

IN COMMON COUNCIL,

FOR 1890-91.

In Common Council, April 7, 1890.

CHARTER MEETING.

ORGANIZATION OF THE NEW BOARD.

The clerk called the meeting to order.
Present—Ald. Tracy, Sullivan, McMillan, Fee, Hauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Thayer—16.

Ald. Fee moved that Ald. Kelly act as temporary chairman. Adopted.

Ald. Kelly upon taking the chair thanked the aldermen for the honor conferred and asked the pleasure of the board.

Ald. Fee moved that the board proceed to appoint a president of the board. Adopted.

Ald. Fee nominated Ald. William H. Tracy.

Ald. William H. Tracy was named by Ald. Sullivan, McMillan, Fee, Hauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Thayer—15.

Ald. Tracy was declared duly elected president of the board for the ensuing year.

Ald. Thayer moved that a committee of two be appointed to escort the president to the chair. Adopted.

The chairman pro tem. appointed as such committee Ald. Thayer and Cleveland.

Ald. Tracy thanked the aldermen in appropriate and eloquent words for the honor conferred, and asked the further pleasure of the board.

Ald. Kelly moved that a committee of three be appointed to wait upon his honor the Mayor and inform him that this board was now in session and inquire of him if he had any communication to present to the Council. The chair appointed as such committee Ald. Kelly, Fee and McMillan.

Ald. Judson moved that the Mayor be received by the aldermen standing. Adopted.

Ald. Tracy introduced His Honor the Mayor to the aldermen, who presented the following:

From the Mayor—

MAYOR'S OFFICE,
 ROCHESTER, N. Y., April 7, 1890. }

To the Common Council of the City of Rochester:

It is impossible to magnify unduly the importance of the trust with which, as officials, we are invested by the suffrages of our fellow citizens. To justify the measure of confidence reposed in us, we are called to the exercise of every faculty to discover abuses in laws and their administration and devise remedies. Routine administration generates a bad atmosphere, in which evil purposes may thrive. An occasional upheaval of official bodies by the dynamite of investigation is a necessary condition of pure and efficient government. It is the need of such investigation of all departments of the city government that I commend to your attention as the body charged with the power and duty of investigation. It is a patent fact that general interest of the citizenship has brought about the revolution which now puts the Democratic party in control of every board of the city, except the Excise Board and the Board of Education, though this city is fairly Republican in politics.

It is not my duty at this time to localize the causes of this result, but to call your attention to the serious business of reforming all departments as rapidly as energetic investigation develops the need thereof. It is a labor that requires patience

and resolution on the part of committees, and a purpose to justify public confidence in the integrity of the Democratic Board of Common Council, which survives the storm of popular disapproval of other officers and boards of the city. There is no escape from this responsibility, if any were desired, as the harmony of political views of the Mayor and Council forbids a resort to any subterfuge to escape the exigent public duty for which the citizenship has invested them with power. For myself, and I think for you, a pledge may be given that as fast as a willful purpose to execute law inefficiently, to continue neglects of duty, loose methods of dealing with public works and public funds, is found in any of the governing bodies of the city, every means to arouse public sentiment to such abuses, to eradicate the methods which permit them, to remove officers who encourage them, will be resorted to with the end in view of getting for the taxpayer the worth of his money and for all citizens an orderly administration of government.

It is an unmistakable fact that the streets of this city are in no such condition as the amounts of money annually raised for their care should have put them in, and further levies should be guarded in their expenditure in such manner as to secure much greater efficiency. The taxpayer has been given much defective work in local improvements by reason of improper inspection by men not practiced nor capable, and the release thereby of the contractors from necessary supervision. That the fire department and water service have been fairly well administered by the Executive Board, though not economically, shows that the tests of experience and skill applied in those branches of public service have not been so well applied in the management of the street department. It has been in that department that political influence with the appointing power has been most regarded, and efficiency in political work has been the test of employment rather than capacity and energy in public service.

The deadlock existing for several years in the matter of appointments in the Board of Health has not tended to efficiency in that department. It is my desire, with your co-operation, to restore to the medical profession in the city the influence and control of this department of the government which they once held to the advantage of the people. Upon what theory of superior knowledge or skill of laymen in sanitary matters the present composition of the Board of Health has been defended it is now useless to inquire. It is an unmixed evil that the city has been deprived of the abundant skill of the medical profession in such affairs. To them belongs this part of the burden of government, because their fellow citizens may rightfully ask this service in the cause of humanity. As rapidly as may be I will present for your approval nominations which will be representative of the medical profession and seek thereby to accomplish needed reforms in the Board of Health.

The recent calamity to the city funds through the defalcation of the City Treasurer has not been without its compensations. Your very able finance committee has faithfully applied itself to devising safeguards for the future which are now enacted by you to prevent future disaster. Not the least of the advantages to the city which the service of Ald. Thayer as acting City Treasurer has entailed has been the thorough inauguration of the new

methods of dealing with claimants upon the city treasury and the rigid enforcement of the law in that office.

Our official bodies as well as the general public have come to see the necessity of relieving the treasury of the burden of accommodating their urgent needs by unlawful advances or claims of all sorts, and the City Treasurer elect will find it far easier to administer his trust with safety to himself and his bondsmen by reason of the rigid rules now established and adhered to in that office. The general attention centered upon the public affairs of the city by the exciting events and discussions of the past two months has been most healthful and should not be withdrawn. Integrity has brought its reward to the faithful public servant. The tone of administration is more conscientious. Unfair criticism has failed of public sympathy, but the unsparring denunciation of criminal laxity has not met with the slightest rebuke. The moral sense of the community has been outraged, but the calm, good sense of our people has sought appropriate remedies without vindictive pursuit of them who could appeal to old custom in mitigation of judgment. But the warning voice now raised against a repetition of such practice must be heeded by the highest and lowest of public servants.

The unfortunate conflict which has prevailed for a long time between the Police Department and Excise Board has been a public scandal, for which, as it has seemed to me, the responsibility lay with the Excise Board. That saloons denounced by the Police Department as conducted, without regard to decency or law, should continue to affront the citizens with their exhibits of bravis and indecent conversation; that reports of the Police Justice of such matters have not received effective attention; that unlicensed persons have found a cover for continuance of business from time to time in deposits of money with the Clerk of the Excise Board; that the protests of neighborhoods against the methods of keepers of low dives have not availed, is the common knowledge of all citizens.

It is not necessary for me to say, that upon the saloon, as conducted by a large majority of the persons in that business in the city during the lawful hours of such business, none of the above criticism falls. Their rights as fixed by law, their own moral sense, as shown in the conduct of their business, do not seem to require of me expression of my well known tolerance of the business of selling liquor when conducted with decency, according to law. But the abuses incident to the business as conducted by some persons demand the severest repression, and this cannot be accomplished without the utmost discrimination in the use of the licensing and police power of government. Equally essential is earnest, open-handed co-operation between the two boards in all matters within their jurisdiction, and until such time as the good sense of our people shall demand a consolidation of powers of the boards and so unite the power to correct the evils of the business and responsibility for not reducing such evils to a minimum, it behooves the respective boards to establish cordial relations of confidence and co-operation to which the counsels and power of the police justice, I have reason to believe, will be willingly contributed to the end of establishing the order of community. The Mayor's oath of office obliges him to take care that the laws of the State applicable to the municipality be faithfully executed. Conspicuous among these laws, is one that prohibits on Sunday all work and traffic not of necessity or charity. In the enforcement of this law the Mayor has no discretionary power. He cannot require it to be obeyed one portion of the day and permit it to be violated another. It is a law for the whole day, and for the whole people. It is impossible not to take cognizance of the fact that among the works and traffics not of necessity or charity on Sunday is the sale of intoxicating beverages that has for years been carried on as freely in Rochester on that day as on other days of the week. Conceding, as is claimed by many, that wines, beers

and liquors are in themselves a necessity on Sunday, it does not follow that their sale on that day is a necessity also. The citizen who desires to exercise his right to their use on Sunday can supply himself in such quantities as he desires in portable form on any other day of the week, just as he supplies himself with food and clothing. There is no ground of necessity or charity upon which this particular traffic on Sunday can be justified, while many of its surroundings, incidents and consequences admonish that the best interests of the community will be subserved by its discontinuance as the law requires. Many of those engaged in the traffic on week days have always refrained from opening their places of business on Sunday, while others would gladly close, provided their neighbors and competitors did the same.

It has been gratifying to me that a large proportion of the liquor dealers of this city have expressed a desire that the laws fixing the hour within which their business may be lawfully conducted should be enforced upon such of them as do not habitually comply with such laws. The competitors of the trade, the evil example of a favored class of business transacted at unlawful hours for private gain rather than public convenience, are slight considerations compared with the loss of respect for law engendered by its open, persistent violation. Public officers have no field of discretion or construction in applying statutory enactments. Within the plain terms of a law of universal obligation fixing the hours for the conduct of the liquor business, public officers must find their duty marked, out and fidelity to that trust requires them unshrinkingly to enforce the law. Else an outcry is fairly raised by all who comely with the law, to their own disadvantage, and the general sense of the community condemns the public official for infidelity to his trust.

I have therefore determined as lies in my power to bring myself to the performance of every part of my official duty, with equal purpose to execute all laws of general obligation upon this community. Whatever business may be thereby affected with change from its routine of former years will be still possessed of all the advantages of other classes of business and the further steady gain will accrue to it of ceasing to be in conflict with laws sanctioned by the general sense of the people as essential to the good order and welfare of our large citizenship. I therefore take this occasion to make known the fact that hereafter strict compliance with the law of the state prohibiting the work and traffic of selling intoxicating beverages on Sunday will be required throughout the city. It is hoped that all concerned will unite cheerfully and heartily in causing respect for and obedience to the law, and that no cause for coercive measures by police power will be given. I enjoin upon all officers of the city government whose functions connect them with enforcement of law to be vigilant and firm, while considerate and judicious, in the performance of their duty, and to the end sought solicit the co-operation of all good citizens, and especially of those engaged in the wine, beer and liquor trade.

It is matter of congratulation of our citizens that the organization of the Chamber of Commerce has brought our business men into more immediate and organized relation to the public affairs of the city. The Chamber of Commerce has developed an unselfish public spirit, which has been long lacking in this city. Much good has been already accomplished as the result of the enterprise and energy of that body, and much more may be expected. Large and expensive public works are projected, to which the best talent of the expert and of the business man are necessary, and it is wise to solicit and recognize this attention to public affairs which has been recently so conspicuous as a part of the activity of the Chamber of Commerce.

At the same time the people rely upon the ultimate capacity, sincerity and integrity of their elective officers, and the accountability for results is wholly that of the public official. In so far as

the co-operation of the Chamber of Commerce has been afforded by the appointment of joint committees making joint reports with committees of your own body. I think the tendency thereof has been to lessen the sense of responsibility for action in your body, and confuse the public mind as to which is the real governing force in the city accountable for action taken. It seems wiser that the advisory relation of the Chamber of Commerce be maintained by the presentation of its views by its officers to the Common Council as other unorganized citizens present their views, that you may be held to account for your action, as the public have a right in all matters to the action of their servants as distinct bodies under their control. My views in this matter are submitted to your sound judgment with the hope that our people will approve the suggestion. If public servants are incapable or untrustworthy it is to the public interest that the fact appear in their unwise action, that the people may substitute at election those who are capable and trustworthy. The theory of popular government seems logically to demand that the function of the Common Council be not shared in any way by private bodies of citizens so as to relieve the Common Council morally of just responsibility as officers chosen by the people.

My own practical acquaintance with public work has often furnished me evidence of the sacrifice of public interests in the execution of public works and I shall endeavor to give much personal attention to the manner in which improvements contemplated are carried forward during my term of office.

From representations made to me I am led to believe that there is need of a complete system of electric police, fire, and auxiliary fire signals, for the city. The experiment of street boxes fitted up with a telephone inside has been tried, but this system is cumbersome, expensive and not always reliable. A system that admits of practically no restriction as to the uses to which it can be put, and that is reliable, simple and effective, is very much to be desired. Rochester covers a large area of territory, our houses in the suburbs are detached, and our police force, by reason of the long patrol posts, must necessarily be scattered over a great deal of ground. We should have a system of police signals, so that an officer may be communicated with no matter where he may be on his post, either in the daytime or at night. By the adoption of a simple yet practical auxiliary fire service, greater security and protection to citizens in their homes and in their factories, offices and shops, would be given. I am not familiar enough with the various systems of electric signalling in vogue to speak of their relative merits, but I think the time has come for the consideration of a matter of such vital importance to the future welfare and safety of the city. And I recommend that steps be taken for an investigation looking to the introduction of some electric system that can be used in the manner I have stated, if found as desirable as it is believed to be by those most familiar with fire and police service.

With these few observations upon the condition of the city business, I leave many important affairs for deliberate and detailed discussion as the interests of the city call for their consideration in the future. I believe I shall receive your co-operation in the discharge of my duty. I invoke for the official body the tolerant judgment of the people until such time as our purposes fairly appear in our action.

WM. CARROLL.

By Ald. Thayer—
To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—In accordance with a resolution of your honorable body passed April 1, 1889, there was appropriated for clerk hire in the treasurer's office \$7,200; but owing to the increase of work in this department I understand it became necessary for the late treasurer to secure the services of one additional clerk, leaving the salaries to the eight clerks as follows: \$1,500, \$1,400, \$1,200, \$1,000, \$1,000, \$720, \$720, \$600.

Now, as the appropriations are about to be fixed for the ensuing fiscal year, I would respectfully request that the amount as above (\$8,140) eighty-one hundred and forty, be left the same.

Respectfully,
V. FLECKENSTEIN,
Treasurer.

Ordered received, filed and published.

By Ald. Thayer—Whereas, The appropriation for clerk hire in the City Treasurer's office last year was \$7,200, but the said amount having been found insufficient owing to the large increase of business in the office, and the fact that some years ago the person employed to make tax searches was, by resolution of the council, deprived of the fees for such work and the charges for searches were paid into the contingent fund, by reason of which things the sum of \$8,140 was paid for clerk hire last year; therefore

Resolved, That there be appropriated for clerk hire to the City Treasurer the same amount as was last year paid, to wit: the sum of \$8,140.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Thayer.—16.

By Ald. Kelly—Whereas, It has been demonstrated to this Common Council that cases frequently arise in the care and support of the city's poor where the attendance of female physicians is desirable, therefore

Resolved, That in addition to the six male physicians appointed by this board, the overseer of the poor, with the approval of the poor committee be and he hereby is authorized to employ from time to time, when the necessity therefor in his opinion arises, lady physicians not exceeding two in number, at a compensation not to exceed for each of said lady physicians, the salary paid male physicians per annum.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Thayer—16.

By Ald. Kelly—Resolved, That the Daily Union and Advertiser be, and it hereby is, declared the official paper of the city of Rochester; that the proceedings, resolutions and ordinances of this Board and of the Executive Board, and the list of lands sold for taxes, be published in said paper at the uniform price of thirty cents per inch solid nonpareil type; that all notices and advertisements of any and all officers of the city, be published at the uniform rate of twenty-five cents per inch solid nonpareil type each insertion. Said Union and Advertiser to furnish without charge 150 copies of the Treasurer's detailed annual report in book form, bound in paper, and at the expiration of the year to furnish, free of charge in book form, 200 copies of the official proceedings of the Common Council, bound in muslin, and 150 copies of the proceedings of the Executive Board, including indexes of each. Also, to furnish, free of charge, copies of its daily issue as follows: One copy to each of the following departments, viz.: Mayor's office, City Clerk's office, City Attorney's office, Poor office, Police office, City Surveyor's office, Treasurer's office, Municipal Court and Executive Board, and the City Clerk's office the necessary copies containing the proceedings of the Common Council. The Mayor is hereby directed to enter into a contract with the proprietors of the Daily Union and Advertiser, in accordance with the terms of this resolution.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Thayer—16.

Ald. Kelly moved that City Attorney Ernst act as a committee of one to look after the city's interests in the charter amendments now pending before the Legislature at Albany. Adopted.

By Ald. Judson—Petition of V. F. Whitmore to erect a wood building and moved that permission be granted. Adopted.

On motion of Ald. Kelly the Board then adjourned. PETER SHERIDAN, City Clerk.

In Common Council—April 8, 1890.

REGULAR MEETING.

Ald. Wm. H. Tracy, President of the Board presiding.

Present—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Thayer—15.

Absent—Ald. Selye—1.

REPORTS OF SELECT COMMITTEES.

By Ald. Kelly—

ROCHESTER, April 8, 1890.

To the Honorable the Common Council:

GENTLEMEN: Your special committee appointed to consider the recommendation of the joint committee in relation to the immediate purchase and application of 10,000 water meters at an expense not to exceed \$150,000, would respectfully report as follows:

We have carefully discussed and considered the said recommendation and herewith present the following considerations and conclusions:

If so large a sum as \$150,000 is immediately provided for the purchase and setting of water meters, said amount must be added to the tax levy for the current year. There will be some other large and unusual amounts which will also be required to be raised, which will swell the tax levy to such large proportions as to be oppressive to the taxpayers if said amount of \$150,000 is also added.

The majority of your committee also believe that while a liberal, judicious and prompt application of meters to our water system is desirable, yet that our present facilities are too small for placing 10,000 meters in a single year.

We also believe that as the great majority of large services are already metered, that no such immediate and large saving in water can be secured by the application of 10,000 meters at once as will warrant the oppressions of the taxpayers or prevent the necessity of an additional water works conduit, and that the natural yearly appreciation in population and consequent number of water consumers will absorb all the saving resulting by the application of meters.

We are informed and believe that the recent action by the Executive Board in the readjustment of water rates will result in an increase in the revenue of the water department to the extent of at least \$50,000 per year, and that after paying all interest charges therefrom, there will remain an unexpended surplus of at least \$20,000 which can be used for the purchase and setting of water meters during the coming year.

We therefore respectfully recommend the adoption of the following resolution.

Respectfully submitted,

J. MILLER KELLY,
H. G. THAYER,

Committee.

Ordered received, filed and published.

By Ald. Kelly—

Resolved, That the Executive Board be and it is hereby authorized and recommended to procure and set approved water meters during the coming fiscal year to an extent not to exceed \$20,000 under the advice of the Finance Committee of the Common Council and the Chief Engineer of Water Works, and to pay the cost thereof from the revenue received from water rents in excess of the other regular charter charges on said fund; also.

Resolved, That it be recommended to said Executive Board to cause an accurate account to be kept of all the charges connected with the purchase, setting and management of each of said meters, to the end that a reliable record may be obtained of such cost, cost of setting, cost of management and durability of said meters.

Ald. Kelly moved that the resolution lay upon the table until the next regular meeting. Adopted.

At a meeting of the Executive Board of the city of Rochester, as Commissioner of Highways in and for said city of Rochester, in the county of Monroe, on this 2nd day of April, said Executive Board having met and deliberated on the subject of this order upon the application of J. T. Cunningham, Son & Co. for the discontinuance of the alley hereinafter described, and on the certificate of twelve disinterested freeholders duly summoned and sworn, who have in due form certified that said alley is useless and unnecessary, and the said Executive Board having caused a survey of said alley to be made as follows, viz: An alley known as Smith alley, running from Canal to Litchfield street, being 15 feet wide and about 267 feet long.

It is ordered and determined by the said Executive Board, as Commissioner of Highways, that said alley be, and it is hereby discontinued.

In witness whereof the said Executive Board has hereunto set its hand this 2nd day of April.

CITY SURVEYOR'S OFFICE,
ROCHESTER, N. Y., April 8, 1890.

To the Honorable the Common Council of the City of Rochester.

GENTLEMEN—In compliance with a resolution requiring an examination of the sewers in Fulton avenue, I submit the following:

A stone sewer 2½x3 feet in size, with a minimum depth of 10 feet, and built in 1870, extends from a point 100 feet north of Jones avenue to Phelps avenue.

An egg-shaped cement pipe sewer 18x22 inches in size, at an average depth of 9 feet, and built in 1873, extends from a point 100 feet north of Phelps avenue to Glenwood avenue. Size and depth may be considered ample for that locality.

Respectfully,
OSCAR H. PEACOCK,
City Surveyor.

Ordered received, filed and published.

By the Clerk—

CITY SURVEYOR'S OFFICE,
ROCHESTER, N. Y., April 8, 1890.

To the Honorable the Common Council of the City of Rochester.

GENTLEMEN: Pursuant to a resolution directing an examination of the sewers in Lyell ave., from the city line to State st., I submit the following statement:

From Warner st. to near Murray st. 12 inch vitrified pipe sewer, 4 to 5 feet deep; built 1886.

From near Murray st. to Child st., stone sewer 1½x2 feet in size, 6½ to 8¼ feet deep; built 1878.

From Child to Orchard st., stone sewer 2x2 feet in size, 8¼ feet deep at Child st., 7½ feet deep midway between Child and Orchard sts. and 9 feet deep at Orchard st.; built 1859.

From west line Saxton st. to Moore st., stone sewer 1½x2 feet in size, 9½ feet deep; built 1859.

From Moore st. to Saratoga ave., large outlet sewer, 15 feet deep; built 1839.

From Saratoga ave. to alley west of Frank st. is the old outlet sewer, partially abandoned, and now too large.

From near Frank st. to Lake ave. stone sewer 1½x2 feet in size, 9 to 10 feet deep, built 1874. The above mentioned sewers may be generally considered of sufficient size, but are nearly all too shallow to allow of being filled to their full capacity, without backing up the lot lateral sewers and flooding cellars. The entire sewer in Lyell avenue west of the Erie canal, should be deepened before any permanent improvement is made on the street.

A new sewer should be built between Saratoga ave. and Frank st., taking the place of the old outlet, which extends through the alley and under the Duffy mill property.

This route in a short time, will have to be abandoned. Respectfully,

OSCAR H. PEACOCK, City Surveyor.

street, as recently extended; thence southerly along the west line of said Exchange street to the south end thereof; thence southerly in a direct line to the place of beginning, in proportion to the benefit which each will derive therefrom.

And the Clerk is hereby directed to publish notice in pursuance of Title VII, Section 172 of the Revised Charter of 1880, of the City of Rochester, that all persons interested in the subject matter of said improvement, are required to attend the Common Council, on Tuesday evening, April the 22d, 1890, at 7 o'clock, at the Common Council Chamber, when allegations will be heard.

Adopted.

EAST AVENUE SPRINKLING, (SEC. 2.)

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of sprinkling East avenue, (sec. 2.)

Adopted.

The Surveyor submitted as such estimate \$675. By Ald. Shelter—Resolved, That the following improvement is necessary, viz.:

The sprinkling of East avenue (sec. 2), from the west line of Goodman street, south of East avenue, to the east line of the city, during the season of 1890.

And Whereas, The City Surveyor, under the direction of this Council, has made an estimate of the whole expense thereof, and reports the same at \$675, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of East avenue from Goodman street to the Culver road, in proportion to the benefit and advantage which each will derive therefrom.

And the Clerk is hereby directed to publish notice of Title VII, Section 172 of the Revised Charter of 1880, of the city of Rochester, that all persons interested in the subject matter of said improvement are required to attend the Common Council on Tuesday evening, April the 22nd, 1890, at 7 o'clock, at the Common Council chamber, when allegations will be heard.

Adopted.

FAIRMOUNT STREET PIPE SEWER.

By Ald. Judson—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Fairmount street.

Adopted.

The Surveyor submitted as such estimate \$900. By Ald. Judson—Resolved, That the following improvement is necessary, viz.:

The construction of a vitrified pipe sewer, 12 inches in diameter, in Fairmount street from a point 90 feet, south of Anderson avenue to the sewer in University avenue. Also the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$900, which estimate is hereby approved.

Resolved, further, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Fairmount street, from a point 90 feet south of Anderson avenue to University avenue in proportion to the benefit and advantage which each will derive therefrom.

And the Clerk is hereby directed to publish notice in pursuance of Title VII, Section 172 of the Revised Charter of 1880, of the City of Rochester, that all persons interested in the subject matter of said improvement, are required to attend the Common Council, on Tuesday evening, April the 22nd, 1890, at 7 o'clock, at the Common Council Chamber, when allegations will be heard.

Adopted.

LAKE AVENUE VULCANITE ASPHALTIC IMPROVEMENT.

By Ald. Shelter, Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Lake avenue.

Adopted.

The Surveyor submitted as such estimate, \$44,600. By Ald. Shelter, Resolved, That the following improvement is necessary, viz.:

The construction of a vulcanite asphaltic pavement on Lake avenue, from the north line of the Ninth ward to the city line, with Medina stone curbs on each side thereof properly connected with all streets and alleys. Also the paving of all street and alley entrances. Width of main roadway to be 40 feet. Also the construction of the necessary crosswalks, surface sewers, lot laterals, manholes, water and gas services.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$44,600, which estimate is hereby approved.

By Ald. Kelly—

ROCHESTER, N. Y., April 8, 1890.

To the Honorable, the Common Council of the City of Rochester.

GENTLEMEN—The undersigned citizens respectfully request you to take action at once settling finally upon the all gravity plan of obtaining additional water supply and causing a provision to that effect to be embodied in the Enabling Act.

In the present condition of public feeling on the subject of water supply, it seems to us wise that this question should be determined now and we have no doubt that such action will be approved by the majority of our citizens.

Very respectfully yours,

By Ald. Kelly—

Whereas, There has been an act introduced into, and is now pending in the Legislature of this State, by the direction of this Common Council, granting to it authority to raise money for an additional water supply, being the same bill which was introduced during the session of the Legislature of 1889 and which met with the commendation of citizens generally at that time; and,

Whereas, Certain citizens are of the opinion that said bill should be so amended as to designate and definitely fix the plan for such additional water supply before its passage; and,

Whereas, Other citizens are of opinion that the bill should pass purely as a financial measure, leaving all vexed questions as regards the plan to be settled by the Common Council, after such further examinations, surveys, borings and the receipt of such further expert advice as may be deemed advisable, previous to the issuing of bonds under said act; and,

Whereas, it is admitted that an enabling act should be passed at the earliest possible moment, and this inharmonious opinion, if continued, is liable to delay or entirely prevent the passage of any such act at this session of the Legislature, owing to the nearness of the date fixed for the final adjourning of that body; therefore,

Resolved, That the honorable Senator and member of Assembly from this district be, and they hereby are, severally, respectfully requested to urge forward the said bill in both houses of the Legislature, without any amendment, unless further and other direction be given by the Common Council; and it is further

Resolved, That a committee, to consist of five members of this Council, be appointed by the president, whose duty it shall be to meet for the purpose of obtaining the opinions and listening to the arguments of any and all citizens on the aforesaid subject and to report to this Council its conclusions in relation thereto at the earliest moment, to the end that harmony of action may be secured in relation to said bill, if possible, and that the Common Council may take such further action as it may deem advisable. Adopted.

By Ald. Thayer—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—I have, for some months, contemplated handing in my resignation as alderman of the Sixteenth ward, and intended to have done so prior to the annual election of city officers, but unfortunate circumstances connected with the finances of the city, with which you are all familiar, made it incompatible with my duties and with my sense of honor to withdraw from my responsible position as chairman of the finance committee under such conditions as then existed; hence I have deferred it until a proper adjustment of the financial department could be reached, as has now been done by the full installment into office of the new

city treasurer, whose receipt I hold for funds and securities belonging to his office.

I now feel at liberty to withdraw from your honorable body, and, in duty to myself and others who have legitimate claims upon my time and services, which, in connection with my somewhat arduous duties as alderman, have become more of a load than I am able to carry, without overtaxing my powers of endurance, or neglecting seriously my official or business obligations, I hereby present my resignation.

In doing so I have none but the kindest feelings and best wishes towards my associates in office and thanks for your uniform courtesy as well as for the important trusts with which you have from time to time honored me; and I trust that my successor in office may find the same courteous treatment at your hands and the same generous support on the part of his constituents that have been accorded to me. Very respectfully,

H. G. THAYER.

Ald. Kelly moved that the resignation of Ald. Thayer be laid upon the table.

DEAR SIR—Please call a special meeting of the Common Council for this Tuesday p. m., April 15, 1890, at 3 o'clock, at the Common Council chamber. Subject, "Consideration of the subject of water supply now pending."

Yours truly,

WM. CARROLL, Mayor.

Ordered received, filed and published.

By Ald. Kelly—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Your committee appointed at the last meeting of the Common Council to obtain the opinions and listen to the arguments of any and all citizens on the subject of the enabling act for an additional water supply, now before the Legislature, would respectfully report:

It is quite generally known that on last Thursday there was a hearing on said bill before the Assembly Committee on Cities, at which hearing representatives of the Chamber of Commerce, the Executive Board and Common Council presented arguments in relation to said bill.

Those who appeared in behalf of the Chamber of Commerce contended that a clause should be inserted in the bill to the effect that the conduit line should be an all-gravity one. The city's representatives, on the other hand, insisted that the act should pass without such amendment. The committee reported in favor of the bill, as amended by the Chamber of Commerce, and it is now before the Assembly in that shape, while in the Senate the bill has been ordered to a third reading, as originally drafted.

This condition of things made it desirable that the opposing forces should be brought together, if possible, and that the conflicting views of the various interests should be harmonized.

To that end a meeting was held in the Council Chamber yesterday afternoon. The meeting had been freely advertised, and the representatives of the Chamber of Commerce notified to appear. A number of gentlemen from the latter body were present and presented their arguments before your committee. Mr. Cutler, in behalf of the Chamber of Commerce, argued in favor of the amendment. Messrs. Roby, Bower and Hathaway (the latter by a written communication to the committee) held dissenting views. Messrs. Roby and Hathaway thought it might be deemed desirable in the future, if more water were needed, to obtain the same from Lake Ontario, while Mr. Bower strongly contended that the bill should not commit the Council to any particular system of obtaining the supply, but that the authorities shall be left free to adopt that plan which a more careful examination of the question might demonstrate as the cheapest and the one best calculated to conserve the interests of the taxpayers of Rochester.

It was further urged in support of the bill, as originally drawn, that if no alternative was given the authorities, except to draw the water from one source, it would be extremely difficult and costly to acquire the property and easements needed for the system; that no change could be made if future developments proved a change desirable or necessary, and that if the bill suggested in any way the source of supply, such opposition to the act might be developed as would endanger its passage at this session of the Legislature.

It was stated by Mr. Bower, Mr. Hathaway and others, that in their opinion, the water bonds could be sold to better advantage, and at a lower rate of interest, if they were made redeemable at the end of twenty years, instead of ten years, from the date of the issue. We think this amendment should be made to the bill.

Your committee, after hearing all the arguments, are firmly convinced that the bill should pass without the amendment in regard to gravity. We recognize the fact that an additional supply may be needed in the near future, and we would most strongly deprecate any action on the part of any one that might bring about a water famine in this city.

Your committee are convinced that the Common Council and the Executive Board are devoted quite as strongly to the interests and welfare of the taxpayers of this city as any other body of men; that it is the wish of every member of this Board to do that which the people desire to have accomplished, and that no disposition exists on the part of any member of the Common Council to oppose the wishes of his constituents.

We think we can assure members of the Chamber of Commerce that neither Chief Engineer Tubbs, or any other man, or set of men, exerts such an influence over the Common Council as would impel it to betray the trust reposed in it, and that its action will be guided by the individual views or prejudices of no man, but by the conscientious motive that alone should obtain in the faithful and honest discharge of public duty by the people's servants and representatives.

Your committee, accordingly, recommend that the Common Council request the representatives of the city in the State Legislature to urge the passage of the water bonding bill, as originally drawn, and without any amendment, except that the time for the redemption of the bonds be changed from ten to twenty years after the date of issue. We believe it unnecessary and improper that the hands of the authorities should be tied by the insertion in the bill of the gravity clause, although at the present time most of the members would doubtless favor the all-gravity plan.

Respectfully submitted,

J. MILLER KELLY,
JOSEPH H. FEE,
Committee.

Ordered received, filed and published.

By Ald. Kelly:—Resolved, That the representatives of this city in the State Legislature be and they are hereby respectfully requested to urge to speedy passage the water bonding bill as originally presented without amendment, except that the

time for the redemption of the bonds be twenty years instead of ten from the date of issue.

By Ald. McMillan—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN: We, the undersigned members of your committee appointed to listen to arguments and report in reference to the water supply bill now before the Legislature, concur with the report of Aldermen Kelly and Fee, except as to the last paragraph thereof.

We deem the passage of an act for an additional supply to be the thing of paramount importance in the matter. And in view of this fact, we think no action should be taken by this Council that will jeopardize the passage of said act, and in deference to the wishes of those people who consider an all-gravity clause should be inserted, we respectfully recommend that the people's representatives at Albany be instructed to amend the bill in that respect and urge its passage.

Respectfully submitted,

T. McMILLAN,
S. D. W. CLEVELAND,
Committee.

Ordered received, filed and published.

Ald. McMillan moved that the resolution of Ald. Kelly be amended by striking out the words "originally presented without amendment" and insert in place thereof the word "amended." Lost.

By Ald. Kelly—

To the Honorable the Common Council of the City of Rochester:

The Rochester railway company, which has succeeded to all of the rights, privileges, franchises and property of the Rochester City and Brighton railroad company, the Crosstown railroad company and the South Park railroad company, hereby makes application for the consent of your honorable body to the extension of its lines of street railroad in the city of Rochester, as is hereinafter specifically set forth.

Under the contract made between the Rochester City and Brighton railroad company with the city of Rochester, all of the obligations of which contract are to be performed by your petitioner, this company is required to furnish to each passenger paying a fare of five cents a continuous passage from any part of the city reached by the lines of this company to any other part of the city reached by the lines of this company. In order to accomplish this purpose as well as to furnish needed facilities for the rapid transportation of people throughout all parts of the city, it is necessary that this company should connect a considerable number of its lines as at present operated. This company also desires to extend its lines as the work of making the change of its system of operation progresses in order that all of the out-lying sections of the city may be furnished with needed facilities for rapid transit to the center of the city.

This company has considered with very great care the question of the extensions of its lines and the connections of its lines, and has decided that the right to construct and operate its railroad upon the streets and across the bridges hereinafter named is necessary to fully carry out the plans and purposes of the company with reference to the giving of rapid transit in this city.

This company, therefore, under and in pursuance of chapter 232 of the laws of 1884, hereby makes application for the right to construct, maintain, operate and use branches and extensions of its lines of railroad in the city of Rochester, the operation of such branches and extensions to be by horse or electric power at the option of the company.

As is perfectly well known, it is the intention of this company, as fast as the change can be made, to do away with horse power upon all of its lines of railroad and to substitute in place thereof electric power. It is deemed necessary, however, that the right to operate by horse power as well as by electric power should be obtained upon the various extensions and branches proposed to be constructed, for the reason that emergencies may arise which will require the operation for a brief period, upon some of such lines, by horse power.

Your petitioner, as has been indicated above, is the owner of all the franchises and rights heretofore granted to the Crosstown railroad company and the South Park railroad company. It is, therefore, not necessary that any application should be made for the right to construct its road upon the streets covered by the franchises granted by your honorable body to those companies.

The streets along, over, on and through which your petitioner hereby applies for the right to construct and maintain a double or single track street surface railroad, at its option, with the necessary switches, turn-outs, sidings and cross-overs, to be operated by horse or electric power, are as follows, to-wit:

Mt. Hope avenue, from the present terminus of the track of this company opposite the entrance to Mt. Hope cemetery, to Highland avenue.

From the intersection of Linden street with South avenue along South avenue to the intersection of Oakland street with South avenue.

West Alexander street from the center line of Finnacle avenue to the westerly line of Mt.

Hope avenue, and thence westerly, along the highway to be opened, to the easterly end of the bridge to be constructed across the Genesee river, and thence westerly along and across said bridge and along Glasgow street extended, to the center line of Exchange street.

From the easterly end of the tracks of said company as now constructed on East Main street, eastwardly on East Main street to the city line of said city.

From the intersection of East Main street and Goodman street, northerly along Goodman street to Jennings street.

From the intersection of North street with North avenue, northerly along North street to Draper street.

From the intersection of Scio street with German street, and thence westerly along German street to North avenue.

From the intersection of North St. Paul street with Clifford street, easterly on Clifford street to Goodman street.

From the present terminus of the track of the company on North avenue, northerly on North avenue to the north line of said city.

From the present northerly terminus of the tracks of said company on Hudson street, northerly on Hudson street to the north line of said city.

From the intersection of Hayward park with St. Joseph street, northerly on St. Joseph street to the north line of said city.

From the intersection of North Clinton street with Hayward park, northerly on North Clinton street to the north line of said city.

From the northerly terminus of the tracks of said company on North St. Paul street, northerly on North St. Paul street to the north line of said city.

From the intersection of Vincent place with North St. Paul street, westerly along Vincent place and across Vincent place bridge to the intersection of Vincent place with State street.

From the intersection of Platt street with State street, eastwardly along Platt street and across Platt street bridge and thence along the street forming, or to form, the easterly approach of said bridge, to the center line of North St. Paul street.

From the intersection of Driving Park avenue with the boulevard, being the street bounding the lands of the Rochester Driving Park association on the east, eastwardly along Driving Park avenue and across the bridge over the Genesee river and along Tower street to the center line of North St. Paul street.

From the intersection of Driving Park avenue with Thrush street; thence along Driving Park avenue to the boulevard, being the street bounding the lands of the Rochester Driving Park association on the east; thence along such boulevard to the northerly end thereof; thence along such street as may be opened as an extension of such boulevard northerly to the north line of the said city.

From the present westerly terminus of the tracks of this company on Lyell avenue westerly along Lyell avenue to the west line of said city.

From the present western terminus of the tracks of said company on Jay street along Jay street westerly to the west line of said city.

From the present western terminus of the tracks of said company on West avenue westerly along West avenue to the west line of said city.

From the center line of West avenue opposite Genesee street, thence southerly to and along Genesee street and the Scottsville road, so-called, to the southerly line of said city.

From the intersection of Bronson avenue with Jefferson avenue westerly along Bronson avenue to Genesee street; thence across Genesee street and along the street extending westerly and being the westerly extension of Bronson avenue, and along the street to be opened in extension of Bronson avenue, and along the street connecting with such extension to Chill

avenue and along Chili avenue westerly to the west line of said city.

From the present southerly terminus of the track of said company on Plymouth avenue southerly along Plymouth avenue and the river road to the northerly entrance of that portion of the public park of the city of Rochester lying west of the Genesee river and north of Elmwood avenue.

From the intersection of Lyell avenue with Cameron street thence along Cameron street to Otis street; thence along Otis street to Gates avenue; thence along Gates avenue to Emerson street.

Your petitioner has caused this application in writing to be duly executed this 22d day of April, 1890.

REPORTS OF SPECIAL COMMITTEES.

By Ald. Kelly—

To the Honorable the Common Council of the City of Rochester.

GENTLEMEN :—

Your special committee appointed to confer with the representatives of the chamber of commerce in relation to the act now before the legislature for passage relating to the acquirement of an additional water supply, would respectfully report:

That it has had a meeting with the representatives of the chamber of commerce, and, as the result, your committee recommends that the honorable senator and member of assembly from this district be requested to secure the amendment of said act in the following particulars:

First—By striking therefrom all changes made thereto relative to the designation of the gravity system.

Second—By inserting at the end of section 1 the following: "But no method or system for procuring such water supply shall be adopted, nor shall any bonds under this act be issued, or directed to be issued, except it be by a vote of at least 11 aldermen, members of said common council, voting in the affirmative; and the executive board of said city shall, in the procurement of the water supply under the terms of this act, adopt and pursue the method or system adopted and approved by said common council, as aforesaid."

Your committee would further say that much has been said to induce the citizens to look with distrust upon any action taken by your honorable body as their representatives for the procurement of such additional water supply, and, for the purpose of allaying such feeling, your committee believes that the insertion in said act of the foregoing provision requiring the method or plan for procuring such water supply to be approved by 11 members of your honorable body, and their action likewise approved by the mayor, under the charter, will secure such object.

Your committee firmly believes that it is imperatively necessary that the act should pass at the present session of the legislature, as the needs of the city for an additional water supply are urgent, and that further delay in the procurement of such additional supply is trifling with a matter that will not admit of such a course.

Your committee, in view of the position taken by Professor Collins, the legal adviser of the governor, would further recommend that the representatives from this district in the legislature be authorized, after consultation with the governor, if it should be deemed proper, to provide that the bonds mentioned in said section 1 run for a period not exceeding 20 years from the date of their issue.

Respectfully submitted,

J. MILLER KELLY,
 M. H. LEMPERT,
 JOSEPH H. FEE,
 S. D. W. CLEVELAND,
 T. McMILLAN,

Special Committee.

Ordered received, filed and published.

By Ald. Kelly—

Resolved, That the honorable senator and member of assembly from this district be, and they hereby are, severally, respectfully requested to cause the foregoing mentioned bill to be amended, in the foregoing particulars, and if, after consultation with the governor, it be deemed desirable to further amend the bill, so as to make the bonds therein mentioned run for a period of 20 years, instead of 50 years, as specified in said act. and that they cause said

bill, thus amended, to be passed by the legislature and approved by the governor at once.

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Hall Bierbrauer, Schroth, Bohrer, Kelly—13.

Nays—Ald. Selye—1.

By Ald. Kelly,

Resolved, That the chamber of commerce and other citizens be and they hereby are, requested to co-operate with this common council in securing the immediate passage of the act before the legislature providing for the issue of the bonds for an additional water supply with the amendments and changes made thereto, as specified in the foregoing report of the special committee of this common council. Adopted.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD,
 ROCHESTER, April 22, 1890.

To the Common Council:

GENTLEMEN—Since the existence of the Water Works department it has been necessary to keep horses and wagons to do the necessary repairs, tapping and other work connected with laying of pipe and supplying water to the city. It has also been necessary to have horses and wagons to carry on the repairs of streets, and therefore the Board has been obliged to rent barns or stables for the accommodation of the horses and vehicles used in the city's service. The Board has had to move its stables several times because the owners sold the premises or wanted them for other purposes, and the lease of the stables on Church street, for which a rental of \$37.50 a month has been paid, and which is now occupied, expires on May 1st, and another place will have to be rented. In view of these frequent removals, and the difficulty of obtaining a suitable location, together with the fact that the steady increase of the business of the water works and street departments demands more room than can readily be obtained, the Executive Board deem it expedient for the city to own the property for this purpose, and request your honorable body for authority to purchase land and buildings which will be adapted for the uses above stated.

And for like reason the board had to purchase hay, straw and oats for the water works and street departments in small quantities, which might have been bought in large amounts and at prices which would be much more advantageous to the city.

In addition to more stables there is a necessity for a warehouse or storage room for wagons, sleighs, street scrapers, horse and steam rollers, street sweepers, street sprinklers, ploughs and miscellaneous other property, now more or less scattered, several of which have had to be stored in the public street at night, for want of a better place and which are essential in doing the work of the Executive Board, and the proper care and protection of which will save the city a considerable sum every year.

Respectfully, THOS. J. NEVILLE, Clerk.

Referred to the Finance Committee, to investigate and report back to this board.

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD,
 ROCHESTER, N. Y., April 22, 1890.

To the Common Council:

GENTLEMEN: In reply to your request in regard to the condition of Lyell avenue and Fulton avenue sewers, the Executive Board has caused test pits to be dug and an examination of the sewers made, with the result that Lyell avenue sewer west of Frank street has been found clear and in good condition. The sewer from Frank street east has not been examined, but having been built only a few years ago and being of good size and having a steep grade, it may be considered in good order.

The Fulton avenue sewer between Jones and Phelps avenue, as well as the pipe sewer north of Phelps avenue, was found in excellent condition, free from any considerable deposit or obstruction.

Respectfully, THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.
Ald. Selye moved that the Surveyor be directed to prepare ordinances for asphalt, brick and Medina stone pavements on Fulton avenue, from Jones avenue to Glenwood avenue.

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, N. Y., April 22nd, 1890. }

To the Common Council:

GENTLEMEN—The Executive Board deems it necessary to request your honorable body to cause an ordinance to be introduced for the improvement of North Clinton street from the New York Central railroad tracks to Clifford street.

The Board also would suggest the improvement of Andrews street from North St. Paul street to North avenue.

North Clinton street was improved with MacAdam several years ago, and subsequently the street railroad company laid tracks through the center of the street, which broke the crown of the street, leaving a narrow strip on each side of it for general traffic.

Repairs have been made from year to year, but the MacAdam stone has rapidly worn out, and the Board believes that the time has arrived for a Medina pavement which can be so laid as to afford a wider driving surface, and which will withstand the great amount of travel to which this thoroughfare is subjected.

The improvement of Andrews street has been under discussion for many years, and the objection usually urged, was that a new sewer should be constructed before the work was undertaken.

Sewers of proper dimensions have been built and the Executive Board suggests that a Medina stone pavement would relieve the highway fund from being required to longer maintain this worn out MacAdam street.

Respectfully,
THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

To the Hon. the Common Council of the city of Rochester:

GENTLEMEN: The Executive Board respectfully requests that the Finance Committee of your Honorable Body will, in accordance with usage, provide the following sums for the care and maintenance of the departments named below for the first three months of the current fiscal year, or until such time as the requisite amounts are otherwise provided.

Fire department.....	\$25,000
Street department.....	35,000

THOS. J. NEVILLE, Clerk.

CITY SURVEYOR'S OFFICE, }
ROCHESTER, N. Y., April 1, 1890. }

To the Honorable the Common Council:

GENTLEMEN—I herewith submit the following statement relating to Chatham street sewers and the outlet thereof: The main outlet begins at the roadway under the east end of Central avenue bridge, and extends easterly under the embankment supporting the tracks of the N. Y. C. & H. R. R., to the center of St. Joseph street, and is 4x4 feet, with arch cover, in size throughout. From the grade of the bottom of the sewer at this point, it extends northerly in the center of St. Joseph street to the center of Nassau street, on a rising grade of 2-10 of a foot per 100 feet, the sewer being 3x4 feet in size throughout. From the grade of the bottom of the sewer at this point, it extends easterly in the center of Nassau street to the center of Chatham street on a rising grade of 1-10 of a foot per 100 feet, the sewer being 2x3 feet in size throughout. The sewers above mentioned are constructed on a very flat grade, and on account of the main outlet sewer being under the railroad track embankment, cannot be deepened

at any point between the intersection of the railroad and St. Joseph street, and the intersection of Chatham and Nassau streets.

The depth of the sewer at this point is 8 feet.

From Nassau street extending northerly to Kelly street is a stone sewer 2x3 feet in size. From Kelly street extending northerly to within 120 feet of Baden street, is a 12 inch pipe sewer, depth of sewer throughout 8 feet.

From Nassau street extending southerly to near Hamburg street, is a stone sewer 1½x2 feet in size, being 7 feet in depth at Holland street and about 6½ feet in depth near Hamburg street. From a point about 150 feet north of Clinton place to Central avenue is a 12 inch pipe sewer, 7¼ feet in depth. From a point about 150 north of Central avenue to Hamburg street is a 12 inch pipe sewer about 7¼ feet in depth.

The test pits that have been dug have enabled me to make a careful examination, which established the fact, that while the various sewers in Chatham street may afford adequate drainage for residence purposes, they are not deep enough at any point to admit of draining a 7 foot basement under a block, the first floor of which is on a level with the grade of the sidewalk.

Respectfully,

OSCAR H. PEACOCK,
City Surveyor.

By the Clerk—

CITY TREASURER'S OFFICE, }
ROCHESTER, N. Y., April 22, 1890. }

To the Hon. the Common Council:

GENTLEMEN—I hereby certify that the Executive Board have notified me that the works or improvements authorized under ordinances hereinafter mentioned have been completed; that I have, pursuant to the provisions of the Charter, ascertained the entire and aggregate expense of and connected with the same respectively, including any interest that the city shall incur or is entitled to for the use of its funds, and that the respective amounts thereof are as follows:

Ordinance and improvement. Expense.
No. 3,542, Lake ave. outlet sewer..... \$14,405 23

V. FLECKENSTEIN, Treasurer.
Ordered received, filed and published.

LOCAL IMPROVEMENT ASSESSMENTS.

By Ald. Selye—Whereas, The City Treasurer has ascertained and reported the entire and aggregate expense of, and connected with, the several following improvements, including any interest that the city has paid or has or shall become liable for, and which several sums are hereby respectively adjusted by this Common Council as thus reported, and the respective portions or parts of the city on which the said expenses are hereby

directed to be assessed are as stated in the description following the name and expense of the improvement, viz.:

Ordinance No. 3,542—Lake Avenue Outlet Sewer. The expense is fourteen thousand four hundred and five dollars and twenty-eight cents (14,405.28), and the territory to be assessed is:

All the territory enclosed within and described by the following boundary lines, viz.: Beginning at the intersection of the top of the west high bank of the Genesee river with the north line of the city, thence westerly along the north line of the city to the west line of the city, thence southerly along the west line of the city to a point 150 feet north of Driving Park avenue, thence easterly on a line parallel with and 150 feet north of said Driving Park avenue to a point 150 feet west of the street known as the Boulevard, thence northerly on a line parallel with and 150 feet west of said Boulevard to the south line of Charles J. Burke's property, thence easterly along the south line of said Charles J. Burke's property to the west line of Lake avenue, thence still easterly to the intersection of the east line of Lake avenue with the south line of lot 59 of the tract known as Maplewood, thence easterly along the south line of said lot 59 and lot 60 to Maplewood avenue, thence southerly along Maplewood avenue and including one tier of lots on the west side thereof, to Driving Park avenue, thence easterly along Driving Park avenue to the top of the west high bank of the Genesee river, thence northerly along the top of west high bank of said Genesee river to the place of beginning.

And it is further determined, that the taxpayers to be assessed for making such improvement may pay their assessment in three equal payments, as follows:

One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-third within one year from the confirmation of said roll; and the remaining one-third within two years from the confirmation of said roll. On all sums paid prior to the maturity of the said last installment, a discount will be allowed at the rate of six per cent. per annum.

And the Assessors of said city, not interested in any of the property so benefited, and directed to be assessed, as aforesaid, and not of kin to any person so interested, or if any two of said Assessors are not so interested, or of kin, then, such two, are hereby directed to make assessments upon all the lots and parcels of land within the portions or parts of the city above designated, of the amounts of said expenses, of such improvements respectively, in proportion, as nearly as may be, to the advantage which the respective territories to be thus assessed for such improvements shall be deemed to receive by the making of the respective improvements.

And the said assessors are hereby directed to meet for the purpose of making the above mentioned assessments on the 26th day of April, 1890, at 9 o'clock in the forenoon, at their office, No. 15 City Hall.

Adopted by the following vote:

Ayes—Ald. Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly,—13.

By the Clerk—

CITY CLERK'S OFFICE,

RESIGNATION OF ALD. THAYER.

Action on the resignation of Ald. Thayer being in order, Ald. Kelly submitted the following:

ROCHESTER, N. Y., April 22, 1890.

To the Hon. the Common Council of the City of Rochester:

GENTLEMEN—Although compelled to be absent from your session this evening I beg to assure you that I am by no means insensible to your many expressions of generous approval nor indifferent to the solicitation of your members that I should remain a member of your council; and I am both pleased and proud to say that, together with similar expressions of confidence and approval on the part of my constituents, they are, by far, the most valued compensation received, or sought, in the arduous duties of my three years' membership in your honorable body, in which I have tried to serve the best interests of my ward and the public according to the best of my humble ability.

I sincerely thank you, and my constituents, for every kind word and act with which you, and they, have been pleased to honor me; but my well considered and sufficient reasons for resigning remain the same as when offered two weeks ago, my deliberately formed purpose remains unchanged, and it only remains for me to respectfully repeat my request for your immediate and favorable action on the same. Very Respectfully,

HALBERT G. THAYER.

Ordered received, filed and published.

By Ald. Kelly—

Whereas, Our worthy colleague and brother alderman, Halbert G. Thayer, esq., has been compelled, by force of his business interests and the state of his health, to tender his resignation as alderman of the Sixteenth ward to this board, an act which we deeply deplore, and

Whereas, It is but fitting that we spread upon our minutes an expression of the deep regret felt by this board at the loss of the services of so eminent a member thereof; now, therefore, be it

Resolved, That in the severing of the ties of association of our colleague with us, the municipality of the city of Rochester, by reason of the admirable and praiseworthy career of our associate, Halbert G. Thayer, in the position of chairman of the finance committee, and as alderman in general, has lost an able servitor, and one whose public career has been without reproach; now, therefore, be it further

Resolved, That we accept his resignation, with a feeling of sincere sorrow, hoping that our colleague's health and business interests may soon be in such a state as to permit of his early return to this board, or in some other official position, whereby the city of Rochester may avail itself of his able services; and be it further,

Resolved, That the clerk of this board be, and hereby is, instructed to have suitably engrossed and framed a copy of this preamble and these resolutions and transmit the same.

with proper ceremony, to Halbert G. Thayer, esq., our colleague, who is about to leave us, to the regret of all.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly—15.

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly—14.

Daniel A. Sharp, Edward Kennaly, J. Wyborn Walker, Merritt E. Graham, Charles O. Weston, George M. Williams, Henry Herdel, George Gungler, Julius H. Winterroth, Frank Gage, Jas. H. Cooper and Benjamin B. Chase having received the concurrent vote of the Common Council were declared appointed Commissioners of Deeds.

MISCELLANEOUS BUSINESS.

By Ald. Fee—Resolved, That a committee of seven, to include the Mayor, the President of the Common Council and the Superintendent of the Fire Alarm Telegraph, on change of system of operation of the Rochester Railway from horse power to electric power, be appointed, and that said committee, and its successor, shall have and exercise the powers, while this board is not in session, which this board is possessed of, under the provisions of the resolution adopted at a meeting held February 18, 1890, and published at pages 404 and 455, proceedings of 1889-90, with reference to such change of system of operation. Adopted.

By Ald. Rauber—Resolved, That the City Surveyor be, and hereby is directed to establish the grade for curbs and sidewalks on the north side of Clifford street from North St. Paul street to Harris avenue and on west side Harris avenue from Clifford street to avenue A. Adopted.

By Ald. Rauber—Petition for a cement walk on avenue B. Referred to the Surveyor to prepare an ordinance.

ROCHESTER, N. Y., April 22, 1890.

By Ald. Lempert—
To the Hon., the Common Council:
GENTLEMEN—The contract between the City of Rochester and John C. Ryan, for a survey and map of the first fourteen wards of the city, is designed to cover the completion of various maps to be delivered to the City Assessors after proper examination, but does not provide for a copy of the same in this office, where the use of them is required constantly. I have succeeded in obtaining copies of the maps of the First, Third and Eighth wards, being blue prints from tracings made by the Title Insurance Company, at its own expense. Said company has decided to make no more tracings, and it will be necessary for this department to make its own. There are now on hand twenty maps ready to be bound and delivered to the Assessors, as soon as the necessary tracings of them are made for this office.

I deem it highly necessary to make some provision for the completion of the required copies immediately. Respectfully,

OSCAR H. PEACOCK, City Surveyor.

Ordered received, filed and published.
 By Ald. Lempert—Resolved, That the City Surveyor be and hereby is authorized to employ from time to time, as may be found necessary to the proper advancement and completion of the work, a draughtsman to make tracings of the various maps of the city completed under the present survey, for record in the office of the City Surveyor. The compensation to be paid for said map to be at a rate not to exceed three dollars per day, and be paid from the Contingent Fund.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly—14.

By Ald. Lempert—Resolved, That a license be granted to Forepaugh's show to give an exhibition

in this city, June 3, 1890, on paying into the city treasury the sum of \$50. Adopted.

Ald. Lempert—Moved that the Executive Board be directed to postpone the award of the contract for Chatham street asphalt improvement until after the next regular meeting. Adopted.

By Ald. Shelter—Petitions of John Smith, James J. Crouch. Referred to the Assessment Committee.

By Ald. Shelter—A remonstrance against the improvement of Reynolds street. Ordered received and filed.

By Ald. Selye—Petitions for an asphalt improvement on Lorimer street. Referred to the Surveyor to prepare an ordinance.

By Ald. Selye—Resolved, That the Central Bank of Rochester, the Traders' National Bank of Rochester and the German-American Bank of Rochester be, and they hereby are, designated as the banks in which the City Treasurer shall deposit the moneys received by him belonging to the city during the year beginning August 1, 1890, except such as is, or may hereafter, be otherwise directed or required to be deposited, and that the Mayor be, and he hereby is, directed to enter into contracts with the said banks respectively therefor, each of which contracts shall provide, in substance, that the contracting bank shall pay and allow upon the moneys so deposited with it during said year interest at the rate of two per cent. per annum upon the daily balances of said moneys: the amount of such interest payments to be credited to the account of said city monthly, and that said contracting bank shall be entitled to receive one-third of all moneys received by said treasurer belonging to the city during said contract year, except such as is, or may hereafter be otherwise deposited, as aforesaid, and said contract shall also provide that the contracting bank shall, at such times, and in such sums whenever required by said Treasurer or this Common Council, but in the aggregate not exceeding one hundred and fifty thousand dollars, loan moneys to the city, during said contract year, all loans to be at the current rate of discount, but at no time at a rate greater than 6 per cent. per annum, and such contract shall be operative only in case of the bank or banks so contracting shall deliver to the Finance Committee of this Common Council a bond or undertaking in writing, signed by sureties, to secure the performance of the terms of said contract by said bank, and to secure the city against loss by reason of any of said deposits; the penalty of the bond to be in the sum of one hundred and twenty-five thousand dollars, and the form of the bond or undertaking to be approved by said committee and the City Attorney, and the sufficiency of the sureties to be approved by said committee.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly—14.

On motion of Ald. Selye the present Rule of the Board, No. XLIV, was changed to Rule No. XLV.

By Ald. Selye—Resolved, That the following shall be known as rule forty-four of the standing rules of this board:

Rule XLIV. Before any action is taken by this Common Council on any state legislative bill, sent to it for approval, a copy of such bill shall be placed on the desk of each of the members of the Common Council, at a meeting held, at least, one week prior to the meeting at which action shall be taken thereon.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly—14.

Ald. Kelly presented a petition for a special assessment on Avenue B and Crescent avenue, Vick Park.

By Ald. Kelly—Whereas, The owners of more than one-half of all the land fronting on Avenues A and B and Crescent avenue, Vick Park, in the city of Rochester, have petitioned the Common Council to levy a special tax of ten cents per foot front, of and upon all said land, for the purpose of defraying the expense of making the repairs and improvements of such park for the ensuing year, in accordance with the provisions of Chap. 198 of the laws of 1888 amending section one of Chap. 96 of the laws of 1886; therefore

Resolved, That the City Assessors be, and they hereby are, directed to assess the sum of ten cents per foot front upon all the lands fronting on Avenues A and B, and Crescent avenue, Vick park, said sum of ten cents per foot front to be added to and included with the general city tax of 1890, and the City Treasurer is hereby authorized to pay the sum thus assessed and collected to James Vick of the city of Rochester, he being the person mentioned in the petition for the levy of said tax, and designated by the petitioners as the person to receive same. And the City Clerk is hereby directed to transmit to the City Assessors and the City Treasurer a certified copy of this resolution.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly—14.

By Ald. Kelly—Petition of Douglas and Wentworth; referred to the Wood Building Committee and Fire Marshal with power to act.

By Ald. Kelly—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN: On the 24th day of February, 1890, Lizzie L. Chapin, in her action against the city for damages arising from the discharge of sewage into Thomas creek, a stream which flows through her premises, received a verdict from the jury of \$1,600. The costs in said action were afterwards taxed at \$151.97, making a total of \$1,751.97.

I would recommend that the matter be referred to the Law Committee to examine into said matter and report to this board.

CHARLES B. ERNST,
City Attorney.

By Ald. Kelly—Resolved, That the matter of the settlement of the action of Lizzie L. Chapin against the city of Rochester be referred to the Law Committee to examine into said matter and report to this board. Adopted.

By Ald. Kelly—Resolved, That the Lamp Committee cause an incandescent electric light to be located on the northwest corner of Thrush and Rowe streets. Referred to the Lamp Committee and the City Surveyor.

By Ald. Kelly—

IN SENATE, April 4, 1890.

Introduced by Mr. McNaughton—read twice, and by unanimous consent ordered printed, and when printed to be committed to the committee on cities.

AN ACT to provide for the construction of a drain or sewer in the towns of Chili and Gates, and the Fifteenth and Ninth wards of the city of Rochester.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. The provisions of the act entitled "An act to amend title sixteen, chapter eight, part three of the Revised Statutes, relative to the proceedings for the drainage of swamps, marshes and other low or wet lands, and for draining farm lands, passed May twelfth, eighteen hundred and sixty-nine, and an act amendatory thereof passed March second, eighteen hundred and seventy, are hereby made applicable to the city of Rochester except as hereinafter provided.

§ 2. Whenever, for the purpose of drainage, sewerage, or to promote the public health, the Common Council of said city of Rochester shall deem and by resolution declare it necessary to construct a drain or sewer extending from beyond and outside the limits of said city of Rochester and across private lands or highways in adjoining towns to and within the said city of Rochester, the mayor of said city may petition the county court as provided in said acts of eighteen hundred and sixty-nine and eighteen hundred and seventy, hereinbefore mentioned.

§ 3. The common council of said city shall name three commissioners, who shall be freeholders and residents of said county of Monroe. Said commissioners shall be named in the petition of the mayor, and their appointment by the common council of said city shall be approved by the county court, and said commissioners, when they shall have been so duly appointed by the common council, and such appointment shall have been approved by said county court and duly qualified as provided in and required by said acts of eighteen hundred and sixty-nine and eighteen hundred and seventy, shall be entitled to enter upon their office, and shall have the same powers and be subject to the same duties as though originally appointed by the County Court. If for any cause said commissioners, or any one of them, so appointed by a common council shall not be approved by the county court, then the common council of said city may appoint other person or persons to act as such commissioners, and such appointment shall be approved by the court as hereinbefore provided.

§ 4. The city of Rochester shall construct said drain or sewer throughout its entire length, as determined upon by said commissioners, and shall be the same power and control of said sewer as though the same was entirely within the limits of said city,

and said commissioners may employ for the construction of said sewer or drain a city surveyor and city inspector of sewers and all other persons usually employed by said city of Rochester in the construction of sewers through the streets of said city.

§ 5. Upon the determination of the commissioners, appointed under the provisions of said act, that such drainage or sewerage is necessary, and upon the filing of such determination, notice thereof published for ten days in the official paper or papers of said city shall be deemed equivalent to personal service on all owners or occupants of land to be benefited thereby and situate within the limits of said city or adjoining towns.

§ 6. It shall only be requisite for said commissioners in presenting the map required by section six of said amendatory act, so far as the lands in said city and said adjoining town or towns are concerned, to show the territory to be drained, bounding it by streets as far as possible and showing the several streets and alleys included in said territory; but said commissioners shall not be required to report the names of owners of lands within said city.

§ 7. When said commissioners shall have determined the portion and amount of costs and expenses of such drainage or sewerage to be paid by said city, they shall report the same to the Common Council of said city, who shall pass an ordinance describing the territory which they deem benefited by such drainage or sewerage, and direct an assessment of the whole amount so apportioned to said city upon the lands and houses within such territory, according as the same shall be deemed to be benefited.

§ 8. All of the proceedings of said commissioners, so far as the lands outside of the said city limits are concerned, shall be according to the provisions made and provided in the general drainage act of the state of New York and all the acts amendatory thereof.

§ 9. The payment of the cost and expenses of said drain or sewer herein provided shall be regulated by said commissioners, and approved by the Common Council of said city, and said costs and expenses for the construction of said sewer shall be payable in not less than three equal annual payments to be apportioned according as the commissioners may determine upon the lands to be benefited thereby.

§ 10. This act shall take effect immediately.

Ordered received, filed and published.

By Ald. Kelly—Resolved, That the honorable Senator and Member of Assembly from this district be, and they hereby are, severally, respectfully requested to obtain an amendment to Senate bill, No. 542, introductory No. 633, providing for the construction of a drain or sewer in the towns of Chili and Gates and the Fifteenth and Ninth wards of the city of Rochester, in the following particulars:

First—In section one, line five, by inserting the word "all" in place of "an" after "and" and making "act" "acts," after the word "thereof" inserting the words "supplementary thereto," and striking out "passed March second, eighteen hundred and seventy" on lines five and six; and on lines seven, by striking out the words "except as," and inserting the words "for the purpose."

Second—In section two, on line 5, by inserting the word "the" before "adjoining"; and after "towns" the words "of Gates and Chili, in the county of Monroe;" and before the words "said city," by inserting the words "Fifteenth and Ninth wards of the"; and in the line seven, by inserting "the foregoing mentioned" in place of "said" before "acts," and striking out all of line seven after "acts," and all of line eight.

Third—In section three, lines seven and eight, by striking out the words "of eighteen hundred and sixty-nine and eighteen hundred and seventy."

Fourth—In section four, line two, by inserting the words "and under the direction of" between the words "by" and "said," and on line three, by inserting the word "over" after "power."

Fifth—In section five, by striking out the word "the" at the end of line three, and the words "official paper or papers, of" at the commencement of line four, and inserting in place thereof the words "at least one daily newspaper published in the city of Rochester."

Sixth—By inserting at the end of section seven, on line seven, the words "and the portion of said costs and expenses adjudged by said commissioners to be paid by the lands situate in said adjoining towns, shall be assessed and collected as is mentioned and provided in the acts referred to in section one of this act, except that the payment thereof shall be as is hereinafter provided, and the terms and conditions of said acts shall apply to said extended time of payment, as if the same were made a part of said acts."

And that, after securing the amendment of said act, as aforesaid, the honorable representatives be, and they hereby are, severally, respectfully requested to urge the passage of said law, and secure its approval by the Governor, at once.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly—14.

By Ald. Kelly—

Whereas, In the purchase of supplies for, and management of, the poor department, including the poor office of this city, upwards of \$85,000 was expended last year, and the system of that department has been, and is, so faulty as not to show clearly the need of the outlay of such a vast sum; and

Whereas, The affairs of the said department should be thoroughly investigated, to the end that improvements therein may be made, as may appear proper and necessary to secure the protection of the taxpayers; now, therefore, be it

Resolved, That John Bower, Esq., be, and he hereby is, employed to make a thorough investigation of said department, including all matters pertaining thereto, and report to this common council, with all possible dispatch, the result of his investigations, with such recommendations as he shall think proper to make as to the future practice to be pursued in said department, in the purchase of supplies therefor, and the general management thereof, providing that the total compensation of said Bower under this resolution shall not exceed the sum of two hundred dollars. Adopted.

By Ald. Kelly—

To the Finance Committee of the Common Council:

The undersigned, at your request, and by authority conferred by resolution of the Council, has made a careful examination of Treasurer Fleckenstein's management of the office during his first month's incumbency and has to report that all the accounts have been carefully and accurately kept, and that the business of the office, in all its departments, gives evidence of being conducted energetically, promptly and lawfully.

The cash called for by the ledger balance at the close of business on the last day of April was counted and found correct, whilst the funds shown by the ledger to be on deposit in the several city depositories were found on inquiry at the banks to be in amount as thus shown.

From what is said above it is scarcely necessary to say that vouchers are on hand for every dollar of disbursements, and that a ledger trial balance, now on file in the office, struck on the 1st inst., furnishes evidence of the accuracy of all the accounts in the office.

I may as well add that, in this first monthly examination, acting on the suggestion of your chairman, the period covered by said examination was extended to the time where the last balance was struck, viz: March 5, 1890.

Respectfully submitted,
JOHN BOWER.

Ordered received, filed and published.

By Ald. Kelly—

To the Honorable, the Common Council of the City of Rochester

Your final action in appointing two women as city physicians, has met the hearty approval of the medical staff of the Provident Dispensary Association, and at a special meeting held May 2, 1890, it was unanimously resolved that a vote of thanks be extended to your honorable body and the committee who was active in securing their appointments.

SARAH R. A. DOLLEY, M. D.
Chairman of Med. Staff.

Ordered received, filed and published.

By Ald. Kelly—Commissioner Englehardt from the Finance Committee presented the following report:

To the Board of Education:

GENTLEMEN—In accordance with the by-laws, rules and regulations of the board, the Finance Committee submit the following as a summary of the amounts necessary, for the maintenance and support of the Department of Public Instruction, for the school year commencing April 1, 1890. The requirements and needs of the public schools and the various considerations which enter into the estimates of the different funds, have been carefully gone over by the Finance Committee, with the assistance of the committee chairmen, and in view of the large and steady increase in the school population of the city, the total amount reported seems reasonable and proper.

The following is submitted as being the amounts required for the various funds:

Building Fund.....	\$125,000 00
Repair Fund.....	15,000 00
Teachers Fund.....	175,000 00
Contingent Fund—

Ordered received, filed and published.

By Ald. Sullivan—Resolved, That the Edison Electric Illuminating Company be, and hereby is, directed to comply with the terms of the above report of the Lamp Committee, relating to said company, when notified by the City Surveyor, and he is directed to make the proper notification. Adopted.

By Ald. Rauber—

To the Hon. the Common Council of the City of Rochester:

GENTLEMEN—Your Committee on Police, Excise and Markets, to whom was referred the resolution of the Police Commissioners, published a page 24 of the current proceedings, and by which resolution your honorable body is requested to authorize the appointment of twenty additional policemen for police duty, and nine additional men, as a detail for a second patrol wagon, also to make provision for such additional patrol wagon, and a house therefor, to be located on the east side of the river, would respectfully report:

We have carefully examined into the questions presented by said resolution, and into the needs of the city for the additional policemen and patrol wagon. It is true, that, owing to the rapid increase in the population of the city, and the marvelous operations in the building of homes on the outskirts of the city during the past few years, the officers and patrol wagon asked for would be of great service to our inhabitants.

It is also true, however, that such an increase in the police force, the providing of a site for a patrol house, the building of such a structure, the purchase of a wagon and the necessary horses therefor would involve an expenditure of upwards of fifty thousand dollars, which the taxpayers of Rochester would be called upon to pay, in addition to the other necessary running expenses of the city government during the present year.

Your committee, after a conference with the committee on finance, are of the opinion that the expenses of the police department should be curtailed as much as is consistent with the proper protection of the lives and property of our citizens, and that no unnecessary burdens should be placed upon the taxpayers of this city.

Three years ago, the Common Council authorized the appointment of twenty-five additional

policemen, and the present force, we think, can, by means of still better discipline, greater watchfulness and more untiring industry on the part of the already well trained guardians of the city's peace, be made so effective as to justify the saving of the large amount of money above mentioned. Your committee congratulate the Police Commissioners upon the present excellent deportment of the men under their charge and commend heartily the disposition displayed by the commissioners to bring about still greater improvements in their department. We cordially invite them to confer with your committee, from time to time, assuring them that we shall do all in our power to co-operate with them in their public-spirited efforts.

We believe, however, that the time has not yet come for the expensive innovations desired, and, accordingly, recommend that the consideration of the matters set forth in the resolution of the commissioners be deferred until next year.

Respectfully submitted,

STEPHEN RAUBER,
JOS. H. FEE,
WM. H. SULLIVAN,

Committee on Police, Excise and Markets.

By Ald. Kelly—

To the Hon. the Common Council of the city of Rochester:

GENTLEMEN:

Your finance committee, in submitting the annexed tax levy for 1890-1891, deems it but just to itself to call your attention to the reasons which exist for increasing the following funds over that of last year, viz:

The fund for the erection of school buildings, including the purchase etc., of the sites therefor, is increased to the extent of \$70,000, under the powers conferred upon you to do so by the charter and a recent act of the legislature, the latter authorizing an appropriation for that purpose to the extent of \$75,000, over and above the \$50,000 permitted by the charter. The overcrowded condition of the schools, and the rapid increase of the school attending population require additional school facilities, which can only be had by making an increase to the appropriation in the manner mentioned. The understanding which your committee has with the board of education is that, in consideration of said fund being so increased, said board will cause to be erected proper and suitable additions to public schools numbers 26, 29 and 30; new buildings and sites, one on the Hayward tract, in the Sixteenth ward, and the other in the Ninth or Fifteenth ward, to be known respectively as public schools numbers 33 and 34, and a new building, including the proper site therefor, near to, and to take the place of, public school number 10. The teachers' and contingent funds of the board of education are also increased upwards of \$20,000, so as to meet the future demands which your committee believes will be made upon them owing to the causes above mentioned.

The contingent fund is also increased \$65,000 to pay deficiency notes given under the direction of the common council of 1889-90.

The Grand Army of the Republic relief society under a law passed in 1887, and amended in 1888, has had its relief fund increased \$1,500 over that of last year, said amount of \$1,500 having been advanced to it last year out of the poor fund.

The city property fund is also increased \$3,500, owing to the insurance upon the school and other municipal buildings expiring this year, and requiring a renewal thereof to be made.

Notwithstanding the various increases made to the levy, your committee believes that, owing to the rapid increase in valuation, the tax rate will be less than it was last year, and that this healthy growth of our city, with its increased demands, and its corresponding increase for meeting them, is a matter for congratulation, rather than of complaint.

Your committee hereby gives warning to the various boards, officers and committees having the expenditure of the various funds mentioned in the annexed levy that the appropriations are made for the needs of the ensuing year, and that their expenditures must not exceed the amount of such appropriations, as no deficiency notes will be given during the year to meet any such increase.

Your committee, avoiding profligality on the one hand, and parsimony on the other, has sought to combine that degree of liberality and economy that will best subservise the interests of our city and its citizens.

Respectfully submitted,

J. MILLER KELLY,
JOSEPH H. FEE,
S. RAUBER,
T. MCMILLAN,
Finance Committee.

On motion of Ald. Kelly ordered received, filed and published as provided by section 81 of the City Charter and laid on the table until the next regular meeting.

By Ald. Kelly—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—Your Finance Committee begs leave to report that it has examined into the present conditions and requirements, as well as the future ones, of the water works, street and fire departments, and believes that a suitable barn or other building, including the proper site thereto, either one already built, or for the purchase of the proper site, and the erection of such barn or building thereon, within the city, of a sufficient capacity to properly house and keep the horses, and the storing or keeping of the various vehicles and other property belonging to said departments, is necessary for the maintenance of said departments and your committee believes that a due regard to said wants, and the interests of the community require that the Executive Board should be authorized to make a purchase of such land and building or such land and erect the proper building thereon, but not to cost, in the aggregate, beyond twenty-one thousand dollars, and that said board should be authorized to pay the cost thereof from and out of the amounts received for water rates, or from and out of the funds belonging to said water works, street and fire departments, in the proportion that each department may be benefited thereby, but it should be distinctly understood by the Executive Board that the purchase aforesaid shall not cause a deficiency in or an exhaustion of any amounts appropriated in the tax levy of this year for either or all of said departments.

Respectfully submitted,

J. MILLER KELLY,
JOSEPH H. FEE,
T. MCMILLAN,
S. RAUBER,
Finance Committee.

By Ald. Kelly—Resolved, That the consent of this common council be, and the same hereby is, given to the Executive Board of the city of Rochester to purchase an already constructed building, and the site thereto, or a proper site, and cause a proper building or barn to be erected thereon, for the purpose and wants specified in the foregoing report of the Finance Committee, but the aggregate cost thereof shall not exceed the sum of twenty-one thousand dollars, and that the expense thereof be paid from and out of the water

rates received by said board for the use of water by citizens, and if said board shall deem it necessary to pay said cost proportionately out of the moneys belonging at any time to the water works, fire and street departments, to the extent that each department is benefited thereby, but in no event shall any of said department funds be exhausted or a deficiency created therein, over and above the appropriations made therefor in the tax levy of this year. Adopted.

CITY ASSESSORS' OFFICE, }
ROCHESTER, N. Y., April 26th, 1890. }

To the Hon., the Common Council:

GENTLEMEN—In the year 1880 Bridget McCruden was assessed in the Eighth ward, east side of Plymouth avenue, on lot 133 and part of lot 134, 33 feet front and rear. In the year 1881 the assessors by mistake changed the frontage to 99 feet and it has been so assessed till this year. Mrs. McCruden has in this lot but the 33 feet, but was assessed in the Plymouth avenue bridge widening 99 feet, an excess of 66 feet, thus making her tax \$19.80 more than it should have been. She was also assessed in the year 1883 on the Genesee Valley outlet sewer 66 feet more than she had, making her tax \$45.20 more than it should have been, which she has paid. This amount should, in our opinion, be returned to her with interest from the time of payment.

Yours respectfully,

Ordered received, filed and published.

Allegations were called for, and after hearing all persons appearing, Ald. Kelly, submitted the following:

By Ald. Kelly—Resolved, That the assessment roll for Lake avenue asphalt improvement No. 3,568 be, and hereby is, in all things confirmed.

Adopted by the following vote:

Ayes—Tracy, Sullivan, McMillan, Fee, Rauber, Shelter, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly—12.

By Ald. Kelly—

To the Honorable the Common Council of the City of Rochester.

GENTLEMEN—On April 30, 1890, I received the annexed letter from the treasurer of the Dime Savings Bank of Brooklyn, the present owner and holder of Local Improvement Funding Loan Bonds, Nos. 61 to 90, inclusive, to the effect that said bank will extend the payment thereof for such period as may be agreeable to your honorable body, interest to be computed thereon, at the rate of 3 per cent. per annum; said rate of interest having been reduced from 4 per cent. to said 3 per cent. by a resolution adopted by your honorable body on June 28, 1887, and found on page 115, proceedings of 1887-8. The rate of interest is so low that I would recommend that the time of payment of said bonds be extended for the period of five years from July 1, 1890, reserving the right to the city, upon a previous notice of thirty days, of paying the same, or any of them, upon the first day of July of any year, beginning July 1st, 1892, and that the Mayor should be directed to enter into contract with said bank for such extension, and that I should be authorized to write or stamp upon each of said bonds as follows: "This bond is hereby continued to July 1, 1895, with the privilege to the city of Rochester of paying the same upon a previous notice of thirty days, upon July 1st of any one year, beginning on July 1st, 1892, and that the rate of interest thereon shall be at the rate of three per cent., per annum, payable as within mentioned, and that this extension is made at the request of the holder, and by authority of a resolution of the Common Council of the city of Rochester, passed May 6th, 1890.

Respectfully submitted,

V. FLECKENSTEIN, Treasurer.

DIME SAVINGS BANK OF BROOKLYN,
CORNER OF COURT AND REMSEN STREETS,
BROOKLYN, N. Y., April 28, 1890.

V. Fleckenstein, Esq., Treasurer, etc., Rochester, N. Y.:

DEAR SIR—Your letter of 26th inst. is received, and I have to state in reply that we shall be willing to renew or extend the bonds in question for \$150,000 at 3 per cent. per annum, for a time agreeable and convenient to the City of Rochester. Our record of the bonds agrees with your statement of them. Very respectfully,

J. W. HUNTER, Treasurer.

By Ald. Kelly—Resolved, That the Mayor be, and he hereby is, directed to enter into a contract with the Dime Savings Bank of Brooklyn for the purpose, and as is mentioned in the foregoing communication of the City Treasurer; the form thereof to be approved by the City Attorney before execution by the Mayor; and that the Treasurer be, and he hereby is, authorized to write or stamp upon each of said bonds the words or statement set out in such communication.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Shelter, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly—12.

By Ald. McMillan—

CITY ATTORNEY'S OFFICE,
ROCHESTER MAY 19th, 1890.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—On April 18th, 1890, Gustave Griebel, in his action against the city of Rochester, entered an order of the general term, affirming the order of the special term, directing the city to furnish a list of the water connection and sewers, with costs, and, on the same day, Ignatz Seltenmeyer entered an order of the general term, affirming an order of the special term, directing a judgment for an injunction in a sewer case to be entered, and also a judgment of said general term affirming the judgment entered upon said order of the special term, and on May 1st, 1890, an order was made by the special term, in the case of the city against John A. Davis and others, bondsmen, directing the city to furnish a bill of particulars.

I would, therefore, recommend that appeals be taken in the above matters, and that I should be directed by your honorable body to do so.

On April 12th, 1890, a judgment was entered in favor of the plaintiff in the case of Catherine Taylor against the city upon a verdict rendered by a jury, at the March 1890 circuit, said judgment being for damages \$450 and costs, \$164.89. The action was brought to recover damages by being thrown from a wagon caused by a hole in Genesee street. I think that the verdict is a very favorable one to the city, and therefore recommend the payment of the judgment.

CHARLES B. ERNST, City Attorney.

Ordered received filed and published.

By Ald. McMillan—Resolved, That the city attorney be, and hereby is, directed to take appeals in the matters and actions above mentioned, and that that portion of the report relative to the payment of the Catherine Taylor judgment, be and the same hereby is, referred to the law committee for examination and action. Adopted.

By Alderman Rauber.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN:—Your Committee on Police, Excise and Markets to whom was referred the resolution offered by Ald. Hall, May 6th, 1890, in reference to the payment of \$41.60 to Joseph A. Stroebel, being that portion of the money's paid for a saloon license and for which no benefit was derived on account of the ill health of said Stroebel, who was compelled to retire from business at the end of two months after said license was obtained, would respectfully report that we have investigated the matter above said forth, and accordingly recommend that said resolution be adopted after amending the same by adding at the end thereof—"and charge Poor Fund."

Respectfully submitted,

STEPHEN RAUBER,
JOHN U. SCHROTH,
WM. H. SULLIVAN,
LOUIS BOHRER.

Committee on Police, Excise and Markets.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Rauber, Lempert, Shelter, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly—12.

By Ald. Hall—Petition of J. B. Crawford to erect a wood building. Referred to the Wood Building Committee and Fire Marshal with power to act.

By the Clerk—

MONROE COUNTY COURT.—In the matter of opening an alley from York street to Hetzel's property, in the city of Rochester.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—The undersigned, who were appointed by an order of the Monroe County Court, duly granted on January 15th, 1890, and entered on the 15th day of January, 1891, commissioners to inquire into and determine what damages and compensation the owner or owners, tenants or occupants, (there being no tenants or occupants) of the lands to be taken for opening an alley from York street to Hetzel's property, in the city of Rochester, will be entitled to, respectfully report and certify their award of damages, as incident to the opening of said street, as follows:

All that tract or parcel of land situate in the city of Rochester, county of Monroe, and State of New York, being part of lot No. thirty-nine of the Granger, Sibley & Field tract. Beginning on the east line of York street at the southwest corner of land deceded by Barbara Meisch and husband to Addison Gardner by deed recorded in liber 339 of deeds, at page 182; thence easterly along the south line of said premises to the east line of said lot 39; thence southerly along said east line sixteen feet; thence westerly parallel with said south line of said Gardner's premises and sixteen feet distant therefrom to the east line of York street; thence northerly along the east line of York street to the place of beginning.

These premises were devised by Patrick Grehan, deceased, to Rev. James M. Early, as trustee, for the purpose of paying the rents, profits and increase of the property to his wife, Catharine Grehan, during her life, and at her death to pay over and transfer to his children, James Grehan and Mary Grehan, all of his said estate, and in case of the re-marriage of said wife, then said property should be sooner given to said children. The trustee has since died and no successor to him has been appointed.

These premises are subject to an undischarged mortgage made by said Patrick Grehan, under the name of Patrick Green, to Francis Lyndon, recorded in Liber 89, at page 323, and assigned by said mortgage to Patrick Lemon, recorded in liber three of assignments at page 540; said mortgage being given to secure \$100, and interest, and dated August 23, 1858.

Also, all that other tract or parcel of land, situate in the city, county and State aforesaid, known as part of lot No. seventy, of the aforesaid tract, beginning at a point in the west line of said lot 150 feet north from the south line thereof; thence easterly, parallel with said south line, thirty-three feet; thence southerly, sixteen feet; thence westerly, at right angles with the last mentioned line, thirty-three feet to the west line of said lot; thence northerly, along said west line, sixteen feet, to the place of beginning.

These premises are owned by Oscar Craig, as sole executor and trustees under the last will and testament of Addison Gardner, late of the town of Gates, in said county, deceased, and are subject to two mortgages, one from Charles Meish and wife to Mary E. Normington, recorded in liber 201, at page 193, and afterwards assigned to said Addison Gardner, in his lifetime, and the other from Barbara Meisch and husband to said Addison Gardner, recorded in liber 199, at page 334, owned by said trustee.

Also, all that other tract or parcel of land, situate in said city, county and State, being parts of lots Nos. 70 and 71 of the aforesaid tract, beginning at a point in the center of lot 70, one hundred and fifty feet north of the south line of said lot; thence running easterly, parallel with the south line of said lots 70 and 71 sixty-six feet; thence southerly, parallel

with the west line of said lot 71, a distance of sixteen feet; thence westerly, parallel with the south line of said lots 70 and 71, sixty-six feet, to the center of said lot 70; thence northerly, parallel with the east line of said lot 70, sixteen feet, to the place of beginning.

These premises are owned by George Ruby, and are subject to a mortgage from said George Ruby and wife to Fidelis Oberhalzer, trustee and treasurer of the Holy Redeemer Church, dated June 1, 1886, to secure the payment of \$5,000 and interest, and recorded in liber 279 at page 366.

Also, all that other tract or parcel of land situate in the city, county and State aforesaid, and being parts of lots numbers seventy-one and seventy-two of the aforesaid tract, beginning at a point in said lot 71, one hundred and fifty feet north of the south line of said lot, and thirty three feet east of the west line thereof, running thence easterly, parallel with the south line of said lots 71 and 72, to a point six feet east of the west line of said lot 72; thence south, parallel with the west line of said lot 72, sixteen feet; thence west, at right angles with said last mentioned line, to a point thirty-three feet east of the west line of said lot No. 71; thence northerly sixteen (16) feet to the place of beginning.

These premises are owned by James A. Daly and are subject to unpaid mortgages, one given by Luther H. Hovey and wife to the Mutual Life Insurance Company of New York, dated May 1, 1882, to secure the payment of \$5,000 and interest, and recorded in liber 215 at page 665, and another from James A. Daly and wife, to said insurance company, dated March 21, 1890, to secure the payment of \$7,500 and interest, and recorded in liber 329, at page 35, and appears to be subject to another mortgage made by Joseph Depo and wife to Hamilton Morrison, dated December 21, 1843, to secure the payment of \$1,652.17 and interest, and recorded in liber 35, at page 332.

Also, all that other tract or parcel of land situate in the city, county and State aforesaid, and being part of lot No. 72 of the aforesaid tract: Beginning at a point one hundred and fifty feet north of the south line and six feet east of the west line of said lot 72; running thence easterly, parallel with said south line thirty-three feet; thence southerly, parallel with the west line of said lot, sixteen feet; thence westerly, at right angles with said last mentioned line, thirty-three feet; thence northerly, sixteen feet, to the place of beginning.

These premises are owned by Alexander Heydecker and Sarah Heydecker, and are subject to two several mortgages given by said owners, one to the Rochester Savings Bank, dated May 21, 1886, to secure \$2,200 and interest, and recorded in liber 265, at page 218, and the other to The People's Permanent Savings and Loan Association, dated April 26, 1888, to secure \$6,900 and interest, recorded in liber 299, at page 231.

Therefore, we, the subscribers, the commissioners, having been duly sworn, as required by the statute in such case made and provided, and having all met and acted upon the matter submitted to us at the City Attorney's office, in the City Hall building, Rochester, N. Y., pursuant to a notice of at least ten days published according to law, and having taken a view of every part of the respective premises affected by this proceeding, and having inquired into and heard the allegations and proofs of the respective parties in interest, do, thereupon, determine and appraise the damages which the several owners, (there being no tenants or occupants other than such owners) of the several premises to be taken for the opening of said alley will severally sustain by being deprived thereof, and fix the damages which the aforesaid owners respectively shall receive therefor, as follows:

The award hereby made, after deducting all taxes and assessments which have become a lien upon the lands described, to be paid as hereinafter provided:

To the successor of the trustee under last will and testament of Patrick Grehan, deceased, when appointed by the Supreme Court for the parcel firstly above

mentioned, the sum of six hundred and forty dollars; the same to be deposited with the Monroe County Court, to the credit of said parcel of land in the above-mentioned proceeding.

To Oscar Craig, trustee of the last will and testament of Adison Gardner, deceased, owner of the land secondly above mentioned, and likewise owner of two hundred dollars, for said parcel or tract.

To George Ruby, for the parcel thirdly above mentioned, the sum of two hundred dollars, payable to said Fidelis Overholzer, trustee and treasurer of the Holy Redeemer Church, mortgagee, aforesaid.

To James A. Daily, for the parcel of land fourthly above mentioned, the sum of two hundred dollars, payable to the said Mutual Life Insurance Company of New York, mortgagee, aforesaid.

To Alexander Heydecker and Sarah Heydecker, for the parcel of land fifthly above mentioned, the sum of two hundred dollars, payable to the Rochester Savings Bank, mortgagee, aforesaid.

All of which is respectfully submitted.
Dated Rochester, N. Y., May 7, 1890.

D. KNAPP,
JOSEPH W. FRIEND,
EMIL LUDEKENS,
Commissioners.

Ordered received, filed and published.

By Ald. Bierbrauer—Resolved, That the next regular meeting of the Common Council, Tuesday evening at 7 o'clock, be, and is hereby designated, as the time when any objection to the report of the Commissioners in the matter of the opening of an alley from York street to Hetzel's property, in the city of Rochester, will be heard. By Ald. Kelly—

To the Honorable the Common Council of the city of Rochester, N. Y.:

The Rochester Railway Company hereby makes application for the right to construct, maintain and operate lines and branches of its railroad, to be operated by horse power or electric power, as follows, to wit:

A single track from the point on Court street where the railroad of said company turns from James street into Court street; thence along Court street to Chestnut street; thence along Chestnut

street to a point opposite James street, there connecting with the double track of said company extending from James street into Chestnut street.

A double track from the present tracks of the said company on West Main street opposite Elizabeth street; thence along Elizabeth street to Hill street; thence along Hill street to Ford street; thence along Ford street to Allen street.

A double track commencing at the intersection of Romeyn street with Grape street; thence along Romeyn street to Wilder street; thence along Wilder street to Saxton street; thence along Saxton street to West Maple street; thence along West Maple street to Pomeroy street:

Together with the necessary switches, turn-outs, sidings, cross-overs and suitable stands.

ROCHESTER RAILWAY COMPANY,

By J. N. BECKLEY, Secretary.

Ordered received, filed and published.

By Ald. Kelly—Resolved, That the application of the Rochester Railway Company for the right, privilege and franchise of constructing, maintaining and operating a street surface railroad, with double or single track as hereinafter stated, upon the streets and avenues hereinafter stated, which application has been duly made in writing by said company, be first considered by this board, at a meeting thereof to be held at the Common Council chamber in the City Hall building, on the 10th day of June, 1890, at 7 o'clock p. m.

The streets over, along, through and upon which said company desires to construct, maintain and operate the lines and branches of its railroad, are as follows:

A single track from the point on Court street where the railroad of said company turns from James street into Court street; thence along Court street to Chestnut street; thence along Chestnut street to a point opposite James street, there connecting with the double track of said company extending from James street into Chestnut street.

A double track from the present tracks of the said company on West Main street opposite Elizabeth street; thence along Elizabeth street to Hill street; thence along Hill street to Ford street; thence along Ford street to Allen street.

A double track commencing at the intersection of Romeyn street with Grape street; thence along Romeyn street to Wilder street; thence along Wilder street to Saxton street; thence along Saxton street to West Maple street; thence along West Maple street to Pomeroy street.

Together with the necessary switches, turn-outs, sidings, cross-overs and suitable stands.

It is further Resolved, That the City Clerk be and he hereby is directed to publish the notice of said application, required to be given, in the two newspapers which shall be designated by the Mayor of said city. Adopted.

By Ald. Kelly—Communication from the Hawthorne Terrace Association in relation to gas mains in Kenwood, Wellington and Warwick avenues. Referred to the Lamp Committee.

By Ald. Lewis—Petitions of H. Herman, John Ulscht, Wm. Kany, Mrs. Kate Burns and Sarah J. Richards to erect wood buildings. Referred to the Wood Building Committee and Fire Marshal with power to act.

Ald. Lewis presented a petition of the owners of more than one-half of the number of lineal feet front of all the land on Rundel park requesting this Common Council to levy a tax of ten cents per lineal foot upon all such land for the purpose of defraying the expenses of making the repairs and improvement of such park, according to the provisions of chapter 96 of the laws of 1880, as amended by chapter 410 of the laws of 1889, and assigning M. W. Rundel of this city to receive the amount of said tax, when collected, and thereupon moved the adoption of the following resolution:

By Ald. Lewis—Resolved, That the City assessors be, and they hereby are, directed to assess, and that there be assessed and levied a tax of 10 cents per lineal foot front upon all the land on said Rundel park, and that the same be inserted in the assessment rolls of such lands for the General City tax for 1890-1891, and be apportioned equally upon all the lands so on such park.

And the City Treasurer is hereby directed to pay the sums thus assessed, when collected by him, to said M. W. Rundel, of Rochester, N. Y., he being the person designated to receive the same by such owners:

And the clerk is hereby directed to transmit to said assessors and treasurer a certified copy of this resolution.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Schroth, Bohrer, Kelly, Lewis—14.

By Ald. Lewis—Petition for water mains on Laser street. Referred to the Water Works Committee and Executive Board. Also petition for improvement of Oxford street. Referred to the Surveyor to prepare an ordinance. Also remonstrance against the building of Alexander street railroad bridge. Ordered received and filed.

Adopted.

By Ald. Schroth—

REPORT OF THE COMMITTEE ON WOODEN BUILDINGS.

To the Common Council:

GENTLEMEN: Your Committee on Wood Buildings, to which was referred the petition of Mrs. A. C. Lockhart, for permission to erect a wood building on her premises on Plymouth avenue, also a remonstrance against the same, would respectfully report that they have examined the premises and surroundings and conclude that the prayer of the petitioner should be granted, and submit the accompanying resolution and recommend the adoption thereof:

Respectfully submitted,

JOHN U. SCHROTH,
 JOS. BIERBRAUER,
 LOUIS BOHRER,
 Committee.

ARTHUR McCORMICK, Fire Marshal.

Ordered received, filed and published.

By Ald. Schroth—Resolved, That Mrs. A. C. Lockhart be and hereby is, granted permission to erect a dwelling on her premises on Plymouth avenue in accordance with the prayer of her petition. Ald. McMillan moved that the report lay on the table. Lost.

The resolution was then adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, Fee, Rauber, Lempert, Shelter, Hall, Schroth, Bohrer, Kelly, Lewis—11.

Nays—Ald. McMillan, Selye—2.

By Ald. Kelly—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Your Finance Committee to whom was referred the investigation of the bill of the Union Trust Company of New York for transferring and registering bonds from July 1, 1889 to January 1, 1890, amount \$500, would respectfully report; that with the Treasurer they have examined into the matter and find that on May 22, 1877, as will appear upon page 50 of the proceedings of 1877-78, the Common Council adopted a resolution relative to the compensation to be paid to said Trust Company and in reference to the duties of the company in registering and transferring the city bonds, part of which resolution relative to said compensation reading as follows:

“As compensation for these duties the treasurer is hereby authorized to pay the said Trust Company a sum not to exceed one thousand dollars per annum, payable semi-annually, and to be remitted in the same manner and at the same time as the January and July interest, when such interest becomes due; and the said Trust Company shall upon

the first days of January and July of each year, charge the sum then due, for their services as transfer agents into the water loan interest account without rendering any special voucher therefor; and the treasurer, upon the receipt of the accounts current, hereinafter provided for, shall charge the amount included therein for such services to Contingent Fund.”

Under the above resolution it has been the custom of the city treasurer heretofore, without informing your honorable body thereof, to remit to the Trust Company semi-annually the sum of \$500 for their service as such transfer agent, a practice which your committee believes should cease, as it can perceive no good reason why the bills of the Trust Company should not be presented to, and audited by your honorable body, or its Finance Committee, and placed upon the finance budget for payment, as other claims against the city.

Your committee therefore recommends that the said bill be placed upon the next finance budget by the Clerk for payment and that such course be pursued with reference to similar bills of the company in the future.

Respectfully submitted,

J. MILLER KELLY,
 JOSEPH H. FEE,
 S. RAUBER,
 T. McMILLAN,
 Finance Committee.

Ordered received, filed and published.

By Ald. Kelly—Resolved, That the bill of the Union Trust Company of New York, mentioned in the above report of the Finance Committee be and the same is, hereby audited and approved and that the clerk place the same on the next finance budget for payment, and that all future bills of said trust company for similar or other services, be presented to this Common Council for audit and payment, the same as other claims against the city, and that the Treasurer be, and hereby is, forbidden to pay any such bill without first directed to do so by this Common Council. Adopted.

By Ald. McMillan—

To the Honorable the Common Council of the city of Rochester:

GENTLEMEN—Your Law Committee begs leave to submit the following as its report:

That Messrs. Henry J. Sullivan, Frank J. Hone, E. D. Smith, and William J. Burke be engaged in the several capacities as First Assistant City Attorney, Second Assistant Attorney, Stenographer and Clerk of and for the City Attorney for the year beginning June 1, 1890, at the several compensations heretofore fixed by your honorable body.

Your committee, in view of the large and constantly increasing amount of business in the City Attorney's office, believes that the above gentlemen should be retained.

Your committee would further recommend that the several judgments obtained, one by Lizzie L. Chapin, on February 24, 1890, for \$1,600 damages and \$151.97 costs, and the other by Catharine Taylor on April 12, 1890, for \$450 damages and \$164.89 costs, be paid, as the City Attorney has informed your committee that the amounts of the judgments are reasonable and as low as other juries would give, if new trials were had, which is very improbable.

Respectfully submitted,

T. McMILLAN,
 J. MILLER KELLY,
 JOSEPH H. FEE,
 S. D. W. CLEVELAND,
 Law Committee.

Ordered received, filed and published.

By Ald. McMillan—Resolved, That Henry J. Sullivan, Frank J. Hone, E. D. Smith and William J. Burke, be, and they hereby are severally, engaged as first assistant city attorney, second assistant city attorney, stenographer and clerk, of and for the city attorney for the year beginning on June 1st, 1890, their compensations to be as heretofore fixed by this board.

Adopted by the following vote.

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Hall, Bohrer, Kelly, Lewis—12.

Nays—Selye.
By Ald. McMillan—Resolved, That upon the certificate of the city attorney that proper satisfaction pieces of the judgments above mentioned have been filed with him, the clerk be, and he hereby is, directed to draw orders upon the city treasurer, payable from the contingent fund: One in favor of C. D. Kiehel Esq., attorney for Lizzie L. Chapin, above mentioned for one thousand seven hundred and fifty dollars and seventy-one cents, with interest thereon from February 24, 1890, to the date of payment in full of said Chapin judgment; and the other in favor of Myron T. Bly, Esq., attorney for said Catharine Taylor, for six hundred and twelve dollars and seventy-six cents, with interest thereon from April 12th, 1890, to the date of payment in full of said Taylor judgment.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Hall, Bohrer, Kelly, Lewis—12.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

MAYOR'S OFFICE,
ROCHESTER, N. Y., May 20, 1890. }

To the Hon. the Common Council of the city of Rochester.

GENTLEMEN—On April 7, 1890, I nominated as a member of the Board of Health of this city for one year Mr. E. B. Chace, and he was on that day confirmed by your honorable body. Mr. Chace has never, at any time since his nomination and confirmation, accepted or entered upon the performance of the duties of said office, but on the contrary he has been ever since, and now is, absent in a foreign land. In view of the above facts and reliance upon the opinion of the City Attorney, herewith presented, and a careful examination of the terms of the act under which the appointment was made, I deem it necessary to, and do therefore nominate, subject to your confirmation, Wm. E. Hoyt of Rochester, N. Y., as a member of the Board of Health of this city for the term of one year in the place and stead of Mr. E. B. Chace.

I would also take the liberty of calling your attention to the request made by the Civil Service Commissioners of this city, appointed by me, for a suitable compensation for their services as such, which the act, under which they were appointed, evidently contemplates they shall receive. I believe that their compensation should be fixed by your Honorable Body, and for that purpose I would recommend that a committee of your members be appointed by you to confer with the commissioners to the end that a suitable compensation be made to the commissioners by your Honorable Body.

WM. CARROLL, Mayor.

Ordered received, filed and published.

Hon. William Carroll, Mayor of Rochester:

MY DEAR SIR—You desire my opinion as to the validity of the appointment of a person as Commissioner of the Board of Health in place of Mr. E. B. Chace, who was appointed at the beginning of the present fiscal year, but who has not qualified as such Commissioner, by reason of his temporary absence in a foreign country.

Chapter two hundred and seventy of the laws of eighteen hundred and eighty-five, the act under which the Board was created, provides that the Mayor and Common Council may fill any vacancy in such Board of Health caused by the death, resignation, removal from the city or inability to act of any member thereof.

There can be no doubt that if a commissioner had been appointed, and had duly qualified, and his office should have become vacant by reason of any of the causes mentioned, the Mayor and Common Council would have power to fill the vacancy; and if this is so in the case of a commissioner who had entered upon the duties of his office, it is equally true in the case of a person who is a com-

missioner *de jure* only, and who has not qualified by taking the oath of office.

The object of the law plainly is to maintain, at all times, a full Board of Health Commissioners, so that the greatest possible safeguards might be thrown around the public health.

Whether or not a proper notice of appointment has been given does not enter into the consideration of the question, for if the giving of a notice were a condition precedent to the making of a new appointment, it might happen that by reason of a protracted absence from home of a majority, or even all of the appointees, no notice could be given, and the public would be deprived of the services of a Board of Health for a long period of time.

The only difficulty in arriving at a satisfactory solution of the question seems to be in determining what is meant by the phrase "inability to act," and while perhaps the Legislature did not contemplate or intend that a Health Commissioner should deny himself the privilege of a vacation, even to the extent of taking a trip abroad, the law-making power evidently did vest the Mayor and Common Council with the right and the duty of determining whether an "inability to act" exists in any case that might be brought to their attention. That discretion should not be abused nor exercised arbitrarily. But if it is properly employed, and with the purpose of conserving the good and safety of the people, the judgment of the appointing power will, I think, not be disturbed by the courts.

Yours respectfully,

CHARLES B. ERNST, City Attorney.

Ordered received, filed and published.

Ald. Kelly moved that the nomination of Mr. Hoyt be confirmed.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Schroth, Bohrer, Kelly, Lewis—14.

By the Clerk—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—At a regular meeting of the Exempt Firemen's Association held on May 7th, the following resolutions were adopted:

Respectfully yours,

E. A. JAQUITH, Secretary.

Whereas, The Elmira Telegram of May 4, 1890, contained serious charges against the methods and management of the trustees of the benevolent fund of the Rochester Fire Department; and,

Whereas, The Exempt Firemen's Association has frequently had occasion to criticise the said trustees, and has frequently complained of such mismanagement; and,

Whereas, By such publication in the Telegram, the notice of the general public is now drawn to the doings of this close corporation, thus giving some hope that old and worn out veterans of the fire department may now get the hearing which has been denied to so many of them by said trustees; therefore,

Resolved, That the Common Council be, and it is hereby, requested to appoint a committee to investigate the said charges against the trustees, so published in the Elmira Telegram.

Resolved, That the Exempt Firemen's Association will cordially extend every assistance in its power to the Common Council in such investigation.

FRED. B. WATTS,

M. DUFFY,

GEO. W. ALDRIDGE,

Committee on Resolutions.

Ordered received, filed and published.

Ald. Kelly moved that a committee of three members of this board be appointed to investigate the affairs of the Exempt Fireman's Association and report back to this board. Adopted.

OFFICE OF THE OVERSEER OF THE POOR,
ROCHESTER, May 20, 1890.

To the Hon. the Common Council of the City of Rochester:

GENTLEMEN: In the case of Henry Leien, an idiot confined in the Monroe County Insane Asylum, and whose support has been charged to the city of Rochester, I would state that I learned that said Leien's parents died leaving him in the neighborhood of \$1,300. A committee was duly appointed and through said committee I have recovered the sum of \$534.62, said sum being for board in the Monroe County Insane Asylum from November 5, 1885, to October 1, 1889, with interest, which amount I have deposited in the Monroe County Savings Bank. Respectfully,

B. RITZENTHALER,
Overseer of Poor.

Ordered received, filed and published.

POLICE COMMISSIONERS' OFFICE,
ROCHESTER, May 20, 1890.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—At a meeting of the Police Commissioners, held May 15, 1890, a communication was received from the Mt. Hope Commissioners, asking that eight picked men from among their employees be sworn in as special policemen, to do duty on Mt. Hope Cemetery grounds, without being obliged to file a bond, as the property is entirely under the control of the Common Council.

In accordance with the request of the Mt. Hope Commissioners, the Police Board would respectfully recommend the passage of the following resolution:

Respectfully,

B. FRANK ENOS, Clerk.

By Aid. Rauber—Resolved, That the Police Commissioners be and are hereby authorized to appoint employees, as selected by the Mt. Hope Commissioners, special policemen, to do duty on Mt. Hope Cemetery grounds, without filing bonds.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Schroth, Bohrer, Kelly, Lewis—14.

OPENING A STREET FROM CLIFFORD STREET TO AVENUE A.

By Ald. Bohrer—Resolved, That the following improvement is necessary, and we hereby judge that the public good requires the same to be done, viz: The opening of a street forty (40) feet in

width, from Clifford street to Avenue A, and lying between Conkey avenue and Clinton street.

The east line of the proposed street to be the east line of lot No. 10 of the assessors subdivision and supposed to belong to Arpoonia Schreiner, and the east line of lot No. 300 of the Rochester Co-operative Building Lot Association and supposed to belong to James Rockett. The west line, to be parallel with and forty (40) feet west of the above described east line.

The territory necessary to be taken therefor, is all the land lying between the above described east and west lines of said street, and bounded on the north by Avenue A, and on the south by Clifford street.

Resolved, Further, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expenses thereof, viz.:

Lots Nos. 259, 301 and 302 of the Rochester Co-operative Building Lot Association and supposed to belong respectively to Delia Stewart, Wm. A. Killip and Cornelius A. De Bruyn.

Also all that portion of the assessors subdivision of original town lot No. 43, known as lot No. 8, supposed to belong to Sudgarter Englert, the southeast corner of lot No. 9, supposed to belong to Henry Klingler and wife, the remaining part of lot No. 9, supposed to belong to Conrad Gerstner, that portion of lot No. 10, lying west of and adjoining the proposed new street supposed to belong to Apollonia Schreiner, and lot No. 11, supposed to belong to George Selbig as they exist at the date of the passage of this ordinance in proportion to the benefit which each will derive therefrom.

And the Clerk is hereby directed to publish notice in pursuance of Title, VII, Section 172 of the Revised Charter of 1880, of the City of Rochester, that all persons interested in the subject matter of said improvement, are required to attend the Common Council, on Tuesday evening, June the 3d, 1890, at 7 o'clock, at the Common Council Chamber, when allegations will be heard.

Adopted.

OPENING A STREET FROM MAPLE STREET TO CAMPBELL STREET.

By Ald. Bohrer—Resolved, That the following improvement is necessary, and we hereby judge that the public good requires the same to be done, viz:

The opening of a street thirty-five (35) feet in width, from Maple street to Campbell street, between Centennial street and Ames street. The east line of said street to be the east line of lot No. 95 of the assessors subdivision of a part of the German tract, supposed to be owned by Phillip Ebertz and wife, and a continuation of said east line northerly to Campbell street. The west line of said street to be parallel with and thirty-five (35) feet west of said described east line. The territory deemed necessary to be taken for said street, is a strip of land lying between said described east and west lines, bounded on the south by Maple street and on the north by Campbell street.

Resolved, further that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

The following lots and parts of lots of the assessors subdivision of a part of the German tract and described as follows: Part of lot No. 95 supposed to belong to Phillip Ebertz and wife; part of lot No. 94 supposed to belong to Margaret Lingl and husband and Elizabeth Aha; lot No. 97 supposed to belong to Joseph Klier and John Kase; part of lot No. 98 supposed to belong to Joseph Hoffman and Mary Guerinot; lot No. 99 supposed to belong to Joseph Ruff and the heirs of Lewis Spitz, and the south part of lot No. 100, supposed to belong to the heirs of Lewis Spitz, as they exist at the date of the passage of this ordinance, in proportion to the benefit which each will derive therefrom.

And the Clerk is hereby directed to publish notice in pursuance to title VII, Section 172 of the Revised Charter of 1880, of the City of Rochester, that all persons interested in the subject matter of said

improvement, are required to attend the Common Council on Tuesday evening, June the 3d, 1890, at 7 o'clock, at the Common Council Chamber, when allegations will be heard.

Adopted.

NORTH ST. PAUL STREET ASPHALTIC IMPROVEMENT.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving North St. Paul street.

Adopted.

The Surveyor submitted as such estimate, \$52-500.

By Ald. Shelter—Resolved, That the following improvement is necessary, viz.:

The improvement of North St. Paul street from the south line of Lowell street to the north line of Avenue E by the construction of an asphaltic pavement between the limits mentioned with a line of curbstones on each side thereof, properly connected with all lateral streets, alleys and driveways, in accordance with the following design: The present curbstones and the lines they represent between Avenue E and Scrantom street to be maintained as they now exist, except that at the angle opposite the Huntington property, the curve in each curb line shall be straightened and extended by moving each curb line 10 feet easterly at a point opposite the center of the present curves; the curb line on the east side of the street south of Scrantom street, to be located 20 feet west of the east line of the street; the curb line on the west side of the street south of Scrantom street to remain as it now exists east of the main line of the street car tracks, curbstones to be reset where necessary and new Medina stone curbs to be supplied where good Medina stone curbs do not now exist, to include also the necessary examination, cleaning and repair of all main sewers, the construction of all necessary manholes, surface and lot lateral sewers, gas and water services, also the removal of the iron fence and retaining wall on the west side of the street, opposite Scrantom street, and the construction of a new retaining wall, located so that the street at that point may be widened to its full width and the iron fence be re-erected on the true street line, also the construction of a flagstone walk opposite said retaining wall and iron fence.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$52,500, which estimate is hereby approved.

Resolved, Further, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of North St. Paul street from the south line of Lowell street to Avenue E, formerly known as Tower street.

And the Clerk is hereby directed to publish notice in pursuance of Title VII, Section 172 of the Revised Charter of 1880, of the City of Rochester, that all persons interested in the subject matter of said improvement, are required to attend the Common Council, on Tuesday evening, June the 3rd, 1890, at 7 o'clock, at the Common Council Chamber, when allegations will be heard.

Adopted.

AVENUE B PLANK WALK.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a plank walk on Avenue B.

Adopted.

The Surveyor submitted as such estimate \$190.

By Ald. Shelter—Resolved, That the following improvement is necessary, viz.:

The construction of a hemlock plank sidewalk 4 feet in width, on the south side of Avenue B, from Conkey avenue to Hollenbeck street, except where good flag or plank walks, at least 4 feet in width, now exist, which walks shall be relaid if not conforming to the proper grade and alignment. Also, the necessary sidewalk grading and gutter formation.

And, Whereas, The City Surveyor, under the direction of this Council, has made an estimate of the whole expense thereof, and reports the same at \$190, which estimate is hereby approved.

Resolved, further, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on the south side Avenue B, from Conkey avenue to Hollenbeck street, in proportion to the benefit which each will derive therefrom.

And the Clerk is hereby directed to publish notice in pursuance of Title VII, Section 172 of the Revised Charter of 1880, of the city of Rochester, that all persons interested in the subject matter of said improvement, are required to attend the Common Council on Tuesday evening, June the 3d, 1890, at 7 o'clock, at the Common Council Chamber, when allegations will be heard.

Adopted.

OXFORD STREET BRICK PAVEMENT IMPROVEMENT.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Oxford street.

Adopted.

The Surveyor submitted as such estimate, \$30,000.

By Ald. Shelter—Resolved, That the following improvement is necessary, viz.:

The improvement of Oxford street from Park avenue to the South line of the Sibley property, near the north end of Nicholas park, by constructing two roadways of brick pavement, with Medina stone curbs on each side thereof; also the necessary crosswalks, surface sewers, manholes, water and gas services, and such an amount of cement flag-walk as may be necessary to properly connect the cross walks with existing flag walks; also the cleaning of any portion of the main sewers if found necessary. The design of the improvement being the construction of five small parks with a roadway on the outside thereof, according to plans on file in the office of the City Surveyor; width of parks to be each 22 feet; width of roadways between curbs to be each 17 feet, except between the ends of said parks.

And, Whereas, The City Surveyor, under the direction of this Council, has made an estimate of the whole expense thereof, and reports the same at \$30,000 which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Oxford street from Park avenue to the south line of property belonging to the estate of Hiram Sibley, near the north end of Nichols park, in proportion to the benefit which each will derive therefrom.

And the Clerk is hereby directed to publish notice in pursuance of Title VII, Section 172 of the Revised Charter of 1880, of the City of Rochester, that all persons interested in the subject matter of said improvement, are required to attend the Common Council, on Tuesday evening, June the 3rd, 1890, at 7 o'clock, at the Common Council Chamber, when allegations will be heard.

REPORTS OF STANDING COMMITTEES.

By Ald. Bierbrauer—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Your Park Committee, to whom was referred the petition of property owners on the east side of Jones street, praying that the Rochester Railway Company might be permitted to construct one track along the east side of Brown's square, where the present sidewalk is now located, and to place its other track on the west side of Jones street, as near to said square as the same can be laid, hereby reports:

It appears that nearly all of the property owners on the east side of Jones street, opposite Brown's square, desire that the new line of the Rochester Railway Company, extending down Jones street to Saratoga avenue, should be so constructed and operated as to have one of its tracks as near the east side of Brown's square as possible, and the other of said tracks where the sidewalk on the east side of Brown's square is now located.

The carrying out of this plan would give a wide roadway in Jones street, east of the tracks of the company, and would not, in any wise, interfere with the beneficial use by the people of the city of Brown's square.

Your committee has given this matter careful consideration, and is of the opinion that the prayer of the property owners upon Jones street should be granted, and that the railway company should be allowed to construct its railroad as hereinafter set forth, to wit:

By placing one of its tracks as near as possible with reference to successful operation, to the east side of Brown's square, along Jones street, and the

north side of Brown's square along Jay street, and by placing its other track where the sidewalk is now located, along the eastern part of Brown's square, parallel with Jones street, and across the northeastern corner of Brown's square and to a point opposite Saratoga avenue, formerly called Bolivar street, so as to connect with the westerly track, extending from Bolivar street into Jay street, but that said Company, as a condition of the granting of these rights, should be required to remove the present sidewalk on Brown's square, parallel with Jones street, and relay the same west of its present location, as shall be designated by this committee, and remove and relay the sidewalk in the northerly portion of Brown's square as shall be designated and approved by this committee, and that the work of laying the tracks and making the improvement herein provided for shall be done by said Company in such manner as shall be approved by this committee and by the City Surveyor.

Respectfully submitted,

JOS. BIERBRAUER,
JOSEPH H. FEE,
LOUIS BOHRER,
WM. H. TRACY,

Park Committee.

Ordered received, filed and published.

By Ald. Bierbrauer—Resolved, That permission be and hereby is granted to the Rochester Railway Company to construct, maintain and operate one track along the eastern portion of Brown's square where the sidewalk in said eastern portion now is, and along and across the northern portion of Brown's square, in such manner as to connect the westerly track of said company in Saratoga avenue, formerly called Bolivar street, with said track to be laid in Brown square, but this consent is given upon condition that said railway company shall if required by the Park Committee, remove and re-set the fence on the eastern and northern boundary of Brown's Square, as they shall designate, remove and relay the sidewalk on the eastern and northern portions of Brown's Square as shall be designated by the Park Committee; re-grade the portion of Jones street and Jay street bounding on said square, according to the plan which shall be approved by the Executive Board and the City Surveyor, and re-lay the present track in Jones street and Jay street, so that the same shall be as near Brown's square as the same can be and allow successful operation of the railroad, all of which shall be done without expense to the city of Rochester, and under the direction and with the approval of the Park Committee of this Board.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, Fee, Rauber, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—14.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By Ald. Selye—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—The Rochester Railway Company hereby represents:

Soon after this company presented its application for the consent of the city of Rochester to the construction, maintenance and operation of certain extensions of its lines in said city, it came to the knowledge of the officers of this company that some residents of said city were opposed to the construction and operation of a street railroad across the bridges which were included in said application; such bridges being Driving Park avenue bridges, the Vincent place bridge, Platt street bridge and Alexander street bridge.

The general plan of this company with reference to extensions of its lines has been for some time well known to the people of this city. This company intends by the construction of the extensions of its lines to provide a system of street railway service which will afford the people of this city rapid transit from every section of the city to

every other section. In order to carry out the plan of the company it is necessary that at least ultimately lines of this company shall be constructed and operated across the bridges spanning the Genesee river. For instance, there is a very large population east of the river and north of the New York Central & Hudson River Railroad Company's tracks who are now required, in order to reach the Holy Sepulchre Cemetery and the Lake avenue line to take cars which carry them to or near to the Four Corners. A large number of the people residing in the section referred to bury their dead in, and have frequent occasions to visit, the Holy Sepulchre Cemetery. It seemed to the company to be a hardship to those people to be compelled to reach the Holy Sepulchre Cemetery from the location of their homes in the northeastern part of the city, by the way of Main street and State street. The purpose of the company was to run a certain number of its cars across the Driving Park avenue bridge and connecting with the lines of railroad running into the northeastern part of the city so as to give the people residing there the means of quick transportation to the Holy Sepulchre Cemetery. We speak of this simply by way of illustration of the necessity of a line being constructed and operated across Driving Park avenue bridge.

Some of the members of your honorable body, however, suggested to the officers of this company, soon after the application was presented, that as all of the bridges named, except Vincent place bridge, will not be ready for use for some months, the consideration of the application of the company, so far as the bridges are concerned, ought to be deferred until the people have become accustomed to the operation of electric cars in the streets of this city. The officers of this company thereupon stated that it would suggest and agree to the postponement of consideration of its application so far as the bridges were concerned.

This company does not intend to in any way unduly urge the grant of the right to run its cars across the bridges. It prefers that the people should have an opportunity to decide the question of the necessity of occupying the bridges, and that its decision should be reached after having experience with the operation of electric cars in the streets of this city.

This company now expects to have at least one of its lines electrically equipped and in operation early in July. We would, therefore, suggest that the consideration of the application of this company, so far as relates to the operation of cars upon the bridges, be postponed until the first regular meeting of this board in August, by which time our people will have become familiar with the operation of electric cars and will be better qualified to pass upon the question of granting to this company the right to cross bridges with its lines of railroad. Respectfully submitted,

ROCHESTER RAILWAY COMPANY,

By JOHN N. BECKLEY, Secretary.

UNFINISHED BUSINESS.

Action on the application of the Rochester City & Brighton Railroad for extension of its lines and found at page 20 current proceedings, came up, and Ald. Kelly presented the following:

By Ald. Kelly—Whereas, The Rochester Railway Company heretofore duly presented to the Common Council its application in writing for the consent of the city of Rochester to the construction, maintenance, operation and use of branches and extensions of its railroad on the surface of the soil through, along and upon streets and avenues hereinafter named, and due notice of the time when and place where such application would be first considered has been duly given as required by law, the time and place as aforesaid being at this meeting of the Common Council at the City Hall building in the city of Rochester, N. Y.; and due consideration having been given to such application, it is therefore

Resolved, That the consent of the city of Rochester be and hereby is given to the Rochester Railway Company to construct, maintain and operate

and use a railroad and certain extensions, branches and lines of railroad on the surface of the streets through, upon and along the following named streets, to wit:

A double or single track at the option of said company, as follows:

Mt. Hope avenue, from the present terminus of the track of this company opposite the entrance to Mt. Hope cemetery, to Highland avenue.

From the intersection of Linden street with South avenue along South avenue to the intersection of Oakland street with South avenue.

West Alexander street from the center line of Pinnacle avenue to the westerly line of Mt. Hope avenue.

From the easterly end of the tracks of said company as now constructed on East Main street, eastwardly on East Main street to the city line of said city.

From the intersection of East Main street and Goodman street, northerly along Goodman street to Jennings street.

From the intersection of Scio street with German street, and thence westerly along German street to North avenue.

From the intersection of North St. Paul street with Clifford street, easterly on Clifford street to Goodman street.

From the present terminus of the track of the company on North avenue, northerly on North avenue to the north line of said city.

From the present northerly terminus of the tracks of said company on Hudson street, northerly on Hudson street to the north line of said city.

From the intersection of Hayward park with St. Joseph street, northerly on St. Joseph street to the north line of said city.

From the intersection of North Clinton street with Hayward park, northerly on North Clinton street to the north line of said city.

From the northerly terminus of the tracks of said company on North St. Paul street, northerly on North St. Paul street to the north line of said city.

From the intersection of Driving Park avenue with the boulevard, being the street bounding the lands of the Rochester Driving Park Association on the east, eastwardly along Driving Park avenue, to the center line of Lake avenue.

From the intersection of Driving Park avenue with Thrush street; thence along Driving Park avenue to the boulevard, being the street bounding the lands of the Rochester Driving Park Association on the east; thence along such boulevard to the northerly end thereof; thence along such street as may be opened as an extension of such boulevard northerly to the north line of the said city.

From the present westerly terminus of the tracks of this company on Lyell avenue westerly along Lyell avenue to the west line of said city.

From the present western terminus of the tracks of said company on Jay street westerly to the west line of said city.

From the present western terminus of the tracks of said company on West avenue westerly along West avenue to the west line of said city.

From the center line of West avenue opposite Genesee street, thence southerly to and along Genesee street and the Scottsville road, so-called, to the southerly line of said city.

From the intersection of Bronson avenue with Jefferson avenue westerly along Bronson avenue to Genesee street; thence across Genesee street and along the street extending westerly and being the westerly extension of Bronson avenue, and along the street to be opened in extension of Bronson avenue, and along the street connecting with such extension to Chili avenue and along Chili avenue westerly to the west line of said city.

From the present southerly terminus of the track of said company on Plymouth avenue southerly along Plymouth avenue and the river road to the northerly entrance of that portion of the public park of the city of Rochester lying west of the Genesee river and north of Elmwood avenue.

From the intersection of Lyell avenue with Cameron street thence along Cameron street to Otis

street; thence along Otis street to Gates avenue; thence along Gates avenue to Emerson street, together with the necessary switches, sidings, turnouts and suitable stands for the convenient working of the railroad upon the express condition that the provisions of chapter 252 of the laws of 1884 pertinent thereto shall be complied with.

Allegations being called for and no one appearing the resolution was adopted by the following vote:

ROCHESTER RAILWAY COMPANY,

ROCHESTER, N. Y., May 27, 1890.

Ald. J. Miller Kelly:

DEAR SIR—Your letter asking within what time the Rochester Railway Company must construct extensions of its lines granted by the Common Council, is duly received.

In reply, I would state that chapter 252 of the laws of 1884 provides that any consent given by the local authorities of any city in this State to a railroad company to construct, maintain and operate a street surface railroad, shall cease and determine at the expiration of one year thereafter, unless prior to the expiration of such period the company obtaining the consent shall have filed the consent of the requisite amount in value of property owners to the construction, maintenance and operation of the line. (Section 4).

It is further provided, that in case any railroad corporation shall not commence the construction or extension of its road within one year after it has acquired the consent of the local authorities and property owners, and shall not complete the same within three years after obtaining such consents, its rights, privileges and franchises acquired under the provisions of the acts referred to, shall cease and determine.

I think the foregoing fully answers the letter and spirit of your inquiry.

I am, with great respect, very truly yours,

J. N. BECKLEY,

Secretary Rochester Railway Company.

Ordered received, filed and published

By Ald. Selye—Whereas, The Rochester Railway Company heretofore duly made its application in writing to the Common Council for the right to construct, maintain and operate a double track or single track railroad, at its option, along and upon certain streets and across certain bridges, now constructed and hereafter to be constructed, within the city of Rochester; and,

Whereas, This Common Council duly fixed a time when and place where it would first consider such application, which time and place was at this meeting of the Common Council at the Common Council Chamber in the City Hall Building; and,

Whereas, Said application has been duly considered at the time and place duly fixed therefor, after due notice being had of the time and place for said first consideration; and

Whereas, This Common Council, by resolution, has granted to said company the right, privilege and franchise of constructing, maintaining and operating lines, branches and extensions of its railroad upon certain streets and avenues of the city of Rochester; and

Whereas, Some opposition has been made to the grant of the right, privilege and franchise of constructing and operating the railroad of said company across said bridges; and

Whereas, Three of such bridges, to wit: The Driving Park avenue bridge, the Platt street bridge and the Alexander street bridge, will not be completed for some months from this time, and the public good does not therefore require immediate action upon the application of said company with reference to the construction of its road across said bridges; it is therefore

Resolved, That the consideration by this board of the application of said company for the consent of the city of Rochester to the construction, maintenance and operation of its railroad across the

bridges aforesaid be, and hereby is, postponed to the first regular meeting of this board to be held in the month of August, 1890. Adopted.

MISCELLANEOUS BUSINESS.

By Ald. Hall—Resolved, That the use of the City Hall be and it is hereby given to Rochester Shoe Council on Wednesday evening, June 4th, for the purpose of holding a convention or council therein. Adopted.

By Ald. Selye—Resolved, That the Executive Board be authorized and requested to negotiate for the purchase of land necessary to be taken for the opening and extension of Backus avenue as contemplated by final ordinance No. 4,076, adopted May 20th, 1890, and report the result of such negotiations to this board. Adopted.

By Ald. Selye—

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, May 27th, 1890. }

To the Common Council:

GENTLEMEN:—The Executive Board, pursuant to a resolution adopted by your honorable body May 27th, 1890, respectfully reports that it has negotiated with the owner of the lands necessary to be taken for the opening and extension of Backus avenue, and solicited a price from him therefor, and has received the following proposition:

Wm. N. Emerson, by Frank W. Emerson, his attorney, for lot No. 15, Emerson street, the only lands necessary to be taken.....

\$1,200 00

The Executive Board deems the above price reasonable for the property which it is proposed to purchase for the purpose designated in the ordinance. Hereto annexed is the option submitted by Mr. Emerson.

Respectfully submitted.

THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Selye—

OPTION ON LOT ON EMERSON STREET.

For a valuable consideration I do hereby agree to give to the city of Rochester a good and sufficient warranty deed of lot No. 15 on the south side of Emerson street, for the purpose of opening Backus avenue to Emerson street, on the payment of twelve hundred (\$1,200) dollars by Horton L. Fowler and others (property owners on Emerson street) provided the Rochester Railway Company purchase the property of Levi Hey adjoining said lot No. 15, and deeds it to the city of Rochester for the same purpose specified herein.

This option is to hold in force until the 15th of May, 1890, and if the condition imposed upon said Fowler and others and the said Rochester Railway Company are not fulfilled before or at that date, this instrument shall be void.

This option is extended to June 1st, 1890, with the provision that in case said lot No. 15 is purchased as herein stated, and the amount is raised by local assessment. The lands of said Wm. N. Emerson shall be exempt from assessment for the opening of Backus avenue to Emerson street.

WM. N. EMERSON.

By FRANK W. EMERSON, his Attorney in fact.

Ordered received, filed and published.

By Ald. Selye—Resolved, That the owner of the land property necessary to be taken and acquired for the opening and extension of Backus avenue, under final ordinance No. 4,078, adopted May 20, 1890, will sell the same, as stated in the foregoing report of the Executive Board, is satisfactory to and declared reasonable by this Common Council and is hereby approved, and that the mayor be and he hereby is authorized and directed to enter into a contract with the owner thereof for the purchase by the city of said lands at the price contained in the report of the Executive Board aforesaid; said contract to provide that said amount be paid within four months after the confirmation of the assessment roll for said improvement, and the contract to be drawn in accordance with the provisions of the city charter and approved by the City Attorney, and to provide that proper abstracts of the title to the property and lands, and of taxes and assessments thereon, shall be presented to the City Attorney for his approval, showing that said lands are free from all liens and incumbrances at the time of the execution and delivery of the deed thereof; and further

Resolved, That in accordance with the final ordinance for said improvement the deed of such lands may specify that in consideration thereof the lands of said grantor situate upon said street shall be exempted from the assessment for said improvement.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, Fee, Rauber, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—14.

By Ald. Selye—

To the Honorable, the Common Council of the City of Rochester.

By the clerk—

MAYOR'S OFFICE,
ROCHESTER, N. Y., May 29, 1890.

Peter Sheridan, City Clerk:

DEAR SIR—Please call a special meeting of the Common Council for Saturday, May 31st, at 10 o'clock a. m., at the Common Council chamber, for the purpose of action on the finance budget.

WILLIAM CARROLL, Mayor.

Ordered received, filed and published.

By unanimous consent Ald. Kelly submitted the following:

To the Law Committee of the Common Council:

GENTLEMEN—You have referred to me the matter of the order of the Special Term directing the city to furnish a bill of particulars in the case of the city of Rochester against John A. Davis and others, and requested my opinion as to the advisability of taking an appeal from such order.

After the order was made, my associates and I conferred together, and came to the conclusion that, inasmuch as the order required things to be done that would be impossible of performance, and that the evident purpose of the application for the order was delay and not enlightenment regarding the affairs of the treasury matter, the order should be appealed from, and we so advised you at a recent meeting.

I know of no reason why we should change our opinion in that respect. The order requires the city to furnish a statement, giving the precise dates on which the various sums of money, wrongfully taken from the treasury, were abstracted during the four years set forth in the complaint, and the mandate of the court will, if not reversed, preclude the city from giving evidence upon the trial of any of the allegations of the complaint, as specified in such bill of particulars. It is needless to say that such an order cannot be complied with. And, if a bill of particulars were furnished, not in accordance with the order, a motion would certainly be made for a further order in the premises. If that motion should be denied, the defendants would appeal, and if it should be granted the city would be in no better position than she is to-day. De ay would ensue in any event, and by taking an appeal now matters would be expedited, in my opinion, more readily than by pursuing any other course. I think we should succeed on an appeal. The courts have held that where the facts desired are in the possession of the party moving for a bill of particulars, or where it appears that the motion is made for the purpose of delay, or with the object of procuring evidence and not the facts necessary to enable the defendant to answer the complaint, the order is not proper.

The defendants in this case certainly know as much as the plaintiff concerning the transactions of the late treasurer. They know more. The defalcation is a universally admitted fact. Mr. Davis has pleaded guilty to the indictment of the grand jury and turned over to his bondsmen all his property. It seems to me that we cannot fail to convince the General Term of the soundness of our position, and, entertaining that belief, I recommend again that we should be instructed to take the appeal. Respectfully submitted,

CHAS. B. ERNST, City Attorney.

Ald. Kelly moved—That the city attorney be directed to take appeal from the order of the special term, directing the city to furnish a bill of particulars in the case of the city of Rochester against John A. Davis and others, as recommended in the above communication. Adopted.

By Ald. Bierbrauer—Petition for electric light in Dengler street. Referred to the lamp committee. By unanimous consent Ald. Hall submitted the following:

By Ald Hall—Resolved—That the Executive Board be and is hereby authorized and directed to extend a suitable water main in North Union street, from Augusta street to the N. Y. C. & H. R. railroad in advance of the Medina stone improvement now in progress. The estimated cost is \$200. Adopted.

On motion of Ald. Shelter, the City Surveyor was directed to prepare an ordinance for sweeping and cleaning Brown street.

FINANCE BUDGET NO. 7.

ROCHESTER, N. Y., May 31, 1890.

By Ald. Kelly—Resolved, That in pursuance of Section 58 of the City Charter, the City Clerk be and he hereby is directed to draw warrants on the City Treasurer in favor of the Executive Board and that the City Treasurer be and he hereby is directed to pay said warrants when there are funds applicable, and charge the proper funds as follows:

EXECUTIVE BOARD DEPARTMENT, ()
ROCHESTER, May 29, 1890. ()

To the Common Council:

The accompanying payrolls, as per the following statement, having been lawfully contracted, examined, audited and settled by this Board, are hereby certified to your honorable Board for payment, pursuant to Sec. 148 of the City Charter. Respectfully submitted,

THOS. J. NEVILLE,

Adopted by the following vote:

Ald. Sullivan, Fee, Rauber, Lempert, Shelter, Hall, Bierbrauer, Judson, Kelly, Lewis—10.

On motion of Ald. Kelly the Board then adjourned.

F. J. IRWIN, Acting Clerk.

In Common Council—June 3, 1890.

REGULAR MEETING.

Ald. Wm. H. Tracy, President of the Board, presiding.

Present—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—16.

APPROVAL OF MINUTES.

The minutes of the preceding meetings were approved as published in the book of proceedings.

PRESENTATION OF PETITIONS, ACCOUNTS, &C., AND THEIR REFERENCE.

By Ald. Tracy—Petition of Protective Fire Company to erect a wood building. Referred to the Wood Building Committee and Fire Marshal, with power to act.

By Ald. Sullivan—

To the Hon. the Common Council of the City of Rochester:

Your petitioner would respectfully state, that to properly conduct his business at his elevators and warehouses, situated on Oak street, in the city of Rochester, it is necessary to place a moving rail or frog on Oak street, and that two tracks be placed across Boat alley to reach his warehouses, for the purpose of loading and unloading cars.

Your petitioner therefore asks that the following resolution be passed by your Honorable body.

JAMES W. WHITNEY.

Ordered received, filed and published.

By Ald. Sullivan—Whereas, James W. Whitney has asked permission to lay a moving rail and frog on Oak street, in the city of Rochester, to make a switch to his warehouses and to lay two railroad tracks across Boat alley; therefore,

Resolved, That permission be and is hereby granted to James W. Whitney to place a moving rail, frog and rail on Oak street; also, to lay and operate two additional railroad tracks across Boat alley, in such manner as to accommodate his warehouses on Boat alley, for the purpose of loading and unloading cars, under the direction of the Executive Board. Adopted.

By Ald. Sullivan—Resolved, That the New York Central Railroad Company be, and it is permitted to change the location of its tracks across Brown street to such an extent as that said tracks shall not extend on Brown street more than one foot and eleven and one-half inches to the east of the present east track crossing said street, to be done under the direction of the Executive Board. Adopted. Ald. Sullivan presented a map showing location of the proposed change. Ordered received and filed.

Ald. Sullivan presented a communication from the Rochester Gas Company in relation to the increased cost of care of gas lamps. Referred to the Lamp Committee.

Ald. McMillan asked and obtained unanimous consent to present the following:

By Ald. McMillan—Resolved, That the Edison Electric Light Company be, and it hereby is directed to erect one incandescent electric light in Spring alley, midway between Troup street and Spring street, when notified by the city surveyor, and he is hereby directed to send to said company a copy of this resolution. Referred to Lamp Company to report to this board.

Ald. Fee asked and obtained unanimous consent to present the following:

By Ald. Fee—Resolved, That the Rochester Electric Light Company be, and it hereby is, directed to erect one electric arc light on the north-east corner of Wadsworth Square, when notified

by the city surveyor, and he is hereby directed to send to said company a copy of this resolution. Referred to Lamp Committee to report back.

By Ald. Lempert—Petition of Lorenz Schrank to erect a wood building, referred to the Wood Building Committee and Fire Marshal, with power to act, also petition for electric lights on Chatham street, referred to the Lamp Committee.

Ald. Cleveland presented a petition of the owners of more than one-half of the number of lineal feet front of all the land on Arnold park, requesting the Common Council to levy a tax of ten cents per lineal foot upon all such lands for the purpose of defraying the expenses of making the repairs and improvement of such park, according to the provisions of Chapter 96 of the laws of 1880, as amended by Chapter 410 of the laws of 1889, and assigning James W. Fry of this city to receive the amount of said tax, when collected, and thereupon moved the adoption of the following resolution:

By Ald. Cleveland—Resolved, That the City Assessors be, and they hereby are, directed to assess, and that there be assessed and levied a tax of ten cents per lineal foot front upon all the land on said Arnold park, and that the same be inserted in the assessment roll of such lands for the general city tax for 1890-91, and be apportioned equally upon all the lands on such park.

And the City Treasurer is hereby directed to pay the sums thus assessed, when collected by him, to said James W. Fry of Rochester, N. Y., he being the person designated to receive the same by such owners.

And the Clerk is hereby directed to transmit to said Assessors and Treasurer a certified copy of this resolution. Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Sbelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly—15.

By Ald. Cleveland—Resolved, That the Lamp Committee be authorized to cause electric lights to be placed as follows, viz.:

One on Griffith st., opposite South st.
One on Griffith st., opposite Pinnacle ave. bridge, and discontinue four gas lights.

One on Pearl st., opposite Pearl court, and discontinue two gas lights.

One on Richards st., opposite Edmonds st., and move one on Edmonds st. half way from Richards st. to Pearl st.

One on Meigs st., betw en Pearl st. and Monroe ave., and discontinue two gas lights.

One on Alexander st., between Pearl st. and Monroe ave.

One on Court st., opposite Manhattan st., and discontinue two gas lights on Manhattan st.
Referred to the Lamp Committee and City Surveyor.

By Ald. Cleveland—Petition of Charles C. Meyer in relation to an erroneous assessment. Referred to the assessment committee. Also a petition for a brick pavement on South Goodman street. Referred to the city surveyor to prepare an ordinance.

By Ald. Shelter—Petition for sewer in Ethel and Flora sts., and sewer in Edith st. Referred to the surveyor to prepare an ordinance.

By Ald. Selye—Petition for a sewer in Emerson st. Referred to the surveyor to prepare an ordinance. Also petition of Mrs. Ettie Miller to erect a wood building. Referred to the wood building committee and fire marshal with power to act.

By Ald. Bierbrauer—Petitions Thos. McDonald, Max Bauman and Michael Liedecker to erect wood buildings. Referred to the wood building committee and fire marshal with power to act.

By Ald. Judson—Petition for a Medina pavement on Sanford street. Referred to the Surveyor to prepare an ordinance.

By Ald. Schroth—Petition of Geo. Bernhardt to erect a wood building. Referred to the Wood Building Committee and Fire Marshal with power to act.

By Ald. Kelly—Petition for lamps in Kenwood and Bronson avenues. Referred to the Lamp Committee and City Surveyor.

By Ald. Kelly—Remonstrance against a sewer in Jay street. Ordered, received and filed.

By Ald. Kelly—

CITY ATTORNEY'S OFFICE,
19 CITY HALL BUILDING,
ROCHESTER, N. Y., June 3, 1890.

Ald. J. Miller Kelly:

MY DEAR SIR—in reply to the question submitted by you I would say that the act in reference to the weekly payments by corporations of the wages of employees applies to all municipal corporations. In order to comply with the terms of the new law, the Common Council will, without doubt, be compelled to change or modify some of its rules as you suggest. Inasmuch as the act will go into effect on the first of next month, steps should be taken very soon to prepare the way for the innovation. Yours respectfully,

CHARLES B. ERNST, City Attorney.

Referred to the Finance Committee to report back.

By Ald. Iewis—Petitions of J. B. Cromwell and Martin West to erect wood buildings. Referred to the Wood Building Committee and fire marshal with power to act.

By Ald. Lewis—Petition for electric lights in Thompson street; referred to the Lamp Committee. Also petition for water mains in Henrietta avenue; referred to the Water Works Committee and Executive Board. Also remonstrance against sewer on Clifford street; ordered received and filed.

REPORTS OF STANDING COMMITTEES.

By Ald. Fee—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN: Your Committee on Support and Relief of the Poor, having advertised for 1,000 tons of anthracite coal, 500 tons stove size and 500 tons chestnut size, screened and in first class order, to be delivered in quarter ton lots on orders of the Overseer of the Poor, from the yard or yards of the party making the proposal, have received the following proposals:

Bernhard & Casey	\$4 20
S. B. Stuart & Co.	4 24
Maguire Bros.	4 25
H. F. Drake & Co.	4 40
H. H. Babcock & Co.	4 40
Delaware & Hudson Canal Co.	4 45
Charles Bradshaw	4 75
A. G. Yates	4 95

Your committee recommends that the contract be awarded to Bernhard & Casey, they being the lowest bidders, and submits the accompanying resolution therefor for your consideration.

JOSEPH H. FEE,
J. MILLER KELLY,
JOS. BIERBRAUER,
M. H. LEMPERT,
LOUIS BOHRER,
Poor Committee.

Ordered, received, filed and published.

By Ald. Fee—Resolved, That the Poor Committee be, and it hereby is, directed to contract with Bernhard & Casey for one thousand (1,000) tons, more or less, of anthracite coal, five hundred (500) tons, more or less, chestnut size, and five hundred (500) tons, more or less, stove size, at the price stated in their proposal, they being the lowest bidders and in accordance with the terms of the advertisement under which their proposal was made, said coal to be delivered within twenty-four hours after the receipt of any and all orders from the Overseer of the Poor therefor.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—16.

By Ald. Fee—

To the Honorable the Common Council of the City of Rochester.

GENTLEMEN:—Your Committee on Support and Relief of Poor respectfully report: That at a meeting of said committee, held on June 2, 1890, the subject of making rates for board of persons sent to the various hospitals, chargeable to the city, for the year beginning June 1, 1889, was considered.

Your committee had a conference with the officers of the various hospitals on the subject, and said officers asked that the rate be established at five dollars per week for the first three months.

Your committee, in view of all the circumstances, believe that four dollars per week, for the first three months, and at the same rates as heretofore per week, thereafter will be ample compensation for the same, and would, therefore, recommend the adoption of the accompanying resolution.

Respectfully submitted,

JOSEPH H. FEE,
J. MILLER KELLY,
JOS. BIERBRAUER,
M. H. LEMPERT,
LOUIS BOHRER,

Poor Committee.

Ordered received, filed and published.

By Ald. Fee—Resolved, That the rates for board of persons sent to the various hospitals of the city, chargeable to the city for the year beginning June 1st, 1890, be and the same hereby are fixed at four dollars per week for the first three months and at the same rate per week as heretofore thereafter.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis.

—16.

By Ald. Shelter—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN:—Your Assessment Committee begs leave to submit the following as its report:

Henry F. Schoenheit was assessed on lot 280, north side of Cottage street, for 80 feet frontage, under Ordinance No. 3,334, while in fact he had but 33 feet frontage. He paid the assessment with his city taxes on July 13, 1889. Your committee is, therefore, of the opinion that he should have refunded to him the sum of sixteen dollars and forty-five cents, being the amount of said assessment for said excess of forty-seven feet.

Robert Black was assessed for the Anne and Otis street sewer upon lot one, on the north side of Otis street. He complains of his assessment being excessive, but your committee does not deem it such, and, therefore, recommends the denial of the petition.

Sarah E. Holcomb was assessed in the general city tax of 1889, upon lot 14, East side of Mansion street, the sum of \$22.29, upon the assumption that there was a house upon the lot, while in fact, the lot was vacant. The assessment, including water rates added and the expense at the time of sale on March 27, 1890, amounted to \$7.29, instead of \$27.21, for which the property was sold. Your committee, therefore, recommends that in case Mrs. Holcomb pay said seven dollars and twenty-nine cents, with interest thereon, at the rate of twelve per cent, per annum from March 27th, 1890, to the date of payment within one month from this date, the treasurer be, and he hereby is, directed to receive the same in full of said tax and water rates, and that he pay to the purchaser of said lot at such sale the sum of \$19.92, being the amount of his bid, less \$7.29, with interest on said \$19.92, at the rate of 12 per cent per annum from said March 27th, 1890, to the date of Mrs. Holcomb's payment, and charge the amount so paid to the contingent fund.

And for the above purposes, your committee recommends the adoption of the accompanying resolutions. Respectfully submitted,

HENRY SHELTER,
LEO J. HALL,
JAMES S. JUDSON,
D. W. SELYE,
WM. H. SULLIVAN,
Assessment Committee.

Dated June 3rd, 1890.

Ordered received, filed and published.

By Ald. Shelter—Resolved, That the clerk draw an order in favor of Henry F. Schoenheit for sixteen dollars and forty-five cents, being the amount refunded to him according to the foregoing recommendation of the assessment committee.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—16.

By Ald. Shelter—Resolved, That the petition of Robert Black for relief from an assessment for the Anne and Otis street sewer on lot one, on the north side of Otis street be, and the same hereby is, denied. Adopted.

By Ald. Shelter—Resolved, That the treasurer be, and he hereby is, directed to receive from Sarah E. Holcomb, provided the same is paid on or before July 3, 1890, the sum of \$7.29, and interest thereon at the rate of 12 per cent, per annum, from March 27, 1890, to the date of payment, in full for the general city tax for 1889, and water rates added, against lot 14, east side of Mansion street, and upon such payment being made, to discharge said tax, and that said treasurer be and he hereby is, directed, upon such payment being made, to pay to the purchaser of said property at said sale, the amount of his bid or purchase, after deducting said \$7.29, namely \$19.92, with interest at the rate of 12 per cent, per annum from said March 27, 1890, to the date when Mrs. Holcomb shall pay her amount, and that said treasurer charge the amount so paid to contingent fund. Adopted.

By Ald. Hall—

To the Hon. the Common Council of the City of Rochester:

GENTLEMEN: Your City Property Committee have advertised for proposals for the delivery of 275 tons of the best anthracite coal, grate size, (well screened and free from all impurities,) in the basement of the City Hall, and have received the following bids per ton:

Arthur G. Yates.....	\$3 55
S. B. Stuart & Co.....	3 73
Martin Barron.....	4 10
E. A. Phillips.....	4 25
C. A. Phillips.....	4 25
Valentine Haitz.....	4 25
Louis Edelman.....	4 25
Maguire Bros.....	4 25
Charles Bradshaw.....	4 25
Bernard & Casey.....	4 25
H. F. Drake & Co.....	4 25

It will be seen by the above proposals that Arthur G. Yates is the lowest bidder, and in view of the fact, your committee submits the following resolution and recommends its adoption for the acceptance of Mr. Yates's proposal.

Respectfully submitted,

LEO J. HALL,
J. MILLER KELLY,
D. W. SELYE,
JOS. BIERBRAUER,
HENRY SHELTER,
City Property Committee.

Ordered received, filed and published.

By Ald. Hall—Resolved, That the Mayor be, and he hereby is, authorized and requested to enter into a contract with Arthur G. Yates to deliver in the basement of the City Hall two hundred and seventy-five tons, grate size, of the best Anthracite coal, well screened and free from all impurities, at the price of three dollars and fifty-five cents per ton, and that the watchman of the City Hall building be, and he hereby is, directed to inspect the weighing of said coal and to see that the same is of full weight.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—16.

By Ald. Sullivan—

ROCHESTER, N. Y., June 3, 1890.

To the Honorable the Common Council:

GENTLEMEN—Your committee having examined various petitions and resolutions relating to the location of public lights, makes the following recommendations, viz:

That 3 Edison incandescent lights be erected on North Colvin street.

That 4 Edison incandescent lights be erected on Ries park.

That 1 Edison incandescent light be erected on Broezeel park.

That 1 Edison incandescent light be erected in Spring alley midway between Spring and Troup streets.

That 1 Brush arc light be erected on the corner of Selye terrace and Lake avenue.

That 1 Brush arc light be erected on Glenwood avenue, midway between Second and Third streets.

That 1 Brush arc light be erected at the angle in Dengler street, near the south end of Saxton street.

That the Brush Electric Light Company be requested to move the light on the south side of Driving Park avenue near Broezeel park to a point east of its present location so as to properly light said park.

That the Brush Electric Light Company be requested to move the light on Maple street near Dengler street, to the corner of Maple and Dengler streets

That 1 Rochester arc light be erected at the northeast corner of Wadsworth square.

That 2 Rochester arc lights be erected in Sumner park.

That the Rochester Gas Light Company be requested to extend its gas mains through Kenwood avenue for its entire length and through Bronson avenue from Kenwood avenue to South York street, and that upon the completion of the laying of said mains, a contract be entered into between the city of Rochester and said Gas Light Company for a period of five years for the proper lighting of said territory and the care of the necessary lights therein at the price of five (5) cents per night for each light.

That upon the completion of said contract said gas light company erect on Kenwood avenue 15 gas lights.

SUMMARY OF LIGHTS ERECTED.

9 Edison incandescent lights, at 49¢ per night each.....	4275
3 Brush electric arc lights, at 28 cents per night each.....	8400
3 Rochester electric arc lights, at 28½¢ per night each.....	8550
15 Rochester gas lights, at 5 cents per night each.....	7500

Total increase in cost per night..... 2.8725
Respectfully,

WM. H. SULLIVAN,
JOS. H. FEE,
J. MILLER KELLY,
D. W. SELYE,
Lamp Committee.

Ordered received, filed and published.

By Ald. Sullivan—Resolved, that the Edison Electric Illuminating Company, the Brush Electric Light Company, the Rochester Electric Light Company and the Rochester Gas Company, be and are each respectively directed to comply with the report of the Lamp Committee relating to each company, when notified by the City Surveyor, and he is hereby directed to make the proper notification with such directions as may be necessary to insure the correct location of each light. Adopted.

Ald. Selye presented the bills of the Water Supply Committee expenses to Albany, \$40.82, and Thos. McMillan expenses to Albany, \$15, and moved that rule 38 in relation to bills be suspended and that the foregoing bills be placed upon the budget.

Adopted by the following vote:

Ayes—Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—16.

By Ald. Selye—

To the Honorable the Common Council of the City of Rochester:

The Contingent Expense Committee, to whom was referred the petition of the managers of the Lyceum Theater in relation to remitting the license of said theater respectfully reports, that the remission of said license by the city authorities would set a bad precedent, in that the claims of corporations, firms and persons for remission of their licenses would be equally just, and thus cause a general dissolution of our license system. Your committee therefore recommend that the prayer of the petitioner be denied.

D. W. SELYE,
T. McMILLAN,
S. D. W. CLEVELAND,
Contingent Expense Committee,

Adopted.

To the Hon. the Common Council of the city of Rochester:

GENTLEMEN—Your Contingent Expenses Committee, to whom was referred the following resolution:

“By Ald. Selye—Resolved, That the City Clerk be authorized to continue in the Rochester Directory the publication of ordinances relating to nuisances, ward and city boundaries, hackney coaches and carriages, and the location of the fire alarm telegraph boxes, at an expense not exceeding one hundred (100) dollars, the same to be charged to the appropriation for contingent expenses.

On motion of Ald. Selye referred to the Contingent Expense Committee,”

Respectfully recommend that the prayer of the petition be denied; for the reason that such matters as are published by the Drew-Allis Company in relation to penal ordinances, etc., are legitimately a portion of the City Directory business, and therefore it is not necessary for the city to pay for such matter.

Respectfully,
D. W. SELYE,
THOMAS McMILLAN,
S. D. W. CLEVELAND,
Contingent Expense Committee.

Adopted.

By Ald. Kelly—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—Your Finance Committee, to whom was referred the resolution offered by Ald. Thayer on April 1, 1890, found on page 480, proceedings of 1889-90, relative to funds held by the city as reserves for guarantees under sundry contracts with the Rochester Vulcanite Pavement Company for certain street improvements, would respectfully report that it has thoroughly investigated the matter, and, after consulting with the officers of said company and the City Attorney, would respectfully recommend the adoption of the accompanying resolution as a substitute for the resolution aforesaid.

Respectfully submitted,

J. MILLER KELLY,
STEPHEN RAUBER,
JOSEPH H. FEE,
T. McMILLAN,
S. D. W. CLEVELAND,
Finance Committee.

Ordered received, filed and published.

By Ald. Kelly—Whereas, The city of Rochester holds certain reserves as guarantees under sundry contracts with the Rochester Vulcanite Pavement Company for certain street improvements, as follows:

Adams Street Improvement, Ordinance No. 3, 517, \$1,538.75.

South Clinton Street Improvement, Ordinance No. 3,565, \$2,037.12.

Frank Street Improvement, Ordinance No. 3,652, \$2,416.45.

College Avenue Improvement, Ordinance No. 3,576, \$919.56.

Which reserves as security are according to said contracts, to be invested in certain bonds or such

other securities as may be approved by the Mayor, City Attorney and the City Treasurer, for the benefit of the said Rochester Vulcanite Pavement Company, the interest to be regularly paid to said company.

Resolved, That the City Treasurer be, and hereby is, authorized and directed to deposit the amounts held in reserve, as aforesaid, or which may be hereafter so held, in the Merchants' Bank of Rochester, N. Y., to the credit of the city of Rochester, and trustee, upon the said bank giving to the city of Rochester a satisfactory bond in a penal sum equal to the amount of said deposits, to be approved by the Mayor, City Attorney and City Treasurer, and agreeing to pay upon such deposit or deposits semi-annual interest at the rate of 4 per cent. per annum; and,

That the Treasurer be, and he hereby is, authorized and directed to draw said interest, when the same is due, and to pay the same over to said Rochester Vulcanite Pavement Company, when the same is properly payable, taking proper receipts therefor.

Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue, under the approval of the chairman of the Finance Committee of this board, to the said Rochester Vulcanite Pavement Company, proper certificates showing the amounts retained, and the dates the same became due and payable under the terms of said contract.

Adopted by the following vote:

Ayes—Ald. Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—15.

Bv Ald. Kelly—

CITY TREASURER'S OFFICE,
ROCHESTER, N. Y., June 3, 1890.

To the Finance Committee of the Common Council

The undersigned has made a careful examination of the City Treasurer's books for the month of May and finds that all the accounts have been carefully and correctly kept and that the business of the office continues to be efficiently and smoothly conducted.

The ledger balances of cash on hand and in banks on Monday morning, 2d inst., were as follows:

Cash, \$8,614.60; Traders' National Bank \$5,170.44; German American Bank, \$29,885.95; Flour City National Bank, \$15,765.82. The cash called for was counted and found correct; and the amounts on deposits, as above named, agreed with the several credits of said banks in favor of the city, after deducting checks drawn on the 31st ult. not presented for payment at time and date above designated. Respectfully submitted,

JOHN BOWER.

Ordered received, filed and published.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.
By the Clerk—

MAYOR'S OFFICE,
ROCHESTER, N. Y., June 3, 1890.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—A vacancy having been occasioned in the Board of Park Commissioners by the resignation on June 2, 1890, of Mr. Hiram W. Sibley I hereby appoint subject to your advice and consent Mr. Charles J. Burke as Park Commissioner to fill such vacancy. Respectfully yours,
WM. CARROLL, Mayor.

Ordered received, filed and published.
Ald Kelly moved that Chas. J. Burke be confirmed as a member of the Park Commission.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—16.

By the Clerk—

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., June 3, 1890.

To the Hon. Common Council of the City of Rochester:

GENTLEMEN: At a meeting of the Board of Health held May 23d, 1890, the following action was taken:

"Mr. Danforth was heard in relation to the sewer in Colvin street being insufficient to carry off the sewage."

Com. Derrick moved that the sewer be declared a nuisance and that the Common Council be requested to pass an ordinance to make the necessary improvement of said Colvin street outlet sewer by deepening, and, if necessary, enlarging said sewer from West avenue, and following the present line of said Colvin street outlet sewer, from Colvin street along the railroad to Child street, thence north to Maple street and along Maple street to Saxton street. Adopted.

I hereby certify the foregoing a true copy from the minutes.

PETER SHERIDAN, Clerk.

Ordered received, filed and published.

By the Clerk—

JUNE 3, 1890.

To the Hon. the Common Council of the City of Rochester:

GENTLEMEN—The East Side Trunk Sewer Bill has become a law and the litigations to which the city is constantly exposed on account of its alleged defective system of sewage on the East Side of the river renders it imperatively necessary that work should be at once begun and pushed to rapid completion upon some plan or system that your Board may approve and that will relieve the people and the courts from the annoyance to which they have been subjected for so many years. I would respectfully suggest that a committee be appointed to investigate the matter and report thereon at the next meeting.

Respectfully submitted,

CHAS. B. ERNST, City Attorney.

Ordered received, filed and published.
Ald. Kelly moved that the chairman of this Board appoint a committee of five aldermen from the east side of the river to investigate the matter and report back to this Board at the next regular meeting. Adopted.

By the Clerk—

John B. Hayd, being duly sworn, deposes and says: That he is the City Sealer of the City of Rochester; that the foregoing contains a true and full report of the names of all persons, firms and corporations, for whom he, or any of his assistants, have sealed or marked any weights or measures since the date of his last report, together with the dates thereof, the description of all such scales, weights and measures, so sealed or marked, and the amount of fees or compensation collected therefor. JOHN B. HAYD, City Sealer.

Sworn to before me this 3rd day of June, 1890.
 F. J. IRWIN, Commissioner of Deeds.
 Ordered received, filed and published.

By the Clerk—
 To the Honorable the Common Council of the City of Rochester:

GENTLEMEN:—The Excise Commissioners of the city of Rochester report that they granted eighty-eight licenses for the month of May, 1890, received \$4,451.50, deposited the same with the City Treasurer and filed his receipt therefor, with the bonds, with the City Clerk.

POMEROY P. DICKINSON,
 CONRAD HERZBERGER,
 JAMES MALLEY,
 Excise Commissioners.

Ordered received, filed and published.
 Ald. Sullivan asked and obtained unanimous consent to present the following:

By Ald. Sullivan—Resolved, That a committee of three be appointed to confer with the officers of the N. Y. C. & H. R. R. Co. in regard to the manner in which Platt street should be carried across the Genesee Falls branch railroad, and to report at the next meeting of the Council. Adopted.

By the Clerk—
 MONROE COUNTY COURT—In the matter of opening a street from Jefferson avenue to Genesee street, in the city of Rochester.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—The undersigned, who were appointed by an order of the Monroe County Court, granted on September 16th, 1889, and entered on October 10th, 1889, commissioners to inquire into and determine what damages and compensation the owner or owners, tenants or occupants of the lands, to be taken for the opening a street from Jefferson avenue to Genesee street, in the city of Rochester, will be entitled to respectfully report and certify their award of damages as incident to the opening of said street, as follows:

The several pieces and parcels of land required for such purpose, and necessary for the opening of said street, are described as follows:

All that tract or parcel of land situate in the city of Rochester, county of Monroe and State of New York, bounded and described as follows: Beginning at a point in the west line of Jefferson avenue three hundred and one feet south of the south line of Magnolia street; thence westerly, on a line parallel with Magnolia street, one hundred and thirty-two feet, to the west line of lot 335 of the Rapids tract; thence southerly, on a line parallel with Jefferson avenue, along said west line of said lot, to the south-east corner of lot 334 of the Rapids tract; thence west, along the south lines of lots 333 and 334 of said tract, about one hundred and sixty-four and seven-tenths feet, to the northeast corner of lands owned by Mary Elizabeth Laubli, distant about ninety-four feet east from the south-west corner of lot 340 of said tract; thence south, along the east line of said Laubli's premises, twenty-nine and fifty-eight hundredths feet, to a point; thence easterly on a line parallel with the south line of Magnolia street, about three hundred and two feet, to the west line of Jefferson avenue; thence northerly, along said west line of said Jefferson avenue, sixty feet, to the place of beginning.

These premises are owned by Luther D. Hurd. Also, all that other tract or parcel of land, situate in the city, county and state aforesaid, described as follows:

Beginning at the southeast corner of lot 334 of the Rapids tract; thence westerly, along the south line of said lot, one hundred and thirty-two feet, to the southwest corner of said lot; thence northerly, along the west line of said lot, thirty and forty-two hundredths feet, to a point; thence easterly, on a line parallel with the south line of Magnolia street, one hundred and thirty-two feet, to the east line of said lot; thence southerly, along the east line of said lot, thirty and forty-seven hundredths feet, to the place of beginning.

These premises are owned by Eliza Leonard. Also all that other tract or parcel of land, situate in the city, county and state aforesaid, described as follows:

Beginning at the southeast corner of lot 333 of the Rapids tract; thence west, along the south line of lots 333 and 332 of said tract, to the southwest corner of said lot 332, a distance of two hundred and sixty four and five-tenths feet; thence northerly, along the west line of said lot 332, thirty and thirty-seven hundredths feet, to a point; thence easterly, on a line parallel with the south line of Magnolia street, two hundred and sixty-four and five-tenths feet, to the east line of said lot 333; thence south, along the east line, thirty and forty-two hundredths feet, to the place of beginning.

These premises are owned by Patrick Caulfield and Mary Caulfield, his wife. Also, all that other tract or parcel of land, situate in the city, county and state aforesaid, bounded and described as follows:

Beginning at the southeast corner of lot 331 of the Rapids tract; then west, along the south line of said lot, one hundred and thirty-two and three-tenths feet to the southwest corner of said lot; thence northerly, along the west line of said lot, thirty and thirty-four hundredths feet to a point; thence easterly, parallel with the south line of Magnolia street, one hundred and thirty-two and three-tenths feet, to the east line of said lot; thence southerly, along the said east line, thirty and thirty-seven hundredths feet, to the place of beginning.

These premises are owned by the heirs at law or devisees of Jacob Stallman, deceased.

Also, all that other tract or parcel of land, situate in the city, county and state aforesaid, described as follows:

Beginning at the southeast corner of lot 330 of the Rapids tract; thence west, along the south line of said lot, one hundred and thirty-two and three-tenths feet, to the southwest corner of said lot; thence northerly, along the west line of said lot, thirty and thirty-one hundredths feet, to a point; thence easterly, on a line parallel with the

south line of Magnolia street, one hundred and thirty-two and three-tenths feet, to the east line of said lot; thence southerly, along said east line, thirty and thirty-four hundredths feet, to the place of beginning.

These premises are owned by the heirs-at-law and devisees of Jacob Stallman, deceased, and are subject to the unassigned dower estate or interest of Louisa Stallman.

Also, all that other tract or parcel of land, situated in the city, county and state aforesaid, described as follows:

Beginning at the southeast corner of lot 329 of the Rapids tract; thence westerly, along the south line of lots 329 and 328 of said tract one hundred and sixty-six and sixty-six hundredths feet, to a point; thence northerly, along the west line of lands owned by Henrietta Witzel, and being part of lot 328, thirty and twenty, eight hundredths feet to a point; thence easterly, parallel with the south line of Magnolia street, one hundred and sixty-six and sixty-six hundredths feet to the east line of said lot 329; thence southerly, along said east line thirty and thirty-one hundredths feet, to the place of beginning.

These premises are owned by Henrietta Witzel. Also, all that other tract or parcel of land, situated in the city, county and state aforesaid, described as follows:

ACTION ON ORDINANCES.

FIRST ORDINANCES.

LANSING STREET PLANK WALK.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a plank walk on Lansing street.

Adopted.

The Surveyor submitted as such estimate, \$275.

By Ald. Shelter—Resolved, That the following improvement is necessary, viz:

The construction of a pine plank walk, four feet wide, on each side of Lansing street, from North avenue to Lincoln street, except where good plank or flag walks now exist. All walks not on the proper grade and alignment to be relaid. Also, the necessary crosswalks, sidewalk grading and gutter formation.

And whereas, the City Surveyor, under the direction of this Council, has made an estimate of the whole expense thereof, and reports the same at \$275, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Lansing street, from North avenue to Lincoln street, in proportion to the benefit which each will derive therefrom.

And the Clerk is hereby directed to publish notice in pursuance of Title VII, Section 172 of the Revised Charter of 1880 of the City of Rochester, that all persons interested in the subject matter of said improvement, are required to attend the Common Council, on Tuesday evening, June the 17th, 1890, at 7 o'clock, at the Common Council Chamber, when allegations will be heard.

Adopted.

LOCUST STREET PLANK WALK.

FINAL ORDINANCE NO. 4,100.

BOULEVARD OPENING AND EXTENSION.

On motion of Ald. Bohrer, the Common Council proceeded to hear allegations in relation to the improvement detailed in the following ordinance viz:

An ordinance to open and extend the "Boulevard" from the north line of the Lake Avenue Park Building Lot Association Tract to the north line of the city,

And after hearing allegations from all persons appearing.

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made and they hereby judge that the public good requires the same should be done, viz.:

The opening of a street, 100 feet in width, from the north line of property formerly owned by the Lake Avenue Park Building Lot Association, to the north line of the city, said street being the extension northerly of what is known as the "Boulevard," and mentioned in an ordinance for the opening of the same passed July 18, 1876. The east line of the street herein proposed to be opened is described as follows: Beginning at the northwest corner of lot No. 86 of what was formerly known as the Lake Avenue Park Building Lot Association tract, thence northerly in a direct line to the northwest corner of lot No. 132 of what is known as the Flour City Building Lot Association tract, thence northerly at right angles to the Big Ridge Road to the north line of the city. The west line of the proposed street to be 100 feet west of and parallel with the aforesaid described east line. The territory deemed necessary to be taken for said street, is a strip of land 100 feet in width lying between the respective east and west lines thereof, as heretofore described, and extending from the north line of what was formerly known as the Lake Avenue Building Lot Association tract to the north line of the city.

And the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit.:

A strip of land 1,000 feet in width on each side of and adjoining the proposed street, from the south to the north end thereof.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—16.

Ald. Kelly moved that when the Board adjourns it be until Tuesday evening June 10th, 1890, at 7 o'clock p. m. Adopted.

After hearing allegations from all persons appearing, Ald. Shelter moved that the ordinance for Reynolds street MacAdam improvement be laid upon the table one week. Adopted.

FINAL ORDINANCE NO. 4,101.

ALEXANDER STREET EXTENSION.

On motion of Ald. Bohrer, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to open and extend Alexander street, from Pennsylvania avenue to Augusta street.

And, after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, and hereby judge that the public good requires the same to be done, viz.:

The extension of Alexander street, as it exists north of the N. Y. C. & H. R. road tracks, so as to connect with Alexander street, as it now ex-

ists south of the said railroad tracks; the center line of said extension being described as follows, viz: Beginning at a point in the south line of Pennsylvania avenue opposite the center of Alexander street; thence south 4 degrees 35 minutes west, 228.69 feet, to a stake; thence south 29 degrees 01 minute west, 455.35 feet, to a stake in the north line of property owned by the N. Y. C. & H. R. R. Road Co.; thence south 42 degrees 59 minutes west, 288.92 feet, to a stake in the center of a private street known as Augusta street; thence north 47 degrees 03 minutes west, along the center of said private street 100.32 feet, to a stake opposite the center of that portion of Alexander street now existing on the south side of the N. Y. C. & H. R. R. Road.

The territory deemed necessary to be taken for the proposed extension is described as follows: Being a strip of land 30 feet in width lying on each side of and adjoining the center line heretofore described, and extending from Pennsylvania avenue to the north line of the private street known as Augusta street; also a strip of land 25 feet in width lying on each side of and adjoining the center line of the private street known as Augusta street, heretofore described, and extending from the east line of the proposed street across the N. Y. C. & H. R. R. Road to the west line of Alexander street produced northerly across said private street known as Augusta street, in accordance with map of said proposed extension on file in the City Surveyor's office.

And the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city, which this Council deems proper to be so assessed for, and will be benefited by and derive an advantage from such improvement, viz.

All the lots and parcels of land included within and described by the following boundary lines: Beginning at the intersection of the north line of lands owned by the N. Y. C. & H. R. R. Co. with the east line of Union street; thence northerly along the east line of Union street to Alexander street; thence northerly along Alexander street, including one tier of lots on the west side thereof, to Bay street; thence westerly along Bay street, including one tier of lots on the south side thereof, to a point opposite the west line of Miller street; thence northerly along Miller street, including one tier of lots on the west side thereof, to Clifford street; thence easterly along Clifford street, including one tier of lots on the north side thereof, from a point opposite the west line of Miller street to the street known as Ulrich street; thence northerly along Ulrich street, including one tier of lots on the west side thereof, to Jennings street; thence easterly along Jennings street, including one tier of lots on the north side thereof, from a point opposite the west line of Ulrich street to Goodman street, excepting a lot on the northwest corner of Goodman and Jennings streets; thence southerly along Goodman street, excepting one tier of lots on the west side thereof, to East Main street; thence westerly along East Main street, excepting one tier of lots on the north side thereof, to the north line of lands owned by the N. Y. C. & H. R. R. Co.; thence westerly along the north line of said railroad company's land to the place of beginning, in proportion to the benefit which each will derive therefrom.

Ald. Lewis presented a petition for, also a remonstrance against, the ordinance. The final ordinance for Alexander street extension was then adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly—15.
Nays—Ald. Lewis—1.

On motion of Ald. Shelter further action on the final ordinance for Exchange street bridge approaches was indefinitely postponed.

By Ald. Bierbrauer—Petition for sewer in Murray street. Referred to Surveyor to prepare an ordinance. Also petition of W. Horn to erect a wood building. Referred to the Wood Building Committee and Fire Marshal with power to act.

By Ald. Bierbrauer—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—The Rochester Railway Company hereby makes application for the consent of the local authorities of the city of Rochester to the construction, operation, and maintenance of a double track street surface railroad, as follows, to wit: From the center line of Wilder street at its intersection with the center line of Saxton street along Wilder street to Childs street, and thence along Childs street to the center line of West Maple street; also from the intersection of the center line of Wilder street with the center line of Orchard street; thence along Orchard street to the center line of West Maple street.

This application is made for these reasons: This company has already made application for the right to construct and operate an extension on Romeyn, Wilder, Saxton and West Maple streets to the city line. Some property owners residing on Wilder street west of Saxton street have requested the construction of the road proposed out Wilder to Childs and thence along Childs to West Maple street, while others have asked that the proposed extension pass out Wilder street to Orchard and thence along Orchard to West Maple street, instead of running as proposed by the company out Wilder to Saxton and thence on Saxton to West Maple street.

This company is willing to construct the proposed West Maple street extension along such streets as shall best serve the interests of the people in that locality of the city. The Common Council, under the provisions of Chapter 252, of the laws of 1884, has no right to grant a franchise to a railroad company to construct and operate a railroad upon any street, without causing a notice to be given of the time and place when such application will be first considered. It is therefore necessary, if the Common Council should deem it best to grant a franchise for the extension in one of the ways suggested by property owners, to fix a time for the hearing of the application of the company with reference to the streets in which the road would be constructed, if the wishes of said property owners are to be consulted.

This company, therefore, suggests that the time for the consideration of the application hereby made by this company, be fixed for the meeting to be held on the 1st day of July, thus allowing time for the publication of the notice required to be given, and that the hearing on the application of the company heretofore made, for the right to extend its line out West Maple street, be postponed to the same time. If this course be pursued, it will enable your honorable body to hear allegations from all parties interested, upon all the streets above named, and thus to determine which of the proposed lines is best.

Respectfully submitted,

ROCHESTER RAILWAY COMPANY.

by J. N. BECKLEY, Secretary.

Ordered received filed and published.

By Ald. Bierbrauer—Whereas, The Rochester Railway Company has presented to the Common Council of the city of Rochester, its application, in writing, for the consent of the city of Rochester to the construction, maintenance, operation and use of a double track street surface railroad, from the center of line of Wilder street at its intersection with the center line of Saxton street; thence along Wilder street to Childs street, and thence along Childs street to the center line of West Maple street; also from the intersection of the center line of Wilder street with the center line of Orchard street; thence along Orchard street to the center line of West Maple street;

Now, therefore, the time and place when said application will be first considered by this Board, is hereby fixed for the meeting of this Board, to be held at the Common Council Chamber in the City Hall building, on the 1st day of July, 1890, at 7 o'clock p. m.

It is further resolved, That the City Clerk be and hereby is directed to publish the notice required by law to be given of the time and place when said

application will be first considered by this Board, in the two newspapers to be designated for the publication of such notice, by the Mayor of this city. Adopted.

By Ald. Kelly—Petition for a plank walk on Rugraff street. Referred to the Surveyor to prepare an ordinance.

By Ald. Lewis—Petition for electric lights on Bates and Sibley streets. Referred to the Lamp Committee.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By Ald. McMillan—

CITY ATTORNEY'S OFFICE, }
19 CITY HALL BUILDING, }
ROCHESTER, N. Y., June 10, 1890. }

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—John Paine, on April 2, 1890, entered judgment in his action against the city in the Monroe County Court for \$200 damages and \$82.42 costs, said costs, however, upon a retaxation being reduced to \$72.42. The questions involved in the action, I believe, ought to be reviewed by the General Term, and therefore recommend that I be authorized by your honorable body to take an appeal to the Supreme Court for that purpose.

John H. Ashton and others heretofore in April began an action in the Supreme Court against the city and the City Treasurer, to set aside and restrain the further collection of the assessment for the Lake avenue asphalt improvement assessed against them and others, one of the grounds of complaint being that the assessment roll was verified by one assessor only. The roll was afterwards properly verified by at least a majority of the assessors and presented to, and subsequently duly confirmed by your honorable body. The objection was, of course, an unanswerable one, and the costs and expenses of the action is \$31.75, which upon payment to the plaintiff's attorneys, Messrs. Parker and Drake, the action will be discontinued; I therefore recommend that such payment be made. Respectfully yours,

CHARLES B. ERNST, City Attorney.

Ordered received, filed and published.

By Ald. McMillan—Resolved, That the City Attorney be, and he hereby is, directed to take the appeal in the John Paine action above mentioned, and that so much of the City Attorney's communication, as refers to the John H. Aston et al. action be, and the same is hereby referred to the Law Committee, to examine, and report thereon. Adopted.

By the Clerk—

CITY SURVEYOR'S OFFICE, }
ROCHESTER, N. Y., June 10, 1890. }

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—Pursuant to a resolution offered by Ald. Selye at your last regular meeting, I have made an examination of the sewer in Emerson street, and the following facts appear: The sewer is constructed of cement pipe 12 inches in diameter and is clean and in good condition. The average depth below the surface of the street is from 4½ to 5½ feet. This does not seem to be sufficient to insure good drainage for cellars of modern dwellings. Respectfully,

OSCAR H. PEACOCK, City Surveyor.

Ordered received, filed and published.

UNFINISHED BUSINESS.

Under this head action on the application of the Rochester Railway Company and published on pages 91 and 92 Current proceedings, came up. Ald. Bierbrauer presented the following:

By Ald. Bierbrauer—Resolved, That the application of the Rochester Railway Company for the consent of the city of Rochester to the construction, maintenance and operation of a street surface railroad on Romeyn, Wilder, Saxton and West Maple streets in the city of Rochester, be further considered at the meeting of this Board, to be held

on the 1st day of July, 1890, at 7 o'clock p. m., at the Common Council Chamber. Adopted.

Under this head, the following was also presented:

By Ald. Fee—Resolved, That the application of the Rochester Railway Company for the consent of the city of Rochester to the construction, maintenance and operation of lines, branches and extensions of its street railroad in Court, Chestnut, Elizabeth, Hill and Ford streets, the hearing on which was fixed for this time and place, be further considered at the meeting of this Board to be held at the Common Council Chamber, in the City Hall Building, at 7 o'clock p. m. on the 17th day of June, 1890. Adopted.

Ald. Shelter moved that the ordinance for the improvement of Reynolds street lie on the table until the next regular meeting. Adopted.

MISCELLANEOUS BUSINESS.

By Ald. McMillan—Resolved, That the City Surveyor be directed to prepare an ordinance for a Sicily Rock or Trinidad Asphalt pavement on Edinburgh street, from Plymouth avenue to Exchange street. Adopted.

By Ald. McMillan—Resolved, That the City Surveyor be directed to prepare an ordinance for Medina stone pavement on Edinburgh street, from Plymouth avenue to Exchange street. Adopted.

Ald. Kelly moved that the vote taken on the ordinance for the improvement of Rowe street be reconsidered. Adopted.

Ald. Kelly moved that the ordinance be amended so as to read as follows:

By Ald. Kelly—Resolved, That the ordinance for the improvement of Rowe street, be amended by striking out the words, "a sicily rock" and substitute therefore the word "an." Adopted.

Under the rule action on ordinance was postponed until the next regular meeting.

By Ald. Kelly—Resolved, That the treasurer be and he is hereby authorized and directed to make the city's note for fifty thousand dollars (\$50,000) for a period not exceeding thirty days; the proceeds of said note to be used to pay June budgets; said note to be discounted under the direction of the Finance Committee, and to be countersigned by the chairman of that committee and the discount thereon to be charged to contingent fund.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Shelter, Hall, Bierbrauer, Foner, Kelly, Lewis—12.

By Ald. Kelly—Resolved, that the city treasurer be, and he is hereby authorized and directed to issue the city's notes, for a period not exceeding thirty days, for the sum of one hundred and fifty-one thousand seven hundred and twenty dollars (\$151,720) and have the same discounted, under the directions of the Finance Committee, and that the treasurer use the proceeds of said note to pay interest on the bonded debt July 1st, 1890; discount to be charged to Contingent Fund, and said notes to be countersigned by the chairman of the Finance Committee.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Shelter, Hall, Bierbrauer, Bohrer, Kelly, Lewis—12.

By Ald. Kelly—Resolved, That the Executive Board be, and hereby is, authorized and requested to negotiate for the purchase of lands necessary to be taken for the opening of a new street from Maple street to Campbell, under ordinance 4,091, and report the result of such negotiations to this board as soon as possible. Adopted.

By Ald. Kelly—Resolved, That Executive Board be, and hereby is, authorized and requested to negotiate for the purchase of lands necessary to be taken for the Boulevard opening and extension as contemplated by ordinance No. 4,100, and report the result of such negotiations as soon as possible. Adopted.

By Ald. Lewis—Whereas, At a meeting of the Common Council, held February 4th, 1890, a resolution was passed directing the City Treasurer to receive from Joseph Lochner and wife the sum of

\$3.92 in full of the general city tax, including the water added for 1889, against lot No. 20, on the north side of Lochner street, with the usual interest and per centage thereon to the date of payment, providing such payment was made within one month of the above date; and,

Whereas, Said Lochner and wife have not complied with the terms of the resolution, as they had no knowledge of said action by the Common Council; therefore,

Resolved, That the time in which said tax may be paid be and hereby is extended until June 25 1890. Adopted.

By Ald. Lewis—

To the Honorable the Common Council of the city of Rochester:

The undersigned hereby offer to dedicate to the public three certain streets in the city of Rochester, named respectively, Kosciusko avenue, St. Stanislaus avenue, and Sobieski avenue, as shown on a map filed with the City Assessors, and in liber 8, page 19, in Monroe County Clerk's office.

ROCHESTER, N. Y., June 10, 1890.

To the Hon. the Common Council of the City of Rochester:

GENTLEMEN—Your petitioners respectfully show that Ter Haar park is a public street of this city as appears on pages 247 and 253 of the proceedings of the Common Council for 1888 and 1889. That pursuant to a petition for laying water mains in Ter Haar park properly signed by all of the property owners and presented to your Board October 3, 1889, the same was referred to the Executive Board, as appeared on the above page 247, but the pipes have not been laid, owing to want of funds on the part of the Executive Board, and your petitioners being desirous of having water in the street at once are willing to defray the expense of putting in the same, the amount so paid to be refunded by the city when in funds applicable thereto; and would ask your honorable body to authorize the Executive Board to lay the water pipes in Ter Haar park on the above conditions, which we are informed by the Executive Board they will do on obtaining authority from your honorable body.

Yours Respectfully,

SULLIVAN & MORRIS,
Attorneys for said property owners.

By Ald. Lewis—Resolved, That the Executive Board are hereby authorized and instructed to lay water mains in Ter Haar Park, the expenses of so doing to be paid by the owners and to be refunded to them by the city of Rochester when there are funds for that purpose. On motion of Ald. Fee referred to the Water Works Committee.

Ald. Lewis moved that the Water Works Committee report their action on the petition for water mains in Ter Haar Park at the next meeting. Adopted.

On motion of Ald. McMillan the Board then adjourned.

PETER SHERIDAN, City Clerk.

In Common Council—June 17, 1890.

By Ald. Fee—

To the Hon. the Common Council of the City of Rochester:

GENTLEMEN—Your petitioner, the Oak Hill Cemetery Association, respectfully shows: That your

petitioner was incorporated in March, 1889, under a law of the State of New York, known as the "Rural Cemetery Association Act," and its first board of trustees and officers were elected thereupon. The association intended, if permitted by the Common Council, to do business as such, and to purchase the property known as the Warner property, for the purposes of a cemetery. Your honorable body was applied to, and on the 19th of March, 1890, it amended the penal ordinances, so that interments could be made in the cemetery grounds contemplated by the association. The association at that time had not purchased any real estate. After the action of the Common Council aforesaid, grant to the association permission to use its grounds for cemetery purposes, it purchased at great cost and expense the lands then contemplated, and known as the Warner property on Mount Hope avenue, opposite Mount Hope and in the Sixteenth ward. It purchased this property in view of the action of the Common Council, and would not have purchased it otherwise. It is plain to see that the association thus became possessed of a vested right to the privilege which the Common Council had granted. It is also plain that the Common Council had no power to interfere with or annul a vested right. Nevertheless, at a subsequent day, and after the association had purchased the lands in question, the Common Council reconsidered its action granting the above-mentioned privileges to the cemetery, and thereby has prevented the cemetery from using its grounds thus purchased, up to the present time, as it had designed to use them, and still desires to use them.

The officers of the association were advised that this action of the Common Council was void, and that the City of Rochester incurred large damages for the injury which it inflicted upon the association by preventing it from using its cemetery lands for cemetery purposes. They, however, deprecating a protracted litigation with the city, have up to the present time refrained from taking any legal proceedings to establish the rights of the association.

It now has happened, that the assessors of the city, in violation of law, have made a large assessment of taxes against the association and its said real estate, and that assessment renders immediate action of the association necessary. The association will be compelled to resort to the Supreme Court to correct this assessment, unless the Common Council voluntarily make the correction when the assessment roll is presented for approval. This assessment roll was completed on Saturday last, and it is expected it will be presented to the Common Council this evening, for approval and confirmation.

We respectfully ask your honorable body to strike out of that roll the assessment of tax against the Oak Hill Cemetery Association lands.

No body of citizens can more desire the welfare of our city than does this association, organized for the purpose of establishing, in accordance with law, a private cemetery, which should be a beautiful burial place for the dead, in close proximity to Mount Hope, and upon such rules and regulations as could more properly be enforced than in a public cemetery. It was not supposed by its incorporators that the governing body of the city would throw in the way of the association any obstacles to the promotion of so laudable an enterprise. The action of the Council, therefore, was as surprising to the association as it has been damaging to interests.

Should the Common Council persist in its refusal to permit this cemetery association to prosecute the enterprise and use its lands for that purpose, the damages thereby would be very great. These damages, the association is advised, the city of Rochester would be liable to pay.

It is not believed that the taxpayers of the city of Rochester desire to exclude this cemetery from the rights which it possess, or that the city shall

make itself liable for the damages which such action would cast upon it.

Very respectfully,
THE OAK HILL CEMETERY ASSOCIATION,
H. F. REMINGTON, Secretary.

REPORTS OF STANDING COMMITTEES.

Ald. Sullivan from the Lamp Committee, Ald. McMillan from the Health Committee, Aid. Fee from the Poor Committee, Aid. Rauber from the Police Committee, Ald. Selye from the Contingent Expense Committee, Ald. Hall from the City Property Committee, Ald. Bierbrauer from the Park Committee, reported favorably on the various bills referred to their respective committees and referred them to the Finance Committee for payment.

By Ald. Kelly—

To the Finance Committee of the Common Council:

GENTLEMEN—At your request I have made a careful examination of the City Clerk's office, and in so doing have endeavored to comply with the instructions embodied in a resolution adopted by the last Common Council, authorizing and empowering the Finance Committee to employ "a competent person to make a thorough and complete examina-

tion and investigation of the City Clerk's office during the period of the defalcation of the City Treasurer, and report with all convenient speed to this or the incoming Common Council."

I have interpreted the design of this resolution to be sufficiently broad to cover not only the City Clerk's performance of the duties imposed upon him, but, also, the duties and obligations imposed upon the body whose employ he is, in so far at least as the Council's transactions have relation to city expenditures wholly under their control. Taking this view of the matter, I shall not hesitate to give such facts as have been developed by the investigation as may be of public interest, whether they relate to the City Clerk or the Common Council. As to the former, the examination was intended to be close and critical, but as to the latter no attempt was made to seek for special facts for or against that body, and only such will be reported as have come into notice by an unavoidable necessity arising from the obligation assumed to investigate the "city clerk's office" as well as the city clerk's performance of the duties of said office.

In making this examination I have gone back to March 1887, and continued it to about April 1, 1890, and after a careful comparison, covering this period of checkbook memoranda of warrants drawn upon the treasury with the Finance Budget passed by the council, and sums authorized to be paid by resolutions of the board, I find that every such warrant issued has been in pursuance of an order directing such issue by the Common Council, and that the clerk's duties in this regard have been faithfully and honestly performed.

To this extent, then, no just complaint can be made; but, in turning to the other duties imposed upon the clerk it would seem from certain facts I will proceed to narrate that these have not been performed in a manner required by the charter, nor in a manner to conserve the best interests of taxpayers. I allude here particularly to the non-collection of license fees imposed by penal ordinances. Indeed, this branch of the city's revenues, for the past few years, seems to have been left without supervision or care as to whether the ordinances were enforced or not. The city clerk, in answer to questions on this subject, explains or excuses the situation of affairs by charging it to defective ordinances or inefficient legislation or action on the part of the Common Council in relation thereto, etc. But wherever the fault may be, whether it lies with one or more of the departments of the city government, it is evident that the city has suffered the loss of several thousand dollars by what now appears to be negligent disregard of duty, somewhere.

The following schedule of license receipts for the years named, and for what purposes fees were paid, has been compiled from the Clerk's License Records, and speak more plainly than words, I am inclined to think, of the pertinency of the strictures above given:

The Common Council, at least seems to have been aware of the remissness existing in regard to the license question, upward of three years ago, for on May 17, 1887, the following resolution on the subject was adopted:

By Ald. Thayer—Resolved, That the fee to be charged and collected for any roller skating rink, used exclusively for skating purposes, within the city be, and the same hereby is, fixed at the sum of one hundred dollars per annum, and for opera houses, halls or other places of amusement giving theatrical or other exhibitions, etc., the license fee thereof be, and the same hereby is, fixed at the sum of twenty-five dollars per year. The license year to commence on the first day of July in each year, and all licenses obtained under this resolution shall be subject to revocation at any time by this Common Council.

The clerk is also hereby instructed to immediately enforce the collection of any and all license fees remaining unpaid and due to the city. Adopted.

The schedule and summary above given shows what little attention was given to the instructions, for the revenues have been decreasing ever since, until they dwindled to the paltry sum of \$412 for the year terminating July 1, 1890. Of course it is not within my province to investigate causes which seem to indicate dereliction of duty; my business is to report facts as they appear on the records and leave to others the task of justifying, explaining or palliating any facts which are developed, which seem to require attention and consideration.

There is still one other subject, directly connected with the City Clerk's duties, which requires mention. It is well known that for some cause or other the Clerk is absent from the office during business hours for at least one-fourth of the time, and that, in consequence, great inconvenience is suffered by such absence, especially so on the part of the City Treasurer, whose checks on the banks require to be countersigned by the Clerk to make them a valid demand—that is, it is "inconvenient" to one who desires to obey the laws. To obviate this difficulty the practice was, under the late Treasurer, to have the Clerk countersign a number of sheets of checks of the different banks in blank, to be used as circumstances might require; but whether they were to be drawn for one thousand dollars or one hundred thousand, the Clerk had no knowledge and never ascertained.

At least, if such absences are necessary in the performance of official duties—and the Common Council ought to know—then, in such case, the Clerk should at least keep a copy of the numbers printed on the checks he had countersigned, and on his return ascertain for what amounts the

checks had been drawn, and keep a record of the same. Or, what would be better still, perhaps, to obviate the difficulty or inconvenience of the bad practice referred to, I would suggest that Mr. Frank J. Irwin—the misnamed City Messenger, but in reality a deputy clerk—should be empowered by resolution of the Council, under section 115 of the City Charter, to countersign the City Treasurer's checks in the absence of the Clerk, or otherwise. Mr. I., as is well known, is always to be found at his post of duty, with very rare exceptions—so rare as to scarcely deserve mention.

Before closing this part of the report, having reference specifically to the City Clerk, it is only just that I should say that, during the investigation, he has very cheerfully responded to any request I have made for books, papers or information. He has undoubtedly great aptitude for the position he occupies, and nothing has been revealed in the examination made to suggest any intentional wrong-doing. What he has done, has been done properly and well; what has been left undone—as I think some things have been—easily remedied.

Thus far I have treated of the City Clerk's duties and responsibilities in the official position he holds, but there remains another important factor to be considered, viz.: What the records or papers in the office reveal of the working or management of the city government?—a matter which will now receive some attention, but only to the extent that may be necessary to indicate that our methods of conducting city affairs are, in many respects, loose, unbusiness-like and totally unsuited to the requirements of a large and growing city.

In examining the Finance Budgets passed by the Council—covering a period of three years—for the purpose of comparing them with the warrants drawn by the clerk in payment of claims upon the several funds of departments, and also the vouchers audited by committees, some matters were unavoidably observed and noted, which, of themselves furnish evidence of the truth of the averment above made. These Finance Budgets have this printed form on the covers: "We the undersigned members of the Finance Committee, and a majority thereof, hereby certify that we have examined the within Budget, No. —, comprising items numbers — to —, both inclusive, and in the aggregate amounting to the sum of — and —100 dollars, and approve the payment of the same."

Not one of these budgets, of the three years examined, contains a single signature nor a single footing, notwithstanding the fact that the vouchers of the several committees are copied by the Clerk, in the form in which they appear in the budget, so as to relieve the committee of this labor. I learn from the late chairman of the Finance Committee that it was next to impossible to get his committee together to consider the budget at all; and hence all he could do, with the time at his command, was to sit down alone with the clerk, or some one else, and whilst one would read off the totals of the vouchers, etc., the other would check them off on the budget, when found, or made, correct and the work was done. The other Council committees, as a rule, are equally remiss in the performance of a plain and important duty, by carelessly approving of vouchers by their signatures, the inside of which, in many instances, no doubt, they have never seen.

The simple truth of this whole matter is, that the aldermen, as a body, cannot find the time to properly attend to their several duties, and least of all the careful examination and auditing of accounts. They are generally engaged in business pursuits, and cannot, or will not, sacrifice their personal interests for those of the public, no matter if they are remunerated for such implied service.

It is a fact pretty well known, I suppose, that the chief cause of the resignation of the late chairman of the Finance Committee was the unsatisfactory condition of affairs above alluded to. He could not properly attend to the duties of the office, almost alone in important particulars, and he therefore took the course he did rather than longer suffer the annoyance, anxiety and labor occasioned by retaining it. The present chairman of the Fi-

nance Committee, I am glad to report, has determined to re-adopt the admirable system devised and executed by Ex-Alderman Upton years ago, when he was chairman of the above named committee. The printed form of it, copied above, will no longer remain a dead letter, but be rigidly complied with; and no budget will be hereafter presented to the Council for adoption unless properly executed. Every separate item or claim in such budget is numbered consecutively from one upwards throughout every budget of the fiscal year; every department claims are footed up separately and then summarized at the close and the sum total shown. By this method there can be no tampering with a finance budget after it has been properly certified by the committee—a by no means impossible thing to do before.

I will proceed now to give some evidence of the looseness, etc., of our methods of conducting the city's business; and it may be well, perhaps, to preface the statements by presenting an analysis of the expenditures charged to contingent fund during the fiscal years terminating in March 1888, '89 and '90, but only of such items as are under the control and charge of the Common Council, for it is well understood, I suppose, that many charges to this fund are not of this nature: Printing, \$31,469.21; stationery, \$3,703.34; books and binding, \$2,060.79; disbursements, \$4,581.45; serving notices, \$2,250.00; hacks, \$534.00; badges, \$96.50; photographs, \$141.00.

The above will, perhaps, be at least suggestive of the inquiry whether many of these expenditures could not be considerably reduced without the city suffering by the reduction. Then, again, the same enquiry might be made as to the disposition of the city property fund, the park fund, etc. In glancing at, or scanning, the above figures it must be borne in mind that the school board has its contingent fund, and the Executive Board its expenditures of a similar nature, although not charged under that heading. Taken altogether, contingent funds are very convenient funds on which to draw for all sorts of things—necessary and unnecessary; economic purposes, it may be, and very extravagant ones, and often unjustifiable. The word "disbursements" in such a fund is a very flexible one. It may mean a trip to Albany, a banquet—anything, in fact. Under this designation in the vouchers examined, may be found the following: December 13, 1887, "Disbursements, \$145.26." The voucher for this amount contains payments, given in detail, ranging from 25 cents to \$3.70, and then a lump sum of \$126.90 for "sundry office disbursements," but that is all, no vouchers or other explanation to indicate for what purpose this sum was disbursed. Only one alderman seems to have had the opportunity to sign this voucher; at any rate, his name stands alone as sponsor for the truth of the following certification: "We the undersigned hereby certify that we have examined the within claim in detail, and find the same correct in all respects, it is hereby audited and approved for payment." and thus "audited and approved" by "we" in the singular number, it was entered on the budget, and of course, ordered paid.

This is another of the "disbursement" bills amount, \$342.26, ordered paid December 26, 1888. Common Council—To Edward P. Olmsted, Dr.
 April 2, 1888, banquet, &c. \$87 50
 April 17, 1888, banquet, &c. 57 50

Same committee voucher contains sundries amounting to.....	\$22 26
And then this "Committee to Albany, Lyell and Saxton st. sewers (twice) committee to Albany, bridge bill.....	175 00
	<hr/>
	\$342 26

But the paying of the \$175 does not seem to have settled the matter, for the late Treasurer turned over as cash assets, chargeable to contingent fund, as was supposed, two slips of \$100 and \$75 respectively, accompanied with a bill setting forth that the sums named were "Cash advanced Special Committee of Common Council to Albany,

(two slips), East Side Sewer and Additional Water Supply Bill." Notwithstanding the discrepancy as to the purposes for which this money was used, I have evidence to show that both bills relate to the same "trips." The voucher for this \$175 is signed by one alderman, but it was not entered on the budget, and the claim is yet unsettled, but will finally be disposed of, no doubt, by the city paying these trip bills twice over.

I have other data of this kind, but these shall suffice for the present; and with one other illustrative example of "looseness," etc., I will close this report. I refer to the use of the Park Fund. The following schedule will give the cost, etc., of the maintenance of parks for the past five years:

	Paid for Labor.	Sundries.	No. of Men Employed.
1885.....	\$ 400 00	\$ 88 45	Contract work.
1886.....	1,506 76	114 67	In part by con't
1887.....	1,507 75	408 54	6 men.
1888.....	2,546 63	340 37	12 men.
1889.....	2,980 00	427 30	15 men.

These men, so "employed," are paid \$40 per month, "rain or shine, work or play," and the picture presented is so plainly suggestive that comment seems superfluous. The area of all these parks or squares—eight in number—is 18 acres and a fraction. Nearly two-thirds of the acreage are in Brown's and Jones' squares, and more than one-half of the remaining third in two other squares—Franklin and Washington.

By applying a little arithmetic to the data above given for 1889, say to determine the cost, etc., on such ratio of expenditure, if applied to the new parks—say 500 acres—the following facts will appear: Number of workmen required, 416; cost of labor per annum, \$82,777; cost for sundries, \$11,689; a total of \$94,466.

My main purpose in this report has been to state facts only and to leave these to tell their own story and to suggest whatever deductions may be drawn from them, or whatever improvements in our methods may be required. My own opinions have been frequently expressed on the necessity of radical changes in our system of conducting a city government, but I will not obtrude them here. I leave that question to others, at this time at least.

Respectfully submitted,
 JOHN BOWER.

 Ald. Kelly moved that the report be received, filed and published and referred to the Finance Committee to report back to this Board such recommendations as they may deem necessary. Adopted.

By Ald. Selye—
 ROCHESTER, N. Y., June 17, 1890.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—Your Water Works Committee respectfully recommends that water mains be extended in the following named streets:

- 1st—In TerHaar park, from St. Joseph st. to 573 lin. ft. west;
- Oscar st., from North Clinton st. to near Joiner st.; and
- Wilkin ave, from Maria st. to Hudson st.; at the expense of owners, to be reimbursed at the pleasure of the city; and in
- 2nd. Vetter park, from Hebard st. to Scio st.;
- Crouch ave., from 460 ft. south of Leighton ave. to University ave.;
- Laser st., from St. Joseph st. to Bauman park; and
- Jennings park, from Clifford st. to Jennings st.; to be laid when there are funds, applicable, not otherwise appropriated.

Your committee recommends the passage of the annexed resolution.
 Respectfully submitted,
 D. W. SELYE,
 MERTON E. LEWIS,
 HENRY SHELTER,
 JOHN U. SCHROTH,
 Water Works Committee.
 Ordered received, filed and published.

By Aid. Selye—Resolved, That the Executive Board be and it is hereby authorized and directed to extend water mains in TerHaar Park, Oscar street and Wilkin avenue; said extensions to be paid for by the owners of property on said streets, and reimbursed at the pleasure of the city, and in Vetter Park, Crouch avenue, Laser street and Jennings Park whenever there are funds applicable therefor, not otherwise appropriated. Adopted.

By Aid. Selye—
To the Honorable, the Common Council of the City of Rochester.

GENTLEMEN:—The undersigned respectfully represent that they have opened a street through their tract of land known as Oscar street, and situated in the Sixteenth ward of the city, between N. Clinton street and New Joiner street; that they are now engaged in permanently improving said street, and have erected dwellings and expect to erect more; they therefore respectfully request permission to extend a suitable water main in said street at their own expense, and to connect with the water works system of the city: the whole to be done under the supervision and direction of the Executive Board.

Rochester, June 17, 1890.
Respectfully submitted,
F. & C. SCHAEFER.

Ordered, received, filed and published.
By Aid. Selye—Resolved, That permission be and is hereby granted to Messrs. F. and E. Schaefer to extend a water main in Oscar st. between N. Clinton st. and New Joiner st., at their own expense under the direction of the Executive Board, and to connect the same with the Water Works system of the city in accordance with the terms of their petition. Adopted.

By Aid. Shelter—
To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Your Assessment Committee begs leave to submit the following as its report: Brackett H. Clark was assessed for the South Water street improvement on sixty feet frontage, at the rate of fifteen dollars and sixty-three and three-tenths cents per foot, that being the rate per foot frontage of land like Mr. Clark's not, possessing any mill rights, and twenty-one and four-tenths feet, at the rate of thirty-one dollars and twenty-eight cents per foot front, as if his last mentioned frontage possessed mill right privileges, inasmuch as none of Mr. Clark's land possessed mill right privileges, his assessment should be reduced to the amount specified in the accompanying resolution, and your committee, therefore, recommends the adoption of the same.

Charles Lewis is the owner of a triangular parcel of land at the intersection of Cottage and Mansion streets. He was assessed for the Genesee Valley Canal Sewer Extension for 113 feet frontage on Cottage street, and previous thereto for the Exchange street Extension assessment for 99 feet frontage upon Mansion street.

Your Committee, therefore, recommends that the assessment for said sewer extension be computed upon a frontage of 40 feet, thus reducing the aggregate amount of his assessment from \$48.23 to \$22.58, thus making his first two payments \$7.52 each, and the third payment \$7.54, in place of \$16.07 for the first and \$16.08 for each of the second and third payments.

Your Committee, therefore, recommends the adoption of the accompanying resolutions, for the foregoing purposes, and also recommends the adoption of the resolution relative to the City Treasurer. Respectfully submitted,

HENRY SHELTER,
D. W. SELYE,
LEO J. HALL,
WM. H. SULLIVAN,
JAMES S. JUDSON,
Assessment Committee.

Ordered received, filed and published.
By Aid. Shelter—Resolved, that Brackett H. Clark's assessment for South Water street Medina

stone improvement be and the same is hereby reduced from \$1,607.37 to \$1,272.53, divided into as many instalments or payments as the original assessment, and that the treasurer be, and he hereby is directed to receive said reduced sum from said Clark, as if that were the original assessment amount, together with any and all interest and percentages thereon for any failure to promptly pay the same, and with any reduction on account of prompt payment before due, as is or may be allowed upon such assessment amount. Adopted.

By Aid. Shelter—Resolved, That Charles Lewis' assessment for the Genesee Valley Canal Sewer extension, Ordinance No. 3,325, be and the same is hereby reduced, and as thus reduced, the treasurer be, and he hereby is, directed to receive from Mr. Lewis, in full of said sewer assessment, above mentioned, \$7.52 each, for the first two payments and \$7.54 for the third payments, as if those were the installments or payments of said assessment, together with any interest and percentages thereon, for any failure to promptly pay the same, and with any reduction on account of prompt payment before due, as is or may be allowed upon any such assessment amount and that such reduction is in full of any claim for any reduction upon account of said Exchange street extension assessment. Adopted.

By Aid. Shelter—Resolved, That the City Treasurer be, and he hereby is, requested to keep an account of any and all proceedings and resolutions adopted or passed at any time by this board relative to any assessment or tax, and to notify promptly any and all persons mentioned therein, for the purpose of a prompt compliance with any such proceeding or resolution. Adopted.

By Aid. Hall—Resolved, That the City Property Committee be, and it hereby is, directed to cause to be insured the public school buildings of the city, and their contents, to the amount of \$300,000.

Resolved, That said committee be, and hereby is, directed to effect such insurance, and to cause the same to be placed with home agencies, in first-class companies, and report their action to this board. Adopted.

By Aid. Hall—
To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—Your City Property Committee, who were instructed to cause to be insured the public school buildings of the city of Rochester, and their contents, to the amount of \$300,000, and to have such insurance placed with home agencies, in first-class companies, would respectfully recommend that such insurance be placed with the agencies herein below set forth in the amounts set opposite their respective names:

Edward O' Gray	\$ 25,000
P. S. Wilson	10,000

ROCHESTER, N. Y., June 17, 1890.

To the Honorable the Common Council:

GENTLEMEN—Your committee having examined various petitions and resolutions relating to the location of public lights, makes the following recommendations, viz:

That 1 Rochester arc light be erected on Alexander street, between Cobb street and Monroe avenue.

That 1 Rochester arc light be erected corner Court and Manhattan streets, and discontinue 2 Citizens Gas Lights on Manhattan street.

That 1 Brush arc light be erected on Avenue A, midway between North St, Paul street and Harris avenue.

That 1 Brush arc light be erected corner Hand and Emmett streets, and discontinue 2 Citizens gas lights on Hand street and 1 on Emmett street.

That 1 Brush arc light be erected on Emmett street, and discontinue 2 Citizens gas lights.

That 1 Brush arc light be erected in Cole street, 50 feet north of the angle therein.

That 1 Brush arc light be erected corner of Lowell and N. St. Paul streets, and discontinue 2 Citizens gas lights.

That 1 Brush arc light be erected corner of Gorham and Martin streets, and discontinue 4 Citizens gas lights.

That 1 Brush arc light be erected corner of St. Joseph and Holland streets; also 1 Brush arc light corner St. Joseph and Nassau streets, and discontinue 3 Citizens gas lights.

That 1 Brush arc light be erected, corner of Harrison and Hudson streets, and discontinue 1 Citizens' Gas light.

That 1 Brush arc light be erected on Chatham street, midway between Central avenue and Harrison street, and discontinue 1 Citizens' Gas light.

That the Brush arc light on Chatham street, south of Harrison street, be moved north to a point opposite Harrison street.

That 1 Brush arc light be erected on Alphonsus avenue, midway between Hudson and North streets.

That 1 Brush arc light be erected on Alphonsus avenue, midway between North and Carler streets.

That 1 Brush arc light be erected on Central avenue, midway between Scio and Union streets, and discontinue 4 Citizens' Gas lights.

That 1 Brush arc light be erected on the corner of Richmond park and Union street, and discontinue 3 Citizens' Gas lights.

That 1 Edison arc light be erected on the corner of the north driveway of Lake View park and Raines street.

That 1 Edison arc light be erected on the south driveway of Lake View park, 50 feet west of the west line of Raines street, and discontinue 8 Edison incandescent lights.

That on account of the number of Rochester gas lights being decreased from about 700 to 115, entailing more expense for lighting, it is recommended that the Rochester Gas Light Company be allowed one-third of one cent per light per night each extra for lighting their lights now in use.

SUMMARY OF LIGHTS ERRECTED AND DISCONTINUED.

2 Rochester arc lights erected, at 28½¢ per night each.....	\$0 57

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—At a meeting of the Board of Health, held June 16th, 1890, the following report was presented:

The Hon. Board of Health, City of Rochester:

GENTLEMEN—At the request of the Health Officer I have examined cellars on Jay street and report as follows:

Cellar of Joseph Greenauer, premises 301 Jay street, not five feet high; 3 inches of stagnant, stinking liquid; had lateral sewer flushed this spring, which did not better the condition of the cellar.

2d. C. W. Kall, 294 Jay, much the same condition as in 301.

3d. No. 279, cellar not very wet, but very low.

4th. 281 Jay, G. W. Smith, owner; contents of street sewer backs into the cellar; very bad smell.

5th. Robert Robinson, 276 Jay; cellar has been very wet; cellar only about 4 feet high.

6th. Mrs. Knaft, 285 Jay, cellar in fair condition.

7th. Michael's drug store, No. 291, cellar very bad; water backs up every time it rains; cellar about 5 feet high.

8th. No. 293, not so bad; evidence of water backing up.

9th. No. 274 Jay, Schenkel owner; cellar low and wet.

10th. No. 262, wet cellar; put in new tile sewer, but had no effect.

All of which is respectfully submitted,
JAMES PURCELL & ROBINSON, Health Inspectors.
Commissioner Kondolf moved that the Common Council be requested to prepare an ordinance for a sewer in Jay street, from Saxton street to Orchard street. Adopted.

ROCHESTER BOARD OF FIRE UNDERWRITERS, }
OFFICE 446 POWERS BUILDING, }
ROCHESTER, N. Y., June 10, 1890. }

To the Honorable the Common Council of the City of Rochester, N. Y.:

GENTLEMEN—From reliable information we learn that there are many electric light wires that, from imperfect insulation, endanger the buildings to which they are attached. Understanding that there is in the employ of the city an electrical expert, a part of whose duty it is to inspect these wires, we have the honor to request that you cause a thorough inspection to be made and their condition reported to your honorable body, and that you kindly furnish this office with a copy of such report.

Very respectfully, yours, &c.,
SELDEN PAGE, Secretary.

Referred to the Committee on Electric Wires.

By the Clerk—

FINAL ORDINANCE NO. 4,111.

EMERSON STREET PIPE SEWER.

On motion of Ald. Judson, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a pipe sewer in Emerson street, from near Fulton avenue to Deep Hollow Creek.

And after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit.:

The reconstruction of the sewer in Emerson street, by taking up the present pipe sewer existing therein and in its place constructing a new vitrified pipe sewer at greater depth as follows, viz.: To be 12 inches in diameter from a point 125 feet west of Fulton avenue (measured along the south line of Emerson street) to a point opposite the center of Backus avenue, and 18 inches in diameter from said point to its present outlet at Deep Hollow culvert; also a branch 12 inches in diameter from said point opposite the center of Backus avenue to the south line of Emerson street. Also the necessary manholes, surface sewers, lot laterals sewers new, and the present old ones deepened and connected.

And the City Surveyor, under the direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$2,900 which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Emerson street from a point 125 feet west of Fulton avenue (measured along the south line of Emerson street) to Deep Hollow creek; also one tier of lots and parcels of land on each side of Backus avenue, from its present northern terminus to the north line of Phelps avenue.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—14.

On motion of Ald. Selye action on the final ordinance for Pearl street improvement was postponed two weeks.

Ald. Shelter moved that action on the final ordinance for Summer street MacAdam improvement be postponed two weeks. Adopted.

By Ald. Lewis—Resolved, That the ordinance for South Goodman street brick improvement be amended by striking out the words, "all brick used to be those manufactured by the Malvern Clay Co., at Malvern, Ohio." Adopted.

On motion of Ald. Selye action on the final ordinance for Emerson asphalt improvement was postponed two weeks.

Ald. Lewis moved that the ordinance for opening a street from Clifford street to Avenue A be amended by striking out of the territory to be assessed the following, viz.: "The southeast corner of lot No. 9, supposed to belong to Henry Klingler and wife." Adopted.

Further action was then postponed under the rule.

FINAL ORDINANCE, NO. 4,112.

ROWE STREET ASPHALT IMPROVEMENT.

On Motion of Alderman Shelter, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to improve Rowe street, from Lake avenue to the city line.

And after hearing such allegations from all persons appearing.

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Rowe street, from Lake avenue to the west line of the city, except where crossed by the Erie canal, by constructing an asphalt pavement therein, with a line of Medina stone curb on each side thereof, properly connected with all streets, alleys and driveways. Width of main road, say between curb lines to be 30 feet. Also the construction of all necessary crosswalks, crosswalk extensions, surface sewers, manholes, lot laterals, water and gas services.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$54,000 which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Rowe street, from Lake avenue to the western city line.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—14.

FINAL ORDINANCE NO. 4,113.

REYNOLDS STREET MACADAM IMPROVEMENT.

On motion of Ald. Shelter, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to improve Reynolds street, from Bronson avenue to Bartlett street.

And, after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Reynolds street, from the south end of the present improvement at Bronson avenue to the north curb line of Bartlett street by the construction of a Macadam pavement therein, with the necessary curbstones and gutter on each side thereof, properly connected with all streets, driveways and alleys. Also the necessary crosswalks, surface sewers, manholes, lot laterals, water and gas services. Width of roadway between curbs to be 26 feet.

And the City Surveyor, under the direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$9,450, which being deemed reasonable, is hereby approved; and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Reynolds street from Bronson avenue to Bartlett street.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—14.

REPORTS OF STANDING COMMITTEES.

By Ald. Kelly—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Your Finance Committee begs leave to submit the following as its report upon the subject of the weekly payment bill, so-called.

It has received communications adverse to the adoption of said bill from the clerk of the executive board and the superintendent of police, which communications are hereto annexed, and, in view of the large expense that will be caused by the adoption of the weekly payment of the employees of the city, without any benefits to be derived by them, your committee, therefore, recommends that the adoption of said weekly payments be, for the present, postponed.

All of which is respectfully submitted.

J. MILLER KELLY,
JOSEPH H. FEE,
S. RAUBER,
S. D. W. CLEVELAND,
Finance Committee.

OFFICE OF THE EXECUTIVE BOARD,
, ROCHESTER, N. Y., June 30, 1890.

To the Finance Committee of the Common Council:

In reference to the suggestion that the members of the fire department be paid weekly instead of once a month, the Executive Board directs me to state that there is no necessity for the change, so far as the needs of the employees are concerned; and in addition to that fact, it may be stated as the opinion of the board that such a change would have a tendency to cause unnecessary, if not useless expenditure, and result in loss to the families of the firemen, and a laxity in the service if not demoralization in the department.

The Executive Board believes that your committee will appreciate the general statement above given without going into details or particulars to prove its truthfulness.

Respectfully, THOS. J. NEVILLE, Clerk.

POLICE COMMISSIONERS' OFFICE,
ROCHESTER, N. Y., June 30, 1890.

J. Miller Kelly, Chairman of the Finance Committee of the Common Council:

DEAR SIR—I consulted with the Police Commissioners in regard to the payment of salaries to the Police Department, and the Mayor and Commissioner Casey are in favor of leaving it as it is, and Commissioner Hoekstra did not give a fixed opinion, but thought that we had ought to leave it to the vote of the men. Now, the heads of the departments that understand all the trouble and difficulties and inconvenience that the clerks and the members of the Finance Committee would be put to, appreciate the necessity of leaving it as it is and would request that it be left that way. However, we called a meeting of the department, and the vote stood 72 for leaving it as it is and 54 for weekly payments. So you see the majority are in favor of the present system of paying. As the majority always rule, we would most respectfully request of the committee to leave it as it is, if it is not inconsistent with your official duties.

I am, gentlemen, yours respectfully,

J. P. CLEARY, Supt. of Police.

Ordered received, filed and published.

By Ald. Kelly—Resolved, That the adoption of the system of paying the employees of the city weekly be, and the same hereby is, for the present, postponed, and that the foregoing report of the Finance Committee upon the subject be, and the same hereby is, approved. Adopted.

FINANCE BUDGET, No. 2.

Ald. Lewis moved to strike out from the City Clerk's disbursements supplies amounting to \$82.50. Lost.

The Finance Budget was then adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbauer, Schroth, Bohrer, Kelly—14.
Nays—Ald. Lewis—1.

By Ald. Selye—
To the Hon. the Common Council of the city of Rochester:

GENTLEMEN—Your Water Works Committee and Executive Board, to whom was referred the petition of Hiram W. Sibley, Hobart F. Atkinson and Isabella A. Dove for permission to extend water mains in Melrose street, from Genesee street to Wellington avenue; Aberdeen street, from Genesee street to Wellington avenue; Roslyn street, from Genesee street to Wellington avenue, and Wellington avenue, from Melrose street to Roslyn street, respectfully recommends that the prayer of the petitioner be granted.

D. W. SELYE,
J. MILLER KELLY,
HENRY SHELTER,
MERTON E. LEWIS,
Water Works Committee.

Ordered received, filed and published
By Ald. Selye—Resolved, That the Executive be, and it is hereby, directed to extend water mains in Melrose street, from Genesee street to Wellington avenue; Aberdeen street, from Genesee street to Wellington avenue; Roslyn street, from Genesee street to Wellington avenue and Wellington avenue from Melrose street to Roslyn street; said extensions to be paid for by the owners of the property on said streets; in accordance with the prayer of petitioners.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly, Lewis—15.

REPORTS OF SELECT COMMITTEES.

By Ald. Fee—
To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—Your Special Committee, appointed to examine into the matter referred to it by the petition of the Oak Hill Cemetery Association, would respectfully report, that it has been attended by the representatives of all persons interested, and heard, and duly considered their statements, and that your committee finds that said association has applied to the Supreme Court for an order directing the assessors to certify to said court their proceedings in and about the matter of assessing the lands of said association, which was first made returnable at the present special term, but which, at the request of the attorney for the association, has been postponed until the

special term which begins on the 28th, inst., and in view of the uncertainty whether or not the lands of said association are nontaxable and non-assessable, and the possibility of an early decision upon that subject by the Supreme Court, your committee, therefore, deems it but proper that the whole subject be indefinitely postponed, to the end that the matters may be fully disposed of by the Supreme Court.

Respectfully submitted,
JOSEPH H. FEE,
D. W. SELVE,
S. D. W. CLEVELAND,
Special Committee.

Ald. Selve moved that the report lay on the table until miscellaneous business was reached. Adopted.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.
By the Clerk—

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, N. Y., July 1st, 1890. }

To the Common Council:

GENTLEMEN—The Executive Board has examined Kosciusko, St. Stanislaus and Sobieski avenues, and would respectfully report them acceptable in every respect for public use.

Respectfully,
THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.
By Ald. Bohrer—Resolved That Kosciusko, St. Stanislaus and Sobieski avenues be accepted by the city of Rochester as public thoroughfares, and that the City Clerk record the names of said avenues on the street register, and the Executive Board be requested to put in place the necessary street signs. Adopted.

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, July 1, 1890 }

To the Common Council:

GENTLEMEN: The Executive Board respectfully suggests to your honorable body that there is urgent necessity to permanently improve State street from West Main to Platt street, to relay the pavement on State street from Platt street to Vincent Place, and to permanently improve West and East Main streets from Fitzhugh street to University avenue. The pavement of Main street, between the points named, and on State street to Platt street, is utterly worn out, as the general overhauling which it received in the relaying of the street railroad tracks make evident to every observer.

The continual tearing up and replacing of the pavement, together with the immense and increasing traffic of those important thoroughfares has so worn the pavement that it is nothing but a makeshift, to put in place again. If those streets were properly paved they could be kept much cleaner than it is possible to keep them now with their irregular uneven surfaces.

The Executive Board, therefore earnestly recommends that the City Surveyor be directed to compile the necessary ordinances for the above named improvements. Respectfully,

THOS. J. NEVILLE, Clerk.

Ald. Sullivan moved to lay the communication on the table.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Hall, Bierbrauer, Kelly, Lewis—11.

Nays—Ald. Shelter, Selve, Schroth, Bohrer—4.

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, July 1, 1890. }

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—The matter of receiving prices for the lots or parcels of land proposed to be purchased for opening a street from Maple street to Campbell street referred to the Executive Board, has received its attention. The several owners as represented on the map submitted to the Board were

invited to state the sum for which they would sell their property. A conference among the parties interested and representing nearly all the land in question resulting in an informal agreement that they would pay Philip Ebertz, Jr., for a lot fronting on Maple street, being thirty-five feet front and 150 feet deep, for \$500; and Margaret Bostendorf for a lot fronting on Campbell street, being thirty-five feet front and forty-two feet deep, \$350.

The Executive Board deems those prices satisfactory, especially in view of the probable expense of a commission, and would therefore recommend the payment of those sums above given for the lots named.

It is understood or expected that all other owners will give the necessary land free of expense.

Respectfully,

THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Kelly—Resolved, That the amounts at which the owners of lands and property necessary to be taken and acquired for opening a new street from Maple street to Campbell street, under final ordinance No. 4,091, will sell the same, as stated in the foregoing report of the Executive Board, are satisfactory to, and declared to be reasonable by, this Common Council, and are hereby approved, and that the Mayor be, and he hereby is, authorized and directed to enter into contracts with said owners for the purchase by said city of said lands, at the prices contained in the report of the Executive Board aforesaid; said contract to provide that said amount be paid within four months after the confirmation of the assessment roll for said improvement to said owners respectively, the contracts to be drawn in accordance with the provisions of the city charter, and to be approved by the City Attorney, and to provide the proper abstracts of title to the property and lands, and of taxes and assessments thereon, shall be presented to the City Attorney, for his approval, showing that said lands are free from all liens and incumbrances at the time of the execution and delivery of the deeds; and it is further

Resolved, That said contract shall provide that there shall be deducted from the amount due any of said owners upon its, his, her or their deeds the amount of any assessment made against it, him, her or them upon said assessment roll for said improvement. Adopted.

By the Clerk—

ROCHESTER, N. Y., July 1, 1890.

To the Common Council:

GENTLEMAN—The following preamble and resolutions were adopted at a regular meeting of the Board of Education held on the 23d day of June, 1890.

S. A. ELLIS, Clerk

By Com. Buell—

"Whereas, It is apparent from the statements of the chairman of the Finance Committee and other members thereof, that bills have been presented to said committee for audit and payment which have been previously paid; and

"Whereas, It is charged that certain bills are now before the said committee for audit and payment, arising out of contracts, under which work has been performed and material furnished by, and payments made, to a commissioner, by his own admissions, which is a direct violation of the charter of the city of Rochester, prescribing the duties and obligations of members of this board; and

"Whereas, The methods of presenting, auditing and paying bills submitted to this board have been for several years last past and are at the present time loose, unbusiness-like and unsatisfactory; and

"Whereas, There is a feeling of distrust in this community regarding the official integrity and official conduct of certain members of this Board; be it

"Resolved, First, that a communication, signed by the president and clerk of this Board, be immediately sent to the Board of Aldermen or Common Council of said city, requesting them to appoint a thorough and competent person to investigate the financial proceedings and transactions of this Board

for the six years last past, to verify its accounts and to examine in connection therewith all vouchers for payments made, and make a full and complete report to this Board and to the said Board of Aldermen.

Second—That said board of Alderman be required to institute proper proceedings through the City Attorney, or other competent legal counsel, with power to subpoena witnesses and take testimony to the end that a thorough investigation may be had of any and all matters which have come before said Board of Education and been acted upon by it within the period of six years last past.

Third—That we hereby recommend John Bower, now or lately employed by said board of aldermen in similar investigations, as a competent, thorough and reliable person to investigate all the accounts as aforesaid.

Fourth—That a copy of this preamble and these resolutions be transmitted to said board of aldermen with the requests when presented and made a part thereof.

Ordered received, filed and published.

By Ald. Kelly—Resolved, That the communication be received, filed and published, and that a committee of five members of this board be appointed to take charge of the investigation and they be instructed to employ John Bower to examine the accounts of the Board of Education for the last six years and report the same to said committee for action by this board at an expense not to exceed \$200, to be paid from the contingent fund of the Board of Education. Adopted.

By Ald. Lewis—Resolved, That a committee of three be appointed by the chair to investigate the charges as contained in the communication from the Board of Education. That said committee have power to employ counsel and to issue its subpoena to compel the attendance of witnesses and the production of books and papers.

And further resolved, that said committee be authorized to employ John Bower, Esq., as they may see fit, in the prosecution of such investigation.

On motion of Ald. Kelly the resolution was laid on the table.

By the Clerk—

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, July 1, 1890.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—It is a matter of common knowledge that the growth of the city in population and commercial and industrial interests has necessarily increased the business and multiplied the duties of the Executive Board, and the total estimated cost of public improvements, contracts for which have been let from last March to the present date, aggregates already over a half million of dollars, and the care of the fire department, laying of water pipe and management of the water works, cleaning and maintaining of streets, for all of which hundreds of thousands of dollars are received and disbursed by this board, and for which it is held accountable to the citizens of Rochester, consequently greatly increasing its official responsibility and labors, it therefore begs leave to request that the salary of each member of the said Executive Board be made \$3,500 per year, the limit fixed by the city charter, to take effect July 1st, 1890.

THOS. J. NEVILLE, Clerk.

On motion of Ald. Fee, referred to the Finance Committee.

STATE OF NEW YORK, County of Monroe, City of Rochester, s. s.:

John B. Hayd, being duly sworn, deposes and says: That he is the City Sealer of the City of Rochester; that the foregoing contains a true and full report of the names of all persons, firms and corporations, for whom he, or any of his assistants, have sealed or marked any weights or measures since the date of his last report, together with the dates thereof, the description of all such scales, weights and measures, so sealed or marked, and the amount of fees or compensation collected therefor. JOHN B. HAYD, City Sealer.

Sworn to before me this 1st day of July, 1890.
F. J. IRWIN, Commissioner of Deeds.

Ordered received, filed and published.

By the Clerk—

ROCHESTER, N. Y., June 28, 1890.

To the Hon. the Common Council of the City of Rochester:

The Bell Telephone Company of Buffalo respectfully represents that it owns and operates not only the telephone exchange in your city, but many important lines connecting the city with other distant cities and places, has brought its telephone plant to a high degree of excellence by liberal expenditure, in order that the public may have the best service.

Your petitioner has been informed that the Rochester City & Brighton Railroad Company proposes to operate its road by the single trolley system of electrical propulsion, and has applied to your honorable body for consent so to do and that some action has been taken by your honorable body favoring the application of said railroad company.

Your petitioner further represents that the operation of such system by the railroad company will make it impossible for it to operate its lines near the railroad and will seriously impair the efficiency of its whole system, and it therefore desires to protest against your honorable body giving any such consent to the Street Railroad Company.

It is well known that this system of electrical propulsion is highly dangerous both to life and property, as its unprotected wires carrying currents of great volume will discharge their electricity into any conductor in contact directly or indirectly with the earth that may also come in contact with these wires.

Your petitioner is the more urgent in its protest because it is feasible for the railroad company to adopt another system which will be more satisfactory to the public, practically safe and innocuous to the telephone system.

We submit herewith a copy of a letter lately addressed by us to said railroad company on this subject.

Very respectfully yours,

THE BELL TELEPHONE CO. OF BUFFALO.

By E. J. HALL, Vice-President.

ROCHESTER, June 28, 1890.

To the Rochester City & Brighton Railroad Company, or Rochester Railway Company:

The Bell Telephone Company of Buffalo, operating the telephone exchange in your city, desires to enter its protest against the proposed use by your company of the single trolley system of electrical propulsion.

The experience in other cities has clearly shown that that system is dangerous to life and property and especially destructive to the telephone business. The discharge of large quantities of electricity upon the telephone system by leakage and the disturbing currents induced in the telephone wires by the strong, rapidly changing and unbalanced currents employed in the single trolley system will make it impossible to operate the telephone lines near the railroad and will cause great damage to the whole telephone system.

Our plant in your city has been brought to a high degree of excellence by liberal expenditures in order that the public may be well and satisfactorily served, and we shall hold your company responsible for all injuries done to our system and plant.

Very Respectfully Yours,

The Bell Telephone Company of Buffalo,

By E. J. HALL, Vice-President.

On motion of Ald. Kelly referred to the committee on electric wires.

By the Clerk—

CITY ATTORNEY'S OFFICE,
19 CITY HALL BUILDING,
ROCHESTER, N. Y., July 1, 1890.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—George Lotzar on July 1, 1890, recovered judgment which was entered on that day against the city for \$100 damages and \$157.13 costs. The recovery is very low and the judgment

should for that reason be paid and because another person is liable over to the city and no suit against that other person will lie until said judgment is paid.

George S. Riley in the matter of the widening of Hand street recovered against the city the following sums as costs at the following dates which should be paid: January 6, 1890, \$123.10; February 27, 1890, \$10; June 25, 1890, \$15.90. Gertrude Schum also on March 22, 1890, recover judgment against the city for damages \$800; costs, \$162.72.

The City Attorney believes that the recovery therein is low and the judgment should therefore be paid. I respectfully request that the above matters be referred to the law committee for consideration.

Respectfully,

HENRY J. SULLIVAN,
First Assistant City Attorney.

Referred to the Law Committee.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

JONES AVENUE SPRINKLING.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of sprinkling Jones avenue.

Adopted.

The Surveyor submitted as such estimate \$16. By Alderman Shelter—Resolved, That the following improvement is necessary, viz:

The sprinkling of Jones avenue, from Saratoga avenue to Thompson street, during the season of 1890.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$16, which estimate is hereby approved,

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Jones avenue, from Saratoga avenue to Thompson street, in proportion to the benefit and advantage which each will derive therefrom.

Adopted.

CENTER STREET SPRINKLING.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of sprinkling Center street.

Adopted.

The Surveyor submitted as such estimate, \$30. By Ald. Shelter—Resolved, That the following improvement is necessary, viz:

The sprinkling of Center street, from Mill street to Frank street, during the season of 1890.

And, Whereas, The City Surveyor, under the direction of this Council, has made an estimate of the whole expense thereof, and reports the same at \$30, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Center street, from Mill street to Frank street, in proportion to the benefit and advantage which each will derive therefrom.

Adopted.

JAY STREET SEWER.

By Ald. Judson—Resolved, That the City Surveyor ascertain and report to this council the expense of reconstructing the sewer in Jay street.

Adopted.

The Surveyor submitted as such estimate \$3,800. By Ald. Judson—Resolved, That the following improvement is necessary, viz:

The taking up the present sewer in Jay street, deepening and reconstructing the same, from a point 53 feet west of Orchard street, to the sewer in Saxton street. Also the connection of the present laterals and the construction of the necessary

manholes, surface sewers, lot lateral branches, roadway grading and gutter formations. Size of sewer to be $1\frac{1}{2} \times 2$ feet with cover and invert.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$3,800, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Jay street from a point 53 feet west of Orchard street to Saxton street, in proportion to the benefit which each will derive therefrom.

Adopted.

COLVIN, CHILDS AND MAPLE STREETS OUTLET SEWER.

By Ald. Judson—Resolved. That the City Surveyor ascertain and report to this Council the expense of reconstructing the Colvin street sewer and the outlet thereof, from West avenue to Saxton street.

Adopted.

The Surveyor submitted as such estimate, \$41,905.

By Ald. Judson—Resolved, That the following improvement is necessary, viz.:

The construction of a stone sewer, $2\frac{1}{2}$ by 3 feet, with arch and invert, in size, from the center of West avenue through Colvin street to the angle in the present Colvin street sewer south of the N. Y. C. & H. R. R. tracks, thence easterly along the route of the present Colvin street outlet sewer to the center of Child street, thence northerly along the center of Child street to the center of Maple street. From this point the construction of a stone sewer, $2\frac{3}{4}$ by $3\frac{1}{4}$ feet with arch and invert, in size, through Maple street to the sewer in Saxton street. Also the necessary surface sewers, manholes, lot laterals, roadway grading and gutter formations.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$41,905, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

All the territory included within, and described by, the following boundary lines, viz.:

Beginning at the southwest corner of Saxton street and Maple street, thence westerly along the south line of Maple street, including one tier of lots and parcels of land on the south side thereof, to a point where the east line of Taylor street, if produced northerly, would intersect the south line of Maple street, thence southerly along said produced east line of Taylor street, to the south boundary line of lands belonging to the B. & P. FINAL ORDINANCES.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., July 1, 1890.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Agreeably to your directions given at your last meeting in reference to the following named contemplated improvements, I caused to be published daily for four days, in the Union and Advertiser and Abend Post and Beobachter, two daily newspapers printed in the city of Rochester, notices of said improvements, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and requiring all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, July 1, 1890, at 7 o'clock p. m., at the Common Council chamber, when allegations would be heard in reference to such improvements, viz.:

PETER SHERIDAN, City Clerk.

FINAL ORDINANCE NO. 4,114.

VINCENT PLACE SPRINKLING.

On motion of Ald. Shelter, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle Vincent place, from State street to the river bridge.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Vincent place, from State street to the west end of the river bridge, during the season of 1890.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$34, which, being seemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by and derive an advantage from such improvement, to wit:

One tier of lots and parcels of land on each side of Vincent place from State street to the Genesee river.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly, Lewis—13.

FINAL ORDINANCE NO. 4,115.

COLLEGE AVENUE SWEEPING AND CLEANING.

On motion of Ald. Shelter, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sweep and clean College avenue from Prince street to Goodman street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made to wit:

The sweeping, cleaning and disposition of the dirt collected on College avenue, from Prince street to Goodman street, during the season ending December 1st, 1890.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$100, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by and derived an advantage from such improvement, to wit.:

One tier of lots and parcels of land on each side of College avenue, from Prince street to Goodman street.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly, Lewis—15.

FINAL ORDINANCE, No. 4,116.

RUGRAFF STREET PLANK WALK.

On motion of Ald. Shelter, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a plank walk on Rugraff street, from the north end thereof to Jay street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a pine plank sidewalk, four feet wide, on the east side of Rugraff street, from Jay street to the north end of Rugraff street. Also the necessary sidewalk grading and gutter formations. Property owners to be allowed 30 days in which to construct their own walks.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$180, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit.:

One tier of lots and parcels of land on the east side of Rugraff street, from Jay street to the north end of Rugraff street.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly, Lewis—15.

FINAL ORDINANCE, NO. 4,117.

EXCHANGE STREET BRIDGE RETAINING WALL.

On motion of Alderman Shelter, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct retaining walls at the south end of Exchange street railroad bridge.

And, after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of the necessary retaining wall at the south end of the Exchange street bridge spanning the Western New York & Pennsylvania railroad, on the west side of the street, and on the north side of Doran park, to properly sustain the earth embankment forming the approach to said bridge. Also the necessary hand railing.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$1,000, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Exchange street, as recently extended, from Clarissa street to the south end of said extension; also one tier of lots and parcels of land on each side of Doran park, from Mansion street to Plymouth avenue; also all the territory included within, and described by, the following boundary lines, viz: Beginning at the southwest corner of Doran park and Mansion street; thence southerly along the west line of Mansion street, and including one tier of lots and parcels of land on the west side thereof, to Magnolia street; thence in a direct line to the southwest corner of Magnolia street and Mansion street; thence southerly along the west

line of Mansion street, including one tier of lots and parcels of land on the west side thereof, to Cottage street; thence southwesterly in a direct line to a point in the south line of Cottage street 150 feet west of the west produced line of Mansion street; thence easterly along the south line of Cottage street and in said line continued and including one tier of lots and parcels of land on the south side thereof, to the easterly boundary line of the Western New York & Pennsylvania Railroad Company's property; thence northerly along the easterly boundary line of said railroad company's property to the west line of Exchange street, as recently extended; thence southerly along the west line of said Exchange street to the south end thereof; thence southerly in a direct line to the place of beginning.

FINAL ORDINANCE, NO. 4,127.

OPENING A STREET FROM CLIFFORD STREET TO AVENUE A.

On motion of Alderman Bohrer, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to open a new street from Clifford street to Avenue A.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, and they hereby judge that the public good requires the same to be done, viz:

The opening of a street forty (40) feet in width, from Clifford street to Avenue A, and lying between Conkey avenue and Clinton street.

The east line of the proposed street to be the east line of lot No. 10 of the assessors subdivision and supposed to belong to Apollonia Schreiner, and the east line of lot No. 300 of the Rochester Co-operative Building Lot Association and supposed to belong to James Rockett. The west line, to be parallel with and forty (40) feet west of the above described east line.

The territory necessary to be taken therefor, is all the land lying between the above described east and west lines of said street, and bounded on the north by Avenue A, and on the south by Clifford street.

And the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be assessed for, and will be benefited by such improvement, to wit:

All that portion of the assessors subdivision of original town lot No. 43, known as lot No. 8, supposed to belong to Ludgarter Englert, that part of lot No. 9, supposed to belong to Conrad Gerstner, that portion of lot No. 10, lying west of and adjoining the proposed new street supposed to belong to Apollonia Schreiner, and lot No. 11, supposed to belong to George Selbig as they exist at the date of the passage of this ordinance in proportion to the benefit which each will derive therefrom.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Bohrer, Kelly, Lewis—14.

By Ald. Shelter—Resolved, That all persons interested in the subject matter of each and all improvements contemplated to be made in or by any ordinance or resolution adopted or passed at this meeting and the expense whereof, in whole or in part, is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council on Tuesday, the 15th day of July, 1890, at 7 o'clock p. m., at the Common Council Chamber, when allegations relative thereto will be heard, and that the Clerk be and he is hereby directed to publish for four secular days continuously in The Union and Advertiser and the Abend Post and Beobachter, notice thereof as is required and in the manner specified by Section 172 of the City Charter. Adopted.

UNFINISHED BUSINESS.

Action on the application of the Rochester Railway Company for the consent of the city of Rochester to extend its tracks in certain streets, published at pages 92 and 140 current proceedings, being in order. Allegations were called for and no person appearing, Ald. Bierbrauer submitted the following:

By Ald. Bierbrauer—Whereas, The Rochester Railway Company heretofore presented to the Common Council of the city of Rochester its application, in writing, for the consent of the city of Rochester to the construction, maintenance, operation and use of a single track street surface railroad, being an extension and branch of the railroad now constructed by said company along and upon the streets hereinafter named.

Whereas, The time and place when said application will be first considered by this Board, was duly fixed for the 10th day of June, 1890, at 7 o'clock p. m., at the Common Council Chamber, in the City Hall building, and due notice as required by law of the time and place when said application would be first considered having been duly given and all persons appearing at said time and place having been heard;

And whereas, This board duly postponed further consideration of said application to this time and place, and all persons appearing having now been heard;

It is, therefore, resolved, That the consent of the city of Rochester be and it hereby is given to the Rochester Railway Company to construct, maintain, operate and use a railroad and certain extensions, branches and lines of railroad on the surface

of the streets through, upon and along the following named streets, to wit:

A double track, commencing at the present double track of the company on West Main street, opposite Hill street; thence northwardly along Hill street to Ford street; thence northwardly along Ford street to the double track of the company now constructed on Allen street; also a double track from the present track of the said company on Clark street, at its intersection with Romeyn street; thence along Romeyn street to Wilder street; thence along Wilder street to Childs street; thence along Childs street to West Maple street to the westerly line of the city of Rochester.

It is further resolved, That said company may construct said railroad with reference to operation by electricity as motive power, and operate said railroad with electricity as a motive power, upon the same terms and conditions provided for in the grant heretofore made by this board to said company with reference to operation by electricity.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Bohrer, Kelly, Lewis—14.

Action on the application of the Rochester Railway Company for the consent of the city of Rochester to construct a single-track street surface railroad in portions of Chestnut and Court streets, published at page 92 Current Proceedings, being in order. Ald. Fee submitted the following:

By Ald. Fee—Whereas, The Rochester Railway Company heretofore presented to the Common Council of the city of Rochester its application in writing for the consent of the city of Rochester to the construction, maintenance, operation and use of a single-track street surface railroad, being an extension and branch of the railroad now constructed by said company along and upon the streets hereinafter named:

Whereas, The time and place when said application will be first considered by this board was duly fixed for the 10th day of June, 1890, at 7 o'clock p. m., at the Common Council Chamber, in the City Hall building, and due notice as required by law of the time and place when said application would be first considered having been duly given, and all persons appearing at said time and place having been heard;

And, Whereas, This board duly postponed further consideration of said application to this time and place, and all persons appearing having now been heard:

It is therefore Resolved, That the consent of the city of Rochester be, and it hereby is, given to the Rochester Railway Company to construct, maintain, operate and use a railroad and certain extensions, branches and lines of railroad on the surface of the streets through, upon and along the following named streets, to wit:

A single track from the intersection of Chestnut street and James street, southerly along Chestnut street to Court street; thence easterly along Court street to a point opposite Court alley; but upon the express condition, nevertheless, that the provisions of Chapter 252 of the laws of 1884 and all the amendments thereof pertinent thereto, shall be complied with.

It is further Resolved, That said company may construct said railroad with reference to operation by electricity as motive power, and operate said railroad with electricity as motive power, upon the same terms and conditions provided for in the grant heretofore made by this board to said company with reference to operation by electricity.

Adopted as follows:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Bohrer, Kelly, Lewis—14.

Action on the report of the commissioners in the matter of opening a street from Jefferson avenue to Genesee street being in order.

Allegations were called for and after hearing all persons appearing, Ald. Shelter submitted the following:

By Ald. Shelter—Resolved, That the report of commissioners in the matter of opening a street

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Bierbrauer, Bohrer, Kelly, Lewis—12.

Action on ordering an assessment for opening a street from Van Stallen park to Norton street, notice of which had been published as required by law, being in order, allegations were called for, and no person appearing, Ald Lewis submitted the following:

**LOCAL IMPROVEMENT ASSESSMENT No. 3544
OPENING OF A STREET FROM VAN STALLEN PARK TO NORTON STREET.**

By Ald. Lewis—Whereas, notice for this meeting of at least four days giving the parties interested an opportunity to be heard upon the subject of making this order, having been duly published, and allegations having been called for, and all persons desiring to be heard having been heard, and,

Whereas, The amount of damages for the land taken, and the expenses of the above mentioned improvement (opening of a street from Van Stallen park to Norton street) has been ascertained, and hereby is adjusted and fixed by this Common Council at the sum of five hundred and ninety-four dollars (\$594), and which is hereby adjusted and fixed by this Common Council at said amount.

And the portion or part of the city on which the said expenses are to be assessed is described as follows:

One tier of lots and parcels of land lying west of and adjoining the St. Joseph Street Lot Association tract, from Van Stallen park to Norton street. Also the entire St. Joseph Street Lot Association tract, as they exist at the date of the passage of this ordinance.

Therefore, Resolved, That said expenses be assessed upon said portion or part of the city.

And the Assessors of said city, not interested in any of the property so benefited, and not of kin to any person so interested, or if any two of said Assessors are not so interested, or of kin, then, such two, are hereby directed to make an assessment upon all the lots and parcels of land and houses within the portion or part of the city so designated, of the said amount of expense, in proportion, as nearly as may be, to the advantage which each shall be deemed to receive by the making of said improvement; and said assessors are hereby notified to meet for such purpose on the 5th day of July, 1890, at nine o'clock in the forenoon, at the office of the City Assessors, No. 15, City Hall.

And it is further determined, that the taxpayers to be assessed for making such improvement, must pay their assessment within thirty days from the date of the first publication of the advertisement of the notice of the assessment roll by the City Treasurer.

MISCELLANEOUS BUSINESS.

By Ald. Sullivan—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—The Rochester Railway Company is now engaged in the construction of its power station upon the property bounded on the west by Mill street, on the north by Center street, on the east by Brown's Race, and on the south by the lands of the New York Central & Hudson River Railroad Company. In addition to constructing the power station at the place above named, the company intends to place thereon its machine and repair shop. It will be necessary, in order to repair its cars, that the company should lay a single track from the present tracks of the company on State street, along Center street, to said property. Such track, however, will be used only for the purpose of running cars into and out of the machine and repair shop of the company.

This company, therefore, makes application for the right to construct a single track from its tracks on State street, along Center street, to the property aforesaid, and for the right to operate the same, so far as necessary for the purpose of getting cars in and out of the machine and repair shop of the company for the purposes of repair.

Respectfully submitted,

ROCHESTER RAILWAY COMPANY.

by J. N. BECKLEY, Secretary.

By Ald. Sullivan—Resolved, That permission be and hereby is granted to the Rochester Railway Company to construct, maintain and operate a single track on Center street in this city, from the present tracks of the company on State street, to and into the machine and repair shop of said company, located on the property bounded by Mill street, Center street, Brown's race and lands of the New York Central & Hudson River Railroad Company, such track to be used only for the purpose of getting the cars of the company into and out of the machine and repair shop of the company.

On motion of Ald. Sullivan, laid upon the table until the next regular meeting.

By Ald. Sullivan—

ST. SATHARINES, ONT., JUNE 21ST, '90.

To the Honorable Gentlemen of the Common Council of the City of Rochester:

The undersigned is the owner of a lot in the Second ward, on Frank street, city of Rochester. The west line of my lot is only about one foot from No.

5 School building. Now, therefore, this is the offer I wish to make: I am willing to deed off ten feet of the rear of my lot (33x10=330 feet) for four feet off the north side of the lot next to my lot south, say 4x90=336 feet. So you will see the difference in feet is but little, and I think mutually beneficial. School Commissioners O'Grady and Kingsley are familiar with the necessity in this matter; and I trust you will give attention at once, as it is necessary to complete fencing, etc., soon. Any further inquiry would be cheerfully answered by your Most obedient servant,

R. H. SMITH.

On motion of Ald. Sullivan, referred to committee of three to be appointed by the chair, to confer with the Board of Education and report back to this board.

By Ald. Sullivan—Petition for sprinkling Mumford street. Referred to the Surveyor to prepare an ordinance.

By Ald. McMillan—Petition of Mrs. M. Keller to erect a wood building on Greig street. Permission granted.

By Ald. McMillan—Resolved, That the Lamp Committee be directed to erect an electric light on the corner of Spring street and School alley. Referred to the Lamp Committee.

On motion of Ald. Fee the report of the Select Committee on the application of the Oak Hill Cemetery Association was taken from the table and referred back to the committee.

By Ald. Fee—

To the Poor Committee of the Common Council:

GENTLEMEN:—At your request I have investigated the Poor Department of the city; and at your suggestion I have had in mind, in so doing, not only an examination of the books and accounts and the general management of the office, but, also, a consideration of the question whether there might not be some improvements adopted over present methods of conducting this department of the city's business so as to secure better and more satisfactory results.

As regards the books and accounts I have to report that I found them correct; and, also, that the papers and records of the office are in good condition, and readily accessible to any one desirous of general or special information on the business or workings of the department. The Overseer of the Poor and his assistants are evidently well adapted to discharge their several duties faithfully and well; and as far as my examination and observation went the indications give evidence that each one is not only well adapted to his work, but is doing it in as faithful and efficient manner as circumstances will permit.

Indeed, to be as brief as possible, consistent with clearness of statement, I may say that whilst the system of conducting the office is faulty and capable of improvement, the practice under it is much better and more economical than it was a number of years ago. In this regard a careful examination of the city treasurer's books—the only reliable source of information on the question of yearly expenditures—will disclose the fact that, taking the past five years, say, and comparing the expenditures of the department with those for a like period a decade and more ago, the sum total of yearly cost is less now than it was then, notwithstanding the fact that population, averaging the periods brought into comparison, has increased by not less, probably, than 40 per cent.

This economy, it must be borne in mind, is not the result of any disregard of the actual wants and care of the city's poor, but it arises from a more judicious exercise of good judgment and care in dispensing that kind of aid only which, whilst doing no injustice to the poor, has proper regard to the interests of the taxpaying community.

It is not my purpose in this report to go into lengthy details in proof of any declarations I may make, but I wish to remark that they are not inconsiderately or hastily made. I have intimated above that the reports of poor committees as to the "total yearly cost for the support and relief of the poor," are unreliable, in a great many instances

at least, and I refer to this subject again to say that during the past five years a marked improvement has taken place in this regard, so that now there is an evident desire to report the facts as they are, and not by any juggling with figures, or total disregard of mercantile methods of keeping accounts, attempt to make a good showing regardless, apparently, of the actual facts.

The loose and unreliable methods referred to, it may be stated here, consisted in the reporting by one committee of a small amount of "outstanding bills" and, of course, adding this sum to make up the total expenditures of the fiscal year. But the committee of the following year would report a large sum paid for "outstanding bills for last year," and deduct this sum from the total expenditures of said committee. By this and other methods very large sums of so-called "total costs" were left out of the accounts as reported by committees, and the actual facts could only be obtained by consulting the City Treasurer's books. To illustrate what I have said above, take the following: In the Poor Committee reports of 1881, 1882 and 1883, "outstanding bills" were reported in the aggregate as only \$2,733.42, and yet in 1883 and 1884, the committee of these years reported having paid "paid outstanding bills" of the years first above named of \$19,963.16, and, of course, they deducted the amount from their respective reports to show what their expenditures had been. By this kind of financial reporting it will be seen that \$17,229.74 was dropped out of the account of cost, taking the reports as a guide.

Having shown above that commendable progress has been made of late years in the management of the Poor Department, a few suggestions of other improvements required may not be out of place.

First—In regard to the various hospitals, it has heretofore been the custom for members of the board of aldermen, physicians, persons belonging to charitable societies and police authorities to send persons to the hospitals on their own sole authority. The overseer alone should be vested with such power, when the expense is to be borne by the city. In cases of extreme emergency, when patients are properly admitted without the consent or knowledge of the overseer, then he should have notice of the fact as soon as practicable, if the patient is expected to be a city charge, so that the case may be promptly investigated and determined upon its merits.

Second—In case that the managers of orphan asylums admit children without an order from the overseer of the poor it should be at their own expense and not made chargeable to the city. The overseer should also have power to prosecute all persons having children in the asylums at public expense, that in his judgment are able to pay board for the same.

Third—The overseer is of the opinion that an attorney should be assigned to the poor department to look up cases of persons charged to the city who are confined in the insane asylum, as it is his belief that there are a number of such persons who have relatives in such circumstances as to be able to provide for their maintenance. Certainly, if this "belief" rests on good ground, and presumably it does, it is a matter that should have due attention.

Fourth—In regard to the furnishing of the poor department with supplies, several good reasons could be given why, on the whole, it would be the better plan for the Common Council to re-adopt the following resolution, or one of similar import, passed April 27, 1880.

"By Ald. Weaver—Resolved, That the Poor Committee be, and they are hereby authorized and instructed to advertise for proposals and receive bids for furnishing the Poor Department with supplies, embracing such articles and in such quantities as, in the opinion of said committee, shall be for the best interests of said Poor Department, reporting to this Council the result of their works with recommendations. Adopted."

In the Poor Committee's annual report of March 31, 1881, it is claimed that much good resulted "by

a system of purchasing supplies adopted by your committee, which was partially inaugurated by the committee of the previous year, and more fully carried out to a successful result this year. This system, with which we believe your honorable body is familiar, we earnestly commend to the consideration of the committee who shall succeed us, and we would urge its adoption as a matter of economy and fidelity to the interests of the taxpayers."

Respectfully submitted,

JOHN BOWER.

Ordered received, filed and published.

By Ald. Rauber—Resolved, That the Executive Board be, and hereby is, authorized and directed to extend suitable water mains in Neilson place, from Conkey avenue to Harris avenue, in avenue A from Conkey avenue to Park Row. Also in Gorham park from Gorham street to Hand street, whenever there are funds applicable thereto, not otherwise appropriated.

By Ald. Kelly—Petition from the hucksters to amend the "Penal Ordinance relating to hucksters," so as to make the license fee \$5 in place of \$15. Referred to the Committee on Penal Ordinances.

By Ald. Lewis—

To the Honorable the Common Council of the City of Rochester.

We, the undersigned, owners in fee of the land hereinafter described, are desirous of dedicating the same as a public street to said city.

That said street runs southeily from the south side of Sibley street in said city, near where Bates street intersects said Sibley street, and is about three hundred and eighty (380) feet in depth and forty (40) feet in width, and we hereby certify that an accurate map of said street was filed in the clerk's office of Monroe county on the 17th day of March, 1890, in book 8 of maps; that also upon said last mentioned day a map of said proposed street was filed with the City Assessors of said city, and that said street has been actually opened to and made convenient for public use.

We also further certify that there has been set durable stone monuments at the corners of where said street intersects Sibley street, the only angles therein, by placing the same in the sidewalk thereof, at the intersection of the line parallel with and four (4) feet distant from the lines of said street forming said angles; that the same are of the size and kind required by the Executive Board of said city.

That your petitioners are desirous that said street be accepted as a public street of said city, and that all necessary steps be taken for such acceptance, and your petitioners will ever pray.

Witness our hands and seals this 20th day of June, 1890.

By Ald. Judson—

To the Honorable, the Common Council of the city of Rochester:

GENTLEMEN—At a public meeting of the citizens of Rochester, held at Calvary Church on Friday evening, July 11th, to take steps against the establishment of new cemeteries within the city limits, and especially the so-called Oak Hill Cemetery on the Warner tract,

Resolved, That the establishment of the so-called Oak Hill Cemetery would be a monstrous wrong. Its effect would be to virtually prevent the building up the city southward—immediately affecting the Twelfth, Sixteenth and Seventh wards, and thus acting directly against the general growth and prosperity of the city at large.

Resolved, That the wash from the surface, and the drainage from the elevated land constituting much of the Warner property, flows directly and most naturally down upon the homes of people living in vicinity up to the very borders of their dwellings and vegetable gardens, while the main supply pipe of the water works system extends directly through the proposed Oak Hill cemetery, which adjoins the very reservoir itself.

Resolved, That there exists no need whatsoever for the establishment of an additional burial ground, and that the persistent effort to thrust this outrage upon our citizens, is prompted purely and solely by greed on the part of a few interested individuals reckless of the rights of others, and inimical to the welfare of the city.

Resolved, That in the opinion of many of our most prominent physicians who have given attention to sanitary measures, the establishment of the proposed Oak Hill Cemetery would endanger the health and lives of those inhabiting that portion of the city.

Resolved, That it is the unanimous sentiment of this largely attended meeting that no power has the right to inflict such an outrage upon this community; and we hereby, one and all, most earnestly petition the Common Council to refuse to sanction, now and for all time to come, the establishment of any cemetery whatsoever within the limits of our fair and beautiful city.

These resolutions will be presented to the Common Council through Ald. Judson.

The above is a true copy of the resolutions adopted at a meeting of citizens held on the evening of July 11, 1890. F. S. STEBBINS,

HENRY QUINBY, Chairman. Secretary.

Ordered received filed and published.

By Ald. Schroth—Petition of Jacob B. Acker to erect a wood building. Referred to the Wood Building Committee and Fire Marshal with power to act.

By Ald. Bohrer—Petitions of F. Schuackel and Nicholas A. Batz for permission to erect wood buildings. Permission granted. Also petition of W. W. Dake to erect a wood building. Referred to the Wood Building Committee and Fire Marshal with power to act.

By Ald. Bonrer—Petition for a sewer in East Main street. Referred to the Surveyor to prepare an ordinance.

By Ald. Kelly—Petitions of John Lansing and Chas. Rugraff to erect wood buildings. Referred

to the Wood Building Committee and Fire Marshal with power to act.

By Ald. Lewis—Petitions of C. H. Milton, Nicholas Biedenbach, Jacob J. Spiegel, Nicholas Jacobs, George A. Benton, J. S. Hammond to erect wood buildings. Referred to the Wood Building Committee and Fire Marshal with power to act; also petitions for sewer in Norwood and Miller streets. Referred to the City Surveyor.

REPORTS OF STANDING COMMITTEES.

Ald. McMillan from the Health Committee. Ald. Fee from the Poor and Lamp Committees, Ald. Rauber from the Police Committee, Ald. Selye from the Contingent Expense Committee, Ald. Hall from the City Property Committee, Ald. Bierbrauer from the Park Committee, reported in favor on the various bills referred to their respective committees and referred them to the Finance Committee for payment.

By Ald McMillan—

To the Hon. the Common Council of the City of Rochester:

GENTLEMEN—Your Law Committee begs leave to submit the following as its report:

George Lotzar on June 30, 1890, recovered a judgment against the city for \$100 damages and \$157.13 costs for injuries sustained by him by being thrown from a wagon coming in contact with a pile of stones in the roadway on Lake avenue, near Ambrose street, on or about June 6, 1888. The recovery is so small that your committee believes that the city's interests will be protected by the payment of the judgment, and a further reason for the payment of the judgment is that another person, whom the city attorney considers liable over to the city, cannot be sued until the city has paid the aforesaid judgment.

George S. Riley, in the matter of the widening of Hand street, upon an appeal taken by him to the Supreme Court from the report of the commissioners, obtained judgments—one on January 6, 1890, for \$123.10 costs; one on February 27, 1890 for \$10 costs of a motion; and one on June 25, 1890, for \$15.90 costs and disbursements of an appeal taken from an order. Your committee would recommend that said claims for costs be paid, as no further appeal is permitted.

John H. Ashton and others commenced an action in the Supreme Court against the city and its Treasurer to set aside the assessment for the Lake avenue asphalt improvement and to restrain the further collection of any part of the same. One of the grounds for the first action was that the roll, which had been confirmed by your honorable body, was not properly verified by a majority of the assessors. Upon examination, your committee finds such to have been the case, and no other course is left but to pay the costs of the suit, viz.: \$31.75, and discontinue the action, and upon such payment being made a stipulation of discontinuance will be signed by the plaintiffs' attorneys.

All of which is respectfully submitted.

T. McMILLAN,
J. MILLER KELLY,
JOSEPH H. FEE,
Law Committee.

Ordered received, filed and published.

By Ald. McMillan Resolved, That upon the certificates of the city attorney that proper satisfaction pieces and receipts have been given to him, duly acknowledged, when required for record, and a proper stipulation of discontinuance of the Ashton action, the clerk be, and he hereby is directed to draw orders on the city treasurer, payable from the contingent fund, one in favor of Ivan Powers, Esq., attorney for George Lotzar, for two hundred and fifty-six dollars and thirty-eight cents, and interest thereon from June 30, 1890, to the date of payment, in full of the judgment recovered by said George Lotzar against the city aforesaid; one in favor of Messrs. Satterlee & Yeoman, attorneys for George S. Riley, for one hundred and forty-nine dollars, and, in case the city attorney shall so certify, with interest, from the dates when he shall deem the

same to bear interest, and one in favor of Messrs. Parker & Drake, attorneys for John H. Ashton and others, for thirty-one dollars and seventy-five cents, being the costs and disbursements of the action begun by them against the city, as aforesaid.

Adopted by the following vote:
 Ayes—Ald. McMillan, Fee, Rauber, Shelter, Selye, Hall, Bierbrauer, Judson, Bohrer, Kelly, Lewis—11.

ROCHESTER, N. Y., July 15, 1890.

To the Honorable, the Common Council of the City of Rochester.

GENTLEMEN—Your Water Works Committee respectfully recommends that water mains be extended in the following named streets in the Hayward Homestead Tract, viz.:

Hayward ave. west, from Goodman st. to Moulson tract.

Fourth ave., from Pennsylvania ave. to Matilda street.

Matilda st., from Goodman st. to Moulson tract.

Everett st., from Goodman st. to Peck st.

Peck st., from Goodman st. to Moulson tract.

At the expense of the owners, to be reimbursed at the pleasure of the city without interest.

Your committee recommends the passage of the annexed resolution.

Respectfully submitted,

D. W. SELYE,
 JOHN U. SCHROTH,
 MERTON E. LEWIS,
 HENRY SHELTER,

Water Works Committee.

By Ald. Selye—Resolved, That the Executive Board be and it is hereby authorized and directed to extend water mains in Hayward ave. west., Fourth ave., Matilda st., Everett st. and Peck st.; said extensions to be paid for by the owners of property on said sts., viz: The Hayward Homestead tract, to be reimbursed at the pleasure of the city without interest.

Adopted by the following vote:
 Ayes—Ald. McMillan, Fee, Rauber, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—12.
 By Ald. Judson—

To the Honorable, the Common Council of the City of Rochester.

GENTLEMEN—Your Penal Ordinance Committee begs leave to submit the following as its report:

That the ordinance relative to hackney coaches and carriages, adopted on April 17, 1888, and found at page 28, proceedings 1888-89, be amended in the following particulars:

That sections 1, 4, 8, 10, 5 and 15 be amended so as to read as follows:

Section 1. The Mayor of the city of Rochester is hereby authorized to issue, from time to time, licenses, to any person or persons, to keep hackney coaches, cabs and carriages for hire in the said city, or to drive the same.

§ 4. Every person who may be licensed as aforesaid shall pay to the City Treasurer for the use of the city, and furnish proof of such payment having been made, to the Mayor, before any such license shall be issued, of the sum of five dollars for each coach or carriage, and the sum of two dollars and fifty cents for each cab thus owned or kept for hire by him or them, and the sum of one dollar for each driver not being the owner thereof.

Subdivision 8 of section 8:
 8. For attending a funeral, with passengers, including charges for necessary detention and returning with passengers to house, to any cemetery within the city of Rochester, or the Holy Sepulchre Cemetery, the sum of \$4.

§ 10. The number of the license of every hackney coach, cab or carriage, shall be painted in legible characters on the outside of the lamps, which shall be placed on each side of the driver's seat or box, and such numbers shall be in figures not less than two and one-half inches in height, and a card or hand-bill describing the territory, the different rates of fare to be charged, as provided in and by section eight of this ordinance, shall be, at all times, kept in a conspicuous and easily accessible

place in the inside of such coach, cab or carriage, under a penalty of \$10 for each offense, or violation thereof, to be sued for and recovered from the owner or driver of such coach, cab or carriage, jointly or severally.

§ 3. By adding to the end thereof the following:
 Except that such license shall terminate, and be at an end, when a judgment or conviction shall be recovered, or had against the person or persons having such license, for the penalty at any time given for the violation of any of the sections or provisions of this ordinance.

Every person failing to pay any penalty recovered for the violation of any of the sections or provisions of this ordinance, as aforesaid, shall be imprisoned in the Monroe county penitentiary for a period not exceeding one hundred and fifty days; the duration of the imprisonment to be determined by the police justice, judge or court at the time the judgment is entered, as provided by section forty-three of the city charter, but in no case shall said imprisonment be for a less period than ten days in said penitentiary.

Your committee would further recommend that the petition of the Hucksters' for a reduction in the amount of licenses fees charged them, be denied, as your committee does not deem the amount charged to be, in any respect, excessive. All of which is respectfully submitted.

JAMES S. JUDSON,
 STEPHEN RAUBER,
 LEO J. HALL,
 T. McMILLAN,
 Penal Ordinance Committee.

Ordered, received, filed and published.

Ald. Judson asked and obtained unanimous consent to present the following penal ordinance and moved its adoption.

By Ald. Judson—Resolved, That section 1 of the ordinance relative to hackney coaches and carriages, adopted on April 17th, 1888, be and the same hereby is, amended, so as to read as follows:

Section 1. The mayor of the city of Rochester is hereby authorized to issue, from time to time, licenses to any person or persons, to keep hackney coaches, cabs and carriages for hire in the said city, or to drive the same.

That section 3 of said ordinance, be and the same hereby is, amended by adding thereto the following:

Except that such license shall terminate and be at an end, when a judgment or conviction shall be recovered, or had against the person, or persons having such license, for the penalty at any time given for the violation of any of the sections or provisions of this ordinance.

That section 4 of said ordinance be, and the same hereby is, amended so as to read as follows:

§ 4. Every person who may be licensed as aforesaid, shall pay to the City Treasurer, for the use of the city, and furnish proof of such payment having been made, to the Mayor, before any such license shall be issued, of the sum of five dollars for each coach or carriage, and the sum of two dollars and fifty cents for each cab thus owned or kept for hire by him or them, and the sum of one dollar for each driver not being the owner thereof.

That subdivision 8 of section 8 of said ordinance be, and the same hereby is, amended, so as to read as follows:

8. For attending a funeral, with passengers, including charges for necessary detention and returning with passengers to house, to any cemetery within the city of Rochester, or the Holy Sepulchre cemetery, the sum of four dollars.

That section 10 of said ordinance be, and the same hereby is, amended so as to read as follows:

§ 10. The number of the license of every hackney coach, cab or carriage shall be painted in legible characters on the outside of the lamp, which shall be placed on each side of the driver's seat or box, and such numbers shall be in figures not less than two and one-half inches in height, and a card or hand-bill, describing the territory and the different rates of fare to be charged, as provided in and by section eight of this ordinance, shall be, at all times, kept in a conspicuous and easily accessible place in the inside of such coach, cab or carriage, under a penalty of ten dollars for each offense or

violation thereof. To be sued for and recovered from the owner or driver of such coach, cab or carriage, jointly or severally.

That section 15 of said ordinance be and the same hereby is amended so as to read as follows:

§ 15. Every person failing to pay any penalty recovered for the violation of any of the sections or provisions of this ordinance, as aforesaid, shall be imprisoned in the Monroe county penitentiary for a period not exceeding one hundred and fifty days; the duration of the imprisonment to be determined by the police justice, judge or court at the time the judgment is entered, as provided by section forty-three of the city charter, but in no case shall said imprisonment be for a less period than ten days in said penitentiary.

The penal ordinance in relation to hackney coaches, cabs and carriages was then adopted by the following vote:

Ayes—Ald. McMillan, Fee, Rauber, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—12.

By Ald. Judson—Resolved, That the penal ordinance relative to hackney coaches, cabs and carriages, amended at this meeting, be, and the same hereby is, in all things, re-adopted and restored in full force and virtue. Adopted.

Ald. Judson moved that that portion of the report of the Penal Ordinance Committee which relates to hacksters be referred back to the committee.

Adopted by the following vote:

Ayes—Ald. Fee, Rauber, Shelter, Hall, Judson, Kelly, Lewis—8.

Nays—Ald. McMillan, Selye, Bierbrauer, Schroth, Bohrer—3.

Ald. Kelly from the Com. on Investigation, reported in relation to the investigation of the Board of Education that owing to the illness of Mr. Bower the investigation had not commenced as yet, and also stated that the Superintendent of Schools had turned over the keys to Mr. Bower, who would examine the books as soon as he was able.

Ald. McMillan from the Law Committee called the attention of the Board to the fact that under the new election law it would be necessary to re-district the city, and that the Law Committee had decided to commence on the first eight wards for that purpose.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

To the Hon. the Common Council of the City of Rochester:

GENTLEMEN—The warm weather indicates that something should be done for the safety of our citizens. The vast number of dogs running at large without owner or muzzle shows the necessity of enforcing the ordinance in relation to dogs passed November 9th, 1886, sections three, four and five, on page 305. These sections, to be in force, gives the Common Council the power to designate such persons as they deem proper to carry out the intentions of the ordinance. I would respectfully suggest that the Superintendent of Police have charge of the men and it shall be a part of his duty to see that proper care shall be exercised by the men in the discharge of their duty.

All of which is respectfully submitted,

WILLIAM CARROLL, Mayor.

Ald. Selye moved that the communication be referred to the Superintendent of Police.

Ald. Fee moved as an amendment that the communication be referred to the Police Commissioners. Lost.

The motion of Ald. Selye was then adopted by the following vote:

Ayes—Ald. McMillan, Fee, Rauber, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—12.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., July 15, 1890.

To the Honorable the Common Council:

GENTLEMEN—At a meeting of the Board of Health

held July 3, 1890, the following was adopted:

A complaint was made in relation to the lack of sewage in Plymouth avenue from the park to Clarissa street. An examination was made and it was found that the residents on the west side of said Plymouth avenue drain into cess pools, others into abandoned wells and privies, residents on east side of street drain into Greig st. sewer. The cellars were also found to be damp; also the cellars on Flint, Cottage and Mansion streets were found to be in a very wet condition. Many of the people throw their waste water on their lots, which is dangerous to the health of the residents.

A petition was presented from the taxpayers and residents living on Manhattan st., with reference to the bad condition of the sewer in the street, that it was filled with sand causing green and stagnant water to back into the cellars.

Com. Whitbeck moved the sewer in Manhattan street be declared a nuisance, and that the Common Council be requested to pass an ordinance for the cleaning of the old sewer, or the building of a new sewer, if found to be necessary. Adopted.

A motion was made that the Common Council be requested to pass ordinances for a sewer in Plymouth avenue, from Clarissa street to Plymouth Avenue park; also sewers in Flint, Cottage and Mansion streets. Adopted.

A true copy from the minutes.

PETER SHERIDAN, Clerk Board of Health.

The communication from the Board of Health relating to the Manhattan street sewer was referred to the Surveyor.

LOCAL IMPROVEMENT ASSESSMENTS.

By Ald. Shelter—Whereas, The City Treasurer has ascertained and reported the entire and aggregate expense of, and connected with, the several following improvements, including any and all interest that the city has paid or has or shall become liable to pay upon account of any and all orders or notes issued by the city to pay the expenses of such improvements respectively adjusted by this common Council as thus reported, and the respective portions or parts of the city on which the said expenses are hereby directed to be assessed and which this Common Council deems to be benefited by the improvements respectively, are as stated and described in the final ordinances relative to the improvements, respectively, and that the names and expenses of the improvements thus to be assessed, are as follows, viz.:

Ordinance No. 3,538—Lyell Avenue and Saxton Street Outlet Sewer (Sec. 2), the expense is \$30,800.46.

Ordinance No. 3,833—Martin Street Macadam Improvement, the expense is \$6,813.50.

Ordinance No. 3,850—Upton park, University Avenue and Beacon Street Sewer, the expense is \$6,831.97.

Ordinance No. 3,910—Cleveland Street Improvement, the expense is \$5,174.72.

And it is further determined that the taxpayers to be assessed for making the foregoing improvements, viz: Lyell Avenue and Saxton Street Outlet Sewer, Martin Street Macadam Improvement, Upton Park, University Avenue and Beacon Street Sewer, and Cleveland Street Improvement may pay their assessments in three equal payments, as follows:

One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-third within one year from the confirmation of said roll; and the remaining one-third within two years from the confirmation of said roll. On all sums paid prior to the maturity of said last installment, a discount will be allowed at the rate of 6 per cent. per annum.

Ordinance No. 3,855—Syke Street Plank Walk, the expense is \$114.78.

Ordinance No. 3,857—Ninth Street Plank Walk, the expense is \$13.15.

To the Honorable the Common Council of the City of Rochester:

Your petitioner respectfully shows: That he is the pastor of the First Presbyterian Church in this city.

That he formerly lived at No. 77 Plymouth avenue, and on or about the 15th day of April, 1890, he purchased a house and lot known as 41 Harvard street.

That said property is assessed on the assessment rolls for 1890 at \$3,400.

That your petitioner is entitled by law to a rebate on said assessment of \$1,500.

Your petitioner, therefore, prays your honorable body to direct the City Treasurer to receive from your petitioner taxes upon said property upon the basis of an assessment at \$1,900, and that he be discharged from liability to pay taxes upon the balance of said assessment.

Respectfully,

REV. NELSON MILLARD.

By Ald. Lewis—Resolved, That the City Treasurer be and he hereby is authorized to receive of Rev. Nelson Millard, \$28.03, being the amount of city tax on his property on Harvard street, after having deducted from his assessment the sum of \$1,500, as provided by Sec. 12 of Title 1, of Chapter 13, Revised Statutes of the State of New York, and charge the balance of such tax to erroneous assessments.

On motion of Ald. Shelter, referred to the Assessment Committee.

By Ald. Kelly—

ROCHESTER, N. Y., July 15, 1890.

To the Finance Committee of the Common Council:

The undersigned has examined the City Treasurer's books, etc., for the month of June, to the extent at least that circumstances would admit. As is well known July is a very busy month, hence the receiving books are in constant use and, therefore, this portion of the examination has had to be deferred to the following month, when it will be duly attended to. I have found vouchers for all dis-

bursements and cannot doubt that the receipts when examined will be found to be correctly entered and accounted for.

The cash balance required to be on hand, on the evening of July 1st, was in amount as reported to the Council by the Treasurer; whilst the several sums also reported at the same date as deposited in the several banks were correctly stated. On the evening of 12th inst. the cash called for by the ledger balance was \$17,536.39, at which time it was counted and found correct. Respectfully submitted,

JOHN BOWER.

Ordered received, filed and published.

By Ald. Kelly—

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, N. Y., July 15, 1890.

To the Finance Committee:

GENTLEMEN—The Executive Board made a conditional contract with Peter J. J. Ernisse of the town of Gates on May 14th, 1890, for the privilege of taking water from a well on his farm, the consideration for such privilege, provided it was engaged by the city of Rochester, was fixed at \$500 per year; and in case a resolution was adopted by the Executive Board ratifying such contract on or before July 15th, then such sum of \$500 was to have been paid.

The resolution thus provided for was adopted Monday, July 14th, and is as follows:

By Mr. Armbruster—Resolved, That the Executive Board of the city of Rochester does hereby agree and elect to take water from the well upon the premises of Peter J. Ernisse, situated in the town of Gates, Monroe county, New York, according to the terms and conditions of the contract hereinbefore entered into with said Ernisse and write by the city of Rochester and said Board on May 14, 1890, and does hereby agree to pay said Ernisse therefor the sum mentioned in said contract, and as therein specified and mentioned. Adopted.

In view of this fact the Executive Board directs me to request your committee to recommend to the Common Council the adoption of a resolution, granting authority for the payment of the amount above stated.

THOS. J. NEVILLE, Clerk.

By Ald. Kelly—Resolved, That the Executive Board be, and hereby is, authorized to pay Peter J. J. Ernisse the sum of \$500, for the purposes set forth in a communication this day presented by the Executive Board.

Adopted by the following vote:

Ayes—Ald. McMillan, Fee, Rauber, Shelter, Selye, Hall, Bierbrauer, Judson, Schrueth, Bohrer, Kelly, Lewis—12.

IN THE MATTER of the Application of the City of Rochester to acquire lands for public park purposes.

Whereas, the hereinafter described several pieces of property have been selected by the Park Commissioners of the city of Rochester, as proper and desirable grounds for a public park; and whereas, a map of the said lands and a copy thereof have been duly made, certified and filed as required by law; therefore,

Resolved, That the City of Rochester hereby declares its intention to take said several pieces of land for the purposes of a public park, and which said pieces of land are described as follows:

PLOT ONE.

All that tract or parcel of land situate in the town of Irondequoit, county of Monroe and state of New York, described as follows: Commencing at a point in the north line of the One Thousand Acre tract, so called, where the easterly boundary line of lands now owned by the Rome, Watertown & Ogdensburg Railroad Company intersects said north line; thence south 86½ degrees east, along the said north line of the One Thousand Acre Tract, two hundred and twenty feet to a point; thence northerly on a curve to the right of 1,847 feet radius (the course of said radius being north 62 degrees, 17 minutes east) nine hundred and twenty-three feet to a point in the division line between lands now owned by W. G. Culross and lands of Hosea Rogers, and which said point is at the intersection of the easterly boundary line of lands now owned by the Rome, Watertown & Ogdensburg Railroad Company and the said division line; thence southerly along the said easterly boundary line of said railroad company's lands to the place of beginning, containing one and thirty-three one-hundredths acres of land, more or less. Said lands are now owned by W. G. Culross.

PLOT TWO.

All that tract or parcel of land situate in the town of Irondequoit, county of Monroe and State of New York, described as follows: Beginning at a point where the north line of the One-Thousand acre tract, so-called, intersects the top of the high bank of the Genesee river; thence south 86 degrees 30 minutes east in the said north line of the One-Thousand acre tract four hundred and thirty-six feet; thence southerly on a curve to the left of 1,847 feet radius (the course of said radius of said curve being north 62 degrees 17 minutes east) one hundred and thirty-six feet; then south 32 degrees 14 minutes east four hundred and sixty-seven feet to a point in the division line between lands now owned by Elizabeth Callister and John D. and Albert G. Callister; thence south 84 degrees west along said division line and said line extended, three hundred and fifty-three feet to the top of the high bank of the Genesee river; thence northerly along the various courses of the said high bank of the Genesee river to the place of beginning, excepting and reserving so much of the land enclosed within the hereinabove given boundaries as was sold and conveyed to the Rome, Watertown & Ogdensburg Railroad Company by Elizabeth Callister by deed dated June 14, 1883, and recorded in Monroe County Clerk's office in liber 374 of deeds at page 90. The lands hereby intended to be taken contain four

and four one-hundredths acres, more or less, and are owned by Albert G. Callister and John D. Callister.

PLOT THREE.

All that tract or parcel of land situate in the town of Irondequoit, County of Monroe and State of New York, described as follows: Beginning at a point where the division line between lands of Albert G. Callister and John D. Callister, and Elizabeth Callister, intersect the east high bank of the Genesee river; thence north 84 degrees east along said division line three hundred and fifty-three feet; thence south 32 degrees, 14 minutes east, four hundred and twenty-one feet; thence on a curve to the right of 2,898 feet radius seven hundred and eighteen feet to the south line of Elizabeth Callister's land; thence north 84 degrees 42 minutes west, along Elizabeth Callister's said south line three hundred and sixty-two feet to the top of the high bank of the Genesee river; thence northerly along the said high bank of said river to the place of beginning, excepting and reserving so much of the land enclosed within the hereinabove given boundaries as was sold and conveyed to the Rome, Watertown & Ogdensburg Railroad Company by Elizabeth Callister, by deed dated June 14, 1883, and recorded in Monroe County Clerk's office in liber 374 of Deeds, at page 90. The lands hereby intended to be taken contain six and twelve one-hundredths acres of land, more or less, and are owned by Elizabeth Callister.

By Ald. Kelly—

IN THE MATTER of the application of the city of Rochester to acquire lands for public park purposes.

Whereas, The hereinafter described several pieces of property have been selected by the Park Commissioners of the city of Rochester as proper and desirable grounds for a public park; and whereas, a map of the said lands and a copy thereof have been duly made, certified and filed as required by law; therefore,

Resolved, That the city of Rochester hereby declares its intention to take several pieces of land for the purposes of a public park, and which said pieces of land are described as follows:

PLOT ONE.

All that tract or parcel of land situate in the city of Rochester, county of Monroe and State of New York, bounded and described as follows:

Beginning at a point in the north line of lot number nine in the Twenty Thousand Acre tract, so called, at a point twelve hundred feet easterly from the east line of Lake avenue measured along said north line of said lot number nine; thence easterly along the north line of said lot number nine, six hundred and thirty-eight feet to the high bank of the Genesee river; thence southerly along the said high bank of the said river two hundred and ten feet to the north line of lands recently purchased by the city of Rochester from H. A. Olmsted; thence westerly along the north line of said last mentioned lands on a line parallel with the north line of said lot number nine, six hundred and twenty-nine feet to a point twelve hundred feet easterly from the east line of Lake avenue; thence northerly on a line parallel with Lake avenue about two hundred and ten feet to the place of beginning, containing three acres of land, more or less. These lands are owned by John Kelly.

PLOT TWO.

All that tract or parcel of land situate in the city of Rochester, county of Monroe, and State of New York, bounded and described as follows: Beginning at a point in the north line of lot number nine of the twenty thousand acre tract, so called, twelve hundred feet easterly from the east line of Lake avenue measured along said lot number nine; thence easterly along said north line of lot number nine six hundred and thirty-eight feet to the high

bank of the Genesee river; thence northerly along said high bank three hundred and twenty-nine feet to a point in the division line between lands now owned by William H. Robinson, and lands recently purchased by the city of Rochester from F. J. Miller; thence westerly on a line parallel with the north line of said lot number nine to a point twelve hundred feet easterly from the east line of Lake avenue; thence southerly on a line parallel with Lake avenue three hundred and twenty-nine feet to the place of beginning, containing four and eighty-six one-hundredths acres of land. These lands are owned by William H. Robinson.

PLOT THREE.

All that tract or parcel of land situate in the town of Greece, County of Monroe and State of New York, bounded and described as follows: Beginning at a point in the center of the road leading from Lake avenue to Hanford's Landing three hundred and three feet easterly from the east line of said Lake avenue; thence south 85 degrees, 50 minutes east, three hundred and three feet; thence south 12 degrees, 4 minutes east, three hundred and seventy feet; thence south 35 degrees, 26 minutes east, five hundred and eighty-two feet to the north line of lands now or formerly owned by Paul J. Lechleitner; thence easterly along the north line of said Paul J. Lechleitner's lands, one hundred and fifty feet to the top of the high bank of the Genesee river; thence northerly along the top of the said high bank in its various courses to the center of the said road leading to Hanford's Landing; thence north 85 degrees, 50 minutes west, to the place of beginning, containing two and seventy-six one-hundredths acres of land, more or less. These lands are owned by Michael Martin and ——— Martin, his wife.

PLOT FOUR.

All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, bounded and described as follows: Beginning at a point where the top of the high bank of the Genesee river intersects the center line of Riverside avenue; thence northerly along the top of the said high bank of the Genesee river in its various courses to a point in the center of a road leading from Lake avenue to Hanford's Landing; thence south 85 degrees 50 minutes east, along the produced center line of said road to the west shore of the Genesee river; thence south along the said west shore of the Genesee river to a point where the center line of Riverside avenue produced would intersect the said west shore of the said Genesee river; thence westerly along the said center line of Riverside avenue produced to the place of beginning containing about 30 81-100 acres of land. The owners of the premises are unknown.

REPORTS OF STANDING COMMITTEES.

By Ald. Kelly—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN Your Finance Committee, to whom was referred the report of John Bower, Esq., upon the City Clerk's office, would respectfully report:

Your committee met with Mr. Bower, and with him, reviewed carefully the suggestions and recommendations made by him, and listened to the explanations of the clerk concerning the same.

Your committee is of the opinion that the clerk should, as suggested by the experts, make and preserve copies of all checks countersigned by him, until other measures are adopted for a more business-like and safer transaction of the city's business. The city has grown so large, and the business of the municipality is increasing to such an extent that the question of creating the office of city auditor should receive prompt and serious attention. Your committee would, therefore, recommend that this question be referred to the Committee on Charter Revision.

Your committee investigated the matter of the non-collection of licenses, and finds that the apparent neglect in this particular was owing to the fact that the legality of all licenses had been seriously questioned, and that a test case had been brought to determine the liability of persons holding licenses. The then City Attorney advised the City Clerk to suspend operations until the courts

had decided the question. The case was recently argued before the General Term of the Supreme Court, and a decision favorable to the city handed down. The Clerk has, accordingly, already taken steps to collect all license fees owing to the city, and, in compliance with the city charter, has called upon the Superintendent of Police to aid him in this duty. The Superintendent has agreed to detail an officer for this purpose on the 1st of next August, and your committee is satisfied that the city treasury will be enriched to a considerable extent by these means.

Your committee desires to call attention to but one other thing: Mr. Bower, in presenting a summary of items charged to the Contingent Expense account, makes, necessarily, we suppose, in such a statement, mention of the item "Photographs, \$141." Your committee has ascertained that this bill represents a large number of photographs of farms and farm houses, located on the banks of several streams which run through Irondequoit and Brighton, and which, it is claimed, are polluted by sewage from the city of Rochester. Actions had been brought by the fortunate possessors of these farms for damages against the city. It was claimed that the polluted streams had destroyed the farms; that the water was rendered unfit for use, and that the cattle would not drink it. The City Attorney had these photographs taken to disprove these allegations, and succeeded, in several instances, in procuring photographs of cows and horses in the very act of drinking from the alleged polluted creeks.

Your committee, in conclusion, desire to compliment the City Clerk upon the general satisfactory condition of the affairs of his office, as shown by the report, and to return to Mr. Bower its grateful acknowledgment for the painstaking and efficient manner in which he performed his difficult, but valuable task.

Respectfully submitted,
 J. MILLER KELLY,
 JOSEPH H. FEE,
 T. McMILLAN,
 STEPHEN RAUBER,
 S. D. W. CLEVELAND,
 WM. H. TRACY,
 Finance Committee.

Adopted.
 By Ald. Kelly—

ROCHESTER, N. Y., July 29, 1890.

To the Common Council:

The Finance Committee, to whom was referred the matter of increase of the salaries of members of the Executive Board would respectfully report that they have had such official relations with that board for the last few years that they have become somewhat familiar with the duties which the law imposes upon it, and they are entirely satisfied that the business of the department of which this board has control and which are among the most important in the municipal government has so increased that it demands constant and unceasing attention. In the administration of two of these departments—the water works and the streets—the members of this board are brought into direct contact with the citizens and are required to personally and officially transact the business and attend to the duties imposed by law in their management, and only by constant care, vigilance and personal attention can such duties, which demand a wise discretion and cool judgment, be successfully performed. We are of the opinion and belief, therefore, that the members of the Executive Board, with the responsibilities and obligations attached to their office, are fairly entitled to the advance in salaries which they request and that all citizens having any knowledge of the conduct of the departments in question and the services required will recognize the justice of the proposed increase of compensation and a liberal public sentiment will uphold the committee's recommendation.

J. MILLER KELLY,
 JOSEPH H. FEE,
 S. RAUBER,
 S. D. W. CLEVELAND,
 WM. H. TRACY,
 Committee.

Ordered received, filed and published.
 By Ald. Kelly—Resolved, That the salary of each member of the Executive Board be and it is hereby fixed at the sum of \$3,400 per annum, commencing July 1st, 1890.

By Ald McMillan—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Your Law Committee begs leave to recommend to your honorable body that it adopt the accompanying resolutions in order to expedite the work of properly dividing the various wards of the city into election districts, in accordance with the provisions of law relative thereto, and for a proper guidance of your committee, and to that end it recommends that the City Attorney be requested to give to your committee, at the time and in the manner specified, in the ac-

accompanying resolution, his opinion upon the questions therein mentioned.

Respectfully submitted,
T. McMILLAN,
J. MILLER KELLY,
S. D. W. SELYE,
S. D. W. CLEVELAND,
JOSEPH H. FEE,
 Law Committee.

Ordered, received, filed and published.

By Ald. McMillan—
 Resolved, That the alderman of each ward within the city be and he hereby is requested to present to the Law Committee of this Board, at its next meeting, to be held on August 4, 1890, at 7:30 p. m., at the City Attorney's office, a statement showing the division of his ward into election districts, and designating the polling places therein, in accordance with the new law applicable thereto. Adopted.

By Ald. McMillan—
 Resolved, That the City Attorney be and he hereby is requested to furnish to the Law Committee of this Board at its next meeting, to be held on August 4, 1890, at 7:30 p. m., at the City Attorney's office, his opinion in answer to the following questions:

First—What sized room is required in which to hold a polling place in accordance with the law recently passed?

Second—Will all five inspectors of election mentioned in the recent act sit as a board of registry?

Third—Will the present inspectors act under the new law, and if so, in which districts?

Fourth—How are the election districts in each ward to be divided, and how many voters are allowed to a district?

Fifth—How many persons are to be appointed as inspectors, ballot clerks, poll clerks and clerks of election, and by whom appointed?

Sixth—What course shall be pursued to procure a suitable polling place in a district in which to hold an election, where a suitable room can not be obtained therein?

Seventh—Is it necessary, under the law, for the registry clerks to prepare a new registry of the voters in each district, and can they transfer the names of any voters at the preceding general election to the poll or registry lists prepared by them?

Eighth—What are the provisions of law relative to the designation of a room for a registry or voting place in a building in which liquor is, or at any time prior to sixty days before, or, at the time of designation, sold?

Ninth—Is any person, under the new law, allowed to peddle tickets or lists of candidates at the time an election is held, and if so, how near the polling place is such peddling allowed?

Tenth—By whom will the expenses of the next general election be paid, especially those attendant upon the procurement of polling places, booths, ballot boxes, rails, etc.? Adopted.

CITY CLERK'S OFFICE,
 ROCHESTER, N. Y., July 23, 1890.

To the Hon. Common Council:

GENTLEMAN—At a meeting of the Board of Health, held July 24th, 1890, the following action was taken:

To the Board of Health, City of Rochester:

GENTLEMEN—The undersigned would respectfully ask your attention, and that immediate action be taken, in regard to the outlet of the Front street sewer that flows over the high bank of the Genesee falls, north of the cotton factory. This open sewer is so situated that the stench and gases arising from it are almost unbearable, and we believe, unless it can be soon remedied, will cause a large amount of sickness to the employees of the various factories located adjacent to the opening of this sewer. We, therefore, pray that you will give this your immediate consideration. Rochester, N. Y., July 23, 1890.

Rochester Cotton Mill, C. A. Vickery, Agent; Hough & Ford, Am. Chem. Mfg. & M. Co., J. B. Stevens & Son, Williams, Hoyt & Co., A. J. Johnson & Co., W. H. Gorsline.

By Com. Biegler—Resolved, That the outlet sewer on Front street, carrying the sewage of West Main street; also the sewage of Allen and other streets in the First ward, emptying into the tunnel that runs under Brown's race, between the Cotton Mill and the Gorsline Commercial Buildings, where the open sewer flows over the high bank, be declared a nuisance.

Resolved, That the Common Council be requested to pass an ordinance to have said outlet sewer extended down the high bank into the bed of the river, inclosed in such a manner as to stop the foul odors rising in the neighborhood. Adopted.

A communication was presented from Edmond Redmond in reference to the blowing of steam whistles. Referred to the Common Council.

A true copy from the minutes.

CITY ASSESSORS' OFFICE,
ROCHESTER, July 16, 1890.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN: Louis Campius was assessed on his lot, corner of Child and Orango streets, for the Child street pipe sewer in 1889 the sum of \$64.20. We find by referring back to the Orange street pipe sewer ordinance, which sewer was built in 1866, that the said Louis Campius paid for the sewer on Orange street at that time and does now drain into said sewer, consequently he should not have been assessed on the Child street pipe sewer, except for one Y branch, in the sum of \$1.50.

MONROE COUNTY COURT—In the matter of opening a street from Murray street to Child street, in the city of Rochester.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—The undersigned, who were appointed by an order of the Monroe County Court, granted on March 31st, 1890, and entered on March 31st, 1890, commissioners to inquire into and determine what damages and compensation the owner or owners, tenants or occupants of the lands, to be taken for the opening of a street from Murray street to Child street, in said city, will be entitled, respectfully report and certify their award of damages as incident to the opening of said street, as follows:

The several pieces and parcels of land required for such purpose, and necessary for the opening of said street, are described as follows:

All that tract or parcel of land, situate in the city of Rochester, county of Monroe, and State of New York, bonnded and described as follows:

Beginning at the northwest corner of lot 49 of assessors' subdivision, of part of town lot 66 of the 20,000 acre tract; thence easterly on the north line of said lot for a distance of about four hundred and thirteen and two-tenths feet, to the northeast corner of said lot; thence southerly, on the east line of said lot, twenty feet, to a point; thence westerly, for a distance of about two hundred and eighty feet, to a point forty feet south from said north line and at the east line of Michael Duffy's lands produced southerly to that point; thence continuing westerly, on a straight line for a distance of about one hundred and thirty-two feet, and distant forty feet from the north line of said lot, to the east line of Murray street; thence north, on said east line of Murray street, forty feet, to the place of beginning.

These premises are owned by James F. Curtin and Margaret M. Curtin, his wife, and are subject to a mortgage given by them and Margaret Murphy to George G. Carroll, as executor of the last will and testament of Hugh Bradley, deceased, dated November 1, 1884, to secure \$2,900 and interest, and recorded in the Monroe County Clerk's office on November 6, 1884, in Liber 266 of mortgages, at page 233.

Also, all that other tract or parcel of land situate in the city, county and state aforesaid, described as follows:

Beginning at the southwest corner of lot 3 of said Assessors' sub-division; thence easterly, for a distance of about sixty-six feet, to the east line of lot 4 of said sub-division, at a distance of four and seventy-five hundredths feet north from the southeast corner of said lot 4; thence south, on the east line of said lot 4 for a distance of four and seventy-five hundredths feet, to the southeast corner of said lot; thence westerly, along the south line of said lots 3 and 4 for a distance of sixty-six feet, to the place of beginning.

These premises are owned by William J. Lyle and are subject to a mortgage given by him to the Homestead Loan Association, dated September 8, 1885, and recorded on that day, in the Monroe county clerk's office, in Liber 273 of mortgages at page 76, to secure the payment of \$1,470 and interest.

Also, all that other tract or parcel of land situate in the city, county and State aforesaid, described as follows:

Beginning at the southwest corner of lot 24 of Assessors' subdivision; thence easterly on the south line of lots 24 and 25 of said subdivision, or parts of lots 8 and 9 of the Murray tract for a distance of eighty-two feet to a point; thence north for a distance of ten and six-tenths feet, to a point; thence westerly, for a distance of about eighty-two feet to the west line of said lot 24, at a distance of four and seventy-five hundredths feet north from the place of beginning; thence south, on the west line of said lot 24, four and seventy-five hundredths feet, to the place of beginning.

These premises are owned by Zeicha Kennedy and are subject to a mortgage given by him to Desdemona Chapin, dated April 4, 1888, to secure \$500.00 and interest, and recorded in the Monroe county clerk's office on April 5th, 1888, in liber 295 of mortgages, at page 399.

Also, all that other tract or parcel of land, situate in the city, county and state aforesaid, described as follows:

Beginning at a point on the south line of lot 25 of said assessor's subdivision at the southeast corner of lands of one Kennedy; thence easterly along said south line, being the south line of lot 8 of the Murry tract, for a distance of fifty feet, to the southeast corner of said lot 25; thence northerly, on the east line of said lot 25 for a distance of fourteen and twenty-five hundredths feet to a point; thence westerly for a distance of about fifty feet, to the east line of the lands of said Kennedy at a point distant ten and sixteenths feet northerly from the south line of said lot 25; thence south on said Kennedy's east line for a distance of ten and six-tenths feet, to the place of beginning.

These premises are owned by Margaret J. Stevens, and are subject to a mortgage given by her to the Homestead Loan Association, dated January 13, 1889, to secure \$325, and interest, and recorded in the Monroe County Clerk's office on the same day, in Liber 304 of mortgages, at page 478.

Also, all that other tract or parcel of land, situated in the city, county and state aforesaid, and described as follows:

Beginning at the southwest corner of lot 26 of said Assessors' sub-division, or south part of the west half of lot 7 of the Murray tract; thence easterly, on the south line of said lot, for a distance of forty-one and twenty-five hundredths feet, to the southeast corner of said lot; thence northerly, along the east line of Stephen U. Peacock's lands, or said lot, for a distance of seventeen and two-tenths feet, to a point; thence westerly, for a distance of about forty-one and twenty-five

hundredths feet, to the west line of said lot, at a point distant fourteen and twenty-five hundredths feet north from the place of beginning; thence southerly, on said west line, for a distance of fourteen and twenty-five hundredths feet to the place of beginning.

These premises are owned by Stephen W. Peacock.

Also, all that other tract or parcel of land, situate in the city, county and state aforesaid, described as follows:

Commencing at the southeast corner of Stephen W. Peacock's land; thence easterly along the south line of lots 27 and 23 of said Assessors' subdivision, or part of lots 5, 6 and 7 of the Murray tract, for a distance of one hundred and fifteen and one-half feet to a point; thence northerly on the east line of David Van Lare's lands, or a part of said lot 23, for a distance of twenty-one and six-tenths feet, to a point; thence westerly, on a line, for a distance of seventy-four and twenty-five hundredths feet, to a point distant twenty feet north from said south line; thence westerly, for a distance of about forty-one and twenty-five hundredths feet, to the west line of said VanLare's lands, or east line of said Peacock's land, at a point distant seventeen and two-tenths feet northerly from said south line; thence south, along said west line, for a distance of seventeen and two-tenths feet, to the place of beginning.

These premises are owned by David VanLare.

Also all that other tract or parcel of land, situate in the city, county and state aforesaid, described as follows:

Commencing at the southeast corner of David VanLare's land, a part of lot 23 of said Assessors' subdivision; thence east, on the south line of said lot 23, or part of lots 5 and 6 of the Murphy tract, for a distance of seventy-four and twenty-five hundredths feet, to the southeast corner of said lot 23; thence northerly, along the east line of said lot 23, for a distance of twenty-three and twenty six hundredths feet, to a point; thence westerly, on a line, for a distance of about seventy-four and twenty-five hundredths feet, to a point on the east line of said Van Lare's lands, distant twenty-one and six-tenths feet north of the place of beginning; thence southerly along said east line for a distance of twenty-one and six-tenths feet, to the place of beginning.

These premises are owned by Andrew J. Elliott and Sarah Elliott, his wife.

Also, all that other tract or parcel of land situate in the city, county and state aforesaid, described as follows:

Commencing at the southwest corner of lot 29 of said Assessors' subdivision; thence east on the south line of said lot for a distance of about fifty-two feet, to a point; thence north on a line for a distance of twenty-four and four-tenths feet, to a point; thence west for a distance of about fifty-two feet to the west line of said lot 29, at a point distant twenty-three and twenty-six hundredths feet north of the place of beginning; thence south along said east line of said lot for a distance of twenty-three and twenty-six hundredths feet to the place of beginning.

These premises are owned by John Bellew, James Bellew, Margaret Bellew, Esther C. Bellew and Amelia P. Bellew, children and heirs at law of Bridget Bellew, deceased.

Also, all that other tract or parcel of land, situate in the city, county and state aforesaid, described as follows:

Beginning at the southwest corner of lot 30 of said Assessors' subdivision; thence easterly, on the south line of lots 30 and 31 of said subdivision for a distance of eighty feet, to the southeast corner of said lot 31; thence northerly on the east line of said lot 31 for a distance of twenty-six and seventeen hundredths feet, to a point; thence westerly on a line for a distance of about eighty feet to a point on the west line of said lot 30, twenty-four and four-tenths feet northerly from the place of beginning; thence southerly, along said west line for a distance of twenty-four and four-tenths feet, to the place of beginning.

These premises are owned by John Bellew.

Also, all that other tract or parcel of land, situate in the city, county and state aforesaid, described as follows:

Beginning at a point on the west line of Childs street, at the southeast corner of lot 8 of a subdivision of lots one and two of the Murray tract, or lot 38 of said Assessors' sub-division; thence northerly, along the west line of Childs street, twenty-nine and fifteen hundredths feet, to a point; thence westerly, parallel with Lyell avenue, about one hundred and thirty-five feet, to the east line of John Bellew's premises, at a point thereon distant twenty-six and seventeen hundredths feet from the southwest corner of said lot; thence southerly along said east line, for a distance of twenty-six and seventeen hundredths feet, to the southwest corner of said lot 8, or lot 38; thence easterly on the south line of said lot 8, or lot 38, for a distance of about one hundred and thirty-five feet, to the place of beginning.

Also, all that other tract or parcel of land, situate in the city, county and state aforesaid, described as follows:

Commencing at the northeast corner of lot 35 of the Murray tract, or lot 39 of said Assessors' subdivision in the west side of Childs street; thence westerly along the south line of lot 8 of said tract, or lot 38 of said Assessors' subdivision for a distance of one hundred and seventeen feet to a point; thence southerly parallel with Childs street for a distance of thirteen feet, or forty feet to the north line of lands of William Rosengreen, hereinbefore described; thence easterly on a line about one hundred and seventeen feet to the west line of Childs street, at a point distant ten and eighty-five hundredths feet from the place of beginning; thence northerly along said west line of Childs street for a distance of ten and eighty-five hundredths feet, to the place of beginning.

The above mentioned two parcels of land are owned by William Rosengreen, and are subject to a mortgage given by him and his wife to the Eighth Ward Standard Loan Association to secure \$3,335 and interest, dated May 6, 1890, and recorded in Monroe County Clerk's office on May 9, 1890, in Liber 326 of Mortgages, at page 493.

Also, all that other piece or parcel of land situate in the city, county and state aforesaid, described as follows:

Commencing at a point on the south line of lot 8 of the Murray tract, or lot 38 of said Assessors' subdivision, distant one hundred and seventeen feet from the west line of Childs street; thence west along the north line of lot 35 of the Murray tract, or lot 39 of said Assessors' subdivision for a distance of two hundred and ninety-eight and five-tenths feet, to the northwest corner of said lot thirty-five or thirty-nine. thence south, along the west line of said lot 35 or 39, for a distance of twenty feet, to a point; thence easterly, on a line, for a distance of about two hundred and ninety-eight and five-tenths feet to a point distant one hundred and seventeen feet from the west line of Child street, or in the west line of lands belonging to William Rosengreen, and at a point thirteen feet south from said north line; thence north, along the west line of said William Rosengreen's premises, to the place of beginning, for a distance of thirteen feet.

These premises are owned by William Leien, John Leien, and Caroline Seiler, adults, only children and heirs at law of Annie Leien, deceased, intestate.

Therefore, we, the subscribers, the commissioners, having been duly sworn, as required by the statute, in such case made and provided, and having all met and acted upon the matter submitted to us at the City Attorney's office, in the City Hall building, Rochester, N. Y., pursuant to a notice of at least ten days published according to law, and having taken a view of every part of the respective premises affected by this proceeding, and having inquired into and heard the allegations and proofs of the respective parties in interest, do thereupon determine and appraise the damages which the several owners (there being no tenants or occupants other than such owners) of the several premises thus to

be taken for the opening of said street, will severally sustain by being deprived thereof, and fix the compensation which the aforesaid owners respectively shall receive therefor, as follows:

The awards hereby made, after deducting all taxes and assessments which have become a lien upon the lands described, to be paid as hereinafter provided:

To James F. Curtin and Margaret M. Curtin, for parcel No. 1, the sum of six hundred dollars, payable to George G. Carroll as executor of the last will and testament of Hugh Bradley, deceased, mortgagee, aforesaid.

To William J. Lyle, for parcel No. 2, the sum of one dollar, payable to the Homestead Loan Association, mortgagee, aforesaid.

To Zeicha Kennedy, for parcel No. 3, the sum of one dollar, payable to Desdemona Chapin, mortgagee, aforesaid.

To Margaret J. Stevens, for parcel No. 4, the sum of one dollar, payable to the Homestead Loan Association, mortgagee, aforesaid.

To Stephen U. Peacock, for parcel No. 5, the sum of one dollar, payable to him.

To David Van Lare, for parcel No. 6, the sum of one dollar, payable to him.

To Andrew J. Elliott and Sarah Elliott, his wife, for parcel No. 7, the sum of one dollar payable to them.

To John Bellew, James Bellew, Margaret Bellew, Esther C. Bellew and Amelia P. Bellew, for parcel No. 8, the sum of one dollar, payable to them.

To John Bellew, for parcel No. 9, the sum of one dollar, payable to him.

To William Rosegreen, for parcels Nos. 10 and 11, the sum of eight hundred and eighty dollars, payable to the Eighth Ward Standard Loan Association, mortgagee, aforesaid.

To William Leien, John Leien and Caroline Sells, for parcel No. 12, the sum of one dollar, payable to them.

All of which is respectfully submitted.

CITY ATTORNEY'S OFFICE,
19 CITY HALL BUILDING,
ROCHESTER, N. Y., July 29, 1890. }

To the Honorable the Common Council:

GENTLEMEN:—In my last annual report I called attention to the large and constantly increasing

number of sewer suits against the city, and suggested, inasmuch as the Court of Appeals had passed upon the liability of the city in these cases, in such a way that the only question to be determined by the jury in each case is the amount of damages sustained by the plaintiff, that an effort be made to secure rights of way from all parties concerned, until other means could be effected for the disposition of the sewage of the city.

With this end in view I asked Hon. Walter S. Hubbell, attorney for Catherine Schum, who recently recovered a judgment of \$800 against the city, to ascertain what his client would be willing to accept for such an easement. He has sent me the accompanying letter which I recommend should be referred to the Law Committee. I would also suggest that the Law Committee be authorized and directed to negotiate with all parties having sewer suits or claims for sewage damages against the city for rights of way over their lands and to report to your body the result of such negotiations and their recommendations concerning the same as soon as possible.

Very Respectfully,
CHARLES B. ERNST, City Attorney.

ROCHESTER, N. Y., July 22, 1890.

Charles B. Ernst, Esq.:

MY DEAR MR. ERNST: In response to your suggestion regarding a settlement of the Schum suits against the city, I sent word for Mr. Schum to call at my office on behalf of his mother, and have just seen him.

One of the actions is now in the Court of Appeals, and in the other, plaintiff recovered a judgment last June for \$800 and costs. As you are well aware, this did not begin to represent the damages testified to by many disinterested witnesses, including several nurserymen, one or two of whom reside in the city, and had never been sworn before on one of these suits. The jury, however, did not render a verdict in accordance with the evidence.

Mrs. Schum has had a great deal of trouble with these suits, the equity action having been tried and hotly contested, appealed to General Term and thence to the Court of Appeals. She has been put to great expense in the matter. In view of all these circumstances I am authorized to say that if the city will pay her \$400 per year, commencing with the date of the verdict of \$800, and pay the judgment of \$800 with interest thereon and costs and the costs of the case which is now in the Court of Appeals, that she will give the right of way over her premises until the trunk sewer is constructed, which will relieve her premises from the nuisance, provided the same is done within five years from this date. If you will examine the schedule of amounts that the city has been paying various parties between the Schum place and the N. Y. C. R. R. for many years past, you will see that this offer is a very reasonable one. I understand that the city pays \$175 per year for damages to a piece of land of twenty acres adjoining the Schum place upon which no one resides and which is only used for raising hay, there being no buildings upon the same. On the Schum property there are two good houses; the land is under a high state of cultivation. The two sewers empty their contents in the stream which runs through it and the place has become offensive in the extreme.

As this paper is made solely for the sake of a settlement, this paper is not to be used except in the making of such settlement. You may consider it as a communication to the Board of Aldermen.

It is quite necessary, if any settlement is reached, that the same may be made as promptly as possible. You may, therefore, consider this offer open three weeks from this date, but no longer.

I remain, very respectfully yours,

WALTER S. HUBBELL.

Ordered received, filed and published.

By Ald. McMillan—

To the Honorable, the Common Council of the City of Rochester:

On the 24th day of June, 1890, I recovered judgment against the city of Rochester for the sum of one thousand dollars, damages caused to my

premises, located in the village of Brighton, by the discharge of sewage from the Monroe avenue and Nichols park outlet sewers. The judgment was entered upon the verdict of the jury rendered on the 20th day of June last, after the jury had visited the premises and inspected the nuisance. The evidence in the case showed that the nuisance commenced in the fall of 1882, at the time when the ditch was deepened through the Bowen lot, so-called, thus connecting the sewers in question directly with Thomas creek. The action was commenced on the 16th day of September, 1886, so that the period for which I recovered damages covers four years. The evidence in the case, which was practically undisputed, showed that the actual monied damages sustained by me was five hundred and thirty-four (\$534) per year. The nuisance is if possible growing worse from year to year, but it seems impossible to restrain it by injunction. The best remedy, and one to which I and others have been obliged to resort, is to recover such damages as we can by reason of the diminution in the value of the use and enjoyment of our property.

I dislike to commence another action to recover the damages sustained since September 16, 1886, and should much prefer an amicable settlement, if one can be reached. For the purpose of affecting such a settlement, I hereby offer to release the city from damages to the present, upon receiving compensation at the rate of four hundred dollars (\$400) per year from September 16th, 1886, and also upon payment of the judgment with interest thereon recovered by me as aforesaid.

If you will refer this communication to the proper committee I will confer with the committee at any time they may appoint in the near future.

This offer must not be considered as held open indefinitely but I will hold it open long enough to give your committee ample opportunity to examine into the matter and to make their report.

I remain, very respectfully yours,

ANNA GOULD,

By S. HATCH GOULD.

Dated Brighton, N. Y., July 16th, 1890.

Ordered received, filed and published.

GENTLEMEN—The undersigned desires to dedicate to the city of Rochester, for public use, the

park known as Vetter park, running from Scio street to Hibbard street; said park is 544 feet long and 40 feet wide, reference being had to a map of same now on file in the county clerk's office.

Rochester, July 29, 1890.

Respectfully,

GOTTLEIB VETTER.

Referred to the Executive Board to report on acceptance of same.

By Ald. Hall—Resolved, That the Lamp Committee be requested to place an arc light in the center of Vetter park. Referred to the Lamp Committee and City Surveyor.

By Ald. Selye—Petition of P. H. Spellane. Referred to the Wood Building Committee and Fire Marshal with power to act.

By Ald. Selye—

Whereas, John Bower has been engaged by the authority of the board to investigate the affairs of the Executive Board; and

Whereas, The resolution authorizing the employment of said Bower laid particular stress on the investigation of the utility to the city of water meters; and

Whereas, It should be immediately known if by the records of the water department as to whether the use of water meters effects any great saving of water by the detection of leaks and the stopping of water waste; and

Whereas, Said information can best be derived from a report on the amount used by each metered consumer on the first month, second month and third months consumption of water, commencing from the time the said meters were first placed on the service of said consumers.

Therefore, Resolved, That Mr. John Bower be, and he hereby is, directed to lay aside the Board of Education investigation and that he immediately commence making a transcript of the records of the water department of the first three months' use of meters by each and every metered water consumer to the end that the people may immediately know what the use of meters means as a factor in saving water and preventing waste by leaking, through detective plumbing, in houses and buildings. Adopted.

By Ald. Selye—Resolved, That the Lamp Committee be, and hereby is, directed to report to this board on the advisability of placing an incandescent lamp in Willard Park. Referred to the Lamp Committee.

By Ald. Shelter—Petition of F. S. Neeley. Referred to the Wood Building Committee and Fire Marshal with power to act.

By Ald. Shelter—Resolved, That the City Surveyor be instructed to establish the line of Champlain street, from Jefferson avenue to Reynolds street. Adopted.

By Ald. Shelter—Resolved, That the Brush Electric Light Company be instructed to remove the arc light at 380 West avenue to the opposite side in the center of Lamberton park, and the clerk notify the Brush Electric Light Company and the Surveyor. Adopted.

By Ald. Cleveland—Petition of C. W. Havens Est., by J. S. Havens. Referred to the Assessment Committee.

Ald. Cleveland asked for and obtained unanimous consent, and moved the adoption of the following amendment to the penal ordinance passed Nov. 30, 1880, and 1887:

SECTION 1. No person shall cast or deposit, or cause by his direction or procurement to be cast or deposited, into the Genesee river above the upper Genesee Falls, or into any of the mill races, any shavings, sawdust, sticks, or other substance or substances which may tend to obstruct the free passage of water in any mill race, or in any wise interfere with the grates, racks or any machinery which such water is contemplated to propel, under a penalty of Ten Dollars for each offence.

§ 2. Every execution issued upon a judgment for violation of the foregoing section shall command the amount to be made out of the property of the defendant, if any such can be found, if not, then it shall be lawful for the justice to commit defendant to the Monroe county penitentiary for a period not exceeding ten days.

Adopted by the following vote:

Ayes—Ald. Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Kelv, Lewis—12.

This is designed to take the place of the penal ordinance on this subject passed November 30, 1880; also same passed in 1887.

By Ald. Lempert—Resolved, That the Brush Electric Light Company be, and hereby is directed to place the electric light, corner of St. Joseph and Hamburg streets, on a crane. Adopted.

By Ald. Selye—Resolved, That the Brush Electric Light Company be, and hereby is directed to change their lamps in Lake View Park from the top of the poles to cranes to be hung on said poles. Adopted.

By Ald. McMillan—Resolved, That the Lamp Committee be directed to cause the electric light and pole at the junction of Exchange and Clarissa streets to be removed to the corner of the streets. Adopted.

On motion of Ald. Kelly, the clerk was directed to notify the city surveyor of all changes of lamps ordered. Adopted.

By Ald. McMillan—Resolved, That the Executive Board be directed to remove the obstruction from Exchange street between Clarissa street and the railroad bridge crossing the W. N. Y. & P. R. R. Adopted.

On motion of Ald. Shelter the Board then adjourned.

PETER SHERIDAN, City Clerk.

In Common Council—Aug. 4, 1890.

SPECIAL MEETING.

The Clerk called the meeting to order. Ald. Kelly moved that Ald. McMillan act as temporary chairman. Adopted.

Present—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Kelly, Lewis—15.

Absent—Ald. Bohrer—1.

By the Clerk—

MAYOR'S OFFICE,

ROCHESTER, N. Y., July 31, 1890.

Peter Sheridan, City Clerk:

DEAR SIR—Please call a special meeting of the Common Council at the Common Council chamber, for Monday, August 4th, 1890, at 2:30 p. m., for the purpose of considering the water question and for the transaction of such other business as may come before it.

WILLIAM CARROLL, Mayor.

Ordered received, filed and published.

By Ald. Kelly—

Whereas, The members of the Common Council are elected by the people and vested by them with the power and responsibility of carrying out the objects of the city government, which power and responsibility should be assumed and exercised with firmness, fearlessness and decision; and

Whereas, The great object now confronting the legislators of the city is an additional water supply for our large and constantly increasing population, the scarcity of the present supply being apparent in the parched lawns and gardens surrounding the homes of our citizens; in the large number of applications for the laying of water mains through the outlying sections of the city, and in the numerous complaints daily made by persons living or doing business in buildings of over two stories high of their inability to procure water by means of the Hemlock system; and

Whereas, The possibility of a break in the conduit, necessitating the use of water in the reservoirs, which can supply the city but a few days, forces upon us constantly the conviction that a water famine is imminent; and,

Whereas, Repeated efforts have been made, without success; to secure the passage of an enabling act, through the State Legislature, for such additional water supply; and,

Whereas, The City Attorney has given it as his opinion that section 81 of the City Charter, as

amended last winter, gives the city the necessary power to issue bonds for such water supply; and,

Whereas, While not believing that such charter provision should be taken advantage of, unless another effort to secure the passage of an act shall prove unsuccessful, we think the Legislature will more readily grant the application of the city, which can, if it is desired, issue bonds, and build a conduit, under powers already existing, although such powers were granted for other purposes; and

Whereas, the power of the city, under its charter which power has been questioned by a number of citizens, and a portion of the city press, should be definitely determined, and the minds of the people in regard thereto set at rest; therefore,

Resolved, That a committee of five be appointed to procure at an expense not exceeding \$200 each, the opinions of Hon. Geo. F. Danforth and William F. Cogswell, esq., or such other counsel as the committee may select, as to whether the city would be authorized, under its charter, to issue bonds for an additional water supply; in case it failed to secure the passage of an act for that purpose.

Resolved, Further: that said committee confer with the Executive Board, and report at the next meeting the cost of, and length of time required for, making the surveys and performing the other necessary preliminary work for an additional water supply and that it make such recommendations looking towards a speedy settlement of the water works question as to the committee may seem proper at this time.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveand, Shelter, Hall, Bierbrauer, Judson, Schroth, Kelly, Lewis—14.

Nay—Selye.

By Ald. Tracy—

ROCHESTER, August 4, 1890.

Hon. William H. Tracy, President Common Council, Rochester, N. Y.:

MY DEAR SIR—I observe that a special meeting of the Council is to be held to-day to take some action in regard to an additional supply of water, and I thought it might be useful to you to have a copy of the bill which passed the Senate at the last session of the Legislature, as it contains the amendments up to the time of its passage, which will be important for the board to have before them in considering the question.

Yours truly,

DONALD MCNAUGHTON.

Ordered received, filed and published

Ald. Tracy presented the following:

IN SENATE, April 3, 1890.

Introduced by Mr. McNaughton—read twice and referred to the committee on cities—committee on cities discharged from further consideration of said bill, and the same ordered printed, and when printed to be recommitted to the committee on cities.

To authorize the issue of the bonds of the city of Rochester to pay for an additional water supply.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. The city of Rochester is hereby authorized to borrow money, for the purpose, to the amount, and in the manner hereinafter stated; and the Common Council of the city of Rochester may, from time to time hereinafter, for the purpose of furnishing an additional water supply for the city of Rochester, and its inhabitants by a three-fourths vote of the members of said Common Council, authorize the city treasurer to issue the bonds of said city to an amount, not exceeding, in the aggregate, the sum of one million and five hundred thousand dollars, running for a period not exceeding fifty years, and bearing a rate of interest not exceeding three per centum per annum, payable at such place as the common council shall designate. Said bonds, when issued, shall be signed by the treasurer, sealed with the corporate seal of the city, countersigned by the mayor and the president of the

common council, and may be either coupon or registered bonds, and shall be redeemable at any time after ten years from the issue thereof. A complete record shall be made and kept by the said treasurer of said bonds, including the dates, amounts, and the dates of maturity thereof, and to whom issued, if registered, respectively. The proceeds of said bonds shall be applied to the payment of the cost of procuring said additional water supply.

§ 2. The bonds of the city of Rochester which shall be issued by virtue of this act, shall be sold from time to time, as authorized, by the city treasurer, at public sale, to the highest bidder, after ten days' notice published in the official paper of said city, and in a newspaper in the city of New York, but shall not be sold at less than par.

§ 3. The several savings banks within the city of Rochester and the Rochester Trust and Safe Deposit Company are hereby authorized to receive and keep on deposit any moneys raised by the sale, or for the payment of said bonds, and to pay on such deposits the same rate of interest paid or allowed by such bank or banks; or said the Rochester Trust and Safe Deposit Company, and to compound the same, as in cases of deposits received from individuals, during the time of such deposits respectively.

§ 4. The said Common Council shall, for the purpose of paying any of the bonds issued under the provisions of this act, after the same shall become payable, in addition to any sum or sums of money now, or hereafter, permitted to be raised by law, with the general taxes of said city, raise annually or from time to time, sums of money which shall be sufficient to pay the interest which shall become due on said bonds, or so many thereof as shall, from time to time, be outstanding, and also such sums of money which, together, shall be sufficient to pay the whole amount of the principal of said bonds at the time of the maturity thereof, which said sums last mentioned shall, upon their receipt by the city treasurer, or as soon thereafter as possible, be used by said treasurer for the redemption and payment of said bonds, and all said bonds so paid, shall be canceled immediately upon the payment thereof respectively.

§ 5. In any year, in which by the provisions of this act any portion of the principal of the bonds herein authorized, shall be subject to redemption, it shall be the duty of the city treasurer to give notice in one or more of the newspapers of the city of Rochester, during the first ten days of July, stating the amount of such bonds to be redeemed at par, and accrued interest, and inviting tenders thereof from the holders of such bonds, and from the tenders so received, if any, to select bonds to an amount not exceeding the amount required for redemption, and to give the holders thereof notice that the same will be paid, at such place as he shall designate, on or before the first day of September then next. In case the amount so tendered shall be less than the amount so required for redemption, it shall be the duty of the said treasurer, between the fifteenth and twentieth days of any such July, to draw, by lot, from the bonds outstanding, the number required to supply any such deficiency, or in case no tenders shall have been received, the whole number so required for redemption, and for this purpose, each one thousand dollars of bonds, so issued, whether registered or coupon, shall be numbered consecutively in the order of issue, and, as to the bonds so drawn, the said treasurer shall, at once, give public notice, in one or more of the newspapers published in the city of Rochester, of the fact that such bonds, stating the numbers have been drawn for redemption, and that the same will be paid, with accrued interest, at such place as he shall designate, on or before the first day of August then next; and as to all such bonds, so tendered or drawn, and in respect to which the money required for their redemption shall be provided and kept ready for payment, from and after the several times so limited for redemption and payment, interest shall cease.

§ 6. This act shall take effect immediately.

Ordered received, filed and published.

Ald. Kelly moved that the resolution fixing the salaries of the members of the Executive Board at \$3,500 per year and passed at the meeting held July 29th, be reconsidered. Adopted.

Ald. Kelly moved that the salaries of the members of the Executive Board be fixed at the sum of \$2,800 per year each, to take effect the first day of August.

Ald. Shelter moved as an amendment that the subject of salaries of the Executive Board be indefinitely postponed and that the salaries be left as they were before, viz at the sum of \$2,500 per year each, lost by the following vote:

Ayes—Ald. McMillan, Lempert, Shelter, Hall, Bierbrauer, Lewis—6.

Nays—Ald. Tracy, Sullivan, Fee, Rauber, Cleveland, Selye, Judson, Schroth, Kelly—9.

By Ald. Shelter—
To the Hon. the Common Council of the city of Rochester

GENTLEMEN—Your assessment committee begs leave to submit the following as its report:

Mina M. Vredenburg is now the owner of lots 1 and 2 upon a subdivision of part town lot 45 on the west side of Fulton avenue, and has been such owner for some time, she having purchased the same from her husband, Charles W. Vredenburg, who, in 1888, purchased the same from W. Martin Jones. Said lot was sold on March 30th, 1882, to the city, for unpaid taxes or assessments, amounting, at the date of sale, to \$137.39. She claims that at the time her husband purchased the same Mr. Jones represented the property to be free and clear from all encumbrances. Your committee believes that justice will be done by directing the City Treasurer to receive said tax as it appears at the date of sale, with six per cent interest per annum thereon from that date to date of payment, provided such payment be made on or before November 1st, 1890.

Sarah Walker was assessed in the general tax rolls of 1889 upon lot 5 of a subdivision of lot 42 and parts of lots 43 and 44, Sibley and Field tract, made for the Walker estate, and situate on the north side of Champplain street, the tax, \$12.74.

being unpaid, the lot was struck off to the city by the treasurer at the sale held by him on March 27, 1890.

This lot has no existence, for the reason that it is the same property assessed as parts of lots 43 and 44, north side of Champlain street, to Thomas Herring, who has paid his tax. Your committee, therefore, recommends that the said tax against lot 5 be cancelled, and the amount thereof charged to erroneous assessments, such course being in accordance with the recommendation of the city assessors, found on pages 455 and 459, C. C. proceedings 1889-90.

Bridget McCruden, in 1880 was assessed in the Eighth ward, east side Plymouth avenue, on lot 138 and part of lot 134, for 33 feet frontage. In the year 1881 the assessors, by mistake, changed the frontage to 99 feet, and it has been so assessed until this year. She was assessed for the Genesee Valley Canal Sewer, on that erroneous frontage, which she paid on December 6, 1883, the excessive amount thus paid by her, being \$37.25; she was likewise erroneously assessed for the Plymouth avenue bridge widening, under final ordinance No. 3,567 for said erroneous frontage of 99 feet, which assessment she paid on May 14, 1890, the excessive amount then paid by her being \$17.98. Your committee recommend that Mrs. McCruden should be repaid said excessive sums with interest thereon from the dates of their respective payments.

This recommendation is made in accordance with the request of the assessors found in their communication at page 60 of the current proceedings.

All of which is respectfully submitted.

HENRY SHELTER,
LEO J. HALL,
D. W. SELYE,
Assessment Committee.

Ordered received, filed and published

By Ald. Shelter—Resolved, That the City Treasurer be, and he hereby is, directed to receive from Mina M. Vredenburg, the unpaid tax or assessment against lots 1 and 2, upon a subdivision map of part of town lot 43, on the west side of Fulton avenue, sold at the time and in the manner above set forth, with interest upon the amount as it appears at the date of sale aforesaid, at the rate of six per cent. per annum to the date when paid, providing said payment be made on or before November 1, 1890.

By Ald. Shelter—Resolved, That the City Treasurer be, and he hereby is, directed to cancel the city tax for 1889 against lot 5 of a sub-division of lot 42 and parts of lots 43 and 44, Sibley and Field tract, made for the Walker estate, and situate on the north side of Champlain street, mentioned in the foregoing report, and that he charge the amount thereof to erroneous assessments.

By Ald. Shelter—Resolved, That the Clerk be, and he hereby is directed to draw an order upon the City Treasurer payable from the Contingent Fund, in favor of Bridget McCruden for fifty-five dollars and twenty-three cents (\$55.23) with interest upon thirty-seven dollars and twenty-five cent (\$37.25) from Dec. 6, 1883, and upon seventeen dollars and ninety-eight cents (\$17.98) from May 14, 1890; said interest to be computed to August 13, 1890, and that such payment be received by Mrs. McCruden in full of any and all demands of every kind, which she has, or claims to have, or have had at any time heretofore against the city.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Shelter, Selye, Hall, Schroth, Bohrer, Lewis—11.

By Ald. Hall—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Your City Property Committee begs to report that it has received bids for painting and kalsomining the poor office, and store room thereof and the hall leading therefrom: all walls to be washed off; all cracks to be stopped up, and the walls to be given two coats of whitening; the private office of the Overseer of the Poor to be

done in three colors, to be selected by your committee; all woodwork to be sanded and puttied, and same to have two coats of the best lead and oil paint; all work and materials to be first-class, and to the entire satisfaction of your committee, from C. Williamson, amount one hundred and twenty-four dollars and ninety-five cents, from William Huddy, amount eighty-five dollars, and from John R. Brady, amount eighty-six dollars.

Your committee would, therefore, recommend that the contract be given to William Huddy, he being the lowest bidder.

All of which is respectfully submitted.

HENRY SHELTER,
D. W. SELYE,
LEO J. HALL,
City Property Committee.

Ordered received, filed and published.

By Ald. Hall—Resolved, That the City Property Committee be, and it hereby is, directed to enter into a contract, on behalf of the city, with William Huddy, to do the painting and kalsomining, including the furnishing of all materials therefor, in and about the work and places mentioned in the foregoing report of the City Property Committee; the contract to contain such provisions as the City Attorney may deem essential for the interests of the city, and to be approved by him before execution. Adopted.

By Ald. McMillan—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—Your Law Committee begs leave to report that, under your directions, it, with the City Attorney, has fully examined the new ballot and registration laws, and that it has been favored with the accompanying opinion of the city attorney upon the questions propounded by your honorable board heretofore, which questions will be found at page 189 of the current proceedings.

That, in accordance with the resolution of your honorable body, the aldermen of each ward of the city has submitted to your committee a statement showing the division of his ward into election districts, which statements are also hereto annexed, and that such divisions, your committee begs leave to recommend that your honorable body approve of and adopt.

Your Law Committee has not, as yet, received from the aldermen of the different wards descriptions of the polling and registry places selected by them therein, and would, therefore, urgently recommend that, at the next meeting of your Law Committee, each alderman present, for adoption, a list of the polling and registry places within the various districts within his ward, which places shall be such as are recommended by the City Attorney and, that, in case no suitable room or building can be found, then that the alderman select a vacant lot, or other site, upon which a suitable structure may be built or erected, and that each of said aldermen report to this committee, at its next meeting, to be held on August 25th, 1890, at 7:30 p. m., at the City Attorney's office, such designation of places, and, that, at the next meeting of your honorable body, each alderman present, for appointment, five names, in compliance with the law, for inspectors of election in each district, including those now holding such office, residing within such district which last shall be reappointed in and for the district to which they shall severally reside.

All of which is respectfully submitted,

T. McMILLAN,
JOSEPH H. FEE,
D. W. SELYE,
Law Committee.

CITY ATTORNEY'S OFFICE,
ROCHESTER, N. Y., Aug. 4, 1890.

To the Honorable, the Law Committee of the Common Council of the City of Rochester:

GENTLEMEN: In answer to the questions propounded to me by the Common Council of the city of Rochester, which answers I was to furnish to your committee on August 4th, 1890, I would say:

"First: The act commonly known as the 'New York Ballot Reform Law,' does not specify the size of the room in which an election is to be held, except that by sections 23 and 28 of the act, the room must be of a size sufficient to have a guard rail therein so constructed and placed that only such persons as are inside the rail can approach within six feet of the ballot boxes and of the voting booths or compartments; that the booths or compartments can only be reached by passing within the rail; that they shall be in plain view of the election officers; and both they and the ballot boxes shall be in plain view of those just outside the guard-rail; that each booth or compartment shall be, at least, three feet square; that a reasonable number of challengers, representing each political party, shall be permitted to remain just outside the guard-rail, where they can plainly see what is done, within the polling place, except within said booths or compartments; that the polling place shall be so arranged that every part thereof, except the inside of said booths or compartments, shall be in plain view of said challengers or watchers; that there shall be, at least, one booth or compartment for every fifty voters, who voted at the last preceding election in the district, and that inside of the guard-rail shall also be the five inspectors of election, and two persons to be known as 'clerks of the poll,' the two last named being appointed by the inspectors, under the provisions of section 23 of the election law. The Secretary of State gives it as his opinion that a room eighteen by twenty feet would be required.

Second. All five inspectors of election are required to sit as a Board of Registry, and if any member fails to appear at any meeting of the Board of Registry, the other members of the board are required to immediately appoint a qualified elector of the district of the same political party as the absent member, who, upon taking the constitutional oath of office, shall act in the place of the absent member, for whom he is appointed, until the latter shall appear, and if no member of the board shall appear at any meeting, within one hour after the same, should have been opened, the qualified electors of the district present, not less than ten, may designate a qualified elector of the district, to act in the place of each absent member, who shall be of the same political party as such absent member, and shall act in his place until he appears; and the persons so designated and last mentioned shall organize as a board and take an oath of office, in like manner as is required of the members of the board of registry.

Third: The present inspectors will act under the new law, but only in and for the new district created in which they reside at the time of the division thereof, and I agree with the Attorney General that, for the purpose of saving any question, such inspectors should be appointed as inspectors of election of the new district.

Fourth: The election districts in each ward are required to be divided, by section 23, aforesaid, so that each shall contain not more than 300 voters.

Fifth: Five persons are required to be appointed as inspectors of election by the Common Council, who are required by section 22 of said ballot reform law, to appoint two of their number to serve as ballot clerks during the election, and in case two or more of the inspectors in any district are elected, they shall appoint one person to be known as clerk of the poll, and the other inspectors, so appointed, are to appoint another person to be called clerk of the poll, and in case all of the inspectors are appointed, then the entire five appoint two such persons as such clerks of the poll. The duties of the board seem to be specified in article fourth of the election code.

Sixth: In case a suitable polling place cannot be procured in the district in which to hold an election, the Common Council would undoubtedly be compelled to have a suitable structure

built or a suitable tent erected on some vacant lot or in a street within the district.

Seventh: It is necessary, under section 4 of chapter 321, known as the "General Registration Law," for the boards of registry to prepare a list of persons qualified to vote in the district, which, when finally completed, shall be known as the register of voters of the district for the next election, and to place thereon the names of such persons only as are properly qualified to vote at the following election and as personally appear before the board at one of its meetings, and the board is forbidden to place upon such list the names of any voters who do not so personally appear, even if they be qualified, except that in the preparation of such registry for a special election in the city, the Board of Registry, at its first meeting, is required to place upon such list of registry all the names which appear upon the register of voters for the last preceding general election in the election district in which the board shall meet, except of such persons as shall have died or ceased to reside in such district, or otherwise become disqualified to vote therein, since such general election, but no new names which were not on such former register shall be placed upon such list for said special election, except of persons who so personally appear.

Eighth: Section 3 of said registry law provides that all meetings of the board of registry in each election district, shall be held at the place designated for holding the polls of the next ensuing election for which the meeting is held, but no building, or part of a building, shall be so designated in any city, if within sixty days before such designation intoxicating liquors, ale or beer shall have been sold in any part of such building, and that no intoxicating liquor, ale or beer shall be sold in such building in a city after such designation, and before such election.

Ninth: Any person, under section 35 of said ballot reform law, is permitted to do any electioneering on election day, in any public street or room, or in a public manner, and to peddle tickets or lists of candidates at the time an election is held, provided the same is not done within 150 feet of any polling place.

Tenth: I am of the opinion that the expense of the next general election, except the printing of the ballots, must be paid by the city or town in which the election is held.

At the request of Alderman McMillan, your honorable chairman I would state that I am of the opinion that the term physical disability, in section 28 of said ballot reform law, includes all persons who are unable to read or write the English language, although the Attorney General holds otherwise, and considers that such term applies only to persons who are suffering from some bodily weakness or infirmity.

In *People ex rel. Wood v. Lacombe*, the Court of Appeals, in 99 N. Y., page 49, says that, "In the interpretation of statutes, the great principle which is to control is the intention of the Legislature in passing the same, which intention is to be ascertained from the cause or necessity of making the statute, as well as other circumstances. A strict and literal interpretation is not always to be adhered to, and where the case is brought within the intention of the makers of the statute, it is within the statute, although by a technical interpretation it is not within its letter. It is the spirit and purpose of a statute which are to be regarded in its interpretation; and if these find fair expression in the statute, it should be so construed as to carry out the legislative intent, even although such construction is contrary to the literal meaning of some provisions of the statute. A reasonable construction should be adopted in all cases where there is a doubt, or uncertainty, in regard to the intention of the lawmakers."

Applying the above, and similar rules, and observing the principle which the attorney-general states, and recognizing the fact that a literal interpretation will render the statute in

that regard unconstitutional and void, as tending to disfranchise a large number of voters who are unable to read and write the English language, but who are otherwise properly and duly qualified to exercise the elective franchise, it follows that the term should, as above, be so construed, as to include voters who are unable to read and write the English language as well as those who are suffering from a physical disability, as that term is usually understood so as to permit such persons to avail themselves of the assistance of others in the preparation of their ballots, as is provided by said section 28.

Respectfully yours,
 CHARLES B. ERNST,
 City Attorney.

2 Citizens' gas lights discontinued at 5 cents per night, each.....	10

Total increase in cost per night..... \$0 47

WM. H. SULLIVAN,

JOSEPH H. FEE,

Lamp Committee.

By Ald. Sullivan—Resolved, That the Rochester Electric Light Company and the Citizens' Gas Company, be and each are respectfully directed to comply with the report of the lamp committee relating to each company, when notified by the city surveyor, and he is hereby directed to make the proper notification with such directions as may be necessary to insure the correct location of each light. Adopted.

REPORTS OF SELECT COMMITTEES.

By Ald. Fee—

To the honorable, the common council of the city of Rochester,

GENTLEMEN: The undersigned committee on electrical control respectfully submit the following for your consideration:

The resolution or ordinance adopted by your honorable body containing the provisions and requirements with reference to the introduction by the street railroad company of electricity, provided that the poles to be erected in the

business section of the city by said company shall be of iron. Your committee had conferred upon it by your honorable body the power of determining as to the kind of poles to be erected outside the business section of the city. The ordinance or resolution as originally presented to the common council did not restrict the street railroad company to the use of any given kind of pole, whether wood or iron, in any section of the city. The provision above quoted with reference to iron poles in the business section was inserted as an amendment.

At the time when the matter was pending before the common council the superintendent of the fire alarm telegraph of the city advised the committee having the matter in charge that iron or steel poles would be unsafe and recommended that the company be allowed to use wooden poles only in the city. At a meeting of this committee held some weeks since it determined that outside of the business section of the city the company should be permitted to erect only wooden poles on account of the greater safety of such poles. It was not within the power of the committee to require the company to set wooden poles in the business section by reason of the fact that your honorable body had already determined that iron poles should be set in such sections of the city.

At a recent meeting of this committee the street railroad company made application for the right to set iron or steel poles upon Lake avenue and certain other streets for the reason, as stated by said company, that quite a large number of property owners had given their consent to the change of system of operation of the railroad on those streets upon condition that the company set iron or steel poles instead of wooden poles. The company stated to this committee that the steel poles had been delivered here and that they were in honor bound to set such steel poles on Lake avenue and certain other streets. The superintendent of the fire alarm telegraph opposed the application of the company upon the ground that steel or iron poles were very dangerous, and that the breaking of electric light wires in the proximity of the iron or steel poles or in proximity of wires connecting with iron or steel poles might, and probably would, cause fatal accidents in case any person came in contact with such iron or steel poles. The superintendent also stated that he strongly condemned the use of iron poles in every part of the city, and especially in the crowded business center of the city.

This committee, after hearing the parties appearing before it, and acting upon the opinion of the superintendent denied the application of the street railroad company, but decided to refer the whole matter of the kind of poles to be set by the company to your honorable body. This committee also directed the said superintendent to put in writing the substance of the statement which he had made with reference to this matter. This the superintendent did and such statement is herewith submitted. If there were no question as to the greater danger of iron or steel poles as compared with wooden poles, this committee would recommend to your honorable body that the street railroad company be required to set iron or steel poles throughout the entire length of its lines in this city. But in view of the very positive statements made by the superintendent of the fire alarm telegraph, all of which statements seem to be well founded in fact, there seems to your committee no course open except to so amend the resolution or ordinance above referred to as to require the street railroad company to set wooden poles only in this city.

The important thing in connection with this whole matter is that every precaution should be taken by the local authorities to prevent the occurrence of accidents in the operation of the new system. The question of the beauty of a

pole, while worthy of consideration, is of small moment in comparison with the importance of providing for the erection of such structures as shall be harmless to our people in the event of accidents occurring. We believe that the people of this city residing or doing business upon the streets where the electric railroad is to run would prefer to have a safe structure put up rather than have one which might cause serious or fatal injury to our inhabitants, even though the safe structure were somewhat less ornamental. The street railroad company is required wherever it erects wooden poles to use those which are perfectly straight, octagonal in form and of the best quality of pine, and to paint such poles and keep them painted. Wherever these poles are erected on residence streets they can be placed in the line of the trees and painted a color to correspond with the color of the body of the trees. The wooden poles which the company has erected on East Main street, on South avenue and other streets are of the character above described and, as can be determined by an inspect on, are not unsightly poles, and are in the line of the trees. Of course, as yet they have only the priming coat upon them, and are much more noticeable than they will be when the dark coat of paint has been applied.

So far as the business sections of the city are concerned, the company has arranged to reset and use the poles of the other companies, and it will not be necessary to set a large number of new poles. The addition of a few more wooden poles 22 feet in height in the business section will not to any appreciable extent injure the appearance of any of our business streets. Your committee, therefore, recommend that the resolution or ordinance above referred to be so amended as to prohibit the use of iron or steel poles by the street railroad company, and to require said company to use wooden poles only, throughout the entire length of its lines.

Respectfully submitted,
 JOSEPH H. FEE,
 LEO J. HALL,
 WM. H. TRACY,
 LOUIS BOHRER.

ROCHESTER, N. Y., Aug. 11, 1890.

Ald. Joseph H. Fee, Chairman Committee on Electrical Control, etc.:

In obedience to the request of your committee, I now submit in writing a statement of my reasons for disapproving of the use of iron or steel poles by the Rochester Railway Company in this city.

It is perfectly well settled that the electric current which the railway company is to use in the operation of its cars is not sufficient to cause fatal accident, but that the current used to produce the arc lights in electric lighting, being of five times the intensity of the other mentioned, will inevitably cause death if taken by any person. If there were no electric light wires strung over our streets I should not feel it my duty to condemn the use of iron or steel poles by the Railway Company, although even then I should oppose their use because they afford such a perfect conductor for the low current passing through the trolley and feed wires in the event of defective insulation or accident. Wood is practically a non-conductor of electricity, and therefore wood poles are safe, while iron or steel, having high conductivity, iron or steel poles are necessarily unsafe.

Accidents in the use of electricity, as in the use of anything else, are inevitable. It is our duty to insist that everything shall be done that can be to render the use of electricity harmless, especially as regards human life in the event of the occurring of an accident. If iron or steel poles are erected and used by the railway company, and if an electric light wire should, by reason of a high wind or otherwise, break and fall upon any suspension, guy or other wire attached to an iron or steel pole, or come in contact with any iron or steel pole in any other manner, the in-

evitable result will be that the high current used in electric lighting will flow through the iron or steel pole with which contact is made, and any person touching such pole is almost certain to be killed. Of course, in the event of iron or steel poles being erected, there might be no fatal accident in Rochester for many years. The point that I make, however, is that when iron or steel poles are erected the conditions are all made perfect to cause fatal accident.

It is proper that I should call the attention of your committee to the fact that although the population being considered, there are more electric lights in Rochester than in any other city of the country, and although our streets have been lighted for more than ten years with the arc light system, we have failed thus far to have any fatal or serious accident caused by the electric current. All of the wires erected and used by the various electric companies in this city have been erected and used under my supervision. In other cities fatal or serious accidents caused by the arc light current have been more or less numerous. I believe these facts give me the right to claim that the suggestions which I have made with reference to the manner of putting up of the system of wires now in use have been valuable.

The people who favor the erection and use of iron or steel poles do so for the reason that iron or steel poles are believed to be somewhat more shapely and handsome than wooden poles. With this question of beauty of appearance of poles I have nothing whatever to do. I feel that upon me to a very great extent rests the responsibility for the safety of the people of this city with reference to the use of electricity in the streets, and I propose, so far as I can, to place myself on record as unalterably opposed to the use of any poles which furnish the proper conditions in the event of accident to cause the death of any one of our people.

You and other members of your committee will bear me out in the assertion that from the beginning I have opposed the erection of any iron or steel pole by the railroad company. The common Council saw fit to provide in the ordinance which it adopted that the railroad company should use iron or steel poles in the business center of the city. That provision was inserted against my advice given at the time. Since the adoption of the ordinance referred to I have given considerable attention to this subject and have received reports from other cities where iron or steel poles are being used, and my own investigations and the information which I have received confirm the position which I took at the outset with reference to this matter.

Of course the responsibility of setting iron or steel poles in the business section of the city rests with the Common Council, but I should deem myself to be derelict in the performance of my duty if I did not in the strongest way that I can call your attention and the attention of your committee to the danger which threatens the people in the business section as well as everywhere else if iron and steel poles are permitted to be used.

Respectfully submitted,
 C. R. BARNES,
 Superintendent Fire Alarm Telegraph.

Ordered received, filed and published.

By Ald. Fee—Resolved, That the Committee on Electrical Control be and hereby is instructed to cause wooden poles to be set throughout the lines of the Rochester Railway Company instead of iron or steel, for the reason that the wooden poles are safer, and that said committee procure an amendment of the contract between the city and said company to that effect.

Ald. Selye moved that the report and resolution lie upon the table until the next regular meeting.

Lost by the following vote:

Ayes—Ald. Sullivan, Rauber, Shelter, Selye, Schroth, Lewis—6.

Nays—Ald. Tracy, McMillan, Fee, Lempert, Hall, Bohrer.

The resolution was then lost by the following vote:

Ayes—Ald. Tracy, McMillan, Fee, Lempert, Hall, Bohrer—6.

Nays—Ald. Sullivan, Rauber, Shelter, Selye. Schroth, Lewis—6.

Ald. McMillan, from the Committee on Water Supply, reported that they had several conferences and as yet had not devised any means for additional water supply, reported progress and asked for further time, which was granted.

Ald. Lempert, from the Committee on East-side trunk sewer, reported progress and asked for further time, which was granted.

STATE OF NEW YORK, County of Monroe, City of Rochester, s. s.:

John B. Hayd, being duly sworn, deposes and says: That he is the City Sealer of the City of Rochester; that the foregoing contains a true and full report of the names of all persons, firms and corporations, for whom he, or any of his assistants, have sealed or marked any weights or measures since the date of his last report, together with the dates thereof, the description of all such scales, weights and measures, so sealed or marked, and the amount of fees or compensation collected therefor. JOHN B. HAYD, City Sealer.

Sworn to before me this 1st day of July, 1890.
PETER SHERIDAN, Commissioner of Deeds.

Ordered received, filed and published.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

BRIGHTON AVENUE SPRINKLING.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of sprinkling Brighton avenue.

Adopted.

The Surveyor submitted as such estimate \$11.
By Ald. Shelter—Resolved, That the following improvement is necessary, viz.:

The sprinkling of Brighton avenue, from Rowley street to Goodman street, during the season of 1890.

And, Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$11, which estimate is hereby approved.

Resolved, further—That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Brighton avenue, from Rowley street to Goodman street, in proportion to the benefit and advantage which each will derive therefrom.

Adopted.

OREGON STREET SPRINKLING.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of sprinkling Oregon street.

Adopted.

The Surveyor submitted as such estimate \$33.

UNFINISHED BUSINESS.

Action on the application of the Rochester Railway Company for permission to extend its tracks across the several river bridges being in order. Ald. Fee submitted the following.

To the Honorable the Common Council of the city of Rochester:

GENTLEMEN—At the time when the franchises to construct, maintain and operate certain extensions of the lines of this company was granted by your honorable body, a resolution was adopted postponing the consideration of the application of the company for the right to construct, maintain and operate its railroad on the bridges across the Genesee river, to the first regular meeting in August.

At the time of the adoption of that resolution it was expected that some of the lines of this company would be in operation with electricity as motive power. That expectation has not, however been realized and it seems desirable that the application of the company as to the right to construct and operate its line on said bridges be further postponed until the time when the citizens of Rochester will be familiar with the effect of operating by electricity.

This company would, therefore, respectfully ask that further consideration of its application be postponed to the second regular meeting in October.

Respectfully submitted,
ROCHESTER RAILWAY COMPANY,
By JOHN N. BECKLEY, Vice-President,

Ordered received filed and published.

By Ald. Fee—Resolved, That further consideration of the application of the Rochester Railway Company for the right to construct, maintain and operate a street railroad on certain bridges over the Genesee river, be postponed to the second regular meeting in October. Adopted.

Action on the report of the commissioners in the matter of opening a street from Murray street to Child street being in order, allegations were called for and no person appearing, Ald. Shelter offered the following:

Resolved, That the report of the commissioners in the matter of opening a street from Murray street to Child street be and hereby is in all things confirmed.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Shelter, Hall, Schroth, Bohrer, Lewis—11.

The subject of an assessment for opening a street from Jefferson avenue to Genesee street, and opening an alley from York street to Hetzel's property came up. Allegations were called for, and after hearing all persons appearing, Ald. Shelter submitted the following:

LOCAL IMPROVEMENT ASSESSMENTS.

By Ald. Shelter—Whereas, The City Clerk has ascertained and reported the entire and aggregate expense of, and connected with, the several following improvements, including any and all amounts of damages awarded by the commissioners of appraisal and all the costs and charges of the city on account of the improvements respectively, and which several sums are hereby respectively fixed and ascertained by this Common Council, as thus reported, and the respective lots and parcels of land within the portions or parts of the city on which the said expenses are hereby directed to be assessed, and which this Common Council deems will be benefited by the improvements respectively, are as stated and described in the final ordinances relative to the improvements respectively, and that the names and expenses of the improvements, thus to be assessed, are as follows, viz:

Opening a street from Jefferson avenue to Genesee street, under final ordinance No. 3,703; amount to be assessed, four thousand two hundred and sixty-two dollars and two cents (\$4,462.02). And opening an alley from York street to Hetzel's property, under final ordinance No. 3,802; amount to be assessed, one thousand six hundred and sixty-five dollars (\$1,665).

And the Assessors of said city, if they are not interested in any of the property to be taken within the part or portion of the city deemed to be benefited, and directed to be assessed, as aforesaid, or if any two of said assessors are not so interested, then such two, are hereby directed to make assessments upon all the lots and parcels of land within the portions or parts of said city above designated, of the amounts of the expenses of such improvements, respectively, in proportion, as nearly as may be, to the advantage which the respective lots and parcels of land to be thus assessed, for such improvements, shall be deemed to receive by the making of the respective improvements.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Shelter, Selye, Hall, Schroth, Bohrer, Lewis—12.

EXECUTIVE BUSINESS.

Ald. McMillan moved to proceed to appoint Commissioners of Deeds and that the Clerk cast the ballot of the Common Council.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Shelter, Selye, Hall, Schroth, Bohrer, Lewis—12.

Duane A. Bump, having received the concurrent vote of the Common Council, was declared appointed Commissioner of Deeds.

MISCELLANEOUS BUSINESS.

By Ald. Sullivan—Petition for a pipe sewer in Murray street. Referred to the Surveyor to prepare an ordinance.

By Ald. McMillan—Claim of Romaine Pierson for damages to bicycle, clothing and person at Plymouth avenue lift bridge. Referred to the Law Committee.

By Ald. McMillan—Resolved, That the Law Committee be, and they are, hereby authorized to advertise for proposals for furnishing 600 booths (more or less) for election purposes, in accordance with the new ballot law, and that said committee report to this Board, with all convenient speed, such proposals, including the names of proposers and amounts of proposals. Adopted.

By Ald. McMillan—
To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—As is well known it will not be necessary for this company to maintain turntables after it has commenced the operation of its lines with electricity as motive power. In rebuilding the lines of the company it is necessary that certain curves, turn-tables and switches shall be constructed at various points within the city where turn-tables now exist, and this necessitates the removal of the turn-tables from such localities and the placing of such turn-tables temporarily in the immediate vicinity of their former location, but in the straight track of the company. The special work for East and West Main, State and Exchange streets has been received by this company, and it is necessary that the same should be placed in position within a few days in order that the operation of the State street line by electricity may be begun as speedily as possible. The placing of this special work at the Four Corners necessitates the permanent removal of the turn-table at that point and the location of turn-tables for temporary use in the straight track on the streets named, or some of them, near the Four Corners.

This company, therefore, respectfully asks permission of your honorable body to discontinue for permanent use all turn-tables in the city and to place turn-tables for temporary use in such parts of the line as may be necessary. Of course all turntables placed in position for temporary use will be removed by the company in each line as soon as that line is being operated entirely by electricity.

Respectfully submitted,
ROCHESTER RAILWAY COMPANY,
By John N. Beckley, Vice-President.

Ordered, received, filed and published.
By Ald. McMillan—Resolved, That permission be and hereby is granted to the Rochester Railway Company to remove turn tables wherever they are

located within the corporate limits of the City of Rochester, and to discontinue the further use of any turn tables in said city; it is further

Resolved, That said company be permitted to construct and operate turn tables for temporary use wherever necessary in the operation of its line, such turn tables to be removed by the company as soon as the lines in which such turn tables are placed shall be in operation entirely by electricity. Adopted.

By Ald. Rauber—Resolved, That the Brush Electric Light Company be instructed to erect electric lights on the corner of Evergreen and North St. Paul streets, one two hundred and fifty feet north of Clifford street on North St. Paul street, one on the corner of Avenue C and St. Paul street, one on the corner of Emmet and Ward streets.

By Ald. Lewis—

To the Hon. the Common Council of the City of Rochester:

The petition of Louis Minges and wife, John Florack and wife, Margzette Eck and Chas. Biehler respectfully shows:

First—That your petitioners hereby give and dedicate to the City of Rochester, for the use of a public street, the street in said city known as Eiffel park as shown upon the hereinafter mentioned map. That the fee title of said street is now in your petitioners; that said street was opened for public use on the 16th of June 1890; that said street has been graded throughout its entire length, that the length of said street is six hundred and fifty-eight (658) feet on its northern and southern sides and the width thereof throughout its entire length is fifty feet.

Second—That your petitioners have placed at the corners of said street the stone monuments required by the rules and regulations of the Executive Board and the city surveyor.

Third—That your petitioners have filed copies of the map showing said street and the adjacent property, in the office of the County Clerk and of the assessors of the City of Rochester and of the surveyor of said city; that they have reserved for their own use two feet on the east end of said Eiffel park, leaving its entire length as above stated.

REPORTS OF STANDING COMMITTEES.

By Ald. Selye—
ROCHESTER, N. Y., Aug. 26, 1890.

To the Hon. Common Council:

GENTLEMEN—After a careful examination of water works petitions recently presented, together with an examination as to new buildings now either erecting or about to be erected on the within named streets, your Water Works Committee respectfully recommend that water mains be extended in the following named streets:

- Laser st., from St. Joseph st. to Bauman park.
- Crouch ave., from 460 feet south of Leighton ave. to University ave.
- North Joiner st. from Clifford st. to Vernon park.

Stewart st., from North ave. to Carter st.
St. Joseph park, from St. Joseph st. to 660 lin. ft. east.

Dubelbeiss park, from 1,381 ft. north of Bay st. to Clifford st.

- Vetter park, from Hebard st. to Scio st.
- Gorham park, from Hand st. to Gorham st.
- Neilson place, from Conkey ave. to Harris ave.
- Avenue A, from Park Row to Conkey ave.
- Leavenworth place, from Ravine ave. to Glenwood ave.

Selye Terrace, from 700 lin. ft. west of Lake ave. to present end of pipe, east of Pierpont ave.

Thomas park, from 202 ft. west of Child st. 220 ft. west.

Kluh park, from Maple st. 346 ft. west.
Boulevard, from Driving Park ave. to Willard park.

Your committee, therefore, recommend the passage of the annexed resolution.

Respectfully submitted,
D. W. SELYE,
MERTON E. LEWIS,
JOHN U. SCHROTH,
HENRY SHELTER,
Water Works Committee.

Ordered received, filed and published
By Ald. Selye—Resolved that the Executive Board be and it is hereby authorized and directed to extend water mains in the several streets in which they are recommended to be extended by the report of the Water Works committee this day submitted to the Common Council, and to pay for said extensions from monies provided, or to be provided for the water pipe extension fund.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Judson, Schroth, Bohrer, Kelly, Lewis—14.

By Ald. Selye—Whereas, There is urgent demand for extension of water mains in the several streets

named in the report of the Water Works committee this day submitted to the Common Council, by reason of a large number of houses either recently built or about to be built on said streets; and

Whereas the necessary work of extension in the several streets in which water mains have already been ordered to be laid during the present season has exhausted the water pipe extension fund; now, therefore,

Resolved, That the City Treasurer be directed to draw the city's note for (\$12,000) twelve thousand dollars, discount the same, and place the proceeds to the credit of the water pipe extension fund, and charge discount to contingent fund.

Adopted by the following vote:
Ayes—Ald. Tracy, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Judson, Schroth, Bohrer, Kelly, Lewis—14.

By Ald. Selye—

ROCHESTER, N. Y., Aug. 26, 1890.

To the Honorable the Common Council of the City of Rochester, N. Y.:

GENTLEMEN—The undersigned respectfully represent that they are the owners of property on Bates street, between East avenue and Park avenue; that the said street is situated in the Sixteenth ward of the city of Rochester, and has been dedicated to public use.

That a sewer is now being constructed in said street, and that a macadam improvement, etc., will thereafter be laid; that they are desirous of obtaining water service for houses about to be erected on their property and would like the main suitable therefor and proper services laid in advance of such improvement.

They therefore respectfully request permission to extend a six inch main on the East side of said Bates street at their own expense; such expenditure to be returned at the option of your honorable body without interest thereon.

The whole work to be done under the supervision and direction of the Executive Board of the city of Rochester. Respectfully submitted,

WM. S. LITTLE,
CHAS. P. BOSWELL,
F. W. WARNER.

By Ald. Selye—Resolved, That the Executive Board be, and it is hereby, authorized and directed to extend a water main in Bates street, between East avenue and Park avenue; the cost of materials and labor therefor to be paid by the above signed petitioners; to be reimbursed at the pleasure of the city without interest. Adopted.

By Ald. Kelly—

ROCHESTER, Aug 26, 1890.

To the Hon. Common Council:

GENTLEMEN—The undersigned respectively represents to your honorable body (1) that he has opened a street designated as Kluh Place, extending from West Maple street south and in the 15th ward of this city; (2) that said street has been dedicated to public use, and the formal articles of dedication filed with the proper authorities; (3) that he has erected on said street thirteen dwellings, all of which are now occupied; (4) that in order to secure a partial supply of water for the aforesaid dwellings he has caused to be laid at his own expense a one and one-quarter inch wrought iron water main, extending from West Maple street 410 feet south in said Kluh Place, the total expense of laying said main being one hundred and forty-eight dollars and ninety cents (\$148.90) as per the attached bill.

In view of the foregoing state of facts the undersigned respectfully requests to your honorable body that he be reimbursed the actual cost of extending said wrought iron main in Kluh Place, and he hereby agrees on his part in case such reimbursement is made to accept said wrought iron pipe as full and satisfactory water service on said Kluh Place for the term of five years from the date of such reimbursement.

ANTON KLUH.

Ordered received, filed and published.

By Ald. Kelly—Resolved, That Anton Kluh be allowed the sum of one hundred and forty-eight

dollars and ninety cents, the actual cost of the same, in full compensation for a one and one-quarter inch wrought iron main extending in Kluh place in the Fifteenth ward in this city, from W. Maple street 410 feet south.

The condition of the payment of said sum of one hundred and forty-eight dollars and ninety cents (\$148.90) being (1) that full ownership of said wrought iron pipe in Kluh place pass to the city and (2) that Mr. Kluh accept said one and one-quarter inch pipe as full and satisfactory water service on said Kluh place for the term of five years from the date of such reimbursement.

Said sum to be charged to the water pipe extension fund.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Judson, Schroth, Bohrer, Kelly, Lewis—14.

FINANCE BUDGET, No. 4.

ROCHESTER, N. Y., August 26, 1890.

AN ORDINANCE RELATING TO HAWKERS, HUCKSTERS, PEDDLERS AND VENDERS AND LICENSES FOR THE SAME.

The Common Council of the City of Rochester do ordain as follows:

SECTION 1. No person shall at any time, hawk, huckster, peddle or vend or offer for sale from any wagon, hand-cart or other vehicle, boat or vessel, or any basket, bag, booth or establishment, stand, or in any other manner, within any of the public streets, avenues, alleys or places, or from house to house, within the city of Rochester, any meats, vegetables, fruit, fish, poultry, kerosene oil or provisions or merchandise of any kind, or any other article or thing whatsoever, without having a license therefor theretofore issued to him, her, it or them, or an employer or employers thereof, under the terms of this ordinance, under a penalty or fine of not less than \$10, nor more than \$30 for each offense or sale.

SECTION 2.—The mayor of the city of Rochester shall, from time to time, license any proper person to huckster, hawk, peddle or vend, as aforesaid, upon payment to the treasurer of said city of the sum of \$15 for each wagon cart or other vehicle, boat or vessel, for the huckstering, hawking, selling, peddling or vending of any meats, vegetables, fruits, fish, poultry, kerosene oil or provisions of any kind, as aforesaid, within the places or in the manner aforesaid, and the sum of \$5 for each and every license to peddle, vend, huckster, or sell any of the other articles aforesaid, and every driver, hawker, huckster or peddler from any such wagon, cart or vehicle aforesaid, being an employe of the owner thereof, shall pay for his or her license a fee of \$2. No such license shall extend beyond the first day of July next after the same shall have been granted, and every person, firm or corporation applying for any such license shall, at the time, report to the mayor his, her or its residence or business address, and, upon changing such residence or business address, shall, in like manner, immediately, report to such mayor such new residence or business address, and for each violation of this section every such person firm or corporation shall forfeit and pay a fine or penalty of \$10.

SECTION 3—Every license issued under the terms of this ordinance shall terminate and be at an end when a judgment or conviction shall be recovered against the person or persons having such license for any penalty at any time given for a violation of any section or provision of this ordinance, and every person who may be licensed, as aforesaid, shall pay to the city treasurer, for the use of the city, and furnish proof of such payment having been made, before any such license shall be issued, of the sum or sums of money hereinbefore mentioned therefor.

SECTION 4—No license issued under any of the provisions of this ordinance shall be transferred by any person, firm or corporation without the permission of the mayor endorsed thereon, under a penalty of \$10 for each offense, and every such license shall, upon such assignment being made without the consent of the mayor, terminate and be at an end.

SECTION 5—No cart, wagon, boat, vessel or other vehicle aforesaid, shall be used in any place within said city without having painted thereon, in legible characters, in a conspicuous place on the side thereof, in plain and durable letters, the name or names and business address, and number of the owner thereof, which number shall be given at the time the license therefor shall be issued, and every such number

shall be in figures not less than two and one half inches in height, and every other letter, or character shall be not less than one and one half inches in height, and every person owning or driving or using any such cart, wagon, vehicle, boat, vessel or other thing aforesaid, not complying with the terms of this section, shall be liable to pay a penalty or fine of \$5 for each day or offense in using the same, and every other person hawking, peddling, selling or vending aforesaid, shall wear conspicuously upon his or her left breast a badge of sufficient size to admit the number of his or her license engraved thereon, together with the word "vender," and every such vender failing to wear such badge, as aforesaid, shall be liable to pay a fine of not less than \$2 nor more than \$10 for each 24 hours such neglect shall continue.

SECTION 6.—No huckster, hawker, peddler or vender of any kind of merchandise aforesaid shall permit any wagon, cart or vehicle owned, driven or controlled by him, her, it or them, to stop, rest or remain upon, or in any wise encumber any of the public streets, avenues, alleys or places within the city of Rochester for a longer period than five minutes while engaged in selling, or offering for sale, any articles, goods or merchandise aforesaid, and receiving pay therefor, and no huckster, hawker, peddler or vender shall erect or maintain any booth or establishment, or fix any stand upon or along any such public streets, avenues, alleys or places, or at the intersection thereof, or upon any public grounds in said city of Rochester, for the purpose of selling, vending, exposing or offering for sale any goods, wares or merchandise whatsoever, nor shall any person owning, controlling or driving or licensed as aforesaid, obstruct any such street, avenue, alley, sidewalk or place within said city with barrels, baskets, boxes, crates or any other vessel or appliance of his, its, or her business, for the purpose of selling or exposing for sale any goods, wares or merchandise, and no huckster, hawker, peddler or vender aforesaid, shall blow or use, or suffer to be blown or used, any horn or instrument for the purpose of giving notice of the approach of any cart, wagon or other vehicle for the purpose of selling thereout any article of merchandise or thing aforesaid, and any person violating any of the provisions of this section shall, upon conviction, be punished by a fine or penalty of not less than \$5 nor more than \$20 for each offense.

SECTION 7.—No huckster, hawker, peddler or vender shall sell any of the articles, things or merchandise aforesaid, by measure or weight, unless before a delivery upon every such sale, the same be measured or weighed, as the case may be, in or by the measures or weights or scales theretofore, within the previous six months, sealed by the city sealer, and every person violating the provisions of this section shall, for each violation and offense, be liable to pay a fine or penalty of not less than \$3, nor more than \$15.

SECTION 8.—No person shall sell, or expose for sale, at any place within the city of Rochester, any unwholesome, stale, emaciated, blown, stuffed, tainted, putrid or diseased meat, poultry, fish, fruit, vegetables or provisions or merchandise of any kind, nor any poultry not drawn and perfectly dressed, except the fowl or fowls be alive, nor any live or slaughtered calf or calves, or veal or flesh of any calf or calves, unless such calf or calves, if alive, shall be, at least four weeks old, or if slaughtered, shall have been at least four weeks old before having been so slaughtered, under a penalty or fine of \$50 for each offense, and the meat, poultry, fish, fruit, vegetables, provisions and merchandise so exposed for sale, and herein prohibited, may, upon view by the meat inspector, be seized and destroyed, and it shall be his duty so to seize and destroy the same, and to report to the city attorney the name of any

person violating the provisions of this section for prosecution.

SECTION 9.—Non-residents of the state of New York who shall bring, or cause to be brought into the city of Rochester any description of goods, wares or merchandise, meats, fish, game, fruits, vegetables or other products to be there sold, by auction, or peddled or huckstered in or about the streets, avenues, alleys or places, or from house to house within said city, shall pay to the city treasurer, for the use of the city, the sum of \$10 for each day he, she or it, or them shall remain and sell goods as aforesaid, and the license shall be issued by the mayor to such person or persons.

SECTION 10.—Nothing in this ordinance shall be so construed as to prevent any farmers and market gardeners from driving their teams and wagons and other vehicles upon Main street or East avenue, near the intersection thereof, or upon Front street, within said city, and there selling produce, vegetables, poultry, fruit, etc., raised upon farms or lands owned or occupied by them, nor to the delivery of articles so sold to purchasers at their respective places of residence or business and for such sales upon such streets and avenues aforesaid or delivery to purchasers, no license shall be required, nor shall anything herein be so construed as to prevent a person, firm or corporation having a stated place for the transaction of business in the city of Rochester from soliciting orders, or selling their goods, wares and merchandise from their delivery wagons.

SECTION 11.—No person shall, at any time, of huckstering, hawking, peddling or selling or offering for sale any of the things aforesaid, falsely or fraudulently misrepresent or state to any purchaser or contemplated purchaser, thereof, the quantity, character or quality of any of the aforesaid articles offered for sale, under a penalty or fine of not less than \$5 nor more than \$50 for each offense.

SECTION 12.—This ordinance shall take effect immediately.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Judson, Schroth, Bohrer Kelly, Lewis—15.

Alderman Judson moved that the penal ordinance relating to cartmen and porters, passed November 15th, 1887, be, and the same hereby is, amended so as to read as follows:

First: That the title of said ordinance read as follows: "An ordinance relating to the owners and drivers of carts, express wagons, truck wagons, omnibuses, stages and other vehicles used for hire in the city of Rochester for the transportation of passengers, merchandise, goods or articles of any kind, and porters."

Second: That sections 1, 2, 3, 5, 14, 16 and 17 of said ordinance be, and the same hereby are severally amended, so as to read as follows:

SECTION 1.—The mayor of the city of Rochester may, from time to time, license such, and so many, public porters, owners and drivers of carts, press wagons, truck wagons, omnibuses, stages and other vehicles used for hire in the city of Rochester for the transportation of passengers, merchandise, goods or articles of any kind, as he shall deem proper, upon the payment to the treasurer of said city of the sum of \$5 for each license for each wagon or vehicle, and \$1 for each driver thereof, not being such owner, and each porter the sum of \$2, provided that if the same person has once paid the full sum aforesaid for a license, his license may be renewed from year to year on the payment to said treasurer of the sum of \$1; no such license shall extend beyond the 1st day of July next after the same shall have been granted, and any person owning, using or driving any such cart or vehicle aforesaid, without having first procured such license, shall forfeit and pay a penalty or fine of \$5 for each 24 hours such violation shall continue.

SECTION 2—No person shall be licensed, as a driver or porter as aforesaid, unless he be either a native born citizen, or a naturalized citizen, or shall have taken the preliminary measures prescribed by law to become a naturalized citizen, and shall either own, keep or use a good horse and wagon, or other vehicle, unless he be a porter.

SECTION 3—Every license issued under the terms of this ordinance, shall terminate and be at an end when a judgment or conviction shall be recovered or had against the person or persons having such license for any penalty at any time given for a violation of any of the sections or provisions of this ordinance, anything herein to the contrary notwithstanding, and every person who may be licensed, as aforesaid, shall pay to the city treasurer, for the use of the city, and furnish proof of such payment having been made to the mayor before any such license shall be issued, of the sum or sums of money herein before mentioned.

SECTION 5—No cart or other vehicle aforesaid shall be used in any place within said city without having painted thereon, in legible characters, on a conspicuous place on each side of said cart or vehicle, in plain and durable letters, the name or names, of the owner or owners of such cart or vehicle, and the number thereof, designated in the license aforesaid which shall be given for using the same, and such numbers shall be in figures not less than two and one half inches in height, and each letter or character in the name or names shall not be less than one and one half inches in height, under a penalty of \$5 for each day or offense of using the same, without such name and number, thereon, as aforesaid.

SECTION 14—If the owner, or owners, of any cart, wagon or vehicle aforesaid, who may have received a license, as aforesaid, shall sell or dispose of any such cart, wagon or vehicle, or any interest therein, before the expiration of such license, such license shall, thereupon, terminate, and such owner or owners shall, immediately, report such sale to the city clerk; and any person who shall neglect or fail to report such sale to the city clerk within the time aforesaid, shall forfeit and pay a fine or penalty of \$5 for each 24 hours during which a violation of this section shall continue. It shall be the duty of the superintendent of police, as often as once in every month, to visit the public stands in all places within the city of Rochester where carts, wagons or vehicles aforesaid are permitted to stand, and see that each of the provisions of this ordinance is complied with.

§ 16. Every driver of a cart aforesaid shall keep, and immediately produce, when called for by any person or member of the police department of the city of Rochester, a copy of section 9 of this ordinance, and every driver of a cart, wagon or vehicle aforesaid shall in like manner exhibit each and all of the licenses that may be issued aforesaid, under a penalty of two dollars for each offense.

§ 17. Every person failing to pay any penalty recovered for a violation of any of the sections or provisions of this ordinance aforesaid, shall be imprisoned in the Monroe county penitentiary for a period not exceeding one hundred and fifty days, the duration of the imprisonment to be determined by the police justice, judge or court at the time the judgment is entered, as provided by section forty-three of the city charter, but, in no case, shall such imprisonment be for a less period than ten days in said penitentiary.

Third—The foregoing amendments shall take effect immediately.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Judson, Schroth, Bohrer, Kelly, Lewis—15.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, Aug. 26, 1890. }

To the Common Council:

GENTLEMEN—The Executive Board has examined Bernard and St. Jacob streets, which the owners of property propose to dedicate to public use, and find that the requirements demanded by the city have been complied with, and therefore, would recommend the acceptance of the above named streets for public use.

Respectfully, THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Lewis—Resolved, That Bernard and St. Jacob streets in accordance with the recommendation of the Executive Board, be accepted as public streets, and the City Clerk be directed to place the names of said streets upon the street register, and the Executive Board be requested to place thereon the usual street signs. Adopted.

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, Aug. 26, 1890. }

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—I am directed by the Executive Board to transmit to your honorable body a claim made by N. L. Brayer, contractor, for extra expenses incurred in the construction of Bay, Ackerman and Meng park sewer on account of delay occasioned because the right of way through Ackerman street had not been acquired.

The record of the proceedings that led up to the difficulty is as follows:

On July 9, 1889, the report of the commissioners in the matter of widening Ackerman street was confirmed.

On June 25, 1889, a final ordinance for the construction of a sewer in Bay and Ackerman streets, Webster avenue and Meng park was adopted.

In due time the work was advertised for proposals, and on July 26, 1889, the contract was awarded to N. L. Brayer, and he entered on the work and proceeded with it as far as Ackerman street, when it was ascertained by the Executive Board that the right of way through this street could not be obtained, as the land had not been paid for by the city.

The progress of the work was accordingly stayed about Nov. 1, 1889, and was not again resumed until Feb. 24, 1890.

In the meantime, or to be precise, Feb. 4th, 1890, Alderman Thayer introduced a resolution which was adopted, authorizing the City Treasurer to make the city's note for the amount of money necessary to pay for the land proposed to be taken, and within a short time thereafter all claims were paid and the sewer was finished as was provided by the ordinance.

No, on account of this delay or interruption in the construction, arising out of the failure to pay the property owners, Mr. Brayer makes a claim for about \$500, for the reason that it cost him that amount in what he had to pay additional for labor and for the removal of tools and other property to and from the location of the sewer.

The City Attorney is of the opinion that the sum, if allowed, cannot solely be made a charge against the property assessed for the sewer.

The Executive Board, therefore, herewith, refers the bill to your honorable body for proper consideration and inquiry as to the merits of the claim.

Respectfully,

THOS. J. NEVILLE, Clerk.

Referred to the Law committee.

By the Clerk—

ROCHESTER, N. Y., Aug. 26, 1890.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—I wish to call your attention to the many streets throughout the first fourteen

wards of the city, or the territory now being surveyed which have never been monumented, nor has there been any land marks fixing the location of those streets placed thereon.

What is called the Beardslev survey was commenced, I believe, in 1869 and continued to 1875 or 1876, when the work was stopped; since that date and up to 1887, at which time your board passed a resolution requiring property owners in opening new streets to monument the same, no more streets were monumented.

I also wish to state that a great many of the monuments that have been placed are broken off and completely destroyed for the purpose intended.

I would therefore recommend that the broken monuments be replaced by substantial new ones, and also one monument for each two corners of streets, or two for each four corners as they occur, on all streets except where monuments are now placed, and also on each angle in the length of streets, so as to properly define the lines of such streets.

While the present survey is in progress the necessary points for the location of these land marks can be established at less cost to the city than at any future time, and for this reason I deem it a duty to call the attention of your honorable body to this essential work of permanently defining the boundary lines of streets above referred to.

Yours respectfully,

JOHN C. RYAN.

Referred to the surveyor.

By the Clerk—

CITY CLERK'S OFFICE, 1
ROCHESTER, N. Y., Aug. 21, 1890.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—I beg leave to submit the following as the compensation to be paid for the land deemed necessary to be taken for, and the expenses of the city, connected with the opening and extension of Backus avenue from its present northern terminus to Emerson street, in the city of Rochester under final ordinance No. 4,076, including the charges of the county clerk for recording the contract and deed for such property, there being no expenses.

William N. Emerson for lot 15 to be taken.....	\$1,200 00
County clerk, recording contract and deed.....	2 50

Making a total of..... \$1,202 50

Respectfully yours,

PETER SHERIDAN, City Clerk.

Ordered received, filed and published.
By Ald. Shelter—

Whereas, the entire cost and expense of the opening of a street and extension of Backus avenue, from its present northern terminus to Emerson street in the city of Rochester under final ordinance No. 4,076, including the amount of compensation to be paid to the owners of land deemed necessary to be taken, and the county clerk's charges for recording the necessary papers has been ascertained, and is hereby adjusted at one thousand two hundred and two dollars and fifty cents.

Therefore, Resolved, That all persons interested in the matter of the ordering of an assessment for the aforesaid street opening, be heard as to the same, at the meeting of the Common Council to be held on Tuesday, the 9th day of September, 1890, at 7 o'clock p. m., and the city clerk cause to be published a notice of said hearing required by section 190 of the city charter. Adopted.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

CORTLAND STREET SPRINKLING (SEC. 2).

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of sprinkling Cortland street (sec. 2).

Adopted.

The Surveyor submitted as such estimate \$10.
By Alderman Shelter—Resolved, That the following improvement is necessary, viz:

The sprinkling of Cortland street, from Court street to Monroe avenue, during the season of 1890.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$10, which estimate is hereby approved,

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Cortland street, from Court street to Monroe avenue, in proportion to the benefit which each will derive therefrom.

Adopted.

CLINTON PARK MEDINA IMPROVEMENT.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Clinton Park.

Adopted.

The surveyor submitted as such estimate \$10,000.
By Alderman Shelter—Resolved, That the following improvement is necessary, viz:

The improvement of Clinton Park, from the south rail of the street car track on Monroe avenue to Griffith street, except at the crossing of Monroe Place, Howell and Marshall streets, by constructing a Medina stone pavement therein, with a line of Medina stone curb and flag stone gutter on each side thereof, properly connected with all streets, alleys and driveways. Width of main roadway between curbs to be 37½ feet from Monroe avenue to Monroe Place, and 23 feet from Monroe Place to Griffith street. Also the necessary manholes, surface sewers, lot laterals, crosswalks, gas and water services and the clearing of the main sewer in the street if found to be necessary. Also the construction of a Medina stone flag walk 4 feet and 8 in width on each side of the street between the limits mentioned, except where good flag or cement walks at least 4 feet and 8 inches in width now exist, which walks shall be relaid if not conforming to the proper grade and alignment.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$10,000, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Clinton Park, from Monroe avenue to Griffith street, in proportion to the benefit which each will derive therefrom.

Adopted.

THOMPSON STREET MEDINA STONE IMPROVEMENT.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Thompson street.

Adopted.

The Surveyor submitted as such estimate, \$9,650.
By Ald. Shelter—Resolved, That the following improvement is necessary, viz:

The improvement of Thompson street, from Lyell avenue to Lorimer street by the construction of a Medina stone pavement therein with a line of Medina stone curb and flag gutter on each side thereof, properly connected with all streets, alleys and driveways. Width of Main roadway between curb lines to be 30 feet. Also the construction of all necessary crosswalks, surface sewers, man holes, lot laterals, water and gas services, cleaning a portion of the main sewer if found necessary, and the construction of a new vitrified pipe sewer 12 inches in diameter in Thompson street from the center of Jones avenue to the sewer in Lyell avenue.

And, Whereas, The City Surveyor, under the direction of this Council, has made an estimate of the whole expense thereof, and reports the same at \$9,650, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly

ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Thompson street from Lorimer street to Lyell avenue in proportion to the benefit which each will derive therefrom.

Adopted.

BACKUS AVENUE PIPE SEWER.

By Ald. Judson—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a pipe sewer in Backus avenue.

Adopted.

The Surveyor submitted as such estimate, \$1,000.

By Ald. Judson—Resolved, That the following improvement is necessary, viz:

The construction of a vitrified pipe sewer 12 inches in diameter in Backus avenue, from a point 125 feet north of Phelps avenue, to the sewer in Emerson street. Said sewer to be located between the street car tracks and the east curb line of Backus avenue. Also the construction of the necessary man holes, surface sewers, lot laterals, branches, roadway grading and gutter formations.

And, Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$1,000, which estimate is hereby approved.

Resolved, further, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Backus avenue, from Phelps avenue to Emerson street in proportion to the benefit which each will derive therefrom.

Adopted.

EVERGREEN STREET ASPHALT IMPROVEMENT.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Evergreen street from N. St. Paul street to Conkey avenue.

Adopted.

The Surveyor submitted as such estimate, \$8,500.

By Ald. Shelter—Resolved, That the following improvement is necessary, viz:

The improvement of Evergreen street, from N. St. Paul street to Conkey avenue, by constructing therein a block asphalt pavement on a concrete foundation, with a line of Medina stone curb on each side thereof properly connected with all streets and alleys and driveways. Width of main roadway to be 24 feet from N. St. Paul street to the angle east thereof and 20 feet in width from said angle to Conkey avenue, also the construction of the necessary crosswalks, surface sewers man-holes, lot laterals, water and gas services, and the cleaning of the main sewer if found to be necessary.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$8,500, which estimate is hereby approved.

Resolved, Further, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Evergreen street from N. St. Paul street to Conkey avenue.

Adopted.

By Ald. Shelter—Resolved, That all persons interested in the subject matter of each and all improvements contemplated to be made in or by any ordinance or resolution adopted or passed at this meeting and the expense whereof, in whole or in part, is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council on Tuesday, the 9th day of Sept. 1890, at 7 o'clock p. m., at the Common Council Chamber, when allegations relative thereto will be heard, and that the Clerk be and he is hereby directed to publish for four secular days continuously in The Union and Advertiser and the Abend Post and Beobachter, notice thereof as is required

and in the manner specified by Section 172 of the City Charter. Adopted.

Ald. Hall presented a remonstrance against the final ordinance for East Main street sewer. Ordered received and filed.

By Aid. Hall—

CITY SURVEYOR'S OFFICE,
ROCHESTER, N. Y., Aug. 26, 1890.

Ald. Hall:

DEAR SIR—My attention having been called to the ordinance for the proposed new sewer in East Main street, it seems to me that said ordinance should be amended so as to call for the re-construction of said sewer from the point near Franklin street, now designated in the present ordinance, to the center of Alexander street. This will give an opportunity to get sufficient depth in the vicinity of University avenue and East Main street, where business blocks have already been erected.

Yours,

OSCAR H. PEACOCK, City Surveyor.

By Aid. Hall—Resolved, That the ordinance for East Main street sewer, be amended by having said sewer extended to the center of Alexander street, and that the territory to be assessed and the estimated cost thereof, be amended accordingly. Adopted.

Further action was postponed until the next regular meeting, September 9th.

FINAL ORDINANCE, NO. 4,165.

CONKEY AVENUE ASPHALT IMPROVEMENT.

On motion of Ald. Shelter, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to improve Conkey avenue, from Scrantom street to avenue D.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Conkey avenue from Scrantom street to avenue D, by constructing a vulcanite asphaltic pavement therein with a line of Medina stone curb on each side thereof, properly connected with all lateral streets, alleys and driveways; width of main roadway between curbs to be 26 feet. Also the construction of all necessary cross-walks, surface sewers, manholes, lot laterals, water and gas services, the cleaning of the main sewers and the construction of new, where necessary.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$28,000, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Conkey avenue, from Scrantom street to avenue D.

Adopted by the following vote:

Nays—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Schroth, Bohrer, Kelly, Lewis.—14.

Ald. McMillan moved that action on the pending final ordinances for the improvement of Edinburgh street be further postponed two weeks. Adopted.

On motion of Ald. Fee action on the final ordinance for Court street river bridge was postponed two weeks.

Ald. Kelly moved that the ordinance for Locust street culvert be amended so as to read as the territory to be assessed, "One tier of lots and parcels of land on each side of Locust street, from Fulton avenue to Thrush street." Adopted.

Further action was postponed until the next regular meeting September 9, 1890.

By Ald. Lempert—

CITY SURVEYOR'S OFFICE,
ROCHESTER, N. Y., Aug. 26th, 1890.

Ald. Lempert, Chairman of the Map and Survey Committee:

DEAR SIR: At a meeting of the Common Council, held April 22d, 1890, a resolution was adopted authorizing the City Surveyor to employ from time to time a draughtsman to make tracings of various maps of the city for record in the City Surveyor's office. This resolution referred to maps of the First Fourteenth wards of the city, now being made under contract with John C. Ryan, Under authority conferred thereby, Mr Joseph W. Sims has been employed 15½ days to the present date. The unprecedented amount of public work completed and now in process of completion, during the present season, has necessitated a great amount of labor on the part of the draughtsmen in this office, and in order to properly facilitate and keep in advance of the work in progress, I have been obliged to postpone from time to time the completion of records of finished work. It is desirable that such records be completed while the details relating thereto are fresh in memory, and for that purpose I respectfully request permission to employ said Joseph W. Sims to assist in said work until its completion at a compensation of \$3 per day.

Respectfully,

OSCAR H. PEACOCK, City Surveyor.

Ordered received, filed and published.

By Ald. Lempert—Resolved, That Joseph W. Sims be employed in the office of the city surveyor as an assistant draughtsman for such a time as his services may be considered necessary by the city surveyor and at a compensation of \$3 per day, to be paid from the contingent fund.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Schroth, Bohrer, Kelly, Lewis.—13.

By Ald. Cleveland—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN: As is well-known to your honorable body, the Rochester Railway Company needs, in the operation of its system by electricity, to have on each street where its lines are constructed a double track. For some little distance on several of the lines of the company there is now constructed and in use a single track with turn-outs. It is the purpose of the company to obtain, if possible, from the owners of property upon the streets where a single track only is laid, permission to construct and maintain a double track in such streets, and the company desires to obtain from your honorable body permission to double-track its entire road.

The Rochester Railway Company, therefore, makes application to your honorable body, for the right to construct, maintain and operate a double track railroad in, through, along and upon each street of the city of Rochester where a single track railroad has been constructed and is now being maintained by the Company, such permission to be granted, however, upon condition that the Company obtain the consent to such change, from the property owners owning more than one-half of the property, at its assessed valuation, on each street where the single track exists.

Respectfully submitted,

ROCHESTER RAILWAY COMPANY,

By J. N. Beckley, Vice-President.

Ordered received, filed and published.

By Aid. Kelly—Resolved, That your special committee on additional water supply be, and it hereby is, authorized to visit Honeoye valley for the purpose of making a thorough examination of the properties upon which J. Y. McClintock, Esq., has secured options, to the end of ascertaining and reporting the most favorable settlement for water rights that can be made in favor of the city.

Adopted.
By Aid. Kelly—Resolved, That the Edison Illuminating Company be directed to erect two incandescent electric lights on Kluh Park, when notified by the city surveyor, and he is hereby directed to make the proper notification with such directions as may be necessary to insure the correct location of each light.

Referred to the Lamp Committee.

Aid. Lewis presented the petition of Mrs. A. F. Townsend for permission to move a wood building on Everett street and moved that permission be granted. Adopted.

By Aid. Lewis—Resolved, That the Brush Electric Light Company be and it hereby is directed to remove the electric light on St. Joseph street, next north of Pardee terrace, south to a point opposite to the center line of Pardee terrace and the City Surveyor be directed to make the proper change on the map in his office. Adopted.

By Aid. Lewis—Resolved, That Kay terrace, Vetter park and the street opened by George P. Ingham and Robert C. Campbell, east of Dewey place and running south from Sibley street, heretofore reported favorably by the Executive Board be, and hereby are, accepted by the city of Rochester as public thoroughfares, and that the city clerk record the names of said streets, etc., in the

street register, and the Executive Board be requested to place the necessary street signs. Adopted.

By Aid. Lewis—Resolved, That the Executive Board be and it is hereby authorized and requested to negotiate with the owners of land necessary to be taken for the extension of Baldwin street, as contemplated by final ordinance No. 3,912, passed March 18, 1890, and report the result of such negotiations to this council. Adopted.

By Aid. Lewis—Resolved that the Executive Board be and hereby is authorized and directed to place a fire alarm box at the corner of Hudson street and Sobieski avenue. Adopted.

By Aid. Lewis—

ACQUIRING LANDS FOR PARK PURPOSES.

In the matter of the application of the city of Rochester to acquire lands for public park purposes:

Whereas, The hereinafter described several pieces of property have been selected by the Park Commissioners of the city of Rochester as proper and desirable grounds for a public park; and,

Whereas, A map of the said lands, and a copy thereof, have been duly made, certified and filed, as required by law; and,

Whereas, A resolution of the Common Council of the city of Rochester declaring the intention of said city to take said several pieces of land for park purposes has heretofore been duly passed, and a notice of such intention has been duly given, as required by law; therefore,

Resolved, That the city of Rochester hereby declares that it has determined to take and appropriate the said several pieces of land for the purpose of a public park, said pieces of land being described as follows:

PLOT ONE.

All that tract or parcel of land situate in the town of Irondequoit, county of Monroe and State of New York, described as follows: Commencing at a point in the north line of the One Thousand Acre tract, so called, where the easterly boundary line of lands now owned by the Rome, Watertown & Ogdensburg Railroad Company intersects said north line; thence south 86½ degrees east, along the said north line of the One Thousand Acre tract, two hundred and twenty feet to a point; thence northerly on a curve to the right of 1,847 feet radius (the course of said radius being north 62 degrees, 17 minutes east) nine hundred and twenty-three feet to a point in the division line between lands now owned by W. G. Culross and lands of Hosea Rogers, and which said point is at the intersection of the easterly boundary line of lands now owned by the Rome, Watertown & Ogdensburg Railroad Company and the said division line; thence southerly along the said easterly boundary line of said railroad company's lands to the place of beginning, containing one and thirty-three one-hundredths acres of land, more or less. Said lands are now owned by W. G. Culross.

PLOT TWO.

And, it is further Resolved, That notice of such determination be published in the Daily Union and Advertiser, the official paper of said city, for ten successive week days and also a notice that the said city of Rochester will, on the 29th day of September, 1890, apply to the Supreme Court of the State of New York, at a special term thereof, to be held on the said date, at the Court House in the said city of Rochester, for the appointment of three disinterested commissioners, to ascertain and report the just compensation to be paid to the person or persons, or corporation or corporations, owning, or having an interest in, said pieces or tracts of land. Adopted.

By Aid. Lewis—

IN THE MATTER of the application of the City of Rochester to acquire lands for public park purposes.

Whereas, The hereinabove described several pieces of property have been selected by the Park Commissioners of the City of Rochester as proper and desirable grounds for a public park; and,

Whereas, A map of the said lands, and a copy thereof, have been duly made, certified and filed, as required by law; and,

Whereas, A resolution of the Common Council of the City of Rochester declaring the intention of said city to take said several pieces of land for park purposes has theretofore been duly passed, and a notice of such intention has been duly given, as required by law; therefore,

Resolved, That the city of Rochester hereby declares that it has determined to take and appropriate the said several pieces of land for the purpose of a public park, said pieces of land being described as follows:

PLOT ONE.

All that tract or parcel of land situate in the city of Rochester, county of Monroe and State of New York, bounded and described as follows:

By Ald. Kelly—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—On my return to the city, after a brief vacation, I find by reference to the newspapers and from other sources, that during my absence certain resolutions were passed by your honorable body in relation to myself which seem to call for some brief notice and reply. To pass by Ald. Selye's erroneous whereas, in which it was stated that I was "employed some six months ago" to investigate the water works department, etc., I will confine myself, at this time, to a brief answer to the following adopted resolution:

By Ald. Sullivan—Whereas, it has been stated to this Board that John Bower has declined to proceed with the investigation of the water works department, therefore

Resolved, That Mr. Bower be requested to furnish to this board information as to his intention to make such investigation.

My answer to this is that there is no truth whatever in the statement that I had "declined to proceed," etc., unless the word "declined" should be so construed on the part of the person raising it as to mean only the impossibility of doing two or more things at once—an explanation, I believe, I made to someone in quite pleasant terms, why I could not proceed at once with the investigation referred to, when the fact of the appointment was first made known.

In conclusion, I trust I need scarcely say, that had I "declined" in an absolute or unqualified sense, as the language of the resolution would seem to imply, had been charged, I should have deemed it only courtesy to the Council and honorable in myself to make the fact known to the board over my own signature.

Very respectfully, JOHN BOWER.

By Ald. Kelly—

CITY TREASURER OFFICE,
ROCHESTER, N. Y., Sept. 9, 1896.

To the Finance Committee of the Common Council:

The undersigned has carefully examined the City Treasurer's books and the office business generally for the month of August, and certain portions of unfinished work for the previous month, necessarily omitted, for reasons previously given.

The examination, now fully brought down to the 1st inst., shows that all receipts have been correctly entered to the credit of the several accounts, and that all disbursements are authenticated by proper and customary vouchers, whilst the general management of the office gives ample proof of continued care and efficiency.

At the close of business of the 3d inst. the ledger balances of cash on hand and on deposit were as follows: Cash, \$8,947.14; in Traders' National Bank, \$166,398.37; German-American Bank, \$177,943.50; Central Bank, \$155,981.91.

The cash was counted and found correct, and the amounts on deposit were found, by inquiry at the banks, to be as above reported.

Respectfully submitted, JOHN BOWER.

Ordered received, filed and published.

By Ald. McMillan—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Romaine Pierson's claim for \$50 damages sustained by reason of the Plymouth avenue lift bridge tender's negligence on August 3, 1896, should be rejected, for the reason that the city is not liable therefor, and if anyone is liable therefor, it is the State of New York.

Your committee would recommend that it be authorized to advertise and receive proposals for the making and delivery of a sufficient number of folding voting booths and for the erection of not exceeding ten polling and registry places, at such places as have heretofore, or may hereafter, be designated by your honorable body; said booths and polling places to be of a proper style and description as may be deemed necessary by your committee; your committee not to accept any proposal until after it is authorized so to do by your honorable body.

Respectfully submitted, T. M. McMILLAN,
J. MILLER KELLY,
JOSEPH H. FEE,
S. D. W. CLEVELAND,
Law Committee.

Ordered received, filed and published.

By Ald. McMillan—Resolved, That the claim of Romaine Pierson, mentioned in the foregoing report, be and the same is hereby rejected. Adopted.

By Ald. McMillan—Resolved, That the Law Committee be and it hereby is authorized to advertise and receive proposals for voting booths and polling and registering places, as mentioned in its foregoing report, but said committee shall not enter into any contract therefor until after it is authorized so to do by this Common Council. Adopted.

Ald. McMillan moved that when this board adjourn it be until Sept. 16th, 1896, at 7 o'clock p. m. Adopted.

By Ald Selye—

To the Hon., the Common Council :

GENTLEMEN:—Your Water Works Committee begs leave to report that it has examined the application referred to it of property owners on Seager street for the laying of water pipes or mains on said street and it is of the opinion that such application should be granted and therefore recommends the adoption of the following resolution.

Respectfully submitted,

D. W. SELYE,
JOHN U. SCHROTH,
HENRY SHELTER,
J. MILLER KELLY,
Water Works Committee.

By Ald. Selye—Resolved, That the Executive Board be and it is hereby authorized to procure materials and to extend suitable water mains in Seager street from Caroline street to the north end of said Seager street and to pay the cost thereof out of moneys directed to be raised at the last meeting of the Common Council by the disccount of the city's note. Adopted.

By Ald. Selye—

ROCHESTER, Sept. 8, 1890.

To the Common Council :

GENTLEMEN—The undersigned petitioners respectfully represent that the supply of water to the Hahmman Hospital is insufficient for the needs of the institution. The building is situated on the corner of Oakland street and Mt. Vernon avenue, and because of this location on a high point of land, there is a deficiency in the pressure, and their is immediate need of greater pressure and larger volume of water to meet the demands of the hospital. The Executive Board suggests that the eight-inch main in Oakland street be extended from South avenue to Mt. Vernon avenue, at an estimated cost of eight hundred and ten dollars (\$810.) There are a large number of patients in the building at present and the number is daily increasing; so that for sanitary reasons there is urgent requirement for more water, and also for a better protection against fire, which is very meagre under the present circumstances.

GEORGE W. LOOMIS,

Secy of Ex. Com. of Board of Managers, H. H. Hospital.

The Executive Board are fully convinced of the necessity of the extension of water mains as set forth in the above petition and would earnestly recommend that provision be made for it by your honorable body.

J. ARMBRUSTER,
GEORGE W. ALDRIDGE,
W. W. BARNARD.

Ordered received, filed and published.

By Ald. Selye—Resolved, That the Executive Board be, and it hereby is, authorized to extend the eight-inch main in Oakland street, from South avenue to Mount Vernon avenue, at an expense not to exceed eight hundred and ten dollars, and that the cost thereof be paid out of the water pipe funds when there be any part applicable thereto.

D. W. SELYE,
J. MILLER KELLY,

REPORTS OF SELECT COMMITTEES.

Ald. Kelly from the special committee on water supply reported progress and asked for further time, which was granted.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—I return without my approval that portion of the proceedings of the Common

Council, taken at the meeting of August 26th, ult., relating to the reconsideration of the resolution published on page 224, Current Proceedings, in reference to setting poles by the Rochester Railway Company; also the resolution introduced by Ald. Fee and adopted, that that company set wooden poles instead of steel or iron; and the resolution adopted on motion of Ald. Selye, that the Committee on Electrical Control be directed to cause that company to substitute wood for the iron or steel poles already set, for the following reasons:

The motion to reconsider was made by Ald. Fee, who had previously voted aye on the same resolution, which was then lost. As I understand it the alderman was precluded from making the motion to reconsider, but this is a minor point, although, perhaps sufficient to invalidate the resolution.

The principal reason for my action is this: When the Rochester Railway Company got the consent of property owners on Lake avenue and West avenue to operate an electric road in front of their premises, it was on the express written condition that the poles should be iron or steel.

This was a contract. The Common Council has no right to interfere with it. On Lake avenue the company have partly performed the contract by setting iron or steel poles. The council has no right to remove them.

If iron or steel poles are not set according to the agreement, then the company has not acquired the right of way in front of the property of those with whom the agreement is made.

I do not propose to discuss the merits of the different poles, although the facts are apparent that the iron and steel poles are being substituted for wood in other cities and that wooden poles are vastly cheaper than iron or steel.

I only call your attention to what, in my opinion, was hasty, injudicious and illegal action, and suggest that you will take such measures in the premises as will prevent delay and vexatious litigation.

WM. CARROLL, Mayor.

Rochester, Sept. 3, 1890.

By Ald. Fee—

ROCHESTER, N. Y., Sept. 9, 1890.

To the Hon. the Common Council of the City of Rochester:

GENTLEMEN.—We, the undersigned, appointed by your committee to ascertain and report the comparative safety of the iron and wood poles that have been erected by the Rochester Railway company, after having made numerous tests, would respectfully report:

First.—Under the conditions in which we found the steel poles, they are dangerous: that is to say, if the current from an arc electric light wire should pass through one of the steel poles, a person coming in contact with such pole might be killed.

Second.—The wood pole, as we found it to-day, would not carry sufficient current to cause death, either when wet or dry.

Third.—We found that the steel poles are planted in ground, instead of earth, by reason of the great strain put upon them by the trolley and guard wires. If they were grounded, as are the lamp posts, which are connected with the gas mains, thus insuring good contact, they would not be dangerous, in our opinion.

Fourth.—The wood pole, after becoming old and partially decayed, may retain sufficient moisture during or after a rain storm to make it dangerous.

Respectfully submitted,

ALBERT L. AREY,
C. R. BARNES.

By Ald. Shelter—

To the Honorable, the Common Council of the City of Rochester:

We, the undersigned citizens and taxpayers of the city of Rochester and patrons of the street railway, respectfully request you to rescind your resolution to substitute wooden poles for steel or iron poles in the operation of the electric railway now being constructed in the city, for the following reasons:

Steel poles are more durable, more sightly and less obstruction in the streets.

They are less dangerous than wood, as is proved by best authorities in electrical science and by the experience of many cities.

Property owners in front of whose premises the electric road is to be operated, gave the right of way to the railway company on the express condition, in writing, that the poles should be iron or steel, and we insist that that contract shall be performed.

We submit that the Council has no authority to cancel or vary that agreement and that, if the condition is not fulfilled, the contract is at an end and the company has no right of way.

We believe it to be the wish of a large majority of the citizens of Rochester that steel and not wooden poles be used.

We respectfully but firmly protest against the substitution of wood for steel poles against our wishes and in violation of the contract, and pledge ourselves to adopt all legal means to prevent it.

By the Clerk—

ROCHESTER, Sept. 9, 1890.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—In pursuance of a resolution adopted by your honorable body, the Executive Board has requested the owners of the several pieces of land proposed to be taken for the extension of what is known as the boulevard through premises owned by Vanderbeck, Wendel, Garson, Knickerbocker and others to the north line of the city, to state what amount of money they would accept for their property. Five of the nine owners gave prices which they would be willing to accept for their lots, one other declined to fix any sum, while the three other owners, and those having the largest tract of land through which the proposed street is laid out, failed to respond to the notice sent them. In view of these facts the Executive Board cannot offer any recommendation, except that your honorable body should take the usual action in such cases and cause a commission to be appointed to appraise the value of lands deemed necessary for the contemplated improvement.

Respectfully,

THOS. J. NEVILLE, Clerk.

By Ald. Kelly—Whereas, No agreement for the purchase of land necessary to be taken for the opening and extension of the Boulevard, as contemplated by final ordinance No. 4,100, can be made; therefore,

Resolved, That a copy of said ordinance, and of this resolution, together with a map of the opening and extension be made and filed in the office of the city clerk, which map shall show thereon the lots, tracts and parcels of land which are deemed necessary to be taken, and the commencement, course and termination of said proposed boulevard to be opened, according to the provisions of section 174 of the Revised City Charter, and that the City Attorney be, and he hereby is, instructed to take and institute such proceedings and publish and serve such notices, from time to time, as may be necessary to secure such street opening, as may be provided by said city charter. Adopted.

By the Clerk—

ROCHESTER, N. Y., Sept. 9, 1890.

To the Honorable, the Common Council of the City of Rochester.

GENTLEMEN—In accordance with your request, the Executive Board has made an examination of Sterling street, Lasar street and Eiffel park, and find that all requirements deemed necessary by the city have been performed and they are now ready for acceptance by your board as public streets.

Respectfully,

THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Lewis—Resolved, That Sterling street, Lasar street and Eiffel park be and hereby are accepted as public streets of this city, that the city clerk attend the same upon the street register and the Executive Board be requested to place the usual street signs thereon. Adopted.

CITY ATTORNEY'S OFFICE,
19 CITY HALL BUILDING,
ROCHESTER, N. Y., SEPT. 9, 1890.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Catharine M. Ester and William Kouwe each recovered a judgment against the city in the Supreme Court, which judgments were docketed in the Monroe county clerk's office on July 24th, 1890; the first for \$110.00 damages and \$138.20 costs, and the other for \$100.00 damages and \$130.90 costs. The recoveries being so small, I recommend that they be paid.

Respectfully yours,

CHAS. B. ERNST, City Attorney.

CITY SURVEYOR'S OFFICE,
ROCHESTER, N. Y., Sept. 9, 1890.

To the Hon. Common Council:

GENTLEMEN—In pursuance of a resolution passed July 29, 1890, relating to the sewer in Hudson street, I have caused an examination of said sewer to be made, also of the adjoining territory. The sewer is generally eight feet in depth and discharges into Nassau street sewer. The depth of the sewer can be increased to about twelve feet by changing its course and discharging through Webster street into the North avenue outlet sewer. This will, however, necessitate the construction of a new sewer in Webster street, the present one not being large enough for that purpose. The greater portion of the cost of the sewer through Webster street should be assessed on the Hudson street property.

Respectfully, OSCAR H. PEACOCK,

City Surveyor.

MISCELLANEOUS BUSINESS.

By Ald. Sullivan—Whereas, In the recent death of George G. Cooper, a former alderman, school and police commissioner, a gentleman of scholarly tastes and accomplishments, of sturdy manhood and the strictest integrity, Rochester has sustained a loss which can only be assuaged by the reflection and the hope that the example of his bright and useful career may be emulated by his fellow citizens; therefore,

Resolved, That the Common Council of Rochester sincerely deplores the loss the city has sustained in the sad death of George G. Cooper, and that a committee of three members of this Board be appointed by the President to represent this body at the funeral of the deceased.

Adopted unanimously by a rising vote.

Ald. McMillan moved that action on the resolution published at page 250 Current Proceedings, granting permission to the Rochester Railway Company to construct, maintain and operate a double track through several streets in the city of Rochester be reconsidered. Adopted.

Ald. McMillan moved that the resolution be amended by inserting after after the word "Rochester" in the fifth line the words "except Caledonia avenue." Adopted.

The resolution as amended was then adopted.

By Ald. Fee—Resolved, That the Rochester Electric Light Company be, and hereby is, directed to erect an arc light on the corner of Cortland street and East Main street.

Referred to the Lamp Committee and City Surveyor.

By Ald. Fee—Resolved, That permission is hereby granted to the owners of the Whitcomb House, situate on East Main street, to extend a portico, to be composed of brick and stone and iron, across the walk in front of said Whitcomb House, and to be constructed somewhat similar to the one now in front of Powers Hotel on West Main street.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly, Lewis—14.

By Ald. Rauber—Resolved, That the Executive Board be, and it hereby is requested not to let the contract for the improvement of Conkey avenue under final ordinance No. 4, 165 until May 1st, 1891. Adopted.

Chapin's land.

PLOT TWO.

All that tract or parcel of land, situate in the town of Chili, county of Monroe, State of New York, bounded and described as follows:

Commencing at a point in the line between the lands owned by Edwin B. Chapin and Samuel Moulson where said point intersects the west bank of the Genesee river; thence northerly along the westerly banks of said river 2,160 feet, to the line between the lands of Samuel Moulson and the Chautauqua Lake Ice Company; thence north 81 degrees 45 minutes west, about 200 feet, to a point; thence southerly and parallel with the west bank of the Genesee river and 150 feet distant therefrom 1,970 feet, to the said line between the lands of Samuel Moulson and Edwin B. Chapin; thence south 19 degrees east 160 feet to the place of beginning, containing 7 9-100 acres of land. It is the intention to take a strip of land 150 feet in width along the west bank of the Genesee river across the lands of Samuel Moulson.

PLOT THREE.

All that certain tract or parcel of land situate in the town of Chili, County of Monroe, State of New York, bounded and described as follows:

Commencing at a point on the west bank of the Genesee river, which said point is on the line between the lands owned by Samuel Moulson and the Chautauqua Lake Ice Co.; thence northerly along the west bank of the Genesee river 3,525 feet to the line between the lands owned by the Chautauqua Lake Ice Co., and the City of Rochester; thence south 1 degree 45 minutes west along said line 110 feet, to the easterly boundaries of the Western New York & Pennsylvania RR. Co.'s land; thence southerly along the easterly boundary of the said railroad company's land 250 feet; thence on a line parallel with the Genesee river and 150 feet distant therefrom, 3,485 feet to the line between the Chautauqua Lake Ice Co. and Samuel Moulson; thence south 81 degrees 45 minutes east 200 feet to the place of beginning, containing 8 23-100 acres of land. It being the intention to take a strip of land 150 feet in width along the west bank of the Genesee river across the lands of the Chautauqua lake Ice Co. Adopted.

Ald. Selye moved that the city attorney be directed to prosecute Otis & Gersline for violating

the penal ordinance in relation to nuisances—allowing smoke and soot to escape from the chimneys of their factory on Oak street. Adopted.

Ald. Selye moved that a committee of three be appointed on the erection of electric light poles on Lake avenue. Adopted.

By Ald. Selye—Resolved, That the Edison Electric Light company be directed to place an arc light on Pierpont avenue in place of five incandescent lights. Adopted.

Ald. Schroth moved that the polling places for the Fourth district of the Fourteenth ward be changed from "J. C. Hill's, corner Woodbury and Hudson streets, to "Thomas ituf's barber shop, No. 102 Hudson street." Adopted.

By Ald. Kelly—Resolved, That the clerk draw orders on the Treasurer, payable from the Contingent Fund, in favor of the following named person and company, for the following sums: In favor of the Rochester Title Insurance Company for one hundred and six 23-100 dollars, for services in making searches, and Harry M. Farman for twenty-two dollars, for serving notices, in the matter of opening a street from Murray street to Child street, in the city of Rochester, under final ordinance No. 3,827; that the Treasurer charge and carry the said several sums to the fund for said street opening when created.

Adopted by the following vote.
Ayes—Ald. Tracy, Fee, Lempert, Cleveland, Shelter Selve, Hall, Bierbrauer, Schroth, Bourer, Kelly, Lewis—12.

By Ald. Kelly—

By Ald. Lewis—Resolved, That the Executive Board be and it is hereby authorized and requested to place a fire alarm box at or near the corner of Webster avenue and Melville park. Adopted.

ROCHESTER, N. Y., Aug. 29, 1890.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN: We, the undersigned, hereby offer to dedicate to the use of the public a street extending from Webster avenue northwest about 600 feet, to be known as Lamont park. A map of said street has been duly filed in the County Clerk's office, and also with the City Assessors.

Suitable monuments have been placed on said street and a suitable sidewalk has been laid on one side. Water pipes have been extended therein and a sewer constructed.

We respectfully ask that said street be accepted as a public street.

Yours respectfully,

DAVID L. TAIT,
THOMAS W. TAIT,
EMMA TAIT.

Referred to the Executive Board to report as to acceptance.

By Ald. Lewis—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—I hereby resign my office as Inspector of Election of the Eighth election district of the Sixteenth ward, of the city of Rochester, N. Y.

Dated, Sept. 2, 1890.

JOHN VOSSELER.

Accepted.

Ald. Lewis presented a communication from Peter Frank in relation to blasting in quarries on Ackerman street, alleging damages to his property. Referred to the Law Committee.

By Ald. Lewis—Resolved, That the law committee of this Council be and it hereby is, directed to prepare and publish a circular pamphlet, containing the boundaries of the various election districts of the city, and the location of the polling places, and distribute ten thousand copies thereof throughout the city, and that the expense thereof be paid out of the contingent fund, the said committee to receive proposals for publishing the same and to let the contract to the lowest responsible bidder. Referred to the law committee.

By Ald. Tracy—Petition of the Rochester German Insurance Company. Referred to the Law Committee.

By Ald. Tracy—Resolved, That the Lamp Committee and City Surveyor be requested to cause a

gas light to be placed in Hunter alley, near Elizabeth street. Referred to Lamp Committee and City Surveyor.

The President announced the following special committee to attend funeral of late George G. Cooper—Ald. Sullivan, Selye, Cleveland.

Special committee, on motion of Ald. Selye on erection of electric light poles on Lake avenue—Ald. Selye, Kelly, Shelter.

Special Committee on East Main Street Sewer—Ald. Hall Bohrer, Schroth and Board of Health.

In Common Council—Sept. 16, 1890.

ADJOURNED REGULAR MEETING.

Ald. Wm. H. Tracy, president of the Board, presiding.

Present—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Shelter, Selye, Judson, Schroth, Bohrer, Lewis—11.

Absent—Ald. Lempert, Cleveland, Hall, Bierbrauer, Kelly—5.

By Ald. McMillan—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Your Law Committee begs leave to report that pursuant to your honorable body's direction, it duly advertised for proposals for the construction, etc. of voting booths and compartments and registry and polling places within the city, and has received the annexed proposals, and that the annexed are the specifications under which the proposals were made, and to which they relate.

Your committee, therefore, recommends that the proposal of H. G. Sauer be accepted, and that he be required to give a bond in the sum of \$3,000 guaranteeing the performance of the contract, and that the contract be executed on the part of the city by the chairman of the Law Committee, and that said contract an bond, before execution, be first approved as to form by the City Attorney and as to sufficiency of the sureties to the bond by the City Attorney and said committee, and that the booths and houses shall be erected and delivered at such places within the city of Rochester as may be designated by your honorable body or the chairman of this committee, and in time for the proper registry, as well as voting.

Your committee would further report that the following named persons recovered judgments against the City, in the Supreme Court, on the days and for the sums below mentioned, viz:

Anna Gould, on June 24, 1890, for \$1,000 damages and \$141.49 costs; Gertrude Schum, on March 22, 1890, for \$800 damages and \$162.72 costs; William Kouwe, on July 24, 1890, for \$100 damages and \$130.90 costs, and Catharine M. Ester, on July 24, 1890, for \$110 damages and \$138.10 costs.

Your committee recommends that each and all of said judgments be paid, as it is quite improbable that a new trial could be obtained in either of said actions.

Respectfully submitted,

T. McMILLAN,
JOSEPH H. FEE,
D. W. SELYE,
Law Committee.

Ordered received, filed and published.

PROPOSALS.

ROCHESTER, N. Y., Sept. 15, 1890.

Ald. McMillan, Chairman of Committee:

GENTLEMEN—I will furnish you the voting houses for \$125 each, and the voting booth for \$4.15 each, as per sample and specifications.

Yours respectfully,

H. G. SAUER, 16 Gregory street.

ROCHESTER, Sept. 15, 1890.

To the Committee on Election Booths:

I will agree to furnish election booths of the Cooke pattern, finished and delivered, for four dollars and forty cents (\$4.40) per booth.

Yours,

GEO. P. BORTLE, 3 Graves street.

WEBSTER, MONROE CO., Sept. 12, 1890.

To the Common Council of the City of Rochester:

GENTLEMEN—We desire as required by the attached advertisement to furnish prices of what we will deliver to City of Rochester the voting booths built from the Cooke pattern, at \$4.60 each. Respectfully,

O'DELL BROS.

ROCHESTER, N. Y., Sept. 12, 1890.

I, the undersigned, hereby agree to construct between 500 and 600 booths according to specifications, and to deliver them as required, for \$4.80 each; and to erect 7 or more polling houses according to specifications for \$130 each.

JNO. A. VANDERWERF.

ROCHESTER, N. Y., Sept. 15, '90.

My estimate for seven polling houses for city according to specifications is \$149. And for polling booths according to specifications, \$4.95 for each.

A. ELLIOTT.

ROCHESTER, N. Y., Sept. 15, '90.

My estimate for seven polling houses according to specifications for city of Rochester is \$157 each. My estimate for voting booths for said city according to specifications is \$5.25.

JAMES P. KANE,
103 Pearl street,
Contractor.

ROCHESTER, N. Y., Sept. 14.

SIRS—I will build the voting booths after the plan made by W. W. Cook, Son & Co. for the sum of \$5.75.

Respectfully yours,

N. C. REDFIELD,
No. 20 Hawley street, City.

ROCHESTER, N. Y., Sept. 15, '90.

Mr. McMillan, Chairman of Law Committee:

DEAR SIR—Will build polling houses as called for in specifications for the sum of \$135 each. Will also paint booths two coats—lead and oil—for the sum of \$1.48 each.

G. F. DERUM.

To Thomas McMillan, Esq., Chairman, &c.:
We have called at the office of the City Attorney several times but could get no information as to specifications in respect to the polling booths, referred to in your advertisement for bids, and infer that they relate to the houses for polling places.

We submitted to you a sample booth for inspector, as requested, and assume from the account of the action of the Law Committee, as stated by

some of its members and the City Attorney, and the published statement of it, that the polling booths called for are substantially such as the sample referred to.

We have made an improvement in construction which will make it feasible to ship unpainted booths. It consists in putting on the top rail with screws, so as to render the leaving of any defect from shrinking or swelling of panels in case the booth is wet, and we offer to contract for booths, as follows:

For the booths described, unpainted, \$4.65 each, delivered aboard the cars in Rochester or at a central station therein; for the same painted one color, \$5.40 each.

Your requirement as to delivery seems to introduce an indefinite or uncertain element. If it be to deliver in sets and at different points, as may be dictated by the City Attorney, the actual expense of such delivery from a single point in the city at the regular or regulated charges for such services must be added to the above.

W. W. COOKE AND SONS CO.,
per M. W. COOKE, Vice-President.

September 15th, 1890.

By Ald. McMillan—Resolved, That the proposal of H. G. Sauer for the construction and delivery of voting booths or compartments and places of registry and polling, above mentioned, be, and the same hereby is, accepted, and that the chairman of the Law Committee of this Common Council be, and he hereby is, instructed to enter into a contract, in the name of the city, with said Sauer for said construction and delivery and that such construction and delivery be guaranteed by a bond, in the penal sum of \$5,000 signed by, at least, two responsible sureties, whose sufficiency shall be approved by the City Attorney and said Law Committee and that said bond and contract shall be approved, as to form, by the City Attorney, before execution, and that said contract shall provide that said places of registry and polling be fully constructed and delivered before October 1st, 1890, and that each and all of said voting booths or compartments be constructed and delivered before November 1st, 1890, and that each and all of said houses or places, and booths or compartments, be constructed and delivered at such places within the city of Rochester as shall have been heretofore, or shall hereafter, be designated by this Common Council, or said Chairman.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Shelter, Selye, Judson, Schroth, Bohrer, Lewis—11.

By Ald. McMillan.—Resolved that the city clerk be, and he hereby is, directed, upon the certificate of the city attorney that proper satisfaction pieces, properly acknowledged for recording, of the judgments above mentioned, have been duly delivered to him, draw orders upon the city treasurer, payable from the contingent fund, as follows:

Two in favor of Walter S. Hubble, Esq., attorney for the plaintiffs, one for \$961.97, and interest thereon from March 22, 1890, in full of the aforesaid judgment of Gertrude Schum, and the other for \$1,140.74, and interest thereon from June 24, 1890, in full of the aforesaid judgment of Anna Gould, and

Two in favor of Cass Williams, Esq., attorney for the plaintiffs, one for \$230.15, and interest thereon from July 24, 1890, in full of the aforesaid William Kouwe, judgment, and the other for \$247.35, and interest thereon from July 24, 1890, in full of the aforesaid judgment of Catharine M. Ester: said interest to be computed to the dates when said orders shall be drawn.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Shelter, Selye, Judson, Schroth, Bohrer, Lewis—11.

Ald. Lewis asked and obtained unanimous consent to present the following:

By Ald. Lewis by request—Resolved, That the resolution directing the Mayor to enter into contracts for the purchase of the lands of Philip Ebertz and Margaret Bostendorf for the purpose

of opening a street from Maple street to Campbell street, under final ordinance No. 4,091, printed on page 164, Current Proceedings, be, the same hereby is, in all things, reconsidered. Adopted.

By Ald. Lewis, by request—Resolved, That the resolution directing the Mayor to enter into contracts for lands for the opening of a street from Maple street to Campbell street, under final ordinance No. 4,091, printed at page 164, current proceedings, be, and the same hereby is, in all things, indefinitely postponed. Adopted.

By Ald. Lewis, by request—Whereas, No agreement for the purchase of lands necessary to be taken for the opening of a new street from Maple street to Campbell street in the city of Rochester, under final ordinance No. 4,091 can be made, therefore.

Resolved, That a copy of said ordinance, and of this resolution, together with a map of the street be made and filed in the office of the city clerk, which map shall show thereon the lots, tracts and parcels of land which are deemed necessary to be taken, and the commencement, course and termination of said street proposed to be laid out, according to the provisions of section 174 of the revised city charter, and that the city attorney be, and he hereby is, instructed to take and institute such proceedings, from time to time, as may be necessary to secure such street opening, as is provided by said city charter. Adopted.

UNFINISHED BUSINESS.

Action on ordering an assessment for the opening of a street from Murray street to Child street came up. Allegations being called for and no persons appearing, Ald. Shelter presented the following:

By Ald. Shelter—Whereas, the city clerk has ascertained and reported the entire and aggregate expense of and connected with, the opening of a street from Murray street to Child street, in the city of Rochester, under final ordinance No. 3,227, including any and all damages or awards made by the commissioners of appraisal, and all the costs and charges of the city in the proceeding, at the sum of one thousand seven hundred and one dollars and twenty-three cents, and which expense has been heretofore duly adjusted by this Common Council, as thus reported and due notice of the time for hearing allegations has been duly published by the city clerk, as required by the city charter, and the portion or part of the city on which the said expense is hereby directed to be assessed, and which this Common Council deems will be benefited by the improvement, are the lots and parcels of land within the part of the city described and directed to be assessed in an ordinance relative to the said improvement, therefore be it,

Resolved, That the Assessors of said city, if they are not interested in any of the property or lots or parcels of land to be taken, or situated or being within the part or portion of the city deemed to be benefited and directed to be assessed, as aforesaid, are hereby directed to apportion and assess the said expense and to make an assessment upon all the lots and parcels of land within the portion or part of the city directed to be assessed and benefited as aforesaid, as near as may be in proportion to the benefit which each shall be deemed to receive thereby.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Shelter, Selye, Judson, Schroth, Bohrer, Lewis—11.

Ald. McMillan asked and obtained unanimous consent to present the following:

By Ald. McMillan—

CITY ATTORNEY'S OFFICE,
19 CITY HALL BUILDING,
ROCHESTER, N. Y., SEPT. 15, 1890.)

MONROE COUNTY COURT.—In the matter of Thomas street extension, from the present north end thereof to Wilkin street, in the city of Rochester.

To the Honorable, the Common Council of the City of Rochester.

GENTLEMEN—You are respectfully informed that George A. Wilkin and Joseph C. Wilkin, the several owners of the lots and real estate desired to be appropriated and acquired in the above street extension, are both infants, and that I should be directed to apply to the Monroe County Court for the appointment of a guardian to act for said infants in the premises, as provided by section 197 of the City Charter.

Respectfully yours,
 CHARLES B. ERNST,
 City Attorney.

By Ald. McMillan—Resolved, That the City Attorney be, and he hereby is, directed to apply to the Monroe County Court for the appointment of a guardian to act for the infants, as specified in the foregoing communication of the City Attorney. Adopted.

By Ald. Selye—Remonstrance against the erection of a wood building by E. K. Sargent. Referred to the Fire Marshal with power to act.

By Ald. Selye, by request—Resolved, That the Brush arc lights situated on Carlton place be removed from the poles where they are now located and place the same upon cranes, so that the lights may extend to the middle of the street, and that the City Surveyor notify the Brush Light Company to make such alteration. Adopted.

Ald. Selye moved that the City Surveyor prepare an ordinance for an asphalt improvement on the Big Ridge Road from Lake avenue west to the city line. Adopted.

By Ald. Judson—Petition of Henry Waltjen for permission to erect a wood building. Permission granted.

By Ald. Lewis—Petition of Leo Moll for permission to move a wood building. Permission granted.

Ald. McMillan moved that the Board proceed to appoint inspectors of election. Adopted.

Ald. Fee moved that each alderman send his list of inspectors of election to the clerk, and that the clerk prepare a duplicate list for the convenience of the aldermen in voting upon the appointment of such inspectors. Adopted.

Ald. Shelter moved that the Board adjourn until Friday, September 19th, 1890, at 2 o'clock p. m. Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, Fee, Rauber, Shelter, Selye—6.
 Nays—Ald. McMillan, Judson, Schroth, Bohrer, Lewis—5.

The president then declared the Board adjourned.

PETER SHERIDAN, City Clerk.

Ald. Lewis asked and obtained unanimous consent to introduce the following:

ROCHESTER, N. Y., Sept. 9, 1890.

To the Honorable the Common Council of the City of Rochester :

GENTLEMEN The undersigned, the St. Joseph's Orphan Asylum of Rochester, N. Y., through their president, Martin Leckinger, respectfully represent that they are the owners of property on Bernard street between Hudson street and Carter street, and on North street between Alphonsus avenue and Bernard street, all in the Sixteenth ward of the city of Rochester, N. Y.; that said streets have been sewered, graded and monumented, and have been formally dedicated to and accepted by said city; that they are desirous of having proper mains laid for water in said streets, and therefore respectfully request permission to extend such mains in said streets, in connection with the water works system, at their own expense.

The whole to be done under the supervision and direction of the Executive Board of said city of Rochester.

Respectfully submitted,

MARTIN LECKINGER,

President St. Joseph Orphan Asylum.

By Ald. Lewis—Resolved, That the Executive Board be, and hereby is, authorized and directed to extend water mains in Bernard street between Hudson and Carter streets, and in North street between Alphonsus avenue and Bernard street upon the abutting owners in said streets paying into the city treasury through the clerk of the Executive Board the cost of materials and labor therefor, to be reimbursed at the pleasure of the Common Council, without interest.

Ald. Selye moved that the communication and resolution be referred to the Water Works Committee.

Lost by the following vote:

Ayes—Ald. Tracy, Sullivan, Selye, Hall, Kelly—5.

Nays—Ald. McMillan, Rauber, Cleveland, Shelter, Bierbrauer, Judson, Schroth, Lewis—8.

The resolution was then adopted by the following vote:

Ayes—Ald. Tracy, McMillan, Rauber, Cleveland, Shelter, Bierbrauer, Judson, Schroth, Kelly, Lewis—10.

Nays—Sullivan, Selye, Hall—3.

The Board then adjourned.

PETER SHERIDAN, City Clerk.

In Common Council—Sept. 23, 1890.

REGULAR MEETING.

The Clerk called the meeting to order, and Ald. Cleveland moved that Ald. Kelly act as chairman pro tem. Adopted.

Present—Ald. McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—14.

Absent—Ald. Tracy, Sullivan—2.

By Ald. Rauber—

To the Honorable Gentlemen of the Common Council of the City of Rochester:

GENTLEMEN—Your Committee on Excise, to which was referred the petition of Joseph Rosch for a return of a portion of a license fee, paid by him, for a saloon license, respectfully reports, that owing to failing health Mr. Rosch was compelled to give up and discontinue his business under said license soon after obtaining the same. Your committee, therefore, would recommend that the sum of forty-one dollars (\$41), be refunded to Mr. Rosch, that being the pro rata amount for the unexpired time of said license, and submit the accompanying resolution for your consideration.

Respectfully submitted,

STEPHEN RAUBER,

LOUIS BOHRER,

JOHN U. SCHROTH,

Committee on Police and Excise.

Ordered received, filed and published.

By Ald. Rauber—Resolved, That the City Clerk be, and hereby is, directed to draw an order on the City Treasurer in favor of Joseph Rosch, payable from the poor fund, for the sum of forty-one dollars (\$41), upon the presentation of the certificate of the Excise Commissioners that said Rosch's license has been surrendered and cancelled.

Adopted by the following vote:

Ayes—Ald. Fee, Rauber, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—12.

Ald. Cleveland moved that when this board adjourn it be until Tuesday, September 30th, at 7 o'clock p. m. Adopted.

By Ald. Shelter—

To the Honorable the Common Council of the City of Rochester N. Y.:

GENTLEMEN: Your Assessment Committee beg leave to submit the following as its report:

The petition of Y. Tealheimer for relief from an assessment made against her property on Oregon street for the construction of a walk, curb stone, etc., should be denied, for the reason that your committee does not perceive that any injustice has been done to her in the matter of assessment, as, in case she pays the assessment at once, a rebate of interest, which has been added thereto, it being a three-payment roll will be deducted.

The petition of Mary J. Runyan to have an assessment, under ordinance No. 3,335, for the construction of a sewer in Childs street, added to her lot on the west side of Child street, should be denied. It seems that the assessment originally was properly assessed against a large piece of land, which she afterwards divided into a number of lots and the treasurer divided the assessment in as many parts as there were lots and added one part to each lot. Even though the original assessment did not originally extend to or include the lot, yet it being against Mrs. Runyan personally, your committee does not think she has been injured in the least, therefore she should pay the assessment.

Rev. Nelson Millard's application to have a rebate made from an assessment against a house and lot, known as No. 41 Harvard street, for the tax of 1890, for the reason that he was a minister, should be denied, for the following reasons: First, That Mr. Millard did not become the owner of that property until after the assessment rolls had been completed and the status of the property for assessment purposes had been fixed; and, second,

that the property is assessed at a valuation of but \$3,400, while the consideration in his deed is over \$5,700, so that if we were to allow his clergyman's exemption of \$1,500, and that added to the valuation amount, yet the aggregate would be less than the consideration paid by him for the property.

The application of James S. Havens and Mrs. C. W. Havens, personal representatives of Charles W. Havens, deceased, to have an assessment for personal property made against them in the tax rolls of 1890, amounting to \$76.03, on a valuation of \$5,000, should be granted, for the reason that it appears that no property has, at any time, been in the hands of the representatives, subject to taxation, and the representatives had no notice that they were assessed, until after the tax had been levied.

C. C. Meyer's application to have an assessment for the Monroe avenue outlet sewer ditch, Ordinance No. 3,323, upon lot 191, west side of Goodman street, amounting to \$16.37, cancelled, for the reason that he could not drain his lot into the ditch, should be granted, as your committee is convinced that such is the case.

John A. La Force was assessed upon lot No. 35, subn. pt. lots 19 and 20, Blumenthal tract, thirty-six feet in width, upon the south side of La Force park at its intersection with a street opened from Clifford street to Norton street, now known as North Joiner street, of which twenty-five feet of the lot was taken for street opening purposes, and Mr. La Force gave a deed to the city, on March 12, 1887, which was recorded on the same day, in Liber 414 of deeds, at page 409. The entire lot, however, was erroneously assessed to Mr. La Force in the general city tax of 1887. He subsequently paid on his proper proportion of eleven feet in width, and the entire lot was subsequently sold on March 29, 1888, for the balance of said tax and the notice to redeem has been served upon Mr. La Force's representatives to pay the tax balance. Your committee, therefore, recommends that the Treasurer be directed to cancel said tax as erroneous, and charge the amount to erroneous assessments.

John G. Shultz paid the city tax for 1887 upon lots one and two in Frost's subdivision on the south side of Weldon avenue, amounting to fifty-four cents, supposing that his lots were in section M., while, in fact, his lots were of the same number in section N. The last named lots were sold on March 29th, 1888, for unpaid city taxes. The mistake arose in the Treasurer's office in the clerks not giving Mr. Shultz his proper tax bill. Your committee, therefore, believes that justice will be promoted by permitting Mr. Shultz to pay fifty-four cents in full of said tax of 1887 against said lots, and that the Treasurer be directed to charge the balance thereof to erroneous assessments.

George Masseth, or the present owners of the lots hereinafter mentioned, should be permitted to pay the city taxes of 1875, 1880, 1881, 1882 and 1883 against lots ten and eleven in Assessors' subdivision on Child and Murray streets; lot three, heirs or F. X. Masseth's subdivision on Childs street, sold for the unpaid taxes of 1886 and 1888; lots 47, 53, 54 of Masseth's tract on Murray street, sold for unpaid city taxes of 1886, 1887, 1888 and 1889; the unpaid city taxes upon lots 11, 41, 61, 67, 16, 20, 26, 32 and 42 of Masseth's tract, situated upon a new street, sold for unpaid city taxes for 1886, 1887, 1888 and 1889, as they appear at the dates of the respective sales, with interest thereon from said dates to the date of payment, at the rate of six per cent. per annum provided such payment be made within two months from this date.

Your committee would further recommend that, in accordance with and for the reasons stated in the communication of the Ex-City Surveyor found at page 307, proceedings 1889-90, Herman Spillburg, owner of lot 6, north side of Park avenue, assessed for the sum of \$6.60; Jeannette S. Lambert, owner of lot 5 and part of lot 4, south side of Park avenue, assessed for the sum of \$6.60; John B. Pike, lots 3 and 4, south side of Park avenue, assessed for the sum of \$6.60 each; and John B. Pike, lots 1 and 56, east side of Goodman street, all assessed for the Goodman street sewer, should have the following relief: Herman Spillburg

should have said sum of \$6.60 refunded to him; Jeannette S. Lambert should have the said sum of \$6.60 refunded to her, and John B. Pike should have \$18.39 refunded to him, being the amount paid by him on said lots 1 and 56; and the treasurer should be directed to cancel the tax against said lots 3 and 4, which has been added to the general city tax of 1890, for the reason that it appears that the property does not drain into said sewer.

The Empire State Insurance Company's application to have refunded to it the city taxes for 1888 and 1889, upon the ground that it was not assessable or taxable, should be referred to the Law Committee, as the matter is the same as that raised by a similar application of the Rochester German Insurance Company, which has been heretofore referred to said committee.

Your committee would further recommend that the clerk be directed to draw orders upon the treasurer, one in favor of Lucy E. Hayward for the sum of fifty dollars and fifteen cents, and the other in favor of the East Side Savings Bank for seventy-six dollars and fifty cents, the amounts paid by them on account of assessments made against them for the South Clinton street asphaltic improvement, they having been erroneously assessed for curbstone, as appears by the communication of the present city surveyor, formerly first assistant city surveyor, found at page 337 of the proceedings of 1889-90.

All of which is respectfully submitted,

HENRY SHELTER,
JAMES S. JUDSON,
Assessment Committee.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—
OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, Sept. 23, 1890

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—The Executive Board has caused inquiry to be made as to the value of land proposed to be purchased for the extension of Bald-

win street, from Parsells avenue to Webster avenue. Leopold Garson, the owner of lot 50x158, with barn, has fixed the price at \$1,200; and Pauline L. August wants \$300 for a strip of land ten feet wide and 158 feet long; and J. H. Trowel, the third and last party interested, is a non-resident, and his price, therefore, could not be ascertained. The board deems that the appointment of a commission a necessity to determine the value of the land required for this improvement.

Respectfully, THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Lewis—Whereas, No agreement for the purchase of lands necessary to be taken for the extension of Baldwin street from Parsells avenue to Webster avenue in the city of Rochester, under final ordinance No. 3,912 can be made, therefore,

Resolved, That a copy of said ordinance, and of this resolution, together with a map of the street be made and filed in the office of the city clerk, which map shall show thereon the lots, tracts and parcels of land which are deemed necessary to be taken, and the commencement, course and termination of said street proposed to be laid out, according to the provisions of section 174 of the revised city charter, and that the city attorney be, and he hereby is, instructed to take and institute such proceedings, from time to time, as may be necessary to secure such street opening, as is provided by said city charter. Adopted.

By the Clerk—

CITY ATTORNEY'S OFFICE,
19 CITY HALL BUILDING,
ROCHESTER, N. Y., Sept. 23, 1890.)

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—George Chapman, Sr., in 1884, obtained a judgment in the Supreme Court against the city for \$1,200 damages, besides costs, and an injunction forbidding the discharge of sewage into Thomas creek from the Monroe avenue and Nichols park outlet sewers. That judgment was finally affirmed by the Court of Appeals. Mr. Chapman then made a motion for an order of reference to assess the damages sustained by him; that motion was granted, and the same was referred to the Hon. George F. Danforth, and he refusing to serve, it was referred to Hon. J. B. Perkins as referee. Mr. Perkins on August 2, 1890, made a report finding that Mr. Chapman had sustained \$2,250 damages up to that date. Mr. Chapman then made application to the court for the confirmation of the report, and on or about August 29, 1890, the report was confirmed, with referee's fees \$105, \$10 motion costs then given and \$10 motion costs theretofore given by order of the reference, besides disbursements for witnesses. The damages are low in amount, and much less than the sums asked by Mr. Chapman in the negotiations of settlement made with him last year by the Law Committee of your honorable body, and I would, therefore, recommend that the damages, etc., be paid. Respectfully submitted,

CHAS. B. ERNST, City Attorney.

Referred to the Law committee.

By the Clerk—

To the Common Council:

GENTLEMEN—At a meeting of the Board of Health held September 18, 1890, action was taken as follows:

Complaint was made by residents on Jay street, near Childs street, and on Walnut street, of water in their cellars, caused by inadequate sewerage. On motion of Com. Biegler the matter was referred to the Common Council with the recommendation that ordinances be passed for sewers in Jay and Walnut streets.

Sanitary inspectors reported that they had examined the premises on each side of East Main street from the Liberty pole to Alexander street and found indications of water in a number of them. After hearing property owners on the street, Com. Whitbeck moved that the Common

Council be requested to pass an ordinance for a sewer in East Main street. Adopted.

By order of the Board of Health.

PETER SHERIDAN, Clerk.

Ald. Bierbrauer moved that that portion of the communication that related to Jay street near Child, and on Walnut street, be referred to the Surveyor to prepare an ordinance. Adopted.

By the Clerk—

POLICE COMMISSIONERS' OFFICE,
ROCHESTER, N. Y., Sept. 22, 1890.

To the Hon. Common Council of the City of Rochester:

GENTLEMEN—At a meeting of the Police Commissioners held September 15, 1890, I was directed by the board to communicate to your honorable body the fact that the city had been divided into 110 polling places, and that at the coming State election, in November next, at least one officer will be expected to be on duty at each election district. There are but ninety patrolmen on the force, including those doing duty on the streets in the daytime.

Respectfully,

B. FRANK ENOS, Clerk.

Referred to the Committee on Police, Excise and Markets.

By the Clerk—

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., Sept. 23, 1890.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—I beg leave to submit the following as the expenses, including the damages awarded by the commissioners of appraisal, connected with the opening of a street from Van Stallen park to Norton street, in the city of Rochester, under final ordinance No. 3,544 viz:

Commissioners' fees.....	\$ 72 00
Carriage hire for commissioners to view property.....	3 00
Damages awarded to the owners of lands taker, there being no tenants, and no occupants, other than the owners.....	510 00
Samuel M. Truesdale, serving notices for appointment of commissioners.....	9 00

Making a total of..... \$ 594 00

PETER SHERIDAN, City Clerk

Ordered received, filed and published.

By Ald. Shelter—Whereas, the entire cost and expense of the opening of a street from Van Stallen park to Norton street in the city of Rochester under final ordinance No. 3,544, including the amount of damages awarded by the commissioners, has been ascertained, and is hereby adjusted at the sum of five hundred and ninety-four dollars.

Therefore, Resolved, That all persons interested in the matter of the ordering of an assessment for the aforesaid street opening, be heard as to the same, at the meeting of the Common Council to be held on Tuesday, the 7th day of October, 1890, at 7 o'clock p. m. and the city clerk cause to be published a notice of said hearing as required by section 190 of the city charter. Adopted.

By the Clerk—

MONROE COUNTY COURT.—In the matter of widening of Fien place, in the city of Rochester.

To the Hon. the Common Council of the city of Rochester:

GENTLEMEN—The undersigned, who were appointed by an order of the Monroe County Court, granted on May 12th, 1890, and entered in the Monroe County Clerk's office on May 15th, 1890, commissioners to inquire into and determine what damages and compensation the owner or owner: tenants or occupants of the lands to be taken for the widening of Fien place northward to a point about one hundred and fifty-one feet north from Oakman street in the city, will be entitled, respectfully report and certify their award of damages, as incident to the widening of said street, or place, as follows:

The piece and parcel of land required for such purpose, and necessary for the widening of said street, or place, is described as follows:

All that tract or parcel of land, situate in the city of Rochester, county of Monroe, and state of New York, bounded and described as follows:

Beginning at the southeast corner of lot number forty-seven (47) of N. E. Paine's subdivision of the Simons tract and the west part of the Lee tract on file in the Monroe County Clerk's office being and lying on the north side of Oakman street in said city at its intersection of Fien place; thence northerly along the east line of said lot for a distance of about one hundred and fifty-one feet to the northeast corner of said lot; thence westerly along the north line of said lot for a distance of sixteen and sixty-seven hundredths feet to a point; thence southerly on a line parallel with the east line of said lot for a distance of about one hundred and fifty-one feet to a point on the north line of said Oakman street distant sixteen feet and six inches west of the place of beginning; thence easterly on the said north line of said Oakman street for a distance of sixteen feet and six inches to the place of beginning.

These premises are owned by Louisa Wimble, wife of George Wimble.

Therefore, we, the subscriber, the commissioners, having been duly sworn, as required by the statute in such case made and provided, and having all met and acted upon the matter submitted to us at the City Attorney's office, in the City Hall building, Rochester, N. Y., pursuant to a notice of at least ten days published according to law, and having taken a view of every part of the premises affected by this proceeding, and having inquired into and heard the allegations and proofs of the respective parties in interest, do, thereupon, determine and appraise the damages which the owners, (there being no tenants or occupants other than such owners) of the premises to be taken for the widening of said street or place will sustain by being deprived thereof, and fix the compensation which the aforesaid owners shall receive therefor, as follows:

The awards hereby made, after deducting all taxes and assessments which have become a lien upon the lands described, to be paid as hereinafter provided:

To Louisa Wimble, owner aforesaid, the sum of one thousand eight hundred and sixty dollars, payable to her.

All of which is respectfully submitted,
 JOHN D. LYNN,
 S. P. MOULTBROP,
 PETER G. SIENER,
 Commissioners of Appraisal.

Dated at Rochester, N. Y., September 22, 1890.
 Ordered received, filed and published.

By Ald. Rauber—Resolved, That the next regular meeting of the Common Council Tuesday evening, October 7, 1890, be, and hereby is, designated as the time when any objection to the report of the commissioners in the matter of widening Fien place will be heard. Adopted.

By the Clerk—

To the Honorable the Common Council of the City of Rochester, N. Y.:

The petition of M. Lill, George Fichtemaier and George C. Mattern respectfully shows:

First—That your petitioners hereby give and dedicate to the city of Rochester for the use of a public street the street in said city known as Clifford avenue, as shown upon the hereinafter mentioned map. That the fee title of said street is now in your petitioners; that said street was opened for public use about July 1, 1890; that said street has been graded throughout its entire length; that the letting of said street is 84½ feet on the east and westerly sides thereof, and the width thereof throughout its entire length is 40 feet.

Second—That your petitioners have placed on the corner of said street the stone monuments required by the rules and regulations of the Executive Board and the City Surveyor.

Third—That your petitioners have filed copies of the map showing said street and the adjacent prop-

erty in the office of the county clerk and of the assessors of the city of Rochester and of the surveyor of said city.

Dated August 20, 1890.

MICHAEL LILL,
 GEO. C. MATTERN,
 GEO. FICHTEMAIER.

STATE OF NEW YORK, County of Monroe. City of Rochester, ss.:

Michael Lill, George Fichtemaier and George C. Mattern, being duly sworn, say that they are the petitioners named in the foregoing petition; that the same is true of their own knowledge, except as to the matters therein stated to be alleged on information and belief, and as to those matters they believe it to be true.

MICHAEL LILL,
 GEO. C. MATTERN,
 GEO. FICHTEMAIER.

Sworn to before me this 20th day of August, 1890.
 GEORGE MEISSNER, Com'r. of Deeds.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

SIXTH AVENUE PIPE SEWER.

By Ald. Judson—Resolved That the City Surveyor ascertain and report to this Council the exacting a pipe sewer in sixth avenue.

Adopted.

The Surveyor submitted as such estimate \$1,800.
 By Ald. Judson—Resolved, That the following improvement is necessary, viz.:

The construction of a vitrified pipe sewer 12 inches in diameter in Sixth avenue from a point 130 feet south of Bay street to the sewer in Central park. Also the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formation.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$1,800, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Sixth avenue from Bay street to Central park, in proportion to the benefit which each will derive therefrom.

Adopted.

ETHEL STREET EXTENSION.

By Ald. Bohrer—Resolved, That the following improvement is necessary, and we hereby judge that the public good requires the same to be done, viz.:

The opening and extension of Ethel street in its present course, from the present east end thereof to Flora street.

And the territory deemed necessary to be taken therefor is bounded and described as follows:

All that parcel of land situated east of the present eastern terminus of Ethel street, bounded on the north by the extension easterly in a direct line of the present north line of Ethel street, bounded on the east by the west line of Flora street, bounded on the south by the extension easterly in a direct line of the present south line of Ethel street, and bounded on the west by the present east end of Ethel street.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Ethel street and the proposed continuation of Ethel street, from Plymouth avenue to Flora street. Also one tier of lots and parcels of land on each side of Flora street, from the north end thereof to Violetta street, as they exist at the date of the passage of this ordinance, in proportion to the benefit which each will derive therefrom.

Adopted.

SOUTH GOODMAN STREET GRAVEL IMPROVEMENT.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving South Goodman street.

Adopted.

The Surveyor submitted as such estimate \$5,000.

By Ald. Shelter—Resolved, That the following improvement is necessary, viz.:

The improvement of South Goodman street, from Pearl street to the Erie canal bridge, by constructing a gravel roadway therein with a line of Medina stone curb and gutter on each side thereof, properly connected with all lateral streets, alleys and driveways. Width of main roadway between curb lines to be 30 feet. Also the construction of all necessary crosswalks, crosswalk extensions, surface sewers, manholes, lot-laterals, water and gas services. Also the construction of a Portland cement walk 5 feet in width on each side of the street, between the limits mentioned, except where good flag or cement walks at least 5 feet wide now exist, which walks shall be relaid if not conforming to the proper grade and alignment. Also the necessary widening of the approaches to the canal bridge and re-adjusting the hand-railing thereon.

And whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$5,000 which estimate is hereby approved.

Resolved, further, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of South Goodman street, from Pearl street to the Erie canal, in proportion to the benefit which each will derive therefrom.

Adopted.

CLINTON STREET AND CLINTON PARK ASPHALT IMPROVEMENT.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving South Clinton street and Clinton park.

Adopted.

The Surveyor submitted as such estimate, \$15,000.

By Ald. Shelter—Resolved, That the following improvement is necessary, viz.:

The improvement of South Clinton street and Clinton park, from the south rail of the street car track on Monroe avenue to the crosswalk on the south side of Griffith street, by constructing an asphalt pavement therein with a line of Medina stone curb on each side thereof, properly connected with all streets, alleys and driveways. Width of main roadway between curbs to be 37½ feet from Monroe avenue to Monroe place, and 23 feet from Monroe place to Griffith street. Also, the necessary manholes, surface sewers, lot laterals, crosswalks, gas and water services and the cleaning of the main sewer in the street if found

to be necessary. Also, the construction of a Medina stone flag walk 4 feet and 8 inches in width on each side of the street and park between the limits mentioned, except where good flag or cement walks at least 4 feet and 8 inches in width now exist, which walks shall be relaid if not conforming to the proper grade and alignment.

And, Whereas, The City Surveyor, under the direction of this Council, has made an estimate of the whole expense thereof, and reports the same at \$15,000, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of South Clinton street and Clinton park, from Monroe avenue and Wood street, respectively to Griffith street, in proportion to the benefit which each will derive therefrom.

Adopted.

By Ald. Shelter—Resolved, That all persons interested in the subject matter of each and all improvements contemplated to be made in or by any ordinance or resolution adopted or passed at this meeting and the expense whereof, in whole or in part, is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council on Tuesday, the 7th day of Oct., 1890, at 7 o'clock p. m., at the Common Council Chamber, when allegations relative thereto will be heard, and that the Clerk be and he is hereby directed to publish for four secular days continuously in The Union and Advertiser and the Abend Post and Beobachter, notice thereof as is required and in the manner specified by Section 173 of the City Charter. Adopted.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y. Sept. 23, 1890.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Agreeably to your directions given at your last meeting in reference to the following named contemplated improvements, I caused to be published daily for four days, in the Union and Advertiser and Abend Post and Beobachter, two daily newspapers printed in the city of Rochester, notices of said improvements, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and requiring all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, Sept. 23, 1890, at 7 o'clock p. m., at the Common Council chamber, when allegations would be heard in reference to such improvements, viz.:

PETER SHERIDAN, City Clerk.

Ald. Fee moved that action on the final ordinance for Court Street River Bridge be postponed two weeks.

Adopted by the following vote:

Ayes—Ald. Fee, Rauber, Cleveland, Hall, Judson, Bohrer, Kelly—7.
Nays—Ald. Shelter, Selye, Bierbrauer, Schroth, Lewis—5.

On motion of Ald. Fee further action on the final ordinance for Clinton Park Medina Improvement, was indefinitely postponed.

Ald. Selye moved that the final ordinance for Backus Avenue Pipe Sewer be amended by inserting "25 feet" in place of "125 feet" north of Phelps avenue and that the estimate be changed to \$350. Adopted.

Further action was postponed under the rule.

On motion of Ald. Hall, action on the final ordinance for East Main Street Sewer was postponed one week, until Sept. 30th.

FINAL ORDINANCE NO. 4, 170.

EDITH STREET PIPE SEWER.

On motion of Ald. Judson the Common Council proceeded to hear allegations in relation to the

improvement described in the following ordinance, viz:

An ordinance to construct a pipe sewer in Edith street from near Plymouth avenue to the Genesee Valley canal outlet sewer.

And, after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a vitrified pipe sewer, 12 inches in diameter in Edith street from a point 140 feet east of Plymouth avenue to the Genesee Valley Canal Outlet Sewer. Also the construction of the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$850, which being deemed reasonable is hereby approved, and the whole expense of such improvement is hereby directed to be so assessed upon the following portion and part of the city which this Council deem proper to be assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Edith street from a point 140 feet east of Plymouth avenue to the west line of the Western New York and Pennsylvania Railroad Company's property

Adopted by the following vote:

Ayes—Ald. Fee, Rauber, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—12.

Ald. Shelter moved that the Executive Board be requested to postpone the contract for Edith street sewer until April 1st, 1891. Adopted.

Ald. Selye moved that the final ordinance for Pierpont avenue sewer be amended so as to read "10 inch" pipe in place of "12 inch" pipe, and the territory to be assessed to include one tier of lots on the north side of Lake View park from a point 51 feet west of Raines Park and the estimate be changed accordingly. Adopted.

Further action was postponed under the rule.

FINAL ORDINANCE NO. 4171.

MILLER STREET PLANK WALK.

On motion of Ald. Shelter the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct plank sidewalks on Miller street, from the north end of the present walks to Clifford street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a hemlock plank sidewalk 4 feet in width on each side of Miller street, from the north end of the present walks (about 200 feet from Clifford street) to Clifford street. Also the necessary sidewalk grading and crosswalks.

And the City Surveyor, under the direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$175, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Miller street, in front of which the said walk shall be constructed.

Adopted by the following vote:

Ayes—Ald. Fee, Rauber, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—12.

Ald. Lewis moved that property owners on Miller street be allowed thirty days to construct their walks. Adopted.

FINAL ORDINANCE NO. 4172.

MASON STREET PLANK WALK.

On motion of Ald. Shelter the Common Council

proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a plank walk on Mason street from the east end of the present walk to Thorn street.

And, after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a pine plank sidewalk 4 feet in width on each side of Mason street, from the east end of the present sidewalks to Thorn street. Also the necessary sidewalk grading and crosswalk at the east end of Mason street.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$190, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by, such improvement, to wit:

One tier of lots and parcels of land on each side of Mason street from First street to Thorn street.

Adopted by the following vote:

Ayes—Ald. Fee, Rauber, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—12.

On motion of Ald. Selye, property owners on Mason street were allowed thirty days to construct their own walks.

On motion of Ald. Rauber, further action on the ordinance for Gorham street walk was indefinitely postponed.

FINAL ORDINANCE, NO. 4173.

ROGERS AVENUE AND OTIS STREET PLANK WALK.

On motion of Ald. Shelter, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An Ordinance to construct plank walks on Rogers avenue and Otis street.

And, after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a hemlock plank sidewalk 4 feet in width on the west side of Rogers avenue, from the north end of the present walk to Otis street. Also on the south side of Otis street from Rogers avenue westerly to the present sidewalk, about 100 feet. Also the necessary sidewalk grading and gutter formation.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$110, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the west side of Rogers avenue, also one tier of lots and parcels of land on the south side of Otis street in front of which the proposed walk shall be constructed.

Adopted by the following vote:

Ayes—Ald. Fee, Rauber, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—12.

By Ald. Fee—

ROCHESTER, Sept. 23, 1890.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—Your petitioner is the owner of lot No. 5 fronting on Monroe avenue. Said lot adjoins Monroe school lot on the west and is 33 front feet on Monroe avenue, 50 feet in rear and 115 feet deep.

The Board of Education at its last meeting adopted a resolution asking your honorable board to sell your petitioner a strip of land from off the west side of Monroe school lot.

I desire to purchase of the city a strip of land from seven to ten feet front on Monroe avenue, running back one hundred fifteen feet to nothing, or, in other words, such a strip as will give me forty or forty-three feet front on Monroe avenue, leaving my lot the same width in rear as it now is.

You will see by drawing a line from the north-east corner of my lot to a point in the south line of Monroe avenue, or ten feet east of the north-east corner of my lot, that the sale of said strip would be no detriment to the school lot.

Respectfully,
S. REMINGTON.

On motion of Ald. Fee referred to a select committee to be appointed by the chair.

By Ald. Rauber—Resolved, That the Citizens' Gas Light Company be, and hereby is, directed to remove from their present positions twenty-nine gas lamp posts situate on the east side of North St. Paul, which said posts are now in the way of the Rochester Railway Company and which posts obstruct the operations of said railway company, and the expense thereof to be borne by said railway company. Adopted.

Ald. Rauber moved that the matter of North St. Paul street Medina improvement be referred to the Law Committee to confer with the citizens' committee and to report at the next meeting. Adopted.

By Ald. Shelter—Resolved, That the Brush Electric Light Company be instructed to have the lamp and crane taken off the pole in front of 351 West avenue and placed on the next pole west, so that the light will be on the corner of West avenue and Edgewood park, and that the City Clerk be directed to notify the City Surveyor to that effect. Adopted.

By Ald. Shelter—Resolved, That the Executive Board be instructed to have street signs placed on Edgewood park and the City Clerk notify the Board to that effect. Adopted.

Ald. Shelter moved that No. 193 West Main street be designated as the polling place for the third district of the Eighth ward for the ensuing year. Adopted.

By Ald. Selye—Resolved, That the City Treasurer be, and he hereby is, authorized to make the city's note for three hundred ninety-six dollars and ten cents (\$396.10) and procure the same to be discounted and credit the proceeds thereof to the fund for the opening and extension of Mason street, under final ordinance No. 3,762; such note to be payable in not more than one year from date and to be countersigned by the chairman of the Finance Committee before discount, and that the discount thereon be charged to the Contingent Fund and transferred to the said fund for the opening of said street when said fund shall have been created.

Adopted by the following vote.

Ayes—Ald. Fee, Rauber, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—12.

By Ald. Selye—Resolved, That the Executive Board be and hereby is requested to transmit at its earliest convenience a transcript of the records of their meter accounts for the first three months of each and every metered consumer, said exhibit to be given in 1,000 gallons, so metered. Adopted.

Ald. Selye moved that action on the resolution published at page 109, Current Proceedings, directing an investigation of the Waver Works Department by John Bower, be reconsidered. Adopted.

On motion of Ald. Selye, further action on the resolution was indefinitely postponed.

Ald. Selye moved that the City Surveyor be directed to set the stakes for the grade for Mason street plank walk. Adopted.

By Ald. Hall—Petition of C. F. Swain. Referred to the Wood Building Committee and Fire Marshall with power to act.

By Ald. Hall—Resolved, That the use of the Common Council Chamber be allowed for the Constitutional Amendment convention to be held October 9, 1890. Adopted.

By Ald. Bierbrauer, by request—Resolved, That the Brush Electric Light Company be, and hereby is, directed to move the electric light on Dengler street, near Saxton street, to a point on the south side of Dengler street opposite Saxton street. Adopted.

By Ald. Schroth—Resolved, That the Lamp Committee be requested to have the lamp post removed at No. 330 St. Joseph street. Referred to the Lamp Committee.

Ald. Lewis presented the petition of T. T. Southwick for permission to erect a wood building on Matilda street and moved that permission be granted. Adopted. Also the petition of M. T. Knapp. Referred to the Wood Building Committee and Fire Marshal with power to act.

By Ald. Lewis—Whereas, A resolution published on page 387 of the Common Council proceedings of 1889-90 and adopted by this Board, directed a special assessment to be made for the improvement of Portsmouth terrace; and

Whereas, Such assessment was not made and the expense of such improvement was not included in the general city tax of 1890-91: therefore,

Resolved, That the treasurer be, and he hereby is, authorized and directed to collect a tax of 35 cents per lineal foot front upon all lands on said Portsmouth terrace, said tax to be apportioned by the city assessors equally upon all the lands on said Portsmouth terrace, and that said treasurer pay said taxes when collected by him to Frank G. Newell of Rochester, N. Y., he being the person delegated by the petition of the property owners on said Portsmouth terrace to receive the same. Adopted.

By Ald. Lewis—

To the Honorable the Common Council of the City of Rochester:

The undersigned petitioners to your honorable body do represent that we are the owners of a majority of the property fronting on a certain street in the city of Rochester known as Bates street, which street runs from East avenue south, crossing Park avenue, to the end of said street.

We humbly petition your honorable body that the name of said street may be changed from Bates street to St. Lawrence street.

H. J. LITTLE,
F. W. WARNER,
A. GRIBBROCK,
CHAS. P. BOSWELL.

By Ald. Lewis—Resolved, That the name of Bates street be, and it hereby is changed to St. Lawrence street, and that the City Clerk be instructed to change the same in the Street Register. Laid upon the table two weeks under the rule.

By Ald. Lewis—

To the Honorable the Common Council of the city of Rochester:

We, Harry Hirschfield, Elijah D. Webster, Charles Salmon and Joanna McCarthy, hereby offer to dedicate to the city of Rochester, for public use, the street known as Henrietta avenue, in Hirschfield, Webster, Salmon and McCarthy's subdivision of lots 61 and 62 of Bowen's subdivision of part of town lot 52 Brighton, now city of Rochester.

The boundaries of said street are as follows: Beginning in the east line of Henrietta avenue at a point distant 87 feet and $1\frac{1}{2}$ inches southerly from the north line of said subdivision, extending thence easterly along the northerly line of said Henrietta avenue 792 feet and 6 and $\frac{1}{2}$ inches; thence northerly at right angles 1 foot; thence easterly 89 feet and seven inches to the west line of Field street; thence southerly along the west line of Field street 42 feet and ten inches to the south line of Henrietta avenue; thence westerly along the south line of said Henrietta avenue about 70 feet; thence southerly at right angles 3 feet; thence westerly 811 feet and $3\frac{1}{2}$ inches to the east line of Henrietta avenue; thence northerly along said last mentioned east line 44 feet and 5 inches to the place of beginning.

The title of said street is now in us, the subscribers. Said street has been properly graded; a good four foot plank walk has been laid on each side of said street the whole length thereof.

An accurate map of said street has been filed in the clerk's office of Monroe county and also in the office of the city assessors; to which map reference is hereby had. Said street has been actually opened to and made convenient for public use and traffic.

Also there has been set a durable stone monument so located as to accurately define each and every angle of said street by placing the same in the sidewalks thereof at the intersection of the lines parallel with and four feet distant from the lines of said street forming said angles.

Said monuments are four feet in length, eight inches square at the bottom and four inches square at the top, and carefully dressed at top and for nine inches down from the top on all sides. The said stones are so set in the ground that the top surfaces thereof conform to and are flush with the established grade of the sidewalk at the point where said stone is set. The point through which said intersections of lines occur are definitely marked by drilling a tapering hole in the top surface of said stones $\frac{1}{2}$ inch in diameter at top and not less than $\frac{1}{4}$ inch in depth.

We therefore ask that said street be accepted as one of the public streets in said city of Rochester; and that the same be placed under the care and jurisdiction of the municipal government.

HARRY HIRSCHFIELD,
ELIJAH D. WEBSTER,
CHARLES SALMON,
JOANNA MCCARTHY.

Dated September 18th, 1890.

MONROE COUNTY, } s. s.
CITY OF ROCHESTER. }

On this 18th day of September, 1890, before me the subscriber personally appeared Harry Hirschfield, Elijah D. Webster, Charles Salmon, and Joanna McCarthy, to me known to be the same persons described in, and who executed the foregoing instrument, and they severally acknowledged that they executed and acknowledged the same.

MARCUS HIRSHFIELD,
Notary Public.

Referred to the Executive Board to report.

By Ald. Lewis—Resolved, That the Lamp Committee give at least three days' notice of any meetings of such committee hereafter to be held by serving a written notice of such meeting upon each member of this Board, either personally or by mail. Adopted.

By Ald. Lewis—Whereas, on the 10th day of May, 1888, the Bell Telephone Company of Buffalo, entered into an agreement with the City of Rochester, whereby it agreed to substitute an underground system for its overhead system of poles and wires, at the rate of one-half mile in each year, and

Whereas, No portion of its said system of overhead wires and poles has thus far been removed, and

Whereas, It has been asserted in the daily papers of the city that the said poles are badly decayed and are a constant source of danger to the public; therefore,

Resolved, That the City Attorney be and he is hereby directed to take any steps that may be necessary to procure the removal of said overhead system of poles and wires, and to enforce the said contract in all its terms and provisions.

Referred to the Law Committee.

The chair announced the following Committee on Petition of S. Remington for the sale of a portion of No. 15 School lot: Ald. Fee, Cleveland, Rauber.

On motion of Ald. Judson the Board then adjourned until Tuesday evening, September 30th.

PETER SHERIDAN, City Clerk.

In Common Council, Sept. 30, 1890.

OFFICE OF THE OVERSEER OF THE POOR,
CITY BUILDING, FRONT STREET,
ROCHESTER, N. Y., Sept. 30th, 1890.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Through information furnished me by the Warden of the Monroe County Alms House I learned that one Fanny Ross, stopping there, and chargeable to the City of Rochester, had money deposited in the Rochester Savings Bank, and upon an investigation I found that the information furnished me was correct, and I recovered the sum of \$222.30, said amount being for board at the Monroe County Alms House from August 2, 1887 to October 1, 1890, which I have deposited with the City Treasurer.

Respectfully,

B. RITZENTHALER, O. P.

Ordered received, filed and published.

By Ald. Kelly—

ROCHESTER, Sept. 30, 1890.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—The undersigned hereby offers to dedicate to public use a street extending from Jay street and running north about three hundred feet to be known as Rugraff street. Suitable monuments have been placed upon said street and all necessary requirements have been made to place the street in proper condition for public use, and respectfully ask that your honorable body accept it as a public street. Very truly yours,

BARBARA IMMELL.

Referred to the Executive Board.

By Ald. Kelly—Resolved, That property owners on Rogers avenue and Otis street be allowed sixty days in which to construct their walks under final ordinance No. 4,173. Adopted.

By Ald. Lewis—Petition of H. E. Welcher to erect a wood building; referred to the Wood Building Committee and fire marshal, with power to act. Also petition of Benjamin E. Chase for permission to erect a wood building. Permission granted.

By Ald. Lewis—Petition for electric lights on Henry street; referred to the Lamp Committee. Also petitions for sewers in Clifford street and Anderson avenue. Also petitions for sidewalks on Melville Park and Culver Park. Referred to the surveyor to prepare ordinances.

UNFINISHED BUSINESS.

Under this head the following came up:
By Ald. Hall—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Your special committee appointed to examine into the necessity for the construction of a new sewer through East Main street, would respectfully report that they have investigated thoroughly the matter submitted to them and have called upon the City Surveyor to present his views upon the subject in writing to your committee.

The reply of the Surveyor is as follows:

CITY SURVEYOR'S OFFICE,
ROCHESTER, N. Y., Sept. 29, 1890. }

To Ald. Hall and others, Special Committee Appointed to Examine Main street Sewer:

GENTLEMEN: The present sewer in Main street, through the territory in question, was constructed in 1859 and extends from a point near Gibbs street easterly to and beyond Alexander street. It is of stone, 1½ by 2 feet in size and has an average depth of about eight feet. I find no record of any sewer in said street between Gibbs street and East avenue. The depth of the present sewer will not admit of the drainage of cellars constructed under modern blocks—that is, cellars having a depth of from eight to ten feet, in order to properly locate furnaces for heating purposes.

The sewer, if constructed in accordance with the present ordinance, can be made of sufficient depth to afford proper sewerage for any business blocks that are now or may hereafter be erected. The topographical elevations at street crossings are as follows, the figs. es representing comparative elevations above datum: Franklin street, 274; Stillson street, 273; Gibbs street, 272; Swan street, 267.3; Windsor street, 265.8; Scio street, 263.4; Asylum street, 259; University avenue, 253.2; Union street, 251.3; Alexander street, 242.1, representing a difference in elevation between Franklin street and Alexander street of 31.9 feet.

Respectfully

OSCAR H. PEACOCK, City Surveyor.

The opinion of the City Surveyor is fortified by the communication of the Board of Health recommending the passage of the pending ordinance. If that recommendation is not followed the Board of Health will, without doubt, appeal to the State Board of Health, which latter body has it in its power to compel compliance with its orders.

In view, therefore, of the opinion of the City Surveyor, which appears to be entirely sound to your committee after careful and personal examination, in view, also, of impending legal proceedings by the State Board of Health, your committee cannot do otherwise than recommend the passage of the pending ordinance.

Respectfully submitted,

LEO J. HALL,
JOHN U. SCHROTH,
Special Committee.

Ordered received, filed and published.

FINAL ORDINANCE, NO. 4,174.

EAST MAIN STREET STONE SEWER

On motion of Alderman Judson, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a stone sewer in East Main street from near Franklin street to Alexander street.

And after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made to wit:

The construction of a stone sewer 1½x2 feet with cover and invert in size in East Main street, from a point 20 feet east of the northeast corner of

Franklin and East Main street, measured on the north line of said Main street, to the center of Alexander street. The present sewer to be removed. Also the construction of the necessary manholes, surface sewers, lot laterals, branches, and the connection of existing sewers.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$37,000, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of East Main street from Franklin street and East avenue, respectively, to Alexander street.

The final ordinance for a sewer in East Main street was then adopted by the following vote:

Ayes—Ald. Sullivan, McMillan, Fee, Rauber, Cleveland, Shelter, Hall, Bierbrauer, Judson, Schroth, Kelly, Lewis—12.

MISCELLANEOUS BUSINESS.

By Ald. Shelter—Petition for electric lights on Clifton street. Referred to the Lamp Committee and City Surveyor. Also, petition of residents in St. Clair street to change from electric lights to gas. Referred to the Lamp Committee and City Surveyor.

By Ald. Fee—Resolved, That the Law Committee be, and it hereby is authorized and directed to cause to be put in a proper condition for registry and voting therein by constructing sliding windows, etc., of the places heretofore designated as the registry and voting place of the First district of the Fourth ward. Adopted.

By Ald. Lewis—Resolved, That the resolution directing the City Attorney to institute condemnation proceedings for the acquirement of land for the opening of a new street from Clifford street to Avenue A, under Final Ordinance No. 4,127, adopted August 12th, 1890, and found at page 234, current proceedings, be, and the same hereby is, in all things, reconsidered. Adopted.

By Ald. Lewis—Resolved, That the resolution directing the City Attorney to institute condemnation proceedings for the acquirement of land for the opening of a new street from Clifford street to Avenue A, under Final Ordinance No. 4,127, reconsidered at this meeting, be, and the same hereby is, in all things, indefinitely postponed. Adopted.

By Ald. Lewis—Resolved, That Final Ordinance No. 4,127, adopted on July 1st, 1890, and found at page 174, current proceedings, for the opening of a new street from Clifford street to Avenue A, be, and the same hereby is, in all things, reconsidered. Adopted.

By Ald. Lewis—Resolved, That final ordinance No. 4,127, for the opening of a new street from Clifford street to Avenue A, reconsidered at this meeting, be, and the same hereby is, amended by providing that the territory to be assessed by a local assessment for the expense of said street opening shall be as follows:

Lot No. 299 of the Rochester Co-operative Building Lot Association, supposed to belong to Delia Stewart. Also all that portion of the Assessors' subdivision of town lot 43, known as lots Nos. 8, 9, 11, and also all that portion of lot No. 10, lying west of, and adjoining, the proposed new street, as they existed on May 20, 1890, in proportion to the benefit which each will derive therefrom, and that the Clerk be, and he hereby is directed to publish a notice in pursuance of section 172 of the charter, that all persons interested in the subject matter of the improvement specified in said ordinance, as amended, are required to attend this Common Council on Tuesday evening, October 7th, 1890, at 7 o'clock, when allegations will be heard. Adopted.

By Ald. Tracy—Resolved, That the Lamp Committee and City Surveyor be directed to cause one are electric light to be placed at corner of Allen

street and Montgomery alley. Referred to the Lamp Committee and City Surveyor.

By Ald. Schroth—Resolved, That the Lamp Committee be requested to place one arc electric light on the corner of Chatham and Kelly streets. Referred to the Lamp Committee and City Surveyor.

On motion of Ald. Fee the board then adjourned.
 PETER SHERIDAN, City Clerk.

In Common Council, Oct. 7, 1890.

REPORTS OF STANDING COMMITTEES.

By Ald. Kelly—

CITY TREASURER'S OFFICE,
 ROCHESTER, N. Y., Oct. 7, 1890.

To the Finance Committee:

GENTLEMEN—I have carefully examined the City Treasurer's books and the general business of the office in all its departments for the month of September and find the same, in every respect, sat-

isfactory and correct. A trial balance shows that all receipts and disbursements have been correctly entered, whilst of the latter their validity is attested by proper vouchers.

The cash required to be on hand on the 1st inst. after the close of business and on deposit in the banks on the morning of the 2d was as follows: Cash, \$10,022.52; in Central Bank, \$155,353.93; Traders' Bank, \$153,297.41; German-American Bank, \$157,389.39. The cash was counted and found correct; and by enquiry at the banks the above named balances to the credit of the city were found to be as stated.

Respectfully submitted,

JOHN BOWER.

Ordered received, filed and published.

Ald. Kelly from the special committee on water supply reported progress and asked for further time which was granted.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD,
 ROCHESTER, Sept. 30, 1890.

To the Common Council:

FINAL ORDINANCE, No. 4,181.

OPENING A STREET FROM CLIFFORD STREET TO AVENUE A.

On motion of Ald. Bohrer the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to open a new street from Clifford street to Avenue A.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester do ordain and determine that the following improvement is necessary and should be made, and they hereby judge that the public good requires the same to be done, viz:

The opening of a street forty (40) feet in width, from Clifford street to Avenue A, and lying between Conkey avenue and Clinton street.

The east line of the proposed street to be the east line of lot No. 10 of the assessors' subdivision and supposed to belong to Apollonia Schreiner, and the east line of lot No. 300 of the Rochester Co-operative Building Lot Association and supposed to belong to James Rockett. The west line to be parallel with and forty (40) feet west of the above described east line.

The territory necessary to be taken therefor is all the land lying between the above described east and west lines of said street, and bounded on the north by Avenue A, and on the south by Clifford street.

And the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by, and derive an advantage from such improvement, to wit:

Lot No. 299 of the Rochester Co-operative Building Lot Association, supposed to belong to Delia Stewart; also all that portion of the assessors' subdivision of town lot 43, known as lots Nos. 8, 9, 11, and also all that portion of lot No. 10, lying west of and adjoining the proposed new street, as they existed on May 20th.

Adopted by the following vote.
Ayes—Ald. Sullivan, Fee, Rauber, Lempert,

Shelter, Selye, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—12.

On motion of Ald. Sullivan, action on the final ordinances for Edinburgh street, asphalt and Medina stone improvements was further postponed two weeks.

City Surveyor is hereby directed to examine such plan and profile and establish the grade in such street, and said company shall construct its road upon the grade as so approved and established by the City Surveyor. Adopted.

By Ald. Selye—Whereas, The work in the office of the City Clerk has increased of late to such proportions that the constant attendance of the present force at the office is necessary; and,

Whereas, William Butler, the assistant messenger, has familiarized himself with the routine and clerical work of the office to such an extent that he has become too valuable for the serving of notices and the running of errands; therefore,

Resolved, That the Clerk be, and he hereby is, authorized to employ a boy at a salary not to exceed three dollars per week for the next ensuing six months, or during the pleasure of the Board, to perform such work as the City Clerk may direct.

Ald. Lewis moved that the resolution lay upon the table.

Lost by the following vote:

Ayes—Ald. Shelter, Bohrer, Lewis—3.

Nays—Ald. Sullivan, Fee, Rauber, Lempert, Selye, Bierbrauer, Judson, Kelly—8.

The resolution was then adopted as follows:

By Ald. Judson—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—Your Charter Amendment and Penal Ordinance Committee, to whom was referred the consideration of the ordinance relating to hawkers and others, adopted and passed on August 26th, 1890, and found at pages 242 and 243 current proceedings, respectfully report that, having heard the allegations of the parties interested, and having duly considered the matters referred to it therein, would, therefore, recommend that section 1 of the ordinance be amended so as to specifically relate to the sale at retail; that section 2 be amended the same as section 1, and also that the word "usually" shall be between the words "vehicle" and "drawn" or "vehicle" and "propelled;" that section 7 be amended so as to read that "no person or persons" instead of "hawkers, hucksters, peddlers, or vendors" shall sell, etc.; that section 9 shall relate to non-residents of the county of Monroe, instead of non-residents of the state of New York, and that section 10 shall be amended as stated in the accompanying resolution.

All of which is respectfully submitted,

JAMES S. JUDSON,
STEPHEN RAUBER,
M. H. LEMPERT,

Charter Amendment and Penal Ordinance Committee.

Ordered received, filed and published.

By Ald. Judson—Resolved, The ordinance relating to hawkers, hucksters, peddlers and vendors and licenses for the same, adopted and passed on August 26th, 1890, and found at pages 242 and 243, current proceedings, be amended, as follows:

Section 1. Section one of said ordinance relating to hawkers, hucksters, peddlers and vendors, and licenses for the same, adopted on August 26th, 1890, as aforesaid, be, and the same hereby is, amended, so as to read as follows:

Section 1. No person shall, at any time at retail, hawk, huckster, peddle or vend, or offer for sale, from any wagon, handcart or other vehicle, boat or vessel, or any basket, bag, booth or establishment, stand, or in any other manner, within any of the public streets, avenues, alleys or places, or from house to house, within the city of Rochester, any meats, vegetables, fruit, fish, poultry, kerosene oil, or provisions or merchandise of any kind, or any other article or thing whatsoever, without having a license therefor theretofore issued to him, her, it or them, or being an employee of the employer or employers thereof, under the terms of this ordinance, under a penalty

or fine of not less than ten dollars, nor more than thirty dollars for each offense or sale.

§ 2. Section two of said ordinance be, and the same hereby is, amended so as to read as follows:

§ 2. The Mayor of the city of Rochester shall from time to time license any proper person to huckster, hawk, peddle or vend, at retail as aforesaid, upon payment to the treasurer of said city of the sum of fifteen dollars for each wagon, cart, or other vehicle usually drawn or propelled by animal power, or any boat or vessel for the huckstering, hawking, peddling, selling or vending of any meat, vegetables, fruit, fish, poultry, kerosene oil or provisions of any kind as aforesaid, within the places, or in the manner aforesaid, and the sum of five dollars for each and every license to peddle, vend, huckster or sell at retail within said city, any of the other articles aforesaid, or any of the aforesaid articles not by means or out of or from a wagon, cart or other vehicle usually propelled or drawn by animal power, or a boat or vessel, and every driver, huckster, hawker, or peddler being the employe of the owner thereof, shall pay for his, or her license, a fee of two dollars, and no such license shall extend beyond the first day of July next after the same shall have been issued, and every person, firm or corporation applying for any license aforesaid shall, at the time, report to the city clerk his, her or its residence or business address, and, upon changing such residence or business address, shall, in like manner, immediately report to such city clerk said new residence or business address, and for each violation of this section every such person, firm or corporation shall forfeit and pay a fine or penalty of ten dollars.

§ 3. Section seven of said ordinance be, and the same hereby is, amended so as to read as follows:

§ 7. No person or persons shall sell at retail within the city of Rochester any of the articles, things or merchandise aforesaid by measure or weight, unless, before a delivery upon every such sale, the same be measured or weighed, as the case may be, in or by the measures or weights or scales theretofore, within the previous six months, sealed by the city sealer, and every person violating any of the provisions of this section shall, for each violation and offense and sale, be liable to pay a fine or penalty of not less than three dollars nor more than fifteen dollars.

§ 4. Section 9 of said ordinance be, and the same hereby is amended so as to read as follows:

§ 9. Non-residents of the county of Monroe who shall bring, or cause to be brought, into the city of Rochester any description of goods, wares or merchandise, meats, fish, game, fruits, vegetables or other products to be there sold by auction or peddled or huckstered at retail in or about the streets, avenues, alleys or places, or from house to house, within said city, shall pay to said treasurer, for the use of the city, the sum of ten dollars for each day he, she, it or them shall remain and sell goods as aforesaid, and a license shall be issued by the Mayor to such person or persons.

§ 5. Section 10 of said ordinance be, and the same hereby is amended so as to read as follows:

§ 10. Nothing in this ordinance shall be so construed as to prevent any farmer or market gardner from selling from a wagon or other vehicle, at retail, at any place within the city of Rochester, any of the aforesaid articles raised upon farms or lands by him, her, it or them, or the employer thereof, to any person not by means of outcry, nor so as to prevent a person, firm or corporation having an established place for the transaction of business for the sale of any of said articles in said city, from soliciting orders from customers in said city and filling the same, nor so as to prevent the sale of fresh and wholesome meats by the quarter within said city by any farmer who has raised or fattened the same upon his, her, its or their farm.

§ 6. This amendatory ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Ald. Fee, Rauber, Lempert, Shelter, Selye, Bierbrauer, Judson, Bohrer, Kelly, Lewis—10.

By Ald. Bohrer—Petition of Martina Loeb to erect a wood building. Referred to the Wood Building Committee and Fire Marshal with power to act.

Ald. Lewis moved that action on the final ordinance for Boardman street plank walk, No. 3,865, be reconsidered. Adopted.

On motion of Ald. Lewis further action was indefinitely postponed.

Ald. Lewis moved that the City Attorney be directed to notify the Rome, Watertown and Ogdensburg railroad company to reduce the speed of its trains at the crossings of public streets in the city of Rochester to the rate of speed allowed by the penal ordinance relating to speed of railroad trains in the city of Rochester. Adopted.

Ald. Kelly called the attention of the Board to a recent opinion of the Attorney General of the state relating to the powers of the Board of Health to abate certain nuisances by the construction of proper sewers, &c., and suggested that some action be taken in relation to the Colvin and Maple street sewers.

Ald. Kelly being in the chair, Ald. Selye moved that the matter be referred to the Law Committee to report at next regular meeting. Adopted.

On motion of Ald. Fee the Board then adjourned. PETER SHERIDAN, City Clerk.

In Common Council—Oct. 21, 1890.

REGULAR MEETING.

The Clerk called the meeting to order, and Ald. Cleveland moved that Ald. McMillan act as chairman pro tem. Adopted.

Present—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Bierbrauer, Judson, Schroth, Kelly, Lewis—14.

Absent—Ald. Hall, Bohrer—2.

APPROVAL OF MINUTES.

The minutes of the preceding meetings were approved as published in the book of proceedings.

ROCHESTER, N. Y., Oct. 14, 1890.

To the Honorable the Common Council of the City of Rochester :

GENTLEMEN—I hereby dedicate to public use to be used as a roadway and public street in the Fif-

teenth ward, extending easterly from Genesee street to the bridge, or public crossing, on the Western N. Y. & Pennsylvania railroad; said roadway having been duly monumented and a map of the same has been filed in the Monroe county Clerk's office, and also in the city assessor's office, as required by resolution of your board. The street so dedicated is known as Plymouth avenue continued.

Yours respectfully,
 EDWARD A. FROST.

Referred to the Executive Board.

By Ald. Kelly—

To the Honorable, the Common Council of the City of Rochester :

GENTLEMEN—At a meeting of your Honorable Body held in the month of August last a resolution was adopted postponing the further consideration of the application of this company for the right to cross certain of the bridges of the city with its electric cars until the second meeting in October.

It was expected, at the time when this action was taken by your Honorable Body, that electric cars would be in operation on some of the streets in the city before the first day of September, and that the people of this city would have had experience, before this meeting of the Common Council, with the operation of such cars, and could, therefore, determine whether the company should be granted permission to cross the bridges.

On account of unforeseen delays, however, caused by non-arrival of material and otherwise, this company has not yet succeeded in getting any of its lines in operation by electricity, although it is about ready so to do.

It is now expected that this company can put in operation several cars upon the Lake Avenue line some time during the present week, and before the first of November to have in operation quite a large number of its electric cars. It is also expected that by the first of January one hundred electric cars will be in operation upon the lines of this company in this city.

For the purpose of affording to the people the fullest opportunity of determining as to the advisability of allowing electric cars to cross Vincent Place, Driving Park Avenue and other bridges, this company would respectfully suggest and ask that the further consideration of its application for the right to cross such bridges heretofore duly made to your honorable body be postponed until the first regular meeting in February, 1891.

Respectfully submitted,
 ROCHESTER RAILWAY COMPANY,
 By J. N. Beckley, Vice-President.

Ordered received, filed and published.

By Ald. Kelly—Resolved, That further consideration of the application of the Rochester Railway Company, heretofore made in writing for the right, privilege and franchise of constructing, maintaining and operating branches and extensions of its street surface railroad in certain streets and across certain bridges, be and the same hereby is further postponed to the first regular meeting of this board to be held in February, 1891. Adopted.

Ald. Kelly moved that when this board adjourns it be until Thursday evening, October 30, 1890. Adopted.

By Ald. Lewis—Petition of George Werner for permission to erect a wood building. Referred to wood building committee and fire marshal with power to act. Also petition of Thomas Woods for permission to erect a wood building. Granted. Also remonstrances against wood building of W. D. Snell and another. Referred to wood building committee and fire marshal with power to act. Also petition for water mains on Baetzel park. Referred to the water works committee and Executive Board.

Also, petitions for electric lights on South avenue and Bly street. Referred to the Lamp Committee and City Surveyor. Also, petition of Alice H. Beach in relation to erroneous assessments. Referred to the Assessment Committee

REPORTS OF STANDING COMMITTEES.

Ald. Sullivan from the Lamp Committee, Ald. Fee from the Poor Committee, Ald. Rauber from the Police Committee, Ald. Cleveland from the Health Committee, Ald. Selye from the Contingent Expense Committee, Ald. Bierbrauer from the Park Committee, and Ald. Kelly from the City Property Committee, reported in favor of the various bills referred to their respective committees and referred them to the Finance Committee for payment.

By Ald. Sullivan—

ROCHESTER, Oct. 21, 1890.

To the Honorable, the Common Council of the City of Rochester.

GENTLEMEN—An ordinance has been recently passed for the construction of an asphalt pavement in Clifton street, from Prospect street to Genesee street. The eastern portion of the street is lighted with the Edison arc lights and the western portion of the street, with Edison incandescent lights. Property owners on that portion of the street have requested your committee to cause such gas mains and services to be laid during the prosecution of the street improvement as may be necessary for future domestic or other uses. Having examined the matter carefully we make the following recommendation: That the Rochester Gas Co. be directed to extend its mains in Clifton street, from Epworth street to Genesee street, with such services as may be necessary, and to erect six gas lights at such points as may be decided upon by your committee and the City Surveyor.

Said company to receive as compensation, the sum of five cents per night for each of said gas lights. The contract for said street lighting to exist for a term of five years unless abrogated by the terms of any future contract. We, therefore, recommend that the Mayor be authorized to enter into contract with the Rochester Gas Co. upon the terms and conditions above set forth, and that the City Attorney be directed to prepare the form of said contract.

We also recommend that the Edison Electric Illuminating Co. discontinue the use of five incandescent lights in that locality when notified to do so, by the City Surveyor.

Respectfully,

WM. H. SULLIVAN,
JOS. H. FEE,
D. W. SELYE,
J. MILLER KELLY.

Lamp Committee.

Ordered received, filed and published.

By Ald. Sullivan—Resolved, That the Mayor be, and hereby is, directed to enter into contract with the Rochester Gas Company for the extension of said gas company's gas mains through Clifton street from Epworth street to Genesee street. Also the construction of such gas services for domestic and street lighting purposes as may be considered necessary, and the erection of six lamps for lighting of that portion of the street. The compensation therefor to be at the rate of 5 cents per lamp per night each. The form of said contract to contain the same general conditions relating to previous contracts for street lighting, and to be approved by the City Attorney. Adopted.

By Ald. Sullivan—

ROCHESTER, Oct. 21, 1890.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Upon an examination of various localities in the Fifteenth and Sixteenth wards of the city now being publicly lighted by gas or electricity, it has become evident that the territory benefited by said street lighting has not in all cases been properly taxed for such purpose. That is, the residents of a street present a majority petition for public lights, which are ordered by the Common Council and are eventually placed on the proper street corners. This street is then taxed for street lighting purposes. The adjacent or lateral streets which are lighted at the same time by the same lights, for a distance of 200 or 300 feet on each side of the public light, are not taxed at all for the ben-

efits received. For the purpose of remedying this apparent injustice, we recommend that the City Surveyor be directed to report to the Council such streets as are being publicly lighted without being adequately taxed therefor.

Respectfully submitted,

WM. H. SULLIVAN,
JOSEPH H. FEE,
D. W. SELYE,
J. MILLER KELLY,
Lamp Committee.

Ordered received, filed and published.

By Ald. Sullivan—Resolved, That the City Surveyor be directed to report to the Common Council the names of all public streets now being publicly lighted by the use of gas or electricity and for which no public tax therefore is levied on the adjacent property. Adopted.

By Ald. Selye—

ROCHESTER, N. Y., Oct. 17, 1890.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—New houses having recently been built on Joslyn park on the south side of the street to the east of the present end of the four (4) inch cast iron water main originally laid. Your committee respectfully recommends an extension of said (4) four inch main for a distance of about 175 lineal feet east to supply domestic services to said houses and also to afford additional fire protection, which is much needed.

The estimated cost of such extension is only one hundred and seventy (\$170) dollars.

Respectfully submitted,

D. W. SELYE,
J. MILLER KELLY,
JOHN U. SCHROTH,
Water Works Committee.

Ordered received, filed and published.

By Ald. Selye—resolved, That the Executive Board be and it is hereby authorized and directed to extend a (4) four inch cast iron water main in Joslyn park, from the present end of said pipe about 175 feet east. The cost thereof to be paid out of funds heretofore provided by action of the Common Council for the extension of water mains and not otherwise appropriated. Adopted.

By Ald. Kelly—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Your Law Committee beg leave to submit the following as its report:

The Empire State Insurance Company, duly incorporated as a fire insurance company, under the laws of the state of New York, paid to the city treasurer for general city taxes as follows:

On July 31, 1888, general city tax for 1888. \$1,637 67
On July 24, 1889, general city tax for 1889. 1,900 24
On July 19, 1890, general city tax for 1890. 1,520 69

Making a total of \$5,148 60

The Rochester German Insurance Company of Rochester, N. Y., duly incorporated as a fire insurance company, under the laws of the state of New York, paid to the city treasurer for general city taxes as follows:

On July 30, 1887, general city taxes for 1887 \$1,750 95
On July 30, 1888, general city tax for 1888. 1,719 55
On July 31, 1889, general city tax for 1889. 1,671 60

Making a total of \$5,151 13

Your committee believes that, owing to the recent decision of the Court of Appeals, referred to in the annexed opinion of the city attorney, said companies were not taxable upon their personal property, capital stock, etc., and that the foregoing amounts paid by the companies, without interest, should be repaid to the respective companies, as your Committee does not believe that the only possible defense that could be urged, that of voluntary payments, would be upheld by the courts in suits brought by the companies against the city to recover the amounts thus paid.

In regard to the claim of Nicholas L. Brayer that under final ordinance No. 3,797, for the construction of the Bay and Ackerman streets, Webster avenue and Meng park sewer, adopted by your honorable body on June 25th, 1889, the Executive Board of the city of Rochester, shortly thereafter, awarded the contract to Mr. Brayer for the construction of said sewer. Mr. Brayer constructed said sewer up to Ackerman street, which point he reached in the fall or winter of 1889. His further progress was stopped because the city, at that time, had not acquired the necessary land, afterwards acquired in the widening of Ackerman street, necessary in which to construct said sewer through Ackerman street. No funds for the purchase of the lands necessary was directed until February 4th, 1890, when your honorable body directed the city's note to be made for the amount required, viz.: \$3,418.06, and shortly thereafter the requisite right of way was obtained from the owners.

Your committee would report that Mr. Brayer suffered a large amount of damage in being prevented from completing his contract for the building of said sewer through Ackerman street; that his progress was ordered stopped by the Executive Board, as that body was required to do, until after the right of way or necessary land had been obtained. The fault, if any, in not obtaining said lands before, or at the time, Mr. Brayer reached Ackerman street, was not due to any neglect on the part of the persons or owners directed to be assessed for the construction of said sewer, but was due to the officers of the city government, and, therefore, your committee believes that the damages sustained by Mr. Brayer as stated in the accompanying report of the Executive Board, viz. \$505 should be directed to be paid to him from out of the contingent fund, and that the amount, thus paid, should be as stated in said Executive Board's accompanying communication.

In the matter of the grievances of the persons assessed for the construction of a Medina stone improvement on North St. Paul street, from a point about 150 feet south of the cross walk at Marietta street to the cross walk at the south side of Lowell street, under final ordinance, No. 3,729, your committee has examined into the matter, and finds that the established grade of St. Paul street was changed in the construction of said improvement, by depressing the same greatly, and that in doing so, injury has resulted, and will result, to the buildings and property along the sides of the street, and justice to the persons and property thus assessed requires that the street be so improved as to restore the grade, and that an ordinance for such restoration be duly adopted, and that the expense thereof should be paid from the public treasury, or, to be precise, from the contingent fund.

Your committee would further state that it has heard the allegations of the Board of Health of this city and the parties interested in the matter of the construction of a sewer in Colvin street to Maple street and thence down Maple street to and into the Lyell avenue and Saxton street sewer, and finds that the condition of things, and the necessity for the construction of such sewer, has not been over estimated by the Board of Health; that it appears from the opinion of the Attorney General, recently given, that the Board of Health has the power to abate the nuisance complained of by the construction of the sewer in question, and if, that were done, it would result in the whole expense thereof being placed upon the city at large. Upon an examination of the act, your committee finds, further, that the violation of the rule passed by the Board of Health requiring this sewer to be so constructed may result in criminal proceedings being instituted against the members of your honorable body. Your committee would, therefore, recommend that an ordinance to the above effect, which will, undoubtedly be presented to your honorable body at this meeting, be adopted, and that the earliest time possible be fixed for hearing allegations before its final adoption, as provided by the

city charter, to the end that the work of construction of said sewer may be, immediately, begun and prosecuted to a final termination.

Your committee would further recommend that the claim of James Holahan, preferred against the city on account of alleged flooding of his cellar on Pennsylvania avenue be denied, as it appears from the annexed communications of the city surveyor and city attorney no legal claim against the city exists in favor of the claimant.

For the purpose of the foregoing matter, your committee recommends the adoption of the accompanying resolutions.

Respectfully submitted,

T. McMILLAN,
Except as relates to insurance return of taxes,
J. MILLER KELLY,

CITY ATTORNEY'S OFFICE,
19 CITY HALL BUILDING,
ROCHESTER, N. Y., OCT. 21, 1890. }

To the Honorable, the Law Committee of the Common Council of the City of Rochester:

GENTLEMEN—In reply to the several questions propounded to me by your honorable body, I beg leave to say:

First—That, under section 4, chapter 679, of the laws of 1886, passed on June 15, 1886, every fire or marine insurance company, incorporated under the laws of this state, is exempt from taxation for ordinary county and municipal taxes upon its personal property, capital stock, etc., and, in that view, I am supported by the decision of the Court of Appeals, handed down June 17, 1890, in the case of The People v. Commissioners of Taxes, reported in 25 Northeastern Reporter, at page 51.

Second—That the city at large should pay Mr. Brayer's damages, for the reason that the delay, if any, was due to the failure of the city authorities in acquiring the land needed for the widening of Ackerman street, so as to permit the sewer to be constructed therein, as it appears that Mr. Brayer was compelled to refrain from building the sewer in said street from sometime in the fall or early winter of 1889, until late in February, 1890.

Third, The powers of the Board of Health have been fully set forth in the recent exhaustive opinion of the Attorney General, and I have but to add that for any willful violation of a proper order of the Board of Health by the members of the Common Council such members may be subjected to criminal prosecution, as is stated in the accompanying report, and,

Fourth, That the claim of James Holahan should be denied, as is recommended by the city surveyor and your honorable committee, for the reason that I do not perceive, from the facts detailed to me, wherein any liability on the part of the city to respond in damages to Mr. Holahan exists.

Respectfully yours,

CHARLES B. ERNST, City Attorney,
Ordered received, filed and published.

CITY SURVEYOR'S OFFICE,
ROCHESTER, N. Y., Oct. 21, 1890. }

Charles B. Ernst, City Attorney:

DEAR SIR—Relating to the claim of James Holahan for damages on account of alleged defects in the Pennsylvania avenue sewers. This sewer is constructed of vitrified pipe 15 inches in diameter, is 11 feet in depth and was built in 1887. I do not know of any negligence on the part of the city authorities, or of any fact that should establish the precedent of paying any such claim.

Respectfully,

OSCAR H. PEACOCK, City Surveyor.

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Bierbrauer, Judson, Schroth, Kelly, Lewis—14.

By Ald. McMillan—Resolved, That the City Surveyor be, and he hereby is, directed to immediately prepare and submit to this Common Council, for passage, an ordinance for the raising of the present grade, to the former grade, of North St. Paul street, between the north line of Marietta street and the south line of Lowell street, and the Medina improvement thereon, and that the cost thereof be made a charge upon, and paid from, the public treasury; and that the Executive Board advertise and receive proposals and award contracts for the same, as is provided by the City Charter, and that the City Surveyor prepare the necessary plans, specifications and contracts therefor, and that the cost thereof be paid by orders, to be drawn by this Common Council, upon the Treasurer, payable from the public treasury, as is provided by the City Charter. Adopted.

By Ald. McMillan—Resolved, That the city surveyor be, and he hereby is directed to immediately prepare and present to this Common Council for adoption, an ordinance providing for the construction of a sewer in Colvin street and thence into and along Maple street into the Lyell avenue and Saxton street sewer, with a description of the territory to be assessed therefor, and that such sewer be of a proper depth to drain the locality to be drained. Adopted.

By Ald. Rauber—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—Your Committee on Police, Excise and Markets respectfully reports that, owing to the unusual increase of election districts and the necessity for at least one officer being detailed for each district, necessitates the employment of

additional special policemen for that day, and your committee would, therefore, recommend that, to meet the emergency as aforesaid, the Board of Police Commissioners be authorized to employ for that day twenty additional policemen, and that such appointment be made as prescribed by subdivision six of section twelve of the city charter.

Respectfully submitted.

STEPHEN RAUBER,
JOSEPH H. FEE,
WM. H. SULLIVAN,
JOHN U. SCHROTH,
Committee.

Ordered received, filed and published.

By Ald. Rauber—Resolved, That the Board of Police Commissioners be, and they hereby are authorized to employ twenty additional or temporary policemen for the fourth day of November, 1890, to be assigned to, and to act as, special temporary policemen at the polling places within the city of Rochester upon said day. Adopted.

REPORTS OF SELECT COMMITTEES.

By Ald. Fee— CITY SURVEYOR'S OFFICE,
ROCHESTER, N. Y., Oct. 21st, 1890.

To the Honorable the Common Council of the City of Rochester, N. Y.:

GENTLEMEN—Your select committee appointed for the purpose of examining a certain piece of land proposed to be sold to S. Remington, and also to enquire into the expediency of such sale, herewith report having examined the property in question, and we are of the opinion that the sale of the small portion of land required by Mr. Remington, will not be detrimental in the least to the interests of the Monroe School lot, and recommend the transfers to be made.

JOSEPH H. FEE,
S. D. W. CLEVELAND,
STEPHEN RAUBER,
Committee.

Ordered received, filed and published.

By Ald. Fee—Resolved, That the Mayor be, and he hereby is directed, upon the presentation to him of the City Treasurer's certificate, that Stephen Remington has paid to him for the property hereinafter described, the sum of \$400, to execute and deliver to said Stephen Remington a deed in the name of the city of Rochester, which shall convey to said Remington all the right, title and interest which the city of Rochester has in or to the following described premises, viz: Beginning at a point in the south line of Monroe avenue, about 173 feet east of the southeast corner of Monroe avenue and Alexander street, at the intersection of the division line between the Monroe school lot and lot No. 5 of Abeles, Brewster and Remington's subdivision of part of lots 1 and 2 of the Cobb tract; thence easterly along the south line of Monroe ave. 10 feet; thence southerly in a direct line to the southeast corner of said lot No. 5, heretofore mentioned; thence northerly along the east line of said lot No. 5, 110 feet to the place of beginning, being a small triangular piece of land taken from the northwest corner of Monroe school lot, on which stands what is commonly known as school No. 15.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Bierbrauer, Judson, Schroth, Kelly, Lewis—14.

By Ald. Lempert—

To the Hon. Common Council of the City of Rochester:

Your committee on the east side sewer would respectfully submit the following as a preliminary report: We have held a number of meetings, and have discussed the construction of the trunk sewer with Mr. Emil Kuichling. At the conference with the engineer, Mr. Kuichling suggested that, as all persons are liable to make mistakes, he would be glad to have his recommendations reviewed by some eminent sewerage engineer.

At one of our meetings, the East Side Tax-payers' association was represented by a committee, who also argued that, in view of the fact that the construction of this sewer was an undertaking of great magnitude, and was sure to be very expensive, the committee owed it to the property owners to make assurance doubly sure, and while expressing the utmost confidence in Mr. Kuichling, and his plans and estimates, they asked the committee to recommend that the council employ some expert engineer to review those plans, and report as to their expediency and practicability; also, as to whether the estimates were approximately correct.

Your committee, while not wishing to be understood as in any way doubting Mr. Kuichling's ability, and confident that his report will bear such review, were impressed with the reasonableness of the proposition. We have therefore, corresponded with several eminent engineers and herewith submit the letters received from them. We would respectfully recommend that this committee be authorized to employ an engineer, at an expense of not to exceed \$500, to review the report of Mr. Kuichling and report upon the feasibility of his plans and the correctness of his estimates.

By Ald. Lempert—

Resolved, That the east side trunk sewer committee be, and it hereby is, authorized and empowered to enter into a contract with an expert engineer to be selected by it, at an expense of not to exceed \$500, to review Mr. Kuichling's plans and report as to their feasibility and the correctness of his estimates, but that said contract shall not be binding upon the city until the same shall have been approved by the common council to be assessed back to the fund to be known as the East Side Sewer Fund.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Lempert, Cleveland, Shelter, Selye, Bierbrauer, Judson, Kelly, Lewis—12.

Nays—Ald. Rauber, Schroth—2.

PROVIDENCE, R. I., September 13th, 1890.

Merton E. Lewis, Esq., Alderman Sixteenth Ward:

DEAR SIR—Your favor of the 11th, is at hand and its contents noted. I shall be pleased to undertake the work called for in your letter. It is, however, very difficult to fix upon a lump sum beforehand for doing work of such a nature, as it is impossible to know in advance the amount of time it will consume.

I generally charge the price which I believe is usual among engineers for such work, that of \$50 per day and travelling expenses. If there are to be other engineers engaged with me on the case, I would be governed by their charges. I would be pleased to render my services, and I assure you I should not allow any dissatisfaction to arise on account of charges.

If this is not definite enough and if you must have a fixed price or lump sum, if you can give me some idea of the time it will require, I will try and conclude upon an amount. I shall be pleased to hear from you again.

Yours Truly,
SAMUEL M. GRAY.

93 LINCOLN ST., BOSTON, SEPT. 21, 1890.

Morton E. Lewis, Esq., Alderman of Sixteenth ward, Rochester, N. Y.:

DEAR SIR—I have your letter of 16th inst. I am engineer in charge of building very extensive works here, but presume I can make the examination you ask for. I cannot tell precisely what my charge would be without knowing more about the proposed work and the time it will take to go over the details. I presume that five hundred dol-

lars will cover it. I should be glad to get a copy of the report [if it is in print] whether you have me make the examination or not.

Yours respectfully,

HOWARD A. CARSON.

Ordered received, filed and published.

Ald. Kelly from the Special Committee on Investigation of Board of Education reported progress and asked for further time, which was granted.

By Ald. Kelly—

To the Honorable the Common Council of the City of Rochester N. Y.:

Your special committee on additional water supply has made an exhaustive examination of the subject of procuring a permanent additional supply of potable water for the city, but in view of the numerous complications that have presented themselves, a final report upon the various projects considered cannot yet be made. The matter of comparative costs of the different schemes is governed largely by the amount of damages that will be demanded by the owners of water power on the outlets of Hemlock, Canadice and Conesus lakes, and until this matter is settled in an obligatory manner, no definite results can be reached.

Your committee would, however, state that in their judgment, the Hemlock lake project presents numerous advantages, which might make it desirable as a source for the additional supply, provided that the value of the damages to the water power owners on the Hemlock and Honeyo outlets can be definitely ascertained. An attempt has been made to secure options on all the water rights thus involved, but, in some instances the negotiations have failed, in consequence of the condition being imposed that the city should purchase the whole of the real estate, machinery and business of the mills and factories. Your committee does not deem it expedient for the city to purchase such real estate, machinery and business, and considers that the rights to the water alone should be acquired. Several of the owners also decline to set a value on their water rights alone, unless to a committee duly authorized to conclude a purchase thereof, on behalf of the city.

Such power has, however, not yet been vested in your committee, and, without it, there seems to be no good prospect of reaching any definite conclusions in these respects. Your committee, therefore, deems it necessary that the power to make valid contracts with the owners of these water powers, for the necessary rights to the water in Hemlock and Honeyo outlets, should be delegated to it, in order that negotiations may be properly continued; such contracts to become binding upon the city only after the passage and approval of the requisite legislation, and, also, after the approval of the terms of such contracts by the common council.

The same remarks are likewise applicable to the case of Conesus lake as a source for the proposed additional water supply. Inasmuch as this lake has been particularly recommended by Messrs. Fanning and Fteley in their report of last year, your committee is of the opinion that the costs of securing the necessary water rights on its outlet should also be definitely ascertained in the same manner as above indicated.

Respectfully submitted,

J. MILLER KELLY,

T. McMILLAN,
W. H. SULLIVAN.

By Ald. Kelly—

Resolved, That the special committee on additional water supply be, and it hereby is, authorized and empowered to enter into contracts with the owners of water powers on Hemlock, Conesus and Canadice lakes and their outlets for the purchase from such owners of their rights in said lakes and out-

lets; such contracts to become binding upon the city, however, only after the passage and approval of the requisite legislation, and after the approval of the terms of such contracts by the common council of the city of Rochester.

Adopted.

Ald. Kelly, from the Special Committee on Lyell avenue and Saxton street sewer appropriation, reported progress and asked for further time, which was granted.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, Oct. 21, 1890.

To the Hon. the Common Council of the city of Rochester.

GENTLEMEN: The Executive Board has caused an examination made of the matter of the extension of Ethel street, and find on inquiry that the part of land proposed to be taken for said extension has been used by the public as a thoroughfare the same as the other part of the street already laid out, for five years without obstruction or hindrance on the part of any individuals who now claim the ownership of said land; and, in corroboration of this statement, the Board has obtained the affidavits of reputable citizens that the street has been in use for at least this period of time.

In view of the fact that the charter appears to make streets used for five consecutive years public highways, they have therefore authorized the Street Superintendent to remove any obstructions that interfere with the public use of said property. And this order of the Board has been obeyed.

Respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received filed and published.

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, N. Y., Oct. 21, 1890.

To the Common Council:

GENTLEMEN—The Executive Board has made an examination of the following streets: Clifford avenue, Augustine street, Birr street and Burke Terrace, and which the owners propose to dedicate to public use, and begs leave to report that said streets have been properly monumented and graded and are in all respects prepared and ready for acceptance by the city as public streets.

Respectfully,

THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Kelly—Resolved, That the dedication of the following streets, known as Clifford avenue, Augustine street, Birr street and Burke Terrace, mentioned in the foregoing communication of the Executive Board, be and the same hereby are accepted, and the City Clerk hereby is directed to enter the names of said streets in the public street register in the City Clerk's office and notify the Executive Board to place the usual street signs where required. Adopted.

By the clerk—

By the Clerk—

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., Oct. 21, 1890.)

To the Hon., the Common Council:

GENTLEMEN—At a special meeting of the Board of Health held October 10, 1890, the following action was taken:

Com. Beigler presented a communication from the Secretary of the State Board of Health in relation to the Colvin street sewer. Also the following decision of the Attorney General in the matter of the powers of the Board of Health to lay a drain or sewer in a public street.

STATE OF NEW YORK,
ATTORNEY GENERAL'S OFFICE,
ALBANY, September, 24th, 1890.)

Hon. Lewis Batch, Secretary of State Board of Health:

DEAR SIR—In reply to your verbal request for my opinion as to the power of a local board of health to lay a drain or a sewer in a public street, which is the only means of abating a nuisance which is dangerous and a menace to public health, after having duly requested the authorities of such city or village to abate such nuisance, and a refusal upon their part so to do, I beg leave to state as follows:

By Chapter 270 of the Laws of 1885 the organization of local boards of health is provided for, and when organized they have the power (section 4) "to receive and examine into the nature of complaints made by any of the inhabitants, concerning nuisances, or causes of danger or injury to life and health within the limits of its jurisdiction; to enter upon or within any place or premises where nuisances or conditions dangerous to life and health are known or believed to exist, and by appointed members or persons, to inspect and examine the same; * * * and every such board of health shall have power, and it shall be its duty, to order the suppression and removal of nuisances and conditions detrimental to life and health found to exist within the limits of its jurisdiction;" and, (by section 6): "To make, and from time to time to publish, in such manner as to secure early and full publicity thereto, all such orders and regulations as they shall think necessary and proper for the preservation of life and health and the successful operation of this law; and to make, without publication thereof, such orders and regulations in special or individual cases, not of general application, as they may see fit, concerning the suppression and removal of nuisances, and concerning all other matters in their judgment detrimental to public health, and to serve copies thereof upon any occupant or occupants, and the owner or owners of any premises whereon any such nuisances or other matters aforesaid shall exist, or to post the same in some conspicuous place on such premises."

Subdivision 8, "To employ all such persons as shall be necessary to enable them to carry into effect the orders and regulations they shall have adopted, and the powers vested in them by this act, and to fix their compensation."

Section 4, " * * * And in case of non-compliance with any order or regulation which shall have been served or posted, as provided in subdivision 6 of section 3 of this act, said board or its servants or employees may lawfully enter upon any premises to which said order or regulation relates, and suppress or remove the

nuisance or other matters in the judgment of said board detrimental to the public health mentioned in such order or regulation, and any other nuisance or matter of the description aforesaid found there existing; and the expense thereof shall be a charge upon the occupant or on any or all of the occupants of said premises, or upon the person or persons who have caused or maintained the nuisance or other matter of the description aforesaid, and may be sued for and recovered with costs by said board, in the name of such board in any court having jurisdiction."

Section 5. "All expenses incurred by the several boards of health in the execution and performance of the duties imposed by this act shall be a charge only on their respective cities, villages and towns; and shall be audited, levied, collected and paid in the same manner as other city, village and town charges are audited, levied, collected and paid."

These provisions, it seems to me, give local boards of health ample power to abate nuisances, and if there is an existing nuisance dangerous to health in a street, and the city or village authorities refuse to abate the same, it is the duty of the Board of Health to abate it, and I am of the opinion that, if the authorities of the city or village, after having been properly served with an order to abate the nuisance, refuse or neglect so to do, the Board of Health may abate it, and if the laying of a sewer be the only safe and proper means of abating such nuisance, they may lay such a sewer, and may charge the expense thereof to the city or village, the city or village being the occupant of the street within the meaning of the word as used in the act above referred to.

Gould vs. City of Rochester, 105 N. Y., 46.

The expenses of the Board of Health in laying such sewer should be audited, levied, collected and paid in the same manner as other city or village charges are audited, levied, collected and paid.

Very respectfully,

Your obedient servant,

CHARLES F. TABOR,
Attorney-General.

BOARD OF HEALTH, Sept. 18th, 1890.

By Commissioner Biegler—

Whereas, On the 23d day of May, 1890, the chairman of the Sanitary Committee of this board, after a careful investigation, made a report of the condition of the Colvin street sewer, and of the consequent dangerous unsanitary state produced on this and adjoining streets, by reason of the overflow of said sewer into the cellars of the residents on said streets, and that thereupon this board declared said sewer to be a nuisance, and made an urgent request to the Common Council to pass an ordinance for the construction in said street, of a sewer of sufficient capacity to remove the impending danger, which has become imminent, to the health and lives of people whose houses and premises are inundated by the present sewer; and,

Whereas, After the presentation of the facts involved in the complaint of the residents of Colvin and adjacent streets, being the finding of the aforesaid investigation and of the accompanying recommendation of this board for their relief, the Common Council refused, on the 9th day of September, 1890, to abate this dangerous nuisance by indefinitely postponing action thereon. And, after such refusal, on the following day the residents of Colvin street again appealed to this board for its assistance, and upon said appeal a further investigation was immediately made which immediately revealed the following facts:

September 10th, heavy rains prevailing, Colvin street inundated for half its length between West avenue and the N. Y. C. railroad. Residence of William J. Walters, No. 17 Colvin street, cellar, water six inches deep. Water line showed water to have been three feet deep; that cellar floor has been cemented and sewer opening plugged, but water has burst through cellar bottom; cellar walls are excellent; members of the family are sick with rheumatism.

Residence of Officer George Kleisley, No. 19 Colvin street; cellar has a cement floor; walls good, cellar floor covered with a slush and filth from

sewer; odor horribly offensive; water line showed a depth of two feet that day.

The residence of Officer John Sullivan, cellar and contents showed the effect of a flood; wreckage strewn over the floor; line of water showed a depth of two feet; cellar walls good.

Residence of Mr. Frank Bartell, 23 Colvin street; cellar in a horrible condition; floor covered with filth from sewage; water has been two feet deep; cellar walls good; odor very bad.

Residence of James Mino, No. 3 Chester street; water in cellar; condition like those described. Mr. Mino is lying sick in the house with typhoid fever; three of his children are sick with other diseases; wife soon to be confined.

Residence of Charles Goss, No. 2 Chester street; water had been, two hours previous to inspection, twelve inches deep. It is at times three feet deep; water comes in a flood from the sewer during heavy rains, and disappears soon after.

Residence of Officer Michael FitzPatrick, No. 25 Colvin street; cellar had fourteen inches of water in it, as shown by water line. Water having subsided, the floor of the cellar is covered, like all the others, with water and filthy slime. In front of this residence water was bursting through the surface of the street from the sewer; cellar walls are good.

Residence of Frederick Boehm, 29 Colvin street; cellar had two feet of water, but mostly passed off; wreckage strewn over the cellar, as after a flood; stench from remaining filth and slime, like all the other cellars; family reported sick.

Residence of William Hays; water had been two feet deep in cellar; floor covered with slimy filth and floating wreckage; contents of water closets apparent; odor unbearable.

Residence of Christian Miller, Colvin street; water had been six inches deep, as shown by water line; conditions and odor like the other cellars here reported.

The enumeration of the above premises is given, as illustration of all the residences on the street; and,

Whereas, The condition here described, of said streets and residences, is due to additional drainage from a large territory south and west of Colvin street, for which the sewer in said street was not intended, and which additional drainage was ordered by the Common Council, and the consequent unsanitary conditions created thereby have existed for a long time, one or more years, and were present at the time the Common Council refused to give the needed relief; and,

Whereas, By the recent enlargement of the Saxton street sewer a sufficient outlet for the Maple street and the Colvin street sewers and the sewers and watershed discharging therein has been provided, no valid reason exists for the proceedings of the Common Council for indefinitely postponing action for the required relief. The only obstacle presented being the remonstrance of residents of Maple street, whose tax for the relief sought would be little more than nominal and to whom the improvement sought would be a great benefit.

Now, therefore, Resolved, That the requirements of the board of the Common Council of this city in the matter pertaining to the Colvin street sewer, be referred to the State Board of Health for enforcement, under provisions of chapter 270 of the laws of 1885, entitled "An act for the preservation of public health and the registration of vital statistics," as amended by chapter 309 of the laws of 1888.

Adopted unanimously by the following vote:
Ayes—Commissioner Carroll, Whitbeck, Biegler, Hoyt, Derrick, Kondoff, Howe—7.

By Com. Biegler—

BOARD OF HEALTH,
ROCHESTER, N. Y., Oct. 10, 1890.

To the Hon. the Common Council of the City
Rochester:

The accompanying opinion of the Attorney General and the decision of the State Board of Health, also the papers emanating from this board in the matter of the Colvin street complaint, of

which this board appealed to the said authorities, are hereby respectfully submitted, with the request that your honorable body proceed with the least possible delay, to enact and carry out such measures as will abate the nuisance on said street by the construction of a sewer of sufficient capacity to drain the territory extraneous to said street, now imposed on the said sewer.

Your honorable body will appreciate the necessity for immediate action by reason of the lateness of the season, in which such work can be advantageously accomplished, and in consequence of the urgency for relief created by the constant menace to the health and life of the residents of said street, as shown in the report of the findings of the sanitary committee of this board, a copy of which is herewith submitted.

You will see by the communication of the State Board of Health and the opinion of the attorney general that is the duty of this board to abate such nuisance at the expense of the city in case your honorable body does not abate the same.

The Board is desirous of maintaining harmonious relations with the various departments of the city administration, and to avoid innovation in their methods, but would be constrained to prompt action in this, and in similar cases, when public health is endangered, and when a failure to act would place its members in a position where they may be charged with neglect of duty. Adopted.

A true copy from the minutes.

OFFICE OF THE CITY ATTORNEY,
ROCHESTER, N. Y., Oct. 21st, 1890.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN:—The action of Frank W. Elwood against the city of Rochester, and its former treasurer, to vacate and set aside the assessment for the opening of Church street, was, on the 7th inst., confirmed by the Court of Appeals, upon an appeal taken to that court by the city, and the three judgments for costs obtained by Mr. Elwood will have to be paid, and, whether or not the city will avail itself of the provisions contained in the modification of the judgment by the General Term as to making a re-assessment, is for your honorable body to determine, and I would, therefore, respectfully request that the subject be referred to your Law Committee for consideration.

Respectfully yours,

CHARLES B. ERNST,
City Attorney.

Referred to the Law Committee.

By Ald. McMillan—

To the Honorable, the Common Council of the city of Rochester:

Coleman; thence northerly along the west line of said Coleman's lot to the northwest corner thereof; thence easterly along the north line of said Coleman's lot to Goodman street; thence northeasterly across Goodman street to the southeast corner of Goodman and Clifford streets; thence easterly along the south line of Clifford street, including one tier of lots and parcels of land on the south side thereof for a depth of 120 feet, to the Goodman street sewer outlet; thence northerly at right angles to the south line of Clifford street to the north line thereof; thence northerly in a continuation of said line to the north line of F. X. Gress's subdivision of lot No. 10 of assessors' subdivision of

town lot No. 48; thence westerly along the north line of said Gress's subdivision to Goodman street; thence northerly along the east line of Goodman street, including a strip of land for 300 feet in depth on the east side thereof, to the north line of lot No. 7 of assessors' subdivision of town lot No. 48 and supposed to be owned by the estate of Robert Leggett; thence southwesterly to the northwest corner of Goodman and Jennings streets; thence westerly along Jennings street, including a strip of land 200 feet in depth on the north side thereof, to the east line of the Jennings tract; thence northerly along the east line of the Jennings tract to a point opposite the northeast corner of lot No. 397 of said Jennings tract; thence westerly along the north line of lots Nos. 397, 366, 287, 256, 179, 148, 71 and 39 of said Jennings tract to the west line of said Jennings tract; thence southerly along the west line of said Jennings tract to the south line of Jennings street; thence westerly along the south line of Jennings street, excepting one tier of lots and parcels of land on the south side thereof for 130 feet in depth, to the east line of Ulrich's subdivision of a part of lot No. 26 of assessors' subdivision of a part of town lot No. 46; thence still westerly along the south line of Jennings street, excepting one tier of lots and parcels of land on the south side thereof, to the west line of said Ulrich's subdivision; thence still westerly along the south line of Jennings street, excepting a strip of land 130 feet in depth, to the west line of lot No. 25 of assessors' subdivision of a part of town lot No. 46 and supposed to be owned by Barbara K. Speigel; thence southerly along the west line of said lot No. 25 to Clifford street; thence westerly along the north line of Clifford street, including one tier of lots and parcels of land on the north side thereof, to a point 150 feet east of North avenue; thence southerly at right angles to the north line of Clifford street to the south line of Clifford street; thence easterly along the south line of Clifford street, including one tier of lots and parcels of land on the south side thereof, to the place of beginning, in proportion to the benefit which each will derive therefrom.

Adopted.

HAGUE STREET PLANK WALK.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a walk on Hague street.

Adopted.

The Surveyor submitted as such estimate, \$200.

By Ald. Shelter—Resolved, That the following improvement is necessary, viz.:

The construction of a pine plank sidewalk 4 feet wide on the east side of Hague street, from West avenue to the south track of the Buffalo, Rochester & Pittsburg railroad, except where good walk at least 4 ft. wide now exist; also the necessary sidewalk grading and gutter formations. Property owners to be allowed 30 days in which to construct their own walks.

And, Whereas, The City Surveyor, under the direction of this Council, has made an estimate of the whole expense thereof, and reports the same at \$200, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on the east side of Hague street from West avenue to the south track of the Buffalo, Rochester & Pittsburg railroad, in proportion to the benefit which each will derive therefrom.

Adopted.

COLVIN AND MAPLE STREET SEWER.

By Ald. Judson—Resolved, That the City Surveyor ascertain and report to this Council the expense of reconstructing the Colvin street sewer and the outlet thereof, from West avenue to Saxton street.

Adopted.

The Surveyor submitted as such estimate \$43,000.

REPORTS OF SELECT COMMITTEES.

By Ald. Shelter—
 To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Your Special Committee to whom was referred the petition of the property holders on Brown street to have the name changed to Brown's avenue, would most respectfully report that they have investigated the petition and find that there are 159 taxpayers on the street, and the petition that has been presented has but 80 names, and a number of them are not property holders. Under rule 43 of this Common Council it requires two-thirds of the property holders, which would be 106. Your committee have come to the conclusion that it is not a majority petition of the property holders of Brown street. Your committee,

therefore, recommend that the matter be indefinitely postponed.

HENRY SHELTER,
JOS. BIERBRAUER,
W. M. H. SULLIVAN,
Committee.

Ordered received, filed and published.

By Ald. Shelter—Resolved, that further action on the petition to change the name of Brown street to Brown's avenue be indefinitely postponed. Adopted.

By Ald. Seyle—Resolved, That the Executive Board be directed to lay a water pipe in Leavenworth place, from Ravine avenue to a point 120 feet south thereof, to be paid for from the Water Pipe Fund, out of funds not otherwise appropriated, provided there is any money left.

D. W. SELYE,
HENRY SHELTER,

MONROE COUNTY COURT—In the matter of the opening of a street from Maple street to Campbell street in the city of Rochester.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—The undersigned, who were appointed by an order of the Monroe County Court, duly granted and entered on the 6th day of October, 1890, commissioners to inquire into and determine what damages and compensation the owner or owners tenants or occupants of the lands to be taken for the purpose of opening a street from Maple street to Campbell street in said city will be entitled to, respectfully report and certify their award of damages, as incident to the opening of said street, as follows:

The several pieces and parcels of land required for such purpose are described as follows:

All that tract or parcel of land, situate in the city of Rochester, county of Monroe and State of New York, bounded and described as follows:

Beginning at the southeast corner of lot number ninety-five (95) of the German Tract, as laid down upon a map thereof on file in the Monroe County Clerk's office, in liber 1 of maps at page 125, and running thence north on the east line of said lot for a distance of about four hundred and thirteen feet to the northeast corner of said lot; thence west on the north line of said lot for a distance of thirty-five (35) feet to a point; thence south parallel with and thirty-five (35) feet distant from the east line of said lot for a distance of about four hundred and thirteen feet to the south line of said lot, and thence east on said south line for a distance of thirty-five feet to the place of beginning.

These premises are owned by Philip Ebertz and Catherine Ebertz, his wife, and are subject to a mortgage given thereon by them to John Baptist Reichenberger to secure the payment of one thousand dollars and interest, dated December 3, 1887, and recorded in said clerk's office on December 6, 1887, in liber 265 of mortgages at page 134.

Also all that other tract or parcel of land situate in the city, county and State aforesaid, bounded and described as follows:

Beginning at the northeast corner of said lot number ninety-five and running thence north on the east line of said lot number ninety-five produced for a distance of about forty-two feet to a point on the north line of the south half of lot number ninety-seven of said tract, or the north line of premises owned by Joseph Klier and Catherine Klier, his wife, thence west along said north line for a distance of thirty-five feet to a point; thence south parallel with and distant thirty-five feet from the aforesaid east line to the north line of said lot ninety-five for a distance of about forty-two feet, and thence east along said north line for a distance of thirty-five feet to the place of beginning.

These premises are owned by Joseph Klier and Catherine Klier his wife.

Also all that other tract or parcel of land situate in the city, county and state aforesaid, bounded and described as follows:

Beginning at the northeast corner of lands of Joseph Klier and wife taken for the purpose of the street opening herein, at a point where the east line of lot ninety-five aforesaid, if produced would intersect the same, and on the north line of lands of said Joseph Klier and Catherine Klier; thence north on said east line produced to a point on the north line of lot number ninety-seven of said tract, or north line of lands of John Kues and wife for a distance of about forty-one feet; thence west on said north line for a distance of thirty-five feet to a point; thence south parallel with and distant thirty-five feet from the aforesaid produced east line for a distance of about forty-one feet to a point on the north line of premises owned

by said Joseph Klier and Catherine Klier, and thence east on said north line for a distance of thirty-five feet to the place of beginning.

These premises are owned by John Kaes and Margaret Kaes, his wife, and there are four judgments, one in favor of John G. Wagner and another against John B. Kase, another in favor of Jirah B. Moseley, and another against John Kaes, and two in favor of Edward K. Warren against John E. Kass.

Also all that other parcel or tract of land situate in the city, county and state aforesaid, bounded and described as follows:

Beginning at a point on the south line of lot ninety-eight of the aforesaid German Tract where the east line of lot number ninety-five of said tract, if produced, would intersect the same; thence north on said produced line for a distance of about forty-one feet to a point on the north line of the south half of said lot number ninety-eight or north line of premises owned by Joseph Hoffman and Catherine Hoffman, his wife; thence west on said north line for a distance of thirty-five feet to a point; thence south on a line parallel with and thirty-five distant from the aforesaid east produced line and for a distance of about forty-one feet to a point on the aforesaid south line; and thence east on said south line for a distance of thirty-five feet to the place of beginning.

These premises are owned by Joseph Hoffman and Catherine Hoffman his wife.

Also all that other parcel or tract of land situate in the city, county and state aforesaid, bounded and described as follows:

Beginning at a point on the north line of the south half of lot number ninety-eight of the aforesaid German tract where the east line of said lot number ninety-five of said tract if produced would intersect the same, or the south line of lands of Mary Guerinot; thence north on said produced line for a distance of about forty-one feet to a point on the north line of said lot ninety-eight or north line of lands owned by said Mary Guerinot; thence west on said north line for a distance of thirty-five feet to a point; thence south on a line parallel with and thirty-five feet distant from the aforesaid produced east line for a distance of about forty-one feet to the south line of said lands of said Mary Guerinot, or the aforesaid north line of the south half of said lot number ninety-eight, and thence east on said last-mentioned line for a distance of thirty-five feet to the place of beginning.

These premises are owned by Mary Guerinot, and are subject to a mortgage given by John Miller to Louisa S. Childs to secure one hundred dollars and interest, dated March 30, 1848, and recorded in said Clerk's office on the same day in liber 44 of mortgages at page 539; another given by said Mary Guerinot and Peter Guerinot, her husband, to The People's Permanent Saving and Loan Association, to secure four thousand nine hundred and forty-five dollars and interest, dated April 26, 1889, and recorded in said Clerk's Office on the same day in liber 313 of mortgages at page 210; another by said Mary Guerinot to Apollonia Schreiner to secure four hundred dollars and interest, dated April 26, 1889, and recorded in said Clerk's Office on the same day in liber 314 of mortgages at page 153; another by said Mary Guerinot and Peter Guerinot her husband to John H. Foley to secure five hundred dollars and interest dated August 29, 1889, and recorded in said office on August 30, 1889, in liber 315 of mortgages at page 430; also three judgments against said Mary Guerinot and Peter Guerinot: one in favor of Eliza R. Long, docketed January 20, 1890, for sixty-eight dollars and twenty-one cents; another in favor of Silas L. Atwater and others docketed January 30, 1890, for three hundred and thirty-four dollars and seventy-four cents and another in favor of J. Copeland Clark, docketed February 17, 1890, for one hundred and thirteen dollars and twenty-nine cents and a mechanics lien filed against them by J. H. Foley and George Duncan in said Clerk's Office on August 20, 1889, for two hundred and fifty dollars.

Also, all that other tract or parcel of land, situate in the city, county and state aforesaid, bounded and described as follows:

Beginning at a point on the south line of lot ninety-nine of the German tract, where the east line of lot ninety-five of said tract if produced would intersect the same, thence north on said east line produced to a point on the north line of the south half of said lot number nine, and being the north line of lands of Joseph Ruff for a distance of about forty-one feet; thence west on said north line for a distance of thirty-five feet to a point; thence south, parallel with and distant thirty-five feet from said east produced line to a point on said south line of said lot ninety-nine for a distance of about forty-one feet; and thence east on said south line for a distance of thirty-five feet to the place of beginning. These premises are owned by Joseph Ruff.

Also all that other parcel or tract of land situate in the city, county and state aforesaid, bounded and described as follows: Beginning at a point in the south line of the north half of lot ninety-nine of the aforesaid German Tract, where the east line of lot ninety-five of said tract if produced would intersect the same; thence north on said produced east line for a distance of about eighty-two feet and six inches to a point on the south line of the south half of lot one hundred of said tract or the south line of premises owned by the heir-at-law and widow of Nicholas Bastendorf, deceased; thence west on said south line for a distance of thirty-five feet to a point; thence south parallel with and distant thirty-five feet from said produced east line and for a distance of about eighty-two feet and six inches to a point on the north line of the south half of said lot ninety-nine, belonging to Joseph Ruff, and thence east on said north line for a distance of thirty five feet to the place of beginning.

These premises are owned by John Spitz, Peter Spitz, Jacob Spitz, Louis Spitz, and Nicholas Spitz, and Barbara Paul and Mary Koch or Cook, children and heirs at law of Louis Spitz deceased, subject to the dower right of Catherine Spitz, widow of said Louis Spitz deceased, and the inchoate dower rights of the wives of said John Spitz, Peter Spitz, Jacob Spitz, Louis Spitz, and Nicholas Spitz, named respectively: Margaret Spitz, Barbara Spitz, Mary Spitz, Isabella Spitz and Catherine Spitz, besides a large number of judgments against Peter Spitz and others.

Also, all that other tract or parcel of land situate in the city, county and state aforesaid, bounded and described as follows:

Beginning at a point on the south line of the north half of lot one hundred of the German tract where the east line of lot ninety-five of said tract if produced would intersect the same, thence north on said produced east line to a point on the north line of said lot one hundred or the south line of Campbell street for a distance of about forty-one feet; thence west on said north line for a distance of thirty-five feet to a point; thence south on a line parallel with and thirty-five feet distant from said produced easterly line for a distance of about forty-one feet to a point on the north line of the south half of said lot one hundred, and thence east on said north line of said south half for a distance of thirty-five feet to the place of beginning.

These premises are owned by Catherine Bastendorf, only child and heir at law of Nicholas Bastendorf, deceased, but subject to the dower right of Margaret Neher, formerly Margaret Bastendorf, widow of said deceased.

Therefore, we, the subscribers, the commissioners, having been duly sworn, as required by the statute in such case made and provided, and having all met and acted upon the matter submitted to us at the City Attorney's office, in the City Hall building, Rochester, N. Y., pursuant to a notice of at least ten days published according to law, and having taken a view of every part of the premises affected by this proceeding, and having inquired into and heard the allegations and proofs of the respective parties in interest, do, thereupon, determine and appraise the damages which the

several owners, (there being no tenants or occupants other than such owners) of the several premises thus to be taken for the opening of said street will severally sustain by being deprived thereof, and fix the compensation which the aforesaid owners respectively shall receive therefor, as follows:

The awards hereby made, after deducting all taxes and assessments which have become a lien upon the lands described, to be paid as hereinafter provided:

To Philip Ebertz and Catherine Ebertz, his wife, the sum of one thousand and twenty-nine dollars for parcel number one, payable to said Reichenberger, mortgagee, to the extent of his mortgage interest, and the balance thereof to the said Philip and Catherine Ebertz.

To Joseph Klier and Catherine Klier, the sum of eighty-four dollars, payable to them for parcel number two.

To John Kaes and Margaret Kaes, the sum of eighty-four dollars, for parcel number three, payable to them providing they procure a release of the aforesaid judgments upon said parcel or prove that they are not judgments against said John Kaes.

To Joseph Hofman and Catherine Hofman, the sum of eighty-two dollars for parcel number four, payable to them.

To Mary Guerinot, for parcel number five, the sum of eighty-two dollars, payable to the mortgagees in the order above mentioned.

To Joseph Ruff for parcel number six the sum of eighty-six dollars payable to him.

To the aforesaid John Spitz, Peter Spitz, Jacob Spitz, Louis Spitz, Nicholas Spitz, Barbara Paul and Mary Koch or Cook, children and heirs at law and Catherine Spitz, widow of Louis Spitz, deceased, for parcel number seven above mentioned the sum of one hundred and sixty-nine dollars payable to them.

To Catherine Bastendorf, only child and heir at law, and Margaret Neher, widow of Nicholas Bastendorf, deceased, the sum of three hundred and fifty dollars for parcel number eight above mentioned payable to them.

All of which is respectfully submitted,
Dated at Rochester, N. Y., this October 31, 1890.

Ordered received, filed and published.

By the Clerk—

MONROE COUNTY COURT.—In the matter of the extension of Thomas street, from the present north end thereof to Wilkin street or avenue, in the city of Rochester.

To the Honorable, the Common Council of the city of Rochester:

GENTLEMEN—The undersigned, who were appointed by an order of the Monroe County Court, duly granted and entered on the 17th day of September, 1890, commissioners to inquire into and determine what damages and compensation the owner or owners, tenants or occupants, of the lands to be taken for the purpose of the extension of said Thomas street, as aforesaid, in said city, will be entitled to, respectfully report and certify their award of damages, as incident to the extension of said street, as follows:

The several pieces and parcels of land required for such purpose and necessary for the extension of said street, are described as follows:

All that tract or parcel of land situate in the city of Rochester, county of Monroe and State of New York, bounded and described as follows:

Beginning at the northwest corner of lot thirty-seven (37) as laid down on a subdivision of part of Town Lots Nos. forty-three and forty-four, in the city of Rochester, formerly in the town of Irondequoit, made for the heirs of George A. Wilkin, deceased, on file in the Monroe County Clerk's office, on the south side of Wilkin avenue or street; thence south, on the west line of said lot thirty-seven, for a distance of about one hundred and two (102) feet, to the southwest corner

of said lot; thence east, on the south line of said lot, for a distance of forty (40) feet, to the southeast corner of said lot; thence north, on the east line of said lot, for a distance of about one hundred and two (102) feet, to the northeast corner of said lot; and thence west, on the north line of said lot, for a distance of forty feet (40) to the place of beginning.

These premises are owned by George A. Wilkin, who is a minor.

Also, all that other tract or parcel of land situate in the city, county and state aforesaid, described as follows:

Beginning at the northeast corner of lot thirty-five (35) of the aforesaid subdivision: thence west, on the north line of said lot, for a distance of ten (10) feet, to a point; thence south, parallel with, and distance ten (10) feet from, the east line of said lot, for a distance of about one hundred and two (102) feet, to the south line of said lot; thence east, on the south line of said lot, for a distance of ten (10) feet, to the southeast corner of said lot, and thence north, on the east line of said lot, for a distance of about one hundred and two (102) feet, to the place of beginning.

These premises are owned by Joseph Cochrane Wilkin, who is also a minor.

Therefore, we, the subscribers, the commissioners, having been duly sworn, as required by the statute in such case made and provided, and having all met and acted upon the matter submitted to us at the City Attorney's office, in the City Hall building, Rochester, N. Y., pursuant to a notice of at least ten days, published according to law, and having taken a view of every part of the respective premises affected by this proceeding, and having inquired into and heard the allegations and proofs of the respective parties in interest, do thereupon determine and appraise the damage which the several owners (there being no tenants or occupants) of the several premises thus to be taken for the extension of said street, will severally sustain by being deprived thereof, and fix the compensation which the aforesaid owners respectively shall receive therefor, as follows:

The awards hereby made, after deducting all taxes and assessments which have become a lien upon the lands described, to be paid as hereinafter provided:

To George A. Wilkin, the sum of four hundred and fifty dollars for the parcel first above mentioned.

To Joseph Cochrane Wilkin, the sum of one hundred and thirty-seven dollars and fifty cents for the parcel secondly above mentioned.

The several amounts of awards shall be deposited to the credit of the several persons to whom the same are awarded, as aforesaid, in the Rochester Savings Bank, in Rochester, N. Y., and subject to the order of the Monroe County Court in the premises.

All of which is respectfully submitted.
Dated at Rochester, N. Y., this October 29, 1890.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

BALDWIN STREET PLANK WALK.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sidewalk on Baldwin street.

Adopted.

The Surveyor submitted as such estimate \$135.

By Ald. Shelter—Resolved, That the following improvement is necessary, viz:

The construction of a pine plank sidewalk, 4 feet wide, on the east side of Baldwin street, from Hayward avenue to Grand avenue, except where good sidewalks at least four feet in width now exist. Also the necessary sidewalk grading and crosswalks.

And, whereas, the City Surveyor, under direction of this Council, has made an estimate of the whole expense thereof and reports the same at \$135, which estimate is hereby approved.

Resolved, further, That the following portion said city is deemed benefited and properly ought to be assessed by local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on the east side of Baldwin street, from Hayward avenue to Grand avenue, in proportion to the benefit which each will derive therefrom.

Adopted.

NORTH ST. PAUL STREET MEDINA STONE PAVEMENT RE-ADJUSTMENT.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of readjusting the Medina stone pavement on North St. Paul street, from the north line of Marietta street to the south line of Lowell street.

Adopted.

The Surveyor submitted as such estimate, \$8,000.

By Ald. Shelter—Resolved, That the following improvement is necessary, viz:

The re-adjustment of the Medina stone pavement recently completed on North St. Paul street, between the north line of Marietta street and the south line of Lowell street, by raising the present grade of the improvement to the former grade of the street, a distance of from three to four inches. Said re-adjustment to consist in re-setting the present line of curb-stone, re-laying the present flag gutter and Medina stone pavement, and properly connecting the work with the existing lateral streets, alleys and driveways; also, the re-adjustment of the necessary crosswalks, surface sewers, manholes, and crosswalk extensions.

And, Whereas, The City Surveyor, under the direction of this Council, has made an estimate of the whole expense thereof, and reports the same at \$8,000, which estimate is hereby approved.

Resolved, further, that the whole expense thereof, to be paid out of the City Treasury, by the City Treasurer, upon orders directed to be drawn by the Common Council as the work progresses, upon the certificate of the City Surveyor, in proportion to the benefit which each will derive therefrom.

Adopted.

By Ald. Shelter—Resolved, That all persons interested in the subject matter of each and all improvements contemplated to be made in or by any ordinance or resolution adopted or passed at this meeting and the expense whereof, in whole or in part, is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council on Thursday, the 6th day of November, 1890, at 7 o'clock p. m., at the Common Council Chamber, when allegations relative thereto will be heard, and that the Clerk be and he is hereby directed to publish for four secular days continuously in The Union and Advertiser and the Abend Post and Beobachter, notice thereof as is required and in the manner specified by Section 172 of the City Charter. Adopted.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y. Oct. 30, 1890.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Agreeably to your directions given at your last meeting in reference to the following named contemplated improvements, I caused to be published daily for four days, in the Union and Advertiser and Abend Post and Beobachter, two daily newspapers printed in the city of Rochester, notices of said improvements, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and requiring all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Thursday evening, October 30, 1890, at 7 o'clock p. m., at the Common Council chamber, when allegations would be heard in reference to such improvements, viz.:

PETER SHERIDAN, City Clerk.

FINAL ORDINANCE NO. 4,190.

CLIFFORD STREET SEWER.

On motion of Ald. Judson, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct an outlet sewer in Clifford street, from near North avenue to Goodman's street outlet sewer.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to-wit:

The construction of a sewer in Clifford street, from a point 150 feet east of North avenue to the Goodman street sewer outlet, and to be of the following materials and dimensions: From a point 150 east of North avenue to the center of Miller street, to be of vitrified pipe 15 inches in diameter; from the center of Miller street to the center of Dubelbeiss Park, to be of vitrified pipe 18 inches in diameter; from the center of Dubelbeiss Park to the center of Union street, to be of vitrified pipe 24 inches in diameter; from the center of Union street to the center of Goodman street, to be of stone and 2x2 feet in size with arch and invert, and from the center of Goodman street to the Goodman street sewer outlet, to be of stone and 2x2½ feet in size with arch and invert. Also the necessary manholes, surface sewers, lot laterals, connections, roadway grading and gutter formations.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$56,000, which being deemed reasonable is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for and will be benefited by such improvement, to-wit:

By Ald. Kelly—
To the Honorable the Common Council of the City of Rochester N. Y.:

GENTLEMEN—I desire to proffer the dedication of a street in the city of Rochester for public use. The street, to be known as O'Brien place, is situated in the Fifteenth ward of said city and runs off Lyell avenue, and is a part of town lot No. 65, formerly in the town of Gates, now in the city of Rochester, and is eight hundred and two (802) feet long and thirty-nine (39) feet wide. An accurate map of said street has been filed in the Clerk's office of Monroe County and also in the office of the City Assessors, and said street has been actually opened to and made convenient for public use and traffic.

There has been a durable stone monument, so located as to accurately define each and every angle of said street, by placing the same in the sidewalks thereof at the intersection of the line parallel with and four (4) feet distant from the lines of said street forming said angles; said monuments are four (4) feet in length, eight (8) inches square at the bottom and four (4) inches square at the top, and carefully dressed at the top and for nine inches down from the top on all sides, and the said stones are so set in the ground that the top surfaces thereof conform to and are flush with the established grade of the sidewalk at the point where said stone is set; the point at which said intersection of lines occur is definitely marked by drilling a tapering hole in the top surface of said stones one-half inch in diameter at top and not less than one-half inch in depth.

MONROE COUNTY COURT.—In the matter of the widening of Chestnut park in the city of Rochester.

To the Honorable the Common Council of the city of Rochester:

GENTLEMEN—The undersigned, who were appointed by an order of the Monroe County Court, duly granted on the 12th day of May, 1890, and entered on the 15th day of May, 1890, commissioners to inquire into and determine what damages and compensation the owner or owners, tenants or occupants, of the lands to be taken for the purpose of the widening Chestnut park, in said city, will be entitled to, respectfully report and certify their award of damages, as incident to the widening of said street, or park, as follows:

The piece and parcel of land required for such purpose is described as follows:

All that tract or parcel of land situated in the city of Rochester, county of Monroe and State of New York, bounded and described as follows:

Beginning at a point in the west line of William street, distant two hundred and sixty-three and four-tenths feet south from the south line of East avenue: thence southerly, along the west line of William street four and six-tenths feet, to the present north line of Chestnut park; thence westerly, along the said north line of Chestnut park, about sixty-five and one-half feet, to the west line, or west line continued, to that point of premises owned by Angelia B. Foster; thence northerly, along the said west line of said Foster's premises, four and six-tenths feet; thence easterly, in a direct line, for a distance of about sixty-five and one-half feet, to the place of beginning.

Therefore, we, the subscribers, the commissioners, having been duly sworn, as required by the statute in such case made and provided, and having met and acted upon the matter submitted to us at the City Attorney's office, in the City Hall building, Rochester, N. Y., pursuant to a notice of at least ten days, published according to law, and having taken a view of every part of the respective premises affected by this proceeding, and having inquired into and heard the allegations and proofs of the respective party in interest, do thereupon determine and appraise the damage which the said owner (there being no tenant or occupant) of the premises thus to be taken for the widening of said street or park will sustain by being deprived thereof, and fix the compensation which the aforesaid owner will sustain by being deprived thereof, as follows:

The awards hereby made, after deducting all taxes and assessments which have become a lien upon the lands described, to be paid as hereinafter provided:

To Angelia B. Foster the sum of two hundred and sixty dollars, payable to her.

All of which is respectfully submitted.

WM. B. HENRY,
ANSON B. MCNAB,
Commissioners of Appraisal.

Dated Rochester, N. Y., Nov. 6, 1890.

Ordered, received, filed and published.

By Ald. Fee—Resolved, That the next regular meeting of the Common Council to be held on Tuesday evening, November 18th, 1890, be, and hereby is, designated as the time when any objections to the confirmation of the report of the commissioners in the matter of Chestnut park widening in the city of Rochester will be heard. Adopted.

By the Clerk—

ROCHESTER, N. Y., Nov. 5, 1890.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN: A suit is now pending against us as violators of the ordinance relating to smoke. Not wishing, and having never desired, to be considered nuisance perpetrators, but rather to live in peace with our neighbors, and with existing ordinances and laws, we have industriously endeavored by a large correspondence and interviews with people in different parts of the country, and in various walks of life, to find a solution of the difficulty, but as yet have been unable to learn of any practical method whereby the smoke complained of can be abated, save by closing our factory, abandoning our business, or moving it to some other place.

In our seeking for a remedy, we have thought of the use of natural gas instead of coal. Encouragement has been extended for finding the desired article in our vicinity, and we have determined to prosecute the idea. We have entered into a contract with an experienced driller of this kind of wells, residing at Bradford, Pa., for sinking or drilling a well to the depth of 300 feet or more. If gas in suitable quantities cannot be found at a less depth. This is a bona fide contract, entailing the expenditure of a large amount of money, and is entered into on a business basis.

The party agrees to move his machinery here and commence operations on or before the 15th of the present month, and to have the well completed within 100 days from date, if serious obstacles are not encountered.

In view of all this we ask your honorable body to postpone said suit, and not press it until after we have fully completed and tested this experiment.

Very truly yours,

OTIS & GORSLINE.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

RUTGER STREET CURBS.

By Ald. Shelter, Resolved—That the City Surveyor ascertain and report to this Council the expense of improving Rutger street.

Adopted.

The Surveyor submitted as such estimate, \$1,500. By Ald. Shelter—Resolved, That the following improvement is necessary, viz:

The improvement of Rutger street, from the south end thereof to Park avenue, by setting a line of curbstone on each side thereof, properly connected with all streets, alleys and driveways. Width of main roadway between curb lines to be 28 feet.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$1,500, which estimate is hereby approved.

Resolved, further, That the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Rutger street, from the south end thereof to Park avenue, in proportion to the benefit which each will derive therefrom.

Adopted.

JAY STREET SEWER.

By Ald. Rauber—Resolved, That the City Surveyor ascertain and report to this council the expense of constructing a sewer in Jay street.

Adopted.

The Surveyor submitted as such estimate \$8,900. By Ald. Rauber—Resolved, That the following improvement is necessary, viz:

Taking up the present sewer in Jay street, deepening and reconstructing the same, from the center of Ames street to the west end of the proposed sewer in Jay street to be constructed under ordinance No. 4, 189, in the center of Child street. Also the connection of the present laterals, and the construction of the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations. Size of new stone sewer to be 18x2 feet, with cover and invert.

And, Whereas, the City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$8,900, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Jay street from Ames street to Child street, in proportion to the benefit which each will derive therefrom.

Adopted.

ANDERSON AVENUE AND UNIVERSITY AVENUE SEWER.

By Ald. Rauber—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Anderson avenue and University avenue.

Adopted.

The Surveyor submitted as such estimate, \$1,200. By Ald. Rauber—Resolved, That the following improvement is necessary, viz:

The construction of a vitrified pipe sewer 12 inches in diameter, in Anderson avenue, from a point 20 feet south of the first angle north of University avenue to the center of University avenue; also in University avenue from the center of Anderson avenue to the sewer in University avenue at Union place, also the construction of the necessary lot laterals, manholes, surface sewers, branches, roadway grading and gutter formations.

And, Whereas, The City Surveyor, under the direction of this Council, has made an estimate of the whole expense thereof, and reports the same at \$1,200, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Anderson avenue, from the first angle north of University avenue to University avenue, also one tier of lots and parcels of land on each side of University avenue from a point 80 feet west of Anderson avenue to the center of Anderson avenue in proportion to the benefit which each will derive therefrom.

Adopted.

MURRAY STREET AND MURRAY PARK SEWER.

By Ald. Rauber—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Murray street and Murray park.

Adopted.

The Surveyor submitted as such estimate \$1,800.

By Ald. Rauber—Resolved, That the following improvement is necessary, viz:

The construction of a vitrified pipe sewer 12 inches in diameter in Murray park, from the center of Murray street to the sewer in Child street. Also in Murray street from a point 130 feet south of Lyell avenue to a point 161 feet south of the center of Murray park. Also the construction of the necessary manholes, surface sewers, lot laterals and branches, roadway grading and gutter formations.

And Whereas, The City Surveyor, under the direction of this Council, has made an estimate of the whole expense thereof, and reports the same at \$1,800, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Murray park from Child street to Murray street. Also one tier of lots and parcels of land on each side of Murray street from Lyell avenue to the New York Central & Hudson River Railroad property, in proportion to the benefit which each will derive therefrom.

Adopted.

BIG RIDGE ROAD WIDENING.

By Ald. Bohrer—Resolved, That the following improvement is necessary, and we hereby judge that the public good requires the same to be done, viz:

The widening of the Big Ridge road 10 feet on the north side thereof, from Lake avenue to the west line of the city. And the territory deemed necessary to be taken therefor, is described as follows: Being a strip of land ten feet in width lying on the north side of the Big Ridge road and adjoining the same, and extending from Lake avenue to the west line of the city.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

The entire area bounded on the south by the Big Ridge road, as proposed to be widened, on the west by the west line of the city, on the north by the north line of the city, and on the east by Lake avenue, in proportion to the benefit derived therefrom.

Adopted.

By Ald. Shelter—Resolved, That all persons interested in the subject matter of each and all improvements contemplated to be made in or by any ordinance or resolution adopted or passed at this meeting and the expense whereof, in whole or in part, is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council on Tuesday, the 18th day of November, 1890, at 7 o'clock p. m., at the Common Council Chamber, when allegations relative thereto will be heard, and that the Clerk be and he is hereby directed to publish for four secular days continuously in The Union and Advertiser and the Abend Post and Beobachter, notice thereof as is required and in the manner specified by Section 172 of the City Charter. Adopted.

By the Clerk—

FINAL ORDINANCES.

CITY CLERK'S OFFICE,

ROCHESTER, N. Y. Nov. 6, 1890.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Agreeably to your directions given at your last meeting in reference to the following named contemplated improvements, I caused to be published daily for four days, in The Union and Advertiser and Abend Post and Beobachter, two daily newspapers printed in the city of Rochester,

notices of said improvements, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and requiring all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Thursday evening, November 6, 1890, at 7 o'clock p. m., at the Common Council Chamber, when allegations would be heard in reference to such improvements, viz.: PETER SHERIDAN, City Clerk.

FINAL ORDINANCE, No. 4,195.

COLVIN AND MAPLE STREET SEWER.

On motion of Ald. Judson, the Common Council proceeded to hear allegations in relation to the Improvement described in the following ordinance, viz:

An ordinance to construct an outlet sewer in Colvin and Maple streets from West avenue to Saxton street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a stone sewer, $2\frac{1}{2}$ by 3 feet, with arch and invert, in size, from the center of West avenue through Colvin street to the center of Maple street; thence easterly along the center of Maple street to the center of Chili street. From this point the construction of a stone sewer, $2\frac{3}{4}$ by $3\frac{1}{4}$ feet, with arch and invert, in size, through Maple street to the sewer in Saxton street. Also the necessary surface sewers, manholes, lot laterals, roadway grading and gutter formations.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$43,000, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

All the territory included within and described by the following boundary lines, viz:

Beginning at the southwest corner of Saxton street and Maple street, thence westerly along the south line of Maple street, including one tier of lots and parcels of land on the south side thereof, to a point where the east line of Taylor street, if produced northerly, would intersect the south line of Maple street, thence southerly along said produced east line of Taylor street to the south boundary line of lands belonging to the B. R. & P. R. R.; thence still southerly along Taylor street, including one tier of lots and parcels of land on the east side thereof to Silver street, excepting the lot on the northeast corner of Taylor and Silver streets, thence westerly along Silver street to York street excepting the lot on the northwest corner of Taylor and Silver streets, thence southerly along York street, including one tier of lots on the east side, thereof, to the south line of West avenue, thence westerly along the south line of West avenue and Chili avenue to Briggs place, thence southerly along the east line of Briggs place, including one tier of lots and parcels of land on the east side thereof, to the south line of what is known as Moran street, thence westerly along the south line of Moran street, and in said line continued, to the west line of the Eighth ward; thence southerly along the west line of the Eighth ward to the north line of what is known as the Citizens' Association tract, thence westerly along the north line of said association tract to the northwest corner thereof thence southerly along the west line of said association tract to the southwest corner thereof; thence easterly along the south line of said association tract to the northwest corner of lands belonging to the estate of Hiram Sibley; thence southerly along the west line of said Sibley's lands to the northeast corner of what is known as the West Avenue Building Lot Association tract; thence still south-

erly along the east line of said tract to a point midway between Magnolia and Anthony streets, thence westerly on a line, 150 feet south of and parallel with Magnolia street, to the northeast corner of lot No. 97 of said West Avenue Building Lot Association tract, thence southerly along the east line of lot No. 97 to and across Anthony street to and along the east line of lot No. 118 and lot No. 119 of said tract to and across Cottage street to and along the east line of lot No. 196, to the southeast corner thereof; thence westerly along the south line of lot No. 196 to the southwest corner thereof, thence southerly along the east line of lot No. 195 of said tract and in said line continued southerly to the south line of Sawyer street; thence westerly along the south line of Sawyer street to the west line of the city at the Thurston road; thence northerly along the west line of the city to the north line of the city opposite the north line of the West Avenue Building Lot Association tract; thence easterly along the city line to the west line of the city; thence northerly along the west line of the city to the north line of Chili avenue; thence easterly along Chili avenue, including one tier of lots and parcels of land on the north side thereof, to Lozier park; thence northerly along Lozier park including one tier of lots and parcels of land on the west side thereof, to the north end of Lozier park; thence easterly on a line at right angles to Lozier park to Carlton place; thence northerly along the west line of Carlton place including one tier of lots and parcels of land on the west side thereof to West avenue; thence westerly along the south line of West avenue, including one tier of lots and parcels of land on the south side thereof, to the west line of the city; thence northerly along the west line of the city to the north line of West avenue, thence easterly along the north line of West avenue, including one tier of lots and parcels of land on the north side thereof to Hague street; thence northerly along Hague street, including one tier of lots and parcels of land on the west side thereof, to a point 300 feet north of West avenue; thence easterly on a line parallel with West avenue and 300 feet north thereof, to Ames street; thence northerly along Ames street, including one tier of lots and parcels of land on the west side thereof to O'Neil street; thence westerly along O'Neil street, including one tier of lots and parcels of land on the south side thereof, to a point 320 feet west of Ames street; thence northerly and on a line parallel with and 320 feet west of Ames street, to a point opposite the south end of Kluh park, being the northeast corner of lands supposed to belong to Louis Spitz; thence westerly along the north line of said Spitz's lands to its intersection with the west line of Kluh park; thence northerly along the west line of Kluh park, including one tier of lots and parcels of land on the west side thereof, to Maple street; thence northerly across Maple street to the southwest corner of lot No. 115, supposed to belong to Mary Culligan; thence easterly along the north line of Maple street, including one tier of lots and parcels of land on the north side thereof, to Saxton street; thence southerly along the west line of Saxton street to the place of beginning.

Also one tier of lots and parcels of land on each side of Centennial street, from the north end thereof to Maple street.

Ald. Bierbrauer presented a remonstrance, which was read by the clerk.

Ald. Shelter moved that the ordinance be referred to a committee of three members of the board and the City Surveyor to investigate and report back at the next meeting.

Lost by the following vote:

Ayes—Ald. Shelter, Bierbrauer, Schroth, Lewis—4.

Nays—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Selye, Hall, Bohrer, Kelly—10.

FINAL ORDINANCE, No. 4,196.**BALDWIN STREET PLANK WALK.**

On motion of Ald. Shelter the Common Council proceeded to bear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a plank walk on Baldwin street, from Hayward avenue to Grand avenue.

And after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a pine plank sidewalk, 4 feet wide, on the east side of Baldwin street, from Hayward avenue to Grand avenue, except where good sidewalks at least four feet in width now exist. Also the necessary sidewalk grading and crosswalks.

And the City Surveyor, under the direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$135 which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the east side of Baldwin street, from Hayward avenue to Grand avenue.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Rauber, Shelter, Selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly, Lewis—12.

REPORT OF THE WATER WORKS COMMITTEE.

ROCHESTER, N. Y., Nov. 8, 1890.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN: The undersigned, abutting owners of property on Granger place, a new street recently opened up in the 16th ward of the city of Rochester, and lying between East avenue and Culver park, are desirous of having a 6 inch cast iron water main laid in the street, in connection with the city's domestic system, in advance of the final improvement of said street. It has been curbed and graded; is to have an asphalt improvement in the roadway, and cement walks laid. The water and gas mains, as well as sewer, are to be placed inside the curbs.

It is the intention of the undersigned, when the improvement is completed, to dedicate the same to the city for their acceptance, and to enable said water mains to be now laid, will execute an easement to said city, and advance money for the purchase of the necessary materials and cost of laying mains, etc.

The whole work to be done under the supervision and direction of the Executive Board of said city of Rochester. Respectfully submitted.

Thos. W. Finucane, George C. Hollister,
Mary E. Finucane, Emily Weed Hollister,
Nancy B. Jennings, Sarah E. Hollister,

To the Honorable the Common Council of the City of Rochester, N. Y.:

GENTLEMEN—Whereas, the property of the Young Men's Christian Association of Rochester, located at the corner of South St. Paul and Court streets has been assessed upon a valuation of seventy-five thousand dollars; and,

Whereas, the building of said Association, at the time when such assessment was made, and at the time when the city taxes became due and payable, was incomplete and in process of construction.

Now, therefore, we do respectfully petition your Honorable Body, for and on account of the premises, and for the reasons set forth in the annexed petition signed by a large number of taxpayers, to remit the said assessment upon seventy-five thousand dollars as erroneous, unjust, inequitable and against public policy.

THE YOUNG MEN'S CHRISTIAN ASSOCIATION OF ROCHESTER.

By Geo. M. Forbes, President.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—Whereas, the property of the Young Men's Christian Association of Rochester, located at the corner of South St. Paul and Court streets, has been assessed upon a valuation of \$75,000; and

Whereas, The said association is doing a benevolent work among a large class of the community and is therefore a benefit to the citizens, we, the undersigned, taxpayers of the city of Rochester, believe that the association should not be burdened in its beneficent work by the payment of taxes as imposed by the above assessment.

We do therefore respectfully petition your honorable body to remit the said assessment upon said \$75,000 as erroneous, unjust, inequitable and against public policy.

Your petitioners desire to call attention of the council to the neighboring cities of Buffalo, Syracuse, Auburn, Albany, Troy and Brooklyn, in each of which the Young Men's Christian Associations own the buildings which they occupy and in each case are held by the local authorities to be exempt from taxation.

It has been represented that the Rochester association was taxed because a revenue is derived from renting a portion of the building, but the same is true in the case of each of the cities mention above, and as the rentals of the Rochester association are entirely devoted to the benevolent work of the institution, and the entire revenue thus derived pays less than one-fifth of the annual expenses, it does not appear just to burden with taxes the good work which the association seeks to accomplish in this city.

ROCHESTER, N. Y., Nov. 7, 1890.
To the Honorable, the Common Council of the City of Rochester

GENTLEMEN—The undersigned respectfully dedicates to the city of Rochester for public use the street known as Stanley park. Said street is located between Plymouth avenue and Mansion street, and extends from Lexington park on the south to Violetta street on the north.

HARVEY A. STUCHFIELD.
The Executive Board has examined Stanley park and find it in all respects acceptable for public use.
Respectfully,
THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.
 By Ald. Kelly—Resolved, That the City Clerk be, and he hereby is, directed to draw orders, payable from the Contingent Fund, on the City Treasurer, in favor of the chairman of each of the Boards of Inspectors of Election of the city of Rochester, for one hundred and twenty-five dollars each, in full for the services of the five inspectors and poll clerks of each election district as registers, inspectors and clerks of the general election of 1890, provided no objection is made by any inspector or clerk; objection being made, the clerk is hereby directed to draw an order in favor of each claimant for his individual compensation, as provided by law, deducting from the amount of said order all proper charges against such inspectors. The clerk is likewise directed to draw an order, payable as aforesaid, in favor of each proprietor (except the city of Rochester) of places used for election purposes, for the sum of thirty dollars; said sum is to include, in cases where buildings have been erected on private property by the city, the rent of such property until March 10, 1891.

Adopted by the following vote:
 Ayes—Ald. Sullivan, McMillan, Fee, Rauber, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Bohrer, Kelly, Lewis—14.

By Ald. Kelly—Resolved, That the application of the Board of Education for an additional appropriation of \$15,000 be, and the same hereby is, denied.

Adopted by the following vote:
 Ayes—Ald. Sullivan, McMillan, Fee, Rauber, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—14.

Ald. Kelly moved that the City Clerk notify the president of the Board of Education to at once show cause to this Common Council why the public schools now in process of being repaired are not completed and placed in proper condition for the accommodation of the children to occupy them.

By Ald. Selye—
 To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—Your Contingent Expense Committee would request your honorable body to direct the city's note to be made for forty-two thousand dollars, and to direct the treasurer to procure the same to be discounted, and place the proceeds thereof to the credit of the Contingent Fund.

The reasons for this request are that the contingent fund has been largely depleted for the following, among other reasons, which were unforeseen at the time the tax levy for 1890 was prepared, viz:

Inspectors of election.....	\$17,000 00
Booths for election.....	2,280 00
Houses for election.....	1,000 00
Chairs and tables for election houses....	250 00
Stationery.....	150 00
Cartages upon houses and booths.....	60 00
Lamps, etc., for houses for election....	45 00
Stoves and coal.....	90 00

Making a total for election expenses of. \$20,875 00
 Besides the above, the Rochester German Insurance Co. and the Empire State Fire Insurance Co., have each been paid the sum of \$5,500, the amount of taxes heretofore unlawfully collected from them.

Judgments on account of the east side sewer suits have been paid to the amount of \$6,000, and a number of judgments for the same cause will be soon ordered to be paid to the amount of at least \$3,500. Besides which there will have to be paid upwards of \$1,300 for costs in the suit of Frank W. Elwood against the city, commonly called the Church street opening case, and \$9,000, for the December and an additional sum of \$9,000 for the January, miscellaneous budgets.

Respectfully submitted,

Ordered received, filed and published.
 By Ald Selye—Resolved, That the treasurer be, and he hereby is, directed to make the city's note for forty-two thousand dollars, and procure the same to be discounted, and to place the proceeds thereof to the credit of the contingent fund; said note, before its discount, shall be countersigned by the chairman of the Finance Committee.

Adopted by the following vote:
 Ayes—Ald Sullivan, McMillan, Fee, Rauber, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—14.

By Ald. McMillan—
 To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Your Law Committee begs leave to submit the following as its report:

Frank W. Elwood on September 21, 1885, recovered a judgment against the city for \$667.12 costs and vacating and set aside the so-called Church street assessment. Upon February 17, 1887, that judgment was, in all respects, affirmed, with \$151.70 costs, and upon the appeal taken to the Court of Appeals by the city judgment was again affirmed and judgment entered on October 13, 1890, for \$235.65 costs. No further appeal is allowed, and, therefore, the city must pay the judgments of costs, and the question whether or not a reassessment should be ordered is one which your committee begs leave to propose to your honorable body that it be authorized to examine and report thereon.

George Chapman, Sr., in his suit against the city, on August 29, 1890, obtained an order from the Supreme Court whereby the report of J. B. Perkins, Esq., referee, finding that Mr. Chapman was entitled to \$2,250 damages, sustained from the time of the trial of the action in December, 1884, to August 2, 1890, growing out of the discharge of the Monroe avenue and Nichols park outlet sewers into Thomas creek, above Mr. Chapman's premises, \$127.20 for referee's, stenographer's and witness's fees and motion costs. He also obtained an order on February 10, 1890, appointing Mr. Perkins as such referee and ten dollars motion costs.

The damages found by the referee are much less than Mr. Chapman offered to take from the Law Committee in 1889, in their efforts to effect a settlement with Mr. Chapman and thus avoid further litigation.

Henry C. Livingston on October 18, 1890, obtained a judgment against the city for \$300 damages and \$145.81 costs.

Lewis Herman, on October 20, 1890, also obtained a judgment against the city for \$500 damages, besides \$132 03 costs, both of said judgments being for damages growing out of the discharge of sewage from east side sewers.

Your committee, therefore, recommends the adoption of the accompanying resolution for the payment of the aforesaid judgments.

Respectfully submitted,

Ordered, received, filed and published.
 By Ald. McMillan:

Resolved, That upon the certificate of the city attorney that proper satisfaction pieces or releases duly acknowledged for record, have been delivered to him, that the clerk draw orders upon the treasurer, payable from the contingent fund, one in favor of Oscar Craig, Esq., attorney for Frank W. Elwood, for ten hundred and fifty-two dollars and twenty-two cents, with interest on six hundred and sixty-six dollars and thirty-seven cents from September 21, 1885; upon one hundred and fifty dollars and ninety-five cents, from February 17th, 1887, and upon two hundred and thirty-four dollars and ninety cents from October 13th, 1890, to the date when said order shall be drawn; another in favor of Joseph A Stull, Esq., attorney for Geo.

Chapman, Sr., for twenty-three hundred and eighty-seven dollars and twenty-seven cents, with interest upon twenty-two hundred and fifty dollars from August 2, 1890, to the date when said order shall be drawn, and another in favor of Walter S. Hubbell, Esq., attorney for Henry C. Livingston, for four hundred and forty-five dollars and six cents, with interest thereon from October 18th, 1890, to the date when said order shall be drawn, in full of the above Livingston judgment, and the other in favor of Walter S. Hubbell, Esq., attorney for Lewis Herman, for six hundred and thirty-one dollars and twenty-eight cents, with interest thereon from October 20th, 1890, to the date when said order shall be drawn, in full of said Herman judgment. Adopted by the following vote.

By Ald. Shelter—

To the Honorable the Common Council of the city of Rochester:

GENTLEMEN:—Your Assessment Committee begs leave to submit the following report:

Edward A. Frost, the owner of lot 63 of the Wadsworth tract, Scottsville road, in the Fifteenth ward, should be permitted to redeem said lot from the sales of unpaid taxes for 1878, 1879 and 1888 by paying the rate of interest mentioned in the annexed report.

The Treasurer should be directed to receive from Louisa C. Edgerton the sum of fifty-three cents, for the general city tax of 1890 against lot 36 on the west side of Union street, Sixteenth ward, besides any and all interest thereon lawfully accruing, and to charge the remainder of said tax to erroneous assessment.

Maria Ratt should be allowed to pay the city taxes for the year 1887, 1888 and 1889 against the rear part of lot 28, Sec. 4, Mt. Hope and South South Ave. Building Lot Association tract, on the west side of Stewart street in the Sixteenth ward, by paying \$1.79 with interest at 6 per cent. per annum from March 29, 1888, in full of said tax for 1887. Seventy-seven cents with interest thereon at 6 per cent. per annum from March 28, 1889, in full of said tax for 1888, and \$2.74 with interest at the same rate from March 27, 1890, in full of said tax for 1889, all interest to be computed from the date of payment, providing such payment be made within two months from Nov. 17, 1890.

That the owners of lots 7 and 8 on Kusse or Niessen street, Sixteenth ward, asked for and received a tax search from the City Treasurer on September 7th, 1888, but by an error the unpaid city taxes for 1887 against said lots were omitted from said search, and said lots in consequence of the non-payment of said tax were sold to said city on March 29, 1888, and notices to redeem have been served by the City Attorney, your committee therefore recommend that the Treasurer be directed to receive said taxes as they appear on September 7th, 1888, with any and all interest, percentages and expenses added thereto, up to that date. Such a course your committee deems in accordance with justice.

Your committee for the above purposes recommend the adoption of the accompanying resolutions.

HENRY SHELTER,
LEO J. HALL,
JAMES S. JUDSON,
D. W. SELYE,
Assessment Committee.

Ordered received filed and published.

By Ald. Shelter—Resolved, That the Treasurer be and he hereby is directed to receive from Edward A. Frost, the unpaid city taxes for the year 1878, 1879 and 1880, against lot 63 aforesaid, as they appear at the dates of sales respectively, with interest thereon, at the rate of six per cent. per annum from those dates to the date of payment, providing such payment be made within two months from November 18, 1890. Adopted.

By Ald. Shelter—Resolved, That the Treasurer be and he hereby is directed to receive from Louisa

C. Edgerton the sum of fifty-three cents in full of the General City Tax for 1890, against lot 36 on the west side of Union street, in the Sixteenth ward, besides any and all interest and percentages lawfully accruing thereon, to the date of payment, providing such payment be made within two months from November 18, 1890, and that said Treasurer charge the balance of said tax to erroneous assessments. Adopted.

By Ald. Shelter—Resolved, That the Treasurer be, and he hereby is directed to receive from Maria Ratt the sums and rate of interest thereon mentioned in the foregoing report in full of the above mentioned taxes, providing such payment is made within two months from November 18, 1890. Adopted.

By Ald. Shelter—Resolved, The City Treasurer be, and he hereby is, directed to receive from the owners of lots 7 and 8, Niessen tract, on Kusse or Niessen street, Sixteenth ward, the unpaid city taxes for 1887, against said lots, as they appeared on September 7, 1888, including any and all interest, percentage, and expenses added thereto, on or prior to that date, providing such payment be made within one month from November 18, 1890. Adopted.

REPORTS OF SELECT COMMITTEES.

By Ald. Kelly—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Your special committee, appointed to investigate the affairs of the Board of Education, would respectfully report:

With the consent of your honorable body, your committee employed Mr. J. Bower to make a thorough examination of the accounts and transactions of the board for the past six years. How carefully Mr. Bower has performed his duty, how laboriously he has toiled, how completely and successfully his searches through the labyrinthian mass of vouchers, bills, resolutions and orders of the board have been made, his report to this committee, herewith presented, speaks more eloquently and more convincingly than any words of commendation, or of praise, your committee could indite.

That report your committee adopts as its own, concurring with Mr. Bower in his findings of fact, and joining with him in his just censure of the methods heretofore prevailing, and in his recommendations for the better conduct of the affairs of the department of public instruction.

And, in doing this, your committee acts advisedly, and with the evidence of the board's transactions before it, for, after Mr. Bower's examination had been completed, and his report had been presented, your committee instituted an investigation, in the course of which ten sessions, each session lasting from one to three hours, were had, and forty-two witnesses were examined under oath. The sessions were public and were attended by Mr. Bower and the city attorney, both of whom rendered valuable assistance to your committee in conducting the examination of witnesses. The testimony taken by your committee has been quite fully published in the daily papers and it will, therefore, be useless to comment at length upon the facts that have been proven by the mouths of witnesses. It is, perhaps, sufficient to say that your committee inquired into everything that suggested itself to them, and that could be obtained from informants. Enough has been proven to convince your committee that a radical change in the present system should be made at once. And this belief is shared by all with whom we have come in contact during the progress of the investigation, including the school commissioners and the superintendent of schools.

Your committee believes that a smaller board, consisting of five or seven commissioners, to be selected from the city at large with reference to their fitness for the duties of the office, and to be voted for at the charter election, would be a consummation devoutly to be wished. A city auditor and a purchasing or supply agent should be provided and there would then be an end to the careless system of auditing bills, to the neglect of scrutinizing carefully claims against the board,

and to the reprehensible custom of commissioners dealing with themselves and entering into contracts contrary to the spirit of the charter and public policy, with the corporate body or board of which they are members.

Such an innovation would also insure the purchase of goods at the lowest market prices, would prevent "repeating" in the presentation and payment of bills and take away from commissioners and public servants generally the temptation to subservise their own selfish interests rather than the public good.

The creation of the office of superintendent or inspector of public buildings would, in the opinion of your committee, be productive of more economical and more intelligent and satisfactory methods in the construction, repairing and maintenance of public buildings.

These offices, however, can be created only by amendment to the charter, and we therefore respectfully recommend that the Committee on Charter Revision be instructed to incorporate such provisions in the amendments they have under consideration as will best carry out the suggestions herein made.

Until this shall have been done, however, we would recommend that in auditing bills, the commissioners observe the rule laid down for, and followed by, the Common Council, and that, in each bill for materials furnished, there should be specified by whom the materials were ordered, and to whom the same were delivered. If for work done, the bill should state by whom, by what authority, and under whose direction the work was performed.

We would also recommend, as a temporary expedient, that the chairmen of committees refrain from taking it upon themselves to monopolize the work of their committees, and that no goods be purchased, that no work be ordered, and that no teachers or other persons be appointed or employed until the whole committee having the particular matter in charge shall have been consulted and their approval shall have been obtained.

We also strongly urge that before purchasing supplies, or ordering the doing of work, proposals should be solicited and that the contracts should be awarded, in every case, to the lowest responsible bidder, and that, in ordering coal, the entire supply needed for the year should be purchased at the time when prices are lowest, so as to obviate the necessity of paying winter prices for such supplies.

Another suggestion we would make is that the chairman of the board and the chairman of the finance committee shall be required to certify, upon oath, before the mayor shall approve the finance budget, that all bills on said budget have been approved by at least a majority of the committee ordering the materials furnished, or work done, and that the same have been likewise approved by a majority of the finance committee. The committees of the board should also make full, exhaustive and truthful reports at least once in every month, showing the condition of their respective funds, and the amount of outstanding claims.

Your committee was surprised to discover that a number of bills had been presented by Mr. Ellis for disbursements, which were not itemized and concerning which his memory was defective. We were also surprised to learn that the superintendent is engaged in various enterprises, other than those connected with the public schools, and that he derives from such enterprises an annual income of from \$1,200 or \$1,500. Your committee condemns the carelessness of the superintendent in the matter of the bills for his disbursements, and believe that a proper discharge of his duties as superintendent requires that he be entirely free from the cares of other business or employment, if such other business or employment interferes with his official duties.

Your committee has no desire to make invidious distinctions in its criticisms of the parties concerned in the investigation. Those deserving of public censure and reproach have been exposed by Mr. Bower in his report and your committee endorses all the expert has said. Your committee

has taken testimony in regard to incompetent teachers and unemployed teachers who are drawing salaries from the public treasury. The teachers' committee, however, has already acted upon the suggestion of this committee that the matter be carefully looked into and that no money be paid to teachers who are not engaged in teaching, or who are disqualified for any reason to perform their duties.

In conclusion your committee desires to call the attention of the Common Council to the report that Mrs. Burke, a teacher in public school No. 6, had paid money to a commissioner in consideration of her appointment. Upon investigation we find there is nothing in the charge but the tattling of a gossip and groundless rumor. Your committee desires to make this statement in justice to Mrs. Burke, whom we believe to be a competent teacher and an admirable and accomplished lady in every respect.

All of which is respectfully submitted.

Ordered received, filed and published.

To Messrs. Aldermen Kelly, Fee, Selye, McMillan and Cleveland, the committee appointed to take charge of the investigation of the affairs of the Board of Education:

GENTLEMEN: By resolution of your honorable body, and by the concurrent request of the Board of Education, I have been engaged, for some time past, in making an investigation of certain alleged charges of loose and unbusiness-like methods in the general management of the board, and, also, "distrust * * * regarding the official integrity of certain members" of said Board of Education; and I will now proceed to give the result of such investigation, with such fullness of detail as will, at least, serve present purposes.

My first attention was given to an examination of the accounts in the office, dealing with its finances; and it did not require much labor to determine that the assistant clerk, who has charge of this department, has, evidently, bestowed much care in keeping them correctly and verifying their accuracy; but, notwithstanding this care, there is a discrepancy between her teachers' fund account and that of the city treasurer of \$452.35, against the Board of Education. An examination and comparison of the other accounts—contingent, building and repair funds—shows that these several accounts have to their credits in the treasurer's office a larger sum than these same accounts severally have to their credit on the books of the Board of Education. This, however, will be the case for the greater portion of the year at least, almost invariably, for the reason that as soon as orders are drawn on the city treasury they are charged to their respective accounts, whilst a portion of them may not be presented for payment for several days thereafter, and, occasionally, for some weeks.

Such being the facts, I have deemed it the better plan not to spend much time now in an attempt to trace out the reason of the discrepancy mentioned, but to defer such work until about the last of February next, as at that time the building and repair funds will not be likely to have any orders drawn upon them remaining unpaid; whilst by a little concert of action and precaution between myself—as I will attend to it, nothing serious preventing—and the assistant clerk of the school board, the matter can then be investigated with comparative ease and the actual facts determined.

It is only proper to say at this point that I have no suspicion that the assistant clerk has at any time drawn an order not authorized, or orders for the payment of any budgets in excess of the sum total required to liquidate the claims so authorized to be paid; but there is a possibility that as all orders have been drawn from the same check book and

the fund drawn upon was designated by a rubber stamp only mistakes may have been made by this means, and hence, in the treasurer's office, the wrong fund would be debited; or, again, such error may have occurred in said office. Of course, such errors would not affect the sum total of the cash account, but only particular funds.

However, as everything that can now be said as to the cause of the discrepancy will be conjectural merely, it may, for the present, be safely left for solution to a later date. At present I am disposed to think that further investigation will show that the error, or errors, will be clerical merely.

Leaving this matter, then, for the present as a question in abeyance, and one to be solved hereafter, I will now proceed to make other disclosures on which there can be but little room for palliation or difference of opinion.

After a careful examination of the doings of the Board of Education for the past three or four years—but especially 1888-9 and 1889-90, which I have very thoroughly examined—I find that the loose methods of purchasing supplies, of auditing bills, and in the transaction of its business generally, are highly reprehensible. As a general fact, it may be broadly stated that the only thing systematic about the business at all is a systematic disregard of all its own important by-laws, city charter provisions, or what not, intended to restrain improvident and reckless action and to conserve the interests of taxpayers, while not, at the same time, allowing the legitimate interests of education to suffer. The golden mean is an equation the majorities of school boards apparently seldom stop to consider or observe as a rule of action. It is inconsiderate expenditure, regardless of Common Council appropriations or prudential business methods.

Here we have a board which in the past two years expended about \$700,000, and eliminating the teachers' fund, which is, measurably, a sum of a definite nature, fixed at the beginning of each year, and strictly contract work for new buildings, there remains a very large amount to be disposed of by committees and members of committees, and how this large sum was managed, in many important particulars at least, whether wisely or unwisely, prudently or the reverse, according to business methods or individual caprice and collective neglect, I will proceed to show by a presentation of facts on which to base a pretty accurate and just judgment.

Before so doing, however, let it be distinctly understood that a distinction must be made between the action of majorities and the powerless efforts frequently put forth by minorities to stem the tide of reckless expenditures, and that even in majorities, where considerable wrong is being done, it often happens that the design so to do is the secret of the few whose machinations are covered up so as to escape the observation of the unwariness and inexperienced. This much, that I may not be charged with overlooking any palliating circumstances which ought to be considered when one wishes to deal with judicial fairness. And right here I deem it only proper to say that the present Board of Education has commenced its term of office by the adoption of certain excellent resolutions, which, if only carefully carried out, will result in much good; but I must add that government by resolutions is, as a rule, short lived and serves only a temporary purpose. Something more drastic and binding is required to effect radical reforms in methods that, in the main, are radically wrong.

I have above made certain unreserved charges of the board's disregard of by-laws, charter provisions, etc., and I will now proceed to fortify the truth of the several declarations made in the strictures referred to. Before doing so, however, it may be well to present, as briefly as possible, some of the leading provisions alluded to, which have been utterly ignored in the conduct of the board's business. Section 1 of article 8 declares: "No bill shall be allowed or ordered paid at any meeting unless the same shall have been reported by the proper committee at least one week previous thereto, and signed by a majority of such committee, and every

claim, bill or account presented shall be verified by the oath of the claimant or owner thereof to the effect that the account is correct."

Section 2 is as follows: "It shall be the duty of committees having funds at their disposal to make all purchases chargeable to such fund, which purchases shall be made by the chairman of said committee, or upon his written order, and, in either case, only upon the approval of that committee." Section 2 of article 9 declares: "It shall be the duty of each committee having charge of any fund to report to this board in writing at the first regular meeting in each month the condition of their respective funds; the amount and number of outstanding claims thereon; the balance of cash then to the committee's credit, and the amount of the bills contracted by the committee during the preceding month."

Section 4, same article, reads: "Each standing committee shall at the last meeting in the month of March, each year, submit a full written report of all matters committed to their care during the preceding year; the amount of the committee's receipts and disbursements; the balance of money then to its credit; the amount and number of any outstanding claims incurred or purchases made by the committee."

Section 4, article 10, says: "It shall be the duty of the committee on fuel and fire fixtures, when directed to do so, to advertise for proposals for fire fixture repairs, and for the necessary fuel for use in the public schools of the city for the ensuing year." "They shall also provide the necessary fire fixtures for the schools; but they shall not exceed in all their purchases, in any one month, the sum of \$200 without first obtaining the consent of the board."

The following committees are restricted in the same manner: On Free Academy, on repairs, and on supplies—all these committees, and some others, being subdivisions of a contingent committee, as known to the Common Council.

Section 12, same article, contains this restriction: "No member of the board nor any committee shall contract for anything or vote to pay for anything out of any of the said contingent fund accounts, unless there shall be funds therein to pay the same." This is substantially a provision of a portion of section 140 of the city charter, but this adds: "No member." [of the Board of Education] "shall by vote or otherwise create any debt or liability beyond the amount of any particular fund for the current fiscal year. And any person violating this provision shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than \$50 nor more than \$100, or be imprisoned in the Monroe county penitentiary for the period of ten days."

Finally, on this branch of the subject, I may add that section 39 of the city charter provides that "no school commissioner shall be directly or indirectly interested as principal, surety or otherwise, in any contract, the expense or consideration whereof is to be paid under any act or ordinance of the Common Council, or out of the city treasury."

With the above citations from Board of Education by-laws and city charter provisions, defining the duties of the board, it will be readily seen from the narrative which follows to what extent every provision has been entirely ignored and violated; and to what extent, also, the interests of the city have, undoubtedly, suffered by gross neglect on the part of some, if by nothing worse on the part of others.

In the particular examination of upwards of 1,600 bills ordered paid during the fiscal years 1888-89 and 1889-90, I find that fully 50 per cent. of them have not been verified by the oath of the owner or claimant, and a great many of them have not been properly audited—if the word "audited" is applicable at all, in any proper sense, to most of the bills mentioned. An indorsement in ink is a rare sight; an apparently hurried led pencil signature, written to make a show of names, and very often, no doubt, without any actual knowledge of the contents of a bill, has seemed to suffice for general auditing purposes. Scarcely a bill can be

found that bears any internal evidence of examination, such as check-marks or other indications to show that some attention has been given to its contents. In fact, great numbers of bills are often placed on the finance budget the same night they are reported by the committees having them in charge, so that it frequently happens that finance committees do not appear to have had the opportunity even of using their lead pencils to perform a merely perfunctory act for the sake of appearances.

To illustrate these facts, take the following: On August 1, 1888, a bill of Louis Wehn, of \$466.10; was presented and referred to the Finance Committee, but it was placed in the budget of that night and ordered paid of course. It was not sworn to, nor indorsed by a single member of the Finance Committee, as might be inferred, although that kind of "approval" is frequently done on the same night a bill is presented. As this bill is somewhat unique I copy its body verbatim to show what is possible in the way of looseness in the Board of Education:

"July"—"Delivered 112 tons and 700 lbs. of coal to public school under direction of the Fuel, Fire and Fixtures Committee, \$466.10."

At the board's meeting of June 6, 1888, thirty bills were put through the ordered-paid machine without a single endorsement of the finance committee, while sixteen other bills were "approved" by only a minority of said committee. On the same night a bill for stove repairs, four months old, for \$182.77, was ordered paid, although it contained only the single auditing signature of A. Kimmel; a bill also of Joseph Kimmel for plumbing of \$350.30 was paid, although not "approved" by a single member of the finance committee, and was not sworn to; another also of Joseph P. Kimmel of \$258 for coal, not sworn to, was ordered paid. This bill was over seven months old and contains this foot note: "This bill is payable to Fred Blasie." Signed, "August Kimmel, chairman," etc.

So much, then, for the partial doings of a single night, and the list might be greatly extended to cover dates in preceding and succeeding months; but at this time I will only refer to one other instance, to still further emphasize the fact that the auditing of bills by school board committees is, as a rule, a performance without the slightest value as a guarantee that the accounts have had any care or attention.

As late as December 2, 1889, two bills were presented, and referred to the proper committee, of sums, respectively, of \$188.75 and \$273.75. Both these bills were audited by the same members of the two committees, and yet the larger bill was a duplicate to the amount of the bill first named; and both would have been paid but for the discovery by the assistant clerk that such was the fact.

It is only just and proper to say here that I have been presented with evidence on the part of the claimant of the above bills that the duplication was simply an oversight, and that no intentional wrong was designed; but this fact does not exonerate the committees for their hasty and negligent work, but adds another link to the evidence that the whole system of conducting the financial business of the public schools is transparently defective, and totally unsuited to promote either economy, efficiency or security.

Passing now to the several committees having charge more particularly of the expending of moneys, such as Supply, Repair, and Fuel and Fire Fixtures committees, it will be readily seen, on examination of bills, that there are wide openings for a large amount of useless and extravagant expenditure; and, indeed, for a considerable amount of fraud. Plumbing bills, stove repair bills, hardware bills, and numerous others, cannot be scrutinized without the surmise, if not conviction, that thousands of dollars are yearly squandered by improvident, if not more culpable, management. Great numbers of bills give no indication of where the goods were delivered or used; as, indeed for that matter, whether many of them ever were de-

livered; or whether, on the other hand, the work and material charged for were not excessive, and often unnecessary, or even fraudulent.

Of course, it is now well understood that in these special fields of bargain and sale many members of the Board have labored diligently for their own if not the public good by purchasing supplies of themselves or of one another, or ordering jobs of work for the city to pay. The auditing of bills for such furnishings rarely lacked the necessary signatures; but if they did it made no difference; they were sure to be paid, although it must have been well known to those who voted the money and signed and countersigned the checks for payment that such practice was prohibited by the charter, to say nothing of by-laws or penal code. At any rate, it is very evident that the principals in the transaction knew it well enough, hence one assumed the name of Berry Bros.; another had some nine aliases—F. R. Walker, Geo. H. Oliver, Spencer & Stalker, Loysen & Douglass, C. B. Howard, C. B. Howard & Co., C. Bowman, A. P. Lawrence and C. Loysen—all hardware merchants, on occasion, as bills go to show. Com. Kingsley seems to have assisted in auditing almost all of these bills; some are sworn to and others not; and one bill passed without a single auditing signature. The Berry Bros. bills do not seem to have required any oath of the owner or claimant to verify their correctness, whilst the others named did have an occasional affidavit to that effect.

How many more commissioners have been engaged in this kind of business may be better known at a later date.

I might pursue this subject to show how every by-law, or other law, intended to promote efficiency and good government has been persistently ignored or violated; but I will pass on now to consider the sham coal contract business.

By reference to section 7, article 10, of the by-laws, the following duty is prescribed: "It shall be the duty of the committee on fuel and fire fixtures, when directed so to do, to advertise for proposals * * * for the necessary fuel for use in the public schools of the city for the ensuing year."

To ordinary apprehension it would be understood that a contract made in pursuance of proposals thus invited would be intended to cover the period from the letting of one contract, in any given year, to the letting of another one in the succeeding year, to the extent at least as far as practicable. Such, however, does not seem to have been the interpretation put upon it by the Fuel Committee; at least it has not been the practice to buy as much as possible at the lowest figures, but as little as would serve to make a decent show of complying with the advertised proposals.

Annexed to this report is a detailed statement of all the coal purchased for the years 1888-9 and 1889-90, and from whom, at what prices, when delivered, etc. A study of the schedules will show that about one-third of the quantity required was reserved for distribution among other dealers, at winter prices, and, of course, at quite an advance. Indeed, the contractor of the summer supply was not neglected in the distribution of favors. "Two thousand tons, more or less," as the advertisements read the last two years, seems to have meant "less" in both instances. The "more" part of it was reserved for the benefit of whom it might concern, and certainly not that of the taxpayers, for after a careful estimate I should place the loss by this proceeding at upwards of \$1,000 for the period named.

This year, it is pleasant to notice, the committee having the matter in charge advertised for "3,000 tons, more or less"; and the bills already in show that the intention is to store as much coal as possible towards supplying the needs of all the schools "for the ensuing year." This fact, however, only emphasizes the pertinency of the inquiry: Why was this practice not adopted before? and suggests also, that a system of management that permitted the practice of other years was radically defective, somewhere or somehow.

Some other methods of conducting the affairs of the Board which are to be deprecated if not con-

demned may now be considered; and first, as to the manner of making the annual reports of committees. They are misleading and deceptive, if not so intended to be; and, besides, are not made as the by-laws require, as they leave out a statement of "the amount and number of any outstanding claims incurred or purchases made by the committee," and leave it to be inferred, by reported cash balances on hand, that not a dollar is due to any one.

To illustrate this fact, take the following tabulated statements of the four committees named, and compare the reports with the actual facts.

	Balance on hand as reported.	Outstanding and unreported claims.
Building committee.....	\$134 03	\$12,459 68
Repair committee.....	2 18	7,400 07
Fuel and fire fixtures committee.....	2 43	3,268 74
Supply committee.....	88 56	7,945 53
	\$227 20	\$31,054 02

These several reports consist of other deceptive or grossly misleading statements, in so far at least as the public would generally understand them. In glancing over the reports it will be noticed that they all commence in the statement of expenditures with "old bills contracted by former committee"—so much; and then we have an analysis or summary of the different purposes for which the funds were expended, leaving out entirely, in the summary, all "old bills," so that we do not know for what purpose the moneys for these were paid.

In this way of reporting, no reliance whatever can be placed on scarcely a single statement as to the expenditures in any of the departments; and it is simply a waste of time, if nothing worse, to spread such stuff before the public and call it a "report." The following table will illustrate the absurdity to which I refer. The items are taken from the several annual reports of March, 1890:

	Expenditures as reported.	Expenditures actually made.
School furniture.....	\$1,000 40	\$ 5,229 35
Stationery.....	826 60	1,797 44
Clocks and repairs.....	287 20	503 95
Superintendent disbursements.....	202 96	402 95
Kindergarten materials.....	514 55	1,236 42
Stove repairs.....	375 00	1,665 30
	\$3,704 71	\$10,835 42

Of course I am aware that this method of presenting reports has been practiced for years past, and that the old plea of "custom" is as good at the present time as it ever was; but bad or misleading customs or precedents should have an end some time, and especially so, if they foster deception or invite fraud.

But to continue the exposition of the misleading or deceptive character of the reports, note the following from the report of the school policeman of March 29, 1889. He says: "I have received at the store-room in the Free Academy building, from the chairman of the Supply Committee (John A. Nagle), the following articles," and amongst these are fifteen clocks; and then we have a detailed statement of the goods issued and "delivered to the janitors and to the principals when desired;" and amongst these articles so delivered are the fifteen clocks. The bills of this year show that thirty-eight clocks were purchased at an expense of \$254.50. Now what became of the other twenty-three? The clock bills also show that on October 3, 1888, fourteen clocks were bought at a cost of \$84, but these were not paid for until June, 1889. On October 30, within three days of the first purchase, there were twelve clocks bought of the same dealer and paid for during the same month.

And whilst on this topic the following facts may be interesting: In the two fiscal years of the board, ending 1889 and 1890, seventy clocks were purchased at a cost of \$423; whilst the repairing of clocks, for the same period, cost \$545.85. The repairing business, by the way, seems all round the board, to be a very costly affair, as the repairing of stoves alone in two years cost \$3,211.40.

One other fact illustrative of what I have heretofore said shall serve my present purposes: Towards the close of 1889 two bills were paid, of \$225 each, for pencils and erasers, both purchases being nearly at the same time. On inquiry as to this kind of expenditure, I received the reply that many parents grumble at having to pay for such material, and therefore it was thought best to supply them at public expense; and, judging from the size and character of a great many bills, there must have been very many similar attempts to stop "grumbling"—from some quarters.

Such a thing as adapting means to ends; of keeping expenditures within the limit of income; of doing, in a word, what almost everyone, whether in private or business life, is compelled to do, does not appear as far as can be seen by a close examination to have any influence whatever on majorities of school boards.

If put to the proof abundant evidence can be given to substantiate this charge, independently of anything herein related. It does not seem to make any difference what the Common Council appropriations may be; whether to take the repair fund as an example—it be \$7,000 as in 1885-6, \$10,000, in 1887-8, or \$15,000 per annum subsequently, a legacy of debt is sure to be left to succeeding boards, and that, in almost all the departments. In the years ending the last days of March the following facts appear for the years preceding their respective dates:

1884—Old bills paid (the legacy referred to).....	\$ 10,385 78
1885—Old bills paid (the legacy referred to).....	14,173 70
1886—Old bills paid (the legacy referred to).....	6,457 07
1887—Old bills paid (the legacy referred to).....	5,810 91
1888—Old bills paid (the legacy referred to).....	8,879 40
1889—Old bills paid (the legacy referred to).....	31,722 01
1890—Old bills paid (the legacy referred to).....	43,298 79

The board of 1890 left "old bills" to be paid by their successors, the present board, of \$32,443.39, a decrease arising probably from the fact that said board had an appropriation of \$40,000 in excess of their immediate predecessors.

The amount of the appropriations in the tax levy of this year is \$385,000, an excess or \$90,000 over that of the previous year, \$70,000 of which is an increase over the previous year for new school buildings—contingent fund being increased \$5,000 and teachers' fund \$15,000—but the over draft business is pretty sure to continue, according to present indications.

In fact, this kind of reckless management of school board affairs has been going on for a great number of years past, to a greater or less extent, notwithstanding protests from members of its own board, as well as from other sources, charter provisions, penal codes, court decisions, etc.; and to bridge over these difficulties the Common Council has, on several occasions, sanctioned the application to the Legislature for the passage of enabling acts—and these have been passed—to raise funds to pay unlawful overdrafts; and our tax levies will show that tens of thousands of dollars have thus been raised from time to time, for many years past. In 1875 for instance, \$93,000 was raised over the ordinary appropriations, to pay notes given for deficiencies in the Board of Education funds; in 1879 another \$20,000 was placed in the tax levy for a like purpose; and in 1882 still another sum of \$32,000.

I have referred above to "court decisions;" and it may be well to refresh the memory of the present board, as well as others interested, by citing

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD,
 ROCHESTER, NOV. 18, 1890.

To the Hon. Common Council:

GENTLEMEN—The matter of the acceptance of O'Brien place, which was referred to the Executive Board for the purpose of ascertaining if it was in a suitable condition for public use, has had attention, and the Executive Board begs leave to report that nearly 200 feet of the street, running from Lyell avenue, is only 25 feet wide, instead of 39 feet, as stated in the communication to your Honorable Body; that in the center of the street, and on that section which is 39 feet wide, a tree still stands; that one of the monuments is not properly located, and that it is not graded well enough for public use; and the Executive Board, therefore, for the above reasons, would report adversely to its acceptance as a public street.

Respectfully,
 PHOS. J. NEVILLE, Clerk.

MONROE COUNTY COURT—In the matter of the opening and extension of a street called the Boulevard, from the north line of the Lake avenue Park Building Lot Association, to the north line of the city of Rochester, in said city.

To the Hon. the Common Council of the city of Rochester:

GENTLEMEN—The undersigned, who were appointed by an order of the Monroe County Court, duly granted and entered on the 6th day of October, 1890, commissioners to inquire into and determine what damages and compensation the owner or owners tenants or occupants of the lands to be taken for the purpose of opening and extension of a street called the Boulevard, from the north line of the Lake Avenue Park Building Lot Association, to the north line of the city of Rochester, in said city will be entitled to, respectfully report and certify their award of damages, as incident to the opening and extension of said street, as follows:

The several pieces or parcels of land required for such purpose, and necessary for the opening and extension of said street, are described as follows:

All that tract or parcel of land, situate in the city of Rochester, county of Monroe and State of New York, bounded and described as follows:

Beginning at the northwest corner of lot 86 of the Lake Avenue Park Building Lot Association tract, or the northeast corner of the Boulevard, as now opened; thence north, in a straight line, to the southwest corner of lot 166 of the Flower City Co-operative Building Lot Association tract, or the north line of premises conveyed to William B. Burke by Hannah P. Vanderbeck and Lizzie A. Wendell by deed dated August 13, 1890, and recorded in Monroe County Clerk's office on the same day, in liber 475 of deeds at page 69; thence west, on said north line, or the south line of lots 166 and 167 of said Flower City Co-operative Building Lot Association tract, to the southwest corner of said lot 167, a distance of one hundred feet, to a point; thence south, on a line parallel with said east line, and one hundred feet distant west therefrom, to the northeast corner of lot 1 of the Park Homestead Association tract, or northwest corner of said Boulevard, as now opened; thence east, for a distance of one hundred feet, along the north line of said Boulevard, as now opened, to the place of beginning.

These premises are owned by H. Sellers McKee, and are subject to two mortgages—one given by Lizzie Anna Wendell and James F. Wendell, her husband, and Hannah P. Vanderbeck to the Monroe County Savings Bank, dated May 16, 1890, and recorded in said clerk's office on May 16, 1890, in Liber 320 of Mortgages, at page 327, to secure the payment of the sum of \$25,000 and interest; and another mortgage given by William B. Burke to Hannah P. Vanderbeck and Lizzie A. Wendell, dated August 13th, 1890, and recorded in said clerk's office on the same day, in Liber 332 of Mortgages, at page 471, to secure the payment of \$40,000 and interest.

Also all that other tract or parcel of land situate in the city, county and state aforesaid, bounded and described as follows:

Beginning at the southeast corner of said lot 166; thence north, on the east line of said lot 166, for a distance of about one hundred and eighty-six and eight-tenths feet, to the northeast corner of said lot; thence west, on the north line of said lot, for a distance of fifty feet, to the northwest corner of said lot; thence south, on the west line of said lot parallel with and distant fifty feet west of said east line, for a distance of about one hundred and eighty-six and eight-tenths feet, to the southwest corner of said lot; thence east along the south line of said lot, for a distance of fifty feet, to the place of beginning.

These premises are owned by Horton L. Fowler and Ella F. R. Fowler, his wife.

Also, all that other tract or parcel of land situate in the city, county and state aforesaid, bounded and described as follows:

Beginning at the southeast corner of said lot 167; thence north, on the east line of said lot 167 for a distance of about one hundred and eighty-six and eight-tenths feet, to the northeast corner of said lot; thence west, on the north line of said lot, for a distance of fifty feet to the northwest corner of said lot; thence south, on the west line of said lot, parallel with, and distant fifty feet west of said east line, for a distance of about one hundred and eighty-six and eight-tenths feet to the southwest corner of said lot; thence east, on the south line of said lot fifty feet to the place of beginning.

These premises are owned by Henry Kohlmeltz.

Also, all that tract or parcel of land situate in the city, county and State aforesaid, bounded and described as follows:

Beginning at the southeast corner of lot No. 133 of said Flower City Co-operative Building Lot Association tract; thence north on the east line of said lot 133 for a distance of about one hundred and sixty-one feet, to the northeast corner of said lot; thence west, on the north line of said lot, for a distance of fifty feet to the northwest corner of said lot, thence south on the west line of said lot parallel with and distant fifty feet west of said east line, for a distance of about one hundred and sixty-one feet to the southwest corner of said lot; thence east, along the south line of said lot, for a distance of fifty feet, to the place of beginning.

These premises are owned by Alfred E. Benjamin.

Also, all that other tract or parcel of land, situate in the city, county and state aforesaid, bounded and described as follows:

Beginning at the southeast corner of lot 135 of said Flower City Co-operative Building Lot Association tract; thence north on the east line of said lot 135 for a distance of about one hundred and sixty-one feet to the northeast corner of said lot; thence west on the north line of said lot for a distance of fifty feet to the northwest corner of said lot; thence south, on the west line of said lot, parallel with and distant fifty feet from the east line of said lot for a distance of about one hundred and sixty-one feet to the southwest corner of said lot; thence east along the south line of said lot for a distance of fifty feet to the place of beginning.

These premises are owned by Jacob J. Nunnold.

Also all that other tract or parcel of land situate in the city, county and State aforesaid, bounded and described as follows:

Beginning at the southeast corner of lot 134 of said Flower City Co-Operative Building Lot Association

tract; thence north, on the east line of said lot 134, for a distance of about one hundred and sixty-one feet to the northeast corner of said lot; thence west, on the north line of said lot, for a distance of fifty feet to the northwest corner of said lot; thence south, on the west line of said lot, parallel with and distant fifty feet west of said east line, for a distance of about one hundred and sixty-one feet to the southwest corner of said lot; thence east, along the south line of said lot for a distance of fifty feet to the place of beginning.

These premises are owned by Leopold Garson and are subject to a mortgage given by him and wife to the Flour City National Bank, to secure the payment of \$15,000 and interest, dated May 12, 1886, and recorded in said clerk's office on the same day, in liber 272 of mortgages, at page 390, and assigned by said bank to Levi Adler by an assignment in writing, dated April 10, 1888, and recorded in said clerk's office on June 12, 1888, in liber 39 of assignments of mortgages at page 293.

Also, all that other tract or parcel of land situate in the city, county and State aforesaid, bounded and described as follows:

Beginning at the southeast corner of lot 136 of said Flower City Co-Operative Building Lot Association tract; thence north, on the east line of said lot 136, for a distance of about one hundred and sixty-one feet, to the northeast corner of said lot; thence west, on the north line of said lot, for a distance of fifty feet, to the northwest corner of said lot; thence south, on the west line of said lot, parallel with and distant fifty feet west of said east line for a distance of about one hundred and sixty-one feet, to the southeast corner of said lot; thence east, on the south line of said lot, fifty feet, to the place of beginning.

These premises are owned by Charles S. Cook. There is a judgment obtained by Alexander Thompson against Charles H. Cook in the Municipal Court of the city of Rochester, docketed on November 10, 1885, in the Monroe County Clerk's office, for \$235.17.

Also, all that other tract or parcel of land situate in the city, county and state aforesaid, bounded and described as follows:

Beginning in the center of the Big Ridge road, at a point where the east line of lot 134 of the Flower City Co-operative Building Lot Association tract, if produced, would intersect the same; thence north on said produced or easterly line for a distance of three hundred and thirty feet, to the north line of the city of Rochester; thence west along said north line for a distance of one hundred feet, to a point; thence south on a line parallel with, and distant 100 feet west of said east or produced line, for a distance of 330 feet, to the center of the Big Ridge Road; thence east along the center of said road, 100 feet, to the place of beginning.

These premises are owned by Ella P. K. Angell and Jessie I. Knickerbocker, only children and heirs-at-law of Mary Jane Knickerbocker, deceased, subject to the life estate or tenancy by the courtesy of Edgar Knickerbocker, husband of said Mary Jane Knickerbocker, deceased, and are subject to a mortgage given by them thereon to the Monroe County Savings Bank, dated August 20th, 1889, and recorded in said Monroe County Clerk's office on September 6th, 1889, in Liber 320 of mortgages, at page 30, to secure the payment of the sum of \$11,000 and interest.

Therefore, we, the subscribers, the commissioners, having been duly sworn, as required by the statute in such case made and provided, and having all met and acted upon the matter submitted to us at the City Attorney's office, in the City Hall building, Rochester, N. Y., pursuant to a notice of at least ten days published according to law, and having taken a view of every part of the premises affected by this proceeding, and having inquired into and heard the allegations and proofs of the respective parties in interest, do, thereupon, determine and appraise the damages which the several owners, (there being no tenants or occupants other than such owners) of the several premises thus to be taken for the opening and extension of said street will severally sustain by being de-

prived thereof, and fix the compensation which the aforesaid owners respectively shall receive therefor, as follows:

The awards hereby made, after deducting all taxes and assessments which have become a lien upon the lands described, to be paid as hereinafter provided:

To H. Sellers McKee, for the parcel firstly above described, the sum of \$1,474.43, payable to the Monroe County Savings Bank, mortgagee, aforesaid.

To Horton L. Fowler and Ella F. R. Fowler, for the parcel secondly above described, the sum of \$500, payable to them.

To Henry Kohlmetz, for the parcel thirdly above described, the sum of \$500, payable to him.

To Alfred E. Benjamin, for the parcel fourthly above described, the sum of \$500, payable to him.

To Jacob J. Nunnold, for the parcel fifthly above described, the sum of \$500, payable to him.

To Leopold Garson, for the parcel sixthly above described, the sum of \$300, payable to Levi Adler, mortgagee, assignee aforesaid.

To Charles S. Cook, for the parcel seventhly above described, the sum of \$250, payable to him, provided he makes it appear to the City Attorney that the aforesaid judgment is not a lien upon the property.

To Ella P. K. Angell, Jessie I. Knickerbocker and Edgar Knickerbocker, children and heirs-at-law and husband and tenant by the courtesy of Mary Jane Knickerbocker deceased, for the parcel eighthly above described, the sum of \$550, payable to the Monroe County Savings Bank, mortgagee, aforesaid.

All of which is respectfully submitted.

Also, for moneys received for the Police Pension Fund, and for services rendered the county of Monroe.

B. FRANK ENOS, Clerk.
Sworn to before me this 5th day of Nov. 1890.

B. KEELER, Commissioner of Deeds.
Ordered received, filed and published.
A communication was received from Miss McKenna in relation to the sidewalks on Dublebeiss park.
Ordered received, and filed.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

Ald. Lewis moved that the City Surveyor be directed to prepare an ordinance for a plank walk on Dubelbeiss park. Adopted.

NORTH ST. PAUL STREET GRADE CHANGE.

By Ald. Shelter—Resolved, That the following improvement is necessary, viz:
The changing the grade of North St. Paul street, from the New York Central & Hudson River railroad bridge to a point 95 feet north of Marietta street, so that the grade of the top of the

curbstones shall coincide with the following description, viz.: Beginning at a point in St. Paul street under the north line of the above mentioned bridge, at an elevation of one foot below the surface of the present street car tracks at that place; thence extending northerly in a direct line to the south line of Marietta street at an elevation of 1 59-100 feet below the top of the curbstone on the east side of St. Paul street at that place; thence northerly in a direct line to the north line of Marietta street, at an elevation of 1 31-100 feet below the top of the curbstone on the east side of St. Paul street at that place; thence northerly in a direct line to a point 95 feet north of the north line of Marietta street, intersecting the present grade of the top of the curbstones at that place, and in accordance with the grade line shown on the profile accompanying this ordinance.

And the Clerk is hereby directed to publish notice in pursuance of Title VII, Section 172 of the Revised Charter of 1880, of the city of Rochester, that all persons interested in the subject matter of said improvement are required to attend the Common Council on Tuesday evening, November the 25th, 1890, at 7 o'clock, at the Common Council Chamber, when allegations will be heard.

Adopted.

STANLEY PARK GRADING, WALK AND SEWER.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Stanley park.

Adopted.

The Surveyor submitted as such estimate \$1,100.
By Ald. Shelter—Resolved, That the following improvement is necessary, viz:
The grading of Stanley park and the construction of pine plank sidewalks 4 feet wide on each side thereof, from Lexington park to Violetta street. Also the construction of a vitrified pipe sewer 12 inches in diameter in said Stanley park, from a point 100 feet north of Lexington park to the sewer in Violetta street; also the necessary manholes, surface sewers, lot laterals, branches and crosswalks.

And, Whereas, The City Surveyor, under the direction of this Council, has made an estimate of the whole expense thereof, and reports the same at \$1,100, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Stanley park, from Lexington park to Violetta street, in proportion to the benefit which each will derive therefrom.

Adopted.

SIXTH AVENUE PLANK WALK.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a walk on Sixth avenue.

Adopted.

The Surveyor submitted as such estimate \$450.
By Ald. Shelter—Resolved, That the following improvement is necessary, viz:

The construction of a hemlock plank sidewalk, 4 feet wide, on each side of Sixth avenue, from Pennsylvania avenue to Central park. Also the necessary sidewalk grading and crosswalks; owners being allowed 30 days in which to construct their own walks.

And whereas, The City Surveyor, under the direction of this Council, has made an estimate of the whole expense thereof, and reports the same at \$450, which estimate is hereby approved.

Resolved, Further, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Sixth avenue, from Pennsylvania avenue to Central park, in proportion to the benefit which each will derive therefrom.

Adopted.

NORTH ST. PAUL STREET WIDENING.

By Ald. Bohrer—Resolved, That the following improvement is necessary, and we hereby judge that the public good requires the same to be done, viz:

The widening of North St. Paul street on the east side thereof, at the angle therein opposite the Deaf Mute Institute. The proposed new east line of said street to be located as follows: Beginning at a point in the east line of St. Paul street, 150 feet south of the angle therein heretofore mentioned; thence northerly in a curved line subtended by a radius of 324.26 feet to a point in the east line of said street, 150 feet north of the angle referred to. The territory deemed necessary to be taken for said widening is: All the land included between the present east line of St. Paul street, and the proposed new east line of said street.

Resolved, further, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of North St. Paul street, from Avenue E to the north line of the city, in proportion to the benefit which each will derive therefrom.

Adopted.
By Ald. Shelter—Resolved, That, unless otherwise ordered, all persons interested in the subject matter of each and all improvements contemplated to be made in or by any ordinance or resolution adopted or passed at this meeting and the expense whereof, in whole or in part, is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council on Tuesday, the 2nd day of December, 1890, at 7 o'clock p. m., at the Common Council Chamber, when allegations relative thereto will be heard, and that the Clerk be and he is hereby directed to publish for four secular days continuously in The Union and Advertiser and the Abend Post and Beobachter, notice thereof as is required and in the manner specified by Section 172 of the City Charter. Adopted.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,
ROCHESTER, N.Y. NOV. 18, 1890.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Agreeably to your directions given at your last meeting in reference to the following named contemplated improvements, I caused to be published daily for four days, in the Union and Advertiser and Abend Post and Beobachter, two daily newspapers printed in the city of Rochester, notices of said improvements, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and requiring all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, November 18th, 1890, at 7 o'clock p. m., at the Common Council Chamber, when allegations would be heard in reference to such improvements, viz.: PETER SHERIDAN, City Clerk.

FINAL ORDINANCE NO. 4.197.

RUTGER STREET CURBS.

On motion of Ald. Shelter the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to curb Rutger street, from the south end thereof to Park avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Rutger street, from the south end thereof to Park avenue, by setting a line of curbstone on each side thereof, properly connected with all streets, alleys and driveways. Width of main roadway between curb lines to be 28 feet.

And the City Surveyor, under the direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$1,500, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Rutger street, from the south end thereof to Park avenue.

Adopted by the following vote:

Ayes—Ald. Sullivan, McMillan, Rauber, Cleveland, Shelter, Selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly, Lewis—12.

Ald. Kelly presented a remonstrance against the pending final ordinance for Jay street sewer, and moved that further action be postponed four weeks. Adopted.

FINAL ORDINANCE, NO. 4.198.

ANDERSON AVENUE AND UNIVERSITY AVENUE SEWER.

On motion of Ald. Judson, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An Ordinance to construct a pipe sewer in Anderson and University avenues from near the angle in Anderson avenue to Union place.

And, after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a vertified pipe sewer 12 inches in diameter, in Anderson avenue, from a point 20 feet south of the first angle north of University avenue to the center of University avenue; also in University avenue from the center of Anderson avenue to the sewer in University avenue at Union place, also the construction of the necessary lot laterals, manholes, surface sewers, brances, roadway grading and gutter formations.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$1,200, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Anderson avenue, from the first angle north of University avenue to University avenue, also one tier of lots and parcels of land on each side of University avenue from a point 80 feet west of Anderson avenue to the center of Anderson avenue.

Adopted by the following vote:

Ayes—Ald. Sullivan, McMillan, Rauber, Cleveland, Shelter, Selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly, Lewis—12.

FINAL ORDINANCE NO. 4.199.

BIG RIDGE ROAD WIDENING.

On motion of Ald. Bohrer, the Common Council proceeded to hear allegations in relation to the improvement detailed in the following ordinance viz:

An ordinance to widen the Big Ridge road from Lake Avenue to the western city line.

And after hearing allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made and they hereby judge that the public good requires the same to be done, viz:

The widening of the Big Ridge road ten feet on the north side thereof, from Lake avenue to the west line of the city. And the territory deemed necessary to be taken therefor is described as follows: Being a strip of land ten feet in width lying on the north side of the Big Ridge road and ad-

joining the same, and extending from Lake avenue to the west line of the city.

And the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

The entire area bounded on the south by the Big Ridge road, as proposed to be widened, on the west by the west line of the city, on the north by the north line of the city, and on the east by Lake avenue.

Adopted by the following vote:

Ayes—Ald. Sullivan, McMillan, Rauber, Cleveland, Shelter, Selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly, Lewis—12.

FINAL ORDINANCE NO. 4,200.

MURRAY STREET AND MURRAY PARK SEWER.

On motion of Ald. Judson the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a pipe sewer in Murray street and Murray park from near Lyell avenue to Child street.

And, after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a vitrified pipe sewer 12 inches in diameter in Murray park, from the center of Murray street to the sewer in Child street. Also in Murray street from a point 150 feet south of Lyell avenue to a point 161 feet south of the center of Murray park. Also the construction of the necessary manholes, surface sewers, lot laterals and branches, roadway grading and gutter formations.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$1,800, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by, such improvement, to wit:

One tier of lots and parcels of land on each side of Murray park from Child street to Murray street. Also one tier of lots and parcels of land on each side of Murray street from Lyell avenue to the New York Central & Hudson River Railroad property.

Adopted by the following vote:

Ayes—Ald. Sullivan, McMillan, Rauber, Cleveland, Shelter, Selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly, Lewis—12.

Ald. Kelly moved, that action on the final ordinance for the Big Ridge Road Asphalt Improvement be further postponed until Tuesday evening, January 13, 1891. Adopted.

On motion of Ald. Sullivan, action on the final ordinance for Court Street River Bridge, was further postponed until the first regular meeting in March next.

On motion of Ald. Rauber, action on the final ordinance for North St. Paul Street Pavement Re-adjustment, was postponed four weeks.

UNFINISHED BUSINESS.

Action on the report of the commissioners in the matter of Chestnut park widening, published at page 332, current proceedings, being in order, allegations were called for, and no person appearing. Ald. Kelly submitted the following:

By Ald. Kelly—Resolved, That the report of the commissioners in the matter of Chestnut park widening, as contemplated by ordinance No. 3,875, be, and the same hereby is in all things confirmed.

Adopted by the following vote:

Ayes—Ald. Sullivan, McMillan, Rauber, Cleveland, Shelter, Selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly, Lewis—12.

EXECUTIVE BUSINESS.

Ald. Sullivan moved to proceed to appoint Commissioners of Deeds, and that the Clerk cast the ballot of the Common Council.

Adopted by the following vote:

Ayes—Ald. Sullivan, McMillan, Rauber, Cleveland, Shelter, Selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly, Lewis—12.

William DeGraff, David Sadden, and Harry E. Lawrence having received the concurrent vote of the Common Council, were declared appointed Commissioners of Deeds.

MISCELLANEOUS.

By Ald. McMillan—Resolved, That the City Surveyor be directed to prepare an ordinance for grading Exchange street from Clarissa street to the bridge crossing the W. N. Y. & P. R. R. Also an ordinance for sidewalks for the same street between said points. Adopted.

By Ald. McMillan—Resolved, That the Senator and Member of Assembly from this district be and they are requested to favor the passage of the following amendments to Chapter 262, Laws of 1890, known as the Ballot Reform Act:

First—The several boards of inspectors shall consist of three members, who shall perform all the duties of the board of registry.

Second—The appointment or election of two ballot clerks, as provided by said act, who shall be required to sit only upon election day.

Third—That election districts shall contain not exceeding more than 400 voters.

Also an amendment to Chapter 321, Laws of 1890, known as the Registry Law, providing for a sitting of the board upon some day of the week other than Saturday.

On motion of Ald. McMillan the resolution was laid on the table until the next regular meeting.

By Ald. Shelter—Petitions of Robert Thompson and Patrick Dorsy. Referred to the Wood Building Committee and Fire Marshal, with power to act.

By Ald. Shelter—Resolved, That the Executive Board be, and hereby is, authorized and requested to negotiate with the owners for the purchase of lands necessary to be taken for opening a street from Jefferson avenue to Genesee street, as contemplated by Ordinance No. 2,847, passed December 1, 1885, and report the result of such negotiations to this Board as soon as possible. Adopted.

By Ald. Shelter—

To the Common Council of the City of Rochester:

I, John G. Zweigle, hereby profer and ask acceptance of the street running westerly from Jefferson avenue through Zweigle's subdivision on the corner of Jefferson avenue and Magnolia streets.

And I do certify that I am the person proposing to make said dedication; that no other person has any right or interest in any part of the land included within said street; that an accurate map of the street and subdivision has been filed in the Clerk's office of Monroe county, and also in the office of the City Assessors, and the street has been actually opened to and made convenient to public traffic; also the angles of the street have been accurately defined by durable stone monuments, properly located, and all of the regulations of your honorable body in regard to the acceptance of streets for public use have been fully complied with.

The proposed street is particularly described as follows: Beginning at a point in the west line of Jefferson avenue 198 feet distant northerly from the north line of Magnolia street; running thence westerly parallel with Magnolia street 624 feet; thence northerly in a line parallel with the west line of Jefferson avenue 32 feet; thence easterly parallel with Magnolia street 624 feet to the west line of Jefferson avenue; thence southerly 32 feet to the place of beginning.

The name of the street hereby offered is "Zweigle park."

Dated, Rochester, N. Y., November 18, 1890.

JOHN G. ZWEIFLE.

And, after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit :

The changing the grade of North St. Paul street, from the New York Central & Hudson River railroad bridge to a point 95 feet north of Marietta street, so that the grade of the top of the curbstones shall coincide with the following description, viz.: Beginning at a point in St. Paul street under the north line of the above mentioned bridge, at an elevation of one foot below the surface of the present street car tracks at that place; thence extending northerly in a direct line to the south line of Marietta street at an elevation of 1.50-100 feet below the top of the curbstone on the east side of St. Paul street at that place; thence northerly in a direct line to the north line of Marietta street, at an elevation of 1.31-100 feet below the top of the curbstone on the east side of St. Paul street at that place; thence northerly in a direct line to a point 95 feet north of the north line of Marietta street, intersecting the present grade of the top of the curbstones at that place, and in accordance with the grade line shown on the profile accompanying this ordinance.

Ald. Kelly called the attention of the board to the contingency of possible claims for damages by abutting property owners and suggested that a committee be appointed to make satisfactory arrangements with property owners and that the Executive Board be directed to defer action under this ordinance until satisfactory arrangements have been made by such committee.

The final ordinance for North St. Paul street grade changing was then adopted by the following vote:

Ayes—Ald. Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—15.

By Ald. McMillan—Resolved, That the Executive Board be and they are hereby requested not to take any action with regard to the lowering of the grade of North St. Paul street in accordance with the ordinance adopted to-night until the special committee appointed this evening shall have reported that the rights and interests of the city and of abutting property owners have been or will be protected.

Adopted by the following vote:

Ayes—Ald. Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—15.

Ald. Lewis asked and obtained unanimous consent to present the following:

By Ald. Lewis—Resolved, That action on the final ordinance for Anderson avenue and University avenue sewer, No. 4,198, passed November 18, 1890, be reconsidered. Adopted.

Ald. Lewis moved that the ordinance be amended by inserting after the word "also," in the fifth line of the body of the ordinance, the words "a vitrified pipe sewer 15 inches in diameter." Adopted.

Further action was postponed, under the rule, until the next meeting, December 2d, 1890.

By Ald. Lewis—Petition of Ezra W. Acer. Referred to the Wood Building Committee and Fire Marshal, with power to act.

By Ald. Lewis—

To the Honorable, the Common Council of the City of Rochester:

Your petitioners begs your honorable body to grant them permission to lay water mains in Berlin street, in the city of Rochester, from the present terminus of the water main west of Hudson street on Berlin street, to a point six hundred and forty feet from said terminus west of Hudson street, at their own expense and according to the plans and under the direction and inspection of the Executive Board, and that your petitioner shall be reimbursed the amount of his expenditures, without interest, at the pleasure of the city.

ADAM FRIEDERICH.

Referred to the Water Works Committee.

Ald. McMillan moved to proceed to miscellaneous business. Adopted.

By Ald. Judson—Whereas, Benjamin S. Titus, before the huckster ordinance was amended, and on September 9, 1890, took out and paid for a license to peddle, he doing so only in regard to potatoes raised upon his own farm in Henrietta, and paid therefor the sum of fifteen dollars, be it, therefore,

Resolved, That upon the surrender and delivery by him to the City Clerk of said license, the said Clerk be, and he hereby is, directed to draw an order upon the Treasurer, payable from the contingent fund, in favor of said Titus for said sum of fifteen dollars:

Adopted by the following vote:

Ayes—Ald. Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—15.

By Ald. Bierbrauer—Petition of Nora Graham. Referred to the Wood Building Committee and Fire Marshal, with power to act.

By Ald. Hall—We, the undersigned merchants, doing business on Main street between Water and Front, would respectfully ask the Common Council on account of the large amount of traffic and narrowness of the sidewalk between these points,

to prohibit any display of merchandise, show cases, boxes, or anything whatsoever in front of the stores.

This is earnestly requested as at present it is almost impossible for pedestrians to pass.

By Ald. Selye—

ROCHESTER, N. Y., Nov. 19, 1890.

To the Hon. the Common Council of the City of Rochester:

GENTLEMEN—North Alexander street in the Sixteenth ward of the city, between Clifford street and Jennings street, was considered by the Water Works Committee of your honorable body, as one of the streets to lay water mains in prior to the last group settings, but was not included in the notice of setting. There are some houses on the east side of said street, situated about 380 feet south of Jennings street that greatly need services.

A street in the Ninth ward called Kislingsbury has the materials necessary to lay a main therein already distributed, and the owner of the abutting property on both sides of said street is willing to have said materials transferred to North Alexander street and laid there, instead of said Kislingsbury street, which can hold over until next season.

Your committee therefore recommends the passage of the following resolution.

Respectfully submitted,

D. W. SELYE,

HENRY SHELTER,

JOHN U. SCHROTH,

MERTON E. LEWIS,

J. MILLER KELLY,

Water Works Committee.

By Ald. Selye—Resolved, That the Executive Board be, and it is hereby authorized and directed, to extend a proper water main in North Alexander street, from Jennings street to about 400 lineal feet south, the same extension to take the place of Kislingsbury street, embraced in Group No. 146 of streets, heretofore published and let.

Adopted by the following vote:

Ayes—Ald. Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—15.

Ald. Selye announced that Driving Park avenue bridge was to be officially opened Monday, Dec. 1, 1890, and extended an invitation to the Council to be present.

By the Clerk—

CITY SURVEYOR'S OFFICE,
ROCHESTER, N. Y., Nov. 25, 1890.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—The Executive Board has decided to open Driving Park avenue bridge for public use on Monday, Dec. 1st next.

In the interests of the general public, the bridge should be properly lighted by electricity, and the necessary lights placed in position previous to the date of opening. I recommend that the Brush electric light company be directed to erect one arc light at each end of, and at the middle of said bridge.

Respectfully,

OSCAR H. PEACOCK.

City Surveyor.

Ordered received, filed and published.

By the Clerk—

REPORT OF THE COMMISSION IN THE MATTER OF OPENING AND EXTENSION OF NORTH STREET.

By the Clerk—

MONROE COUNTY COURT.—In the matter of the opening and extension of North street, from the north end of the present street to Norton street, in the city of Rochester.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—The undersigned, who were duly appointed by an order of the Monroe County Court, duly granted and entered on or about the 3d day of March, 1890, commissioners to inquire into and determine what damages and compensation the owner or owners, tenants or occupants, of the lands to be taken for the purpose of opening and extension of North street, from the North end of the present street to Norton street, in said city, will be entitled to, respectfully report and certify their award of damages, as incident to the opening and extension of said street, as follows:

The several pieces or parcels of land required for such purpose, and necessary for the opening and extension of said street, are described as follows: All that tract or parcel of land situate in the city of Rochester, formerly the town of Brighton, county of Monroe and State of New York, bounded and described as follows:

Beginning at a point in the north line of lot 45, township 14, range 7, at a point midway between the east and west lines of said lot, or distant fifteen chains and sixty-three links east from the north-west corner of said lot; thence southerly, along the center line of said lot, for a distance of seven chains and eighteen and one-half links, or four hundred and seventy-four and twenty-one hundredths feet, to a point; thence west, on a line parallel with the north line of said lot, for a distance of thirty-six feet, to a point; thence north, to a point on the north line of said lot, distant thirty feet from the place of beginning; thence east on said north line, for a distance of thirty feet, to the place of beginning.

Also, all that other tract or parcel of land situated in the city, county and State aforesaid, bounded and described as follows:

Beginning at a point in the center line of said lot 45, distant seven chains and eighteen and one-half links south from the north line of said lot; thence south along said center line for a distance of eight chains and forty-seven and one-half links, or five hundred and fifty-nine and thirty-five hundredths feet, to the southeast corner of lands described in a deed from Mary J. Lawrence and husband to Otto Block and others, dated March 30th, 1889, and recorded in Monroe county clerk's office on April 5th, 1889, in liber 450 of deeds, at page 139; thence west along the south line of said premises for a distance of forty-four and eight-tenths feet to a point; thence north, for a distance of about eight chains and forty-seven and one-half links, to the north line of the said premises, distant thirty-six feet west from the center line of said lot; thence easterly, on said north line, for a distance of thirty-six feet, to the place of beginning.

These premises are owned by Otto Block, Alvin Block, Charles Blaw and August Blaw.

Also, all that other tract or parcel of land situate in the city, county and state aforesaid, described as follows:

Beginning at a point on the center line of said lot 45, distant south fifteen chains and sixty-six links from the north line of said lot, or the southeast corner of the last mentioned premises; thence south along the said center line for a distance of about three hundred and forty-six and seven-tenths feet, to a point, being the southeast corner of the premises conveyed to Hiram E. Wilson by deed from William N. Emerson and wife, dated June 17th, 1884, and recorded in said clerk's office in liber 384 of deeds, at page 213; thence west, on the south line of said premises, for a distance of fifty-three and thirty-five hundredths feet, to a point; thence north, for a distance of about

three hundred and forty-six and six tenths feet, to the north line of the last mentioned premises; thence east, on said north line, for a distance of forty-four and eight-tenths feet, to the place of beginning.

These premises are owned by Hiram E. Wilson, and are subject to a mortgage given by said Wilson to William N. Emerson, for \$2,400.00 and interest, dated June 17th, 1884, and recorded in said clerk's office in liber 260 of mortgages, at page 335, and assigned by said Emerson to Frances C. Wells, by an assignment dated September 2d, 1884, and recorded in said clerk's office September 3d, 1884, in liber 34 of assignments of mortgages, at page 211.

Also, all that other tract or parcel of land, situate in the said city, county and state aforesaid, bounded and described as follows:

Being a part of said lot 45, beginning at the southeast corner of the premises last above described; thence south, along the center line of said lot 45, for a distance of about two hundred and seventy-two and thirty-eight hundredths feet, to the southeast corner of the premises of William N. Emerson; thence west, on a line parallel with the north line of said lot, for a distance of fifty-seven and six-tenths feet, to a point; thence north, on a line to a point on the north line of said Emerson's premises, or south line of Wilson's premises, hereinbefore mentioned, a distance west fifty-three and thirty-five hundredths feet from said center line of said lot 45; thence east, on the south line of said Wilson's premises, fifty-three and thirty-five hundredths feet, to the place of beginning.

These premises are owned by William N. Emerson.

Also, all that other tract or parcel of land, in the city, county and state aforesaid, bounded and described as follows:

Beginning at a point in the center line of said lot 45, or the northeast corner of the premises of W. Van Alst; thence south, along the center line of said lot forty-five, or the east line of said Van Alst's premises for a distance of about two hundred and twelve feet, to a point distant west one and one-tenth feet from the southeast corner of said Van Alst's premises; thence west, on a line parallel with said north line of said lot 45, or south line of said Van Alst's premises, for a distance of sixty feet to a point; thence north for a distance of about two hundred and twelve and seventeen-hundredths feet, to a point fifty-seven and six-tenths feet west from the place of beginning; thence east, on the north line of said Van Alst's premises, for a distance of fifty-seven and six-tenths feet, to the place of beginning.

These premises are owned by William Van Alst.

Also all that other tract or parcel of land situate in the city, county and State aforesaid, bounded and described as follows:

Being a part of said lot 45, beginning at the southeast corner of the portion of the premises last above mentioned taken for the street herein, at a point where a line extended north from the present northeast corner of North street to a point on the south line of Norton street, distant thirty feet east of the center line of said lot 45 would intersect the same; thence south, upon said produced line, for a distance of about one hundred and ninety, seven and four-tenths feet, to the south line of the premises owned by Joseph Z. Culver; thence west, along said south line, for a distance of sixty feet, to a point; thence north, on a line parallel with, and distant sixty feet from, the said east or produced line, for a distance of about one hundred and ninety-seven and four-tenths feet, to a point sixty feet west of the place of beginning; thence east, on a straight line, or the south line of W. Van Alst's premises, for a distance of sixty feet, to the place of beginning.

Also, another strip, beginning at the northeast corner of C. Meyer's premises; thence east, on the south line of said Meyer's premises, for a distance of five and sixty-three hundredths feet, to a point; thence south, for a distance of three hundred and forty-nine and fifty-two hundredths feet, to a point at its intersection with the center line of

said lot 45; thence north, on said center line, for a distance of three hundred and forty-nine and fifty-two hundredths feet, to the place of beginning.

These premises are owned by Joseph Z. Culver, and, with other premises, are subject to a mortgage given thereon by said Culver to the Monroe County Savings Bank, to secure \$5,000 and interest, dated January 19th, 1888, and recorded in said clerk's office, in Liber 292 of mortgages, at page 141.

Also all that other tract or parcel of land situate in the city, county and state aforesaid, bounded and described as follows:

Being a part of said lot 45, beginning at the southeast corner of the land hereinbefore mentioned belonging to Joseph Z. Culver, and taken for the purposes of the street herein mentioned, at a point on the north line of premises conveyed to John Stroup by Mitchell A. Mitchell, by deed dated March 16th, 1861, and recorded in said clerk's office on March 18th, 1861, in Liber 103 of Deeds, at page 234, where a line extended north from the present northeast corner of North street to a point on the south line of Norton street thirty feet distant east from the center line of said lot 45, would intersect the same; thence south, on said produced line, for a distance of about two hundred and seventy-four and two tenths feet, to the south line of said Stroup's premises; thence west, on said south line, for a distance of sixty feet to a point; thence north, on a line parallel with and sixty feet distant from, said east, or produced line, for a distance of about two hundred and seventy-four and two-tenths feet to a point sixty feet west of the place of beginning; thence east, on the north line of said Stroup's premises, for a distance of sixty feet, to the place of beginning.

These premises are owned by John W. Stroup, Elizabeth M. Corris, Jennie R. Stroup and Mary A. Van Ingen, only children and heirs at law, and Mary A. Stroup, widow of John Stroup, deceased.

Also, all that other tract or parcel of land situate in the city, county and state aforesaid, bounded and described as follows:

Hathaway and Charles Gordon to secure the payment of \$1,400.00 and interest, dated April 1, 1885, and recorded in said clerk's office on April 9th, 1885, in liber 270 of mortgages, at page 67.

Also, all that other tract or parcel of land, situate in the city, county and state aforesaid, bounded and described as follows:

Being a part of said lot 45, beginning at a point about nineteen and four-tenths feet east of the southwest corner of lands conveyed to John Durnam by William N. Emerson and wife, by deed dated May 1st, 1888, and recorded in said clerk's office on June 4th, 1888, in Liber 440 of deeds, at page 10, where a line extended north from the present northeast corner of North street to a point on the south line of Norton street, thirty feet distant east from the center of said lot 45 would intersect the same; thence north, on said east or produced line, for a distance of about two hundred and forty-five and five-tenths feet to a point on the north line of said Durnam premises, about twenty-two feet, east of the northwest corner of said premises; thence west, on the north line of said lands, for a distance of about twenty-two feet, to a point, or said northwest corner; thence south, on the center line of said lot 45, or the west line of said Durnam's premises, about two hundred and forty-five and five-tenths feet, to said southwest corner; thence east, on the south line of said premises, for a distance of nineteen and four-tenths feet, to the place of beginning.

These premises are owned by John Durnam or Durnan and are subject to a purchase money mortgage given thereon by him to William N. Emerson, to secure the payment of \$1,500, and interest, dated May 1st, 1888, and recorded in said clerk's office on June 1st, 1888, in liber 303 of mortgages, at page 3.

Also, all that other tract or parcel of land situate in the city, county and state aforesaid, bounded and described as follows:

Being a part of said lot 45, beginning at a point about twenty-two feet east of the southwest corner of lands conveyed to Charles Salmon and Elijah D. Webster by William N. Emerson and wife, by deed dated May 1, 1888, and recorded in said clerk's office on May 24, 1888, in liber 439 of deeds, at page 380, where a line extended north from the present northeast corner of North street to a point in the south line of Norton street, thirty feet distant east from the center line of said lot would intersect the same; thence north, on said east or produced line, for a distance of about four hundred and eighty-eight and twenty-five hundredths feet to a point on the north line of said Salmon and Webster premises thirty feet east of the northwest corner of said premises or center line of said lot 45; thence west on the north line of said premises for a distance of thirty feet to a point, or said northwest corner or center line; thence south on the center line of said lot 45, or the west line of said premises for a distance of about four hundred and eight and twenty-five hundredths feet to said southwest corner; thence east on the south line of said premises for a distance of about twenty-two feet to the place of beginning.

These premises are owned by Charles Salmon and Elijah D. Webster.

Therefore, we, the subscribers, the commissioners, having been duly sworn, as required by the statute in such case made and provided, and having

all met and acted upon the matter submitted to us at the City Attorney's office, in the City Hall building, Rochester, N. Y., pursuant to a notice of at least ten days published according to law, and having taken a view of every part of the respective premises affected by this proceeding, and having inquired into and heard the allegations and proofs of the respective parties in interest, do, thereupon, determine and appraise the damages which the aforesaid owners, (there being no tenants or occupants other than such owners) of the several premises thus to be taken for the opening and extension of said street will severally sustain by being deprived thereof, and fix the compensation which the aforesaid owners respectively shall receive therefor, as follows:

The awards hereby made, after deducting all taxes and assessments which have become a lien upon the lands described, to be paid as hereinafter provided:

To Emilie Block and Ernestine Blauw, for parcel firstly above mentioned, the sum of three hundred and fifty-nine dollars, payable to them.

To Otto Block and Alvin Block and Charles and August Blauw, for parcel secondly above mentioned, five-hundred and nineteen dollars, payable to them.

To Hiram E. Wilson, for parcel thirdly above mentioned, the sum of three hundred and ninety dollars and sixty cents, payable to William N. Emerson, mortgagee, aforesaid.

To Henry Zimmer, William Zimmer, Harry Zimmer, George Zimmer, John Zimmer, Julia Zimmer and Adam Zimmer, only children and heirs at law, and Catharine Zimmer, widow, owner of a life estate, of John Zimmer, deceased, for parcel eleventhly above mentioned, the sum of three hundred and two dollars and seventy-nine cents, payable to them.

To Catharine Meyer, for parcel twelfthly above mentioned, the sum of fifteen dollars and thirty-six cents, payable to John R. Barrett, mortgagee, aforesaid.

To Frank Joseph Meyer, Catharine M. Englert, Theresa M. Schlitzer, Mary Schranck, formerly Mary Meyer, Cecelia Meyer and John Meyer, only children and heirs at law, and Walburga Meyer, widow of Francis Anton Meyer, deceased, for parcel thirteenthly above mentioned, the sum of twenty-three dollars and thirty-three cents, payable to the East Side Savings Bank, mortgagee, aforesaid.

To John Heckler, for parcel fourteenthly above mentioned, the sum of thirty-three dollars and seventy-five cents, payable to the North Avenue Permanent Savings and Loan Association, mortgagee, aforesaid.

To John Durnan or Durnan or Durman, and Rose, his wife, for parcel fifteenthly above mentioned, the sum of forty-one dollars and forty

cents, payable to them, or the survivor thereof.
 To Chauncey Nash and Sophia A. or E. Nash, for parcel sixteenthly above mentioned, the sum of forty-eight dollars and fifty cents, payable to the East Side Savings Bank, mortgagee, aforesaid.

To George Nicholson, Jr., for parcel seventeenthly above mentioned, the sum of sixty-eight dollars and ninety cents, payable to Henry B. Hathaway and Charles Gordon, mortgagees, aforesaid.

To John Durnam, or Durnan or Durman, for parcel eighteenthly above mentioned, the sum of one hundred and twenty-four dollars, payable to William N. Emerson, mortgagee aforesaid.

To Charles Salmon and Elijah D. Webster, for parcel nineteenthly above mentioned, the sum of two hundred and forty-nine dollars, payable to them. All of which is respectfully submitted,

Ald. McMillan from the Law Committee reported that the election booths have been collected and stored in safe places until the next election.

By Ald. McMillan—Petition for an electric light on Atkinson street. Referred to the Lamp Committee.

By Ald Sullivan—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Your Lamp Committee to whom was referred the matter of lighting Driving Park avenue bridge, recommend that three electric lights be erected thereon, one at each end of, and one at the middle of said bridge.

WM. H. SULLIVAN,
 J. MILLER KELLY,
 D. W. SELYE,

Lamp Committee.

Ordered received, filed and published.

By Ald. Sullivan—Resolved, That the Brush Electric Light Company be, and hereby is, directed to erect one arc light at each end of, and one arc light at the middle of Driving Park Avenue bridge, and the City Surveyor is requested to make the proper notification.

Referred to the Law Committee. Also Petition of Elizabeth J. Baird in relation to erroneous assessment. Referred to the Assessment Committee.

Also petition for cement walk on Pennsylvania avenue Referred to the Surveyor to prepare an ordinance.

REPORTS OF STANDING COMMITTEES.

Ald. Cleveland from the Health Committee reported in favor of the bills referred to that committee and referred them to the Finance Committee for payment.

In connection with the above Ald. Cleveland stated that the health bills were not presented to the Health committee until the meeting of the Finance Committee, and that committee fully intended not to place any of the bills upon the finance budget, but owing to the fact that such proceeding would entail a great deal of hardship on the garbage collectors, who would not receive any pay until January it was deemed best to put the bills upon the budget with a warning to the superintendent of garbage that if the bills were not presented by him in time they would not be paid.

Ald. Selye in the chair.

By Ald. Hall—

To the Hon. Common Council:

GENTLEMEN—Your City Property Committee begs leave to report that it has caused bids to be received for the painting of the roof of the Front street building with two coats of the best iron ore and boiled linseed oil, and for the necessary repairing and soldering of said roof the same to be done before December 20, 1890, and under the supervision of the City Property Committee. In response thereto we have received the following:

From Thomas Gargan, \$125.
 From E. B. Roberts, \$125.
 From J. R. Brady, \$117.
 From Henry D. Blackwood, \$85.
 From Thomas Gosnell, \$81.40. This bid, being informal, was not considered, on account of scraping roof being omitted.

Your committee would, therefore, recommend that the contract be given to Henry D. Blackwood, he being the lowest bidder.

All of which is respectfully submitted.

LEO J. HALL,
 JOS. BIERBRAUER,
 HENRY SHELTER,
 J. MILLER KELLY,
 City Property Committee

Ordered, received, filed and published.

By Ald. Hall—Resolved, That the City Property Committee be, and it hereby is, directed to enter into a contract, on behalf of the city, with Henry D. Blackwood, to paint the roof of the Front street building, including the furnishing of the materials, the necessary repairs and soldering of said roof, as specified in the foregoing report of the City Property Committee; the contract is to contain such provisions as the City Attorney may deem to be for the best interests of the city, and to be approved by him before being executed.

Adopted by the following vote:

Ayes—Ald. Tracy, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—14.

ROCHESTER, N. Y., Dec. 2, 1890.

To the Finance Committee of the Common Council:

GENTLEMEN—I have to report, at this early date of the month, that I have been unable to fully examine the City Treasurer's books, etc., for the past month (November), but shall continue the work commenced until completed. As far as examined, I find everything satisfactory and correct. The cash required to be on hand at the close of business of the 1st inst., as per ledger balances was \$11,709.34. The same was counted and found correct. I have also verified the accuracy of the follow amounts on deposit at date named, in the several banks, as follows:

Central Bank.....	\$79,336 26
German American Bank.....	77,993 16
Traders' Bank.....	77,978 80

Respectfully submitted,

JOHN BOWER.

REPORTS OF SELECT COMMITTEES.

By Ald. Lempert—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Your special committee on the east side trunk sewer project respectfully report that in pursuance of authority given by resolution of your honorable body on October 21st, 1890, your committee has corresponded with Howard A. Carson of Boston, Mass., and with Samuel M. Gray of Providence, R. I., with the view of their employment as experts on said improvement. Letters from these gentlemen are hereto annexed and made a part hereof.

In view of the fact that by the resolution heretofore adopted the expense of the employment of an expert engineer was limited to \$500, and in view of the fact that the committee is unable to obtain the services of an expert for that sum, as seen by the aforesaid letters, your committee would recommend that the limit of expense be increased to \$1,000 and traveling expenses of the expert and that your committee be authorized to employ Mr. Gray at an expense not to exceed \$50 per day and traveling expenses, and that his compensation shall in no event exceed the sum of \$1,000 and necessary traveling expenses.

M. H. LEMPERT,
 LEO J. HALL,
 JAMES S. JUDSON,
 S. D. W. CLEVELAND,
 MERTON E. LEWIS,
 Committee.

By Ald. Lempert—Resolved, That the east side trunk sewer committee be, and it is hereby authorized, to employ Samuel M. Gray of Providence, R. I., to make an examination of the report of Emil Kuichling on the east side trunk sewer and report thereon, at an expense not to exceed \$50 per day and traveling expenses, and that his compensation shall in no event exceed the sum of \$1,000, and necessary traveling expenses the same to be charged to the east side trunk sewer fund when created.

Adopted by the following vote:
 Ayes—Ald. Tracy, Fee, Rauber, Lempert,

BOSTON, Nov. 19th, 1890.

M. H. Lempert, Esq., Chairman Trunk Sewer Committee, Rochester, N. Y.:

I have your letter of November 13th, regarding an opinion upon the report of Emil Kuichling on the East-side trunk sewer project. I have also received Mr. Kuichling's report which appears to treat the matter very thoroughly.

The project is a very interesting one and I regret exceedingly that my time is so completely taken up that it will be impossible for me to give it the consideration which you ask.

Yours respectfully,
 H. A. CARSON.
 Ordered received filed and published.

PROVIDENCE, R. I., Nov. 16th, 1890.

M. H. Lempert, Esq., Chairman Trunk Sewer Committee.

DEAR SIR:—Your letter of the 13th, was duly received, and the report two days later. I have looked over the report and observed its contents.

As I first wrote Mr. Lewis it is very difficult to satisfactorily fix upon a price beforehand, but I would like to do the work for you, and I feel well assured the compensation could be satisfactorily arranged.

Judging from the report, of the work to be done, the time it will consume, and the importance of the project, it would seem well worth \$1,000 and traveling expenses.

I will do the work at the rate of \$50.00 per day, with the understanding that whatever time I may spend on it, the sum charged shall not exceed \$1,000 and traveling expenses. Or I will do the work and agree that the bill shall be satisfactory to your committee.

Yours Truly,
 SAMUEL M. GRAY.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

SIBLEY STREET SEWER.

By Ald. Judson—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Sibley street.

Adopted.

The Surveyor submitted as such estimate \$2,450. By Ald. Judson—Resolved, That the following improvement is necessary, viz.:

The construction of a vitrified pipe sewer, 12 inches in diameter in Sibley street, from the center of Bates street to the Guenther street sewer. Also the construction of the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations.

And, Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$2,450, which estimate is hereby approved.

Resolved, further—That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Sibley street, from the west line of Bates street to the center of Guenther street. Also the land fronting on the west end of Sibley street, in proportion to the benefit which each will derive therefrom.

Adopted.

MAPLEWOOD AVENUE SEWER AND OUTLET.

By Ald. Judson—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Maplewood avenue, and an outlet therefor.

Adopted.

The Surveyor submitted as such estimate \$4,800. By Ald. Judson—Resolved, That the following improvement is necessary, viz:

The construction of a vitrified pipe sewer 12 inches in diameter in Maplewood avenue, from a point 180 feet south of Rose street to the center of Riverside avenue; also, the construction of a vitrified pipe sewer 15 inches in diameter, from the center of Riverside avenue, northerly across private lands supposed to belong to James Gorsline, to a point 4 feet south of the north line of said Gorsline's property, and the construction of a vitrified pipe sewer 18 inches in diameter, from this point westerly on a line parallel with and 4 feet south of said north line, across private lands supposed to belong to said Jas. Gorsline, to the sewer in Lake avenue. Also, the construction of the necessary surface sewers, manholes, lot laterals, and connections therefor; the necessary roadway grading and gutter formations, and the acquirement of the necessary easements in and right of way through the lands heretofore mentioned and supposed to be owned by James Gorsline. That portion of the sewer between Riverside avenue and the north line of said Gorsline's property, to be located parallel with, east of, and near the west line of lots 15, 16, 58 and 59, as shown on a map of J. Gorsline's re-subdivision of lots 10 and 11 of the 20,000 acre tract, formerly of the town of Greece, now of the city of Rochester, filed in the office of the Clerk of Monroe county, in liber 8 of maps, on page 68.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$4,800, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

All the territory included within and described by the following boundary lines, viz: Beginning at the intersection of the north line of property owned by James Gorsline, with the east line of Lake avenue, said point being on the north line of lot No. 10 of the 20,000 acre tract; thence southerly along the east line of Lake avenue, excepting one tier of lots on the east side thereof to the south line of lot No. 8 of the Maplewood and Lake Avenue Association; thence easterly along the south line of lots Nos. 8, 20 and 32 of said association to the top of the west high bank of the Genesee river; thence northerly along the top of said west high bank of the Genesee river to the center of Riverside avenue; thence westerly along the center of Riverside avenue to a point 1,200 feet east of Lake avenue; thence northerly on a line parallel with and 1,200 feet east of Lake avenue to the north line of James Gorsline's property; thence westerly along the north line of said Gorsline's property to the place of beginning. Also, a strip of land 100 feet in depth on the north side of and adjoining the said Gorsline's property, and extending from Lake avenue, easterly, 980 feet excepting lots 95, 97, 98, 99 and 100, as laid down on a map of a re-subdivision of lots 10 and 11 of the 20,000 acre tract, made by James Gorsline, and, also, excepting lots 79, 80, 81, 193 and 199, as laid down on a map of Maplewood and Lake Avenue Association, in proportion to the benefit which each will derive therefrom.

Adopted.

By Ald. Shelter—Resolved, That all persons interested in the subject matter of each and all improvements contemplated to be made in or by any ordinance or resolution adopted or passed at this meeting and the expense whereof, in whole or in part, is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council on Tuesday, the 16th day of December, 1890, at 7 o'clock p. m., at the Common Council Chamber, when allegations relative thereto will be heard, and that the Clerk be and he is hereby directed to publish for four secular days continuously in The Union and Advertiser and the Abend Post and Beobachter, notice thereof as is required and in the manner specified by Section 172 of the City Charter. Adopted.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y. Dec. 2, 1890.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Agreeably to your directions given at your last meeting in reference to the following named contemplated improvements, I caused to be published daily for four days, in the Union and Advertiser and Abend Post and Beobachter, two daily newspapers printed in the city of Rochester, notices of said improvements, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and requiring all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, December 2d, 1890, at 7 o'clock p. m., at the Common Council Chamber, when allegations would be heard in reference to such improvements, viz.: PETER SHERIDAN, City Clerk.

FINAL ORDINANCE, NO. 4.302.

SIXTH AVENUE PLANK WALK.

On motion of Ald. Shelter, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a plank walk on Sixth avenue, from Pennsylvania avenue to Central park.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a hemlock plank sidewalk, 4 feet wide, on each side of Sixth avenue, from Pennsylvania avenue to Central park. Also the necessary sidewalk grading and crosswalks; owners being allowed 30 days in which to construct their own walks.

And the City Surveyor, under the direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$450, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Sixth avenue, from Pennsylvania avenue to Central park.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis
—16.

FINAL ORDINANCE NO. 4.203.

STANLEY PARK GRADING, WALK AND SEWER.

On motion of Ald. Shelter the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to improve Stanley park from Lexington park to Violetta street.

And, after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The grading of Stanley park and the construction of pine plank sidewalks 4 feet wide on each side thereof, from Lexington park to Violetta street. Also the construction of a vitrified pipe sewer 12 inches in diameter in said Stanley park, from a point 100 feet north of Lexington park to the sewer in Violetta street; also the necessary manholes, surface sewers, lot laterals, branches and crosswalks.

And the City Surveyor, under direction of this Council, having made and reported as an estimate

of the expense thereof, the sum of \$1,100, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Stanley park, from Lexington park to Violetta street.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis
—16.

FINAL ORDINANCE, NO. 4.204.

NORTH ST. PAUL STREET WIDENING.

On motion of Ald. Bohrer the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to widen North St. Paul street opposite the Deaf Mute Institute.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, and they hereby judge that the public good requires the same to be done, viz:

The widening of North St. Paul street on the east side thereof, at the angle therein opposite the Deaf Mute Institute. The proposed new east line of said street to be located as follows: Beginning at a point in the east line of St. Paul street, 150 feet south of the angle therein heretofore mentioned; thence northerly in a curved line subtended by a radius of 524.26 feet to a point in the east line of said street, 150 feet north of the angle referred to. The territory deemed necessary to be taken for said widening is: All the land included between the present east line of St. Paul street, and the proposed new east line of said street.

And the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of North St. Paul street, from Avenue E to the north line of the city, as they exist at the date of the passage of this ordinance.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis
—16.

FINAL ORDINANCE, NO. 4.198.

ANDERSON AVENUE AND UNIVERSITY AVENUE SEWER.

On motion of Ald. Judson, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An Ordinance to construct a pipe sewer in Anderson and University avenues from near the angle in Anderson avenue to Union place.

And, after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a vitrified pipe sewer 12 inches in diameter, in Anderson avenue, from a point 20 feet south of the first angle north of University avenue to the center of University avenue; also a vitrified pipe sewer, 15 inches in diameter, in University avenue from the center of Anderson avenue to the sewer in University avenue at Union place; also the construction of the necessary lot laterals, manholes, surface sewers, branches, roadway grading and gutter formations.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$1,200, which

being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Anderson avenue, from the first angle north of University avenue to University avenue, also one tier of lots and parcels of land on each side of University avenue from a point 80 feet west of Anderson avenue to the center of Anderson avenue.

Adopted by the following vote:
 Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—16.

UNFINISHED BUSINESS.

The Boulevard Extension.

Action on the report of the commissioners in the matter of the Boulevard Opening and Extension, published at pages 349 and 350, current proceedings, being in order allegations were called for and no persons appearing, Ald. Kelly submitted the following:

By Ald. Kelly—Resolved, That the report of the commissioners of appraisal in the matter of the opening and extension of the Boulevard from the north line of the Lake Avenue Park Building Lot Association to the north line of the City of Rochester in said city, under final ordinance No. 4,100, be and the same is hereby in all things confirmed.

Adopted by the following vote:
 Ayes—Ald Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—16.

BALLOT LAW AMENDMENTS.

The following came up:

By Ald. McMillan—Resolved, That the Senator and Member of Assembly from this district be, and they are requested, to favor the passage of the following amendments to Chapter 362, Laws of 1890, known as the Ballot Reform Act:

First—The several boards of inspectors shall consist of three members, who shall perform all the duties of the board of registry.

Second—The appointment or election of two ballot clerks, as provided by said act, who shall be required to sit only upon election day.

Third—That election districts shall contain not more than 400 voters.

Also an amendment to Chapter 321, Laws of 1890, known as the Registry Law, providing for a sitting of the board upon some day of the week other than Saturday.

On motion of Ald. McMillan the resolution was laid on the table until the next regular meeting.

Ald. Kelly suggested that the resolution be amended by providing that the ballots be creased or folded before delivery to voters, and that ballot clerks be relieved from placing their initials on the ballots.

The amendments were accepted by Ald. McMillan.

The resolution was further amended by directing that the City Clerk transmit a certified copy of the foregoing resolution to the Senator and member of Assembly from this district.

The resolution as amended was then adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—16.

GUENTHER STREET NAME CHANGE.

Action on the petition to change the name of Guenther street to Brunswick street, being in order.

Ald. Lewis stated the petition was not signed by two-thirds of the property owners, as required by the rule of this Board, and moved that further action be indefinitely postponed. Adopted.

NORTH STREET OPENING AND EXTENSION.

Action on the report of the Commissioners in the matter of the opening and extension of North street, published at pages 257 to 261, current proceedings, being in order, allegations were called for and no person appearing. Ald. Lewis submitted the following:

By Ald. Lewis—Resolved, That the report of the Commissioners of Appraisal in the matter of the opening and extension of North street in the city of Rochester, under final ordinance No. 3,480, be and the same hereby is in all things confirmed.

Adopted by the following vote:
 Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—16.

EXECUTIVE BUSINESS.

Ald. Fee moved to proceed to appoint a City Assessor in place of Jacob Gerling, whose term expires December 31, 1890. Adopted.

Ald. Fee nominated Jacob Gerling. Jacob Gerling was named by Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—16.

Jacob Gerling having received the unanimous vote of the Common Council was declared appointed City Assessor for the ensuing term.

MISCELLANEOUS BUSINESS.

By Ald. Lewis—

ROCHESTER, Dec. 2, 1890.

To the Honorable the Common Council of the city of Rochester:

GENTLEMEN—The undersigned, abutting owners of property on both sides of Berlin street from the end of six-inch cast iron main formerly laid on said street, viz: At a point 656 feet west of Hudson street to a point 640 lin. feet farther west, respectfully request permission to extend said six-inch cast iron main said further distance of 640 lin. feet west at their own expense, to be reimbursed at the pleasure of your honorable body without interest, whenever there are funds applicable therefor not otherwise appropriated.

Respectfully submitted,

ADAM FREDERICK,
 WM. FREDERICK,
 CHARLES H. WILKINS.

Ordered received, filed and published.

By Ald. Lewis—Resolved, That the Executive Board be and it is hereby authorized and directed to extend a six-inch cast iron water main in Berlin street from its present end, 656 lin. feet west of Hudson street, 640 lin. feet further west, upon the abutting owners, the petitioners above named, paying into the city treasury, through the clerk of the Executive Board, the cost of materials and expense of labor therefor, to be reimbursed at the pleasure of the Common Council without interest, whenever there are funds therefor not otherwise appropriated.

Respectfully submitted,

D. W. SELYE,
 J. MILLER KELLY,
 HENRY SHELTER,
 JOHN U. SCHROTH,

By Ald. Schroth—

DECEMBER 2, 1890.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN: Under ordinance No. 3,910, for Cleveland street improvement, Joseph Thompson was assessed on lot No. 36, situated on the northwest corner of Cleveland and North streets, the sum of \$372.03. This tax was based on a frontage of six (6) feet in excess of what he actually owned. He is therefore entitled to a rebate of \$21.46. I therefore recommend that the tax of \$372.03 be canceled upon said Joseph Thompson paying into the City Treasury the sum of \$350.57, the balance being charged to erroneous assessments.

Respectfully,

OSCAR H. PEACOCK, City Surveyor.

Ordered received, filed and published.

By Ald. Schroth—Resolved, That the City Treasurer be and hereby is directed to accept from Joseph Thompson, in full for tax assessed against lot No. 36, on the northwest corner of Cleveland and North streets, the sum of \$350.57, and charge the balance, amounting to \$21.46, to erroneous assessments. Adopted.

By Ald. Hall—Resolved, That the City Property Committee be, and hereby is directed to lease the room now occupied by the W. G. Marshal Post, G. A. R., to the Union Veteran Union, said lease to run five years and to expire at any time that the City Property Committee may direct the lease to be drawn under the direction City Attorney:

LEO J. HALL,

Committee.
Adopted.

By Ald. Shelter—Resolved, That the dedication of Stanley park, reported by the Executive Board, November 18, 1890, and published at page 339, current proceedings, be, and hereby is, accepted as a public street, and the City Clerk hereby is directed to enter the same in the street register, and the Executive Board be notified to place the usual street signs where required. Adopted.

By Ald. Rauber—Resolved, That the Executive Board be and hereby is authorized and requested to negotiate with the owners for the purchase of lands necessary to be taken for the widening of North St. Paul street, under ordinance No. 4,201, and report the result of such negotiations to this board as soon as possible. Adopted.

By Ald. Rauber—Resolved, That the Brush Electric Light Company be instructed to erect an electric light in the center of Boston court.

Referred to the Lamp Committee.

By Ald. Rauber—

To the Honorable, the Common Council of the City of Rochester:

The members of the Common Council are respectfully invited to attend the sixth annual reception and ball of the Acme Bowling Club at 345 North St. Paul street, December 11th, 1890.

JOHN ARTH, President,

JOHN SABLE, Secretary.

On motion of Ald. Rauber the invitation was accepted.

By Ald. Fee—Resolved, That the clerk draw orders upon the Treasurer, payable from the Contingent Fund, in favor of the following named persons, and companies for the following sums, viz: Anson S. McNab, for forty-two dollars, for services as commissioner and clerk of appraisal; William P. Henry for twenty-one dollars, for services as commissioner of appraisal; Bernard Dunn for twenty-one dollars, for services as commissioner of appraisal; Harry M. Fairman for one dollar for serving notices, and the Rochester Title Insurance Company for twelve dollars and fifty cents, for searches in the widening of Chestnut park, in the city of Rochester, under final ordinance No. 3,875 and that the Treasurer pay said several sums from the Contingent Fund, and charge and carry said sums to the fund for the widening of said park or street, when created.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selve, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—16.

REPORTS OF SELECT COMMITTEES.

By Ald. Cleveland—
REPORT OF COMMITTEE ON ADDITIONAL WATER SUPPLY.

ROCHESTER, N. Y., Dec. 16, 1890.

To the Hon. the Common Council:
GENTLEMEN: Your committee on the matter of obtaining an additional supply of potable water has made an exhaustive examination of the subject, and deems that such a supply is necessary

and should be provided as soon as possible, for the following reasons:

First—The existing conduit from Hemlock lake has proved to be inadequate during the past three years to meet the demands for water during the extreme hot and cold seasons, without resorting to restrictive measures which entail not only large outlays for the inspection of the water pipes and fittings in every building supplied, and for the regulation of the consumption and pressure throughout the city, but also great inconvenience and in many cases danger to health on account of the failure of the water at such times to rise to the upper stories of many commercial buildings, apartment houses and detached dwellings in numerous localities.

Second—Recent gaugings of the discharge of the present conduit from Hemlock lake have shown that its greatest available flow is only a net 700,000 gallons per day, while the census enumeration made during the past summer gives the city a population of about 138,000, thus allowing a potable water supply of only about 50 gallons per head per day on an average from the source named, on the assumption that such supply can be maintained continuously. Experience has, however, demonstrated that this supply must occasionally be interrupted for a period of from one to two days in order to make necessary repairs to defective joints and fixtures, so that the available average supply from said source will actually be somewhat less than said quantity.

Third—The safe capacity for ordinary daily uses of the Holly pumping system in this city may be estimated at about 2,000,000 gallons per day, as the remainder of the power available at the engine house must be held in reserve for use during large conflagrations within the territory thereby served. The records of pumping by the Holly machinery during ordinary daily service indicate that the safe limit mentioned has practically been reached at the present time and that the quantity of river water thus distributed amounts on the average to about 15 gallons per head per day for the stated population.

Fourth—The total average supply of water available ordinarily from both sources is therefore only about 65 gallons per head per day. The statistics of water consumption in other large American cities comparable with Rochester, however, indicate that a considerably greater daily average supply is found necessary, and as our city can not be considered an exception, it follows that a permanent addition to our present supply must soon be acquired as a matter of public necessity. In other words, it is our opinion that the city of Rochester has outgrown its present public water-works,

and that its future welfare requires the early provision of a larger supply for all purposes.

The next question that presents itself relates to the amount of such additional supply. From the published reports of the various engineers who have thoroughly examined the subject during the past three years, it seems reasonable to conclude that the present population of the city will be doubled within the next twenty or twenty-five years, and that the increase of population will be attended by a greater average daily per capita consumption of water. This consumption is estimated variously at from 80 to 150 gallons per day, and may fairly be assumed at about 90 gallons as a safe minimum. Accordingly, if provision for a population of 270,000 at this latter rate is to be made now, a total daily quantity of about 24,000,000 gallons will be required in addition to whatever may be derived from the existing Holly system, and as the capacity of the present conduit from Hemlock lake is only 7,000,000 gallons per day, it follows that the proposed new works should furnish about 17,000,000 gallons per day if they are to be adequate to our anticipated needs at the end of about twenty years from the present time.

It is proper to remark, however, that no exact predictions as to the future population and water consumption can be made, and that all such figures as the foregoing must be regarded merely as rough approximations. In view of these uncertainties, your committee is of the opinion that it is not expedient to make provision now for very remote future needs of potable water, and that the new works should have a capacity of at least 15,000,000 gallons per day, which, with reasonable economical use by our citizens, should suffice in conjunction with the present supply for the next fifteen or twenty years.

The source from which this additional supply of 15,000,000 gallons per day should be taken is next to be considered. Three such sources have been presented by the engineers to the committee for investigation, viz.: Lake Ontario, Conesus lake and Hemlock and Canadice lakes combined. The sufficiency of the first named source to furnish the requisite quantity of water is a matter of common knowledge, while that of the other two sources is vouched for on general principles of hydrology by the engineers who have given the subject special attention. Each of these sources, furthermore, will undoubtedly furnish water of sufficiently good quality to be used directly from the mains for all purposes without previous treatment or filtration. The cost of obtaining an additional supply of 15,000,000 gallons per day from these three sources has been estimated by the different engineers as follows:

*Estimate for 10,000,000 gallons per day.

†Estimate for combined pumping and gravity conduit.

‡Estimate for dam at Richmond mills and beginning the conduit there.

§Capitalization of annual expense at 4 per cent.

It must be distinctly borne in mind that none of these estimates include any allowance whatever for damages to the owners of riparian water rights and mill privileges on Conesus outlet, Canadice outlet, Hemlock outlet, Honeoye creek and the Genesee river; neither do they include the probable costs of remedying any unsatisfactory sanitary conditions that may result from the annual lowering of the water surface in the small lakes in consequence of the additional draught contemplated. Owing to the absence of reliable soundings and surveys along the shores of these lakes, no attempt appears to have been made to estimate how much work must be performed in this latter direction before the undertaking can be considered as fully completed. It is thought, however, that the cost of such work will not be very great, as the shores are generally quite abrupt; and it is, moreover, extremely probable that the lowest stages of the water in these lakes will never be reached during the summer months.

From the foregoing estimate it will be observed that all of the engineers mentioned agree in the opinion that it will be much more expensive to secure the required additional water supply from Lake Ontario than from Conesus lake or from Hemlock and Canadice lakes; and in view of the options for water rights already secured along Honeoye creek, it cannot be considered that the cost of obtaining the necessary rights to the waters of these latter lakes from the mill-owners will bring the total outlay for a new conduit from either of these lakes to as high a figure as even the lowest of the comparative estimates for a supply from Lake Ontario. The difference in comparative costs of these projects is so great as to practically exclude the Lake Ontario scheme from further consideration, and the choice of source is therefore restricted to either Conesus lake or Hemlock and Canadice lakes.

Between these two sources the choice, on the score of initial economy of construction, appears to be somewhat in favor of Conesus lake; but as no understanding relative to the value of the water rights on the outlet of this lake has yet been reached, a definite decision can not now be given. A great variety of other elements should also be taken into careful consideration before deciding upon the source; and inasmuch as some of these questions require more time for analysis than has hitherto been available, your committee advise that the necessary legislation be so framed as to allow the city to make use of either source, as may be deemed most expedient hereafter.

It is therefore recommended that application be made to the legislature for securing to the city the necessary authority to take the required additional water supply from Conesus lake as, by the original water works act of 1872, the city has already the right to take an unlimited supply from Hemlock and Canadice lakes, so far as the State is concerned. The passage of such an act will thus render the three lakes available, and the definite choice can be made afterwards.

In reference to the matter of bonding the city for the payment of the proposed new conduit, your committee also recommends that an application be made to the legislature for permission to issue bonds in such sum as may be found necessary after a thorough revision of the engineer's estimates hereto appended, so that either source can be taken.

It is greatly regretted that the results of the committee's efforts to negotiate for the purchase of the water rights on the outlets of the several lakes have not been more successful, but it is hoped that an agreement with an additional number of owners will soon be effected.

Following is the list of owners of mill privileges on Honeoye Creek and Hemlock outlet, beginning

at the Genesee river, from whom options have thus far been secured:

H. L. S. Hall.....	\$ 8,000
John Duffy.....	1,000
Hunt Brothers.....	11,600
Pierce Brothers.....	3,500
Yorks Brothers.....	3,500
John Ideson, (two rights).....	3,100
Charles H. Fairchild.....	7,000
Edwin E. Bond.....	4,600
Amos Lotee.....	3,500
Emmie A. Lloyd.....	350
W. P. Davis.....	1,250
James A. Stillman.....	700
Ira P. Babb.....	1,750
Alonzo W. Townsend, (two rights).....	7,500
Myron Barton.....	2,700
Total.....	\$60,050

The committee has been unable to reach an agreement with the following owners of mill privileges on the above-mentioned streams: Mr. Cook, Henry Boardman, William Hamilton, the heirs of Cora Trimmer, A. C. Smith, Henry Kuhn and S. T. Short. The exact amount of the demands can not be given as negotiations are still pending.

On the Canadice outlet there are five owners of water privileges, viz.: Norman Matner, W. A. Wadsworth, D. S. Beam, Cynthia Adams and John Scott. Fair settlements with two of this number can probably be reached, but the others either ask prices which the committee deem altogether too large, or decline to name definite sums.

Inasmuch as the water from Canadice lake will probably not be required for at least ten years, the committee recommends that no immediate action towards a settlement with the Canadice outlet owners be taken, and that if in the future no equitable adjustment can be reached condemnation proceedings shall be instituted.

With regard to those owners of mill privileges on the Honeoye and Hemlock outlets who persist in holding out for sums which the city authorities deem altogether disproportionate to the possible damage that may hereafter be sustained by them, the committee also recommends that condemnation proceedings be instituted at such time in the future as may be found necessary, inasmuch as the terms of the previous settlements give the city the right to abstract from Hemlock lake 2,000,000 gallons of water per day, more than the present conduit now supplies.

On the Conesus Outlet only five appreciable water rights are known to exist, which are owned by the following parties, beginning at the lake: Henry Spencer, simple current wheel in outlet; Leaming Clark, grist and saw mill; Archibald Kennedy, disused paper mill; Emme Light, grist mill; Herbert Wadsworth, saw mill and grist mill. All of these parties have been interviewed, but no agreement upon valuations of the water rights has yet been reached.

It should be borne in mind that the operations of the committee have been limited to the acquisition of mill privileges alone, and that no settlement for ordinary riparian rights has been undertaken. It is thought that no appreciable damage will accrue to the latter class of owners, as some water will doubtless continue to flow through the streams even in times of extensive drought.

Before closing this report allusion should also be made to the possible claim of the owners of water power along the Genesee river in this city for damages which might result to them by reason of the diversion of the said additional supply from the upper river into our water mains. Desirous of thoroughly investigating every phase of the question your committee has made many inquiries in relation to this subject, and are of the opinion that both the probability of a suit for damages on the part of the water-power owners, and the possibility of such owners to recover substantial damages against the city, are rather remote contingencies, in view of the fact that the

total quantity of water which will thus be diverted from flowing into the upper river is only a small fraction of the latter's aggregate volume in dry seasons.

Appended is a report from the chief engineer of the water works, also a brief note from the members of the water supply committee of the Chamber of Commerce expressing their concurrence with the recommendations submitted in the foregoing report of your committee. It will be noticed that the estimates given in the engineer's report are considerably higher than those presented by the other experts on former occasions, and for this reason we deem it proper to subject them to a rigid scrutiny before naming any specific sum in which the city should be bonded to meet the costs of the proposed new works.

Respectfully submitted,

REPORT ON AN ADDITIONAL WATER SUPPLY FOR THE CITY OF ROCHESTER, N. Y., BY E. KUICHLING, CHIEF ENGINEER OF WATER WORKS, DECEMBER 16, 1890.

To the Committee of the Common Council on Increasing the City's Water Supply:

GENTLEMEN: In response to your request to submit estimates for obtaining a large additional supply of potable water for this city from Hemlock and Canadice lakes, Conesus lake and Lake Ontario, the undersigned begs leave to submit herewith the following outlines of his investigations:

The present population of the city is about 139,000, and its potable water supply from Hemlock lake is, practically, limited to about 7,000,000 gallons per day, although a slight addition can be furnished occasionally from the storage reservoir at Rush. All of this water is actually consumed at the present time, together with a small amount of the storage, so that the regular consumption from this source averages about 51 gallons per head per day. The Holly system furnishes about 2,000,000 gallons of water per day from the Genesee river to the central districts; but if the consumption of this quantity be distributed over the entire population, the average daily supply will become about 65 gallons per head. In most of the other large American cities, however, a much greater average consumption of water is observed, and it is not reasonable to assume that this city will remain satisfied with its present limited supply, and with the restrictions to the use of the water which experience during the past few years has proved to be necessary. Furthermore, it must be remembered that any material increase of the discharging capacity of the existing conduit from Hemlock lake is highly improbable, and that, as the population increases, the available daily supply per head will become proportionally less. For these reasons, therefore, it is manifestly expedient to undertake the construction of a new conduit as soon as possible.

SOURCES OF SUPPLY.

Three available sources from which the required additional supply of potable water may be ob-

tained are presented, viz.: Hemlock and Canadice lakes, combined; Conesus lake, and Lake Ontario. With respect to quality, there seems to be little choice between these waters, and, if either were distributed in the city mains, it is extremely doubtful whether any appreciable difference could be detected, provided that the intake was favorably located in each case.

Without entering into further details, it will suffice to state that Canadice lake lies adjacent to, and about 200 feet higher than, Hemlock lake, the outlet of the former joining with that of the latter at a point about one-fourth of a mile below the foot of Hemlock lake. The flow from Canadice lake can very easily be diverted directly into Hemlock lake, so that the latter becomes practically the place of beginning a new conduit. At ordinary low water, the surface of Hemlock lake is about 388 feet above the level of the Erie canal in the city, 234 feet above that of Mt. Hope reservoir, and 146 feet above that of Rush reservoir. By the line of the existing conduit, the distance from Hemlock lake to Rush reservoir is about 101,100 feet, while by the line recommended by Messrs. Fanning and Fteley, in their report made May 14, 1889, the same length becomes about 104,000 feet. From Rush reservoir to Mt. Hope reservoir the distance is about 46,100 feet.

Conesus lake lies parallel to, and a few miles west of Hemlock lake. At ordinary low water, its surface is about 310 feet above the Erie canal; 186 feet above Mt. Hope reservoir, and 68 feet above Rush reservoir. The distance from this lake to Rush reservoir is about 13,300 feet as given in Messrs. Fanning and Fteley's report, so that a conduit from this source would be 13,700 feet, or 2.60 miles, shorter than one from Hemlock lake. It may also be mentioned that Messrs. Fanning and Fteley regard Conesus lake as the most desirable source for the city to adopt, and recommend that it be selected.

Lake Ontario lies about 206 feet below the level of the Erie canal in the city, and 390 feet below that of Mt. Hope reservoir. To avoid the influence of the rocky and sewage polluted water of the Genesee river, the intake of a conduit for supplying the city must, necessarily, be located as far distant from the river as possible. As the prevalent winds are from the west and northwest, and from the peculiar configuration of the lake shore, it is obvious that no suitable location for an intake can be found at any reasonable distance easterly from the mouth of the river, and hence such a location must be sought to the west there of. For some miles in this direction, however, a series of swampy bays or ponds connecting with the lake, are encountered, whose waters are entirely unfit for domestic use, both by reason of excessive aquatic vegetation, and from the fact that they are contaminated by the drainage from nearly the whole of the northwestern quarter of this county. This area is relatively thickly populated, and contains a large number of villages and hamlets. In view of all these circumstances, the nearest available location for an intake on the lake shore appears to be at Braddock's Point, which is about 8.5 miles west of the mouth of the river and fifteen miles, in a direct line, northwesterly from Mt. Hope reservoir. By the shortest practicable route, without crossing the city, this distance would become about seventeen miles.

QUANTITY AVAILABLE.

The capacity of the proposed new conduit must, necessarily, depend to some extent upon the quantity of water which can be obtained from the drainage areas of the several sources. In the case of Lake Ontario, no such consideration need be applied, as the supply is, practically, inexhaustible; but, with the two other sources, it becomes of interest to ascertain both the average and the probable least amount of water which the tributary water-shed delivers to the respective lakes. For this purpose recourse must be had to the statistics of rainfall and stream discharge in these localities. So far as can be learned, the only available data are contained in the report of Henry Tracy, C. E.,

to the State canal authorities in 1849, and in the two volumes of testimony taken in 1884 during the proceedings by the city of Rochester to acquire the right to draw its present water supply from Hemlock and Canadice lakes. From the first named document the following statistics are derived:

TABLE NO. 1, SHOWING CHARACTERISTICS OF HEMLOCK, CANADICE AND CONESUS LAKES AND WATERSHEDS.

	Hemlock Lake.....	Canadice Lake.....	Canadice Outlet.....	Totals.....
Depths along middle of lake ... feet	45 to 57	6 to 60	0 to 60	1, 828

In all of these cases, Mr. Tracy considers that the least annual rainfall is 22 inches, and that 40 per cent. of this depth will find its way into the lakes during the year. He also states that during the dry season of 1849, the flow from Hemlock and Canadice lakes averaged about 300 cubic feet per minute each; thus giving 600 feet per minute from both, which is equivalent to a flow of about 6,463,000 gallons per day. Similarly for the discharge from Conesus lake, during the same period, a rate of 150 cubic feet per minute, equivalent to 1,615,800 gallons per day, is mentioned.

From the testimony given in the aforesaid condemnation proceedings in 1884, the following data relating particularly to Hemlock lake and its watershed are taken:

The foregoing exhibit of the rain-fall at Hemlock lake, discloses wide variations, both in the monthly distribution, and in the yearly totals. It is, also, worthy of remark, that the minimum annual fall of 22 inches assumed by Mr. Tracy in 1849, agrees very closely with the actually observed rain-falls for the years 1879, 1880 and 1882. Messrs

Fanning and Fteley have deduced a probable average minimum fall of 24 inches per year during three successive years, from the rain-fall records for fifty years at Rochester; but, inasmuch as the rainfall at Hemlock lake is, generally, somewhat less than in the city for the same years, it is fair to presume that the probable minimum at the former locality is also proportionately less than that of the latter. For these reasons, therefore, as well as on the presumption that the records have been properly kept, a minimum rain-fall of about 21 or 22 inches per year, for two or three consecutive years, may fairly be expected to occur on any of the water-sheds under consideration.

With reference to the average percentage of monthly and yearly rainfall which actually reaches the lakes from the tributary drainage areas, and thus become available for water-works purposes, it may be said that a comparison of the figures exhibited in the preceding table No. 2, with those relating to other similar watersheds in Massachusetts, New York, New Jersey and Pennsylvania, reveals a very fair concordance; and it will therefore also be proper to apply the percentage observed in such other localities during unusually dry years to the drainage basins of the lakes in question. By proceeding in this manner the undersigned has reached the conclusion that in years of average rainfall about 47.25 per cent. of the mean annual precipitation of 35.433 inches will flow into the lakes, while in years of minimum rainfall not more than about one-third of the probable least precipitation of 20.929 inches can be collected.

After the water flowing from the land has reached the lake, however, it becomes subject to loss by evaporation from the surface, although a part of this loss is compensated for by the rainfall upon the lake itself. In ordinary years, the average depth of such evaporation may be assumed at about 28.00 inches, as given in table No. 2. But, in the dry years, a somewhat greater depth must be taken, and a depth of 30 inches has accordingly been selected as a conservative measure, under such conditions. The excess of evaporation over rain-fall on the surface of the lake thus becomes 1.567 inches per year under average circumstances, and 9.071 inches per year, in dry seasons; and the volume of water represented by these latter depths must, therefore, be deducted from the corresponding annual volume derived from the watershed, in order to ascertain the quantity which remains available for the supply of the city. To show that this excess of evaporation over rainfall on the surface of the lakes becomes very appreciable, it may be stated that, in the case of Hemlock and Canadice lakes, whose aggregate area at low water is 2,476 acres, the loss of 9.071 inches in depth is equivalent to an average discharge of 1,670,916 gallons a day for an entire year.

It should also be observed that if the desired daily supply for the city exceeds the available average daily contribution to the lake from the watershed in dry years, then a certain proportion of the water stored in the lake above the top of the conduit may be drawn out to make up for such deficiency. Manifestly, it will be unsafe to draw off the whole of this stratum in any one year, since it sometimes happens that two or three dry years will follow each other in succession; hence not more than about one-third of the stratum of water in the lake, above the top of the highest point in the pipe or conduit, should be so drawn off in any one year. The whole volume of storage water thus removed, in case of long drought, will again be accumulated in one or more succeeding wet seasons.

In the case of Hemlock and Canadice lakes, the said storage stratum is about 4.33 feet below the ordinary low water level, and respectively 2 and 3 feet thick above the same level. For both lakes together the storage volume is about 3,246,980,000 gallons below and 1,893,100,000 gallons above low water, thus giving a total of 5,140,080,000 gallons, of which, however, not more than one-third, or about 1,713,400 gallons per day is safely available in the first dry year. In Conesus lake, on the other hand, a new conduit may be laid so as to give a storage

stratum of five feet below and two feet above ordinary low water, thereby obtaining a total volume of about 7,033,380,000 gallons, one-third of which would afford 6,427,700 gallons per day for one year.

The depth of storage above low water in the several lakes might also be increased beyond the limits estimated in the foregoing, which are the present normal high water levels; but, in that event, the rights for such increased flowage upon the lands adjacent to the lake would have to be acquired, and measures to prevent insalubrity, by reason of the periodical exposure of extensive submerged tracts, would likewise become necessary. Both of these procedures are costly and should not be resorted to until actual experience has demonstrated an urgent necessity therefor. It may, however, be expedient to acquire, at the present time, the proper legislative authority to raise the existing high water level in said lakes several feet, so that the work thereby involved can be undertaken in the future.

With the forgoing data an approximate computation of the probable average and minimum daily yields of water from Hemlock and Canadice lakes combined, may now be made as follows: First—With average rainfall, 47.25 per cent. of an annual precipitation of 35.43 inches may be collected in the lakes. This amounts to a depth of 12.50 inches upon an aggregate area of 3,476 acres of land, and to an average flow of 34,854,000 gallons per day for one year. From this the loss by the excess of evaporation over rainfall on the surface of the water must be deducted, which loss is represented by a depth of 1.567 inches on an aggregate area of 2,476 acres of water, corresponding to an average loss of 288,700 gallons per day for one year. The net average yield of water from this combined drainage area therefore becomes 34,565,300 gallons per day, without reference to any storage.

Second—With minimum rain-fall, about one-third of a total precipitation of 20.929 inches in one year may be collected. This may be taken as equal to a depth of 7.0 inches upon the said land area of 3,476 acres, and to an average flow of 19,516,200 gallons per day, for one year. Deducting from this the loss by the excess of evaporation over rain-fall on the water surface, which amounts to a depth of 9.071 inches on an area of 2,476 acres, or to an average loss of 1,670,900 gallons per day for one year, there will remain available a net yield of only 17,845,300 gallons per day, without reference to any storage. The latter, however, was found in the foregoing to be equivalent to an additional flow of 4,699,600 gallons per day for three years; hence, by adding these two quantities together, an average flow of about 22,544,900 gallons per day may be obtained during a period of two or three dry years.

Proceeding in like manner with Conesus lake and its watershed, we obtain:

Third—With average rainfall, a depth of 12.50 inches of water upon an area of 36,796 acres of land will probably reach the lake during one year. This amounts to an average flow of 34,218,000 gallons per day. Deduct from this the loss by excess of evaporation over rainfall on the water surface, amounting to a depth of 1.567 inches on an area of 3,184 acres, or to an average loss of 371,200 gallons per day, the net average yield of water from the Conesus lake drainage area will, therefore, become 33,846,800 gallons per day without reference to any storage.

Fourth—With minimum rainfall a depth of 7.00 inches of water upon said area of 36,796 acres will probably reach the lake during one year. This amounts to an average flow of 19,162,100 gallons per day. Deducting the loss of 9.071 inches in depth upon an area of 3,184 acres, by reason of excess of evaporation over rainfall on the water surface, which loss amounts to an average of 2,148,700 gallons per day, there will remain available a net yield of only 17,013,400 gallons per day, without reference to any storage. The latter, however, was found in the foregoing to be equivalent to an additional flow of 6,427,700 gallons per day for three years; hence, by adding these two quantities together an average flow of about 23,441,100 gal-

ions per day may be obtained during a period of two or three dry years.

It will be observed that in the above computation of least available supply, no allowance has been made for the flow of any water from the lakes into the outlet streams; and as it may not be expedient to let these streams ever become entirely dry, for sanitary reasons, a further deduction from the foregoing minimum quantities should be made. Assuming that a flow of about 500,000 gallons per day will suffice for this purpose, it accordingly follows that the least probable supply obtainable from Hemlock and Canadice lakes combined will amount to 22,000,000 gallons per day, while that from Conesus lake will amount to 23,000,000 gallons per day. With reference to the flow from Hemlock and Canadice lakes, it must be borne in mind that the figures just given include the 7,000,000 gallons per day that the present conduit delivers, so that the minimum additional supply obtainable from these two sources, combined with a careful development and exhaustion of their existing storage capacities, amounts to about 15,000,000 gallons per day.

QUANTITY TO BE TAKEN.

Although the probable average minimum yield of the several lakes under consideration is as most as given in the foregoing, it may still be expedient to provide a new conduit of considerably larger capacity than such average least yield, inasmuch as a series of two or three dry years occurs only at comparatively long intervals. Thus, in the records of yearly rainfall at Rochester for the fifty years from 1834 to 1884, we find only two cycles of three consecutive years, and only two cycles of two consecutive years of low precipitation, whereas single years of low rainfall occur seventeen times, or about once in three years, on an average. On the other hand, the average annual rainfall has occurred eighteen times in this period, and a high rainfall seven times. It will, accordingly, be seen that for the greater part of the whole time, a much larger supply than the above mentioned minimum figures is available, provided that the storage in the lakes is judiciously managed.

To estimate the value of such larger conduit capacity properly, the cost of obtaining regularly a certain volume of water, such as 1,000,000 gallons per day, from the various available sources must be compared.

For example, it may be assumed that in a pumping system from Lake Ontario, the cost of delivering one million gallons into Mt. Hope reservoir is \$20 merely for the fuel and operating expenses of the engines; whereas, in the case of the present gravity conduit from Hemlock lake, the cost of delivering one million gallons into the same reservoir is only about \$7 for operating expenses, including the sanitary protection of the watershed. The first cost of the conduit, however, is somewhat greater than that of a pumping plant and force main of equal capacity from Lake Ontario; but the difference in the interest accounts at the same rate per cent., would by no means suffice in this particular case to make the actual cost of delivery into the said reservoir by gravity more than about one-half of that involved by pumping. If, therefore, a gravity conduit from Hemlock or Conesus lakes were to be built now, with a capacity sufficient to discharge the average, instead of the minimum, flow from that watershed, then, after the consumption in the city had exceeded the said minimum yield of 22,000,000 gallons per day, the necessity of establishing a pumping plant from Lake Ontario would not be averted; but, after having established such a plant, its operating expenses would be proportionately reduced during each year that the average rainfall occurred, since the gravity conduit would then be enabled to deliver more than said minimum.

It has been impossible for the writer to investigate this phase of the question as thoroughly as it deserves within the time available for the preparation of this report, and hence its further consideration must be deferred. The matter is, essentially, one of financial expediency, and in view of

the great costs of obtaining even the aforesaid minimum supply, it may, perhaps, be unwise to increase them materially now, for the purpose of insuring benefits which will probably not be realized within the next fifteen or twenty years.

ESTIMATES.

The consideration of the manner of obtaining the proposed additional water supply has, for want of time, been restricted to a low grade gravity conduit line from Hemlock lake, a similar one from Conesus lake, and a pumping line from Lake Ontario, the two former terminating at a new reservoir site on Cobb's hill, and the latter at Mt. Hope reservoir. None of the other projects heretofore submitted by Mr. J. Nel on Tubb's, and by Messrs. Fanning and Felty, have been studied sufficiently by the undersigned to warrant him in offering criticisms thereon at present, and it has furthermore been assumed that no such review was desired.

It has also been taken for granted that the contemplated new works shall have a capacity of 15,000,000 gallons per day, which is expected to be sufficient, along with the existing works, for the next twenty years; furthermore, that this capacity shall be realized at the end of that period, in consequence of which condition, allowance has been made in the computation for a possible deterioration of the iron conduit pipes, such as seems to be the case with the present line. The results of the various computations show that all of the proposed conduits should be at least 3 feet in diameter for their entire lengths. In the case of the two gravity lines from Hemlock and Conesus lakes, the construction of a new distributing reservoir, located on Cobb's Hill, about 20 feet higher than Mt. Hope reservoir, has been contemplated, as well as the construction of a smaller reservoir adjacent to the large one at Rush, but on a somewhat lower elevation. The cost of the latter, however, does not appear in the subjoined estimates, as its construction may be deferred until the full capacity of the new conduit is required. In the selection of the reservoir sites the highest practicable elevation for the distributing reservoir should be obtained, in order to increase the pressure in the city mains as much as possible for all purposes; and with the low grade gravity conduit, the intermediate reservoir should be at such elevation as to touch a straight grade line drawn from the former to the surfaces of the two lakes at the intake.

In view of the considerable difference in level between Hemlock and Conesus lakes, a few words as to the cause of the similarity in diameter of the proposed conduits from these two sources may, perhaps, be desirable. It must be remembered that the latter line is about 13,700 feet shorter than the former, the entire distance to Cobb's Hill being, respectively, 155,000 feet and 141,300 feet, and the total falls, respectively, 244 feet and 166 feet. With these elements and a delivery of 15,000,000 gallons per day, or 23.21 cubic feet per second, also, with practically the same co-efficient of hydraulic friction that has been shown by recent observations to exist in the present 24 inch conduit, after 15 years of uninterrupted use, the following diameters are computed: For the Hemlock lake line, 35.30 inches, and for the Conesus lake line, 37.43 inches. If the pipes could always be maintained in their original new and smooth condition inside, then the diameters would become respectively 33.76 inches and 35.90 inches by the old standard formula of Darcy, and respectively 31.68 inches and 33.65 inches by the newer formula of Lampe. By taking the diameter at 36 inches in both cases, we will ultimately obtain a little more than 15,000,000 gallons per day from the proposed new Hemlock lake conduit, and somewhat less from the Conesus lake line.

For the pumping main from Braddock's Point, on Lake Ontario, to Mt. Hope reservoir, a length of seventeen miles, or 89,800 feet has been assumed, while a diameter of about 36 inches will conduce to the greatest economy of operation. As already mentioned, the reservoir lies 390 feet above the lake, and the frictional resistance to the passage of 15,000,000 gallons per day through a 36 inch pipe, under the same condition as before, is represented

by an additional height of 128 feet, thus making the total lift about 518 feet. The intake from the lake is to be a crib and tunnel, as at Cleveand, O., although it is very doubtful that equally favorable conditions of soil will be found here. The prices for this work used below are somewhat less than those which were actually paid at Cleveand, and in a revision of the estimate the same should be increased.

OPERATING EXPENSES FOR THE LAKE ONTARIO PUMPING PLANT.

The records of other large pumping stations show that it is hardly reasonable to expect a lower cost of pumping than about \$4 for each million gallons lifted 100 feet. For the total lift of 518 feet including friction, this will give a cost of \$20.72 per million gallons delivered into the reservoir; and for a service of 15,000,000 gallons per day, the annual operating expense would be \$113,440. A certain sum should also be set aside per year for depreciation of the machinery. Taking this sum at about 8 per cent. of the first cost, we have, say \$6,558.00 additional, thus making the total yearly outlay \$120,000, exclusive of any interest on the original construction account. The capitalization of this annual expense of \$120,000 at 4 per cent gives \$3,000,000, which should be added to the original construction account of \$1,450,000 in order to arrive at the relative cost of this pumping plant, as compared with either of the two gravity schemes. It will thus be seen that the relative cost of the Lake Ontario project is about \$4,450,000, or more than twice as great as that of the gravity conduits.

COMPARISONS.

The comparison of the foregoing estimates at once leads to the rejection of the Lake Ontario plan on the ground of its expense. The choice of source is therefore restricted to Conesus lake and the combination of Hemlock and Canadice lakes. Before a conclusion can be reached, the expense of instituting and maintaining a sanitary protection of the watershed of Conesus lake, as well as the difference in the aggregate cost of the water rights on the outlets of the several lakes, must be taken into account. The cost of the present sanitary service on the land adjacent to Hemlock lake appears to be about \$3,500 per year, and if a similar service is extended to Canadice lake and its outlet, the expense will probably be increased to about \$4,000 per year. Owing to the greater length of Conesus lake and the denser population on its watershed, an equally efficient sanitary

service in this case will probably cost at least \$5,000 per year. The difference between this sum and the amount required for the protection of Canadice lake and its outlet is therefore \$4,500 per year; and the capitalization of the latter at 4 per cent. gives a principal of \$112,500, which should be added to the construction account above estimated in order to obtain the relative cost of the Conesus lake scheme as compared with the one from Hemlock and Canadice lakes. On the other hand, it seems probable that the necessary water rights on the Conesus outlet will cost at least \$60,000 less than those on the two other lake outlets, so that the actual addition to the foregoing estimate for the Conesus lake scheme should be only about \$53,000. The relative cost of the latter is therefore \$1,862,000 as against \$1,975,000 for the Hemlock project, the apparent difference being \$113,000 in favor of going to Conesus lake.

In opposition to this latter plan, however, it may be urged that it is not expedient to construct now, at a great expense, a conduit having a capacity of only 15,000,000 gallons per day to a source which can yield a minimum average of 23,000,000 gallons, and an ordinary average of 31,000,000 gallons per day; and that whenever it may become necessary to make use of Conesus lake as a source, it will be more prudent to construct a conduit of such capacity as will furnish about 28,000,000 gallons daily. In this case, a 48 inch instead of a 36-inch pipe would be required, and a rough estimate indicates that the 48-inch conduit, if made of cast iron, would cost about \$5 per foot more than the 36-inch pipe above considered, thus giving in a total distance of 145,000 feet from the lake to the city, an addition of at least \$700,000. It may also be remarked that if a 48-inch riveted plate steel pipe were used, instead of cast iron, the additional cost would be reduced to \$500,000 or less.

Detailed estimates of the project for other sizes of pipe than 36-inch, and other material than cast iron, have not been prepared owing to the want of time, and hence the preceding figures must be regarded only as crude approximations.

It will thus be seen that the expediency of selecting Conesus lake at the present time as the source of the proposed additional water supply is open to fair consideration, and the main point in issue will be the question of a probable future increase in the value of the water rights involved. Should no such increase take place within the next twenty years it will doubtless be preferable to exhaust the resources of Hemlock and Canadice lakes before going elsewhere.

In conclusion, it should be stated that while the estimates above given are based upon the use of cast iron pipes, the undersigned would advise the construction of the upper portions of the conduits from the lakes northerly as tunnels, or rather tunnel-headings, in the rock along the sides of the valleys, instead of as metallic conduits laid in deep open excavations through the quicksands in the alluvial lands. Such tunnels can be driven and lined with brick at a cost no greater per lineal foot than that of the iron pipe and open trench, and hence no material difference in the estimates would occur from such a substitution. It is, however, not yet definitely known whether the rock is within practicable reach at all points along the contemplated tunnel routes, and hence, before any exact location can be made a series of explorative borings must be undertaken. The latter are also necessary in case that a masonry conduit, built in open trench, should be considered preferable to either a tunnel or an iron pipe for the upper sections.

Obviously the expense of explorations of this character has been deferred until the question of the proper source for the new supply is definitely settled.

LOCAL IMPROVEMENT ASSESSMENTS.

By Ald. Shelter—Whereas, The City Treasurer has ascertained and reported the entire and aggregate expense of, and connected with, the several following improvements, including any and all interest that the city has paid or has or shall become liable to pay upon account of any and all orders or notes issued by the city to pay the expenses of such improvements respectively adjusted by this common Council as thus reported, and the respective portions or parts of the city or which the said expenses are hereby directed to be assessed and which this Common Council deems will be benefited by

the improvements respectively, are as stated and described in the final ordinances relative to the improvements, respectively, and that the names and expenses of the improvements thus to be assessed, are as follows viz.:

- Ordinance No. 4,124, South Goodman street brick improvement; the expense is \$9,036.34.
 - Ordinance No. 4,080, Caroline street Medina improvement; the expense is \$11,157.51.
 - Ordinance No. 3,836, Minerva Place asphalt improvement; the expense is \$2,756.11.
 - Ordinance No. 4,074, Hart avenue asphalt improvement; the expense is \$7,501.66.
 - Ordinance No. 4,137, Carlton Place asphalt improvement; the expense is \$10,456.03.
 - Ordinance No. 4,073, Lorimer street asphalt improvement; the expense is \$24,004.33.
 - Ordinance No. 3,934, Spring street asphalt improvement; the expense is \$24,682.99.
- And it is further determined, that the taxpayers to be assessed for making the foregoing improvements, viz.:

- South Goodman street brick improvement.
- Caroline street Medina improvement.
- Minerva Place asphalt improvement.
- Hart avenue asphalt improvement.
- Carlton Place asphalt improvement.
- Lorimer street asphalt improvement.
- Spring street asphalt improvement.

May pay their assessment in three equal payments, as follows:

One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-third within one year from the confirmation of such roll; and the remaining one-third within two years from the confirmation of such roll. On all sums paid prior to the maturity of said last installment, a discount will be allowed at the rate of six per cent. per annum.

- Ordinance No. 4,033, Madison street sweeping and cleaning; the expense is \$114.
- Ordinance No. 4,097, Tremont street sweeping and cleaning; the expense is \$126.62.
- Ordinance No. 3,913, Alexander street, Sec. 2, sweeping and cleaning; the expense is \$214.91.
- Ordinance No. 3,944, Frank street sweeping and cleaning; the expense is \$219.79.
- Ordinance No. 4,103, Brown street sweeping and cleaning; the expense is \$400.
- Ordinance No. 3,939, Lake avenue sweeping and cleaning; the expense is \$1,000.
- Ordinance No. 4,163, Broezeel park plank walk; the expense is \$32.71.
- Ordinance No. 4,157, Moran street plank walk; the expense is \$138.02.
- Ordinance No. 4,103, Locust street plank walk; the expense is \$333.41.
- Ordinance No. 4,064, Thrush street plank walk; the expense is \$364.68.
- Ordinance No. 4,154, South York street plank walk; the expense is \$599.79.
- Ordinance No. 4,143, Summer street pipe sewer; the expense is \$392.80.
- Ordinance No. 4,155, Plymouth avenue pipe sewer; the expense is \$1,108.59.
- Ordinance No. 4,118, Sixth avenue pipe sewer; the expense is \$1,274.64.

And the Assessors of said city, if they are not interested in any of the property within the part or portion of the city deemed to be benefited, and directed to be assessed, as aforesaid, or if any two of said assessors are not so interested, then such two, are hereby directed to make assessments upon all the lots and parcels of land within the portions or parts of said city above designated, of the amounts of the expenses of such improvements, respectively, in proportion, as nearly as may be, to the advantage which the respective territories, to be thus assessed, for such improvements, shall be deemed to receive by the making of the respective improvements.

Adopted by the following vote:
 Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Hall, Judson, Schroth, Bohrer, Kelly, Lewis—14.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

FRANKLIN AND CLINTON STREETS SEWER.

By Ald. Judson, Resolved, That the City Surveyor ascertain and report to this council the expense of constructing a new sewer in Franklin and Clinton streets.

Adopted.

The Surveyor submitted as such estimate, \$5,600. By Ald. Judson, Resolved, That the following improvement is necessary, viz.:

The deepening and reconstruction of the present sewer in North Clinton street from a point near the north line of Andrews street to the center of Franklin street; also the deepening and reconstruction of the present sewer in Franklin street, from the center of Clinton street to a point at right angles to the angle in the west line of Franklin street, distant 220 4-10 feet north of North avenue, measured along the west line of Franklin street. To be 2½x1½ feet, with arch and invert, in size, from the north end of the proposed sewer to the center of Andrews street: 2x2 feet, with cover and invert, in size, from the center of Andrews street to the intersection with the center of Franklin street, and 1½x2 feet, with cover and invert, in size, from the center of Clinton street to the south end of the proposed sewer.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$5,600, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of N. Clinton street, from Andrews street to a point opposite the south line of lot No. 59 of the Andrews and Atwater tract, owned by Joseph Wile. Also, one tier of lots and parcels of land on each side of Franklin street, from a N. Clinton street to the angle in the west line of Franklin street, distant 220 4-10 feet north of North avenue, measured along the west line of Franklin street, in proportion to the benefit which each will derive therefrom.

Adopted.

By Ald. Shelter—Resolved, That all persons interested in the subject matter of each and all improvements contemplated to be made in or by any ordinance or resolution adopted or passed at this meeting and the expense whereof, in whole or in part, is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council on Tuesday, the 30th day of December, 1890, at 7 o'clock p. m., at the Common Council Chamber, when allegations relative thereto will be heard, and that the Clerk be and he is hereby directed to publish for four secular days continuously in The Union and Advertiser and the Abend Post and Beobachter, notice thereof as is required and in the manner specified by Section 172 of the City Charter. Adopted.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,
 ROCHESTER, N. Y. Dec. 16, 1890.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Agreeably to your directions given at your last meeting in reference to the following named contemplated improvements, I caused to be published daily for four days, in the Union and Advertiser and Abend Post and Beobachter, two daily newspapers printed in the city of Rochester, notices of said improvements, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and requiring all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, December 16th, 1890, at 7 o'clock p. m., at the

Common Council Chamber, when allegations would be heard in reference to such improvements, viz.: PETER SHERIDAN, City Clerk.

FINAL ORDINANCE, NO. 4,205.

SIBLEY STREET SEWER.

On motion of Ald. Judson, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a pipe sewer in Sibley street, from Bates street to Guenther street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a vitrified pipe sewer, 12 inches in diameter in Sibley street, from the center of Bates street to the Guenther street sewer. Also the construction of the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$2,450 which being deemed reasonable, is hereby approved; and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deem proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Sibley street, from the west line of Bates street to the center of Guenther street. Also the land fronting on the west end of Sibley street.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Hall, Judson, Schroth, Bohrer, Kelly, Lewis—4.

FINAL ORDINANCE NO. 4,206.

MAPLEWOOD AVENUE SEWER AND OUTLET.

An motion of Ald. Judson, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a pipe sewer in Maplewood avenue and across lots, from near Rose street to Lake avenue.

And after hearing such allegations from all persons appearing.

The Common Council of the City of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a vitrified pipe sewer 12 inches in diameter in Maplewood avenue, from a point 180 feet south of Rose street to the center of Riverside avenue; also, the construction of a vitrified pipe sewer 15 inches in diameter, from the center of Riverside avenue, northerly across private lands supposed to belong to James Gorsline, to a point 4 feet south of the north line of said Gorsline's property, and the construction of a vitrified pipe sewer 18 inches in diameter, from this point westerly on a line parallel with and 4 feet south of said north line, across private lands supposed to belong to said Jas. Gorsline, to the sewer in Lake avenue. Also, the construction of the necessary surface sewers, manholes, lot laterals, and connections therefor; the necessary roadway grading and gutter formations, and the acquirement of the necessary easements in and right of way through the lands heretofore mentioned and supposed to be owned by James Gorsline. That portion of the sewer between Riverside avenue and the north line of said Gorsline's property, to be located parallel with, east of, and near the west line of lots 15, 16, 58 and 59, as shown on a map of J. Gorsline's re-subdivision of lots 10 and 11 of the 20,000 acre tract, formerly of the town of Greece, now of the city of Rochester, filed in the office of the Clerk of Monroe county, in liber 8 of maps, on page 68.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$4,800, which

being deemed reasonable, is hereby approved; and the whole expense of such improvements is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

All the territory included within and described by the following boundary lines, viz: Beginning at the intersection of the north line of property owned by James Gorsline, with the east line of Lake avenue, said point being on the north line of lot No. 10 of the 20,000 acre tract; thence southerly along the east line of Lake avenue, excepting one tier of lots on the east side thereof to the south line of lot No. 8 of the Maplewood and Lake Avenue Association; thence easterly along the south line of lots Nos. 8, 20 and 32 of said association to the top of the west high bank of the Genesee river; thence northerly along the top of said west high bank of the Genesee river to the center of Riverside avenue; thence westerly along the center of Riverside avenue to a point 1,200 feet east of Lake avenue; thence northerly on a line parallel with and 1,200 feet east of Lake avenue to the north line of James Gorsline's property; thence westerly along the north line of said Gorsline's property to the place of beginning. Also, a strip of land 100 feet in depth on the north side of and adjoining the said Gorsline's property, and extending from Lake avenue, easterly, 950 feet excepting lots 95, 97, 98, 99 and 100, as laid down on a map of a re-subdivision; of lots 10 and 11 of the 20,000 acre tract, made by James Gorsline, and, also, excepting lots 79, 80, 81, 198 and 199, as laid down on a map of Maplewood and Lake Avenue Association, in proportion to the benefit which each will derive therefrom.

Ald. Kelly presented a right of way and easement for the Maplewood avenue sewer from James Gorsline to the city of Rochester. Ordered received and filed.

The final ordinance for Maplewood avenue sewer was then adopted by the following vote:

Ayes—Ald Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Hall, Judson, Schroth, Bohrer, Kelly, Lewis—14.

Ald Kelly moved that action on the pending final ordinance for Jay street sewer be further postponed six weeks. Adopted.

Ald Rauber moved that the final ordinance for North St. Paul street Medina stone pavement readjustment be amended so as to extend from "a point 95 feet north of Marietta street to the south line of Lowell street," and that the estimate be changed accordingly. Adopted.

Further action was postponed under the rule.

EXECUTIVE BUSINESS.

Ald. McMillan stated that the terms of all commissioners of deeds in and for the city of Rochester would expire on the 31st inst., and moved to proceed to appoint commissioners of deeds for the term commencing January 1, 1891, and ending December 31, 1892.

Adopted by the following vote.

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Hall, Judson, Schroth, Bohrer, Kelly, Lewis—14.

The following named persons, having received the concurrent vote of the Common Council, were declared appointed commissioners of deeds:

By Ald. Lewis—Petition to change the name of Guenther street to Brunswick street. Tabled under the rule.

By Ald. Lewis—Resolved, That the Brush Electric Light Company be and hereby is directed to move the arc light on the south side of Ea-t Main street, near Baldwin street, to a point on the south side of said East Main street, opposite the west line of said Baldwin street, and that the City Surveyor be and is hereby directed to make the proper notification to said company. Adopted.

By Ald. Lewis—Resolved, That the Clerk draw orders upon the Treasurer, payable from the Contingent Fund, in favor of the following named persons and companies, and for the following sums, viz:

Edward F. Stilwell for eighty-four dollars, for services as commissioner and clerk of appraisal, Joseph Agram for forty-two dollars, for services as commissioner of appraisal, Dwight Knapp, for forty-two dollars, for services as commissioner of appraisal, Harry M. Fairman for thirty-three dollars, for serving notices, and the Abstract Guarantee Company, for one hundred and thirty-seven dollars and fifty cents, for searches in the matter of the extension of North street from its present north end to Norton street in the city of Rochester, under final ordinance No. 3480, and that the Treasurer pay said several sums from the Contingent Fund, and charge a nd carry said sums to the fund for the opening and extension of said street, when created.

Adopted by the following vote:
 Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Hall, Judson, Schroth, Bohrer, Kelly, Lewis—14.

By Ald Lewis—Resolved, That the Committee on Charter Amendments be and it is hereby instructed to report at the next regular meeting of this Council an amendment to section 4 of title 1 of the Revised City Charter, providing for the division of the Sixteenth ward into three wards, as follows:

All that portion of the Sixteenth ward lying south of the New York Central & Hudson River railroad, to be known as the Sixteenth ward.

All that portion of the Sixteenth ward lying north of the New York Central & Hudson River railroad and east of North avenue, to be known as the Seventeenth ward, and

All that portion of the Sixteenth ward lying west of North avenue, to be known as the Eighteenth ward. Adopted.

The above estimate leaves a balance of 4 per cent. to cover expense of clearing away debris, painting, etc., and is ample for the purpose. Besides there will be a slight increase for extra work in drilling, which I required done to prevent disturbing the rock surrounding the excavation and which will appear in the final estimate.

L. L. BUCK, Engineer.

Ordered received, filed and published.

By Ald. Kelly—Resolved, That the clerk draw an order upon the City Treasurer, payable from the Contingent fund, in favor of the Rochester Bridge and Iron Works, the contractors for the construction of Driving Park avenue bridge, under final ordinance No. 2,550 for sixteen thousand nine hundred and ninety and 29-100 dollars (\$16,990.29), the amount of partial estimate certified to be due to said contractors by L. L. Buck, Esq., the engineer in charge of the construction of said bridge; that the treasurer pay said order from the contingent fund and charge the amount thereof to the fund for the construction of said bridge, which fund should be reimbursed from the proceeds of the sale of bonds issued and sold under the provisions of chapter 363 of the laws of 1888.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Hall, Judson, Schroth, Bohrer, Kelly, Lewis—14.

By Ald. Kelly—Resolved, That the clerk draw orders upon the Treasurer, payable from the Contingent Fund, in favor of the following named persons, and companies for the following sums, viz: John D. Lynn, for forty-eight dollars, for services as commissioner and clerk of appraisal; William H. Crennell, for twenty-four dollars, for services as commissioner of appraisal; Dwight Knapp, for twenty-four dollars, for services as commissioner of appraisal; William H. Sullivan, for fourteen dollars, for serving notices; the Rochester Title Insurance Company, for fifty-two dollars, for searches; and Henry J. Sullivan, for nineteen dollars and seventy-one cents, for amounts expended by him for hack and street car fares and hire for commissioners of appraisal to view the property taken and for witnesses fees and the sheriff's fees for subpoenaing the same in the matter of the opening and extension of a street called the Boulevard, from the north line of the Lake Avenue Park Building Lot Association, to the north line of the city, in the city of Rochester, under ordinance No. 4,106, and that the Treasurer pay said several sums from the Contingent Fund, and charge and carry said sums to the fund for the opening and extension of said Boulevard, or street, when created.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Hall, Judson, Schroth, Bohrer, Kelly, Lewis—14.

Ald. Kelley moved that the Police Department be directed to enforce the provisions of the penal ordinance prohibiting fast driving on river bridges. And that the clerk notify the department of this action. Adopted.

Ald. Kelly moved that the City Attorney be directed to prepare an amendment to the penal ordinances relating to driving on bridges, to include Driving Park avenue and all river bridges. Adopted.

By Ald. Schroth Resolved, That a meeting of the Lamp Committee be called before January 13, 1891, and action taken on petitions and resolutions heretofore presented and report to this board at the following meeting. Adopted.

Ald. Kelly in the chair.
By Ald. Judson—Petition for an asphalt improvement on Magne street. Referred to the City Surveyor to prepare an ordinance.

ROCHESTER, N. Y., Dec. 15, 1890.

To the Honorable the Common Council of the City of Rochester

SIRS: As attorney for Mr. Charles Dana of New York city, I desire to make the city a Christmas present of a new street, and to Christian it Felix, which, I submit, is not an unhappy name. The proposed street is in the Eleventh ward, and practically forms a continuation of Otis street, across Sherman to the Erie canal.

It has been surveyed, mapped, graded, sewered, and otherwise trimmed up, in accordance with the rules and regulations of the Executive Board, and needs only your distinguished sanction and acceptance to be a full-fledged street.

I append a reduced map of the proposed street, showing its location and measurements.
Yours respectfully,

ELLRIDGE L. ADAMS.

Referred to the Executive Board to report.

By Ald. Shelter—

To the Honorable the Common Council of the City of Rochester, N. Y.:

GENTLEMEN—Your Assessment Committee begs leave to submit the following as its report:

The Young Men's Christian Association was assessed in the annual city tax rolls for 1890 upon an assessed valuation of seventy-five thousand dollars upon this building and property situated upon the corner of Court and South St. Paul streets, as stated in its petition published on pages 338 and 339 current proceedings of your honorable body, but owing to the matters contained in the petition being one which should be considered by the Law Committee. Your Assessment Committee begs leave to recommend that the application be referred to the Law Committee.

Mary Wright's application to have the general city tax for 1890 against her upon lot 13, on the east side of Averill park reduced, should be denied, as your committee does not consider that there is any merit in the claim.

Burton F. Blackall's application to have the Treasurer directed to cancel a sale for an unpaid assessment against lots 361, 362 and 363 of the Johnson and Atkinson subdivision for the Hamilton place sewer, which sale was made in June, 1874, should be denied for the reason that Rosetta D. Sprague, to whom the sale was made, does not join in the petition, and it may be that she did not at any time heretofore regard the tax sale merged to her superior title as owner in fee of the lots.

Alice H. Beach should have her assessment for the Goodman street stone sewer against lot 6 and part of lot 4 upon the south side of Park avenue cancelled, for the reason that the lots never did and can never drain into said sewer. Hannah S. Howland should have her assessment for the Goodman street stone sewer assessment against lot 5 on the north side of Park, cancelled, and the sum of one dollar and ninety-seven cents paid by her on account of the same on July 2, 1888, refunded to her for the reason that her lot never did and can never drain into said sewer. Louis Campius was assessed on lot 47 on the south side of Orange street for an assessment for a sewer on Child street, under Ordinance No. 3,707, the sum of \$64.20, and that sum, with accumulated interest, amounting to \$69.96, was added to his General City Tax for 1890. It appears that in 1886 he was assessed and paid for a sewer in Orange street in front of his lot, upon a frontage of 48 feet, the assessment for Child street being upon a frontage of 94 feet. He had a connection put in with the Child street sewer nearly opposite the end of his lot, showing that he evidently intended at some time in the future to use that part.

Your committee believes that full justice will be done the applicant if the assessment be reduced to \$23.51, that being the frontage assessment upon 33 feet and the expense of the "Y" connection. All of which is respectfully submitted.

HENRY SHELTER,

LEO J. HALL,

JAMES S. JUDSON,

WM. H. SULLIVAN,

Assessment Committee.

Ordered received, filed and published.

By Ald. Shelter—Resolved, That the petition of the Y. M. C. A., found on pages 338-339, current proceedings, be, and the same hereby is, referred to the Law Committee. Adopted.

By Ald. Shelter—Resolved, That the applications of Mary Wright and Burton F. Blackall, mentioned in the foregoing request, be and the same is hereby, severally denied. Adopted.

By Ald. Shelter—Resolved, That the Treasurer be and he hereby is directed to cancel the foregoing assessment against Alice H. Beach and Hannah S. Howland and to charge the same to erroneous assessments and that the clerk be and he hereby is

directed to draw an order upon the Treasurer, payable from the Contingent Fund in favor of said Hannah S. Howland for one dollar and ninety-seven cents for the amount paid by her upon said assessment as specified in the foregoing report.

Accepted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Hall, Judson, Schroth, Bohrer, Kelly, Lewis—14.

By Ald. Shelter—Resolved, That the Treasurer be, and he hereby is directed to reduce the assessment against Louis Campius or Campine above mentioned to \$23.51 and the legal statutory rates and percentages to the time when the said assessment was added to the general city tax for 1890, and to receive from said Louis Campius or Campine said city tax, including water, and above assessment, as reduced, added thereto, and the legal rates and percentages thereon to the date of payment, providing such payment be made within two months from this date. Adopted.

By Ald. Cleveland—

To the Common Council of the City of Rochester:

GENTLEMAN—In the action in the Supreme Court entitled Emory B. Chase against the City of Rochester and others the referee appointed by the said court to try and determine the said action, has made his report, dated October 25th, 1890, among other things giving judgment against the defendant, the city of Rochester and in favor of the defendants John J. Heveron, John Eibler and Thoms S. Wright, constituting the firm of John J. Heveron & Company, for the sum of \$2,993.74 damages and \$456.08 costs of the action.

The damages were for the balance found to be due the said defendants John J. Heveron & Company by the defendant the City of Rochester, upon the contract for the erection and construction of a hose house for said city, located on Plymouth avenue, and in the opinion of the said defendants, John J. Heveron and Company, is much lower than the said referee was warranted in finding.

The said defendants have been greatly damaged and embarrassed in their business by the tying up of such a large sum for considerably over two years, and they are anxious that said judgment should be paid by the city without further delay. The difference between the amount found by the referee and the amount submitted by the city in its pleadings is so small that further litigation in this action would be a great injustice to the said defendants John J. Heveron & Company.

I therefore respectfully ask your honorable body to give its immediate attention to this matter to the end that this judgment may be paid and satisfied.

JAMES M. E. O'GRADY,

Attorney for John J. Heveron & Co.

December 16th, 1890.

Referred to the Law Committee.

By Ald. Cleveland—Whereas, In pursuance of chapter 410 of the laws of 1889, the Common Council upon the written application of the owners of more than one half of the number of lineal feet front of all the land on Arnold park in said city levied a tax upon all such land for the purpose of defraying the expenses of making the repairs and improvements of said park; and

Whereas, James W. Frye, who was assigned in said application to receive said tax, has died, and moneys to the amount of \$103.70, raised as aforesaid, are now in possession of the city treasurer; therefore

Resolved, That the city treasurer be and he hereby is authorized and directed to pay said moneys to George D. Olds, upon the presentation to him of an application to that effect duly certified by the city assessors that the same has been signed by the owners of more than one half of the number of lineal feet front of all said land on said park.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Hall, Judson, Schroth, Bohrer, Kelly, Lewis—14.

By Ald. Rauber—Resolved, That the Executive Board be and hereby is authorized and requested to place a fire alarm box at the corner of Lowell and Galusha streets. Adopted.

By Ald. McMillan—Resolved, That the Lamp Committee be and they are hereby authorized and directed to cause an electric light to be placed at the foot bridge over the canal on Fitzhugh street.

Referred to the Lamp Committee.

By Ald. McMillan—

To the Common Council of the City of Rochester, Valentine Fleckenstein, City Treasurer, and Charles B. Ernst, City Attorney of said city:

Please take notice that I have a claim against the city of Rochester for damages caused by the discharge upon and over my premises in the town or Brighton, Monroe county, New York, of sewage from the Monroe avenue and Nichols park outlet and the East avenue outlet sewers and through and by means of Thomas creek. That such damages consist in a diminution of the value of the use of the said premises during the past six years, said premises being decreased in value during said time to the amount of \$1,400, and that I intend to commence an action against the city to recover said damages.

Dated December 9, 1890.

BENJ. WING.

Monroe County, ss.:

Benjamin Wing, being duly sworn, deposes and says that he is the person named in and who made the foregoing claim; that the said claim and the items and specifications thereof are in all respects just and correct; that no payments have been made thereon and that no set-offs exist against the same or any part thereof.

BENJ. WING.

Sworn to before me this 9th day of December, 1890.

M. D. PHILLIPS, Notary Public.

Ordered received filed and published.

By Ald. McMillan—

To the Common Council of the City of Rochester, Valentine Fleckenstein, City Treasurer, of the said City, and Charles B. Ernst, City Attorney of the said City:

Take notice that I have a claim against the City of Rochester for damages caused by the discharge upon and over premises owned and occupied by me and located on the north side of East avenue, in the village of Brighton, Monroe county, New York, of sewage from the Monroe avenue and Nichols Park outlet, sewers through and by means of Thomas creek; that such damages consist in a diminution of the value of the use of said premises from the 10th of September, 1886, down to the present time, said premises being decreased in value during said time to the amount of \$500 per year, amounting in all to \$2,125, and that I intend to commence an action against the city to recover said damages.

Dated December 10, 1890.

ANNA GOULD.

MONROE COUNTY, ss.:

Anna Gould being duly sworn deposes and says that she is the person named in and who makes the foregoing claim; that the said claim and the items and specifications thereof are in all respects just and correct; that no payments have been made thereon, and that no offsets exist against the same or any part thereof.

ANNA GOULD.

Sworn to before me this 11th day of December, 1890.

CHARLES H. BAILEY, Notary Public.

Ordered received, filed and published.

By Ald. McMillan—Resolved, That the care and maintenance of property owned by the city of Rochester, consisting of 18 and 9-10 acres of land situate in the town of Brighton, lying south of and adjoining Highland avenue, and being lands purchased by the city of Rochester from Ellwanger & Barry, or so much thereof as may be deemed necessary by the Board of Park Commissioners for their uses and purposes, be, and the same hereby are, turned over to the said Board of Park Commissioners, to be by them used and cared for as public park lands and maintained out of the public park moneys; and it is further

Resolved, That so much of said lands as shall be deemed by said Board of Park Commissioners as not necessary for the uses and purposes of said Board may be exchanged by said Board for any other lands in the same locality of equal value, and that the Mayor be, and he hereby is directed, upon the presentation to him of a certificate of the president of said Board of Park Commissioners recit-

ing that the said Board of Park Commissioners has agreed to exchange said lands, or any part thereof, to execute and deliver to the party or parties named in such certificate, a deed or deeds in the name of the city of Rochester, which shall convey to such party or parties all the right, title and interest which the city of Rochester has in the premises described in such certificate.

Referred to the City Attorney, Executive Board and City Property Committee.

Ald. McMillan asked and obtained unanimous consent to present the following:

By Ald. McMillan—Resolved, That the Honorable Senator and Member of Assembly from this district be and they hereby are respectfully requested to introduce and urge the immediate passage of the following act:

AN ACT to provide for the removal of the swing bridge over the Erie canal at Exchange street, in the city of Rochester, and to provide for the construction of a lift or hoist bridge over the Erie canal at that point, in the city of Rochester, and making an appropriation therefor.

The people of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The Superintendent of Public Works is hereby authorized to remove the swing bridge over the Erie canal in Exchange street, in the city of Rochester, and to provide for the construction of a lift or hoist bridge over the Erie canal at that point, in said city, and for the necessary approaches thereto, and the necessary machinery to operate such bridge, upon plans and specifications to be drawn up and prepared by the State Engineer and Surveyor, immediately after the passage of this act; such plans and specifications shall provide for such bridge to be built on a line with said street, and sixty feet in width, and to be constructed at a cost not exceeding thirty-five thousand dollars, including the cost of removal of the present structure.

Section 2. Upon the completion of such plans and specifications by the state engineer and surveyor, the superintendent of public works shall proceed as soon as practicable with the construction of said bridge and the approaches thereto which shall be constructed in accordance with such plans and specifications, but before any money appropriated for the above mentioned work shall be expended the said work shall be let by contract to the lowest responsible bidder, after duly advertising therefor, as public works are usually let, by contract.

Section 3. The sum of thirty-five thousand dollars, or so much thereof as may be necessary, is hereby appropriated from the general fund, for the purposes of this act, payable by the treasurer on the warrant of the comptroller, to the order of the superintendent of public works, for the purposes of this act.

Section 4. This act shall take effect immediately Adopted.

By Ald. Schroth—Whereas, Theodore Leis received a license as a saloon keeper at 312 East Main street, on or about July 21, 1890, but by reason of ill health he was forced to abandon the business on August 18, 1890, it is, therefore,

Resolved, That the committee on police, excise and markets be and it hereby is authorized to adjust and repay to said Theodore Leis an equitable part or portion of the license year that he was unable to enjoy, said license privilege by reason of his ill health aforesaid, from and out of the funds under said committee's control.

Referred to the committee on police and excise. L. S. Gurley extended an invitation to the Board and city officials to view a curiosity on exhibition at West Main street bridge.

On motion of Ald. Judson, the invitation was accepted.

On motion of Ald. Hall, the use of the Council Chamber was granted to the Western New York Horticultural Society for their annual meeting, December 28 and 29, 1890.

On motion of Ald. Fee the Board then adjourned until Monday evening, December 22d, at 7 o'clock.

PETER SHERIDAN, City Clerk.

ROCHESTER, N. Y., Dec. 20, 1890.

To the Honorable the Common Council of the City of Rochester.

GENTLEMEN: Whereas, there is at the present time in force an ordinance relating to undertakers, the same having been re-adopted by the Common Council in 1887, but dating back to the year 1838, when there was an official City Sexton to look after the city dead.

This office no longer exists, but the bond and the license do, and are a reflection on every person engaged in the undertaking profession in this city.

And whereas no necessity exists for license and bond, we pray your Honorable Board to have the ordinance reconsidered and repealed.

The Health Board exercises complete control over everything of a sanitary nature in this matter, and the undertakers are amenable to that body.

Respectfully submitted,

MONROE COUNTY UNDERTAKERS' ASSOCIATION,
By A. L. Thompson, Secretary.

By Ald. McMillan—
 To the Honorable the Common Council of the City of Rochester, N. Y.:

GENTLEMEN—Your Law Committee beg leave to submit the following as its report:
 The Young Men's Christian Association was assessed in the general city tax for this year on their property, located on the corner of South St. Paul street and Court street, upon a valuation of \$75,000. The work done by the association is a benevolent one and among a large class in the community, and is, therefore, a benefit to the citizens. The building was not completed at the time the assessment rolls for this year were made by the assessors and, therefore, the value of the building should have been disregarded in making up their assessment rolls. A tax representing the tax upon an amount for which the lot in a state admitting of its ready use and sale should be paid. Your committee, therefore, recommends that the general city tax against said association and property be cancelled to the extent that the tax to be paid by said association shall be twenty-five dollars, and that the balance thereof charged by the treasurer to erroneous assessments.

Your committee begs leave to submit that, in its opinion, the petition of J. G. Davis & Co. for the removal of obstructions on Race street, near its intersection with Platt street, be referred to the Ex-

ecutive Board, with the request that it comply with the petition, as that body has the control of the streets, and it is made its duty by the statutes to remove obstructions in the streets.

Your committee considers that the following is a fair settlement to make with Mrs. Anna Gould for the matters set forth at pages 201 and 202, current proceedings, viz: To pay her the sum of five hundred dollars, as and for any and all damages which she has sustained by reason of the matters complained of in her petition, from the time of the commencement of the action therein referred to the time, mentioned in the accompanying resolution and the further sum of two hundred dollars per year, payable annually, as and for her damages from such time until the sewage ceases to be discharged from the Monroe avenue and Nichols park outlet sewers into Thomas creek.

All of which is respectfully submitted,

T. McMILLAN,
 J. MILLER KELLY,
 S. D. W. CLEVELAND,
 JOSEPH H. FEE,
 D. W. SELVE,
 Law Committee,

Ordered received, filed and published.

By Ald. McMillan—Resolved, That the treasurer be, and he hereby is, directed to cancel the general city tax of 1890, except the sum of \$25 thereof, against the Young Men's Christian Association property on the corner of South St. Paul and Court streets, and that he charge the difference between said tax and said \$25 to erroneous assessments.

By Ald. McMillan—Resolved, That the petition of J. G. Davis & Co. be, and the same hereby is, referred to the Executive Board of the city of Rochester, and that that board is respectfully requested to immediately comply with the terms of the petition, and remove the obstructions complained of in Race street, near its intersection with Platt street.

By Ald. McMillan—Resolved, That upon the certificate of the city attorney that a proper release and discharge of any and all claims by or on the part of Anna Gould against the city, by reason of the discharge of sewage from any of the sewers of the city into Thomas creek at any time before the order herein after mentioned is drawn, and the execution of a right, privilege or easement to continue the discharge of sewage from any and all the sewers within the city into said creek, until the diversion of sewage from said creek from the Monroe avenue and Nicholas park outlet sewers has been duly executed, and acknowledged by her, and delivered to him, the clerk be, and he hereby is, directed to draw an order upon the treasurer, payable from the contingent fund for the sum of five hundred dollars, and as and for said damages, to the time aforesaid, and the city of Rochester agrees to pay to said Anna Gould, annually, from that time the sum of two hundred dollars, until the sewage from said sewers within the city shall be diverted from said creek, and that the Mayor be and hereby is requested to agree, on behalf of the city, to and with said Anna Gould, to pay the sum of two hundred dollars, annually, as aforesaid.

By Ald. Cleveland—

AN ACT to authorize the city of Rochester to use the waters of Conesus Lake for an additional water supply.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Executive Board of the city of Rochester is hereby authorized and empowered for and on behalf of the city of Rochester to enter upon, take, control and use the waters of Conesus lake, situate in the county of Livingston, and to conduct the same from said lake to said city for the purpose of supplying said city and its inhabitants with an additional water supply. The said Executive Board is also authorized and empowered to raise the surface of the water in said lake not to exceed two feet above high water mark, and to draw down said water below low water mark not to exceed eight feet. Said board shall also have the right to take such measures and make such constructions as shall be necessary to secure said waters for the purposes intended, and to protect the same from improper obstructions or pollution from any cause; also to do and perform all acts and things necessary or proper to enable said city to acquire, store and obtain the waters from said lake in accordance with the provisions of this act; all of the above powers hereby granted to be exercised with due regard to the rights of owners of property adjacent to said lake or dependent thereon. And the city of Rochester shall be liable to pay to such owners any and all damages which may be caused to said property by the performance of said act or the exercise of the powers hereby granted.

§ 2. This act shall take effect immediately.

Ordered received, filed and published and laid on the table until next meeting.

By Ald. Cleveland—

AN ACT to authorize the issue of bonds of the city of Rochester to pay for an additional water supply.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. The city of Rochester is hereby authorized to borrow money, for the purpose, to the amount, and in the manner hereinafter stated; and the Common Council of the city of Rochester may, from time to time hereafter, for the purpose of furnishing an additional water supply for the city of Rochester, and its inhabitants by a three-fourths vote of the members of said Common Council, authorize the city treasurer to issue the bonds of said city to an amount, not exceeding, in the aggregate, the sum of _____ dollars, running for a period not exceeding fifty fifty years, and bearing a rate of interest not

exceeding three per centum per annum, payable at such place as the common council shall designate. Said bonds, when issued, shall be signed by the treasurer, sealed with the coporate seal of the city, countersigned by the mayor and the president of the Common Council, and may be either coupon or registered bonds, and shall be redeemable at any time after ten years from the issue thereof. A complete record shall be made and kept by the said treasurer of said bonds, including the dates, amounts, and the dates of maturity thereof, and to whom issued, if registered, respectively. The proceeds of said bonds shall be applied to the payment of the cost of procuring said additional water supply.

§ 2. The bonds of the city of Rochester which shall be issued by virtue of this act, shall be sold from time to time, as authorized, by the City Treasurer, at public sale, to the highest bidder, after ten days' notice published in the official paper of said city, and in a newspaper in the city of New York, but shall not be sold at less than par.

§ 3. The several saving banks within the city of Rochester and the Rochester Trust and Safe Deposit Company are hereby authorized to receive and keep on deposit any moneys raised by the sale, or for the payment of said bonds, and to pay on such deposits the same rate of interest paid or allowed by such bank or banks, or said the Rochester Trust and Safe Deposit Company, and to compound the same, as in cases of deposits received from individuals, during the time of such deposits respectively.

§ 4. The said Common Council shall, for the purpose of paying any of the bonds issued under the provisions of this act, after the same shall become payable, in addition to any sum or sums of money now or hereafter, permitted to be raised by law, with the general taxes of said city, raise annually or from time to time, sums of money which shall be sufficient to pay the interest which shall become due on said bonds, or so many thereof as shall, from time to time, be outstanding, and also such sums of money which, together, shall be sufficient to pay the whole amount of the principal of said bonds at the time of the maturity thereof, which said sums last mentioned shall, upon their receipt by the City Treasurer, or as soon thereafter as possible, be used by said treasurer for the redemption and payment of said bonds, and all said bonds so paid, shall be cancelled immediately upon the payment thereof respectively.

§ 5. In any year, in which by the provisions of this act any portion of the principal of the bonds herein authorized, shall be subject to redemption, it shall be the duty of the City Treasurer to give notice in one or more of the newspapers of the city of Rochester, during the first ten days of July, stating the amount of such bonds to be redeemed at par, and accrued interest, and inviting tenders thereof from the holders of such bonds, and from the tenders so received, if any, to select bonds to an amount not exceeding the amount required for redemption, and to give the holders thereof notice that the same will be paid, at such place as he shall designate, on or before the first day of September then next. In case the amount so tendered shall be less than the amount so required for redemption, it shall be the duty of the said treasurer, between the fifteenth and twentieth day of any such July, to draw, by lot, from the bonds outstanding, the number required to supply any such deficiency, or in case no tenders shall have been received, the whole number so required for redemption, and for this purpose, each one thousand dollars of bonds, so issued, whether registered or coupon, shall be numbered consecutively in the order of issue, and, as to the bonds so drawn, the said treasurer shall, at once, give public notice, in one or more of the newspapers published in the city of Rochester, of the fact that such bonds, stating the numbers, have been drawn for redemption, and that the same will be paid, with accrued interest, at such place as he shall designate, on or before the first day of August then next; and as

to all such bonds, so tendered or drawn, and in respect to which the money required for their redemption shall be provided and kept ready for payment from and after the several times so limited for redemption and payment, interest shall cease. § 6. This act shall take effect immediately.

Ordered received, filed and published and laid on the table until the next meeting.

CITY ATTORNEY'S OFFICE,
19 CITY HALL BUILDING,
ROCHESTER, N. Y., Dec. 19, 1890. }

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—On December 2d, 1890, an order was made by the Supreme Court, and duly entered, in the case of Theresa Wannamaker, as administratrix of Joseph Wannamaker, deceased, discontinuing the action, without costs. I am clearly of the opinion that an appeal should be taken from the order to the General Term, as it is necessary to do so to protect the interests of the city in the matter.

On March 15th, 1889, the city recovered a judgment against Benjamin Simpson, in the Municipal Court, for \$50, the amount of a penalty for the maintenance by him of a quarry in a bad condition on Genesee street, besides the costs of the suit. On March 18th, 1889, the defendant appealed to the County Court, where the judgment on or about January 14th, 1890, was duly affirmed, with costs, and on January 16, 1890, a further appeal was taken by him to the Supreme Court, which court, in June last, in all things, reversed the judgments appealed from, and on July 15, 1890, a judgment of reversal was duly entered in Monroe county clerk's office, with \$159.15 costs, in favor of Mr. Simpson. In October, 1890, leave was granted by the General Term to take an appeal to the Court of Appeals from said judgment of reversal, with a proper certificate of the General Term that there were questions in the case which ought to be reviewed by the Court of Appeals, and the questions involved are such, that, in my opinion, they ought to be reviewed by the Court of Appeals, and, for that purpose, I respectfully request your honorable body to grant me leave to take that appeal.

In the case in the Supreme Court of the City against John H. Campbell et al., as executors, etc., of James H. Campbell, deceased, generally known as the "sidewalk case," a demurrer was interposed by the defendants to the complaint, alleging that it did not state a cause of action, which demurrer was sustained by the Special Term, and a judgment, in accordance therewith, in favor of the defendants for \$56.25 costs was entered. On March 28, 1889, but, upon the appeal taken by the city to the General Term, that judgment was reversed with costs, with leave to the defendants to answer over upon payment of the costs. A further appeal was taken by the defendants to the Court of Appeals, and the same was argued before that court on June 17th last, and on December 2, 1890, the Court of Appeals handed down a decision reversing the judgment of the General Term and affirming that of the Special Term with costs, and December 15th, inst., a judgment in accordance with the decision was duly entered in the Monroe County Clerk's office in favor of the defendants for \$199.64, the costs of the appeals to the General Term and the Court of Appeals. No further appeal is allowed, and, therefore, I recommend that the two judgments for costs be paid.

Respectfully submitted,

CHAS. B. ERNST, City Attorney.

Ordered received, filed and published.

By Ald. Millan—Resolved, That the City Attorney be, and he hereby is, directed to take the appeals mentioned in his foregoing communication, and that the matter of the payment of the Campbell judgments be, and the same is, hereby referred to the Law Committee to examine into the same and report thereon to this board. Adopted.

By Ald. McMillan—

Livingston vs. The City.

To the Common Council of the City of Rochester, Valentine Fleckenstein, City Treasurer of the said City, and Charles B. Ernst City Attorney of the said City:

Take notice, that I have a claim against the city of Rochester, for damages caused by the discharge upon and over premises owned and occupied by me, located in the town of Irondequoit, county of Monroe, New York, of sewage from the Goodman street outlet, the Court and William street outlet and the Upton park outlet sewers, through and by means of Densmore creek; that such damages consist in the injury done to said premises by washing out the land and overflowing portions of the same and in the diminution of the value of the use of said premises from the 8th day of January, 1889, to the present time, to the amount of \$300 per year, and that I intend to commence an action against the city to recover said damages. Dated December 22, 1890.

H. C. LIVINGSTON.

MONROE COUNTY, SS:—Henry C. Livingston being duly sworn deposes and says that he is the person named in and who makes the foregoing claim; that the said claim and the items and specifications thereof are in all respects just and correct; that no payments have been made thereon and that no offsets exist against the same or any part thereof.

H. C. LIVINGSTON.

Sworn to before me this 22d day of December, 1890. CHARLES H. BAILEY, Notary Public.

Ordered received, filed and published.

Ald. Selye moved that the Surveyor prepare ordinances for the improvement of Driving Park avenue, from Lake avenue to the new bridge, genuine block Medina stone pavement; Glenwood avenue, from Lake avenue to Thrush street, asphalt and brick; Glenwood park, from Lake avenue to Fulton avenue, asphalt and brick; Emerson street, from Lake avenue to Fulton avenue, asphalt and brick; Ambrose street, from Lake avenue to Saratoga avenue, asphalt and brick; Jones avenue, from Frank street to West street, asphalt and brick; Spencer street, from Lake avenue to Saratoga avenue, asphalt and brick; Ravine avenue, from Lake avenue to Fulton avenue, asphalt and brick. By Ald. Hall—Whereas, The crossing of the N. Y. C. & H. R. R. Company on Scio street is in a dangerous condition, owing to the fact that north of the overhead tracks there are seven or eight surface tracks used for switching cars and other purposes which are a constant menace to life and limb; therefore,

Resolved, That a committee of three members of this Board be and they are hereby appointed to confer with said railroad company in regard to said matter and to devise whatever other means may be employed, in their opinion, for a speedy abatement of the nuisance and the protection of our citizens. Adopted.

By Ald. Hall—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—The undersigned respectfully shows that he is the owner of property at or near East Main street bridge, in this city, and that he is engaged in the carrying on of the coal and wood business at that place; that underneath said bridge there is an unoccupied and unused strip of ground formerly a part of said street, which your petitioner could use advantageously and without detriment to the public or in individuals, for storage purposes. Your petitioner, therefore, asks that permission be granted him to use said ground upon such terms or rental as to your honorable body may seem just and proper.

M. D. Tarba, President.

Referred to City Property Committee.

By Ald. Hall—
To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—On March 17, 1890, I procured a saloon license for which I paid the sum of \$50 (as appears by the annexed certificate of the excise clerk). On August 17, 1890, I was compelled to sell out and retire from business after having had the use and benefit of said license only five months. Inasmuch as the said license would have seven months more to run, I respectfully ask that the sum of \$29.16, representing the value of said license for said seven months, be returned to me.

Respectfully submitted,

W. H. BREWER.

Referred to the committee on police excise and markets.

EXCISE BOARD.

ROCHESTER, N. Y., Dec. 22, 1890.

This is to certify that Mr. W. H. Brewer had a license dated March 17th, 1890, and would expire March 17th, 1891, for which he paid \$50.

JOHN H. MASON, Clerk,

Ordered received, filed and published.

By Ald. Kelly—Whereas, The present canal bridge for crossing the Erie canal at Rowe street has been so placed as to not be in line with said street, and to be a detriment to the public using said street, and compels a great number of them, by reason of the approaches being erroneously placed, to use private lands; and,

Whereas, The Common Council deems it proper that the State remove the present bridge, by reason of the said facts, and the further facts that the said Rowe street is a much largely used thoroughfare of the city, and construct a hoist or lift bridge in place of said former bridge, but to be in line with the said Rowe street, over said canal, as provided in the accompanying act; now, therefore, be it

Resolved, That the honorable Senator and Member of Assembly from this district be, and they hereby are, respectfully requested to use all honorable means to secure the immediate passage of the said act by the Legislature of the State of New York.

AN ACT to provide for the removal of the present bridge over the Erie canal at Rowe street, in the city of Rochester, and to provide for the construction of a lift or hoist bridge at that point, and making an appropriation therefor.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Superintendent of Public Works is hereby authorized to remove the present canal bridge over the Erie canal in Rowe street, in the city of Rochester, and to provide for the construction of a lift or hoist bridge over said canal at said point, and for the necessary approaches thereto; such bridge to be constructed with the necessary machinery to operate the same, and to be constructed upon plans and specifications to be drawn up and prepared by the State Engineer and Surveyor immediately after the passage of this act. Such plans and specifications shall provide for such bridge to be built on a line with said street, and thirty feet in width, and to be constructed at a cost not exceeding twenty thousand dollars, including the cost of the removal of the present structure.

§ 2. Upon the completion of such plans and specifications by the State Engineer and Surveyor, the Superintendent of Public Works shall proceed, as soon as practicable, with the construction of such bridge and the approaches thereto, which shall be constructed in accordance with such plans and specifications, but before any money appropriated for the above mentioned work is expended, the said work shall be let by contract to the lowest responsible bidder, after duly advertising therefor, as public works are usually let by contract.

§ 3. The sum of twenty thousand dollars, or so much thereof as may be necessary, is hereby appropriated from the general fund for the purposes of this act, payable by the Treasurer on the war-

rant of the Comptroller, to the order of the Superintendent of Public Works for the purposes of this act.

§ 4. This act shall take effect immediately.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Selye, Hall, Bierbrauer, Judson, Schroth, Kelly, Lewis.—14.

By Ald. Kelly—Resolved, That the Finance Committee of this Board and City Attorney be authorized to collect the amount due to the city of Rochester for relief, etc., of pauper emigrants on account of the Board of Commissioners of Emigration prior to 1876, and to take such measures and employ such aid as they deem proper, but without expense to the city if collection be not made, and pay the amount collected, less expenses and disbursements, into the City Treasury, and report to this Board. Adopted.

By Ald. Kelly—Resolved, That the City Treasurer be, and he is hereby authorized and directed to issue, as necessary, the city's notes for the aggregate sum of one hundred and twenty-five thousand (\$125,000) dollars. This amount being represented by taxes and assessments levied, but, not collected, under the authority of section 81 of the city charter; said notes to be discounted under the direction of the Finance Committee and to be countersigned by the chairman of the Finance Committee and the discount thereon be charged to contingent fund.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Selye, Hall, Bierbrauer, Judson, Schroth, Kelly, Lewis.—14.

Ald. Kelly moved that the Law Committee, the Finance Committee and a committee of five citizens be appointed by the Chairman of this Board to take into consideration the matter of the city against the bondsmen of John A. Davis, and report back to this Common Council what in their estimation should be done. Adopted.

Ald. McMillan moved that the resolution of the Law Committee in relation to the Young Men's Christian Association be reconsidered. Adopted.

Ald. McMillan moved that the resolution be amended so as to read as follows:

By Ald. McMillan—Resolved, That the Treasurer be and he is hereby directed to cancel the general city tax of 1890, except the sum of \$25 thereof against the Young Men's Christian Association property on the corner of South St. Paul and Court streets, and that he charge the difference between said tax and said \$25 to erroneous assessments. Adopted. The resolution as amended was then adopted.

The chairman announced the following committees:

To enquire into the condition of the railroad at Scio street: Ald. Hall, Schroth, Lewis

On the bondsmen of John A. Davis: The Finance Committee, Law Committee and Citizens' Committee composed of Gilman H. Perkins, Frederick Cook, Henry C. Brewster, Stephen Remington and Charles F. Pond.

On motion of Ald. Kelly the Board then adjourned.

PETER SHERIDAN, City Clerk.

In Common Council—Dec. 30, 1890.

REGULAR MEETING.

Ald. Wm. H. Tracy, President of the Board, presiding.

Present—Ald. Tracy, Sullivan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis.—15.
Absent—Ald. McMillan—1.

APPROVAL OF MINUTES.

The minutes of the preceding meeting were approved as published in the book of proceedings.

PRESENTATION OF PETITIONS, ACCOUNTS, &c., AND THEIR REFERENCE.

By Ald. Lewis—Petition of Gustave Marshluki to erect a wood building. Referred to the Wood Building Committee and Fire Marshal, with power to act.

Also, petition for the improvement of East avenue from Goodman street to the city line. Referred to the City Surveyor to prepare an ordinance. Also, petition to change the name of Berlin street to Eink place. Laid on the table.

REPORTS OF STANDING COMMITTEES.

By Ald. Kelly—

To the Common Council:

GENTLEMEN: Owing to the existing circumstances just at this time, it becomes necessary to place before you the condition of the finances of the city.

There has been an unusually large amount of improvements done the past season which has consumed considerable money in a matter of cash payments; and also the first and second payments for work given on time orders having become due, and paid for such improvements as Lake avenue, of which the roll is now in litigation, Lyell avenue and Saxton street, waiting for the state appropriation, North St. Paul street and many others of which we have not received rolls.

On these there has been scarcely anything collected, leaving over \$150,000 due from this source which will be impossible to collect for some few months.

On the 24th day of December, 1890, I advertised for bids for the sale of \$100,000 worth of bridge bonds, but did not receive any offer. I was in hopes that by such sale that the proceeds would be sufficient to meet the expenses of the city, which just at this time are quite heavy.

As there has been spent from the contingent fund for bridges \$39,000, I would recommend the adoption of the following resolution.

Very respectfully,

V. FLECKENSTEIN, Treas'r.

Ordered received, filed and published.

By Ald. Kelly—

Resolved, That the City Treasurer be, and he is hereby, authorized and directed to issue as necessary the city's notes for the aggregate sum of \$100,000, under the authority of section 81 of the city charter, said notes to be discounted under the direction of the finance committee, and to be countersigned by its chairman and the discount thereon be charged to the contingent fund.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, Fee, Rauber, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—14.

REPORTS OF SELECT COMMITTEES.

By Ald. Cleveland—

To the Honorable the Common Council:

Your special committee on additional water supply beg leave to report that for the purpose of enabling your honorable body to determine definitely and intelligently as to what amount the city shall be authorized to issue its bonds for an additional water supply, your committee requested Chief Engineer Kuichling to prepare estimates of the costs of an additional supply from Hemlock and Conesus lakes based upon the capacities of pipe of various sizes. Those estimates are herewith presented and it will be seen therefrom that for a pipe of sufficient size to carry an additional 15,000,000 gallons per day from Hemlock lake the cost, including water rights, will be about \$2,100,000; that for a pipe of sufficient capacity to deliver 25,000,000, which is the maximum quantity that can be taken from Hemlock Lake, the cost will be \$2,710,000. That for the same quantities from Conesus lake, the cost will be \$1,976,000 and \$2,491,000, respectively; and that for a pipe of capacity sufficient to take all the water from Conesus lake, which amounts under

average conditions to 34,000,000 gallons daily, the cost will be \$2,996,000. It is therefore a question of great importance whether, if the Executive Board concludes to go to Hemlock lake for an additional supply, the capacity of the pipe should not be great enough to exhaust that lake; and if the conclusion of the board is to look to Conesus lake, whether the capacity of that lake should not likewise be exhausted. The difference in cost in the latter cases will not be more than about 40 per cent. greater than the cost of drawing 15,000,000, and the additional quantity obtained will, in the case of Hemlock lake, suffice for twenty-five years and in the case of Conesus for thirty years.

Your committee feel that these momentous questions should be carefully considered by every member of the Common Council before final action is taken, and to that end recommend that the matter be postponed until next Tuesday evening, to which time the present meeting should be adjourned.

Respectfully submitted,

By Ald. Cleveland—

ROCHESTER, N. Y., Dec. 30, 1890.

To the Committee of the Common Council on Additional Water Supply:

GENTLEMEN: In response to your request to submit estimates of the cost of obtaining larger quantities of water from Conesus and Hemlock lakes, than the previously named quantity of 15,000,000 gallons per day, the undersigned begs leave to present the following approximate amounts:

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By Ald. Cleveland—

CITY ATTORNEY'S OFFICE,
19 CITY HALL BUILDING,
ROCHESTER, N. Y., Dec. 30, 1890. }

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—On November 26th, 1889, your honorable body adopted a resolution, pursuant to the recommendation of the Law Committee, which recommendation and resolution are found at page 299, proceedings 1889-90, requesting the mayor to enter into a contract with James Palmer for the right, privilege or easement to continue the discharge of sewage from any and all of the sewers within the city into Thomas creek, upon the payment to him of the sum of eight hundred dollars per annum, until the sewage from said sewers shall be diverted from said Thomas creek, and that said payment be made annually. Said agreement was duly executed by Mr. Palmer on December 6th, 1889. I would, therefore, recommend that your honorable body direct that an order be drawn for eight hundred dollars, in favor of Mr. Palmer, for the payment of the easement for the year 1890, now due.

Respectfully yours,
CHARLES B. ELDERS, City Attorney.

Ordered received, filed and published.
By Ald. Cleveland—Resolved, That the clerk be, and hereby is, directed to draw an order upon the treasurer, payable from the contingent fund, in favor of James Palmer, for eight hundred dollars, being for the right, privilege or easement to continue the discharge of sewage from any and all sewers within the city into Thomas Creek, from the date of his agreement with the city, executed on December 6, 1889, to December 6, 1890.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, Rauber, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—13.

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, Dec. 30, 1890 }

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—I am directed by the Executive Board to request your honorable body to instruct the City Surveyor to draft sprinkling ordinances for all streets sprinkled last year, and also to prepare ordinances for sweeping the several asphalt improvements now laid in the city.

Experience has shown the necessity of adopting this class of ordinances early in the year. Complaint had been entered at the office of the Executive Board for several seasons because those ordinances were adopted without petition of property owners; and, in deference to the apparent wish of the taxpayers, the policy of not introducing ordinances for sprinkling unless a petition for each street was duly filed, as for any other class of improvement, was adopted last year.

This change in the order of procedure gave less satisfaction than the former; and the consequence was that the sprinkling on many streets could not be legally done, that is, a contract could not be executed until July or August, or when the season was half over. It may be easily understood that this condition of affairs caused scores of complaints from the residents of streets who had to endure the dust, and with a view to avoid this trouble and to abate a nuisance, the Executive Board recommends that the ordinances for sprinkling and sweeping be adopted at an early date, to the end that the work may be begun when the necessity for it exists. Respectfully,

THOS. J. NEVILLE, Clerk.

Ald. Shelter moved that the City Surveyor be instructed to prepare ordinances in accordance with the communication of the Executive Board. Adopted.

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, N. Y., Dec. 30, 1890. }

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—The Executive Board has made an inquiry of the owners of property which it is proposed to acquire for the widening of North St. Paul street on the east side, at a point near or opposite the Deaf Mute Institute. The prices are deemed largely in excess of the market price of the land, and the board therefore, recommends the appointment of a commission to determine the value of the property in question.

Respectfully,

THOMAS J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Rauber—Whereas, No agreement for the purchase of land necessary to be taken for the widening of North St. Paul street as contemplated by final ordinance No. 4,204, can be made; therefore,

Resolved, That a copy of said ordinance, and of this resolution, together with a map of the said widening be made and filed in the office of the city clerk, which map shall show thereon the lots, tracts and parcels of land which are deemed necessary to be taken, and the commencement, course and termination of said proposed widening according to the provisions of section 174 of the Revised City Charter, and that the City Attorney be, and he hereby is, instructed to take and institute such proceedings and publish and serve such notices, from time to time, as may be necessary to secure such street widening as may be provided by said city charter. Adopted.

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, Dec. 30, 1890. }

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—In compliance with your direction the Executive Board has summoned the owners of the lands proposed to be taken for opening a street from Genesee street to Jefferson avenue, and have ascertained that eight of the owners indicate a willingness to give the land without compensation for the purpose named, representing about 1,230 feet frontage on the proposed street.

There is about 2,000 feet frontage for which no price has been given, and one piece of property on which there is a house, and which is owned by H. B. McGill, for which the sum of \$2,200 is demanded.

In this case the Executive Board is of the opinion that no satisfactory or equitable adjustment can be made in the proceeding unless a commission for the appraisal of the land be appointed.

Respectfully,

THOS. J. NEVILLE,

Clerk of Executive Board.

Ordered received filed and published.

Ald. Schroth moved that action on the communication be postponed until the next regular meeting.

Adopted.

The Surveyor submitted as such estimate \$10,600.

By Ald. Shelter—Resolved, That the following improvement is necessary, viz:

The improvement of Comfort street, from Mt. Hope avenue to Pinnacle avenue, except at the crossing of South avenue, by constructing a Medina stone pavement therein, with a line of Medina stone curb and flag stone gutter on each side thereof, properly connected with all streets, alleys and driveways, width of main roadway between curb lines to be 26 feet. Also the construction of all necessary crosswalks, crosswalk extensions, surface sewers, manholes, lot laterals, water and gas services and the cleaning of the main sewer in the street, if found necessary.

And, Whereas, The City Surveyor, under the direction of this Council, has made an estimate of the whole expense thereof, and reports the same at \$10,600, which estimate is hereby approved.

Resolved, further, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Comfort street, from Mt. Hope avenue to Pinnacle avenue in proportion to the benefit which each will derive therefrom.

Adopted.

By Ald. Shelter—Resolved, That all persons interested in the subject matter of each and all improvements contemplated to be made in or by any ordinance or resolution adopted or passed at this meeting and the expense whereof, in whole or in part, is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council on Tuesday, the 13th day of January, 1891, at 7 o'clock p. m., at the Common Council Chamber, when allegations relative thereto will be heard, and that the Clerk be and he is hereby directed to publish for four secular days continuously in The Union and Advertiser and the Abend Post and Beobachter, notice thereof as is required and in the manner specified by Section 172 of the City Charter. Adopted.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y. Dec. 30, 1890.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Agreeably to your directions given at your last meeting in reference to the following named contemplated improvements, I caused to be published daily for four days, in the Union and Advertiser and Abend Post and Beobachter, two daily newspapers printed in the city of Rochester, notices of said improvements, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and requiring all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, December 30th, 1890, at 7 o'clock p. m., at the Common Council Chamber, when allegations would be heard in reference to such improvements, viz.: PETER SHERIDAN, City Clerk.

FINAL ORDINANCE, NO. 4,207.

FRANKLIN AND CLINTON STREETS SEWER.

On motion of Alderman Judson, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct a stone sewer in Franklin and Clinton streets, from near North avenue to the sewer in Clinton street, near Andrews street.

And, after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The deepening and re-construction of the present sewer in North Clinton street, from a point near the north line of Andrews street, to the center of Franklin street; also the deepening and re-construction of the present sewer in Franklin street, from the center of Clinton street to a point at right angle to the angle in the west line of Franklin street, distant 220 4-10 feet north of North avenue, measured along the west line of Franklin street. To be 2½x1½ feet with arch and invert, in size, from the north end of the proposed sewer to the center of Andrews street; 2x2 feet with cover and invert, in size, from the center of Andrews street to the intersection with the center of Franklin street and 1½x2 feet, with cover and invert, in size, from the center of Clinton street to the south end of the proposed sewer.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$5,600, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of North Clinton street, from Andrews street to a point opposite to the south line of lot No. 59 of the Andrews and Atwater tract, owned by Joseph Wile. Also one tier of lots and parcels of land on each side of Franklin street from N. Clinton street to the angle in the west line of Franklin street, distant 220 4-10 feet north of North avenue, measured along the west line of Franklin street.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly, Lewis—14.
Nays—Ald. Judson—1.

FINAL ORDINANCE NO. —.

NORTH ST. PAUL STREET MEDINA STONE PAVEMENT READJUSTMENT.

On motion of Ald. Shelter, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to re-adjust North St. Paul street Medina stone pavement from Marietta street to Lowell street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The re-adjustment of the Medina stone pavement recently completed on North St. Paul street, from a point 95 feet north of Marietta street to the south line of Lowell street, by raising the present grade of the improvement to the former grade of the street, a distance of from three to four inches. Said re-adjustment to consist in resetting the present line of curbstone, relaying the present flag gutter and Medina stone pavement, and properly connecting the work with the existing lateral streets, alleys and driveways. Also the re-adjustment of the necessary crosswalks, surface sewers, manholes and crosswalk extensions.

And the City Surveyor, under the direction of this Council, having made and reported as an esti-

mate of the expense thereof, the sum of \$7,000, which being deemed reasonable is hereby approved.

And resolved, further, That the whole expense thereof be paid out of the city treasury by the City Treasurer, upon orders directed to be drawn by the Common Council as the work progresses, upon the certificate of the City Surveyor.

Lost by the following vote:

Ayes—Ald. Tracy, Sullivan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Bohrer, Kelly—8.

Nays—Ald. Shelter, Selye, Hall, Bierbrauer, Judson, Bohrer, Lewis—7.

Not having voted with the majority, Ald. Kelly suggested the reconsideration of the action on the final ordinance for North St. Paul street pavement readjustment, and that the matter be referred to a select committee, of which no member of the Law Committee should be a member.

Ald. Bohrer moved that action on the final ordinance for North St. Paul street pavement readjustment be reconsidered. Adopted.

Ald. Selye moved that further action be postponed four weeks and that the matter be referred to a select committee of five members of this board to report back. Adopted.

UNFINISHED BUSINESS.

Action on the petition to change the name of Guenther street being in order, Ald. Lewis submitted the following:

By Ald. Lewis—Resolved, That the name of Guenther street in the Sixteenth ward be, and hereby is, changed to Brunswick street, and the clerk is hereby directed to enter the same in the street register, and the Executive Board be requested to place the usual street signs where required.

By Ald. Hall—

ROCHESTER, N. Y., Dec. 30, 1890.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—I have the honor most respectfully to request of your honorable body the use of the Common Council Chamber and the committee rooms attached thereto for the use of the Women's Relief Corps State Convention Auxiliary to the Grand Army of the Republic to be held in Rochester February 25th and 26th, 1891. I am, gentlemen, Yours very respectfully,

MRS. ANNIE CLEARY,
 Past Senior Vice Department President W. R. C. and Chairmen Committee of Arrangements, Women's Relief Corps.

On motion of Ald. Hall, the request was granted.
 By Ald. Judson—

To the Common Council of the City of Rochester: of Rochester:

GENTLEMEN:—Your Committee on Charter Amendments and Penal Ordinances respectfully begs leave to submit the following as its report:

The matter of the preparation of an ordinance for licensing, etc., stationary engineers has been duly considered at various meetings of your committee, at which representatives from the various stationary engineer bodies have been present, and kindly furnished your committee with their views

upon the subject, and your committee, after due consideration, begs leave to submit the annexed draft as the ordinance which should be adopted by your honorable body.

Your committee would further report that for excellent reasons set forth in the communication addressed to your honorable body by the Undertakers' Association, every penal ordinance relative to the licensing of undertakers should be repealed, and your committee, therefore, recommends such course to be adopted.

All of which is respectfully submitted.

JAMES S. JUDSON,

LEO J. HALL,

M. H. LEMPERT,

Penal Ordinance Committee.

I hereby approve of the above report, except, that in my opinion, that repeal of the ordinances relating to undertakers ought not to take effect until July 1, 1890.

S. RAUBER,

Member of the Penal Ordinance Committee.

A Penal Ordinance relative to the regulation, qualification and licensing of stationary engineers.

The Common Council of the City of Rochester do ordain and determine as follows:

SECTION 1. No person shall, after the ... day of 189., operate or use any steam boiler to generate steam in the city of Rochester, except for railroad locomotive engines, and for heating purposes in private dwellings, unless he shall first have been duly examined and licensed for that purpose, as hereinafter provided: nor shall any person, firm, corporation, association or agent employ, hire or engage, or have in his, their or its employment, or suffer any person to remain or be in such employment, not licensed as aforesaid, to manage or operate or use any such steam boiler, within said city; and every person, firm, corporation, association or agent violating the provisions of this section, or any of them, shall be subject to a fine or penalty of not less than five dollars, and not more than fifty dollars for each offence.

§ 2. The Common Council of the city of Rochester shall, from time to time, hereafter appoint a committee of three competent persons to examine all applicants for such licenses, and to issue the same to the applicant, as he shall be found qualified upon such examination to enter or be, and ascertain his fitness and qualifications therefor, and each of the persons, so appointed a member of said committee, shall receive and be paid a compensation at the rate of fifty dollars per year, payable monthly, but, in no event, shall the aggregate amount, so paid, exceed, at any time, the aggregate amount received for licenses by the City Treasurer under the provisions of this ordinance.

Said committee shall hold meetings whenever the city clerk shall notify them, or their secretary of applicants desiring to be examined. Two of said committee shall constitute a quorum for the transaction of business. The city clerk shall furnish to said committee a suitable room, books, stationery, including pens, pencils and proper blanks, as may be necessary, and the said committee shall have power to make and enforce such rules and regulations, not inconsistent herewith, as shall be necessary for the proper conduct of said examinations.

The city clerk shall keep on file in his office for public inspection at all reasonable hours in the day when such office shall be open, a book, wherein he shall enter promptly the names and places of residence of all applicants, as well as the places for which they propose to be examined, and the dates when they are examined, and when and how disposed of, and the number of the license issued to them, if any, and the record of the standing, which record shall be furnished to said clerk by said committee promptly.

The said committee shall notify all applicants of the time and place of such examination, which notice shall not be less than twenty-four hours from the time it is issued. The place of examination shall be in one of the rooms of the City Hall building.

§ 3. Every application to said clerk for examination must be in writing, and in addition to the matters aforesaid, must state the size, capacity and location of the boiler plant which the applicant is operating, or intends to operate, and his examination shall have reference to his qualifications to operate the boiler plant so described and located, and the license issued to him shall state the particular boiler plant he is licensed to operate. Every application for examination shall be accompanied with the certificate of two reputable persons, certifying that the applicant is possessed of the qualifications herein required.

§ 4. Every person to whom a license is issued pursuant to this ordinance must be of temperate habits and good character, and must have been found to be duly qualified upon examination by said committee.

§ 5. Every person satisfying the requirements of this ordinance who shall have been found by said committee duly qualified to operate a steam boiler to generate steam, as aforesaid, shall be entitled to receive a license for that purpose, which license shall be signed by said committee, or a majority thereof, and countersigned and sealed by the city clerk, upon the prepayment to the city treasurer of the sum of two dollars per year, or at that rate for such fractional part of the year for which the license shall be issued, and each license shall continue in force until the first day of July next thereafter, and every license issued under this ordinance may be renewed at the expiration thereof, for a term of one year, upon the payment to the city treasurer of the sum of two dollars, and every license, issued as aforesaid, shall, at all times, be subject to revocation, or suspension, as hereinafter specified.

Every such license issued shall be kept by the person to whom the same shall be issued hanging in a conspicuous place in the boiler room where the person licensed shall be engaged at work.

§ 6. If any person, duly licensed pursuant to this ordinance to operate a particular boiler plant, shall, before the expiration of his license therefor, change his position, and take charge of a different boiler plant, he shall, within one week thereafter, notify the city clerk of such change, and present himself for examination as to his qualifications for operating such different boiler plant, and, if found qualified therefor, a license to operate the same for the unexpired portion of the year covered by his original license, shall be issued to him, without further fee or charge.

§ 7. It shall be the duty of said committee to keep, in suitable books, a record of the proceedings of said committee, the name and place of business of every such applicant, his standing and the other matters aforesaid, and showing whether a license was granted or refused to any such applicant.

§ 8. No license shall be issued under the terms of this ordinance until the license fee fixed therefor, as aforesaid, shall first have been paid to the Treasurer of the city of Rochester.

§ 9. Every license issued under the terms of this ordinance may be revoked or suspended, at any time, by the Common Council of the city of Rochester, by a vote of a majority of the members present at the meeting and voting, upon the report of any two practical engineers detailed by said Common Council for that purpose, stating the grounds upon which such license shall be revoked or suspended, and where such license shall have been revoked, as aforesaid, another license shall not, in any case, be issued to the same person within six months from the date of the revocation of the former license held by such person.

§ 10. Every person, firm, corporation or association failing to pay any penalty recovered for a violation of any of the sections or provisions of this ordinance, shall be imprisoned in the Monroe county penitentiary for a period not exceeding one hundred and fifty days, the duration of the imprisonment to be determined by the police justice, judge or court at the time the judgment is entered, as is provided by section forty-three of the city charter, but in no case shall such imprison-

ment be for a less period than ten days in said penitentiary.

§ 11. This ordinance shall take effect immediately.

Ordered received, filed and published and laid on the table two weeks.

By Ald. Judson—Resolved, That the penal ordinance relating to undertakers, passed October 4, 1887, and found on page 262, Common Council Proceedings for 1887-88, and any and all other penal ordinances relative to undertakers, at any time heretofore adopted or passed by this Common Council be, and the same hereby are, and each of them, is, in all things, repealed.

Laid on the table two weeks.

By Ald. Judson—

To the Honorable the Common Council of the City of Rochester, N. Y.:

GENTLEMEN—Your committee on charter amendments and penal ordinances respectfully begs leave to report that the annexed is the draft which your committee was required to make as an amendment to the city charter for the division of the Sixteenth ward into three wards.

All of which is respectfully submitted.

Penal Ordinance Committee.

AN ACT to amend chapter fourteen of the laws of eighteen hundred and eighty, entitled, "An act to further amend chapter one hundred and forty-three of the laws of eighteen hundred and sixty-one, entitled 'An act to amend and consolidate the several acts in relation to the charter of the city of Rochester,' and to consolidate therewith the several acts in relation to the charter of said city," and the several acts amendatory thereof and supplementary thereto.

The people of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. That portion of section four of chapter fourteen of the laws of eighteen hundred and eighty, entitled "An act to further amend chapter one hundred and forty-three of the laws of eighteen hundred and sixty-one, entitled 'An act to amend and consolidate the several acts in relation to the charter of the city of Rochester, and to consolidate therewith the several acts in relation to the charter of said city relative to the Sixteenth ward,' is hereby amended so as to read as follows: Said city shall be divided into eighteen wards, and

SIXTEENTH WARD.

All that part of the city lying south of the New York Central & Hudson River railroad and east of the center of the Genesee river, and not included in either of the above described fifteen wards, shall constitute the sixteenth ward.

SEVENTEENTH WARD.

All that part of said city lying east of the center of the Genesee river and north of the New York Central & Hudson River railroad and east of North avenue, and not included in either of the above described sixteen wards, shall constitute the Seventeenth ward.

EIGHTEENTH WARD.

All that part of said city lying east of the center of the Genesee river and west of North avenue, and not included in either of the above described seventeen wards, shall constitute the Eighteenth ward.

§ 2: This act shall take effect immediately.

By Ald. Rauber—
To the Honorable the Common Council of the City of Rochester

GENTLEMEN: Your Committee on Police and Excise, to whom was referred the applications of Theodore Leis, W. H. Brewer and Amelia Meek, for a re-payment to them of sums of money representing the value of licenses from the time of their surrender to the end of the periods when said licenses would expire, would respectfully report:

Your committee finds that the above mentioned applicants surrendered their licenses, for which they paid, in each case, the sum of \$50.00, as follows: Theodore Leis, after he had the use of his license one month; W. H. Brewer, after he had the use thereof five months; and Amelia Meek, after she had enjoyed its benefits two months. The value of the Leis license would be \$45.82, the value of the Brewer license \$29.16, and the value of the Meek license \$41.66, which sums should be returned to the above named parties, and, to that end, your committee recommends the adoption of the appended resolution.

Respectfully submitted,
STEPHEN RAUBER,
JOHN U. SCHROTH,
WM. H. SULLIVAN,
LOUIS BOHRER,
JOSEPH H. FEE,
Police and Excise Committee.

Ordered received filed and published.

By Ald. Rauber—Resolved, That the City Clerk be, and hereby is, directed to draw orders on the City Treasurer payable from the poor fund, as follows: One in favor of Theodore Leis for forty-five dollars and eighty-two cents (\$45.82); one in favor of W. H. Brewer for twenty-nine dollars and sixteen cents (\$29.16), and one in favor of Amelia Meek for forty-one dollars and sixty-six cents (\$41.66), the above amounts representing the value of saloon licenses surrendered by the above named licensees, upon proof of the surrender of said licenses to the proper authority.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Shelter, Selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly, Lewis—13.

ROCHESTER, Jan. 8, 1891.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Henrietta D. Raymond was assessed on lot 73, 40 feet front and 109 feet deep, south side of Anderson avenue, corner Beacon, Sixteenth ward, for the Anderson avenue, Elk street, University avenue and Union Place sewer, the sum of \$105.03. She was also assessed on the same lot for the Upton Park, University avenue and Beacon street sewer the sum of \$164.26. This latter assessment is in part erroneous. Her assessment should have been on the sewer:
Nine feet on Beacon street, at \$1.32..... \$11 88
Extras..... 20 33

Making her tax..... \$32 26
The matter is referred to your honorable body to take such action as in your wisdom you deem best.
Yours respectfully,

L. A. PRATT,
M. J. MAHER,
City Assessors.

Referred to the Assessment Committee.
By the Clerk—

And the Assessors of said city, if they are not interested in any of the property within the part or portion of the city deemed to be benefited, and directed to be assessed, as aforesaid, or if any two of said assessors are not so interested, then such two, are hereby directed to make assessments upon all the lots and parcels of land within the portions or parts of the city above designated and directed to be assessed, of the amounts of expenses of such improvements, respectively, in proportion, as nearly as may be, to the advantage which the said lots and parcels of land within the respective territories to be thus assessed for such improvements shall be deemed to receive by the making of the respective improvements.

Adopted by the following vote:
Ayes—Ald Tracy, Sullivan, McMillan, Fee, Rauber, Shefter, Selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly, Lewis—13.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

EAST AVENUE ASPHALT IMPROVEMENT.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving East avenue.

Adopted.

The Surveyor submitted as such estimate, \$67,000. By Ald. Shelter—Resolved, That the following improvement is necessary, viz:

The improvement of East avenue, from East Main street to the easterly line of Goodman street, south of East avenue, by constructing an asphalt pavement therein, with a line of Medina stone curb on each side thereof, properly connected with all lateral streets, alleys and driveways. Width of main roadway between curb lines to be 40 feet. Also the construction of all necessary crosswalks, crosswalk extensions, surface sewers, manholes, lot laterals, water and gas services, and the cleaning of the main sewer in the street if necessary.

And whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$67,000, which estimate is hereby approved.

Resolved, further, That the following portion of the said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of East avenue, from East Main street to a point opposite the east line of Goodman street, south of East avenue, in proportion to the benefit which each will derive therefrom.

Adopted.

MAGNE STREET ASPHALT IMPROVEMENT.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Magne street.

Adopted.

The Surveyor submitted as such estimate \$7,000.

By Alderman Shelter—Resolved, That the following improvement is necessary, viz:

The improvement of Magne street from Brown street to Jay street, by constructing an asphalt pavement therein, with a line of Medina stone curb on each side thereof, properly connected, with all lateral streets, alleys and driveways. Width of main roadway between curb lines to be 26 feet. Also, the construction of all necessary crosswalks, crosswalk extensions, surface sewers, manholes, lot laterals, water and gas services, and the cleaning of the main sewer in the street if necessary.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$7,000, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Magne street, from Brown street to Jay street, in proportion to the benefit which each will derive therefrom

Adopted.

OPENING A STREET ACROSS THE GENESEE RIVER FROM MT. HOPE AVENUE TO EDINBURGH STREET.

By Ald. Bohrer—Resolved, That the following improvement is necessary and we hereby judge that the public good requires the same to be done, viz:

The opening of a street across the Genesee river and lands adjacent thereto, from Edinburgh street to Mt. Hope avenue, at a point opposite West Alexander street. The center line of said street beginning at a point in the west line of said Mt. Hope avenue in the open space opposite West Alexander street, now existing between buildings erected by Mr. Crouch, and 24.65 feet south of the south face of the foundation wall of the frame building now standing on the north side of said open space. Thence extending westerly on a line parallel with the south face of said foundation wall 45 feet to an angle. Thence westerly in a direct line to a point in the center of Edinburgh street, 175.5 feet east of the east line of Exchange street, measured along the center of Edinburgh street. Said street to be 49.3 feet in width from Mt. Hope avenue to the first angle west thereof, and 50 feet in width throughout the remaining distance.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

All the lots and parcels of land as they exist at the date of the passage of this ordinance in the Third and Twelfth wards of the city, in proportion to the benefit which each will derive therefrom.

Adopted.

DRIVING PARK AVENUE MEDINA BLOCK-STONE IMPROVEMENT.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Driving Park avenue.

Adopted.

MISCELLANEOUS BUSINESS.

By Ald. Sullivan—

Whereas, Complaints have been frequently made that contractors doing work for the city employ men imported for that purpose who have no permanent residence in Rochester and who are not, and do not intend to become citizens of the United States; and,

Whereas, This state of things works injustice to deserving, industrious and law abiding citizens and residents, and deserves the censure and condemnation of all who have at heart the welfare of the people; therefore,

Resolved, That the Common Council of the city of Rochester looks with alarm upon a practice so detrimental to the interests of the workmen of Rochester, and that the Executive Board be, and it hereby is, respectfully, but earnestly and emphatically, requested and entreated not to employ laborers of the itinerant class above mentioned, and that in letting contracts for public work the fact be strongly impressed upon contractors that

no men be employed upon their work who are not citizens of the United States, or who shall not have declared their intention to become citizens, or who shall not be permanent residents of the city of Rochester. Adopted.

By Ald. McMillan—Resolved, That the vacant lot on Atkinson street belonging to the estate of ——— Larson, opposite Greenwood ave., be designated as the polling place for the fourth district of the Third ward; and that the Law Committee be empowered to cause a proper building to be erected at an expense not exceeding one hundred and fifty dollars. Adopted.

By Ald. McMillan—Resolved, That the Committee on Additional Water Supply be empowered to secure the services of Engineer Ffely to consult with the committee and the chief engineer of the water works upon the figures of the engineer's report, at an expense not to exceed two hundred dollars.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Shelter, Selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly, Lewis—13.

By Ald. McMillan—

To the Common Council of the City of Rochester, Valentine Fleckenstein, City Treasurer of said City, and Charles B. Ernst, City Attorney of said City:

Take notice, that I have a claim against the City of Rochester for damages caused by the discharge upon and over premises owned and occupied by me, mostly as a nursery, located in the town of Irondequoit, Monroe county, New York, on the south side of the Ridge road, about one mile from the boundary line of the city, containing about nineteen and twenty-one one-hundredths acres, of sewage from the North avenue outlet sewer, through and by means of Hobbie creek. The said damage consists in the diminution of the value of the use of said premises during the six years prior to the date hereof, said premises being decreased in value by reason of such sewage to the amount of fifteen hundred (\$1,500) dollars.

Also take notice that I intend to commence an action against the said city to recover said damages.

LOUIS DUBELBEISS.

Dated Jan. 12th, 1891.

MONROE COUNTY:—SS.—Louis Dubelbeiss, being duly sworn, deposes and says that he is the person named in and who makes the foregoing claim; that the said claim and the items and specifications thereof are in all respects just and correct; that no payments have been made thereon and that no offsets exist against the same or any part thereof.

LOUIS DUBELBEISS.

Sworn to before me this 13th day of January, 1891.

Ordered, received, filed and published.

By Ald. McMillan—

SUPREME COURT—MONROE COUNTY—Gustavus Griebel vs. The City of Rochester.

To the Common Council of the City of Rochester:

GENTLEMEN—Take notice, that the annexed is a copy of an order made in the above entitled action, at a special Term of the Supreme Court, on the 30th day of August, 1889, and a copy of notice of entry was served on the City Attorney on the same day; that an appeal was taken from the order to the General Term, which affirmed it, and the City appealed from the order of the General Term to the Court of Appeals, and the Court of Appeals have just dismissed the appeal with costs.

Please take notice that the plaintiff asks that you comply with the terms of the order.

Dated Rochester, N. Y., Jan. 13th, 1891.

Very respectfully yours,

WALTER S. HUBBELL,

Attorney for plaintiff.

At a Special Term of the Supreme Court, held at the Court House in the City of Rochester, on the 28th day of August, 1889.—Present, Hon. William Rumsey, Justice, Supreme Court, Monroe County: Gustavus Griebel vs. the City of Rochester.

An order having been heretofore made requiring the defendant to furnish to the plaintiff herein certain facts more particularly set forth in said order, or to show cause at this term of the Court, on the 28th day of August, 1889, why an order for a discovery should not be made.

Now, upon reading the petition herein, verified August 24th, 1889, and the pleadings in this action, and the printed case on appeal from the judgment in the case of Gertrude Schum against the city of Rochester, in support of the motion, and the affidavits of Charles B. Ernst and Frank E. Wither- spoon, verified August 23, 1889, and the affidavits of Oscar H. Peacock and Thomas J. Neville, verified August 23, 1889, in opposition thereto, and after hearing Walter S. Hubbell, attorney for the plaintiff, for the motion, and Henry J. Sullivan, of counsel for defendant, opposed it is

Ordered, That within twenty (20) days after the service of 2 copy of this order upon the defendant's attorney, the said defendant furnish and deliver to the attorney for the plaintiff herein, a statement duly verified by the member of the Executive Board of defendant or employee in the office of said Executive Board making the same, which statement shall show the number of permits for use of Hemlock and Holly water, or either, in connection with any sink, vault, drain, water closet, urinal or bath tub on the lines of the Upton Park outlet sewer, the Court and William streets outlet sewer and the North avenue outlet sewer, respectively, and upon the line of each sewer connected with or emptying into each of said outlet sewers, from the year 1875, down to the first day of February, 1889, so far as the same appear in any of the books or records kept by or in the office of the said Executive Board.

And also a statement duly verified by the City Surveyor of the defendant or by a competent employee in the office of said City Surveyor, making the same, which statement shall show the length, date of construction (where the records in said office show the same), location and size of each of said three outlet sewers and of each sewer connected with or emptying into either of said outlet sewers, specifying which outlet the same discharges into or through, and also accurately or approximately the drainage area of each of said outlet sewers above named.

It is further ordered, that said statements shall include the Goodman street outlet and extension.

It is further ordered, that said statement first above mentioned need not state separately the permits on the line of each lateral sewer, but may state separately and in gross, the number of permits on the respective lines of each of said three outlet sewers, including their respective tributaries.

And it is further ordered, that the defendant within said twenty days pay to the plaintiff's attorney herein ten dollars (\$10.00) costs of this motion.

Ordered received, filed and published.

By Ald. Hall—Resolved, That the use of the City Hall be granted the Sisters of Mercy on the occasion of their concert, February 23, 1890. Adopted.

By Ald. Bierbrauer—

To Valentine Fleckenstein, Esq., Chief Fiscal Officer of the City of Rochester, and Charles B. Ernst, Esq., City Attorney and Corporation Counsel:

GENTLEMEN—You severally please take notice that I, Michael O'Brien, residing at No. 137 Orchard street, in the city of Rochester, have a claim for damages against the city of Rochester, amounting to the sum of one thousand dollars, and I hereby present the same to you, the said Valentine Fleckenstein, Treasurer and chief fiscal officer as aforesaid, for payment and you, the said Charles B. Ernst, Counsel to said corporation, will please take notice that in default of payment within a reasonable time after the service of this notice, I intend to commence an action against the said city of Rochester to recover the said damages.

And further take notice, that the damages I claim arise from injuries received by me on the 1st day of December, 1890, in consequence of the city's negligence and of its officers, servants and agents in allowing the sidewalk in front of No. 249 Smith street in said city to remain in a dangerous condition for a long time after the city had full knowledge of such dangerous condition prior to said injuries.

By Ald. Kelly—

AN ACT to authorize and provide for the construction of a sewer drain and ditch in the Ninth and the Fifteenth wards of the city of Rochester, and in the towns of Gates and Chili, in the county of Monroe.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. John M. Dunning, attorney at law, William H. Jones, contractor, and George B. Swikehard, merchant, all of the city of Rochester, N. Y., are hereby appointed commissioners of drainage and sewerage under this act, and are hereby authorized and empowered to lay out and construct a sewer, drain and ditch, of such dimensions, and of such material, and in such manner, as, in their judgment, shall be proper, from a point in the Ninth ward of said city, where the ravine known as Deep Hollow intersects the west bank of the Genesee river, and from thence in a southwesterly direction, following the course of said ravine, as far as practicable, and through the Fifteenth ward of said city into the towns of Gates and Chili, with such lateral drains, ditches and water channels as will drain and provide sewerage for the lands lying within said wards and towns.

§ 2. Said commissioners shall be known as "Commissioners of Drainage and Sewerage," and they are hereby authorized and empowered to agree for the purchase, and take conveyances for and in their names, as such commissioners, any real estate, or right of way in, over or through, any real estate, in, through or over which said drains, sewers, ditches and water channels herein authorized to be made shall run, or be constructed.

§ 3. The said commissioners shall, before they enter upon the duties of their office, make and file an oath of office with the County Clerk of the County of Monroe, that they will faithfully discharge the duties of their office, according to the best of their knowledge and ability. A majority of the commissioner, present at any meeting, of which all have notices may exercise the powers of the commission.

The commissioners shall, with all convenient speed, after qualifying, as herein provided, meet and organize, by appointing one of their members chairman, one treasurer, and one secretary, of the commission, and any two of said officers may be held by the same person. The treasurer shall collect, and be the custodian of, all moneys to be collected or received by the commissioners under the provisions of this act, and he shall pay out the moneys, so received, only upon the orders of the commissioners, signed by at least, two of their number. The treasurer shall, before he proceeds to collect any of the moneys, give a bond, in such an amount, and with sufficient sureties, to the people of the State of New York, as shall be approved by a justice of the Supreme Court, or by the county judge of Monroe county, conditioned for the faithful performance of the duties of his office, and file the same in said clerk's office. If, at any time, it shall appear that the moneys that shall come into the hands of said treasurer shall exceed one-half the penalty of the bond or bonds, already given, said treasurer shall execute and file, from time to time, an additional bond to the people of the State of New York, in an amount and with such sureties as shall be approved, as hereinbefore provided, and

any person interested may apply to said justice or judge, upon an affidavit showing the necessity therefor, for an order requiring said treasurer to show cause why an additional bond should not be filed, and upon the service of such order upon said treasurer, he shall not collect any more money until said justice or judge shall determine upon such application.

§ 4. Said commissioners shall proceed, by personal view of the lands and otherwise, to determine the course of said sewers, drains, ditches and water channels and their extent, and the lands through which the same shall be constructed, and the several parcels of land to be benefited thereby, and they shall cause an accurate survey of all of such lands, and a map thereof to be made, showing the course and extent of said sewers, drains, ditches and water channels, as determined by them, and showing the several parcels of land that are proposed to be drained, the size of each separate lot or tract to be benefited by such drainage, the names of the owners or occupants thereof, so far as the same can, with reasonable diligence, be ascertained by them, and the relative levels of each tract or parcel of land, and the width, depth, slope of sides, shape and course of such sewers, drains, ditches and water channels, as they shall determine to be necessary for the drainage and sewerage of such lands, and, for the purposes of this act said commissioners are hereby authorized and empowered to employ a competent civil engineer or surveyor to act as such, and said commissioners and said surveyor are hereby authorized and empowered to enter upon any and all of the lands deemed necessary by such commissioners, and survey the same, and to take levels thereof, and, by themselves, their servants and agents, to do all things for the construction and completion of such sewers, drains, ditches and water channels, as they shall deem necessary for the complete drainage and sewerage of the lands, so surveyed by them.

§ 5. The said commissioners shall, upon the completion of said survey and before the construction of said sewers, drains, ditches and water channels, cause a map, or a duplicate thereof, certified by them, with a statement written thereon, signed by them, or a majority of them, that they have determined that the sewers, drains, ditches and water channels laid out upon said map are necessary, to drain and sewer the lands specified thereon, and should be opened, or constructed, in, or through, such lands, and that it is necessary for the public health that such lands should be drained and sewerage, to be filed in said clerk's office, and, thereupon, the several parcels of land indicated upon said map, or such easements or rights of way in, through or over the same, as necessary to be taken for the construction of said sewers, drains, ditches and water channels, shall be deemed, and are hereby declared to be, taken for public use, and for the benefit of the public health, and such map, or a duly certified copy thereof, may be used in evidence in any suit or proceeding in this state.

§ 6. For the purposes of this act, said commissioners may use and occupy any of the streets, highways, alleys or other public place in said wards and towns, and they may take and appropriate such lands, and such real estate, as they may deem proper for such purpose. In case said commissioners shall be unable to agree with the owner or owners of any lands or real estate taken by them for the purposes aforesaid upon the compensation and damage thereof, they may apply to the Supreme Court, under the "Condemnation law," for the appointment of commissioners to appraise the damages to be paid to each and every such owner, and such damages, when ascertained, shall be paid out of the moneys received from the assessments made in pursuance of the provisions of this act, and as hereinafter provided and all titles, easements and rights of way, although belonging to one or more owners, or affecting one or more parcels of property, may be obtained in one proceeding, under said "Condemnation law."

§ 7. The said sewers, drains, ditches and water channels shall be constructed by contract, and

said commissioners, as such, are hereby authorized and empowered to make all necessary contracts therefor, but where the contract price or amount shall exceed one hundred dollars the same shall be made only after advertising for and receiving proposals, as is hereinafter specified, and where such contract shall exceed one hundred dollars in amount the same shall be executed in triplicate by a majority of the commissioners and by the other contracting party, and one copy shall be filed in said clerk's office, one copy delivered to the contractor, and one copy said commissioners shall retain, and said commissioners shall advertise for proposals for the construction of said sewers, drains, ditches and water channels, and for the furnishing of materials therefor, either under one entire contract, or in sections, or under several contracts, as they shall deem for the best interest of the public. Such advertisement shall be published for fifteen successive days in at least two daily newspapers published in said city of Rochester.

Said commissioners shall require of every person submitting a bid or proposal a bond, to be submitted therewith, with good and sufficient securities and of the amount of said bid or proposal, to the effect that said person or persons will, upon the acceptance of his or their bid, forthwith enter into a contract with such commissioners, as such of the tenor of said bid and give a good and sufficient bond, or security, to be approved by said commissioners for the performance thereof. Said commissioners shall have the power to reject any or all bids and proposals if in their judgment it is expedient so to do, and they may further advertise for proposals as often as they shall deem necessary. They shall require any and all persons with whom they contract, as aforesaid, for the construction of said sewers, drains, ditches and water channels, or any of them, or for furnishing labor and material, good and sufficient security to be approved by said commissioners, and in double the amount of the contract price, conditioned for the faithful performance of said contract, and with the further condition that the said contractor will pay all damages and expenses incurred by any person, association or corporation, by reason of the default or wrongful or negligent act of said contractor or his agents or servants, in or about the execution of his contract, or by reason of his failure to properly guard any excavation or obstruction, or to promptly restore to its former condition the surface of any highway or street, or other place necessarily excavated or obstructed, in the execution of his contract, and will pay, or cause to be paid, the wages and compensation of all laborers who shall be employed in work on or about the improvements mentioned in said contract, whether employed by him or any sub-contractor or employe. Actions and proceedings on such bond or undertaking shall be brought by or in the name of the laborer or laborers, claiming to be secured thereby, or his or their assignee, and separate actions may be brought by each or any number united, of such laborers, or assignees, or one action by all. No action or proceeding shall be commenced in the first instance on such bond or undertaking after six months from the time when the cause of action accrued. Said commissioners are hereby authorized and empowered to issue, as such commissioners, at not less than par, certificates, or evidences of indebtedness, bearing interest at the rate of six per cent. per annum, in payment of any lands, easements, rights of way, work, materials or other expenses, which certificates, or evidences of indebtedness, shall be payable only after the completion and collection of such assessments, and out of the moneys derived therefrom, and they shall be receivable in payment of such assessments.

§ 8. Said commissioners shall, after the construction of the sewers, ditches, drains and water channels deemed necessary by them for the purposes aforesaid, and the ascertainment of the cost and expense thereof, and of all of the preliminary work connected therewith, and all of their expenses, including all cost and expenses incurred in any proceeding under this act, and preliminary or inci-

dent thereto, and any land damage, as provided in this act, together with any interest paid, or to accrue, on the certificates issued, as herein provided, apportion all of the said sums upon the several tracts or parcels of such lands included in the said map, or adjacent thereto, and the owners or occupants thereof, if ascertained, as they shall deem to be benefited by such drains, sewers, ditches and water channels, in proportion to the amount of benefit which each shall be deemed by said commissioners to receive therefrom, and interest on such sums shall be reckoned to the time when the last installment shall become due, and included in said assessment. It shall be sufficient, in making said assessment, to designate upon the assessment roll the owners or occupants of the lots and parcels of land intended to be assessed, either by name or as unknown, or to describe said several lots and parcels of land by any description by which they may be respectively distinguished thereon, without reference to the owner or occupant. Every assessment, so made, shall create a personal obligation or liability against the owner of the lot or parcel of land assessed, to pay to said commissioners the amount of said assessment, for the collection of which, together with interest, cost and expenses, said commissioners may maintain, in their name, as "Commissioners of Drainage and Sewerage," an action in any court of competent jurisdiction, in addition to any other remedies herein provided for the collection thereof. Said commissioners, in their discretion, may make said assessments payable in not more than three equal payments, one-third within thirty days, one-third within one year, and the remaining one-third within two years from the time when said roll shall be filed with said clerk, as aforesaid. After such assessment shall have been completed, the said commissioners shall meet, at some place designated by them, in said city of Rochester, to hear the allegations and objections of all persons interested in the assessments, of which at least ten days previous notice shall be given by publication in at least four daily newspapers published in said city. The said commissioners shall, at the time and place specified in said notice, and at such other times to which they shall from time to time adjourn, hear the allegations and objections of such persons interested in said lands as shall appear before them; and said assessment roll shall there be open to the examination and inspection of all parties interested between the hours of 9 and 12 in the morning and 2 and 4 in the afternoon, each of whom shall state specifically, in writing, the grounds upon which he alleges error in said assessment. Said commissioners shall keep a record of the names of the persons who shall appear before them to make allegations and objections in regard to said assessments and the points upon which each one feels aggrieved in reference thereto, and after such allegations are closed said commissioners shall proceed to review said assessments, and they are hereby authorized to make such corrections therein as they may deem proper, and they may decrease or increase any assessment theretofore made by them in such an amount as to them shall seem fair and equitable, and when said roll shall be completed by said commissioners the same shall be verified by the oaths of the commissioners by whom it is made, to the effect that the same is in all respects just and true, to the best of his judgment and belief, and shall be filed in said clerk's office.

§ 9. Any person deeming himself aggrieved by the assessment made by said commissioners, as provided in section eight of this act may appeal from the decision of said commissioners to any special term of the Supreme Court, held in and for said county of Monroe, provided he serves upon said commissioners a notice of appeal therefrom, within ten days after the filing of said roll with said clerk. Said notice of appeal shall contain a full statement of the grounds of appeal relied upon, and such appeal may be brought on for final hearing and determination at any special term held in and for said county of Monroe, and the court shall hear and finally de-

termine such appeal, and it may award costs thereon to the successful party, not exceeding \$15, besides his necessary disbursements, to be taxed by the clerk, and if any deduction be made from any assessment or assessments upon any such appeal or appeals, said commissioners shall proceed to assess the same, including the amount of any fees, costs or expenses allowed, incurred or paid to or by them upon said appeal or appeals, and the making of a new assessment upon the territory assessed in the first assessment, in the same manner as is hereinbefore provided in relation to said first assessment.

§ 10. Any person who is assessed, as hereinbefore provided, may, within the thirty days next before any installment shall become due, pay the amount of said installment to said commissioners, without any fees for the collection thereof, and, at the expiration of said thirty days, said commissioners may issue their warrant for the collection thereof, and proceed to collect all installments then remaining unpaid, including the interest thereon from the time when the last installment shall become due, with five per cent. upon each and every dollar or fractional part of a dollar thereof, for the collection of the same, except that in cases where an appeal has been taken, collection of the assessment or assessments appealed from shall not be enforced until thirty days after the service of a notice of the final determination of the court in the case appealed. And in all cases where any of the persons so assessed shall have been awarded, or agreed to be paid, land damages, such damages shall be deducted from the assessment and only the balance collected, and any person, or any owner of lands so assessed, who shall make any payments previous to the maturity of said last installment, shall be entitled to a discount at the rate of six per cent. per annum for the period between said date of payment and the date of the maturity of the installment.

§ 11. In case any of said assessments, with the interest and fees, shall not be paid within thirty days after said warrant shall have been issued, the said commissioners shall, at any time, proceed to make a proper description of the land on which such unpaid assessments are severally made, and they shall cause the assessments and descriptions to be published for six successive weeks, in one or more newspapers published in said city of Rochester, together with a notice that if said assessments, interest and fees are not paid, with the expenses of advertising, on or before a day to be therein named, which shall not be less than six weeks from the first publication thereof, the lands so described will be sold at public auction, on the day, and at the hour and place named in said notice, to the person or persons who will take them for the shortest period of time, and pay the assessments and expenses incurred thereon, with interest. On the day designated, or on such other day to which said sale may be adjourned, the said premises shall be so sold, and the said commissioners, on receiving the amount of said assessments, fees, interest and expenses respectively, shall give to the purchaser or purchasers thereof, a certificate of such sale, duly acknowledged, which certificate shall be presumptive evidence of all the facts stated, and shall be recorded in said clerk's office as the evidence of mortgage sales under the statute is resorted, and the said certificate shall authorize and empower the purchaser therein named, or his assignee, by written instrument, duly executed, acknowledged and recorded, in the same manner, on the first day of April, July, October or January then next, to enter into and take possession of the lands so sold, and to occupy and enjoy the same with the rights of a life tenant, during the time for which he shall have purchased the same, unless the same shall be redeemed, as is hereinafter provided.

§ 12. The owner, mortgagee, occupant or other person interested in and entitled to redeem lands sold on execution, may, at any time within fifteen months from the date of such sale, redeem the lands sold, as provided in this act, by paying to the purchaser, or to said county clerk, for his use,

the said purchase money, with fifteen per cent. per annum in addition thereto, together with any other tax or assessment which the said purchaser may have paid, chargeable to such lands, with interest thereon at the rate of six per cent. per annum, and a certificate of the said clerk stating the payment, and showing what land the payment is intended to redeem, shall be evidence of such redemption, and shall entitle the person so redeeming to a return of such lands. And where any person entitled to redeem, as aforesaid, shall be an infant, he may redeem the same by making such payment, at any time within fifteen months after he shall have become of full age, on paying the aforesaid amounts to said purchaser or clerk, in the manner aforesaid, but the purchaser shall, in all cases of redemption, aforesaid, have the right to all growing crops sown by him, after taking possession under such certificate, and he shall have the right to remove all property or structures put by him upon the land after such purchase, provided the same can be removed without serious injury to the reversion.

§ 14. The said commissioners shall keep a full, true, accurate and detailed account of all moneys collected or received by them, and when and of whom collected, or received, and also a like account of all moneys collected or disbursed by them, including all claims for services, or personal expenses, and the time when, and to whom, and for what, such sums were expended. When the said sewers, drains, ditches and water channels shall be completed and all rights of way and easements acquired and paid for, said commissioners shall make an accurate copy of their said account, which shall be verified as to each item by the said commissioners, or by some one of them having personal knowledge thereof, which shall be filed in said clerk's office, and said statement shall show the balance of moneys, if any, remaining in their hands, and, in case a deficiency, the amount of the same, and the occasion or cause thereof, and the name of each person affected thereby, so far as the same can, with reasonable diligence, be ascertained by them.

§ 15. If, upon the completion of said sewers, drains, ditches and water channels, the amount collected or received by them shall be found insufficient to pay the expenses, fees, disbursements and expenditures, of the said commissioners, provided for in this act, the said commissioners are hereby authorized and empowered to make a further assessment, or assessments, therefore, as often as shall be necessary to provide for such deficiency, which assessment or assessments, shall be made in the same manner, and shall have the same effect, and there shall be the same right of review by appeal, as is hereinbefore provided in relation to said original assessment.

§ 16. Any appeal, or other proceeding, taken pursuant to the provisions of this act, may be noticed for a hearing at any special term of the Supreme Court, held in said county of Monroe, by a service of such notice eight days prior to the commencement of said term.

§ 17. All sewers, drains, ditches and water channels which shall be constructed under this act, are hereby declared to be constructed and maintained for the public health, and to be, in all respects, lawful sewers, drains, ditches and water channels.

§ 18. Neither of the commissioners appointed by, or under, the provisions of this act, shall be liable personally upon any contract made, or certificate issued by him, or them as such commissioner or commissioners, nor for any act done by him or them under the provisions of this act, unless such act shall be a willful and intentional wrong on his part.

§ 19. The commissioner appointed by or under the provisions of this act, shall each receive for each day actually and necessarily spent by him in the performance of his duties, as such commissioner, the following sums: The commissioner who shall be an attorney-at-law, ten dollars, and each of the other commissioners, five dollars.

§ 20. In case any vacancy shall occur in the office of any commissioner appointed by or under the provisions of this act, either by death, resignation or

otherwise, such vacancy or vacancies shall, on the application of the commissioner or commissioners in office, or of any other person or persons interested therein, upon notice to the remaining commissioner or commissioners, be filled by the order of the Supreme Court, at any special term thereof, held in said county. The commissioner or commissioners thus appointed shall possess all the powers and be subject to all the liabilities of commissioners under this act, provided, that until such vacancy shall be supplied and filled, and there shall be two remaining commissioners, they shall possess and exercise all the powers conferred by this act, as fully, and to all intents and purposes, as if no such vacancy had occurred or existed.

§ 21. Every assessment authorized by this act shall be, and is hereby declared, valid and effectual, notwithstanding any irregularity, omission or error in any of the proceedings relating to the same. In case any assessment shall remain unpaid on account of any irregularity, omission or error in any of the proceedings relating thereto, or in case of error in the description of the lands, tenements or real estate, or in the designation of the owners or occupants, said commissioners shall proceed to correct such irregularity, omission or error in such assessment roll, and such correction shall have the same effect as if the assessment had originally been properly made.

§ 22. This act shall take effect immediately.

On motion of Ald. Kelly ordered received, filed and published and laid on the table one week.

By Ald. Kelly—

AN ACT to amend chapter one hundred and forty-three of the laws of one thousand eight hundred and sixty-one, entitled "An act to amend and consolidate the several acts in relation to the charter of the city of Rochester," as amended by chapter fourteen of the laws of one thousand eight hundred and eighty, entitled "An act to further amend chapter one hundred and forty-three of the laws of one thousand eight hundred and sixty-one, entitled "An act to amend and consolidate the several acts in relation to the charter of the city of Rochester, and to consolidate therewith the several acts in relation to the charter of said city."

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. Section two of chapter one hundred and forty-three of the laws of one thousand eight hundred and sixty-one, entitled "An act to amend and consolidate the several acts in relation to the charter of the city of Rochester," as amended by chapter fourteen of the laws of one thousand eight hundred and eighty, entitled "An act to further amend chapter one hundred and forty-three of the laws of one thousand eight hundred and sixty-one, entitled "An act to amend and consolidate the several acts in relation to the charter of the city of Rochester," and to consolidate therewith the several acts in relation to the charter of said city," is hereby amended so as to read as follows:

§ 2. The boundaries of the said city shall be as follows:

Beginning at a point in the present northerly line of the city of Rochester, which said point is in the middle of the Ridge road, eight chains and seventy links distant easterly from the top of the east high bank of the Genesee river; thence south fifteen minutes east to a point eight hundred feet north of the north line of Norton street; thence easterly on a line parallel with Norton street and eight hundred feet distant northerly from the north line thereof, to a point at which a line drawn parallel with the highway called Waring street, and eight hundred feet distant northeasterly therefrom, (the said distance being measured at right angles with the said highway called Waring street, and from the east line thereof) would intersect the said line parallel with Norton street; thence southeasterly and parallel with and eight hundred feet distant from the highway called Waring street, measured from the easterly line thereof, to a point, which said point would be the intersection of the

said line parallel with and eight hundred feet distant easterly from the east line of Waring street, and a line drawn parallel with the highway known as the Culver road, and at a distance of eight hundred feet easterly from the east line thereof measured at right angles from said highway known as the Culver road; thence southwesterly on the said line parallel with the Culver road and eight hundred feet distant easterly therefrom, to the north line of lot number thirty-seven in the town of Brighton; thence westerly on the north line of lot thirty-seven, and on the north lines of lots forty-five and fifty-three, to a point in the north line of lot fifty-three, two hundred and ninety feet easterly from the northeast corner of lot number sixty-one; thence southerly on a line parallel with the east line of lot number sixty-one to the northerly line of a road known as Elmwood avenue; thence westerly along the northerly line of said road known as Elmwood avenue, to a point, which said point is at the intersection of the northerly line of said Elmwood avenue with the westerly line of the lands now owned by the New York, Lake Erie & Western Railway Company; thence southerly on the westerly line of the lands now owned by said railway company, to a point in the center of the Westfall road, so-called; thence westerly along the center of the Westfall road to a point in the center of said Westfall road where said road makes an angle to the north; thence southwesterly through lands now owned by, or known as, the Harmon farm and the Baker farm, to a point where the east bank of the Genesee river intersects the west line of the Wolcott road, so-called; thence northerly along the east shore of the Genesee river, to a point where the northerly line extended, of a road running between the lands of E. Chapin and Mathias Kondolf, on the west side of said river, would intersect said east bank of said river; thence westerly along the said line, so extended, and continuing along said line to a point where the said line intersects the easterly line of lands now owned by the Western New York & Pennsylvania Railroad Company; thence northerly along the east line of the said lands owned by said company to a point where the east line of said railroad would be intersected by the extended center line of Genesee street; thence northerly, through the center of a road which is the continuation of Genesee street, to a point where the center line of said Genesee street intersects the present southerly line of said city; thence westerly, along the present southerly line of said city, to the intersection of the said southerly line of said city with the present westerly line of said city; thence continuing westerly in the same straight line two thousand feet; thence northerly on a line parallel with the present westerly line of the city, to a point at which the north line of lot twenty-six in the town of Greece extended westerly would intersect the said line parallel with the present westerly line of the city of Rochester; thence easterly on the extended north line of said lot twenty-six, to the northeast corner of said lot twenty-six; thence easterly, on the northerly line of said lot twenty-six, to a point which is the intersection of the northerly line of said lot twenty-six, with the line running through the center of a road running easterly to Hanford's Landing; thence continuing easterly in the center of said road and the said center line produced to a point fifty feet westerly from the westerly high bank of the Genesee river; thence northerly parallel with the top of the westerly high bank of the Genesee river and fifty feet distant westerly therefrom to the north line of the lands of William Merrill; thence easterly along the north line of the lands of William Merrill and the said north line produced easterly to the east shore of the Genesee river; thence northerly along the east shore of the Genesee river in its various courses to the north line of lot number thirteen in township fourteen, in the seventh range of townships, in the town of Irondequoit; thence easterly along the north line of said lot thirteen to the westerly line of the lands owned by the Rome, Watertown & Ogdensburg Railroad Company; thence southerly along the westerly

line of lands owned by the said Rome, Watertown & Ogdensburg Railroad Company, to a point at which the south line of the lands owned by Hosea Rogers produced westerly would intersect the westerly boundaries of the lands of the Rome, Watertown & Ogdensburg Railroad Company; thence easterly along the said south line of the lands owned by Hosea Rogers, produced to the easterly boundaries of the Rome, Watertown & Ogdensburg Railroad Company's lands; thence southerly, along the eastern boundaries of said Rome, Watertown & Ogdensburg Railroad Company's lands, to a point on the easterly line of lands recently purchased from Charles Howard by the city of Rochester; thence southerly, along the easterly line of lands recently purchased from Charles Howard, W. G. Culross, Emma D. Culross, Albert G. Callister, John D. Callister and Elizabeth Callister, to the south line of said lands recently purchased by the city of Rochester, from Elizabeth Callister; thence easterly, along the south line of said Elizabeth Callister's land to the east side of a road which said road is in continuation of North St. Paul street in the city of Rochester; thence south, seventeen degrees and forty minutes east, to the middle of the Ridge road; thence westerly, along the middle of the Ridge road to the place of beginning.

§ 2. Section four of said chapter one hundred and forty-three, as amended by said chapter fourteen, is hereby amended so that all of the above described territory taken into said city by section one of this act lying west of the center of the Genesee river, shall be taken into, and added to, the Fifteenth ward of said city, and all of the above described territory taken into said city by section one of this act, lying east of the center of the Genesee river, shall be taken into, and added to, the Sixteenth ward of said city.

§ 3. This act shall take effect immediately.

On motion of Ald. Kelly, ordered received, filed and published and laid on the table until the next regular meeting.

Ald. Kelly asked leave to introduce the following penal ordinance, and such leave being granted, asked that the same be duly adopted and passed:

A penal ordinance relative to driving and riding upon, over and across bridges within the city of Rochester.

The Common Council of the city of Rochester do ordain and determine as follows:

SECTION 1. No person, firm, corporation, association, or agent, shall at any time ride or drive, or cause or suffer to be ridden or driven, any horse, mare, gelding or other animal, upon, over or across any of the bridges crossing the Genesee river, or any canal, railroad, avenue, street, lane, alley or place within the city of Rochester, except Main street bridge, crossing the Genesee river, faster than a walk, under a penalty or fine of not less than twenty-five dollars, nor more than one hundred and fifty dollars for each offense.

§ 2. Every person, firm, corporation or association who fails to pay any penalty recovered for a violation of the foregoing section, or any of the provisions thereof, shall be imprisoned in the Monroe county penitentiary for a period not exceeding one hundred and fifty days, the duration of the imprisonment to be determined by the justice, judge or court before whom a suit for such penalty or penalties shall be pending, at the time the judgment is entered, as provided by section forty-three of the city charter; but, in no case, shall such imprisonment be for a less period than ten days in said penitentiary.

§ 3. This ordinance shall take effect immediately. Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Shelter, Selye, Hall, Bierbrauer, Schroth, Bohrer, Kelly, Lewis—13.

By Ald. Lewis—Resolved, that the Brush Electric Light Company be and it is hereby instructed to move the electric light which now stands on the east side of Hudson street, at the center of St. Jacob's street, from its present position to the northwest corner of Hudson street and Frederick park, and place the same upon a crane; and that

the City Surveyor notify the said company to that effect and make the proper change upon the map. Adopted.

By Ald. Lewis—Resolved, That the room of the East Rochester Permanent Savings and Loan Association, No. 320-326 University avenue, be and it hereby is designated as the polling place of election district No. 6 of the sixteenth ward. Adopted.

By Ald. Selye—Resolved, That the City Clerk and the heads of the various departments be, and they are hereby, instructed to prepare samples of the various blanks in use in the several departments of the city government, with estimates of the quantities of each which will be required during the year 1891.

And, further resolved that the chairman of the Contingent Expense Committee be instructed to advertise in one or more of the daily papers of this city for bids for doing such job printing.

And, further resolved, That the contingent expense committee be instructed to advertise for bids for printing such cases on appeals and points or briefs as may be required in the city attorney's office during the year, all such work to be done in accordance with the rule of 42, general rules of practice.

That the chairman of the Contingent Expense Committee be, and he is hereby instructed to let the contracts for all such printing to the lowest responsible bidders and enter into a contract with them, therefor.

D. W. SELYE,
MERTON E. LEWIS,
T. McMILLAN,
WM. H. SULLIVAN,
Contingent Expense Committee.

Adopted.

Ald. Selye moved that the city surveyor be directed to prepare an ordinance for a cement walk six feet in width on each side of Lake avenue from Driving Park avenue to the north line of the Ninth ward, except where good flag walks now exist. Adopted.

By Ald. McMillan—

To the Honorable, the Common Council of the city of Rochester:

GENTLEMEN—I hereby tender my resignation as member of the committee on charter revision.

T. McMILLAN.

Accepted.

Ald. Selye moved that the President appoint to fill the vacancy on the Committee on Charter Revision. Adopted.

Ald. McMillan called the attention of the Board to the provisions of rule 37 of the rules of the Board relating to meetings of Standing Committees, and moved that the matter be referred to the Chairman of the several Standing Committees, to report to the Board. Adopted.

The president announced the following:

Committee on the matter of opening a street from Jefferson avenue to Genesee street, Ald. Shelter, Selye, Fee, Bohrer, Hall.

Vacancy on Committee on Charter Revision, Ald. Cleveland.

The Board then adjourned until Tuesday evening, January 20, 1891.

PETER SHERIDAN, City Clerk.

In Common Council—Jan. 27, 1891.

REGULAR MEETING.

Ald. Wm. H. Tracy, President of the Board, presiding.

Present—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis.

APPROVAL OF MINUTES.

The minutes of the preceding meeting were approved as published in the book of proceedings.

PRESENTATION OF PETITIONS, ACCOUNTS, ETC., AND THEIR REFERENCES.

By Ald. Rauber—Petition for the improvement

of Emmett street referred to the Surveyor to prepare an ordinance.

By Ald. Snelter—Petition of Charles Dickinson to erect a wood building. Permission granted.

By Ald. Selye—Petition of the Provident Dispensary Association in relation to the appointment of lady physicians. Referred to the Charter Amendment Committee.

By Ald. Hall—Petitions of Mary E. McGonegal and A. Vennema to erect wood buildings. Referred to the Wood Building Committee and Fire Marshal, with power to act.

By Ald. Judson—Petition for the improvement of Hamilton place. Referred to the Surveyor to prepare an ordinance.

By Ald. Kelly—

ROCHESTER, January 27, 1891.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN: At a meeting of the Board of Park Commissioners, held Monday afternoon, January 26th, a resolution, offered by Commissioner George H. Newell, to petition your honorable body to change the name of Driving Park avenue bridge to Seneca Park bridge was unanimously adopted.

Yours respectfully.

C. C. LANEY,

Secretary *pro tem.* Board of Park Commissioners.

By Ald. Kelly—Resolved, By the Common Council of the City of Rochester, that inasmuch as Driving Park avenue does not cross the Genesee river and as the street itself is named after a "feature" that is liable to be changed at any time, and as the name is not euphonious or appropriate for such a bridge, that said name be changed, as requested by the Board of Park Commissioners, to "Seneca Park Bridge," said bridge being the direct connection between Seneca Park East and Seneca Park West. Indeed the fact that Seneca Park was located at that point was the most persuasive reason for the construction of so massive and permanent a bridge.

Ordered received, filed and published and laid on the table until the next regular meeting.

By Ald. Kelly—Remonstrance against the erection of a wood building by Mrs. Mary Loavanbrook. Ald. Kelly moved that the remonstrance together with the petition for the same be referred to the Wood Building Committee and Fire Marshal to investigate and report the result of such investigation at the next regular meeting. Adopted.

By Ald. Lewis—Petitions for the extension of Bowen street and sewer in Caroline street. Referred to the Surveyor to prepare ordinances; also, petition for electric light on Elk street. Referred to the Lamp Committee. Also, petitions of Fred Steffany and J. C. Bower to erect wood buildings. Referred to the Wood Building Committee and Fire Marshal with power to act. Also, petitions for water mains on May place, Federal and other streets. Referred to the WaterWorks Committee and Executive Board. Also, remonstrance against the extension of Oswego street.

Ordered received and filed.

By Ald. Kelly—

ROCHESTER, N. Y., Jan. 9, 1891.

To the Finance Committee of the Common Council:

GENTLEMEN—I have made a careful and full examination of all matters relating to the management of the City Treasurer's office for the month of December, 1890, and find that the business in all departments has been properly and accurately conducted, and that the cash on hand and on deposit on Monday morning, January 5th inst., was in amount as below stated, as copied from the ledger balances:

Cash on hand.....	\$ 2,552 41
On deposit, Central Bank.....	18,513 64
On deposit, German American Bank.....	10,576 05
On deposit, Traders' Bank.....	26,314 67

Respectfully submitted,

JOHN BOWER.

Ordered received, filed and published.

By Ald Shelter—

To the Honorable the Common Council of the City of Rochester, N. Y.:

GENTLEMEN—Your Assessment Committee begs leave to submit the following as its report:

Lot 68 of Assessors' subdivision on the west side of Henrietta avenue was assessed for the sewer in that street to the amount of \$527.74, the last installment of which became due on December 13, 1890. The assessment being unpaid, the amount thereof was added to the general city tax for 1890. A tax search was obtained from the former City Treasurer, which failed to show thereon the fact that said assessment had been made. Your Committee is of the opinion that justice will be promoted if the owner of said lot is permitted to pay said assessment, on or before March 1, 1891, by paying the amount thereof, with interest thereon, from said December 13, 1890, to the date of payment, at the rate of 6 per cent. per annum.

The estate of Godfrey Tallinger was assessed for personality in the years 1889 and 1890, but your committee fails to perceive any reason why the amount thereof should be disturbed.

Peter De Roo was assessed upon his lot, No. 12, on Clifford street, at, as your Committee believes, on the east side of North Joiner street, the sum of \$84.91 for said North Joiner street grading. The question whether or not his lot is situate upon the east side of Joiner street is one of law, and, in the opinion of your committee, should be determined by the Law Committee, and your Committee, therefore, recommends that the matter be referred to said Committee.

James O'Connor on Goodman street, and Henry Shaft and George W. Crouch, J., also owning property upon said Goodman street, north of the N. Y. C. & H. R. Co.'s lands, and assessed for the sprinkling of Goodman street, are entitled to a rebate of the amounts so assessed and paid by them, for the reason that no sprinkling was done upon said Goodman street, north of said railroad tracks, and said parties are, therefore, entitled to have returned to them the sums paid by them, and stated in the accompanying resolution, upon account of said street sprinkling.

Your committee, in view of the probability that your honorable body will, in the future, where the amount to be assessed for an improvement shall exceed ten thousand dollars, permit the taxpayers assessed to pay their assessments in five equal payments, as provided by section 198 of the city charter, recommends that the Executive Board be requested to issue the city's notes or orders, where such expense shall exceed said ten thousand dollars, for the two-thirds thereof, payable in one, two, three and four years respectively, as provided by said section 198.

All of which is respectfully submitted,

HENRY SHELTER,
WM. H. SULLIVAN,
LEO J. HALL,
Assessment Committee.

Ordered received, filed and published.

By Ald Shelter—Resolved, That the owner of lot 68, of Assessors' subdivision aforesaid, be permitted to pay the assessment mentioned in the fore-

going report of the Assessment Committee, on or before March 1, 1891, by paying the amount thereof, with interest thereon, from December 13, 1889, to the date of payment, at the rate of 6 per cent. per annum, and that the treasurer be, and he hereby is, directed to accept such payment and interest if payment be made as aforesaid.

By Ald Shelter—Resolved, That the application of the estate of Godfrey Tallinger for relief from general city taxes against said estate for the years 1889 and 1890, upon personality, be, and the same hereby is, in all things, denied. Adopted.

By Ald Shelter—Resolved, That the application of Peter De Roo, mentioned in the foregoing report, of the Assessment Committee, be, and the same hereby is, referred to the Law Committee of this Common Council, to examine and report thereon to this board. Adopted.

By Ald Shelter—Resolved, That the Clerk be, and hereby is, directed to draw orders upon the City Treasurer, payable from the Contingent Fund, in favor of the following named persons:

One in favor of James O'Connor for six dollars and eighty-eight cents; one in favor of Henry Henry Schaft for one dollar and twenty cents; and one in favor of George W. Crouch, Jr., for eight dollars and ninety-two cents, with interest upon said several sums from August 1st, 1890, to February 1st, 1891; said amounts being the sums paid by persons upon account of assessments for the sprinkling of Goodman street, mentioned in the foregoing report of the Assessment Committee.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—18.

By Ald Shelter—Resolved, That the honorable Executive Board of the city of Rochester be, and it hereby is requested, whenever the expense of an improvement shall exceed ten thousand dollars, to issue the city's notes or orders for the two-thirds thereof, payable in one, two, three and four years, respectively, as is provided by section 198 of the city charter. Adopted.

By Ald. Hall—

To the Honorable the Common Council of the City of Rochester.

GENTLEMEN—Your City Property Committee begs leave to submit the following report:

In the matter of the petition of the M. D. Tarba Manufacturing Company to use and occupy certain ground underneath East Main street bridge over the N. Y. C. & H. R. R. your committee has been advised by the Attorney that the subject matter of the petition is one that properly belongs to, and should be considered by, the Executive Board of the city, and not by this committee, and it, therefore, suggests that the same be referred to the Executive Board.

In the matter of the resolution of Ald. McMillan that certain lands now owned by the city of Rochester, consisting of 18.9-10 acres, situate in the town of Brighton, and lying south of and adjoining Highland avenue, be turned over to the Board of Park Commissioners, as in said resolution mentioned, your committee reports that it has examined into the merits of said resolution, and is of the opinion that such resolution should be adopted by your honorable board, and so recommends.

Your committee further reports that it has received and considered a communication from the Board of School Commissioners of this city, in which communication your committee is informed that the hereinafter named public schools are without sufficient protection against loss by fire, and that the same should be insured.

After consideration your committee is of the opinion that the following schools should be insured in the amounts named, viz:

Public School No. 8 in the amount of \$1,000.	..	No. 24 ..	\$4,000.
..	..	No. 26 ..	\$7,500.
..	..	No. 39 ..	\$4,500.
..	..	No. 30 ..	\$6,000.
..	..	No. 33 ..	\$9,000.
..	..	No. 34 ..	\$8,000.

And that such insurance be placed with the following named agencies, viz:

Frank X. Brennan	\$ 4,000 00
James Johnston	4,000 00
Louis W. Wehn	7,000 00
P. S. Wilson	3,000 00
Wm. G. Martins	12,000 00
Louis Beck	10,000 00

And that the policies of insurance, when obtained, should run for a term to expire when the other policies of insurance on public schools expire.

Respectfully submitted,

LEO J. HALL,
J. MILLER KELLY,
D. W. SELYE,
HENRY SHELTER,
City Property Committee.

Ordered received, filed and published

By Ald. Hall—Resolved, That the matter of granting permission to the M. D. Tarba Manufacturing Co. to use and occupy certain ground underneath East Main street bridge, be, and the same hereby is, referred to the Executive Board, for its consideration and action. Adopted.

By Ald. Hall—Resolved, That the control and supervision of 18 9-10 acres owned by the city, situate in the town of Brighton, and lying south of an adjoining Highland avenue, mentioned in the foregoing report of the City Property Committee, be, and the same hereby is, transferred and turned over to the Board of Park Commissioners. Adopted.

By Ald. Hall—Resolved, That the Board of Education be, and it hereby is, directed and authorized to procure insurance upon the schools, and of the persons, to the amounts above mentioned, and that the cost thereof, when ascertained, be paid from the contingent fund.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bourer, Kelly, Lewis—16.

By Ald. Sullivan—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—Your committee having examined various petitions relating to street lighting, recommend that an incandescent electric light be erected on the corner of Spring street and School alley; also, that a Rochester gas light be erected on the north side of Smith street, between Saxton and Walnut streets.

Respectfully,

WM. H. SULLIVAN,
JOSEPH H. FEE,
J. MILLER KELLY,
Lamp Committee.

Ordered received filed and published.

By Ald. Sullivan—Resolved, That the Edison Illuminating Co. be and is hereby directed to erect an incandescent electric light on the corner of Spring street and School alley, and that the Rochester Gas Company be and is hereby directed to erect a gas light on the north side of Smith street, between Saxton and Walnut streets, and the City Surveyor be directed to make the proper notifications. Adopted.

REPORTS OF SELECT COMMITTEES.

By Ald. McMillan—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—

Your committee, consisting of the law committee and the finance committee and a committee of five citizens appointed by the president of the common council, upon the motion of Alderman Kelly, "to take into consideration the matter of the city against the bondsmen of John A. Davis, and report back to this common council what, in their estimation, should be done," would respectfully report:

Soon after the said action was taken by your honorable body, your committee met and or-

ganized by the election of Alderman McMillan as chairman and Alderman Cleveland as clerk. Alderman Fee was present, but, upon his own request, was allowed to retire from service on the committee on the ground that his brother was personally interested in the deliberations of your committee as one of the bondsmen of John A. Davis and one of the defendants in the action brought by the city to enforce the collection of the ex-treasurer's bonds.

City Attorney Ernst, and his second assistant, Frank J. Hone, were present, at this and subsequent meetings, and explained to your committee the present status of the Davis case. John N. Beckley, representing the bondsmen, was also in attendance. The latter narrated, briefly, the history of the suit, from its commencement to the present time; recited the steps taken by the bondsmen in regard to the motion made for a bill of particulars; explained the nature and value of the assets turned over by Davis to the bondsmen, and concluded by offering, on behalf of his clients, to settle the city's claim, in full, by the payment of \$25,000, which, he said, was the maximum amount that would be paid. He thought, inasmuch as annual examinations had been made by experts of the treasurer's department during the period covered by Mr. Davis' incumbency of the office, and reports thereon had been made to the effect that the affairs of the city treasurer were in proper and satisfactory condition, that the bondsmen were, in equity, entitled to some consideration at the hands of the municipality. He claimed that the bondsmen had a good defense to the action and that, in his opinion, it was very doubtful if the city could recover much, if any, of the amount of the defalcation.

The city attorney stated that, in his opinion, the bondsmen had no valid defense to the action; that, with the proof now at hand, he had no doubt that the city would secure a judgment for the entire amount sued for, namely, the sum of \$60,500; that the examinations and report of experts, and the action of the common council thereon would avail nothing as a defense in court. He stated further, however, that long delay would probably ensue before the matter was finally disposed of; that the city depended for success upon the testimony of two or three witnesses, the absence of one or more of whom might seriously embarrass, if not partially or entirely defeat, the city in its legal struggle, and that there was the further danger that the defendants might not be in condition to pay when the end had finally come and the city had succeeded in obtaining a judgment approved by the appellate courts; that such indeed had been the history of a majority of cases of similar nature, and notably of the case of Jason Baker, the defaulting county treasurer, which case was litigated twelve or fifteen years, at the end of which litigation but one bondsman, the late Hon. Freeman Clarke, was found to be responsible.

Your committee, after further consultation took a vote upon the question whether or not a compromise should be effected. Upon this motion all voted in the affirmative. An estimate was then presented by each member of the committee as to the amount for which a settlement should be made. The estimates varied from \$25,000 to \$50,000, the average thereof being \$36,050. Nothing further was accomplished at this meeting than the rejection of the offer of the bondsmen to settle for \$25,000. At the second meeting the offer was increased to \$30,000. This second offer was rejected and a proposition was then made by your committee to settle the claim for \$40,000. This was not accepted, but, at the subsequent and last meeting of your committee, the bondsmen offered to pay \$30,000 and to turn over to the city the assets of Mr. Davis. These assets consisted of Mr. Davis' interest in the National hotel prop-

erty, a lot on Portsmouth terrace, encumbered by a mortgage of \$2,800, and several life insurance policies, the net value of all of which was estimated by the bondsmen to be \$2,500 or \$3,000.

Your committee were of the unanimous opinion that the city should not speculate in property of this kind, and refused the offer. After a long and animated argument, in which all the members present participated, it was decided to propose to the bondsmen a settlement of the claim on the payment of \$36,050, this being the average of the estimates made at the first meeting, said amount to be paid within one year, and the payment thereof to be secured by such security as should meet the approval of the mayor and the finance committee of the common council. This proposition, after considerable opposition and hesitation on the part of some of the bondsmen, was agreed to.

Your committee, taking into consideration all the circumstances of the case, the delay that is likely to ensue, the uncertainty of the result of a trial, depending upon the oral testimony of a few witnesses, whom, or some of whom, it may, for obvious reasons, be impossible to secure when the time for trial comes, the prospect that, at the final termination of the action, the defendants may be unable to respond to the judgment of the court, and other reasons that suggest themselves to business men, would recommend that their proposition be accepted by your honorable body, and that the action against the bondsmen of John A. Davis be discontinued, and that said bondsmen be released from all liability as such bondsmen on said bonds, upon payment, or the giving of security for the payment, within one year, of the sum of \$36,050; such security to be approved by the mayor and your finance committee.

In conclusion, your committee wish to repeat and to emphasize the recommendation heretofore made, that provision be made, by charter amendment, for the appointment, or election, of a city auditor. We believe that, with such an officer, greater economy and more business-like methods in the conduct of the city's business would prevail. Such officer, and the treasurer, and all other officers required to give bonds, should, in the opinion of your committee, cause such bonds to be given by incorporated insurance, trust or guarantee companies, and it should be provided, inasmuch as one company may not consent to become bound in the sum required, and, inasmuch as two or more of such companies will not become jointly bound upon one instrument, that one or more bonds, sufficient to indemnify the city in the amount demanded by the common council, or other authority, may be given. We believe that the security given by corporations organized for that purpose, and transacting their business under the constant supervision of the state authorities, would be safer, and that their methods in looking after their principals, and bringing to punishment offenders against the law, would be more conducive to honesty in public office than the obligation of the official's friends who may be responsible to-day but insolvent to-morrow.

Ordered received, filed and published.

By Ald. McMILLAN—

Resolved, That upon the payment by the bondsmen of John A. Davis of the sum of \$36,050 or the giving of security, to be approved by the mayor, finance committee and the citizens' committee, by such bondsmen for the payment, within one year from the date hereof, of said amount, the city attorney be, and he hereby is, directed to discontinue the action of the city of Rochester against John A. Davis and others, and that the mayor be, and he hereby is, authorized to execute such release of the city's claims, as may be deemed necessary and proper by the city attorney; such payment to be made, or such security to be given, within 20 days of the date hereof.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—15.

By Ald. Shelter—

To the Honorable the Common Council of the City of Rochester, N. Y.:

GENTLEMEN—Your special committee, to whom was referred the matter of opening a street from Jefferson avenue to Genesee street, between Flint and Magnolia streets, would respectfully report:

That they have thoroughly investigated the matter, and have heard the parties that are interested in the same, and found that, out of eighteen property holders, seventeen of them are in favor of the improvement, and one opposed.

Your committee have come to the conclusion that it is the proper place for a street to be opened, and as the ordinance for the same was passed some five years ago, it only remains for your honorable body to instruct the City Attorney to take such proceedings as may be necessary to secure the land needed for the opening, and your committee therefore recommends that such a resolution be passed.

Respectfully submitted,

HENRY SHELTER,
JOSEPH H. FEE,
D. W. SELYE,
LEO J. HALL,
Special Committee.

Ordered, received, filed and published.

By Ald. Shelter—Whereas, No agreement for the purchase of lands necessary to be taken for the opening of a street from Jefferson avenue to Genesee street, as contemplated by final ordinance No. 2,847 can be made; therefore,

Resolved, That a copy of said ordinance, and of this resolution, together with a map of the proposed street be made and filed in the office of the city clerk, which map shall show thereon the lots, tracts and parcels of land which are deemed necessary to be taken, and the commencement, course and termination of said proposed street to be opened, according to the provisions of section 174 of the revised city charter, and that the city attorney be, and he hereby is, instructed to take and institute such proceedings, and publish and serve such notices, from time to time, as may be necessary to secure such street opening, as may be provided by said city charter. Adopted.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

ROCHESTER, January 22, 1891.

To the Honorable, the Common Council:

GENTLEMEN—I hereby disapprove of the resolution offered by Ald. Rauber refunding money paid into the city treasury for saloon licenses—to Theodore Leis, the sum of \$45.82; to W. H. Brewer, \$29.16; to Amelia Meek, \$41.66. This proceeding, I think, opens the door for a gross injustice to the city. Licenses are limited by the Excise Board to \$50 for saloons, and are accepted as a valuable consideration. It cannot be taken for granted, nor is it a part of the contract, that if the licensee desires he can return the license whenever he or she chooses, and get their money back, and has no equitable claim against the city. The system of refunding money to holders of unexpired licenses is vicious in principle according to good public policy. Many

instances can be imagined where the intent of the law could be defeated by persons taking out licenses with the express purpose of only availing themselves of rights thus granted for a week or a month, and then asking for a rebate. For these and other reasons I return this resolution without my approval.

WILLIAM CARROLL, Mayor.

Ald. Rauber moved that the communication from the Mayor be referred back to the committee on police and excise. Adopted.

Peter Sheridan, City Clerk:

At a regular meeting of the Board of Supervisors of Monroe county, held January 15, 1891, the following resolution was adopted:

“By Sup. Draper:

“Resolved, that the Common Council of the city of Rochester be, and is hereby, respectfully requested or petitioned to ordain that the carriage-ways (or streets between the curbstones) of Irving Place and Fitzhugh street, from Main street to the approach or ascent to the Erie canal bridge, be improved by paving the same with a suitable material for obviating the noise of stone pavements, and that the expense of such improvement be properly assessed upon the property or lands fronting on each side of said streets, where so improved as aforesaid.”

I hereby certify that the above is a true copy from the minutes of January 15, 1891.

Respectfully submitted,
 PETER SHERIDAN, City Clerk

Ordered received, filed and published.

Allegations were called for and after hearing all person appearing, Ald. Shelter presented the following:

By Ald. Shelter—Resolved, That the foregoing assessment rolls for street sprinkling during the season of 1890, reported by the City Clerk, be, and each of said rolls hereby is, in all things confirmed.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—16.

By Ald. McMillan—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—Micajah W. Jackson, on November 10, 1886, obtained a judgment in the Supreme Court against the city for \$488.12, damages and costs, and said judgment was, on January 26, 1891, affirmed, upon the decision of the Court of Appeals remitted to the Supreme Court, with \$146.27 costs.

He also, on September 6, 1886, recovered a judgment in the same court for \$50 damages and \$78.25 costs, and an injunction. That judgment was affirmed by the General Term on May 3, 1887, with \$74.58 costs, and on January 26, 1891, it was again affirmed by a judgment remitted from the Court of Appeals, with \$97.46 costs, but with leave to the city to apply to the Supreme Court for a further stay of the issuing of the injunction awarded by it, as might, under the circumstances of the case, seem to the court proper. The judgments for damages and costs should be paid, and I, therefore, recommend that such payment be made.

Hugh Kelly, on June 23, 1888, obtained a verdict in his action against the city in the Supreme Court, for fifteen dollars, which verdict was on August 7th, 1888, ordered to be set aside upon application of Mr. Kelly, upon the payment by him of the defendant's cost of trial. No order was entered granting said new trial until January 17th of this year. I think that the interests of the city will be promoted if I be directed to take an appeal from said order to the General Term of the Supreme Court.

Gustavus Griebel, in his action against the city, obtained an order from the Supreme Court directing the city to furnish a list of sewers and water connection privileges upon the lines of certain sewers in the eastern and northeastern part of the city, with ten dollars costs, on August 30th, 1889. That order was affirmed by the General Term upon appeal, on April 11, 1890, with \$17.20 costs, and the further appeal taken by the city to the Court of Appeals was dismissed by that court, and the costs thereafter duly adjusted at \$100.90. I would, therefore, duly recommend that said items of costs be paid, as no further appeal is permitted.

James H. Hooker, in an action in the Supreme Court against the city, on June 25th, 1889, obtained an order directing judgment to be entered in his favor for \$800.00 damages, costs and an injunction, with ten dollars costs of the motion, and on July 2d, 1890, judgment was entered in his favor for \$800.00 damages, \$149.51 costs and an injunction against the discharge of sewage into North avenue sewer. On September 26th, 1889, under the sanction of your honorable body, I took an appeal to the General Term, which, on January 23d, 1891, affirmed the same, with costs. The questions involved in the appeal are such that I feel justified in

recommending, as I do, that your honorable body advise a further appeal to the Court of Appeals.
 Respectfully yours,

CHARLES B. ERNST, City Attorney.

Ordered received, filed and published.

By Ald. McMillan—Resolved, That the City Attorney be, and he hereby is, directed to take appeals from the order granting a new trial in Hugh Kelly against the city, and the judgment and order of affirmance in James H. Hooker against the city, as above recommended by him, and that the remainder of his communication relative to the payment of certain costs and damages be, and the same hereby is, referred to the Law Committee for consideration and report. Adopted.

By Ald. Cleveland—

ROCHESTER, N. Y., Jan. 27, 1891.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—We represent the plaintiffs in seven actions brought against the city of Rochester to recover damages for sewage pollution by said city of streams crossing plaintiffs' several premises. In six actions brought by six of said plaintiffs the damages down to June, 1886, have been assessed by juries and paid by the city.

In view of the fact that no defense, except as to amount, exists, it seems to us unwise to put the county to the expense and the court to the annoyance of trying these actions if a fair and reasonable settlement can be agreed on. The trial of these actions would occupy, in the aggregate, not less than ten days. The expense to the city, as well as to the plaintiffs, of trying these actions, will, of course, be heavy. This expense can be saved to all parties if the amount of damages in these actions can be agreed upon.

We, therefore, respectfully suggest that the Appropriate Committee of your board be authorized to confer with us as to a settlement of these actions and with reference to the payment of the yearly damages to be sustained by the plaintiffs during the continuance of the pollution of said streams without further litigation.

Respectfully submitted,

BACON, BRIGGS, BECKLEY & BISSELL,

Attorneys for Edward Herbert and six other plaintiffs.

Ordered received, filed and published. Referred to the Law Committee.

MISCELLANEOUS BUSINESS.

By Ald. McMillan—Petition of heirs of J. Biden. Referred to the Assessment Committee.

By Ald. McMillan—Resolved, That the Committee on Charter Amendments be and they are hereby directed to report to this Council at its next meeting an amendment to the city charter providing for the appointment or election of a city auditor, and the creation of such a department for the city government. Adopted.

By Ald. Sullivan—

To the Common Council of the City of Rochester:

GENTLEMEN—The team owners of the city of Rochester, to the number of five hundred (500) or more pray the Common Council of the city of Rochester to grant the said teamsters of the city a license, whereby the said teamsters may be protected from farmers and other non-residents, of the city, from coming into the city and working teams to the exclusion of the city teams. The wish of the organization is as follows:

1st. That each team owner be granted a license for each team as follows:

For one team, three dollars (\$3.00) and two dollars (\$2.00), for each succeeding team.

That non-residents and others not members of the said organization coming into the city with teams to work, pay a license of fifty dollars (\$50.) per year for each team.

2d. That the size of wagon box be uniform, that a yard of stone, sand, dirt or gravel constitute a load, that the said box be larger than the yard box, so that the box level full contain a yard.

The city of Rochester pays out hundreds of dollars to remove the dirt and rubbish off the streets, the most of which drops off of the wagon overloaded, that is, heaped up over tops of box and is shaken off into the streets.

3d. That the said license be granted in the name of the Teamsters' Union of the city of Rochester, N. Y.

Referred to Charter Amendments and Penal Ordinance Committee to prepare an ordinance.

By Ald. Fee—Resolved That the Executive Board be and they hereby are requested not to let the contract for the improvement of Clinton park until the first regular meeting of the Common Council in March next. Adopted.

By Ald. Lempert—

CITY SURVEYOR'S OFFICE.
ROCHESTER, N. Y., Jan. 13th, 1891.

Chairman of Map and Survey Committee:

DEAR SIR:—John C. Ryan is entitled to the sum of (\$660.00) six hundred and sixty dollars for work completed under his contract for the survey of the first fourteen wards of the city. I recommend the payment of that amount.

Yours respectfully,
OSCAR H. PEACOCK, City Surveyor.

By Ald. Lempert—Resolved, That the City Clerk be, and hereby is, directed to draw an order on the City Treasurer for the sum of six hundred and sixty (\$660) dollars in favor of John C. Ryan as partial payment for work performed under his contract with the city of Rochester for the survey of the first fourteen wards of the city, and charge the same to the contingent fund.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Selye, Hall, Bierbrauer, Judson, Schroth, Kelly, Lewis—15.

By Ald. Lempert—Resolved, That that portion of the order or resolution directing assessments relative to the Clifton street asphalt improvement, found at page 413, current proceedings, and adopted and passed on January 13, 1891, be, and the same hereby is, in all things, reconsidered. Adopted.

By Ald. Lempert—Resolved, That that portion of a resolution relative to the Clifton street asphalt improvement, reconsidered at this meeting, be, and the same hereby is, in all things indefinitely postponed. Adopted.

By Ald. Lempert—Resolved, That that portion of the communication of the City Treasurer, found on page 415, current proceedings, relative to the Clifton street asphalt improvement, be, and the same hereby is, referred back to said treasurer to make a report as to the cost of said improvement, including interest, based upon a five payment roll. Adopted.

By Ald. Cleveland—Petition of Mary Ann Jeffrey. Referred to the Assessment Committee. Also a petition for the care and repair of East avenue from Alexander street to Goodman street. Referred to the City Surveyor to prepare an ordinance.

By Ald. Cleveland—

Whereas, It has been found that efforts of a large number of manufacturers in this city to prevent the discharge of smoke from their furnace chimneys have not been successful, notwithstanding that considerable outlays have lately been made in altering furnaces and applying devices for securing more thorough combustion of bituminous coal, also in attempting to use anthracite coal with reasonable advantage; and,

Whereas, The strict enforcement of section seventeen of the ordinance relating to nuisances, public peace and good order, etc., passed October 26, 1886, will, under existing circumstances inevitably cause great hardship to most of our manufacturers and will tend to bring about a removal of their shops to other communi-

ties, as well as to deter others from establishing new industries here; also

Whereas, It may be fairly anticipated that the persistent efforts of many skillful inventors and experimenters throughout the land to discover a practical method of burning cheap bituminous coal without giving rise to a nuisance from smoke, will soon lead to satisfactory results; therefore,

Resolved, That the operation of section 17 of said ordinance be, and the same is hereby suspended until January 1, 1892. Adopted.

By Ald. Seyle—

I hereby resign the Aldermanship of the Ninth ward, to take effect immediately.

D. W. SELYE.

On motion of Ald. Sullivan laid upon the table. By Ald. Schroth—Petition of E. Berman. Referred to the Wood Building Committee and Fire Marshal, with power to act.

By Ald. Kelly—Petition of the property owners in the town of Gates and Greece to be incorporated in the city of Rochester. Referred to the Committee on Charter Amendments.

By Ald. Kelly—Resolved, That the Treasurer be, and he hereby is, authorized and directed to place to the credit of Contingent Fund, the proceeds of the note or notes, when issued, under resolution of December 30th, 1890, and found at page 403 current proceedings.

in Common Council—JAN. 30, 1891.

SPECIAL MEETING.

Ald. Wm. H. Tracy, President of the Board, presiding.

Present—Ald. Tracy, Sullivan, McMillan, Rauber, Lempert, Cleveland, Sheiter, Schroth, Kelly—9.

Absent—Ald. Fee, Selye, Hall, Bierbrauer, Judson, Bohrer, Lewis—7.

By the Clerk—

ROCHESTER, January 29, 1891.

Peter Sheridan, City Clerk:

DEAR SIR—Please call a special meeting of the Common Council at the Common Council chamber, for Friday, January 30, 1891, at 7 p. m., for the purpose of considering the matter of an additional water supply.

WILLIAM CARROLL, Mayor.

Ordered received, filed and published.

By Ald. Cleveland—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN: Your committee on the matter of obtaining an additional water supply respectfully reports that after consulting with Engineer Fteley and obtaining his opinion on the several plans and estimates, in relation to the matter of an additional water supply, which have been presented to your honorable body, and after consulting with the city's Chief Engineer, Mr. Kitching, your committee is of the opinion that the sum of \$1,750,000 is the least sum for which the work of obtaining an additional water supply can fairly be undertaken.

For this sum, your committee is informed by the city's Chief Engineer, the city can obtain an additional ultimate supply of 15,000,000 gallons of water per day and can take as the source either Conesus or Hemlock lake.

As to which source the city should take, your committee feels that it is not expedient at the present time to determine. Your committee believes that for the present and immediate future it is unnecessary to construct an additional distributing reservoir.

In conclusion your committee recommends that an enabling act authorizing the city to bond itself for the sum of \$1,750,000 be prepared and presented to our honorable Senator and Assembly-

men with the request that they urge its speedy passage.

Respectfully submitted,

S. D. W. CLEVELAND,
J. MILLER KELLY,
WM. H. SULLIVAN,
T. MC MITTAN
Committee.

Ordered, received, filed and published.

By Ald. Cleveland—Resolved, That the Honorable Senator and Member of Assembly from this district be, and they hereby are, severally respectfully requested to urge the speedy passage in both houses of the Legislature of the following bill:

AN ACT to authorize the city of Rochester to use the waters of Conesus Lake for an additional water supply.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Executive Board of the city of Rochester is hereby authorized and empowered for and on behalf of the city of Rochester to enter upon, take, control and use the waters of Conesus lake, situate in the county of Livingston, and to conduct the same from said lake to said city for the purpose of supplying said city and its inhabitants with an additional water supply. The said Executive Board is also authorized and empowered to raise the surface of the water in said lake not to exceed two feet above high water mark and to draw down said water below low water mark not to exceed eight feet. Said board shall also have the right to take such measures and make such constructions as shall be necessary to secure said waters for the purposes intended, and to protect the same from improper obstructions or pollution from any cause; also to do and perform all acts and things necessary or proper to enable said city to acquire, store and obtain the waters from said lake in accordance with the provisions of this act; all of above powers hereby granted to be exercised with due regard to the rights of owners of property adjacent to said lake or dependent thereon. And the city of Rochester shall be liable to pay to such owners any and all damages which may be caused to said property by the performance of said act or the exercise of the power hereby granted.

§ 2. This act shall take effect immediately.

By Ald. Cleveland—Resolved, That the representatives in the State Legislature from this district be, and they hereby are, respectfully requested to cause the following bill to be introduced and printed, and to have a number of printed copies thereof sent to the clerk, for action thereon, by the Common Council, at its next meeting. Adopted.

Ordered received, filed and published.

AN ACT to authorize the issue of bonds of the City of Rochester to pay for an additional water supply.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. The city of Rochester is hereby authorized to borrow money for the purpose, to the amount, and in the manner, hereinafter stated; and the Common Council of the City of Rochester may, from time to time hereafter, for the purpose of furnishing an additional water supply for the city of Rochester, and its inhabitants, by a three-fourths vote of the members of said Common Council, authorize the city treasurer to issue the bonds of said city, to an amount, not exceeding, in the aggregate, the sum of one million and seven hundred and fifty thousand dollars, (\$1,750,000), running for a period not exceeding fifty years, and bearing a rate of interest not exceeding three per centum per annum, payable at such place as the Common Council shall designate. Said bonds, when issued, shall be signed by the Treasurer, sealed with the corporate seal of the city, countersigned by the Mayor and the President of the Common Council, and may be either

coupon or registered bonds, and shall be redeemable at any time after ten years from the issue thereof. A complete record shall be made and kept by the said Treasurer of said bonds, including the dates, amounts, and the dates of maturity thereof, and to whom issued, if registered, respectively. The proceeds of said bonds shall be applied to the payment of the cost of procuring said additional water supply.

§ 2. The bonds of the city of Rochester, which shall be issued by virtue of this act, shall be sold from time to time, as authorized by the city Treasurer, at public sale to the highest bidder, after ten days' notice, published in the official papers of said city, and in a newspaper in the city of New York, but shall not be sold at less than par.

§ 3. The several savings banks within the city of Rochester and the Rochester Trust and Safe Deposit Company are hereby authorized to receive and keep on deposit any moneys raised by the sale or for the payment of said bonds, and to pay on such deposit the same rate of interest paid or allowed by such bank or banks upon deposits of less than one thousand dollars in amount, and to compound the same, as in cases of deposits of such amount received from individuals by said banks during the time of such deposit respectively.

§ 4. In any year, in which, by the provisions of this act, any portion of the principal of the bonds herein authorized, shall be subject to redemption, it shall be the duty of the city treasurer to give notice, in one or more of the newspapers of the city of Rochester, during the first ten days of July, stating the amount of such bonds to be redeemed at par, and accrued interest, and inviting tenders thereof from the holders of such bonds, and from the tenders, so received, if any, to select bonds to an amount not exceeding the amount required for redemption, and to give the holders thereof notice that the same will be paid, at such place as he shall designate, on or before the first day of September then next. In case the amount so tendered, shall be less than the amount so required for redemption, it shall be the duty of the said treasurer, between the fifteenth and twentieth days of any such July, to draw, by lot, from the bonds outstanding, the number required to supply any such deficiency, or in case no tender shall have been received, the whole number so required for redemption, and for this purpose, each one thousand dollars of bonds, so issued, whether registered or coupon, shall be numbered consecutively in the order of issue, and, as to the bonds so drawn, the said treasurer shall, at once, give public notice, in one or more of the newspapers published in the city of Rochester, of the fact that such bonds, stating the numbers, have been drawn for redemption and that the same will be paid, with accrued interest, at such place as he shall designate, on or before the first day of August, then next; and, as to all such bonds, so tendered or drawn, and in respect to which the money required for their redemption shall be provided and kept ready for payment, from and after the several times, so limited for redemption and payment, interest shall cease.

§ 5. This act shall take effect immediately.

Adopted by the following vote

Ayes—Ald. Tracy, Sullivan, McMillan, Rauber, Lempert, Cleveland, Shelter, Schroth, Kelly—9.

Ald. Tracy moved that the board proceed to appoint Inspector of Election for the third district, First ward. Adopted.

Ald. Tracy, nominated Martin O' Haire, who was named by

Ald. Tracy, Sullivan, McMillan, Rauber, Lempert, Cleveland, Shelter, Schroth, Kelly—9.

Martin O' Haire having received the requisite number of votes was declared appointed.

By Ald. McMillan—

To the Common Council of the City of Rochester:

GENTLEMEN—On June 29, 1888, our clients, Geo. A. Weihs and Abraham Farmen, recovered judgments against the city for \$428.75 and costs and \$175 and costs, respectively, for damages to their premises in Brighton by reason of sewage pollution of Thomas creek, and each has another action now

pending for the same cause, and also contemplate bringing actions for damages sustained since the commencement of the actions now pending.

With a view to a settlement without further litigation, we are authorized to submit the following proposition, viz: The city to pay the costs of the actions now pending, and \$75 per year to Weihs and \$60 per year to Farmen until the sewage is diverted from said stream.

Dated at Rochester, N. Y., January 19, 1891.

Respectfully yours,

TURK & BARNUM,
Attorneys for Weihs and Farmen.

Referred to the Law Committee.

By Ald. McMillan—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—I hereby agree to accept the sum of six hundred dollars (\$600) in full of all damages which I have sustained during the past six years and up to the date hereof by reason of the pollution by the North avenue sewer of the creek sometimes called Hobbie creek. My premises have about one hundred rods creek frontage on each side, and are situated adjoining the Hooker farm on the west and the Hobbie farm on the east, and are affected by the pollution of said creek in like manner as those two farms.

I would ask you to refer to the evidence in the litigation between the owners of the Hobbie farm and the city; also between the owner of the Hooker farm and the city for particulars as to the damages which I have sustained.

I will leave this proposition open a reasonable time for your acceptance. JOHNATHAN BUTTS.

Dated, January 27, 1891.

Referred to the Law Committee.

Ald. Shelter moved that the Board proceed to appoint inspectors of election and nominated Peter F. Hargather for the Sixth district, Eleventh ward and Charles Greenauer Fifth district, Eleventh ward, who were named by Ald. Tracy, Sullivan, McMillan, Rauber, Lempert, Cleveland, Shelter, Schroth, Kelly—9.

Peter F. Hargather and Charles Greenauer, having received the requisite number of votes were declared duly appointed inspectors of elections.

On motion on Ald. Rauber the board adjourned until 11:30 o'clock Saturday morning, January 31st, 1891.

PETER SHERIDAN, City Clerk.

In Common Council, Jan. 31, 1891.

ADJOURNED SPECIAL MEETING.

Ald. Wm. H. Tracy, president of the Board, presiding.

Present—Ald. Tracy, Sullivan, McMillan, Fee, Lempert, Cleveland, Shelter, Bierbrauer, Judson, Bohrer, Kelly, Lewis—12.

Absent—Ald. Rauber, Selye, Hall, Schroth—4.

By Ald. Kelly—

To the Honorable, the Common Council:

GENTLEMEN—The finance budget passed at your last meeting, amounting to \$95,000, and the finance budget of the Board of Education, payable February 10, 1891, amounts to \$35,000.

There are notes on time orders, made by the Executive Board and given for improvements made, now due, amounting to \$22,000, and also the semi-annual interest, payable February 1, 1891, on Rochester, Nunda & Pennsylvania railroad, and Rochester & State Line railroad, loans amounting to \$26,500 will become due and payable before your next regular meeting.

These respective sums aggregate the sum of \$178,500. There is cash on hand in the city treasury amounting to \$100,000.

I therefore respectfully ask that I be authorized to have discounted the city's note to the amount of \$100,000, so as to provide for the aforesaid, and to have on hand sufficient cash with which to pay the same.

V. FLECKENSTEIN, Treasurer.

Ordered received, filed and published.

By Ald. Kelly—Resolved, That the City Treasurer be, and he is hereby authorized and directed to issue, as necessary, the city's notes for the aggregate sum of \$100,000 under the authority of section 81 of the city charter; said notes to be discounted under the direction of the Finance Committee and to be countersigned by its chairman and the discount thereon be charged to the contingent fund.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Lempert, Cleveland, Shelter, Bierbrauer, Judson, Bo rer, Kelly, Lewis—12.

By Ald. McMillan—Resolved, That the City Property Committee be, and they are hereby directed, to investigate the cause of the stoppage of Plymouth Church clock and make such arrangements for repairs thereto as may be deemed necessary. Adopted.

On motion of Ald. Kelly, the Board then adjourned.
PETER SHERIDAN, City Clerk.

In Common Council—Feb. 10, 1891.

By Ald. McMillan—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN: Your Law Committee begs leave to recommend the payment of the judgment of John Stape against the city, recovered in the County Court on November 26th, 1890, for \$377.85 damages and \$96.31 costs, which judgment was obtained upon a verdict rendered against the city for injuries sustained by his horse, wagon and harness coming in contact with a pile of stones on Lake avenue, near Ambrose street. An appeal was taken by the city for a new trial in said County Court, which was had, but your committee is of the opinion that no benefit will be derived by the continuation of the litigation, except, that in view of the fact that Mr. Stape's son, Edward J. Stape, has an action against the city in the Municipal Court growing out of the same accident, the payment of said John Stape judgment should be made dependent upon said Edward J. Stape executing a release of his cause of action, or pretended cause of action, growing out of said accident.

T. McMILLAN,
 S. D. W. CLEVELAND,
 J. MILLER KELLY,
 Law Committee.

By Ald. McMillan—Resolved, That, upon the certificate of the City Attorney that proper release and satisfaction pieces duly acknowledged for recording has been filed with him, that the City Clerk be and he hereby is directed to draw an order upon the Treasurer, payable from the Contingent Fund, in favor of Ivan Powers, Esq., at-

torney for John Stape, for the sum of four hundred and seventy-four dollars and sixteen cents, and interest thereon from November 26, 1890, to the date of drawing said order, which shall be in full of said Stape judgment, and said Edward J. Stape claim, and the City Attorney is hereby directed to sue for reimbursement of said amount any and every person liable therefor.

Adoted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Hall, Bierbrauer, Judson, Bohrer, Kelly, Lewis—14.
 By the Clerk—

To the Finance Committee of the Common Council:

GENTLEMEN—I have carefully examined the City Treasurer's books in all departments of the city's business for the past month (January, 1891,) and find that all the receipts have been accurately entered to their several accounts, and that every dollar of said receipts or other funds has been disbursed or disposed of in strict accordance with law as embodied in the charter or in instructions duly authorized by resolution of the council, and that the balances on hand or on deposit are in amount the exact sums called for by the ledger balances as they stood on Monday morning, 2nd inst., as determined by a counting of the cash and a comparison of accounts with the banks. These balances are as follows: Cash on hand, \$13,891.72; on deposit in Central Bank, \$24,747.30; Traders' National Bank, \$8,072.28; German American Bank, \$11,239.42.

I may add also that this month for the second or third time during the year I have caused a ledger trial balance to be struck off, and after a careful examination of the same in detail the accuracy of the bookkeeping department was established by the showing of a perfect balance, but not to dwell on particulars I may briefly say that my monthly examinations of the treasurer's office have been in all respects complete, and there can be no doubt as to the fidelity with which its duties have been performed or that its trusts have been faithfully guarded and justly executed. Respectfully submitted, February 10, 1891. JOHN BOWER.

On motion of Ald. Kelly the report was ordered received, filed and published.

OFFICE OF THE EXECUTIVE BOARD,
 ROCHESTER, Feb. 5, 1891.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—The city of Rochester sold to Buel D. Woodruff of the town of Livonia, N. Y., in the year 1886, the mill property at Hemlock lake village which had been purchased by the city to secure and protect certain water privileges.

The property was sold to Mr. Woodruff for \$7,000, a mortgage for which was given and the sum of \$3,000 was paid January 1, 1887, and the balance (\$4,000) was made payable in annual installments of \$1,000 each.

The last payment on this mortgage has now been

made and your honorable body is hereby requested to authorize and direct the mayor of the city to execute a proper discharge of said mortgage which bears date of January 1, 1886, and is recorded in the office of the clerk of Livingston county in liber 79, of mortgages at page 193

Respectfully, THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Hall—Resolved, That the mayor be and he is authorized to execute a discharge of the mortgage given by Buell D. Woodruff to the city of Rochester to secure the payment of the sum of \$7,000, which mortgage is dated January 1, 1886, and is recorded in the office of the clerk of Livingston county in liber 79 of mortgages at page 193. Adopted.

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, Feb. 10, 1891

To the Common Council.

GENTLEMEN—I am instructed by the Executive Board to inform you that the appropriation made in the tax levy for the year ending on the first Monday of April next is practically exhausted; and that it will be necessary for your honorable body to raise at least fifteen thousand (\$15,000) dollars, as provided by section eighty-one of the city charter, for the payment of labor and the necessary expenses which will be incurred for the ensuing eight weeks in the removal of ashes and rubbish, and usual spring cleaning of streets.

Respectfully, THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Kelly—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to execute the city's note in the sum of five thousand dollars, the proceeds thereof to be applied to supply deficiency in the Highway Fund, as authorized by section 81 of the city charter; said note to be discounted under the direction of the Finance Committee, and to be countersigned by its chair man, and the discount thereon to be charged to the Contingent Fund.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lemper, Cleveland Shelter, Hall, Bierbrauer, Judson, Bohrer, Kelly, Lewis—14.

By the Clerk—

To the Common Council:

GENTLEMEN—I hereby certify that the following was adopted at a regular meeting of the Board of Education, all voting in the affirmative.

S. A. ELLIS, Clerk.

Com. Noyes calling Com. Webster to the chair, offered the following:

Resolved, That this Board requests the Common Council to favor the passage of charter amendments creating and continuing the office of Superintendent of Buildings, (so far at least as may relate to school buildings); the selection of a city auditor and a purchasing department, and that section 1.6 of the present city charter be amended so as to read as follows:

Section 126—The commissioners of common schools in said city shall constitute a board to be called "the Board of Education of the city of Rochester," which shall be a corporate body in relation to all the powers and duties conferred upon them by virtue of this act. They shall meet on the first Monday of each and every month and as much oftener as they shall, from time to time appoint, and a majority of said board shall constitute a quorum for the transaction of business. The said board shall elect one of their number president, who shall, when present, preside at all meetings of said board and shall have power to call special meetings of the board in the manner prescribed by this act for the calling of special meetings of the common council. In the absence of the president, the board shall appoint some other member to preside at such meetings and perform the duties of president. No member of said board of education shall, during the period he holds said office, be appointed to or be competent to hold any office of which the elements are paid from the city treasury by any

act or ordinance of the board of education, or be directly or indirectly interested in any contract as principal, surety or otherwise, or the furnishing of any materials or supplies for the city of Rochester, directly or by another person, the expenses or consideration whereof, are to be paid under any order, ordinance or resolution of the Board of Education. No member of said Board shall vote for the payment of any such bill of materials or supplies after notice that any member of said Board is interested therein, or in payment thereof. Any violation of this section shall be deemed a misdemeanor and punishable as such.

Also that section 129 of the charter be so amended as to provide for the raising of a sum of money not exceeding \$2,000 annually for library purposes.

On motion of Com. Durand, the resolution was adopted, all ayes.

Referred to the Committee on Charter Amendments.

Ordinance No. 4,191, Flint street pipe sewer. The expense is \$691.76.

Ordinance No. 4,18, Sterling street pipe sewer. The expense is \$1,500.

And it is further determined that the taxpayers to be assessed for making the foregoing improvements must pay their assessments within thirty days from the first publication of the advertisement of the notice of the Assessment Roll by the City Treasurer.

And it is further determined that the taxpayers to be assessed for making the following improvements, viz.:

Ordinance No. 4,032—Emerson and Sherman streets sewer. The expense is \$6,814.69.

Ordinance No. 4,125—Fulton avenue brick improvement. The expense is \$37,223.20.

May pay their assessment in three equal payments, as follows:

One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-third within one year from the confirmation of said roll; and the remaining one-third within two years from the confirmation of said roll. On all sums paid prior to the maturity of said last installment, a discount will be allowed at the rate of 6 per cent. per annum.

And the Assessors of said city, if they are not interested in any of the property within the part or portion of the city deemed to be benefited, and directed to be assessed, as aforesaid, or if any two of said assessors are not so interested, then such two, are hereby directed to make assessments upon all the lots and parcels of land within the portions or parts of the city above designated and directed to be assessed, of the amounts of expenses of such improvements, respectively, in proportion, as nearly as may be, to the advantage which the said lots and parcels of land within the respective territories to be thus assessed for such improvements shall be deemed to receive by the making of the respective improvements.

REPORTS OF SELECT COMMITTEES.

By Ald. Kelly—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN: Your Special Committee, appointed to consider the matter of the proposed amend-

ment to the charter extending the city boundaries, so as to take in lands purchased by the city for public park purposes, and, also, certain lands needed for the East side trunk sewer, respectfully recommends that the said bill be amended so as to continue the present westerly line of the city, as it now is, with the exception of a small piece of land of about eighty-five acres, known as the "Gardiner Farm," now owned by John F. Alden and Henry C. Brewster, which your committee thinks should be taken into the city.

Your committee would further recommend the extension of the city, as proposed by said bill, north, northeast and east of said city, with the exception of a piece or part of the land proposed to be taken by said bill on the northeast of the city, which, in the opinion of your committee, would not be benefited by the East side trunk sewer, and, therefore, should not be taken into the city.

With these changes your committee would recommend a resolution of the Common Council requesting the honorable Senator and Member of Assembly from this district to urge the speedy passage of the proposed bill, as amended.

Respectfully submitted,

J. MILLER KELLY,
MERTON E. LEWIS,
Special Committee.

Ordered received, filed and published.

By Aid. Kelly—

Resolved That the proposed bill to extend the city boundaries be amended by changing the westerly boundary of the city, as laid out by said bill, and making the same correspond to the present westerly boundary of the city, except in so far as may be necessary to take into and include within the city limits a piece or parcel of land of about eighty-five acres, known as the "Gardiner farm," now owned by John F. Alden and Henry C. Brewster, and by changing the northeasterly boundary of said city so as to exclude the lands of W. S. Little lying easterly of the Waring road and further.

Resolved, That the Honorable Senator and Member of Assembly from this district be, and they hereby are, respectfully requested to urge the speedy passage of said bill.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Sheiter, Hall, Bierbrauer, Judson, Schroth, Kelly, Lewis—14.

By Aid. Kelly—

To the Honorable, the Common Council of the city of Rochester:

GENTLEMEN:—Your special committee appointed in reference to the act now before the Legislature, known as Senate bill No. 22, for the construction of a sewer, etc., in the Ninth and Fifteenth wards of the city of Rochester, and in the towns of Greece and Chili, in the county of Monroe, respectfully report:

That, in order to overcome the objections of the executive, referred to by Senator McLaughlin in his recent letter, your committee is of the opinion that section one of said act, instead of naming the commissioners, should provide that, upon the application of the city attorney, the county court be authorized to appoint three persons as such commissioners, one of whom shall be an attorney at law.

That section three be added to by providing that whenever the judge or justice mentioned in said section shall require the treasurer's bond to be guaranteed by a duly incorporated guaranty company, the reasonable cost and expense thereof, approved by the judge or justice approving the bond, shall be added to, and paid as an expense of said commission, and that said judge or justice shall have the right to require such guaranty by such company.

That section four be amended by striking out the word "surveyor," and after the word "engineer" to insert the words, "and with such assistance as shall, at any time, be deemed necessary by said commissioners."

That section five, between the word "office," on

line 10, and "and such map" on line 14, be stricken therefrom, and the following be inserted in place thereof: "and all lands and easements or rights of way in, through or over the same, acquired under the terms of this act, shall be deemed, and are hereby declared to be, taken for public use, and for the benefit of the public health."

That section six be amended by inserting after the word "aforesaid," on line six, "or any right or easement therein," and by striking out on line eight all after the words "for the," all of lines nine and ten, and all of line eleven, to and including the words "hereinafter provided," and inserting in place thereof the following: "acquisition of such titles, easements or rights of way."

That section seven be amended by adding at the end thereof the following: "And for the purpose of paying for such lands, easements, rights of way, work, materials, or other expenses, the said commissioners are hereby authorized to issue and sell, at not less than par, so much of said certificates of indebtedness as shall be necessary to pay the same."

That after the words "so made shall," on line twenty of section eight, there be inserted the following: "From the time of the filing of the roll with said county clerk be and remain a lien and charge upon and against the land against which it is made until fully paid, and shall also."

That line six of section 11 be amended by inserting the word "two" in place of "one"

and that there be added to said section 11 a provision that "if at any such sale no bid to the amount of the assessment thereof, and expenses of sale shall be made for any such parcel of land, the same shall be struck off to said commissioner as such, and they shall make a memorandum of the fact that the land was so struck off in a book to be kept for that purpose, and whenever any such lands have been struck off to such commissioners, the said commissioners shall acquire an absolute title to such lands in fee, and clear or claim or demand of any owner thereof, or any person having any lien thereon, or any interest therein, except the county of Monroe and the city of Rochester, for any unpaid tax or assessment, but the equity of redemption of such lands shall be barred only by an action to be brought by said commissioners, as such, making all persons having any lien or interest in said lands parties defendant thereto, which action shall be begun in the Supreme Court, laying the place of trial in the county of Monroe, or in the County Court of Monroe county, which court is hereby given jurisdiction thereof, and in which action the same proceedings shall be had, as nearly as may be, as on the foreclosure of mortgages, and judgment of strict foreclosure or of foreclosure and sale, may be had thereon, as the court may direct, and when an action commenced under this section has been settled and said assessment been paid, an order may be made and entered in the Monroe County Clerk's office directing the said clerk to make a suitable and proper entry upon the original record thereof in his office and upon such record being so made the premises mentioned therein shall be discharged of such tax or assessment lien.

That there be added to section 18 the following: "No commissioner shall be directly, or indirectly interested, in any contract, as principal, surety or otherwise, except as one of the commissioners to said contract, where the expenses or considerations thereof are to be paid under any of the provisions of this act, but this shall not affect the right to any fee or emolument belonging to said office of commissioner, as is provided by this act.

That there be stricken from lines six and seven the following: "Supreme Court, at any special term thereof held in said county," and that there be inserted instead thereof the words "Monroe County Court."

Your committee would further recommend that in section one of said act the county court be given the power to remove any of said commissioners at any time, for good cause, after an opportunity shall have been afforded by said court to said commissioner or commissioners to answer to the same.

Your committee would further recommend that there be added a provision to said act that the sewer, drains and ditches thereto, after their completion, and said commissioner cease to act, shall, as to the portion within the limits of the city of Rochester, be under the charge of the Executive Board of said city, or its successor, or in the towns, under the charge of the supervisor and commissioner of high ways thereof. Also that said act be amended so that the territory to be assessed shall be confined to that part of the towns of Chili and Gates, and the 9th and 15th wards of the city, that may be benefited by said sewer.

All of which is respectfully submitted,
 J. MILLER KELLY,
 W. M. H. TRACY,
 Special Committee.

Ordered received, filed and published.
 By Ald. Kelly—Resolved, That the city attorney prepare amendments to the afor-said sewer act now before the Legislature for passage in accordance with the foregoing recommendations, and send the same to the honorable senator and member of Assembly from this district, who are respectively requested to have such amendments incorporated, in said bill, and to have said bill, as thus amended, become a law, as speedily as possible.

Adopted by the following vote:
 Ayes—Ald. Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shetter, Hall, Bierbrauer, Judson, Bohrer, Kelly, Lewis—13.

 OFFICE OF THE EXECUTIVE BOARD,
 ROCHESTER, N. Y., Jan. 14, 1891.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—We hereby certify that a majority of the taxpayers on the following named streets and parts of streets in the Fifteenth and Sixteenth wards of this city have petitioned for the extension of water mains thereon, in accordance with section 5 of the city charter, and the taxable property and residents on said streets and parts of streets have therefore become jointly liable on their assessments on said territory with the old territory of said city for such portion of the water debt as now remains unpaid:

ACTION ON ORDINANCES.
FIRST ORDINANCES.

RIVERSIDE AVENUE MACADAM IMPROVEMENT.
 By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Riverside avenue.
 Adopted.

The Surveyor submitted as such estimate, \$13,000.
 By Ald. Shelter—Resolved, That the following improvement is necessary, viz.:
 The improvement of Riverside avenue, from Lake avenue to a point near the top of the west high bank of the Genesee river, by constructing a macadam pavement therein, with a line of Medina stone curb and gutters on each side thereof, properly connected with all streets, alleys and driveways. Width of main roadway between curbs to be 30 feet. Also the construction of the necessary crosswalks, crosswalk extensions, surface sewers, manholes, lot laterals, water and gas services. Also the construction of a Portland cement walk 5 feet in width on each side of the street, between the limits mentioned.

And Whereas, the City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$13,000, which estimate is hereby approved.

Resolved, further, that the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side Riverside avenue, from Lake avenue to the top of the west high bank of the Genesee river, in proportion to the benefit which each will derive therefrom.

Adopted.

EAST PLATT STREET IMPROVEMENT.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving East Platt street.

Adopted.

The Surveyor submitted as such estimate, \$6,500.
 By Ald. Shelter—Resolved, That the following improvement is necessary, viz.:

The improvement of East Platt street from the east end of Platt street bridge to North St. Paul street, by constructing a Medina stone pavement therein, with a line of Medina stone curb and flagstone gutter on each side thereof, properly connected with all lateral streets, alleys and driveways. Width of main roadway between curb lines to be 30 feet, except where necessary to decrease said width to properly connect with the end of the bridge. Also the construction of all necessary crosswalks, crosswalk extensions, surface sewers, manholes, lot lateral sewers, water and gas services, and a Medina stone flag walk 5 feet in width, in one course, on each side of the street between the limits mentioned, except where considered necessary to construct crosswalks. That portion of the street crossed by the railroad tracks to be properly planked for a width equal to the length of the railroad ties.

And, Whereas, the City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$6,500, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of East Platt street from the east end of Platt street bridge to North St. Paul street, in propor-

tion to the benefit which each will derive therefrom.

Adopted.

CAROLINE STREET SEWER

By Ald. Judson—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Caroline street and through private lands to the sewer in Henrietta avenue.

Adopted.

The Surveyor submitted as such estimate, \$1,500. By Ald. Judson—Resolved, That the following improvement is necessary, viz.:

The construction of a vitrified pipe sewer 12 inches in diameter in Caroline street, from a point 63 feet easterly from Pinnacle avenue, to a point near the easterly end of said Caroline street, thence easterly to and across private lands supposed to be owned by Henry Almeroth and August Pappert, on a line parallel with and about 22 feet northerly from the south line of the lands proposed to be crossed by said sewer, and in said line continued easterly to the center of what is now known as Pappert park or Pappert place, thence northerly in said Pappert park or place to the sewer in Henrietta avenue. Also the construction of the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations. Also the requirement of the necessary easements in and rights of way through the lands heretofore mentioned, and supposed to be owned respectively by Henry Almeroth and August Pappert.

And Whereas, the City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$1,500 which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Caroline street from the easterly end thereof to Pinnacle avenue in proportion to the benefit which each will derive therefrom.

Adopted.

CALEDONIA AVENUE PIPE SEWER.

By Ald. Judson—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Caledonia avenue.

Adopted.

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to-wit:

The sweeping, cleaning and disposition of the dirt collected on Lake avenue, from Vincent place to Driving Park avenue, during the season of 1891.

And the City Surveyor, under the direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$1,300 which, being deemed reasonable, is hereby approved; and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Lake avenue, from Vincent Place to Driving Park avenue, in proportion to the benefit which each will derive therefrom.

Adopted by the following vote:

Ayes—Ald. Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—14.

On motion of Ald. Lewis action on the final ordinance for Pennsylvania avenue cement walks was further postponed four weeks.

EXECUTIVE BUSINESS.

By Ald. Fee—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN: I must insist that my resignation of the office of alderman of the Ninth ward, which I had the honor to tender to your honorable body several weeks ago, be immediately accepted for the following reasons, to wit:

There are eight election districts in the Ninth ward, each of which, in case of a special election, would have to be manned by five inspectors and two clerks. Their fees, together with renting polling places, the printing of tickets and posting of notices, would cost in the neighborhood of from \$1,000 to \$1,200. I do not feel that I have the right to saddle this expense upon the city at large in the event of my election as a member of the Executive Board. To remain in your honorable body under such circumstances would be inconsistent with my five years' record as alderman of the Ninth ward.

I hereby tender my gratitude to the people of the Ninth ward for having reposed in me their

confidence at three successive elections—an honor which the ward has hitherto never conferred on any man. I hope I have served my ward and the city at large, in my official capacity, in a manner befitting the splendid constituency which for five years I have represented, and in accordance with the spirit of the times and the glory and welfare of my fellow-citizens.

In conclusion I express my sincere regret that I am compelled to part from my colleagues, both Democrats and Republicans, at whose hands I have received, at all times, the utmost consideration.

Yours respectfully,

DE VILLO W. SELYE.

Ordered received, filed and published.

By Ald. Fee—Resolved, That the resignation of DeVilvo W Selye as alderman of the Ninth ward be, and the same hereby is, approved and accepted. Adopted.

Ald. Lewis moved to proceed to appoint Inspectors of Election. Adopted.

Frank S. Kloter for the Twelfth district of the Sixteenth ward was named by Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Hall, Bierbrauer, Judson, Bohrer, Kelly, Lewis—14.

Frank S. Kloter was declared appointed.

Ald. Lewis moved to proceed to the appointment of Commissioners of Deeds, and that the Clerk cast the ballot of the Common Council.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Bierbrauer, Judson, Bohrer, Kelly, Lewis—14.

Anna S. Emly, Martin Schimer, William T. Russell, Bernard Lempert, John Van Rensselaer, Hugh Nevin, Richard J. Decker, Geo. W. Colburn and Bernhard Lempert were named by

Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Hall, Bierbrauer, Judson, Bohrer, Kelly, Lewis—14.

And were declared appointed.

MISCELLANEOUS BUSINESS.

By Ald. Sullivan—Petition of James J. Denis; also, a remonstrance. Referred to the Wood Building Committee and Fire Marshal with power to act.

By Ald. Fee—Resolved, That St. Patrick's and St. Mary's Orphan Asylums be granted the use of the City Hall on the evening of March 17th for the purpose of giving a concert. Adopted.

By Ald. Rauber—Resolved, that the Brush Electric Light Company be and hereby is directed to place the light at the corner of Harris avenue and Avenue B upon a crane, under direction of the city surveyor. Adopted.

By Ald. Cleveland—Resolved, That section two of the proposed act to authorize the issue of the bonds of the city of Rochester to pay for an additional water supply, now before the Legislature for passage, is amended, so as to read as follows:

Section 2. The bonds of the city of Rochester issued by virtue of this act, shall besold, from time to time, as the City Treasurer shall be authorized, as herein before provided, at public sale, to the highest bidder, after ten days' notice, published in at least the official paper of the city, and one or more newspapers published in the city of New York, but said bonds shall not be sold, at any time, at less than par, and, that said bill be further amended by striking section four thereof from the bill, and that section five be amended by making it section four, and that the provision for redemption in section one of said act be twenty years instead of ten years.

Adopted by the following vote:

Ald. Tracy, McMillan, Rauber, Lempert, Cleveland, Shelter, Hall, Bierbrauer, Judson, Bohrer, Kelly, Lewis.—12.

Ald. Kelly moved that the act, as amended, be laid on the table, and the Committee on Water Supply be directed to confer with the Senator and Members of Assembly and such financiers as they may elect as to the perfection of the act, and report as soon as possible. Adopted.

By Ald. Lempert—

CITY SURVEYOR'S OFFICE,
ROCHESTER, N. Y., Feb. 10, 1891.

To the Honorable the Common Council:

GENTLEMEN—At a special term of the Supreme Court, held at the Court House in the city of Rochester on the 28th day of August, 1889, Hon. William Rumsey presiding, in the case of Gustavus Griebel against the City of Rochester, it was ordered as follows: That within twenty days after the service of a copy of this order upon the defendant's attorney, the said defendant furnish and deliver to the attorney of the plaintiff herein a statement, duly verified by the City Surveyor of the defendant, or by a competent employee in the office of said City Surveyor, making the same, which statement shall show the length, date of construction (where the records in said office show the same), location and size of the Upton park outlet sewer, Court and William streets outlet sewer and the North avenue outlet sewer, and of each sewer connected with or emptying into either of said outlet sewers, specifying which outlet the same discharges into or through, and also accurately, or approximately, the drainage area of said outlet sewers above named. It is further ordered that said statements shall include the Goodman street outlet and extension.

At a General Term of the Supreme Court of the State of New York, in and for the Fifth Judicial Department held at the Court House in the city of Rochester, Monroe county, on the 25th day of March, 1890, the above order was affirmed. In Court of Appeals said order was also affirmed.

I am informed by the City Attorney that there is nothing left for me to do at this time but obey the mandate of the courts. This necessarily involves the examination and division of a great many records now on file in this department, a work I am not prepared at the present time to perform except by sacrificing other work that I consider of greater importance to the city. That this work may be performed, however, without interruption of work now in progress and in preparation for lettings early in the ensuing spring, I respectfully request the appointment of an additional clerk in this department for a space of time not exceeding two months. I herewith present notice of demand made by plaintiff's attorneys, Messrs. Hubbell & McGuire. Respectfully,

OSCAR H. PEACOCK, City Surveyor.

SUPREME COURT, Monroe County.—Gustavus Griebel vs. the City of Rochester.

DEAR SIR—You will please take notice that we demand of you the immediate compliance of with the order of the Special Term of August 28th, 1889, in the case of Gustavus Griebel against the City of Rochester, by delivering to us the duly verified statements as required by the said order, and if the same is not delivered prior to the time when this cause is reached upon the present Circuit calendar we shall make a motion to punish the persons and officers described in said order for contempt of court. The cause is number 51 upon the present calendar and we expect to try the case when reached.

Please give this matter your immediate attention, otherwise we shall obtain an order to show cause. Very respectfully,

HUBBELL & MCGUIRE, Plaintiff's Attorneys.
Dated February 5, 1891.

To Oscar H. Peacock, Esq., City Surveyor, 16 City Hall.

By Ald. Lempert—Resolved, That the City Surveyor be, and hereby is authorized to appoint a clerk in the office of the City Surveyor for a period of two months at a salary not exceeding sixty dollars per month, to be paid from the contingent fund.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Bierbrauer, Judson, Bohrer, Kelly, Lewis—12.

By Ald. Judson—Resolved, That the Executive Board be, and it hereby is directed to negotiate for the lands necessary to be taken for the purpose

of opening a street from Mt. Hope avenue to the center of the Genesee river under a final ordinance therefor adopted and passed at this meeting. Adopted.

By Ald. Judson—Resolved, That the City Surveyor be requested to prepare an ordinance for a Medina stone improvement on Hamilton place, from Mt. Hope avenue to South avenue. The roadway to be twenty-eight feet in width. Adopted.

By Ald Kelly—Resolved, That the resolution of Ald. Shelter, relative to the issue of the city's time orders or notes, found at page 449 current proceedings, be and the same is hereby in all things reconsidered. Adopted.

By Ald. Kelly—Resolved, That the resolution of Ald. Shelter, relative to the issue of the city's time orders or notes, found on page 449, current proceedings, and reconsidered at this meeting, be and the same is hereby in all things indefinitely postponed. Adopted.

By Ald Lewis—Resolved, That the Executive Board be and it is hereby instructed to place street signs on Ketchum street. Adopted.

By Ald Lewis—

To the Common Council of the City of Rochester, N. Y.:

GENTLEMEN:—In the month of February, 1890, I, Peter Brael, recover judgment against your city for two hundred and seventy-five dollars (\$275), besides costs, for damages to my premises in the town of Brighton by reason of sewage pollution of Thomas creek.

Now, I am willing to accept the sum of three hundred dollars (\$300) in full of the damages which I have sustained since the commencement of that action and to the 1st day of February, 1891, and the further sum of seventy dollars (\$70) per year for each year thereafter until the sewage is diverted from said stream.

I should be pleased to confer with your committee with a view to a settlement without further resort to the courts, and will appear at any session of your committee, if you will notify me through Charles H. Gorham, No. 17 Durand block in this city.

Yours respectfully,
P. BRAEL.

Referred to the Law Committee.

By Ald. McMillan—Resolved, That the City Treasurer transfer and place the sum of four hundred dollars received by him on November 13, 1890, from the sale of a portion of School Lot No. 15, on Monroe avenue, to Stephen Remington, to the credit of the Building Fund of the Board of Education. Adopted.

By Ald. McMillan—Resolved, That the Executive Board be and it hereby is directed to negotiate for the lands necessary to be taken for the purpose, of opening a street from Edinburgh street to the center of the Genesee river, under a final ordinance therefor adopted and passed at this meeting. Adopted.

By Ald. McMillan—

AN ACT to further amend chapter one hundred and forty-three of the laws of eighteen hundred and sixty-one, entitled "An act to amend and consolidate the several acts in relation to the charter of the city of Rochester," as amended and established by chapter fourteen of the laws of eighteen hundred and eighty, and the several acts amendatory thereof and supplementary thereto.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. The charter of the city of Rochester, as amended and established by chapter fourteen of the laws of eighteen hundred and eighty, entitled "An act to further amend chapter one hundred and forty-three of the laws of eighteen hundred and sixty-one, entitled 'An act to amend and consolidate the several acts in relation to the charter of the city of Rochester,' and to consolidate therewith the several acts in relation to the charter of said city," and the several acts amendatory thereof and supplementary thereto, is hereby amended as follows:

§ 2. Section six of said chapter fourteen is hereby amended so as to read as follows:

§ 6. The officers of said city shall be one mayor, one treasurer, three members of the Executive Board, two judges of the Municipal Court, one police justice, one supervisor for each ward, one alderman for each ward, one constable for each ward and one commissioner of common schools for each ward; all to be elected by the electors of the city, by ballot, as hereinafter provided; one city clerk, one city attorney, one overseer of the poor, one auditor, three assessors, one sealer of weights and measures, one city surveyor, two police commissioners and one police clerk, to be appointed as hereinafter provided, and such other officers as are by this charter, or other law, to be elected or appointed.

§ 3. Section eight of said chapter fourteen is hereby amended by adding to the end thereof the following:

On or before the first day of July, 1891, the common council shall appoint one auditor, whose term of office shall expire on the first day of April, 1892, or until his successor shall be appointed and qualified. In the month of April, 1892, and in every second year thereafter, the common council shall appoint one auditor, who shall hold his office until the first Monday of April in the second year after his appointment in April, or until his successor shall have been appointed and qualified. The said auditor shall not be entitled to enter upon his office until he shall have executed and filed with the mayor a bond, in the penal sum of _____ dollars, or such other sum as the common council shall fix, with sufficient sureties, conditioned for the faithful performance of his duties as auditor, and the duties imposed upon him by law. The said auditor shall receive a salary not exceeding _____ dollars, annually, payable monthly, and said salary shall be fixed by the common council. It shall be his duty to examine and pass upon all debts, demands and claims against the city, and each and every of its boards, officers and agents, including the Board of Education and Executive Board of said city before the same shall be ordered paid, and he shall keep a book in which shall be recorded an account of each debt, demand and claim presented to him, and the sum allowed upon each; and he shall render to the Common Council, the Board of Education or Executive Board, detailed monthly reports of all such debts, demands and claims presented to and allowed by him, as aforesaid, and of all bills, dues and demands contracted or incurred during the preceding month, which have been presented to him for audit aforesaid, and except as otherwise provided by law, and except the fixed salaries of officers paid by the city, no debt, demand or claim payable from the city treasury shall be paid, except the same is passed upon by said auditor and certified by him to the body, board or officer whose duty it shall be to pay the same, and if he objects to any debt, demand or claim, in whole or in part, such objection shall be by him presented in writing to said boards respectively, whose duty it shall be to investigate the grounds of such objection before finally auditing or determining the manner of disposal thereof. Provided, however, that said auditor may weekly examine and pass upon, by items, any statement of claims, dues or demands for labor performed, which shall be certified to him for audit by any head of department, or board or officer, and upon such audit by the auditor, certified by him under his hand to such head, board or officer, not exceeding in the aggregate five thousand dollars in any one week, and such claims may be drawn in gross by orders or warrants of such head, body, board or officer, made directly upon the City Treasurer, who shall pay the same, when there are funds for that purpose. Said auditor may examine, on oath, to be administered by him, any person, firm or corporation who presents an account, claim, due or demand, touching the validity of such account, claim, due or demand, and he shall not audit the same where such person, firm or corporation presenting the same shall refuse to submit to such an examination and oath. The said auditor shall make to the Mayor and

Common Council of said city at the last meeting thereof in each fiscal year a report in writing, embracing a summary of the business transacted in his office during the preceding year.

§ 4. This act shall take effect immediately.

In motion of Ald. McMillan received, filed and published, and laid on the table until the next regular meeting.

By Ald. McMillan—

AN ACT to authorize the construction and maintenance of park boulevards in and near the city of Rochester, and to provide for the cost and expense thereof.

SECTION 1. The park commissioners of the city of Rochester, in addition to the powers already granted to them by chapter 103 of the laws of 1888, and the amendments thereto, shall have power to select and locate such grounds in and near the city of Rochester, as may in their opinion be proper and desirable to be reserved, set apart or acquired for one or more public park boulevards, and for this purpose may take any part or parts of existing streets in said city and change the lines thereof, and may take by gift, or purchase, or may acquire by condemnation proceedings, such land or lands as may to them seem necessary for their purposes.

§ 2. Whenever said park commissioners shall determine to select and locate any park boulevard, they shall at a regular meeting of said commissioners by resolution declare such determination, and shall cause an estimate of the cost and expense of such improvement to be made, and they shall describe and declare the portion or part of the city of Rochester, which they deem proper to be assessed for the expense of such improvement, if in the judgment of said commissioners a part of such expense should be paid by the city at large, they shall declare what part or portion of such expense shall be paid from the public treasury and what part or portion thereof shall be assessed on the territory declared by them to be benefited. In case the said commissioners shall declare that the public treasury shall pay a part or portion of such expense, such part or portion of such expense to be paid by the public treasury shall not in any case exceed one fourth of the entire cost of such improvement. In case where the taking of park land or the acquirement or a right or easement therein is necessary, it shall not be necessary to include the damage and charges thereon in the estimated expense.

§ 3. As soon as practicable after the passage by said Commissioners of a resolution as in section two provided for, said Commissioners shall certify to the Common Council of the city of Rochester a copy of such resolution, with a minute of all the proceedings thereunder containing a description of the proposed improvement, the estimated expense of such improvement, the proportion, if any, of the cost of such improvement to be paid from the public treasury, and the portion of part of the city to be assessed for the balance of the cost of such improvement.

§ 4. At a regular meeting of the Common Council of the city of Rochester, held after such resolution shall have been certified to it the said Common Council shall proceed to consider such resolution, and the improvement proposed thereby, and shall take such action thereon as is had and taken on matters of public improvements under the provisions of the charter of the city of Rochester, except that it shall not be necessary for said Common Council to have any further estimate of the cost or expense of such improvement other than is furnished by such resolution.

§ 5. Whenever the Common Council shall determine to make any of the improvements in this act authorized, and it shall be necessary for the purpose of such improvement to acquire title to the lands of any person or corporation, such proceedings shall be had and taken as is required by the provisions of the charter of the city of Rochester for the purpose of acquiring title to lands for improvements authorized by said charter.

§ 6. Whenever the fee, or any right or interest in lands shall be acquired by the city of Rochester by virtue of this act, or the proceedings authorized

herein, or whenever any lands or any right or interest therein shall be taken by the city of Rochester, by gift or purchase, for the purposes of this act, such lands shall be taken in the name of the city of Rochester, but shall be subject to, and shall be under the management and control of the Park Commissioners, and shall become and be a part of the park system of said city.

§ 7. Whenever the Common Council shall determine that the improvements recommended by resolution of the Park Commissioners shall be made, and that the whole or any part of the expenses of such improvement shall be defrayed by an assessment on the real estate, declared by said resolution of said Park Commissioners to be benefited thereby, they shall declare the same by an entry in their minutes and after ascertaining as they think proper the estimated expense of such improvement, they shall declare whether the whole or what portion thereof shall be assessed on such real estate, specifying the estimated expense and the portion of the city which they deem will be benefited by the improvement. When the estimate of the expense of such improvement, to be assessed, shall exceed in the aggregate, the sum of two thousand dollars, the expense of such improvement to be assessed may be paid one-third in cash, and the balance in the city's note at one and two years, with interest not exceeding six per centum, payable annually, and the city may get its notes discounted for a period not exceeding one year with which to make such first payment when such improvement is completed. The entire expense thereof, and connected therewith, shall be ascertained by the city treasurer, together with the interest paid on the orders or notes issued by the city to pay the expense of such improvement; and interest on such sum shall be reckoned to the time the last installment of such assessment shall become due. The aggregate amount shall thereupon be reported to the Common Council, they to adjust and report to the assessors the amount to be assessed upon the property benefited as hereinafter provided, and it shall meet for that purpose. Persons so assessed, who shall make any payment previous to the maturity of said last installment therein, shall be entitled to a discount at the same rate as if paid on the city's note issued to pay for such improvement. The Common Council may determine, at the time of fixing such amount to be assessed, if the sum shall exceed two thousand dollars, that the tax payers pay their assessments, in not more than three equal payments, one third within thirty days of the time that the treasurer shall advertise the same as hereinafter provided, one third within one year, and one third within two years, from the confirmation of such roll. The City treasurer may in his discretion, issue his warrant for the collection of any part of such assessment that may have become due.

§ 8. The Common Council shall, thereupon, make an order reciting the amount of the expense to be assessed, as aforesaid, and thereupon the assessors, if they are not interested in any of the property directed in the ordinance, or any other subsequent resolution to be assessed and not of kin to any person interested in any such property, and if any two of them are not so interested or of kin, then such two shall make an assessment upon all the lots and parcels of land within the portion or part of the city directed to be assessed, of the amount of expense, in proportion, as nearly as may be, to the advantage which each shall be deemed to receive by the making of such improvement, which order shall be certified by the clerk of the city and delivered to some one of said assessors. The said assessors shall thereupon take action thereon, and proceed in the same manner, as if the said assessment were an assessment for an improvement, authorized by the charter of the city of Rochester.

§ 9. Whenever the Common Council shall have determined to make any improvement authorized by this act, the park commissioners of the city of Rochester shall have sole power to execute the work necessary for such improvement, and said improvement, and all matters and things apper-

taining thereto shall be under the control and management of the said Park Commissioners, and the said work on such improvement may be done by said commissioners, either by contract or otherwise, as in the judgment of said Park Commissioners may seem best.

§ 10. For the purpose of paying such part or portion of the expense of any improvement authorized by this act, which shall be declared payable out of the public treasury, the common council shall raise annually such sums as shall be reported by its finance committee as necessary for that purpose. The said finance committee shall ascertain and report the amount of money necessary for this purpose, in the same manner and at the same time, that said finance committee ascertain and report the sums necessary to be raised in each year for the various funds and departments of said city; and the said common council shall raise the sum or sums necessary to be raised for the purpose of this act in the same manner and at the same time as are raised the various sums of money necessary for the various funds and departments of said city, and such moneys when raised shall be set apart by the treasurer of the city of Rochester, and shall be credited to a fund to be known as the Park Boulevard Fund, said Treasurer shall hold all such moneys in account of and for the purposes of the improvements herein authorized, and shall pay them out on order of the Park Commission and not otherwise. The Park Commissioners shall draw their drafts upon the said Treasurer signed by the President and Secretary specifying the purpose for which they are drawn, and the name of the Fund from which they shall be paid, and the said City Treasurer shall pay the same out of the said fund.

§ 11. For the purpose of paying for the care and maintenance of said park boulevards after the same shall have been constructed, the Common Council of said city shall annually, upon the written application of the Park Commissioners, levy a tax upon all the lands abutting upon such park boulevards not exceeding, in any one year, the sum of fifty cents per lineal foot front of all lands abutting on such park boulevards. The tax shall be apportioned equally upon all the lands, so on such Park Boulevards, and shall be collected at the same time and in the same manner, as the general city tax in said city. The amount of such tax, when collected shall be set apart, by the city treasurer of said city and credited to the said Park Boulevard Fund.

§ 12. This act shall take effect immediately. Ordered received, filed and published and referred to the Committee on Public Improvements. On motion of Ald. Kelly, the Board then adjourned. PETER SHERIDAN, City Clerk.

In Common Council—Feb. 24, 1891.

REPORT OF THE LAW COMMITTEE.

By Ald. McMillan—

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—Your Law Committee begs leave to submit the following as its report: Micaiah Jackson recovered judgments against the city, which have been duly affirmed by the Court of Appeals, as stated in the communication of the City Attorney, found at page 444 current proceedings, and the city has but one duty to perform, and that is to pay the judgments Gustavus Griebel also obtained orders for the costs mentioned and stated in said City Attorney's communication, and, therefore, the city is required to pay the same.

John H. Campbell and others, as executors of James Campbell, deceased, obtained judgments against the city in the so-called sidewalk case, in the Supreme Court, and in the Court of Appeals. The judgments are properly stated in the communication of the City Attorney, found at page 401, current proceedings, and, therefore, the same should be paid.

John J. Heveron, John Eibler and Thomas S Wright, constituting the firm of John J. Heveron & Co., obtained a judgment against the city in the action in the Supreme Court of Emory B. Chace against the City of Rochester and others for damages and costs, growing out of the construction of the hose house on Plymouth avenue. Your committee, under the advice of the City Attorney, recommends that he be directed to take an appeal from said judgment to the General Term, as there are questions involved therein which should receive the consideration of the appellate courts. When the action was begun in January, 1889, the City Attorney deposited with the County Treasurer to the credit of the action, the sum of \$2,426.07, and that amount still remains on deposit. Your committee believes that, upon Messrs. Heveron & Co. making a proper application, the court will order the amount paid to them, less such sum which the court may deem should be paid to a lienor under said Heveron & Co., and your committee recommends, also, that the City Attorney, upon such application being made, in-

terpose no objection thereto, other than may be necessary to protect the rights of the city in the action and upon the appeal, which should be taken by him, as aforesaid.

Gregory Higgins, on January 7th, 1891, fell upon the sidewalk near the City Hall building, which sidewalk, at the time, was covered with ice, thereby breaking his arm, and he has been wholly disabled ever since by reason thereof. Your committee believe that a fair compromise and adjustment of the matter with Mr. Higgins would be to pay him the sum of seventy-five dollars, upon his executing a release of all claims against the city, and your committee, therefore, recommends that said payment be made.

Freeland E. Crandall's claim for damages sustained by falling from a bicycle on May 16, 1890, at about 5:45 p. m. in Tallinger alley, should be denied for the reason that, after hearing Mr. Crandall at length on the matter, and duly considering the same, neither your committee nor the City Attorney can perceive any liability of the city therefor.

Frank Saunby's claim for damages sustained on August 5, 1890, on the east side of Chatham street, near the southern corner of Holland street, from falling into a sewer opening, should be denied for the reason that neither your committee nor the City Attorney can perceive any liability upon the part of the city for the accident; but, on the contrary, if any one is liable, it is the contractors who were engaged in improving the street at the time.

Your committee would further report that in the action of Frank W. Elwood against the city the assessment for the opening of a new street from State street to Soph street, now known as Church street, has been vacated by the courts, and that justice to the other taxpayers of the city requires that a reassessment should be ordered, as, unless that course be pursued the costs and expenses of the street opening will have to be borne and paid by the city at large and the City Attorney should, therefore, be instructed to prepare and present for adoption such ordinances or resolutions as may be necessary to accomplish the purpose of such reassessment and upon the territory originally directed to be assessed in and by the final ordinance relative to the matter.

And your committee, for the foregoing purposes, recommends the adoption of the accompanying resolutions.

Respectfully submitted,

T. McMILLAN,
J. MILLER KELLY,
S. D. W. CLEVELAND,
Law Committee.

Ordered received, filed and published.

By Ald. McMillan—Resolved, That upon the certificate of the city attorney that properly executed and acknowledged satisfaction pieces, receipts and releases have been duly delivered to him for the city, that the clerk be, and he hereby is, directed to draw orders upon the treasurer, payable from the contingent fund, as follows:

One in favor of J. & Q. Van Voorhis, attorneys for John H. Campbell and others, as executors of James Campbell deceased, for two hundred and fifty four dollars and thirty-nine cents, with interest on fifty-five dollars and fifty cents from March 23, 1889, and on the balance, from December 15, 1890, to the date when the order is drawn.

One in favor of Hubbell & McGuire, attorneys for Gustavus Griebel, for one hundred and twenty-eight dollars and ten cents, with interest on ten dollars from September 9, 1889, and on seventeen dollars and twenty cents from April 24, 1890, to the date when said order is drawn.

One in favor of George A. Benton, attorney for Mcajah W. Jackson, for nine hundred and thirty-one dollars and sixty-eight cents, with interest on one hundred and twenty-seven dollars and fifty cents from September 6, 1886, on four hundred and eighty seven dollars and twenty-five cents, from November 10, 1886, on seventy-three dollars and ninety-five cents, from May 3, 1887, and on two hundred and forty-two dollars and ninety-eight cents from January 26, 1891, to the date when said order

is drawn; and another in favor of Gregory Higgins, for seventy-five dollars, to be in full of all claims which he has against the city, to this date.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—15.

By Ald. McMillan—Resolved that the claims of Freeland E. Crandall and Frank Saunby, mentioned in the above report, be, and the same hereby are, severally denied. Adopted.

By Ald. McMillan—Resolved, That the City Attorney take an appeal in the above mentioned case of Emory B. Chace against the city of Rochester. John J. Heveron and others, from the judgment therein, to the General Term of the Supreme Court, and that upon an application being made by Heveron & Co. for the moneys on deposit with the county treasurer, to the credit of said action, he interpose no obstacle thereto other than may be necessary to protect the rights and interest of the city in the action and upon the appeal. Adopted.

By Ald. McMillan—Resolved, That the City Attorney be, and he hereby is, directed to prepare, and present for adoption, the necessary ordinance and resolutions for a re-assessment of the costs and expenses, including the damages awarded, for the opening of a street from State street to Sophia street, now known as Church street, in accordance with the recommendations made in the foregoing report, upon the same territory directed to be assessed in and by the final ordinance relative to said street opening. Adopted.

REPORT OF THE LAMP COMMITTEE.

To the Honorable Common Council:

GENTLEMEN—Your committee respectfully recommend that a Brush electric arc light be placed on Rauber street, midway between the light at Clinton street and the first one east thereof.

WM. H. SULLIVAN,
JOSEPH H. FEE,
J. MILLER KELLY,
JAMES S. JUD ON,
Lamp Committee.

Ordered received, filed and published.

By Ald. Sullivan—Resolved, That the Brush Electric Light Company be and hereby is directed to erect one arc light on Rauber street, midway between the light at Clinton street and the first one east thereof; and that the City Surveyor is directed to make the proper notification. Adopted.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

From the Executive Board—

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, Feb. 19, 1891.

To the Honorable, the Common Council of the City of Rochester.

GENTLEMEN—The Executive Board has inspected the street known as Bly street, laid out by Seymour G. Dana, extending from Pinnacle avenue to Howard street, and begs leave to report that all conditions have been complied with, and recommend that said Bly street be accepted as a public highway. Respectfully,

THOS. J. NEVILLE, Clerk.

By Ald. Lewis—Resolved, That Bly street, heretofore dedicated and above reported by the Executive Board, be, and hereby is, accepted, and the City Clerk hereby is directed to enter the same in the street register, and the Executive Board be notified to place the usual street signs. Adopted.

By the Clerk—

CITY CLERK'S OFFICE,
ROCHESTER N. Y., Feb. 24, 1891.

To the Common Council:

GENTLEMEN—I hereby certify that the city assessors have filed with me the assessment roll for North Street opening and Extension, No. 3-480, certified and sworn to, as required by law.

PETER SHERIDAN, City Clerk.
Ordered received filed and published.

By Ald. Lewis—Resolved, That the next regular meeting of the Common Council, Tuesday evening, March 10th, 1891, be, and hereby is, assigned as the time when any complaints or appeals from the assessment roll for North Street Opening and Extension, No. 3,480, will be heard. Adopted.
By the Clerk—

CITY CLERK'S OFFICE, }

ACTION ON ORDINANCES.

FIRST ORDINANCES.

HAMILTON PLACE MEDINA STONE IMPROVEMENT.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Hamilton place.

Adopted.

The Surveyor submitted as such estimate \$11,000. By Ald. Shelter—Resolved, That the following improvement is necessary, viz:

The improvement of Hamilton place, from Mt. Hope avenue to South avenue, by constructing a Medina stone pavement therein, with a line of Medina stone curb and flagstone gutter on each side thereof, properly connected with all lateral streets, alleys and driveways. Width of main roadway to be 23 feet. Also, the construction of the necessary crosswalks, crosswalk extensions, surface sewers, manholes, lot laterals, water and gas services, and the cleaning of the main sewer if found necessary.

And, Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$11,000, which estimate is hereby approved.

Resolved, Further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Hamilton place, from Mt. Hope avenue to South avenue, in proportion to the benefit which each will derive therefrom

Adopted.

MAGNE STREET MEDINA STONE IMPROVEMENT.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Magne street.

Adopted.

The Surveyor submitted as such estimate \$20,800. By Ald. Shelter—Resolved, That the following improvement is necessary, viz.:

The improvement of Magne street, from Brown street to Saxton street, except at the crossing of Smith and Jay streets, by constructing a Medina stone pavement therein, with a line of Medina stone curb and flagstone gutter on each side thereof, properly connected with all lateral streets, alleys and driveways. Width of main roadway between curbs to be 26 feet. Also the construction of all necessary crosswalks, crosswalk extensions, surface sewers, manholes, lot laterals, water and gas services and the cleaning of the main sewer in the street if found necessary.

And, Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$20,800, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Magne street, from Brown street to a point five feet north of a line drawn easterly from the southeast corner of Saxton and Magne streets, and at right angles to the west line of Magne street, in proportion to the benefit which each will derive therefrom.

Adopted.

ALEXANDER STREET BRIDGE.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a bridge and the sub-structures necessary thereto, across the Genesee River

connecting the east and west banks thereof opposite the east end of Edinburgh street.

Adopted.

The Surveyor submitted as such estimate \$49,524. By Ald. Shelter—Resolved, that the following improvement is necessary, viz:

The construction of a wrought iron, through truss bridge, with the sub-structures necessary thereto, across the Genesee River, connecting the east and west banks thereof opposite the east end of Edinburgh street. The width of the roadway of said bridge to be 21 feet and 6 inches between the center of trusses, with a sidewalk on each side thereof, each 8 feet in width, between the center of the truss and the center of the hand rail. The center line of said bridge to coincide with a line drawn direct from a point in the center of Edinburgh street, 175.5 feet east of the east line of Exchange street, measured along the center of Edinburgh street, to a point 45 feet west of Mt. Hope avenue, and 24.65 feet south of a continuation westerly of the south face of the foundation wall of the frame building erected by Mr. Crouch, now standing on the north side of the open space or driveway opposite Alexander street. The grade of the roadway of said bridge, to be at such a height as will allow at any time of the extension of said roadway westerly across the tracks of the New York, Lake Erie & Western Railway, allowing a clear headway of not less than 16½ feet above the top of the railroad tracks as they now exist.

And whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$49,524, which estimate is hereby approved.

Resolved, further, that the whole expense thereof be paid from the public treasury of the city by the City Treasurer upon orders drawn pursuant to the future direction of this Common Council, and that the bonds of the city be issued and sold as provided in and by the provisions of Chapter 363 of the laws of 1888, as may hereafter from time to time be directed by this Common Council, to obtain the necessary sums to pay for the above bridge.

Adopted.

By Ald. Shelter—Resolved, That all persons interested in the subject matter of each and all improvements contemplated to be made in or by any ordinance or resolution adopted or passed at this meeting and the expense whereof, in whole or in part, is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council on Tuesday, the 10th day of March, 1891, at 7 o'clock p. m., at the Common Council Chamber, when allegations relative thereto will be heard, and that the Clerk be and he is hereby directed to publish for four secular days continuously in The Union and Advertiser and the Abend Post and Beobachter, notice thereof as is required and in the manner specified by Section 172 of the City Charter. Adopted.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,
 ROCHESTER, N. Y. Feb. 24, 1891.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Agreeably to your directions given at your last regular meeting in reference to the following named contemplated improvements, I caused to be published daily for four days, in the Union and Advertiser and Abend Post and Beobachter, two daily newspapers printed in the city of Rochester, notices of said improvements, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion or part of the city to be assessed for the rest of the expense, and requiring all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, February 24th, 1891, at 7 o'clock p. m., at the

Common Council Chamber, when allegations would be heard in reference to such improvements, viz.: PETER SHERIDAN, City Clerk.

Ald. Kelly moved that the final ordinance for Lyell avenue sprinkling be amended so as to extend from Lake avenue to the creek west of Moulson street. Adopted.

Further action was postponed two weeks.

FINAL ORDINANCE, NO. 4,354.

REYNOLDS STREET SPRINKLING.

On motion of Ald. Shelter the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle Reynolds street, from West avenue to Adams street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Reynolds street, from West avenue to Adams street, during the season of 1891.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$192 which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by and derive an advantage from such improvement, to wit.:

One tier of lots and parcels of land on each side of Reynolds street, from West avenue to Adams street.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Hall, Bierbrauer, Judson, Schroth, Kelly, Lewis—14.

FINAL ORDINANCE, NO. 4,355.

WHITE STREET SPRINKLING.

On motion of Ald. Shelter the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle White street, from Frank street to Cliff street.

And, after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of White street, from Frank street to Cliff street, during the season of 1891.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$128, which being deemed reasonable is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deem proper to be so assessed for, and will be benefited by and derive an advantage from such improvement, to wit:

One tier of lots and parcels of land on each side of White street, from Frank street to Cliff street.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Hall, Bierbrauer, Judson, Schroth, Kelly, Lewis—14.

On motion of Ald. Hall action on the final ordinance for East avenue care and repair (Sec. 2.) was postponed two weeks.

FINAL ORDINANCE, NO. 4,356.

CAROLINE STREET PIPE SEWER

On motion of Alderman Judson, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a pipe sewer in Caroline street from near Pinnacle avenue to Henrietta avenue.

And after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made to wit:

The construction of a vitrified pipe sewer 12 inches in diameter in Caroline street, from a point 63 feet easterly from Pinnacle avenue, to a point near the easterly end of said Caroline street, thence easterly to and across private lands supposed to be owned by Henry Almeroth and August Pappert, on a line parallel with and about 22 feet northerly from the south line of the lands proposed to be crossed by said sewer, and in said line continued easterly to the center of what is now known as Pappert park or Pappert place, thence northerly in said Pappert park or place to the sewer in Henrietta avenue. Also the construction of the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations. Also the acquirement of the necessary easements in and rights of way through the lands heretofore mentioned, and supposed to be owned respectively by Henry Almeroth and August Pappert.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$1,500, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit.:

One tier of lots and parcels of land on each side of Caroline street from the easterly end thereof to Pinnacle avenue in proportion to the benefit which each will derive therefrom.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Hall, Bierbrauer, Judson, Schroth, Kelly, Lewis—14.

Ald. Lewis moved that the Executive Board be authorized and requested to negotiate for right of way for Caroline street sewer. Adopted.

FINAL ORDINANCE, NO. 4,357.

CALEDONIA AVENUE PIPE SEWER.

On motion of Ald. Judson, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a pipe sewer in Caledonia avenue from near Glasgow street to Summer alley.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a vitrified pipe sewer 12 inches in diameter in Caledonia avenue, from a point 80 feet south of Glasgow street, to the Summer alley sewer, crossing said Caledonia avenue. Also the necessary manholes, surface sewers, lot laterals, and branches.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$1,150, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Caledonia avenue, from a point 80 feet south of Glasgow street to Summer alley.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Hall, Bierbrauer, Judson, Schroth, Kelly, Lewis—14.

Ald. Rauber moved that the final ordinance for Ematt street improvement be amended so as to

read "cement sidewalk 4½ feet wide" in place of 5 feet wide," and that the estimate be changed to \$—. Adopted.

Further action was postponed two weeks.

FINAL ORDINANCE NO. 4,358.

RIVERSIDE AVENUE MACADAM IMPROVEMENT.

On motion of Ald. Shelter, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to improve Riverside avenue, from Lake avenue to a point near the high bank of the Genesee river.

And, after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Riverside avenue, from Lake avenue to a point near the top of the west high bank of the Genesee river, by constructing a macadam pavement therein, with a line of Medina stone curb and gutters on each side thereof, properly connected with all streets, alleys and driveways. Width of main roadway between curbs to be 30 feet. Also the construction of the necessary crosswalks, crosswalk extensions, surface sewers, manholes, lot laterals, water and gas services. Also the construction of a Portland cement walk 5 feet in width on each side of the street, between the limits mentioned.

And the City Surveyor, under the direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$13,000, which being deemed reasonable, is hereby approved; and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side Riverside avenue, from Lake avenue to the top of the west high bank of the Genesee river.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Hall, Bierbrauer, Judson, Schroth, Kelly, Lewis—14.

FINAL ORDINANCE, NO. 4,359.

EAST PLATT STREET IMPROVEMENT.

On motion of Ald. Shelter, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to improve East Platt street from the east end of the bridge to North St. Paul street.

And after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of East Platt street from the east end of Platt street bridge to North St. Paul street, by constructing a Medina stone pavement therein, with a line of Medina stone curb and flagstone gutter on each side thereof, properly connected with all lateral streets, alleys and driveways. Width of main roadway between curb lines to be 30 feet, except where necessary to decrease said width to properly connect with the end of the bridge. Also the construction of all necessary crosswalks, crosswalk extensions, surface sewers, manholes, lot lateral sewers, water and gas services, and a Medina stone flag walk 5 feet in width, in one course, on each side of the street between the limits mentioned, except where considered necessary to construct crosswalks. That portion of the street crossed by the railroad tracks to be properly planked for a width equal to the length of the railroad ties.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$6,500 which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion

and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of East Platt street from the east end of Platt street bridge to North St. Paul street.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Hall, Bierbrauer, Judson, Schroth, Kelly, Lewis—14.

On motion of Ald. Judson action on the final ordinance for Hamilton Place asphalt improvement was postponed two weeks.

On motion of Ald. Bierbrauer action on the final ordinance for Magne street asphalt improvement was indefinitely postponed.

CHARTER AMENDMENTS.

Action on the proposed amendment to the City Charter relating to an auditor, published at page 600, current proceedings, being in order.

Ald. McMillan submitted the following:

By Ald. McMillan—Resolved, That the proposed amendment to section six of the city charter be changed so as to provide for the election of one auditor, and that the words "one auditor" be inserted immediately next to the words "police justice," and that the words "one auditor" be stricken out from between the words "one overseer of the poor" and "three assessors." That the proposed addition to section eight of the city charter be changed, so as to provide that the auditor therein mentioned shall be appointed by the Mayor, instead of the Common Council, and that his term of office shall expire on the first Monday of April, instead of on the first day of April, 1892; that instead of providing for the appointment of his successor in the month of April, 1892, and every second year thereafter, by the Common Council, that it read that, "at the charter election in the year 1892, and in every second year thereafter, an auditor shall be elected by the electors of the city, by ballot as provided in and by the city charter in reference to other city officers and shall assume his duties on the first Monday of April next thereafter, and shall hold office until his successor shall have been elected and qualified" and that all between and including the words "provided, however," and "for that purpose," be stricken therefrom, and the following be inserted in place thereof:

"Provided, however, that said auditor may weekly examine and pass upon by items, any statement of claims, dues or demands, for labor performed, which shall be certified to him for audit by said Executive Board, and upon such audit by the auditor, certified by him, under his hand to such board, a sum or sums, not exceeding in the aggregate five thousand dollars, in any one week, may be drawn by the clerk of said board, by order or warrants, made directly upon the city treasurer,

who shall pay the same, when there are funds for that purpose, as is provided by section 148 of this charter, as amended in 1890.

Also that \$1,500 be inserted for the salary of said auditor; and that \$5,000 be inserted as the amount of the bond of said auditor.

Adopted by the following vote:

Ayes—Ald. Sullivan, McMillan, Lempert, Cleveland, Shelter, Hall, Bierbrauer, Judson, Schroth, Kelly, Lewis—11.

Nays—Ald. Tracy, Fee, Rauber—3.

By Ald. Kelly—
ROCHESTER CHAMBER OF COMMERCE, }
ROCHESTER, N. Y., March 10, 1891. }

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—At a largely attended meeting of the Rochester Chamber of Commerce, held on yesterday evening, the following resolution was adopted:

Whereas, A tract of land embracing fifty acres, in the town of Gates, having been given to the city through the medium of the Chamber of Commerce, to be donated to such manufacturing enterprises as may be induced to locate thereon, and as it is especially desirable that such property, in order to be of value to and a source of revenue for the city, shall be within its corporate limits:

Resolved, That the Board of Aldermen be and hereby are respectfully requested to favor such extension of the city limits as will embrace the above referred to fifty acres, and as shown on the map hereto annexed, and embracing all of town lots (Township of Gates) Nos. 167, 168, 166, 94, 85, 76 and portions of lots 164 and 168.

E. T. CURTIS, President.

J. Y. McCLINTOCK, Secretary.

Ordered received, filed and published.

By Ald. Kelly—Resolved, That the Senator and Assemblyman from this district be, and hereby are, respectfully requested to cause the charter provision extending the city limits, now before the Legislature, to be amended, as desired by the Chamber of Commerce, by including within the city limits the portion of the town of Gates bounded and described as follows:

Beginning at a point in the boundary line between the city of Rochester and the town of Gates at the northerly line of the highway known as the Chill road; thence southwesterly along the northerly line of said Chill road, about 170 rods, more or less, to a point in the southerly line of town lot No. 167; thence westerly along the said southerly line of said town lot No. 167 and of town lots Nos. 166, 165 and 164, to a point about twenty rods, more or less, westerly of the easterly line of said town lot No. 164; said point being where the boundary line between town lots Nos. 94 and 103 would intersect the southerly line of town lot 164, if it was produced in a straight line southerly; thence northerly across said town lot No. 164 and in the same straight line, along the boundary line between said town lots Nos. 94 and 103, to the northerly corner of town lot No. 94; thence easterly about 500 rods, more or less, along the northerly boundary line of town lots Nos. 94, 85 and 76, to a point in the said boundary line between the said city of Rochester and the said town of Gates; thence southerly along said city and town boundary to the place of beginning, including all of town lots Nos. 167, 166, 165, 94, 85, 76 and all of No. 168, lying northerly of the north line of the Chill road and a strip about twenty rods wide from the easterly side of No. 164. And that said provision shall contain the proviso that upon the above described territory there shall be an abatement of fifty per cent. of the general tax assessment for five years from the date of the passage of the act, but that if water or lights shall be introduced at any time before the expiration of said five years, the rate of taxation shall be increased in the same proportion as is now added to the Fifteenth and Sixteenth wards for said improvements. At the end of said five years, if there has been no extension of water or lights, the rate of taxation shall be the same as now exists in the aforesaid wards.

Ald. Kelly moved that the city attorney furnish copies of the act to the Senator and member of Assembly from this district and that it lie on the table until next Monday evening. Adopted.

OFFICE OF THE ROCHESTER GAS LIGHT CO.,	
February 13, 1891.	

To the Honorable Common Council :

GEN FLEMEN—Referring to the matter of new gas lights established in Kenwood avenue, Bronson avenue and Clifton street, it has always been the custom for the city to furnish the equipments and pay the costs of erecting all the new gas street lights, established by the direction of the Common Council.

The cost of erecting 24 new lights on above streets was as follows:

24 Boston copper lanterns at \$6	\$144 00
24 frames at 75c	18 00
62 street signs at 20c	12 40
24 lamp cocks and burners at 25c	6 00
24 services 15 ft. each, 360 ft. of 1 in. pipe laid at 20c	72 00
24 lamp rods 10 ft. each, 240 ft. 1 in. pipe at 5c	12 00
Labor setting 24 post at \$1.50	36 00
Freight and cartages	5 00
Total	\$305 40

We respectfully make the following proposition with reference to this matter.
Cost of maintaining an equal number of incandescent electric lights two years would be:

This year, 24 lights, 365 nights, 5 $\frac{1}{4}$ ¢ per night.....	\$503 70
Next year, 24 lights, 365 nights, 6¢ per night.....	525 60
	\$1,029 30
Cost of 24 gas lights two years at 5¢ per night each.....	876 00
Excess in cost of electric lights.....	\$153 30
For the sum of one hundred and fifty-three and 30-100 dollars we will receipt in full the above bill.	

Very respectfully,

By Ald. Kelly—

To the Finance Committee of the Common Council:

GENTLEMEN—I have made the customary examination of the City Treasurer's office in all departments of its business for the month of February, and have to report that I find everything in a perfectly satisfactory condition. The cash balance required to be on hand on Wednesday morning, March 4th, was counted and found correct, and the sums deposited in banks at the same date and time were ascertained to correspond with the balances called for by the ledger accounts. These several sums were as follows: Cash, \$12,772.37; in Traders' National Bank, \$21,877.10; German American Bank, \$12,980.14; Central Bank, \$13,257.32.

Respectfully submitted,

March 7, 1891.

Ordered received, filed and published.

By Ald. Kelly—

CITY TREASURER'S OFFICE,
ROCHESTER, N. Y., March 10, 1891.

Ald. J. Miller Kelly, Chairman Finance Committee:

DEAR SIR—This is to certify that I, as Treasurer of the city of Rochester, have received from the State Treasurer, the sum of twenty-three thousand, two hundred forty-two and 94-100 dollars, (\$23,242.94), the amount appropriated for the expense of the Lyell avenue and Saxton street sewer.

V. FLECKENSTEIN, City Treasurer.

Ordered received, filed and published.

By Ald. Shelter—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Your Committee on Public Improvements, to whom was referred a proposed act to authorize the construction and maintenance of park boulevards in and near the city of Rochester, and to provide for the cost and expense thereof, respectfully report:

That, after an examination of said bill, they are of the opinion that the powers sought to be obtained by the Park Commissioners, through the proposed bill, are proper and desirable, and that the said bill is one that should be passed by the Legislature.

The Park Commissioners, under existing law, have ample power to lay out and maintain parkways or park boulevards, but the cost of construction thereof, and the maintenance thereof, as the law now is, must be paid out of the proceeds of the park bonds, and of the maintenance fund given to the Park Commissioners every year. Under the proposed act the only additional powers that the Park Commissioners would obtain would be the power to assess, or have assessed, local territory for a part of the cost of construction and maintenance of these park boulevards. As these park boulevards add greatly to the value of the lands through which they pass, and of all lands in the localities through which they are constructed, it is only proper that such territory should be assessed for a part of the cost of their construction and maintenance.

Your committee, therefore, recommends that the Honorable Senator and Assemblyman from this district be requested to urge the passage of this bill, with the following amendments, an amendment which would give power to the Common Council to appoint special assessors, where two or more of the city assessors might be interested

in lands to be assessed, and also an amendment to Section 11 of said proposed act changing the sum that may be assessed from "fifty cents per lineal foot" to "ten cents per lineal foot."

Respectfully submitted,

HENRY SHELTER,
JAMES S. JUDSON,
JOS. BIERBRAUER,
MERTON E. LEWIS,

Committee on Public Improvements.

Ordered received, filed and published.

By Ald. Shelter—Resolved, That the proposed bill to authorize the construction and maintenance of park boulevards in and near the city of Rochester, and to provide for the cost and expense thereof, be amended by making a provision in said bill for the appointment by the Common council of special assessors, when two or more of the city assessors may be interested in lands to be assessed; and also by amending section eleven of said proposed act by making said section read that a tax may be assessed, not exceeding in any one year the sum of ten cents per lineal foot front, instead of fifty cents per lineal foot front, as now in said act; and further.

Resolved, That the Honorable Senator and Member of Assembly from this district be, and they hereby are, respectfully requested to urge the speedy passage of said bill. Adopted.

REPORTS OF SELECT COMMITTEES.

By Ald. Kelly—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Your special committee duly appointed for the purpose of obtaining from the state authorities the moneys reappropriated upon account of the construction of the culvert underneath the canal and the deepening and enlargement of the Lyell avenue and Saxton street sewer would respectfully report, that after great exertions of your committee, and especially Senator McNaughton, your committee is enabled to now report entire success, as there has been paid to the City Treasurer to the credit of the cost of the sewer the full sum of twenty-three thousand two hundred and forty-two dollars and ninety-four cents, being the amount unexpended by the Commissioner of Public Work, of thirty thousand dollars first appropriated by Chapter 396 of the Laws of 1886, as amended by Chapter 459 of the Laws of 1887.

Your committee would further report that the labors of your committee as well as Senator McNaughton were increased largely by the fact that while the sewer was in progress of construction, the present superintendent of Public Works was appointed to succeed Hon. James Shanahan, who was the commissioner of Public Works during the early period of the construction of the sewer and fully conversant therewith.

Your committee would recommend that the Treasurer apply one-third of the above sum to the credit of the cost, including interest, of that portion of the sewer east of the canal and known as Section One, and that the remaining two-thirds be likewise applied by him to the cost, including interest, of the sewer lying west of the canal and known as Section Two; and that after such applications being made, said Treasurer certify to your honorable body the cost of the several sections to the end that proper orders for assessment may be made by your honorable body pursuant to the provisions of the charter.

Your committee cannot close this communication without expressing upon the part of your committee, as well as the citizens and taxpayers of the Ninth, Eleventh and Fifteenth wards, who are to be assessed for the cost of the sewer, sincere thanks to Senator McNaughton for the strong and successful efforts on his part in obtaining said moneys from the State authorities.

All of which is respectfully submitted.

J. MILLER KELLY,

WM. H. TRACY,

Special Committee.

Ordered received, filed and published.

By Aid. Kelly—Resolved, That the treasurer be, and he hereby is, directed to apply the foregoing moneys in the proportion and manner specified in the foregoing report; and that the sincere thanks of this Common Council, on behalf of itself and its committee, and the citizens and taxpayers of those portions of the Ninth, Eleventh and Fifteenth wards of this city, who are to be assessed for the construction of the above-mentioned sewer, be, and the same is hereby, extended to Hon. Donald McNaughton, Senator, from this district, for his successful efforts in obtaining for them the above-mentioned moneys from the State authorities.

On motion of Aid. Kelly, the report and resolution was ordered received, filed and published and laid on the table for two weeks.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

MAYOR'S OFFICE,
ROCHESTER, N. Y., March 4th, 1891. }

To the Honorable, the Common Council:

GENTLEMEN—In approving the minutes of the last regular meeting, I deem it proper to suggest that the limitation of the salary of the Auditor is entirely too small for an office of such vast importance, the sum named should be not less in my opinion than twenty-five hundred dollars, leaving to the Council, as in other like cases, to determine the matter as in their judgment may seem just and proper.

BOARD OF HEALTH, }
ROCHESTER, N. Y., March 9, 1891. }

To the Honorable, the Common Council:

This Board respectfully represents:

That a long standing complaint has existed against a nuisance of unknown origin and which is a menace to the health of the residents principally of the Second and Eighth wards in this city.

That it is the opinion of this Board that the cause emanates from a source which is not only difficult to locate but which if definitely traced will entail considerable expense.

That this complaint after investigation has been referred by the Executive Board to this Board whose ample powers are believed competent to abate said nuisance.

That the ordinary fund appropriated by your honorable body is insufficient for the extraordinary expenditure necessary to locate the origin of said nuisance and therefore you are respectfully requested to make a further appropriation of three hundred (\$300.00) to the credit of the Board of Health fund.

BOARD OF HEALTH, }
Rochester, N. Y., March 9, 1891. }

Resolved, That the Common Council be respectfully requested to order the payment to the Board of Health Fund the sum of three hundred (\$300.00) to be applied to the cost of locating and abating the nuisance complained of in the Eighth and Second wards of this city.

BOARD OF HEALTH,
ROCHESTER, N. Y., March 9, 1891. }

To the Honorable, the Common Council of the City of Rochester:

This board respectfully represents:

That under the provisions of the city charter the

City Clerk is made the clerk of the Board of Health without compensation, therefore,

That this provision, which in former years was ample and satisfactory, has become wholly inadequate by reason of the increased amount of business transacted in the two departments in charge of the City Clerk, and that therefore his duties to this board have become secondary, he being primarily subject to the demands of your honorable body and its committees; consequently the work of this board is either constantly impeded and often destroyed.

Further, That according to long standing custom, if not by charter provision, a salary of \$400 per year is paid from the fund of this board to the City Messenger for services not required;

That the amount thus paid would, if otherwise expended would secure the necessary clerical help without additional appropriation of money therefore;

Therefore, Notice is hereby given of the intention of this board to declare the office of messenger of the Board of Health vacant. if your honorable body will accede to the proposed amendment to the city charter hereto annexed.

President of the Board of Health.

By Commissioner Biegler—

To the Honorable the Common Council of the City of Rochester:

This Board would respectfully call your attention to the anomalous situation occupied by the milk and meat inspector and to ask that your honorable body will recommend the passage by the State Legislature of the accompanying proposed amendment of the city charter to secure the control of the service of the inspector to this Board, a change which is essential to the successful fulfillment of the duties of that office.

While his duties lie wholly within the province of this Board, he is the servant of another department of the city government, and experience teaches that he "cannot serve two masters" in a successful performance of his duties.

AN ACT to amend chapter fourteen of the laws of eighteen hundred and eighty, entitled "An act to further amend chapter one hundred and forty-three of the laws of eighteen hundred and sixty-one, entitled 'An act to amend and consolidate the several acts in relation to the charter of the city of Rochester, and to consolidate therewith the several acts in relation to the charter of said city,' " and the several acts amendatory thereof and supplementary thereto.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. Subdivision nineteen of section forty of chapter fourteen of the laws of eighteen hundred and eighty, entitled, "An act to further amend chapter one hundred and forty-three of the laws of eighteen hundred and sixty-one, entitled,

"An act to amend and consolidate the several acts in relation to the charter of the city of Rochester, and to consolidate therewith the several acts in relation to the charter of said

city, as amended by chapter one hundred and twenty of the laws of eighteen hundred and eighty two, and further amended by chapter five hundred and sixty-one of the laws of eighteen hundred and ninety, " is hereby further amended so as to read as follows:

19. To establish order and regulate markets to regulate the vending of wood, coal and other fuel, meats, vegetables, fruits, fish, poultry, milk and provisions of all kinds, and to prescribe the time and place for selling the same, and for ascertaining the weight or other quality thereof, and to prescribe the fees to be paid for licenses for the sale of the aforesaid commodities; such license fees not to exceed fifty dollars from any person, so licensed, except that a license fee, not exceeding thirty dollars, for a wagon drawn by two horses, and not exceeding twenty-five dollars, for a wagon drawn by one horse, may be exacted, and to prevent the sale, or exposure for sale, of unwholesome, diseased, impure or adulterated meats, vegetables, fruit, fish, poultry, milk and food and provisions of all kinds, and the [Common Council] Board of Health may—if in its judgment the public health shall require—appoint, from time to time, and at pleasure remove, a competent person, and fix his salary, whose duty it shall be to test and inspect all meats, vegetables, fruit, fish, poultry, milk, food and provisions of all kinds sold, or offered for sale, wherever the sale thereof is regulated by ordinance, for the purpose, and to prevent the sale, or exposure for sale, of all the aforesaid unwholesome, diseased, impure or adulterated commodities, and any of such commodities not of the standard or character fixed by any statute, now or hereafter passed, before being offered or exposed for sale, but, provided, that nothing herein contained shall authorize the Common Council to prevent the sale of fresh and wholesome meats by the quarter, within the limits of said city, by farmers who have raised or fattened the same upon their own farms.

§ 2. Section 268 of said chapter 14 of the laws of 1880, is hereby amended so as to read as follows:

§ 268. [The clerk of the city, without other compensation than his salary fixed by the Common Council, shall be the clerk of the board of health.] "The board of health shall have power, from time to time, to appoint, and remove, at pleasure, a clerk, and fix his salary, whose duty it shall be to attend the meetings [thereof] of said board, and keep a record of its proceedings, and such record, or a duly certified copy of the same, or of any part thereof, shall be prima facie evidence of the facts therein contained in any court or before any officer. [The number of health inspectors, and their salaries, shall be determined by the Common Council.]"

§ 3. This act shall take effect immediately. Aid. Kelly moved that the clerk send copies of the bill to the Senator and Assemblyman from this district and have copies of the same printed and sent back to the Common Council for their action Adopted.

By the Clerk—
ROCHESTER, N. Y., March 9, 1891.
To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—We, the commissioners of Mt. Hope Cemetery, do most respectfully call your attention to the fact that the city has cut down the grade of Mt. Hope avenue, leaving a bank from four to eight feet high, extending for several hundred feet, along Mt. Hope Cemetery. The sidewalk, or where one should be, is covered, almost continually with earth brought down from above by frost and rains, and a large number of fine elms have been undermined along the street line, and are in danger of falling into the road at the first high wind, or when the frost comes out of the ground. Besides the above, the washings from this bank are carried down the hill in great quantities into the sewer, which was only recently constructed at a large expense. This must, in a short time, be completely filled. It seems, for the safety of people traveling that locality, and for

the benefit of the sewer, that your honorable body should take some action at once to abate the danger which now threatens the public highway, and said sewer.

We, therefore, ask that the City Surveyor be requested to prepare an ordinance for the construction of a stone retaining wall along this street line in the vicinity of this embankment.

Respectfully submitted,
FREDERICK COOK,
H. C. BREWSTER,
H. B. HATHAWAY,
Mt. Hope Commissioners.

To the Honorable, the Common Council of the city of Rochester:

GENTLEMEN—At a meeting of the Rochester Chamber of Commerce held on yesterday the following resolution, which had been recommended by the special committee on additional water supply and adopted unanimously by the board of trustees, was adopted unanimously:

Resolved, That the Common Council be, and hereby is requested to cause to be inserted in the enabling act for additional water supply a provision for placing the entire work of the proposed new conduit in charge of a board of construction to consist of three members and be so appointed as to be non-partisan in character.

All of which is respectfully submitted,

MONROE COUNTY COURT—In the matter of opening a street, from Clifford street to Avenue A, in the city of Rochester.

To the Hon. the Common Council of the city of Rochester:

GENTLEMEN—The undersigned, who were appointed by an order of the Monroe County Court, granted on December 17th, 1890, and entered on the same day, commissioners to inquire into and determine what damages and compensation the owner or owners, tenants or occupants of the lands to be taken for the opening of a street from Clifford street to avenue A, in the city of Rochester, under final ordinance No. 4,127, will be entitled to, and respectfully report and certify their award of damages as incident to the opening of said street, as follows:

The several pieces of land required for such purpose and necessary for the opening of said street are situate in the city of Rochester, county of Monroe and State of New York, and respectively described as follows:

Beginning at the northeast corner of lot No. 300 of the Rochester Co-operative Building Lot Association; thence south, along the east line of said lot, for a distance of about one hundred and twenty feet, to the southeast corner of said lot; thence west, on the south line of said lot, for a distance of forty feet, to a point; thence north, on a line parallel with, and forty feet distant west from said east line, for a distance of about 120 feet, to the north line of said lot, or center line of avenue A; and thence east, on the said north or center line, for a distance of forty feet, to the place of beginning.

These premises are owned by Wm. Likly.

Also, all that other parcel of land, beginning at the northeast corner of lot 10 of the Assessors' subdivision, of the southeast corner of lot 300, of the Rochester Co-operative Building Lot Association; thence south, along the east line of said lot 10, for a distance of 112 feet, to a point; thence west, at right angles with said east line, for a distance of forty feet, to a point; thence north, on a line parallel with, and forty feet distant west from said east line, for a distance of 112 feet, to the south line of said lot 300; thence east, on said south line of said lot 300, for a distance of forty feet, to the place of beginning.

These premises are owned by Appollonia Schriener and have been contracted to be conveyed by her to Delia Stewart, by written agreement dated and acknowledged in 1888.

Also, all that other tract or parcel of land, beginning at a point in the east line of lot 10 of the assessors' subdivision, distant one hundred and twelve feet south from the southeast corner of lot 300 of the Rochester Co-operative Building Lot Association; thence south on said east line for a distance of about eight hundred and nineteen feet to the south line of said lot 10 or center line of Clifford street; thence west at right angles with said east line along said south or center line for a distance of forty feet to a point; thence north on a line parallel with and forty feet distant west from said east line for a distance of about eight hundred and nineteen feet to the south line of premises agreed to be conveyed to Delia Stewart, or one hundred and twelve feet south of the south line of said lot 300, and thence east along the south line of said lands agreed to be conveyed to said Delia Stewart and parallel with and distant one hundred and twelve feet south from said south line of said lot 300, for a distance of forty feet to the place of beginning.

These premises are owned by Appollonia Schriener.

Therefore, we the subscribers, the commissioners, having been duly sworn, as required by the statute in such case made and provided, and having all met and acted upon the matters submitted to us, at the City Attorney's office, in the City Hall building, in Rochester, N. Y., pursuant to a notice of, at least, ten days published according to law, and having taken a view of every part of the respective premises affected by this proceeding, and having inquired into and heard the allegations and proofs of the respective parties in interest, do, thereupon determine and appraise the damages which the several owners, (their being no tenants of occupants, other than such owners), of the several premises thus to be taken for the opening of said street, will severally sustain by being deprived thereof, and fix the compensation which the aforesaid owners respectively shall receive therefor, as follows:

The awards hereby made, after deducting all taxes and assessments which have become a lien upon the lands described, to be paid as hereinafter provided:

To William Likly, for the parcel first above mentioned, the sum of eight hundred (800) dollars, payable to him.

To Appollonia Schriener, for the parcel secondly above mentioned, the sum of four hundred and fifty (150) dollars, payable to her upon account of the contract existing between her and Delia Stewart, as aforesaid, to the extinguishment of said contract, and the balance, if any, to said Delia Stewart personally.

To Appollonia Schriener, for the parcel thirdly above mentioned, the sum of one (1) dollar, payable to her, she having stated to the commissioners that she made no claim for damages against the city.

Dated Rochester, N. Y., March 9, 1891.

Respectfully submitted,

EDWARD W. MAURER,
SAMUEL W. BRADSTREET,
EUGENE WELKER,

Commissioners of Appraisal.

Ordered received, filed and published

By Ald. Lewis—Resolved, That the next regular meeting of the Common Council, to be held on the 24th day of March, 1891, at 7 o'clock p. m., be, and the same hereby is designated as the time when any objections to the report of the Commissioners or Appraisal in the matter of opening a street from Clifford street to Avenue A, in the city of Rochester, under Final Ordinance No. 4,127, will be heard. Adopted.

V. FLECKENSTEIN, Treasurer.

Ordered received, filed and published.

LOCAL IMPROVEMENT ASSESSMENTS.

By Ald. Shelter—Whereas, The City Treasurer has ascertained and reported the entire and aggregate expense of and connected with the several following improvements, including any and all interest that the city has paid or has or shall become liable to pay upon account of any and all orders or notes issued by the city to pay the expenses of such improvements respectively adjusted by this Common Council as thus reported, and the respective portions or parts of the city on which the said expenses are hereby directed to be assessed and which this Common Council deems to be benefited by the improvements respectively, are as stated and described in the final ordinances relative to the improvements, respectively, and that the names and expenses of the improvements thus to be assessed are as follows, viz:

- Ordinance No. 4,198, Anderson and University avenue pipe sewer; the expense is \$851.64.
- Ordinance No. 4,117, Exchange street bridge retaining walls; the expense is \$726.62.

And it is further determined that the taxpayers to be assessed for making the foregoing improvements must pay their assessments within thirty days from the first publication of the advertisement of the notice of the Assessment Roll by the City Treasurer.

And it is further determined that the taxpayers to be assessed for making the following improvements, viz:

- Ordinance No. 4189, Jay street sewer; the expense is \$6,244.85.
- Ordinance No. 4148, Columbia avenue pipe sewer; the expense is \$2,572.05.
- Ordinance No. 8862, Genesee street stone and pipe sewer; the expense is \$12,661.40.

May pay their assessments in three equal payments as follows:

One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-third within one year from the confirmation of such roll; and the remaining one-third within two years from the confirmation of such roll. On all sums paid prior to the maturity of said last installment, a discount will be allowed at the rate of six per cent. per annum.

And the Assessors of said city, if they are not interested in any of the property within the part or portion of the city deemed to be benefited, and directed to be assessed, as aforesaid, or if any two of said assessors are not so interested, then such two, are hereby directed to make assessments upon all the lots and parcels of land within the portions or parts of the city above designated and directed to be assessed, of the amounts of expenses of such improvements, respectively, in proportion, as nearly as may be, to the advantage which the said lots and parcels of land within the respective territories to be thus assessed for such improvements shall be deemed to receive by the making of the respective improvements.

Adopted by the following vote:
 Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Wurtz, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—16.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

CLEVELAND STREET SPRINKLING.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of sprinkling Cleveland street from Hudson street to North street.

Adopted.

The Surveyor submitted as such estimate \$96.

By Ald. Shelter—Resolved That the following improvement is necessary, viz:

The sprinkling of Cleveland street, from Hudson street to North street, during the season of 1891.

And whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$96, which estimate is hereby approved.

Resolved, further, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Cleveland street, from Hudson street to North street, in proportion to the benefit and advantages which each will derive therefrom.

Adopted.

ALLEN'S ALLEY IMPROVEMENT.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Allen's alley.

Adopted.

The Surveyor submitted as such estimate \$2,300.

By Ald. Shelter—Resolved, That the following improvement is necessary, viz:

The improvement of Allen's alley from South Clinton street to Stone street by the construction of an asphalt pavement therein for the full width of the alley. Also, the construction of a vitrified pipe sewer 12 inches in diameter in said alley, from a point 30 feet east of the west line of the Hayward property to the sewer in Stone street. Also the construction of the necessary lot laterals, manholes, surface sewers and crosswalks.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of

the whole expense thereof, and reports the same at \$2,300, which estimate is hereby approved.

Resolved, further, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Allen's alley, from South Clinton street to Stone street, in proportion to the benefit which each will derive therefrom.

Adopted.

DRIVING PARK AVENUE SEWER.

By Ald. Judson—Resolved, That the City Surveyor ascertain and report to this council the expense of constructing a sewer in Driving Park avenue.

Adopted.

The surveyor submitted as such estimate \$1,805. By Ald. Judson—Resolved, That the following improvement is necessary, viz.:

The construction of a vitrified pipe sewer 12 inches in diameter in Driving Park avenue, from a point 20 feet west of First street to the outlet sewer in Driving Park avenue at a point about opposite the center of the Boulevard; also the necessary manholes, surface sewers, lot laterals, branches, roadway grading and gutter formations.

And Whereas, The City Surveyor, under the directions of this council, has made an estimate of the whole expense thereof, and reports the same at \$1,805, which estimate is hereby approved;

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Driving Park avenue from First street to the center of the Boulevard, in proportion to the benefit which each will derive therefrom.

Adopted.

GENESEE STREET STONE SEWER.

By Ald. Judson—Resolved, That the City Surveyor ascertain and report to this Council the expense of constructing a sewer in Genesee street.

Adopted.

The Surveyor submitted as such estimate \$2,650. By Ald. Judson, Resolved, That the following improvement is necessary, viz:

The construction of a stone sewer $2\frac{1}{2}$ feet, with arch and invert, in size, in Genesee street, from the south end of the present sewer in Genesee street, north of Brooks avenue, to the center of Brooks avenue. Also a branch stone sewer $1\frac{1}{2}$ feet with arch and invert, in size, extending westerly from the center of Genesee street and Brooks avenue, to the west line of Genesee street. Also, a branch sewer of vitrified pipe sewer, 24 inches in diameter, extending southerly from the center of Genesee street and Brooks avenue, to the south line of Brooks avenue. Also, the construction of the necessary manholes, surface sewers, lot laterals and branches.

And Whereas, The City Surveyor, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$2,650, which estimate is hereby approved.

Resolved, further, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Genesee street, from a point in the center of Genesee street where crossed by the present culvert north of and near Brooks avenue, to Brooks avenue. Also, all the territory included within and described by the following boundary lines, viz: Beginning at the northeast corner of Genesee street and Brooks avenue, thence westerly along the north line of Brooks avenue, including one tier of lots on the north side thereof, for not more than 20 feet in depth in any case, to the west line of the city; thence southerly along the west line of the city to a point 300 feet south of Brooks avenue; thence easterly on a line parallel with and 300 feet south of Brooks avenue to Hazel street, in the Frost subdivision; thence southerly along

Hazel street, including one tier of lots on the west side thereof, to a point midway between Spruce avenue and Weldon avenue, in said Frost subdivision; thence easterly on a line midway between said Spruce and Weldon avenues, to Genesee street; thence southerly along Genesee street, including one tier of lots on the west side thereof, to the south line of the city; thence easterly along said south line of the city to the east line of Genesee street; thence southerly along Genesee street, including one tier of lots on the east side thereof, to the place of beginning, in proportion to the benefit which each will derive therefrom.

Adopted.

GENESEE STREET ASPHALT IMPROVEMENT.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving Genesee street.

Adopted.

The Surveyor submitted as such estimate \$78,000. By Ald. Shelter—Resolved, That the following improvement is necessary, viz.:

The improvement of Genesee street, from West avenue, to the south line of Brooks avenue, by the construction of a Trinidad asphalt street pavement therein with a line of Medina stone curb on each side thereof, properly connected with all lateral streets, alleys and driveways. Width of main roadway between curbs to be 28 feet. Also the construction of a main sewer of vitrified pipe 12 inches in diameter, from a point 20 feet north of Flint street, to the present sewer opposite the center of Hawley street. Also the construction of such branches for main sewer as may be necessary at all connecting streets. Also the construction of the necessary manholes, surface sewers, lot laterals, cross walks and cross walk extensions, water and gas services, and the cleaning of the main sewers in the street if found to be necessary.

And Whereas, The City Surveyor under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$78,000, which estimate is hereby approved.

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Genesee street, from West avenue to Brooks avenue in proportion to the benefit which each will derive therefrom.

Adopted.

EAST AVENUE BRICK IMPROVEMENT.

By Ald. Shelter—Resolved, That the City Surveyor ascertain and report to this Council the expense of improving East avenue.

Adopted.

The Surveyor submitted as such estimate \$57,000. By Ald. Shelter—Resolved, That the following improvement is necessary, viz:

The improvement of East avenue from East Main street to the east line of Goodman street, south of East avenue, by constructing a vitrified brick pavement therein, with a line of Medina stone curb on each side thereof, properly connected with all lateral streets, alleys and driveways. The present curb stone existing in said street to be redressed and reset as far as practicable; any deficiencies to be supplied with new curb. The present width of the main roadway, being about 40 feet, to be maintained. Also the construction of all necessary crosswalks, crosswalk extensions, surface sewers, manholes, lot laterals, water and gas services and the cleaning of the main sewer in the street if found necessary.

And whereas, The City Surveyor, under the direction of this Council, has made an estimate of the whole expense thereof, and reports the same at \$57,000, which estimate is hereby approved.

Resolved, Further, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of East avenue, from East Main street to a point op-

posite the east line of Goodman street south of East avenue in proportion to the benefit which each will derive therefrom.

Adopted.

CLINTON PARK WIDENING.

By Ald. Bohrer—Resolved, That the following improvement is necessary, and we hereby judge that the public good requires the same to be done, viz.:

The widening of Clinton park (formerly known as Green street) from the south side of Monroe place (formerly known as Jackson street), to the north line of Griffith street, the west line of said park as proposed to be widened being described as follows, viz.: Beginning at a point in the north line of Griffith street, 3.72 feet west of the northwest corner of Griffith street and Clinton park thence northerly in a direct line to a point on the south line of Howell street, 7.62 feet west of the southwest corner of Howell street and Clinton park; thence in the extension northerly of said line to a point 38 feet north of the north line of Howell street; thence northerly in a direct line to a point in the south line of Monroe place, 27 feet west of the southwest corner of Monroe place and Clinton park. The east line of the park as proposed to be widened to be 60 feet easterly and parallel with the above described west line. The said Clinton park as proposed to be widened, to be 60 feet in width, and the land proposed to be taken is all that portion included between the above described street lines, not now opened and used as a public street.

Resolved, further, that the following portion of said city is deemed benefited by and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of South Clinton street, from East Main street to Monroe place; one tier of lots and parcels of land on each side of Clinton Park, from Monroe place to the Erie canal; one tier of lots and parcels of land on each side of Court street, from a point opposite the east line of South street to Courtland street; one tier of lots and parcels of land on each side of Monroe place, from South street to Monroe avenue, and one tier of lots and parcels of land on each side of Howell street, Marshall street and Griffith street, respectively from South street to Broadway. Also all that territory lying in the 12th ward of the city included within and described by the following boundary lines, viz.:

Beginning at the intersection of the center of the Erie canal with the center of Goodman street; thence southerly along the center of Goodman street, to the south line of the Twelfth ward; thence westerly along the south line of the Twelfth ward to the center of Mt. Vernon avenue; thence northerly along the center of Mt. Vernon avenue to the center of Nicholson park, thence northerly along the center of Nicholson park to the center of Grand street; thence easterly along the center of Grand street to the center of Whalen street; thence northerly along the center of Whalen street to the center of Averill avenue; thence easterly along the center of Averill avenue to the center of Bond street, thence northerly along the center of Bond street and in said line continued to the north line of Hamilton place; thence easterly along the north line of Hamilton place, including one tier of lots and parcels of land on the north side thereof, to Pinnacle avenue; thence northerly and westerly along Pinnacle avenue, including one tier of lots and parcels of land on the westerly and southerly sides thereof, to a point 300 feet east of South avenue, measured along the south line of Pinnacle avenue; thence northerly at right angles to Pinnacle avenue to the center of the Erie canal; thence southerly along the center of the Erie canal to the place of beginning. Also, one tier of lots and parcels of land on each side of Comfort street, from Pinnacle avenue to a point 350 feet west thereof, measured along the south line of Comfort street. Also, one tier of lots and parcels of land on West Alexander street, from Pinnacle avenue to a point 350 feet west thereof, measured along the north line of West Alexander street, in

proportion to the benefit which each will derive therefrom.

Adopted.

By Ald. Shelter—Resolved, That all persons interested in the subject matter of each and all improvements contemplated to be made in or by any ordinance or resolution adopted or passed at this meeting and the expense whereof in whole or in part is contemplated to be paid by a local assessment, are hereby directed to attend the Common Council on Tuesday, the 24th day of March, 1891, at 7 o'clock p. m., at the Common Council Chamber, when allegations relative thereto will be heard, and that the Clerk be and is hereby directed to publish for four secular days continuously in The Union and Advertiser and the Abend Post and Beobachter notice thereof as is required and in the manner specified by Section 172 of the City Charter. FINAL ORDINANCE, No. 4,367.

ALEXANDER STREET BRIDGE.

On motion of Ald. Shelter the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a bridge across the Genesee River at the east end of Edinburgh street. And after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to-wit:

The construction of a wrought iron, through truss bridge, with the substructures necessary thereto, across the Genesee river, connecting the east and west banks thereof opposite the east end of Edinburgh street. The width of the roadway of said bridge to be 21 feet and 6 inches between the center of trusses, with a sidewalk on each side thereof, each 8 feet in width, between the center of the truss and the center of the hand rail. The center line of said bridge to coincide with a line drawn direct from a point in the center of Edinburgh street, 175.5 feet east of the east line of Exchange street, measured along the center of Edinburgh street, to a point 45 feet west of Mt. Hope avenue, and 24.65 feet south of a continuation westerly of the south face of the foundation wall of the frame building erected by Mr. Crouch, now standing on the north side of the open space or driveway opposite Alexander street. The grade of the roadway of said bridge, to be at such a height as will allow at any time of the extension of said roadway westerly across the tracks of the New York, Lake Erie & Western Railway, allowing a clear headway of not less than 16½ feet above the top of the railroad tracks as they now exist.

And the City Surveyor, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$49,524 which being deemed reasonable, is hereby approved.

Resolved, further, that the whole expense thereof be paid from the public treasury of the city by the City Treasurer upon orders drawn pursuant to the future direction of this Common Council, and that the bonds of the city be issued and sold as provided in and by the provisions of Chapter 363 of the laws of 1888, as may hereafter from time to time be directed by this Common Council, to obtain the necessary sums to pay for the above bridge.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland Shelter, Wurtz, Hall, Bierbrauer, Judson, Schroth, Bohrer, Kelly, Lewis—16.

On motion of Ald. Fee further action on the final ordinance for Court Street River Bridge was indefinitely postponed.

CITY SURVEYOR'S OFFICE.
ROCHESTER, N. Y., March, 10th, 1891.

Chairman of Map and Survey Committee:

DEAR SIR:—John C. Ryan is entitled to the sum of (\$400.00) four hundred dollars for work completed under his contract for the survey of the first fourteen wards of the city. I recommend the payment of that amount.

Yours, respectfully,
OSCAR H. PEACOCK, City Surveyor.

By Ald. Lempert—Resolved, That the City Clerk be, and hereby is, directed to draw an order on the City Treasurer for the sum of four hundred (\$400) dollars in favor of John C. Ryan as partial payment for work performed under his contract with the city of Rochester for the survey of the first fourteen wards of the city, and charge the same to the contingent fund.

Adopted by the following vote:

Ayes—Ald. Tracy, McMillan, Fee, Rauber, Cleveland, Shelter, Wurtz, Hall, Bierbrauer, Kelly, Lewis—11.

By Ald. Cleveland—

To the Honorable, the Common Council of the City of Rochester:

The Rocheser Railway Company hereby makes application to your Honorable Body, in writing, for the right to construct, maintain and operate a double track railroad on the surface of the street in and through East avenue from the present tracks of the company on East Main street to Alexander street, thence along Alexander street to the present tracks of the company at the corner of Alexander street and Gardner park, such double track railroad to be operated by electric power.

It is well known to your Honorable Body, and to the citizens of Rochester generally, that it is not practicable to operate the Park avenue line, as at present laid out, with electricity as motive power; there is in that line too many sharp curves and too much single track to justify the company in attempting to operate such line with electric power. The large and rapidly growing section of the city which is served by the Park avenue line demands that some line should be constructed in its place which can be operated by electricity. There is no way that this company has been able to devise for the relief of the section referred to except by the change of the Park avenue line as above suggested. If a franchise shall be granted to this company to construct, maintain and operate its railroad in East avenue and Alexander street, this company will ask the permission of your honorable body to discontinue and abandon that portion of its line extending from Main street through Elm street, Chestnut street, James street, Court street, Union street and Gardner park.

There is at this time pending before your honorable body one or more first ordinances for the improvement of East avenue in and through that portion of the street along which this company asks permission to construct, maintain and operate its railroad.

This company hereby proposes to pay, as a condition of obtaining the consent of the local authorities and the property owners upon East avenue from East Main street to Alexander street, one-half of the expense of the proposed street improvement, whether such improvement shall consist of stone, macadam, brick or asphalt.

The consent which a large number of people on East avenue have signed, granting to the company the right to construct, maintain and operate its double track railroad, provides that the company shall pay one-half the expense of the street improvement. This company will enter into a contract with the city of Rochester, conditioned that if it does obtain the consent of the local authorities and the property owners to the construction of the line on East avenue above described, and upon the construction of such line, it will obligate itself to pay one-half of the expense of such improvement.

Respectfully submitted,

ROCHESTER RAILWAY COMPANY,
By J. N. Beckley, President.

Ordered received, filed and published.

By Ald. Cleveland—Resolved, That the application of the Rochester Railway company to construct, maintain and operate a double track railroad from the present tracks of that company on East Main street, in and through East avenue to Alexander street, thence along Alexander street to the present tracks of the company at the corner of Alexander street and Gardner Park will be first considered by this Board at a meeting thereof which is hereby appointed to be held on the 7th day of April, 1891, at the Common Council chamber in the City Hall building, Rochester, N. Y., at 7 o'clock p. m.; and that the City Clerk give public notice of such application and of the time and place when such application will be first considered by this Board, by a notice thereof to be published daily for at least fourteen days in two daily newspapers of this city, to be designated by the mayor. Adopted.

By Ald. Hall—Petition of Peter Lick and wife. Referred to the Assessment Committee.

By Ald. Kelly—Resolved, That the Central Bank of Rochester, the Traders' National Bank of Rochester and the German-American Bank of Rochester be, and they hereby are, designated as the banks in which the City Treasurer shall deposit the moneys received by him belonging to the city during the year beginning August 1, 1891, except such as is, or may hereafter, be otherwise directed or required to be deposited, and that the Mayor be, and he hereby is, directed to enter into contracts with the said banks respectively therefor, each of which contracts shall provide, in substance, that the contracting banks shall pay and allow upon the moneys so deposited with it during said year interest at the rate of two per cent. per annum upon the daily balances of said moneys; the amount of such interest payments to be credited to the account of said city monthly, and that said contracting bank shall be entitled to receive one-third of all moneys received by said treasurer belonging to the city during said contract year, except such as is, or may hereafter be otherwise deposited, as aforesaid, and said contract shall also provide that the contracting bank shall, at such times, and in such sums, whenever required by said Treasurer or this Common Council, but in the aggregate not exceeding one hundred and fifty thousand dollars, loan moneys to the city, during said contract year, all loans to be at the current rate of discount, but at no time at a rate greater than six per cent. per annum, and such contract shall be operative only in case of the bank or banks so contracting shall deliver to the Finance Committee of this Common Council a bond or undertaking in writing, signed by sureties, to secure the performance of the terms of said contract by said bank, and to secure the city against loss by reason of any of said deposits; the penalty of the bond to be in the sum of one hundred and twenty-five thousand dollars, and the form of the bond or undertaking to be approved by said committee and the City Attorney, and the sufficiency of the sureties to be approved by said committee.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, Fee, Rauber, Cleveland, Hall, Bierbrauer, Schroth, Bohrer, Kelly, Lewis—11.

Nays—Ald. Shelter, Wurtz—2.

By Ald. Kelly—Resolved, That the Treasurer be and he is hereby directed to make the city's note for three hundred dollars and procure the same to be discounted, and that he credit the proceeds thereof to the Health Fund and charge the discounting thereof to the Contingent Fund, and that the said note be countersigned by the chairman of the Finance Committee before it shall be discounted, and that the said note be charged to deficiency in the Health Fund, as is provided by the city charter.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, Fee, Rauber, Cleveland, Shelter, Wurtz, Hall, Bierbrauer, Bohrer, Kelly, Lewis—12.

By Ald Lewis—

ROCHESTER, March 10, 1891.

Mr. Chairman and Gentlemen of the Common Council:

I hereby tender my resignation as alderman representing the Thirteenth ward, city of Rochester, to take effect to-night.

Yours very respectfully,

JOHN U. SCHROTH.

Ald. Lewis moved that the resignation be and the same is hereby accepted.

Ald Kelly moved to add the following, "and this Board in accepting Alderman Schroth's resignation do so with regret and do hereby testify to the alderman's performance with zeal and fidelity of the duties pertaining to his office as such alderman."

The motion being duly seconded, was then adopted unanimously by a rising vote.

Ald. McMillan moved that the proposed amendment to the city charter relating to an auditor be amended by inserting that the salary be not less than \$2,500 per annum. Adopted.

Ald. McMillan moved that the city attorney be directed to prepare an amendment to the city charter in accordance with the recommendation of the Board of Education, relating to a Superintendent of Public Buildings, purchase of supplies, &c., published at page 477, current proceedings. Adopted.

Ald. McMillan—That copies of the foregoing amendments be transmitted to the members of the Legislature from this district, with the request that they be introduced and urged to a speedy passage. Adopted.

By Ald. McMillan—

To the Honorable, the Common Council of the City of Rochester:

The Board of Health of the village of Brighton has served a notice upon me commanding, first, to cut a channel through the pond in my place adjoining East avenue, known as Willow Pond, from the inlet to the outlet, and bank up the sides of the channel so cut so as to confine the stream now running through the pond to a width of ten feet; and second, to clean out the sewage and sediment which has collected in other portions of the pond. In view of the fact that the objectionable condition of the pond is due to the sewage collected in the pond by the discharge thereof from the Monroe avenue and Nichols park outlet sewers into Thomas creek above, and which passes through my said pond, I consider that the city of Rochester should, at its own expense, remedy the evil, and in which position I am strengthened by the judgment and order of the Supreme Court in my action against the city, as I recovered the cost of a former cleaning of said pond in said action. To permit the city to comply with the above requirements of the Board of Health of the village of Brighton, I will allow its agents, contractors and servants to enter upon and do the above mentioned things in said pond.

Trusting your Honorable Body will take early action in the premises, I remain,

Respectfully yours,

GEORGE CHAPMAN, SR.

February 27, 1891.

Referred to the Law Committee.

By Ald. McMillan—Whereas, A vacancy existing in the office of alderman of the Thirteenth ward, occasioned by the resignation John U. Schroth, it is therefore,

Resolved, That pursuant to the provisions of Section 23 of the city charter, a special election be held in said ward on the 2nd day of April, 1891, at which a successor to John U. Schroth for the office of alderman for said ward be elected by the electors of said ward and that said election be held at the same places as the recent charter election and that the polls be kept open during the same hours as at the said charter election and that the City Clerk serve notice of such election upon the inspectors of election of said ward, which notice shall be signed by said Clerk and shall specify the officer to be chosen and the day and places within the ward at which such election is to be held and that such Clerk also publish such notice in the daily newspapers of the city at least once before such special election, as is provided in and by section 25 of such charter.

Ald. McMillan moved that the City Attorney be directed to prepare an amendment to the charter allowing the Treasurer to furnish a guaranty company's bond, and transmit the same to the members of the Legislature from this district. Adopted.

Ald. Cleveland moved that the enabling act for an additional water supply be referred back to the committee on water supply, to confer with the Chamber of Commerce Committee, Members of the Legislature and others at the Common Council Chamber Saturday afternoon, March 14th. Adopted.

The Board then adjourned until Monday evening, March 16, 1891, at 7 o'clock.

PETER SHERIDAN, City Clerk.

In Common Council—March 16, 1891.

By Ald. Cleveland—

AN ACT to provide the city of Rochester with an additional supply of pure water.

The people of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Common Council of the city of Rochester shall, within thirty days after the passage of this act appoint three residents of the city of Rochester, who shall be known as "The Rochester Additional Water supply Commission." The said commissioners shall be appointed in the manner following, that is: The members of the Common Council who, at the time of such appointment, are members of the political party having the majority of members of said council, shall nominate two members of such commission, and the members of the Common Council who, at such time, are members of the political party having the minority of members in said council, shall nominate one member of such commission, and the said Common Council shall appoint the persons so nominated, but no appointments shall be made, unless, among the persons so nominated, there shall be at least one who is a member of the political party known as the Democratic party, and at least one other who is a member of the political party known as the Republican party. It shall be the duty of said commissioners, when appointed, and they are hereby authorized, empowered and directed, to obtain for the city of Rochester an additional supply of pure water, in the manner hereinafter provided. Said commissioners shall hold office until the work of obtaining such supply is completed, and shall receive a salary of not to exceed six thousand dollars per year each, to be fixed by the Common Council, and they, and their successors, shall hold no federal, state or other municipal office, except that of notary public or commissioner of deeds, while they continue in office as such commissioners, and, in case of the acceptance by any of said commissioners of any federal, state or other municipal office, other than notary public or commissioner of deeds, such commissioner shall, by such acceptance, forfeit his office as commissioner, and the said office shall, thereby, become, and be, vacant. In case of the failure of any of the persons appointed to accept and qualify as such commissioners, within the time required by provision hereinafter made, his office, as such commissioner, shall, thereby, become, and be, vacant, and, in case of a vacancy in said commission, either by failure to accept and qualify, or by death, resignation or otherwise, the said Common Council shall, within thirty days after such vacancy is created, fill such vacancy by appointment, and such appointment shall be made upon the nomination of the majority of the members of the Common Council, but no appointment to fill a vacancy shall be made unless the appointment is so made that, after the appointee becomes a member of the commission, the said commission shall contain at least one person who is a member of the political party known as

the Democratic party and at least one other person who is a member of the political party known as the Republican party.

§ 2. Within ten days after their appointment, the members of said commission shall take the oath of office prescribed by the constitution of the State of New York, and, before entering upon the duties of their office, shall execute and file with the Mayor of the city the said oath of office, and a bond, in an amount to be determined by the Common Council of the city, for the faithful performance of their duties. Such bond shall be approved as to form and sufficiency by the Mayor and the city attorney of said city.

§ 3. As soon as said commissioners shall have executed, had approved, and filed, their bonds, as required by this act, they shall immediately proceed to devise a plan, or plans, for the purpose of obtaining for the city of Rochester an additional supply of pure water, of an amount not less than fifteen million gallons per day, which said plan, or plans, with maps, specifications, estimates, and particulars relating thereto, shall be presented to the Common Council of said city within three months after the appointment of said commissioners; such time may be extended by the Common Council of said city, within its discretion. The said Common Council may adopt, modify or reject, in whole, or in part, any of such plan, or plans, and may require further, or other, or different plans, with proper maps, specifications, and particulars relating thereto, to be presented to it, if necessary, from time to time, until the said Common Council shall determine upon some plan as proper and desirable for the purpose of accomplishing the objects of this act.

§ 4. Said commissioners shall have power to employ engineers, surveyors, and such other persons, as may be necessary, in their judgment, to ascertain the best and most desirable plan for obtaining the additional supply of water sought to be obtained, and such other assistance as may be necessary or expedient, in order that they may, more speedily and certainly, perform their duties, and accomplish the purpose for which they were appointed.

§ 5. As soon as the Common Council shall have determined upon a plan, said Common Council shall, by resolution, declare the adoption of such plan, and shall make proper entries of such resolution in their minutes, and the plan thus adopted shall be the plan by which the said commissioners shall proceed to obtain for the said city of Rochester the supply of water sought to be obtained.

§ 6. After the adoption of said plan by said Common Council, the said commissioners shall proceed to acquire such lands, or interest or easements therein, as may be necessary or desirable for the purpose of obtaining the additional water supply, and conveying the same to said city, and also such rights, titles, interests or easements, in or to any lands, waters, lakes, springs, ponds or streams, as may be necessary or desirable for said purpose, and the said commissioners are hereby authorized and empowered to acquire, by purchase, gift or condemnation proceedings, such lands, waters, lakes, springs, ponds or streams, or such rights, titles, interests or easements therein as, in their opinion, may seem best for the purpose they were appointed to accomplish. And the said commissioners shall proceed to execute the said plan adopted by said Common Council in the manner and way which may seem best to said commissioners to secure the said city of Rochester the additional supply of pure water sought by said city to be obtained by this act.

§ 7. Whenever the said commissioners shall obtain by gift or purchase, or shall acquire by condemnation proceedings, the title to any lands, waters, lakes, springs, ponds or streams, or any rights, interests or easements therein, the same shall be so acquired and taken in the name of the city of Rochester, and, after the completion of the work herein authorized, the said lands, waters, lakes, springs, ponds or streams, or the rights, interests or easements, so obtained or acquired, shall be turned over to the board or department of the city of Rochester having charge of the water works

of said city, and shall become and be a part of the water works system of said city.

§ 8. In case the said commissioners are unable to obtain by gift or purchase the title to the lands, waters, lakes, springs, ponds or streams, or the rights, interests or easements therein, which they deem necessary, they are hereby authorized to proceed to acquire the same, or any thereof, by condemnation proceedings, and the manner and form of such proceedings shall be in accordance with the provisions of chapter ninety-five of the laws of the state of New York of the year eighteen hundred and ninety, and of the acts amendatory thereof, which said act is known as the "General Condemnation Law." Such proceedings, so to be taken, shall be taken in the name of the city of Rochester, and the lands, waters, lakes, springs, ponds and streams, or the rights, interests or easements therein, sought to be acquired, may be taken in one proceeding, or may be taken in several proceedings, instituted from time to time.

§ 9. The city of Rochester is hereby authorized to borrow money, for the purpose of accomplishing the object of this act, to the amount, and in the manner hereinafter stated, and the Common Council of the said city may, from time to time, hereafter, for the said purpose, by a three-fourths vote of the members of said Common Council, authorize the city treasurer to issue the bonds of said city, to an amount not exceeding, in the aggregate, the sum of one million and seven hundred and fifty thousand dollars, running for a period not exceeding fifty years, and bearing a rate of interest not exceeding three per cent. per annum, payable at such place as the Common Council shall designate; said bonds, when issued, shall be signed by the Treasurer, sealed with corporate seal of the city, countersigned by the Mayor and president of the Common Council, and may be either coupon or registered bonds, and shall be redeemable at any time after twenty years from the date thereof. A complete record shall be made and kept by the said Treasurer of said bonds, including the dates, amounts, and dates of maturity thereof, and to whom issued, if registered, respectively. The proceeds of said bonds shall be applied to the payment of the cost of procuring said additional water supply and to the costs and expenses of the commission therein authorized to be appointed.

§ 10. The bonds of the city of Rochester, which shall be issued by virtue of this act, shall be sold, from time to time, as the city treasurer shall be authorized, as hereinbefore provided, at public sale, to the highest bidder, after ten day's notice, published in at least, the official paper of said city, and in one or more newspapers published in the city of New York; but said bonds shall not be sold at any time, at less than par.

§ 11. The several banks, including the savings banks within the city of Rochester, and the Rochester Trust and Safe Deposit Company, are hereby authorized to receive, and keep on deposit, any moneys raised by the sale, or for the payment of, said bonds, and to pay on said deposits the same rate of interest paid or allowed by such bank or banks, or safe deposit company, upon deposits of less than one thousand dollars in amount, received by individuals from said banks, during the time of such deposits respectively.

§ 12. In any year in which, by the provisions of this act, any portion of the principal of the bonds herein authorized shall be subject to redemption, it shall be the duty of the city treasurer to give notice, in at least the official paper of the city of Rochester and in one or more newspapers published in the city of New York, during the first ten days of July, stating the amount of such bonds to be redeemed at par and accrued interest, and inviting tenders thereof from the holders of such bonds and from the tenders so received, if any, to select bonds to an amount not exceeding the amount required for redemption, and give the holders thereof notice that the same will be paid, at such place as said bonds, and the interest thereon shall, by their terms, be made payable, on or before the first day of September then next. In

case the amount so tendered, shall be less than the amount so required for redemption it shall be the duty of the said treasurer, between the fifteenth and twentieth days of any such July, to draw, by lot, from the bonds outstanding the numbers required to supply any such deficiency, or, in case no tender shall have been received, the whole number, so required for redemption, and, for this purpose, each one thousand dollars of bonds, so issued, whether registered or coupon, shall be numbered consecutively in the order of issue, and, as to the bonds so drawn, the said treasurer shall, at once, give public notice, in one or more of the newspapers published in the city of Rochester, of the fact that such bonds, stating the numbers, have been drawn for redemption, and that the same will be paid, with accrued interest, at such places as said bonds, and the interest thereon, shall be made payable, on or before the first day of August, then next, and, as to all such bonds, so tendered or drawn, and in respect to which the money required for their redemption shall be provided and kept ready for payment, from and after the several times, so limited for redemption and payment, interest shall cease.

§ 13. The Common Council of said city shall, from the proceeds of the sale of said bonds, pay from time to time, as said commissioners shall report to it, the cost and expenses of said commissioners in the prosecution of the work necessary to accomplish the purposes of this act, including the salaries of said commissioners and all the cost and expenses of obtaining said additional water supply.

§ 14. This act shall take effect immediately.

By Ald. Cleveland—Resolved, That the annexed proposed bill be sent to Albany, and that the Honorable Senator and Member of Assembly from this district be, and they hereby are, respectfully urged to have the present water act, now pending in the Legislature, so amended as to include in said act the provisions as set forth in the annexed proposed bill, and that they are respectfully urged to secure the speedy passage of the said bill, as so amended.

Ald. Shelter moved that that portion of section one fixing the salaries of the commissioners not to exceed six thousand dollars per year be stricken out, and two thousand dollars be inserted.

Lost by the following vote:

Ayes—Ald. McMillan, Rauber, Shelter, Wurtz, Bohrer, Lewis—6.

Nays—Ald. Tracy, Sullivan, Cleveland, Hall, Bierbrauer, Kelly—6.

Ald. Lewis moved that the bill be referred back to the water supply committee to report an act without any reference to a commission.

Lost by the following vote:

Ayes—Ald. McMillan, Rauber, Shelter, Wurtz, Bohrer, Lewis—6.

Nays—Ald. Tracy, Sullivan, Cleveland, Hall, Bierbrauer, Kelly—6.

Ald. McMillan moved that the Common Council recommend to the Senator and Assemblyman from this district the passage of the enabling act adopted at the last meeting.

Lost by the following vote:

Ayes—Ald. McMillan, Shelter, Wurtz, Bohrer, Lewis—5.

Nays—Ald. Tracy, Sullivan, Rauber, Cleveland, Hall, Bierbrauer, Kelly—7.

The original resolution of Ald. Cleveland urging the Senator and member of Assembly to procure the passage of the act set forth in the bill presented this evening was adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, Rauber, Cleveland, Hall, Bierbrauer, Kelly—7.

Nays—Ald. McMillan, Shelter, Wurtz, Bohrer, Lewis—5.

Ald. Kelly moved that the City Attorney confer with the Senator and Assemblyman from this district in regard to amendments providing for holding open meetings by the commission and also for the letting of contracts by the commission to the lowest bidder and such other amendments as the City Attorney may deem proper. Adopted.

Ald. Lewis moved that the City Attorney also confer with the Senator and member of Assembly from this district for the purpose of providing an amendment that the commissioners of construction shall not continue in office after the 1st day of January, 1895. Adopted.

Ald. Kelly asked and obtained unanimous consent to present the following:

By Ald. Kelly—

ROCHESTER, March 14, 1891.

To the Honorable, the Common Council:

GENTLEMEN: Your Finance Committee to whom was referred the consideration of the payment of the inspectors of election, rent of registry and polling places respectfully report that we have given the matter due attention and find that under the new system of registration and of voting, the labors of the inspectors of election have greatly increased and had to perform extra labor outside of their duties as inspectors of election such as placing booths in proper positions and other duties which must necessarily be done for the convenience of the voter.

In view of these facts your committee recommends that the usual sum of \$25.00 be awarded to each inspector, said sum to include the compensation of the poll clerks, and that \$125.00 being the combined fees of five inspectors and the poll clerks of each election district be paid to the chairman of each board of inspectors of election of the city of Rochester, providing no objection is made by any such inspector or clerk. If objection is made your committee recommends that an order be drawn in favor of each claimant for his individual compensation as provided by law.

J. MILLER KELLY,
STEPHEN RAUBER,
S. D. W. CLEVELAND,
T. McMILLAN,
Finance Committee.

Ordered received, filed and published.

By Ald. Kelly—Resolved, That the City Clerk be, and he hereby is, directed to draw orders payable from the contingent fund, on the City Treasurer, in favor of the chairman of each of the Boards of Inspectors of Election of the city of Rochester, for one hundred and twenty-five dollars each, in full for the services of the five inspectors and poll clerks of each election district as registers, inspectors and clerks of the charter election of 1891, provided no objection is made by any inspector or clerk; objection being made, the clerk is hereby directed to draw an order in favor of each claimant for his individual compensation as provided by law, deducting from the amount of said order all proper charges against such inspectors. The clerk is likewise directed to draw an order, payable as aforesaid, in favor of each proprietor (except the city of Rochester) of places used for election purposes, for the sum of thirty dollars; and except in cases where buildings have been erected on private property by the city in which cases the sum payable to each proprietor shall be \$20.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Rauber, Cleveland, Shelter, Wurtz, Hall, Bierbrauer, Bohrer, Kelly, Lewis—12.

Ald. McMillan presented notices of claims of Joseph Costich vs. The City of Rochester and Spherine Case vs. The City of Rochester.

Ordered received and filed.

By Ald. McMillan—

To the Common Council of the City of Rochester:

GENTLEMEN—On the 12th day of March inst. judgment was entered by Frank X. H. Erbland against the city of Rochester for five hundred and thirty-two dollars and thirty-three cents (\$532.33), and on the 14th of March inst. judgment was entered in favor of the plaintiff in the case of Jacob P. Brasser, as administrator, for six hundred and thirty-four dollars and forty-seven cents (\$634.47).

We assume that the city does not intend to appeal from the judgments above specified for the reason that the verdicts were so small. We ask

that the treasurer be directed to pay the judgments:

Dated Rochester, N. Y., March 16, 1891.

HUBBELL & MCGUIRE,
Attorneys for Plaintiffs, 709 to 712 Wilder Building, Rochester, N. Y.

Referred to the Law Committee.

Ald. Shelter moved that Ald. Wurtz be added to all the committees made vacant by the resignation of Ald. Selye. Adopted.

Ald. Rauber asked leave to introduce the following amendments to the penal ordinance relative to the regulation, qualification and licensing of stationary engineers, and such leave being granted, moved that the same be adopted.

A penal ordinance to amend the penal ordinance relative to the regulation, qualification and licensing of stationary engineers, adopted on January 27th, 1891.

SECTION 1. Section one of said penal ordinance is hereby amended so that the first day of April, 1891, shall be inserted in the blank date left therein, and that the said section be further amended by adding thereto the following:

The said committee shall have the power, in case of any application being made, and the applicant upon the examination failing to satisfy the committee of his ability to operate the boiler plant mentioned in the application, to grant to the applicant a period of not exceeding twenty days time in which he, the applicant, shall possess himself of the necessary qualifications, so that he may pass the examination, to the satisfaction of the examiners.

§ 2. Section three of said penal ordinance is hereby amended, so as to read as follows:

§ 3. Every application to said clerk for examination must be in writing, and in addition to the matters aforesaid, must state the size, capacity and location of the boiler plant which the applicant is operating, or intends to operate, and shall be accompanied with a fee of two dollars, to defray the expenses of examination and, if accepted, to pay the license fee for the first year, and the examination of the applicant shall have reference to his qualifications to operate the boiler plant so described and located, and the license issued to him at any and all times, shall state the particular boiler plant he is licensed to operate. Every such application for examination shall also be accompanied with the certificate of two reputable persons, certifying that the applicant is possessed of the qualifications herein required.

§ 3. This ordinance shall take effect immediately.

The penal ordinance was adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Rauber, Shelter, Wurtz, Hall, Bierbrauer, Bohrer, Kelly, Lewis—11.

By Ald. Wurtz—Petition for the sweeping and cleaning of Lorimer street. Referred to the Surveyor to prepare an ordinance.

Ald. Wurtz presented the following:

ROCHESTER, N. Y., March 16, 1891.

Ald. Julius Wurtz:

I hereby decline to qualify or act as constable of the Ninth ward.

CHARLES WALLACE.

Ald. Wurtz moved that the Board proceed to appoint a constable of the Ninth ward. Adopted.

Ald. Wurtz nominated James Plunkett, who was named by Ald. Tracy, Sullivan, Rauber, Shelter, Wurtz, Hall, Bierbrauer, Bohrer, Kelly, Lewis—10.

James Plunkett having received the required number of votes was declared duly appointed.

By Ald. Rauber—Petition for cement walk in Grant park. Referred to the Surveyor to prepare an ordinance.

On motion of Ald. Sullivan the board then adjourned.

PETER SHERIDAN, City Clerk.

in Common Council—March 24, 1891.

REGULAR MEETING.

Ald. Wm. H. Tracy, President of the Board, presiding.

Present—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Wurtz, Hall, Bierbrauer, Judson, Bohrer, Kelly, Lewis—15.

APPROVAL OF MINUTES.

The minutes of the preceding meeting were approved as published in the book of proceedings.

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Wurtz, Hall, Bierbrauer, Judson, Bohrer, Kelly, Lewis—15.

By Ald. Sullivan—
ROCHESTER, N. Y., March 24, 1891.

To the Honorable Common Council:

GENTLEMEN—Your committee having considered the statement of the Rochester Gas Light Company presented to the Common Council March 10th, 1891, relating to the equipments furnished by said company in lighting various streets of the city by gas, respectfully recommended the acceptance of the proposition of said Gas Light Company as submitted by W. Cole, agent.

Respectfully,

WM. H. SULLIVAN,
J. MILLER KELLY,
JAMES S. JUDSON,
Lamp Committee.

Ordered received filed and published.
By Ald. Sullivan—Resolved, That in consideration of the receipt in full of a bill amounting to three hundred and five dollars and forty cents (\$355.40) by the Rochester Gas Light Company for furnishing street lighting equipments for lighting by gas, Kenwood avenue, Bronson avenue and Clifton street.

Resolved, That the City Treasurer be and hereby is directed to pay the Rochester Gas Light Company one hundred and fifty-three dollars and thirty cents (\$153.30), in full of all demands, for the bill above mentioned, and charge the same to the Lamp Fund.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Wurtz, Hall, Bierbrauer, Judson, Bohrer, Kelly, Lewis—15.

By Ald. Shelter—
To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Your assessment committee begs leave to submit the following as its report:

The application of John Gleichauf to have relief from an assessment against his property, known as lots 27 and 28 on the west side of Goodman street, assessed for the Goodman street outlet sewer extension, should be denied, for the reason that it appears that he is assessed for outlet purposes only.

The application of James H. Stiles for relief from an assessment against his property on the north side of Atkinson street, for the Plymouth avenue lift bridge, should also be denied, for the reason that, as appears by the report of the City Surveyor and Assessors, the property is so situated as to be properly assessable for Buffalo street bridge approach, as well as said lift bridge.

The application of Jacob Young to have refunded to him assessments made by the commissioners

appointed in the matter of the construction of the North avenue outlet sewer in 1874, the premises then being situated in the town of Irondequoit, should be denied, for the reason that your committee cannot see any reason why the judgment or determination of said commissioners should be, at this late day, interfered with.

The general city tax against Louis Eesenman, as executor of the estate of Nimrod Eesenman, for personality, in 1890, should be cancelled, for the reason that his accounts as such executor were fully settled, and the decree of the Surrogate of Monroe county, entered in the fall of 1889, so that nothing remained in his hands as executor when the assessment rolls for 1890 were prepared by the Assessors.

Madames Proctor and Nettleton, owners of lot 26, on the south side of Adams street, Cornhill tract, which was sold, first, on June 20, 1878, for an unpaid South Fitzhugh street sewer tax, and, second, on March 31, 1881, for the general city tax for 1880, and also under ordinance No. 1,830, assessed for the Adams street improvement, both sales being made to the city, should be permitted to pay the said taxes and assessments, with 6 per cent. interest per annum thereon, from the dates of sales, where such sales have been had, or Adams street improvement assessment, from August 30, 1875, the date when it became due, to the date of payment, providing the same be paid within two months from this date.

Timothy O'Callihan should be permitted to pay the sum of ninety dollars, in full of the balance of the city tax for 1890, against lots 7 and 1, west side of Warehouse street, including any and all assessments and other matters added thereto and forming a part thereof, provided such payment be made on or before the 25th inst.

Peter Lick and wife would be permitted to pay the Union street sewer assessment on lot 17 on Union street, in Moulson's tract, with 6 per cent. interest per annum thereon, from the date of sale to the payment, provided such payment be made within two months from this date.

The heirs of J. T. Stewart, Henry Rohlf, John Engler and John Pierpont estate should be permitted to pay the unpaid city taxes, prior to 1890, against lots Nos. 3, A, B, J. T. Stewart's tract, on Weeger street; lot 25, J. T. Stewart's tract, Maria street; lots Nos. 10, 8 and 6, J. T. Stewart's tract, Thomas street; lots 73 and 67, Lutweller tract, on Weeger street; lots 83 and 84, same tract, on Henry street; lots 14 and 16, Thomas tract, J. T. Stewart's subdivision, on Thomas street, lot 7, same tract subdivision, and street; and lots 1 and 2, J. T. Stewart's tract, on Weeger street, by paying the amounts thereof, as they appear at the dates of sale, with interest thereon at six per cent. per annum, from those dates, to the date of payment, provided such payment be made within two months from this date, and in case the certificates are held by the city, and where sales were made in 1889, or subsequently, by having one dollar for service of notice on each sale added thereto deducted therefrom.

HENRY SHELTER,
LEO J. HALL,
JULIUS WURTZ,
Assessment Committee.

Ordered received, filed and published.
By Ald. Shelter—

Resolved, That the applications of John Gleichauf, James H. Stiles and Jacob Young, referred to in the foregoing report of the Assessment Committee, be, and they are, severally, denied. Adopted.

Resolved, That the Treasurer be, and he hereby is, directed to cancel the general city tax against Louis Eesenman, as executor of the estate of Nimrod Eesenman, for personality, for 1890, and to charge the same to erroneous assessments. Adopted.

Resolved, That the Treasurer be, and he hereby is, directed to receive from Madames Proctor and Nettleton, owners of lot 26 on the south side of Adams street, the unpaid city tax for 1880, and the assessments for the South Fitzhugh street sewer and Adams street improvement, with interest

thereon at six per cent. per annum from dates of sales, or, in the case of said Adams street improvement from August 30, 1873, to the date of payment, providing such payment be made within two months from this date.

Resolved, That the treasurer be, and hereby is, directed to receive from Timothy O'Callihan, ninety dollars, in full of the balance of city taxes for 1890, including any and all assessments and other matters added thereto, and forming part thereof, against lots seven and one, west side of Warehouse street, providing such payment be made on or before the 25th inst. Adopted.

Resolved, That the treasurer be, and he hereby is, directed to receive from Peter Lick and wife the amount of the Union street sewer assessment on lot 17 on Union street, Moulson tract, as it appears at the date of sale, with 6 per cent. interest per annum thereon, from that date to the date of payment, providing such payment be made within two months from this date. Adopted.

Resolved, That the treasurer be, and he hereby is, directed to receive from the heirs of J. T. Stewart, Henry Rohdi, John Englert and John Pierpont estate, the unpaid city taxes, prior to 1890, against the lots mentioned in the foregoing report of the Assessment Committee, as they appear at the dates of their respective sales, with interest thereon at 6 per cent. per annum from those dates to the date of payment, providing such payment be made within two months from this date, and in case certificates are held by the city, and where sales were made in 1889, or subsequently, by deducting one dollar for the service of the notice, on each sale, added thereto, and the interest to be paid upon such reduced amount. Adopted.

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, March 24, 1891. }

To the Common Council:

GENTLEMEN—The Executive Board deems it a duty to inform your honorable body that they believe it is perilous to continue longer to operate the lift bridges over the Erie canal in this city by means of water power from the Holly system of water works.

A slight diversion of this auxiliary of our water works from its original purpose, and design, viz., the suppression of fires, was allowed because it could be done without serious effect upon the pressure, but this diversion has become so great because of the additional demands made upon the Holly supply, that unless some means are taken to lessen it, the most grave consequences to our city may happen.

The several lift bridges operated in this city during the summer season require so much water that the pressure at many times last summer was merely nominal; and, in view of the recent disasters by fire and the great destruction of property in our sister cities of Buffalo and Syracuse, it becomes a matter of serious consideration that this protective arm of our fire service shall not be crippled.

The scarcity of Hemlock water makes it necessary to draw the water from the Holly system for sprinkling of streets. This work cannot well be abandoned, but the taking of the water for this purpose may be regulated for the best advantage of the city, or if necessity arises, it can be entirely suspended. On the other hand the lift bridges now in operation, and the prospective increase of the number, if supplied from our water mains cannot be suspended in their operation during the season of navigation, and their management and control is practically under authority of the State.

The Executive Board has given this subject much attention, and it has caused inquiry to be made and propositions submitted, with a view of operating the bridges by some other motive power, and from estimates made it has been ascertained that it will require a sum of at least \$40,000 to make the proposed change. While the sum may be considered large it would prove to be small in com-

parison with the destruction of property resulting from a crippled fire service, and a consequent increase of insurance rates, which has followed the conflagrations in Syracuse, if not in Buffalo.

The opening of the canal will occur in about a month from now, and if your honorable body deems it wise to approve this suggestion, the Executive Board requests that such action be taken at once. Respectfully,

THOS. J. NEVILLE, Clerk.

Ordered received, filed and published and referred to the Law Committee to report back to this Board.

By the Clerk—

OFFICE OF THE EXECUTIVE BOARD, }
ROCHESTER, N. Y., March 24, 1891. }

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Pursuant to your request the Executive Board has negotiated with the owners of property proposed to be taken for the approaches to Alexander street bridge.

The several owners who appeared made the following propositions:

M. Huntington for house and lot on Mt. Hope avenue \$3,500 00
Frank P. Crouch, for a piece of land thirty feet front 1,200 00
For river lots fifty feet front 500 00

The Executive Board deems these prices reasonable and would recommend their acceptance.

Respectfully, THOS. J. NEVILLE, Clerk.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—The Executive Board begs leave to report to your honorable body that Vintny place from Sibley place to a distance of 380 feet, has been monumented and so graded as to render it acceptable for a public street.

Respectfully, THOS. J. NEVILLE, Clerk.

Ordered received, filed and published.

By Ald. Lewis—Resolved, That the dedication of Vintny place, as mentioned in the foregoing communication from the Executive Board be and the same hereby is accepted, and the City Clerk hereby is directed to enter the name of said street in the public street register in the City Clerk's office and to notify the Executive Board to place the usual street signs where required. Adopted.

CITY TREASURER'S OFFICE, }
ROCHESTER, N. Y., March 24, 1891. }

By the Clerk—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—At a meeting of your board held March 10th, 1890, I did certify that the total cost for the construction of Genesee street sewer under ordinance No. 3,882 was \$12,661.40, which amount does not include the amount of \$350 ordered paid to Carlisle Barsdale for a permanent and perpetual easement.

I would therefore respectfully ask that that portion of my communication of March 10th relating to the cost of Genesee street stone sewer, No. 3,882, be reconsidered.

Very respectfully,

V. FLECKENSTEIN, Treasurer.

Ordered received, filed and published.

By Ald. Shelter—

Resolved, That so much of the resolution directing an assessment for several improvements passed at the last regular meeting, and published at page 529 current proceedings, as relates to Genesee Street Stone and Pipe Sewer, No. 3,862, be and the same hereby is repealed. Adopted.

By the Clerk—

CITY TREASURER'S OFFICE. }
ROCHESTER, N. Y., March 24, 1891. }

To the Honorable, the Common Council :

GENTLEMEN—I hereby certify that the Executive Board have notified me that the works or improvements authorized under ordinances hereinbefore mentioned have been completed; that I have, pursuant to the provisions of the Charter, ascertained the entire and aggregate expense of and connected with the same respectively, including any interest that the city shall incur or is entitled to for the use of its funds, and that the respective amounts thereof are as follows:

Ord. No.	Improvement.	Expense.
Genesee Street Stone and Pipe Sewer		\$13,053 40
Ord. 2,862		

V. FLECKENSTEIN, Treasurer.

Ordered received, filed and published.

LOCAL IMPROVEMENT ASSESSMENTS.

By Ald. Shelter—Whereas, The City Treasurer has ascertained and reported the entire and aggregate expense of and connected with the following improvement, including any and all interest that the city has paid or has or shall become liable to pay upon account of any and all orders or notes issued by the city to pay the expenses of such improvement respectively adjusted by this Common Council as thus reported, and the respective portions or parts of the city on which the said expenses are hereby directed to be assessed and which this Common Council deems to be benefited by the improvements respectively is described in the final ordinance relative to the improvement, and that the names and expenses of the improvement thus to be assessed is as follows, viz:

Ordinance No. 3,862, Genesee Street Stone and Pipe Sewer, the expense is \$13,053 40.

And it is further determined that the taxpayers to be assessed for making the following improvements, viz:

1. May pay their assessments in three equal payments as follows:

One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-third within one year from the confirmation of such roll; and the remaining one-third within two years from the confirmation of such roll. On all sums paid prior to the maturity of said last installment, a discount will be allowed at the rate of six per cent. per annum.

And the Assessors of said city, if they are not interested in any of the property within the part or portion of the city deemed to be benefited, and directed to be assessed, as aforesaid, or if any two of said assessors are not so interested, then such two, are hereby directed to make an assessment upon all the lots and parcels of land within the portions or parts of the city above designated and directed to be assessed, of the amounts of expenses of such improvement, respectively, in proportion, as nearly as may be, to the advantage which the said lots and parcels of land within the respective territory to be thus assessed for such improvement shall be deemed to receive by the making of the respective improvement.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Wurtz, Hall, Bierbrauer, Judson, Bohrer, Kelly, Lewis—15.

By the Clerk—

CITY ASSESSORS' OFFICE, }
ROCHESTER, N. Y., 1891. }

To the Honorable the Common Council of the City of Rochester :

GENTLEMEN—We beg leave to call your attention to the following facts: By section 5, chapter 563 of the city charter it is made the duty of water commissioners or those in charge of the water department to make and deliver to the city assessors on or before the first day of May in each year a complete statement of each and all unpaid water

rents, etc. Whereupon the said water rents and the amount thereof together with 10 per cent. interest from the date when they were due shall become a lien, etc. This section implies that it is the duty of the assessors to place these unpaid water rents on the rolls. Now as the taxpayers have till May 1st to pay their water bills the list cannot be made out and delivered to the assessors much if any before the 15th of May, consequently it would give but a very short time for the assessors to do this work which the City Charter implies they shall do. This section should be amended in some form. The clerks in the water department are, in our opinion, the proper persons to do this work as they are more familiar with it and would be much less likely to make mistakes than the assessors or their clerks. The experiment was tried in the year 1883 or 1884, we think, by having the clerks in the assessors' office do this work and the result was some eight or nine hundred dollars was left of the rolls. To state this matter plainly, it is an absolute impossibility for the assessors or their clerks to do this work in the short time they have before delivering the books to the city treasurer and do it correctly. Neither can the clerks in the Water Department do this work during office hours, as they cannot have access to the books during these hours, and as we are informed and believe, they have all they can do at that season of the year. They can have our books after office hours and do this work and do it correctly. We think of no better plan at present than to employ them to do this work and pay them a reasonable compensation for it.

We trust that your honorable body will take some action in this matter, to the end that this work may be done as it should be.

Yours very respectfully,

L. A. PRATT,
M. J. MAHER,
J. GERLING,

City Assessors.

Ordered received, filed and published.

By the Clerk—

To the Honorable, the Common Council of the city of Rochester :

GENTLEMEN—We have this day recovered judgment against the City of Rochester in favor of Gustavus Griebel for the sum of \$386.24, being damages sustained by him by reason of the overflow of sewage from the sewers of the City of Rochester. As this judgment is very small, we presume you will not care to appeal from it, and therefore desire that you direct the same to be paid.

Very respectfully yours,
HUBBELL & MCGUIRE.

Dated March 24, 1891.

Ordered received, filed and published, and referred to the Law Committee.

A communication was presented from W. A. Lyon in reference to a claim for damages caused by discharge of sewage. Referred to the Law Committee. Also, a communication from H. W. Garnsey, resigning the office of Commissioner of Deeds. On motion of Ald. Kelly the resignation was accepted.

Adopted.

FINAL ORDINANCES.

CITY CLERK'S OFFICE,
ROCHESTER, N. Y., March 24, 1891.

To the Honorable, the Common Council of the City of Rochester:

GENTLEMEN—Agreeably to your directions given at your last meeting in reference to the following named contemplated improvements, I caused to be published daily for four days, in the Union and Advertiser and Abend Post and Beobachter, two daily newspapers printed in the city of Rochester, notices of said improvements, which notices respectively specified said improvements, the estimated expense thereof, the amount, if any, to be paid from the public treasury, and the portion of part of the city to be assessed for the rest of the expense, and requiring all persons interested in the subject matter of such improvements respectively, to attend the Common Council on Tuesday evening, March 24th, 1891, at 7 o'clock p. m., at the Common Council Chamber, when allegations would be heard in reference to such improvements, viz:

PETER SHERIDAN, City Clerk.

FINAL ORDINANCE NO. 4,368.

CLEVELAND STREET SPRINKLING.

On motion of Ald. Shelter, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to sprinkle Cleveland street, from Hudson street to North street.

And after hearing such allegations from all persons appearing.

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Cleveland street, from Hudson street to North street, during the season of 1891.

And the City Surveyor, under the direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$96 which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by and derive an advantage from such improvement, to wit:

One tier of lots and parcels of land on each side of Cleveland street, from Hudson street to North street.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Lempert, Cleveland, Shelter, Wurtz, Hall, Bierbrauer, Judson, Bohrer, Kelly, Lewis—15.

FINAL ORDINANCE NO. 4,369.

MISCELLANEOUS BUSINESS.

By Ald. McMillan—Whereas, Complaint has been made that certain buildings erected on private property for use as polling places have not been removed in accordance with agreements made with the parties owning such property; now, therefore,

Resolved, That the Law Committee be, and it hereby is, requested to examine into the matter, and to cause the removal or sale of such buildings on the best terms obtainable for the city.

Ald. McMillan submitted the charter amendments as introduced in the Legislature and printed, and moved that the amendment relating to auditor's salary be amended by inserting the words, "not to exceed \$2,500," in place of "not less than \$2,500. Adopted.

By Ald. McMillan—Resolved, That the act now before the Legislature for passage, being an amendment to the city charter, be, and the same hereby is, in all things approved, except as is hereinafter specified, and that the Honorable Senator and Member of Assembly from this district be, and they hereby are respectfully requested to urge the early passage of said bill, with the following changes, corrections and additions thereto:

First—On line 18 of the auditor amendment, so-called, by providing that the salary shall not exceed twenty-five hundred dollars per annum; and on line 35, same section, by providing that the objection shall be presented to said bodies, officers, and, in addition to boards, and to insert between lines 37 and 38 of the same section, and before the word "provided," the words "and no debt, demand or claim, thus objected to, shall be paid, or ordered to be paid, unless it be by a two-thirds vote of all the members elect of the body or the board thus paying or ordering the payment of the same."

Second—By striking out the words "State of New York;" and leaving therein the present words "county of Monroe;" to the amendment to subdivision six of section 168, and found on lines 8 and 9 of page 10 of the act.

Third—By inserting the words after "them?" on page 16, line 16, the words "and keeping minutes of their proceedings;" and striking out on lines 17 18 the words "actually occupied by him in taking

such testimony" and inserting in place thereof the words "spent by him in the business of said commission."

Fourth—By inserting the word "of" on page 19, line 4, after "purpose" and making the word "with" on line 8, same page, "within."

Fifth—By striking out lines 4 and 5 of section 24, on page 20, except the last word "the" and by striking out the words "Common Council" on line 12, and inserting the words "Board of Health."

Sixth—By adding an amendment or addition to section seven of the present act, which shall read: "And the execution of any such bond or undertaking by any fidelity or surety company, authorized by the laws of this State to transact business, shall be equivalent to the execution of said bond by two or more sureties, providing the same is approved by the Mayor, as aforesaid, and such company, if required by said Mayor, shall justify through its officers, or attorney, in the manner required by law, and any such company may execute any such bond or undertaking, as surety, by the hand of its officers or attorney, duly authorized thereto by resolution of its board of directors, a certified copy of which resolution, under the seal of said company, shall be filed with each bond or undertaking, and the amount required of the treasurer, as aforesaid, may be represented by two or more bonds or undertakings, executed in the manner and subject to the approval aforesaid executed by two or more companies, provided the aggregate amount of the bonds or undertakings equal the amount fixed or required by the Common Council, or the terms of this section aforesaid."

On motion of Ald. Lewis the proposed charter amendments were laid upon the table until the charter meeting Thursday evening, March 26th.

By Ald. McMillan—Resolved, That the Honorable Senator and Member of Assembly from this district be and they hereby are respectfully severally requested to have amendments made to the charter which shall provide: First, for an amendment to section two hundred and sixty-six of the charter, so that upon any criminal warrant, issued by one of the judges of the Municipal Court, or by the police justice, or any person legally acting in his stead, any peace officer, including any member of the police department, authorized to serve the same, may execute a warrant in any part of this State without further indorsement or warrant, and that shall authorize the police clerk to administer the oath, upon application for a warrant issuable from the police court, or by the police justice, or any person legally acting in his stead; and, second, an amendment to subdivision two of section forty of the city charter, so that it shall read: "To suppress disorderly, gaming and bawdy houses, instruments and devices used for gaming, and punish gaming, and to regulate and license, and to prescribe the fees to be paid for licenses for the keeping of billiard, pool or triplet tables, bowling alleys, or any other similar table or alley for revenue, within the city of Rochester."

Tabled until Thursday evening, March 26th.

By Ald. Cleveland—By request—

CITY SURVEYOR'S OFFICE,
ROCHESTER, N. Y., March 24, 1891. }

Ald. Lempert, Chairman of Map and Survey Committee:

DEAR SIR—John C. Ryan is entitled to the sum of seventy-eight and 85-100 dollars (\$78.85) for work completed under his contract for the survey of the first fourteen wards of the city.

I recommend the payment of that amount.

Respectfully, OSCAR H. PEACOCK,

City Surveyor.

By Ald. Cleveland—Resolved, That the City Clerk be and hereby is directed to draw an

order on the City Treasurer for the sum of seventy-eight and 85-100 dollars (\$78.85) in favor of John C. Ryan as partial payment for work performed under his contract with the city of Rochester for the survey of the first fourteen wards of the city and charge the same to the contingent fund.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Cleveland, Shelter, Wurtz, Hall, Bierbrauer, Judson, Rohrer, Kelly, Lewis—14.

By Ald. Cleveland—

ROCHESTER, March 24, 1891.

Ald. S. D. W. Cleveland, Chairman of the Water Supply Committee:

GENTLEMEN:—The Pure Water Supply Company of this city respectfully submits to your committee and to the Common Council the following proposals:

We will procure, transport and deliver from a source near Bushnell's Basin into Mount Hope water works reservoir daily not less than 3,000,000 gallons of potable water of satisfactory quality for a period of ten years for which we will receive from the city of Rochester in full compensation therefor, a rate of ten cents per 1,000 gallons based upon said quantity, which price is approximately the cost of the Hemlock lake water as now delivered into said reservoir.

We are of the opinion that 5,000,000 gallons per day or more can be furnished from the source named, and in case such shall prove to be the fact we will furnish an additional amount equal to our capacity at the same rate per 1,000 gallons.

In case this proposal shall be accepted by the city we will commence the delivery of said supply within a period of six months from the date of the execution of the contract therefor.

The gentlemen making this proposal are principally citizens of Rochester, and financially able to fulfill promptly the terms of the proposal if accepted. Respectfully submitted,

THE PURE WATER SUPPLY CO.

By J. Nelson Tubbs, its consulting engineer.

Referred to the Executive Board and committee on additional water supply.

By Ald. Shelter—

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Under ordinance No. 3,907 for Fourth street pipe sewer, George M. W. Bills was erroneously charged for 3 lot lateral connections at \$1 each amounting to \$3.

I recommend that this amount be deducted from his assessment. Respectfully,

OSCAR H. PEACOCK,
City Surveyor.

By Ald. Shelter—Resolved, That the City Treasurer be, and he hereby is, directed to deduct three dollars from the amount assessed against George M. W. Bills for Fourth street sewer as constructed under ordinance No. 3,907, and change the same to erroneous assessments. Adopted.

By Ald. Wurtz—Petition for water main in Emerson street. Referred to the Water Works Committee and Executive Board.

By Ald. Wurtz—Resolved, That the City Clerk notify the clerk and stenographer of the Charter Revision Committee that their services are no longer required. Adopted.

By Ald. Hall—Resolved, That the use of the City Hall be granted to the Brick Layers', Plasterers' and Stone Masons' Union, for the purpose of an entertainment to be given March 25th, for the benefit of St. Mary's Hospital. Adopted.

By Ald. Kelly—

OFFICE OF THE EXECUTIVE BOARD,
ROCHESTER, N. Y., March 24, 1891. }

To the Common Council:

GENTLEMEN—The Executive Board has exhausted the \$5,000 allowed by your honorable body some weeks ago for the removal of ashes and the cleaning of streets. As the year ends the first Monday in April, and as the citizens are demanding, and

with very good reason, that the winter's accumulation of ashes and rubbish be removed from their premises and the sidewalks and streets cleaned, there is urgent necessity for an additional appropriation. Each member of your honorable body, as well as the citizens generally, must have observed the deplorable and even filthy condition of the streets for some time past, owing to the scarcity of funds, and increased, no doubt, by the frequent rains for weeks past. There is no occasion therefore, to do more than suggest the expediency of replenishing the highway fund at this time.

Respectfully,
THOS. J. NEVILLE, Clerk.

By Ald. Kelly—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to execute the city's note in the sum of ten thousand dollars, the proceeds thereof to be credited to the Highway Fund, as authorized by section 81 of the city charter; said note to be discounted under direction of the Finance Committee, and be countersigned by its chairman, and the discount thereon to be charged to the Contingent Fund.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Rauber, Cleveland, Shelter, Wurtz, Hall, Bierbrauer, Bohrer, Kelly, Lewis—12.

By Ald. Kelly—Whereas, The speed at which the electric cars of the street railway company are run is dangerous at times, and an unfortunate accident, resulting in the loss of life, was occasioned yesterday; and,

Whereas, It seems to this Common Council that a presentation of the situation to the officers of the company will result in the abatement of the evil complained of; it is, therefore,

Resolved, That the Law Committee of this board, in conjunction with the City Attorney, confer with the officers of said company, to the end that the trouble complained of shall be avoided in the future. Adopted.

By Ald. Lewis—Petition of Christian Miller. Referred to the Assessment Committee.

By Ald. Lewis—Resolved, That the clerk draw orders upon the Treasurer, payable from the Contingent Fund, in favor of the following named persons, and companies for the following sums, viz: Edward W. Maurer, for forty-eight dollars, for services as commissioner and clerk of appraisal; Eugene Welker, for twenty-four dollars, for services as commissioner of appraisal; Samuel W. Bradstreet, for twenty-four dollars for services as commissioner of appraisal; and the Abstract Guarantee Company, for twenty-two dollars, for searches in the matter of the opening of a street from Clifford street to Avenue A, in the city of Rochester, under final ordinance No. 4,127, and that the Treasurer pay said several sums from the Contingent Fund, and charge and carry said sums to the fund for the opening of said street, when created.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Fee, Rauber, Cleveland, Shelter, Wurtz, Hall, Bierbrauer, Bohrer, Kelly, Lewis—12.

By Ald. Lewis—Resolved, That the Clerk draw orders upon the Treasurer, payable from the Contingent Fund, in favor of the following named persons and companies, and for the following sums, viz: D. C. Barnum, for eighty-four dollars, for services as commissioner and clerk of appraisal; William Bassett, for forty-two dollars, for services as commissioner of appraisal; Fred. S. Minges, for services as commissioner of appraisal; Harry M. Fairman, for twenty-six dollars for serving notices, and the Rochester Title Insurance Company, for one hundred and sixty-two dollars for searches in the matter of the opening of a street from Bay street to Diamond place in the city of Rochester, under final ordinance No. 3,859, and that the treasurer pay said several sums from the contingent fund, and charge and carry said sums to the fund for the opening of said street when created.

Adopted by the following vote:
Ayes—Ald. Tracy, Sullivan, McMillan, Rauber, Cleveland, Shelter, Wurtz, Hall, Bierbrauer, Bohrer, Lewis—11.

By Ald. Lewis—Resolved, That the City Surveyor be, and he is hereby, directed to number East Benton street from Pinnacle avenue east. Adopted.

By Ald. Lewis—Resolved, That the City Surveyor be, and he is hereby, instructed to prepare an ordinance for a plank sidewalk on the south side of Benton street, except where a good sidewalk now exists. Adopted.

By Ald. Lewis—Resolved, That the City Surveyor be, and he is hereby instructed to prepare an ordinance for a plank sidewalk on the west side of Mt. Hope avenue, from the entrance of the cemetery to the city line. Adopted.

On motion of Ald. Shelter, the Board then adjourned until Thursday evening, March 26, 1891, at 7 o'clock.
PETER SHERIDAN, City Clerk.

- An examination of table No. 5 forms an interesting study, showing at a glance the necessary increase in cost of lighting a city having a regular and healthy growth. This has increased during the past twenty-one years from \$31,841.06 in 1870 to \$146,994.33 in 1890, being an advance of \$115,153.27. This at first, appears to be a greater outlay of money than the circumstances require, but

B. RITZENTHALER,
Overseer of the Poor.

Your committee desire to call your attention to the handsome balance left in the fund at the end of the fiscal year. This is very gratifying to your committee in view of the fact that the strikes that have occurred this winter have affected the treasury of the Poor Department to a serious degree. This is owing to the careful and economical administration of affairs by your committee and the faithful and efficient manner in which the Overseer of the Poor and his assistants have discharged the duties of the office and the careful and accurate manner in which the books of the office are kept. We may well quote the words of John Bower in his report of July 1, 1890:

"As regards the books and accounts I have to report that I found them correct, and also that the papers and records of the office are in good condition and readily accessible to anyone desirous of general or special information on the business or workings of the department." The Overseer of the Poor and his assistants are evidently well adapted to discharge their several duties faithfully and well, and as far as my examination and observation went the indications give evidence that each one is not only well adapted to his work, but is doing it in as faithful and efficient manner as circumstances will permit.

In conclusion your committee desire to thank the employees of the department for their strict attention to business and their uniform kindness and courtesy to all with whom they have had business with.

All of which is respectfully submitted.

Leaving a balance in the treasury, after paying all claims against the department, of \$20,082.22.

Included in the above expenditures are all the claims due against the police department to date, and embrace those on the budget of this evening. During the past year the police patrol system has been extended much farther in the outer wards by the placing of twenty-five new patrol booths and boxes, so that our citizens residing in the outskirts of the city will feel more satisfied with its protection. Your committee do not feel satisfied in closing their report without alluding to the efficiency of the department, and also urging upon the Common Council the necessity of increasing its number. The committee also feel justified in complimenting the board of commissioners for the watchful care they bestow upon their trust, and the economical manner in which they run the police department.

All of which is respectfully submitted.

ANNUAL REPORT OF MAP AND SURVEY COMMITTEE.

ROCHESTER, N. Y., March 26, 1891.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—Your map and survey committee herewith presents its annual report of the present condition of the work known as "the survey of the first fourteen wards of the city," now being made by John C. Ryan, contractor therefor. The original contract for the above mentioned work is dated June 29, 1887. The said contract was entered into July 2, 1887, and recites that the work is to be entirely completed by June 29, 1889. The total area estimated to be surveyed was five thousand one hundred and thirty-eight (5,138) acres, and the contract price therefor being \$4 per acre, making the amount of the contract \$20,552. At the expiration of the original contract June 29, 1889, there had been completed and accepted by the city surveyor 1,074 and 11-100 acres; the contract was then extended two years from, and including the 2d day of July, 1889, which will make it expire July 2, 1891. The area surveyed to the present date and accepted by the City Surveyor amounts to 2,723 and 51-100 acres. The total amount of money paid to date amounts to \$10,894.04. The area surveyed complete, mapped, bound in book form and now in use in the office of the City Surveyor and City Assessors, comprises the 1st, 3d, 4th, 7th, 8th and 12th wards; the 10th ward being now in the hands of the book-binder, and the survey of the 14th ward partly finished. It is desirable that the entire work be completed, as soon as possible, and to that end the

contractor should advance it as fast as the accurate performance thereof will permit.

Respectfully,
M. H. LEMPERT,
LEO J. HALL,
JOSEPH H. FEE,

JULIUS WURTZ,
S. D. W. CLEVELAND,
WM. H. SULLIVAN,
MERTON E. LEWIS.

It will be seen by the above report that there is an overdraft of \$107,340.93, this is accounted for by reason of the fact that when the appropriations were made no provision was made for estimates of work done on Driving Park avenue and Platt street bridges, which amounts to \$111,458.28. This

amount will be credited back to Contingent Fund as soon as the bonds to provide for the building of the bridges are sold. Owing to the stringency of the money market the Finance Committee were unable to place the same the past fiscal year.

Total for year, \$18,437

Grand total for years 1889-90, \$21,399.54.

NOTE—Harper, Cornell and Wilmer streets, private streets belonging to H. W. Sibley, had water mains laid in them in 1889, under order November 22, 1889, and for which Mr. Sibley advanced the sum of \$2,079.81; repayment of which is not required until they are dedicated by owner legally for public use.

The total length of water pipe mains laid to this date is 224,763 miles.

The total length of water pipe mains laid this year is 9,684 miles.

The total number of fire hydrants set to date is 2,049.

The total number of fire hydrants set this fiscal year is 112.

The total number of stop valves, including those in large services, set to date is 2,514.

The total number of stop valves, including those in large service, set during the fiscal year is 141.

Nearly all the extensions authorized to be laid, both from funds raised by tax levy and from private advances, have been completed; there remains about enough money in the Water Pipe Extension Fund to finish such uncompleted extensions.

Such extensions as may be authorized to be made during the coming season, must be provided for by the next tax levy, and the petitions therefor already on file in the Water Department, if all granted, would require an expenditure of about \$100,000; other petitions will without doubt be presented from day to day as the season advances.

In view of the facts that the capacity of the conduit furnishing our domestic supply of water has materially diminished; that the Executive Board has recently determined not to grant permits for the use of lawn sprinklers and hose attachments this coming season, and of the large and increasing demands for water extensions to meet the requirements of city growth in all directions, your committee would respectfully suggest that great care be exercised in the extension of new water mains, and that the least possible amount should be laid consistent with meeting urgent necessities.

Respectfully submitted,

JULIUS WURTZ,
J. MILLER KELLY,
MERTON E. LEWIS.

ANNUAL REPORT OF THE CITY PROPERTY COMMITTEE.

To the Honorable Common Council:

GENTLEMEN—In accordance with the provisions of the city charter, your Committee on City Property submits this their annual report:

RECEIPTS.	
Balance from March, 1890.....	\$ 708 92
Annual appropriation.....	11,000 00
Rents.....	151 00
	\$11,859 92

REPORT OF LAW COMMITTEE.

To the Honorable, the Common Council:

GENTLEMEN—Your Law Committee begs leave to make the following report:

On the dates below mentioned, the following named parties recovered judgments against the city for the amounts set opposite their respective names, to wit:

Feb. 14th, 1891, William A. Lyon, \$284.61.
Feb. 24th, 1891, Martha E. Dickinson, \$733.41.
March 14th, 1891, Jacob P. Brasser, as administrator, and others, \$634.47.
March 24th, 1891, Gustavus Griebel, \$386.21.
March 12th, 1891, Frank X. H. Erbland, \$532.33.
In all of which actions Messrs. Hubbel & McGuire were the plaintiffs' attorneys.

These amounts represent damages and costs in actions brought for sewage pollution. The Court of Appeals has passed upon the main question arising in such cases adversely to the city and no appeal can be successfully taken. The City Attorney advises payments and your committee therefore recommends the adopting of the accompanying resolution for such purpose.

Respectfully submitted,

J. MILLER KELLY,
S. D. W. CLEVELAND,
JULIUS WURTZ,
JOSEPH H. FEE,
Law Committee.

By Ald. Kelly—Resolved, That upon the certificate of the City Attorney that proper satisfaction prices have been delivered to him, properly acknowledged, that the City Clerk be, and he hereby is, directed to draw orders upon the City Treasurer payable from the contingent fund in favor of Messrs. Hubbel & McGuire, plaintiff's attorneys, for judgments recovered against the city for the following sums and interest:

William A. Lyon for \$283.86, with interest thereon from February 14, 1891.
Martha E. Dickinson for \$732.66, with interest thereon from February 24, 1891.
Jacob P. Brasser as administrator and others for \$633.72, with interest thereon from March 14, 1891.
Gustavus Griebel for three hundred and eighty-five 46-100 dollars, with interest thereon from March 24, 1891, and Frank X. H. Erbland for five hundred and thirty-one 58-100 dollars, with interest thereon from March 12, 1891.

Adopted by the following vote:

Ayes—Ald. Tracy, Sullivan, Fee, Rauber, Lempert, Cleveland, Wurtz, Hall, Bierbrauer, Bohrer, Kelly, Lewis—12.
By Ald. Kelly—

ROCHESTER, N. Y., March 26, 1891.

To the Hon., the Common Council:

GENTLEMEN—Your Law Committee, to whom was referred the communication of the Executive Board in relation to providing an independent power system for operating the several lift bridges over the Erie canal in this city, beg leave to submit herewith the following report:

From the statements of the Executive Board, whose members have had the matter under consideration for several months past, it appears to be necessary either to largely increase the pumping capacity of the Holly water-system, or else to relieve that system from the duty of furnishing hydraulic power to operate said bridges. The evidence submitted shows that the erection and maintenance of an independent power system for said bridges will be cheaper than the cost of increasing the pumping and distributing capacity of the Holly system sufficiently to meet the demands of the present and prospective bridges; and it was also shown, during our conference with the Executive Board, that the sum of \$40,000 should be available for the erection of the proposed independent plant, irrespective of whether the motive power is electricity, or water taken from the Erie canal.

Under the circumstances, your committee is of the opinion that the proposed work is expedient,

and that the sum named be placed at the disposal of the Executive Board for the purpose. We therefore recommend the passage of the subjoined resolution. Respectfully submitted.

J. MILLER KELLY,
S. D. W. CLEVELAND,
JULIUS WURTZ,
Law Committee.

By Ald. Kelly, Resolved, That the City Treasurer be, and he is hereby authorized and directed to execute one or more notes of the city in the aggregate sum of forty thousand dollars, the proceeds thereof to be placed to the credit of the Executive Board for the special purpose of providing other motive power than the Holly system for the operation of the several lift bridges over the canal in this city; said note to be discounted under the direction of the Finance Committee, and be countersigned by its chairman, and the discount thereon to be charged to the Contingent Fund.

Ald. Kelly moved that when this board adjourns it be until Tuesday, March 31st, for the purpose of considering the above resolution. Adopted.

Freeland E. Crandall, claim filed from falling from bicycle, no action begun.

Bernard J. Haag, an action to restrain city from removing building on the corner of Scio street and Haag's alley.

City vs. Sarah Davison, judgment for penalty, \$50, for keeping a disorderly house, rendered by Police Justice. Defendant appealed to County Court, but appeal has not yet been heard.

Mattie F. Hiller, falling on sidewalk, claim filed, no action begun.

Mary LuKasey, falling on sidewalk, claim filed—No action begun.

City, v. Ira L. Otis and another, recovery of \$50 for maintaining a smoke nuisance—Defendants have appealed to the County Court, which appeal is now awaiting argument.

George K. Losey and others, have commenced an action to foreclose mortgage on Stanley property near reservoir—Nothing further has been done.

Frank Saunby, claim filed, no action begun; falling into sewer.

Wm. H. Yerkes, an action begun against Alfred H. Ward to foreclose mortgage on property on which Overseer of the Poor has a mortgage given to him as security for support of wife of Ward in the insane asylum.

Walter F. Avenel and ano., an action to restrain city from interfering with land at east end of what is claimed to be a part of Ethel street.

City vs. Rochester City & Brighton Railroad Company; remains in same condition as reported in last annual report.

Magie Doharty vs. Fred Kipphut; in same condition as formerly reported.

Z. Foster, falling on walk, claimed, \$1,000—Claim filed, no action begun.

Rome, Watertown & Ogdensburg R. R. Co. v. City.—In same condition as mentioned in former report.

William F. Peck, a taxpayer.—City beaten, on order appealed from, declaring its case abandoned, but the appeal by the plaintiff from the General Term. J. P. Judgment in favor of Belknap is pending in the Court of Appeals.

The City v. Western Union Telegraph Company is still pending, as mentioned in former report.

Emory B. Chase v. City et al.—Referee found in favor of city for nearly all it had paid out, but refused to give any damages for delay in the completion of the house, and ordered costs against the city, but dismissed the complaint of Mr. Chase as unproven. Appeal will soon be taken by the city.

STREET OPENING PROCEEDINGS, AND EASEMENTS.

Opening and extension of North street.

Opening a street from Jefferson avenue to Genesee street.

Acquirements of easements through lands of Hiram M. Tripp and others, for Genesee Valley canal outlet sewer.

Opening an alley from York street to Hetzels property.

Opening a street from Murray street to Child street.

Opening a street from Bay street to Diamond Place.

Widening Chestnut Park.

Brayer Place extension, Common Council accepted offers of owners, and contracts drawn in accordance therewith.

Flen Place Widening, commissioners made their report; same set aside by Common Council and ordered new commissioners to be appointed.

Opening a street, from Clifford street to Avenue A.

The extension of Thomas street, from the present north end to Wilkin street.

Backus avenue extension—Common Council accepted proposition of owner, who executed deed for same.

Opening a street, from Maple street to Campbell street.

Baldwin street extension—Commissioners have been appointed, but no meeting has been held.

Extension of Ethel street—The necessary ordinances and map filed; no commissioners have, as yet, been appointed.

Widening North St. Paul street—Commissioner appointed, when it was discovered that two were ineligible and new ones will have to be appointed.

Opening street, from Jefferson avenue to Genesee street, between Flint and Magnolia streets; commissioners have been appointed, nothing further has been done.

Widening of Hand street—The city was beaten on the appeals mentioned in former report; costs paid, \$153.98. Nothing further has been done.

The above street proceedings have been closed except as is otherwise above stated.

In addition to these matters eighteen bastardy proceedings have been instituted by the overseer of the poor, which have resulted in several instances in the parties being married, and a large number compromised by the overseer upon payment to him of amounts to protect the city, and in most of the others the defendant has been held as the putative father, the defendant having been discharged in but one or two instances.

A large number of suits have been brought in the Municipal Court for violations of penal ordinances relating to the obstruction of the streets, which have resulted in settlements being made advantageous to the city.

During the present year the entire amount claimed in actions tried was \$104,177.33; the amount recovered, \$17,916.63.

I need not dwell upon the fact so well known to you all and so frequently reiterated that the pollution of streams in Irondequoit and Brighton by sewage from the sewers of the city is the chief cause of the many annoying and vexatious suits against the city of Rochester. Nor need I repeat that the city has no defense to these actions and that the only question to be determined when one of such cases is brought before a court and jury for trial is the question of damages or, in other words, the question as to what extent the rental value of the plaintiff's premises has been diminished by reason of the city's acts. I have frequently recommended, therefore, that these cases should be taken out of the hands of the courts, and that such settlements should be effected, whereby the city would, for an annual sum, be allowed to conduct its sewage through the streams and across the lands in question until the proposed east side trunk sewer shall have been constructed.

Those recommendations have been acted upon in several instances and settlements on the plan indicated have been successfully and, as I believe, justly, to all the parties concerned, brought about.

There are many actions still pending by parties, some of whom have made offers of settlement, which have been referred to your committee.

I think that with the exception of two or three persons, who have become mono-maniacs on the subject of sewage pollution and who imagine that they see life-destroying malaria in every microscopic insect which inhabits the classic waters of those beloved streams, the litigants will agree to settlements which will be fair and honorable to them and advantageous to the city.

I therefore renew the suggestion that as soon as possible your committee or its successor take the matter in hand and make such disposition of the same that the time of the law department may be devoted to more important and more pleasant duties, and that the city may be relieved from the necessity of paying the large bills of costs that always follow the trial of these cases, no matter how successful we may be in reducing to minimum sums the amounts desired by hungry claimants.

In regard to the negligence cases, so called, which, together with the sewer suits, constitute the bulk of the litigation in which the city has been engaged, we have been singularly fortunate. No large or excessive judgments have been recovered and, in a number of cases, the city has secured decisions or verdicts in its favor.

After the Campbell decision by the Court of Appeals, with which decision your committee is thoroughly familiar, I urged the Executive Board to employ greater vigilance in seeing to it that the streets remain free from obstructions and everything dangerous to life and limb. The Executive Board, with commendable alacrity, immediately took the proper steps to perform its duty, not only by impressing upon its employees the necessity of keeping the sidewalks free from snow and ice and the streets from dangerous obstructions, but also by enlisting the support and co-operation of the police authorities and receiving from the latter the assurance that every effort would be made by them to secure the arrest and conviction of all persons who persisted in violating the provisions of the penal ordinance in relation to street obstructions.

While Rochester has grown rapidly and become a great city, all of her citizens have not outgrown their country village ideas and customs.

Some people never think of cleaning their walks and rendering them safe for travel, and until an example is made of some of the most flagrant cases by arrest and punishment, the pedestrian cannot expect to see any marked improvement and the number of actions for negligence will increase rather than diminish.

In conclusion, I desire to make grateful acknowledgment to my associates in the law department for their uniformly cheerful, intelligent and constant aid, without which it would have been impossible to produce before you so satisfactory a record of the result of the work of the present fiscal year.

To the members of the Law Committee, who have, on all occasions, by their zeal and industry in behalf of their constituents and the taxpayers of Rochester, rendered valuable assistance in our work and by their manifest appreciation of our efforts and their kind encouragement, have thrown about the most difficult task a fascination which led to "happy victory." I return heartfelt thanks and most sincerely bespeak for them the reward and gratitude of their fellow-citizens.

Respectfully submitted,

CHAS. B. ERNST, City Attorney.

ANNUAL REPORT OF FINANCE COMMITTEE.

ROCHESTER, March 26, 1891.

To the Hon. Common Council:

GENTLEMEN—Your Finance Committee at this time respectfully report the city's funds disbursed in a lawful and proper manner.

Your committee has found the books in the City Treasurer's office correct in every particular, as the reports of John Bower have testified to from month to month. There have been but few deficiency notes made, viz., for the highway and contingent funds and the deficiency in the contingent fund was owing to the fact that when the appropriations were made no provision was made for the work done on the Driving Park avenue and Platt street bridges which was \$111,448.28 and will be credited to the contingent fund as soon as the bonds for the building of the bridges are sold. Your committee would also report that the finance budgets and all bills have been signed and certified to as recommended in the report of John Bower.

All of which is respectfully submitted.

J. MILLER KELLY,
STEPHEN RAUBER,
JOSEPH H. FEE,

COMMUNICATIONS FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS AND THEIR REFERENCE.

By the Clerk—
 MAYOR'S OFFICE,
 ROCHESTER, N. Y., March 24, 1891.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN: I hereby appoint, subject to the consent and advice of your honorable body, as one of the Park Commissioners, Walter B. Duffy, in place of the late George Elliott, journalist and statesman.
 WM. CARROLL, Mayor.

Ald. Kelly moved that the appointment of the Mayor be confirmed by this Board. Adopted.
 By the Clerk—

ANNUAL REPORT OF THE MILK AND MEAT INSPECTOR.
 ROCHESTER, N. Y., March 26, 1891.

To the Hon. the Common Council of the city of Rochester:

GENTLEMEN—In pursuance of Section 11 of the penal ordinance of the city, I have the honor to present my annual report for the year 1890-1891: There are at present in the city of Rochester, 170 meat markets; ten markets devoted exclusively to

the manufacture of sausages, and six fish markets. All of these have been personally visited, at least once a month, with daily visits whenever needed.

I received thirty-one complaints of poor and bad meat. All of these I investigated and remedied according to the provisions of law.

I seized and confiscated as unwholesome and unfit for human food:

7 tubs putrid sausage meat	about	500 pounds
6 carcasses bob veal		300
5 quarters of beef		500
		<hr/>
		1,300
17 hogs		2,600

The confiscation of these hogs was occasioned and necessitated by reason of the epidemic of hog cholera which prevailed to an alarming extent in Rochester and vicinity during the winter months.

The quantity of meat seized and confiscated for the year 1890, aside from the hogs—1,300 pounds—shows a decided and continuous improvement in the city's markets when compared with the amount—3,100 pounds—necessarily condemned during the year 1889; and the amount—12,000 pounds during 1888, which shows that watchfulness in the prevention of the introduction of unwholesome meat into the city results in more benefit to the people than the infliction of punishment after the offense is committed.

That the condition of the city's milk supply has vastly improved during the past year needs no better evidence than the small amount of complaints that were received; only 33 cases were reported, all of which were investigated, and in each instance the desired improvement was brought about. I made about 450 personal tests with the lactometer. There were during the year 1890 four (4) convictions for selling adulterated milk and \$50 in fines imposed, as against sixteen (16) convictions in 1889 and \$425 in fines.

When it is taken into consideration that there are about 20,000 quarts of milk used in this city daily and that a very large portion of this supply comes to the city by rail from out of the county, it can readily be seen that constant vigilance is needed to prevent adulteration and secure milk which conforms to the standard imposed by statute.

In conclusion I wish to acknowledge the valuable assistance rendered me by the Board of Health.

All of which is respectfully submitted.
 WILLIAM J. TOOLE,
 Meat and Milk Inspector.

Ordered received, filed and published.
 By the Clerk—

ANNUAL REPORT OF THE PARK COMMISSIONERS.

To the Honorable the Common Council of the City of Rochester:

GENTLEMEN—In conformity with section 21, chapter 193 of the laws of 1888, which requires that "the said Park Commissioners shall in the month of March each year, make to the Common Council of the said city, a full report of their proceedings and a detailed statement of their receipts and expenditures," we present the following report. A detailed statement of the finances of the Board is contained in the report of the Treasurer for the year ending March 1st, 1891; also a general statement of all the expenditures of the Board from its organization to date, is hereto appended.

The report of the Superintendent, which contains a full statement of the work done on the parks for the year, is also hereto appended.

Respectfully submitted,
 E. M. MOORE, President.

W. F. HUNTINGTON, Treasurer.

SUPERINTENDENT'S REPORT.

ROCHESTER, March 1st, 1891.

To the Board of Park Commissioners:

GENTLEMEN—I herewith present the report of the work done on the parks during the year ending March 1st, 1891.

The park lying on both sides of the gorge of the lower Genesee river from Avenue B to the Rifle Range on the east side to

Hanford's Landing and on the west side has been named by the Park Commissioners Seneca Park in honor of the Seneca tribe of Indians, who years ago built a fort called Seneca Castle on the prominent point on the west side of the river just above Hanford's Landing.

No improvements were made in Seneca Park during the year 1890, except to establish a small nursery of native trees and shrubs. On the east side watchmen were constantly employed during the day to guard the grounds. During the year 10 42-100 acres of land were purchased from Elizabeth Callister and others and 1 38-100 acres from W. G. Culross on the east side of the river, and a strip of land thirty feet in width on the south side of Avenue B was purchased from John Van Voorhes. On the west side of the river 4 1/2 acres were purchased from Paul J. Lechleitner and 6 27-100 acres from James Bygraves. Lots 48, 49, 50, 76, 92 and 198 of the Maplewood Avenue Building Lot Association were also purchased. Three acres on the west side of the river owned by J. Kelly, 4 85-100 acres owned by W. Robinson, 2 76-100 acres owned by M. Martin, and about 30 acres of the high bank of the Genesee river and the flats at Hanford's Landing, owned by parties unknown, have been commissioned.

At Highland park which is situated on the beautiful range of hills lying south of the city, 14 8-100 acres of land were purchased from, and 19 63-100 acres were given by Messrs. Ellwanger & Barry to complete the plan as made by the landscape architects. Roads and walks were partly graded and a circular bank 200 feet in diameter, a site for the pavilion with room sufficient for a road and a walk around it, was graded. The pavilion was built and presented to the children of Rochester by Messrs. Ellwanger & Barry. On September 29th the pavilion was taken possession of by the children when thousands of them gathered to take part in the dedicatory exercises. In November 25,000 small ornamental trees and shrubs were planted on the southern slope of Highland park.

At Genesee Valley Park no land has been purchased during the past year. The Warrant property containing 7 55-100 acres was commissioned, but the court decided that the proceedings were illegal. In April, 1890, 493 deciduous trees, consisting of white elm, white ash, scarlet, sugar, silver, and Norway maples, beech, tulip, cucumber, basswood, red, yellow, black and white birch, white hickory, white, red, pin, burr and swamp white oak, liquid amber, white mulberry, buckeye, butternut, American nettle, Babylonian, Wisconsin and black willows, were planted. Messrs. Ellwanger & Barry presented to the Park Commission 100 white birch, and 200 Scotch elms, and Messrs. E. A. Frost & Co. three tulip trees. In addition to the deciduous trees 1,280 evergreens, consisting of 414 hemlock, 250 red pine and 616 white pine were planted along the banks of the small creek which flows through the park and passes under the road near the southeast corner of the grove. The evergreens were planted for the purpose of making the valley of the creek look deeper and somewhat like a ravine; 18,300 small trees and shrubs were planted to fill out the forest planting or placed in nursery rows for future use. The trees planted are, 100 nettle, 100 chestnut oak, 500 white mulberry, 5,000 white ash, 8,000 green ash, 1,000 Catalpas, 100 American mountain ash, 1,000 soft maple, 1,000 box elders, 500 Russian mulberries, 500 black walnuts, and 8,000 osage orange. From our own nurseries a large number of willows; the basket willow, the shining leaf and the golden willow were planted along both banks of the river, from Elmwood avenue to the south end of the park. In November 153 trees consisting of elm, maples, basswood, buckeyes, nettle, white ash, white flowering dog wood, sassafras, and shad trees, besides shrubs consisting of thorns, witch hazel, dogwoods of several varieties, viburnums, elder, spice bushes, azaleas, and hazel, were planted on the edges of the forests and along the river bank.

Temporary bridges were placed across Red creek and the grading of the roads was nearly completed. On account of the scarcity of teams and men very

little work was done towards graveling the roads. A road scraper was purchased and on the west side of the creek the roads were kept in fair condition. The manure that was bought came late on account of the strike on the Central R. R. and was stored in the barns. Several acres of land were seeded to blue-grass, red-top and white clover as before. The Boughton house was kept open all summer for the accommodation of visitors and was well patronized. The G. V. R. R. ran trains on Sundays late in the summer and carried many visitors to the park. A canoe club house was built on the west side of the river a few rods south of the dam. It was leased to the Genesee Valley Canoe Club for \$100 a year. The land on the west side of the river was thoroughly drained. The total number of acres of land purchased for the respective parks are as follows:

Seneca.....	157.71
Highland.....	14.08
Genesee Valley.....	269.17
Total.....	440.96

Permission to collect shrubs on their premises has been kindly given to me by Mrs. S. Pike and Mr. N. S. Westfall of Brighton and Mr. Samuel Moulson of Rochester and Mrs. Colt of Irondequoit.

STATE OF NEW YORK,
COUNTY OF MONROE, } ss.
CITY OF ROCHESTER. }

John B. Hayd, being duly sworn, deposes and says: That he is the City Sealer of the City of Rochester; that the foregoing contains a true and full report of the names of all persons, firms and corporations, for whom he, or any of his assistants, have sealed or marked any weights or measures since the date of his last report, together with the dates thereof, the description of all such scales, weights and measures, so sealed or marked, and the amount of fees or compensation collected therefor.

JOHN B. HAYD, City Sealer.
Sworn to before me this 1st day of April, 1891.
F. J. IRWIN, Commissioner of Deeds.
Ordered received, filed and published.
The President of the Board (Ald. Wm. H. Tracy) then delivered his valedictory address.

Gentlemen of the Common Council:

This day, which inaugurates a new era in our city legislature, which marks the disbandment of the old and the organization of a new board of aldermen, is one of peculiar interest to me, inasmuch as, upon this day, I shall have completed my seventh year as President of the Common Council.

In view of the political cyclone which recently swept over this city with devastating ruin, I will not be charged with insincerity when I say that the continuity of my presidential career has been broken, and that another will be selected to wield the aldermanic gavel during the next municipal year.

After sixteen years of continuous power, the party to which I belong has been relieved from the control of this branch of the city government and a rival political party will to day assume the charge, the duties and the responsibilities imposed upon it by our fellow-citizens. Sixteen years ago, the population of Rochester was about 81,600. To-day, she has a population of 138,000, an increase of over two-thirds. The tax levy in 1875, was nearly \$805,000. Last year the tax levy was \$1,390,000, or less than double that of 1875.

Taking into consideration the wonderful increase in the city's population and in the value and extent of her taxable property during the past sixteen years, the consequent increased burdens that fall upon a municipality from such causes, the fact that great and permanent improvements have been made each year, such as the laying out and maintenance of public parks, the construction of bridges, the more systematic and more complete lighting of the city by electricity, in the place of gas and oil, the annual extension of water mains through new and hitherto undeveloped territory,

the necessary increase in the number of men composing the police and fire departments, neither of which is excelled by any like organization in the country, it cannot be truthfully said that the finances of the city have been badly managed, nor that the chosen representatives of the people have been false to their trust.

The period of which I speak has been, indeed, one of unparalleled prosperity for the Flower City. And Rochester is destined to grow, and to become more prosperous, and more beautiful, with each succeeding year.

She now has a number of strong and stately bridges spanning the Genesee; she has a system of public parks which, it is believed, will, in time, amply repay the taxpayers for their cost of construction and maintenance; she is the best lighted city in the Union, and in the course of a few years she will have the best system of sewers, the most complete system of water works, the finest street car service, and the best paved streets of any city of her size in the United States.

And while we look with pride upon the material greatness of our city, we cannot lose sight of the moral grandeur of her people, manifested in so many ways, and especially in the liberal and unselfish aid and comfort they have given to their suffering and afflicted fellow citizens.

When the destructive Lantern Works fire filled with dismay and grief the hearts of our people, and when, more recently, a portion of St. Mary's Hospital was devoured by flames, subscriptions poured in rapidly and swelled to such magnificent proportions that the relatives of those whose lives were lost, were relieved from immediate want, and the friends of the hospital no longer fear that a sufficient sum will not be realized with which to restore the building to a condition even better than it was before.

It is a matter of congratulation to us all to live in such a city, and among such people, and it must be regarded as no slight honor to be chosen a member of the legislature of so great a municipality. With the honor, however, come responsibilities, which increase with the expansion of the city, and the multiplication of her wants, in a corresponding ratio.

That you have been keenly alive to the interests of your constituents, the record of your year's work clearly shows. You have legislated well; claims against the city have been carefully scrutinized; extravagance and reckless expenditure in other departments have been properly criticised and checked, and, by the enactment of the charter amendments, recommended by you, and now before the State Legislature, and the appointment of an auditor, which the recent investigation of the affairs of the Board of Education showed to be extremely necessary, additional safeguards will have been thrown about the city's funds.

Those of you who now retire from public service, will find sufficient reward for your services in the consciousness of duty well performed, while your successors will, I am sure, continue the work so well begun and do all in their power to advance, protect and conserve the welfare of the city. I extend my heartfelt thanks to all the members of the board, for their courtesy and kindness toward me, and bespeak for my successor the same thoughtful consideration and respect that have ever illustrated the relations of the aldermen with their presiding officer, during the year about to close.

Ald. Kelly moved that the address of the President be received, filed and published. Adopted.

Ald. McMillan arose and said in behalf of the members of the Board he wished to express the appreciation of the Aldermen for the fair and impartial manner in which he had discharged the duties of the presiding officer of the Common Council during the year last past. On behalf of the members of the old board he wished to express their thanks for many acts of kindness received. And as a token of esteem he presented the retiring president on behalf of his brother members a handsome sideboard, on which was a beautiful basket of flowers.

President Tracy in reply stated that he had received so many favors from the Common Council that he had hoped that the members would let this occasion pass without any presentation and did not expect any at this time. He returned his hearty thanks for the beautiful token of their friendship and esteem.

The President then declared the Board adjourned *sine die*. PETER SHERIDAN, City Clerk.
