Respectfully submitted.

JAMES JOHNSTON,
Comptroller.

Received, filed and published.

By the Clerk—

Comptroller's Office,
City Hall Building,
Rochester, N. Y., May 8, 1900.

To the Honorable the Common Council:

Gentlemen—On or about the first day of June there will be due city notes aggregating \$558,680, all issued in connection with transactions of 1899. Of this amount \$370,000 or thereabouts represents overdue and uncollected taxes of 1899 and previous years, and no provision has been made for its payment in this year's tax levy. In former years, notes issued for such purposes have been paid from the annual tax receipts during May or June, and later in the year new notes would again be issued. The new charter is very specific in forbidding "moneys to be drawn from one fund to pay the claims chargeable to another," and the Comptroller is of the opinion that the use of this year's tax receipts to pay the notes mentioned would be unlawful. The Comptroller would suggest that the question be referred to the Corporation Counsel, and if it be found unlawful to use this year's tax receipts for the purposes stated, your honorable body is requested to grant the necessary authority to issue the city's certificates of indebtedness in an amount not to exceed \$370,000, to be credited to the overdue taxes fund.

Respectfully submitted,

JAMES JOHNSTON,
Comptroller.

Received, filed and published and referred to Committee on Finance and Corporation Counsel.

By the Clerk—

City Treasurer's Office,
Rochester, N. Y., May 8, 1900.

To the Honorable the Common Council:

Gentlemen—I hereby certify that the Executive Board have notified me that the works or improvements authorized under ordinances hereinafter mentioned have been completed; that I have, pursuant to the provisions of the Charter, ascertained the entire and aggregate expense of, and connected with the same respectively, including any interest that the city shall incur, or is entitled to for the use of its funds, and that the respective amounts thereof are as follows:

Ordinance and Improvement.	Expense.
Ten payments.	
6727—State street asphalt improvement	\$19,437 82
6693—State street asphalt improvement (supplemental to cost previously reported and assessed)	4,308 90

S. B. WILLIAMS,
Treasurer.

By Ald. Baker—

ASSESSMENT ORDINANCE.

Whereas, the entire and aggregate expense of and connected with the improvements named in the following ordinance has been ascertained and reported to this council as provided by the city charter, therefore

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. The cost of said improvements hereinafter named is hereby adjusted as thus reported, and the City assessors are hereby directed to make an assessment upon the territory directed to be assessed in

the final ordinances for said improvements for the amounts respectively set forth, as follows:

Ord. No.		
6693—	State street asphalt improvement (supplemental to cost previously reported and assessed, roll now in process of collection	\$4,308 90
6727—	State street asphalt improvement (Lyell avenue to Jay street)	19,437 82

Each of the assessments for said improvements shall become due and payable in ten equal annual installments as follows: The first installment with interest as provided by the charter, shall become due and payable on the first day of the second month following the month in which the assessment roll for said improvement shall have been received by the City Treasurer; and each annual installment with interest as provided by the charter, shall be due and payable on the first day of the same month in each of the succeeding nine years.

Ald. Calihan objected to action upon the above ordinance at this meeting, and the ordinance was laid on the table until the next meeting.

By the Clerk—

Department of Public Works,
Rochester, N. Y., May 8, 1900.

To the Hon. the Common Council:

Gentlemen—The undersigned, the Commissioner of Public Works, to whom was referred the matter of the proffered acceptance of Mt. Pleasant park, Custer street, Percy park, Friem street and Hammill place, hereby certifies that the said streets have been properly graded, the street lines defined by monuments, and maps filed in the offices of the County Clerk and City Assessors, in accordance with provisions of resolutions adopted by your honorable body, and recommends that the above named streets be accepted for public uses.

It is further recommended, in order to make these names comply with the plan recently adopted for naming streets, that Mt. Pleasant park be called "Mt. Pleasant street," and Percy park be called "Jewel street."

Respectfully,

J. HERBERT GRANT,
Commissioner of Public Works.

Received, filed and published.

By Ald. Plumb—Be it ordained by the Common Council of the City of Rochester as follows:

Section 1. Mt. Pleasant park, to be known as Mt. Pleasant street, Custer street, Percy park, to be known as Jewel street, Friem street and Hammill place are hereby accepted as public streets, pursuant to the recommendation of the Commissioner of Public Works, upon the payment of all taxes and assessments, local or general, remaining unpaid upon the territory taken for said streets.

Sec. 2. The City Clerk is hereby directed to enter the names of said streets in the public street register, and the Commissioner of Public Works is hereby directed to place the necessary street signs where needed, and the City Assessors are hereby directed to strike from the assessment rolls the territory taken for said streets as indicated by the map on file in their office.

Sec. 3. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G.

Cook, Kelly, Ernst, Mead, Judson, Tanner,
May-19.

By the Clerk—

Department of Public Works,
Rochester, N. Y., April 24, 1900.

To the Common Council:

Gentlemen—The matter of the widening of Copeland street, provided in ordinance No. 7,887, adopted by the Common Council, has been referred to me, as provided in section 149 of the New Charter.

On April 4th last, according to notice previously given, the several owners interested in the parcels of land proposed to be taken appeared at my office.

Several parties appearing stated that they would dedicate the land to the city, which was required for the widening of Copeland street, if all the parties would do likewise. Nora Wagner and John Schwingler, two of the owners appearing, did not agree to this proposition. The former expressed a willingness to donate land taken from lots Nos. 11, 12, 13 and 14, but asked \$300 for land required from lots Nos. 1 and 4; while the daughter of Mr. John Schwingler, who appeared on behalf of her father, was of the opinion that he would also donate the land required; but neither she nor her father has yet made known his intention to the Department of Public Works.

Respectfully,

J. HERBERT GRANT,
Commissioner of Public Works.

Received, filed and published.

By Ald. Judson—Whereas, The Commissioner of Public Works has reported that no agreement has been reached with the owners of land deemed necessary to be taken for Copeland street widening, under final ordinance No. 7,887; therefore,

Resolved, That the Corporation Counsel be and he hereby is authorized and directed to institute such proceedings as may be necessary to acquire the lands or easements therein, necessary for said improvement under said ordinance.

Adopted.

By the Clerk—

Department of Public Works,
May 8, 1900.

To the Honorable Common Council, Rochester, N. Y.:

Gentlemen—The sums of money your honorable body has from time to time appropriated for the use of the Department of Public Works, and has given me authority to expend, are so nearly exhausted that further authorization is necessary in order to enable me to carry on the work of the department.

Yours respectfully,

J. HERBERT GRANT,
Commissioner of Public Works.

Received, filed and published.

By the Clerk—

Department of Public Works,
Bureau of Engineering,
Rochester, N. Y., May 8, 1900.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—A final ordinance has been adopted and proposals received for the construction of a Medina block pavement in Clinton avenue north, from Main street east to Andrews street. A provision was inserted in the contract providing that work might be suspended pending the deepening of the sewer. The present sewer is a stone sewer 2 feet wide, 2½ feet high and about 10 feet deep. As this property is

very central it should have the best sewer facilities that can be afforded. The present sewer can be deepened to 15 feet.

In order to bring the matter before your honorable body I have prepared a first ordinance for rebuilding and deepening the sewer.

Respectfully,

E. A. FISHER,
City Engineer.

Received, filed and published.

By the Clerk—

Department of Public Safety,
May 8, 1900.

To the Honorable the Common Council:

Gentlemen—On November 8, 1899, a resolution was introduced in the Common Council by Alderman Callhan, providing for the construction of a sewer in Oak street, the estimated expense of which was reported by the City Engineer as \$400.00.

On November 23d the records of the Council proceedings show that action upon that ordinance was postponed for two weeks. On December 5th the same records show that further action was postponed for four weeks. I have not been able to discover in the proceedings any further action taken upon the said ordinance, but the necessity of such a sewer as was proposed by the ordinance has been made apparent to me to such an extent that I have been compelled to declare certain premises situate on Oak street, in the territory proposed to be covered by the sewer, as untenable.

An examination of the premises by the inspectors of the department has shown that the conditions are unsanitary and detrimental to public health, and I therefore ask your honorable body to take such action as may result in the speedy construction of a sewer and thus doing away with the unsanitary conditions complained of.

Respectfully yours,

JAMES G. CUTLER,
Commissioner of Public Safety.

Referred to City Engineer to prepare an ordinance.

By the Clerk—

Department of Public Safety,
May 8, 1900.

To the Honorable, the Common Council:

Gentlemen—I respectfully draw your attention to the fact that the Corporation Counsel has recommended that the accompanying health ordinances should be enacted by the Common Council, so that every violation may be a misdemeanor and the parties may be sued in the Police Court instead of bringing a civil action in the Municipal court. I should be glad to have this action taken, if agreeable and consistent, as early as possible, and remain,

Very respectfully yours,

JAMES G. CUTLER,
Commissioner of Public Safety.

Received, filed and published.

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. No person or persons, corporation or corporations, shall bring into the city of Rochester for the purpose of sale in said city, any meat, fish, birds or fowls, fruit or vegetables, that is not at the time the same is brought into said city, healthy, fresh, sound and wholesome. Nor shall any person or persons, corporation or corporations, bring into said city for sale, or have in his, their or its possession, for the purpose of sale for food, any meat or fish that died by disease or accident.

Sec. 2. No person or persons, corporation or corporations, shall bring into the city of Rochester, or hold, or offer for sale for

human food, in said city, any calf, or the meat thereof which, at the date of its death, was less than four weeks old; nor shall any person or persons, corporation or corporations, bring into the city of Rochester, or hold, or offer for sale in said city, for human food, any pig or lamb, or the meat thereof, which, if the same be a pig, was, when killed, less than five weeks old, or if the same be a lamb, was, when killed, less than eight weeks old.

Sec. 3. No person or persons, corporation or corporations, shall bring into the city of Rochester, for the purpose of sale as human food, nor shall hold or keep for sale as human food, in any market, public or private, or in any public place in the said city of Rochester, any cased, blown, plated, raised, stuffed, putrid, impure or unhealthy or unwholesome meats, fish, birds or fowls. Any such unwholesome substances so held or kept or offered for sale shall be liable to confiscation, as the Department of Health may direct. All fowl brought in the city of Rochester for human consumption, must be drawn, i. e., have the entrails removed.

Sec. 4. Any person violating the provisions of this ordinance shall be subject to a fine of \$25.

Received, filed and published and referred to Committee on Law.

Be it ordained by the Common Council of the city of Rochester as follows:

Sec. 1. It shall not be lawful for any person or persons to peddle milk, or to sell the same to the inhabitants of the city, from any cart, wagon or vehicle whatever, in any of the public streets or alleys of the city, without having been duly licensed to do the same by the Department of Health, as hereinafter provided, and any person guilty of the violation of this ordinance shall be adjudged guilty of a misdemeanor, and upon conviction subject to a fine of \$10 for each offense.

The Department of Health shall have power, and it is hereby authorized, to grant a license to such person or persons as in its judgment shall appear proper, and best calculated to secure to the inhabitants pure and wholesome milk, and any person applying for a license to sell and distribute milk, shall before and upon granting the same, pay to the said Department of Health, the sum of \$3, for one year from the issuing of said license for each and every wagon, cart or vehicle used by him in the peddling or distribution of milk in said city. Upon such payment being made, and license granted to any applicant therefor, the Department of Health shall give to such party or person, a written license to peddle, sell and deliver pure and wholesome milk. No license shall be sold, assigned or transferred without permission of this department. Any license may be revoked when it shall appear that the person, persons or association holding the same have violated any provisions of this ordinance, or when from cause it may be deemed best by the Department of Health in the interest of public health to revoke such license.

Sec. 2. No person, firm or corporation shall sell or expose for sale any unclean, adulterated, unhealthful or unwholesome milk. If the milk be shown to contain more than 88 per cent. of water fluids or less than 12 per cent. of milk solids, which shall contain not less than 3 per cent. of fat, it shall be declared adulterated, and the milk drawn from cows within fifteen days before and five days after parturition, or from animals fed on distillery waste, or any substance in the state of putrefaction or fermentation or upon any unhealthful

food whatever, shall be declared unhealthful, impure and unwholesome milk.

Sec. 3. Any person or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction be subject to a fine of \$25 for each offense.

Received, filed and published and referred to Committee on Law.

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. No person, firm or association shall engage in the business of privy cleaning or be permitted to remove night soil within the limits of the city without having been duly licensed to do the same by the Department of Health, as hereinafter provided, and any person, firm or association guilty of the violation of this ordinance shall be adjudged guilty of a misdemeanor and upon conviction subject to a fine of \$50 for each offense.

Sec. 2. The Department of Health shall grant a scavenger license to any person or persons, who are residents of the county of Monroe, as in its judgment may appear proper, and any person applying for such license, shall, upon being granted the same, pay to the said Department of Health the sum of \$10. Upon such payment being made, and license granted to any applicant therefor, the Department of Health shall give to such party or person, a written license to engage in the business of scavenger for the period of one year. No such license shall be sold, assigned or transferred and may be revoked when from cause it may be deemed best in the interest of public health.

Received, filed and published and referred to Committee on Law.

By Ald. C. S. Cook—

Department of Public Safety,
May 8, 1900.

Frank G. Parsons, Esq., Chairman Committee of Public Safety, City.

My Dear Sir:—I have the honor to draw your attention to the fact that the Police department reports indicate that automobiles are being driven through the streets of Rochester at a dangerous rate of speed and that it might be well to impose a reasonable restriction, as is done in the case of other vehicles.

Very truly yours,

JAMES G. CUTLER,
Com'r of Public Safety.

Received, filed and published and referred to committee on Public Safety.

By Ald. C. S. Cook—

Department of Public Safety,
May 8, 1900.

Frank G. Parsons, Esq., Chairman Committee of Public Safety, City.

My Dear Sir:—I respectfully forward for any consideration which you may think it to deserve, a copy of the letter just received from the Rochester Railway company, on the subject of grass between the tracks on certain streets.

Very truly yours,

JAMES G. CUTLER,
Com'r of Public Safety.

Received, filed and published.

Rochester, N. Y., May 7, 1900.

James G. Cutler, Esq., Commissioner of Public Safety, City.

My Dear Mr. Cutler:—In the first place allow me to thank you for the interest you have taken heretofore in assisting this company, in connection with its patrons, in regulating matters of mutual benefit. I now take the liberty of calling your attention to another matter that is of great importance. I understand that there is now

or will be brought up for consideration in the Common Council, an ordinance requiring us to seed with grass and maintain in ornamental condition the space between the rails of our tracks, and for two feet outside thereof, on streets where tracks are run on the side, to wit: Lake avenue, South avenue, Monroe avenue, Plymouth avenue, Genesee street, and in the center of the street in Parsells avenue, University avenue and Central park.

Now it probably will not occur to you at the first glance that this is a matter for the consideration of the Commissioner of Public Safety, but inasmuch as the carrying into effect of such an ordinance will result in jeopardizing life and limb of those who patronize our cars, I think you will find it worthy of your consideration.

In summer, when the grass grows luxuriantly, it will (in spite of everything that can be done to prevent) fall over the rail in many places, causing the rail to become greasy and slippery, so that when the brake is set it has little or no effect, resulting in the motorman losing control of his car, and possibly collision or derailment. In winter the moisture of the fall season follows the grass to its roots, and freezing there causes the sod to heave upward, presenting without notice an obstruction that has already in many cases caused derailment of our cars, with the usual result that somebody is hurt.

Further, the using of grass between the rails of our tracks is not practicable on account of our necessarily disturbing the same whenever repairs are made, which, on this class of track, is very often necessary. In the place of sod or grass for this purpose we advocate the use of crushed stone, which has a good appearance, and does not interfere with our traffic in any way, and is easily replaced when removed for repairs, etc.

Thanking you in advance for any attention you may be able to give to this matter, I am,
Yours very truly,

T. J. NICHOLL,
Vice Pres. and Gen. Mgr.

Received, filed and published and referred to committee on Railroads.

By the Clerk—

Law Department,
Rochester, N. Y., May 8, 1900.

To the Hon., the Common Council of the City of Rochester:

Gentlemen:—I am advised by the City Engineer that the Rochester Railway company is indebted to the city in the sum of about one hundred and seventy-five thousand dollars (\$175,000) on account of its neglect, after proper notice, to make pavements and repairs to pavements in certain streets through which its tracks are constructed, and which tracks have been by it used for many years.

I recommend immediate action on the part of the city looking towards the collection of the sums due.

Yours respectfully,
P. M. FRENCH,
Corporation Counsel.

Received, filed and published.

By Ald. Plumb—Be it ordained by the Common Council of the city of Rochester as follows:

Sec. 1. The Corporation Counsel is requested to commence such action or actions, in such form and in such court or courts as he may advise, against the Rochester Railway company, to collect from it the sum of money due on account of its neglect to make pavements and repairs to pavements in certain streets through which its tracks are constructed and used.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:
Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By the Clerk—

Law Department,
May 2, 1899.

To the Honorable Common Council:

I hereby certify that I have examined the title to the lands and premises dedicated to the city of Rochester by Mathias Kondolf and Teresa M. Kondolf, his wife, by instrument dated May 8, 1895, and by L. Douglas Ely by instrument dated April 13, 1897, for the opening and extension of Rutger street, and that at the time of said dedication and acceptance thereof by the Common Council, the same were free and clear from all taxes, assessments, liens and encumbrances and the title thereof was in said Mathias Kondolf and said L. Douglas Ely; excepting that lot one (1) of Kondolf's subdivision was subject to a mortgage held by the Rochester Savings bank, and that lot two (2) of said subdivision was owned by Anne V. M. Werner and was subject to a mortgage held by Lillie B. Werner; that said Rochester Savings Bank, Anne V. M. Werner and Lillie B. Werner have since executed and delivered proper consents acquiescing in said dedication of said Rutger street.

GEORGE V. FLECKENSTEIN,
Asst. Corporation Counsel.

Received, filed and published.

By the Clerk—

Police Court,
Rochester, N. Y., May 1, 1900.

To the Hon. the Common Council of the City of Rochester:

Gentlemen:—During the month of April, 1900, the total amount of moneys received from fines, etc., to be credited to the Police Funds, as shown by itemized report of this date was \$156.00. The total receipts for the Police Pension fund was \$71.35.

Respectfully submitted,
RICHARD CURRAN,
Police Court Clerk.

Received, filed and published.

By the Clerk—

City Clerk's Office,
Rochester, N. Y., May 8, 1900.

To the Common Council:

Gentlemen:—I beg leave to report that the Mayor of the city has filed with me the appointment of Henry B. Hathaway as Commissioner of Mt. Hope cemetery for the term of three years to succeed himself; also the appointment of V. Moreau Smith as Commissioner of Mt. Hope cemetery for the unexpired term of Henry C. Brewster, resigned.

Both of these appointees have duly qualified.

Respectfully,
THEODORE S. PULVER,
City Clerk.

Received, filed and published.

By the Clerk—

City Clerk's Office,
Rochester, N. Y., May 8, 1900.

To the Common Council:

Gentlemen:—The City Assessors have delivered to me the following assessment rolls, certified and verified as required by the charter:

Ord. No. Improvement.
7871—No. 12 school cement walks.
7847—Benton street cement walks.

- 7845—Bowen street sewer.
 7811—Caroline street plank walks.
 7799—Dubelbeiss street cement walks.
 7848—Denver street cement walks.
 7868—Faraday street cement walks.
 7295—McKee tract cement walks.
 7875—Morrill street plank walks.
 7849—North Goodman street cement walks.
 7858—Neilson street plank walks.
 7879—Ringle place plank walks.
 7725—Snyder street cement walks.
 7862—Warner street cement walks.
 7792—Warwick avenue cement walks.
 7316—Ericsson street cement walks.
 7852—Scio street curb and gutter.
 7673—Bartlett street cement walks.
 7813—Brunswick street cement walks.
 7835—Oswego street grading and walks.
 7795—Irving place Medina block pavement.
 7288—North Clinton street sewer.
 7321—South Fitzhugh street asphalt pavement.
 7790—Averill avenue cement walk.

Respectfully submitted,

THEODORE S. PULVER,
 City Clerk.

Received, filed and published.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That the assessments for the following named local improvements as set forth in the rolls for the same as reported to this Council by the City Clerk, as verified and certified by the City Assessors, be and the same hereby are in all things approved and confirmed:

- Ord. No. Improvement.
 7871—No. 12 school cement walks.
 7847—Benton street cement walks.
 7845—Bowen street sewer.
 7811—Caroline street plank walks.
 7799—Dubelbeiss street cement walks.
 7848—Denver street cement walks.
 7868—Faraday street cement walks.
 7295—McKee tract cement walks.
 7875—Morrill street plank walks.
 7849—North Goodman street cement walks.
 7858—Neilson street plank walks.
 7879—Ringle place plank walks.
 7725—Snyder street cement walks.
 7862—Warner street cement walks.
 7792—Warwick avenue cement walks.
 7316—Ericsson street cement walks.
 7852—Scio street curb and gutter.
 7673—Bartlett street cement walks.
 7813—Brunswick street cement walks.
 7835—Oswego street grading and walks.
 7795—Irving place Medina block pavement.
 7321—South Fitzhugh street asphalt pavement.
 7790—Averill avenue cement walk.

Ald. Beard moved that the ordinance be amended by striking therefrom the assessment for North Clinton street sewer, No. 7,288.

Adopted.

Allegations were called on the above assessments, and no person appearing the ordinance was adopted as amended by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Kelly, Ernst, Mead, Judson, Tanner, May—19.

MISCELLANEOUS COMMUNICATIONS.

By Ald. Tracy—
 To the Hon., the Common Council of the City of Rochester:
 Gentlemen—The Powers Commercial Fire Proof Buildings company, a domestic corporation, respectfully requests permission

to construct, operate and maintain pipes for the transmission of electricity and the conveyance of steam from the Powers building to the building known as the "Savoy" on State street, along Pindell alley to Allen street; thence along Allen street to State street; thence along and across State street to the "Savoy," upon such terms and conditions as to the Common Council may seem proper.

All of which is respectfully submitted.
 THE POWERS COMMERCIAL FIRE PROOF BUILDINGS COMPANY.

By Walter W. Powers, Secretary.
 Received, filed and published.

By Ald. Tracy—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. Permission is hereby granted to the Powers Commercial Fire Proof Buildings company to construct, operate and maintain pipes, with the necessary manholes, connections and appurtenances, for the purpose of conveying steam and transmitting electricity from the Powers building to the building known as the Savoy on State street, along Pindell alley, from the Powers building to Allen street; along Allen street to State street; along and across State street to the Savoy; or in Pindell alley to Church street; thence through Church street to State street; thence in State street to the Savoy; provided, however, that the pavements shall be restored to as good a condition as they are at present, and that the company make an arrangement with the Rock Asphalt Pavement company to do all the work of excavating, backfilling and restoring the pavement in Pindell alley according to the terms of the Asphalt company's guarantee; that the work shall be performed under the supervision of the Commissioner of Public Works, in accordance with a map to be approved by the City Engineer; and in accordance with such further conditions as may be provided in a contract to be approved by the Corporation Counsel, and when so approved the Mayor is authorized to execute the same and attach thereto the corporate seal.

Section 2. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Kelly, Ernst, Mead, Judson, May—18.
 Nays—Alderman Tanner—1.

Rochester Telephone Company,
Offices and Exchange, 59 Stone St.
Rochester, N. Y., May 8, 1900.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—You are cordially invited to visit and inspect the new building and plant of the Rochester Telephone Company on Friday, the 11th instant, at any time between the hours of three o'clock and ten o'clock p. m. As this is a Rochester institution, built and operated by Rochester people for Rochester people, we have no doubt that you will feel an active interest in its success. We shall be able to show you at least as good a telephone building and telephone apparatus as now exists in the United States.

Respectfully yours,
FREDERICK COOK,
President.

Received, filed and published.
Ald. Kelly moved that the invitation be accepted.

Adopted.

By Ald. Kelly—

Rochester, May 5, 1900.

To Alderman J. Miller Kelly and the Honorable Common Council of the City of Rochester:

Gentlemen—The members of the Improved Order of Red Men of the city of Rochester do kindly ask your honorable body for permission to use the Common Council chamber on the night of June 7th, 1900, for a grand union meeting. Trusting you will grant us our request,

I remain respectfully,
JOSEPH A. WEIS,

Chairman Improved Order of Red Men.
Ald. Kelly moved that the Common Council consent to the use of its chambers as requested in the foregoing communication.
Adopted.

By Ald. Reddington—

Rochester, N. Y., May 8, 1900.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen:—On or about November 28, 1899, the New York Central & Hudson River Railroad company and the Buffalo, Rochester & Pittsburg Railway company presented an application, duly signed by them, referring to the proposed changes at Maple and Saxton streets in this city, pursuant to the contract dated October 21, 1897, by which Maple street was to be so altered as that it should be carried into Saxton street and then across the railroads in Saxton street at grade, and also changing Silver street; and your attention was called to the fact that the contract provides that after ten years from the date of that contract Saxton street should be depressed and carried

underneath the railroad tracks of both companies, and stating that the railroad companies were desirous that the work contemplated by the contract should be so done that Saxton street might be carried under the railroad tracks without waiting for the expiration of the time named in the contract, and asking for the appointment of a committee of conference.

Such a committee was appointed, and on or about December 19, 1899, they made a report, in which it was stated that

“Your committee finds that property owners in that locality are opposed to any such ordinance being adopted, and that they desire Saxton street to remain a grade crossing.”

The report then went on to refer to the contract and to the fact that proceedings had been instituted for the condemnation of the land necessary to make the proposed change for grade crossing, and recommending that the proceedings be continued for a grade crossing. The committee then stated:

“Your committee would state that it has given this matter thorough consideration, and has come to the conclusion that the people in the vicinity of the proposed improvement require immediate action for the purpose of carrying into effect the terms and conditions of said contract,” and recommended that the corporation counsel be instructed to proceed.

Upon that report a resolution was adopted denying the application of the railroad companies and directing the corporation counsel to proceed.

On the 27th of April last the railroad companies were served with an order made by the County court appointing commissioners to acquire the necessary lands for this proposed grade crossing, and notice has been served that the commissioners will proceed on the 15th inst.

The railroad companies have the right to appeal from this order, and the matter of such appeal is under consideration.

The railroad companies are desirous of getting rid of the grade crossings at Maple, Saxton and Silver streets by making the under crossing now which by the terms of the contract they may be required to make after the lapse of ten years.

Every one who has considered the subject will agree that it is for the public interest to abolish grade crossings as rapidly as possible, and that that is especially the case in the Maple and Saxton street crossings. In view of the changes in the city government under the White Charter the railroad companies have concluded to ask your honorable body to reconsider this subject and refer the matter again to a committee before whom the railroad companies may be heard as well as the public. This application for reconsideration is made not only in behalf of the railroad companies but in behalf of the citizens of Rochester at large, and because it is obvious that the denial of the previous application was based only upon the ground stated by the committee, that the property owners in that locality were averse to the proposed change and that they desired that Saxton street should remain a grade crossing; thus ignoring the general interest of the public and yielding to the wishes of a few property owners. The railroad companies desire to call attention to the fact that by the terms of the contract the railroad companies are to pay the whole expense of the improvement, and that by the White Charter property owners who may sustain any damage by the change of grade will be entitled to compensation.

We respectfully ask a committee of conference to the end that this matter may be more thoroughly and carefully considered in the light of public interest.

BUFFALO, ROCHESTER & PITTSBURG COMPANY,

A. G. Yates, President.

N. Y. C. & H. R. R. Co.

By Harris & Harris, Attorneys.

Received, filed and published.

By Ald. Reddington—Resolved, That the application of the New York Central and Hudson River Railroad company and the Buffalo, Rochester and Pittsburg Railroad company, for the appointment of a committee of conference in the matter of the Maple, Saxton and Silver streets crossing, be, and is granted; and that it be and hereby is referred to the railroad committee and to Alderman May and Alderman Kelly as the committee on behalf of this Council to confer with the railroad companies and all other persons interested, and to report thereon.

Ald. Tanner moved that the communication from the railroad companies be referred to the Railroad committee.

Lost.

The resolution was then adopted.

REPORTS OF STANDING COMMITTEES.

By Ald. Plumb—

LAW COMMITTEE REPORT.

To the Hon. Common Council:

Gentlemen:—Your Law committee begs leave to present the following report:

Your committee recommends the adoption of the proposed amendment to the peddlers' ordinance, presented to the Council and referred to the Law committee at the meeting of April 24th. The amendment provides that all licenses hereafter issued to peddlers shall expire on the thirty-first day of December next following the date of their issue and that the holders of such licenses shall not do business on Main street from the Erie canal to East avenue. The provision for the expiration of licenses on December 31st will greatly simplify the work of keeping the necessary records and will also assist in securing a more rigid enforcement of the ordinance with the result that the city's receipts from this source will be considerably augmented. There has been much complaint from business men regarding the presence of peddlers on the principal business street of the city and the exclusion of the peddlers from this street is intended to meet this objection.

The amendment to the ordinance relating to Public Vehicles presented at the last meeting and referred to your Law committee, is approved for the following reasons: There seems to be no sufficient reason why the cartmen and hackmen should be required to give a bond as required by the existing ordinance. The revenue law requires that a stamp costing fifty cents shall be affixed to each such bond. It is proper that persons who employ cartmen and hackmen shall assume any risk that may be incurred by reason of the loss or damage of the property transported. So far as your committee is informed recourse to the remedy provided by the bond has never been had in the history of the ordinance. It is the opinion of your committee that ample protection will be afforded the public by the requirement that all cartmen and hackmen

obtain a license and that each vehicle display the number assigned to it.

Respectfully submitted,

WILLIAM T. PLUMB,

CHAS. S. COOK,

WM. J. BAKER,

CHAS. H. JUDSON,

J. MILLER KELLY.

Law Committee.

Received, filed and published.

By Ald. Plumb—

AN ORDINANCE

To amend an ordinance entitled "An Ordinance Relating to Peddlers."

Be it ordained by the Common Council of the city of Rochester as follows:

Sec. 1. Section 2 of an ordinance entitled "An ordinance relating to peddlers" is hereby amended so as to read as follows:

Sec. 2. The Mayor of the city of Rochester may grant to any person a license to sell any provisions or merchandise at retail in any of the public streets or places, except Main street east, from State street to East avenue and Main street west, from State street to the Erie canal, or from house to house, within said city, upon the payment to the City Treasurer of the sum of five dollars; and for every vehicle more than one used in said business an additional sum of five dollars. Said license shall expire on the thirty-first day of December next following the date of its issue and shall not be transferred without the written consent of the Mayor.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Plumb—

AN ORDINANCE

To amend an ordinance entitled "An ordinance relating to public vehicles."

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. Section 2 of an ordinance entitled "An ordinance relating to public vehicles," is hereby amended so as to read as follows.

Sec. 2. The Mayor of said city may grant to any person a license to use any such vehicle as a public vehicle for the transportation of persons or personal property within said city upon the payment to the City Treasurer of the sum of one dollar. Said license shall expire on the thirty-first day of December next following the date of its issue.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Plumb—

LAW COMMITTEE REPORT.

To the Common Council of the City of Rochester:

Gentlemen—Your Law committee respectfully reports that it has considered the ordinance introduced at the meeting held

February 27, 1900, and referred to it, which gives to the Commissioner of Public Works power to expend money appropriated for his department, and your committee reports that it is in favor of the ordinance amended to give said commissioners power to expend such sums as may be necessary to conduct his department during the month of May.

Respectfully submitted,
 WILLIAM T. PLUMB,
 WILLIAM J. BAKER,
 CHAS. H. JUDSON,
 J. MILLER KELLY,
 CHARLES S. COOK, t
 Law Committee.

Received, filed and published.

By Ald. Plumb—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. The Commissioner of Public Works, subject to the provisions of chapter 182 of the laws of 1898, as amended by chapter 581 of the laws of 1899, and the other laws of this state, and the ordinances of the Common Council, has cognizance, direction and control of the construction, alteration, repair, care, cleaning, paving, flagging, lighting and improving streets, ways and sidewalks; of the construction, alteration and repair of all city buildings, and of all docks and bridges belonging to the city; of all public sewers and drains in the city; of the construction, maintenance, extension and repair of the city water works; and has care, superintendence and management of all grounds belonging to the city, except only the public parks, and the public school buildings.

Sec. 2. It is the duty of the Commissioner of Public Works to see that the city has an abundant supply of wholesome water for public and private use; to devise the plans and sources of water supply; to plan and supervise the distribution of water through the city; to protect it against contamination; to prescribe rules and regulations for its use, which when ratified and approved by the Common Council, shall have the same force and effect as an ordinance by the Common Council enacted.

Sec. 3. For the purpose above described, and for the purposes set forth in the statutes above referred to, the Commissioner of Public Works is hereby authorized to expend from the money appropriated for the use of his department such sums of money as may be necessary to run the same during the month of May, 1900.

Section 4. This ordinance shall take effect immediately.

Adopted by the following vote:
 Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Baker—

ASSESSMENT COMMITTEE REPORT.

Rochester, N. Y., May 8, 1900.

To the Hon. the Common Council of the City of Rochester:

Gentlemen:—Your Assessment committee begs leave to submit the following report:

In the matter of the petitions of Maria V. Richards, Charles T. Crouch & Son company, we recommend that the same be denied.

In the matter of the petitions of James M. Van De Linde and J. C. Lighthouse we

recommend that the same be granted as per the following ordinance.

Respectfully submitted,
 WM. J. BAKER, Chm.,
 W. H. MARSON,
 HENRY G. COOK,
 W. ERNST,
 WILLIAM T. PLUMB,
 Assessment Committee.

Received, filed and published.

By Ald. Baker—Resolved, That the petitions of Maria V. Richards and Charles T. Crouch & Son company be and the same are hereby denied.

Adopted.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That the personal tax for the year 1899 against James M. Van De Linde, of No. 68 Allen street, be and the same is hereby cancelled.

Sec. 2. That J. C. Lighthouse be allowed to pay the city taxes on lots 197 and 195, Rapids tract, west side Genesee Valley canal, and 196 and 194, East Mansion street, in the Rapids tract, for the years 1898 and 1899, by the payment of \$250.32 with interest thereon from the date of sales, at the rate of 6 per cent.; and upon such payment, within thirty days from the date of the passage of this ordinance, the City Treasurer is hereby authorized and directed to cancel said taxes and charge the difference between aforesaid amount and the original amount of said taxes to the erroneous assessment fund.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Marson—

LAMP COMMITTEE REPORT.

Rochester, N. Y., May 8, 1900.
 To the Honorable the Common Council:

Your Lamp committee, to whom were referred the various resolutions and petitions for the placing of lights, beg leave to recommend the placing of the following:

One arc light on Cortland street, back of the Lyceum theater.

One arc light on Lillian place, between Clinton avenue north and Gordon park.

One arc light corner of Edinburgh street and the west roadway of Plymouth park.

Respectfully submitted,

W. H. MARSON,
 FRANK A. WARD,
 CHARLES H. JUDSON,
 MILTON RACE,
 J. M. KELLY,

Lamp Committee.

Received, filed and published.

By Ald. Marson—Resolved, That the Commissioner of Public Works be, and he hereby is, authorized to have placed the lights recommended in the foregoing report of the Lamp committee.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Race—

WATER WORKS COMMITTEE REPORT.

To the Common Council of the City of Rochester, N. Y.:

Gentlemen:—Your Water Works committee at a meeting held May 7, 1900, determined by resolution duly adopted to make the following recommendations to the Common Council:

That the Commissioner of Public Works of the city of Rochester, N. Y., be authorized and directed to extend water mains in the following named streets at an estimated expense of \$13,000.

Fifth ward—Central avenue—Changing existing 6-in. domestic pipe to 16-in. between Clinton street, north, and Central avenue, in advance of proposed street improvement.

Fourteenth ward—Caroline street—From Clinton street, south to South Goodman street.

Fifteenth ward—Hague (formerly Moulson) street—From Lyell avenue to about 600 feet south.

Fifteenth ward—Hammill place—From Hague street to about 400 feet west.

Seventeenth ward—Frederick park—From 650 feet west of Hudson avenue to Thomas street.

Seventeenth ward—Joseph avenue—Placing 24-inch pipe at various points between Clifford street and Avenue D, in advance of proposed improvement.

Seventeenth ward—Avenue D—From Hudson avenue to North street.

Eighteenth ward—Breck (formerly Thompson) street—From former east of Palmer street to Barnum street.

Nineteenth ward—Elgin street (formerly Cottage park)—From Cottage street to Seward street.

Twentieth ward—Ames street—From 432 feet north of West avenue to E. R. & P. R. R.

And a sum of \$1,000 reserved for repairs and betterments of water works materials in streets under improvement during the season.

Respectfully submitted,
MILTON RACE,
HENRY G. COOK,
AUGUST J. MAY,
WM. J. BAKER,
CHRIS W. YOUNG,

Received, filed and published.

By Ald. Race—Be it ordained by the Common Council of the city of Rochester, N. Y., as follows:

The Commissioner of Public Works of the city of Rochester, N. Y., is hereby authorized and directed to extend water mains in the several streets recommended in the report of the Water Works committee, this day submitted to the Common Council, the cost thereof to be paid out of the fund appropriated for water pipe extensions in the tax levy for 1900.

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By Ald. C. S. Cook—

PUBLIC SAFETY COMMITTEE REPORT

To the Common Council:

Gentlemen:—The Commissioner of Public Safety has received requests from several banks and trust companies that he arrange for special telegraphic police alarm service connected with the Police Telegraph bureau.

Your committee has consulted with the Commissioner and we are agreed with him that the request is a proper one and that the granting thereof will afford the banks and trust companies an improved service without expense to the city.

Your committee therefore recommend the adoption of the following ordinance and ask unanimous consent for its adoption at this meeting.

CHAS. S. COOK,
MILTON RACE,
FRANK A. WARD,
J. MILLER KELLY,
Public Safety Committee.

By Ald. C. S. Cook—

Be it ordained by the Common Council of the city of Rochester as follows:

For the purpose of affording better police protection to the banks and financial institutions of the city, the Commissioner of Public Safety is authorized and empowered to arrange for the connection of special telegraphic police alarm service from the different banks and trust companies of the city to the Police Telegraph Bureau, and to operate the same in connection with the Police Telegraph bureau, without charge for such operation, provided that any such special telegraphic alarm from the banks and trust companies shall be furnished, erected and maintained free of any expense to the city, under the consent and the approval in writing of the Commissioner of Public Safety.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Judson—

BUILDING COMMITTEE REPORT.

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—In the matter of the petition of Sawyer estate, Mary A. Page, Vacuum Oil company, George B. Schoeffel, William Atkin, Jr., the N. Y. and Kentucky Co., James and Mary Clancy, F. G. Thon, Mary Drechler, R. H. Dukelow, Frederick H. Laeffler, Sarah E. Yates, St. Luke German Evangelical Lutheran Church, Mrs. E. G. Copeland, Union bank, E. H. Dukelow, John Mogridge, Elizabeth G. Mathews, Miss Mary Condon, Central bank, C. T. Ham Mfg. Co., John Mogridge, Church of the Reformation, Edwin L. Hawley, George and Katherine Barles, Henry C. Burke, John B. Schultes and wife, W. W. Dake, Asbury M. E. church, Frank A. Brownell, William Mathews, Basil Molinare, J. Werner, Leonard Van As, Anthony Switala, Barnet Sablowsky, John Keener, James S. Graham, Casper Meisenzhaf, Ernest J. Ribstein, Christian Boeyink, the Defender Photo Supply Co., Frederick W. Ross, C. T. Crouch & Son Co., William Bergan, Louis Ruppapert, J. G. Schmidt, Schaefer Bros., Thos. W. Finucane, N. W. Sobel, Rachel Feinberg, Henry Miller, Arthur E. Waters, Sebastian Weber, Minnie E. Phelps, Ira Casey, Chas. Weber and wife, Henry Herbst, Mary Webber, Alice J. Weller, J. W. Milliman, Mary A. Poppino, Vacuum Oil company, John Flaus, J. Wittman, Rosa May, Mrs. B. Royal, George C. Vogt, Peter Van Stallen, Emma J. Ashton, Joseph Wolf, Eliza J. Caldwell, Mary Mezgar, we recommend that the prayer of said petitioners be granted.

JAMES J. TANNER,
W. H. MARSON,
CHRIS W. YOUNG,
CHAS. S. COOK,
Building Committee.

Received, filed and published.

By Ald. Judson—Be it ordained by the Common Council of the city of Rochester as follows:

Sec. 1. That permission be and hereby is granted to the petitioners named in the foregoing report of the Building committee to erect buildings in accordance with their several petitions, providing that all work done pursuant to this authorization, shall conform in all respects to the facts set forth in the petitions of the applicants and to the plans and specifications submitted to the Fire Marshal and to the penal ordinances of the city of Rochester, entitled "An ordinance relating to buildings," and the Fire Marshal is hereby authorized to issue such permits.

Adopted by the following vote:
 Ayes—Aldermen Tracy, Callhan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Ernst, Judson, May—16.

ACTION UPON ORDINANCES FOR IMPROVEMENTS.

FIRST ORDINANCES.

CAMPBELL STREET SPRINKLING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling (Sec. 2) Campbell street.

Adopted.
 The Engineer submitted as such estimate, \$63.

By Ald. Beard—Be it ordained by the Common Council of the City of Rochester as follows:

That the following improvement is necessary, viz.:

The sprinkling of Campbell street (Sec. 2), from Ames street to Hague street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And, Whereas, The City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$63, which estimate is hereby approved,

Be it further ordained, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Campbell street, from Ames street to Hague street.

Adopted.

CLINTON AVENUE NORTH SPRINKLING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Clinton avenue north.

Adopted.
 The Engineer submitted as such estimate, \$207.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the following improvement is necessary, viz.:

The sprinkling of Clinton avenue north, from Main street east to the N. Y. C. and H. R. R. property, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And, Whereas, The City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$207, which estimate is hereby approved.

Be it further ordained, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Clinton avenue north, from Main street east to the N. Y. C. and H. R. R. property.

Adopted.

DENGLER STREET SPRINKLING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Dengler street.

Adopted.
 The Engineer submitted as such estimate, \$46.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the following improvement is necessary, viz.:

The sprinkling of Dengler street, from Brown street to Silver street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And whereas, The City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$46, which estimate is hereby approved.

Be it further ordained, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Dengler street, from Brown street to Silver street.

Adopted.

CLINTON AVENUE NORTH SEWER.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Clinton avenue north, from the sewer in Main street east to the sewer in Clinton avenue north, at Franklin street.

Adopted.
 The Engineer submitted as such estimate, \$9,000.

By Ald. Beard—Be it ordained by the Common Council of the City of Rochester as follows:

That the following improvement is necessary and should be made, viz.:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Clinton avenue north, from the sewer in Main street east to the sewer in Clinton avenue north at Franklin street.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also

street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals and water services to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$9,000, which being deemed reasonable, is hereby approved.

Be it further ordained, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Clinton avenue north, from Main street east to Franklin street.

Adopted.

AMES STREET SEWER.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Ames street, from a point near the N. Y. C. and H. R. R. R. to the sewer in Ames street north of Maple street, said connections to be temporary, pending the deepening of the sewer in Maple street.

Adopted.

The Engineer submitted as such estimate, \$2,600.

By Ald. Beard—Be it ordained by the Common Council of the City of Rochester as follows:

That the following improvement is necessary and should be made, viz.:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Ames street, from a point near the N. Y. C. and H. R. R. R. to the sewer in Ames street.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on ap-

peal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$2,600, which being deemed reasonable, is hereby approved.

Be it further ordained, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Ames street, from N. Y. C. and H. R. R. Road to Maple street; also one tier of lots and parcels of land on each side of O'Neil street, from Ames to Hague street; also the lands of the N. Y. C. and H. R. R. R. for 150 feet in depth on each side of Ames street.

Adopted.

CLIFFORD STREET ASPHALT PAVEMENT.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the City Engineer ascertain and report to this Council the expense of improving Clifford street.

Adopted.

The Engineer submitted as such estimate, \$56,000.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester, that the following improvement is necessary and should be made, viz.:

The improvement of Clifford street, from St. Paul street to Joseph avenue, by the construction of an asphalt pavement therein. Also the construction of a Medina stone curb six inches thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be 26 feet. The pavement shall extend to the street line at all intersecting streets and alleys, except where permanent improvements now exist at proper lines and grades. Also manholes as follows: At each end of the sewer; at all intersecting sewers and at such intermediate places as shall secure a manhole for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. All manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there are now no water services, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under Section 110 of the City Charter. Also crosswalks at all intersecting streets, and midway in all blocks exceeding 400 feet in length. Also the cleaning and repairing of so much of the main sewer as may be found necessary to restore it to its original condition.

Also the construction of a Portland cement walk 4 1-2 feet in width on each side of the street except where cement or flag-stone walks of the same width, or greater width, now exist, substantially as good as the new walk, which may be relaid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for 10 years.

The pavement and walks of intersecting streets shall be adjusted to the grade of the improvement.

The asphalt surface shall be composed of one of the standard mixtures laid in this city for the past five years, or any other asphalt mixture that has been laid in quantities of at least 3,000 square yards, and has worn well for a period of not less than three years.

And the City Engineer, under the direction of this council, having made an estimate of the whole expense thereof, and reported the same at \$56,000, which, being deemed reasonable, is hereby approved.

Ordained, further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Clifford street, from St. Paul street to Joseph avenue.

Adopted.

GALUSHA STREET ASPHALT PAVEMENT.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the City Engineer ascertain and report to this Council the expense of improving Galusha street.

Adopted.

The Engineer submitted as such estimate, \$12,000.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz:

The improvement of Galusha street, from Hart street to Lowell street, by the construction of an asphalt pavement therein.

Also the construction of a Medina stone curb six inches thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be twenty-six feet. The pavement shall extend to the street line at all intersecting streets and alleys, except where permanent improvements now exist at proper lines and grades. Also manholes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a manhole for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer connections, of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. All manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal, by the Commissioner of Public Safety, as provided by section 225 of the city charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there

is now no water service, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under section 110 of the city charter. Also cross-walks at all intersecting streets, and mid-way in all blocks exceeding 400 feet in length. Also the cleaning and repairing of so much of the main sewer as may be found necessary to restore it to its original condition.

Also the construction of a Portland cement walk 5 feet in width on each side of the street except where cement or flag-stone walks of the said width, or greater width, now exist, substantially as good as the new walk, which may be relaid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for ten years.

The pavement and walks of intersecting streets shall be adjusted to the grade of the improvement.

The asphalt surface shall be composed of one of the standard mixtures laid in this city for the past five years, or any other asphalt mixture that has been laid in quantities of at least three thousand square yards, and has worn well for a period of not less than three years.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$12,000, which, being deemed reasonable, is hereby approved.

Ordained, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Galusha street, from Hart street to Lowell street.

Adopted.

CEDAR STREET PLANK WALKS AND ROADWAY GRADING.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the City Engineer ascertain and report to this Council the expense of constructing plank walks on Cedar street and the grading of the roadway.

Adopted.

The Engineer submitted as such estimate, \$800.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz:

The construction of a pine plank walk, 4 feet 8 inches wide on each side of Cedar street, from Maple street to Campbell street, except where good walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment, also the necessary sidewalk grading and the grading of the roadway.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$800, which, being deemed reasonable, is hereby approved.

Ordained, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Cedar street, from Maple street to Campbell street.
Adopted.

ROCKLAND STREET PLANK WALK.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing plank walks on Rockland street.
Adopted.

The Engineer submitted as such estimate, \$140.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The construction of a pine plank walk, 4 feet wide, on the west side of Rockland street, from Clifton street to Penn street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$140, which, being deemed reasonable, is hereby approved.

Ordained, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the west side of Rockland street, from Clifton street to Penn street.

Adopted.

GLADYS STREET CEMENT WALKS.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing Portland cement walks on Gladys street (formerly Park row).
Adopted.

The Engineer submitted as such estimate, \$600.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester, that the following improvement is necessary and should be made, viz.:

The construction of a Portland cement walk, 4 feet wide on each side of Gladys street, from Avenue A to Nilsson street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$600, which, being deemed reasonable, is hereby approved.

Ordained, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Gladys street, from Avenue A to Nilsson street.

Adopted.

PARSELLS AVENUE CARE AND SEEDING.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester:

That the City Engineer ascertain and report to this Council the expense of seeding and care of the lawns on Parsells avenue, from Stout street to Culver road.

Adopted.

The Engineer submitted as such estimate, \$500.

By Ald. Beard—Ordained by the Common Council of the city of Rochester: That the following improvement is necessary and should be made, viz.:

Seeding the space between the walks and the curbs on each side of the street and between the center curbs in the center of the street; also the cleaning of said space of all rubbish and leaves and cutting the grass in said space at least once per week during the season of 1900, on Parsells avenue, from Stout street (formerly Leighton street) to Culver road.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$500, which being deemed reasonable, is hereby approved.

Ordained, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Parsells avenue, from Stout street to Culver road.

Adopted.

By the Clerk—

City Clerk's Office,

Rochester, N. Y., May 8, 1900.

To the Honorable the Common Council of the City of Rochester:

Gentlemen: I do hereby certify that a notice, such as is required by section 146 of the city charter, specifying each of the improvements contemplated by the following final ordinances, the estimated expenses thereof, the amount, if any, of such expenses to be paid from the public treasury, the portion or part of the city to be assessed for the remainder of the expenses and requiring all persons interested in the subject matter of the improvement to attend at the time appointed in such notice, was published daily for four days in two daily newspapers printed in this city, namely, the Rochester Post Express and the Rochester Union and Advertiser.

Respectfully submitted,

THEODORE S. PULVER,

City Clerk.

Received, filed and published.

FINAL ORDINANCES.

FINAL ORDINANCE, NO. 400.

SHERMAN STREET CEMENT WALKS.

The final ordinance for Sherman street cement walks was presented.

Ald. Kelly moved that the ordinance for Sherman street cement walks be so amended as to make the width of the walks four feet eight inches instead of five feet.

Adopted.

On motion of Ald. Beard the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct cement walks on Sherman street, from Lyell avenue to Emerson street (excepting that portion of the east side from Bauer street to Emerson street).

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a Portland cement walk, four feet eight inches wide on each side of Sherman street, from Lyell avenue to Emerson street, except where good flag or cement walks now exist substantially as good as the new walk, which may be re-laid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

(Excepting from the above that portion of the east side from Bauer street to Emerson street).

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$4,000, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Sherman street from Lyell avenue to Emerson street, except on the east side from Bauer street to Emerson street.

Adopted by the following vote:
Ayes—Alderman Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Kelly, Ernst, Mead, Judson, Tanner, May—19.

FINAL ORDINANCE, No. 401.

CONKEY AVENUE GRADING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to grade Conkey avenue, from avenue E to avenue D.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The grading of Conkey avenue for its full width from Avenue E to Avenue D; also the necessary crosswalks.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$400, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Conkey avenue from Avenue E to Avenue D.

Adopted by the following vote:
Ayes—Alderman Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Kelly, Ernst, Mead, Judson, Tanner, May—19.

FINAL ORDINANCE, NO. 402.

RAVINE AVENUE PINE PLANK WALKS.

The ordinance for pine plank walks on Ravine avenue was presented.

Ald. Baker moved that the ordinance be amended so that the description of the proposed improvement shall read as follows:

"The construction of a pine plank walk, 4-2-3 feet wide on the south side of Ravine avenue across the ravine; also the necessary sidewalk grading and hand railing across the ravine." Also that the description of the assessable territory read as follows:

"One tier of lots and parcels of land on the south side of Ravine avenue in front of which, the proposed walk is to be constructed."

Adopted.
On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct pine plank walks on Ravine avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a pine plank walk, 4-2-3 feet wide on the south side of Ravine avenue, across the ravine; also the necessary sidewalk grading and hand railing across the ravine.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$400, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the south side of Ravine avenue, in front of which the proposed walk is to be constructed.

Adopted by the following vote:
Ayes—Alderman Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Kelly, Ernst, Mead, Judson, Tanner, May—19.

FINAL ORDINANCE, NO. 403.

BOWEN STREET ASPHALT PAVEMENT

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to improve Bowen street, from East avenue to Park avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Bowen street, from East avenue to Park avenue, by the construction of an asphalt pavement therein.

Also the construction of a Medina stone curb six inches thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be 25 feet. The pavement shall extend to the street line of all intersecting streets and alleys except where permanent improve-

ments now exist at proper lines and grades. Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a manhole for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by Health Officer. All manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there is now no water services, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under section 110 of the City Charter. Also cross-walks at all intersecting streets and mid-way in all blocks exceeding 400 feet in length. Also the cleaning and repairing of so much of the main sewer as may be found necessary to restore it to its original condition. Also the repair and adjustment to grade of the present sidewalks, when necessary.

The pavement shall be guaranteed and kept in repair for 10 years.

The pavement and walks of intersecting streets shall be adjusted to the grade of the improvement.

The asphalt surface shall be composed of one of the standard mixtures laid in this city for the past five years, or any other asphalt mixture that has been laid in quantities of at least three thousand square yards, and has worn well for a period of not less than three years.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$8,600, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Bowen street, from East avenue to Park avenue.

Adopted by the following vote:

Ayes—Alderman Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Kelly, Ernst, Mead, Judson, Tanner, May—19.

FINAL ORDINANCE NO. 404.

SHERMAN STREET SWEEPING AND CLEANING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sweep and clean Sherman street, from Lyell avenue to Emerson street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that

the following improvement is necessary and should be made, to wit:

The sweeping, cleaning and disposition of the dirt collected on Sherman street, from Lyell avenue to Emerson street, during the season of 1900.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$463, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One-half to be paid by the city at large if the Board of Estimate and Apportionment so consent and advise, the remaining one-half to be assessed upon the following territory:

One tier of lots and parcels of land on each side of Sherman street, from Lyell avenue to Emerson street.

Adopted by the following vote:

Ayes—Alderman Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Kelly, Ernst, Mead, Judson, Tanner, May—19.

FINAL ORDINANCE, NO. 405.

LEXINGTON AVENUE SWEEPING AND CLEANING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sweep and clean Lexington avenue, from Lake avenue to Dewey avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The sweeping, cleaning and disposition of the dirt collected on Lexington avenue from Lake avenue to Dewey avenue during the season of 1900.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$272, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One-half to be paid by the city at large if the Board of Estimate and Apportionment so consent and advise, the remaining one-half to be assessed upon the following territory:

One tier of lots and parcels of land on each side of Lexington avenue, from Lake avenue to Dewey avenue.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Kelly, Ernst, Mead, Judson, Tanner, May—19.

FINAL ORDINANCE, NO. 406.

CHATHAM STREET SWEEPING AND CLEANING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in

relation to the improvement described in the following ordinance, viz.:

An ordinance to sweep and clean Chatham street, from Cumberland street to Baden street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The sweeping, cleaning and disposition of the dirt collected on Chatham street, from Cumberland street to Baden street, during the season of 1900.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$340, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One-half to be paid by the city at large if the Board of Estimate and Apportionment so consent and advise; the remaining one-half to be assessed upon the following territory:

One tier of lots and parcels of land on each side of Chatham street, from Cumberland street to Baden street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Kelly, Ernst, Mead, Judson, Tanner, May—19.

FINAL ORDINANCE, NO. 407.

HENION STREET SPRINKLING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle Henion street from West avenue to Clifton street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Henion street, from West avenue to Clifton street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$59, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Henion street, from West avenue to Clifton street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Kelly, Ernst, Mead, Judson, Tanner, May—19.

FINAL ORDINANCE, NO. 408.

KONDOLF STREET SPRINKLING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle Kondolf street from Child street to Whitney street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Kondolf street, from Child street to Whitney street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$46, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Kondolf street, from Child street to Whitney street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Kelly, Ernst, Mead, Judson, Tanner, May—19.

The ordinance for a sewer in Tracy street was presented, and after hearing allegations thereon, from all persons appearing it was, on motion of Ald. Plumb, referred to the committee on Streets and Sewers.

The ordinance for a sewer in Frederick park was presented, and after allegations thereon were heard from all persons appearing, it was, on motion of Ald. Mead, laid on the table until the meeting of June 5th.

The ordinance for a brick pavement in Ontario street was presented, and after allegations thereon were heard from all persons appearing, it was, on motion of Ald. Ernst, laid on the table until the meeting of June 5th.

The ordinance for Ames street sprinkling was presented, and on motion of Ald. May action thereon was indefinitely postponed.

The ordinance for a trap rock macadam improvement in Portland avenue was presented, and, on motion of Ald. Mead, action thereon was postponed until the next regular meeting.

By the Clerk—

City Clerk's Office,
Rochester, N. Y., May 8, 1900.

UNFINISHED BUSINESS.

To the Common Council:

Gentlemen—By resolution adopted April 24th this meeting was fixed as the time when a hearing would be given on the matter of the closing of Leighton avenue, from Palmer street to Barnum street, the Common Council having declared its intention to close said street, and due publica-

tion of the notice thereof having been made as required by the charter.

Respectfully submitted,
T. S. PULVER,
City Clerk.

Received, filed and published.

By Ald. Judson—Whereas, The owners of all the land fronting on Leighton avenue between Palmer street and Barnum street, have petitioned this council to discontinue and abandon that portion of said avenue between said streets, and,

Whereas, This Council did, by an ordinance passed April 24, 1900, declare its intention to close said Leighton avenue, from Barnum to Palmer streets, which ordinance has been duly published for ten days in the official newspapers of the city for the purpose of giving the notice required by section 143, of the Charter; therefore,

Be it ordained by the Common Council of the city of Rochester, as follows:

Section 1. That portion of Leighton avenue in the city of Rochester lying between Palmer and Barnum streets, be, and the same is hereby abandoned and discontinued as a public street.

Section 2. This ordinance shall take effect immediately.

Allegations were called for, and no person appearing, the ordinance was adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Kelly, Ernst, Mead, Judson, Tanner, May—19.

MISCELLANEOUS BUSINESS.

By Ald. Marson—Resolved, That the Common Council hereby challenges the Board of Supervisors to a baseball game to be played in June for the benefit of the Infants' Summer hospital.

Referred to Law committee.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester as follows:

That final ordinance No. 122 for the sprinkling of Glendale park be and the same hereby is repealed.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Ernst, Judson, May—16.

By Ald. Baker—Resolved, That the Rochester Gas and Electric company be, and hereby is, requested to place an arc electric light on Dewey avenue.

Referred to Lamp and Electric committee.

By Ald. Mead—Resolved, That the City Engineer be and hereby is requested to establish the sidewalk grade in front of the premises, No. 109 Alphonso street.

Adopted.

By Ald. Plumb—Be it ordained by the Common Council of the city of Rochester,

That that portion of Park avenue, from the east line of South Goodman street to Culver road, between the tracks, the rails of the tracks, and for two feet outside of the outside rails of the tracks of the Rochester Railway company requires paving and adjusting to grade, and that the said Railway company be, and hereby is, required to pave and put in permanent repair that portion of said Park avenue between the tracks, the rails of the tracks, and for two feet outside the outside rails of the tracks, within thirty days from the date of the serving of this notice, in accordance with the plans and specifications hereto attached, and in case of neglect of

said corporation to make such pavement or repairs after the expiration of said period of thirty days, the Commissioner of Public Works be, and hereby is, directed to make the same at the expense of said Railway company, and that the City Clerk be directed to notify the said Railway company of the adoption of this ordinance.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Ernst, Judson, May—16.

By Ald. Ernst—Resolved, That the City Engineer be, and hereby is, directed to prepare an ordinance for an asphalt pavement in Central park, from Portland avenue to North Union street.

Adopted.

Ald. Beard moved that the communication from the Commissioner of Public Works regarding the acceptance of dedicated streets be referred to the Public Improvement committee.

Adopted.

Ald. Casey moved that the ordinance for assessment of the cost of State street asphalt pavements, Nos. 6,693 and 6,727, be referred to the Streets and Sewers committee.

Adopted.

By Ald. Judson—Whereas, The house numbers on the buildings in the hereinafter named streets are in need of re-adjusting; now, therefore,

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. The City Engineer is hereby authorized and directed to renumber:

Wellington avenue.

Glenwood avenue.

Qualtrough street.

Lake avenue.

Sec. 2. The Commissioner of Public Works is hereby authorized and directed to notify all owners of buildings on the above named streets to renumber the same in accordance with the numbers assigned by the City Engineer, within ten days after receiving notice from said commissioner, and in case the owner omits to do so, then the said Commissioner of Public Works is hereby authorized and directed to renumber such building or buildings in accordance with section 20 of an ordinance relating to streets, passed May 11, 1897.

Sec. 3. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Ernst, Judson, May—16.

Adjourned.

THEODORE S. PULVER,
City Clerk.

In Common Council, May 22, 1900.

REGULAR MEETING.

Present—Hiram H. Edgerton, President of the Common Council, and

Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Mead, Tanner, May—18.

APPROVAL OF MINUTES.

The minutes of the meeting of May 8th were approved as published in the official sheets of proceedings.

RESOLUTIONS.

By Ald. Marson—Whereas, The new charter for the government of cities of the second class empowers the Common Council to enact ordinances for the government of the city and the management of its business, and also vests in the Common Council authority to investigate all city officers and departments; and,

Whereas, The possession of these powers entails upon the legislative branch of the city government a large degree of responsibility, making it the duty of the Common Council to take the initiative in the introduction of reformed methods of conducting the city's business; and,

Whereas, Present methods in the Departments of Finance and Public Works involve a large number of employees and a duplication of records; therefore,

Be it ordained: That this Council hereby determines to investigate the methods of the Departments of Finance and Public Works of the city of Rochester with the view of ascertaining if better methods of managing the business of those departments can be inaugurated; that such investigation be conducted by the Finance committee, with instructions to report its findings to this Council at the earliest possible date.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Tanner, May—17.

By Ald. C. S. Cook—Whereas, The certified list of employees in the Comptroller's office, filed with the City Clerk May 8, 1900, contains the names of Herman Cassebeer, record bookkeeper, salary \$1,020; and George H. Cummings, claim and voucher clerk, salary \$900, both appointed January 1, 1900; and,

Whereas, Neither of the above named employees was appointed from a civil service list of eligibles, and the Civil Service Commission withholds its approval of the payment of their salaries; therefore,

Be it ordained by the Common Council of the city of Rochester as follows:

That the Law committee of this Council be and hereby is instructed to investigate the matter of appointments in the Department of Finance for the purpose of ascertaining if the Civil Service law has been violated by the Comptroller in the appointment of his subordinates, and the question of the city's liability for the salaries of employees so appointed, and report thereon to this Council.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Tanner, May—17.

By Ald. C. S. Cook—Resolved, That all corporations maintaining overhead electric wires on Galusha street, between Hart street and Lowell street, be and hereby are requested to place said wires underground and that said work be performed in advance of the surface improvement about to be made in said street; also that all wooden poles be removed from said street.

Adopted.
By Ald. C. S. Cook—Resolved, That all corporations maintaining overhead electric wires on Hawkins street, between Oakman street and Scrantom street, be and are hereby requested to place said wires underground and that said work be performed in advance of the surface improvement about to be made in said street; also that all wooden poles be removed from said street.

Adopted.

By Ald. Beard—Resolved, That the City Engineer be and hereby is requested to establish the grade for cement walks at No. 33 Weger street.

Adopted.

By Ald. Baker—Resolved, That the City Treasurer be and he hereby is requested to report the cost of the following named improvements:

- Ord. No. Improvement.
- 7313—Bacon street sewer—three payments.
- 7325—Weddale way sewer—three payments.
- 7332—Barton street sewer—one payment.

Adopted.

By Ald. Baker—It is hereby ordained by the Common Council of the city of Rochester, that the assessors of the city of Rochester, be and they are hereby directed to prepare a new assessment roll for the Birr street improvement, No. 7,817, and report the same to this council for confirmation, within thirty days from the passage of this ordinance.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Mead, Tanner, May—18.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester that the Park Board be and hereby is empowered to care for and assume control of Lake View park in the Tenth ward; to do whatever is for the best interests of said park in the way of grass cutting, tree and shrub planting and pruning, grading etc.

Sec. 2. This ordinance shall take effect immediately.

On motion of Ald. Plumb referred to Committee on Public Safety.

By Ald. Parsons—Be it ordained by the Common Council of the city of Rochester as follows:

The Commissioner of Public Safety is authorized and empowered to appoint to membership in the fourth grade of the Police department, as special members, to be employed in the parks for such periods during the summer months as the public interest may require, any members of the former park police force deemed by him to be physically qualified to perform such duties.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Mead, Tanner, May—18.

By Ald. May—Resolved, That all corporations maintaining overhead electric wires on Ames street, between West avenue and Jay street, be and hereby are requested to place said wires underground, and that said work be performed in advance of the surface improvement about to be made in said street; also that all wooden poles be removed from said street.

Adopted.

PETITIONS AND REMONSTRANCES.

Also—Petitions of Otto R. Rohr, Mrs. N. Welsgerber and C. D. U. Hobbie for building permits. Referred to Building committee and Fire Marshal.

COMMUNICATIONS FROM CORPORATION OFFICERS, BOARDS AND DEPARTMENTS.

By the Clerk—

Department of Law,
May 22, 1900.

To the Hon. the Common Council:

Gentlemen—Pursuant to section 422 of chapter 182 of the laws of 1898, I beg leave to report that on the 27th day of April, 1900, in an action in the Municipal court of the city of Rochester, wherein Ermina L. Janes was plaintiff, and the city of Rochester was defendant, said plaintiff, represented by George E. Warner, Esq., her attorney, recovered a judgment against the city of Rochester for the sum of \$100.95 damages, and \$12.40 costs, amounting in the aggregate to \$113.35, which judgment bears interest from said 27th day of April, 1900, at the rate of 6 per cent. per annum; said judgment has become payable, and it is my opinion that the amount of it should be raised in the next levy of taxes.

Respectfully submitted,

P. M. FRENCH,
Corporation Counsel.

Received, filed and published.

By the Clerk—

Department of Public Safety,
May 18, 1900.

Theodore S. Pulver, Esq., City Clerk:

Dear Sir—Complying with the provisions of the police ordinance passed by the Common Council January 30, 1900, I file herewith a map of the police precincts and my written designation of the same as follows: The Central precinct, with station in the headquarters building, to be known as the First precinct.

The Second precinct, with station at South avenue, near Gregory street.

Tuesday, May 22.

402

The Third precinct, with station on University avenue, in the Culver building.
 The Fourth precinct, with station on Clinton avenue north, in the Searle building.
 And the Fifth precinct station at the corner of Lyell avenue and Moore street.

The precincts bounded as shown by the red lines on the map.

Very respectfully yours,
JAMES G. CUTLER,
 Commissioner of Public Safety.

Received, filed and published.

By the Clerk—

3919

Respectfully submitted,

JAMES JOHNSTON, Comptroller.

Received, filed and published.

By Ald. Beard—

Department of Public Works,
Bureau of Engineering,
May 22, 1900.

To the Hon. the Common Council of the City of Rochester:

Gentlemen:—Your honorable body adopted a general ordinance, relating to street numbers, on March 13, 1900. This ordinance provided that in case the owner of the property did not place the number required within ten days after notice to do so had been served upon him by the Commissioner of Public Works, that said commissioner was directed to place said number and charge the cost to the owner.

Upon consultation with the Corporation Counsel it was found that in case the owner neglected or refused to pay for said number it would be necessary for the commissioner to bring suit to collect the same. This method would be very annoying and troublesome in every respect. In order that the cost of said numbering might be collected without going to this trouble, it

is necessary that an ordinance be adopted. I have therefore submitted an ordinance covering some sixty-three streets which have been ordered to be numbered or re-numbered by the Common Council. The total estimated expense is \$1,000, of which sum \$200 is estimated as the general cost for advertising, printing, etc., and the balance, \$800, as the cost of the numbers to be charged to the property owners.

I would respectfully recommend the adoption of the ordinance.

Very truly yours,

E. A. FISHER,
City Engineer.

Received, filed and published.

By Ald. Parsons—

City of Rochester.
Executive Division.
Department of Public Safety,
May 22, 1900.

To the Honorable, the Common Council:
Gentlemen:—It has been customary for many years to hold an annual inspection and parade of the Police Department and an

annual parade of the Fire Department. The cost of this ceremony is small—not more than one hundred and fifty dollars. It is my purpose to hold a joint parade of these departments on the 5th of June, proximo, and while it may not be absolutely necessary, it seems to me to be entirely proper to request the passage of the accompanying ordinance, or something equivalent to it, signifying the approval of the Common Council of the continuance of this practice.

Trusting that you may be willing to take the action suggested, and that it will be agreeable to the members of the Council to attend the inspection, I am,

Very truly yours,

JAMES G. CUTLER,
Com'r of Public Safety.

Received, filed and published.

By Ald. Parsons—Be it enacted by the Common Council of the city of Rochester as follows:

The Commissioner of Public Safety is authorized and empowered to arrange for a joint parade of the Police and Fire Departments and provide for the necessary expenses, not to exceed one hundred and fifty dollars, incident thereto, provided that any such expense shall be paid out of the ordinary funds appropriated to the department.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Redding, Plumb, Parsons, Kelly, Ernst, Mead, Tanner, May—18.

By Ald. Parsons—

City of Rochester,
Executive Division,
Department of Public Safety,
May 22, 1900.

The Honorable, the Common Council:

Gentlemen:—I have the honor to transmit herewith a communication from the Health Officer on the subject of rabies in western New York and to recommend that the ordinance relating to pounds and stray animals needs careful consideration by a committee with a view to certain amendments suggested by the experience of Buffalo, or possibly by the enactment of an additional ordinance. If you are willing to refer the subject to the committee of Public Safety, I shall be glad to present for the consideration of that committee, at its convenience, the exact changes in the ordinance which I believe to be desirable and am

Very respectfully yours,

JAMES G. CUTLER,
Com'r of Public Safety.

Received, filed and published.

RABIES IN DOGS AND IN MAN IN THE VICINITY OF ROCHESTER.

Hon. James G. Cutler, Commissioner of Public Safety:

Sir:—I have the honor to report as follows: Dr. Thomas H. Killip, Inspector for the State Board of Health, notified me today of several hundred dogs with rabies which have been killed within the last few months in the western part of the state. These dogs were found in various towns and cities, among them Lockport, Niagara Falls, Buffalo, and numerous smaller towns in Erie county being affected. Later, the disease has been found in Scottsville and in Chill. These dogs have been infecting other animals, cats and cows, and in some places deer in the parks. A number of people have been bitten and attacked by the disease, and in Buffalo there have been four deaths in man from hydrophobia. The Buffalo authorities have taken the matter in hand,

and among other things have caused all dogs to be licensed and muzzled. Stray dogs have been impounded and killed. The cost of this infection of rabies in the city of Buffalo alone, for the care of dogs and for the treatment of those bitten has amounted to over \$10,000.00 in the past few months.

In view of these facts, and the oncoming hot weather, I respectfully recommend that those charged with the licensing and care of dogs be asked to use the utmost endeavor to secure the license of all the dogs owned and housed in the city of Rochester, and that stray dogs and cats, or dogs and cats found at large, be immediately impounded and destroyed.

I have the honor to be,

Yours respectfully,

G. W. GOLER,
Health Officer.

Received, filed and published and referred to committee on Public Safety.

City of Rochester,
Executive Division,
Department of Public Works,
Bureau of Engineering,
May 22, 1900.

To the Hon., the Common Council of the City of Rochester:

Gentlemen:—There are a large number of gas lamp posts not now in use, standing in various parts of the city. These are the property of the city. A portion of these posts are now being used as standards for street signs. I have been informed that in some cases after said posts have been taken up by the contractor they have been taken away by unknown persons for their private use. As there seems to be an idea prevalent that these posts are common property, I would recommend the adoption of the following resolution.

Respectfully,

E. A. FISHER,
City Engineer.

Received, filed and published.

By Ald. Marson—Resolved, That whenever any gas lamp posts that are the property of the city are removed by the Rochester Gas and Electric company, or by any other individual, firm or corporation, and provided said posts are not required for the uses of the city, that they be transported to, and stored in, the storage yards belonging to the city, and that no officer or employee of the city having knowledge of the removal of any lamp posts shall allow any posts to be taken from the streets unless as aforesaid, except by the consent of this Council.

Adopted.

By the Clerk—

Rochester, N. Y., May 22, 1900.
To the Common Council of the City of Rochester:

Gentlemen:—I herewith present my report, as sealer of weights and measures, for the months of January, February, March and April, showing that during said months I inspected and sealed 772 scales and 1701 measures.

Respectfully submitted,

GEORGE T. FOSTER,
City Sealer.

Received, filed and published.

By Ald. Baker—

City Clerk's Office,
Rochester, N. Y., May 22, 1900.

To the Common Council:

Gentlemen—The City Assessors have delivered to me the following assessment rolls, certified and verified as required by the charter:

- Ord. No. Improvement.
 7677—Brooks avenue Medina pavement.
 7834—Bartlett street asphalt pavement.
 7786—Brown street sewer.
 7727—Child street asphalt pavement.
 7722—Front street block stone pavement.
 7876—Lorimer street cement walk.
 7831—North Union street sewer cleaning.
 7767—Oriole street cement walk.
 6404—Raines park surfacing.
 7850—Stout street cement walk.
 7775—Schauman place cement walk.
 7717—Stone street Medina block pavement.
 Respectfully submitted,

THEODORE S. PULVER,
 City Clerk.

Received, filed and published.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That the assessments for the following named local improvements as set forth in the rolls for the same as reported to this Council by the City Clerk, as verified and certified by the City Assessors, be and the same hereby are in all things approved and confirmed:

- Ord. No. Improvement.
 7677—Brooks avenue Medina pavement.
 7834—Bartlett street asphalt pavement.
 7786—Brown street sewer.
 7727—Child street asphalt pavement.
 7722—Front street block stone pavement.
 7876—Lorimer street cement walk.
 7831—North Union street sewer cleaning.
 7767—Oriole street cement walk.
 6404—Raines park surfacing.
 7850—Stout street cement walk.
 7775—Schauman place cement walk.
 7717—Stone street Medina block pavement.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Tanner, May—17.

MISCELLANEOUS COMMUNICATIONS.

By the Clerk—

To the Honorable the Common Council of the city of Rochester:

Gentlemen—The undersigned, Mary Engler, respectfully states that she resides at No. 7 Chester street, Rochester, N. Y.; that on the morning of Sunday, April 22, 1900, your petitioner was returning from church, walking along the east sidewalk of Ames street in company with another person; that while she was passing in front of the store, 11 old number, 162 new number, Ames street, occupied by Joseph G. Miller as a dry goods store, the person so accompanying her stepped on a loose plank in said walk, causing same to rise and trip up your petitioner and she fell and sustained severe and permanent injuries; that she was rendered unconscious by the fall and her right arm was sprained and the bones at the wrist were fractured, and she also sustained other less serious injuries, all without any negligence on her part; that said sidewalk was out of repair and had been so out of repair for at least one week prior to the happening of the injuries complained of, and the city of Rochester had carelessly and negligently permitted said sidewalk to remain out of repair and a source of danger to the life and limbs of persons using the same.

Wherefore, your petitioner demands the sum of two thousand dollars (\$2,000) damages.

Her
 MARY X ENGLER.
 Mark.

By the Clerk—

In the matter of the bills of the Union and Advertiser company, for printing, etc., against the city of Rochester.

To the Common Council of the City of Rochester and to James Johnston, Comptroller of the City of Rochester:

Gentlemen—Please to take notice that the Union and Advertiser company hereby appeals to the Board of Estimate and Apportionment of the city of Rochester from the audit made by said James Johnston, as Comptroller, on the 15th day of May, 1900, of the bills or claims of the said Union and Advertiser company, through the Contingent fund, for printing prior to the first day of January, 1900, being claims number 1663 to 1661 inclusive, and claims number 1676, 1680 and 1681, amounting in the aggregate to \$1,865.97. Such appeal is taken from that part of the audit of said Comptroller, which affixes, or attempts to affix, conditions to the same, requiring said Union and Advertiser company to furnish five hundred copies of the proceedings of last year's Common Council, and one hundred and fifty copies of the proceedings of last year's Executive Board, properly indexed and suitably bound, or upon said company's giving satisfactory assurance that it will furnish the same within a reasonable time.

Said Union and Advertiser company also hereby appeals to the said Board of Estimate and Apportionment from the audit of said Comptroller, upon bills or claims of the said Union and Advertiser company for printing, through the Contingent fund, made by said Comptroller on the 12th day of May, 1900, as follows: Claims number 149 to 153 inclusive, 1362 and 1363, 1374 to 1376 inclusive, 1381 to 1384 inclusive, 1393 to 1397 inclusive, 1402 to 1408 inclusive, and claim number 251, through the Board of Education Contingent fund, and claim number 1428, through the Contingent fund, audited May 14, 1900, each of the said claims being for printing and publishing done by the said Union and Advertiser company since January 1, 1900.

Dated Rochester, N. Y., May 22, 1900.

UNION AND ADVERTISER CO.,

By W. J. Curtis, Secretary.

Foote & Havens, Attorneys for said Claimant, Union and Advertiser Company.

Received, filed and published.

By the Clerk—

To the Common Council of the City of Rochester, N. Y., and to James Johnston, Comptroller:

Please take notice, that The Post Express Printing Company is dissatisfied with the audit made of claims numbers 1365, 1368, 1369, 1370, 1371, 1372, 1373, 1377, 1378, 1379, 1380, 1387, 1388, 1389, 1390, 1391, 1392, 1398, 1399, 1400, 1401, 1409, 1410, 1411, 1412, 1413, 1414, 1415, 1416, and with the reduction made on each of said claims by the comptroller of the city of Rochester, and it hereby appeals to the Board of Estimate and Apportionment from the audit of each of said claims.

Dated May 15, 1900.

Yours, etc.,

THE POST EXPRESS PRINTING CO., by Perkins & Hays, its Attorneys.
 Received, filed and published.

By Ald. Baker—

ASSESSMENT COMMITTEE REPORT.

Rochester, N. Y., May 22, 1900.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—Your Assessment committee begs leave to submit the following report:

In the matter of the petitions of W. K. Barlow and F. B. Allen, we recommend that the same be granted as per the following ordinance.

Respectfully submitted,
WM. J. BAKER, Chm.,
WILLIAM T. PLUMB,
W. H. MARSON,
W. ERNST,
Assessment Committee.

Received, filed and published.

By Ald. Baker—

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That the personal tax for the year 1900 against W. K. Barlow be and the same is hereby cancelled.

Sec. 2. That F. B. Allen be allowed to pay the general city tax of 1893 on lot 82 east, 83 and 84, Manhattan Tract, Savannah street, amounting to \$99.46, sold March 23, 1894, by paying the same with interest thereon at the rate of six per cent. per annum from the date of sale, within thirty days from the passage of this ordinance, and upon such payment that said tax be cancelled.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Mead, Tanner, May—18.

By Ald. Marson—

LAMP COMMITTEE REPORT.

Rochester, N. Y., May 22, 1900.

To the Honorable the Common Council:

Your Lamp committee, to whom were referred the various resolutions and petitions for the placing of lights, beg leave to recommend the placing of the following:

One arc light corner of Rutland and Bidden alleys.

One arc light on Plymouth avenue, between Atkinson street and Adams street.

One arc light on University avenue in front of police precinct station.

One arc light on Plymouth avenue, between Brooks avenue and the entrance to Genesee Valley park.

One arc light on Hoitzer street.

One arc light corner of Seneca parkway and Riverside avenue.

One arc light corner of East avenue and Culver road.

One arc light on Council street, between Portland avenue and Miller street.

One arc light on Snyder street, opposite Arnett street.

One gas lamp in Sibley place.

Respectfully submitted,
W. H. MARSON,
MILTON RACE,
FRANK A. WARD,
J. MILLER KELLY,

Lamp Committee.

Received, filed and published.

By Ald. Marson—Resolved, That the Commissioner of Public Works be, and he hereby is, authorized to have placed the lights recommended in the foregoing report of the Lamp Committee.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Mead, Tanner, May—18.

By Ald. Parsons—

STREETS AND SEWERS COMMITTEE REPORT.

To the Common Council:

Gentlemen—Your committee on Streets and Sewers would respectfully report:

In the matter of the change of the name of Qualtrough street your committee finds that a majority of the owners of property on the street have petitioned to have the name changed to Linnett street and we therefore recommend the adoption of the necessary ordinance.

F. G. PARSONS,
WM. J. BAKER,
M. J. CALIHAN,
JAS. H. CASEY,
CHAS. S. COOK.

Received, filed and published.

By Ald. Parsons—Be it ordained by the Common Council of the city of Rochester:

That the name of Qualtrough street, from the Erie canal to Lexington avenue, be and hereby is changed to Linnett street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Mead, Tanner, May—18.

By Ald. Marson—

FINANCE COMMITTEE REPORT.

To the Honorable, the Common Council:

Gentlemen:—Your finance committee beg leave to recommend that the request of the Hemlock lake commission that \$15,000 be placed to its credit, to enable it to take advantage of contracts already made, and awaiting an appropriation for completion, be granted.

Respectfully submitted,
W. H. MARSON,
FRANK A. WARD,
JAMES J. TANNER,
W. H. TRACY,

Received, filed and published.

By Ald. Marson—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That the Comptroller be and he hereby is authorized and directed to issue the city's note for the sum of \$15,000, under the authority of chapter 1,018 of the laws of 1895, as amended by chapter 640 of the laws of 1899; said note to run for a period not exceeding eight (8) months, to be negotiated by the Comptroller, the avails thereof to be paid to the City Treasurer, and to be by him deposited in the banks to the credit of the Hemlock Lake Watershed fund; said note to be paid from the proceeds of Hemlock Lake Watershed bonds when sold, as provided by law.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Mead, Tanner, May—18.

By Ald. Marson—

FINANCE COMMITTEE REPORT.

To the Hon. Common Council of the City of Rochester:

Gentlemen:—Your finance committee begs leave to report that it has inquired into the facts set forth in the Comptroller's communication of May 8, 1900, relating to notes given to supply moneys represented by overdue and unpaid taxes; and your

committee recommends that moneys be borrowed in anticipation of the collection of said taxes, and that an ordinance be passed giving the necessary authority.

Dated, May 22, 1900.

Respectfully submitted
 W. H. MARSON,
 FRANK A. WARD,
 JAMES J. TANNER,
 W. H. TRACY.

Received, filed and published.

By Ald. Marson—Be it ordained by the Common Council of the city of Rochester as follows:

For the purpose of procuring money to meet the city's notes given to supply moneys represented by unpaid taxes in the year 1899 and previous years, the city shall borrow the sum of \$370,000, or so much thereof as may be necessary, and the city's notes or certificates of indebtedness aggregating not more than that sum, to be paid out of the moneys received as such taxes, signed by the Mayor and Treasurer and countersigned by the Comptroller, are hereby authorized, which certificates shall be issued for not less than par, shall bear a rate of interest not greater than six per cent., shall become due not later than January 22, 1901, and shall be negotiated by the Comptroller and the avails thereof shall be immediately paid to the City Treasurer, to be by him deposited in banks as required by law.

Adopted by the following vote:
 Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Mead, Tanner, May—18.

Ald. C. S. Cook stated that the Railroad committee had held a meeting for the consideration of the grade crossing improvement at Maple and other streets and requested further time for the preparation of a report, which was granted.

ACTION UPON IMPROVEMENT ORDINANCES.

FIRST ORDINANCES.

PLACING HOUSE NUMBERS ON STREETS.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of placing house numbers on the following named streets.

Adopted.
 The Engineer submitted as such estimate, \$1,000.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The numbering of the houses on the following named streets, in accordance with the "General ordinance relating to street numbers," and adopted by the Common Council March 13, 1900:

Andrews street, Atlantic avenue, Avenue A, Avenue D, Averill avenue, Baden street, Barnum street, Bay street, Bowen street, Brunswick street, Campbell street, Central park, Colvin street, Court street, Dewey avenue, Eddy street, Edinburgh street, Elba street, Exchange street, Fourth street, Garson avenue, Genesee street, Gilmore street, Glenwood avenue, Grand avenue, Gregory street, Hartford street, Hague street, Harvard street, Hawley street, Hayward avenue, Hebard street, Henrietta street, Hortense street, Lake avenue, Lewis street, Linden street, Linnett street, Lux street, Main street east, Masseth street, Melville street, Meng place, Merriman street, Morrill street, Murray street, North

Goodman street, Oak street, O'Neil street, Oxford street, Parsells avenue, Penn street, Pennsylvania avenue, River street, Rosedale street, Rutgers street, St. Stanislaus street, South avenue, University avenue, Weaver street, Webster avenue, Wellington avenue, Westminster road, Wooden street and Woodbury street.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$1,000, which, being deemed reasonable, is hereby approved.

Be it further ordained, upon condition that the Board of Estimate and Apportionment so consent and advise, that the expense for printing and serving notices be borne by the city at large, and properly ought to be assessed and charged against and upon the real and personal property liable to taxation in the city, said expense not to exceed the sum of \$200; and further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the balance of the expense thereof, not exceeding the sum of \$800, viz.:

One tier of lots and parcels of land on each side of Andrews street, Atlantic avenue, Avenue A, Avenue D, Averill avenue, Baden street, Barnum street, Bay street, Bowen street, Brunswick street, Campbell street, Central park, Colvin street, Court street, Dewey avenue, Eddy street, Edinburgh street, Elba street, Exchange street, Fourth street, Garson avenue, Genesee street, Gilmore street, Glenwood avenue, Grand avenue, Gregory street, Hartford street, Hague street, Harvard street, Hawley street, Hayward avenue, Hebard street, Henrietta street, Hortense street, Lake avenue, Lewis street, Linden street, Linnett street, Lux street, Main street east, Masseth street, Melville street, Meng place, Merriman street, Morrill street, Murray street, North Goodman street, Oak street, O'Neil street, Oxford street, Parsells avenue, Penn street, Pennsylvania avenue, River street, Rosedale street, Rutgers street, St. Stanislaus street, South avenue, University avenue, Weaver street, Webster avenue, Wellington avenue, Westminster road, Wooden street and Woodbury street, whereon buildings are located on which new numbers are placed in accordance with the ordinance relating thereto.

Adopted.

HAWKINS STREET SEWER.

By Ald. Beard—Be it ordained by the Common Council of the City of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Hawkins street, from a point 75 feet north of Oakman street to the sewer in Scrantom street.

Adopted.
 The Engineer submitted as such estimate, \$2,500.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the following improvement is necessary and should be made, viz.:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Hawkins street, from a

point 75 feet north of Oakman street to the sewer in Scrantom street.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$2,500, which, being deemed reasonable, is hereby approved.

Be it further ordained, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Hawkins street, from Oakman street to Scrantom street.

Adopted.

CLINTON AVENUE NORTH (SEC. 2) SPRINKLING.

By Ald. Beard—Resolved. That the City Engineer ascertain and report to this Council the expense of Sprinkling Clinton avenue north (Sec. 2).

Adopted.

The Engineer submitted as such estimate, \$249.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the following improvement is necessary, viz.:

The sprinkling of Clinton avenue north (Sec. 2), from Clifford street to Norton street, during the season of 1900.

Excepting therefrom such portion thereof as the Commissioner of Public Works deems advisable.

And, Whereas, The City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$249, which estimate is hereby approved.

Be it further ordained, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Clinton avenue north, from Clifford street to Norton street.

Adopted.

NORTH STREET SPRINKLING (SEC. 2.)

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling North street (Sec. 2.)

Adopted.

The Engineer submitted as such estimate, \$65.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary, viz.:

The sprinkling of North street (Sec. 2), from Clifford street to Bernard street, during the season of 1900; excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And, whereas, the City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$65, which estimate is hereby approved.

Be it further ordained, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of North street, from Clifford street to Bernard street.

Adopted.

BIRR STREET IMPROVEMENT.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of improving a portion of Birr street.

Adopted.

The Engineer submitted as such estimate, \$600.

By Ald. Beard—Be it ordained by the Common Council of the City of Rochester as follows:

That the following improvement is necessary and should be made, viz.:

The improvement of Birr street, at the crossing of Raines park, by the construction of a trap rock macadam pavement therein, with the necessary crosswalks and surface sewers.

And, The City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$600, which being deemed reasonable is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Birr street, from Lake avenue to Dewey avenue.

Adopted.

HAWKINS STREET IMPROVEMENT.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of improving Hawkins street.

Adopted.

The Engineer submitted as such estimate, \$7,500.

By Alderman Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement, is necessary and should be made, viz.:

The improvement of Hawkins street, from Scrantom street to Oakman street, by the construction of an asphalt pavement therein. Also the construction of a Medina stone curb six inches thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be 20 feet. The pavement shall extend to

the street line at all intersecting streets and alleys except where permanent improvements now exist at proper lines and grades.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a manhole for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer connections, of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. All manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal, by the Commissioner of Public Safety, as provided by section 225 of the City Charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there is now no water services, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under Section 110 of the City Charter. Also crosswalks at all intersecting streets, and midway in all blocks exceeding 400 feet in length. Also the cleaning and repairing of so much of the main sewer as may be found necessary to restore it to its original condition. Also the construction of a Portland cement walk four feet in width on each side of the street except where cement or flagstone walks of the said width, or greater width, now exist, substantially as good as the new walk, which may be relaid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for ten years.

The pavement and walks of intersecting streets shall be adjusted to the grade of the improvement.

The asphalt surface shall be composed of one of the standard mixtures laid in this city for the past five years, or any other asphalt mixture that has been laid in quantities of at least 3,000 square yards, and has worn well for a period of not less than three years.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$7,500, which being deemed reasonable, is hereby approved.

Ordained, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Hawkins street, from Scrantom street to Oakman street.

Adopted.

ELIZABETH STREET PORTLAND CEMENT WALKS.

By Ald. Beard—Be it ordained by the Common Council of the City of Rochester as follows: That the City Engineer ascertain and report to this Council the expense of constructing Portland cement walks on Elizabeth street.

Adopted.

The Engineer submitted as such estimate, \$1,800.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The construction of a Portland cement walk, 6 feet wide on each side of Elizabeth street, from Main street west to Allen street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading. The space between the walk and curb and walk and street line to be filled in with brick.

And, The City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$1,800, which, being deemed reasonable, is hereby approved.

Ordained, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Elizabeth street, from Main street west to Allen street.

Adopted.

WASHINGTON STREET PORTLAND CEMENT WALKS.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the City Engineer ascertain and report to this Council the expense of constructing Portland cement walks on Washington street.

Adopted.

The Engineer submitted as such estimate, \$1,800.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester, that the following improvement is necessary and should be made, viz.:

The construction of a Portland cement walk 6 feet wide on each side of Washington street, from Main street west to Allen street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading. The space between walk and curb and walk and street line to be filled in with brick.

And whereas, The City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$1,800, which, being deemed reasonable, is hereby approved.

Ordained, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Washington street, from Main street west to Allen street.

Adopted.

LAKE VIEW PARK CLEANING AND CARE.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of the cleaning and care of Lake View park.

Adopted.

The Engineer submitted as such estimate, \$400.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The care and cleaning of Lake View park, from Lake avenue to Dewey avenue, as follows:

Sweeping and cleaning the walks of all snow, ice, leaves and rubbish, cleaning the roadway and the removal of all grass, leaves and rubbish from the same. Snow to be ploughed off of walks before 7 a. m. and said walks thoroughly cleaned before 9 a. m.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$400, which, being deemed reasonable, is hereby approved.

Be it further ordained, upon condition that the Board of Estimate and Apportionment so consent and advise, that one-half the expense thereof be borne by the city at large, and properly ought to be assessed and charged against and upon the real and personal property liable to taxation in this city; and further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for one-half the expense thereof, viz.:

One tier of lots and parcels of land on each side of Lake View park, from Lake avenue to Dewey avenue.

Adopted.

By the Clerk—

City Clerk's Office,
Rochester, N. Y., May 22, 1900.
To the Honorable the Common Council of the City of Rochester:

Gentlemen:—I do hereby certify that a notice, such as is required by section 146 of the city charter, specifying each of the improvements contemplated by the following final ordinances, the estimated expenses thereof, the amount, if any, of such expenses to be paid from the public treasury, the portion or part of the city to be assessed for the remainder of the expenses and requiring all persons interested in the subject matter of the improvement to attend at the time appointed in such notice, was published daily for four days in two daily newspapers printed in this city, namely, the Rochester Post Express and the Rochester Union and Advertiser.

Respectfully submitted,
THEODORE S. PULVER,
City Clerk.

Received, filed and published.

FINAL ORDINANCES.

By Ald. Mead—The Common Council of the city of Rochester do ordain and determine:

That final ordinance No. 389 for an asphalt pavement on Joseph avenue, adopted April 24, 1900, be and the same hereby is in all things repealed.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Mead, Tanner, May—18.

On motion of Ald. Mead the Clerk was directed to notify the Board of Contract and Supply of the repeal of ordinance No. 389.

FINAL ORDINANCE, NO. 409.

CLIFFORD STREET ASPHALT IMPROVEMENT.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in

relation to the improvement described in the following ordinance, viz.:

An ordinance to improve Clifford street from St. Paul street to Joseph avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Clifford street, from St. Paul street to Joseph avenue, by the construction of an asphalt pavement therein.

Also the construction of a Medina stone curb six inches thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be 26 feet. The pavement shall extend to the street line of all intersecting streets and alleys except where permanent improvements now exist at proper lines and grades. Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a manhole for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by Health Officer. All manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the city charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there is now no water services, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under section 110 of the city charter. Also crosswalks at all intersecting streets and midway in all blocks exceeding 400 feet in length. Also the cleaning and repairing of so much of the main sewer as may be found necessary to restore it to its original condition.

Also the construction of a Portland cement walk $4\frac{1}{2}$ feet in width on each side of the street except where cement or flagstone walks of the same width, or greater width, now exist, substantially as good as the new walk, which may be relaid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for 10 years.

The pavement and walks of intersecting streets shall be adjusted to the grade of the improvement.

The asphalt surface shall be composed of one of the standard mixtures laid in this city for the past five years, or any other asphalt mixture that has been laid in quantities of at least three thousand square yards, and has worn well for a period of not less than three years.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$56,000, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Clifford street, from St. Paul street to Joseph avenue.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Mead, Tanner, May—18.

FINAL ORDINANCE, NO. 410.

CAMPBELL STREET SPRINKLING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle Campbell street (Sec. 2), from Ames street to Hague street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Campbell street (Sec. 2), from Ames street to Hague street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$63, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Campbell street, from Ames street to Hague street.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Mead, Tanner, May—18.

FINAL ORDINANCE, NO. 411.

CLINTON AVENUE NORTH SPRINKLING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle Clinton avenue north, from Main street east to the N. Y. C. & H. R. R. R. property.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Clinton avenue north, from Main street east to the N. Y. C. and H. R. R. R. property, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$207, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following por-

tion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Clinton avenue north, from Main street east to the N. Y. C. and H. R. R. R. property.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumo, Parsons, Kelly, Ernst, Mead, Tanner, May—18.

FINAL ORDINANCE, NO. 412.

DENGLER STREET SPRINKLING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle Dengler street from Brown street to Silver street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Dengler street, from Brown street to Silver street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$46, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Dengler street, from Brown street to Silver street.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Mead, Tanner, May—18.

FINAL ORDINANCE, NO. 413.

CEDAR STREET PLANK WALKS AND ROADWAY GRADING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct plank walks and grade Cedar street from Maple street to Campbell street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a pine plank walk, 4 feet 8 inches wide on each side of Cedar street, from Maple street to Campbell street, except where good walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment, also the necessary sidewalk grading and the grading of the roadway.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$800, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Cedar street, from Maple street to Campbell street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Mead, Tanner, May—18.

FINAL ORDINANCE, NO. 414.

ROCKLAND STREET PLANK WALK.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a plank walk on the west side of Rockland street, from Clifton street to Penn street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a pine plank walk, 4 feet wide, on the west side of Rockland street, from Clifton street to Penn street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$140, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the west side of Rockland street, from Clifton street to Penn street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Mead, Tanner, May—18.

FINAL ORDINANCE, NO. 415.

GLADYS STREET CEMENT WALKS.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct cement walks on Gladys street, from Avenue A to Nillson street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a Portland cement walk, 4 feet wide on each side of Gladys street, from Avenue A to Nillson street, except where good flag or cement walks

now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$600, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Gladys street, from Avenue A to Nillson street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Mead, Tanner, May—18.

The final ordinance for Portland avenue trap rock macadam improvement was presented and, on motion of Ald. Mead, action thereon was postponed until the next regular meeting.

The final ordinance for Galusha street asphalt pavement was presented and, after allegations thereon were heard from all persons appearing, it was, on motion of Ald. C. S. Cook, laid on the table until the next regular meeting.

The final ordinance for Parsells avenue care and seeding was presented, and after allegations thereon were heard from all persons appearing, it was, on motion of Ald. Ernst, laid on the table until the next regular meeting.

The final ordinance for a sewer in Clinton avenue north was presented, and after allegations thereon were heard from all persons appearing, action upon the ordinance was, on motion of Ald. C. S. Cook, indefinitely postponed; Ald. Cook having stated that the ordinance had been presented upon the advice of the City Engineer.

MISCELLANEOUS BUSINESS.

By Ald. Casey—Resolved, That the Rochester Gas and Electric company be and hereby is requested to place an arc electric light on Frank street between Bloss and Montrose street. Referred to Lamp and Electricity committee.

By Ald. Plumb—Whereas, The peace envoys sent to this country by the South African republics (the Orange Free State and the Transvaal), purpose to visit the several cities of the United States to plead with the liberty loving people of this country the justice of their cause; therefore be it

Resolved, That this Common Council tender to the peace envoys a cordial invitation to visit the city of Rochester and extend through them to the South African republics the assurance of the earnest sympathy of the people of this city in their unequal struggle for national existence; and it is further

Resolved, That the action of the Mayor in appointing a committee of citizens to make the necessary arrangements for the proper reception of the peace envoys is hereby approved.

Resolved, further, That the City Clerk be directed to forward to the peace envoys a copy of these resolutions.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Mead, Tanner, May—18.

By Ald. Plumb—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. The Commissioner of Public Works is hereby authorized to expend from the moneys appropriated for the use of his department such sums of money as may be necessary to run the department during the month of June, 1900.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Mead, Tanner, May—18.

By Ald. Tanner—Resolved, That the City Engineer be and hereby is requested to renumber Wooden street, from Clifton street to Frost avenue.

Adopted.

By Ald. Tanner—Be it ordained by the Common Council of the city of Rochester:

That that portion of Central park, from Portland avenue to Goodman street, between the tracks, the rails of the tracks, and for two feet outside of the outside rails of the tracks of the Rochester Railway company requires paving and adjusting to grade, and that the said Railway company be, and hereby is, required to pave and put in permanent repair that portion of said Central park between the tracks, the rails of the tracks, and for two feet outside the outside rails of the tracks, within thirty days from the date of the serving of this notice, in accordance with the plans and specifications hereto attached, and in case of neglect of said corporation to make such pavement or repairs after the expiration of said period of thirty days, the Commissioner of Public Works be, and hereby is, directed to make the same at the expense of said Railway company, and that the City Clerk be directed to notify the said Railway company of the adoption of this ordinance.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Mead, Tanner, May—18.

The President of the Common Council announced that he had been served with notice of an application for a writ of mandamus to compel the Common Council to show cause why it should not proceed to acquire the property needed for the opening of a street from Granger street to Central avenue or repeal the ordinance. Referred to Law committee and Corporation Counsel.

Adjourned.

THEODORE S. PULVER,
City Clerk.

In Common Council, June 5, 1900.

REGULAR MEETING.

Present—Hiram H. Edgerton, President of the Common Council, and

Aldermen Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

APPROVAL OF MINUTES.

The minutes of the meeting of May 22d were approved as published in the official sheets of proceedings.

RESOLUTIONS.

By Ald. Marson—Resolved, That the Rochester Gas and Electric company be, and it hereby is requested to construct subways in East avenue, from Brunswick street to Culver road; Ely street, from South Water street to South avenue; North street, from the N. Y. C. and H. R. R. to Draper street, and in Ravine avenue, from Lake avenue to Hastings avenue.

Adopted.

By Ald. Race—Resolved, That the Bell Telephone company, and all other corporations maintaining poles for overhead wires on Stone street, be and are hereby directed to place such wires underground and remove said poles within thirty days.

Adopted.

By Ald. Ward—Resolved, That the City Engineer establish the line and grade for a five-foot cement walk on the south side of Anderson avenue, from North Goodman street to Arlington street.

Adopted.

By Ald. Baker—Be it resolved by the Common Council of the city of Rochester that they hereby most highly commend the Hon. James G. Cutler, Commissioner of Public Safety of the city of Rochester, for the efficient and able manner in which he has acted in his official capacity since taking office. We also most highly commend the officers and privates of the Police department upon their general appearance and their ability in military maneuvers; and we further commend the appearance of the Fire and Police departments on the handsome appearance made by them in the parade of this afternoon.

Adopted.

By Ald. Baker—Whereas, The Chamber of Commerce of this city has arranged for an appropriate reception and welcome on June 15th to Major-General Elwell S. Otis, who by his distinguished services in two wars has brought fame and honor to his native city of Rochester; be it

Resolved, That as a mark of respect to General Otis and to permit the officials and employes of the city to participate in the ceremonies planned in his honor the heads of the several departments of the city government are hereby requested to close their offices on June 15th from 12 o'clock noon.

Adopted.

By Ald. Plumb—Resolved, That the Rochester Gas and Electric company and all other corporations maintaining overhead wires on Bowen street, between East avenue and Park avenue, be and they hereby are directed to place said wires underground in advance of the improvement about to be made.

Adopted.

PETITIONS AND REMONSTRANCES.

By Ald. Marson—Petition of Margaret Stolz for reduction of an assessment. Referred to Assessment committee.

By Ald. Race—Petition of an asphalt pavement in Oothout alley. Referred to City Engineer for an ordinance.

By Ald. C. S. Cook—Petition of John B. Klingler for a building permit. Referred to Building committee and Fire Marshal.

Also—Remonstrance against asphalt pavement and sewer in Hawkins street. Received and filed.

By Ald. Young—Petition of M. Filon estate for building permit. Referred to Building committee and Fire Marshal.

By Ald. Beard—Petition of Mrs. Caroline Hummel for a building permit. Referred to Building committee and Fire Marshal.

Also—Petitions of E. R. Elliott, Louis Schauman and John Fuhrman for building permits. Referred to Building committee and Fire Marshal.

By Aid. Casey—Petition of Rochester Stamping company for building permit. Referred to Building committee and Fire Marshal.

By Aid. Baker—Petition of F. C. Nellis for building permit. Referred to Building committee and Fire Marshal.

By Aid. Reddington—Petition of Mary J. Kavanagh for cancellation of personal tax. Referred to Assessment committee.

Also—Petition to have the name of Wahbe place changed to Vinewood place. Received and filed.

By Aid. Plumb—Petitions of John R. Taylor, Mary A. Wheeler and Julia E. Newton for building permits. Referred to Building committee and Fire Marshal.

Also—Petition for block stone pavement on Park avenue from Alexander street to Meigs street. Referred to City Engineer to prepare ordinance.

Also—Petitions of William Eastwood and Albert E. Eastwood for cancellation of personal taxes. Referred to Assessment committee.

By Aid. H. G. Cook—Petition for sprinkling Gregory street from South avenue to Clinton avenue. Referred to City Assessors and City Engineer.

By Aid. Parsons—Petitions of Alexander McWhorter, F. E. Wyatt for building permits. Referred to Building committee and Fire Marshal.

Also—Petition for sprinkling Bly street from Clinton avenue to 300 feet beyond Howard street. Referred to City Engineer for ordinance.

Also—Petition of John C. Gauntless for permission to redeem property sold for taxes. Referred to Assessment committee.

By Aid. Kelly—Petition of Martha Reynolds for building permit. Referred to Building committee and Fire Marshal.

Also—Petition of John Knapp for correction of an assessment for Jay street sewer

under ordinance 6428. Referred to Assessment committee.

By Aid. Ernst—Petition of M. L. Dukelow for building permit. Referred to Building committee and Fire Marshal.

Also—Petition for the abatement of a nuisance caused by the Wood Mosaic company. Referred to Commissioner of Public Safety.

By Aid. Mead—Petitions of S. C. Wilkin, Henry Theim, M. L. Hughes for building permits. Referred to Building committee and Fire Marshal.

Also—Petition for sprinkling Thomas street from Clifford street north. Referred to City Engineer for ordinance.

Also—Petition of Frances J. Densmore for reduction of an assessment for Boston court opening. Referred to Assessment committee.

By Aid. Judson—Petition for sprinkling Bay street from Third street to Fifth street. Referred to City Engineer for ordinance.

Also—Petition for sewer in Breck street. Referred to City Engineer for ordinance.

Also—Petition for sprinkling Chamberlain street from Hayward avenue to Garson avenue. Referred to City Engineer for ordinance.

Also—Petition of Jacob Wambach for permission to redeem property sold for taxes by paying said taxes with interest at 6 per cent. Referred to Assessment committee.

Also—Petitions of C. D. U. Hobbie, John Bachmann and R. H. Dukelow for building permits. Referred to Building committee and Fire Marshal.

By Aid. Tanner—Petition for an ordinance for cleaning snow from sidewalks on Kenwood, Wellington, Frost and other avenues and streets in Hawthorne terrace tract during winter of 1900-01. Referred to City Engineer for ordinance.

COMMUNICATIONS FROM OFFICERS, BOARDS AND DEPARTMENTS.

By the Clerk—

CLAIMS OF 1900.

Comptroller's Office,
Rochester, N. Y., May 19, 1900.

Respectfully submitted,

JAMES JOHNSTON, Comptroller.

Received, filed and published.

By the Clerk—

City of Rochester,
Department of Finance.
June 5, 1900.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—I was served with a certified copy of the ordinance passed by your honorable body May 8th, on the 25th of May, duly approved by the Mayor. This ordinance directed the Treasurer to obtain from the officials and employees a release or receipt in full for services during the month of May before the pay checks were issued.

Under the present arrangements, rightly or not, that is for you to decide, the comptroller has taken upon himself the duty of issuing the checks, both to employees and for payment of supplies, etc.

At the time the copy of the ordinance was given me, we were more than busy in the treasurer's office, all hands being obliged to work early and late. Many of the city employees were depending upon receiving their salary checks for the month of May in order to meet the payment of their taxes.

Under these circumstances, and having all I could possibly attend to without taking on any additional duties, I simply post-

poned any contention with the comptroller as to whose duty it is to issue the checks, writing him as follows (see inclosed copy of letter to him.)

I do not know that he complied with your request, but if he did not at this time, I think he would do so if he were notified direct, providing, of course, that you decide that he is the proper official to issue the pay checks to the employees.

Yours respectfully,
S. B. WILLIAMS,
Treasurer.

City of Rochester,
Department of Finance.
May 26, 1900.

Mr. James Johnston, Comptroller:

Dear Sir—The Common Council on May 8th passed an ordinance directing the treasurer to issue pay checks only to officials and employees who would sign a receipt in full releasing the city from any further payment for services rendered during the month.

A certified copy of this ordinance approved by the mayor, was served on me Friday P. M., May 25th. I had asked the corporation counsel some time ago for an opinion as to which official under the new

charter should issue pay checks. Until that opinion is received, or until the Common Council decides the question, I suppose that the ordinance applies equally to the comptroller as well as to the treasurer, viz.: that the party issuing the checks should obtain the release required.

If it were not for the fact that many of the employees are depending upon their salaries to meet the payment of their taxes, I would withhold my signature until the question is decided. I trust that you will see your way clear to comply with the council's request.

Very respectfully,
S. B. WILLIAMS,
Treasurer.

Received, filed and published and on motion of Ald. Beard referred to committee on Law.

By the Clerk—
City of Rochester,
Department of Public Works,
Bureau of Engineering,
June 2, 1900.

To the Hon., the Common Council of the City of Rochester:

Gentlemen—Final ordinance No. 7777, for the construction of cement walks along Flint street, was adopted during the year 1899 and walks laid in accordance with said ordinance. The work was fully completed with the exception of the walk in front of property belonging to a Mr. Nellis, at the corner of Flint street and Jefferson avenue. This walk could not then be completed, owing to the presence of a crusher in this lot that was being operated by the Warren-Scharf Asphalt Paving company, by an arrangement with Mr. Nellis. It was understood that Mr. Nellis would build this walk and pay the contractor directly for it, and thus avoid a delay in getting in the final estimate.

For some reason this work has not been done, and the walk should be completed without any further delay. I have therefore instructed the contractor for the work, Mr. Horace T. Oliver, to go on and complete this piece of walk.

I would respectfully request that the order directing the assessors to levy this assessment be reconsidered, and the matter be referred to the Commissioner of Public Works to make a re-certification of the cost.

Yours very respectfully,
E. A. FISHER,
City Engineer.

Received, filed and published.

By Ald. Tanner—Resolved, That the action of the Common Council on December 19, 1899, directing the Assessors to prepare an assessment roll for Flint street cement walks under final ordinance No. 7777, be and hereby is reconsidered; and be it further

Resolved, That the subject matter be referred back to the Commissioner of Public Works, who is hereby requested to re-certify the cost of constructing said walks to the City Treasurer, including the cost of constructing the walks omitted from the original certification.

Adopted.

By the Clerk—
City of Rochester,
Department of Public Works,
Bureau of Engineering,
June 5, 1900.

To the Hon. the Common Council of the City of Rochester:

Gentlemen—Your honorable body, on May 8, 1900, adopted an ordinance permitting the Powers Commercial Fire Proof

Building company to construct pipes in Pindell alley and State street for electrical wires and for steam heating purposes.

That ordinance provided that the work be performed under the supervision of the Commissioner of Public Works, in accordance with a map to be approved by the City Engineer. The Commissioner of Public Works and the City Engineer are advised by the Corporation Counsel that said ordinance is void, under Section 19 of the Charter, on the ground that its adoption was not unanimous.

As it therefore seems necessary that this matter should again come before your honorable body, before further action can be taken, I have deemed it proper to respectfully call your attention to two questions that have arisen with reference to the matter of subways in city streets:

First—With reference to electric subways. In March, 1892, a special committee of your honorable body, after visiting other cities of the country, made a report recommending that a subway be constructed in which all electrical conductors should be placed. It was deemed advisable that the city own such a subway, but as the city was not then prepared to expend the money necessary for that purpose, a contract was made with the Rochester Gas and Electric company by which it was provided that that company should construct subways containing ducts sufficient in number to accommodate all companies or individuals at any time desiring to conduct electric wires through the streets. The contract reserved to the city the right to purchase the subway at any time.

Since that time all parties desiring to conduct electricity where the subways exist, have been required by the city to place their wires in the ducts provided for that purpose by the Rochester Gas and Electric company. The policy adopted eight years ago, and since adhered to, was with a view to prevent the unnecessary tearing up of the streets.

Second—With reference to pipes for steam heating. As a permit for the laying of steam pipes in the city streets, for steam heating, may serve as a precedent for other and similar cases, it would seem desirable that some general regulations be adopted governing the granting of such permits.

In view of the foregoing, I respectfully suggest that such action be taken by your honorable body as may be necessary to bring the matter before a proper committee for investigation and report.

The Commissioner of Public Works concurs in the foregoing.

Very truly yours,

E. A. FISHER,
City Engineer.

Received, filed and published.

By Ald. Marson—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That the ordinance adopted by this Council on May 8, 1900, and found on page 387, current proceedings, granting permission to the Powers Commercial Fire Proof Building for the construction of pipes in Pindell Alley and State street, be and hereby is, reconsidered.

Section 2. And be it further ordained that the application for said permit be referred to the committee on Lamps and Electricity to investigate and report to this Council.

Adopted by the following vote:

Ayes—Aldermen Callhan, Marson, Race, C. S. Cook, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Kelly, Ernst, Mead, Judson, Tanner—16.

By Ald. Tanner—

The Builders' and Traders' Exchange,
27 Main Street East,
Rochester, N. Y., June 5, 1900.

To the Common Council of the City of Rochester:

Gentlemen—At a meeting of the board of directors of the Builders' and Traders' Exchange, held to-day, the following resolution was unanimously adopted: "Resolved, That the Builders' and Traders' Exchange earnestly recommend the adoption of the amendments to the building ordinances hereto attached."

FRED P. STALLMAN, Pres.
J. E. SUMMERHAYS, Sec'y.

By Ald. Tanner—

Building Committee of the Common Council of the City of Rochester, N. Y.:

Gentlemen—We the undersigned would make the following suggestions relative to the alteration of certain sections of the building ordinance relating to mill construction buildings.

We would recommend that section 6 of chapter 4 be amended to read: "All buildings over seventy-seven (77) feet in height, except churches and grain elevators, shall be fire-proof or mill construction," and that the portion of section 108 referring to elevators and stairways be amended to read as follows: "All elevator wells and stairways shall be entirely enclosed with incombustible material and all openings into same provided with standard fire-doors."

Providing such amendments are made, we would recommend that an additional section be inserted to the effect "that any building complying in all particulars with the requirements of mill construction, as laid down in the definition of such construction on page 16, and with sections 32, 33, and 108, as above amended, may be erected 95 feet in height, provided the exposed walls, containing windows, are built pier construction. All buildings of this class that exceed four (4) stories and basement must be equipped with an external stand-pipe with Siamese connections and openings at each floor."

Yours respectfully,
J. FOSTER WARNER,
J. H. GRANT,
LEON STERN,
CHARLES S. ELLIS,
FRED. P. STALLMAN,
H. H. EDGERTON,
J. V. ELWOOD.

Received, filed and published.

Fire Marshal's Office,
No. 46 City Hall,
Rochester, N. Y., June 5, 1900.

To the Honorable Common Council:

Gentlemen—I would recommend the adoption of the accompanying ordinance, amending the penal ordinance on buildings.

Experience in the last two years with said ordinance has proven it essentially necessary to owners and investors in manufacturing buildings, and I consider the same perfectly safe, as regards fire and accident, if properly constructed.

Very respectfully yours,
JOHN A. P. WALTER,
Fire Marshal.

Received, filed and published.

By Ald. Tanner—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. Section 6 of an ordinance relating to buildings, passed May 11, 1897, is hereby amended so as to read as follows:

All buildings over 77 feet in height, ex-

cepting churches and grain elevators, shall be fire-proof or mill construction.

Section 2. Section 108 of said ordinance relating to buildings, passed May 11, 1897, is hereby amended so as to read as follows:

Wooden posts used in buildings of mill construction shall not be of smaller sectional area than 100 square inches, except the posts on top stories, which shall not be of smaller sectional area than 64 square inches. All elevator wells and stairways shall be entirely enclosed with incombustible materials, and all openings into same provided with standard fire doors. If iron pillars, girders or beams are used in buildings of this class, they shall be protected as provided for fire-proof buildings; but the wooden posts, girders and joists need not be protected by fire-proof covering. The use of wood furring or wood laths shall not be permitted in buildings of this class. Any building complying in all particulars with the requirements of mill construction as laid down in the definition of such construction contained in sections 4, 32 and 33 of this ordinance, and with the provisions of this section, may be erected 95 feet in height, provided the exposed walls containing windows are built pier construction. All buildings of this class that exceed four stories and basement must be equipped with an external stand-pipe with Siamese connections and openings at each floor.

Section 3. This ordinance shall take effect immediately.

Ald. Tanner moved that rule 45 be suspended for this meeting. Adopted unanimously.

The above ordinance was then adopted by the following vote:

Ayes—Aldermen Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By the Clerk—

Law Department,
City of Rochester.

To the Honorable the Common Council of the city of Rochester:

Gentlemen—In the month of December, 1899, Balthasar Stock, through his attorney, Thomas D. Wilkin, commenced an action against the Executive Board of the city of Rochester to restrain them from letting a contract for improving Ames street, under the ordinances of the Common Council and pursuant to section 420 of the charter, and as Corporation Counsel of the city of Rochester and subject to the approval of the Board of Estimate and Apportionment, I have entered into an agreement with Mr. Thomas D. Wilkin, attorney for Balthasar Stock, for the settlement of said action, of which agreement the following is a copy:

Supreme court, Monroe county—Balthasar Stock, piff., against James L. Whalen, James Johnston and Oscar Knebel, individually and as composing the Executive Board of the city of Rochester, defts.

Pursuant to section 420 of chapter 132 of the laws of 1898, the subject matter of the above entitled action is hereby compromised and settled upon the following terms:

First—That the city of Rochester agrees to pay to the plaintiff or to his attorney for costs and disbursements of this action the sum of \$10.00.

Second—The above entitled action is discontinued without further costs for or against either party.

Third—This stipulation and agreement is made on the part of the Corporation Counsel of the city of Rochester, subject to the

written approval of the Board of Estimate and Apportionment of said city.

Dated May 14, 1900.

T. D. WILKIN,
Plaintiff's Attorney.

P. M. FRENCH,
Corporation Counsel,
Attorney for Defendant.

I consider the foregoing agreement to be for the best interest of the city of Rochester.

Dated May 24, 1900.

P. M. FRENCH,
Corporation Counsel.
Received, filed and published.

By Ald. Baker—

City Clerk's Office,
Rochester, N. Y., June 5, 1900.

7707—St. Paul street (Sec. 2) sweeping and cleaning.
7709—Oxford street sweeping and cleaning.
7718—Lexington avenue sweeping and cleaning.

Respectfully submitted,
THEODORE S. PULVER,
City Clerk.

Received, filed and published.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That the assessments for the following named local improvements as set forth in the rolls for the same as reported to this Council by the City Clerk, as verified and certified by the City Assessors, be and the same hereby are in all things approved and confirmed:

Ord. No. Improvement.
7774—Bowen street sewer.

- 7866—DuVal place sewer.
7796—Glencairn street sewer.
7793—Jennings street sewer.
7733—Pennsylvania avenue sewer.
7814—Rohr street sewer.
7339—Clifford street sewer cleaning.
7776—North Colvin street cement walks.
7296—Pierpont avenue walks.
7271—Chili avenue cement walks.
7724—Ames street sewer.
7680—Brown street sweeping and cleaning.
7665—Campbell street sweeping and cleaning.
7666—Child street sweeping and cleaning.
7683—Conkey avenue sweeping and cleaning.
7682—Evergreen street sweeping and cleaning.
7667—East Maple street sweeping and cleaning.
7668—King street sweeping and cleaning.
7669—Litchfield street sweeping and cleaning.
7670—Madison street sweeping and cleaning.
7671—Maple street sweeping and cleaning.
7672—Wellington, Warwick, Frost and Bronson avenues sweeping and cleaning.
7700—Hart avenue sweeping and cleaning.
7701—Scrantom street sweeping and cleaning.
7720—Gorham street sweeping and cleaning.
7702—Wildier street sweeping and cleaning.
7699—Chatham street sweeping and cleaning.
7698—South Goodman street sweeping and cleaning.
7681—North Goodman street sweeping and cleaning.
7712—St. Paul street (Sec. 1) sweeping and cleaning.
7707—St. Paul street (Sec. 2) sweeping and cleaning.
7709—Oxford street sweeping and cleaning.
7718—Lexington avenue sweeping and cleaning.

Allegations were called for on the above rolls and no person appearing the ordinance was adopted by the following vote: Ayes—Aldermen Cahlan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Kelly—

City of Rochester,
Department of Public Works,
May 26, 1900.

Ald. J. Miller Kelly:

Dear Sir—The property owners on Child street, between Jay street and Lyell avenue, have protested at the office of the Commissioner of Public Works, against the payment of an assessment for the sprinkling of said street during the summer of 1899; and an examination of the records shows the following state of facts:

The sprinkling contract was awarded April 3, 1899, and work begun April 12th. The work was ordered stopped on July 30th, or 15 weeks and 5 days from the date of the commencement thereof, for which he was paid the sum of \$4.80 per week, or \$74.74 for the time that he performed his work.

Now the contract for the improvement of the street was awarded May 31, 1899, and work was begun June 16, 1899; after which no sprinkling, according to the conditions existing, could have been done. It would therefore seem to follow that the contractor sprinkled the street only from April 12th to June 16th, which would be a term of 9 weeks and 2 days; and at the price fixed in the contract, he would be entitled to the sum of \$44.57.

So upon this state of facts, Mr. Edward Weilert was overpaid the difference between \$74.74 and \$44.57, or the sum of \$30.17; and if these facts can be established beyond any doubt, a rebate for that amount should be made upon the taxes of the owners of the property, and the contractor should be required to return said amount to the City Treasurer.

Respectfully,
J. HERBERT GRANT,
 Commissioner of Public Works.

Received, filed and published.

By Ald. Kelly—Whereas, Edward Weilert was awarded the sprinkling contract in the year 1899 for sprinkling Child street, from Lyell avenue to Jay street, at a contract price of \$4.80 per week, and the said Weilert has collected from the city of Rochester the sum of \$74.74 for 15 5-7 weeks' sprinkling; and

Whereas, A portion of said Child street was torn up for the purpose of paving said street and aforesaid contract was not fulfilled during the period of the 15 5-7 weeks, and the aforesaid Weilert has collected the full contract price for the 15 5-7 weeks, viz.: \$74.74, while as a matter of right he was only entitled to and earned \$44.57; and,

Whereas, The property owners of said Child street are assessed for sprinkling for the full contract price for 15 5-7 weeks, viz.: \$74.74 and erroneously assessed to the amount of the difference between \$74.74, the contract price for said 15 5-7 weeks, and \$44.57, the amount actually earned, viz.: \$30.17.

Now, therefore, be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That the property owners of Child street between Lyell avenue and Jay street be allowed to pay for sprinkling aforesaid Child street on a basis as if the city of Rochester paid for sprinkling said Child street between Lyell avenue and Jay street, for the year 1899, the sum of \$44.57; and upon the payment by the property owners to the City Treasurer of the amount on aforesaid basis, he hereby is authorized and directed to cancel their sprinkling tax for the year 1899; and he hereby is further authorized and directed to charge the amount of \$30.17, being the amount erroneously collected by said Weilert, to the erroneous assessment fund.

Section 2. That the aforesaid Edward Weilert, of 342 Jay street, Rochester, N. Y., is hereby directed and asked to pay into the city treasury the sum of \$30.17 within thirty days from the date of the passage of this ordinance; the said sum being the amount erroneously collected by him from the city of Rochester for sprinkling Child street between Lyell avenue and Jay street for the year 1899, and in default of said payment by aforesaid Weilert, the Corporation Counsel is hereby directed and authorized to take such legal steps against said Weilert for the collection of the said sum of \$30.17 as he may be advised.

On motion of Ald. Kelly referred to Assessment committee.

By Ald. Parsons—

City of Rochester,
 Department of Public Works,
 May 26, 1900.

Ald. Frank G. Parsons:

Dear Sir—The people on Benton street have protested to the Commissioner of Public Works against the payment of a tax for sprinkling section 2 of said street during the season of 1899.

An examination into the protest was made by the Department of Public Works, and

it was ascertained as a fact that while an ordinance was passed for the work, bids received, contract awarded and payment made upon the work according to contract, that as a matter of fact no sprinkling was done whatsoever on that street during the summer of 1899. The contractor, after his attention was called to the matter, has himself conceded that no work was done there, and that therefore he has been paid the sum of \$34.50 out of the treasury for which no equivalent has been rendered in the way of service.

It follows, therefore, that the people on this section of Benton street (Section No. 2), should be released from the payment of any assessment for the sprinkling of that street, and the contractor should be required to refund to the City Treasurer the amount of money so erroneously awarded to him.

Respectfully,
J. HERBERT GRANT,
 Commissioner of Public Works.

Received, filed and published.

By Ald. Parsons—Whereas, John Cunningham was awarded the sprinkling contract in the year 1899 for sprinkling Benton street, known as section 2, at a contract price of \$1.58 per week, and the said contractor has collected from the city of Rochester the amount of \$32.50; and

Whereas, Said section 2 of Benton street has not been sprinkled in the year 1899 and the property owners on said Benton street are assessed for the sprinkling of section 2 of said street, and erroneously assessed to the amount of \$32.50;

Now, therefore, be it ordained by the Common Council of the city of Rochester:

Section 1. That the sprinkling tax on section 2 of Benton street charged against the lot owners on said street within the aforesaid section 2, be cancelled by the City Treasurer, and said Treasurer is authorized to receive the taxes assessed against the lot owners in section 2 of said Benton street less said sprinkling tax, and give said lot owners a receipt for the payment in full of their respective taxes; and the Treasurer is further authorized and directed to charge the said sprinkling tax in section 2 of Benton street, amounting to \$32.50, to the erroneous assessment fund.

Sec. 2. That John Cunningham, the aforesaid sprinkling contractor of section 2 of Benton street, is hereby directed and asked to pay the City Treasurer the sum of \$32.50, within 30 days from the passage of this ordinance; the sum being the amount erroneously collected by him from the city of Rochester for sprinkling section 2 of Benton street for the year 1899; and in default of said payment by the aforesaid John Cunningham, the Corporation Counsel is hereby directed and authorized to take such legal steps against said Cunningham for the collection of the said sum of \$32.50 as he may be advised.

On motion of Ald. Parsons referred to the Assessment committee.

MISCELLANEOUS COMMUNICATIONS.

By Ald. Ward—

To the Hon. Common Council of the city of Rochester:

We respectfully request permission to the laying of a siding or switch track by the New York Central and Hudson River Railroad company across North Goodman street at a point about 155 feet south from the southwest corner of North Goodman and Circle streets so that access for cars may be had to the property on the west side of North Goodman street, upon which

it is proposed to erect a manufacturing building to be occupied by us.

The consent of contiguous property owners is herewith presented.

Very respectfully,
OCORR & RUGG CO.,

C. H. Rugg, Sec'y.

Dated, Rochester, N. Y., May 21, 1900.

GRANGER A. HOLLISTER.

We consent to the granting of the above application.

HOLLISTER LUMBER CO., LIMITED,

By H. C. Durand, Treas.

TRADERS' NATIONAL BANK,

Rochester, N. Y.

Henry C. Brewster, President.

Received, filed and published.

By Ald. Ward—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. The assent of the City of Rochester is hereby given to the New York Central and Hudson River Railroad company to construct a switch and lay a single track across North Goodman street, at right angles to said street, at a point 155 feet southerly from the southerly line of Circle street, measured along the westerly line of North Goodman street.

Sec. 2. This ordinance shall take effect immediately.

On motion of Ald. Ward referred to the Railroad committee.

By Ald. Casey—

Rochester, June 4, 1900.

To the Hon., the Common Council of the City of Rochester:

Gentlemen—The city officials talked with me last year in reference to purchasing my property on Front street. It adjoins the City building on the south and is 21 1-2 feet front and 88 feet deep. Everyone who looks at this property thinks it should be owned by the city, for in case of private parties erecting a building on it, it would be very difficult, if not impossible, to get the fire truck in and out of the City building.

Hoping you will give this matter your consideration, I remain,

Very respectfully,

PHILLIPP ERNST.

On motion of Ald. Casey referred to the Public Safety committee.

REPORTS OF STANDING COMMITTEES.

BUILDING COMMITTEE REPORT.

By Ald. Tanner—

To the Honorable the Common Council of the City of Rochester:

Gentlemen—In the matter of the petitions of Jacob Suter, 85 Ridgeway avenue; James T. Miller, 40 Savannah street; Jos. P. Meyer, 11 Anson place; Wm. JAMES J. TANNER,
W. H. MARSON,
CHARLES S. COOK,
MANLUS J. CALIHAN,
CHRIS. W. YOUNG,
Committee on Buildings.

Received, filed and published.

By Ald. Tanner—Be it ordained by the Common Council of the city of Rochester as follows:

Sec. 1. That permission be and hereby is granted to the petitioners named in the foregoing report of the Building committee to erect buildings in accordance with their several petitions, providing that all work done pursuant to this authorization, shall conform in all respects to the facts set forth in the petitions of the applicants and to the plans and specifications submitted to the Fire Marshal and to the penal ordinances of the city of Rochester, entitled "An ordinance relating to buildings," and the Fire Marshal is hereby authorized to issue such permits.

Adopted by the following vote:

Ayes—Aldermen Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Judson, May—18.

By Ald. Beard—

PUBLIC IMPROVEMENT COMMITTEE REPORT.

To the Common Council:

Gentlemen—Your Public Improvement committee report, to whom was referred the report of the commissioners appointed to appraise the value of lands to be taken for the widening of an alley from Upton park to Rundel park, under final ordinance No. 7,744, would respectfully report:

That your committee gave a hearing to the interested parties at which Mr. Sol Wile and others appeared for the improvement and argued in favor of the confirmation of the report of the commissioners. Mr. F. G. Beach and others appeared in opposition to the improvement and asked that the report of the commissioners be set aside. Your committee has viewed the locality of the proposed improvement, which is located in the Sixth ward, and has conferred with the representative of that ward in this council.

We find that at least three-fourths of the property owners to be assessed for the cost of the improvement are opposed to the confirmation of the report of the Commissioners of Appraisal on the ground that the awards are excessive. There is also so much criticism in relation to the assessment area as described in the ordinance.

Your committee would therefore recommend that the report of the Commissioners of Appraisal be set aside and that the ordinance be repealed.

Respectfully submitted,

WILLIAM S. BEARD,
W. H. MARSON,
CHARLES H. JUDSON,
J. M. REDDINGTON,
HENRY G. COOK,

Public Improvement Committee.

Received, filed and published.

By Ald. Beard—Resolved, That the report of the Commissioners of Appraisal on the matter of the widening of an alley from Upton park to Rundel park, under final ordinance No. 7,744, presented to this council at the meeting of March 27, 1900, appearing at page 314, current proceedings, be and the same hereby is set aside.

Adopted by the following vote:

Ayes—Aldermen Cahlan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

ACTION UPON IMPROVEMENT ORDINANCES.

FIRST ORDINANCES.

BLY STREET SPRINKLING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Bly street.

Adopted.

The Engineer submitted as such estimate, \$86.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary, viz:

The sprinkling of Bly street, from Clinton avenue south to 300 feet south of Howard street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And whereas, The City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$86, which estimate is hereby approved.

Be it further ordained, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Bly street, from Clinton avenue south to 300 feet south of Howard street.

Adopted.

CHAMBERLAIN STREET SPRINKLING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Chamberlain street.

Adopted.

The Engineer submitted as such estimate, \$24.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary, viz:

The sprinkling of Chamberlain street, from Hayward avenue to Garson avenue, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And whereas, The City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$24, which estimate is hereby approved.

Be it further ordained, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Chamberlain street, from Hayward avenue to Garson avenue.

Adopted.

TACOMA STREET SPRINKLING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Tacoma street.

Adopted.

The Engineer submitted as such estimate, \$97.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary, viz:

The sprinkling of Tacoma street, from Ravine avenue to Glenwood avenue; also from Lexington avenue to Driving Park avenue, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And whereas, The City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$97, which estimate is hereby approved.

Be it further ordained, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Tacoma street, from Ravine avenue to Glenwood avenue; also from Lexington avenue to Driving Park avenue. Adopted.

SOUTH GOODMAN STREET SPRINKLING (SEC. 2).

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling (Sec. 2) South Goodman street.

Adopted.

The Engineer submitted as such estimate, \$91.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary, viz:

The sprinkling of (Sec. 2) South Goodman street, from Clinton avenue south to 100 feet south of Benton street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And whereas, The City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$91, which estimate is hereby approved.

Be it further ordained, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of South Goodman street, from Clinton avenue south to 100 feet south of Benton street.

Adopted.

GREGORY STREET SPRINKLING (SEC. 2).

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Gregory street (Sec. 2).

Adopted.

The Engineer submitted as such estimate, \$110.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary, viz:

The sprinkling of Gregory street (Sec. 2), from South avenue to Clinton avenue south, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And whereas, The City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$110, which estimate is hereby approved.

Be it further ordained, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Gregory street, from South avenue to Clinton avenue south.

Adopted.

KUSSE STREET SEWER.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this council the expense of constructing a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Kusse street, from a point 20 feet west of the east end of Kusse street, to the sewer in Beaufort street.

Adopted.

The Engineer submitted as such estimate, \$1,100.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the following improvement is necessary and should be made, viz:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, from a point 20 feet west of the east end of Kusse street to the sewer in Beaufort street.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$1,100, which, being deemed reasonable, is hereby approved.

Be it further ordained, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Kusse street, from Field street to Beaufort street, as now opened and as proposed to be opened.

Adopted.

OAK STREET SEWER.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this council the expense of constructing a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Oak street, from the south end of the present sewer near Dean street, southerly about 150 feet.

Adopted.

The Engineer submitted as such estimate, \$400.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the following improvement is necessary and should be made, viz:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Oak street, from the south end of the present sewer near Dean street, southerly about 150 feet.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$400, which being deemed reasonable, is hereby approved.

Be it further ordained, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the east side of Oak street, from Dean street to Allen street, excepting lot No. 73, supposed to belong to George J. Cook.

Adopted.

PARSELLS AVENUE CARE AND SEEDING.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester: That the City Engineer ascertain and report to this Council the expense of seeding and care of the lawns on Parsells avenue, from Stout street to the Culver road.

Adopted.

The Engineer submitted as such estimate, \$500.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

Seeding the space between the walks and the curbs on each side of the street, except where the necessary seeding or sodding now exists; also the cleaning of said space of all rubbish and leaves, and cutting the grass in said space at least once per week during the season of 1900, on Parsells avenue, from Stout street to Culver road.

And, The City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$500, which being deemed reasonable is hereby approved.

Be it further ordained, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Parsells avenue, from Stout street to Culver road.

Adopted.

JONES SQUARE CEMENT WALKS.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester: That the City Engineer ascertain and report to this Council the expense of Portland cement walks on Jones square.

Adopted.

The Engineer submitted as such estimate, \$875.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The construction of a Portland cement walk, five (5) feet in width, across Jones Square, from Saratoga avenue to Frank street. Also the laying of a galvanized iron water pipe, three-fourths (3-4) of an inch in diameter in said square, from Jones avenue to the basin in the center of the aforesaid square.

And, The City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$875, which being deemed reasonable is hereby approved.

Be it further ordained, upon condition that the Board of Estimate and Apportionment so consent and advise, that the expense thereof be borne by the city at large, and properly to be assessed and charged against and upon the real and personal property liable to taxation in the city.

Adopted.

PENNSYLVANIA AVENUE CURB AND GRADING.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing Portland cement walks, curb and grading on Pennsylvania avenue.

Adopted.

The Engineer submitted as such estimate, \$2,300.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The construction of a Portland cement walk 5 feet wide on each side of Pennsylvania avenue, from Goodman street to Webster avenue, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading, roadway grading, 4 inch curb and crosswalks.

And, The City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$2,300, which, being deemed reasonable is hereby approved.

Ordained, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Pennsylvania avenue from Goodman street to Webster avenue.

Adopted.

CENTRAL AVENUE BLOCK STONE PAVEMENT.

By Ald. Beard—Resolved, That the City Engineer ascertain and separately report to this Council the expense of improving

Central avenue,; from bridge over Genesee river, to Clinton avenue north, as follows: (1st). That part thereof included within the space between lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with a block stone pavement; also the construction of a concrete foundation under said pavement and tracks, together with the necessary surface sewers in said tracks; (2d). The paving of that part thereof lying outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with a block stone pavement, and also the construction and repair of the necessary lot laterals, water services, curbing and sidewalks within the street lines; and (3d). The aggregate expense of improving all of the above described parts of said street.

Adopted.

The Engineer submitted as such estimate as aforesaid, \$8,500, for improving that part thereof included within the space between lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with a block stone pavement; also the construction of a concrete foundation under said pavement and tracks, together with the necessary surface sewers in said tracks; (2d), \$22,500 for improving that part thereof lying outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with a block stone pavement, including the construction and repair of the necessary lot laterals, water services, curbing and sidewalks within the street lines; and (3d), \$31,000, the aggregate estimated expense for improving all of the above described parts of said street.

Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The improvement of Central avenue, from bridge over Genesee river, to Clinton avenue north, as follows: (1st). That part thereof included within the space between lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with a block stone pavement, also the construction of a concrete foundation under said pavement and tracks, together with the necessary surface sewers in said tracks; (2d). That part thereof lying outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with a block stone pavement. Also the construction of a Medina stone curb six inches thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be generally the same as at present. The pavement shall extend to the street line at all intersecting streets and alleys, except where permanent improvements now exist at proper lines and grades. Also manholes as follows: At each end of the main sewers, at all intersecting sewers, and at such intermediate places as shall secure a manhole for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer connections, of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. All manholes, surface sewers, street and lot laterals for such improvement to be in number,

and dimensions approved by the Health Officer, or on appeal, by the Commissioner of Public Safety, as provided by Section 225 of the City Charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there are now no water services, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under Section 110 of the City Charter. Also crosswalks at all intersecting streets, and midway in all blocks exceeding 400 feet in length. Also the cleaning and repairing of so much of the main sewer as may be found necessary to restore it to its original condition.

Also the construction of a Portland cement walk or flag stone walk, from curb to street line, on each side of the street, except where cement or flag-stone walks of the said width now exist, substantially as good as the new walk, which may be relaid if not conforming to the proper grade or alignment, from St. Paul to Clinton avenue north.

The pavement shall be guaranteed and kept in repair for five (5) years.

The pavements and walks of intersecting streets shall be adjusted to the grade of the improvement. Also the construction of a main sewer of form and dimensions approved by the Health Officer, or on appeal, by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, from a point near St. Paul street to the sewer in Central avenue at Water street.

And the City Engineer, under the direction of this Council, having made estimates (1st). Of the expense of those portions of the improvement consisting of a block stone pavement between lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company; also the construction of a concrete foundation under said pavement and tracks, together with the necessary surface sewers in said tracks at \$8,500, and (2d) Also the paving of that part of said street lying outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with a block stone pavement; also the construction and repair of the necessary lot laterals, water services, curbing and sidewalks within the street lines, at \$22,500; and (3d). The aggregate estimated expense of all of said work at \$31,000, all of which being deemed reasonable, are hereby approved.

And whereas, The Rochester Railway company has been notified, pursuant to the provisions of Section 98 of Chapter 676 of the Laws of 1892, to pave between its tracks the rails of its tracks, and for two feet outside of the outside rails of its tracks, and has refused to make such pavement,

It is further ordained, that the whole expense of the work, consisting of a block stone pavement between lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company, and the construction of a concrete foundation under said pavement and tracks, together with the necessary surface sewers in said tracks, be charged to, and collected from, the Rochester Railway company; and the expense of the work on the remainder of the improvement, as above specified, is hereby directed to be assessed upon all of the following portion of the city, which this Council deems specially benefited by, and proper to be assessed for, such improvement, to wit:

One tier of lots and parcels of land on each side of Central avenue, from the Genesee river to Clinton avenue north.

Adopted.

By the Clerk—

City Clerk's Office,
Rochester, N. Y., June 5, 1900.

To the Honorable the Common Council of
the City of Rochester:

Gentlemen:—I do hereby certify that a notice, such as is required by section 146 of the city charter, specifying each of the improvements contemplated by the following final ordinances, the estimated expenses thereof, the amount, if any, of such expenses to be paid from the public treasury, the portion or part of the city to be assessed for the remainder of the expenses and requiring all persons interested in the subject matter of the improvement to attend at the time appointed in such notice, was published daily for four days in two daily newspapers printed in this city, namely, the Rochester Post Express and the Rochester Union and Advertiser.

Respectfully submitted,
THEODORE S. PULVER,
City Clerk.

Received, filed and published.

FINAL ORDINANCE, NO. 416.

AMES STREET SEWER.

On motion of Ald. Calihan the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a sewer in Ames street from a point near the N. Y. C. & H. R. R. to the sewer in Ames street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Ames street, from a point near the N. Y. C. & H. R. R. to the sewer in Ames street.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$2,600, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Ames street from a point near the N. Y. C. & H. R. R. to the sewer in Ames street.

Also one tier of lots and parcels of land on each side of O'Neil street from Ames street to Hague street. Also the lands of the N. Y. C. & H. R. R. for 150 feet in depth on each side of Ames street.

Adopted by the following vote:

Ayes—Aldermen Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

FINAL ORDINANCE, NO. 417.

NORTH STREET SPRINKLING (SEC. 2).

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle North street (Sec. 2) from Clifford street to Bernard street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of North street (Sec. 2) from Clifford street to Bernard street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$65, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of North street from Clifford street to Bernard street.

Adopted by the following vote:

Ayes—Aldermen Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

FINAL ORDINANCE, NO. 418.

HOUSE NUMBERING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to renumber houses on the following named streets.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The numbering of the houses on the following named streets, in accordance with the "General ordinance relating to street numbers," and adopted by the Common Council March 13, 1900:

Andrews street, Atlantic avenue, Avenue A, Avenue D, Averill avenue, Baden street, Barnum street, Bay street, Bowen street,

Brunswick street, Campbell street, Central park, Colvin street, Court street, Dewey avenue, Eddy street, Edinburgh street, Elba street, Exchange street, Fourth street, Garson avenue, Genesee street, Gilmore street, Glenwood avenue, Grand avenue, Gregory street, Hartford street, Hague street, Harvard street, Hawley street, Hayward avenue, Hebard street, Henrietta street, Hortense street, Lake avenue, Lewis street, Linden street, Linnett street, Lux street, Main street east, Masseth street, Melville street, Meng place, Merriman street, Morrill street, Murray street, North Goodman street, Oak street, O'Neil street, Oxford street, Parsells avenue, Penn street, Pennsylvania avenue, River street, Rosedale street, Rutgers street, St. Stanislaus street, South avenue, University avenue, Weaver street, Webster avenue, Wellington avenue, Westminster road, Wooden street and Woodbury street.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$1,000, which, being deemed reasonable is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

Two hundred dollars to be paid by the city at large if the Board of Estimate and Apportionment so consent and advise, the remainder of the expense to be assessed upon the following territory:

One tier of lots and parcels of land on each side of Andrews street, Atlantic avenue, Avenue A, Avenue D, Averill avenue, Baden street, Barnum street, Bay street, Bowen street, Brunswick street, Campbell street, Central park, Colvin street, Court street, Dewey avenue, Eddy street, Edinburgh street, Elba street, Exchange street, Fourth street, Garson avenue, Genesee street, Gilmore street, Glenwood avenue, Grand avenue, Gregory street, Hartford street, Hague street, Harvard street, Hawley street, Hayward avenue, Hebard street, Henrietta street, Hortense street, Lake avenue, Lewis street, Linden street, Linnett street, Lux street, Main street east, Masseth street, Melville street, Meng place, Merriman street, Morrill street, Murray street, North Goodman street, Oak street, O'Neil street, Oxford street, Parsells avenue, Penn street, Pennsylvania avenue, River street, Rosedale street, Rutgers street, St. Stanislaus street, South avenue, University avenue, Weaver street, Webster avenue, Wellington avenue, Westminster road, Wooden street and Woodbury street, whereon buildings are located on which new numbers are placed in accordance with the ordinance relating thereto.

Adopted by the following vote:

Ayes—Aldermen Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, H. G. Cook, Parsons, Kelly, Ernst, Meade, Judson, Tanner, May—18.

The final ordinance for sprinkling Clinton avenue North, section 2, was presented and, after allegations thereon were heard, was laid on the table until the next regular meeting, on motion of Ald. Mead.

The final ordinance for Birr street macadam pavement was presented and, after allegations thereon were heard, it was, on motion of Alderman Baker, laid on the table until the next regular meeting.

The final ordinance for a sewer in Hawkins and the final ordinance for an asphalt

pavement in Hawkins street were presented and, after allegations thereon were heard, the ordinances were, on motion of Ald. C. S. Cook, laid on the table until the next regular meeting.

The final ordinance for Elizabeth street cement walks and the final ordinance for Washington street cement walks were presented and, after allegations thereon were heard, the ordinances were, on motion of Ald. Kelly, (by request of Ald. Tracy) laid on the table until the next regular meeting.

The final ordinance for Galusha street asphalt pavement was presented and on motion of Ald. C. S. Cook was laid on the table until the next regular meeting.

The final ordinance for Portland avenue trap rock macadam pavement was presented and on motion of Ald. Mead was laid on the table until the next regular meeting.

The final ordinance for a sewer in Frederick Park was presented and on motion of Ald. Mead was laid on the table until the first regular meeting in July, 1900.

The final ordinance for a brick pavement on Ontario street was presented and on motion of Ald. Ernst was laid on the table until the next regular meeting.

The final ordinance for Parsells avenue seeding and care was presented and, on motion of Ald. Judson, action thereon was indefinitely postponed.

The final ordinance for Lake View park care and cleaning was presented and, on motion of Ald. Baker, action thereon was indefinitely postponed.

MISCELLANEOUS BUSINESS.

Ald. Beard moved that a committee of three members of the board be appointed to arrange for a ball game with members of the Board of Supervisors, the proceeds of the game to be given to the Infants' Summer Hospital. Adopted.

The chair appointed as such committee, Aldermen Beard, Young and Baker.

By Ald. Baker—The Corporation Counsel is hereby directed to report to this Council at the next meeting the results of his investigations made pursuant to the ordinance relating to the collection of any fines or penalties due the city on account of violations of Section 2 of the ordinance relating to street railroads; and the ordinance relating to the collection of any moneys due this city for any cause, said ordinances printed on pages 216 and 217 of the Council proceedings for 1900.

Adopted by the following vote:

Ayes—Aldermen Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Race—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. All hucksters, milkmen and peddlers are hereby required to present to the city sealer at No. 392 South Clinton street, Rochester, N. Y., between the hours of 9 a. m. and 1 p. m., in the six days commencing and including June 25, 1900, all measures and scales used by them, or carried upon all wagons used by them, for inspection and sealing.

Sec. 2. All hucksters shall hereafter carry upon their wagon one-half bushel, peck, and one-half peck measures, which within the previous six months have been sealed by the city sealer.

Sec. 3. Upon conviction of the violation of any of the provisions of this ordinance,

the license granted to such milkmen, hucksters or peddlers shall be revoked.

Sec. 4. This ordinance shall take effect immediately.

On motion of Ald. Beard, referred to the Law committee.

By Ald. Ward—Be it ordained by the Common Council of the city of Rochester as follows:

That final ordinance No. 7,744 for the widening of an alley extending from Rundel park to Upton park, passed May 9, 1899, be and the same hereby is in all things repealed.

Adopted by the following vote:

Ayes—Aldermen Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

Ald. Baker moved that the Committee on Public Safety be discharged from further consideration of the ordinance presented by him at the meeting of May 22d, appearing at page 400, current proceedings, empowering the Park Commission to take control of Lake View park.

Adopted.

Ald. Baker moved the adoption of the ordinance.

Lost by the following vote:

Ayes—Aldermen Calihan, Race, Casey, Baker, Kelly, Ernst, Mead.

Nays—Aldermen Marson, C. S. Cook, Ward, Young, Beard, Reddington, Plumb, H. G. Cook, Parsons, Tanner, May—11.

By Ald. Reddington—Resolved, That the City Engineer be, and hereby is, directed to report to this Council what is necessary to be done to relieve the property owners on West avenue, between Madison avenue and Canal street, from the overflow of the West avenue sewer, and to prepare the ordinance or ordinances necessary to accomplish said result.

Adopted.

By Ald. Plumb—Be it ordained by the Common Council of the city of Rochester as follows:

That final ordinance No. 403 for Bowen street asphalt pavement, be and the same hereby is repealed.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Plumb—Be it ordained by the Common Council of the city of Rochester as follows:

That the property owners on Bowen street, between East avenue and Park avenue, be granted permission to construct a pavement on said Bowen street between the limits mentioned in accordance with plans prepared by and under the supervision of the Commissioner of Public Works and the City Engineer.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Plumb—Whereas, The house numbers on the buildings in the following named streets are in need of re-adjustment; now, therefore,

Be it ordained by the Common Council of the city of Rochester as follows.

Section 1. The City Engineer is hereby authorized and directed to renumber: Williams street.

Sec. 2. The Commissioner of Public Works is hereby authorized and directed

to notify all owners of buildings on the above named streets to renumber the same in accordance with the numbers assigned by the City Engineer, within ten days after receiving notice from said commissioner, and in case the owner omits to do so, then the said Commissioner of Public Works is hereby authorized and directed to renumber such building or buildings in accordance with section 20 of an ordinance relating to streets, passed May 11, 1897.

Sec. 3. This ordinance shall take effect immediately.

On motion of Ald. Baker referred to Map and Survey committee.

By Ald. Judson—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That the ordinance passed May 22, 1900, by the Common Council of the city of Rochester, authorizing the borrowing of the sum of \$370,000 to meet the city's notes given to supply moneys represented by unpaid taxes in the year 1899 and previous years, and authorizing the issuance of the city's notes or certificates of indebtedness aggregating not more than that sum, for not less than par, to bear a rate of interest not greater than six per cent., and to become due not later than January 22, 1901, be and the same hereby is amended so as to read as follows:

Be it ordained by the city of Rochester as follows:

For the purpose of procuring money to meet the city's notes given to supply moneys represented by unpaid taxes in the year 1899 and previous years, the city shall borrow the sum of \$370,000, or so much thereof as may be necessary; and the city's notes or certificates of indebtedness aggregating not more than that sum to be paid out of the moneys received as such taxes, signed by the Mayor and Treasurer and countersigned by the Comptroller, are hereby authorized; which certificates shall be issued for not less than par, shall bear a rate of interest not greater than six per cent., shall run for a period not exceeding eight months, and become due not later than January 29th, 1901, and shall be negotiated by the Comptroller, and the avails thereof shall be immediately paid to the City Treasurer, to be by him deposited in banks as required by law.

Adopted by the following vote:

Ayes—Aldermen Calihan, Marson, Charles S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—17.

Adjourned.

THEODORE S. PULVER,
City Clerk.

In Common Council, June 19, 1900.

REGULAR MEETING.

Present—Hiram H. Edgerton, President of the Common Council, and Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, Parsons, Ernst, Mead, Judson, Tanner, May—17.

APPROVAL OF MINUTES.

The minutes of the meeting of June 5th, 1900, were approved as published in the official sheets of proceedings.

RESOLUTIONS.

By Ald. Young—Resolved, That the Rochester Gas and Electric company and all other corporations maintaining overhead wires in North street, from Main street to Nash street, be and hereby are directed to place said wires underground in advance of the improvement about to be made in said street and to remove all wooden poles.

Adopted.

By Ald. Baker—Resolved, That the Rochester Gas and Electric company be and hereby is requested to extend the underground conduit in Lake avenue from Driving park avenue to Augustine street.

Adopted.

By Ald. Parsons—Whereas, Repairs are required in the Medina block stone pavement on Main street, between Fitzhugh street and University avenue, also on State street, between Main street and Central avenue, and

Whereas, Said repairs cannot be definitely specified so as to let the work by contract, therefore

Be it ordained by the common council of the city of Rochester as follows:

That it is impracticable to procure the necessary repairs to the pavement on Main street, between Fitzhugh street and University avenue, and on State street, between Main street and Central avenue, by contract, the Commissioner of Public Works is hereby authorized and empowered, if the Board of Estimate and Apportionment unanimously concur, to make any necessary repairs to said pavement in such a manner as he may deem for the best interest of the city.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, Parsons, Ernst, Mead, Judson, Tanner, May—17

By Ald. Mead—Resolved, That the City Treasurer be and he hereby is requested to report the cost of North Clinton street asphalt improvement, Ord. No. 7273, on a basis of a ten payment roll.

Adopted.

By Ald. Mead—Resolved, That the City Engineer be and hereby is requested to establish the grade for cement walks in front of No. 62 Bernard street.

Adopted.

By Ald. May—Be it ordained by the Common Council of the city of Rochester:

Section 1. That the property owners assessed for Glencairn street sewer, ordinance No. 7796, be allowed two years from June 5, 1900, in which to pay their assessments with interest at 6 per cent. from the date of the confirmation of the assessment roll on payments deferred.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, Parsons, Ernst, Mead, Judson, Tanner, May—17.

By Ald. May—Resolved, That the Rochester Gas and Electric company be and hereby is requested to place an arc electric light on Algonquin terrace.

Referred to Lamp and Electricity committee and City Engineer.

PETITIONS AND REMONSTRANCES.

By Ald. Tracy—Petition of Merton E. Lewis, agent, for refund of tax. Referred to Assessment committee.

Respectfully submitted

JAMES JOHNSTON,
 Comptroller.

Received, filed and published.

By Ald. Judson—

Department of Finance,
 Comptroller's Office,
 City Hall Building,
 Rochester, N. Y., June 19, 1900.

To the Honorable the Common Council:

Gentlemen—There will be due on July 1st notes to the amount of \$140,000, issued under date of November 1st, last, to pay for street improvements between the tracks of the Rochester Railway company, for various streets. No provision was made in the tax levy for the payment of this improvement, or any portion of it. It is understood that

the Railway company denies liability, and that legal proceedings have been commenced for the purpose of determining the issue. Meanwhile the indebtedness will have to be carried along, and you are requested to furnish the necessary authority to issue the city's certificates of indebtedness to the amount of \$140,000 for a period not exceeding eight months, to expire not later than March 2, 1901, at a rate of interest not exceeding 6 per cent.

Respectfully submitted,

JAMES JOHNSTON,
 Comptroller.

Received, filed and published.

By Ald. Judson—Be it ordained by the Common Council of the city of Rochester as follows:

For the purpose of procuring money to meet the city's notes issued in November, 1899, to obtain moneys to pay for street improvements between the tracks of the Rochester Railway company on various streets, for which improvements the Rochester Railway company has not paid, the city shall borrow the sum of one hundred and forty thousand dollars (\$140,000), or so much thereof as may be necessary; and the city's notes or certificates of indebtedness aggregating not more than that sum, to be paid out of the moneys recovered from the Rochester Railway company therefor, signed by the Mayor and Treasurer and countersigned by the Comptroller, are hereby authorized; which certificates shall be issued for not less than par, shall bear a rate of interest not greater than six per cent., shall become due not later than March 2, 1901, and shall be negotiated by the Comptroller and the avails thereof shall be immediately paid to the City Treasurer to be by him deposited in banks as required by law.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, Parsons, Ernst, Mead, Judson, Tanner, May—17.

By Ald. Baker—

City Treasurer's Office,
Rochester, N. Y., June 19, 1900.

To the Hon. the Common Council:
Gentlemen—I hereby certify that the Executive Board and Corporation Counsel have notified me that the works or improvements authorized under ordinances hereinafter mentioned have been completed; that I have, pursuant to the provisions of the charter, ascertained the entire and aggregate expense of, and connected with the same respectively, including any interest that the city shall incur, or is entitled to for the use of its funds, and that the respective amounts thereof are as follows:

One Payment.

Ordinance and improvement.	Expense.
7732—Barton street sewer.....	\$320 06
6739—Palmer street widening.....	174 87
6838—Conkey avenue extension.....	9,717 18

Three Payments.

7313—Bacon street sewer.....	1,992 85
7328—Weddale Way sewer.....	1,453 90
6827—Dartmouth street brick imp't..	3,323 19

Ten Payments.

7183—Linden and Yale streets asphalt improvement	21,136 70
--	-----------

S. B. WILLIAMS,
Treasurer.

On motion of Ald. Baker referred to assessment committee to ascertain if amounts reported as the cost of above named improvements include proper interest charges.

By Ald. Baker—Whereas, The City Treasurer has reported the expense of Palmer street widening under ordinance No. 6739 at \$174.87 and the expense of Conkey avenue extension under final ordinance No. 6838 at \$9,717.18; now therefore

Be it ordained by the Common Council of the city of Rochester as follows:

That all persons interested in the matter of the assessments for the aforesaid improvements under ordinances No. 6739 and 6838 be heard in relation thereto at the next

regular meeting of the Common Council appointed to be held at the Common Council chamber at 7.30 p. m., July 3, 1900, and that the clerk cause to be published a notice of said hearing as required by law.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, Parsons, Ernst, Mead, Judson, Tanner, May—17.

By Ald. Parsons—

City of Rochester,
Department of Public Works,
June 14, 1900.

To the Hon. the Common Council of the City of Rochester:

Gentlemen—As you are doubtless aware, the earth filling under the pavement at the west end of Platt street bridge, on Friday last, suddenly slid under the abutment of said bridge into the river, probably owing to the failure of an old mill wall at the east end of the tail race that was filled with earth and stones at the time Platt street bridge was built.

This sudden accident has closed Platt street to all travel, and the Department of Public Works is now at work repairing it as rapidly as possible.

As the necessary labor and material will exceed \$50, and as it is impracticable to do this work by contract, the unanimous consent of your Honorable Body, and that of the Board of Estimate and Apportionment, is asked, authorizing me to incur the necessary expense to make the repairs.

Very truly yours,

J. HERBERT GRANT,
Commissioner of Public Works.

Received, filed and published.

By Ald. Parsons—Whereas, The roadway at the westerly end of Platt street bridge has caved in, resulting in closing the street to all travel, and

Whereas, It is desirable that the repairs should be completed as soon as possible, so that the public may have the use of the roadway; therefore

Be it ordained by the Common Council of the city of Rochester as follows:

That it is impracticable to procure the necessary repairs to the westerly approach of Platt street bridge by contract, and the Commissioner of Public Works is hereby authorized and empowered, if the Board of Estimate and Apportionment unaniously concur, to make any necessary repairs to said approach as he may deem for the best interests of the city.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, Parsons, Ernst, Mead, Judson, Tanner, May—17.

By Ald. Judson—

City of Rochester,
Department of Public Works,
June 14, 1900.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—Your Honorable Body, on March 27th of the current year, approved and confirmed the report, on recommendation of the Finance Committee, on the tax budget, as submitted by the Board of Estimate and Apportionment.

The report thus confirmed contained an item of \$930 in the appropriation for the expenses of the General office of the Department of Public Works for telephone and contingencies.

I ask the unanimous consent of your body to pay from the item thus appropriated an amount not to exceed \$500, to pay bills presented by the Memorial committee of the

Grand Army of the Republic, incurred by it for the celebration of Memorial day.

Very truly yours,
J. HERBERT GRANT,
 Commissioner of Public Works.

Received, filed and published.

By Ald. Judson—Whereas, The tax budget, as submitted by the Board of Estimate and Apportionment, contained an item of expense for Memorial day in the Contingent expenses of the general office of the Department of Public Works, and,

Whereas, Bills amounting to less than \$500 have been submitted to the Commissioner of Public Works for payment; therefore,

Section 1. Be it ordained that the Commissioner of Public Works is hereby authorized to expend a sum not exceeding \$500 in payment of the expenses incurred for the observance of Memorial Day.

Sec. 2. This Council hereby determines that it was impracticable to procure the necessary material and labor for the observance of said Memorial Day by contract, and the Commissioner of Public Works is hereby authorized and empowered, if the Board of Estimate and Apportionment unanimously concur, to pay bills presented by the Memorial committee of the Grand Army of the Republic incurred by it for the observance of Memorial Day, otherwise than by contract.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, Parsons, Ernst, Mead, Judson, Tanner, May—17.

By Ald. Cook—
 City of Rochester,
 Department of Public Works,
 Bureau of Engineering,
 June 19, 1900.

To the Hon., the Common Council of the City of Rochester:

Gentlemen—The New York Central and H. R. R. Co. is rebuilding all overhead bridges crossing streets within the city limits, and also repairing and rebuilding portions of the masonry. Your Honorable body, on February 27th, adopted a resolution requesting the New York Central and H. R. R. Company to construct watertight concrete floors on all its bridges over public streets, sidewalks and thoroughfares in the city of Rochester. Said company has filed with the Commissioner of Public Works detailed plans showing the proposed construction of the overhead bridges. It also has filed a general plan showing all the work which it proposes to do within the city limits. The said plans have been referred to the City Engineer.

I would respectfully recommend that this matter be referred to the Railroad committee to see whether said plans, in their judgment, fully comply with the resolution referred to, and also for such other recommendations or report to this Council on said work as they may see fit to make.

Very truly yours,
E. A. FISHER,
 City Engineer.

Received, filed and published.
 By Ald. C. S. Cook—Resolved, That the matter referred to by the City Engineer in his communication, with reference to the overhead bridges of the New York Central and H. R. R. Co., be referred to the Railroad committee and the City Engineer.
 Adopted.

By the Clerk—

City of Rochester,
 Department of Public Safety,

June 19, 1900.

To the Honorable, the Common Council:
 Gentlemen—I have the honor to recommend that the ordinance relating to peddling be amended so as to provide for the exclusion of peddlers on West Main street from the intersection of Main and State to the canal; on State street from the intersection of Main and State to Central avenue; on Exchange street from the intersection of Main and State to the canal bridge; on East Main street from the intersection of Main and State to Gibbs street; and on East avenue from its intersection with Main street to Gibbs street; and on all intersecting streets for a distance of two hundred feet from State street, Main street and East avenue.

Very respectfully yours,
JAMES G. CUTLER,
 Com'r of Public Safety.

On motion of Ald. Judson referred to Law committee.

By the Clerk—

Department of Finance,
 Comptroller's Office,
 City Hall Building,
 Rochester, N. Y., June 12, 1900.

Respectfully submitted,

JAMES JOHNSTON,
Comptroller.

Received, filed and published.

By Ald. Ernst—

City of Rochester,
Department of Public Safety,
June 7, 1900.

The Honorable, the Common Council:

Gentlemen—The enclosed petition of residents and taxpayers with reference to an alleged nuisance made by the Wood Mosaic company was originally presented to me and returned to the signers with a letter, a copy of which I enclose herein. As you will see, it calls attention to the fact that there is no city ordinance at present covering such cases.

Very respectfully yours,
JAMES G. CUTLER,
Com'r of Public Safety.

On motion of Ald. Ernst referred to committee on Public Safety.

By the clerk—

Office of
George T. Foster,
City Sealer.

To the Honorable Common Council of the City of Rochester:

Gentlemen—I herewith submit my report of scales and measures sealed and examined by me as sealer of weights and measures, dating from my previous report.

Respectfully,
GEORGE T. FOSTER,
City Sealer.

Received, filed and published.

REPORTS OF STANDING COMMITTEES.

By Ald. Baker—

ASSESSMENT COMMITTEE REPORT.

Rochester, N. Y., June 19, 1900.

To the Hon. the Common Council of the City of Rochester:

Gentlemen:—Your Assessment committee begs leave to submit the following report:

In the matter of the petitions of Lorraine Hopkins, Jacob Wambach, John C. Gauntless, R. H. Miller, Marvin A. Culver, Charles Priem, Genesee Paper Co. and Theodore H. Ferner, we recommend that the same be granted as per following ordinance.

Your Assessment committee begs leave to further report that they have considered the ordinance introduced by Ald. Kelly on June 5, 1900, and referred to this committee by your honorable body, in reference to sprinkling Child street from Lyell avenue to Jay street by Edward Weilert; and after due consideration we recommend that the following ordinance referred to be passed by your honorable body.

Respectfully submitted,
WM. J. BAKER, Chm.,
W. H. MARSON,
WILLIAM T. PLUMB,
W. ERNST,
Assessment Committee.

Received, filed and published.

By Ald. Baker—Whereas, Edward Weilert was awarded the sprinkling contract in the year 1899 for sprinkling Child street, from Lyell avenue to Jay street, at a contract price of \$4.80 per week, and the said Weilert has collected from the city of Rochester the sum of \$74.74 for 15 5-7 weeks' sprinkling; and

Whereas, A portion of said Child street was torn up for the purpose of paving said street and aforesaid contract was not fulfilled during the period of the 15 5-7 weeks, and the aforesaid Weilert has collected the full contract price for the 15 5-7 weeks, viz.: \$74.74, while as a matter of right he was only entitled to and earned \$44.57; and,

Whereas, The property owners of said Child street are assessed for sprinkling for the full contract price for 15 5-7 weeks, viz.: \$74.74 and erroneously assessed to the amount of the difference between \$74.74, the contract price for said 15 5-7 weeks, and \$44.57, the amount actually earned, viz.: \$30.17.

Now, therefore, be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That the property owners of Child street between Lyell avenue and Jay street be allowed to pay for sprinkling aforesaid Child street on a basis as if the city of Rochester paid for sprinkling said Child street between Lyell avenue and Jay street, for the year 1899, the sum of \$44.57; and upon the payment by the property owners to the City Treasurer of the amount on aforesaid basis, he hereby is authorized and directed to cancel their sprinkling tax for the year 1899; and he hereby is further authorized and directed to charge the amount of \$30.17, being the amount erroneously collected by said Weilert, to the erroneous assessment fund.

Section 2. That the aforesaid Edward Weilert, of 342 Jay street, Rochester, N. Y., is hereby directed and asked to pay into the city treasury the sum of \$30.17 within thirty days from the date of the passage of this ordinance; the said sum being the amount erroneously collected by him from the city of Rochester for sprinkling Child street between Lyell avenue and Jay street for the year 1899, and in default of said payment by aforesaid Weilert, the Corporation Counsel is hereby directed and authorized to take such legal steps against said Weilert for the collection of the said sum of \$30.17 as he may be advised.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callahan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, Parsons, Ernst, Mead, Judson, Tanner, May—17.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That Jacob Wambach be allowed to pay the general city taxes for the years 1891, 1894, 1897 and 1899, on lot 2, section 6, Fourteenth Ward Association tract, Day street, which taxes were sold to the city of Rochester, with interest at the rate of six per cent. per annum from the date of their respective sales, within 30 days from the passage of this ordinance and upon such payment that said taxes be cancelled.

Sec. 2. That Ransom H. Miller be allowed to pay the general city taxes for the years 1893 and 1894 on southwest 115 and northwest 116, Sibley & Field tract, Summer street, which taxes were sold to the city of Rochester, with interest at the rate of six per cent. per annum from their re-

spective dates of sale, within 30 days from from the passage of this ordinance, and upon such payment that said tax be cancelled.

Sec. 3. That John C. Gauntlet, administrator with the will annexed of the estate of John C. McGrath be allowed to pay the general city taxes for the years 1891, 1892 and 1893 on cottage house and lot situate on the east side of Broadway in the Twelfth ward of the city of Rochester, which taxes were sold to the city of Rochester, with interest at the rate of six per cent. per annum from the respective dates of sale, within 30 days from the passage of this ordinance, and upon such payment that said taxes be cancelled.

Sec. 4. That Lillarene R. Hopkins be allowed to pay the general city taxes of 1899, assessed to A. R. Hopkins, on the following named lots and parcels of land: Lot 11 west, 9 and 10 Guntz Platt subdivision, Bay street; lots 105, 2, 110, 432, 433, 434, 220, 221, 226, 229, 233, 100, 101, 104, 335, 336, 337, 339, 340, 343, 310, 318, 142, 143, 174, 175, 176, 182, 187, 188, 255, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 280, 281, 282, 283, 284, 285, 281, 349, 350, 351, 354, 355, 356, 369, 370, 371, 372, 373, 387, 390, 391, 392, 393, 394, 395, 396, 400, 401, 406, 413, 414, 415, 422, 423, 424, 425, 426, 427, 428, 29, 56-57, 69, 85, 137, 140, and 141 Jennings tract; which taxes were sold to the city of Rochester December 14, 1899, with interest at the rate of six per cent. per annum from the date of said sales; also the general city tax for the year 1898 on lots 7, 8, 9, 10, west 11, Guntz Platt subdivision, Bay st., and lots 110, 427, 428, 335, 336, 337, 339, 340, 343, 344-345, 392, 393, 394, 395, 396, 400, 401, 406, 413, 414, 415, 422, 423, 424, 425, 426, 369, 370, 371, 372, 373, 389, 390, 391, 283, 284, 285, 291, 349, 350, 351, 354, 355, 356, 265, 266, 267, 268, 269, 280, 281, 282, 188, 152, 259, 260, 261, 262, 263, 264, 310, 318, 220, 221, 226, 229, 230, 231, 233, south 85, 141, 142, 143, 174, 175, 176, 182, 187, 24, 25, 26, 28, 29, 56-57, 69, 72, 84-85, 100, 101, 104, 105, 2, 432, 433, 434, 111 Jennings tract, and lot 1, 16 South-15 North, and 15 South-14 North, Martin & Janes tract, which taxes were sold to the city of Rochester December 8, 1898, with interest at the rate of six per cent. per annum from the date of said sales; also the general city tax of 1897 on lots 7, 8, 9, 10 Guntz Platt subdivision, also on lots 349, 350, 351, 354, 355, 356, 369, 370, 371, 372, 373, 389, 390, 391, 392, 393, 394, 395, 396, 400, 401, 406, 413, 414, 415, 422, 423, 424, 425, 426, 427, 428, 335, 336, 337, 339, 340, 343, 344-345, 310, 318, 220, 221, 226, 233, 100, 101, 104, 105, 2, 110, 432, 433, 434, 269, 280, 281, 283, 284, 285, 291, 260, 261, 262, 263, 264, 265, 266, 267, 268, 174, 175, 176, 182, 187, 188, 252, 259, 56-57, 69, 72, 84-85, 85 South 137, 141, 142, 143 and 111 Jennings tract; which taxes were sold to the city of Rochester on the 9th day of December, 1897, with interest at the rate of six per cent. per annum from the date of said sale; also the general city tax for 1896 on lots 15 South-14 North, 16 South-15 North, Martin & Janes tract; which taxes were sold to the city of Rochester March 25, 1897, with interest at the rate of six per cent. per annum from the date of said sales; also general city tax for the year 1891 on lot South 16, and North 15, Martin & Janes tract; which taxes were sold to the city of Rochester March 31, 1892, with interest at the rate of six per cent. per annum from the date of said sale; also general city tax of 1880 on lots 14 North-15 South, Martin & Janes tract, Bronson place, assessed to Alfred Young; which tax was sold to the city of Rochester March 31, 1881, with interest at the rate of six per cent. per annum from the date of said sale; also general city tax of 1876 on lot 16 Martin & Janes tract, assessed to James H. Curran, which tax was sold to the city of Rochester March 1, 1877, with interest at the

rate of 6 per cent. per annum from the date of sale; within 30 days from the passage of this ordinance and upon such payment as aforesaid that said taxes be cancelled.

Sec. 5. That John Ferner be allowed to pay the second payment, due February 1, 1901, for the Glenwood Park asphalt improvement, north side of Glenwood park, by paying the sum of \$42.31, and upon such payment as aforesaid the City Treasurer is hereby authorized and directed to cancel said second payment in full and to charge the sum of \$62.00 to the erroneous assessment fund.

Sec. 6. That the Genesee Paper company be allowed to pay the Glenwood Park asphalt improvement of \$347.82 on land owned by the Genesee Paper Co., fifty (50) feet front on Glenwood park, by paying the sum of \$173.91; and upon the payment of said sum of \$173.91, the City Treasurer is hereby authorized and directed to cancel said Glenwood Park asphalt assessment against aforesaid paper company; and said Treasurer is further authorized and directed to charge the sum of \$173.91 to the erroneous assessment fund.

Sec. 7. The City Treasurer is hereby authorized and directed to cancel the East Side Trunk Sewer tax on Priem street (formerly Monroe park) amounting to \$43.23; also the general city tax of 1900 on aforesaid street, of \$19.83, now owned by the city of Rochester and assessed to Charles Priem, and that aforesaid amounts be charged to the erroneous assessment fund.

Adopted by the following vote:
Ayes—Aldermen Tracy, Callhan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, Parsons, Ernst, Mead, Judson, Tanner, May—17.

By Ald. Plumb—

LAW COMMITTEE REPORT.

Rochester, N. Y., June 5, 1900.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—Your Law committee, to whom was referred at the last meeting of your honorable body, certain ordinances relating to the public health, respectfully recommend the passage of the ordinances hereto annexed, in which ordinances no changes have been deemed necessary by your committee except some modifications of the penalty sections thereof; and we do further respectfully recommend the passage of a general ordinance framed under section 23 of the new charter providing the penalty therein specified for all violations of the ordinances of the Common Council; and we have hereto attached a general ordinance in the form referred to, which has been prepared by, and is recommended by, the City Law department.

All of which is respectfully submitted,
WILLIAM T. PLUMB,
CHARLES S. COOK,
WILLIAM J. BAKER,
CHAS. H. JUDSON,
Law Committee.

Received, filed and published.

By Ald. Plumb—

AN ORDINANCE AMENDING THE PENALTY SECTIONS OF ALL PENAL ORDINANCES.

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That any person, association or corporation violating any of the provisions of any ordinance of the Common Council of the city of Rochester, heretofore or

hereafter passed, shall be liable to fine not exceeding \$150 or to imprisonment not exceeding 150 days, or to both such fine and imprisonment.

Section 2. The penalty sections of all penal ordinances heretofore passed shall be deemed amended, and are hereby amended to conform to the terms of this ordinance.

Section 3. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, G. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, Parsons, Ernst, Mead, Judson, Tanner, May—17.

By Ald. Plumb—

AN ORDINANCE RELATING TO SCAVENGERS AND REMOVAL OF NIGHT SOIL.

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. No person, firm or association shall engage in the business of privy cleaning or be permitted to remove night soil within the limits of the city without having been duly licensed to do the same by the Department of Health, as hereinafter provided, and any person, firm or association guilty of the violation of this ordinance shall be adjudged guilty of a misdemeanor, and upon conviction subject to a fine not exceeding \$150 or to imprisonment not exceeding 150 days, or to both such fine and imprisonment, for each offense.

Section 2. The Department of Health shall grant a scavenger license to any person or persons who are residents of the county of Monroe, as in its judgment may appear proper, and any person applying for such license shall, upon being granted the same, pay to the said Department of Health the sum of \$10. Upon such payment being made, and license granted to any applicant therefor, the Department of Health shall give to such party or person a written license to engage in the business of scavenger for the period of one year. No such license shall be sold, assigned or transferred and may be revoked when from cause it may be deemed best in the interest of public health.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, Parsons, Ernst, Mead, Judson, Tanner, May—17.

By Ald. Plumb—

AN ORDINANCE RELATING TO FOOD PRODUCTS AND FOR THE PROTECTION OF THE PUBLIC HEALTH.

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. No person or persons, corporation or corporations, shall bring into the city of Rochester for the purpose of sale in said city, any meat, fish, birds or fowls, fruit or vegetables that is not at the time the same is brought into said city, healthy, fresh, sound and wholesome. Nor shall any person or persons, corporation or corporations, bring into said city for sale or have in his, their or its possession, for the purpose of sale for food, any meat or fish that died by disease or accident.

Section 2. No person or persons, corporation or corporations, shall bring into the city of Rochester, or hold, or offer for sale for human food, in said city, any calf, or the meat thereof which, at the date of

death, was less than four weeks old; nor shall any person or persons, corporation or corporations, bring into the city of Rochester, or hold, or offer for sale in said city, for human food, any pig or lamb, or the meat thereof, which, if the same be a pig, was, when killed, less than five weeks old, or if the same be a lamb, was, when killed, less than eight weeks old.

Section 3. No person or persons, corporation or corporations, shall bring into the city of Rochester, for the purpose of sale as human food, nor shall hold or keep for sale as human food, in any market, public or private, or in any public place in the said city of Rochester, any cased, blown, plated, raised, stuffed, putrid, impure or unhealthy or unwholesome meats, fish, birds or fowls. Any such unwholesome substances so held or kept or offered for sale shall be liable to confiscation, as the Department of Health may direct. All fowl brought in the city of Rochester for human consumption must be drawn, i. e., have the entrails removed.

Section 4. Any person violating the provisions of this ordinance shall be subject to a fine not exceeding \$150, or to imprisonment not exceeding one hundred fifty days, or to both such fine or imprisonment.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, Parsons, Ernst, Mead, Judson, Tanner, May—17.

By Ald. Plumb—

AN ORDINANCE RELATING TO THE SALE OF MILK.

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. It shall not be lawful for any person or persons to peddle milk, or to sell the same to the inhabitants of the city, from any cart, wagon or vehicle whatever, in any of the public streets or alleys of the city, without having been duly licensed to do the same by the Department of Health, as hereinafter provided.

The Department of Health shall have power, and it is hereby authorized, to grant a license to such person or persons as in its judgment shall appear proper and best calculated to secure to the inhabitants pure and wholesome milk, and any person applying for a license to sell and distribute milk, shall before and upon granting the same pay to the said Department of Health the sum of \$3, for one year, from the issuing of said license for each and every wagon, cart or vehicle used by him in the peddling or distribution of milk in said city. Upon such payment being made, and license granted to any applicant therefor, the Department of Health shall give to such party or person a written license to peddle, sell and deliver pure and wholesome milk. No license shall be sold, assigned or transferred without permission of this department. Any license may be revoked when it shall appear that the person, persons or association holding the same have violated any provisions of this ordinance, or when from cause it may be deemed best by the Department of Health in the interest of public health to revoke such license.

Section 2. No person, firm or corporation shall sell or expose for sale any unclean, adulterated, unhealthful or unwholesome milk. If the milk be shown to contain more than 88 per cent. of water fluids or less than 12 per cent. of milk solids, which shall contain not less than 3 per cent. of

fat, it shall be declared adulterated, and the milk drawn from cows within fifteen days before and five days after parturition, or from animals fed on distillery waste, or any substance in the state of putrefaction or fermentation or upon any unhealthful food whatever, shall be declared unhealthful, impure and unwholesome milk.

Section 3. Any person or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction be subject to a fine not exceeding \$150, or to imprisonment not exceeding 150 days, or to both such fine and imprisonment, for each offense.

Ald. Tanner moved that action on the above ordinance be indefinitely postponed.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Young, Beard, Casey, Baker, Parsons, Ernst, Mead, Tanner, May—13.
Nays—Aldermen C. S. Cook, Ward, Plumb, Judson—4.

By Ald. Parsons—

STREETS AND SEWERS COMMITTEE REPORT.

To the Common Council:

Gentlemen—Your committee on Streets and Sewers begs leave to present the following report:

In the matter of the assessments for the State street asphalt improvements under ordinances Nos. 6693 and 6727, your committee finds that the same policy as regards interest charges has been followed in the city's account with these improvements as with others during past years. The amount assessed upon the property owners is the actual cost of the improvement—that is the amounts paid the contractors.

On deferred payments, interest will be charged to property owners at the rate of 6 per cent. per annum. Inasmuch as the city is able to borrow money at a rate much lower than 6 per cent., and as the assessment on both of the State street improvements is in ten payments, it is believed that the amount collected from property owners for interest will reimburse the treasury for interest payments made and to be made on notes.

We recommend that the Treasurer be directed to proceed with the collection of assessments on the roll under ordinance No. 6693, confirmed February 13, 1900, and that the Clerk be directed to certify to the Assessors the ordinance passed March 13, 1900, for the assessment under No. 6727.

Respectfully submitted,

F. G. PARSONS,
WM. J. BAKER,
CHAS. S. COOK,
M. J. CALIHAN,
JAS. H. CASEY.

Received, filed and published.

By Ald. Parsons—Resolved, That the City Treasurer be and he hereby is directed to proceed with the collection of the assessments on the roll for State street improvement under final ordinance No. 6693.

Adopted.

By Ald. Parsons—Resolved, That the City Clerk be and hereby is directed to certify to the City Assessors the ordinance for the preparation of the assessment roll for the State street improvement under final ordinance No. 6727, passed March 13, 1900, appearing at page 274, current proceedings.

Adopted.

ACTION UPON ORDINANCES FOR STREET IMPROVEMENTS.

FIRST ORDINANCES.

LOCUST STREET SPRINKLING (SEC. 2).

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Locust street (Sec. 2).

Adopted.

The Engineer submitted as such estimate, \$94.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary, viz:

The sprinkling of Locust street (Sec. 2), from 1100 feet west of Fulton avenue to Dewey avenue, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path

And whereas, The City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$94, which estimate is hereby approved.

Be it further ordained, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Locust street, from 1100 feet west of Fulton avenue to Dewey avenue.

Adopted.

GORSLINE STREET SPRINKLING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Gorsline street.

Adopted.

The Engineer submitted as such estimate, \$108.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary, viz.:

The sprinkling of Gorsline street, from Lake avenue to Park Drive, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And whereas, The City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$108, which estimate is hereby approved.

Be it further ordained, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Gorsline street, from Lake avenue to Park Drive.

Adopted.

GRACE STREET SPRINKLING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Grace street.

Adopted.

The Engineer submitted as such estimate, \$20.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester

as follows: That the following improvement is necessary, viz:

The sprinkling of Grace street, from North street to Concord street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And whereas, The City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$20, which estimate is hereby approved.

Be it further ordained, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Grace street, from North street to Concord street.

Adopted.

EIFFEL PLACE SPRINKLING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Eiffel place.

Adopted.

The Engineer submitted as such estimate, \$59.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary, viz:

The sprinkling of Eiffel place, from the east end thereof to Joseph avenue, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And whereas, The City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$59, which estimate is hereby approved.

Be it further ordained, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Eiffel place, from the east end thereof to Joseph avenue.

Adopted.

THOMAS STREET SPRINKLING

(SEC. 2).

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Thomas street (Sec. 2).

Adopted.

The Engineer submitted as such estimate, \$70.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary, viz:

The sprinkling of Thomas street (Sec. 2), from the south line of Clifford street to Wilkins street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And whereas, The City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and

reports the same at \$70, which estimate is hereby approved.

Be it further ordained, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Thomas street, from Clifford street to Wilkins street.

Adopted.

BAY STREET SPRINKLING (SEC. 2).

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Bay street (Sec. 2).

Adopted.

The Engineer submitted as such estimate, \$54.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary, viz:

The sprinkling of Bay street (Sec. 2), from the west line of Third street to Fifth street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And whereas, The City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$55, which estimate is hereby approved.

Be it further ordained, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Bay street, from the west line of Third street to Fifth street.

Adopted.

BACKUS STREET SPRINKLING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Backus street.

Adopted.

The Engineer submitted as such estimate, \$107.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary, viz:

The sprinkling of Backus street, from Bloss street to Emerson street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And whereas, The City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$107, which estimate is hereby approved.

Be it further ordained, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Backus street, from Bloss street to Emerson street.

Adopted.

GREENWOOD STREET SPRINKLING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this

Council the expense of sprinkling Greenwood street.

Adopted.

The Engineer submitted as such estimate, \$28.00.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary, viz.:

The sprinkling of Greenwood street, from Atkinson street to Troup street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And, whereas, the City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$28.00 which estimate is hereby approved.

Be it further ordained, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Greenwood street, from Atkinson street to Troup street.

Adopted.

**HEBARD STREET SPRINKLING
(SEC. 2.)**

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Hebard street (Sec. 2).

Adopted.

The Engineer submitted as such estimate, \$27.00.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary, viz.:

The sprinkling of Hebard street (Sec. 2), from Trinidad street to Wait street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And, whereas, the City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$27.00, which estimate is hereby approved.

Be it further ordained, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Hebard street, from Trinidad street to Wait street.

Adopted.

TERHAAR STREET SPRINKLING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Terhaar street.

Adopted.

The Engineer submitted as such estimate, \$49.00.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary, viz.:

The sprinkling of Terhaar street, from Remington street to Joseph avenue, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And, whereas, the City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$49.00, which estimate is hereby approved.

Be it further ordained, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Terhaar street, from Remington street to Joseph avenue.

Adopted.

**REMOVING SNOW AND ICE FROM
KENWOOD, WELLINGTON, WAR-
WICK, FROST, BRONSON AND
CHILI AVENUE WALKS.**

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester: That the City Engineer ascertain and report to this Council the expense of removing snow and ice from Kenwood Wellington, Warwick, Frost, Bronson and Chili avenue walks.

Adopted.

The Engineer submitted as such estimate, \$500.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester, that the following improvement is necessary and should be made, viz.:

The removal of the snow and ice from the walks during the winter season of 1900 and 1901 in the following streets:

Kenwood avenue, from Chili avenue to the south end of said avenue; Wellington avenue, from Chili avenue to the south end of said avenue; the east side of Warwick avenue, from Chili avenue to the south end of said avenue; Frost avenue, from Warwick avenue to the east line of Kenwood avenue; Bronson avenue, from Warwick avenue to Judson street and the south side of Chili avenue, from Ardmore street to Warwick avenue.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$500, which being deemed reasonable is hereby approved.

And be it further ordained, that the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Kenwood avenue, from Chili avenue to the south end of said avenue; Wellington avenue, from Chili avenue to the south end of said avenue; Frost avenue, from Warwick avenue to Kenwood avenue; Bronson avenue, from Warwick avenue to Judson street; and on the east side of Warwick avenue, from Chili avenue to the south end of said avenue and on the south side of Chili avenue, from Ardmore street to Warwick avenue.

Adopted.

**FRANKLIN STREET MEDINA BLOCK
STONE PAVEMENT.**

By Ald. Beard—Be it ordained by the Common Council of the City of Rochester as follows: That the City Engineer ascer-

tain and report to this Council the expense of improving Franklin street.

Adopted.

The Engineer submitted as such estimate, \$1,300.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The improvement of Franklin street, from Andrews street to Clinton avenue north, by the construction of a Medina block stone pavement therein. Also the construction of a Medina stone curb six inches thick on each side thereof, connected with all streets, alleys and driveways. The pavement shall extend to the street line at all intersecting streets and alleys except where permanent improvements now exist at proper lines and grades. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. All manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there are now no water services, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under Section 110 of the City Charter. Also crosswalks at all intersecting streets, and midway in all blocks exceeding 400 feet in length. Also the repair and adjustment to grade of the present sidewalks.

The pavement shall be guaranteed and kept in repair for 5 years.

The pavement and walks of intersecting streets shall be adjusted to the grade of the improvement.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$1,300, which being deemed reasonable, is hereby approved.

Ordained, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Franklin street, from Andrews street to Clinton avenue north.

Adopted

BRECK STREET SEWER.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this council the expense of constructing a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Breck street, from a point 453.4 feet west of Barnum street, to the sewer in Barnum street.

Adopted.

The Engineer submitted as such estimate, \$950.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the following improvement is necessary and should be made, viz:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter, in Breck street, from a point 453.4 feet west of Barnum street to the sewer in Barnum street.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$950, which being deemed reasonable, is hereby approved.

Be it further ordained, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Breck street, from Porter street, proposed, to Barnum street.

Adopted.

AUGUSTA STREET MACADAM PAVEMENT.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of improving Augusta street.

Adopted.

The Engineer submitted as such estimate, \$7,500.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The improvement of Augusta street, from Scio street to Union street, by the construction of a trap rock macadam pavement therein.

Also the construction of a Medina stone curb four inches thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be 21 feet. The pavement shall extend to the street line at all intersecting streets and alleys except where permanent improvements now exist at proper lines and grades. Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a manhole for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate

places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by Health Officer. All manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the city charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there is now no water services, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under section 110 of the city charter. Also crosswalks at all intersecting streets and midway in all blocks exceeding 400 feet in length. Also the cleaning and repairing of so much of the main sewer as may be found necessary to restore it to its original condition.

The pavement shall be guaranteed and kept in repair for 5 years.

The pavement and walks of intersecting streets shall be adjusted to the grade of the improvement.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$7,500, which being deemed reasonable, is hereby approved.

Ordained, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Augusta street, from Scio street to North Union street.

Adopted.

RUNDEL PARK CURBS.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing curbs around the center grass plots in Rundel park.

Adopted.

The Engineer submitted as such estimate, \$700.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester, that the following improvement is necessary and should be made, viz.:

The construction of a 4-inch curb stone in Rundel park, from the south end thereof to University avenue, around the center grass plots. Also the necessary surface sewers. Also curbing in alley at south end of Rundel park, extending to Oxford street.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$700, which, being deemed reasonable, is hereby approved.

Ordained, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Rundel park, from the south end thereof to University avenue; also one tier of lots and parcels of land on each side of said alley from Oxford street westerly to point near west line of Rundel park.

Adopted.

LEWIS STREET MACADAM PAVEMENT

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the City Engineer ascertain and report to this Council the expense of improving Lewis street.

Adopted.

The Engineer submitted as such estimate, \$7,500.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The improvement of Lewis street, from Scio street to Union street, by the construction of a trap rock macadam pavement therein. Also the construction of a Medina stone curb four inches thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be twenty-one feet. The pavement shall extend to the street line at all intersecting streets and alleys, except where permanent improvements now exist at proper lines and grades. Also manholes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a manhole for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer connections, of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. All manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal, by the Commissioner of Public Safety, as provided by section 225 of the city charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there is now no water services, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under section 110 of the city charter. Also crosswalks at all intersecting streets, and midway in all blocks exceeding 400 feet in length. Also the cleaning and repairing of so much of the main sewer as may be found necessary to restore it to its original condition.

The pavement shall be guaranteed and kept in repair for 5 years.

The pavement and walks of intersecting streets shall be adjusted to the grade of the improvement.

And, The City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$7,500, which, being deemed reasonable, is hereby approved.

Ordained, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Lewis street, from Scio street to Union street.

Adopted.

WEST AVENUE SEWER.

By Ald. Calihan—Be it ordained by the Common Council of the city of Rochester as follows: That the City Engineer ascertain and report to this Council the expense of constructing a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter, in West avenue, from a point near the center line of Reynolds street to the Genesee Valley canal outlet sewer.

Adopted.

The Engineer submitted as such estimate, \$21,500.

By Ald. Calihan—Be it ordained by the Common Council of the city of Rochester as follows:

That the following improvement is necessary and should be made, viz.:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter, in West avenue, from a point near the center line of Reynolds street to the Genesee Valley canal outlet sewer.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$21,500, which, being deemed reasonable, is hereby approved.

Be it further ordained that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

All the territory included within and described by the following boundary lines, viz.:

Beginning at the intersection of the Genesee Valley canal outlet sewer with West avenue; thence westerly along West avenue, including one tier of lots and parcels of land on the north side thereof, to a point 213 feet easterly from Genesee street; thence still westerly along West avenue to Genesee street; thence southerly along Genesee street, including one tier of lots and parcels of land on the west side thereof, to Bronson avenue; thence easterly along Bronson avenue, including one tier of lots and parcels of land on the south side thereof, to Wooden street; thence southerly along Wooden street, including one tier of lots and parcels of land on the west side thereof, to Frost avenue; thence northerly along Wooden street, including one tier of lots and parcels of land on the east side

thereof, to Champlain street, excepting the lots on the northwest and northeast corners of Wooden street and Frost avenue; thence easterly along Champlain street, excluding one tier of lots and parcels of land on the north side thereof, to Jefferson avenue, excepting the lot on the northeast corner of Wooden and Champlain streets; thence northerly along Jefferson avenue, including one tier of lots and parcels of land on the east side thereof, to Adams street, excepting the lot on the northeast corner of Champlain street and Jefferson avenue; thence easterly along Adams street, excluding one tier of lots and parcels of land on the north side thereof, to Prospect street, also excepting one tier of lots on the west side of Melody street for one-half their depth, and one tier of lots on the east side of said Melody street, from a point 92 feet south of Atkinson street to Adams street; thence northerly along Prospect street, including one tier of lots and parcels of land on the east side thereof, to Troup street, excepting the lot on the northeast corner of Adams and Prospect streets; thence easterly along Troup street, excluding one tier of lots and parcels of land on the north side thereof, to Julia street; thence northerly along Julia street, including one tier of lots and parcels of land on the east side thereof, to West avenue, excepting the lot on the northeast corner of Troup and Julia streets; thence easterly along West avenue, including one tier of lots and parcels of land on the south side thereof, to the place of beginning.

On motion of Ald. C. S. Cook referred to the Committee on Streets and Sewers.

By the Clerk—

City Clerk's Office,

Rochester, N. Y., June 19, 1900.

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—I do hereby certify that a notice, such as is required by section 146 of the city charter, specifying each of the improvements contemplated by the following final ordinances, the estimated expenses thereof, the amount, if any, of such expenses to be paid from the public treasury, the portion or part of the city to be assessed for the remainder of the expenses and requiring all persons interested in the subject matter of the improvement to attend at the time appointed in such notice, was published daily for four days in two daily newspapers printed in this city, namely, the Rochester Post Express and the Rochester Union and Advertiser.

Respectfully submitted,

THEODORE S. PULVER,

City Clerk.

Received, filed and published.

The final ordinance for Washington street cement walks was presented.

Ald. Tracy moved that the ordinance for Washington street cement walks be amended so as to provide for walks five feet in width instead of six feet.

Adopted.

FINAL ORDINANCE, NO. 419.

WASHINGTON STREET PORTLAND CEMENT WALKS.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct cement walks on Washington street from Main street west, to Allen street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a Portland cement walk, 5 feet wide on each side of Washington street, from Main street west to Allen street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading. The space between walk and curb and walk and street line to be filled in with brick.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$1,800, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Washington street, from Main street west to Allen street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, Parsons, Ernst, Mead, Judson, Tanner, May—17.

The final ordinance for Elizabeth street cement walks was presented.

Ald. Tracy moved that the ordinance for Elizabeth street cement walks be amended so as to provide for walks five feet in width instead of six feet.

Adopted.

FINAL ORDINANCE NO. 420.

ELIZABETH STREET PORTLAND CEMENT WALKS.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct cement walks on Elizabeth street, from Main street west to Allen street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a Portland cement walk, 5 feet wide on each side of Elizabeth street, from Main street west to Allen street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading. The space between the walk and curb and walk and street line to be filled in with brick.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$1,800, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Elizabeth street, from Main street west to Allen street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, Parsons, Ernst, Mead, Judson, Tanner, May—17.

FINAL ORDINANCE NO. 421.

JONES SQUARE CEMENT WALKS.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to construct cement walks across Jones square, from Saratoga avenue to Frank street; also laying a water pipe to fountain.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a Portland cement walk, five (5) feet in width, across Jones Square, from Saratoga avenue to Frank street. Also the laying of a galvanized iron water pipe, three-fourths (3/4) of an inch in diameter in said square, from Jones avenue to the basin in the center of the aforesaid square.

And, The City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$875, which being deemed reasonable is hereby approved,

Be it further ordained, upon condition that the Board of Estimate and Apportionment so consent and advise, that the expense thereof be borne by the city at large, and properly to be assessed and charged against and upon the real and personal property liable to taxation in the city.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, Parsons, Ernst, Mead, Judson, Tanner, May—17.

FINAL ORDINANCE, NO. 422.

BLY STREET SPRINKLING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to sprinkle Bly street from Clinton avenue south to 300 feet south of Howard street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Bly street, from Clinton avenue south to 300 feet south of Howard street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$36, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Bly street, from Clinton avenue south to 300 feet south of Howard street.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, Parsons, Ernst, Mead, Judson, Tanner, May—17.

FINAL ORDINANCE NO. 423.

CHAMBERLAIN STREET SPRINKLING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle Chamberlain street, from Hayward avenue to Garson avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Chamberlain street, from Hayward avenue to Garson avenue, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$24, which, being deemed reasonable, is hereby approved.

And the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Chamberlain street, from Hayward avenue to Garson avenue.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, Parsons, Ernst, Mead, Judson, Tanner, May—17.

FINAL ORDINANCE NO. 424.

SOUTH GOODMAN STREET SPRINKLING (SEC. 2).

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle South Goodman street (Sec. 2), from Clinton avenue south to 100 feet south of Benton street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of (Sec. 2) South Goodman street, from Clinton avenue south to 100 feet south of Benton street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$91, which, being deemed reasonable, is hereby approved, and the whole expense

of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of South Goodman street, from Clinton avenue south to 100 feet south of Benton street.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, Parsons, Ernst, Mead, Judson, Tanner, May—17.

FINAL ORDINANCE, NO. 425.

KUSSE STREET SEWER.

On motion of Ald. Calihan the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a sewer in Kusse street from a point 20 feet west of the east end of Kusse street to the sewer in Beaufort street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, from a point 20 feet west of the east end of Kusse street to the sewer in Beaufort street.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under the direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$1,100, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Kusse street, from Field street to Beaufort street, as now opened and as proposed to be opened.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, Parsons, Ernst, Mead, Judson, Tanner, May—17.

FINAL ORDINANCE, NO. 426.

PARSELLS AVENUE CARE AND SEEDING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to care for and seed Parsells avenue, from Stout street to Culver road.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

Seeding the space between the walks and the curbs on each side of the street, except where the necessary seeding or sodding now exists; also the cleaning of said space of all rubbish and leaves and cutting the grass in said space at least once per week during the season of 1900, on Parsells avenue, from Stout street to Culver road.

And, The City Engineer, under the direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$500, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Parsells avenue, from Stout street to Culver road.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, Parsons, Ernst, Mead, Judson, Tanner, May—17.

The final ordinance for Lake View park, cleaning and care was presented.

Ald. Plumb moved that action on the ordinance be postponed until the next regular meeting. Lost.

Ald. Tanner moved that the ordinance be referred to the Public Improvement committee. Lost by the following vote.

Ayes—Aldermen Tracy, Race, Young, Plumb, Parsons, Ernst, Tanner, May—8.

Nays—Aldermen Calihan, Marson, C. S. Cook, Ward, Beard, Casey, Baker, Mead, Judson—9.

On motion of Ald. Baker the ordinance was amended to provide that the whole expense thereunder be charged to abutting property owners.

On motion of Ald. Baker the amended ordinance was laid on the table until the next regular meeting.

The final ordinance for Gregory street sprinkling (section 2) was presented and after allegations thereon were heard, it was, on motion of Ald. Beard, laid on the table until the next regular meeting.

The final ordinance for Oak street sewer was presented and on motion of Ald. Calihan was amended by reducing the estimate to \$300, and laid on the table until the next regular meeting.

The final ordinance for Pennsylvania avenue curbs, walks and grade was presented and after allegations thereon were heard the ordinance was, on motion of Ald. Judson, laid on the table until the next regular meeting.

The final ordinance for Central avenue Medina block stone pavement was presented, and after allegations thereon were heard, the ordinance was, on motion of Ald. Cook, laid on the table until the next regular meeting.

The final ordinance for Galusha street asphalt pavement was presented, and after allegations thereon were heard, the ordinance, was, on motion of Ald. Cook, laid on the table until the next regular meeting.

The final ordinance for Hawkins street asphalt pavement was presented and, on motion of Ald. Cook, was laid on the table until the next regular meeting.

The final ordinance for Hawkins street sewer was presented and, on motion of Ald. Cook, was laid on the table until the next regular meeting.

The final ordinance for Birr street trap rock pavement was presented and, on motion of Ald. Baker, was laid on the table until the regular meeting of July 17th.

The final ordinance for Clinton avenue, north, sprinkling (section 2) was presented and, on motion of Ald. Mead, was laid on the table until the next regular meeting.

The final ordinance for Portland avenue trap rock pavement was presented and, on motion of Ald. Mead, was laid on the table until the regular meeting of July 3d.

The final ordinance for Ontario street brick pavement was presented and, on motion of Ald. Ernst, was laid on the table until the next regular meeting.

The final ordinance for Tacoma street sprinkling was presented and, on motion of Ald. Baker, action thereon was indefinitely postponed.

EXECUTIVE BUSINESS.

Ald. Judson moved that the Council proceed to the election of directors of the Rochester and Genesee Valley Railroad company. Adopted.

Ald. Judson nominated Charles H. Palmer, Erickson Perkins, Walter W. Powers, D. D. Sully, Thomas McMillan, David Hays and Charles H. Babcock, who were named by the following and declared duly elected: Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, Parsons, Ernst, Mead, Judson, Tanner, May.

MISCELLANEOUS BUSINESS.

By Ald. Race—Whereas, This Council has ordered that certain streets be numbered or renumbered, in accordance with a general ordinance adopted on March 13, 1900, and,

Whereas, The old numbers, if they are allowed to remain on the buildings, cause confusion; therefore,

Be it ordained, that all numbers on any building on said streets where new numbers have been furnished pursuant to said ordinance, be removed within ten days after said new numbers are in place.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, Parsons, Ernst, Mead, Judson, Tanner, May—17.

By Ald. Plumb—Be it ordained by the Common Council of the city of Rochester:

Section 1. That the property owners assessed for the cost of the Bowen street sewer, ordinance No. 774, be allowed two years from June 5, 1900, in which to pay their assessments with interest added at the rate of 6 per cent. per annum on deferred payments.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, Parsons, Ernst, Mead, Judson, Tanner, May—17.

By Ald. Ernst—Resolved, That the City Engineer be and hereby is requested to prepare an ordinance for a four foot cement walk on the east side of Wehrich street.

Adopted.

By Ald. Mead—Resolved, That the City Engineer be and hereby is requested to prepare an ordinance for a sewer in St. Stanislaus street, from Hudson avenue to North street; also an ordinance for a plank walk on Lang street, from Clinton avenue to Remington street; also, to establish the grade for sidewalk on the south side of St. Stanislaus street, from Hudson avenue to North street.

Adopted.

By Ald. Judson—Resolved, That the City Engineer be and hereby is requested to establish the grade for sidewalks on Fourth street and North Goodman street.

Adopted.

By Ald. Tanner—Whereas, The owners or occupants of a tract of land known as "Pike's quarry," are about to excavate and remove the rock up to the street line, thus endangering the safety of the street; therefore be it

Resolved, That the Corporation Counsel be requested to notify said owners or occupants of the penal ordinance relating to excavations within four feet of the street line.

Adopted.

Adjourned.

THEODORE S. PULVER,
City Clerk.

In Common Council, July 3, 1900.

REGULAR MEETING.

Present—Hiram H. Edgerton, President of the Common Council, and Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—17.

APPROVAL OF MINUTES.

The minutes of the meeting of June 19th were approved as published in the official sheets of proceedings.

RESOLUTIONS.

By Ald. Beard—Whereas, Through the efforts of Hon. O. F. Williams, ex-consul to Manila, the government of the United States has presented to the city of Rochester a trophy cannon, captured from the harbor of Cavite by the American forces on May 1, 1898.

Resolved, That this Common Council, as the representatives of the people of Rochester, accept the gift for and on behalf of the city, and tender to Mr. Williams a vote of thanks in appreciation of his thoughtful courtesy; and be it further

Resolved, That the Public Improvement committee of this Council be and hereby is directed to confer with the City Engineer and a committee of the Spanish war veterans of the city regarding the proper place for mounting the trophy.

Ex-Consul to Manila, Hon. O. F. Williams, was given the privilege of the floor. He stated that the trophy cannon, referred to in the foregoing resolution, had arrived in Rochester and that the disposition of the trophy contemplated by the resolution met his approval.

The resolution was unanimously adopted.

By Ald. Beard—Resolved, That the committee on Public Baths be and hereby is requested to consider the advisability of establishing a public bath in the north-eastern part of the city.

Adopted.

By Ald. Baker—Resolved, That the City Treasurer be and hereby is requested to report the cost of Ravine avenue extension under final ordinance No. 5686 on a basis of three payments, with the proper additions for interest expended by the city.

Adopted.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That the Sidepath Commission of Monroe county be and hereby is requested to assume control of the sidepaths on Maplewood avenue.

Section 2. This ordinance shall take effect immediately.

Referred to the Law committee.

By Ald. Baker—

ASSESSMENT ORDINANCE.

Whereas, the entire and aggregate expense of and connected with the improvements named in the following ordinance has been ascertained and reported to this council as provided by the city charter, therefore

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. The cost of said improvements hereinafter named is hereby adjusted as thus reported, and the City Assessors are hereby directed to make an assessment upon the territory directed to be assessed in the final ordinances for said improvements for the amounts respectively set forth, as follows:

One Payment.

Ord. No. 7732—Barton street sewer. \$320 06
Said assessment to be paid within thirty (30) days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—17.

By Ald. Baker—

ASSESSMENT ORDINANCE.

Whereas, The entire and aggregate expense of and connected with the improvements named in the following ordinance has been ascertained and reported to this Council as provided by the City Charter; therefore,

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. The cost of said improvements hereinafter named is hereby adjusted as thus reported, and the City Assessors are hereby directed to make an assessment upon the territory directed to be assessed in the final ordinance for said improvements for the amounts respectively set forth, as follows:

Three Payments.

Ord. No.
7313—Bacon street sewer..... \$1,992 85
7328—Weddale way sewer..... 1,453 90

Said assessments to be paid as follows: One third within 30 days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-third within one year from the confirmation of the assessment roll, and the remaining one-third within two years from the confirmation of the assessment roll.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—17.

By Ald. Baker—

ASSESSMENT ORDINANCE.

Whereas, The entire and aggregate expense of and connected with the improvements named in the following ordinance has been ascertained and reported to this Council as provided by the city charter, therefore

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. The cost of said improvements hereinafter named is hereby adjusted as thus reported, and the City Assessors are hereby directed to make an assessment upon the territory directed to be assessed in the final ordinances for said improvements for the amounts respectively set forth, as follows:

Ten Payments.

Ord. No. 7183—Linden and Yale streets asphalt pavement \$21,136 70

Each of the assessments for said improvements shall become due and payable in ten equal annual installments as follows: The first installment with interest as provided by the charter, shall become due and payable on the first day of the second month following the month in which the assessment roll for said improvement shall have been received by the City Treasurer; and each annual installment with interest as provided by the charter, shall be due and payable on the first day of the same month in each of the succeeding nine years.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—17.

By Ald. Baker—Whereas, The entire and aggregate expense of and connected with the extension of Conkey avenue, under final ordinance No 6833, including all amounts paid owners of land deemed necessary to be taken and all costs and charges against the city in the proceedings, have been ascertained and reported at nine thousand seven hundred seventeen and 18-100 dollars (\$9,717.18), which expense is hereby duly adjusted as thus reported; therefore, be it

Resolved, That the portion or part of the city on which said expense is hereby directed to be assessed and which this Common Council deems will be benefited by the improvement are the lots and parcels of land within the part of the city described and directed to be assessed in and by the final ordinance relative to said improvement; and the assessors of said city, if they are not interested in any of the lots or parcels of land to be taken or situated within the territory directed to be assessed as aforesaid, are hereby directed to apportion and assess said expense and make an assessment upon all of the lots and parcels of land within the portion of the city directed to be assessed and benefited as aforesaid, and as near as may be in proportion to the benefit which will be derived therefrom.

Allegations were called for and after hearing the same from all persons appearing, the resolution was adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—17.

By Ald. Baker—Whereas, The entire and aggregate expense of and connected with the widening of Palmer street, under final ordinance No. 6739, including all amounts paid owners of land deemed necessary to be taken and all costs and charges of the city in the proceedings, has been ascertained and reported at the sum of one hundred seventy-four and 87-100 dollars (\$174.87); therefore,

Be it ordained by the Common Council of the city of Rochester as follows:

That the portion or part of the city on which said expense is hereby directed to be assessed and which this Common Council deems will be benefited by the improvement are the lots and parcels of land within the part of the city described and directed to be assessed in and by the final ordinance relative to said improvement; and the assessors of said city, if they are not interested in any of the lots or parcels of land to be taken or situated within the territory directed to be assessed as aforesaid, are hereby directed to apportion and assess said expense and make an assessment upon all of the lots and parcels of land within the portion of the city directed to be assessed and benefited as aforesaid, and as near as may be in proportion to the benefit which will be derived therefrom.

Allegations were called for and after hearing the same from all persons appearing, the resolution was adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—17.

PETITIONS AND REMONSTRANCES.

By Ald. Marson—Petition of John Hyland for building permit. Referred to Building committee and Fire Marshal.

By Ald. Race—Petition of Boyd G. Saunders for cancellation of taxes. Referred to Assessment committee.

Received, filed and published.

By Ald. Judson—

Department of Finance,
 Comptroller's Office,
 Rochester, N. Y., June 27, 1900.

To the Honorable., the Common Council:
 Gentlemen—Collections for the East Side Trunk Sewer assessments have been coming in somewhat slower than was anticipated, and the sum of eight thousand dollars (\$8,000) will be needed to protect East Side Trunk Sewer fund obligations maturing early in July. Please furnish the necessary authority, for a period not exceeding two months, and oblige.

Respectfully submitted,
JAMES JOHNSTON,
 Comptroller.

Received, filed and published.

By Ald. Judson—

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. For the purpose of procuring money to meet East Side Trunk Sewer fund obligations, the city shall borrow, under authority of Chapter 347 of the Laws of 1890, as amended by Chapter 74 of the Laws of 1892, the sum of eight thousand dollars (\$8,000), in anticipation of the receipt of assessments levied or to be levied, but not collected, and the city's certificates of indebtedness, aggregating not more than that sum, signed by the Mayor and Treasurer, and countersigned by the Comptroller, are hereby authorized, which certificates shall be issued for not less than par, shall bear a rate of interest not greater than six (6) per cent., shall run for a period not exceeding two months, and shall be negotiated by the Comptroller, and the avails thereof shall be immediately paid to the City Treasurer, to be by him deposited in banks, to the credit of the East Side Trunk Sewer fund.

Section 2. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—17.

By Ald. Baker—

City Treasurer's Office,
 Rochester, N. Y., July 3, 1900.

To the Hon. the Common Council:

Gentlemen:—I hereby certify that the Executive Board have notified me that the works or improvements authorized

under ordinances hereinafter mentioned have been completed, that I have, pursuant to the provisions of the Charter, ascertained the entire and aggregate expense of, and connected with the same respectively, including any interest that the city shall incur, or is entitled to for the use of its funds, and that the respective amounts thereof are as follows:

Ten Payments.	Expense.
Ordinance and improvement.	No. 7273—North Clinton St. Asphalt
Improvement	\$55,375 57
S. B. WILLIAMS,	
Treasurer.	

Received, filed and published.

By Ald. Baker—

ASSESSMENT ORDINANCE.

Whereas, The entire and aggregate expense of and connected with the improvement named in the following ordinance has been ascertained and reported to this Council as provided by the City Charter; therefore,

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. The cost of said improvement hereinafter named is hereby adjusted as thus reported, and the City Assessors are hereby directed to make an assessment upon the territory directed to be assessed in the final ordinance for said improvement for the amount set forth, as follows:

(Ten Payments.)

No. 7273—North Clinton st, asphalt	improvement	\$55,375 57
------------------------------------	-------------------	-------------

Each of the assessments for said improvements shall become due and payable in ten equal annual installments, as follows: The first installment, with interest as provided by the Charter, shall become due and payable on the first day of the second month following the month in which the assessment roll for said improvement shall have been received by the City Treasurer; and each annual installment, with interest as provided by the Charter shall be due and payable on the first day of the same month in each of the succeeding nine years.

Sec. 2. All ordinances or parts of ordinances, inconsistent with the terms of this ordinance, are hereby repealed.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—17.

By Ald. Plumb—

City of Rochester,
Department of Law,
July 2, 1900.

Mr. William T. Plumb, Alderman Twelfth
Ward, City:

Dear Sir—Referring to your question concerning the proposed ordinance for Lake View park cleaning and care, it appears from the Common Council proceedings that the property known as Lake View park was acquired by condemnation proceedings for a public use, and on May 24, 1898, by resolution of the Common Council (C. C. P. 1898, p. 319) the Board of Park Commissioners were directed "to take charge of as a public park, the lands lately condemned for public uses, now known as Lake View park." It is my opinion that the expense contemplated by the ordinance, if assessed against abutting property owners, would necessarily be borne in part by the city.

Yours truly,

P. M. FRENCH,
Corporation Counsel.

Received, filed and published.

By the Clerk—

City of Rochester,
Department of Law,
July 3, 1900.

To the Honorable the Common Council:

Gentlemen—Pursuant to section 422 of chapter 182 of the laws of 1898, I beg leave to report that on the 26th and 27th days of June, 1900, in two actions in the Municipal court of the city of Rochester, where in Joseph C. Wilson was plaintiff and the city of Rochester defendant, said plaintiff, represented by George B. Draper, Esq., his attorney in both actions, recovered a judgment against the city of Rochester for the sum of \$85.00 damages and \$10.00 costs in each of said actions, amounting in the aggregate to \$190.00; which judgments bear interest from the 26th day of June, 1900, on \$95.00 and from the 27th day of June, 1900, on \$95.00 at the rate of six per cent. per annum. Said judgments have become payable, and it is my opinion that the amounts of them should be raised in the next levy of taxes.

Respectfully submitted,

P. M. FRENCH,
Corporation Counsel.

Received, filed and published and referred to Committee on Law.

By Ald. Parsons—

City of Rochester,
Department of Public Safety,
June 25, 1900.

The Honorable the Common Council:

Gentlemen—The season has now arrived when it is necessary to make arrangements for the establishment of stations for furnishing, under the management of the Health Department, a special milk supply for children, the result of which work has been so important to the preservation of the health of children in the past, and I have the honor to request the passage of the accompanying ordinance, which, to be effective for the purpose, must be unanimously adopted by the Council and unaniously concurred in by the Board of Estimate and Apportionment, and which I certify to be absolutely necessary, in my opinion, to permit the work to be promptly and satisfactorily carried out.

Very respectfully yours,

JAMES G. CUTLER,
Com'r of Public Safety.

Received, filed and published.

By Ald. Parsons—Whereas, An appropriation of nine hundred dollars has been made and placed to the credit of the

Health fund, to be used by the Commissioner of Public Safety in establishing milk stations, and, as it is determined to be impracticable to procure the work of materials by contract,

Be it ordained by the Common Council as follows:

That, if the Board of Estimate and Apportionment concur by unanimous vote, the Commissioner of Public Safety, in establishing milk stations, is authorized to make the necessary expenditures of money for this purpose, not to exceed the sum appropriated therefor, namely, nine hundred dollars, as he shall deem to be for the best interests of the city, by direct purchase or otherwise.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—17.

City of Rochester,
Department of Public Works,
Bureau of Engineering,
Rochester, N. Y., July 2, 1900.

To the Hon., the Common Council of the City of Rochester:

Gentlemen—New sidewalks were laid on Champlain street, under an ordinance of the Common Council. The assessment roll for said walks was confirmed May 25, 1897. It appears that there was an error in the description of one lot on said street, and that J. E. Shepard was assessed for 33 feet of walk when the assessment should have been made against H. Hall.

I have had the matter very thoroughly investigated, and as there seems to be no doubt as to the fact that an error was made in this assessment, I would respectfully recommend that a rebate of \$19.35 be made in favor of J. E. Shepard, being the amount erroneously charged him, together with interest thereon, for said walk, and that the assessors be directed, in accordance with section 215 of the old City Charter, to correct said roll and assess the amount of \$18.02 against H. Hall, on account of an error in the original assessment.

Very truly yours,

E. A. FISHER,
City Engineer.

Received, filed and published.

By Ald. Tanner—Whereas, It appears from the report of the City Engineer that an error was made in designating the owner of a certain lot to be assessed for the construction of a sidewalk on Champlain street, under Final Ordinance No. 6366, the assessment roll of which was confirmed May 25, 1897, in which a lot now owned by J. E. Shepard was assessed for the construction of a walk, whereas the walk was constructed in front of the property of H. Hall. Therefore

Be it ordained by the Common Council of the city of Rochester as follows.

Section 1. The assessors of the city of Rochester are hereby directed to correct the assessment roll for the Champlain street walk by assessing against the property of H. Hall the amount erroneously assessed to the property now owned by J. E. Shepard, formerly in the name of S. Reed, in accordance with Section 215 of the old City Charter; said amount being \$18.02.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—17.

By Ald. Baker—

City Clerk's Office,
Rochester, N. Y., July 3, 1900.
To the Common Council:

Gentlemen—The City Assessors have delivered to me the following assessment rolls, certified and verified as required by the charter:

- Ord. No. Improvement.
7734—Averill park cement walk.
7817—Birr street trap rock macadam imp't.
7888—Cypress street sewer.
7766—Elizabeth street asphalt improvement.
7730—Frankfort street walks.
7276—Fourth street asphalt improvement.
6258—Frederick Park extension.
7721—Front street medina improvement.
7343—Genesee street cement walks.
7778—Lawrence street asphalt imp't.
7812—Leopold street macadam imp't.
7791—Lamont park cement walk.
7221—Lave avenue care and embellishment.
7890—Monroe avenue sewer.
7765—N. Washington street asphalt imp't.
7881—Otis and Brooks streets cement walk.
7298—Olean street cement walk.
7814—Pindle alley asphale improvement.
7884—Pindle alley asphalt improvement (supplemental).
7834—Snyder street widening.
7674—Thrush street asphalt improvement.

Respectfully submitted,
T. S. PULVER,
City Clerk.

Received, filed and published.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That the assessments for the following named local improvements as set forth in the rolls for the same as reported to this Council by the City Clerk, as verified and certified by the City Assessors, be and the same hereby are in all things approved and confirmed:

- Ord. No. Improvement.
7734—Averill park cement walk.
7817—Birr street trap rock macadam imp't.
7888—Cypress street sewer.
7766—Elizabeth street asphalt improvement.
7730—Frankfort street walks.
7276—Fourth street asphalt improvement.
7721—Front street medina improvement.
7343—Genesee street cement walks.
7778—Lawrence street asphalt improvement.
7812—Leopold street macadam improvement.
7791—Lamont park cement walk.
7221—Lake avenue care and embellishment.
7890—Monroe avenue sewer.
7765—N. Washington street asphalt imp't.
7881—Otis and Brooks streets cement walk.
7298—Olean street cement walks.
7814—Pindle alley asphalt improvement.
7884—Pindle alley 2 asphalt improvement, (supplemental).
7674—Thrush street asphalt improvement.
7288—North Clinton street sewer.

Allegations were called for and no person appearing the ordinance was adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—17.

By Ald. Baker—Resolved, That the next regular meeting of this Council, appointed to be held July 17, 1900, be and hereby is assigned as the time when any complaints or appeals from the assessments for the following improvements as fixed by the City Assessors by the rolls this day reported to the Common Council, will be heard:

- No.
6258—Frederick park extension.
7834—Snyder street widening.
Adopted.

By the Clerk—

Rochester, June 4, 1900.
To the Hon. the Common Council of the City of Rochester:

Gentlemen—During the month of June, 1900, the total amount of moneys received from fines, etc., to be credited to the Police Funds, as shown by itemized report of this date, was \$106.

Respectfully submitted,
RICHARD CURRAN,
Police Court Clerk.

Received, filed and published.

By the Clerk—

Rochester, N. Y., July 2, 1900.
To the Honorable the Common Council of the City of Rochester:

Gentlemen—During the month of June, 1900, the total amount of moneys received for fines, etc., to be credited to the Police Funds, as shown by itemized report of this date, \$124.60.

Respectfully submitted,
RICHARD CURRAN,
Police Court Clerk.

Received, filed and published.

MISCELLANEOUS COMMUNICATIONS.

By the Clerk—

To the Common Council of the City of Rochester:

Take notice, That I have a claim against the city of Rochester for four hundred dollars (\$400) damages caused by the discharge upon and over the premises hereinafter mentioned owned and occupied by me, of water and sewage from the Clifford street overflow of the East Side Trunk Sewer in the city of Rochester on the 28th day of June, 1900.

My said premises so damaged consist of a parcel of land of about 25 acres used by me for farming purposes, situate in the town of Irondequoit, Monroe county, N. Y., through which premises runs Densmore creek. I reside upon said premises.

On said 28th day of June, 1900, a large volume of water and sewage issued from said overflow and flooded about five acres of my said lands covering up, washing away and destroying 7,500 peach trees, 4,000 head of cabbage, an acre and a half of evergreen corn, a quarter of an acre of tomatoes and a quarter of an acre of potatoes, previously planted thereon by me, thereby rendering the same utterly valueless; and also washed away the rich top soil of my said lands and deposited thereon gravel and other foreign substances to the injury of my said lands.

My claim for said damage is four hundred dollars (\$400), payment of which sum I hereby demand from said city of Rochester, in default of which payment I shall begin an action to recover said sum.

Dated June 29, 1900.

SEPHARINE COSTICH.
Received, filed and published and referred to Committee on Law.

REPORTS OF STANDING COMMITTEES.

By Ald. Plumb—

LAW COMMITTEE REPORT.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—Your Law committee begs leave to report that in compliance with the ordinance passed May 22, 1900, the committee proceeded to investigate the matter of

appointments in the Department of Finance for the purpose of ascertaining if the civil service law had been violated by the Comptroller in the appointment of his subordinates and whether the city was liable for the salaries of employees so appointed.

Your committee called before it the Comptroller; Messrs. Henry H. Pryor, Deputy Comptroller; Herman Cassebeer and George H. Cummings, employees in the Comptroller's office; also, Mr. J. Stuart Page, member of the Civil Service Commission, and Mr. Ernest B. Millard, secretary of the Civil Service Commission.

It appears from the testimony of these witnesses that on January 1, 1900, Mr. Herman Cassebeer was appointed record book-keeper and Mr. George H. Cummings claim and voucher clerk in the comptroller's office; that said positions are in the "competitive" class and appointments thereto must be made from a civil service eligible list; that the said Cassebeer and Cummings were not on the civil service eligible list for the positions to which they were appointed, nor on any eligible list.

It further appears from the evidence before the committee that on the January pay roll of the Department of Finance the names of Messrs. Cummings and Cassebeer were included as employees in the Comptroller's office; that the Civil Service Commission refused to certify said names upon the ground that they had been appointed in violation of civil service.

Upon pay rolls for subsequent months the names of Messrs. Cassebeer and Cummings have not appeared and they have drawn no pay from the city for their services.

Upon his examination before your committee the Comptroller contended that said Cassebeer and Cummings were not city employees, but were employed by him individually as Comptroller.

Your committee finds that the appointment of Messrs. Cassebeer and Cummings was illegal and in violation of the Civil Service law; and your committee further reports that the fact that such appointees are not being paid out of the city treasury in no way excuses the Comptroller in his open violation of the law; nor does your committee agree with the Comptroller that he has the power to appoint as subordinates in his office men who act as his personal individual employees and who owe no duty or responsibility to the municipality. No bank would consent for a moment to the appointment by its cashier of two of his personal followers to positions in the bank to be paid out of the cashier's pocket.

Your committee further ascertained that Mr. H. H. Pryor, the Deputy Comptroller, had given no bond for the faithful discharge of his duties, as is explicitly required by section 62 of the new charter. He entered upon the duties of his office March 1, 1900, and no bond was given until after the first hearing before this committee on the 28th day of May. The Comptroller's excuse for this violation of the law was that the deputy's salary had not been fixed. On the other hand Mr. Pryor denied that, so far as he was concerned, the failure of the Board of Estimate and Apportionment to fix his compensation, had anything to do with the omission to file a bond, and stated that his neglect to comply with the charter provision requiring a bond was due simply to his ignorance of the law.

Your committee further reports that, in its opinion, there is no liability upon the part of the city for the payment of the

salaries of Messrs. Cassebeer and Cummings in the positions which they now occupy, nor for the payment of Mr. Pryor's salary from the time of his appointment to the date of the filing of his bond.

All of which is respectfully submitted,
 WILLIAM T. PLUMB,
 CHARLES S. COOK,
 WILLIAM J. BAKER,
 CHAS. H. JUDSON,
 J. MILLER KELLY,
 Law Committee.

On motion of Ald. Tanner the report was adopted, Ald. Casey voting "No."

By Ald. Baker—

ASSESSMENT COMMITTEE REPORT.

Rochester, N. Y., July 3, 1900.

To the Hon. the Common Council of the City of Rochester:

Gentlemen:—Your Assessment committee begs leave to submit the following report:

In the matter of the petitions of Thomas Salter, Dr. S. L. Elsner, A. B. Crooks, B. C. Rumsey and Marvin A. Culver, we recommend that the same be denied.

In the matter of the petitions of Catherine E. Ryan, Catherine Kennedy, Barbara Lintz, Frank N. Miles, we recommend that the same be granted as per the following ordinance.

Your Assessment committee begs leave to further report that they have considered the ordinance introduced by Ald. Parsons on June 5, 1900, and referred to this committee by your honorable body, in reference to sprinkling section 2, Benton street, and after consideration recommend that the same be passed, omitting section 2 thereof.

Your Assessment committee further reports that they have examined and considered the expense of local improvements named in a communication presented by the City Treasurer to your honorable body on June 19, 1900, and referred to this committee; and find that the costs and expenses named therein include the proper interest charges as near as can be ascertained by the City Treasurer, and we recommend that the same be acted upon favorably by your honorable body.

Respectfully submitted,

WM. J. BAKER, Chm.,
 WILLIAM T. PLUMB,
 HENRY G. COOK,
 W. ERNST,

Assessment Committee.

Received, filed and published.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That Catherine E. Ryan be allowed to pay Martin street sewer assessment on lot 9, section T, Galusha tract, Martin street, sold to the city of Rochester March 29, 1869, by paying the face value of said assessment within 30 days from the passage of this ordinance, and upon such payment that said assessment be cancelled.

Section 2. That Catherine Kennedy be allowed to pay the general city taxes for the years 1896, 1897, 1898 and 1899, assessed to John Kennedy on lot 2 west and 3 north-west, rear, original tract, west side of Plymouth avenue (which taxes were sold to the city of Rochester) with interest at the rate of 6 per cent. per annum from the date of their respective sales, within 30 days from the passage of this ordinance, and upon such payment that said taxes be cancelled.

Sec. 3. That Barbara Lintz be allowed to pay the general city tax for 1900 on lot 15,

west side Childs street, by paying to the City Treasurer the sum of \$9.75 and interest thereon, within 30 days from the passage of this ordinance, and upon the receipt of \$9.75 with interest the City Treasurer is hereby authorized and directed to cancel aforesaid tax and charge the difference of the original amount and the amount paid to the erroneous assessment fund.

Sec. 4. That Frank D. Miles be allowed to pay the general city tax of 1900 on lot 47, west side of Rainier street, by paying the sum of \$12.66, and upon the receipt thereof with interest, the city treasurer is hereby authorized and directed to cancel aforesaid tax and charge the difference of the original amount and the amount paid to the erroneous assessment fund.

Ayes—Aldermen Tracy, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Mead, Judson, May—14.

Nays—Aldermen Marson, Tanner—2.

The ordinance was laid on the table until the next regular meeting, and on motion of Ald. Marson referred back to Assessment committee.

By Ald. Tanner—

BUILDING COMMITTEE REPORT.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—In the matter of the petition of:—Estate of M. Flon, 266 Main street east; Harriet B. W. Wilkin, Wilkin street; C. R. Elliott, 48 Concord avenue; Martha Reynolds, 26 Jay street; Chester D. Taylor, Savannah street; Mary A. Wheeler, 13 Harper street; Henry Theim, 779 Clinton avenue north; Alex McWhorter, 131 Mt. Hope avenue; E. J. Wyatt, Avondale park; E. J. Wyatt, Klinck street; John Bachman, St. Francis street; Mrs. Caroline Hummel, 14 Huntington street; M. L. Dukelow, Scio street; R. H. Dukelow, Garson avenue; R. H. Dukelow, Garson avenue; R. H. Dukelow, Oswego street; R. H. Dukelow, Garson avenue; C. Crossman, 816 Clinton avenue north; Meyer Stein, 208 Chatham street; Herbert B. W. Griffith, corner South Union and Buena streets; Henry Kaitz, Alphonsus street; First M. E. church, North Fitzhugh street; Emily A. Guptill, Avenue D; Frederick Stehler, Central park; Andrew Angell, Kenwood avenue; James B. Nellis, Flint street; James B. Nellis, Flint street; Fred Christ, 513 Parsells avenue; William L. Koch, Avenue D; George L. Jones, 142 Pearl street; I. J. Boone, 131 Pennsylvania avenue; C. L. Hempel, Hempel park; Harriet B. W. Wilkin, Wilkin street; Harriet B. W. Wilkin, Wilkin street; Harriet B. W. Wilkin, Wilkin street; William Reiber, 221 Child street; Thomas J. Naylor, Smith, corner Saxton streets; N. Casariette and son, 51 Hartford street; Mrs. F. Ritz, 18 Ritz street; Rev. F. R. Rauber, 326 Gregory street; A. N. Beinstein, 119 East avenue; C. Kruger, Emerson street; C. Kruger, Sherman street; Ransom Miller, Brown street; Moses Cohn, 170 Chatham street; Moses Cohn, 170 Chatham street; M. Kroll, 79 Herman street, we recommend that the prayer of said petitioners be granted.

JAMES J. TANNER,
W. H. MARSON,
CHARLES S. COOK,
Committee on Buildings.

Received, filed and published.

By Ald. Tanner—Be it ordained by the Common Council of the city of Rochester as follows:

Sec. 1. That permission be and hereby is granted to the petitioners named in the foregoing report of the Building committee to erect buildings in accordance with their several petitions, providing that all work done pursuant to this authorization, shall conform in all respects to the facts set forth in the petitions of the applicants and to the plans and specifications submitted to the Fire Marshal and to the penal ordinances of the city of Rochester, entitled "An ordinance relating to buildings," and the Fire Marshal is hereby authorized to issue such permits.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—17.

By Ald. C. S. Cook—

RAILROAD COMMITTEE REPORT.

Rochester, N. Y., July 3, 1900.

To the Honorable the Common Council:

Your committee, to whom was referred the application of the New York Central and Hudson River Railroad Company and the Buffalo, Rochester and Pittsburgh Railway company in regard to Maple and Saxton streets matter, beg leave to report that after hearing the parties in interest on both sides, and after a careful consideration of the matter, we are in favor of an under crossing at Saxton street substantially in accordance with the plans submitted by the railroad companies, as modified by the City Engineer and approved by the railroad companies; but your committee are of the opinion, and we recommend, that the city proceed under the existing contract to the acquisition of the lands necessary for the grade crossing at Saxton street, and that the matter of an under crossing be deferred for subsequent action after such lands shall have been acquired upon such agreement as may be made between the city and the railroad companies in respect to the subway.

Respectfully submitted,

CHAS. S. COOK,
FRANK G. PARSONS,
JAMES J. TANNER,
JNO. M. REDDINGTON,
J. MILLER KELLY,
AUGUST J. MAY.

Railroad Committee.

On motion of Ald. C. S. Cook the report of the committee was adopted.

ACTION ON IMPROVEMENT ORDINANCES.

FIRST ORDINANCES.

ROGERS AVENUE SPRINKLING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Rogers avenue.

Adopted.

The Engineer submitted as such estimate, \$102.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary, viz.:

The sprinkling of Rogers avenue, from Lois street to Otis street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And, whereas, the City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$102, which estimate is hereby approved.

Be it further ordained, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Rogers avenue, from Lois street to Otis street.

Adopted.

NORTH UNION STREET SPRINKLING (SEC. 3).

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling North Union street (Sec. 3).

Adopted.

The Engineer submitted as such estimate, \$35.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary, viz.:

The sprinkling of North Union street (Sec. 3), from the south line of the property of the N. Y. C. and H. R. R. R., to the north line of Trinidad street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And, whereas, the City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$35, which estimate is hereby approved.

Be it further ordained, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of North Union street, from the south line of the property of the N. Y. C. and H. R. R. R., to the north line of Trinidad street.

Adopted.

HUDSON AVENUE SPRINKLING SEC. 2).

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Hudson avenue (Sec. 2).

Adopted.

The Engineer submitted as such estimate, \$393.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary, viz.:

The sprinkling of Hudson avenue (Sec. 2), from Wilkin street to Norton street; also 100 feet on the following intersecting streets: St. Stanislaus street, Peckham street, Pulaski street, Avenue D, Avenue A, Berlin street, Wilkins street, Kosciusko street, Sobieski street, Ernst place, Weddale way and Herald street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commission-

er of Public Works deems advisable for a bicycle path

And, whereas, the City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$393, which estimate is hereby approved.

Be it further ordained, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Hudson avenue, from Wilkins street to Norton street.

Adopted.

EPWORTH STREET SPRINKLING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Epworth street.

Adopted.

The Engineer submitted as such estimate, \$46.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary, viz.:

The sprinkling of Epworth street from Clifton street to Penn street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And whereas, The City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$46, which estimate is hereby approved.

Be it further ordained, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Epworth street, from Clifton street to Penn street.

Adopted.

GLADSTONE STREET SPRINKLING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Gladstone street.

Adopted.

The Engineer submitted as such estimate, \$39.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary, viz.:

The sprinkling of Gladstone street from Clifton street to Tremont street during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And whereas, The City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$39, which estimate is hereby approved.

Be it further ordained, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Gladstone street, from Clifton street to Tremont street.

Adopted.

ASBURY STREET SEWER.

By Ald. Beard—Be it ordained by the Common Council of the City of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Asbury street, from a point near the angle to the sewer in Clinton avenue south.

Adopted.

The Engineer submitted as such estimate, \$1,550.

By Alderman Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the following improvement is necessary and should be made, viz.:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the city charter, in Asbury street, from a point near the angle to the sewer in Clinton avenue south.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$1,550, which, being deemed reasonable, is hereby approved.

Be it further ordained, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Asbury street, from Clinton avenue south to Field street.

Adopted.

ST. STANISLAUS STREET SEWER.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the city charter, in St. Stanislaus street.

Adopted.

The Engineer submitted as such estimate, \$2,100.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the following improvement is necessary and should be made, viz.:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the city charter, in St. Stanislaus street, from a point 120 feet west of North street to the sewer in Hudson avenue.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets; not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$2,100, which, being deemed reasonable, is hereby approved.

Be it further ordained, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of St. Stanislaus street, from North street to Hudson avenue.

Adopted.

RAVINE AVENUE CEMENT WALKS.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing Portland cement walks on Ravine avenue.

Adopted.

The Engineer submitted as such estimate, \$3,000.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The construction of a Portland cement walk, 4-1-2 feet wide on each side of Ravine avenue from Hasting street to Erie canal, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

Excepting from the above that portion of the north side between the high banks of Deep Hollow ravine, which will be of pine plank, 4 feet 8 inches wide, with a suitable hand railing; also excepting that portion of the street now being built under Ord. No. 402.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and re-

ported the same at \$3,000, which, being deemed reasonable, is hereby approved.

Ordained, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Ravine avenue from Hastings street to Erie canal.

Adopted.

CLINTON AVENUE NORTH CEMENT WALKS.

By Alderman Beard, Resolved, That the City Engineer ascertain and report to this Council the expense of constructing cement walks on Clinton avenue north from Main street to the N. Y. C. & H. R. R. R.

Adopted.

The engineer submitted as such estimate, \$3,500.

By Ald. Beard—Resolved, That the following improvement is necessary and should be made, viz.:

The construction of cement walks on both sides of Clinton avenue north from Main street east to the N. Y. C. & H. R. R. R., between the curb and the street line, except where good cement or flag walks now exist, substantially as good as the new walk, or where the walk is composed of flags at least 5 feet in width with the balance of the space between the curbs and street line filled with brick. Said walks excepted, or any portion of them not conforming to the proper grade and alignment, may be relaid.

And, the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$3,500, which being deemed reasonable is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Clinton avenue north from Main street east to the New York Central and Hudson River railroad.

Adopted.

WEYRICH STREET CEMENT WALKS.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the City Engineer ascertain and report to this Council the expense of constructing Portland cement walks on Weyrich street.

Adopted.

The Engineer submitted as such estimate, \$250.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The construction of a Portland cement walk 4 feet wide on east side of Weyrich street from the south end thereof to Central park, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$250, which, being deemed reasonable, is hereby approved.

Ordained, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on east side of Weyrich street, from the south end thereof to Central park.

Adopted.

DUDLEY STREET CEMENT WALKS.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing Portland cement walks on Dudley street.

Adopted.

The Engineer submitted as such estimate, \$300.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester, that the following improvement is necessary and should be made, viz.:

The construction of a Portland cement walk 4 feet wide on east side of Dudley street, from Clifford street to Weeger street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$300, which, being deemed reasonable is hereby approved.

Ordained, further, that the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on east side of Dudley street from Clifford street to Weeger street.

Adopted.

LANG STREET PLANK WALKS.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing plank walks on Lang street (formerly North Linden.)

Adopted.

The Engineer submitted as such estimate, \$450.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The construction of a pine plank walk 4 feet wide on each side of Lang street, from Clinton avenue north to Remington street, except where good flag, plank or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And, The City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$450, which, being deemed reasonable, is hereby approved.

Ordained, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following por-

tion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Lang street, from Clinton avenue north to Remington street.
Adopted.

MERLE STREET PLANK WALKS.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing plank walks on Merle street.

Adopted.
The Engineer submitted as such estimate, \$125.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The construction of a pine plank walk 3 feet wide on north side of Merle street, from Seibert's stone house to Hebard street, except where good flag, plank or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$125, which being deemed reasonable, is hereby approved.

Ordained further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the north side of Merle street, in front of which the proposed walk is to be constructed.
Adopted.

OAK STREET CEMENT WALKS.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing Portland cement walks on Oak street.

Adopted.
The Engineer submitted as such estimate, \$250.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The construction of a Portland cement walk 5 feet wide on each side of Oak street, from Platt street to Dean street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$250, which, being deemed reasonable, is hereby approved.

Ordained further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Oak street, from Platt street to Dean street.

Adopted.

By the Clerk—

City Clerk's Office,
Rochester, N. Y., July 3, 1900.
To the Honorable the Common Council of the City of Rochester:

Gentlemen:—I do hereby certify that a notice, such as is required by section 146 of the city charter, specifying each of the improvements contemplated by the following final ordinances, the estimated expenses thereof, the amount, if any, of such expenses to be paid from the public treasury, the portion or part of the city to be assessed for the remainder of the expenses and requiring all persons interested in the subject matter of the improvement to attend at the time appointed in such notice, was published daily for four days in two daily newspapers printed in this city, namely, the Rochester Post Express and the Rochester Union and Advertiser.

Respectfully submitted,
THEODORE S. PULVER,
City Clerk.

Received, filed and published.

FINAL ORDINANCE NO. 427.

TERHAAR STREET SPRINKLING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle Terhaar street, from Remington street to Joseph avenue.

And after hearing such allegations from all persons appearing:

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Terhaar street, from Remington street to Joseph avenue, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$49, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Terhaar street, from Remington street to Joseph avenue.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—16.

FINAL ORDINANCE NO. 428.

HEBARD STREET SPRINKLING

(SEC. 2.)

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle Hebard street (Sec. 2), from Trinidad street to Wait street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Hebard street (Sec. 2), from Trinidad street to Wait street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$27, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Hebard street, from Trinidad street to Wait street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—16.

FINAL ORDINANCE NO. 429.

GREENWOOD STREET SPRINKLING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle Greenwood street, from Atkinson street to Troup street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Greenwood street, from Atkinson street to Troup street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$28, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Greenwood street, from Atkinson street to Troup street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—16.

FINAL ORDINANCE NO. 430.

BACKUS STREET SPRINKLING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle Backus street, from Bloss street to Emerson street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Backus street, from Bloss street to Emerson street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$107, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Backus street, from Bloss street to Emerson street.

Adopted by the following vote:

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—16.

FINAL ORDINANCE NO. 431.

BAY STREET SPRINKLING (SEC. 2).

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle Bay street (Sec. 2), from the west line of Third street to Fifth street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Bay street (Sec. 2), from the west line of Third street to Fifth street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$35, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Bay street, from the west line of Third street to Fifth street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—16.

FINAL ORDINANCE NO. 432.

THOMAS STREET SPRINKLING

(SEC. 2).

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle Thomas street (Sec. 2), from the south line of Clifford street to Wilkins street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Thomas street (Sec. 2), from the south line of Clifford street to Wilkins street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$70, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Thomas street, from Clifford street to Wilkins street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—16.

FINAL ORDINANCE NO. 433.

GRACE STREET SPRINKLING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle Grace street, from North street to Concord street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Grace street, from North street to Concord street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$20, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Grace street, from North street to Concord street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—16.

FINAL ORDINANCE NO. 434.

GORSLINE STREET SPRINKLING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle Gorsline street, from Lake avenue to Park Drive.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Gorsline street, from Lake avenue to Park Drive, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$108, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Gorsline street, from Lake avenue to Park Drive.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—16.

FINAL ORDINANCE NO. 435.

HAWKINS STREET ASPHALT PAVEMENT.

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Hawkins street, from Scrantom street to Oakman street, by the construction of an asphalt pavement therein. Also the construction of a Medina stone curb six inches thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be 20 feet. The pavement shall extend to the street line at all intersecting streets and alleys except where permanent improvements now exist at proper lines and grades.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a manhole for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer connections, of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals at all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. All manholes, sur-

face sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal, by the Commissioner of Public Safety, as provided by section 225 of the City Charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there is now no water services, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under Section 110 of the City Charter. Also crosswalks at all intersecting streets, and midway in all blocks exceeding 400 feet in length. Also the cleaning and repairing of so much of the main sewer as may be found necessary to restore it to its original condition. Also the construction of a Portland cement walk four feet in width on each side of the street except where cement or flagstone walks of the said width, or greater width, now exist, substantially as good as the new walk, which may be re-laid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for ten years.

The pavement and walks of intersecting streets shall be adjusted to the grade of the improvement.

The asphalt surface shall be composed of one of the standard mixtures laid in this city for the past five years, or any other asphalt mixture that has been laid in quantities of at least 3,000 square yards, and has worn well for a period of not less than three years.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$7,500, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Hawkins street, from Scranton street to Oakman street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—16.

FINAL ORDINANCE, NO. 436.

GALUSHA STREET ASPHALT PAVEMENT.

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Galusha street, from Hart street to Lowell street, by the construction of an asphalt pavement therein.

Also the construction of a Medina stone curb six inches thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be 26 feet. The pavement shall extend to the street line at all intersecting streets and alleys except where permanent improvements now exist at proper lines and grades. Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a manhole for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at

such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. All man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there is now no water service, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under section 110 of the city charter. Also crosswalks at all intersecting streets and midway in all blocks exceeding 400 feet in length. Also the cleaning and repairing of so much of the main sewer as may be found necessary to restore it to its original condition.

Also the construction of a Portland cement walk 5 feet in width on each side of the street except where cement or flagstone walks of the said width, or greater width, now exist, substantially as good as the new walk, which may be re-laid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for ten years.

The pavement and walks of intersecting streets shall be adjusted to the grade of the improvement.

The asphalt surface shall be composed of one of the standard mixtures laid in this city for the past five years, or any other asphalt mixture that has been laid in quantities of at least three thousand square yards, and has worn well for a period of not less than three years.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$12,000, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Galusha street, from Hart street to Lowell street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—16.

FINAL ORDINANCE, NO. 437.

CENTRAL AVENUE BLOCK STONE PAVEMENT.

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Central avenue, from bridge over Genesee river, to Clinton avenue north, as follows: (1st). That part thereof included within the space between lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with a block stone pavement, also the construction of a concrete foundation under said pavement and tracks, together with the necessary surface sewers in said tracks; (2d). That part thereof lying outside of lines

drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with a block stone pavement.

Also the construction of a Medina stone curb six inches thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be generally the same as at present. The pavement shall extend to the street line at all intersecting streets, and alleys except where permanent improvements now exist at proper lines and grades. Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a manhole for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. All man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there is now no water service, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under section 110 of the city charter. Also crosswalks at all intersecting streets and midway in all blocks exceeding 400 feet in length. Also the cleaning and repairing of so much of the main sewer as may be found necessary to restore it to its original condition.

Also the construction of a Portland cement walk or flag stone walk, from curb to street line, on each side of the street, except where cement or flagstone walks of the said width now exist, substantially as good as the new walk, which may be relaid if not conforming to the proper grade or alignment, from St. Paul to Clinton avenue north.

The pavement shall be guaranteed and kept in repair for five (5) years.

The pavements and walks of intersecting streets shall be adjusted to the grade of the improvement. Also the construction of a main sewer of form and dimensions approved by the Health Officer, or on appeal, by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, from a point near St. Paul street to the sewer in Central avenue at Water street.

And the City Engineer, under the direction of this Council, having made estimates (1st). Of the expense of those portions of the improvement consisting of a block stone pavement between lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company, also the construction of a concrete foundation under said pavement and tracks, together with the necessary surface sewers in said tracks at \$8,500, and (2d). Also the paving of that part of said street lying outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with a block stone pavement; also the construction and repair of the necessary lot laterals, water services, curbing and sidewalks within the

street lines, at \$22,500; and (3d). The aggregate estimated expense of all of said work at \$31,000, all of which being deemed reasonable, are hereby approved.

And whereas, The Rochester Railway company has been notified, pursuant to the provisions of Section 98 of Chapter 676 of the laws of 1892, to pave between its tracks, the rails of its tracks, and for two feet outside of the outside rails of its tracks, and has refused to make such pavement.

It is further ordained, That the whole expense of the work, consisting of a block stone pavement between lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company, and the construction of a concrete foundation under said pavements and tracks, together with the necessary surface sewers in said tracks, be charged to, and collected from, the Rochester Railway company; and the expense of the work on the remainder of the improvement, as above specified, is hereby directed to be assessed upon all the following portion of the city, which this Council deems especially benefited by, and proper to be assessed for, such improvement, to wit:

One tier of lots and parcels of land on each side of Central avenue, from the Genesee river to Clinton avenue north.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—16.

FINAL ORDINANCE, NO. 438.

PENNSYLVANIA AVENUE WALKS AND CURBS.

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a Portland cement walk 5 feet wide on each side of Pennsylvania avenue, from Goodman street to Webster avenue, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading, roadway grading, 4 inch curb and crosswalks.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$2,300, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Pennsylvania avenue, from Goodman street to Webster avenue.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—16.

FINAL ORDINANCE, NO. 439.

LEWIS STREET TRAP ROCK MACADAM PAVEMENT.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to improve Lewis street, from Scio street to Union street.

And after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Lewis street, from Scio street to Union street, by the construction of a trap rock macadam pavement therein. Also the construction of a Medina stone curb four inches thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be twenty-one feet. The pavement shall extend to the street line at all intersecting streets and alleys, except where permanent improvements now exist at proper lines and grades. Also manholes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a manhole for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer connections, of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. All manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal, by the Commissioner of Public Safety, as provided by section 225 of the City Charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there is now no water services, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under section 110 of the City Charter. Also cross-walks at all intersecting streets, and mid-way in all blocks exceeding 400 feet in length. Also the cleaning, and repairing of so much of the main sewer as may be found necessary to restore it to its original condition.

The pavement shall be guaranteed and kept in repair for 5 years.

The pavement and walks of intersecting streets shall be adjusted to the grade of the improvement.

And the City Engineer, under the direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$7,500, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Lewis street, from Scio street to Union street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—16.

FINAL ORDINANCE, NO. 440.

RUNDEL PARK CURBS.

On motion of Ald. Beard the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct curbs in Rundel park.

And after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a 4-inch curb stone in Rundel park, from the south end thereof to University avenue, around the center grass plots. Also the necessary surface sewers. Also curbing in alley at south end of Rundel park, extending to Oxford street.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$700, which, being deemed reasonable, is hereby approved.

And the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Rundel park, from the south end thereof to University avenue; also one tier of lots and parcels of land on each side of said alley from Oxford street westerly to point near west line of Rundel park.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—16.

FINAL ORDINANCE, NO. 441.

BRECK STREET SEWER.

On motion of Ald. Calihan, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a sewer in Breck street from a point 453.4 feet west of Barnum street to the sewer in Barnum street.

And after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter, in Breck street, from a point 453.4 feet west of Barnum street to the sewer in Barnum street.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum

of \$950, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Breck street, from Porter street, proposed, to Barnum street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—18.

FINAL ORDINANCE, NO. 442.

REMOVING SNOW AND ICE FROM KENWOOD, WELLINGTON, WARWICK, FROST, BRONSON AND CHILL AVENUE WALKS.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to remove snow and ice from Kenwood, Wellington, Warwick, Frost, Bronson and Chili avenue walks.

And after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The removal of the snow and ice from the walks during the winter season of 1900 and 1901 in the following streets:

Kenwood avenue, from Chili avenue to the south end of said avenue; Wellington avenue, from Chili avenue to the south end of said avenue; the east side of Warwick avenue, from Chili avenue to the south end of said avenue; Frost avenue, from Warwick avenue to the east line of Kenwood avenue; Bronson avenue, from Warwick avenue to Judson street and the south side of Chili avenue, from Ardmore street to Warwick avenue.

And, The City Engineer, under the direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$500, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Kenwood avenue, from Chili avenue to the south end of said avenue; Wellington avenue, from Chili avenue to the south end of said avenue; Frost avenue, from Warwick avenue to Kenwood avenue; Bronson avenue, from Warwick avenue to Judson street; and on the east side of Warwick avenue, from Chili avenue to the south end of said avenue and on the south side of Chili avenue, from Ardmore street to Warwick avenue.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—18.

On motion of Ald. Ernst the final ordinance for Ontario street brick pavement was laid on the table until the next regular meeting.

On motion of Ald. Mead the final ordinance for Portland avenue trap rock macadam pavement was laid on the table until the next regular meeting.

On motion of Ald. C. S. Cook the final ordinance for Hawkins street sewer was laid on the table until the next regular meeting.

The final ordinance for Oak street sewer was presented and, after allegations thereon were heard the ordinance, on motion of Ald. Casey, was laid on the table until the next regular meeting.

The final ordinance for Augusta street trap rock macadam pavement was presented and, after allegations thereon were heard the ordinance was, on motion of Ald. Ernst, laid on the table until the next regular meeting.

The final ordinance for Franklin street Medina block stone pavement was presented and, after allegations thereon were heard, the ordinance was, on motion of Ald. C. S. Cook, laid on the table until the next regular meeting.

The final ordinance for Locust street (section 2) sprinkling was presented and, after allegations thereon were heard, the ordinance was, on motion of Ald. Baker, laid on the table until the next regular meeting.

The final ordinance for Lake View park care and cleaning was presented and, after allegations thereon were heard, the ordinance was, on motion of Ald. Kelly, referred to the City Engineer with instructions to report to the Council at this meeting, whether, in his opinion, the ordinance was so drawn as to impose any portion of the expense on the city at large.

The final ordinance for Eiffel place sprinkling was presented and, on motion of Ald. Mead, action thereon was indefinitely postponed.

The final ordinance for Gregory street sprinkling (section 2) was presented and, on motion of Ald. H. G. Cook, action thereon was indefinitely postponed.

The final ordinance for Clinton avenue north (section 2) sprinkling, was presented and, on motion of Ald. Mead, action thereon was indefinitely postponed.

MISCELLANEOUS BUSINESS.

By Ald. Race—Be it ordained by the Common Council of the city of Rochester:

That the unpaid taxes assessed against the north part of lots 1 and 4, owned by B. G. Saunders, for Main street reservoir, amounting to \$1.50 and interest; also the unpaid city taxes for 1890, amounting to \$18.13 and interest, be cancelled and the City Treasurer is directed to charge the same to erroneous assessments.

Ald. Plumb objected to action upon the ordinance at this meeting and on his motion it was referred to the Assessment committee.

By Ald. Casey—Resolved, That the Rochester Gas and Electric company be and hereby is directed to place an arc electric light on Dempsey place.

Referred to Lamp and Electricity committee and City Engineer.

By Ald. Plumb—Be it ordained by the Common Council of the city of Rochester:

That that portion of Park avenue, from Alexander street to Meigs street, between the tracks, the rails of the tracks, and for two feet outside of the outside rails of the tracks of the Rochester Railway company requires paving and adjusting to grade, and that the said Railway company be, and hereby is, required to pave and put in permanent repair that portion of said Park avenue, between the tracks, the rails of the tracks, and for two feet outside the outside rails of the tracks, within thirty days from the date of the serving of this notice, in accordance with the plans and specifications hereto attached, and in

case of neglect of said corporation to make such pavement or repairs after the expiration of said period of thirty days, the Commissioner of Public Works be, and hereby is, directed to make the same at the expense of said Railway company, and that the City Clerk be directed to notify the said Railway company of the adoption of this ordinance.

Ald. Baker objecting to action upon the ordinance at this meeting, it went over until the next regular meeting.

City Engineer Fisher reported that the Lake View park care and cleaning ordinance was drawn in the usual form and provided that the entire expense be borne by abutting property owners.

On motion of Ald. Beard the ordinance was referred to the Public Improvement committee.

By Ald. Plumb—Whereas, According to a certain agreement dated August 3, 1898, made between the city of Rochester and the town of Irondequoit, whereby the said city agreed, among other things, to construct a certain bridge in said town on or before July 1, 1899, and in case of its failure so to do to pay to the Highway Commissioner of said town for the benefit of said town, the sum of one hundred and fifty dollars (\$150.00); which said agreement was made by the city of Rochester in settlement of a certain claim made by the town of Irondequoit against the city for damages occasioned by the washing away of one of its highways running north from Norton street to Silas Livingston's in said town and the destruction of a culvert constructed at that point by said town, which said damage was alleged to have been occasioned by the overflow of the East Side trunk sewer of the city of Rochester, commonly called the Clifford street overflow; and,

Whereas, By a supplemental agreement, dated August 8, 1899, the time to perform by said party of the first part under said agreement was extended to July, 1900; and,

Whereas, Said time is about to expire under said extension and the city has not built said bridge, and the town of Irondequoit is willing to make a further extension of the time of said agreement to July 1, 1901, on the same terms as the former extension, viz., that the city should pay to the Highway Commissioner of said town the sum of twenty-five dollars (\$25.00) for its supervision and inspection of said highway and bridge, to July 1, 1901, and provided, further, that the said city shall make all necessary repairs to said bridge and keep the same in a safe condition until July 1, 1901; now, therefore,

Be it ordained by the Common Council of the city of Rochester, as follows:

That the Mayor is authorized and directed to execute and deliver to the said town of Irondequoit a contract of extension of the said agreement on the terms above specified.

Adopted by the following vote:

Ayes—Aldermen Marson, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst—12.

By Ald. H. G. Cook—Whereas, The Treasurer of the city of Rochester, on the 14th day of December, 1899, sold the general city tax for 1899, on lots 197 and 195, Rapids tract, west side of Genesee Valley canal, and 196 and 194, Rapids tract, east side of Mansion street, in the city of Rochester, to C. L. Blum, for the sum of \$272.83, and the said City Treasurer upon the receipt of said \$272.83 from said Blum, issued a tax certificate to said Blum;

Now, therefore, be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That upon the surrender to the City Treasurer of the tax certificate by C. L. Blum of lots 197 and 195, Rapids tract, west side of Genesee Valley canal, and 196 and 194, Rapids tract, east side of Mansion street, and City Treasurer is hereby authorized and directed to pay to said Blum the sum of \$272.83, said sum being the amount received by the City Treasurer from said Blum, December 14, 1899, for a tax certificate of lots and parcels of land aforesaid.

On motion of Ald. H. G. Cook referred to Law committee.

RELATING TO THE KEEPING AND VENDING OF MILK IN THE CITY OF ROCHESTER.

Section 6. It shall not be lawful for any person or persons to peddle milk, or to sell the same to the inhabitants of the city, from any cart, wagon or vehicle whatever, in any of the public streets or alleys of the city, without having been duly registered to do the same by the Department of Health, as hereinafter provided, and any person guilty of the violation of this ordinance shall be adjudged guilty of a misdemeanor, and upon conviction subject to a fine of \$10 for each offense.

The Department of Health shall have power, and it is hereby authorized to register such person or persons as in its judgment shall appear proper and best calculated to secure to the inhabitants of the city of Rochester pure and wholesome milk. Upon certificate of registration being granted, the Department of Health shall give to such party or person a written certificate to peddle, sell or deliver pure and wholesome milk. No certificate of registration shall be assigned or transferred without permission of this department. Any certificate of registration may be revoked when it shall appear that the person, persons or association holding the same have violated any provisions of this ordinance, or when from cause it may be deemed best by the Department of Health in the interest of public health to revoke such certificate of registration.

On motion of Ald. Parsons referred to the Law committee.

By Ald. Kelly—Be it ordained by the Common Council of the city of Rochester as follows:

That the property owners assessed for DuVal place sewer, under final ordinance No. 7866, be allowed until January 1, 1901, in which to pay their assessments for said improvement with interest at 6 per cent. from the date when said assessments became due.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, C. S. Cook, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Ernst, Mead, Tanner—14.

By Ald. Mead—Resolved, That the Rochester Gas and Electric company and all other corporations maintaining overhead wires on Joseph avenue from Clifford street to Avenue D, be and hereby are requested to place said wires underground in advance of the improvement in said street and to remove all wooden poles.

Adopted.

By Ald. Mead—Resolved, That the Rochester Gas and Electric company be and is hereby directed to place five arc lamps in Seneca park east.

Referred to Lamp and Electricity committee and City Engineer.

Adjourned.

THEODORE S. PULVER,
City Clerk.

In Common Council, July 17, 1900.

REGULAR MEETING.

Present—Hiram H. Edgerton, President of the Common Council, and Aldermen Tracy, Callihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

APPROVAL OF MINUTES.

The minutes of the regular meeting of July 3d were approved as published in the official sheets of proceedings.

RESOLUTIONS.

By Ald. Baker—Resolved, That the City Engineer be directed to establish the lines of West street, from Emerson street through the State Industrial school property; also that the Commissioners of Public Works be requested to do such grading as may be required to make said street safe for public travel.

2. This to take effect immediately.

Adopted.

By Ald. Mead—Resolved, That the City Engineer be requested to establish the grade of Carter street.

Adopted.

PETITIONS AND REMONSTRANCES.

By Ald. Marson—Petitions of W. M. Benson and Rochester Gas and Electric company to erect or remodel buildings. Referred to the Building committee and Fire Marshal.

Also—Petition of Gertrude B. Cardus for cancellation of taxes. Referred to the Assessment committee.

By Ald. C. S. Cook—Petition of heirs of Jacob Meng for building permit. Referred to Building committee and Fire Marshal.

By Ald. Young—Petition of Catherine Clary for cancellation of taxes on property purchased with pension money. Referred to Assessment committee.

Also—Petition of E. B. Gregory for permit to remodel building. Referred to the Building committee and Fire Marshal.

By Ald. Beard—Petition of Rosa Pestke for cancellation of personal tax. Referred to the Assessment committee.

Also—Petition for sewer in Clifford street. Referred to the committee on Streets and Sewers.

By Ald. Casey—Petition of Elizabeth Barry for building permit. Referred to the Building committee and Fire Marshal.

By Ald. Baker—Remonstrance against the sprinkling of Locust street. Received and filed.

By Ald. Plumb—Petition of Laura G. Danford for sewer in Averill avenue. Referred to City Engineer for ordinance.

Also—Petition of John R. Taylor for building permit. Referred to Building committee and Fire Marshal.

Also—Petition for water main in Pacific street. Referred to Water Works committee.

By Ald. Parsons—Petition of Lewis E. Smith for extension of time in which to pay assessments. Referred to the Assessment committee.

Also—Petition of Joseph Cook for building permit. Referred to the Building committee and Fire Marshal.

Also—Petition for cement walk on west side of Klinck street. Referred to City Engineer for ordinance.

By Ald. Kelly—Petition of William L. Mathews for building permit. Referred to the Building committee and Fire Marshal.

Also—Petition of S. D. Bently for permission to pay taxes with 6 per cent. interest. Referred to the Assessment committee.

By Ald. Ernst—Petition of Mary Clark for building permit. Referred to the Building committee and Fire Marshal.

By Ald. Mead—Petitions of Johanna Dichter, John Iserman, Jacob Vollmar, Mary A. Poppino and Anthony J. Schneider, for building permits. Referred to the Building committee and Fire Marshal.

Also—Petition of Martin Magin for reduction of assessment. Referred to the Assessment committee.

Also—Petition for sewer and sidewalk in Custer avenue. Referred to the City Engineer for ordinance.

Also—Petition for sewer and sidewalk in Jewell street. Referred to City Engineer for ordinance.

By Ald. Judson—Petitions of Louisa Wattel, Charles Kiel, Susie H. Knapp and A. R. Pierpont, for building permits. Referred to the Building committee and Fire Marshal.

By Ald. Tanner—Petition of W. H. O'Kane for cancellation of taxes. Referred to the Assessment committee.

Also—Petitions of William L. Mathews, (6), George H. Schwarz, Lillian F. Bidelman and Christina Brown for building permits. Referred to the Building committee and Fire Marshal.

By Ald. May—Petitions of Charles Hetzler, Peter Haag and Eva Schlosser for cancellation of taxes. Referred to the Assessment committee.

Also—Petition of John Kas for building permit. Referred to the Building committee and Fire Marshal.

COMMUNICATIONS FROM THE MAYOR

By the Clerk—

To the Honorable the Common Council of the City of Rochester:

I return without my approval final ordinance number 436 for an asphalt improvement on Galusha street, passed at the Council meeting of July 3, 1900.

There has been no petition in writing asking for this improvement filed. A remonstrance against the enactment of the ordinance was filed May 22, 1900. That remonstrance was signed by a majority in number of the property owners upon Galusha street, and out of a total frontage to be assessed of 2,040 feet the remonstrance represents nearly two-thirds.

Before I was elected I declared my belief that local improvements should not be forced against the will of the majority of the property owners unless public necessity called for the improvement. In my opinion there is no public necessity for the improvement of Galusha street. It is not a thoroughfare over which a large volume of traffic passes daily, but is a short street running from Lowell street to Hart avenue, and there is no immediate prospect of its becoming such a thoroughfare.

On the one hand I am informed that some of the remonstrants in fact desire the improvement, and on the other hand that some of the property owners who failed to join in the remonstrance, are in fact opposed to the improvement. If there is any truth in these statements, it might be well to procure a petition and remonstrance anew for another ordinance. I must be guided by the record, and the record shows that a majority not only of the

owners but of the frontage is opposed to this improvement.

GEORGE A. CARNAHAN,
Mayor.

Ald. C. S. Cook moved that action on the mayor's veto be postponed till later in the meeting.

Carried.

COMMUNICATIONS FROM CORPORATION OFFICERS, BOARDS AND DEPARTMENTS.

By the Clerk—

To the Honorable the Common Council of the City of Rochester:

Gentlemen—Pursuant to § 422 of chapter 182 of the laws of 1898, I beg leave to report: that on the second day of July, 1900, Frederick Schaefer and Edward Schaefer, represented by Eugene M. Strauss, their attorney, in an action in the Supreme court, wherein they were plaintiffs and the city of Rochester was defendant, recovered a judgment against the city of Rochester declaring illegal and void an ordinance for the improvement of Central avenue, and the judgment therefor, and recovering in their favor for costs and disbursements the sum of \$133.25 which judgment bears interest from said second day of July, 1900, at the rate of 6 per cent. per annum. Said judgment has become payable and it is my opinion that the amount of it should be raised in the next levy of taxes.

Yours truly,
P. M. FRENCH,
Corporation Counsel.

Received, filed and published.

By the Clerk—

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—Pursuant to § 422 of chapter 182 of the laws of 1898, I beg leave to report: that on the 15th day of January, 1895, in an action in the Supreme Court in which the Rochester and Honeoye Valley Railroad company was plaintiff, and the city of Rochester was defendant, said plaintiff represented by Satterlee, Yeoman & Taylor, its attorneys, recovered a judgment for the sum of two thousand forty-six dollars, and fifty-one cents, (\$2,046.51), which was subsequently reduced by the decision of the Appellate Division of the Supreme court, to the sum of one thousand two hundred and ninety-six dollars and fifty-one cents, (\$1,296.51); that on May 22, 1897, said railroad company also recovered a judgment against the city of Rochester on affirmation of the first judgment for costs and disbursements, amounting to the sum of one hundred fourteen dollars and sixty-nine cents, (\$114.69), and that on the 28th day of June, 1898, said railroad company pursuant to the decision of the Court of Appeals, recovered a further judgment in the same action, for further costs and disbursements, amounting to the sum of \$108.58; each of said judgments bearing interest at the rate of 6 per cent. from the date of their respective entries, and they have become payable, and it is my opinion that the amounts of said judgments should be raised in the next levy of taxes.

Dated July 17, 1900.

Yours truly,
P. M. FRENCH,
Corporation Counsel.

Received, filed and published.

By the Clerk—

City of Rochester,
Department of Law,
July 17, 1900.

To the Honorable the Common Council:
Gentlemen—Pursuant to § 422 of chapter 182 of the laws of 1898, I beg leave to re-

port: that on the 6th day of July, 1900, in an action in the Municipal court of the city of Rochester, wherein D. Deavenport & Company were plaintiffs and the city of Rochester was defendant, said plaintiff represented by H. B. Castle, Esq., recovered a judgment against the city of Rochester for the sum of \$38.75 damages and \$10.45 costs, amounting in the aggregate to \$49.20, which judgment bears interest from said 6th day of July, 1900, at the rate of 6 per cent. per annum; said judgment has become payable, and it is my opinion that the amount of it should be raised in the next levy of taxes.

Respectfully submitted,

P. M. FRENCH,
Corporation Counsel.

Received, filed and published.

Respectfully submitted.

JAMES JOHNSTON,
Comptroller.

Received, filed and published.

By the Clerk—

City Treasurer's Office,
Rochester, N. Y., July 17, 1900.
To the Hon. the Common Council:

Gentlemen:—I hereby certify that the Executive Board and Corporation Counsel have notified me that the works or improvements authorized under ordinances herein-after mentioned have been completed; that I have, pursuant to the provisions of the Charter, ascertained the entire and aggregate expense of, and connected with the same respectively, including any interest that the city shall incur, or is entitled to for the use of its funds, and that the respective amounts thereof are as follows:

One Payment.		Expense.
Ord. No.	Improvement.	
5975—	Glenwood Ave. extension....	\$358 08
5143—	Central Ave. medina imp't....	
6023—	Central Ave. medina imp't., supplemental excepting that portion between the Roch- ester Railway Company's tracks, the rails of the tracks, and for two feet out- side of the outside rails of the tracks	22,498 54

S. B. WILLIAMS,
Treasurer.

Received, filed and published.

By the Clerk—

City of Rochester,
Executive Division,
Department of Finance.
Rochester, N. Y., July 17, 1900.
To the Honorable the Common Council of
the City of Rochester:

Gentlemen—I present herewith to make it a matter of record a copy of a letter which I submitted to the Corporation Counsel, asking his opinion regarding certain duties to be performed by the Comptroller and Treasurer, and his written reply regarding same.

The Comptroller insists that he needs as a matter of record in his office the checks issued for the payment of salaries and bills, after they have been returned from the several banks through which they were paid. He also continues to hold in his keeping the several check books from which such checks are issued.

This action on his part prevents the Treasurer from obtaining and keeping a record of the amounts disbursed by the city; we have a complete record of the receipts, of course, as all moneys paid to the city are received directly through this office.

The Treasurer does not wish to shirk his duty or any of the responsibilities of his office, for, in order to conform to the requirements of the charter, he must keep a true and accurate account with each of the different funds; under the present arrangement he cannot do this.

The opinion received from the Corporation Counsel gives the charter requirements of duties to be performed by the Comptroller and Treasurer, but according to my way of thinking, it is not a good, sharp, clear, mandatory order to either officer.

What the framers of the charter or the legislature may have intended, the charter does not on some points clearly say.

I therefore, in view of the circumstances, think it advisable to submit the facts and papers in reference thereto to your honorable body, asking you for the same information that I have asked from the Corporation Counsel, and respectfully request that the same be referred to your Law committee with the request that they re-

port on the subject at their earliest convenience.

Yours respectfully,
S. B. WILLIAMS, Treasurer.
Received, filed and published and referred to the committee on Law.

By the Clerk—

City of Rochester,
Executive Division,
Department of Finance.
Rochester, July 10, 1900.
P. M. French, Esq., Corporation Counsel,
City of Rochester:

Dear Sir—Will you at your earliest convenience give me your written opinion as to which official, Comptroller or Treasurer, shall issue the checks for the payment of salaries for officials and employees and for supplies purchased by the city?

Also which official shall retain possession of the check books and the bank vouchers?

Respectfully submitted,
SAMUEL B. WILLIAMS,
Treasurer.

(Second request.)

Received, filed and published and referred to the committee on Law.

By the Clerk—

Law Department.
Rochester, N. Y., July 16, 1900.
Mr. S. B. Williams, City Treasurer:

Dear Sir—Referring to your favor of the 10th instant, in which you ask for an opinion as to which official, the Comptroller or Treasurer, shall issue the checks for the payment of salaries of officials and employees, and for supplies purchased by the city; also which official shall retain possession of the check books and the bank vouchers (which, by the way is the first, not the second, request which you have made concerning this subject), I find no statutes or rule of law, which in terms direct which hand shall prepare the checks which are to be signed by you and countersigned by the Comptroller, and it would seem to be a matter of very small importance. If you sign a check, you are in law its drawer, irrespective of the question of who may have written the words above your signature, and therefore a check signed by you and countersigned by the comptroller, and written or delivered by either, is undoubtedly a perfectly valid instrument.

But I understand your question to go farther, and that you ask my opinion as to who, under the new charter, should have the custody of the check books and vouchers, prepare the checks for signature and deliver them after proper execution to those entitled to them. The correct answer can be found only after a careful study of the scheme of the new charter concerning the presentation, audit and payment of claims against the city and is to be ascertained by looking for the legislative intent as shown in Art. IV, concerning the department of finance.

The Comptroller is the chief fiscal officer of the city. It is made his duty to superintend and manage the fiscal concerns of the city; to keep a separate account with every department for which funds are specially raised by tax, or by assessment for local improvements; to require all drafts for the payment of claims against the city to state particularly against which of such funds they are drawn, and not to permit any of such funds to be overdrawn, or moneys to be drawn from one fund to pay the claims chargeable to another; to audit claims presented against the city, which claims, after final audit, must with the

Comptroller's certificate, or in case of an appeal, with the certificate of the Board of Estimate and Apportionment, indorsed thereon, be filed with the office of the Treasurer and remain a record therein.

The statute directs all warrants and drafts drawn in payment of any claims against the city, to be presented to the Comptroller to be countersigned, and directs a list of all city bonds to be kept in his office, and that when they are paid by the Treasurer, they should be presented to the Comptroller for cancellation.

The Comptroller is directed to keep an account between the city and the Treasurer, and for that purpose to procure from the banks in which the city's funds are deposited, monthly statements of the moneys received and paid out on account of the city, and to examine the Treasurer's books, accounts and bank books, and ascertain their correctness and report on the same monthly to the Council. The Comptroller is given the custody and management of the Sinking fund provided for the payment of the city's debts, and is directed to manage and control and be the trustee of the Police and Fire Department Pension funds.

The Treasurer, on the other hand, is by the statute directed to receive and have the care and custody of all moneys of the city, and to pay them out as by the statute provided. He is directed to deposit daily all moneys of the city, received, in designated banks, and it is provided that no money shall be drawn from such city depositories, except on checks or drafts signed by the Treasurer and countersigned by the Comptroller. The Treasurer is, like the Comptroller, directed to keep a separate account with every department for which funds are raised by tax, or for local improvements, and in every check or draft drawn by him, he must state particularly against which of such funds the check or draft is drawn (unless the money is drawn for use in his office); he is forbidden to permit any fund to be overdrawn, or to draw upon one fund to pay a claim chargeable to another. The moneys deposited in the banks are to be placed to the credit of the city, and the Treasurer is directed to keep bank books in which shall be entered his accounts of deposits in, and moneys drawn from the banks which he must exhibit to the Comptroller at least once in each month and oftener if required. The banks themselves are required to transmit to the Comptroller monthly statements of the moneys received and paid out by them on account of the city. The Treasurer is also required to report to the Comptroller at the end of each day's business, the moneys received. With reference to the expenditure of moneys appropriated for the maintenance of the parks, it is provided that the bills, after audit, "shall be paid by the City Treasurer as provided in the case of other claims against the city."

In attempting to analyze the sections of the charter concerning the Comptroller and Treasurer, it is impossible not to notice the words and phrases which seem to be used in contradistinction, and which by reason of the different language used, show the legislative intent. The Comptroller is to superintend and manage the fiscal concerns of the city; the Treasurer is to receive and have the care and custody of the city's money and pay it out.

The Comptroller "shall require all drafts for the payment of any claims against the city to state particularly" against which funds they are drawn; the Treasurer "in every check or draft drawn by him" must state against which fund it is drawn. The

Comptroller shall not "permit moneys to be drawn from one fund to pay claims chargeable to another;" the Treasurer is forbidden to "draw upon one fund to pay a claim chargeable to another." Claims against the city, which require audit, must after final audit, be filed, indorsed with the certificate of the Comptroller, in the office of the Treasurer and remain a record therein; the Treasurer is forbidden to pay an unaudited claim. The Comptroller cancels the bonds; the Treasurer pays them; the Comptroller is directed to keep an account between the city and the Treasurer, not between the city and the depositories; the Treasurer is to keep bank books, in which his accounts with the banks are entered, and which must from time to time be exhibited to the Comptroller. The statutes require all warrants or drafts drawn in payment of claims to be "presented" to the Comptroller to be countersigned. It would hardly require a paper prepared by the Comptroller to be "presented" to him. The natural inference is, that it is to be "presented" after it has been prepared by some other person. For these reasons, it is my opinion that the legislature intended that the Treasurer should have the custody of the check books and vouchers, and that he should prepare the checks for signature and deliver them after proper execution to those entitled to them. In other words, the Comptroller superintends and manages the entire matter. The Treasurer is the receiving and disbursing officer; both are charged equally with the imperative duty of keeping a separate account with every department, for which funds are raised by tax or for local improvements, and when any check is drawn and countersigned, both must know that the claim to be paid is just and valid; both must know, if subject to audit, that it has been audited; and both must know that no fund is overdrawn.

Yours truly,
(Signed) P. M. FRENCH,
Corporation Counsel.

Received, filed and published and referred to Committee on Law.

By the Clerk—

City Assessors' Office,
Rochester, N. Y., July 17, 1900.
To the Honorable the Common Council of the City of Rochester:

In compliance with request from your Assessment committee, we report the following assessment rolls, made and returned to your body since January 1, 1900. (see schedule A, 77 in number). We also report the following rolls ordered by your body prior to January 1, 1900, still in our hands, part thereof made out, the others in unfinished condition or held up for good and sufficient reasons by your board or other departments. (See schedule B, 7 in number).

Respectfully,
BOARD OF ASSESSORS.
PER CHAS. F. POND,

Chairman.
J. C. WILSON,
Secretary.

Received, filed and published and referred to committee on Assessments.

By Ald. Tanner—

Department of Public Works,
 Bureau of Engineering,
 Rochester, N. Y., July 17, 1900.

Mr. Herbert J. Grant, Commissioner of Public Works, Rochester, N. Y.:

Dear Sir:—At the request of Ald. Tanner, we have had Manila street examined with reference to the grading on said street. The report is that the grading is not in a satisfactory condition. A resolution, however, has been adopted by the Common Council directing the city engineer to prepare an ordinance for constructing cement walks and completing the necessary grading on said Manila street, the expense to be assessed upon the frontage on said street. Under these circumstances we recommend that said street be accepted as a public street.

Yours very truly,
 E. A. FISHER,
 City Engineer.

Received, filed and published.

By Ald. Tanner—Resolved, That the City Engineer be, and he is hereby, directed to prepare an ordinance for cement walks and the completion of the surface grading on Manila street, from Shelter street to Magnolia street.

Adopted.
 By Ald. Tanner—

Department of Public Works,
 Rochester, N. Y., July 17, 1900.
 To the Honorable the Common Council:
 Gentlemen:—The Commissioner of Public Works hereby recommends that Manila street, from Shelter street to Magnolia street, be accepted as a public street.

Respectfully yours,
 J. HERBERT GRANT,
 Commissioner of Public Works.

Received, filed and published.

By Ald. Tanner—Be it ordained by the Common Council of the City of Rochester as follows:

Section 1. Manila street, from Shelter street to Magnolia street, is hereby accepted as a public street, pursuant to the recommendations of the Commissioner of Public Works and City Engineer, upon the payment of all taxes and assessments, local or general, remaining unpaid upon the territory taken for said street.

Section 2. The City Clerk is hereby directed to enter the name of said street in the public street register, and the Commissioner of Public Works is hereby directed to place the necessary street signs where needed, and the City Assessors are hereby directed to strike from the assessment rolls the territory taken for said street as indicated by the map on file in their office.

Section 3. This ordinance shall take effect immediately.

Adopted by the following vote:
 Ayes—Aldermen Calihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May.

By Ald. Plumb:

Department of Public Works,
Rochester, N. Y., July 16, 1900.

To the Honorable the Common Council of
the City of Rochester,

Gentlemen:—The owners of lands between Monroe avenue and Bates street, (on what has been known as "Pacific street") on September 26, 1899, made a proffer of dedication for the purposes of a public street, 57 3-4 feet wide. This street, between Monroe avenue and Bowen street, takes the place of a street called "Bowen Street" which was adjacent to the blue line of the Erie canal. For the balance of the distance from Bowen street to Bates street it is over the right-of-way acquired for the east side trunk sewer.

The proffer of dedication was made on September 26, 1899, and is found on pages 557 and 558 of the Common Council proceedings of last year. The matter was ordered received, filed and published, and referred to the City Engineer and Executive Board.

The City Engineer and the Commissioner of Public Works as successor of the Executive Board, hereby recommend the acceptance of said report.

Yours very truly,

E. A. FISHER,
City Engineer.

Approved.

J. HERBERT GRANT,
Commissioner of Public Works.

Received, filed and published.

By Ald. Plumb—

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. Pacific street, from Monroe avenue to Bates street, is hereby accepted as a public street, pursuant to the recommendations of the Commissioner of Public Works and City Engineer, upon the payment of all taxes and assessments, local or general, remaining unpaid upon the territory taken for said street.

Section 2. The City Clerk is hereby directed to enter the name of said street in the public street register, and the Commissioner of Public Works is hereby directed to place the necessary street signs, where needed, and the City Assessors are hereby directed to strike from the assessment rolls the territory taken for said street as indicated by the map on file in their office.

Section 3. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Callihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May.

By Ald. Plumb—

Whereas, A portion of Bowen street, in the Twelfth ward of the city of Rochester, from Monroe avenue to about 430 feet east, has been abandoned as a public street and a new street called "Pacific street" has been opened between Monroe avenue and Bowen street, and dedicated by the owners of the lands to the city of Rochester, and

Whereas, a cast-iron water pipe and the appurtenances thereto now exist in said abandoned Bowen street, the grade of which has been materially changed so as to require the removal of said pipe, and

Whereas, A majority petition for the placing of an adequate water main in said Pacific street has been presented for consideration of your Honorable Board; therefore

Be it ordained by the Common Council of the city of Rochester as follows:

That the Commissioner of Public Works be, and he is hereby, authorized and direct-

ed to cause said cast-iron water pipe, its appurtenances and connections, to be removed from said abandoned portion of Bowen street and placed in said Pacific street; the cost thereof to be paid out of the balance unappropriated standing to the credit of the water pipe extension fund.

Adopted by the following vote:

Ayes—Aldermen Callihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May.

By the Clerk—

City Clerk's Office,
Rochester, N. Y., July 17, 1900.

To the Common Council:
Gentlemen—The City Assessors have delivered to me the following assessment roll, certified and verified as required by the Charter:

Ord No. Improvement.

7860—Lyell avenue cement walks.

Respectfully submitted,
W. JAMES WILSON,
Deputy City Clerk.

Received, filed and published.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That the assessment for the following named local improvement as set forth in the roll for the same as reported to this Council by the City Clerk, as verified and certified by the City Assessors, be and the same hereby is in all things approved and confirmed:

Ord. No. Improvement.

7860—Lyell avenue cement walks.

Allegations were called for on the above roll and no person appearing on the ordinance was adopted by the following vote:

Ayes—Aldermen, Callihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May.

By the Clerk—

Hemlock Lake Commission,
241 Powers Block,
Rochester, N. Y., July 17, 1900.

To the Honorable the Common Council of the City of Rochester:

Dear Sirs—The Hemlock Lake Commission hereby requests that \$10,000 be placed to its credit at this time; and that prompt sale be made of the bonds, as provided by chapter 640 of the laws of 1899.

Respectfully yours,
SOL WILE, Secretary.

Received, filed and published and referred to Committee on Finance.

STANDING COMMITTEE REPORTS.

STREETS AND SEWERS COMMITTEE REPORT.

By Ald. Parsons—

To the Common Council of the City of Rochester:

Your committee on Streets and Sewers, to which was referred the ordinance for a sewer in Tracy Park, hereby report in favor of the same and recommend its adoption.

Respectfully submitted,
F. G. PARSONS,
WM. J. BAKER,
CHAS. S. COOK,
JAS. H. CASEY,
M. J. CALIHAN,

Received, filed and published.

ASSESSMENT COMMITTEE REPORT.

By Ald. Baker—

Rochester, N. Y., July 17, 1900.
To the Honorable the Common Council of
the City of Rochester:

Gentlemen—Your Assessment committee
begs leave to submit the following report:

In the matter of the petitions of Dr. S. L. Elsnor, A. B. Crooks, B. C. Rumsey, Marlin A. Culver, we recommend that the same be denied.

In the matter of the petitions of Catherine A. Ryan, Catherine Kennedy, Barbara Lintz, Franklin Miles, Margaret Stolz, Thomas Salter, Michael H. McCarthy, Dr. B. G. Saunders, Franklin Fehrenbach and L. M. Brownell, J. C. Lighthouse and Jacob Kalb, we recommend that the same be granted as per the following ordinance:

Your assessment committee begs leave to further report that they have considered the ordinance introduced by Ald. Parsons on June 5, 1900, and referred to this committee by your honorable body, in reference to sprinkling section 2, Benton street, and after consideration recommend that the same be passed, omitting section 2 thereof.

WM. J. BAKER, Chm.,
WILLIAM T. PLUMB,
HENRY G. COOK,
W. H. MARSON,
W. ERNST,

Assessment Committee.

Received, filed and published.

By Ald. Baker—Be it ordained by the
Common Council of the city of Rochester
as follows:

Section 1. That Catherine E. Ryan be allowed to pay Martin street sewer assessment on lot 9, section T, Galusha tract, Martin street, sold to the city of Rochester March 29, 1869, by paying the face value of said assessment within 30 days from the passage of this ordinance, and upon such payment that said assessment be cancelled.

Section 2. That Catherine Kennedy be allowed to pay the general city taxes for the years 1896, 1897, 1898 and 1899, assessed to John Kennedy on lot 2 west and 3 north-west, rear, original tract, west side of Plymouth avenue (which taxes were sold to the city of Rochester) with interest at the rate of 6 per cent. per annum from the date of their respective sales, within 30 days from the passage of this ordinance, and upon such payment that said taxes be cancelled.

Sec. 3. That Barbara Lintz be allowed to pay the general city tax for 1900 on lot 15, west side Childs street, by paying to the City Treasurer the sum of \$9.75 and interest thereon, within 30 days from the passage of this ordinance, and upon the receipt of \$9.75 with interest the City Treasurer is hereby authorized and directed to cancel aforesaid tax and charge the difference of the original amount and the amount paid to the erroneous assessment fund.

Sec. 4. That Franklin D. Miles be allowed to pay the general city tax of 1900 on lot 47, west side of Rainier street, by paying the sum of \$12.66, and upon the receipt thereof with interest, the city treasurer is hereby authorized and directed to cancel aforesaid tax and charge the difference of the original amount and the amount paid to the erroneous assessment fund.

§ 5. That upon the certificate of the corporation counsel, the city treasurer of the city of Rochester be, and he hereby is authorized and directed to allow a rebate of \$73.37 to Margaret Stolz on the property assessed as lots 68, 69 and w. 70, corner Atkin-

son tract, north side of Atkinson street, and he is hereby directed and authorized to cancel the tax assessed against Margaret Stolz on aforesaid property, and charge the amount rebated to erroneous assessment fund.

§ 6. That Thomas Salter, president of the 8th ward Permanent Loan association, be allowed to pay the general city taxes for the years 1892, 1893, 1894, 1895, 1896, 1897, 1898 and 1899 assessed to Ellen M. Smith, on lot 28, S. G. Gorham subdivision, south side of Edith street, (which taxes were sold to the city of Rochester) with interest at the rate of 6 per cent. per annum from the date of their respective sales within thirty days from the passage of this ordinance, and upon such payment that said taxes be cancelled.

§ 7. That the city treasurer cancel the assessment for the Harvard street extension, under ordinance No. 5,924, amounting to \$144.97 on lots 75 and 76, south part of Westminster road, assessed to Michael H. McCarthy, and that said amount be charged to erroneous assessment fund.

§ 8. That upon the surrender to the city treasurer of the tax certificate (granted by the city treasurer for a tax sold December 14, 1899), on lots 197-195, 196-194 Rapids tract, Genesee Valley canal, and Mansion street in the city of Rochester, and assessed to J. C. Lighthouse and sold to C. L. Blum for the sum of \$272.83, and the city treasurer, upon the receipt of said tax certificate, is hereby authorized and directed to pay said Blum the sum of \$136.42 and charge the same to erroneous assessment fund, and he is further directed and authorized to cancel the aforesaid tax.

§ 9. That Dr. G. B. Saunders be allowed to pay Main street reservoir assessment sold to the city of Rochester, October 31, 1867, lot 1, north part Manhattan square, East avenue, and assessed to John Van Voorhis, and the general city tax of 1860, sold to the city of Rochester March 7, 1861, on same premises by paying the face value of said assessment and tax within thirty days from the passage of this ordinance, and upon such payment that said assessment and tax be cancelled.

§ 10. That Frank Fehrenbach be allowed to pay the general city tax for 1888 (sold to the city of Rochester March 28, 1889) on lots 3, 34, 35 parts, Wackerman's subdivision, west side of Reis park, with interest at the rate of 6 per cent. per annum, from the date of sale, within thirty days from the passage of this ordinance, and upon such payment that said tax be cancelled.

§ 11. That Louise M. Brownell be allowed to pay the general city tax, and the Bronson avenue improvement for the year 1895, on part of lot 14 Caledonia tract, south side of Bronson avenue, (which tax was sold to the city of Rochester March 25, 1897) with interest at the rate of 6 per cent. per annum from the date of sale within 90 days from the passage of this ordinance, and upon such payment that said tax be cancelled.

§ 12. That Jacob Kalb be allowed to pay the general city taxes for the years 1891, 1892, 1893, 1894, 1895, 1896, 1898 and 1899, assessed to Electa J. Carr on lots 15 w. and 15 n. w. Hebard tract (which taxes were sold to the city of Rochester) with interest at the rate of 6 per cent. per annum, from the date their respective sales, within thirty days from the passage of this ordinance, and upon such payment that said taxes be cancelled.

§ 13. That the sprinkling tax on section 2 of Benton street charged against the lot owners on said street within the aforesaid section 2, be cancelled by the City Treasurer, and said Treasurer is authorized to

receive the taxes assessed against the lot owners in section 2 of said Benton street less said sprinkling tax, and give said lot owners a receipt for the payment in full of their respective taxes; and the Treasurer is further authorized and directed to charge the said sprinkling tax in section 2 of Benton street, amounting to \$32.50, to the erroneous assessment fund.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May.

LAMP COMMITTEE REPORT.

By Ald. Marson—

Rochester, N. Y., July 17, 1900.

To the Honorable the Common Council:

Your Lamp committee, to whom were referred the various resolutions and petitions for the placing of lights, beg leave to recommend the placing of the following:

One arc light on Algonquin terrace.

Three arc lights in Seneca park east.

One arc light on Unity street.

One arc light on Frank street, between Bloss and Montrose streets.

Respectfully submitted,

W. H. MARSON,

FRANK A. WARD,

CHARLES H. JUDSON,

J. MILLER KELLY,

Lamp Committee.

Received, filed and published.

By Ald. Marson—Resolved, That the Commissioner of Public Works be, and he hereby is, authorized to have placed the lights recommended in the foregoing report of the Lamp committee.

Adopted by the following vote:

Ayes—Aldermen Calihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May.

PUBLIC IMPROVEMENT COMMITTEE REPORT.

By Ald. Beard—

Rochester, N. Y., July 17, 1900.

To the Honorable the Common Council:

Gentlemen—Your Committee on Public Improvements, to whom was referred the ordinance for the care of Lake View park, would respectfully report that after a full investigation and upon the advice of the different departments of the city government, your committee do not deem it advisable to pass said ordinance and recommend that the same be indefinitely postponed.

Respectfully submitted,

WILLIAM S. BEARD,

W. H. MARSON,

HENRY G. COOK,

CHARLES H. JUDSON.

Committee on Public Improvements.

Received, filed and published.

LAW COMMITTEE REPORT.

By Ald. Plumb—

To the Honorable the Common Council of the City of Rochester:

Your Law committee respectfully reports that it has considered the ordinance introduced by Alderman Parsons at the meeting held July 3d in relation to the keeping and vending of milk in the city of Rochester, and that it recommends its adoption.

Respectfully submitted,
WILLIAM T. PLUMB,
CHAS. H. JUDSON,
CHARLES S. COOK,
WILLIAM J. BAKER,
J. MILLER KELLY.

Law Committee.

Received, filed and published.

By Ald. Plumb—

AN ORDINANCE RELATING TO THE KEEPING AND VENDING OF MILK IN THE CITY OF ROCHESTER.

Section 1. It shall not be lawful for any person or persons to peddle milk, or to sell the same to the inhabitants of the city, from any cart, wagon or vehicle whatever, in any of the public streets or alleys of the city without having been duly registered to do the same by the Department of Health, as hereinafter provided, and any person guilty of the violation of this ordinance shall be adjudged guilty of a misdemeanor, and upon conviction subject to a fine of \$10 for each offense.

The Department of Health shall have power, and it is hereby authorized to register such person or persons as in its judgment shall appear proper and best calculated to secure to the inhabitants of the city of Rochester pure and wholesome milk. Upon certificate of registration being granted, the Department of Health shall give to such party or person a written certificate to peddle, sell or deliver pure and wholesome milk. No certificate of registration shall be assigned or transferred without permission of this department. Any certificate of registration may be revoked when it shall appear that the person, persons or association holding the same have violated any provisions of this ordinance, or when from cause it may be deemed best by the Department of Health in the interest of public health to revoke such certificate of registration.

Adopted by the following vote:

Ayes—Aldermen Calihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—17.

LAW COMMITTEE REPORT.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—Your Law committee respectfully reports that it has considered the ordinance introduced by Alderman Race at the meeting June 5th, in relation to the sealing of measures used by hucksters, milkmen and peddlers, and that it recommends the passage of the annexed ordinance.

Respectfully submitted,

WILLIAM T. PLUMB,

CHARLES H. JUDSON,

CHARLES S. COOK,

WILLIAM J. BAKER,

J. MILLER KELLY,

Law Committee.

Received, filed and published.

By Ald. Race—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. All hucksters, milkmen and peddlers are hereby required to present to the city sealer at No. 392 South Clinton street, Rochester, N. Y., between the hours of 9 a. m. and 1 p. m., in the six days commencing and including August 6, 1900, all measures and scales used by them, or carried upon all wagons used by them, for inspection and sealing.

Sec. 2. All hucksters shall hereafter carry upon their wagon one-half bushel, peck and one-half peck measures, which within the previous six months have been sealed by the city sealer.

Sec. 3. Upon conviction of the violation of any of the provisions of this ordinance, the license granted to such milkmen, hucksters or peddlers shall be revoked.

Sec. 4. This ordinance shall take effect immediately.

Upon motion of Ald. Judson the ordinance was amended so as to read fifteen days instead of six days, commencing and including August 6, 1900.

The ordinance as amended was then adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

ACTION ON IMPROVEMENT ORDINANCES.

FIRST ORDINANCES.

RAINES PARK IMPROVEMENT.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of improving Raines park.

Adopted.

The Engineer submitted as such estimate, \$3,900.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz:

The improvement of Raines park, from Lake View park to Augustine street, by setting a line of 4 inch curb with brick gutter on each side of the street, grading the roadway and covering the same with cinders; with the necessary surface sewers and manholes.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$3,900, which being deemed reasonable, is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Raines park, from Lake View park to Augustine street.

Adopted.

MANILLA STREET CEMENT WALK.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing Portland cement walks and grading on Manilla street.

Adopted.

The Engineer submitted as such estimate, \$600.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester, that the following improvement is necessary and should be made, viz.:

The construction of a Portland cement walk 4 feet wide on each side of Manilla street, from Shelter street to Magnolia

street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk and roadway grading.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$600, which being deemed reasonable is hereby approved.

Ordained, further, that the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Manilla street, from Shelter street to Magnolia street.

Adopted.

OXFORD STREET LIGHTS.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of the maintenance of nine incandescent arc lights on Oxford street until July 1, 1901.

Adopted.

The Engineer submitted as such estimate, \$660.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The maintaining of nine incandescent arc lights on Oxford street until July 1, 1901.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$660, which being deemed reasonable, is hereby approved.

Ordained further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Oxford street, from Park avenue to Monroe avenue.

Adopted.

BIRR STREET TRAP ROCK PAVEMENT.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of improving Birr street.

Adopted.

The Engineer submitted as such estimate, \$24,000.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The improvement of Birr street, from Pierpont avenue to Spaulding street; also including the crossing of Raines park, by the construction of a trap rock macadam pavement therein. Also the construction of a Medina stone curb six inches thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be 26 feet. The pavement shall extend to the street line at all intersecting streets and alleys except where permanent improvements now

exist at proper lines and grades. Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a manhole for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by Health Officer. All manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there is now no water services, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under Section 110 of the City Charter. Also crosswalks at all intersecting streets, and midway in all blocks exceeding 400 feet in length. Also the cleaning and repairing of so much of the main sewer as may be found necessary to restore it to its original condition. Also the repair and adjustment to grade of the present sidewalks.

The pavement shall be guaranteed and kept in repair for 5 years.

The pavement and walks of intersecting streets shall be adjusted to the grade of the improvement.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$24,000, which being deemed reasonable, is hereby approved.

Ordnained, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Birr street, from Pierpont avenue to Spaulding street.

Adopted.

PORTLAND AVENUE TRAP ROCK MAC-ADAM PAVEMENT.

By Ald. Beard—

Whereas, The Rochester and Suburban Railway company now operates a railway on the easterly side of Portland avenue, from Clifford street to Norton street, and

Whereas, Said Rochester Railway company and the property owners on said avenue have mutually agreed that the tracks of said railway may be moved into the center of said avenue, and the entire width of the roadway, including the space to be occupied by said tracks, be improved by the construction of a trap rock macadam pavement therein,

Now, Therefore, Resolved, That the City Engineer ascertain, and separately report to this Council, the expense of improving Portland avenue, from Clifford street to Norton street, as follows:

1st. That part thereof included between lines drawn two feet outside of the outside tracks of the Rochester and Suburban Railway company, as the same may exist at the time of the construction of the pave-

ment with a trap rock macadam pavement on a Telford foundation; also the construction of the necessary surface sewers and tile drains.

2d. The paving of that part thereof lying outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester and Suburban Railway company with a trap rock macadam pavement on a Telford foundation, with Medina stone gutters adjacent to the curb; also the construction and repair of the necessary lot laterals, water services, curbing and sidewalks within the street lines.

3rd. The aggregate expense for improving all of the above-described parts of said street.

Adopted.

The Engineer submitted as such estimate as aforesaid \$15,000 for improving that part thereof included within the space between lines drawn two feet outside of the outside rails of the tracks of the Rochester and Suburban Railway company with a trap rock macadam pavement on a Telford foundation, together with the necessary surface sewers and tile drains.

2d. \$65,000 for improving that part thereof lying outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester and Suburban Railway company with a trap rock macadam pavement on a Telford foundation, including the construction and repair of the necessary lot laterals, water services, curbing and sidewalks within the street lines.

3rd. \$80,000 the aggregate estimated expense for improving all of the above described parts of said street.

Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The improvement of Portland avenue, from Clifford street to Norton street, as follows:

1st. That part thereof included within the space between lines drawn two feet outside of the outside rails of the tracks of the Rochester and Suburban Railway company as the same shall exist at the time of the construction of the improvement with a trap rock macadam pavement upon a Telford foundation, together with the necessary cross walks, surface sewers and tile drains in said tracks.

2d. That part thereof lying outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester and Suburban Railway company with a trap rock macadam pavement upon a Telford foundation, with Medina stone gutter three feet in width on each side of the roadway; also the construction of a Medina stone curb six inches thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be 40 feet.

The pavement shall extend to the street line at all intersecting streets and alleys, except where permanent improvements now exist at proper lines and grades. Also manholes as follows: At each end of the main sewer, at all intersecting sewers, and at such intermediate places as shall secure a manhole for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and suf-

iciency or in number as approved by the Health Officer. All manholes, surface sewers, street and lot laterals, for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there are now no water services, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under section 110 of the city charter. Also crosswalks at all intersecting streets and midway in all blocks exceeding 400 feet in length. Also the cleaning and repairing of so much of the main sewer as may be found necessary to restore it to its original condition. Also the construction of a Portland cement walk, five feet in width, on each side of the street, except where cement or flagstone walks of the same width, or greater width, now exist, substantially as good as the new walk, which may be re-laid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for five (5) years.

The pavements and walks of intersecting streets shall be adjusted to the grade of the improvement.

And the City Engineer, under the direction of this Council, having made estimates (1st), of the expense of those portions of the improvement consisting of a trap rock macadam pavement between lines drawn two feet outside of the outside rails of the tracks of the Rochester and Suburban Railway company, together with the necessary crosswalks, surface sewers and tile drains in said tracks at \$15,000, and (2d), The paving of that part of said street lying outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester and Suburban Railway company with a trap rock macadam pavement upon a Telford foundation, also the construction and repair of the necessary lot laterals, water services, curbing and sidewalks within the street lines at \$65,000, and (3d), The aggregate estimated expense of all of said work at \$80,000, all of which being deemed reasonable, are hereby approved.

And Whereas, The Rochester and Suburban Railway company has mutually agreed with the property owners on each side of Portland avenue between Clifford and Norton streets, to make said improvement, and

Whereas, The consent of this Common Council to the change of the railway tracks is necessary,

It is further ordained, That the whole expense of the work, consisting of a trap rock macadam pavement upon a Telford foundation, between lines drawn two feet outside of the outside rails of the tracks of the Rochester and Suburban Railway company together with the necessary crosswalks, surface sewers and tile drains in said tracks, be levied upon the tracks, ties, rails, switches, franchises, easements and other surface railroad property situated upon Portland avenue, between Clifford and Norton streets, and maintained and used for the purpose of operating a surface railroad or railroads therein.

And be it further ordained, That the consent of this Council is given to the change of said tracks, upon condition that said assessments be promptly paid by said railway company, as provided in the order of assessments; and the expense of the work on the remainder of the improvement, as above specified, is hereby directed to be assessed upon all of the following por-

tion of the city which this Council deems specially benefited by and proper to be assessed for, such improvement, to wit:

One tier of lots and parcels of land on each side of Portland avenue, from Clifford street to Norton street.

Adopted.

By the Clerk—

City Clerk's Office,

Rochester, N. Y., July 17, 1900.

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—I do hereby certify that a notice, such as is required by section 146 of the city charter, specifying each of the improvements contemplated by the following final ordinances, the estimated expenses thereof, the amount, if any, of such expenses to be paid from the public treasury, the portion or part of the city to be assessed for the remainder of the expenses and requiring all persons interested in the subject matter of the improvement to attend at the time appointed in such notice, was published daily for four days in two daily newspapers printed in this city, namely, the Rochester Post Express and the Rochester Union and Advertiser.

Respectfully submitted,

THEODORE S. PULVER,

City Clerk.

Received, filed and published.

FINAL ORDINANCES.

FINAL ORDINANCE NO. 443.

ASBURY STREET SEWER.

On motion of Ald. Callihan, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a sewer in Asbury street from a point near the angle in Asbury street to the sewer in Clinton avenue south.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the city charter, in Asbury street, from a point near the angle to the sewer in Clinton avenue south.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals at all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$1,550, which being deemed reason-

able, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Asbury street, from Clinton avenue south to Field street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

FINAL ORDINANCE NO. 444.

CLINTON AVENUE NORTH CEMENT WALKS.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct cement walks on Clinton avenue north, from Main street east to the N. Y. C. and H. R. R.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of cement walks on both sides of Clinton avenue north from Main street east to the N. Y. C. & H. R. R., between the curb and the street line, except where good cement or flag walks now exist, substantially as good as the new walk, or where the walk is composed of flags at least 5 feet in width with the balance of the space between the curbs and street line filled with brick. Said walks excepted, or any portion of them not conforming to the proper grade and alignment, may be relaid.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$3,500, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Clinton avenue north from Main street east to the New York Central and Hudson River railroad.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

FINAL ORDINANCE NO. 445.

DUDLEY STREET CEMENT WALKS.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct cement walks on east side of Dudley street, from Clifford street to Weeger street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a Portland cement walk 4 feet wide on east side of Dudley

street, from Clifford street to Weeger street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$300, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on east side of Dudley street from Clifford street to Weeger street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

FINAL ORDINANCE NO. 446.

EPWORTH STREET SPRINKLING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle Epworth street, from Clifton street to Penn street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Epworth street from Clifton street to Penn street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$46, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Epworth street, from Clifton street to Penn street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

FINAL ORDINANCE NO. 447.

GLADSTONE STREET SPRINKLING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle Gladstone street, from Clifton street to Tremont street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Gladstone street from Clifton street to Tremont street during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$39, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Gladstone street, from Clifton street to Tremont street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

FINAL ORDINANCE NO. 448.

HUDSON AVENUE SPRINKLING
(SEC. 2).

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle Hudson avenue (Sec. 2), from Wilkin street to Norton street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Hudson avenue (Sec 2), from Wilkin street to Norton street; also 100 feet on the following intersecting streets: St. Stanislaus street, Peckham street, Pulaski street, Avenue D, Avenue A, Berlin street, Wilkins street, Kosciusko street, Sobieski street, Ernst place, Weddale way and Herald street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$393, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Hudson avenue, from Wilkins street to Norton street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

FINAL ORDINANCE NO. 449.

LANG STREET PLANK WALKS.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in

relation to the improvement described in the following ordinance, viz.:

An ordinance to construct plank walks on Lang street, from Clinton avenue north to Remington street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a pine plank walk 4 feet wide on each side of Lang street, from Clinton avenue north to Remington street, except where good flag, plank or cement walks now exist substantially as good as the new walk, which may be re-laid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$450, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Lang street, from Clinton avenue north to Remington street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

FINAL ORDINANCE NO. 450.

MERLE STREET PLANK WALKS.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct plank walks on north side of Merle street, from Seibert's store house to Hebard street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a pine plank walk 3 feet wide on north side of Merle street, from Seibert's stone house to Hebard street, except where good flag, plank or cement walks now exist substantially as good as the new walk, which may be re-laid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$125, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the north side of Merle street, in front of which the proposed walk is to be constructed.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

FINAL ORDINANCE NO. 451.

NORTH UNION STREET SPRINKLING
(SEC 3).

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle North Union street (Sec. 3), from the south line of the property of the N. Y. C. and H. R. R. R. to the north line of Trinidad street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of North Union street (Sec. 3), from the south line of the property of the N. Y. C. and H. R. R. R., to the north line of Trinidad street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$35, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of North Union street, from the south line of the property of the N. Y. C. and H. R. R. R., to the north line of Trinidad street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

FINAL ORDINANCE NO. 452.

RAVINE AVENUE CEMENT WALKS.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct cement walks on Ravine avenue, from Hastings street to Erie canal.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a Portland cement walk, 41-2 feet wide on each side of Ravine avenue from Hastings street to Erie canal, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

Excepting from the above that portion of the north side between the high banks of Deep Hollow ravine, which will be of pine plank, 4 feet 8 inches wide, with a suitable hand railing; also excepting that portion of the street now being built under Ord. No. 402.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the

sum of \$3,000, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Ravine avenue from Hastings street to Erie canal.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

FINAL ORDINANCE NO. 453.

ROGERS AVENUE SPRINKLING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle Rogers avenue, from Lois street to Otis street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Rogers avenue, from Lois street to Otis street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$102, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Rogers avenue, from Lois street to Otis street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

FINAL ORDINANCE NO. 454.

ST. STANISLAUS STREET SEWER.

On motion of Ald. Calihan the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a sewer in St. Stanislaus street, from a point 120 feet west of North street to the sewer in Hudson avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the city charter, in St. Stanislaus street, from a point 120 feet west of North street to the sewer in Hudson avenue.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$2,100, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of St. Stanislaus street, from North street to Hudson avenue.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

FINAL ORDINANCE NO. 455.

WEYRICH STREET CEMENT WALKS.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct cement walks on the east side of Weyrich street, from the south end thereof to Central park.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a Portland cement walk 4 feet wide on east side of Weyrich street from the south end thereof to Central park, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$250, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on east side of Weyrich street, from the south end thereof to Central park.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons,

Kelly, Ernst, Mead, Judson, Tanner, May—18.

FINAL ORDINANCE NO. 456.

OAK STREET SEWER.

On motion of Ald. Calihan the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a sewer in Oak street, from south end of present sewer near Dean street southerly about one hundred and fifty (150) feet.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter, in Oak street, from the south end of the present sewer near Dean street, southerly about 150 feet.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$300, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the east side of Oak street, from Dean street to Allen street, excepting lot No. 73, supposed to belong to George J. Cook.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

Upon motion of Ald. Ernst the final ordinance for Augusta street trap rock macadam pavement was postponed until the next regular meeting.

Upon motion of Ald. C. S. Cook the final ordinances for Hawkins street sewer and Franklin street improvement were indefinitely postponed.

Upon motion of Ald. Ernst the final ordinance for Ontario street improvement was postponed until the next regular meeting.

Upon motion of Ald. Mead the final ordinance for Portland avenue trap rock macadam pavement was laid on the table for four weeks.

Upon motion of Ald. Baker the final ordinance for Birr street improvement, at crossing of Raines Park, was indefinitely postponed.

Upon motion of Alderman Baker the final ordinance for sprinkling Locust street (sec. 2), was laid on the table for two weeks.

Upon motion of Ald. Callihan the final ordinance for Oak street cement walks was laid on the table for two weeks.

Upon motion of Ald. Plumb the final ordinance for Tracy Park sewer, recommended in the report of the Streets and Sewer Committee, presented at this meeting, was laid on the table for two weeks.

Upon motion of Ald. Plumb the final ordinance for Lake View Park care and cleaning was indefinitely postponed.

UNFINISHED BUSINESS.

By the Clerk—

City Clerk's Office,
Rochester, N. Y., July 17, 1900.

To the Common Council:

Gentlemen:—I present the following statement of the unfinished business of the previous meeting of this Council:

By resolution adopted July 3d, this meeting was fixed as the time when allegations would be heard in the matter of the confirmation of the assessment rolls for Frederick Park extension and Snyder street widening under final ordinances No. 6258 and 7834 respectively.

An ordinance requiring the Rochester Railway company to pave its tracks on Park Avenue between Alexander and Meigs streets, introduced by Ald. Plumb.

Respectfully,

THEO. S. PULVER,
City Clerk.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester as follows:

That the assessment rolls for Frederick park extension, ordinance No. 6258, and Snyder street widening, ordinance No. 7834, are hereby confirmed.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

By Ald. Plumb—Be it ordained by the Common Council of the city of Rochester:

That that portion of Park avenue from Alexander street to Meigs street between the tracks, the rails of the tracks, and for two feet outside of the outside rails of the tracks of the Rochester Railway company requires paving and adjusting to grade, and that the said Railway company be, and hereby is, required to pave and put in permanent repair that portion of said Park avenue between the tracks, the rails of the tracks, and for two feet outside the outside rails of the tracks, within thirty days from the date of the serving of this notice, in accordance with the plans and specifications hereto attached, and in case of neglect of said corporation to make such pavement or repairs after the expiration of said period of thirty days, the Commissioner of Public Works be, and hereby is, directed to make the same at the expense of said Railway company, and that the City Clerk be directed to notify the said Railway company of the adoption of this ordinance.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

Ald. C. S. Cook moved that the ordinance

for Galusha street asphalt pavement, vetoed by the Mayor, be reconsidered.

Carried.

Ald. Cook moved the adoption of the ordinance.

The chair stated the question to be, "Shall the ordinance be adopted notwithstanding the veto of His Honor, the Mayor?"

Ayes—Aldermen Tracy, Callihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

MISCELLANEOUS BUSINESS.

By Ald. Judson—

To the Honorable the Common Council:

Gentlemen—In 1898, East Main street, from Goodman street to the Culver road, was improved by the construction of an expensive brick pavement thereon. At that time subways were constructed for electric wires, and a resolution of your honorable body was duly adopted directing the placing of all overhead wires in such subway.

No attention has thus far been paid to the resolution so adopted, and recently additional poles have been set, and a large number of additional wires have been strung thereon. The poles so placed are unsightly and constitute an obstruction in the street. The large number of wires strung thereon are a serious annoyance to the residents by reason of the noise caused by the vibration thereof. If there were no subway in the street in which those wires might be placed, I presume the residents might be satisfied to put up with this annoyance without complaint. Inasmuch as there is a subway in the street, at present entirely unoccupied, the residents know of no reason why additional wires should have been strung, nor, indeed, of any reason why any overhead wires should be permitted on the street.

On June 18th, I communicated with his honor, the Mayor, and called his attention to the foregoing facts, and asked for such action as might be necessary to rid the street of this nuisance. Under date of June 23d, the Mayor writes me that various companies having overhead wires intend to place such wires in the subway as soon as they can obtain cables, and says further that "whether the Bell Telephone company can be compelled to occupy the subway of the Gas and Electric company, I do not know."

I respectfully request, on behalf of myself and the numerous residents of this street, that such action be taken as may be necessary to rid the street of this nuisance.

The resolution of the Common Council, adopted more than two years ago is, I apprehend, still in force and effective, and I know of no reason why that resolution is not executed by the proper executive authorities. If, however, it is no longer effective, I respectfully request that such ordinance or ordinances be adopted as will result in the removal of all overhead wires and poles upon the street.

Very respectfully yours,

MERTON E. LEWIS.

July 2, 1900.

Received, filed and published and referred to Committee on Law.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. The assessment roll for Lexington avenue sweeping and cleaning, under final ordinance No. 7166, is hereby repealed and set aside.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester:

Section 1. That the Assessors of the city of Rochester are hereby directed to prepare an assessment for the sweeping and cleaning of Lexington avenue, from Lake avenue to Thrush street, during the season of 1898, under final ordinance No. 7166, as amended.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That final ordinance No. 7338, for the embellishment of Dewey avenue, passed July 13, 1899, be and the same hereby is in all things repealed.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

By Ald. Baker—The Common Council of the city of Rochester do ordain and determine:

Section 1. That the action of the Common Council, taken on the 3d day of March, 1896, confirming the assessment roll for the improvement of Central avenue be, and the same hereby is reconsidered; and that the action of the Common Council taken on the 31st day of March, 1896, confirming the supplemental assessment roll for the improvement of Central avenue be, and the same hereby is reconsidered; and that said assessment rolls be, and the same hereby are withdrawn from the hands of the City Treasurer.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

By Ald. Baker—The Common Council of the city of Rochester do ordain and determine as follows:

Section 1. That the resolution of this Common Council passed at a regular meeting held on the 23d day of December, 1895, ordering an assessment for the cost and expense of improving and paving Central avenue, under final ordinance No. 5,143, be and the same hereby is repealed, and that the resolution of this Common Council adopted at a regular meeting held on the 3d day of March, 1896, ordering a supplemental assessment for the cost and expense of improving and paving Central avenue under final ordinance No. 6,023 be and the same is hereby repealed.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

By Ald. Baker—An ordinance to re-assess the cost and expense of improving and paving Central avenue, from North Clinton

street to North street, excepting that portion between the tracks, the rails of the tracks and two feet outside the tracks of the Rochester Railway company upon the property benefited thereby.

Whereas, The Common Council of the city of Rochester did by final ordinance No. 5,143, passed May 2, 1893, ordain and determine that a Medina block stone pavement be constructed on Central avenue, from North Clinton street to North street; and whereas, the said improvement has been completed; and whereas, the Supreme court of the state of New York has adjudged and determined that the assessments made under the direction of this Common Council for the cost and expense of constructing said improvement were void; and whereas, a portion of said assessments remain unpaid; and whereas, the City Treasurer, under the direction of the Common Council, has reported that the whole expense of said improvement, including any and all interest thereon, excepting the cost and expense of constructing said improvement between the tracks, the rails of the tracks and two feet outside of the tracks of the Rochester Railway company, amounts to the sum of \$22,498.54.

Now, the Common Council of the city of Rochester do ordain and determine as follows:

Section 1. That the following improvement was necessary and has been constructed and completed pursuant to an ordinance of the Common Council, to wit: The improvement of Central avenue from North Clinton street to North street by the construction of a Medina block stone improvement thereon; with a line of Medina stone curb and gutter on each side thereof properly connected with all lateral streets, alleys and driveways, excepting from the above that portion of said Central avenue between the tracks, the rails of the tracks and two feet outside of the tracks of the Rochester Railway company; the width of main roadway between curbs to be 36 feet; also the construction of the necessary crosswalks, crosswalk extensions, manholes, surface sewers, lot laterals, water and gas services.

Sec. 2. That the whole cost and expense of said improvement, including any and all interest thereon, except that portion between the tracks, the rails of the tracks, and two feet outside of the tracks of the Rochester Railway company, amounts to and is the sum of \$22,498.54.

Sec. 3. That the following part or portion of the city is deemed by this Common Council to be benefited thereby, to wit: One tier of lots and parcels of land on each side of Central avenue, from North Clinton street to North street.

Sec. 4. That the whole expense of such improvement, excepting that portion between the tracks, the rails of the tracks, and two feet outside of the tracks of the Rochester Railway company is hereby assessed upon the following part or portion of the city of Rochester, to wit: One tier of lots and parcels of land on each side of Central avenue, from North Clinton street to North street. And that the city assessors be and they hereby are directed to make an assessment according to benefits received, as provided by the City Charter, for the cost and expense above mentioned upon said territory.

Sec. 5. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons,

Kelly, Ernst, Mead, Judson, Tanner, May—18.

By Ald. Marson—Resolved, That the Rochester Gas and Electric company be, and hereby is, directed to construct a sub-way in River street, from St. Paul street to Water street; also to construct a sub-way on the west side of Argyle street and Gibbs street, inside of the curb line, from East avenue to Barrett alley.

Adopted.

By Ald. Plumb—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. The Treasurer and Comptroller of the city of Rochester are hereby directed, in drawing checks for the payment of the salaries and compensation of all officers and employees of the city, to insert in each check a statement that it is in full payment for services rendered during the period in payment for which such check is issued, and the Treasurer and Comptroller are hereby forbidden to sign or countersign any such check which does not contain such provision.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

By Ald. H. G. Cook—Resolved, That the City Engineer be and he hereby is directed to establish the grade for sidewalks on Meigs street from Clinton avenue south to Caroline street.

Adopted.

By Ald. Plumb—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. The Commissioner of Public Works is hereby authorized to expend from the moneys appropriated for the use of his department such sums as may be necessary to run the same during the months of July and August, 1900.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

By Ald. Beard—Resolved, That the Rochester Gas and Electric Co. be requested to place an arc electric light on O'Brien street.

Referred to the committee on Lamps and Electricity.

By Ald. Plumb—Whereas, the legislature of the state of New York, by the Laws of 1900, Chap. 328, has authorized, empowered and directed the Common Council of the city of Rochester to reassess the amount of the cost and expense of improving Dartmouth street from the south side of Thayer street to Park avenue, pursuant to ordinance No. 6327, adopted by the Common Council of the city of Rochester, October 26, 1897, and to fix and designate the district area and portion of said city which it deems benefited by said improvement without regard to the district or area mentioned and described in the ordinances passed by the Common Council of the city of Rochester, directing and authorizing the making of said improvement; and,

Whereas, The city of Rochester has made said improvement at an expense of \$3,323.19, as reported to this Council by the proper officer, which being deemed reasonable,

Now, therefore, Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That the amount of the cost and expense of Dartmouth street improve-

ment be, and the same hereby is, adjusted at the sum of \$3,323.19, and that the City Assessors be and they hereby are directed to make an assessment as provided by the City Charter for the improvement hereinbefore mentioned upon the following named territory which this Council deems proper to be assessed for and will be benefited by said improvement, to wit: One tier of lots and parcels of land on each side of Dartmouth street, as now opened and proposed to be opened from Park avenue to Monroe avenue.

Sec. 2. That the assessment for said improvement shall be and become due and payable in three equal installments as follows: The first installment within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; the second installment within one year from the confirmation of the assessment roll and the last installment within two years from the confirmation of the assessment roll.

Sec. 3. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

By Ald. C. S. Cook—Resolved, That the City Engineer be directed to establish the sidewalk grade at the corner of Fien and Oakman streets.

Adopted.

By Ald. C. S. Cook—Resolved, That the Clerk be directed to have served upon the Mayor a certified copy of the report of the Law committee made at the meeting July 3, 1900, in relation to positions in the Comptroller's office.

Adopted.

Adjourned.

W. JAMES WILSON,
Deputy City Clerk.

In Common Council, July 31, 1900.

REGULAR MEETING.

Present—Hiram H. Edgerton, President of the Common Council, and

Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Kelly, Ernst, Mead, Judson, Tanner, May—20.

APPROVAL OF MINUTES.

The minutes of the regular meeting of July 17th were approved as published in the official sheets of proceedings.

RESOLUTIONS.

By Ald. Beard—Resolved, That the Committee on Schools be requested to confer with the Board of Education in reference to discontinuing the summer school at No. 18 public school.

Adopted.

By Ald. Plumb—Resolved, That Albin Geyer be allowed to build and connect a 12-inch pipe sewer from Geyer place to the sewer in Park avenue; the work to be done under the supervision of the Commissioner of Public Works and the City Engineer.

Adopted.

By Ald. Plumb—Resolved, That the next regular meeting of this Council, appointed to be held August 14, 1900, be and hereby is assigned as the time when allegations will be heard on the reassessment for Dartmouth street brick improvement under final ordinance No. 6,827 and the designation of the portion of the city which the Common Council deems benefited by said improvement, which re-assessment and designation are authorized by chapter 328 of the laws of 1900, and that the Clerk cause to be published in the official papers a notice of such intended re-assessment.

Adopted.

By Ald. Judson—Whereas, The contract for taking down, removing and storing the election booths was, by direction of the Common Council of 1899, awarded to Thomas Skipworth; and,

Whereas, Complaint has been made that the said booths have been improperly stored by said Skipworth in a vacant lot and are being damaged and destroyed; therefore

Resolved, That the Custodian of City Election Property be and hereby is requested to report to this Council the condition of the election booths, the ballot machines and other election property and as to whether the contracts for the storage and care of the same are being properly executed.

Adopted.

By Ald. Judson—Whereas, Through the liberality of a number of public spirited citizens of Rochester a testimonial arch was erected at the intersection of Main street east and East avenue in honor of General Otis; and

Whereas, Many of those who contributed to the fund for the erection of the arch did so with the understanding that the structure would be permitted to remain until after the various conventions of the various fraternal orders scheduled to meet in this city during the present year had been held; and

Whereas, No serious complaint has been made that public traffic was inconvenienced or hindered by the arch; therefore

Resolved, That the Commissioner of Public Works be and he hereby is requested to postpone the demolition and removal of the arch until requested to remove it by the Common Council.

Adopted.

By Ald. Judson—Resolved, That the City Engineer be and hereby is requested to establish the grade and street lines of North Union street, from the Central railroad property to Trinidad street.

Adopted.

By Ald. Tanner—Resolved, That the Rochester Gas and Electric company be and hereby is instructed to place an arc electric light on the west end of Melrose street. Referred to Lamp and Electricity committee and City Engineer.

PETITIONS AND REMONSTRANCES.

By the Clerk—Notice of claims of Richard Costich, J. Sebastian Zwerger, George Zwerger, George Meizenzahl and Henry Erbland for damages alleged to have been caused by East Side trunk sewer storm overflows. Referred to Law committee.

By Ald. Cook—Petition for water pipe in Cork street. Referred to Water Works committee.

Also—Petition of Yawman & Erbe Manufacturing company for building permit. Referred to Building committee and Fire Marshal.

By Ald. Young—Petition of Michael Filon estate for building permit. Referred to Building committee and Fire Marshal.

By Ald. Beard—Petition for abatement of nuisance caused by power house of Rochester and Suburban railroad on Concord avenue. Referred to Railroad committee.

By Ald. Casey—Petition of S. Hason for building permit. Referred to Building committee and Fire Marshal.

By Ald. Baker—Petitions of Helen D. Shedd and Mary A. Gordon for cancellation of assessment for Lamont park cement walk. Referred to Assessment committee.

Also—Petition for cement walk on Aldern place. Referred to City Engineer for ordinance.

Also—Petition of Alexander Prentice as receiver of the Rochester Cash Register company for cancellation of personal tax. Referred to Assessment committee.

Also—Petition of Michael Eyer for building permit. Referred to Building committee and Fire Marshal.

By Ald. Reddington—Petition for cement walk on Rockland street. Referred to City Engineer for ordinance.

By Ald. Plumb—Petition of Charles H. Cook for reduction of city tax. Referred to Assessment committee.

Also—Petition of Fannie M. Tibbets for cancellation of assessment. Referred to Assessment committee.

Also—Petition of D. D. Briggs for building permit. Referred to Building committee and Fire Marshal.

By Ald. Parsons—Petition of J. S. Moyer, Felicia Sedore and George H. Schwarz for building permits. Referred to Building committee and Fire Marshal.

Also—Petition of George Helein for reduction of assessment for Cypress street sewer. Referred to Assessment committee.

Also—Petition to have name of Klink street changed to Clermont street. Referred to City Assessors.

By Ald. Kelly—Petition for sewer in Ames street, from Jay street to Bethlehem park. Referred to City Engineer for ordinance.

Also—Petitions of George Stott and Mary L. Howe for building permits. Referred to Fire Marshal and Building committee.

By Ald. Mead—Petitions of W. C. Thein, Sebastian Weber and John Schlicker for building permits. Referred to Building committee.

Also—Petition of Albert May for reduction of interest on unpaid city tax. Referred to Assessment committee.

Also—Petition for extension of street car line on Joseph avenue to Norton street. Referred to Railroad committee.

By Ald. Judson—Petitions of John Effinger, A. A. Stout, and Homer Knapp for building permits. Referred to Building committee and Fire Marshal.

By Ald. Tanner—Petition for an electric light on Hopkins street. Referred to Lamp and Electricity committee.

Also—Petitions of W. H. O'Kane (10), John L. Walter, L. H. Ingram and James O'Neil for building permits. Referred to Building committee and Fire Marshal.

By Ald. May—Petition of Louis Breiner and Lorenz Mandel for building permits. Referred to Building committee and Fire Marshal.

COMMUNICATIONS AND REPORTS FROM OFFICERS OF THE CORPORATION BOARDS AND DEPARTMENTS.

Ret 14

By the Clerk—

CLAIMS FOR 1900.

Comptroller's Office,
Rochester, N. Y., July 14, 1900.

To the Honorable, the Common Council:

Gentlemen:—In accordance with the provisions of Section 65 of the City Charter, you are hereby notified that the claims presented to the Comptroller during the two weeks ending July 14, 1900, have been audited in the amounts hereinafter named:

CONTINGENT FUND.

Claim No.	Name of Claimant.	What Claim is For.	Amount of Claim.	Amount of Audit.

JAMES JOHNSTON,
 Comptroller.

Received, filed and published.

By the Clerk—

Department of Finance,
Comptroller's Office,
Rochester, N. Y., July 31, 1900.

To the Honorable, the Common Council:
Gentlemen—There will be due in the near future, the following obligations through the Local Improvement Fund:

August 22d—	
Bills payable	\$110,000 00
Interest thereon	4,400 00
August 27th—	
Bills payable	80,000 00
Interest thereon	930 00
September 1st—	
Bills payable	220,000 00
Interest thereon	2,570 00

Aggregating

Aggregating	\$417,900 00
-------------------	--------------

To meet them it will be necessary, in addition to the amounts of money estimated to be on hand applicable for their payment, to borrow \$375,000. Will you, therefore, be good enough to grant the necessary authority to issue the city's certificates of indebtedness for this amount, for the purpose named, for a period not exceeding eight months?

Respectfully submitted,
JAMES JOHNSTON,
Comptroller.

Received, filed and published and referred to committee on Finance.

By the Clerk—

Department of Finance,
Comptroller's Office,
Rochester, N. Y., July 31, 1900.

To the Honorable the Common Council:
Gentlemen—The \$140,000 authorized by the preceding Common Council under date of September 12, 1899, to pay for improvements between the tracks of the Rochester Railway company in various streets, is nearly exhausted, and an additional supply of money is needed for the work now in progress. Under date of September 12, 1899, the City Engineer presented a detailed statement of the work then ordained and in process, which is shown on pages 545 and 546 of last year's Council proceedings. The following statement prepared by Engineer Fisher, shows the situation as it exists at present:

Car Tracks Work, 1899-1900.

1. Work completed under resolutions of Common Council passed in 1899:	
Caledonia avenue	\$20,223 34
Monroe ave. bridge approaches.....	1,879 44
North Clinton st. Medina imp't....	29,705 37
Emerson st. (West end).....	6,348 17
Emerson st. (East end).....	7,393 94
Thrush st.	19,439 93
Monroe ave., Medina imp't.....	30,723 33
Elm st.	5,769 85
Jefferson ave.	13,893 96
Jay st.	7,008 37
Hudson ave.	*16,000 00
	\$158,385 69
Add for inspection, etc.....	3,167 71
	\$161,553 40

*Estimated.

2. Work done under ordinances in 1899 and charged to Rochester Railway Co:	
North Clinton st. asphalt imp't....	*\$16,402 00
Clarissa st. asphalt imp't.....	*1,626 31
	\$18,028 91

*Includes inspection.

3. Approximate estimates for work done under ordinances in 1900:

Ord. No.	Estimates.
388—April 24, Main st. east, University ave. to Circle st.	\$26,000 00
387—April 24, Clinton ave. north, Main st. east to north line Andrews st.	9,500 00
386—April 24, Clinton ave. north, Andrews st to N. Y. C. & H. R. R.	11,000 00
390—April 24, Joseph ave., Clifford st. to Avenue D.	18,500 00
385—April 24, North st., south line Weld st. to Nash st.	12,500 00
384—April 24, Ames st., Jay st. to Maple st.	8,000 00
437—July 3, Central ave., Clinton ave. north to River bridge... ..	8,500 00
	\$94,000 00

Totals.

1. Work under resolutions, 1899....	\$161,553 40
2. Work under ordinances, 1899....	18,028 91
3. Work under ordinances, 1900....	94,000 00

\$273,582 31

Less amount already appropriated, by issue of city notes..

140,000 00

Balance required to pay for the aforesaid work

aforesaid work	\$133,582 31
----------------------	--------------

Instead of asking for authority to borrow this entire amount, the Comptroller thinks it wise to ask for \$50,000 now, and for the balance in installments at later dates. Will you, therefore, be good enough to grant the necessary authority to issue the city's certificate of indebtedness for \$50,000 for a period not exceeding eight months, for use through the Local Improvement Fund, Special?

Respectfully submitted,
JAMES JOHNSTON,
Comptroller.

Received, filed and published and referred to committee on Finance.

By the Clerk—

Department of Finance,
Comptroller's Office,
Rochester, N. Y., July 31, 1900.

To the Honorable the Common Council:
Gentlemen: There will be due in the near future, the following obligations through the East Side Trunk Sewer fund:

August 27—	
Bills payable	\$60,000 00
Interest thereon	700 00
Sept. 5—	
Bills payable	8,000 00
Interest thereon	55 00

Aggregating

Aggregating	\$68,755 00
-------------------	-------------

To meet them it will be necessary, in addition to the amounts of money estimated to be on hand applicable for their payment, to borrow \$65,000. Will you, therefore, be good enough to grant the necessary authority to issue the city's certificates of indebtedness for this amount, for the purpose named, for a period not exceeding eight months?

Respectfully submitted,
JAMES JOHNSTON,
Comptroller.

Received, filed and published and referred to committee on Finance.

By the Clerk—

Department of Finance,
Comptroller's Office,
Rochester, N. Y., July 31, 1900.

To the Honorable, the Common Council:
Gentlemen: The money in the East Side Trunk Sewer fund, Construction account,

is nearly exhausted. Some small claims resulting from the over-flow damages are pending, and the City Engineer informs the Comptroller that additional claims through this fund are likely to be presented in the near future. The Corporation Counsel advises the Comptroller that the moneys now being received from the assessment for said sewer must be kept separately and used only to pay the bonds and notes issued for the construction of said sewer, and the interest upon them. Inasmuch as the assessment receipts cannot be used for construction or any other than the purposes named, will you be good enough to grant the necessary authority to issue the city's certificate of indebtedness for one thousand dollars, for a period not exceeding eight months, for use through the East Side Trunk Sewer fund, Construction account. Respectfully submitted,

JAMES JOHNSTON,
Comptroller.

Received, filed and published and referred to committee on Finance.
By the Clerk—

Department of Finance,
Comptroller's Office,
Rochester, N. Y., July 30, 1900.
To the Honorable, the Common Council:

Gentlemen: The communication from the treasurer presented to your honorable body under date of July 17, contains some statements that may cause your members to have an erroneous understanding, and the following explanation is submitted in the belief that it will help to correct any wrong impressions that prevail concerning the relations existing between the offices of the Comptroller and Treasurer.

In the Treasurer's communication, he says: "The Comptroller insists that he needs as a matter of record in his office, the checks issued for the payment of salaries of bills, after they have been returned from the several banks through which they were paid." This statement is wholly untrue, and the Comptroller does not know why the Treasurer should have made it. There has been no conversation on this subject between the two offices, excepting only that the Deputy Treasurer asked the Comptroller shortly before the last council meeting if the voucher should not be filed in the Treasurer's office. The Comptroller answered promptly, yes, and said they were then being prepared for the Treasurer's office, and explained the reasons for the delay with them. The Treasurer then says in his communication: "He, the Comptroller, also continues to hold in his keeping the several check books from which such checks are issued." The Treasurer does not explain that when the checks were first used in the Comptroller's office it was at the request of his deputy, but permits the newspapers to say repeatedly that the Comptroller has usurped his authority. The Treasurer does not state that during the latter part of January, when he was at home sick, the Comptroller took the January pay rolls and check books to the Treasurer's office and placed them at the disposal of the deputy treasurer, with a statement something like this: "That the charter is indefinite on this subject; that the Comptroller had prepared the check books on the assumption that the checks should be drawn in the Treasurer's office, and that if the Treasurer's office had the time and disposition to do the work, here was the opportunity." The Deputy Treasurer's reply was, in substance, "That he was not sure that it was their duty, that their office force was busy, and that if the Comptroller's office had time to do the work, he preferred and requested that they should." Neither the Treasurer

nor his deputy has had any other conversation with the Comptroller on the subject, and neither one has ever requested the Comptroller to give up the custody of the check books.

The Treasurer again says in his communication that "this action on his, the Comptroller's part, prevents the Treasurer from obtaining and keeping a record of the amounts disbursed by the city." This is a surprising statement, for if it is true, how is the Comptroller to obtain and keep a record of the amounts disbursed by the city when the check books are kept in the Treasurer's office? The Treasurer should know by this time that the Comptroller's office is the principal and ranking office in the Department of Finance, and that the charter is equally specific in requiring the Comptroller to keep the same record of disbursements as those kept by the Treasurer. The Comptroller will continue to keep a record of all accounts and disbursements required by the charter, irrespective of which office has custody of the check books, and there is no good reason why the Treasurer should not likewise have complied with the plain requirements of the charter. The Corporation Counsel's opinion is perfectly intelligible to the Comptroller, and in obedience to it the Comptroller will transfer all check books and vouchers to the treasurer at the earliest practicable moment.

Respectfully submitted,
JAMES JOHNSTON,
Comptroller.

Received, filed and published.

By Ald. Plumb—

City Treasurer's Office,
Rochester, N. Y., July 31, 1900.
To the Hon. the Common Council:

Gentlemen: I hereby certify that the Executive Board have notified me that the works or improvements authorized under ordinances hereinafter mentioned have been completed; that I have, pursuant to the provisions of the charter, ascertained the entire and aggregate expense of, and connected with the same respectively, including any interest that the city shall incur, or is entitled to for the use of its funds; and that the respective amounts thereof are as follows:

One Payment.

Ordinance and improvement.	Expense.
6258—Frederick park extension.....	\$2,675 00
Three Payments.	
5666—Ravine avenue extension.....	\$1,360 17
S. B. WILLIAMS, Treasurer.	

Received, filed and published.

By Ald. Plumb—Resolved, That the next regular meeting of this Common Council be and hereby is appointed as the time when any complaints or allegations relating to the ordering of an assessment for the expense of the following improvements will be heard:

Or. No. 6258, Frederick park extension;
Ord. No. 5666, Ravine avenue extension.
Adopted.

By the Clerk—

City of Rochester,
Department of Public Safety,
July 25, 1900.

The Honorable, the Common Council:
Gentlemen: I beg to direct the attention of your honorable body to the fact that there is reported to be in Rochester about 125 miles of dead or unused overhead wires. With the more or less defective insulation on wires carrying currents of high tension

these wires are a constant menace to life and should be removed. I have given the matter considerable study, and am satisfied that the city will have to take down this wire, because it will be impossible in most cases to identify the ownership. Some of the wires have been strung by private citizens, and of course some of them are city property. I am informed that the practice in some other cities is to require all corporations maintaining overhead wires within the city limits to mark their poles with a stencil indicating such ownership, and to tag the wires at distribution points with the initials of the company owning the wire and the voltage carried. I beg to suggest, therefore, that you take into consideration the passage of an ordinance requiring all companies maintaining poles and wires in the city streets to mark them in the way suggested, within a time limited and set in the ordinance, and that the ordinance further provide that within thirty days after the time named the city will proceed to remove all wires and poles not so marked. I have under consideration a plan which I shall propose to the Common Council for consideration later, by which a considerable amount of the city's overhead wire now in use can be dispensed with, and I hope that ultimately the Common Council will wish to arrange some plan by which all electrical construction in public streets can be placed under one head and a more orderly and satisfactory result be thus obtained.

Very respectfully yours,

JAMES G. CUTLER,
Com'r of Public Safety.

Received, filed and published and referred to Committee on Public Safety.

By the Clerk—
City of Rochester.
Department of Public Safety,

July 31, 1900.

The Honorable, the Common Council:

Gentlemen: The very general use of bicycle racks in the streets of the city seems to demand attention of the Common Council. These racks are of all kinds and are made to carry every variety of signs and advertisements and are, of course, even in their simplest form, an obstruction to the streets and I suppose it is the duty of the police to cause them to be removed. Their removal, however, would probably tend to increase rather than diminish the obstruction of the sidewalks, unless bicycles are excluded from the sidewalks of business streets, altogether, as half a dozen wheels held firmly in the rack at the curb are obviously less obstructive than the same number of wheels leaning up against the building. I wish, however, to be instructed in the matter, and unless the Common Council deems it proper to make an exception, providing some restriction as to size and form of such racks, I shall deem it to be my duty to proceed to enforce the ordinance as it stands.

Very respectfully yours,

JAMES G. CUTLER,
Com'r of Public Safety.

Received, filed and published and referred to Committee on Law.

By Ald. Plumb—
City of Rochester,
Department of Public Safety,
July 31, 1900.

To the Honorable, the Common Council:

Gentlemen: I beg to call your attention to the fact that your recent action with reference to salary checks will, unless you take steps to prevent it, operate to delay the payment of the members of the Police, Fire and Health Departments until the 4th

or 5th of the month. The practice has been to make up the pay roll of these departments about the 25th of the month, as they have to go to the Civil Service Commissioners for their certification, and then to provide for additional items in a supplementary roll made up on the first of the month and certified to later. It is, of course, a great convenience to the members of these departments to receive their pay on the first day of the month and I trust you will feel inclined to pass a brief resolution excepting the employees of the Police, Fire and Health departments from the operation of the ordinance requiring them to receipt in full. As these salaries are all definite, the purpose which I suppose to have been served by the ordinance referred to would not be in any wise affected by the action now suggested by

Very respectfully yours,
JAMES G. CUTLER,
Commissioner of Public Safety.

By Ald. Plumb—Be it ordained by the Common Council of the city of Rochester:

Sec. 1. Section 1 of an ordinance passed July 17, 1900, appearing at page 515, current proceedings, relating to salary checks, is hereby amended to read as follows:

Sec. L. The Treasurer and Comptroller of the city of Rochester are hereby directed, in drawing checks for the payment of the salaries and compensation of all officers and employees of the city, except members of the Police and Fire and Health departments, to insert in each check a statement that it is full payment for services rendered during the period in payment for which such check is issued and the Treasurer and Comptroller are hereby forbidden to sign any such check, except as provided by this ordinance, which does not contain such provision.

Sec. 2. Section 2 of said ordinance is hereby amended so as to read as follows:

Sec. 2. All ordinances and parts of ordinances, inconsistent with the terms of this ordinance are hereby repealed.

Sec. 3. This ordinance shall take effect immediately.

Ald. Tanner objected to action upon the ordinance at this meeting and it was laid on the table.

By Ald. Parsons—
City of Rochester,
Department of Public Safety,
July 30, 1900.

The Honorable, the Common Council:

Gentlemen: Early in the year a member of the Fire Department, U. Grant Ensign, broke his leg at a fire, and the bill of the Homeopathic Hospital for one week's board and services amounts to ten dollars. I am informed that I should ask your authority to do so before paying this bill, and I respectfully recommend that I be authorized to settle it, and am,

Very respectfully yours,
JAMES G. CUTLER,
Commissioner of Public Safety.

Received, filed and published.

By Ald. Parsons—Be it ordained by the Common Council of the city of Rochester as follows:

Sec. 1. Pursuant to the provisions of section 231 of Chapter 143 of the laws of 1861, as amended, the Commissioner of Public Safety of the City of Rochester is hereby authorized to approve and certify to the Comptroller for payment the bill of the Homeopathic hospital for \$10.00 for medical services rendered to U. Grant Ensign, a member of the Fire department of the city of Rochester; said Ensign having been cared for at said hospital for a period of

one week in consequence of a broken leg, incurred in line of duty.

Adopted by the following vote:
Ayes—Aldermen Callihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May 18.

By the Clerk—

City of Rochester,
 Executive Division,
 Department of Public Works,
 Rochester, N. Y., July 21, 1900.

To the Hon. the Common Council:

Gentlemen: In accordance with former practice, and upon information from the Corporation Counsel's office, that action could be taken in the matter of the sale of a house on Thomas street, which had been acquired by the city in the condemnation proceedings relative to the extension of Friederich park, I caused an advertisement of the sale to be published in the official papers of the city, and on Thursday last, July 19th, the sale took place on the premises.

The conditions of the sale were made known at that time, and after some spirited bidding the house and all movable fences, etc., were sold to Julius Friedrich for the sum of \$325.00, and the amount thus received was deposited with the City Treasurer, a copy of the receipt for which is herewith given:

Rochester, N. Y., July 20, 1900.
 Received of J. Herbert Grant, Commissioner of Public Work, Three Hundred Twenty-five dollars for sale of house (Friederich park extension),
 \$325.00

S. B. WILLIAMS,
 Very truly yours,
 J. HERBERT GRANT,
 Commissioner of Public Works.

Received, filed and published.

By Ald. Plumb—Resolved, That the City Treasurer be and hereby is requested to report the cost of Friederich park extension under final ordinance No. 6258, deducting from the amount to be assessed upon benefited property the sum received by the city for buildings sold from the property acquired for the extension as reported to this council by the Commissioner of Public Works.

Adopted.

By Ald. Parsons—
 Commissioner of Public Works Office,
 Rochester, N. Y., July 31, 1900.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen: The shafting of the operating, machinery of the Allen street lift bridge has broken, rendering the bridge useless for travel. As it would be impossible to procure new castings except at the place where the original castings were made except by a long delay, and as the necessary labor and material for repairs will amount to more than \$50.00, I would respectfully recommend the adoption of the accompanying ordinance allowing the necessary repairs to be made otherwise than by contract. Repairs are also required on the brick pavement on Rutgers street. The nature and extent of said repairs are indefinite and cannot well be described in a specification. As these repairs will cost more than \$50.00, I would respectfully ask for authority to do the work otherwise than by contract.

Yours respectfully,
 J. HERBERT GRANT,
 Commissioner of Public Works
 Received, filed and published.

By Ald. Parsons—Be it ordained by the Common Council of the city of Rochester as follows: That it is impracticable to procure the necessary repairs to the operating machinery of the Allen street lift bridge by contract, and the Commissioner of Public Works is hereby authorized and empowered, if the Board of Estimate unanimously concur, to make the necessary repairs to said operating machinery of the Allen street lift bridge as he may deem for the best interests of the city.

Adopted by the following vote:
Ayes—Aldermen Callihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May 18.

By Ald. Parsons—Be it ordained by the the Common Council of the city of Rochester as follows:

That it is impracticable to procure the necessary repairs to the brick pavement on Rutgers street by contract, and the Commissioner of Public Works is hereby authorized and empowered, if the Board of Estimate and Apportionment unanimously concur, to make the necessary repairs to said brick pavement on Rutgers street as he may deem for the best interests of the city.

Adopted by the following vote:
Ayes—Aldermen Callihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May 18.

By Ald. Parsons—

City Engineer's Office,
 Rochester, N. Y., July 31, 1900.

To the Hon. the Common Council of the City of Rochester:

Gentlemen—In the matter of the street numbers to be placed on buildings under final ordinance No. 418, it is found that the numbers required are scattered through the various streets, and that it is desirable that some person under the immediate control of the City Engineer's office should put up these numbers in order that proper record may be kept, and that the work be done by day's labor rather than by contract. I therefore recommend the adoption of the accompanying ordinance.

Respectfully submitted,

E. A. FISHER,
 City Engineer.

Received, filed and published.

By Ald. Parsons—Be it ordained by the Common Council of the city of Rochester as follows: That it is impracticable to procure the putting up of the street numbers on buildings by contract, under final ordinance No. 418; and the Commissioner of Public Works is hereby authorized and empowered, if the Board of Estimate and Apportionment unanimously concur, to procure the putting up of said street numbers otherwise than by contract and in such manner as he may deem best.

Adopted by the following vote:
Ayes—Aldermen Callihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May 18.

City of Rochester,
 Department of Public Works,
 Bureau of Engineering.

Rochester, N. Y., July 27, 1900.

Hon. Charles H. Judson, 256 Main Street East, City:

Dear Sir—The attached communication from the Rochester Labor Lyceum, Wil-

mer Ely, secretary, was handed to me today, and I forward the same to you for such action by the Common Council as you see fit to give. Mr. Ely informs me that whatever extra expense attends the use of the Council Chamber by the society would be paid by them; and if a permit is granted, it should be so stated in the permit.

Very truly yours,

E. A. FISHER,
City Engineer.

Received, filed and published and referred to committee on City Property and City Engineer.

By Ald. Plumb—

City of Rochester,
Department of Legislation,
July 31, 1900.

To the Common Council:

Gentlemen—I hereby certify and report that the City Assessors have delivered to me the following assessment rolls, verified and certified as required by law:

Ord.

- No.
6727. State street asphalt improvement.
7241. Clarissa street improvement.
7764. Frost avenue improvement.
7183. Linden and Yale street improvement.
7819. Chamberlain street brick improvement re-assessment:
7885. Beaufort street sewer.
7292. Grand street sewer.
7328. Weddale way sewer.
7241. Clarissa street walks.
7304. Avenue C walks.
7742. Ella street walks.
7745. Greeley street walks.
7768. Magnolia street walks.
7798. Seward street cement walks.
7891. Hawley street widening.
6739. Palmer street widening.

Respectfully submitted,
THEODORE S. PULVER,
City Clerk.

Received, filed and published.

Ald. Tanner moved that action on the assessment roll for Frost avenue asphalt improvement, No. 7764, be postponed until the first regular meeting in October.
Carried.

Ald. Casey moved that action on the confirmation of State street asphalt improvement assessment roll, No. 6727, be postponed until the next regular meeting.
Carried.

By Ald. Plumb—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That the assessments for the following named local improvements as set forth in the roll for the same as reported to this Council by the Clerk as verified and certified by the City Assessors, be and the same hereby are in all things approved and confirmed:

- Ord.
7241. Clarissa street improvement.
7183. Linden and Yale streets improvement.
7819. Chamberlain street brick improvement, re-assessment.
7885. Beaufort street sewer.
7292. Grand street sewer.
7328. Weddale way sewer.
7241. Clarissa street walk.
7304. Avenue C walk.
7742. Ella street walk.
7745. Greeley street walk.
7768. Magnolia street walk.
7798. Seward street walk.

Sec. 2. All ordinances and parts of ordinances inconsistent with the terms of this ordinance are hereby repealed.

Allegations were invited on each of the

above rolls and no person appearing the rolls were confirmed by the following vote:

Ayes—Aldermen Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Plumb—Resolved, That the next regular meeting of this Council, appointed to be held August 14, 1900, be and hereby is assigned as the time when any complaints or appeals will be heard relating to the assessments for the following named improvements; as set forth in the rolls for the same this day reported to the Council:

Ord.

- No.
7891. Hawley street widening.
6739. Palmer street widening.
Adopted.

MISCELLANEOUS COMMUNICATIONS.

By Ald. Judson—

Rochester, N. Y., July 31, 1900.

To the Honorable, the Common Council of the city of Rochester:

Gentlemen—The Goodman Street Homestead Association hereby offers to dedicate to the city of Rochester, as a public highway, the following described property, viz.:

All that tract or parcel of land, situate in the city of Rochester, in the Goodman Street Homestead Association Tract, known as Rocket street (formerly Seneca street), beginning at the easterly end of Seneca street as dedicated to the city of Rochester by the Goodman Street Homestead Association on the 11th day of August, 1891, and running thence easterly about eight hundred and sixty (860) feet to the westerly line of Morton street; said Rocket street is intended to be fifty (50) feet in width, and extends from the westerly line of Hebard street to the westerly line of Morton street, as shown on a map of the Goodman Street Homestead Association Tract, filed in the office of the Clerk of Monroe county on the 27th day of November, 1889, in Liber 8 of Maps at page 10.

Yours respectfully,

GOODMAN STREET HOMESTEAD ASSOCIATION,

by C. H. PALMER,

President.

Received, filed and published and referred to Commissioner of Public Works.

By Ald. Mead—

July 23, 1900.

To the Hon. the Common Council of the City of Rochester:

Gentlemen—We, the undersigned, Sebastian Webber and Theresa Webber, his wife, do hereby formally dedicate to the city of Rochester, for the purposes of a public street, the following described premises, being all that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, beginning at a point in the easterly line of Maria street, 150 feet northerly from the northeast corner of Maria and Bernard streets; thence on said easterly line produced northerly about 170 feet to the northerly line of land belonging to Sebastian Webber. The above described line is the easterly line of Maria street to be dedicated to the city of Rochester, and the westerly line shall be 50 feet westerly measured at right angles from the above described line. The land to be taken is all that land lying between above described lines.

Said parties further certify that said street has been actually opened and made convenient for public use and traffic, and that said Sebastian Webber and Theresa,

his wife, are the owners of the premises herein described, and that the said parties have the right to dedicate the same to the city as aforesaid, and that the same is free from all liens and encumbrances of every name and nature.

All of the above is respectfully submitted with the request that said property be accepted by the city as a public street.

SEBASTIAN WEBER (L. S.)
THERESIA WEBER (L. S.)

Received, filed and published, and referred to Commissioner of Public Works.

nue in front of Shepard street be moved to a point opposite the center of said street.

Respectfully submitted,

W. H. MARSON,
CHARLES H. JUDSON,
FRANK A. WARD,
J. MILLER KELLY,

Lamp Committee.

Received, filed and published.

By Ald. Marson—Be it ordained that the Commissioner of Public Works be, and hereby is, authorized to have made the changes in the location of the electric lamps recommended in the foregoing report.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Marson—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. No corporation, company or individual shall maintain or allow to be maintained, any overhead wires or the poles and fixtures for supporting such wires (except lamp poles, trolley poles and trolley wires), in any street, alley or public place within the city of Rochester in and through which an underground conduit for the laying of wires has been or hereafter may be constructed and in which sufficient space is available for the reception of cables or conductors necessary to take the place of said overhead wires and fixtures; and in all such cases said overhead wires and fixtures shall be removed from such streets as now have such conduits constructed in them, within ninety days from the taking effect of this ordinance, and in all other streets within ninety days from the completion of such conduit, unless such time shall, by the Council, for a good and sufficient reason, be extended.

Sec. 2. No poles for the stringing of wires shall be erected, nor shall any wires be strung in any street, alley or public place where an underground conduit having sufficient available space to furnish the necessary service shall exist, or where the Common Council has directed or shall by ordinance or resolution direct that overhead wires be removed.

Sec. 3. No additional fixtures shall be attached to any pole in any of the streets of the city of Rochester for the purpose of increasing its height or capacity for carrying wires, without permission in writing from the Commissioner of Public Works.

Sec. 4. Every pole now erected or hereafter erected in any of the streets of said city of Rochester shall have a distinguishing brand or mark sufficient to designate to whom such pole belongs; which mark shall be of such form and size, and appear in such place upon each of said poles as shall be prescribed by the Commissioner of Public Works; and every corporation, company or individual having or owning any such poles in any of the streets of said city shall, within thirty days after this ordinance takes effect, affix to each of said poles such mark or brand.

Sec. 5. Any corporation, company or individual who shall violate any of the provisions of this ordinance shall be liable to a fine not exceeding one hundred and fifty dollars, or imprisonment not exceeding one hundred and fifty days, or to both such fine and imprisonment.

Sec. 6. This ordinance shall take effect immediately.

Adopted by the following vote:

REPORTS OF STANDING COMMITTEES.

ASSESSMENT COMMITTEE REPORT.

By Ald. Baker—

Rochester, N. Y., July 21, 1900.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—Your Assessment committee begs leave to submit the following report:

In the matter of the petition of Wendelin Knapp, we recommend that the same be granted as per following ordinance.

Respectfully submitted,

WM. J. BAKER, Chm.,
WILLIAM T. PLUMB,
W. H. MARSON,
HENRY G. COOK,
W. ERNST,

Assessment Committee.

Received, filed and published.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That Wendelin Knapp be allowed to pay the assessment under ordinance No. 6428, upon lots 9 and 10, west side of Hague street, by paying to the City Treasurer of the city of Rochester two-thirds of said assessment with such interest as may have accumulated thereon; and upon such payment the City Treasurer is hereby authorized and directed to cancel said assessment and charge the remaining one-third thereof to the erroneous assessment fund.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—20.

LAMP COMMITTEE REPORT.

By Ald. Marson—

Rochester, N. Y., July 31, 1900.

To the Honorable the Common Council:

Gentlemen—Your committee to whom was referred the communication of Hon. Merton E. Lewis relative to overhead wires on Main street east, have given the matter of the removal of poles and overhead wires in streets having underground conduits, careful attention. The City Engineer and Corporation Counsel were requested by your committee to prepare a general penal ordinance covering this subject. Such an ordinance has been prepared and is herewith submitted for your consideration. We also recommend that the first electric lamp on South avenue south of Alpine street, be moved northerly about 75 feet. Also that the two electric lamps nearest Monroe avenue canal bridge, one on the north side and the other on the south side, be placed upon the posts at the ends of the bridge. Also that the electric lamp on Monroe ave-

Ayes—Aldermen Tracy, Calihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

STREETS AND SEWERS COMMITTEE REPORT.

By Ald. Parsons—

Rochester, N. Y., July 30th.

To the Common Council:

Gentlemen—Your committee on Streets and Sewers would respectfully report as follows:

In reference to the ordinance for a sewer in West avenue, we would state that the sewer in said avenue is not large enough to properly drain the territory tributary to it. In consequence the cellars of several stores on said avenue are flooded when heavy rains occur. This has happened once or twice a year for several years past.

The residents of West avenue and adjacent territory are bitterly opposed to the tearing up of their street at the present time, on account of the expense in relaying the pavement (just repaired), interruption of car service and loss to merchants in closing the street for a long period.

They suggest building a sewer in a round-about way so as to relieve West avenue of part of the territory now draining into it.

This plan, we find, is as expensive as the original, and as much opposed by the people on its route, and only a makeshift at best, and which would cause endless trouble in the levying of assessments. The residents having the most trouble from back-water, can be relieved by draining into Madison and King streets.

We, therefore, recommend the postponement of the ordinance until such time, as it is shown to be an absolute necessity.

In reference to the petition for a sewer in Clifford street, we find that a large majority of the taxpayers to be assessed for the same are opposed to the building of a new sewer at this time. We, therefore, recommend that the petition be denied.

Respectfully submitted,

F. G. PARSONS,
CHAS. S. COOK,
M. J. CALIHAN,
WM. J. BAKER,
JAS. H. CASEY,

Streets and Sewers Committee.

Received, filed and published.

ACTION UPON IMPROVEMENT ORDINANCES.

FIRST ORDINANCES.

CUSTER AND JEWELL STREETS SEWER.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the city charter, in Custer and Jewell streets; also a Portland cement walk.

Adopted.

The Engineer submitted as such estimate, \$5,900.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary and should be made, viz.:

The construction of a sewer of form and

dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter, in Custer street from a point 150 feet east of St. Paul street to the sewer in Conkey avenue and in Jewell street, from a point near Beach street to the proposed sewer in Custer street.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter.

Also the construction of a Portland cement walk 4-1/2 feet wide on each side of Custer street, from St. Paul street to Conkey avenue, and Jewell street from Beach street to Custer street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$5,900, which, being deemed reasonable, is hereby approved.

Be it further ordained, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Custer street, from St. Paul street to Conkey avenue and Jewell street from Beach street to Custer street.

Adopted.

AVERILL AVENUE SEWER.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the City Engineer ascertain and report to this Council the expense of constructing a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter, in Averill avenue, from a point near the Erie canal to the sewer in Broadway.

Adopted.

The Engineer submitted as such estimate \$525.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary and should be made, viz.:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter, in Averill avenue, from a point about 20 feet east of the canal bridge to the sewer in Broadway.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And, the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$525, which, being deemed reasonable is hereby approved.

Be it further ordained, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Averill avenue, from Erie canal to Broadway.

Adopted.

KLINCK STREET CEMENT WALK.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing Portland cement walks on Klinck street.

Adopted.

The Engineer submitted as such estimate, \$500.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The construction of a Portland cement walk 4 feet wide on west side of Klinck street from Monroe avenue to Hinsdale street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$500, which being deemed reasonable, is hereby approved.

Ordained further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on west side of Klinck street, from Monroe avenue to Hinsdale street.

Adopted.

OAK STREET CEMENT WALK.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the City Engineer ascer-

tain and report to this Council the expense of constructing Portland cement walks on Oak street.

Adopted.

The Engineer submitted as such estimate, \$250.

By Alderman Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The construction of a Portland cement walk 5 feet wide on west side of Oak street, from Platt street to Erie street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$250, which, being deemed reasonable, is hereby approved.

Ordained further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the west side of Oak street, from Platt street to Erie street.

Adopted.

ALDERN PLACE CEMENT WALK.

By Ald. Beard—Be it ordained by the Common Council of the City of Rochester as follows: That the City Engineer ascertain and report to this Council the expense of constructing Portland cement walks on Aldern place.

Adopted.

The Engineer submitted as such estimate, \$350.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The construction of a Portland cement walk 5 feet wide on each side of Aldern place, from the north end thereof to Ravine avenue, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$350, which, being deemed reasonable, is hereby approved.

Ordained further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Aldern place, from north end thereof to Ravine avenue.

Adopted.

By the Clerk—

City Clerk's Office,
Rochester, N. Y., July 31, 1900.
To the Honorable the Common Council of the City of Rochester:

Gentlemen:—I do hereby certify that a notice, such as is required by section 146 of the city charter, specifying each of the improvements contemplated by the following final ordinances, the estimated expenses thereof, the amount, if any, of such ex-

penses to be paid from the public treasury, the portion or part of the city to be assessed for the remainder of the expenses and requiring all persons interested in the subject matter of the improvement to attend at the time appointed in such notice, was published daily for four days in two daily newspapers printed in this city, namely, the Rochester Post Express and the Rochester Union and Advertiser.

Respectfully submitted,
THEODORE S. PULVER,
City Clerk.

Received, filed and published.

FINAL ORDINANCE NO. 457.

OXFORD STREET LIGHTS.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to maintain nine incandescent arc lights on Oxford street till July 1, 1901, from Park avenue to Monroe avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The maintaining of nine incandescent arc lights on Oxford street until July 1, 1901.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$660, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Oxford street, from Park avenue to Monroe avenue.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

FINAL ORDINANCE NO. 458.

PORTLAND AVENUE TRAP ROCK MACADAM PAVEMENT.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to improve Portland avenue, from Clifford street to Norton street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

Whereas, The Rochester and Suburban Railway company now operates a railway on the easterly side of Portland avenue, from Clifford street to Norton street, and

Whereas, Said Rochester Railway company and the property owners on said avenue have mutually agreed that the tracks of said railway may be moved into the center of said avenue, and the entire width of the roadway, including the space to be occupied by said tracks, be improved by the construction of a trap rock macadam pavement therein,

Now, Therefore, Resolved, That the City Engineer ascertain, and separately report

to this Council, the expense of improving Portland avenue, from Clifford street to Norton street, as follows:

1st. That part thereof included between lines drawn two feet outside of the outside rails of the tracks of the Rochester and Suburban Railway company as the same may exist at the time of the construction of the pavement with a trap rock macadam pavement on a Telford foundation; also the construction of the necessary surface sewers and tile drains.

2d. The paving of that part thereof lying outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester and Suburban Railway company with a trap rock macadam pavement on a Telford foundation, with Medina stone gutters adjacent to the curb; also the construction and repair of the necessary lot laterals, water services, curbing and sidewalks within the street lines.

3rd. The aggregate expense for improving all of the above-described parts of said street.

Adopted.

The Engineer submitted as such estimate as aforesaid \$15,000 for improving that part thereof included within the space between lines drawn two feet outside of the outside rails of the tracks of the Rochester and Suburban Railway company with a trap rock macadam pavement on a Telford foundation, together with the necessary surface sewers and tile drains.

2d. \$65,000 for improving that part thereof lying outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester and Suburban Railway company with a trap rock macadam pavement on a Telford foundation, including the construction and repair of the necessary lot laterals, water services, curbing and sidewalks within the street lines.

3rd. \$80,000 the aggregate estimated expense for improving all of the above described parts of said street.

Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The improvement of Portland avenue, from Clifford street to Norton street, as follows:

1st. That part thereof included within the space between lines drawn two feet outside of the outside rails of the tracks of the Rochester and Suburban Railway company as the same shall exist at the time of the construction of the improvement with a trap rock macadam pavement upon a Telford foundation, together with the necessary cross walks, surface sewers and tile drains in said tracks.

2d. That part thereof lying outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester and Suburban Railway company with a trap rock macadam pavement upon a Telford foundation, with Medina stone gutter three feet in width on each side of the roadway; also the construction of a Medina stone curb six inches thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be 40 feet.

The pavement shall extend to the street line at all intersecting streets and alleys, except where permanent improvements now exist at proper lines and grades. Also manholes as follows: At each end of the main sewer, at all intersecting sewers, and at such intermediate places as shall secure a manhole for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer connections of form and suf-

iciency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. All manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there are now no water services, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under section 110 of the city charter. Also crosswalks at all intersecting streets and midway in all blocks exceeding 400 feet in length. Also the cleaning and repairing of so much of the main sewer as may be found necessary to restore it to its original condition. Also the construction of a Portland cement walk, five feet in width, on each side of the street, except where cement or flagstone walks of the same width, or greater width, now exist, substantially as good as the new walk, which may be relaid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for five (5) years.

The pavements and walks of intersecting streets shall be adjusted to the grade of the improvement.

And the City Engineer, under the direction of this Council, having made estimates (1st), of the expense of those portions of the improvement consisting of a trap rock macadam pavement between lines drawn two feet outside of the outside rails of the tracks of the Rochester and Suburban Railway company, together with the necessary crosswalks, surface sewers and tile drains in said tracks at \$15,000, and (2d), The paving of that part of said street lying outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester and Suburban Railway company with a trap rock macadam pavement upon a Telford foundation, also the construction and repair of the necessary lot laterals, water services, curbing and sidewalks within the street lines at \$65,000, and (3d), The aggregate estimated expense of all of said work at \$80,000, all of which being deemed reasonable, are hereby approved.

And Whereas, The Rochester and Suburban Railway company has mutually agreed with the property owners on each side of Portland avenue between Clifford and Norton streets, to make said improvement, and

Whereas, The consent of this Common Council to the change of the railway tracks is necessary,

It is further ordained, That the whole expense of the work, consisting of a trap rock macadam pavement upon a Telford foundation, between lines drawn two feet outside of the outside rails of the tracks of the Rochester and Suburban Railway company together with the necessary crosswalks, surface sewers and tile drains in said tracks, be levied upon the tracks, ties, rails, switches, franchises, easements and other surface railroad property situated upon Portland avenue, between Clifford and Norton streets, and maintained and used for the purpose of operating a surface railroad or railroads therein.

And be it further ordained, That the consent of this Council is given to the change of said tracks, upon condition that said assessments be promptly paid by said railway company, as provided in the order of assessments; and the expense of the work on the remainder of the improvement, as above specified, is hereby directed to be assessed upon all of the following portion of the city which this Council deems specially benefited by and proper to be assessed for, such improvement, to wit:

One tier of lots and parcels of land on each side of Portland avenue, from Clifford street to Norton street.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

FINAL ORDINANCE NO. 459.

TRACY STREET SEWER.

On motion of Aid. Calihan the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a sewer in Tracy street, from a point 200 feet east of Alexander street to the sewer in Meigs street, and the relaying of the present walks.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter, in Tracy street, from a point 200 feet east of Alexander street to the sewer in Meigs street, and the relaying of the present walks.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals and water services to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$2,200, which being deemed reasonable, is hereby approved and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Tracy street, from Alexander street to Meigs street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

FINAL ORDINANCE NO. 460.

ONTARIO STREET BRICK PAVEMENT.

An ordinance to improve Ontario street, from North street to North Union street.

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Ontario street, from North street to North Union street, by the construction of a brick pavement therein, with stone curb on each side 4 inches thick, properly connected with all streets, alleys and driveways. The width between curbs shall be 24 feet. The pavement shall extend to the street lines at all intersecting streets and alleys. Also the construction of the necessary manholes, surface sewers, lot and street laterals, branches, water services and crosswalks. Also the cleaning and repair of so much of the main sewer as may be found necessary after an examination of the same.

The pavement shall be guaranteed and kept in repair for five (5) years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$20,500, which, being deemed reasonable is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Ontario street, from North street to North Union street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Parsons—Be it ordained that final ordinance No. 443 for Asbury street sewer be amended by changing the description of the territory to be assessed so as to read as follows, viz.:

One tier of lots and parcels of land on each side of Asbury street, from Clinton avenue south to the southerly end of said Asbury street; also all the lots and parcels of land supposed to belong to Johanna McCarthy, or Johanna McCarthy as administratrix, Patrick Kennedy and Mary Hurlbert, said parcels combined having a frontage of about 219.89 feet on the westerly side of Field street and extending back about 413 feet to the easterly end of Asbury street as now opened.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

The final ordinance for Birr street trap rock improvement was presented and after allegations thereon were heard, the ordinance was, on motion of Ald. Baker, laid on the table until the next regular meeting.

The final ordinance for Manila street cement walk was presented and after allegations thereon were heard the ordinance was, on motion of Ald. Tanner, laid on the table until the next regular meeting.

The final ordinance for Raines park improvement was presented and after allegations thereon were heard the ordinance was, on motion of Ald. Baker, laid on the table until the next regular meeting.

The final ordinance for Locust street, section 2, sprinkling, was presented and on motion of Ald. Baker, laid on the table until the next regular meeting.

The final ordinance for Augusta street trap rock improvement was presented and on motion of Ald. Ernst, laid on the table until the next regular meeting.

The final ordinance for Frederick park sewer was presented and, on motion of Ald. Mead, laid on the table until the next regular meeting.

The final ordinance for Oak street cement walk was presented and, on motion of Ald. Callihan, action thereon was indefinitely postponed.

MISCELLANEOUS BUSINESS.

Ald. Tanner withdrew his objection to the consideration of the ordinance introduced at this meeting by Ald. Plumb, relating to salary checks for members of the Police, Fire and Health departments and the ordinance was thereupon adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

By Ald. Plumb—

ASSESSMENT ORDINANCE.

Whereas, The entire and aggregate expense of and connected with the improvements named in the following ordinance has been ascertained and reported to this Council as provided by the City Charter; therefore,

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. The cost of said improvements hereinafter named is hereby adjusted as thus reported, and the City Assessors are hereby directed to make an assessment upon the territory directed to be assessed in the final ordinance for said improvements for the amounts set forth, as follows:

Ord. No. Improvement.	
5975—Glenwood ave. extension.....	\$538 08
5143 and 6023—Central ave. Medina	
block	22,498 54

Said assessments to be paid within thirty (30) days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer.

Adopted by the following vote:

Ayes—Aldermen Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Plumb—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. Section two of the ordinance relating to peddlers, passed April 14, 1896, by the Common Council of the city of Rochester, is hereby amended so as to read as follows:

The Mayor of the city of Rochester may grant to any person a license to sell any provisions or merchandise at retail in any of the public streets or places, or from

house to house, within said city, except upon the streets and avenues in this section hereinafter specified, upon the payment to the City Treasurer of the sum of five dollars, and for every vehicle more than one used in said business an additional sum of five dollars. Said license shall expire on the thirty-first day of December next following the date of its issue, and shall not be transferred without the written consent of the Mayor. But no person shall peddle or sell at retail any goods, wares or merchandise in or upon the public streets and avenues of the city within the following limits: On West Main street from the intersection of Main and State to the canal; on State street from the intersection of Main and State to Central avenue; on Exchange street from the intersection of Main and State to the canal bridge; on East Main street from the intersection of Main and State to Gibbs street; and on East avenue from its intersection with Main street to Gibbs street; and on all interest-adjacent streets for a distance of two hundred feet from State street, to Main street and East avenue.

Sec. 2. This ordinance shall take effect immediately.

Referred to Law committee.

By Ald. Plumb—Resolved, That the Corporation Council be and hereby is requested to report to this Council the status of the litigation in regard to the assessment for East Main street railroad bridge constructed under final ordinance No. 4542.

Adopted.

By Ald. Plumb—Resolved, That the City Treasurer be and he hereby is requested to report to this Council the amount to be assessed upon benefited property for the improvements made on Seneca parkway under final ordinances Nos. 4862 and 5559, respectively, including any amount that the city is entitled to for the use of its funds advanced to pay contractors' acceptances.

Adopted.

By Ald. Plumb—The Common Council of the city of Rochester do ordain and determine as follows:

Section 1. The Common Council of the city of Rochester does hereby protest against and object to the assessment against the city of Rochester, upon that portion of the conduit and additional conduit to Hemlock lake situated in, upon and under the public highways, made and levied by the Boards of Assessors of the towns of Lima, Livingston county, Richmond and West Bloomfield, Ontario county, Mendon, Henrietta and Brighton, Monroe county, respectively, and does hereby protest against and object to each and every one of said assessments, upon the ground that said assessments are illegal and void, in that said conduits in, upon, under the public highways constitute a special franchise, and are the property of a municipal corporation and are therefore exempt from taxation.

Sec. 2. The City Engineer is hereby authorized and directed to sign and verify statements for and on behalf of the city of Rochester to be filed with the Board of Assessors of the aforesaid towns complaining of and objecting to said assessments, and stating the grounds of the objection in such form and manner as he may be advised by the Corporation Council.

Sec. 3. The Corporation Council is hereby authorized and directed, if the said assessments are not cancelled after the filing of said statements, to bring such actions or proceedings to have said assessments set aside as he may deem proper.

Sec. 4. This ordinance shall take effect immediately.

Referred to Law committee.

By Ald. Mead—Resolved, That the City Engineer be and he hereby is requested to prepare an ordinance for a sewer in Ulrich street; also to establish the sidewalk grade on the north side of Alphonso street from Edward street to Clifford street.

Adopted.

Adjourned.

THEODORE S. PULVER,
City Clerk.

In Common Council, August 14, 1900.

REGULAR MEETING.

Present—Hiram H. Edgerton, President of the Common Council, and Aldermen Tracy, Callhan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Judson, Tanner, May—19.

APPROVAL OF MINUTES.

The minutes of the meeting of July 31st were approved as published in the official sheets of proceedings.

RESOLUTIONS.

By Ald. Beard—Resolved, That final ordinance No. 445, for cement walk on the east side of Dudley street, passed July 17, 1900, be reconsidered.

Adopted.

On motion of Ald. Beard, the ordinance for Dudley street cement walk was laid on the table until the first regular meeting in September.

By Ald. C. S. Cook (by request of Ald. Mead)—Resolved, That the City Engineer establish the sidewalk grade at the north-east corner of North and Alphonso streets.

Adopted.

By Ald. Parsons—Whereas, The several pieces of property hereinafter described have been selected by the Park Commissioners of the City of Rochester as proper and desirable grounds for public park purposes, and,

Whereas, The Common Council has heretofore approved of the acquisition of such lands either by purchase or condemnation, and,

Whereas, Said Park Commissioners have been unable to agree with the owners of said lands for the purchase thereof, and have determined to acquire the title of said lands by condemnation proceedings and have directed maps to be made and filed as required by law, and,

Whereas, A map of said lands has been duly filed in the office of the clerk of Monroe County, and a copy thereof duly filed in the office of the clerk of the City of Rochester, duly certified as required by law, therefore,

Resolved, That the City of Rochester hereby declares its intention to take the several pieces or tracts of land described in said maps for public park purposes and which said pieces or tracts of land are described as follows:

PARCEL NO. 1.

All that tract or parcel of land situated in the City of Rochester, County of Monroe, State of New York, bounded and described as follows:

Commencing at a point in the line between lands of the estate of M. F. Reynolds and

the lands of the estate of B. M. Baker, which said point is the intersection of the south line of the Westfall road produced westerly and the line between lands of said M. F. Reynolds estate, and the lands of said B. M. Baker estate; thence north 85 degrees west on the south line of said Westfall road produced 666 feet to the west line of the river road; thence southerly on the west line of said river road 945 feet; thence north 57 degrees and 7 minutes west to the center of the Genesee river; thence northerly in the center of said Genesee river to a point where the line between the lands of said M. F. Reynolds estate and the lands of said B. M. Baker estate produced northerly would intersect the center of said Genesee river; thence in a straight line to the place of beginning, containing 12 61-1,000 acres of land.

PARCEL NO. 2.

All that tract or parcel of land situated in the City of Rochester, County of Monroe, State of New York, owned by Frank Foery and Conrad Kastner bounded and described as follows: Commencing at a point in the line between the lands of John McDonald and the said Frank Foery and Conrad Kastner, which said point is 213 feet westerly from the west line of St. Paul street, measured on said line between the lands of said John McDonald and said Frank Foery and Conrad Kastner; thence northerly on the line between the lands of the City of Rochester and the lands of said Frank Foery and Conrad Kastner to a point on the south side of Norton street, 255 feet westerly from the west line of St. Paul street measured on the south line of Norton street; thence easterly on the south line of Norton street 65 feet; thence southerly and westerly on a curve of 30 feet radius for 67 degrees and thirty minutes; thence on a straight line 409 2-10 feet to the place of beginning, containing 21-100 of an acre of land, be the same more or less.

PARCEL NO. 3.

All that tract or parcel of land situated in the City of Rochester, County of Monroe, State of New York, owned by Susan H. Hooker, bounded and described as follows: Commencing at a point in the north line of Norton street, 214 feet westerly from the west line of St. Paul street measured on the north line of Norton street; thence westerly on the north line of Norton street 34 feet; thence northerly at an angle of 89 degrees and 33 minutes, 36 1-2 feet; thence easterly 43 1-2 feet to a point 36 14-100 feet from the north line of Norton street measured at right angles with Norton street; thence southerly 37 4-10 feet to the place of beginning, containing 32-1,000 of an acre.

PARCEL NO. 4.

All that tract or parcel of land situated in the City of Rochester, County of Monroe, State of New York, being part of the Knofel estate bounded and described as follows: Commencing at a point in the north line of Norton street which said point is 214 feet westerly measured on the north line of Norton street, from the westerly line of St. Paul street, thence north 59 degrees 57 minutes, and 30 seconds west on the north line of St. Paul street about 185 feet to the top of the high bank of the Genesee river, thence northerly on the top of the high bank of the Genesee river about 850 feet to a point where the south line of Genesee avenue intersects the top of the

high bank of the Genesee river; thence south 49 degrees, 6 minutes, 30 seconds east on the south line of Genesee avenue about 148 feet to a point in the south line of Genesee avenue, which said point is 270 feet westerly from the west line of St. Paul street measured on the south line of Genesee avenue, thence southerly 527 92-100 feet to a point 213 feet westerly from the west line of St. Paul street measured at right angles with St. Paul street and 210 feet northerly from the north line of Norton street, thence southerly 266 75-100 feet to the place of beginning containing 2 441-1,000 acres of land, excepting from this land a piece of land owned by Susan H. Hooker containing 32-1,000 acres and described as follows: Commencing at a point in the north line of Norton street 214 feet westerly from the west line of St. Paul street measured on the north line of Norton street, thence westerly on the north line of Norton street 34 feet, thence northerly at an angle of 89 degrees, 33 minutes, 36 1-2 feet; thence easterly 43 1-2 feet to a point 36 14-100 feet from the north line of Norton street measured at right angles with Norton street, thence southerly 37 4-10 feet to the place of beginning, containing 32-1000 of an acre and leaving 2 409-1,000 acres.

PARCEL NO. 5.

All that tract or parcel of land owned by John Potman and described as lot No. 8 on the map with the title "Survey of the north part of Section A. in Carthage, City of Rochester" and made by James M. Bruff, City Surveyor, May 24, 1857, and recorded in the Monroe County Clerk's office in Liber 1, Page 97 of maps.

PARCEL NO. 6.

All that tract or parcel of land owned by Sigmund Schranck and described as lot No. 9 on a map with the title "Survey of the north part of Section A. in Carthage, City of Rochester," and made by James M. Bruff, City Surveyor, May 24, 1857, and recorded in the Monroe County Clerk's office in Liber 1, Page 97 of maps.

PARCEL NO. 7.

All that tract or parcel of land owned by Charles Englert, Jr., and described as lot No. 10 on a map with the title "Survey of the north part of Section A. in Carthage, City of Rochester," and made by James M. Bruff, City Surveyor, May 24, 1857, and recorded in the Monroe County Clerk's office in Liber 1, page 97 of maps.

PARCEL NO. 8.

All that tract or parcel of land in the City of Rochester, County of Monroe, State of New York, owned by Gustave Krapp, and described as lots 11 and 13 and part of lot 3, on a map with a title, "Survey of the north part of Section A. in Carthage, City of Rochester," and made by James M. Bruff, City Surveyor, May 24, 1857, and recorded in the Monroe County Clerk's office in Liber 1, page 97, of maps.

The part of lot No. 3 being a triangular piece of land 40 feet in length on the west side of said lot No. 3, and 18 feet on the north side of said lot No. 3, reference being had to a map with the title "Survey of the north part of Section A. in Carthage, City of Rochester," and made by James M. Bruff, City Surveyor, May 24, 1857, and recorded in the Monroe County Clerk's office in Liber 1, page 97, of maps.

PARCEL NO. 9.

All that tract or parcel of land in the City of Rochester, County of Monroe, State of New York, owned by Annie J. Simpson, and described as lot No. 43, and a part of lot No. 2, the part of lot No. 2 being taken from the west end of lot No. 2, and 18 feet in width on the south side of lot No. 2, and 44 feet in width on the north side of lot No. 2; reference being had to a map with the title "Survey of the north part of Section A. in Carthage, City of Rochester," and made by James M. Bruff, City Surveyor, May 24, 1857, and recorded in Monroe County Clerk's office in Liber 1, page 97, of maps.

PARCEL NO. 10.

All that tract or parcel of land situate in the town of Irondequoit, County of Monroe, State of New York, owned by Hosea Rogers and Asenath Rogers, his wife, and bounded and described as follows: Commencing at a point in the line between the lands of Adaline VanAuken and the lands of Hosea Rogers and wife, which said point is in the easterly boundary line of the lands of the Rome, Watertown and Ogdensburg Railroad company, thence south 81 degrees and 55 minutes east on the line between the lands of Adaline VanAuken and lands of Hosea Rogers and wife 116 feet; thence south 45 degrees and 13 minutes west, 419 4-10 feet; thence south 24 degrees and 2 minutes west, 365 feet; thence south 1 degree and 58 minutes east, 239 2-10 feet to a point in the south line of the lands of Hosea Rogers and wife; thence north 89 degree and 21 minutes west, 48 feet to the easterly boundary line of the lands of the Rome, Watertown and Ogdensburg Railroad company; thence northerly on the easterly boundary of the lands of the Rome, Watertown and Ogdensburg Railroad company to the place of beginning, containing 1 461-1,000 acres of land.

PARCEL NO. 11.

All that tract or parcel of land situated in the town of Irondequoit, County of Monroe, State of New York, owned by Adaline VanAuken, and bounded and described as follows: Commencing at a point in the line between the lands of Elsie A. Sweet and the lands of Adaline VanAuken, which said point is in the easterly boundary line of the lands of the Rome, Watertown and Ogdensburg Railroad company; thence south 82 degrees and 16 minutes east on the line between the lands of Elsie A. Sweet and Adaline VanAuken 82 feet to a chestnut tree; thence south 39 degrees and 34 minutes west, 150 75-100 feet; thence south 58 degrees and 34 minutes west, 93 45-100 feet; thence south 39 degrees and 56 minutes west, 372 feet; thence south 15 degrees and 28 minutes west, 134 feet; thence south 34 degrees and 28 minutes west, 195 feet; thence south 50 degrees and 43 minutes west, 155 7-10 feet, to the line between the lands of Adaline VanAuken and the lands of Hosea Rogers; thence north 81 degrees and 55 minutes west, on the line between Adaline VanAuken and Hosea Rogers 116 feet, to the easterly boundaries of the lands of the Rome, Watertown and Ogdensburg Railroad company; thence northerly on the easterly boundary line of the lands of the Rome, Watertown and Ogdensburg Railroad company in its various courses to the place of beginning, containing 1 855-1,000 acres of land.

PARCEL NO. 12.

All that tract or parcel of land situate in the town of Irondequoit, County of Monroe, State of New York, owned by Elsie A. Sweet, and bounded and described as follows: Commencing at a point in the line between the lands of Elsie A. Sweet and the lands of William Marks and wife, which said point is in the easterly boundary line of the lands of the Rome, Watertown and Ogdensburg Railroad company; thence easterly on the lands of Elsie A. Sweet and the lands of William Marks and wife, 67 1-2 feet, thence south 34 degrees and 45 1-2 minutes west, 224 56-100 feet; thence south 65 degrees and 42 minutes west, 281 7-100 feet; thence south 74 degrees and 46 minutes west, 200 feet; thence south 44 degrees and 29 minutes west, 436 9-10 feet to the line between the lands of Elsie A. Sweet and the lands of Adaline VanAuken; thence south 57 degrees and 14 minutes west, 62 feet, to a chestnut tree; thence north 82 degrees and 16 minutes west, 82 feet, to the easterly boundary of the lands of the Rome, Watertown and Ogdensburg Railroad company; thence northerly on the boundaries of the lands of the Rome, Watertown and Ogdensburg Railroad company to the place of beginning, containing 1 944-1,000 acres of land.

PARCEL NO. 13.

All that tract or parcel of land situate in the town of Irondequoit, County of Monroe, State of New York, owned by William Marks and wife, and bounded and described as follows: Commencing at a point in the boundary line between the lands of said William Marks and wife and Henry T. Leake and wife, which said point is also in the easterly boundary line of the lands of the Rome, Watertown and Ogdensburg Railroad company; thence easterly on the line between the lands of said William Marks and wife and Henry T. Leake and wife, 124 1-2 feet; thence south 43 degrees and 53 minutes west, 275 15-100 feet to a point in the line between the lands of said William Marks and wife and the lands of Elsie A. Sweet; thence westerly on the line between lands of William Marks and Elsie A. Sweet, 67 1-2 feet to the easterly boundary line of the said Rome, Watertown and Ogdensburg Railroad company; thence northerly on the easterly boundary lines of said Rome, Watertown and Ogdensburg Railroad company to the place of beginning, containing 478-1,000 of an acre.

PARCEL NO. 14.

All that tract or parcel of land situate in the town of Irondequoit, County of Monroe, State of New York, owned by Henry T. Leake and wife, and bounded and described as follows: Commencing at a point in the easterly boundary line of the lands of the Rome, Watertown and Ogdensburg Railroad company (which said point is in the northerly line of the lands of said Henry T. Leake and wife); thence easterly on said northerly line of the lands of said Henry T. Leake and wife, 93 feet; thence south 11 minutes, west 205 feet; thence south 26 degrees and 27 minutes west, 198 feet to the line between the lands of said Henry T. Leake and wife and the lands of William Marks and wife; thence westerly on the said line between the lands of Henry T. Leake and wife and the lands of William Marks and wife, 124 5-10 feet to the easterly boundary line of the lands of the Rome, Watertown and Ogdensburg Railroad company; thence continuing westerly in the

same straight line 26 feet along the line between the lands of said Henry T. Leake and wife and the lands of the said Rome, Watertown and Ogdensburg Railroad company to the point in the southwest corner of the lands of said Henry T. Leake and wife; thence northerly on the line between the lands of said Henry T. Leake and wife and the lands of the Rome, Watertown and Ogdensburg Railroad company to the place of beginning, containing 1 236-1,000 acres.

PARCEL NO. 15.

All that tract or parcel of land situate in the town of Irondequoit, County of Monroe, State of New York, owned by Theodore W. Grant and Flora Grant, his wife, bounded and described as follows: Commencing at a point in the easterly boundary line of the lands of the Rome, Watertown and Ogdensburg Railroad company (which said point is on the line between the lands owned by Theodore W. Grant and wife and Sarah A. Colt); thence easterly on the line between the lands of said Grant and wife and Sarah A. Colt, 424 3-10 feet; thence south 47 degrees and 12 minutes west, 394 feet; thence south 39 degrees and 28 minutes west, 647 4-10 feet to the line between the lands of said Theodore W. Grant and wife and the lands of Henry T. Leake and wife; thence westerly on said line between the lands of said Theodore W. Grant and wife and the lands of Henry T. Leake and wife, 93 feet to the easterly boundary line of the lands of the Rome, Watertown and Ogdensburg Railroad company; thence northerly on the easterly boundary line of the lands of said Rome, Watertown and Ogdensburg Railroad company, 869 1-2 feet to the place of beginning, containing 4 31-100 acres of land.

PARCEL NO. 16.

All that tract or parcel of land situate in the town of Irondequoit, County of Monroe, State of New York, owned by Sarah A. Colt, and bounded and described as follows: Commencing at a point where the easterly boundaries of the lands of the Rome, Watertown and Ogdensburg Railroad company intersect the line between the lands of Sarah A. Colt and land owned by Mrs. Staudenmair; thence south 34 degrees and 36 minutes east on said line between the land of Sarah A. Colt and the land owned by Mrs. Staudenmair, 206 2-10 feet; thence south 74 degrees and 13 minutes east, 59 2-10 feet; thence south 3 degrees and 3 minutes west, 420 3-10 feet to the line between the lands of Sarah A. Colt and the lands of Theodore W. Grant; thence westerly on said line between the lands of Sarah A. Colt and the lands of Theodore W. Grant, 424 3-10 feet to the easterly boundary of the lands owned by the Rome, Watertown and Ogdensburg Railroad company; thence northerly on the easterly boundary of the lands owned by the said Rome, Watertown and Ogdensburg Railway company 469 feet to the place of beginning, containing 3 45-100 acres of land.

On motion of Ald. Judson referred to Law committee.

By Ald. Ernst—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That the Rochester Gas and Electric company, the Bell Telephone company and all other corporations maintaining overhead wires on North Union street, from Main street east to Woodward street, be and hereby are directed to place said wires underground and to remove all wood-
en poles.

Sec. 2 This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Callahan, Marson, C. S. Cook, Ward, Young, Beard, Casey, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Judson, Tanner, May—16.

By Ald. Judson—Resolved, That the committee on Railroads be and it is hereby requested to ascertain and report to this Council at its next meeting, what, if any, right the Rochester and Sodus Bay Railroad company has to operate its cars upon the streets of the city and whether the city derives any income from such company in return for the privilege.

Adopted.

PETITIONS AND REMONSTRANCES.

By Ald. Tracy—Petitions of D. W. Powers' estate and the Monroe County Savings bank for permission to remodel brick buildings. Referred to Building committee and Fire Marshal.

By Ald. C. S. Cook (by request of Ald. Mead)—Petitions of Eugene Schmitt, A. Besky and Mary A. Poppino for building permits. Referred to Building committee and Fire Marshal.

Also—Petitions of Carl Dehn, Henry Saucke, Mary A. Poppino and William Winfield for building permits. Referred to Building committee and Fire Marshal.

By Ald. Young—Petitions of Willard D. Becker and Ernest Walther for building permits. Referred to Building committee and Fire Marshal.

By Ald. Baker—Petition of E. A. Petrie for building permit. Referred to Building committee and Fire Marshal.

By Ald. Parsons—Petition of Mrs. E. C. Boughton for building permit. Referred to Building committee and Fire Marshal.

By Ald. Kelly—Petitions of Mary A. McCartney, Mrs. F. Wellert and W. L. Mathews for building permits. Referred to Building committee and Fire Marshal.

By Ald. Plumb—Petition of University of Rochester by A. J. Townson, Treasurer, for reduction of interest on city taxes. Referred to Assessment committee.

Also—Petitions of Emily Weed Hollister, Walter V. Whitmore, Frank Collins, Rochester Gas and Electric company and C. P. Boswell for building permits. Referred to Building committee and Fire Marshal.

By Ald. Plumb—Petition for Wilcox street sprinkling. Referred to City Engineer for ordinance.

By Ald. Ernst—Petition of Elizabeth Young for building permit. Referred to Building committee and Fire Marshal.

By Ald. Judson—Petition of Martin Stunz for building permit. Referred to Building committee and Fire Marshal.

By Ald. Tanner—Petition for cement walks on Manilla street. Referred to City Engineer for ordinance.

Also—Petition of Lena F. McMaster for cancellation of assessment for Post street improvement. Referred to Assessment committee.

Also—Petitions of Jay O. Karker, Mary M. Roda, S. J. Corey, Frederick J. Maas, William P. Webber, Joseph Eckl, Diocese of Rochester, for building permits. Referred to Building committee and Fire Marshal.

COMMUNICATIONS FROM THE MAYOR.

By the Clerk—

Mayor's Office,
Rochester, N. Y., Aug. 14, 1900.
To the Honorable, the Common Council of
the City of Rochester:

Representations have been made to me as to the existing provisions of law regarding the storing or keeping of combustibles and explosives within the city. The subject is suggested by the explosion which preceded the fire in Mr. Barnard's store on Saturday last, although the commissioner of public safety informs me that his department has no information as to the origin of the fire. Other similar accidents have recently occurred, and I have been requested to call this matter to the attention of the council.

The most specific provisions of law are found in sections 22 and 23 of the "Domestic commerce law," which describe in detail the character of the places in which crude petroleum or any of its products may be kept on sale or stored in a city, and permits the storing of not more than ten barrels of benzine and naphtha in any building, and not more than three barrels in any building any part of which is occupied as a dwelling. The quantity of refined petroleum or kerosene oil which may be kept is also specified. But the penalty for violating even these provisions of law is a money forfeit to be sued for and recovered in a civil action. This would prove to be a very cumbersome method of enforcing the law, and there ought to be a penal ordinance sufficiently broad to cover the subject. An ordinance could be passed defining the character of places in which the combustibles might be kept, in accordance with the statute, and reducing the maximum quantity of benzine, or naphtha, or petroleum which might be kept in any building, and imposing the penalty of a fine or imprisonment for a violation thereof.

The existing penal ordinance is very loosely drawn, providing that these products might be kept under such regulations as the executive board might impose. I have not found any record of such regulations, and the ordinance is almost impracticable of enforcement.

Specific recommendations on the subject should await a careful consideration thereof and I, therefore, most respectfully recommend that the subject be referred to the law committee, the committee on public safety, or other proper committee, and that all interests affected be given a hearing, namely, the city through its fire marshal and officials of the fire department, the board of underwriters, and merchants and others who deal in or use these products.

Very respectfully,

GEORGE A. CARNAHAN,

August 14, 1900. Mayor.

On motion of Ald. Kelly referred to the Commissioner of Public Safety and the Committee on Public Safety.

COMMUNICATIONS FROM OFFICERS, BOARDS AND DEPARTMENTS.

By the Clerk—

Department of Finance,
Comptroller's Office,
Rochester, N. Y., Aug. 3, 1900.

Respectfully submitted,

JAMES JOHNSTON, Comptroller.

Received, filed and published.

By the Clerk **B. K. 15** CLAIMS FOR 1900.

Comptroller's Office,
Rochester, N. Y., July 28, 1900.

To the Honorable, the Common Council:

Gentlemen:—In accordance with the provisions of Section 65 of the City Charter, you are hereby notified that the claims presented to the Comptroller during the two weeks ending July 28, 1900, and printed under date of July 30, 1900, have been audited in the amounts hereinafter named:

Respectfully submitted.

JAMES JOHNSTON, Comptroller.

Received, filed and published.

By Ald. Plumb—

Executive Division,
Department of Public Works,
Rochester, N. Y., Aug. 14, 1900.

To the Honorable, the Common Council,
Gentlemen—The undersigned, Commissioner of Public Works, to whom was referred the matter of the proffered acceptance of Maria street extension and Rocket street, hereby certifies that the said streets have been properly graded, the street lines defined by monuments, and maps filed in the offices of the County Clerk and City Assessors in accordance with the provisions of the resolution adopted by your Honorable Body, and recommends that the

above named streets be accepted for public uses.

Respectfully,
J. HERBERT GRANT,
Commissioner of Public Works.

Received, filed and published.

By Ald. Plumb—Be it ordained by the Common Council of the City of Rochester as follows:

Section 1. Rocket street and Maria street extension are hereby accepted as public streets, pursuant to the recommendation of the Commissioner of Public Works, upon the payment of all taxes and assessments,

local or general, remaining unpaid upon the territory taken for said streets.

Section 2. The City Clerk is hereby directed to enter the names of said streets in the Public Street Register, and the Commissioner of Public Works is hereby directed to place the necessary street signs where needed, and the City Assessors are hereby directed to strike from the assessment rolls the territory taken for said streets as indicated by the maps on file in their office.

Section 3. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Judson, Tanner, May.—19.

By. Ald. Casey—

Executive Division,
Department of Public Works,
Rochester, N. Y., Aug. 14, 1900.

To the Hon. the Common Council of the City of Rochester:

Gentlemen:—Your Honorable Body adopted final ordinance No. 421 for completing the improvement of Jones Square. That portion of the work consisting of a cement sidewalk has been advertised. The balance, consisting of connecting the basin with the water main in Jones avenue, and the completion of the basin, cannot well be done by contract. I therefore recommend the adoption of a resolution permitting this portion of the work to be done otherwise than by contract.

Respectfully yours,

E. A. FISHER,
City Engineer.

Received, filed and published.

By Ald. Casey—Be it ordained by the Common Council of the City of Rochester as follows:

That it is impracticable to procure the necessary material and labor for completing the work in Jones Square under final ordinance No. 421, except the laying of cement sidewalks by contract and the Commissioner of Public Works is hereby authorized and empowered, if the Board of Estimate and Apportionment unanimously concur, to do said work, except laying of sidewalk, as he may deem for the best interests of the city.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Judson, Tanner, May.—19.

By Ald. Ernst—

Department of Public Works,
Bureau of Engineering,
August 14, 1900.

To the Honorable, the Common Council of the city of Rochester:

Gentlemen—At the request of Messrs. Sibley and Atkinson, we have examined the question of the rights acquired by the city, under a deed from Sibley and Atkinson, dated February 11, 1889, and recorded June 16, 1891, in Monroe County Clerk's office in Liber 496 of Deeds at page 4.

Also the question of a sewer under the walk adjoining lots 18, 140 and 141 on Prince street, and we find that the city having constructed a new sewer in 1895 in the center of Prince street, from Main street east to Kenilworth terrace, abandoned the sewer passing across said lots and also the

one passing in front of them, and, therefore, will not again use them.

Yours respectfully,

E. A. FISHER,
City Engineer.

Received, filed and published.

By Ald. Ernst—Whereas, The City Engineer reports that certain rights acquired by the city under a deed from Messrs. Sibley and Atkinson, dated February 11, 1889, and recorded June 16, 1891, in Monroe County Clerk's office, in Liber 496 of Deeds at page 4, are no longer required by the city, and also that a certain sewer built under the sidewalk on Prince street in said city opposite lots 18, 140 and 141, has been abandoned by the city and no longer used.

Resolved, That the city of Rochester release, by proper deed, and does hereby release the said rights acquired by said city in reference to said sewers, and that the Mayor of the city is hereby authorized and directed to execute a proper deed of release of said rights to said Messrs. Sibley and Atkinson.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Judson, Tanner, May.—19.

By the Clerk—

Rochester, N. Y., Aug. 13, 1900.

To the Honorable, the Common Council, City of Rochester:

Gentlemen—The Hemlock Lake Commissioners respectfully advise obligations to date of \$65,000.00, on account of \$100,000.00 authorized by law.

The Commission has received but \$25,000.00 to date, on account of same, and, therefore, have obligations of \$40,000.00 unpaid at this time.

We ask your early attention.

Yours very respectfully,

SOL WILE, Secretary.

Received, filed and published and referred to committee on Finance.

By the Clerk—

Fire Marshal's Office.

Rochester, N. Y., Aug. 14, 1900.

To the Honorable, the Common Council:

Gentlemen—In obedience to the resolution of your honorable body, offered by Ald. Judson July 31st, directing me to report the condition of the city's election property, I have the honor to report as follows:

Mr. Thomas Skipworth, to whom the contract for the storage of the election houses was let, has stored the same on a vacant lot on the corner of Clinton avenue south and Benton street. The same are badly stored and to a great extent exposed to all kinds of weather, thereby deteriorating the same. They have also been more or less damaged by a gang of boys and young hoodlums who make their headquarters at said corner. The malicious damage done by them would, on a conservative estimate, cost \$50 to repair.

The Standard Voting Machine company have recently delivered to me the city's ballot machines (seventy-three (73) in number), after applying the latest improvements, and the same are now stored at No. 120 Monroe avenue, ready for use.

The voting stalls, ballot boxes, furniture, etc., etc., are stored in the City Building on Front street, and a sufficient number of the same are in good repair to conduct the coming primaries and election this fall.

It will be necessary to make an appropriation of about \$500 for repairs of the

same in the next tax levy for their maintenance next year.

Respectfully submitted,

JOHN A. P. WALTER,

Custodian of City Election Property.

Received, filed and published.

By the Clerk—

City of Rochester,
Department of Legislation,
August 14, 1900.

To the Common Council:

Gentlemen—Section 10 of the election law provides that on the first Tuesday in the month of September in each year the Common Council of this city shall designate the polling places at which the meetings for the registration of electors and the election shall be held during the year.

The law further provides that "each room so designated shall be of reasonable size, sufficient to admit and comfortably accommodate at least ten (10) electors at a time outside the guard rails." No building or part of building shall be designated in which intoxicating liquors, ale or beer, shall have been sold within 30 days prior to such designation.

The law further requires that the Common Council shall provide for each polling place the necessary furniture, voting booths, guard rails and supplies.

Respectfully submitted,

THEODORE S. PULVER,
City Clerk.

Received, filed and published.

By the Clerk—

Police Court,
Rochester, July 31, 1900.

To the Hon. the Common Council of the City of Rochester:

Gentlemen—During the month of July, 1900, the total amount of moneys received from fines, etc., to be credited to the Police Funds, as shown by itemized report of this date, was \$92.

The total receipts for the Police Pension Fund was \$12.30.

Respectfully submitted,

RICHARD CURRAN,
Police Court Clerk.

Received, filed and published.

MISCELLANEOUS COMMUNICATIONS.

By the Clerk—

American Society of
Municipal Improvements.
Office of the Secretary.

Allegheny, Pa., Aug. 1, 1900.

To the City Clerk, Rochester, N. Y.:

Dear Sir—Enclosed herewith is an invitation for your city to be represented at the next meeting of the American Society of Municipal Improvements.

You will confer a favor by presenting this to the proper authorities and if they are interested in bettering the present municipal conditions it is incumbent upon them to assist the work by authorizing delegates to attend this convention.

The headquarters of the convention will be in the Plankington House, Milwaukee, Wis.

Your attention is directed to the low railroad rates to Chicago from all points on account of the G. A. R. Encampment, rate is one fare for both ways.

Yours truly,

D. W. FULTON,
Secretary.

Received, filed and published.

By the Clerk—

The Standard Voting Machine Co.,
Rochester, N. Y., Aug. 2, 1900.

Theodore S. Pulver, City Clerk, Rochester, N. Y.

Dear Sir: Some question has been raised in the newspapers respecting the use of the voting machine in the event of nominations of more than seven sets of presidential electors in this state.

We send this to notify you that after all nominations have been made, we will arrange the machine to meet such a situation, if it arises. Experience of the past indicates that there will not be as many as seven sets of candidates in this state at the ensuing election.

Yours truly,

THE STANDARD VOTING MACHINE
CO.

A. S. Hamilton,
General Sales Agent.

Received, filed and published.

By the Clerk—

Rochester, N. Y., Aug. 14, 1900.

To the Hon. Common Council of the City of Rochester:

Gentlemen: A committee of the former Board of Education, having arranged for an outing to take place Saturday, August 18, 1900, on Lake Ontario steamer from Charlotte to Port Hope and Cobourg, you are each and all most cordially invited to attend.

Hoping that many of you may find it convenient to be with us, we are

Yours respectfully,

FREDERICK L. DUTCHER,
JOSEPH TOZER,
WILLIS K. GILLETTE,

Committee.

On motion of Ald. Judson the invitation was accepted.

REPORTS OF STANDING COMMITTEES.

By Ald. Judson—

FINANCE COMMITTEE REPORT.

To the Common Council:

Gentlemen: Your Finance committee has considered the request of the Hemlock Lake commission, presented at the meeting of July 17th, that prompt sale be made of the bonds authorized by chapter 640 of the laws of 1899; also the communication presented at this meeting emphasizing said request and calling attention to the fact that the commission has made contracts for land purchases requiring \$40,000.00 in excess of the amount placed to the credit of the fund since January 1st.

The commissioners have represented to your committee that the lack of funds with which to enable them to close contracts has caused much embarrassment.

Your committee would recommend that authority be given for the issuance of notes to the amount of \$40,000.00 for the Hemlock Lake Water shed fund and that steps be immediately taken for the sale of \$100,000.00 of bonds as directed by law.

Respectfully submitted,

CHAS. H. JUDSON,
JAMES J. TANNER,
W. H. MARSON,
W. H. TRACY,

Finance Committee.

Received, filed and published.

By Ald. Judson—Be it ordained by the Common Council of the City of Rochester as follows:

Sec. 1 That the comptroller be and he hereby is authorized and directed to issue

the city's note for the sum of forty thousand dollars (\$40,000.00) under authority of chapter 1,018 of the laws of 1895 as amended by chapter 640 of the laws of 1899; said note to run for a period not exceeding eight months; to be negotiated by the Comptroller, the avails thereof to be paid to the City Treasurer to be by him deposited in banks to the credit of the Hemlock Lake Watershed fund; said note to be paid when due from the proceeds of the sale of Hemlock Lake Watershed bonds, when sold, as provided by law.

Sec. 2 This ordinance shall take effect immediately.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Judson, Tanner, May—19.

By Aid. Judson—The Common Council of the City of Rochester do ordain and determine as follows:

§ 1. The City Treasurer is hereby authorized and directed to issue the bonds of the City of Rochester to the amount of \$100,000, pursuant to chapter 1018 of the laws of 1895, as amended by chapter 640 of the laws of 1899; said bonds to be known as the Watershed bonds of the City of Rochester, and to run for a period of 20 years and to bear interest at a rate not exceeding 3 1-2 per cent. per annum; such interest to be payable on the first day of February and August of each year, at the office of the Union Trust company, New York city. None of said bonds, however, shall be sold at less than par. Said bonds shall be sold, signed, sealed and countersigned as provided for the additional water supply bonds of said city, and shall also be countersigned by the Union Trust Company of New York, and said Union Trust company is hereby requested and authorized to countersign the same. \$65,000 or so much of the proceeds of the sale of said bonds as may be necessary, shall be used to redeem the notes of the City of Rochester which have been issued, and which may hereafter and prior to the sale of said bonds be issued pursuant to § 4 of said act above mentioned, and the City Treasurer is hereby authorized and directed to pay and redeem all of said notes so issued, and the balance of the proceeds of the sale of said bonds shall be paid into the city treasury and shall be paid out from time to time upon the order of the Hemlock Lake commission appointed pursuant to said chapter 1018 of the laws of 1895 and the amendments thereto.

§ 2. This ordinance shall take effect immediately.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Judson, Tanner, May—19.

By Aid. Judson—

FINANCE COMMITTEE REPORT.

To the Honorable, the Common Council:
Gentlemen—In relation to the requests of the Comptroller for authority to issue certificates of indebtedness on account of various funds, to procure money to meet notes, orders and obligations due or to become due in the near future, as stated in communications presented to this Council at the meeting of July 31st, your committee begs leave to recommend that notes or certificates of indebtedness be authorized in amounts and for the several purposes as follows:

East Side Trunk Sewer fund, construction account.....	\$1,000 00
East Side Trunk Sewer fund.....	65,000 00
Local improvement fund.....	375,000 00
Local Improvement fund, special.	50,000 00

Respectfully submitted,
CHAS. H. JUDSON,
JAMES J. TANNER,
W. H. MARSON,
FRANK A. WARD,
W. H. TRACY,
Finance Committee.

Received, filed and published.

By Aid. Judson—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. For the purpose of procuring money to pay claims arising in connection with the East Side Trunk sewer the city shall borrow, as may be necessary, the sum of one thousand dollars (\$1,000.00) in anticipation of assessments levied but uncollected; and the city's notes aggregating not more than that sum, signed by the Mayor and Treasurer and countersigned by the Comptroller, are hereby authorized; which notes shall be issued for not less than par, shall bear a rate of interest not greater than six per cent.; shall run for a period not exceeding eight months, and shall be negotiated by the Comptroller and the avails thereof immediately paid to the City Treasurer to be by him deposited in banks to the credit of the East Side Trunk sewer fund, construction account.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Judson, Tanner, May—18.

By Aid. Judson—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. For the purpose of procuring money to meet East Side Trunk Sewer fund notes and accumulated interest thereon, the city shall borrow, under authority of Chapter 347 of the Laws of 1890, as amended by Chapter 74 of the Laws of 1892, the sum of sixty-five thousand dollars (\$65,000.00) in anticipation of the receipt of assessments levied or to be levied but not collected, and the city's notes, aggregating not more than that sum, signed by the Mayor and Treasurer and countersigned by the Comptroller, are hereby authorized; which notes shall be issued for not less than par; shall bear a rate of interest not greater than six per cent.; shall run for a period not exceeding eight months, and shall be negotiated by the Comptroller and the avails thereof immediately paid to the City Treasurer to be by him deposited in banks to the credit of the East Side Trunk sewer fund.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Judson, Tanner, May—18.

By Aid. Judson—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. For the purpose of procuring money to meet local improvement fund orders (issued to pay for paving charged to the Rochester Railway company) and accumulated interest thereon, the city shall borrow, as may be necessary, the sum of fifty thousand dollars (\$50,000.00) in anticipation of the receipt of assessments levied, or to be levied but not collected, and the city's notes aggregating not more than that sum, signed by the Mayor and Treasurer and countersigned by the Comptroller, are hereby authorized, which notes shall be is-

sued for not less than par, shall bear a rate of interest not greater than six per cent.; shall run for a period not exceeding eight months; and shall be negotiated by the Comptroller and the avails thereof immediately paid to the City Treasurer to be by him deposited in banks to the credit of the Local Improvement fund, special.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:
Ayes—Aldermen Tracy, Callhan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Judson, Tanner, May—18.

By Ald. Judson—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. For the purpose of procuring money to meet local improvement notes and accumulated interest thereon the city shall borrow, as may be necessary, the sum of three hundred seventy-five thousand dollars (\$375,000.00) in anticipation of the receipt of assessments levied or to be levied but not collected, and the city's notes, or certificates of indebtedness, aggregating not more than that sum, signed by the Mayor and Treasurer and countersigned by the Comptroller, are hereby authorized, which notes shall bear a rate of interest not greater than six per cent., shall run for a period not exceeding eight months and shall be negotiated by the Comptroller and the avails thereof immediately paid to the City Treasurer to be by him deposited in banks to the credit of the Local Improvement fund.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:
Ayes—Aldermen Tracy, Callhan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Judson, Tanner, May—18.

ASSESSMENT COMMITTEE REPORT.

By Ald. Baker—

Rochester, N. Y., Aug. 14, 1900.
To the Honorable the Common Council of the City of Rochester:

Gentlemen—Your Assessment committee begs leave to submit the following report:

In the matter of the petition of Charles H. Cook, we recommend that the same be denied.

In the matter of the petitions of J. E. Shepard, William H. O'Kane, Gertrude B. Cardus, Catherine Zimmer, Albert May and Louis E. Smith we recommend that the same be granted as per following ordinance.

Respectfully submitted,
WM. J. BAKER, Chm.,
WILLIAM T. PLUMB,
W. H. MARSON,
W. ERNST,

Assessment Committee.

Received, filed and published.

By Ald. Baker—Resolved, That the petition of Charles H. Cook be and the same hereby is denied.

Adopted.

By Ald. Baker—Be it ordained by the Common Council of the City of Rochester as follows:

Section 1. The Assessors of the City of Rochester are hereby directed to correct the assessment roll for the Champlain street walk under final ordinance No. 6366, passed June 30, 1896, and assess against the property of H. Hall the amount erroneously assessed to the property of Anna Reed, namely, the west part of lot 16, south side Champlain street, now owned by J. E. Shepard, in accordance with § 215 of the City Charter,

said amount being \$18.02; and rebate the said J. E. Shepard the sum of \$19.83 erroneously paid by him on said assessment, and charge the same to the erroneous assessment fund.

Section 2. That William H. O'Kane be allowed to pay city taxes of 1864, 1865 and 1866 upon lot 17, Rapids tract, corner of Flint street and Jefferson avenue, if same were sold to the City of Rochester, by paying the face value of said taxes within thirty days from the passage of this ordinance; and the City Treasurer, upon such payment, is hereby authorized and directed to cancel the same.

Section 3. That upon the certificate of the Corporation Counsel, the Treasurer of the City of Rochester be and he hereby is authorized and directed to rebate Gertrude Cardus, payable from the erroneous assessment fund, the sum of \$35.70, being the amount of personal tax erroneously paid by said Cardus, May 25, 1900; and the Treasurer is authorized and directed to charge the same to the erroneous assessment fund.

Section 4. That Catherine Zimmer be allowed to pay the Mount Hope avenue repairing assessment on lot 3, west side of Mount Hope avenue, assessed against Frederick Zimmer in 1875, and the general city tax of 1885 upon lot 19, north part, Prospect hill, Mount Hope avenue, and lot 3 Wolcott subdivision on Mount Hope avenue sold to the City of Rochester on March 25, 1886, by paying the face value of aforesaid taxes within thirty days from the passage of this ordinance, and upon such payment the City Treasurer is hereby authorized and directed to cancel said taxes.

Section 5. That the Northeastern Permanent Savings and Loan association be allowed to pay the general city tax of 1896 assessed against A. E. Osterhout, on lot 27, J. Streb's subdivision Driving Park avenue, which taxes were sold to the city March 25, 1897; with interest at the rate of six per cent. per annum from the date of said sale, within thirty days from the passage of this ordinance, and upon such payment that said tax be cancelled.

Section 6. That the time for the payment of the assessment of South avenue sewer, Medina stone pavement and cement walk on lands owned by Louis E. Smith and assessed to him, which assessment becomes due and payable September, 1900, be extended to September, 1902, and that the said Louis E. Smith may at any time during said extension pay any part or the whole of said assessment, with interest at the rate of six per cent.

Adopted by the following vote:
Ayes—Aldermen Tracy, Callhan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Judson, Tanner, May—18.

By Ald. Plumb—

LAW COMMITTEE REPORT.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—Your Law committee to which was referred the annexed ordinance in relation to assessment upon the Hemlock conduit, hereby reports in favor of its adoption.

Rochester, N. Y., Aug. 14, 1900.

Respectfully submitted,

WILLIAM T. PLUMB,
CHARLES S. COOK,
CHARLES H. JUDSON,
J. MILLER KELLY,
WILLIAM J. BAKER,

Law Committee.

Received, filed and published.

By Ald. Plumb—The Common Council of the city of Rochester do ordain and determine as follows:

Section 1. The Common Council of the city of Rochester does hereby protest against and object to the assessment against the city of Rochester, upon that portion of the conduit and additional conduit to Hemlock lake situated in, upon and under the public highways, made and levied by the Boards of Assessors of the towns of Lima, Livingston county, Richmond and West Bloomfield, Ontario county, Mendon, Henrietta and Brighton, Monroe county, respectively, and does hereby protest against and object to each and every one of said assessments, upon the ground that said assessments are illegal and void, in that said conduits in, upon, under the public highways constitute a special franchise, and are the property of a municipal corporation and are therefore exempt from taxation.

Sec. 2. The City Engineer is hereby authorized and directed to sign and verify statements for and on behalf of the city of Rochester to be filed with the Board of Assessors of the aforesaid towns complaining of and objecting to said assessments, and stating the grounds of the objection in such form and manner as he may be advised by the Corporation Counsel.

Sec. 3. The Corporation Counsel is hereby authorized and directed, if the said assessments are not cancelled after the filing of said statements, to bring such actions or proceedings to have said assessments set aside as he may deem proper.

Sec. 4. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Judson, Tanner, May—18.

By Ald. Tanner—

JAMES J. TANNER,
W. H. MARSON,
M. J. CALIHAN,
C. S. COOK,
C. W. YOUNG,
Building Committee.

Received, filed and published.

By Ald. Tanner—Be it ordained by the Common Council of the city of Rochester as follows:

Sec. 1. That permission be and hereby is granted to the petitioners named in the foregoing report of the Building committee to erect buildings in accordance with their several petitions, providing that all work done pursuant to this authorization, shall conform in all respects to the facts set forth in the petitions of the applicants and to the plans and specifications submitted to the Fire Marshal and to the penal ordinances of the city of Rochester, entitled "An ordinance relating to buildings," and the Fire Marshal is hereby authorized to issue such permits.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Judson, Tanner, May—18.

REPORTS OF SELECT COMMITTEES.

By Ald. Beard—

To the Honorable the Common Council:

Gentlemen: Your select committee appointed to arrange a game of baseball between this Council and the Board of Supervisors, would report that the joint committee have decided on Wednesday, September 5, 1900, as the date and Culver Field as the place for said game.

Respectfully submitted,
WM. S. BEARD,
CHRIS W. YOUNG,
WM. J. BAKER,
Committee.

Received, filed and published.

ACTION UPON ORDINANCES FOR STREET IMPROVEMENTS.

FIRST ORDINANCES.

ULRICH STREET SEWER.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Ulrich street, from a point 120 feet south of Jennings street, to the sewer in Clifford street.

Adopted.

The Engineer submitted as such estimate, \$1,300.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester, as follows:

That the following improvement is necessary and should be made, viz:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter, in Ulrich street, from a point 120 feet south of Jennings street, to the sewer in Clifford street.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals at all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$1,300, which being deemed reasonable is hereby approved.

Be it further ordained, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Ulrich street, from Jennings street to Clifford street.

Adopted.

ROCKLAND STREET CEMENT WALKS, CURBS AND GRADING.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the City Engineer ascertain and report to this Council the expense of constructing Portland cement walks, curb and grading on Rockland street.

Adopted.

The Engineer submitted as such estimate, \$1,550.

By Alderman Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The construction of a Portland cement walk 4 feet wide on each side of Rockland street, from Penn street to Clifton street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and align-

ment; also the necessary sidewalk and roadway grading, and curbstone on each of said street.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$1,550, which, being deemed reasonable, is hereby approved.

Ordained further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Rockland street, from Penn street to Clifton street.

Adopted.

CADY STREET CEMENT WALKS.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing Portland cement walks on Cady street.

Adopted.

The Engineer submitted as such estimate, \$4,200.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz:

The construction of a Portland cement walk 5 feet wide on each side of Cady street, from Snyder street to Olean street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$4,200, which being deemed reasonable, is hereby approved.

Ordained further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Cady street, from Snyder street to Olean street.

Adopted.

ALDERN PLACE CEMENT WALK.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of constructing a cement walk on the east side of Aldern place from the north end thereof to Ravine avenue.

Adopted.

The Engineer submitted as such estimate, \$325.

By Ald. Beard—Resolved, That the following improvement is necessary and should be made, viz:

The construction of a Portland cement walk four and one-half feet wide on the east side of Aldern place, from the north end thereof to Ravine avenue, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and re-

ported the same at \$325, which being deemed reasonable, is hereby approved.

Resolved, further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the east side of Aldern place, from the north end thereof to Ravine avenue.

Adopted.

WILCOX STREET SPRINKLING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Wilcox street.

Adopted.

The Engineer submitted as such estimate, \$48

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary, viz:

The sprinkling of Wilcox street, from Richards street to Monroe avenue, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And whereas, The City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$48, which estimate is hereby approved.

Be it further ordained, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Wilcox street, from Richards street to Monroe avenue.

Adopted.

CARLETON STREET SPRINKLING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Carleton street.

Adopted.

The Engineer submitted as such estimate, \$39.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary, viz:

The sprinkling of Carleton street, from Atlantic avenue to Beacon street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And, whereas, the City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$39, which estimate is hereby approved.

Be it further ordained, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Carleton street, from Atlantic avenue to Beacon street.

Adopted.

BEACON STREET SPRINKLING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Beacon street.

Adopted.

The Engineer submitted as such estimate, \$59.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the following improvement is necessary, viz:

The sprinkling of Beacon street, from Atlantic avenue to Anderson avenue, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And, whereas, the City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$59, which estimate is hereby approved.

Be it further ordained, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Beacon street, from Atlantic avenue to Anderson avenue.

Adopted.

By the Clerk—

City Clerk's Office,
Rochester, N. Y., Aug. 14, 1900.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—I do hereby certify that a notice, such as is required by section 146 of the city charter, specifying each of the improvements contemplated by the following final ordinances, the estimated expenses thereof, the amount, if any, of such expenses to be paid from the public treasury, the portion or part of the city to be assessed for the remainder of the expenses and requiring all persons interested in the subject matter of the improvement to attend at the time appointed in such notice, was published daily for four days in two daily newspapers printed in this city, namely, the Rochester Post Express and the Rochester Union and Advertiser.

Respectfully submitted,

THEODORE S. FULVER,
City Clerk.

Received, filed and published.

FINAL ORDINANCE, NO. 461.

MANILA STREET CEMENT WALK.

An ordinance to construct a cement walk on each side of Manila street from Shelter street to Magnolia street.

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a Portland cement walk 4 feet wide on each side of Manila street, from Shelter street to Magnolia street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk and roadway grading.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$600, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is here-

by directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Manila street, from Shelter street to Magnolia street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Judson, Tanner, May—18.

FINAL ORDINANCE NO. 462.

OAK STREET CEMENT WALK.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a cement walk on the west side of Oak street, from Platt street to Erie street.

And after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a Portland cement walk 5 feet wide on west side of Oak street, from Platt street to Erie street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$250, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the west side of Oak street, from Platt street to Erie street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Judson, Tanner, May—18.

FINAL ORDINANCE NO. 463.

KLINCK STREET CEMENT WALK.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a cement walk on west side of Klinck street, from Monroe avenue to Hinsdale street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a Portland cement walk 4 feet wide on west side of Klinck street from Monroe avenue to Hinsdale street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under direction of this Council, having made and reported as

an estimate of the expense thereof the sum of \$500, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on west side of Klinck street, from Monroe avenue to Hinsdale street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Judson, Tanner, May—18.

FINAL ORDINANCE NO. 464.

BIRR STREET MACADAM IMPROVEMENT.

An ordinance to improve Birr street, from Pierpont avenue to Spaulding street.

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Birr street, from Pierpont avenue to Spaulding street; also including the crossing of Raines park, by the construction of a trap rock macadam pavement therein. Also the construction of a Medina stone curb six inches

thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be 26 feet. The pavement shall extend to the street line at all intersecting streets and alleys except where permanent improvements now exist at proper lines and grades. Also manholes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a manhole for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by Health Officer. All manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there is now no water services, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under Section 110 of the City Charter. Also crosswalks at all intersecting streets, and midway in all blocks exceeding 400 feet in length. Also the cleaning and repairing of so much of the main sewer as may be found necessary to restore it to its original condition. Also the repair and adjustment to grade of the present sidewalks.

The pavement shall be guaranteed and kept in repair for 5 years.

The pavement and walks of intersecting streets shall be adjusted to the grade of the improvement.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$24,000, which being deemed reasonable, is

hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Burr street, from Pierpont avenue to Spaulding street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Judson, Tanner, May—18.

FINAL ORDINANCE NO. 465.

CUSTER AND JEWELL STREETS SEWER.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a sewer in Custer street, from a point 150 feet east of St. Paul street to the sewer in Conkey avenue and in Jewell street, from a point near Beach street to the proposed sewer in Custer street. Also the construction of a cement walk on each side of Custer street from St. Paul street to Conkey avenue, and Jewell street from Beach street to Custer street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter, in Custer street from a point 150 feet east of St. Paul street to the sewer in Conkey avenue and in Jewell street, from a point near Beach street to the proposed sewer in Custer street.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter.

Also the construction of a Portland cement walk 41-2 feet wide on each side of Custer street, from St. Paul street to Conkey avenue, and Jewell street from Beach street to Custer street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$5,900, which being deemed reasonable, is

hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Custer street, from St. Paul street to Conkey avenue, and Jewell street from Beach street to Custer street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Judson, Tanner, May—18.

FINAL ORDINANCE NO. 466.

ASBURY STREET SEWER.

On motion of Ald. Callihan, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a sewer in Asbury street, from a point near the angle to the sewer in Clinton avenue south.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the city charter, in Asbury street, from a point near the angle to the sewer in Clinton avenue south.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$1,550, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Asbury street, from Clinton avenue south to the southerly end of said Asbury street; also all the lots and parcels of land supposed to belong to Johanna McCarthy, or Johanna McCarthy as administratrix, Patrick Kennedy and Mary Hulbert, said parcels combined having a frontage of about 219.89 feet on the westerly side of Field street and extending back about 413 feet to the easterly end of Asbury street as now opened.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Judson, Tanner, May—18.

On motion of Ald. Baker, the final ordinance for Aldern place cement walks was laid on the table until the next meeting.

On motion of Ald. Beard the final ordinance for Portland avenue trap rock macadam pavement was laid on the table until the next regular meeting.

On motion of Ald. Beard the final ordinance for Frederick park sewer was laid on the table until the next regular meeting.

On motion of Ald. Ernst the final ordinance for Augusta street trap rock macadam pavement was laid on the table until the next regular meeting.

On motion of Ald. Baker the final ordinance for Locust street sprinkling (sec. 2) was laid on the table until the first regular meeting in September.

On motion of Ald. Baker the final ordinance for Raines park curb, gutter and grading, was laid on the table until the next regular meeting.

The final ordinance for Averill avenue sewer was presented and after allegations thereon were heard, it was, on motion of Ald. Plumb, referred to the committee on Streets and Sewers.

By Ald. Baker—

UNFINISHED BUSINESS.

City Clerk's Office.

Rochester, N. Y., Aug. 14, 1900.

To the Common Council:

Gentlemen—I submit the following as a list of the unfinished business of the previous meeting of this Council:

Allegations upon the ordering of an assessment for Frederick park extension under final ordinance No. 6255.

Allegations upon the ordering of an assessment for Ravine avenue extension under final ordinance No. 5666.

Allegations upon the assessment rolls for the following improvements:

6727—State street asphalt improvement.

7891—Hawley street widening.

6739—Palmer street widening.

Respectfully yours,
T. S. PULVER,
City Clerk.

Received, filed and published.

By Ald. Baker—Whereas, The entire expense of the extension of Frederick park under final ordinance No. 6255, including all amounts paid to owners of land deemed necessary to be taken and all costs and charges of the city in the proceedings have been ascertained and reported at two thousand six hundred seventy-five dollars (\$2,675.00).

Be it ordained by the Common Council of the city of Rochester as follows:

That the portion or part of the city on which said expense is hereby directed to be assessed and which this Council deems will be benefited by the improvement are the lots and parcels of land within the part of the city described and directed to be assessed in and by the final ordinance relative to said improvement; and the assessors of said city, if they are not interested in any of the lots or parcels of land to be taken or situated within the territory directed to be assessed as aforesaid, are hereby directed to apportion and assess said expense and make an assessment upon all of the lots and parcels of land within the portion of the city directed to be assessed and benefited as aforesaid, and as near as may be in proportion to the benefit which will be derived therefrom.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Judson, Tanner, May—18.

By Ald. Baker—Whereas, The entire cost of the extension of Ravine avenue, under final ordinance No. 5666, including amounts paid for land deemed necessary to be taken and all costs and charges of the city in the proceedings has been reported at one thousand three hundred sixty and 17-100 dollars (\$1,360.17).

Be it ordained by the Common Council of the city of Rochester as follows:

That the portion or part of the city on which said expense is hereby directed to be assessed and which this Common Council deems will be benefited by the improvement are the lots and parcels of land within the part of the city described and directed to be assessed in and by the final ordinance relative to said improvement; and the assessors of said city, if they are not interested in any of the lots or parcels of land to be taken or situated within the territory directed to be assessed as aforesaid, are hereby directed to apportion and assess said expense and make an assessment upon all of the lots and parcels of land within the portion of the city directed to be assessed and benefited as aforesaid, and as near as may be in proportion to the benefit which will be derived therefrom.

Said assessments to be paid as follows: One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-third within one year from the confirmation of the assessment roll and the remaining one-third within two years from the confirmation of the assessment roll.

On motion of Ald. Baker, referred to Assessment committee.

By Ald. Baker—Be it ordained by the Common Council of the City of Rochester as follows:

Sec. 1. That the assessments for the following named improvements as set forth in the rolls for the same reported to this Council by the Clerk as having been verified and certified by the City Assessors be and hereby are in all things approved and confirmed:
Ord. No.

6727—State street asphalt improvement.

7891—Hawley street widening.

6739—Palmer street widening.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Judson, Tanner, May—18

MISCELLANEOUS BUSINESS

By Ald. Baker—It is hereby ordained by the Common Council of the City of Rochester, that Section 7 of an ordinance relating to streets passed May 11, 1897, be and the same hereby is amended so as to read as follows:

"Section 7—Every owner or occupant of any building or owner of any vacant lot within said City, shall keep the walk in front of such building or vacant lot free from snow, ice, grass, weeds and rubbish and other obstructions, and shall keep such sidewalk in a good state of repair and shall also repair all lateral sewers to such building or vacant lot. Every said owner or occupant shall also cut or cause to be cut all grass and weeds between such walk and curb and at least two feet within the inside edge of such sidewalks, by the first day

of June, in each year, and at least once a month thereafter, up to and including the 1st day of November. That any person who neglects or refuses to comply with the requirements of this section as to the removal of snow, ice or other obstructions for the space of six hours after the same has fallen, accumulated or placed thereon, the Superintendent of Public Works is hereby directed to cause the necessary work to be done at the expense of the person so in default, without notice.

If any person shall neglect or refuse to comply with the requirements of this section as to the cutting of grass and weeds, for the space of three days, the Superintendent of Public Works is hereby directed to do all necessary work at the expense of the person so in default, without notice.

The Superintendent of Public Works is instructed to give five days notice to such said owner or occupant in case of sidewalk or lateral sewers out of repair. In case said owner or occupant does not pay for said work after the same has been done by the Commissioner of Public Works, upon the default of said owner within one year after said work has been performed, the same shall be added into the general city taxes of the owner of such property for the following year.

On motion of Ald. Baker referred to Law committee.

By Ald. Reddington—Be it ordained by the Common Council of the City of Rochester:

Sec. 1. That the thoroughfare known as Wahbe Place, extending north from Bronson avenue, east of Reynolds street, be and hereby is named Vinewood Place in accordance with the petition of property owners as provided by section 30 of the new Charter.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Judson, Tanner, May—13.

By Ald. Plumb—Whereas, the legislature of the state of New York, by the Laws of 1900, Chap. 323, has authorized, empowered and directed the Common Council of the City of Rochester to reassess the amount of the cost and expense of improving Dartmouth street from the south side of Thayer street to Park avenue, pursuant to ordinance No. 6827, adopted by the Common Council of the City of Rochester, October 26, 1897, and to fix and designate the district area and portion of said city which it deems benefited by said improvement without regard to the district or area mentioned and described in the ordinances passed by the Common Council of the City of Rochester, directing and authorizing the making of said improvement; and,

Whereas, The City of Rochester has made said improvement at an expense of \$3,323.19, as reported to this Council by the proper officer, which being deemed reasonable,

Now Therefore, Be it ordained by the Common Council of the City of Rochester as follows:

Section 1. That the amount of the cost and expense of Dartmouth street improvement be, and the same hereby is, adjusted at the sum of \$3,323.19, and that the City Assessors be and they hereby are directed to make an assessment as provided by the City Charter for the improvement hereinbefore mentioned upon the following named territory which this Council deems proper to be assessed for and will be benefited by

said improvement, to wit: One tier of lots and parcels of land on each side of Dartmouth street, as now opened and proposed to be opened from Park avenue to Monroe avenue.

Sec. 2. That the assessment for said improvement shall be and become due and payable in three equal installments as follows: The first installment within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; the second installment within one year from the confirmation of the assessment roll and the last installment within two years from the confirmation of the assessment roll.

Sec. 3. This ordinance shall take effect immediately.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Judson, Tanner, May—13.

Ald. Plumb moved that the Council adjourn until Wednesday evening, August 29th. Carried.

THEODORE S. PULVER,
City Clerk.

In Common Council, August 29, 1900.

ADJOURNED REGULAR MEETING.

Present—Hiram H. Edgerton, President of the Common Council, and

Aldermen Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—13.

APPROVAL OF MINUTES.

The minutes of the meeting of August 14th were approved as published in the official proceedings sheets.

RESOLUTIONS.

By Ald. Baker—Resolved, That the City Treasurer be and hereby is requested to report the cost of the bridge over the tracks of the W. N. Y. and P. R. R. on Bronson avenue, constructed under final ordinance No. 4,903, on a basis of three payments.

Adopted.
By Ald. Parsons—Resolved, That the Commissioner of Public Works be authorized to place an electric lamp at the corner of Bly street and Clinton avenue south. Referred to Lamp and Electricity committee and City Engineer.

By Ald. Kelly—Resolved, That the Rochester Gas and Electric company be and hereby is requested to place two arc lights on Masseth street, between Child and Hague street. Referred to Lamp and Electricity committee and City Engineer.

By Ald. Kelly—Resolved, That the City Engineer prepare an ordinance for a sewer in Ames street, from about 330 feet north of Jay street to the sewer in Masseth street. Adopted.

By Ald. Tanner—Resolved, That the taxpayers assessed for the widening of Hawley street, under final ordinance No. 7,891, be allowed two years from September 15, 1900, in which to pay their assessments with interest at 6 per cent.

Adopted by the following vote:
Ayes—Aldermen Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey,

Reddington, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—16.

By Ald. May—Resolved, That the City Engineer be and hereby is directed to prepare an ordinance for an asphalt pavement on Orange street.

Adopted.

PETITIONS AND REMONSTRANCES.

By the Clerk—Claim of S. D. Bentley for damages to premises No. 4 Hopkins street, and notice to abate nuisance. Referred to Law committee.

By Ald. Marson—Petition of Rochester Athenaeum and Mechanics' Institute for building permit. Referred to Building committee and Fire Marshal.

By Ald. C. S. Cook—Petition of John G. Fleig for building permit. Referred to Building committee and Fire Marshal.

By Ald. Ward (by request of Ald. Judson)—Petition for the extension of a water main on Kellar street. Referred to Water Works committee.

By Ald. Beard—Remonstrances against the erection of buildings at 156 Baden street and 244 Joseph avenue. Referred to Building Committee and Fire Marshal.

Also—Petitions of F. J. and G. Schaeffer and Mrs. E. Kern for building permits. Referred to Building committee and Fire Marshal.

By Ald. Reddington—Petition for cement walk on Gladstone street. Referred to City Engineer for ordinance.

Also—Petition (certified to be a majority) for the change of the name of Wooden street to Summer street. Referred to Committee on Streets and Sewers.

By Ald. Baker—Petitions of the Church of the Ascension and A. E. White for building permits. Referred to Building committee and Fire Marshal.

By Ald. Plumb—Petition of Harriet A. Barnum for building permit. Referred to Building committee and Fire Marshal.

Also—Remonstrance against sprinkling Wilcox street. Received and filed.

By Ald. Kelly—Petition for two arc lights on Masseth street. Referred to Lamp and Electricity committee and City Engineer.

Also—Petition of William Howe for permission to erect a building on Masseth street. Referred to Building committee and Fire Marshal.

Also—Petition of George Faust for reduction of general city tax. Referred to Assessment committee.

By Ald. Ernst—Petition for trap rock macadam pavement on Ontario street. Received and filed.

Also—Remonstrance against Augusta street trap rock macadam improvement. Received and filed.

By Ald. Mead—Petition of Mary A. Poppino for correction of an assessment. Referred to Assessment committee.

Also—Petition of Henry Hastings for correction of an assessment.

Also—Petition of Henry Retzinger for building permit. Referred to Building committee and Fire Marshal.

Also—Petitions of Frank G. Wilkin, John Holzeland and Charles F. Rausenbach for building permits. Referred to Building committee and Fire Marshal.

By Ald. Tanner—Petition for water main on Sawyer street. Referred to Water Works committee.

Also—Petition of Amelia B. Jagger for cancellation of an assessment.

Also—Petitions of Frank V. Mathews, P. L. Wolf and Albert Mutschler for building permits. Referred to Building committee and Fire Marshal.

By Ald. May (by request of Ald. Judson)—Petitions of C. D. U. Hobbie, Mary A. Poppino and Frances Englert for building permits.

Also—Petitions of George Guenter, William Trott and Joseph Voekl for building permits. Referred to Building committee and Fire Marshal.

COMMUNICATIONS FROM OFFICERS, BOARDS AND DEPARTMENTS.

By the Clerk—

City Treasurer's Office,
Rochester, N. Y., Aug. 29, 1900.

To the Hon. the Common Council:

Gentlemen: I hereby certify that the Executive Board have notified me that the works or improvements authorized under ordinances hereinafter mentioned have been completed; that I have, pursuant to the provisions of the charter, ascertained the entire and aggregate expense of, and connected with the same respectively, including any interest that the city shall incur, or is entitled to for the use of its funds, and that the respective amounts thereof are as follows:

Three Payments.

Ordinance and improvement.	Expense.
No. 4,903—Bronson avenue railroad bridge	\$9,246 72
No. 7,341—Brooks avenue cement walks	1,550 44
	S. B. WILLIAMS, Treasurer.

Received, filed and published and referred to Committee on Assessments.

By the Clerk—

City Treasurer's Office,
Rochester, N. Y., Aug. 29, 1900.

To the Hon. the Common Council:

Gentlemen—I hereby certify, as per instructions from your honorable body, the entire and aggregate expense of and connected with the improvement of (Ord. No. 4,862) Lake avenue park boulevard, including any interest that the city shall incur, or is entitled to, for the use of its funds, and that the amount is as follows:

Three Payments.

Ord. No. 4,862—Lake avenue park boulevard improvement.....	\$15,785 57
	S. B. WILLIAMS, Treasurer.

Received, filed and published and referred to Committee on Assessments.

By the Clerk—

City Treasurer's Office,
Rochester, N. Y., Aug. 29, 1900.

To the Honorable the Common Council:

Gentlemen: In regard to the payment of salary for Henry H. Pryor, deputy comptroller, city of Rochester, there has been no salary paid him as yet, and his name has not appeared on any former pay roll.

The comptroller certifies the amount this afternoon (August 24th) as being \$1,100 due, for the months of March, April, May, June, July and August.

This amount is based on the salary recently named by three members of the Board of Estimate and Apportionment, two members of the board, viz.: President Edgerton and Treasurer Williams voting for the amount recommended by the Common Council, viz.: at \$2,000 per annum.

Referring to the report of your Law committee on page 471 of the present Common Council proceedings, which was adopted with but one dissenting vote (viz., Ald. Casey) the committee recommended that Mr. Pryor should be paid a salary

from the date of the filing of his bond only. Under these circumstances the treasurer respectfully requests that your honorable body name the amount of salary per month and the date from which it is to be paid.

Respectfully submitted,
S. B. WILLIAMS,
Treasurer.

Received, filed and published, and referred to Committee on Finance.

By the Clerk—
Department of Public Safety,
Rochester, N. Y., Aug. 10, 1900.

To the Hon. the Common Council:

Gentlemen: On Jan. 30 your honorable body passed an ordinance providing for the reorganization of the police department, and the establishment of five precinct stations. The preliminary work incident to putting this ordinance into operation was very considerable. A detailed examination into the police conditions obtaining in all parts of the city was undertaken, and after determining what appeared to be the proper location of the four outlying stations, it was necessary to find available space which could be rented, and the equipment of which, with other incidental expenses, would bring the total expense within the \$5,000 limit fixed in the ordinance. On the first day of July the reorganization was effected, and the stations put in operation.

These stations are all leased under contracts which terminate at the pleasure of the city, on the 31st day of December, 1900; but the city has an option of renewal for three years in periods of one year each, which is made necessary by the fact that the city cannot incur an obligation extending beyond the period covered by the tax levy then in force. The expense of fitting up the stations, which has been kept at the lowest figure consistent with making them effective for the purposes designed, has been \$1,250.09, as is shown by the following statement:

Carpenter work, railings, lockers, etc.....	\$780 00
Shades	34 68
Awnings	51 25
Electric wiring	128 80
Screen doors	43 00
Welsbach lights	7 50
Signs	37 00
Linoleum	84 96
Water coolers	14 40
Chairs	60 00
Tables	8 00
Waste baskets	3 00
Cuspidores	10 50
Clocks	20 00
Maps	25
Wash basin, second precinct.....	14 00

\$1,297 34

The expense of maintenance, including the additional salaries incident to the reorganization plan, is shown by the following statement:

Rent 8 months.....	\$728 00
Additional salaries, 6 months.....	600 00
Telephones, 6 months.....	80 00
Wages for cleaning, material and ice, 6 months.....	192 90
Record books, directories and stationery, 6 months.....	81 13
Sundries, lighting, stove, coal, etc. (estimated) 6 months.....	520 63
	\$2,202 66

It will be seen that the expense of equipment, plus the expense of maintenance for the current year, so far developed, involves an expenditure of \$3,500, leaving a present balance out of the amount authorized to be expended of \$1,500.

The expense of equipment having been disposed of, it is evident that the necessary expense of maintenance of the stations next year will amount to the following:

Estimate, 1901.

Rent, 12 months.....	\$1,092 00
Additional salaries—	
Two captains, 6 months, at \$300 per year	300 00
Two captains, 6 months at \$400 per year	400 00
Ten sergeants, 12 months, at \$60 per year	600 00
Four telephones at \$40 per year.....	160 00
Wages for cleaning, \$5 per week..	260 00
Cleaning materials	25 00
Ice, \$10.40 per month, 7 months....	72 80
Directories and blue books.....	40 00
Books and stationery.....	50 00
Coal, two stations, 20 tons at \$4.05.	80 50
Lighting	250 00
Sundries	169 79
	\$3,500 00

As this figure is less than the cost of five additional men for an entire year's expenses, I feel very confident that nothing can be said in criticism of the arrangement upon the score of expense. I am also happy to advise you that the testimony which I have received from all parts of the city is such as to indicate the general satisfaction of citizens with the new arrangements.

Very respectfully yours,
JAMES G. CUTLER,
Commissioner of Public Safety.

Received, filed and published.

Respectfully submitted.

JAMES JOHNSTON,
Comptroller.

Received, filed and published.

By the Clerk—

CLAIMS OF 1899.

Comptroller's Office,
Rochester, N. Y., Aug. 13, 1900.

To the Honorable, the Common Council:

Gentlemen—In accordance with the provisions of Section 65 of the City Charter, you are hereby notified that the claims of 1899 presented to the Comptroller during the two weeks ending August 11, 1900, have been audited in the amounts hereinafter named:

CONTINGENT FUND.

MISCELLANEOUS COMMUNICATIONS.

Rochester, N. Y., Aug. 28, 1900.

To the Hon. the Common Council of the City of Rochester:

Gentlemen—We wish to call your attention to the proposed change in headquarters of the Brotherhood of Locomotive Firemen, now located at Peoria, Ill., and earnestly ask you to lend your aid, together with the Chamber of Commerce, to have the headquarters located in this city.

We believe it will be for the best interests of Rochester to have such an institution here. The Brotherhood has a membership of nearly 37,000, and does an insurance business of over \$600,000 a year. Its matter of printing is an item not to be underestimated. It issues a monthly magazine equal to "Munsey's," to the number of nearly 55,000; besides all printed matter for its 567 lodges is done at headquarters. The printing and binding bill will be nearly \$70,000 a year—no small item to find its way to the pockets of mechanics. It would mean to bring here more citizens and an immense office department.

It has been considered for some time advisable to build a permanent home, with large convention hall, and to there hold all the conventions of the order. They are in session ten or twelve days. At Toronto, Sundays included, they were fourteen days. There were about 1,300 delegates and visitors; so you can see it is something to be sought for.

Attached hereto is a list of some of the requirements for office room, etc., for your consideration. We would be pleased to confer with a committee from your honorable body, together with a committee from the Chamber of Commerce, some time this week (day time or evening), suiting your convenience, to offer any further information desired in relation to the brotherhood that may be of interest to the city and the committees.

Very respectfully yours,

E. E. PRUYN,
41 First street.
J. W. MILLIMAN,
427 Exchange street.
W. P. COUCH,
22 Breck street.

Committee Rochester lodge, No. 99, B. of L. F.

Rochester, N. Y., Aug. 27, 1900.

Some of the requirements of cities where Brotherhood is proposed to be changed:

First—First-class banking facilities, which mean absolute solvency of the bank in which our funds are deposited, as well as a careful, safe method of handling the funds deposited therein. A fair rate of interest computed and credited to our daily account, the rate of which shall be not less than 3 per cent. The cashing and crediting of all exchange papers, etc., free of charge to the Brotherhood. The issuing of checks or drafts for any amount, from one dollar to the full sum on deposit.

Second—Postal facilities, which includes a reasonable close location to the offices of the Brotherhood (not exceeding two blocks.) The frequent delivery of mail matter (not less than four deliveries each day); also the frequent collection of mail.

Third—Railway facilities, which furnish ample opportunities for arrival and departure in all directions upon short notice, and the roads entering therein shall be those known to be not unfriendly to the several railroad labor organizations.

Fourth—Offices that will furnish ample room for the transaction of all Brother-

hood business. There should be at least 3,600 square feet of floor space. The rooms should be conveniently high, where they are free from dust, dirt and noise. They should have ceilings ten feet high so as to furnish ample ventilation and pure air, an abundance of light, elevator service, etc., and should be heated and halls lighted at landlord's expense. There shall be one or more large, absolutely fire-proof vaults, wherein the books and accounts of the Brotherhood can be kept safe from destruction by fire or water. In fact, the building should be a thoroughly modern, steel structure, with all the latest conveniences, at a rental that will not exceed \$1,500 for an abundance of room and other essentials.

Fifth—There should be ample facilities for having printing done by union printers and where competition is such that reasonable prices may be obtained for such printing and book making, as are required.

Sixth—There should be located in the city where the headquarters are, offices of all the express companies doing business in all parts of the country, as an immense amount of the financial business of the Brotherhood is done through the several express companies, as well as the receiving and shipping of many packages of lodge supplies, etc.

Seventh—There should be the best and quickest service by the telegraph companies; and, where competition is lively, the above results generally obtain.

Received, filed and published and referred to Committee on Railroads.

By Ald. Beard—

Rochester, N. Y., Aug. 29, 1900.

To the Members of the Common Council:

Gentlemen—The Socialist Labor Party ask you for the privilege to use the Common Council Chamber for a mass meeting on Thursday evening, September 6th, 1900.

Yours respectfully,

C. A. LUEDECKE,
326 Joseph Avenue.

On motion of Ald. Beard, the request was granted.

REPORTS OF STANDING COMMITTEES.

By Ald. Marson—

LAMP COMMITTEE REPORT.

To the Honorable the Common Council:

Gentlemen—Your committee on Lamps and Electricity would respectfully recommend that arc electric lights be placed as follows:

Two on Masseth street between Child street and Hague street.

One on James street between Chestnut street and Williams street.

One arc light on Exchange street, south side of the canal.

Respectfully submitted,

W. H. MARSON,
FRANK A. WARD,
MILTON RACE,
J. MILLER KELLY,

Lamp Committee.

Received, filed and published.

By Ald. Marson—Be it ordained by the Common Council of the city of Rochester as follows:

That the Commissioner of Public Works be and hereby is authorized to have placed two arc electric lights on Masseth street, one arc light on Exchange street and one arc light on James street, as recommended by the Lamp committee.

Adopted by the following vote:
Ayes—Aldermen Callihan, Marson, Race, C. S. Cook, Ward, Ycung, Beard, Casey, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—17.

ACTION ON ORDINANCES FOR STREET IMPROVEMENTS.

FIRST ORDINANCES.

AMES STREET SEWER.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the City Engineer ascertain and report to this Council the expense of constructing a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Ames street, from a point about 330 feet north of Jay street, to the sewer in Masseth street.

Adopted.

The Engineer submitted as such estimate, \$1,500.

By Alderman Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the following improvement is necessary and should be made, viz:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Ames street, from a point about 330 feet north of Jay street, to the sewer in Masseth street.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$1,500, which, being deemed reasonable, is hereby approved.

Be it further ordained that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Ames street, from the south line of lot No. 6 of the Metzinger subdivision to Masseth street.

Adopted.

GLADSTONE STREET CEMENT WALK.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing Portland cement walks on each side of Gladstone street, from Clifton street to Tremont street.

Adopted.

The Engineer submitted as such estimate, \$600.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz:

The construction of a Portland cement walk 5 feet wide on each side of Gladstone street, from Clifton street to Tremont street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$600, which being deemed reasonable, is hereby approved.

Ordained further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Gladstone street, from Clifton street to Tremont street.

Adopted.

ANDREWS STREET BLOCK STONE PAVEMENT.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the City Engineer ascertain and report to this Council the expense of improving Andrews street, from the east end of the present Medina block stone pavement to St. Paul street.

Adopted.

The Engineer submitted as such estimate, \$7,500.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The improvement of Andrews street, from the east end of the present Medina block stone pavement to St. Paul street, by the construction of a Medina block stone pavement therein. Also the construction of a Medina stone curb six inches thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be 40 feet. The pavement shall extend to the street line at all intersecting streets and alleys except where permanent improvements now exist at proper lines and grades. Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a manhole for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by Health Officer. All manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety,

as provided by Section 225 of the City Charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there is now no water services, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under Section 110 of the City Charter. Also crosswalks at all intersecting streets, and midway in all blocks exceeding 400 feet in length. Also the cleaning and repairing of so much of the main sewer as may be found necessary to restore it to its original condition. Also the repair and adjustment to grade of the present sidewalks. Also the construction of a Portland cement walk 6 feet in width on each side of the street except where cement or flagstone walks of the said width, or greater width, now exist, substantially as good as the new walk, which may be relaid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for 5 years.

The pavement and walks of intersecting streets shall be adjusted to the grade of the improvement.

The asphalt surface shall be composed of one of the standard mixtures laid in this city for the past five years, or any other asphalt mixture that has been laid in quantities of at least three thousand square yards, and has worn well for a period of not less than three years.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$7,500, which being deemed reasonable, is hereby approved.

Ordained further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Andrews street, from the east end of the present Medina block stone pavement to St. Paul street.

Adopted.

ST. PAUL STREET BLOCK STONE PAVEMENT.

By Ald. Beard—Resolved, That the City Engineer ascertain and separately report to this Council the expense of improving St. Paul street, from Main street east to Central avenue, also the square between Franklin street and Central avenue as follows: (1st). That part thereof included within the space between lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with a block stone pavement; also the construction of a concrete foundation under said pavement and tracks, together with the necessary surface sewers in said tracks; (2d). The paving of that part thereof lying outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with a block stone pavement, and also the construction and repair of the necessary lot laterals, water services, curbing and sidewalks within the street lines; and (3d). The aggregate expense of improving all of the above described parts of said street.

Adopted.

The Engineer submitted as such estimate as aforesaid, \$18,000, for improving that part thereof included within the space between lines drawn two feet outside of the outside

rails of the tracks of the Rochester Railway company with a block stone pavement, also the construction of a concrete foundation under said pavement and tracks, together with the necessary surface sewers in said tracks; (2d), \$41,000 for improving that part thereof lying outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with a block stone pavement, including the construction and repair of the necessary lot laterals, water services, curbing and sidewalks within the street lines and (3d), \$59,000, the aggregate estimated expense for improving all of the above described parts of said street.

Be it ordained by the Common Council of the City of Rochester that the following improvement is necessary and should be made, viz:

The improvement of St. Paul street, from Main street east to Central avenue, also the square between Franklin street and Central avenue, as follows: (1st). That part thereof included within the space between lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with a block stone pavement, also the construction of a concrete foundation under said pavement and tracks, together with the necessary surface sewers in said tracks; (2d). That part thereof lying outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with a block stone pavement. Also the construction of a Medina stone curb six inches thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be generally the same as at present. The pavement shall extend to the street line at all intersecting streets and alleys, except where permanent improvements now exist at proper lines and grades. Also manholes as follows: At each end of the main sewers, at all intersecting sewers, and at such intermediate places as shall secure a manhole for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer connections, of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals at all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. All manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal, by the Commissioner of Public Safety, as provided by Section 225 of the City Charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there are now no water services, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under Section 110 of the City Charter. Also crosswalks at all intersecting streets, and midway in all blocks exceeding 400 feet in length. Also the cleaning and repairing of so much of the main sewer as may be found necessary to restore it to its original condition.

Also the construction of a Portland cement walk or flag stone walk, from curb to street line, on each side of the street, except where cement or flagstone walks of the said width now exist, substantially as good as the new walk, which may be relaid if not conforming to

the proper grade or alignment, within the limits mentioned.

The pavement shall be guaranteed and kept in repair for five (5) years.

The pavements and walks of intersecting streets shall be adjusted to the grade of the improvement.

And the City Engineer, under the direction of this Council, having made estimates (1st), Of the expense of those portions of the improvement consisting of a block stone pavement between lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company; also the construction of a concrete foundation under said pavement and tracks, together with the necessary surface sewers in said tracks at \$38,000, and (2d), Also the paving of that part of said street lying outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with a block stone pavement; also the construction and repair of the necessary lot laterals, water services, curbing and sidewalks within the street lines, at \$41,000, and (3d), The aggregate estimated expense of all of said work at \$59,000, all of which being deemed reasonable, are hereby approved.

And whereas, The Rochester Railway company has been notified, pursuant to the provisions of Section 98 of Chapter 676 of the Laws of 1892, to pave between its tracks the rails of its tracks, and for two feet outside of the outside rails of its tracks, and has refused to make such pavement,

It is further ordained, that the whole expense of the work, consisting of a block stone pavement between lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company, and the construction of a concrete foundation under said pavement and tracks, together with the necessary surface sewers in said tracks, be charged to, and collected from, the Rochester Railway company; and the expense of the work on the remainder of the improvement, as above specified, is hereby directed to be assessed upon all of the following portion of the city, which this Council deems specially benefited by, and proper to be assessed for, such improvement, to wit:

One tier of lots and parcels of land on each side of St. Paul street, from Main street east to Central avenue; also one tier of lots and parcels of land on the east side of the square between Franklin street and Central avenue.

Adopted.

By the Clerk—

City Clerk's Office,

Rochester, N. Y., Aug. 29, 1900.

To the Honorable the Common Council of the City of Rochester:

Gentlemen:—I do hereby certify that a notice, such as is required by section 146 of the city charter, specifying each of the improvements contemplated by the following final ordinances, the estimated expenses thereof, the amount, if any, of such expenses to be paid from the public treasury, the portion or part of the city to be assessed for the remainder of the expenses and requiring all persons interested in the subject matter of the improvement to attend at the time appointed in such notice, was published daily for four days in two daily newspapers printed in this city, namely, the Rochester Post Express and the Rochester Union and Advertiser.

Respectfully submitted,

THEODORE S. PULVER,
City Clerk.

Received, filed and published.

FINAL ORDINANCE NO. 467.

CARLETON STREET SPRINKLING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle Carleton street, from Atlantic avenue to Beacon street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Carleton street, from Atlantic avenue to Beacon street, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$39, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Carleton street, from Atlantic avenue to Beacon street.

Adopted by the following vote:

Ayes—Aldermen Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—17.

FINAL ORDINANCE NO. 468.

BEACON STREET SPRINKLING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle Beacon street, from Atlantic avenue to Anderson avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The sprinkling of Beacon street, from Atlantic avenue to Anderson avenue, during the season of 1900.

Excepting therefrom such portion thereof, not exceeding three feet in width on each side of the street, as the Commissioner of Public Works deems advisable for a bicycle path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$59, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Beacon street, from Atlantic avenue to Anderson avenue.

Adopted by the following vote:

Ayes—Aldermen Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—17.

FINAL ORDINANCE NO. 469.

ROCKLAND STREET CEMENT WALKS.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a cement walk on each side of Rockland street, from Penn street to Clifton street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a Portland cement walk 4 feet wide on each side of Rockland street, from Penn street to Clifton street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk and roadway grading, and curbstone on each of said street.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$1,550, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Rockland street, from Penn street to Clifton street.

Adopted by the following vote:

Ayes—Aldermen Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—17.

FINAL ORDINANCE NO. 470.

ULRICH STREET SEWER.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a sewer in Ulrich street, from a point 120 feet south of Jennings street to the sewer in Clifford street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter, in Ulrich street, from a point 120 feet south of Jennings street, to the sewer in Clifford street.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none

of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$1,300, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Ulrich street, from Clifford street to Jennings street.

Adopted by the following vote:

Ayes—Aldermen Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—17.

FINAL ORDINANCE NO. 471.

ALDERN PLACE CEMENT WALK.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a cement walk on the east side of Aldern place, from the north end thereof to Ravine avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a Portland cement walk four and one-half feet wide on the east side of Aldern place, from the north end thereof to Ravine avenue, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$325, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the east side of Aldern place, from the north end thereof to Ravine avenue.

Adopted by the following vote:

Ayes—Aldermen Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—17.

FINAL ORDINANCE NO. 472.

CADY STREET CEMENT WALKS.

On motion of Ald. Callihan the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a cement walk on each side of Cady street, from Snyder street to Olean street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a Portland cement walk 5 feet wide on each side of Cady street from Snyder street to Olean street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$4,200, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Cady street, from Snyder street to Olean street.

Adopted by the following vote:

Ayes—Aldermen Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—17.

On motion of Ald. Tanner the property owners on Cady street were granted sixty days in which to lay their own walks as provided by final ordinance No. 472.

By Ald. Ward—Resolved, That final ordinance No. 440, Rundel park curbs, adopted July 3d, 1900, be reconsidered.

Adopted.

By Ald. Ward—Resolved, That final ordinance No. 440, Rundel park curbs, be amended by making the estimate read \$1,200, instead of \$700.

Adopted.

On motion of Ald. Baker the final ordinance for Raines park improvement was laid on the table until the next regular meeting.

On motion of Ald. Ernst action on the final ordinance for Augusta street trap rock macadam pavement was indefinitely postponed.

On motion of Ald. Mead action on the final ordinance for Frederick park sewer was postponed until the regular meeting of September 25th.

On motion of Ald. Mead the final ordinance for Portland avenue trap rock macadam pavement, presented April 10th, was indefinitely postponed.

On motion of Ald. Baker action on the final ordinance for Aldern place walk (both sides), was indefinitely postponed.

On motion of Ald. Plumb action on the final ordinance for Wilcox street sprinkling, was indefinitely postponed.

MISCELLANEOUS BUSINESS.

By Ald. Baker—Section 1. It is hereby ordained by the Common Council of the city of Rochester that no person or persons shall keep or maintain a swarm of bees within the city limits of this city, unless they shall first have obtained permission of all persons living within two hundred feet of the lot lines upon which said bees are to be maintained or kept.

Sec. 2. The person violating any part of this ordinance shall be guilty of a misdemeanor.

Sec. 3. This ordinance shall take effect immediately.

Received, filed and published and referred to Committee on Law.

By Ald. Plumb—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. The Commissioner of Public Works is hereby authorized to expend from the moneys appropriated for the use of his department such sum of money as may be necessary to run the department during the month of September, 1900.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Kelly, Ernst, Mead, Tanner, May—17.

By Ald. Parsons—

Resolved, That in the resignation of Mr. James G. Cutler from the office of commissioner of public safety the city of Rochester has lost the services of a most competent and successful public official. Combining executive ability of a high order with an exalted sense of public duty and a determination to administer the affairs of his department on business principles in the interest of the taxpayers, Commissioner Cutler's management of the Police, Fire and Health departments has resulted in placing those branches of the municipal service on a higher plane of efficiency. We deplore the circumstances and causes which impelled his resignation and extend to him the thanks of this Council for his intelligent, conscientious work, and for the unflinching courtesy exhibited toward us during his official career.

Adopted.

Adjourned.

THEODORE S. PULVER,
City Clerk.

In Common Council, Sept. 11, 1900.

REGULAR MEETING.

Present—Hiram H. Edgerton, President of the Common Council, and Aldermen Calihan, Marson, C. S. Cook, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Ernst, Mead, Tanner, May—14.

Absent—Aldermen Tracy, Race, Ward, H. G. Cook, Kelly, Judson.

APPROVAL OF MINUTES.

The minutes of the previous meeting were approved as published in the official sheets of proceedings.

RESOLUTIONS.

By Ald. Beard—Resolved, That the Public Improvement committee grant a hearing to the property owners on Clifford street between Clinton avenue, north and Joseph avenue, on the question of widening a portion of said street.

Adopted.

By Ald. Parsons—The Common Council of the city of Rochester do ordain and determine as follows:

Section 1. The Commissioner of Public Safety is hereby authorized and directed to solicit bids for, and sell to the highest bidders, such horses used in the fire department as are now, or hereafter shall be, found useless and unfit for service.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Calihan, Marson, C. S. Cook, Young, Beard, Casey, Baker, Red-

dington, Plumb, Parsons, Ernst, Mead, Tanner, May-14.

By Ald. Mead-Resolved, That the City Engineer prepare ordinances for a sewer and plank walk on Bradley street; also for a plank walk on Ernst street from Hudson avenue to North street.

Adopted.
By Ald. May-Whereas, Section 421 of the Penal Code of the state of New York makes it a misdemeanor for any employe of a railroad corporation in charge of a railroad locomotive, train or car, to wilfully obstruct or cause to be obstructed, any highway crossing with any locomotive, train or cars, for a longer period than five consecutive minutes, and

Whereas, Repeated complaints have been made to the members of this Council by residents of Child street, Maple street, York street, Colvin street and other streets in said city, that the Rochester and Pittsburg Railroad company, and the New York Central and Hudson River Railroad company, were habitually obstructing such streets by their respective trains and cars for a longer period than five consecutive minutes, now therefore be it

Resolved, That the Rochester and Pittsburg Railroad company and the New York Central and Hudson River railroad company be, and are hereby notified to discontinue the perpetration of such alleged violation of law; and the city clerk is directed to send a copy of this resolution to the local representatives of said companies, respectively.

Further resolved, That if said complaints against said railroad companies for the obstruction of said streets be repeated, that the corporation counsel be, and he is hereby authorized and directed to investigate said complaints, and if the results of such investigation shall satisfy him that the complaints are well-founded, to institute a prosecution or prosecutions thereon.

Adopted.

PETITIONS AND REMONSTRANCES.

By Ald. Marson-Petition of Hon. James M. E. O'Grady, James Breck Perkins, Joseph O'Connor and others that the Rochester Labor Lyceum be granted the use of the council chamber for meetings. Referred to City Property committee.

By Ald. C. S. Cook-Petitions of Joseph Meyer, M. J. Bruce and the Rochester Bill Posting company for building permits. Referred to Building committee and Fire Marshal.

Also (by request of Ald. Ward)-Petition of M. L. Lord for refund of tax. Referred to Assessment committee.

By Ald. Young-Petition of J. F. Ribstein for building permit. Referred to Building committee and Fire Marshal.

By Ald. Beard-Petition of August Waterstrat for building permit. Referred to Building committee and Fire Marshal.

By Ald. Casey-Petition of Helen R. Clark for building permit. Referred to Building committee and Fire Marshal.

By Ald. Baker-Petitions of Adolph Mathis, W. E. Woodbury and Marie E. Craig for building permits. Referred to Building committee and Fire Marshal.

Also-Petitions of Erwin Adams for refund of tax. Referred to Assessment committee.

By Ald. Reddington-Petitions of W. R. Hall, Anna M. Wood, and George Huck for building permits. Referred to Building committee and Fire Marshal.

By Ald. Plumb-Petition of Richard street property owners to have said street cleaned and repaired. Referred to Commissioner of Public Works.

Also-Petition of H. L. Barker for building permit. Referred to Building committee and Fire Marshal.

Also (by request of Ald. Kelly)-Petition of Adam Volkmar for building permit. Referred to Building committee and Fire Marshal.

By Ald. Ernst-Petition for plank walk on east side of Finney street. Referred to City Engineer for ordinance.

By Ald. Mead-Petitions of Charles Dehn and Edward DeJonge for building permits. Referred to building committee and Fire Marshal.

By Ald. Tanner (by request of Ald. Judson)-Petitions of Henry D. Schaft and C. D. U. Hobbie for building permits. Referred to Building committee and Fire Marshal.

Also-Petitions of Mary A. Fuller and Richard Murphy for building permits. Referred to Building committee and Fire Marshal.

COMMUNICATIONS FROM OFFICERS, BOARDS AND DEPARTMENTS.

By the Clerk-

CLAIMS OF 1900.

Comptroller's Office,
Rochester, N. Y., Aug. 27, 1900.

To the Honorable, the Common Council:

Gentlemen-In accordance with the provisions of Section 65 of the City Charter, you are hereby notified that the claims presented to the Comptroller during the two weeks ending August 25, 1900, have been audited in the amounts hereinafter named:

JAMES JOHNSTON,
Comptroller.

Received, filed and published.

By the Clerk—

Department of Finance,
Comptroller's Office,
Rochester, N. Y., September 11, 1900.
To the Honorable, the Common Council:
Gentlemen: There will be due, under date of September 30, 1900, obligations through the Local Improvement fund, amounting to \$87,000 or thereabouts, and to meet them it will be necessary, in addition to the money on hand applicable for their payment, to borrow \$40,000. Will you, therefore, be good enough to grant the necessary authority to issue the city's certificates of indebtedness for this amount, for the purpose mentioned, for a period not exceeding eight months?

Respectfully submitted,
JAMES JOHNSTON,
Comptroller.

Received, filed and published and referred to committee on Finance.

By the Clerk—

Department of Finance,
Comptroller's Office,
Rochester, N. Y., September 11, 1900.
To the Honorable, the Common Council:
Gentlemen: There will be due, under date of September 30, 1900, obligations through the Hemlock Lake Watershed fund, amounting to \$10,000, and to meet them it will be necessary to borrow that amount. Will you, therefore, be good enough to grant the necessary authority to issue the city's certificates of indebtedness for \$10,000 for the purpose mentioned, for a period not exceeding eight months?

Respectfully submitted,
JAMES JOHNSTON,
Comptroller.

Received, filed and published and referred to committee on Finance.

By the Clerk—

By the Clerk—

City of Rochester,
Department of Public Works,
September 11, 1900.
To the Hon. the Common Council of the City of Rochester:

Gentlemen: Final ordinance No. 7,273, for North Clinton street asphalt improvement, was adopted August 16, 1898. (See C. C. Proc. p. 447). The contract for this work was awarded by the Executive Board on September 13, 1898. The work was completed. Subsequent to the awarding of this contract a decision in the Lyell avenue case was made by the Court of Appeals, in which it was held that no part of the cost of paving between the tracks and for two feet outside in any street having a street railway could be assessed upon the abutting property.

Your honorable body on February 14, 1899, (C. C. Proc. p. 112), adopted a resolution directing the Rochester Railway company to pave the space between its tracks and two (2) feet outside thereof; and in case of their failure to do so, directed the Executive Board to do the work and charge the cost to the Railway company.

On January 6, 1900, a statement of the individual charges on said North Clinton street, was certified by this office to the assessors. Included in said statement was a statement of the cost of the work in that part of the street occupied by the tracks of the Rochester Railway company and for 2 feet outside thereof. The total cost of the work, including said amount, was certified by the Executive Board to the Treasurer and by him to the Common Council for assessment against the property abutting on said North Clinton street. It will be necessary therefore that the action of your honorable body in ordering said assessment be reconsidered, and a new order of assessment be made deducting from the total amount the amount directed to be charged against the Railway company.

Respectfully yours,
E. A. FISHER,
City Engineer.

Received, filed and published and referred to committee on Assessments.

By Ald. Mead—Be it ordained by the Common Council of the city of Rochester as follows:

Sec. 1. That an ordinance passed July 3, 1900, appearing at page 468, current proceedings, directing the City Assessors to prepare an assessment roll for North Clinton street asphalt improvement, constructed under final ordinance No. 7,273, is hereby repealed.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Calihan, Marson, C. S. Cook, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Ernst, Mead, Tanner, May—14.

By the Clerk—

City of Rochester,
Department of Finance,
September 8, 1900.

To the Honorable, the Common Council:

Gentlemen—I have been directed by his honor, the Mayor, to issue new warrants for the personal taxes against corporations, remaining unpaid on the books in City Treasurer's office. I have asked the Corporation Counsel if a second or subsequent warrant can be issued, and he has given me his opinion that such action can be taken.

It is very desirable that all unpaid personal taxes should either be paid, or, if they were wrongly assessed, then charged to erroneous assessments and not continue to carry them as a live asset of the city, which cannot be made available. I reported the amount of unpaid personal taxes to the Common Council in 1897, giving names against whom the assessment was levied and amounts outstanding. Said list was from 1885 to 1896, inclusive. This sum was then, and is now, \$26,601.50. Since then the unpaid personal tax of 1897 adds \$2,438.63 to the list, that of 1898, \$33,564.53, and of 1899, \$34,460.83, making a total amount outstanding to the present year's assessment of \$97,065.49.

I would respectfully suggest that the Treasurer be directed to collect the unpaid personal taxes as far as possible, adding interest to the same at the rate of 6 per cent. per annum from date of assessment, provided the same is paid on or before November 1st of the present year, and that he also report at the earliest moment possible, after some energetic collector has tried to collect from the delinquents, giving a detailed list, showing names and amounts of those in arrears, with their excuses why, and the enforcement of the tax should be canceled, so that your honorable body will have all the information obtainable which will help you to decide as to what further action should be taken against those delinquent in the payment of their personal taxes.

Since 1898 the Assessors have greatly increased the number of those who are supposed to be on the eligible list for a personal tax. This list now includes private individuals who are holders of mortgages, and the enforcement of the tax against these people makes a double assessment against the property, inasmuch as the owner is taxed at the same rate as his neighbor who has his property clear.

I call your attention to this fact, so that possibly such construction may be had of the assessment law that will remedy this injustice of double assessment to the property owner.

Respectfully submitted,

S. B. WILLIAMS, Treasurer.

Received, filed and published and referred to committee on Law.

By the Clerk—

City of Rochester,
Department of Finance,
September 8, 1900.

To the Honorable, the Common Council:

Gentlemen—The ordinance recently passed by your honorable body directs the Treasurer to issue bonds of the city of Rochester to the amount of \$100,000, and with the proceeds of such sale, take up the city's notes which have been issued to the credit of the Hemlock Lake Commission, and

placing the balance to the credit of said commission.

The ordinance does not provide for any expense connected with the issuing, or sale of said bonds. This expense might be taken care of by using the premium that no doubt would be received, providing you have the right to expend the premium in this manner. As I understand it, there is no other fund available, as no provision was made for the expense of any bond issue in this year's tax levy.

As to the expense of issue, experience has taught us that better rates can be obtained if the notice of sale is advertised in one or more of the New York city financial papers, as they reach nearly all of the would-be investors. For all recent issues of bonds the city has had but one plate from which the bonds are printed. This has been changed from time to time, as new bonds have been issued. This action was deemed advisable, as such changes cost but a small amount as compared with the original cost of plate. Of the former issue of Hemlock lake watershed bonds, \$200,000 were authorized and issued, and enough extra bonds printed for transfer purposes. The plate was then changed for our local improvement bond issue, of which \$1,500,000 were authorized, and but \$500,000 issued.

Before the Hemlock lake watershed bonds authorized by chapter 640 of the laws of 1899, are printed, this changing of plate will be necessary, as no bank would take the present blank bond, with date of law written in. And before the change is made, it would be best to have enough local improvement bonds printed from present plate so that if you wish to issue any portion of the \$1,000,000 authorized, you will have the blank bonds on hand for that purpose. Have we the right to pay for these extra bonds from the local improvement fund?

I would respectfully suggest that the Hemlock Lake Commissioners be supplied with funds by the issuing of the city's note or notes as may be required, and when the total cost of the improvement is ascertained then that bonds be issued to take up said notes.

I am advised by those well posted in financial matters in New York city, that the present time is not the best for the issuing of the city's obligations, so if the bond issue is postponed, I do not think that the city will lose by the transaction, as the prospects are that a better rate of interest will prevail in the near future, and the interest on these notes will be but a trifle more than that which the bonds will bear.

In the meantime, it can be ascertained if we can pay for the extra local improvement bonds from our regular local improvement fund, and also if the cost of the proposed issue of Hemlock lake watershed bonds can be paid out of the premium of such sale. If this can be done, then the present ordinance can be amended; if not, funds can be provided in next year's estimate of expenses.

Respectfully submitted,

S. B. WILLIAMS, Treasurer.

Received, filed and published and referred to Law committee.

By Ald Cook —

City of Rochester,
Department of Public Works,
Rochester, N. Y., September 11, 1900.

To the Railroad Committee of the Common Council:

Gentlemen: At your request, we herewith send you a statement relating to the work now being done by the New York

Central and Hudson River Railroad company on its elevated tracks through this city:

On June 19, 1900, the City Engineer sent a communication to the Common Council stating that maps and plans of said overhead work had been filed with the Commissioner of Public Works and referred to the City Engineer, and suggested that the whole matter be referred to your honorable committee.

The maps and plans above mentioned have been explained to your committee by the Chief Engineer of the New York Central Railway company, and we believe they, in every respect, comply with the resolution referred to in said communication.

As to the work now going on upon the abutments of said overhead bridges, we have carefully examined what is proposed to be done, as specified in an ordinance introduced at this meeting, and are of the opinion that when said work is completed, all the rights and privileges of the community will be better served by the new construction than was the case with that heretofore existing.

It should be remembered that a contract was entered into between the city of Rochester, through its Grade Crossing commission, and the New York Central and Hudson River Railroad company, in February, 1881, by which said company acquired the right to construct the overhead bridges referred to, and also to maintain columns, with low stone piers, in said streets. These bridges were supported on iron columns upon said low stone piers, said iron columns being connected by bracing.

It is proposed to remove, in every case, all of this braced work, and to substitute, wherever columns are used at all, single columns which will permit of passing from the sidewalk to the street or across the two roadways where columns are used in the center of the street.

The railroad company also proposes to entirely remove the columns from Mill and Ford streets, and to change the column in Hudson street, as was requested by the Executive Board, so as to give an unobstructed use of the roadway.

We have no hesitation in recommending that the work, so far as specified in said ordinance, be approved.

Respectfully yours,
J. HERBERT GRANT,
Commissioner of Public Works.
E. A. FISHER,
City Engineer.

Received, filed and published.

By the Clerk—

Police Court. 1900.

To the Hon. the Common Council of the City of Rochester:

Gentlemen: During the month of August, 1900, the total amount of moneys received from fines, etc., to be credited to the Police funds, as shown by itemized report of this date, was \$202.00. The total received for the Police Pension fund was \$11.05.

Respectfully submitted,
RICHARD CURRAN,
Police Court Clerk.

Received, filed and published.

STANDING COMMITTEE REPORTS.

By Ald. S. C. Cook—

RAILROAD COMMITTEE REPORT.

To the Common Council:

Gentlemen: Your committee on railroads, to which was referred the petition of Rochester lodge, No. 99, B. of L. F., asking the assistance of the Common Council in se-

curing the location of the executive offices of the grand lodge in this city, would report thereon as follows:

For the consideration of the subject matter of the petition your committee met with a committee representing the local lodge of the brotherhood and a committee of the Chamber of Commerce.

From the statements contained in the communication from the local lodge and the representations of the committee representing it it was made apparent that the executive offices of the grand lodge of the B. L. F. would be a most desirable acquisition for the city. Your committee would therefore recommend that such inducements as the Common Council may be able to offer be extended to the Grand Lodge of the B. of L. F. to locate its headquarters in this city.

Respectfully submitted,
CHAS. S. COOK,
FRANK G. PARSONS,
J. M. REDDINGTON,
JAMES J. TANNER,

Received, filed and published.

By Ald. C. S. Cook—

Whereas, A committee of the Rochester Lodge of the Brotherhood of Locomotive Firemen has presented to the Rochester Common Council a petition requesting the aid of the council in bringing to this city the executive offices of the brotherhood

Resolved, That the Common Council of the city of Rochester, hereby pledge its best offices in assisting Rochester lodge, No. 99, B. of L. F., in the effort to secure the removal of the executive offices to Rochester, and urges the committee to impress upon the grand lodge of the brotherhood that all the requirements of a headquarters will be fully met in Rochester, a healthful progressive city with unexcelled banking, printing and office facilities.

Adopted.

By Ald. C. S. Cook—

RAILROAD COMMITTEE REPORT.

To the Common Council:

Gentlemen—Your railroad committee, to which was referred the communication of the City Engineer of June 19, 1900, relating to the work now being done by the New York Central and Hudson River Railroad company upon its overhead structures in this city, have given several hearings in the matter.

The nature of the work and the proposed changes have been thoroughly explained by the chief engineer of the railroad company and a report relative to said work has also been obtained from the Commissioner of Public Works and the City Engineer.

We concur in the recommendations of Commissioner Grant and City Engineer Fisher and recommend the adoption of the accompanying ordinance.

Respectfully submitted,
CHAS. S. COOK,
FRANK G. PARSONS,
JAMES J. TANNER,

Railroad committee.

Received, filed, and published.

By Ald. C. S. Cook—Whereas, The New York Central and Hudson River Railroad company is engaged in improving and strengthening its bridges, retaining walls and structures pertaining to its elevated tracks in the City of Rochester, and as a part of said work intends to replace said overhead bridges with new bridges having solid floors so constructed as to prevent leakage of water, oil, etc., onto the sidewalks and street beneath, and in connection with this work it is necessary to increase

the strength and thickness of the existing retaining walls and bridge abutments:

And whereas, Said Railroad company intends to remove the existing columns or bents from certain streets so as to afford an unobstructed roadway under its tracks, as will be hereafter specified, and has also proposed to construct sidewalks the entire width from the abutments to the curbs under said bridges, and to keep said bridges painted; also to remove all the existing braced structures supporting said bridges, and to replace, wherever columns are to remain in the street, said braced structures by single iron posts, and to make the entire floor structure water-tight;

Now, therefore, Be it ordained by the City of Rochester, as follows:

The New York Central and Hudson River Railroad company is hereby given the right to increase the thickness of the present abutments supporting its elevated track bridges in said city by addition to the street face thereof as originally constructed, so that the new face shall be nearer the center of the street, as follows:

Scio street—East abutment, 14 inches; west abutment, 14 inches.

Hudson street—East abutment, 12 inches; west abutment, 15 inches.

Chatham street, east abutment, 14 inches; west abutment 15 inches.

Joseph avenue—East abutment, 15 1-2 inches; west abutment, 15 1-2 inches.

Mill street—East abutment, 17 inches; west abutment, 17 inches.

Sophia street—East abutment, 16 inches; west abutment, 15 inches.

Kent street—East abutment, 14 inches; west abutment 14 inches.

Allen street—East abutment, 14 inches; west abutment 14 inches.

Ford street, east abutment, 14 inches; west abutment 14 inches.

Hill street, east abutment, 12 inches; west abutment, 15 inches.

Canal street, east abutment, 9 inches; west abutment, 16 inches.

King street, east abutment, 14 inches; west abutment, 14 inches.

Said company is also given the right to extend the north face of its retaining wall on the south side of Hunter alley six (6) inches north of the north face as originally constructed. It is understood that the projections heretofore specified are from what is known as the "neat" line of the masonry, and not from the rock face, making the actual projection less than that specified by the amount of said rock face.

This permit is given subject to the further consideration that said Railroad company shall remove the bent now standing in Hudson street, from the roadway, and replace the same by iron posts at the curb lines. All columns and bents shall be removed from Mill street, also from Ford street. The head room of the present bridges shall not be made less in the new construction.

The Railroad company shall also construct sidewalks, under the direction of the Commissioner of Public Works and the City Engineer, under all of said overhead bridges, said walks to extend from the face of the abutment to the curb lines. The iron work of said bridges shall also be painted a light color. Said walks, and all work connected with said overhead bridges, shall be maintained in proper condition, under the direction of the Commissioner of Public Works at all times.

All of said work to be done subject to all laws of the State of New York, ordinances and regulations of the Common Council of the City of Rochester, and of the Department of Public Works.

This consent shall not be construed to interfere with the duties or privileges of the Commissioner of Public Works in any manner relating to the care of the streets of said city. Said streets and alleys are hereby altered so as to exclude therefrom the land so to be occupied by said retaining walls and abutments, as extended.

By Ald. Calihan—Resolved, That the proposed ordinance introduced at this meeting, relating to the work being done by the New York Central and Hudson River Railroad company on its elevated tracks in this city be amended by adding thereto the following clause:

This permit is given subject to the further consideration that said railroad company release and quitclaim to the City of Rochester by good and sufficient written instruments to that effect, all its right, title, and interest in Central avenue from Mill street to State street between the south line of said Central avenue and the south face of the present retaining wall from State street to Mill street.

On motion of Ald. Baker the ordinance presented by Ald. Cook and the amendment presented by Ald. Calihan were referred to the Law and Railroad committees.

By Ald. Baker— ASSESSMENT COMMITTEE REPORT.

To the Hon. the Common Council of the City of Rochester:

Gentlemen—Your Assessment committee begs leave to submit the following report:

In the matter of the petitions of Mary A. Poppino, Martin Magin, George Faust, Henry Hastings, Pamela B. Jagger, Rosa Pestke and Catharine Clary, we recommend that the same be denied.

In the matter of the petitions of University of Rochester and S. D. Bentley, we recommend that the same be granted, as per following ordinance.

WM. J. BAKER,
W. H. MARSON,
WILLIAM T. PLUMB,
W. ERNST.

Assessment committee.

Received, filed, and published.

By Ald. Baker—Resolved, That the petitions of Mary A. Poppino, Martin Magin, George Faust, Harry Hastings, Pamela B. Jagger, Rosa Pestke and Catharine Clary be, and the same hereby are, denied.

Adopted.

By Ald. Baker—Be it ordained by the Common Council of the City of Rochester as follows:

Sec. 1. That the University of Rochester be allowed to pay the city taxes for the years 1892, 1894, 1895, 1896 and 1898, assessed to Sarah Kennedy, on part of lot 114 and 115, Sibley and Field tract, Bronson avenue (which taxes were sold to the City of Rochester) with interest at the rate of six per cent. per annum from the date of their respective sales, within thirty days from the passage of this ordinance; and upon such payment the City Treasurer is hereby authorized and directed to cancel said taxes.

Sec. 2. That S. D. Bentley be allowed to pay unpaid city taxes upon lots 20, 17 and north 16, Martin & Janes tract, Janes street to Bronson place, 15th ward, formerly assessed to Henry Janes, James H. Curran and now to S. D. Bentley (providing said general city taxes were sold to the City of Rochester) with interest at the rate of six per cent. per annum from the date of their respective sales, within thirty days from the passage of this ordinance; and upon such payment the City Treasurer is

hereby authorized and directed to cancel the same.

Adopted by the following vote:
Ayes—Aldermen Calihan, Marson, C. S. Cook, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Ernst, Mead, Tanner, May—14.

By Aid. Tanner—

BUILDING COMMITTEE REPORT.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—In the matter of the petition of Ernst Walther, 101 Kelly street; E. A. Petri, 35 Ambrose street; Martin Stunz, 297 Bay street; W. P. Webber, 430 West avenue; Jos. Eckl and wife, 635 Campbell street; Frederick J. Maas and wife, 98 Hague street; Steve J. Corey, corner Columbia avenue and Kenwood street; D. W. Powers estate, Central avenue and Mill street; Emily Weed Hollister, Brunswick street; Rochester Gas and Electric company, Dryer alley; Mary A. McCarthy, 122 Orchard street; Henry Saucke, 358 Clifford street; W. L. Mathews, agent, Lisbon street; Walter V. Whitmore, Bowen street; William Wenfield, Wilkin street; Diocese of Rochester, Chili avenue and Lozier park; Eugene Schmidt, 396 Hudson avenue; Mrs. E. C. Boughton, 9 Menlo park; Emily Weed Hollister, Field street; A. Reske, Wilkin street; Monroe County Savings bank, 35 State street; Willard D. Becker, 8 Franklin square; Mary A. Poppino, Hudson avenue; Mary A. Poppino, Gardiner park; Frank Collins, 416 Monroe avenue; Carl Dehu, 90 Maria street; C. P. Boswell, 389 East avenue; Jay O. Karker, 117 Columbia avenue; Mrs. F. Weilert, corner Child and Lime street; Mary M. Roda, Wellington avenue; Elizabeth Young, 16 Ontario street; Chas. F. Rauzenbach, 123 Conkey avenue; Jos. Voelkl, 31 Centennial street; William Howe, Bethlehem park; Frank G. Wilkin, St. Joseph avenue; William Trott, 94 Hague street; George Guentner, Reis street; Mary A. Poppino, Parsells avenue; Frances Englert, 250 Portland avenue; Frank V. Mathews, Sawyer street; Albert Mutschler, Post street; Chester D. U. Hobbie, 1,652 Main street east; John Holzeland, 82 Avenue "A"; Henry Retzinger, 19 Mead street; P. L. Wolf, 47 Olean street; Harriet A. Barnum, 9 Gardiner park; John G. Fling, 74 Scramont street; Mechanics Institute, Plymouth avenue and Spring street; F. J. and G. Schaefer, corner Clinton avenue north and Albow street; Mrs. E. Kern, 363 Joseph avenue; A. E. White, 57 Dewey avenue; Church of the Ascension, Augustine street, we recommend that the prayer of said petitioners be granted.

JAMES J. TANNER,
W. H. MARSON,
MATHIAS J. CALIHAN,
CHAS. S. COOK,
CHRIS. W. YOUNG.

Committee on Buildings.

Received, filed and published.

By Aid. Tanner—Be it ordained by the Common Council of the City of Rochester as follows:

Sec. 1. That permission be and hereby is granted to the petitioners named in the foregoing report of the Building committee to erect buildings in accordance with their several petitions, providing that all work done pursuant to this authorization, shall conform in all respects to the facts set forth in the petitions of the applicants and to the plans and specifications submitted to the Fire Marshal and to the penal ordinances of the City of Rochester, entitled "An ordinance relating to buildings," and

the Fire Marshal is hereby authorized to issue such permits.

Adopted by the following vote:
Ayes—Aldermen Calihan, Marson, C. S. Cook, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Ernst, Mead, Tanner, May—14.

ACTION UPON ORDINANCES FOR STREET IMPROVEMENTS.

On motion of Ald. Beard action on all final ordinances for street improvements was postponed until the next regular meeting.

MISCELLANEOUS BUSINESS.

By Aid. Baker—

ASSESSMENT ORDINANCE.

Whereas, The entire and aggregate expense of and connected with the improvements named in the following ordinances has been ascertained and reported to this Council as provided by the City Charter, therefore,

Be it ordained by the Common Council of the City of Rochester as follows:

Section 1. The cost of said improvements hereinafter named is hereby adjusted as thus reported, and the City Assessors are hereby directed to make an assessment upon the territory directed to be assessed in the final ordinances for said improvements for the amounts respectively set forth, as follows:

Ord. Three Payments.

No. 7341—Brooks avenue cement walk... \$1,550.44

Said assessments to be paid as follows: One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-third within one year from the confirmation of the assessment roll, and the remaining one-third within two years from the confirmation of the assessment roll.

Sec. 2. All ordinances and parts of ordinances inconsistent with the terms of this ordinance are hereby repealed.

Adopted by the following vote:
Ayes—Aldermen Calihan, Marson, C. S. Cook, Young, Beard, Casey, Baker, Reddington, Plumb, Parsons, Ernst, Tanner, May—14.

By Aid. Plumb—Be it ordained by the Common Council of the City of Rochester as follows:

That the places in the several election districts of the City of Rochester at which meetings for the registry of voters and elections shall be held during the year ending September 1, 1901, be and the same hereby are designated as follows:

FIRST WARD.

First district—City booth, South Fitzhugh street, near Court House.

Second district—Rowerdink's store, 109 West Main street.

SECOND WARD.

First district—Malaney's livery stable, 71 Commercial street.

Second district—City booth on the south side of Commercial street, opposite Otsego street.

THIRD WARD.

First district—Oakley & Lutz's store, 24 Spring street.

Second district—City booth, 41 Atkinson street.

Third district—James Driscoll's store, 136 Plymouth avenue.

FOURTH WARD.

First district—No. 1 engine house, Stone street.
 Second district—Hirshfield's barber shop, 90 Monroe avenue.
 Third district—William Young's harness store, 163 Monroe avenue.

FIFTH WARD.

First district—Henry Hiebs' barber shop, 150 St. Paul street.
 Second district—E. G. Werner's barber shop, 471 Clinton avenue north.
 Third district—W. J. Roth's store, corner Oakman street and Clinton avenue north.

SIXTH WARD.

First district—Vicinus' store, 485 Main street east.
 Second district—Levy's store, 513 Main street east.
 Third district—Culver block, University avenue, former 13 Culver park.

SEVENTH WARD.

First district—B. Schweid's store, No. 146 Clinton avenue north.
 Second district—Republican wigwam, corner Central avenue and Chatham street.
 Third district—John Vanzandt's store, 102 Hudson avenue.

EIGHTH WARD.

Respectfully submitted,
JAMES JOHNSTON,
Comptroller.

Received, filed and published.

By the Clerk—

Department of Public Works.
Rochester, N. Y., Sept. 25, 1900.

To the Hon. the Common Council of the City of Rochester:

Gentlemen—Arrangements have been made to put an electric cable in the Water Works tunnel from Hemlock lake to the overflow at the northerly end thereof, and also to make certain changes in the telephone line between said latter point and Honeye Falls.

This work cannot be done by contract as it must be done in such a manner as not to interfere with the city water supply, and must be under the immediate control of the Department of Public Works. I therefore recommend the adoption of the accompanying resolution permitting said work to be

done otherwise than by contract, as provided by Section 120 of the City Charter.

Very truly yours,

J. HERBERT GRANT,
Commissioner of Public Works.

Received, filed and published.

By Ald. Race—Be it ordained by the Common Council of the city of Rochester:

That it is impracticable to procure the construction of an electric cable in the water works tunnel from Hemlock lake to the overflow at the northerly end thereof, and alterations in the telephone line from the latter point to Honeye Falls by contract and that the Commissioner of Public Works be and hereby is authorized and empowered, if the Board of Estimate and Apportionment unanimously concur, to procure said work to be done as he may deem for the best interests of the city and otherwise by contract.

Adopted by the following vote:
Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Ernst, Mead, Judson, Tanner, May—19.

By the Clerk—
 To the Hon. the Common Council of the City of Rochester:

Gentlemen—In the month of September, 1899, Edward C. Meyer commenced an action against the city of Rochester to recover \$8,000 damages alleged to have been caused by the city permitting and causing certain street sewers to enter into a stream running through his premises near the widewaters in the eastern part of the city. An answer was served, and the case has been upon the calendar of the trial term of the Supreme court for several terms.

After considerable negotiation and on the 9th day of August, 1900, I entered into an agreement with Mr. John R. Fanning, attorney for said Edward C. Meyer, for the settlement of said action, of which agreement the following is a copy:
Supreme Court—Monroe County—Edward C. Meyer, Plaintiff, against the city of Rochester, Defendant.

Pursuant to section 420 of chapter 182 of the laws of 1898, the subject-matter of the above entitled action is hereby compromised and settled upon the following terms:

First—The defendant agrees to pay to the plaintiff, or to John R. Fanning, his attorney, for damages on account of the cause of action set forth in the complaint herein and for all claims and causes of action which said plaintiff has or claims to have against said defendant up to this date, the sum of two thousand dollars (\$2,000).

Second—The plaintiff agrees to accept said sum of two thousand dollars (\$2,000) in full settlement of the subject-matter of this action, and also of all claims and demands of every name and nature which he has or claims to have against the city of Rochester up to this date.

Third—The above entitled action is discontinued without costs for or against either party.

Fourth—This stipulation and agreement is made on the part of the Corporation Counsel of the defendant, subject to the written approval of the Board of Estimate and Apportionment of said defendant.

Dated August 9, 1900.

JOHN R. FANNING,
 Plaintiff's Attorney.
P. M. FRENCH,

Corporation Counsel, Attorney for Deft.
 I consider the foregoing agreement to be for the best interests of the city of Rochester.

Dated August 9, 1900.

P. M. FRENCH,
 Corporation Counsel.

Received, filed and published.

By Ald. Parsons—

Fire Marshal's Office.
 Rochester, N. Y., Sept. 25, 1900.

To the Honorable, the Common Council:

Gentlemen—This office has had a number of requests for the placing of ballot machines at convenient locations for the instruction of voters in the coming election. The same is also desired by the county committees that have opened headquarters. I think it would be wise to comply with their request. Should such a course meet the approval of your honorable body, I would recommend that you pass a resolution at to-night's meeting authorizing this office to place, not to exceed six (6) ballot

machines at such places as may be deemed suitable (on or before the 20th day of October, for the purpose aforesaid), and to provide for any necessary attendance and care of the same.

Very respectfully yours,

JOHN A. P. WALTER,
 Fire Marshal.

Received, filed and published.

By Ald. Parsons—Be it ordained by the Common Council of the city of Rochester as follows:

That the Custodian of City Election property be, and hereby is, authorized and directed to place not to exceed six of the city's voting machines in polling booths or other suitable places to be designated by him not more than fifteen days before the general election of November 6th, and to employ the necessary number of competent men to care for said machines so placed and to instruct voters in the manner of voting upon said machines, at a total expense not to exceed one hundred fifty dollars.

Adopted by the following vote:
Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Baker—
 City Clerk's Office,
 Rochester, N. Y., Sept. 25, 1900.

To the Common Council:
 Gentlemen—I hereby certify that the City Assessors have delivered to me the following assessment rolls, certified and verified as required by law:

- Ord. No. Improvement.
 7816—Emerson street Medina block stone.
 7741—University ave. Medina block stone.
 7664—Caledonia avenue asphalt.
 7839—Olean street asphalt.
 7779—Highland avenue sewer.
 7313—Bacon street pipe sewer.
 7732—Barton-street sewer.
 7297—Lexington avenue cement walk.
 6366—Champlain street walk (re-assessment).

6258—Frederick park extension.
 Respectfully submitted,
T. S. PULVER,
 City Clerk.

Received, filed and published.

By Ald. Baker—Resolved, That the next regular meeting of this Council, appointed to be held October 9, 1900, be, and hereby is, assigned as the time when allegations will be heard on the confirmation of the assessment roll for Frederick park extension under final ordinance No. 6258.

Adopted.

By Ald. Beard—

PUBLIC IMPROVEMENT COMMITTEE

To the Common Council:
 Gentlemen—Your Public Improvement committee, to which was referred the matter of the proposed location of the Spanish trophy cannon, presented to the city by Hon. Oscar F. Williams, ex-consul to Manila, would respectfully report:

At the first meeting of the committee several sites were proposed and the selection of a location for the trophy was referred to a committee composed of Alderman William H. Marson, Park Commissioner A. G. Wright, Mr. C. C. Laney, Superintendent of the Park system, City Engineer Fisher and Lieutenant James L. Whitley of Otis command, S. W. V. This committee has submitted the following report:

To the Honorable the Public Improvement Committee of the Common Council of the City of Rochester:

Gentlemen—The committee to whom you referred the matter of examining proposed locations for the Spanish cannon presented to the city of Rochester by Hon. O. F. Williams, ex-consul to Manila, beg to report as follows:

The members of the committee, Alderman William H. Marson, A. G. Wright, Park Commissioner C. C. Laney, Superintendent of Parks; James L. Whitley of the Corporation Counsel's office, and the City Engineer, together with Mr. Williams, visited the following suggested locations: Seneca Park West, Jones square, Brown's square, Plymouth park, Wadsworth park, Wadsworth square, Highland park and Genesee Valley park.

After carefully considering the aforesaid proposed locations your committee is of the opinion that the most desirable location, all things considered, is in Genesee Valley park, at a point about 700 feet from the entrance, between the upper and lower roadways.

The cannon is 17 10-100 feet in length and two feet in diameter at the largest end; and will occupy, together with its support, a considerable spot of ground. The spot recommended is a natural elevation, and the foundation composed of rock faced stone would be suitable.

The Superintendent of Parks and City Engineer have examined the several proposed methods of mounting the gun and estimate the cost at \$600, which amount will include the freight charges which have been advanced by Mr. Williams. The style of the foundation should be determined by the Park Commissioners, and we therefore do not recommend any special design.

We recommend the acceptance of the report of the sub-committee and, believing that the estimate of \$600 is very liberal, we further recommend that the cost of the work be reduced to the lowest possible amount.

Respectfully submitted,
WILLIAM S. BEARD,
HENRY G. COOK,
W. H. MARSON,
J. M. REDDINGTON,

Public Improvement Committee.
Received, filed and published.

By Ald. Marson—

REPORT OF LAMP COMMITTEE.

Rochester, N. Y., Sept. 25, 1900.

To the Hon. the Common Council:

Gentlemen—Your committee on Lamps and Electricity would respectfully recommend that arc electric lights be placed as follows: One arc light on Melrose street at west end.

One arc light on Laburnam street, south of Monroe avenue and half-way from Monroe avenue to the angle.

One arc light on Bay street, corner of Clinton avenue south.

One arc light on Caroline street, east of Clinton avenue south.

One arc light on Fairmont street, about half-way between Caledonia avenue and railroad bridge.

One gas light on Mathews street, near East avenue.

Respectfully submitted,
W. H. MARSON,
CHAS. H. JUDSON,
MILTON RACE,
FRANK A. WARD,
Lamp Committee.

Received, filed and published.

By Ald. Marson—Be it ordained by the Common Council of the city of Rochester as follows:

That the Commissioner of Public Works be and hereby is authorized to have placed the lights recommended in the foregoing report of the Lamp and Electricity committee.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Marson—

CITY PROPERTY COMMITTEE REPORT

To the Honorable Common Council:

Gentlemen—Your Committee on City Property, to which was referred the petition of the Labor Lyceum, requesting the use of the Common Council chamber on Sunday afternoons, would report thereon as follows:

We find that the Labor Lyceum is an association of citizens for the discussion of economic, social and religious questions. As such it is undoubtedly a valuable factor in the education of the public. The class of people who are attracted to the meetings of the Lyceum are, without exception, representative of the best citizenship of the city.

Your committee would therefore recommend that the request be granted.

Respectfully submitted,
CHAS. H. JUDSON,
W. H. MARSON,
JAS. J. TANNER,
AUGUST J. MAY,
W. ERNST,
City Property Committee.

Received, filed and published.

By Ald. Marson—Resolved, That the City Engineer, as Superintendent of Public Buildings, be and hereby is requested to grant to the Rochester Labor Lyceum permission to hold meetings in the Common Council chamber on Sunday afternoons from September 1st to May 1st, except as the chamber may be otherwise in use.

Adopted.

By Ald. Baker—

ASSESSMENT COMMITTEE REPORT.

Rochester, N. Y., Sept. 25, 1900.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—Your Assessment committee begs leave to submit the following report:

In the matter of the petitions of Mathias L. Lord, Erwin Adams and M. M. Marcellus, we recommend that the same be denied.

In the matter of the petitions of John Wesp, Lorenzo S. Graves and Ernest C. Whitbeck, we recommend that the same be granted as per following ordinance.

Your Assessment committee begs leave to further report that they have considered the assessment of Lake View park boulevard improvement under ordinance No. 4,362, referred to this committee by your honorable body; and your committee would respectfully recommend that said assessment be levied for the said improvement at \$15,785.57, the amount reported to this council by the City Treasurer August 29, 1900; the same being that portion of the amount, including interest, which is to be assessed upon the property owners abutting under aforesaid ordinance.

We also recommend that the City Treasurer report to this council the expense for the construction of sidewalks on aforesaid boulevard at his earliest convenience, so

that there may be no delay in levying the assessment for the construction of the same.

Your Assessment committee begs leave to further report that they have considered the assessment for the construction of the Bronson avenue railroad bridge under ordinance No. 4,903 and reported to this council by the City Treasurer August 29, 1900, and recommend that the same be assessed upon territory to be hereafter designated.

WM. J. BAKER, Chm.,
WILLIAM T. PLUMB,
W. H. MARSON,
HENRY G. COOK,
W. ERNST,

Assessment Committee.

Received, filed and published.

By Ald. Baker—Resolved, That the petitions of Mathias L. Lord, Erwin Adams and M. M. Marcellus be and the same are hereby denied.

Adopted.

By Ald. Baker—Be it ordained by the Common Council of the City of Rochester as follows:

Section 1. That the city treasurer is hereby authorized and directed to cancel a personal tax of \$19.83, assessed against John Wesp and wife for the year 1900, and to charge said amount to the erroneous assessment fund.

Sec. 2. That Lorenzo S. Graves be allowed to pay the personal tax assessed against him for the year 1900—which tax amounts to \$1,487.57—by paying to the treasurer of the city of Rochester the sum of \$1,081.37, with such interest as may have accrued thereon; and upon such payment the City Treasurer is hereby authorized and directed to cancel said tax and charge the difference, \$456.20, to the Erroneous Assessment fund.

Sec. 3. That Ernest C. Whitbeck, attorney for the owner, be allowed to pay general city taxes for the year 1896, assessed against John F. Dorthy, on lots 49, 50, 53, 54 and 55, Triangular tract, Hempstead alley (which tax was sold to the city of Rochester March 25, 1897) with interest at the rate of six per cent. per annum from the date of said sale, within thirty days from the passage of this ordinance; and upon such payment the City Treasurer is hereby authorized and directed to cancel said tax.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Baker—

ASSESSMENT ORDINANCE.

Whereas, The entire and aggregate expense of and connected with the improvements named in the following ordinance has been ascertained and reported to this Council as provided by the city charter, therefore

Be it ordained by the Common Council of the City of Rochester as follows:

Sec. 1. The cost of said improvements hereinafter named is hereby adjusted as thus reported, and the City Assessors are hereby directed to make an assessment upon the territory directed to be assessed in the final ordinances for said improvements for the amounts respectively set forth, as follows:

Or. No.	Improvement.
4862	—Lake avenue park boulevard.. \$15,785 57

Said assessments to be paid as follows: One-third within 30 days from the first publication of the advertisement of the notice

of assessment roll by the City Treasurer; one-third within one year from the confirmation of the assessment roll, and the remaining one-third within two years from the confirmation of the assessment roll.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Judson—

FINANCE COMMITTEE REPORT.

To the Common Council:

Gentlemen: Your Finance committee has considered the requests of the Comptroller, submitted under date of September 11, 1900, for authority to issue the city's certificates of indebtedness for \$40,000.00 on account of Local Improvement fund obligations and for \$10,000.00 on account of Hemlock Lake Watershed fund and beg leave to recommend that the same be granted.

Respectfully submitted

CHAS. H. JUDSON,
W. H. MARSON,
JAMES J. TANNER,
FRANK A. WARD,
W. H. TRACY.

Finance Committee.

Received, filed and published.

By Ald. Judson—Be it ordained by the Common Council of the City of Rochester as follows:

Sec. 1. For the purpose of procuring money to meet Local Improvement fund orders and accumulated interest thereon, the city shall borrow, as may be necessary, the sum of forty thousand dollars (\$40,000.00) in anticipation of the receipt of assessments, levied or to be levied but not collected, and the city's notes or certificates of indebtedness, aggregating not more than that sum, signed by the mayor and treasurer and countersigned by the comptroller, are hereby authorized, which notes shall bear a rate of interest not greater than six per cent., shall run for a period not exceeding eight months, and shall be negotiated by the comptroller and the avails thereof immediately paid to the City Treasurer to be by him deposited in banks to the credit of the local improvement fund.

§ 2. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Judson—Be it ordained by the Common Council of the City of Rochester as follows:

Section 1. That the Comptroller be and he hereby is authorized and directed to issue the city's note for the sum of ten thousand dollars (\$10,000.00) under authority of chapter 1,018 of the laws of 1895 as amended by chapter 640 of the laws of 1899; said note to run for a period not exceeding eight months; to bear a rate of interest not greater than six per cent.; to be negotiated by the Comptroller and the avails thereof to be paid to the City Treasurer, to be by him deposited in banks to the credit of the Hemlock Lake Watershed fund; said note to be paid from the proceeds of Hemlock Lake Watershed bonds when sold, as provided by law.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard,

Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Erbst, Mead, Judson, Tanner, May—19.

By Ald. Judson—

FINANCE COMMITTEE REPORT.

Rochester, N. Y., Sept. 25, 1900.
To the Honorable, the Common Council:
Gentlemen—Your Finance committee respectfully report: That it is the opinion of your committee, that it is unnecessary for the Common Council to take any further action with respect to the salary of the deputy-comptroller, Henry H. Pryor. On the 3d day of July in the present year, the Law committee of your honorable body, after an investigation into the facts, in the course of which both the Comptroller and the Deputy-Comptroller were, as we are informed, examined under oath, reported to the Common Council that the Deputy-Comptroller "had given no bond for the faithful discharge of his duties," as is explicitly required by section 62 of the new charter; that he entered upon the duties of his office March 1, 1900, and that no bond was given until after the first hearing before the Law committee on the 28th day of May, 1900. Your Law committee at that time further reported that in its opinion, there was no liability on the part of the city for the payment of Mr. Pryor's salary from the date of his appointment to the date of the filing of his bond, which report was formally adopted by the Common Council July 3, 1900, by a vote of 19 to 1. On the 27th day of March, 1900, your Finance committee made a report to your honorable body wherein this committee recommended that the salary of the Deputy-Comptroller be at the rate of \$2,000 per year. At the same meeting of the Common Council at which this report was rendered, an ordinance was unanimously passed (C. C. P., p. 301) approving and confirming the report of the Finance committee, including the recommendations as to salary reductions.

Your honorable body has therefore already formally acted upon both of the questions referred to in the Treasurer's communication of August 29, 1900, and your committee has cognizance of no new facts which render advisable any modification or change in the action already taken.

Respectfully submitted,
CHAS. H. JUDSON,
W. H. MARSON,
JAMES J. TANNER,
FRANK A. WARD,
W. H. TRACY,
Finance Committee.

Received, filed and published.

On motion of Ald. Marson, the Clerk was directed to certify a copy of the above report to the City Treasurer.

By Ald. Plumb—

LAW COMMITTEE REPORT.

To the Honorable the Common Council:
Gentlemen—Your Law committee recommends the adoption of the annexed penal ordinance in relation to the keeping of bees in the city of Rochester.

Yours respectfully,
WILLIAM T. PLUMB,
CHAS. S. COOK,
WM. J. BAKER,
CHAS. H. JUDSON,
Law Committee.

Received, filed and published.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. No bees shall be kept or maintained within the limits of the city of Rochester by any person, firm or corporation, without the permission in writing of the lot owners owning lots within 100 feet of the hives within which any bees are desired to be kept or maintained. Such written permission of such consenting adjoining owners shall be filed in the office of the City Clerk.

Sec. 2. Any person, firm or corporation keeping or maintaining any bees in violation of the provisions of this ordinance, shall be liable to a fine not exceeding \$150 or to imprisonment not exceeding 150 days, or both such fine and imprisonment.

Sec. 3. This ordinance shall take effect January 1st, 1901.

Objection to action upon the ordinance at this meeting being made by Ald. Calihan, it was laid on the table until the next regular meeting.

By Ald. Plumb—

LAW COMMITTEE REPORT.

To the Honorable the Common Council:
Gentlemen—At the meeting of the Council held September 11th, there was referred to your Law committee a communication from the City Treasurer in relation to the ordinance directing the Treasurer to issue the bonds of the city to the amount of one hundred thousand dollars (\$100,000), the proceeds to be used for the benefit of the Hemlock Lake commission. Your committee respectfully reports that the matters contained in said communication are outside of the province of the Law committee and that the same should have been referred to the Finance committee. We therefore report the same back to the Council with a request that it be referred to the Finance committee.

Yours respectfully,
WILLIAM T. PLUMB,
CHARLES S. COOK,
WILLIAM J. BAKER,
CHARLES H. JUDSON,
Law Committee.

Rochester, N. Y., Sept. 25, 1900.
Received, filed and published and referred to committee on Finance.

By Ald. Plumb—

REPORT OF LAW AND RAILROAD COMMITTEES ON CENTRAL RAILROAD IMPROVEMENTS.

Rochester, N. Y., Sept. 25, 1900.
To the Honorable the Common Council:
Gentlemen—Your Law and Railroad committees, to which was referred the ordinance introduced at the last meeting by Alderman Charles S. Cook in regard to certain changes proposed to be made by the New York Central in its abutments, and the amendment thereto offered by Alderman Calihan, respectfully report, that they have duly considered said matters, having given a hearing to the representative of said railroad and to Alderman Calihan, and that your said committees unite in recommending the passage of the amended ordinance which is hereto annexed, as a substitute for said original ordinance and amendment.

Yours respectfully,
WILLIAM T. PLUMB,
CHAS. S. COOK,
WM. J. BAKER,
F. G. PARSONS,
J. J. TANNER,
CHAS. H. JUDSON,
MILTON RACE.

Received, filed and published.

By Ald. Plumb—

Whereas, The New York Central and Hudson River Railroad company is engaged in improving and strengthening its bridges, retaining walls and structures pertaining to its elevated tracks in the city of Rochester, and as a part of said work intends to replace said overhead bridges with new bridges having solid floors so constructed as to prevent leakage of water, oil, etc., onto the sidewalks and street beneath, and in connection with this work it is necessary to increase the strength and thickness of the existing retaining walls and bridge abutments; and,

Whereas, Said railroad company intends to remove the existing columns or bents from certain streets so as to afford an unobstructed roadway under its tracks, as will be hereafter specified, and has also proposed to construct sidewalks the entire width from the abutments to the curbs under said bridges, and to keep said bridges painted; also to remove all the existing braced structures supporting said bridges, and to replace, wherever columns are to remain in the street, said braced structures by single iron posts, and to make the entire floor structure water-tight;

Now, therefore, be it ordained by the city of Rochester as follows:

The New York Central and Hudson River Railroad company is hereby given the right to increase the thickness of the present abutments supporting its elevated track bridges in said city by addition to the street face thereof as originally constructed, so that the new face shall be nearer the center of the street, as follows:

Scio street, east abutment, 14 inches; west abutment, 14 inches.

Hudson street, east abutment, 12 inches; west abutment, 15 inches.

Chatham street, east abutment, 14 inches; west abutment, 15 inches.

Joseph avenue, east abutment, 15½ inches; west abutment, 15½ inches.

Mill street, east abutment, 17 inches; west abutment, 17 inches.

Sophia street, east abutment, 16 inches; west abutment, 15 inches.

Kent street, east abutment, 14 inches; west abutment, 14 inches.

Allen street, east abutment, 14 inches; west abutment, 14 inches.

Oak street (Ford street), east abutment, 14 inches; west abutment, 14 inches.

Hill street, east abutment, 12 inches; west abutment, 15 inches.

Canal street, east abutment, 9 inches; west abutment, 16 inches.

King street, east abutment, 14 inches; west abutment, 14 inches.

Said company is also given the right to extend the south face of its retaining wall on the north side of Central avenue from the east end of the bridge over the Genesee river to an angle about one hundred and fifty feet east, nine (9) inches; between Brown's race and Mill street, twenty-two (22) inches; between Mill street and State street, six (6) inches, and on the north side of Fargo street, or Fitzhugh alley, twenty-one (21) inches, south of the south face of its retaining wall as it now stands; and also to extend the north face of its retaining wall on the south side of Hunter alley, six (6) inches north of the north face, as originally constructed. It is understood that the projections heretofore specified are from what is known as the "neat" line of the masonry, and not from the rock face, making the actual projection less than that specified by the amount of said rock face.

This permit is given subject to the further consideration that said railroad company shall remove the bent now standing in Hudson street, from the roadway, and replace the same by iron posts at the curb lines. All columns and bents shall be removed from Mill street, also from Ford street. The head room of the present bridges shall not be made less in the new construction.

The railroad company shall also construct sidewalks, under the direction of the Commissioner of Public Works and the City Engineer, under all of said overhead bridges, said walks to extend from the face of the abutment to the curb lines. The iron work of said bridges and the face of the abutments thereunder, shall also be painted a light color. Said walks, and all work connected with said overhead bridges, shall be maintained in proper condition, under the direction of the Commissioner of Public Works at all times.

All of said work to be done subject to all laws of the state of New York, ordinances and regulations of the Common Council of the city of Rochester, and of the Department of Public Works.

As a further condition to this consent, the said New York Central and Hudson River Railroad company shall procure, to be dedicated to the city for the purposes of a public street, a strip of land on the south side of Central avenue between Brown's race and Front street, four (4) feet, eight (8) inches in width, shall dedicate it to for street purposes (retaining the fee) all its interest in Central avenue between State and Mill streets south of its retaining wall as refaced, and shall permit the Rochester Railway company and its successors to attach to its retaining wall between State street and St. Paul street (except bridge piers) the cross wires supporting the trolley wires of said Rochester railway or its successors. The places, method and manner of attachment to be agreed on by said companies, or in case of their disagreement, to be determined by the Superintendent of Public Works of said city.

This consent shall not be construed to interfere with the duties or privileges of the Commissioner of Public Works in any manner relating to the care of the streets of said city. Said streets and alleys are hereby altered so as to exclude therefrom the land so to be occupied by said retaining walls and abutments, as extended.

This consent is granted on the further condition that said company shall indemnify and save harmless said city from any legal liability which it may incur, or costs or charges recovered, by reason of the granting thereof.

Objection to action upon the ordinance at this meeting being made by Ald. Callahan, it was laid on the table until the next regular meeting.

ACTION ON ORDINANCES FOR STREET IMPROVEMENTS.

FIRST ORDINANCES.

AMES STREET SEWER.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the City Engineer ascertain and report to this Council the expense of constructing a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Ames street, from a point

about 220 feet north of Jay street, to the sewer in Masseth street.

Adopted.

The Engineer submitted as such estimate, \$1,400.

By Alderman Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the following improvement is necessary and should be made, viz:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Ames street, from a point about 220 feet north of Jay street, to the sewer in Masseth street.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$1,400, which, being deemed reasonable, is hereby approved.

Be it further ordained that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Ames street, from the south line of lot No. 3 of the Metzinger subdivision to Masseth street.

Adopted.

FINNEY STREET PLANK WALK.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the City Engineer ascertain and report to this Council the expense of constructing plank walks on Finney street.

Adopted.

The Engineer submitted as such estimate, \$100.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The construction of a pine plank walk 4 2-3 feet wide on the east side of Finney street, from Davis street to Hartford street, except where good plank, flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$100, which, being deemed reasonable, is hereby approved.

Ordained further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on east side of Finney street, from Davis street to Hartford street.

Adopted.

LENOX STREET CEMENT WALKS.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing Portland cement walks on Lenox street.

Adopted.

The Engineer submitted as such estimate \$500.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz:

The construction of a Portland cement walk 4 feet wide on each side of Lenox street from the west end thereof to Genesee street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$500, which, being deemed reasonable, is hereby approved.

Ordained further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Lenox street from the west end thereof to Genesee street.

Adopted.

BRADLEY STREET CEMENT WALK.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of construction of Portland cement walks and a sewer in Bradley street.

Adopted.

The Engineer submitted as such estimate, \$4,400.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz:

The construction of a Portland cement walk 4 feet wide on each side of Bradley street, from about 300 feet north of Jennings street to Clifford street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading; also the construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter, from a point about 300 feet north of Jennings street to the sewer in Clifford street.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and

at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$4,400, which being deemed reasonable, is hereby approved.

Ordained further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Bradley street, from a point 300 feet north of Jennings street to Clifford street.

Adopted.

WHITE STREET PLANK WALK.

By Ald. Beard—Be it ordained by the Common Council of the City of Rochester as follows: That the City Engineer ascertain and report to this Council the expense of constructing plank walks on White street.

Adopted.

The Engineer submitted as such estimate, \$125.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The construction of a plank walk 42-3 feet wide on south side of White street, from Lake avenue to Cliff street, except where good flag, plank or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$125, which being deemed reasonable, is hereby approved.

Ordained, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on south side of White street, from Lake avenue to Cliff street.

Adopted

FINAL ORDINANCES.

ANDREWS STREET MEDINA BLOCK STONE PAVEMENT.

By Ald. C. S. Cook—Resolved, That the final ordinance for Andrews street Medina block stone improvement be amended by inserting the words "the west line of North Water street," in place of the words "the

east end of the present Medina block stone pavement," in each place in said ordinance where the said words appear.

Adopted.

**FINAL ORDINANCE, NO. 440.
(Amended.)**

RUNDEL PARK CURBS.

On motion of Ald. Beard the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a 4-inch curb-stone in Rundel park from the south end thereof to University avenue, around the center grass plots.

And after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary, and should be made, to wit:

The construction of a 4-inch curb stone in Rundel park, from the south end thereof to University avenue, around the center grass plots. Also the necessary surface sewers. Also curbing in alley at south end of Rundel park, extending to Oxford street.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$1,200, which being deemed reasonable, is hereby approved.

And the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Rundel park, from the south end thereof to University avenue; also one tier of lots and parcels of land on each side of said alley from Oxford street westerly to point near west line of Rundel park.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Ernst, Mead, Judson, Tanner, May—19.

FINAL ORDINANCE NO. 473.

ANDREWS STREET BLOCK STONE PAVEMENT.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a Medina block stone pavement in Andrews street, from the west line of North Water street to St. Paul street.

And after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Andrews street, from the west line of North Water street to St. Paul street, by the construction of a Medina block stone pavement therein. Also the construction of a Medina stone curb six inches thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be 40 feet. The pavement shall extend to the street line at all intersecting streets and alleys except where permanent improvements now exist at proper lines and grades. Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a manhole

for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by Health Officer. All manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there is now no water services, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under Section 110 of the City Charter. Also crosswalks at all intersecting streets, and midway in all blocks exceeding 400 feet in length. Also the cleaning and repairing of so much of the main sewer as may be found necessary to restore it to its original condition. Also the repair and adjustment to grade of the present sidewalks. Also the construction of a Portland cement walk 6 feet in width on each side of the street except where cement or flagstone walks of the said width, or greater width, now exist, substantially as good as the new walk, which may be relaid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for 5 years.

The pavement and walks of intersecting streets shall be adjusted to the grade of the improvement.

The asphalt surface shall be composed of one of the standard mixtures laid in this city for the past five years, or any other asphalt mixture that has been laid in quantities of at least three thousand square yards, and has worn well for a period of not less than three years.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$7,500, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Andrews street, from the west line of North Water street to St. Paul street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Ernst, Mead, Judson, Tanner, May—19.

FINAL ORDINANCE NO. 474.

FREDERICK PARK SEWER.

On motion of Ald. Calihan, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a sewer in Frederick park from a point 65 feet east of Edwards street to the sewer in Thomas street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter, in Frederick Park, from a point 65 feet east of Edward street to the sewer in Thomas street; also the necessary grading.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$2,200, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Frederick park from a point 65 feet east of Edward street to Thomas street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Ernst, Mead, Judson, Tanner, May—19.

FINAL ORDINANCE NO. 475.

RAINES PARK IMPROVEMENT.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to improve Raines park, from Lake View park to Augustine street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Raines park, from Lake View park to Augustine street, by setting a line of 4 inch curb with brick gutter on each side of the street, grading the roadway and covering the same with cinders; with the necessary surface sewers and manholes.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$3,900, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and

will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Raines park, from Lake View park to Augustine street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Ernst, Mead, Judson, Tanner, May—19.

FINAL ORDINANCE NO. 476.

GLADSTONE STREET CEMENT WALK.

On motion of Ald. Beard the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a cement walk on Gladstone street, from Clifton street to Tremont street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a Portland cement walk 5 feet wide on each side of Gladstone street, from Clifton street to Tremont street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$600, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Gladstone street, from Clifton street to Tremont street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Ernst, Mead, Judson, Tanner, May—19.

FINAL ORDINANCE NO. 477.

ST. PAUL STREET BLOCK STONE PAVEMENT.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a Medina block stone pavement in St. Paul street, from Main street east to Central avenue; also the square between Central avenue and Franklin street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of St. Paul street, from Main street east to Central avenue, also the square between Franklin street and Central avenue, as follows: (1st). That part thereof included within the space between lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with a block stone pavement; also the construction of a concrete foundation under said pavement and tracks, together with the neces-

sary surface sewers in said tracks; (2d). That part thereof lying outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with a block stone pavement. Also the construction of a Medina stone curb six inches thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be generally the same as at present. The pavement shall extend to the street line at all intersecting streets and alleys, except where permanent improvements now exist at proper lines and grades. Also manholes as follows: At each end of the main sewers, at all intersecting sewers, and at such intermediate places as shall secure a manhole for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer connections, of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. All manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal, by the Commissioner of Public Safety, as provided by Section 225 of the City Charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there are now no water services, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under Section 110 of the City Charter. Also crosswalks at all intersecting streets, and midway in all blocks exceeding 400 feet in length. Also the cleaning and repairing of so much of the main sewer as may be found necessary to restore it to its original condition.

Also the construction of a Portland cement walk or flag stone walk, from curb to street line, on each side of the street, except where cement or flagstone walks of the said width now exist, substantially as good as the new walk, which may be relaid if not conforming to the proper grade or alignment, within the limits mentioned.

The pavement shall be guaranteed and kept in repair for five (5) years.

The pavements and walks of intersecting streets shall be adjusted to the grade of the improvement.

And the City Engineer, under the direction of this Council, having made estimates (1st), Of the expense of those portions of the improvement consisting of a block stone pavement between lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company; also the construction of a concrete foundation under said pavement and tracks, together with the necessary surface sewers in said tracks at \$18,000, and (2d), Also the paving of that part of said street lying outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with a block stone pavement; also the construction and repair of the necessary lot laterals, water services, curbing and sidewalks within the street lines, at \$41,000, and (3d), The aggregate estimated expense of all of said work at \$59,000, all of which being deemed reasonable, are hereby approved.

And whereas, The Rochester Railway company has been notified, pursuant to the

provisions of Section 98 of Chapter 676 of the Laws of 1892, to pave between its tracks the rails of its tracks, and for two feet outside of the outside rails of its tracks, and has refused to make such pavement.

It is further ordained, that the whole expense of the work, consisting of a block stone pavement between lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company, and the construction of a concrete foundation under said pavement and tracks, together with the necessary surface sewers in said tracks be charged to, and collected from, the Rochester Railway company; and the expense of the work on the remainder of the improvement, as above specified, is hereby directed to be assessed upon all of the following portion of the city, which this Council deems specially benefited by, and proper to be assessed for, such improvement, to wit:

One tier of lots and parcels of land on each side of St. Paul street, from Main street east to Central avenue; also one tier of lots and parcels of land on the east side of the square between Franklin street and Central avenue.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Ernst, Mead, Judson, Tanner, May—19.

The final ordinance for Ames street sewer was presented and on motion of Ald. May action thereon was postponed until the next regular meeting.

The final ordinance for Dudley street walks was presented and on motion of Ald. Beard action thereon was indefinitely postponed.

The final ordinance for Locust street sprinkling was presented and on motion of Alderman Baker action thereon was indefinitely postponed.

MISCELLANEOUS BUSINESS.

By Ald. Marson—Whereas, The Rochester Railway company has petitioned this council for permission to lay a temporary track from their present track in West avenue to a connection with their tracks in Caledonia avenue over a street known as Bridge square for the purpose of accommodating the street railway traffic in West avenue during the construction of the new bridge over the Erie canal; and

Whereas, Said track will accommodate a large number of people in the western part of the city and will be of no material detriment in any way; therefore

Be it ordained by the Common Council of the city of Rochester as follows:

Sec. 1. The consent of this Council is hereby given to the Rochester Railway company to construct, operate and maintain a temporary track to connect the street railway tracks in West avenue with the tracks in Caledonia avenue.

Sec. 2. The location of the proposed track shall be fixed by the Commissioner of Public Works and the City Engineer and the work done under their direction.

Sec. 3. Upon the completion of the new West avenue bridge said track shall be removed and the street restored to as good condition as it was before the track was laid, at the expense of the Rochester Railway company.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Baker—Whereas, Birr street from Pierpont avenue to the west city line is to be permanently improved by the construction of a trap rock macadam pavement and the water main in said street is laid only to the east line of Spaulding street, and should be extended in advance of said improvement, therefore,

Be it ordained by the Common Council of the city of Rochester that the Commissioner of Public Works be and he is hereby authorized and directed to extend the six-inch domestic water pipe in Birr street from its present end on the east line of Spaulding street to the west city line, the cost thereof to be paid out of the unappropriated balance to the credit of the Water Pipe Extension fund.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

The place for the registration of electors and elections during the year ending September 1, 1901, in the second election district of the Eighth ward is hereby designated as follows:

Julius Schultz's store, No. 257 Joseph avenue.

Sec. 2. All ordinances and parts of ordinances inconsistent with the terms of this ordinance are hereby repealed.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Beard—Resolved, That the Public Improvement committee be directed to confer with the Board of Park Commissioners regarding the erection of a pedestal for the Spanish trophy cannon.

Adopted.

On motion of Ald. Casey the Law committee was instructed to request the Corporation Counsel for an opinion as to the legality of the city paying Deputy Comptroller Pryor a salary from March 1, 1900, to the date of the filing of this bond.

By Ald. Baker—Whereas, The house numbers on the buildings in the following named streets are in need of re-adjustment; now, therefore,

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. The City Engineer is hereby authorized and directed to renumber: Glenwood avenue.

Section 2. The Commissioner of Public Works is hereby authorized and directed to notify all owners of buildings on the above named street to renumber the same in accordance with the numbers assigned by the City Engineer, within ten days after receiving notice from said Commissioner, and in case the owner omits to do so, then the said Commissioner of Public Works is hereby authorized and directed to renumber such building or buildings in accordance with section 21 of an ordinance relating to streets, passed May 11, 1897.

Section 3. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Plumb—Be it ordained by the Common Council of the city of Rochester:

That it is impracticable to procure the posting of the election district maps by contract and that the custodian of city election property is hereby authorized and empowered, if the Board of Estimate and Apportionment concur, to procure the posting of these maps in such manner as he may deem for the best interests of the city and otherwise than by contract.

Adopted by the following vote:
 Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Plumb—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. The Commissioner of Public Works is hereby authorized to expend from the moneys appropriated for the use of his department, such sum of money as may be necessary to run the department during the month of October, 1900.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:
 Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Plumb—Be it ordained by the Common Council of the City of Rochester:

Section 1. Section 1 of an ordinance relating to salary checks, passed July 17, 1900, appearing at page 515 of the current proceedings, and amended July 31, 1900, at page 525 of the current proceedings, is further amended to read as follows:

The Treasurer and Comptroller of the city of Rochester, are hereby directed, in drawing checks for the payment of salaries in compensation of all officers and employees of the city, except members of the Police, Fire and Health Departments, and teachers and all other persons in the employ of the Department of Public Instruction, to insert in each check a statement that it is in full payment for services rendered during the period in payment for which such check is issued; and the Treasurer and Comptroller are hereby forbidden to sign any such check, except as provided by this ordinance, which does not contain such provision.

Section 2. All ordinances and parts of ordinances inconsistent with the terms of this ordinance, are hereby repealed.

Section 3. This ordinance shall take effect immediately.

Adopted by the following vote:
 Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Parsons—Be it ordained by the Common Council of the city of Rochester: That the name of Klinck street, from Monroe avenue to Hinsdale street, be and hereby is changed to Belmont street.

Adopted by the following vote:
 Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Ernst, Mead, Judson, Tanner, May—19.

Adjourned.

THEODORE S. PULVER,
 City Clerk.

REGULAR MEETING.

Present—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Judson, Tanner—18.

Ald. Charles H. Judson, President pro tem, in the chair.

APPROVAL OF MINUTES.

On motion of Ald. Plumb the minutes of the meeting of September 25th, at page 608, first column, line 30, were changed by inserting the words "Common Council of the" and same page second column, line 50, by inserting the word "Commissioner" place of the word "Superintendent," and as thus changed the minutes were declared approved as printed in the sheets of official proceedings.

RESOLUTIONS.

By Ald. Marson—Resolved, That the Rochester Gas & Electric company be and hereby is directed to construct a subway in Brewer street, from St. Paul street to the bank of the Genesee river.

Adopted.

By Ald. Ward—Resolved, That the City Engineer be and hereby is directed to establish grade for cement walk in front of premises No. 8 on the east side of Delaware street.

Adopted.

By Ald. Parsons—Resolved, That the Commissioner of Public Works be and hereby is authorized to place an arc electric light on the west side of Culver street between Monroe avenue and the Erie canal; also, an arc light on Clinton avenue south, opposite Benton street.

Referred to Lamp and Electricity committee and City Engineer.

By Ald. Parsons—Resolved, That the Board of Contract and Supply be and hereby is requested to furnish the aldermen and the various city departments with the usual number of bound copies of the proceedings of the Common Council and Executive Board for the year 1899.

Adopted.

By Ald. Parsons—Resolved, That the taxpayers assessed for the Beaufort street sewer under final ordinance No. 7,885, have two years from the date of the confirmation of the assessment roll in which to pay their assessments.

Adopted.

PETITIONS AND REMONSTRANCES.

By the Clerk—Notice of claim of Thomas F. Lawson for damages for injuries alleged to have been sustained by a fall at Exchange street bridge. Referred to Law committee.

By Ald. Calihan—Petition of Charles Bridgeford for building permit. Referred to Building committee and Fire Marshal.

By Ald. Marson—Petition of Annis B. Fake for rebate of personal tax. Referred to Assessment committee.

By Ald. C. S. Cook—Petition of Standard Brewery company for building permit. Referred to Building committee and Fire Marshal.

Also—Petition of Andrew Woolenseck for building permit. Referred to Building committee and Fire Marshal.

Petitions of William C. Morey and Adelia C. Jennings for building permits. Referred to Building committee and Fire Marshal.

By Ald. Young—Petitions of Mrs. Fannie Berman and Charles Rosner for building permits. Referred to Building committee and Fire Marshal.

By Ald. Baker—Petition of John B. Y. Warner for release of certain parcels of land from taxes and assessments upon payment of a certain sum. Referred to Assessment committee.

By Ald. Reddington—Petitions of E. T. Damon and M. J. Almstead, agent, for building permits. Referred to Building committee and Fire Marshal.

By Ald. Plumb—Petition of F. A. Brockett, agent, for building permit. Referred to Building committee and Fire Marshal.

Also—Petition of William Fyles for cancellation of an assessment; also petition of Richard D. Richards for rebate of personal tax. Referred to Assessment committee.

By Ald. H. G. Cook—Petition of Alexander McWhorter for building permit. Referred to Building committee and Fire Marshal.

By Ald. Kelly—Petition of Fred G. Rockefeller for building permit. Referred to Building committee and Fire Marshal.

By Ald. Ernst—Petition of Grace T. Ewing for building permit. Referred to Building committee and Fire Marshal.

Also—Petition of George L. Cornwell for reduction of interest on unpaid taxes. Referred to Assessment committee.

Also—
To the Honorable, the Common Council of the City of Rochester:

We, the undersigned residents of the county of Monroe, in part free-holders, who are taxpayers and in whole citizens, would respectfully petition your honorable body to establish a public market over an area in the said city located upon the east side of North street at the commencement of Hartford street and running along both sides of Hartford street to its intersection with Scio street south of the tracks of the New York Central and Hudson River Railroad company.

The advantages of said site are evident at a glance:

First—Immediate proximity for shipping traffic with the principal railroad system of the continent.

Second—Close proximity to the general passenger depot of that great system.

Third—A frontage with ingress and egress respectively along Hartford street from North street, which is the sole business highway of every country town in the county west of the Genesee river and north of Main street.

Fourth—An approach from all the west and south along the extended artery formed by the confluence of East avenue with North street.

Fifth—An approach from every county highway north, south, east and west; from Lake Ontario with the Dominion of Canada abutting to the Pennsylvania line; and from the city of Albany to the city of Buffalo in a territorial circle whose center is the Liberty Pole located in the city of Rochester with its intersecting seven broad streets from all the compass points.

Sixth—Incomparable cheapness as against every other site ever broached.

Seventh—Incomparably greater area than any other site.

Eighth—Facility for looping with the greatest railroad system of America.

Ninth—Therefore a convenience for shipping purposes with the entire civilized world.

Tenth—The site is ideal.

Eleventh—It affords a complete solution of the problem involved in the establishment of a city market.

Twelfth—It is satisfactory to the produce trade.

Thirteenth—It is satisfactory to the farmers.

Fourteenth—It is convenient to the consumers.

Fifteenth—It may be reached by every kind of surface railway, along lines already established, for but five cents fare the passenger.

Sixteenth—A supplementary petition of farmers, producers and distributors is hereto annexed in favor of the site.

Seventeenth—Finally it is known upon good authority that the great artery of America already mentioned above, known as the Central railway, proposes to establish an east side freight depot of gigantic dimensions on its extensive property immediately along the site in the near future.

Wherefore, your petitioners pray favorable action in the foregoing behalf with suitable legislation or recommending such from the state under the city charter.

Dated September 15th, 1900.

(Signed) J. H. GLAVEY,
SAMUEL C. ROHR,
FREDERICK C. KUEFER,
H. J. HOLAHAN,
L. C. LANGIE,

and several hundred others.
Referred to committee on Public Market.

By Ald. Judson—Petitions of Charles Blaesi, Schaefer & Schoenberger, Harriet Craft, C. D. U. Hobbie, Bennet E. Hamer, Leonard Miller, A. Fendel and A. B. Headley for permits to build. Referred to Building committee and Fire Marshal.

By Ald. Tanner—Petition of Margaret B. Byers for building permit. Referred to Building committee and Fire Marshal.

COMMUNICATIONS FROM OFFICERS, BOARDS AND DEPARTMENTS.

By the Clerk—

Bgt. 19

BUDGET NO. 19.

CLAIMS OF 1900.

Comptroller's Office,
Rochester, N. Y., Sept. 29, 1900.

To the Honorable the Common Council:

Gentlemen—In accordance with the provisions of Section 65 of the City Charter, you are hereby notified that the claims presented to the Comptroller during the two weeks ending September 22, 1900, have been audited in the amounts hereinafter named:

By the Clerk—

City of Rochester,
Executive Division,
Department of Finance.
September 26, 1900.

To the Honorable, the Common Council:

Gentlemen: I have been notified by County Treasurer Hamilton that he has in his possession \$5,000 which has been collected by him under requirements of the railroad law, from certain towns through which the Rochester and State Line R. R. (now the B. R. & P. R. R.) has its tracks. This money can only be used for the purpose of retiring bonds issued by the city of Rochester for the benefit of this railroad. Mr. Hamilton can pay no premium to obtain the bond, and I do not know that any department made provision for such an expenditure in their estimate of expenses for present year. As a matter of business, the question should be adjusted in some manner promptly, for the retiring of one of the city's bonds, thus helping to reduce the city's bonded indebtedness, will be sanctioned by every taxpayer.

I would suggest that the amount of premium be taken from the general sinking fund, as this fund was created, and is maintained, for the purpose of reducing our bonded indebtedness. The original issue of bonds for this railroad was \$600,000, and of the reissue \$595,000, one bond for \$5,000 having been retired from moneys collected by former County Treasurer McVean, from same sources.

This issue of bonds are held by two banks, in New York city, the Dry Dock Savings Institution holding \$455,000, and the Emigrant Industrial Savings Bank \$140,000.

I have written both these banks, explaining the matter in detail, asking if they would accommodate the city of Rochester by selling one of the bonds above referred to, and at what premium, if any. The Dry Dock Savings Institution declined to part with the bonds at any price.

The Emigrant Industrial Savings Bank, through the action of their finance committee at meeting held 24th instant, subject to the approval of their board of trustees, which will meet October 11th, offer to sell one of the bonds at 101 with interest from August 1st (date interest was paid) to date of payment of purchase money.

This interest is at the rate of 3.1-2 per cent. per annum, and the premium will be \$50.

The bonds are in denomination of \$5,000, and will be due in 1913.

In my opinion, the premium asked is not excessive. I trust that prompt action will be taken by your honorable body authoriz-

ing the transaction to be made, I will submit the correspondence to the committee having this matter in charge.

Respectfully submitted,

S. B. WILLIAMS,
Treasurer.

Department of Finance.
Rochester, N. Y., Oct. 2, 1900.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—There has just been served from this office a redemption notice on Joseph Nunn for the general city tax of 1897 on lots 42 and 43, assessed to him and located on Qualtrough place. He informs me that the lots were made into street called Glenwood avenue in 1896, and refuses to pay the taxes on same. The 1900 tax roll still shows the lots as assessed to him, and I find, upon investigation, that the taxes on said lots have not been paid since 1895. If the taxes should be cancelled and charged to erroneous assessments, will you kindly give me the necessary authority?

Respectfully submitted,

Treasurer.

Received, filed and published and referred to Committee on Assessments.

By Ald. Plumb—

City of Rochester,
Department of Law,
October 3, 1900.

To the Law Committee of the Common Council:

Gentlemen—Answering your question whether Mr. Pryor is entitled to his salary as Deputy Comptroller during the entire period of his service, I understand he was appointed Deputy Comptroller on March 1, 1900, and that he did not file his bond as required by the statute, until some two or three months later, but that the bond when filed, and which was duly approved by the Mayor, was given to protect the city during the full and entire term of service.

Our new charter requires the Deputy Comptroller, before entering upon the duties of his office, to give a bond to the city in such penal sum as may be prescribed by the Council, conditioned for the faithful discharge of his duties.

The question which you ask is by no means free from doubt. Decisions can be found in this and other states reaching opposite conclusions, and I think the question cannot be definitely settled in the case of Mr. Pryor except by the decision of some court of competent jurisdiction.

It is my opinion, however, that the better reasoned authorities, both in this state and elsewhere, sustain his claim to salary during his entire period of service, and I think it is probable our courts will so decide if the question is presented to them.

Yours truly,

P. M. FRENCH,
Corporation Counsel.

Received, filed and published.

By the Clerk—

Law Department,
City of Rochester.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—On or about the 13th day of April, 1900, the Goodman Street Homestead Association of Rochester, N. Y., commenced an action against the city of Rochester to recover the sum of nine hundred dollars (\$900.00) with interest on \$150 from

the first day of June in each of the following years, viz.: 1894, 1895, 1896, 1897, 1898 and 1899, together with costs. It was alleged in the complaint that on the 9th day of December, 1896, one Hannah F. Brown, and the city of Rochester entered into a contract in writing, whereby, in consideration of a grant therein made by said Hannah F. Brown to the city of Rochester of an easement and right of way over certain lands of said Hannah F. Brown during the period of ten years from the first day of June, 1887, for the purpose of maintaining upon said lands an open sewer for the discharge flow and outlet of sewage, storm, surface and drainage waters, the city of Rochester covenanted and agreed that it would pay to said Hannah F. Brown, or her assigns, the sum of \$150 on the first day of June in each and every year for ten years after the first day of June, 1887, and that it was further covenanted and agreed that aforesaid easement should continue for two years after the expiration of the ten years unless said Hannah F. Brown should give written notice to the defendant of her intention to terminate said easement, and that unless so terminated the defendant should pay to said Hannah F. Brown, or to her assigns, the sum of \$150 annually on the first day of June in each year for two years after the expiration of the aforesaid ten years.

It was further alleged in the complaint that said Hannah F. Brown duly assigned to Henry C. Brewster all her right, title and interest in and to said contract, and to all the moneys due and to grow due thereon, and that the said Henry C. Brewster duly assigned to the plaintiff the said contract, and all his right, title and interest in and to the same, and to all sums of money due or to grow due thereon. An answer was served and the case is now upon the calendar of the Trial Term of the Supreme Court.

After considerable negotiation and on the 3d day of October, 1900, I entered into an agreement with Smith, Remington, Benedict & Castleman, attorneys for said plaintiff, for the settlement of said action; of which the following is a copy:

Supreme Court—Monroe County—The Goodman Street Homestead Association of Rochester, N. Y., Plaintiff, against The City of Rochester, Defendant.

Pursuant to Section 420, of Chapter 182 of the Laws of 1898, the subject-matter of the above entitled action is hereby compromised and settled upon the following terms:

First—The defendant agrees to pay to the plaintiff, or to its attorneys, in full settlement of all amounts due or to become due under the contract entered into between Hannah F. Brown and the city of Rochester, dated December 9, 1886, and referred to in the complaint herein—the sum of one hundred and seventy-five dollars (\$175.00) with interest thereon from the first day of June, 1894, and for costs and disbursements in this action the sum of forty-one dollars and fifty cents (\$41.50).

Second—The plaintiff agrees to execute and deliver to the defendant a general release, including therein a specific release of all damages, claims and demands arising under the contract entered into on or about the 9th day of December, 1886, between one Hannah F. Brown and the city of Rochester.

Third—The above entitled action is discontinued without further costs for or against either party.

Fourth—This stipulation and agreement is made on the part of the Corporation Counsel of the defendant, subject to the

written approval of the Board of Estimate and Apportionment of said defendant.

Dated October 3, 1900.
SMITH, REMINGTON, BENEDICT & CASTLEMAN, Plaintiff's Attorneys.
P. M. FRENCH, Corporation Counsel,
Attorney for Defendant.

I consider the foregoing agreement to be for the best interests of the city of Rochester.

Dated October 4, 1900.
P. M. FRENCH,
Corporation Counsel.

I hereby certify that the foregoing agreement was this day approved in writing by the Board of Estimate and Apportionment.

T. S. PULVER,
Secretary.

Dated Rochester N. Y., October 4, 1900.
Received, filed and published.

By the Clerk—
Law Department,
City of Rochester.

To the Hon. the Common Council of the City of Rochester:

Gentlemen—In the month of August, 1899, Julia A. Diver commenced an action against the city of Rochester to recover \$250.00 damages, alleged to have been caused by the removal of the creek or stream of water on the premises of said plaintiff to its present channel, and for damages caused by such removal and the washing away of the banks of said creek. An answer was served and the case has been upon the calendar of the trial term of the Supreme court for several terms. After considerable negotiation and on the 13th day of June, 1900, I entered into an agreement with Robson & Smith, attorneys for said plaintiff, for the settlement of said action, of which the following is a copy:

Supreme Court, Livingston County—Julia A. Diver, plaintiff, against the city of Rochester, defendant. Action No. 1.

Pursuant to section four hundred and twenty of chapter one hundred and eighty-two of the laws of 1898, the subject matter of the above entitled action is hereby compromised and settled upon the following terms:

First—The defendant agrees to pay to the plaintiff, or to her attorneys, for damages and for the easement hereinafter referred to, the sum of fifty dollars (\$50.00), and for costs and disbursements of this action, the sum of sixty-one dollars (\$61.00), making in all the sum of one hundred and eleven dollars (\$111.00.)

Second—The plaintiff agrees to execute and deliver to the defendant an easement granting unto the defendant a perpetual right to carry and maintain the creek or stream of water situate on the premises of said plaintiff next south of the Plimpton road, any place within the limits of the easement and right of way heretofore granted and conveyed to said defendant by said plaintiff by an instrument in writing dated the 22d day of May, 1893, and recorded in the office of the clerk of the county of Livingston on the 7th day of June, 1893, in liber 134 of deeds, at page 31. And said defendant shall not be liable for any damages heretofore caused by the washing away of the banks of said creek or stream. Said plaintiff also agrees to release said defendant from all actions and causes of action which she has ever had or now has by reason of any matter, cause or thing, by reason of the change, or any change made in said creek, and particularly for all claims for damages and causes of action arising from the removal of said creek to its present channel, from any damages

caused by such removal or the washing away of the banks of said creek in said channel or in any channel, within said right of way in which said creek may hereafter be maintained.

Third—The above entitled action is discontinued without further costs for or against either party.

Fourth—This stipulation and agreement is made on the part of the Corporation Counsel of the defendant, subject to the written approval of the Board of Estimate and Apportionment of said defendant.

ROBSON & SMITH,
Plaintiff's Attorneys.

P. M. FRENCH,
Corporation Counsel,
Attorney for Defendant.

I consider the foregoing agreement to be for the best interest of the city of Rochester.

Dated October 3, 1900.
P. M. FRENCH,
Corporation Counsel.

Received, filed and published.
I hereby certify that the foregoing agreement was this day approved in writing by the Board of Estimate and Apportionment.

T. S. PULVER,
Secretary.

Dated Rochester, N. Y., Oct. 4, 1900.
Received, filed and published.

By the Clerk—
Law Department,
City of Rochester.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—Pursuant to section 422 of chapter 182 of the laws of 1898, I beg leave to report that on the 2d day of October, 1899, in an action in the Supreme court in which Fannie Sprague was plaintiff and the city of Rochester was defendant, said plaintiff, represented by John Van Voorhis & Sons, her attorneys, recovered a judgment for the sum of \$5,542.46, which was subsequently reduced upon a re-taxation of the costs included therein, to the sum of \$5,512.46; that on June 11, 1900, said Fannie Sprague also recovered a judgment against the city of Rochester on affirmation of the aforesaid judgment, for costs and disbursements amounting to \$91.62, and that on the 18th day of September, 1900, said plaintiff was awarded \$10.00 motion costs upon the denial of the motion made by the defendant for leave to appeal to the Court of Appeals.

Each of said judgments bear interest at the rate of six per cent. from the date of their respective entries, and they have become payable, and it is my opinion that the amounts of said judgments should be raised in the next levy of taxes.

Dated October 9, 1900.

Yours truly,

P. M. FRENCH,
Corporation Counsel.
Received, filed and published.

Rochester, N. Y., October 9, 1900.

Law Department,
To the Hon. The Common Council:

Gentlemen: Some months ago the commissioners in the Neal condemnation proceedings made their report, wherein they awarded to the defendant Anna B. Neal, as and for the compensation to be paid by the city for the taking of the riparian rights of said Anna B. Neal in the waters of Honeoye creek, the sum of \$19,340. Subsequent to the filing of the commissioners' report and award, a motion was made by Mrs. Neal's attorney, at a Special term of the Supreme court, for an order of confirmation of the report. This motion was

contested on behalf of the city, on the grounds that the award was palpably excessive, and that serious errors had been committed by the commissioners in arriving at the award, and in the conduct of the hearing before them. Subsequently a motion was made on behalf of the city, to vacate the award on the grounds above stated, as well as on other grounds; and Mr. Justice Nash, before whom both motions were argued, has recently handed down a decision granting the motion to confirm the award and denying the motion to vacate the award.

In my opinion, it is advisable to appeal to the Appellate division of the Supreme court from the order entered on Mr. Justice Nash's decision. If an appeal is to be taken, it must be taken within thirty days from the entry of the order; and I therefore request express authority to immediately take and prosecute the appeal.

Respectfully submitted,

P. M. FRENCH,
Corporation Counsel.

Received, filed and published.

By Ald. Plumb—Resolved, That the Corporation Counsel be and hereby is authorized to appeal from the order of confirmation of the commissioners' award in the Anna B. Neal condemnation proceeding, and to take such further steps in the conduct of the said proceeding as in his judgment the interests of the city require.

Adopted.

By Ald. Baker—

City Clerk's Office,
Rochester, N. Y., Oct. 9, 1900.

To the Common Council:

Gentlemen—I hereby certify that the City Assessors have delivered to me the following assessment rolls, certified and verified as required by the charter:

Ord. No. Improvement.
6260—Griffith and Monroe avenue outlet sewer.

7535—Monroe place sprinkling.

Respectfully submitted,

T. S. PULVER,
City Clerk.

Received, filed and published.

By the Clerk—

Rochester, N. Y., October 1, 1900.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen: During the month of September, 1900, the total amount of moneys received from fines, etc., to be credited to the Police funds, as shown by itemized report of this date, was \$70.00. The total receipt's for the Police Pension fund was \$8.50.

Respectfully submitted,

RICHARD CURRAN,
Police Court Clerk.

Received, filed and published.

By Ald. Ernst—

To the Honorable the Common Council of the City of Rochester:

Gentlemen—Charges having been preferred against me by the Board of Education of the city of Rochester, alleging neglect and violation of law and duty and general inefficiency as secretary of said board, which charges entitle me to a trial under section 463 of the City Charter, and the Common Council being empowered by law to investigate all charges made against officers of the Board of Education (L. 1898, Sec. 141-c), I hereby request your body to investigate the said charges and to sub-

poena the necessary persons and papers as authorized by law.

Very respectfully yours,

JAMES C. OLIVER,

Secretary Board of Education.

Rochester, N. Y., Oct. 9, 1900.

Received, filed and published and referred to committee on Law.

MISCELLANEOUS COMMUNICATIONS

By the Clerk—

Rochester, N. Y.

Theo. S. Pulver, City Clerk, Rochester, N. Y.:

Dear Sir—To insure a successful election with voting machines, we make the following suggestions, based upon experience elsewhere:

Storage of Machines—Machines should be stored in a dry and suitable place.

Delivering Machines—Machines should be carried on wagons in an upright position. Three men can set up a machine with little delay for the wagon. It should be taken out of the case, set up and left in position for the inspector to arrange for election.

Printing Ballots—Ballots should be printed like the samples in each machine. Party column ballots are 2 in. x 12 1-2 of light pasteboard, for 10 office lines. Use heavier type for office column. As the first line on the machine is for presidential candidates, the names of the electors for each party should be printed in large type and posted near the diagram in the election booth; also copy of the questions and amendments. Over the name of the office should be the number of the line. Where groups are located, the dividing mark between the office lines should be left out, and a perpendicular line printed, "Vote for two,"—or three or five, as may be nominated. The candidates' names should have the corresponding number, as well as the name of the office for which they are nominated.

How to Instruct the Inspectors of Election—Where machines are used for the first time, the Standard Voting company will furnish printed instructions to inspectors of election, and will give instructions to inspectors on appointed days, that they may become thoroughly familiar with the machine. To be sure that each inspector is duly qualified, he will be expected to be able to answer the questions in the back of the book. The instructors will then certify that they consider the inspector competent to take charge of the machine.

What a Mechanic is Expected to Do—Where machines are used for the first time, the company will send competent mechanics who are familiar with the machine, to give any further assistance on election day. The company suggests that a strictly first class local mechanic be employed by the city to become thoroughly familiar with the machines, so that he can look after them in the future. We will take pains to give him all the information possible concerning the construction and working of the machine.

Registration Days—To educate properly the voters of your city, a machine should be placed in each polling place ready for use on each of the registration days, and at that time the inspectors should be provided with double the number of printed instructions to voters as there are voters in that district. Should voters be unable to read the English language, but able to read another language, they should be provided with printed instructions in their own language. Electrotypes in any language can be furnished by the company. The

dummies, which represent two columns and five lines of the machine, showing its actual operation, should be on exhibition in each district throughout the city. These will be found to be of great assistance in the instruction of voters.

Daily Exhibitions of Machines—To instruct voters further it will be well to have machines exhibited at least a portion of the time between the first registration day and election day, where voters can have an opportunity to examine machine. These should be in charge of competent instructors.

Rewards for Violation of Penal Code—The Mayor of the city should offer a reward for the arrest and conviction of any person who shall mutilate or in any way damage the voting machine, and the police should be particularly instructed to see that the law in reference to this is enforced.

Messengers for Election Returns—That the public may ascertain the result of the election at the earliest possible moment, a reliable messenger, who is an expert wheelman, should be employed for each election district, and inspectors should be instructed to give him the opportunity to take the returns when announced. If through an accident he should fail to be on hand, the chairman of the board should employ and dispatch a special messenger to the central office with unofficial returns. Each messenger should have a card on his wheel to show that he is bringing in election returns, that he may not be interfered with for fast riding.

Blanks for Election Returns—Blanks of convenient size with the letters, numbers, offices and names of candidates, as appear on the face of the machine, should be provided for special messengers, and duplicates should be given to the inspectors for use in case he should not appear. These duplicates should be marked so that it will be promptly noted when handed in that they are duplicates, in case both sets should be sent in. To receive and tabulate these returns a corps of men should be organized in the central place that is selected to receive returns. If adding machines can be provided for the principal offices, it will greatly facilitate the work.

Yours truly,
THE STANDARD VOTING MACHINE COMPANY.

A. S. HAMILTON,
General Sales Agent.

Received, filed and published and referred to Mayor, Fire Marshal and County Clerk.

By the Clerk—

Rochester lodge, No. 99,
Brotherhood of Locomotive Firemen,
Rochester, N. Y., October 3, 1900.

To the Honorable Common Council of the City of Rochester:

Gentlemen: I am directed by the members of Rochester lodge, No. 99, of the Brotherhood of Locomotive Firemen of this city to extend to your honorable body the thanks of the members of the lodge for your efforts in our behalf in our endeavor to secure the location of the grand lodge offices in this city. We wish to inform you that action upon the question of removal has been deferred for the time being in order to compare the insurance laws of the different states, and when the matter is again taken up we hope to be able to convince the members of the grand lodge that our city can and does offer better inducements for the location of the offices than any other city in the contest.

The matter was taken up at the convention and we have entered in the race, and

hope to be successful at such time in the future as it shall be again taken up. Again thanking you,

We beg to remain
ROCHESTER LODGE, 99, B. OF L. F.
W. P. Couch, Secretary.
Received, filed and published.

REPORTS OF STANDING COMMITTEES.

By Ald. Baker—

ASSESSMENT COMMITTEE REPORT.

Rochester, N. Y., Oct. 9, 1900.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—Your Assessment committee begs leave to submit the following report:

In the matter of the petition of Ellen Smith, we recommend that the same be denied.

In the matter of the petitions of Albert Eastwood, William Eastwood, Henry Hastings, Herbert N. Morse and Mary A. Popino, we recommend that the same be granted as per following ordinance:

Your Assessment Committee begs leave to further report that they have considered the communication of City Engineer E. A. Fisher, dated September 11, 1900, and find that it is necessary to reconsider the resolution ordering said assessment and direct the City Treasurer to re-report the cost of the North Clinton street asphalt improvement under final ordinance No. 7273, less the amount which the Rochester Railway Company is obliged to pay in accordance with the law in such case made and provided.

WM. J. BAKER, Chm.,
WILLIAM T. PLUMB,
HENRY G. COOK,
W. H. MARSON,
W. ERNST,

Assessment Committee.

Received, filed and published.

By Ald. Baker—Resolved, That the petition of Ellen Smith be and the same is hereby denied.

Adopted.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester: Section 1. The City Treasurer is hereby authorized and directed to cancel a personal tax assessed to Albert B. Eastwood for the year 1900, amounting to \$19.46, and charge the same to the erroneous assessment fund.

Sec. 2. That upon the certificate of the Corporation Counsel, the City Treasurer be and he hereby is authorized and directed to rebate a personal tax assessed to William Eastwood for the year 1900, amounting to \$77.83—which tax was paid by aforesaid William Eastwood, May 30, 1900—and the Treasurer is hereby further authorized and directed to charge the said amount to the erroneous assessment fund.

Sec. 3. That the Rochester Real Estate and Insurance Co. be allowed to pay the general city tax of 1898 and 1900 upon lot 226, Block and Blauw tract, Wilson avenue, by paying one-tenth of said taxes, and upon such payment the City Treasurer is hereby authorized and directed to cancel aforesaid taxes and charge the amount rebated, viz., nine-tenths of aforesaid taxes, to the erroneous assessment fund.

Sec. 4. That Mrs. M. B. Morse be allowed to pay the general city taxes upon lots 9 and 11, McLean's subdivision, Champlain street, for the years 1894 and 1898 (which taxes were sold to the city of Rochester), with interest at the rate of six per cent. per annum from the date of their respective sales; and upon lot 11, McLean's subdivision, Champlain street (which was sold

to the city of Rochester) with interest at the rate of six per cent. per annum from the date of sale; and upon lot 9, McLean's subdivision, Champlain street, for the year 1899 (which tax was sold to the city of Rochester), with interest at the rate of six per cent. per annum. Said taxes to be paid within thirty days after the passage of this ordinance; and upon such payment the City Treasurer be and he hereby is authorized and directed to cancel the same.

Sec. 5. That Mary A. Poppino be allowed to pay the general city tax upon lot 202, Block and Blauw tract, Wilson avenue, for the year 1894, amounting to \$21.54 (which tax was sold to the city of Rochester), by paying into the city treasury the sum of \$1.76 with interest thereon from the date of sale; and upon such payment the City Treasurer is hereby authorized and directed to cancel the aforesaid tax and charge the difference between the original amount of said tax and the amount paid, to the erroneous assessment fund.

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Judson, Tanner—17.

Nays—Alderman Calihan.

The Chair ruled that the negative vote of Ald. Calihan was in effect an objection and that the ordinance must lie on the table until the next meeting.

By Ald. Tanner—

BUILDING COMMITTEE REPORT.

To the Honorable the Common Council of the City of Rochester:

ACTION UPON IMPROVEMENT ORDINANCES.

FIRST ORDINANCES.

FRIEDERICH PARK SEWER.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter, in Friederich park, from a point 65 feet east of Edward street to the sewer in Thomas street.

Also the construction of a four-foot plank sidewalk on each side of the street, from Thomas street to Hudson avenue, except where good walks now exist, which will be relaid where not conforming to the proper grade and alignment; also the necessary street grading.

Adopted.

The Engineer submitted as such estimate \$3,700.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the following improvement is necessary and should be made, viz.:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Friederich park, from a point 65 feet east of Edward street to the sewer in Thomas street; also the necessary grading.

Also manholes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed or none of form and sufficiency or in number as approved by the Health Officer. Also manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And, The City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$3,700, which, being deemed reasonable, is hereby approved.

Be it further ordained, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Friederich park from a point

65 feet east of Edward street to Thomas street.

Adopted.

ST. PAUL STREET ASPHALT PAVEMENT.

By Ald. Beard—Resolved, That the City Engineer ascertain and separately report to this Council the expense of improving St Paul street, from Main street east to Central avenue, also the square between Franklin street and Central avenue, as follows: (1st). That part thereof included within the space between lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with a block stone pavement; also the construction of a concrete foundation under said pavement and tracks, together with the necessary surface sewers in said tracks; (2d). The paving of that part thereof lying outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with an asphalt pavement, and also the construction and repair of the necessary lot laterals, water services, curbing and sidewalks within the street lines; and (3d). The aggregate expense of improving all of the above described parts of said street.

Adopted.

The Engineer submitted as such estimate as aforesaid, \$18,000, for improving that part thereof included within the space between lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with a block stone pavement, also the construction of a concrete foundation under said pavement and tracks, together with the necessary surface sewers in said tracks; (2d), \$38,500 for improving that part thereof lying outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with an asphalt pavement, including the construction and repair of the necessary lot laterals, water services, curbing and sidewalks within the street lines; and (3d), \$56,500, the aggregate estimated expense for improving all of the above described parts of said street.

Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The improvement of St. Paul street, from Main street east to Central avenue, also the square between Franklin street and Central avenue, as follows: (1st). That part thereof included within the space between lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with a block stone pavement; also the construction of a concrete foundation under said pavement and tracks, together with the necessary surface sewers in said tracks; (2d). That part thereof lying outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with an asphalt pavement. Also the construction of a Medina stone curb six inches thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be generally the same as at present. The pavement shall extend to the street line at all intersecting streets and alleys, except where permanent improvements now exist at proper lines and grades. Also manholes, as follows: At each end of the main sewers, at all intersecting sewers, and at such intermediate places as shall secure a manhole for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer con-

nections, of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. All manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal, by the Commissioner of Public Safety, as provided by Section 225 of the City Charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there are now no water services, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under Section 110 of the City Charter. Also crosswalks at all intersecting streets. Also the cleaning and repairing of so much of the main sewer as may be found necessary to restore it to its original condition.

Also the construction of a Portland cement walk or flag stone walk, from curb to street line, on each side of the street, except where cement or flag-stone walks of the said width now exist, substantially as good as the new walk, which may be relaid if not conforming to the proper grade or alignment, within the limits mentioned.

The asphalt pavement shall be guaranteed and kept in repair for 10 and the stone pavement 5 years.

The asphalt surface shall be composed of one of the standard mixtures laid in this city for the past five years, or any other asphalt mixture that has been laid in quantities of at least three thousand square yards, and has worn well for a period of not less than three years.

The pavements and walks of intersecting streets shall be adjusted to the grade of the improvement.

And the City Engineer, under the direction of this Council, having made estimates (1st). Of the expense of those portions of the improvement consisting of a block stone pavement between lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company; also the construction of a concrete foundation under said pavement and tracks, together with the necessary surface sewers in said tracks at \$18,000, and (2d). Also the paving of that part of said street lying outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with an asphalt pavement; also the construction and repair of the necessary lot laterals, water services, curbing and sidewalks within the street lines, at \$38,500, and (3d). The aggregate estimated expense of all of said work at \$56,500, all of which being deemed reasonable, are hereby approved.

And whereas The Rochester Railway company has been notified, pursuant to the provisions of Section 38 of Chapter 876 of the Laws of 1892, to pave between its tracks, the rails of its tracks, and for two feet outside of the outside rails of its tracks, and has refused to make such pavement,

It is further ordained, That the whole expense of the work, consisting of a block stone pavement between lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company, and the construction of a concrete foundation under said pavement and tracks, together with the necessary surface sewers

in said tracks, be charged to, and collected from, the Rochester Railway company; and the expense of the work on the remainder of the improvements as above specified, is hereby directed to be assessed upon all of the following portion of the city, which this Council deems specially benefited by, and proper to be assessed for such improvement, to wit:

One tier of lots and parcels of land on each side of St. Paul street, from Main street east to Central avenue; also one tier of lots and parcels of land on the east side of the square between Franklin street and Central avenue.

Adopted.

SOUTH WASHINGTON STREET WALKS AND CURB.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the City Engineer ascertain and report to this Council the expense of constructing Portland cement walks on South Washington street.

Adopted.

The Engineer submitted as such estimate, \$1,350.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The construction of a Portland cement walk 4 feet wide on each side of South Washington street, from Troup street to Atkinson street, except where good flag or cement walks now exist substantially as good as the new walk, which may be re-laid if not conforming to the proper grade and alignment; also the necessary sidewalk grading. Also the construction of a 4 inch Medina stone curb on each side of said street, properly connected with all streets, alleys and driveways.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$1,350, which, being deemed reasonable, is hereby approved.

Ordained, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of South Washington street, from Troup street to Atkinson street.

Adopted.

By the Clerk—

City Clerk's Office,
Rochester, N. Y., October 9, 1900.
To the Honorable the Common Council of the City of Rochester:

Gentlemen:—I do hereby certify that a notice, such as is required by section 146 of the city charter, specifying each of the improvements contemplated by the following final ordinances, the estimated expenses thereof, the amount, if any, of such expenses to be paid from the public treasury, the portion or part of the city to be assessed for the remainder of the expenses and requiring all persons interested in the subject matter of the improvement to attend at the time appointed in such notice, was published daily for four days in two daily newspapers printed in this city, namely, the Rochester Post Express and the Rochester Union and Advertiser.

Respectfully submitted,
THEODORE S. PULVER,
City Clerk.

Received, filed and published.

FINAL ORDINANCE NO. 478.

AMES STREET SEWER.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a sewer in Ames street, from a point 220 feet north of Jay street to the sewer in Masseth street.

And after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Ames street, from a point about 220 feet north of Jay street, to the sewer in Masseth street.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$1,400, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Ames street, from the south line of lot No. 3 of the Metzinger subdivision to Masseth street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callhan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Judson, Tanner—18.

FINAL ORDINANCE NO. 479.

FINNEY STREET PLANK WALK.

On motion of Ald. Beard the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a plank walk on east side of Finney street, from Davis street to Hartford street.

And after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a pine plank walk 42-3 feet wide on each side of Finney street, from Davis street to Hartford street, except where good plank, flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$100, which, being deemed reasonable, is hereby approved and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on east side of Finney street, from Davis street to Hartford street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Judson, Tanner—18.

FINAL ORDINANCE NO. 480.

LINOX STREET CEMENT WALKS.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a cement walk on each side of Lenox street, from the west end thereof to Genesee street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a Portland cement walk 4 feet wide on each side of Lenox street from the west end thereof to Genesee street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$500, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Lenox street from the west end thereof to Genesee street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Judson, Tanner—18.

FINAL ORDINANCE NO. 481.

WHITE STREET PLANK WALK.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a plank walk on south side of White street, from Lake avenue to Cliff street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a plank walk 4 2-3 feet wide on south side of White street, from Lake avenue to Cliff street, except where good flag, plank or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$125, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on south side of White street, from Lake avenue to Cliff street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Judson, Tanner—18.

The final ordinance for Bradley street cement walk and sewer was presented and, after allegations were heard, the ordinance was, on motion of Ald. C. S. Cook, laid on the table until the next regular meeting.

The final ordinance for Ames street sewer (first ordinance presented August 29th) was presented and on motion of Ald. Kelly action thereon was indefinitely postponed.

UNFINISHED BUSINESS.

By the Clerk—

City Clerk's Office,
Rochester, N. Y., Oct. 9, 1900.

To the Common Council:

Gentlemen—I submit the following as the unfinished business of the previous meeting of this council:

A penal ordinance, introduced by Ald. Baker, relating to the keeping of bees in the city of Rochester.

An ordinance, introduced by Ald. Plumb, in relation to improvements to be made by the N. Y. C. and H. R. R. Company.

Respectfully,

THEO. S. PULVER,
City Clerk.

Received, filed and published.

By Ald. Plumb—Whereas, The New York Central and Hudson River Railroad company is engaged in improving and strengthening its bridges, retaining walls and structures pertaining to its elevated tracks in the city of Rochester, and as a part of said work intends to replace said overhead bridges with new bridges having solid floors so constructed as to prevent leakage of water, oil, etc., onto the sidewalks and street beneath, and in connection with this work it is necessary to increase the strength and thickness of the existing retaining walls and bridge abutments; and,

Whereas, Said railroad company intends to remove the existing columns or bents from certain streets so as to afford an unobstructed roadway under its tracks, as will be hereafter specified, and has also proposed to construct sidewalks the entire width from the abutments to the curbs under said bridges, and to keep said bridges

painted; also to remove all the existing braced structures supporting said bridges, and to replace, wherever columns are to remain in the street, said braced structures by single iron posts, and to make the entire floor structure water-tight;

Now, therefore, be it ordained by the Common Council of the city of Rochester as follows:

The New York Central and Hudson River Railroad company is hereby given the right to increase the thickness of the present abutments supporting its elevated track bridges in said city by addition to the street face thereof as originally constructed, so that the new face shall be nearer the center of the street, as follows:

Scio street, east abutment, 14 inches; west abutment, 14 inches.

Hudson street, east abutment, 12 inches; west abutment, 15 inches.

Chatham street, east abutment, 14 inches; west abutment, 10 inches.

Joseph avenue, east abutment, 15½ inches; west abutment, 15½ inches.

Mill street, east abutment, 17 inches; west abutment, 17 inches.

Sophia street, east abutment, 16 inches; west abutment, 15 inches.

Kent street, east abutment, 14 inches; west abutment, 14 inches.

Allen street, east abutment, 14 inches; west abutment, 14 inches.

Oak street (Ford street), east abutment, 14 inches; west abutment, 14 inches.

Hill street, east abutment, 12 inches; west abutment, 15 inches.

Canal street, east abutment, 9 inches; west abutment, 16 inches.

King street, east abutment, 14 inches; west abutment, 14 inches.

Said company is also given the right to extend the south face of its retaining wall on the north side of Central avenue from the east end of the bridge over the Genesee river to an angle about one hundred and fifty feet east, nine (9) inches; between Brown's race and Mill street, twenty-two (22) inches; between Mill street and State street, six (6) inches, and on the north side of Fargo street, or Fitzhugh alley, twenty-one (21) inches, south of the south face of its retaining wall as it now stands; and also to extend the north face of its retaining wall on the south side of Hunter alley, six (6) inches north of the north face, as originally constructed. It is understood that the projections heretofore specified are from what is known as the "neat" line of the masonry, and not from the rock face, making the actual projection less than that specified by the amount of said rock face.

This permit is given subject to the further consideration that said railroad company shall remove the bent now standing in Hudson street, from the roadway, and replace the same by iron posts at the curb lines. All columns and bents shall be removed from Mill street, also from Ford street. The head room of the present bridges shall not be made less in the new construction.

The railroad company shall also construct sidewalks, under the direction of the Commissioner of Public Works and the City Engineer, under all of said overhead bridges, said walks to extend from the face of the abutment to the curb lines. The iron work of said bridges and the face of the abutments thereunder, shall also be painted a light color. Said walks and all work connected with said overhead bridges, shall be maintained in proper condition, under the direction of the Commissioner of Public Works at all times.

All of said work to be done subject to all laws of the state of New York, ordinances and regulations of the Common Council of the city of Rochester, and of the Department of Public Works.

As a further condition to this consent, the said New York Central and Hudson River Railroad company shall procure, to be dedicated to the city for the purposes of a public street, a strip of land on the south side of Central avenue between Brown's race and Front street, four (4) feet, eight (8) inches in width, shall dedicate to it for street purposes (retaining the fee) all its interest in Central avenue between State and Mill streets south of its retaining wall as refaced, and shall permit the Rochester Railway company and its successors to attach to its retaining wall between State street and St. Paul street (except bridge piers) the cross wires supporting the trolley wires of said Rochester railway or its successors. The places, method and manner of attachment to be agreed on by said companies, or in case of their disagreement, to be determined by the Commissioner of Public Works of said city.

This consent shall not be construed to interfere with the duties or privileges of the Commissioner of Public Works in any manner relating to the care of the streets of said city. Said streets and alleys are hereby altered so as to exclude therefrom the land so to be occupied by said retaining walls and abutments, as extended.

This consent is granted on the further condition that said company shall indemnify and save harmless said city from any legal liability which it may incur, or costs or charges recovered, by reason of the granting thereof.

Ald. Callihan presented a remonstrance against the adoption of the ordinance signed by numerous property owners and moved that the ordinance be referred back to the joint committee, consisting of the Law and Railroad committees, for amendment and with instructions to give a hearing to the interested property owners in the Second ward.

Lost by the following vote:
Ayes—Aldermen Tracy, Callihan, Young and Reddington.

Nays—Aldermen Marson, Race, C. S. Cook, Ward, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Judson, Tanner—14.

The ordinance was then adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Judson, Tanner—16.

Nays—Aldermen Callihan, Reddington.
On motion of Ald. Baker, action on the ordinance relating to the keeping of bees, was postponed until the next regular meeting.

MISCELLANEOUS BUSINESS.

By Ald. Tracy—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. The place where the registration of electors and elections shall be held during the year ending September 1, 1901, in the second election district of the First ward of the city of Rochester is hereby designated as follows:

Store, 107 Main street west.

Sec. 2. All ordinances and parts of ordinances, inconsistent with the terms of this ordinance are hereby repealed.

Adopted by the following vote:

ASSESSMENT ORDINANCE.

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Judson, Tanner—18.

By Ald. Race—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. Section 1 of an ordinance adopted by the Common Council of the city of Rochester on the 27th day of February, 1900, and printed at page 257 of the current proceedings, relating to the preparation and completion of assessment rolls for unpaid water rents, is hereby amended to read as follows:

Section 1. Pursuant to section 110, chapter 182 of the laws of 1898, as amended by chapter 581 of the laws of 1899, the Commissioner of Public Works is hereby directed to make out a list or roll for each ward or assessment district of the city similar to the rolls made out by the Department of Assessment and Taxation, and in which, among other things, he shall set out the amount of regular water rents assessed upon each lot or part of lot, or building, and all amounts remaining due and unpaid for the introduction and measurement of the supply of water at the time herein designated for the completion of such lists or rolls. Said lists or rolls shall be made out during the month of December in each year and shall be completed on the first day of January following.

Sec. 2. This ordinance shall take effect immediately.

On motion of Ald. Race referred to Water Works committee.

By Ald. C. S. Cook—Whereas, Mr. J. Z. Culver has opened a street named Geimer, between North and Carter streets in the Seventeenth ward of the city, which is to be dedicated for public use, and is desirous of placing a cast iron water main in connection with the city's distributing domestic system, at his own expense, from Carter street to about 190 lineal feet west therefore,

Be it ordained by the Common Council of the city of Rochester, that the Commissioner of Public Works be and he is hereby authorized and directed to have placed on the north side of said Geimer street, from Carter street to a point about 190 lineal feet west thereof; a six inch cast iron water pipe and the necessary appurtenances, connected with the city's distributing main in said Carter street, upon the said J. Z. Culver depositing in the city treasury to the credit of the Water Pipe Extension Fund, the estimated cost of such construction, such cost to be repaid to him without interest, whenever there are funds applicable therefor not otherwise appropriated.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Judson, Tanner—18.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester: That final ordinance No. 475 for Raines park improvement be and hereby is amended so as to provide for curbs six (6) inches high instead of 4 inches.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Judson, Tanner—18.

By Ald. Baker—

Whereas, The entire and aggregate expense connected with North Clinton street asphalt improvement, named in the following ordinance, has been ascertained and reported to this Council as provided for by the city charter,

Therefore, be it ordained by the Common Council of the city of Rochester as follows:

Sec. 1. That the cost of said improvement hereinafter named is hereby adjusted as thus reported, and the City Assessors are hereby directed to make an assessment upon the territory directed to be assessed in the final ordinance for said improvement to the amount set forth, as follows:

Or. No. 7273—North Clinton street asphalt improvement \$38,844 09

The assessment for aforesaid improvement shall become due and payable as follows: The first installment with interest as provided by the charter, shall become due and payable on the first day of the second month following the month in which the assessment roll for said improvement shall have been received by the City Treasurer, and each annual installment with interest as provided by the charter shall be due and payable on the first day of the same month in each of the succeeding nine years.

Sec. 2. All ordinances or parts of ordinances inconsistent with the terms of this ordinance are hereby repealed.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Judson, Tanner—18.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That the assessment for the following named local improvements as set forth in the rolls for the same as reported to this Council by the City Clerk, as having been certified by the City Assessors, be and the same hereby is in all things approved and confirmed:

Ord. No. Improvement.
7816—Emerson street Medina block stone.
7741—University avenue Medina block stone.
7664—Caledonia avenue Medina block improvement.
7839—Olean street asphalt.
7779—Highland avenue sewer.
6260—Griffith and Monroe avenue outlet sewer.
7313—Bacon street pipe sewer.
7535—Monroe place sprinkling.
7732—Barton street sewer.
7297—Lexington avenue cement walk.
6366—Champlain street walk (re-assessment.)

6258—Frederick park extension.

7764—Frost avenue asphalt improvement.

Sec. 2. All ordinances and parts of ordinances inconsistent with the terms of this ordinance are hereby repealed.

No person appearing to be alleged for or against the adoption of the ordinance, it was thereupon adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Judson, Tanner—18.

By Ald. Plumb—Resolved, That the City Clerk be and he hereby is instructed and directed to cause to be published in the official papers of the city the list of places designated by this Council in which the meetings for the registration of voters and

elections shall be held during the year ending September 1, 1901, as required by law, viz., on each day of registration and the day of election and on the day preceding each of said days.
Adopted.

By Ald. Kelly—

RUGRAFF STREET OPENING AND EXTENSION—REPORT OF COMMISSION.

Monroe County Court—In the matter of the opening and extension of Rugraff street from the north end thereof to Masseth park, under final ordinance No. 7773. To the Honorable the Common Council of the City of Rochester:

Gentlemen—We, the undersigned, who were appointed by an order of the Monroe County court, duly made and entered in Monroe county clerk's office, commissioners to appraise the damages and compensation which the owner or owners, or persons interested, and if there be any occupant or tenant who may have a leasehold interest in the premises, rights or easements therein to be taken for the public improvement or purpose above referred to—should severally receive therefor, respectfully report and certify the several pieces and parcels of land, and the premises, rights and easements therein to be taken for said improvement, and the names and residences of the owner or owners respectively, and the rights of said owners as far as can be ascertained, and the names and residences of the tenants or occupants thereof, and of all other persons who have any interest in said property, and the amount of damages or compensation which should be paid to each, as follows: The pieces or parcels of land required for said widening are as follows:

PARCEL NO. 1.

All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, bounded and described as follows: Being the westerly part of lot number twenty-four (24), Masseth subdivision, beginning at a point at the intersection of the easterly line of Rugraff street and the southerly line of lot number 24 of Masseth's subdivision, said point being 9.67 feet easterly from the southwest corner of said lot number 24; thence on the easterly line of Rugraff street produced northerly, 114 feet to a point in the southerly line of Masseth park, said point being 10.43 feet easterly from the northwest corner of said lot number 24; thence westerly along the southerly line of Masseth street 10.43 feet to a point in the northwest corner of said lot number 24; thence southerly on the westerly line of said lot number 24, 114 feet to a point in the southwest corner of said lot number 24; thence easterly along the southerly line of said lot number 24, 9.67 feet to the place of beginning. The land to be taken is all that lying between the above described lines.

These premises are owned by Mary B. McRoden.

PARCEL NO. 2.

All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, bounded and described as follows: Being the easterly part of lot number twenty-six (26), Masseth subdivision, beginning at a point at the intersection of the westerly line of Rugraff

street and the southerly line of lot number 26 of Masseth's subdivision, said point being 21.33 feet westerly from the southeast corner of said lot number 26; thence on the westerly line of Rugraff street northerly 114 feet to a point in the southerly line of Masseth park, said point being 20.57 feet westerly from the northeast corner of said lot number 26; thence easterly along the southerly line of Masseth park 20.57 feet to a point in the northeast corner of said lot number 26; thence southerly on the easterly line of said lot number 26, 114 feet to a point in the southeast corner of said lot number 26; thence westerly along the southerly line of said lot number 26, 21.33 feet to the place of beginning. The land to be taken is all that lying between the above described lines.

These premises are owned by Charles J. Staud.

The foregoing parcels of land are situate in the city of Rochester, county of Monroe and state of New York.

Therefore, We, the subscribers, the commissioners, having been duly sworn as required by the statute in such case made and provided, and having all met and acted upon the matters submitted to us, at the Corporation Counsel's office, 46 City hall building, Rochester, N. Y., pursuant to a notice of at least ten days published, pursuant to law; and having taken a view of every part of the respective premises affected by this proceeding; and having inquired into and heard the allegations and proofs of the respective parties in interest—do thereupon determine and appraise the compensation which the owners and tenants of, and others having any rights in the respective premises above described or entitled to any compensation for the lands and property to be taken for the widening of Rugraff street will sustain by reason of being deprived thereof, and do fix all the damages and compensation which said owners and tenants and others shall receive therefor, as follows: said awards to be paid after deducting all taxes and assessments which have become a lien upon the land above described as hereinafter provided:

To Mary B. McRoden, for parcel No. 1, the sum of \$375.00.

To Charles J. Staud, for parcel No. 2, the sum of \$475.00.

Dated the 19th day of September, 1900.

All of which is respectfully submitted.

GEO. GUNDELL,

F. W. LOVE,

W. C. KOHLMETZ,

Commissioners of Appraisal.

Received, filed and published.

By Ald. Kelly—Resolved, That the next regular meeting to be held Tuesday evening, October 23, 1900, be and the same is hereby assigned as the time when any complaints or appeals will be heard from the report of the commissioners of appraisal in the matter of the opening and extension of Rugraff street, from the north end thereof to Masseth park, under final ordinance No. 7773.

Adopted.

Adjourned.

THEODORE S. PULVER,
City Clerk.

In Common Council, Oct 23, 1900.

REGULAR MEETING.

Present—Hiram H. Edgerton, President
Common Council, and
Aldermen Tracy, Marson, Race, C. S.
Cook, Ward, Young, Beard, Casey, Baker,
Plumb, H. G. Cook, Parsons, Kelly, Ernst,
Mead, Judson, Tanner, May—18.

APPROVAL OF MINUTES.

The minutes of the meeting of September 25th were approved as published in the sheets of official proceedings.

RESOLUTIONS.

By Ald. Ernst—Whereas, The establishment of a public market is agitating the citizens of Rochester;

Resolved, That the City Clerk be instructed to correspond with cities similar in size to Rochester and procure such data and facts as may be pertinent to the question for the use of the Committee on Markets.

Adopted.

PETITIONS AND REMONSTRANCES.

By Ald. Ward—Petition of Walter S. Buck for building permit. Referred to Fire Marshal and Building committee.

By Ald. Beard—Petition of Adam A. Long for building permit. Referred to Building committee and Fire Marshal.

By Ald. Baker—Petition of Rosa Frey for permission to pay tax without interest. Referred to Assessment committee.

Also—Petition of John W. Vickery for building permit. Referred to Building committee and Fire Marshal.

By Ald. Plumb—by request of Ald. Reddington—Petitions of George B. Hawkins estate and F. A. Rogers for building permits. Referred to Building committee and Fire Marshal.

By Ald. Kelly—Petition of E. J. Schmitt for building permit. Referred to Building committee and Fire Marshal.

Also—Petition of James H. Buckley and Charles Englert, jr., for rebate of taxes. Referred to Assessment committee.

By Ald. Ernst—Petitions of Antoinio Mancuso, Grace T. Ewing and William Vicinus for building permits. Referred to Building committee and Fire Marshal.

By Ald. Mead—Petition of William Dove and Harriet R. Dove Brown for cancellation of tax. Referred to Assessment committee.

Also—Petition for water mains in Bradley street. Referred to Water Works committee.

Also—Petition for water mains in Ulrich street. Referred to Water Works committee.

Also—Petition of August Eckert for building permit. Referred to Building committee and Fire Marshal.

By Ald. Judson—Petitions of W. F. Maas, William H. King and C. D. U. Hobbie for building permits. Referred to Building committee and Fire Marshal.

Also—Petition for arc light on Hempel place. Referred to Lamp and Electricity committee.

By Ald. Tanner—Petitions of Martin Higgins and Catharine Higgins for cancellation of taxes and assessments. Referred to Assessment committee.

Also—Petitions of H. R. & E. W. Day, John Steinman and William Dove for building permits. Referred to Building committee and Fire Marshal.

By Ald. May—Petition of Mrs. J. M. Johans for building permit. Referred to Building committee and Fire Marshal.

Also—Petitions of Joseph Miller, Valentine Welker, John Baier, Emeron Medidl, Elizabeth Koch, John Voelkl, Charles Bubel, John Hartung, Joseph Knebel, John Liedl, Anton Rappel, Henry Bubel, Caspar Fromm, Anthony Kondolt, Peter Geith, John Kuntz for cancellation of assessments. Referred to Assessment committee.

COMMUNICATIONS FROM THE MAYOR.

By the Clerk—

Mayor's Office,

Rochester, N. Y., Oct. 18, 1900.

To the Honorable the Common Council of the City of Rochester:

An ordinance was adopted by the Common Council at its last meeting, allowing the New York Central Railroad company to do certain work on the abutments of its elevated track structure in the city. The effect of the ordinance is to change the lines of certain streets. The charter gives to the Common Council the power to change the lines of streets, and whether this ordinance should be approved or disapproved depends upon the question whether the streets will be less useful to the public as thoroughfares of traffic. No substantial objection is made to any of the work, except that along Central avenue and Fitzhugh alley.

Since the passage of the ordinance it has been agreed by the New York Central Railroad company that it will not face the abutment between State street and Mill street nor on Fitzhugh alley, and that the wall for that distance shall remain as it now stands, except necessary repairs, and I have a statement from the chief engineer, Mr. Wilgus, to that effect. This agreement removes some of the strongest objections to the passage of the ordinance. It is also agreed that the surface of the facing shall be so roughened as to prevent defacement. The Railroad company procures to be ceded to the city a strip of land four feet and eight inches in width on the south side of Central avenue between Front street and the race, which is more than equal in area to that which will be occupied by the facing of the wall from Mill street to the race. Central avenue is at present of a width of 47 1-100 feet at the east line of Front street and of a width of 50 27-100 feet at the west line of Front street. The strip of land acquired as above stated will thus make Central avenue a little wider from Front street east than at the west line of Front street, thus giving to that part of the street added capacity for traffic, especially to that which comes in from Front street. Furthermore, the Railroad company releases to the city its claim to a strip of land in Central avenue, as now used, which strip is about 21 feet wide in State street and about 2 feet wide at Mill street. This release is of substantial value to the city, for even if the claim to that strip of land is not well founded, it might be fruitful of expensive litigation.

Other advantages gained by the city under this ordinance are the removal of all the existing braced structures and many of the columns under the bridges, the construction of water-tight floors under the bridges, the painting of the floors in such manner as to lighten the subways, the building and perpetual maintenance of sidewalks under the bridges the entire width from the face of the abutment to the curb, and the removal of all poles on the north side of Central avenue.

From the standpoint of the city's interest, I think the ordinance is fair and reasonable and I therefore approve it.

I respectfully suggest that the ordinance be amended in accordance with the agreement above indicated.

Dated October 18, 1900.

GEORGE A. CARNAHAN,
Mayor.

Received, filed and published.

By the Clerk—

Mayor's Office,
Rochester, N. Y., Oct. 22, 1900.

To the Honorable, the Common Council of the City of Rochester:

I return the above mentioned ordinance to the Clerk of the Common Council, with my objections thereto, as follows:

The ordinance recites that Mr. J. Z. Culver has opened a street named Geimer, which in the future is to be dedicated for public use, and that he is desirous of placing therein a cast iron water pipe and paying the expense thereof, at the present time, himself. The ordinance then directs the Commissioner of Public Works to place the water pipe and the necessary appurtenances and to connect it with the city's distributing main in Carter street, provided that Culver deposits in the City

Treasury the estimated cost of such construction and provides that such cost shall be repaid to him at some time in the future, when there are funds available. This ordinance, if acted upon by Mr. Culver, will create a liability in his favor against the city for the cost of the laying of the water pipe in Geimer street. It appears upon the face of the ordinance and, furthermore, it is a fact, that no funds were appropriated in the tax levy of the current fiscal year for this purpose. The ordinance is, therefore, in violation of Section 96 of the charter, which forbids the city or any officer, board or department to incur any liability in any current fiscal year, for a greater sum than is provided for a given purpose by the Common Council in the tax levy of such year.

It is therefore necessary to disapprove this ordinance, although I am informed that there are many cases in which it is desirable that such work be done and that it has been done in former years in this manner.

Dated October 22, 1900.

GEO. A. CARNAHAN,
Mayor.

Received, filed and published and referred to Committee on Law.

BUDGET NO. 20.

By the Clerk—

CLAIMS FOR 1900.

Comptroller's Office,
Rochester, N. Y., Oct. 13, 1900.

To the Honorable, the Common Council:

JAMES JOHNSTON,
Comptroller.

Received, filed and published.

City Treasurer's Office,
Rochester, N. Y., Oct. 23, 1900.
To the Honorable, the Common Council:
Gentlemen—In regard to publishing the list of unpaid taxes, which, according to charter requirements, must be done early in December.

You have designated two papers to be the official papers, to publish notices, etc., but in my estimate for the expenses of Treasurer's office for present year, I made allowance for such publication in but one paper.

It has been customary to publish in one paper only, and during the past ten years, to my personal knowledge, with but one exception, but one paper has had the list.

Will you please designate which paper I shall send the list to and oblige
The expense of such publication last year was \$352.23 for one paper.

S. B. WILLIAMS,
Treasurer.

Received, filed and published and referred to Committee on Law.

By the Clerk—

Law Department,
Rochester, N. Y., Oct. 13, 1900.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—In the month of February, 1893, the city of Rochester entered into an agreement with William H. Jones & Sons, whereby they contracted to construct for the city a masonry water conduit with gate house, overflow chambers, tunnel, shafts, manholes, culverts and other appurtenances commencing at or near the north-eastern corner of Hemlock lake, Livingston county, New York, and terminating at a point on the east side of the outlet of said lake about 12,000 feet northerly. The work contemplated by said contract was completed about the first of October, 1894, and William H. Jones & Sons were paid a very large portion of the contract price. There

were some matters in difference, however, which were reserved to be settled later, and there was retained by the city and deposited in the Rochester Savings bank and the Monroe County Savings bank, on or about the 23d day of March, 1895, the sum of \$2,692.55, in each bank, which was a reserve fund on account of the work, labor and services performed and materials furnished by William H. Jones & Sons, in the construction of the tunnel above mentioned. Said William H. Jones & Sons claimed that in addition to the work contained in the final estimate under said contract, that they, under the direction of the engineer in charge, performed work for which no allowance was made, and other work for which an inadequate allowance was made. They claim that they excavated and built the north and south portals to the tunnel as shaft work, and that they were originally designed as open trench work and so allowed in the final estimate; that they excavated and built for a distance of about 100 feet north of the north portal, and for a distance of about 500 feet south of the south portal, tunnel work which was originally designated as open trench work and was so allowed in the final estimate; that the difference in the value of the work so done under the terms of the contract, and the amount allowed therefor in the final estimate was \$1,351.14; they claim, further, that they excavated rock in the tunnel below the grade of the bottom of the completed tunnel of the value of \$11,435.67, at the price fixed by the contract, and for which no allowance was made in the final estimate; that they filled with concrete below the grade of the completed tunnel bottom to the value of \$1,868.11, at the price fixed in the contract, in excess of the amount allowed in the final estimate; that they laid brick masonry in the rock tunnel work below the grade of the bottom of the completed tunnel where no skewbacks were

cut, of the value of \$1,050.00, at the price fixed by the contract, for which no allowance was made in said final estimate; that they built stone paving in channels leading from the overflow masonry to the creek and the bottom of the channels of open masonry culverts or water ways over the conduit, of the value of \$170.40 in excess of the amounts allowed in said estimate at the price fixed in said contract; that they cut skewbacks in the tunnel and rock cuts of the value of \$490, for which no allowance was made in said final estimate; that they built brick masonry below the completed tunnel bottom and open trench rock bottom where skewbacks were cut of the value of \$1,628.00, at the price fixed in the contract and for which no allowance was made in the final estimate; that they left timber bracing in place on the work of the value of \$515.00 for which no allowance was made in said estimate; that they constructed roadways along the line of the conduit, including five timber bridges over water courses, and constructed a road across lands of one Gilbert, including the furnishing and laying of fifteen tile twelve inches in diameter, and seven tile twelve inches in diameter, for which no allowance was made in said estimate, and which was of the value of \$200.00; that they transported and set in place machinery at the gate house at Hemlock lake, which work was worth in excess of the amount paid therefor, \$84.20; that they built two clay dams near the gate house which were worth \$247.20 and for which no allowance was made in said estimate, and that all of said sums should have been paid to them in the month of October, 1894, and that they were therefore entitled to interest on each of said sums from that date, thus making their total claim, with interest, nearly thirty thousand dollars (\$30,000.00).

In the month of June, 1898, said William H. Jones & Sons commenced an action in the Supreme court against the city of Rochester, to recover upon the claims which are above referred to. Issue was joined by the service of an answer on the part of the city and the case has been upon the calendar of the Supreme court since the fall of 1898. The answer sets up a counterclaim for damages sustained by the city, by reason of the fact that the work contemplated by the contract to be performed by William H. Jones & Sons, was not completed within the time provided by the contract. It is claimed on the part of William H. Jones & Sons, that the Executive Board of the city of Rochester extended their time for completing such work, though I have been unable to find any formal resolution adopted by the board to that effect. It does appear, however, that the steel pipe conduit extending from the northerly end of the tunnel to the city of Rochester, was not completed at the time provided for the completion of the tunnel work and, therefore, if the tunnel had been completed at the time specified in the contract, it could not have then been put in use. And I am further advised that no claim was made on account of such delay by William H. Jones & Sons until after said action was commenced.

These questions of fact concerning the counterclaim referred to and concerning the extension of time claimed by William H. Jones & Sons for the completion of the work, and concerning the extra work done by them, and as to whether they should be paid the contract prices for such extra work, all depend upon the oral testimony of witnesses, and upon the facts there is a

sharp conflict, and if the case should be tried, there will be several and probably about an equal number of witnesses testifying upon each side. Early this year negotiations were commenced looking towards an adjustment of all these matters. William H. Jones & Sons are undoubtedly entitled to the moneys so deposited in the Rochester Savings bank and in the Monroe County Savings bank, unless the validity of the counterclaim referred to can be established. The balance of their claim amounts to about nineteen thousand dollars (\$19,000) with interest from the month of October, 1895. After many consultations with the officers of the city who are familiar with the facts involved in this case, and after repeated negotiations with counsel for William H. Jones & Sons, I have entered into an agreement in writing, subject to the approval of the Board of Estimate and Apportionment, of which the following is a copy:

Supreme Court—Monroe County—William H. Jones, Henry L. Jones and F. W. Jones against the City of Rochester and Central Bank of Rochester.

Pursuant to Section 420 of Chapter 182 of the Laws of 1898, the subject-matter of the above entitled action is hereby compromised and settled upon the following terms:

First—On or about the 23d day of March, 1895, the city of Rochester, through its Executive Board, deposited in the Rochester Savings bank at Rochester, N. Y., the sum of two thousand six hundred ninety-two dollars and fifty-five cents (\$2,692.55), being a reserve fund on account of work, labor and services performed and materials furnished by the plaintiffs in the construction of the tunnel near Hemlock lake, which is a part of the water works system of the city of Rochester, and upon which sum of money said savings bank has allowed a certain amount by way of interest, and on or about the same date, said city of Rochester, through its Executive Board, also deposited in the Monroe County Savings bank at Rochester, N. Y., the sum of two thousand six hundred ninety-two dollars and fifty-five cents (\$2,692.55), being a reserve fund on the same account, all of which said moneys, together with the accumulated interest thereon which has been allowed and credited to said accounts by said savings banks, shall be paid by said banks immediately, upon the written approval of this agreement by the Board of Estimate and Apportionment of said city of Rochester, to said plaintiffs or their attorneys; and said city of Rochester hereby relinquishes all claim to said moneys which it has heretofore had.

Second—The defendant, the city of Rochester, agrees to pay to the plaintiffs, or to their attorneys, in full settlement of the cause of action set forth in the complaint herein, the further sum of nine thousand dollars (\$9,000).

Third—The plaintiffs agree to accept said sum of nine thousand dollars (\$9,000), and the moneys so deposited in said savings banks as above stated, in full settlement of the subject-matter of this action, and in full payment for the cause or causes of action which are in said complaint set forth.

Fourth—The defendant, the Central bank of Rochester, writes in this agreement of settlement, and requests that it be made, and that the moneys above referred to be paid as above stated.

Fifth—The above entitled action is discontinued without costs for or against either party.

Sixth—This stipulation and agreement is made on the part of the Corporation Counsel of the defendant, the city of Rochester, subject to the written approval of the Board of Estimate and Apportionment of the said defendant.

Dated October 13, 1900.

(L. S.) CENTRAL BANK OF ROCHESTER, by George Wilder, Cashier.

W. H. & J. P. ROWMAN, Attorneys for Defendant, the Central Bank.

P. M. FRENCH, Corporation Counsel for Defendant, the City of Rochester.

I consider the foregoing agreement to be for the best interests of the city of Rochester.

Dated October 13, 1900.

P. M. FRENCH,
Corporation Counsel.

I hereby certify that the foregoing agreement was this day approved in writing by the Board of Estimate and Apportionment, Rochester, N. Y., Oct. 20, 1900.

T. S. PULVER,
Secretary.

Received, filed and published.

Law Department,
Rochester, N. Y., Oct. 22, 1900.

To the Honorable, the Common Council:

Gentlemen—Pursuant to section 422 of Chapter 132 of the Laws of 1898, I beg leave to report that on the 29th day of September, 1900, in an action in the Municipal court of the city of Rochester, in which Edward W. Wilkinson was plaintiff, and the city of Rochester was defendant, said plaintiff represented by John F. Kinney, his attorney, recovered a judgment against the city of Rochester for the sum of \$86.08; said judgment bears interest at the rate of 6 per cent. from the date of its recovery, and it has become payable, and it is my opinion that the amount of said judgment should be raised in the next levy of taxes.

Dated October 23, 1900.

Yours truly,

P. M. FRENCH,
Corporation Counsel.

Received, filed and published.

Department of Public Works,
Bureau of Engineering.

Rochester, N. Y., Oct. 23, 1900.

To the Honorable, the Common Council:

Gentlemen—Final ordinance No. 7895, providing for setting edge stones along the walks on Wadsworth Square and in front of No. 12 school, and so much of the walks as may be found necessary, was adopted by your honorable body on November 23, 1899. The estimated cost of the work was \$500.00. Owing to a clerical error in estimating the amount of work, the actual cost of the work as completed is found to be \$729.12, leaving a balance of \$229.12 to be provided for. I therefore respectfully request that a deficiency ordinance in accordance with the provisions of the charter, be adopted, covering this amount.

Respectfully yours,

E. A. FISHER,
City Engineer.

Received, filed and published.

By Ald. Baker—

City Clerk's Office,
Rochester, N. Y., Oct. 23, 1900.

To the Common Council:

Gentlemen—I hereby certify that the City Assessors have delivered to me the follow-

ing assessment rolls, certified and verified as required by the charter:

Ord. No. Improvement.

7312—North street sewer.

7329—North St. Paul street sewer.

7332—Jay street sewer.

7341—Brooks avenue cement walks.

7836—Flower street grading and walks.

5975—Glenwood avenue extension.

7166—Lexington ave. sweeping and cleaning, re-assessment.

Chap. 328, Laws 1900—Dartmouth st. improvement, re-assessment.

Respectfully submitted,
T. S. PULVER,
City Clerk.

Received, filed and published.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That the assessments for the following named improvements, as set forth in the rolls for the same reported to this Council by the Clerk as having been verified and certified by the City Assessors, be and hereby are in all things approved and confirmed:

Ord. No. Improvement.

7312—North street sewer.

7329—North St. Paul street sewer.

7332—Jay street sewer.

7341—Brooks ave. cement walks.

7836—Flower street grading and walks.

7166—Lexington ave. sweeping and cleaning, re-assessment.

Chap. 328, Laws 1900—Dartmouth st. improvement, re-assessment.

Sec. 2. All ordinances and parts of ordinances inconsistent with the terms of this ordinance are hereby repealed.

Allegations were invited on each of the above rolls and no person appearing the rolls were confirmed by the following vote:

Yes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

By the Clerk—

Office of George T. Foster,
City Sealer.

Rochester, N. Y., Oct. 23, 1900.

To the Honorable, the Common Council:

Gentlemen—I herewith present my report as sealer of weights and measures, of scales and measures examined and sealed by me for the months of July, August and September, 1900.

Respectfully submitted,

GEO. T. FOSTER,
City Sealer.

By Ald. Baker—Resolved, That the next regular meeting of this Council appointed to be held November 6th, 1900, be and hereby is assigned as the time when any complaints or appeals will be heard relating to the assessment for the following named improvement as set forth in the roll for the same this day reported to the Council.

Ord. No.

5975—Glenwood ave. extension.

Adopted.

MISCELLANEOUS COMMUNICATIONS.

By the Clerk—

To the Honorable the Common Council of the City of Rochester:

We, the undersigned, being all of the owners of lands abutting on Leighton avenue from Goodman street to Palmer street, so-called, respectfully petition your honorable body, requesting that you pass an

ordinance of the city of Rochester discontinued and abandoning as a public street that portion of Leighton avenue extending from Goodman street to Palmer street, so-called.

By ordinance of the Common Council passed May 8, 1900, Leighton avenue was discontinued and abandoned from Palmer street to Barnum street, so that the portion from Goodman street to Palmer street now remains a cul de sac and is of no use to the general public and is only of use to the abutting owners thereon. The lands on the south side of Leighton avenue from Goodman street to Palmer street, so-called, are fully owned and occupied by the New York Central and Hudson River Railroad company, and the lands on the north side are being used and necessarily will hereafter be used for manufacturing purposes, and it is contemplated to run a switch or switches from the New York Central Railroad company's tracks to the several manufacturing plants now established or to be established on the north side of the said cul de sac. For several years last past a switch has extended from the New York Central tracks across the said Leighton avenue and upon lands now occupied by the J. Hungerford Smith company as manufacturing business.

Dated September 13, 1900.

REPORTS OF STANDING COMMITTEES.

By Ald. Judson—

FINANCE COMMITTEE REPORT.

To the Common Council:

Gentlemen—Your Finance committee has considered the communication from City Treasurer Williams, presented to the Common Council at its last meeting with reference to the disposition of five thousand dollars belonging to the city and now in the possession of County Treasurer Hamilton, which amount Mr. Hamilton collected from certain towns through which the old Rochester and State Line railroad passes, under provisions of the railroad law. As this money can be used only to retire bonds of the city issued for the benefit of this railroad the problem before your committee was easy of solution, so far as the disposition of the \$5,000 is concerned.

Regarding the payment of premium and interest due on the bond your committee would recommend that the Board of Estimate and Apportionment be requested to authorize the withdrawal from the general sinking fund of an amount sufficient to pay the premium and interest.

Respectfully submitted

By Ald. Parsons—

STREETS AND SEWERS COMMITTEE REPORT.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—Your Committee upon Streets and Sewers, to which was referred the ordinance in relation to a proposed sewer upon Averill avenue, running from the canal north to Broadway, recommends the adoption of the substitute ordinance prepared by the City Engineer and to be introduced at this meeting.

Dated Rochester, Oct. 23, 1900.

Respectfully submitted,

F. G. PARSONS,

WILLIAM J. BAKER,

CHARLES S. COOK,

JAMES H. CASEY.

Received, filed and published.

By Ald. Baker—

ASSESSMENT COMMITTEE REPORT.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—Your Assessment committee begs leave to submit the following report:

In the matter of the petitions of J. B. Y. Warner, Richard D. Richards, Catherine Cleary, Frank X. Foery, Annis Pake, George L. Cornwell and John F. Mussmacher, we recommend that the same be granted as per following ordinance.

In the matter of the petition of the Park Board on behalf of H. S. Brewer, and on account of said Brewer property having been assessed by the Assessors of the city of Rochester at three and one-fourths acres, while as a matter of fact it was less—we recommend that the petition be granted as per following ordinance.

Your Assessment committee begs leave to further report that they have considered the assessment ordinance presented August 14, 1900, relative to Ravine avenue extension under final ordinance No. 5,666, we find that the expenses, etc., for said extension, as reported, are in all respects just and correct, and we therefore recommend that the same be passed.

WILLIAM J. BAKER,

HENRY G. COOK,

WILLIAM T. PLUMB,

W. H. MARSON,

W. ERNST,

Assessment Committee.

Received, filed and published.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That upon the payment by J. B. Y. Warner of the sum of \$500.00, the City Treasurer be, and hereby is, authorized to release from the liens of all taxes and assessments and tax sales, in cases where the tax certificates are held by the city of Rochester, the following described parcel of land: Commencing at a point in the north line of Reservoir avenue at the southwest corner of premises owned by George D. Ramsdell; thence northerly along said Ramsdell's west line for a distance of 300 feet; thence easterly along said Ramsdell's north line a distance of 200 feet; thence northerly at right angles to said Ramsdell's north line, 177 feet; thence northwesterly a distance of 50.3 feet; thence westerly a distance of 42 feet; thence southwesterly a distance of about 290 feet to a point in the center of Virginia terrace if said street were produced northerly as shown upon a map filed in

the Assessors' office; thence westerly to Mt. Hope avenue; thence southerly along the east line of Mt. Hope avenue for a distance of 20 feet; thence easterly on a line which would intersect the west line of Virginia terrace if produced northerly and running at right angles with said Virginia terrace; thence southerly on a line which would be co-incident with the west line of Virginia terrace if produced north from Reservoir avenue, such course running to Reservoir avenue; thence easterly along Reservoir avenue to the place of beginning. Containing about one and a half acres, as shown by a map thereof on file in Monroe County Clerk's office and on file in the Assessors' office in the city of Rochester, to which reference is hereby made.

Sec. 2. That upon the certificate of the Corporation Counsel the City Treasurer be and he hereby is authorized and directed to rebate a personal tax assessed to Richard D. Richards for the year 1900, amounting to \$127.77 (which tax was paid by aforesaid Richards June 29, 1900), and charge the said amount to the erroneous assessment fund.

Sec. 3. The City Treasurer is hereby authorized and directed to cancel the personal tax assessed to Catherine Cleary and others as heirs of William Cleary for the year 1900, amounting to \$27.64, and charge the same to the erroneous assessment fund.

Sec. 4. That Frank X. Foery be allowed to pay the general city taxes for the years 1875 and 1876 upon lot number 1 of Henry S. Brown's subdivision of part of lot 9 in W. W. Mumford's subdivision of lot 7L, Eighth ward, if said tax was sold to the city of Rochester, with interest at the rate of 6 per cent. per annum from the date of sale, within thirty days from the passage of this ordinance; and upon such payment the City Treasurer is hereby authorized and directed to cancel said tax.

Sec. 5. That upon the certificate of the Corporation Counsel, the City Treasurer be, and he hereby is, authorized and directed to rebate a personal tax assessed to Annis Fake, executrix, for the year 1900, amounting to \$39.69, which tax was paid by Annis B. Fake May 31, 1900; and the City Treasurer is hereby further authorized and directed to charge the said amount to the erroneous assessment fund.

Sec. 6. That George L. Cornwell be allowed to pay the general city tax for the years 1877, 1890, 1892, 1893, 1894, 1895, 1896, 1897, 1898, 1899 upon lot 93 of Thomas Moulson's subdivision of part of town lot 53, being part of the Farm and Hebbard tract as laid down upon a map filed in Monroe County Clerk's office in liber 3 of maps at page 128, being more commonly known as No. 20 Augusta street (providing aforesaid taxes were sold to the city of Rochester), with interest at the rate of 6 per cent. per annum from the date of their respective sales, within thirty days from the passage of this ordinance; and upon such payment the City Treasurer is hereby authorized and directed to cancel said taxes.

Sec. 7. That the City Treasurer be, and he hereby is, authorized and directed to cancel the taxes assessed against Englert place and to John F. Mussmacher and wife, for the years 1893, 1894, 1895, 1896, 1897, 1899 and 1900, and the East Side trunk sewer assessment; and he is further authorized and directed to charge the said amount to the erroneous assessment fund.

Sec. 8. The City Treasurer is hereby authorized and directed to cancel one-third of the general city taxes for the following years: 1880, 1884, 1885, 1886, 1887, 1888, 1889, 1890, 1891, 1892, 1893, 1894, 1895, 1896, 1897, 1898,

and 1899, upon land in the Carthage tract, St. Paul street, corner of Genesee avenue, and assessed to H. S. Brewer, more particularly described as land bounded north by Sibley's and west by Kingsley's land—and charge the same to the erroneous assessment fund; and that H. S. Brewer be allowed to pay the general city taxes upon aforesaid land for the said years by paying the remaining two-thirds of said general city taxes, plus sprinkling, water rates and interest, with interest at the rate of 6 per cent. per annum from the dates of their respective sales, within thirty days from the passage of this ordinance; and upon such payment the City Treasurer is hereby authorized and directed to cancel the same.

Sec. 9. All ordinances and parts of ordinances inconsistent with the terms of this ordinance are hereby repealed.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

By Ald. Plumb—

LAW COMMITTEE REPORT.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—The Law Committee to which was referred the resolution introduced by Alderman Parsons at the meeting August 14th, 1900, with reference to the condemnation of certain lands for park purposes, respectfully reports: that they have examined the lands proposed to be taken and the map thereof, filed in the office of the City Clerk, and that they have given a hearing to the Board of Park Commissioners and other persons interested in said matter, and it having been shown to the committee that the money necessary for the purchase of the said lands is now in the hands of the Park Commissioners and is set apart for this purpose, the committee respectfully recommends the passage of the said ordinance in order that the notice may be published in compliance with section 4 of Chapter 193 of the Laws of 1888. Your committee further reports that it is their opinion that the Council has the power to strike out any one or all of the said parcels of land from said resolution, either at this time or at the time of the passage of the final ordinance, and that it is the duty of the Council to do if it believes such action to be for the best interests of the city of Rochester.

Dated Rochester, October 23, 1900.

Respectfully submitted,

WILLIAM T. PLUMB,
CHAS. H. JUDSON,
WM. J. BAKER,
CHAS. S. COOK,
J. MILLER KELLY,

Received, filed and published.

On motion of Ald. Plumb, the resolution appearing at pages 534, 535, 536 and 537, declaring it to be the intention of the city of Rochester to acquire the several parcels of land, named therein for park purposes, was adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

ORDINANCES FOR STREET IMPROVEMENTS.

FIRST ORDINANCES.

AVERILL AVENUE SEWER.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing a sewer in Averill avenue, of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, from a point 80 feet east of the canal bridge to the sewer in Broadway.

Adopted.

The Engineer submitted as such estimate, \$500.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the following improvement is necessary and should be made, viz.:

The construction of a sewer in Averill avenue of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, from a point 80 feet east of canal bridge to the sewer in Broadway.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And, The City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$500, which, being deemed reasonable, is hereby approved.

Be it further ordained, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Averill avenue, in front of which the proposed sewer is to be constructed.

Adopted.

EMERSON, LOCUST, HASTINGS, BIRR AND OTHER STREETS, CARE AND CLEANING OF WALKS.

By Ald. Beard.—Resolved, That the City Engineer ascertain and report to this Council the expense of cleaning the walks from snow on the following named streets.

Adopted.

The Engineer submitted as such estimate, \$4,900.

By Ald. Beard—Resolved, That the following improvement is necessary and should be made, viz.:

The ploughing the snow from the sidewalks and crosswalks and cleaning the gutters at crossings, also removing a strip of dirt three inches in width on each side of the walks on each of the following named streets between the limits mentioned. Said work to continue for one year from the date of contract.

Emerson street, from Dewey avenue to Lake avenue; Locust street, from Dewey avenue to Fulton avenue; Ravine avenue, from Finch street to Hastings street; Glendale park, from Oriole street to Hastings street; Glenwood avenue, from Dewey avenue to Lake avenue; Lexington avenue, from the city line to Lake avenue; Driving Park avenue, from Dewey avenue to the bridge over the Genesee river; Selye terrace, from Pierpont avenue to Lake avenue; BIRR street, from Dewey avenue to Lake avenue; Augustine street, from Dewey avenue to Lake avenue; Flour City park, from Dewey avenue to Lake avenue; Mason street, from Brooklyn street to Thorn street; Phelps avenue, from Backus street to Lake avenue; Sherman street, from Otis street to Emerson street; Gorsline street, from Lake avenue to Park Drive; Riverside street, from Lake avenue to Park Drive; Rose street, from Lake avenue to Park Drive; Raines park, from Lake View park to BIRR street; Fair View Heights, from Lake View park to BIRR street; Maryland street, from Ravine avenue to Lexington avenue and Tacoma street, from Ravine avenue to Driving Park avenue.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$4,900, which, being deemed reasonable, is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of the following named streets between the limits mentioned: Emerson street, from Dewey avenue to Lake avenue; Locust street, from Dewey avenue to Fulton avenue; Ravine avenue, from Finch street to Hastings street; Glendale park, from Oriole street to Hastings street; Glenwood avenue, from Dewey avenue to Lake avenue; Lexington avenue, from the city line to Lake avenue; Driving Park avenue, from Dewey avenue to the bridge over the Genesee river; Selye terrace, from Pierpont avenue to Lake avenue; BIRR street, from Dewey avenue to Lake avenue; Augustine street, from Dewey avenue to Lake avenue; Flour City park, from Dewey avenue to Lake avenue; Mason street, from Brooklyn street to Thorn street; Phelps avenue, from Backus street to Lake avenue; Sherman street, from Otis street to Emerson street; Gorsline street, from Lake avenue to Park Drive; Riverside street, from Lake avenue to Park Drive; Rose street, from Lake avenue to Park Drive; Raines park, from Lake View park to BIRR street; Fair View Heights, from Lake View park to BIRR street; Maryland street, from Ravine avenue to Lexington avenue, and Tacoma street, from Ravine avenue to Driving Park avenue.

Adopted.

FINAL ORDINANCE NO. 482.

SOUTH WASHINGTON STREET WALKS AND CURB.

On motion of Ald. Calihan, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to improve South Washington street, from Troup street to Atkinson street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a Portland cement walk 4 feet wide on each side of South Washington street, from Troup street to Atkinson street, except where good flag or cement walks now exist substantially as good as the new walk, which may be re-laid if not conforming to the proper grade and alignment; also the necessary sidewalk grading. Also the construction of a 4 inch Medina stone curb on each side of said street, properly connected with all streets, alleys and driveways.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$1,350, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of South Washington street, from Troup street to Atkinson street.

Adopted by the following vote:
Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May —18.

FINAL ORDINANCE NO. 483.

RAINES PARK IMPROVEMENT.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to improve Raines park, from Lake View park to Augustine street.

And after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Raines park from Lake View park to Augustine street by setting a line of 6-inch curb with brick gutter on each side of the street, grading the roadway and covering the same with cinders, with the necessary surface sewers and manholes.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$3,900, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Raines park from Lake View park to Augustine street.

Adopted by the following vote:
Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May —18.

FINAL ORDINANCE NO. 484.

FRIEDERICH PARK SEWER.

On motion of Ald. Beard the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a sewer in Friederich park, from a point 65 feet east of Edward street to sewer in Thomas street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Friederich park, from a point 65 feet east of Edward street to the sewer in Thomas street; also the necessary grading.

Also manholes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed or none of form and sufficiency or in number as approved by the Health Officer. Also manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$3,700, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Friederich park from a point 65 feet east of Edward street to Thomas street.

Adopted by the following vote:
Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May —18.

FINAL ORDINANCE NO. 485.

BRADLEY STREET CEMENT WALK AND SEWER.

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a Portland cement walk 4 feet wide on each side of Bradley street, from about 300 feet north of Jen-

nings street to Clifford street, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading; also the construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter, from a point about 300 feet north of Jennings street to the sewer in Clifford street.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$4,400, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Bradley street, from a point 300 feet north of Jennings street to Clifford street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

The final ordinance for St. Paul street asphalt pavement was presented, and after allegations thereon were heard the ordinance was, on motion of Ald. C. S. Cook, laid on the table until the next regular meeting.

UNFINISHED BUSINESS.

By the Clerk—

City Clerk's Office,
Rochester, N. Y., Oct. 23, 1900.
To the Common Council:

Gentlemen—I submit the following as the unfinished business of the last meeting of the Common Council:

An ordinance giving effect to the recommendations of the Assessment committee in relation to the petitions of Ellen Smith, Albert B. Eastwood, William Eastwood, Rochester Real Estate and Investment company, Mrs. M. B. Morse and Mary A. Poppino.

An ordinance presented by Ald. Baker relating to the keeping of bees.

Respectfully,

THEO. S. PULVER,
City Clerk.

Received, filed and published.

By Ald. Baker—Resolved, That the petition of Ellen Smith be and the same is hereby denied.

Adopted.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester:

Section 1. The City Treasurer is hereby authorized and directed to cancel a personal tax assessed to Albert B. Eastwood for the year 1900, amounting to \$19.46, and charge the same to the erroneous assessment fund.

Sec. 2. That upon the certificate of the Corporation Counsel, the City Treasurer be and he hereby is authorized and directed to rebate a personal tax assessed to William Eastwood for the year 1900, amounting to \$77.83—which tax was paid by aforesaid William Eastwood, May 30, 1900—and the Treasurer is hereby further authorized and directed to charge the said amount to the erroneous assessment fund.

Sec. 3. That the Rochester Real Estate and Insurance Co. be allowed to pay the general city tax of 1898 and 1900 upon lot 226, Block and Blauw tract, Wilson avenue, by paying one-tenth of said taxes, and upon such payment the City Treasurer is hereby authorized and directed to cancel aforesaid taxes and charge the amount rebated, viz., nine-tenths of aforesaid taxes, to the erroneous assessment fund.

Sec. 4. That Mrs. M. B. Morse be allowed to pay the general city taxes upon lots 9 and 11, McLean's subdivision, Champlain street, for the years 1894 and 1898 (which taxes were sold to the city of Rochester), with interest at the rate of six per cent. per annum from the date of their respective sales; and upon lot 11, McLean's subdivision, Champlain street (which was sold to the city of Rochester) with interest at the rate of six per cent. per annum from the date of sale; and upon lot 9, McLean's subdivision, Champlain street, for the year 1899 (which tax was sold to the city of Rochester), with interest at the rate of six per cent. per annum. Said taxes to be paid within thirty days after the passage of this ordinance; and upon such payment the City Treasurer be and he hereby is authorized and directed to cancel the same.

Sec. 5. That Mary A. Poppino be allowed to pay the general city tax upon lot 202, Block and Blauw tract, Wilson avenue, for the year 1894, amounting to \$21.54 (which tax was sold to the city of Rochester), by paying into the city treasury the sum of \$1.76 with interest thereon from the date of sale; and upon such payment the City Treasurer is hereby authorized and directed to cancel the aforesaid tax and charge the difference between the original amount of said tax and the amount paid, to the erroneous assessment fund.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

On motion of Ald. Baker, action upon the ordinance relating to the keeping of bees, was postponed until the next regular meeting.

MISCELLANEOUS BUSINESS.

By Ald. Marson—Resolved, That the City Engineer be and hereby is requested to renumber Hubbell park.

Adopted.

By Ald. Marson—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. An ordinance passed September 25, 1900, appearing at page 605, current proceedings, authorizing the Commissioner

of Public Works to place certain arc lights, is hereby amended to read as follows:

That the Commissioner of Public Works be and hereby is authorized to have placed the lights recommended in the foregoing report of the Lamp committee as follows:

One arc light on Melrose street at the west end thereof.

One arc light on Laburnum street, south of Monroe avenue and half way from Monroe avenue to the angle in said street.

One arc light on Bly street, corner of Clinton avenue south.

One arc light on Caroline street, east of Clinton avenue south.

One arc light on Tremont street, about half way between Caledonia avenue and the railroad bridge.

One gas light on Mathews street, near East avenue.

One arc light on Elsdon street, between Sherman street and Cameron street.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

By Ald. Race—Whereas, This Council did by Final Ordinance No. 7895, passed November 28, 1899, determine and ordain that the following improvement was necessary and should be made, to wit: Setting edge stones along each side of the walk at Wadsworth Square and in front of No. 12 school, and the repair of so much of the walks as may be found necessary, the estimate for which was \$500.00, and,

Whereas, The total cost of said improvement has been ascertained and the City Engineer reports that the actual expenses of the improvement over the estimate in the ordinance will amount to \$229.12, which said amount of excess above the estimate is hereby approved:

Now, therefore, Be it ordained that said amount of \$229.12 is hereby directed to be assessed, provided that the Board of Estimate and Apportionment concur, upon the property of the city of Rochester, the same being the territory provided for assessment in said Final Ordinance No. 7895.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

By Ald. Casey—Resolved, That the Bell Telephone company be and hereby is directed to place its wires in Jones avenue underground and remove the poles from said avenue within thirty days from the passage of this resolution.

Adopted.

Ald. Kelly presented the following memorial on the death of Joachim P. Rickard, which was ordered spread on the minutes:

Joachim P. Rickard, a former member of the Common Council, departed this life October 16, 1900. From early manhood Mr. Rickard had been actively interested in public affairs. In addition to his service in the Common Council he had represented a constituency in the Board of Education. His record as a public official is one of unswerving fealty to the best principles of good government. A workingman himself, in the truest sense of the term, he was a devoted friend of the rights of labor. Sincere, conscientious and loyal in every relation of life, Joachim P. Rickard left as a legacy to his kindred and the community a memory with which will ever be associated the recollection of the kindly word spoken and the life work well performed.

By Ald. Baker—

ASSESSMENT ORDINANCE.

Whereas, The entire and aggregate expense of and connected with the improvements named in the following ordinance has been ascertained and reported to this Council as provided by the city charter, therefore

Be it ordained by the Common Council of the City of Rochester as follows:

Sec. 1. The cost of said improvements hereinafter named is hereby adjusted as thus reported, and the City Assessors are hereby directed to make an assessment upon the territory directed to be assessed in the final ordinances for said improvements for the amounts respectively set forth, as follows:

Ord. No.

5599—Seneca Parkway cement walk, \$1,259 87

Said assessments to be paid within thirty (30) days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

By Ald. Plumb—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. The Commissioner of Public Works is hereby authorized to expend from the moneys appropriated for the use of his department such sum of money as may be necessary to run the department during the month of November, 1900.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

Ald. Plumb moved that when the Council adjourn it be until Wednesday evening, November 7th, at 7.30 o'clock. Carried.

By Ald. Parsons—Whereas, The house numbers on the buildings in the following named streets are in need of re-adjustment; now, therefore,

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. The City Engineer is hereby authorized and directed to renumber:

Belmont street.

Section 2. The Commissioner of Public Works is hereby authorized and directed to notify all owners of buildings on the above named streets to renumber the same in accordance with the numbers assigned by the City Engineer, within ten days after receiving notice from said Commissioner; and in case the owner omits to do so, then the said Commissioner of Public Works is hereby authorized and directed to renumber such building or buildings in accordance with section 21 of an ordinance relating to streets, passed May 11, 1897.

Section 3. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

By Ald. Kelly—Be it ordained by the Common Council of the city of Rochester as follows:

That the report of the Commissioners of Appraisal in the matter of the opening and extension of Rugraff street, under final ordinance No. 7,773, presented to this Council at the meeting of September 25, 1900, and appearing at page 638, current proceed-

ings, be and the same hereby is approved and confirmed.

Allegations were heard from all persons appearing, after which the ordinance was adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, G. H. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

By Ald. Ernst—Whereas, It is with profound sorrow that this Common Council has learned of the death of the father of our colleague and friend, Alderman J. Miller Kelly.

Resolved, That this Common Council extends its sympathy and tenders its condolences to our colleague, who loses an affectionate and loving father, and this city a loyal and exemplary citizen. Having reached four score and ten he was prepared to enter into the enjoyment of that world not made with hands eternal in the heavens.

Resolved, That a copy of these resolutions be spread upon the minutes of this meeting and that a copy be engrossed and sent to our colleague under the seal of the city.

Adopted by a rising vote.

By Ald. Judson—Whereas, There is in the hands of County Treasurer Hamilton the sum of \$5,000 collected by him under the provisions of the railroad law from certain towns in and through which the Rochester and State Line railroad, now the B., R. and P. railroad, is maintained and operated; and,

Whereas, Said sum of money can be used for the payment and retirement of bonds issued by the city of Rochester for the benefit of said railroad; now be it

Ordnained by the Common Council of the city of Rochester:

Section 1. The Comptroller of the city of Rochester is requested and authorized to negotiate for the payment and retirement, and to pay and retire a bond or bonds, amounting to the sum of \$5,000 issued by the city of Rochester for the benefit of the Rochester and State Line Railroad; and to apply to the payment and retirement of said bond or bonds the sum of \$5,000 now in the hands of County Treasurer Hamilton collected by him and applicable to such payment and retirement, and to pay from the general sinking fund the premium necessary to be paid for the purchase of said bond or bonds and the interest which has accrued and which may accrue upon the same up to the time of retirement; provided the said comptroller deems it for the best interest of the city of Rochester so to do.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

By Ald. Judson—Be it ordained by the Common Council of the city of Rochester as follows:

That the taxpayers assessed for Hayward avenue asphalt pavement, under final ordinance No. 6,257, be granted two years from November 24, 1900, in which to pay their assessments, with interest at the rate of 6 per cent.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

By Ald. Tanner—Be it ordained by the Common Council of the city of Rochester as follows:

That the property owners to be assessed for Lenox street cement walks, under final ordinance No. 480, and for Cady street cement walks, under final ordinance No. 472, be granted until May 1, 1901, to lay their own walks, and the Board of Contract and Supply is hereby directed to defer the letting of the contract under said ordinance until the above date.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

By Ald. Tanner—Whereas, In six election districts of the city the total number of registered voters exceeds 650; and,

Whereas, The polls on election day will be open only eleven hours, or 660 minutes, from which it is apparent that in districts where the total registration exceeds 650 votes must be recorded at the rate of one per minute, if all who are entitled to vote are allowed the privilege; therefore,

Resolved, That the Standard Machine Voting company be and hereby is requested to loan the city for use on election day in districts where the total registered vote cannot be recorded on one machine ten additional machines.

Adopted.

By Ald. May—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Treasurer be and hereby is directed to report the cost of Jay street asphalt pavement, Ord. 7,772, and Ames street asphalt pavement, Ord. 384, on the basis of ten payment assessments.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—18.

Adopted.

Adjourned.

THEODORE S. PULVER,
City Clerk.

In Common Council, Nov. 7, 1900.

REGULAR MEETING.

Present—Hiram H. Edgerton, President Common Council, and

Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—19.

APPROVAL OF MINUTES.

The minutes of the meeting of October 23d were approved as published in the sheets of official proceedings.

RESOLUTIONS.

By Ald. Beard—Resolved, That the Rochester Gas & Electric company be, and hereby is, requested to place one arc light on Portland avenue, near Draper street and one arc light on Hopeman place.

Referred to Lamp and Electricity committee and City Engineer.

By Ald. Kelly—Whereas, The bridge over the Erie canal on Lyell avenue was paid for by an assessment on property in the vicinity of said bridge, since which time

the cost of other bridges erected has been borne by the state.

Resolved, That the senators and assemblymen from Monroe county be and hereby are requested to secure an appropriation by the legislature for the construction of a foot bridge over the canal at Lyell avenue.

Adopted.

By Ald. Ernst—Whereas, In case of accident or other injury by which any of the elevators connected with the public buildings, or the lifting apparatus of the canal bridges, under the general charge of the Department of Public Works, become disabled, or when said buildings or bridges require emergency repairs for other reasons, the best interests of the city and the convenience of the general public require that such injury or damage should be repaired as quickly as possible; and,

Whereas, To procure such repairs by advertising for bids and letting contracts would involve dangerous delays detrimental to the welfare of the city,

Therefore, be it ordained by the Common Council of the city of Rochester as follows:

That it is impracticable to procure the necessary repairs to the elevators of the public buildings and the lifting apparatus of the bridges, and also other emergency repairs to said buildings and bridges that are under the charge of the Department of Public Works, by contract; and the Commissioner of Public Works is hereby authorized and empowered, if the Board of Estimate and Apportionment unanimously concur, to make any necessary emergency repairs to the public buildings and bridges, including repairs to the elevator and lifting apparatus, under his control and management, by direct purchase or otherwise, as he may deem for the best interests of the city.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—19.

By Ald. Mead—Resolved, That the City Engineer be, and hereby is, directed to establish the sidewalk grade on Erath street.

Adopted.

PETITIONS AND REMONSTRANCES.

By Ald. Tracy—Petition of Frances D. Fletcher for building permit. Referred to Building committee and Fire Marshal.

By Ald. C. S. Cook—Petitions of Mrs. V. M. Clark and John Viehman for building permits. Referred to Building committee and Fire Marshal.

Also—Petition of William Wilson for permission to pay taxes without interest. Referred to Assessment committee.

By Ald. Young—Petition of M. Greenstone for permission to remodel building and Frederick Wirley for permission to

erect a building. Referred to Building committee and Fire Marshal.

By Ald. Baker—Petitions of George B. Schoeffel, Charles F. Crandall, C. F. Garfield and W. A. Hetzler for building permits. Referred to Building committee and Fire Marshal.

Also—Petition of F. S. Glaser, S. W. Puffer and John Groh for removal of snow from walks. Received and filed.

Also—Petition of Tacoma street residents for cement walk and plank walk along the ravine. Received and filed.

By Ald. Reddington—Petition of Frank W. Payne for building permit. Referred to Building committee and Fire Marshal.

Also—Petition for an asphalt pavement on Julia street. Referred to City Engineer for ordinance.

By Ald. Plumb—Petition of W. W. Dake for cancellation of tax. Referred to Assessment committee.

Also—Petitions of Frances J. Woodworth, E. A. Rose, Anna Baird, and C. E. Burke for building permits. Referred to Building committee and Fire Marshal.

By Ald. H. G. Cook—Petition of Frank E. Kramer for building permit. Referred to Building committee and Fire Marshal.

By Ald. Parsons—Petition of Daniel D. Ingall for building permit. Referred to Building committee and Fire Marshal.

By Ald. Kelly—Petition of Catherine E. O'Connor for permission to move a building. Referred to Fire Marshal and Commissioner of Public Works.

Also—Petition of Catherine E. O'Connor for building permit. Referred to Building committee and Fire Marshal.

Also—Petition of Thomas Losee for permission to move a building. Referred to Fire Marshal and Commissioner of Public Works.

By Ald. Ernst—Petition of F. A. Brotsch for building permit. Referred to Building committee and Fire Marshal.

By Ald. Mead—Petitions of Martin Storcklein, H. E. Wilson and Hiram E. Wilson for building permits. Referred to Building committee and Fire Marshal.

Also—Petition for electric light corner of Clifford and Manitou streets. Referred to Lamp and Electricity committee and City Engineer.

By Ald. Tanner—by request of Ald. Judson—Petitions of Samuel E. Rohr, William Noffeke, F. E. Fladd and George Bay, for building permits. Referred to Building committee and Fire Marshal.

By Ald. Tanner—Petition of L. J. Doud for building permit. Referred to Building committee and Fire Marshal.

By Ald. May—Petition of Thomas B. Mooney for permission to pay taxes at 6 per cent. Referred to Assessment committee.

Also—Petitions of Herbert Boogert for building permits. Referred to Building committee and Fire Marshal.

OFFICIAL COMMUNICATIONS.

BUDGET NO. 21.

By the Clerk—

Comptroller's Office,
Rochester, N. Y., Oct. 27, 1900.

Respectfully submitted,
JAMES JOHNSTON,
Comptroller.

Received, filed and published.
By the Clerk—

Department of Finance,
Comptroller's Office,
Rochester, N. Y., November 7, 1900.
To the Honorable, the Common Council:
Gentlemen—On November 30th there will be due the city certificates of indebtedness amounting to \$170,000, issued for the benefit of the Over Due Taxes Fund. There will be money enough on hand to pay \$100,000 upon them, and you are hereby requested to grant the necessary authority to issue the city's certificates of indebtedness for the balance, \$70,000, for a period not exceeding eight months, and to be credited to the Over Due Taxes Fund.

JAMES JOHNSTON,
Comptroller.

Received, filed and published and referred to committee on finance.
By the Clerk—

Department of Law,
Rochester, N. Y., Nov. 5, 1900.
To the Honorable the Common Council of the City of Rochester:

Gentlemen—On October 31, 1900, Mr. Henry H. Pryor, Deputy Comptroller, commenced an action in the Supreme court against the city to recover the amount he claims due to him for salary for seven months, commencing with the month of March and ending with the month of September, at the rate of \$2,200 per year, which is the rate of compensation fixed for the office of Deputy Comptroller by the Board of Estimate and Apportionment.

The Common Council by ordinance adopted March 27, 1900, (Current C. C. P., pp. 299-301) recommended for this office the salary of \$2,000 per year.

The action brought by Mr. Pryor presents two questions of law. First, whether the duty of fixing the salaries of the officers of the city is by the new charter placed upon the Board of Estimate and Apportionment or upon the Common Council; and, second, whether Mr. Pryor can recover anything for his salary for the months during which he performed the duties of the office before he gave to the city his official bond as required by section 61 of the new charter. The facts concerning these matters are matters of public record contained in the official proceedings of the various departments and boards of the city, and of course do not admit of controversy.

For the purpose of avoiding the necessity and expense of a trial, I have agreed with the attorney for Mr. Pryor, upon a statement of these indisputable facts as shown by such records, for presentation to the Appellate Division of the Supreme court, and the case is noted for argument at the term which will be held at Rochester, November 20, 1900. I also hold the stipulation of Mr. Pryor's attorney that at any time before argument any additional facts which appear in the records and are deemed material, may be included in the statement submitted to the court.

This course will not only avoid expense, but will also procure an early decision of the Appellate court upon the questions of law submitted and above suggested.

Upon the question of which department or board of the city is, by the new charter, given the power to fix salaries, I expressed an opinion to the Common Council on March 27th (C. C. P., pp. 293-294). On the other question, I expressed an opinion which was communicated to the Common Council on October 9, 1900 (C. C. P., p. 628).

The action taken by the Common Council at its meetings held on March 27, 1900, and July 3, 1900, (C. C. P., pp. 296-303; and 471) and confirmed by its action on September 25, 1900, (C. C. P., p. 607) shows that its views on these subjects differ from those expressed in my opinions. Under these circumstances, if the Common Council will express its wish, I shall be very glad to ask any attorney of its selection, to prepare a brief for the city, and present its case and the questions involved in it to the Appellate Division of the Supreme court.

Yours truly,

P. M. FRENCH,
Corporation Counsel.

Received, filed and published.
By the Clerk—

Department of Law,
Rochester, N. Y., Nov. 7, 1900.
To the Law Committee of the Common Council:

Gentlemen—You have asked me to furnish you an opinion as to whether the City Treasurer shall cause the list of the parcels of real estate to be sold for taxes to be published in one or more of the daily papers of the city.

Section 29 of the White Charter provides

that the two official papers shall publish the proceedings and ordinances of the Common Council and all other matters required by law or by ordinances of the city to be published.

Section 261 of the White Charter provides that the Treasurer shall "take such proceedings to enforce payment by sale of the property assessed or otherwise, and perform all duties required to be performed by him * * * in connection with the collection of taxes and the sale of property for non-payment thereof, and the redemption of property from sales, as is provided for in and by any or either of said laws hereinbefore referred to." The laws "hereinbefore referred to" are the laws in force in the city at the time of taking effect of the White Charter.

Section 95 of the old city charter which was in effect in the City of Rochester at the time of the taking effect of the White Charter, provided that the list of the parcels of real estate to be sold for taxes should be published in one or more of the daily papers of the city.

Section 29 of the White Charter applies generally to all publications, while section 261 of the charter relates specially to proceedings for the sale of lands for unpaid taxes, and it is probable, therefore, that the latter section controls the former in regard to the publications of the list of lands to be sold for unpaid taxes; but as there may be some question about this I think in so important a matter as the sale of lands for unpaid taxes, that it is better to have this list of real estate published in both official papers, thus complying with the provisions of both the old and the new charter, and thus leave no chance for litigation in regard to such sales.

Yours respectfully,

P. M. FRENCH,
Corporation Counsel.

Received, filed and published and referred to committee on law.

By the Clerk—

Rochester, N. Y., Oct. 29, 1900.

To the Hon. the Common Council:
Gentlemen—On October 20, 1900, there were served upon me affidavits and notice of motion in the matter of the opening of a street from Central avenue to Granger street, stating that a motion would be made at a regular term of the Monroe County court, to be held on the 29th day of October, 1900, for an order declaring the said proceedings abandoned. The notice of motion was signed by Elbridge L. Adams, attorney for the Northern Trust Co., as trustee under the will of Mathilde Schneider, deceased.

In the matter of the application of the Northern Trust Co., for a peremptory writ of mandamus against the Common Council, the Appellate division of the Supreme court, fourth department, affirmed the order denying the motion, holding that appellant's remedy was to apply to the County court for an order declaring the proceedings abandoned.

This application seems to have been made in accordance with the decision of the Appellate division. On October 29th, I appeared before the Monroe County court and asked that the matter be adjourned for two weeks in order that the Common Council might have an opportunity of deciding what to do. My request was granted, and the proceeding was adjourned to November 12, 1900, upon which date it will be heard by said court.

I wish to call your attention to this mat-

ter, so that you may take such action as you deem advisable.

Yours truly,

P. M. FRENCH,
Corporation Counsel.

Received, filed and published and referred to committee on law, on motion of Ald. C. S. Cook.

By the Clerk—

Hemlock Lake Commission,
Rochester, N. Y., Nov. 5, 1900.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—The Hemlock Lake commission hereby requests a further appropriation of \$25,000 for the purpose of concluding contracts of purchase already made.

Respectfully,

HENRY N. SCHLICK,
Chairman.

SOL WILE, Secretary.

Received, filed and published and referred to committee on Finance.

By the Clerk—

Report of the Police Court Clerk for the month of October, 1900:

Rochester, November 1, 1900.

To the Honorable, the Common Council, City of Rochester:

Gentlemen—During the month of October, 1900, the total moneys received from fines, etc., to be credited to the Police Funds, as shown by itemized reports of this date, was \$172.00. The total receipts for the Police Pension Fund was \$120.00.

Respectfully submitted,

RICHARD CURRAN,
Police Court Clerk.

Received, filed and published.

MISCELLANEOUS COMMUNICATIONS.

By the Clerk—

To the Honorable Common Council of the City of Rochester:

Gentlemen: I desire to call your attention to the fact that Andrew J. Townson, president of the Board of Education, is at the present time, at his own expense, as alleged in the public press, engaged in an investigation of the accounts of the Board of Education, claiming that there is a discrepancy between the amounts to the credit of the board, as shown by the books of the City Treasurer and the books of the board. It nowhere appears from the records of the board that this investigation was ordered by the board itself.

To one who has followed the course of events in this city during the past few months the purpose of such an investigation is clearly apparent. It is for the purpose of discrediting the acts of Mr. Milton Noyes, superintendent of public instruction, and for the purpose of laying a foundation, if possible, upon which to prefer charges against him.

Mr. Noyes courts an investigation of his conduct of the affairs of his office, and has no wish to evade any responsibility that may attach to him. The only right which he demands is that he shall be tried by a fair, unprejudiced and impartial tribunal.

Your honorable body has the right and I respectfully contend that it is your duty to investigate the matter in question. Section 14c of the "Dow Law," so called, provides: "The Common Council may investigate any and all charges, claims or proceedings of or made against said Board of Education, its officers and employees, or in any way relating to said public schools of said city, and have all the powers and

authority which are conferred by law upon any committee or board which is authorized to send for persons and papers."

The city charter provides that the Common Council "has power to investigate all city officers and departments." It is a well-known principle of law that permissive words used in statutes, conferring power or authority upon public officers or bodies, will be held to be mandatory where the act authorized to be done concerns the public interests or the rights of individuals.

Mr. Noyes most certainly objects to a hearing before the Board of Education. The conduct of the majority of this board, as represented by Mr. Townson and Professor Forbes, has been such as to entirely disqualify them for judicial action in his case. It has been their boast that they proposed to get rid of Mr. Noyes. If they have been correctly quoted, they have repeatedly, by interviews in the public press, misrepresented the acts of Mr. Noyes, and have endeavored to lead the public to believe that he is entirely unfitted for the duties of his position. They have charged him with acts for which the board itself, and not Mr. Noyes, is responsible.

In a recent communication in the public press, signed by Messrs. Alling and Barbour, it is stated by them that when last fall Mr. Chamberlain asked Mr. Alling to favor him as a candidate for the school board, Mr. Alling asked Mr. Chamberlain where he stood with regard to the retention of Mr. Noyes as superintendent of public instruction. If Mr. Chamberlain was asked regarding his intention towards Mr. Noyes, is it not fair to presume that the other candidates were questioned in the same manner? If I may be allowed to use a political term in the same breath with the names of Good Government leaders, does it not appear that the Board of Education has been "packed" against Mr. Noyes, and would such a tribunal be the proper one to investigate his actions and his competency?

The action of the Board of Education in the case of Mr. Oliver is another illustration of the reason why Mr. Noyes does not care to have his acts judged by these gentlemen. In that case the board preferred charges against Mr. Oliver, and in spite of his protest proceeded to act as judges and pass upon the truth of their own charges. The people know the result. This is not France, and Dreyfus methods do not appeal strongly to the Anglo-Saxon mind.

I am authorized by Mr. Noyes to say that if your honorable body will investigate the finances of the school board, and that if, after such investigations you find that the city has suffered any loss, and that Mr. Noyes is responsible for such loss, that he will cheerfully and promptly repay to the city the amount for which he is responsible. The only privilege that he asks is that he shall have an opportunity to call such witnesses as he may deem necessary and explain his connection with the matters under investigation.

There are other matters in this same connection to which I think it proper that I should call your attention. The fact that many of our citizens are privately talking about the conduct of the Board of Education, and that the public prints are constantly filled with interviews and articles regarding the acts of the board, has the tendency to weaken the respect in which the board should be held, and is very detrimental to our public school system; and if your honorable body, in connection with the investigation of the accounts of the board, will also investigate the matters to

which I refer, it seems to me that it would be for the advantage of the city.

Section 139 of the Dow law provides: "Whenever such board shall build, enlarge, repair, furnish or supply any school building or buildings, or make any improvements or repairs, or purchase any supplies, or publish reports of its proceedings, the cost of which will exceed \$250, the board shall proceed as follows:" Then follows a provision providing that the board shall advertise for bids twice in each week for two weeks in two Rochester newspapers, and that the resolution providing for such advertisements shall be entered in full on the record of proceedings of the board, and further provides that the bids shall be publicly read at a meeting of the board, and that the bids shall contain the names of every person interested in the same, and shall be accompanied by a sufficient guaranty of some disinterested person that the bid, if accepted, will be carried out.

I find from an examination of the official minutes of the board that at the meeting of April 2, 1900, an account for \$324, due Macmillan & Company, was ordered paid. By an examination of the voucher it appears that the goods were ordered by Mr. A. J. Townson, and that the account was approved by him. I also find from the same source, that at the meeting of April 30, 1900, an account for \$273.15 was ordered paid to Ginn & Co. An examination of the voucher shows that the goods were ordered by A. J. Townson and certified as correct by him. I also find from the same source that at the meeting of June 4th an account for \$262.33 was ordered paid to Milton Bradley Co. An examination of the voucher shows that the goods were ordered by A. J. Townson and certified as correct by him.

In neither of these cases can I find that any advertisements for bids were made by the board.

I find that there are a number of other bills. For instance, one of Ginn & Co. for \$100.67, one of Milton Bradley Co. for \$168.69, and one of Alling & Cory for \$191.95. In each instance it appears that the goods were ordered by Mr. Townson. A frequent recurrence of the same names in the bills of the board would certainly suggest the inquiry whether or not the interests of the city would not be better subserved by advertisement when supplies are needed by the board. I am also informed, although the matter does not appear in the minutes that the board has lately bought books to the amount of nearly twelve hundred dollars, without advertisement for bids.

It also appears that the board has lately employed as teachers in the night schools a number of students in the University of Rochester, many of whom live out of the city, while it is well known that there are many experienced teachers placed upon the reserve list by the board at the beginning of the school year, living in the city, who need and would be glad of the work.

In justice to the Board of Education, however, it should be said that the fact that Mr. Townson is a trustee of the university, that Prof. Forbes is a professor in the university, and that Mrs. Montgomery is a daughter of a Baptist clergyman and sometimes preaches herself, and therefore deeply interested in the university, is probably the reason why the names of these students so readily suggested themselves to the board. However, any mistake made in this matter I have no doubt will be cheerfully corrected by the board upon a mere suggestion.

The majority of the members of this board have repeatedly charged that a cer-

tain statute passed by the legislature of 1900 was forged. Yet the interesting fact appears that the board has repeatedly acted in accordance with the provisions of this statute and in a manner that it was not permitted to do under any other statute, and that, too, after the board made the claim of forgery. This fact illustrates the inconsistencies of the board, and the readiness with which it seizes upon any pretext to bring the superintendent of public instruction into disrepute. In a recent issue of one of our city papers I find this statement: "President Townson, of the school board, last night gave out the list of teachers and principals selected for the night schools. The list will be submitted at the meeting of the board to-morrow evening for ratification. Undoubtedly, all those on the present list will go through without a change." A very natural question is whether the people elected this board to indorse the wishes and ratify the acts of Mr. Townson and those persons whom he may wish to consult, or whether all should have equal voice in deliberation. If common reports are true, it is the usual custom for three members of the board to meet in secret and then simply to present the result of their labors to the open board for ratification. Would it not be a proper subject of inquiry for your honorable body to determine whether the majority of the Board of Education has pursued the course noted above, and if so, whether such a course is within the limits of a reasonable discretion?

There are other matters in connection with this board which deserve investigation and which will readily suggest themselves when the affairs of the board are carefully and thoroughly considered.

I would therefore respectfully ask your honorable body not only to investigate the accounts of the Board of Education, but also the entire action and conduct of the board, to the end that the people may be informed by an impartial investigation as to where the truth lies.

Dated Rochester, November 3, 1900.

Respectfully yours,

JOHN A BARRITE,

Attorney for Milton Noyes, Superintendent of Public Instruction.

On motion of Ald. Plumb, referred to Law committee to report at the next regular meeting on the advisability of an investigation.

STANDING COMMITTEE REPORTS.

By Ald. Parsons—

STREETS AND SEWERS COMMITTEE REPORT.

To the Common Council:

Gentlemen—On the petition of interested property owners for the closing of Leighton avenue from Goodman street to Palmer street, your committee would respectfully report:

By an ordinance passed May 8th, this street was closed from Barnum street to Palmer street. That portion of the street from Palmer street to Goodman street is of no use or accommodation to the general public. All of the abutting property owners have signed the petition and your committee therefore recommends the adoption of the accompanying ordinance declaring it to be the intention of this Council to

close the street in accordance with the petition.

Respectfully submitted,
F. G. PARSONS,
WM. J. BAKER,
CHAS. S. COOK,
JAS. H. CASEY,
MATHIAS J. CALIHAN,

Received, filed and published.

By Ald. Judson—Whereas, The owners of the property fronting on Leighton avenue, between Palmer and Goodman streets, have petitioned this Council to close that portion of said avenue between said streets; now, therefore,

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That the Common Council of the city of Rochester hereby declares its intention to discontinue Leighton avenue between Goodman and Palmer streets; that all persons interested in the discontinuance of said portion of said avenue be heard in reference thereto at the regular meeting of this Council appointed to be held in the Common Council chamber in the city hall building on the 4th day of December, 1900, at 8 o'clock p. m.; that this ordinance shall be published for ten days preceding said regular meeting in the official newspapers of the city for the purpose of giving the notice required by section 143 of the new city charter.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson. Race, C. S. Cook, Ward, Young, Beard Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—19.

By Ald. Baker—

ASSESSMENT COMMITTEE REPORT.

Rochester, N. Y., Nov. 7, 1900.

To the Hon. the Common Council of the City of Rochester:

Gentlemen—Your Assessment committee begs leave to submit the following report: In the matter of the petitions of William Dove and another, Joshua Warren, James H. Buckley and another, we recommend that the same be granted as per following ordinance.

WM. J. BAKER,
W. H. MARSON,
WILLIAM T. PLUMB,
HENRY G. COOK,
W. ERNST,
Assessment Committee.

Received, filed and published.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester, as follows:

Section 1. That William Dove and another be allowed to pay the general city tax upon lot — N. E., Carthage tract, St. Paul street, which tax was sold to the city of Rochester, March 31, 1881, with interest at the rate of six per cent. per annum from the date of sale, and upon such payment the City Treasurer hereby is authorized and directed to cancel the same.

Sec. 2. That the City Treasurer be and hereby is authorized and directed to cancel the personal tax assessed to Joshua Warren for the year of 1899, amounting to \$19.83, and charge the same to the Erroneous Assessment fund.

Sec. 3. That James H. Buckley and Charles Englert, Jr., be allowed to pay the general city tax upon lots 287, 283, 46, 228, and the west parts of lots 61 and part 53 in the Goodman Street Homestead association tract for the year 1897, including street

improvement (if said taxes were sold to the City of Rochester) with interest at the rate of six per cent. per annum; and upon such payment of aforesaid taxes, said treasurer be and he hereby is authorized and directed to cancel the same.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—19.

By Ald. Tanner—

BUILDING COMMITTEE REPORT.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—In the matter of the petitions of Harriet Craft, Breck street; F. A. Brockelt, 16 Dartmouth street; F. G. Rocherfellow, 164 Saxton street; W. L. Ratcliff, 36 Jefferson avenue; Margaret E. Byers, Post street; Mrs. Fannie Berman, Baden street; Charles Blaesi, Heideberg street; E. T. Damon, 97 Jefferson avenue; Schaefer and Schoeneberger, 129 Bay street; William C. Morey, 94 Oxford street; Alex. McWhorter, 131 Mt. Hope avenue; Adelia A. Jennings, 487 Main street east; Charles Roswer, 128 Chatham street; Andrew Woolenseck, 81 Clifford street; Charles Bridgeford, 294 and 296 State street; C. D. U. Hobbie, 1652 Main street east; A. B. Headley, Hayward avenue; A. B. Headley, Chamberlain street; A. Findel, 767 Clinton avenue north; Leonard Miller, 71 Maria street; Bennett E. James, Parsells avenue; Standard Brewing Co., Cataract and Platt streets; William Dove, Melrose street; Mrs. J. M. Johanus, Brown street; Walter S. Buck, 16 Mathew street; Adam Long, 27 Rauber street; C. D. U. Hobbie, 9 Holmdale place; H. R. and E. W. Day, Day place; H. R. and E. W. Day, Day place; H. R. and E. W. Day, Day place; H. R. and E. W. Committee on Buildings.

Received, filed and published.

By Ald. Tanner—Be it ordained by the Common Council of the city of Rochester as follows:

Sec. 1. That permission be and hereby is granted to the petitioners named in the foregoing report of the Building committee, and in the report of said committee appearing at page 632, current proceedings, to erect buildings in accordance with their several petitions, providing that all work done pursuant to this authorization, shall conform in all respects to the facts set forth in the petitions of the applicants and to the plans and specifications submitted to the Fire Marshal and to the penal ordinances of the city of Rochester, entitled "An ordinance relating to buildings," and the Fire Marshal is hereby authorized to issue such permits.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—19.

ACTION UPON ORDINANCES FOR STREET IMPROVEMENTS.

FIRST ORDINANCES.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of cleaning snow from walks, cleaning gutters, etc. in Seneca parkway, Emerson and other streets in the Tenth ward.

Adopted.

The Engineer submitted as such estimate, \$2,100.

By Ald. Beard—Resolved, That the following improvement is necessary and should be made, viz.:

The ploughing the snow from the sidewalks and crosswalks and cleaning the gutters at crossings, also removing a strip of dirt three inches in width on each side of the walks on each of the following named streets between the limits mentioned. Said work to continue for one year from the date of contract.

Emerson street, from Dewey avenue to Deep Hollow ravine; Seneca parkway, south side, from Raines park to Lake avenue; Pierpont avenue, east side, from Driving Park avenue to Augustine street; Lexington avenue, from city line to Dewey avenue; Birr street, from Dewey avenue to Lake avenue; Augustine street, from Dewey avenue to Lake avenue; Flour City park, from Dewey avenue to Park drive; Riverside street, from Lake avenue to Park drive; Rose street, from Lake avenue to Maplewood avenue; Raines park, from Lake View park to Birr street; Fair View heights, from Lake View park to Birr street.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$2,100, which, being deemed reasonable, is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Emerson street, from Dewey avenue to Deep Hollow ravine; Seneca parkway, south side, from Raines park to Lake avenue; Pierpont avenue, east side, from Driving Park avenue to Augustine street; Lexington avenue, from city line to Dewey avenue; Birr street, from Dewey avenue to Lake avenue; Augustine street, from Dewey avenue to Lake avenue; Flour City park, from Dewey avenue to Park drive; Riverside street, from Lake avenue to Park drive; Rose street, from Lake avenue to Maplewood avenue; Raines park, from Lake View park to Birr street; Fair View heights, from Lake View park to Birr street.

Adopted.

FINAL ORDINANCES.

By Ald. Mead—Be it ordained by the Common Council of the City of Rochester as follows:

Section 1. That the final ordinance, No. 484, for Friederich park sewer be amended so that the description of the proposed improvement shall read as follows:

FRIEDERICH PARK SEWER.

FINAL ORDINANCE, NO. 484.

(Amendment.)

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Friederich park, from a point 65 feet east of Edward street to the sewer in Thomas street; also the necessary grading.

Also manholes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed or none of form and sufficiency or in number as approved by the Health Officer. Also manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

Also the construction of a four-foot plank sidewalk on each side of the street, from Thomas street to Hudson avenue, except where good walks now exist, which will be relaid where not conforming to the proper grade and alignment; also the necessary street grading.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—19.

AVERILL AVENUE SEWER.

FINAL ORDINANCE NO. 486.

On motion of Ald. Beard the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a sewer in Averill avenue, from a point 80 feet east of the canal bridge to the sewer in Broadway.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a sewer in Averill avenue of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, from a point 80 feet east of canal bridge to the sewer in Broadway.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots

and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under direction of this Council having made and reported as an estimate of the expense thereof the sum of \$500, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Averill avenue, in front of which the proposed sewer is to be constructed.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—19.

The final ordinance for care and cleaning of walks on Emerson and other streets was presented and on motion of Ald. Baker action thereon was indefinitely postponed.

The final ordinance for St. Paul street asphalt improvement was presented and on motion of Alderman Cook action thereon was postponed until the next regular meeting.

MISCELLANEOUS BUSINESS.

By Ald. Plumb—Whereas, An action has been brought against the City of Rochester by Mr. Henry H. Pryor for his salary as deputy comptroller, and,

Whereas, The Corporation Counsel has requested the Common Council to select an attorney to argue said case; therefore,

Resolved, That the Corporation Counsel be requested to employ Hon. James B. Perkins to prepare the brief upon the argument of said case and to argue the same in accordance with the provisions of section 421 of the charter for cities of the second class.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—19.

ASSESSMENT ORDINANCE.

By Ald. Baker—Whereas, The entire cost of the extension of Ravine avenue, under final ordinance No. 5666, including amounts paid for land deemed necessary to be taken and all costs and charges of the city in the proceedings has been reported at one thousand three hundred sixty and 17-100 dollars (\$1,360.17).

Be it ordained by the Common Council of the City of Rochester, as follows:

That the portion or part of the city on which said expense is hereby directed to be assessed and which this Common Council deems will be benefited by the improvement are the lots and parcels of land within the part of the city described and directed to be assessed in and by the final ordinance relative to said improvement; and the assessors of said city, if they are not interested in any of the lots or parcels of land to be taken or situated within the territory directed to be assessed as aforesaid,

are hereby directed to apportion and assess said expense and make an assessment upon all of the lots and parcels of land within the portion of the city directed to be assessed and benefited as aforesaid, and as near as may be in proportion to the benefit which will be derived therefrom.

Said assessments to be paid as follows: One-third within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer; one-third within one year from the confirmation of the assessment roll and the remaining one-third within two years from the confirmation of the assessment roll.

Allegations were called for, and no person appearing the ordinance was adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—19.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That the assessment for Glenwood avenue extension under final ordinance No. 5975, as set forth in the roll reported to this council be and hereby is in all things approved and confirmed.

Allegations were called for and no person appearing the ordinance was adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—19.

By Ald. Plumb—Be it ordained by the Common Council of the city of Rochester as follows:

That the Commissioner of Public Works of the city of Rochester pay to William H. Jones & Sons, by his check to their order, the sum of two thousand six hundred and ninety-two dollars and fifty-five cents (\$2,692.55), with the accrued interest thereon, now on deposit in the Rochester Savings bank to the credit of the Executive Board of the city of Rochester, and a like amount, with accrued interest, now on deposit in the Monroe County Savings bank, to the credit of the same board, which sums are a reserve fund on account of work, labor and services performed and materials furnished by said William H. Jones & Sons, in the construction of a tunnel for said city of Rochester near Hemlock lake, and being the same sums mentioned in, and directed to be paid by a certain agreement of settlement made in an action wherein the said firm was plaintiff and the said city of Rochester and the Central bank of Rochester were defendants, and executed on the part of the parties to said action upon the 13th day of October, 1900, and duly reported to this body upon the 23d day of October, 1900.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Tanner, May—19.

Adjourned.

THEODORE S. PULVER,
City Clerk.

In Common Council, Nov. 20, 1900.

REGULAR MEETING.

Present—Hiram H. Edgerton, President
Common Council, and

Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner—18.

APPROVAL OF MINUTES.

The minutes of the meeting of November 7th were approved as printed in the sheets of official proceedings.

RESOLUTIONS.

By Ald. Young—Resolved, That the Rochester Gas and Electric company be and hereby is requested to place double arc incandescent electric lights on North street from Main street east to Nash street, the same to replace the single arc lights now in said street.

Referred to Lamp and Electricity committee and City Engineer.

By Ald. Plumb—Resolved, That the Rochester Gas and Electric company be and hereby is directed to place an arc electric light on South Union street between George street and Gardiner Park.

Referred to Lamp and Electricity committee and City Engineer.

By Ald. Parsons—Resolved, That the City Engineer and the Corporation Counsel prepare the necessary ordinances for extending the city limits so as to include property acquired by the state of New York for state hospital purposes.

Adopted.

By Ald. Ernst—Resolved, That the Commissioner of Public Works be, and hereby is, authorized to replace the single arc lights on Main street east from University avenue to the bridge over the Central railroad tracks with necessary double arc incandescent lights.

Referred to Lamp and Electricity committee and City Engineer.

PETITIONS AND REMONSTRANCES.

By Ald. Tracy, by request of Ald. Calihan—Petition of John Jardine for building permit. Referred to Fire Marshal and Building committee.

By Ald. Marson—Petition of Catherine Kennedy for reduction of interest on taxes. Referred to Assessment committee.

Also—Petition of Joseph A. Adlington for building permit. Referred to Building committee and Fire Marshal.

By Ald. C. S. Cook—Petition of Bausch & Lomb Optical company for building permit. Referred to Building committee and Fire Marshal.

By Ald. Ward—Petition of J. B. Brewer for building permit. Referred to Building committee and Fire Marshal.

By Ald. Young—Petition of Moses Goldstein for permission to pay taxes without interest or expenses added. Referred to Assessment committee.

By Ald. Beard—Petition of Samuel Cominsky for building permit. Referred to Building committee and Fire Marshal.

Respectfully submitted

JAMES JOHNSTON,
Comptroller.

Received, filed and published.

By Ald. Kelly—

Rochester, N. Y., Nov. 20, 1900.
To the Honorable the Common Council of the City of Rochester:

Gentlemen—We, the undersigned commissioners of Mt. Hope cemetery, respectfully show to your honorable body that one acre of land, owned by Eliza E. Boughton, situate at the corner of Mount Hope and Elmwood avenues in the city of Rochester, is a tract of land which is necessary for the purpose of beautifying Mount Hope cemetery. We would therefore respectfully recommend that your honorable body take such steps as may be necessary, under the charter of the city of Rochester, for the purchase of the same.

Respectfully submitted,
FREDERICK COOK,
HENRY B. HATHAWAY,
V. MOREAU SMITH,

Commissioners of Mount Hope cemetery.
Received, filed and published.

By Ald. Kelly—Resolved, That the following improvement is necessary and should be made, and the Common Council hereby declares that the public good requires the same, viz.: the acquiring of all that tract or parcel of land known and distinguished as one acre taken off the southwest corner of lot 23, bounded west and south by the west and south line of lot; east by Mount Hope avenue; north by a line parallel with the south line of lot and

so far distant therefrom as to contain one acre of land, for the purposes of Mount Hope cemetery.

Resolved, Further, That the commissioners of Mount Hope cemetery be and they hereby are authorized and directed to negotiate with the owner or owners of aforesaid tract or parcel of land for the purchase of the same, which the Common Council deems necessary for said improvement.

Adopted by the following vote:
Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner—18.

By Ald. Kelly—

Rochester, N. Y., Nov. 20, 1900.
To the Honorable the Common Council of the City of Rochester:

Gentlemen—The owner, Eliza E. Boughton, in the matter of the purchase of land for Mount Hope Cemetery purposes, which has been referred to the Mount Hope cemetery commissioners to negotiate with the owner or owners of the property for the purchase of land necessary for the proposed improvement, has made a tender to the commissioners of Mount Hope cemetery of the entire tract above described for the sum of \$5,500. This price the commissioners of Mount Hope cemetery deem fair and reasonable for the property in

question, and would therefore recommend that your honorable body approve the same.

Yours respectfully,
FREDERICK COOK,
HENRY B. HATHAWAY,
V. MOREAU SMITH,

Mount Hope Cemetery Commissioners.
 Received, filed and published.

By Ald. Kelly—Resolved, That the commissioners of Mount Hope cemetery be and hereby are authorized and directed to purchase the lands and premises which are deemed necessary for the improvement of Mount Hope cemetery, and that the purchase of the same be and the same is hereby in all things approved.

Adopted by the following vote:
 Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner—18.

By the clerk—
 Department of Public Safety.
 Rochester, Nov. 17, 1900.

Mr. Theodore S. Pulver, City Clerk:
 Dear Sir—In compliance with section 6 of the police ordinance of January 30, 1900, which provides that the grade of Detective Sergeant be filled after a probationary assignment of not less than six months, and the ordinance having become effective May 18, 1900, I have this day appointed as detective sergeants the following:

John P. McDonald, Edwin J. O'Brien, William H. Bauer, Thomas Lynch, Charles J. Muldoon, William F. Maguire, George Long, Patrick C. Kavanagh.

Very truly yours,
JAMES D. CASEY,
 Commissioner of Public Safety.

Received, filed and published.

By the Clerk—
 Rochester, N. Y., Nov. 20, 1900.
 To the Honorable, the Common Council of the city of Rochester:

Gentlemen—The hearing upon the motion to have declared abandoned the proceeding in the Monroe County court for the acquirement of lands necessary for the opening of a street from Granger street to Central avenue, was, upon my request, adjourned to November 21, 1900. This will give your body an opportunity of taking such action as it deems advisable before the motion comes on for a hearing.

Yours truly,
P. M. FRENCH,
 Corporation Counsel.

Received, filed and published and referred to Committee on Law.

By the Clerk—
 Rochester, N. Y., Nov. 20, 1900.
 To the Honorable, the Common Council:
 Gentlemen—In accordance with a resolution passed by your honorable body, I commenced proceedings upon behalf of the city of Rochester against the Assessors of the towns of Brighton, Henrietta and West Bloomfield, to have canceled the assessments made by said towns upon the conduits belonging to the city constructed and maintained in, under and through public highways.

Writs of certiorari were issued to review the assessments of each of said towns, and came up for a hearing at Special Term on October 30, 1900. On November 8, 1900, a decision was handed down quashing the writs of certiorari and permitting the assessments levied upon said portions of said conduits to stand.

In my opinion an appeal to the Appellate Division should be taken from the orders quashing the writs of certiorari, and I respectfully request you to authorize me to appeal from said orders.

Yours truly,
P. M. FRENCH,
 Corporation Counsel.

Received, filed and published.

By Ald. Plumb—Be it ordained by the Common Council of the city of Rochester as follows:

1. The Corporation Counsel is hereby authorized and directed to appeal to the Appellate Division of the Supreme court from the final orders or judgments quashing the writs of certiorari issued to review the assessments for the year 1900 upon the property of the city in the towns of Brighton, Henrietta and West Bloomfield.

2. This ordinance shall take effect immediately.

Adopted by the following vote:
 Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner.

By the Clerk—
 City Treasurer's Office,
 Rochester, N. Y., Nov. 20, 1900.

To the Hon. the Common Council:
 Gentlemen—I hereby certify that the Department of Public Works has notified me that the works or improvements authorized under ordinances hereinafter mentioned have been completed; that I have, pursuant to the provisions of the Charter, ascertained the entire and aggregate expense of, and connected with the same respectively, including any interest that the city shall incur, or is entitled to for the use of its funds, and that the respective amounts thereof are as follows:

Ordinance and Improvement.	Expense

REPORTS OF STANDING COMMITTEES.

By Ald. Judson—

FINANCE COMMITTEE REPORT.

To the Common Council:
 Gentlemen—Your Finance committee, to which was referred the Comptroller's communication of date November 7, 1900, requesting authority to issue the city's certificates of indebtedness to the amount of seventy thousand dollars (\$70,000.00) on account of Overdue Taxes fund to provide for obligations falling due November 30th, would respectfully recommend that the request be granted.

CHAS. H. JUDSON,
FRANK A. WARD,
JAMES J. TANNER,
W. H. MARSON,
W. H. TRACY,
 Finance Committee.

Received, filed and published.

By Ald. Judson—Be it ordained by the Common Council of the city of Rochester as follows:

For the purpose of procuring money to meet the city's notes or certificates of indebtedness given to supply moneys represented by unpaid taxes of 1899 and previous

years, the city shall borrow the sum of seventy thousand dollars (\$70,000.00) or so much thereof as may be necessary, and the city's notes or certificates of indebtedness aggregating not more than that sum to be paid out of moneys received as such taxes, signed by the Mayor and Treasurer and countersigned by the Comptroller, are hereby authorized, which certificates shall be issued for not less than par, shall bear a rate of interest not greater than six per cent., shall become due not later than August 1, 1901, and shall be negotiated by the Comptroller and the avails thereof immediately paid to the City Treasurer to be by him deposited in banks as required by law.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner—18.

By Ald. Judson—

FINANCE COMMITTEE REPORT.

To the Common Council:

Gentlemen: Your Finance committee, to which was referred the request of the Hemlock Lake commissioners, of date November 5th, requesting that the sum of twenty-five thousand dollars (\$25,000.00) be appropriated to the funds of the commission to enable it to conclude contracts of purchase already made, would recommend that city notes for twenty-five thousand dollars be authorized, the proceeds to be placed to the credit of the Hemlock Lake Watershed fund.

CHAS. H. JUDSON,
FRANK A. WARD,
JAMES J. TANNER,
W. H. MARSON,
W. H. TRACY.

Received, filed and published.

By Ald. Judson—Be it ordained by the Common Council of the city of Rochester as follows:

That the Comptroller be and he hereby is authorized and directed to issue the city's note for the sum of twenty-five thousand dollars (\$25,000) under the authority of chapter 1018 of the laws of 1895 as amended by chapter 640 of the laws of 1899; said note to run for a period not exceeding eight months, to be negotiated by the Comptroller, the avails thereof to be paid to the City Treasurer and to be by him deposited in banks to the credit of the Hemlock Lake Watershed fund; said note to be paid from the proceeds of Hemlock Lake Watershed bonds, when sold, as provided by law.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner—18.

By Ald. Baker—

ASSESSMENT COMMITTEE REPORT.

Rochester, N. Y., Nov. 20, 1900.

To the Hon. the Common Council of the City of Rochester:

Gentlemen—Your Assessment committee begs leave to submit the following report: In the matter of the petitions of Martin Higgins, Catherine Higgins, William Wilson, Catherine Cleary, Thomas B. Mooney and Fonda, Kelly & Snow, we recommend

that the same be granted as per following ordinance.

Respectfully submitted,
WM. J. BAKER,
W. H. MARSON,
WILLIAM T. PLUMB,
HENRY G. COOK,
W. ERNST,
Assessment Committee.

Received, filed and published.

By Ald. Baker—Be it ordained by the Common Council of the City of Rochester as follows:

Section 1. That the City Treasurer be and hereby is authorized and directed to cancel the general city tax assessed against Martin Higgins for lot 10, Hauck & Higgins' subdivision, west side of Cottage park (now Elgin street) for the years 1898, 1899 and 1900, and the assessment for the Genesee Valley canal outlet sewer (which said taxes were sold to the city of Rochester); and the City Treasurer is hereby authorized and directed to charge the said amounts to the Erroneous Assessment fund.

Sec. 2. That the City Treasurer be and hereby is authorized and directed to cancel the general city taxes assessed against Catherine Higgins for lot number 9, Hauck & Higgins' subdivision, west side of Cottage park (now Elgin street) for the years 1898, 1899 and 1900, and the assessment for the Genesee Valley canal outlet sewer (which said taxes were sold to the city of Rochester); and the City Treasurer is hereby authorized and directed to charge the said amounts to the Erroneous Assessment fund.

Sec. 3. That William Wilson be allowed to pay the general city taxes upon lot 19, section D, Boulevard Lot association, north side of Alameda street, for the years 1896, 1897, 1898, 1899 and 1900, and the assessment for Raines park extension on aforesaid lot (if said taxes and assessment were sold to the city of Rochester) with interest at the rate of six per cent. per annum from the date of sale, within thirty days from the passage of this ordinance; and upon such payment of aforesaid taxes and assessment the City Treasurer be and he hereby is authorized and directed to cancel the same.

Sec. 4. That the City Treasurer be and hereby is authorized and directed to cancel the general city tax for the year 1900 upon lot 42, north side of Nash street (assessed to the heirs of William Cleary) and which property was bought with pension money, which tax amounts to \$31.73, and charge the same to the Erroneous Assessment fund.

Sec. 5. That Thomas B. Mooney be allowed to pay the general city taxes upon the north part of lot 27 of the Granger, Sibley & Field tract, situate in the Twentieth ward, for the years 1873, 1878, 1879, 1880, 1881, 1897 and 1898 (if said taxes were sold to the city of Rochester) with interest at the rate of six per cent. per annum from the date of sale, within thirty days from the passage of this ordinance; and upon such payment the City Treasurer is hereby authorized and directed to cancel the said taxes.

Sec. 6. That Fonda, Kelly & Snow be allowed to pay the personal tax assessed against them for the year 1900 upon a valuation of \$5,000 personal property, within thirty days from the passage of this ordinance; and upon such payment the City Treasurer be and he hereby is authorized and directed to cancel the personal tax assessed against Fonda, Kelly & Snow for the year 1900, and charge the difference between the original amount of tax and the amount paid to the Erroneous Assessment fund.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner—18.

By Ald. Plumb—

LAW COMMITTEE REPORT.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—Your Law committee makes the following report:

First—As to the matter of the veto of the ordinance for the extension of water mains in Geimer street, your committee is informed that all parties interested agree that the veto should be sustained, and we therefore recommend such action.

Second—In regard to the communication of the City Treasurer, received October 23d, asking the Council to designate the paper in which he should publish the list of unpaid taxes, your committee reports that it has received a written opinion from the Corporation Counsel advising its publication in both official papers; that said opinion has been brought to the attention of the City Treasurer and that it is unnecessary for the Council to take any further action in the matter.

Third—In regard to the amended ordinance relating to peddlers, introduced July 31, 1900, and referred to this committee, we report that after consulting with the heads of the departments interested, we have amended the ordinance by reducing the distance within which peddlers are prohibited from two hundred feet to one hundred and fifty feet from State and Main streets, and request the adoption of the ordinance as amended.

Fourth—In the matter of the communication from Hon. John A. Barhite, as attorney for Milton Noyes, Superintendent of Public Instruction asking for an investigation of the Board of Education, we report that there has not enough as yet been brought to the attention of the Council to require an investigation of said board at this time.

All of which is respectfully submitted.
Dated Rochester, N. Y., Nov. 20, 1900.

WILLIAM T. PLUMB,
CHAS. H. JUDSON,
WM J. BAKER,
CHAS. S. COOK,
J. MILLER KELLY,

Received, filed and published.

By Ald. Plumb—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. Section two of the ordinance relating to peddlers, passed April 14, 1896, by the Common Council of the city of Rochester, is hereby amended so as to read as follows:

The Mayor of the city of Rochester may grant to any person a license to sell any provisions or merchandise at retail in any of the public streets or places, or from house to house, within said city, except upon the streets and avenues in this section hereinafter specified, upon the payment to the City Treasurer of the sum of five dollars, and for every vehicle more than one used in said business an additional sum of five dollars. Said license shall expire on the thirty-first day of December next following the date of its issue, and shall not be transferred without the written consent of the Mayor. But no person shall peddle or sell at retail any goods, wares or merchandise in or upon the public streets and avenues of the city within the follow-

ing limits: On West Main street from the intersection of Main and State to the canal; on State street from the intersection of Main and State to Central avenue; on Exchange street from the intersection of Main and State to the canal bridge; on East Main street from the intersection of Main and State to Gibbs street; and on East avenue from its intersection with Main street to Gibbs street; and on all intersecting streets for a distance of one hundred and fifty feet from State street or Main street or East avenue.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner.

By Ald. Beard—

PUBLIC BATH COMMITTEE REPORT.

By the Clerk—

Rochester, N. Y., Nov. 19, 1900.

To the Honorable the Common Council:

Gentlemen—Your Bath committee begs leave to make the following report and recommendations with reference to the matter of public baths:

A public bath house was established in this city on the east side of South avenue, near Howell street, in the year 1899. The building contains seventeen shower baths. It is well adapted for the purpose and well taken care of by the attendants. These baths were opened to the public on July 27, 1899. The total number of baths taken in this house during the five months of the year 1899 was 19,089, and for the ten months of the present year, 46,950.

The number using the baths for the five months of the year 1899 is as follows:

One week in July.....	1,221
August.....	4,696
September.....	2,837
October.....	3,912
November.....	3,086
December.....	3,336

Total..... 19,089

The number using the baths during the present year, up to November 1st, is as follows:

January.....	2,653
February.....	2,521
March.....	2,626
April.....	3,877
May.....	4,364
June.....	6,846
July.....	7,502
August.....	8,046
September.....	4,782
October.....	3,733

Total..... 46,950

It should be stated here that the accounts at the bath house are kept by weeks, instead of by months, and that the subdivision into calendar months may not be strictly correct. The total amounts, however, are correct, and correspond to the records kept by Mr. Bamber.

The largest number of baths taken on any one day was 879 on August 13, 1900. The present facilities have been used to their full extent during the summer months and Mr. Bamber informs your committee that during the months of June, July and August a large number of people were obliged to go away on account of there not being sufficient facilities to accommo-

date all asking for them. Two methods of relief for the coming year have been suggested. One method is to enlarge the present building, and the other to establish one or more additional bath houses in other parts of the city.

Your committee has carefully considered this question, and is of the opinion that if the full benefit to the city is to be received from the establishment of the public baths that they should be located so as to be convenient of access to those desiring to use them. The patronage of the present house has demonstrated the necessity for public baths.

Mr. Bamber was requested to keep a memorandum of the localities from which the patrons of the bath house came during the week of November 12th. He kept such a record, and his report for the five days, up to the time this report is written, is as follows:

First ward.....	24
Second ward.....	28
Third ward.....	40
Fourth ward.....	77
Fifth ward.....	31
Sixth ward.....	12
Seventh ward.....	25
Eighth ward.....	47
Ninth ward.....	12
Tenth ward.....	4
Eleventh ward.....	38
Twelfth ward.....	10
Thirteenth ward.....	42
Fourteenth ward.....	29
Fifteenth ward.....	22
Sixteenth ward.....	16
Seventeenth ward.....	23
Eighteenth ward.....	16
Nineteenth ward.....	21
Twentieth ward.....	23
Total.....	540

After carefully considering this matter in the light of the figures submitted, your committee is of the opinion that there should be three public baths within the city, and that one of the additional baths be located somewhere in the vicinity of Brown and King streets and the other somewhere in the vicinity of Hudson avenue and Clifford street.

A comparison of the figures submitted of the localities from which the patrons of the present bath house come, shows that about 50 per cent. of the patrons come from portions of the city best served by the existing house, that about 27 per cent. would be best served by a house located somewhere near the intersection of Brown and King streets and 23 per cent. by a house located somewhere in the vicinity of Hudson and Clifford streets.

The present lot cost \$10,000, and the building, with its furnishings, about \$5,000. Your committee is of the opinion that a suitable building can be erected, including the cost of the lot, for from \$10,000 to \$12,000.

Your committee would advise that a resolution be adopted requesting the proper board or officers to take such steps as may be necessary to secure the erection of an additional bath house in this city.

Respectfully submitted,
 WILLIAM S. BEARD,
 FRANK G. PARSONS,
 MILTON RACE,
 Committee on Public Baths.

By Ald. Beard—Resolved, That this Council hereby requests the proper board or officers to take such steps as may be necessary to secure the erection of an additional bath house in this city.

Adopted.

ACTION UPON ORDINANCES FOR STREET IMPROVEMENTS.

FIRST ORDINANCES.

LAKE AVENUE SIDEWALK CLEANING

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of cleaning snow from walks, etc., on Lake avenue.

Adopted.

The Engineer submitted as such estimate, \$200.

By Ald. Beard—Resolved, That the following improvement is necessary and should be made, viz:

The ploughing of the snow from the sidewalks and crosswalks and cleaning the gutters at crossings, also removing a strip of dirt three inches in width on each side of the walks on the west side of Lake avenue, from Driving Park avenue to Lake View park, also from Augustine street to the city line. Said work to continue for one year from the date of contract.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$200, which being deemed reasonable, is hereby approved.

Resolved, further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the west side of Lake avenue, from Driving Park avenue to Lake View park, also from Augustine street to the city line.

Adopted.

CURTIS STREET SEWER AND CEMENT WALK.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows: That the City Engineer ascertain and report to this Council the expense of constructing a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Curtis street, from a point 40 feet east of Santee street to the sewer in Sherman street; also the construction of a cement walk.

Adopted.

The Engineer submitted as such estimate, \$2,600.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the following improvement is necessary and should be made, viz:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Curtis street, from a point 40 feet east of Santee street to the sewer in Sherman street.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals and water services to all vacant lots and lots having buildings there-

on to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also, man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

Also the construction of a five foot cement sidewalk on each side of the street, from Santee street to Sherman street, except where good cement or flag walks now exist, which will be relaid where not conforming to the proper grade and alignment.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$2,600, which being deemed reasonable, is hereby approved.

Be it further ordained, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Curtis street, from Santee street to Sherman street.

Adopted.

CROUCH STREET SEWER.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this council the expense of constructing a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the city charter in Crouch street, from a point about 100 feet south of Leighton avenue to the sewer in Atlantic avenue.

Adopted.

The Engineer submitted as such estimate, \$2,000.

By Ald. Beard—Be it ordained by the Common Council of the City of Rochester as follows:

That the following improvement is necessary and should be made, viz.:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Crouch street, from a point about 100 feet south of Leighton avenue to the sewer in Atlantic avenue.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under the direction of this council, having made an estimate of the whole expense thereof, and reported the same at \$2,000, which, being deemed reasonable, is hereby approved.

Be it further ordained, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Crouch street, from Atlantic avenue to Leighton avenue.

Adopted.

TACOMA STREET CEMENT WALK.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing Portland cement walks, plank walk and hand railing on Tacoma street.

Adopted.

The Engineer submitted as such estimate, \$400.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester, that the following improvement is necessary and should be made, viz.:

The construction of a Portland cement walk 5 feet wide on east side of Tacoma street from Lexington avenue to Glenwood avenue, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment: also the necessary sidewalk grading.

Also except along the high bank of the ravine, where a 4 foot 8 inch pine plank walk with the necessary hand railing will be constructed.

And, the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$400, which, being deemed reasonable, is hereby approved.

Ordained, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on east side of Tacoma street from Glenwood avenue to Lexington avenue in front of which the proposed walk and railing is constructed.

Adopted.

LAKE VIEW PARK SIDEWALK CLEANING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of cleaning snow from walks, etc., on Lake View Park.

Adopted.

The Engineer submitted as such estimate, \$222.

By Ald. Beard—Resolved, That the following improvement is necessary and should be made, viz:

The ploughing of the snow from the sidewalks and crosswalks and cleaning the gutters at crossings, also removing a strip of dirt three inches in width on each side of the walks on Lake View park, from Dewey avenue to Lake avenue.

Said work to continue for one year from the date of contract.

And the City Engineer, under the directions of this Council, having made an esti-

mate of the whole expense thereof, and reported the same at \$222, which being deemed reasonable, is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Lake View park, from Dewey avenue to Lake avenue.

Adopted.

FAIR VIEW HEIGHTS SIDEWALK CLEANING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of cleaning snow from walks, etc., on Fair View Heights.

Adopted.

The Engineer submitted as such estimate, \$99.

By Ald. Beard—Resolved, That the following improvement is necessary and should be made, viz:

The ploughing of the snow from the sidewalks and crosswalks and cleaning the gutters at crossings, also removing a strip of dirt three inches in width on each side of the walks on Fair View Heights, from Lake View park to Birr street.

Said work to continue for one year from the date of contract.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$99, which being deemed reasonable, is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Fair View Heights, from Lake View park to Birr street.

Adopted.

RAINES PARK SIDEWALK CLEANING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of cleaning snow from walks, etc., on Raines park.

Adopted.

The Engineer submitted as such estimate, \$99.

By Ald. Beard—Resolved, That the following improvement is necessary and should be made, viz:

The ploughing of the snow from the sidewalks and crosswalks and cleaning the gutters at crossings, also removing a strip of dirt three inches in width on each side of the walks on Raines park, from Lake View park to Birr street.

Said work to continue for one year from the date of contract.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$99, which being deemed reasonable, is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Raines park, from Lake View park to Birr street.

Adopted.

FLOWER CITY PARK SIDEWALK CLEANING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of cleaning snow from walks, etc., on Flower City park.

Adopted.

The Engineer submitted as such estimate, \$439.

By Ald. Beard—Resolved, That the following improvement is necessary and should be made, viz:

The ploughing of the snow from the sidewalks and crosswalks and cleaning the gutters at crossings, also removing a strip of dirt three inches in width on each side of the walks on Flower City park, from Lake avenue to Dewey avenue.

Said work to continue for one year from the date of contract.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$439, which being deemed reasonable, is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Flower City park, from Lake avenue to Dewey avenue.

Adopted.

AUGUSTINE STREET SIDEWALK CLEANING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of cleaning snow from walks, etc., on Augustine street.

Adopted.

The Engineer submitted as such estimate, \$119.

By Ald. Beard—Resolved, That the following improvement is necessary and should be made, viz:

The ploughing of the snow from the sidewalks and crosswalks and cleaning the gutters at crossings, also removing a strip of dirt three inches in width on each side of the walks on Augustine street, from Dewey avenue to Raines park.

Said work to continue for one year from the date of contract.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$119, which being deemed reasonable, is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Augustine street, from Dewey avenue to Raines park.

Adopted.

BIRR STREET SIDEWALK CLEANING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council

oil the expense of cleaning snow from walks, etc., on Birr street.

Adopted.

The Engineer submitted as such estimate, \$252.

By Ald. Beard—Resolved, That the following improvement is necessary and should be made, viz.:

The ploughing of the snow from the sidewalks and crosswalks and cleaning the gutters at crossings, also removing a strip of dirt three inches in width on each side of the walks on Birr street from Dewey avenue to Lake avenue.

Said work to continue for one year from the date of contract.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$252, which being deemed reasonable, is hereby approved.

Resolved, further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Birr street, from Dewey avenue to Lake avenue.

Adopted.

LEXINGTON AVENUE SIDEWALK CLEANING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of cleaning snow from walks, etc., on Lexington avenue.

Adopted.

The Engineer submitted as such estimate, \$309.

By Ald. Beard—Resolved, That the following improvement is necessary and should be made, viz.:

The ploughing of the snow from the sidewalks and crosswalks and cleaning the gutters at crossings, also removing a strip of dirt three inches in width on each side of the walks on Lexington avenue from the city line to Dewey avenue.

Said work to continue for one year from the date of contract.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$309, which being deemed reasonable, is hereby approved.

Resolved, further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Lexington avenue, from the city line to Dewey avenue.

Adopted.

PIERPONT STREET SIDEWALKS CLEANING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of cleaning snow from walks, etc., on Pierpont street.

Adopted.

The Engineer submitted as such estimate, \$118.

By Ald. Beard—Resolved, That the following improvement is necessary and should be made, viz.:

The ploughing of the snow from the sidewalks and crosswalks and cleaning the gut-

ters at crossings, also removing a strip of dirt three inches in width on each side of the walks on the east side of Pierpont street from Driving Park avenue to Augustine street.

Said work to continue for one year from the date of contract.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$118, which being deemed reasonable, is hereby approved.

Resolved, further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on east side of Pierpont street, from Driving Park avenue to Augustine street.

Adopted.

SENECA PARKWAY SIDEWALK CLEANING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of cleaning snow from walks, etc., on Seneca parkway.

Adopted.

The Engineer submitted as such estimate, \$57.

By Ald. Beard—Resolved, That the following improvement is necessary and should be made, viz.:

The ploughing of the snow from the sidewalks and crosswalks and cleaning the gutters at crossings, also removing a strip of dirt three inches in width on each side of the walks on the south side of Seneca parkway from the west line of lot No. 35 to Lake avenue.

Said work to continue for one year from the date of contract.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$57, which being deemed reasonable, is hereby approved.

Resolved, further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the south side of Seneca parkway, from the west line of lot No. 35 to Lake avenue.

Adopted.

EMERSON STREET SIDEWALK CLEANING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of cleaning snow from walks, etc., on Emerson street.

Adopted.

The Engineer submitted as such estimate, \$102.

By Ald. Beard—Resolved, That the following improvement is necessary and should be made, viz.:

The ploughing of the snow from the sidewalks and crosswalks and cleaning the gutters at crossings, also removing a strip of dirt three inches in width on each side of the walks on Emerson street from Dewey avenue to Deep Hollow ravine.

Said work to continue for one year from the date of contract.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and

reported the same at \$102, which being deemed reasonable, is hereby approved.

Resolved, further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Emerson street, from Dewey avenue to Deep Hollow ravine.

Adopted.

FINAL ORDINANCES.

The final ordinance for St. Paul street Medina block and asphalt improvement was presented, and on motion of Ald. C. S. Cook action thereon was postponed until the next regular meeting.

The final ordinance for cleaning snow from walks, etc., on Emerson, Locust and other streets was presented, and on motion of Ald. Baker action thereon was indefinitely postponed.

By the Clerk—

UNFINISHED BUSINESS.

City Clerk's Office,
Rochester, N. Y., Nov. 20, 1900.
To the Common Council:

Gentlemen—At the meeting of October 9th an ordinance was adopted authorizing the Commissioner of Public Works to have placed a six-inch water pipe in Geimer street, conditioned upon the deposit, by J. Z. Culver, with the City Treasurer, of an amount equal to the estimated cost of the construction of such improvement, such cost to be repaid to said Culver whenever funds are applicable.

This ordinance was disapproved by the Mayor in a memorandum filed with me and presented to the Common Council at the meeting of October 23d. The charter provides that the ordinance thus disapproved must be reconsidered within thirty days, which necessitates action at this meeting.

Respectfully,

T. S. PULVER,
City Clerk.

Received, filed and published.
On motion of Ald. Plumb the ordinance directing the laying of water pipes in Geimer street, appearing at page 637, current proceedings, was reconsidered.

The Chair stated the question to be "Shall the ordinance directing the Commissioner of Public Works to lay water pipe in Geimer street, disapproved by the Mayor, stand, notwithstanding the Mayor's disapproval?"

Ayes—None.

Nays—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner—18.

MISCELLANEOUS BUSINESS.

By Ald. Casey—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That James W. Whitney and Caroline W. Fiske be allowed to pay the general city taxes for 1896 and 1897 upon lots Nos. 1 to 23, inclusive, situate on Lyell avenue, Saxton and Salem streets, Michael Wall's subdivision of part of town lot 62, which taxes were sold to the city of Rochester, with interest at 6 per cent. per annum from the dates of the respective sales, provided said payment be made within thirty days from the date of the passage

of this ordinance, and that upon such payment that said taxes be cancelled.

Referred to Assessment committee.

By Ald. Plumb—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. The Commissioner of Public Works is hereby authorized to expend from the moneys appropriated for the use of his department such sum of money as may be necessary to run the department during the month of December, 1900.

Section 2. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner—18.

By Ald Baker—

ASSESSMENT ORDINANCE.

Whereas, The entire and aggregate expense of and connected with the improvements named in the following ordinance has been ascertained and reported to this Council as provided by the city charter, therefore

Be it ordained by the Common Council of the City of Rochester as follows:

Sec. 1. The cost of said improvements hereinafter named is hereby adjusted as thus reported, and the City Assessors are hereby directed to make an assessment upon the territory directed to be assessed in the final ordinance for said improvements for the amounts set forth as follows:
Ord. No. Improvement.

5375—Glenwood ave. extension..... \$358 08

Said assessments to be paid within thirty (30) days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer.

Section 2. All ordinances and parts of ordinances inconsistent with the terms of this ordinance are hereby repealed.

Adopted by the following vote:

Ayes—Aldermen Tracy, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner—18.

Adjourned.

THEODORE S. PULVER,
City Clerk.

In Common Council, Dec. 4, 1900

REGULAR MEETING.

Present—Hiram H. Edgerton, President Common Council, and

Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner. May—20.

APPROVAL OF MINUTES.

The minutes of the meeting of November 20th were approved as printed in the sheets of official proceedings.

RESOLUTIONS.

By Ald. C. S. Cook—Resolved, That the Rochester Gas & Electric company be and hereby is requested to place an arc electric light on Wray's alley midway between Lowell and Hart streets.

Referred to Lamp and Electricity committee and City Engineer.

By Ald. Beard—Resolved, That the Rochester Gas & Electric company be and hereby is requested to place an arc electric light on Portland avenue, near Grace street.

Referred to Lamp and Electricity committee and City Engineer.

By Ald. Beard—Whereas, Many taxpayers, merchants, mechanics and citizens of this city are desirous of having better police protection than they are now receiving, and

Whereas, It is claimed that all the police precincts in the city, with the exception of the first precinct, have inadequate police protection from 6 o'clock a. m. until 10 o'clock p. m., and that during those intervening hours the citizens are subject to annoyances and insults from the mischievously and viciously inclined, and

Whereas, It is the prevailing opinion of our citizens that the night police should go on duty at 7 or 8 p. m., when the people most need police protection, as was conclusively proven by the recent murder on Davis street, and

Whereas, While the establishment of police precinct stations is an advance in the right direction, they are at present so conducted that the outer precincts are not provided with a sufficient number of policemen to effectively guard the persons and property of our citizens, and

Whereas, Some of the daily papers have published serious charges against our police department; therefore, be it

Ordained by the Common Council of the city of Rochester that, in conformity with section 25 of the city charter, the committee on public safety be, and hereby is, instructed to make a careful and thorough investigation concerning the following subjects:

First. Can policemen be transferred from the first precinct to the outer precincts? and, if so, to what extent?

Second. Can the present police force be more equally divided among the precincts, so as to give better protection to all sections of the city?

Third. If the present force is not sufficient, how many additional men will be required?

Fourth. Has the police department used all due and proper diligence to detect and arrest the person or persons guilty of the recent homicide and other serious crimes committed in this city?

Fifth. What changes in the rules, system or management, if any, are necessary in order to render the police department, and particularly the detective branch of the service, more efficient?

Be it further ordained, that, for the purposes of this investigation, said committee is hereby empowered to compel the attendance of witnesses and the production of books, papers or other evidence by the issue of subpoenas signed by the president of the Common Council.

On motion of Ald. Calihan referred to the committee on Public Safety.

By Ald. Reddington—Resolved, That the City Engineer be, and is hereby, directed to prepare an ordinance for a plank walk on the east side of Struble street, from Julia street to Prospect street.

Adopted.
By Ald. Plumb—Resolved, That the Rochester Gas and Electric company be, and hereby is, directed to place an arc electric light at the corner of Heberling and Kenning alleys.

Referred to Lamp and Electricity committee and City Engineer.

By Ald. Mead—Resolved, That the City Engineer prepare an ordinance for a Me-

dina block stone pavement, also for an asphalt pavement and four and one-half foot cement sidewalk on Clifford street, from Joseph avenue to Hudson street.

Adopted.
By Ald. Mead—Resolved, That the Commissioner of Public Works be authorized to place an arc light at the corner of North street and Weddale way; also an arc light on Remington street, corner of Bloomingdale avenue.

Referred to Lamp and Electricity committee and City Engineer.

By Ald. Mead—Resolved, That the City Engineer prepare ordinances for renumbering Berlin and Remington streets and Avenue C.

Adopted.
By Ald. Judson—Whereas, An action has been begun by Henry H. Pryor, Esq., against the city of Rochester to obtain his salary as Deputy Comptroller for the seven months from March 1st to October 1st, at the rate of \$2,200 per annum, and whereas the Finance committee of this Council reported in favor of cutting the appropriation for said office to the sum of \$1,666.67 for the ten months from March to December, 1900, inclusive, or at the rate of \$2,000 per annum, which said report was adopted by this Council, and whereas a question has been raised as to what was the intention of the Council, be it

Resolved, That the minutes of the proceedings of the body be amended by inserting the words "\$166.67 per month for ten months," after the word "Deputy," under the heading, "Comptroller's Office," in the report of said Finance committee, made March 27, 1900, and found on page 299 of the proceedings of the current year.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May.

By Ald. Judson—Resolved, That this Council consents to the use of the Common Council chamber by the Western New York Horticultural Society on January 23d and 24th, 1901, provided that all additional expense attending such use of the Chamber be borne by said society.

Adopted.
By Ald. Judson—Resolved, That the Charter Amendment committee of this Council be, and hereby is, instructed to prepare such amendments to the charter as may be necessary and present the same to the Council for consideration as soon as possible.

Adopted.
PETITIONS AND REMONSTRANCES.

By Ald. Calihan—Petition of the Eastman Kodak company for the reduction of a personal assessment. Referred to Assessment committee.

By Ald. C. S. Cook—Petition for an asphalt pavement on St. Paul street from Main street to Central railroad (certified). Received and filed.

By Ald. Ward—Petition of Charles C. Hellem for reduction of interest on unpaid taxes. Referred to Assessment committee.

By Ald. Young—Petitions of M. J. Bemish and William Gerber for building permits. Referred to Building committee and Fire Marshal.

By Ald. Baker—Petition of Henry Lampert as trustee for cancellation of a personal tax. Referred to Assessment committee.

Also—Petition of Richard F. Craggs for refund of sprinkling assessment erroneous-

ly collected. Referred to Assessment committee.

By Ald. Baker—Petitions of D. W. Selye for building permits. Referred to Building committee and Fire Marshal.

Also—Petition of D. W. Selye for cancellation of tax. Referred to Assessment committee.

By Ald. Reddington—Petitions of John F. Hickok and James B. Pike for building permits. Referred to Building committee and Fire Marshal.

By Ald. Parsons—Petition for water main in South Goodman street, from Benton street to Warren street. Referred to Water Works committee.

Also—Petition of William G. Rhode for building permit. Referred to Building committee and Fire Marshal.

By Ald. Tanner—Petitions of James E. Kelso and Henry E. Vincent for building permits. Referred to Building committee and Fire Marshal.

Also—Petitions of James B. Pike for correction of assessments. Referred to Assessment committee.

By Ald. May—Petition of Mary B. Coxie for building permit. Referred to Building committee and Fire Marshal.

COMMUNICATIONS FROM THE MAYOR.

By the Clerk--

Mayor's Office.

Rochester, N. Y., Dec. 3, 1900.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—For several months Mr. Grant, Mr. Fisher and I have been negotiating with the several corporations owning wires in the streets, with a view to securing an agreement among them as to the erection and use of poles. Our efforts were met by great courtesy on the part of the representatives of the various companies but were ineffectual in securing a working agreement among them—perhaps because they were kept apart by interests which were conflicting. I have no hope of inducing all the corporations to take voluntary action on this subject, although I believe that most of them would be willing to do so.

The residents of this city are constantly having their attention called to instances in which, as they believe, poles are unnecessarily erected in the streets and wires unnecessarily strung therein. In some streets there are two sets of poles where one set would answer every purpose. In many cases new poles have been erected to take the place of existing poles, but owing to the carelessness and indifference of corporations owning the wires which are strung on the old pole, those wires are not removed to the new, and both poles remain standing.

The corporations referred to, which discharge quasi public functions, have an undoubted right to occupy the streets for the purposes of their business, but the right of the city to control, regulate and supervise that use is just as plain. That power is known in law as the police power and in this instance is the right to direct where and in what reasonable manner wires shall be placed in the streets, even though such direction result in increased expense to the corporations and in disuse of existing property and appliances. This police power resides in the legislative branch of the government and not in the executive officials. The latter are powerless to act except as the Common Council gives them authority to do so. Inasmuch, therefore, as it seems impracticable that these corporations should settle the matter by agreement among themselves, the only remaining so-

lution of the difficulties is the enactment of an ordinance by the Common Council.

I transmit herewith some suggestions which have been embodied in the form of a proposed ordinance, after consultation with the Commissioner of Public Works, City Engineer and the Corporation Counsel. Legislation upon this subject is not suggested in any spirit of hostility to the corporations concerned. They discharge most useful functions and should not be hindered or impeded in their work. On the other hand the companies ought not to object to reasonable supervision and control; on the contrary, they ought, and I believe they will, meet the city authorities in a spirit which will result in the early and satisfactory removal of the conditions of which a large number of citizens of Rochester now complain.

Very respectfully,

GEORGE A. CARNAHAN,

Mayor.

Received, filed and published and referred to committee on Public Safety.

AN ORDINANCE

Regulating the use of streets by corporations in the erection of poles and the maintenance of overhead wires.

Whereas, the streets and public places of the city of Rochester are primarily designed for the use of the public as passageways for pedestrians and vehicles, and

Whereas, certain corporations have the right to the subordinate use of such streets and public places for their reasonable purposes,

Now, therefore, the purpose of the enactment of this ordinance is to subject such corporations to reasonable control, supervision and regulation in such subordinate use.

Be it ordained by the Common Council of the city of Rochester:

Section 1. The word "street" or "streets" as used in this ordinance shall mean all public streets, alleys and other public places within the city of Rochester, including the entire width between street lines. The term "commissioner," used in this ordinance, shall mean the Commissioner of Public Works of the city of Rochester. The word "substitute pole" as used in this ordinance shall mean every new pole erected by permission in the place and stead of an old or existing pole or poles.

Section 2. No excavation shall be made in any street within the city of Rochester, nor shall any pole or structure for supporting overhead wires be placed or erected therein unless written permission therefor shall first be obtained from the commissioner, and the commissioner shall prescribe the form and dimensions of such poles or structures and of the fixtures placed thereon. Application for such permission shall be in writing, accompanied by drawings or maps of location, in such form as the commissioner may prescribe.

Section 3. So far as practicable, all overhead wires in the streets shall be carried and supported upon a single set of poles. Whenever application is made for the erection of a substitute pole, it shall be accompanied by proof of service of notice of such application upon all other corporations owning or using overhead wires, and any of such corporations may appear, on such application, on behalf of their own interests. In case such application is granted, then within thirty days from that time all wires shall be removed from the old to the substitute pole by the respective owners thereof, and the old pole shall be removed by the owner or owners thereof. No pole other than a substitute pole shall be

erected in any street, and permission therefor shall not be given except upon the condition that wires belonging to other companies may be placed upon such pole according to such reasonable terms and regulations and in the manner prescribed by the commissioner.

Section 4. Whenever, by reason of the requirements of its business, a corporation desires to string wires in a street, it shall be allowed to occupy any existing poles which have capacity to carry such wires, upon terms to be agreed upon with the owner thereof; and in case no agreement can be reached, such wires shall be placed upon said poles according to such reasonable terms and regulations and in the manner prescribed and ordered by the commissioner, or if the corporation owning such pole refuses to accept such terms and regulations as prescribed by the commissioner, then such company shall construct a subway in that street and shall place all its wires therein within sixty days after the service of notice in writing by the commissioner so to do, and such subway shall be constructed under the supervision and direction and according to the plans approved by the commissioner.

Section 5. Whenever it shall appear that any pole or poles are unnecessary to support and carry the overhead wires in any street, the commissioner may designate the same and notify the several corporations interested to remove the same within thirty days; and thereupon, within such time, all wires thereon shall be moved therefrom by the respective owners thereof, and said pole or poles so designated shall be removed by the owner or owners thereof.

Section 6. Each of the ordinances and resolutions, and parts of ordinances and resolutions, heretofore enacted by the Common Council, ordering overhead wires to be placed in subways shall continue in full force and effect.

Section 7. All poles erected or remaining in the streets in violation of the terms of this ordinance or of any ordinance or part of an ordinance directing overhead wires to be placed in subways shall, together with the wires thereon, be, and shall be deemed public nuisances and may be summarily cut down or otherwise removed by the commissioner.

Section 8. Every violation of this ordinance shall be punishable by a fine of not more than one hundred and fifty dollars (\$150) and in default of payment thereof the offender shall be imprisoned in the Monroe county penitentiary not exceeding one hundred and fifty days; and in addition thereto, any person or corporation violating any of the provisions of this ordinance shall be subject to a penalty of fifty dollars (\$50), to be sued for and recovered in a civil action by the city of Rochester, and which shall be credited to the street fund of the department of public works.

Section 9. This ordinance shall take effect immediately.

Received, filed and published and referred to committee on Public Safety.

By Ald. Baker—Be it resolved, That the Corporation Counsel be, and he hereby is, instructed to investigate the affairs of the Rochester Railway company for the purpose of ascertaining as to whether sufficient cause exists to revoke the franchise of said company heretofore granted by the city of Rochester; said Corporation Counsel to commente such investigation immediately and report the result as soon as possible to this Council.

On motion of Ald. Calihan referred to the Railroad committee.

By the Clerk—

Department of Public Safety.

Rochester, N. Y., Nov. 24, 1900.

The Honorable, the Common Council:

Gentlemen—I have the honor to transmit herewith, for your consideration, a proposed ordinance regulating the storage of combustibles.

Very respectfully yours,

JAMES D. CASEY,

Commissioner of Public Safety.

Received, filed and published and referred to Committee on Public Safety.

AN ORDINANCE

Relating to the storage of combustibles, such as crude petroleum, naphtha, gasoline, benzine and turpentine.

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. Except as otherwise provided in this ordinance, neither crude petroleum, earth or rock oil, nor any of their products, except grease, wax, and other products for use as lubricants, shall be kept on sale or stored in any place or building within the corporate limits of the city of Rochester, in any other manner than in detached and properly ventilated warehouses, especially constructed or adapted to such uses and approved by the Fire Marshal of said city. Such warehouses shall have exterior walls of stone, iron or brick, in which all sills and openings shall be at least two feet from the ground floor or such ground floor shall be not less than two feet below the level of the adjacent street and of all surrounding land, so as to effectually prevent any overflow of the substances stored therein. No part of such warehouse shall be occupied for dwelling purposes. In case any such warehouse shall be or become situate within fifty feet of another building, the owner or occupant of such warehouse shall construct, under the direction of the Fire Marshal, a stone or brick wall at least ten feet in height and sixteen inches in thickness between such warehouse and building.

Section 2. Crude petroleum, gasoline, naphtha, benzine, camphine, spirit gas, burning fluid, or spirits of turpentine, in quantities exceeding fifty gallons of each of the said articles, shall not be stored or kept for sale within the corporate limits of said city of Rochester, except in buildings constructed as prescribed in Section 1 of this ordinance, but any or all of the articles enumerated in this section may be stored or kept for sale or use, within the quantity specified, in metallic receptacles located wherever possible outside of any building and so placed that the vapor therefrom will be dissipated; but the Fire Marshal, in case of necessity, may approve a different location.

Section 3. It shall not be lawful to keep for sale or in storage within the corporate limits of said city any refined carbon oil, kerosene or other products, for illuminating purposes, of coal, rock, or earth oils, excepting such refined oils as will stand a flash test of 100 degrees Fahrenheit, in a closed cup, as prescribed by the State Board of Health, or to store or keep for sale any such article enumerated in this section, in quantities exceeding one barrel of fifty gallons, except that quantities not to exceed 150 gallons may be kept in one or more properly constructed covered metallic tanks, approved by the Fire Marshal, from which the contents can be removed only by means of a pump operated from the top of such tank.

Section 4. None of the articles enumerated in Sections 2 and 3 of this ordinance shall be allowed to remain beyond the front line

of any building or in the street for a longer period than is actually necessary to permit of the storage, shipment or delivery of the same, nor in any case for more than six hours or after sunset.

Section 5. Nothing in this ordinance contained shall be construed to prevent storage of crude or refined petroleum or the products thereof in wrought iron tanks detached from any building or in buildings specially adapted for such purposes and approved by the Fire Marshal, provided such tanks or buildings are connected with or appurtenant to a refinery, and are surrounded by substantial earthen or other walls or embankments so constructed as to prevent the spreading of the contents to adjacent lands or the escape thereof into the sewers of said city.

Section 6. Any violation of this ordinance shall be punishable by a fine of not more than one hundred and fifty dollars, and in default of the payment of such fine, any person so convicted shall be imprisoned in the Monroe county penitentiary for a term not exceeding one hundred and fifty days.

Section 7. All ordinances and parts of ordinances inconsistent herewith are hereby repealed.

Section 8. This ordinance shall take effect immediately.

Received, filed and published and referred to Committee on Public Safety.

COMMUNICATIONS FROM BOARDS AND DEPARTMENTS.

By the Clerk—

Department of Public Instruction.
Office of Board of Education.
Rochester, N. Y., Dec. 4, 1900.
To the Common Council of the City of Rochester:

Gentlemen—At a meeting of the Board of Education, held November 26th, the following resolution was received and passed:

Resolved, That the following statement of 1899 funds from Treasurer Williams be received, filed and published, and be it further

Resolved, That the Common Council be requested to direct the City Treasurer to transfer the balances of Repair, Building, Contingent and Library Funds to the Teachers' Fund.

City Treasurer's Office.
Rochester, N. Y., Nov. 20, 1900.
A. J. Townson, President:

Dear Sir—Enclosed find debit and credit balances in the various funds of your body under above date:

	Dr.	Cr.
Repair	\$540 39	—
Building	1,165 04	—
Contingent	—	\$2,287 67
Teachers	—	12,026 22
Library	186.07	—
	\$1,891 50	\$14,313 89

Respectfully,

S. B. WILLIAMS, Per B.
Respectfully submitted.

H. G. CANDEE, Secretary.
Received, filed and published and referred to Committee on Finance.

By the Clerk—

Department of Finance,
Comptroller's Office.
Rochester, N. Y., Dec. 4, 1900.

To the Honorable, the Common Council:
Gentlemen—There will be maturing in January next, local improvement orders, with interest thereon, amounting to about \$100,000, and there will be on hand moneys applicable for their payment amounting to from \$30,000 to \$50,000, the exact amount depending upon the collections received by the Treasurer this month. Certificates of indebtedness for \$60,000 should be issued the latter part of this month, and you are hereby requested to grant the necessary authority to issue such certificates, for a period not exceeding eight months, the amount to be credited to the Local Improvement Fund.

Respectfully submitted,
JAMES JOHNSTON,
Comptroller.

Received, filed and published and referred to Committee on Finance.

By the Clerk—

Department of Finance,
Comptroller's Office.
Rochester, N. Y., Dec. 4, 1900.

To the Honorable, the Common Council:
Gentlemen—The amount of outstanding uncollected taxes for this year is about \$350,000, and this amount will be reduced by the collections received by the Treasurer this month. Certificates of indebtedness for the balance, which can be more closely estimated one or two weeks hence than now, should be issued the latter part of this month, and you are hereby requested to grant the necessary authority to issue such certificates for a period not exceeding four months, the amount to be credited to the General Fund of 1900.

Respectfully submitted,
JAMES JOHNSTON,
Comptroller.

Received, filed and published and referred to Committee on Finance.

BUDGET NO. 23.

By the Clerk—

Comptroller's Office,
Rochester, N. Y., Nov. 24, 1900.

To the Honorable, the Common Council:

Gentlemen—In accordance with the provisions of Section 65 of the City Charter, you are hereby notified that the claims presented to the Comptroller during the two weeks ending November 17, 1900, have been audited in the amounts hereinafter named:

Respectfully submitted
HENRY H. PRYOR,
Deputy Comptroller.

Received, filed and published.

By the Clerk—
City Treasurer's Office,
Rochester, N. Y., Nov. 30, 1900.
To the Hon., the Common Council:
Gentlemen—I hereby certify that the Department of Public Works has notified me that the works or improvements authorized under ordinances hereinafter mentioned have been completed; that I have, pursuant to the provisions of the Charter, ascertained the entire and aggregate expense of, and connected with the same respectively, including any interest that the city shall incur, or is entitled to for the use of its funds, and that the respective amounts thereof are as follows:
Ten Payments.
Ordinance and Improvement. Expense
No. 7731—Elm St. Medina Block Impt. \$7,769 69

No. 7772—Jay St. Asphalt Impt.... 24,067 12
No. 7688—Jefferson Ave. Asphalt Impt. 36,229 02
S. B. WILLIAMS,
Treasurer.

Received, filed and published.
By the Clerk—
Rochester, N. Y., Dec. 4, 1900.
To the Honorable, the Common Council of the city of Rochester:
Gentlemen—The application for an order declaring abandoned the condemnation proceedings for the acquirement of the property necessary for the opening of a street from Central avenue to Granger street, came on for a hearing at a term of the Monroe County court held on the 21st day of November, 1900, and an order was granted in which it was ordered "that the said condemnation proceedings be and they are

hereby declared abandoned, and that the said proceedings be and they are hereby discontinued without costs to either party." The said order was entered in the Monroe County Clerk's office on November 24, 1900, and a copy thereof with notice of entry was served upon me November 26, 1900.

All of which is respectfully submitted,
Yours truly,

P. M. FRENCH,
Corporation Counsel.

Received, filed and published.
By the Clerk—

Department of Public Works,
Rochester, N. Y., Dec. 3, 1900.

To the Honorable the Common Council:
Gentlemen—In accordance with your ordinance of November 7, 1900, I have paid to William H. Jones & Sons the reserve fund deposited to the credit of the Executive Board in the Rochester Savings Bank and the Monroe County Savings Bank, pending a settlement in the action brought by said firm against the city.

The checks on the above named banks were for \$3,317.50 and \$3,323.16, respectively, being the amount of \$2,692.55, and accrued interest, in each case.

Very respectfully yours,

J. HERBERT GRANT,
Commissioner of Public Works.

Received, filed and published.
By Ald. Judson—

Department of Public Works,
Bureau of Engineering.

Rochester, N. Y., Dec. 4, 1900.

Hon. Charles H. Judson, Alderman, Eighteenth Ward, Rochester, N. Y.:

Dear Sir—The proposed discontinuance of Leighton avenue, from North Goodman street to Palmer street, will leave about 350 feet of 8-inch cast-iron pipe with valves and hydrants, laid at public expense, on private property. Some arrangement should be made for the recovery of this pipe by the city, or reserving an easement so that the pipe may be repaired or changed at any time in case it seems desirable to leave the pipe in its present position. I would advise that the ordinance be postponed two weeks so that the necessary amendment may be made for the purpose indicated.

Very truly yours,

E. A. FISHER,
City Engineer.

Received, filed and published.
By the Clerk—

Police Court.

Rochester, N. Y., Nov. 30, 1900.

Hon. Common Council of the City of Rochester:

Gentlemen—During the month of November, 1900, the total amount of money received from fines, etc., to be credited to the Police Funds, as shown by itemized report of this date, was \$146. The total receipts for the Police Pension Fund was \$17.

Respectfully submitted,

RICHARD CURRAN,
Police Court Clerk.

Received, filed and published.
By the Clerk—

City Clerk's Office.

Rochester, N. Y., Dec. 4, 1900.

To the Common Council:

Gentlemen—I hereby certify that the City Assessors have delivered to me the following assessment rolls, properly verified as required by the charter:

Ord. No. Improvement.

7864—Plymouth ave. cedar block (supplemental).

5666—Ravine avenue extension.

5143—6023—Central ave. Medina block.

Respectfully submitted,

T. S. PULVER, City Clerk.

Received, filed and published.

By Ald. Baker—Resolved, That the next regular meeting of this Common Council, appointed to be held December 18, 1900, be and the same hereby is assigned as the time when any complaints or appeals will be heard on the assessment roll for Ravine avenue extension under final ordinance No. 5666.

Adopted.

By Ald. Baker—Be it ordained by the Common Council of the City of Rochester: Section 1. That the assessments for the following named improvements, as set forth in the rolls for the same, reported to this Council with the verification and certification of the Assessors be and the same hereby are approved and confirmed: Ord. No. Improvement.

7864..Plymouth ave. cedar block (supplemental).

5143 and 6023—Central avenue Medina block.

Sec. 2. All ordinances and parts of ordinances, inconsistent with the terms of this ordinance, are hereby repealed.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May.

REPORTS OF STANDING COMMITTEES.

By Ald. Plumb—

LAW COMMITTEE REPORT.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—Your Law committee respectfully reports that it has considered the communication received from the City Treasurer at the meeting held September 11, 1900, and referred to it in relation to the collection of the unpaid personal taxes; that it has advised with the City Treasurer and with His Honor the Mayor, and respectfully reports in favor of the adoption of the annexed ordinance permitting those in arrears for taxes upon personal property assessed previous to the current year to pay the same with interest at the rate of 6 per cent. per annum from the date of assessment, provided that the same is paid before March 1, 1901.

Respectfully submitted,

WILLIAM T. PLUMB,
CHAS. S. COOK,
WM. J. BAKER,
J. MILLER KELLY,

Received, filed and published.

By. Ald. Plumb—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That any person or persons, firm or firms, corporation or corporations who owe the city of Rochester a personal tax or taxes levied prior to January 1, 1900, be allowed to pay said unpaid personal tax or taxes with interest at the rate of six per cent. per annum from the date when said tax or taxes became due and payable, providing the same is paid on or before March 1, 1901; and if any of the unpaid personal taxes due the city of Rochester are paid as aforesaid, the City Treasurer is hereby authorized and directed to cancel the said personal taxes so paid.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—20.

By Ald. Baker—

ASSESSMENT COMMITTEE REPORT.

Rochester, N. Y., Dec. 4, 1900.
To the Hon. the Common Council of the City of Rochester:

Gentlemen—Your Assessment committee begs leave to submit the following report: In the matter of the petitions of William W. Dake and W. K. Daggs, we recommend that the same be granted as per following ordinance:

Respectfully submitted,
WM. J. BAKER,
W. H. MARSON,
HENRY G. COOK,
WILLIAM T. PLUMB,
W. ERNST,
Assessment Committee.

Received, filed and published.

By Ald. Baker—Be it ordained by the Common Council of the City of Rochester as follows:

Sec. 1. That William W. Dake be allowed to pay the assessment levied for Monroe avenue walks upon lot 40 west, Smith's tract, Monroe avenue, sold to the city of Rochester, May 31, 1870, by paying the face value of said assessment, viz., \$13.80; and that he be allowed to pay the general city tax on lot west 40, Smith's subdivision, Monroe avenue, for the year 1862, sold to the city of Rochester March 5, 1863, by paying the face value thereof, viz., \$7.20. And if the aforesaid taxes are paid within thirty days from the passage of this ordinance, the City Treasurer is hereby authorized and directed to cancel the same.

Sec. 2. The City Treasurer is hereby authorized and directed to cancel the personal tax assessed against William K. Daggs for the year 1900, amounting to \$145.93, and he is hereby further authorized and directed to charge the aforesaid amount to the Erroneous Assessment fund.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—20.

By Ald. Marson—

REPORT OF LAMP COMMITTEE.

Rochester, N. Y., Dec. 4, 1900.
To the Honorable the Common Council:

Gentlemen—Your committee on Lamps and Electricity would respectfully recommend that arc electric lights be placed as follows:

One arc light on Culver road on pole north of No. 22; one double arc light in front of Church of Reformation, on Grove street, to take the place of a single arc; one arc light corner Greenwood street and Troup street; one arc light in Pine street, near Troup street; one arc light on Orchard street near Lyell avenue; one arc light under Allen street railroad bridge.

W. H. MARSON,
MILTON RACE,
FRANK A. WARD,
J. MILLER KELLY,
C. H. JUDSON,
Lamp Committee.

Received, filed and published.

By Ald. Marson—Be it ordained by the Common Council of the city of Rochester as follows:

That the Commissioner of Public Works be and hereby is authorized to have placed the lights recommended in the foregoing

report of the Lamp and Electricity committee and to discontinue any gas lamps rendered unnecessary.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—20.

By Ald. Tanner—

JAMES J. TANNER,
CHARLES S. COOK,
MATHIAS J. CALIHAN,
W. H. MARSON,
CHRIS. W. YOUNG,
Committee on Buildings.

Received, filed and published.

By Ald. Tanner—Be it ordained by the Common Council of the city of Rochester as follows:

Sec. 1. That permission be and hereby is granted to the petitioners named in the foregoing report of the Building committee, to erect buildings in accordance with their several petitions, providing that all work done pursuant to this authorization, shall conform in all respects to the facts set forth in the petitions of the applicants and

to the plans and specifications submitted to the Fire Marshal and to the penal ordinances of the city of Rochester, entitled "An ordinance relating to buildings," and the Fire Marshal is hereby authorized to issue such permits.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—20.

ACTION UPON IMPROVEMENT ORDINANCES.

FIRST ORDINANCES.

JULIA STREET ASPHALT PAVEMENT.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of improving Julia street.

Adopted.

The Engineer submitted as such estimate, \$4,500.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester, that the following improvement is necessary and should be made, viz.:

The improvement of Julia street, from West avenue to Troup street, by the construction of an asphalt pavement therein.

Also the construction of a Medina stone curb six inches thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be 15 feet. The pavement shall extend to the street line at all intersecting streets and alleys except where permanent improvements now exist at proper lines and grades. Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a manhole for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. All man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by section 225 of the City Charter; also the construction of water services to all vacant lots and lots having buildings thereon to which there is now no water services, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under section 110 of the city charter. Also crosswalks at all intersecting streets and midway in all blocks exceeding 400 feet in length. Also the cleaning and repairing of so much of the main sewer as may be found necessary to restore it to its original condition.

The pavement shall be guaranteed and kept in repair for ten years.

The pavement and walks of intersecting streets shall be adjusted to the grade of the improvement.

The asphalt surface shall be composed of one of the standard mixtures laid in this

city for the past five years, or any other asphalt mixture that has been laid in quantities of at least three thousand square yards, and has worn well for a period of not less than three years.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$4,500, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Julia street, from West avenue to Troup street.

Adopted.

RIDGEWAY AVENUE SIDEWALK CLEANING.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of cleaning snow from walks, etc., on Ridgeway avenue.

Adopted.

The Engineer submitted as such estimate, \$109.

By Ald. Beard—Resolved, That the following improvement is necessary and should be made, viz:

The ploughing of snow from the sidewalks and crosswalks and cleaning the gutters at crossings, also removing a strip of dirt three inches in width on each side of the walks on the south side of Ridgeway avenue, from the west line of lot No. 85 to Lake avenue.

Said work to continue for one year from the date of contract.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$109, which being deemed reasonable, is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the south side of Ridgeway avenue, from the west line of lot No. 85 to Lake avenue.

Adopted.

FINAL ORDINANCES.

FINAL ORDINANCE NO. 487.

ST. PAUL STREET ASPHALT PAVEMENT.

On motion of Ald. Calihan, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to improve St. Paul street, from Main street east to Central avenue; also the square between Franklin street and Central avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of St. Paul street, from Main street east to Central avenue, also the square between Franklin street and Central avenue, as follows: (1st). That part thereof included within the space between lines drawn two feet out-

side of the outside rails of the tracks of the Rochester Railway company with a block stone pavement, also the construction of a concrete foundation under said pavement and tracks, together with the necessary surface sewers in said tracks; (2d). That part thereof lying outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with an asphalt pavement. Also the construction of a Medina stone curb six inches thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be generally the same as at present. The pavement shall extend to the street line at all intersecting streets and alleys, except where permanent improvements now exist at proper lines and grades. Also manholes as follows: At each end of the main sewers, at all intersecting sewers, and at such intermediate places as shall secure a manhole for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer connections, of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. All manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal, by the Commissioner of Public Safety, as provided by Section 225 of the City Charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there are now no water services, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under Section 110 of the City Charter. Also crosswalks at all intersecting streets. Also the cleaning and repairing of so much of the main sewer as may be found necessary to restore it to its original condition.

Also the construction of a Portland cement walk or flag stone walk, from curb to street line, on each side of the street, except where cement or flag-stone walks of the said width now exist, substantially as good as the new walk, which may be relaid if not conforming to the proper grade or alignment, within the limits mentioned.

The asphalt pavement shall be guaranteed and kept in repair for 10 and the stone pavement 5 years.

The asphalt surface shall be composed of one of the standard mixtures laid in this city for the past five years, or any other asphalt mixture that has been laid in quantities of at least three thousand square yards, and has worn well for a period of not less than three years.

The pavements and walks of intersecting streets shall be adjusted to the grade of the improvement.

And the City Engineer, under the direction of this Council, having made estimates (1st). Of the expense of those portions of the improvement consisting of a block stone pavement between lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company, also the construction of a concrete foundation under said pavement and tracks, together with the necessary surface sewers in said tracks, at \$18,000, and (2d). Also the paving of that part of said street lying

outside of lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company with an asphalt pavement, also the construction and repair of the necessary lot laterals, water services, curbing and sidewalks within the street lines, at \$38,500, and (3d). The aggregate estimated expense of all of said work at \$56,500, all of which being deemed reasonable, are hereby approved.

And whereas, The Rochester Railway company has been notified, pursuant to the provisions of Section 98 of Chapter 676 of the laws of 1892, to pave between its tracks, the rails of its tracks, and for two feet outside of the outside rails of its tracks, and has refused to make such pavement,

It is further ordained, That the whole expense of the work, consisting of a block stone pavement between lines drawn two feet outside of the outside rails of the tracks of the Rochester Railway company, and the construction of a concrete foundation under said pavement and tracks, together with the necessary surface sewers in said tracks, be charged to, and collected from, the Rochester Railway company; and the expense of the work on the remainder of the improvement, as above specified, is hereby directed to be assessed upon all of the following portion of the city, which this Council deems specially benefited by, and proper to be assessed for, such improvement, to wit:

One tier of lots and parcels of land on each side of St. Paul street, from Main street east to Central avenue; also one tier of lots and parcels of land on the east side of the square between Franklin street and Central avenue.

Adopted by the following vote:

Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—20.

FINAL ORDINANCE NO. 488.

CROUCH STREET SEWER.

On motion of Ald. Parsons, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a sewer in Crouch street, from Atlantic avenue to Leighton avenue.

And after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Crouch street, from a point about 100 feet south of Leighton avenue to the sewer in Atlantic avenue.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed or none of form and sufficiency or in number as approved by the Health

Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$2,000, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Crouch street, from Atlantic avenue to Leighton avenue.

Adopted by the following vote:
Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—20.

FINAL ORDINANCE NO. 489.

CURTIS STREET SEWER AND CEMENT WALK.

On motion of Ald. Parsons, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a sewer in Curtis street, from Santee street to Sherman street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, in Curtis street, from a point 40 feet east of Santee street to the sewer in Sherman street.

Also man-holes as follows: At each end of the sewer, at all intersecting sewers, and at such intermediate places as shall secure a man-hole for every 300 feet of sewer. Also street laterals at all intersecting streets, not now having sewer connections of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals and water services to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. Also man-holes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter.

Also the construction of a five foot cement sidewalk on each side of the street, from Santee street to Sherman street, except where good cement or flag walks now exist, which will be relaid where not conforming to the proper grade and alignment.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$2,600, which being deemed reasonable, is

hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Curtis street, from Santee street to Sherman street.

Adopted by the following vote:
Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—20.

FINAL ORDINANCE, NO. 490.

TACOMA STREET CEMENT WALK.

On motion of Ald. Beard the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct a cement walk on Tacoma street, from Glenwood avenue to Lexington avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a Portland cement walk 5 feet wide on east side of Tacoma street from Lexington avenue to Glenwood avenue, except where good flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

Also except along the high bank of the ravine, where a 4 foot 8 inch pine plank walk with the necessary hand railing will be constructed.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$400, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on east side of Tacoma street from Glenwood avenue to Lexington avenue, in front of which the proposed walk and railing is constructed.

Adopted by the following vote:
Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—20.

The final ordinance for Birr street sidewalk cleaning was presented and, on motion of Ald. Baker, so amended as to exclude from the provisions thereof that portion of Birr street between Raines park and Burke terrace.

FINAL ORDINANCE, NO. 491.

BIRR STREET SIDEWALK CLEANING.

(Amended.)

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to clean the walks on Birr street, from Dewey avenue to Lake avenue, except that portion of the street included

between the west line of Raines park and the east line of Burke terrace.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The ploughing of the snow from the sidewalks and crosswalks and cleaning the gutters at crossings, also removing a strip of dirt three inches in width on each side of the walks on Birr street from Dewey avenue to Lake avenue, except that portion of the street included between the west line of Raines park and the east line of Burke terrace.

Said work to continue for one year from the date of contract.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$252, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Birr street, from Dewey avenue to Lake avenue, except that portion of the street included between the west line of Raines park and the east line of Burke terrace.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—20.

FINAL ORDINANCE, NO. 492.

EMERSON STREET SIDEWALK CLEANING.

On motion of Ald. Beard the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to clean the walks on Emerson street, from Dewey avenue to Deep Hollow ravine.

And after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The ploughing of the snow from the sidewalks and crosswalks and cleaning the gutters at crossings, also removing a strip of dirt three inches in width on each side of the walks on Emerson street from Dewey avenue to Deep Hollow ravine.

Said work to continue for one year from the date of contract.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$102, which, being deemed reasonable, is hereby approved.

And the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Emerson street, from Dewey avenue to Deep Hollow ravine.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G.

Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—20.

FINAL ORDINANCE NO. 493.

SENECA PARKWAY SIDEWALK CLEANING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to clean the walks on Seneca Parkway, from west line of lot No. 35 to Lake avenue.

And after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The ploughing of the snow from the sidewalks and crosswalks and cleaning the gutters at crossings, also removing a strip of dirt three inches in width on each side of the walks on the south side of Seneca parkway, from the west line of lot No. 35 to Lake avenue.

Said work to continue for one year from the date of contract.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$57, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the south side of Seneca parkway, from the west line of lot No. 35 to Lake avenue.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May.

FINAL ORDINANCE NO. 494.

PIERPONT AVENUE SIDEWALK CLEANING.

On motion of Ald. Beard the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to clean the walks on Pierpont avenue, from Driving Park avenue to Augustine street.

And after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The ploughing of the snow from the sidewalks and crosswalks and cleaning the gutters at crossings, also removing a strip of dirt three inches in width on each side of the walks on the east side of Pierpont street, from Driving Park avenue to Augustine street.

Said work to continue for one year from the date of contract.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$113, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and

will be benefited by such improvement, to wit:

One tier of lots and parcels of land on east side of Pierpont street, from Driving Park avenue to Augustine street.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May.

FINAL ORDINANCE NO. 495.

LEXINGTON AVENUE SIDEWALK CLEANING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to clean the walks on Lexington avenue, from city line to Dewey avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The ploughing of the snow from the sidewalks and crosswalks and cleaning the gutters at crossings, also removing a strip of dirt three inches in width on each side of the walks on Lexington avenue, from the city line to Dewey avenue.

Said work to continue for one year from the date of contract.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$300, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Lexington avenue, from the city line to Dewey avenue.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May.

FINAL ORDINANCE NO. 496.

AUGUSTINE STREET SIDEWALK CLEANING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to clean the walks on Augustine street, from Dewey avenue to Raines park.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The ploughing of the snow from the sidewalks and crosswalks and cleaning the gutters at crossings, also removing a strip of dirt three inches in width on each side of the walks on Augustine street, from Dewey avenue to Raines park.

Said work to continue for one year from the date of contract.

And the City Engineer, under direction of this Council, having made and reported as

an estimate of the expense thereof the sum of \$119, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Augustine street, from Dewey avenue to Raines park.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May.

FINAL ORDINANCE NO. 497.

FLOWER CITY PARK SIDEWALK CLEANING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to clean the sidewalks on Flower City park, from Lake avenue to Dewey avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The ploughing of the snow from the sidewalks and crosswalks and cleaning the gutters at crossings, also removing a strip of dirt three inches in width on each side of the walks on Flower City park, from Lake avenue to Dewey avenue.

Said work to continue for one year from the date of contract.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$433, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Flower City park, from Lake avenue to Dewey avenue.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May.

FINAL ORDINANCE NO. 498.

RAINES PARK SIDEWALK CLEANING

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to clean the walks on Raines park, from Lake View park to Birr street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The ploughing of the snow from the sidewalks and crosswalks and cleaning the gutters at crossings, also removing a strip of dirt three inches in width on each side

of the walks on Raines park, from Lake View park to Birr street.

Said work to continue for one year from the date of contract.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$90, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Raines park, from Lake View park to Birr street.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May.

FINAL ORDINANCE NO. 499.

FAIR VIEW HEIGHTS SIDEWALK CLEANING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to clean the walks on Fair View Heights, from Lake View park to Birr street.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The ploughing of the snow from the sidewalks and crosswalks and cleaning the gutters at crossings, also removing a strip of dirt three inches in width on each side of the walks on Fair View Heights, from Lake View park to Birr street.

Said work to continue for one year from the date of contract.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$99, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Fair View Heights, from Lake View park to Birr street.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May.

FINAL ORDINANCE NO. 500.

LAKE VIEW PARK SIDEWALK CLEANING.

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to clean the walks on Lake View park, from Dewey avenue to Lake avenue.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The ploughing of the snow from the sidewalks and crosswalks and cleaning the gutters at crossings, also removing a strip of dirt three inches in width on each side of the walks on Lake View park, from Dewey avenue to Lake avenue.

Said work to continue for one year from the date of contract.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$222, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Lake View park, from Dewey avenue to Lake avenue.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May.

FINAL ORDINANCE NO. 501.

LAKE AVENUE SIDEWALK CLEANING

On motion of Ald. Beard, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to clean the sidewalks on Lake avenue, from Driving Park avenue to Lake View park, also from Augustine street to city line.

And after hearing such allegations from all persons appearing,

The Common Council of the city of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The ploughing of the snow from the sidewalks and crosswalks and cleaning the gutters at crossings, also removing a strip of dirt three inches in width on each side of the walks on the west side of Lake avenue, from Driving Park avenue to Lake View park, also from Augustine street to the city line. Said work to continue for one year from the date of contract.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$200, which being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the west side of Lake avenue, from Driving Park avenue to Lake View park, also from Augustine street to the city line.

Adopted by the following vote:
Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May.

UNFINISHED BUSINESS.

City Clerk's Office,
Rochester, N. Y., Dec. 4, 1900.
To the Common Council:
Gentlemen—By resolution adopted November 7th this meeting was fixed as the time

when a hearing would be given on the matter of closing Leighton avenue from Palmer street to Goodman street, the Common Council having declared its intention to close said street between the limits mentioned, and due publication of the notice thereof having been made as required by the charter.

Respectfully submitted,
T. S. PULVER,
City Clerk.

Received, filed and published.

By Ald. Judson—Whereas, The owners of the land fronting on Leighton avenue, between Palmer and Goodman streets, have petitioned this Council to discontinue and abandon that portion of said avenue between said streets; and,

Whereas, This Council did, by an ordinance passed November 7, 1900, declare its intention to close said Leighton avenue, from Palmer street to Goodman street, notice of which intention so declared has been duly published for ten days in the official papers of the city, as required by section 143 of the charter; therefore,

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That that portion of Leighton avenue in the city of Rochester lying between Palmer and Goodman streets be and the same hereby is discontinued and abandoned as a public street.

Section 2. This ordinance shall take effect immediately.

On motion of Ald. Judson, laid on the table until the next regular meeting.

MISCELLANEOUS BUSINESS.

By Ald. C. S. Cook—Be it ordained by the Common Council of the city of Rochester:

That improvement ordinance No. 477 for a block stone pavement on St. Paul street, from Main street east to Central avenue, passed September 25, 1900, be and the same hereby is repealed.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—20.

By Ald. Race—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. The Commissioner of Public Works is hereby authorized to lay a water pipe in Ashland street, from Gregory street to a point about 150 feet south.

Sec. 2. This ordinance shall take effect immediately.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—20.

By Ald. Reddington—
Monroe County Court—In the matter of the application of the city of Rochester to acquire lands of the New York Central and Hudson River Railroad company, the Buffalo, Rochester and Pittsburg Railway company, and others, for the alteration of West Maple and Saxton streets in the city of Rochester, N. Y.

To the Honorable the Common Council: Gentlemen—We, the undersigned, who were appointed by an order of the Monroe County court duly made and entered in Monroe county clerk's office, commissioners to appraise the damages and compensation which the owner or owners, or persons interested, and if there be any occupant or tenant who may have a leasehold interest

in the premises, rights or easements therein, to be taken for the public improvement or purpose above referred to, should severally receive therefor—respectfully report and certify the several pieces and parcels of lands and the premises, rights or easements therein, to be taken for said improvement, and the names and residences of the owner or owners, respectively, and the rights of said owners, as far as they can be ascertained, and the names and residences of the tenants or occupants thereof, and of all other persons who have any interest in said property, and the amount of the damages or compensation which should be paid to each, as follows:

Parcel No. 1.

All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, beginning at the southeast corner of West Maple and Dengler streets; thence easterly along the south line of West Maple street about 132.4 feet to a point 77 feet southerly from and at right angles to the south side of the south rail of the south main track of the Buffalo, Rochester and Pittsburg railroad; thence southwesterly parallel with the said south side of the south rail of said south main track, about 121.7 feet to the division line between lands now or formerly owned by Jacob Gerling and Catherine Dengler; thence northwesterly along said division line about 30.8 feet to the easterly line of Dengler street; thence northerly along the easterly line of Dengler street about 10.46 feet to the place of beginning; being parts of lots 105 and 106 of the Granger, Sibley and Field tract.

These premises are owned by Louisa Gerling, subject to the following mortgages held by the German Insurance company of Rochester; one to secure \$5,000, dated November 18, 1891; and another to secure \$5,000, dated December 30, 1897.

Parcel No. 2.

All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, beginning at a point in the easterly line of Dengler street and in the division line between the lands of Jacob Gerling and Catherine Dengler; said point being about 10.46 feet southerly from the south line of West Maple street measured along the easterly line of Dengler street; thence easterly along said division line about 30.8 feet to a point 77 feet southerly from and at right angles to the south side of the south rail of the south main track of the Buffalo, Rochester and Pittsburg railroad; thence southwesterly parallel with said south side of the south rail of the said south main track, about 43.5 feet to the division line between the lands of Catherine Dengler and John Dengler; thence northwesterly along said last mentioned division line about 7 feet to the easterly line of Dengler street; thence northerly along the easterly line of Dengler street about 40 feet to the place of beginning; being part of lot 105 of the Granger, Sibley and Field tract.

These premises are owned by Catherine Dengler.

Parcel No. 3.

All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, beginning at a point in the easterly line of Dengler street and in the division line between the lands of Catherine Dengler and John Dengler, said point being about 50.46 feet south of the south line of West Maple street as measured along the easterly line of Den-

gler street; thence easterly along said division line about 7 feet to a point 77 feet southerly from and at right angles to the south side of the south rail of the south main track of the Buffalo, Rochester and Pittsburg railroad; thence southwesterly, parallel with said south side of the south rail of the said south main track about 13.7 feet to the easterly line of Dengler street; thence northerly along the easterly line of Dengler street about 11.8 feet to the place of beginning; being part of lot 104 of the Granger, Sibley and Field tract.

These premises are owned by John Dengler and Catherine Dengler, his wife.

Parcel No. 4.

All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, beginning at the southwest corner of West Maple and Dengler streets; thence westerly along the south line of West Maple street about 55.18 feet to the east line of the lands of the Buffalo, Rochester and Pittsburg Railway company; thence southerly along the east line of said railway company's lands about 53.24 feet to the westerly line of Dengler street; thence northerly along the westerly line of Dengler street about 75.75 feet to the place of beginning, being a triangular piece of land in the northeast corner of lot 69 of the Granger, Sibley & Field tract.

These premises are owned by Andrew E. O'Keefe, subject to a mortgage to secure the sum of \$250, held by the Monroe county Savings Bank.

Parcel No. 5.

All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, beginning at a point in the south line of West Maple street about 55.18 feet west of the southwest corner of Dengler street and in the division line between the lands of Andrew O'Keefe and the lands of the Buffalo, Rochester and Pittsburg Railway company; thence southerly along said division line about 53.24 feet to the westerly line of Dengler street; thence southerly along said westerly line of Dengler street about 8.6 feet to a point 77 feet southerly from and at right angles to the south side of the south rail of the south main track of the Buffalo, Rochester and Pittsburg railroad; thence westerly parallel with the said south side of the south rail of said south main track, about 217.9 feet to the east line of lot 5 of George A. Wilkin's subdivision of lots 67, 68 and part of 69 of the Granger, Sibley and Field tract; thence northerly along the east line of said lot 5 about 28.1 feet to the northeast corner of said lot 5; thence westerly along the north line of said lot 5 about 108 feet to the east line of Saxton street; thence northerly along the east line of Saxton street about 46.76 feet to the division line between the lands of the Buffalo, Rochester and Pittsburg Railway company and the lands of the New York Central and Hudson River Railroad company; thence easterly along said last mentioned division line about 15.5 feet to a line drawn southerly at right angles from the south line of Tonawanda street produced westerly, and from a point in said produced line of Tonawanda street where it intersects the east line of Saxton street; thence southerly along said line drawn at right angles to said south line of Tonawanda street as produced about 33 feet to a point 11 feet southerly from and at right angles to the south side of the aforesaid south rail of the south main track of the Buffalo, Rochester and Pittsburg railroad; thence easterly parallel with the said south side of said south rail and

11 feet southerly at right angles therefrom, about 264 feet to the present south line of West Maple street; thence easterly along the south line of West Maple street about 44 feet to the place of beginning; being an irregular piece of land fronting on West Maple, Dengler and Saxton streets.

These premises are owned by the Buffalo, Rochester and Pittsburg Railway company, subject to a mortgage to secure bonds in the aggregate sum of \$10,000,000, held by the Union Trust company of New York; also subject to the lien, if any, of a judgment recovered by Lena M. Allen against the Buffalo, Rochester and Pittsburg Railway company; also subject to the lien, if any, of a judgment recovered by Matthew Quinlivan against the Buffalo, Rochester and Pittsburg Railway company.

Parcel No. 6.

All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, beginning at a point in the east line of Saxton street and in the north line of lot 5 of George A. Wilkin's subdivision of lots 67, 68 and part of 69 of the Granger, Sibley and Field tract; thence easterly along the north line of said lot 5 about 108 feet to the northeast corner of said lot 5; thence southerly along the east line of said lot 5 about 28.1 feet to a point 77 feet southerly from and at right angles to the south side of the south rail of the south main track of the Buffalo, Rochester and Pittsburg railroad; thence southwesterly parallel with the said south side of the south rail of said south main track about 29.1 feet to the south line of the aforesaid lot 5; thence westerly along the south line of said lot 5 about 79.8 feet to the east line of Saxton street; thence northerly along the east line of Saxton street about 35 feet to the place of beginning; being part of lot 5 of said Wilkin's subdivision.

These premises are owned by James Troy, subject to a mortgage to secure \$450, held by the Mechanics Savings Bank of Rochester, N. Y.

Parcel No. 7.

All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, beginning at a point in the east line of Saxton street, and in the division line between lots 5 and 7 of George A. Wilkin's subdivision of lots 67, 68 and part of 69 of the Granger, Sibley and Field tract; thence easterly along said division line about 79.8 feet to a point 77 feet southerly from and at right angles to the south side of the south rail of the south main track of the Buffalo, Rochester and Pittsburg railroad; thence southwesterly parallel with the said south side of the south rail of said south main track about 82.1 feet to the east line of Saxton street; thence northerly along the east line of Saxton street about 19.4 feet to the place of beginning; being a triangular piece of land taken from the northwest corner of said lot 7.

These premises are owned by William O'Neill and Margaret O'Neill, his wife, as joint tenants, subject to the lien, if any, of a judgment recovered by Samuel Sloan against William C. O'Neill and William E. O'Neill; also subject to the lien, if any, of a judgment recovered by Nicholas Brayer against William O'Neill.

Parcel No. 8.

All that tract or parcel of land situate in the city of Rochester, county of Monroe

and state of New York, beginning at a point in the west line of Saxton street, 41 feet southerly from and at right angles to the south side of the south rail of the south main track of the Buffalo, Rochester and Pittsburg railroad; thence southwest-erly parallel with the said south side of the south rail of the said south main track about 15.9 feet to the division line between lots 6 and 8 of George A. Wilkin's subdivision of lots 67, 68 and part of 69 of the Granger, Sibley and Field tract; thence westerly along said division line about 115.6 feet to the east line of Silver street; thence northerly along the east line of Silver street about 4 feet to a point 11 feet southerly from and at right angles to the said south side of the south rail of the said south main track; thence northeasterly, parallel with the said south side of the south rail of said south main track and 11 feet southerly at right angles therefrom about 132 feet to the west line of Saxton street; thence southerly along the west line of Saxton street about 31 feet to the place of beginning; being part of lot 6 of said Wilkin's subdivision.

These premises are owned by the Buffalo, Rochester and Pittsburg Railway company, subject to a mortgage to secure bonds in the aggregate sum of \$10,000,000, held by the Union Trust company of New York; also subject to the lien, if any, of a judgment recovered by Lena M. Allen against the Buffalo, Rochester and Pittsburg Railway company; also subject to the lien, if any, of a judgment recovered by Matthew Quinlivan against the Buffalo, Rochester and Pittsburg Railway company.

Parcel No. 9.

All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, beginning at a point in the east line of Silver street and in the division line between lots 6 and 8 of George A. Wilkin's subdivision of lots 67, 68 and part of 69 of the Granger, Sibley and Field tract; thence easterly along said division line about 115.6 feet to a point 41 feet southerly from and at right angles to the south side of the south rail of the south main tract of the Buffalo, Rochester and Pittsburg railroad; thence southwest-erly parallel with the said south side of the south rail of said south main track and 41 feet southerly at right angles therefrom about 118.8 feet to the east line of Silver street; thence northerly along the east line of Silver street about 27.9 feet to the place of beginning; being a triangular piece of land taken from the northwest corner of said lot 8.

These premises are owned by Daniel Fowler and Bridget Fowler, his wife, subject to two mortgages, one to secure \$2,350 and held by George A. Wilkin, and the other to secure \$1,050 and held by Andrew E. O'Keefe.

Parcel No. 10.

All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, beginning at the southwest corner of West Maple and Saxton streets; thence westerly along the south line of West Maple street about 15 feet to a line drawn at right angles southerly from the south line of Tonawanda street produced westerly, and from a point in said produced line 80 feet westerly, as measured in said produced line, from its intersection with the east line of Saxton street; thence southerly along the line so drawn at right angles to said produced line of Tonawanda street about 54 feet to the

division line between the lands of the New York Central and Hudson River Railroad company and the lands of the Buffalo, Rochester and Pittsburg Railway company; thence easterly along said division line about 2 feet to the west line of Saxton street; thence northerly along the west line of Saxton street about 51.74 feet to the place of beginning; being a piece of land triangular in shape on the southwest corner of West Maple and Saxton streets.

These premises are owned by the New York Central and Hudson River Railroad company, subject to two mortgages, one held by Cornelius Vanderbilt, Junior, and William K. Vanderbilt, trustees, and the other held by the Central Trust company of New York.

Parcel No. 11.

All that tract or parcel of land situate in the city of Rochester, county of Monroe and state of New York, beginning at a point in the west line of Saxton street and in the division line between the lands of the New York Central and Hudson River Railroad company, and the lands of the Buffalo, Rochester and Pittsburg Railway company; thence southerly along the west line of Saxton street about 10 feet to a line drawn southerly from and at right angles to, the south line of Tonawanda street, produced westerly, and from a point in said produced line 80 feet west of the east line of Saxton street as measured in said produced line; thence northerly in the line drawn as aforesaid at right angles to the south line of Tonawanda street produced about 9 feet to the said division line between said railroad companies' lands; thence easterly along said division line about 2 feet to the place of beginning; being a triangular piece of land fronting on the west side of Saxton street adjoining the lands of the New York Central and Hudson River Railroad company on the south.

These premises are owned by the Buffalo, Rochester and Pittsburg Railway company, subject to a mortgage to secure bonds in the aggregate sum of \$10,000,000, held by the Union Trust company of New York; also subject to the lien, if any, of a judgment recovered by Lena M. Allen against the Buffalo, Rochester and Pittsburg Railway company; also subject to the lien, if any, of a judgment recovered by Matthew Quinlivan against the Buffalo, Rochester and Pittsburg Railway company.

Therefore, we, the subscribers, the commissioners, having been duly sworn as required by the statute in such case made and provided, and having all met and acted upon all the matters submitted to us, at the Corporation Counsel's office, 46 City Hall building, Rochester, N. Y., pursuant to a notice of at least ten days, published according to law, and having taken a view of every part of the respective premises affected by this proceeding, and having inquired into and heard all the allegations and proofs of the respective parties in interest, do thereupon determine and appraise the compensation which the owners and tenants of and others having any rights in the respective premises above described, who are entitled to any compensation for the lands and rights to be taken for the changing of said crossing, will sustain by being deprived thereof, and do fix the damages and compensation which said owners and tenants and others will receive therefor, as follows, said awards to be paid after deducting all taxes and assessments which have become a lien upon the land above described as hereinbefore provided.

For parcel number one, the sum of \$3,450

to Louisa Gerling, payable to the German Insurance company of Rochester, N. Y.

For parcel number two, to Catherine Dengler, the sum of \$1,200.

For parcel number three, to John Dengler and Catherine Dengler, his wife, the sum of \$250.

For parcel number four, the sum of \$2,200 to Andrew E. O'Keefe, and to the Monroe County Savings Bank, mortgagee, as their interests may appear.

For parcels numbers five, eight and eleven, the sum of \$5,400, to the Buffalo, Rochester and Pittsburg Railway company, payable to the Union Trust company of New York, mortgagee, and to the judgment creditors as aforesaid, as their interests may appear.

For parcel number six, the sum of \$1,700 to James Troy and to the Mechanics Savings Bank of Rochester, mortgagee, as their interests may appear.

For parcel number seven, the sum of \$3,000 payable to William O'Neill and Margaret O'Neill, his wife, owners, and to the judgment creditors, Samuel Sloan and Nicholas Brayer, as their interests may appear.

For parcel number nine, the sum of \$2,200 to Daniel Fowler and Bridget Fowler, his wife, owners, and George A. Wilkin and Andrew E. O'Keefe, mortgages, as their interests may appear.

For parcel number ten, the sum of \$50 to the New York Central and Hudson River Railroad company, payable to Cornelius Vanderbilt, Junior, and William K. Vanderbilt, trustees, and the Central Trust company of New York, mortgagees, as their interests may appear.

Respectfully submitted,
STEPHEN G. HOLLISTER,
STEPHEN REMINGTON,
M. H. McMATH,

Commissioners of Appraisal.

Dated the 3d day of December, 1900.

By Ald. Reddington—Resolved, That the regular meeting to be held Tuesday evening, December 18, 1900, be, and the same is, hereby assigned as the time when any complaints or appeals will be heard from the report of the Commissioners of Appraisal in the matter of acquiring lands of the New York Central and Hudson River Railroad company, et al., for the alteration of West Maple and Saxton streets in the city of Rochester.

Adopted.

By Ald. Baker—

ASSESSMENT ORDINANCE.

Whereas, The entire and aggregate expense of and connected with the improvements named in the following ordinances has been ascertained and reported to this Council as provided by the City Charter, therefore,

Be it ordained by the Common Council of the City of Rochester as follows:

Section 1. The cost of said improvements hereinafter named is hereby adjusted as thus reported, and the City Assessors are hereby directed to make an assessment upon the territory directed to be assessed in the final ordinances for said improvements for the amounts respectively set forth, as follows:

Ten Payments.

Ord. No.		
7675—Hudson ave macadam improvement		\$36,698 46
7726—Monroe ave. Medina block improvement		44,292 50
7338—North Clinton st. Medina block impt. (N. Y. C. and H. R. R. to Clifford st.).....		42,075 38

7731—Elm st. Medina block impt....	7,769 69
7772—Jay st. asphalt impt.....	24,067 12
7688—Jefferson ave. asphalt impt..	36,229 02

Each of the assessments for said improvements shall become due and payable in ten equal annual installments as follows: The first installment with interest as provided by the charter, shall become due and payable on the first day of the second month following the month in which the assessment roll for said improvement shall have been received by the City Treasurer; and each annual installment with interest as provided by the charter, shall be due and payable on the first day of the same month in each of the succeeding nine years.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Ward, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May.

By Ald. Beard—Resolved, That the Police ordinance, passed January 30, 1900, appearing at page 37, current proceedings, be amended by the addition of these words to the first section thereof: "The five precincts thus established shall be maintained until further action is taken by this Council."

Referred to Committee on Public Safety.

By Ald. Plumb—Be it ordained by the Common Council of the City of Rochester as follows:

Rule 10 of the Rules of Order of this Council is hereby amended to read as follows:

10. Clerk may call to order—In the absence of the President and President pro tempore the Clerk shall call to order and, if a quorum be present the Council shall choose one of its members present to preside and the member so chosen shall, during the absence of the President and President pro tempore, have and exercise all the duties and powers of that office. This rule shall not be suspended.

On motion of Ald. Plumb, referred to the Law committee.

By Ald. May—Whereas, Martin J. Wehle and Catherine Wehle, his wife, are the owners of a tract of land forty (40) feet front on the south side of Jay street by 200 feet deep; and,

Whereas, Said tract of land is assessed for the Jay street sewer as "lot 10, south side of Jay street, which said lot is 44 feet wide on said Jay street by 200 feet deep;" and,

Whereas, Said lot is assessed for 44 feet front, while, as a matter of fact, the said Martin J. Wehle and wife only own 40 feet front on said Jay street;

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That Martin J. Wehle and wife be allowed to pay the Jay street sewer assessment upon lot 10, south side of Jay street, less \$6.80, being the amount of assessment levied for said sewer upon four feet front more than what his deed actually calls for, and that upon the payment of the original assessment, less \$6.80, the City Treasurer is hereby authorized and directed to cancel the assessment against said lot 10, south side of Jay street, and charge \$6.80 to the erroneous assessment fund.

On motion of Ald. May, referred to Assessment committee.

Adjourned.

THEODORE S. PULVER,
City Clerk.

In Common Council, Dec. 18, 1900.

REGULAR MEETING.

Present—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

In the absence of the President of the Council and the President pro tempore the Clerk called the Council to order.

On motion of Ald. Plumb, Ald. Kelly was chosen President pro tempore.

APPROVAL OF MINUTES.

The minutes of the meeting of December 4th were approved as published in the sheets of official proceedings.

RESOLUTIONS.

By Ald. Marson—Resolved, That the Commissioner of Public Works be, and is hereby, authorized to erect a double arc electric light on West avenue between abandoned Trowbridge street and Hilton street. Referred to Lamp and Electricity committee and City Engineer.

By Ald. C. S. Cook—Whereas, a new Medina block stone pavement has been laid on Clinton avenue north, from Main street east to Andrews street, under final ordinance, No. 387; and

Whereas, a certain crosswalk near the south line of Division street was not replaced in its original position, and certain individuals doing business on said street claim to be inconvenienced in their business on account of the change of location of said crosswalk; now, therefore be it

Resolved, That the Commissioner of Public Works is hereby requested to construct what is known as a two-line crosswalk on said Clinton avenue north, near the south line of Division street as a part of the improvement on said Clinton avenue north, under said final ordinance No. 387.

Adopted.

By Ald. C. S. Cook—Resolved, That the City Engineer prepare an ordinance for an asphalt pavement on Martin street, from Lowell street to Hart street, also the construction of cement walks five feet in width on each side of the street between the limits named, except where good cement or flag-stone walks now exist. Adopted.

By Ald. C. S. Cook—Resolved, That the Rochester Gas and Electric company be and hereby is requested to place an arc electric light on Mertz alley midway between Lowell and Hart streets. Referred to Lamp and Electricity committee and City Engineer.

By Ald. Young—Resolved, That the Rochester Gas and Electric Light company be and hereby is requested to place an arc electric light under the New York Central railroad bridge on Joiner street. Referred to Lamp and Electricity committee and City Engineer.

By Ald. Plumb—Resolved, That the City Clerk be and he hereby is authorized and directed to receive the annual reports for the year 1900 that may be submitted for the consideration of the Common Council by the several municipal departments and to cause the same to be published and incorporated in the official proceedings of the Common Council of the current year.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook,

Parsons, Kelly, Ernst, Mead, Tanner, May—18.

By Ald. Ernst—Resolved, That the Rochester Gas and Electric company be and hereby is requested to place an arc electric light at the corner of Union and Augusta streets; also one on Prince street between Kenilworth terrace and Augusta street. Referred to Lamp and Electricity committee and City Engineer.

By Ald. Mead—Resolved, That the consent of this Common Council to the purchase of the following additional lands for park purposes by the Park Commissioners of the city, pursuant to the statute, is hereby approved.

All that tract or parcel of land in the city of Rochester, bounded and described as follows:

Commencing at a point on the line between the lands of the city of Rochester, formerly owned by Eliza Brown and the lands of the Brush Electric Light company, which said point is 300 feet distant westerly from the west line of St. Paul street, measured on the line between the lands of the said Eliza Brown and the lands of said Brush Electric Light company; thence northerly on a line parallel with and 300 feet distant westerly from the west line of St. Paul street to the south line of lands owned by the city of Rochester, formerly owned by James and John Fee; thence westerly on the north line of lands of the Brush Electric Light company 120 feet to the top of the high bank of the Genesee river; thence southerly about 280 feet on the top of the high bank of the river to the north line of the lands of the city of Rochester; thence easterly to the place of beginning. Containing 72-100 of an acre.

The above described tract of land is known as the Brush Electric Light company property.

Referred to committee on Law.

By Ald. Judson—Whereas, the Department of Public Works in the performance of its duty of collecting ashes collects annually hundreds of loads of hard coal ashes and cinders, which make excellent road material for unimproved streets; which ashes have heretofore been hauled in some cases long distances and disposed of to individuals for the purpose of filling and grading tracts of land below the street grade, for which the city has received little or no compensation in return; and

Whereas, the expense of hauling such ashes and cinders would be materially reduced if used in the filling of unimproved streets in the vicinity from which they are collected; and

Whereas, many of such unimproved streets are very much in need of such filling and grading,

Now, therefore, the Common Council of the City of Rochester does ordain as follows:

Section 1. It shall be the duty of the Department of Public Works to use the ashes and cinders so far as may be feasible and proper, in filling and grading unimproved streets in the outlying wards of the city. Cinders and ashes shall not be used for filling or grading private property in any part of the city of Rochester in which there is an unimproved street upon which cinders and ashes can be used for grading purposes to an advantage.

Section 2. This ordinance shall take effect immediately.

On motion of Ald. Judson, laid on the table until the next regular meeting.

By Ald. May—Be it ordained by the Common Council of the City of Rochester as follows:

That the property owners assessed for Child street asphalt pavement under final ordinance No. 6007, be and hereby are granted until December 1, 1902, in which to pay their assessments with interest at 6 per cent.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Marson, Race, C. S. Cook, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By Ald. May—Resolved, That the City Engineer be, and he hereby is directed to prepare an ordinance for the renumbering of Syke street, from Child street to Ames street; Child street, from Danforth street to Lyell avenue; Silver street, from Maple street to York street and Wilder street, from Brown street to Colvin street.

Adopted.

PETITIONS AND REMONSTRANCES.

By the Clerk—Notice of claim of George J. Cook for further damages for injuries alleged to have been caused by a fall on Glasgow street. Referred to Law committee.

Also—Notice of claim of George Galliger for damages for injuries alleged to have been incurred at city bath house. Referred to Law committee.

By Ald. Marson—Petition of Hedley C. W. Graham for cancellation of a personal tax. Referred to Assessment committee.

By Ald. Race—Petition of L. A. Jeffrey for permission to remodel a brick building on East avenue. Referred to Building committee and Fire Marshal.

Also—Petition of Lizzie Combs for cancellation of assessment for Monroe avenue sewer. Referred to Assessment committee.

By Ald. C. S. Cook—Petition of Fee Brothers for building permit. Referred to Building committee and Fire Marshal.

By Ald. Beard—Petition of Michael Dunphy for building permit. Referred to Building committee and Fire Marshal.

By Ald. Casey—Petition of Roland N. Airy for building permit. Referred to Building committee and Fire Marshal.

By Ald. Marson—Petition of Robacher Disinfectant company for cancellation of personal tax. Referred to Assessment committee.

By Ald. Plumb—Petition of Bell Telephone company for building permit. Referred to Building committee and Fire Marshal.

By Ald. Plumb—Petition of Maud A. Sprague for refund of amount paid for general city tax with interest. Referred to Assessment committee.

By Ald. H. G. Cook—Petition for a sewer in Seager street. Referred to City Engineer for ordinance.

Also—Petition of Simon Beisheim for building permit. Referred to Building committee and Fire Marshal.

By Ald. Parsons—Petition of W. T. Connor for cancellation of personal tax. Referred to Assessment committee.

By Ald. Kelly—Petitions of Thomas Dransfield for building permits. Referred to Building committee and Fire Marshal.

By Ald. Mead—Petitions of Levi Hey and H. Boogert for building permits. Referred to Building committee and Fire Marshal.

By Ald. Mead—Remonstrance against the erection of a stable at No. 6 Edward street. Referred to Fire Marshal and Building committee.

By Ald. Mead—Petition of Rochester Bill Posting company for permission to erect a bill board on St. Paul street, corner of Genesee avenue. Received and filed.

On motion of Ald. Mead the petition of the Rochester Bill Posting company for permission to erect a bill board, corner of Genesee avenue and St. Paul street, was denied.

By Ald. Judson—Petitions of Adolph Hack for building permits. Referred to Building committee and Fire Marshal.

By Ald. Baker—Petition of residents on Lake avenue and other streets for better car service by the Rochester Railway company. Referred to Railroad committee.

By Ald. Race—Petition of the Langslow, Fowler company for cancellation of personal tax. Referred to Assessment committee.

By Ald. Judson—Petition of Caledonia Springs Ice company for cancellation of personal tax. Referred to Assessment committee.

COMMUNICATIONS FROM THE MAYOR.

By the Clerk—

Mayor's Office,
Rochester, N. Y., Dec. 15, 1900.
To the Honorable, the Common Council of the City of Rochester:

Gentlemen: Section 462 of the charter of cities of the second class requires the several heads of departments to present to the mayor annually on or before the first Monday of November, a report of their proceedings during the preceding year, and directs the mayor to transmit the same to the Common Council with any recommendations that he may think proper to make.

I am informed by Corporation Counsel Andrews of Albany, who is very familiar with the history of the charter, that this section was originally drawn in harmony with other sections which provided for the making of a tax levy in December and the collection of taxes in January. The reports required by this section would, therefore, be of very material assistance in making up the tax levy. But when those other sections were eliminated, leaving tax levies to be regulated in the various cities by the then existing law, this section was left unchanged, and I would recommend that it be amended by the legislature to require annual reports covering the fiscal year from January 1st to January 1st.

I transmit herewith reports made by the Commissioner of Public Works, including those of the City Engineer and the Superintendent of Water Works, by the Commissioner of Public Safety, the Corporation Counsel, the Commissioner of Charities and Correction, the Treasurer, the Fire Marshal, the Civil Service Commission and the Examining Board of Plumbers.

The inquiry suggests itself why the tax levy should not be made in December and the taxes collected in January. This is done in the city of Albany. Several very desirable results would follow from that procedure. The city would not have to borrow money to pay the current expenses of running the government during the months of January, February, March and April as at present, for, aside from surpluses which may remain from the previous year, the city government now has no money of its own to live on from the 1st of January until the taxes are collected in May. To borrow the necessary amount of money in the year 1900 the city paid \$5,368.75. Not only would that outlay be avoided, but the money collected in January would be deposited in banks and would be earning interest for the four months named.

The City Treasurer informs me that on the average 70 to 75 per cent. of the taxes levied are now paid in the month of May when they become due. That sum paid in

January and drawing interest during the succeeding months would yield a large sum to the city. I am informed that in the city of Albany \$15,000 is earned yearly in this way.

There is, of course, the obvious objection to this suggestion, that the city taxes would fall due in the same month with the county taxes. That, however, is not a very serious objection, as with a little different management on the part of taxpayers they would be as ready to pay the larger sum in January as they are now to pay a part in January and the balance in May. And is it worth while to pay so many thousand dollars for the convenience of separating the time of payment of city and county taxes?

There has been much consideration given of late to the collection of taxes on personal property. There is little doubt that those taxes can be collected if the persons assessed have property, for the law provides for a levy under a warrant and for the instituting of supplementary proceedings to inquire into the debtor's property.

The existing state of affairs is as follows: Many persons assessed for personal property pay their tax voluntarily. But, aside from unpaid personal taxes of this year, there are outstanding \$96,629.79 of uncollected personal taxes of former years, and these are represented by interest-bearing notes of the city of Rochester, with no assets to set off against them.

Unless those taxes can be collected—and the longer they stand the less is the likelihood that they can be collected—not only the interest, but the principal of those notes will have to be paid by the city.

Therefore, the taxpayers at large are called on to settle for the delinquencies of those who fail to pay their personal taxes to the extent that they pay interest on notes issued, and ultimately they will pay some part of the principal. Such a state of affairs is very unsatisfactory and unbusinesslike.

The assessment and collection of taxes upon personal property will remain in a very unsatisfactory condition so long as the present system continues. The discussion of the question is old and the legislature periodically threatens to revise the tax laws, but nothing is done.

The labor and skill necessary to make a reasonably fair assessment of personal property under existing conditions is appalling when one considers the bewildering variety of forms which personal property assumes. It would require an amount of expert knowledge and skill, which no man or set of four men possesses.

The result is that assessment of personal property is largely made upon guess work. An authority upon the subject of taxation has said: "The valuation of personal property for the purposes of taxation generally, and in the state of New York especially, is a mere semblance and a libel upon the intelligence and honesty of both those who enact and those who administer the laws."

One of the most unreasonable methods of assessment is followed in the case of mortgages upon real estate. The Assessors having assessed all real estate presumably at its fair value, go to the County Clerk's office, make a list of the owners of mortgages upon real estate, and if the names of those owners correspond with the names of residents of Rochester, as shown in the directory, they are assessed for the mortgage, notwithstanding that the land has already been assessed at full value. Besides being double taxation, experience shows that the tax upon a mortgage is in

variably shifted to the borrower or owner of the land, and that in one form or another he pays it.

Furthermore, it prevents the loaning of money, especially upon second mortgage, and so hinders building operations, diminishes the employment of building mechanics and laborers, and unfavorably affects the lumber, hardware and other trades.

Considering the subject of the taxation of personality in general, it should be continually borne in mind by those who seek the growth and advancement of Rochester that the heavy taxation of personal property does not constitute an invitation to capital to embark in industrial undertakings, upon the presence of which the valuation of city real estate and, indeed, the very existence of the city itself depends.

I am a firm believer in the principle of home rule for the government of cities, and think that Rochester ought to be given local option in the matter of collecting taxes with which to run its own government. A bill, having that end in view, has in recent years been approved by the Rochester Chamber of Commerce.

It can be of no concern to any one outside of Rochester how the taxes, which are expended wholly within the city for its own purposes, are collected. If Rochester had the power, its citizens might well consider whether, from every point of view, it would not be wise to reduce the rate to be levied upon personal property. Capital would then respond to this invitation for investment in Rochester, the city would grow, real estate values would increase, and the inducement would be very small to the owners of personal property to make false statements to the Assessors as to its valuation, with the result that the amount of personal taxes paid would be greater than at present.

The subject of desired amendments to the charter is naturally suggested.

The workings of the new charter have, it seems to me, been remarkably satisfactory, considering that there were some innovations. Of course, the work of governing the city is practically the same as it has been, and the heads of departments succeed to the duties of various boards and offices under the old system.

One of the best of the features of the White charter which are new is the Board of Contract and Supply, and the requirement that requisitions should be made to that board for all expenditures, before a legal liability can be created against the city. The scheme of the charter is that all liabilities shall be subject to the scrutiny of the Board of Contract and Supply in their inception, and that after being created the claims thereunder shall be subject to the review of the Comptroller through his power of audit.

Earlier in the year considerable difficulty was experienced in compelling the various departments to observe with fidelity the requirement that all wants should be committed to writing and sent to the board, and in some quarters there appeared to be jealousy of departmental authority, and failure to realize that the old system of allowing almost any city employee to go out and order anything he wanted and send the bill to the city, was a very bad system.

Now, however, requisitions for practically all expenditures are sent to the Board of Contract and Supply, and all purchases, except in some cases of great emergency, are made by the clerk of the board, acting as purchasing agent.

Section 96, in my opinion, ought to be amended so as to permit the making of

a contract for the collection of garbage extending for a period of more than one year, as in the case of contracts for light and water.

At the beginning of the year I recommended to the Council that bids be solicited for the publication of the Common Council proceedings and other matters in two daily newspapers. The recommendation was not followed. Two newspapers were designated under section 29 of the charter without any provisions or conditions or agreement, except that the charges for the publication were not to exceed 29 cents an inch for the proceedings and 25 cents an inch for the notices.

The following condition of affairs has resulted. Upon the hearing of an appeal, from an audit of the Comptroller, before the Board of Estimate and Apportionment, representatives of the two papers designated claimed that under Section 3317 of the Code of Civil Procedure they would be entitled to charge 75 cents per folio, or about the same amount per inch.

In former years I believe the highest price the city has ever paid has been thirty cents an inch, and that price has secured not only the publication desired, but also bound and indexed volumes of the proceedings. This year the papers have refused to furnish such bound and indexed volumes of the proceedings, either for this year or for the year 1899, unless they are paid an additional sum therefor.

Proposals have been invited by the Board of Contract for binding and indexing the proceedings of the Council and of the Executive Board for last year, and it is estimated that on the single bid received the cost will be about \$1,000. The expense of securing the volumes of Council proceedings for this year on the same basis would be from \$700 to \$800.

I am of the opinion that section 29 of the charter should be so amended as to require the Common Council, before designating the official newspapers, to secure proposals for publishing and binding and indexing the volumes; that the Council, after receiving proposals, should designate two newspapers under procedure like the present, but should not be required to adopt the lowest bids,

thus avoiding the necessity of designating an irresponsible newspaper.

Dr. Moore, the president of the Park Commission, has asked assent to legislation continuing the control and management of the parks in a commission. Unless such legislation is adopted the management of the parks will, on the 1st day of January, 1902, pass into the hands of a superintendent of parks appointed by the Commissioner of Public Works.

I concur in his opinion that better results can be obtained for the city's parks by vesting the management thereof in a committee of citizens rather than in a single official. The Commissioner of Public Works is already a very busy official and the work of developing and beautifying the parks is not of the same nature as the other work he is called on to perform.

I do not believe, however, that a park commission of twenty-one members should be continued. Administration of any department by a commission is not in harmony with the design which runs through the new charter. Its framers sought to place responsibility for the discharge of official duties upon single officials, and while the peculiar character of the work to be done in the parks would warrant the exception of that department, yet a commission of twenty-one members is too large and unwieldy a body. It was a very desirable organization at the beginning, because it was necessary to interest as many prominent citizens as possible in the establishment of parks and to have all sections of the city represented.

Now, however, the parks are all located and established and the work is that of developing them. I therefore recommend that if any legislation is enacted, it provide for a park commission of five members, all of whom, except the president, shall serve without compensation.

Dated December 15, 1900.

Very respectfully,
GEO. A. CARNAHAN,
Mayor.

Received, filed and published and referred to committees on Finance and Charter Amendments.

BUDGET NO. 24.

By the Clerk—

Comptroller's Office,
Rochester, N. Y., Dec. 8, 1900.

To the Honorable, the Common Council:

Gentlemen—In accordance with the provisions of Section 65 of the City Charter, you are hereby notified that the claims presented to the Comptroller during the two weeks ending December 1, 1900, have been audited in the amounts hereinafter named:

CLAIMS FOR 1900.

JAMES JOHNSTON,
Comptroller.

Received, filed and published.

By the Clerk—

One Payment.

Department of Finance,
Rochester, N. Y., Dec. 12, 1900.
To the Honorable the Common Council:
Gentlemen—I have this day received from
the Rochester Railway company their check
for \$9,193.51, together with their sworn
statement that the report submitted is correct.

The payment covers 1 per cent. of their
gross earnings, \$860,351.37, 1 per cent. of
which is \$8,603.51; also \$5 on each car
operated during the year.

They report the average number of cars
at 118.

This I have deposited with the Fidelity
Trust company to the credit of the General
Sinking fund.

Respectfully submitted,
S. B. WILLIAMS,
Treasurer.

Received, filed and published.

By the Clerk—

City Treasurer's Office,
Rochester, N. Y., Dec. 18, 1900.

404—Sherman street sweeping and cleaning	142 00
405—Lexington avenue sweeping and cleaning	85 60
406—Chatham street sweeping and cleaning	105 85

Be it ordained by the Common Council of the city of Rochester as follows:

That the said amounts be and hereby are fixed and determined to be the amounts to be assessed upon the property deemed benefited by the aforesaid improvements as determined by the final ordinances for said improvements, and the City Assessors are hereby directed to make an assessment as provided by the City Charter, for the improvements named herein upon the territory directed to be assessed, as provided by the final ordinances for said improvements, respectively, said assessments to be paid within thirty days from the first publication of the notice of the assessment rolls by the City Treasurer.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By the Clerk—

City Treasurer's Office,
Rochester, N. Y., Dec. 18, 1900.

To the Hon. the Common Council:

Gentlemen—I hereby certify that the Commissioner of Public Works has notified me that the works or improvements authorized under ordinances hereinafter mentioned have been completed; that I have, pursuant to the provisions of the Charter, ascertained the entire and aggregate expense of and connected with the same respectively, including any interest that the city shall incur, or is entitled to for the use of its funds, and that the respective amounts thereof are as follows:

S. B. WILLIAMS,
Treasurer.

Received, filed and published.

By Ald. Baker—Be it ordained by the Common Council of the City of Rochester, as follows:

That the amounts to be assessed for the improvements named in the foregoing communication from the City Treasurer be and hereby are fixed at the sums certified by the Treasurer in said communication and the City Assessors are hereby directed to make an assessment as provided by law for the said improvements upon the territory directed to be assessed in the final ordi-

nances for said improvements, the amounts so assessed to be included in the general city tax rolls for 1901 as provided by section 199 of chapter 143 of the laws of 1861 as amended by chapter 569 of the laws of 1898.

Adopted by the following vote:
Ayes—Aldermen Tracy, Callhan, Marson, Race, C. S. Cook, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parson, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Race—

Department of Public Works,
Rochester, N. Y., Dec. 13, 1900.

To the Honorable the Common Council:
Gentlemen—The repair shop of the Water Works Department, on Mill street, is altogether too small to permit of doing the necessary work required in the repairs of the various appurtenances of the water pipe system, as well as testing and repairing all water meters.

Various methods of relief have been suggested and have received careful examination and consideration. The cheapest and most advantageous in all respects is to acquire a parcel of land, with the buildings, immediately adjacent on the north, and move the meter department into these buildings.

I would therefore respectfully request the authority of your Honorable Body to acquire said lot, in accordance with the provisions of the City Charter.

Very truly yours,

J. HERBERT GRANT,
Commissioner of Public Works.

Received, filed and published.

By Ald. Race—

Whereas, The present building on Mill street, used as a repair shop by the Water Works Department, is entirely inadequate for the purpose, and this lack of room very materially adds to the cost of work done in said shop, and,

Whereas, The lot and building immediately adjacent on the north, and fronting on Mill street, will afford the required additional room, now, therefore,

Be it ordained by the Common Council of the city of Rochester, as follows:

The Commissioner of Public Works is hereby authorized, pursuant to section 149 of the city charter, to acquire for the city the following described land, with the buildings thereon:

Being a lot or parcel of land, with the buildings thereon, located on the east side of Mill street adjacent to the water works repair shop, and on the northerly side thereof, 21.9 feet frontage on Mill street and 43.25 feet in depth.

By purchase, at a price approved by the Board of Estimate and Apportionment, or otherwise, as provided in section 149 of the city charter.

Referred to committee on finance.

By Ald. May—

Department of Public Works,
Rochester, N. Y., Dec. 13, 1900.

To the Honorable the Common Council:
Gentlemen—The estimated cost of York street cement walks, constructed under final ordinance No. 7894, was \$1,200. Owing to an error in the estimated amount of walks to be constructed this estimate was not sufficient to complete the work. The work has been completed, and the total cost thereof, as shown by the final estimate, is \$1,203.32; cost of inspection, stakes and cartage, \$125.30; making the total cost, \$1,328.12. The excess of cost over the estimate is therefore \$129.12. I would respectfully recommend

the adoption of a deficiency ordinance for said amount.

Very truly yours,
E. A. FISHER,
City Engineer.

Received, filed and published.
By Aid May—Whereas, This Council did, by final ordinance No. 7394, passed November 21, 1899, determine and ordain that York street, from West avenue to Maple street, should be improved by the construction of a cement walk on said street, the estimate for which was \$1,200; and,

Whereas, The total cost of said improvement has been ascertained and the City Engineer reports that the actual expense of the improvement over the estimate in the ordinance will amount to \$129.12, which said amount of excess above the estimate is hereby approved.

Be it ordained by the Common Council of the City of Rochester that the said amount of \$129.12 is hereby directed to be assessed upon the following portion of the city, which this Common Council deems proper to be so assessed for and will be benefited by said improvement; to wit:

One tier of lots and parcels of land on each side of York street, from West avenue to Maple street.

Adopted by the following vote:
Ayes—Aldermen Tracy, Callihan, Marson, Race, C. S. Cook, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By the Clerk—
Department of Public Works,
Rochester, N. Y., Dec. 17, 1900.

To the Honorable the Common Council:
Gentlemen—The Street railway tracks in St. Paul street, from the New York Central and H. R. R. R. to Lowell street, are in very bad condition. I have been informed by the manager of the Street Railway company that he will renew said rails during the coming year. The pavement in this portion of the street is also in bad condition and I would respectfully recommend that the question of repaving that portion of the street at the same time that the new rails are laid be referred to the Public Improvement committee.

Very truly yours,
E. A. FISHER,
City Engineer.

Received, filed and published and referred to committee on public improvements.

By the Clerk—
Department of Public Works,
Rochester, N. Y., Dec. 17, 1900.

To the Honorable the Common Council:
Gentlemen—I have been requested by the aldermen of the Fifth ward to prepare estimates of the cost of paving North Water street, from Mortimer street to Central avenue. Before submitting such estimates I deem it advisable to call your attention to the fact that the present sewer in Main Street East empties into the Genesee river above the falls. At the time this sewer was constructed it was the intention to divert the sewage into a sewer to be constructed through Water street emptying into the proposed tunnel, passing under the tracks of the New York Central and H. R. R. R. and emptying into the river below the upper falls.

The tunnel has now been constructed and it would seem to me advisable that the proposed sewer should be constructed at least in the portion of Water street which it is proposed to pave before the pavement is laid. I would recommend, therefore, that the matter be referred to the Street and Sewer committee, the Health

Officer and City Engineer for investigation and report.

Very respectfully yours,
E. A. FISHER,
City Engineer.

Received, filed and published and referred to committee on streets and sewers, City Engineer and Health Officer.

By the Clerk—
Law Department,
Rochester, N. Y., Dec. 17, 1900.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—Pursuant to section 422, chapter 182, of the laws of 1898, I beg leave to report: that on the 28th day of September, 1897, in an action in the Supreme court in which Charles Twist, as administrator, etc., was plaintiff, and the city of Rochester was defendant, said plaintiff represented by his attorneys, Raines Bros., recovered a judgment against the city of Rochester for the sum of \$6,771.36, which was subsequently reduced upon a retaxation of costs, to the sum of \$6,768.36. That on February 9, 1899, said plaintiff also recovered a judgment against the city of Rochester on affirmation of the first judgment for costs and disbursements, amounting to the sum of \$260.63. That on the 15th day of December, 1900, said plaintiff also, pursuant to a decision of the Court of Appeals, recovered a further judgment in the same action for further costs and disbursements, amounting to the sum of \$160.65.

I beg leave to further report that on the 24th day of November, 1900, in an action in the Supreme court in which Gilbert Costich was plaintiff and the city of Rochester was defendant, said plaintiff represented by Richard E. White, Esq., his attorney, recovered a judgment against the city of Rochester for the sum of \$324.78.

I beg leave to further report that on the 6th day of December, 1900, in an action in the Supreme court in which William H. Perrin was plaintiff and the city of Rochester was defendant, said plaintiff represented by his attorney, Richard E. White, Esq., recovered a judgment against the city of Rochester for the sum of \$249.14. Each of said judgments bears interest at the rate of 6 per cent. from the date of their respective entries, and they have become payable, and it is my opinion that the amounts of said judgments should be raised in the next levy of taxes.

Yours truly,
P. M. FRENCH,
Corporation Counsel.

Received, filed and published.
By the Clerk—

Department of Public Safety,
Dec. 18, 1900.

To the Honorable, the Common Council:
Gentlemen—On November 20, 1900, William Dunn, an engineer of the Rochester fire department, was thrown from his engine while responding to box No. 231 and suffered a severe sprain of the ankle, necessitating taking him to the hospital in addition to employing a physician. The bill from the Rochester City hospital amounts to ten dollars (\$10.00). Dr. Richard Moore's bill for services amounts to fourteen dollars (\$14.00). I respectfully recommend that I be authorized to settle these bills.

Very truly yours,
JAMES D. CASEY,
Commissioner of Public Safety.

Received, filed and published.
By Aid. Parsons—Be it ordained by the Common Council of the city of Rochester, as follows:

Section 1. Pursuant to the provisions of section 231 of chapter 143 of the laws of 1861, as amended, the Commissioner of Public Safety of the city of Rochester is hereby authorized to approve and certify to the Comptroller for payment, the bills of the City hospital for ten dollars (\$10), and of Dr. R. M. Moore, fourteen dollars (\$14), for services rendered to William Dunn, a member of the fire department of the city of Rochester, said Dunn having been cared for at the hospital and attended by the physician in consequence of a severe sprain of the ankle, incurred in line of duty.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

STANDING COMMITTEE REPORTS.

By Ald. Judson—

FINANCE COMMITTEE REPORT.

To the Common Council:

Gentlemen—On matters referred to this committee we beg leave to present the following report:

We recommend that the City Treasurer be directed to transfer the 1899 balances of the Repair, Contingent, Building and Library funds of the Board of Education to the Teachers' fund of that Board, as requested by the Board in a communication submitted to this council at the meeting of December 4th.

We recommend that certificates of indebtedness in the sum of \$60,000.00 be authorized on account of Local Improvement fund, as requested by the Comptroller in a communication presented to the Council at the meeting of December 4th.

We recommend that certificates of indebtedness in the sum of \$100,000 be authorized on account of the General fund to supply moneys represented by uncollected taxes, as per the Comptroller's request of December 4th.

Respectfully submitted,

CHAS. H. JUDSON,
W. H. MARSON,
JAMES J. TANNER,
W. H. TRACY.

Finance Committee.

Received, filed and published.

By Ald. Judson—Be it ordained by the Common Council of the City of Rochester as follows:

That the Treasurer of the City of Rochester be and hereby is directed to transfer the balances of 1899 in the Repair, Building, Contingent and Library funds of the Board of Education to the Teachers' fund of said board.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Judson—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. For the purpose of procuring money to meet Local Improvement fund orders and accumulated interest thereon the city shall borrow, as may be necessary, the sum of sixty thousand dollars (\$60,000.00), in anticipation of the receipt of assessments levied or to be levied but not collected and the city's notes or certificates of indebtedness, aggregating not more than that sum, signed by the Mayor and Treasurer and countersigned by the Comptroller are hereby authorized, which notes shall bear a rate

of interest not greater than six per cent, shall become due not later than September 1, 1901, and shall be negotiated by the Comptroller and the avails thereof immediately paid to the City Treasurer to be by him deposited in banks to the credit of the Local Improvement fund.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Judson—Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. In anticipation of the receipt of city taxes of the year 1900 levied but still uncollected and for the purpose of procuring money to defray necessary city expenditures for the year 1900 the city shall borrow the sum of one hundred thousand dollars (\$100,000.00) or so much thereof as may be necessary, and the city's notes or certificates of indebtedness aggregating not more than that sum to be paid out of moneys received as such taxes, when collected, signed by the Mayor and Treasurer and countersigned by the Comptroller, are hereby authorized, which certificates shall be issued for not less than par, shall bear a rate of interest not greater than six per cent, and shall become due not later than June 1, 1901.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Marson—

REPORT OF LAMP COMMITTEE.

Rochester, N. Y., Dec. 13, 1900.

To the Honorable the Common Council:

Gentlemen—Your committee on Lamps and Electricity would respectfully recommend that arc electric lights be placed as follows:

One double arc lamp on West avenue, between Trowbridge street and Hilton street.

One arc light on Flour City park, corner Lilly street.

One arc light on Augustine street, corner Pierpont street.

One arc light on Portland avenue, near Grace street.

W. H. MARSON,
J. MILLER KELLY,
MILTON RACE.

Committee on Lamps and Electricity.
Received, filed and published.

By Ald. Marson—Be it ordained by the Common Council of the city of Rochester as follows:

That the Commissioner of Public Works be and hereby is authorized to have placed the lights recommended in the foregoing report of the Lamp and Electricity committee and to discontinue any gas lamps rendered unnecessary.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Baker—

ASSESSMENT COMMITTEE REPORT.

Rochester, N. Y., Dec. 13, 1900.

To the Hon. the Common Council of the City of Rochester:

Gentlemen—Your Assessment committee begs leave to submit the following report:

In the matter of the petition of Bridget French, your committee finds that it has no jurisdiction.

In the matter of the petitions of R. F. Craggs, Thomas E. Atkins, Crescent Standard Enterprise Laundry Company, we recommend that the same be denied.

In the matter of the petitions of I. Oscar Higgins, Charles C. Hellem, Catherine Kennedy, Henry Lampert, Moses Goldstein, James B. Pike, Mary Aiken, Thomas Moore, A. B. Crooks, and Robacher Disinfectant Co., we recommend that the same be granted as per following ordinance.

We further recommend the passage of the ordinance introduced November 20, 1900, by Alderman Casey, for the reduction of interest on taxes of James W. Whitney and Caroline W. Fisk.

Respectfully submitted,
WM. J. BAKER,
W. H. MARSON,
WILLIAM T. PLUMB,
HENRY G. COOK,
W. ERNST,
Assessment Committee.

Received, filed and published.

By Ald. Baker—Resolved, That the petitions of R. F. Craggs, Thomas E. Atkins and Crescent Standard Enterprise Laundry Company be, and the same hereby are, denied.

Adopted.

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That the City Treasurer be, and he hereby is, authorized and directed to cancel a personal tax assessed against I. Oscar Higgins for the year 1900, amounting to \$35.34, including collector's fees and interest; and the City Treasurer is hereby further authorized and directed to charge the said amount to the Erroneous Assessment fund.

Sec. 2. That Charles C. Hellem be allowed to pay the general city tax for the years 1895, 1896, 1897 and 1898 upon lot 55, East Rochester Building Association Tract, Grand avenue, with interest at the rate of six per cent. per annum from the date of their respective sales, within 30 days from the passage of this ordinance; and upon such payment the City Treasurer is hereby authorized and directed to cancel said taxes.

Sec. 3. That Catherine Kennedy be allowed to pay the general city taxes for the years 1891, 1896, 1897, 1898 and 1899, assessed to John Kennedy on lot 2 west and 3 northwest rear, original tract, west side of Plymouth avenue (which said taxes were sold to the city of Rochester) with interest at the rate of six per cent. per annum from the date of their respective sales, within thirty days from the passage of this ordinance; and upon such payment the City Treasurer is hereby authorized and directed to cancel said taxes.

Sec. 4. That the City Treasurer is hereby authorized and directed to cancel a personal tax of \$44.75 assessed against Henry Lampert, trustee, and Jeannette S. Lampert for the year 1900, and charge the said amount to the Erroneous Assessment fund.

Sec. 5. That Moses Goldstein be allowed to pay the general city tax for 1900 upon lots 48 and east 47, south side of Nassau street (if said tax was sold to the city of Rochester), with interest at the rate of six per cent. per annum from the date of sale, within thirty days from the passage of this ordinance, and upon such payment that said tax be cancelled.

Sec. 6. That James B. Pike be allowed to pay all the unpaid city taxes upon lot 117 rear, Sibley and Field tract, west side of

Snyder street, and upon lot 118 rear, Sibley and Field tract, Snyder street, and upon lots 11, 12, 13, 14, 15, 16, 17, assessed to Sarah Kennedy, Kennedy and Pike tract (out of lots 117 and 118 Sibley and Field), (if said taxes were sold to the city of Rochester), with interest at the rate of six per cent. per annum from the date of their respective sales, within thirty days from the passage of this ordinance, and upon such payment that said taxes be cancelled. Also that James B. Pike be allowed to pay all unpaid city taxes upon lots east 118 and 117 and southeast 116 Sibley and Field tract, Snyder street, assessed to him (if said taxes were sold to the city of Rochester), with interest at the rate of six per cent. per annum from the date of their respective sales, within thirty days from the passage of this ordinance, and upon such payment that said taxes be cancelled.

Sec. 7. That the City Treasurer be, and he hereby is, authorized and directed to cancel a personal tax amounting to \$23.30, assessed to Mary E. Aiken, for the year 1900, and charge the aforesaid amount to the Erroneous Assessment fund.

Sec. 8. That the City Treasurer be, and he hereby is, authorized and directed to cancel the Grand street sewer assessment against west 190 and east 189, north side of Averill avenue, assessed to Thomas Moore—which assessment amounts to \$22.50—and charge the said amount to the Erroneous Assessment fund.

Sec. 9. That Hannah and Gared C. Crooks be allowed to pay the next payment for Spencer street brick improvement, due April 7, 1901, upon lot 8 south side Spencer street (which payment amounts to \$25.13 with interest) less \$10.00, and upon such payment by the aforesaid Crooks the City Treasurer is hereby authorized and directed to cancel said payment due April 7, 1901; and he is hereby further authorized and directed to charge said \$10.00 to the Erroneous Assessment fund.

Sec. 10. That James W. Whitney and Caroline W. Fiske be allowed to pay the general city taxes for 1896 and 1897 upon lots Nos. 1 to 23 inclusive, situate on Lyell avenue, Saxton and Salem streets, Michael Wall's subdivision of part of town lot 62, which taxes were sold to the city of Rochester, with interest at six per cent. per annum from the dates of the respective sales, provided said payment is made within thirty days from the date of the passage of this ordinance, and that upon such payment the City Treasurer is hereby authorized and directed to cancel said taxes.

Sec. 11. That the City Treasurer be, and he hereby is, authorized and directed to cancel a personal tax amounting to \$59.50, assessed to the Robacher Disinfectant Co., for the year 1900, and charge the aforesaid personal tax to the Erroneous Assessment fund.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

PUBLIC SAFETY COMMITTEE REPORT

Ald. Parsons, on behalf of the Public Safety committee, stated that the committee wished to report progress upon the several matters before it and to request further time, which request was granted.

ACTION UPON IMPROVEMENT ORDINANCES.

FIRST ORDINANCES.

STRUBEL STREET PLANK WALKS.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of constructing plank walks on Strubel street.

Adopted.

The Engineer submitted as such estimate, \$50.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester, that the following improvement is necessary and should be made, viz.:

The construction of a pine plank walk 4 feet wide on south side of Strubel street, from Prospect street to Julia street, except where good plank, flag or cement walks now exist substantially as good as the new walk, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$50, which being deemed reasonable, is hereby approved.

Ordained, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Strubel street, from Julia street to Prospect street.

Adopted.

CLIFFORD STREET ASPHALT PAVEMENT.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of improving Clifford street, from Joseph to Hudson avenues.

Adopted.

The Engineer submitted as such estimate, \$34,000.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester, that the following improvement is necessary and should be made, viz.:

The improvement of Clifford street, from Joseph avenue to Hudson avenue, by the construction of an asphalt pavement therein. Also the construction of a Medina stone curb six inches thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be twenty-six feet. The pavement shall extend to the street line at all intersecting streets and alleys, except where permanent improvements now exist at proper lines and grades. Also manholes as follows: At each end of the main sewers, at all intersecting sewers, and at such intermediate places as shall secure a manhole for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer connections, of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no

lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. All manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there are now no water services, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under Section 110 of the City Charter. Also crosswalks at all intersecting streets, and midway in all blocks exceeding 400 feet in length. Also the cleaning and repairing of so much of the main sewer as may be found necessary to restore it to its original condition. Also the construction of a Portland cement walk 4-1-2 feet in width on each side of the street, except where cement or flagstone walks of the said width or greater width now exist, substantially as good as the new walk, which may be relaid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for ten years.

The pavements and walks of intersecting streets shall be adjusted to the grade of the improvement. Also the construction of a main sewer of form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter, from point about 100 feet east of Joseph avenue to Dudley street. Said sewer to be constructed on each side of the street near the street lines. Also a single pipe through Thomas street, from Clifford street to Alphonsus avenue.

The asphalt surface shall be composed of one of the standard mixtures laid in this city for the past five years, or any other asphalt mixture that has been laid in quantities of at least 3,000 square yards, and has worn well for a period of not less than three years.

And the City Engineer, under the direction of this council, having made an estimate of the whole expense thereof, and reported the same at \$34,000, which being deemed reasonable, is hereby approved.

Ordained, further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Clifford street, from Joseph avenue to Hudson avenue.

Adopted.

CLIFFORD STREET MEDINA BLOCK PAVEMENT.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester as follows:

That the City Engineer ascertain and report to this Council the expense of improving Clifford street.

Adopted.

The Engineer submitted as such estimate, \$36,500.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester, that the following improvement is necessary and should be made, viz.:

The improvement of Clifford street, from Joseph avenue to Hudson avenue, by the construction of a Medina block pavement

therein. Also the construction of a Medina stone curb six inches thick on each side thereof, connected with all streets, alleys and driveways. The width between curbs shall be 26 feet. The pavement shall extend to the street line at all intersecting streets and alleys, except where permanent improvements now exist at proper lines and grades. Also manholes as follows: At each end of the sewer; at all intersecting sewer and at such intermediate places as shall secure a manhole for every 300 feet of sewer. Also street laterals at all intersecting streets not now having sewer connections, of form and sufficiency approved by the Health Officer. Also surface sewers at the corners of all street intersections and at such intermediate places as shall secure a surface sewer for every 250 feet of street length. Also lot laterals to all vacant lots and lots having buildings thereon to which there is now no lateral conveyed, or none of form and sufficiency or in number as approved by the Health Officer. All manholes, surface sewers, street and lot laterals for such improvement to be in number, form and dimensions approved by the Health Officer, or on appeal by the Commissioner of Public Safety, as provided by Section 225 of the City Charter. Also the construction of water services to all vacant lots and lots having buildings thereon to which there are now no water services, or none complying with the lawful regulations thereof, in number and dimensions conforming to all rules and regulations established under Section 110 of the City Charter. Also crosswalks at all intersecting streets, and midway in all blocks exceeding 400 feet in length. Also the cleaning and repairing of so much of the main sewer as may be found necessary to restore it to its original condition. Also the construction of a Portland cement walk 4 1-2 feet in width on each side of the street except where cement or flagstone walks of the said width, or greater width, now exist, substantially as good as the new walk, which may be relaid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for five years.

The pavement and walks of intersecting streets shall be adjusted to the grade of the improvement.

Also the construction of main sewers of form and dimensions approved by the Health Officer, or on appeal, by the Commissioner of Public Safety, as provided by section 225 of the City Charter, from point about 100 feet east of Joseph avenue to Dudley street. Said sewer to be constructed on each side of the street near the street lines. Also a single pipe through Thomas street, from Clifford street to Alphonsus avenue.

The asphalt surface shall be composed of one of the standard mixtures laid in this city for the past five years, or any other asphalt mixture that has been laid in quantities of at least three thousand square yards, and has worn well for a period of not less than three years.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$36,500, which being deemed reasonable, is hereby approved.

Ordnained, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Clifford street, from Joseph avenue to Hudson avenue.

Adopted.

HOUSE NUMBERING, ALLIANCE AVENUE AND OTHER STREETS.

By Ald. Beard—Resolved, That the City Engineer ascertain and report to this Council the expense of placing house numbers on the following named streets.

Adopted.

The Engineer submitted as such estimate, \$1,250.

By Ald. Beard—Be it ordained by the Common Council of the city of Rochester that the following improvement is necessary and should be made, viz.:

The numbering of the houses on the following named streets, in accordance with the "General ordinance relating to street numbers," and adopted by the Common Council March 13, 1900:

Alliance avenue, Alphonsus avenue, Ames street, Asbury street, Avenue C, Berlin street, Belmont street, Bernard street, Birr street, Boardman street, Chestnut street, Child street, College avenue, Commercial street, Culver road, Edward street, Fillmore street, Hubbell park, Lewis street, Merrimac street, Remington street, Sander street, Silver street, South Goodman street, Spencer street, Syke street, Taylor street, West street, Wilder street and William street.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$1,250, which, being deemed reasonable, is hereby approved.

Be it further ordained, upon condition that the Board of Estimate and Apportionment so consent and advise, that the expense for printing and serving notices be borne by the city at large, and properly ought to be assessed and charged against and upon the real and personal property liable to taxation in the city, said expense not to exceed the sum of \$250; and further that the following portion of the said city be deemed benefited and properly ought to be assessed by a local assessment for the balance of the expense thereof, not exceeding the sum of \$1,000, viz.:

One tier of lots and parcels of land on each side of Alliance avenue, Alphonsus avenue, Ames street, Asbury street, Avenue C, Belmont street, Bernard street, Birr street, Boardman street, Chestnut street, Child street, College avenue, Commercial street, Culver road, Edward street, Fillmore street, Hubbell park, Lewis street, Merrimac street, Remington street, Sander street, Silver street, South Goodman street, Spencer street, Syke street, Taylor street, West street, Wilder street and William street, whereon buildings are located on which new numbers are placed in accordance with the ordinance relating thereto.

Adopted.

By the Clerk—

UNFINISHED BUSINESS.

To the Common Council:

Gentlemen—The unfinished business of the previous meeting of this Council is the following:

An ordinance for the closing of Leighton avenue, from Palmer street to Goodman street, presented by Ald. Judson and laid on the table for amendment, as suggested by the City Engineer.

Respectfully submitted,
T. S. PULVER,
City Clerk.

Received, filed and published.

By Ald. Judson—Whereas, The owners of the land fronting on Leighton avenue, between Palmer and Goodman streets, have petitioned this Council to discontinue and abandon that portion of said avenue between said streets; and,

Whereas, This Council did, by an ordinance passed November 7, 1900, declare its intention to close said Leighton avenue, from Palmer street to Goodman street, notice of which intention so declared has been duly published for ten days in the official papers of the city, as required by section 143 of the charter; therefore,

Be it ordained by the Common Council of the city of Rochester as follows:

Section 1. That that portion of Leighton avenue in the city of Rochester lying between Palmer and Goodman streets be and the same hereby is discontinued and abandoned as a public street.

Section 2. This ordinance shall take effect when and as soon as the owners of the fee of said street to whom the title thereof will revert, shall execute and deliver to the city, easements in such form as shall be approved by the Corporation Counsel and the City Engineer, for the purpose of the use of eight (8) feet in width through said street, in order to control the laying of water pipes and appurtenances thereto, and to change, alter, repair, disconnect or remove the same, or to shut off and turn on water, and perform any and all acts which may be deemed necessary, advisable or expedient by the officers in charge of the water works of said city in the control and management of said water pipes, appurtenances and connections, to the same extent as if said water pipes, appurtenances and connections were laid in a public street; and also when the J. Hungerford Smith Co., one of the applicants for the discontinuance of said street, shall deposit in the city treasury to the credit of the water pipe fund, the estimated cost required to change existing water pipe and appurtenances thereto, from its present location to the reservation in said street heretofore specified.

Adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Young, Beard, Casey,

Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

MISCELLANEOUS BUSINESS.

By Ald. Baker—Be it ordained by the Common Council of the city of Rochester as follows:

That the assessment for Ravine avenue extension under final ordinance No. 5666, as set forth in the roll for same reported to this Council at the meeting of December 4, 1900, be and the same hereby is, in all things, approved and confirmed.

Allegations were called for and no person appearing the ordinance was adopted by the following vote:

Ayes—Aldermen Tracy, Calihan, Marson, Race, C. S. Cook, Young, Beard, Casey, Baker, Reddington, Plumb, H. G. Cook, Parsons, Kelly, Ernst, Mead, Judson, Tanner, May—19.

By Ald. Reddington—Be it ordained by the Common Council of the city of Rochester as follows:

That the report of the Commissioners of Appraisal in the matter of the acquiring of lands of the New York Central and Hudson River Railroad company et al., for the alteration of West Maple and Saxton streets as determined by final ordinance No. 7201, passed June 10, 1898, which report was presented to this Council at the meeting of December 4, 1900, and appears at page 717 et sequitur, be and the same hereby is, in all things, approved and confirmed.

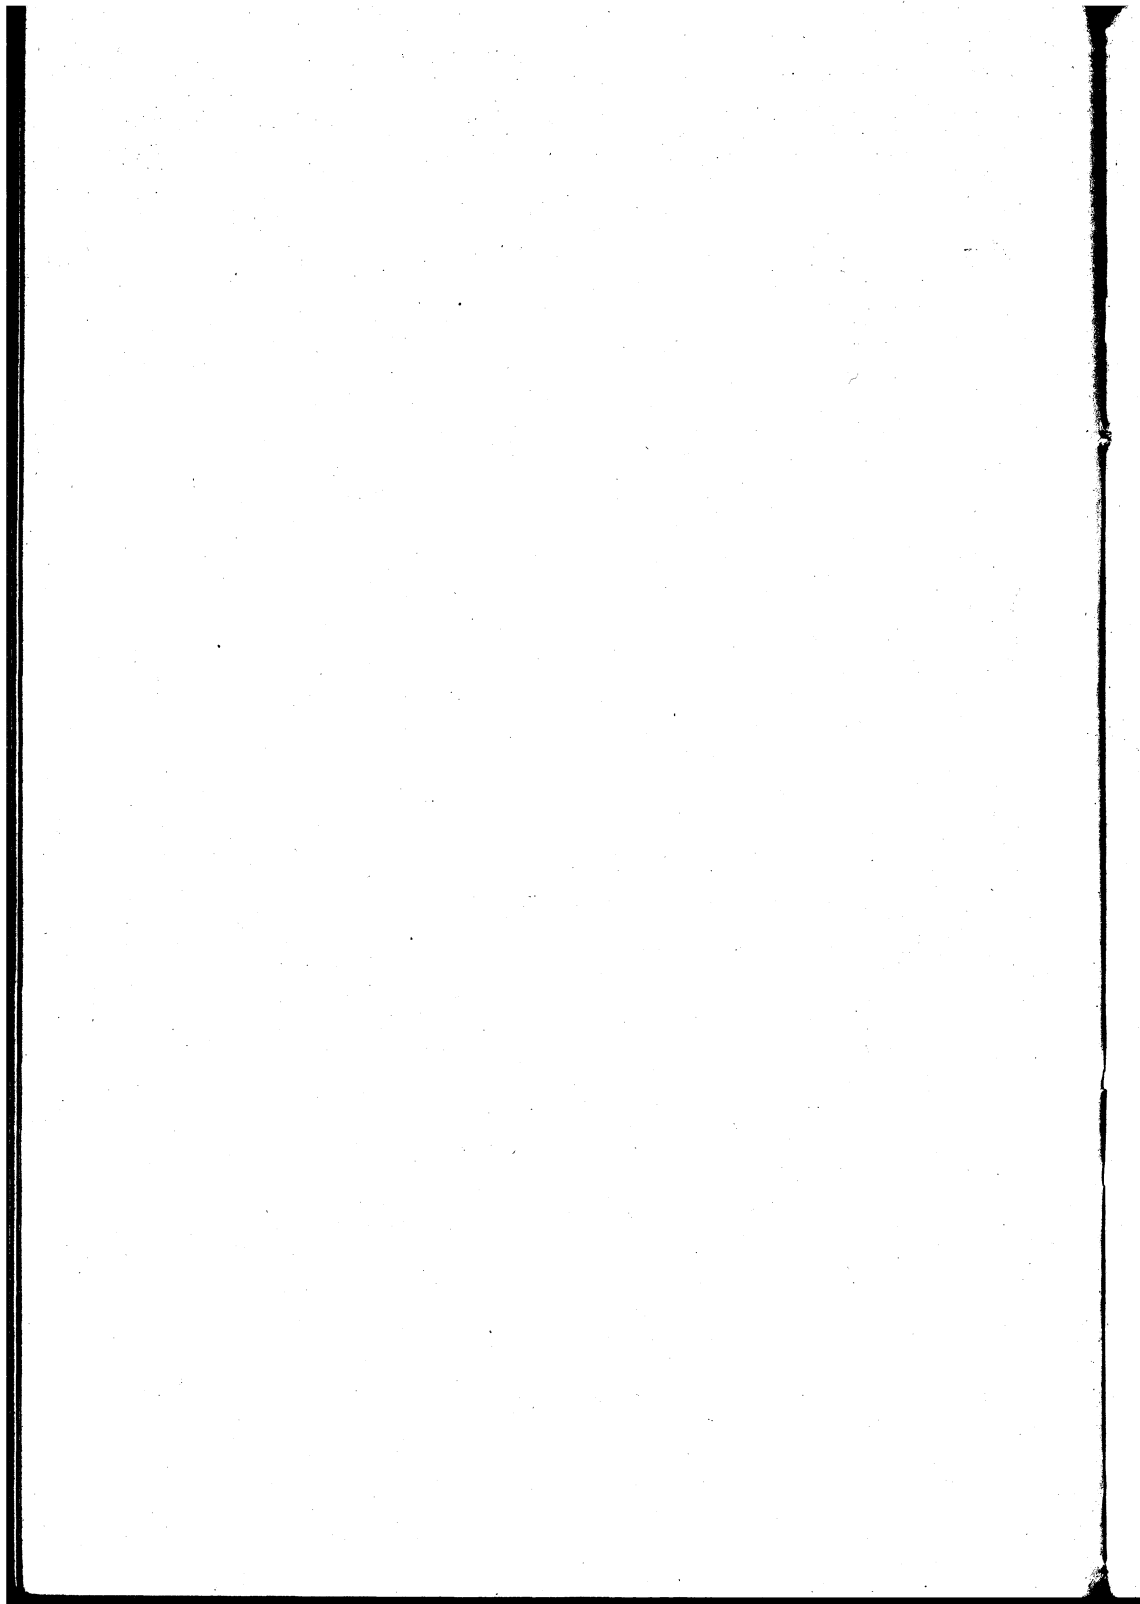

On motion of Ald. Reddington, laid on the table until the next regular meeting.

On motion of Ald. Plumb, it was resolved that when the Council adjourn it be until January 2, 1901, at 7.30 p. m.

By Ald. May—Resolved, That the Commissioner of Public Works be, and hereby is, authorized to place an arc light on Cedar street. Referred to Lamp and Electricity committee and City Engineer.

Adjourned.

THEODORE S. PULVER,
City Clerk.

ANNUAL REPORT

Department of Public Instruction.

To the Common Council, City of Rochester:
Gentlemen: The Board of Education does
hereby certify, pursuant to the statute, that

the following is a statement of receipts
and disbursements for the year ending De-
cember 31, 1900:

RECEIPTS.

	From State.	From City.	From all other sources.	Total Receipts.
Teachers' fund	\$81,153 19	\$355,822 93	—	\$440,976 12
Building fund	—	120,000 00	—	120,000 00
Repair fund	—	25,000 00	46 75	25,046 75
Library fund	1,000 27	4,000 00	138 43	5,138 70
Contingent fund	4,787 10	137,201 00	2,423 40	144,411 50
	\$90,940 56	\$642,023 93	\$2,608 58	\$735,573 07

EXPENDITURES.

Teachers' fund	\$413,543 16	
Building fund	115,561 65	
Repair fund	21,011 03	
Library fund	2,172 36	
Contingent fund	102,162 45	\$654,450 65
Balance on hand		\$81,122 42

The above figures have been compared with the books of the comptroller and agree in every particular.

There are no accounts outstanding to our knowledge except for printing proceedings of December 28th and of this date, and for provisions at Truant school from December 20th. These items it is estimated will amount to between \$50 and \$100.

We also beg to report that according to an examination of the books of the Board of Education, in November last, the sum of \$480 was paid by the City Treasurer, in December 1899, to some person, or persons, unknown, from the teachers fund of the Board of Education. The cheques paid by the City Treasurer, also the check books from which the cheques were made, are missing.

There was also discovered evidence of \$3,056.78 having been paid to the late Superintendent of Public Instruction, which amount does not appear on the books of our board, nor upon the books of the City Treasurer. There was, however, paid to the City Treasurer, by said superintendent, \$223.66 on October 31, 1900, and to the Board of Education \$172.86 on December 3, 1900, making a total of \$396.52, leaving a balance unaccounted for of \$2,660.26.

We also beg to report that the number of pupils registered during the year is 24,434.

All of which is respectfully submitted.

H. G. CANDEE, Secretary.

ANNUAL REPORT

Rochester Park Commission.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—The Board of Park Commissioners, pursuant to the statute, presents the following reports and estimates:

The superintendent's report contains a detailed account of the field operations, and the treasurer's report a statement of the finances of the board. The treasurer's figures have been compared with the comptroller's books, with which they agree.

On November 1, 1900, this board presented to the Board of Estimate and Apportionment their request for an annual appropriation of forty thousand dollars, accompanied by a detailed statement of the amounts required for the maintenance of the three large parks, the twelve small parks, the care of the street trees and the improvement of the various roads in the large parks.

At the last meeting of this board, held December 26, 1900, a resolution was unanimously adopted, in which the sum of forty thousand dollars was named as the amount necessary to meet the expenses of this department during the coming year.

Respectfully submitted,

E. M. MOORE,
President.

REPORT OF TREASURER.

Board of Park Commissioners,
Rochester, N. Y., Dec. 26, 1900.

To the Board of Park Commissioners:

Gentlemen—I have the honor to submit the following report of my department for the year ending December 26, 1900, containing a detailed statement of all receipts and expenditures.

JOHN E. DURAND,
Treasurer.

SUPERINTENDENT'S REPORT.

Rochester, N. Y., Dec. 26, 1900.

To the Board of Park Commissioners.
Gentlemen:—I herewith present to you

my yearly report for transmission to the Common Council.

One piece of land containing 12 61-1000 acres has been bought from Henry B. Baker, son of the late B. M. Baker, for thirty-eight hundred dollars.

The land is required to complete the plans of the landscape architects for the Genesee Valley Park on the east side of the Genesee river, and comprises all the land in the Baker apple orchard lying between the river road and the Genesee river, and also all the Baker land north of the south line of the Westfall road extended westerly to meet the river road.

The deed was dated November 9, 1900, and is recorded in the County Clerk's office in Liber 636, Page 16 of deeds. The description of the land is:

All that tract or parcel of land situated in the City of Rochester, County of Monroe, State of New York, bounded and described as follows:

Commencing at a point in the line between the lands of the estate of M. F. Reynolds and the lands of the estate of the late B. M. Baker, now owned by Henry B. Baker, which said point is the intersection of the south line of the Westfall road produced westerly and the line between the lands of said M. F. Reynolds' estate, and the lands of Henry B. Baker; thence north 85 degrees west on the south line of said Westfall road produced 666 feet to the west line of the river road; thence southerly on the west line of said river road 945 feet; thence north 57 degrees and 7 minutes west to the center of the Genesee river; thence northerly in the center of said Genesee river to a point where the line between the lands of said M. F. Reynolds estate and the lands of said Henry B. Baker produced northerly, would intersect the center of said Genesee river; thence in a straight line to the place of beginning, containing 12 61-1000 acres of land.

At Seneca Park east, during January, two men and one team were employed in drawing out the manure that was collected during the summer, and spreading it on the meadows and young forest plantations and in the large groves.

One hundred and thirty-eight feet of 18-inch sewer pipe were laid on the ice pond property recently acquired, to drain the pond into the river.

The lake in Seneca park froze over twice during the winter, and the snow was scraped off so that skaters could enjoy the skating. On February 6th and 7th, the ice-house was filled with excellent ice about nine inches thick. The trees in the grove that were in the way of the proposed horse-shed were cut down, and the foundation stones drawn and laid ready for the building. A number of crowding and dead trees were cut down in the groves and along the river bank. During March, manure was drawn on the meadows. In April, the work on the shed at Seneca Park was started and the roads scraped and rolled and the park cleaned for summer use. During May, the horse-shed, one hundred feet long, situated in the picnic grove west of the lake was completed. The hay was cut during June and stored in barns. During the week commencing June 9th, several hundred United States soldiers, guests of the city of Rochester, while waiting to take part in the parade in honor of General Otis on June 14th, were encamped on Seneca park west, by permission of the Board of Park Commissioners. As very little planting had been done, no great harm came to the park property.

Some work was done on the lower part of Seneca park west to prepare the land for seeding, but it could not be completed and went over until next year. The remainder of the work done during the year was the regular work of maintenance and the collection of a number of shrubs and trees in the park and the woods, to put into the nurseries. At Highland park during January, the willows and poplars that have occupied the land south of Highland avenue, were cleaned out and burned so that the ground could be utilized for extending the planting. The shrubs were pruned and manure was hauled out and spread on the land.

In February, the ice house was filled with excellent ice. A place was prepared for rhododendrons on the low land on the east of the foot of the embankment east of the children's pavilion. The soil was taken out to a depth of two feet and filled with peaty soil dug from a near bog-hole, and rotted sods. Rhododendrons will thrive in a soil specially prepared for them and in a shady and sheltered location, if they are supplied with plenty of water free from lime. They grow naturally in a swamp in Webster, seven miles from Rochester, and in Seneca park, where the conditions are similar to those in Webster. The usual work of pruning and preparation for spring was done during March and April.

During May most of the shrubs were in blossom, and the attraction to see them was great. About 110 varieties of lilacs bloomed and the crowds to see them were larger than on any previous year. The rhododendrons made a fine display and were greatly admired, as many persons had never seen them before. The various shrubs in the collection made a better showing than usual, as two weeks of cool weather during time of blooming, was favorable to the development of the flowers. The diervillas, loniceras, deutzias and Philadelphus were all very beautiful.

The paeonies and English, Spanish, German and Japanese irises were very showy. The paeonies presented by Messrs. Barr of England, and the water lilies presented by Mr. William Falconer, superintendent of parks, Pittsburg, Pa., blossomed freely and are valuable acquisitions. The usual number of annual and biennial plants were raised in cold frames and planted in all of the large parks and in Franklin and Washington squares.

The children's pavilion at Highland park was repaired by replacing some decayed railings and posts and part of the flooring. A large irregular bed in the hollow on the south side of the children's pavilion, where the soil is suitable for the cultivation of roses, was prepared for hardy roses, and a collection of seven hundred of these hardy roses, representing ninety varieties, was planted in this bed. A large number of biennial and perennial flowers were arranged in beds, masses and irregular groups throughout the park. Thirty-one thousand bulbs, consisting of chionodoxas, Siberian squills, snowdrops, orocuses, narcissus and lilies, were planted to make a show of flowers early in the spring, when every one is anxiously waiting to see the coming of the flowers.

Various quantities of seeds of native shrubs and trees have been collected and sowed, or stratified in sand as required to germinate.

During the summer Professor Charles S. Sargent, director of the Arnold Arboretum, visited Rochester to study the hawthorn trees growing along the banks of the river and on tributary streams. Fifty hawthorn trees, nearly all of which were new to Pro-

fessor Sargent, were marked for future study, by observing them in flower, in fruit and during the winter when stripped of their leaves. Many small specimens were collected and planted in the park nurseries. They are desirable for ornament, as their time of blossoming extends from the middle of May until the middle of June. A large number of shrubs that have occupied too great a space at Highland park, have been taken out and heeled in to plant in Genesee Valley and Seneca parks. No shrubs were added to the shrub collection at Highland park that were of special botanical interest, and the report of the number given in last year's report I will repeat.

The collection now embraces about sixty families, one hundred and fifty-five genera, and about twelve hundred and forty-five species and varieties.

No new tested evergreens were added to the pinetum, and I will repeat last year's report. The collection now embraces one hundred and fifty-three species and varieties of the following named genera:

Abies, 27; Picea, 17; Pinus, 23; Larix, 6; Juniperus, 27; Taxus, 10; Cedrus, 4; Cupressus, 4; Thuilopsis, 10; Torreya, 1; Cephalotaxus, 1; Podocarpus, 1; Cryptomeria, 1; Anthrotaxus, 1; Sciadopitys, 1; Libocedrus, 1; Thuja, 16; Sequoia, 1; total, 153. A complete list of the genera, species and variety of the plants in the pinetum and of the shrubs in the shrub collection is filed in the office of the Park Commission.

At Genesee Valley park during the winter many drying and crowding trees in the picnic grove, in the Frost nursery and along Red creek, were cut down. The dead limbs of all large trees were cut off and the wood painted with coating of coal-tar. The mild weather of last winter was favorable for this work. Cinders collected from the Vacuum Oil works were sifted and placed on the paths and under the sheds and on the wagon roads near the barns and sheds. The sheep manure at the sheep sheds was spread on the forest, the meadows, and the manure that was collected from the city manure dumps was spread in the large grove. Soil from Red creek was drawn out and spread on the roots of the trees in the picnic grove. Several years ago this was done, and the grove was greatly benefited thereby. A large number of seedling oak trees consisting of red, black, pin, laurel-leaved, scarlet, white, swamp-white, bur and chestnut oaks were transplanted from seed beds at Seneca, Highland and Genesee Valley parks to the park nurseries in the Frost nursery. The golf links were lengthened by adding six holes to the nine made last year, and the total distance around the fourteen holes is 2-89-100 miles. The links were used daily and on Saturdays and holidays were crowded. The ball grounds were used more frequently than ever before, but the bicycle track and the athletic grounds were not used as frequently as last year.

A well was dug at the southeast corner of the elk inclosure to furnish water for the elk and deer. The rustic bridge across Red creek and the steps at the athletic house were repaired, and the windows in the refectory were repaired. Forty new lockers were put into the athletic building for the golf players. The land in the old Frost nurseries, not occupied by the park nurseries, was planted to beets, carrots, turnips and rape, and sowed to oats for the animals. Considerable hay was cut on the east meadow, but nearly all the west meadow was occupied by golf players, and no hay was cut there. The ground for two feet around the small hard-wood trees in the forest plantation was spaded in the fall

and manured during December. Many of the hickory nuts that were planted last fall in the forest germinated, and small trees came up during the summer. A new sprinkler was bought for Highland park and one for Genesee Valley park, and the graveled roads kept sprinkled. In May, the privilege to keep and maintain a boat livery at Genesee Valley park was let to the Durand Manufacturing company of Rochester, N. Y. The boat livery was removed from its old location to its present location, about two hundred feet south of Elmwood avenue bridge, on the west side of the river. The prices for the use of boats were regulated by the park committee and established at reasonable rates. Durand foot power launches were also put on and were freely patronized. A ferry running from the boat livery to a landing on the east side of the river convenient to the picnic grove, the merry-go-round and the golf links, was maintained, and the price of a ride both ways was fixed at five cents. The boat house and floating platforms at the livery were built by the lessees. The rent was nominal. A lease to sell refreshments at the refectory in the picnic grove in Genesee Valley park was made with J. S. Pardee, of Rochester. The term begins March 1st, 1901, and extends for three years. The annual rental was made two hundred dollars per year. The city parks and the street trees were cared for by a foreman and four men, with occasionally a man with one horse to draw away trees and brush, or draw the lawn mower or the snow plow, and a team of horses to draw a larger snow plow. The egg masses of the Tussock moths were destroyed on the streets most infested by the insects.

The following named are the streets on which the egg masses were destroyed: Andrews street, North Chatham street, South Chatham street, Amity street, Sophia street, Frank street, Franklin street, Central avenue, Cumberland street, Hyde park, Joiner street, Grove street, Weld street, Woodward avenue, and East avenue from Main to Alexander streets. The cement walks in Plymouth square were repaired, and the fence on the east side of Brown's square was repaired. Tulip trees were planted on Algonquin street at the cost of the owner of the street.

Elm trees, alternating with Carolina poplar trees, were planted on Augustine and Birr streets, and Laura street, with canoe birches, alternating with Carolina poplars, but the canoe birches died during the very hot weather. Birr park was added to the small parks in care of the Park Commission and was planted with shrubbery. The trees were planted on Genesee park boulevard. The following named streets were trimmed and seventy-six dead trees and 121 crowding trees were cut down:

Atlantic avenue, Bronson avenue, Bates street, Bloss street, Champlain street, Cady street, Central avenue, Cook street, Gold street, Highland avenue, Langslow street, May street, Olean street, Rundel park, Stewart street, Thorndale terrace, University avenue, Wentworth street and Seward street. On April 19, 1900, the governor of

the state of New York signed an act which the state legislature passed and which became a law as soon as signed, taking police protection and power of appointing policemen away from the Park Commissioners and giving said powers to the Commissioner of Public Safety. Until that time, the Park Commission furnished one policeman for the parks at a cost of \$321, which should have come from the \$5,000 appropriated by the Common Council for policing the parks. Since April 23, 1900, the Commissioner of Public Safety has policed the large parks and the city squares. Professor Charles S. Sargent, director of the Arnold Arboretum, presented to the Park Commission twenty-six rare specimens of trees and shrubs, and the superintendent of parks of Hartford, Conn., presented a small white oak that is a descendant of the famous charter oak. The first descendant of the charter oak is growing in the park at Hartford, and the tree presented to the Park Commission came from an acorn that fell from that tree. Miss Raphaelle Lane, of 122 Linden street, presented to the Park Commission a box of beautifully mounted moths and butterflies, which she collected and mounted herself.

Howard P. Converse presented a red-tailed hawk; Thomas W. Fraine, a horned owl; Peter Gruber, a badger, and helped to secure other animals; Patrick N. Hackett, a box of Japanese waltzing mice; H. J. Heislein, a hare; Howard Raymond, a rabbit, and Walter K. Stone, box turtles and guinea pigs.

The material sold from the parks amounts to \$1,669.25. This amount includes \$208.70 paid to Park Commission for care of Lake View park, work on No. 12 school grounds and other public school grounds, reservoir bank and for park team on Genesee park boulevard. The materials sold were apples, bulbs, cherries, cornstalks, ducks, eggs, ewes, grass, hay, ice, iron, labels, lambs, pelts, posts, rams, rent, sod, trees, willow cuttings, wood and wool. The income from the sheep was \$85.31. The sheep now number 158. The other animals in the parks are two horses at Seneca park, one at Highland and four at Genesee Valley park. Three American elk or Wapiti deer, one of which was born in the park, one Virginia white tailed doe, rabbits, pigeons, a pea hen, Guinea fowls, Guinea pigs, ducks and two Angora goats are at Genesee Valley park. At Seneca park are two American eagles, one golden eagle, two herring gulls, one red-tailed hawk, one sparrow hawk, eight great-horned owls, two screech owls, two cranes, two great-blue herons, one black-crowned night heron, several wild black ducks, Rouen ducks, Muscovy ducks, Pekin ducks, Cayuga black ducks, three raccoons, one coyote, two porcupines, two woodchucks, one badger, five prairie dogs, four foxes, two bear cubs, three Angora goats, rabbits, hares, Guinea pigs, gray and fox squirrels, box-turtles and Japanese waltzing mice.

Respectfully submitted,

C. C. LANEY,
Superintendent of Parks.

S. B. WILLIAMS,
City Treasurer.

ANNUAL REPORT

Board of Assessors.

Hon. Geo. A. Carnahan, Mayor:

Dear Sir—The Board of Assessment and Taxation would respectfully submit the following report for the year, 1900.

Owing to the limited time between the date this Board assumed office and the date for the presentation of the tax levy, it was impossible for the present Board of Assessors to do more than examine pieces of property, against the assessment of which complaint had been made during the time of hearing allegations. Upwards of 3,000 property owners appeared in January to allege against the assessments placed on their property. The Assessors made a careful examination of all such property and made such corrections as in their judgment appeared just.

The assessment rolls for 1900 were completed and sent to the Common Council for confirmation on the 24th day of April, 1900.

The following statement is a summary of the contents of the rolls:

The assessed valuation of real estate subject to taxation, including franchises	\$106,847,720 00
The assessed valuation of personal property subject to taxation	9,100,430 00
The assessed valuation of real estate exempt from taxation is	11,987,395 00

Of the above exempt property \$5,142,500.00 is public property which was produced and is supported by direct tax, leaving \$6,844,895.00 as the valuation of private property, including hospitals, churches, pensioners, etc., exempt from taxation.

The inspection of property made by the Assessors during the winter, after hearing allegation, satisfied the Board that it was desirable that a thorough examination and comparison be made of every piece of property in the city, in order to level up assessments, and place the assessment of every piece of property, as near as possible, on the same basis. Soon after extending the taxes of the 1900 assessment roll, this Board commenced such an inspection of property and worked diligently on every pleasant day up to the latter part of November. The weather has been unusually favorable for outdoor work and the result is we were able to complete the work before the unpleasant weather set in.

When it is considered that there are upwards of 70,000 pieces of property in the city, the magnitude of the work becomes apparent. We do not claim that our work has resulted, in every case, in fixing an absolutely equitable assessment, as that

would be an impossibility for any Board of Assessors to accomplish.

In addition to the preparation of the general city and county rolls, an unusually large number of local assessment rolls have been made up during the year. In the last two months of 1899 a large number of rolls were ordered by the Common Council, which, owing to lack of time, could not be made up previous to January 1st. When this Board assumed office, January 1, 1900, it was found that there were orders for 76 local assessment rolls then in the office. Up to January 1, 1901, there have been 52 more ordered, making a total of 128 rolls. Of this number all but 10 have been prepared and sent to the Common Council for confirmation.

The following table shows the number of rolls completed, the kind of improvement and total cost:

53 street improvements	\$637,626 17
25 sewers	71,209 11
40 walks	43,310 70
	\$752,145 98

In addition to the above there has been made up 378 sprinkling rolls amounting \$31,043 97 and 22 sweeping and cleaning rolls 4,333 64

Grand total \$788,123 59

The rolls for which this Board received orders previous to January 1, 1901, and which have not been completed, are as follows: Conkey avenue extension; Lake avenue boulevard improvement; Sherman street asphalt; University avenue subway; Hudson avenue macadam; Monroe avenue Medina block; North Clinton street Medina block; Elm Medina block; Jay street asphalt; Jefferson avenue asphalt. The last six of these were ordered in December, 1900.

That such an amount of work could be accomplished with the assistance of five clerks, is an evidence of the experience and efficiency of the clerks in this office, and it is a pleasure for this Board to say, that had it not been for the faithfulness of these clerks it would have been impossible to have completed the large amount of work that has been done.

The most unsatisfactory work of this department is the assessment of personal property. While we have endeavored to make no distinction, but to assess all alike, it must be apparent to any one who has given the matter much thought, that it is impossible to ascertain, in many cases, the taxable personal property of individuals.

We have also found much difficulty in getting at the value of the capital stock of corporations, owing to their failure to file reports with the assessors on or before June 15th each year as required by section 27 of the General Tax Law. During the year 1899 and up to April 20, 1900, out of our 300 corporations, exclusive of banks, only fourteen filed a report.

The following table shows the cost of maintaining this department for the year 1900:

Appropriation	\$15,200 00
Salaries	\$14,339 88
Advertising	223 42
Books for general as. rolls.	212 90
Blanks, envelopes, etc.....	31 85
Postal cards and stamps....	10 75
Ice	5 60
Livery	22 00
Directory	4 00
Binding rolls	15 00
Atlas	28 75
Incidentals	10 70
	<hr/>
	14,904 85

Balance Jan. 1, 1901 \$295 15

We would call your attention to the fact that the appropriation for this department, exclusive of salaries, was but \$800. Of this sum we show a balance of \$295.00, or 37 per cent. of the whole amount.

Owing to the liberality of two of the members of this Board, who donated the free use of their horses and carriages for over four months, while the Board was inspecting property, we were able to keep the item for livery down to \$22.00 for the year.

It will not be safe, however, to exclude this item from our appropriation this year as, while the members referred to are no less liberal than last year, they are not possessed of horses and carriages, so cannot donate their use even though they were willing to.

For our requisition for the present year, we would refer you to our statement sent you November 1, 1900.

Respectfully submitted,

CHAS. F. POND,

LYMAN M. OTIS,

JOSEPH C. WILSON,

FRANK FRITZSCHE,

Board of Assessors.

Annual Report—Fire Marshal.

Fire Marshal's Office, 41 City Hall.
Rochester, N. Y., Jan. 4, 1901.

Hon. Geo. A. Carnahan, Mayor:

Sir—In compliance with your request I herewith submit to your honor a detailed report of the work done by the office for the fiscal year of 1900.

The number and kind of buildings for which building permits were issued during the year past, are as follows:

Brick buildings erected	59
Stone buildings erected	2
Fire proof buildings erected	1
Frame buildings erected	297
Brick and frame buildings erected.....	8
Stone and frame buildings erected.....	1
Stone and brick buildings erected.....	3

Total number of new buildings erected.	471
Number of frame buildings remodeled..	165
Number of brick buildings remodeled...	37

Total number buildings remodeled.....	202
Grand total of buildings erected and re- modeled	673
Estimated cost of buildings erected..	\$1,540,248
Estimated cost of buildings re- modeled	164,930

Total estimated cost erected and remodeled	\$1,705,178
Number of inspections made during the year	401
Number of complaints investigated and adjusted	280
Number of unsafe and defective build- ings repaired	20
Number of unsafe buildings condemned and removed	9
Number of unsafe and defective build- ings repaired or partially removed....	9
Number of iron fire escapes erected....	4
Number of fire escapes repaired	9
Number of plans submitted to this of- fice for approval	591
Number rejected	10
Number approved	581
and a large number corrected to comply with the ordinance.	

The year just past shows a remarkable increase in building operations as compared with previous years, thus the

Amount for year 1898 was.....	\$1,394,066
Amount for year 1899 was.....	1,467,480
Amount for year 1900 was.....	1,705,178

The past year exceeds that of 1899 by \$237,-698 and 1898 by \$311,112.

The large amount of building the past year has increased the duties of this office to a great extent. Sixty days was spent by my assistant in the inspection of the erection of No. 27 school and the additions to Nos. 8, 29, 30 and 35.

After an unsatisfactory experience of three years in trying to enforce the building ordinance, I found it necessary to take a new departure and commencing with the first day of April last past, I commenced the enforcement of section 2 of said ordinance, viz.: compelling all prospective builders to submit plans and specifications of all buildings to this office for approval before a permit was issued, since which time this office has had very few complaints by builders and others who claimed to have been imposed upon in the past by defective construction caused by underbidding.

In addition to the large amount of building the past year, this office, as custodian of City Election property, has attended to the equipment of election polls for the various elections and registrations, the setting up of ballot machines and equipping them with the necessary tickets, and the distributing, collecting, storing and repairing all the city election property, which has greatly increased the responsibilities and labors of this office, clerical and otherwise.

Owing to an unfortunate contract last year for the storage of the city voting houses, a number of said houses were greatly damaged in storage, necessitating extensive and thorough repairs, which I have had done so far as possible, and keep within the appropriation. An additional sum will be required the coming year to put the balance of said houses and voting stalls in first-class condition.

In this connection I wish to call your attention to the necessity of a city store house, for the storage of the election and such other property as may be advisable. There is ample room which can be utilized in the rear of City Bath House on South avenue, and a store house at that location would be a matter of economy in the saving of cartage, labor, breakage and repairing.

In conclusion I wish to call your attention to the fact that this office needs an addition to its force in order to do the work now expected of it and look after the safety of life and property. The outlook for the coming year appears most encouraging. Much more work will have to be done before we will be able to enforce with strict discipline all of our building laws, and such other work that may be delegated to this office from time to time. What is most needed to accomplish this end is an addition to our force.

Respectfully submitted,

JOHN A. P. WALTER,
Fire Marshal.

Annual Report—City Clerk.

Hon. George A. Carnahan, Mayor:

Sir—I submit the following report, showing the number of licenses issued during the year 1900 and the revenue resulting therefrom:

Auctioneers	6	\$300 00
Bill Posters	16	160 00
Cartmen	64	64 00
Hackmen	3	3 00
Vendors (peddlers, hucksters, etc.)	144	720 00
Pawnbrokers	7	700 00
Shows, circuses, etc.....	11	377 00
Theaters	4	400 00
Lunch wagons	7	275 00
Junk dealers	2	8 00
		\$3,007 00

During the year 412 persons qualified as Commissioners of Deeds, the fees aggregating \$103.

Respectfully submitted,
T. S. PULVER,
City Clerk.

Annual Report—Police Court.

Rochester, N. Y., Jan. 3, 1901.

Hon. George A. Carnahan, Mayor:
Dear Sir—Herewith please find report of the Police court for the year ending December 31, 1900.

The following table shows the number of males and females arraigned each month, together with the total for the year:

	Males.	Females.	T'l.
January	226	30	256
February	145	18	163
March	218	24	242
April	224	16	240

Annual Report-Stationary Engineers.

Board of Examining Engineers,
Rochester, N. Y., January 1, 1901.

Hon. George A. Carnahan, Mayor:

We have the honor to report that during the year 1900 we have issued 65 new licenses and have renewed 302 licenses. The total receipts are \$442.00, which has been deposited with the City Treasurer.

Respectfully,

JAMES H. CLIFFORD,
Secretary.

ANNUAL REPORT

Department of Public Safety.

Rochester, N. Y., Feb. 4, 1901.

Hon. George A. Carnahan, mayor:

Dear Sir—Please find herewith a statement of the various funds in the Department of Public Safety, showing the disbursements for salaries and sundries in each department, separately, with the balances in each fund, as nearly as they can be ascertained at this time. The balances are as follows:

Commissioner's office, \$466.15; health bureau, \$4,439.18; police bureau, \$3,194.04; fire bureau, \$8,718.55. Total, \$21,817.92.

All of which is respectfully submitted.

JAMES D. CASEY,
Commissioner of Public Safety.
