canal eastwardly to Broadway street, and that they cause such proceedings to be taken as will result in the closing and discontinuance of said street. Adopted.

By Ald. Simmelink—Petition for a plank

walk on Bernard street. Referred to surveyor to prepare an ordinance.

Also, Petition of Bareis Bros. for permission to erect a wooden building on Hudson Terrace. Referred to Wood Building Committee and Fire Marshal, with power to act.

By Ald. Lewis—Resolved, That this Common Council does not favor the construction of a bridge over the Genesee river at Mortimer street at this time, unless the cost thereof be paid entirely by local assessment. Adopted.

REPORTS OF STANDING COMMITTEES.

By Ald. McMillan—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—At a recent meeting of this council, a communication was presented by the alderman of the ninth, in which he took occasion to make certain statements regarding the finances and bonded indebtedness of the city, and discussed the various interests and conditions in which the city is interested, and by which they are affected.

That communication also contained a number of questions by which he sought for certain information. Those questions were of such a character that unless they were capable of being satisfactorily answered, they might lead the average citizen to the conclusion that the city's affairs were being badly administered, and that its financial policy should be placed in other hands. By reason of that fact, it was believed to be proper to have the communication referred to the finance committee, and that course was adopted.

Your committee has given to all of these questions the consideration to which they seemed to be entitled. It does not desire to question the good taste of the alderman of the ninth ward in agitating these matters. This common council has nothing to conceal, and has no fear of the result of any examination of the city's financial conditions, which the tax-payers may institute.

The only suggestion which the committee has to make to the alderman of the ninth ward, in relation to this matter is, that if the city's financial condition is so bad as he seems to believe it is, why has he not met with the committee, pointed out its mistakes and sought to correct the abuses which he seems to think exist?

He has been more than once invited to do this, and at a meeting of the common council held but a few weeks ago, the chairman of the finance committee publicly requested the alderman of the ninth ward to attend any or all of its meetings, and give to the committee the benefit of his experience and knowledge of financial affairs. This he has not seen fit to do, but has preferred rather to attack the committee and the council publicly, without offering any suggestion which might tend to the improvement in the city's affairs.

In relation to the questions, your committee has decided to take them up and answer them specifically, and in their regular order.

His first question is, Why should the cost of maintaining the city government be steadily increasing both in amount per capita, and in percentage to real estate valuation? The answer is one with which every thoughtful man is familiar. It is common experience, both in every-day life and in public affairs, that it costs more in modern times than it did formerly to maintain either an individual, a family or a community of families. The reason of this is that individuals, families and communities are not satisfied in these days with what answered every purpose in days gone by.

There was a time when dirt roads answered every requirement of traffic and travel. To-day the best quality of street pavement is demanded. There was a time when log school houses and brick fire-places were in vogue. To-day modern necessities require the erection of substantial, handsome and convenient school buildings, heated by steam and supplied with most modern conveniences to meet every want. There was a time when communities paid but little attention to the support of the class of people who are unable to support themselves. To-day a poor fund is maintained, from which any person, unable by reason of sickness or lack of employment, can secure his sustenance. As the city has grown in area and population, the cost of policing the city has increased, and that cost has increased out of proportion to the increase in population because of the crowded conditions which exist in certain quarters of the city. People familiar with the social and economic questions teach us that crime increases in any locality as the population in that locality becomes more and more dense. Every one will agree that it would be cheaper to properly police 100 villages of 1,000 inhabitants each than it is to police one city of 100,000 inhabitants. One reason for this is, that criminal characters and persons most likely to be led into criminal actions frequent the larger cities and avoid the smaller towns. Again, the great aggregation of individuals constituting a city requires vastly more attention in sanitary matters than small communities. The expenditures of the health department of the city of Rochester have increased more rapidly than either the population or the per capita wealth would seem to require.

Expenditures from protection of fire are always greater in proportion to the population in a large and crowded community than in a small city less densely populated. All these various channels for the expenditure of money have required larger expenditures in the past ten years than ever before in the history of the city.

The second question propounded by the alderman of the ninth is as follows: Why should the cost of cleaning and repairing our streets be steadily and so rapidly increasing? In reply to this question, your committee desires to submit a communication from the executive board to this committee, giving the facts in reference to the increase in this and the highway fund during the past few years, and showing more clearly than your committee could, how the money has been expended, and what the cause of such expenditure has been. This communication is attached to, and made a part of this report.

In reference to the increase of the cost in maintaining schools, as set forth in the third question of the alderman's communication, it is safe to say in answer to that question that better methods have been provided; kindergartens have been established, larger purchases of books have been required for indigent pupils, better school houses have been erected, old school houses have needed more repairs, better heating and ventilating appliances have been introduced, and, therefore, more moneys have been expended.

It is perhaps proper to say, that in the judgment of your committee, not all of the expenditures of the board of education have been justified; and perhaps it is true that more teachers have been employed than were required, but if so, steps are already being taken looking toward a reform in school methods and school management, and if retrenchment be possible, and if money can be saved in the management of the schools of the city, the adoption of the measures

instituted by this council for such reforms will hasten them.

The fourth question of the communication relates to the water supply of the city, and seems to embrace two subjects—first, the expense of maintaining the present system, and second, the additional indebtedness now being incurred to provide an additional supply. With the second part, your committee has no desire to waste time upon a discussion. The policy of the city has been settled, and an additional supply has been provided for, and public sentiment generally concedes that the delay in securing that additional supply has already been too great. So far as the expense of maintaining the present system is concerned, it is sufficient to say that the records of the executive board show that the board covered into the city treasurer the sum of \$285,000 in round numbers after the payment of all the expenses of maintaining the present system during the fiscal year of 1892 and 1893, and that the estimated amount to be covered into the treasury during the year 1893-4, submitted by the executive board, was the sum of \$325,000. When it is remembered that the interest upon the city's water debt created for the present supply is but \$251,440, it is apparent that there is a net profit to the city of \$30,000 in the year 1892-3, and approximately \$75,000 in the year 1893-4.

The fifth question relates to the city's income from all sources, except taxes and water rates, and the reason why the city has no large income from sources other than taxes and water rents is, that the city has no large investments to produce an income. It is possible that a different policy should be adopted, and that license fees should more generally be imposed and be larger in amount. If so, the matter is easily remedied, and the fees to be collected from hackmen, cabmen, theaters, etc., might be easily increased. There may, however, be a difference of opinion as to the advisability of extending this method of indirect taxation.

The sixth question seems to be covered by the fifth question, and the answer to the fifth, is, perhaps, a sufficient answer to the sixth.

In reply to the seventh question, as to why the income from water should not be sufficient to pay operating expenses, and the interest on the cost of the water system, the reply of your committee is to the effect that the income is sufficient for both purposes. There is annually included in the tax levy the sum of \$100,000, which sum is collected and paid over to the executive board for the water consumed by the city, for all purposes, including extinguishment of fires, street sprinkling, consumption in public buildings, schools, etc., etc. It is certainly fair that this amount should be paid by the city as a consumer, to the city as a producer; and including the item of \$100,000 there is an annual profit to the city after the payment of the cost of maintenance and interest on the water debt. But even if there were no profit, and if the amount included in the tax levy for water consumed by the city were double or treble the sum heretofore included, the raising of such a sum is justifiable and proper. The city at large has the benefit of the consumption of that water, and the city at large should pay for it in proportion to the amount of benefit which every individual composing the city receives.

The eighth question in the communication of the alderman of the ninth is as follows: Why should the per capita real estate of our city be steadily diminishing? The answer is, that it is not diminishing as certified by the city assessors. In 1890 the assessed valuation of the city's real estate per capita was

\$656.20, and in 1892 the amount per capita was \$668.05.

In reply to the ninth question in the communication of Alderman Johnston, why is it lower than most of the large cities of the country, your committee has been curious to see whether the implied statement therein contained was supported by facts, and has therefore carefully examined the statement of the alderman of the ninth, and published at page 372 of the proceedings of 1892-3 of the Common Council. This statement contains a list of twenty-six cities, of which Rochester is one; but the list, as compiled by the alderman of the ninth, does not contain the names of many of the large cities of the country, and the statement made in his communication that Rochester's assessed valuation per capita is lower than that of most cities of the country is not borne out by his own figures. The following are some of the cities which he has omitted from his list: Washington, New Orleans, San Francisco, Indianapolis, Jersey City, Galveston, Richmond, Atlanta, Toledo, Portland, Oregon, and Springfield, Mass., cities equally entitled to be considered with those contained in his published list. And your committee ventures to say that if the figures of these cities were at hand, it would be found that Rochester's assessed valuation per capita would compare favorably with the assessed valuation of a majority of the cities of the country of similar size and circumstances.

Question ten, as contained in the communication referred to by this committee, asks why the value of lands and buildings should not be set out separately on the assessors' books. This question is old straw which needs no more threshing. It might be of benefit to insurance adjusters in determining the value of homes destroyed by fire.

Question eleven is, why should so many licenses be granted? One for every twenty-seven families? This is a question for the excise commissioners, and not this Common Council to deal with.

Question twelve treats of the saloon question, and asks whether the cost of maintaining the police system and poor fund are ever considered in the relation they bear to the license question? The answer is, that the alderman of the ninth has the same opportunity as an individual, that any citizen has, to discuss this question, and if he should see fit, he might suggest measures of reform to the legislature, which has the sole power to deal with the question; this Common Council has no authority whatever in the premises.

Question thirteen relates to the city's finances once more, and asks why the expenditures for maintaining the city government invariably exceeds the amount of the tax levy. To begin with, the implied statement that they do invariably exceed the tax levy has no foundation in fact. For the fiscal year 1892-93 every fund under control of the Common Council, except the contingent fund, was sufficient to pay the expenses of conducting every department of the city government, under the council's control, and leave a satisfactory balance at the close of the fiscal year.

The contingent fund, at the time the Common Council became Republican in its majority, had a deficiency of \$92,000. That deficiency has been steadily reduced year by year, and it is believed that for the present year it will not exceed \$50,000. Notwithstanding the fact, the increased election expenses made necessary by the adoption of the ballot reform law have enormously increased the drain upon this fund. The character of the fund is such that its necessities

cannot be definitely known in advance. And as the city is now able to borrow money for those necessities, as they arise, at a rate of interest not greater than 3 1/2 per cent. or 3 3/4 per cent. which moneys it carries in the local banks, and upon which it receives 4 per cent. per annum on daily balances, it is not thought that the city suffers seriously from that course of action.

Question fourteen asks why the city should be obliged to borrow \$450,000 to \$500,000 every year to pay its current expenses during the months of April, May and June. The answer is familiar to every one having the slightest knowledge of the provisions of the city charter. The fiscal year commences on April 1st, at which time the Common Council proceeds at once with the work of making up its estimates for the year, and putting these estimates in shape for collection, and the money thus to be collected is not available until July, when the collection of taxes begins. The only remedy for this would be by an amendment of the charter to provide that the outgoing Common Council should, during the month of January, make up the estimates, and provide for the collection of the taxes during the month of April. If this were to be done, it would bring the tax levies but nine months apart, instead of twelve months as is now the case. It may be that this course should be adopted; but if adopted, it would result in a certain amount of hardship by bringing the tax levies for two years so close together, and the only loss which the city suffers by the present method is the loss by interest upon the money which it borrows, less the amount which the city receives upon its deposits for the same period.

Your committee knows of no good reason why the records suggested in question fifteen, should be kept, so long as there is no deficiency or misappropriation of the fund, as is conceded by the alderman of the ninth to be the case at the present time. It matters but little to the average tax-payer what the increase in expenditures may be in relation to the several funds from year to year.

In answer to the sixteenth question, your committee would call the attention of the alderman of the ninth to the fact that every transaction of the city government is only recorded in the proceedings of either the common council, executive board, or board of education, and monthly reports are made by the executive board which are regularly published, and all departments and committees make an annual report at the end of the fiscal year, which are always published in the official proceedings.

In conclusion, it is proper to state that large amounts of money have been borrowed by the city since September last, on short time paper, and an explanation of such borrowing may be due to those citizens and tax-payers who have not kept themselves familiar with the reasons which made such loans necessary.

It will be remembered that the city is now engaged in the construction of a new conduit at Hemlock lake. \$500,000 worth of bonds were sold in the summer of '92 and the proceeds thereof were used in paying for the work as it progressed. The same amount of sewer bonds were sold at the same time for the purpose of paying for the cost of the construction of the East Side trunk sewer. It was intended at that time to sell additional bonds in July or August, 1893, but on account of the stringency in the money market it was found impossible to sell these bonds during the summer of 1893, at any price at all satisfactory to the city authorities. The finance committee and treasurer having in charge the negotiations of such

bonds were unwilling to sell them, running as they may for fifty years, at a rate of interest greater than 3-1-2 per cent. per annum, and this they have been unable to accomplish. They did, however, sell \$300,000 worth of water bonds and \$150,000 worth of sewer bonds, which were delivered on December 1st, and bear interest at the rate of 4 per cent. per annum. A satisfactory premium of about 2 per cent. was received on this sale.

With the moneys thus secured, and other moneys which the city has been able to borrow on short time notes at low rates of interest, the work of continuing the conduit and sewer has been carried on, and the time is rapidly approaching when the balance of the bonds needed for these two great undertakings will undoubtedly be floated, bearing a rate of interest at 3 per cent., and certainly not greater than 3-1-2 per cent. per annum. When such sales shall be effected, the notes heretofore given will be paid out of the moneys to be provided, and the city will find itself with its debt, incurred for water and sewer purposes, bearing 3 or 3-1-2 per cent. per annum, instead of 4, 4-1-2 or even a higher rate, as might have been the case had a sale of the bonds been forced during the period of depression.

Your committee, therefore, believes that when the citizens generally understand the causes which have led to the action which has been taken, and the motives which have inspired the finance committee and the treasurer throughout the entire year, that criticism of its actions will cease.

All of which is respectfully submitted.

THOMAS McMILLAN,
M. E. LEWIS,
H. G. COOK,
A. H. DEWEY,

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, N. Y., Feb. 26, 1894. }

To the Finance Committee of the Common Council:

To the question "Why should the cost of cleaning and repairing our streets be so steadily and so rapidly increasing," which was submitted to the common council, referred to your committee and finally transmitted to the executive board for information, the following reply is respectfully made:

An answer to this brief but broad and general question in all that it implies would involve a presentation of the details of expenditure in the street department for several years past, and the causes and reasons for such outlay, which would be voluminous enough to form a pamphlet of very fair proportions. These details are on file, together with all records of moneys expended, in the office of the executive board, and accessible to any inquiring citizen or taxpayer, where an explanation of all items of outlay is always freely and frankly given.

A somewhat detailed statement, however, of expenditures of the street department has been made for some years past in the annual reports of the executive board, which are compiled and published for the information of the public, and any more elaborate statement would merely confuse, and not convince, those seeking such information.

Therefore any reply must necessarily be of a most general character, leaving to those who wish to go deeper into the subject the alternative of examining the office records for itemized proof bearing upon the subject matter in question.

In a table submitted to your committee on the occasion of your investigation of Alderman Johnston's charges, three of the principal lines of expenditures were given as follows: Repairs and maintenances of streets, alleys,

places and sewers; removal of ashes, rubbish and snow; cleaning streets and removal of dirt. Now from that date it appears that repairs and maintenance cost as follows: In 1880-1, \$25,261.53; in 1892-3, \$50,739.35.

In 1885-6 (at which time a separate record began to be kept of ashes and snow removal) the cost was \$23,356.63; in 1892-3, \$71,213.88. Cleaning and removal of dirt from streets cost as follows: In 1880-81, \$25,635.44; in 1892-3, \$65,482.93.

This addition to the expenditures in a period of ten years is pronounced extraordinary and unwarrantable, but an examination of the table referred to will show that the increase has been gradual and natural.

It is a matter of record that the added population of the city of Rochester in the period above given was over 56,000 and this increase was not in the business or the older residential parts of the city, but in the suburban districts.

In 1880 and down to the middle of the last few years, repairs, ash collection and dirt removal were confined almost entirely to the central wards and the main streets of the old wards from the eighth up to the fourteenth ward. The fifteenth and sixteenth wards and parts of the old twelfth, thirteenth and fourteenth wards were to a large extent, farm lands or unimproved tracts of property, which within this time have been built up with houses and residences by the laborer, mechanic, merchant and millionaire, comprising a large percentage of the increase of population who either settled in the city or who moved from the central wards to the outlying districts to make room for the influx of workers or artisans who located among us and benefited by the era of prosperity which our city has been enjoying. Investors and capitalists took advantage of this boom and laid out parcels of land, hitherto unimproved, into streets, parks and avenues, erected houses and blocks, equipped them with all modern conveniences, and demanded, as they had a right to do, their share of the public moneys, so that their property on which they were called to pay large taxes, because of its improved condition, and on which they had invested large sums of money, might be made suitable for occupancy, rental or sale. All of the general funds had to contribute to this purpose, and none more so than the highway fund.

The fifteenth and sixteenth wards have an area of nearly 7,000 acres, while the old fourteen wards cover only 5,065 acres. The two first named wards border the city on the east and west, and extend from its southern to its northern boundaries, a distance of about five miles. This large area of the city is but sparsely populated, and the expense of the removal of ashes, rubbish and the care and maintenance of streets is greatly augmented and far in excess of what it would cost for the same service and work in districts which are compactly built up instead of being so scattered. It is an error, therefore, to make comparison between the expenditure and the population of a city, for it can be proven beyond reasonable doubt that a city closely built up and thickly populated will not require any such outlay for street purposes as the same number of people occupying houses scattered over a large area of territory.

The time required to do the same amount of work is the element involved, and which adds to the expense. Within a few years past the executive board has sent its laborers, teams and carts into this new territory, and extended to it the same service as it had previously given in the old fourteen wards. Such service means removal of ashes and rubbish, grading and turnpiking streets, sewer

repairs, construction of crosswalks and the expenditure of funds for divers purposes which owners of property claim is their right to have and enjoy. All this means expenditures out of proportion to the population in those districts, because of the long distances the men and teams have to travel both in gathering rubbish and hauling it to dumping grounds a mile or more from the place of work. Such extension of service has called for more men, carts, tools and material, all of which demands on the highway fund constitute one of the many causes for the rapid increase of expenditures in this department within a few years.

Another cause is that the demand for cleaner streets, the purchase of sweeping machines which, instead of working one night or so a week on Main or State streets, are now kept going every night of the week on nearly every improved street or avenue, except the asphalt or wood pavements, and instead of one or two being so employed, as formerly, there are seven or more engaged nightly in this service. The sweeping must be followed with hand labor and teams for the removing of the sweepings so that during the spring, summer and fall seasons, a night and day force have been constantly at work on the streets. This class of work has only been done for a few years past and a large amount of money has been expended on it. This was in accord with public sentiment and the demands of the press.

Again, ten years, or even five years ago, the scraping of paved streets was chiefly done in the spring of the year, and occasionally in the fall, but for a few years past such streets have been scraped and the dirt removed from them many times between March and December. This frequent removal of the dirt from the improved roadways has been made necessary by the increase of traffic and the vast number of houses and buildings erected in the last few years; and the hauling of material to and from such property, as everybody may have observed, littered the streets with dirt and debris, and left them in such a condition as to render their frequent scraping and cleaning an absolute necessity. Clean streets and alleys are demanded by the people both for the health and appearance of the city, but the work cannot be done for any meager appropriation, or for any such as was set apart for this purpose many years ago.

The improvement of roadways and walks which has kept pace with the rapid growth of the city required a large addition to the force of common laborers, mechanics and foremen. In the old wards, especially from the tenth to the sixteenth inclusive, there are miles of plank walks that need constant inspection to keep in regular and safe condition.

Notice, according to law, must be served owners, and failure on their part to do the work must be followed by repairs made by the city, and a large force of men must be constantly unemployed on this branch of the service to save the city suits for damages. Notwithstanding the efforts of the board in this direction, a large number of claims are yearly filed against the city for accidents arising out of defective walks and roadways. Where repairs are made or snow removed from premises, the actual cost of labor and material is collected from the property owner; but this sum is but a small percentage of the amount paid for this kind of labor because the inspection must be maintained, although a large number of the citizens notified repair their own walks after notice has been served.

Perhaps the following table, showing the extraordinary increase in miles of streets and alleys improved, and the cost of the same,

will establish the fact that the additional area of streets and the miles of sewers within a few years afford some reason or cause for the growth in the amount of the highway fund, when it is understood that every new street and alley improved, as well as every new street opened and dedicated to public use, at once becomes a source of expense for care and maintenance.

Table for years showing population, miles of streets improved and unimproved, and cost of same; also the cost of all improvements for which the highway fund is chargeable for yearly maintenance.

Year	Population.	Improved.	Unimproved.	Cost of Improved Streets.	Miles of Streets and Alleys.
1882-3	99,100	47.26	180.00	\$98,476.71	
1887-8	123,700	53.91	181.62	\$81,382.75	
1890-1	138,400	68.35	206.53	519,249.33	
1891-2	141,500	81.50	204.00	470,488.29	
1892-3	145,700	94.35	200.08	300,551.39	
				\$1,400,911.02	
				\$369,369.94	
				639,868.56	
				570,323.26	
				383,345.47	
				\$299,387.73	
				511,044.06	
				824,217.02	
				791,124.33	
				401,633.94	

Referring again to the old outside wards (fifteenth and sixteenth) the records show that there are now laid in this territory over five miles of asphalt and brick paved streets, and over thirteen miles of Medina, McAdam and gravel improved roadways.

Those improvements to a large extent have been made in the past five years, and while the asphalt and brick paved streets are in many instances taken care of by local tax, the thirteen miles of other pavements have to be maintained, swept and cleaned by expenditure from the highway fund.

In the year 1892-3 alone there were almost five miles of sewers added to the sewer system of the city, and over five miles of sidewalks. Every additional mile of sewer, street and sidewalk means additional expense to the highway fund.

The increase of the work of sweeping and scraping of streets is shown by the following statement.

	1885-6.	1892-3.
Miles of street scraped	49	176
Miles of street swept	93	244
The scraping is once or more during the season, but the aggregate miles of street swept represents the total length of streets swept daily, semi-weekly or weekly the entire summer and fall.		
There were built in 1892-3 about five miles of sewers and there were over five miles of sidewalk laid; and up to April 1893, there were:		
Improved streets and alleys, except asphalt	67	
Asphalt streets	20	
Unimproved streets	207	
Total miles		294

These are some of the principal lines of work for which money has to be expended from the highway fund: Removal of ashes; cleaning crosswalks; removing snow and ice; scraping streets and removal of dirt; repairing of unimproved roadways; care of stationary bridges and repairs; care and maintenance of lift bridges; repairs of sidewalks; sweeping, and removal of sweepplugs; repairing of improved roadways; building and repairing stone sidewalks; building and repairing wood crosswalks, main sewers, laterals, culverts and ditches; repairs of surface sewers, gutters, etc.

Now to take proper care of the above larger number of miles of streets, exclusive of the main sewers, laterals and sidewalks, in this growing city, demands time, labor and expenditure of money; and if the city prospers and grows as it has during the last six years the highway expenditure will go on increasing in a natural and proper way, unless a policy of neglect and indifference to the wants and interests of the people is inaugurated, crippling and hindering its advancement on some shallow pretense of reform. Prudent methods and wise discretion may not always be exercised, nor is it claimed that the administration of municipal affairs is always an exhibition of ideal economy; but it can be safely asserted that it is reasonably just, equitable and prudent, according to the conflicting interests which exist in any community, and with the means and class of labor which every city must employ. Rochester will grow under liberal treatment in its public expenditures, and stagnate under false economy, as surely as effect follows cause.

Finally, the highway department will, doubtless, come under public criticism for political purposes next year or three years from now for the large expenditures during the present winter, when the cause, which gave rise to such outlay, viz.: the amelioration of the general distress of the working classes and suffering of the poor, shall have been forgotten.

Respectfully,
THOMAS J. NEVILLE, Clerk.

COMMUNICATIONS TO THE BOARD FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By Ald. H. G. Cook, by request of Ald. Pauckner—

To the Honorable, the Common Council of the City Rochester.

Gentlemen:—In the matter of the removal of remains from, and settlement of claims of lot owners of West Brighton Rural Cemetery, as provided in chapter 228 of the laws of 1893, we would respectfully submit the following report, showing that all bodies have been removed as directed and reinterred in Mt. Hope cemetery or other cemeteries and all claims properly proven, settled and deeds executed to the city of Rochester as approved by the City Attorney.

The balance of the \$1,500 appropriated by the above act, amounting to \$413.30 is by said act directed to be paid into the Perpetual Care Fund of Mt. Hope Cemetery for the benefit of lot purchased for reinterments.

Out of a total of 82 lots in said cemetery,

as shown by the only detailed map which this commission has been able to obtain, only 10 (for which proof of ownership was submitted and title given) were paid for at the rate of eight dollars each.

One hundred and thirty-seven (137) removals of remains were made, out of which 130 were taken to Mt. Hope, and an accurate map made showing the name and location of every body so removed, and the balance to other cemeteries.

The lot thus acquired by the city has a frontage of 107 feet on Mt. Hope avenue and is 204 feet in depth.

The following is a detailed statement of uses made of the appropriation:
To fund (under chapter 228, laws of 1893)\$1,500 00

WM. OLIVER,
HENRY G. SAUER,

Commissioners.

Ordered received, filed and published.

By Ald. McMillan—

CITY TREASURER'S OFFICE,
ROCHESTER, N. Y., Feb. 27, 1894. }

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—I would report that the time orders, or acceptances, of the Executive Board for local improvements, falling due in March, amount to \$163,177.87. To meet same I have in the local improvement fund, \$30,000. As \$80,000 of these warrants or orders come due the 1st of March, I shall require authority to borrow \$50,000 on the city's note in order to pay same.

Respectfully submitted,

S. B. WILLIAMS, Treasurer.

Ordered received, filed and published.

By Ald. McMillan—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue the city's note for a period not exceeding four months time and for an amount not exceeding fifty thousand dollars (\$50,000) by virtue of the authority given under sections 80 and 81 of the city charter. Said note to be negotiated under the direction of the Finance Committee to be countersigned by the chairman of the Finance Committee; interest or discount thereon to be charged to the contingent fund and the proceeds thereon to be credited to local improvement fund.

Adopted by the following vote:

Ayes—Alds. McMillan, C. S. Cook, Callhan, Zimmer, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Kelly, Aikenhead, Simmelink, Lewis, Bierbrauer—15.

By Ald. McMillan—

CITY TREASURER'S OFFICE, }
ROCHESTER, N. Y., Feb. 17, 1894. }

To the Honorable, the Common Council of the City of Rochester.

Gentlemen:—I would respectfully report that as per instructions of your honorable body, I offered for sale February 23d, at eleven o'clock A. M., due notice of sale being given in the official paper of the city, as well as in three papers published in New York city, \$950,000 worth of additional water supply bonds, and \$250,000 worth of East Side trunk sewer bonds. These bonds were offered at par, rate of interest, 3 1-2 per cent. per annum.

I received no bids for the sewer bonds but sold \$100,000 of additional water supply bonds at par, rate of interest, 3 1-2 per cent., bonds to be dated March 1, 1894, fifty years time, with privilege of redemption by the city after twenty years. The Monroe County Savings Bank purchased \$50,000 worth of these bonds; the Security Trust Co., \$40,000; and B. D. McAlpine, Esq., \$10,000.

By advice of the chairman of Finance Committee and the City Attorney I adjourned sale to March 20, 1894.

As no sewer bonds were sold, I shall be unable to pay the budget of the East Side Trunk Sewer commission from funds on hand. I would therefore ask permission to transfer \$16,000 from the general fund to the East Side Trunk Sewer fund, the same to be returned when more bonds are sold.

Respectfully submitted,

S. B. WILLIAMS, City Treasurer.

Ordered received, filed and published.

By Ald. H. G. Cook, by request of Ald. Pauckner—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—With reference to the proceedings now pending before commissioners of

appraisal for the right of way for the State Hospital and Goodman street sewer, the undersigned will make no claim for damages for the proposed easement and right of way upon and across their lands north of Highland avenue, if the material excavated which may be left after filling up the sewer trench and grading the line above it and Mulberry street, be deposited upon their lands adjoining the proposed right of way which may lie below such graded line so as to grade such land up to said line at such points north of Highland avenue and within one thousand feet from the place of excavation as may be indicated by said Ellwanger & Barry and accepting so much dirt as may be necessary to fill up to the grade of the proposed right of way so much of the lot of Helen F. Barton as lies below said grade and within 150 feet of the right of way taken.

They will also accept the sum of \$1,764 19 in full for right of way and easement for State Hospital and Goodman street sewer upon and across their lands south of Highland avenue, provided that the nursery stock and other growing plants upon said lands, outside of the proposed right of way be protected from injury by the process of said work and by the workmen engaged upon said work. The nursery stock now on said proposed right of way to be disposed of by the city of Rochester.

ELLWANGER & BARRY.

By Hunn & Ellwanger, Attorneys.

Ordered received, filed and published, and referred to Executive Board, City Surveyor and City Attorney.

By Ald. H. G. Cook, by request of Ald. Pauckner.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—The undersigned, Helen F. Barton, owner of the premises situated on the east side of the proposed line of the State Hospital and Goodman street outlet sewer, hereby proposes to execute an easement to said city for the purposes of constructing said sewer, for the sum of one dollar, upon the understanding that the city of Rochester will fill up the portion of the land owned by said Barton to the grade established for said proposed right of way, such grade to be continued for a distance of 150 feet east of said proposed right of way.

HELEN F. BARTON,

Per C. Barton.

Ordered received, filed and published, and referred to Executive Board, City Surveyor and City Attorney.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—I hereby offer to dedicate to the city of Rochester for public use, a street fifty feet in width, to be known as "Gertrude street," as laid down on a map on file in Monroe county clerk's office. Said street extends from the north side of East Main street northerly, and is partly graded and unadorned.

Dated March 2, 1894.

Respectfully submitted,

GERTRUDE J. HOBBIE.

Ordered received, filed and published and referred to Executive Board.

REPORTS OF STANDING COMMITTEES.

By Ald. Lewis—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Law Committee begs leave to report as follows:

In the matter of the communication of Ellwanger & Barry, would respectfully report, that the following resolution be adopted in accordance with the proposition and stipulation of Ellwanger & Barry.

In the matter of the claim of the Rochester Truck & Storage Company, referred to this committee, we have ascertained that the amount claimed \$60, has been objected to by the auditor, and the same reduced to the sum of \$30. We consider that the objections made by the auditor are valid and we recommend that said claim be paid in full at \$30, and that a resolution to that effect be adopted.

In the matter of the resolution offered by Ald. Pauckner, February 26, 1894, reconsidering so much of the resolution offered by Ald. McMillan, found at page 179 of the current proceedings relating to the payment of the bill of the Rochester Truck & Storage Company amounting to \$30, we have ascertained, that the Rochester Truck & Storage Company has never been dissolved, and that the only party to whom said amount may be made payable in accordance with the contract of said company is said company, and we therefore recommend that a resolution be adopted directing that said \$30 be paid to said company.

In the matter of the application of C. H. Perry for appointment as commissioner of deeds, we recommend that the same be granted.

All of which is respectfully submitted,

MERTON E. LEWIS,
 CHAS. S. COOK,
 T. McMILLAN,
 J. MILLER KELLY,

Law Committee.

Ordered received, filed and published.

By Aid. Lewis—Resolved, That the City Clerk be and he hereby is authorized to draw an order upon the City Treasurer, and charge to the Contingent Fund the sum of \$30 in favor of the Rochester Truck & Storage Company in payment of the account audited by the auditor at said sum.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Adams, Johnston, Ashton, Ward, Dewey, Pauckner, Kelly, Aikenhead, Lewis—12.

By Aid. Lewis—Resolved, That the City Clerk be and he hereby is authorized to draw an order upon the City Treasurer, and charge to the Contingent Fund the sum of \$30 in favor of the Rochester Truck & Storage Company in full of the item reported on the 25th of July, 1893, in the finance budget No. 4, to wit, item "Rochester Truck & Storage Company, taking down six booths, \$30."

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Adams, Johnston, Ashton, Ward, Dewey, Pauckner, Kelly, Aikenhead, Lewis—12.

By Aid. Lewis—Whereas, Proceedings are now pending under final ordinance No. 5,262, for procuring the right of way for the State Hospital Outlet Sewer, and

Whereas the proposed line of said sewer runs from the southerly end of Goodman street to Highland avenue through private property, and

Whereas, Messrs. Ellwanger & Barry, who own the greater portion of the private property through which said sewer is to run have made a proposition that in case the material excavated which may be left after filling up the sewer trench and grading the line above it, and Mulberry street, be deposited upon their lands adjoining the proposed right of way which may lie below such graded line so as to grade such land up to said line at such points north of Highland avenue and within 1,000 feet from the place of excavation as may be indicated by said Ellwanger & Barry, a nominal award of \$1 may be made by the commissioners of appraisal for such right of way across said lands of Ellwanger & Barry. Now therefore

Resolved, That the Executive Board be, and they hereby are authorized and empowered to enter into an agreement with Ellwanger & Barry in accordance with their stipulation, above recited.

Adopted.

COMMUNICATIONS TO THE BOARD FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

MONROE COUNTY COURT—In the matter of the acquirement of a right of way for an outlet sewer in Thomas and other streets. *To the Monroe County Court, and to the Honorable, the Common Council of the City of Rochester.*

The undersigned who were appointed by an order of the Monroe County Court duly granted and entered on the 18th day of January, 1894, commissioners to inquire into and determine what damages and compensation the owner or owners, tenants or occupants of the lands, rights, easements and buildings to be taken for the construction of an outlet sewer in and through Thomas and other streets in said city through private property will be entitled to for the same, respectfully report and certify the premises, rights and easements to be taken for such improvement, the names and residences, the rights of the owner thereof, and their award of damages as incident to the construction, operation and maintenance of said sewer through said property as follows:

First: The rights and easements to be taken are described as a right of way or easement of sufficient width for the construction, operation and maintenance of said sewer, not exceeding 25 feet each side of the entire line of said proposed right of way and sewer, according to plans prepared or hereafter to be prepared by the City Surveyor of said city in, along through, over and across the following described parcels of land, reference being had to the map of said proposed outlet sewer, filed in the city and county clerk's office.

PARCEL NO. 1.

All that tract or parcel of land situated in the city of Rochester, County of Monroe and state of New York, and being part of lot No. 135, as designated on a map of a sub-division of part of town lots numbers 43 and 44, made by the heirs of George A. ACTION UPON ORDINANCES.

FIRST ORDINANCES.

First ordinances for a pipe sewer in Walnut street came up and upon motion of Ald. Ward action thereon was indefinitely postponed.

EAST AVENUE CARE, REPAIR AND SPRINKLING.

By Ald. Zimmer—Resolved, That the City Surveyor ascertain and report to this Council the expense of cleaning, repairing and sprinkling of East avenue, for the season of 1894.

Adopted.

The Surveyor submitted as such estimate, \$2,340.

By Ald. Zimmer—Resolved, That the following improvement is necessary, viz:

The repair, cleaning and sprinkling of East avenue, from Goodman street to the eastern city line, during the season of 1894, from April 1st to November 1st. The repair to consist in spreading 400 yards of hand broken macadam stone upon the roadway, covering with 150 yards of gravel, the same to be thoroughly rolled with a ten-ton steam roller; also the cleaning and removal of all dirt and refuse from the surface of the street at least five times during the season, and the sprinkling of the street every day from April 1st, to November 1st.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$2,340, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of East avenue, from Goodman street to the eastern city line, in proportion to the benefit which each will derive therefrom.

Adopted.

COURT STREET BRICK PAVEMENT.

By Ald. Zimmer—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Court street.

Adopted.

The Surveyor submitted as such estimate, \$24,000.

By Ald. Zimmer—Resolved, That the following improvement is necessary, viz:

The improvement of Court street, from South Clinton street to Union street, by the construction of a brick pavement therein with a line of 5-inch Medina stone curb on each side thereof, properly connected with all lateral streets, alleys and driveways. Width of main roadway between curbs to be 29 feet. Also the construction of the necessary manholes, surface sewers, lot laterals, water and gas services, flag crosswalks. Also the construction of a vitrified pipe sewer 12 inches in diameter in said street, from a point 100 feet east of South Clinton street to the sewer in Court street at Chestnut street. Also the cleaning of the main sewer in the street if found necessary.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$24,000, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Court street, from South Clinton street to South Union street, in proportion to the benefit which each will derive therefrom.

Adopted.

ONTARIO STREET SPRINKLING.

By Ald. Zimmer—Resolved, That the City Surveyor ascertain and report to this Council the expense of sprinkling Ontario street.

Adopted.

The Surveyor submitted as such estimate, \$125.

By Ald. Zimmer—Resolved, That the following improvement is necessary, viz:

The sprinkling of Ontario street, from North street to Scio street, during the season of 1894.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$125, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Ontario street, from North street to Scio street, in proportion to the benefit and advantage which each will derive therefrom. Adopted.

By Ald. Zimmer—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or adoption, or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7 P. M., at the Common Council Chamber, when allegations relative thereto will be heard, and that the City Clerk be, and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Herald, notice thereof as is required and in the manner specified by section 172 of the city charter.

CITY CLERK'S OFFICE, }
ROCHESTER, N. Y., March 7, 1894. }

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Agreeably to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Herald, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Wednesday evening, March 7, 1894, at 7 o'clock P. M. at the Common Council chamber, when allegations would be heard in reference to such improvement.

Respectfully,

HENRY W. GREGG, City Clerk.

Final ordinances for Scio street asphalt improvement, Medina block stone pavement on State street, Medina stone pavement and sewer in South Avenue, Shelter avenue pipe sewer, came up. Allegations were called for upon each thereof separately and after hearing same from all persons appearing, upon motion of Ald. McMillan action thereon was postponed two weeks.

AN ACT To amend chapter fourteen of the laws of eighteen hundred and eighty, entitled, "An act to further amend chapter one hundred and forty-three of the laws of eighteen hundred and sixty-one, entitled 'An act to amend and consolidate the several acts in relation to the charter of the city of Rochester,' and to consolidate therewith the several acts in relation to the charter of said city," and the several acts amendatory thereof and supplementary thereto.

The people of the state of New York, represented in senate and assembly, do enact as follows:

Section 1. Section one hundred and eleven of chapter fourteen of the laws of eighteen hundred and eighty, entitled "An act to further amend chapter one hundred and forty-three of the laws of eighteen hundred and sixty-one, entitled 'An act to amend and consolidate the several acts in relation to the charter of the city of Rochester, and to consolidate therewith the several acts in relation to the charter of said city,'" is hereby amended so as to read as follows:

Sec. 3. The treasurer of the city of Rochester shall place to the credit of a fund known as the "sinking fund of the city of Rochester for the redemption of the city's bonded debt," such sums of money raised pursuant to section 18 of chapter 193 of the laws of 1888, and the amendments thereto as may remain after the payment of the interest upon the bonds issued pursuant to the provisions of said act; the difference between the amount received from the New York, Lake Erie & Western Railroad Company and the amount necessary to pay any bonds of the Genesee Valley railroad and the interest thereon; the amount received as rent for the arsenal site; the percentage of the gross receipts of the Rochester Railway Company contracted to be paid to the city, all surplus receipts for water rents and any moneys now in his possession received from any of the above sources not otherwise appropriated and the amount so credited and the additions and accretions thereto shall constitute a fund for the redemption of the city's bonded debt

and for that purpose only. The common council of said city shall on or before the 1st day of June, 1894, and every third year thereafter, appoint a citizen of said city, other than a city officer or employe, who with the mayor, treasurer and president of the common council of said city shall constitute the board of trustees of said sinking fund, which shall be a body corporate, and shall have the care and direction of said sinking fund, subject to the ordinances of the common council. Said trustees are hereby authorized and empowered to call in, pay and redeem any portion of the bonded debt now or hereafter a charge upon said city (for redemption of which no special provision of law exists except the bonds issued pursuant to chapter 193 of the laws of 1888) whenever they may deem it to be advantageous for the interest of said city so to do. Said sinking fund shall be used solely in the redemption and payment of the city's bonded debt and when there are no such city obligations falling due upon which the same can be applied, they may be used in the purchase of any of the city's bonds, not due, or any city bonds to be issued, or may be invested in such other manner as such board of trustees may elect, or may be deposited in such banks at the highest rate of interest obtainable, as shall be selected by said trustees, until such bonds may fall due to the payment to which they can be applied, and whenever any of the bonds of said city are about to be issued, the trustees of said sinking fund shall, at their option, be permitted to purchase so much or so many of them as they may desire at their par value for investment in said sinking fund, and shall hold the same as a part of said sinking fund. Said trustees shall each year at the last meeting in March present to the common council a detailed statement of the receipts, disbursements and investments made during the then past year, pursuant to the provisions of this act; the several securities and investments held (whether cancelled or not) stating the law under and the purpose for which the same were respectively issued, giving their respective amounts, date of issue, and maturity and the numbers of bonds or securities and the rate of interest payable thereon, together with any other proper description of the same; the amount of interest paid on such deposit; what city bonds maturing during the then past year have been paid out of said sinking fund; the several amounts in which city bonds have been issued, the dates of their issue, the rate of interest payable, the times when the interest and principal of the respective bonds fall due, and also the authority under and the object or purpose for which they were respectively issued. When, by any act authorizing the creation of any part of the present funded debts, any property or revenues of the city were pledged or appropriated to the payment of any such funded debt, such property or revenues shall continue to be so pledged and appropriated to the payment of the bonds or certificates which shall, by virtue of this act, be substituted for such part or parts of such funded debt.

Sec. 2. This act shall take effect immediately.

Ordered received, filed and published and sent to Albany for introduction and printing.

By Ald. Dewey—Application of Edward C. Stilwell for appointment as commissioner of deeds. Referred to Law Committee.

By Ald. Lewis—Application of G. De Kappelle for appointment as Commissioner of Deeds. Referred to Law Committee.

By Ald. Lewis—Resolved, That the chairmen of the several committees having con-

trol of the expenditures of the various funds be, and they are hereby, requested to present to this council, at its next meeting, all outstanding bills remaining unpaid to the end that no bills of this year remain unpaid at the end of the year. Adopted.

By Ald. Lewis—

AN ACT to amend chapter fourteen of the laws of eighteen hundred and eighty, entitled, "An act to further amend chapter one hundred and forty-three of the laws of eighteen hundred and sixty-one, entitled 'An act to amend and consolidate the several acts in relation to the charter of the city of Rochester' and to consolidate therewith the several acts in relation to the charter of said city," and the several acts amendatory thereof and supplementary thereto.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section six of said act is hereby amended so as to read as follows:

Sec. 6. The officers of said city shall be one mayor, one treasurer, three members of the executive board, two judges of the municipal court, one police justice, one supervisor for each ward, one alderman for each ward, one constable for each ward, and five members of the board of education, all to be elected by the electors of the city, by ballot, as hereinafter provided; one city clerk, one auditor, one city attorney, one overseer of the poor, three assessors, one sealer of weights and measures, one city surveyor, two police commissioners and one police clerk, to be appointed as hereinafter provided, and such other officers as are, by this charter or other law, to be elected or appointed.

Sec. 2. Section seven of said act is hereby amended so as to read as follows:

Sec. 7. An election shall be held in each ward annually on the Tuesday next after the first Monday in March, at such places as shall be designated by the Common Council, of which a notice shall be published by the city clerk for at least six days previous to the election, in all the daily newspapers of the city, at which election there shall be chosen by the electors of the city, voting in their respective wards, as often as the term of office of the then incumbent shall expire, within the year after such election, one mayor, who shall hold his office for two years; one police justice, who shall hold his office for four years; one treasurer, who shall hold his office for two years; and also, by the electors of each ward, one supervisor, whose term of office shall be the same as that of the supervisors from the towns of Monroe county, and the terms of office of the supervisors now in office in said city shall end at the same time as the terms of town supervisors now in office; and also one constable, who shall hold his office for one year; and at the election held on the Tuesday after the first Monday in March, eighteen hundred and ninety-four, there shall also be chosen by the electors of the fourth and of all the odd wards, except the third ward, one alderman from each of said wards, and at the election held on the Tuesday after the first Monday in March, eighteen hundred and ninety-five, one alderman, from the third ward and all the even wards, except the fourth ward; each of whom shall hold his office for two years, and thereafter aldermen shall be elected for two years as the terms expire of those elected from the respective wards. The aldermen now in office shall continue to hold office as representing the territory from which they were elected, notwithstanding the change of ward numbers until their terms of office shall severally expire. Also at the

election held on the Tuesday after the first Monday in March, eighteen hundred and ninety-five, there shall be elected by the electors of the whole city, five members of the board of education who shall hold their office for the following terms: The one having the highest number of votes, for five years, the one having second highest number of votes, for four years; the one third highest, three years; the one fourth highest, two years, and the one fifth highest, one year; should any two or more members so voted for have an equal number of votes the term of such members shall be determined by the Common Council. At every annual charter election thereafter there shall be elected by the electors of the whole city one member of the board of education who shall hold his office for the term of five years. The city treasurer shall not be entitled to enter upon his office until he shall have executed and filed with the mayor a bond in the penal sum of fifty thousand dollars, or such other sum as the Common Council may have fixed, with good and sufficient sureties, approved by the mayor, in writing thereon, and conditioned for the faithful performance of all his duties as treasurer, and of all the duties imposed upon him by law, in respect to the money, property and affairs of the said city. The execution of such bond by the treasurer and sureties shall be duly acknowledged or approved so as to entitle it to be read in evidence, and it shall be the duty of the mayor to cause such bond to be recorded in the Monroe county clerk's office and a copy of such bond, as so recorded, certified by the said county clerk, shall be as good evidence in all courts and places as his original bond, which shall be safely kept by the mayor, after being recorded as aforesaid. Not less than thirty days after the passage of this act, and in every second year thereafter, the mayor shall appoint an auditor, whose term of office shall be for two years, or until his successor shall have been duly appointed and qualified. The said auditor shall enter upon his duties on the first Monday in May after his appointment. The said auditor shall not be entitled to enter upon his office until he shall have executed and filed with the mayor of said city a bond in the penal sum of five thousand dollars, or such other sum as the Common Council shall fix with sufficient sureties, approved by the mayor, in writing, conditioned for the faithful performance of his duties as such auditor, and the duties imposed upon him by law. The said auditor shall receive a salary not to exceed three thousand dollars per annum, payable monthly, as other city officers are paid, such salary to be fixed by the Common Council, annually, as other salaries are fixed. It shall be his duty to examine and pass upon all debts, demands and claims against said city, and each and every of its boards, officers and agents, including the board of education and the executive board of said city, before the same shall be ordered paid, and he shall keep a book, in which shall be recorded an account of each debt, demand and claim presented to him, and the sum allowed upon each, and he shall render to the Common Council, the board of education or executive board, detailed monthly reports of all such debts, demands and claims presented to, and allowed by him, as aforesaid, and all bills, dues and demands contracted or incurred during the preceding months, which have been presented to him for audit aforesaid, and except as otherwise provided by law, and except the fixed salaries of officers paid by the city, no debt, demand or claim payable from the city treasury, shall be paid, except the same be passed upon by said auditor and cer-

tified by him to the body, board or officer whose duty it shall be to pay the same, and if he objects to any debt, demand or claim, in whole or in part, such objection shall be by him presented in writing to said bodies, officers and boards, respectively, whose duty it shall be to investigate the grounds of such objection before finally auditing or determining the manner of disposal thereof. Provided, however, that said auditor may weekly examine and pass upon by items any statement of claims, dues or demands for labor performed, which shall be certified to him for audit by said executive board, and upon such audit by the auditor, certified by him, under his hand, to such board, a sum of sums not exceeding, in the aggregate, five thousand dollars in any one week, may be drawn by the clerk of said board by orders or warrants made directly upon the city treasurer, who shall pay the same, when there are funds for the purpose, as is provided by section one hundred and forty-eight of this charter, as amended in eighteen hundred and ninety. Said auditor may examine, on oath, to be administered by him, any person, firm or corporation who presents an account, claim, due or demand, touching the validity of such account, claim, due or demand, and false swearing during such examination, shall be deemed willful perjury, and punishable as such, and said auditor shall not audit such account, claim, due or demand where such person, firm or corporation, or the duly authorized agent or officer thereof, presenting the same shall refuse to submit to such an examination and oath. The said auditor shall make to the mayor and common council of said city, at the last meeting thereof in each fiscal year, a report in writing, embracing a summary of the business transacted in his office during the preceding year.

Sec. 3. Section one hundred twenty-three of said act is hereby amended so as read as follows:

Sec. 123. On and after the first Monday of April, eighteen hundred and ninety-five, the board of education of said city of Rochester, shall consist of five members. If any vacancy in said board is caused by the death, resignation, removal from the city as a member, or occurs from any other cause, the common council shall appoint a person to fill such vacancy until the ensuing charter election. At such election a member shall be elected by the electors of the whole city for the unexpired term, if any existed. No person shall be eligible to the office of member of said board who is not an elector and free holder of said city. The commissioners of common schools now in office in said city, shall continue to hold office as representing the territory from which they are elected until the first Monday of April, 1895, when their terms of office shall severally expire. The board of education of said city of Rochester as heretofore constituted is hereby abolished from and after the first Monday of April, 1895.

Sec. 4. Section one hundred twenty-four of said act is hereby amended so as to read as follows:

Sec. 124. Said members when so elected, and after they shall have qualified as required by the provisions of this act, shall constitute a board, to be known and designated as "The Board of Education of the City of Rochester." Said board shall be a corporate body in relation to all the powers and duties conferred upon it by virtue of this act, and by the general statutes of this state respecting common schools and shall be vested with all the power and authority which were vested in or pertained to the

board of education of said city, as constituted at the time of the passage of this act. The said board of education shall possess all the powers and be subject to all the duties and responsibilities of trustees of common schools in the towns of this state, in respect to the schools mentioned in this title, so far as the same are applicable, and are not inconsistent with this act, and shall pay the compensation of the teachers of the said schools, and all other expenses thereof, out of the moneys raised by tax, under this act, or received from the state, for the support of the common schools.

Sec. 5. Section one hundred twenty-five of said act is hereby amended so as to read as follows:

Sec. 125. Said board shall have in all respects the superintendence, supervision and management of the common schools in said city, and from time to time adopt, alter, modify and repeal, as they may deem expedient, rules and regulations for their organization, government, visitation and instruction, for the reception of pupils and their transfer from one school to another, and generally for the promotion of their good order, prosperity and public utility. It shall have authority to make and enforce necessary rules, regulations and by-laws for the transaction of the business, and establish the qualifications necessary for the teachers of said public schools, their employment, rate and manner of compensation. It shall appoint and employ a superintendent, clerks, assistants, janitors and employes, and pay their compensation.

The said board shall have power, and it shall be their duty,

1. To establish and organize in the several wards of said city, such, and so many schools, including common schools now existing therein, as they shall deem requisite and expedient, and to alter and discontinue the same.

2. To establish and maintain a school for the discipline of incorrigible pupils.

3. To hire school houses and rooms and improve them as they may deem proper.

4. To alter, enlarge, improve and repair school houses and appurtenances as they may deem advisable. Whenever such board shall build, enlarge, repair or furnish a school house or school houses, or make any improvements or repairs, the cost of which shall exceed two hundred and fifty dollars, the board shall proceed as follows:

(a). It shall advertise for bids for the period of two weeks, at least twice in each week, in two newspapers published in the city of Rochester, and which resolution providing for the same shall be entered in full by the clerk on the record of the proceedings of said board.

(b). The bids, duly sealed up, shall be filed with the clerk by twelve o'clock noon of the last day, as stated in the advertisement.

(c). The bids shall be opened at the next meeting of the board and publicly read by the clerk.

(d). Each bid shall contain the name of every person interested in the same, and shall be accompanied by a sufficient guarantee of some disinterested person, that if the bid is accepted a contract will be entered into and the performance of it properly secured by bonds duly approved.

(e). If the work bid for embraces both labor and materials, each must be separately stated with the price therefor. The board may, in its discretion, accept any bid for either labor or material or both which shall

be most advantageous to the city, or it may reject any and all bids as the interest of the city may require.

5. To purchase exchange or improve and repair school apparatus, furniture and appendages and to defray their contingent expenses.

6. To have the custody and safe keeping of the school houses, out-houses, fences, books, furniture and appendages and to see that the ordinances of the common council in relation thereto be observed.

7. To pay the wages of all teachers out of the moneys appropriated and provided by law for the support of schools in said city, so far as the same shall be sufficient, and the residue thereof, from the money authorized by this charter to be raised for that purpose by tax upon said city.

8. To defray the necessary contingent expenses of the board, including an annual salary to the superintendent and members of said board.

9. Whenever, in the opinion of the board, it may be advisable to sell any of the school houses, lots or sites, or any of the school property now or hereafter belonging to the city, to report the same to the common council.

10. To prepare and report to the common council such ordinances, regulations and resolutions as may be necessary or proper for the protection, safe keeping and preservation of the school houses, lots and sites and appurtenances, and all the property belonging to the city connected with or appertaining to the schools, and to suggest proper penalties for the violation of such ordinances, regulations and resolutions.

Section 6. Section one hundred twenty-six of said act is hereby amended so as to read as follows:

Sec. 126. The several wards of the city of Rochester shall constitute one school district for all purposes, except as herein otherwise provided, and the schools therein shall be free to all children between the ages of five and twenty-one years residing in such wards.

Section 7. Section one hundred twenty-seven of said act is hereby amended so as to read as follows:

Sec. 127. The title of the school houses, sites, lots, furniture, books, apparatus and appurtenances, and all other school property in this act mentioned, shall remain and continue to be in the said city of Rochester. The common council of said city may, upon the recommendation of the board of education hereinbefore mentioned, sell any of the school houses, lots or sites, or any other school property now or hereafter belonging to said city, upon such terms as the said common council may deem reasonable. The proceeds of such sales shall be paid to the treasurer of the city, and shall be by the said common council again expended in the purchase, repairs or improvements of other school houses, lots, sites or school furniture, apparatus or appurtenances.

Section 8. Section one hundred twenty-eight of said act is hereby amended so as to read as follows:

Sec. 128. The said board of education shall have power to allow the children of persons not resident within the city to attend any of the schools of said city, under the care and control of said board, upon such terms as said board shall, by resolution, prescribe, fixing the tuition which shall be paid therefor. Children of school age whose parents or guardians reside out of the city of Rochester, shall not be admitted to any public school therein, until the receipt of the city treasurer is presented to the board showing that tuition for such schooling has been paid

into the city treasury, each term in advance, according to the rates established by said board.

Section 9. Section one hundred twenty-nine of said act is hereby amended so as to read as follows:

Sec. 129. No member of the board of education shall vote for the payment of any money out of any of the funds authorized to be raised by this title of the city charter, knowing that such fund is without money to pay the same, or by vote or otherwise create any debt or liability beyond the amount of any particular fund, for the then current fiscal year. And any person violating this provision shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than fifty dollars nor more than one hundred dollars, or be imprisoned in the Monroe county penitentiary for the period of ten days. And the district attorney of the county of Monroe is hereby specially directed and it shall be his duty, to prosecute all persons violating this provision, upon the complaint of any taxpayer of said city.

Section 10. Section one hundred thirty of said act is hereby amended so as to read as follows:

Sec. 130. Said board shall meet on Monday of each and every week and as much oftener as they shall from time to time appoint, and a majority of said board shall constitute a quorum for the transaction of business. The said board shall elect one of their number president, who shall, when present, preside at all meetings of said board, and shall have power to call special meetings of the board upon the request of a majority of the members of said board. In the absence of the president, the board shall elect some other member to preside at such meetings and perform the duties of the president during such absence. No member of said board of education shall, during the period he holds said office, be appointed to, or be competent to hold any other office of which the emoluments are paid by the city treasury, or be directly or indirectly interested in any contract as principal, surety or otherwise, the performance of any work, or the furnishing of any materials or supplies for the city of Rochester, directly or by another person, the expense or consideration thereof are to be paid under any ordinance, resolution or order of the board of education. No member of said board shall vote for the payment of any such bill for materials or supplies after notice that any member of said board is interested therein, or in the payment thereof. Any violation of this section shall be deemed a misdemeanor and punishable as such.

Section 11. Section one hundred thirty-one of said act is hereby amended so as to read as follows:

Sec. 131. It shall be the duty of said board, in all its expenditures and contracts, to have reference to the amount of moneys which shall be subject to their order during the then current year for the particular expenditure in question, and not to exceed that amount; and they shall apply the moneys raised and received by them for the support of common schools in said city, in such a manner as shall secure equal educational advantages to all the children over five and under twenty-one years of age, by continuing the schools in each district an equal period, as near as may be.

Section 12. Section one hundred thirty-two of said act is hereby amended so as to read as follows:

Sec. 132. The said board shall be trustees of the school library or libraries in said city, and all the provisions of the law which are

now or hereafter may be passed relative to the district school libraries, shall apply to the said commissioners. They shall also be vested with the same discretion as to the disposition of all moneys appropriated by any laws of this state for the purchase of libraries which is therein conferred upon the inhabitants of school districts. It shall be their duty to provide for the safe keeping of the library or libraries. The superintendent of schools shall be the general librarian, who shall have the care of the books and supervise the letting out and return thereof, and the said board, or the general librarian under the direction or by the resolution of said board, may make all purchases of books and exchange, have bound, or cause to be repaired, the damaged books belonging thereto, and to sell any books which may be deemed useless, applying the proceeds as ordered by resolution of the board.

Section 13. Section one hundred thirty-three of said act is hereby amended so as to read as follows:

Sec. 133. The common council of the said city shall have the power to pass such ordinances and regulations as the said board of education may report as necessary or proper for the protection, safe keeping, care and preservation of the school houses, lots, sites, appurtenances and appendages, libraries, and all necessary property belonging to or connected with the schools in said city, and to impose proper penalties for the violation thereof, subject to the restrictions and limitations contained in this charter; and all such penalties shall be collected in the same manner that the penalties for the violation of city ordinances are by law collected, and when collected shall be paid to the treasurer of the city, and be subject to the order of the board of education, in the same manner as other moneys raised pursuant to this charter.

Section 14. Section one hundred thirty-four of said act is hereby amended so as to read as follows:

Sec. 134. Said board shall appoint a clerk at an annual salary of not to exceed twelve hundred dollars, who shall keep a record of all proceedings of the board; and perform such other service and duty as the board shall from time to time direct. The said record or transcript thereof, certified by the president and clerk, shall be received in all courts as prima facie evidence of the facts therein set forth, and such records and all the books, accounts, vouchers and papers of said board shall at all times be subject to the inspection of the common council or of any committee thereof.

Section 15. Section one hundred thirty-five of said act is hereby amended so as to read as follows:

Sec. 135. Any of the clerks, assistants, janitors or employes hereinbefore mentioned shall be subject to removal at the pleasure of the board for any cause.

Section 16. Section one hundred thirty-six of said act is hereby amended so as to read as follows:

Sec. 136. The said board shall appoint a city superintendent of common schools, in the month of June in the year eighteen hundred and ninety-five, and in every third year thereafter, who shall be competent to instruct in any and all of the grades of the city schools, who shall hold his office for three years from and including the fifteenth day of July next after his appointment, and whose compensation shall be fixed and paid by said board. Said superintendent shall appoint all teachers and instructors necessary for the several public schools in said city provided that the number of teachers so ap-

pointed shall not at any time exceed the ratio of one teacher for every thirty-two pupils actually belonging in said schools. He shall also have the power and authority to suspend teachers and instructors for incompetency or inefficiency, and to remove and dismiss teachers and instructors for cause, subject to the approval of the board. He shall also have charge of the school system and methods of instruction. The superintendent now in office shall continue to hold office until July 15, eighteen hundred and ninety-five.

Section 17. Section one hundred thirty-seven of said act is hereby amended so as to read as follows:

Sec. 137. The fiscal year of said board shall begin on the first day of April annually. It shall be the duty of said board annually, on or before the sixteenth day of May in each year, to determine and certify to the common council the sums, in their opinion, necessary or proper to be raised for the several purposes hereinafter mentioned, specifying the sums required, for the year commencing on the first Monday of the previous April, for each of the said purposes and the reasons therefor.

Section 18. Section one hundred thirty-eight of said act is hereby amended so as to read as follows:

Sec. 138. The amount to be raised for teachers' wages in any one year shall not be less than six dollars, nor more than fourteen dollars per capita, based on the average number of resident pupils enrolled but once in the several public schools of said city, for the school year ending on the first day of May next preceding the levying the general city taxes in each year. A sworn statement of such number of pupils so enrolled shall be made by the clerk of said board according to the verified monthly reports of the principals of said schools. Nor shall the amount to be raised in any one year to alter, improve and repair school houses and their out-houses and appurtenances exceed fifteen thousand dollars, or to purchase and improve sites, and build or enlarge school houses, exceed fifty thousand dollars, or for library purposes, exceed three thousand dollars; and the common council of said city are authorized and directed, when necessary, to raise by loan, in anticipation of the taxes, the amount to be raised, collected and levied as aforesaid. It shall be the duty of the common council within fifteen days after receiving the certificate of the board of education hereinbefore required, of the sum necessary or proper to be raised for school purposes, to determine and certify to said board of education the amount that will be raised by them for the year commencing on the first Monday of the previous April, for the purposes mentioned in said certificate, distinguishing between the amount to be raised for teachers' wages, contingent expenses, for the building of school houses, repairs of school houses, and library purposes. The amount raised for school purposes shall constitute five separate and distinct funds, namely: teachers' fund, contingent fund, building fund, repair fund and library fund; and in case the said common council shall neglect or fail to certify to the board of education as above specified the amount that will be raised by them, within thirty days, then the said common council shall raise the several amounts embraced in the certificate of the board of education, as specified therein, which amounts shall be subject to the disposal of the board of education. All moneys required to be raised by virtue of this act, or received by the said city for or on account of the common schools, shall be de-

posited for the safe keeping thereof with the city treasurer of said city to the credit of the board of education, and shall be drawn out in pursuance of a resolution or resolutions of said board, by draft drawn by the president and countersigned by the clerk of said board, payable to the order of the person or persons entitled to receive such money, and every draft so drawn shall designate the particular fund from which it shall be paid, and said city treasurer shall keep the funds authorized by this title to be received by him separate and distinct from any other fund which he is or may be authorized to receive. All moneys to be raised pursuant to the provisions of this act and all school moneys by law appropriated to or provided for said city, shall be paid to the city treasurer thereof, who together with the sureties upon his official bond, shall be accountable therefor in the same manner as for other moneys of said city. The said treasurer shall be liable to the same penalties for any official misconduct in relation to the said moneys as for any similar misconduct in relation to other moneys of said city.

Section 19. Section one hundred thirty-nine of said act is hereby amended so as to read as follows:

Sec. 139. The common council of said city shall have the power, and it shall be their duty, to raise from time to time by tax, to be levied equally upon all the real and personal estate in said city, which shall be liable to taxation for the ordinary city taxes, or for city or county charges, such sum or sums of money, as may be necessary for any or all of the following purposes:

1. To purchase, lease or improve sites for school houses.
2. To build, purchase, lease, enlarge, improve, alter and repair school houses and their out houses and appurtenances.
3. To purchase, improve, exchange and repair school apparatus, books, furniture and appendages.
4. To defray the contingent expenses of the common schools.
5. To pay the wages of teachers, instructors, employes, assistants, janitors, superintendent of schools and members of said board of education. The salary of each member of said board shall be at the rate of \$1,000 per year, payable monthly from the city treasury, in the same manner that salaries of other city officials are paid.

Section 20. Section one hundred forty of said act is hereby amended so as to read as follows:

Sec. 140. It shall be the duty of said board to publish the record of its official proceedings in at least one daily newspaper published in said city, and shall publish the name of every person in its employ, and the amount of money received by each at least once each month. Said board shall at the close of each fiscal year make and publish an annual report of the finances of said board, which report shall embrace the following information:

- a. The number of school houses in said city, and an account and description of all the common schools kept in said city during the preceding year, and the time they have been severally taught.
- b. The number of children taught in said schools respectively.
- c. The whole amount of school moneys received by the city treasurer of said city during the year preceding, distinguishing the amount received from the county treasurer, from the city tax, and from any other source.
- d. The manner in which said moneys have been expended, and whether any, and what

part, remain unexpended, and for what cause.
 e. The amount of money received for tuition fees from foreign pupils during the year, and the amount paid for teachers' wages, building purposes, repairs, library purposes and contingent expenses.

f. The amount of money raised for school purposes by the common council under the provision of this title during the then current fiscal year.

g. All moneys received by the city treasurer, subject to the order of the board, specifying the same and sources.

h. The manner in which such sums of money shall have been expended, specifying the amount paid under each head of expenditure.

i. A statement of the several balances on hand to the credit of each of said five funds at the time of making said report.

Section 21. Section one hundred forty-one is hereby amended so as to read as follows:

Sec. 141. Whenever said board of education shall have established, in connection with the public schools of said city, a high school for the accommodation of pupils pursuing the branches of education usually taught in academies, the regents of the University of the state of New York may, upon the application of said board of education, acknowledge and declare said high school to be an academy, and it shall thereafter be an academy, subject to such rules and regulations as said regents may prescribe; provided, however, that nothing in this section shall affect the rights and duties of said board of education granted or imposed by this act, or the statutes of the state, relating to common schools.

Section 22. This act shall take effect January first, eighteen hundred and ninety-five.

Ordered received, filed and published and sent to Albany for introduction and printing.

Upon motion of Ald. Lewis the board then adjourned.

REPORTS OF STANDING COMMITTEES.

By Ald. McMillan—

Rochester, N. Y., March 20, 1894.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Finance Committee for the purpose of providing moneys for the payment of the cost of the construction of the additional water supply line, and the cost of the East Side Sewer, and pursuant to the resolutions of your honorable body, heretofore caused the City Treasurer to advertise a sale of \$950,000 worth of water supply bonds, and \$250,000 of East Side Trunk Sewer bonds. Said sale was advertised for February 23rd, bonds to be issued at 3 1-2 per cent. At that time the Treasurer sold to the Monroe County Savings Bank \$50,000 worth of the water bonds, to the Security Trust Company, \$40,000 worth of water bonds, and to B. D. McAlpine \$10,000 worth. No out-of-town bidders were present, and the sale was thereupon adjourned to this date, March 20th, and the Treasurer was directed to re-advertise for bids. To-day the Treasurer received an offer of par for \$50,000 of such bonds, and they were duly struck off to L. W. Morrison & Co., of New York city. There now remains of water bonds to be sold, \$800,000 worth, and no bids have been secured for the sewer bonds.

In view of these facts your committee has been forced to the conclusion that the method of selling the city's bonds provided by the legislation authorizing such sale is unsatisfactory. It is believed that had the Treasurer been authorized to advertise for sealed proposals, he would have received bids for larger amounts and perhaps a better rate. It is thought that outside bidders living at a distance of several hundred miles from Rochester do not care to spend the two days' time necessary to get here, and bear the expenses of such a trip, and find themselves forced to compete at public auction for the bonds they may desire. It might happen that an individual would want \$50,000 worth of bonds, and he might come to Rochester prepared to bid par for such amount, and find some persons here bidding a small premium and taking but \$100,000 worth, thereupon forcing him to pay a premium for such bonds as he might desire.

It is also believed that a sale can be conducted by the sealed proposal method at less expense to the city, and in view of that fact, your committee has decided to submit herewith an amendment to the "Enabling Acts," and recommends that this Council approve the same without delay, to the end that they may be sent to Albany and incorporated into the law at as early a day as possible.

In reference to the amendment to the charter proposed by the Board of Education, raising the limit of appropriation per capita from \$14 to \$18, your committee has conferred with the School Board and has given the matter careful attention. After such conference your committee has decided to recommend that the charter be amended by fixing the per capita allowance for teachers' wages and contingent expenses at \$16, based upon the

average number of resident pupils enrolled, and recommends that the act now pending in the Legislature be so amended, and as so amended adopted.

In reference to the assessment roll for the Wilder street asphalt pavement, heretofore referred to this committee for consideration, your committee has given a public hearing to all persons interested, and has decided that the roll should be confirmed upon a three-payment basis, as presented, and so recommends.

All of which is respectfully submitted.

Ordered received, filed and published.

AN ACT to amend chapter 347 of the laws of 1890, entitled "An act to provide for the payment of the cost and expenses of the construction of a trunk sewer on the east side of the Genesee river in the city of Rochester, by the issue of bonds of said city, and providing for the payment of said bonds by local assessments," and the several acts amendatory thereof and supplementary thereto.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section two of chapter 347 of the laws of 1890, entitled "An act to provide for the construction of a trunk sewer on the east side of the Genesee river in the city of Rochester, by the issue of bonds of said city, and providing for the payment of said bonds by local assessments," as amended by chapter 74 of the laws of 1892, is hereby amended so as to read as follows:

Whenever the issue of any bonds by virtue of this act shall be authorized by said Common Council, said Treasurer shall invite sealed proposals therefor by public advertisement for not less than ten (10) days and may award the same to the highest bidder therefor, provided that no proposals shall be accepted for less than the par value of said bonds; and said proposals shall be publicly opened only by the Treasurer, or such other person as said Common Council may designate, in the presence of the finance committee of said Common Council or such of them as shall attend at the time and place specified in said advertisement, and said Treasurer, with the approval of said finance committee or such members thereof as may be present, shall determine what, if any, part of said proposals shall be accepted; but nothing herein contained shall be construed to prevent the rejection of any or all of said proposals; and said Common Council is further authorized for the purpose of paying for the cost and expenses of carrying on the construction of any work now being done pending the sale of any of said bonds, to borrow by a vote of three-fourths of all of the members elected, subject to the approval of the Mayor, upon the credit of the city, by its promissory note or notes, payable in not more than a year after their date, so much money as may be deemed necessary, and the amount so borrowed shall be placed to the credit of the East Side Trunk Sewer Fund to be refunded with interest from the proceeds of the sale of said bonds.

Sec. 2. This act shall take effect immediately.

AN ACT to amend chapter 358 of the laws of 1892, entitled "An act to authorize the issue of bonds of the city of Rochester to pay for an additional water supply."

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section two of chapter 358 of the laws of 1892, entitled "An act to authorize the issue of bonds of the city of Rochester to pay for an additional water supply," is hereby amended so as to read as follows:

Whenever the issue of any bonds by virtue of this act shall be authorized by said Common Council, said Treasurer shall invite sealed proposals therefor by public advertisement for not less than ten (10) days, and may award the same to the highest bidder therefor, provided that no proposals shall be accepted for less than the par value of said bonds; and said proposals shall be publicly opened only by the Treasurer or such other person as said Common Council may designate in the presence of the finance committee of said Common Council or such of them as shall attend at the time and place specified in said advertisement, and said Treasurer, with the approval of said finance committee or such members thereof as may be present, shall determine what, if any, part of said proposals shall be accepted, but nothing herein contained shall be construed to prevent the rejection of any or all of said proposals; and said Common Council is further authorized for the purpose of paying for the cost and expenses of carrying on the construction of any work now being done, pending the sale of any of said bonds, to borrow by a vote of three-fourths of all of the members elected, subject to the approval of the Mayor, upon the credit of the city by its promissory note or notes, payable in not more than a year after their date, so much money as may be deemed necessary and the amount so borrowed shall be placed to the credit of the additional water supply fund, to be refunded with interest from the proceeds of the sale of said bonds.

Sec. 2. This act shall take effect immediately.

By Ald. McMillan—Resolved, That the proposed amendment to the "water enabling act" and the "east side sewer act," submitted heretofore, be, and they are hereby approved by this Common Council, and the honorable, the senator and the members of assembly from this district be, and they are hereby, requested to secure their adoption by the legislature at as early a day as possible.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis—17.

By Ald. McMillan—Resolved, That the proposed amendment to the city charter in relation to the per capita limit for wages and contingent expenses be amended so as to read, not less than \$6 nor more than \$16 per capita, based upon the average number of resident pupils enrolled, and as so amended be approved by this council, and that the honorable, the senator and assemblymen from this district be requested to secure the adoption of such amendment at once.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis—15.

Nays—Alds. Fox, Johnston—2.

By Ald. McMillan—Resolved, That the application for a five payment assessment roll for the Wilder street asphalt pavement be, and the same is hereby, denied, and that the one heretofore presented be confirmed.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis—17.

ROCHESTER, N. Y., March 20, 1894.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Assessment Committee begs leave to report as follows:

In the matter of the petitions of Anna and Edward Corning, praying for the cancellation of personal taxes against the estate of William Corning, deceased, we recommend that each of said petitions of them be denied.

In the matter of the petition of George T. Parker, as executor, etc., of Ovid A. Hyde, praying to be allowed to pay certain taxes, for which lot 58, A. W. Riley's subdivision of the Farm Tract, situated on the north side of Woodward avenue, with six per cent. interest from the time of sale, etc., we recommend that the petitioner be allowed to redeem said premises upon payment of the amount for which the same was sold, with six per cent. interest and expenses of sale.

In the matter of the petition of Leonard Mandery, praying for a rebate of interest paid on certain taxes and assessments against premises owned by him, situated on the east side of South Clinton street, we recommend that the sum of \$4.33 be remitted.

In the matter of the petition of Peter Paul, praying for the cancellation of the general city taxes for 1893, levied against Paul park, we recommend upon the advice of the city assessors that said taxes amounting to \$8.95, be cancelled on the books of the treasurer.

All of which is respectfully submitted.

Assessment Committee.

Ordered received, filed and published.

By Ald. H. G. Cook—Resolved, That the petitions of Anna and Edward Corning, praying for the cancellation of personal taxes against the estate of William Corning, deceased, be, and the same hereby are, denied.

Adopted.

By Ald. H. G. Cook—Resolved, That the City Treasurer be, and he hereby is, directed to receive from George T. Parker, the amounts for which lot 58, A. W. Riley's subdivision of the farm tract, situated on the north side of Kirk street (now Woodward avenue) was sold to the city for the general city taxes for 1884 and 1892, with interest from the date of sale at 6 per cent. per annum, besides the expenses of sale and serving notices of redemption, and that said premises may be redeemed upon the payment of the aforesaid sum, provided the same be paid within thirty (30) days from the passage of this resolution, and that upon such payment being made, the treasurer cancel said taxes and execute any assignments of the claims of the city against said premises for such sales and charge any other expenses and interest to erroneous assessments.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis—17.

By Ald. H. G. Cook—Resolved, That the City Clerk be, and he hereby is, directed to draw an order upon the City Treasurer, payable from the contingent fund, in favor of Leonard Mandery, for the sum of \$4.33, being

a rebate of interest allowed said Mandery upon certain assessments for the widening of Clinton park, and that the treasurer charge said amount to erroneous assessments.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis—17.

By Ald. H. G. Cook—Resolved, That the City Treasurer be, and he hereby is, directed to cancel on his books taxes and assessments levied against Paul park for the general city taxes of 1893, amounting to \$8.95, and that the assessors be directed to strike said Paul park from their rolls.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis—17.

By Ald. Johnston—

To the Honorable, the Common Council:

Gentlemen:—Your City Property Committee, having been in consultation with a committee of the Board of Supervisors with reference to the use of the Council Chamber for court purposes by said board, submits the following report thereon:

It being shown to the satisfaction of your committee that it is necessary in the conduct of court business that there be a retiring room wherein juries may deliberate and decide upon their verdicts, and there being no room now in connection with the Council Chamber suitable for such purpose, it is the sense of your committee that permission be given the Board of Supervisors to partition off the rear portion of the Council Chamber with a partition of hollow tiling, the expense whereof to be borne by the county and it so recommends.

Respectfully submitted,

JAMES JOHNSTON,
ALVIN H. DEWEY,
MERTON E. LEWIS,
J. H. ASHTON,
WM. WARD,

Ordered received, filed and published.

By Ald. Johnston—Resolved, That permission be, and it hereby is, granted the Board of Supervisors to partition off the rear portion of the Council Chamber for use as jury rooms, such partition to be made of hollow tiling and the expense thereof to be borne by the county.

Adopted.

By Ald. Lewis—

ROCHESTER, N. Y., March 20, 1894.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your law committee beg leave to report as follows:

In the matter of the claims of Michael Mulqueen, James W. Casey, Philip Zurn, Owen O'Neil and Anthony Knope for services as bridge tenders upon a basis of 25 cents an hour, for work rendered the city of Rochester and upon which claims the city has already paid said claimants at the rate of \$50 per month, we report that such bridge tenders were employed by the city and during the time of their employment a statute was passed giving to all day laborers employed on the state or on state property the sum of \$2 per day for their services, and it has been held in an action brought in Onondaga county that for such extra services any laborers thus employed can recover the difference between the amount paid them and the amount fixed by the statute of \$2 a day. The same holding was also made in the case of Mathew Cloonin brought before Hon.

William H. Adams, March 19, 1894, and a verdict directed for the plaintiff of \$75.08. The amount of the claims made by Mr. Cloonin and the above-named persons was \$3,066; by virtue of the decision of Judge Adams they can recover but \$541.53, which includes interest to March 20, 1894, we would therefore recommend that the executive board pay the following named claimants the amounts set opposite their names from the highway fund.

Michael Mulqueen	\$ 83 00
James W. Casey	83 00
Philip Zurn	84 07
Owen O'Neil	133 38
Anthony Knope	83 00

Such amounts being in full for services as bridge tenders, with interest to March 20, 1894.

In the matter of the judgment of H. Austin Brewster recently recovered against the city, we recommend that the Clerk draw an order on the Treasurer in favor of H. Austin Brewster, or his attorneys, Hubbell & McGuire, payable from the contingent fund, for the sum of \$109.96, with interest from January 12, 1894.

In the matter of the application of Orient D. Harris, Edward C. Stilwell, Clyde W. Knapp and Harry T. Powell for appointment as commissioners of deeds, we recommend that the applications be granted.

In the matter of the application of G. de Kappelle, inasmuch as the applicant resides in the town of Gates he is not qualified to hold office as commissioner of deeds, we recommend that the application be denied.

Your law committee have considered the question of appointment of commissioner of deeds in this city and in view of the fact that there have been so many applications made for appointment for this office, after deliberation we have deemed it advisable to take steps to defray the expense caused to the city by the appointment, notification and qualification of commissioners of deeds, we therefore recommend that hereafter all persons appointed to the office of commissioner of deeds, pay the City Clerk a fee of twenty-five (25) cents each upon their qualifying as commissioner of deeds, and that the City Clerk procure a suitable book in which shall be entered the constitutional oath of office required to be taken by all the employes of the city, the names of each person appointed or elected to office in the city of Rochester, the date of his appointment or election, date of qualification, term of office, the date of expiration of office, and that the City Clerk turn over all fees received by him for fees received from commissioner of deeds to the City Treasurer, and take his receipt therefor, and such moneys shall be credited by the treasurer to the contingent fund.

All of which is respectfully submitted,

MERTON E. LEWIS,
T. McMILLAN,
CHAS. S. COOK,
MARTIN J. CALIHAN,
J. MILLER KELLY.
Law Committee.

Ordered received, filed and published.

By Ald. Lewis—Resolved, That in the matter of the claims of Michael Mulqueen, James W. Casey, Philip Zurn, Owen O'Neil and Anthony Knope, the Executive Board is hereby authorized and directed to draw an order in favor of said claimants as follows:

Michael Mulqueen	\$ 83 00
James W. Casey	83 00
Philip Zurn	84 07
Owen O'Neil	133 38
Anthony Knope	83 00

Being in full for moneys due them from the city of Rochester, as bridge tenders, including interest thereon to March 20, 1894, payable from the highway fund, and that upon the payment of such sums such board take a receipt in full from said claimants of all demands to date.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis—17.

By Ald. Lewis—Resolved, That on and after April 1, 1894, the City Clerk is hereby directed to demand and receive from each person appointed to the office of commissioner of deeds in said city at the time of his qualifying to said office the sum of twenty-five (25) cents to defray the necessary expenses incident to the appointment, notification of appointment and qualification of commissioner of deeds; that he also procure a suitable book in which shall be printed the constitutional oath of office required to be taken by all persons appointed or elected to office under the charter of the city of Rochester, such oath of office to be signed by all such officers. That he enter in such book, opposite the signature of all officers so appointed or elected, including commissioners of deeds, the date of their appointment or election, the date of their qualification as such officer, the office held by them, their term of office and the date of the expiration of the term of office; that said Clerk pay to the Treasurer the fees received by him with a sworn statement that the same is in all respects correct and true, at least once in each month and take his receipt therefor and that such moneys so received be credited by the treasurer to the contingent fund.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis—17.

By Ald. Lewis—Resolved, That upon the certificate of the City Attorney that proper satisfactions and releases have been filed in his office, the City Clerk be, and he hereby is, authorized to draw an order in favor of H. Austin Brewster, or his attorneys, Hubbell & McGuire, Esqs., for the sum of \$109.96, with interest thereon from January 12, 1894, on the Treasurer of the city, payable from the contingent fund, and said Treasurer is hereby directed to charge the same to said fund.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis—17.

Ald. Johnston from the City Property Committee, Ald. Dewey from the Lamp Committee, Ald. Pauckner from the Contingent Expense Committee, and Ald. Aikenhead from the Poor Committee, reported favorably of the various bills referred to their respective committees and referred them to the Finance Committee and Auditor for payment.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, March 20, 1894. }
To the Honorable the Common Council of the City of Rochester.

Gentlemen:—It has long been known that the capacity of the distributing mains from Mt. Hope reservoir has been inadequate for

the needs of the present city. When the system was originally designed in 1873, the population was about 70,000 upon a municipal area of 4,800 acres; at the present time the population is at least 150,000 upon an area of about 11,000 acres. The main pipes which were ample fifteen years ago are now too small to furnish the required largely increased quantity of water for domestic, manufacturing and fire purposes, without incurring enormous losses of head by friction. Abundant proof of this is afforded by the fact that during the hours of greatest water consumption, comparatively little pressure is available in the high districts of the city, without any throttling of the outlet valves whatever.

During the past few years, it has been necessary to enforce a rigid economy in the use of water, in order to make the consumption equal to the supply from Hemlock Lake. Much hardship and inconvenience to many persons, especially to those owning property in the high districts of the city, has thus been entailed. With the completion of the new conduit, however, it is reasonable to anticipate that the numerous irksome restrictions upon the use of the water will be removed, and hence that a much larger per capita consumption will be established. In view of this circumstance, the effort to use larger quantities of water than heretofore, will inevitably result in correspondingly greater losses of head by friction in the present small mains, and the annoyance previously experienced from lack of pressure in the high districts will be sure to return in much aggravated degree.

The only remedy for this unfortunate condition is a copious reinforcement of the distributing system of pipes, and the engineer of the water department was directed to prepare plans and estimates of this much needed work. A report from him on the subject has been received, which is herewith submitted for your consideration. The plans and estimates accompanying said report have been thoroughly examined and approved by the Executive Board; and the matter of deciding upon the expediency of the work and providing the necessary funds for carrying it out is therefore laid before you. The estimated cost of all the new distributing mains which have been recommended by the Chief Engineer is \$488,000; and as a large amount of extra work in connection with rock excavation, house and surface sewers, gas pipes, electric conduits, railroads, street railway tracks, and canal, race and river crossings, is expected, for which it is almost impossible to make proper allowance in an estimate, without a much larger expenditure of time than seemed justifiable at present, it is urged by him that this sum shall not be reduced.

The large expenditure necessary to carry out all of the recommendations of the engineer, the great extent of the work, and the improbability of obtaining the requisite quantity of heavy pipe and performing the work of laying the same within the period of a single year, have induced the Executive Board to divide the extent of the work recommended by the engineer into two nearly equal parts; the first embracing those portions of the new distributing mains which should be laid during the present season, if possible, and the second embracing extensions of such mains, which may properly be carried out in the year following the completion of the first part. The estimated cost of this first part is \$250,000, and its extent is as follows:

1. For the west side: 36-inch pipe—Beginning at Mt. Hope reservoir, and extending through park lands and Alpine street to South avenue; thence along South avenue northerly to a point near Oakland street; thence westerly across private lands in the line of a future street to Mt. Hope avenue at McLean place; thence westerly through McLean place across the feeder, river, Lehigh Valley railroad, Erie railroad, W. N. Y. & P. railroad to Flint street; thence through Flint street to Mansion street; thence northerly through Mansion and Exchange streets to Clarissa and Greig streets; northerly through Greig street to Thorn alley; westerly through Thorn alley to Caledonia avenue; northerly in Caledonia avenue from Thorn alley to Bronson avenue; a total length of 11,300 feet. 12-inch pipe—From Jefferson avenue through Penn and Summer streets to Bronson avenue; and in Bronson avenue from Summer to Genesee streets; also Center street from State to Mill streets, a total of 2,350 feet. 10-inch, 8-inch and 6-inch pipes—In Mill street from Center street to Exchange place, a total of 1,800 feet. Total for west side, 15,450 feet.

2. For the east side: 36-inch pipe—Beginning at Mt. Hope reservoir; thence northerly across park and private lands to the intersection of Oakland and Meigs streets; thence northerly through Meigs street, crossing under the Erie canal, to Pearl street; thence northwesterly through Pearl street to Union street, and northerly through Union street to East Main street; a total of 11,600 feet. 30-inch pipe—From the intersection of East Main and Union streets through Union street to Central avenue, and westerly through Central avenue to St. Joseph street; a total of 3,700 feet. 16-inch pipe—In Central avenue from St. Joseph to North Clinton street, 450 feet. Total for east side, 15,750 feet.

The estimated cost of the above described work for the east and west sides together is \$250,000. It is the opinion of the Executive Board that this is the least sum of money which should be available during the coming year for the purpose named. The performance of the work indicated is sure to afford a very substantial increase in the water pressure in the high districts of the southwestern quarter of the city and the central portion of the east side.

The Executive Board also approves of the proposition to secure the site of the proposed new reservoir on Cobb's Hill near the southeastern corner of the city, and to defer the construction of this reservoir for a few years. During the past year several efforts were made to negotiate for the purchase of the necessary land with the owners, but the prices demanded were largely in excess of what the board considered would be justified by the public, and it is therefore probable that resort must be had to a commission for the purpose of establishing a proper value of the territory sought. Should the owners succeed in convincing such a commission that their valuation is not excessive, then at least \$110,000 will be needed to pay for the site. It may, however, be possible that on payment of a substantial consideration, the further excavation of sand from the pits may be controlled by the city for a few years. As the Executive Board has not been authorized to negotiate for such control of the excavation of material, a report on the price therefor cannot now be made.

The Executive Board has also been informed by the Chief Engineer of the Water Works in a previous communication that there will probably be a deficiency of about \$40,000

in the fund for the construction of the new conduit, unless the penalty of \$90,000 is collected which is due from the bondsmen of the Moffett, Hodgkins & Clarke Company by reason of the failure of said company to execute contract No. 2 for the additional conduit after its formal award to them. As this matter is now in litigation in the supreme court of the United States, it is very probable that the said deficiency will have to be met before a final decision from the courts can be secured; and hence this matter is also brought to your notice herewith, in order that provision for the payment of the present contractors for the new conduit may be made.

In order to carry out the recommendations above made in reference to the reinforcement of the city distributing mains and the purchase of the site for the proposed Cobb's Hill reservoir, as well as to complete the new conduit to Mt. Hope reservoir, the sum of about \$400,000 should be available.

Respectfully submitted,

THOS. J. NEVILLE.

Clerk Executive Board.

ENGINEER'S OFFICE,
ROCHESTER WATER WORKS, }
ROCHESTER, N. Y., March 7, 1894. }

To the Honorable, the Executive Board of the City of Rochester:

Gentlemen:—In accordance with your request, I submit herewith preliminary plans and estimates of the cost of a new distributing reservoir on Cobb's Hill, at the southeastern corner of the city, and of the necessary enlargement of the capacity of the water distribution system of pipes in the city itself.

A new distributing reservoir is considered necessary in the near future, both in order to provide a larger storage capacity for water directly in the city in case of accident to the conduits, and in order to make any needed repairs to the existing reservoir at Mt. Hope. The site selected is the most desirable one of the several which have been examined, as it affords room for a basin of about 70,000,000 gallons capacity at a depth of 20 feet, without making embankments of much greater height than 25 feet. By means of a division wall or bank this basin may be divided into two equal compartments, of which only one need be built, reserving the construction of the other until some future period.

The capacity of Mt. Hope reservoir is only about 22,500,000 gallons, and its enlargement is impracticable, owing to its position on a ridge and the absence of a sufficient area of land at the necessary elevation. As it is reasonable to anticipate that the present restricted consumption of about 7,000,000 gallons per day of Hemlock Lake water in the city will be considerably increased after the completion of the new conduit, it becomes evident that Mt. Hope reservoir will soon contain little more than two days' supply, and that any accident to the conduits between Mt. Hope and Rush reservoirs which may require more than two days to repair, will result in serious annoyance or damage by a lack of water in the city. While such an accident is not anticipated, yet it is entirely conceivable, and hence provision should soon be made for increasing the storage of water at the city.

It should be noted that the site of the proposed reservoir on Cobb's Hill is being damaged more and more every year by large excavations on both sides of the hill for ob-

taining sand and gravel for building purposes. On the other hand, the preliminary plans of the new reservoir indicate that there will be a large excess of excavated material from the interior of the area over the amount required for making the banks; and as much of this surplus will doubtless be sand of good quality, any further undermining of the site should be prevented, and the excavations for sand restricted to those portions of the hill which are to be removed in forming the new basin. The hill, however, is private property; hence the destructive operations can be stopped only by making proper stipulations with the owners, or by the direct purchase of the land by the city.

From the foregoing considerations, I deem it of great importance that proper measures for the preservation of the reservoir site be taken by the city as soon as possible. In view of the fact that the discharge of the new conduit will, for the next few years, be greater than the maximum hourly consumption in the city, the construction of the proposed new reservoir may perhaps be postponed until an equality between the rates of supply and greatest demand is established; meanwhile the site should not be ruined by continuing the present excavations. If a cessation of this work cannot be secured otherwise than by the purchase of the land, such purchase should be made at once. The excavation of the surplus material above mentioned may then be done under the control and direction of the Water Works Department, and be made a source of revenue, in case it proves to be sand of saleable quality. All of the said surplus which can be disposed of in this manner will be a two-fold gain, since no expense will be entailed by its removal when the construction of the reservoir is finally undertaken.

In considering the expedience of the immediate construction of the proposed new reservoir, it must be remembered that somewhat extensive additions to both the new conduit and the city distributing mains will thereby be required. The plans for the new conduit contemplate its termination at Mt. Hope reservoir, but it has been so located between Rush and Mt. Hope reservoirs as to afford the shortest practicable distance to Cobb's Hill, while its length between the two existing reservoirs will be about the same as that of the present conduit.

The route selected is parallel to the present conduit from Rush reservoir to an angle in the East Henrietta road about half way to Mt. Hope reservoir; thence northerly across farming lands for about one mile to the highway forming the continuation of Pinnacle avenue; thence northerly along said highway to a point about 400 feet north of Elmwood avenue, where the conduit will divide into two branches, one running northwesterly across private and park lands to the east end of Mt. Hope reservoir, while the other branch continues northeasterly through the prolongation of Pinnacle avenue to Highland avenue, and thence easterly through Highland avenue to the proposed Cobb's Hill reservoir. The length of this latter branch is 7,730 feet. It is not included in the contract for the new conduit, and its estimated cost of \$70,000 must therefore be included in the appropriation for the new reservoir.

Provision must likewise be made for delivering the water from said new reservoir into the city mains; and as the existing distribution pipes in this locality are all too small, at least one line of 36-inch pipe must be laid to connect with the set of new mains which will be required from Mt. Hope reservoir. The route of this large main is through

Monroe avenue under the street railway track on the south side, from Cobb's Hill to Sumner park; thence through Sumner park and Pearl street to Meigs street; its length is about 8,250 feet; and its estimated cost of about \$77,000 must also be included in that of the new reservoir.

As to the proposed reservoir itself, it has been assumed that, in view of its large ultimate dimensions and cost, only the eastern half would be constructed in the near future, with a capacity of about 32,000,000 gallons. Several different methods of construction have been considered and the corresponding estimates of cost made. In consequence of the permeable character of the soil, it will be necessary to take the utmost care to make the sides and bottom of the reservoir thoroughly water tight. The materials commonly used for this purpose are puddled clay, cement concrete and asphalt, all of which are expensive, and if used singly, they must be applied in layers of considerable thickness to avoid future leakage. A single course or layer of such impervious material, however, is often unreliable, unless made very thick, owing to unavoidable imperfections of composition and methods of application; furthermore, in consequence of the length of time required by the magnitude of the work before its completion, changes in the structure of such materials are induced by the large variations of temperature and conditions of moisture to which they must necessarily be exposed, after having been put in place. It therefore becomes expedient to make use of at least two such comparatively impervious layers of moderate thickness, instead of a single layer of great thickness, both for reasons of economy and to secure a greater degree of water-tightness, the latter on the presumption that the unavoidable cracks or defects in one layer will not coincide with those of the other.

The estimates for the new reservoir, on the above-named assumptions, range from \$240,000 to \$260,000, according to the nature of the impervious lining material and whether one or two of such layers are used. These figures, moreover, do not include the cost of the necessary land, or that of the contingent amount of conduit and discharge pipe previously mentioned. As the further study of the subject will probably lead to the adoption of a double water-tight lining for the work, it will be expedient to consider that the larger of the two sums just named shall be available for the performance of the work, and the total cost of the proposed reservoir will therefore embrace the following items and amounts:

1. For the construction of the eastern half of the reservoir with capacity of about 32,000,000 gallons	\$260,000 00
2. For 7,730 lin. ft. of 38-inch steel conduit pipe	70,000 00
3. For 8,250 lin. ft. of 36-inch cast-iron distributing pipe, inclusive canal crossing	77,000 00
4. For land and contingencies	103,000 00
Total	\$510,000 00

The general route and dimensions of the new mains from Mt. Hope reservoir for reinforcing the system of distributing pipes in the city are shown on the accompanying map, also in the appended tables. Two sets of such new mains have been indicated, one for present needs and the other for piecemeal construction in the future, according to the rapidity of development of the various existing suburban areas. The work which I deem it necessary to undertake as soon as practicable is exhibited in Table No. 1,

and by the hatched lines on the map. The dimensions for the pipes have been computed on the basis that with the present population of 150,000, using the water at the rate of 150 gallons per head per day during the hours of greatest consumption, or at an average rate of 100 gallons per head during the twenty-four hours of the day) together with the discharge of twenty-five fire-streams, each of 225 gallons per minute, the loss of head in the new mains will be such as to still leave a pressure of from eighteen to twenty-five pounds per square inch at the highest points in the city, except in the immediate vicinity of the reservoirs.

It is to be understood that this large number of fire streams cannot all be drawn in any single small locality from the distributing pipes, but that they are available for use at the same time in different districts, or along the line of the principal mains; also, that when a number of such fire streams are drawn from the ordinary distributing pipes in a small area of high elevation, the pressure in that vicinity will fall somewhat below the limits just mentioned. This circumstance is unavoidable unless the entire system of pipes is enlarged; but as occurrences of this kind are rare, and generally happen at night, when the demand for water for household or manufacturing purposes is small, little inconvenience from this source is to be anticipated.

The general course of the new mains has been selected with the view of avoiding streets in which expensive permanent roadway improvements of wood, asphalt and brick have been made. For this reason, the routes are somewhat irregular and more or less devious in reaching objective points. Attention has also been given to planning the work so as to secure efficient discharge and pressure along the course of the Erie canal and the various lines of railway, where factories and warehouses already exist, and may be expected to increase in number hereafter. In the central districts comparatively few alterations are made now, as these portions are well served for fire purposes by the Holly system, and the existing mains of the domestic system have ample capacity. It is also proper to state, however, that the 4-inch pipes in many streets will gradually have to be taken up and replaced by larger ones, and that most of such desirable alterations have been left out of consideration in the present estimates, inasmuch as this work does not appear to be imperative, and may be done in the future without burdensome expense, in advance of permanent roadway improvements.

It should also be remarked that the existing distribution pipes along the route of the new mains are in general not to be taken up, except where such new mains are 24 inches and less in diameter, the plan being to lay all new pipes of larger diameter than 24 inches on the opposite side of the street, wherever practicable, and to retain all house connections and fire hydrants on the existing smaller mains. The new large mains, moreover, are to be laid at sufficient depth below the surface to pass under the existing pipes, and be connected therewith only at street intersections, provision for disconnection being made by means of stop-valves at these points. In this manner the new mains will be interfered with as little as possible, and districts of the regular distributing system may be shut off without interrupting the supply of water to other localities.

From Table No. 1, it will be seen that the contemplated new mains from Mt. Hope reservoir for the west side of the city will cost about \$274,000 and about \$214,000 for the

east side. These sums take into account the value of existing pipes which may be taken up and relaid elsewhere as a part of the proposed general plan. For the entire city the total cost of this work will accordingly be about \$488,000. This sum may be reduced somewhat, if deemed expedient, by diminishing the extent of the new pipes into the outlying districts of the city, but their diameters should not, in my opinion, be lessened.

It is therefore apparent that a very large expenditure is needed in order to render the water distributing system of the city as efficient as desirable; and in view of the circumstance that it may be possible to dispense with a new distributing reservoir for a few years, while there is an urgent necessity for enlarging the city mains, I would

recommend that as much of the latter work as your board may deem expedient be done during the coming season, so as to enable a proper use to be made of the additional conduit after its completion next fall. The preservation of the site for the proposed new reservoir should also be insured, since serious inroads are made upon it every year by the excavations already mentioned. As it is not probable that these operations can be checked otherwise than by the purchase of the property, the recommendation for such purchase is therefore also made herewith, thus making the total amount which will be needed this year for the purposes above described, the sum of about \$600,000.

Respectfully submitted,
E. KUICHLING, Chief Engineer.
Rochester Water Works.

To the Common Council:

Gentlemen:—The attention of the Executive Board has been recently called to the bad condition of the sidewalks on Genesee street. Inspectors report to this department that the walks on this street to a great extent are beyond repair and nothing less than new walks will accomplish the purpose of making a safe or satisfactory way for foot travel.

Your honorable board had its attention called to this subject last season, but nothing was done. The Executive Board again recommends that an ordinance be introduced for new walks and to be in accordance with permanent walks already laid by owners of property, they should be of stone or cement.

Respectfully,

THOMAS J. NEVILLE, Clerk.

H. W. Gregg, Esq., City Clerk:

Dear Sir:—The following resolutions were adopted by the Board of Education of this city at a regular session thereof held March 12th inst.

MILTON NOYES, Clerk.

By Com. Decker:

In view of the facts that the board of health complained of the condition of No. 17 school June 19th last, and again in August, and on November 14th sent to this Board another communication complaining of its sanitary condition and defective light and heating apparatus in which said Board expressed their judgment that "there can be no remedy except to rebuild the entire structure and any effort at remodeling the old building would cost more than the benefits derived would warrant." And, further, it should be remembered that the greater part of said building was erected in 1858, and four rooms added in 1878, since which it has been subject to constant use and wear and is now insufficient to accommodate all pupils belonging in that district, and an annex is, and for several years has been necessary. And it is impracticable to remodel the structure. And a new building of at least eighteen rooms is necessary, costing at least \$30,000 to \$35,000, and

Whereas, it would not be possible to erect such building out of the usual sum appropriated by the Common Council for building purposes, and at the same time provide for other districts requiring buildings or additions, particularly 14, 31 and 35, Field street, besides some relief demanded between 9, 18 and 26 districts, and

Whereas, the Board is now hiring in all thirteen annexes to accommodate over 900 registered pupils, now, therefore, in order to provide for such a building in No. 17 district without impairing the wants of other districts, be it

Resolved, That the Common Council be requested to favor the passage of an act enabling them to create a special fund of \$35,000 for the sole purpose of erecting, furnishing and finishing a new school building during the year 1894, upon the present site of No. 17 school, located on Orange street in this city.

Resolved, That the Clerk of this Board be instructed to transmit to the Common Council a copy of these resolutions and of the following draft of an act appropriate to the purpose.

AN ACT to authorize the city of Rochester to levy a tax for the purpose of erecting a new school building.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The Common Council of the city of Rochester is hereby authorized and empowered to levy a tax of thirty-five thousand dollars in the general tax levy for the year eighteen hundred and ninety-four, in addition to the amount provided for by sub-division six of section one hundred and twenty-nine of the charter of said city, for the purpose of erecting, finishing, heating and furnishing a new public school building, during the year 1894, upon the present site of district school number seventeen, located at the corner of Orange and Saxton streets, in the twentieth ward of said city of Rochester. This additional appropriation shall be used only for the purposes specified in this act.

Sec. 2. This act shall take effect immediately.

Ordered received, filed and published.

By the Clerk—

MONROE COUNTY COURT—In the matter of the acquiring of a right of way for the construction of a sewer from South avenue and Elmwood avenue to South Goodman street.

To the Monroe County Court, and to the Honorable, the Common Council of the City of Rochester:

The undersigned who were appointed by an order of the Monroe county court, duly granted and entered on the 26th day of January, 1894, commissioners to inquire into and determine what damages and compensation the owner or owners, tenants or occupants of the lands, rights, easements and buildings to be taken for the construction of a sewer from South avenue and Elmwood avenue to the corner of South Clinton and Goodman streets, will be entitled to for the same, respectfully report and certify that the premises, rights and easements to be taken for said improvement, the names and residence, the rights of the owners thereof and their award of damages as incident to the construction, operation and maintenance of said sewer through said property as follows:

The rights and easements to be taken are described as a right of way or easement of sufficient width for the construction, operation and maintenance of said sewer and the necessary manholes, surface sewers, lot laterals and connections therefor, and for the discharge, outlet and conveyance of sewage and waters in and through said sewer, according to plans prepared or hereafter to be prepared by the City Surveyor of said city, in, along, through and across the following described parcel of land. Reference being had to the map of said proposed outlet sewer, filed in the city and Monroe county clerk's offices, and with the right at any and all times hereafter to the city of Rochester, its successors and assigns, the Executive Board of said city, its contractors and servants to enter upon said premises through which said sewer is to extend or be constructed to examine, clean, repair, deepen and enlarge or otherwise change said sewer as at any time hereafter may be deemed advisable.

Parcel No. 1—These premises are owned by George Ellwanger, Cornelia Ellwanger, Harriet N. Barry, William C. Barry, Minnie G. Barry, Charles P. Barry, Julia D. Barry, Harriet D. Barry, Leisching, John H. Barry, Grace H. Barry.

All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, included between the lines of a proposed extension of Goodman street 66 feet wide from the south end of Goodman street to Highland avenue; the center line of which proposed extension is described as follows, to wit: Beginning at a point in the center of Goodman street at its southerly end as now laid out; thence south 22 degrees 49 minutes 45 seconds west in prolongation of the center line of Goodman street six hundred eighty-one and forty (681.40) feet to a point; thence on a curve to the left

with a radius of ten hundred sixty-five (1,065) feet to a point which is 15.17 feet easterly from said center line of Goodman street produced and measured at right angles therefrom, from a point in said line one hundred seventy-nine and eleven hundredths (179.11) feet from the last aforementioned point in said line; thence on a curve to the right with a radius of 800 feet to a point which is on a curve five and seven hundredths (5.07) feet easterly from the aforementioned prolongation of center line of Goodman street and measured at right angles therefrom from a point in said line which is three hundred eighteen and seventy-nine hundredths (318.79) feet from the last aforementioned point in said line; thence on a curve to the left with a radius of three hundred ninety-nine feet (399) to a point which is forty-eight and forty-two hundredths (48.42) feet easterly from the aforementioned prolongation of center line of Goodman street and measured at right angles therefrom from a point in said line which is two hundred ninety-two and forty-five hundredths (292.45) feet from the last mentioned point in said line; thence on a curve to the right with a radius of four hundred ninety-eight and five-tenths (498.5) feet to a point which is one hundred twelve and eighty-seven (112.87) feet easterly from the aforementioned prolongation of center line of Goodman street and measured at right angles therefrom, from point in said line which is three hundred five and ninety-eight hundredths (305.98) feet from the last mentioned point in said line; thence southerly in a straight line one hundred five and four hundredths (105.04) feet to a point in the northerly line of Highland avenue which is one hundred one and twenty-four hundredths (101.24) feet easterly from the aforementioned prolongation of center line of Goodman street and measured at right angles therefrom from a point which is one hundred four and thirty-nine hundredths (104.39) feet from the last aforementioned point in said line; as more particularly appears on a map of said right of way and easement made by J. Y. McClintock, city surveyor, and filed in Monroe county clerk's office December 8, 1893.

Together with the right to grade is necessary the land covered by the right of way and easement above described in such a manner as to make it conform to the existing grade south of Goodman street; and also with the right to remove the earth outside of said right of way and easement and adjacent thereto to such an extent as to leave the said right of way and easement at an angle of 1 1/2 horizontal to one vertical.

Parcel No. 2—These premises are owned by Helen F. Barton.

All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, included within the lines of the proposed extension of Goodman street through the said lands the center line of which extension is described as follows, to wit:

Beginning at a point in the center line of Goodman street at its southerly end as now laid out; thence south 22 degrees 49 minutes 45 seconds west in prolongation of the center line of Goodman street 681.40 feet to a point; thence on a curve to the left with a radius of ten hundred sixty-five (1,065) feet to a point which is fifteen and seventeen hundredths (15.17) feet easterly from said center line prolonged and measured at right angles therefrom from a point in said line 179.11 feet from the last aforementioned point in said line being a right of way and easement along and through a parcel of land 33 feet wide more or less by 320 feet long more or less bounded on the north by land owned by Ell-

wanger & Barry, on the west and south by land owned by Ellwanger & Barry and the party of the second part and on the east by land owned by said party of the first part, containing 24-100 of an acre; as more particularly appears on a map of said right of way and easement made by J. Y. McClintock, city surveyor, and filed in Monroe county clerk's office December 8, 1894.

Together with the right to grade if necessary the land covered by the right of way and easement above described in such a manner as to make it conform to the existing grade of South Goodman street; and also with the right to remove the earth outside of said right of way and easement and adjacent thereto to such an extent as to leave the slopes of the excavation made in grading said right of way and easement at an angle of 1-1-2 horizontal to one vertical.

Parcel No. 3—These premises are owned by George Ellwanger, Cornelia Ellwanger, Harriet H. Barry, William C. Barry, Minnie G. Barry, Charles P. Barry, Julia D. Barry, Harriet D. Barry Leisching, John H. Barry and Grace H. Barry.

All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, twenty feet wide, 10 feet of which lines on each side of a center line which is described as follows:

Beginning at a point in the dividing line between lands of the parties of the first part and said city, said point being one hundred seventeen and sixty-five hundredths (117.65) feet measured along said line and in the direction of south 20 degrees 13 minutes 12 seconds west from the south line of Highland avenue; thence south 58 degrees 57 minutes 9 seconds west seven hundred and one and fifty-nine hundredths (701.59) feet to an angle; thence south 67 degrees 54 minutes 53 seconds west fifty-two and forty-seven hundredths (52.47) feet to lands of the county of Monroe, as more particularly appears on a map of said right of way filed in Monroe county clerk's office December 9, 1893, to which reference is hereby made.

Parcel No. 4—These premises are owned by the county of Monroe.

All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, twenty feet wide, ten feet of which lies on each side of a center line which is described as follows.

Beginning at a point in the north line of land of the state of New York, which said point is north 29 degrees 29 minutes 24 seconds east four hundred ninety-eight and seventy-seven hundredths (498.77) feet distant from a point in the center of Elmwood avenue which is five hundred sixty-three and fifty-six hundredths (563.56) feet measured along the center line of Elmwood avenue in a direction of north 87 degrees 8 minutes 24 seconds east from the center of South avenue; thence north 29 degrees 29 minutes 24 seconds east one hundred ninety-six and thirty-nine hundredths (196.39) feet to an angle; thence north 52 degrees 14 minutes 15 seconds east seven hundred sixty-eight and forty-five hundredths (768.45) feet to an angle; thence north 67 degrees 54 minutes 53 seconds east four hundred twenty-three and seventh-sevenths (433.77) feet to an angle; thence north 21 degrees 5 minutes 43 seconds west three hundred and seven hundredths (300.07) feet to an angle; thence north 8 degrees 25 minutes 35 seconds west two hundred twenty-three and forty hundredths (223.40) feet to the south line of Highland avenue. As more particularly appears on a map of said right of way or easement made by J. Y. McClintock, city surveyor, and filed in Monroe

county clerk's office, December 8, 1893, to which reference is hereby made.

Parcel No. 5—These premises are owned by the state of New York.

All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, owned by the party of the first part, twenty feet wide, ten feet of which lies on each side of a center line which is described as follows, to wit:

Beginning at a point in the center of Elmwood avenue five hundred sixty-three and fifty-six hundredths (563.56) feet measured on the center line of Elmwood avenue and in the direction of north 87 degrees 8 minutes 24 seconds east from the center line of South avenue; thence north 29 degrees 29 minutes 24 seconds east thirty-five and fifty-one hundredths (35.51) feet to a point in the north line of Elmwood avenue; thence with the same bearing four hundred sixty-three and twenty-six hundredths (463.26) feet to a point in the line between the land of the party of the first part and the county of Monroe; as more particularly appears on a map of said right of way or easement made by J. Y. McClintock, city surveyor, of Rochester, N. Y., filed in Monroe county clerk's office December 8, 1893.

Therefore, we, the subscribers, the commissioners having been duly sworn as required by the statute in such cases made and provided, and having all met and acted upon the matters submitted to us at the City Attorney's office, No. 209 Wilder building, Rochester, N. Y., pursuant to a notice of at least ten days published according to law and having all taken a view of every part of the respective premises and have inquired into and heard the allegations and proofs of the respective parties in interest, do thereupon determine and appraise the damages which the several owners, there being no tenants and occupants other than such owners entitled to any awards except as appears herein, of the several premises to be taken for the right of way for said proposed sewer, will severally sustain by being deprived thereof, and fix the compensation which the aforesaid owners respectively shall receive therefor as follows, the awards hereby made after deducting all taxes and assessments which have become a lien upon the lands described to be paid as hereinafter provided are as follows:

To George Ellwanger, Cornelia Ellwanger, Harriet N. Barry, William C. Barry, Minnie G. Barry, Charles P. Barry, Julia D. Barry, Harriet D. Barry Leisching, John H. Barry and Grace H. Barry, for parcel No. 1, the sum of one dollar (\$1), payable to them.

To Helen F. Barton, for parcel No. 2, the sum of one dollar (\$1), payable to her.

To George Ellwanger, Cornelia Ellwanger, Harriet N. Barry, William C. Barry, Minnie G. Barry, Charles P. Barry, Julia D. Barry, Harriet D. Barry Leisching, John H. Barry and Grace H. Barry, for parcel No. 3, the sum of one thousand seven hundred sixty-four dollars and nineteen cents (\$1,764.19), payable to them.

To the County of Monroe, for parcel No. 4, the sum of one dollar (\$1), payable to the county of Monroe.

To the state of New York, for parcel No. 5, the sum of \$1, payable to the state of New York.

Dated March 19, 1894.

All of which is respectfully submitted.

FREDERICK ZIMMER,
JOSEPH H. SAVARD,
POMEROY P. DICKINSON,
Commissioners.

Ordered received, filed and published.

By Ald. Pauckner—Resolved, That the next regular meeting of this council be, and the same hereby is, designated as the time when objections will be heard to the confirmation of the report of the commissioners of appraisal in the matter of the acquirement of the right of way for the State Hospital and Goodman street outlet sewer, under final ordinance No. 5,262.

Adopted.

 By the Clerk—

ROCHESTER CHAMBER OF COMMERCE. }
 ROCHESTER, N. Y., March 20, 1894. }

To the Common Council:

Gentlemen:—I send herewith, as directed by the Board of Trustees of this body, map showing the proposed boundaries of the city as contemplated by a special committee which has had the subject of city extension under consideration. The red line outside the present boundaries was first adopted, but in deference to the views of several of your members and others, parts only of the red line with the connecting and extended blue lines, as shown on this map, have been finally accepted by this body as an equitable and reasonably satisfactory plan of extension.

If this conclusion shall meet with the approval of your honorable board, it is suggest-

ed that your Committee on Charter Amendments, or a special committee appointed for that purpose, or such other body as you may deem best, prepare a bill to be introduced in the State Legislature embodying the provisions above outlined. Very truly yours,

GEORGE MOSS, Secretary.

Ordered received, filed and published, and upon motion of Ald. Lewis, referred to Law Committee.

By Ald. Ashton—Resolved, That the matter of the petition of the residents of Charlotte introduced at a meeting of this Board February 13, 1894, and reported at page 581 current proceedings, be, and the same hereby is referred to Law Committee.

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, N. Y., March 20, 1893. }

To the Common Council:

Gentlemen—For some time past negotiations have been pending for the widening of Mortimer street, and the prices demanded by the respective owners for their property are such that the Executive Board does not feel warranted in recommending their acceptance.

Therefore it is suggested that the matter be referred to the City Attorney to the end that a commission be appointed to appraise the damages and estimate the value of the lands which are necessary to be acquired for this improvement.

Respectfully,

THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. C. S. Cook—Whereas, No agreement for the purchase of lands necessary to be taken for the widening of Mortimer street, in the city of Rochester, under final ordinance, No. 5,230, can be made, therefore,

Resolved, That a copy of said ordinance, and of this resolution, together with a map of the proposed street, be made and filed in the office of the City Clerk, and of the county clerk, which map shall show thereon the lots, tracts and parcels of land which are deemed necessary to be taken and the commencement, course and termination of said street proposed to be widened and laid out, according to the provisions of section 174 of the revised city charter, and that the City Attorney be, and he hereby is, instructed to take and institute such proceedings, from time to time, as may be necessary to secure such street widening, as is provided by the said city charter.

Adopted.

And whereas, the City Surveyor, under the direction of this council, has made an estimate of the whole expense thereof, and reports the same at \$45, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on the east side of Maria street, from Bernard street to a point about 150 feet north of Bernard street, in proportion to the benefit which each will derive therefrom.

Adopted.

By Ald. Zimmer—Resolved, That all persons interested in the subject matter of any and all improvements contemplated to be made in or by any order, ordinance or resolution adopted, or passed or amended at this or any subsequent meeting, and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council at the next regular meeting after the passage or adoption of any such resolution, order or adoption or amendment thereto, unless otherwise specially provided in an order, resolution or ordinance, at 7 P. M., at the Common Council chamber, when allegations relative thereto will be heard, and that the City Clerk be and he is hereby directed to publish daily for four days in the Democrat and Chronicle and the Rochester Herald notice thereof as is required and in the manner specified by section 172 of the city charter.

CITY CLERK'S OFFICE,

ROCHESTER, N. Y., March 20, 1894.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Agreeable to your directions heretofore given, in reference to contemplated improvements, to be paid in whole or in part by a local assessment, I caused to be published daily for four secular days in the Democrat and Chronicle and the Rochester Herald, two daily newspapers printed and published in the city of Rochester, N. Y., notices of said improvements contemplated to be made in or by any order, resolution or ordinance or an amendment thereto, passed or adopted by your honorable body at its last regular and adjourned meetings, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and required all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, March 20, 1894, at 7 o'clock P. M., at the Common Council chamber, when allegations would be heard in reference to such improvement.

Respectfully,

HENRY W. GREGG, City Clerk.

Final ordinance for Medina stone pavement and sewer in South avenue came up. Ald. Pauckner introduced the following:

By Ald. Pauckner—Resolved, That the ordinance for the improvement of South avenue be amended so as to read, "One tier of lots and parcels of land on each side of South avenue, from the south end of the present sewer, to a point about 290 feet north of the northeast corner of Reservoir avenue and South avenue, in proportion to the benefits which each will derive therefrom.

Adopted.
Ordinance as amended put over under the rules.

Final ordinance for Court street brick pavement and sewer came up. Ald. Dewey moved that action thereon be indefinitely postponed. Carried.

FINAL ORDINANCE NO. 5,494.

EAST AVENUE CARE, REPAIR AND SPRINKLING.

On motion of Ald. Zimmer, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to care for, repair and sprinkle East avenue, from Goodman street to the city line.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The repair, cleaning and sprinkling of East avenue, from Goodman street to the eastern city line, during the season of 1894, from April 1st to November 1st. The repair to consist in spreading 400 yards of hand broken macadam stone upon the roadway, covering with 150 yards of gravel, the same to be thoroughly rolled with a ten-ton steam roller; also the cleaning and removal of all dirt and refuse from the surface of the street at least five times during the season, and the sprinkling of the street every day from April 1st, to November 1st.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$2,340, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city, which the Council deems proper to be so assessed for, and will be benefited by and derive an advantage from such improvement, to wit:

One tier of lots and parcels of land on each side of East avenue, from Goodman street to the eastern city line.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Callhan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis—17.

FINAL ORDINANCE NO. 5,495.

ONTARIO STREET SPRINKLING.

On motion of Ald. Zimmer, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to sprinkle Ontario street, from North street to Scio street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Ontario street, from North street to Scio street, during the season of 1894.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$125, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city, which the Council deems proper to be so assessed for, and will be benefited by and derive an advantage from such improvement, to wit:

One tier of lots and parcels of land on each side of Ontario street, from North street to Scio street.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, C. S. Cook, Callhan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis—17.

FINAL ORDINANCE NO. 5,496.

MEDINA BLOCK STONE PAVEMENT ON STATE STREET.

On motion of Ald. Zimmer, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a Medina block stone pavement on State street, from Main street to the north line of Center street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of State street, from Main street to the north line of Center street, by putting in a new lateral sewer as deep as the main sewer will permit, to each lot where there is not an existing sewer at full depth, by putting in new water service pipes to each lot where necessary; replacing stone manhole heads with iron heads; rebuilding or removing existing surface sewers, and putting in new ones where necessary; setting new curb stones, six inches thick, substantially upon the lines of existing curbs, excepting that at the corners of streets and alleys they shall be set to curves as hereinafter specified, and excepting that where existing sidewalk flags are thick enough, they shall be cut to the proper lines and curves and be faced up like the new curb stones; the cutting off of the sidewalks at corners of streets and alleys, so that the curb lines shall be upon circular curves, tangent to the adjacent straight parts of said curbs and said curbs shall have a radius of thirteen feet; the laying of crosswalks across each side street and alley, consisting of five lines of flag stones eighteen inches wide, spaced six inches apart; and the laying of crosswalks across State street, wherever there are existing crosswalks, to consist of three lines of flag-stones; eighteen inches wide, spaced six inches apart; and the laying of a Medina block stone pavement on a concrete foundation, together with a line of gutter stone, if thought advisable, and grading and unspecified work necessary to make a complete roadway, and to connect it neatly with the pavement of side streets; and the removal of all old material, which may not be used, from the street. This old material will be the property of the contractors and may be so considered by contractors who make proposals for the work.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$57,000, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city, which the Council deems proper to be so assessed for, and will be benefited

by and derive an advantage from such improvement, to wit:

One tier of lots and parcels of land on each side of State street, from Main street to Center street.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis—15.

By Ald. Tracy—

To the Honorable, the Common Council and Executive Board, of the City of Rochester, N. Y.:

We, the taxpayers and owners of State street property are opposed to the paving or other improvement of State street until the street is thoroughly settled from the construction of the eighteen foot sewer, and we request and respectfully demand of the contractors and the Rochester Railway Company that the street be put in condition for traffic with the least possible delay.

STELLE & AVERY, by S. V. Avery,
S. D. WALBRIDGE, and others.

Ordered received, filed and published and referred to Executive Board.

FINAL ORDINANCE NO. 5,497.

SHELTER AVENUE PIPE SEWER.

On motion of Ald. Aikenhead, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a vitrified pipe sewer in Shelter avenue, from 100 feet east of Genesee street to 110 feet west of Jefferson avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a vitrified pipe sewer, 12 inches in diameter, in Shelter avenue, from a point 100 feet east of Genesee street, to the Genesee street sewer and outlet. Also 12 inches in diameter from a point 110 feet west of Jefferson avenue to a point about 300 feet east of said Genesee street sewer and outlet, and 15 inches in diameter from said point 300 feet east of outlet, to said outlet. Also the construction of the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$5,775, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city, which the Council deems proper to be so assessed for, and will be benefited by and derive an advantage from such improvement, to wit:

One tier of lots and parcels of land on each side of Shelter avenue, from Genesee street to Jefferson avenue.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis—15.

Final ordinance for Richmond park asphalt improvement came up and upon motion of Ald. Adams action thereon was postponed four weeks.

FINAL ORDINANCE NO. 5,498.

SCIO STREET ASPHALT PAVEMENT.

On motion of Ald. Zimmer, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to improve Scio street, from Syracuse street to German street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Scio street, from the north end of the present MacAdam pavement at Syracuse street to German street, by the construction of an asphalt pavement therein, with a line of Medina stone curb on each side thereof, properly connected with all lateral streets, alleys and driveways. Width between curbs to be 26 feet. Also the construction of the necessary crosswalks, surface sewers, manholes, lot laterals, water and gas services, and the construction of a Portland cement walk, five feet in width, on each side of the street, between the limits mentioned, except where good Portland cement or flagstone walks now exist, but such walks shall be relaid if not conforming to the proper grade and alignment. Also the cleaning of the main sewer if found to be necessary.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$11,300, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city, which the Council deems proper to be so assessed for, and will be benefited by and derive an advantage from such improvement, to wit:

One tier of lots and parcels of land on each side of Scio street, from the north end of the present improvement to German street.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis—15.

CITY TREASURER'S OFFICE,
ROCHESTER, N. Y., March 20, 1894. }

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—In regard to sale of water and sewer bonds advertised for to-day would respectfully report that I mailed notices of sale to all the principal banks and brokers in New York, Brooklyn, Boston, Philadelphia, as well as various smaller places. I received no favorable replies for sale of bonds on a 3 1-2 per cent. basis.

Several of the bankers of New York city, in reply to my dispatches to-day asking if

they would not take some of the bonds, replied, "Prefer not to purchase any bonds until the Bland bill is disposed of." We made sale of \$50,000 water bonds to L. W. Morrison of New York city, at par rate 3 1-2 per cent. and then by advice of Finance Committee and City Attorney, adjourned sale to Tuesday A. M., March 27th, at 11 o'clock.

Yours respectfully,

S. B. WILLIAMS, City Treasurer.

CITY TREASURER'S OFFICE,
ROCHESTER, N. Y., March 20, 1894. }

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—I have received from the representative of the Comptroller of the State of New York, a warrant amounting to \$3,206.52 (three thousand two hundred six and fifty-two one hundredths dollars) for amount of claim for the maintenance and support of immigrants under sec 5 chapter 195, laws of 1847, and amendments thereto. Payment being made as for account of purchase money for Ward's Island property. John C. O'Brien of this city was employed as the city's attorney to collect the amount due and for his services was authorized to retain one-fourth thereof. I would therefore ask your honorable body to pass a resolution authorizing me to pay him his percentage and also direct to which fund the remaining three-fourths be credited. The original amount of said claim was \$1,536.67 and the interest thereon for seventeen and one-half years \$1,669.85 making a total of \$3,206.52.

Yours respectfully,

S. B. WILLIAMS, City Treasurer.

Ordered received, filed and published.

By Ald. McMillan—Resolved, That the City Clerk be and he hereby is directed to draw an order on the City Treasurer for \$801.63 payable to J. C. O'Brien for services as attorney for the city in the claim against the State of New York and that the City Treasurer charge said amount to Contingent Fund.

Ayes—Alds. Tracy, McMillan, Zimmer, Adams, Fox, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis—14.

By Ald. McMillan—Resolved, That the City Treasurer be directed to place the funds received from the State Comptroller on account of claim for maintenance and support of immigrants to the credit of the Poor Fund. Adopted.

By Ald. McMillan—

OFFICE OF ROCHESTER RAILWAY CO.,
ROCHESTER, N. Y., March 15, 1894. }

S. B. Williams, Esq., Treasurer, City of Rochester:

Dear Sir:—The statement of the gross earnings of the Rochester Railway Company for the year ending September 30, 1893, as shown by our books, is \$804,680.81.

The number of cars operated during that period was 106, and under the terms of the contract between the city and this company there is one per cent. due the city on the gross passenger receipts for the year mentioned and \$5 per car for the cars operated. This makes the entire amount owing the city, on account of operation for said year, \$8,576.80.

Under the terms of the contract it will be, I suppose, necessary for you to examine our books and verify this statement. This we would like to have done, as we wish to have each year's business stand by itself. We

would, of course, require a certificate from you that you have made such examination, and that the amount which we pay you settles the account against us so far as the year mentioned is concerned.

If you will kindly call at this office we will take pleasure in submitting our books to your inspection and to furnish you any information which you may desire.

I owe you an apology for not having sent you this report earlier. Please overlook my neglect, and hereafter we will try to be more prompt.

Very truly yours,
J. N. BECKLEY, President.

By Ald. McMillan—

CITY TREASURER'S OFFICE,
ROCHESTER, N. Y., March 20, 1893. }

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—I am in receipt of the accompanying report from President Beckley of the Rochester Railway Company. I will at the earliest possible moment verify the report from the books of the company as per their request.

What disposition shall I make of the amount to be collected from the company?

Respectfully submitted.

S. B. WIL IAMS, City Treasurer.

Ald. McMillan moved that the foregoing communication from the City Treasurer be received, filed and published and that the City Treasurer be directed to credit the funds mentioned therein to the Contingent Fund. Carried.

AN ACT to amend chapter fourteen of the laws of eighteen hundred and eighty, entitled "An act to further amend chapter one hundred and forty-three of the laws of eighteen hundred and sixty-one, entitled 'An act to amend and consolidate the several acts in relation to the charter of the city of Rochester,' and consolidate therewith the several acts in relation to the charter of said city," and the several acts amendatory thereof and supplementary thereto.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section one hundred and eleven of chapter fourteen of the laws of eighteen hundred and eighty, entitled "An act to further amend chapter one hundred and forty-three of the laws of eighteen hundred and sixty-one, entitled 'An act to amend and consolidate the several acts in relation to the charter of the city of Rochester, and to consolidate therewith the several acts in relation to the charter of said city,'" is hereby amended so as to read as follows:

Sec. 111. The treasurer of the city of Rochester shall place to the credit of a fund to be known as the "General Sinking Fund" the one per centum of the total amount of park bonds directed to be raised pursuant to section eighteen of chapter one hundred and ninety-three of the laws of eighteen hundred and eighty-eight; the difference between the amount received from the New York, Lake Erie and Western railroad company, and the amount necessary to pay any bonds of the Genesee Valley railroad and the interest thereon; the amount received as rent for the arsenal site; the percentage of the gross receipts of the Rochester railway company contracted to be paid to the city; all surplus receipts for water rents after the payment of operating expenses, salaries, repairs, maintenance or extension of said work, interest upon the water bonds issued for the construction of said works or for the further exten-

sion of the sale; also such penalties as may be collected for violations of the regulations of the Executive Board governing the rest of the city's water supply, and any moneys now in his possession received from any of the above sources not otherwise appropriated, and the amount so credited and the additions and accretions thereto shall constitute a fund for the redemption of the city's bonded debt and for that purpose only. The common council of said city shall, on or before the first day of June, eighteen hundred and ninety-four, and every third year thereafter appoint a citizen or said city, other than a city officer or employe, who, with the mayor, treasurer and president of the common council of said city, shall constitute the board of trustees of said sinking fund, which shall be a body corporate, and shall have the care and direction of said sinking fund, subject to the ordinances of the common council. Said trustees are hereby authorized and empowered to pay and redeem any portion of the bonded debt now or hereafter a charge upon said city as it may mature (for the redemption of which no special provision of law exists except the bonds issued pursuant to chapter one hundred and ninety-three of the laws of eighteen hundred and eighty-eight) and also such bonds as may be surrendered by the holders thereof before maturity, whenever they may deem it to be for the interest of said city so to do. Said sinking fund shall be used solely in the redemption and payment of the city's bonded debt, and when there are no such city obligations falling due upon which the same can be applied, they may be used in the purchase of any of the city's bonds, not due, or any city bonds to be issued, or may be invested in such other manner as such board of trustees may elect, or may be deposited in such banks, at the highest rate of interest obtainable, as shall be selected by said trustees, until such bonds may fall due, to the payment of which they can be applied, and whenever any of the bonds of said city are about to be issued, the trustees of said sinking fund shall, at their option, be permitted to purchase so much or so many of them as they may desire at their par value, and shall hold the same as a part of said sinking fund. Said trustees shall, at its last meeting in each fiscal year, present to the common council a detailed statement of the receipts, disbursements and investments made during the fiscal year then ending pursuant to the provisions of this act; the several securities and investments held (whether cancelled or not, stating the law under and the purpose for which the same were respectfully issued, giving their respective amounts, date of issue, and maturity, and the numbers of the bonds or securities and the rate of interest payable thereon, together with any other proper description of the same; the amount of interest received on such deposit; what city bonds maturing during the year then ending have been paid out of said sinking fund; the several amounts in which city bonds have been issued; the date of their issue; the rate of interest payable; the times when the interest and principal of the respective bonds fall due, and also the authority under which and the object or purpose for which they were respectively issued. When, by any act authorizing the creation of any part of the present funded debts, any property or revenues of the said city were pledged or appropriated to the payment of any such funded debt, such property or revenues shall continue to be so pledged and appropriated to the payment of the bonds or certificates which shall, by virtue of this act, be substituted for such part or parts of such funded debt.

Sec. 2. This act shall take effect immediately.

Ordered received, filed and published.

By Ald. McMillan—Resolved, That the annexed bill amending section 111 of the city charter be approved and that the same be forwarded to the representatives of this district in the senate and assembly for immediate passage.

Adopted.

By Ald. McMillan—Resolved, That the Clerk draw an order on the City Treasurer in favor of Emily C. Proctor and Mary F. Biden Nettleton, for the sum of \$10,300, payable from any moneys in his hands not otherwise appropriated, to be delivered to said payees upon a certificate of the city attorney that all taxes, assessments, liens and encumbrances upon the property purchased of said Proctor and Nettleton are satisfied and discharged and that a proper deed of conveyance has been given the said city and that such sum of \$10,300 be charged to any fund hereafter created for the purpose of providing for the erection of a police station.

AN ACT to amend chapter three hundred and seventeen of the laws of eighteen hundred and ninety-one, entitled "An act to authorize the construction and maintenance of park boulevards in and near the city of Rochester and provide for the cost and expense thereof."

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section two of said act is hereby amended so as to read as follows:

Sec. 2. Whenever said park commissioners shall determine to lay out any park boulevards they shall, at a regular meeting of said commissioners by resolution declare such determination, and shall cause an estimate of the cost and expense of such improvement to be made and they shall describe and declare the portion or parts of the city of Rochester, which they deem proper to be assessed for the expense of such improvement, and if in the judgment of said commissioners a part of such expense shall be paid by the city at large, they shall declare what part or portion of such expense shall be paid from the "Park Boulevard Fund," hereinafter created, and what part or portion thereof shall be assessed on the territory declared by them to be benefited. Where the taking of land or the acquirement of a right or easement therein is necessary it shall not be necessary to include the damage and charges therefor in the estimated expense.

Sec. 2. Section three or said act is hereby amended so as to read as follows:

Sec. 3. As soon as practicable after the adoption by said commissioners of a resolution as in section two herein provided, said commissioners shall certify to the Common Council of the city of Rochester, a copy of such resolution with a minute of all the proceedings relating thereto, containing a description of the proposed improvement, the estimated expense of the same, the proportion, if any, of the cost of such improvement to be paid out of the "Park Boulevard Fund" and the portion or part of the city to be assessed.

Sec. 3. Section ten of said act is hereby amended so as to read as follows:

Sec. 10. For the purpose of paying such part or portions of the expense of any improvement authorized by this act, which shall be declared payable out of the "Park Boulevard Fund," the common council shall raise annually such sums as shall be certified to it by said Board of Park Commissioners and reported by the finance committee of said council as necessary for that purpose. The said finance committee shall ascertain and report the amount of money necessary for this purpose in the same manner and at the same time that said committee ascertains and reports the sums necessary to be raised in each year for the various funds and departments of said city; and the common council shall raise the sum or sums necessary to be raised for the purposes of this act in the same manner and at the same time as are raised the various sums of money for the various funds and departments of said city, and such moneys when raised shall be set apart by the treasurer of the city of Rochester and credited to a fund to be known as the "Park Boulevard Fund" and said treasurer shall hold all such moneys on account of and for the purposes herein authorized, and shall pay them out on order of the park commissioners, and not otherwise. The park commissioners shall draw drafts as may be necessary from time to time for the purposes of this act upon the said city treasurer, signed by the president and secretary, specifying the purpose for which they are drawn, and the name of the fund from which they shall be paid, and the said city treasurer shall pay the same out of said fund.

Sec. 4. This act shall take effect immediately.

Ordered received, filed and published, and referred to Law Committee.

By Ald. Lewis—

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, N. Y., March 20, 1894. }

To the Common Council:

Gentlemen:—The Executive Board, under date of August 30th. last, reported that a sum which they deemed would be the actual value of land proposed to be taken for the extension of Greeley and Denver streets. It is now learned that one of the parties in interest, viz.: L. Garson, has declined to accept the sum recommended, and it will therefore be necessary for your honorable body to authorize the City Attorney to begin proceedings for the condemnation of the property required for the extension of Denver street, and owned by L. Garson.

Respectfully,
THOS. J. NEVILLE, Clerk

Ordered received, filed and published.

By Ald. Lewis—Whereas, No agreement for the purchase of lands necessary to be taken for the Denver street extension, in the city of Rochester, under final ordinance, can be made, therefore,

Resolved, That a copy of said ordinance, and of this resolution, together with a map of the proposed streets be made and filed in the office of the city clerk and of the county clerk, which map shall show thereon the lots, tracts and parcels of land which are deemed necessary to be taken and the commencement, course and termination of said street proposed to be laid out, according to the provisions of section 174 of the revised city charter, and that the City Attorney be, and he hereby is, instructed to take and institute such proceedings, from time to time, as may be necessary to secure such street opening as is provided by the said city charter.

Adopted.

Ald. Lewis moved that when the board adjourn it be until Thursday, March 29th, at 7:30 P. M. Carried.

Upon motion of Ald. Lewis the board then adjourned.

HENRY W. GREGG, City Clerk.

In Common Council, March 29, 1894.

CHARTER MEETING.

Ald. Mahlon B. Adams, president of the Board, presiding.

Present—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckler, Kelly, Aikenhead, Simmelink, Lewis, Forsyth—18.

PRESENTATION OF PETITIONS, REMONSTRANCES
BILLS, ACCOUNTS, ETC., AND THEIR REFERENCE.

By Ald. Tracy—Petition of L. A. Pratt for permission to erect a wooden building on the south side of Park avenue. Granted.

By Ald. McMillan—Petition of Thomas Peart with reference to an erroneous assessment. Referred to Assessment Committee.

By Ald. Zimmer—Resolved, That the City Surveyor be directed to renumber Court street, from Exchange street to South Union street. Adopted.

By Ald. C. S. Cook—

MONROE COUNTY COURT—In the matter of the opening of a street from Central avenue to Granger street in the city of Rochester.

To the Monroe County Court, and to the Honorable, the Common Council of the City of Rochester.

Gentlemen:—The undersigned, who were appointed by an order of the Monroe county court, duly granted and entered January 18, 1894, commissioners to inquire into and determine what damages and compensation the owner or owners, tenants or occupants of the lands and buildings to be taken for the opening of a street from Central avenue to Granger street, in said city, pursuant to a final ordinance duly adopted therefor, being final ordinance No. 5,226, adopted August 22, 1893, will be entitled to for the same, respectfully report and certify in accordance with the provisions of the city charter, the piece and parcel of land to be taken for such improvement, the name and residence of the owner thereof, and the name and residence of all other persons having any interest in said premises by lease or otherwise, and their award of damages as incident to said street opening, as follows:

The piece or parcel of land required for such opening is described as follows: Beginning at a point in the south line of Central avenue where the west line of lot No. 7 of the Atwater and Andrews tract intersects the same; thence southerly along the west line of said lot No. 7 to a point where said west line intersects the north line of Granger street; thence easterly along the north line of Granger street to a point where the east line of lot No. 8 of said tract intersects the north line of Granger street; thence north along the east line of said lot No. 8 to a point where said east line intersects the south line of Central avenue to the place of beginning, being lots 7 and 8 of said tract, a map of which is filed in Monroe county clerk's office, reference being had to a map of said proposed opening filed in these proceedings in said clerk's office.

These premises are owned by Matilda Schneider, who resides in Chicago, Ill., and are subject to the leasehold interest of John C. Fee and James Fee, hereinafter referred to.

We also find that James Fee and John C. Fee, both of Rochester, N. Y., have a leasehold interest in the premises above described but inasmuch as said James Fee and John C. Fee make no claim for damages or compensation for the taking of said leasehold interest by said city in these proceedings, but expressly waive all damages, we deem it unnecessary to further describe their interest and have made them no award.

We also find that John Danihy, who claims an interest in some of the buildings upon said premises under a lease which has expired, is by the terms of said lease entitled to remove his said buildings and that they are of such a temporary character that the same may be removed without injury to the freehold and are not a subject for any award and are not property which the city has any right to condemn and take in these proceedings and we therefore make no award to said Danihy.

Therefore, we, the subscribers, the commissioners, having been duly sworn as required by the statute in such cases made and provided, and having all met and acted upon the matters submitted to us at the City Attorney's office, in the Wilder building, pursuant to a notice of at least ten days published according to law, and having all taken a view of every part of the respective premi-

ses and having inquired into and heard the allegations and proofs of the respective parties in interest, do determine and appraise the damages and compensation to the owner of the premises above described at the sum of \$40,000, which award is payable to Matilda Schneider, aforesaid, after deducting all taxes and assessments which have become a lien upon the lands heretofore described.

All of which is respectfully submitted,
 JOSEPH S. HUNN,
 CHAS. F. POND,
 THOS. W. FINUCANE,
 Commissioners of Appraisal.
 Dated Rochester, N. Y., March 28, 1894.
 Ordered received, filed and published.

By Ald. C. S. Cook—Resolved, That the meeting of this common council, to be held April 3, 1894, be, and the same hereby is, designated as the time when objections will be heard to the confirmation of the report of the commissioners in the matter of the opening of a street from Central avenue to Granger street, in the city of Rochester.
 Adopted.

By Ald. Adams—Notices of claims of John Sheil and Adrain Verslius against the city of Rochester. Referred to Law Committee.

By Ald. Fox—Petition of John Fladd for permission to erect a wooden building on Helena street. Referred to Wood Building Committee and Fire Marshal with power to act.

Also, Petition of August Shohrer for permission to erect a wooden building on North street. Referred to Wood Building Committee and Fire Marshal with power to act.

Also, Petition of the Congregation B'Nai David with reference to an erroneous assessment. Referred to Assessment Committee.

By Ald. Ashton—Petition of Royal G. Saxton to refund assessment. Referred to Assessment Committee.

Ald. Dewey moved that the rule of the Board requiring notice to be given of the introduction of a penal ordinance be suspended. Carried.

By Ald. Dewey—Resolved, That the penal ordinance relating to junk dealers, published on page 465 and 466 of the current proceedings of the Common Council be, and the same hereby is adopted.

Adopted by the following vote:
 Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Ashton, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth—17.

By Ald. Pauckner—Petition of John C. Reich for permission to erect a wooden building on Hickory street. Referred to Wood Building Committee and Fire Marshal with power to act.

By Ald. Pauckner—Resolved, That the City Clerk be, and he hereby is directed to draw an order on the City Treasurer payable from the Contingent Fund, in favor of Julian A. Janes for the sum of one dollar and ninety-two cents (\$1.92) as per annexed bill, being for disbursements, March, 1894.

Adopted by the following vote:
 Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Ashton, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth—17.

By Ald. Simmelink—Petition of John K. Gysel for permission to erect a wooden building on Clifford street. Referred to Wood Building Committee and Fire Marshal with power to act.

Also, Petition for a sewer in Bloomingdale avenue. Referred to Surveyor, to prepare an ordinance.

By Ald. Lewis—Petition of Jos. Fisher for permission to erect a wooden building on Miller street. Referred to Wood Building Committee and Fire Marshal, with power to act.

REPORTS OF STANDING COMMITTEES.

By Ald. Lewis—

CITY ATTORNEY'S OFFICE,
 ROCHESTER, N. Y., March 28, 1894. }

To the Honorable, the Common Council:

Gentlemen:—Your Law Committee would respectfully report, that on the 19th day of March, 1894, Matthew Cloonin recovered a judgment against the city for \$75.08 damages and \$68.61 costs; that said judgment is proper and should be paid, and your committee would recommend that the same be paid by the Executive Board from the highway fund.

With reference to the claims of Michael Mulqueen, James W. Casey, Philip Zurn, Owen O'Neil, and Anthony Knope, for services as bridge tenders a clerical error was made in these claims and the amounts as stated in the resolution adopted March 20, 1894, are incorrect. Your committee recommends that a resolution be adopted similar to the one of March 20, 1894, authorizing the payment of the correct amount to said claimants, and that the resolution of March 20th be reconsidered and indefinitely postponed.

Jerry O'Grady and Catherine O'Reilly, as administratrix, have also presented similar claims for payment, and upon investigation we find they are correct. We would therefore recommend that they also be paid.

All of which is respectfully submitted,

MERTON E. LEWIS,
 D. W. FORSYTH,
 MARTIN J. CALIHAN,
 CHAS. S. COOK,

Law Committee.

Ordered received filed and published.

By Ald. Lewis—Resolved, That the resolution of March 20, 1894, and found at page —, current proceedings, recommending the payment to Michael Mulqueen and others, of certain claims, be, and the same hereby is, reconsidered. Adopted.

By Ald. Lewis—Resolved, That the resolution adopted March 20, 1894, and found at page 673, current proceedings, directing the payment of claims of Michael Mulqueen and others be, and the same hereby is, indefinitely postponed. Adopted.

By Ald. Lewis—Resolved, That in the matter of the claims of Michael Mulqueen, James W. Casey, Philip Zurn, Owen O'Neil and Anthony Knope, Jerry O'Grady and Catherine O'Reilly, as administratrix of John O'Reilly, deceased, the Executive Board is hereby authorized and directed to draw an order in favor of said claimants or their attorney, George P. Decker, as follows:

Michael Mulqueen	\$80 96
James W. Casey	80 96
Philip Zurn	84 55
Owen O'Neil	80 96
Anthony Knope	80 96
Jerry O'Grady	80 96
Catherine O'Reilly, as administratrix of John O'Reilly	80 96

Being in full for moneys due them from the city of Rochester, as bridge tenders, including interest thereon to March 30, 1894, payable from the highway fund, and that upon the payment of such sums, such board take a receipt in full from said claimants of all demands to date.

Adopted by the following vote:

Ayes—Alds. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Ashton, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelink, Lewis, Forsyth—17.

By Ald. Lewis—Resolved, That the Executive Board be, and it hereby is, authorized and directed to draw an order in favor of Matthew Clooin, or his attorney, George P. Decker, payable from the Highway Fund, for the sum of \$143.69, with interest thereon from March 20, 1894, upon the certificate of the City Attorney, that a satisfaction of the judgment recovered by Matthew Clooin has been filed.

Adopted by the following vote:
Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Ashton, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelinck, Lewis, Forsyth—17.

By Ald. Johnston—
To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—In the matter of the sale of old No. 10 school property, your committee begs leave to report that after repeated advertisement for bids for the same your committee has at last received from the Maennerchor Liedertafel Society, of this city, a proposition to pay the sum of fifteen thousand dollars (\$15,000) for said premises, which amount your committee regards as reasonable and as representing the fair market value of said premises, and recommends the acceptance of the same by this council.

All of which is respectfully submitted,

JAMES JOHNSTON,
JOHN F. FOX,
ALVIN H. DEWEY,
MERTON E. LEWIS,
WILLIAM WARD,
JOHN H. ASHTON,
City Property Committee.

By Ald. Johnston—Resolved, That the proposition of the Maennerchor Liedertafel Society to pay the sum of \$15,000 for old No. 10 school property be, and the same hereby is, accepted by this council, and the City Attorney is directed to prepare the necessary papers to effect a transfer of said property to said society.

Adopted by the following vote:
Ayes—Ald. Tracy, McMillan, C. S. Cook, Calihan, Zimmer, Adams, Fox, Johnston, Ashton, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelinck, Lewis, Forsyth—17.

All of which is respectfully submitted.

RICHARD GARDINER,
Overseer of Poor.

It will be seen that the excise receipts for the year just ending is \$49,492, while last year the receipts were \$51,565.50, that is to say, the city received less from the excise receipts last year than the year before, to wit: \$2,073.50, and while the annual appropriation for 1893, was \$17,000, the appropriation for 1894, was \$15,000, but the difference in the receipts from the excise and the difference between the annual appropriations are compensated for by the handsome balance carried over from 1893.

It will be seen that the aggregate amount which was placed at the disposal of your committee, is \$82,521.53, and that the total expenditures to this date for the support and relief of the poor is \$82,828.02, leaving a balance of \$1,793.51 against this balance, however, is to be charged a bill presented by the City Hospital for \$1,209, which your committee at its last meeting refused to audit upon the ground that items were charged in the bill in excess of the usual rate, but even if this City Hospital bill has to be paid in full, there will still be a balance of \$584.51 to be carried over to next year's fund.

The total expenditures for the support and relief of the poor for 1893, was \$77,327.34, and this sum deducted from \$80,828.02 shows that there was about \$2,500 more expended during the last year than the year before.

In view of the fact, which is conceded by everyone, that the last year was an unusually hard year for poor people on account of the inability of large numbers of laboring men and women to secure employment at all and the consequent increased application by very many of them for aid from the city, we respectfully submit that your committee, Overseer of the Poor and his assistants should be commended for the efficiency and economy displayed in the performance of their duties and the conservation of the fund at their disposal, all of which is respectfully submitted.

ANNUAL REPORT OF THE WATER WORKS COMMITTEE OF THE COMMON COUNCIL OF THE CITY OF ROCHESTER, N. Y., FOR THE YEAR ENDING APRIL 3, 1894.

ROCHESTER, N. Y., March 29, 1894.

To the Honorable, the Common Council:

Gentlemen:—Your committee on water works respectfully presents their report for the year ending April 3, 1894, as follows:

Funds available for the extension of the distribution system:

1. Amount to the credit of the fund at the close of the year 1892-3, after deducting estimated amounts held for final estimates of work performed, salaries and charges from other departments against the fund	\$ 1,929 22
2. Amount ordered to be paid out of surplus receipts from Water Works Department, over and above the expenditures of that department. See proceedings of Common Council, page 62, May 16, 1893.....	59,911 50
Total	\$61,840 72
Less amounts refunded to private parties who have heretofore advanced funds for laying water mains, all as set forth in pages 143 and 173 of Common Council proceedings for the current year	7,911 00

Leaving balance available.....\$53,929 72

Extensions were authorized to be made at an estimated cost of \$52,000; but it was deemed advisable, owing to the insufficient supply of potable water, to do only work that was imperative, such as laying mains in streets that were under construction requiring concrete foundations, for surface roadways of asphalt, brick and Medina block; laying sufficient cast iron pipes across the new stone bridges over the Genesee river at Court and Andrews streets to ensure proper future connections from the east to the west side of the river, for both distribution systems, and the taking up of cast and wrought iron pipes of inadequate size for the duty required of them, replacing same by permanent constructions of sufficient capacity to

help the present demand on them, and be ample to distribute efficiently the future additional supply of water when the conduit under construction is completed and the proposed large feed mains are laid.

The following table shows in detail the work done during the season chargeable to the funds appropriated for that purpose:

No permanent water mains, requiring funds to be advanced by private individuals were laid during the season, but in this connection we beg to present again a table already published in the proceedings of the Common Council which shows the mains laid from funds so advanced prior to the season of 1893-94, and which advances have not yet been refunded to the owners.

SEE TABLE NEXT PAGE.

The additions to the distribution systems are:

	Miles.
Domestic	5.005
Holly	1.030
Total	6.035

These amounts added to the mileage previously laid after deducting therefrom the length of small pipes temporarily laid, which were taken up and replaced by larger pipe, reducers removed, etc., make the total mileage within the corporate limits up to date:

	Miles.
On the Domestic system.....	233.865
On the Holly system.....	18.394

Miles in all252,259
The total number of stop gates in city mains and on large services are 2,849; and hydrants, 2,454.

The estimated cost for laying mains in streets for which petitions are now on file in the Water Works Department is about \$130,000. Until the work now in progress for furnishing an additional water supply from Hemlock Lake is completed, and the proposed large feed mains from Mount Hope reservoir to reinforce the present domestic distribution system are laid, your committee would deem it advisable to continue the restriction that has obtained during the past few years, and limit the extension of water mains as far as possible.

FIRE MARSHAL'S OFFICE,
ROCHESTER, N. Y., March 29, 1894.

To the Honorable, the Common Council of the City of Rochester.

Gentlemen:—The undersigned, your Fire Marshal, would respectfully make the following report for the past year:

Number of inspections made during the year, 201.

Number of complaints investigated and adjusted, 59.

Number of buildings condemned and taken down, 13.

Number of buildings put in repair, 17.

Number of buildings condemned and not yet taken down, 8.

Fire escapes have been constructed on the Briggs block and on the Democrat and Chronicle building, and in addition I have had a number inserted in the specifications for new buildings.

I have also examined into the causes of fires during the past year as far as my other duties permitted, and taken such measures to prevent a repetition of the same as were at my command. By direction of your honorable body I have also devoted considerable time to the distribution, collection, storing and repairing the furniture and supplies for the eighty-nine polling places, under the direction of the chairman of your Contingent Committee.

In conclusion I wish to thank your Wooden Building Committee for assistance rendered, particularly its chairman, who has given me a large amount of his time in looking after the best interests of our city, which has been conducted without further expense than the necessary stationery and postage for the office.

Respectfully submitted,

JOHN A. P. WALTER,
Fire Marshal.

Total	\$519 65
Total disbursements	\$12,865 92
Balance	\$9 16

These items recognize all obligations that the City Property Fund is liable for so far as your committee knows including bills carried over from last year, amounting to \$519.65.

Your committee have had several unusual and extraordinary expenditures to meet, such as furnishing the City Attorney's new offices, renovating and furnishing the Auditor's and Fire Marshal's offices, repairing boilers and stack, the architect's charge for city hall remodeling plans and the premiums for the insuring the school houses during the ensuing three years.

These five items aggregate \$5,383.73, and if they and the bills left over from last year, amounting to \$516.65, are eliminated, the current expenditures of your committee during

the full fiscal year will only amount to \$6,922.65, and this sum compares favorably with the routine expenditures of past years.

In view of the extraordinary expenditures referred to there will be a deficiency of about \$190 in the fund, and your committee would recommend that the council make a special appropriation of \$200, and direct the City Treasurer to place that amount to the credit of the City Property Fund.

Respectfully submitted,

In addition to the necessary work connected with the actions and proceedings above mentioned, the City Attorney acts as a legal adviser for all of the city departments, excepting the Board of Health. This work during the past year has been unusual in amount owing to the construction of the East Side Trunk Sewer and the construction of the conduits for the additional water supply. In the construction of the East Side Trunk Sewer it became necessary to acquire title by condemnation proceedings of a large

number of parcels of land, and this involved the examination of very many complicated titles of property in Rochester and the towns of Brighton and Irondequoit. For the additional water supply in addition to the examination of titles where proceedings were had it was necessary for the City Attorney to pass upon the complicated titles to the premises of the Honeoye Mills from whom water rights were acquired, and the title of every person conveying land to the city for water work purposes from Hemlock Lake to the city. The examinations of these titles alone have consumed much time, but the city will probably be the gainer thereby.

In submitting the foregoing report, your committee feels that it is but due to the City Attorney and his very competent and able staff, to say that it is probably true that the law department of the city of Rochester has never been in better condition than at present. The City Attorney's office is a model of order, completeness and efficiency. To the City Attorney great credit is due for the very excellent condition of the city's legal affairs, and your committee feels that the public in general should understand that the city's legal interests have never been better protected than during the past year.

All of which is respectfully submitted.

BOARD OF PARK COMMISSIONERS.

ROCHESTER, N. Y., March 1st, 1894.

To the Board of Park Commissioners:

Gentlemen:—I herewith present the annual report of the work done on the parks, for the year ending February 28, 1894:

The following described pieces of property have been purchased during the year: Five plots of land from the Hiram Sibley estate, designated on a map made in the office of the Park Commission, as plots A, B, C, D and E, and containing 7 42-100 acres of land. A copy of the map is also filed in the county clerk's office. Plot A contains 82-100 acres, and extends from the easterly boundary line of the Rome, Watertown and Ogdensburg Railroad where it crosses North St. Paul street, at grade, northerly to the south line of Benjamin Simpson's land. Plot B. contains 1 78-100 acres of land, and extends from the westerly boundary of the Rome, Watertown & Ogdensburg Railroad Company's land, where it crosses North St. Paul street at grade, southerly to the Ridge road. These two plots of land were purchased for the purpose of moving the line of North St. Paul street easterly to admit a park road along the top of the high bank of the river, thereby occupying the present line of North St. Paul street. Plot C contains 2 20-100 acres of land and extends from the ice pond on the west side of North St. Paul street, northerly to the south line of a piece of land, opposite the Ridge road, purchased from Edwin L. Harris by the Park Commission. Plot D contains 1 12-100 acres of land, and extends from the north line of a piece of land purchased from James Requa by the Park Commission, northerly between the west line of North St. Paul street and the top of the high bank of the river, to a point at which the said west line of North St. Paul street and the said top of the high bank of the river intersect each other. Plot E contains 1 1-2 acres of land and comprises all the land formerly owned by the Hiram Sibley estate, lying west of the land of the Rome, Watertown and Ogdensburg Railroad Company, and south of the property formerly owned by Elizabeth Callister, and now by the Park Commission. A quit-claim deed of all the land (about 15 1-2 acres) belonging to the Sibley estate, adjacent to plots C, D and E, lying between the top of the high bank of the river and the water's edge, has been given to the Park Commission. A plot of land marked Plot 3, and containing about three acres, lying west of North St. Paul street and south of the land formally owned by Elizabeth Callister and now by the Park Commission, has been purchased from the Rome, Watertown & Ogdensburg Railroad Company for three thousand dollars. No land has been acquired for park purposes at either Highland or Genesee Valley parks during the year.

At Seneca Park, on the east, the principal work was the excavation for the miniature lake, containing three acres, and the grading of the road which forms the embankment at the foot of the lake. A well to provide for the overflow of the lake was built near the embankment. At Seneca park, on the west, the grading of two roads was done from Riverside avenue northerly to the junction of the two roads, near the north end of the park, and the grading of a single road from the junction of the two roads northerly to the road that leads to Hanford's landing. Paine street, an entrance to Seneca Park on the west, was graded from Lake avenue 650 feet easterly to the park lands and the spaces on each side of the two driveways, were fertilized, sown to grass seed and planted

with four rows of American elm trees, 42 feet apart, at right angles to the street and about 50 feet apart on the line of the street. One-half of the cost of the grading and the planting was paid by the estate of Dr. Jonas Jones, as his land adjoins Paine street.

At Highland park, the children's pavilion was revarnished with spar composition. A small force was kept at work during the summer grading walks, sodding banks and caring for the flowers and shrubs in the fine collection of foreign and native shrubs in the shrub collection.

At Genesee Valley park a few trees and shrubs, taken from the overcrowded young forest and the nursery on the east side, were planted on the west side of the river, to conceal the Western New York and Pennsylvania Railroad. The land on the west side of the river was plowed and harrowed ready for tree planting, but on account of the lack of funds the trees were not planted. Five wells were dug on the park, two in the picnic grove, one in the large meadow west of Red creek, one at the new sheep sheds and one on the Athletic grounds; these with the five that were there when the property was bought will probably supply water to the visitors. All the houses and barns not required were torn down and the material that was of use saved. A new tool house was built near the foreman's house, along the line of the New York, Lake Erie & Western Railroad.

William H. Jesserer, a citizen of Rochester, built at his own expense, at a cost of about \$1,800, a building known as the Refectory, in the picnic grove. In consideration of the exclusive privilege of selling refreshments for three years he agreed to transfer the building to the Park Commission at the expiration of his lease. During the summer the refectory was open to the public and refreshments were sold, but the building was not large enough to accommodate the requirements of the park visitors. At the close of the season, in consideration of enlarging the building at a cost of about \$700, Mr. Jesserer surrendered his old lease and was given a new one for three years from February 13, 1894, and the additional privilege of erecting, running and maintaining a merry-go-round at such places and under such conditions and regulations as the Genesee Valley Park Committee may direct.

The Rochester Railway Company was permitted to lay the tracks of the railroad and run the cars of the Monroe and Plymouth avenue routes through the park lands on the west side of the river from the state dam southerly along the line of the Western New York & Pennsylvania Railroad and the north side of Elmwood avenue to the west end of Elmwood avenue bridge. For this privilege the Rochester Railway Company agreed to run every car on the route mentioned from April 15th to November 1st, and from November 1st to April 15th, as the demands of the public shall require; the fare from any point in the city to any point in the park to be five cents and the agreement to extend ten years.

With the extension of the cars to Elmwood avenue bridge large numbers of people visited the parks and the ball grounds, athletic grounds and the picnic groves were in great demand during pleasant weather. William V. Long was permitted to rent boats to the public at a boat house on the west side of the river a few rods north of Elmwood avenue bridge. No charge was made for the privilege of renting boats, but the charges for the use of boats was limited to 25 cents an hour or 50 cents per day for single oared boats and 50 cents for two hours or less or \$1 per day for large double oared boats.

Before the privilege of renting boats was granted to Mr. Long, the Park Commission advertised for bids for the privilege of renting boats to the public, requiring the grantee to build at his own expense a boat house to cost not less than \$1,500, as the consideration for a three years lease, but no answers were received from the advertisement.

During the fall the spaces on each side of the drives of the Seneca Parkway, extending from Lake avenue opposite Paine street, westerly about one mile were planted, fertilized and sown to grass seed. Four rows of American elm trees, 42 feet apart measured at right angles with the parkway and about 50 feet apart on the street line, were planted the whole length of the parkway.

At the request of the Common Council the work of planting Washington square and Plymouth park was done by the employes of the Park Commission, at the expense of the city, paid by an appropriation made by the Common Council. The designs for the improvements of the squares and the parks were made by Messrs. Olmsted, Olmsted & Elliot, of Boston, Mass.

One thousand dollars was voted by the Common Council to enable the Park Commission to employ policemen to protect the parks during the summer. The Park Commission employed the Protective Police and Fire Patrol Company to furnish policemen at \$50 per month, and \$2 per day for extra men. Two policemen were employed at Genesee Valley park and one each at Seneca and Highland parks. An extra man was employed at each of the parks on Sundays and holidays. \$993.38 was paid for the policemen. Several arrests were made for swimming in the river, clubbing and climbing into trees during the nutting season, and fines were imposed by Police Justice Ernst. Several pistols were taken from boys and men who were shooting them in the parks. Generally the behavior in the parks was good, the presence of the police only being required to hold in check a few inconsiderate people, and to prevent the picking of wild flowers and beautiful leaves in the parks. It is a sad fact that even some of our people from whom we expect the best behavior are thoughtless or regardless of the injury they do by picking flowers and leaves which if left alone would be objects of beauty to many people for days and even weeks.

In January, at the request of the Common Council, a bill was introduced into the legislature by Senator Parsons and Assemblyman O'Grady to authorize the Common Council to vote the sum of ten thousand dollars for the immediate use of the Park Commission. The bill passed the legislature without delay and being signed by Governor Flower, became a law. At the meeting of the Common Council on January 23, 1894, the following resolution was introduced by Alderman McMillan and passed:

"Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue the city's note for not exceeding six months, for the sum of ten thousand dollars, under authority of section 81 of the city charter, said note to be negotiated under the direction of the Finance Committee, to be countersigned by the chairman of the Finance Committee, the interest or discount thereon to be charged to the contingent fund and the proceeds thereof to be credited to the commissioners' park fund."

The resolution was approved by Mayor Curran.

At a meeting of the Park Commissioners on January 29th, it was decided to commence the erection of the sheep sheds and

the gymnasium at Genesee Valley park, the administration building at Highland park and a shelter at Seneca park. Work was commenced at once and on February 28th, about \$2,300 had been paid to laborers, masons and carpenters and teamsters at the three parks. About one hundred and sixty men had been employed at carpenter work, seven at mason work and one hundred and thirty at laboring work, six at painting and twelve as teamsters.

The right to leave the ice house on the west side of the river at Genesee Valley park was granted to Edwin I. Tripp until October 15, 1894, for \$100.

Material, including hay, wood, wool, sheep pelts, lambs, fruit, old bricks and turnips to the amount of \$752.29 was sold and the money received was placed to the credit of the maintenance fund.

Respectfully submitted,

C. C. LANEY,

Superintendent of Parks.

Ordered received filed and published.

By Ald. McMillan—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Finance Committee in submitting its annual report deems it proper to review briefly the financial history of the city for the past twelve months.

The year now drawing to a close has, perhaps, been the most disastrous year financially that the city of Rochester, and the country itself have ever passed through; and the city has reason to congratulate itself that during this great stringency in money matters not a single financial institution has been forced to suspend payment. While the Finance Committee has no disposition to claim any particular credit for itself, still your committee is proud of the fact that not a single obligation of the city has had to be extended. And when it is considered that the city has been under unusually heavy burdens by reason of the great amount of public work under contract, it seems especially fortunate that the city has been able to pay every debt which it had incurred at maturity.

Your committee has throughout the entire year been embarrassed by the depression in the bond market. During the year 1892, bonds were sold for water and sewer purposes sufficient to carry the work of the new water line and the East Side Trunk Sewer, until about the first of August, 1893. At that time, on account of the absolute impossibility of floating municipal bonds at any rate of interest, your committee was forced to adopt the policy of making temporary loans at the legal rates of interest, and with the moneys thus secured reimbursing the water and sewer funds, in order to prevent the stoppage of work upon those two great undertakings.

In October your committee after due deliberation, decided to offer bonds for sale at 3 1-2 per cent. per annum, and was unable to secure any bids therefor, and subsequently a resolution authorizing such sale was amended by this Council, and the interest on such bonds was fixed at 4 per cent. per annum. \$450,000 worth of water and sewer bonds were sold and delivered on December 1st, and that money has also been used in carrying on the work of construction. Since the first of December your committee has attempted on several occasions to sell 3 1-2 per cent. bonds but with the exception of a sale of \$100,000 worth in February, and \$50,000 on March 20th, has been unsuccessful. The reason offered by investors for their hesitation in bidding upon 3 1-2 per cent. bonds

was, that on account of pending legislation both in Washington and Albany, investors are unwilling to place their money until conditions become more fixed and permanent.

To meet the large estimates accruing monthly upon these various contracts, your committee has deemed it wise, rather than to issue long time bonds at 4 per cent., to borrow money on short time notes at low rates of interest, in some cases not greater than 3 1-2 per cent. per annum, and in one case a trifle less, and postponed the attempt to sell permanent bonds until a more favorable occasion should arise.

The money now owing to the General Fund by the East Side Trunk Sewer Fund and the Additional Water Supply Fund amounts to \$129,700, and this amount will be refunded to the General Fund whenever bonds shall be sold, or in the event of a failure to sell, by issuing the city's note in accordance with the provision of the amendment now pending in the legislature, to the water bill and the trunk sewer bill, authorizing the issuing of such notes, and out of the moneys thus secured, the notes heretofore issued, and now outstanding will be paid.

Another reason why the city has been forced to issue its promissory notes from time to time is found in the fact that prior to the first of January, all orders for the payment of money on account of local improvements were payable from the general cash in the treasury. Your committee, it will be remembered, recommended that on and after the first day of January, a change should be inaugurated, and the local improvement moneys should be separated from the general cash, and all acceptances for work done on local improvements should be paid from the local improvement fund. This method was adopted, and your committee has recommended and secured the adoption of an amendment to the charter to carry out its policy in this matter, which will result in the complete separation of moneys collected from the general city taxes, and moneys collected for local improvements. The balance of cash on hand in the General Fund in the city treasury to-day, as shown by the City Treasurer's reports submitted at this meeting has proven the wisdom of this policy, and this separation will also show at a glance where the responsibility for the necessity of issuing notes rests, and will relieve the Contingent Fund from enormous drafts for interest.

The adoption of this policy will, however, necessitate the granting of authority to the City Treasurer to issue as may be needed, local improvement bonds to run for a period not exceeding five years and to bear a rate of interest not greater than 5 per cent. per annum, payable in equal annual installments. This is done to relieve the general tax receipts from the obligation to pay all of the notes now outstanding.

There are now in the City Treasurer's office in process of collection, local assessment rolls amounting to about one million dollars, and the outstanding acceptances issued by the Executive Board in payment of local improvements amount to about \$600,000. These bonds will be issued from time to time as they may be needed. In the event that sufficient moneys shall not be received from these local assessments to meet these acceptances, then bonds will be issued to such an amount as may be required, but if the receipts shall be sufficient to meet the acceptances, no bonds will be issued.

Probably \$500,000 will be necessary to carry out the plan as contemplated, and your com-

mittee respectfully recommends the adoption of the accompanying resolution authorizing such issue.

Your committee has at all times been impressed with the desirability of making provisions for the payment of the city's bonded debt, and under its direction the City Attorney has prepared an act creating a sinking fund commission. That act is now pending in the legislature and will undoubtedly become a law at an early day. This sinking fund bill as outlined will not result in the increase of taxation to the city by a single dollar. The moneys to be paid into that sinking fund are moneys that have never been used for general city purposes, with the exception of \$1,500 received from the County of Monroe, for the rent of the Arsenal site, and the regular annual appropriation authorized by the provision of the "Park Act" to be raised and set aside for the redemption of those bonds. Your committee has also deemed it expedient to pay into that fund the moneys hereafter to be received from the Rochester Railway Company as a percentage upon its gross receipts. This fund will undoubtedly prove a source of much benefit to the city in years to come.

In conclusion your committee desires to call attention to the faithfulness and efficiency exhibited by the City Treasurer throughout the entire year. It is proper to say that undoubtedly much of the credit for the very satisfactory condition of the city's finances is due to his excellent management and untiring zeal.

All of which is respectfully submitted.

Ordered received, filed and published.

By Ald. McMillan—Resolved, That the City Treasurer be, and he hereby is authorized and directed to issue from time to time bonds of the city of Rochester as authorized by section 170 of the city charter to be known as "Local Improvement Bonds" to an amount not exceeding \$500,000, to bear a rate of interest not greater than 5 per cent., and to mature in equal annual installments of \$100,000 each. Said bonds to be signed by the Mayor, City Treasurer and President of the Common Council, and also to be countersigned and registered by the Union Trust Company of New York city, and the said Union Trust Company of New York is hereby authorized and requested to countersign and register the same. The proceeds of such sale to be paid into the Local Improvement Fund for the purpose of meeting the cost of such local improvements as are properly chargeable to said fund, and for the purpose of paying such notes as may have been heretofore issued and now outstanding.

Adopted by the following vote:

Ayes—Alds. McMillan, C. S. Cook, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey H. G. Cook, Pauckner, Kelly, Alkenhead, Simmelink, Lewis, Forsyth—16.

By Ald. McMillan—Resolved, That the City Treasurer be, and he hereby is, directed and authorized to transfer from any moneys in the treasury the sum of \$105,000 as follows: \$75,000 to the fund for an additional water supply and \$30,000 to the East Side Trunk Sewer Fund; the city to be reimbursed for said moneys at the rate of interest allowed by law upon the sale of bonds for said purposes.

Adopted.

By Ald. McMillan—Resolved, That the City Treasurer be, and he hereby is authorized and directed to issue as necessary the city's notes for the sum of eight thousand dollars (\$8,000) under authority of section 81 of the city charter. Said notes to be issued under direction of the Finance Committee and to be countersigned by the chairman of the same committee; the proceeds to be credited to Police Fund and the interest or discount thereon to be charged to Contingent Fund.

Adopted by the following vote:

By Ald. Dewey—

To the Honorable, the Common Council of the City of Rochester :

Gentlemen:—Your Lamp and Electric Committee submits the following annual report for the year ending March 31st, 1894:

Your honorable board last year consolidated the Lamp and Electric Committees into one, called the "Lamp and Electricity." The result of this change has been a more systematic method of disposing of matters referred to this committee. Heretofore the subjects considered by the Lamp and Electric Committee were so closely connected as to cause some friction in the work of the two committees.

Acting under the authority of resolutions passed by your honorable board, your committee has during the year discontinued all the incandescent street lights and replaced them by arc lights. While this change has somewhat increased the expense of the public lighting the benefit to the territory so lighted justified such action.

Your committee is of the opinion that the best and cheapest method of street lighting at present prices paid by the city is by the arc light. Therefore we wish to call your attention to the fact that the city has in use on the streets, and is paying for, four hundred and twenty-six (426) gas lamps. We would suggest that during the coming year these be replaced by arc lights.

There is considerable territory in the outside section of the city which has been recently built up, and for which provisions will have to be made for lighting in the near future. The requests for lights have been so large that your committee could not recommend the granting of all, and keep the expenses of the Street Lighting Department inside of the amount appropriated by your honorable board for this purpose. For this reason a large number of applications for lights, which, in the opinion of your committee were needed, were laid over for future action. In placing lights your committee have been guided wholly by the necessities of the localities in which lights were asked for.

Washington Square and Plymouth Park, which have been improved the past year, have been lighted by means of arc lights placed on ornamented park poles which were bought by your honorable board for that purpose. The wires leading to these poles are underground, doing away with the overhead wires for these lights. Poles and lights put up in this manner add greatly to the appearance of the parks.

With the completion of the underground conduit system, and the placing therein of the wires and cables of the electric light companies, some provisions had to be made for lighting the streets in which such conduits were laid from the underground wires, so that the poles carrying the overhead wires could be removed. The chairman of your Lamp and Electricity Committee, with the City Electrician, were authorized to investigate the subject, and on their recommendation your board adopted for street lighting purposes on the streets in which a conduit is, or shall be laid, and the wires place therein, a pole similar to the one now in use on Fifth avenue in New York city, and ordered Main street from Plymouth avenue to East avenue, lighted with double incandescent arc lights placed on the new style of poles, at an expense of forty (40) cents per night for each pole of two lights. This part of Main street which will take twenty-six (26) of these poles and double lights would now be lighted in this manner, and the unsightly wooden poles and all wires removed, but for the fact that the street is being improved, and in place a new curb line will be established and your committee did not think it advisable to set these poles until the new curb was in place.

Provisions should be made the coming year to extend this system of lighting on Main street from East avenue to University avenue, also on State and Exchange streets, from the Erie canal to Allen street. This method of lighting will increase the total cost of street lighting somewhat because of the fact that these streets are now very poorly lighted. On Sunday and holiday nights, and every night after the store lights are out, Main and State streets are very dark, and your committee have received a large number of complaints in regard to the lighting of these streets. The price of forty (40) cents per double light your committee considers a very low one, as the city of New York pays fifty (50) cents for the same lights. We are of the opinion that when these streets are lighted by this system with ground glass shades, giving a soft mellow light, placed on ornamental poles, and all the other poles and wires removed, the appearance of the streets will be such that the citizens will agree that the extra expenditure for this purpose was money well invested.

The following tables show the work in detail done by your committee in the Street Lighting Department during the year:

Receipts.

Balance on hand after paying February and March bills:	
April 1, 1893.....	\$26,897 58
Appropriation in tax levy	160,000 00
Total	\$186,897 38

Expenditures.

Brush Electric Light Co	\$96,893 10
Roch. Gas & Elec. Co.	73,372 65
Salaries	600 00
Sundries	185 35
Total	\$171,051 10

Balance on hand April 1, 1894... \$15,846 28
The above items of expenditures are clearly set forth in the following statements:

by the company. The report of the Rochester Gas & Electric Company showing the cost of construction, and other information called for in the contract between the city and the company in relation to building conduits, is herewith submitted.

As shown by this report, the construction of the underground conduit system laid by this company has cost \$94,371.11.

The work of clearing the streets, in which conduits are laid, of overhead poles and wires should be carried to completion as soon as possible.

The Bell Telephone Company has a conduit system for its exclusive use, and the overhead wires owned by it have been taken down and placed in its conduit in the following streets:

East and West Main streets from Erie canal to North Goodman street. (East of N. Y. C bridge); North and South St. Paul streets, from Mt. Hope avenue to Vincent place bridge; Monroe place from South St. Paul street to Monroe avenue; Monroe avenue from Monroe place to South Goodman street; East avenue from East Main street to Portsmouth terrace; North street from East Main street to Webster; State and Exchange streets from Clarissa street bridge to Lyell avenue; Lyell avenue from State to Frank street; North Clinton street from East Main to Marietta street; making 8.5 miles of conduit and 52.25 miles of single ducts owned by this company under the streets of the city. Total amount of underground conduits of all kinds, 12 miles; total miles of ducts in such conduits, 111.45.

The city has removed the overhead wires of the Fire Alarm, Police Patrol and Water Works Department on East and West Main streets from Erie canal to Scio street; North and South St. Paul streets from Mt. Hope avenue to Marietta street; State and Exchange streets from Erie canal to Lyell avenue; Lyell avenue from State to Frank street.

During the past year the State Board of Fire Insurance Underwriters has inaugurated a system of inspection of all electrical appliances used in buildings in every city in the state, and ratings are made of a risk with reference to a set of rules adopted by it governing the running of wires, etc. While these rules are in some particulars very strict and the insurance men may in some cases be rather arbitrary in the enforcement of them, in general the precautions asked for by the State Board are a benefit to the property interests of the city, and if complied with greatly lessen the chance of fire caused by the electric current. The various electric industries have grown to such proportions as to place them in the front rank of business interests of the city.

Some statistics of this industry which has sprung up in the last ten years may be of interest to your honorable board. There are today 3,975.25 miles of wire used by all companies doing a business in which the electric current is used, divided among the companies as follows:

2,686.5 miles are used by the Telephone Company.

302 miles by the Western Union and Postal Telegraph Companies.

502 miles by the Rochester Gas & Electric Company, the Citizens Power Company and the Central Light and Power Company.

196.5 miles by the Rochester Railroad Company.

252 miles by the city for municipal purposes and a number of lines owned by private parties for telephone and telegraph purposes. Of this amount 1,990.75 miles are underground and 1,984.75 miles overhead. The number of poles on the streets of the city are 8,584, of

which the Western Union Telegraph Company owns 310, the Postal Telegraph Company 190, The Rochester Gas & Electric and Brush Companies, 4,334, Citizen's Light & Power Company, 40, Rochester Railroad Company, 1,820.

The Western Union and Postal Telegraph Companies have each one main office; in addition to these there are seventeen branch offices located in different parts of the city for the accommodation of their patrons. Connected with the telegraph business there are 1,002 call-boxes for the purpose of calling message boys.

The Telephone Company operates 1,282 telephones in this city, 166 of which are connected to the central office by metallic circuits with no other instrument on the line. There are thirty-six (36) metallic combination lines, more than one instrument on same line; 857 are connected by grounded circuits direct line. There are 63 grounded circuits combination line. There are 58 long distance and 1,224 ordinary telephones in use. There are 39,958 incandescent and 3,131 arc lights, including street lights, used in the city, of which the lighting companies furnish 28,493 incandescent and 3,659 arc lights; 472 arc and 1,465 incandescent lights are operated by parties owning their own plants. The average amount of power used for motor purposes, exclusive of the street railroad use, is 1,663.5 H. P.; this amount being delivered to 1,257 motors. Of this amount of power the light and power companies furnish 633.5 H. P.; 430 H. P. being furnished by private parties. The Rochester Railroad Company operates 73.63 miles of track; 105 is the average number of cars run using an average of 2,600 H. P. This company has a plant of 3,000 E. H. P. capacity. The total amount of electrical energy used in this city for light and power purposes is 10,487 E. H. P. There are seven firms doing an electrical contracting business in the city. These firms do all classes of electrical work from putting in an electric door-bell to installing the largest electric plants. There are 1,034 persons directly connected with, and earning a livelihood in the different branches of the electric business in the city. These are divided into the following classes:

Managers and superintendents, 24.

Engineers, 48.

Firemen, 17.

Dynamo men, 37.

Bookkeepers and clerks, 30.

Telegraph operators, 47.

Telephone operators, 28.

Inspectors, 7.

Motor men and conductors, 377.

Repair men, 42.

Linemen, 64.

Trimmers, 41.

Drivers, helpers, etc., 107.

Message boys, 70.

Members of electrical contracting firms and men employed by them, 95.

The construction and maintenance of the electric lines and appliances in this city is fully as good, if not better, than the same class of work done in other cities. Hoping the same high standard will be maintained for work done in the future, your committee congratulates the various companies and firms who have done the electrical work in the past on the quality of such work, it being done in such a manner that fatal accidents are very few, and the losses from fire caused by the electric current small.

As the manner in which the electric work in the city is done is of great importance to the citizens generally, and in order to confine the business to parties who are competent to do such work, your committee would

recommend to your honorable board that action be taken which will result in the appointment of an examining board, composed of electricians vested with power to examine applicants, and to grant permits to do electric work, and making it a misdemeanor for any person to do work of this kind without a permit from this examining board.

Electrolysis, the result of which is the eating away of any metal conductor of electricity which is underground, such as water and gas pipes, the lead covering of electric cables, etc., is a new element of danger to property caused by the use of the electric current, which has developed since the introduction of the street railroad system with the large amount of current necessary for its operation. This trouble has been quite serious, and is general throughout the country. Plans are now being carried out in this city which will remedy the evil.

All of which is respectfully submitted.

To the Honorable, the Common Council of the City of Rochester:

ROCHESTER, N. Y., March 1, 1894.

Gentlemen:—Herewith please find report in detail of cost of construction of the electrical subway, as required by contract of September 5, 1892, between the city of Rochester and the Rochester Gas & Electric Company. The report in detail of the maintenance of said subway is not made at this time owing to the short time that has elapsed since the completion of the same, and from the fact that only a portion of the subway is yet occupied. Any further details or statements required will be furnished from our books when desired.

REPORTS OF SELECT COMMITTEES.

By. Ald. McMillan—

To the Honorable the Common Council of the City of Rochester.

Gentlemen—Your special committee on police building would respectfully report that we invited the architects of this city to send in competitive plans for a police building. Seven architects complied with our request and from those who sent in plans we have decided to recommend the employment of Mr. Herbert W. Pierce and would recommend the adoption of the accompanying resolution. All of which is respectfully submitted.

BOARD OF PARK COMMISSIONERS,
Tuesday, March 20, 1894.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—At a meeting of the Board of Park Commissioners, held on Monday, February 26, 1894, the following resolution was passed:

Resolved, That the boulevard or parkway, built from Lake avenue to the lands of the New York Central and Hudson River Railroad Company, along and including Lake Avenue park and Cushman avenue, be named Seneca Parkway, and that this resolution be reported to the Common Council.

I was instructed to communicate the following to your honorable body:

The Board of Park Commissioners respectfully request that the Common Council do not use the name parkway to designate any of the city streets, but to leave it to designate the drives to be built by the Park Commission: thus distinguishing the drives which come under the direct control of the Park Commission from the city streets.

Respectfully submitted,

ARTHUR R. SELDEN, Secretary.

Ordered received, filed and published.

Upon motion of Ald. Lewis the board then adjourned.

MISCELLANEOUS BUSINESS.

By Ald. McMillan—

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, March 29, 1894.

To the Common Council:

Gentlemen:—The following action was taken by the Executive Board at a regular meeting held March 23, 1894.

By Mr. Barnard—Whereas, A cash guaranty in the sum of thirty-nine and 67-100 dollars, was given the city of Rochester by Dyer & Clark, contractors, for the maintenance of

Windsor street cement walk for a period of one year from the date of its completion, and,

Whereas, the time of such guaranty expired November 16, 1893, and the walk is certified to this board, to be in good order, therefore,

Resolved, That the clerk of this board request the Common Council to authorize the Treasurer of the city of Rochester to pay to Dyer & Clark, contractors, for the Windsor street cement walk, ordinance No. 4,263, the sum of \$33.67, being the amount retained by the city of Rochester as security given by said Dyer & Clark, for the repair and maintenance of said improvement for one year.

Adopted.
Pursuant to the terms of the above resolution, it is requested that you authorize the City Treasurer to refund to Dyer & Clark the amount of money deposited as guaranty for the Windsor street cement walk.

Yours respectfully,
THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. McMillan—Resolved, That the City Treasurer be, and he hereby is directed to pay to Dyer & Clark, contractors, for Windsor street cement walk, ordinance No. 4,863, the sum of thirty-nine and 67-100 dollars, being the amount retained by the city of Rochester as security given by said Dyer & Clark for the repair and maintenance of said walk for one year, said period having expired on November 16, 1893, and the Executive Board having certified the same to be in good order.

Adopted by the following vote:
Ayes—Ald. Tracy, McMillan, C. S. Cook, Callihan, Zimmer, Adams, Fox, Johnston, Ashton, Ward, Dewey, H. G. Cook, Pauckner, Kelly, Aikenhead, Simmelnk, Lewis, Forsyth, Bierbrauer—19.

ROCHESTER, N. Y., March 29, 1894. }

To the Common Council:

Gentlemen:—The following action was taken by the Executive Board at a regular meeting held March 23, 1894.

By Mr. Barnard—Whereas, A cash guaranty in the sum of thirteen hundred fifty-five and 42-100 dollars, was given the city of Rochester by Bruff, Horn & Co., contractors, for the maintenance of Platt street medina block stone pavement, until April 28, 1894, after its completion, and,

Whereas, the time of such guaranty will expire April 28, 1894, and the pavement is certified to this board, to be in good order, therefore,

Resolved, That the clerk of this board request the Common Council to authorize the Treasurer of the city of Rochester to pay to Foery & Kastner, assignees of Bruff, Horn & Co., and Bruff, Horn & Co., contractors, for the Platt street Medina stone pavement, ordinance No. 5,175, the sums of \$850 and \$505.42, respectively, being the amount retained by the city of Rochester as security given by said Bruff, Horn & Co., for the repair and maintenance of said improvement until April 28, 1894.

Adopted.
Pursuant to the terms of the above resolution, it is requested that you authorize the City Treasurer to refund to Foery & Kastner, assignees of Bruff, Horn & Co., and Bruff, Horn & Co., the amount of money deposited as guaranty for the Platt street Medina block stone pavement.

Yours respectfully,
THOMAS J. NEVILLE, Clerk.

The president of the board then delivered his valedictory address as follows:

PRESIDENT'S ADDRESS.

"We have reached the end of another fiscal year in the life of this municipality, and permit me, on retiring from the position which I have occupied by your favor during the past year, to address you briefly on topics suggested by the occasion.

From the standpoint of municipal progress, the year now closing has been an eventful one in the history of our beautiful city, because of the several important and extensive improvements undertaken or completed. It is significant, and it should be a source of satisfaction to every resident of Rochester, that our city has made a distinctly forward movement during that year, and that, too, in the face of the widespread business depression, the blighting influence of which we were not altogether able to escape.

If now we are requested to give an account of our stewardship we may point to better paved streets, an improved financial system and an honest and economical management of every department of the city government.

The record of this body for the year 1893 and 1894 shows that you have been faithful to your trust and watchful of the vast interests committed to your care. The ability and fidelity shown by your different committees and the individual members of this body entitle you to the thanks of your constituents. Every member of this council who sought re-election was returned by a handsome majority. The fact is significant and speaks for itself.

I have referred already in a general way to an innovation in the financial system of the city, introduced during the past year. Under the supervision of your able finance committee a remedy for the embarrassment arising from the mingling of general and local improvement taxes has been applied with the result that embarrassment from this source will be avoided in the future. Our city has passed safely through the financial crisis of last summer, and much credit therefor is due to the able management of your finance committee and efficient city treasurer.

Since April 1, 1893, pavements, sewers and other street improvements have been completed representing in the grand total an aggregate expense of over \$500,000 to the property owners of Rochester. During the same period we have seen the completion of two substantial stone arch structures over the Genesee river and the iron bridge over the Central railroad tracks at East Main street. These last named improvements, the need of which was so long recognized by our citizens, and especially by the business interests of the city, will long remain as evidence of the good judgment displayed by this council in the matter of local improvements. Discarding the narrow policy that takes heed only of present necessities, we have legislated not only for ourselves but for posterity. This is the application of sound business methods in the management of municipal affairs. It is true economy and our successors will do well to continue along the same lines.

In this connection it is proper that notice

be taken of the criticism expressed in some quarters that we are proceeding too fast in the matter of local improvements, thereby creating a burden of taxation which in many instances is onerous to bear, especially in times of commercial and business stagnation, such as have been experienced during the past year. In the twelve months that I have had the honor to preside over your deliberations, pavements, sewers and bridges, costing over \$1,000,000, have been completed in this city. While I believe that under ordinary conditions a liberal policy should be pursued in regard to local improvements, it does seem just and reasonable that in a matter of this kind the capacity of the people to pay should be taken into consideration and their wishes, as in all things, respected.

In my judgment a conservative policy in respect to local improvements should be adopted by this common council, at least, until such time as a revival of trade and business shall bring greater prosperity to those from whose incomes the cost of these improvements must be defrayed.

Since we met one year ago, satisfactory progress has been made with the new water conduit and the East Side trunk sewer. We are assured that before another year rolls around the pipe line will be completed, and there will then be available a supply of water sufficient for all demands for years to come.

The trunk sewer is now rapidly nearing completion, less than 1,200 feet remaining to be finished. It is to be regretted that legal complications have retarded progress with the West Side sewer, postponing the day when the large territory which it is intended to benefit will also be supplied with adequate drainage facilities.

With the addition of two new fire houses and improved apparatus our fire department has come to be the pride of the city.

Provision has already been made for the erection of a new central police station. Rochester has one of the most efficient police departments to be found in the United States, and it is proper that it should be provided with accommodation commensurate with its needs and importance. In other cities the precinct station plan has been tried and found satisfactory. As the growth of our city may create the necessity the plan will undoubtedly be adopted here. For the present, however, it would seem that good results may be secured without the additional outlay which this system involves.

In conclusion, gentlemen, let me thank you for the uniform courtesy extended to me as your presiding officer."

Ald. McMillan moved that the address be received, filed and published. Carried.

Ald. Forsyth, on behalf of the board, in recognition of the services of the president and as an expression of the good will and esteem of the board, presented the president with a diamond stud.

President Adams, in well chosen language, expressed his appreciation of the kindness of his colleagues.

The president then declared the board adjourned sine die.

HENRY W. GREGG, City Clerk.

At the meeting of May 1, 1894, a resolution was adopted directing that the minutes of the meeting of March 20, 1894, be corrected by inserting on page 695, after the resolution of reconsideration presented by Ald. McMillan, the following:

By Ald. McMillan—Resolved, That the resolution adopted by this Council January 29, 1894, directing the map and survey committee of said Common Council to advertise for bids for the survey of the old fifteenth and sixteenth wards upon specifications to be prepared by the City Surveyor, and to be approved by the map and survey committee and to let such work to the lowest competent land surveyor, bidding as in their judgment might be for **the best** interests of the city, and directing the Mayor to execute a contract for such work when requested by the map and survey committee, reconsidered at this meeting be, and the same hereby is indefinitely postponed. Adopted.
