IN COMMON COUNCIL,

FOR 1896.

In Common Council, January 6, 1896.

REGULAR MEETING.

Present—Alds. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelink, Englehardt, Wilson, Reichenberger.—26.

The City Clerk called the Board to order.

Ald. Calihan moved that Ald. Tracy act as temporary chairman. Carried.

Ald. Calihan moved that the Board proceed to elect a permanent president. Carried.

Ald. Calihan nominated Ald. Dewey.

Ald. Dewey was named by Aids. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Cook, Pauckner, Kelly, Crane, Simmelink, Englehardt, Wilson, Reichenberger.—19.

Ald. Dewey was declared the choice of the Board for president.

Ald. Ward moved that a committee of two members of the Board be appointed to escort the president-elect to the chair. Carried.

The Chair appointed as such committee Aids. Ward and Johnston.

On taking the Chair Ald. Dewey delivered the following address which, on motion of Ald. Adams, was ordered received, filed and published:

PRESIDENT'S ADDRESS.

Gentlemen of the Common Council:—I am not unmindful of the honor you have done me by naming me as your presiding officer, and I return you my sincere thanks. But with the honor comes added responsibilities and cares of no mean nature. The pleasure which this appointment gives me is but for a day, while the cares and responsibilities extends over many weary weeks and months. So far as the mere performance of my duties affects the good people of our beautiful city, I ask their lenient judgment. So far as it affects the members of this council, I ask the cordial support of all, without regard to politics, without which I cannot hope to succeed, pledging them that no effort on my part will be spared to aid them in the performance of their duties, by that fair treatment which is their just due.

Rochester is just blossoming into a city. Expensive improvements have been the order of the day. Pavements have been laid, costly bridges constructed, and a large number of sewers built. Our water works system is rapidly nearing completion, and when finished will fill a long felt want of the people. Large sums of money have been required to bring about this result. Bonds have been issued from time to time, and the people heavily taxed for local as well as general improvements. Sewers should always be constructed when required. The health of the city at large demands this. But is it advisable to push local improvements? It seems

to me that this is one of the most important questions that will confront you. The bulk of local improvements are made payable in three installments. On expensive improvements this does not seem long enough. Frequently a large percentage of the property taxed is vacant lots held by poor people, who absolutely cannot afford the improvement. On these assessment rolls the treasurer will collect from 25 to 40 per cent. only of the tax, leaving the balance to be paid by the city at large. In effect the city is paying for many local improvements by the issuing of notes; a practice which in my judgment has about reached its limit from a business standpoint. If the people demand local improvements, give it to them, but also give time enough to pay them without jeopardizing their homes. Your local improvement fund should have a basis to work upon, and stop the issuing of interest-bearing time orders to contractors. It is the custom in many of our sister cities to issue short term bonds for this purpose, say five to ten years, the bonds to be taken care of by the tax paid in on the improvements during a given term of years. The demand for these bonds would be active from our local banking institutions and capitalists at a low rate of interest. It seems to me that there is a demand for some such change as I have taken the liberty to outline. The saving to the people would be very great in a few years, and the burden of local improvements materially decreased.

Another subject which I am convinced demands the attention of this council more than it has in the past, is that of water-storage, as it is called. Hitherto the Common Council has only taken a passive interest in this matter, but I believe that the time has come when it should assume the lead in this important problem. I say problem advisedly. It is nothing more than a problem. It has been often repeated that the city would receive great advantages from this source, but who has ever demonstrated this fact to the satisfaction of the people? Where are the proofs that the city and not the present water right owners will receive the benefits from water-storage? These questions and many others have not been satisfactorily answered. Is it wise to proceed further in the matter until they have been answered? It seems to me that the respective rights in the waters of the river, the benefits to be received from the development of the plan for water-storage, and the numerous other questions which suggest themselves, should be definitely determined before any moneys are expended in the furtherance of the scheme. What course this common council will take in the matter will be for your judgment to direct. I merely suggest that it is a subject which deserves your attention and one in which you should be the leaders.

Gentlemen, the city is in your hands. Its progress, its development, its business interests and its homes are with you. You represent the whole people as well as your local

constituency. Your actions stand not alone for a day, but for all time to come. In you alone lies the power to legislate. Let that legislation be wise and conservative, for the greatest good for the greatest number, and the growth and prosperity and fair fame of our city is assured.

Ald. Ward moved that a committee of two be appointed by the Chair to wait upon the Mayor and escort him before the Council. Carried.

The Chair appointed as such committee Aids. Ward and Cook.

By Ald. Adams—Resolved, That a committee of three members of this Board be appointed by the Chair to revise the rules governing the last council and report back to this board. Adopted.

The President appointed as such committee Aids. Adams, Pauckner, and Kelly.

Ald. Adams moved that the rules of the last Common Council be adopted pending the report of the committee on rules. Carried.

By Ald. Adams—Resolved, That the amount of the City Clerk's bond be, and the same is hereby fixed at \$5,000, and that said bond be made and filed within ten days from the approval of this resolution by the Mayor, the premium thereon to be paid from the Contingent Fund. Adopted.

The Chair then introduced his honor, the Mayor, who delivered the following address, which, on motion of Ald. Adams was ordered received, filed and published:

MAYOR'S ADDRESS.

Mayor's Office,

Rochester, N. Y., Jan. 6, 1896.

To the Common Council:

In pursuance of the provisions of the city charter, and following the custom of my predecessors in office, I take this opportunity of presenting for your consideration some observations in reference to the indebtedness of the city, and the annual expense of running the business affairs of this city.

I find, by reference to the report of the City Treasurer, that the bonded indebtedness of the city on the 1st day of July, 1895, was the sum of \$8,467,000. Of this amount \$900,000 are what are called "East Side sewer bonds," having been issued by the city in payment for that sewer. By the terms of the act authorizing the construction of the sewer it is provided that the bonds issued in payment of the sewer should be a charge upon and payable by that portion of the city benefited by the construction of the sewer.

In addition to this debt, the last legislature authorized the city to issue bonds for purchasing the property surrounding Hemlock lake, to the amount of \$200,000. None of these bonds have been issued, but the city's note has been discounted for the sum of \$10,000 for the purpose of preliminary surveys, and the expense of the commissioners. This note is to be paid from the avails of the bonds when sold.

The same legislature also authorized the issue of \$60,000 worth of bonds for park purposes.

All of these bonds have been directed to be issued by the Common Council.

Of this bonded indebtedness the sum of \$4,102,000 carries interest at the rate of 7 per cent. Relief from this excessive interest cannot be had to any great advantage until the year 1902, when there becomes due bonds to the amount of \$335,000. In 1903 bonds to the amount of \$3,254,000 become due. These bonds can then be renewed at a lower rate of interest, and at a saving to the city of at

least \$115,000 a year. The balance of the bonds carry interest at much lower rates.

I find that there is on deposit in the sinking fund to the credit of the city the sum of \$45,545.53.

In addition to the bonded indebtedness the city is also indebted in the sum of \$663,698.44 being the amount of orders issued by the executive board in payment for local improvements of different kinds. The practice being when the work is completed to issue orders in payment for the same, no money being on hand to pay for the work when completed, as the people who are liable for the expense of the improvement are given from three to five years to pay for the same. These orders when issued by the Executive Board, are accepted by the city and are now held by different banks and contractors and are liabilities against the city, and all of these orders carry interest at the rate of 6 per cent. To meet these orders there is a large amount of taxes due, or to become due from these various local improvements, probably more than enough to pay these orders in full, but owing to the hard times collections for these improvements have been slow, and these notes mature at times when there is no money available to pay them.

In addition to these orders there is also outstanding numerous notes issued by the city to meet deficiencies, and for other matters, to the amount of \$639,568.53. These notes all draw interest.

It will therefore be seen that the indebtedness of the city at the present time is as follows:

Bonded indebtedness	\$8,467,000 00
Park bonds (ordered to be issued)	60,000 00
Orders accepted	663,698 00
Notes outstanding	639,568 00

Total \$9,830,260 00
Less amount in sinking fund, \$45,545.

Leaving the actual debt \$9,784,721, and this does not include the sum of \$200,000 Hemlock lake bonds, which have not yet been issued.

In addition to the above notes and orders there has been issued since December 26, 1895, notes as follows: To meet interest on bonded debt, \$182,570; to raise money for general fund, \$50,000. These notes were issued in anticipation of taxes due, and which are unpaid. There has also been issued notes to the amount of \$60,000 for local improvements due. And on January 4, 1896, there was cash on hand, \$61,000, to be used for general purposes and \$25,000 to meet orders for local improvements.

By the report of the City Treasurer, the assessed value of the real estate of this city for the years 1895-96 is the sum of \$99,389,000.50. It will therefore be readily seen that the 10 per cent. limit authorized by the constitution has been nearly reached, and the city will have to go very slow in increasing its indebtedness.

The question which presents itself is: What had better be done with this large amount of outstanding notes and orders? Whether it is better to carry them along as they are, and pay them when money is available from the assessments for the improvements, or whether it would not be better to issue short term bonds at a low rate of interest, and pay all the notes and orders, and provide that the moneys received from these assessments be deposited in the sinking fund to meet these bonds when they mature.

The issuing of such bonds would not increase the debt of the city, but would simply change the form of the indebtedness, and would result at the same time in a large saving in the interest paid on these notes and orders. In my opinion the issuing of the bonds is the best plan, and it would be but

a few years before they would all be paid from the money required to be deposited in the sinking fund; and then in the future provide that all orders given for local improvements be paid only from the moneys received from such improvements, and that the money received from the general city taxes be applied only to the purposes for which it was raised.

By a provision of the constitution of this state and also an act of the legislature it is provided that the fiscal year of this city shall begin on January 1st and end on December 31st of each year. The duty of examining the estimates submitted by the different departments of the city and in ascertaining and determining the amount of the tax levy for the ensuing year will soon devolve upon you; this is the most important duty with which the common council is charged. Your action in this respect affects every taxpayer of the city. With you rests largely the determination whether the tax levy shall be larger than during the past year, or smaller. Upon your determination rests the question as to whether the affairs of the city shall, during the present year, be conducted in an economical manner, or whether extravagant methods in the city affairs will continue. What the people desire is, as low a tax levy as is possible, and one which, at the same time, will be consistent with the good government of our city in an economical business manner. This we, as their agents, elected by them to carry out their wishes, should see is done.

I, therefore, on their behalf, ask what I expect it will receive at your hands, a careful scrutiny of these estimates, and an allowance on your part of no more to each department than is absolutely necessary to carry on the different departments.

The time has come when it is necessary for the city to run its affairs in an economical manner. As shown in this statement, our city is indebted to an amount at the present time which nearly equals the amount the city can borrow according to the constitution of the state, and if we proceed in the manner we have in the past it will be very difficult for the city to borrow any more money.

The expense of carrying on the business affairs of the city has slowly but surely increased for the last few years. For the year 1890-91, the tax levy was \$1,415,000; for 1891-92, \$1,578,000; for 1892-93, \$1,574,000.25; 1893-94, \$1,632,500; 1894-94, \$1,740,000; in the nine months' levy of last year it was \$1,690,000, or within \$50,000 as much as for the preceding twelve months. While this has been called a nine months tax levy, yet it is not entirely so, as money enough was provided in that levy to carry on several of the items for which it was so appropriated for twelve months. This was so as to raise the interest due on the bonds payable on January 1, 1896, and \$50,000 was provided to pay the interest due February 1, 1896. The full amount was allowed for the building fund of the board of education for one year, and in other instances enough money was appropriated to cover a period of a year, and on the 1st of January, 1896, some of the departments should show a surplus on hand.

In reference to the affairs of the Executive Board, I find that the appropriation for the highway fund, for the last few years, has been as follows: 1889-90, \$145,800; repair and care of avenues, \$4,200; total, \$150,000; 1890-91, \$155,000; 1891-92, \$180,000; deficiency, \$15,000; total, \$195,000; 1892-93, \$175,000; deficiency, \$8,000; total, \$183,000; 1893-94, \$200,000; deficiency, \$50,000; total, \$250,000; 1894-95, \$200,000; deficiency, \$60,000. For the nine months of last year up to January 1, 1896, \$125,000;

deficiency, \$50,000; deficiency, \$15,000; total, \$190,000, and an addition thereto of several amounts authorized by the common council which I have not at hand.

It will, therefore, be seen that the highway fund has increased largely within the last few years; from \$150,000 in the year 1889-90, it became in 1894-95, \$260,000; an increase of \$110,000.

The question is therefore presented to each of us, has such money been used in a business-like manner? In my opinion some of it has not.

While prevailing hard times in the past occasioned a considerable amount of such increase, necessitating, as it did, the employment of more labor than before, yet this did not account for all of the increase; more expensive help has been employed in the past than has been necessary; too many inspectors of different kinds have been carried on the pay roll of the executive board; too many clerks have been employed, and thousands of dollars each year has been thus spent for employes whose services have not been needed. This is not the way the taxpayers' money should be used. As a sample, the city has a barn, at which a few horses and some of the city supplies are kept, and I find on the monthly pay roll of the executive board the following items for services alleged to have been performed at said barn:

First barn man, 30 days, at 18 per week, \$77.14.

Assistant barn man, 30 days, at \$65 per month, \$65.

Assistant barn man, 30 days, at \$14 per week, \$60.

Assistant barn man, 30 days, at \$14 per week, \$60.

Assistant barn man, 30 days, at \$14 per week, \$60.

Making for a period of thirty days the expense for barn man and assistants the expense of \$322.14, or for one year the sum of \$3,919.28. This amount is too much by more than one-half, and it is in this manner that the city's funds are paid out.

I venture to say that if the members of the Executive Board, as individuals, had had placed at their disposal for the last five years the sum of money that the city has put at their disposal during that time, they would have performed the same amount of work that has been performed on the highways of the city, and would have saved, on an average, at least \$50,000 per year.

Another point I desire to call your attention to is the fact that if the Executive Board should let out the work of cleaning and sweeping the streets, gathering the ashes and rubbish of the city by contract, the lowest responsible bidder, with suitable requirements as to the hours of labor, that a large amount of money would be saved each year thereby to the people, and the work be as well performed.

The only objection to the letting of this work by contract is the fact that it might deprive laborers heretofore employed by the city of a large amount of labor. This might be a serious objection to the letting of such work by contract; but it is a problem which should receive serious consideration at the hands of the Executive Board, as to which is the best method to pursue.

Let us examine the affairs of the board of education. I find in addition to the amounts allowed for the building fund, repair fund, library fund and the teachers' fund, that there has been appropriated for the contingent fund of the board for the last five years the following sums:

1890-91	\$ 85,000
1891-92	87,000

1892-93	87,000
1893-4	73,112
Deficiency	1,250
Total	80,362
1894-95	90,000
Deficiency	13,000
And for the last nine months	85,000
Deficiency	3,000

All of this money has been expended by the board of education. In addition thereto, there is included in the nine months tax levy the sum of \$19,849.40 for old bills of the board; while these bills were of doubtful legality, yet it was thought best to have them paid and the amount was appropriated for that purpose.

A pertinent question is, have the people received their money's worth for the large sum of money thus expended? In my opinion they have not. From my observation of this branch of the city's affairs I am satisfied that there has been an entire absence of business methods in reference to the expenditures of some of this money; there has been method in the expenditure, but not business method. That there has been a system about it I am willing to agree, but it has been a system that has been to the detriment of the people, and not for their benefit. While their rules require that bids should be received where goods are to be bought or work to be done to the amount of \$250, these rules have been ignored and evaded. The system adopted and which has been in working order for a number of years has succeeded in giving to a few individuals a monopoly of the trade of the board of education; this has been secured practically without competition, or any attempt at it; the whole matter is practically regulated by the chairmen of the committee on purchases and supplies and the person selling the goods.

This method should be abandoned, as it always results in the seller getting his own price for the goods he sells. The school board knows that it will need for the school year slates, pencils, pads, kindergarten supplies, and library books, etc., to the amount of at least \$15,000, and the only proper way to purchase such supplies would be to let them to the lowest responsible bidder after competition. Such a method would be fair to all dealers, and would work to the interest of the people. The methods adopted by the board of education in this respect simply result in waste and extravagance. Then, again, too much work is done in the way of repairs, pointing of schoolhouses and the cleaning and repairing of blackboards, and such other matters. An examination of the bills of the board will show that such work has cost in the past large sums. If the schools were in charge of an ordinarily prudent man, no such sums of money would be expended in their repairs, or in the repairs of the property connected therewith.

What the city of Rochester should have is a competent business person, whose duty it should be to purchase all of the supplies of the board of education, and to examine as to the necessity of the repairs to be made on the school property, and without whose report in favor of such repairs none could be made. While it is a delicate subject to advise the addition of another officer to the city, yet I am satisfied that such an appointment, to be made by some other than the board of education, would save to the city of Rochester a large sum of money each year; in fact, so large a sum, that the salary if such an official would be but a small sum compared to the saving. And while on this subject, I might say if such an officer was appointed with authority to purchase all the supplies for the city, it would result in a large saving

to the people; and I recommend that so far as possible all supplies used by the city of Rochester should be bought only after competition has been had, and of the lowest bidder.

So satisfied am I that more money is expended by the school board for the purposes named than is necessary, that I have no hesitation to recommend that a considerable reduction should be made in the sums allowed for the contingent fund of the board of education; such a reduction would compel the board to adopt habits of frugality and economy, and would tend to lessen the waste and extravagance of the board.

In reference to the affairs of the board of health the expenses of the board for the last five years have been as follows, according to the annual tax levy:

1890-91	\$27,000
1891-92	28,000
1892-93	30,000
1893-94	50,000
Deficiency	15,000
1894-95	55,000
1894-95	55,000
For the nine months of last year	45,000
Deficiency	5,000

It will, therefore, be seen that the expenses of the board of health have increased from \$27,000 in 1890-91 to \$55,000 in 1894-95. And I find that of that sum for that year \$22,000 was paid for salaries of the employees of the board of health. Thus, in that short time, the expense of the board of health has more than doubled itself.

The question at once presents itself, has the efficiency of the board increased in proportion of the increased expenses? There can be no doubt but the efficiency of the board has increased in the last few years, and it has done capable and efficient work for the preservation of the health and lives of the people of this city. And while we should hesitate to do anything which would endanger the health of our people, yet I am very strongly impressed with the idea that a large sum could be saved in this department alone, and the work be just as well carried on. The salary list of \$22,000 for one year would seem to be out of proportion to the amount of work done.

The practice which has existed for years in the several departments of expending more than allowed them for the full fiscal year before the expiration of the year, and thereby creating a deficiency which must be paid and added to the next year's tax levy, should not be tolerated by the common council. This has been condemned for several years by the finance committee of the common council, but just as regularly has such deficiency occurred, and has been as regularly paid. The creating of such deficiency by any department is, under the city charter, a misdemeanor and punishable as such. Just as long as the common council orders such deficiency paid, just so long will it continue; but let it be thoroughly understood that, when an appropriation is made for a full year, that it must carry the department through that year, and no more money will be given them except in case of some sudden, or unforeseen emergency. Then deficiencies will cease; and I know of no better way to enforce the spirit of economy than to enforce the rule requiring all departments to get along for a whole year on the amount allowed for that year. And I say here, that there may be no misunderstanding about the matter, that all deficiencies will be carefully scrutinized before they will meet with my approval.

In conclusion I desire to call your attention to the civil service laws of this state. These laws provide for the examination of all persons seeking to enter the public service of the cities of this state; and all per-

sons are obliged to take this examination except officials elected by the people, and the subordinate of any such officer for whose error or violation of duty said officer is financially responsible; and the heads of any department of the city government, and any subordinate officer who by virtue of his office has the personal custody of public money, and for the safe keeping of which the head of the office is under official bonds.

It will, therefore, be seen that the civil service laws apply to nearly all of the positions under the city government.

In pursuance of this law, Mayor Parsons, in the year 1884, prescribed certain rules and regulations for the admission of persons into the public service of this city. Among other things the rules provide that on request made by any department or official the names of the three highest candidates on the eligible list shall be furnished the board or officer desiring to make an appointment. From this list of three thus furnished the appointing power is compelled to make their selection. The appointing power cannot arbitrarily reject the three names and then keep on requiring further lists until they secure the list with the name of the one they desire to appoint, and then make his appointment. Such methods have been adopted in the past, as I have been informed, but it is a clear violation of the law, and the rules and regulations adopted in pursuance thereto. For some time past but little attention has been paid to the civil service laws, and the result is, there is now a number of persons on the pay roll of this city who have never passed any civil service examination, or who have never been certified to the appointing power by the civil service board. The city cannot legally pay their salaries. This has been passed on by the courts in a number of cases, and under the statute passed in 1894, it is provided as follows:

"In each city of the state in which rules and regulations have been adopted under the provisions of this act, any officer of city whose duty it is to sign, or counter-sign warrants, shall not draw, sign, or issue, or authorize the drawing, or signing, or issuing, any warrant on the city treasurer, or other disbursing officer of such city, for the payment of salaries to any person in its service, whose appointment has not been made in pursuance of this act, and the rules in force thereunder. Any sums paid contrary to the provisions of this section may be recovered from any officer signing, or counter-signing any warrant for the payment of the same, and from the sureties on his official bond, in an action in the supreme court of this state, maintained by a citizen, and resident thereof."

Under this statute, no matter how valuable the services rendered may be, they cannot be paid for without making some one liable for an action to recover the same back.

Article one, section sixteen of the state constitution provides:

"That honorably discharged soldiers and sailors in the army and navy of the United States in the late civil war, who are citizens and residents of this state, shall be entitled to preference in appointment and promotion, without regard to their standing on any list from which such appointment or promotion shall be made."

This provision of the constitution is in keeping with the statutes passed in the years 1884 and 1887, which statutes provide that preference should be given to veterans of the late war in making appointments for position under the city government. These statutes also provide that a failure to comply with the provisions of this statute in reference to the appointment of veterans is a misdemeanor.

Under the constitution and the laws of this state, no matter how many persons there are on the eligible list, the appointment must be given to the veterans, if their names are on the eligible list. It is the duty of the appointing power to see that the laws on this subject are followed.

In conclusion, I ask the earnest co-operation of the common council, and the various departments of the city, in an earnest endeavor to give to the city an economical administration.

Mayor.

EXAMINER'S ANNUAL REPORT.

By the Clerk—

City Treasurer's Office,
 Rochester, N. Y., Jan. 7, 1896.

To the Finance Committee of the Common Council:

Gentlemen:—This report covers the business of the City Treasurer for the fiscal year ending with December 26, 1895. After the close of business on that day I counted the cash in the office and afterwards examined the bank accounts and the Treasurer's books. The books are correct and the book balances agree with those upon the Treasurer's ledger.

The total amount of the city's cash at the close of business December 26, 1895, was \$175,959.91, which I found distributed as follows:

Ald. Green moved that action on the confirmation of the above rolls be postponed until the next regular meeting. Carried.
By the Clerk—

City Clerk's Office,
Rochester, N. Y., Jan. 7, 1895.

To the Common Council:
Gentlemen:—I submit herewith a transcript of a communication addressed to the last Common Council and by it referred to your honorable body:

"By the Chair—
"Rochester, N. Y., Dec. 30, 1895.

"To the Honorable, the Common Council:
"Gentlemen:—I desire to call the attention of the Common Council to the fact that no provision has ever been made for a private secretary to the Mayor, and no appropriation has been made for clerk hire in the Mayor's office. It is not necessary for me to say to the members of the Common Council that there is a large amount of clerical work required to be done in the Mayor's office. More than should be imposed upon the Mayor, and more than he can do, and at the same time give attention to the public affairs, as he is expected to do. I would respectfully recommend that an appropriation be made for the purpose of providing the Mayor with a private secretary or stenographer, as he may require.

"An appropriation of some small amount should also be made to the Mayor's office for incidental expenses, like the payment of postage, telegrams and express charges, etc.

"Respectfully submitted,
"Merton E. Lewis,
"Acting Mayor."

"Received, filed and published and referred to the incoming Common Council."
Received, filed and published and referred to Committee on Finance.

By the Clerk—

City Clerk's Office,
Rochester, N. Y., Jan. 2, 1896.
To the Honorable Common Council of the
City of Rochester:

Gentlemen:—Since the date of my last partial report, which covered business to and including July 6, 1895, there had been registered in this office at the close of business December 31, 1895, 1,553 bicycles and 95 dogs. During the same period 31 bicycle transfers were recorded and 86 persons qualified as Commissioners of Deeds, paying the required fee. The revenue from these sources was as follows: Bicycle registration and transfers, \$346.65; dogs, \$95; Commissioners of Deeds, \$34.75; total, \$676.40.

I hold the City Treasurer's receipts for sums aggregating this amount.

Respectfully submitted,
THEODORE S. PULVER,
City Clerk.

By the Clerk—

City Clerk's Office,
Rochester N. Y., Jan. 7, 1896.
To the Honorable Common Council of the
City of Rochester:

Gentlemen:—I do hereby certify that a notice, such as is required by section 172 of the city charter, specifying each of the improvements contemplated by the following final ordinances, the estimated expense thereof, the amount, if any, of such expense to be paid from the public treasury, the portion or part of the city to be assessed for the remainder of the expense, and requiring all persons interested in the subject matter of the improvements to attend at the time appointed in such notice, was published daily for four days in two daily newspapers printed in this city, namely, the Democrat and Chronicle and the Rochester Herald.

Respectfully submitted,
THEODORE S. PULVER,
City Clerk.

Received, filed and published.

ACTION ON ORDINANCES

FINAL ORDINANCE, NO. 6,015.

Werner Park Extension.

On motion of Alderman Ward, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to extend Werner park from its present northern end to the north line of lot No. 20.

And after hearing such allegations from all persons appearing.

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The extension of Werner park 90 feet in width, in a straight line northerly from its present northern end to the north line of lot No. 20, and said line produced westerly to meet the proposed west line of Werner park. Said lot No. 20 is supposed to belong to the heirs of Malachi O'Brien.

The land necessary to be taken for said extension is a strip of land 90 feet in width, the east line of which is described as being 225 feet distant from and parallel to South Culver street, and extending from the present north end of Werner park to the north line of said O'Brien's lot and said line produced.

The whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the City which this Council deems proper to be so assessed

for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of the proposed extension of Werner park, from the north end of said park as now opened to the north line of said O'Brien's lot, as they exist at the date of the passage of this ordinance.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelink, Erglehardt, Wilson, Reichemberger—20.

FINAL ORDINANCE NO. 6,016.

Werner Park Opening.

On motion of Ald. Ward, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to open Werner park, from Monroe avenue northerly, and after hearing such allegations from all persons appearing. The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The opening of Werner park, from Monroe avenue northerly, and the land necessary to be taken therefor is described as follows: Beginning at the northeast corner of Monroe avenue and Werner park; thence northerly along the east line of said Werner park 432.5 feet to the north end of said Werner park; thence westerly, along the north line of Werner park, to the west line of said park; thence southerly, along the west line of said park, to Monroe avenue; thence easterly, along the north line of Monroe avenue, to the place of beginning; including within said boundaries what has been known as Werner park.

The whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Werner park as now opened from the north end thereof to Monroe avenue, as they exist at the date of the passage of this ordinance.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelink, Erglehardt, Wilson, Reichemberger—20.

FINAL ORDINANCE, No. 6,017.

Ambrose Street Brick Pavement.—Supplemental to No. 5,581.

On motion of Ald. Ward, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance for excess of actual cost above estimate in Final Ordinance, No. 5,581.

And after hearing such allegations from all persons appearing.

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

Whereas, This Council did by final ordinance, No. 5,581, passed July 24, 1895, determine and ordain that a brick pavement be constructed on Ambrose street, from Saratoga avenue to Lake avenue, the estimate for which was \$11,000, and

Whereas, The said improvement has been completed and the City Engineer reports that the actual expense of the improvement over

the estimate in the ordinance amounts to \$695.88, which said amount of excess above the estimate is hereby approved.

Resolved, That the said amount of \$695.88 is hereby directed to be assessed upon the following portion of the city, which this Common Council deems proper to be assessed for and will be benefited by said improvement.

One tier of lots and parcels of land on each side of Ambrose street, from Saratoga avenue to Lake avenue.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelink, Eglehardt, Wilson, Reich-
enger—20.

FINAL ORDINANCE, NO. 6,018.

Maple Street Asphalt Pavement.—Supplemental to No. 5,968.

On motion of Ald. Ward, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance for excess of actual cost above estimate in final ordinance, No. 5,968. And after hearing such allegations from all persons appearing.

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

Whereas, This Council did by final ordinance, No. 5,968, passed July 29, 1895, determine and ordain that an asphalt pavement be constructed on Maple street, from the west side of Colvin street to the east side of Orchard street, the estimate for which was \$18,000, and

Whereas, The said improvement has been completed and the City Engineer reports that the actual expense of the improvement over the estimate in the ordinance amounts to \$523.67, which said amount of excess above the estimate is hereby approved.

Resolved, That the said amount of \$523.67 is hereby directed to be assessed upon the following portion of the city, which this Common Council deems proper to be assessed for and will be benefited by said improvement.

One tier of lots and parcels of land on each side of Maple street, from Colvin street to Orchard street.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelink, Eglehardt, Wilson, Reich-
enger—20.

FINAL ORDINANCE, NO. 6,019.

Driving Park Avenue Cement Walk.—Supplemental to No. 5,602.

On motion of Ald. Ward, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance for excess of actual cost above estimate in final ordinance, No. 5,602. And after hearing such allegations from all persons appearing.

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

Whereas, This Council did by final ordinance, No. 5,602, passed September 4, 1894, determine and ordain that an Portland cement sidewalk be constructed on Driving Park avenue, from the Boulevard to the city line, the estimate for which was \$3,700, and

Whereas, The said improvement has been

completed and the City Engineer reports that the actual expense of the improvement over the estimate in the ordinance amounts to \$152.26, which said amount of excess above the estimate is hereby approved.

Resolved, That the said amount of \$152.26 is hereby directed to be assessed upon the following portion of the city, which this Common Council deems proper to be assessed for and will be benefited by said improvement.

One tier of lots and parcels of land on each side of Driving Park avenue, from the Boulevard to the City line.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelink, Eglehardt, Wilson, Reich-
enger—20.

FINAL ORDINANCE, No. 6,020.

West Main Street Curb and Walk.—Supplemental to No. 5,916.

On motion of Ald. Ward, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance for excess of actual cost above estimate in final ordinance, No. 5,916. And after hearing such allegations from all persons appearing.

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

Whereas, This Council did by final ordinance, No. 5,916, passed May 14, 1895, determine and ordain that curbs and walks should be constructed on West Main street, from Fitzhugh street to the Erie canal, the estimate for which was \$13,000, and

Whereas, The said improvement has been completed and the City Engineer reports that the actual expense of the improvement over the estimate in the ordinance amounts to \$349.69, which said amount of excess above the estimate is hereby approved.

Resolved, That the said amount of \$349.69 is hereby directed to be assessed upon the following portion of the city, which this Common Council deems proper to be assessed for and will be benefited by said improvement.

One tier of lots and parcels of land on each side of West Main street, from Fitzhugh street to the Erie canal.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelink, Eglehardt, Wilson, Reich-
enger—20.

FINAL ORDINANCE, NO. 6,021.

North Fitzhugh Street Asphalt.

On motion of Ald. Ward, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to improve North Fitzhugh street, from West Main street to Allen street. And after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of North Fitzhugh street, from West Main street to Allen street, by the construction of an asphalt pavement therein, and the re-setting of the present curbstone. Also the necessary surface sewers, manholes, lot laterals and water services, and the cleaning of the main sewer if found to be necessary.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of twelve thousand and fifty dollars, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of North Fitzhugh street, from West Main street to Allen street.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelnk, Englehardt, Wilson, Reichenberger—20.

FINAL ORDINANCE, No. 6.022.

Boston Court Opening and Improvement.

On motion of Alderman Ward, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to open, extend and improve Boston court, from the present west end of Boston court to Avenue A.

And after hearing such allegations from all persons appearing.

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The opening of a street 44 feet in width from the west end of Boston court to Avenue A, the east line of which is described as the west line of property supposed to belong to David J. Pye, and the west line of property supposed to belong to Harriet Densmore, and the west line of the proposed street is described as a line 44 feet from and parallel to the above described east line and extending from a point opposite the south line of Boston court to Avenue A. Also the grading of the proposed street and setting a line of curbstone on each side thereof and a 4-foot Portland cement walk on the west side, from the south line of Boston court to Avenue A. Also relaying the present cement walk where necessary. The cost of this work is estimated to be \$600, which being deemed reasonable is hereby approved.

The whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Boston court as now opened and as proposed to be extended from Avenue A to Harris avenue, and also the lot fronting on the south end of the proposed extension.

The Clerk presented a remonstrance against the proposed improvement. Received and filed.

MISCELLANEOUS BUSINESS.

By Ald. Green—

Rochester, N. Y., Jan. 7, 1896.

To the Honorable Common Council:

Gentlemen: I beg leave to say that the cost of cement walks built in front of No. 11 school on Chestnut street, under ordinance No. 5,992, exceeded the estimate in the ordinance by \$65.65.

This was occasioned by the fact that in order to make the improvement of the walks safe and effective, it was deemed advisable to relay the flight of stone steps in front of the building and build an additional step. This part of the work cost \$36. I recommend the passage of a resolution authorizing the payment of \$65.65 from the Contingent Fund, in order to avoid the necessity of a deficiency ordinance, as the cost of this work is assessed upon the city.

Very respectfully yours,
J. Y. McCLINTOCK,
 City Engineer.

Received, filed and published.

By Ald. Green—Resolved, That \$65.65 be transferred from the Contingent Fund to No. 11 school cement walks fund, under ordinance No. 5,992, to make up the deficiency in said fund.

Adopted.

Ald. Rauber called from the table his resolution in relation to salary of City Sealer, offered at the meeting of December 30, 1895.

Ald. Adams moved that the resolution be referred to the Law Committee. Carried.

Ald. Adams moved that the committee on University avenue crossing be discharged. Carried.

Ald. Adams moved that the Chair appoint a new committee on University avenue crossing, such committee to consist of three aldermen and three citizens. Carried.

By Ald. Adams—Resolved, That the Democrat and Chronicle be, and hereby is declared the official paper of the city of Rochester; that the proceedings, resolutions and ordinances of this board and of the executive board, and the list of lands sold for taxes; also the list of official nominations for office, be published in said paper at the uniform price of 30 cents per inch solid nonpareil type; that all notices and advertisements of any and all officers of this city be published at the uniform rate of 25 cents per inch nonpareil type each insertion; the proprietors of said Democrat and Chronicle to furnish without charge at the expiration of the year in book form five hundred copies of the official proceedings of the Common Council, bound in muslin, and one hundred and fifty copies of the proceedings of the Executive Board, including indexes of each; also to furnish free of charge copies of its daily issues as follows: One copy to each of the following departments, viz.: Mayor's office, Auditor's office, Corporation Counsel's office, Poor office, Police office, Fire Marshal, City Engineer's office, Treasurer's office, Municipal Court and Executive Board, Assessor's office, two copies to the City Clerk's office, and to the City Clerk's office the necessary copies containing the proceedings of the Common Council. The Mayor is hereby directed to enter into contract with such proprietors of the Democrat and Chronicle in accordance with the terms of this resolution, and in case the nominations for office be published but once, then the price for such publication shall be 60 cents per inch, solid nonpareil type.

Adopted by the following vote:

Ayes—Ald. Tracy, Callhan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelink, Englehardt, Wilson, Reichenberger—20.

By Ald. Adams—Resolved, That the Mayor be, and he hereby is directed to enter into a contract with the proprietors of the Union and Advertiser, Post Express, Rochester Herald and Times, daily papers, for the publication in their respective papers of such official notices of the Common Council, Executive Board, Corporation Counsel, City Clerk,

City Treasurer, and the other departments, officers, boards or committees of this Common Council, or the City of Rochester, as may be furnished at any time to said papers by such clerk, board or officer, or department, and for the time only as shall be directed by the officer, board or department furnishing such notice for publication at and for the agreed price or compensation of 25 cents per inch, solid nonpareil type for each insertion, and that the City Clerk be, and he hereby is directed to endeavor to have such printing distributed amongst said papers, so that each shall receive one-fourth of the official notices and advertisements that are required to be published in the Democrat and Chronicle; also with the Rochester Herald Publishing Co., to publish the official nominations at the same price as shall be paid to the Rochester Printing Company, and that each of the said papers, in consideration of the foregoing shall furnish free of charge, copies of its daily issue, as follows: one copy to each of the following departments or offices: Mayor's office, Corporation Counsel's office, Overseer of the Poor's office, Police office, City Auditor's office, Fire Marshal, City Engineer's office, Street Department office, City Treasurer's office, Assessors' office, Municipal Court room and the office of the Executive board; two copies to the City Clerk's office, and shall also furnish to the officer, board or department furnishing such notice for publication, such copies of the paper containing such notice or notices, in such number as shall be required by the officer, board or department furnishing such notice.

Adopted by the following vote:

Ayes—Ald. Tracy, Callhan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelink, Englehardt, Wilson, Reichenberger—20.

By Ald. Adams—Resolved, That the Mayor be, and he hereby is, authorized and instructed to enter into a contract with the publishers of the Rochester Volksblatt and the Rochester Abend Post and Beobachter, to publish all official notices of this council, the Executive Board, the Assessors', the Corporation Counsel, the City Clerk and the City Treasurer and other departments of the city, and to furnish copies of their daily issues to each, as is required of the Democrat and Chronicle, at the compensation of \$800 per annum, payable monthly; the form of contract to be approved by the Corporation Counsel before execution, on behalf of the city by the Mayor, the contract to begin on January 6, 1896, and to terminate one year from that date.

Adopted by the following vote:

Ayes—Ald. Tracy, Callhan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelink, Englehardt, Wilson, Reichenberger—20.

By Ald. Johnston—

Office of Executive Board.

To the Common Council:

Gentlemen: The following action was taken by the Executive Board at a regular meeting held January 3, 1896.

By Mr Seitz—Whereas, A cash guaranty in the sum of one hundred and ten and 51-100 dollars was given the City of Rochester by Dyer & Clark, contractors for the maintenance of Van Stallen park sewer for a period of one year from the date of its completion, and,

Whereas, The time of such guaranty expires January 9, 1896, and the sewer is certified to this board, to be in good order, therefore,

Resolved, That the Clerk of this Board request the Common Council to authorize the Treasurer of the City of Rochester to pay to Dyer & Clark, contractors, for the Van Stallen park sewer, ordinance No. 5,591, the sum of \$110.51, being the amount retained by the City of Rochester as security given by said Dyer & Clark, for the repair and maintenance of said improvement for one year. Adopted.

Pursuant to the terms of the above resolution, it is requested that you authorize the City Treasurer to refund to Dyer & Clark the amount of money deposited as guaranty for the Van Stallen park sewer.

Yours respectfully,
THOMAS J. NEVILLE, Clerk.

Received, filed and published.

Board of Park Commissioners,
Rochester, N. Y., Jan. 4, 1896.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen: The Finance Committee of the Board of Park Commissioners most respectfully ask the Common Council to advance at once to this board ten thousand dollars (\$10,000) of the appropriation for the present year.

The money allowed this board for the fiscal year, which ended January 1, 1895, is exhausted, and we earnestly urge that immediate action be taken upon the above request, as funds are needed at once for payment of salaries, outstanding bills, etc.

Respectfully yours,

JOHN H. ROCHESTER,
JOHN E. DURAND,
E. M. MOORE.

Finance Committee, Board of Park Commissioners.

Received, filed and published and referred to Committee on Finance.

City Treasurer's Office,
Rochester, N. Y., Jan. 7, 1896.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen: I would respectfully report that I received from the Rochester Railway Company, December 31, 1895, a check for \$8,543.13, which amount I have deposited at the German-American Bank to the credit of the Sinking Fund, City of Rochester; \$7,988.13 of same was for 1 per cent. of their

gross receipts, and the balance (\$555.00) was for license on the 111 cars in service.

This amount, together with that received from Erie R. R. (\$1,500) makes a credit balance in the Sinking Fund of \$55,588.68.

Yours respectfully,
S. B. WILLIAMS,
Treasurer.

Received, filed and published.

By Ald. Johnston—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue, as may be necessary under authority of section eighty-one, of the city charter, the city's note or notes, for an amount not exceeding twenty-five thousand dollars (\$25,000); said note to run for a period not exceeding seven months; to be negotiated under the direction of, the Finance Committee of the Common Council, and countersigned by the Chairman thereof; interest or discount to be charged to the Contingent Fund, and proceeds to be credited to the Highway Fund of the Executive Board.

Adopted by the following vote:

Ayes—Ald. Tracy, Cahlan, Ford, Green, Barber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelink, Englehardt, Wilson, Reichenberger—20.

By Ald. Johnston—Resolved, That the cleaning and sweeping of all asphalt, brick, cedar block and other similarly paved streets be done under the direction of the Executive Board and that the expense for the cleaning and sweeping of all such pavements be paid in future entirely from the Highway Fund.

Ald. Johnston moved that his resolution lie on the table until the next regular meeting. Carried.

By Ald. Selye—Resolved, That the City Engineer be, and hereby is, instructed to prepare an ordinance for the building of a bridge across the Deep Hollow at Ravine avenue.

Adopted.

By Ald. Selye—Resolved, That the City Engineer be, and hereby is, instructed to prepare an ordinance for an asphalt street improvement for Glenwood park.

Adopted.

By Ald. Selye—Resolved, That the City Engineer is hereby directed to prepare an ordinance for the building of bridge across the Deep Hollow at Glenwood park.

Adopted.

By Ald. Selye—Resolved, That the City Engineer be instructed to prepare an ordinance for the building of a brick roadway on Glenwood park.

Adopted.

By Ald. Selye—Resolved, That the City Engineer be, and hereby is, directed to prepare an ordinance for the building of a retaining wall on West street, in accordance with the understanding hereby entered into between the city and the managers of the State Industrial School.

Adopted.

By Ald. Selye—Resolved, That the City Engineer be, and hereby is, directed to prepare an ordinance for the building of a cement sidewalk on the south side of the Big Ridge Road, from Lake avenue to the city line.

Adopted.

By Ald. Selye—Resolved, That the City Engineer be, and here is, directed to prepare an ordinance for the re-building and widening of Buell avenue, from Driving Park avenue to the north end thereof, with the necessary retaining walls, parapets and stone copings.

Adopted.

By Ald. Selye—

Whereas, Under the laws of 1890, chapter 347, the City of Rochester was authorized to issue \$1,000,000 in bonds for paying the cost of constructing the East Side Trunk Sewer, a local assessment covering over \$70,000,000 of property, said funds being issued in series of \$25,000 respectively, the first of said series being due in ten years from the date of issue and each succeeding series in every year following the year in which said first series of bonds shall fall due and become payable; thus making the assessment for said sewer but \$25,000 a year for almost the entire East Side of the river for a period of forty years after the first ten years when the first series becomes due; thus creating no lien on the territory so assessed for the period of ten years, and,

Whereas, At the end of the first ten years the Common Council shall then declare the part or portion of the city which they shall deem benefited by said sewer and which they deem proper to be assessed, therefor, they shall then estimate and declare the amount of money necessary to be raised to meet payment of such of said bonds as will fall due in the next succeeding five years only; thus creating a lien upon the lands assessed for but one-eighth of total cost of said sewer and making that payable in five annual installments, commencing after the first ten years; and thereafter making assessments at the end of each five years, for five years thereafter until at the end of fifty years the assessment shall mature; thus wisely abiding the growth of the drainage territory, which at present no man can surely foretell, and,

Whereas, Under an act of the legislature the West Side Trunk Sewer is being built at a cost of some \$600,000, and the territory to be assessed is of a value at much less than \$10,000,000, and, unlike the East Side Sewer assessment, becomes a lien upon the land the moment the assessment is confirmed instead of at the expiration of ten years, and in five year assessments thereafter; and where, as the Commissioners confess that at best, pending the growth of the city, at present, they can but guess the equities of the assessment to be levied, and,

Whereas, The assessments contemplated being enforced by the West Side Trunk Sewer Commissioners involves a taxation of from \$20 to \$450 per acre, meaning virtual confiscation of the property of many persons assessed, and,

Whereas, By reason of the impossibility of foretelling at what time large areas will be benefited by the building of the West Side sewer, it is advisable to adopt the genius-like East Side sewer assessment, which contemplates assessing only, as the territory develops in growth, and,

Whereas, Under the present law the assessment made includes both city and town of Gates territory, which the state constitution prohibits; now, therefore, in order that the East Side sewer assessment may be used to the advantage of those whose property lies in the drainage territory which it is proposed to assess may be saved from the glaring injustices of the contemplated assessment, and their property relieved of the threatened lien that prohibits sale or raising money on until the heavy assessment is paid, be it

Resolved, That the president of this board do appoint a committee consisting of the aldermen of the wards interested, which are the ninth, tenth, fifteenth, nineteenth and twentieth, to confer with West Side Sewer Commissioners, in connection with Messrs. Matthias Kondolf, E. C. Campbell and Reuben L. Field, of the town of Gates, to the

end that a report may be made to this Common Council as to the adaptability of the East Side Sewer Commission law to the conditions existing on the West Side sewer district in the city of Rochester and the town of Gates; and be it further

Resolved, In view of the urgency of immediate action that should the committee named find it to be to the best interest of the city to frame a law for correcting the present West Side Sewer Law that the sum of \$100 is hereby appropriated from the Contingent Fund, for the purpose of employing William F. Cogswell to frame the same.

Adopted.

By Ald. Cook—Resolved, That George Smith be, and he hereby is, appointed as assistant superintendent of the city stone yard, under supervision of Overseer Gardiner, at a salary of \$60 per month, to date from December 31, 1895.

Adopted.

By Ald. Ford—Whereas, By final ordinance No. 5,634, adopted December 11, 1894, this Common Council did ordain and determine that cement walks should be constructed on Plymouth avenue, from Main street to Adams street; and

Whereas, On the same date this Common Council did also take action giving to the property owners on Plymouth avenue an opportunity to construct their own walks; and

Whereas, A number of the interested property owners did, under authority thus granted, construct their own walks; and

Whereas, By the assessment roll for this improvement confirmed December 26, 1895, the property owners who constructed their own walks, are taxed for the expense of inspecting the walks built under the ordinance; therefore

Resolved, That the action of this Common Council taken at the meeting of December 26, 1895, as reported at page 431 of the proceedings of 1895, confirming assessment roll for the Plymouth avenue cement walks, ordinance No. 5,634, be and the same hereby is reconsidered.

Adopted.

By Ald. Ford—Resolved, That the assessment roll for Plymouth avenue cement walks, ordinance No. 5,634, be referred back to the City Assessors to prepare a new roll, which will impose the cost of inspection upon those property owners whose walks were built under the ordinance.

Adopted.

REPORTS OF STANDING COMMITTEES.

Report of Law Committee.

By Ald. Adams—

January 18, 1896.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Law Committee begs leave to report as follows:

In the matter of the claim of Henry G. Sauer, to be allowed the sum of \$19 deducted by the City Auditor from his bill for ballot boxes, we have, after investigation, concluded, that the amount charged by Mr. Sauer was not excessive, and therefore recommend the payment of this amount to him.

We recommend the appointment of the following Commissioners of Deeds: John F. Martin, Willard D. Becker, William H. Tompkins, George H. Stalker, J. H. McMahon, J. Franklin Wellington, Charlotte A. Scheck.
 Respectfully submitted,

M. B. ADAMS,
 WILLIAM PAUCKNER,
 EDWARD ENGLEHARDT,
 D. W. SELYE.

Received, filed and published.
 By Ald. Johnston—

City Auditor's Office, City Hall,
 Rochester, N. Y., Jan. 21, 1896.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—I am informed that the amount of \$120.65 approved by my audit of Henry G. Sauer's claim for \$139.65, for 95 ballot boxes and delivery, audited November last, has been rejected by claimant, appealing to your honorable body for relief.

As careful investigation as time would permit, on my part, before finally passing upon this claim as presented, led to the conclusion that the charge was exorbitant, and should be reduced from \$11.35 to \$1 each per box, allowing a charge of \$11.40 for delivery to stand.

Subsequently the claimant appeared, protesting against such award, and relying upon his representations of cost and expense, owing to haste required in executing the order, which did not appear on the face of the claim, I modified the same by an allowance of \$1.15 each instead, but not to his satisfaction.

Being now informed that the claimant rejects the award and demands his claim in full, I have made further and most exhaustive investigation of facts bearing thereon.

The result constrains me to protest against any further allowance, not only as excessive, but from a conviction that a reconsideration of the same, in view of my having a complete estimate from a responsible contractor to duplicate these boxes and deliver at every polling place in the city, now before me, would justify a considerable further reduction on total claim, from the amount allowed.

With the view of furthering a right disposition of this matter, I submit the foregoing for your consideration, deeming it necessary as a guide to your intelligent final action.

Very respectfully,
 A. S. MANN, Auditor.

Received, filed and published, and referred to Committee on Law.

REPORT OF ASSESSMENT COMMITTEE.

By Ald. Beard—

Rochester, N. Y., Jan. 21, 1896.

To the Honorable, the Common Council:

Gentlemen:—In the matter of the petition of Mary A. Wadhams, to reduce the amount

of the taxes upon her lot, No. 173, on the north side of Ravine avenue, in arrears for the years 1886-95, both inclusive, we recommend that Mrs. Wadhams be allowed to pay the face of all the taxes in arrears upon said premises and to have the same fully cancelled by paying to the City Treasurer, said taxes as originally assessed with 6 per cent. interest per annum, together with the disbursements and expenses of the City Treasurer in advertising said taxes for sale.

In the matter of the communication from the Clark Stamping Company, requesting the reduction of the amount of their bill for water rents for the quarter ending November 1, 1895, we recommend that said communication be referred back to the Clark Stamping company.

All of which is respectfully submitted,

WILLIAM S. BEARD,
HENRY G. COOK,
JOSEPH S. CRANE,
JOHN B. SIMMELINK,
Assessment Committee.

Received, filed and published.

By Ald. Beard—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to receive from Mary A. Wadhams the amount of the taxes in arrears upon lot No. 173, on the north side of Ravine avenue for the years 1886-1895, both inclusive, as originally assessed, with 6 per cent. interest per annum, besides disbursements and expenses of the City Treasurer in advertising said taxes for sale, and that upon the payment of such sums within thirty days from the passage of this resolution said Mary A. Wadhams be, and she hereby is, allowed to redeem her said property, and the City Treasurer is hereby directed to charge the amount of the expenses of sale and other expenses and excessive interest to erroneous assessments.

Adopted.

By Ald. Beard—Resolved, That the communication from the Clark Stamping Company, requesting a reduction of the water rents for their premises for the quarter ending November 1, 1895, be, and the same hereby is referred back to said Clark Stamping Company.

Adopted.

REPORT OF CITY PROPERTY COMMITTEE.

By Ald. Pauckner—

To the Common Council:

Gentlemen: Your City Property Committee held a meeting and examined the detailed plans and specifications of the architect for the preliminary work on city hall remodeling. The committee decided to advertise for bids on this preliminary work, which involves only such alterations as are rendered necessary by the removal of the City Treasurer's office to the rooms formerly occupied by the Police Department, the transfer of the Health Department to the quarters to be vacated by the Treasurer, the removal of the Street Department to the rooms now occupied by the Board of Health, the addition of the Street Department quarters to the Assessors' Department and repairs to the flooring in the City Engineer's office.

Bids were submitted, pursuant to the advertisement, as follows:

Stallman Brothers	\$494 00

Ellsworth & Grant	627 00
H. H. Edgerton	650 00
Henry G. Sauer	693 50
W. I. Devendorf	711 00

Your committee would recommend that the contract for the work called for by the architect's specifications be awarded to the lowest bidder, the firm of Stallman Brothers, for \$494.00, the contract to cover all necessary carpenter and mason work, painting and decorating.

Your committee would also recommend the re-employment, during the pleasure of the Board of the following named persons:

Millard T. Morse, janitor at Front street City Building; John O'Leary, engineer at City Hall Building; John Hyde, night watchman and assistant engineer at City Hall Building; Edgar E. Pruyne, Charles W. Bryant and George W. Wright, engineers at Police Station Building; John Knight, B. L. Gibb, Charles Helles, elevator conductors; Annie Hayes, Lizzie Hanrahan, Maggie Fitzpatrick, Lena Keehn, Ellen Royce, Mary Nier, Maggie Murphy and Johanna McPartlin, charwomen at the city buildings; Edward Enrich, custodian of the city clocks.

We also recommend the re-appointment of Thomas J. Lavin as assistant messenger.

Respectfully submitted,

WILLIAM PAUCKNER,
M. B. ADAMS,
EDWARD ENGLEHARDT,
M. J. CALIHAN,
WILLIAM WARD,

City Property Committee.

Received, filed and published.

By Ald. Pauckner—Resolved, That the contract for the preliminary work on city hall alterations, as provided for by plans and specifications prepared by Charles F. Crandall, architect, including all necessary carpenter work, masonry, painting and decorating as required by said plans and specifications, be awarded to the firm of Stallman Brothers at the price named in their proposal, \$494.00, the form of contract to be approved by the Corporation Counsel.

Adopted.

By Ald. Pauckner—Resolved, That the following named persons be continued in the employment of the city in the positions indicated, and at the specified compensation per month; said appointment to date from January 1, 1896, and to hold during the pleasure of the Board:

Millard T. Morse, janitor, Front street building	\$75 00
John O'Leary, engineer, city hall building	75 00
John Hyde, night watchman and assistant engineer, city hall building	75 00
Edgar E. Pruyne, engineer, police station building	65 00

REPORT OF FINANCE COMMITTEE.

January 21, 1896.

To the Honorable, the Common Council of
the City of Rochester:

Gentlemen:—Your Finance Committee begs
leave to report that it has considered the re-
quest of the Finance Committee of the Board
of Park Commissioners for an advance of
\$10,000 of the appropriation for the present
year, and recommend that the city's note be
negotiated for the sum of \$5,000 to tide the
Board of Park Commissioners over their pres-
ent necessities.

Respectfully submitted,

Finance Committee.

Received, filed and published.

By Ald. Johnston—Resolved, That the City
Treasurer be authorized and directed to is-
sue the city's note for a period not exceed-
ing eight months for sums not exceeding in
the aggregate \$10,000; said note to be issued
under the direction of the Finance Committee
to be countersigned by the Chairman thereof,
interest or discount to be charged to the Con-
tingent Fund, and the proceeds to be applied
as follows: \$5,000 to be placed to the credit
of the board of Park Commissioners main-
tenance fund, as an advance on the appro-
priation to be made them for the ensuing
year and \$5,000 to the credit of the park im-
provement fund; the latter amount to be
used by said Board, solely in the payment of
property about to be purchased of Edward
A. Frost.

REPORT OF POOR COMMITTEE.

By Ald. Cook—

Rochester, N. Y., Jan. 21, 1896.

To the Honorable, the Common Council:

Gentlemen: Your Committee on the Sup-
port and Relief of the Poor beg leave to re-
port that an additional supply of unbroken
stone is necessary for the Poor Department,
and we recommend that the Overseer be au-
thorized to purchase the necessary quantity
from Nicholas Brayer at the rate of 50 cents
a load, each load to contain one and one-half
yards, and said Brayer to furnish storage for
said stone until required by the department.
We further recommend that the salary of
John C. Calder be increased two hundred
dollars a year and of Robert A. Stone from
\$40.00 to \$75.00 per month, such increase to
date from January 1, 1896.

All of which is respectfully submitted,

HENRY G. COOK,
M. J. CALIHAN,
M. B. ADAMS,
WILLIAM S. BEARD,
W. H. TRACY,

Committee on the Support and Relief of
the Poor.

Received, filed and published.

By Ald. Cook—Resolved, That the Overseer
of the Poor be authorized to purchase the
necessary quantity of unbroken stone to be
used in the stone yard of the poor depart-
ment from Nicholas Brayer at the rate of
fifty cents a load, each load to contain one
and one-half yards, and said Brayer to fur-
nish storage for said stone until required by
the department.

Adopted.

By Ald. Cook—Resolved, That the salary
of John Calder be increased \$200 per year,
such increase to date from January 1, 1896.

Adopted.

By Ald. Cook—Resolved, That the salary of
Robert A. Stone be increased to \$75 a month,
such increase to date from January 1, 1896.

Adopted.

By Ald. Cook—Resolved, That the Overseer
of the Poor be authorized to retain the serv-
ices of Norman F. Haskell in the examina-
tion and revision of the books of the Poor
Department.

REPORTS OF SELECT COMMITTEES.

By Ald. Adams—

Report of the Committee on Revision of
the Rules.

To the Common Council:

Gentlemen:—Your special committee on re-
vision of the rules would respectfully report
as follows:

At the outset, a careful consideration of
the subject convinced the committee of the
advisability of a complete revision and mod-
ification of the rules, in order that they might
present a logical order and arrangement. A
glance at the rules, as they now exist, will
disclose the fact that many of them were an
after-thought and that the phraseology of
many of them could be improved.

Some changes in the rules are necessitated
by changes in the charter. Your committee
has thought it advisable that the rules should
enable the President of the board to call
special meetings on request of a majority of
the members; that they should more definitely
define the duties and powers of that office;
provide for the choice of a President pro tem-
pore in the absence of the presiding officer;
permit the several committees to pass upon
bills without the formality of a reference;
that all proposed penal ordinances or resolu-
tions having the effect of such ordinances
must take reference to the Law Committee.

In a general way the changes recommended
are drafted with a view to making the rules
conform more closely to the established pro-
cedure of the Board, which procedure in
times past has not always been in harmony
with the existing rules.

The result of the committee's conclusions
is herewith presented with a recommendation
that the proposed revision be printed in the
proceedings and lie on the table until the
next regular meeting, so that the members
of the board may have an opportunity to
closely examine the same and make such
suggestions as to further changes that they
may desire.

Respectfully submitted,

M. B. ADAMS,

WM. PAUCKNER,

J. MILLER KELLY,

Special Committee.

Rules of the Board.

I. Regular meetings of the Common Coun-
cil of the city of Rochester shall be held in
the Common Council chamber, city, hall, on

the first Tuesday of January in each official year at 7:30 P. M., and thereafter on every alternate Tuesday at the same hour and place; also at such other times as the Common Council may by adjournment to a day certain appoint.

II. When a date for a regular meeting of the Board falls on a legal holiday, the Board shall meet instead on the day following, at the place and time fixed for the regular session, unless otherwise ordered.

III. A special meeting of the Common Council shall convene whenever a majority of all the Aldermen elected shall sign a request in writing therefor, addressed to the President, stating the purpose of the meeting, and upon a presentation of such request to the President by the Clerk of the Board, it shall be his duty to call such special meeting at the time and place designated in the request. Notice of such meeting shall be served personally or by leaving the same at the residence or business address of each Alderman at least two hours before the time of such meeting. The business of all special meetings shall be stated in the call, which shall be presented immediately after the roll call, and no other business shall be transacted.

IV. A majority of all the Aldermen elected shall be a quorum for the transaction of business, but a smaller number may adjourn from day to day.

V. The business of all regular meetings of the Board shall be transacted in the following order:

- Roll call.
- Approving of the Clerk's minutes of the preceding meeting or meetings.
- Presentation and reference of petitions, remonstrances, bills, accounts.
- Communications from the Mayor.
- Communications and reports from other corporation officers, boards and departments.
- Miscellaneous communications to the Board.
- Reports of standing committees.
- Reports of select committees.
- Action upon first ordinances.
- Action upon final ordinances.
- Unfinished business of the previous meeting.
- Unfinished business generally.
- Executive business.
- Miscellaneous business.
- Adjournment.

VI. The President shall take the chair precisely at the hour appointed for the meeting; shall immediately call the members to order and on the appearance of a quorum shall cause the regular order of business to be transacted.

VII. The President shall preserve order and decorum, and may speak to points of order, rising in his seat for that purpose; he shall decide questions of order, subject to an appeal to the Board.

VIII. He shall appoint all standing and special committees, except when the Board shall otherwise order, and the first named member of any committee shall be the chairman.

IX. He or in his absence, the Board, shall have a right to name any member to perform the duties of the Chair, but such substitution shall not extend beyond an adjournment.

X. In the absence of the President, the Clerk shall call to order and the Board shall elect one of its members a President pro tempore, who shall, during the absence of the President, have and exercise all the duties and powers of that office.

XI. No petition for a public improvement, requiring the consent of a majority of the persons taxable for such improvement, shall be received unless the same shall be accompanied by the certificate of the City Assessors

that it is signed by a majority of such persons, or that it lacks such a majority of signatures.

XII. Every petition or other paper shall, previous to presentation to the Board, be so indorsed as to clearly indicate the nature of its contents and the name of the member presenting it. Its reference or other disposition shall also be noted on it and it shall be immediately sent to the Clerk's table.

XIII. Every application for leave to erect, alter, or enlarge a wooden building shall be accompanied by satisfactory written evidence that all persons interested therein have been seasonably notified in writing of such intended application and its time. Such petition shall be referred to the Committee on Wooden Buildings and the Fire Marshal with power to act or with instructions to report back as the Board may order, as required by the building ordinances of the city.

XIV. Every application for permission to remove a wooden building must take reference to the Executive Board, and on recommendation of that department the Fire Marshal may grant such application in conformity with the building ordinances of the city.

XV. The following shall be the standing committees of the board, and shall consist of five members each, and shall be announced at the first meeting of each Board, or as soon thereafter as circumstances will admit, subject to be changed or increased as the Board may order:

1. Finance.
2. Law.
3. Lamps and Electricity.
4. Railroads.
5. Support and Relief of the Poor.
6. City Property.
7. Contingent Expenses.
8. Assessments.
9. Maps and Surveys.
10. Mount Hope and Public Parks.
11. Charter Amendments.
12. Police, Excise and Markets.
13. Water works.
14. Wooden Buildings.
15. Public Improvements.
16. Streets and Sewers.
17. Schools and Public Health.

XVI. It shall be the duty of all committees named in the foregoing rule, having charge of any fund, at the last regular meeting of the municipal year to make a full report in writing of matters committed to their care during the year, the condition of any matters unfinished at that time, and all other matters of interest within their control.

XVII. Upon every matter referred to a committee, such committee or a majority thereof, shall meet for inquiry and deliberation, and no report of or concerning such matter shall be made unless a majority of the committee shall have actually examined and concurred in the same.

XVIII. The Standing Committees shall have regular meetings for the transaction of committee business, of which meetings and their time and place, notice shall be given to the Board and lodged with the Clerk at his office as soon as such particulars shall have been determined.

XIX. No account, bill or claim against the city for services rendered or materials furnished shall be ordered paid without having first been approved by the committee having charge of the fund from which payment is to be made, and afterwards read in open Board, and no such claim or bill or account shall be ordered paid until the next regular meeting after the same has been referred to the finance committee.

XX. No member shall absent himself from the Board before adjournment for more than

ten minutes at the time without leave of the presiding officer.

XXI. At least two weeks' notice shall be given of intended motions for the passage of any resolution having the effect of giving or granting, or changing, or extending any privilege, franchise or license to any corporation whatever, unless the Board shall unanimously consent thereto. Such notice shall state generally the substance of the proposed resolution.

XXII. No ordinance for any improvement shall be adopted unless by a vote of at least fifteen members of the Common Council voting in the affirmative, unless a majority of the owners of property to be assessed therefor petition for the improvement.

XXIII. All petitions and resolutions for the erection or placing of electric and gas lights in any manner whatsoever shall be referred to the Lamp Committee and the City Electrician for examination, they to report thereon in writing to this Board at the next regular meeting thereof or as soon as practicable before any further action on any such petition and resolution shall be taken; said report shall include the number and character of the lights recommended to be erected, discontinued or in any manner changed, and in case gas or other lights exist on any street in which any change is made shall include the increase or decrease of the cost thereof per night. That in case of the erection of any new light, or the removal of any light, no payment shall be made therefor until the company erecting or removing such light shall have notified the City Electrician, in writing, that such erection or removal has been made, and the points at which they are respectively located. That no bill for the payment of any public street light shall be paid until it shall have been examined and certified to be correct by the City Electrician.

XXIV. No resolution to change the name of any street, avenue, lane, alley or place in City of Rochester shall be adopted or passed at any time, unless upon the petition of two-thirds of all the owners of property upon such street, avenue, lane, alley or place, nor unless the resolution shall lie upon the table for at least two weeks before being acted upon, nor unless such resolution is adopted or passed by, at least fifteen members of the Common Council voting in the affirmative.

XXV. No resolution providing for any increase in the clerical force of any office or department of the city government shall be acted upon until the regular meeting following the meeting at which the same shall be presented.

XXVI. All matters to be presented and referred to the Assessment Committee must be in writing, signed and verified by the applicant or aggrieved party, or his agent, setting forth in a concise way the facts and grounds of complaint, the residence and post-office address of the party, or his agent, and the relief desired.

XXVII. All applications for Commissioners of Deeds of the City of Rochester must be in writing, signed by the applicant, and said application shall set forth the residence, age, occupation and citizenship of the applicant. Such application must also be accompanied by a written recommendation and certificate of the good moral character of the applicant, signed by two known and reputable citizens of the City of Rochester. All applications shall be referred to the Law Committee and laid over until the next regular meeting, before the same can be acted upon. No person shall be appointed a Commissioner of Deeds unless of the age of twenty-one years and a citizen of the United States.

XXVIII. Any rule of the Board may at any time except as otherwise specifically provided in any such rule, be temporarily suspended for special reasons, by a vote of two-thirds of the members present; but no permanent alteration shall be made without notice specifying the object of the change having been given at a previous meeting.

XXIX. Without special leave in writing from an alderman, the following persons only shall be admitted within the railing of the Common Council Chamber during sessions of the Board: The Mayor, Alderman, Clerk, Messenger, Assistant Messenger, the members of the Executive Board, the Corporation Counsel, Auditor, Assessors, Treasurer, City Engineer, Fire Marshal, Overseer of the Poor, Engineer of the water works and representatives of the press.

XXX. On an appeal from a decision of the Chair, the member making the appeal shall not speak more than once, except by unanimous consent of the Board, and no other member shall speak upon such appeal, except that the Chair shall have the right to orally assign his reasons for his decision.

XXXI. In all cases of the appointment or election of officers and committees by the Board, except Commissioners of Deeds, the same shall be by viva voce vote.

XXXII. When a member is called to order he shall immediately sit down, and the presiding officer shall pass upon the point of order.

XXXIII. No member shall speak at any meeting more than twice on the same question, nor more than five minutes at a time, without leave of the Board, and no member shall be allowed over two minutes in which to explain his vote.

XXXIV. The ayes and nays on any question before the Board shall be taken on direction of the Chair or at the demand of any two members who shall signify it by rising.

XXXV. Every member refusing to vote on any question, unless excused by the Board, shall be deemed to be in contempt and shall be liable to censure.

XXXVI. No member shall be by the Clerk's table while the ayes and nays are being taken or ballots are being counted.

XXXVII. After the decision of any question, it shall be in order for a member voting in the majority only, to move its reconsideration at the same meeting; but at a subsequent meeting any member may make such motion. If a motion for reconsideration be lost, it shall not be renewed without the unanimous consent of the Board, and no decision of the Board shall be a second time reconsidered without this leave.

XXXVIII. Whenever it shall be determined to transact any business in secret session, the presiding officer shall direct all persons, except members and officers of the Board, to withdraw and the doors to be closed, and to be kept closed during such secret session. Every member and officer of the Board shall observe strict secrecy of all proceedings, matters, remarks, votes and all other occurrences during such secret session, whereof secrecy may be enjoined by the Board.

XXXIX. In all cases of entries of resolutions, ordinances, or motions in the Clerk's minutes, the name of the mover shall accompany the same.

XL. When a question is under debate, no motion shall be received, but,

To adjourn,

To fix the hour of adjournment,

For the previous question,

To lay on the table,

To postpone indefinitely,

To postpone to a day certain,

To commit, or
To amend,
which several motions shall have precedence in the order here stated.

Motions to adjourn, to fix the hour of adjournment, for the previous question, and to lay on the table, shall be decided without debate and without amendment, except that the motion to fix the hour of adjournment may be amended as to the hour.

A motion to postpone indefinitely shall not be amended, and a motion to postpone to a day certain, may only be amended as to time.

A motion to commit may be amended only as to the committee, and as to instructions and powers.

On a motion to amend there shall be allowed at the same time, only an amendment to the original proposition, an amendment to that amendment, and an amendment by way of substitute for the whole original proposition and pending amendment.

XLII. All reports of committees shall be in writing and shall state the facts substantially appearing before the committee making the report.

XLIII. All resolutions and amendments thereto shall be sent to the Clerk's table and read by the Clerk before they shall be in order. All motions and amendments thereto shall likewise be reduced to writing at the request of the presiding officer, or other members of the Board, and sent to and read by the Clerk before debate.

XLIV. All questions relating to the priority of business shall be decided by the presiding officer without debate.

XLV. The Clerk shall have at every meeting of the Board a list of unfinished business of the previous meeting, and a separate list of unfinished business generally, in the order of introduction, which shall be read without motion when unfinished business is in order.

XLVI. All proposed penal ordinances or resolutions having the effect of such ordinances must take reference to the Law Committee and final action thereon shall not be in order until the next regular meeting after presentation.

XLVII. The "previous question" shall be put as follows:

"Shall the main question be now put?" and, until it is decided, shall preclude all amendments or debate. When, on taking the previous question, the Board shall decide that the main question shall not now be put, the main question shall be considered as still remaining under debate. The main question shall be on the passage of the bill, resolution or other matter under consideration; but when amendments are pending the question shall first be taken on such amendments in their order.

XLVIII. If the question contains several distinct and divisible propositions, any member may have the same divided, but a motion to strike out and insert shall not be divisible under this rule.

XLIX. In filling up blanks, the largest sum and longest time shall be the first put.

L. When the reading of a paper is called for, and objection is made by any member, it shall be determined by the Board without debate.

L. Any motion may be withdrawn by the mover before it is decided or amended, but in such a case any member may renew the motion at that time.

LI. Every member rising to debate, give a notice, make a motion or report, or present any paper, shall first address the Chair, and shall not proceed further until audibly recognized by the Chair.

LII. The rules of parliamentary practice comprised in Cushing's Manual and Cushing's Law and Practice of Legislative Assemblies, shall govern the Board in all cases not herein provided for in which they are applicable.

COMMUNICATIONS TO THE BOARD
FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS OF THE CORPORATION AND THEIR REFERENCE.

By the Clerk—

Mayor's Office,
Rochester, N. Y., Jan. 15, 1896.

To the Common Council:

I hereby return to you, without my approval, the resolution passed by the Common Council at its regular meeting held January 6, 1896, which resolution awards to the Democrat and Chronicle the contract for the printing of the proceedings, resolutions and ordinances of the Common Council and of the Executive Board, the list of lands sold for unpaid taxes, and the list of official nominations for office, at the price of thirty cents per inch, solid nonpareil type.

My reason for returning this resolution disapproved, is as follows: The resolution, as adopted, will result in an expenditure of from four to five thousand dollars each year. In other matters calling for an expenditure of much smaller sums of money, the Common Council adopted a rule advertising for bids, and then, upon receiving such bids, to let the contract to the lowest bidder. This is the only fair and business-like way of awarding such contracts. Such a method of procedure invites competition, and almost invariably results in a saving to the taxpayers.

The Democrat and Chronicle printed the last official proceedings of the Board of Supervisors of this county at twenty-five cents per inch; and you now propose to pay them thirty cents for the same class of work. The fact that the Democrat and Chronicle is required to furnish five hundred bound copies of the proceedings of the Common Council and one hundred and fifty bound copies of the Executive Board proceedings, would not increase the value of their work from the twenty-five cents paid by the Board of Supervisors, to the thirty cents proposed to be paid by the Common Council. The Democrat and Chronicle received from the Board of Education for printing the proceedings of that board, for the year 1894, the sum of thirty cents an inch; this was without competition, but in the year 1895 the Board of Education advertised for bids, for the printing of their proceedings, and the Post Express bid twenty-four cents an inch and the Democrat and Chronicle bid 30 cents an inch. The contract for the printing for that year was awarded to the Post Express at twenty-four cents an inch. This shows conclusively that competition in this case reduced the price from thirty cents to twenty-four cents an inch, and thereby resulted in a saving to the people of a considerable sum of money, and the work was as well done. I cannot say if competition should have been invited for the printing in question that it would result in such a large reduction, but if it should, it would result in a saving to the people of very nearly the sum of one thousand dollars per year. Certainly, no harm can be done in advertising for bids in reference to this printing the same as is done in respect to other matters, and if none of the other papers desire to compete, then the contract could be awarded to the Democrat and Chronicle at their figures.

An opportunity should be given to all of the newspapers of the City of Rochester to bid for such printing, and if, as a result of such competition, the contract is awarded to the lowest responsible bidder, the matter would then be satisfactory to all concerned. For the reasons aforesaid, the resolution is returned without my approval.

GEORGE E. WARNER, Mayor.

The Chair stated the pending question to be, "Shall the resolution prevail notwithstanding the veto of his Honor, the Mayor, and directed a roll call, which resulted as follows:

The Chair declared the resolution lost.

By Ald. Adams—Resolved, That the Law Committee be and it hereby is authorized and directed to solicit proposals from the various English daily newspapers of the city for printing the official proceedings of the Common Council and Executive Board together with such official notices as are required by law to be published in the official paper and for furnishing 500 copies of the proceedings of the Common Council and 350 copies of the proceedings of the Executive Board bound in cloth, together with such extra slips and copies of the daily issues of such newspapers as have been heretofore furnished to the various departments.

Each proposal shall be accompanied by a sworn statement of the actual paid city circulation of each paper, bidding therefor. Such sworn statement to be made and signed by the business manager of each paper making such bid.

Said committee shall be permitted to verify such sworn statement by an examination of such books of each paper, or otherwise, as such committee shall deem necessary.

Such proposal shall also specify the number of days within which such proceedings shall be published after the copy shall have been furnished by the City Clerk, or clerk of the Executive Board.

All proposals and statements shall be in writing and shall be filed with the chairman of said committee not later than a day to be specified by said committee.

Said committee shall report all bids to the Common Council for action with such recommendations as it may see fit to make.

Said committee may in its discretion insert in the advertisement for bids such other specifications as in its judgment may seem best.

The Common Council reserves the right to reject any and all bids and the right to award the contract as the best interests of the city may seem in their judgment to require.

Adopted.

By the Clerk—

Mayor's Office, Jan. 15, 1896.

To the Common Council of the City of Rochester:

The final ordinance No. 6,022 for the Boston Court opening and improvement adopted by you on January 7, 1896, is hereby returned to you without my approval for the following reasons:

The cost of this improvement will be two thousand dollars (\$2,000.00) or about seventy-five dollars (\$75.00) on each lot to be assessed for the improvement. From the papers presented to me it is manifest that a majority of the people who are to be taxed for this improvement are not in favor of the same, that being so, they should not be compelled

to have the improvement made for them when they do not desire it. While the improvement may be necessary it should be left to the majority of the people to say whether or not they desire to be taxed for it.

Very truly,

GEORGE E. WARNER, Mayor.

By the Clerk—

Rochester, N. Y., Jan. 10, 1896.

To the Honorable, the Common Council:

Gentlemen:—The last legislature of the State of New York, through the efforts of the Board of Health of the City of Rochester, passed a law known as the "midwifery bill," making it obligatory for all midwives in this city to pass an examination before a board consisting of two physicians, together with the Health Officer ex-officio, constituting the Board of Midwifery.

Such law was considered necessary for the purpose of preventing puerperal and other infectious diseases, due to ignorance and uncleanness on the part of midwives.

The Board of Midwifery instituted lectures, which were largely attended by the midwives, and which enabled them to pass an examination, which a large portion of them were able to do. The results of said law, thus far, have been salutary. Midwives recognize the danger of ophthalmia in the new born and the reason for interference in labor causing them to call for the assistance of physicians, etc.

I would respectfully suggest that a midwife be appointed by your Honorable Board to take charge of confinements that come under the supervision of the Poor Department. I understand it is the duty of the City Physicians to attend cases of labor among the poor. I also am aware that their duties do not require them to take charge of the infant for more than a day or two and for that time

only to instruct the attendant as to its care. It would seem to me to be humane and just to the poor that the mother and child receive intelligent care for at least one week after birth of the child. Such intelligent service could be rendered to each poor mother and child for six days, and the entire charge not to exceed five dollars. I submit thi scommunication to the judgment of your Honorable Body hoping you may consider it favorably.

Respectfully submitted,

Health Officer.

Police Commissioners' Office,
Rochester, N. Y., Jan. 21, 1896.

To the Honorable, the Common Council:

Gentlemen:—At a meeting of the Police Commissioners, held January 20, 1896, a delegation were present representing the several hospitals of the city, relative to the ambulance service. The Police Commissioners expressed their willingness to transfer the ambulance service to the hospitals, and the Clerk was directed to communicate such fact to your Honorable Board. Respectfully,

B. FRANK ENOS,
Clerk.

Rochester, N. Y., January 21, 1896.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—We, the undersigned representing the Hospitals of the city, respectfully ask to have the Ambulance Service, which is now supported by the Police Department, Poor Department and Board of Health, transferred to the Hospitals, as soon as those institutions are in a position to assume the responsibility, under such conditions as may be mutually satisfactory, and with the understanding that said Hospitals shall improve the service in many ways, especially by having a physician always accompany each ambulance.

It shall be further understood that the expense to the city for this improved service, shall not exceed the present expenditure for that purpose.

Yours very respectfully,

RUFUS A. SIBLEY,
For Rochester City Hospital.

By Ald. Green—

Rochester, N. Y., Jan. 20, 1896.

To the Honorable the Common Council:

Gentlemen:—I beg leave to present the following incomplete answer to the question of President Dewey in his address of the 6th instant.

The question was, "Where are the proofs that the city and not the present water right owners will receive the benefits from water storage?"

The city is spending \$1,500,000 in building the East Side trunk sewer and the West Side sewer, almost entirely for the purpose of abating nuisances occasioned by the discharge of sewage into small streams, in which the natural flow of water was not sufficient to dilute the sewage so as to remove the offensive features.

The result of this large expenditure is not to fully dispose of the sewage, but merely to discharge it into the Genesee river at a point about five miles from its mouth.

The river has an average depth of 24 feet except between the piers at its mouth, where dredging is necessary to maintain a depth of 16 feet. Its width is from 280 to 480 feet. The current in the summer is almost still, during many days not exceeding one mile in three days. The shores of the river are bounded by two most beautiful city parks, two important cemeteries, the grounds of the Deaf Mute Asylum, St. Bernard's Seminary, commercial docks, yacht anchorage, prosperous village of Charlotte and the most popular summer resort of Rochester people. In fact the lower river is naturally of the most beautifully picturesque and varied character forming one of the most effective of the many charms of Rochester's superb location. The presence of sewage even before the completion of the East Side trunk sewer has prevented the use of pleasure craft in the river, and during this year the sewage has been a source of offensive nuisance during several months.

It is perfectly well understood by observant people that the damage from this cause

will increase as the population increases, and that it will soon become an evil which must be remedied.

Within ten years and with a population of 200,000, the sewage discharge will approximate 24 cubic feet per second, and to prevent this from making the river a source of damage, if not danger, to health, it is the scientific opinion that there should be a flow of at least 40 cubic feet of fresh water for each cubic foot of sewage, which would require a total flow of about 1,000 cubic feet per second.

Now Mr. Emil Kuichling in his report upon the East Side trunk sewer says that in 1888 the measured flow of the river was only between 120 cubic feet per second and 211 cubic feet per second for the whole time between July 9th and October 19th, and measurements taken in 1895 show a similarly limited volume of flow. That is to say the low water flow of the river should be made from five to eight times greater to allow for the discharging the sewage of the city into the river continuously. The old notion that there is enough valuable matter in sewage to pay for treating it, is gone, and it is generally conceded that the best way of disposing of sewage is by dilution in a large volume of clean water, whenever that is practicable. In this case with such a dilution and because of the presence of lime and clay in the water, and because of the long distance of flow before reaching Lake Ontario, it is safe to assume that there will be no future trouble from the sewage.

It is practicable to secure the desired increase of flow in the lower Genesee by building a tunnel 16 feet in diameter from the extreme south end of Irondequoit bay to the river just below the lower falls. Such tunnel to be below the level of the surface of the water in the bay and in the river, and to be 25,000 feet long smoothly lined with concrete. Near the bay end there would be a rotating pump, located in the tunnel, similar in action to the propeller wheels on ocean steamers. A 2,500 horse power engine would drive this pump so as to force through from the bay into the river a solid column of clean water 16 feet in diameter with a velocity of three and one-half miles per hour, causing an appreciable current of clean cold water from Lake Ontario into the bay, and affording a perfect means of disposing of the sewage from future extensions of the city to the east beyond the range of the trunk sewer. The probable cost of such a tunnel with pumps and engines and with annual expense capitalized would be about \$2,200,000.

I indorse the conclusion stated by Mr. Kuichling in his exhaustive and valuable report upon the East Side trunk sewer as follows:

"In many respects the river is extremely well adapted to deal with the sewage, and it is doubtless worth while to ascertain the full extent to which it may be polluted before proceeding to expensive methods of sewage treatment."

Yet the problem can be solved in other ways. It is possible to discharge the sewage directly into Lake Ontario through sewers built upon each side of the river and at an expense of about \$1,000,000, although this plan has the disadvantage of threatening trouble from sewage matter upon the beaches on account of not becoming thoroughly mixed with the lake water before being blown upon the shore.

The cost of treating all of the sewage from a population of 200,000 by chemical treatment, or filtration or sewage farming, would probably be, including the annual expense of operation capitalized, from \$2,000,000 to \$2,500,000.

Now, if the water storage project is carried out upon the basis of a dam 130 feet high and with a reservoir of 8,000,000,000 cubic feet capacity, not only will the flow of the lower river be so increased as to make unnecessary the expenditure of from \$1,000,000 to \$2,500,000 for sewage disposal, but what is of equal importance in that line, it will keep in good sanitary condition by filling the channel and creating velocity, the three miles of river above the lower falls through the center of the city, which as everybody knows is under existing conditions in warm weather a menace to the health and enjoyment of the whole community and unless the low water flow is increased it will surely be necessary in the future to expend a large amount of money in preventing the direct discharge into it of the Main street, Andrews street, Central avenue, Front street, Genesee Valley canal, Lyell avenue and Saxton street, Race street, St. Paul street and other sewers.

Flood Danger—In 1865 a large amount of damage was done by a flood in the Genesee river. A similar flood occurring again would probably do a far greater amount of damage. We have seen within two years a freshet with nearly as much water running as came down in 1865. It came very near the danger limit although on account of the channel being clear of ice, trees and lumber it did no injury in the city. With such a volume of water flowing and with a few of the threatening trees which we know are in the river, becoming entangled in the bridge piers, and there is almost certainly to occur an overflow threatening damage to millions of dollars worth of property. With the water storage project carried out the chances for such a disaster are very greatly reduced. On this ground alone it would be wise to expend \$200,000 towards carrying out the scheme. The effect of cheapening cost of power is very far reaching. Besides the hundreds of different manufacturing concerns using water power and the 2,000 horse power used in lighting streets for which over \$200,000 is paid by the city per year, and the 3,000 horse power used by the Rochester Railway Company and the several hundred used by the city for pumping water, there are 3,000 horse power distributed to 1,500 motors in all parts of the city.

The foundation for expending millions of dollars and for the expectation of building a great city at Niagara Falls lies simply in this. Power can be leased there for \$15 per horse power per year, while in other places where steam is depended upon it costs about \$65.

With the water storage project carried out there will be 30,000 horse power, and this multiplied by the difference between these two figures gives \$1,500,000 as a year's advantage to the city over using steam.

If the city of Rochester could induce the state to give up its claim to the river, and could, by guaranteeing to the present water power owners 10,000 horse power permanently in place of the present amount varying from 2,500 up, secure the right to control all of the balance of the water of the river, then it would be in a position to carry out the project which is estimated to cost \$2,250,000 and would have 20,000 horse power, which if leased at \$10 per horse power, would be \$100,000 less than the same amount of power would cost at Niagara Falls even, and still at that rate the interest and maintenance would be paid and within 40 years the original cost would be paid back and this community would be able to use it to encourage manufacturing, or a part of it for lighting its own streets or operating its own street railways, or pumping water, or it could be distributed for power, light and heat at cost for the benefit of every inhabitant of this city. The project is-

magnificent from whatever point it is viewed. It is within the range of experience. It is possible of achievement. It can be carried out so as to be of vast benefit to every interest and to every citizen.

And I believe it is your duty to your constituents, to the children, and to the countless thousands who will make the struggle of life here in the years to come, to secure the control of the development of the Genesee river for the benefit of all, and to contest the right of the state officials to take away the water of this river either for floating boats, or for creating power at some other place for some favored corporation, and to prevent its being appropriated by a monopoly for the benefit of the few.

The problem bristles with complicated details, and you cannot, by any possibility, form a sound judgment upon the best method of procedure for the city, except after having the subject studied in all of its phases and reported upon by experts both in law and engineering.

No one to-day thinks it was a waste of money to pay Emil Knichling over \$10,000 for his splendid study and report for the East Side trunk sewer before it was begun. Current history shows that if the same wise plan had been pursued in relation to the West Side sewer, tens and perhaps hundreds of thousands of dollars would have been saved. Experience is often dearly bought by a city as well as by an individual, and it does seem the part of wisdom, to pay a reasonable amount for information and opinions of disinterested parties which in all human probability will prevent us from being misled by ignorance and selfishness.

Very respectfully yours,

J. Y. McCLINTOCK,

City Engineer.

By Ald. Green—

Rochester, N. Y., January 21, 1896.

To the Honorable Common Council:

Gentlemen:—I beg leave to present to your attention some reasons for your taking a lively interest in the plans which may be adopted for deepening the Erie canal through Rochester.

While in a general way the plan for deepening the canal from seven feet to nine feet is intended to lessen the cost of transportation by reducing the power required for propulsion of boats by increasing the distance between the bottom of loaded boats and the bottom of the canal, yet there is reason to believe that on account of the expected reduction of cost of propulsion, there will result a general deepening of the boats to increase carrying capacity, and from this it will follow that boats when unloaded will project farther out of the water, and it will be necessary, in order to increase the efficiency of the canal to its full extent, to have the clear room under overhead bridges increased from twelve feet to possibly fourteen feet.

It has been considered possible to lower the bottom of the canal one foot and raise the surface of water one foot, and assumed that all we should have expected would be a raising of the bridges one foot, while it is now evident that it may be found necessary to raise the bridges three or four feet.

On account of the location of this city, at the lower end of a level sixty-two and one-half miles long, the problem of improving the canal without unduly injuring the city is complicated but possible of solution.

The history of the canal shows that in order to have local interests properly provided for it is necessary to make whatever influence we have felt before plans for work are adopted.

There are twenty-four bridges carrying streets over the canal in Rochester, and our interest is not merely that an immense amount of property should not be needlessly injured by changes of grades of streets in front of it, but also that the whole appearance of the town should not be marred, and that the efficiency of streets shall not be lessened, and that the necessity for additional lift bridges shall not be increased, because, at best, they are detrimental to the development of the city and already are burdensome by reasons of the annual cost of maintenance and operation.

Among the various plans which may be worthy of consideration, there is, in my opinion, only one which will at the same time secure the best possible results for the canal and will leave the streets of Rochester in good shape.

That plan is to rectify an engineering blunder made in the original construction of the canal. It was deemed necessary, in order to insure a sufficient supply of water from Lake Erie for the operation of the canal, to give the long level a fall of at least five feet two inches, but after about twenty years it became evident that there was some radical difficulty in the way of getting sufficient water, making it necessary to depend upon the Genesee river, contrary to the original plan, and greatly to the injury of the manufacturing interests of Rochester. In 1840 a new survey of the canal was made which showed that the long level instead of having a fall of at least one inch per mile, had been built with a fall of only one-half inch per mile from Lockport to Brockport a distance of about forty miles, while from there to Rochester it was level for a distance of about twenty miles. Since that date the eastern end of this long level has been deepened and the banks along the western portion have been raised until it is possible to maintain a slope of the surface of the water which is three feet two inches in sixty-two and one-half miles. This slope, as has been demonstrated by experience, is not sufficient to induce enough water to flow to properly satisfy the needs of navigation.

The east end of the long level should be depressed on the bottom three feet and at the surface one foot, and at the west end the bottom should be depressed on foot and the surface raised one foot, making the slope five feet and two inches in sixty-two and one-half miles. This will insure a proper supply from Lake Erie, and with the reservoirs which we call the eastern and western widewaters acting to reduce the fluctuations due to lockages, the necessity for depending upon a supply from the Genesee river will be done away with.

Such a deepening of three feet through Rochester is perfectly practicable. It has been sometimes assumed that it would be impossible to lower so much across the aqueduct which crosses the Genesee river, but it is a fact that it can be done in such a way as to preserve the present appearance of that magnificent structure, and not reduce the area of water way beneath it. In this connection it is well to say that the result of storing the flood waters of the river in a reservoir as projected at Mt. Morris will be very noticeable in reducing the height of floods, and the possible danger from that source. The increase in the velocity of current in the canal, due to the increase of slope will not exceed about one-eighth of a mile per hour and the full velocity will not exceed three-quarters of a mile per hour and this will be an assistance to loaded boats.

I recommend that your honorable body instruct a committee to communicate with the Hon. Campbell

W. Adams, state engineer and surveyor, and Hon. George W. Aldridge, superintendent of public works, and ascertain whether in case it should seem advisable, there is any possibility of appeal from the decision to adopt a certain plan.

Very respectfully yours,
J. Y. McCLINTOCK,
City Engineer.

City Engineer's Office,
Rochester, N. Y., Jan. 16, 1895..

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—I suggest the advisability of you providing in the estimates for the year, for building a bridge over Red creek on the Westfall road, the estimated cost of which is \$3,500, and of which the town of Brighton has expressed a willingness to pay a part. The present bridge is only maintained in a safe condition by means of temporary trestles. There should also be provided \$1,500 to protect the east bank of the Genesee river, south of Elmwood avenue bridge, with rip rap and parapet of large stones, so that the erosion of the river will not further endanger the street and Elmwood avenue bridge itself.

Very respectfully yours,
J. Y. McCLINTOCK,
City Engineer.

By Ald. Johnston—

Rochester, N. Y., Jan. 17, 1896.

To the Honorable the Common Council of the City of Rochester, N. Y.:

Gentlemen: We desire to call your attention to the urgent need of free public bathing facilities in the city of Rochester and request that you will make provision for the establishment of such baths, by appropriating the necessary funds therefor. In connection therewith your attention is respectfully called to the following legislation which became law April 18, 1895:

"Section 1. All cities of the first and second class shall establish and maintain such number of free public baths as the local board of health may determine to be necessary; each bath shall be kept open not less than fourteen hours each day, and both hot and cold water shall be provided. The erection and maintenance of river or ocean baths shall not be deemed a compliance with the requirements of this section. Any city, village or town having less than 50,000 inhabitants may establish and maintain free public baths, and any city, village or town may loan its credit or may appropriate of its public funds for baths.

"Section 2. This act shall take effect immediately."

The matter of free public baths has been agitated by the labor organizations of this city and other citizens for many years, and just when success has seemed to be assured we have always been met by the excuse that there was no funds appropriated for the purpose nor available.

In interviews published at the time nearly every member of the Board of Aldermen of 1892 favored the project and the matter was referred on August 23d, to the Board of

Health and the City Surveyor to prepare plans. On January 11, 1893, City Surveyor McClintock transmitted a report to Mayor Cuman with plans and drawings which are still in existence, although they do not fulfill the requirements of the law since passed by the legislature. The then Mayor transmitted the report referred to the Board of Health and although every one of the members of that body expressed themselves in interviews published at that time, as in favor of the plan, nothing was accomplished. Petitions have been sent to the Common Council from time to time and referred to the improvement committee or disposed of in other ways.

The plans of the City Surveyor were, in brief for the establishment of two baths, one on the upper river north of Clarissa street bridge, on the West Side. The house on the bank was to be 150x20 feet, with twenty dressing rooms, office closets and a narrow veranda on the river side. The bath proper was to be in the river, 150x80 feet, with graded bottom and a maximum depth of five feet. The outer boundary was to be a wooden crib filled with stones and equipped with safety lines. The estimated cost was \$4,000 without allowance for the small strip of land required.

The second bath was to be located near the Vincent place bridge, 30x60 feet, with a building connected 40x30 feet and equipped with 35 dressing rooms, office, and closets. The tank was to be supplied with Hemlock water with a sufficient flow to change the water every 48 hours, which during a season of four months would require 2,592,000 gallons, at 10 cents per gallon, something over \$260. The cost of this establishment was estimated at \$7,000 and the estimate included \$2,000 for the purchase of the land needed, a lot 45x100 feet.

S. B. WILLIAMS,

Treasurer.

Received, filed and published, and referred to Committee on Finance.

By Ald. Johnston—

City Treasurer's Office,
Rochester, N. Y., Jan. 21, 1896.

To the Honorable, the Common Council of the City of Rochester, N. Y.:

Gentlemen:—The amount necessary to meet the interest on the bonded indebtedness February 1, 1896, is \$50,537.50. It will be necessary to make the city's notes for the same.

Kindly give me the authority to negotiate notes for that amount and oblige.

Yours respectfully,

S. B. WILLIAMS,

Treasurer.

Received, filed and published, and referred to Committee on Finance.

By Ald. Johnston:—Resolved, That the City Treasurer be and he hereby is, authorized and directed to issue for payment of interest on the bonded indebtedness due February 1, 1896, the city's note or notes for the aggregate amount of \$50,537.50; this amount being represented by taxes and assessments levied, but uncollected, under authority of section 81 of the city charter; said note or notes to be negotiated under the direction of the Finance Committee, and to be countersigned by the Chairman thereof, to be made with interest and said interest charged to Contingent Fund. Said note or notes to be made for a period not exceeding six months.

Adopted by the following vote:

Ayes—Ald. Tracy, Callahan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelink, Engeliardt, Wilson, Reichemberger.—20.

City Treasurer's Office,
Rochester, N. Y., Jan. 22, 1896.

To the Honorable, the Common Council:

Gentlemen:—I hereby report that the city's bond for \$25,000 issued on account of the

West Side Sewer Commission, per instructions of your honorable body, will become due February 24th.

This bond carries interest at the rate of 3 1/2 per cent. per annum, which has been paid to January 1, 1896, as per demands of one of the savings banks of New York city, who are the presentholders of the bond. The city holds as collateral for this bond, certificates of the West Side Sewer Commissioners, numbered from 93 to 142 respectively; 50 certificates of \$500 each, making a total of \$25,000. Interest is due on same from June 24, 1895 (when bond was issued), at the rate of 6 per cent. per annum, the amount due to January 1st is \$775. This the commissioners say it will not be convenient to pay at present.

I would respectfully ask for instructions in regard to funds for the payment of bond when due. Shall a new bond be issued, or the certificates disposed of (if possible) and bond paid from proceeds of same?

Respectfully submitted,

Treasurer.

S. B. WILLIAMS.

By Ald. Johnston—

Rochester Bridge & Iron Works,
Rochester, N. Y., Jan. 21, 1896.

To the Honorable, the Common Council of the City of Rochester, N. Y.:

Gentlemen:—I would respectfully call your attention to the unpaid balance due upon the construction of Platt street river bridge.

The final estimate of the cost of this work, giving the amount due, was reported to the Council November 11, 1892, by the Engineer, Mr. L. L. Buck, who was appointed by the Council in charge of this work.

The Law Committee of the Council, to whom the matter was referred, made their report April 28, 1893, and their report, recommending this payment was adopted. A partial payment was made at that time, and we now ask that payment be promptly made of the balance due.

Very respectfully yours,

ROCHESTER BRIDGE & IRON WORKS.

Received, filed and published, and referred to Committee on Finance.

FINAL ORDINANCE, NO. 6,023.

Central Avenue Medina Block Pavement.—
Supplemental to No. 5,143.

On motion of Ald. Ward, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance for excess of actual cost above estimate in final ordinance, No. 5,143.

And after hearing such allegations from all persons appearing.

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

Whereas, This Council did by final ordinance, No. 5,143, passed May 2, 1893, determine and ordain that a Medina block stone pavement be constructed on Central avenue, from North Clinton street to North street, the estimate for which was \$25,000, and

Whereas, The said improvement has been completed and the City Engineer reports that the actual expense of the improvement over the estimate in the ordinance amounts to \$706.62, which said amount of excess above the estimate is hereby approved.

Resolved, That the said amount of \$766.62, is hereby directed to be assessed upon the following portion of the city, which this Common Council deems proper to be assessed for and will be benefited by said improvement.

One tier of lots and parcels of land on each side of Central avenue, from North Clinton street to North street.

Adopted by the following vote:

Ayes—Alds. Tracy, Callihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelink, Erglehardt, Wilson, Reichemberger—20.

Final ordinance for Sibley place extension was presented.

Ald. Dewey moved that the ordinance lie on the table until the next regular meeting. Carried.

Final ordinance for Field street and Monroe avenue sewer was presented.

Ald. Pauckner moved that the ordinance be amended. So as to provide for a sewer 42 inches instead of 66 inches in diameter, and lie on the table until the next regular meeting. Carried.

Final supplemental ordinance for Lake avenue cement walk was presented.

Ald. Selye moved that the ordinance lie on the table until the next regular meeting. Carried.

UNFINISHED BUSINESS.

Action on the ordering of an assessment for Lozier park pipe sewer under final ordinance, No. 5,590, notice of which had been published pursuant to section 190 of the city charter, being in order the following was presented:

LOCAL IMPROVEMENT ASSESSMENT.

By Ald. Beard—Whereas. The City Clerk has ascertained and reported the entire and aggregate expense of and connected with the construction of Lozier park pipe sewer, in the City of Rochester, under final ordinance, No. 5,590, including any and all amounts of compensation to be paid the owners of land deemed necessary to be taken, and the County Clerk's fees for recording the necessary papers and all the costs of the city in the proceedings at the sum of four hundred and eight dollars and thirteen cents (\$408.13) and which expense has been heretofore duly adjusted, and due notice of the time for hearing, allegations has been duly published by the City Clerk, as required by the city charter, and the portion or part of the city on which the said expenses is hereby directed to be assessed, and which this Common Council deems will be benefited by the improvement, the lots and parcels of land within the part of the city described and directed to be assessed in and by the final ordinance relative to the said improvement, and the Assessors of said city, if they are not interested in any of the property or lots or parcels of land to be taken, or situated or being within the part or portion of the city deemed to be benefited and directed to be assessed as aforesaid, are hereby directed to apportion and assess the said expense and to make an assessment upon all the lots and parcels of land within the portion or part of the city directed to be assessed and benefited as aforesaid as near as may be in proportion to the benefit which each shall be deemed to receive thereby.

Ayes—Alds. Tracy, Callihan, Ford, Rauber, Adams, Edelman, Beard, Johnston, Selye, Dewey, Cook, Pauckner, Kelly, Crane, Simmelink, Erglehardt, Wilson, Reichemberger—18.

From the minutes of the meeting of January 7, 1896:

"By Ald. Johnston—Resolved, That the cleaning and sweeping of all asphalt, brick, cedar block and other similarly paved streets be done under the direction of the Executive Board and that the expense for the cleaning and sweeping of all such pavements be paid in future entirely from the Highway Fund.

"Ald. Johnston moved that his resolution lie on the table until the next regular meeting. Carried."

Office of Executive Board,
Rochester, N. Y., Dec. 30, 1895.

To the Common Council:
Gentlemen:—In accordance with your resolution authorizing the Executive Board to negotiate for the land necessary for the widening of Tyler street, the Board invited the owners of the land to call at the office and state what price would be accepted for the land. John Holohan appeared at the office of a portion of the property taken for the opening of Tyler street and stated that he will accept the sum of \$2,200 for the amount of land in question. The N. Y. C. & H. R. R. was also summoned but no representative of said corporation appeared nor has any price been named to this Board for the property. The proffer of John Holohan is deemed a fair valuation of the property necessary to be acquired, and the Executive Board recommend its purchase at the price named.

Respectfully,
THOS. J. NEVILLE, Clerk.

Received, filed and published.
By Ald. Crane—Whereas, No agreement for the purchase of lands necessary to be taken for the opening and widening of Tyler street

in the city of Rochester, under final ordinance No. 6,008, can be made, therefore

Resolved, That a copy of said ordinance, and of this resolution, together with a map of the proposed right of way, be made and filed in the office of the City Clerk and of the County Clerk, which map shall show thereon the lots, tracts and parcels of land which are deemed necessary to be taken, and the commencement, course and termination of said right of way, according to the provisions of section 174 of the revised city charter, and that the Corporation Counsel be, and he is hereby instructed to take and institute such proceedings, from time to time, as may be necessary, as is provided by the city charter.

Adopted.
By Ald. Simmelink—Resolved, That the Executive Board be, and it hereby is, authorized and requested to negotiate for the right of way necessary for the extension of Boston Court as provided by final ordinance, No. 6,022.

Adopted.
Also—Application of Joseph Ribstein for permission to erect a wooden building on North street. Referred to Wooden Building Committee and Fire Marshal, with power to act.

By Ald. Englehardt—Resolved, That the action of the Common Council in confirming the assessment roll for the widening of German street be, and the same is, hereby re-considered.

Ald. Ford moved that the resolution lie on the table until the next regular meeting. Carried.

Ald. Adams in the chair.
By Ald. Englehardt—Resolved, That pending the re-consideration of the German street widening, the City Treasurer be, and he is, hereby instructed to withhold the payment of any awards; also to refuse the tender of any assessments levied for said widening.

Adopted.
The Chair announced that the President had appointed as his associates on the committee under the resolution of Ald. Ford, Aids. Ford and Tracy.

Adjourned.
THEODORE S. PULVER,
City Clerk.

In Common Council, January 28, 1896.

ADJOURNED REGULAR MEETING.

Present—Aids. Tracy, Calihan, Ford, Green, Rauber, Adams, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelink, Englehardt, Wilson, Reichenberger—19.

President Dewey in the Chair.

APPROVAL OF THE MINUTES.
The minutes of the meeting of January 21st were approved as published in the official sheets.

PRESENTATION AND REFERENCE OF PETITIONS, REMONSTRANCES, BILLS AND ACCOUNTS, AND MISCELLANEOUS COMMUNICATIONS TO THE BOARD.

By Ald. Johnston—Application of Fred. D. Morgan for appointment as Commissioner of Deeds. Referred to the Law Committee.

By Ald. Selye—Petition to have property purchased with pension money exempted from taxation. Referred to Assessment Committee.

By Ald. Ward—Application of William C. Muir and C. H. Van Nest for appointment as Commissioner of Deeds. Referred to the Law Committee.

By Ald. Dewey—Application of George H. Engel for appointment as Commissioner of

Deeds. Referred to the Law Committee.

By Ald. Cook—Bill of N. F. Haskell for \$300 for services in examining books of Poor Department. Referred to Finance Committee.

Ald. Wilson presented a petition of the owners of more than one-half of all the land fronting on Wellington avenue, requesting this Common Council to levy a tax upon all the lands, so fronting, of six cents per foot front, for the year 1896, for the purpose of defraying the expenses of making the repairs and improvement of such avenue, according to the provisions of chapter ninety-six of the laws of 1880, as amended by chapter 198 of the laws of 1888, and assigning Arthur Warren, of this city, to receive the amount of said tax, when collected, and thereupon moved the adoption of the following resolution:

By Ald. Wilson—Resolved, That the City Assessors be, and they are hereby directed to assess and that there be assessed six cents per foot front, upon all lands fronting on Wellington avenue, and that the same be added to the general city tax for 1896, and to be apportioned equally upon all such lands so fronting upon said avenue; and the City Treasurer is hereby directed to pay the sums thus assessed, when collected by him, to Arthur Warren, he being the person designated to receive the same by such owners and the Clerk is hereby directed to transmit to said Assessors and Treasurer a certified copy of this resolution.

Adopted by the following vote:

Ayes—Alds. Tracy, Callhan, Green, Rauber, Adams, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelink, Englehardt, Wilson, Reichenberger—17.

By Ald. Wilson—

West End Improvement Association,
Rochester, N. Y., Jan. 28, 1896.

To the Honorable, the Common Council:

Gentlemen:—At the regular meeting of the West End Improvement Association, held January 21, 1896, the annexed report of the Committee on Railroads was adopted and placed on file. Subsequently a resolution was carried that the secretary send a copy of the report to the honorable, the Common Council, with the request that the ordinance in regard to railroads be enforced. Respectfully,

WILLIAM COX, Secretary.

Received, filed and published and referred to Committee on Railroads.

The West End Improvement Association of the City of Rochester:

Gentlemen:—At a meeting of the Railroad Committee of this association, held January 18, 1896, at which the following members were present, viz.: F. B. Hutchinson, Jos. P. Henry, Jacob Gerling, F. M. McFarlin, B. F. Martin and D. M. Anthony, the following preamble and resolutions were unanimously adopted and authorized to be presented to you for such action as you may deem advisable.

Whereas; Many of the prominent streets of the city crossed by the railroads at grades, especially Brown, Maple, Saxton and other streets to the westward, are in a dangerous condition, occasioned by an inefficient, and in many cases an entire absence of protection to the passing public—so great has this danger become, that accidents causing death, and destruction to human life are an almost daily occurrence, and because of these frequent accidents at these dangerous railroad crossings, some of the most prominent streets are almost abandoned by the travelling public, thereby causing a depreciation in the value of real estate in the immediate vicinity, and

Whereas, the subject, "To determine and designate the route and grades of railroads to be laid in the city of Rochester; to restrain and regulate the rate of speed of locomotives, engines and cars upon the railroads within

said city," is delegated to the Common Council of the city of Rochester by the statutes of the state of New York; and

Whereas, The Common Council of the city did, at its meeting in July, 1895, duly pass the following ordinance relating to steam railroads:

The Common Council of the city of Rochester do ordain and enact as follows:

Sec. 1. It shall not be lawful for any person, company or corporation, operating or controlling any steam railroad in the city of Rochester to run or allow to be run any train, car, locomotive, or locomotive and tender without cars, across any public highway in said city where its road or tracks crosses the same at grade, at a greater rate of speed than eight miles per hour, unless such highway is adequately protected with gates covering the entire width of the highway, or to obstruct such highway for a longer time than two minutes, under a penalty and fine of not less than \$50, nor more than \$150, for each offense, and on failure to pay the penalty recovered, the offender shall be imprisoned in the Monroe county penitentiary for a term not exceeding 150 days, the duration of the imprisonment to be determined within the limits aforesaid, by the justice, judge or court, at the time judgment is entered.

Sec. 3. All ordinances and parts of ordinances inconsistent herewith is hereby repealed.

Sec. 4. This ordinance shall take effect immediately.

And whereas, about six months have elapsed since the passage of said ordinance, and the N. Y. Central & H. R. R. and the Buffalo, Rochester & Pittsburg Railroad companies, have thus far entirely ignored said ordinance, and have done nothing to render said crossings less dangerous; therefore,

Resolved, That the Common Council of the city of Rochester be earnestly requested to cause said ordinance to be strictly enforced; and,

Resolved, That in our opinion it is the duty of the proper authorities of the city of Rochester, and the District Attorney of the county of Monroe, to resort to every legal means, both civil and criminal, for the purpose of protecting the community from these death traps, the unprotected and dangerous railroad crossings.

Received, filed and published and referred to Committee on Railroads.

REPORTS OF STANDING COMMITTEES.

By Ald. Green—

REPORT OF MAP AND SURVEY COMMITTEE.

Rochester, N. Y., Jan. 28, 1896.

To the Honorable, the Common Council:

Gentlemen:—Your Map and Survey Committee begs to submit the following report:

In relation to the request of the City Engineer that he be allowed street car tickets for his department, we have to say that we have carefully investigated this matter and are satisfied of the justice of the claim the Engineer makes. Frequently the men have to be sent long distances, and the time consumed by walking is a great loss to the city. These tickets are given out under the direct supervision of the Engineer and an accurate account kept of each one, as well as who used it. We would recommend that the Engineer be allowed to use street car tickets as his judgment may dictate.

In looking over the affairs of the department, your committee became convinced that the interests of the city would be better served if the help had stated hours for labor.

We would therefore recommend that the hours of all employes of the engineering department be from 8 A. M. until 5 P. M., with one and one-half hours nooning.

All of which is respectfully submitted,

WILLIAM C. GREEN,
WILLIAM S. BEARD,
JOSEPH A. CRANE,
T. W. FORD,

Map and Survey Committee.

By Ald. Green—Resolved, That the City Engineer be authorized to procure, from time to time, the necessary street car tickets for the use of his office.

Adopted.

By Ald. Green—Resolved, That the hours of labor for all employes of the City Engineer's office be fixed from 8 A. M. until 5 P. M., with one and one-half hour nooning.

Adopted.

REPORT OF LAW COMMITTEE.

January, 28, 1896.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—Your Law Committee beg leave to report as follows:

In the matter of the communication of the Humane Society making certain propositions to take charge of the enforcement of the ordinances relating to dogs, strays and pounds, we beg leave to say that after hearing representatives of that society we have concluded to recommend that the ordinance be so amended as to provide for an annual license fee upon dogs of \$1, and to renew the contract heretofore made with said society after deducting 15 per cent. as the expense of the city for providing necessary tags, books, etc.

In the matter of the claim of Henry G. Sauer to be allowed the sum of \$19, deducted by the City Auditor from his bill for city ballot boxes, we beg leave to say that we have made investigations as to the correctness of this bill and after statements made to your committee by William Armstrong of the firm of Atwater, Armstrong & Clark, and John F. Montgomery of the John F. Montgomery Company, we have decided to recommend the payment of the amount so deducted by the City Auditor.

In the matter of the bond of the City Sealer which was referred to your committee, your committee has approved of the same.

In the case of Anna Grosser against the City of Rochester, which was commenced about six years ago, a decision adverse to the city was rendered by the Court of Appeals and we recommend the payment of the costs of the litigation.

Respectfully submitted,
M. B. ADAMS,
HENRY G. COOK,
W. PAUCKNER,
EDWARD ENGLEHARDT,
D. W. SELYE,

Law Committee.

By Ald. Adams—Resolved, That an order be drawn by the Clerk in favor of Henry G. Sauer, payable from the Contingent Fund, for the sum of \$19, being the difference between the bill submitted and allowed for ballot boxes by the City Auditor and the total amount of said Sauer's claim.

Adopted by the following vote:

Ayes—Alds. Tracy, Calihan, Green, Rauber, Adams, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly Crane, Simmelink, Englehardt, Wilson, Reichenberger—18.

By Ald. Adams—Resolved, That upon the certificate of the Corporation Counsel that proper satisfaction pieces and other papers have been filed with him, the City Clerk be

authorized to draw an order in favor of Thomas D. Wilkin as attorney for Anna Grosser for the sum of \$580.16, being the amount of the costs of the plaintiff in said action.

Adopted by the following vote:

Ayes—Alds. Tracy, Calihan, Green, Rauber, Adams, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly Crane, Simmelink, Englehardt, Wilson, Reichenberger—18.

By Ald. Adams—Resolved, That section 1 of an ordinance relating to dogs, passed November 13, 1894, published at page 359 of the proceedings of the Common Council for 1894-95 be amended so as to read as follows:

"Sec. 1. Every owner or keeper of a dog or animal of the dog kind within the city of Rochester, shall cause the same to be registered, numbered, and described in the office of the City Clerk of said city; the City Clerk shall keep a complete registry of all dogs in a book to be kept for that purpose, describing the same by breed, color and sex, and shall also enter the name and address of the owner or keeper as given and the number of the city license tag; he shall provide such number of metal tags which shall be of different pattern and design each year of not less than three-fourths of an inch in width, as may be necessary, bearing on the face serial numbers, and such tags shall be furnished by the City Clerk to each owner of the dog at the time of registering said dog and shall be attached to the collar of such animal. No person shall counterfeit or use any other tag than that furnished by the City Clerk. The fee for registration shall be \$1 for each dog per year, which shall include the metal tags, of which metal tag, however, duplicates will be furnished by the City Clerk for 75 cents each. All licenses, fines and penalties collected under this ordinance shall be placed to the credit of the Police Fund. Any person harboring a dog for two days prior to any violation of the terms of this ordinance shall be held to be the owner of said dog."

Laid on the table until the next regular meeting.

By Ald. Adams—Resolved, That section 7 of said ordinance be repealed.

Adopted.

By Ald. Adams—Resolved, That section 12 of an ordinance relating to pounds passed October 30, 1894, and published at page 338 of the proceedings of the Common Council for 1894-95, be repealed.

Adopted.

To the Honorable, the Common Council:

Gentlemen:—Your Finance Committee beg

leave to report that they have considered the application of the Hemlock Lake Commission for \$10,000, to cover obligations maturing during the present month, and find that under the provisions of the act under which the commission was created, the city is obliged to carry out any contracts which the commissioners may make and as this amount is necessary to meet outstanding obligations, we respectfully recommend that the amount asked for be placed to their credit.

Respectfully submitted,

By Ald. Johnston—Resolved, That the City Treasurer be authorized and directed to issue the city's note for a period not exceeding eight (8) months, for the sum of \$10,000, in pursuance of chapter 1,018, of the laws of 1895; said note to be issued under the direction of the Finance Committee, and to be countersigned by its chairman; interest or discount to be charged to Contingent Fund and the proceeds to be placed to the fund created for the purposes of said act.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelink, Englerardt, Wilson, Reichenberger—13.

By Ald. Johnston—

To the Honorable, the Common Council of Rochester, N. Y.:

Gentlemen:—Your finance committee present herewith for your information and consideration a statement showing—

First. The requests of the various city departments for the current expenses of the year with an estimate of the city's receipts through the different funds having special sources of income.

This statement includes the expenses and receipts through the various departments during the twelve months of 1895 as shown by the city treasurer's records and these will be used for the purpose of comparing and verifying the department requests and expenditures for the twelve months of 1896.

It shows that the net current expenses for the year are estimated at \$1,928,799.

Second. The additional requests from the executive board for the completion of the new water conduit and the water distributing system and for the purchase of Cobb's Hill, amounting in all to \$305,000, as shown in exhibit "A," annexed herewith.

Third. The amount needed by the treasurer to pay the city's indebtedness incurred for the purposes shown in exhibit "B," annexed herewith, viz., \$506,814.

Fourth. The amounts recommended by the last common council for remodeling and furnishing the city hall building and for the park commissioners for the purchase of additional land for park purposes, as shown in exhibit "D," annexed herewith, viz., \$110,000.

Fifth. The amount needed to pay the outstanding indebtedness shown in exhibit "D," annexed herewith, viz., \$74,151.

Sixth. The several requests shown in exhibit "E," annexed herewith and amounting to \$84,500.

Seventh. The amount needed to reimburse the city for money borrowed to pay the unpaid city taxes prior to April 1, 1895, as shown in exhibit "F."

The summary of these exhibits, aggregating \$3,404,168, furnishes the amount that your Finance Committee is confronted with at this early date and the several amounts as far as they may be ap-

proved, must be provided for, either through this year's tax levy or by the issue of bonds.

These amounts are considerably larger than your committee expected they would be and with the exception of the \$84,500 asked for through exhibit "E" and the \$100,000 requested for the purchase of Cobb's Hill, they are all inheritances from former administrations.

Your committee will feel itself in duty bound to use every reasonable effort to see that the city's affairs are conducted in as prudent and economical a manner as is consistent with an efficient practicable service. The indebtedness, however, for the incurred and proposed obligations amounting to \$1,375,868, exclusive of the requests in exhibit "E," must be met and your committee will welcome an expression of sentiment to assist them in determining the portion to be included in the tax levy and the amount to be raised by the issue of bonds.

Respectfully submitted,

JAMES JOHNSTON,
M. B. ADAMS,
J. C. WILSON,
HENRY G. COOK,
J. MILLER KELLY,

Alderman James Johnston, City:

Dear Sir:—In the enclosed statement, prepared by the Executive Board, the actual amount paid for sites and buildings is given, some of which have greatly appreciated in value, while none, in the opinion of this board, have depreciated.

The apparatus, such as engines, hose, etc., are in good serviceable condition, but only a safe estimate of their value has been rendered. The amount and value of supplies are, necessarily, only approximate, and reasonable care has been given not to exaggerate this estimate.

Wherever applicable, the above general statement will apply as to the value of all the assets of the water works, as well as the street departments.

Of course, it should be understood, that interest paid on bonds, or on any other form of

By Ald. Johnston—

Rochester, N. Y., Jan. 28, 1896.

To the Honorable, the Common Council of the City of Rochester, N. Y.:

Gentlemen: Your committee on finance would respectfully report that they have examined the financial statement of the city treasurer presented to this council under date of January 21, 1896. It appears to be correct as far as it goes.

There are, however, three liability items which it neither recognizes or includes. They are the following:

First. The undrawn balances to the credit of the various department funds, or in other words, the amounts needed for the city's unpaid current indebtedness contracted for prior to December 31, 1895.

Second. The amount of \$60,000 for additional land for park purposes authorized by the common council in December, 1895, and.

Third. The additional amount of \$185,000 for the Hemlock Lake water shed commissioners made necessary by an act of the legislature under date of June 14, 1895.

We therefore present herewith a correct, and as far as we now know, a complete statement of the city's financial condition under date of January 4, 1896, verified by the city treasurer.

Exhibit "A" shows the total city indebtedness and exhibit "B" shows, after deducting the amounts in the sinking funds and the cash items, a net indebtedness of \$10,559,626, apportioned as follows:

Amount due on local improvements.	\$1,136,174
Amount due for East Side trunk sewer bonds and interest.....	956,614
Amount due from taxpayers generally	8,466,836

Inasmuch as these latter amounts have been largely expended in the construction of needed public improvements such as the water works plant, river bridges and the East Side trunk sewer and for the purchase of land and buildings for school, fire department, police and park purposes, we also submit herewith a statement showing the city's property values or what may be called its alternative resources. This statement shows the value of the city's property as being \$11,645,418, and we take pleasure in calling attention to the fact that it is greater than the amount of the city's total indebtedness.

Respectfully submitted,

COMMUNICATIONS TO THE BOARD FROM THE MAYOR AND OTHER EXECUTIVE OFFICERS OF THE CORPORATION AND THEIR REFERENCE.

By the Clerk—
 Office of the Corporation Counsel,
 Rochester, N. Y., Jan. 22, 1896.
 To the Honorable, the Common Council of the City of Rochester:
 Gentlemen:—Pursuant to the city charter, I hereby make the following appointments in the law department for the term provided by law:

- Eugene J. Dwyer, first assistant.
- Edward R. Foreman, second assistant.
- Chester F. Kiehel, managing clerk.
- Ernest C. Whitbeck, investigating clerk.

Respectfully submitted,
 A. J. RODENBECK,
 Corporation Counsel.

Received, filed and published.
 By the Clerk—

City Engineer's Office,
 Rochester, N. Y., Jan. 28, 1896.
 To the Honorable Common Council:

Gentlemen:—I beg leave to call your attention to the final ordinance for the Field street and Monroe avenue outlet sewer.
 This ordinance was amended at your last meeting reducing the diameter from sixty-six inches to forty-two inches. Such a change would be absurd and against public policy.
 I recommend that the ordinance be referred to the Public Improvement Committee for a hearing and report before final action is taken.
 Very respectfully yours,

J. Y. McCLINTOCK,
 City Engineer.

Received, filed and published, and referred to Committee on Public Improvements.
 By Ald. Johnston—

City Treasurer's Office,
 Rochester, N. Y., Jan. 27, 1896.
 To the Honorable, the Common Council of Rochester, N. Y.:

Gentlemen:—I would call your attention to the following items which have been paid for by borrowed money, and suggest that funds be provided to pay them in accordance with section 82, of the city charter, either by including the amount in the year's tax levy or by the issue of bonds:

Respectfully submitted,
 S. B. WILLIAMS, Treas.

Received, filed and published, and referred to Finance Committee.
 By Ald. Johnston—
 Board of Park Commissioners,
 Rochester, N. Y., Jan. 28, 1896.

To the Honorable, the Common Council:

Gentlemen:—At a meeting of the Park Commissioners, held Monday, January 27, 1896, the following resolution was adopted:

“Resolved, That the Common Council be requested at once to give their approval for the purchase of the following described lands for Seneca Park, the estimated value of which is \$13,000.”

Lots Nos. 23 and 24, as shown on the map attached hereto, marked “A.”

Lots Nos. 19, 8, 9, 10, 11, 12 and part of lots Nos. 3, 13 and part of lot No. 2.

The ice pond, as shown on a map hereto attached, marked “B,” containing about 3 1-4 acres.

The Preston property, about 3-4 of an acre, as shown on the map marked “C,” hereto attached.

The Brush Electric Light property, as shown on a map marked “D,” hereto attached.

The lands of the Knoeferl estate, as shown on a map marked “E,” hereto attached.

A right of way across Henry Brinker's land, about 400 feet long by 50 feet wide, as shown on a map marked “F,” attached hereto.
 Respectfully yours,

M. O. STONE, Secretary.
 Received, filed and published and referred to Finance Committee.
 By Ald. Johnston—

City Treasurer's Office,
 Rochester, N. Y., Jan. 28, 1896.

To the Honorable, the Common Council:

Gentlemen:—I would respectfully report that I have received from the West Side Sewer Commissioners the sum of \$779.16, (this being six months and seven days interest (to January 1st) on their certificates of \$25,000, now held as collateral by the city of Rochester.

I have used \$452.08 of this amount to pay the interest on the city's bond for \$25,000, which was issued for the benefit of this commission, the balance of interest received, \$327.08, I am holding waiting your orders for its disposal.
 Respectfully submitted,

S. B. WILLIAMS,
 Treasurer.

Received, filed and published and referred to Finance Committee.
 By Ald. Johnston—

City Treasurer's Office,
 Rochester, N. Y., Jan. 28, 1896.

To the Honorable, the Common Council:

Gentlemen:—The original plate used for engraving the Park Bonds, was changed when the Bridge Bonds were issued.

I have ascertained from the Bank Note company that the cost of changing plate so it can be used for the new issue of Park Bonds will be \$150, and that the expense of engraving 100 bonds from the plate as it now stands will be \$20.

I would therefore ask authority of your honorable body to order these 100 bonds, which we may need for transfer purposes, and direct

the Bank Note Company to change the plate so that the Park Bonds can be issued.

The total expense will be \$170.

Respectfully submitted,
S. B. WILLIAMS,
Treasurer.

Received, filed and published and referred to Finance Committee.

ACTION UPON ORDINANCES.

FIRST ORDINANCES.

WINTERROTH STREET PIPE SEWER.

By Ald. Edelman—Resolved, That the City Engineer ascertain and report to this Council the expense of constructing a sewer in Winterroth street.

The Engineer submitted as such estimate, \$1,850.

By Ald. Edelman—Resolved, That the following improvement is necessary and should be made, viz.:

The construction of a vitrified pipe sewer, 12 inches in diameter, in Winterroth street, from the center of Powers street to a point 252 feet north, and 15 inches in diameter from this point to the sewer in Seneca street. Also the necessary manholes, surface sewers, lot laterals and branches.

And, The City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$1,850, which, being deemed reasonable, is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Winterroth street, from a point opposite the center of Powers street to Seneca street.

Adopted.

EAST AVENUE CARE, REPAIR AND SPRINKLING.

By Ald. Edelman—Resolved, That the City Engineer ascertain and report to this Council the expense of cleaning, repairing and sprinkling East avenue, for the season of 1896.

The Engineer submitted as such estimate, \$2,400.

By Ald. Edelman—Resolved, That the following improvement is necessary and should be made, viz.:

The repair, cleaning and sprinkling of East avenue, from Goodman street to the eastern city line, during the season of 1896, from April 1st to November 1st. The repair to consist in spreading 400 yards of hand-broken macadam stone upon the roadway, covering same with 150 yards of gravel, the same to be thoroughly rolled with a ten-ton steam roller; also the cleaning and removal of all dirt and refuse from the surface of the street at least six times during the season, and the sprinkling of the street every day for thirty-four weeks from the first day of April, 1896.

And, The City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$2,400, which, being deemed reasonable, is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of East avenue, from Goodman street to the eastern city line.

Adopted.

HAYWARD AVENUE ASPHALT PAVEMENT.

By Ald. Ward—Resolved, That the City Engineer ascertain and report to this Council the expense of improving Hayward avenue.

The Engineer submitted as such estimate, \$28,400.

By Ald. Ward—Resolved, That the following improvement is necessary and should be made, viz.:

The improvement of Hayward avenue, from Goodman street to Chamberlain street, by the construction of a Pitch Lake Trinidad, or Sicilian and German Rock sheet asphalt pavement therein, with a line of Medina stone curb on each side thereof, properly connected with all lateral streets, alleys and driveways. Width of roadway to be 26 feet. Also the necessary manholes, surface sewers, crosswalks, lot laterals, water and gas services, and the cleaning of the main sewer in the street if found necessary. Also a 5-foot Portland cement walk on each side of Hayward avenue between the limits mentioned.

And, The City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$28,400, which, being deemed reasonable, is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Hayward avenue, from Goodman street to Chamberlain street.

Adopted.

COOK STREET PIPE SEWER.

By Ald. Edelman—Resolved, That the City Engineer ascertain and report to this Council the expense of constructing a sewer for sewage only in Cook street.

The Engineer submitted as such estimate, \$1,000.

By Ald. Edelman—Resolved, That the following improvement is necessary and should be made, viz.:

The construction of a vitrified pipe sewer, 12 inches in diameter, for sewage only, in Cook street, from Mt. Hope avenue to South avenue. Also the necessary manholes, lot laterals and branches.

And, The City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$1,000, which, being deemed reasonable, is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Cook street, from Mt. Hope avenue to South avenue.

Adopted.

By Ald. Ford—

Rochester, N. Y., Jan. 28, 1896.
To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—The Rochester Railway Company hereby makes application for the right, privilege and franchise for constructing, maintaining and operating a double track street surface railroad, intersecting the present tracks of the company at Exchange and Clarissa streets; thence running westwardly through Clarissa street, substantially in the center of the street, to a connection with the tracks of the company at, or near to, the intersection of Clarissa street and Caledonia avenue. And this company also applies for the right to erect and maintain the necessary poles, wires, and other appliances to enable such railroad to be operated with electricity as motive power.

And this company hereby applies for the right, privilege and franchise for so operating said railroad through Clarissa street, with electricity as motive power.

THE ROCHESTER RAILWAY CO.,

By J. N. BECKLEY, President.

Received, filed and published, and referred to Committee on Railroads.

By Ald. Ford—Whereas, The Rochester Railway Company has made application to the Common Council of the City of Rochester for the right, franchise and privilege of constructing, maintaining and operating a double track street surface railroad intersecting the present tracks of the company at Exchange and Clarissa streets, substantially in the center of the street, thence running westwardly through Clarissa street, substantially in the center of the street, to a connection with the tracks of the company at or near to the intersection of Clarissa street and Caledonia avenue, and erect and maintain the necessary poles and to string and maintain the necessary wires and appliances to enable said railroad to be operated with electricity as motive power, which said application has been duly made in writing, it is therefore, in pursuance of law,

Resolved, That the time when, and the place where, the application of said Rochester Railway Company will be first considered is fixed as follows, to wit.: At the Common Council chamber, in the City Hall, Rochester, N. Y., at the meeting of the Common Council

of said city appointed to be held on the 18th day of February, 1896, at 7:30 P. M.; it is further

Resolved, That the City Clerk be, and hereby is, directed to cause a notice of said application, and of the hearing thereon to be given in two daily newspapers published in the city of Rochester for at least 14 days, such newspaper to be designated by the Mayor of the city.

Adopted.

By Ald. Adams—

Rochester, N. Y., Jan. 24, 1896.

To the Honorable Common Council of the City of Rochester:

Gentlemen:—At the annual meeting of the Builders' and Building Supply Dealers' Exchange, of Rochester, held at the Exchange rooms January 23, 1896, I was directed, by resolution of the meeting, to communicate with your honorable body, and to respectfully but, urgently request that "drinking fountains" for man and beast be restored throughout the city, or such portions of the city as may be most in need of them. It is not necessary to enumerate the benefits to the community that would result from such restoration or establishment of places where pure water could be obtained; they are manifest and should outweigh all objections, if it be possible, with our present water supply, to furnish the necessary water.

Yours respectfully,

J. HERBERT GRANT, Sec.

Received, filed and published and referred to the Executive Board.

By Ald. Adams—Resolved, That the Executive Board be, and it hereby is, requested to comply with the above request if it is thought to be to the city's interest so to do.

Adopted.

Also—Applications of Harold C. Mitchell Donald Byrne and Gertrude Walkers for appointment as Commissioners of Deeds. Referred to Law Committee.

By Ald. Beard—Application of John C. Bott for appointment as Commissioner of Deeds. Referred to Law Committee.

By Ald. Adams—Resolved, That the resolution adopted by the Common Council January 7, 1896, relating to the publication of official notices in the Union and Advertiser, Post-Express, Rochester Herald and Times, be re-considered.

Adopted.

By Ald. Adams—Moved that said resolution be indefinitely postponed. Carried.

Ald. Adams moved the re-adoption of the resolution directing the publication of a notice for bids for printing. Carried.

By Ald. Johnston—Resolved, That the Finance Committee be, and hereby is, directed, to inquire about and examine into the services rendered by the different city employees; also to revise the salaries of the officials and employees of the various city departments—excepting only those of the police patrolmen, ordinary firemen and laborers—and report its recommendations to this Council as soon as practicable.

Adopted.

By Ald. Johnston, by request of Ald. Selye—Resolved, That the City Engineer be, and hereby is, requested to prepare an ordinance extending Pierpont avenue to the north line of the city.

Adopted.

By Ald. Johnston, by request of Ald. Selye—Resolved, That the City Engineer be, and hereby is, directed to prepare an ordinance extending Raines park to the north line of the city.

Adopted.

By Ald. Dewey—

Rochester, N. Y., Jan. 25, 1896.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—I send you herewith a dedication of Nichols park for the extension of Oxford street. Much of the property sought to be dedicated is covered by incumbrances. Before the dedication is accepted, these incumbrances should be released. I suggest that the dedication be referred to the Executive Board.

Respectfully submitted,

A. J. RODENBECK,

Corporation Counsel.

Received, filed and published, and referred to Executive Board.

By Ald. Dewey—Offer of Eugene C. Colby and others to dedicate Nichols park. Referred to Executive Board.

By Ald. Cook—Resolved, That the Overseer of the Poor be authorized to enter into a contract with Frederick C. Lauer, for furnishing stone for the use of the Poor Department in such quantities as may be required, at the sum of thirty (30) cents a yard, delivered on the premises owned by George W. Crouch, on Mt. Hope avenue, to be measured after having been broken.

Adopted.

By Ald. Cook—Resolved, That the Overseer of the Poor be authorized to enter into a lease with George W. Crouch for the rental of said premises at the rate of \$8 per month, for such time as may be required for the storage of said stone.

Adopted.

By Ald. Cook—Resolved, That all claims of the Excise Board for expenses and salaries connected with their department be certified correct by the head of the department as required by the provisions of the city charter, and approved by the City Auditor as provided for other expenditures of said city, before payment thereof.

Adopted.

By Ald. Cook—Resolved, That the accounts of the Excise Board, now being kept by the Overseer of the Poor, be transferred to the care of that board, and that the same be kept by said board from and after February 1, 1896.

Adopted.

By Ald. Kelly—Whereas, A bill has been introduced in the Senate of the State of New York, entitled "An act in relation to traffic in liquors and for the taxation and regulation of the same, and to provide for local option." In which bill there are many objectionable features, prominent among which is that relating to the payment of one-half of the receipts for licenses to the Treasurer of the State of New York, thus taxing the city of Rochester for the benefit of other localities;

Whereas, The receipts from licenses in the city of Rochester have heretofore supported the poor of the said city of Rochester;

Whereas, Said bill also contains a provision prohibiting the conduct of a saloon in connection with a grocery or other establishment, which provision we regard as an infringement on the rights and liberties of workmen living in outlying districts of this and other cities; now, therefore, be it

Resolved, That the Common Council of the city of Rochester hereby protests against said proposed measure as inimical to the tax paying people of the city of Rochester, and as unjust and detrimental to their interests. Be it further

Resolved, That copies of these resolutions be transmitted to the Senators and Assemblymen representing the city of Rochester and county of Monroe in the Legislature of the State of New York.

Adopted.

By Ald. Simmelink—Resolved, That the Executive Board be, and it hereby is, requested to negotiate for the right of way necessary for the extension of Treyor park as contemplated by final ordinance No. 5,529.

Adopted.

By Ald. Simmelink—Resolved, That the Executive Board be, and it hereby is, authorized and requested to negotiate for the right of way necessary for the extension of Boston court under final ordinance No. 6,022.

Adopted.

Ald. Adams moved that the rule governing the appointment of Commissioners of Deeds be suspended for the meeting. Carried.

The following named persons were nominated for Commissioners of Deeds: Gertrude Walkees, Donald Byrne, Curtis Fitz-Simmons, William C. Muir, John C. Bott.

Ald. Adams moved that the above named persons be appointed Commissioners of Deeds and that the Clerk cast the ballot. Carried.

The Clerk announced that he had cast the ballot of the Board as directed and the persons above named were declared duly appointed Commissioners of Deeds.

The Chair announced the appointment of the following as the committee under the resolution of Ald. Green on water storage, adopted at the meeting of January 21st: Aids. Green, Adams, Crane and Selye.

Adjourned.

THEODORE S. PULVER,
City Clerk.

In Common Council, February 4, 1896.

By Alderman Kelly—Application of John F. Martin for appointment as Commissioner of Deeds. Referred to Law Committee.

By Ald. Simmelink, by request of Ald. Reichenberger—Petition of Michael Krewer for permission to erect a barn on Wilder street. Referred to Wooden Building Committee and Fire Marshal with power to act.

By Ald. Englehardt—Whereas, The question of abolishing all grade crossings within the city limits, is now agitating the public pulse, and,

Whereas, The crossing at North Union street is the only grade crossing (except University avenue) on the east side of the river and its abolishment by depression of the road bed or construction of a sub-way seems both feasible and practicable, therefore,

Resolved, That the special committee heretofore appointed upon the University avenue crossing be directed to confer with the N. Y. C. & H. R. R. R. Company authorities to bring about such abolishment and report back to this board the result of its efforts.

Adopted.

By the Clerk—Communication from the Methodist Ministers' Association of this city, inclosing resolutions criticising the action of the Common Council with reference to the Raines excise bill. Received and filed.

REPORTS OF STANDING COMMITTEES.

By Ald. Adams—

REPORT OF LAW COMMITTEE.

Rochester, N. Y., Feb. 4, 1896.

To the Honorable, the Common Council:

Gentlemen:—In the matter of the city printing, which was referred to the law committee to secure bids, we report that we caused a notice for bids to be inserted in the Democrat and Chronicle and the Rochester Herald, a copy of which is hereto attached. In accordance with such notice two proposals were received, one from the Rochester Printing Company and one from the Rochester Times. The former proposes to print the official proceedings, etc., at 31 cents per inch solid nonpareil type; the notices, resolutions, etc., at 30 cents, the list of the official nominations at 60 cents for a single insertion and 30 cents for each additional insertion. The Rochester Times offers to print the official proceedings, etc at 20 cents per inch solid nonpareil type, the notices, resolutions, etc. at 18 cents; the list of official nominations at 30 cents and each additional insertion of the official nominations at 18 cents.

Each bid is accompanied by a statement as to the circulation of the papers bidding. The notice for bids required the bidders to state the actual paid city circulation on January 21, 1896. The statement of the Rochester Times does not comply with this provision in the notice for bids, but in place of such statement it gives a statement as to the circulation of the paper in the city of Rochester on that day. The paid city circulation of the Democrat and Chronicle as appears from its statement was 10,646 on January 21, 1896, and the circulation in the city of Rochester of the Rochester Times on that day was 4,000. Assuming that the basis for estimating the circulation is the same, it will be seen that the circulation of the Democrat and Chronicle exceeded that of the Rochester Times on January 21, 1896, more than two and one-half times.

Inasmuch as the election law would preclude the publication of official nominations in the Rochester Times, the only basis for comparison in these bids is on the publication of the proceedings and notices and upon these items the bid of the Rochester Times is 11 and 12 cents per inch solid nonpareil type lower respectively than the bid of the Rochester Printing Company.

All of which is respectfully submitted,

M. B. ADAMS,
HENRY G. COOK,
EDWARD ENGLEHARDT,
D. W. SELYE,

Law Committee.

Malton B. Adams, Esq., Chairman of the Law Committee of the Common Council:

Sir:—The undersigned, the Rochester Printing Company, hereby proposes to enter into a contract with the city of Rochester, for the printing of the official proceedings of the Common Council and the Executive Board, in

accordance with the terms of a contract, the form of which has been heretofore prepared by the Corporation Counsel, and hereby states as follows:

The name of the company making this proposal is Rochester Printing Company, and no other person is interested directly or indirectly in this proposal. This proposal is made in good faith and without collusion or connection with any other bidder for the same work.

The price per inch of solid nonpareil type for which the undersigned will print the official proceedings of the Common Council and Executive Board is 31 cents, which price shall include and cover the expense of furnishing 500 copies of the proceedings of the Common Council and 150 copies of the proceedings of the Executive Board, together with indexes of each, all to be bound in muslin board cases, and which price shall include the furnishing of such extra slips and copies of notices, etc., and copies of the daily issue of the Rochester Democrat and Chronicle in which such proceedings and notices shall be published, as are provided for in the proposed contract prepared by the Corporation Counsel.

The price per inch solid nonpareil type for which the undersigned proposer will print the notices, ordinances and resolutions of the Common Council, etc., as provided in said proposed contract, and for furnishing copies of notices, ordinances and resolutions, or of the papers containing the same as may be necessary, is 30 cents.

The price per inch solid nonpareil type for which the undersigned will print once the official nominations for office as required by law is 60 cents. The price per inch solid nonpareil type for which the undersigned will publish additional insertions of such official nominations is 30 cents for such additional insertion.

The undersigned proposes to publish such official proceedings of the Common Council and of the Executive Board in the Rochester Democrat and Chronicle within two days after the copy thereof shall have been furnished.

February 3, 1896.

Respectfully submitted,

ROCHESTER PRINTING COMPANY,

By W. H. MATHEWS, President.

Mathion B. Adams, Esq., Chairman of the Law Committee of the Common Council.

Sir:—The actual paid city circulation of the Rochester Democrat and Chronicle in which the Rochester Printing Company proposes to publish the official proceedings of the Common Council and Executive Board, on the 21st day of January, 1896, was 10,646.

Yours, etc.,

W. H. MATHEWS.

Monroe County,)
City of Rochester,)

I, W. H. Mathews, being duly sworn, say, that I am president and business manager of the Rochester Printing Company, publishers of the Democrat and Chronicle; that the foregoing statement of the actual paid city circulation on the 21st day of January, 1896, made and signed by me, is correct and true to the best of my knowledge, information and belief. Sworn to before me, this 3d day of February, 1896.

W. H. MATHEWS.

MERTON E. LEWIS, Notary Public.

Rochester, N. Y., Feb. 3, 1896.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—The Times Company, a corporation organized under the laws of the State of New York, is the only party interested in the

following proposal, which is made in good faith, without any collusion or connection with any other paper or parties for the same work.

The Times Company agrees to publish in its daily newspaper, the Rochester Times, all of the proceedings, resolutions and ordinances of the Common Council and of the Executive Board of the City of Rochester and list of the lands sold for taxes furnished by the treasurer of said city at the uniform price of twenty (20) cents per inch solid nonpareil type; said company further agrees to publish said proceedings, resolutions and ordinances of the Common Council and Executive Board within two (2) days after copy is furnished, or in one day, if necessary, by the City Clerk and Clerk of the Executive Board, and to furnish, without charge or compensation, and within (30) days, or less time if necessary, after the expiration of the fiscal years of said city five hundred (500) copies of the official proceedings of the Common Council, bound in muslin, board cases, and one hundred fifty (150) copies of the proceedings of the Executive Board bound in muslin, board cases, including the indexes of each, together with such extra slips and copies of notices, etc. and the daily issues as required.

Said company further agrees to publish in its said newspaper, the notices, ordinances and resolutions of the Common Council, Executive Board, Board of Health, Corporation Counsel, City Clerk, City Treasurer, and other departments, officers, boards and committees of said city, and all other matter that may be furnished at any time to said company by any clerk, board, officer or department of said city for and on behalf of said city, or any of its departments and for the time only as shall be directed by the clerk, officer, board or department furnishing such material for publication, at the uniform rate of eighteen (18) cents per inch solid nonpareil type, and said company agrees to furnish without additional compensation to the officer, board or department furnishing such material for publication, such number of copies thereof, or of the paper containing the same as shall be required by the officer, board or department furnishing such material.

Said company further agrees to publish in its newspaper the official nominations for office as required by law at the uniform price of thirty (30) cents per inch solid nonpareil type; should said official nominations be published more than once said company agrees to accept the uniform price of eighteen (18) cents per inch solid nonpareil type for each additional insertion; said company agrees to furnish without additional compensation to the said city or its officers requiring the same, such number of copies of the paper containing the official nominations as may be desired.

Said company further agrees to furnish, free of charge, one copy of the daily issue of its paper to each of the following departments, viz: Mayor's office, Corporation Counsel's office, Poor office, Police office, Auditor's office, City Engineer's office, City Treasurer's office, Assessors' office, Fire Marshal's office, Municipal Court and the Executive Board; two copies to the City Clerk's office; and to the City Clerk, Corporation Counsel and Executive Board, copies of the proceedings of the Common Council and Executive Board, as may be necessary and desirable for said City Clerk, Corporation Counsel and Executive Board.

The Times Company herewith incloses bond for the faithful performance of the work. If said bond does not meet the requirements of the Common Council a new bond will be furnished.

The said company also incloses, herewith, a sworn statement of its circulation on the 21st day of January, 1896.

THE TIMES CO.,
G. A. Tanner, Manager.

State of New York, County of Monroe, ss.:

G. A. Tanner being duly sworn doth depose and say that the Rochester Times's circulation in the City of Rochester on January 21, 1896, was four thousand copies.

G. A. TANNER.

Subscribed and sworn to before me this 3d day of February, 1896.

MABEL H. WEBBER,
Commissioner of Deeds.

NOTICE IS HEREBY GIVEN

that sealed proposals for printing for the city of Rochester, N. Y., in accordance with the terms of a contract, a form of which may be examined at the office of the corporation counsel, will be received by the chairman of the law committee of the common council on or before 12 o'clock noon, February 3, 1896, as follows: (1) Each proposal shall state the name of the bidder and of all persons interested in the proposal, or if no other person or persons be so interested than the proposer, that fact shall be distinctly stated; also that the proposal is made in good faith without any collusion or connection with any other bidder for the same work. (2.) The price per inch solid nonpareil type for which the proposer will print the official proceedings of the common council, and executive board, which shall include the cost of furnishing 500 copies of the proceedings of the common council and 150 copies of the proceedings of the executive board, bound in muslin board cases together with furnishing such extra slips and copies of notices, etc., and of the daily issues of such newspapers as required in said proposed contract. (3.) The price per inch solid nonpareil type for which the bidder will print the notices, ordinances and resolutions of the common council, etc., as provided in said proposed contract and for furnishing copies of notices, ordinance and resolutions, or of the papers containing the same as may be necessary. (4.) The price per inch solid nonpareil type for which the proposer will print once, the official nominations for office as required by law. (5.) The price per inch solid nonpareil type for which the proposer will publish additional insertions of the official nominations. (6.) Each proposer shall also specify the number of days within which the proceedings of the common council and of the executive board will be published after copy shall have been furnished. (7.) Each proposal must be accompanied by a sworn statement of the actual paid city circulation on January 21, 1896, of each paper bidding, and such sworn statement must be made and signed by the business manager of each paper making a bid; the law committee of said common council shall be permitted to verify such sworn statement by an examination of the books of each paper or otherwise as such committee shall deem necessary. (8.) Each bid must be accompanied by a bond in the penal sum of one thousand dollars (\$1,000), signed by at least two responsible sureties, residents of the city of Rochester, conditioned that if the bid is accepted, the bidder will perform the work mentioned in the proposal and at such time and place as may be required by the common council will enter into the proposed contract with said city hereinbefore referred to. (9.) The

actual paid city circulation of each paper bidding, as well as the time required for publishing after copy is furnished, will be duly considered in making the award. (10.) Each bid must be made and signed in ink and enclosed in a sealed envelope indorsed "Proposal for printing official proceedings and notices," and delivered to the corporation counsel, 209 Wilder building for the chairman of the law committee on or before the time above specified, after which delivery it cannot be withdrawn. (11.) The successful bidder, within five days after service of a written notice of the award, will be required to attend at the office of the corporation counsel and execute the proposed contract and in case of failure or neglect so to do, the bidder will be considered as having abandoned all intention of executing such contract. (12.) Said committee will report all bids received to the common council for action, with such recommendations it may see fit to make. (13.) The common council reserves the right to let the whole or any part of the said work to any bidder, and the right to reject any and all bids and to award the contract as the best interests of the city may seem in their judgment to require.

Received, filed and published.

Ald. Adams moved that the bids be referred back to the Law Committee with leave to report at the next meeting. Carried.

By Ald. Adams—Resolved, That pending the designation of an official paper by this Council, the City Clerk be, and hereby is, authorized and directed to procure the publication of the proceedings of this Board in the Democrat and Chronicle at a compensation not exceeding that paid during the last fiscal year.

Adopted.

By Ald. Johnston—

REPORT OF FINANCE COMMITTEE.

Rochester, N. Y., Feb. 4, 1896.

To the Honorable the Common Council:

Gentlemen:—Your Finance Committee would report that it has carefully considered the itemized request of the Board of Health for \$65,000 to defray its current expenditures during the year 1896 and has unanimously reached the conclusion that the Health Board's affairs can be managed for a much smaller sum without in any manner interfering with the efficiency of its service. Your committee find that the Health Board has a deficiency of \$3,401.67 in its last year's accounts that has not yet been provided for. Your committee would therefore recommend an appropriation of \$50,000 to the Board of Health, with the understanding and request that the 1895 deficiency items referred to be paid and that the balance of \$46,598.33 be so used that it will pay their 1896 expenditures in full and leave their accounts without any deficiency at the close of the present fiscal year.

Your committee is fully convinced that this latter amount is ample to provide for the Health Board's necessities during the current year.

Respectfully submitted,
JAMES JOHNSTON,
M. B. ADAMS,
HENRY G. COOK,
JOSEPH C. WILSON,
J. MILLER KELLY,
Finance Committee.

Received, filed and published.

By Ald. Johnston—Resolved, That the City Clerk be, and hereby is requested to send a copy of the foregoing Finance Committee report to the Board of Health.

Adopted.

By the Clerk—

City Clerk's Office,
Rochester, N. Y., Feb. 4, 1896.

To the Honorable Common Council of the City of Rochester:

Gentlemen: I do hereby certify that a notice, such as is required by section 172 of the city charter, specifying each of the improvements contemplated by the following final ordinances, the estimated expense thereof, the amount, if any, of such expense to be paid from the public treasury, the portion or part of the city to be assessed for the remainder of the expense, and requiring all persons interested in the subject matter of the improvements to attend at the time appointed in such notice, was published daily for four days in two daily newspapers printed in this city, namely, the Democrat and Chronicle and the Rochester Herald.

Respectfully submitted,
THEODORE S. PULVER,
City Clerk.

Received, filed and published.

FINAL ORDINANCE NO. 6,024.

LEIGHTON STREET EXTENSION.

On motion of Ald. Edelman, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to extend Leighton street, from Parsells avenue to Meng park.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The extension of Leighton street, from Parsells avenue to Meng park, and the lands necessary to be taken therefor is described as follows: Beginning at the northeast corner of lot No. 47 of a subdivision of lots 23 to 33 inclusive, of the south part of town lot 49 made by the heirs of John Meng, and the south line of Meng park; thence southerly along the east line of said lot and the east lines of lots 46 and 32 of the above described subdivision, and said lines produced to Parsells avenue, thence easterly along Parsells avenue 42 feet, thence northerly on a line parallel to and 42 feet distant from the above described line to Meng park, thence westerly along Meng park to the place of beginning.

And the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city, which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

All the territory included within and described by the following boundary lines, viz.: Beginning at the corner of Meng park and Webster avenue, thence southerly along Webster avenue, excluding one tier of lots and parcels of land on the east side thereof, to the rear line of the lots on the north side of Parsells avenue, thence easterly along said line, and said line produced to a point 600 feet east of the east end of Melville park, thence northerly to a point opposite the rear line of the lots on the north side of Meng park, thence westerly on said rear line and said line produced to Webster avenue, thence southerly along Webster avenue, excluding one tier of lots and parcels of land on the east side thereof to the place of beginning.

New York Central & Hudson River R. R. Co.
Grand Central Depot,
New York, February 1, 1896.

Mr. J. N. Beckley, Rochester, N. Y.:

My Dear Sir:—Referring to your invitation to Mr. Depew and myself to attend the annual dinner of the Chamber of Commerce at Rochester, to be held on the 13th inst., it occurs to us that it would be well to have a conference with the committee of the Common Council and citizens of Rochester with regard to grade crossing matters on that day.

I take pleasure in accepting the invitation to attend the dinner, and hope that Mr. Depew will arrange his other engagements so as to join me.

Will you kindly arrange to have a conference called with the committee of the Common Council, to be held any time during the day of the 13th inst., and assure the members of the committee of our desire to promptly meet the situation as to grade crossings in Rochester, and to do all we consistently can to meet the wishes of the people of Rochester in that regard.

I would be glad to have you request the committee, on our behalf, to postpone the enforcement of the speed ordinances, pending negotiations which we are about to enter into with the representatives of the city.

Yours very truly,
H. WALTER WEBB,
Third Vice-president.

Received, filed and published.

Adopted.

By Ald. Beard—Whereas, The condition of the bridge which carries the tracks of the N. Y. C. & H. R. R. R. over North street, in this city, is such that persons having occasion to pass underneath the structure are subjected to great inconvenience and damage from dripping water, with accompanying filth; therefore,

Resolved, That the N. Y. C. & H. R. R. company be, and it hereby is, requested to make, as soon as possible, such repairs to said bridge as will make it safe for people to pass thereunder and remedy the conditions now existing.

Adopted.

By Ald. Beard—Claim of Foery & Kastner against the city. Referred to Poor Committee.

By Ald. Johnston—

City Treasurer's Office,
Rochester, N. Y., Feb. 4, 1896.

To the Honorable, the Common Council, of Rochester, N. Y.:

Gentlemen:—I would respectfully call attention to the fact that notes Nos. 576 and 577, for \$35,000 and \$12,000, respectively, will be due February 21st.

The former was issued for Police Building Station purposes and the latter for the Highway Fund.

It will be necessary to renew these notes, there being insufficient funds on hand to meet same.

Kindly give me the necessary authority to issue city's notes for same, and oblige.

Yours respectfully,

S. B. WILLIAMS, Treas.
Received, filed and published, and referred to Finance Committee.

By Ald. Johnston—

City Treasurer's Office,
Rochester, N. Y., Feb. 4, 1896.

To the Honorable, the Common Council of Rochester, N. Y.:

Gentlemen:—In order to meet acceptances of the city which will be due between now and the 21st., it will be necessary to make the city's notes for \$25,000.

Kindly give me the necessary authority, and oblige.

Yours respectfully,

S. B. WILLIAMS, Treas.
Received, filed and published, and referred to Committee on Finance.

By Ald. Johnston—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue, as may be necessary, in anticipation of taxes levied but uncollected, under authority of Sections 80 and 81 of the city charter, the city's note or notes, for an amount not exceeding twenty-five thousand dollars (\$25,000); said note to run for a period not exceeding four (4) months; to be negotiated under the direction of the Finance Committee, and countersigned by the chairman thereof; interest or discount to be charged to the Local Improvement Fund, and the proceeds credited to the Local Improvement Fund.

Adopted by the following vote:

Ayes—Aids. Callhan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Kelly, Simmelink, Englehardt, Wilson—16.

By Ald. Johnston—Whereas, On May 29, 1895, an act of the legislature was passed, known as chapter 811 of the laws of 1895, by which it was attempted to raise the salaries of Excise Commissioners in this city to the sum of \$1,500 per year, but which, by an error in the bill failed to accomplish its end, and,

Whereas, An amendment to said act is now pending in the legislature, the effect of which will be to increase the salaries of Excise Commissioners to the sum of \$1,500 each; therefore,

Resolved, That our representatives in the senate and assembly be requested to use all honorable means to prevent the passage of the pending act increasing the compensation of Excise Commissioners in this city to \$1,500, and to secure the unconditional repeal of the act of 1895, by which such increase was attempted to be secured.

Adopted.

By Ald. Selye—Resolved, That the Executive Board be, and hereby is, requested to form a cartage area bounded as follows; to wit: Commencing at the intersection of the north city line with the Genesee river; thence running westerly to the west city line; thence southerly along the west line of the city to the Erie canal; thence southerly along the Erie canal to Platt street; thence along Platt street to the Genesee river; thence northerly along the Genesee river to the place of beginning; and be it further,

Resolved, That such suitable street sweepings, ashes, earth and other refuse as are gathered at the city's expense be deposited in Deep Hollow gulch, where Ravine avenue and Glenwood park cross said gulch, to the end that no more ashes, street sweepings, etc., be given to private parties, but that the same shall be used for the benefit of the taxpayers of that section of the city in making up the 63,000 cubic yards of earth necessary to make the crossing at said point across said Hollow.

Ald. Kelly moved that the resolutions be so amended as to provide that the Executive Board be permitted to sell all refuse and sweepings for which a market could be found. Carried.

The resolutions as amended were then adopted.

By Ald. Selye—Remonstrance against cement walk on Big Ridge road. Received and filed.

Also, Petition of D. M. Powers with reference to an erroneous assessment. Referred to Assessment Committee.

By Ald. Cook—Resolved, That the Police Commissioners be requested to furnish the Overseer of the Poor with an itemized statement of the expense of operating the city ambulance during the year 1895.

Adopted.

By Ald. Englehardt—Petition for water mains in North Goodman street, from Powers street to Clifford street. Referred to Water Works Committee and Executive Board.

Adjourned.

THEODORE S. PULVER,
City Clerk.

In Common Council, February 18, 1896.

COMMUNICATIONS FROM THE MAYOR.

Mayer's Office,
Rochester, N. Y., Feb. 5, 1896.

To the Common Council:

I hereby return to you, without my approval, the resolution adopted by the Common Council at its meeting held on January 28, 1896, providing for the payment of H. G. Sauer of the sum of nineteen dollars, being the difference between the bill presented by him and the sum allowed by the Auditor, for making the city ballot boxes. My reasons for returning this resolution disapproved are as follows:

The bill presented by Mr. Sauer for making the ninety-five ballot boxes was the sum of \$139.65; this includes the delivery of the same; this sum was reduced by the Auditor by deducting therefrom the sum of \$19; and allowing him for the work done, the sum of \$120.65. The \$19 which is now allowed to Mr. Sauer makes the full amount of his bill as first presented by him.

The charter provides that the Auditor shall examine all bills presented against the city, and deduct therefrom such a sum as shall be necessary to make the bill a fair one for the city to pay, and to report his objections to any bill to the Common Council. In the course of his duty, the Auditor has carefully investigated this claim, and made the reduction complained of; he arrived at this conclusion, after an examination of some of the boxes made, and from information derived from competent persons on that subject. The I. S. Disbrow Manufacturing Company made an estimate of the work performed by Mr. Sauer, and they agreed to do the same work, including the delivery thereof, for the sum of \$98, or \$41.25 less than the charge originally made by Mr. Sauer. From an examination of one of the ballot boxes, and from an inspection of the bid of the I. S. Disbrow Manufacturing Company, I am satisfied that the Auditor did not deal unfairly with Mr. Sauer in the amount allowed him; in fact, a still larger deduction might have been made from the bill, and no injustice done to Mr. Sauer. The fact that the boxes were required to be delivered very soon after the order for them, has been taken into consideration by the Auditor, and an extra allowance made for that reason.

I fail to find any reason why the auditor should not be sustained in this matter. The city should not be compelled to pay more for work done for it than such work is fairly and reasonably worth. While the amount in dispute in this case is only \$19, yet the principle involved is just the same as if the claim was larger.

For the reasons aforesaid, the resolution is returned without my approval.

GEO. E. WARNER, Mayor.

Received, filed and published.

The Chair stated the question to be, "Shall the resolution prevail notwithstanding the veto of His Honor, the Mayor?"

Ayes—Alds. Calihan, Ford, Green, Adams, Beard, Dewey, Cook, Pauckner, Crane, Simmellink, Englehardt, Wilson—12.

Nays—Alds. Tracy, Rauber, Edelman, Johnston, Ward, Kelly, Reichenberger—7.

The Chair declared the resolution lost, less than two-thirds of the members having voted in the affirmative.

COMMUNICATIONS AND REPORTS FROM OTHER CORPORATION OFFICERS, BOARDS AND DEPARTMENTS.

By the Clerk—

Rochester, N. Y., Feb. 18, 1896.

To the Honorable the Common Council:

Gentlemen:—I beg leave to report the receipt of letters patent of the state of lands necessary for a public street through the grounds of the State Industrial School.

Respectfully submitted,

A. J. RODENBECK,

Corporation Counsel.

Received, filed and published.

By the Clerk—

Office of Executive Board,
Rochester, N. Y., Feb. 18, 1896.

To the Common Council:

Gentlemen:—The Executive Board requests that action be taken in the form of the adoption of an ordinance for the re-construction or re-laying of what is known as the Hoeltzer street sewer, which has been found to be so built and graded as to not carry off the sewer discharge into it from the several houses along the street. From time to time the city has been called upon to clean the deposits from this sewer in order to afford relief to the premises which use it, and this condition is of so frequent an occurrence as to make it necessary to re-build it or give it a better grade.

The Executive Board, therefore, recommends to your honorable body to cause an ordinance to be introduced for this purpose, and submits the following statement, as presented by an inspector, showing the condition of the sewer and the number of times repairing and cleaning of the sewer has had to be done.

Respectfully,

THOS. J. NEVILLE, Clerk.

Rochester, N. Y., Feb. 7, 1896.

To the Executive Board:

Gentlemen:—In regard to the Hoeltzer street sewer, I desire to submit the following report: It is a 12-inch cement tile sewer, built in 1869, having a grade of 4 feet in the run of 1,400 feet. The west half of said sewer seems to be in a fair condition, but the east half has had repairing done as follows:

November 23, 1893, repairs to sewer.

November 25, 1893, repairs to sewer.

April 17, 1895, repairs to sewer.

April 24, 1895, repairs to sewer.

July 10, 1895, digging at test pits.

November 20, 1895, digging at test pits.

The cause of stoppage of the sewer is mostly in that section near St. Joseph street, where the sewer trench is composed of quicksand and the same gaining admittance into the main sewer, as it is not laid on a solid foundation. The lateral sewers draining the cellars are also in a very bad condition. The Board of Health having made an investigation of this matter will also report on same. At the present time there are several cellars filled with several inches of water.

Respectfully,

W. G. WIDMAN, Inspector.

Received, filed and published and referred to Committee on Public Improvements.

By the Clerk—

Office of the Executive Board,
Rochester, N. Y., Feb. 18, 1896.

To the Common Council:

Gentlemen:—In accordance with your resolution authorizing the Executive Board to negotiate for the land necessary for the opening and extension of Treyer park, the

Board invited the owners of the land to call at the office and state what price would be accepted for the land. Some of the persons interested in the property proposed to be taken appeared and gave a price which, in the opinion of the Executive Board, may be above its market value, and it is, therefore, deemed expedient to suggest that the Corporation Counsel be authorized to commence the usual condemnation proceedings.

Respectfully,

THOS. J. NEVILLE, Clerk.

Received, filed and published.

By Ald. Simmelink—Whereas, No agreement for the purchase of the lands which are necessary to be taken for the extension of Treyer park, in the city of Rochester, under final ordinance No. 5,529, can be made, therefore,

Resolved, That a copy of said ordinance and of this resolution, together with a map of the proposed extension of Treyer park, be filed in the offices of City and County Clerks, which map shall show thereon the lots, tracts and parcels of land which are deemed necessary to be taken, and the commencement, course and termination of said extension proposed, according to the provisions of Sec. 174 of the revised city charter, and the Corporation Counsel be, and he hereby is instructed to take and institute such proceedings from time to time as may be necessary as provided by said charter.

Adopted.

By the Clerk—

City Auditor's Office,
Rochester, N. Y., Feb. 18, 1896.

To the Common Council:

Gentlemen:—I have to report the withdrawal, this date, of claims for \$1,164.40, by Rochester Printing Co., for election printing last fall. The same was submitted to this office in January last, but not yet passed upon, was returned unaudited to said claimants at their request.

Very respectfully,

A. S. MANN, Auditor.

Received, filed and published.

By the Clerk—

Office of Superintendent of Schools,
Rochester, N. Y., Feb. 17, 1896.

T. S. Pulver, City Clerk:

Dear Sir:—At a regular session of the Board of Education of this city, held on this date the following report was adopted.

Pursuant to its terms the same is hereby forwarded to the Common Council.

Respectfully,

MILTON NOYES,
Superintendent.

“Commissioner McKelvey, of the Finance Committee, presented the following report: “To the Board of Education:

“Gentlemen:—The Board of Education, having, pursuant to law, forwarded to the Common Council on the 23d day of December last, an estimate of the amounts necessary to meet the expenses of the public school department for the fiscal year 1896, and having on the 16th day of January, 1896, furnished the Finance Committee of said Council, pursuant to their request a further supplemental and detailed statement of such amounts for each specific charter fund and for the subdivision of the Contingent Fund; and said Council not having acted thereon or given this Board notice of any proposed action thereunder or notice of the amounts to be raised for this department: and the funds now at the disposal of this Board re

quiring immediate replenishment in order to carry forward the operations of the schools and no sufficient funds having been appropriated to them.

"And this Board having no authority to incur expenses without sufficient funds to respond; And it being deemed impracticable to close the schools for want of proper appropriations which should be made to this Board by the Common Council.

"And the Board of Health having notified us that certain sanitary repairs must be immediately made to certain school buildings.

"Therefore, be it resolved, That the Common Council, having failed to certify to this Board the amount that will be raised for the purposes of the public schools within thirty days after said estimates, as required by section 137, of the revised city charter, be and it is hereby requested to raise the several amounts embraced in said certificates and estimates heretofore furnished to it, which amounts, as asked for, should be subject to the disposal of this Board as required by law.

"The following several amounts of cash should be available to meet the expenses of said schools and obligations to be incurred on their behalf prior to July 1st next as follows:

Repair Fund	\$ 7,000 00
Building Fund	25,000 00
Library Fund	1,500 00
Teachers Fund	130,000 00
Contingent Fund	59,500 00

"Resolved, That the Superintendent forthwith certify to said Common Council a copy of this report.

"Respectfully submitted this 17th day of February, 1896.

(Signed.) WM. HORCHELLER,
(Signed.) JACOB J. YOUNG,
(Signed.) W. J. McKELVEY,
Finance Committee.

"Adopted."

By Ald. Johnston—

Board of Park Commissioners,

Rochester, N. Y., Feb. 15, 1896.

To the Finance Committee of the Common Council, Mr. James Johnston, Chairman:

Gentlemen:—The Finance Committee of the Board of Park Commissioners most respectfully ask the Common Council to advance at once the sum of five hundred dollars (\$500), for the Small City Parks Fund of this board.

Respectfully yours,

JOHN H. ROCHESTER,

Chairman, Finance Committee, Board of Park Commissioners.

F. W. ELWOOD,

Chairman, City Parks Committee.

JOHN E. DURAND,

Treasurer.

Received, filed and published and referred to Committee on Finance.

By Ald. Johnston—

Hemlock Lake Commission,

Rochester, N. Y., Feb. 18, 1896.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—The Hemlock Lake Commissioners have obligations, some of which have already matured, and the remainder will soon mature, for which they require \$40,000 in addition to amounts already appropriated, and we would respectfully ask that that amount be placed to their credit, at the

present time, pursuant to chapter 1,080 of the laws of 1895.

SOL WILE, Secretary.

Received, filed and published and referred to Finance Committee.

By Ald. Johnston—

Office of the Executive Board,
Rochester, N. Y., Feb. 17, 1896.

To the Common Council:

Gentlemen:—I am directed by the Executive Board to inform your honorable body that the balance to the credit of the Highway Fund on February 14th, last, was \$872.47; which amount is now more than exhausted.

It is therefore necessary that immediate provision be made to carry forward the work of the street department.

Respectfully,

THOS. J. NEVILLE, Clerk.

Received, filed and published, and referred to Finance Committee.

By Ald. Johnston—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue, as may be necessary, in anticipation of taxes levied but uncollected, under authority of sections 80 and 81 of the city charter, the city's note or notes, for an amount not exceeding twenty-five thousand dollars, (\$25,000); said note to run for a period not exceeding five months; to be negotiated under the direction of the Finance Committee, and countersigned by the chairman thereof; interest or discount to be charged to the Contingent Fund, and the proceeds credited to the Highway Fund of the Executive Board.

Adopted by the following vote:

Ayes—Alds. Tracy, Callihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmellink, Englehardt, Wilson, Reichenberger—19.

By Ald. Johnston—

City Treasurer's Office,

MISCELLANEOUS COMMUNICATIONS.

By Ald. Reichenberger—

Building Dealers' Exchange,

Rochester, N. Y., Feb. 17, 1896.

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—The Builders' and Building Supply Dealers' Exchange of Rochester, through a committee appointed for that purpose,

Resolved, That we ask our representative at Albany to have Rochester excepted from the operations of an act now before the assembly entitled "An act to provide for the construction, regulation and inspection of buildings, etc., etc.," and numbered 388.

We are led to this action because New York, Brooklyn and Buffalo are excepted and because the provisions of the act will largely increase the expenses of the city by the establishment of a "Department of Buildings," and furthermore from a partial examination

of the requirements we think they will so largely and unnecessarily increase the cost of building that the growth of the city will be greatly retarded.

We hope for the co-operation of your honorable body in having Rochester excepted from the operations of this act.

Yours truly,

J. H. GRANT,

Secretary of the Builders' and Building Supply Dealers' Exchange.

Received, filed and published.

By Ald. Reichenberger—Whereas, There is now before the legislature of this state a bill entitled "An act to provide for the construction, regulation and inspection of buildings, etc., etc." which act, if it become a law, will largely increase the cost of building, unnecessarily retard the growth of the city and impose upon the taxpayers the expense of maintaining an additional department of the city government; and

Whereas, The advocates of the measure propose to exempt New York, Brooklyn and Buffalo from the operations of the act,

Resolved, That the representatives of this city in Senate and Assembly, be, and they hereby are, respectfully requested to use their efforts to have Rochester included in the list of cities exempted from the provisions of the act; and be it further

Resolved, That the Clerk of this Board be, and he hereby is requested to forward a copy of this resolution to Senators Parsons and Harrison, and Assemblymen O'Grady and Armstrong.

Adopted.

By Ald. Adams—

Rochester, N. Y., Feb. 18, 1896.

To the Honorable Common Council of the City of Rochester:

Gentlemen:—On the order of Abraham Benedict, Secretary of the Board of Civil Service Examiners, I have printed thirty-one sets of examination papers for the use of that board, as shown by the annexed bill for \$124.50, which is a reasonable charge. Mr. Benedict refuses to certify the bill for that amount on the ground that the charge is excessive.

I respectfully request that the bill be referred to the proper committee or official, in order that the matter may be settled.

Very respectfully,

CHAS. MANN.

The City of Rochester, to Charles Mann, Printer, Dr., address 8 Elm park, Rochester, N. Y.:

To printing between Jan. 15, 1896, and Jan. 30, 1896, at the city of Rochester, N. Y., for and in pursuance to the order of the Civil Service Commission, part 2d, 31 sets of examination papers averaging 60 copies to each set, which were furnished and delivered to the secretary of said commission on or about Jan. 30, 1896, \$124.50.

Received, filed and published, and referred to the Mayor and City Auditor.

REPORTS OF STANDING COMMITTEES.

LAW COMMITTEE REPORT.

By Ald. Adams—

Rochester, N. Y., Feb. 18, 1896.

To the Honorable the Common Council:

Gentlemen: In the matter of the city printing which was referred to your committee to secure bids, and which bids were submitted to the common council at its meeting held February 4, 1896, your committee beg leave to say that it has considered the bid of the

Rochester Printing Company, and Rochester Times, and beg leave to recommend that the bid of the Rochester Printing Company be accepted and that the Democrat and Chronicle be designated as the official paper of the city in pursuance of the city charter.

We have reached this conclusion after a consideration of the circulation of the respective papers bidding, and in view of the necessity of giving the proceedings of the common council and the city notices as wide publicity as possible. According to the statements submitted by each of the papers bidding the city circulation of the Democrat and Chronicle is more than two and one-half times that of the Rochester Times.

In view of the fact that certain ordinances and notices are required by the city charter to be published in two daily newspapers, we recommend that action upon the bid of the Rochester Times with reference to the publication of such notices be postponed until a later meeting.

We recommend the appointment for commissioners of Deeds: Katharine C. Ford, A. H. Middaugh, David W. Bingham, Edmund Fitzgerald, Willert Quimby, M. W. Whited, Clinton C. Hicks, Henry T. Noyes, Jr., Louis Wysard, Martin P. McMillan, John F. Martin, H. J. McCormick, Nellie Buck, William H. Fallow, Jr., George L. Brown, Mary L. Hosmer.

Respectfully submitted,

M. B. ADAMS,

EDWARD ENGLEHARDT,

WILLIAM TAUCKNER,

HENRY G. COOK.

Law Committee.

Received, filed and published.

By Ald. Adams—Resolved, That the Democrat and Chronicle be selected as the official daily newspaper published in the city for the publication of the proceedings, resolutions and ordinances of the Common Council and of the Executive Board of the city and all the notices and advertisements and proceedings of any of the officers of said city and of all the committees of the Common Council during the year ending January 6, 1897.

Adopted by the following vote:

Ayes—Ald. Callihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Dewey, Cook, Pauckner Crane, Simmelink, Englehardt, Wilson—15.

Nays—Ald. Ward, Reichenberger—2.

By Ald. Adams—Resolved, That the bid submitted by the Rochester Printing Company for city printing as submitted with the report of the Law Committee at this meeting be accepted and that the Corporation Council be authorized to notify said company of the adoption of this resolution and to require said company within five (5) days after the receipt of such notice to appear at his office and execute the proposed contract for such printing and in case of failure or neglect so to do said company will be considered as having abandoned all intention of executing such contract, and that the Mayor be authorized to execute said contract on the part of the city and attach thereto the corporate seal.

Adopted.

By Ald. Adams—Resolved, That action upon the bid of the Rochester Times be postponed.

Adopted.

MAP AND SURVEY COMMITTEE REPORT.

Rochester, N. Y., Feb. 18, 1896.

To the Hon. Common Council:

Gentlemen: Your Map and Survey committee beg leave to make the following re-

port and recommendations in relation to the City Engineer's office.

The Engineer has convinced your committee that for the purpose of completing the survey of Hemlock lake and adjacent territory, which will keep five men outside and one draughtsman in the office, employed during the winter and spring, and at the same time progress the city survey in sections where it is absolutely necessary, it will be advisable to add three men to the office force between March 1st and October 1st, 1896.

Your committee therefore recommend that the following named men be employed in the City Engineer's office from March 1st to October 1, 1896. George Hebard at \$100 per month; L. Y. McConnell at \$60 per month and F. W. Elwood at \$50 per month. And your committee would further say that while appreciating and acknowledging the faithful work done by the men regularly employed in the office and recognizing the fact that some of them are entitled by efficient service to increase of salary, it did not seem advisable to your committee to recommend any increase of pay at the present time.

Your committee therefore recommends the employment of the men now at work in the office for such time as the committee deem expedient.

WILLIAM C. GREEN,
T. W. FORD,
JOSEPH A. CRANE,
WILLIAM S. BEARD,
LEWIS EDELMAN,

Map and Survey Committee.

Received, filed and published.

By Ald. Green—Resolved, That the following named men be employed in the City Engineering Department, at the rate of pay set opposite to their respective names, for such time as shall seem expedient to the Map and Survey Committee:

F. W. Elwood, rodman.....	50

Let on the table two weeks under the rule.

FINANCE COMMITTEE REPORT.

By Ald. Johnston—

Rochester, N. Y., Feb. 18, 1896.

To the Honorable, the Common Council:

Gentlemen:—By section 11 of the act to authorize and provide for the construction of the west side sewer, so called, as amended April 26, 1895, the city was authorized to issue its bonds and invest the proceeds in certificates issued by the commissioners appointed under said act for work performed

within the limits of the city. In pursuance of this authority, the Finance Committee on May 14, 1895, recommended the purchase of such certificates to the amount of \$25,000. Adopting this recommendation, the Common Council, June 11, 1895, passed a resolution authorizing the City Treasurer to issue and negotiate the bond of the city for such purpose in the sum of \$25,000. This bond was duly issued and that amount of the certificates of indebtedness of the west side sewer commission was purchased. The bond was issued for a period of eight months and becomes due this month. The certificates of indebtedness do not become due until next year. It will therefore be necessary for this Council to pay or renew the bond thus issued.

In view of the fact that the certificates of indebtedness of the west side sewer commission held by the city are not payable until next year, your committee recommends that the bond heretofore issued for the purchase of these certificates be paid from the proceeds of a new bond to be issued for a period not exceeding a year, during which time the certificates of indebtedness held by the city will become due.

Respectfully submitted,

JAMES JOHNSTON,
M. B. ADAMS,
HENRY G. COOK,
JOSEPH C. WILSON,
J. MILLER KELLY,
Finance Committee.

Received, filed and published.

By Ald. Johnston—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue and negotiate the bond or bonds of the city of Rochester in a sum not to exceed in the aggregate the sum of \$25,000, pursuant to chapter 603 of the laws of 1892, entitled "An act to authorize and provide for the construction of a sewer in the tenth, fifteenth and twentieth wards of the city of Rochester, and in the town of Gates in the county of Monroe," as amended by chapter 438 of the laws of 1895. Said bond to bear a rate of interest not to exceed four per cent. per annum, payable semi-annually on the first day of January and July of each year. Said bond shall be due one year from the date of issue and shall be signed by the treasurer, sealed with the corporate seal of the city, countersigned by the Mayor. The proceeds of said bond shall be used in the payment of a bond issued pursuant to a resolution of the Common Council adopted June 11, 1895, issued for the purpose of purchasing certificates of indebtedness of the West Side Sewer Commission, appointed pursuant to the statute above referred to, and the proceeds of which bond heretofore issued were expended in the construction of said sewer in tirely within the limits of the city of Rochester.

Adopted by the following vote:

Ayes—Alds. Callhan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Ward, Dewey, Cook, Pauckner, Crane, Simmelink, Englehardt, Wilson, Reichenberger—17.

By Ald. Johnston—

Rochester, N. Y., Feb. 18, 1896.

To the Honorable, the Common Council of the city of Rochester:

Gentlemen:—Concerning the bill of N. F. Haskell for \$300 for services in connection with the books and records of the Poor Department your committee would report that the work was done by the direction of the Poor Committee, and under its supervision. The correctness of the bill has been formally

certified to by the Poor Committee and your committee would recommend that it be paid and charged to the Poor Fund.

Respectfully submitted,
JAMES JOHNSTON,
M. B. ADAMS,
HENRY G. COOK,
JOSEPH C. WILSON,
J. MILLER KELLY,
 Finance Committee.

Received, filed and published.

By Ald. Johnston—Resolved, That the City Clerk be, and hereby is, directed to draw an order in favor of N. F. Haskell for \$300, in payment of the annexed bill for services in the Poor Department, and charge the amount to the Poor Fund.

Adopted by the following vote:
 Ayes—Alds. Callhan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Ward, Dewey, Cook, Pauckner, Crane, Simmelinck, Englehardt, Wilson. Reichenberger—17.

ASSESSMENT COMMITTEE REPORT.

By Ald. Beard—

Rochester, N. Y., Feb. 18, 1896.

To the Honorable, the Common Council:

Gentlemen:—Your Assessment Committee begs leave to submit the following report:

In the matter of the petition of Mary J. Chace, praying for the cancellation of a tax of \$9.21, which was sold in 1861, upon lots 9 and 11 on Warehouse street, in the second ward, we recommend that Mrs. Chace be allowed to pay to the City Treasurer, within thirty days from the passage of this resolution, the face of said tax, namely, \$9.21, in full satisfaction of said tax and interest.

In the matter of the petition of Mrs. M. B. McMullen, praying for the cancellation of an assessment of \$5.61, upon her premises at No. 105 Wilder street, which said assessment was levied for connecting a sewer in Wilder street with the Lyell avenue and Saxton street sewer, we find that the sewer which was so connected did not drain her premises, and recommend that her petition be granted.

In the matter of the petition of Alexander H. McNeal, praying for exemption of taxation of his premises at 20 Qualtrough place, we recommend that the petition be referred back to Mr. McNeal.

All of which is respectfully submitted,

WM. S. BEARD,
HENRY G. COOK,
JOSEPH A. CRANE,
J. B. SIMMELINK,
 Assessment Committee.

Received, filed and published.

By Ald. Beard—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to receive from Mrs. Mary J. Chace, within thirty days from the passage of this resolution, the sum of \$9.21, in full satisfaction of the tax which was sold in 1861, upon the premises of said Mrs. Chace, known as lots 9 and 11, on Warehouse street, in the second ward, and that the Treasurer charge any other expenses, fees and interest to erroneous assessments.

Adopted.

By Ald. Beard—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to cancel the assessment of \$5.61, upon the premises of Mrs. M. B. McMullen, known as No. 105 Wilder street, and that he charge the same to erroneous assessments.

Adopted.

By Ald. Beard—Resolved, That the petition of Alexander H. McNeal, praying for the exemption from taxation of his premises at No. 20 Qualtrough place, be referred back to said Alexander H. McNeal.
 Adopted.

REPORT OF PUBLIC IMPROVEMENT COMMITTEE.

By Ald. Ward—

To the Common Council:

Gentlemen:—Your Public Improvement Committee would report on matters referred to them as follows:

The resolution offered by Ald. Johnston at the cleaning and sweeping of all streets paved with asphalt, brick or cedar block, be done under the direction of the Executive Board, and the expense thereof paid from the Highway Fund, has been considered and we recommend its adoption.

On the question involved in the controversy regarding the proper dimensions of the Field street and Monroe avenue sewer your committee has reached the conclusion that the proposed sewer is properly a part of the East Side Trunk sewer system and should be constructed under the supervision of the commission. We therefore recommend that this committee be authorized to confer with the East Side Trunk sewer commission with a view to arranging for the construction of the Field street and Monroe avenue sewer, under their supervision, the expense to be paid from the fund under their control.

Respectfully submitted,

WILLIAM WARD,
JAMES JOHNSTON,
JOSEPH A. CRANE,
D. W. SELYE,

Public Improvement Committee.

Received, filed and published.

By Ald. Ward—Resolved, That the Public Improvement Committee be, and hereby is, authorized and directed to confer with the East Side Trunk sewer commission on the subject of the Field street and Monroe avenue sewer, with the view to arranging for the construction of the sewer under the supervision of the commission, the expense to be paid from the fund under their control.

Adopted.

By Ald. Ward—Resolved, That the cleaning and sweeping of all asphalt, brick, cedar block and other similarly paved streets be done under the direction of the Executive Board, and that the expense for the cleaning and sweeping of all such street pavements be paid, in future, entirely from the Highway Fund.

On motion of Ald. Ward laid on the table till next meeting.

FINAL ORDINANCE NO. 6,024.

LEIGHTON STREET EXTENSION.

(Amended.)

"On motion of Ald. Edelman, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

"An ordinance to extend Leighton street, from Parsells avenue to Meng park.

"And after hearing such allegations from all persons appearing,

"The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

"The extension of Leighton street, from Parsells avenue to Meng park, and the lands necessary to be taken therefor is described as follows: Beginning at the northeast corner of lot No. 47 of a subdivision of lots 23 to 33 inclusive, of the south part oftown lot 49 made by the heirs of John Meng, and the south line of Meng park; thence southerly along the east line of said lot and the west lines of lots 46 and 32 of the above described subdivision, and said lines produced to Parsells avenue; thence easterly along Parsells avenue 42 feet; thence northerly on a line parallel to and 42 feet distant from the above described line to Meng park; thence westerly along Meng park to the place of beginning.

"And the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city, which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

"All the territory included within and described by the following boundary lines, viz: Beginning at the corner of Meng park and Webster avenue, thence southerly along Webster avenue, excluding one tier of lots and parcels of land on the east side thereof, to the rear line of the lots on the north side of Parsells avenue, thence easterly along said line, and said line produced to a point 600 feet east of the east end of Melville park, thence northerly on a line parallel with the east line of the above mentioned Meng subdivision to a point opposite the rear line of the lots on the north side of Meng park, thence westerly on said rear line and said line produced to Webster avenue, thence southerly along Webster avenue, excluding one tier of lots and parcels of land on the east side thereof to the place of beginning."

Carried, and ordinance as amended laid on the table until the next meeting.

COMMUNICATIONS FROM THE MAYOR.

By the Clerk—

Mayor's Office,

Rochester, N. Y., Feb. 26, 1896.

To the Common Council:

I hereby return to you, without my approval, the resolution adopted by you on February 18, 1896, awarding the printing of the Common Council proceedings to the Democrat and Chronicle at 31 cents a square inch, and the printing of the other notices required to be published at 30 cents a square inch.

My reasons for returning the said resolution disapproved are as follows:

First—The law committee advertised soliciting bids for this printing; for reasons, best known to themselves, the newspapers of this city, with the exception of the Democrat and Chronicle and the Times, did not avail themselves of the privilege of bidding. The Democrat and Chronicle's bid for the printing of the proceedings was the sum of 31 cents a square inch and 30 cents an inch for printing the other notices. This sum is larger than the amount paid to the same paper for the same work during the past few years, being 1 cent an inch more for the proceedings and 5 cents an inch more for printing the other notices. The bid of the Times for printing the proceedings was 20 cents an inch and 18 cents an inch for printing the other notices. The resolution awarding the printing to the Democrat and Chronicle is disapproved, for the reason that they are seeking to, and will get, more pay for the same kind of work than they have been paid by the city during the last few years. By increasing the price 1 cent an inch for printing the proceedings and 5 cents an inch for printing the other notices they will receive from the city an increased compensation of \$650.

Another result of awarding this contract to the Democrat and Chronicle will be, that the other newspapers in which certain notices are required to be printed by the charter, will insist upon receiving the same compensation as is awarded to the Democrat and Chronicle for the same kind of work. This will add an additional expense to the city of Rochester of \$480 a year. The consequence, therefore, of awarding the printing to the Democrat and Chronicle is to make the printing of the proceedings and notices cost the city of Rochester \$1,130 more than the same cost during the last few years. This does not evince any evidence of economy on the part of the common council. There is no reason whatever for increasing the cost of printing to the city of Rochester in this large sum. It is not the way in which any of us would transact our own business affairs.

Second—The bid of the Times, if accepted, would have resulted in a saving to the people of the city of Rochester of the sum of at least \$2,500, if not the sum of \$3,000 per year.

In view of the fact that this year's tax levy will be the largest this city has ever had, the common council should go slow in increasing the expenses of the city government in voting this printing matter to the Democrat and Chronicle, and thereby adding the sum of at least \$2,500 to the burden of the taxpayers of this city. I am aware that the law committee recommended that this printing be given to the Democrat and Chronicle on account of its having a larger circulation than the Times. If the official proceedings of the common council were generally read by the subscribers of

the papers, then the question of circulation would be a paramount one. But this is not so; as a matter of fact, the large majority of the readers of the papers content themselves with reading a synopsis of the proceedings printed as city news the morning after the meeting of the common council. But very few of them ever read the official proceedings, printed some three or four days after the meeting of the council. That being so, the publication thereof in a paper having a smaller circulation, at a largely reduced cost, would answer the purpose just as well and suit the taxpayers of the city a great deal better than to pay the largely increased price of printing them in a paper having a larger circulation. As a matter of fact the proceedings might as well never be printed, as not a dollar has ever been saved to the people as a result of their publication.

The contract should have been let to the Times and the sum of \$2,500 would be saved to the taxpayers.

For the reasons aforesaid, this resolution is returned by me without my approval.

GEO. E. WARNER, Mayor.

Received, filed and published.

Ald. Adams moved that action on the resolution vetoed by the mayor be postponed until the regular meeting, March 3d. Carried.

COMMUNICATIONS AND REPORTS FROM OTHER CORPORATION OFFICERS, BOARDS AND DEPARTMENTS.

By Ald. Adams—

Rochester, N. Y., Feb. 17, 1896.

To the Honorable, the Common Council of the city of Rochester:

Gentlemen:—I beg leave to report that the contract directed to be prepared between the Humane Society and the city of Rochester has been properly executed and filed with the Mayor. Respectfully submitted,

A. J. RODENBECK,

Corporation Counsel.

Received, filed and published.

By Ald. Johnston—

Office of the Executive Board,
Rochester, N. Y., Feb. 25, 1896.

To the Finance Committee, Common Council:

Gentlemen:—I am instructed by the Executive Board to inform you that there is at this date a balance of \$1,800 for the Fire Department Fund, and that it will require the sum of \$22,151.63 to meet the pay roll and bills of the current monthly budget.

The Executive Board request that you make provision to meet this expenditure.

Respectfully,

THOMAS J. NEVILLE, Clerk.

Received, filed and published.

By Ald. Johnston—

Office of the Corporation Counsel,
Rochester, N. Y., Feb. 24, 1896.

To the Honorable, the Common Council:

Gentlemen: With reference to the position taken by the Board of Education, that the Common Council having failed to certify the amounts that will be raised by it for school purposes as provided by section 137 of the city charter, the Council is in default and is required to raise the amounts specified in the estimates furnished by the Board of Education, I beg leave to say that Sub. 11, of section 131 of the city charter requires the Board of Education annually, on or before the

16th day of May in each year, to determine and certify to the Common Council the amounts in their opinion necessary or proper to be raised for the several purposes specified in that section for the year commencing on the first Monday of the previous April, and section 137 requires the Council to certify within fifteen days thereafter the amount that will be raised by it for the year commencing on the first Monday of the previous April.

The estimates furnished by the Board of Education were estimates of the amounts needed for the "fiscal year 1896" and were evidently furnished pursuant to the requirements of chapter 604 of the laws of 1895, and not pursuant to the provisions of the city charter above referred to. The provisions of the city charter did not require the estimates which have been furnished. It was the obvious intent of the provisions of the city charter that the estimates of the Board of Education should be furnished sometime between the first of April and the 16th day of May in each year, and that the Council should certify the amount to be raised within fifteen days after receiving such certificate. The statute of 1895 was a special act to provide for changes made in the state constitution. It required the Board of Education to present to the Common Council a detailed statement of the transactions of that department during the preceding year, to give an estimate of the amount necessary to meet the expenses of the department during the coming year, and such other matters as the common council might specifically request. The estimate required by this statute was not intended to take the place of that called for by the provisions of the city charter.

I am, therefore, of the opinion that the provisions of the city charter above referred to were not repealed by chapter 604 of the laws of 1895, and that the Common Council is not in default in furnishing the certificate to the Board of Education of the moneys to be raised pursuant to the city charter, and that such certificate may be furnished after the receipt of an estimate of expense as provided by the city charter.

Respectfully submitted,

A. J. RODENBECK,

Corporation Counsel.

REPORTS OF STANDING COMMITTEES.

By Ald. Pauckner—
REPORT OF CITY PROPERTY COMMITTEE.

To the Honorable Common Council of the City of Rochester:

Gentlemen:—Your City Property Committee would report that bids were invited by published notice for the work required to make the alterations on the city hall building, heretofore approved by this Council.

In order that the city might have the benefit of competition and the committee be enabled to select the lowest responsible bidder on each class of work required, proposals were invited on this basis: "Masonry, steel construction and marble work"; "carpenter and sheet metal work"; "painting".

Bids were submitted as follows:

Carpenter and Sheet Metal Work.	
W. I. Defendorf	\$11,407 51
Anthony Link	8,949 00
John Luther	10,379 00
J. G. Wagner	8,881 00
Charles Hoffman	8,400 00
Hannah & Van Alstyne	8,389 00
Henry G. Sauer	11,970 00
Charles Hetzler	10,243 00
Fred. Gleason	8,407 00
John Hilenbrandt	9,350 00
A. Friederichs & Sons.....	9,270 00

Masonry and Steel Construction.	
Stallman Brothers	\$22,200 00
Chambers & Casey	23,420 00
H. H. Edgerton	22,024 00
A. Friederichs & Sons	22,473 00

Painting.	
Henry Waltjen	\$ 4,273 00
A. R. Bauning	4,400 00
A. Ernisse & Son.....	5,370 00
M. T. Knapp	3,600 00
J. C. Simmons	2,991 00

W. H. Gorsline offered to do all the work called for by the specifications for \$36,668.

The bid of J. P. Hammill, covering the carpenter and sheet metal work and painting, proposal, \$11,350, was rejected as informal.

Your committee would call attention to the fact that the specifications call for oak finish of the two new floors. This will result in that these floors will be entirely modern in design and finish, the apartments will be more cheerful and the expense, if durability be taken into consideration, will be less.

The committee recommends that the contracts be awarded to the following lowest bidders: Carpenter and sheet metal work, Hannah & Van Alstyne, \$3,389; masonry and steel construction work, H. H. Edgerton, \$22,024; painting, J. C. Simmons, \$2,991.

The committee also invited bids by published advertisement on the work required to fit up the new quarters for the treasury department. The following bids were received:

Servis & Hoffman	\$1,181 00
Bromley, Miller & More	2,150 00
Frederick Vetter	1,022 17
John A. Smith	1,272 00
Stallknight & Schminke	1,168 00

The bid of the Hayden Furniture Co., for \$1,357 was rejected as informal.

The committee would recommend that the contract be awarded to Frederick Vetter, the lowest bidder, his proposal being \$1,022.17.

Your committee would further recommend that the contractors be required to furnish good and sufficient bonds, with sureties, conditioned for the faithful performance of the contract, with a penalty equal to the full contract price.

The committee also recommends that his honor, the Mayor, be requested to execute a contract with the above named contractors for the work recommended to be awarded to them. Said contract to be approved as to form by the Corporation Counsel and the bond to be furnished to be approved by the members of the City Property Committee.

All of which is respectfully submitted,
WM. PAUCKNER,
EDWARD ENGLEHARDT,
M. B. ADAMS,
ALVIN H. DEWEY,
 City Property Committee.

Received, filed and published.

By Ald. Pauckner—Resolved, That the contract for the carpenter and sheet metal work on the city hall alterations be awarded to Hannah & Van Alstyne for the sum of \$8,389; the contract for the masonry and steel construction work to H. H. Edgerton for \$22,024; the contract for the painting to J. C. Simmons for \$2,991; and that the Mayor be, and he hereby is, requested to execute contracts with the above named parties, when said contracts have been approved as to form by the Corporation Counsel.

Adopted.

By Ald. Pauckner—Resolved, That the contract for furnishing the cabinet, metal and marble work required for fitting the apartments to be occupied by the City Treasurer be awarded to Frederick Vetter for the sum of \$1,022.17; and that the Mayor be, and he hereby is, requested to execute a contract with said Vetter after the same shall have been approved as to form by the Corporation Counsel.

Adopted.

POOR COMMITTEE REPORT.

By Ald. Cook—

To the Honorable, the Common Council:

Gentlemen:—Your Committee on Support and Relief of the Poor beg leave to submit the following report:

In regard to the ambulance system as now operated in this city an estimate of the expense of running the police ambulance for the year 1895, has been reported to us by the police commissioners as being \$3,000. A fair estimate of the expense of running the ambulance of the poor department is \$700 per year and of the ambulance of the board of health \$150 per year. After careful inquiry and deliberation we have concluded that the plan of ambulance service which we recommend herewith will be a saving to the city as well as marked improvement upon the system heretofore used.

Your committee has conferred with the Homeopathic Hospital and the latter has signified its willingness to furnish and equip two ambulances and properly perform the ambulance service of the city for the sum of \$1,000 per year for each ambulance, beginning March 1, 1896.

Your committee has also conferred with the City Hospital, St. Mary's Hospital, and the Hahnemann Hospital and they have stated to your committee that they are willing at some future time to provide a suitable ambulance and the proper performance of ambulance service to the city at the sum of \$1,000 per year for each ambulance. None of said latter hospitals, however, are ready at the present time to undertake the work.

The Homeopathic Hospital proposes to furnish two ambulances until such time as one of the other hospitals above named shall equip an ambulance and thereafter the Homeopathic Hospital shall furnish one. The ambulances shall respond to each and every call which shall be made upon them and will always be accompanied by a surgeon and a driver. The entire scheme of the service as herein proposed is in the opinion of your committee a great improvement upon the system now used.

Your committee therefore recommends that the offer of the Homeopathic Hospital herein referred to be accepted.

Respectfully submitted,
HENRY G. COOK,
M. B. ADAMS,
M. J. CALIHAN,
WM. S. BEARD,

Poor Committee.

Received, filed and published.

By Ald. Cook—Resolved—That the offer of the Homeopathic Hospital to furnish ambulance service to the city as contained in the foregoing report of the committee on support and relief of the poor be and the same hereby is accepted, and that the expense thereof be paid out of the fund for the support and relief of the poor.

Adopted.

By Ald. Cook—Resolved, That the Overseer of the Poor be, and he hereby is authorized and directed to execute for and on behalf of the city a lease between the city and the Lehigh Valley Railroad Company, of the lands of said railroad company, situate on the northwesterly side of Mt. Hope avenue, southwesterly of the driveway over the Erie canal, for the term of one year beginning February 1, 1896, at the yearly rental of \$1; said lands to be used for the purposes of the city's stone yard.

Adopted.

FINANCE COMMITTEE REPORT.

By Ald. Johnston—

To the Honorable the Common Council:

Gentlemen:—In the matter of the application of the Hemlock lake commission for an appropriation of \$40,000 to meet obligations incurred by the commission pursuant to chapter 1018 of the laws of 1895, we beg leave to say that we are advised that the statute under which the Hemlock lake commission are acting, requires the city to issue its bonds or promissory notes to meet the obligation incurred by the commission, and in view of this mandatory character of the statute, we recommend the allowance of the amount asked for.

In the matter of the application of the board of park commissioners asking for an advance of \$500 for the small city parks, we recommend that the same be granted.

Respectfully submitted,
JAMES JOHNSTON,
M. B. ADAMS,
HENRY G. COOK,
JOSEPH C. WILSON,
J. MILLER KELLY,
Finance Committee.

Received, filed and published.

By Ald. Johnston—Resolved, That the City Treasurer be and he hereby is authorized and directed to issue the city's note for a period not exceeding eight months for the sum of \$40,000 in pursuance of chapter 1018 of the laws of 1895; said note to be issued pending the sale of the bonds pursuant to said act; said note to be issued under the direction of the Finance Committee and to be countersigned by its chairman, interest or discount to be charged to the Contingent Fund, and the proceeds to be placed to the fund created for the purposes of said act.

Adopted by the following vote:

Ayes—Ald. Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelink, Englehardt, Wilson, Reichenberger—19.

By Ald. Johnston—Resolved, That the City Treasurer be and he hereby is directed to issue under the provisions of Sec. 81 of the revised city charter, the city's note for \$500; said note to be issued to supply deficiencies in the appropriation for the care of small city parks, and the amount so borrowed to be assessed and collected as part of the city tax of the ensuing year; said note to be due not more than eight months from date, to bear interest at not more than 6 per cent per annum, to be signed by the Treasurer and countersigned by the chairman of the Finance Committee; the interest

thereon to be charged to the Contingent Fund, and the proceeds credited to the fund for the care of the small city parks.

Adopted by the following vote:
Ayes—Ald. Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelink, Englehardt, Wilson, Reichenberger—19.

REPORT OF FINANCE COMMITTEE.

By Ald. Johnston—

Rochester, N. Y., Feb. 27, 1896.

To the Honorable the Common Council of the City of Rochester, N. Y.:

Gentlemen:—Your Finance Committee has held several meetings for the consideration of the city's financial condition, the services rendered through the various departments and their needs during the current year. Excepting the committee's unanimous recommendation for the Health Board's appropriation, no action has been taken upon the requisitions from any of the other departments. It has been the intent and understanding of the committee to hold its meetings privately and consider all that transpired at them confidential until conclusions had been reached and then report its recommendations to the Council and through it to the public.

At a committee meeting held Monday evening, February 24th, with four members in attendance, the chairman submitted for consideration his recommendations for several of the departments. No action upon them was taken and none was asked for, but by common consent, action was postponed until the committee's next meeting.

In some unknown manner, a portion only of the chairman's recommendations were published in Tuesday's Morning Herald in a sensational manner. The published article was inaccurate in many respects, has caused considerable unnecessary anxiety and given the public an unfair idea of the chairman's opinions and wishes.

It has already been stated that no action was proposed or taken at the Monday meeting, but in justice to the chairman and without expressing any opinions of our own upon his recommendations, the undersigned members of the committee favor the presentation of his recommendations and a short explanatory statement, to the Council, to be made a part of the minutes, so that each member, other city officials and the public may know precisely what the recommendations are and the chairman's reasons for making them.

Respectfully submitted,

M. B. ADAMS,
HENRY G. COOK,
JOSEPH C. WILSON,
J. MILLER KELLY,
Finance Committee.

By Ald. Johnston—

Rochester, N. Y., Feb. 27, 1896.

To the Honorable the Common Council of the City of Rochester, N. Y.:

Gentlemen:—In accordance with the report of the Finance Committee, I present herewith statements showing the amounts that I think adequate for all proper and necessary expenditures during the current year through the Police, Lamp, Poor, Grand Army Relief, City Property, Contingent, Fire Department and Water Works Funds. The amount for the Health Department expenditures has already been presented to you and the amount for the Highway and Board of Education Funds will be presented as soon as I can complete them.

The expenditures in connection with our city government have been increasing for many years. During the last calendar year the City Treasurer's records show that they amounted to \$2,488,834, and the amount that the Finance Committee is asked to appropriate for this year's expenditures is \$2,522,800. This amount, if approved, would be provided, in part from the income of \$580,000 for water rents, licenses, etc., leaving the amount of \$1,942,800 to be raised through the tax levy. In addition to this amount, your Finance Committee is asked to provide \$1,460,368 for unpaid obligations and needed improvements, making a total amount of \$3,403,168 that the Finance Committee is asked to provide for during the current year, either through the tax levy or by the issue of bonds. Heretofore the largest tax levy that has ever been made in the city's history amounted to \$1,740,000, and this year's tax levy must necessarily be considerably larger.

Many of our citizens can pay the increase easily, but a large number cannot, and it is only fair to assume that the large increase will prove a positive hardship to many. If such a condition of affairs confronted individuals, firms or private corporations, the writer believes that seven, if not nine or even ten out of every ten, would look their affairs carefully over and see if they could be improved and wherein. This the writer has done and his opinions are contained in the accompanying recommendations and those for the Highway and Board of Education Funds that will follow.

Through the premature publication in last Tuesday's Herald, in a sensational but inaccurate and garbled manner, of what purported to be the results of a Finance Committee conference, an impression prevails that only a small amount will be saved by the proposed action and that it is poor judgment and false economy to attempt it. Of that you and the public must be the judges. The recommendations as a whole, however, are no small affair and should they meet with approval they will result in a saving of from one hundred and twenty-five to one hundred and fifty thousand dollars annually, without, in the writer's opinion, lessening the efficiency of the service to any noticeable degree. Should they not meet with approval, the writer will have the satisfaction of knowing that he has at least made an effort to improve existing conditions and practices for the taxpayers' benefit.

Respectfully submitted,

JAMES JOHNSTON.

In the above salary item, your committee has provided for the salaries of the Executive Board members, clerks and bookkeeper and also the Police Justice, because the Executive Board members and Police Justice are elective officials whose salaries must be fixed by the Common Council in accordance with the city charter.

Your committee has agreed unanimously that it would be more proper to pay the salaries referred to, through the Contingent Fund and eliminate them from the funds through which they have formerly been paid, and would recommend this action for your approval.

Respectfully submitted,

By Ald. Johnston—

Rochester, N. Y., Feb. 25, 1896.

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—Your Finance Committee would report that it has carefully considered the request of the Executive Board annexed herewith for the needs of the Fire Department during the ensuing year. The amount asked for is \$235,235, and it includes one item of \$10,800 for fourteen additional men for the new Genesee street and Monroe ave-

nue houses, and one of \$2,400 for eight furlough men during the vacation season. Your committee find that the department now has three men for each engine company, seven men for each hose company, ten men for each hook and ladder company, four men for each chemical company, three men for the supply wagon and ten extra men in addition. Your committee think this a generous supply and believes that the complement of men for each hose company can be reduced to six without lessening to any appreciable extent the efficiency of the service. Your committee also believes that eight men for each of the new hook and ladder companies will be sufficient, in view of their suburban location and would recommend that each of these companies be manned by the extra men at the board's disposal after it has reduced the membership of the hose companies as suggested.

There will still be left five or six extra men, and these in your committee's judgment will be ample for all supply or furlough purposes. Your committee would therefore recommend an appropriation of \$215,000 for the expenditures through the Fire Department Fund during the current year, apportioned as follows:

Salaries—

 By Ald. Johnston—

Rochester, N. Y., Feb. 27, 1896.
 To the Honorable the Common Council of
 the City of Rochester, N. Y.:

Gentlemen:—Your Finance Committee would report that the Executive Board have estimated the amount of money needed for the maintenance of the Water Works Department during the current year at \$148,194, based upon the actual expenditures of the twelve months of 1895.

This amount appears to be reasonable, inasmuch as the actual expenditures during the fiscal year ending March 31, 1895, were \$140,716, and during the year preceding were \$171,039. Your committee, however, have had the methods of this department quite fully explained by the members of the Executive Board and Chief Engineer Kuichling and have given considerable study to its needs. As a consequence your committee is fully convinced that the department can be managed much more economically without lessening the efficiency of the service.

Your committee would therefore recommend that the Executive Board be requested to so adjust the ordinary expenses of the Water Works Department, that they will not exceed one hundred and eight thousand dollars, or an average of \$9,000 a month, during the ensuing year. Your committee recognizes the fact that some extraordinary expenditures may be needed through this department, such as the relaying of street mains, or in connection with an enlarged use of meters, or other special needs of the department, and that an additional provision for these contingencies must be made if they arise, but otherwise your committee is satisfied that the amount of \$108,000 is ample.

To provide for these contingencies referred to your committee would recommend an additional allowance of twelve thousand dollars, making the total appropriation for the Water Works Department during the current year, \$120,000.

These amounts do not include the salaries of the special engineering force engaged in connection with the new water conduit work. Their services will be needed only until the completion of the new conduit and enlarged water main distributing system and they will be paid from the special fund provided for that purpose.

Your committee presents herewith a comparative statement of the amounts for salaries and labor apportioned through the various sub-departments, together with its estimates for materials and supplies, so that the Executive Board and other interested parties may know how your committee's conclusions have been reached:

PRESENTATION AND REFERENCE OF PETITIONS, REMONSTRANCES, BILLS AND ACCOUNTS

By Alderman Edelman—Whereas, Franklin square has been improved by grading, walks and curbs and

Whereas, it is the opinion of the Park Commission that it will be necessary to ex-

pend \$250 in shrubbery and plants in order to make the work done complete and effective, therefore

Resolved; That the Board of Park Commissioners are hereby authorized to set out and plant the necessary shrubbery in Franklin square and the expense of same not exceeding two hundred and fifty dollars shall be paid from the contingent fund.

Adopted.

By Ald. Beard—Petition of Florentine Litz for permission to erect an addition to a wooden building on Mark street.

Referred to Wood Building Committee and Fire Marshal with power to act.

By Ald. Beard—Resolved, That the Rochester Gas & Electric Company be and it hereby is requested to erect a gas lamp on Rhine street in front of the Jewish synagogue.

Referred to the Lamp and Electricity committee and City Electrician.

By Ald. Ward—Petition of Charles H. Riek for permission to move a wooden building from Plymouth avenue to Brown street. Referred to Fire Marshal and Executive Board.

By Ald. Dewey—Applications of W. P. Folger, John Hall and Bertha M. Adwen for appointments as Commissioners of Deeds.

Referred to Law Committee.

By Ald. Pauckner—Application of Herbert S. Bentley for appointment as Commissioner of Deeds. Referred to Law Committee.

Also—Petition of Henry Siebert for permission to erect a wooden building on Gregory street.

Referred to Wood Building committee and Fire Marshal with power to act.

Also—Offer of Ellwanger & Barry to dedicate an extension of Mt. Vernon avenue, from Oakland street to a point about 135 feet south of Benton street, to the city.

Referred to Executive Board.

By Ald. Pauckner—Resolved, That the Rochester Railway Company be, and it hereby is requested to extend its tracks on Mt. Hope avenue to the Fair grounds at Brighton and its South avenue line through Elmwood avenue to South park.

Adopted.

By Ald. Pauckner—Whereas—During the past winter, and for several seasons past, the snow and ice upon the sidewalks, fronting upon Mt. Hope Cemetery, has been allowed to accumulate to such an extent as to make the side walks impassable to pedestrians; and that there is now, in many places, upon said sidewalks, between the entrance to said cemetery and the city line, snow and ice to the depth of from one to five feet, obliging residents of that portion of the city to take the roadway in going to and coming from their homes, and

Whereas—The action of the Commissioners of Mt. Hope and the superintendent thereof, in failing to keep said walks clear of snow and ice, is subject to much criticism, in view of the fact that there is in the control of said commissioners above \$80,000 of surplus moneys, and at a time when so many citizens and tax-payers are in actual need of employment, therefore,

Resolved—That the Commissioners of Mt. Hope Cemetery be requested to keep the sidewalks fronting upon Mt. Hope Cemetery property, from the office entrance to the city line, in a passable condition for pedestrians; and that the clerk be and he hereby is requested to forward a copy of this resolution to the Commissioners of Mt. Hope and to the superintendent of said cemetery.

Adopted.

Referred to Finance Committee and City Auditor.

By Ald. Englehardt—Whereas, The Building Committee of the new Court House now in course of erection are considering the advisability of placing in said building an electric light plant, to be operated by the county and of sufficient power or size to accommodate the arsenal and jail, therefore, be it

Resolved, That the City Property Committee be directed to confer with said

Building Committee as to the practicability of their increasing or enlarging the size of said plant to permit the lighting of the City Hall, Free Academy and Police Station, and ascertain upon what terms and conditions power and light could be furnished, and report back to this board the result of such conference.

Received, filed and published and referred to Committee on Lamps and Electricity.

Also—Application of Henry Heilber for appointment as Commissioner of Deeds.

Referred to Law Committee.

By Ald. Wilson—Resolved, That the City Engineer be, and he is, hereby requested to prepare an estimate of the expense of grading Sawyer street from Genesee street to Bingham park.

Adopted.

By Ald. Reichenberger—Resolved, That the Executive Board be, and hereby is, directed to negotiate with Anna Grosser and others for the right of way for the Taylor street sewer, under final ordinance No. 3,773, adopted, March 28, 1889.

Adopted.

COMMUNICATION FROM THE MAYOR.

By the Clerk—

Mayor's Office,
Rochester, N. Y., Feb. 25, 1896

I hereby appoint J. Henry Howe, of the city of Rochester, N. Y., to be one of the members of the "Examining and Supervising Board of Plumbers and Plumbing" for the city of Rochester N. Y., for the period of three years from the 1st day of January, 1896. GEORGE E. WARNER, Mayor.

Received, filed and published.

COMMUNICATIONS FROM OTHER CORPORATION OFFICERS, BOARDS AND DEPARTMENTS.

By the Clerk—

Office of Executive Board,
Rochester, N. Y., Feb. 27, 1896.

To the Common Council:

Gentlemen—About the first of January last, a communication was received by the Executive Board in reference to the opening and extension of Bates street, and the City Engineer was requested to prepare a map showing the lands proposed to be taken. It seems that the ordinance for the improvement was reconsidered by your honorable body and indefinitely postponed, hence no action can be taken in furtherance of this subject until a new ordinance is adopted. Respectfully,

THOS. J. NEVILLE, Clerk.

Received, filed and published.

By Ald. Simmellink—

Office of the Executive Board,
Rochester, N. Y., Feb. 27, 1896.

To the Common Council:

Gentlemen:—The Executive Board, to whom was referred the matter of the opening of Boston court, beg leave to report that it has had presented to it the proposition of Caroline L. Fee to sell a parcel of land which it is necessary to acquire for the proposed improvement. The price asked, viz., \$1,500, and published in a communication to your honorable body and subsequently submitted to the Executive Board by a representative of the owner as the amount which would be taken for the land, the Executive Board deems reasonable and would, therefore, recommend its acceptance.

A dedication of the four feet of land extending from Boston court to Avenue A, by Ethan A. Chase, et al., and Caroline L. Fee et al., is hereby transmitted to your honora-

ble body for the usual action to be taken in the matter of the dedication and acceptance of streets for public uses. Respectfully,

THOS. J. NEVILLE, Clerk.

Received, filed and published.

Alderman Simmelinck presented a remonstrance against the acceptance of the offer of Caroline L. Fee.

Received and filed.

By Ald. Simmelinck—Resolved, That the Common Council accept the recommendations of the Executive Board as to the consideration to be paid for lands necessary for Boston court opening and improvement, under final ordinance No. 6,022, and that the proposition of the owners of property to be taken for said improvement be accepted.

Adopted.

By Ald. Simmelinck—Resolved, that the Corporation Counsel be requested to prepare a land contract with the owners of property to be taken for Boston court opening and improvement under final ordinance No. 6,022, adopted January 7, 1896, and that the Mayor execute said contract on behalf of the city, and attach thereto its corporate seal; the price to be paid therefor to be that recommended by the Executive Board; said contracts to provide that said amounts be paid within three years after the final confirmation of the assessment roll for said improvement, reserving to the Common Council the right of reconsidering said roll; said contract to be drawn in accordance with the provisions of the city charter; said property owners to furnish proper abstracts of title and tax searches showing premises to be free from all taxes, assessments, liens and encumbrances, including the assessment, if any, for said improvement.

Adopted.

By Ald. Simmelinck—Resolved, That the land heretofore dedicated for Boston court opening be accepted, upon the certificate of the Corporation Counsel that the same has been released from all taxes, assessments, liens and encumbrances.

Adopted.

By the Clerk—

City Treasurer's Office,
Rochester, N. Y., Feb. 26, 1896

To the Honorable the Common Council—

Gentlemen:—I hereby certify that the Executive Board have notified me that the works or improvements authorized under ordinances hereinafter mentioned have been completed; that I have, pursuant to the provisions of the charter, ascertained the entire and aggregate expense of, and connected with the same respectively, including any interest that the city shall incur, or is entitled to for the use of its funds, and that the respective amounts thereof are as follows:

S. B. WILLIAMS, Treasurer.

Received, filed and published.

LOCAL IMPROVEMENT ASSESSMENTS.

By Ald Beard—Whereas the City Treasurer has ascertained and reported the entire

and aggregate expense of and connected with the following improvements, including any and all interest that the city has paid or may or shall become liable to pay upon account of any and all orders or notes issued by the city to pay the expenses of such improvements respectively adjusted by this Common Council as thus reported, and the respective portions or parts of the city on which the said expenses are hereby directed to be assessed and which this Common Council deems to be benefited by the improvements, respectively, and that the name and expense of the improvements thus to be assessed are as follows, viz:

Ord. No.	Improvement.	Expense.
5,992.	School No. 11 cement walk...	500 00
5,991.	Locust street cement walk....	22 17

Resolved, That the taxpayers to be assessed for making the foregoing improvements must pay their assessments within thirty days from the first publication of the advertisement of the notice of the assessment rolls by the City Treasurer; and be it further

Resolved, That the taxpayers to be assessed for making the following improvements.

Ord No.	Improvement.	Expense.
6,017.	Ambrose street brick improvement.	779 38
6,020.	West Main street curb and walk	858 61
6,023.	Central avenue Medina block improvement.....	858 61
6,019.	Driving park avenue cement walk.....	170 53
6,018.	Maple street (sec. 2) asphalt pavement.....	586 51

May pay their assessments therefor in three equal payments, as follows:

One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by said City Treasurer; one-third within one year from the confirmation of such roll; and the remaining one-third within two years from the confirmation of such roll. On all sums paid prior to the maturity of said last installment, a discount will be allowed at the rate of six per cent. per annum; and it is further

Resolved, That the Assessors of said city, if they are not interested in any of the property within the part or portion of the city deemed to be benefited, and directed to be assessed, as aforesaid, or if any two of said Assessors are not so interested, then that such two be and they are hereby directed to make assessments upon all the lots and parcels of lands within the portions or parts of the city above designated and directed to be assessed, of the amounts of expenses of such improvement, respectively, in proportion, as nearly as may be, to the advantage which the said lots and parcels of land within the respective territories to be thus assessed for such improvement, shall be deemed to receive by the making of the respective improvements.

Adopted by the following vote:

Ayes—Alds. Tracy, Callhan, Ford, Green, Rauber, Adams, Eledman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelinck, Englehardt, Wilson, Reichenberger—20.

By Ald. Johnston—
City Treasurer's Office,
Rochester, N. Y., March 3, 1896.

To the Honorable the Common Council:

Gentlemen:—I would respectfully call your attention to the fact that there will be due March 29th the city's notes numbered 552,

553, 554 respectively, and for an amount of \$50,000 each, with interest, 9 months' time at 3 per cent.

These notes were issued on account of local improvements and must be renewed when due, or taken care of by the issuing of local improvement bonds.

The total amount of notes outstanding on account of local improvements is \$555,168.53. Why not get the necessary authority from the Legislature to put these obligations into better shape for the city?

Kindly give the matter your prompt attention and oblige, Yours respectfully,
S. B. WILLIAMS,
City Treasurer.

Received, filed and published and referred to Finance Committee.

AN ACT to amend the charter of the city of Rochester, and to extend its boundaries.

The People of the state of New York, represented in senate and assembly, do enact as follows:

Section 1. An act entitled "An act to further amend chapter one hundred forty-three of the laws of eighteen hundred and sixty-one, entitled 'An act to amend and consolidate the several acts in relation to the charter of the city of Rochester,' and to consolidate therewith the several acts in relation to the charter of said city," passed February 19, 1880, being chapter fourteen of the laws of eighteen hundred and eighty, as heretofore amended, is hereby designated as the charter of said city.

Section 2. Section two of said charter is hereby amended so as to read as follows:

Section 2. Boundaries.—The boundaries of said city shall be as follows: Beginning at a point in the present northerly line of said city of Rochester, which said point is in the middle of the Ridge road, eight chains and seventy-five lengths distant easterly from the top of the east high bank of the Genesee river; thence south, fifteen minutes east, to the north line of Norton street; thence easterly on the said north line of Norton street to a point two hundred feet easterly from the east line of lot number forty in the town of Irondequoit; thence southerly on a line parallel with the said east line of said lot number forty, and at a distance of two hundred feet easterly therefrom, to the south line of the highway called Warring street; thence southeasterly along the south line of said Warring street, and the said line continued to a point which would be the inter-

section of the said line with the east line of the highway known as Culver road; thence southwesterly on said line of said Culver road to the north line of lot number thirty-seven, in the town of Brighton; thence westerly on the north line of said lot No. 37 and on the north line of lots forty-five and forty-three in the said town of Brighton, to a point in the north line of said lot forty-three, two hundred and ninety feet easterly from the northeast corner of lot number sixty-one in said town; thence southerly, on a line parallel with the east line of said lot number sixty-one, to the northerly line of a road known as Elmwood avenue; thence westerly along the northerly line of said road known as Elmwood avenue to a point, which said point is at the intersection of the northerly line of said Elmwood avenue with the westerly line of the lands now owned by the New York, Lake Erie & Western Railroad Company; thence southerly on the westerly line of the said lands now owned by said railroad company, to a point in the center of the Westfall road so called; thence westerly along the center of the Westfall road to a point in the center of the Westfall road, where the said road makes an angle to the north; thence southwesterly in a straight line through lands now owned by, or known as the Harmon farm and the Baker farm, to a point where the east bank of the Genesee river intersects the west line of the Wolcott road, so-called; thence northerly along the east shore of the Genesee river; to a point where the northerly line extended of a road running between the lands of E. Chapman and Mathias Kondolf, on the west side of said river, would intersect said east bank of said river, thence westerly along said line so extended and continuing along the said line to a point where the said line intersects the easterly line of lands now owned by the Western New York & Pennsylvania Railroad Company; thence northerly along the east line of said lands owned by said company to a point where the east line of said railroad would be intersected by the extended center line of Genesee street; thence northerly through the center of a road which is the continuation of Genesee street, to a point where the center line of said Genesee street intersects the present southerly line of said city; thence westerly along the present southerly line of said city, to the intersection of the said southerly line of said city, with the present westerly line of said city; thence northerly along the westerly line of said city to the southerly line of Brooks avenue; thence westerly along the southerly line of Brooks avenue to a point where said southerly line of Brooks avenue would intersect the west line of lots numbers eighty-two (82), eighty-three (83), and eighty-four (84), and eighty-five (85), in township number one, short range, west of the Genesee river; extended southerly to said southerly line of Brooks avenue; thence northerly on said southerly line of Brooks avenue; thence northerly on said extended line and the west line of said lots numbers eighty-two (82), eighty-three (83), eighty-four (84), and eighty-five (85), until said line intersects the north line of Rowe street, otherwise known as Lexington avenue; thence easterly along the northerly line of said Rowe street to the intersection thereof with the westerly line of said city; thence northerly along the present city line to a point where the present westerly line of said city intersects the present northerly line of the said city; thence easterly along the said northerly line, to a point twelve hundred feet easterly from the

east line of Lake avenue; thence northerly a line parallel with Lake avenue, ten hundred and eleven feet, to a point; thence north thirty-six degrees and twenty-six minutes, west eight hundred and eighty-eight feet to a point; thence north, twelve degrees and four minutes west, to the center of a road leading to Hanford's Landing; thence easterly along the center of the said road leading to Hanford's Landing to a point fifty feet westerly from the westerly high bank of the Genesee river; thence northerly parallel with the top of the westerly high bank of the Genesee river, and fifty feet distant westerly therefrom to the north line of the lands of William Merrill and the said north line produced easterly to the east shore of the Genesee river; thence northerly along the east shore of the Genesee river in its various courses to the north line of lot fourteen, in the township fourteen, in the seventh range of township, in the town of Irondequoit; thence easterly along the north line of said lots fourteen, to the westerly line of the lands owned by the Rome, Watertown & Ogdensburg Railroad Company; thence southerly along the westerly line of lands owned by the said Rome, Watertown & Ogdensburg Railroad Company, to a point at which the south line of the lands owned by Hosea Rogers, produced westerly, would intersect the western boundaries of the lands of the Rome, Watertown and Ogdensburg Railway Company; thence easterly along the said south line of the lands owned by Hosea Rogers, produced to the eastern boundaries of the Rome, Watertown & Ogdensburg Railroad Company; thence southerly along the eastern boundaries of said Rome, Watertown & Ogdensburg Railroad Company lands, to a point on the easterly line of lands recently purchased from Charles Howard by the city of Rochester; thence southerly along the easterly line of lands recently purchased from Charles Howard, W. G. Culross, Emma D. Culross, Elbert G. Callister, John D. Callister and Elizabeth Callister, to the south line of said lands recently purchased by the city of Rochester from Elizabeth Callister; thence easterly along the south line of said Elizabeth Callister's land to the east side of a road, which said road is in continuation of North St. Paul street in the city of Rochester; thence seventeen degrees and forty minutes east to the middle of the Ridge road; thence westerly along the middle of the Ridge road to the place of beginning.

Section 3. All of the above territory taken into said city by section two of this act, which is not already within the present boundaries of said city, shall constitute the twenty-first ward of said city.

Section 4. The new territory hereby taken into said city by section two of this act and the personal property of the inhabitants thereof now residing thereon, so long as they shall continue to reside thereon, shall be exempt from the payment of any part of the present city debt which was contracted for bounties for soldiers or for relief of soldiers' families or for aiding in the construction of the Rochester, Nunda & Pennsylvania railroad, or for deficiencies already accrued, whether funded or not, or for the construction of water works or which may hereafter be contracted for the construction or completion of water works, or any interest that may accrue thereon, or for the expenses of lighting the city. Whenever, however, a majority of the tax-payers on a street within the territory so annexed, shall petition for the extension of the water mains

or lamps upon such street for their benefit, the taxable property and residents on said street shall become jointly liable upon their assessment in said territory, with the old territory of said city for such portion of the water debt, if they petition for water mains, as may then remain unpaid, or, if they petition for lights, their proportion for lighting said city. And it is hereby further provided, that the town from which the territory hereby annexed to the city of Rochester is taken, shall be released from the support of all paupers who are actual residents upon the territory so taken, and they shall thereupon become a charge upon the city of Rochester. The assessors of said city are hereby required to prepare an assessment roll for said new ward created by this act and deliver to the supervisor of said ward for the use of the board of supervisors of Monroe county on or before the first day of October, eighteen hundred and ninety-six.

Section 5. It shall be the duty of the Common Council of said city and they are hereby authorized to appoint for the said new ward, all the officers which, by the provisions of the said charter, are to be chosen by the electors in each ward, which officers so appointed shall be residents of the ward for which they are appointed and shall hold their respective offices until the 31st day of December next, after the next annual charter election at which said officers can be elected according to law and the provisions of the said charter as hereby amended.

Section 6. All officers who shall be elected or appointed as provided by this act shall take the constitutional oath of office prescribed by law and be subject to all the provisions of the said charter applicable to similar officers of the said city, respectively.

Section 7. This act shall take effect immediately.

Received, filed and published, and laid on the table until the next regular meeting.

By Ald. Selye—

AN ACT to authorize the construction of a West Side trunk sewer in the city of Rochester in the county of Monroe, and to repeal chapter six hundred three of the laws of eighteen hundred ninety-two, entitled, "An act to authorize and provide for the construction of a sewer in the tenth, fifteenth and twentieth wards of the city of Rochester and in the town of Gates in the county of Monroe," and the acts amendatory thereof and supplemental thereto.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Bonds.—The common council of the city of Rochester for the purpose of providing for the payment of the cost and expenses of the construction of a trunk sewer on the west side of the Genesee river in said city, may, from time to time, authorize the city treasurer of said city to issue bonds of said city in an amount not to exceed in the aggregate the sum of one million dollars; said bonds, when issued, shall be signed by the said treasurer and countersigned by the mayor and the president of the common council of said city. They shall be known as the West Side trunk sewer bonds. They shall be issued in separate series of twenty-five thousand dollars respectively. The first of said series of twenty-five thousand dollars shall be made due and payable in ten years from the date of issue, and the succeeding series of said bonds shall be so made due and be payable that one of said series of said bonds, and only one, shall fall

due and be payable in each and every year following the year in which said first series of said bonds shall fall due and be payable. The city of Rochester shall have the privilege of paying any and all of said bonds at any time after ten years from the date of issue. Said bonds shall bear interest at a rate not to exceed four per centum per annum, payable semi-annually, on the first days of January and July in each year. The interest and principal of said bonds shall be payable in the city of New York. It shall be the duty of the city treasurer to keep a complete record of said bonds, including the date thereof, the number of each bond and series number, the time of maturity and to whom issued, if registered. The proceeds of said bonds shall be applied to the payment of the cost and expenses of construction of said trunk sewer.

Sec. 2. Sale of Bonds.—Whenever the common council of said city authorize the city treasurer of said city to issue bonds for the purposes as contemplated in this act, it shall be the duty of said treasurer to sell said bonds at public sale to the highest bidder, but no sale shall be made at less than par. Notice of such sale shall be given by publishing the same in the official paper of said city, and in two daily papers in the city of New York, at least ten days prior to the date of sale.

Sec. 3. Payment of Interest.—The interest on all bonds issued by virtue of this act, shall be paid by the city treasurer out of the contingent fund of said city; which said fund shall be reimbursed for moneys so expended by provision as hereinafter contained. For the purpose of providing the contingent fund with moneys sufficient to meet the payment of said interest, the common council may, whenever necessary, authorize the city treasurer to borrow money in anticipation of the assessment hereinafter directed to be made, on the city's note. Such note may be renewed from time to time, but only until moneys sufficient to pay the same have been realized from said assessment.

Sec. 4. Assessment.—For the purpose of meeting the payment of said bonds as they come due, and of reimbursing the contingent fund for moneys expended for the payment of interest on said bonds, and for all costs and expenses of discounting the city's note for the payment of said interest, the common council, in the year in which the first issue of bonds is made, shall pass a resolution declaring the part or portion of the city which they deem benefited by the construction of said trunk sewer, and which they deem proper to be assessed therefor, which part or portion of the city, however, shall be entirely on the west side of the Genesee river, in said city. They shall estimate and declare the amount of money necessary to be raised to meet the payment of such of said bonds as will fall due in the next succeeding five years and the amount of money necessary to be raised to reimburse the contingent funds for moneys expended, or to be expended, for interest during the same period, on any and all bonds issued by virtue of this act, and all costs and expenses of discounting the city's note for the payment of said interest, and they shall declare that the amount so estimated and declared shall be raised by assessment on the property which they have determined to be benefited. They shall determine and declare that the assessment to be made, shall be paid in not more than five equal payments, one within thirty days from the time that the treasurer advertises the same, as hereinafter provided for, and the

balance in one, two, three and four years, respectively, from the confirmation of the assessment roll.

Sec. 5. Order of Assessment.—The common council shall thereupon make an order reciting the amount of money to be raised by such assessment as aforesaid, and, thereupon, the city assessors shall make an assessment upon all the lots and parcels of land within the portion or part so designated, of the amount of money to be raised, in proportion, as nearly as may be, to the advantage which each may be deemed to receive by the making of such improvement, which order shall be certified to by the clerk of the said city, and delivered to some one of the said assessors.

Sec. 6. Oath of Assessors.—It shall be the duty of the said assessors to meet together at such time and place as may be agreed upon by them and thereupon severally to take and subscribe an oath, before some officer authorized to take affidavits to be read in courts of record, that they will faithfully and impartially discharge the duty imposed upon them by said order, which oath shall be forthwith returned and filed by the city clerk.

Sec. 7. Assessment Roll. How Made.—The said assessors, having taken their oath, shall proceed to make an assessment according to the said order, and shall make out an assessment roll, in which shall be entered the names of the persons assessed, so far as they can ascertain the same, the value of the property for which they are assessed and the amount assessed to them respectively, with a brief description of the lots or parcels of land so assessed. A designation of the lots or parcels of land so assessed, by any description sufficient to distinguish the same, shall be sufficient in making said assessment roll, without regard to the names of the owners or occupants.

Sec. 8. Objections to Assessment-Roll.—Immediately after such assessment shall have been completed, the said assessors shall determine the time and place where they shall first meet to hear the allegations and objections of all persons interested in said assessment, of which, at least ten days' previous notice shall be given by publication in a daily newspaper of said city.

Sec. 9. Presentation of Roll to Common Council; Confirmation.—At the time and place designated in such notice, the assessors, or a majority of them, shall meet and hear such allegations and objections, and the assessment books shall then be open for examination and inspection of all parties interested. The assessors may adjourn from time to time, as may be deemed necessary, and they shall amend and correct such assessments as they may deem proper. When completed, the assessment-roll shall be certified and sworn to by said assessors, or a majority of them, and shall be delivered to the clerk of said city, who shall report the same to the common council at its next meeting. Upon such return being made, filed, and so reported, the common council shall proceed to hear allegations against, or appeals from, the said assessment, and may correct, confirm, set aside, or refer to a committee appointed by it, or order a new assessment made. If the same shall be referred to a committee, the said committee may proceed to hear allegations or objections upon five days' notice by publication, or may, without such notice of hearing, examine and report to the common council, who shall, thereupon, proceed to correct, confirm, or set aside said report, or order a new assessment.

Sec. 10. Completion of Assessment.—Upon confirmation by the common council, the said assessment shall be final and conclusive. It

shall be sufficient, in said assessment, to designate the owners or occupants of the lots or parcels of land intended to be assessed either by name or as unknown, or to describe said several lots and parcels of land by any description by which they may be respectively distinguished. Said assessment, so made, shall create a personal obligation or liability against the owner of the lot or parcel of land assessed, to pay the city of Rochester the amount of such assessment, for the collection of which, together with interest, cost and expenses, said city may maintain, in its own name, an action in any court of competent jurisdiction, in addition to any other remedies herein provided for the collection thereof.

Sec. 11. Notice by City Treasurer of Receipt of Roll.—Whenever the assessment is confirmed by the common council, the assessment-roll shall be delivered to the city treasurer, whose duty it shall be to give five days' public notice, by advertisement, in two daily papers printed in said city, of the receipt of such roll, requiring the persons assessed or the owners or occupants of the lots assessed, to pay the assessment to him, at his office, the first installment thereof within thirty days from the first publication of said notice, and the balance thereof in installments in one, two, three and four years, respectively.

Sec. 12. Warrant of City Treasurer for Collection of Assessment.—If such assessment, or any installment thereof, shall not be paid when the same becomes due, the city treasurer shall issue a warrant therefor with interest thereon at the rate of six per centum per annum, from the time when due, besides collector's fees.

Sec. 13. Warrant of Collector; Report of Unpaid Assessment.—The city treasurer shall issue his warrant as aforesaid, to a collector, commanding him to collect the amount unpaid on such assessment, with interest and fees, as aforesaid, and shall annex to such warrant, either a list of such assessments taken from the assessment-roll, or the roll itself; said warrant shall be under his hand, and directed to any person whom he may see fit to appoint a collector of the assessment specified in such warrant, commanding such person, as such collector, to collect the amount of said assessment, or the portion then due, and an additional amount of five per centum, except that in no case is the amount so added to be of less than twenty-five cents, and also interest thereon at the rate of six per centum per annum from the date at which said assessment or installment thereof became due, and to pay the same to the city treasurer, and return such warrant within twenty days after the date thereof. Every collector shall hold his appointment during the pleasure of the treasurer, and may, at any time, be suspended or removed, and the treasurer and his sureties shall be liable for any collector, and for all moneys that may be collected or received by him. In case any assessment shall have become entirely due, and the whole, or any part thereof, remains unpaid, and a warrant shall have been issued therefor and returned unsatisfied, it shall be the duty of the city treasurer to report the same to the city assessors. The said city assessors, in preparing the next roll for general city taxes, shall insert therein against the property on which it was assessed, the amount of such unpaid assessment, with interest thereon, at the rate of six per centum per annum, down to the confirmation of said roll, and on the confirmation of said roll, the said assessment shall become and be a part of the general city taxes of said property. When such tax

is collected, the treasurer shall credit the portion thereof which was due on any assessment to the proper fund.

Sec. 14. Estimates of Common Council to Pay Bonds.—In each fifth year, after the year in which the first assessment herein authorized is made, the common council shall estimate and declare the amount of money necessary to be raised to meet the payment of such of said bonds as will fall due in the next succeeding five years, and the amount of money necessary to be raised to reimburse the contingent fund for moneys expended, or to be expended, for interest during the same period, and costs and expenses of discounting notes in payment of the interest on any and all bonds issued by virtue of this act and what parts or portion of the city which they deem benefited by the construction of said trunk sewer, and which they deem proper should be assessed therefor, which part or portion of the city, however, shall be entirely on the west side of the Genesee river in said city, and shall direct an assessment to be made on the said part or portion of the city; and the said common council shall make similar orders and pass similar resolutions, and similar proceedings shall be had in reference to each succeeding assessment as was had in the first assessment and all proceedings herein, and reference to the first assessment, shall be equally applicable to each succeeding assessment. And assessments, as herein provided for, shall be continued until all of said bonds shall have been redeemed and paid off, and until the said contingent fund shall have been entirely reimbursed for all moneys expended from it, for payment of interest on the bonds authorized by this act.

Sec. 15. Horace G. Pierce, George B. Swikehard and Arthur Leitchford, residents of the city of Rochester, Monroe county, New York, three of the present commissioners of sewerage to provide for the construction of a sewer in the tenth, fifteenth and twentieth wards in the city of Rochester, and in the town of Gates, in the county of Monroe, under chapter six hundred three of the laws of eighteen hundred ninety-two, and under chapter four hundred thirty-eight of the laws of eighteen hundred ninety-five, are hereby appointed commissioners to act with the members of the executive board of said city of Rochester in all matters pertaining to said West Side trunk sewer; the said commissioners hereby appointed to act with said executive board shall, within thirty days after the passage of this act, take the oath of office required to be taken by the members of the said executive board. They shall each give a bond in such amount and with such sureties as the mayor of the city may approve, conditioned for the faithful performance of their duties, and they shall have the same powers and be subject to the same duties and responsibilities in reference to all matters pertaining to the said trunk sewer as the said members of said executive board. They are authorized and it shall be their duty to lay out and construct a sewer of such dimensions and of such materials between the points specified upon the maps filed by the commissioners of sewerage for the tenth, fifteenth and twentieth wards in the city of Rochester and town of Gates, as required by chapter 438 of the laws of 1895. In case of death, resignation or inability to act, of any of said commissioners, the common council shall have power to fill the vacancy. The said commissioners not members of the executive board shall, for each day actually and necessarily spent by them in the performance of their duties as such commissioners, receive the following compensation: The commissioner who is a lawyer,

appointed hereby, ten dollars, and each of the other commissioners five dollars; and in no case shall the annual compensation of any commissioners exceed, for the commissioner who is a lawyer two thousand four hundred dollars, and the commissioners who are not, one thousand two hundred dollars each. No commissioner shall be directly or indirectly interested in any contract with reference to the construction of such sewer, as principal, surety or otherwise, except as such commissioner. Said commissioners and executive board shall be known by the name of "West Side Trunk Sewer Commission," in which name they may let all contracts and do any other act in reference to said sewer which may be done by the executive board in regard to any improvement, and sue for and collect any penalties, claims or demands under any of said contracts or concerning said West Side sewer. Upon the completion of the construction of said West Side sewer the services and compensation of said three commissioners, or their successors, other than the members of the executive board, shall cease and said sewer shall from henceforth be managed and controlled by the executive board of the said city of Rochester.

Sec. 16. Application of City Charter in Certain Cases.—Where provision is not made in this act for any part of the making, levying or collection of the assessments directed by this act, such action shall be had and taken in reference to said making, levying or collection of said assessments as is directed to be had and taken by the charter of said city in reference to the assessments for local improvements.

Sec. 17. Said commissioners and executive board shall keep a record of their proceedings in a book or books to be provided for that purpose, and shall also keep an account in proper account books of all moneys collected or disbursed by them. They shall, annually, on or before the fifteenth day of January in each year, file with the common council a full and complete statement of all their financial transactions and the dispositions of all moneys received by them under and by virtue of said chapter six hundred and three of the laws of eighteen hundred and ninety-two, or any acts amendatory thereof or supplemental thereto, or of this act, which reports shall be verified by the oath of said commissioners and shall be duly examined and audited by said common council.

Sec. 18. Neither of the commissioners mentioned in this act shall be liable personally upon any contract made or certificate of indebtedness issued by him or them, as such commissioner or commissioners, nor for any act done by him or them under the provisions of this act unless such act shall be a willful and intentional wrong on his part.

Sec. 19. All contracts or liabilities heretofore made or incurred and all certificates of indebtedness issued by the commissioners of sewerage for the tenth, fifteenth and twentieth wards in the city of Rochester and town of Gates, under chapter six hundred three of the laws of eighteen hundred ninety-two and the various acts amendatory thereof, shall be assumed by the city of Rochester and shall be paid out of the proceeds of the sale of bonds as provided by the first section of this act. The city of Rochester shall repay to each person who has heretofore paid any part or all of an assessment for the construction of a sewer in the tenth, fifteenth or twentieth wards of the city of Rochester and in the town of Gates, assessed pursuant to chapter six hundred three of the laws of eighteen hundred ninety-two, or the various acts amendatory thereof, the amount so paid by him with interest from the date of such

payment. Such payment shall be made by the treasurer of the city of Rochester upon a warrant or certificate signed by the treasurer of said commission, stating the name of the person who paid the assessment and who is entitled to such repayment, the amount paid and the date of the payment.

Sec. 20. All assessments heretofore made by the commissioners of sewerage for the tenth, fifteenth and twentieth wards in the city of Rochester and in the town of Gates, pursuant to chapter six hundred three of the laws of eighteen hundred ninety-two and chapter four hundred thirty-eight of the laws of eighteen hundred ninety-five, or the various acts amendatory thereof or supplemental thereto are hereby annulled, vacated, cancelled and set aside and the lien of the same upon any parcel or parcels of land in the town of Gates or in the city of Rochester are hereby discharged.

Sec. 21. All acts of the commissioners of sewerage appointed under chapter six hundred three of the laws of eighteen hundred ninety-two and of chapter four hundred thirty-eight of the laws of eighteen hundred ninety-five, except as the same are hereby vacated or modified or authorized to be vacated or modified, are hereby ratified and confirmed.

Sec. 22. Chapter six hundred three of the laws of eighteen hundred ninety-two and chapter four hundred thirty-eight of the laws of eighteen hundred ninety-five and the various acts amendatory thereof and supplemental thereto are hereby repealed.

Sec. 23. This act shall take effect immediately.

Received, filed and published, and laid on the table until the next regular meeting.

MISCELLANEOUS COMMUNICATIONS.

By the Clerk—

Rochester, N. Y., Feb. 20, 1896.

To the Honorable the Common Council:

Gentlemen:—At a meeting of the Rochester Pathological Society recently held, the following resolutions were adopted:

Whereas, The East Side Sewer Commission have declined to build a connection across the Erie Canal for the territory east of Field street and south of the canal; and

Whereas, It is claimed that it will be cheaper for the Field street territory to discharge into the Trunk sewer at Henrietta avenue instead of Culver street, although the Trunk sewer was designed to receive at the latter place, and

Whereas, The ordinance now before the Council for the Field street and Monroe avenue outlet sewer, provides for such a small diameter of outlet as to encourage the plan for discharging the Field street territory into the Trunk sewer at Henrietta avenue;

Resolved, That the Common Council request from the East Side Sewer Commission an opinion as to what the effect will be upon the Trunk sewer if the water from Field

st reef and other territory is discharged into it at Henrietta avenue.

Monroe County Court. In the matter of the extension of Harvard street in the city of Rochester:

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—The undersigned, who were appointed by an order of the Monroe county court August 12, 1895, and entered in Monroe County Clerk's office August 13, 1895, commissioners to inquire into and determine what damages and compensation the owner or owners, tenants or occupants of the lands and buildings to be taken for the extension of said street, will be entitled to for the same respectfully report and certify the several pieces or parcels of land to be taken for such improvement, the names and residences and the rights of owners therein and their award of damages as incident to the extension of said street as follows: The several pieces and parcels of land required for such purpose and necessary for the extension of said street are described as follows, reference being had to a map of said street as proposed to be extended, filed in the city and county Clerk's offices:

Parcel No. 1. All that tract or parcel of land situated in the city of Rochester, county of Monroe, and state of New York, known and described as lot number 109 in H. C. Hooker's sub-division of a part of town lot 51 in said city of Rochester (formerly town of Brighton) as laid out on a map of said sub-division made by R. J. Smith, surveyor, and filed in the office of the clerk of Monroe county November 1, 1884, in liber 5 of maps at page 96, said lot 109 being 50 feet front on the east side of Oxford street, same in rear, and 145 feet in depth. These premises are owned by Margaret Stevenson.

Parcel No. 2. All that tract or parcel of land situate in the city of Rochester, county of Monroe and State of New York, known and described as lot 114 in H. C. Hooker's subdivision of a part of town lot 51 in said city of Rochester (formerly town of Brighton) as laid out on a map of said sub-division, made by R. J. Smith, surveyor, and filed in the office of the clerk of Monroe county, November 1, 1884, in Liber 5 of Maps at page 96, said lot 111 being 50 feet front on the west side of Rutger street 50 feet in rear and 127.25 feet in depth.

These premises are owned by Helen W. Fitch, Louise W. Dodge, Caroline H. Taylor, Bertha Hooker, and Joseph B. Bloss as trustee for Mary G. Bloss, and William W. Webb as administrator with the will annexed of the estate of Henry E. Hooker, deceased. Said premises are subject to a land contract now held by Robert B. Wickes, William J. Parker, William O. Raymond and Marvin A. Culver, dated June 1, 1890, on which there is due \$1,800 and interest from June 1, 1895.

Parcel No. 3. All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, known and described as lot No. 14 in M. A. Culver's sub-division of a part of town lot 51 in said city of Rochester (formerly town of Brighton) said lot No. 14 being 50 feet front on the east side of Rutger street, 50 feet wide in rear and 150 feet in depth, and being the same premises conveyed to Agnese B. Riggs, by Herman C. Riggs, and Margaret P. C. Wickes, by deed dated August 1, 1895, and recorded in Monroe county clerk's office August 30, 1895, in Liber 557 of Deeds at page 494.

These premises are owned by Agnese B. Riggs.

Parcel No. 4. All that tract or parcel of land situate in the city of Rochester, county of Monroe, and state of New York, known and described as lots 39 and 40 in Dean Alvard's subdivision of part of lots 51 and 52, township 13, range 7 in said city of Rochester, (formerly town of Brighton), as laid out on a map of said subdivision made by William R. Story, surveyor, March 30, 1895, said lots 39 and 40 being each 50 feet front on Dartmouth street 50 feet in rear and 140 feet in depth, also that part of Dartmouth street lying between said lots 39 and 40, being a parcel of land 50 feet by 60 feet.

These premises are owned by Dean Alvard and are subject to a lien of a mortgage running to Marvin A. Culver, dated April 1, 1895, and recorded in Monroe county clerk's office the same day in Liber 390, of mortgages, at page 6.

Parcel No. 5. All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, known and described as part of lot 51, township 13, range 7 in said city of Rochester (formerly town of Brighton) bounded and described as follows, viz.: Commencing at a point on the west line of Bowen street, where the south line of town lot 51 intersects the same; thence south 87 degrees, 33 minutes, 24 seconds W., along south line of said town lot 51, 65.77 feet; thence north 67 degrees, 46 minutes, 44 seconds west 272.58 feet; thence north 70 degrees, 10 minutes, 20 seconds west 140 feet to the southeast corner of lot 10 owned by Dean Alvard; thence northerly along said east line lot 40, 50 feet to the northeast corner thereof; thence south 70 degrees 10 minutes, 20 seconds east 140 feet; thence south 67 degrees, 46 minutes, 44 seconds east, 333.55 feet to the west line of Bowen street; thence southerly along the west line of said Bowen street, 22.55 feet to the palce of beginning, containing 0.524 of an acre of land.

These premises are owned by Marvin A. Culver.

Parcel No. 6. All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, being a part of town lot 52, town of Brighton, and being a small triangular piece or parcel of land taken from the northeast corner of said town lot 25, township 13, range 7 in said city of Rochester, bounded and described as follows, viz: Commencing at a point on the west line of Bowen street where the north line of town lot 52 intersects the same; thence southerly along the west line of said Bowen street 27.46 feet; thence north 67 degrees, 46 minutes, 44 seconds east 58.96 feet to a point which intersects the north line of town lot 52; thence north 87 degrees, 33 minutes, 24 seconds east along north line of said town lot 52, 65.77 feet to the west line of Bowen street the place of beginning; containing 0.019 of an acre of land.

These premises are owned by Lorenz Douglas Ely.

Parcel No. 7. All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, being a part of the north part of town lot 44, township 13, 7th range in the city of Rochester, bounded and described as follows: Commencing at a point in the east line of Bowen street 37 feet south of where the north line of lot 44 intersects the same; thence south 67 degrees, 46 minutes, 44 seconds E, 945.06 feet to a point 120 feet south of the north line of said Bowen's land; thence south 68

These premises are owned by Augustus C. Bowen and Augusta B. Gould, and are subject to a mortgage running to the Rochester Savings Bank, dated and recorded April 3, 1895 in Liber 274 of Mortgages at page 432. Thomas Raines holds a power of attorney for Jennie C. Bowen.

Parcel No. 8. All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, being the southeast part of lot 11, of a subdivision of the east part of lot No. 37 of the Bates farm in said city of Rochester, formerly in the town of Brighton, as laid out on a map of said sub-division made by J. C. Ryan, surveyor in 1894, bounded and described as follows, viz.: Commencing at a point in the south line of said lot 11, 5.82 feet easterly from southwest corner thereof; thence north 82 degrees, 40 minutes, 21 seconds east 39 feet to the east line thereof; thence southerly along the east line of said lot 11, 19 feet to the southwest corner thereof; thence north 68 degrees, 01 minutes, 55 seconds west along the south line of said lot 11, 35.18 feet to the place of beginning, containing 0.007 of an acre of land. These premises are owned by Frances M. Murphy, subject to the dower interest in said premises of the wife of John McGuire.

Parcel No. 9. All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, being the south part of lot No. 10 of a subdivision of the east part of lot No. 37 of the Bates farm in said city of Rochester, formerly town of Brighton, as laid out on a map of said sub-division made by J. C. Ryan, surveyor, in 1894, bounded and described as follows, viz.: Commencing at a point in the west line of said lot 10, and 19 feet northerly from the southwest corner thereof; thence north 82 degrees, 40 minutes, 21 seconds east, 46.5 feet to a point in the east line of said lot 10, said point being 43 feet northerly from the southeast corner thereof; thence southerly along the east line of said lot 10, 43 feet to the southeast corner thereof; thence north 68 degrees, 1 minute, 55 seconds west along the south line of said lot 10, 40 feet to the southwest corner thereof; thence northerly along the west line of said lot 10, 19 feet to the place of beginning, containing 0.024 of an acre of land.

These premises are owned by Sarah F. McGuire, and are subject to the dower interest in said premises of the wife of John McGuire.

Parcel No. 10. All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, being the

south part of lot 9 of a subdivision of the east part of lot 37 in the Bates farm in said city of Rochester (formerly town of Brighton) as laid out on a map of said subdivision made by J. C. Ryan, surveyor in 1894, bounded and described as follows, viz.: Commencing at a point in the east line of said lot 9, being the west line of South Culver street, and 10 feet northerly from the southeast corner of said lot 9; thence south 82 degrees, 40 minutes, 21 seconds west, 20.57 feet to a point in the south line of said lot 9, being 18 feet westerly from the southeast corner thereof; thence north 68 degrees, 01 minutes, 55 seconds west along the south line of said lot 9, 27 feet to the southwest corner thereof; thence northerly along the west line of said lot 9, 43 feet to a point; thence N. 82 degrees, 40 minutes, 21 seconds east 52.88 feet to a point in the west line of South Culver street, being the east line of said lot 9, and 68.5 feet from the southeast corner thereof; thence south 22 degrees, 31 minutes, 49 seconds west along the west line of South Culver street 58.5 feet to the place of beginning. Containing 0.060 of an acre of land. These premises are owned by Frances M. Murphy and are subject to the dower interest in said premises of the wife of John McGuire.

Therefore, we, the subscribers, the commissioners, having been duly sworn, as required by the statute in such case made and provided, and having all met and acted upon the matters submitted to us at the Corporation Counsel's office, in the Wilder building, Rochester, N. Y., pursuant to a notice of at least ten days published according to law, and having all taken a view of every part of the respective premises, and having inquired into and heard the allegations and proofs of the respective parties in interest, do thereupon determine and appraise the damages which the several owners (there being no tenants or occupants other than such owners entitled to any awards, except as appears herein), of the several premises to be taken for the extension of said street, will severally sustain by being deprived thereof, and fix the compensation which the aforesaid owners respectively shall receive therefor, as follows the awards hereby made, after deducting all taxes and assessments which have become a lien upon the lands described, to be paid as hereinafter provided as follows:

To Margaret Stevenson, for parcel No. 1, the sum of \$5,000 payable to her.

To Helen W. Fitch, Louise W. Dodge, Caroline H. Taylor, Bertha Hooker and Joseph B. Bloss, as trustee for Mary G. Bloss, for parcel No. 2, the sum of \$3,100, payable to them providing they obtain a release from Robert B. Wickes, William J. Parker, William O. Raymond and Marvin A. Culver of their interest in a land contract specified in the foregoing report. The conveyance of said premises should be executed by William W. Webb, as administrator to Agnes E. Riggs, for parcel No. 3, the sum of \$3,100 payable to her.

To Dean Alvord, for parcel No. 4, the sum of \$4,800 payable to Marvin A. Culver, mortgage.

To Marvin A. Culver, for parcel No. 5, the sum of \$5,800 payable to him.

To Lorenza D. Ely, for parcel No. 6, the sum of \$200 payable to him.

To Augustus C. Bowen, Jennie C. Bowen and Augusta B. Gould, for parcel No. 7, the sum of \$8,750 payable to the Rochester Savings Bank, mortgage.

To Frances M. Murphy, for parcel No. 8, the sum of \$50 payable to her, provided she obtains a release of the dower interest of the wife of John McGuire.

To Sarah F. McGuire, for parcel No. 9, the sum of \$200 payable to her, providing she obtains a release of the dower interest of the wife of John McGuire.

To Frances M. Murphy, for parcel No. 10, the sum of \$800, providing she obtains a release of the dower interest of the wife of John McGuire.

Dated December 26, 1895.

All of which is respectfully submitted.

By Ald Dewey—

Rochester, N. Y., March 17, 1896.

To the Honorable, the Common Council:

Gentlemen: Permit me to again call your attention to the advisability of issuing a series of short term local improvement bonds. To me the necessity for this action upon your part seems very urgent. Sound business principles demand it, and the welfare of the city's finances demand it. The custom has existed for years of issuing interest-bearing time orders to contractors in payment for work on local improvements; the orders all carry the legal rate of interest and when matured have been generally taken up by the issuance of the city's note or notes. The assessment on these improvements run from one to four years, and only about 75 per cent. of the original tax is collected within the time granted for payment by the ordinance. The continuation of this process from year to year has at last placed a burden upon the people that is not only excessive, but from my standpoint, is absolutely wrong and dangerous.

In looking over the treasurer's books, I find the following interesting facts in relation to the local improvement question:

The total amount of notes outstanding on local improvements is \$555,168.53. The total amount of acceptances outstanding on local improvements is \$539,358.76, or a grand total of local improvement indebtedness of \$1,094,527.29. We have acceptances due and payable before May 1st, this year, on account of local improvement fund of \$196,289.71. We have notes outstanding due and payable before May 1st, this year, on account of local improvements of \$400,000, or a total to be met by the treasurer by May 1st, of this year, of \$596,289.71.

Aside from these figures the Executive Board have already let contracts for this year aggregating \$82,458. This sum will be materially increased by the ordinances which will be introduced from time to time by the members of this council. The people demand necessary local improvements. Sewers must be constructed for the health and welfare of our beautiful city demand that. Streets must be improved from time to time for the people demand that. And so it will readily be seen that the total local improvements for this year will not fall far short of \$150,000.

By the issuing of short term bonds bearing interest at 4 per cent. the city would be the gainer in many ways.

It would be getting its money for 4 per cent. as against 6 per cent. under the present system; a clear gain of 2 per cent. or \$21,-890.54 per year for interest account on the total local improvement indebtedness as given above. Is not that item worth saying to the people?

It would enable the treasurer to pay cash to contractors and stop the interest-bearing time orders and acceptances now in vogue. It would mean a closer figure on bids for improvements, for the contractors would know that as soon as the work was completed and accepted by the city, that the money was ready for them. They would no longer be obliged to hawk the acceptances

of this city from bank to bank in order to realize the ready money on them.

Gentlemen, I believe this is a question worthy of the consideration and careful thought of you all.

Of course the city has assets to cover the indebtedness in the shape of uncollected assessments on local improvements. I would further suggest that all taxes collected from local improvements be placed in a sinking fund to pay bonds at maturity.

Respectfully submitted,

ALVIN H. DEWEY,

Alderman Twelfth Ward.

Received, filed and published and referred to Committee on Finance.

By Ald. Dewey—

Rochester, N. Y., March 17, 1896

To the Honorable, the Common Council:

Gentlemen: I trust you will not think me tedious if I call your attention to another matter which in my judgment is of importance. By an act of the legislature of 1835, the council was authorized to issue the bonds of the city in the total sum of \$200,000, for acquiring a strip of land 200 feet wide around the shores of Hemlock lake. The commission authorized under this act was at once appointed by the supreme court and immediately commenced operation. It has already made some purchases, having expended in the course of its existence \$65,000.

This money has been borrowed on notes of the city by authority of this council from time to time. The money market is close and in the majority of cases the full legal rate of interest has been paid. Under the act creating this commission we are obliged to sell these bonds. Why not float them now? They are 4 per cent. bonds and we are paying 6 per cent. on most of the notes. Why not use the proceeds from these bonds to take up the notes out-standing and place the balance to the credit of the Hemlock Lake Commission Fund, and stop the further issuance of the cities notes for this purpose.

Respectfully submitted,

ALVIN H. DEWEY,

Alderman Twelfth Ward.

COMMUNICATIONS FROM THE MAYOR.

Mayor's Office,
Rochester, N. Y., March 17, 1896.

To the Common Council of the City of Rochester:

There is outstanding at the present time over one million dollars in notes and orders, issued by the city in payment for local improvements, to meet deficiencies, and for other matters connected with the city government. The actual amount has been presented to you by the Finance Committee. These notes and orders mature from time to time and there is hardly a meeting of the Common Council held, that resolutions are not passed to issue new notes to take up some of the old ones. The new notes when issued are generally at a higher rate of interest than the old ones.

To meet these notes and orders the city has a large amount of unpaid taxes and assessments enough possibly to pay these notes and orders, but the taxes and assessments remain unpaid, and the notes mature at times when there is no money to pay them, and they have to be renewed at the best terms possible.

Some legislation should be had authorizing the city to issue short term bonds for as much of these notes and orders as can be. These bonds can be issued at a lower rate of interest than the notes, and from the avails of these bonds these notes and orders can be paid, and thus save a large amount of interest. The act authorizing the issuing of the bonds should also provide that these outstanding taxes and assessments when received should be made available for the payment of these bonds. If that course is pursued a fund would be created for the payment of the bonds as fast as they matured and no unfairness would be done any one thereby.

I am aware that the Finance Committee has

this matter under consideration and my object in calling your attention to the subject is to remind you that the legislature will soon adjourn, and if we intend to have any legislation on this subject steps should be taken at once with that object in view. If legislation is not had at this session these notes will have to be renewed and carried another year at a large expense to the city.

GEORGE E. WARNER,
Mayor.

By the Clerk—

Mayor's Office,
Rochester, N. Y., March 10, 1896.

To the Common Council of the City of Rochester:

Gentlemen:—The salary of Dr. John W. Ready for \$41.66 as city physician for the month of February, 1896, is approved by me simply for the reason that the doctor has performed work in good faith, and the city is morally bound to pay him. In this matter I desire to say that I shall not approve of any further salary of Dr. Ready for the following reasons:

On April 30, 1895, the poor committee of the common council recommended to and the common council adopted the following resolution: "Your poor committee would respectfully report that it has been necessary for the Overseer of the Poor to employ an extra city physician at different times during the year, and he has employed during such times Dr. John W. Ready. We would respectfully recommend that in time of necessity the overseer of the poor be authorized to employ Dr. Ready at the same compensation as paid to the regularly appointed city physicians, and to be paid only for the time he is actually employed at the rate paid the other city physicians." The plain intention of this resolution was simply to provide that in case of emergencies the overseer of the poor might employ Dr. Ready, and that his appointment should only be a temporary one and not of a permanent character.

Immediately after the adoption of this resolution the employment of Dr. Ready ceased to be a temporary one, but became permanent, and since the time of the adoption of that resolution he has been paid the same salary as has been paid to each of the other six city physicians.

It is difficult to see how under such a resolution the employment of Dr. Ready could become a permanent one or how he could draw the same salary as the other six city physicians. The matter would seem to be an evasion of the city charter, which provides that no more than six city physicians can be appointed by the common council, and when appointed they are to be under the supervision of the overseer of the poor or poor committee of the common council the same of Dr. Ready has been.

During all the time since the adoption of that resolution there has been six regularly appointed city physicians, and including Dr. Ready seven. No more than six can be legally appointed. If there was a necessity of more than six it would have been better to have the charter amended then to make a permanent official under said resolution.

Very respectfully,
GEORGE E. WARNER,
Mayor.

COMMUNICATIONS FROM OTHER CORPORATION OFFICERS, BOARDS AND DEPARTMENTS.

By the Clerk—

City Treasurer's Office,
Rochester, N. Y., March 17, 1896.

To the Honorable, the Common Council:

Gentlemen:—I hereby certify that the Executive Board have notified me that the works or improvements authorized under ordinances hereinafter mentioned have been completed; that I have, pursuant to the provisions of the charter, ascertained the entire and aggregate expense of, and connected with the same respectively, including any interest that the city shall incur, or is entitled to for the use of its funds, and that the respective amounts thereof are as follows:

Ord. No.	Improvement.	Expense.
6,029.	Mortimer street improvement and sewer	\$645 84
6,028.	Lake avenue cement walk....	834 67
		S. B. WILLIAMS, Treasurer.

Received, filed and published.

LOCAL IMPROVEMENT ASSESSMENTS.

By Ald. Ashton—Whereas, The City Treasurer has ascertained and reported the entire and aggregate expense of and connected with the following improvements, including any and all interest that the city has paid or has or shall become liable to pay upon account of any and all orders or notes issued by the city to pay the expenses of such improvements respectively adjusted by this Common Council as thus reported, and the respective portions or parts of the city on which the said expenses are hereby directed to be assessed and which this Common Council deems to be benefited by the improvements, respectively, and that the name and expense of the improvements thus to be assessed are as follows, viz:

Ord. No.	Improvement.	Expense.
6,029.	Mortimer street improvement and sewer (supplementary)	\$645 84
6,028.	Lake avenue cement walk (supplementary)	834 67

Resolved, That the taxpayers to be assessed for making the foregoing improvement may pay their assessments therefor in three equal payments, as follows:

One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by said City Treasurer; one-third within one year from the confirmation of such roll; and the remaining one-third within two years from the confirmation of such roll. On all sums paid prior to the maturity of said last installment, a discount will be allowed at the rate of six per cent. per annum; and it is further

Resolved, That the assessors of said city, if they are not interested in any of the property within the part or portion of the city deemed to be benefited, and directed to be assessed, as aforesaid, or if any two of said assessors are not so interested, then such two are hereby directed to make assessments upon all the lots and parcels of lands within the portions or parts of the city above designated and directed to be assessed, of the amounts of expenses of such improvements, respectively, in proportion, as nearly as may be, to the advantage which the said lots and parcels of land within the respective territories to be thus assessed for such improvements, shall be deemed to receive by the making of the respective improvements.

Adopted by the following vote:
Alds. Tracy, Callihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelnik, Englehardt, Wilson, Reichenberger—20.

Respectfully submitted,

A. J. ROEBENBECK,

Corporation Counsel.

Received, filed and published.

By Ald. Englehardt—Whereas, the Corporation Counsel has reported the entire and aggregate expense of and connected with the opening of Chamberlain street, in the city of Rochester, under final ordinance No. 5,976, including all amounts to be paid to the owners of lands deemed necessary to be taken, and all costs and charges of the city in the proceedings, at the sum of \$2,483.50, which expense has been duly adjusted by this Common Council as reported; now, therefore,

Resolved, That all persons interested in the matter of the ordering of an assessment for the aforesaid street opening be heard as to the same at the next regular meeting of the Common Council, to be held at the Common Council chamber, City Hall, March 31, 1896, at 7:30 o'clock P. M., and that the City Clerk cause to be published a notice of such hearing as required by section 190 of the city charter.

Adopted.

By the Clerk—

City Engineer's Office,
Rochester, N. Y., March 17, 1896.

To the Honorable Common Council:

Gentlemen:—In accordance with your resolution of March 3, 1896, I beg leave to report that we estimate the probable cost of grading Sawyer street, from Genesee street to Bingham park, 60 feet wide, at \$1,665.

Very respectfully yours,

J. Y. McCLINTOCK,

City Engineer.

Received, filed and published.

By Ald. Adams—

Office of Executive Board,
Rochester, N. Y., March 16, 1896.

To the Common Council:

Gentlemen:—The Executive Board has negotiated with Rudolph Vay and other representatives of one of the owners, Anna Grosser, through whose land a portion of the Taylor street sewer is constructed, and the price which was asked on behalf of the owner of

the property is \$400. The lot through which the sewer passes is valued at \$800. In view of the fact that the city has already paid a sum of money, which upon a full inquiry into the facts, was deemed sufficient for the privilege required, such a price as now asked for the right of way is considered excessive, and even if no money had been paid to one of the parties in interest, such an amount as now demanded is considered out of proportion to the total value of the property.

Respectfully,

THOS. J. NEVILLE, Clerk.

Received, filed and published.

By Ald. Adams—Whereas, No agreement can be made for the acquirement of the right of way necessary for the construction of Taylor street sewer under final ordinance No. 3,773.

Resolved, That a copy of said ordinance and of this resolution, together with a map of the route of the sewer, be filed in the office of the City Clerk and County Clerk, which shall show thereon the lots and parcels of land through which right of way is desired to be acquired, and the commencement, course and termination of said sewer, according to the provisions of section 174 of the city charter; and be it further

Resolved, That the Corporation Counsel be, and he hereby is authorized and directed to institute such proceedings to acquire said right of way as may be necessary and as provided by the charter.

Adopted.

By Ald. Adams—

Office of Executive Board,

Rochester, N. Y., March 16, 1896.

To the Common Council:

Gentlemen:—The following is a copy of the resolution adopted by the East Side Trunk Sewer Commission on February 28, 1896:

Resolved, That an order be drawn for the sum of \$500 in favor of the Corporation Counsel to be applied in payment of the rights of way through the property of Mary Keefe for the Poplar street storm overflow sewer, upon the delivery to him of proper conveyances and releases.

Adopted.

THOS. J. NEVILLE, Clerk.

Received, filed and published.

By Ald. Adams—Resolved, That, upon the certificate of the Corporation Counsel that a proper easement or right of way through the property of Mary Keefe, for the Poplar street storm overflow sewer has been executed and delivered to the city by said Mary Keefe, and that the proper conveyances and releases therefor have been filed with him, the clerk of the East Side Trunk Sewer Commission be and he hereby is directed to draw an order in favor of the Corporation Counsel for the sum of \$500, to be applied in payment of said right of way; said order to be payable from the East Side Trunk Sewer Fund, and that the same be charged to said fund.

Adopted by the following vote:

Ayes—Ald. Tracy, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelink, Englehardt, Wilson, Reichenberger—19.

By Ald. Johnston—

Office of Executive Board,

Rochester, N. Y., March 16, 1896.

To the Common Council:

Gentlemen:—The Executive Board, in order to comply with the law which was enacted to prevent the pollution of Hemlock lake, finds it necessary to remove the barn and other buildings located on the property of the city

at Hemlock lake, beyond the 200 feet limit. It will be necessary, therefore, to purchase a parcel of land adjoining the city's property, comprising about one and three-quarters (1 3/4) acres, and your honorable body is respectfully requested to grant authority to the Executive Board to acquire this adjacent property for the purpose stated above.

Respectfully,
THOS. J. NEVILLE, Clerk.

Received, filed and published.
By Ald. Johnston—Resolved, That the Executive Board be, and it is authorized to purchase one and three-quarters (1 3/4) acres of land adjoining the property now owned by the city at Hemlock lake, for the necessary use and convenience of said property, and more particularly to comply with the law relating to the pollution of the water-shed of Hemlock lake, now being enforced by the commission appointed by law for such purpose, and charge Water Works Fund.

Adopted by the following vote:
Ayes—Alds. Tracy, Callan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelink, Englehardt, Wilson, Reichenberger—20.

By Ald. Johnston—

Office of Executive Board,
Rochester, N. Y., March 17, 1896.

To the Common Council:

Gentlemen:—The Executive Board instructs me to inform your honorable body that there is at this date to the credit of the Highway Fund \$5,243.36, and this sum is insufficient to carry along the work of the street department until the next meeting of the Common Council.

It may also be said that the fire department fund is overdrawn \$252.18, and provision should also be made, as soon as practicable, to provide funds for this department.

Respectfully,

THOS. J. NEVILLE, Clerk.

Received, filed and published, and referred to Committee on Finance.

By Ald. Johnston—Resolved, That the City Treasurer be, and he hereby is authorized and directed to issue, as may be necessary, in anticipation of taxes levied but uncollected, under authority of sections 80 and 81 of the city charter, the city's note or notes for an amount not exceeding twenty thousand dollars (\$20,000); said notes to run for a period not exceeding four months; to be negotiated under the direction of the Finance Committee, and countersigned by the chairman thereof; interest or discount to be charged to the Contingent Fund, and the proceeds credited to the Highway Fund.

Adopted by the following vote:

Ayes—Alds. Tracy, Callan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelink, Englehardt, Wilson,

By Ald. Selye—

Whereas, the Corporation Counsel has reported the entire and aggregate expense of and connected with the extension of West street, in the city of Rochester, under final ordinance No. 5,976, including all amounts to be paid to the owners of lands deemed necessary to be taken, and all costs and charges of the city in the proceedings, at the sum of \$5,830, which expense has been duly adjusted by this Common Council as reported, now, therefore,

Resolved, That all persons interested in the matter of the ordering of the assessment for the aforesaid street extension be heard as to the same at the next regular meeting of

the Common Council, to be held at the Common Council chamber, City Hall, March 31, 1896, at 7:30 P. M., and that the City Clerk caused to be published a notice of such hearing, as required by section 190 of the city Charter.

Adopted.

By Ald. Johnston—

City Clerk's Office,
Rochester, N. Y., March 17, 1896.

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—Included in the last finance budget, passed February 27th, were two bills of the Abendpost and Beobachter, for \$9 and \$6 respectively.

Since the adoption of the budget the City Auditor informs me that his approval of these bills was an inadvertence and oversight, and at his request payment has been withheld.

I would suggest that so much of the resolution of February 27th as authorized the payment of these bills be reconsidered and indefinitely postponed, so that the proceedings as published will show what has been done.

Respectfully submitted,

THEODORE S. PULVER
City Clerk.

Received, filed and published.

By Ald. Johnston—

Resolved, That so much of the resolution adopted by this Council February 27, 1896, and appearing at page 126, current proceedings, as authorized the payment of two bills of the Abendpost and Beobachter of \$9 and \$6 respectively, be, and the same hereby is, re-considered.

Adopted.

By Ald. Johnston—

Resolved, that the aforesaid bills of the Abendpost and Beobachter for \$9 and \$6 respectively be stricken from the budget of February, and the payment thereof definitely postponed.

Adopted.

By the Clerk—

City Clerk's Office.

Rochester, N. Y., March 9, 1896.

To the Honorable Common Council of the City of Rochester:

Gentlemen:—Since the date of my last report, which covered business to and including December 31, 1895, there had been registered at this office March 7 instant, 53 bicycles and 10 dogs.

During the same period—January 1st to March 7th, inclusive—73 persons have qualified as Commissioners of Deeds.

Total receipts from all sources \$46.80. I hold the City Treasurer's receipt for amounts aggregating this sum.

Respectfully submitted,

THEODORE S. PULVER
City Clerk.

Received, filed and published.

By Ald. Englehardt—

To the Honorable Common Council of the City of Rochester:

City Clerk's Office.

Rochester, N. Y., March 17, 1896.

Gentlemen:—Under the contract with the Humane Society, which was in force from November 13, 1894 to November 13, 1895, there were registered at this office 2,188 dogs, the receipts from which were \$2,188. Of this amount the society is entitled to 95 per cent., or \$2,078.60. Orders aggregating \$2,071 have already been drawn.

There is still due the society under the old contract, which expired November 13, 1895, \$7.60.

I ask your authorization to draw an order in favor of the society for this amount.

Respectfully submitted,

THEODORE S. PULVER
City Clerk.

Received, filed and published.

By Ald. Englehardt—

City Clerk's Office,
Rochester, N. Y., March 17, 1896.

To the Honorable Common Council of the City of Rochester:

Gentlemen:—Under the new contract with the Humane Society, that organization is entitled to 85 per cent. of the receipts for the registration of dogs. Since the contract went into effect, and under the provisions of the new ordinance, there had been registered at the close of business in this office on March 16th, 542 dogs, the receipts from which were \$542. This amount has been deposited with the Treasurer to the credit of the Police Fund.

The amount due the Humane Society as its percentage under the contract is \$460.70. The society wants the money, and I therefore ask your authorization to draw an order on the Treasurer, payable from the Police Fund for \$460.70.

Respectfully submitted,

THEODORE S. PULVER
City Clerk.

Received, filed and published.

By the Clerk—

City Clerk's Office,
Rochester, N. Y., March 17, 1896.

To the Honorable Common Council of the City of Rochester:

Gentlemen: I submit herewith copy of proposed legislative act entitled, "An Act for the prevention of cruelty to animals, and empowering certain societies for the prevention of cruelty to animals to do certain things."

Said act has been forwarded to your honorable body for consideration by courtesy of Assemblyman Armstrong.

Respectfully submitted,

THEODORE S. PULVER
City Clerk.

Received, filed and published.

AN ACT for the prevention of cruelty to animals and empowering certain societies for the prevention of cruelty to animals to do certain things.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Every person who owns or harbors one or more dogs within the corporate limits of any city having a population of more than twenty thousand and less than eight hundred thousand, where a duly incorporated society exists, or may hereafter exist for the prevention of cruelty to animals, shall procure a yearly license for each animal, paying the sum of one dollar for each one, as hereinbefore provided; in applying for such license the owner shall state in writing the name, sex, breed, age, color and markings of the dog for which a license is to be procured.

Section 2. Licenses granted under this act shall date from the first day of May in each year, and must be renewed prior to the expiration of the term by the payment of one dollar for each renewal.

Section 3. Each certificate of license or renewal shall state the name or address of the owner of the dog, and also the number of such license or renewal.

Section 4. Every dog so licensed shall, at all times, have a collar about its neck with a metal tag attached thereto, bearing the number of the license stamped thereon. Such tag shall be supplied to the owner with the

certificate of license and shall be of such form and design as the society empowered to carry out the provisions of this act shall designate; duplicate tags may be issued only on proof of loss of the original, and the payment of the sum of one dollar therefor.

Section 5. Dogs not licensed pursuant to the provisions of this act shall be seized, and if not redeemed within forty-eight hours may be destroyed or otherwise disposed of at the discretion of the society empowered and authorized to carry out the provisions of this act.

Section 6. Any person claiming any dog, seized under the provisions of this act, and proving ownership thereof, shall be entitled to resume possession of the animal on the payment of the sum of two dollars; provided, however, that such claim shall be made before the expiration of the forty-eight hours provided in section five.

Section 7. The incorporated society, organized for the prevention of cruelty to animals, and having jurisdiction in either of such cities, is hereby empowered and authorized to carry out the provisions of this act; and such society is further authorized to issue licenses and renewals, and to collect the fees for such, as is herein prescribed, which fees are to be used by such society towards defraying the cost of carrying out the provisions of this act and maintaining a shelter for lost, strayed and homeless animals, and for its own purposes.

Section 8. Any person or persons who shall hinder, molest or interfere with any officer or agent of such society while in the performance of any duty enjoined by this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall pay a fine of not less than twenty-five dollars nor more than one hundred dollars, or be imprisoned for not less than ten days or more than thirty days, or be punished by both such fine and imprisonment.

Section 9. None of the provisions of this act shall apply to dogs owned by non-residents passing through any city, nor to dogs brought to any city and entered for exhibition at any dog show.

Section 10. All acts or parts of acts inconsistent with the provisions of this act are hereby repealed.

Section 11. This act shall take effect immediately.

Received, filed and published and referred to Committee on Law.

By the Clerk—

City Clerk's Office,
Rochester, N. Y., March 17, 1896.

To the Honorable Common Council of the City of Rochester:

Gentlemen:—I do hereby certify and report, pursuant to section 29 of the city charter that the following-named persons have been appointed to the offices indicated and have duly qualified as such:

George L. Brown, Commissioner of Deeds.
E. A. Deming, Commissioner of Deeds.
William R. Fredericks, Commissioner of Deeds.

Thomas W. Ford, Commissioner of Deeds.
W. N. Hall, Commissioner of Deeds.
Joseph P. McMahon, Commissioner of Deeds.

German Matteson, Commissioner of Deeds.
James Plunkett, Commissioner of Deeds.
DeVillo W. Selye, Commissioner of Deeds.
Abraham Benedict, Civil Service Commissioner.

Respectfully submitted,
THEODORE S. PULVER
City Clerk.

Rochester, N. Y., March 17, 1896.

To the Honorable Common Council of the City of Rochester:

Gentlemen:—I hereby certify that the City Assessors have delivered to me the following assessment roll, certified and verified as required by the charter:

Ord. No. 5,225—German street widening (corrected.)

Respectfully submitted,
THEODORE S. PULVER
City Clerk.

Received, filed and published.

Ald. Crane moved that action on the confirmation of the roll be postponed until the next regular meeting, and that the City Clerk give notice, by public advertisement, that the roll would be presented for confirmation at that meeting. Carried.

By Ald. Pauckner—

Office of Executive Board,
Rochester, N. Y., March 10, 1896.

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—In the matter of the dedication of Werner park, described as a strip of land ninety (90) feet wide and running northerly from Monroe avenue a distance of about 431 feet, the Executive Board would recommend its acceptance as a public street, with the understanding that he paries interested will set the street monuments as soon as the weather permits. Respectfully,

THOMAS J. NEVILLE,
Clerk.

Received, filed and published.

By Ald. Pauckner—

Resolved, That Werner park, running northerly from Monroe avenue 431 feet, as mentioned in the foregoing communication of the Executive Board, be, and the same hereby is, accepted as a public street, upon the payment of all taxes and assessments, local or general, remaining unpaid on the territory offered for dedication for said park; and

Resolved, That the City Clerk be, and he hereby is directed to enter the name of said street in the public street register and the said Executive Board to place the usual street signs where needed at the corners of said park, and the City Assessors to strike from the assessment rolls of the city of Rochester the territory taken for said park as indicated on the map on file in the office of said assessors.

Adopted.

STANDING COMMITTEES.

REPORT OF LAW COMMITTEE.

Rochester, N. Y., March 17, 1896.

To the Honorable the Common Council:

Gentlemen:—Your Law Committee beg leave to report that it will submit from time to time the penal ordinances of the city for re-enactment, and will present such ordinances as seem to be demanded by the public interests. In accordance with this plan we submit at this meeting an ordinance relating to Auctioneers, one relating to the duties of the Fire Marshal, and also one relating to the protection from fires.

We recommend the appointment of the following Commissioners of Deeds:

Willie P. Folger, Arthur B. Enos, John

Hall, Herbert L. Bentley, Amos D. Scott, Frank Cummings, Henry Heiler, Bertha M. Adwin, H. T. Powell.

All of which is respectfully submitted.

M. B. ADAMS,
HENRY G. COOK,
WM. PAUCKNER,
EDWARD ENGLEHARDT,
D. W. SELYE.

Law Committee.

Received, filed and published.

**AN ORDINANCE RELATING TO THE
FIRE MARSHAL.**

The Common Council of the city of Rochester do enact as follows:

Section 1. The fire marshal of the city of Rochester shall inspect every building erected or in process of erection or removal, or placing, to see that the same corresponds to the ordinances of the common council and to report to the common council any failure to comply therewith. Said fire marshal shall also see that the provisions of the ordinance of the city of Rochester relating to protection from fires are enforced.

Section 2. Said fire marshal shall have authority, at all reasonable hours, to enter upon any premises to make such inspection and may arrest and put a stop to the erection, removal or placing of any building in process of erection, removal or placing which shall not conform to said ordinances until the same shall be conformed thereto.

Section 3. If after inspection said fire marshal shall be satisfied that any building or a portion of a building already constructed or in process of construction is liable to fall or become unsafe, it shall be his duty to notify the mayor or a member of the committee on wooden buildings, and the official or officials so notified shall proceed to inspect such building, and if such official or officials shall concur with the fire marshal as to the insecurity of such building or portion thereof said fire marshal shall order the same taken down or that such precautions be taken for its safety as he shall direct, or that all further work thereon be stopped as the occasion may require. If such order shall not be at once complied with, it shall be the duty of said fire marshal to cause such building to be taken down, or take such action in connection therewith as he shall deem the public safety requires, and the cost and expense thereof shall be paid by the said city to said fire marshal to be recovered from such owner or owners by action brought by said city.

Section 4. Said fire marshal shall superintend the construction of all fire escapes or other means of egress required by any of the ordinances of the city, and he shall have authority to specify what fire escapes or means of egress shall be provided in all cases where the same are not provided for by the ordinances of the common council as he shall deem the same necessary.

Section 5. Said fire marshal shall have authority at all reasonable times to enter into and examine all dwelling houses, tenements, factories of every description, and all lots, yards or inclosures and to cause such as are dangerous to be put in safe condition and to inspect all hearths, furnace pipes, fire places, stoves, pipes, flues, chimneys or other conductors of smoke or any apparatus or device in which fire may be used, or to which fire may be applied, and to remove or make the same safe, at the expense of the owners or occupants of the buildings in which or to which the same may be, and to ascertain the situation of any building in respect to its exposure to fire and whether iron shutters, scuttles, ladders and fire escapes thereto and proper and safe modes of egress therefrom in cases of fire have been provided.

Section 6. Whenever the owner or occupant of such building shall not comply with the provisions of the ordinance relating to protection from fires, the fire marshal shall cause a notice to be served upon such owner or occupant requiring a compliance with the provisions of the said ordinance, and at the expiration of twenty days after personal service of such a notice said fire marshal may cause such scuttles, stairs, ladders or shutters or fire escapes to be constructed and to be placed in or upon said building and may recover the expense thereof, with ten per centum in addition, of the owner or occupant whose duty it was to comply with such ordinance.

Section 7. The fire marshal shall make rules and regulations governing the method of construction, operation, location, arrangement, insulation and use of all electrical wires, appliances or currents for furnishing heat, light or power which may be introduced into or placed in any building. Said rules and regulations shall as far as practicable be made to conform to those which now are, or hereafter may be, prescribed by the Underwriters' Association of New York State.

Section 8. Any person who shall refuse to obey any order of the fire marshal herein authorized, or in anyway violate the provisions of this ordinance, shall for each offense be subject to a penalty of not less than \$10 nor more than \$150, and on failure to pay said fine or penalty the offender shall be subject to imprisonment in the Monroe county penitentiary for a period not exceeding one hundred and fifty days, or by both such fine and imprisonment.

Section 9. All ordinances and parts of ordinances inconsistent herewith are hereby repealed.

Section 10. This ordinance shall take effect immediately.

Received, filed and published and laid on the table for two weeks.

AN ORDINANCE RELATING TO AUCTIONEERS.

The Common Council of the city of Rochester do enact as follows:

Section 1. No person shall carry on the business of an auctioneer, or sell any personal property at public auction within the city of Rochester, except under and by virtue of legal process or of a mortgage, unless such person shall have procured a license as required by the terms of this ordinance.

Section 2. The mayor of the city of Rochester may grant to any person a license to sell personal property at public auction, within said city, upon paying to the city treasurer the sum of one hundred dollars, and executing a bond to the city, in the penal sum of five hundred dollars, with sureties, to be approved by the mayor, conditioned for the faithful observance of the laws of the state of New York, and the ordinances of the city of Rochester, now, or hereafter, enacted relating to auctions and auctioneers.

Such license shall expire one year from the date of its issue, and shall not be transferred without the written consent of the mayor.

Section 3. No auctioneer, nor other person, shall knowingly make any false representations as to the character, quality or ownership of any personal property offered for sale, or at public auction within said city.

Section 4. No auctioneer, nor other person, shall substitute any other article for the article sold to a bidder.

Section 5. No auctioneer shall bid in any personal property offered for sale by himself, and no person shall act as accomplice or "capper" for the purpose of making mock bids at any auction.

Section 6. No person shall sell, or expose for sale, at public auction within the city of Rochester, any property upon any sidewalk, or in any public street, without the written permission of the mayor.

Section 7. No bellman, nor crier, nor any instrument of music nor means of attracting the attention of passers-by, other than a sign or flag, shall be employed, or be permitted to be used, at or near any place of sale or auction.

Section 8. Any violation of this ordinance shall be punishable by a fine of not less than \$10 nor more than \$50, and in default of the payment of such fine, any person so convicted shall be imprisoned in the Monroe county penitentiary for a term not exceeding one hundred days, or by both such fine and imprisonment.

Section 9. Upon such conviction the mayor may revoke any license granted hereunder.

Section 10. All ordinances, or parts of ordinances, inconsistent herewith are hereby repealed.

Section 11. This ordinance shall take effect immediately.

Received, filed and published and laid on the table for two weeks.

AN ORDINANCE RELATING TO PROTECTION FROM FIRES.

The Common Council of the city of Rochester do enact as follows:

Section 1. All buildings in the city wherein manufactories are conducted and all buildings now erected, or that may hereafter be erected more than three stories in height, occupied by, or built to be occupied by, three or more families above the first story and every building already erected, or that may be hereafter erected more than three stories in height, occupied or used as a hotel, lodging house, or boarding house having more than fifteen rooms, and every factory, mill, office building, manufactory or workshop, hospital, asylum or institution for the care or treatment of individuals, and every building in whole or part occupied or used as a school or place of instruction or assembly, shall have constructed thereon good and suitable fire escapes, and such other means of egress in case of fire, as the common council may direct.

Section 2. The owners or occupants of all buildings mentioned in Section 1 of this ordinance shall have scuttles on the roofs of such buildings and shall cause to be constructed and maintained stationary iron stairs or ladders leading to said scuttles, which scuttles and stairs shall be kept ready for use at all times.

Section 3. It shall be necessary for the owners or occupants of all buildings mentioned in Section 1, of this ordinance to construct and maintain doors, blinds or shutters made of iron, hung to iron hanging frames or iron eyes built into the wall, on every window and opening above the first story thereof, excepting on the front openings of the buildings fronting on the streets or open places which are more than thirty feet in width. Said shutters, doors and blinds shall be closed at the close of business of each day.

All scuttles opening on fire escapes, and at least one row vertically in every three rows on the front window openings, above the first story of any building, shall be so arranged that they can be readily opened from the outside by firemen.

Section 4. All fire escapes shall be connected with each floor above the first, well fastened and secured, and of sufficient strength, each of which shall have landings or balconies not less than six feet in length and three feet in width, guarded by iron railings not

less than three feet in height, and embracing at least two windows at each story, and connected with the interior by easily accessible and unobstructed openings and the balconies or landings shall be connected by iron stairs not less than 24 inches wide, the steps not to be less than six inches tread, placed at an angle of not more than forty-five degrees slant and protected by a well-secured hand rail on both sides with a suitable twelve-inch wide drop ladder from the ladder platform reaching to the ground. The windows or doors to each fire escape shall be located as far as possible, consistent with accessibility, from the stairways and elevator hatchways or openings and the ladders thereof shall extend to the roof.

Section 5. Any other plan or style of fire escape shall be sufficient if approved by the fire marshal of the city, but if not so approved the fire marshal may notify the owner, proprietor or lessee of such building or of the building in which such establishment is conducted or the agent or superintendent or either of them in writing that any such other plan or style of fire escape is not sufficient, and may by an order in writing, served in like manner, require one or more fire escapes, as he shall deem necessary and sufficient, to be provided for such building at such location and of such plan and style as shall be specified in such written order, not however, in conflict with the provisions of this ordinance.

Section 6. Within twenty days after the service of such order, the number of fire escapes required in such order for such building shall be provided therefor, each of which shall be either of the plan and style in accordance with the specifications in said order required, or of the plan and style in this ordinance described and declared to be sufficient.

Section 7. If any person, firm or corporation shall neglect or refuse to construct suitable fire escapes and other means of egress in case of fire, as directed and required by this ordinance, the fire marshal shall cause such fire escapes or means of egress to be constructed and the expense thereof, and ten per centum in addition, shall be collected from the person, firm or corporation required to construct such fire escapes and means of egress.

Section 8. The owner or owners of any such building upon which any fire escape may now be or may hereafter be placed or erected shall keep the said fire escapes in good repair and well painted and no person shall at any time place any incumbrance of any kind whatsoever before or upon any such fire escape.

Section 9. Every electric wire for furnishing light, heat or power, led into any building from the outside thereof shall be arranged with suitable appliances to cut off the current on the outside of the building, and all wires placed inside buildings shall be properly insulated. In no case shall any such wire, appliances or currents be introduced into any building nor operated therein, except by the consent of the fire marshal and in accordance with the rules and regulations made by him.

Section 10. Any building may be exempted from the provisions of this ordinance by the written consent of the fire marshal.

Section 11. Every person who shall violate any of the provisions of this ordinance shall, for each offense, be subject to a penalty of not less than \$10 nor more than \$150, and on failure to pay said fine or penalty the offender shall be subject to imprisonment in the Monroe county penitentiary for a period

not exceeding one hundred and fifty days or by both such fine and imprisonment.

Section 12. All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

Section 13. This ordinance shall take effect immediately.

Received, filed and published and laid on the table for two weeks.

PUBLIC IMPROVEMENT COMMITTEE REPORT.

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—Your Public Improvement Committee, to whom was referred the matter of the construction of a sewer on Hoeltzer street, respectfully report:

That they heard a number of taxpayers on the said street and are of the opinion that a sewer should be constructed in the said street at once, as there is at present water in the cellars on said street. We therefore recommend that the City Engineer be instructed to prepare an ordinance for the construction of a sewer in said street.

Respectfully submitted,
 WILLIAM WARD,
 JOSEPH A. CRANE,
 EDWARD E. GEHARDT,
 JAMES JOHNSTON,
 D. W. SELYE.

Received, filed and published.

By Ald. Ward—Resolved, That the City Engineer be, and he is hereby instructed to prepare an ordinance for a sewer in Hoeltzer street.

Adopted.

By Ald. Green—

MAP AND SURVEY COMMITTEE REPORT.

Rochester, N. Y., March 17, 1896.

To the Honorable Common Council:

Gentlemen:—Your Map and Survey Committee beg leave to report that after having reconsidered their report recommending the employment of three additional men in the City Engineer's office, and further discussion with the City Engineer, we recommend the employment of the following men until the first of October, 1896:

George Hebard, at \$100 per month; L. Y. McConnell, at \$60 per month, and F. W. Elwood, at \$50 per month.

Respectfully submitted,
 WILLIAM C. GREEN,
 THOMAS W. FORD,
 WM. S. BEARD,
 JOSEPH A. CRANE,
 LEWIS EDELMAN,

Received, filed and published.

By Ald. Green—Resolved, That the following named men be employed in the City Engineer's office until October 1, 1896, at the rates set opposite their respective names:

George Hebard, assistant, at \$100 per month.
 L. Y. McConnell, transitman, at \$60 per month.

F. W. Elwood, rodman, at \$50 per month.
 Adopted by the following vote:

Ayes—Ald. Tracy, Callihan, Gord, Green, Rauber, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Crane Simmlirk, Wilson, Reichenberger—17.

ASSESSMENT COMMITTEE REPORT.

To the Honorable the Common Council:

Gentlemen:—Your Assessment Committee begs leave to submit the following report:

Gentlemen:—In the matter of the petition of David M. Powers, for relief from the as-

essment upon his lot, corner of Oriole street and Glenwood park, for the construction of a plank walk on Glenwood park, under final ordinance No. 5,626, we recommend that the petition be denied.

In the matter of the petition of Joseph Reinhart, for the correction of his assessment for the Genesee street cement walk, we recommend that the petition be referred to the Executive Board and that the Executive Board be requested to report back to the assessment committee their recommendations in regard to the same.

In the matter of the petition of Alfred Haines for rebate of taxes, paid upon his lots on Davis and Augusta streets, since June, 1890, we recommend that the petition be referred to the assessors with instructions to report back to the Assessment Committee their recommendations as to the correct amounts for which the premises of said Haines should be assessed.

In the matter of the petition of Louisa Stalamm, for the reduction of the taxes for the year 1895 upon her premises, being lot 2, south side of Magnolia street, we find that in making such assessment the assessors acted upon the assumption that there was a house upon said premises, when in fact said premises consisted of a vacant lot. We, therefore, recommend that the petition be granted.

In the matter of the petition of William H. Martin, as administrator, for the cancellation of the general city taxes for the year 1895, upon the personal estate of John W. Martin, deceased, we recommend that the same be referred to the assessors with instructions to report back to the Assessment Committee, with their recommendations in regard to the same.

In the matter of the petition of Francis H. Martin, for cancellation of the water tax for the year 1895 upon her premises, being lot No. 17 on the south side of Sibley street, upon the ground that there are no water connections with said lot, and upon the further ground that said premises consist of a vacant lot, we recommend that the same be referred to the Executive Board and that said board be requested to report to the Assessment Committee their recommendations in regard to the same.

In the matter of the application of Frederick Hartleben for cancellation of the assessment upon lot 278 of the Kondolf and Brayer tract on Eleventh street for the Rowe street asphalt improvement, we find that the whole expense of said improvement was directed under the final ordinance therefor to be assessed upon one tier of lots on each side of Rowe street from Lake avenue to the western city line, and that said lot No. 278 did not and does not touch Rowe street at any point, and we recommend that said petition be granted.

In the matter of the petition of Andrew Ludolph for the reduction of interest upon the general city taxes for the year 1894 upon lots 13, 17 and 18 on Ludolph park, and for the year 1892, upon said lots 17 and 18, we recommend that Mr. Ludolph be allowed to pay the face of said taxes with interest at the rate of 6 per cent. per annum, together with the expense of sale of the City Treasurer and other expenses within thirty days from the passage of this resolution, and upon such payment that said taxes be cancelled.

In the matter of the petition of James P. Tumilty, praying that he be relieved from the payment of \$80.18 of the assessment for the Sawyer street plank walk constructed under final ordinance No. 5,996, upon the ground that said walk has been constructed to the extent of 415 feet upon the private premises

of Mr. Tumilty, which have never been dedicated as a public highway, nor thrown open for public use as such for five years, we find that said Sawyer street is a public street along said 415 feet, and we recommend that the petition be denied.

In the matter of the assessment roll for the Vincent place pipe sewer constructed under ordinance No. 5,594, which roll was confirmed by the Common Council February 19, 1895, and referred to the Assessment Committee March 19, 1895, your committee reports that it held a public meeting on Monday evening, March 9, 1896, pursuant to a resolution heretofore duly passed by the Common Council, and heard the allegations of the various parties who desired to be heard in regard to the same. Your committee finds that all the property assessed for the improvement is benefited thereby, and that the roll is correct. Your committee, therefore, refers the said assessment roll back to your honorable body, and recommends that the same stand as confirmed and be delivered to the city treasurer for collection.

All of which is respectfully submitted.

WM. S. BEARD,
JOSEPH A. CRANE,
J. B. SIMMELINK,
HENRY G. COOK,
W. H. TRACY,
Assessment Committee.

Received, filed and published.

By Ald. Beard—

Resolved, That the petition of David M. Powers for relief from the assessment upon his lot, corner of Oriole street and Glenwood park, for the construction of a plank walk under final ordinance No. 5,626 be, and the same hereby is denied.

Adopted.

By Ald. Beard—

Resolved, That the petition of Joseph Reinhart for the correction of his assessment for the Genesee street cement walk constructed under final ordinance No. 5,579 be, and it hereby is referred to the Executive Board, and that said Board is requested to investigate the merits of said petition and report their recommendations in regard to the same to Assessment Committee.

Adopted.

By Ald. Beard—

Resolved, That the petition of Alfred Haines for rebate of taxes paid since June 2, 1890, upon lots on Davis and Augusta street belonging to said Haines, be and the same hereby is referred to the assessors with instructions to report to the Assessment Committee their recommendations as to the correct amounts for which said Alfred Haines should be assessed.

Adopted.

By Ald. Beard—

Resolved, That the petition of Louisa Stallman for the reduction of taxes for the year 1895 upon lot No. 2 on the south side of Magnolia street be, and the same hereby is granted, and upon the payment of the sum of \$3.24, together with interest and the disbursements and expenses of the City Treasurer, the taxes for said year upon said premises may be cancelled, and that the City Treasurer charge the balance of said taxes to erroneous assessments.

Adopted.

By Ald. Beard—

Resolved, That the petition of William H. Martin, as administrator, for the cancellation of the general city taxes for the year 1895, upon the personal estate of John W. Martin, deceased, be, and the same hereby is

referred to the assessors with instructions to report to the Assessment Committee their recommendations in regard to the same.

Adopted.

By Ald. Beard—

Resolved, That the petition of Francis H. Adopted.

By Ald. Beard—

Resolved, That the petition of Frederick Hartleben for cancellation of the assessment upon lot No. 278 of the Kondolf and Brayer tract on Eleventh street for the Rowe street asphalt improvement be, and the same hereby is granted and that the City Treasurer be, and he hereby is directed to cancel said assessment upon paid lot 278 and to charge the same to erroneous assessments.

Adopted.

By Ald. Beard—

Resolved, That the petition of Andrew Ludolph for the reduction of the interest upon the general city taxes for the year 1894, upon lots 13, 17 and 18 on Ludolph park, and for the year 1892, upon said lots 17 and 18 be granted and that upon the payment of the face of the taxes as assessed together with 6 per cent. interest and the necessary expenses of sale and other expenses within thirty days from the passage of this resolution said taxes be cancelled, and that the City Treasurer charge the balance to erroneous assessments.

Adopted.

By Ald. Beard—

Resolved, That the petition of James P. Tumilty, to be relieved from the payment of \$80.18 for the assessment for the construction of Sawyer street plank walk under final ordinance No. 5,996, be and the same hereby is denied.

FINANCE COMMITTEE REPORT.

Rochester, N. Y., March 17, 1896.

To the Honorable the Common Council of the City of Rochester, N. Y.:

Gentlemen:—Your Finance Committee would report that it has considered the Treasurer's communication of the 3d instant, calling attention to the fact that the city's notes for \$150,000, issued last June for the benefit of the Local Improvement Fund, will mature on the 29th instant. Your committee also finds that the city's notes for an additional amount of \$200,000 issued last October for the same purpose will mature April 2d next.

The former series of notes bears interest at the rate of 3 per cent., and the latter at 3 7-8 per cent. and inasmuch as there are no funds available to pay them, your committee would recommend that new notes for the same amounts be issued for a term not exceeding four months.

Your committee has reason to believe that arrangements will be perfected at an early day whereby the terms of payment for all assessments for Local Improvements will be made easier for the property owners. These arrangements will naturally facilitate prompter and larger payments into the Local Improvement Fund and lessen correspondingly the amount the city must borrow for Local Improvement purposes.

The arrangements also provide that whatever moneys are needed for Local Improvement purposes, shall be secured by issuing a series of bonds to be known as Local Improvement bonds.

For this reason your committee would recommend limiting the term of the new notes referred to, to not exceeding four months.

Respectfully submitted,

JAMES JOHNSTON,
M. B. ADAMS,
HENRY G. COOK,
JOSEPH C. WILSON,
J. MILLER KELLY,

Finance Committee.

Received, filed and published.

By Ald. Johnston—

Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue, as may be necessary, in anticipation of taxes levied but uncollected, under authority of Sections 80 and 81 of the city charter, the city's note or notes, for an amount not exceeding one hundred and fifty thousand dollars, \$150,000; said notes to run for a period not exceeding five months; to be negotiated under the direction of the Finance Committee, and countersigned by the chairman thereof; interest or discount to be charged to the Contingent Fund, and the proceeds credited to the Local Improvement Fund.

Adopted by the following vote:

Ayes—Ald. Tracy, Callihan, Ford, Green, Rauber, Adams, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Pauckner, Kelly, Crane, Simmelink, Wilson, Reichenberger.—17.

FIRST ORDINANCES.

Ald. Tracy in the chair.

BIG RIDGE ROAD CEMENT WALKS.

By Ald. Ward—Resolved, That the City Engineer ascertain and report to this Council the expense of constructing a Portland cement walk on the south side of the Big Ridge road.

Adopted.

The Engineer submitted as such estimate, \$4,325.

By Ald. Ward—Resolved, That the following improvement is necessary and should be made, viz.:

The construction of a Portland cement walk 5 feet wide on the south side of the Big Ridge road, from Lake avenue to the city line. Also the necessary plank crosswalks and sidewalk grading.

And, The City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$4,325, which, being deemed reasonable, is hereby approved,

Resolved, further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the south side of the Big Ridge road from Lake avenue to the city line.

Adopted.

GLENWOOD PARK FOOT BRIDGE.

By Ald. Ward—Resolved, That the City Engineer ascertain and report to this Council the expense of constructing a foot bridge across Deep Hollow ravine in Glenwood park.

Adopted.

The Engineer submitted as such estimate, \$1,300.

By Ald. Ward—Resolved, That the following improvement is necessary and should be made, viz.:

The construction of a timber foot bridge across Deep Hollow ravine in Glenwood park.

And, The City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$1,300, which, being deemed reasonable, is hereby approved.

Resolved, further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Glenwood park, from Oriole street to Lake avenue, including the portion not yet dedicated between Thrush street and Fourth street. Also that portion of Glenwood park east of Lake avenue for a distance of 150 feet.

Adopted.

SHELTER AVENUE CEMENT WALKS.

By Ald. Ward—Resolved, That the City Engineer ascertain and report to this Council the expense of constructing a cement walk on Shelter avenue.

Adopted.

The Engineer submitted as such estimate, \$2,650.

By Ald. Ward—Resolved, That the following improvement is necessary and should be made, viz.:

The construction of a Portland cement walk 4 feet and 8 inches wide on each side of Shelter avenue from Jefferson avenue to Genesee street, except where good flagstone or cement walks now exist which shall be relaid if they do not conform to the proper grade and alignment. Also the necessary flagstone crosswalks and sidewalk grading.

And, The City Engineer, under the direction of this Council, having made an esti-

mate of the whole expense thereof, and reported the same at \$2,650, which, being deemed reasonable, is hereby approved.

Resolved, further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Shelter avenue from Jefferson avenue to Genesee street.

Adopted.

MAPLEWOOD AVENUE OPENING.

By Ald. Edlman—Resolved, That the following improvement is necessary and should be made, and we hereby judge that the public good requires the same to be done, viz.:

The opening of Maplewood avenue 60 feet in width, from Rose street to Driving Park avenue, the west line of said opening being described as beginning at a point in the north line of Driving Park avenue 280.43 feet east of Lake avenue, thence northerly 225.03 feet to a point 295.02 feet easterly from Lake avenue, measured on the north line of the property supposed to belong to the Mutual Life Insurance Company, of New York, thence in a continuation in a straight line of said described line of Maplewood avenue to a point 325 feet east of and at right angles with Lake avenue, thence still northerly on a line parallel with and 325 feet east of Lake avenue to Rose street, as shown on the maps of the city survey as made by J. C. Ryan. The lands necessary to be taken for said opening is all the lands lying between the above described west line and a line parallel with and 60 feet east of said west line, and extending from Rose street to Driving Park avenue.

Resolved, further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Maplewood avenue as now opened and as proposed to be opened from Rose street to Driving Park avenue, as they exist at the date of the passage of this ordinance.

Adopted.

DRIVING PARK AVENUE SPRINKLING.

By Ald. Ward—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Driving Park avenue.

Adopted.

The Engineer submitted as such estimate, \$232.

By Ald. Ward—Resolved, That the following improvement is necessary, viz.:

The sprinkling of Driving Park avenue, from river bridge to Thrush street, during the season of 1896.

And, The City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reports the same at \$232, which estimate is hereby approved.

Resolved, further, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

AN ACT to amend the charter of the city of Rochester, and to extend its boundaries.

The people of the state of New York, represented in senate and assembly, do enact as follows:

Section 1. An act entitled "An act to further amend chapter one hundred forty-three of the laws of eighteen hundred and sixty-one, entitled 'An act to amend and consolidate the several acts in relation to the charter of the city of Rochester,' and to consolidate therewith the several acts in relation to the charter of said city," passed February 19, 1880, being chapter fourteen of the laws of eighteen hundred and eighty, as heretofore amended, is herein designated as the charter of said city.

Section 2. Section two of said charter is hereby amended so as to read as follows:

Section 2. Boundaries. The boundaries of said city shall be as follows: Beginning at a point in the present northerly line of said city of Rochester, which said point is in the middle of the Ridge road eight chains and seventy-five links distant easterly from the top of the east high bank of the Genesee river; thence south, fifteen minutes east, to the north line of Norton street; thence easterly on the said north line of Norton street to a point two hundred feet easterly from the east line of lot number forty-eight, in the town of Irondequoit; thence southerly on a line parallel with the said east line of said lot number forty-eight, and at a distance of two hundred feet easterly therefrom to the south line of the highway called Waring street, thence southeasterly along the south line of said Waring street, and the said line continued to a point which would be the intersection of the said lines with the east line of the highway known as Culver road; thence southwesterly on said line of said Culver road to a point on the east line of said Culver road, two hundred and fifty-two and four-tenths feet north of where the north line of Park avenue intersects said east line of Culver road; thence southeasterly about sev-

en hundred and fifty feet to the northwest corner of lands now owned by the Thomas Leighton estate; thence southeasterly along the north line of said Leighton lands to a point where said last mentioned line produced would intersect the northerly line of town lot thirty-six, in the town of Brighton; thence easterly along the north line of said town lot thirty-six to the northeast corner thereof; thence southwesterly along the north line of said town lot 36 to the Erie canal lands; thence westerly along the Erie canal lands to the east line of said Culver road; thence southwesterly along the east line of said Culver road to the north line of lot number thirty-seven, in the town of Brighton; thence westerly on the north line of said lot number thirty-seven and on the north line of lots forty-five and fifty-three, in the said town of Brighton, to a point in the north line of said lot fifty-three, two hundred and ninety feet easterly from the northeast corner of lot number sixty-one in said town; thence southerly on a line parallel with the east line of said lot number sixty-one, to the northerly line of a road known as Elmwood avenue; thence westerly along the northerly line of said road known as Elmwood avenue to a point, which said point is at the intersection of the northerly line of said Elmwood avenue with the westerly line of the lands now owned by the New York, Lake Erie and Western Railroad Company; thence southerly on the westerly line of the said lands now owned by said railroad company, to a point in the center of the Westfall road, so called; thence westerly along the center of the Westfall road to a point in the center of the said Westfall road, where the said road makes an angle to the north; thence southwesterly in a straight line twenty-four hundred feet through lands now owned by, or known as the Harmon farm, and the Baker farm, to a point where the east bank of the Genesee river intersects the west line of the Wolcott road, so called; thence northeasterly along the east shore of the Genesee river, about eight hundred and fifty feet, to a point where the northerly line extended of a road running between the lands of F. Chapin, and Matthias Kendall, on the west side of said river would intersect said east bank of said river; thence westerly along said line so extended and continuing along said line to a point where the said line intersects the easterly line of lands now owned by the Western New York & Pennsylvania Railroad Company; thence northeasterly along the east lines of said lands owned by said company, to a point where the east line of said railroad would be intersected by the center line of Genesee street produced southwesterly; thence northeasterly through the center of a road, which is the continuation of Genesee street, to a point where the center line of Genesee street intersects the present southerly line of lot 7 and the north line of lot 7 and the south line of lot forty-six of the town of Gates; thence westerly along the said line to a point where the said line would be intersected by the west line of Thurston avenue produced southerly; thence northerly along the said produced line and the west line of Thurston avenue to the south line of Brooks avenue; thence westerly along the southerly line of Brooks avenue to a point where said southerly line of Brooks avenue would intersect the west line of lots numbers eighty-two, eighty-three, eighty-four and eighty-five, in township number one, short range, west of the Genesee river, extended southerly to said southerly line of Brooks avenue; thence northerly on said extended

line to the north line of the Buffalo road; thence westerly on the north line of said Buffalo road to the west line of lands of the McKee Land and Improvement Company of Rochester, N. Y.; thence northerly on the west line of said company's lands to the north line thereof; thence easterly along said north line to the northwest corner of lot number eighty-five aforesaid; thence northerly on the west line of said lots numbers eighty-four and eighty-three and eighty-two, until said line intersects the north line of Rowe street, otherwise known as Lexington avenue; thence easterly along the northerly line of said Rowe street, to the intersection thereof with the east line of lot number seventy-two in township number one, short range, in the Phelps and Gorham purchase, west of the Genesee river; thence northerly along the east line of said lot number seventy-two and the east line of lots number seventy-one and seventy in said township number one, to a point twenty rods north of the center of the highway known as the Big Ridge road; thence easterly parallel with the center line of said road and twenty rods distant northerly therefrom and on said line produced easterly to a point twelve hundred feet easterly from the east line of Lake avenue; thence northerly on a line parallel with Lake avenue, ten hundred and eleven feet, to a point; thence north, thirty-six degrees and twenty-six minutes west, eight hundred and eighty-eight feet to a point; thence north, twelve degrees and four minutes west, to the center of a road leading to Hanford's landing; thence easterly along the center of said road leading to Hanford's landing, to a point fifty feet, westerly, from the west high bank of the Genesee river; thence northerly, parallel with the top of the west high bank of the Genesee river and fifty feet distant, westerly, therefrom, to the south line of Holy Sepulchre cemetery, which is the north line of the lands of William Merrill; thence easterly along said line and said line produced easterly to the east bank of the Genesee river; thence northerly along the east bank of the Genesee river in its various courses, to the north line of lot fourteen, in the township fourteen, in the seventh range of townships, in the town of Irondequoit; thence easterly along the north line on said lot fourteen, to the west line of the lands owned by the Rome, Watertown & Ogdensburg Railroad Company; thence southerly along the west line of the lands owned by the said Rome, Watertown & Ogdensburg Railroad Company to a point at which the south line of the lands owned by Hosea Rogers, produced westerly, would intersect the western boundaries of the lands of the Rome, Watertown & Ogdensburg Railroad Company; thence easterly along the said south line of the lands owned by Hosea Rogers, produced to the eastern boundaries of the Rome, Watertown & Ogdensburg Railroad Company; thence southerly along the eastern boundaries of said Rome, Watertown & Ogdensburg Railroad Company's lands to a point on the east line of lands recently purchased from Charles Howard by the city of Rochester; thence southerly along the easterly line of lands recently purchased from Charles Howard, W. G. Culross, Emma D. Culross, Elbert G. Callister, John D. Callister and Elizabeth Callister, to the south line of said lands recently purchased by the city of Rochester from Elizabeth Callister; thence easterly along the south line of said Elizabeth Callister's land to the east side of a road, which said road is in continuation of North Saint Paul street in the city of Rochester; thence seventeen degrees and forty minutes, southeast, to the

middle of the Ridge road; thence westerly along the middle of the Ridge road to the place of beginning.

Section 3. All of the above territory taken into said city by section two of this act, which is not already within the present boundaries of said city, shall constitute the twenty-first ward of said city.

Section 4. The new territory hereby taken into said city by section two of this act, and the personal property of the inhabitants thereof now residing thereon, so long as they shall continue to reside thereon, shall be exempt from the payment of any part of the present city debt which was contracted for bounties for soldiers or for relief of soldiers' families or for aiding in the construction of the Rochester, Nunda and Pennsylvania railroad, or for deficiencies already accrued, whether funded or not, or for the construction of water works or which may hereafter be contracted for the construction or completion of water works, or any interest that may accrue thereon, or for the expenses of lighting the city. Whenever, however, a majority of the taxpayers on a street within the territory so annexed, shall petition for the extension of the water mains or lamps upon such street for their benefit, the taxable property and residents on said street shall become jointly liable upon their assessment in said territory, with the old territory of said city for such portion of the water debts, if they petition for water mains, as may then remain unpaid, or, if they petition for lights, their proportion for lighting said city. And it is hereby further provided, that the town from which the territory hereby annexed to the city of Rochester is taken, shall be released from the support of all paupers who are actual residents upon the territory so taken, and they shall thereupon become a charge upon the city of Rochester. The assessors of said city are hereby required to prepare an assessment roll for said new ward created by this act and deliver to the supervisor of said ward for the use of the board of supervisors of Monroe county, on or before the first day of October, eighteen hundred and ninety-six.

Section 5. It shall be the duty of the common council of said city and they are hereby authorized to appoint for the said new ward, all the officers which, by the provisions of the said charter, are to be chosen by the electors in each ward, which officers so appointed shall be residents of the ward for which they are appointed and shall hold their respective offices until the 31st day of December next after the next annual charter election at which said officers can be elected according to law and the provisions of the said charter as hereby amended.

Section 6. All officers who shall be elected or appointed as provided by this act shall take the constitutional oath of office prescribed by law and be subject to all the provisions of the said charter applicable to similar officers of the said city respectively.

Section 7. This act shall take effect immediately.

Received, filed and published and laid on the table two weeks.

AN ACT to authorize the construction of a West Side sewer in the city of Rochester, in the county of Monroe, and to repeal chapter six hundred three of the laws of eighteen hundred ninety two, entitled "An act to authorize and provide for the construction of a sewer in the tenth, fifteenth and twentieth wards of the city of Roches-

ter and in the town of Gates, in the county of Monroe," and the acts amendatory thereof and supplemental thereto."

The People of the State of New York, represented in senate and assembly, do enact as follows:

Section 1. Bonds—The Common Council of the city of Rochester, for the purpose of providing for the payment of the costs and expenses of the construction of a trunk sewer on the west side of the Genesee river in said city, may, from time to time, authorize the City Treasurer of said city to issue bonds of said city in an amount not to exceed in the aggregate the sum of six hundred and twenty-five thousand dollars; said bonds when issued shall be signed by the said treasurer and countersigned by the Mayor and President of the Common Council of said city. They shall be known as the West Side trunk sewer bonds. They shall be issued in separate series of twenty-five thousand dollars respectively. The first of said series of twenty-five thousand dollars shall be made due and payable in ten years from the date of issue, and the succeeding series of said bonds shall be so made due and payable that one of said series of said bonds, and only one, shall fall due and be payable in each and every year following the year in which said first series of said bonds shall fall due and be payable. The city of Rochester shall have the privilege of paying any and all of said bonds at any time after ten years from the date of issue. Said bonds shall bear interest at a rate not to exceed 4 per centum per annum, payable semi-annually on the first days of January and July in each year. The interest and principal of said bonds shall be payable in the city of New York. It shall be the duty of the City Treasurer to keep a complete record of said bonds, including the date thereof, the number of each bond and series number, the time of maturity and to whom issued, if registered. The proceeds of said bonds shall be applied to the payment of the cost and expenses of construction of said trunk sewer.

Section 2. Sale of Bonds—Whenever the Common Council of said city authorizes the City Treasurer of said city to issue bonds for the purpose as contemplated in this act, it shall be the duty of said Treasurer to sell said bonds at public sale to the highest bidder, but no sale shall be made at less than par. Notice of such sale shall be given by publishing the same in the official paper of said city, and in two daily papers in the city of New York at least ten days prior to the date of sale.

Section 3. Payment of Interest—The interest on all bonds issued by virtue of this act shall be paid by the City Treasurer out of the contingent fund of said city; which said fund shall be reimbursed for moneys so expended by provision as hereinafter contained. For the purpose of providing the contingent fund with moneys sufficient to meet the payment of said interest, the Common Council may, whenever necessary, authorize the City Treasurer to borrow money in anticipation of the assessment hereinafter directed to be made on the city's note. Such note may be renewed from time to time, but only until moneys sufficient to pay the same have been realized from said assessment.

Section 4. Assessment—For the purpose of meeting the payment of said bonds as they come due, and of reimbursing the contingent fund for moneys expended for the payment of interest on said bonds, and for all costs and expenses of discounting the city's note for the payment of said interest, the Common

Council, in the year in which the first issue of bonds is made, shall pass a resolution declaring the part or portion of the city which they deem benefited by the construction of said trunk sewer, and which they deem proper to be assessed therefor, which part or portion of the city, however, shall be entirely on the west side of the Genesee river, in said city. They shall estimate and declare the amount of money necessary to be raised to meet the payment of such of said bonds as will fall due in the next succeeding five years, and the amount of money necessary to be raised to reimburse the contingent funds for moneys expended, or to be expended, for interest during the same period, on any and all bonds issued by virtue of this act, and all costs and expenses of discounting the city's note for the payment of said interest, and they shall declare that the amount so estimated and declared shall be raised by assessment on the property which they have determined to be benefited. They shall determine and declare that the assessment to be made shall be paid in not more than five equal payments, one within thirty days from the time that the Treasurer advertises the same, as hereinafter provided for; and the balance in one, two, three and four years, respectively, from the confirmation of the assessment roll.

Section 5. Order of Assessment—The Common Council shall thereupon make an order reciting the amount of money to be raised by such assessment as aforesaid, and, thereupon the City Assessors shall make an assessment upon all the lots and parcels of land within the portion or part so designated, of the amount of money to be raised, in proportion, as nearly as may be, to the advantage which each may be deemed to receive by the making of such improvement, which order shall be certified to by the Clerk of the said city, and delivered to some one of the said Assessors.

Section 6. Oath of Assessors—It shall be the duty of the said Assessors to meet together at such time and place as may be agreed upon by them, and thereupon severally to take and subscribe an oath before some officer authorized to take affidavits to be read in courts of record, that they will faithfully and impartially discharge the duty imposed upon them by said order, which oath shall be forthwith returned and filed by the City Clerk.

Section 7. Assessment Roll, How Made—The said Assessors, having taken their oath, shall proceed to make an assessment according to the said order, and shall make out an assessment roll, in which shall be entered the names of the persons assessed, as far as they can ascertain the same, the value of the property for which they are assessed and the amount assessed to them respectively, with a brief description of the lots or parcels of land so assessed. A designation of the lots or parcels of land so assessed, by any description sufficient to distinguish the same, shall be sufficient in making said assessment roll, without regard to the names of the owners or occupants.

Section 8. Objections to Assessment Roll—Immediately after such assessment shall have been completed, the said Assessors shall determine the time and place where they shall first meet to hear the allegations and objections of all persons interested in said assessment, of which, at least, ten days' previous notice shall be given by publication in a daily newspaper of said city.

Section 9. Presentation of Roll to Common Council; Confirmation—At the time and place designated in such notice, the Assess-

ors, or a majority of them, shall meet and hear such allegations and objections, and the assessment books shall then be opened for examination and inspection of all parties interested. The Assessors may adjourn from time to time, as may be deemed necessary, and they shall amend and correct such assessments as they may deem proper. When completed, the assessment roll shall be certified and sworn to by said Assessors, or a majority of them, and shall be delivered to the Clerk of said city, who shall report the same to the Common Council at its next meeting. Upon such return being made, filed and so reported, the Common Council shall proceed to hear allegations against, or appeals from, the said assessment, and may correct, confirm, set aside, or refer to a committee appointed by it, or order a new assessment to be made. If the same shall be referred to a committee, the said committee may proceed to hear allegations or objections upon five days' notice by publication, or may, without such notice of hearing, examine and report to the Common Council, who shall, thereupon, proceed to correct, confirm or set aside said report, or order a new assessment.

Section 10. Completion of Assessment—Upon confirmation by the Common Council, the said assessment shall be final and conclusive. It shall be sufficient, in said assessment, to designate the owners or occupants of the lots or parcels of land intended to be assessed either by name or as unknown, or to describe said several lots and parcels of land by any description by which they may be respectively distinguished. Said assessment, so made, shall create a personal obligation or liability against the owner of the lot or parcel of land assessed, to pay the city of Rochester the amount of such assessment, for the collection of which, together with interest, cost and expenses, said city may maintain, in its own name, an action in any court of competent jurisdiction, in addition to any other remedies herein provided for the collection thereof.

Section 11. Notice by City Treasurer of Receipt of Roll—Whenever the assessment is confirmed by the Common Council, the assessment roll shall be delivered to the City Treasurer, whose duty it shall be to give five days' public notice, by advertisement, in two daily papers printed in said city, of the receipt of such roll, requiring the persons assessed or the owners or occupants of the lots assessed, to pay the assessment to him, at his office, the first installment thereof within thirty days from the first publication of said notice, and the balance thereof in installments in one, two, three and four years, respectively.

Section 12. Warrant of City Treasurer for Collection of Assessment—If such assessment or any installment thereof, shall not be paid when the same becomes due, the City Treasurer shall issue a warrant therefor with interest thereon at the rate of 6 per centum per annum, from the time when due, besides collectors' fees.

Section 13. Warrant of Collector: Report of Unpaid Assessment—The City Treasurer shall issue his warrant as aforesaid, to a collector, commanding him to collect the amount unpaid on such assessment, with interest and fees, as aforesaid, and shall annex to such warrant, either a list of such assessments taken from the assessment roll, or the roll itself; said warrant shall be under his hand, and directed to any person whom he may see fit to appoint a collector of the assessment specified in such warrant, commanding such person, as such collector, to collect

the amount of said assessment, or the portion then due, and an additional amount of 5 per centum, except that in no case is the amount so added to be of less than twenty-five cents, and also interest thereon at the rate of 6 per centum per annum from the date at which said assessment or installment thereof, became due, and to pay the same to the City Treasurer, and return such warrant within twenty days after the date thereof. Every collector shall hold his appointment during the pleasure of the Treasurer, and may, at any time, be suspended or removed, and the Treasurer and his sureties shall be liable for any collector, and for all moneys that may be collected or received by him. In case any assessment shall have become entirely due, and the whole, or any part thereof, remains unpaid, and a warrant shall have been issued therefor and returned unsatisfied, it shall be the duty of the City Treasurer to report the same to the City Assessors. The said City Assessors, in preparing the next roll for general city taxes, shall insert therein against the property on which it was assessed, the amount of such unpaid assessment, with interest thereon, at the rate of 6 per centum per annum, down to the confirmation of said roll, and on the confirmation of said roll, the said assessment shall become and be a part of the general city taxes of said property. When such tax is collected, the treasurer shall credit the portion thereof which was due on any assessment to the proper fund.

Section 14. Estimates of Common Council to pay Bonds.—In each fifth year, after the year in which the first assessment herein authorized is made, the Common Council shall estimate and declare the amount of money necessary to be raised to meet the payment of such of said bonds as will fall due in the next succeeding five years, and the amount of money necessary to be raised to reimburse the Contingent Fund for moneys expended, or to be expended for interest during the same period, and costs and expenses of discounting notes in payment of the interest on any and all bonds issued by virtue of this act, and what part or portion of the city which they deem benefited by the construction of said trunk sewer, and which they deem proper should be assessed therefor, which part or portion of the city, however, shall be entirely on the west side of the Genesee river in said city, and shall direct an assessment to be made on the said part or portion of the city; and the said Common Council shall make similar orders and pass similar resolutions, and similar proceedings shall be had in reference to each succeeding assessment as was had in the first assessment and all proceedings herein, and reference to the first assessment shall be equally applicable to each succeeding assessment. And assessments, as herein provided for, shall be continued until all of said bonds shall have been redeemed and paid off, and until the said contingent fund shall have been entirely reimbursed for all moneys expended from it, for payment of interest on the bonds authorized by this act.

Section 15. Horace G. Pierce, George B. Swikehard and Arthur Leitchford, residents of the city of Rochester, Monroe county, New York, three of the present commissioners of sewerage to provide for the construction of a sewer in the tenth, fifteenth and twentieth wards in the city of Rochester and in the town of Gates in the county of Monroe, under chapter six hundred three of the laws of eighteen hundred ninety-two, and under chapter four hundred thirty-eight of the laws of eighteen hundred ninety-five, are hereby

appointed commissioners to act with the members of the Executive Board of said city of Rochester in all matters pertaining to said West Side trunk sewer; the said commissioners hereby appointed to act with said Executive Board shall, within thirty days after the passage of this act, take the oath of office required to be taken by the members of the said Executive Board. They shall each give a bond in such amount and with such securities as the Mayor of the city may approve, conditioned for the faithful performance of their duties, and they shall have the same powers and be subject to the same duties and responsibilities in reference to all matters pertaining to the said trunk sewer as the said members of said Executive Board. They are authorized and it shall be their duty to lay out and construct a sewer of such dimensions and of such materials, between the points specified upon the maps filed by the commissioners of sewerage for the tenth, fifteenth and twentieth wards in the city of Rochester and town of Gates, as required by chapter four hundred thirty-eight of the laws of eighteen hundred ninety-five and chapter seven hundred forty-four of the laws of eighteen hundred ninety-five. In case of death, resignation or inability to act, of any of said commissioners, the Common Council shall have power to fill the vacancy. The said commissioners not members of the Executive Board shall, for each day actually and necessarily spent by them in the performance of their duties as such commissioners, receive the following compensation: the commissioner who is a lawyer, appointed hereby, ten dollars, and each of the other commissioners five dollars; and in no case shall the annual compensation of any commissioners exceed, for the commissioner who is a lawyer two thousand four hundred dollars, and the commissioners who are not, one thousand two hundred dollars each. No commissioner shall be directly or indirectly interested in any contract with reference to the construction of such sewer, as principal, surety or otherwise, except as such commissioner. Said commissioners and Executive Board shall be known by the name of "West Side Trunk Sewer Commission," in which name they may let all contracts and do any other act in reference to said sewer which may be done by the Executive Board in regard to any improvement, and sue for and collect any penalties, claims or demands under any of said contracts or concerning said West Side sewer. Upon the completion of the construction of said West Side sewer the services and compensation of said three commissioners, or their successors, other than the members of the Executive Board, shall cease and said sewer shall from henceforth be managed and controlled by the Executive Board of the said city of Rochester.

Section 16. Application of City Charter in Certain Cases.—Where provision is not made in this act for any part of the making, levying or collection of the assessments directed by this act, such action shall be had and taken in reference to said making, levying or collection of said assessments as is directed to be had and taken by the charter of said city in reference to the assessments for local improvements.

Section 17. Said commissioners and Executive Board shall keep a record of their proceedings in a book or books to be provided for that purpose, and shall also keep an account in proper account books of all moneys collected or disbursed by them. They shall, annually, on or before the fifteenth day of January in each year, file with the Common Council a full and complete statement of all their financial transactions and the disposi-

tions of all moneys received by them under and by virtue of said chapter six hundred and three of the laws of eighteen hundred and ninety-two, or any acts amendatory thereof or supplemental thereto, or of this act, which reports shall be verified by the oath of said commissioners and shall be duly examined and audited by said Common Council.

Section 18. Neither of the commissioners mentioned in this act shall be liable personally upon any contract made or certificate of indebtedness issued by him or them, as such commissioner or commissioners, nor for any act done by him or them under the provisions of this act unless such act shall be a willful and intentional wrong on his part.

Section 19. All contracts or liabilities heretofore made or incurred and all certificates of indebtedness issued by the commissioners of sewerage for the tenth, fifteenth and twentieth wards in the city of Rochester and town of Gates, under chapter six hundred three of the laws of eighteen hundred ninety-two and the various acts amendatory thereof and supplemental thereto, shall be assumed by the city of Rochester and shall be paid out of the proceeds of the sale of bonds as provided by the first section of this act. The city of Rochester shall repay to each person who has heretofore paid any part or all of an assessment for the construction of a sewer in the tenth, fifteenth or twentieth wards of the city of Rochester and in the town of Gates, assessed pursuant to chapter six hundred three of the laws of eighteen hundred ninety-two, or the various acts amendatory thereof and supplemental thereto, the amount so paid by him with interest from the date of such payment. Such payment shall be made by the Treasurer of the city of Rochester upon a warrant or certificate signed by the treasurer of said commission, stating the name of the person who paid the assessment and who is entitled to such re-payment, the amount paid and the date of the payment.

Section 20. All assessments heretofore made by the commissioners of sewerage for the tenth, fifteenth and twentieth wards in the city of Rochester and in the town of Gates, pursuant to chapter six hundred three of the laws of eighteen hundred ninety-two and chapter four hundred thirty-eight of the laws of eighteen hundred ninety-five, or the various acts amendatory thereof or supplemental thereto are hereby annulled, vacated, cancelled and set aside and the lien of the same upon any parcel or parcels of land in the town of Gates or in the city of Rochester are hereby discharged.

Section 21. All acts of the commissioners of sewerage appointed under chapter six hundred three of the laws of eighteen hundred ninety-two and of chapter four hundred thirty-eight of the laws of eighteen hundred ninety-five, except as the same are hereby vacated or modified, are hereby ratified and confirmed.

Section 22. Chapter six hundred three of the laws of eighteen hundred ninety-two and chapter four hundred ninety-five are hereby repealed.

Section 23. This act shall take effect immediately.

Whereas, There are two streets in this city known as Henry street, one in the eighth ward, running from Herman street to Clifford street; the other in the eighteenth ward extending from East Main street to University avenue, and

Whereas, Such duplication of names causes delay and mistakes in the delivery of mail, express packages, etc., and is a source of much annoyance to the postoffice authorities and citizens generally on the streets thus named, and

Whereas, There is no evidence of the fact that such duplication of names is necessitated by a paucity of names appropriate for street nomenclature, there being a large number of worthy publicists and reputable private citizens whose names have not been utilized for this purpose; and

Whereas, It does not appear from the records that either street was ever formally named; therefore

Resolved, That the street running from Herman street to Clifford in the eighth ward be named Henry street, and the thoroughfare extending from East Main street to University avenue in the eighteenth ward, and now known as Henry street, be named Barnum street; that the Executive Board be requested to place the necessary street signs, and the City Clerk to enter the names in the street register kept by him.

COMMUNICATIONS FROM THE MAYOR.

By the Clerk—

Mayor's Office,
Rochester, N. Y., March 13, 1896.

By virtue of the authority vested in me by the statute, I hereby appoint Abraham Benedict a member of both of the examining boards of the Civil Service Commission.

GEORGE E. WARNER,
Mayor.

Received, Filed and Published.

By the Clerk—

Mayor's Office,
Rochester, N. Y., March 25, 1896.

To the Common Council of the City of Rochester:

Gentlemen:—I desire to call your attention to the fact that the appointments made by you of the following persons in the City Engineer's Office, to wit: George Hebbard, L. Y. McConnell and F. W. Elwood, is a direct violation of the Civil Service Laws of the state of New York, and the rules and regulations adopted by the city of Rochester.

None of these persons have been certified by the Civil Service Board to the Common Council for your consideration. The only course for you to pursue is to call upon the Civil Service Board for the names of persons to fill the positions occupied by these persons, and to appoint only from the names certified by the Civil Service Board.

All of the above named persons have passed the Civil Service Examination, but they can only be appointed after having been certified to you by said Board.

GEORGE E. WARNER, Mayor.

Received, filed and published and referred to committee on maps and surveys.

By the Clerk—

Mayor's Office,
Rochester, N. Y., March 30, 1896.

To the Common Council of the City of Rochester—

Gentlemen:—I have received from the Clerk of the Assembly the bill herewith inclosed in reference to the use of soft coal, and have advertised that a public meeting will be held on March 31, 1896, at eight o'clock, P. M., before the Common Council and the Mayor to all persons interested therein. It

will be necessary for the Council after such hearing to accept, or refuse to accept the same.

Very respectfully,
GEORGE E. WARNER,
 Mayor.

Received, filed and published.
 AN ACT to prohibit the use of soft coal by public institutions maintained by the state within any city of the second class.

The People of the state of New York, represented in Senate and Assembly, do enact as follows:

Section 1. No. public institution maintained by this state within the corporate limits of any city of the second class shall use or burn bituminous coal in the operation of any of its departments, provided that the local ordinances of any such city forbid the use thereof.

Sec. 2. This act shall take effect immediately.

Ald. Tracy moved that action with reference to the bill be deferred until later in the meeting. Carried.

To the Honorable Common Council of the City of Rochester:

Gentlemen:—I do hereby certify that the City Assessors have delivered to me the following assessment rolls, verified and certified as required by the charter:

Ord.	
6,019. Driving Park avenue cement walk (supplemental.)	
5,981. Avenue A, sprinkling.	
6,023. Central avenue Medina improvement.	
5,602. Driving Park avenue cement walk.	

Respectfully submitted,
THEO. S. PULVER,
City Clerk.

Received, filed and published.

Allegations were heard on each of the above named assessment rolls, separately and each was confirmed by the following vote:

Ayes—Alds. Tracy, Callihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Cook, Pauckner, Kelly, Crane, Simmelink, Englehardt, Wilson, Reichenberger.—19.

By Ald. Johnston—

Office of Executive Board,
Rochester, N. Y., March 30, 1896.

To the Common Council:

Gentlemen:—The Executive Board directs me to inform your honorable body that it will be necessary to make provision for the payment of \$19,799.84, which sum is required to meet the pay roll for the current month, for the Fire Department, and other obligations already incurred and audited. The Executive Board, therefore, request that at least the sum of \$20,000 be ordered credited to the Fire Department Fund.

Respectfully,

THOS. J. NEVILLE, Clerk.

By Ald. Johnston—

City Treasurer's Office,
Rochester, N. Y., March 31, 1896.

To the Honorable the Common Council:

Gentlemen:—In order to meet the cash requirements in the budget to be passed by your honorable body this evening, several of the funds will require an extra appropriation. The total amount necessary will be (\$100,000) one hundred thousand dollars.

I would therefore ask authority to issue the city's note, or notes, for \$100,000, the same to be credited to the several funds named in the accompanying resolution.

Respectfully submitted,

S. B. WILLIAMS,
Treasurer.

Received, filed and published.

By Ald. Johnston—

Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue, as may be necessary, in anticipation of taxes under authority of Section 80 of the City Charter, the city's note or notes, for an amount not exceeding one hundred thousand dollars (\$100,000), said note to run for a period under the direction of the Finance Committee, and countersigned by the chairman thereof; interest or discount to be charged to the Contingent Fund, and the proceeds credited to various funds as follows:

Contingent Fund	\$ 17,000
Police Fund	14,000
Lamp Fund	16,000
Fire Department Fund	25,000
Teachers Fund, Board of Education.	25,000

	\$100,000

Adopted by the following vote:

Ayes—Alds. Tracy, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Ward, Cook, Pauckner, Kelly, Crane, Simmelink, Englehardt, Wilson, Reichenberger.—17.

By Ald. Johnston—

City Treasurer's Office,
Rochester, N. Y., March 31, 1896.

To the Honorable the Common Council:

Gentlemen:—I would respectfully call your attention to the fact that there will be due and payable April 2d, the city's notes for \$250,000, chargeable to Local Improvement Fund. It will be necessary to renew these notes for their full amount, as the collections in this fund will not more than take care of acceptances coming due April 1st. At your meeting held March 17th, authority was given

me to issue the city's notes for \$200,000 on account of the renewal of notes due April 2d—the resolution should have been for \$250,000.

Please give me the required authority to issue the city's note for \$50,000 more for this purpose and oblige.

Yours Very Respectfully,

S. B. WILLIAMS,
Treasurer.

Received, filed and published.

By Ald. Johnston—Resolved, That the City Treasurer be, and he hereby is authorized and directed to issue, as may be necessary, in anticipation of taxes levied but uncollected, under authority of sections 80 and 81 of the city charter, the city's note or notes, for an amount not exceeding fifty thousand dollars (\$50,000); said note to run for a period not exceeding four months; to be negotiated and not exceeding four months; to be negotiated under the direction of the Finance Committee, and countersigned by the chairman thereof; interest or discount to be charged to Local Improvement Fund, and the proceeds credited to the Local Improvement Fund.

Adopted by the following vote:

Ayes—Alds. Tracy, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Ward, Cook, Pauckner, Kelly, Crane, Simmelink, Englehardt, Wilson, Reichenberger.—17.

By the Clerk—

Office of Executive Board,
Rochester, N. Y., March 20, 1896.

To the Common Council:

Gentlemen:—On October 30, 1894, your honorable body passed a final ordinance, No. 5,623, for the widening of Bertha place.

The Corporation Counsel has reported to this Board that Mr. Junius Judson, the owner of the property necessary to be acquired, has executed a warranty deed of a strip of land 17 feet wide on the north side of Bertha place as it existed at the date of the passage of the ordinance, extending from South York street to Genesee street. A map of the street as widened has been filed with the City Clerk, and the Executive Board would, therefore, recommend that the street as widened be accepted.

Respectfully,

R. S. CLARKE,
Clerk pro tem.

Received, filed and published.

By Ald. Wilson—Resolved, That Bertha place, extending from South York street to Genesee street, as mentioned in the foregoing communication from the Executive Board, be and the same hereby is accepted as a public street, upon the payment of all taxes, local or general, remaining unpaid upon the territory taken for said street; and be it further

Resolved, That the City Assessors be, and they hereby are directed to strike from the assessment rolls of the city of Rochester the territory taken for said street widening as indicated by a map on file in the office of the County Clerk and in the office of the City Assessors.

Adopted by the following vote:

Ayes—Alds. Tracy, Callihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Cook, Pauckner, Kelly, Crane, Simmelink, Englehardt, Wilson, Reichenberger.—18—

By the Clerk—

Office of Executive Board,
Rochester, N. Y., March 30, 1896.

To the Common Council:

Gentlemen:—The Executive Board has invited the several owners of the land proposed to be taken for the extension of Dart-

mouth street to inform said Board as to what price they would accept for their respective parcels of land. After consideration of the proposals, the Board feel warranted in recommending the acceptance of the proposition of George D. Butler for his house and lot, for which he asks the sum of \$7,500, and also the proposition of Charles P. Ament, who fixes the sum for his house and lot at \$7,200. The other persons whose property is affected by the extension of Dartmouth street have placed such a value upon their property as the Executive Board deems in excess of its market value, and, therefore, suggest that this property be acquired by Commission.

Respectfully,

THOS. J. NEVILLE, Clerk.

Received, filed and published.

By Ald. Adams, by request of Ald. Dewey—Resolved, That the propositions of George D. Butler and Charles P. Ament, as reported by the Executive Board, be accepted and that the Corporation Counsel be requested to prepare for execution land contracts with Messrs. Butler and Ament upon such terms as may seem proper to the Corporation Counsel so that the consideration shall not be payable, however, until the proceedings for the acquirement of the remainder of the lands necessary for said improvement shall be final, and that the Mayor be authorized to execute such contract on behalf of the city and attach thereto the corporate seal.

Adopted by the following vote:

Ayes—Alds. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Cook, Pauckner, Kelly, Crane, Simmelnk, Englehardt, Wilson, Reichenberger—19.

By Ald. Adams—Whereas, No agreement for the purchase of the lands which are necessary to be taken for the extension of Dartmouth street, in the city of Rochester, under final ordinance No. 6,010, can be made, therefore

Resolved, That a copy of said ordinance and this resolution, together with a map of the proposed extension of Dartmouth street be filed in the offices of the City and County Clerks, which map shall show thereon the lots, tracts and parcels of land which are deemed necessary to be taken, and the commencement, course and termination of said extension proposed, according to the provisions of Sec. 174 of the revised city charter, and the Corporation Counsel be, and he hereby is instructed to take and institute such proceedings from time to time as may be necessary as provided by said charter.

Adopted.

By Ald Pauckner—

CITY PROPERTY COMMITTEE REPORT.

To the Honorable Common Council of the City of Rochester:

Gentlemen:—Your City Property Committee has been requested to provide more room for the use of the Poor Department. The floor space now at the disposal of the department is so limited that purchases of supplies have to be made in small quantities as there is not sufficient room for storage. The office arrangements of the department are also cramped and the facilities for transacting business consequently hampered.

By a re-arrangement of partitions and by adding to the office room the apartment until lately occupied by the ambulance equipment, the conditions complained of can be largely remedied.

Your committee would therefore recommend that Architect Charles F. Crandall be employed to prepare plans for a re-arrangement of the offices for the occupation of the Poor Department.

On the advice of the architect your committee would also recommend that bids be invited for furnishing the plumbing, steam heating and ventilating apparatus required in connection with the alterations in the City Hall.

Respectfully submitted,

WM. PAUCKNER,

M. J. CALLIHAN,

M. B. ADAMS,

E. ENGLEHARDT,

City Property Committee.

Received, filed and published.

By Ald. Pauckner—Resolved, That the chairman of the City Property Committee be, and he hereby is authorized and directed to employ Charles F. Crandall to prepare plans and specifications for re-arranging and enlarging the quarters occupied by the Poor Department.

Adopted by the following vote:

Ayes—Alds. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Cook, Pauckner, Kelly, Crane, Simmelnk, Englehardt, Wilson, Reichenberger—19.

By Ald. Pauckner—Resolved, That the Chairman of the City Property Committee be, and he hereby is directed to advertise for proposals for the plumbing, steam heating and ventilating required in connection with the City Hall alterations.

Adopted.

By Ald. Ward—

PUBLIC IMPROVEMENT COMMITTEE REPORT.

To the Honorable Common Council of the City of Rochester:

Gentlemen:—Your Committee on Public Improvements to whom was referred the subjects of the sweeping and cleaning of streets containing brick, asphalt or cedar block improvements and also the scraping and cleaning of ordinary dirt streets, would respectfully report:

Compelling property owners who have incurred the expense of embellishing their streets by constructing asphalt, brick or cedar block pavements therein, to bear the expense of cleaning their streets, while the cost of cleaning unimproved streets is made a general city charge, has been and will continue to be, if the policy be continued, a just cause of complaint on the part of the property owners on the improved streets. In the opinion of your committee this policy has a strong tendency to discourage property owners from putting asphalt, brick or cedar block pavements in their streets, so long as

the common Medina and macadam improved streets are swept and cleaned at the expense of the Highway Fund, without any local assessment whatever.

Therefore, to encourage the further embellishment of our beautiful city and to remove a just cause of complaint made by those who believe that the best improved streets should be swept and cleaned at public expense as well as the unimproved streets, your committee recommend that the expense of sweeping and cleaning all asphalt, brick and cedar block pavements be paid from the Highway Fund, and that to meet the objections of such property owners on brick, asphalt and cedar block streets as prefer to have their streets cleaned by the old system, one-half the expense of caring for said streets be refunded to said property owners from said Highway Fund.

Your committee would also recommend that the Finance Committee be instructed to make provision in the Highway Fund appropriation for the suitable cleaning and care of all unimproved streets to the end that such streets may be kept in such a condition as to obviate just cause of complaint.

Respectfully submitted,
 WILLIAM WARD,
 JAMES JOHNSTON,
 JOSEPH A. CRANE,
 Public Improvement Committee.

Received, filed and published.

By Aid. Ward—Resolved That the Finance Committee be requested in making estimates for the Highway Fund to place the sum of \$16,000 in the appropriation of the current tax levy to defray the expenses of sweeping and cleaning the asphalt, brick and cedar block pavements in the city, provided that where pursuant to petitions of property owners, such streets are swept and cleaned by local assessment, said property owners be re-imbursed from said \$16,000 to the extent of one-half the contract price for the improvement.

Adopted.

By Aid. Ward—Resolved, That the Finance Committee be, and it hereby is requested, in making the tax levy estimates for the current fiscal year, to provide for the suitable cleaning and care of unimproved streets, the cost thereof to be defrayed from the Highway Fund.

Adopted.

By Aid. Ward—

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—Your Public Improvement Committee beg leave to report that it has considered the ordinance heretofore presented for the improvement of the bridge over the tracks of the New York, Lake Erie & Western Railroad Company and the approaches thereto, and beg leave to recommend that the Corporation Counsel be requested to take such steps as may be necessary to secure said improvement to be made as provided by law.

Respectfully submitted,
 WILLIAM WARD,
 EDW. ENGLEHARDT,
 JOSEPH A. CRANE,
 JAMES JOHNSTON,
 D. W. SELYE,
 Public Improvement Committee.

Received, filed and published.

By Aid. Ward—Whereas, The city has completed at large expense a new bridge over the river at Clarissa street, the full width of said street, and there exists near the west end of said Clarissa street bridge a railroad bridge over the tracks of the New York, Lake

Erie & Western Railroad Company which is inadequate for the purposes of public travel and seriously interferes with the usefulness of the street, therefore,

Resolved, That it is the sense of this Council that the bridge over the tracks of the New York, Lake Erie & Western Railroad Company at Clarissa street seriously impairs the usefulness of said street and is inadequate for the purpose of public travel, and

That the Corporation Counsel be requested to notify the proper authorities of said railroad company of the adoption of this resolution and to request said railroad company to fulfill its statutory obligation towards the public by widening said bridge to the full width of the street and by making the necessary approaches thereto, and

That in default of said railroad company widening said bridge and making such approaches within 60 days from the service of a copy of this resolution, the Corporation Counsel be directed to take such proceedings as he may be advised to compel said railroad company to fulfill its statutory obligations in the premises.

Adopted.

CHARTER AMENDMENT COMMITTEE REPORT.

By Aid. Wilson—

Rochester, N. Y., March 31, 1896.

To the Honorable the Common Council of the City of Rochester, N. Y.:

Gentlemen:—Your Charter Amendment Committee would report that it has considered carefully the changes needed in the charter to make the city's financial year correspond with the change in the fiscal year caused by the action of the recent State Constitutional Convention and your committee presents herewith the annexed amendments providing for the changes referred to.

The number of sections amended are numerous, but none of the proposed changes are of special importance, excepting the ones relating to the payment of taxes and the method of making and recording assessable values. Instead of making the regular City Tax payable in July the proposed change makes it payable in May.

The change in the method of making assessments simply involves the making and recording of the value of land and buildings separately. In addition to these changes your committee provide an amendment creating a Local Improvement Fund by the issue of Local Improvement Bonds and changing the method of making payments, both those due the contractors and from the property owners.

Its principal features are that the city will pay contractors in cash and discontinue issuing acceptances or short term notes bearing six per cent. interest, and give property owners from one to eight years to pay assessments for all local improvements, the exact time for each to be determined by the council and to be proportioned to the value of the property interested, so that in no instance shall the assessment due in any one year exceed an amount equal to five per cent. of the assessable value of any real estate involved, unless this computation shall extend the time of payment beyond eight years and in all such cases the time of payment will be limited to eight years. The effect of this amendment will be to so adjust the terms of payment for all local improvements, that no property owner, whether rich or poor, will be called upon to pay into the city treasury in any single year an amount disproportioned to the assessed value of their real estate. Its arrangement is also such as to attract prompt payments from all in position to make

them and your committee believes that the local improvement fund will not be overburdened because of this amendment. Your committee also provides a few amendments to the sections bearing upon Board of Education affairs, all of minor importance, excepting the one increasing the amount available for new school buildings or sites in any one year. The present charter amount of \$50,000 is clearly insufficient for the city's necessities during the next few years and your committee suggest increasing it to \$100,000.

This amount will obviate the need of any special legislation for school building purposes. The proposed amendments have all been approved by the corporation counsel and your committee would recommend their adoption and urge that they be forwarded to the city's representatives at Albany at the earliest practicable moment.

Respectfully submitted,
 JOSEPH C. WILSON,
 W. C. GREEN,
 JAMES JOHNSTON,
 J. MILLER KELLY,
 WM. S. BEARD.

AN ACT to amend the charter of the city of Rochester

The people of the state of New York, represented in Senate and Assembly, do enact as follows:

Section 1. An act entitled "An act to further amend chapter 143 of the laws of 1861, entitled 'An act to amend and consolidate the several acts in relation to the charter of the city of Rochester,' and to consolidate therewith the several acts in relation to the charter of said city," passed February 19th, 1880, being chapter 14 of the laws of 1880, as heretofore amended, is hereby designated as the charter of said city.

Sec. 2. Section eighty-one of said charter is hereby amended so as to read as follows:

Sec. 81. For the purpose of paying such expenses the Common Council shall raise annually such sums as shall be estimated and reported by the Finance Committee as necessary, in the manner hereinafter provided. The said Finance Committee may at any time require from the chairman of each of the committees of the Common Council, and it shall be his duty to furnish to the Finance Committee, and in such form as they shall require, full and particular estimates of the amount needed by the various funds and departments in their charge, and especially for lighting the city, for the support of the police department, for the general contingent expenses of the city, for the support and relief of the poor, for the maintenance and improvement of public parks and squares, the expense of the Board of Health, and for all other necessary expenses of said city during the next fiscal year. The Finance Committee shall prepare, and on or before the first regular meeting of the Common Council in March of each year, they shall present to said Common Council a statement, in detail, of the several sums which will be needed for said funds and to meet the expenses of the year for all proper municipal purposes, and showing what sums will be in their opinion necessary to be raised for other specific purposes. The Common Council may alter or amend such statement in their discretion but not so that the aggregate amount to be raised shall exceed that so reported to them by the Finance Committee unless such increase be made by a vote of two-thirds of all the members elected subject to the approval of the Mayor. They shall cause

such estimates as approved by them to be published for six successive days in one or more newspapers of said city before finally determining the amount of the general tax, which must be determined by the first regular meeting in April in each year. A vote of a majority of all the members of the Common Council shall be necessary to fix such amount and the statement as finally adopted shall be entered at large in the minutes. Said Common Council shall also raise annually by tax with the general taxes of said city an amount sufficient to pay interest upon all the bonds issued by said city and all the principal or installments of principal of said bonds falling due within the then current fiscal year for the payment of which provision is not made. No member of the Common Council shall vote for the payment of any money out of any of the general funds herein named or out of any other fund in the city treasury knowing that such fund is without money to pay the same; and any person violating this provision shall be guilty of a misdemeanor and upon conviction thereof shall be fined not less than fifty dollars nor more than one hundred dollars or be imprisoned in the Monroe county penitentiary for the period of ten days; and the District Attorney of the county of Monroe is hereby specially directed and it shall be his duty to prosecute all persons violating this provision upon the complaint of any taxpayer of said city. In case the sums above specified or any of them shall prove insufficient for the purpose for which the same were raised, then the Common Council shall have power by a vote of three-fourths of all the members elected subject to the approval of the Mayor to provide for borrowing upon the credit of the city so much money as may be deemed necessary to supply such deficiency, and the amount borrowed shall be assessed and collected as part of the city taxes of the ensuing year in addition to the other sums provided for. In case the Common Council shall order the whole or any part of the expense of any improvement or public work or the amount of any proper municipal expenditure or liability to be paid out of the public treasury of the city and not by local assessment or otherwise, and the amount in the treasury or already levied by general tax shall not be sufficient for the purpose, the Common Council may borrow upon the credit of the city the necessary amount, and the same shall be raised in and paid out of the next general tax levy; except that in order to pay the same for any part thereof the Common Council may at its election cause to be issued the bonds of the city maturing in not more than twenty years from their date and bearing such rate of interest as may be found necessary to effect a sale thereof at not less than par, or said Common Council may direct the note or other obligation of the city to be issued under this section, which however shall be payable in not more than eight months from its date, but nothing hereinbefore contained shall in any wise affect the right of the city to issue its bonds under any of the other sections of its charter or any other statute.

Sec. 3. Section eighty-three of said charter is hereby amended so as to read as follows:

Sec. 83. The annual assessment of property in said city shall be made by the assessors thereof by the second Tuesday of March in each year. The assessors shall enter the assessments for each ward in a book provided for that purpose and the assessments shall give a description of the property sufficient to identify it. They shall show in different columns the value of land

and buildings separately and the aggregate amount of the two parallel columns shall be the assessable value of each piece of real estate. They shall also show in a separate column the amount of personal property subject to taxation. After such assessment shall have been completed the assessors shall meet at their office to hear the allegations and objections of all persons interested in the assessments of which at least ten days' previous notice shall be given by publication in all the daily papers published in said city. At the time and place designated in said notice and for ten consecutive days thereafter exclusive of Sundays the assessors shall meet and hear such allegations and objections and the assessment books shall there be open to the examination and inspection of all parties interested, between the hours of nine and twelve in the morning, and two and four in the afternoon. The assessors shall amend and correct such assessments as they shall deem proper. When completed, an oath substantially in the following form shall be written or printed upon or attached to said rolls and each of them and said oath shall be signed by the assessors, or a majority of them and shall be sworn to before an officer authorized to administer oaths, namely: "We, the undersigned, do severally depose and swear that we have set down in the foregoing assessment roll all the real estate situated in — ward according to our best information; and that with the exception of those cases in which the value of the said real estate has been changed by reason of proof produced before us we have estimated the value of the said real estate at the sums which the majority of the assessors have decided to be the full value thereof; and also, that the assessment roll contains a true statement of the aggregate amount of the taxable personal estate of each and every person or corporation named in such roll, over and above the amount of debts due from such persons or corporations respectively and excluding such stocks as are otherwise taxable and such other property as is exempt by law from taxation, at the full value thereof according to our best judgment and belief." After being sworn to as aforesaid the assessment books shall be delivered to the clerk of the city on or before the fifteenth day of April in each year, who shall report the same to the Common Council of said city at its next meeting. The time for such delivery of such books to said clerk may be attended by resolution of said Common Council adopted at any time before or after the said fifteenth day of April. The assessors shall make and certify a correct copy of said assessment books as they shall then exist and including the changes amendments and corrections and deliver the same to the supervisors of Monroe county, on or before the first day of October in each year, to be by them presented to the Board of Supervisors as the ward rolls of the city. The time for the delivery of such books or of either of them to said supervisors may be extended by resolution of said Board of Supervisors adopted at any time before or after the first day of October. The said Board of Supervisors shall pay to said assessors for the copy or copies for their use in the same manner as paid to the supervisors of the several towns for the town rolls. The said assessors are hereby directed and empowered to make such additional amendments and corrections in said assessment rolls as to the names of the actual owners or occupants of real estate therein assessed as they shall deem proper, at any time before the first day of October in each year.

Sec. 4. Section eighty-four of said charter is hereby repealed.

Sec. 5. Section eighty-five of said charter is hereby amended so as to read as follows:

Sec. 85. In addition to other taxes directed by law to be assessed upon the property of the city, the Common Council shall in the month of April in each year assess for the benefit of the water-works fund three cents on each lineal foot front of each city lot located on any avenue street park court alley or lane in which the city water mains are laid and in use, in all cases in which no water rents have accrued or been paid to the city of Rochester during the calendar year preceding the date of the assessment, but such assessment shall be made on one frontage only of each of said lots. As a basis for such assessment the Executive Board or its successor in charge of the Rochester water works shall on or before the first of March, in each year, make and furnish to the city assessors a complete statement of each and every city lot situate on the streets avenues parks courts lanes and alleys in said city in which city water mains are laid and in use and on which lots water rents have not accrued or been paid during the preceding calendar year; said statement shall contain the name of the owner of the lot and the frontage to be assessed or such description as is now required by law to identify the same. And also in all cases in which water rents have accrued during the preceding calendar year aforesaid on a city lot exceeding two hundred feet frontage; and if said water rents shall not aggregate an amount equal to at least three cents on each lineal foot of the whole frontage of said lot then said excess over two hundred feet shall be subject to said tax of three cents on each foot of frontage the same as if no water rates had accrued on any part of said lot. The Common Council shall, during the month of April, in each year, assess the city taxes, including those required to be assessed by the foregoing provisions of this section in the same manner in which the county taxes are by law to be assessed by the Board of Supervisors which taxes shall be by the assessors inserted in the assessment rolls reported by the assessors as before provided and such rolls with taxes inserted therein shall be delivered by said assessors to the treasurer of said city. After said assessment rolls have been confirmed by the Common Council it shall not be lawful for said Common Council to hear complaints or allegations from persons assessed thereon who may claim any exemption from taxation in any way under any law of the state of New York relating to the national guard or military of said state but as to all such persons such confirmation shall be final and conclusive.

Sec. 6. Section eighty-seven of said charter is hereby amended so as to read as follows:

Sec. 87. The said assessment rolls with the said warrants annexed shall be delivered to the City Treasurer on or before the first day of May in each year.

Sec. 7. Section eighty-eight of said charter is hereby amended so as to read as follows:

Sec. 88. The City Treasurer shall then proceed to collect and receive said taxes from the several persons named in the said assessment rolls in the manner hereinafter mentioned, and shall immediately after receiving such rolls and warrants give public notice by the advertisement in two of the public newspapers printed in the city of Rochester that all persons named in said rolls are required to pay their taxes to him at his

office on or before the fifteenth day of the following September, and stating the amounts to be added if payment shall not be made.

Sec. 8. Section eighty-nine of said charter is hereby amended so as to read as follows:

Sec. 89. The City Treasurer shall receive the amount of any tax levied in said assessment rolls during the month of May and on all amounts not paid on or before the last day of May succeeding the levying of such tax he shall receive for the contingent fund of said city, the following additions as charges for collecting, namely: if the same be paid after the last day of May and on or before the last day of June then next, he shall charge and receive an addition of one per cent.; if paid after the last day of June and on or before the last day of July then next, an addition of two per cent.; if paid after the last day of July and on or before the fifteenth day of August then next, an addition of three per cent.; if paid after the fifteenth day and on or before the last day of said month of August, then an addition of four per cent.; if paid on or after the first day of the month of September then next, and on or before the fifteenth day of the same month, an addition of five per cent.; and if paid at any time after the fifteenth day of September, such addition of five per cent., and also, interest from that day at the rate of twelve per cent. per annum.

Section 9. Section ninety of said charter is hereby amended so as to read as follows:

Sec. 90. The said City Treasurer shall also immediately after the said last day of August give public notice in all of the daily newspapers of the said city to be published in such papers ten days, notifying all persons who shall have omitted to pay their taxes to pay the same to him at his office on or before the fifteenth day of the said month of September.

Sec. 10. Section ninety-one of said charter is hereby amended so as to read as follows:

Sec. 91. It shall be the duty of the City Treasurer upon all taxes remaining unpaid on the fifteenth day of October next succeeding the completion of the said assessment rolls to issue so many warrants as he shall deem proper under his hand and directed to any person whom he may see fit to appoint a collector of the taxes specified in such warrant, commanding such persons as such collector to levy the amount of said tax and an additional amount of five per cent. except that in no case is the amount so added to be less than twenty-five cents, and also interest at the rate of twelve per cent. per annum from the preceding fifteenth day of September and the fees of said collector, by distress and sale of goods and chattels of the person against whom the said warrants shall be issued, or of any goods and chattels in his possession wheresoever the same shall be found within said city and to pay the same to the City Treasurer and return such warrant within twenty days after the date thereof; and no claim of property to be made to such goods and chattels so found in possession of the said party shall be available to prevent a sale. After the return of any warrant the Treasurer if he deem expedient or if so directed by the Common Council, may issue a second or subsequent warrant for the taxes still remaining unpaid with said per centage interest and fees. Every collector shall hold his appointment during the pleasure of the Treasurer and may at any time be removed or suspended by him; and the Treasurer and his sureties shall be liable for any collector and for all moneys that may be collected or received by him. No warrant shall be delivered to any collector until he

shall have executed and deposited with the Treasurer a bond to the city of Rochester with two or more sureties approved by such Treasurer, and acknowledged in the manner required for the recording of conveyances of real estate and conditioned for the faithful performance of his duties as a collector of the taxes specified in such warrant and for the faithful accounting and paying over to the Treasurer of all moneys that he may have collected or receive under such warrant. If any collector shall fail to return any warrant issued to him as therein required or shall fail to pay over to said Treasurer all moneys collected or received by him or shall fail to render a full and true account thereof, the supreme court or any justice thereof on the application of the Treasurer or of the city of Rochester shall have jurisdiction on proof by affidavit or otherwise summarily to enforce such return payment or accounting, or all as the case may be, by attachment and proceedings thereon, in the same manner as if such collector were a sheriff or officer of that court. The fees of such collector shall be estimated only on the moneys collected by him, and where several sums are assessed to the same person or persons on the same list such sums shall be deemed to be one tax for the purpose of estimating collector's fees. The interest and percentage other than collectors' fees shall be added to the Contingent Fund of the city. The said Treasurer immediately after receiving the bond of any collector shall file the same in the office of the clerk of Monroe county and the same shall be a lien upon the real estate of any person executing the same situate in said county. Such collector shall have full power and authority to execute said warrant in any part of the city and if any such collector shall neglect or refuse to pay over any money collected by him he shall be deemed guilty of a misdemeanor.

Sec. 11. Section ninety-four of said charter is hereby amended so as to read as follows:

Sec. 94. On the last Thursday of January in each year the City Treasurer shall cause to be exposed for sale as hereafter provided all real estate charged with any tax or assessment which shall have been due and unpaid more than thirty days previous to the said last Thursday in January.

Sec. 12. Section ninety-seven of said charter is hereby amended so as to read as follows:

Sec. 97. If such a tax or assessment and the percentage interest allowance and expense aforesaid be not paid by the said last Thursday of January. The City Treasurer shall at the time and place appointed in the notices required to be given as aforesaid or on some day immediately thereafter to which said sale may be adjourned proceed to sell the said several parcels of real estate for the shortest time any bidder will take such premises and pay the said tax or assessment with said charges and expenses; and on such sale he shall execute to the bidder a certificate of sale in which the property purchased shall be described the aggregate amount of tax or assessment and said charges and expenses and the time for which the premises were purchased shall be specified; also the time when the purchaser will be entitled to receive the lease hereinabove mentioned. The amount added to such tax or assessment for fees shall be carried to the Contingent Fund.

Sec. 13. Subdivision eleven of section one hundred and thirty-one of said charter is hereby amended so as to read as follows:

Sub: 11. To prepare and report to the Common Council such ordinances and regulations as may be necessary or proper for the protection safe-keeping and preservation of the schoolhouses lots and sites and appurtenances and all the property belonging to the city connected with or appertaining to the schools and to suggest proper penalties for the violation of such ordinances and regulations, and annually on or before the sixteenth day of March in each year to determine and certify to said Common Council the sums in their opinion necessary or proper to be raised for the several purposes hereinbefore mentioned specifying the sums required for the year commencing on the first day of the previous January for each of the said purposes including the sums necessary for the payment of teachers' wages and also for the contingent expenses and the reasons therefor.

Sec. 14. Section one hundred and thirty-seven of said charter is hereby amended so as to read as follows:

Sec. 137. It shall be the duty of the Common Council within fifteen days after receiving the certificates of the Board of Education hereinbefore required, of the sum necessary or proper to be raised for school purposes, to determine and certify to said Board of Education the amount that will be raised by them for the year commencing on the first day of the previous January for the purposes mentioned in said certificate, distinguishing between the amount to be raised for teachers' wages, contingent expenses, for the building of schoolhouses, repairs of school houses, and library purposes. The amount raised for school purposes shall constitute five separate and distinct funds, namely, teachers' fund, contingent fund, building fund, repair fund, and library fund, and in case the said Common Council shall neglect or fail to certify within thirty days to the Board of Education as above specified the amount that will be raised by them said Common Council shall raise the several amounts embraced in the certificate of the Board of Education as specified therein which amount shall be subject to the disposition of the Board of Education.

Sec. 15. Section one hundred and sixty-one of said charter is hereby amended so as to read as follows:

Sec. 161. It shall be the duty of said Board on or before the first day of March in each year to make and deliver to the assessors of said city a complete statement of each and all unpaid water rates with a description of the lot building or real estate and the name of the owner thereof where water has been used for which water rates are and remain due and unpaid; whereupon the said water rates and the amount thereof together with ten per cent. interest from the date when they were due shall become a lien and tax upon said lot building or real estate in the same manner as is or may be prescribed by law for the collection of taxes for city purposes of the city of Rochester.

Sec. 16. This act shall take effect January first eighteen hundred and ninety-seven AN ACT to amend the charter of the city of Rochester.

Received, filed and published.

The people of the state of New York represented in senate and assembly, do enact as follows:

Section 1. An act entitled "An act to further amend chapter 143 of the laws of 1861, entitled 'AN ACT to amend and consolidate the several acts in relation to the charter of the city of Rochester,' and to consolidate therewith the several acts in relation to the charter of said city," passed February 13,

1880, being chapter 14 of the laws of 1880, as heretofore amended is hereby designated as the charter of said city.

Sec. 2. Section 7 of said charter is hereby amended so as to read as follows:

An election shall be held in each ward on the Tuesday succeeding the first Monday in November of odd numbered years at such places as shall be designated by the common council of which a notice shall be published by the City Clerk for at least six days previous to the election in all the daily newspapers of the city, at which election there shall be chosen by the electors of the city voting in their respective wards one mayor for a term of two years, one police justice for a term of four years, and one treasurer for a term of two years, each of whom shall hold office from and including the first day of January next following his election; and also by the electors of each ward, one supervisor, one alderman, one member of the board of education, and one constable, each of whom shall hold his office for two years from and including the first day of January next following his election. The City Treasurer shall not be entitled to enter upon his office until he shall have executed and filed with the mayor a bond in the penal sum of fifty thousand dollars or such other sum as the common council may have fixed with good and sufficient sureties or of a responsible surety company approved by the mayor in writing thereon, and conditioned for the faithful performance of all his duties as treasurer, and of all the duties imposed upon him by law in respect to the money, property and affairs of the said city. The execution of such a bond by the treasurer and sureties shall be duly acknowledged or approved so as to entitle it to be read in evidence, and it shall be the duty of the Mayor to cause such bond to be recorded in the Monroe County Clerk's office and a copy of such bond, as so recorded, certified by the said county clerk, shall be as good evidence in all courts and places as the original bond, which shall be safely kept by the Mayor after being recorded. On or after the first Monday of January, 1896 and in the month of January of every second year thereafter the mayor shall appoint an auditor whose term of office shall be until and including the thirty-first day of December of the odd numbered year following his appointment or until his successor shall have been duly appointed and qualified. The said auditor shall immediately after his qualification enter upon his duties. The said auditor shall not be entitled to enter upon his office until he shall have executed and filed with the mayor of said city a bond in the penal sum of five thousand dollars or such other sum as the Common Council shall fix with sufficient sureties approved by the Mayor in writing, conditioned for the faithful performance of his duties as such auditor and the duties imposed upon him by law. The said auditor shall receive a salary not to exceed three thousand dollars per annum, payable monthly as other city officers are paid, such salary to be fixed by the Common council annually, as other salaries are fixed. It shall be his duty to examine and pass upon all debts, demands and claims against said city and each and every of its boards, officers and agents, including the Board of Education and the Executive Board of said city, before the same shall be ordered paid, and he shall keep a book in which shall be recorded an account of each debt, demand and claim presented to him and the sum allowed upon each, and he shall render to the Common Council, the Board of Education, or Executive Board, detailed monthly reports of all such debts, demands and claims presented

to and allowed by him, as aforesaid, and all bills, debts, and demands contracted or incurred during the preceding months which have been presented to him for audit aforesaid, except as otherwise provided by law; and except the fixed salaries of officers paid by the city, no debt, demand or claim payable from the city treasury shall be paid, except the same is passed upon by said auditor and certified by him to the body, board or officer whose duty it shall be to pay the same and if he objects to any debt, demand or claim in whole or in part, such objection shall be by him presented in writing to said bodies, officers and boards respectively, whose duty it shall be to investigate the grounds of such objection before finally auditing or determining the manner of disposal thereof. Provided, however, that the said auditor may weekly examine and pass upon by items any statement of claims, debts or demands for labor performed, which shall be certified to him for audit by said Executive Board and upon such audit by the auditor certified by him, under his hand, to such board a sum or sums not exceeding in the aggregate, five thousand dollars in any one week, may be drawn by the Clerk of said Board by orders or warrants made directly upon the City Treasurer who shall pay the same when there are funds for the purpose as is provided by section one hundred and forty-eight of said charter. Said auditor may examine on oath to be administered by him any person, firm or corporation who presents an account, claim, debt or demand, fouching the validity of such account, claim, debt or demand, and false swearing during such examination shall be deemed willful perjury and punishable as such and said auditor shall not audit such account, claim, debt or demand where such person firm or corporation or the duly authorized agent or officer thereof presenting the same shall refuse to submit to such an examination and oath.

Sec. 3. Section thirteen of said charter is hereby amended so as to read as follows:

Section. 13. On the day of any election held by virtue of this act the polls shall be opened in each ward and election district in said city at the several places designated by the Common Council at sunrise and shall be kept open without intermission or adjournment until sunset at which hour they shall be finally closed.

Sec. 4. Section fourteen of said charter is hereby amended so as to read as follows:

Section 14. The number of inspectors poll clerks and ballot clerks their appointment their powers and duties their compensation and the filling of any vacancies that may occur, the conduct of primaries conventions and nominations the qualification and registration of voters the preparation of official ballots, sample ballots and instruction cards, ballot boxes and other supplies, the distribution thereof to polling places and the conduct of elections in said city for municipal officers shall be the same as prescribed by the act in relation to elections constituting chapter six of the general laws and being chapter six hundred and eighty of the laws of eighteen hundred and ninety-two and the amendments thereto which are hereby made a part of this act, unless said city shall determine to use any other lawful method of voting in which case the statutes regulating such methods of election shall govern and except as may be otherwise expressly provided herein.

Sec. 5. Section fifteen of said charter is hereby amended so as to read as follows:

Section 15. All officers elected by the people according to the provisions of this charter shall enter upon their respective offices

on the first day of January next following such election unless otherwise by law provided.

Sec. 6. Section sixteen of said charter is hereby amended so as to read as follows:

Section 16. The period of a year as applied in this charter to the terms of office and the salaries thereof shall extend from and including the first day of January in one year to and including the thirty-first day of December in the same year in cases where the term of office commences on the first day of January.

Sec. 7. Section seventeen of said charter is hereby repealed.

Sec. 8. Section eighteen of said charter is hereby amended so as to read as follows:

Section 18. If at any charter election to be held in the said city there shall be one or more vacancies to be supplied in any office and at the same time any person is to be elected for the full term of said office the term for which each person voted for is intended shall be designated on the ballot.

Sec. 9. Section twenty-one of said charter is hereby amended so as to read as follows:

Section 21. The Common Council shall convene on the Friday succeeding any election at 2 o'clock in the afternoon at their usual place of meeting and shall forthwith determine and certify in the manner provided by law what persons are duly elected at the said election to the several offices respectively; such certificate shall be made in duplicate one of which shall be filed with the Clerk of the city and the other with the Clerk of Monroe county.

Sec. 10. Section twenty-three of said charter is hereby amended so as to read as follows:

Section 23. Whenever a vacancy shall occur in the office of alderman for any cause the Common Council of said city shall immediately appoint a special election to be held in said city or in the ward for which such alderman was chosen not less than twenty-five days nor more than forty days from the time of such appointment unless such vacancy shall occur within three months before the Tuesday succeeding the first Monday in November in an odd numbered year and in such case it shall be optional with the Common Council to order a special election or not as it shall deem expedient.

Sec. 11. Section twenty-four of said charter is hereby amended so as to read as follows:

Section 24. In case a vacancy shall occur in the office of any of the officers before named, except an alderman or police justice, the Common Council may when not otherwise provided, in its discretion fill such vacancy by the appointment of a suitable person who is an elector and if appointed for a ward who is a resident of the ward for which he shall be appointed; and any officer, except supervisor, appointed to fill a vacancy, if the office is elective, shall hold by virtue of such appointment until and including the thirty-first day of December following the next succeeding biennial charter election, unless otherwise provided. If an elective officer whose office shall have become vacant was one of a class a successor for the unexpired term shall be elected at the next biennial charter election except as may in any case be expressly provided.

Sec. 12. Section twenty-five of said charter is hereby amended so as to read as follows:

Section 25. Whenever a special election is to be held the common council shall cause to be delivered to the inspectors of election in the ward and election districts in which such election is to be held a notice signed by its clerk specifying the officer to be chosen and

the day and place in the ward or in the several wards of said city at which such election is to be held, and the proceedings at such election shall be as at the biennial charter election. Such notice shall also be published in all the daily newspapers of the city at least once before such special election. On the Friday succeeding such election the common council of that year shall convene at 2 o'clock in the afternoon at its usual place of meeting and the same proceedings shall then and there be had as prescribed in case of said charter election.

Sec. 13. Section thirty-four of said charter is hereby amended so as to read as follows:

Section 34. The Common Council shall hold its first regular meeting in the month of January in even-numbered years which shall be on the first Monday of January in even-numbered years at 3 o'clock in the afternoon unless said Monday shall fall on a legal holiday when the first regular meeting shall be held on the following day or unless some other day or time shall have been designated by the common council. At such time or as soon as practicable thereafter the said council shall select from its number and appoint a president for the year and in case of a vacancy supply his place. The president shall preside at all the meetings of the common council and have the right to vote on all questions the same as any other alderman. All motions resolutions ordinances and propositions submitted to said council in respect to which the members present and voting shall be equally divided shall be deemed to be lost. In case of the failure to elect a president as aforesaid or in case of the temporary absence or inability of the president the common council shall appoint from their number a temporary president.

Sec. 15. Subdivision 19 of Section 40 of said said charter is hereby amended so as to read as follows:

Sub. 13. To regulate and prevent the running at large of dogs and to prevent dog fights in the streets, to require dogs to be licensed, to seize impound sell or destroy such as are found unlicensed upon the public streets or places of said city.

diseased, impure or adulterated commodities, and any of such commodities not of the standard or character fixed by any statute now or hereafter passed, before being offered or exposed for sale, but provided that nothing herein contained shall authorize the Common Council to prevent the sale of fresh and wholesome meats by the quarter, within the limits of said city by farmers who have raised and fattened the same upon their own farms.

Sec. 16. Subdivision 26 of Section 40 of said charter is hereby repealed.

Sec. 17. Section 45 of said charter is hereby amended so as to read as follows:

Section 45. The salary to be paid to the Mayor shall be five thousand dollars per annum. The Common Council shall annually determine the salary to be paid to the City Treasurer and to any officer appointed by it which salaries shall be paid from the city treasury except where such officer is not by the provisions of this act to receive any salary or his compensation is otherwise provided for and said salaries shall not be diminished during the then current fiscal year commencing on the first day of January, and the Common Council shall at the beginning of each term determine the annual salary to be paid to the police justice and such salary shall not be increased or decreased during his term of office; and neither of said officers shall receive for himself other fees, compensation or perquisites except that the corporation counsel may receive for himself the taxable costs in any action brought or defended by him for said city and in which said city shall prevail, provided the same be collected of the party adverse to said city in such action. Nothing herein shall prevent the common council from compromising settling discontinuing or abandoning any action appeal matter or proceeding without paying or incurring any liability for costs to any corporation counsel.

Sec. 18. Section 46 of said charter is hereby amended so as to read as follows:

Section 46. The fiscal year shall begin on the first day of January and terminate on the thirty-first day of December of each year, and on the last Thursday of December of each year each officer and department of said city shall present to the Common Council a detailed statement of the transactions of his office or department during the preceding year giving an estimate of the amount necessary to meet the expenses of such office or department during the coming year and such other matters as the common council may specifically request, and on said last Thursday of December the Common Council shall audit and settle the accounts of the City Treasurer and the accounts of all other officers and persons having claims against the city or accounts with it and shall make out a statement in detail of the receipts and expenditures of the corporation during the preceding year, in which statement shall be clearly and distinctly specified the several items of expenditure made by the Common Council the objects and purposes for which the same were made and the amount of money expended under each, the amount of taxes raised for the general contingent expenses, the amount raised for lighting the city, and for police, the amount of highway taxes and assessments, the amount of assessments for paving repairing and opening streets, and for repairing and building bridges, the amount borrowed on credit of the corporation and the terms on which the same were obtained, and such other information as shall be necessary for a full understanding of the financial affairs of the city which statement shall be signed by the mayor

and city clerk and filed with the clerk of the city and the same shall be published by the clerk at the expense of the city in a newspaper in which the proceedings of the common council are published. The Common Council shall at its first regular meeting in each year or as soon as practicable, select one daily newspaper published in said city for the publication of the proceedings, resolutions and ordinances of the Common Council and of the executive board of said city and all the notices and advertisements and proceedings of any of the officers of said city and of all the committees of the Common Council during the current fiscal year provided such publication shall be under and in accordance with the terms of a written contract with the city theretofore made and executed by the proprietor or proprietors of such newspaper and the Mayor of the city of Rochester under the direction and approval of the Common Council.

Sec. 19. Section forty-eight of said charter is hereby amended so as to read as follows: Section 48. Before any ordinance resolution or order of the Common Council concerning any public improvement or for the payment of money or any ordinance resolution or act of a legislative character passed by effect, a transcript of such ordinance resolution or act shall be presented to the mayor for his approval. If he approves he shall indorse his approval therein in writing and sign such approval; if he disapproves he shall return such transcript to the common council or the clerk thereof with his objections and reasons for disapproval in writing which shall be filed by the Clerk, and the Common Council shall within thirty days thereafter proceed to consider such veto and if the same shall be overruled by a two-thirds vote of all the members of the Common Council then in office, the matter vetoed shall have full force and effect notwithstanding the objections of the Mayor. If any ordinance resolution or act shall consist of one or more items or parts any of the items or parts may be vetoed by such Mayor. If any such transcript with such objections and reasons shall not be returned by the Mayor to the Common Council or Clerk within five days after the transcript shall have been presented to him Sundays excepted such ordinance resolution or act shall have full force and effect in like manner as if duly approved by the Mayor unless the term of office of the Mayor shall expire within five days after such transcript shall have been presented to him in which case such ordinance resolution or act shall have no force. The provisions of this section are hereby made applicable to all acts resolutions or orders of the Board of Education done or passed by said board and all returns of transcripts with the approval or disapproval of the Mayor and his objections shall be made to the Board of Education or to the Clerk thereof; but this section shall not apply to any penal ordinance, rule or regulation, nor to any action of the Common Council in relation to appointments to or removals from office, or to the reduction of the number of policemen.

Sec. 20. Section fifty-five of said charter is hereby amended so as to read as follows: Section 55. The Clerk shall attend the meetings of the Common Council, and keep a record of its proceedings and shall have the custody of the corporate seal and shall keep all papers that by any provision of law or by the direction of the Common Council are required to be filed with or kept by him. Copies of all papers filed in his office and transcripts from the record of the proceedings of the Common Council certified by him

under the corporate seal shall be evidence in all places of the matters therein contained. He shall countersign all licenses granted for any purpose by the Mayor or Common Council and shall enter into an appropriate book the name of every person to whom a license shall be granted, the date thereof and the time during which it is to continue in force and the sum paid for such license. No license for any purpose granted shall be valid unless thus countersigned by the Clerk. No license shall be valid until the sum of money required therefor shall be fully paid in advance to the Treasurer. It is hereby made the duty of the City Clerk to call upon the Chief of Police for a detail of one or more policemen to enforce the penal ordinances of said city in relation to all persons required to take out licenses and he shall report to the corporation counsel for prosecution all violations of said ordinances that may come to his knowledge. There shall be an Assistant City Clerk who shall be appointed by the Common Council as herein provided and who shall have the same powers as the City Clerk whenever the city clerk is absent from the city or is incapable of performing the duties of his office by reason of sickness or otherwise and shall have such other powers as the Common Council may from time to time prescribe not inconsistent, however, with the provisions of this act; he shall receive such compensation for his services as the Common Council may from time to time prescribe and shall give a bond upon the same terms and for the same amount as the City Clerk. The present City Messenger shall act as such Assistant City Clerk for the period for which he was appointed.

Sec. 21. Section fifty-eight of said charter is hereby amended so as to read as follows:

Section 58. The treasurer shall receive all the moneys belonging to the city except as may be otherwise by this charter or other law expressly provided and shall deposit and keep the same as directed by the Common Council and shall keep an account of all receipts and expenditures in such manner as the Common Council shall direct. He shall at the first stated or regular meeting of the Common Council each month deliver to the Clerk thereof to be laid before the Common Council a just and true statement of the condition of the several funds in his charge on the day of such meeting of the Common Council setting forth the exact balance then remaining in each fund, which statement shall be duly verified by the oath of the said Treasurer and shall be filed by the said clerk. For neglect or refusal on the part of the treasurer to prepare and deliver such statement as above provided he shall forfeit and pay ten dollars for the first day and for every day he shall so neglect or refuse subsequent to the first he shall forfeit and pay five dollars which penalties may be sued for and recovered by the city of Rochester. All moneys drawn from the treasury except as otherwise provided by this charter or other law shall be drawn in pursuance of an order of the Common Council by warrant signed by the Clerk. Such warrant shall specify for what purpose the amount therein expressed is to be paid, and the Clerk shall keep in a check book to be kept by him for the purpose an account under the appropriate heads of expenditure of all orders drawn upon the Treasury. But no warrant check or draft shall be signed by the Clerk or be paid or accepted by the Treasurer the effect of which shall be to overdraw any of the funds aforesaid or when there shall not be money in the treasury applicable to the payment of such warrant check or draft to pay the same in full. Any violation of this provision by the Clerk

or Treasurer shall be a misdemeanor and shall subject the offender to a fine not less than ten dollars nor exceeding one hundred dollars and it shall be the duty of the district attorney of the county of Monroe to prosecute any person so violating this provision on the complaint of any taxpayer of the city of Rochester. The books and accounts of the Treasurer shall at all reasonable hours be open to the inspection of any elector of said city.

Sec. 22. Section sixty of said charter is hereby amended so as to read as follows:

Section 60. The corporation counsel of said city on or before the first day of June of each year shall appoint a first and second assistant corporation counsel and as many stenographers and clerks as said council may direct whose term of office shall be until their respective successors are appointed. Said corporation counsel or in case of his absence or inability to act from any cause, the first or second assistant shall prosecute and defend any and all actions suits and proceedings brought or instituted by and against said city and render to the Common Council and the other officers and boards of said city such professional services connected with the affairs of said city as may at any time be required of him by law or by the Common Council.

Sec. 23. Section sixty-four of said charter is hereby amended so as to read as follows:

Section 64. The police justice of said city shall keep an office in such place in said city as the Common Council shall designate and it shall be his duty to attend to all complaints of a criminal nature which may come before him at all reasonable hours.

Sec. 24. Section sixty-seven of said charter is hereby amended so as to read as follows:

Upon the order of the police justice it shall be the duty of the police clerk on the first Monday in November in every year to deliver an account verified by his oath to the Mayor of said city of all moneys goods wares and merchandise then remaining unclaimed in said police office, and immediately thereafter give notice for two weeks in one of the public newspapers printed in the said city of Rochester to all persons interested or claiming such property that unless claimed by the owner with satisfactory proof of such ownership before a specified day the same shall be sold at auction to the highest bidder. On the day and at a place specified in such notice all property remaining unclaimed except money shall be sold at auction by said clerk or under his direction. If any goods wares merchandise or chattels of a perishable nature or which shall be expensive to keep shall at any time remain unclaimed in said police office it shall be lawful for said police justice to order the said clerk to sell the same at public auction at such time and after such notice as to said police justice shall seem proper. The said clerk shall immediately after the sale of any property in accordance herewith pay to the treasurer of said city all moneys remaining unclaimed in his hands as such police clerk and all moneys received by him upon such sale after deducting the expenses thereof.

Sec. 25. Section sixty-eight of said charter is hereby amended so as to read as follows:

Section 68. Upon order of the police justice it shall be the duty of the police clerk whenever he shall obtain possession of any stolen property on his receiving satisfactory proof of ownership from the owner to deliver such property to the owner thereof on his paying all necessary and reasonable expenses which may have been incurred for the preservation and sustenance of such property.

Sec. 26. Section seventy-seven of said charter is hereby amended so as to read as follows:

Section 77. All deeds and conveyances of lots shall be executed by the Mayor and City Clerk and countersigned by the Treasurer and recorded in the City Clerk's office. The commissioners of Mt. Hope cemetery shall receive no compensation for their services and shall make an annual report under oath to the Common Council on the last Thursday of December of their receipts and expenditures and of all matters committed to their charge. The said commissioners may take by any devise bequest or grant from the owner or owners of any lot in said cemetery or a part thereof and shall thereafter own the same in trust to the extent and in the manner and for the purpose specified in and by the deed will or other conveyance by which the trust is created, and such lot or part thereof shall thereafter be forever inalienable in any manner except as may be otherwise provided by said owner or owners in his or their lifetime, and the said commissioners shall thereafter permit the interment of only such person or persons or class of persons in such lot or portion as may be designated by said owner or owners in his or their said lifetime.

Sec. 27. Section eighty of said charter is hereby amended so as to read as follows:

Section 80. The Common Council shall examine settle and audit all accounts demands and claims against the city as well of its officers as of other persons except as otherwise expressed by this charter or other law and shall have authority to direct the raising of such sums as shall be necessary to defray the same and the contingent expenses of the city subject to the limitations and restrictions hereinafter contained; they shall have the power to borrow money as in the next section provided and also to borrow against any tax or assessment levied but not collected to an amount not exceeding the amount thereon uncollected and to issue therefor the obligation of the city payable in not more than eight months with interest at the rate of not over six per centum per annum. No unliquidated claim or demand shall be received for audit unless made out in detail specifying if for labor or services the time when, the place where, by whom and under whose direction, and by what authority performed; if for merchandise, material and other articles furnished, the item or items thereof, by whom ordered and when and to whom delivered, and shall be certified correct by the head of the department for which the work was done or materials furnished; and if for damages for wrong or injury, or negligence, when, where and how occasioned; nor unless accompanied by an affidavit that the claim and the items and specifications thereof are in all respects just and correct that no payments thereon have been made and that no set-offs exist against the same or any part thereof except those stated. No action or proceeding to recover or enforce any claim, debt or demand against the city shall be brought until the expiration of forty days after the claim, debt or demand shall have been presented to the common council for audit in the manner and form aforesaid. All actions brought against the city to recover damages or other relief for injuries to the person or property, caused by negligence shall be commenced within one year from the time of receiving the injuries. No action or proceeding shall be maintained against the city for personal injuries unless a notice of the intention to commence such action and of the time and place at which the injuries were received shall have been filed with

the counsel to the corporation or other proper law officer thereof within six months after the time of receiving the injuries.

Sec. 28. Section one hundred and twenty-seven of said charter is hereby amended so as to read as follows:

Section 127. The said commissioners shall appoint a city superintendent of common schools in the month of June in every even numbered year who shall be competent to instruct in any and all of the grades of the city schools who shall hold his office for two years from and including the fifteenth day of July next after his appointment and whose compensation shall be paid by said board. The said superintendent of public schools shall have charge of the school system and methods of instruction and the power to suspend teachers for incompetency or inefficiency subject to the action of the Board of Education and he shall have the recommendation of the number of teachers necessary for each of the several schools. He shall also collect and pay into the city treasury monthly all tuition fees and report to the Common Council in the month of February, 1897, and in the month of February of every year thereafter the amount of money required for building school-houses and for repairs of each school building specifying the particular building or buildings and the amount to be expended thereon respectively for the ensuing year. The said superintendent shall officiate as clerk of the board, and shall keep or cause to be kept a record of the proceedings of the board and shall perform such other services and duties as the board may from time to time direct. The said superintendent shall also keep or cause to be kept a set of records showing the receipts and expenditures separately through each of the different funds of the school board. Said expenditures through each and every fund shall be sub-divided so as to show the cost of maintaining each school separately and the supplies used therein.

The said superintendent shall also keep or cause to be kept a series of receipts to be signed by either the principals or janitors certifying to all repairs and improvements made and all supplies received for their respective school buildings and premises. The printed record of said board or a transcript thereof certified by the President or Clerk shall be received in all courts as prima facie evidence of the facts therein set forth and such records and all the books accounts vouchers and papers of said board shall at all times be subject to the inspection of the Common Council and of any committee thereof.

Sec. 29. Subdivision six of section one hundred twenty-nine of said charter is hereby amended so as to read as follows:

Sub. 6. The amount to be raised for teachers' wages and contingent expenses in any one year shall not be less than six dollars nor more than fourteen dollars per capita based on the average number of resident pupils enrolled in the several public schools of said city for the school year ending on the first day of March next preceding the levying of the general city taxes in each year. A sworn statement of such number of pupils so enrolled shall be made by the superintendent of schools according to the verified monthly reports of the principals of said schools. Nor shall the amount to be raised in any one year to alter, improve and repair school-houses and their out-houses and appurtenances exceed fifteen thousand dollars or to lease purchase and improve sites and build or enlarge school-houses exceed one hundred thousand dollars, or for library purposes exceed three thousand dollars; and the Common Council of said city are authorized and

directed when necessary to raise by loan in anticipation of the taxes the amount to be raised, collected and levied as aforesaid.

Sec. 30. Subdivision three of section one hundred and thirty-one of said charter is hereby amended so as to read as follows:

3. To alter, enlarge improve and repair school-houses and appurtenances as they may deem advisable. Whenever such board shall build, enlarge, repair, furnish or supply any school building or buildings at an estimated expense of not less than fifty or more than two hundred and fifty dollars, it shall be the duty of the officials having jurisdiction to procure estimates for such work or supplies from two or more competitors wherever practicable and report such estimates to the board for its consideration and action.

Whenever such board shall build, enlarge, repair, furnish or supply any school building or buildings or make any improvements or repairs or purchase any supplies the cost of which will exceed two hundred and fifty dollars, the board shall proceed as follows:

a. Said board shall advertise for bids for the period of two weeks at least twice in each week, in two newspapers published in the city of Rochester and which resolution providing for the same shall be entered in full by the Clerk on the record of the proceedings of said board.

b. The bids duly sealed up shall be filed with the clerk by twelve o'clock noon of the last day as stated in the advertisement.

c. The bids shall be opened at the next meeting of the board and publicly read by the Clerk.

d. Each bid shall contain the name of every person interested in the same and shall be accompanied by a sufficient guarantee of some disinterested person that if the bid is accepted a contract will be entered into and the performance of it properly secured by bonds duly approved.

e. If the work bid for embraces both labor and materials each must be separately stated with the price thereof. The board may in its discretion accept any bid for both labor and material which shall be most advantageous to the city or it may reject any and all bids as the interest of the city may require.

Sec. 31. Section one hundred thirty-five of said charter is hereby amended so as to read as follows:

Section 135. It shall be the duty of the said board at least twenty days before the biennial charter election for commissioners, to prepare and report to the Common Council true and correct statements of the receipts and disbursements of money under and in pursuance of provisions of this act during the preceding two years in which account shall be stated under appropriate heads:

1. The moneys raised by the Common Council under the provisions of this title.

2. The school moneys received by the City Treasurer from the County Treasurer or the state.

3. All other moneys received by the City Treasurer subject to the order of the board specifying the same and sources.

4. The manner in which such sums of money shall have been expended specifying the amount paid under each head of expenditure.

Sec. 32. Section one hundred forty-two of said charter is hereby amended so as to read as follows:

Section 142. There shall be an executive board of the said city which shall consist of three members who shall be electors and freeholders of the said city chosen at each biennial charter election by the electors of the city each to hold his office for the term of two years commencing on the first day of January next after his election except as

hereinafter provided. The members now in office shall be members of the executive board until the expiration of their terms of office respectively.

Sec. 33. Section one hundred forty-three of said charter is hereby repealed.

Sec. 34. Section one hundred forty-four of said charter is hereby repealed.

Sec. 35. Section one hundred sixty-two of said charter is hereby amended so as to read as follows:

Section 162. In case the city of Rochester is unable to obtain by purchase the title to any lands, waters, lakes, springs, ponds or streams or any easement in or right of temporary occupation of such lands, waters, lakes, springs, ponds or streams, which may be necessary for the use of the water-works of said city or of dumping rubbish and dirt, the Executive Board of said city shall be and hereby is authorized by and with consent of the common council to proceed to acquire such title or other rights and to such lands, waters and property, for and in behalf of said city, in the manner prescribed by the condemnation law as heretofore amended except as may be otherwise provided by law and for that purpose all the provisions of the last mentioned act and of the acts amendatory thereof are hereby made applicable to proceedings under this act. And in case the said city of Rochester shall seek to acquire any lands or any easements, water or other right of privilege in, or connected with any lands which shall belong to any corporation having the right of taking private property for a public use, commissioners of appraisal shall not be appointed unless it shall appear to the court that the title, right, interest, water right, easement or privilege so sought to be acquired, does not embrace any of the special corporate rights, privileges or franchises granted to the corporation owning such lands or other rights, nor anything which is essential to the exercise and enjoyment of such corporate rights and privileges. And in case commissioners are appointed by the court, the city of Rochester shall acquire no greater or other rights by the proceedings than it would have acquired if the property, right or privilege sought had belonged to a private individual; and in the estimate of damages made by such commissioners of appraisal, nothing shall be included for any corporate right, interest, privilege or franchise of that corporation owning the property to be taken, but the same shall be estimated precisely as if the property belonged to some private individual. Any condemnation proceedings heretofore commenced under the act authorizing the formation of railroad corporations shall not be affected by this amendment making the condemnation law applicable but shall be completed pursuant to the provisions of the statute under which they were begun the same as if this amendment had not been passed.

Sec. 36. Subdivision one, of section one hundred sixty-eight of said charter is hereby amended so as to read as follows:

1. To make or cause to be made sewers, tunnels, drains, vaults, arches and bridges, wells, pumps and reservoirs in any part of the city and also whenever for the purpose of drainage, sewerage, or to promote the public health, it shall deem and declare it necessary, to extend said sewers, tunnels, drains, vaults and arches to and beyond the limits of said city, and across private lands or highways in any adjoining towns; and to acquire the necessary lands, rights or easements therefor and make such ordinances for the regulation, protection and preservation of the same as may be deemed advisable.

Sec. 37. Section one hundred and seventy of said charter is hereby amended so as to read as follows:

Section 170. Whenever by order of the Common Council any new street or alley shall be laid out opened or worked in said city or any sewer, tunnel, drain, vault or bridge shall be extended to or beyond the city limits or any other public improvement is to be made, it shall be the duty of the common council to determine what portion if any of the expense thereof ought to be paid from the public treasury and what portion if any ought to be paid by local assessment and to direct that the whole expense to be paid by a local assessment be assessed upon all the lots and parcels of land to be benefited thereby in proportion to the benefit which each will derive therefrom. The Common Council may maintain, improve, embellish and protect any public park, street, square or area in said city, and grade, sewer and pave the streets and alleys thereof and make, grade and improve sidewalks about the same or any part thereof. And they may cause the whole expense thereof to be assessed upon all the lots and parcels of land where the parks, streets, squares or areas are situated in proportion to the benefit which each lot or parcel will derive therefrom. It shall be lawful for the Common Council by a three-fourths vote of the members elected to borrow from time to time by the issue of bonds an amount not exceeding one million dollars, bearing such rates of interest as it may deem proper to effect a sale thereof not exceeding five per centum per annum at not less than par for such period as said Common Council may determine, the proceeds of which shall be used in paying the costs disbursements and other expenses incurred or to be incurred on account of work, labor, materials and local improvements heretofore or hereafter performed or furnished or constructed, not in conflict with the provisions of any contract however therefor, under and by virtue of ordinances duly adopted as provided in this charter the expense whereof is to be afterwards collected wholly or in part by assessment from the property benefited by such improvement, but no moneys shall be paid out of the proceeds of said bonds except upon a certificate in writing from the head of the department having charge of such work stating that the same has been acceptably performed that a payment is due and the amount of such payment. All assessments heretofore or hereafter made or collected for local improvements shall be paid into a fund to be known as the "local improvement fund" to be applied toward the redemption of the bonds issued in pursuance of this section and the payment of any orders that may be issued in pursuance of any contracts heretofore entered into for any local improvement. The proceeds of such bonds shall be deposited in a special account to be known as the "local improvement" account in whatever banks or trust companies the council may from time to time designate.

The Treasurer shall keep a separate set of records for said local improvement fund and account which records shall show:

First. The proceeds of all moneys received by the issue and sale of bonds.

Second. The amounts of all orders paid, said payments to be classified and charged separately to the special improvement for which they were given.

Third. The amounts of all assessments paid, said payments to be classified and credited separately to the special improvement for which they are due; said payments to be

sub-divided so as to show the amount of interest in all payments where interest is included.

Fourth. A. The amount of interest received or accrued from bank balances,

B. The amount of interest received from any and all past due assessments,

C. The amount of interest paid or due upon any and all outstanding bonds;

Fifth. All payments of principal made from the aforesaid bonds.

The City Treasurer shall submit periodically to the council a balance sheet either summarized or in detail showing the condition of said local improvement fund and account at the close of business during the months of March, June, September and December in each year or said balance sheet may be submitted monthly if practicable to do so. Any amount of surplus interest accruing through the local improvement fund and account shall be used exclusively for the payment of such of the city's bonded indebtedness as the Common Council may direct.

Sec. 38. Section one hundred and eighty, of said charter is hereby amended so as to read as follows:

Section 180. If such report is not appealed from in thirty days as hereafter provided or whenever such report is finally confirmed, the Common Council, the Executive Board, the city or the commissioners of Mount Hope cemetery may take the lands and premises rights or assessments specified in the report of such commissioners and which have been determined by the Common Council to be necessary for such improvement on paying the amount of damages or compensation awarded to the owners or occupants thereof in such report less the amount of any assessment made against such owner or occupant for any part of the expense of such improvement when such assessment has been made or depositing the same in some bank in the city of Rochester to the credit of the person to whom the same is awarded less such assessment if any as aforesaid. If the assessment for any improvement has not been made and the Common Council desires to get possession of the lands, rights or easements condemned it may cause the whole award to be deposited in some bank in said city to the order of the persons entitled to the same subject however to the deduction of any taxes and assessments that may be liens on the premises taken and any assessment that may thereafter be levied for the expense of the improvement and upon such deposit being made said city shall be entitled to the immediate possession of the premises condemned. At any time after the confirmation of such report the Common Council may direct that the duplicate copy thereof filed in the office of the clerk of Monroe county herebefore directed by section one hundred and seventy-eight of this act to be filed shall be recorded at full length in said clerk's office and said Common Council may also direct that any report of commissioners of appraisal in any proceedings instituted for the acquirement of lands in the city of Rochester heretofore filed in said Monroe County Clerk's office or a certified copy thereof shall be recorded at length in said clerk's office with the same effect as if such proceeding had been instituted or report made and filed after the amendment of this section. Whenever any proceedings shall have been taken by said city to acquire any lands rights or easements by condemnation and any improvement shall have been made by said city or any of its officers or departments on such lands rights or easements and it shall appear that all the interests in said lands rights or easements have not been cut off by such condemnation proceedings by reason of the fail-

ure to give notice of the proceedings or otherwise, said defect in such condemnation proceedings shall not invalidate such improvements or any assessment levied or to be levied therefor but such assessment shall be valid and effectual notwithstanding such defect in the condemnation proceedings and said city shall upon the discovery of such defect make application to the Monroe county court to determine the amount of money to be deposited as security for the payment of the compensation which shall be finally awarded to the owner of the interest not theretofore acquired. Such amount as said court may direct shall be deposited by said city as directed as security for the payment of such compensation and said city shall proceed immediately to condemn by proceedings authorized by this charter or other law the interest not acquired and no action or proceeding shall meanwhile be brought against said city or its officers or departments by reason of such defect other than to compel proceedings to be taken to cause such deposit to be made and to condemn the interest not acquired. This amendment shall apply to condemnation proceedings improvements and assessments hereinafter as well as heretofore taken by said city its officers or departments.

Sec. 39. Section one hundred eighty-two of said charter is hereby amended so as to read as follows:

Sec. 182. When any damages shall be awarded and any assessment for benefits of the improvements in respect to which such damages are awarded shall be made upon the same person or persons or in respect to the ownership of any parcel of land a part of which or a right of easement therein shall be taken for such improvement in that case the said city of Rochester shall become vested with the title to such land or right or easement therein so taken free from any and all liens and incumbrances of every kind and nature upon paying or depositing or directing the depositing according to the provisions of this act the excess of the amount so awarded over and above the amount so assessed and any other taxes and assessments which may be liens on the premises taken and in case the amount so awarded is less than the amount assessed then upon the confirmation of the assessment roll containing the application of such award upon such assessment. Any and all lands required by the city of Rochester for any purpose under the provisions of this act shall be deemed to be acquired for public use.

Sec. 40. Section one hundred ninety-eight of said charter is hereby amended so as to read as follows:

Sec. 198. Whenever the Common Council shall determine that the whole or any part of the expense of any improvement shall be defrayed by a local assessment and the expense of such improvement shall exceed in the aggregate the sum of one thousand dollars it may be paid one-third in cash and the balance in the city's notes payable in one and two years with interest thereon not exceeding six per centum per annum, and in case such expenses shall exceed ten thousand dollars it may be paid one-third in cash and the balance in the city's notes payable in one, two, three and four years respectively with interest thereon not exceeding six per centum per annum, and the city may get its notes discounted for the above purpose. The Common Council may determine at the time of fixing the amount to be assessed if the same shall exceed one thousand dollars, that the taxpayers pay their assessments in not more than three equal payments; one-third

within sixty days from the time that the Treasurer shall advertise the same as hereinbefore provided, one-third within one year, and one-third within two years from the time of confirmation of such roll. And in case the amounts to be assessed ascertained as herein provided shall exceed ten thousand dollars the Common Council may determine, as aforesaid, that the taxpayers may pay their assessments in not more than five equal payments, one within thirty days from the time that the Treasurer shall advertise the same as hereinafter provided and the balance within one, two, three and four years respectively after such confirmation. The entire expense of every local improvement assessed and paid as aforesaid shall be ascertained by the City Treasurer including any damages or awards for the taking of lands, rights or easements together with any interest paid or to accrue on the orders or notes issued by the city to pay the expense of such improvement and interest on such sums shall be reckoned to the time the last installment of such assessment shall become due. Persons or the owners of land so assessed who shall make any payment previous to the maturity of said last installment therein shall be entitled to a discount at the same rate as is paid on the city's notes or orders issued to pay for such improvement. Instead of proceeding as hereinbefore provided in this section the Common Council may direct that the expense of any improvement heretofore or hereafter made to be defrayed in whole or in part by a local assessment, shall be paid out of the proceeds of the sale of local improvement bonds and in such case the assessments for such improvement shall be made as hereinafter provided as in this section. Such assessments shall be extended over a continuous period so that the ratable amount due in any one year shall not exceed a sum equal to five per cent. of the assessed value of any piece of property involved as shown by the last annual assessment roll for general city taxes, provided however that such period does not exceed eight years. In case such computation makes the period exceed eight years then the aforesaid method of computation shall be disregarded and the time of payment shall be limited to eight years in equal annual installments as herein provided. The city assessors or special commissioners shall note upon all such assessment rolls at the time of their presentation the number of years recommended for the payment of all assessments therein and they are hereby authorized to use in their discretion subject to the approval of the Common Council any smaller percentage than five in determining the time for payment to be recommended provided always that such time shall not exceed eight years. The first payment of any such assessment shall be due on the first day of the second month following the month in which said assessment roll shall have been received by the City Treasurer and succeeding payments shall be due on the first day of said month in each succeeding year. On all amounts not paid during the month in which they are due, the Treasurer shall charge interest at the rate of five per cent. per annum but nothing shall prevent the pre-payment in whole or in part of any assessment and in the event of such pre-payment the Treasurer shall charge interest on the amount pre-paid from the time the assessment was first due to the time in which such payment was made. The City Treasurer or other officials shall act promptly in all matters pertaining to the completion of the assessment rolls and placing them in the Treasurer's office for collection and it

shall be the duty of the Treasurer to advise the Common Council at its first regular meetings in January, April, July and October in each year of any and all completed local improvements, whose assessment rolls remain unconfirmed. Whenever the expense connected with any improvement to be defrayed in whole or in part by local assessments shall be reported to the Common Council, it shall be the duty of the Common Council to adjust and report the same to the city assessors, or special commissioners, to be assessed upon the property benefited as provided herein.

Sec. 41. Section two hundred and nine of said charter is hereby amended so as to read as follows:

Sec. 209. The City Treasurer shall issue his warrant as aforesaid to a collector commanding him to collect the amount unpaid on such assessment with interest and fees as aforesaid and shall annex to such warrant either a list of such assessments taken from the assessment roll or the roll itself which warrant shall be in the form and the same proceeding shall be had as prescribed in the case of the collection of the general city taxes remaining unpaid and all the provisions of the charter in relation to the collection of such general city taxes the warrant therefor the appointment duties fees and security of such collectors the responsibility of the City Treasurer and his sureties for such collectors the jurisdiction of the supreme court in case of delinquencies shall be applicable to every such assessment. In case any assessment or any installment shall have become entirely due and the whole or any part thereof remains unpaid and a warrant shall have been issued therefor and returned unsatisfied it shall be the duty of the City Treasurer to report the same to the assessors. Whenever any assessment or any installment thereof is so reported the assessors in preparing the next roll for general city taxes shall insert therein against the property on which it was assessed the amount of such unpaid assessment with interest thereon at the rate of ten per cent. per annum from the time when due down to the first day of May thereafter. Such amount shall be in a separate column from the general city tax to be levied for the ensuing year. Upon the confirmation of such assessment roll, such amount shall be added to the general city tax and the entire amount shall be collected as hereinbefore provided in reference to general city taxes and if such amount is not paid, the lands shall be sold therefor as hereinbefore provided. When such tax is collected, the Treasurer shall credit the portion thereof which was due on any assessment to the proper fund. On assessments heretofore unpaid the property assessed may be sold for such assessments as heretofore provided by said charter.

Sec. 42. Section two hundred fifteen of said charter is hereby amended so as to read as follows:

Section 215. Every tax or assessment authorized by this act which has been assessed upon any lands, tenements, or real estate, or upon the owners or occupants thereof, shall be and is hereby declared valid and effectual notwithstanding and irregularity omission or error in any of the proceedings relating to the same and shall be and remain a lien on such lands tenements or real estate in respect to which the same have been made, from the time of the passage of the resolution of the Common Council levying the same in the case of the annual city taxes and from the time of the confirmation by the said Common Council of the roll containing the same in the case of other taxes and assessments and until the same shall be actually

paid or satisfied. In case any assessment shall remain unpaid on account of any irregularity omission or error in any assessment for a local improvement or of an annual city tax or in the proceedings relating thereto, or in case of error in the description of lands tenements or real estate or in the designation of the owners or occupants, the Common Council may in their discretion proceed to correct such irregularity omission or error and cause the amount so unpaid to be reassessed on the property deemed to be benefited by such improvement or assessed in such general city taxes or upon the owners or occupants thereof, and the Common Council are hereby authorized and empowered to have such re-assessment made in the same manner as the original assessment should have been made, and to direct the Treasurer to correct any such irregularity omission or error and such re-assessment or correction shall have the same effect as if the assessment had originally been properly made.

Whenever it shall appear by the judgment of a court of competent jurisdiction that any assessment for a local improvement is illegal or void for want of jurisdiction in making the improvement or assessment or for any other reason and any portion thereof remain unpaid, the Common Council may pass a resolution or ordinance designating the improvement so made, the whole expense thereof including any and all interest thereon to the date of the reassessment including all that might be imposed provided by this act in the case of local assessments and the part or portion of the city deemed to be benefited thereby and may assess the lots and parcels of lands in such territory described for such expense according to the benefit received and proceed in all respects as in cases of assessment and such action shall have the same valid and binding force as if the same had originally been properly done. Whenever any moneys shall have been paid for an assessment and a reassessment shall be made in pursuance of this section, the amount shall be credited on such re-assessment to the property on which the assessment was made and in case of any alteration in the assessment by such re-assessment whereby the amount so paid shall exceed the amount reassessed on the same property such surplus shall be paid to the person who may have paid the same and in case it shall be insufficient to pay the amount re-assessed the deficiency shall be collected in the same manner as other assessments. It shall be the duty of the City Treasurer within thirty days after any sale of lands for taxes to furnish to the County Clerk of Monroe county a list of such lands sold specifying when, to whom, for what time and the amount for record which list the county clerk shall record immediately after receiving the same in a book provided by the City Treasurer for that purpose and the amount of such sale on each lot or parcel of land shall be a lien thereon and take precedence of any incumbrance whatever.

Sec. 43. Section two hundred eighteen of said charter is hereby amended so as to read as follows:

Section 218. In all cases it shall be the duty of the owner of every lot or parcel of land in said city to keep the sidewalks adjoining his lot or piece of land in good repair and to remove and clean away all snow and ice and other obstruction from such sidewalk. The city of Rochester shall not be liable for any injury caused by such sidewalk or any roadway being out of repair, or dangerous from snow or ice, or unlawfully obstructed, unless actual notice of the unsafe or dangerous condition thereof has been given to

the city officers having charge of the highways a reasonable time before the happening of any such injury. Any person or persons who shall claim damages against said city for injury caused by any alleged negligence shall not be allowed to tax costs against said city in any action brought therefor unless the party so claiming damages shall have within fifteen days after the happening of such injury notified the Mayor or Corporation Counsel in writing of the time and location of the place where such injury occurred and the particulars thereof. The Executive Board shall have the power to cause to be built or repaired any sidewalk where the owner of the property shall neglect or refuse to build or repair the same for five days after a written notice so to do has been served on him either personally by leaving the same at his residence or place of business if he live in the city, with some person of suitable age and discretion, or if the owner be a non-resident by posting said notice on the premises in front of which such repairs are required to be made and by mailing a copy of the same to his postoffice address if it can be ascertained by reasonable diligence. The said Executive Board shall also have power to cause to be cleaned any sidewalk from snow ice or other obstructions where the same have remained for twenty-four hours. The city of Rochester shall have a cause of action against any such owner to collect the expense of any work or repair aforesaid. And a bill or statement of the amount of such expenses shall be sent by mail to such owner if his address be known. If such expense is not paid an affidavit of the actual cost thereof and date of completion thereof, and the property in front of which the work or repairs were done shall be filed with the assessors of the city at or before the time of making the general city tax levy by the Common Council hereinbefore mentioned and they shall add the amount thereof with interest at the rate of fifteen per centum per annum from the time of the date of completion of such work to the amount assessed against such land for the next general city tax, and the whole amount of such assessment or expense shall be collected as is provided in reference to general city taxes.

Sec. 44. Section two hundred and twenty of said charter is hereby amended so as to read as follows:

Section 220. The Common Council shall have power to enact ordinances governing the construction regulation and inspection of all buildings within said city, the size parts and materials thereof the thickness of the walls and the materials to be used in the construction of such walls or in any part of said buildings and may inspect or cause to be inspected any building erected or in process of erection to see that the same correspond to said ordinances. Said Common Council or person designated by it shall have authority at all reasonable hours to enter upon any premises to make such inspection and may arrest and put a stop to the erection or removal of any building in process of erection or removal which shall not conform to said ordinances until the same shall be conformed thereto and every building erected removed or placed contrary to such ordinances is hereby declared to be a common nuisance and may be abated and removed as such by the Common Council and for this purpose may employ the police of said city. For the purpose of guarding against the calamity of fire the Common Council may designate by ordinance such portions of said city as they shall think proper within which no buildings of wood or combustible material shall be erected and may require iron or other shutters to be placed upon the outer doors and win-

dows of buildings already constructed or which hereafter may be constructed and every violation of any ordinance authorized by this section shall be punishable by a fine of not more than two hundred fifty dollars or by imprisonment in the Monroe county penitentiary for a period not exceeding one hundred and fifty days or by both such fine and imprisonment.

Sec. 45. Section two hundred and twenty-nine of said charter is hereby amended so as to read as follows:

Section 229. The Fire Marshal shall have such powers and perform such duties as the Common Council shall from time to time direct and with such salary as the Common Council shall determine. He shall examine plans and specifications for all new buildings and for all alterations and additions to existing buildings owned or to be built by the city through any of its departments for the purpose of determining the fitness of said buildings for the purposes for which they are intended or are likely to be used; to make sure that the foundations are adequate the walls of proper strength the arrangement such as to secure ample natural light good ventilation and other sanitary conditions particularly in school houses and fire department buildings, and means of egress easy and commodious. He shall have authority to procure with the approval of the Common Council such expert counsel and advice as he may deem necessary and any reasonable expense therefor after being duly audited and approved by the Common Council shall be paid from the Contingent Fund. A copy of the plans and specifications for all new buildings alterations and additions referred to approved by the Fire Marshal must be filed with the City Clerk and be certified by him to the department or officials having jurisdiction before it shall be lawful to let contracts commence work or incur any expense therefor.

Sec. 46. Section two hundred and sixty-five of said charter is hereby amended so as to read as follows:

Section 265. The Police Justice of said city shall have jurisdiction in any suit brought for a penalty or forfeiture given for the violation of any city ordinance or of the laws concerning the internal police of the state and is hereby empowered to hold courts of special sessions for the trial of all offences triable in a court of special sessions. Every court of special sessions held by said Police Justice or by one of the judges of the municipal court of said city or the Mayor or one of the Police Commissioners or Aldermen in the place of said Police Justice as is provided by section two hundred and sixty-seven of this act, shall subject to the power of removal provided for in chapter one of title six of part one of the code of criminal procedure, have exclusive jurisdiction to hear try and determine all charges of misdemeanor and such other offences or crimes punishable as such as are defined by section fifty-six of the code of criminal procedure or other statute now or hereafter passed where the offense has been committed within the city of Rochester and of petit larceny committed as a second offense within said city and the complaint has been made to said police justice or one of the officers acting in his place or one of the judges of the municipal court; and the said Police Justice or other officer acting in his place shall have power to impose any sentence punishment fine imprisonment or both as is provided in such cases by the provisions of the penal code or by the special statutes of this state. The police justice of said city may issue an execution upon any judgment heretofore or hereafter rendered by a police justice of said city. The Board

of Police Commissioners shall have power to appoint from time to time a stenographer who shall perform such duties as they shall from time to time require of him. The police magistrate or person acting in his stead shall have power to require such stenographer to take the evidence in all criminal cases or proceedings pending before him, and shall have power to require such stenographer to transcribe his short-hand notes and deliver to the district attorney of the county of Monroe a copy of such transcript and shall have power to require such stenographer to transcribe his notes and deliver a copy thereof to the defendant in any action upon the payment to the Clerk of such police court of the sum of ten cents per folio for each folio of such transcript. The salary of such stenographer shall be fixed by said Board of Police Commissioners and shall be paid in the same manner in which the salary of the Police Clerk is now paid. In any action brought for the violation of any ordinance or of the laws concerning the internal police of the state as aforesaid, a trial by jury may be had upon the demand of either party made before the actual commencement of such trial and such trial shall be conducted in the manner provided for trials by jury in justices' courts by the code of civil procedure and the jurors summoned as well as those acting or sitting upon the trial and the officer executing the venire and attending the jury which officer may be one of the members of the police force of said city to be nominated by said police justice, shall be entitled to the fees allowed by law to jurors and constables for similar services in trials by jury before justices of the peace or justices' courts and which fees shall be paid to the said Police Justice for the purposes aforesaid by the party demanding such jury trial at the time such demand is made, and upon the failure to pay the same such demand for a trial by jury shall be disregarded but the fees allowed to said officer if he be one of the members of said police force of said city for summoning or attending upon such jury shall be retained by the Police Clerk and be paid by him to the Treasurer of said city to the credit of the contingent fund. The municipal court of said city shall also have jurisdiction of all suits brought for a violation of any regulation by-law or ordinance passed enacted or adopted by the Common Council Board of Health or Executive Board of said city where the sum for which judgment is demanded in the complaint does not exceed ten hundred dollars exclusive of costs; provided the same be instituted by or under the direction of the Corporation Counsel or said Common Council Board of Health or Executive Board.

Cases in said police court involving the trial or commitment of children under any of the provisions of sections 211, 223 subdivision 4, 278, 282, 287, 288, 289, 290, 291, 292, 317, 409, or 410, of the penal code of this state, or section 887 of the code of criminal procedure of this state shall be heard and determined by said court separately and apart from the trial of other criminal cases of which session a separate docket and record shall be kept; said trial shall be held at such place or places as the Common Council may from time to time designate and at such suitable times as shall be designated therefor by such court.

The Police Clerk shall have the same power as the Police Justice to subpoena witnesses and issue executions upon judgments of said police court; said Clerk shall also have the power to administer the oath to witnesses sworn in said court.

Sec. 47. This act shall take effect immediately.

By Ald. Wilson—Resolved, That the amendments to the City Charter presented by the Charter Amendment Committee be sent to our representatives in the legislature with the request that the same be introduced and passed as soon as possible and returned to this council for action.

Adopted.

By Ald. Wilson—

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—In view of the unanimous request of certain residents of the seventeenth ward to be annexed to the fifth ward, we recommend that the request be granted, and we have caused to be prepared and submitted at this meeting, an amendment to the city charter embodying the wishes of those most interested.

JOSEPH C. WILSON,
W. C. GREEN,
J. MILLER KELLY,
WM. S. BEARD,
JAMES JOHNSTON,

Charter Amendment Committee.

Received, filed and published.

AN ACT to amend the charter of the city of Rochester.

The people of the state of New York represented in senate and assembly do enact as follows:

Section 1. An act entitled "An act to further amend chapter 143 of the laws of 1861 entitled "An act to amend and consolidate the several acts in relation to the charter of the city of Rochester," and to consolidate therewith the several acts in relation to the charter of said city," passed February 19, 1880, being chapter 14 of the laws of 1880 as heretofore amended is hereby designated as the charter of said city.

Sec. 2. Section four of said act is hereby amended so that the boundaries of the fifth and seventeenth wards of said city shall read as follows:

Fifth ward. All that part of the said city included within a line beginning at a point in the center of East Main street and of the Genesee river; thence running northerly along the center of the Genesee river to a point where a line extended southwesterly through the center of Clifford street would intersect a line drawn through the center of said Genesee river; thence northeasterly along the said extended line and along the center of Clifford street, to an angle in said street, and thence continuing easterly along the center of said Clifford street to the center of North Clinton street; thence southerly along the center of said North Clinton street to the center of East Main street; thence westerly along the center of East Main street to the place of beginning, shall constitute the fifth ward.

Seventeenth ward. All that part of the said city included within a line beginning at a point in the center of the Genesee river, where a line drawn through the center of the Genesee river would intersect a line extended southeasterly through the center of Clifford street; thence northerly along the center of the Genesee river to where the north line of the city crosses the Genesee river; thence following the boundary line of the said city northerly to the north boundary point of the said city; thence southerly along the east boundary line of said city to a point where said boundary line intersects said north boundary line at Norton street; thence easterly along the north boundary line of said city to a point where the northerly boundary line of the city intersects the east boundary line of the city; thence southerly and southeasterly along the easterly boundary line of the city to the center of Clifford

street; thence westerly along the center of Clifford street to an angle in said Clifford street; thence continuing southwesterly along said center line, and continuing on a line extended southwesterly through the center of said Clifford street to the place of beginning, shall constitute the seventeenth ward.

Sec. 3. The aldermen, supervisors and commissioners of common schools and other officers elected or appointed to represent the fifth and seventeenth wards of said city as constituted prior to this amendment shall continue to hold office as representing the territory from which they were elected notwithstanding the change of ward lines until their respective terms of office shall severally expire.

Sec. 4. This act shall take effect immediately.

Received, filed and published.

By Ald. Wilson—Resolved, That the act changing the boundaries of the fifth ward be sent to the legislature for introduction and subsequent return to this body for their action.

Adopted.

FINANCE COMMITTEE REPORT.

Rochester, N. Y., March 31, 1896.
To the Honorable the Common Council of the City of Rochester, N. Y.:

Gentlemen:—Your Finance Committee would report that it has considered the communications of President Dewey and the Mayor concerning the present methods of treating the Local Improvement question and the large amount of the city's notes outstanding and your committee is unanimously of the opinion that the existing practices can and should be improved.

Your committee quickly found that the necessary changes could only be made by amending the charter. Inasmuch as three members of the Finance Committee are also members of the Charter Amendment Committee and the Council itself has referred these same questions to the Charter Amendment Committee, the latter has taken charge of them and will report and recommend charter amendments which your Finance Committee believes will materially improve the Local Improvement situation and relieve the Treasurer's office of the burden and annoyance of carrying a large amount of short term notes.

The amount of city notes and acceptances outstanding under date of March 18, 1896, was \$1,844,380.69, of which \$1,038,373.19 was chargeable to the Local Improvement Fund. Of the balance, portions have been used for the payment of Andrew, Court and Clarissa street river bridges, for the new police station, for interest on the East Side trunk sewer bonds, for deficiency items under last year's administration and for uncollected taxes, this last item alone amounting to \$307,564.65 under date of March 18, 1896. The wisdom of action to change this form of indebtedness will, your committee thinks, be apparent to all. In addition to these items, the Water Works system has not been completed and provision will have to be made for any money needed to complete it, and also for money needed to pay the cost of remodeling the City Hall building.

Your committee is therefore unanimously of the opinion that legislative authority to issue bonds, in the discretion of your honorable body, for the following purposes and amounts should be secured:

First: \$1,000,000 for a Local Improvement Fund.

Second: \$500,000 for uncollected or past due taxes.

Third: \$300,000 for the completion of the city's water system and the purchase of an additional reservoir site.

Fourth: \$300,000 for the payment of Andrew, Court and Clarissa street river bridges.

Fifth: \$50,000 for remodelling the City Hall building.

Sixth: \$75,000 for the renewal of the Free Academy bonds expiring January 1, 1897.

Respectfully submitted,
 JAMES JOHNSTON,
 M. B. ADAMS,
 HENRY G. COOK,
 JOSEPH C. WILSON,
 J. MILLER KELLY,
 Finance Committee.

Received, filed and published.

By Ald. Johnston—
 AN ACT authorizing the city of Rochester to issue its bonds for the purpose of redeeming bonds heretofore issued for building a Free Academy.

The People of the State of New York represented in Senate and Assembly do enact as follows:

Sec. 1. The Common Council of the city of Rochester is hereby authorized to issue the bonds of said city to be known as the Free Academy redemption bonds, to such an amount as shall be necessary, not exceeding seventy-five thousand dollars, to be countersigned by the Mayor and president of the Common Council, to be issued in such denominations, to be payable at such time, and to be sold in such manner as the Common Council of said city shall determine, at a rate of interest, however, not to exceed four per cent. per annum and not less than the par value of said bonds; the proceeds of said bonds shall be used in redeeming bonds heretofore issued for the construction of the Free Academy building pursuant to chapter 166 of the laws of 1872, and its amendments.

Sec. 2. This act shall take effect immediately.

Received, filed and published.

By Ald. Johnston—

By Ald. Johnston—
 AN ACT authorizing the city of Rochester to issue bonds for the construction of bridges across the Genesee river.

The People of the State of New York represented in Senate and Assembly do enact as follows:

Sec. 1. The Common Council of the city of Rochester is hereby authorized to issue the bonds of said city, to be known as the Genesee river bridge bonds, to such an amount as shall be necessary, not exceeding one hundred fifty thousand dollars, to be countersigned by the Mayor and President of the Common Council, to be issued in such denominations and to be payable at such time and to be sold in such manner as the Common Council of said city shall determine, at a rate of interest, however, not to exceed four per cent. per annum and at not less than the par value thereof; the proceeds of said bonds shall be deposited in such banks or trust companies and upon such terms as the Common Council may determine, and be used for the purpose of constructing bridges within said city over the Genesee river, including the purchase of sites and approaches thereto.

Sec. 2. This act shall take effect immediately.

Received, filed and published.

By Ald. Johnston—
 AN ACT authorizing the city of Rochester to issue bonds against past due taxes.

The People of the State of New York represented in Senate and Assembly do enact as follows:

Sec. 1. The Common Council of the city of Rochester is hereby authorized to issue the bonds of said city, to be known as the past due tax bonds, to such an amount as shall be necessary, not exceeding five hundred thousand dollars, the proceeds of which shall be used in paying the promissory notes or other obligations of said city, heretofore issued on taxes levied but uncollected; and such an additional amount each year hereafter as shall be necessary, not exceeding, however, the amount of unpaid taxes advertised for sale in such year by the City Treasurer, the proceeds of which shall be used for the same purposes for which the unpaid taxes so advertised were levied, said bonds to be countersigned by the Mayor and President of the Common Council, to be payable

at such time and to be sold in such manner as the Common Council, shall determine, at a rate of interest, however, not to exceed four per cent. per annum and at not less than the par value of said bonds; the proceeds of said bonds to be deposited in such banks or trust companies and upon such terms as the Common Council may determine.

Sec. 2. This act shall take effect immediately.

Received, filed and published.

By Ald. Johnston—Resolved, That the acts authorizing the issuance of bonds against past due taxes, for Genesee river bridges, City Hall remodeling, the redemption of Free Academy bonds, and water works, be sent to our representatives in the legislature with the request to introduce the same and pass them as soon as possible and return the same to this Council for further action.

Adopted.

POOR COMMITTEE REPORT.

Rochester, N. Y., March 31, 1896.

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—Your committee on support and relief of the poor would respectfully report:

That pursuant to our directions the Overseer of the Poor advertised for proposals for furnishing 700 barrels of flour to the Poor Department, to be delivered in quantities as desired during the year beginning April 1, 1896.

The lowest bid received was \$3.70 per barrel for No. 1 Amber flour.

Your committee would therefore recommend that the contracts for furnishing 700 barrels of flour to the department as called for by the advertisement be awarded as follows: To Wm. S. McMillan, 350 barrels at \$3.70 per barrel; to Macauley, Fien & Co., 350 barrels at \$3.70 per barrel.

All of which is respectfully submitted,

HENRY G. COOK,

M. J. CALIHAN,

M. B. ADAMS,

W. M. S. BEARD,

W. H. TRACY,

Poor Committee.

Received, filed and published.

By Ald. Cook—Resolved, That the Overseer of the Poor be, and he hereby is authorized to contract with Wm. S. McMillan for furnishing 350 barrels of No. 1 Amber flour to the Poor Department as needed during the year beginning April 1, 1896, at the price named in his bid, viz: \$3.70 per barrel.

Adopted by the following vote:

Ayes—Alds. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Cook, Pauckner, Kelly, Crane, Simmelink, Englehardt, Wilson, Reichenberger—19.

By Ald. AN ORDINANCE RELATING TO PEDDLERS.

The Common Council of the city of Rochester do enact as follows:

Section 1. No person shall at any time offer for sale any provisions or merchandise at retail in any manner within any of the public streets or places or from house to house within the city of Rochester without having procured a license as required by the terms of this ordinance.

Sec. 2. The Mayor of the city of Rochester may grant to any person a license to sell any provisions or merchandise at retail in any of the public streets or places or from house to house within said city upon the payment to the City Treasurer of the sum of five dollars; and for every vehicle more than one used in said business an additional sum of five dollars. Said license shall expire one year from the date of its issue and shall not be transferred without the written consent of the Mayor.

Sec. 3. No vehicle shall be used within said city by any person licensed as aforesaid without having painted in a conspicuous place on the side thereof in plain and durable letters, the name and business address and license number of the owner thereof, which number shall be given at the time the license therefor shall be issued and every such number shall be in figures not less than two and one-half inches in height and every other letter or character shall be not less than one and one-half inches in height; and every person peddling or selling as aforesaid shall wear conspicuously upon the breast

a metal badge of sufficient size to admit the number of the license to be engraved thereon together with the word "vendor."

Sec. 4. No person shall permit any vehicle owned, or controlled by him to stop upon or in any wise encumber any of the public streets or places within the city of Rochester for a longer period than ten minutes while engaged in selling or offering for sale any provisions or merchandise; and no person shall erect or maintain any booth or stand nor place any barrels, boxes crates, or other obstructions upon any such public streets or places for the purpose of selling or exposing for sale any provisions or merchandise.

Sec. 5. No person shall cry out or by any device make any loud noise in any public street or place within the city of Rochester for the purpose of selling any provisions or merchandise.

Sec. 6. Nothing in this ordinance shall be construed so as to prevent a person, firm or corporation having an established place for the transaction of business in said city from soliciting orders from customers and filling the same; nor so as to prevent the sale of fresh and wholesome meats by the quarter within said city by any farmer who has raised or fattened the same; nor so as to prevent the selling of newspapers.

Sec. 7. No person shall at any time within the city of Rochester falsely or fraudulently misrepresent to any purchaser or contemplated purchaser the quantity, character or quality of any articles offered for sale. Nor shall any person offer for sale any unwholesome, tainted or diseased provisions or merchandise.

Sec. 8. No person shall sell at retail, within the city of Rochester any provisions or merchandise by measure or weight unless, before a delivery upon every such sale the same be measured or weighed by measures or scales which within the previous six months have been sealed by the city sealer; nor shall any person sell or offer for sale any produce by the bushel except in square crates or boxes which have been duly sealed by the City Sealer and each of which shall have a capacity of twenty-five hundred cubic inches.

Sec. 9. Every person licensed as aforesaid shall keep and immediately produce upon demand the license issued under this ordinance.

Sec. 10. Any violation of this ordinance shall be punishable by a fine of not less than five dollars nor more than fifty dollars and in default of the payment of such fine the person so convicted shall be imprisoned in the Monroe county penitentiary for a period not exceeding one hundred days or by both such fine and imprisonment; upon such conviction the Mayor may revoke any license granted hereunder.

Sec. 11. All ordinances and parts of ordinances inconsistent herewith are hereby repealed.

Sec. 12. This ordinance shall take effect immediately.

Received, filed and published and laid on the table two weeks.

AN ORDINANCE RELATING TO JUNK DEALERS.

The Common Council of the City of Rochester do enact as follows:

Section 1. No person shall at any time carry on the business of a junk dealer within the city of Rochester without having procured a license as required by the terms of this ordinance.

Sec. 2. The Mayor of the city of Rochester may grant to any person a license to carry on the business of buying, selling and dealing in junk, rags, old rope, old iron, brass,

copper, tin, lead or other old metals, old bottles, old glass, old bones, old tin ware, or any second-hand articles, excepting second-hand books and furniture, as follows: Class A. Every person, firm or corporation engaged in said business, except such persons as carry on the same with a horse and wagon, or push cart, shall, upon the granting of such license, pay annually to the treasurer of said city the sum of \$25 and an additional fee of \$5 for each wagon employed by him.

Class B. Every person carrying on said business by means of horse and wagon shall, upon the granting of such license, pay annually to the treasurer of said city a fee of ten dollars.

Class C. Every person carrying on said business by means of a push cart shall, upon the granting of such license, pay annually to the treasurer of said city a fee of five dollars. Such license shall expire one year from the date of its issue, and shall not be transferred without the written consent of the Mayor.

Sec. 3. No person shall be licensed as provided in Class A in the foregoing section, unless he shall be a citizen of the United States.

Sec. 4. Every license which shall be granted in pursuance of Class A, Section 2, of this ordinance shall designate the place in which the person receiving such license shall be authorized to carry on said business, and no person shall carry on said business at any other place than the one designated in said license. It shall be lawful for any person licensed as aforesaid, to keep, use and drive a cart or carts, in the city of Rochester, for the purchase and sale of any or all the articles mentioned and described in said section 2, provided that each cart or wagon so kept, used and driven by him shall be duly and separately licensed, and that every such cart or wagon shall be marked with his name, at length, his business address and the number of his license in plain letters and figures at least two inches in height.

Sec. 5. No person licensed as aforesaid shall receive, in the line of his business, any article or thing by way of pledge or pawn, nor shall he loan or advance any sum of money on the security of any such article or thing; nor shall any such person receive or purchase any article whatever from any person under the age of eighteen years, or from any person between the setting of the sun and the hour of seven o'clock in the morning.

Sec. 6. Every person carrying on or conducting the business of dealing in any of the articles mentioned in section 2 within the city of Rochester, is hereby required to keep a record of every article aforesaid bought, except such as are purchased at the houses of permanent residents by their own collector, and to keep the name and a full description of every stranger from whom any article is bought and to report daily, in writing to the Chief of Police, in such form as said Chief may prescribe, all articles received by him within twenty-four hours immediately preceding the delivery of such report; but the contents of such report shall not be communicated to any person for the purpose of publication, but shall be used expressly for the purpose of protecting the public. No person licensed as aforesaid shall refuse or neglect to make the reports hereby required, or make any false entry in such report, or omit to make a full and complete report.

Sec. 7. No person or persons licensed to carry on business under the provisions of this ordinance shall use, exercise or carry on the business or trade of a pawnbroker, nor shall any pawnbroker receive a license under the provisions of this ordinance.

Sec. 8. Every person licensed under the provisions of this ordinance shall have and keep a sign in front of his place of business, on which shall be plainly set forth in conspicuous letters and figures his name, his licensed business and the number of his said license; and in case any person so licensed, as aforesaid, shall remove his place of business from the place designated in said license, he shall immediately give notice to the Mayor, and the number of his shop or place of business shall thereupon be changed upon his license and the sides of the cart or wagon used by such licensed person, to correspond with the new place of business.

Sec. 9. Every person licensed under the provisions of this ordinance shall, when engaged in the business described in section 2 hereof, or in soliciting, purchasing or receiving any of the articles mentioned herein, wear on the breast in a conspicuous place, a metallic badge, which shall contain in legible figures the words "Licensed Junk Dealer," and the number of his license.

Sec. 10. Any violation of this ordinance shall be punishable by a fine of not less than five dollars nor more than fifty dollars and in default of the payment of such fine the person so convicted shall be imprisoned in the Monroe County Penitentiary for a period not exceeding one hundred days or by both such fine and imprisonment; upon such conviction the mayor may revoke any license granted hereunder.

Sec. 11. All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

Sec. 12. This ordinance shall take effect immediately.

CHAMBERLAIN STREET EXTENSION.

Received, filed and published, and laid on the table two weeks.

Action on the ordering of an assessment for Chamberlain street extension being in order, the following was presented:

By Ald. Englehardt—Whereas, The Corporation Council has reported the entire and aggregate expense of and connected with the opening of Chamberlain street, in the city of Rochester, under final ordinance No. 5,976, including all amounts to be paid to the owners of lands deemed necessary to be taken, and all costs and charges of the city in the proceedings, at the sum of \$2,483.50, which expense has been duly adjusted by this Common Council as reported; now, therefore,

Resolved, That the portion or part of the city on which the said expense is hereby directed to be assessed, and which this Common Council deems will be benefited by the improvement, are the lots and parcels of land within the part of the city described and directed to be assessed in and by the final ordinance relative to the said improvement, and the assessors of said city, if they are not interested in any of the property or lots or parcels of land to be taken, or situated or being within the part or portion of the city deemed to be benefited and directed to be assessed as aforesaid, are hereby directed to apportion and assess the said expense and to make an assessment upon all the lots and parcels of land within the portion or part of the city directed to be assessed and benefited as aforesaid, as near as may be in proportion to the benefit which each person shall be deemed to receive thereby.

Allegations were called for, and after hearing same from all persons appearing, the resolution was adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Cook, Pauckner, Kelly, Crane, Simmelink, Englehardt, Wilson, Reichenberger—18.

By Ald. Crane—Resolved. That the corrected assessment roll for the German street widening, No. 5,225, presented to this Council at the meeting of March 17, 1896, be, and the same hereby is in all things confirmed.

The following resolution was presented as an amendment to Ald. Crane's resolution:

By Ald. Englehardt—Whereas, The ordinance for widening of German street has developed so much adverse criticism on the part of the residents of the eighteenth ward, who are called upon to pay 79 per cent. of the cost of said improvement, and,

Whereas, The territory deemed benefited as determined by the City Engineer as incorporated in the original ordinance heretofore adopted, is unjust, unequal and too limited in the area benefited, therefore be it

Resolved, That the said ordinance be reconsidered, and so amended as to include the following additional territory, viz: One tier of lots on each side of Philander street, from German street to Syracuse street. Also one tier of lots on the north side of Syracuse street, from Philander street to Scio street: thence easterly to a point opposite said

northwest corner of Philander and Scio street; thence northerly to Hibbard place, including one tier of lots on each side thereof, to Hebbard street; thence southerly on the west side of said Hebbard street, to a point opposite Trinidad place, including one tier of lots on the north side of said Trinidad place; thence easterly to a point opposite said Trinidad place, on the east side of North Union street; thence northerly along the east side of North Union street to the south line of Pennsylvania avenue; thence along said south line of Pennsylvania avenue to the intersection of Fifth avenue. Same to be assessed in proportion to the benefits received; said assessment to be determined and levied by the assessors the same and in accordance with the provisions of the original ordinance.

The Chair ruled that the resolution was not in order.

Ald. Selye moved that the German street widening assessment roll be referred to the Public Improvement Committee.

Lost by the following vote:

By Ald. Crane—

Whereas, During the recent high water in
 the Genesee river and the accompanying dan-
 ger therefrom, when the people of our city
 were watching the river rise inch by inch to
 the danger line, and entirely ignorant of the
 great danger which threatened them from the
 break in the old feeder bank a mile up the
 river, and

Whereas, This break was discovered
 through the watchfulness of J. J. Burke, as-
 sistant superintendent of the western divi-
 sion of the Erie canal, who promptly took
 measures to stop the same, using the keen
 and cool judgment of an experienced man in
 such matters; employing an army of men for
 forty-eight hours of continuous labor and
 saving the city of Rochester thousands of dol-
 lars by his prompt work and his apprecia-
 tion of the danger of the situation; now,
 therefore, be it

Resolved, That in recognition of these
 services and of his keen judgment, and the
 value of his recent service to our city, that
 the thanks of this common council be, and
 they hereby are extended to Mr. Burke.

Adopted.

By Ald. Reichenberger—Resolved, That the assessment roll for Maple street asphalt pavement, section 2, ordinance 5,968, re-considered at the meeting of March 17, 1896, be and the same hereby is set aside.

Adopted.

LOCAL IMPROVEMENT ASSESSMENTS.

By Ald. Reichenberger—Whereas, The City Treasurer has ascertained and reported the entire and aggregate expense of and connected with the following improvements, including any and all interest that the city has paid or has or shall become liable to pay upon account of any and all orders or notes issued by the city to pay the expenses of such improvements respectively adjusted by this Common Council as thus reported, and the respective portions or parts of the city on which the said expenses are hereby directed to be assessed and which this Common Council deems to be benefited by the improvements, respectively, and that the name and expense of the improvements thus to be assessed are as follows, viz:

Ord. No.	Improvement.	Expense.
5,968.	Maple street (sec. 2) asphalt improvement	\$22,320 00
6,018.	Maple street (sec. 2) asphalt improvement (supplemental)	649 35

Resolved, That the taxpayers to be assessed for making the foregoing improvements may pay their assessments in five equal payments as follows: One-fifth within thirty days of the first publication of the advertisement of the notice of the assessment roll by said City Treasurer; one-fifth within one year from the confirmation of said roll; one-fifth within two years from the confirmation of said roll; one fifth within three years from the confirmation of said roll; one-fifth within four years; a discount at the rate of six per cent. per annum to be allowed on all sums paid prior to the maturity of said last installment; and it is further

Resolved, That the assessors of said city, if they are not interested in any of the property within the part or portion of the city deemed to be benefited, and directed to be assessed, as aforesaid, or if any two of said assessors are not so interested, then such two are hereby directed to make assessments upon all the lots and parcels of lands within the portions or parts of the city above designated and directed to be assessed, of the amounts and expenses of such improvements, respectively, in proportion, as nearly as may be, to the advantage which the said lots and parcels of land within the respective territories to be thus assessed for such improvements, shall be deemed to receive by the making of the respective improvements.

Laid on the table until the next meeting.

By the Clerk—Notice of the claim of Carrie G. Grannel against the city; also—notice of the claim of John Waterstraw, as administrator, against the city. Referred to Law Committee.

COMMUNICATIONS FROM THE MAYOR.

By the Clerk—

Mayor's Office,

Rochester, N. Y., April 10, 1896.

To the Common Council of the City of Rochester:

I return without my approval the printing resolutions adopted at your last meeting, for the following reasons:

The first resolution adopted by the Common Council gave the printing of the proceedings to the Democrat and Chronicle at thirty cents an inch, and the official notices at twenty-five cents an inch; and further provided that the official notices be also printed in the Times, Herald, Union and Express and that same be equally divided between the said papers at twenty-five cents an inch. And that all the official notices be printed in the two German papers at eight hundred dollars per year.

The resolution awarding the printing to the Democrat and Chronicle was vetoed on the ground that competition should have been invited.

The resolution awarding the printing of the notices in the Times, Herald, Union and Express was on motion of the chairman of the Law Committee re-considered.

Bids for the printing of the proceedings and notices were solicited, and the bid of the Democrat and Chronicle was accepted at thirty-one cents an inch for the proceedings and thirty cents an inch for the official notices. The Times bid was twenty cents an inch for the proceedings and eighteen cents an inch for the official notices. The accepting of the bid of the Democrat and Chronicle added about eleven hundred dollars additional expense a year for printing. The bid of the Times as to the notices was reserved for future action.

The resolution awarding the printing to the Democrat and Chronicle was vetoed for the reason that the bid of the Times was lowest and would result in a saving of several thousand dollars a year. This veto was sustained.

The Common Council then adopted the resolution now in question, which is the same in form as the first resolution adopted.

The bid of the Times to print all of the notices at eighteen cents an inch has never been acted upon; but by the resolution now adopted they are to have one-fourth of the notices at twenty-five cents an inch, seven cents an inch more than they offered to print the whole for.

The resolution awarding the printing of all the notices to the two German papers was never vetoed, and contracts have been entered into with the proprietors of each of said papers, so this portion of the resolution is entirely useless, and was undoubtedly a mistake upon the part of the person introducing the same.

That portion of the resolution awarding the printing of the notices to the Democrat and Chronicle for twenty-five cents an inch and the dividing of the rest between the four papers is vetoed for the reason that the Common Council have no power to direct the publishing of the same in these papers except for a few notices. The charter provides that some of these notices shall be printed in one daily newspaper, some in two daily papers, and but a small portion of the notices are required to be printed in all of the daily newspapers.

The Common Council by thus awarding the printing of all the notices to the two German papers, and the contracts therefor having been signed and delivered have thereby exhausted all power conferred upon them by the charter, except as to those notices required to be printed in all of the daily papers. And any further expenditure of money by the Common Council for this purpose would be illegal and void.

The resolution for the printing of the proceedings of the Common Council in the Democrat and Chronicle is vetoed, as the same can be printed cheaper than the prices to be paid that paper.

During the last five years the city has paid

for printing the notices and proceedings about sixty thousand dollars; one-half of this sum could have been saved if the charter had been amended so as to do away with a large amount of useless printing which is of no account to any one. Columns of sprinkling notices are printed at a large expense several times.

The notices are required to be printed too often. Long petitions are printed, when a brief notice of them would answer. Dozens of resolutions for the appointment of Commissioners of Deeds are printed at a large expense, while the whole could be bunched together and printed at a less expense. The printed proceedings are read by a very few people, and to illustrate a sample of the waste of money caused by this printing you will find on examining the Democrat and Chronicle of April 7th, a column of bills of the Executive Board printed at a cost of six dollars and sixty cents, and on examining the columns of the Democrat and Chronicle of April 6th in the proceedings of the Common Council will be found the same bills printed at a cost of six dollars and sixty cents, thus doubling the expense. This is a matter of frequent occurrence during the year. The expense of this printing became so great that in the proposed charter adopted by the Common Council in 1893, much of this useless printing was done away with, and further in the same line and indicating that the Common Council were of the opinion that this printing was useless, at a recent meeting of the Common Council the following resolution was offered by Alderman Johnson: "Resolved, That the Charter Amendment Committee, with the assistance of the Corporation Counsel, be requested to prepare and submit to this Council for its consideration proposed amendments upon the following resolutions: * * * 4th. Changing and lessening the amount of the newspaper advertising made necessary by existing charter requirements." This resolution was adopted. This resolution should be promptly acted upon and the proposed amendments sent to the legislature and passed, which would result in the saving of several thousand dollars a year to the people.

It would seem that after adopting such a resolution condemning this useless expenditure that the Common Council would when an opportunity was given to it vote in favor of a reduction in the expense of this printing, yet, when this question was squarely presented the majority of the Common Council voted to give the printing to the paper charging the highest price.

If it had been given to the lowest bidder a considerable sum of money could be saved by it. The printing of the proceedings should have been given to the Times, and if as claimed, this paper could not print the same, it would then after a short time be returned to the Common Council for further action.

Reference is had to the former vetoes on this same subject.

GEO. E. WARNER, Mayor.

Received, filed and published.

Ald. Adams moved that action on the resolutions vetoed by the Mayor be postponed until the next meeting. Carried.

COMMUNICATIONS FROM OTHER CORPORATION OFFICERS, BOARDS AND DEPARTMENTS.

Office of Executive Board.
Rochester, N. Y., April 14, 1896.

To the Common Council:

Gentlemen:—The Executive Board, at a meeting held by your honorable body, recently reported, that it was unable to come

to any satisfactory terms of agreement with Mrs. Anne Grosser, and therefore recommend that you cause a Commission to be appointed to appraise the damages and the value of the land through which the Taylor street sewer is constructed.

Since the action has been taken respecting the appointment of a commission, Mrs. Anne Grosser has voluntarily offered to accept the sum of \$100 in lieu of the damages sustained by her on account of the construction of the Taylor street sewer.

In view of the circumstances, and the expense that would be incurred by legal proceedings and delay, the Executive Board therefore recommend that the sum of \$100 be paid to Mrs. Anne Grosser, as that sum is deemed to be a reasonable and just compensation of her claim against the city.

Respectfully,

THOS. J. NEVILLE, Clerk.

Received, filed and published.

By Ald. Reichenberger—Resolved, That the proposition of Mrs. Anna Grosser to accept \$100 in full for her damages from the construction of Taylor street sewer be accepted and that upon the execution and delivery to the Corporation Counsel of proper releases the Clerk be authorized and directed to draw an order in favor of Anna Grosser for the sum of \$100, payable from the Contingent Fund, to be reimbursed when said moneys are collected by local assessment.

Adopted by the following vote:

Ayes—Ald. Tracy, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Pauckner, Kelly, Crane, Simmelnk, Englehardt, Wilson, Reichenberger—18.

By Ald Johnston—

Office of Executive Board,
Rochester, N. Y., April 14, 1896.

To the Common Council;

Gentlemen:—I am instructed by the Executive Board to inform you that the amount of money standing to the credit of the Highway Fund this day is \$2,161.52.

This sum is, as you are aware, entirely insufficient to meet the pay roll of the current month. It is, therefore, necessary to make provision to meet the expense in this department, until such time as the amount, which you may deem is necessary for the annual appropriation, is fixed and set apart for, that purpose.

Respectfully,

THOS. J. NEVILLE, Clerk.

Received, filed and published, and referred to Finance Committee.

By Ald. Johnston—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue, as may be necessary, in anticipation of taxes, under authority of sections 80 and 81 of the city charter, the city's note or notes, for an amount not exceeding twenty thousand dollars (\$20,000); said notes to run for a period not exceeding five months; to be negotiated under the direction of the Finance Committee, and countersigned by the Chairman thereof; interest or discount to be charged to the Contingent Fund, and the proceeds credited to the Highway Fund.

Adopted by the following vote:

Ayes—Ald. Tracy, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Pauckner, Kelly, Crane, Simmelnk, Englehardt, Wilson, Reichenberger—18.

By the Clerk—

Office of Executive Board,
Rochester, N. Y., April 14, 1896.

To the Common Council:

Gentlemen:—The Executive Board respectfully reports, on the resolution of Ald. Kelly, adopted by your board, as to the advisability of placing a member of the fire department on the stage of the various theaters during performances.

That they have made a careful examination of the stages of the several theaters in this city, both as to the means of fire extinction and exits for performers and the general public

The Lyceum theater on Clinton street and the Cook Opera House are practically fire proof structures. Solid masonry walls are built between the stage and auditorium. The stage openings in both cases are provided with fire proof asbestos curtains. Stand pipes connected with the city water mains and fire hose are also provided and ready for immediate use.

At the Academy of Music and the Wonderland theaters stand pipes and fire hose are also provided as in the case of the others.

Ample provision is made at the Lyceum and Cook Opera House for exit on the ground floor leading from the stage to the streets in the rear. The means of exit for the general public also appear to be sufficient. At the Academy and Wonderland the exits from the stage are by stairways leading, in the Academy, to Mill street, and in the Wonderland by iron fire escapes to and over the roof of adjoining buildings.

The board, however, desires me to say that either a member of the fire department stationed on the stage at every performance or a thorough instruction of the working force at the theaters by practical firemen in the use of the apparatus provided is desirable and would add greatly to the confidence of the public attending performances and to their safety in case of fire.

Either of these methods could be adopted without expense to the theaters or detriment to the efficiency of the fire department.

Respectfully,
THOS. J. NEVILLE, Clerk.

Custodian Court House and Post Office,
Rochester, N. Y.

Sir:—I have to acknowledge the receipt of your letter of the 9th instant, forwarding a bill from the Treasurer of the City of Rochester, accompanied by a notice for payment, of an alleged assessment against the site of the building in your custody for the

cost of certain sewer improvement in Front street, the amount of the bill being \$31.58.

In response to your request for instructions, you are directed to advise the city authorities that the state of New York having by statute ceded to the United States exclusive jurisdiction over the site of the public building at Rochester and expressly exempted the same from all taxation and assessment, said property is not subject to the operation of any state law or municipal ordinance relating to public improvements of any character.

Respectfully Yours,
Signed) C. S. HAMLIN,
Acting Secretary.

Received, filed and published and referred to Assessment Committee.

Rochester, N. Y., April 14, 1896.

To the Honorable the Common Council:

Gentlemen:—In order to meet the payments for acceptances of Executive Board, past due, and due April 15, 20, 26, 29, and May 1 will require \$110,000. Please give me authority to issue the city's note for at least \$80,000, to meet these payments as they mature, and charge same to Local Improvement account

Respectfully,
S. B. WILLIAMS,
Treasurer.

Received filed and published and referred to Finance Committee.

By Ald. Johnston—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue, as may be necessary, in anticipation of taxes under authority of sections 80 and 81 of the City Charter, the city's not or notes, for an amount not exceeding eighty thousand dollars, (\$80,000); said note to run for a period not exceeding four months; to be negotiated under the direction of the Finance Committee, and countersigned by the chairman thereof; interest or discount to be charged to the Local Improvement Fund, and the proceeds credited to the same fund

Adopted by the following vote:

By Ald. Johnston—

Board of Park Commissioners,
Rochester, N. Y., April 14, 1896

To the Finance Committee of the Common Council, Mr. James Johnston, Chairman.

Gentlemen:—The Finance Committee of the Board of Park Commissioners most respectfully ask the Common Council to advance at once to this board the sum of \$18,000 dollars of the appropriation for this year, to be placed to the credit of the following park funds:

Maintenance Fund.....	\$13,000 00
Park Police Fund.....	2,000 00
City Park Fund.....	1,000 00

Total..... \$16,000 00

The above named amount is absolutely necessary to maintain and police the parks from this date to July 1, next. It also includes the necessary trimming and general care of street trees, expense of which is charged to the City Park Fund.

In addition, we beg to call attention to the fact that the expenditures of this board

are necessarily much larger at this season of the year, when planting etc., is in progress, than for any corresponding number of months during the year.

Respectfully submitted,

FINANCE COMMITTEE REPORTS.

By Ald. Johnston—

Rochester, N. Y., April 14, 1896.

To the Honorable the Common Council:

Gentlemen:—Concerning the request of the Park Commissioners of April 9, for the amount of sixteen thousand dollars (\$16,000) to defray their current expenses until July 1 next. Your Finance Committee would report favorably but would recommend at this time an appropriation of six thousand dollars (\$6,000) to be apportioned as follows: Maintenance Fund \$4,000; Park Police Fund, \$1,000; City Park Fund, 1,000.

These amounts can be augmented each succeeding month until July when taxes are payable and by making the appropriations in this manner, the city will avoid borrowing as far as practicable.

Respectfully submitted,
JAMES JOHNSTON,
M. B. ADAMS,
HENRY G. COOK,
JOSEPH C. WILSON,
J. MILLER KELLY,
Finance Committee.

Received, filed and published.

By Ald. Johnston—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue, as may be necessary, in anticipation of taxes under authority of sections 80 and 81 of the city charter, the city's note or notes, for an amount not exceeding six thousand dollars, (\$6,000); said notes to run for a period not exceeding four months; to be negotiated under the direction of the Finance Committee, and countersigned by the chairman thereof; interest or discount to be charged to the Contingent Fund, and the proceeds to be credited to the Park Maintenance Fund.

RAILROAD COMMITTEE REPORT.

To the Honorable Common Council of the City of Rochester:

Your railroad committee, to which was referred the application of the Rochester Railway Company for a franchise on Clarissa street and the remonstrance of the property owners on said street, would respectfully report:

That your committee held several meetings and gave a hearing to all the interested parties. The company desires to increase its facilities for transporting people to Genesee Valley park and the laying of tracks through Clarissa street, connecting the Exchange and Plymouth avenue lines, seems to afford the easiest solution of the problem.

Your committee would, therefore, recommend that the application be granted as provided by the accompanying resolution.

Respectfully submitted,

JOSEPH A. CRANE,

W. C. GREEN,

J. MILLER KELLY.

Railroad Committee.

Received, filed and published.

By Ald. Crane—Whereas, The Rochester Railway Company heretofore duly made application in writing to the Common Council of the City of Rochester for the consent of said city to the construction, maintenance and operation of street surface railways in, through and upon certain of the streets, avenues and highways of said city herein after named; and for the consent of the said city to the operation and use of such street surface railways with electricity as motive power; and

Whereas, Due notice of the time when and place where such application would be first considered by said Common Council has been duly given, and all persons appearing having been heard, it is, therefore,

Resolved, That the consent of the local authorities of the city of Rochester be and hereby is granted to the Rochester Railway Company to construct, maintain and operate and use a street surface railway and an extension of the present railway of said company commencing at the present track of the company at the intersection of Exchange and Clarissa streets, substantially in the center of the street, thence running westwardly through Clarissa street, substantially in the center of the street, to a connection with the tracks of the company at or near to the intersection of Clarissa street and Caledonia avenue. It is further

Resolved, That said company be and hereby is granted the right, privilege and franchise of constructing, maintaining and operating said above-described extension of its present lines; and of setting, erecting, placing and maintaining the necessary poles, wires and other appliances to enable said company to

operate said extension of its lines with electricity as motive power. It is further

Resolved, That the consent hereby granted is granted upon the express condition that the provisions of article 4 of an act in relation to railroads, constituting chapter 39 of the general laws of the State of New York of 1892 and the acts amendatory thereto, pertinent to the consent hereby granted shall be complied with, and this consent shall be void unless said Rochester Railway Company shall begin the construction of such line of railroad on or before May 1, 1896, and complete the same as soon thereafter as shall be possible.

Ald. Ford moved that the resolution lie on the table until the next meeting. Carried.

By Ald. Pauckner—

CITY PROPERTY COMMITTEE.

To the Honorable Common Council of the City of Rochester:

Gentlemen:—Your City Property Committee would respectfully report on matters brought to their attention as follows:

The committee would recommend that the elevator be extended to furnish service to the fourth and fifth stories when completed. It is not deemed advisable to provide for another elevator at this time.

Your committee has considered the matter of the electric wiring in connection with the alterations and would recommend that the subject be referred to the City Electrician, the architect and chairman of the City Property Committee.

A bill of the Graves Elevator Co. for \$4,750, the contract price for the elevator placed in the City Hall building, has been awaiting payment for several months. Payment has been delayed because of the fact that the elevator did not give entire satisfaction. Recently, however, the service afforded has been good and with the understanding that certain improvements will be made the committee would recommend the payment of a portion of the contract price.

The committee would also recommend the appointment of George W. Wright as engineer at the police station and that of B. G. Gibb as elevator conductor at the same building, they having been certified by the secretary of the Civil Service Commission as eligible for these positions.

Respectfully submitted,

WILLIAM PAUCKNER,

M. B. ADAMS,

M. J. CALIHAN,

EDWARD ENGLEHARDT.

City Property Committee.

Received, filed and published.

By Ald. Pauckner—Resolved, That the City Property Committee be, and hereby is authorized to contract with the Graves Elevator Co., for the extension of the present elevator to the fourth and fifth stories when completed.

Adopted.

By Ald. Pauckner—Resolved, That the subject of changes in the electric wiring of the City Hall and new electric wiring needed in connection with the alterations now in progress, be referred to the City Electrician, Architect Crandall and the Chairman of the City Property Committee.

Adopted.

By Ald. Johnston—Resolved, That the City Clerk be and he hereby is directed to draw an order upon the City Treasurer, payable from the City Property Fund, for the sum of \$3,000, in favor of the Graves Elevator Company as per annexed statement in part payment of its claim for the construction of the elevator in the City Hall building.

Adopted by the following vote:

Ayes—Alds. Tracy, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Pauckner, Kelly, Crane, Simmelink, Englehardt, Wilson, Reichenberger.

LAKE VIEW PARK OPENING.

By Ald. Edelman—Resolved, That the following improvement is necessary and should be made, and we hereby judge that the public good requires the same to be done, viz.: The opening of Lake View park as a public street from Lake avenue to the west line of Pierpont avenue according to the lines of said park as shown upon the maps of the city survey made by John C. Ryan.

Resolved, further, that the whole expense be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, all the territory included within and described by the following boundary lines, viz: Beginning at a point in the west line of Lake avenue, 50 feet northerly from the north line of Driving Park avenue, thence northerly along said west line of Lake avenue, to the south line of the Burke tract, thence westerly along said south line of the Burke tract to the old city line, thence southerly along the old city line to a point 50 feet north from the north side of Driving Park avenue, thence easterly along the north side of the Lake View Park tract to the place of beginning, as they exist at the date of the passage of this ordinance.

Adopted.

By the Clerk—

City Clerk's Office,
Rochester, N. Y., April 14, 1896.

To the Honorable Common Council of the City of Rochester:

Gentlemen:—I do hereby certify that a notice, such as is required by section 172 of the city charter, specifying each of the improve-

ments contemplated by the following final ordinances, the estimated expenses thereof, the amount, if any, of such expense to be paid from the public treasury, the portion or part of the city to be assessed for the remainder of the expense, and requiring all persons interested in the subject matter of the improvement to attend at the time appointed in such notice, was published daily for four days in two daily newspapers printed in this city, namely, the Democrat and Chronicle and the Post Express.

Respectfully submitted,
THEODORE S. PULVER,
City Clerk.

Received, filed and published.

By Ald. Green—Resolved, That final ordinance for Griffith street and Monroe avenue outlet sewer, ordinance 6,259, be reconsidered.

Adopted.

By Ald. Green—Resolved, That final ordinance No. 6,259, reconsidered at this meeting, be amended so as to provide that the sewer begin on Monroe avenue at a point opposite the center of Cortland street, and reducing the estimate to \$21,800.

Adopted.

FINAL ORDINANCE NO. 6,260.

GRIFFITH STREET AND MONROE AVENUE OUTLET SEWER.

(Amended.)

On motion of Ald. Edelman the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct the Griffith street and Monroe avenue outlet sewer.

And after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The removal of the present sewers, and the construction of a new sewer of suitable form and dimensions in Monroe avenue and Griffith street; said sewer to begin at a point in the center of Cortland street, extending easterly along Monroe avenue to Union street; thence southerly along Union street to Griffith street; thence westerly along Griffith street to a point about 270 feet east of South St. Paul street. Also the connection of lateral sewers and the necessary manholes, surface sewers, lot laterals and branches.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$21,800, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

All the property contained within and described by the following described lines: Beginning at the intersection of Court street and the Erie canal; thence southerly along the Erie canal to Alexander street; thence northerly along Alexander street, excluding one tier of lots and parcels of land along the west side thereof, excepting the lot on the southwest corner of Alexander street and Broadway, to Broadway; thence southerly along Broadway, excluding one tier of lots and parcels of land on the east side thereof to Averill avenue; thence easterly along Averill avenue, excluding one tier of lots and parcels of land on the north side thereof to Monroe

By the Clerk—

AN ORDINANCE RELATING TO
PEDDLERS.

The Common Council of the city of Rochester do enact as follows:

Section 1. No person shall at any time offer for sale any provisions or merchandise at retail in any manner within any of the public streets or places or from house to house within the city of Rochester without having procured a license as required by the terms of this ordinance.

Sec. 2. The Mayor of the city of Rochester may grant to any person a license to sell any provisions or merchandise at retail in any of the public streets or places or from house to house within said city upon the payment to the City Treasurer of the sum of five dollars; and for every vehicle more than one used in said business an additional sum of five dollars. Said license shall expire one year from the date of its issue and shall not be transferred without the written consent of the Mayor.

Sec. 3. No vehicle shall be used within said city by any person licensed as aforesaid without having painted in a conspicuous place on the side thereof in plain and durable letters, the name and business address and license number of the owner thereof, which number shall be given at the time the license therefor shall be issued and every such number shall be in figures not less than two and one-half inches in height and every other letter or character shall be not less than one and one-half inches in height; and every person peddling or selling as aforesaid shall wear conspicuously upon the breast a metal badge of sufficient size to admit the number of the license to be engraved thereon together with the word "vendor."

Sec. 4. No person shall permit any vehicle owned, or controlled by him to stop upon or in any wise incumber any of the public streets or places within the city of Rochester for a longer period than ten minutes while engaged in selling or offering for sale any provisions or merchandise; and no person shall erect or maintain any booth or stand nor place any barrels, boxes, crates, or other obstructions upon any such public streets or places for the purpose of selling or exposing for sale any provisions or merchandise.

Sec. 5. No person shall cry out or by any device make any loud noise in any public street or place within the city of Rochester for the purpose of selling any provisions or merchandise.

Sec. 6. Nothing in this ordinance shall be construed so as to prevent a person, firm or corporation having an established place for the transaction of business in said city from soliciting orders from customers and filling the same; nor so as to prevent the sale of fresh and wholesome meats by the quarter within said city by any farmer who has raised or fattened the same; nor so as to prevent the selling of newspapers.

Sec. 7. No person shall at any time within the city of Rochester falsely or fraudulently misrepresent to any purchaser or contemplated purchaser the quantity, character or quality of any articles offered for sale. Nor shall any person offer for sale any unwholesome, tainted or diseased provisions or merchandise.

Sec. 8. No person shall sell at retail, within the city of Rochester, any provisions or merchandise by measure or weight unless, before a delivery upon every such sale the same be measured or weighed by measures or scales which within the previous six months have been sealed by the city sealer; nor shall any person sell or offer for sale any produce by the bushel except in square crates or boxes

which have been duly sealed by the city sealer and each of which shall have a capacity of twenty-five hundred cubic inches.

Sec. 9. Every person licensed as aforesaid shall keep and immediately produce upon demand the license issued under this ordinance.

Sec. 10. Any violation of this ordinance shall be punishable by a fine of not less than five dollars nor more than fifty dollars and in default of the payment of such fine the person so convicted shall be imprisoned in the Monroe county penitentiary for a period not exceeding one hundred days or by both such fine and imprisonment; upon such conviction the Mayor may revoke any license granted hereunder.

Sec. 11. All ordinances and parts of ordinances inconsistent herewith are hereby repealed.

Sec. 12. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Alders. Tracy, Callihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Wimmelink, Englehardt, Wilson, Reichemberger.—20.

By the Clerk—

AN ORDINANCE RELATING TO JUNK
DEALERS.

The Common Council of the City of Rochester do enact as follows:

Section 1. No person shall carry on the business of a junk dealer within the city of Rochester without having procured a license as required by the terms of this ordinance.

Sec. 2. The Mayor of the city of Rochester may grant to any person a license to carry on the business of buying, selling and dealing in junk, rags, old rope, old iron, brass, copper, tin, lead or other old metals, old bottles, old glass, old bones, old tin ware, or any second-hand articles, excepting second-hand books and furniture, as follows: Class A. Every person, firm or corporation engaged in said business, except such persons as carry on the same with a horse and wagon, or push cart, shall, upon the granting of such license, pay annually to the treasurer of said city the sum of \$25 and an additional fee of \$5 for each wagon employed by him.

Class B. Every person carrying on said business by means of horse and wagon shall, upon the granting of such license, pay annually to the treasurer of said city a fee of ten dollars.

Class C. Every person carrying on said business by means of a push cart shall, upon the granting of such license, pay annually to the treasurer of said city a fee of five dollars. Such licenses shall expire one year from the date of issue, and shall not be transferred without the written consent of the Mayor.

Sec. 3. No person shall be licensed as provided in Class A in the foregoing section, unless he shall be a citizen of the United States.

Sec. 4. Every license which shall be granted in pursuance of Class A, Section 2 of this ordinance shall designate the place in which the person receiving such license shall be authorized to carry on said business, and no person shall carry on said business at any other place than the one designated in said license. It shall be lawful for any person licensed as aforesaid, to keep, use and drive a cart or carts, in the city of Rochester, for the purchase and sale of any or all the articles mentioned and described in said section 2, provided that each cart or wagon so kept, used and driven by him shall be duly and separately licensed, and that every such cart or wagon shall be marked with his name, at length, his business address and the number of his license in plain letters and figures at least two inches in height.

Sec. 5. No person licensed as aforesaid shall receive, in the line of his business, any arti-

cle or thing by way of pledge or pawn, nor shall he loan or advance any sum of money on the security of any such article or thing; nor shall any such person receive or purchase any article whatever from any person under the age of eighteen years, or from any person between the setting of the sun and the hour of seven o'clock in the morning.

Sec. 6. Every person conducting the business of dealing in any of the articles mentioned in section 2 within the city of Rochester, is hereby required to keep a record of every article aforesaid bought, except such as are purchased at the houses of permanent residents by their own collector, and to keep the name and a full description of every stranger from whom any article is bought and to report daily, in writing to the Chief of Police, in such form as said Chief may prescribe, all articles received by him within twenty-four hours immediately preceding the delivery of such report; but the contents of such report shall not be communicated to any person for the purpose of publication, but shall be used expressly for the purpose of protecting the public. No person licensed as aforesaid shall refuse or neglect to make the reports hereby required, or make any false entry, or omit to make a full and complete report.

Sec. 7. No person licensed to carry on business under the provisions of this ordinance shall conduct the business of a pawnbroker, nor shall any pawnbroker receive a license hereunder.

Sec. 8. Every person licensed under the provisions of this ordinance shall have and keep a sign in front of his place of business, on which shall be plainly set forth in conspicuous letters and figures his name, his licensed business and the number of his said license; and in case any person so licensed, as aforesaid, shall remove his place of business from the place designated in said license, he shall immediately give notice to the Mayor, and the number of his shop or place of business shall thereupon be changed upon his license and the sides of the cart or wagon used by such licensed person, to correspond with the new place of business.

Sec. 9. Every person licensed under the provisions of this ordinance shall, when engaged in the business described in section 2 hereof, or in soliciting, purchasing or receiving any of the articles mentioned herein, wear on the breast in a conspicuous place, a metallic badge, which shall contain in legible figures the words "Licensed Junk Dealer," and the number of his license.

Sec. 10. Any violation of this ordinance shall be punishable by a fine of not less than five dollars nor more than fifty dollars and in default of the payment of such fine the person so convicted shall be imprisoned in the Monroe County Penitentiary for a period not exceeding one hundred days or by both such fine and imprisonment; upon such conviction the Mayor may revoke any license granted hereunder.

Sec. 11. All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

UNFINISHED BUSINESS GENERALLY.

By the Clerk—

AN ORDINANCE RELATING TO PROTECTION FROM FIRES.

The Common Council of the city of Rochester do enact as follows:

Section 1. All buildings in the city where-

in manufactories are conducted and all building now erected, or that may hereafter be erected more than three stories in height, occupied by, or built to be occupied by, three or more families above the first story and every building already erected, or that may be hereafter erected more than three stories in height, occupied or used as a hotel, lodging house, or boarding house having more than fifteen rooms, and every factory, mill, office building, manufactory or workshop, hospital, asylum or institution for the care or treatment of individuals, and every building in whole or part occupied or used as a school or place of instruction or assembly, shall have constructed thereon good and suitable fire escapes, and such other means of egress in case of fire, as the Common Council may direct.

Section 2. The owners or occupants of all buildings mentioned in section 1 of this ordinance shall have scuttles on the roofs of such buildings and shall cause to be constructed and maintained stationary iron stairs or ladders leading to said scuttles, which scuttles and stairs shall be kept ready for use at all times.

Section 3. It shall be necessary for the owner or occupants of all buildings over two stories in height within the city of Rochester, except dwelling houses, schools, churches, office buildings and hotels to construct and maintain iron or other non-combustible shutters on every window and opening thereof, excepting on the front openings of buildings fronting on streets or open places which are more than thirty feet in width. Said shutters shall be closed at the close of business of each day. All shutters, opening on fire escapes and at least one row vertically in every three rows in the front window openings above the first story of any building shall be so arranged that they can be readily opened from the outside by firemen.

Section 4. All fire escapes shall be connected with each floor above the first, well fastened and secured, and of sufficient strength, each of which shall have landings or balconies not less than six feet in length and three feet in width, guarded by iron railings not less than three feet in height, and embracing at least two windows at each story, and connected with the interior by easily accessible and unobstructed openings and the balconies or landings shall be connected by iron stairs not less than 24 inches wide, the steps not to be less than six inches tread, placed at an angle of not more than forty-five degrees slant and protected by a well-secured hand rail on both sides with a suitable twelve-inch wide drop ladder from the ladder platform reaching to the ground. The windows or doors to each fire escape shall be located as far as possible, consistent with accessibility, from the stairways and elevator hatchways or openings and the ladders thereof shall extend to the roof.

Section 5. Any other plan or style of fire escape shall be sufficient if approved by the Fire Marshal of the city, but if not so approved the Fire Marshal may notify the owner, proprietor or lessee of such building or of the building in which such establishment is conducted or the agent or superintendent of either of them in writing that any such other plan or style of fire escape is not sufficient, and may by an order in writing, served in like manner, require one or more fire escapes, as he shall deem necessary and sufficient, to be provided for such building at such location and of such plan and style as shall be specified in such written order, not however, in conflict with the provisions of this ordinance.

Section 6.—Within twenty days after the

service of such order, the number of fire escapes required in such order for such building shall be provided therefor, each of which shall be either of the plan and style in accordance with the specifications in said order required, or of the plan and style in this ordinance described and declared to be sufficient.

Section 7. If any person, firm or corporation shall neglect or refuse to construct suitable fire escapes and other means of egress in case of fire, as directed and required by this ordinance, the Fire Marshal shall cause such fire escapes or means of egress to be constructed and the expense thereof, and ten per centum in addition, shall be collected from the person, firm or corporation required to construct such fire escapes and means of egress.

Section 8. The owner or owners of any such building upon which any fire escape may now be or may hereafter be placed or erected shall keep the said fire escapes in good repair and well painted and no person shall at any time place any incumbrance of any kind whatsoever before or upon any such fire escape.

Section 9. Every electric wire for furnishing light, heat or power, led into any building from the outside thereof shall be arranged with suitable appliances to cut off the current on the outside of the building, and all wires placed inside buildings shall be properly insulated. In no case shall any such wire, appliances or currents be introduced into any building nor operated therein, except by the consent of the Fire Marshal and in accordance with the rules and regulations made by him.

Section 10. Any building may be exempted from the provisions of sections two and three of this ordinance by the written consent of the Fire Marshal and chairman of the Wooden Building Committee of the Common Council.

Section 11. Every person who shall violate any of the provisions of this ordinance shall, for each offense, be subject to a penalty of not less than \$10 nor more than \$150, and on failure to pay said fine or penalty the offender shall be subject to imprisonment in the Monroe County Penitentiary for a period not exceeding one hundred and fifty days or by both such fine and imprisonment.

Section 12. All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

Section 13. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Alds. Tracy, Callihan, Ford, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook Pauckner, Kelly, Crane, Simmelink, Englehardt, Wilson, Reichberger.—20.

By the Clerk—

AN ORDINANCE RELATING TO THE FIRE MARSHAL.

The Common Council of the city of Rochester do enact as follows:

Section 1. The Fire Marshal of the city of Rochester shall inspect every building erected or in process of erection or removal, or placing, to see that the same corresponds to the ordinances of the Common Council and to report to the Common Council any failure to comply therewith. Said Fire Marshal shall also see that the provisions of the ordinance of the city of Rochester relating to protection from fires are enforced.

Section 2. Said Fire Marshal shall have authority, at all reasonable hours, to enter upon any premises to make such inspection and may arrest and put a stop to the erec-

tion, removal or placing of any building in process of erection, removal or placing which shall not conform to said ordinances until the same shall be conformed thereto.

Section 3. If after inspection said Fire Marshal shall be satisfied that any building or a portion of a building already constructed or in process of construction is liable to fall or become unsafe, it shall be his duty to notify the Mayor or a member of the committee on wooden buildings, and the official or officials so notified shall proceed to inspect such building, and if such official or officials shall concur with the Fire Marshal as to the insecurity of such building or portion thereof said Fire Marshal shall order the same taken down or that such precautions be taken for its safety as he shall direct, or that all further work thereon be stopped as the occasion may require. If such order shall not be at once complied with, it shall be the duty of said Fire Marshal to cause such building to be taken down, or take such action in connection therewith as he shall deem the public safety requires, and the cause and expense thereof shall be paid by the said city to said Fire Marshal to be recovered from such owner or owners by action brought by said city.

Section 4. Said Fire Marshal shall superintend the construction of all fire escapes or other means of egress required by any of the ordinances of the city, and he shall have authority to specify what fire escapes or means of egress shall be provided in all cases where the same are not provided for by the ordinances of the Common Council as he shall deem the same necessary.

Section 5. Said Fire Marshal shall have authority at all reasonable times to enter into and examine buildings of every description, and all lots, yards or inclosures within this city of Rochester and to cause such as are dangerous to be put in safe condition and to inspect all hearths, furnace pipes, fire-places, stoves, pipes, flues, chimneys or other conductors of smoke or any apparatus or device in which fire may be used or to which fire may be applied, and to remove or make the same safe at the expense of the owners or occupants of buildings where the same may be, and to ascertain the situation of any building in respect to its exposure to fire, and whether iron or other non-combustible shutters, scuttles, ladders and fire escapes there-to and proper and safe modes of egress therefrom in case of fire have been provided.

Section 6. Whenever the owner or occupant of such building shall not comply with the provisions of the ordinance relating to protection from fires, the Fire Marshal shall cause a notice to be served upon such owner or occupant requiring a compliance with the provisions of the said ordinance, and at the expiration of twenty days after personal service of such a notice said Fire Marshal may cause such scuttles, stairs, ladders or shutters or fire escapes to be constructed and to be placed in or upon said building and may recover the expense thereof, with ten per centum in addition, of the owner or occupant whose duty it was to comply with such ordinance.

Section 7. The Fire Marshal shall make rules and regulations governing the method of construction, operation, location, arrangement, insulation and use of all electrical wires, appliances or currents for furnishing heat, light or power which may be introduced into or placed in any building. Said rules and regulations shall as far as practicable be made to conform to those which now are, or hereafter may be, prescribed by the Underwriters' Association of New York State.

Section 8. Any person who shall refuse to

obey any order of the Fire Marshal herein authorized, or in any way violate the provisions of this ordinance, shall for each offense be subject to a penalty of not less than \$10 nor more than \$150, and on failure to pay said fine or penalty the offender shall be subject to imprisonment in the Monroe County Penitentiary for a period not exceeding one hundred and fifty days, or by both such fine and imprisonment.

Section 9. All ordinances and parts of ordinances inconsistent herewith are hereby repealed.

Section 10. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Crane, Simmelink, Englehardt, Wilson, Reichenberger—13.

By the Clerk—

AN ORDINANCE RELATING TO AUCTIONEERS.

The Common Council of the city of Rochester do enact as follows:

Section 1. No person shall carry on the business of an auctioneer, or sell any personal property at public auction within the city of Rochester, except under and by virtue of legal process or of a mortgage, unless such person shall have procured a license as required by the terms of this ordinance.

Section 2. The Mayor of the city of Rochester may grant to any person a license to sell personal property at public auction, within said city, upon paying to the City Treasurer the sum of fifty dollars, and executing a bond to the city, in the penal sum of five hundred dollars, with sureties to be approved by the Mayor, conditioned for the faithful observance of the laws of the state of New York, and the ordinances of the city of Rochester, now, or hereafter enacted relating to auctions and auctioneers.

Such license shall expire one year from the date of its issue, and shall not be transferred without the written consent of the Mayor.

Section 3. No auctioneer, nor other person, shall knowingly make any false representations as to the character, quality or ownership of any personal property offered for sale, or at public auction within said city.

Section 4. No auctioneer, nor other person shall substitute any other article for the article sold to a bidder.

Section 5. No auctioneer shall bid in any personal property offered for sale by himself, and no person shall act as accomplice or "capper" for the purpose of making mock bids at any auction.

Section 6. No person shall sell, nor expose for sale, at public auction within the city of Rochester, any property upon any sidewalk, or in any public street, without the written permission of the Mayor.

Section 7. No bellman nor crier, nor any instrument of music, nor means of attracting the attention of passers-by other than a sign or flag shall be employed or be permitted to be used at or near any place of sale or auction and such sign or flag shall bear the license number which shall be given when the license is issued.

Section 8. Any violation of this ordinance shall be punishable by a fine of not less than \$10 nor more than \$50, and in default of the payment of such fine, any person so convicted shall be imprisoned in the Monroe County Penitentiary for a term not exceeding one hundred days, or by both such fine and imprisonment.

Section 9. Upon such conviction the Mayor may revoke any license granted hereunder.

Section 10. All ordinances, or parts of ordinances, inconsistent herewith are hereby repealed.

Section 11. This ordinance shall take effect immediately.

COMMUNICATION FROM OFFICERS OF THE CORPORATION AND THEIR REFERENCE.

By Ald. Johnston—

City Treasurer's Office,
Rochester, N. Y., April 28, 1896.

To the Honorable the Common Council:

Gentlemen:—The cash requirements of the budgets to be passed by your honorable body this evening, together with that of the Board of Education to be passed at their meeting, May 4th, will require \$150,000.

It will be necessary to credit the different funds the amounts hereinafter stated before orders are drawn on same.

COMMON COUNCIL FUNDS.

Contingent Fund	\$10,000 00
City Property Fund.....	5,000 00
Health Fund	5,000 00
Police Fund	15,000 00
Lamp Fund	20,000 00
Total	\$ 55,000 00

EXECUTIVE BOARD FUNDS.

Highway Fund	\$15,000 00
Fire Dep't. Fund	12,000 00
Total	27,000 00

BOARD OF EDUCATION FUNDS.

Teachers' Fund	\$31,000 00
Contingent Fund	16,000 00
Total	47,000 00
G. A. R. Relief Fund	1,000 00
Making a total of	\$130,000 00

Please give me authority to issue, when necessary, the city's note or notes for \$130,000, and credit the same to funds as above stated.

Respectfully submitted,
S. B. WILLIAMS,
Treasurer.

Received, filed and published and referred to Committee on Finance.

By Ald. Johnston—

Office of Executive Board,
Rochester, N. Y., April 28, 1896.

To the Common Council:

Gentlemen:—I am instructed by the Executive Board to request your honorable body to provide moneys to make up the amount sufficient for the April budget for the Fire Department.

The total amount required is \$16,605.25; balance on hand to date, \$5,326.60, leaving \$11,278.65 to be provided for by your honorable body.

It will also be necessary to provide for funds for the Highway Department expenditures, as the pay roll of the current week will practically exhaust the sum of about \$8,000 now standing to the credit of this fund.

Respectfully,
THOS. J. NEVILLE, Clerk.

Received, filed and published and referred to Committee on Finance.

By the Clerk—

Office of Executive Board,
Rochester, N. Y., April 28, 1896.

To the Common Council:

Gentlemen:—Complaint has been made at the office of the Executive Board, by owners of property and residents of North St. Paul street, respecting the bad condition of the walks, or properly speaking the want of walks, on the portion of North St. Paul street, on the easterly side, extending some distance south of Driving Park avenue, to a point below the property formerly used and occupied by the Rochester Street Railway Company's barns.

The portion of sidewalk in front of the street car barns is paved with cobble stone, the necessity for which no longer exists, since horse power has been supplanted by electricity, for the operation of cars.

A public necessity for a sidewalk exists and has existed, on Driving Park avenue from North St. Paul street to the bridge.

The Executive Board, therefore, recommend that the City Engineer be instructed to introduce ordinances for the construction of walks, where necessary, on this side of North St. Paul street, and on Driving Park avenue.

Respectfully,
THOS. J. NEVILLE, Clerk.

Received, filed and published and referred to City Engineer to prepare ordinance.

By Ald. Pauckner—

Office of Executive Board,
Rochester, N. Y., April 28, 1896.

To the Common Council:

Gentlemen:—In accordance with your resolution authorizing the Executive Board to negotiate for the land necessary for the extension of Werner Park, the Board invited the owners of the land to call at the office and state what price would be accepted for the land. Some of the owners appeared and gave a price for the land, while others did not respond, and the Board, therefore, recommend that the Corporation Counsel be authorized to commence the usual condemnation proceedings.

Respectfully,
THOS. J. NEVILLE, Clerk.

Received, filed and published.

By Ald. Pauckner—Whereas, No agreement can be made for the right of way necessary for the extension of Werner park in the city of Rochester under final ordinance No. 6,015, therefor:

Resolved, That a copy of said ordinance, and of this resolution, together with a map of the required right of way be made and filed in the office of the City Clerk and of the County Clerk of the county of Monroe, which map shall show thereon the lots, tracts and parcels of land which are deemed necessary to be taken and the commencement, course and termination of said right of way required, according to the provisions of section 174 of the revised city charter, and that the Corporation Counsel be, and he hereby is, instructed to take and institute such proceedings from time to time, as may be necessary to secure such right of way as provided by the city charter.

Adopted.
By the Clerk—

Rochester, N. Y., April 23, 1896.

City Clerk's Office,
Rochester, N. Y., April 28, 1896.To the Honorable Common Council of the
City of Rochester:

Gentlemen: At the close of business in this office April 27th inst. there had been registered 2,334 dogs, the receipts from which were \$2,334. This amount has been deposited with the City Treasurer to the credit of the Police Fund.

The Humane Society's percentage of the above amount is \$1,983.90. The society has already received \$1,659.20. The balance due is \$324.70. I therefore ask your authorization to draw an order on the Police Fund in favor of the society for \$324.70.

Respectfully submitted.

THEODORE S. PULVER,
City Clerk.

STANDING COMMITTEES.

By Ald. Pauckner—

CITY PROPERTY COMMITTEE REPORT.

To the Honorable Common Council of the City of Rochester:

Gentlemen: Your City Property Committee would respectfully report on matters brought to their attention as follows:

Pursuant to the direction of the council, the committee invited bids, by published notice, on the plumbing, steam heating and ventilating of, the City Hall, necessitated by the alterations being made on the building. Proposals were received as follows:

PLUMBING.

Barr & Creelman.....	\$1,867 00
Shaughnessy & Connolly.....	2,080 00
E. J. Rice.....	2,273 00
W. T. Fox & Co.....	2,300 00
Richard T. Ford.....	2,869 00

The bids of John Walsh and John Rice & Co. were informal, not being accompanied by a certified check, as required.

STEAM HEATING.

Hayes & Falls.....	\$6,514 18
Barr & Reynolds.....	6,800 00
Howe & Bassett.....	7,147 50
Shaughnessy & Connolly.....	7,637 50
Barr & Creelman.....	6,964 32
Richard T. Ford.....	6,897 50
Milligan Bros.....	7,700 00

Your committee would recommend that the contract for the plumbing be awarded to Barr & Creelman and that for the steam heating to Hayes & Falls, the lowest bidders.

Your committee would further recommend that the contractors be required to furnish good and sufficient bonds, with sureties conditioned for the faithful performance of the contract, with a penalty equal to the contract price; the contracts to be approved as to form by the Corporation Counsel and the bond to be approved by the City Property Committee.

Your committee would also recommend the appointment of James Kneen as elevator conductor at the City Hall, he having been certified as eligible for appointment to such position by the Civil Service Commission.

Respectfully submitted,

WM. PAUCKNER,
M. B. ADAMS,
M. J. CALIHAN,
EDWARD ENGLEHARDT.

Received, filed and published.

By Ald. Pauckner—

Resolved, That the contract for the plumbing needed in connection with alterations on the City Hall building be awarded to Barr & Creelman for \$1,867, and the contract for the steam heating to Hayes & Falls for \$6,514.18, and that the Mayor be, and he hereby is requested to execute contracts with the above-named parties, when said contracts have been approved as to form by the Corporation Counsel.

ASSESSMENT COMMITTEE REPORT.

By Ald. Beard—

To the Honorable the Common Council:

Gentlemen: Your Assessment Committee beg leave to submit the following report:

In the matter of the petition of William E. O'Brien, for leave to pay the general city tax for the year 1889, upon his premises situate at No. 15 Henion place, in this city, with interest at 6 per cent., together with the City Treasurer's fees and expenses of sale and other expenses, we recommend that the petition be granted.

In the matter of the petition of Caroline M. Page, for leave to pay the general city taxes upon premises on Rome street for the year 1885, with interest at 6 per cent., together with the City Treasurer's fees, expenses of sale and other expenses, we recommend that the petition be granted.

In the matter of the petition of Stephanie Frison, praying for the reduction of the general city taxes upon her premises, situate at No. 21 Mark street, for the years 1888 to 1891, inclusive, we find that during the years 1888 to 1891, inclusive, said premises were assessed upon the assumption that there was a dwelling house thereon, when in fact they were vacant; we therefore recommend that the petition be granted.

In the matter of the petition of the Rochester Athenaeum and Mechanics' Institute for cancellation of the general city taxes for 1895, upon its premises situate on the east side of Washington street, upon the ground that such premises are by law free from taxation, we recommend that the petition be granted.

In the matter of the petition of H. G. Anthony and Michael Duffy for a rebate of the assessment on their premises for the Genesee Valley canal sewer extension, we find that the Common Council passed on April 16, 1895, granting the relief sought by the petitioners, but limited the time in which the rebate should be made at thirty days from the time of the passage of such resolution; we find that Messrs. Anthony and Duffy did not know of the limitation contained in such resolution and did not procure the rebate in the required time; we therefore recommend that

the petitioners be given thirtydays' additional time from the passage of this resolution, within which to procure the rebate which they ask.

Respectfully submitted,

By Ald. Beard—Resolved, That the petition of Stephanie Frison for the reduction of the general city tax upon her premises situate at No. 21 Mark street for the year 1888 to 1891 inclusive, be and the same hereby is granted, and that the petitioner be allowed the reductions as follows: For the year 1888, \$24.16; for the year 1889, \$23.40; for the year 1890, \$22.43; for the year 1891, \$23.55, making a total rebate of \$93.63, and also that the water tax upon said premises during said years be reduced the sum of \$0.70, for each of said years and that the City Treasurer be and he hereby is directed to credit said sums upon the general city taxes and water taxes for each of said years against said premises and that he charge the balance to erroneous assessments.

Adopted.

By Ald. Beard—Resolved, That the petition of the Rochester Athenaeum and Mechanics' Institute for the cancellation of the general city tax for the year 1895, against their property situate on the east side of Washington street be and the same hereby is granted, and the City Treasurer is hereby directed to cancel said tax and charge the same to erroneous assessments.

Adopted.

By Ald. Beard—Resolved, That the treasurer be, and he hereby is, directed to credit upon the assessment for the Genesee Valley canal extension under final ordinance No. 3,325, the sum of \$21.20, on each of the lots mentioned below, or upon the amounts for which said lots were sold March 30 1893, and charge said sums to erroneous assessments; that in case any of such assessments have been paid on said lots, then and in that case, upon the certificate of the Corporation Counsel, that the person presenting a receipted bill for such assessment is the person entitled to such rebate, the clerk be, and he hereby is authorized and directed to draw an order on the treasurer payable from the contingent fund, for \$21.20, and in case such refund is made to such person, they shall surrender and have cancelled by the treasurer such receipt for moneys so paid for said assessment, and that all such payments shall

be charged to erroneous assessments, provided, however, that said assessments against said lots together with the taxes due them for general city taxes for the year 1892, be paid within thirty days of the passage of this resolution and any claims for rebate of assessments paid upon either of said lots be made within thirty days from the passage of this resolution.

Lot N. 133, west side of Bingham park; lot No. 82, west side of Bingham park; lot No. 195, north side of Sawyer street; lot No. 95, north side of Anthony street; lot No. 93, east side of Bingham park; lot 92, east side of Bingham park.

LAW COMMITTEE REPORT.

By Ald. Adams—

Rochester, N. Y. April 25, 1895

To the Honorable the Common Council:

Gentlemen:—Your law committee beg leave to report as follows:

In the matter of the widening of South St. Paul St., upon the recommendation of the Corporation Counsel, we advise the payment of the award made to the Miller heirs after deducting the sum of \$50 as to the share of the unpaid taxes against one parcel which should be paid by them, and the sum of 6 cents awarded to a tenant.

We recommend the appointment of the following as commissioners of deeds:

Frederick L. Grant, James L. Whitley, Harry Mix Hooker, Edward J. Ward, Edward Englehardt, John F. Bush, F. P. Kimbal.

Respectfully submitted,

M. B. ADAMS,
EDWARD ENGLEHARDT,
WM. PAUCKNER,
HENRY G. COOK.

Law Committee.

Received, filed and published.

By Ald. Green—Whereas, The commissioners of appraisal in the matter of the widening of South St. Paul St., on the west side north of and adjoining Court street, under final

ordinance No.—, did award Jesse Hoyt, Alfred M. Hoyt, Theodore I. Husted and Leonard Hazeltine, Jr., the sum of \$50 to be divided between them equally for their interest in the remainder of certain premises described in said report after the termination of the lease thereof held by Alanson Douglass Miller, George Douglass Miller and Henry C. White, as trustees for the heirs and children of Samuel Miller, deceased and said parties having failed to accept the sum so awarded to them, and it being desirous of securing possession of the lands, rights and easements acquired in said proceeding therefore. Resolved, That the City Treasurer be, and he hereby is directed to deposit the sum so awarded in some savings bank in the city to the credit of said persons, and that upon such deposit being made, the Executive Board, on behalf of the city, be directed to assume and take possession of the lands, rights and easements acquired in said proceeding as provided by the city charter. This resolution is adopted without prejudice to the city in the enforcement or collection of any unpaid taxes or assessments.

Adopted.
By Ald. Adams—Resolved, That upon the certificate of the Corporation Counsel, the City Treasurer be authorized to pay to the trustees of the Miller heirs designated in such certificate, the amount of the award made to them for the widening of South St. Paul street after deducting the sum of \$50 as their share of the taxes against one of the parcels taken, and 6 cents awarded to a tenant. This resolution is adopted without prejudice to the city in the enforcement and collection of any unpaid taxes or assessments against any property situated between the Erie canal, South St. Paul street, and at Court street.

Adopted by the following vote:
Ayes.—Alds. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnson, Selye, Ward, Dewey, Pauckner, Crane, Simmelink, Englehardt, Wilson, Reichenberger.—18.

By Ald. Green—Resolved, That the City Treasurer be, and he hereby is authorized to discount the city's note for the sum of \$1,800 and credit the proceeds thereof to the fund for the widening of South St. Paul street, the said note to be payable in not more than eight months from the date thereof and to be countersigned by the chairman of the Finance Committee before discount and transferred to said fund for the widening of said street to be reimbursed by the collection of the local assessments levied therefor.

Adopted by the following vote:
Ayes.—Alds. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnson, Selye, Cook, Pauckner, Crane, Simmelink, Englehardt, Wilson, Reichenberger.—19.

 By Ald. Johnston—Resolved, That the foregoing bills, pay rolls and estimates of the Executive Board and the East Side Trunk Sewer Commission, having been approved by the Said Executive Board and Commission, respectively, and by the City Auditor, are hereby approved for payment by this Council, as reported by the Finance Committee.

Adopted by the following vote:
 Ayes—Alds. Tracy, Callihan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelinck, Englehardt, Wilson, Reichenberger—20.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

CURB, GUTTER AND WALKS ON WEEGER, CLIFFORD AND THOMAS STREETS.

By Ald. Ward—Resolved, That the City Engineer ascertain and report to this Council the expense of setting curb and gutter and building cement walks on Weeger, Thomas and Clifford streets.

Adopted.
 The Engineer submitted as such estimate, \$2,200.

By Ald. Ward—Resolved, That the following improvement is necessary and should be made, viz.:
 Setting curb and gutter and building cement walks on the north side of Weeger street, from a point 164 feet east of Thomas street to Thomas street; and on the east side of Thomas street, from Weeger street to Clifford street; and on the south side of Clifford street, from Thomas street to a point 157 feet east from Thomas street.

And, The City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reported the same at \$2,200, which, being deemed reasonable, is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the north side of Weeger street, from a point 164 feet east from Thomas street to Thomas street; and on the east side of Thomas street, from Weeger street to Clifford street; and on the south side of Clifford street, from Thomas street to a point 157 feet east thereof.

Adopted.

SHERIDAN PARK SPRINKLING.

By Ald. Ward—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Sheridan park.

Adopted.
 The Engineer submitted as such estimate, \$50.

By Ald. Ward—Resolved, That the following improvement is necessary, viz.:

The sprinkling of Sheridan park, from Almira street to Martin street, during the season of 1896.

And Whereas, the City Engineer, under the

directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$56, which estimate is hereby approved.

AN ORDINANCE RELATING TO PAWN-BROKERS.

The Common Council of the city of Rochester do enact as follows:

Section 1. No person, firm or corporation shall carry on the business of pawnbroker within the city of Rochester without having procured a license, as required by the terms of this ordinance.

Section 2. The word "pawnbroker" contained in this ordinance shall be construed to include any person or member of a firm or corporation who shall loan money on deposit or pledge of personal property, other than se-

curities or principal evidence of indebtedness, or who shall deal in the purchasing of personal property on condition of selling the same back to a person at a stipulated price, or who does business as furniture storage, warehouse man and by whom moneys are loaned and advanced upon goods, wares or merchandise so pledged or deposited as collateral security.

Section 3. The mayor of the city of Rochester may grant to any person, firm or corporation who shall produce to him satisfactory evidence of good character, a license to carry on the business of pawnbroker within said city upon paying to the city treasurer the sum of one hundred dollars and executing a bond to the city in the penal sum of one thousand dollars, with sureties to be approved by the mayor, conditioned for the faithful observance of the ordinances of the city of Rochester now or hereafter enacted relating to pawnbrokers and the payment of all damages incurred as such pawnbroker.

Section 4. Every license granted hereunder shall designate the building in which the licensee shall be authorized to act as pawnbroker and said business shall not be carried on in any other place than the one so designated. Every such license shall expire one year from the date of its issue and shall not be transferred without the written consent of the mayor.

Section 5. Every person carrying on the business of pawnbroker within the city of Rochester shall report daily in writing to the chief of police on blank forms to be furnished by the police department a description of all articles received by said pawnbroker within the twenty-four hours immediately preceding the delivery of such report and a description of the person making the pledge. The contents of such report shall not be communicated to any person for the purpose of publication, but shall be used expressly for the purpose of protecting the public. No person shall make any false entry therein, and whenever the chief of police shall notify any pawnbroker not to sell or permit to be redeemed any property so received on deposit, such property shall not be sold or be permitted to be redeemed until the said chief of police shall so direct.

Section 6. Every such pawnbroker shall keep a book in which shall be legibly written in ink at the time of any loan the account and description of the articles pawned, the amount of money loaned thereon, the time of pawning the same, the rate of interest to be paid on such loan and the name and residence of the person pawning said personal property.

Section 7. Every such pawnbroker shall at the time of any loan deliver to the person pawning any personal property, a memorandum signed by him containing the substance of the entry required to be made in his book by the preceding section, and no charge shall be made by any pawnbroker for such entry or memorandum.

Section 8. The said book shall at all reasonable times be open to the inspection of the mayor, police justice, chief of police or any person duly authorized in writing by any of them for that purpose.

Section 9. No pawnbroker shall demand or receive any greater rate of interest than ten per centum per month.

Section 10. Every such pawnbroker shall cause to be posted in a conspicuous part of the place where such business is carried on, a sign bearing in conspicuous type in the English and German languages the rates of profit allowed to be taken by this ordinance.

Section 11. No pawnbroker shall sell any pawn or pledge until the same shall remain six months in his possession.

Section 12. No pawnbroker who has received any stolen goods shall refuse to exhibit them at the written order of the chief of police during the usual business hours to the owner of said goods or his authorized agent.

Section 13. No pawnbroker shall sell any article received by him in pledge before the time to redeem the same has expired, nor willfully disclose the name of the purchaser and the price paid for any article sold.

Section 14. No person shall transact business as a pawnbroker except between the hours of 8 o'clock A. M. and 8 o'clock P. M. on week days excepting Saturdays and then only between the hours of 8 o'clock A. M. and 12 o'clock midnight, nor shall any business be transacted by pawnbrokers, as such, between the hours 12 o'clock midnight on Saturday and 8 o'clock A. M. on Monday.

Section 15. No pawnbroker or person in the employ of a pawnbroker shall make any loan to or in any manner receive any personal property in pledge from any minor, intoxicated person, habitual drunkard or notorious thief, known by him to be such, nor shall such pawnbroker employ any person as an assistant in said business who is under sixteen years of age.

Section 16. If any person shall be damaged by the misconduct of any such licensed pawnbroker and shall recover judgment against him therefor, such person, after the return unsatisfied either in whole or in part of any execution issued upon said judgment may maintain an action in his own name upon the bond of said pawnbroker in any court having jurisdiction of the amount named, provided such court shall upon application made for that purpose grant such leave to prosecute.

Section 17. Any violation of this ordinance shall be punishable by a fine of not less than ten dollars nor more than one hundred and fifty dollars, and in default of the payment of such fine any person convicted may be imprisoned in the Monroe county penitentiary for a term not exceeding one hundred days or by both such fine and imprisonment upon such conviction the mayor may revoke any license granted hereunder.

Section 18. All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

Section 19. This ordinance shall take effect immediately.

Received, filed and published and referred to Committee on Law.

AN ORDINANCE RELATING TO STATIONARY ENGINEERS.

The Common Council of the city of Rochester do enact as follows:

Section 1. No person shall operate any boiler to generate steam within the city of Rochester, except for railroad locomotive engines, and for heating purposes in private dwellings, unless he be twenty-one years of age and shall have been duly examined and licensed for that purpose, as required by the terms of this ordinance, nor shall any person or corporation employ any one not licensed as aforesaid, to operate any such steam boiler within said city.

Sec. 2. The Common Council of the city of Rochester shall, from time to time appoint a committee of three competent persons to examine all applicants for licenses to operate steam boilers and to issue licenses to such as shall be found qualified and each of the persons so appointed a member of said committee, shall be paid a compensation at the rate of one hundred dollars per year, payable quarterly, but in no event, shall the aggregate amount so paid, exceed at any time the aggregate amount received for licenses by the City Treasurer under the provisions of this ordinance.

Sec. 3. All applications for examinations hereunder shall be made to the City Clerk in writing and must state the location and capacity of the boiler plant the applicant intends to operate. The said application must be accompanied by a certificate of two reputable persons to the effect that the applicant is of temperate habits and good character and also by a fee of \$1 to defray the expenses of examination.

Sec. 4. The said examining committee shall hold meetings whenever notified by the City Clerk that there are applicants desiring to be examined, and the City Clerk shall furnish them with suitable room and the necessary stationery. Two of the said committee shall constitute a quorum for the transaction of business and it shall have power to make and enforce such rules and regulations not inconsistent herewith as shall be necessary for the proper conduct of said examinations. All examinations shall be held in the City Hall building and applicants must be notified of the time and place of any such examination at least twenty-four hours before the same be held. The examination of each applicant shall have reference to his qualifications to operate the boiler plant described in his application. In case any applicant shall fail upon his first examination to satisfy the committee of his ability to operate the boiler plant mentioned in his application, a temporary permit may be granted to operate said plant for a period not exceeding twenty days at which time the applicant must again present himself for examination. Such temporary permit shall not be granted more than once to the same person.

The said committee shall keep a suitable record of its proceedings, including the name and address of every applicant and the result of all examinations.

Sec. 5. Every person who shall have been found by said committee duly qualified to operate a steam boiler as aforesaid, shall be

entitled to receive a license for that purpose which license shall be signed by said committee, or a majority thereof, and countersigned and sealed by the City Clerk, upon the prepayment to the City Treasurer of the sum of one dollar.

Every license issued hereunder shall expire one year from the date of its issue and may be renewed at its expiration for a term of one year, upon the payment to the City Treasurer of the sum of one dollar.

Sec. 6. The City Clerk shall keep in his office a book in which he shall enter the names and places of residence of all applicants as well as the places for which they seek examination the dates of all examinations and the record of the standings; which information shall be furnished promptly to said clerk by the said committee.

Sec. 7. If any person, duly licensed hereunder shall change his position and take charge of a different boiler plant than the one specified in his license, he shall, within one week thereafter, notify the City Clerk of such changes and present himself for examination as to his qualifications for operating such different boiler plant, and if found qualified therefor, a license to operate the new plant for the unexpired portion of the year covered by his original license shall be issued to him without further fee.

Sec. 8. Every license granted hereunder shall be kept conspicuously displayed in the boiler room where the person licensed shall be engaged at work.

Sec. 9. Every license issued under the terms of this ordinance may be revoked or suspended, at any time, by the Common Council of the city of Rochester, by a vote of a majority of the members present at the meeting and voting, upon the report of any two practical engineers detailed by said Common Council for that purpose, stating the ground upon which such license shall be revoked or suspended, and where such license shall have been revoked, as aforesaid, another license shall not, in any case be issued to the same person within six months from the date of the revocation of the former license held by such person.

Sec. 10. Every violation of this ordinance shall be punishable by a fine of not less than five dollars nor more than one hundred dollars and in default of the payment of such fine any person so convicted may be imprisoned in the Monroe county penitentiary for a period not exceeding one hundred days or by both such fine and imprisonment.

Sec. 11. All ordinances and parts of ordinances inconsistent herewith are hereby repealed.

Sec. 12. This ordinance shall take effect immediately.

Received, filed and published and referred to Committee on Law.

By the Clerk—

Mayor's Office,
Rochester, N. Y., May 2, 1896.

Theodore S. Pulver, City Clerk:

Sir:—Please call a special meeting of the Common Council for Wednesday evening, May 6, 1896, at 7:30 o'clock, to take action on several bills, enacted by the Legislature, and sent to the local authorities for consideration.

GEORGE E. WARNER,
Mayor.

Received, filed and published.

By the Clerk—

Mayor's Office,
Rochester, N. Y., May 4, 1896.

To the Common Council of the City of Rochester:

I have received from the Legislature the following bills:

First. An act to amend the charter of said city so as to provide for the issuing of \$1,000,000 of local improvement bonds, and for short term bonds for local improvements.

Second. An act to authorize the tax of \$1.00 on bicycles, for the construction of side paths.

Third. An act to legalize appointments made in the Fire Department of the city of Rochester.

Fourth. An act to amend the charter of the city of Rochester in regard to the time when taxes shall become due.

Fifth. An act to amend the park laws.

Sixth. An act to authorize the issuing of bonds to the amount of \$300,000 for water works purposes.

Seventh. An act to amend the pension fund of the paid Fire Department of the city of Rochester.

Eighth. An act to authorize the city of Rochester to issue bonds to the amount of \$50,000 for remodeling City Hall building.

Ninth. An act to authorize the issuing of bonds to the amount of \$75,000 to redeem Free Academy bonds.

Tenth. An act to authorize issuing of bonds to the amount of \$500,000 to take up notes issued against past-due taxes.

A public hearing has been duly called for the 6th of May, 1896, at 7:30 o'clock P. M., to act upon the aforesaid bills.

Very respectfully,

GEO. E. WARNER,

Mayor.

COMMUNICATIONS FROM THE MAYOR.

By the Clerk—

Mayor's Office, May 7, 1896.

To the Common Council of the City of Rochester:

The bills of the Rochester Printing Company for \$67.05 and \$71.70, and the items of \$7, \$202.50 and \$16.50, included in their bill of \$490.75 are hereby returned without my approval.

The only resolution of the Common Council now in force or which has been in force since January 1, 1896, so far as the printing by the Democrat and Chronicle is concerned is a resolution providing that the proceedings of the Common Council be published in the Democrat and Chronicle at a compensation not exceeding the price paid during last year, viz: thirty cents an inch. The bills of the Democrat and Chronicle so far as they relate to the printing of the proceedings have not been disapproved, neither are their bills for such notices as are required to be printed in all the daily papers disapproved, although the charter requires a written contract should be signed before any of this printing is begun.

But for printing the proceedings of the Executive Board, and for ordinances and sprinkling notices, the items which are hereby disapproved, the Rochester Printing Company has no legal claim against the city therefor. Such printing was done by it without any authority from or any resolution from the Common Council in regard thereto. The Rochester Printing Company by printing such notices without a resolution or authority from the Common Council cannot now enforce a claim therefor against the city.

The printing by the Rochester Printing Company was also illegal and unnecessary, as a contract for such printing has already been entered into by the city of Rochester and the proprietors of the two German papers; and the Common Council for this reason has exhausted all its authority in reference to the printing of such notices.

For the aforesaid reasons these bills and items are returned to you without my approval.

Very truly,

GEO. E. WARNER,

Mayor.

Received, filed and published.

Ald. Adams moved that action on the resolution, or so much thereof as had been vetoed by the Mayor, be deferred until the next regular meeting. Carried.

By the Clerk—

Mayor's Office, May 7, 1896.

To the Common Council of the City of Rochester:

I hereby return to you without my approval the bill of E. S. Eittenheimer & Co. for gold

badges for eight aldermen, at seven dollars each, making a total of fifty-six dollars, for the following reasons:

These badges were sold by the above firm in good faith and were undoubtedly worth the price charged; but I know of no reason why the city should pay for badges for the use of its aldermen. There is no legal liability on the part of the city for such articles, and the expenditure of the city's money for such purposes is entirely unwarranted. This bill should be paid by the persons who receive the benefit therefrom, and not by the city.

Very truly,
GEO. E. WARNER,
Mayor.

Received, filed and published.

The Chair stated the question to be, "Shall the resolution relating to the payment of the bill of E. S. Eittenheimer & Co prevail, notwithstanding the veto of His Honor, the Mayor?"

Ayes—Ald. Callihan, Ford, Green, Adams, Beard, Johnston, Selye, Dewey, Cook, Pauckner, Crane, Simmelink, Englehardt, Wilson—14.

Nays—Ald. Tracy, Rauber, Edelman, Ward, Kelly, Reichenberger—6.

The Chair declared the resolution adopted.

By the Clerk—

Mayor's Office, May 12, 1896.

To the Common Council of the City of Rochester:

Inclosed herewith I transmit to you resolutions adopted by the Rochester Pathological Society in reference to driving across bridges and crosswalks faster than a walk. Regulations similar to those referred to have been adopted, as I am informed, by the city of Chicago and other cities, and I see no good reason why they should not be adopted in our city. I would therefore respectfully ask that they be referred to the Law Committee for their action.

Very respectfully,
GEO. E. WARNER,
Mayor.

Received, filed and published.

Rochester, N. Y., April 9, 1896.

Hon. George E. Warner, Mayor, Rochester, N. Y.:

Dear Sir:—At the regular meeting of the Rochester Pathological Society held April 9, 1896, the following resolutions were unanimously adopted:

Whereas, There are city ordinances forbidding driving across certain bridges and street crossings faster than a walk, and

Whereas, By the observance of these ordinances physicians are often delayed in reaching emergency cases, thereby, at times, endangering the saving of human lives. Therefore be it

Resolved, That the Rochester Pathological Society requests His Honor, the Mayor of Rochester, to suspend the enforcement of the ordinances referred to in the case of physicians engaged in professional work, and to cause a suitable badge to be furnished at the expense of the physicians, designating those thus exempted, which will also give them the right of way through crowded streets, fire lines and processions.

NATHAN W. SOBLE,
Secretary.

Received, filed and published, and referred to Committee on Law.

By the Clerk—

Mayor's Office, May 12, 1896.

To the Common Council of the City of Rochester:

I have received from the Legislature the following bills:

First: An act legalizing appointments in the police department.

Second: An act in reference to the West Side sewer.

A public meeting has been duly called in reference thereto for May 12, 1896, at seven thirty o'clock.

Yours respectfully,
GEO. E. WARNER,
Mayor.

Received, filed and published.

The Chair stated the question to be, "Shall the act legalizing appointments and promotions in the Police Department of the city of Rochester be accepted?"

Ayes—Ald. Tracy, Callhan, Ford, Green, Rauber, Adams, Edelman, Beard, Johnston, Selye, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelink, Englehardt, Wilson, Reichenberger—20.

The Chair stated the question to be, "Shall the act in relation to the West Side sewer be accepted?"

Ayes—Ald. Tracy, Callhan, Ford, Green, Rauber, Adams, Edelman, Beard, Ward, Dewey, Cook, Pauckner, Kelly, Crane, Simmelink, Englehardt, Wilson, Reichenberger—18.

Nays—Ald. Johnston, Selye—2.

Ald. Adams moved that the Legislative acts on which action was deferred at the last meeting be taken from the table. Carried.

The Chair stated the question to be, "Shall the act authorizing the city to issue bonds to redeem Free Academy bonds be accepted?"

Ald. Johnston moved that the bill be disapproved with the understanding that the redemption of the bonds would be otherwise provided for. Carried.

The Chair next stated the question to be on the acceptance of the act authorizing the issue of bonds for City Hall remodeling.

Ald. Johnston moved that the act be disapproved with the understanding that the expense of the City Hall remodeling would be otherwise provided for. Carried.

The Chair next stated the question to be on the acceptance of the act authorizing the city to issue bonds for water works purposes.

Ald. Johnston moved that Emil Kuichling, Superintendent of the Water Works, be heard with reference to the necessity for the measure. Carried.

Mr. Kuichling submitted the following:
City Engineer's Office,
Rochester, N. Y., May 12, 1896.

To the Honorable, the Common Council:

Gentlemen:—In relation to the estimates for the improvement of the municipal water works which have heretofore been submitted to the Finance Committee of the Common Council, the following facts may be mentioned:

1. The estimates in question refer to three distinct items, viz.:

(a) The completion of the new conduit work by making permanent inlet and outlet connections at the two reservoirs, and erecting suitable buildings over the main gate and overflow chambers at Hemlock lake, along with a proper gate house building at Mt. Hope reservoir. The estimated cost of all this work is \$60,000.

(b) The extension of the system of large distributing mains from the central portion of the city northerly, in order to increase the efficiency of the relatively small existing mains for fire purposes. Obviously, this work must eventually be carried into every district of the city and will necessarily involve a large annual outlay before its substantial completion. For the present year, it has been deemed expedient to limit the appropriation for this purpose to \$145,000.

(c) The acquisition of Cobb's Hill as a site for a large, new distributing reservoir, the estimated cost of the land being \$100,000.

2. The sum of the estimates for the afore-said three items is \$305,000.

3. The necessity for these expenditures has been definitely recognized during the past five years by all who have devoted much attention to our water works, as will be seen by reference to the annual reports of the Executive Board, and to the columns of our newspapers.

4. The general plans for the additional water supply, as formulated and submitted in 1891, embraced all of these items; and when the appropriation of \$1,750,000 for the new conduit was made in 1892, it was distinctly understood not only that this sum should be applicable to this specific purpose alone, but also that it would probably not suffice to defray all of the costs involved in the completion of the work, and that the deficiency would be met, either by inserting the necessary sum in the annual tax levy, or by issuing additional bonds. Soon after the new conduit work was let, it was found that the appropriation was inadequate, as had been foreseen; and to avoid the creation of a deficit in the fund, the plans were accordingly curtailed by omitting the performance of the portions indicated above from the contracts. As it is very desirable that the said conduit work should soon be completed, a request for the necessary amount was made last year, but no appropriation for the purpose having then been granted, the request is renewed this year.

5. Concerning the extension of the new, large distributing mains, little further need be said than to call attention to the fact that there are many valuable manufacturing and commercial buildings in the northern half of the city, where the existing water pipes are small and incapable of furnishing large quantities of water for fire purposes without much loss of pressure. The magnitude of the financial interests thus involved is such as to make it very expedient to protect them against loss by fire as far as possible, by furnishing a copious supply of water at a serviceable pressure; and with the moderate elevation of Mt. Hope reservoir above the general level of the city, such a supply can be secured only by the use of pipes of large diameter. The extent of the work which should be done in this direction each year is essentially a matter of judgment, as it cannot be foreseen when an unusual demand for water will occur; but in order to furnish an adequate supply for fire purposes in the most valuable portions of the northern half of the city, the extensions which have already been submitted for consideration, and which entail an estimated expense of \$145,000, cannot be materially reduced.

6. With reference to the acquisition of a site for a new distributing reservoir, there can be little doubt as to the urgency of the case. The most favorable location for this purpose is Cobb's Hill, and extensive excavations in its sides for sand and gravel have already damaged its availability to a considerable extent. While a new reservoir may not be necessary at present, yet the time is certainly not far distant when the expediency of having at least one week's supply of water on hand in or near the city will be generally recognized, and hence steps should be taken to preserve the hill from further injury. Several efforts to accomplish this end were made during the past four years, but for various reasons they have proved unsuccessful. It is therefore probable that the damage can be arrested only by the purchase of the land; and from the

prices which have been named by the owners, it appears that about \$100,000 will be needed for the purpose.

Respectfully Submitted,
E. KUICHLING,
Chief Engineer Rochester Water Works.

Received, filed and published.
Ald. Johnston moved that action with reference to the bill be indefinitely postponed. Carried.

Ald. Johnston moved to reconsider the indefinite postponement of the water works bonding act. Carried.

Ald. Johnston moved that the act be disapproved. Carried.

By Ald. Beard—

City Engineer's Office.

Rochester, N. Y., May 5, 1896.

To the Honorable Assessment Committee:

Gentlemen:—In the matter of petition of various parties for relief from assessment for Thomas and other streets outlet sewer, ordinance 5,526, upon lots on Maria street, which was referred to me, I beg leave to report:

Henry Eisenberg, lot 135 east side of Maria street. This lot was assessed for \$16.60 in 1883 for the Clifford street sewer, ordinance 2,225, and is now assessed \$25.99 for Thomas street outlet ordinance 5,526. The existing sewer is only 5 feet deep and the Thomas street sewer is designed and built to allow of deepening that sewer, so that it is of benefit to it, at least to the amount of the difference between the two assessments.

August Weichbrodt, lot 1 and 136, east side of Maria street. This lot was assessed \$16.60 for the Clifford street sewer, ordinance No. 2,225 and is now assessed \$19.21 for the Thomas street outlet, ordinance No. 5,526. The new sewer is of benefit to the lot because it will allow of lowering the sewer in front of the lot which is only 5 feet deep.

John Merkel, lot 149 west side of Maria street. This lot was assessed \$18.41 for the Clifford street sewer and is now assessed \$27.25 for the Thomas street outlet. It is benefited by the new sewer because it will allow of lowering the existing sewer which is only 5 feet deep.

Jacob Maleck, lot 134 east side of Maria street. This lot was assessed for \$16.60 for the Clifford street sewer and is now assessed \$25.99 for the Thomas street sewer. The lot is benefited by the Thomas street sewer because it will allow of lowering the existing sewer which is only 5 feet deep.

Wilhelm G. Wechbrodt, lots 48 and 47 west side of Maria street. This lot was assessed \$12.28 for the Clifford street sewer and is now assessed for \$18.17 for the Thomas street outlet. It is benefited by the Thomas street outlet because that will allow of lowering the existing sewer which is only 5 feet deep.

Karl M. Vohs, lot 2 east side of Maria street. This lot does not appear to have been assessed for the Clifford street sewer, although it now is drained into it by a shallow sewer. It is assessed \$19.21 for the Thomas street outlet, seems proper.

I am inclined to think that it would be

reasonable to allow rebates as follows to the petitioners:

- Henry Eisenberg on lot 135.....\$16 60
 - Jacob Maleck on lot 134..... 16 60
 - Wilhelm G. Wechbrodt on lot 48 & 47... 13 28
 - Aug. Wechbrodt on lot 1 and 136..... 16 60

MISCELLANEOUS COMMUNICATIONS.

By Ald. Selye—
 Rochester, N. Y., May 9, 1896.

To the Honorable, the Common Council:

Gentlemen:—The undersigned is the owner a dwelling situated on Albemarle street about 260 feet west of Seneca terrace, but cannot occupy the same, owing to the absence of a water main in that portion of said street, also because a suitable water supply for said premises cannot be obtained by means of a well; he therefore prays that you will either cause a water main to be laid in said portion of said street at once, or will authorize him to cause such a main to be laid therein, under the direction of the Executive Board, at a cost not to exceed two hundred and fifty dollars, the cost thereof to be temporarily advanced by him and to be repaid to him when funds are available for water pipe extensions for the present year. He also sets forth that a majority petition for the extension of water pipes in said street has been duly presented to the Common Council, and is now on file in the office of the Executive Board; furthermore, that your Water Works Committee has acted favorably upon said petition, and formally resolved to recommend the granting of the prayer of said petition to your honorable body.

Respectfully submitted,
CHARLES T. CROUCH.

(Signed) Received filed and published.

By Ald. Selye:—Resolved, That Charles T. Crouch is hereby granted permission to extend a 6-inch cast-iron water main in Albemarle street from Seneca terrace to a point about 260 feet west, under the direction of the Executive Board, at his own expense; and that the costs of said extension, as duly certified by the Executive Board, and in an amount not exceeding \$250.00, be repaid to said Charles T. Crouch, without interest, when funds for the extension of water mains become available this season.

Adopted.

By Ald. Kelly—

To the Honorable, the Common Council, of the City of Rochester:

Gentlemen:—The undersigned hereby offers to the city a warranty deed of lot No. 14, Masseth street, for the purpose of enabling the city to continue Glasser park north to Masseth park.

The lot is free and clear of all incumbrance.

Yours,

F. C. GLASSER.

Individually and as executor of Susan Glasser, deceased.

Received, filed and published and referred to Executive Board.

By Ald. Kelly:—Resolved, That the land dedicated by Frank C. Glasser, individually and as executor of the last will and testament of Susan Glasser, deceased, and Elizabeth Glasser for the continuation of the highway known as Glasser park north to

Masseth park, be and the same hereby is accepted, subject to the approval of the mayor and Corporation Counsel. Referred to Executive Board.

**STANDING COMMITTEES.
 LAW COMMITTEE REPORT.**

Rochester, N. Y., May 12, 1896.

To the Honorable, the Common Council: Gentlemen:—Your Law Committee begs leave to report as follows:

In the matter of the resolution presented by Ald. Kelly, with respect to reducing the rate of speed of bicycles, we beg leave to report that in the work of revising the penal ordinances, a new ordinance will be reported upon the subject of cycles, and we therefore deem it advisable to suggest that the matter of the rate of speed be allowed to remain as at present until such time as the ordinance may be revised.

We recommend the appointment of the following persons as Commissioners of Deeds: James C. Oliver, Louis S. Levi, George H. Engel, John H. Foley, Carrie M. Thompson, Maynard H. Chase, S. J. Warner, Barney S. O'Neill, Franklin S. Hutchinson, H. P. Reibling.

Respectfully submitted,

CITY PROPERTY COMMITTEE REPORT.

By Ald. Pauckner—
To the Honorable Common Council of the City of Rochester:

Gentlemen:—Your City Property Committee would respectfully report on matters brought to their attention as follows:

Charles Hellems has been certified as eligible for appointment as elevator conductor and your committee would recommend his re-appointment.

Your committee has also considered the request of the police authorities for an enlargement of the patrol barn in rear of the central station on Exchange street. The committee is satisfied that the request is a reasonable one and that the efficiency of the department will be increased by the enlargement of the barn, and it is therefore recommended that the committee be authorized to invite bids for the work in accordance with plans prepared by the architect.

Respectfully submitted,
WM. PAUCKNER,
M. B. ADAMS,
M. J. CALIHAN,
EDWARD ENGLEHARDT,
WILLIAM WARD,
City Property Committee.

By Ald. Pauckner—Resolved, That the City Property Committee be, and it hereby is, authorized and directed to invite bids for enlarging and altering the patrol barn in rear of the central police station in accordance with plans prepared by Charles F. Crandall.

Adopted.

FINANCE COMMITTEE REPORT.

Rochester, N. Y., May 12, 1896.

To the Honorable the Common Council of the City of Rochester, N. Y.:

Gentlemen:—This year's interest on the East Side Trunk Sewer bonds will amount to \$32,350, and inasmuch as it is to be paid eventually by a local assessment upon the property benefited by said sewer, it is considered advisable not to include the amount in this year's tax levy, but to get it by borrowing upon the city's notes until such time as the assessment shall be levied and collected. The assessment is not likely to be levied this year principally because the sewer is not completed and the property benefited has not been determined. Your committee finds that the Treasurer's office has furnished during the last two years \$56,615 for interest on these bonds, and prior to that time \$26,250 was raised through the 1893 tax levy for the same pur-

pose. All of these amounts, aggregating \$115,115, are to be paid by the assessment referred to. \$26,250, the only portion heretofore included in any tax levy, should be credited to the taxpayers in this year's levy and \$56,615 should be returned to the treasury. Your committee would therefore recommend issuing the city's notes, to be known as the East Side Trunk Sewer Interest Notes, for \$115,115; said notes to be paid by the local assessment mentioned, and the proceeds used as follows: \$26,250 to be credited to the taxpayers in this year's levy, \$56,615 to reimburse the treasury, and \$32,250 to be placed to the credit of the East Side Trunk Sewer Interest Fund when created. This year's interest on the bonds in question can then be paid from this fund.

Respectfully submitted,
JAMES JOHNSTON,
MAHLON B. ADAMS,

FINANCE COMMITTEE REPORT.

Rochester, N. Y., May 12, 1896.

To the Honorable the Common Council of the city of Rochester, N. Y.:

Gentlemen:—In accordance with a requirement of the charter, your finance committee presents herewith for your consideration and approval their recommendations for the tax levy appropriations and estimates for the fiscal year ending December 31, 1896. They are arranged so as to show comparatively the actual expenditures during the twelve months of 1895 as shown by the treasurer's records, the department requests for 1896 and the amounts recommended by your committee. These latter aggregate \$2,484,153, the amount recommended for maintaining the city government during the present year. In addition, your committee recommend providing for the items of indebtedness shown in exhibit A, and amounting to \$219,095.

To offset these two amounts there will be the income through the several sources shown in exhibit B, which your committee have estimated at \$518,250 and the difference amounting to \$2,185,000 is the sum which your committee would recommend as the amount of the tax levy for 1896.

There will also be an additional income through other sources, shown in exhibit B, estimated at \$135,000. Of this amount your committee would recommend crediting \$50,000 to the city hall remodeling fund, and thereby avoid both the trouble and expense of issuing the city's notes or bonds in payment of the work. The balance your committee would recommend placing in the city's sinking fund with the understanding that the Free Academy bonds, amounting to \$75,000, maturing January 1, 1897, be paid when due.

The chairman of your committee does not concur in the amounts recommended for the Fire Department and Highway Funds, and this report is signed with the understanding that he and his associates are at liberty to criticize the expenditures through these two and other funds as their judgment dictates.

Respectfully submitted,
(Signed) JAMES JOHNSTON,
MAHLON B. ADAMS,
JOSEPH C. WILSON,
HENRY G. COOK,
J. MILLER KELLY,

ACTION ON ORDINANCES.

FIRST ORDINANCES.

AMHERST STREET CURBS AND GUTTERS.

By Ald. Ward—Resolved, That the City Engineer ascertain and report to this Council the expense of improving Amherst street.
Adopted.

The Engineer submitted as such estimate, \$2,300.

By Ald. Ward—Resolved, That the following improvement is necessary, viz.:

The improvement of Amherst street, from Pearl street to Monroe avenue, by the construction of a curb and gutter on each side thereof, properly connected with all lateral street, alleys and driveways. Width between curbs to be 26 feet. Also the necessary crosswalks, surface sewers, and man-holes.

And the City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reported the same at \$2,300, which being deemed reasonable is hereby approved.

Resolved, Further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Amherst street from Pearl street to Monroe avenue.
