By Ald. Pauckner—Resolved. That final ordinance No. 7,705 be amended to read as follows :

FINAL ORDINANCE NO. 7,705.

MONROE AVENUE CANAL BRIDGE APPROACHES.

On motion of Ald. Wilson the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz :

An ordinance to construct the approaches to Monroe avenue canal bridge, and after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and

should be made, to wit :

The construction of a Medina stone pavement, with concrete foundation, from a point near the westerly line of the roadway in Dartmouth street to the bridge over the Erie canal; also from the east end of said bridge to a point about 150 feet easterly therefrom; this portion may be of asphalt. Also the reconstruction of the sidewalks and the building of new sidewalks where required. The walks shall be generally five feet in width. The width between curbs on Monroe avenue shall be generally the same as the present width. So much of the present curb and paving that may be found to be suitable may be used. The curb shall be properly connected with all intersecting streets, alleys, and driveways by new curb. The pavement shall also be carried to the street line where deemed necessary by the Executive Board and City Engineer to make the said pavement complete. The grade of the pavement northerly from the bridge shall not exceed 55 feet per 100 feet and be properly rounded off for a distance not less than 10 feet from the back walls of said bridge. The grade of the pavement southerly from the bridge, in Monroe avenue, shall not exceed 4 feet per 100 feet, and be properly rounded off for a distance not less than 10 feet from the back walls of said bridge. Excepting therefrom that portion of the street occupied by the tracks, the rails of the tracks and two feet outside the rails of the tracks of the Rochester Railway Company. Also the acquirement of the necessary right of way on the south side of Monroe avenue, westerly of the Erie canal, between the lines of Monroe avenue, as now located and shown upon a map in the City Engineer's office.

And the City Engineer, under the direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$6,400, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit :

One tier of lots and parcels of land on each side of Monroe avenue from Goodman street to the Erie canal. Also the following described additional territory: Beginning at the northerly line of the Erie canal in Monroe avenue; thence easterly along the northerly line of said Erie canal to the Culver road; thence southerly along said Culver road to Monroe avenue; thence southerly on the easterly line of the city to the southeast corner of the city; thence westerly on the southerly line of the city to Field street; thence northerly along said Field street and including one tier of lots and parcels of land on the west side of said Field street to the place of beginning in Monroe avenue.

Amended and adopted by the following vote :

COMMUNICATIONS FROM CORPORATION OFFICERS AND DEPARTMENTS.

By the Clerk—

Rochester, N. Y., May 23, 1899.

To the Common Council of the City of Rochester:

Gentlemen—I hereby certify that the following resolution was adopted by the Board of Education at a meeting held May 22d, 1899:

By Commissioner Chamberlain—Resolved, That the Secretary of this Board be, and he hereby is, directed to notify the Common Council of the City of Rochester, that the contract for the erection of a new building for public school No. 12 has been let as the statute provides and this Board demands that said Common Council make forthwith the necessary appropriation of \$40,000 as the state provides (chapter 570, laws of 1898), and in the case of the neglect or failure of said Common Council to make such appropriation that mandamus proceedings to compel such appropriation will be at once instituted.

Carried.

Respectfully yours,
JAS. C. OLIVER,
Secretary.

On motion of Ald. Rauber, referred to Finance Committee.

By the Clerk—

Office of the Executive Board,
Rochester, N. Y., May 23, 1899.

To the Honorable, the Common Council :
Gentlemen—At a meeting of your Water Works Committee yesterday afternoon, held to determine the streets in which water pipe should be laid during the present year, it was suggested that the Executive Board should submit to you the list of streets which should, in their opinion, be provided with suitable water mains, both in advance of the construction of new pavements, and for improving the general circulation of the water in the distributing systems.

In accordance with this suggestion, I am directed by the Executive Board to submit the following list which is herewith recommended by said Board for your consideration and approval :

First Ward—Front street, from East Main street to Mumford street, replacing defective old 24-inch riveted wrought-iron supply pipe of Holly system with 24-inch cast-iron pipe wherever necessary, and replacing old 4-inch pipe of Holly system from Market street to Mumford street with 6-inch pipe, estimated cost \$4,700; also Elizabeth street, from Hill street to Allen street, laying new 36-inch feeding main, and replacing old 4-inch pipe of Hemlock system with 6-inch pipe, estimated cost \$5,500. Both of these streets are to have new pavements.

Third Ward—Caledonia avenue, from Bronson avenue to the Erie Canal, laying new 36-inch feeding main, and replacing old 4-inch pipe from Spring street to the Erie Canal with 6-inch pipe. Estimated cost \$23,970. New pavement in progress.

Fourth Ward—Elm street, from East Main street to Chestnut street, replacing old 4-inch pipe of Hemlock system with 6-inch pipe, at cost of \$800; also Stone street, from East Main street to Court street, replacing old 4-inch pipe of Hemlock system with 6-inch pipe, at cost of \$1,400. Both of these streets are to have new pavements.

Sixth Ward—University avenue, from Anderson avenue to Crouch avenue, extension of 8-inch distributing pipe of Hemlock system in advance of new pavement; also for improving circulation of water in district east or north of railroad. Estimated cost \$3,900. A portion of this extension is in the Eighteenth ward.

Tenth Ward—Gates avenue, from Villa place to about 200 feet south, extension of 8-inch pipe of Hemlock system, at cost of \$300; Mason street, from Thorn street to about 150 feet west, extension of 4-inch pipe of Hemlock system, at cost of \$130; and Ravine avenue, from Aldern street to about 250 feet west, extension of 6-inch pipe of Hemlock system, at cost of \$250. These three extensions are to secure better circulation of water in the respective localities. Also Fourth street, from Glenwood park to Glenwood avenue, extension of 6-inch pipe at cost of \$330; and Sherman street, from Curtis street to Emerson street, extension of 6-inch pipe, at cost of \$350. These two extensions are to be made in advance of new pavements on said streets. It is also understood that an ordinance for a new pavement on Driving Park avenue will soon be introduced by Ald. Selye, and in the event of its passage, the old 4-inch pipe in said avenue, from Thrush street to a point about 1,050 feet east, should be replaced by about 250 feet of 20-inch pipe and 800 feet

of 6-inch pipe at an estimated cost of \$1,780.

Twelfth Ward—Park avenue and Sibley street, both from Brunswick street to South Culver street, extension of 6-inch pipe at cost of \$240 for each; and Tracy park, from Alexander street to about 300 feet east, extension of 4-inch pipe at cost of \$270. These three extensions are for improving circulation and fire protection in the respective localities.

Seventeenth Ward—Hudson avenue, from Clifford street to Emerson place, replacing old 6-inch pipe of Hemlock system with 16, 12 and 10-inch pipe, at cost of \$5,750, in advance of new pavement on said avenue.

Nineteenth Ward—Jefferson avenue, from Seward street to Plymouth avenue, extension of 8 and 4-inch pipe in advance of new pavement.

The Executive Board believes that all of the foregoing lines of water pipe are important and necessary for the general public welfare; also that the old and small wrought-iron pipes in Halbert, Eddie, Victoria, Silver and South Orchard streets in the Twentieth ward, should be replaced with suitable cast-iron pipes, whereby better fire protection in this locality will be secured.

Respectfully submitted,

CHAS. M. BEATTIE, Clerk.

Ordered received, filed and published.

By the Clerk—

City Treasurer's Office,
Rochester, N. Y., May 23, 1899.

To the Honorable, the Common Council of the City of Rochester :

Ayes—Ald. Tracy, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—18.

LAW COMMITTEE REPORT.

By Ald. Mead—

Rochester, N. Y., May 23, 1899.

To the Honorable the Common Council :

Gentlemen—Your law committee would respectfully report as follows :

In relation to the request of the League of American Municipalities that the City of Rochester become a member of this league, the communication in relation to which was referred to your committee at the last regular meeting of the council, your committee would report that it has investigated this matter, and recommends that the city clerk inform the officers of said organization that the city of Rochester will not accept said invitation to become a member of said organization.

In relation to the bill of Dr. George W. Goler, for \$835, for services rendered in taking care of smallpox cases from December 11, 1898, to March 4, 1899, your committee would recommend the rejection of the same.

In relation to the claim of Hascal A. Hogel, as receiver, against the City of Rochester, for services in collection and disposition of garbage, under an alleged contract with the Board of Health, as per statement annexed to the claim filed with the Common Council at its last regular meeting thereof, the amount of which claim is the sum of \$23,306.56, your committee would report that Hogel, as receiver, has been paid in full for all services rendered to the City of Rochester; that the alleged contract with the Board of Health was invalid; that there has been no ratification of the same by the Common Council, and that there is no liability on the part of the city for the payment of the said

sum of \$23,306.56, and that your committee recommends the rejection of the said claim.

In relation to the veto by the Mayor of the salary of Richard L. Saunders for the month of April, 1899, your committee would report that it has made an investigation of this matter and has ascertained that Mr. Saunders was absent from the city during the month of April, after the 8th day thereof, for a vacation with the consent and knowledge of the corporation counsel, to whose office he is attached; that Mr. Saunders was entitled to said vacation; that it has been a custom in the several departments of the city government that the employees be allowed a vacation of from two to three weeks in each year, and that all of the said offices have carried on that custom with the knowledge and consent of the city officials; that in the Municipal Court, for several years, the judges thereof have each enjoyed a vacation of one month during the year; that Mr. Saunders had no vacation during the year 1898, and that he combined the vacation for both years in his absence from the city since the 8th day of April, 1899, and during the remainder of that month. Such being the facts, there is no reason why he is not entitled to compensation under the custom which has prevailed and been sanctioned by the officials of the city; and we would therefore recommend that the veto of His Honor the Mayor be not sustained, and that Mr. Saunders be allowed his salary for the month of April, 1899.

In relation to the veto of the claim of \$45.57 for services rendered by William H. Kearns, as extra operator of the police patrol system, your committee would report that Mr. Kearns has been regularly appointed an extra operator of the police patrol system; that pursuant to the resolution of Ald. Casey, adopted on the 14th of February, 1899, the employees of the police telegraph system of the city were retained in their respective positions and employment; that Mr. Louis Miller was the general operator having charge of that department of the city service, and employed Mr. Kearns to perform the services which he rendered to the city; that under the report in the matter of the Miller investigation, the committee recommend that all bills incurred in the management of the several departments of the city, including the police telegraph system be presented to the proper city authorities for audit and be paid from the proper city funds, which was attempted to be done in this case. We find that Mr. Kearns was employed as an extra operator by Mr. Louis Miller, superintendent of the police patrol system, for the period of ten days during the month of March, 1899, and that his services amounted to the sum of \$21.70, and was duly approved by the Common Council and His Honor the Mayor, and the same paid; that he was employed 21 days during the month of April, and that his services amounted to \$45.57, which amount was vetoed by His Honor, the Mayor. We find that the services rendered during the month of April are reasonably worth the amount of the bill—\$45.57; that Mr. Miller was justified in his action in employing Kearns during the month of April by reason of the ratification of his acts in such employment during the month of March. We are advised by the corporation counsel that Kearns may recover against the city for these services as the city has received the benefit of the same, and we would therefore recommend the payment of the sum of \$45.57 to said

Kearns in order to avoid the expense of a litigation in which the city would surely be unsuccessful under the advice of the corporation counsel. We would therefore recommend that the veto of His Honor, the Mayor, in respect to this matter be not sustained.

In relation to the resolution of Ald. Green as to the payment of laborers employed upon city contracts, your committee would report that the Legislature during the past winter has enacted a bill, known as the Eight Hour Law, which provides that 8 hours shall constitute a legal day's work for all classes of employees in this State, except those engaged in farm and domestic services, etc.

That this section does not prevent an agreement for overwork at an increased compensation except upon work by or for the state, of a municipal corporation, or by contractors, or sub-contractors therewith. That in every contract which the state or a municipal corporation is a party which may involve the employment of laborers, workmen or mechanics, said contract shall contain a stipulation that laborers, workmen or mechanics in the employment of the contractor, sub-contractor or other persons doing, or contracting to do the work, or part of the work contemplated by the contract, shall not be permitted or required to work more than eight hours in any one calendar day, except in cases of extraordinary emergencies, caused by fire, flood or danger to life or property. That the wages to be paid for a legal day's work as therein defined, to all classes of such laborers, workmen or mechanics upon all state public work, or upon any materials to be used upon or in connection therewith, shall not be less than the prevailing rate of a day's work in the same trade or occupation in the locality within the state where such public work, on, about, or in connection with which such labor is performed in its final or completed form as situated, erected or used, and that each contract made shall contain a stipulation that each such laborer, workman or mechanic employed by said contractors, sub-contractors, or other persons on, about or upon such public work, shall receive such wages provided therein. Your committee would therefore report that the statute of the state covers the ground provided for by Ald. Green's resolution, and recommends that hereafter the provisions of the section of said amended law in relation to labor, constituting chapter 32 of the general laws, be included in all contracts made by and between the city, the employee's thereof, or any contractor with the city for public work.

Your committee would further report that it advised the adoption of an ordinance complying with the state law in relation to the width of tires of vehicles used by all persons in the conveying of loads upon the public highways of the state, said ordinance to be prepared in accordance with said law, and to take effect on the 1st day of January, 1900; said ordinance to be included in the ordinances to be adopted by the Common Council under the provisions of the White charter.

Your committee would recommend the appointment of the following as Commissioners of Deeds:

Christopher Nagel, Bernard O'Reilly, Miles T. O'Reilly, Elliott C. Irvin, E. D. W. Parsons, John B. Weis, J. H. Coughlin, Roswell S. Clarke, Frank C. Fenn, John R. Fanning, Edward A. Frost, Katherine Dugan, James

P. Eagan, Hugh J. O'Brien, Alexander G. Wall, Louis M. Heindler, Harold F. Hayes, Erwin S. Plum, Wm. Cloonin, Frederick J. Smith, Edward J. Kelsey, Joseph F. Ribstein, Rupert M. Mahoney, Harriet B. Harrison, Charles U. Bastable, Daniel J. Leary, Frank J. McKeon, Ralph E. Happ, William Young, Robert R. Crouch, James J. Fess, A. R. Miller, Norman F. Haskell, Thomas Swanton.

All of which is respectfully submitted,

Totals	\$16,065	\$16,065

Note—*Denotes enlargement of present small pipe.

†Denotes location in old 15th ward.

‡Denotes location in old 16th ward.

The total expense involved in the foregoing three groups of streets is \$74,390, of which \$9,830 is for enlargement of existing small pipes, thus leaving \$65,010 for extensions of ordinary mains. In addition to the aforesaid enlargements, a few others have also been requested by aldermen, but for convenience they are placed in the following group of streets submitted by the Executive Board :

IV. REQUESTED BY EXECUTIVE BOARD AND NOT INCLUDED IN THE PRECEDING GROUPS.

	Estimated.	
	Cost.	Totals.
1 Elizabeth st., from Hill st. to Allen st	\$5,00	
1 Front st., from E. Main st. to Mumford st	4,700	\$10,200
3 Caledonia ave., from Bronson ave. to Erie canal	23,970	23,970
4 Elm st., from E. Main st. to Chestnut st	800	
4 Stone st., from E. Main st. to Court st	1,400	2,000
Totals	36,370	\$36,370

This expenditure is requested for the purpose of laying 36-inch feed mains in Caledonia avenue and Elizabeth street, and of enlarging small mains in Elizabeth, Front, Elm and Stone streets, also of replacing the old 24-inch wrought-iron supply pipe of the Holly system in Front street, all in advance of the construction of permanent new pavements in said streets. The sum of \$36,370 for this purpose should prop-

erly be increased by the previously mentioned amount of \$9,380, thus making a total of \$45,750 for the enlargements and betterments described.

To meet these various requests which amount in the aggregate to \$110,760, the following funds are available:

Placed in Tax Levy of 1899 for water pipe extensions	\$15,000
Unexpended balance in Water Pipe Extension Fund of 1898 (estimated)	3,360
Unexpended balance in Water Distributing System Fund (for large feed mains)	4,780

Total \$23,140

With such financial restrictions, it is obvious that all pipe work which is not absolutely necessary this year must be omitted. A serious difficulty, however, arises in attempting to decide upon the amount of money needed, as the advocates of the different interests involved urge their claims in strong terms. After mature deliberation, your committee is convinced that the appropriation of \$15,000, which was placed in the Tax Levy, is altogether inadequate even for making the necessary ordinary extensions, not to mention the required enlargements of small pipe and the large feeding mains. In their opinion, at least \$26,360 is needed for the first-named purpose, and \$43,900 for the second.

In making this statement, your committee distinctly affirms the expediency of making all required additions to, and alterations of, the several water distributing systems in streets where new pavements are to be laid; and after thoroughly discussing the question from the financial point of view, it recommends that the funds needed for this purpose be taken for the present from the receipts of the Executive Board for water rents. By this plan the burden already imposed upon the Water Works Fund of said Board will be greatly increased, but the resulting difference between the revenue and the expenditures can readily be adjusted in a satisfactory manner towards the close of the year. Should it then be found necessary to make the city's note for any balance fairly due to said Fund, the period of time for which interest must be paid will thus become the shortest; and furthermore, if any surplus is left in any other fund at the time, the same can be transferred to the credit of this expenditure, thereby reducing the amount which must be raised by note.

It should be clearly borne in mind that the aforesaid two amounts of \$26,360 and \$43,900 represent the aggregates for the ordinary pipe extensions and the enlargements or betterments and large feeding mains which are needed, in our opinion, at the present time, and that there is available in the existing Water Pipe Fund \$18,360, along with \$4,780 in the Water Distributing System Fund. The additional amounts to be raised, as above suggested, are, therefore, respectively \$8,000 and \$39,120. If, however, more work of similar character should be required during the remainder of the year, these sums must be proportionally increased.

The streets in which the said sums are to be expended have been determined by your committee as follows:

I. FOR ORDINARY WATER PIPE EXTENSIONS.

CLINTON AVENUE MEDINA BLOCK STONE PAVEMENT.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of improving Clinton avenue north, from Central avenue to Marietta street.

Adopted.

The engineer submitted as such estimate, \$6,000.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz :

The improvement of Clinton avenue, north, from Central avenue to Marietta street, by the construction of a Medina stone block pavement therein. Also the construction of a Medina stone curb on each side thereof, properly connected with all streets, alleys and driveways. The width between curbs shall be generally the same as at present. The pavement may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the Executive Board and City Engineer it is necessary, in order to make a complete improvement. Excepting from the above that portion of the street between the tracks, the rails of the tracks and two feet outside of the outside rails of the tracks of the Rochester Railway Company.

Also the construction of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair or rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment to grade of the sidewalks.

Also the construction of a Portland cement walk from curb to street line on each side of the street, except where good cement, brick or flagstone walks of the proper width now exist, which may be relaid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for four (4) years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement.

Also the construction of the necessary street laterals within the limits of the pavement.

The improvement also includes lowering the grade of the roadway under the subway of the N. Y. C. & H. R. R. Co. from eight to twelve inches; also lowering the south approach, including the intersection of Central avenue. By Ald. Tracy—Resolved, That the Lamp Committee be and hereby is directed to cause a double arc electric light to be placed on North Fitzhugh street, between West Main and Allen street. Referred to Lamp Committee.

By Ald. Tracy—Resolved, That the Rochester Gas and Electric Company, or other corporations maintaining overhead wires on Front street, between Main and Mumford streets, be and they hereby are directed to place such wires under ground and that such work be done in advance of the improvement of said street. Adopted.

By Ald. Ford—Resolved, That the City Engineer and Corporation Counsel be instructed to confer with the owners of the property on the south side of bridge square with a view of obtaining a suitable street line, and report back to this Council. Adopted.

City Engineer's Office,
Rochester, N. Y., May 23, 1899.

Gentlemen—In accordance with a resolution of your honorable body, adopted April 25, 1899, I have made the necessary searches and surveys to determine the south line of bridge square, from Caledonia avenue to Favor street. I find the line irregular and not suitable for a street boundary. After consultation with the Corporation Counsel, I would respectfully recommend that the matter be referred back to the City Engineer and the Corporation Counsel with instruction to negotiate with the owners of lands adjoining said street with a view of establishing a line that will give a better entrance to said street from Caledonia avenue, and in consideration of the granting of such additional lands at said entrances that the line of the remaining portion of the street be made parallel with the present curb and at such distances therefrom, not less than ten feet, as may seem equitable and just in making an exchange for the additional lands at the entrances. Respectfully submitted,

E. A. FISHER,
City Engineer.

By Ald. Green—Resolved, That the Executive Board notify all contractors having contracts with the city of the recent law passed in the Legislature in relation to eight hour law. Adopted.

By Ald. Ward by request—
Fire Marshal's Office,
41 City Hall,
Rochester, N. Y., May 23, 1899.

To the Honorable The Common Council of the City of Rochester :

Gentlemen—I desire to inform you that Dr. Sumner Hayward has consurcted and erected a building known as No. 27, on the south side of East avenue in the City of Rochester, contrary to the Building Ordinances of the City of Rochester, in the following respects: First, that a third story has been placed on said building, while the permit granted was for the remodeling of a second-story brick building; secondly, instead of the walls being constructed of brick 12 inches in width as provided by said ordinance, a portion of said walls are only 8 inches in thickness, and another portion thereof is constructed of wood, all contrary to the building ordinances of the City of Rochester. Said building as constructed is a common nuisance, requiring abatement and removal by your honorable body, and I respectfully request that you take such action as may be proper under the provisions of the charter of the City of Rochester, for the abatement and removal of the same.

All of which is respectfully submitted,
Yours, etc.,

JOHN A. P. WALTER, Fire Marshal.

Ordered received, filed and published.
By Ald Ward—Resolved, That the building on the premises known as No. 27 East avenue, in said city of Rochester, owned or reputed to be owned by Dr. Sumner Hayward, be, and the same are hereby declared a common nuisance by reason of the fact that said building has been constructed contrary to the ordinances of the City of Rochester, in relation to the construction of buildings, and the removal and inspection of the same, in that a third story has been placed on said building, while the permit granted by the proper city officials was for the remodeling of a second-story brick building, and also that said building, instead of being constructed

with brick walls of 12 inches thickness, as provided by said ordinance, a portion of said wall is only eight inches in thickness, and another portion is constructed of wood, and be it further

Resolved, That the Executive Board of the City of Rochester be, and they are hereby authorized and directed to remove and abate said nuisance, and said building known as No. 27, on the south side of East avenue, in the City of Rochester, N. Y. Adopted.

By Ald. Pauckner—Resolved, That the City Engineer be, and he hereby is, directed to report to this Council at its next regular meeting what progress is being made with reference to the spreading of the East Side Sewer tax. Adopted.

By Ald. Kelly—Resolved, That that portion of Jay street, from Child street to the city line, between the tracks, the rails of the tracks, and for two feet outside the outside rails of the tracks of the Rochester Railway Company, requires paving and adjusting to grade, and that the said railway company be, and hereby is, required to pave and put in permanent repair that portion of said Jay street between the tracks, the rails of the tracks, and for two feet outside the rails of the tracks, within thirty days from the date of the serving of this notice, in accordance with the plans and specifications hereto attached, and in case of neglect of said corporation to make such pavement or repairs after the expiration of said period of thirty days, the Executive Board be, and hereby is, directed to make the same at the expense of said railway company, and that the City Clerk be directed to notify said railway company of the adoption of this resolution. Adopted.

By Ald. Judson—Resolved, That the City Engineer be, and is hereby instructed to establish line and grade for sidewalk on Barnum street (west side), from East Main street to Leighton street. Adopted.

By Ald. Judson—Resolved, That the City Engineer establish the grade for a sewer in Brick street, provided said sewer is built under supervision of the Executive Board and City Engineer. Adopted.

By Ald. Judson—
Monroe County Court—In the matter of the Extension of Leighton street in the City of Rochester, N. Y., from Parsells avenue to Melville park.

To the Honorable, the Common Council :

Gentlemen—We, the undersigned, who were appointed by an order of the Monroe County Court, duly made and entered in Monroe County Clerk's office, commissioners to appraise the damages and compensation which the owner, or owners, or persons interested, and if there be any occupant or tenant who may have a leasehold interest in the premises, rights or easements therein to be taken for the public improvement or purpose above referred to, should severally receive therefor, respectfully report and certify the several pieces and parcels of land and the premises, rights or easements therein to be taken for said improvement and the names and residences of the owner or owners respectively, and the rights of said owners as far as can be ascertained and the names and residences of the tenants or occupants thereof and of all other persons who have any interest in said property and the amount of the damages or compensa-

tion which should be paid to each, as follows :

PARCEL NO. 1.

All that tract or parcel of land situate in the City of Rochester, County of Monroe and State of New York, known and distinguished as lot No. 47 on the north side of Parsells avenue, as laid down on subdivision of a part of the lands of the East Rochester Building Lot Association made by Perkins & Hays, for R. J. Smith, surveyor, and on file in Monroe County Clerk's office; said lot being 40 feet front and rear and 153 feet deep.

These premises are owned by John H. Bailey and are subject to the lien of a mortgage held by the Fidelity Trust Company.

PARCEL NO. 2.

All that tract or parcel of land situate in the City of Rochester, County of Monroe and State of New York, being part of lot No. 3L, in a re-subdivision made by R. J. Smith, surveyor, for the heirs of John Meng, of the south part of lot No. 49, bounded and described as follows : Beginning at the northwest corner of lot No. 47, the parcel first above described, and running thence northerly on the west line of said lot No. 47 extended to Melville park; thence easterly along the south line of Melville park 40 feet; thence southerly and parallel to said first mentioned line about 81 feet to the northeast corner of said lot No. 47; thence westerly along the north line of said lot No. 47, 40 feet to the place of beginning.

Said premises are owned by Joseph Angele and Libbie Angele, his sister, or by the devisees under the will of Mary Angele, deceased, there being a litigation as to the ownership of said premises.

Therefore, We, the subscribers, the commissioners having been duly sworn, as required by the statute in such case made and provided, and having all met and acted upon all the matters submitted to us, at the corporation counsel's office, in the City Hall Building, Rochester, N. Y., pursuant to a notice of at least ten days published according to law, and having taken a view of every part of the respective premises affected by this proceeding, and having inquired into and heard all the allegations and proofs of the respective parties in interest, do thereupon determine and appraise the compensation which the owners and tenants of, and others having any rights in the respective premises, above described, who are entitled to any compensation for the lands and rights to be taken for the extension of said street, will sustain by being deprived thereof and to fix the damages and compensation which said owners and the tenants and others shall receive therefor as follows : Said award to be paid after deducting all taxes and assessments which have become a lien upon the land above described as hereinafter provided :

To John H. Bailey, for parcel No. 1, the sum of \$625, payable to the Fidelity Trust Company, mortgage.

To Joseph Angele and Libbie Angele, or the devisee under the will of Mary Angele, deceased, as their interests may appear, for parcel No. 2, the sum of \$450, payable to them.

All of which is respectfully submitted,
 CHAS. W. DUBBELBEISS,
 WILLIS K. GILLETTE,
 HENRY HECKNOTH,
 Commissioners of Appraisal.

Dated May 19, 1899.

By Ald. Judson—Resolved, That the next regular meeting of this Common Council to be held June 6th, 1899, be fixed as the time when allegations will be heard for or against the confirmation of the foregoing report of the Commissioners of Appraisal in the matter of the extension of Leighton street from Parsells avenue to Melville park. Adopted.

COMMUNICATIONS FROM THE MAYOR.

Ald. Tracy in the chair.

Mayor's Office, May 31, 1899.

To the Common Council of the City of Rochester :

I hereby return without my approval final ordinance No. 7,771, for Sherman street sewer and asphalt pavement, at an estimated cost of \$45,000, for the following reasons :

Objections have been raised to the construction of both the sewer and pavement. It is claimed that when the west side sewer was being constructed objections were made by some of the property owners on Sherman street that their property would not be benefited by that sewer, as it would not drain therein. The question was referred to a committee of the Common Council. The committee appeared before the west side sewer commissioners and requested that this territory be omitted from the west side sewer assessment. The request was granted.

The construction of the present sewer would allow this territory to be drained into the west side sewer without paying for the privilege. Property owners in the town of Gates threaten to secure an injunction to prevent this territory from being drained, and I have no doubt that such an action could be maintained. (This difficulty can be obviated by amending the present ordinance by leaving out this territory, but this would leave a part of Sherman street without proper drainage.)

A number of taxpayers object to such an expensive pavement as the one proposed, believing that a cheaper one would answer all purposes. I do not see why it is necessary to select the most expensive pavement for an improvement.

If a portion of the sewer is to be built this year and the balance in the near future, it would not be good business policy to lay the pavement and then tear a portion up to complete the sewer.

In view of the fact that the cost of asphalt improvement has recently increased, it will be for the best interests of the taxpayers on Sherman street for this ordinance to be postponed until such a time as the asphalt company sees fit to do work at a fair compensation.

If this matter should be reconsidered, one ordinance should be passed for the sewer and a separate one for the pavement, that the taxpayers may know what each will cost.

The control of the west side sewer within the city is in the Executive Board.

Respectfully yours,

GEORGE E. WARNER, Mayor.

Received, filed and published.

The chair stated the question to be, shall the resolution stand notwithstanding the veto of his honor the mayor. The resolution was adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson—19.

By Ald. Kelly—Resolved, That the Executive Board be, and it is hereby directed not to award a contract for, or construct, a sewer, under final ordinance No. 7771 in that portion of Sherman street between Lyell avenue and the rear of lots

on the south side of Myrtle Hill park, that will drain into the West Side Trunk Sewer. Adopted.

Motion by Ald. Kelly that Clerk serve certified copy on the Executive Board. Adopted.

By the Clerk—

Mayor's Office, May 31, 1899.

To the Common Council of the City of Rochester :

I hereby return without my approval final ordinance No. 7,772, for asphalt pavement on Jay street, for the following reasons :

A remonstrance has been filed with me signed by thirty-seven taxpayers upon this street objecting to an asphalt pavement. The persons making this remonstrance inform me that since it has appeared that the price of asphalt pavement has been increased, they do not desire the present ordinance to stand. But if the price should remain at a reasonable figure they would be willing to have an asphalt pavement.

It is claimed that the asphalt companies engaged in business in this city have combined to increase the price of the pavement. It is also claimed that this increase has become necessary on account of the increase in the cost of labor under the state laws. To settle this question and to prevent any possible combination, I would suggest that the Common Council authorize the city engineer to make an investigation as to the cost of laying an asphalt pavement, including the amount required to pay the increase in the cost of the labor and a fair amount to cover a ten years' guarantee of the work, and that the investigation be also made to include the cost of curbs and the setting of the same. This inquiry in regard to the curbs is necessary, from the fact that it has been the custom of some of the asphalt companies of our city to bid low on the asphalt and high on the curbs and setting, while others bid high on the asphalt and low on the curbs. The result has been that in figuring the costs of the entire improvement the company low on the asphalt and high on the curbs would be high on the entire contract; while the company bidding high on the asphalt and low on the curbs would secure the contract.

When the cost of the asphalt and curbs is ascertained a fair amount should be allowed as profit. When a complete estimate shall have been made, the Common Council should pass a resolution providing that in all ordinances thereafter passed by it, or then pending before it, a provision should be made that the improvement shall not exceed a sum fixed by it as the cost of the asphalt and curbs.

Respectfully yours,

GEORGE E. WARNER, Mayor.

Received, filed and published.

The chair stated the question to be, shall the ordinance stand notwithstanding the veto of his honor, the mayor.

Adopted by the following vote :

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson—18.

Nay—Ald. Ward.

By the Clerk—

Mayor's Office, May 31, 1899.

To the Common Council of the City of Rochester :

I hereby return without my approval the resolution adopted at your meeting of May 23, 1899, declaring the premises known

as No. 27, on the south side of East avenue to be a public nuisance, and directing the Executive Board to remove and abate the nuisance and building, for the following reasons :

This building has been remodeled and does not comply with the building ordinance in that it has been made a three-story building instead of a two-story one, and some of the walls are eight inches thick instead of twelve and a portion of them consisting of wood instead of brick.

These omissions can be remedied without tearing down and removing the entire building. The owner seems to be willing to make the changes suggested by the Executive Board, but has been prevented from so doing by occupants of the building.

I do not believe it is necessary to remove the entire building and cause the loss of it to the owner. In my opinion the question should be referred to a committee for examination and the owner should be given an opportunity to enable him to arrange with his tenants and make the building comply with the ordinance.

Respectfully yours,
GEORGE E. WARNER, Mayor.

Ordered received, filed and published.
On motion of Ald. Rauber, referred to the Law Committee.

By the Clerk—

Mayor's Office, May 29, 1899.

To the Common Council of the City of Rochester :

I hereby return without my approval final ordinance No. 7,764, for Frost avenue asphalt pavement, at an estimated cost of fifty-three thousand dollars, for the following reasons :

But a small portion of the property owners on this street have petitioned for this kind of an improvement. A remonstrance signed by eighty-six owners has been filed with me, objecting to either a brick or asphalt pavement.

If it should be determined to have an improvement, the property owners should be called together and allowed to select the kind of pavement they desire.

Believing that the wishes of the majority should govern, the ordinance is discontinued.

The recent bids received by the Executive Board from the companies engaged in laying asphalt pavements would indicate that an effort is being made to raise the cost of such pavements, and it would therefore seem to be for the best interests of the taxpayers to postpone all ordinances for asphalt pavements until such time as they can be laid at a fair cost.

Respectfully yours,
GEORGE E. WARNER, Mayor.

Received filed and published.

The chair stated the question to be, shall the resolution stand notwithstanding the veto of his honor, the mayor. The resolution was adopted by the following vote :

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson—18.

By the Clerk—

Mayor's Office, May 29, 1899.

To the Common Council of the City of Rochester :

I hereby return without my approval final ordinance No. 7,778, for asphalt pavement on Lawrence street, for the following reasons :

I am informed that there are twelve lot

owners upon this street, and that nine are opposed to the improvement. The majority being so opposed, their wishes should be respected, and the improvement not forced upon them.

The property owners have not even been allowed to select the kind of pavement they would prefer, although the street is to be improved against their wishes, but an asphalt pavement has been selected for them. On this street a macadam pavement well laid would answer all purposes and would be much cheaper than asphalt.

Ordinances for asphalt pavements should not be forced upon the taxpayers at this time, in view of the fact that the cost of such pavements has been greatly increased by the company doing such work during this past month.

Respectfully yours,
GEORGE E. WARNER, Mayor.

By the Clerk—

Office of the City Engineer,
Rochester, N. Y., June 6, 1899.

To the Hon. the Common Council :

Gentlemen—Pursuant to your resolution of May 23d, I beg leave to submit the following report relative to the East Side Trunk Sewer assessment. This matter was regularly submitted to the City Assessors by resolution of your honorable body, passed August 30, 1898. The work as a whole has involved a large amount of detail in the preparation of the necessary new maps in the old Sixteenth ward, and the correction of the existing maps of the balance of the benefited territory to correspond to the sub-divisions made since the original maps were made.

This part of the work has been done in my office under the direction of the Map and Survey Committee. The maps, when completed, were turned over to Mr. Gaylord Thompson, who was duly appointed by your honorable body to assist the Assessors in the preparation of the assessment roll. I have, from time to time, placed such of the regular employees of my office as could be spared at the service of Mr. Thompson to aid him in the calculation of the areas of the separate parcels of land in the benefited territory, and in the tabulation of the assessment roll.

Mr. Thompson informs me that this part of the work is now completed, and the assessors have now before them nearly all the information they are likely to require, to enable them to fix upon the various rates of assessment to be employed in the several classes of benefited territory to ascertain the exact amount of assessment upon each of the various lots and parcels of land affected.

The Assessors, however, will probably desire to personally examine the benefited territory, and in consultation with Mr. Thompson fix upon the rates for the various classes of territory.

After the rolls have been extended, allegations will be heard, after which they will be copied and presented to the Council for confirmation.

Respectfully submitted,
E. A. FISHER,
City Engineer.

Ordered received, filed and published.

By the Clerk—

Office of the City Engineer,
Rochester, N. Y., June 6, 1899.

To the Hon. the Common Council :

Gentlemen—I beg leave to call your attention to the following conditions on Snyder street:

Final Ordinance, No. 7,324, for an asphalt pavement in Lenox street, formerly Bartlett street, from Genesee street to Snyder street, has been adopted, and the work thereunder nearly completed. Final Ordinance No. 7,725 for sidewalks on Snyder street has also been adopted, but no work has yet been done under said ordinance. Snyder street from Columbia avenue to a point opposite the center of Bartlett street running east from Snyder street, is 50 feet wide; from the last named point to center of Lenox street, about 65 feet. Snyder street is 30 feet wide. This condition makes a very bad connection between Lenox street and Bartlett street through this portion of Snyder street. Snyder street should be widened for a distance of about 65 feet by taking a strip of land 25 feet in width on the westerly side. The matter is respectfully referred to your honorable body for such action as you see fit.

Respectfully,
E. A. FISHER,
City Engineer.

Referred to the Engineer to prepare an ordinance.

Rochester, N. Y., May 31, 1899.

To the Honorable Common Council :

Gentlemen—The undersigned Overseer of the Poor of the City of Rochester would respectfully report, that during the month of May, 1899, he has relieved 469 families in the following manner.

Orders on poor store	\$1,695 50
Orders for coal	20 73
Orders for shoes	44 70
Orders for burials	63 00
Transportations	66 19

Less amount charged to towns \$1,890 12
30 00

Total to City \$1,860 12

All of which is respectfully submitted.

JOHN H. LEHMAN, O. P.
Police Commissioners' Office,
Rochester, N. Y., June 1, 1899.

To the Hon. the Common Council of the City of Rochester :

Gentlemen—During the month of May, 1899, the total amount of moneys received from fines, etc., to be credited to the Police Funds, as shown by itemized report of this date, is \$198.29. The total receipts for the Police Pension Fund was \$247.40.

Respectfully submitted,
RICHARD CURRAN,
Police Clerk.

Office of Executive Board,
Rochester, N. Y., June 6, 1899.

To the Hon. the Common Council:

Gentlemen—The Executive Board begs to advise you that action on the award of Irving place improvement, under ordinance No. 7,743, has been postponed, owing to the prices stated in the proposals for asphalt, which are very nearly equal to the price for block stone pavement; the lowest received being \$2.30 per square yard.

In view of the fact that the street is used entirely for trucking and the further fact that there is considerable grade on said street, the Board suggests that it may be advisable to consider the substitution of a block stone pavement in place of the asphalt pavement.

Respectfully submitted,
CHAS. M. BEATTIE,
Clerk.

MISCELLANEOUS COMMUNICATIONS TO THE BOARD.

By the Clerk—

We, the undersigned, do hereby offer to dedicate to the City of Rochester a strip of land running from Jay street to Campbell street, a distance of about 640 feet and 36 feet in width.

Said strip of land is graded and the necessary street monuments set. A correct map is filed in the County Clerk's office, and one in the office of the City Assessors.

Yours respectfully,
JOHN MUELENDYKE,
FRANCIS RYKENBOER.

Referred to the Executive Board.

By the Clerk—
Rochester, N. Y., June 6, 1899.

Common Council:

Gentlemen—Your presence is cordially requested at the bicycle carnival and fireworks display at Clver Park on the evening of June 9th.

Very respectfully,
M. A. DELANEY.

On motion of Ald. Ward, the invitation was accepted.

By the Clerk—
Rochester, N. Y., June 3, 1899.

To the Hon. Common Council, Rochester, N. Y.:

Gentlemen—We, the undersigned committee appointed by resolution of the Board of Education, have the pleasure to challenge your honorable body to a base ball contest, to be played between the Board of Education and the Common Council, the proceeds therefrom to be donated to the Infants' Summer Hospital.

We have the honor to remain,

Respectfully yours,
FRED L. DUTCHER,
P. CAMERON SHUTT,
JOHN DURNHERR,

Base Ball Committee Board of Education.

On motion of Ald. Beard the challenge was accepted.

By the Clerk—
To the Common Council of the City of Rochester:

Gentlemen—The coming Fourth of July will be the first since the close of the Spanish-American war. It will signalize the victories gained on sea and land and should be celebrated in Rochester by a fitting demonstration. With this end in view it is proposed to hold in Rochester a military parade, with such other ceremonies as may be deemed proper, inviting troops from this section of the country, and a number of troops from Canada.

It is estimated that it will cost in the neighborhood of \$5,000 to get up a demon-

stration of this kind. At a meeting of citizens, held June 3d, at Powers Hotel, the following committee was appointed to bring the matter to the attention of the Common Council.

With this end in view, you are respectfully requested to appropriate the sum of \$1,500.

Respectfully submitted,
C. C. WOODWORTH,
E. N. WALBRIDGE,
T. J. NICHOLL,
D. H. WAUGH,
C. U. BASTABLE,

Committee.

Ordered received, filed and published.

By the Clerk—Claim of Zebidiah H. Harris for ten thousand dollars damages. Referred to the Law Committee.

FINANCE COMMITTEE REPORT.

Rochester, N. Y., June 6, 1899.
To the Hon. The Common Council of the
City of Rochester :
Gentlemen—Your Finance Committee
would respectively report as follows :
In the matter of the communication of
the Board of Education, dated May 23, 1899,

and referred to your committee at a regular meeting of the council held on the 23d day of May, 1899, in relation to the appropriation of \$40,000 under chapter 570 of the laws of 1898, for the erection of No. 12 school building; and in which communication the Board of Education notified the Council that unless such appropriation was immediately made, that mandamus proceedings to compel the making of said appropriation would at once be instituted.—Your committee would report :

That the Common Council by the tax levy for the year 1899, has appropriated to the use of the Board of Education of the City of Rochester the sum of \$583,300; that said Board has received from the State in addition to said sum, for school purposes, the sum of \$84,979.87, making a total of \$668,279.87 for the management of the school system of the City of Rochester for the year 1899.

That this sum does not include an appropriation of \$15,000 additional to meet deficiencies which were created during the year 1898.

That the above sum exceeds the appropriation in the tax levy for the year 1898 in the sum of \$99,754.68, not including the additional appropriation by the act of the Legislature passed at the session of 1899, in the sum of \$100,000 for the construction of new school buildings, and which will be demanded from the Common Council by the School Board within a short time; making the sum of \$199,754.68 more for the conduct and management of the school system for the year 1899 than was expended and laid out in the year 1898, and if the Common Council should grant the request of the Board of Education for this sum of \$40,000, it would make the additional amount of \$239,754.68 more for the year 1899 than was appropriated for the year 1898.

Your committee would report that they have investigated this matter thoroughly both from a financial and legal standpoint and have come to the conclusion that chap. 570 of the laws of 1898, has been repealed by chap. 660 of the laws of the same year, by the terms of which all acts and parts of acts inconsistent with chap. 660 of the laws of 1898 are repealed, except chap. 38 of the laws of 1898, being the White charter; and that chap. 660 of the laws of 1898 took effect on the first day of December, 1898.

Your committee would therefore report that the Board of Education is not entitled to the sum of \$40,000 for the erection and construction of school building No. 12 situate on the west side of Wadsworth square, by reason of the fact that the statute known as chap. 570 of the laws of 1898, has been repealed by a subsequent statute governing the acts of the Board of Education of the City of Rochester and known as chap. 660 of the laws of 1898, and would therefore recommend that the request of the Board of Education be refused.

Your committee would report that it has been called upon by a committee of citizens of Rochester requesting an appropriation in the sum of \$1,500 to assist in defraying the expenses of a public celebration to be held in the City of Rochester on the 4th day of July, 1899. We are of the opinion that such a celebration would be a great benefit to the material prosperity and reputation of the city, and that a large income to the citizens would be derived therefrom by reason of the fact of the immense number of people who would come to the city on an occasion of this character. Knowing the character and reputa-

tion of the committee having charge of this matter and the fact that any money placed at their disposal would be judiciously expended, and under the representations made by them that it was their intention to raise by subscription quite a large sum of money for to assist in defraying these expenses, your committee would recommend the appropriation out of the contingent fund of the sum of \$1,500 for the purpose of assisting the committee in this matter.

In relation to the matter of the charwomen employed in the City Hall and the increase of the wages thereof, your committee would recommend that the resolution of Ald. Green be referred to the City Property Committee for the purpose of making a report to the Common Council of the number of charwomen employed in the City Hall and the hours per day of employment, and that said report be made to the Common Council immediately.

All of which is respectfully submitted,
 STEPHEN RAUBER,
 LOUIS EDELMAN,
 JAS. H. CASEY,
 D. W. SELYE,
 CHAS. P. MEAD,
 J. C. WILSON,
 Finance Committee.

Received, filed and published.

By Ald. Rauber—Resolved, That the sum of \$1,500 be, and is hereby, appropriated from the Contingent Fund for the purpose of celebrating the Fourth of July and the order for the same be made payable to C. C. Woodworth, treasurer of said committee. Adopted by the following vote :

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson—18.

Nay—Ald. Ward—1.

By Ald. Rauber—Resolved, That the resolution of Ald. Green, in relation to the matter of the charwomen employed in the City Hall and the increase of the wages thereof, be referred to the City Property Committee for the purpose of making a report to the Common Council of the number of charwomen employed in the City Hall, and the hours per day of employment, and that said report be made to the Common Council immediately. Adopted.

LAW COMMITTEE REPORT.

By Ald. Mead—

Rochester, N. Y., June 6, 1899.

To the Honorable, the Common Council :
 Gentlemen—Your Law Committee would respectfully report as follows :

In the matter of the claims of Hascal A. Hogel as receiver of the Flower City Reduction Company, for the sums of \$2,454.79 and \$272.75 respectively, for alleged collection of garbage and dead animals for the month of April, 1899, and for reserve, under an alleged contract—your committee would report in favor of the rejection of the said claim for the reasons heretofore given in reports of the Law Committee, viz.: that said Hogel as such receiver, has not performed any work, labor or services for said city, and that there is no contract pending between the said city of Rochester and the said Hogel as receiver or otherwise, by the terms of which the said Hogel is entitled to the said sums of money.

Your committee would recommend the appointment of the following Commissioners of Deeds :

James A. Hard, Frederick A. Mann,
 Joseph W. Knowbles, Thomas F. Courneen,
 E. B. Meyers, Anna E. Shannon, William
 M. Bates, James Marshall, Emory C.

MacSweeney, John L. Sweeney, Oristella Tabre, William J. Callahan and Adolph M. Spiehler, Jr.

All of which is respectfully submitted,
 CHARLES P. MEAD,
 JAS. H. CASEY,
 FRANK J. RITZ,
 D. W. SELYE,
 W. ERNST,
 JOHN M. STEELE,
 Law Committee.

Received, filed and published.

By Ald. Mead—Resolved, That the claims of Hascal A. Hogel, as receiver of the Flower City Reduction Company, for the sums of \$2,754.79 and \$272.75, respectively, for the alleged collection and disposition of garbage and dead animals, for the month of April, 1899, and for 10 per cent. reserve under an alleged contract with the Board of Health of the City of Rochester, be, and the same are hereby rejected. Adopted.

By Ald. Ward—

Rochester, N. Y., June 6, 1899.

To the Honorable the Common Council:
 Your Assessment Committee beg leave to report as follows:

In the matter of the petitions of George H. Broadhead, Laura Van Dyck, Mary A. Bossart, Otis & Gorsline, Mary A. Wadhams, Hannah Gardiner, Mary Walsh be granted.

Respectfully submitted,
 WILLIAM WARD,
 D. W. SELYE,
 W. C. GREEN,
 M. J. CALIHAN,
 FRANK J. RITZ,
 Assessment Committee.

Ordered received, filed and published.

By Ald. Ward—Resolved, That the City Treasurer accept \$17.27 in full for the tax of George H. Broadhead for personal property, for the year 1899, and charge the balance to erroneous assessments. Adopted.

By Ald. Ward—Resolved, That the Clerk draw an order upon the City Treasurer, payable from the Contingent Fund, for the sum of \$47.70, in favor of Laura Van Dyck, being the rebate to her for an erroneous assessment upon lot No. 2, Flower City Building Lot Association, for the

city tax of 1898, and charge the same to erroneous assessments.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson—19.

By Ald. Ward—Resolved, That the general city taxes owned by the city for the years 1890 inclusive to date, on lot 7 in the rear of lot 28, south side of Sullivan street, owned by Mary A. Bossart, be cancelled, and that the treasurer charge the same to erroneous assessments. Adopted.

By Ald. Ward—Resolved, That the City Treasurer cancel the assessment or reassessment for Oak street improvement, confirmed in 1885, upon lots 52, 53 and part of lot 54 of the J. Williams tract, situate on the east side of Oak street in said city, now owned by Otis & Gorsline, and charge the amount thereof to erroneous assessments. Adopted.

By Ald. Ward—Resolved, That Mary A. Wadhams be allowed to pay the face of the general city taxes against the premises known as lots Nos. 23 and 24 on Genesee avenue in the Carthage Tract, at the face thereof as sold, with three years' interest at 6 per cent., provided such taxes are owned by the city and such payment made within ninety days from the passage of this resolution, and that the City Treasurer charge the balance to erroneous assessments. Adopted.

By Ald. Ward—Resolved, That Hannah Gardiner be allowed to pay assessment on lot No. 66 on the west side of Genesee street, for the Genesee street sewer and outlet sewer, with interest at the rate of 6 per cent. per annum, provided the same is paid within sixty days from the passage of this resolution, and that the Treasurer charge the balance to erroneous assessments. Adopted.

By Ald. Ward—Resolved, That the City Treasurer credit the sum of \$17.15 upon general city taxes for the years 1895, 1897 and 1898, owned by the city upon lot 73 of the Brooks tract on the south side of Monroe avenue, owned by Mary Walsh, the same being for a reduction of said taxes upon an exemption of \$240, the assessed valuation of said premises and that he charge the same to erroneous assessments. Adopted.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

IRVING PLACE BLOCK STONE PAVEMENT.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of improving Irving place. Adopted.

The Engineer submitted as such estimate, \$4,375.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The improvement of Irving place from Main street to the Erie canal by the construction of a Medina block stone pavement therein.

Also the construction of a Medina stone curb six inches wide on each side thereof, properly connected with all streets, alleys and driveways. The width between curbs shall be generally the same as at present.

The pavement may be extended to the street line at all intersecting streets, alleys, and driveways where in the opinion of the Executive Board and City Engineer it is necessary, in order to make a complete improvement.

Also the construction of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repairing or rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment to grade of the sidewalks.

The pavement shall be guaranteed and kept in repair for ten years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and re-set. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement.

Also, the construction of the necessary street laterals within the limits of the pavement.

And the City Engineer, under the directions of this council, having made an estimate of the whole expense thereof, and reported the same at \$4,375, which being deemed reasonable, is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Irving place, from Main street to Erie canal.

Adopted.

HARLEM STREET SPRINKLING.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Harlem street.

Adopted.

The Engineer submitted as such estimate, \$44.

By Ald. Wilson—Resolved, That the following improvement is necessary, viz:

The sprinkling of Harlem street, from South Goodman street to Cambridge street, during the season of 1899;

Excepting therefrom such portion thereof not exceeding three feet in width on each side of the street as the Executive Board deems advisable for a bicycle path;

And Whereas, the City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$44, which estimate is hereby approved,

Resolved, further, that the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz:

One tier of lots and parcels of land on each side of Harlem street, from South Goodman street to Cambridge street.

Adopted.

ST. JACOB STREET GRADING AND WALKS.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of grading and walks on St. Jacob street.

Adopted.

The Engineer submitted as such estimate, \$2,100.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz:

The grading of St. Jacob street, for its full width, from Hudson avenue to Carter street, and the construction of a 4 foot pine plank walk on each side thereof, except where good walks now exist, which may

be relaid if not conforming to the proper grade and alignment. Also the necessary crosswalks.

And, The City Engineer, under the directions of the Council, having made an estimate of the whole expense thereof, and reported the same at \$2,100, which being deemed reasonable, is hereby approved,

Resolved, Further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the City, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of St. Jacob street, from Hudson avenue to Carter street.

Adopted.

GLENCAIRN STREET SEWER.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of a sewer in Glencairn street.

Adopted.

The Engineer submitted as such estimate, \$400.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz:

The construction of a sewer of suitable form and dimensions in Glencairn street, from a point twenty feet east of its west end to the sewer in Hague street. Also the necessary manholes, surface sewers, lot laterals and branches.

And, The City Engineer, under the directions of the Council, having made an estimate of the whole expense thereof, and reported the same at \$400, which being deemed reasonable, is hereby approved,

Resolved, Further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the City, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Glencairn street, from its west end to Hague street.

Adopted.

LAWRENCE STREET CEMENT WALK.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of constructing a cement walk on Lawrence street.

Adopted.

The Engineer submitted as such estimate, \$600.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz:

The construction of a Portland cement walk 5 feet wide on each side of Lawrence street, from East avenue to Charlotte street, except where good flag or cement walks now exist, which may be relaid if not conforming to the proper grade and alignment.

And, The City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$600, which being deemed reasonable, is hereby approved,

Resolved, Further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the City, which this Council deems proper to be so as-

essed for and will be benefited by such improvement, to wit :

Oen tier of lots and parcels of land on each side of Lawrence street, from East avenue to Charlotte street.

Adopted.

SEWARD STREET CEMENT WALKS.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of constructing cement walks on Seward street.

Adopted.

The Engineer submitted as such estimate, \$2,500.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The construction of a Portland cement walk, five feet wide, on each side of Seward street, from Columbia avenue to Jefferson avenue, except where good flag or cement walks now exist, which may be re-laid if not conforming to the proper grade and alignment. Also the necessary sidewalk grading and crosswalks.

And, The City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$2,500, which, being deemed reasonable, is hereby approved.

Resolved, Further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit :

One tier of lots and parcels of land on each side of Seward street, from Columbia avenue to Jefferson avenue.

Adopted.

LAKE AVENUE SPRINKLING.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Lake avenue.

The Engineer submitted as such estimate, \$96.00.

By Ald. Wilson—Resolved, That the following improvement is necessary, viz.:

The sprinkling of Lake avenue, from Riverside avenue to city line, during the season of 1899.

Excepting therefrom such portion thereof not exceeding three feet in width on each side of the street as the Executive Board deems advisable for a bicycle path.

And, Whereas, The City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$96.00, which estimate is hereby approved.

Resolved, Further, That the following portion of said city is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Lake avenue, from Riverside avenue to city line.

Adopted.

GRAND STREET SPRINKLING.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of sprinkling Grand street.

Adopted.

The Engineer submitted as such estimate, \$84.00.

By Ald. Wilson—Resolved, That the following improvement is necessary, viz.:

The sprinkling of Grand street, from South avenue to Clinton avenue, South, during the season of 1899.

Excepting therefrom such portion not exceeding three feet in width on each side of the street as the Executive Board deems advisable for a bicycle path.

And, Whereas, The City Engineer, under the directions of this Council, has made an estimate of the whole expense thereof, and reports the same at \$84.00, which estimate is hereby approved.

Resolved, Further, That the following portion of said City is deemed benefited and properly ought to be assessed by a local assessment for the whole expense thereof, viz.:

One tier of lots and parcels of land on each side of Grand street, from South avenue to Clinton avenue, South.

Adopted.

DUBELBEISS STREET CEMENT WALKS

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of walks on Dubelbeiss street.

Adopted.

The Engineer submitted as such estimate \$2,000.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The construction of Portland cement walks, 4 feet wide, on each side of Dubelbeiss street, from Bay street to Clifford street, except where good flag or cement walks now exist which may be re-laid if not conforming to the proper grade and alignment.

And, The City Engineer, under the directions of this council, having made an estimate of the whole expense thereof, and reported the same at \$2,000, which being deemed reasonable, is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit :

Ald. Steele moved that action on the confirmation of Dartmouth street brick improvement, Ord. No. 6,827, assessment roll be postponed four weeks. Adopted.

The order of assessment for Avenue "B" improvement was postponed eight weeks, on motion of Ald. Mead.

MISCELLANEOUS BUSINESS.

By Ald. Calihan—Resolved, That the Rochester Gas and Electric Company or other corporations having overhead wires on Front street, between Mumford street and Central avenue be, and hereby are, directed to remove the same and convey them through underground conduits previous to the improvement of said street. Adopted.

By Ald. Ford—

Whereas, a resolution was presented to the Common Council heretofore reinstating Chas. K. Bryant as an engineer at the police headquarters, and which resolution was referred to the City Property Committee, which has failed to make a report thereon, and,

Whereas, There has since been enacted a state law prohibiting employees of the city from working over eight hours in any calendar day; and,

Whereas, There are but two engineers at said building instead of three, and this Common Council is violating the law by permitting them to work over eight hours,

Resolved, That the said City Property Committee be requested to make a report in this matter at the next regular meeting of the Council. Adopted.

By Ald. Green—Resolved, That the corporations maintaining overhead wires on Court street, between St. Paul and South Clinton, be notified to place them underground, as there is a conduit on said street as far as South Clinton street. Adopted.

By Ald. Rauber—

City Treasurer's Office,

Rochester, N. Y., June 6, 1899.

To the Honorable, the Common Council :

Gentlemen—In regard to the presentation of my monthly report, as per the requirements of your honorable body, it will be impossible for me to make the report in time for your meeting this evening. My reason for not having it ready is the extra amount of work caused by the payment of the general city tax. This has obliged me to keep the bookkeeper busy on other very important matters.

I would report cash in the several banks of deposit to the credit of the General Fund \$782,744.00, and would also say that all notes issued in anticipation of the tax levy, or for deficiency purposes, have been paid, with the exception of \$19,307.90 due June 19th.

I have also placed in the several sinking funds the amounts named in the tax levy.

Respectfully submitted,

S. B. WILLIAMS, Treasurer.

Received, filed and published and time extended.

By Ald. Adams—Resolved, That the Engineer be requested to prepare an ordinance for sprinkling Granger place. Adopted.

By Ald. Casey—Resolved, That the City Engineer be and he hereby is directed to establish grade on Jones avenue, between West and Frank streets. Adopted.

By Ald. Selye—Resolved, That the Executive Board be and hereby is directed to caused to be removed all obstructions on Lexington avenue, from the Erie canal to the city line. Adopted.

COMMUNICATIONS FROM THE MAYOR
Mayor's Office,

By the Clerk—

Rochester, N. Y., June 20, 1899.

To the Common Council of the City of Rochester:

I hereby nominate William Bausch a member of the park board of the city of Rochester, in place of Frank W. Elwood, deceased.

GEO. E. WARNER, Mayor.

Received, filed and published.

Ald. Rauber moved that the Board proceed to appoint a member of the Park Board. Carried.

Ald. Rauber nominated William Bausch, who was named by Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger.

William Bausch was duly declared appointed as a member of the Park Board.

By the Clerk—

Mayor's Office,

Rochester, N. Y., June 16, 1899.

To the Common Council:

I inclose a letter which I have received from Charles O'Neil, chief of the bureau of ordnance, in reference to a gift to the city by U. S. Consul Williams at Manila of a captured Spanish gun.

I would suggest that it be referred to the Finance Committee.

Respectfully,

GEO. E. WARNER, Mayor.

Received, filed and published.

By the Clerk—

Washington, D. C., June 9, 1899.

Sir—1. The Navy Department, on the request of Oscar F. Williams, Esq., U. S. Consul at Manila, P. I., has authorized the bureau to loan to the City of Rochester, N. Y., one of the obsolete guns captured by the navy at Manila.

2. This gun is now at the Navy Yard, Mare Island, Cal., and if this loan is accepted, all arrangements for removing it from that yard and all charges for transportation and handling between that yard and Rochester, N. Y., must be undertaken by the City of Rochester.

3. Please inform this bureau if the municipal authorities desire to accept this loan upon the terms above named.

Respectfully,

CHARLES O'NEIL,

Chief of Bureau of Ordnance.

The Mayor of the City of Rochester, Rochester, N. Y.

Received, filed and published and referred to Committee on Finance.

By the Clerk—

Mayor's Office, June 20, 1899.

To the Common Council of the City of Rochester :

Since January 1st ordinances have been passed for local improvements of various kinds calling for an expenditure of something like \$700,000. A number of these ordinances have been passed against the wishes and protests of a majority of the taxpayers who will be compelled to pay for the same. In some cases where the people would have been satisfied with an inexpensive improvement, an expensive one has been provided for them. Some of those improvements will work a positive hardship to the property owners and will deprive them of their property by reason of their inability to pay for the cost of the improvement, in addition to keeping up their ordinary expenses and payments on their homes.

The Common Council is endeavoring to accomplish this year what should take two or three years to accomplish. The taxpayers should be given an opportunity to keep up the payments on their homes and to pay some of their other obligations and not be ruined by improvements, a large number of which could be dispensed with until some future time.

The companies engaged in laying asphalt pavements in this city have recently raised the price for such work beyond a fair amount, after allowing \$1.50 a day for labor of eight hours a day. This increase in price means an extra tax of a large amount this year upon the property owners, and should be avoided if possible.

A review of the bidding for several years past indicates that there has been but little competition in this class of work, as each company has secured about the same amount each year. This lack of competition has been clearly shown by the bids received in the last few weeks.

Another result of the large number of improvements ordered by the Common Council is that the contractors having more work than they care for bid high, upon the theory that if the Common Council insist upon forcing work upon them, the taxpayers must pay what the contractors wish to charge. This is decidedly unfair to the property owners.

I would recommend that as the price of asphalt improvements has been largely in-

creased all ordinances for such improvements where contracts have not been let be reconsidered and indefinitely postponed; and that the City Engineer be requested to ascertain the cost of such improvements, including the cost of curbs and the setting of the same; also the cost of Medina block and other pavements, including the cost of curb and setting of the same, allowing the legal amount for labor and a fair amount of profit. I would also recommend that all ordinances hereafter passed by the Common Council be let with the understanding that it will not pay for such improvements beyond the amount fixed by the City Engineer; and that all assessments for improvements completed be at once confirmed by the Common Council and placed in the treasurer's hands for collection. This is a matter of absolute necessity, as our debt limit is about reached and steps should be taken looking towards a reduction instead of an increase of the same.

Respectfully yours,

GEORGE E. WARNER,

Mayor.

To the Honorable the Common Council :
Gentlemen—In compliance with the resolu-
tion of Ald. Calihan at your last meeting
in regard to the application of the Eureka
Foundry Company for the erection of a
wooden building at 302 State street, that a
mistake occurred by an oversight of the
person serving the one week's notice de-
manded by the ordinance, in not striking
the words "wooden building" and sub-
stituting "bill-board" for same in the no-
tice blanks used, the signers of the re-
monstrance, after being informed of the
mistake have notified the Fire Marshal
that they have no objection to the erection
of a bill-board on roof of one-story build-
ing of said Eureka Foundry Company at
302 State street.

Respectfully submitted,
JOHN A. P. WALTER, Fire Marshal.
Ordered received, filed and published.

By the Clerk—
City Treasurer's Office, Rochester, N. Y.,
June 20, 1899.

To the Honorable, the Common Council of
the City of Rochester :
Gentlemen—I understand that the im-
provement rolls which are to be made out
on a ten payment (nine years) basis are to
show the actual cost only, the interest to

be added when the payments on the rolls
are made.

On future certifications which we make
to you of the cost of improvements which
are to be made into three or five payment
rolls, shall we include interest, or report
the exact cost only?

Will you also kindly state what rate of
interest is to be charged on the payments
made?

Yours respectfully,
S. B. WILLIAMS,
Treasurer.

Ordered received, filed and published and
referred to Law Committee.

By the Clerk—
Executive Board,
Street, Fire and Water Commissioners,
Rochester, N. Y., June 20, 1899.

To the Common Council :
Gentlemen—At a meeting of the Execu-
tive Board held June 13th, 1899, a resolution
was adopted requesting the Common Coun-
cil to authorize the Treasurer of the City
of Rochester to pay the guarantees which
are due upon the following improvements :

Avenue B improvement, O. 7,263, contractor, H. B. Hooker, as- signed to Jenkins & Macy; guar- anty expired May 19, 1899; amount of guaranty	\$100 00
Augusta street sewer and walk, O. 6,828, contractor, H. B. Hooker, assigned to Jenkins & Macy; guaranty expired May 19, 1899; amount of guaranty	113 49
Masseth Park Sewer, O. 7,124, contractors, Wm. H. Jones & Sons, assigned to New York State Sewer Pipe Co.; guaranty exp- ired May 19, 1899; amount of guaranty	111 51
Center street pipe sewer, O. 6,845, contractors, Wm. H. Jones & Sons, assigned to New York State Sewer Pipe Co.; guaranty expired May 18, 1899; amount of guar- anty	270 28
East avenue and Upton park sewer, O. 6,434, contractor, Chas. B. Wagoner, assigned to Gilbert Brady & Co.; guaranty expired May 20, 1899; amount of guar- anty	359 83

Respectfully,
CHAS. M. BEATTIE, Clerk.

By Ald. Rauber—Resolved, That the City
Treasurer be, and he hereby is, authorized
and directed to pay the above named con-
tractors, their legal representatives or as-
signs, the amounts set opposite their re-
spective names, said amounts having been
retained by the City of Rochester as secur-
ity given by said contractors for the repair
and maintenance of said improvements, the
guaranty periods having expired and the
Executive Board having reported the same
to be in good order.

Adopted by the following vote :
Ayes—Ald. Tracy, Calihan, Ford, Green,
Rauber, Adams, Edelman, Beard, Casey,
Selye, Ward, Steele, Ritz, Pauckner, Kelly,
Ernst, Mead, Judson, Wilson, Reichen-
berger—20.

By the Clerk—
June 20, 1899.

To the Common Council :
Gentlemen—Pursuant to a resolution
adopted by your honorable body request-
ing the Executive Board to negotiate with
the owners of the land which it is pro-
posed to acquire for the extension of Glen-
wood park, I beg to report as follows :

The several parties interested were invited to submit prices and all complied thereto, as follows:

Mary Turner\$900 00
Thos. Dransfield 600 00

The amounts are, in the opinion of the Executive Board, reasonable.

The Executive Board, therefore, at a meeting held June 13, 1899, adopted the following resolution:

"By Mr. Knebel—Resolved, That this Board recommend to the Common Council the acceptance of the proffers by the respective owners of the land required for the right of way for the extension of Glenwood park."

Respectfully submitted,
CHAS. M. BEATTIE, Clerk.

Received, filed and published.

By Ald. Selye—Resolved, That the propositions of Thomas Dransfield and Mary Turner for lands necessary for the extension of Glenwood park, recommended for acceptance by the Executive Board, be, and they hereby are, accepted, and that upon a certificate of the Corporation Counsel that proper conveyances have been made and delivered with others papers, which may be required by him, the City Clerk be authorized to draw an order payable from the Contingent Fund in favor of Thos. Dransfield for the sum of \$600.00 and in favor of Mary Turner for the sum of \$900.00, and charge said amounts to said fund to be reimbursed from the funds for the extension of Glenwood park when created.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—20.

MISCELLANEOUS COMMUNICATIONS TO THE BOARD.

Rochester, June 10, 1899.

Common Council:

Gentlemen—Please inform me how I can get an unsightly lamp post removed in front of my residence. Have I the liberty to remove it, or does the city have to attend to it?

Respectfully,
MRS. E. W. McMULLEN,
148 North Union street.

Received, filed and published and referred to Committee on Lamps and Electricity and City Engineer.

By the Clerk—Claim of Hascal A. Hogel, as Receiver of Flower City Reduction Co., for \$2,727.54. Referred to the Law Committee.

Rochester, N. Y., June 20, 1899.

To the Honorable, the Common Council:

Gentlemen—Your Railroad Committee
would respectfully report as follows :

In relation to the application of the Roch-
ester Railway Company, a street surface
railroad corporation, which has heretofore
been made and referred to this committee,
requesting consent to construct, maintain
and operate an extension of its street rail-
road upon the surface of, through and upon
a certain street and avenue in said city
of Rochester, to wit : Through, upon and
along West avenue in the city of Rochester,
commencing at the end of the present rail-
way track on West avenue at Carleton
place; thence running to the center of West
avenue; thence westerly along the center
of West avenue to the city line; such ex-
tension to be a single track and for con-
sent to construct the necessary connec-
tions, switches, sidings, turnouts, turn
tables, cross-overs, with suitable stands for
the convenient working of said railroad,
and consent to the erection upon said por-
tion of said West avenue of the necessary
poles and the stringing of wires, so that
the cars of said company may be moved
by the means and power of electricity,
your committee would respectfully report as
follows :

That the necessary notice required by
statute in relation to the grant of the fore-
going rights and privileges has been pub-
lished, in accordance with the provisions
of the statute and the charter of the city
of Rochester, in the necessary papers, as
provided by said statute and charter. That
the time and place for the hearing upon
said application has been designated and
a hearing had thereupon; that it appears
that consent should be given for the con-
struction, maintenance and operation of
consent to the maintenance and operation
of the necessary connections, etc., in con-
nection therewith, including the stringing
of wires for such purpose.

Your committee further reports that it
recommends that the consent of the Com-
mon Council of the City of Rochester be,
and the same is hereby given, pursuant to
law, to the Rochester Railway Company
to construct, maintain and operate an ex-
tension of its street railroad upon the sur-
face of, through and along the following
street and avenue in said city of Roches-
ter, to wit : Upon and along West avenue
in the city of Rochester, commencing at
the end of the present railway track on
West avenue at Carleton place; thence run-
ning to the center of West avenue; thence
westerly along the center of West avenue
to the city line; such extension to be a
single track, together with all necessary
connections, switches, sidings, turn-outs,
turn-tables, cross-overs, with suitable
stands for the convenient working of said
railroad and for the accommodation of the
company's cars, together with the consent
to erect upon the above described portion
of West avenue the necessary poles and the
stringing of wires so that the cars of said

company may be moved by the means and power of electricity.

Your committee would further report that such consent is given under the following condition: That the provisions of article 4 of the railroad law appurtenant thereto shall be complied with in all respects.

All of which is respectfully submitted.

Railroad Committee.

Received, filed and published.

Whereas, the Rochester Railway Company, a street surface railroad corporation, has made application by petition in writing to the Common Council of the City of Rochester, in the county of Monroe, for consent to construct, maintain and operate an extension of a street railroad upon the surface of, through and along a certain street and avenue in said city of Rochester, as follows, to wit: Through, upon and along West avenue in the city of Rochester, commencing at the end of the present railway track on West avenue at Carlton place; thence running to the center of West avenue; thence westerly along the center of West avenue to the city line, such extension to be a single track, and for consent to construct the necessary connections, switches, sidings, turnouts, turn-tables, cross-overs, with suitable stands for the convenient working of said railway, and consent to the erection upon said portion of said West avenue of the necessary poles and the stringing of wires, so that the cars of said company may be moved by the means and power of electricity; and,

Whereas, The said Common Council, before acting upon such application, gave public notice thereof and of the time and place when such application would first be considered, which notice was published daily in said city, pursuant to law, for at least fourteen days in the Rochester Union and Advertiser, and in the Rochester Herald, two daily newspapers printed and published in said city; and,

Whereas, At the time and place named in said notice the said application was duly considered and the said railroad company and the persons appearing at said time and place were heard in relation to said application; and,

Whereas, Said Common Council has determined that consent should be given to the construction, maintenance and operation of said railroad upon the extension upon West avenue as aforesaid, together with the consent to the maintenance and operation of the necessary connections, switches, sidings, turnouts, turn-tables, cross-overs and suitable stands, the erection and maintenance of the necessary poles and the stringing of wires thereafter by it;

Resolved, That said consent be and the same hereby is given, pursuant to law, to the said Rochester Railway Company, to construct, maintain and operate an extension of its street railroad upon the surface of, through and along the following named street and avenue in said city of Rochester, to wit: Upon and along West avenue in the city of Rochester, commencing at the end of the present railway track on West avenue at Carlton place; thence running to the center of West avenue; thence westerly along the center of West avenue to the city line, such extension to be a single track, together with all necessary connections, switches, sidings, turnouts, turn-

bles, cross-overs, with suitable stands for the convenient working of said railroad and for the accommodation of the company's cars, together with consent to the erection upon the above described portion of said West avenue of the necessary poles and the stringing of wires, so that the cars of said company may be moved by the means and power of electricity.

Resolved, Further that the foregoing consent is given upon the following conditions expressly, to wit: That the provisions of article 4 of the railroad law appurtenant thereto shall be complied with.

That this consent shall be filed in the office of the Clerk of the County of Monroe.

Adopted by the following vote:

Ayes—Ald. Tracy, Callihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—20.

The foregoing resolution of the Common Council of the City of Rochester, adopted June 20, 1899, is hereby approved this 21st day of June, 1899.

GEO. E. WARNER, Mayor.

Your Railroad Committee would further report that the Western New York & Pennsylvania Railroad Company be requested to comply with the resolution heretofore adopted by the Common Council, requesting it to erect a fence on south end of Ford street, and that the City Clerk notify said corporation of this action. Adopted.

Rochester, N. Y., June 20, 1899.

To the Honorable the Common Council: Gentlemen—Your Law Committee would respectfully report as follows:

In relation to the claim of Zebediah H. Harris against the city for the sum of \$10,000 damages, by reason of creating and maintaining a nuisance in front of and in proximity to the premises of claimant as described in said claim, your committee would recommend the rejection of the said claim.

In relation to the claim of Thomas Fenwick, for damages by reason of the insufficiency of the capacity of the North Water street sewer to carry off the water from the Mortimer street sewer, said claim of damages being in the sum of \$1,000, and which said claim has been heretofore presented to your honorable body, the committee would recommend the rejection of said claim.

Your committee would recommend the appointment of the following Commissioners of Deeds: Richard F. Noonan, Alexander Moore, Herman Cassabear, Geo. Swanton, P. J. Martin, William E. Pease, R. W. Powell, W. C. Warner, Edward Gallagher, William A. Killip, George S. Hastings, Myrtle M. Mann, T. W. Hulett, W. McElroy, George J. McNall, Matilda Helnold, Emma A. Wheeler, Charles S. Cary, Edward R. Beall, Arthur C. Beasley.

All of which is respectfully submitted.

CHARLES P. MEAD,
FRANK J. RITZ,
D. W. SELYE,
WM. REICHENBERGER,
W. ERNST,
JOHN M. STEELE,
Law Committee.

By Ald. Mead—Resolved, That the claims of Thomas Fenwick against the City of Rochester for damages, and also the claim of Zebediah H. Harris against the City of Rochester for damages be, and the same hereby are rejected. Adopted.

Rochester, N. Y., June 20, 1899.

To the Honorable the Common Council :
Gentlemen—Your Building Committee, after making a thorough investigation of the amount of work now required to be done by the Fire Marshal's office to comply with the Charter and Penal Ordinances, we find that it is impossible to do said work and properly look after the safety of the public, without additional help.

And we therefore recommend that a competent clerk be appointed, so that the office can be kept open from 9 o'clock a. m. to 5 p. m., for the transaction of public business.

We are also of the opinion that this office should be allowed the necessary car fare, as a great deal of its work is in the unimproved sections or outskirts of the city, which it will consume a great deal of time to reach, or which must otherwise be left undone.

Respectfully submitted,
D. W. SELYE,
WILLIAM WARD,
JOHN M. STEELE,
FRANK J. RITZ,
J. C. WILSON,
WM. PAUCKNER,
LEWIS EDELMAN,

Ordered received, filed and published.

By Ald. Selye—Resolved, That the Building Committee be, and is hereby, authorized to make a requisition on the Civil Service Commission for a candidate for the position of Clerk in the Fire Marshal's office. Adopted.

By Ald. Calihan—

REPORT OF COMMITTEE ON STREETS AND SEWERS.

Rochester, N. Y., June 20, 1899.

To the Honorable, the Common Council of the City of Rochester :

Gentlemen—Your committee, to whom was referred the matter of the complaint of the Ham Mfg. Co. that the sewer facilities in Thompson street are inadequate, respectfully report that they have examined the matter and consulted with the City Engineer with reference to the requirements of the territory of which the said premises are a part and would respectfully report as follows :

A 15 inch pipe sewer in Lorimer street now serves as an outlet for the territory in question. This sewer was built only for the drainage of Lorimer street and is entirely insufficient to serve as an outlet sewer. Lorimer street has an asphalt pavement and it is not desirable to cut up the pavement for the purpose of lowering the sewer if the territory can be otherwise taken care of. The City Engineer advises us that a sewer might be built on the south side of Lorimer street, from West street to Fulton avenue, between the curb and street line, which would act as an outlet for the territory. This would not involve the cutting of any permanent pavements.

As to the complaint of the Ham Mfg. Co., your committee is of the opinion that the company is entitled to better sewer facilities and if a permanent outlet is not constructed arrangements be made to take the drainage from this property into the Lyell avenue sewer.

As none of the interested property owners have appeared before your committee, we would respectfully recommend that the matter be referred to the alderman of the ward in which the territory is situated that he may ascertain the wishes of said property owners as to the permanent relief of the territory in question.

FINAL ORDINANCE, NO. 7,800.

CLINTON AVENUE, NORTH, MEDINA STONE BLOCK PAVEMENT.

On motion of Ald. Wilson, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to improve Clinton avenue, north from the south line of the property of the N. Y. C. & H. R. R. Co., to Marietta street, and after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit.:

The improvement of Clinton avenue, north, from the south line of the property of the N. Y. C. & H. R. R. Co. to Marietta street, by the construction of a Medina stone block pavement therein. Also the construction of a Medina stone curb on each side thereof, properly connected with all streets, alleys and driveways. The width between curbs shall be generally the same as at present. The pavement may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the Executive Board and City Engineer it is necessary, in order to make a complete improvement. Excepting from the above that portion of the street between the tracks, the rails of the tracks and two feet outside of the outside rails of the tracks of the Rochester Railway Company.

Also the construction of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair or rebuilding of so much of the main sewer as may be found necessary.

Also the construction of a Portland cement walk from curb to street line on each side of the street, except where good cement, brick or flagstone walks of the proper width now exist, which may be re-laid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for four (4) years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement.

Also the construction of the necessary street laterals within the limits of the pavement.

The improvement also includes lowering the grade of the roadway under the subway of the N. Y. C. & H. R. R. Co. from eight to twelve inches; also lowering the grade and replacing the pavement, walks and curbs on Marietta street for not more than 100 feet on Clinton avenue.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$4,700, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit.:

One tier of lots and parcels of land in front of which the improvement is made, from the south line of the property of the N. Y. C. & H. R. R. to the north line of Marietta street, excepting the lots on the east side of Clinton avenue, North, that will be assessed for paving said avenue.

The City of Rochester is also deemed benefited by said improvement.

Adopted by the following vote :
Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—20.

By Ald. Wilson—To the Common Council of the City of Rochester, N. Y.:

The undersigned Western New York and Pennsylvania Railway Co. hereby makes application for a permit to lay a section track adjacent to and parallel with its present track across Brooks avenue in the City of Rochester.

This application is made at the present so that said new track may be laid in connection with the lowering of the grade of said street at said crossing and before the pavement is laid.

WESTERN NEW YORK AND PENNSYLVANIA RAILWAY CO.,

By R. Bell,
General Superintendent.

Dated, June 19th, 1899.

By Ald. Wilson—City Engineer's Office,
Rochester, N. Y., June 20, 1899.

To the Hon. the Common Council of the City of Rochester:

Gentlemen—With reference to the application of the W. N. Y. & P. R. R. for your permission to lay a second track across Brooks avenue I beg leave to submit the following:

The grade of the railroad has been lowered one and one-half feet and the line of the railroad tracks changed so as to afford

a better grade for the street from Plymouth avenue to Genesee street. A block stone pavement upon a concrete foundation is being constructed. The work of lowering the grade and moving the tracks has been done by the R. R. Co. at the request of the City Engineer and the grade approved by resolution of the Common Council adopted at your last meeting. A second track across the avenue will be a necessity for the railroad in the near future and I should recommend the granting of the permission to put the rails down within the limits of the street in connection with the pavement to avoid tearing the street up. No use will be made of the track at present by the Company.

Respectfully submitted,
E. A. FISHER, City Engineer

By Ald. Wilson—Resolved, That the West-ern New York and Pennsylvania Railwa-Co. be permitted to lay rails for one additional track across Brooks avenue in advance of the improvement in accordance with the application of said Railway Company dated June 19, 1899.

Adopted by the following vote:
Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly,
By Ald. Wilson—Resolved. That the City Engineer establish side walk grade in front of No. 49 Cottage street. Adopted.

On motion of Ald. Selye the Board then adjourned.

JULIAN A. JANES,
Acting City Clerk.

In Common Council, July 5, 1899.

REGULAR MEETING.

Ald. J. Miller Kelly, President of the Board, presiding.

Present—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—20.

APPROVAL OF MINUTES.

The minutes of the preceding meeting were approved as published in the book of proceedings.

J. F. Buckley, Commissioner of Deeds.
Ordered received, filed and published.
By the Clerk.

Rochester, N. Y., July 5, 1899.

To the Honorable the Common Council:
Gentlemen—I beg leave to call your attention to the fact that Chapter 634 of the Laws of 1899, being a general statute of the state in relation to bicycles and ordinances in relation to the same, conflicts in some respects with the bicycle ordinance of the City of Rochester, and that by reason of such conflict the ordinances of the city require amendments to comply with the general statute. I would therefore request that the matter of the preparation of said amendments be referred to the law committee to take proper action thereon.

JOHN F. KINNEY,
Corporation Counsel.

Referred to the Law Committee.
By the Clerk.

Rochester, N. Y., July 3, 1899.

To the Common Council:
Gentlemen—At a regular session of the Board of Education of this city, held June 27, 1899, the following resolution was adopted:

Commissioner Saunders, Chairman of the Building Committee, submitted the following:

Whereas, The patrons of No. 23 School, having in meeting assembled, recommend the acquisition of a new and larger school site for said school; therefore

Resolved, That the Common Council be requested to sell the site on Park avenue now occupied by said school, and from the proceeds of the sale thereof, to purchase a tract of land fronting 168 feet on Bowen street and extending eastward 441 feet or more, from property owned by Mrs. Elizabeth Roach and Mrs. Elizabeth Murray;

provided, however, that the cost of said tract shall not exceed the sum of \$7,500, and provided further that the said purchase shall, upon the approval of the corporation counsel of the proper search of title, showing the same to be free from assessments and incumbrances, be charged against the building fund of the board, when the proceeds of the sale equal in amount thereto shall be placed to credit of said fund.

B. G. SAUNDERS,
P. W. SEILER,
J. TOZER,
M. ROSENBERG,
Building Committee.

Carried.

Respectfully yours,
JAMES C. OLIVER,
Clerk of the Board.

Ordered received, filed and published.

By the Clerk—
Rochester, N. Y., July 3, 1899.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—I offer to purchase from the city No. 23 school house property on Park avenue and to pay therefor \$7,500 on receiving good title thereto.

GRANGER A. HOLLISTER.

Ordered received, filed and published.

The Board of Education having recommended the sale of the present site of No. 23 school house on Park avenue, and Granger A. Hollister having offered to purchase the same for \$7,500,

Resolved, That the city sell to Granger A. Hollister for \$7,500 the said site of school No. 23, being part of lot No. 12 of the Bates farm, bounded west by the west line of said lot, south by Park avenue, east by a line parallel with the west line and 118 feet therefrom, north by a line parallel with the north line of Park avenue and 200 feet north therefrom.

The proceeds of said sale shall be paid to the treasurer of the city and placed to the credit of the building fund of the board of education, and the Mayor is hereby authorized to execute a proper deed of said property to said Hollister and to affix the seal of the city thereto.

Adopted by the following vote:

Ayes—Ald. Tracy, Callihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Meade, Judson, Wilson, Reichenberger—19.

By the Clerk—

Office of Board of Education,
Rochester, N. Y., June 27, 1899.

To the Common Council of the City of Rochester:

Gentlemen—You will please take notice, That the Board of Education of the city of Rochester demands that, pursuant to chapter 366 of the laws of 1899 of the State of New York, you proceed immediately to raise the sum of one hundred thousand dollars (\$100,000) and deposit the same with City Treasurer of the city of Rochester to the credit of the building fund of the Board of Education to enable the said Board of Education to purchase necessary sites and erect school buildings thereon in said city, pursuant to the provisions of the statute aforesaid.

Dated June 26, 1899.

The foregoing was adopted by the Board of Education at a meeting held June 26, 1899.

Respectfully yours,

JAS. C. OLIVER, Secretary.

Ordered received, filed and published.

To the Common Council:

Gentlemen—The attached resolution and report were adopted by the Board of Education at meetings held June 26 and 27, 1899, respectively:

By Com. Saunders:

Resolved, That pursuant to the provisions of the City Charter the Common Council be requested to sell the houses on lots recently purchased for school sites except in cases where the houses were reserved in the conditions of purchase.

Carried.

Com. Saunders, chairman of the Building Committee, submitted the following:

Whereas, The patrons of No. 23 school, having in meeting assembled, recommended the acquisition of a new and larger school site for said school, therefore,

Resolved, That the Common Council be requested to sell the site on Park avenue now occupied by said school, and from the proceeds of the sale thereof, to purchase a tract of land fronting 168 feet on Bowen street, and extending eastward 441 feet or more from property owned by Mrs. Elizabeth Roach and Mrs. Elizabeth Murray, provided, however, that the cost of said tract shall not exceed the sum of \$7,500, and provided further that the said purchase shall, upon the approval of the corporation counsel of the proper search of title, showing the same to be free from assessments and incumbrances, be charged against the building fund of the board, when the proceeds of said sale equal in amount thereto shall be placed to credit of said fund.

To the Honorable, the Common Council:

Gentlemen—I am directed by the Board of Health and the chairman of the Committee on Hope Hospital to present to you the urgent necessity for the purchase of a new site for a smallpox hospital, and the erection thereon of a suitable hospital building, together with suitable detached houses for the detention of suspected cases of smallpox who cannot be detained during the period of quarantine in their own homes. The present site of Hope Hospital and the present buildings are both open to serious objection. The hospital building is but a few feet from the road, which during late years has become more and more frequented by many people. The people who pass along the road and fish or loiter near the hospital are in some danger when the hospital is occupied. The buildings are old and wholly inadequate for the modern treatment of the disease for which they are intended. The temporary buildings intended for the detention of suspected cases that cannot otherwise be quarantined, are but poor apologies for what they should be. The temporary buildings are open to the further objection of being too close to the hospital building, thereby exposing patients under detention to the disease itself, and further having no means of separately preparing food for the cases detained. If they

escape contamination by air from the adjacent hospital they still may be in danger of becoming contaminated by the food prepared in the hospital.

But the immediate necessity for the purchasing of a new site and the erection of a suitable building lies not altogether in the reasons above stated, but further in these: If this outbreak of smallpox follows a course similar to that of outbreaks in former years, we will in the fall and winter approaching be placed in a very serious and dangerous position; serious for the people and dangerous for the business interests, for we shall in all probability be confronted with an outbreak of smallpox more serious than the one of 1898-99. Many thousands of cases of smallpox are to be found throughout the country; in some of the Southern States and even in some of the Middle States it is epidemic. We hardly expect to escape without some cases of the disease and where there are some cases, many suspected cases must be attended to. For these reasons I earnestly request your immediate action in the matter.

Yours respectfully,

GEO. W. GOLER, M. D.,
Health Officer.

To the Honorable, the Common Council:

Gentlemen—At a meeting of the Board of Health, held June 23, 1899, Health Officer Goler reported that the cellars on North Union street, from the railroad to East Main street, have water in them by reason of an inadequate sewer in street.

By Commissioner Finucane—

Resolved, That the Common Council be requested to pass an ordinance for the construction of a sewer on North Union street, from the railroad to East Main street.

Adopted by the following vote:

Ayes—Commissioners Warner, Moore, Fritzsche, McGarvey, Finucane—5.

Nays—0.

To the Honorable, the Common Council of the City of Rochester :

Gentlemen—Permit me to call your attention to the reports of the Corporation Counsel and City Engineer, dated April 25, 1899, and found on page 312 of current proceedings, relating to the condition at the outlet of the East Side Trunk Sewer in the Genesee river.

The surveys referred to in said report have been completed. I would respectfully recommend that the matter of improving the conditions at said outlet be referred to the Finance Committee, Corporation Counsel and City Engineer to further investigate and report fully thereon, with such recommendations as seem necessary, at the next meeting of this council.

Respectfully submitted,
E. A. FISHER,
City Engineer.

Referred to the Finance Committee.

Alderman Kelly, President Common Council, City:

My Dear Sir—At the request of Mr. H. H. Gildersleeve, general manager of the Lake Ontario & Bay of Quinte Steamship Co., I beg to extend to the members of the Common Council an invitation to take the daylight trip from Charlotte to Port Hope and return.

If you will kindly let me know what day would be most convenient for the members, I will gladly set aside such day. The boat leaves Charlotte at 8:50 a. m., returning at 7 p. m.

Trusting you will accept the invitation, I am,

Very respectfully,
John J. Collins,

Gen. Agt., North King, Livingston Hotel.

Ald. Tracy moved that the invitation be accepted and that the President of the Board appoint a committee of three to make necessary arrangements.

Adopted.
By the Clerk.

Rochester, N. Y., July 3, 1899.

To the Honorable the Common Council of the City of Rochester :

Gentlemen—Pursuant to your request and to the instructions of the Civil Service Commission I beg leave to certify the fol-

lowing as eligible to appointment as bath house attendant:

Louisa Bamber, 676 South Clinton st. . . 97
John H. Bamber, 676 South Clinton st. . . 85
A. B. Williams, 53 Grand ave., veteran 81

I respectfully call your attention to the fact that, being certified as a veteran, Mr. Williams has a preference over the other two candidates.

Very respectfully yours,
ALEXANDER OTIS,

Secretary Civil Service Commission.

REPORTS OF STANDING COMMITTEES

By the Clerk—

Rochester, N. Y., July 5, 1899.

To the Honorable the Common Council:

Your Law Committee beg leave to report as follows :

In the matter of the judgment of the Rochester Bill Posting Co. against the city for the sum of \$156.53, entered on the 5th day of October, 1898, a communication in relation to which matter was referred to this committee at the meeting of June 20, 1899, your committee would respectfully report in favor of the payment of said judgment to the said Rochester Bill Posting Co. or its attorney, John R. Fanning.

In relation to the claim of Hascal A. Hogel, as receiver of the Flower City Reduction Co., for the sum of \$2,727.54, for alleged collection of garbage during the month of May, 1899, and also for reserve upon said collection in accordance with an alleged contract with the Board of Health, your committee would recommend the rejection of the same.

Your committee would recommend the appointment of the following commissioners of deeds: John Nicum, Mortimer G. Bloom, Charles M. Demarest, Arnold L. Empey, Ella R. Harrigan, Donald D. Hebbard, Albert Heilbron, Charles A. Hubacek, Elizabeth J. Moreland, James Pinch, Emilie H. Rathjen, Frederic Remington, David N. Salisbury and Louis P. Tietenberg.

CHARLES P. MEAD,
JAMES H. CASEY,
FRANK J. RITZ,
W. REICHENBERGER,
JOHN M. STEELE,
Law Committee.

Ordered received, filed and published.

By Ald. Mead—Resolved, That the Clerk be and he is hereby authorized and directed to draw an order payable from the Contingent Fund in favor of the Rochester Bill Posting Co., or John R. Fanning, its attorney, for the sum of \$156.53, with interest thereon from the 5th day of October, 1898, the same being in full satisfaction of

the judgment for costs recovered in an action brought by said company against the City of Rochester, and that said order be delivered to said parties upon the certificate of the corporation counsel, showing that proper satisfaction and release of said judgment has been duly executed and filed with him.

Adopted by the following vote :

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Mead, Judson, Wilson, Reichenberger—19.

By Ald. Mead—Resolved, That the claim of Hascal A. Hogel, as receiver, etc., for the sum of \$2,727.54, for alleged collection of garbage in the city of Rochester during the month of May, 1899, be, and the same is hereby rejected. Adopted.

Rochester, N. Y., July 5, 1899.

By Ald. Tracy—

To the Honorable, the Common Council of the City of Rochester :

Gentlemen—Your Committee on the Support and Relief of the Poor, beg leave to report that they have caused to be published in two daily papers of the City of Rochester, viz: The Union and Advertiser and the Rochester Times, notice for the purchase of 2,000 tons, more or less, of chestnut coal, to be delivered in quarter ton lots.

Two bids were received by your committee, one from Jenkins & Macy and one from The E. M. Upton Coal Company, which bid of the E. M. Upton Company was withdrawn before a contract could be entered into with said company, thereby leaving but one bid for your committee to consider and act upon.

Therefore, your committee would recommend that the contract be let to Jenkins & Macy.

All of which is respectfully submitted.

W. H. TRACY,
W. REICHENBERGER,
STEPHEN RAUBER,
JAS. H. CASEY,
LEWIS EDELMAN,
WM. S. BEARD,

Committee on Support and Relief of the Poor.

Ordered received filed and published.

By Ald. Tracy—Resolved, That the Committee on Support and Relief of the Poor be authorized and directed on the part of the city, to enter into the contract with Jenkins & Macy for 2,000 tons or more or less of chestnut coal at the price specified in their proposal, \$4.49 per ton, the contract to be made in accordance with the terms of the published notice for proposals under which said proposal was made.

Adopted by the following vote :

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Mead, Judson, Wilson, Reichenberger—19.

By Ald. Rauber—

Rochester N. Y., July 5, 1899.

To the Hon. Common Council :

Gentlemen—Your Finance Committee would respectfully report that in relation to the raising of the sum of \$100,000 for the

use of the Board of Education for building purposes, we find that chapter 366 of the laws of 1899, section one of the act provides that the Common Council is directed to raise the sum of \$100,000 for the purpose of providing necessary sites and erecting school buildings thereon in the City of Rochester, and that said Common Council had authority to raise the money in one of two ways, by inserting the amount in the tax levy, or by the issuing and sale of bonds which would have to be done on or before the first day of July, 1899, and the amount so realized placed to the credit of the building fund for the purpose of building new school houses; but owing to the expiration of the time limited for the issuance of bonds and after consultation with the corporation counsel, who gave it as his opinion that section 136 of chapter 680 of the laws of 1898 provided that "if before the expiration of the fiscal year it shall appear that any sum or sums raised by the Common Council for the Board of Education shall be inadequate to maintain the department of education to the end of the fiscal year, the said Common Council shall have power and may upon application of the Board of Education borrow upon the credit of said city such sum as it may deem necessary to maintain said department of education until the end of such fiscal year, and shall apportion such moneys to the several funds maintained for the benefit of such department."

In view of the opinion of the corporation counsel which was concurred in by the city treasurer and the facts presented, your committee have decided after mature deliberation to issue the city's notes for \$100,000 to run for a period of eight months, the proceeds to be credited to the building fund of the Board of Education.

All of which is respectfully submitted,
STEPHEN RAUBER,
CHAS. P. MEAD,
JAS. H. CASEY,
D. W. SELYE,
LOUIS EDELMAN,
JOSEPH C. WILSON,
Finance Committee.

Ordered received, filed and published.
By Ald. Rauber—

Rochester, N. Y., July 5, 1899.

To the Finance Committee, Common Council, of the City of Rochester :

Gentlemen—In response to your inquiry in relation to the raising of the sum of \$100,000 for the use of the Board of Education for the building fund and building purposes, I would state as follows :

I have examined chapter 366 of the laws 1899, and find that under section 1 of said act the Common Council is directed to raise the sum of \$100,000 for the purpose of purchasing necessary sites and erecting new school buildings thereon in the city of Rochester; that said Common Council under section 2 of said act had authority to raise the said sum of money either in one or two ways, namely : First, by inserting said amount in the tax levy for the year 1899 in addition to the amount already appropriated to the Board of Education for the maintenance thereof; and, secondly, by the issuance and sale of bonds in a sum not exceeding \$100,000 at a certain rate of interest provided for by said act.

The amount cannot be raised in the general tax levy by reason of the same having been adopted, and there is some question as to whether or not the bonds of the city to the amount of \$100,000 and authorized by said act, can be disposed of, by reason of the fact that section 3 of said act provides that said bonds shall be sold on or before

the 1st day of July, 1899, and the amount realized therefrom shall be placed to the credit of the building fund of the Board of Education for the purposes of the building of new school houses. July 1st having passed, there is some question as to whether or not these bonds will be taken by financiers by reason of the fact that the same were not issued before the 1st day of July, 1899.

But under section 136 of chapter 660 of the laws of 1898, and which forms a part of the city of Rochester, it is provided that "if before the expiration of the fiscal year it shall appear that any sum or sums raised by the Common Council for the Board of Education shall be inadequate to maintain the department of education to the expiration of said fiscal year," the Common Council shall have power and may upon application of the Board of Education, borrow upon the credit of said city such sum as it may deem necessary to maintain said department of education until the end of such fiscal year, and shall apportion such moneys to the several funds maintained for the benefit of such department." It is therefore apparent that the Common Council has power and authority to issue the city's note for the sum of \$100,000, and place the proceeds thereof to the credit of the building fund of the Board of Education for the purpose of erecting the new school buildings required in the city, and the fact that the Council is unable to comply with the provisions of chapter 366 of the laws of 1899 is no excuse on its part for refusing to comply with the request of the Board of Education in this matter. I am informed that there will remain in the building fund of the Board of Education about the sum of \$14,000 after paying the amount incurred and for which it is liable on contracts already let, which includes the erection of the new school building known as No. 12, and in order to build the new building known as No. 6 and erect buildings in the Seventeenth and Eighteenth wards, this amount of \$100,000 additional will be required.

You are therefore authorized under the provisions of the city charter to authorize the treasurer to procure the discounting of the note of the city of Rochester for the sum of \$100,000 to be used for the purposes which I have already stated, and which may be included in the next annual tax levy.

All of which is respectfully submitted,
 JOHN F. KINNEY,
 Corporation Counsel.

Ordered received, filed and published.
 By Aid. Rauber—

Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue, as may be necessary, in anticipation of taxes to be levied but uncollected, under authority of sections 80 and 81 of the city charter and section 136 of chapter 660 of the laws of 1898, the city's note or notes, for an amount not exceeding one hundred thousand dollars (\$100,000); said note to run for a period not exceeding eight months; to be negotiated under the direction of the Finance Committee and countersigned by the chairman thereof; interest or discount to be charged to the contingent fund and the proceeds credited to the Board of Education Building Fund.

Also the construction of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair or rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment to grade of the sidewalks.

The pavement shall be guaranteed and kept in repair for five years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement.

Also the construction of the necessary street laterals within the limits of the pavement.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the

sum of \$6,500, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Oregon street, from Central avenue to Harrison street.

Adopted by the following vote:
Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Wilson, Reichenberger—19.

FINAL ORDINANCE, NO. 7,819.

CHAMBERLAIN STREET BRICK IMPROVEMENT.

On motion of Ald. Wilson the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to improve Chamberlain street from East Main street to Hayward avenue, and after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Chamberlain street, from East Main street to Hayward avenue, by the construction of a brick pavement therein. Also the construction of a Medina stone curb 6 inches wide on each side thereof, properly connected with all streets, alleys and driveways. The width between curbs shall be generally 24 feet. The pavement may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the Executive Board and City Engineer it is necessary in order to make a complete improvement. Also the construction of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair or rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment to grade of the sidewalks. Also the construction of a Portland cement walk, 4 feet in width, on each side of the street, except where good cement or flagstone walks of the proper width now exist, which may be relaid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for five years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement.

Also the construction of the necessary street laterals within the limits of the pavement.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$6,500, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Chamberlain street, from East Main street to Hayward avenue.

Adopted by the following vote:

Ayes—Ald. Tracy, Callihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Wilson, Reichenberger—19.

FINAL ORDINANCE NO. 7,820.

CHAMBERLAIN STREET ASPHALT IMPROVEMENT.

On motion of Ald. Wilson the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to improve Chamberlain street from East Main street to Hayward avenue, and after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Chamberlain street, from East Main street to Hayward avenue, by the construction of an asphalt pavement therein. Also the construction of a Medina stone curb, 6 inches wide, on each side thereof, properly connected with all streets, alleys and driveways. The width between curbs shall be generally 24 feet. The pavement may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the Executive Board and City Engineer it is necessary in order to make a complete improvement. Also the construction of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair or rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment to grade of the sidewalks. Also the construction of a Portland cement walk, 4 feet in width, on each side of the street, except where good cement or flagstone walks of the proper width now exist, which may be relaid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for ten years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to aid street may be adjusted the grade of the improvement.

Also the construction of the necessary street laterals within the limits of the pavement.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$8,500, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the City which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Chamberlain street, from East Main street to Hayward avenue.

Adopted by the following vote:

Ayes—Ald. Tracy, Callihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Wilson, Reichenberger—19.

The Final Ordinance for Tonawanda street improvement came up and on motion of Ald. Ward action was postponed until the next regular meeting.

The Final Ordinance for Tacoma street improvement came up, and on motion of

Ald. Selye action was postponed until the next regular meeting.

The Final Ordinance for Snyder street widening came up, and on motion of Ald. Wilson action was postponed until the next regular meeting.

The Final Ordinances for Child street plank walk, for Fillmore street improvement, for Morton street improvement, and for Gardiner avenue improvement came up, and on motion of Ald. Reichenberger action was postponed until the next regular meeting.

The Final Ordinance for Oregon street Macadam improvement came up, and on motion of Ald. Edelman was indefinitely postponed.

The Final Ordinances for Fourth street sprinkling and for Oswego street grading and cement walks came up and on motion of Ald. Judson were indefinitely postponed.

UNFINISHED BUSINESS.

Under this order of business action on the determination of the amount assessed upon the tracks, ties, rails, switches, franchises, easements and other street surface railroad situate in the City of Rochester, came up.

C. J. Bissell, attorney for the Rochester City & Brighton Railway Company, was heard, and presented the following affidavits, which were ordered received, filed and published.

Before the Common Council of the City of Rochester, Monroe County, New York.

In the matter of the proceedings of the Common Council to determine the amount to be assessed upon the property of the Rochester Railway Company, under Chapters 401-404 inclusive, and Chapters 407-412, inclusive, of the laws of 1899. State of New York, County of Monroe, City of Rochester, ss.:

Le Grand Brown, being duly sworn, says: I am a Civil Engineer, and as such have practiced my profession in the City of Rochester, New York, for a number of years last past. I am and have been for some years the engineer of the Rochester Railway Company, and I have been, ever since the incorporation of that company, familiar with the manner in which its tracks are constructed in the different streets in the City of Rochester, and familiar with the pavements existing in such streets, and familiar with the different improvements made thereon. I am acquainted with the manner of the construction of the tracks in South St. Paul street from Court street to the Erie canal, referred to in Chapter 401 of the Laws of 1899. Prior to the improvement of that street, which is referred to in said chapter, the road was operated by electricity; the rails laid were 6 inches high, 78 pounds to the yard, set on chairs, and under them ties two and a half feet apart and ballasted with broken stone. The pavement was third class Medina Block in exceedingly bad condition. The top of the rails was laid flush with the surface of the pavement. At the time the improvement was made the railway company substituted groove rails 9 inches high, 107 pounds to the yard, 60 feet in length, laid upon ties two feet apart with concrete under all joints, ties and between the ties.

The new pavement is Medina Block graveled and pitched on concrete, with track sewers. The expense of relaying the rails and ties and for all the concrete under track and ties was borne and paid for by the Rochester Railway Company.

I was familiar with the pavement in South St. Paul street, from East Main street to Court street, and with the improvement made thereon, which is referred to in Chapter 402 of the Laws of 1899. Prior to such improvement the railway company had 6 inch steel rails on chairs, set upon ties two and a half feet apart, ballasted with broken stone. The pavement was third class Medina block on sand and in extremely bad condition. At the time of the improvement the company laid 9 inch steel rails, 93 pounds to the yard, on ties two feet apart, with concrete between the ties. The pavement is now Medina Block, pitched and tarred, with track sewers.

I was familiar with the construction of the railroad in Mt. Hope avenue, from the Erie canal to Elmwood avenue, and with the pavement as it existed prior to the improvement made thereon, which is referred to in Chapter 403 of the Laws of 1899. Prior to the improvement, the road in that part of the street was laid with 6 inch rails 62 pounds to the yard, set on wrought iron chairs, and these set upon wooden ties two and a half feet apart, and the whole track, with ties, etc., ballasted with broken stone so that the top of the rail was flush with the pavement. There was in reality no pavement, but the street had been macadamized. At the time of making the improvement the railroad company substituted some 6 inch rails 78 pounds to the yard, all rails set on chairs, and these set on ties two feet apart, with Webber joints, ballasted with sand. The new pavement is Medina Block, tarred and graveled with sand. A sewer was also built in this street, and the tracks connected therewith.

In Court street I was familiar with the pavement existing before the improvements were made therein which are referred to in Chapter 404 of the Laws of 1899. In that street, from South St. Paul to Clinton street, prior to the improvement, the railway company had a 6 inch rail laid, 78 pounds to the yard, on chairs set upon ties two feet apart, ballasted with broken stone. The pavement was what is known as second-class Medina in exceedingly bad condition. In this street, at the time of the improvement, the railroad company used the same rail, but laid on a beam of concrete 12x14 inches running the entire length of the rail. The pavement between the tracks and two feet outside is Medina Block pavement on concrete foundation, and the track is connected with sewers.

I was familiar with the condition of the street in East Main street, from Goodman street to the city line, or the Culver road, and with the construction and situation of our tracks therein prior to the making of the improvement referred to in Chapter 408 of the Laws of 1899. We had in that street two kinds of rails, 4 1-2 inches, 64 pounds to the yard, and 6 inches, 78 pounds to the yard. These were laid on ties two and a half feet apart, without chairs, a portion was ballasted with broken stone and the remainder with dirt. There was no pavement on the street, it being a dirt road, and the roadway was in bad condition. At the time of the improvement the Rochester Railway substituted 6 inch rails, 86 pounds to the yard, in 60 foot lengths, laid upon steel ties every six feet. These were imbedded in concrete, with longitudinal concrete beams under the entire length of the rail, 12x14 inches. The pavement is of brick, on a concrete foundation, with track sewers.

I was also familiar with the construction of the road upon Exchange street, from Main street to the Erie canal, and with the kind of pavement before the making of the improvement referred to in Chapter 412 of the Laws of 1899. In that part of the street the railroad company had 6-inch rails, 78 pounds to the yard, on tie plates, with ties two and a half feet apart, with broken stone ballast. The pavement in the street was third class Medina block on sand, in exceedingly bad condition.

The railroad company put in new rails, 9 inches high and 107 pounds to the yard, groove steel, 60 feet in length, with ties two feet apart, setting upon a concrete foundation with concrete between the ties. The improved pavement is Medina block, pitched and tarred and on a concrete foundation, with sewer connection.

I was also familiar with that part of Exchange street from the Erie canal to Clarissa street, and familiar with the pavement as it existed in that part of Exchange street prior to the improvement made thereon and referred to in Chapter 411 of the Laws of 1899. On that part of the street from the Erie canal to Adams street, the railroad was constructed with 6-inch rails, 78 pounds to the yard, on tie plates, with ties two and a half feet apart, with broken stone ballast. The pavement in that part of the street was third-class Medina block, in very bad condition, almost impassable. At the time of the improvement the road was constructed all the way from the Erie canal to Adams street with the same rail, setting on chairs, on ties two feet apart and concrete between, with track sewers. The present pavement is Medina block pavement, pitched and tarred two feet outside of the tracks. Between the tracks in this part of the street the best of the old block stones were used, set in sand and gravel. The old pavement in Exchange street, from Adams to Clarissa street, was hardly a pavement at all. It had been formerly laid with Macadam and was in very bad shape, except between the tracks, where in some places the railway company had put cobble stones.

I was familiar with the construction of the railroad in Lyell avenue, and with the pavement in that street prior to the making of the improvement referred to in Chapter 409 of the Laws of 1899. In that street the railroad had a 6-inch rail, 78 pounds to the yard, a steel rail on chairs, with ties two and a half feet apart, and broken stone ballast. There were cobble stones from State street to the canal bridge between the tracks, and from the canal bridge to Otis station there was nothing but the ordinary dirt road, which was in fair condition. Upon some part of this street there had been outside the tracks an old macadam pavement, which was almost entirely worn out. At the time of making the improvement the railroad company laid the same rail on chairs and three-inch oak blocks, with ties two feet apart, resting on a sand foundation. The present pavement is Medina block, tarred and graveled on concrete foundation, with sewer connections. Sewer laterals were placed in this street just prior to the making of the new pavement, and the same are shrinking, allowing the track to sag, being a constant source of expense to the company.

I was familiar with the construction of the road in West Main street, from Fitz-

hugh street to the Erie canal, and with the pavement in that street prior to the making of the improvement referred to in Chapter 410 of the Laws of 1899. The railroad construction in that part of the street was a six inch rail, 78 pounds to the yard, the rail on chairs and chairs on ties two and a half feet apart, ballasted with broken stone. The pavement was third-class Medina block in almost impassable condition. At the time of the improvement the railroad company laid 7-inch steel groove rails, 98 pounds to the yard, 60 feet long, laid on concrete beams with steel cross ties in different places the whole embedded in concrete. The pavement now laid is Medina block inside and between the tracks, asphalt outside, with sewer connections.

I was well acquainted with the construction of the tracks in Parsells avenue from Leighton street to Culver road, and with the kind of pavement in that street before the making of the improvement referred to in Chapter 407 of the Laws of 1899. Prior to the laying of the pavement the tracks did not extend all the way from Leighton street to the City Line, or Culver road, but only part of the way. In such part as constructed, the construction consisted of a six-inch, 62-pound rail, laid upon ties two and a half feet apart, laid on the ordinary dirt. There was no pavement whatever between the tracks. The construction now consists of a 45-pound T-rail laid on ties two feet apart, ballasted by the ordinary material. The street itself under the improvement is laid off with a parkway in the center, with driveways across at different points. The street outside the parkways and in the driveways is laid with asphalt. In the parkways themselves the railroad uses the 45-pound T-rail, but in the street crossings and parkways the ties are laid on concrete and the whole is covered with the asphalt pavement. In the driveways and at the crossings a guard rail comes up at the side of the T-rail with the pavement outside of that.

A new sewer at about the time of the pavement improvement, was put in under the entire length of the tracks from Leighton street to the City Line. This sewer is constantly caving in and giving much trouble and expense to the railroad company.

As is well known, the construction of the electric road consists of its ties, rails and foundation, and return wires laid alongside the rails, the poles at the sides of the street, on which run the feed wires when they are not placed under ground, and from which extend the guy wires which sustain the trolley in the center of the tracks. The cars in moving up and down the street rest entirely upon the rails and do not in any way touch or come in contact with any part of the pavement. In the various streets which I have hereinbefore referred to the construction of the railroad itself has been improved, but that improved construction has been paid for entirely by the railroad company out of its own pocket. The presence of the pavement in the street in no wise benefits the railroad, but in many respects it is an absolute detriment and source of expense to the railroad company. In the first place, inasmuch as the railroad company is required by statute, in any view, to repair the pavements between the rails of its tracks and for two feet

outside, the more expensive the pavement is the more expensive become the repairs; the poorer and cheaper the pavement is in the street, the less expense the railroad company is put to to keep the portion of the pavement which the law devolves upon it the duty to repair, in repair to the same extent that the remainder of the street is kept in repair. In addition, the tracks themselves rest upon a foundation consisting of chairs, ties or concrete, or the whole of them, as the case may be, which is under the pavement itself, and which foundation affords the only support to the tracks which it receives. The presence of a pavement in the street renders repairs of the tracks, whenever these repairs are necessary, much more expensive than they would be in case there was a dirt road, only for the reason that the company is put to the expense of tearing up an expensive pavement for the purpose of removing rails or ties and is then compelled to replace it in the same condition at its own expense. I am satisfied, from my knowledge of railroad construction, that a single trolley electric street railroad can be maintained and operated in any street in which there is no pavement at all at considerable less expense than it can be maintained in any street in which there is a pavement of any kind. The more expensive the pavement the more expensive the cost of maintenance. This, of course, is upon the assumption that the same kind of construction of railroad itself prevails in each kind of street.

Again, the presence of pavement in the streets traversed by the cars of the railroad company is a constant source of loss of income to the railroad. The betterment of the pavement, in the first place, induces increased travel upon the street in vehicles of various kinds, and these vehicles drive across and upon the rails of the railroad company's tracks and aid in wearing them out. New and smooth pavements in any street traversed by the cars of the railroad company in addition to this stimulates travel, both in vehicles and upon bicycles, and the more of such travel there is in a street, there is consequently less patronage of the street cars. And I believe that it is susceptible of demonstration that the better and smoother the pavements of any street become, it is followed by an appreciable increase in travel in vehicles and upon bicycles and a resulting decrease in the traffic of the street railways. Again, where the track of a street railway is laid in a dirt road, the cost of repairs to the tracks is confined almost entirely to the cost of the repairs themselves, it being a comparatively slight expense to remove the dirt from the ties and rails for the purpose of making repairs. This expense, as already pointed out, is largely increased by the presence of a pavement up close to the rails.

Upon the other hand, there is really no benefit to the railroad company from the presence of a pavement in the street traversed by its cars which would amount to an appreciable fractional part of the detriment which the existence of such pavement in the street is to the railroad. Where there are track sewers there may be a slight benefit in the more ready draining of the water from the tracks after a rain, but the presence of this water does not appreciably interfere with the movement of the cars, and in case of a dirt road the expense of providing proper drainage for

the tracks would hardly be an appreciable fraction of the cost of the pavement.

LE GRAND BROWN.

Sworn to before me this 5th day of July, 1899.

J. MILLER KELLY,
President of Common Council.

Before the Common Council of the City of Rochester, Monroe County, New York.

In the matter of the proceedings of the Common Council to determine the amount to be assessed upon the property of the Rochester Railway Company, under Chapters 401-404, inclusive, and Chapters 407-412, inclusive, of the Laws of 1899.

State of New York, County of Monroe, City of Rochester, ss.:

Tom J. Nicholl, being duly sworn, says: I am the Vice President and General Manager of the Rochester Railway Company, and have been such for about —years. I have had many years' experience in the management and operation of electric cars using the single trolley system, which system is in use upon the street railway operated and maintained by the Rochester Railway Company. I am acquainted with the different streets referred to in the affidavit hereto annexed of Le Grand Brown, and I am acquainted with the character of the pavement in those streets, and with the manner of construction of the railroad in such streets, and am familiar with different constructions of street railways in different cities, and have made something of a study of the proper manner of construction in a street and of the effect upon the operation and maintenance of a street railroad of the presence of pavements of different kinds in the street, and of the absence of any pavement, and the use of simply an ordinary dirt road. I have carefully read the affidavit of Mr. Brown and the reasons which he gives for arriving at the conclusion that the presence of a pavement in a street in which a street railway is operated, so far from being a benefit to the road, is in reality a detriment; and I am entirely of the opinion from my knowledge of the effect of pavements, from actual experience, that a street railway can be operated in a street in which there is no pavement, but only a dirt road, with less expense in cost of operation and cost of maintenance and repair than with the same kind of construction it can be operated in a street in which there is a pavement of any kind coming up close to the rails of the track.

I appreciate that with track sewers there is in some instances better drainage than where a pavement and track sewers are both absent, but this slight advantage in no way offsets the percentage of detriment which the presence of the pavement in the street means to the railroad company, in increasing its cost of repairs and maintenance and decreasing its traffic. And I am fully satisfied, from a study of the question that the making of the improvements in all of the streets referred to in the affidavit of Mr. Le Grand Brown and referred to in the several acts of the Legislature numbered in the title to this affidavit, have increased, and will in the future increase the cost of operation and maintenance of the railroad in each of said streets, without any corresponding benefit to the railroad company. In each of the streets the construction of the railroad is better and firmer than it was prior to the making of the improvement in each street,

but that construction was all paid for by the Rochester Railway Company and was not in any way due to the presence of the improved pavement in the street, except that the presence of the pavement required more extensive and firm construction in order to avoid the necessity of frequent repairs which would involve the necessity of tearing up and replacing the pavement whenever such repairs became necessary.

J. MILLER KELLY,
President of Common Council.

Corporation Counsel John F. Kinney presented the following affidavits, which were ordered received, filed and published:

In the matter of the determination of the amount assessed pursuant to Chapter 409 of the Laws of 1899, upon the tracks, ties, rails, switches, franchises, easements and other street surface railroad property situate upon Lyell avenue and maintained and used for the purpose of operating a street surface railroad or railroads thereon, for improving and paving between the tracks and rails of the tracks and two feet in width outside of the tracks of the street surface railroad or railroads maintained, used and operated upon said portion of said street.

The City of Rochester appears by its Corporation Counsel, John F. Kinney, and introducing in evidence an agreement made and entered into between the City of Rochester and the Rochester Railway Company, dated the 31st day of December, 1894; also Article 4 of Chapter 676 of the Laws of 1896 and the amendments thereto:

Edwin A. Fisher, sworn:

I am the City Engineer of the City of Rochester, and know that the improvement and pavement has been laid on Lyell avenue, and said pavement has been entirely completed. I know that said pavement was laid upon said street by the City of Rochester and that the pavement was laid by said City of Rochester between the tracks and rails of the tracks and two feet in width outside the tracks of the street surface railroad maintained, used and operated upon Lyell avenue.

I know that the cost of paving between the tracks and rails of the tracks and two feet in width outside of the tracks was \$31,123.51.

APPROVAL OF MINUTES.

The minutes of the preceding meeting were approved as published in the book of proceedings.

RESOLUTIONS.

By Ald. Ford—Whereas, On June 20th, 1899, a resolution was adopted by this Common Council asking the Civil Service Commissioners to certify in accordance with the civil service law the names of eligible candidates for the position of keeper of the bath house; and

Whereas, The Civil Service Commissioners did at a meeting held July 5, 1899, report that Louisa Bamber, John H. Bamber and A. B. Williams were eligible for the position named; and

Whereas, A. B. Williams being a veteran was preferred on the list, and the said Williams, in a communication to the Bath Committee, declined the position, leaving Mr. and Mrs. John H. Bamber eligible;

Therefore, Resolved, That the Common Council appoint Mr. and Mrs. John H. Bamber attendants at the public bath-house at a salary of sixty dollars (\$60.00) per month for both, including light, heat and water.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—18.

By Ald. Ford—Resolved, That the Public Bath Committee be, and they hereby are authorized and directed to purchase all articles necessary not exceeding \$50.00, to furnish the public bath house for use as required in said bath house.

Adopted by the following vote :

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Beard, Casey, Selye, Ward, Ritz, Pauckner, Ernst, Judson, Wilson, Reichenberger—15.

By Ald. Ford—Resolved, That the City Clerk be and he hereby is directed to draw an order on the City Treasurer payable from the contingent fund for forty (\$40.00) in favor of W. Foster Kelly, for services as architect on the Public Bath House, being partial payment on a per centage of contract; amount previously paid, \$80.00.

Adopted by the following vote :

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—18.

By Ald. Ford—Resolved, That the City Clerk be and he hereby is directed to draw an order on the City Treasurer payable from the Contingent Fund for three hundred (\$300) dollars in favor of J. Keener & Son, being for second partial estimate for carpenter work on Bath House. Amount previously paid \$500.

Adopted by the following vote :

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—19.

By Ald. Green—Resolved, That the Commissioners of Mt. Hope Cemetery comply with the eight hour labor law and notify Superintendent Morris of the same Adopted.

By Ald. Selye—Whereas, The Legislature of the State of New York has levied and assessed a portion of the cost and expense of grading, paving, erecting electric lights, moving the roadways and sidewalks and otherwise improving Lake View park, from Lake avenue to the west side of Pierrepont avenue, in the amount of \$12,064.06, upon the following portion and part of said city, to wit: One tier of lots and parcels of land on each side of Lake View park, from Lake avenue to the west side of Pierrepont avenue; and

Whereas, the Legislature has levied and assessed the balance of the cost and expense of said improvement, being the sum of \$8,302.67, upon the City of Rochester,

Resolved, That the portion of the cost and expense of said improvement to be assessed upon the abutting owners be and the same hereby is adjusted at the sum of \$12,064.06; and the amount to be assessed upon the City of Rochester is hereby adjusted at the sum of \$8,302.67; and that the City Assessors be and they hereby are directed to make an assessment as provided by the city charter for the improvement hereinbefore named upon the territory upon which the cost and expense thereof is levied and assessed, pursuant to chapter 636 of the laws of 1899; said assessment to be paid one-third within thirty days from the first publication of the advertisement of the notice of assessment roll by the city treasurer; one-third within one year from the confirmation of the assessment roll, and the remaining one-third within two years from the confirmation of said roll.

Adopted by the following vote :

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—18.

By Ald. Selye—Resolved, That that portion of Lake avenue on both sides of Lake avenue, at the intersection of Glendale park (formerly Glenwood park), between the tracks, the rails of the tracks, and two feet in width outside of the tracks of the Rochester Railway Company requires paving and adjusting to grade, and that said railway company be, and hereby is,

required to pave and put in permanent repair that portion of said Lake avenue, between the tracks, the rails of its tracks, and two feet outside of its tracks, within thirty days from the date of the serving of this notice, in accordance with the plans and specifications hereto attached, and that in case of neglect of said corporation to make such pavements or repairs after the expiration of said period of thirty days, the Executive Board be, and hereby is, directed to make the same at the expense of said railway company, and that the City Clerk be directed to notify said railway company of the adoption of this resolution.

Adopted by the following vote :

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—18.

By Ald. Selye—Resolved, That the City Engineer be and hereby is directed to investigate and report to this council on the condition of the asphalt pavement on Lake avenue, the guarantee being about to expire. Adopted.

By Ald. Mead—

To the Honorable, the Common Council of the City of Rochester :

Gentlemen—We, the undersigned, Hiram E. Wilson and Hester A. Wilson, his wife, do hereby formally dedicate to the City of Rochester for the purposes of a public street the following described premises :

Beginning at the intersection of the center line of Hudson avenue with the southerly line of the premises of the said Wilsons, being the line between said Wilsons' premises and the Emerson premises; running thence easterly along said line to the east line of said Wilson premises in North street; thence northerly along said last mentioned line 28 feet; thence westerly and parallel with said first mentioned line to

said center line of Hudson avenue, and thence southerly along said line 28 feet to the place of beginning.

Also, all that piece or parcel of land, situate in the City of Rochester, County of Monroe and State of New York, beginning at a point in the center line of Hudson avenue distant 105 feet southerly from the northerly line of premises of said Wilsons; running thence easterly and parallel with said north line to the east line of said premises in North street; thence southerly along said last mentioned line 50 feet; thence westerly and parallel with said first mentioned line to the center line of Hudson avenue, and thence northerly along said center line 50 feet to the place of beginning.

Said parties further certify that an accurate map of said street has been filed in said county clerk's office and also in the City Assessors' office, and that said street has been actually opened and made convenient for public use and traffic. Said parties further certify that said Hiram E. Wilson and Hester A. Wilson are the owners of the premises herein described, and that the said parties have the right to dedicate the same to said city as aforesaid, and that the same is free from all encumbrances of every name and nature.

All of the above is respectfully submitted, with the request that said property be accepted by the city as a public street.

HIRAM E. WILSON,
HESTER A. WILSON.

State of New York, County of Monroe,
City of Rochester, ss.:

On this 17th day of July, 1899, before me, the subscriber, personally came Hiram E. Wilson and Hester A. Wilson, to me known to be the same persons described in and who executed the foregoing instrument, and they severally acknowledged that they executed the same.

GEO. V. FLECKENSTEIN,
Commissioner of Deeds.

Ordered received, filed and published.

By Ald. Mead—Resolved, That the lands and premises dedicated to the city of Rochester by Hiram E. Wilson and Hester A. Wilson, his wife, by instrument dated July 17, 1899, and which is herewith presented to this Common Council, be accepted upon the certificate of the Corporation Counsel that the same have been released free and clear of all taxes, assessments, liens and encumbrances. Adopted.

By Ald. Mead—Resolved, That the City Engineer establish side walk grade on the north side of Avenue D from St. Joseph street to point 800 feet east. Adopted.

By Ald. Judson—Resolved, That the Clerk draw an order upon the Treasurer, payable from the contingent fund, in favor of H. Perry Blodgett, for \$30, for services as guardian ad litem for the infant parties in the matter of the extension of Leighton street, in the city of Rochester, under final ordinance No. 6,837, and that the Treasurer pay said sum from the contingent fund, and charge and carry said sum to the fund for the extension of said street, when created.

Adopted by the following vote :

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—19.

By Ald. Judson—Resolved, That final ordinance No. 7,820 for the asphalt improvement of Chamberlain street, be reconsidered. Adopted.

By Ald. Judson—Resolved, That said final ordinance No. 7,820, for the asphalt improvement of Chamberlain street, be indefinitely postponed. Adopted.

By Ald. Judson—Whereas, The entire and aggregate expense of and connected with the extension of Leighton street, in the city of Rochester, under final ordinance No. 6,837 including all moneys paid the owners of land deemed necessary to be taken, and all costs and charges of the city in the proceedings has been ascertained and reported as \$1,351.38, which expense is hereby adjusted as thus reported ;

Resolved, That the portion or part of the city on which said expense is hereby directed to be assessed and which this Common Council deems will be benefitted by said improvement, are the lots and parcels of land within the part of the city described and directed to be assessed in and by the final ordinance relative to the said improvement; and the assessors of said city, if they are not interested in any of the property, or lots or parcels of land to be taken or situated or being within the part or portion of the city deemed to be benefitted and directed to be assessed as aforesaid, are hereby directed to apportion and assess the said expense and to make an assessment upon all the lots and parcels of land within the portion or part of the city directed to be assessed and benefitted as aforesaid as near as may be, and apportion the amount which each person shall be deemed to receive thereby.

Adopted by the following vote :

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—19.

By Ald. Wilson—Resolved, That final ordinance No. 7,794, for the asphalt improvement of Champlain street, be reconsidered. Adopted.

By Ald. Wilson—Resolved, That said final ordinance No. 7,794, for the asphalt improvement of Champlain street, be amended by raising the estimate to \$32,000. Adopted.

By Ald. Reichenberger—Resolved, That the Rochester Gas and Electric Company, and all other companies maintaining overhead wires on Jay street, from Child street to the city line, be, and they are hereby, required to place such wires underground in advance of the improvement of said Jay street between the limits mentioned. Adopted.

By Ald. Reichenberger—Resolved, That the City Engineer establish the grade on the street to be opened by Mr. J. C. O'Brien and situated between West avenue and Chill avenue, south of Colvin street. Adopted.

By Ald. Reichenberger—Resolved, That Charles R. Burke be temporarily employed from the civil service list as chairman in the City Engineer's office for a period not exceeding two months, at a salary of \$2.00 per day during such time as his services may be required by the City Engineer.

Adopted by the following vote :

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—19.

By Ald. Kelly—Resolved, That final ordinance No. 7,697 for Bethlehem and Masseth parks sewer be reconsidered. Adopted.

By Ald. Kelly—Resolved, That said final ordinance, No. 7,697 for Bethlehem and Masseth parks sewer be indefinitely postponed. Adopted.

COMMUNICATIONS FROM THE MAYOR.

By the Clerk—

Mayor's Office, July 12, 1899.

To the Common Council of the City of Rochester :

I hereby return without my approval the resolution adopted at your meeting of July 5, 1899, directing the City Treasurer to issue the city's notes for an amount not exceeding \$100,000 to run for eight months, and the proceeds to be credited to the building fund of the Board of Education, for the following reasons :

The resolution recites that the notes are to be issued in anticipation of taxes to be levied but uncollected in pursuance of sections 80, 81 and 136 of the city charter.

By a special act of the Legislature the Common Council was directed to raise \$100,000 for school buildings. The act further provided that the money should be either included in the tax levy of 1899, or raised by the issuing of bonds to be sold on or before July 1, 1899. This was a special act and its provisions in reference to the manner of raising the money must control, and be followed by the Common Council. Not having become a law at the time of the adoption of the tax levy, this \$100,000 was not included therein. The only alternative left was to raise the same by the issuing of bonds, there being no provision in the special act that notes might be issued if for any reason the bonds could not be sold. The statute was defective in this respect.

It is claimed that the notes in question can be raised under section 136 of the charter, upon the theory that a deficiency will occur in the building fund of the Board of Education by January 1, 1900, and that this must be supplied by the issuing of the notes in question.

Section 136 provides "that if before the expiration of the fiscal year, it shall appear that any sum or sums raised by the Common Council for the Board of Education will be inadequate to maintain the department of education to the expiration of such fiscal year, the Common Council shall have power and may, upon application of the Board of Education, borrow on the credit of said city such sum as it may deem necessary to maintain said department of education until the end of such fiscal year."

This is not a new provision, but has been a part of the city charter for years, and is contained in section 81 thereof, which gives the Common Council power to raise money to meet deficiencies in any department of the city government. The difficulty in raising money under section 136 is that it has no application to the circumstances now existing. This section was intended to give the Common Council power to grant the board money simply for the purpose of furnishing it with the means of maintaining itself for some short period of time, which must end on the first of January following. For instance, if there was not sufficient money in the teachers' fund for the month of December, 1899, the Common Council could grant sufficient money to pay the salaries for that month but not beyond that period. The object of this section was

simply to tide over some temporary difficulty, to help out for the time being, and not to furnish permanent relief. It was not intended to cover the present case where a special act, specifically providing how this money should be raised, has failed to accomplish its purpose. This resolution relates simply to new school buildings not yet contracted for or built, and is permanent, not temporary.

The Board of Education has made no claim that this money should be given them upon the ground that it is to cover a deficiency. In fact there is no deficiency apparent. While the board has determined to build certain schools, yet no contracts have been awarded, and will not be for some time; the amount to be expended is still unsettled, and there may be no necessity to raise any portion of this money until next year.

But looking at it as a deficiency, section 136 does not provide how the money shall be raised. Section 81 under which the notes are to be issued under the present resolution provides that the Common Council shall have the power, by a vote of three-fourths of all the members elected, subject to the approval of the mayor, to raise money to pay the deficiencies, and the same shall be assessed and collected as part of the city tax for the ensuing years.

The charter makes two things necessary before a deficiency note can be issued: First, the vote of fifteen aldermen, and second, the approval of the mayor. Without either, the notes would be invalid. Believing that the best interests of the city requires that these new schools should be built by the new Board of Education to be elected this fall, and not by the present board, I must decline to approve of the issuing of the notes in question. My belief that it is for the best interest of the people that the new school board should construct the schools in question has been strengthened by the various proceedings of the Board of Education in reference to the new schools. They have not been business-like, but simply a series of shifts and dickers between the various school commissioners to get as much as possible for the particular locality of each.

The notes cannot be issued without violating the constitution of the state of New York. The constitution provides that "No city shall be allowed to become indebted for any purpose or in any manner to an amount, which including existing indebtedness, shall exceed 10 per centum of the assessed valuation of the real estate of such city subject to taxation, as it appeared by the assessment rolls of said city on the last assessment for state or county taxes prior," to the incurring of said indebtedness."

From a statement prepared for me by the City Treasurer it appears that the assessed valuation of real estate is \$101,827,725. This would permit the city to become indebted in the sum of \$10,182,772.50. Since the preparation of this statement there have been acceptances on local improvements ordered issued by the Common Council to the amount of \$85,525, which added to the other indebtedness makes the total debt of the city \$10,238,782.44, or \$56,990 above the amount for which the constitution says the city may become indebted. It is now proposed to increase this indebtedness by \$100,000, although the constitution very plainly forbids it and declares it absolutely void.

The claim may be made that as the charter provides that deficiency notes may be

issued payable out of the next year's tax levy, that they can be issued under this provision of the charter. This is not true. The notes the moment they are issued become an indebtedness of the city. If we were not outside the debt limit the charter provisions could be followed, but the constitution of the state nowhere provides that deficiency notes issued are exempt from the provisions of the constitution. The indebtedness which may be incurred in excess of the 10 per cent. limit is that created by "Certificates of indebtedness issued in anticipation of the collection of taxes for amounts already contained or to be contained in the taxes for the year when such certificates are issued and to be paid out of such taxes." The notes in question have not been issued according to this provision of the constitution, as they are not made payable out of this year's taxes, but from the taxes to be collected next year.

The notes in question therefore would be void for the reason that they have not received the sanction of the mayor, and also that their issue is forbidden by the provisions of the constitution.

Respectfully yours,

GEORGE E. WARNER,
Mayor.

By the Clerk—

Rochester, N. Y., July 17, 1899.

Ald. J. Miller Kelly, President of the Common Council:

Dear Sir—Although resting under that dark cloud that must sooner or later come to us all, and while awaiting the arrival of that dear girl whose home coming is so different from what I had hoped for, and expected, powerless to do anything that will be of comfort to my family, who are making the sad journey alone, I am reminded of the duty I owe to my fellow men in the official position in which I have been placed by the votes of nearly all the citizens of our beautiful city.

Not that I love the dear one gone any the less, but it is my duty at this time (as I see it) to show you how the little ones yet living, but crowded in our public schools can be made more comfortable, healthy and happy.

This action on my part is not for the purpose of embarrassing any public officials; neither to pass on their qualifications. It is enough for me to know that these officials were elected by the people, that they are servants of the people, and if their official actions do not meet the approval of the people, they will be retired when their present term of office expires.

Under the well-known section 81 of the present city charter, there is no question but that you can issue the city's note the same to be taken care of in next year's tax levy, provided the debt of the city does not exceed the 10 per cent constitutional limit.

My communication to the Common Council will show you how the present debt can be reduced in a business-like way, if those in authority but simply do their duty, so that the approval of issuing the city's note cannot be withheld on the grounds as now claimed.

Whatever may be the outcome of the controversy, I shall have the satisfaction of knowing that I have done the best I could and to do more than that, you can ask of no one.

Very truly yours,

S. B. WILLIAMS,
Treasurer.

Ordered received, filed and published.
By the Clerk—

July 17th, 1899.

To the Honorable, the Common Council:

Gentlemen: Permit me at this time to call your attention to a few matters pertaining to the finances of the city, which must be corrected at once should you desire to furnish the \$100,000 asked for the new school buildings, the \$100,000 asked by the Hemlock lake commission; also the amount required to purchase Maple Grove, providing these requests meet with the approval of your honorable body and you deem it for the best interests of the city to comply with the same.

This can be done and still keep within the 10 per cent. limit, provided certain action is taken; the more prompt that action the sooner the results will be accomplished.

Under the new constitution, as I understand it, no allowance, or discount is made for anything. If you owe a debt, you owe it, no matter what you may have in the sinking funds which can be used for no other purpose than in retiring the city's bonds as they shall mature, no matter what cash you may have on hand to pay the notes and acceptances as they shall become due, no matter how many assessments you may have on the real estate of the city, either in the shape of street improvements, sewers, or the famous East Side trunk sewer, the assessment rolls for which, I trust, will some time be levied.

The cost of our water-works is not taken into consideration: this was deducted from amount of bonded debt under the former state constitution. Not so now. The value of city property, school buildings, engine houses, city parks and other assets that a business man would recognize are of no value under the law in determining the amount of debt of the city. If you owe it, you owe it.

The responsibility of such a law, I charge to no one. The facts exist; it is a law and must be enforced; but all cities of the state should unite in having it amended unless they wish the wheels of progress to be blocked and no more improvements to be made. You are all familiar with the old adage, "You cannot eat your cake, and keep it too." In other words, neither can you accommodate your constituents by changing the time of payment for their improvements from one to three or five, and then even nine and ten-payment rolls, and then not furnish the treasurer's office with the rolls, neither can you sidetrack or withdraw the rolls for one cause or another, and yet expect the obligations will be met. Of one thing you can rest assured, and that is that the contractors will get their pay every time, when the city's obligations given them shall become due.

Just to show how this habit has grown, this withholding of assessment rolls from one cause or another, I will inclose a list (some of the improvements in the list not fully completed perhaps) giving number of ordinance, nature of improvement, date of final payment, ward in which located, amount due the city from funds advanced, which is \$769,242.66, and the rolls not yet in the treasurer's office for collection. I will call this list—does it have a familiar sound to you?—exhibit "A."

Another list of interest to you perhaps, will call exhibit "B," which shows list of assessment rolls recalled for various reasons. I give the number of ordinance, nature of improvement, wards in which located and amounts paid by the city—which is \$198,491.29. Would it not be well to have some committee appointed and report as to what prospect the city has of realizing in the near future from any of these improvements, and if not, why not?

Exhibit "C" gives list of assessment rolls

certified to the common council, showing respective dates and amounts involved, rolls not yet received. The amount is \$371,180.18 and the same committee, should any be appointed, might ascertain and report, why is this thus?

The figures quoted by the mayor as to the debt of the city were correct for that day. Still the local improvement account changes every day by orders (contractors' acceptances) being presented for payment and by payments made on the improvements by taxpayers. Under the present contracts with the several banks of the city having the city's money, the city gets no interest unless the amount remains there for the full thirty days or the entire month. (I don't think such a contract very good for the city, do you?) As long as a debt is a debt, if you owe it (so says the law), and as long as the city gets no interest on its bank balances unless the amount remains there a full month (so says the contract), I have used a little common sense law and have taken the liberty of withdrawing \$65,000 from the local improvement fund to retire two of the city's local improvements notes soon maturing.

This action keeps us within the 10 per cent. limit, and should you wish to grant the requests for funds as above noted, viz.: new school houses, the Hemlock lake commission, the funds to purchase Maple Grove and so stop, or avoid, further litigation, you just give me the assessment rolls for collection, that should have been furnished the office long ago, and I will use the collections when made to retire the city's notes now outstanding (getting a rebate on interest charges by paying them before due). This action will permit you to issue bonds or notes for a corresponding amount of payments so made, as far as the debt limit is concerned.

I hereby give notice that I shall not accept any more orders or warrants of the executive board, until the reduction of the city's debt below the 10 per cent. limit will allow it.

The city's debt is now as follows:

Bonded debt.....	\$ 8,616,000 00
Notes issued on account of unpaid acceptances.....	785,086 39
Acceptances outstanding.....	541,263 99
Notes issued on account of East Side trunk sewer.....	200,988 63
Notes issued on account of ballot machines.....	24,637 50
	\$10,167,976 51

Last assessed valuation of real estate to county treasurer's \$101,827,725; 10 per cent of same.....	10,182,772 50
--	---------------

Inside the limit.....	\$ 14,795 99
A business man would add to this in the shape of assets the amounts in the several sinking funds, which are as follows:	
General Sinking Fund.....	\$379,833 03
Water Pipe Extension Sinking Fund.....	30,669 50
Rochester Park Bonds Sinking Fund.....	39,005 42

Do you think it right that we cannot take into consideration these cash items, deducting the same from the bonded debt, when we wish to ascertain its true and correct amount? The funds can be used for no other purpose than in paying the bonded debt.

I hope and trust that you gentlemen, as business men, will take prompt action in getting all the assessment rolls due to the treasurer's office for collection, and thereby assist

in reducing the city's debt, so that all requirements for necessary expenses or the advancement of the city's interests can be promptly met, and there can be no question of our being anywhere near the danger limit of the 10 per cent. assessed valuation.

Respectfully submitted,

Ald. Steele moved that the chair appoint a committee of three to investigate the condition of affairs as pointed out by the Treasurer in regard to uncollected assessments and report to this Council why the assessments rolls cannot be placed in the hands of the Treasurer more promptly. Adopted.

By the Clerk—

July 18, 1899.

To the Honorable, the Common Council of the City of Rochester :

Gentlemen—I have been requested by several members of the Common Council for an opinion in respect to the objections of his honor the mayor, contained in a communication dated July 12 1899, in which he disapproves of the action of the Common Council of July 5, 1899, directing the city treasurer to issue the city's notes for the sum of \$100,000 to run for eight months, the proceeds of which to be credited to the building fund of the Board of Education.

In my communication to the finance committee of your honorable body, it was stated that it was not feasible to issue the bonds for the sum of \$100,000, provided for by the special act of the Legislature, by reason of the fact that the provisions of said act required the same to be issued and sold before July 1, 1899, and no such action having been taken before said date, investors would not purchase bonds which might be issued, on account of the terms of the act not having been strictly complied with.

I therefore advised said committee that under the provisions of section 136 of chapter 660 of the laws of 1898, the Common Council had the power and authority to issue the city's notes for the sum of \$100,000 and place the same to the credit of the building fund of the Board of Education for the purpose of erecting new schools.

The mayor in his veto claims that this section was enacted to meet temporary deficiencies, and does not apply to permanent structures to be erected. In this I differ, and contend that under the provisions of said section 136 and the provisions of section 81 of the city charter your honorable body had power and authority to provide for the making of the notes, as recommended in my former communication, in the sum of \$100,000 and placing the same to the credit of the building fund. But such resolution of your honorable body required the concurrence and approval of the mayor, and inasmuch as he has disapproved of the same by his communication filed July 12, 1899, such notes cannot be issued and the responsibility of the failure to issue the same is placed upon him.

In respect to the resolution being in violation of the provisions of the constitution which prohibits the indebtedness of the city to exceed 10 per cent. of the assessed valuation of the real estate subject to taxation as appeared by the last assessment rolls for state and county taxes prior to the incurring of said indebtedness, I would state that in my opinion such objection is

not a valid one, for the reason that I find that there is deposited with the sinking fund commissioners for the purpose of retiring the bonded indebtedness of the city the sum of \$543,319.44, which should have been deducted from the alleged indebtedness furnished by the mayor, and amounting to the sum of \$10,238,782.44, which would leave a leeway of nearly \$500,000, to the amount of which the city may contract indebtedness for city purposes.

The debt limit has reference to the actual indebtedness for the payment of which a tax must be levied, not to an uncancelled apparent liability. The debt limit is measured by the rate per cent. of taxation necessary to pay the entire debt of the city, and it would not be necessary, in order to pay the alleged indebtedness of \$10,238,782.44 to raise the sum of \$543,319.44, which is deposited to the credit of the sinking fund and applicable to the retirement of the bonds of the city, and it therefore follows that the amount of the sinking fund must be deducted from the total apparent debt of the city to ascertain whether its actual debt exceeds the debt limit.

(Bank of Savings vs. Grace, 102 N. Y. 313; Kelly vs. Minneapolis, 30 L. R. A. 281.)

It follows from the foregoing authorities that notes issued pursuant to your resolution of July 5th would not have been void, for the reason that the city has exceeded the debt limit as provided by the constitution; but your resolution will not be effective by reason of the fact that it has failed to receive the approval of his honor the mayor, as provided by section 81 of the city charter.

All of which is respectfully submitted,

JOHN F KINNEY,
Corporation Counsel.

Ordered received, filed and published.

By Ald. Steele—Resolved, That Capt. Henry Lomb, R. A. Sibley, Joseph T. Ailing, Rev. Dr. C. A. Barbour, Hon. George F. Yeoman and John Desmond, be, and they are hereby, appointed a committee, to bring about, in such a manner as to them shall seem best, a relief, to the overcrowded and improper condition of several of the public schools, and annexes.

Adopted by the following vote :

Ayes—Ald. Calihan, Ford, Green, Beard, Casey, Steele, Pauckner, Kelly, Ernst, Mead, Judson, Wilson—12.

Nays—Ald. Tracy, Rauber, Selye, Ward, Ritz, Reichenberger—6.

By the Clerk—

Mayor's Office,
July 12, 1899.

To the Common Council of the City of Rochester :

I hereby return without my approval final ordinance No. 7,817 for Birr street macadam improvement, for the following reasons :

At least two-thirds of the property owners upon that part of the street to be improved under this ordinance are opposed to this kind of improvement and have filed a remonstrance against it. Believing that the wishes of the majority should be respected, and that this improvement should not be forced upon them, I decline to approve the resolution.

Furthermore a portion of this street has a Macadam improvement, and all that it is necessary it to put it in proper repair is to pick the same up and resurface it. This can be done at a small expense and give the property owners as good a pavement

as is required for the street, as there is no heavy teaming upon it. This kind of improvement would obviate the necessity of reducing the width of the street, and relaying of the curbs as proposed. For that portion of the street upon which no improvement has ever been made a separate ordinance can be drawn giving the property owners the kind of improvement they desire.

Respectfully yours,

GEO. E. WARNER, Mayor.

Ordered received, filed and published.

The chairman stated the question to be shall the ordinance stand notwithstanding the veto of his honor, the mayor.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Edelman, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson—18.

Nay—Ald. Reichenberger—1.

By the Clerk—

July 18, 1899.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—I would respectfully report that there are outstanding the city's notes, which were issued and have been renewed from time to time for local improvement purposes (on account of there being insufficient or no moneys in that fund to meet the contractors' acceptances as they became due) to the amount of \$785,086.39. This amount, with interest to the time of maturity of notes, October 2d, October 27th and November 1st, will make the entire sum to be taken care of \$800,356.10.

While under the law we can issue the city's bonds for these notes (the limit of issue being \$1,500,000.00), I dislike very much to recommend that the city bond itself at this time for this large amount. It is true it does not increase the present indebtedness, it simply changes the form of same, but with the large amount outstanding in the shape of assessments for improvements already paid for by the city, the rolls for same not yet furnished the treasurer's office for collection, I shall hope that some action will be taken by your honorable body that may hasten the completion of these rolls, and thus furnish funds that will help meet payments of these notes as they shall mature.

With this object in view, I would suggest that but \$500,000.00 of the bonds be issued in the near future, and that extra efforts be made to hasten the completion of the outstanding assessment rolls.

If it should be ascertained that this amount will not be sufficient, then it will be better to renew the notes for a short period, rather than to bond the city for so long a time.

Some time in the near future the assessment rolls can be furnished, if not at once, so that the renewal of notes need be for a short time only. I would also suggest that the Corporation Council be requested to provide the necessary resolutions to issues, and also to prepare form of bonds, so that all legal questions on the subject can be correctly complied with.

Respectfully,

S. B. WILLIAMS, Treasurer.

 To the Hon. the Common Council :
 Gentlemen—The Executive Board has been
 advised that a committee of the State Leg-
 islature will soon commence an investiga-
 tion of the general tax law, and that the
 subject of exempting from taxation the
 water works property of the city, which is
 located outside of its corporate limits should
 be urged before said committee in the
 strongest possible terms. To accomplish
 this end, said Board believes that a com-
 prehensive summary of the various argu-

ments and legal decisions rendered in other
 states, relating to the subject, should be
 prepared, and suggests that the matter be
 referred by you to your Law Committee
 and the Corporation Council.

Respectfully submitted,
 CHARLES M. BEATTIE,
 Clerk, Executive Board.

To the Honorable, the Common Council :
Gentlemen—Your Law Committee would respectfully report as follows :

In relation to the communication of the Corporation Counsel, bearing date July 5, 1899, upon the subject of a bicycle ordinance to conform with the provisions of

chapter 634 of the laws of 1899, being a general statute of the state, your committee would report that they find that there is a conflict between the ordinances of the city of Rochester and said statute which require amendments in order that the said ordinances may comply with the general statute; and your committee would further report, that pursuant to the provisions of chapter 634 of the laws of 1899, it herewith presents to the Common Council for its consideration, ordinances in accordance with said statute, and recommends the adoption of the same.

Your committee would further report, in relation to the claim of Hascal A. Hogel, as receiver, etc., amounting to the sum of \$2,727.54, being for the alleged collection of garbage and dead animals for the month of June, 1899, that said claim be rejected; and in respect to this matter would report that the decision of the Special Term against said Hogel as receiver has been this day affirmed by the Appellate Division of the Supreme Court. We would also recommend the appointment of the following Commissioners of Deeds: Andrew Carle, M. E. Cooper, W. C. Hammond, Andrew Ludolph, W. D. Marshall, P. G. Smith.

All of which is respectfully submitted.

AN ORDINANCE IN RELATION TO BICYCLES.

The Common Council of the City of Rochester do enact as follows:

Sec. 1. No person shall ride any bicycle, tricycle or other similar vehicle along or upon any public sidewalk or foot path intended for the use of pedestrians within the City of Rochester. This section shall not apply to persons who cannot walk by reason of being invalids or cripples, nor shall it apply to sidewalks constructed solely at the expense of wheelmen or cyclists by and with the consent of the Executive Board, unless the road or street in front of such sidewalks is paved with some smooth and permanent pavement, like asphalt or brick.

Sec. 2. No person shall ride any bicycle, tricycle or other similar vehicle upon any public street or place within the City of Rochester at a greater rate of speed than eight miles per hour; and no bicycle, tricycle or other similar vehicle shall be driven around a corner of intersecting streets at a greater rate of speed than six miles per hour.

Sec. 3. No person shall ride a bicycle, tricycle or other similar vehicle without giving an alarm by bell, whistle or otherwise which may be heard one hundred feet distant, when about to meet or pass pedestrians and when about to meet or pass other vehicles.

Sec. 4. Whenever persons driving bicycles, tricycles or other similar vehicles in opposite directions shall meet in a public street within said city, they shall pass each other on the right; but if the vehicles are being driven in the same direction, the person passing shall pass on the left when practicable. When requested by

voice or bell, the driver of any vehicle traveling in a public street of said city shall seasonably turn said vehicle to the right so as to permit any vehicle in the rear to pass on the left without interfering.

Sec. 5. It shall be unlawful for a rider of a bicycle, tricycle or other similar vehicle to coast upon any street or highway within the City of Rochester, or to proceed by inertia or momentum with the feet off the pedals and the hands off the handlebars.

Sec. 6. Any violation of this ordinance shall be punishable by a fine not exceeding five dollars for each offense, and in case of the non-payment of such fine, by imprisonment in the Monroe county jail for a term not exceeding one day for each dollar of the fine.

Sec. 7. All ordinances and parts of ordinances inconsistent herewith are hereby repealed.

Sec. 8. This ordinance shall take effect immediately.

Unanimous consent being asked for to pass the ordinance and no objections being made, the ordinance was adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Edelman, Casey, Selye, Ward, Steele, Ritz, Kelly, Ernst, Mead, Wilson, Reichenberger—16.

Nays—Ald. Beard, Pauckner, Judson—3.
Ald. Beard, from the committee on baseball for the benefit of the Infants' Summer Hospital, reported that all arrangements were made for the game, which would take place July 26th, and that tickets were for sale by the aldermen and others.

Ordered received and filed.

TREMONT STREET TRAP ROCK MACADAM PAVEMENT.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of improving Tremont street.

The Engineer submitted as such estimate, \$8,500.00.

Adopted.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The improvement of Tremont street, from Jefferson avenue to Gladstone street, by the construction of a trap rock macadam pavement therein. Also the construction of a Medina curb, 6 inches wide on each side thereof, properly connected with all streets, alleys and driveways. The width between curbs shall be generally 28 feet. The pavement may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the Executive Board and City Engineer it is necessary in order to make a complete improvement. Also the construction of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair or rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment to grade of the sidewalks.

The pavement shall be guaranteed and kept in repair for five years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement.

Also the construction of the necessary street laterals within the limits of the pavement.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$8,500.00, which, being deemed reasonable, is hereby approved.

Resolved, Further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the City, which this Council deems proper to be assessed for and will be benefited by such improvement, to wit :

One tier of lots and parcels of land on each side of Tremont street, from Jefferson avenue to Gladstone avenue.

Also the construction of the necessary street laterals within the limits of the pavement.

The asphalt surface shall be composed of one of the standard mixtures laid in this city for the past five years, or any other asphalt mixture that can be shown to the satisfaction of the Executive Board to have been laid in sufficient quantities to fairly test its quality and to have worn well and satisfactorily for a period of not less than three years.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$11,800.00, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Olean street, from Frost avenue to Bronson avenue.

Adopted by the following vote:
Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Edelman, Beard, Casey, Selye,

Ward, Steele, Ritz, Pauckner, Kelly, Meade, Judson, Wilson, Reichenberger—18.

FINAL ORDINANCE, NO. 7,840.

TACOMA STREET ASPHALT PAVEMENT.

On motion of Ald. Wilson, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to improve Tacoma (formerly First) street, from Lexington avenue to Glenwood avenue, and after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Tacoma (First) street, from Lexington avenue to Glenwood avenue, by the construction of an asphalt pavement therein.

Also the construction of a Medina stone curb 6 inches wide on each side thereof, properly connected with all streets, alleys and driveways. The width between curbs shall be generally 26 feet.

The pavement may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the Executive Board and City Engineer it is necessary, in order to make a complete improvement.

Also the construction of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair or rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment to grade of the sidewalks.

The pavement shall be guaranteed and kept in repair for ten years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement.

Also the construction of the necessary street laterals within the limits of the pavement.

The asphalt surface shall be composed of one of the standard mixtures laid in this city for the past five years, or any other asphalt mixture that can be shown to the satisfaction of the Executive Board to have been laid in sufficient quantities to fairly test its quality, and to have worn well and satisfactorily for a period of not less than three years.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$6,900, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Tacoma (First) street, from Lexington avenue to Glenwood avenue.

Adopted by the following vote:
Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Meade, Judson, Wilson, Reichenberger—19.
The final ordinance for Cottage street

cement walks came up and on motion of Ald. Wilson action was postponed two weeks.

The Clerk reported that the ballot of the Board had been cast for the following named persons and they were duly declared appointed Commissioners of Deeds: Andrew Carle, M. E. Cooper, William Charles Hammond, Andrew Ludolph, W. O. Marshal and P. B. Smith.

MISCELLANEOUS BUSINESS.

By Ald. Tracy—Whereas, On July 13, 1899, the managers of the Lake Ontario and Bay of Quinte Steamship Co. tendered to the Common Council of the City of Rochester a complimentary excursion to Port Hope and return, thus giving them a delightful trip upon the waters of "Blue Ontario," which was gratefully appreciated by all present, and the generous and lavish entertainment and tireless efforts on the part of the management to make the trip pleasant and agreeable for all has earned for them the boundless gratitude of those who had the good fortune to be present, be it therefore,

Resolved, That the sincere and grateful thanks of this Common Council be, and they hereby are, tendered to C. F. and H. H. Gildersleeve, general managers, and to John J. Collins, agent, for the hearty welcome with which we were greeted, and the princely and elaborate hospitality with which we were received, showed that the arrangements were not carried out by an

amateur, but by a master hand in the art of entertaining, guided by comprehensive and refined intelligence of hospitality. May success crown their every effort.

To Mayor Quinlan of Port Hope and Mayor Huyck of Cobourg, who so kindly opened the portals of their hospitable cities and gave us the keys thereof, and showed us all points of interest connected therewith, and for the kindly words spoken, we extend to them the thanks of this Common Council and wish them a successful career.

To George W. Sweeney we tender our sincere thanks for his cordial invitation to attend the elaborate display of fireworks on our return from the trip, and also for his complimentary invitation to visit Ontario Beach Park for the season. "May his shadow never grow less."

Resolved, That a copy of these resolutions be sent to the gentlemen named who so kindly contributed to our pleasure on that occasion.

Adopted by a rising vote.

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—19.

By Ald. Tracy—Resolved, That the Rochester Gas and Electric Company be, and hereby is, directed to replace the gas light removed from Plymouth avenue between Edinburgh and Glasgow street.

Ald. Ford moved to amend the resolution by adding that enquiries be made as to who authorized the removal of the lamp originally placed there. Adopted.

The resolution as amended was then adopted.

By Ald. Rauber—

July 14th, 1899.

To the Honorable, the Common Council of the City of Rochester :

Gentlemen—The amount of interest due on the East Side Trunk Sewer bonds July 1st was \$16,125.00.

Will you kindly give me the necessary authority to make the city's note for this amount, as there is no money available for that purpose ?

Yours respectfully,

S. B. WILLIAMS, Treasurer.

Ordered received, filed and published.

July 14th, 1899.

By Ald. Rauber—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue under authority of chapter 347 of the laws of 1890, as amended by chapter 74 of the laws of 1892, the city's note or notes for an amount not exceeding sixteen thousand, one hundred twenty-five dollars (\$16,125.00); said note or notes to be issued for a period not exceeding three months, to be negotiated under the direction of the Finance Committee of the Common Council, and countersigned by the chairman thereof; interest or discount to be charged to the East Side Trunk Sewer Fund and the proceeds to be credited to the East Side Trunk Sewer Fund for the purpose of paying the interest on the East Side Trunk Sewer bonds, which was due July 1st, 1899.

Adopted by the following vote :

Ayes—Ald. Tracy, Calihan, Ford, Rauber, Edelman, Beard, Selye, Ward, Steele, Ritz, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—16.

John F. Kinney, Corporation Counsel :

My Dear Sir—Enclosed please find a cer-

tified copy of the findings of the Coroner's Jury, in the matter of Frank J. Klee. Will you kindly give the matter your attention and see that it is properly placed before the Common Council.

Yours respectfully,
HENRY KLEINDIENST,
Coroner Monroe Co.

Ordered received, filed and published.

By Ald. Edleman—
State of New York, Monroe County, City of Rochester, ss.

Inquisition taken at the Morgue, 89 Allen street, in the city of Rochester, county of Monroe, New York, on the 3d and 5th days of July, 1899, before Henry Kleindienst, one of the coroners of said county, upon view of the body of Frank J. Klee, then and there lying dead or upon the oath of twelve persons qualified by law to serve as jurors, who were duly summoned to inquire into the cause of the said death of Frank J. Klee.

And said jurors being by said coroner first duly sworn to inquire who the said person was, and when, where and by what means he came to his death, and into the circumstances attending such death, and to render a true verdict thereon, according to the evidence offered to them or arising from the inspection of the body.

Now after inspecting the said body and hearing the testimony, the said jurors, upon their oaths aforesaid render their verdict and hereby certify it accordingly that Frank J. Klee came to his death on the day of July 2, 1899, from shock, due to an electrical current received by coming accidentally in contact with a defective converter, an electrical appliance, situated on the rear of the building occupied by Higgins & Almstead, No. 48 North Water street. We would recommend to the Common Council of the City of Rochester, that a city electrician shall be appointed whose duty shall be to remove all dead wires, see that all necessary wires are properly insulated and to give police and firemen proper instructions for their safety, in performance of their respective duties.

In witness whereof, the said jurors aforesaid have to this inquisition set their hands this 5th day of July, 1899.

Rochester, N. Y., July 17, '99.

I, Henry Kleindienst, one of the coroners of Monroe county, hereby certify that the within is a true copy of the verdict of the jury in the matter of Frank J. Klee.

HENRY KLEINDIENST.

Subscribed and sworn to before me this 17th day of July, 1899.

FRANK X. DRAUDE,
Commissioner of Deeds.

Referred to the Committee on Lamps and Electricity.

By Ald. Beard—

Rochester, N. Y., July 18, 1899.

To the Honorable, the Common Council:
Gentlemen—A meeting of about 100 junk dealers was held during the past week to protest against those provisions of the junk dealers' ordinance relating to license fees.

A committee was appointed to present the views of the junk dealers and a resolution was adopted praying for a hearing before the proper committee of your honorable body.

As attorney for the persons who attended said meeting I respectfully ask that the junk dealers' ordinance be referred to the Law Committee and a hearing be given the persons interested in the matter.

Respectfully,

E. J. DWYER.

Ordered received, filed and published.

By Ald. Beard—Resolved, That the junk dealers ordinance be referred to the Law Committee and that a hearing be given the junk dealers regarding its provisions.
Adopted.

By Ald. Ward—Resolved, That the Rochester Gas and Electric Company be, and they are hereby, directed to place an arc electric lamp on Clifton street, near Prospect street. Referred to the Committee on Lamps and Electricity and City Engineer.

By Ald. Steele—Whereas, The members of this Council have learned of the death of Miss Kittie B. Williams, the only daughter of our esteemed City Treasurer; therefore, be it,

Resolved, That this Council hereby tenders its sympathies to Mr. Williams in his bereavement, and that the Clerk send a copy of this resolution to him.

Unanimously adopted by a rising vote.

By Ald. Pauckner—Resolved, That the City Engineer be and hereby is directed to prepare an ordinance for the sprinkling of Benton street, from Meigs street to South Goodman street. Adopted.

By Ald. Judson—

Rochester, N. Y., July 17, 1899.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—The Rochester Railway Company hereby makes application for the right to construct, operate and maintain a street surface railway for public use, on, through and over the hereinafter named streets, such railway to consist of a single or double track, with such switches, sidings, poles, wires and appliances as may be necessary for the proper and convenient operation of said railway by electricity, upon the following streets: Commencing at the intersection of East Main and Culver streets; thence southerly along Culver street to University avenue.

Respectfully submitted,

Rochester Railway Company,

By GEO. G. MOREHOUSE, Secretary.

Ordered received, filed and published.

By Ald. Judson—Whereas, The Rochester Railway Company has duly made application in writing to the Common Council of the City of Rochester for the right to construct, operate and maintain a street surface railway, such railway to be single or double track at the option of the company; together with the right to erect and maintain the necessary poles, wires and appliances to enable such railroad to be operated with electricity as a motive power. Beginning at the intersection of East Main and Culver streets; thence southerly along Culver street to University avenue.

Now, therefore, the time and place where this Board will first consider said applica-

tion is hereby fixed for the meeting of this Board to be held on the 15th day of August, 1899, at the Common Council chamber in the City Hall Building, at 7:30 o'clock p. m., at which time and place all persons interested are requested to attend. It is further,

Resolved, That the City Clerk be, and hereby is, directed to publish the notice of such application and the time and place when the same will be considered in two daily newspapers, commencing July 19, 1899, and for fourteen days thereafter. Adopted.

By Ald. Wilson—Resolved, That the Executive Board be and they are hereby directed to negotiate for the land necessary for widening Snyder street as per final ordinance No. 7,834. Adopted.

By Ald. Reichenberger—
Rochester, N. Y., July 18, 1899.
To the Hon. the Common Council of the City of Rochester, N. Y.:

Gentlemen—The undersigned intends opening a street in the Twentieth ward of the city from West avenue, south to Chili avenue, and situated nearly south of Colvin street, and respectfully requests permission to place therein at his own expense a cast iron water pipe and the necessary appurtenances thereto, connecting the same with the city's domestic system of water pipes in Chili and West avenues, the cost thereof to be returned to him without interest, whenever there are funds applicable therefor not otherwise appropriated.

J. C. O'BRIEN.

Ordered received, filed and published.

By Ald. Reichenberger—Resolved, That the Executive Board be, and it is hereby authorized and directed to cause to be laid in a street to be opened by the above named petitioner in the Twentieth ward of the city between West avenue and Chili avenue, and situated nearly south of Colvin street. A four (4) inch cast iron water pipe and appurtenances connecting the same with the city distribution system, upon the above named petitioner paying into the Executive Board the estimated cost of such construction; the amount thus advanced to be repaid to said petitioner without interest whenever there are funds applicable therefor not otherwise appropriated. Adopted.

The chairman announced the following committee in relation to the collection of assessments on street improvements: Ald. Steele, Edelman and Casey.

On motion of Ald. Ford the Board then adjourned.

PETER SHERIDAN,
City Clerk.

In Common Council, August 1, 1899.

REGULAR MEETING.

Ald. J. Miller Kelly, President of the Board, presiding.

Present—Ald. Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Steele, Kelly, Ernst, Meade, Judson, Wilson, Reichenberger—16.

Absent—Ald. Tracy, Ward, Ritz, Pauckner—4.

APPROVAL OF MINUTES.

The Clerk asked permission to correct the proceedings by changing the vote of Ald. Ward on bicycle ordinance from the affirmative to the negative. Granted.

The minutes of the preceding meeting were then approved as published in the Book of Proceedings.

RESOLUTIONS.

By Ald. Rauber—Resolved, That the City Engineer be and hereby is requested to establish the street and sidewalk grades on Fien place. Adopted.

By Ald. Casey—Resolved, That the City Engineer be and he hereby is directed to prepare an ordinance for walks in Jones square. Adopted.

By Ald. Mead—Whereas, Application has been made to the Common Council, which has been referred to the Law Committee for the purpose of amending the ordinances of the city of Rochester in relation to junk dealers and it has been impossible to procure a meeting of the Law Committee for the purpose of considering the same and making report thereon; therefore be it

Resolved, That the operation of said ordinances of the city of Rochester in relation to junk dealers, passed April 14, 1896, be suspended for the period of four weeks from this date. Adopted.

Office of Executive Board,
Rochester, N. Y., August 1, 1899.

To the Common Council:

Gentlemen—In accordance with a resolution adopted by your honorable body at a meeting held July 5, 1898, which directed the Executive Board to construct a retaining wall, do the necessary grading and provide a suitable and safe railing on each side of the roadway on Clarissa street from Exchange street to the river bridge, exclusive of the part to be done by the Erie railroad in accordance with the plans and specifications of the City Engineer; the expense therefor, to be paid from the Contingent Fund, I beg leave to submit the final estimate for said work as follows:

B. P. Smith \$1,674 64

Respectfully,
CHAS. M. BEATTIE, Clerk.

By Ald. Mead—Resolved, That the City Clerk be and hereby is directed to draw an order on the City Treasurer, payable from Contingent Fund, for \$1,674.64 in favor of B. P. Smith, being for the final estimate for the construction of retaining walls on Clarissa street, at the Erie Railway crossing, as per resolution of July 5th, 1898.

Adopted by the following vote:
Ayes—Ald. Ford, Green, Rauber, Adams, Edelman, Beard, Eteele, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—13.
Nay—Ald. Selye—1.

By Ald. Judson—Whereas, a majority of the property owners on University avenue from Crouch avenue to Culver street have duly petitioned that a suitable water main be laid in said portion of said avenue, and

Whereas, The laying of such main is made necessary on account of the drainage of the wells by the recently completed sewer in said avenue; therefore,

Resolved, That the Executive Board be and it is hereby directed to cause an eight-inch cast iron water main and the necessary appurtenances thereto, to be laid in said portion of University avenue at an estimated cost of \$1,650.00, and charge the actual expense thereof to the Water Pipe Fund, provided that a sufficient balance be found in said fund at the close of the present season; and in case that no such balance exists then the City Treasurer is hereby authorized to procure the necessary sum for the payment of said work by issuing the city's note for the required amount under the direction of the Finance Committee.

Adopted by the following vote:
Ayes—Ald. Ford, Green, Rauber, Adams, Edelman, Beard, Steele, Kelly, Ernst, Mead,

Judson, Wilson, Reichenberger—13.
Nay—Ald. Selye—1.

By Ald. Ernst—Resolved, That the superintendent of the police telegraph system and the operators thereof be granted a vacation of ten days each, with pay, the times of such vacations to be arranged by the superintendent of the police telegraph system. Adopted.

COMMUNICATION FROM THE MAYOR.

By the Clerk—

Mayor's Office, July 24, 1899.

To the Common Council of the City of Rochester :

I hereby return without my approval final ordinance No. 7,338 for Dewey avenue embellishment, for the following reasons:

This ordinance calls for the expenditure of five thousand dollars for the erection of two stone pedestals within the limits of the avenue, and the placing on each of said pedestals a cannon. One of the cannons is the property of Hon. O. F. Williams, not having been presented to the city by him. I have no doubt but that Mr. Williams intends to present this cannon to the city, but believe he would like to say where the same should be placed. The ordinance is rather premature.

Moreover, the location is not the best possible. These cannons have been presented or loaned to the city. They should be centrally located in a public park and the expense of erecting them borne by the city at large.

The proposed expenditure would work an injustice to the taxpayers on Dewey avenue. The erection of the pedestals and the placing of the cannons on them would not increase the valuation of property on this avenue a single dollar. It is not like the case of a sewer or pavement from which lot holders receive some benefit. Ordinances of this kind should not be adopted without the unanimous consent of all the property holders.

Respectfully yours,
GEORGE E. WARNER, Mayor.

On motion of Ald. Edelman, action postponed two weeks.

Respectfully,

CHAS. M. BEATTIE, Clerk.

Ordered received, filed and published.

By Ald. Rauber—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to pay the above named contractors, their legal representatives or assigns, the amounts set opposite their respective names, said amounts having been retained by the city of Rochester as security given by said contractors for the repair and maintenance of said improvements, the guaranty periods having expired and the Executive Board having reported the same in good order. Adopted.

Office of the Executive Board,
Rochester, N. Y., August 1, 1899.

To the Common Council :

Gentlemen—The Executive Board, pursuant to resolution adopted by your honorable body, requested the owners of the property which it is proposed that the city shall acquire for the crossing at Maple street, of the N. Y. C. & H. R. R. Co. and the B., R. & P. Ry., under ordinance No. 7,201, to appear before this board and state what sums they would accept for their respective parcels of land.

All of the parties interested appeared and gave prices which, in a few cases, were reasonable, while others held their property at figures which this Board does not feel justified in recommending for acceptance.

I am therefore directed by the Executive Board to ask that the matter be referred to the Corporation Counsel, with instructions to institute condemnation proceedings to acquire such land.

Respectfully,

CHAS. M. BEATTIE, Clerk.

Referred to the Corporation Counsel.

By the Clerk—

Office of Executive Board,
Rochester, N. Y., Aug. 1, 1899.

To the Common Council :

Gentlemen — Pursuant to a resolution adopted by your honorable body requesting the Executive Board to negotiate with the owner of the land which it is proposed to acquire by the widening of Snyder street, I beg leave to report as follows :

The owner of the land, Mr. Chas. H. Wiltzie, submitted as his price the following : \$450.00, subject to all liability for improvement of asphalt and otherwise in front of said land; viz, a strip 25 feet wide and about 60 feet long.

The Executive Board is of the opinion that the above is reasonable and I am directed by said Board to recommend to you that the same be accepted.

Respectfully,

CHAS. M. BEATTIE, Clerk.

Ordered received, filed and published.

By Ald. Wilson—Resolved, That the proposition of Chas. H. Wiltzie for land necessary for widening Snyder street, recommended for acceptance by the Executive Board be and it is hereby accepted and that upon a certificate of the Corporation Counsel that proper conveyances have been made and delivered with other papers that may be required by him, the City Clerk be authorized to draw an order payable from the Contingent Fund in favor of Chas. H. Wiltzie for the sum of \$450 and charge said amount to said fund, to be reimbursed from the funds for the widening of Snyder street, when created.

Adopted by the following vote :

Ayes—Ald. Callihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Steele, Kelly, Ernst, Mead, Judson, Wilson, Reichemberger—15.

By the Clerk—
 Rochester, N. Y., Aug. 1, 1899.
 To the Honorable the Common Council :
 Gentlemen—I desire to call your attention to the fact that in the action brought by the City of Rochester against the Lehigh Valley Railroad Company, The Rochester and Southern Railroad Company and Bernard P. Smith, defendants, demurrers were interposed on behalf of the defendants, the Lehigh Valley Railroad Company and Bernard P. Smith, by Satterlee, Yeoman & Taylor, their attorneys.

The issues raised upon the demurrers were tried before Hon. John M. Davy, justice of the Supreme Court, on the 30th day of June, 1899, and on the 20th day of July, 1899, a judgment was entered upon a decision rendered by Justice Davy, sustaining the demurrers and dismissing the complaint, and taxing costs against the city in the sum of \$46.34.

The action is still pending as to the Rochester and Southern Railroad Company.

The court by its decision did not permit the city to amend its complaint. It therefore becomes incumbent upon the Common Council to authorize me to take some steps in relation to this matter, as to whether or not an appeal shall be perfected, or what steps shall be taken in relation thereto. I would therefore respectfully request that the matter be referred to the Law Committee, as the time in which to appeal said action expires on the 19th day of August, 1899.

All of which is respectfully submitted.
 JOHN F. KINNEY,
 Corporation Counsel.

Referred to the Law Committee.

S. B. WILLIAMS, Treasurer.
 Subscribed and sworn to before me this 1st day of August, 1899.

J. F. BUCKLEY,
 Commissioner of Deeds.
 Ordered received, filed and published.

By the Clerk—
 Police Commissioners' Office,
 July 31, 1899.

To the Honorable, the Common Council of the City of Rochester :

Gentlemen—During the month of July, 1899, the total amount of moneys received from fines, etc., as shown by the itemized report of this date, was \$48.05.

The total receipts for the Police Pension Fund was \$172.35.

Respectfully submitted,
 RICHARD CURRAN,
 Police Clerk.

Ordered received, filed and published.

By the Clerk—

To the Honorable Common Council :

Gentlemen—By a resolution of the civil service commission, I am directed to inform you that, while the commission has certified the names of Charles Greenauer, H. H. Bloomer, Martin Stroble, Charles R. Burke and Harry Copeland for the July pay roll, we do so without any prejudice to our rights to refuse to certify their names upon future pay rolls, and we would respectfully request from the Common Council further information as to the duties of their office and as to the legality of their appointment.

We also desire to notify the Council that hereafter all laborers and charwomen must be appointed and employed from the registered list in our office, or else we will be compelled to refuse to certify their pay roll.

Very respectfully yours,
 ALEXANDER OTIS, Secretary.

Referred to the Finance Committee.

By the Clerk—

July 29, 1899.
 To the Honorable, the Common Council of the City of Rochester, City :

Gentlemen—Pursuant to a request of your Map and Survey Committee, I herewith certify the following names for appointment as chainmen: William J. Marks, 55 Hand street; Arthur L. Vedder, 236 State street, and Charles R. Burke, 133 Lake avenue.

Very truly yours,
 ALEXANDER OTIS.

Ordered received, filed and published.

By the Clerk—

To the Common Council of the City of Rochester :

Gentlemen—At the meeting of the council held the 18th of July the undersigned were appointed a committee to examine and report upon what in our opinion should and could be done in order to furnish ad-

ditional school accommodations for the children of Rochester.

To learn what should be done, we have consulted with the citizens' committee appointed by the Board of Education, which, after a most careful examination of the schools, has already made a partial report to the body which appointed it. We entirely approve of their report, which shows that the sum of \$100,000 put into additional buildings would be none too much to meet the present needs, and we wish that that sum was available. But if the entire amount is not available—and upon this question we do not wish to express any opinion—we most earnestly recommend the expenditure of such part of the same as can be legally appropriated.

We have conferred with Mayor Warner, who, in recognition of the great necessities of certain of the schools, has expressed his willingness to approve of the expenditure of about \$30,000, providing it can be put where it will provide the largest possible increase in the amount of school accommodations.

In accordance with the suggestion of the citizens' committee as to the special needs, we respectfully advise the building of an addition to No. 8 school, for which land has already been bought, the estimate for the same being \$20,000; the building of the annex to No. 29, for which the land has also been secured, the estimated cost of this being about \$10,000; and for the addition either to No. 27 at a cost of \$20,000, or to No. 33, at a cost of \$15,000, or to both of them, according as may be possible with the money above mentioned, plus that now in the building fund of the Board of Education.

We further recommend that the large number of assessments for street improvements which are still uncollected should be spread upon the property wherever they are not in litigation and collected at the earliest possible moment, and that money be appropriated for the balance of the additions recently proposed as soon as same can be made available.

HENRY LOMB,
R. A. SIBLEY,
GEORGE F. YEOMAN,
JOHN DESMOND,
JOSEPH T. ALLING.

Referred to the Finance Committee.

A communication was received from Mrs. J. H. Beacham in relation to changing the name of Dubbelbeiss park. Referred to the Committee on streets and sewers.

Claims of John O. R. Wilson, Edward C. Meyer and bills of H. A. Hogel were referred to the Law Committee.

By Ald. Rauber—Resolved, That the fore-
going pay rolls and estimates of the Exec-
utive Board's Departments, having been
certified by said Board and approved by
the City Auditor and Finance Committee
be, and they hereby are, approved for pay-
ment as reported by the Finance Com-
mittee.

Adopted by the following vote :
Ayes—Ald. Calihan, Ford, Green, Rau-
ber, Adams, Edelman, Beard, Casey, Steele,
Kelly, Ernst, Mead, Judson, Wilson Reich-
enberger—15.

By Ald. Reichenberger—
August 1, 1899.

To the Map and Survey Committee:
Gentlemen—The Assessors hereby request
the appointment of four clerks to copy the
rolls of the East Side trunk sewer assess-
ment. The appointment should be made at
once.

Respectfully,
A. KAELBFLEISCH,
V. FLECKENSTEIN.

Ordered received, filed and published.
By the Clerk—
To the Honorable, the Common Council of
the City of Rochester :

Gentlemen—Your Map and Survey Com-
mittee beg leave to submit the following
report and recommendations: We have re-
ceived a communication from the City As-
sessors asking for the appointment of four
clerks to copy the assessment rolls for the
East Side Trunk Sewer. It is important
that this work be not delayed. We there-
fore recommend that the request be grant-
ed and that the appointments be made
from the civil service list for a period not
exceeding sixty days, at salaries of \$2 per
day each.

The City Engineer also advises us that
Mr. J. W. Sims, second draughtsman, has
resigned, and that he has assigned Mr. H.
S. Judson, third draughtsman to the va-
cant position and Mr. F. L. Pearce, fourth
draughtsman, to the position occupied by

Mr. Judson. We recommend that the fore-
going assignments be approved. With ref-
erence to the vacancy caused by said res-
ignation, the City Engineer advises us that
the vacancy existing will be temporarily
filled by the transfer of one of the daughts-
men from the Fifteenth and Sixteenth old
wards survey.

Respectfully submitted,
W. REICHENBERGER,
STEPHEN RAUBER,
LEWIS EDELMAN,
CHAS. H. JUDSON,
JAS. H. CASEY,
W. ERNST,
Map and Survey Committee.

By Ald. Reichenberger—Resolved, That
the vacancy in the position of second
draughtsman due to the resignation of J.
W. Sims to accept employment elsewhere
be filled by promoting H. S. Judson, third
draughtsman, to the vacant position, and
that F. L. Pearce, fourth draughtsman, be
advanced to the position now held by H.
S. Judson. Adopted.

By Ald. Reichenberger—Resolved, That
in accordance with the provisions of Chap-
ter 585 of the Laws of 1898, relating to the
East Side Trunk Sewer and in compliance
with the request of the City Assessors, the
Map and Survey Committee be authorized
to designate four persons from the civil
service list to serve as clerks, for a
period of not more than 60 days, at a sal-
ary of \$2 per day, to copy and extend
the East Side Trunk Sewer assessment
rolls, and report their action to this council
at the next regular meeting.

Adopted by the following vote :

By Ald. Ernst—
Rochester, N. Y., August 2, 1899.
To the Hon. the Common Council of the
City of Rochester :
Gentlemen—Your Assessment Committee
begs leave to report as follows :

In the matter of the petitions of Marcel-
lus Bauer, Sophia Kenyon, Catherine
Clarey, Henry Geck and the North Roch-
ester Savings and Loan Association, that
the same be adopted.

W. ERNST,
D. W. SELYE,
T. W. FORD,

Ordered received, filed and published.
W. C. GREEN,

Assessment Committee.
By Ald. Ernst—Resolved, That the City
Treasurer credit the sum of \$16.64 upon the
general city taxes for 1899 against lot 41
situated on Sheridan park, owned by Henry
Geck, the same being for a reduction of said
taxes because of the exemption allowable
by reason of the fact that said lot has been
partially paid for with pension money; and
charge the same to erroneous assessments.
Adopted.

By Ald. Ernst—Resolved, That the North
Rochester Savings and Loan Association
be allowed to pay the face of the general
city taxes against lots 10 and 12 of Streb's
subdivision, on Terhaar park, for 1896; and
the general city taxes against lot 19 for the
years 1893 to 1898 inclusive, at the rate of
6 per cent. per annum, together with the
necessary costs and expenses, and charge
the balance to erroneous assessments.
Adopted.

By Ald. Ernst—Resolved, That Marcellus
Bauer be allowed to pay the face of the
general city taxes against lot 61 of the

Minges subdivision of the Smith tract, on Hanover street, for the years 1891, 1893 and 1894 at the rate of 6 per cent. per annum, together with the necessary costs and expenses, and that the balance be charged to erroneous assessments. Adopted.

By Ald. Ernst—Resolved, That Sophia S. Kenyon be allowed to pay the face of the general city taxes against lot 13, Meng's subdivision, on Melville park, for the years 1893 to 1898, inclusive, at the rate of 6 per cent. per annum, together with the necessary costs and expenses, and that the balance be charged to erroneous assessments; also, that the city treasurer cancel the taxes for 1899 on said lot, and charge the same to erroneous assessments. Adopted.

By Ald. Ernst—Resolved, That the City Treasurer cancel the general city tax for 1899 against lot 42, situated on the north side of Webster street, and owned by Catherine Clare, the same being exempt from taxation because purchased with pension money and charge the same to erroneous assessments. Adopted.

By Ald. Edelman—
Rochester, N. Y., July 18, 1899.
To the Honorable the Common Council:
Gentlemen—Your committee on Lamp and Electricity would respectfully report as follows:

In relation to the communication of Mr. Whalen, one of the members of the Executive Board and in charge of the Fire Department, bearing date November 22, 1898, and referred to your committee by the Common Council, upon the subject of dead wires strung about the city and the source of danger therefrom unless removed; and in which communication it appeared that there is no superintendent of the fire alarm telegraph system in the city, and by which it appeared that the matter of the stringing of wires, etc., within the city is entirely within the control of the Common Council, your committee would report as follows:

That since said communication was received, there has been presented to your committee a certified copy of the verdict of the coroner's jury in the case of Frank J. Kleuh, who was killed July 2, 1899, by a shock due to an electric current caused by coming in contact with a defective converter; and that said coroner's jury recommended that the common council appoint a city electrician whose duties shall be to remove all dead wires, see that all necessary wires are properly insulated, and to give policemen and firemen proper instructions for their safety in the performance of their respective duties.

Your committee has carefully considered this matter and deems that the same is a matter of great public importance not only to the city but to the people thereof; and would therefore recommend to the common council for its adoption, pursuant to the provisions of subdivision 7 of section 40, the annexed rules and regulations in relation to the control, erection, construction, laying, stringing, maintaining and removing of all wires, cables, poles, conduits and subways upon, over and under the streets, avenues, lanes, squares, parks, bridges, aqueducts and public places within said city.

All of which is respectfully submitted.
LEWIS EDELMAN,
CHARLES P. MEAD,
W. H. TRACY,
D. W. SELYE,
M. B. ADAMS.

Committee on Lamp and Electricity.
Ordered received, filed and published.

By Ald. Edelman—Resolved, That the Common Council of the City of Rochester has power to regulate and control the erection, construction, laying, stringing, maintaining and removing of all wires, cables, poles, conduits and subways upon, over and under the streets, avenues, lanes, squares, parks, bridges, aqueducts and public places within said city.

Resolved, That no wire shall be laid, strung and maintained, and no cables strung, laid or maintained, and no conduits or subways constructed, and no pole or poles erected or placed in and upon the streets, avenues, lanes, squares, parks, bridges, aqueducts and public places within the city of Rochester without first having received permission therefor from the Common Council of the City of Rochester.

Resolved, That before permission be granted to any person or corporation to erect, construct, lay, string or maintain any wires, build or construct any conduits and subways, place any poles upon, over and under the streets, avenues, lanes, squares, parks, bridges, aqueducts and public places within the city, application therefor shall be made to the Common Council, which shall be referred to the superintendent of the police telegraph system, who shall examine into the same and make a report upon such application, and that no action shall be taken under said application by said person or corporation until such permission shall be granted by the Common Council.

Resolved, That the superintendent of the police telegraph system be, and he is hereby, instructed to investigate and ascertain as to all wires constructed, erected, strung and maintained upon, over and under the streets, avenues, lanes, squares, parks, bridges, aqueducts and public places within the city, and not in use, and as to the advisability of the removal of all wires known as "dead wires" and not in use within and upon such streets, avenues, lanes, etc., within the city of Rochester, and make report to the Common Council thereon.

Adopted.

REPORT OF THE LAMP COMMITTEE.

Adopted.

WARNER STREET CEMENT WALK.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of Portland cement walks on Warner street.

Adopted.

The Engineer submitted as such estimate, \$2,000.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The construction of a Portland cement walk 5 feet wide on each side of Warner street, from Lyell avenue to Otis street, except where good flag or cement walks now exist, which may be relaid if not conforming to the proper grade and alignment;

also the necessary sidewalk grading.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$2,000, which, being deemed reasonable, is hereby approved.

Resolved, Further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit :

One tier of lots and parcels of land on each side of Warner street, from Lyell avenue to Otis street.

BRIGHTON STREET PAVEMENT.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of improving Brighton street.

Adopted.

The Engineer submitted as such estimate, \$13,000.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz :

The improvement of Brighton street, from Meigs street to Oxford street (except at the crossing of Rowley and Goodman street), by the construction of a trap rock Macadam pavement therein. Also the construction of a Medina stone curb 6 inches wide on each side thereof, properly connected with all streets, alleys and driveways. The width between curbs shall be generally 25 feet, from Meigs to Goodman streets, and 27 feet from Goodman to Oxford streets. The pavement may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the Executive Board and City Engineer it is necessary in order to make a complete improvement. Also the construction of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair or rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment to grade of the sidewalks.

The pavement shall be guaranteed and kept in repair for five years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement.

Also the construction of the necessary street laterals within the limits of the pavement.

Also the construction of the necessary main sewers of suitable form and dimensions from Goodman street to Oxford street.

And, the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$13,000, which being deemed reasonable, is hereby approved.

Resolved, Further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be assessed for and will be benefited by such improvement, to wit :

One tier of lots and parcels of land on each side of Brighton street, from Oxford street to Meigs street.

Adopted.

PLYMOUTH AVENUE CEDAR BLOCK PAVEMENT. (SUPPLEMENTAL.)

By Ald. Wilson—

Whereas, The Common Council on December 15, 1891, adopted a final ordinance, known as final ordinance No. 4,562, for the improvement of Plymouth avenue from the Western New York & Pennsylvania railroad bridge to Spring street, by the construction of a red cedar block pavement with necessary curbing, etc., and

Whereas, It appears that a greater sum of money than was originally assessed for said improvement has been expended for the benefit of the same property originally assessed, to wit, the sum of \$10,884.75, for cedar block paving on concrete foundation, new curb and redressing and resetting old curb, four stone posts, 12-inch coping around Plymouth park, relaying crosswalks and the repair of surface sewers.

Therefore, Resolved, That the cost of such work, to wit, \$10,884.75, be assessed upon the following territory, which this Council deems benefited thereby :

One tier of lots and parcels of land on each side of Plymouth avenue from the Western New York & Pennsylvania railroad bridge near Clarissa street to Spring street, including a tier of lots and parcels of land fronting on the roadway running through or around Plymouth park, including lands owned or held by the City of Rochester.

Adopted.

FINAL ORDINANCES.

By the Clerk—

City Clerk's Office,

Rochester, N. Y., Aug. 1, 1899.

To the Honorable, the Common Council of the City of Rochester :

Gentlemen—I do hereby certify that a notice, such as is required by section 172 of the city charter, specifying each of the improvements contemplated by the following final ordinances, the estimated expenses thereof, the amount, if any, of such expenses to be paid from the public treasury, the portion or part of the city to be assessed for the remainder of the expenses and requiring all persons interested in the subject matter of the improvement to attend at the time appointed in such notice, was published daily for four days in two daily newspapers printed in this city, namely the Rochester Herald and the Union and Advertiser.

Respectfully submitted,

PETER SHERIDAN,

City Clerk.

Received, filed and published.

FINAL ORDINANCE NO. 7,841.

BENTON STREET (SEC. 2) SPRINKLING.

On motion of Ald. Wilson, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to sprinkle Benton street (Sec. 2), from Meigs street to Goodman street, and after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, viz.:

The sprinkling of Benton street (Sec. 2), from Meigs street to Goodman street, during the season of 1899;

Excepting therefrom such portion thereof not exceeding three feet in width on each side of the street as the Executive Board deems advisable for a Bicycle Path.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$54.00, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the City which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Benton street, from Meigs street to Goodman street.

COMMUNICATIONS FROM THE MAYOR.

By the Clerk—

Mayor's Office, August 8, 1899.

To the Common Council of the City of Rochester:

I hereby return without my approval the resolution adopted at your meeting of August 1, 1899, granting to the superintendent and operators of the police telegraph system a vacation of ten days, for the following reasons:

The police telegraph system and all the employees are under the control of the Board of Police Commissioners, and the Common Council has not the slightest authority to pass any resolution in regard to the appointment, removal or vacation of the employees. It therefore exceeds its authority in passing the resolution in question.

Respectfully yours,

GEORGE E. WARNER,

Mayor.

On motion of Ald. Rauber referred to the Law Committee.

By the Clerk—

Mayor's Office, August 7, 1899.

To the Common Council of the City of Rochester:

I hereby return without my approval the resolution adopted at your meeting of August 1, 1899, requiring all applications for permission to string wire and to construct subways and conduits to be referred to the superintendent of the police telegraph system, and also requiring the said superintendent to investigate and ascertain as to all wires not in use, and as to the advisability of removing all dead wires in the city, for the following reasons:

Mr. Miller, in his action against the Board of Police Commissioners, based his right to maintain the same upon the claim that the Common Council was the only body which had the right to appoint him to office, and that the Board of Police Commissioners had no control over him. The special term sustained him in his claim, holding that the Common Council had control, and that Mr. Miller was an officer of the city by virtue of an appointment from that body.

On appeal the Appellate Court wholly reversed this decision, holding that Mr. Miller was not an officer of the city, but solely an employee of the Board of Police Commissioners. The action will be tried at the September Equity Term and finally disposed of. From the decision of the Appellate Court it will be found that Mr. Miller is still only an employee of the Police Board, and the Common Council has no right to assign to him the additional duties required of him under this resolution without the consent of the Board of Police Commissioners.

The resolutions of the Common Council heretofore adopted taking away from the Police Board the management and control of the police telegraph system and the operators and transferring the same to the Common Council and transferring from the police fund the money required to pay the expense of the operators of the police telegraph system to the Common Council, were in due time disapproved by me. Those vetoes have never been acted upon, and the resolutions are therefore ineffective for any purpose. The system is now under the control of and the money still belongs to the Police Commissioners.

I am informed that a short time ago Mr. Miller asked the City Property Committee for an assistant to help him perform the duties of the police telegraph system, claim-

ing that he was unable to perform all the duties required. It is now proposed to give him in addition absolute control over all the conduits, subways and wires of the city, and to ascertain as to all dead wires, and look after the removal of the same. His time being all required to perform the duties of the police telegraph system, I fail to see how he will find any time to devote to the new duties required by this provision.

The resolution does not provide for any additional salary, neither is any provision made for extra help. The resolution does not say this work is to be done free of charge. Information should be given by the committee having this matter in charge as to the cost of carrying the resolution into effect.

If a necessity actually exists for some one to look after the wires and conduits, then as Mr. Miller's time is all needed now in the performance of his present duties, the services required to be performed by this resolution should be performed by a thoroughly practical man, one who knows when there is anything wrong with the wires and conduits, and if they are wrong, knows how to remedy the defects existing.

Respectfully yours,

GEORGE E. WARNER,

Mayor.

COMMUNICATIONS AND REPORTS FROM OTHER CORPORATION OFFICERS, BOARDS AND DEPARTMENTS.

By the Clerk—

August 15th, 1899.

To the Common Council:

Gentlemen—Pursuant to a resolution adopted by your honorable body directing the Executive Board to negotiate with the owners of the land, which it is proposed to acquire for the extension of Kugraff street, I am directed by the Executive Board to report that all of the parties interested appeared and stated what sums they would accept for their respective parcels one of which, in the opinion of this Board is excessive.

The Executive Board, therefore, does not feel justified in recommending said proffers for acceptance.

Respectfully,

CHARLES M. BEATTIE,

Clerk.

On motion of Ald. Kelly action postponed two weeks.

By the Clerk—

August 15th, 1899.

To the Common Council:

Gentlemen—In accordance with a resolution adopted by your honorable body at a meeting held March 14th, 1899, which directed the Executive Board to make repairs to and pave the surface of North Clinton st., from the N. Y. C. & H. R. R. R., to the north line of Clifford street, between the tracks, the rails of the tracks and for two feet in width outside of the tracks, providing said Rochester Railway Company neglected to make such repairs within thirty (30) days from notice to do so, I am directed by the Executive Board to report as follows:

Pursuant to said instruction, this Board advertised May 18th, 1899, as the day for the letting of the work, and the contract was accordingly awarded to Messrs. Brayer & Albaugh who entered upon said work immediately.

The City Engineer has submitted to this Board a partial estimate No. 1, for the ma-

terial furnished and work done to July 29th, 1899, amounting to \$4,700.00, which amount is now due said contractors.

The Executive Board, therefore, respectfully refers the voucher for said amount to your honorable body for payment.

Respectfully,
CHARLES M. BEATTIE,
 Clerk.

To the Honorable, the Common Council :

Gentlemen—I have the honor to report that in accordance with the resolution adopted by your honorable body at its last regular meeting, that the superintendent of police telegraph system be instructed to investigate and report as to all wires constructed, erected and maintained upon, over and under the streets, avenues, lanes, squares, parks, bridges, aqueducts and public places in the city, and as to the advisability of the removal of all wires, known as dead wires, would respectfully report, that I find that there is in this city about one hundred and twenty-five miles of dead wire which no one will acknowledge the ownership of, and which are a menace to the lives and property of the citizens of Rochester, and which should be removed at once.

I would also call your attention to the fact that there are live wires which are now in a dangerous condition, both as to insulation and construction. These should also be attended to. I have also investigated the different transformers and find that some should be removed to move secure and safe positions, to insure better protection to life and property, and the defective ones removed and replaced by those which are safe. I am arranging a system of inspection which will be thorough in every respect, and shall be able to report from time to time further investigations and shall endeavor to make such recommendation as shall benefit and protect the lives and property of citizens.

Respectfully yours,
LOUIS W. MILLER,

Superintendent Police Telegraph.

JAS. H. CASEY,
J. C. WILSON,
Finance Committee.

Adopted.

By Ald. Casey—
Rochester, N. Y., Aug. 14, 1899.
To the Hon. the Common Council :

Gentlemen—Your Law Committee begs leave to report as follows :

In relation to the application of the junk dealers of the City of Rochester, for an amendment to the penal ordinance relating to their business and the license fees attached thereto, your committee would report that they have given said dealers a hearing and thoroughly considered all matters relating to the said application and the business of said dealers, and herewith submit for consideration and adoption by the Common Council, an amended ordinance in accordance with the request of the said dealers.

In respect to the communication of the corporation counsel, dated August 1, 1899, relating to the action commenced by the city against the Lehigh Valley Railroad Co., and others, in which action demurrers to the complaint as to the defendants the Lehigh Valley Railroad Co., and Bernard P. Smith have been sustained and judgments entered thereon, your committee would report that they have considered said matter and would recommend that an appeal be taken from said judgments to the Appellate Division of the Supreme Court of the State of New York, and that the Corporation Counsel be authorized and directed to take such appeal.

All of which is respectfully submitted,
JAS. H. CASEY,
WM. REICHENBERGER,
D. W. SELYE,
W. ERNST,
JOHN M. STELLE,
Law Committee.

Ordered received, filed and published.

By Ald. Casey—Resolved, That the Corporation Counsel be and he hereby is authorized and directed to appeal from the judgments entered in the clerk's office of the County of Monroe, on or about the 20th day of July, 1899, sustaining the demurrer as to the defendants the Lehigh Valley Railroad Co., and Bernard P. Smith in the action brought by the city against said defendants and others. Adopted.

By Ald. Casey—

Section 2 of the penal ordinance of the City of Rochester relating to Junk Dealers, passed April 14, 1896, is hereby amended as follows :

Sec. 2. The Mayor of the City of Rochester may grant to any person a license to carry on the business of buying, selling and dealing in junk, rags, old rope, old iron, brass, copper, tin, lead or other old metals, old bottles, old glass, old bones, old tin ware, or any second-hand articles, excepting second-hand books and furniture, as follows :

Class A—Every person, firm or corporation engaged in such business, except such persons as carry on the same with a horse and wagon, or push-cart, shall, upon the granting of such license, pay annually to the treasurer of said city the sum of twenty-five dollars, and an additional fee of five dollars for each wagon employed by him.

Class B—Every person carrying on said business by means of a horse and wagon, from house to house, shall, upon the granting of such license, pay annually to the treasurer of said city a fee of three dollars.

Class C—Every person carrying on said business by means of a push-cart, or individually, from house to house, shall, upon the granting of such license, pay annually to the treasurer of said city a fee of one dollar. Such license shall expire one year from the date of issue, and shall

not be transferred without the written consent of the Mayor, and no permit to carry on such business shall be granted by the Mayor except in accordance with the terms and conditions of this ordinance, as amended.

All ordinances and parts of ordinances inconsistent herewith are hereby repealed. This ordinance as amended shall take effect immediately.

Ald. Casey moved that rule forty-five in relation to penal ordinances be suspended. Adopted by the following vote:

Ayes—Ald. Callihan, Ford, Green, Rauber, Edelman, Beard, Casey, Selye Steele, Pauckner, Kelly, Ernst, Judson, Wilson, Reichenberger—15.

The penal ordinance relating to Junk Dealers, as amended, was then adopted, by the following vote:

Ayes—Ald. Callihan, Ford, Green, Rauber, Edelman, Beard, Casey, Selye Steele, Pauckner, Kelly, Ernst, Judson, Wilson, Reichenberger—15.

By Ald. Selye—

Rochester, N. Y., July 18, 1899.

To the Honorable the Common Council:

Gentlemen—Your Building Committee have received a certification of the following named persons from the Civil Service Commission, for clerk in the fire marshal's office:

J. P. Denniston,
James H. Severance,
Thomas Smith,

and we would recommend that James H. Severance be appointed clerk in the fire marshal's office at a salary of \$65 per month, to take effect from date.

D. W. SELYE,
J. M. STEELE,
LEWIS EDELMAN,
JOSEPH C. WILSON,
WM. PAUCKNER,

Building Committee.

Ordered received, filed and published.

By Ald. Selye—Resolved, That James H. Severance be hereby appointed clerk in the Fire Marshal's office at a salary of \$65 per month.

Said appointment to take effect July 25, 1899.

Adopted.

By Ald. Selye—

Rochester, August 9, 1899.

To the Honorable, the Common Council of the City of Rochester, N. Y.:

Gentlemen—On June 20, 1899, a petition was duly presented to your honorable body for the placing of a cast iron water main in Birr street, between Lake avenue and Burke terrace, and was referred to your committee and the Executive Board.

Your committee finds that several houses have been erected on said street, that the roadway is to be permanently improved by the construction of a trap rock macadam pavement, under final ordinance dated July 5, 1899; that the work for such construction is to be let on the 10th inst., and beg to report that it is advisable that a suitable cast iron water main, with necessary appurtenances thereto, be laid in said street before said pavement is laid.

Respectfully submitted,

FRANK J. RITZ,
D. W. SELYE,
W. REICHENBERGER,
CHAS. H. JUDSON,
WM. PAUCKNER,

Water Works Committee.

Ordered received, filed and published.

By Ald. Selye—Whereas, A petition has been duly presented by property owners on

Birr street, from Lake avenue to Burke terrace, that a suitable water main be laid in said street; and,

Whereas, The laying of such main is made necessary on account of the existence of several houses on said street, and its proposed roadway improvement; therefore,

Resolved, That the Executive Board be, and it is hereby, directed to cause a six inch cast iron water main, and the necessary appurtenances thereto, to be laid in said street, at an estimated cost of \$650.00, and charge the actual expense thereof to the Water Pipe Fund, provided that a sufficient balance be found in said fund at the close of the present season; and in case that no such balance exists, then the City Treasurer is hereby authorized to procure the necessary sum for the payment of said work by issuing the city's note for the required amount, under the direction of the Finance Committee.

Adopted by the following vote:

Ayes—Ald. Callihan, Ford, Green, Rauber, Edelman, Beard, Casey, Selye, Steele, Pauckner, Kelly, Ernst, Judson, Wilson, Reichenberger—15.

By Ald. Callihan—

Rochester, N. Y., August 15, 1899.

To the Honorable, the Common Council:

Gentlemen—Your Committee on Streets and Sewers having considered the change of street names referred to them, herewith submit the following report:

We recommend the following changes, viz.:

Crawford street, from Oakland street westerly, to be Blakeney place.

Vought street, from Frank street to State street, to be Kodak street.

Austin street, from Otis street to Bauer street, to be Sattle street.

Linnet street, from the Erie canal to Lexington avenue, to be Qualtrough street.

Respectfully submitted,

MATHIAS J. CALIHAN,
D. W. SELYE,
T. W. FORD,
W. C. GREEN,
CHAS. H. JUDSON,
WM. S. BEARD,

Streets and Sewers Committee.

Ordered received, filed and published.

By Ald. Callihan—Resolved, That the names of all streets recommended to be changed in the above be, and the same hereby are, changed to the name set opposite the same. Adopted.

By Ald. Ford:

Rochester, August 15, 1899.

To the Honorable, the Common Council:

Gentlemen—Your committee on public baths makes this, their final report: On August 4, 1899, the building was opened to the public, and since that time has been liberally patronized every day by men, women and children.

Your committee find the necessity of buying new furniture, such as tables, chairs and desks, also rubber hose, mats and other articles that must necessarily be of use in a public bath, and would recommend that an amount be appropriated for the same, as the amount originally appropriated, viz.: \$5,000, is almost exhausted, as the following figures will show:

Carpenter work	\$1,004 00
Mason work	1,510 00
Steam heating and plumbing	1,638 07
Painting	145 00

\$4,297 07

Your committee also found that extra work had to be done that was

not found in the specifications, viz.:	
Shingling part of old house,	
new cellar, window, front	
door and windows in attic.	\$154 00
Repairing cellar walls, side-	
walks, front steps, openings	
in cellar, etc., relaying old	
sidewalk and building new	
walks	219 50
Papering and painting old	
walls	65 00
New water services in street.	53 17
	491 67

Total\$4,788 74

While your bath committee is of the opinion that the architect's fees should not be taken from the original appropriation, still, if the Common Council thinks it prudent, your committee will include it in its list of expenditures, which will be \$143.66, making a grand total of \$4,932.40.

Your committee report still further that there is a large number of old brick that your committee can realize about one hundred dollars on, and recommend that they be sold and the proceeds credited to the contingent fund, and that the Common Council appropriate two hundred dollars to defray the expense of building fences and other necessary appurtenances for use in the building. Your committee also state that the yard is cleaned and ready for occupancy, and we recommend that the Executive Board occupy it without further delay, thus saving a large amount in rent to the city.

Your committee has secured proposals from several proprietors of laundries for washing and furnishing towels and find that the Enterprise Laundry Co., being the lowest bidder, viz., 75c per hundred, that they be awarded the contract, and that the contract for furnishing soap be awarded to the White Swan Soap Co., at \$5 per cwt., and after it is used to return balance to said soap company at \$2.50 per cwt.

T. W. FORD,
STEPHEN RAUBER,
W. C. GREEN,
WM. S. BEARD,
D. W. SELYE,
Bath Committee.

Ordered received, filed and published.

By Ald. Ford—Resolved, That the Committee on Public Baths be authorized to enter into contract with the Enterprise Laundry Company to furnish towels and laundry the same at 75c per hundred.

Adopted by the following vote :

Ayes—Ald. Calihan, Ford, Green, Rauber, Edelman, Beard, Casey, Selye, Steele, Pauckner, Kelly, Ernst, Judson, Wilson, Reichenberger—15.

By Ald. Ford—Resolved, That the Bath Committee be authorized to enter into contract with the White Swan Soap Co. to furnish soap to the Public Bath House at \$5 per cwt., and after being in use to return same at \$2.50 per cwt.

Adopted by the following vote :

Ayes—Ald. Calihan, Ford, Green, Rauber, Edelman, Beard, Casey, Selye, Steele, Pauckner, Kelly, Ernst, Judson, Wilson, Reichenberger—15.

By Ald. Ford—Resolved, That the Committee on Public Bath be authorized to expend not to exceed the sum of \$200 to be used in buying necessary furniture and other articles and to build fences and make any repairs that they may find necessary.

Adopted by the following vote :

Ayes—Ald. Calihan, Ford, Green, Rauber,

Edelman, Beard, Casey, Selye, Steele, Pauckner, Kelly, Ernst, Judson, Wilson, Reichenberger—15.

By Ald. Ford—Resolved, That the Committee on Public Baths be and they hereby are authorized and directed to sell the old brick on the ground of the public bath property for the sum of one hundred (\$100) dollars, and credit the same to the Contingent Fund. Adopted.

REPORTS OF SELECT COMMITTEES.

By Ald. Steele—

August 15, 1899.

To the Honorable, the Common Council of the city of Rochester :

Your committee to whom was referred that portion of the city treasurer's communication of July 18, 1899, referring to assessment rolls not in his hands for collection, would respectfully report : That they have traced, or endeavored to trace, all of said ordinances set forth in said communication and the reasons, if any, for delay if such there be, and permit us to state that it has been no easy task, and the chairman wishes to acknowledge the able assistance of Alderman Wilson, whose time and labor has been most generously given. We have also found a number of assessments that through the negligence or oversight of past officials have become lost or mislaid, a list of which will be given below. Although not intended we think the communication of the treasurer had the effect to charge upon the council the holding up of many hundreds of thousands of dollars of assessments, and we regret to say that those high in authority have charged, without justification, through the public press, the council with so doing. That mistakes occur with public officials as well as private, is demonstrated in the statement made by the treasurer in his communication that more than thirty of the rolls therein were certified to the council on December 27, 1898, when in fact the records show that said rolls were certified on January 17, 1899.

It gives us pleasure to say that of the \$858,045.12 set forth in the list made by the city treasurer, there is but \$184,352.32 of this amount in any wise chargeable to the council, and delays of many of these ordinances have been necessary, or at least excusable. Of the total amount of assessment rolls claimed not in the hands of the treasurer there was at that time, or have since reached the hands of the assessors, in the due course of business assessments amounting to \$427,918.31. There were in the hands of the Executive Board ordinances upon which the final estimate had been passed, but which had not been certified to the city treasurer, to the amount of \$59,407.45. There were also in the hands of the Executive Board ordinances, upon which the final estimate had not been passed, some of which were only partially completed to the amount of \$84,646. In the city engineer's hands rolls in the due course of business, some of them ordered as late as July 18th, in the amount of \$17,918.55. There were in the treasurer's hands at the date of his said communication assessments in the sum of \$3,989.58; and the East Main street bridge improvement, which is in litigation and cannot be confirmed until that is decided, amounting to \$71,634.10. There are assessments, the rolls of which have not been confirmed and which may be charged to the Board of Aldermen, in the sum of \$184,352.32; making a grand total of \$854,866.31, a variation of but a few thousand dollars of the total of the city treasurer, which variation may be accounted for by reason of the fact that your

committee has not time to prove all of the figures.

For the information of the different aldermen and that the assessment rolls may be speedily confirmed, we attach hereto a list of the same marked "Exhibit A," and urge that they be forthwith presented for confirmation unless there is some insuperable reason, and that unless they are so presented or the reason given, the clerk report to this board at the second meeting in September any that have not been presented for confirmation.

We also attach hereto a list of the unfinished improvements in the hands of the Executive Board, marked "Exhibit B."

Your committee would further report that the following improvements have been made and, through some inadvertence or negligence, have never been collected so far as we can learn, and we urge the aldermen in whose wards they are located to forthwith cause the assessment rolls to be made and confirmed: Cleaning Campbell street sewer, Glenwood avenue grading, Ravine avenue sewer, Greeley street extension, Raines park surfacing roadway.

Your committee would further recommend that steps at once be taken to have the comptroller pay at least the sum of \$22,000 appropriated by Chapter 577 of the laws of 1897 for local improvements assessed by the city of Rochester upon state lands, and if need be that a committee be appointed to go to Albany and secure at least that amount upon the \$34,474.54 outstanding for local assessments upon state property.

All of which is respectfully submitted,

JOHN M. STEELE,
JAS. H. CASEY,
LOUIS EDELMAN,

**FINAL ORDINANCE, NO. 7,864.
PLYMOUTH AVENUE CEDAR BLOCK.
(Supplemental).**

On motion of Ald. Tracy, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to improve Plymouth avenue, from Spring street to Western New York & Pennsylvania railroad bridge, supplemental to ordinance No. 4,562, and after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

Whereas, The Common Council on December 15, 1891, adopted a final ordinance, known as final ordinance No. 4,562, for the improvement of Plymouth avenue, from the Western New York and Pennsylvania railroad bridge to Spring street, by the construction of a red cedar block pavement with necessary curbing, etc., and

Whereas, It appears that a greater sum of money than was originally assessed for said improvement has been expended for the benefit of the same property originally assessed, to wit, the sum of \$10,884.75, for cedar block paving on concrete foundation, new curb and redressing and resetting old curb, four stone posts, 12-inch coping around Plymouth park, relaying crosswalks and the repair of surface sewers; therefore,

Resolved, That the cost of such work, to wit, \$10,884.75, be assessed upon the following territory, which this Council deems benefited thereby:

One tier of lots and parcels of land on each side of Plymouth avenue, from the Western New York and Pennsylvania railroad bridge near Clarissa street to Spring street, including a tier of lots and parcels of land fronting on the roadway running through or around Plymouth park, including lands owned or held by the City of Rochester.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Edelman, Beard, Casey, Selye, Steele, Pauckner, Kelly, Ernst, Judson, Wilson, Reichenberger—16.

The final ordinance for opening a street from Monroe avenue to Culver road came up, and after hearing allegations from all persons appearing, on motion of Ald. Steele, action was postponed four weeks.

The final ordinance for Clinton avenue, North, improvement, came up and on motion of Ald. Rauber action was postponed four weeks.

The final ordinance for Burke terrace improvement came up, and on motion of Ald. Selye further action was indefinitely postponed.

The final ordinance for Copeland street cement walks came up, and on motion of Ald. Judson action was postponed four weeks.

The final ordinance for Cottage street cement walks came up, and on motion of Ald. Wilson action was postponed two weeks.

UNFINISHED BUSINESS OF THE PREVIOUS MEETING.

Under this head action on the application of the Rochester Railway Company, published on page 480 of current proceedings, came up, and after hearing allegations from all persons appearing, Ald. Judson presented the following :

By Ald. Judson—Whereas, the Rochester Railway Company heretofore duly made application in writing to the Common Council of the City of Rochester for the consent of said city to the construction, maintenance and operation of street surface railways in, through and upon certain of the streets, avenues and highways of said city hereinafter named; and for the consent of the said city to the operation and use of such street surface railways with electricity as motive power ; and,

Whereas, Due notice of the time when and place where such application would be first considered by said Common Council has been duly given and all persons appearing having been heard, it is, therefore,

Resolved, That the consent of the local authorities of the city of Rochester be, and hereby is, granted to the Rochester Railway Company, to construct, maintain and operate and use a street surface railway and an extension of the present railway of said company commencing at the intersection of East Main and Culver streets; thence southerly along Culver street to University avenue. It is further,

Resolved, That said company be, and hereby is, granted the right, privilege and franchise of constructing, maintaining and operating said above described extension of its present lines; and of setting, erecting, placing and maintaining the necessary poles, wires and other appliances to enable said company to operate said extension of its lines with electricity as motive power. It is further,

Resolved, That the consent hereby granted is granted upon the express condition that the provisions of article 4 of an act in relation to railroads, constituting chapter 39 of the general laws of the state of New York of 1892 and the acts amendatory thereto, be complied with. This consent is hereby granted upon condition that said Rochester Railway Company shall begin the construction of such line of railroad on or before September 1st, 1899, and

complete the same as soon thereafter as shall be possible.

Adopted by the following vote :
Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Edelman, Beard, Casey, Selye,
Action on the veto of the mayor of the final ordinance for Dewey avenue embellishment and published at page 482, Current Proceedings, came up and on motion of Ald. Selye postponed two weeks.

By Ald. Rauber—Resolved, That the City Treasurer be, and he hereby is authorized to prepare and issue the bonds of the City of Rochester to an amount not exceeding \$500,000, pursuant to chapter 393 of the Laws of 1899; said bonds to be known as local improvement bonds of the City of Rochester, to be issued in denominations of \$5,000 each, and to run for a period of twenty years from October 1, 1899, and to bear interest at the rate of 3 1-2 per cent. per annum, such interest to be payable on the first day of February and August of each year at the office of the Union Trust Company, New York city; the said bonds to be sold after competition upon sealed proposals at not less than par; and be it further

Resolved, That the proceeds of said bonds so issued be credited to the local improvement fund and applied in the payment of expenses incurred or to be incurred on account of local improvements, the expense whereof is to be collected in whole or in part by assessments from the property benefited, and to pay and take up acceptances, notes and orders heretofore or hereafter issued on account of such local improvements.

Adopted by the following vote :
Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Edelman, Beard, Casey, Selye, Steele, Pauckner, Kelly, Ernst, Judson, Wilson, Reichenberger—16.

EXECUTIVE BUSINESS.

Ald. Rauber moved that the Board proceed to ballot for a supervisor of the Fifth ward, caused by the death of Supervisor James E. Briggs. Adopted.

Ald. Rauber nominated Michael C. Gannon for supervisor of the Fifth ward.

Michael C. Gannon was named by Ald. Tracy, Calihan, Ford, Green, Rauber, Edelman, Beard, Casey, Selye, Steele, Ritz, Pauckner, Kelly, Ernst, Judson, Wilson, Reichenberger—16.

Michael C. Gannon having received the requisite number of votes was declared duly elected supervisor of the Fifth ward.

MISCELLANEOUS BUSINESS.

By Ald. Green—Resolved, That the Lamp Committee be, and hereby is, requested to cause the erection of five (5) single arc electric lights on iron poles, to take the place of three (3) arc lights on wooden poles now existing on Stone street, between Main street, East, and Court street.

Referred to the Lamp and Electric Committee.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—Among the list of improvements advertised by the Assessors for the hearing of allegations, I notice the following, upon which I am and have been receiving payments from the persons assessed, the rolls for same never having been recalled or reconsidered.

Ord. 6,770, Court street Medina block improvement, confirmed June 21, 1898.

Ord. 6,379, South St. Paul street Medina block improvement, confirmed April 27, 1897.

Ord. 5,984, Mt. Hope avenue improvement, confirmed July 20, 1897.
Should these rolls not be reconsidered before new ones are made out?

Yours respectfully,
S. B. WILLIAMS, Treasurer.

Ordered received, filed and published.
By Ald. Green—Resolved, That the assessment rolls for Court street improvement, Ord. 6,770, confirmed June 21, 1893, for South St. Paul street medina block improvement, Ord. 6,379, confirmed April 27, 1897, and for Mt. Hope avenue improvement, Ord. 5,984, confirmed July 20, 1897, be, and the same are hereby reconsidered and set aside. Adopted.

 ment of said street. Adopted.

By Ald. Steele—
 To the Honorable Common Council of the
 City of Rochester:
 Gentlemen—The undersigned, Mathias

Kondolf and Teresa M. Kondolf, his wife, owners of the property hereinafter described, do hereby formally dedicate to the City of Rochester for the purposes of a public street all that tract or parcel of land situate in the City of Rochester, County of Monroe, State of New York, being part of lot 52, township 13, range 7, bounded as follows: Beginning at the point of intersection of the westerly line of Dartmouth street with the northerly line of Monroe avenue; thence northerly parallel with Rutger street 459.18 feet to an iron pin between the lands of Mathias Kondolf and L. D. Ely; thence easterly at right angles, eighty feet to a point distant easterly 385 feet from the center of Rutger street; thence southerly on a line parallel with the line first above described four hundred eighty-four and 6-10 feet to the northerly line of Monroe avenue; thence northwesterly along said line of Monroe avenue, 83.35 feet to the place of beginning.

Also: A part of lots 51 and 52, township 13, range 7, aforesaid, beginning at the intersection of the southerly line of Harvard street with the westerly line of Marvin street, as it now exists between Thayer and Harvard streets; extending southerly; thence running westerly in the southerly line of Harvard street three feet; thence southerly parallel with the lines of Marvin street as extended southerly 354.16 feet; thence easterly, at right angles, sixty-six feet; thence northerly, parallel with the lines of Marvin street as extended southerly 352 feet to the southern line of Harvard street; thence westerly in the southern line of Harvard street to the place of beginning.

The parcel first above described is to be a street eighty feet in width through the lands of Mathias Kondolf, and is indicated by monuments on the ground on the west 4 feet offsets line, at the south line of the Dartmouth tract, at the jog and at the northwest corner of the street and Monroe avenue.

The parcel secondly above described is to be a street sixty-six feet wide and is exactly indicated on the ground by a stone monument on 4 feet offsets at the southeast corner of said street and Harvard street and also by a stone monument at the south end of the street on 4 feet offset from the east line.

Said Mathias Kondolf and wife do further hereby certify that they are the owners of the property herein described and have the right to dedicate the same to the city as aforesaid, and that the same is free from encumbrance.

On this 15th day of August, 1899, before me the subscriber personally appeared L. Douglas Ely, to me known to be the same person described in and who executed the

foregoing instrument, and he acknowledged that he executed the same; and being by me duly sworn, did depose and say that all of the statements contained in the foregoing instrument are true.

CHARLES M. WILLIAMS,
Notary Public.

Referred to the Executive Board.

By Ald. Steele—Whereas, The owners of the lands necessary for opening a new street, to be called Pacific street, from Monroe avenue, easterly, to the westerly line of Bates street extended, offer to dedicate the same for a public street, and

Whereas, The said owners also desire to change the lines of Bowen street, as will be more particularly described; now, therefore,

Resolved, That this Council accept of Pacific street as a public street, from Monroe avenue to the west line of Bates street extended, according to the following description, viz.: The north line of said street to be parallel with and 222.83 feet northerly measured at right angles from the red line of the Erie canal; the south line to be parallel with and 60 feet measured at right angles from the above described north line. The land to be taken is all that portion lying between the above described north and south lines from Monroe avenue to the west line of Bates street extended. The above to be accepted only upon the certificate of the Corporation Counsel that the proper title has been acquired; Also, further,

Resolved, That the lines of Bowen street, from Harvard street southerly to the northerly line of proposed Pacific street, be changed so that the description thereof will read as follows, viz.: The proposed westerly line beginning at a point in the southwest corner of Harvard and Bowen streets; thence south 21 degrees, 45 minutes, 25 seconds west to a point in the northerly line of above described Pacific street, said westerly line to be parallel to that part of Dartmouth street running from Monroe avenue northerly to an angle in said line of said Dartmouth street. The proposed easterly line of said Bowen street is described as being parallel with said above described westerly line and 57 3-4 feet distant therefrom measured at right angles. The land to be taken is all that portion lying between said Harvard and Pacific streets, and between the present easterly line of said Bowen street and the above described proposed easterly line of Bowen street are supposed to belong to Bowen and Gould. The above to be accepted upon the certificate of the Corporation Counsel that the proper title has been acquired. Also, further,

Resolved, That all that part of the present Bowen street lying between said Harvard street and Pacific street and between the westerly line of the present Bowen street and the above described proposed westerly line of Bowen street; also all that part of said Bowen street lying between the southerly line of the proposed Pacific street and the northerly line of Monroe avenue, be abandoned as a highway, said abandonment to take effect upon the certificate of the Corporation Counsel that the proper title for the new location has been obtained and that Bowen street and that part of Pacific street from Bowen street to Monroe avenue has been properly graded and monumented.

Referred to the Executive Board.

By Ald. Pauckner—

550 Monroe avenue,
Rochester, N. Y., Aug. 8, 1899.

Alderman Pauckner, Fourteenth ward,
Rochester :

Your attention is respectfully called to the reopening of Lock street, laid out by highway commissioners of town of Brighton. The first survey was made and recorded February 19, 1842, four rods wide. The second survey of said street was made and recorded June 4, 1844, as a three rods wide road, 207 rods in length to Goodman street, from Field street, running parallel with Erie canal of the south side; along berm bank of Erie canal three rods wide; from blue line of said canal along south side from Field street and Monroe avenue to Goodman street. In anticipation reopening Bowen street, opening into Monroe avenue, lying on south side of Erie canal, in a straight line produced across the Erie canal, thence along berm bank of Erie canal and former canal basin to a point where eastern wide waters intersect with prism of new canal enlargement; thence through the eastern wide waters a four rods wide road to Culver street, 180 feet from front angle of berm bank produced to Culver street; thence southerly along Culver street to intersection with the Starling canal road lying on south side of old Erie canal prism to East Bighton village, to be reopened by land owners and by the proper highway board of the town of Brighton in the near future. The western portion of eastern wide waters is filled with spoiled earth and will soon be reclaimed as dry land and said improvement to follow: Giving the east end of Fourteenth ward an entry across four bridges over Erie canal into the center of this city, with its great traffic of country and of Fourteenth ward of this city. The said avenue to be called Hinsdale avenue, for which we ever pray.

Yours, etc.,

J. C. BOWEN.

Referred to the City Engineer.

By Ald. Judson, by request—

Resolved—That the Executive Board be, and they hereby are, requested to remove all encroachments on Hudson avenue, between Clifford street and Norton street. Adopted.

By Ald. Judson, by request—Resolved, That the Clerk be, and he hereby is, directed to draw an order on the City Treasurer in favor of Charles L. Hunt (County Clerk) for one thousand eight hundred and eighty and 43-100 dollars (\$1,880.43) for filing enrollment certificates, assorting the same, issuing therefor transfer certificates and arranging the same, and copying enrollment books, and charge the same to the Contingent Fund.

Adopted by the following vote :

By Ald. Judson—Resolved, That the Executive Board be requested to remove all obstructions and encroachments on Culver street, from East avenue to Clifford street. Adopted.

By Ald. Judson—Resolved, That the City Engineer prepare an ordinance for cement walks on Fourth street, from Pennsylvania avenue to Central park. Adopted.

By Ald. Wilson—

To the Honorable the Common Council of the City of Rochester :

Gentlemen—The undersigned Lazarus Gushurst and Anna Gushurst, William Dove and Harriet R. D. Brown do hereby formally dedicate to the City of Rochester, for the purposes of a public street, that

piece or parcel of land in the City of Rochester, described as follows: Beginning at a point on the south side of Shelter avenue, distant 312 feet easterly from the east line of Genesee street, running thence southerly and parallel with Genesee street to the north line of Magnolia street; thence easterly along said north line of Magnolia street thirty-six feet; thence northerly and parallel with said first mentioned line to the south line of Shelter avenue, and thence westerly along said line to the place of beginning; being the premises laid out on a map made by W. C. Gray, surveyor, in 1899, as Manila Park.

Said parties further certify that an accurate map of said street has been filed in said county clerk's office, and also in the city assessors' office, and that said street has been actually opened and made convenient for public use and traffic. Said parties further certify that they are the owners of said property herein described, and have the right to dedicate the same to said city as aforesaid, and that the same is free from all encumbrances of every name and nature.

All of the above is respectfully submitted with the request that said property be accepted by the city as a public street.

Rochester, N. Y., Aug. 29, 1899.

By Ald. Kelly—
To the Honorable Common Council—Gentlemen:

It is with feelings of sadness that we have learned of the death of Mrs. Elizabeth Tracy, mother of our esteemed friend and respected colleague, Alderman William H. Tracy; a lady whose kind, gentle disposition made her beloved by all; whose patient, untiring and loving devotion to her children endeared her to them, who fairly idolized her. When a good woman dies she but passes on to reap the reward of a well-spent life. Her chair is vacant in her household, but the memory of the good she has done will be an everlasting monument to her nobility of character. She was a friend to those in adversity as well as in prosperity; she was steadfast in her friendship and loyal to her friends in the last degree. In works of charity she was a bright exemplar of that great virtue, and whatever was done in that direction was without ostentation or display.

She is not dead; the immortal spirit has only left the tenement to return to the God who gave it "in the land beyond the river" in the sunlight of happiness awaiting the time to be reunited to her loving ones.

To our colleague our hearts go out in sympathy to him for the loss of her who was his devoted friend and consoler. Trusting that this severe blow will be softened by the hope that this separation is not forever; that she is only gone before; that in a short time they will be reunited where parting shall be no more.

Resolved, That this memorial be spread upon our minutes and that a copy thereof suitably engrossed be sent to our colleague. Adopted by a rising vote.

COMMUNICATIONS AND REPORTS FROM OTHER CORPORATION OFFICERS, BOARDS AND DEPARTMENTS.

By the Clerk—
City Treasurer's Office,
Rochester, N. Y.
Sam B. Williams, Treasurer,
August 22, 1899.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—In order to pay the refund orders for licenses which will be returned before January 1, 1900, it will be necessary to transfer \$5,000 from the Contingent Fund to the Refund License Account.

The total amount received from the County Treasurer for licenses since May 1st is \$177,388.20, and the refund of license fees during this time amounts to \$3,688.86.

Respectfully,
S. B. WILLIAMS, Treasurer.
Ordered received, filed and published.

By Ald. Rauber—Resolved, That the City Treasurer be, and he hereby is, authorized to transfer \$5,000.00 from the Contingent Fund to Refund License Account, the same to be used for payment of refund license orders, as per request. Adopted.

By the Clerk—
August 24, 1899.

To the Common Council:
Gentlemen—In accordance with a resolution adopted by your honorable body at a meeting held March 14, 1899, which directed the Executive Board to make repairs to and pave the surface of North Clinton street, from the N. Y. C. & H. R. R. to the north line of Clifford street, between the tracks, the rails of the tracks and for two feet in width outside of the tracks, providing said Rochester Railway Company neglected to make such repairs within thirty (30) days from notice to do so, I am directed by the Executive Board to report as follows:

Pursuant to said instructions, this Board advertised May 18, 1899, as the day for the letting of the work, and the contract was accordingly awarded to Messrs. Brayer & Albaugh, who entered upon said work immediately.

The City Engineer has submitted to this Board a Partial Estimate No. 2 of the material furnished and work done to August 22, 1899, amounting to \$4,500, which amount is now due said contractors.

The Executive Board, therefore, respectfully refers the voucher for said

amount to your honorable body for payment.

Respectfully,
CHAS. M. BEATTIE, Clerk.

Referred to Contingent Expense Committee.

By the Clerk—

Rochester, N. Y., Aug. 29, 1899.

To the Honorable Common Council:

Gentlemen—I hereby report that I have collected one hundred and forty-three and 65-100 dollars (\$143.65) for sealing weights and measures for the month of July; that I have deposited the same with the City Treasurer and taken his receipt therefor.

Respectfully,

JOSEPH RIBSTEIN, City Sealer.

Ordered received, filed and published.

By Ald. Kelly—

Rochester, N. Y., Aug. 28, 1899.

To the Honorable, the Common Council of the City of Rochester:

Sirs—The undersigned desires to open a new street through his property in the Fifteenth ward, said street to be 33 feet in width, running from Sherman street to Cameron street. I desire to dedicate said land and to open said street, and hereby offer to dedicate and deed the necessary land, without costs to the city, for said purpose. I request your honorable body to take such action as is usual in such cases.

Yours sincerely,

THOMAS DRANSFIELD.

Referred to the Executive Board to report back to this Council that all conditions relating to the dedication of streets have been complied with.

By the Clerk—

Kingston, Ont., August 28, 1899.

Peter Sheridan, Esq., Clerk of the Common Council, City of Rochester, N. Y.:

Dear Sir—Please convey to the Rochester City Council my thanks for their kind resolution dated July 22, 1899, relative to their trip to Canada on the steamer North King, and express to them the very great pleasure it gave me to have had the opportunity of entertaining so august a body.

The engrossed copy of resolution, which was handed to me to-day, will be framed and hung on the steamer, as a reminder of one pleasant day made by a jolly party.

Very sincerely yours,

H. H. GILDERSLEEVE,

General Manager.

Ordered received, filed and published.

By Ald. Kelly—

State of New York, County of Monroe, City of Rochester, ss.:

Frank F. Dow, Philletus Chamberlain and P. Cameron Shutt, being severally duly sworn, say and each for himself says, that the Board of Education of the City of Rochester is one of the departments of the government of the City of Rochester, and a body corporate, created and existing by virtue of the provisions of chapter 143 of the Laws of 1861, as amended by chapter 660 of the Laws of 1898, having the powers and being charged with the duties in the said last mentioned statute specified;

That deponents are commissioners of common schools in said city and each of them is a commissioner of common schools, and as such by virtue of the said act members of the Board of Education;

That at a regular meeting of the said Board of Education, held at the City of Rochester on the 21st day of August, 1899, a resolution was duly adopted by the said Board of Education as follows: "Resolved, That a special committee of three be appointed by the chairman of this board with authority to initiate such legal proceedings as they may deem necessary to enable this

board to lawfully certify to the Executive Board of the city of Rochester the plans and specifications for new school buildings and additions already authorized by resolution of this board, under the provisions of chapter 366 of the laws of 1899."

That thereupon these deponents were duly appointed the special committee in and by said resolution provided for, and as such in behalf of the said Board of Education have instituted these proceedings.

Said deponents further say that heretofore the people of the State of New York, represented in Senate and Assembly, did enact a certain statute of this state which, on the 18th day of April, 1899, with the approval of the Governor of this state, became and still is a law of the State of New York, which act is known as chapter 366 of the Laws of 1899, and to which reference is hereby made.

That thereafter the said Board of Education, pursuant to the direction of said statute, did prepare and adopt suitable plans and specifications for the buildings in said statute mentioned, and did duly submit the same to the Board of Health of the City of Rochester, one of the departments of the government of said city of Rochester, created by said first mentioned statute as amended by chapter 14 of the Laws of 1880, hereinafter referred to as the City Charter, which Board of Health did thereafter duly approve the same and certify to said Board of Education its approval, and the said Board of Education is prepared and ever since the first day of July, 1899, has been prepared to award contracts for the proper construction thereof as provided in the charter of said City of Rochester, as provided by Chapter 366 of the Laws of 1899, and to certify to the Executive Board of said City of Rochester, one of the departments of said city created by said City Charter, the said plans and specifications as required by law, so soon as appropriations sufficient to provide for the cost of said proposed buildings should have been made and credited to the building fund of the Department of Education, as provided by said chapter 660 of the Laws of 1898;

That prior to the first day of July, 1899, said Board of Education had selected and approved of suitable necessary sites for the erection of the said new school buildings directed to be erected and the same have been duly acquired by said Board of Education which holds the same awaiting the raising of the necessary funds to erect said buildings by the Common Council as directed by the said statute;

That appropriations sufficient to provide for the cost of the said proposed buildings and to purchase the necessary sites therefor would not exceed the sum directed to be raised for that purpose in and by said Chap. 366 of the Laws of 1899;

That William H. Tracy, Mathias J. Callahan, Thomas W. Ford, William C. Green, Stephen Rauber, Malton B. Adams, Lewis Edelman, William S. Beard, James H. Casey, DeVillo W. Selye, William Ward, John M. Steele, Frank J. Ritz, William Pauckner, J. Miller Kelly, Wendell Ernst, Charles P. Mead, Charles H. Judson, Joseph C. Wilson and William V. Reichenberger, all of Rochester, N. Y., are aldermen and each and everyone of them is an alderman of the City of Rochester, and as such aldermen they constitute the Common Council of the City of Rochester and at all times since said chapter 366 of the laws of 1899, took effect, have constituted the Common Council of said city of Rochester, having the powers and being charged with the

duties prescribed in the said charter of said city, by which said Common Council is created, and being particularly charged with the duties and granted the powers mentioned in said Chapter 366 of the Laws of 1899; That said J. Miller Kelly is the president of said Common Council elected thereto pursuant to law;

That the general city tax levy of 1899 was duly made pursuant to the said charter, prior to the first day of May, 1899, and the assessment rolls were duly approved by the said Common Council, as provided by said Charter prior to said first day of May, 1899, which levy did not include any sum whatever directed to be raised by the Common Council in and by the provisions of said chapter 366 of the laws of 1899;

That at a regular meeting of the said Board of Education held at the City of Rochester on the 26th day of June, 1899, by resolution to that effect duly adopted, the secretary of the said Board of Education was directed to serve the following notice, which said secretary was directed to sign, upon the said Common Council and the individual members thereof forthwith, said notice so authorized to be served was as follows:

"To the Common Council of the City of Rochester:

"Gentlemen—You will please take notice, that Board of Education of the City of Rochester demands that, pursuant to chapter 366 of the laws of 1899, of the state of New York, you proceed immediately to raise the sum of \$100,000 and deposit the same with the city treasurer of the city of Rochester to the credit of the building fund of the Board of Education, to enable the said Board of Education to purchase necessary sites and erect school buildings thereon in said city, pursuant to the provisions of the statute aforesaid.

"Dated June 26, 1899."

That deponents are informed by James C. Oliver who at that time was and still is the secretary of the Board of Education, that the said notice subscribed by him as such secretary was by him duly personally served upon the city clerk of the City of Rochester and upon each of the members of the said Common Council except William V. Reichenberger upon whom the same was served by mail; such service on the City Clerk being made on the 27th day of June, 1899, prior to a regular meeting of the Common Council held on that day and upon the individual members of said Common Council immediately thereafter.

That on and prior to the first day of July, 1899, that being the time limited by said chapter 366 of the laws of 1899, for the performance of the duty by said chapter enjoined upon the Common Council, the said Common Council of the city of Rochester, had failed and neglected to raise said sum of \$100,000 as directed by said statute, for the purposes in said statute specified, and had failed and omitted to raise or provide in any manner for raising the same or any part thereof, and had omitted and failed to issue the bonds provided for in said act, and has ever since omitted, failed and refused to provide for raising said moneys and to do and perform the acts which they were commanded to perform by the terms of said statute, and that by reason of the failure of the said Common Council so to raise said money and to cause the same to be placed to the credit of the building fund of the Board of Education for the purposes specified in said act, the Board of Education is prevented from proceeding to the awarding of contracts for the construction of said new school buildings in the manner prescribed in and by said Charter; and is pre-

vented from the performance of the duties enjoined upon it by said act;

That deponents are informed by the affidavit hereto annexed of James E. Kane, head bookkeeper for the City Treasurer of the City of Rochester that on the 30th day of June, 1899, the total indebtedness of the City of Rochester was as follows:

Bonded debt	\$ 8,616,000 00

State of New York, County of Monroe, City of Rochester, s.s.:

James E. Kane being duly sworn says that he is the head bookkeeper in the office

of Samuel B. Williams, treasurer of the city of Rochester; that he has made an examination of the books and accounts of the said City Treasurer for the purpose of ascertaining the total indebtedness of the city at the times hereinafter mentioned, and also the cash resources of the said city, constituting the several sinking funds created by the said city; that the total indebtedness of the said city June 30th, 1899, was as follows:

Bonded debt	\$8,616,000 00
Local improvement notes	839,250 00
East Side Trunk Sewer notes.....	196,982 16
Standard Voting Machine Com- pany notes	24,637 50
Contractors' acceptances	465,707 42

Total

That on the first day of August, 1899, the total indebtedness of the said city was as follows:

Bonded debt	\$8,616,000 00
Local improvement notes	774,250 00
East Side Trunk Sewer notes.....	196,982 16
Standard Voting Machine Com- pany notes	24,637 50
Contractors' acceptances	537,955 30

Total

That on the 30th day of June, 1899, the amount of cash held by the said City of Rochester in the several sinking funds created pursuant to law, for the purpose of providing for the payment of the bonded indebtedness of the said city, and which can be appropriated and used for no other purpose, was as follows:

Cash in general sinking fund....	\$379,833 03
Cash in park bonds sinking fund..	39,005 42
Cash in water pipe extension sink- ing fund	30,669 50
Cash in Genesee Valley R. R. loan sinking fund	46,110 76
Cash in Hemlock Lake watershed sinking fund	47,700 73

Total

That the said items of cash and the said several sinking funds have remained unchanged since the said 30th day of June, 1899.

That the local improvement notes mentioned in said indebtedness consists of the notes of the city issued to pay for local improvements in anticipation of an assessment for the cost of such improvements, authorized to be levied by the said city upon the property benefited thereby, and that assessments have been or will be levied on account of such improvements to pay all of said notes:

That of the item appearing in said statement, Standard Voting Machine Company notes, \$24,637.50, one-third thereof has been provided for in the levy of taxes for city purposes in 1899:

That the assessed valuation of the real estate in the City of Rochester subject to taxation as the same appears from the assessment rolls upon which were levied the general city tax of 1898, and the county tax of 1898, is \$101,827,725.00, and the assessed valuation of the said real estate of the city of Rochester as appears from the assessment rolls, approved in April, 1899, and upon which the general city tax of 1899 has heretofore been issued, is \$102,163,550.00.

Commissioner of Deeds.

State of New York, County of Monroe, City of Rochester, ss.:

Fred E. Drake, being duly sworn, says that he is one of the attorneys for the

Board of Education of the City of Rochester, duly retained by said board for the purpose of applying for a writ of peremptory mandamus to issue out of and under the seal of the Supreme Court, directed to the Common Council of the City of Rochester, commanding the said Common Council to raise or cause to be raised the sum of one hundred thousand dollars to be credited to the building fund of the said Board of Education, as directed by chapter 366 of the Laws of 1899;

That the first Special Term of this court at which the said application can be heard if eight days' notice thereof is given will be held in the Court House in Rochester, N. Y., on the 9th day of September, 1899; that a Special Term of this court will be held on the 2d day of September, 1899;

That deponent has been unable to prepare and serve notice of application for such writ of mandamus for the said last mentioned Special Term by reason of the absence from the city of J. Miller Kelly, the president of the said Common Council;

That as deponent is informed by the affidavit of Frank F. Dow, Philetus Chamberlain and P. Cameron Shutt, hereto annexed, that any delay in the raising of the said sum of money will result in a delay on the part of the Board of Education in providing suitable facilities for the children of the City of Rochester entitled to the benefits of the common schools, as more particularly appears in the affidavit of Frank F. Dow, Philetus Chamberlain and P. Cameron Shutt, for which reason the said Board of Education desires that the said application shall be heard at the first Special Term at which it could be heard, due opportunity to the said Common Council to prepare for the hearing of said application being allowed.

Wherefore, deponent asks for an order directing William H. Tracy, Mathias J. Calihan, Thomas W. Ford, William C. Green, Stephen Rauber, Mahlon B. Adams, Lewis Edelman, William S. Beard, James H. Casey, DeVillo W. Selye, William Ward, John M. Steele, Frank J. Ritz, William Pauckner, J. Miller Kelly, Wendell Ernst, Charles P. Mead, Charles H. Judson, Joseph C. Wilson, William V. Reichenberger, constituting the Common Council of the City of Rochester, in their capacity as such Common Council, to show cause at said Special Term, so appointed to be held on the 2d day of September, 1899, why a writ of peremptory mandamus should not issue as aforesaid;

That no previous application for the order herein asked for has been made to any judge or court.

Service of this order less than eight days prior to said term and on or before the 29th day of August, 1899, shall be sufficient
 Dated, Rochester, N. Y., Aug. 26, 1899.

WM. E. WERNER,
 Justice Supreme Court.

Ordered received, filed and published.

By Ald. Wilson—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to prepare and issue the bonds of the city of Rochester to an amount not exceeding \$100,000, pursuant to Chapter 366 of the Laws of 1899; said bonds to be issued for the purpose of raising money for the purchasing of sites and erecting new school buildings thereon in the City of Rochester; said bonds to be issued in denomination of \$5,000 each and to run for a period of twenty years from October 1, 1899, and to bear interest at the rate of three and a half per cent. per annum, such interest to be payable on the first days of February and August in each year, at the office of the Union Trust Company, New York city. Said bonds to be sold after competition upon sealed proposals at not less than par and to be countersigned by the Mayor and President of the Common Council; said bonds to be known as Public School Bonds.

Resolved, That the proceeds of said bonds so issued be credited to the Building Fund of the Board of Education for the purpose of purchasing necessary sites and erecting new school buildings thereon in the city of Rochester, in accordance with the provisions of said Chapter 366 of the Laws of 1899.

For parcel No. 11, to Clarence H. Upton, the sum of \$626.28, payable to Francis E. Shaw, mortgagee.

For parcel No. 12, to Columbia Building Lot Association, the sum of \$486, payable to Louis F. Spahr, Traders' National Bank, and Charles L. Hunt, mortgagees, as their interests may appear.

For parcel No. 13, to John C. Kupferschmidt the sum of \$230, payable to Louis F. Spahr, Traders' National Bank, and Charles L. Hunt, mortgagees, as their interests may appear.

For parcel No. 14, to Zenas F. Westervelt, the sum of \$2,664.02, payable to Rochester Savings Bank, mortgagee.

To Henry Brinker, Ella Hemple and Eugene Kramer, each \$1.00 for right of way mentioned in parcel No. 5.

Respectfully submitted,

HIRAM H. EDGERTON,
WILLIAM W. WEBB,
SETH J. ARNOLD.

Commissioners of Appraisal.

Dated, August 24, 1899.

Ordered received, filed and published.

By Ald. Mead—Resolved, That the regular meeting to be held Tuesday evening, September 12, 1898, be, and the same is, hereby assigned as the time when any complaints or appeals will be heard from the report of the Commissioners of Appraisal in the matter of the extension of Conkey avenue. Adopted.

By Ald. Ward—Whereas, the entire and aggregate expense of and connected with the following named improvements has been ascertained and reported to this Council as provided by section 198 of the City Charter, as follows:

Ordinance and Improvement.	Expense.
10 payments.	
No. 7,302—The Highlands imp't.....	\$5,708 35

Resolved, That said aggregate amounts be and they hereby are adjusted as thus reported, and that the city assessors be and they are hereby directed to make assessments as provided by the City Charter for the improvement hereinbefore named, upon the territory directed to be assessed in the final ordinance for said improvements. And it is hereby determined that each of the assessments for said improvements shall be and become due and payable in ten (10) equal annual installments, as follows:

The first installment thereof with interest as provided by section 198 of the City Charter, shall be and become due and payable on the first day of the second month following the month in which the assessments were received by the City Treasurer; and each annual installment with interest thereon as provided by section 198 of the City Charter shall be due and payable on the

first day of the same month in each of the succeeding nine (9) years.

Adopted by the following vote :
 Ayes—Ald. Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Selye, Ward, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—17.

City Clerk's Office,
 Rochester, N. Y., Aug. 29, 1899.

- East Main Street Improvement and sewer,
- East Main Street Improvement and sewer, Rochester Railway.

Respectfully,
 PETER SHERIDAN,
 City Clerk.

Allegations were called for from all persons and Chas. A. Edgerton appearing for Rochester Railway made the following allegation :

I object to the confirmation of the several assessments against the Rochester Railway Company and to each of them on the ground that the several acts under which the assessments were levied are and each of them is unconstitutional and wholly void and upon further ground that none of the improvements in the several streets were of any benefit to the property of the Rochester Railway Company, against which it has been assessed as was shown by the evidence that was filed by the Rochester Railway Company at the time when the Common Council passed the several ordinances directing the assessment under the acts and I refer to that evidence that was filed with the Common Council as proof that none of the several improvements were of any benefit to the property of the Rochester Railway Co.

The foregoing assessment rolls were confirmed separately by the following vote :

Ayes—Ald. Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Selye, Ward, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—17.

By the Clerk—
 City Treasurer's Office,
 Rochester, N. Y., Aug. 29, 1899.

To the Hon. the Common Council :

Gentlemen—I hereby certify that the Ex-

ecutive Board have notified me that the works or improvements authorized under ordinances hereinafter mentioned have been completed; that I have, pursuant to the provisions of the charter, ascertained the entire and aggregate expense of, and connected with the same respectively, including any interest that the City shall incur, or is entitled to for the use of its funds, and that the respective amounts thereof are as follows :

By Ald. Edelman—

Rochester, N. Y., Aug. 29, 1899.

To the Honorable, the Common Council :
 Gentlemen—Your Lamp Committee, to whom was referred the several resolutions relating to the setting of lamps, beg leave to recommend the placing of the following :

One arc light on Bristol street, between Andrews street and Cumberland street (displaces two gas lamps).

Two additional arc lights on Stone street.

One arc light on Knowles place, between Tremont street and Adams street.

One arc light corner Birr street and the Highlands.

One arc light on Warner street, between Lyell avenue and Otis street.

One arc light corner Bates street and Hinsdale street.

Respectfully submitted,
 LEWIS EDELMAN,
 CHARLES P. MEAD,
 FRANK J. RITZ,
 D. W. SELYE,
 WILLIAM WARD,
 M. B. ADAMS,
 Lamp Committee.

Ordered received, filed and published.

By Ald. Edelman—Resolved, That the Rochester Gas and Electric Company be, and they hereby are, directed to place the lamps recommended in the report of the Lamp Committee presented at this meeting, under the direction of the chairman of the Lamp Committee and the City Engineer, and also to discontinue such gas lamps as may, in the opinion of said Chairman and the City Engineer be rendered unnecessary. Adopted.

By Ald. Reichenberger—
 Rochester, N. Y., Aug. 29, 1899.

To the Honorable, the Common Council :

Gentlemen—Your Map and Survey Committee would respectfully report as follows:

In accordance with a resolution adopted at a meeting of the Common Council held August 1st, 1899, your committee made a requisition on the Civil Service Board for an eligible list of clerks, for the purpose of copying the East Side Sewer Assess-

ment rolls.

We have designated from the aforesaid lists and in accordance with your resolution the following named persons, viz :

John P. Shea, Mark Sander, Charles H. Klem and Harold J. Levis, and recommending their appointment to the aforesaid positions.

We also recommend that Charles R. Burke be continued in his present position for an additional period of ninety days on account of the large amount of work in progress in the City Engineer's office.

Respectfully submitted,
WM. REICHENBERGER,
STEPHEN RAUBER,
LEWIS EDELMAN,
CHAS. H. JUDSON,
W. ERNST,
Map and Survey Committee.

Ordered received, filed and published.

By Ald. Reichenberger—Resolved, That John P. Shea, Mark Sander, Charles H. Klem and Harold J. Levis be temporarily employed as clerks for the purpose of copying the East Side Sewer Assessment rolls, for a period not exceeding sixty days, at a salary of two dollars (\$2.00) per day. Adopted.

By Ald. Reichenberger—Resolved, That Charles R. Burke be continued in his present position of chairman for an additional period of ninety days. Adopted.

By Ald. Selye—Resolved, That the Fire Marshal notify the Monroe County Savings Bank, owners, and The Rochester Bill Posting Co., lessees, to reduce to twelve feet in height the bill board on St. Paul street, adjoining Stein-Bloch Co., within forty-eight hours from service of said notice, in case of refusal or neglect by said parties to do the same the Fire Marshal is hereby directed to do said work at expense of the owners.

By Ald. Mead—

Rochester, N. Y., Aug. 29, 1899.

To the Honorable, the Common Council :

Gentlemen—Your law committee would respectfully report as follows :

In relation to the communications of His Honor, the Mayor, bearing date August 8, 1899, being vetoes of resolutions of the Common Council adopted August 1, 1899, one in relation to a vacation for the superintendent and operators of the police telegraph system, and the other relating to a rule and regulation of the Common Council in respect to the wires of the city, your committee would report as follows : That the committee is advised by the corporation counsel that the police telegraph system is under the control and jurisdiction and supervision of the Common Council of the city, and not under the control of the board of police commissioners, and that such adjudication has been had in relation thereto from the Supreme Court of New York State, both at a special term and by the appellate division. Your committee would therefore recommend that the resolution granting to the superintendent and operators of police telegraph system a vacation of ten days be passed over the veto of the mayor, said recommendation being made for the reason that it has been the custom to grant such

vacations for several years past, and also by reason of the fact that it provides for an expenditure of money of the city.

In relation to the veto upon the subject of regulating the stringing of wires in said city, your committee would report that upon the advise of the corporation counsel, that said matter is not within the jurisdiction of the mayor to veto, the same being a rule and regulation of the Common Council and under the provisions of section 48 of the City Charter, the mayor has no authority whatsoever to veto such a resolution, and the committee would recommend that no action be taken thereon.

Your committee would further report that a committee from the Rochester Electrical Workers appeared before the Law Committee and stated that the resolution adopted by the Common Council on the 1st day of August, 1899, in relation to the wires of the city, was not sufficient to protect the lives of those engaged in the electrical business or the public at large, and requested that some competent person to be recommended by said electrical workers be appointed by the Common Council for the purpose of investigating the electric wires of the city, and ascertain those not properly insulated and dangerous to life and property, and that such person be known as an electrical inspector, and that he have power and authority at any time upon the discovery of electric wires in a dangerous condition, to order the same to be placed in a safe condition, and also authority to report to the Common Council in relation to the condition of other wires in the city. Your committee would therefore recommend that additional rules and ordinances for the purpose of carrying the foregoing recommendations into effect be adopted by the Common Council.

We would recommend the appointment of the following Commissioners of Deeds : S. T. McCort, Howard K. Germain, George H. Brown, Annie E. Ineson, Bessie Levis, Walter McGurn, Thomas E. Carroll and Frank E. Babcock.

All of which is respectfully submitted.

CHARLES P. MEAD,

W. REICHENBERGER,
Law Committee.

Ordered received, filed and published.

By Ald. Mead—Resolved, That the corporation counsel and law committee be instructed to prepare and present to the Common Council ordinances in accordance with the recommendation and request of the Rochester Electrical Workers. Adopted.

The undersigned, a committee of Electrical Workers, Local Branch No. 44, Rochester, N. Y., do hereby concur in the recommendations of the Law Committee of the Common Council of the City of Rochester, N. Y., in relation to an electrical inspector contained in the report of said committee, dated August 29, 1899.

To the Honorable, the Common Council :

Gentlemen—Your Assessment Committee begs leave to submit the following report :

In the matter of the petition of Jessie H. Hovey, presented August 15, 1899, and referred to the Assessment Committee, for a reduction of interest on the general city tax for the year 1893, on lot at the southeast corner of Averill avenue and Beckley street, assessed to Julia A. Heavey; we recommend that the petition be granted and that Mrs. Hovey be allowed to pay the balance of said tax, together with the expenses of sale by the City Treasurer, amounting to \$325.00, with interest thereon at the rate of 6 per cent. per annum from the date of the sale, March 29, 1894, within thirty days of the passage of this resolution and upon such payment that said tax be cancelled.

Dated August 29, 1899.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

HAWLEY STREET WIDENING.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, and we hereby judge that the public good requires the same to be done, viz :

The widening of the east end of Hawley street to the width of 50 feet, by adding a strip of land 25 feet in width, from the west line of property supposed to be owned by Eliza J. Caldwell to Seward street. The land necessary to be taken is a strip of land 25 feet in width off from the north side of said Caldwell's lot.

Resolved, Further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit :

One tier of lots and parcels of land on each side of Hawley street, from Genesee street to Seward street, as they exist at the date of the passage of this ordinance.

Adopted.

MADISON STREET WALKS.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of Portland cement walks on east side of Madison street.

Adopted.

The Engineer submitted as such estimate, \$250.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz :

The construction of a Portland cement walk, 5 feet wide on the east side of Madison street, from Staud street to Leyden street, except where good flag or cement walks now exist, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And, the City Engineer, under the directions of this council, having made an esti-

mate of the whole expense thereof, and reported the same at \$250, which, being deemed reasonable, is hereby approved.

Resolved, Further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit :

One tier of lots and parcels of land on the east side of Madison street, from Staud street to Leyden street.

Adopted.

AVENUE E SEWER.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of constructing a sewer in Avenue E.

Adopted.

The Engineer submitted as such estimate, \$3,500.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz :

The construction of a sewer of suitable form and dimensions in Avenue E, from a point near North St. Paul street to the sewer in Conkey avenue. Also the necessary manholes, surface sewers, lot laterals and branches.

And, the City Engineer, under the directions of this council, having made an estimate of the whole expense thereof, and reported the same at \$3,500, which, being deemed reasonable, is hereby approved.

Resolved, Further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit :

One tier of lots and parcels of land on each side of Avenue E, from North St. Paul street to Conkey avenue.

Adopted.

CONKEY AVENUE SEWER AND GRADING.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of constructing a sewer and grading in Conkey avenue.

Adopted.

The Engineer submitted as such estimate, \$10,500.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz :

The construction of a sewer of suitable form and dimensions in Conkey avenue, from a point in the center of Avenue E to the sewer in Norton street. Also the necessary manholes, surface sewers, lot laterals and branches, and the grading of said avenue for its full width, from Avenue E to Norton street.

And, the City Engineer, under the directions of this council, having made an estimate of the whole expense thereof, and reported the same at \$10,500, which being deemed reasonable, is hereby approved.

Resolved, Further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit :

One tier of lots and parcels of land on each side of Conkey avenue, from Avenue E to Norton street, and for the sewer all the territory included within and described by the following boundary lines, viz :

Beginning at the intersection of Norton street and the west line of the R., W. &

O. R. R.; thence southerly along the west line of said railroad company's property to the northerly line of property supposed to belong to E. E. and C. H. Upton; thence westerly along the northerly line of said Upton's property to Conkey avenue; thence southerly along Conkey avenue, including one tier of lots not exceeding 126 feet in depth, on the east side thereof, to Avenue C; thence northerly along Conkey avenue, including one tier of lots on the west side thereof, to Avenue E; excepting the lots on the northeast and northwest corners of Avenue C and Conkey avenue; thence westerly along Avenue E, including one tier of lots on the south side thereof, excepting the lot on the southeast corner of Avenue E and St. Paul street, to St. Paul street; thence northerly along St. Paul street, excluding one tier of lots on the east side thereof, to Beach street; thence easterly along Beach street, excluding one tier of lots on the south side thereof, to Jewel street; thence northerly along Jewel street, excluding one tier of lots on the east side thereof, not exceeding 150 feet in depth, to Norton street; thence easterly along Norton street, excluding one tier of lots, not exceeding 150 feet in depth, on the south side thereof to the place of beginning.

Adopted.

AUGUSTINE STREET ASPHALT IMPROVEMENT.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of improving Augustine street.

Adopted.

The Engineer submitted as such estimate, \$27,000.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The improvement of Augustine street, from Pierpont avenue to Spaulding street, by the construction of an asphalt pavement therein.

Also the construction of a Medina stone curb 6 inches wide on each side thereof, properly connected with all streets, alleys, and driveways. The width between curbs shall be generally 26 feet. The pavement may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the Executive Board and City Engineer it is necessary in order to make a complete improvement. Excepting from the above that portion of the street between the tracks, the rails of the tracks and for two feet outside of the outside rails of the tracks of the Rochester Railway Company. Also the construction of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair or rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment of grade of the sidewalks. Also the construction of a Portland cement walk 5 feet in width on each side of the street, except where good cement or flagstone walks of the proper width now exist, which may be relaid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for ten years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement.

Also the construction of the necessary street laterals within the limits of the pave-

ment.

Also the construction of the necessary main sewers of suitable form and dimensions.

And, the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$27,000, which, being deemed reasonable, is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be assessed for and will be benefitted by such improvement, to wit:

One tier of lots and parcels of land on each side of Augustine street from Pierpont avenue to Spaulding street.

Adopted.

BIRR STREET ASPHALT IMPROVEMENT.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of improving Birr street.

Adopted.

The Engineer submitted as such estimate, \$27,000.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The improvement of Birr street from Pierpont avenue to Spaulding street by the construction of an asphalt pavement therein.

Also the construction of a Medina stone curb 6 inches wide on each side thereof, properly connected with all streets, alleys, and driveways. The width between curbs shall be generally 26 feet. The pavement may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the Executive Board and City Engineer it is necessary in order to make a complete improvement. Excepting from the above that portion of the street between the tracks, the rails of the tracks and for two feet outside of the outside rails of the tracks of the Rochester Railway Company. Also the cleaning, repair or rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment of grade of the sidewalks. Also the construction of a Portland cement walk 5 feet in width on each side of the street, except where good cement or flagstone walks of the proper width now exist, which may be relaid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for ten years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement.

Also the construction of the necessary street laterals within the limits of the pavement.

Also the construction of the necessary main sewers of suitable form and dimensions.

And, the City Engineer, under the directions of this council, having made an estimate of the whole expense thereof, and reported the same at \$27,000, which, being deemed reasonable, is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be assessed for and will be benefitted by such improvement, to wit:

One tier of lots and parcels of land on

each side of Birr street from Pierpont avenue to Spaulding street.

Adopted.

FLOWER CITY PARK ASPHALT IMPROVEMENT.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of improving Flower City Park.

Adopted.

The Engineer submitted as such estimate \$25,000.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz :

The improvement of Flower City park, from Lake avenue to Dewey avenue, by the construction of an asphalt pavement therein.

Also the construction of a Medina stone curb 6 inches wide on each side thereof, properly connected with all streets, alleys and driveways. The width between curbs shall be generally 26 feet.

The pavement may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the Executive Board and City Engineer it is necessary in order to make a complete improvement. Excepting from the above that portion of the street between the tracks, the rails of the tracks and for two feet outside of the outside rails of the tracks of the Rochester Railway Company.

The pavement shall be guaranteed and kept in repair for ten years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement.

Also the construction of the necessary street laterals within the limits of the pavement.

And the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$25,000, which, being deemed reasonable, is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the City, which this Council deems proper to be assessed for and will be benefited by such improvement, to wit :

One tier of lots and parcels of land on each side of Flower City park, from Lake avenue to Dewey avenue.

Adopted.

FLOWER CITY PARK GRAVEL IMPROVEMENT.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of improving Flower City Park.

Adopted.

The Engineer submitted as such estimate \$15,500.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz :

The improvement of Flower City park, from Lake avenue to Dewey avenue, by the construction of a gravel pavement therein.

Also the construction of a Medina stone curb 6 inches wide on each side thereof, properly connected with all streets, alleys and driveways. The width between curbs shall be generally 26 feet.

The pavement may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the Executive Board and City Engineer it is necessary in order to make a complete improvement. Excepting from the above that portion of the street between the tracks, the rails of the tracks and for two feet outside of the outside rails of the tracks of the Rochester Railway Company.

Also the construction of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair or rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment to grade of the sidewalks.

COMMUNICATIONS FROM THE MAYOR

By the Clerk—

Mayor's Office, Sept. 5, 1899.
To the Common Council of the City of Rochester:

I hereby return without my approval the resolution adopted at your meeting of August 29, 1899, which directs the Executive Board to insert in the contract for the Birr street improvement, a clause that the same shall be finished by November 1, 1899, and that in the event of the failure to complete the contract, it shall at that time be declared null and void; and a further provision that no payment shall be made upon said contract until the completion thereof, for the following reasons:

The Common Council adopted an ordinance for the improvement of Birr street, which did not contain any of the provisions above stated. In pursuance of the charter the Executive Board advertised for bids for said work, bids were received, duly opened, and the contract was awarded to the lowest bidder, and he is ready to do the work according to the terms of the contract as prepared between the Executive Board and himself. No such stringent provisions as above stated have been required for this kind of work. Under the contract as proposed if the contractor failed to perform the work by November 1st for some reason beyond his control, he would be compelled to forfeit all time and labor expended. This would be extremely unjust to the contractor. The further provision that no money shall be paid upon the contract until the completion of said improvement has not been inserted in contracts for this kind of work.

It has been the rule usually to pay each month as the work progressed, and to issue orders to the contractors payable in six months, one year, and two years. This is the method of payment prescribed in the city charter.

This resolution is a direct infringement of the duties and rights of the Executive Board. The board has the absolute power to let contracts after ordinances are passed. The time the work shall be finished and all matters relative to the time of completion have been invariably left to the discretion of the Executive Board.

Respectfully yours,

GEORGE E. WARNER, Mayor.

Received, filed and published (previous resolution of Ald. Selye amending Birr street improvement clause, rendering action on mayor's veto unnecessary).

Board of Park Commissioners,
 Rochester, N. Y., Sept. 7, 1899.

To the Honorable, the Common Council of the City of Rochester :

Gentlemen—The following resolutions were unanimously adopted at a regular meeting of the Board of Park Commissioners held August 30, 1899, which I am directed by resolution to transmit to your honorable body :

Resolved, That the Park Surveyor and Engineer ascertain and report to this Board the cost and expenses of laying out a park boulevard from the west line of the property of Henry M. Hill west to the west line of Thurston avenue, including what is known as Congress avenue, and 100 feet wide, through the property of E. A. Kalbfleisch, J. C. O'Brien, Mrs. A. Sweet, Alice Russell, L. O. Hopkins, Mrs. E. L. Davenport, G. W. Gates, A. Miloe, J. Gifford, W. Benson, W. P. Morgan, C. W. Rampe, W. Savage, E. S. Bennett, J. W. Stiles and the lands of the South Park Homestead Association tract.

Resolved, That this Board hereby determines to lay out a park boulevard, which we judge to be proper and desirable, to be reserved for such purposes, described as follows :

The boulevard shall be 100 feet in width, as shown on the enclosed map. The width of the roadway shall be 30 feet; the distance from curb to walk, 26 feet; width of walk, 6 feet, and the space from inside of walk to lot line, 3 feet. There shall be three rows of trees on each side of the roadway, a row of tulip trees 10 feet each side of the curb and 50 feet apart, measured in the line of the street.

A row of Carolina poplars, alternating with the tulip trees and 22 feet from curb line; a row of shining leaf willow trees, 25 feet apart and 5 feet from the curb line.

The grades and cross sections shall be made as shown on map and profile accompanying this report. The space on each side of the roadway shall be plowed, harrowed and sowed to grass seed, and

Whereas, The park surveyor and engineer, under the direction of this Board, has made an estimate of the cost and expense of such improvement, and reports the same at \$1,250, which estimate is hereby approved; therefore, further

Resolved, That we describe and declare the following portion or part of the city to be assessed for the expense of such improvement, and which we deem proper to be assessed for the whole expense of such improvement, to wit: All of the lots abutting the proposed park boulevard.

Ordered received, filed and published.

By Ald. Beard—

Rochester, N. Y., Sept. 12, 1899.

The Honorable Common Council, City of Rochester, N. Y.:

Gentlemen—The committee of arrangements for the reception of the 34th annual convention of Bricklayers and Masons' International Union of America, which will meet in this city January 8, 1900, and continue in session from twelve to twenty days, and consist of not less than 250 members, possibly 400, from all parts of the United States and Canada. For the entertainment in a proper manner worthy of our city and union, the committee are publishing a souvenir in book form containing many of the buildings of our city. By so doing we feel convinced we shall be able to raise considerable funds, which will have to be provided for that occasion.

We therefore ask your honorable body to publicly endorse our efforts to make the convention a great success, as by so doing it will give a stimulus to bring many more conventions to our city and thus be a benefit to the whole city.

Committee:

F. SCHUBMEL, Chairman.
VALENTINE DURSE,
J. G. LAMBERT,
C. J. HEVERON,
JAMES FOSE,
C. A. WOODEN,
E. LEIMBERGER,
JNO. MYERS,
PATRICK WHITE,
GEORGE H. COOPER,
JNO. WHITTINGTON, Secretary.

Ordered received, filed and published.

By Ald. Beard—Resolved, That the petition of the Bricklayers, Plasterers and Stonemasons' Union, No. 39, praying the Common Council to publicly endorse their souvenir book and thereby assist in making the annual convention of the Bricklayers' and Masons' International Union, to be held in this city on January 8, 1900, a great success, be, and the same hereby is, adopted.

The Clerk presented the claim of Charles E. Evans against the City of Rochester, for alleged damages caused by overflow of Thomas creek sewer.

REPORTS OF STANDING COMMITTEES.

By Ald. Rauber—

Rochester, Sept. 12, 1899.

To the Honorable Common Council:

Gentlemen—Your Finance Committee has received the following communication from the City Treasurer:

September 1, 1899.

To the Honorable the Common Council:

Gentlemen—At the last meeting of the Council new rolls for Court street, Mt. Hope avenue and South St. Paul street improve-

ments were confirmed. Many of the property owners who were assessed for the aforesaid improvements on former rolls paid the amount of the assessment that was then against them, either in whole or in part.

The assessments against the property owners on the first assessment rolls were more than on those that have been recently confirmed, so rebates will be made, of course, to those that paid.

Will you kindly direct me the amount of interest to allow on payments made upon the first assessment. The parties made their former payments on a 6 per cent. basis, and I think they should receive the same rate on the rebates made.

Yours respectfully,

S. B. WILLIAMS, Treasurer.

In view of the explanation of the City Treasurer, your Finance Committee recommends that the Treasurer pay to the taxpayers who paid on the original rolls for Court street, Mt. Hope avenue and South St. Paul street improvements, interest on all rebates at the rate of 6 per cent. per annum.

STEPHEN RAUBER,
CHARLES P. MEAD,
LEWIS EDELMAN,
D. W. SELYE,
J. C. WILSON,

Finance Committee.

Ordered received, filed and published.

By Alderman Rauber.—Resolved, That the taxpayers assessed for Court street, Mt. Hope avenue and South St. Paul street improvements receive interest at the rate of 6 per cent. per annum on all payments made on original rolls from the date of such payment or payments to the date of confirmation of new assessment rolls. Adopted.

By Ald. Rauber.—Resolved, That the resolution of the Common Council of the City of Rochester, passed August 15, 1899, in relation to the issue of Local Improvement Bonds be and the same is hereby reconsidered. Adopted. On motion of Ald. Rauber the resolution was indefinitely postponed.

By Ald. Rauber.—Resolved, That the City Treasurer be and he is hereby authorized and directed to prepare and issue the bonds of the City of Rochester to an amount not exceeding \$500,000, pursuant to Chap. 393 of the Laws of 1899, said bonds to be known as Local Improvement Bonds of the City of Rochester, to be issued in denominations of \$5,000 each and to run for a period of twenty (20) years from October 2, 1899, and to bear interest at the rate of 3 1/2 per cent. per annum, such interest to be payable on the first day of February and August in each year at the office of the Union Trust Company, New York City. Said bonds to be sold after competition upon sealed proposals at not less than par; said bonds shall be sealed by the corporate seal of the city, signed by its Treasurer, and countersigned by its Mayor and President or its Common Council, and the Union Trust Company of New York is hereby requested and authorized to countersign the same; and be it further

Resolved, That the proceeds of said bonds so issued, together with the premium received on the same, be credited to the Local Improvement Fund and applied to the payment of expenses incurred or to be incurred on account of local improvements, the expense whereof is to be collected in whole or in part by assessment of the property benefited, and to pay and take up acceptances, notes and orders heretofore or hereafter

issued on account of such local improvements.

Adopted by the following vote :
 Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—19.

By Ald. Rauber.—Resolved, That the City Treasurer be and he hereby is authorized and directed to issue as may be necessary, under authority of Sections 80 and 81 of the City Charter, the City's note or notes for an amount not exceeding one hundred and forty thousand dollars (\$140,000), said notes to run for a period not exceeding eight (8) months; to be negotiated under the direction of the Finance Committee and countersigned by the chairman thereof; interest or discount to be charged to the Contingent Fund, and the proceeds to be credited to the same fund, to be used for the payment of improvements of the Rochester Railway Company's tracks, and for two (2) feet outside thereof—

Said work was authorized by the Common Council, and a certified list of the same has been submitted by Chief Engineer Fisher.

Adopted by the following vote :
 Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—19.

By Ald. Wilson.—
 Rochester, N. Y., September 22, 1899.
 To the Honorable Common Council :
 Gentlemen—Your committee on Public Improvements to whom was referred the matter of ascertaining "The best system of street signs available, the cost, etc." would respectfully report as follows :

Your committee has made a very careful and thorough investigation of the subject of street signs, having communicated with the officials of many cities in relation to the system in use, the cost, durability, etc., besides having communicated with all of the manufacturers of street signs of which your committee had any knowledge.

On August 23rd, your committee solicited bids on 4,000 or more signs, specifying the size of letters etc., and requesting a sample sign to be furnished with each bid, intending to select from the samples submitted the style and kind of sign desired.

On opening the bids on September 5th, and after a careful examination of the samples submitted, your committee selected an enameled iron sign as the most desirable for our use.

Among the bids opened were seven for enameled iron signs, ranging in price from 30 to 61 cents each, and as your Committee believe that no better results would be obtained by re-advertising for the special kind of sign selected, would recommend a contract be awarded to the Enameled Iron Company of Beaver Falls, Pa., for 4,000 or more street signs, the number to be computed by the City Engineer, at the price named in their proposal.

FINAL ORDINANCE, NO. 7,874.

FLOWER CITY PARK ASPHALT PAVEMENT.

On motion of Ald. Wilson, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to improve Flower City park, from Lake avenue to Dewey avenue, and after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Flower City park,

from Lake avenue to Dewey avenue, by the construction of an asphalt pavement therein.

Also the construction of a Medina stone curb, 6 inches wide, on each side thereof, properly connected with all streets, alleys and driveways. The width between curbs shall be generally 26 feet.

The pavement may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the Executive Board and City Engineer it is necessary in order to make a complete improvement. Excepting from the above that portion of the street between the tracks, the rails of the tracks and for two feet outside of the outside rails of the tracks of the Rochester Railway Company.

Also the construction of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair or rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment to grade of the sidewalks.

The pavement shall be guaranteed and kept in repair for ten years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement.

Also the construction of the necessary street laterals within the limits of the pavement.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$25,000, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Flower City park, from Lake avenue to Dewey avenue.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—19.

By Ald. Selye—

Rochester, N. Y., Sept. 26, 1899.

To the Honorable, the Common Council:
Gentlemen—Upon an inspection last month of the premises known as the Van Seyke building on Brown's race, owned by F. E. and H. C. Glen, I found the wall adjoining the Eagle foundry and machine shop in a very bad condition, and dangerous to public safety. On August 17th I notified the owners of the dangerous condition of said building and directed its immediate repair, and received at that time the personal assurance of one of the owners that the matter would be attended to without delay. Up to this date nothing has been done. Having been notified by the adjoining property owners that the city would be held responsible in case of accident, I would suggest that this office be given the authority to take down or repair said wall, or so much thereof as is necessary for the safety of the public.

Very respectfully yours,

JOHN A. P. WALTER,
Fire Marshal.

Ordered received, filed and published.
 By Ald. Selye—Resolved, That upon refusal or neglect of F. E. and H. C. Glen, owners of power building on Brown's race, adjoining Eagle foundry and machine shop, to put said building in safe condition, that the fire marshal be empowered, and is hereby directed, to take down or repair said building, or so much thereof as may be deemed necessary for public safety, at the expense of the owners or parties interested. Adopted.

By Ald. Selye—Whereas, By an error in final ordinance No. 7,767, for Oriole street cement walks, that portion of said street on the west side, from Lexington avenue to Driving Park avenue, was included in the ordinance, and

Whereas, A plank walk has been laid under an ordinance in the last two years on said portion of Oriole street; therefore, be it

Resolved, That the Executive Board be requested to omit the construction of a cement walk on the west side of Oriole street, from Lexington avenue to Driving Park avenue. Adopted.

By Ald. Selye—Resolved, That the ordinance for the Birr street asphalt pavement, now pending, be amended so as to describe the territory to be assessed as from Pierpoint avenue to the west line of Lot No. 191 of the Lake View Homestead Association sub-division. Adopted.

By Ald. Selye—Resolved, That the ordinance for an asphalt pavement on Augustine street now pending be amended so as to describe the territory to be assessed to be from Pierpoint avenue to the west line of lot No. 251 of the Lake View Homestead Association sub-division. Adopted.

By Ald. Ward—Whereas, the Executive Board has reported that no agreement can be made for the purchase of lands necessary to be taken for the proposed crossing at Maple street, of the N. Y. C. & H. R. R. Co. and the B., R. & P. Ry., and the necessary openings and extensions of streets therefor under final ordinance No. 7,201; therefore

Resolved, That the Corporation Counsel be, and he hereby is, directed to take and institute such proceedings as may be necessary to acquire said lands or the right of way or easement therein necessary for said crossing and extension and openings as provided by section 198 of the city charter. Adopted.

By Ald. Steele—Whereas, the Common Council did on May 23, 1899, determine that a six inch water pipe be placed in Dartmouth street from Monroe avenue to a point about 1,100 feet north at an estimated cost of \$1,440.00; and

Whereas, Matthias Kondolf, the owner of all the abutting property on said portion of Dartmouth street, is desirous of having a six-inch water pipe in Marvin street from Harvard street to about 340 feet south, and requests that the pipe necessary therefor shall be omitted from said Dartmouth street in order that it may be laid in said Marvin street; and

Whereas, A majority petition for a water pipe in Marvin street has been presented to the Common Council, and is on file in the office of the Water Works Department; therefore

Resolved, That the Executive Board be, and it is hereby directed to cause a six-inch water pipe and appurtenances to be laid in Marvin street from Harvard street to a point about 340 feet south, and to deduct the same amount of pipe from the quantity intended to be used in said Dartmouth street. Adopted.

By Ald. Steele—Resolved, That the order of assessment for Bacon street sewer, Ord. No. 7,313, as directed Sept. 12, 1899, and published on Page 547 of current proceedings, be reconsidered. Adopted.

Ald. Steele moved that the order of assessment for Bacon street sewer be indefinitely postponed. Adopted.

By Ald. Steele—Resolved, That the Executive Board be, and they hereby are requested to notify the City Treasurer of the corrected cost of Bacon street sewer under Ord. No. 7,313. Adopted.

By Ald. Mead—Resolved, That the Executive Board and the City Engineer be, and they hereby are requested to investigate the matter of the ventilation of the outlet to the Avenue B sewer at the river bank, and that the Executive Board be requested to adopt such measures as they deem advisable to improve the same. Adopted.

By Ald. Mead—Resolved, That the City Clerk be, and he hereby is, authorized and directed to draw an order, payable from the Contingent Fund, in favor of Thomas Holahan, for the sum of two thousand dollars (\$2,000.00), the same being for services rendered and disbursements incurred in the collection and removal of garbage and the removal of dead animals in the city of Rochester, N. Y., from the 29th day of August to the 29th day of September, 1899, pursuant to the resolution of the Common Council, adopted May 9th, 1899, and charge the same to the Contingent Fund.

Adopted by the following vote:
 Ayes—Ald. Tracy, Callihan, Ford, Green, Rauber, Adams, Edelman, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead—16.

Nays—Ald. Judson, Wilson—2.
 By Ald. Mead—Resolved, That the Clerk be, and he hereby is, directed to draw an order on the Treasurer for one hundred and sixty-nine and 68-100 dollars in favor of J. A. P. Walters, for expenses incurred at the primary election held September 19th, 1899, and charge Contingent Fund.

Adopted by the following vote:
 Ayes—Ald. Tracy, Callihan, Ford, Green, Rauber, Adams, Edelman, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson—18.

By Ald. Judson—Resolved, That the City Engineer be instructed to move the electric light on the corner of Main street, East, and Barnum street, to a point directly opposite Holmdel place on Main street, East. Referred to the Lamp Committee and City Engineer.

By Ald. Judson—Resolved, That the taxpayers to be assessed for the cement walks on Dubelbeiss street be allowed to pay their assessments in three annual payments and that the City Assessors be directed to prepare the assessment roll in accordance therewith. Adopted.

By Ald. Wilson—Resolved, That Amy Cox be allowed to pay the face of the general city taxes against the premises known as lots Nos. 64 and 65, William Cox's sub-division, on Genesee street, for the years 1894, 1896, 1897, 1898 and 1899, with interest at the rate of 6 per cent. per annum, in full settlement thereof, provided the same are owned by the city, and such payment made within sixty days from the passage of this resolution, and that the City Treasurer charge the balance to erroneous assessments. Adopted.

By Ald. Adams—Resolved, That the Rochester Gas and Electric Company be instructed to remove the pole now standing at the junction of Atlantic avenue and University avenue, and in place of the same to place an iron pole with two arc lights

in the center of the round plot of ground recently laid out. Referred to the Lamp Committee and City Engineer.

COMMUNICATIONS FROM THE MAYOR

Rochester, N. Y., Sept. 20, 1899.

To the Common Council of the City of Rochester:

I hereby return without my approval final ordinance No. 7,874 for asphalt pavement on Flower City park, for the following reasons:

The estimated expense of this improvement is \$25,000. The improvement is not necessary, neither is it desired by a majority of the property owners on the park. As I am informed the owners of a considerable amount of property desire a gravel improvement. This would be a great deal cheaper and would answer all purposes.

Respectfully yours,

GEORGE E. WARNER,

Mayor.

Ordered received, filed and published.

The President stated the question to be "shall the ordinance stand notwithstanding the objections of the mayor," the ordinance was passed by the following vote:

Ayes—Ald. Tracy, Cahlan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson Wilson—13.

COMMUNICATIONS AND REPORTS

FROM OTHER CORPORATION

OFFICERS, BOARDS AND

DEPARTMENTS.

By the Clerk—

Rochester, N. Y., Sept. 26, 1899.

To the Honorable the Common Council:

Gentlemen—In regard to closing the office of City Treasurer on Friday and Saturday of this week on account of the "Dewey" celebration—

Will you direct me in the matter?

To be loyal citizens, I suppose the office should be closed.

To accommodate the public, the office should be kept open.

I shall keep the office open unless you direct me to the contrary.

Respectfully,

S. B. WILLIAMS, Treasurer.

On motion of Ald. Wilson the matter was left to the discretion of the City Treasurer.

By the Clerk—

Rochester, N. Y., Sept. 25, 1899.

To the Common Council:

Gentlemen—In accordance with resolutions adopted by your honorable body, which directed the Executive Board to make repairs to and pave the surface of various streets in the City of Rochester, between the tracks, the rails of the tracks and for two feet in width outside of the tracks, of the Rochester Railway Company, providing said Railway Company neglected to make such repairs within thirty days from notice to do so, I am directed by this Board to report as follows:

Pursuant to said instructions, the Executive Board advertised for the letting of this work, awarded the contracts and the contractors entered immediately upon said work.

The City Engineer has, therefore, submitted to this Board estimates for the material furnished and work completed to September 21st, 1899, as follows:

Brayer & Albaugh, North Clinton street, Est. No. 3.....	\$6,300
F. A. Brotsch, Monroe avenue, Est. No. 1	5,700
Lauer & Hagaman, Caledonia avenue, Est. No. 1	7,500
Whitmore, Rauber & Vicinus, Thrush street, Est. No. 1	16,000

The Executive Board, therefore, respectfully refers the vouchers for said amounts to your honorable body for payment.

Respectfully,
 CHAS. M. BEATTIE, Clerk.
 Ordered received, filed and published.
 By the Clerk—

City Engineer's Office,
 September 26, 1899.
 To the Honorable, the Common Council of the City of Rochester :

Gentlemen—The improvement of Pindle alley under final ordinance No. 7,314 has been completed.

Owing to the large amount of work necessary in putting the areas into safe condition to receive the pavement, the actual cost of the work together with the inspection has exceeded the estimate by the following amount.

Total cost of construction	\$5,696 72
Total cost of inspection, stakes, etc.	148 85

Total	\$5,845 57
Estimated cost was	5,500 00

Making a deficiency of \$ 345 57
 I recommend the passage of a deficiency ordinance for this amount.

Yours respectfully,
 E. A. FISHER,
 City Engineer.

Ordered received, filed and published and referred to the City Engineer to prepare an ordinance.

By the Clerk—
 City Engineer's Office,
 September 26, 1899.

To the Honorable, the Common Council of the City of Rochester :

Gentlemen—In accordance with a resolution of your honorable body, passed July 18, 1899, relative to the condition of Lake avenue asphalt pavement, I herewith submit the following report :

The pavement has been carefully examined and portions thereof, especially at the southerly end, are not at present in a satisfactory condition.

The Executive Board has notified the Rock Asphalt Pavement Company, the successors of Henry Bolze, the original contractor, to put said street in repair in all places, in accordance with the terms of the guarantee.

Respectfully submitted,
 E. A. FISHER, City Engineer.

Ordered received filed and published.

Resolved, That all persons interested in the matter of the ordering of the assessment for the aforesaid street opening be heard as to the same at the next regular meeting of the Common Council, to be held at the Common Council Chamber in the City Hall on the 10th day of October, 1899, at 7:30 p. m., and that the city clerk cause to be published a notice of said hearing, as required by Sec. 190 of the City Charter.

Adopted.
 By the Clerk—

Rochester, N. Y., Sept. 23, 1899.

To the Honorable, the Common Council :

Gentlemen—I hereby report that I have received from sealing weights and measures for the month of August one hundred and forty-seven and 20-100 dollars; that I have deposited the same with the City Treasurer and have taken his receipt therefor.

JOS. F. RIBSTEIN,
 City Sealer.

Ordered received, filed and published.

By the Clerk—
 To the Common Council of the City of Rochester :

We, the undersigned, Mathias Kondolf, Theresa M., his wife, Augustus C. Bowen, Jennie M., his wife, and Augusta B. Gould, all of said city, do hereby formally dedicate to the city of Rochester, for the purposes of a public street, to be known as Pacific street, the land therefor, according to the following description, viz.: The north line of said street to be parallel with and two hundred twenty-two and 86-100 feet northerly, measured at right angles from the red line of the Erie canal; the south line to be parallel with and sixty feet, measured at right angles, from the above described north line, and extending from

the north line of Monroe avenue to the west line of Bates street extended. The said Mathias Kondolf reserves the right to construct and maintain a channel across said Pacific street from his ice pond to his ice house, four feet in width and four feet in depth, for the purpose of floating ice through the same; but said channel shall be so made as not to interfere with the traffic of the street and shall continue only so long as the ice pond is maintained.

And we do also dedicate to said city for the purposes of the alteration of Bowen street the land therefore, so that the said Bowen street in the altered part thereof shall be bounded as follows: Beginning at a point in the southwest corner of Harvard and Bowen streets; thence south 21 degrees, 45 minutes, 25 seconds west, to a point in the northerly line of the above described Pacific street, said west line to be parallel with that part of Dartmouth street running from Monroe avenue northerly to an angle in said Dartmouth street. The easterly line of said Bowen street as altered shall be parallel with the said above described westerly line of said street as altered and fifty-seven and three-fourths (57 $\frac{3}{4}$) feet distant east therefrom, measured at right angles.

This dedication of the land for Pacific street and the land for the alteration of Bowen street is in consideration of the abandonment of all that part of Bowen street extending from the south line of Pacific street to Monroe avenue.

The said parties hereto further certify that an accurate map of said Pacific street and of said Bowen street, as altered, has been filed in the County Clerk's office of the county of Monroe, and also in the City Assessors' office of said city, to which reference is had for a more particular description of said Pacific street and said Bowen street as altered and also of the part of said Bowen street abandoned.

The said parties further certify that they are the owners of the property herein described and have the right to dedicate the same to the City of Rochester, and that the same is free from all incumbrance of every name and nature except mortgages thereon owned by the Rochester Savings Bank, and herewith is submitted the consent of said bank to the dedication aforesaid.

All of the above is respectfully submitted, with the request that said property be accepted by the city for public use for streets as aforesaid.

Dated September 14, 1899.

TERESA M. KONDOLF,
AUGUSTUS C. BOWEN,
AUGUSTA B. GOULD,
JENNIE M. BOWEN,

By Augustus C. Bowen, by
power of attorney.

State of New York, Monroe County, City
of Rochester, s. s.:

On this September 14, 1899, before me, the subscriber, personally came Mathias Kondolf, Theresa M. Kondolf, Augustus C. Bowen and Augusta B. Gould, to me known and known to me to be the persons described in and who executed the within instrument, and acknowledged that they executed the same. And said Augustus C. Bowen acknowledged to me that he executed the within instrument as the act and deed of Jennie M. Bowen, his wife, by virtue of a power of attorney duly executed

by her, recorded in Monroe County Clerk's office.

AGNES MOORE,
Commissioner of Deeds.

To the Honorable, the Common Council of
the City of Rochester:

Gentlemen—The Rochester Savings Bank, as mortgagee, does hereby consent to and unite in the foregoing dedication, and does hereby, for value received, agree that its mortgage lien or liens shall be subject to all the rights of the city and the public in and to Pacific street and Bowen street proposed to be dedicated by the above dedication.

Witness the seal of said bank and the hand of its secretary, this 14th (L. S.) day of September, 1899.

T. H. HUSBAND, Sec.

State of New York, County of Monroe,
City of Rochester, s. s.:

On this 15th day of September, 1899, before me personally came Thomas H. Husband, to me known, who being by me duly sworn did depose and say that he resides in the City of Rochester; that he is secretary of Rochester Savings Bank, the corporation described in and which executed the above instrument; that he knew the corporate seal of said bank; that the seal affixed to said instrument was such corporate seal; that it was so affixed by order of the board of trustees of said bank, and that he signed his name thereto by the like others.

H. S. HANFORD,
Notary Public.

Ordered received, filed and published and referred to the City Engineer and Executive Board.

By the Clerk—

Rochester, N. Y., Sept. 23, 1899.

To the Honorable, the Common Council of
the City of Rochester:

Gentlemen—The undersigned, John Van Aalst and Maria F. Van Aalst (his wife), of the City of Rochester, N. Y., owners of the real property hereinafter described, and William Van Aalst, of the said city, mortgagee of the said real property, do hereby formally dedicate to the City of Rochester for the purpose of a public street, all that piece or parcel of land, situate in the City of Rochester, county of Monroe and state of New York, being all that part of lot forty-five (45) formerly in the town of Irondequoit, bounded and described as follows: On the west by the east line of Hudson avenue, on the east by the west line of North street; on the north by a line parallel with and eighty (80) feet distant southerly from the north line of that part of said lot forty-five (45), conveyed to William Van Aalst by Jazamah Emerson and his wife by deed, dated February 1, 1868, and recorded in Monroe County Clerk's office in liber 216 of deeds at page 448; and on the south by a line parallel with said northerly boundary line and forty-eight (48) feet distant southerly therefrom.

The undersigned, John and Maria F. Van Aalst, do hereby certify that they are the owners in fee of the premises above described and have the right to dedicate the same to the city as above and that the same are free of incumbrance except a mortgage to the undersigned William Van Aalst.

WILLIAM VAN AALST,
JOHN VAN AALST,
MARIA F. VAN AALST.

State of New York, County of Monroe, ss.:

On this 23d day of September in the year 1899, before me, the subscriber, personally came John Van Aalst, Maria F. Van Aalst

and William Van Aalst, to me personally known, to be the same persons described in and who executed the foregoing instrument, and severally acknowledge that they executed the same.

JAMES H. MONTGOMERY,
Notary Public.

Ordered received, filed and published and referred to the Executive Board and City Engineer.

To the Honorable, Common Council of the City of Rochester :

Gentlemen—I hereby certify that the City Assessors have delivered to me the following assessment rolls, certified and verified as required by the city charter :

- Ord.
- 7,320—La Mont Park Sewer.
- 7,368—Rundel Park Pipe Sewer.
- 7,319—Maria Street Sewer.
- 7,326—Caroline Street Sewer.
- 7,318—Pearl and Meigs Streets Sewer.
- 7,288—North Clinton Street Sewer.
- 6,738—Boyd Place Extension.

PETER SHERIDAN,
City Clerk.

Ordered received, filed and published. Ald Judson moved that confirmation of the assessment roll for La Mont pipe sewer be postponed two weeks. Adopted.

Ald. Adams moved that similar action be taken with reference to Rundel park pipe sewer. Adopted.

Ald. Steele moved that similar action be taken with reference to Pearl and Meigs streets sewer. Adopted.

Allegations were called on each of the above rolls separately with the exception of La Mont park pipe sewer, 7,320; Rundel park pipe sewer, 7,308; Pearl and Meigs streets sewer, 7,318, and Boyd place extension, 6,738, and no persons appearing to allege for or against the aforesaid rolls they were adopted by the following vote :

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson—19.

By Ald. Steele—Resolved, That the next regular meeting of this Common Council, October 10th, 1899, be and hereby is assigned as the time when any complaints or appeals will be heard relating to the assessment rolls for Boyd place extension, ordinance No. 6,738. Adopted.

Rochester, N. Y., Sept. 26, 1899.

To the Honorable, Contingent Expense Committee of the Common Council :

Gentlemen—This office has received numerous complaints from inspectors and others in regard to the condition of the election booths. A number of them are in a dilapidated condition. They have been in use for a number of years without repairs. The roof and floor to some of them are broken and decayed. One used by the Poor Department last winter at the stone yard is minus part of the roof and floor. I would suggest that an order be given for their immediate repair, otherwise they will not be fit for the use of boards of inspectors and citizens as a heavy wind is liable to blow them down at any time.

Very respectfully yours,

JOHN A. P. WALTER,

Fire Marshal.

Ald. Mead moved that the communication be referred to the Contingent Expense Committee and Fire Marshal, to make such repairs on booths as they may deem necessary.

By Ald. Mead—

AN Ordinance Relating to Poles and Wires. The Common Council of the City of Rochester do enact as follows:

Sec. 1. No telegraph or telephone or electric light wires or poles shall be strung or erected in, upon or over any public street, highway or grounds within the city of Rochester without the consent of its Common Council. All poles erected or wires

strung without such consent shall be forthwith removed and taken down under the direction of the said Common Council, and any person, company or corporation that shall erect poles or string wires without having obtained such consent shall forfeit and pay a penalty of not less than twenty-five dollars (\$25), and not more than one hundred dollars (\$100.)

Sec. 2. All wires strung within said city of Rochester shall be so insulated as to resist abrasion and heat, and be impervious to water, and when in proximity to other wires shall be so guarded and protected by guard wires as to prevent any possibility of their coming into contact with foreign wires. When any such wires shall be broken, or their insulation becomes imperfect, the current shall be forthwith discontinued and the wires not used until properly repaired and insulated. Any person, firm or corporation that shall string or use wires not insulated and guarded as provided by this section shall forfeit and pay a penalty of not less than fifty dollars (\$50) and not more than one hundred and fifty dollars (\$150).

Sec. 3. All poles and wires hereafter to be erected and strung, whether to form a new line or to replace old poles and wires, shall be placed at such places as the Common Council shall designate; and all poles erected and wires strung without such designation shall be forthwith removed under the direction of the Common Council; and any person, firm or corporation that shall erect poles or string wires without such designation shall forfeit and pay a penalty of not less than twenty-five dollars (\$25) and not more than one hundred dollars (\$100).

Sec. 4. This ordinance shall take effect immediately.

Action postponed two weeks under the rule.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

The first ordinance for a plank walk on Bay street came up and on motion of Ald. Judson action was indefinitely postponed.

COPELAND STREET WIDENING.

By Ald. Wilson—Resolved, That the following improvement is necessary, should be made and the public good requires the same to be done, viz.:

The widening of Copeland street, from Webster avenue to Bay street, by adding a strip of land four feet in width on each side of said street. And the land necessary to be taken for said extension is a strip four feet wide from the property on each side of Copeland street, and extending from Bay street to Webster avenue.

Resolved, Further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Copeland street, from Webster avenue to Bay street.

Adopted.

PINDLE ALLEY ASPHALT IMPROVEMENT, SUPPLEMENTAL TO ORD. NO. 7,314.

Excess of actual cost above estimate in final ordinance No. 7,314.

Whereas, This Council did by final ordinance, No. 7,314, passed October 25, 1893, determine and ordain that Pindle alley, from

West Main street to Allen street, should be improved by the construction of an asphalt pavement on said street, the estimate for which was \$5,500, and

Whereas, The said improvement has been completed and the City Engineer reports that the actual expense of the improvement over the estimate in the ordinance amounts to \$345.57, which said amount of excess above the estimate is hereby approved.

Resolved, That the said amount of \$345.57 is hereby directed to be assessed upon the following portion of the city, which this Common Council deems proper to be so assessed for and will be benefited by said improvement:

One tier of lots and parcels of land on each side of Pindle alley, from West Main street to Allen street.

Adopted.

TACOMA STREET CEMENT WALK.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of Portland cement walks on Tacoma street.

The Engineer submitted as such estimate, \$580.

Adopted.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The construction of a Portland cement walk, 5 feet wide on the east side of Tacoma street, from Lexington avenue, to Glenwood avenue, except where good flag or cement walks now exist, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And, the City Engineer, under the directions of this Council, having made an estimate of the whole expense there, and reported the same at \$580, which, being deemed reasonable, is hereby approved.

Resolved, Further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the City, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the east side of Tacoma street, from Lexington avenue to Glenwood avenue.

Adopted.

DRIVING PARK AVENUE TRAP ROCK MACADAM PAVEMENT.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of improving Driving Park avenue.

The Engineer submitted as such estimate, \$11,000.

Adopted.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The improvement of Driving Park avenue, from Lake avenue to Pierpont avenue, by the construction of a trap rock macadam pavement therein.

Also the construction of a Medina stone curb 6 inches wide, and brick gutters 3 feet wide, on each side thereof, properly connected with all streets, alleys and driveways. The width between curbs shall be generally 28 feet.

The pavement may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the

Executive Board and City Engineer it is necessary in order to make a complete improvement. Excepting from the above that portion of the street between the tracks, the rails of the tracks and for two feet outside of the outside rails of the tracks of the Rochester Railway Company. Also the construction of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair or rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment to grade of the sidewalks.

The pavement shall be guaranteed and kept in repair for five years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement.

Also the construction of the necessary street laterals within the limits of the pavement.

Also the construction of the necessary main sewers of suitable form and dimensions.

And, the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$11,000, which, being deemed reasonable, is hereby approved.

Resolved, Further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the City, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit :

One tier of lots and parcels of land on each side of Driving Park avenue, from Lake avenue to Pierpont avenue.

**ADOTTED.
GLENDALE PARK ASPHALT PAVEMENT.**

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this council the expense of improving Glendale park.

Adopted.
The Engineer submitted as such estimate, \$27,000.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz :

The improvement of Glendale park, from Tacoma street to Oriole street, except at the crossings of Dewey avenue and Maryland street, by the construction of an asphalt pavement therein. Also crossovers opposite Ranier and Brooklyn streets. Also the construction of a Medina stone curb, 6 inches wide, on each side thereof, properly connected with all streets, alleys and driveways. The width between curbs shall be generally 15 feet, with two driveways. The pavement may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the Executive Board and City Engineer it is necessary in order to make a complete improvement. Also the construction of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair or rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment to grade of the sidewalks. Also the construction of a Portland cement walk, five feet in width, on each side of the street, except where good cement or flagstone walks of the proper width now exist, which may be relaid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for ten years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement.

Also the construction of the necessary street laterals within the limits of the pavement.

Also the construction of the necessary main sewers of suitable form and dimensions.

All surplus earth excavated must be deposited in Deep Hollow ravine.

And, The City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$27,000, which, being deemed reasonable, is hereby approved.

Resolved, Further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the City, which this Council deems proper to be assessed for and will be benefited by such improvement, to wit :

One tier of lots and parcels of land on each side of Glendale park, from Tacoma street to Oriole street.

**ADOTTED.
FINAL ORDINANCES.**

By the Clerk— City Clerk's Office.
Rochester, N. Y., Sept. 26, 1899.

To the Honorable the Common Council of the City of Rochester :

Gentlemen—I do hereby certify that a notice, such as is required by section 172 of the city charter, specifying each of the improvements contemplated by the following final ordinances, the estimated expenses thereof, the amount, if any, of such expenses to be paid from the public treasury, the portion or part of the city to be assessed for the remainder of the expenses and requiring all persons interested in the subject matter of the improvement to attend at the time appointed in such notice, was published daily for four days in two daily newspapers printed in this city, namely the Rochester Herald and the Union and Advertiser.

Respectfully submitted,
PETER SHERIDAN,
City Clerk.

Received, filed and published.

By Ald. Adams—

Rochester, N. Y., Oct. 10, 1899.

To the Honorable Common Council:

Gentlemen—The announcement of the death of William W. Judson, father of our esteemed and respected colleague, Ald. Charles H. Judson, comes to this Common Council with feelings of grief and sadness, and we deplore his demise.

He was honest, upright and sincere, and despised all forms of cant and hypocrisy; in his friendship he was loyal, true and faithful, possessed of deep religious convictions, he practiced the tenets of his faith and died as he lived, a Christian. In his death his family loses a kind and loving husband and an indulgent father, and the community a law abiding, conscientious citizen.

We tender our heartfelt sympathy to our colleague and the members of his family, and hope that this severe blow will be softened by the hope that he has only gone before to prepare for them a dwelling place where there is no sorrow nor parting, but joy and gladness for evermore.

Resolved, That this memorial be made part of the records of this meeting and that an engrossed copy thereof be sent to our friend and fellow member of this Common Council.

Adopted by a rising vote.

COMMUNICATIONS AND REPORTS FROM OTHER CORUORATION OFFICERS, BOARDS AND DEPARTMENT.

By the Clerk— October 10, 1899.

To the Common Council :
Gentlemen—I am directed to report that there is now in the hands of the Executive Board, the sum of \$434.11, the same being the proceeds from the sale of cottages situated upon lands at Hemlock Lake, which have been purchased by the Hemlock Lake Commission.

The Executive Board respectfully requests that your honorable body inform it as to what disposition shall be made of the money.

Very respectfully,
CHAS. M. BEATTIE, Clerk.

Referred to the Finance Committee.
By the Clerk—

October 10, 1899.

To the Common Council :
Gentlemen— Pursuant to the resolution adopted by your honorable body at a meeting held August 1, 1899, directing the Executive Board to negotiate with the owners of land necessary for the right of way for the Masseth Park and Hague Street Sewer, I am directed to report that this Board invited all the parties interested to appear and state what sums they would accept for such right of way, and the following profers were then made :

N. Y. C. & H. R. R. Co.	\$ 10 00
John P. Hammill	400 00

These amounts are in the opinion of this Board reasonable and it respectfully recommends the same to your honorable body for acceptance.

Respectfully submitted,
CHAS. M. BEATTIE,
Clerk.

Ordered received, filed and published.
By the Clerk—

Oct. 10, 1899.

To the Honorable, the Common Council of the City of Rochester :

Gentlemen—In regard to the cash received from sale of local improvement bonds and the premium on same :

Amount of bonds issued	\$500,000 00
Premium on same	28,450 00
To which I added draft from local improvement account	6,808 11

\$535,258 11

And paid the city's notes issued on account of local improvements numbered as follows: 1,296, 1,297, 1,299, due October 2d for \$125,000

and interest; and notes numbered 1,309, 1,310, 1,311, 1,312, 1,313, 1,314, 1,315, 1,316, 1,317, 1,318, 1,319, 1,320 and 1,321, due October 27th, for \$400,000 and interest, the retiring of these notes requiring the full amount as above stated.

I received as a cash rebate for paying the notes in advance \$276.98 over the brokerage charged.

Respectfully submitted,
S. B. WILLIAMS, Treasurer.

Ordered received, filed and published.
By the Clerk—

October 10, 1899.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—Your attention is called to the fact that the city notes issued on account of local improvements, numbered 1,322, 1,323, 1,324, 1,330, 1,331, 1,332 and 1,333 will be due and payable Oct. 27th, and Nov. 1st. The amount of same with interest will be \$224,536.29.

It may be necessary to renew the whole amount, providing the collections from this source will not allow me to retire some of the notes, before or at maturity. I would therefore respectfully ask your authority to issue new notes as may be necessary as stated in the accompanying resolution.

Yours respectfully,

S. B. WILLIAMS, Treasurer.

Ordered received, filed and published.

By Ald. Rauber—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue as may be necessary under authority of sections 80 and 81 of the city charter, the city's note or notes for an amount not exceeding two hundred twenty-four thousand five hundred thirty-six and 29-100 dollars (\$224,536.29); said note or notes to run for a period not exceeding six months; to be negotiated under the direction of the Finance Committee of the Common Council and to be countersigned by the chairman thereof; interest or discount to be charged to the local improvement fund and the proceeds to be used for the purpose of renewing notes numbered 1,322, 1,323, 1,324, 1,330, 1,331, 1,332 and 1,333, which were issued for local improvement purposes.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Rauber, Adams, Edelman, Beard, Casey, Ward, Steele, Pauckner, Kelly, Ernst, Mead, Wilson, Reichenberger—16.

By the Clerk—

October 10th, 1899.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—I would respectfully call your attention to the fact that the city's notes numbered 1,305, 1,306, 1,307, 1,308, 1,326 and 1,340 issued on account of the East Side Trunk Sewer account will be due and payable Oct. 24th and 27th. The amount of said notes with interest on same is \$204,908.92. As it will be some time before the rolls for this improvement will be ready for collection, it will be necessary to renew these notes.

I would therefore ask that the accompanying resolution be adopted.

Respectfully,

S. B. WILLIAMS, Treasurer.

Ordered received, filed and published.

By Ald. Rauber—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue under authority of chapter 347 of the laws of 1890, as amended by chapter 74 of the laws of 1892, the city's note or notes for an amount not exceeding in the aggregate two hundred four thousand nine hundred eight and 92-100

dollars (\$204,908.92); said note or notes to run for a period not exceeding six months; to be negotiated under the direction of the Finance Committee of the Common Council, and to be countersigned by the chairman thereof; interest or discount to be charged to the East Side Trunk Sewer Fund, and the proceeds to be credited to the East Side Trunk Sewer Fund for the purpose of renewing East Side Trunk Sewer notes numbered 1,305, 1,306, 1,307, 1,308, 1,328 and 1,340.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Ward, Steele, Pauckner, Kelly, Ernst, Mead, Wilson, Reichenberger—17.

By the Clerk—

Rochester, N. Y., Oct. 10, 1899.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—I would respectfully report that there is to the credit of the Contingent Fund but \$1,437.44. In order to meet outstanding bills, etc., it will be necessary to make the city's note to reimburse the fund. Will you kindly give me the necessary authority, and ablige,

Yours respectfully,

S. B. WILLIAMS, Treasurer.

Referred to the Finance Committee.

By the Clerk—

Rochester, N. Y., Oct. 10, 1899.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—The moneys in the fund for refunding licenses have been all used, and I would respectfully ask that you give me the authority to transfer from the Contingent Fund to that account \$5,000.00, in order to meet orders that will be presented against it between now and the end of the year.

Yours respectfully,

S. B. WILLIAMS, Treasurer.

Ordered received, filed and published.

By Ald. Rauber—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue, as may be necessary, in anticipation of taxes to be levied but uncollected, under authority of sections 83 and 81 of the City Charter, the city's note or notes for an amount not exceeding thirty thousand dollars (\$30,000.00); said note or notes to run for a period not exceeding seven months; to be negotiated under the direction of the Finance Committee of the Common Council, and countersigned by the chairman thereof; interest or discount to be charged to the Contingent Fund and the proceeds to be credited to the Contingent Fund.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Ward, Steele, Pauckner, Kelly, Ernst, Mead, Wilson, Reichenberger—17.

By Ald. Rauber—Resolved, That the City Treasurer be, and he hereby is, authorized to transfer \$5,000.00 from the Contingent Fund to the Liquor License Refund Account.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Ward, Steele, Pauckner, Kelly, Ernst, Mead, Wilson, Reichenberger—17.

By the Clerk—

Rochester, N. Y., Sept. 26, 1899

To the Honorable the Common Council of the City of Rochester:

Gentlemen—I would respectfully report that according to instructions of your

honorable body, I advertised for sale \$500,000.00 worth of Local Improvement bonds, as per the attached notice.

Said notice was published in each of the daily papers of the city, as well as in one paper in New York city, and from this publication I received in all 14 sealed proposals for the bonds.

The award was made to Messrs. Dunscomb & Jennison of No. 2 Wall street, New York city, they being the highest bidders.

Their bid was at 105.69, an income basis of 3.12 per cent., the amount of premium being \$28,450.00.

This amount, together with the \$500,000.00 to be received from the sale of the bonds, I shall use to retire the city's notes issued on account of local improvements, which will mature October 2d and 27th respectively.

The amount of rebate the city will receive for paying its obligations before they become due I'll report when ascertained.

I also attach copy of opinion of Messrs. Dillon & Hubbard, the counsel for Messrs. Dunscomb and Dennison, as to the legality of the issue, and request that you make same a matter of record, by ordering it received, filed and published. You will observe that their opinion demands the notes referred to, to the amount of \$500,000.00, be retired at the same time the bonds are taken up by their clients, so that the debt of the city will not exceed the 10 per cent. constitutional limit.

This action you authorized in the resolution directing the treasurer to issue the bonds; the city will lose nothing by the transaction, as we receive no interest for funds if left with the bank for part of the month only. The sale is regarded as being very advantageous to the city, taking into consideration the stringency of the money market at the time.

Respectfully submitted,
S. B. WILLIAMS, Treasurer.

Ordered received filed and published.

NOTICE OF SALE.

Of Local Improvement Bonds of the City of Rochester, Pursuant to Chapter 393 of the Laws of 1899.

Notice is hereby given that the treasurer of the city of Rochester, N. Y., invites sealed proposals for the purchase of bonds of said city, to be issued pursuant to chapter 393 of the laws of 1899, to be known as the local improvement bonds of said city; and that said proposals will be publicly opened, as provided by law, on the 15th day of September, 1899, at the city treasurer's office, in the City Hall in said city, at 11 o'clock in the forenoon of that day. No proposal, however, will be accepted for less than the par value of said bonds and any or all of said proposals may be rejected. The amount of said bonds to be sold is not to exceed five hundred thousand dollars (\$500,000); said bonds are registered and are to run for twenty years. They are to be of the denomination of five thousand dollars (\$5,000) each. Sale made for delivery October 2, 1899. Interest at the rate of three and one-half per cent. per annum, payable semi-annually on the first day of February and August in each year, at the office of the Union Trust Company of New York. Bonds will be dated October 2, 1899.

Bids to be addressed "Samuel B. Williams, City Treasurer, Rochester, N. Y., Proposal for Local Improvement Bonds." Purchaser may be required to deposit

with the City Treasurer two per cent. of the amount awarded to him within forty-eight hours after such award.

SAMUEL B. WILLIAMS,
City Treasurer.

Ordered received filed and published.

By the Clerk—

New York, Sept. 22, 1899.

Messrs. Dunscomb & Jennison, 2 Wall Street, New York :

Dear Sirs—At your request we have examined into the validity of the proposed issue of \$500,000 local improvement bonds of the City of Rochester, New York, authorized by chapter 393 of the laws of 1899, passed April 21, 1899, the said bonds being registered bonds of the denomination of \$5,000 each, to be delivered October 2, 1899, to run for twenty years, bear interest at the rate of three and one-half per centum (3-1-2 per cent.) per annum, payable February 1st and August 1st. The statement of the debt of the city of Rochester furnished by S. B. Williams, City Treasurer, under date of September 15, 1899, shows the assessed valuation of the real estate for the year 1898 as \$101,827,725, ten per cent, of which would be \$10,182,772.50. The assessed valuation of the real estate for 1899 is shown in said statement to be \$102,163,550, ten per cent, of which would be \$10,216,355. The total indebtedness of the city is given as \$10,149,824.96. This includes local improvement notes amounting to \$774,250, and there is a memorandum on the statement as follows: "Proceeds of bonds will be used to reduce the local improvement notes. Amount of indebtedness not changed. The constitution of the State of New York, as you know, provides (Art. VIII., Sec. 10):

"No county or city shall be allowed to become indebted for any purpose or in any manner to an amount which including existing indebtedness shall exceed ten per centum of the assessed valuation of the real estate of such county or city subject to taxation as it appeared by the assessment rolls of said county or city on the last assessment for state or county taxes prior to the incurring of such indebtedness, and all indebtedness in excess of such limitation, except such as may now exist, shall be absolutely void except as herein otherwise provided."

If the total amount of the present proposed issue of local improvement bonds, to wit, \$500,000, be added to the total debt of the city, as given in the Treasurer's statement, it would make the city indebted in excess of the ten per cent. limit thus prescribed by the constitution of the state. If, however, these bonds are issued and delivered simultaneously with the payment and cancellation of a like amount of the local improvement notes, the constitutional debt limit will not, according to the treasurer's statement, be exceeded. You should, therefore, see that at the very time these bonds are delivered and paid for a like amount of local improvement notes are paid and cancelled, or at least such an amount of said local improvement notes as will keep the city within the ten per cent. debt limit prescribed by the constitution. You should also be sure that at the time of the delivery of these bonds the debt of the city of Rochester is not increased beyond the amounts mentioned in the statement of the City Treasurer, or at least not increased beyond the ten per cent. limit.

You should not merely take and pay for these \$500,000 of bonds on October 2d, and

then leave the city at some time afterwards to apply the proceeds of the bonds to the payment of the local improvement notes for then there would be outstanding in the interval an indebtedness in excess of the constitutional limit, and under the decision of the Supreme Court of the United States in the case of Doon Township vs. Cummins, 142 U. S. 366, the local improvement bonds thus issued in excess of the limit would be void, and the constitution of the State of New York above quoted also expressly makes void all indebtedness incurred in excess of the limit. Hence you will see the importance of having a like amount of the local improvement notes paid and cancelled simultaneously with the issue of the bonds. This condition often arises and it is worked out practically as follows: You can deposit the purchase price of the bonds with some bank or trust company satisfactory to both parties, and have the local improvement notes paid there, and as fast as they are paid there will be delivered a like amount of the new local improvement bonds—the point being that there shall not be outstanding at one and the same time two obligations for the same indebtedness.

It is our opinion that the said \$500,000 local improvement bonds, when duly executed, delivered and paid for as above suggested, will constitute the valid obligations of the City of Rochester. If you take up these bonds as suggested above, and have simultaneously a like amount of the existing indebtedness cancelled, and will produce satisfactory evidence of that fact to us, we will make this opinion unconditional and in the usual form. The appropriate course would be for the Treasurer or proper financial officer of the city to report to the City Council that the new bonds had been issued and the proceeds thereof used to take up and cancel a like amount of existing indebtedness, and have the Council approve such report. If that cannot be done, an official statement of the Treasurer that it has been done would perhaps be satisfactory evidence in lieu of the course outlined above.

Very truly yours,

(Signed) DILLON & HUBBARD.

Subscribed and sworn to before me this 10th day of October, 1899.

J. F. BUCKLEY,

Commissioner of Deeds.

Ordered received, filed and published.

By the Clerk—

Rochester, N. Y., Oct. 10, 1899.

To the Hon. the Common Council of the City of Rochester:

Gentlemen—I beg leave to report that in the proceeding instituted for the purpose of acquiring certain rights over the property of individuals lying between the City of Rochester and Hemlock Lake, for the purpose of constructing, operating and maintaining a telephone line to be used in connection with the water works system of the city of Rochester, that an order was granted in said proceeding appointing Irving Paine, Thomas J. Neville and Joseph Sherman as commissioners; that subsequently an application was made to the Supreme Court, Justice William E. Werner presiding, for the removal of the commissioners, Paine and Neville, by reason of the fact of their being residents and taxpayers of the city of Rochester. That an order was made on said application directing that said commissioners be removed by reason of their interest in said proceeding, and that William S. Millener, of Spencerport, and James A. Robson of Canandaigua, N. Y., be appointed in place and stead of said Neville and Paine.

Said order also directed that there be paid to Arthur E. Clark, the attorney for the defendants and owners of the property, the sum of \$15 costs of motion; that there also be paid to the said commissioners Irving Paine the sum of \$71, being for services and disbursements as such commissioner, that there also be paid to Thomas J. Neville the sum of \$69.50, for services and disbursements as such commissioner.

I would therefore recommend that orders be drawn on the Treasurer in favor of said parties for said respective sums, in compliance with the said order of the Supreme Court.

All of which is respectfully submitted,

To the Common Council :

Gentlemen—The following, which is a part of a report of the Building Committee of the Board of Education, was adopted at a meeting held October 2, 1899.

There is another matter to receive your attention, No. 36 school, on Carter street, is already full of pupils, there are two unfinished rooms there on the second floor.

The Supervising Architect submits an informal estimate to the effect that said two rooms can be finished ready for use for the sum of \$2,200. It is recommended that the Common Council be requested to appropriate to the Building Fund of your Board said sum of \$2,200 for the purpose of finishing said two rooms.

The following resolution was carried at the same meeting :

By Commissioner Rosenberg—Whereas, Mr. John Werner has offered \$2,500 for old No. 8 school and lot located on North St. Paul street, and it being impossible to use said building, therefore, be it

Resolved, That this Board recommend to the Common Council the acceptance of said offer. The proceeds thereof to be placed to the credit of the Board of Education Building Fund.

Commissioner Horcheler to amend, moved that said resolution be made to read acceptance of said offer or any higher bid that may be received." Amendment accepted and as so amended the resolution was adopted.

Respectfully yours,

JAS. C. OLIVER, Secretary.

By the Clerk—

Rochester, N. Y., Oct. 10, 1899.
To the Honorable the Common Council of the City of Rochester :

Gentlemen—Referring to an ordinance entitled "An Ordinance Relating to Poles and Wires," recommended by the Law Committee of your honorable body, in their report bearing date September 26, 1899, and action upon which was on September 26, 1899, postponed for two weeks, and which will probably come up for action this evening, upon behalf of the Rochester Railway Company, I respectfully request that the ordinance be referred back to the Law Committee in order that the Rochester Railway Company and such other corporations as are interested may have a hearing. My first information that any such ordinance was contemplated was communicated to me this morning. Sections 2 and 3 undoubtedly include the wires of the Rochester Railway Company, and if the ordinance were passed in its present shape it would be an absolute impossibility for the Railway Company to comply with it and operate its road. I respectfully request, therefore, that you will have it sent back to the committee in order that a hearing may be had before it is adopted.

Yours truly,
CHARLES J. BISSELL.

REPORTS OF STANDING COMMITTEES

By Ald. Ward—

Rochester, N. Y., Oct. 10, 1899.

To the Honorable the Common Council :
Gentlemen—Your Assessment Committee would respectfully report as follows :

In the matter of the petitions of Maud E. Pike, Herman L. Fairchild, Harvey S. Little and Harry E. Vick and others, would recommend that the same be granted.

WILLIAM WARD,
W. ERNST,
W. C. GREEN,
T. W. FORD,

Assessment Committee.

Ordered received filed and published.

By Ald. Ward—Resolved, That Harry E. Vick, John W. Vick and Jennie M. Loveridge, the owners of lot No. 12 of the Wadsworth tract, on the corner of Howell street and Clinton avenue, South, be permitted to pay the general city tax for the year 1895, including the assessment for asphalt improvement on South Clinton street, upon said premises, together with interest at the rate of six per cent. per annum and the costs and expenses, provided the same are owned by the city; and that the City Treasurer charge the same to erroneous assessments. Adopted.

By Ald. Ward—Resolved, That Maud E. Pike be allowed to pay the general city taxes upon the west part of lots 101 and 106, and the east part of lot 105 of the Bennett tract on Penn street for the year 1887; on lot 4 of Elliott's subdivision on Penn street for the years 1897, 1898 and 1899, and on lot 4 and the east part of lots 3 and 5 in McFarlin's subdivision of Bronson avenue for the year 1896, with interest at the rate of six per cent. per annum, together with charges and expenses, provided the same are owned by the city and are paid within sixty days; and that the City Treasurer charge the same to erroneous assessments. Adopted.

By Ald. Ward—Resolved, That the assessment upon lot No. 354 of the Goodman Street Homestead Association, at the corner of Clifford and Norton streets, owned by Herman L. Fairchild, for the Goodman and Clifford street outlet sewer, be reduced to the sum of \$16.66, and that the City Treasurer accept said sum in full payment of said assessment and charge the balance to erroneous assessments, and

Resolved, That Harvey S. Little be permitted to pay the general city taxes for the years 1895-1896, together with necessary costs and expenses, with interest at 6 per cent. per annum providing the same are owned by the city, and said payment is made within thirty days, and that the City Treasurer charge the balance to erroneous assessments. Adopted.

By Ald. Ward—Resolved, That Ernest C. Whitbeck be allowed to pay the general city taxes owned by the city against his premises, known as lot No. 98 of the Beechwood tract, on Hayward avenue, Eighteenth ward, for the years 1891, 1892, 1893, 1894, 1895, 1896, 1897, 1898 and 1899, with interest at the rate of 6 per cent. per annum, payable within sixty days, together with necessary costs and expenses, and that the City Treasurer charge the balance to erroneous assessments. Adopted.

Adopted.

By Ald. Mead—

Rochester, N. Y., Oct. 10, 1899.

To the Hon. the Common Council :

Gentlemen—Your Law Committee would respectfully report as follows :

In relation to the claim of Robert C. Campbell against the City of Rochester, for damages and rental of premises situate and fronting on the westerly side of South Culver street, lying south and east and adjacent to the property of Edward C. Meyer; which damages are claimed to have arisen by reason of the emptying of sewage upon the said premises, and which claim has been heretofore presented to the Common Council and referred to this committee, your committee would respectfully report as follows :

That it has examined into the matter and finds that pursuant to a resolution of the Common Council adopted March 29, 1898, there was paid to the said Robert C. Campbell the sum of \$681.75, in full for damages up to the 19th day of Feb., 1897; that said damages were paid by reason of the city's sewage being emptied upon the premises of the said Campbell through an open ditch upon the same.

That said amount settled said damages to the 19th day of Feb., 1897. That said

Campbell makes a claim for damages at the same rate per year from the 19th day of Feb., 1897, to the date of the completion of the Clinck street sewer, into which was turned the sewage which emptied upon his premises.

That your committee has ascertained from the City Engineer that said sewer was completed on the 21st day of June, 1898.

Your committee would therefore recommend that there be paid to the said Robert C. Campbell the sum of \$125.00 in full settlement of the claim so presented against the city of Rochester, which sum is at the same rate of compensation paid pursuant to the resolution of March 29, 1898.

In the matter of the claim of Katherine A. Daly heretofore presented to the Common Council and referred to your committee, the same arising from damages alleged to have been sustained by her by reason of falling on a defective sidewalk in front of the premises known as No. 12 Smith street, and the claim being for \$2,000—your committee would report that it has investigated the same and ascertained that the said alleged injuries were sustained on the evening of April 2, 1899, by reason of the claimant falling on the sidewalk in front of No. 12 Smith street. That your committee has ascertained that the attention of one of the members of the Executive Board was called to the defective condition of the said walk a short time prior to the occurrence of the accident.

Your committee would also report that it has ascertained that Mrs. Daly sustained quite serious injuries.

We would therefore recommend that there be paid to the said Katherine A. Daly the sum of \$500.00 in full settlement of any claim that she may have against the city of Rochester, provided proper releases be executed by both herself and husband relieving the city therefrom.

Your committee would recommend the appointment of the following commissioners of deeds : George J. Gaffney, Margaret A. Burke, William P. Breu, Geo. H. Sprague, William D. Clapp.

All of which is respectfully submitted.

FINAL ORDINANCES.

By the Clerk—

City Clerk's Office,
Rochester, N. Y., Oct. 10, 1899.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—I do hereby certify that a notice, such as is required by section 172 of the city charter, specifying each of the improvements contemplated by the following final ordinances, the estimated expenses thereof, the amount, if any, of such expenses to be paid from the public treasury, the portion or part of the city to be assessed for the remainder of the expenses and requiring all persons interested in the subject matter of the improvement to attend at the time appointed in such notice, was published daily for four days in two daily newspapers printed in this city, namely, the Rochester Herald and the Union and Advertiser.

Respectfully submitted,

PETER SHERIDAN,
City Clerk.

Received, filed and published.

FINAL ORDINANCE NO. 7,884.

Supplemental to No. 7,314.

PINDLE ALLEY IMPROVEMENT.

On motion of Ald. Wilson, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance for excess of actual cost above estimate in final ordinance No. 7,314, and after hearing such allegations from all persons appearing.

The Common Council of the City of Rochester do ordain and determine that

the following improvement is necessary and should be made, to wit :

Whereas, This Council did by final ordinance, No. 7,314, passed October 25, 1898, determine and ordain that Pindle alley, from West Main street to Allen street, should be improved by the construction of an asphalt pavement on said street, the estimate for which was \$5,500, and

Whereas, The said improvement has been completed and the City Engineer reports that the actual expense of the improvement over the estimate in the ordinance amounts to \$345.57, which said amount of excess above the estimate is hereby approved,

Resolved, That the said amount of \$345.57 is hereby directed to be assessed upon all the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit :

One tier of lots and parcels of land on each side of Pindle alley, from West Main street to Allen street.

Adopted by the following vote :

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Ward, Steele, Pauckner, Kelly, Ernst, Mead, Wilson, Reichenberger—17.

The final ordinances for Augustine street improvement, Birr street improvement, Driving Park avenue improvement, Tacoma street cement walks, and Glendale park improvement (from Tacoma street to Oriole street), were presented and allegations heard and on motion of Ald. Adams, by request, action was postponed two weeks.

The final ordinance for Glendale park improvement (from Tacoma street to Dewey avenue), came up and on motion of Ald. Adams, by request, action was postponed two weeks.

The final ordinance for Monroe avenue widening came up and on motion of Ald. Steele action was postponed two weeks.

The final ordinance for opening a street from Monroe avenue to the Culver road came up, and on motion of Ald. Steele action was postponed four weeks.

The final ordinance for Hawley street widening came up, and on motion of Ald. Wilson was amended by adding to the territory to be assessed the words: "Excepting the lot on the southwest corner of Seward and Hawley streets, from which the above described parcel of land is to be taken." The ordinance was then postponed two weeks under the rules.

The final ordinance for Copeland street widening was presented and allegations heard and on motion of Ald. Wilson, by request, action was postponed two weeks.

The final ordinance for Hertel street sewer came up and on motion of Ald. Reichenberger further action was indefinitely postponed.

UNFINISHED BUSINESS.

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Ward, Steele, Pauckner, Kelly, Ernst, Mead, Wilson, Reichenberger—17.

By Ald. Wilson—Whereas, The entire and aggregate expense of and connected with the widening of Snyder street in the City of Rochester under final ordinance No. 7,334, including all moneys paid the owners

of land deemed necessary to be taken, and all costs and charges of the city in the proceedings, has been ascertained and reported as \$451.00, which expense is hereby adjusted as thus reported :

Resolved, That the portion or part of the city on which said expense is hereby directed to be assessed and which this Common Council deems will be benefited by said improvement are the lots and parcels of land within the part of the city described and directed to be assessed in and by the final ordinance relative to the said improvement; and the assessors of said city, if they are not interested in any of the property, or lots or parcels of land to be taken or situated or being within the part or portion of the city deemed to be benefited and directed to be assessed as aforesaid, are hereby directed to apportion and assess the said expense and to make an assessment upon all the lots and parcels of land within the portion or part of the city directed to be assessed and benefited as aforesaid as near as may be, and apportion the amount which each person shall be deemed to receive thereby.

Adopted by the following vote :

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Ward, Steele, Pauckner, Kelly, Ernst, Mead, Wilson Reichenberger—17.

Under this order of business action on the ordering of the assessment for the extension of Immel place, under final ordinance No. 7,272, came up, and allegations being called for and no persons appearing the assessment was ordered by the following vote :

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Ward, Steele, Pauckner, Kelly, Ernst, Mead, Wilson, Reichenberger—17.

By Ald. Kelly—Whereas, The entire and aggregate expense of and connected with the extension of Immel place in the City of Rochester, under final ordinance No. 7,272, including all moneys paid the owners of land deemed necessary to be taken, and all costs and charges of the city in the proceedings, has been ascertained and reported as \$640.70, which expense is hereby adjusted as thus reported :

Resolved, That the portion or part of the city on which said expense is hereby directed to be assessed and which this Common Council deems will be benefited by said improvement, are the lots and parcels of land within the part of the city described and directed to be assessed in and by the final ordinance relative to the said improvement; and the assessors of said city if they are not interested in any of the property, or lots or parcels of land to be taken or situated or being within the part or portion of the city deemed to be benefited and directed to be assessed as aforesaid, are hereby directed to apportion and assess the said expense and to make an assessment upon all the lots and parcels of land within the portion or part of the city directed to be assessed and benefited as aforesaid as near as may be, and apportion the amount which each person shall be deemed to receive thereby.

Adopted by the following vote :

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Ward, Steele, Pauckner, Kelly, Ernst, Mead, Wilson, Reichenberger—17.

Adopted by the following vote :
 Ayes—Ald. Tracy, Calihan, Ford, Green,
 Rauber, Adams, Edelman, Beard, Casey,
 Ward, Steele, Pauckner, Kelly, Ernst,
 Mead, Wilson, Reichenberger—17.

By Ald. Mead—Resolved, That the Con-
 tingent Expense Committee be and they
 hereby are authorized and directed to have
 the ballot machines transported to each
 polling place in the city, and that they pro-
 cure the insuring of the same, and see that
 all necessary precautions are taken to
 ensure the safety of said ballot machines.
 Adopted.

By Ald. Mead—Resolved, That the Clerk
 be and hereby is authorized and directed to
 draw an order on the Treasurer in favor
 of the Rochester Deutsche Zeitung for the

sum of fifty-three and 40-100 dollars, being for printing General City Tax Notices for City Treasurer, and charge the amount to the Contingent Fund.

Adopted by the following vote :
 Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Ward, Steele, Pauckner, Kelly, Ernst, Mead, Wilson, Reichenberger—17.

By Ald. Mead—Your Contingent Expense Committee beg leave to present the following report :

That in accordance with the resolution adopted September 12th, and published on page 542, that your committee "be directed to receive proposals for printing maps of the boundary lines of the election districts of the city in accordance with Section 10 of the laws of the State of New York, and report the result to this Board," would respectfully report that in pursuance of said resolution the following proposals were received :

The bid of Gillies, lithographer, was \$125 00
 The bid of Rochester Lithograph Co. 109 50
 Your committee recommends that the contracts be awarded to the Rochester Lithograph Company, they being the lowest bidder.

CHARLES P. MEAD,
 JAS. H. CASEY,
 W. C. GREEN,
 Committee.

Ordered received, filed and published.
 By Ald. Mead—Resolved, That the contract for furnishing maps of the election districts in the city, fifteen maps for each district, be awarded to the Rochester Lithograph Company, at the price named in their proposal, the sum of \$109.50, and that the Mayor be, and he hereby is, requested to execute said contract when approved as to form by the Corporation Counsel.

Adopted by the following vote :
 Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Ward, Steele, Pauckner, Kelly, Ernst, Mead, Wilson, Reichenberger—17.

By Ald. Wilson—Resolved, That the Rochester, Gas and Electric Company be, and hereby is, requested to place an arc electric light on Brooks avenue, in front of No. 83. Referred to the Lamp Committee and City Engineer.

By Ald. Wilson—Whereas, Large quantities of rubbish, other than ashes, such as old mattresses, bedding, rags, etc., are being carted to the Jefferson avenue dump, and there picked over and carried away to different parts of the city, and

Whereas, Much of such refuse may have been used in cases of contagious diseases and afterwards thrown away, thereby spreading disease; and

Whereas, No. 19 school, in which there are nearly 600 children, is within fifty feet of said dump, and many of the children pass through the dump in going to and from school; and

Whereas, There are at this time a number of cases of diphtheria in the vicinity of said dump; therefore,

Resolved, That the Executive Board be, and it hereby is, requested to cause all of the combustible rubbish now in the Jefferson avenue dump to be burned, and to instruct the men having charge of said dump to burn all of such rubbish immediately on being received, and not permit any one to gather and take away such refuse. Adopted.

On motion of Ald. Beard, the Board then adjourned.

PETER SHERIDAN,
 City Clerk.

In Common Council, Oct. 24, 1899.

City Treasurer's Office,
Rochester, N. Y., Oct. 24, 1899.

To the Hon. the Common Council.

Gentlemen—I hereby certify that the Executive Board has notified me that the works or improvements authorized under ordinances hereinafter mentioned have been completed; that I have, pursuant to the provisions of the charter, ascertained the entire and aggregate expense of, and connected with the same respectively, including any interest that the city shall incur, or is entitled to for the use of its funds, and that the respective amounts thereof are as follows :

Ordinance and Improvement.	Expense.
One Pay't.	
No. 7,313—Bacon street sewer	\$1,752 09

S. B. WILLIAMS,

Ordered received, filed and published.

By Ald. Steele—Resolved, That the action of this Council, taken at the meeting of July 18, 1899, published at page 467 current proceedings, ordering an assessment for Bacon street sewer, ordinance No. 7,313, be reconsidered. Adopted.

By Ald. Steele—Resolved, That the assessment for Bacon street sewer, ordinance No. 7,313, published at page 467 current proceedings, be and the same hereby is, set aside. Adopted.

By Ald. Steele—Whereas, The entire and aggregate expense of and connected with the following named improvement has been ascertained and reported to this Council as provided by section 198 of the city charter as follows :

One payment.

Ordinance and Improvement. Expense.
7313—Bacon St. Sewer..... \$1,752 09

Resolved, That said aggregate amount be, and is hereby adjusted as thus reported and that the City Assessors be, and they hereby are, directed to make an assessment as provided by the city charter for the improvement hereinbefore named upon the territory directed to be assessed in the final ordinance for said improvement, respectively; said assessment to be paid within thirty days from the first publication of the advertisement of the notice of the assessment roll by the City Treasurer.

Adopted by the following vote :

Ayes—Ald. Tracy, Callihan, Green, Rauber, Adams, Edelman, Beard, Steele, Ritz, Pauckner, Kelly, Ernst, Meade, Judson, Wilson, Reichenberger—16.

Ald. Steele moved that the action taken on Bacon street sewer be reconsidered. Adopted.

Ald. Steele moved that all action with reference to Bacon street sewer be referred to the Assessment Committee. Adopted.

By Ald. Steele—Resolved, That the Rochester Gas and Electric Light Company be, and it is hereby, directed to place an electric light on Beuna place. Referred to the Lamp Committee and City Engineer.

Ald. Mead moved that when this Board adjourn it be until November 8, 1899, at 7:30 o'clock. Adopted.

By Ald. Mead—Resolved, That the adjourned meeting to be held Wednesday evening November 8, 1899, be, and the same is, hereby assigned as the time when any complaints or appeals will be heard from the report of the Commissioners of Appraisal in the matter of the extension of Conkey avenue. Adopted.

By Ald. Mead—Whereas, At a meeting of the Common Council held October 10th, a resolution was passed authorizing the clerk to draw orders for inspectors of election for services at the primary election held September 19th, 1899; and,

Whereas, The chairman of the Board of Inspectors of the Second district of the Fourteenth ward erroneously reported the name of Thomas Maloney as one of the inspectors of election when the name of George Zugelder should have been inserted in his place as he (Zugelder) served as such inspector; therefore, be it

Resolved, That the Clerk draw an order in favor of George Zugelder for five (5) dollars for services as inspector of election for the Second district of the Fourteenth ward, and charged contingent, and that the Clerk render void the order made payable to said Thomas Maloney.

Adopted by the following vote :

Ayes—Ald. Tracy, Callihan, Green Rauber, Adams, Edelman, Beard, Steele, Ritz, Pauckner, Kelly, Ernst, Meade, Judson, Wilson, Reichenberger—16.

By Ald. Mead—Resolved, That the Rochester Gas and Electric Company be directed to place one arc lamp on Wilkins street, one arc lamp on Orphan street and one arc lamp on Avenue D. Referred to the Lamp Committee and City Engineer.

By Ald. Mead—

Resolved, That the City Engineer is hereby directed to establish a grade for Weddale Way. Adopted.

By Ald. Judson—Resolved, That a special committee of five members of this Council

be appointed by the President, with power to investigate into all matters connected with the collection of garbage, and said committee is especially authorized to ascertain whether any sealed proposals for the collection of garbage have been received by the Board of Health in answer to its advertisement therefor which have never been opened, and, if so, to require such proposals to be produced and opened.

The Corporation Counsel is also authorized and directed to assist said committee as counsel, and said committee is further authorized to require the attendance of witnesses and the production of papers, as it may deem necessary and proper. Adopted.

By Ald. Judson—Resolved, That the Rochester Bill Posting Company be, and hereby is, granted permission to erect a billboard 10 feet high by 150 feet in length, upon the premises of Mr. Minges, located upon the north side of East Main street and adjoining the New York Central railroad tracks on the east, subject to the ordinances of the Common Council in such cases made and provided. Adopted.

By Ald. Wilson—Whereas, It appears that the west part of lot 50 in Section E of the Greig tract, north side of Champlain street, in the Nineteenth ward in the City of Rochester, now owned by James H. Martin was, through error, charged with the use of water in the year 1893, and that said charge was included in and added to the General City Tax for the year 1894 against said premises, and which City Tax, less the amount of said water rate, has been paid, and that the balance thereof remains an apparent lien against said premises, and that the said premises on March 28, 1895, were sold to the City of Rochester for such unpaid balance of said City Tax and charges, amounting in all to \$21.72, and that the certificate of sale thereof is still owned by said City of Rochester.

Resolved, That the said unpaid balance of said tax upon the said premises for the year 1894 be cancelled and the same charged to erroneous assessments, and that the Treasurer of the City of Rochester be and he hereby is directed to cancel the same upon the books in his office. Adopted.

By Ald. Reichenberger—Resolved, That the Rochester Gas and Electric Light Company be and hereby is directed to place an arc light on the corner of Fillmore street and West avenue. Referred to the Lamp Committee and City Engineer.

By Ald. Kelly—Resolved, That the Lamp Committee be requested to erect an arc light on Smith street, on the west side of the canal, as near Smith street bridge as possible. Referred to the Lamp Committee and City Engineer.

By Ald. Beard—Resolved, That the Rochester Gas and Electric Company be and are requested to place an arc electric light on Lincoln street. Adopted.

COMMUNICATIONS AND REPORTS
FROM OTHER CORPORATIONS,
OFFICERS, BOARDS AND
DEPARTMENTS.

By the Clerk—

Rochester, N. Y., Oct. 24, 1899.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—I beg leave to report that P. M. French, Esq., the referee appointed in the proceedings to acquire the right to intercept and divert the flow of all the waters in Honeoye creek from the property of Anna B. Neal and others for the use of the water works system of the city, has made his report and decided the matter in favor of the city, and that the property of the defendants sought to be taken in the proceeding is necessary to be taken for a public purpose, viz.: for the water works of the city, and said city is entitled to maintain the proceeding.

Under the order made by the Supreme Court, Hon. John M. Davy, a Justice thereof, presiding, on the 24th day of June, 1899, it was provided that the expenses of said reference shall be paid in the first instance by the plaintiff therein and in case condemnation proceedings shall be had and the said Anna B. Neal does not recover a final award exceeding \$7,500 in amount, then the amount so advanced in the first instance may be deducted from the amount of the award to be paid to the said Anna B. Neal.

The fees of the referee in this proceeding amount to the sum of \$155.00, and under the order of the court I recommend the payment of the same.

All of which is respectfully submitted,
JOHN F. KINNEY,
Corporation Counsel.

Ordered received, filed and published.

By Ald. Mead—Resolved, That the Clerk be, and he is hereby, authorized and directed to draw an order upon the Treasurer payable from the Contingent Fund, in favor of P. M. French, Esq., for the sum of \$155, the same being in full for fees as referee in the proceeding brought on behalf of the city to acquire the right to intercept and divert the flow of all the waters in Honeoye Creek from the property of Anna B. Neal and others; and such payment being made pursuant to an order of the Supreme Court made in said proceeding on or about the 24th day of June, 1899.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Green, Rauber, Adams, Edelman, Beard, Steele, Ritz, Pauckner, Kelly, Ernst, Meade, Judson, Wilson, Reichenberger—16.

By the Clerk—

City Engineer's Office,

Rochester, N. Y., Oct. 24, 1899.

To the Honorable, the Common Council:

Gentlemen—Sherman street is being improved by the construction of an asphalt pavement under final ordinance No. 7,771. The approach from Emerson street is obstructed by the stairway leading to the overhead walk to the Emerson street bridge over the Erie canal. The foot of this stairway stands in the center of the roadway. There are two overhead walks on this bridge and as they are used but very little the public will be very much better accommodated by the removal of the obstructing stairway than by leaving the bridge in its present condition. The bridge was built by the state of New York

and paid for by the state and the city. The Superintendent of Public Works, by authority of the Canal Board at a meeting held October 18, 1899, has granted to the City of Rochester permission to remove said stairway provided that the stairway at the opposite end of the bridge is removed so as to make this side of the bridge symmetrical. I, therefore, recommend that the Executive Board be directed to remove the stairways from the south side of the Emerson street bridge so that the pavement may be completed without delay.

I would also say that the approach, even after the removal of the stairway, will not be of the full width of the street and that a widening on the westerly side would be a great improvement. I, therefore, recommend that this matter be referred to the Public Improvement Committee and the Alderman of the Tenth ward to report upon the subject at a future meeting of this Council.

Respectfully submitted,

E. A. FISHER,
City Engineer.

Ordered received, filed and published.

By Ald. Adams—Resolved, That the Executive Board be, and hereby is, directed to remove the stairways on the south side of Emerson street bridge as recommended by the City Engineer and in accord with the permit of the Superintendent of Public Works of the State of New York, dated October 23, 1899, and that the expense thereof, not exceeding \$100, be paid from the Contingent Fund.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Green, Rauber, Adams, Edelman, Beard, Steele, Ritz, Pauckner, Kelly, Ernst, Meade, Judson, Wilson, Reichenberger—16.

By Ald. Adams—Resolved, That the matter of improving the westerly approach to Sherman street from Emerson street be referred to the Public Improvement Committee and the Alderman of the Tenth ward to report back to this Council their recommendations in the matter. Adopted.

By the Clerk—

City Engineer's Office,

Rochester, N. Y., Oct. 24, 1899.

To the Honorable, the Common Council:

Gentlemen—The bridge and retaining walls forming a part of the University avenue subway under the N. Y. C. & H. R. R. tracks have been completed. The improvement of the street by the construction of a Medina block stone pavement and cement sidewalks has now reached the western approach to said subway. On account of the necessary change of grade to allow the street to pass under said tracks an excavation of about fifteen feet on the southerly side of University avenue has been made. About eleven feet of this excavation is in earth, the balance in rock. It was necessary in order to construct said pavement and sidewalks to make this excavation near the street line and perpendicularly. This bank will not stand and some provision should be made so that the sidewalk can be safely used. Without going further into the details I would respectfully suggest that the matter be referred to the Public Improvement Committee and the Alderman of the Sixth

ward, in which ward the work in question is located.

Respectfully submitted,

E. A. FISHER,
City Engineer.

Ordered received, filed and published.

By Ald. Adams—Resolved, That the matter of the westerly approach to the University avenue subway be referred to the Public Improvement Committee, the Alderman of the Sixth ward, the Corporation Counsel and the City Engineer to examine and report to this Council as to what action, if any, is necessary to be taken with reference to the excavation now made on the south side of University avenue.

Adopted.

By the Clerk—

PETER SHERIDAN,

City Clerk.

Ordered received, filed and published.

By the Clerk—

To the Honorable, the Common Council:
Gentlemen—At a meeting of the Board of Health, held October 18, 1899, the following action was taken:

Health Officer Goler complained of an inadequate sewer on Hoeltzer street. He stated that many of the cellars contained water and filth and were in a very unsanitary condition.

Commissioner Moore moved that the Common Council be notified to pass an ordinance for the construction of a proper sewer on Hoeltzer street.

Adopted by the following vote:
Ayes—Commissioners Warner, Moore, Fritzsche, McGarvey.

Nays—None.

A true copy from the minutes.

GEORGE BELKNAP, Clerk.

Referred to the City Engineer to prepare an ordinance.

By the Clerk—

Rochester, Oct. 24, 1899.

To the Common Council:

The undersigned, members of the Execu-

tive Board, to whom was referred the matter of the proffered acceptance of Marvin street hereby certify that said Marvin street has been properly graded, the street lines defined by monuments and maps filed in the offices of the County Clerk and City Assessors, in accordance with provisions of resolutions adopted by your honorable board, and recommend that the street above named be accepted for public uses.

Respectfully,
 OSCAR KNEBEL,
 JAMES L. WHALEN,
 JAMES JOHNSTON,
 Executive Board.

Ordered received, filed and published.

By Ald. Steele—Resolved, That the dedication of Marvin street, as mentioned in the foregoing communication of the Executive Board be, and the same hereby is, accepted as a public street upon the payment of all taxes and assessments, local or general, remaining unpaid upon said territory, so taken from said street. And the City Clerk is hereby directed to enter the names of said streets in the public street register kept by him, and said Executive Board is hereby instructed to place the usual street signs where needed at the corners of said street. And the City Assessors be and they are hereby directed to strike from the assessment rolls of the City of Rochester the territory taken for said street as indicated by the map on file in the County Clerk's office and the office of the City Assessors. Adopted.

By the Clerk—
 Rochester, Oct. 23, 1899.

To the Common Council :

The undersigned, members of the Executive Board, to whom was referred the matter of the proffered acceptance of Van Aalst street hereby certify that said Van Aalst street has been properly graded, the street lines defined by monuments and maps filed in the offices of the County Clerk and City Assessors, in accordance with provisions of resolutions adopted by your honorable board, and recommend that the street above named be accepted for public uses.

Respectfully,
 OSCAR KNEBEL,
 JAMES L. WHALEN,
 JAMES JOHNSTON,
 Executive Board.

Ordered received, filed and published.

By Ald. Mead—Resolved, That the dedication of Van Aalst street, as mentioned in the foregoing communication of the Executive Board be, and the same hereby is, accepted as a public street upon the payment of all taxes and assessments, local or general, remaining unpaid upon said territory, so taken from said street. And the City Clerk is hereby directed to enter the names of said streets in the public street register kept by him, and said Executive Board is hereby instructed to place the usual street signs where needed at the corners of said street. And the City Assessors be and they are hereby directed to strike from the assessment rolls of the City of Rochester the territory taken for said street as indicated by the map on file in the County Clerk's office and the office of the City Assessors. Adopted.

By the Clerk—
 City Assessors' Office,
 Rochester, N. Y., Oct. 24, 1899.

To the Honorable, the Common Council :

Gentlemen—At a meeting of your honorable body held August 29, 1899, the City As-

sessors were authorized to employ under the direction of the Map and Survey Committee, four clerks to copy and extend the East Side Trunk Sewer Assessment Rolls for a period not exceeding sixty days. The time having elapsed and the work not being entirely finished we respectfully request your honorable body to allow us to continue said clerks for not exceeding thirty days, within which time we expect to have the rolls entirely completed. We have had only three clerks most of the time.

Respectfully,
 CHAS. F. POND,
 Assessor.

Ordered received, filed and published.

By Ald. Reichenberger—Resolved, That the time of the four clerks copying and extending the East Side Trunk Sewer Assessment Rolls as authorized by resolution of August 29, 1899, be extended for a period not exceeding thirty days.

Adopted by the following vote :

Ayes—Ald. Tracy, Callihan, Green, Rauber, Adams, Edelman, Beard, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—16.

The Clerk presented the report of the Committee on Buildings for the first nine months of 1898 and 1899. Ordered received and filed.

Ordered received, filed and published.
By Ald. Edelman—Resolved, That the Rochester Gas and Electric Company be, and it hereby is, directed to place the

lamps recommended in the report of the Lamp Committee presented at this meeting, under the direction of the Chairman of the Lamp Committee and the City Engineer, and also to discontinue such gas lamps as may, in the opinion of the said Chairman and the City Engineer be rendered unnecessary. Adopted.

By the Clerk—
To the Honorable, the Common Council of the City of Rochester :

The petition of Hugh P. Mulligan respectfully shows, that your petitioner is the owner of premises known as part of lot 43 of Grantsyn's sub-division on the south side of Clifton street in the City of Rochester; that said premises were sold for the unpaid general city tax for the year 1896 and were bid in by the city; that your petitioner was unable and has been unable to pay said tax, but that said premises are mortgaged to your petitioner's sister in the sum of \$1,100 and she is desirous of paying said tax.

Wherefore, your petitioner prays that said mortgagee be permitted to pay said tax, with interest at the rate of 6 per cent. per annum instead of 12 per cent. as now charged.

HUGH P. MULLIGAN,
Petitioner.

State of New York, County of Monroe,
City of Rochester, ss.:

Hugh P. Mulligan being duly sworn, deposes and says that he is the petitioner above named; that he had heard read the foregoing petition and knows the contents thereof, and that the same is true to the knowledge of deponent except as to the matters therein stated to be alleged on information and belief, and that as to those matters he believes the same to be true.

HUGH P. MULLIGAN.

Sworn to before me this 24th day of October, 1899.

G. M. KERNAN,
Commissioner of Deeds.

Ordered received, filed and published.

By Ald. Steele (by request)—
Rochester, N. Y., Oct. 24, 1899.

To the Honorable, the Common Council of the City of Rochester :

Gentlemen—Your Assessment Committee would respectfully report as follows :

In the matter of the petition of Hugh P. Mulligan we recommend that the same be granted.

All of which is respectfully submitted.

W. ERNST,
FRANK J. RITZ,
M. J. CALIHAN,

ACTION ON ORDINANCES.

FIRST ORDINANCE.

AMES STREET ASPHALT IMPROVEMENT.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of improving Ames street, from Jay street to West avenue.

Adopted.

The Engineer submitted as such estimate, \$35,000.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The improvement of Ames street, from Jay street to West avenue, by the construction of an asphalt and macadam pavement therein. The pavement from Jay street to the south line of Maple street to be of asphalt, and from Maple to West avenue of trap rock macadam except across the N. Y. C. & H. R. R. R., which shall be of block stone for the entire width of the street. Also the construction of a Medina stone curb, 4 inches wide, on each side thereof, properly connected with all streets, alleys and driveways. The width between curbs shall be generally 30 feet, from Jay street to Maple street and generally 26 feet wide from Maple street to West avenue. The pavement may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the Executive Board and City Engineer it is necessary in order to make a complete improvement. Excepting from the above that portion of the street between the tracks, the rails of the tracks and for two feet outside of the outside rails of the tracks of the Rochester Railway Company. Also the construction of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair or rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment to grade of the sidewalks. Also the construction of a Portland cement walk, 5 feet in width on each side of the street, except where good cement or flagstone walks of the proper width now exist, which may be relaid if not conforming to the proper grade or alignment.

The asphalt pavement shall be guaranteed and kept in repair for ten years and the macadam pavement for five years.

So much of the present curb on the street as can be made to conform to the

specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement.

Also the construction of the necessary street laterals within the limits of the pavement.

And, The City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$35,000, which, being deemed reasonable, is hereby approved.

Resolved, Further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Ames street, from Jay street to West avenue.

Adopted.

FINAL ORDINANCES.

By the Clerk—

City Clerk's Office,
Rochester, N. Y., October 24, 1899.

To the Honorable the Common Council of the City of Rochester :

Gentlemen—I do hereby certify that a notice, such as is required by section 172 of the city charter, specifying each of the improvements contemplated by the following final ordinances, the estimated expenses thereof, the amount, if any, of such expenses to be paid from the public treasury, the portion or part of the city to be assessed for the remainder of the expenses and requiring all persons interested in the subject matter of the improvement to attend at the time appointed in such notice, was published daily for four days in two daily newspapers printed in this city, namely, the Rochester Herald and the Union and Advertiser.

Respectfully submitted,
PETER SHERIDAN,
City Clerk.

Received, filed and published.

MISCELLANEOUS BUSINESS.

By Ald. Steele—
To the Honorable, the Common Council of the City of Rochester:

The undersigned, Charles Priem, hereby offers to dedicate to the City of Rochester, for use as a public street, the following described premises:

Beginning at a point in the northerly line of Monroe avenue, in the City of Rochester, N. Y., and at the southeast corner of lot number thirty-four (34) of the Johnston and Mastick Tract, running thence northerly along the easterly line of lot thirty-four to the northerly line of said lot thirty-four; thence westerly along the northerly line of said lot twenty-five feet to a point; thence southerly along a line parallel with the said easterly line of said lot and twenty-five feet westerly therefrom to the northerly line of Monroe avenue; thence easterly along the northerly line of Monroe avenue to the place of beginning.

Also, a strip of land one foot wide adjoining the above on the easterly side thereof, and being a strip of land taken from the westerly side of lot number thirty-five of the Johnston and Mastick Tract, by a line drawn from said Monroe avenue northerly to the northerly bounds of said lot 35 parallel to the westerly line of said lot number thirty-five, and one foot distant easterly therefrom throughout.

Also a strip of land twenty feet wide front and rear taken from the northerly end of lots numbers thirty-five and thirty-six of the said Johnston and Mastick Tract, bounded on the north by the northerly line of said lots 35 and 36, on the east by Alexander street, on the west by the lands last above described and on the south by a line drawn parallel to the first above mentioned line and twenty feet distant therefrom throughout; the whole of the above described premises comprising what is now known as Priem street, in the said City of Rochester, N. Y.

Accurate maps showing the location of said street have been filed in the Clerk's office of Monroe County, and in the office of the City Assessors of this city, and said premises have been actually opened and made convenient for public use and traffic. Stone monuments have been located so as to properly define the angles of said street in accordance with the requirements of your board. I respectfully request your

board to accept said premises as a public street, and that the same continue to bear the name which it bears at present, viz.: Priem street.

Dated, Rochester, N. Y., Oct. 24, 1899.

CHARLES PRIEM, Owner.

On motion of Ald. Steele, referred to the Executive Board and Corporation Counsel. By Ald. Green—Resolved, That the Rochester Bill Posting Company be and hereby is granted permission to erect a bill board 12 feet high by 32 feet in length, at 215 and 217 South St. Paul street, on the property of the East Side Savings Bank, subject to the ordinances of the Common Council in such cases made and provided for. Adopted.

The chairman handed down the following committee as per resolution of Ald. Judson to investigate the Board of Health in relation to collecting garbage: Aldermen Judson, Ernst, Rauber, Mead, Adams.

On motion of Ald. Green the Board then adjourned.

PETER SHERIDAN, City Clerk.

In Common Council, Nov. 8, 1899.**ADJOURNED REGULAR MEETING.**

COMMUNICATIONS AND REPORTS
FROM OTHER CORPORATIONS,
BOARDS AND DEPARTMENTS.

By the Clerk—

Rochester, N. Y., Nov. 8, 1899.

To the Common Council:

Gentlemen—The Executive Board has received from various sources, for the months of September and October, the following sums:

Flushing private sewers	\$192 50
Respecting trenches	218 33
Repairing sidewalks	704 92
Cutting weeds	22 15
Removing rubbish	3 60
Use of steam roller	51 00
	\$1,192 50

The labor and material that represents these amounts were paid for out of the Highway Fund and it has been the custom of this Board since its creation, up to October 1st, of this year, to deposit such collections to the credit of the Highway Fund

of the City of Rochester. On October 3d the amount that was collected for the month of September was offered to the City Treasurer to be placed to the credit of the Highway Fund; the Treasurer would not receive the amount for credit to any particular fund, stating that he was acting under direction of the Corporation Counsel, who contends that your honorable body must first designate the fund before he could receipt for same.

I am, therefore, directed to respectfully request that your Board designate the Highway Fund as the proper place to credit the above amount.

Respectfully,

CHAS. M. BEATTIE, Clerk.

Referred to the Finance Committee.

By the Clerk—

Rochester, N. Y., Nov. 8, 1899.

To the Common Council:

Gentlemen—I am instructed by the Executive Board to inform you that the amount of money appropriated by your honorable body for the Highway Fund for the fiscal year has all been expended, and in order to carry on the work of this department for the two remaining months of the year, it will be necessary for your honorable body to make provision for funds needed therefor.

It is estimated that the sum of \$20,000 will be adequate to defray the expenses in the Highway Fund for the present month, and ask that such an amount be authorized at your meeting of this date or the work in the street department will have to be suspended.

Respectfully,

CHAS. M. BEATTIE, Clerk.

By Ald. Rauber—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue, as may be necessary, in anticipation of taxes to be levied under authority of sections 80 and 81 of the City Charter, the city's note or notes for an amount not exceeding twenty thousand (\$20,000.00) dollars; said notes to run for a period not exceeding five months; to be negotiated under the direction of the Finance Committee and countersigned by the chairman thereof; interest or discount to be charged to the Contingent Fund and the proceeds credited to the Highway Fund.

On motion of Ald. Wilson, referred to the Finance Committee.

By the Clerk—

Rochester, N. Y., Nov. 8, 1899.

To the Common Council of the City of Rochester:

Gentlemen—I have received from Messrs. Budget, Merritt & Co. of New York city coupon bonds numbered 168, 169 and 170, "City Hall Commissioners' Loan," bearing 7 per cent. interest and due January 1, 1902, which they wish to have registered in the name of "The Williamsburgh Savings Bank, New York, N. Y.," and returned to them as soon as possible.

The authority of your honorable body is necessary for such action, and I therefore request that the accompanying resolution be passed.

Yours respectfully,

S. B. WILLIAMS, Treasurer.

Ordered received, filed and published.

By Ald. Rauber—Resolved, That the City Treasurer, Mayor and the Finance Committee of the Common Council, be, and they hereby are authorized and directed to provide for the due authentication of the destruction of the coupons attached to City

Hall commission loan bonds numbered 168, 169 and 170, and for the proper registry of same in the name of "The Williamsburgh Savings Bank, New York, N. Y., pursuant to chapter 426 of the laws of 1885. Adopted. By the Clerk—

November 8, 1899.

To the Common Council :

Gentlemen—At a meeting of the Executive Board held October 24, 1899, the following resolution was adopted :

"By Mr. Johnston—Whereas, The completion of a number of large local improvement contracts has been delayed by causes that were unavoidable and that could not have been foreseen at the time, said contracts were awarded, and

"Whereas, These delays will cause a corresponding delay in the preparation and confirmation of the assessment rolls for said improvements, and

"Whereas These delays will cause a large increase temporarily in the city's indebtedness; therefore, be it

"Resolved, That this Board considers it unwise to award any more large contracts this year; also

"Resolved, That the attention of the Common Council be called to these conditions with the suggestion that its members postpone action upon all pending or proposed ordinances, except those urgency needed, until after the first of January next; also

"Resolved, That the clerk be and hereby is requested to transmit a copy of these resolutions to the Common Council."

Respectfully submitted,

CHAS. M. BEATTIE, Clerk.

Ordered received, filed and published.

By the Clerk—

November 8, 1899

To the Common Council :

Gentlemen—In accordance with resolutions adopted by your honorable body which directed the Executive Board to make repairs to and pave the surface of various streets in the city of Rochester, between the tracks, the rails of the tracks and for two feet in width outside of the tracks, of the Rochester Railway Company, providing said Rochester Railway Company neglected to make such repairs within thirty days from notice to do so, I am directed by this board to report as follows :

Pursuant to said instructions, the Executive Board advertised for the letting of this work, awarded contracts and the contractors entered immediately upon said work.

The City Engineer has, therefore submitted to this board estimates for the material furnished and the work completed as follows :

Brayer & Albaugh, No. Clinton street, Est. No. 4	\$7,000 00
F. A. Brotsch, Monroe avenue, Est. No. 2	3,000 00

Rochester Vulcanite Pavement Company, Jay street, final est. ..	7,008.37
H. N. Cowles, Hudson avenue, Est. No. 1	\$,100 00

The Executive Board, therefore, respectfully refers the vouchers for said amounts to your honorable body for payment.

Respectfully,

CHAS. M. BEATTIE, Clerk.

Referred to the Finance Committee.

ACTION ON ORDINANCES.
FIRST ORDINANCES.

JOSEPH AVENUE TRAP ROCK PAVEMENT.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of improving Joseph avenue.

Adopted.

The Engineer submitted as such estimate, \$45,000.00.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The improvement of Joseph avenue, from Clifford street to Norton street, by the construction of a trap rock macadam pavement therein.

Also the construction of a Medina stone curb, 6 inches wide, on each side thereof, properly connected with all streets, alleys and driveways. The width between curbs shall be generally 38 feet. The pavement may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the Executive Board and City Engineer it is necessary in order to make a complete improvement. Excepting from the above that portion of the street between the tracks, the rails of the tracks and for two feet outside of the outside rails of the tracks of the Rochester Railway Company. Also the construction

of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair or rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment to grade of the sidewalks. Also the construction of a Portland cement walk five feet in width on each side of the street, except where good cement or flagstone walks of the proper width now exist, which may be relaid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for five years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement.

Also the construction of the necessary street laterals within the limits of the pavement.

Also the construction of the necessary main sewers of suitable form and dimensions.

And, The City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$45,000.00, which, being deemed reasonable, is hereby approved.

Resolved, Further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Joseph avenue, from Clifford street to Norton street.

Adopted.
JOSEPH AVENUE MEDINA BLOCK PAVEMENT.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of improving Joseph avenue.

Adopted.

Also the necessary manholes, surface sewers, lot laterals and branches.

And, the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$3,600, which, being deemed reasonable, is hereby approved.

Resolved, Further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the City, which this Council deems proper to be so assessed for and will be benefitted by such improvement, to wit :

One tier of lots and parcels of land on each side of Ames street, from the Railroad crossing to West avenue, and on each side of Chester street from Ames street to Colvin street.

Adopted.

By the Clerk—

City Clerk's Office,
Rochester, N. Y., Nov. 8, 1899.

To the Honorable, the Common Council of the City of Rochester :

Gentlemen—I do hereby certify that a notice, such as is required by Section 172 of the city charter, specifying each of the improvements contemplated by the following final ordinances, the estimated expenses thereof, the amount, if any, of such expense to be paid from the public treasury, the portion or part of the city to be assessed for the remainder of the expenses, and requiring all persons interested in the subject matter of the improvement to attend at the time appointed in such notice, was published daily for four days in two daily newspapers printed in this city, namely the Rochester Herald and the Union and Advertiser.

Respectfully submitted,

PETER SHERIDAN,

City Clerk.

Received, filed and published.

**FINAL ORDINANCE NO. 7,891.
HAWLEY STREET WIDENING.**

On motion of Ald. Calihan, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz :

An ordinance to widen the east end of Hawley street, and after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit :

The widening of the east end of Hawley street to the width of 50 feet, by adding a strip of land 25 feet in width, from the west line of property supposed to be owned by Eliza J. Caldwell to Seward street. The land necessary to be taken is a strip of land 25 feet in width off from the north side of said Caldwell's lot.

And the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the City which this Council deems proper to be so assessed for, and will be benefited by such improvement, to wit :

One tier of lots and parcels of land on each side of Hawley street, from Reynolds street to Seward street, as they exist at the date of the passage of this ordinance, excepting the lot on the southwest corner of Seward and Hawley streets, from which the above described parcel of land is to be taken.

Adopted by the following vote :
Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Beard, Casey, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—17.

**FINAL ORDINANCE NO. 7,892.
LENOX STREET MACADAM PAVEMENT.**

On motion of Ald. Wilson, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz :

An ordinance to improve Lenox street, from the west end thereof to Genesee street, and after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester do ordain and determine that the following improvement is necessary and should be made, to wit :

The improvement of Lenox (formerly Hume) street from the west end thereof to Genesee street by the construction of a trap rock macadam pavement therein.

Also the construction of a Medina stone curb 4 inches wide on each side thereof properly connected with all streets, alleys, driveways. The width between curbs shall be generally 26 feet. The pavement may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the Executive Board and City Engineer it is necessary in order to make a complete improvement.

Also the construction of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair or rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment to grade of the sidewalks. Also the construction of a Portland cement walk 4-12 feet in width on each side of the street, except where good cement or flagstone walks of the proper width now exist, which may be relaid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for five years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement.

Also the construction of the necessary street laterals within the limits of the pavement.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof the sum of \$3,400, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit :

One tier of lots and parcels of land on each side of Lenox street from the west end thereof to Genesee street.

Adopted by the following vote :
Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Beard, Casey, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—17.

The final ordinance for the improvement of Ames street came up.

Ald. Reichenberger moved that the ordinance be amended by making the Portland cement walk 4 feet in width instead of 5 feet, and that the ordinance be referred to the Public Improvement Committee. Adopted.

RESOLUTIONS.

By Ald. Green—Resolved, That the Lamp Committee be, and hereby is, requested to cause the erection of a sufficient number of double arc electric lamps to take the place of the single lights now existing on Monroe avenue, between South street and Alexander street. Adopted.

By Ald. Green—Resolved, That the Executive Board be, and they hereby are, directed to have the driveway on the Clinton avenue, south, side of No. 12 School, extended from the street line to the curb line at a cost not exceeding \$200.00, and that the expense be charged to the Contingent Fund.

Adopted by the following vote:
Ayes—Ald. Tracy, Callhan, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—19.

Ald. Rauber moved that when this Board adjourn it be to Nov. 28, 1899, at 7:30 p. m. Adopted.

By Ald. Rauber—Resolved, That the Gas and Electric Light Company be instructed to place an arc light on the west side of Clinton avenue, North, one hundred feet south of Clifford street. Referred to the Lamp Committee and City Engineer.

By Ald. Rauber—Resolved, That the City Engineer be instructed to prepare an ordinance for cement walk on the south side of River street, from St. Paul to Water street. Adopted.

By Ald. Rauber—Resolved, That the resolution adopted by the Common Council on the 3d day of April, 1894, providing that the report of the commissioners in the matter of opening a street from Central avenue to Granger street, presented to the Common Council March 29, 1894, be set aside and referred back to new commissioners to be appointed by the Monroe County Court, and directing the City Attorney to make the necessary application therefor, be, and the same hereby is reconsidered. Adopted.

By Ald. Rauber—
Rochester, N. Y., Nov. 21, 1899.
To the Honorable the Common Council of the City of Rochester:

In the Matter of the Opening of a Street from Central Avenue to Granger street, in the City of Rochester, New York.

We, the undersigned, John B. Cornwell and John T. Caley, respectfully show to your honorable body, that the said John B. Cornwell is the owner in fee of the west middle part of lot 4 of the Johnson & Seymour tract; that said John T. Caley is the owner in fee of lot 19 of a subdivision of lots 63, 64 and 65 of the Andrews and Atwater Tract in the City of Rochester; that under an ordinance passed by your honorable body on or about the 22d day of August, 1893, providing for the opening of a street from Central avenue to Granger street, it was determined that the whole expense of such improvement should be assessed upon all that portion of the Third ward lying south of the north line of the New York Central & Hudson River Railroad Company property; that the lots above described and owned by petitioners are within said territory and liable to be assessed for the cost and expense of said improvement, and that your petitioners are interested by reason of this matter.

That your petitioners object to the confirmation of the report of the commissioners of appraisal appointed to appraise the damages and compensation which the owners, tenants and occupants of the lands, rights and buildings to be taken for the opening of said street will severally sustain by being deprived thereof, and the compensa-

tion which they shall severally receive therefor—filed with your honorable body on or about the 25th day of March, 1894, in and by which said report the said commissioners fixed and appraised the damages and compensation to the owner of the premises to be taken for said improvement at the sum of \$40,000; upon the ground that the award of damages is grossly excessive, and that the market value of the property to be taken does not exceed the sum of \$15,000.

Wherefore, Your petitioners pray that your honorable body assign a time for hearing the objections to the confirmation of the report of said commissioners, and that you hear the allegations of all persons interested and take proofs in relation thereto, and that you set aside said report and refer the matter to new commissioners to be appointed by the court.

JOHN T. CALEY,
JOHN B. CORNWALL,

State of New York, County of Monroe, City of Rochester, s.s.:

John B. Cornwell and John T. Caley, being severally duly sworn, depose and say that they are the petitioners named in the foregoing petition; that they have read the said petition and know the contents thereof and that the same is true to their own knowledge except as to the matters therein stated to be alleged on information and belief, and as to those matters they believe the same to be true.

JOHN T. CALEY,
JOHN B. CORNWALL,

Sworn to before me this 21st day of November, 1899.

PATRICK CAULEY,
Commissioner of Deeds.

Ordered received, filed and published.

By Ald. Rauber—Whereas, The report of the commissioners of appraisal appointed to appraise the damages and compensation which the owners, tenants and occupants of the lands, rights and buildings to be taken for the opening of a street from Central avenue to Granger street, will severally sustain by being deprived thereof, and the compensation which they shall severally receive therefor, has been filed with this Common Council, and

Whereas, Objections to the confirmation of said report have been made by interested property owners, now therefore it is

Resolved, That the Common Council hear the allegations of all persons interested in the confirmation of or setting aside said report of said commissioners at a regular meeting of the Common Council to be held at the Common Council chamber in the city of Rochester on the 5th day of December, 1899, at 7:30 o'clock, p. m., and that the Common Council does hereby designate said time and place for hearing objections and allegations to the confirmation of said report; and taking proof thereon; and that the city clerk be and he hereby is directed to cause a notice of said hearing to be published in two daily newspapers in the city of Rochester six consecutive times before said hearing. Adopted.

By Ald. Adams—Resolved, That the grass plot in Rundel park between the driveways now existing be and the same is hereby placed under the control, supervision and direction of the Park Board of the City of Rochester. Adopted.

By Ald. Adams—Whereas, The Executive Board has reported that no agreement can be made for the purchase of lands necessary to be taken for the widening of an alley between Upton park and Rundel park under final ordinance No. 7,744;

Resolved, That the Corporation Counsel be and he hereby is directed to take and institute such proceedings as may be necessary to acquire said lands or the right of way or easement therein necessary for said street opening as provided by section 198 of the city charter. Adopted.

By Ald. Ward—Resolved, That the Rochester Gas and Electric Company be and it is hereby directed to place an arc electric lamp on Knowles place between Reynolds street and the railroad. Referred to the Lamp Committee and City Engineer.

By Ald. Ward—Resolved, That the City Engineer be and he is hereby directed to prepare an ordinance for a Medina block pavement on Brown street across the New York Central and Hudson River Railroad and Buffalo, Rochester & Pittsburg tracks. Adopted.

By Ald. Steele—Whereas, Every corporation which possesses the privilege of maintaining electrical conductors upon and along the streets of this city, either on poles or in subways, under ordinances or resolutions adopted by this council, or under contracts between such corporation and the city, excepting only the Bell Telephone Company of Buffalo, is, by the terms of its franchise, license or privilege, required to allow all other such corporations to occupy space on its poles and in its subways on paying a proper rental therefor. And

Whereas, The contract entered into between the city and said Bell Telephone Company on or about the tenth day of May, 1888, contains the following provision:

"Ninth—It is also agreed by and between the parties hereto, that any and all privileges granted to or conferred upon said company in or by the resolution or ordinance aforesaid, may be altered, amended, modified or revoked by the Common Council of said city at any time." Therefore,

Resolved, That said contract between said Bell Telephone Company and the city should be, and the same hereby is, amended by incorporating therein a provision requiring the said Bell Telephone Company to rent to each and every corporation having the right to maintain electrical conductors upon, along or under the streets of the city, space on every pole erected and in every subway constructed by it upon or under any street in the city; and that if the party applying for the right to occupy space on such poles and in such subways and said Bell Telephone Company shall be unable to agree upon the rental to be paid by such applicant, then the rental may be fixed in the manner provided for fixing rentals in the agreement now in force between the city and the Rochester Gas and Electric Company, under which agreement said Gas and Electric Company has the right to construct subways under and to erect poles upon the streets of the city; and it is further

Resolved, That from and after the adoption of this resolution, each corporation having the right to maintain electrical conductors upon, along and under the streets of the city, may forthwith occupy poles and subways of said Bell Telephone Company, upon entering into an agreement with said company, obligating itself to pay the rental that may be fixed in the manner hereinbefore provided, or that may be ascertained or determined by any court of competent jurisdiction; and it is further

Resolved, That in case said Bell Telephone Company shall refuse to allow any such corporation applying therefor to occupy space on its poles and in its subways

that all rights heretofore granted to said Bell Telephone Company by this Council shall thereupon forthwith cease and determine.

Referred to the Law Committee.

By Ald. Steele—Whereas, By resolution adopted by this Council on the 15th day of August, 1899, all poles and overhead wires existing on that part of Oxford street, extending from Park avenue to Monroe avenue were directed to be removed and all of such wires placed underground as soon as practicable; and

Whereas, A conduit has been constructed the whole length of that part of said street having adequate capacity to carry all of such wires; and

Whereas, The policy adopted and for several years past consistently adhered to by this Council has been to require each corporation having the privilege of carrying electrical conductors along the streets, either on poles or in subways, to rent space on such poles or in said subways to all other corporations possessing similar privileges, to the end that the streets of the city shall not be unnecessarily encumbered or interfered with; and

Whereas, The aforesaid conduit can be used by all such corporations existing and doing business in this city; therefore

Resolved, That each corporation owning any pole standing on the part of Oxford street aforesaid be and it is hereby directed to remove the same, together with all overhead wires thereon, within twenty days after notice in writing served either personally or by mail of the adoption of this resolution. And further

Resolved, That the Clerk be and he is hereby directed to forthwith serve such notice upon each of such corporations, and further

Resolved, That the Executive Board be and it is hereby directed to remove all poles that may be standing on the aforesaid part of Oxford street after the expiration of the time above provided, and to remove all obstructions from said street and to restore the same to good condition. And further

Resolved, That the City Attorney be, and he is hereby, directed to take all needful steps and to institute and prosecute all necessary actions to carry this resolution into effect, including actions to restrain the construction of any other conduit on the above mentioned part of Oxford street and to recover all expenses incurred by the city or any of its boards or officers in carrying out this resolution.

Ald. Selye moved that the subject be referred to the Law Committee. Lost.

Ald. Steele moved that the resolution be adopted. Carried.

By Ald. Ritz—Resolved, That Rochester Gas and Electric Light Company be, and are hereby, instructed to place an arc light on Weider street, between Nicholson street and Cayuga street. Referred to the Lamp Committee and City Engineer.

By Ald. Mead—Resolved, That the City Clerk be, and hereby is, directed to draw orders on the Treasurer from the Contingent Fund in favor of the following named persons, for services as Inspectors of Primaries, held September 19th, and reconvened October 3, 1899, by order of Supreme Court, for the purpose of reinspecting the ballots of the Second district of the Ninth ward: Patrick C. Dennis, \$5.00; George Langham, \$5.00; David R. Henry, \$5.00; and be it further,

Resolved, That the City Clerk draw orders on the City Treasurer in favor of the following named persons, who were convened by order of the County Court, for the purpose of canvassing the votes of the First district of the Twentieth ward: Maurice Hayes, \$5.00; Charles M. Brayer, \$5.00; M. Rauschenberg, \$5.00; John E. Burgess, \$5.00; and charge the same to the Contingent Fund.

Adopted by the following vote:

Ayes—Ald. Tracy, Callihan, Green Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—19.

By Ald. Mead—Resolved, That the City Clerk be, and he hereby is, authorized and directed to draw orders payable from the Contingent Fund, in favor of the following named persons for the amounts set opposite their respective names. Said amounts to be in full compensation for the services of said persons, as Inspectors of Election and Poll Clerks, in connection with the election held November 7th, 1899, at the rate of five dollars per day, the maximum time allowed the Inspectors being six days, and the maximum time allowed Poll Clerks being one day, and the maximum time of six days being allowed to such Inspectors only who were convened as a board of registration on the second Saturday before election, by order of the court for the purpose of correcting their registry lists; the Treasurer to pay said sums from said Contingent Fund, when there are funds applicable.

Adopted by the following vote:

Ayes—Ald. Tracy, Callihan, Green Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—19.

By Ald. Mead—Resolved, That the City Clerk be, and he hereby is, authorized and directed to draw an order payable from the Contingent Fund, in favor of each and every proprietor (except the city of Rochester), of rooms used for election purposes, for \$25.00, and in favor of the owner of a lot or lots on which the city has erected a polling place, the sum of \$20.00. Said sum of \$20.00 to be paid only in cases where booths have been erected for a year. In other cases where booths were used for this election only, the sum of \$10.00. Said respective sums shall be in full for the use of premises, and in cases where buildings have been erected on private property by the city to include the rent of property until October 1st, 1900. The compensation for the use of rooms to include all adequate heat and light for said rooms, furnished by said proprietor without extra charge.

Adopted by the following vote :

Ayes—Ald. Tracy, Calihan, Green Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—19.

By Ald. Mead—Resolved, That the Clerk draw orders upon the Treasurer, payable from the Contingent Fund, in favor of the following named parties, and for the sums and purposes, viz : William S. Foster, for fifteen dollars, for services as appraiser and witness, in the matter of the extension of Hollenbeck street, in the City of Rochester, under Final Ordinance No. 7-327, and that the Treasurer pay said several sums from the Contingent Fund, and charge and carry said sums to the fund for the extension of said street, when created.

Adopted by the following vote :

Ayes—Ald. Tracy, Calihan, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—19.

By Ald. Mead—Resolved, That the Clerk be, and hereby is, directed to draw an order on the Treasurer for \$450.44, in favor of Fire Marshal John A. P. Walter, for labor, cartage and supplies for the October registrations and the election November 7, 1899, and charge Contingent Fund.

Adopted by the following vote :

Ayes—Ald. Tracy, Calihan, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—19.

By Ald. Wilson—Resolved, That the property owners assessed for the improvement of Post street, under Final Ordinance No. 7,185, be given two years' time from June 6, 1901, in which to pay their assessments. Adopted.

By Ald. Wilson—Resolved, That the property owners to be assessed for the Lenox Street Asphalt Improvement, Ordinance No. 7,334, be allowed to pay their assessments in ten annual payments, and that the City Assessors be directed to prepare the assessment roll in accordance therewith. Adopted.

By Ald. Kelly—Whereas, The Executive Board did at a meeting of the Common Council held October 10, 1899, by communication, recommend that the proffers made for the right of way for Masseth park and Hague street sewer, viz.: N. Y. C. & H. E. R. Co., \$10.00; John P. Hammill, \$400, be accepted; therefore,

Resolved, That the Executive Board be, and hereby is, authorized and directed to

pay to the N. Y. C. & H. R. R. Co. and Mr. John P. Hammill the sums of \$10.00 and \$400, respectively, and charge said amounts to the fund created for the construction of Masseth Park and Hague Street Sewer, under Ordinance No. 7,846.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—In pursuance of a resolution adopted by your honorable body November 8, 1899, and in accordance with chapter 426 of the laws of 1885, the city treasurer, mayor and finance committee have destroyed by burning fifteen coupons of bonds of the city of Rochester attached to three bonds numbered 168, 169 and 170 of the City Hall commission loan, and attach hereto the proper evidence of such destruction.

Respectfully submitted,
GEO. E. WARNER,
Mayor.
SAMUEL B. WILLIAMS,
Treasurer.
STEPHEN RAUBER,
JOS. C. WILSON,
D. W. SELYE,
J. MILLER KELLY,
Finance Committee.

Ordered received, filed and published.
By the Clerk—

Rochester, N. Y., Nov. 17, 1899.

We, Samuel B. Williams, Treasurer; Geo. E. Warner, Mayor; and the undersigned members of the Finance Committee of the Common Council of the City of Rochester, do hereby certify, that pursuant to chapter 426 of the laws of 1885, and in pursuance of a resolution of the Common Council of the City of Rochester, adopted November 8, 1899, have destroyed by burning, fifteen coupons of the bonds of the City of Rochester, City Hall commission loan, which were attached to three bonds numbered 168, 169 and 170, there being attached to each bond five coupons of thirty-five dollars each, falling due January 1, 1900, July 1, 1900, January 1, 1901, July 1, 1901, and January 1, 1902; the date of issue of said coupons was September 10, 1873; the total amount of said coupons destroyed being five hundred twenty-five dollars.

GEO. E. WARNER,
Mayor.
SAMUEL B. WILLIAMS,
Treasurer.
STEPHEN RAUBER,
JOS. C. WILSON,
D. W. ELYE,
J. MILLER KELLY,
Finance Committee.

Ordered received, filed and published.
By the Clerk—

Rochester, N. Y., Nov. 17, 1899.

Coupons of the bonds of the City of Rochester, County of Monroe, State of New York, destroyed by burning November 17, 1899.

Date of issue, September 10, 1873; coupons due January 1, 1900, July 1, 1900, January 1, 1901, July 1, 1901, and January 1, 1902; total number of coupons, 15; amount of each coupon, \$35.00; total amount of coupons, \$525.00.

I, Peter Sheridan, Clerk of the City of Rochester, do hereby certify:

That, pursuant to chapter 42 of the laws of 1885, a resolution was duly adopted by the Common Council of the city of Rochester on November 8, 1899, providing that the City Treasurer, Mayor, and Finance Committee of the Common Council of said city at the time being, were designated for the purpose of destroying coupons and to provide for the due authentication of such destruction, as provided by said chapter 426 of the laws of 1885.

And, I also further certify: That on the 17th day of November, 1899, Samuel B. Williams was the City Treasurer and George Warner the Mayor of the City of Rochester, and that Stephen Rauber, Joseph C. Wilson, D. W. Elye, and J. Miller Kelly were members of the Finance Committee of the Common Council.

PETER SHERIDAN, City Clerk.

Ordered received, filed and published.
By the Clerk—

Rochester, N. Y., Nov. 4, 1899.

To the Finance Committee of the Common Council:

Gentlemen—The Grand Army Relief Committee, through their finance committees, would most respectfully ask for one thousand dollars (\$1,000.00) to meet the demands on this committee. After exercising the strictest economy we find a deficiency caused by an increase of applications for relief and the reduction of our annual appropriation.

Very respectfully,

A. ELWOOD,
S. P. QUICK,

Attest: Finance Committee.

F. B. Robinson, Secretary.

Referred to the Finance Committee.
By the Clerk—

Rochester, N. Y., Nov. 15, 1899.

To the Finance Committee of the Common Council, Ald. Stephen Rauber, Chairman: Gentlemen—The Board of Park Commissioners respectfully ask the Common Council to appropriate at once to this Board the sum of \$2,000. This amount will be necessary for the continuance of the ordinary maintenance of the large parks until the end of the year, the removal of snow and ice from the walks through and around the seven small parks, the work of trimming and caring for the street trees, and the payment of the present indebtedness of this Board.

Respectfully,
JNO. H. ROCHESTER,

Chairman, Finance Committee.

Referred to the Finance Committee.
By the Clerk—

Rochester, N. Y., Oct. 31, 1899.

To the Honorable Common Council:

Gentlemen—The undersigned Overseer of the Poor of the City of Rochester would respectfully report that, during the month of October, 1899, he has relieved 515 families, in the following manner:

Orders on poor store	\$1,871 75
Orders on coal yard	156 58
Orders for shoes	82 96

	\$2,268 19

Less amount charged to towns.. 44 50

Total to City

All of which is respectfully submitted.

JOHN H. LEHMAN,
Overseer of the Poor.

Ordered received, filed and published.
By the Clerk—

Rochester, N. Y., Nov. 21, 1899.

To the Honorable, the Common Council:

Gentlemen—I hereby report that I have received from sealing weights and measures for the month of October one hundred and forty-eight and 65-100 dollars; that I have deposited the same with the City Treasurer and have taken his receipt therefor.

JOS. F. RIBSTEIN,
City Sealer.

Ordered received, filed and published.
By the Clerk—

November 13, 1899.

To the Honorable, the Common Council:

Gentlemen—I submit herewith my report for the month of October last of bills, claims, etc., against the several Common Council funds, presented to me for audit and so audited and passed upon, as follows, viz., with detailed figures accompanying:

	Amount Disap- Approved, proved.	
Contingent Fund	\$4,272 01

Respectfully,

A. S. MANN, Auditor.

Ordered received, filed and published.
The Clerk presented a number of bills of Hascal A. Hogel, which were referred to the Law Committee.

The Clerk presented an alleged claim of Charles E. Evans, for damages caused by

discharge of polluted waters into Thomas creek. Referred to the Law Committee.

Rochester, N. Y., Nov. 21, 1899.

To the Honorable Common Council of the City of Rochester:

Gentlemen—I hereby certify and report that the City Assessors have delivered to me the following assessment roll, certified and verified as required by the City Charter:

East Side Trunk Sewer.

Respectfully,

PETER SHERIDAN, City Clerk.

Ald. Rauber moved that action on confirmation of the above assessment roll be postponed two weeks, and that the Clerk be directed to publish a notice that allegations would be heard at the next regular meeting. Adopted.

By the Clerk—

Rochester, N. Y., Nov. 21, 1899.

To the Common Council:

Gentlemen—Pursuant to a resolution adopted by your honorable body, directing the Executive Board to negotiate with the owner of land which it is proposed to acquire for the widening of Hawley street, I am directed to report as follows:

The party interested, Eliza J. Calwell, appeared before this board and stated that she would accept \$1,450.00 for the land in question, with the understanding that her lot on the southwest corner of Seward and Hawley streets is not to be assessed for any part of such purchase price, or for the cost of any street grading that may be necessary to widen Hawley street; also that she is to have until the first of July, 1900, to remove any trees desired and the frame dwelling, fences, walks and shrubbery on said premises.

The amount and conditions mentioned are, in the opinion of the Executive Board, reasonable, and it therefore respectfully recommends that the proffer be accepted by your honorable body.

Very respectfully,

CHAS. M. BEATTIE, Clerk.

Ordered received, filed and published.

By Ald. Wilson—Resolved, That upon the certificate of the Corporation Counsel that Eliza J. Calwell has executed proper conveyances to the city of her property necessary for the widening of Hawley street that the Clerk be, and he hereby is, authorized and directed to draw an order on the Contingent Fund in her favor for \$1,450, the said sum to be refunded to said Contingent Fund when the fund for the assessment for such widening has been created.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—19.

By Ald. Judson—Resolved, That action adopted September 26th on Laura street improvement, Ord. 7,723, be and the same is hereby in all things reconsidered. Adopted.

By Ald. Judson—Resolved, That the City Treasurer be and he hereby is authorized and directed to certify to the cost of Laura street improvement, Ord. 7,723, on a ten payment basis. Adopted.

City Treasurer's Office,

Rochester, N. Y., Nov. 21, 1899.

To the Honorable, the Common Council:

And the

City Clerk is hereby directed to enter the names of said streets in the public street register kept by him, and said Executive Board is hereby instructed to place the usual street signs where needed at the corners of said street. And the city assessors be, and they are hereby directed, to strike from the assessment rolls of the City of Rochester the territory taken for said street as indicated by the map on file in the County Clerk's office and the office of the City Assessors. Adopted.

By the Clerk—

Rochester, Nov. 21, 1899.

To the Common Council:

The undersigned, members of the Executive Board, to whom was referred the matter of the proffered acceptance of Priem street, hereby certify that said Priem street has been properly graded, the street lines defined by monuments, and maps filed in the offices of the County Clerk and City Assessors, in accordance with provisions of resolutions adopted by your honorable board, and recommend that the street above named be accepted for public uses.

Respectfully,
OSCAR KNEBEL,
JAMES L. WHALEN,
JAMES JOHNSTON,
Executive Board.

Ordered received, filed and published.

By Ald. Steele—Resolved, That the dedication of Priem street, as mentioned in the foregoing communication of the Executive Board be, and the same is hereby accepted, as a public street upon the payment of all taxes and assessments, local or general, remaining unpaid upon said territory, so taken from said street. And the City Clerk is hereby directed to enter the names of said streets in the public street register kept by him, and said Executive Board is hereby instructed to place the usual street signs where needed at the corners of said street. And the city assessors be, and they are hereby directed, to strike from the assessment rolls of the city of Rochester the territory taken for said street as indicated by the map on file in the County Clerk's office and the office of the City Assessors. Adopted.

By the Clerk—

November 21, 1899.

To the Common Council of the City of Rochester:

Gentlemen—We have a proposition to transfer to the City of Rochester an armory site, upon certain terms and conditions, to be transferred by the City of Rochester to the State of New York, as provided by Section 567 of the Laws of 1898.

We request that the matter be referred to one of the committees of your honorable body.

Yours very respectfully,

ROCHESTER MARKET CO.

Referred to Law Committee.

REPORTS OF STANDING COMMITTEES

By Ald. Rauber—

Rochester, N. Y., Nov. 21, 1899.

To the Honorable, Common Council:

Gentlemen—Your Finance Committee, to whom was referred the communication of the Executive Board that the amount of money appropriated for the Highway Fund had all been expended, an in order to carry on the work of the department for the two remaining months of the year it will be necessary to make provisions therefor. Your committee after a discussion of the subject and a thorough investigation as to the needs of the department with reference to

this specific fund, have come to the conclusion that with the strictest economy that \$7,000 would be adequate for their present needs, and we therefore recommend that a note be issued and the proceeds thereof be credited to the Highway Fund.

To the Honorable, Common Council:

Gentlemen—Your Finance Committee, to whom was referred the communication of the Park Commissioners asking that the sum of \$2,000 be appropriated for the continuance of the ordinary maintenance of the large parks until the end of the year, the removal of snow and ice from the walks through and around the seven small parks, the work of trimming and caring for the street trees, and the payment of the present indebtedness of this board.

Would respectfully report that your committee believe that in view of the fact that owing to the short time that will elapse before a similar appropriation will be asked for by the Park Commission, that \$1,500 will be ample and sufficient for the maintenance of the large parks and the removal of snow and ice from the walks through and around the small parks and the trimming and caring of the trees. We therefore recommend that a note be issued for the sum of \$1,500 and that the proceeds be credited to the Park Maintenance Fund.

To the Honorable Common Council:

Gentlemen—Your Finance Committee, to whom was referred the communication of the Executive Board, stating that they had received for flushing sewers, inspecting trenches, repairing sidewalks, cutting weeds, removing rubbish, use of steam roller, the sum of \$1,192.50, and stating that the labor and material that represented these amounts were paid for out of the Highway Fund, and that it had been the custom of the board to deposit such collections to the credit of the Highway Fund of the city of Rochester, and that on October 3d, the amount which was collected for the month of September was offered to the City Treasurer to be placed to the credit of the Highway Fund, that the Treasurer would not receive the amount for credit to any particular fund, stating that he was acting under the direction of the Corporation Counsel, who contended that the Common Council must first designate before he could receipt for the same. Would respectfully report that we have investigated the matter and find that heretofore the foregoing sums have been credited to the Highway Fund, and inasmuch as the labor and material were paid out of the said Highway Fund we believe it just and proper that the amounts related above should be placed to the credit of the Highway Fund, and we therefore recommend that

the sum of \$1,192.50, received from various sources for the month of September and October, be, and hereby is, credited to the Highway Fund.

Ordered received, filed and published.

By Ald. Rauber—Resolved, That the sum of \$1,192.50, which has been received by the Executive Board, for flushing private sewers, inspecting trenches, repairing sidewalks, cutting weeds, removing rubbish and use of steam roller, for the month of September and October be, and the same is hereby credited to the Highway Fund, and that the City Treasurer be and is hereby authorized and directed to credit the above amount of \$1,192.50 to said Highway Fund.

By Ald. Rauber—

Rochester, N. Y., Nov. 21, 1899.

To the Honorable Common Council:

Gentlemen—The Grand Army relief committee, through their finance committee, addressed a communication to the Finance Committee of this Common Council asking for \$1,000 to meet the demands made on the finance committee of the Grand Army relief committee. After a meeting with the committee of the Grand Army relief committee, and the statement made by one of the committee that the appropriation was reduced \$1,000 this year, and that there had been fifteen more families taken care of this year than last, and that the bills from the hospitals had been increased to a greater extent, and in a great many instances city physicians were sending patients to the hospitals without notifying the committee, thus allowing large bills to accrue which might have been prevented had the committee been notified in time. These bills caused such a depletion of the fund that it would be necessary in order to pay bills already incurred and those which will have to be incurred to have at least \$1,000 on hand to meet such expenditures. After hearing these statements your committee are convinced that it is absolutely necessary to grant the appropriation desired, and recommend that a note be issued for \$1,000 and the proceeds credited to the G. A. R. relief fund.

In the matter of the petitions of Caroline L. Fee, Walter F. Lauer, John C. O'Brien, Willis K. Gillette, Harvey F. Remington, Board of Park Commissioners, James T. Dunn, Minnie L. Barrows, Frank D. Folsom and J. B. Y. Warner, we recommend that the same be granted.

Respectfully submitted,

WILLIAM WARD,
W. C. GREEN,
M. J. CALIHAN,
D. W. SELYE,
T. W. FORD,

Assessment Committee.

Ordered received, filed and published.

By Ald. Ward—Resolved, That Caroline L. Fee be permitted to pay the sum of \$270.46 in full payment of the assessment against her premises for the extension of Boston court, and that the City Treasurer charge the balance to erroneous assessments. Adopted.

By Ald. Ward—Resolved, That Walter F. Lauer be permitted to pay the sum of \$14.57 with interest thereon at the rate of 6 per cent. per annum in payment of the general city taxes for the year 1892, on lot No. 31 N. on the west side of Miller street, provided the same are owned by the city and payment is made within sixty days, and that the Treasurer charge the balance to erroneous assessments. Adopted.

By Ald. Ward—Resolved, That John C. O'Brien be permitted to pay the face of the general city taxes for the years 1891 to 1898 inclusive, on premises lying between Lake avenue and Dewey avenue, known as Boulevard Lot Association Tract, provided the same are owned by the city and payment be made on or before July 1, 1900, and that the Treasurer charge the balance to erroneous assessments. Adopted.

By Ald. Ward—Resolved, That Willis K. Gillette and Harvey F. Remington be permitted to pay the general city taxes for the year 1895 upon premises known as lot 17 of the S. Streb sub-division, east side of

North Joiner street, together with 6 per cent. per annum, provided the same are owned by the city and payment is made within sixty days. Adopted.

By Ald. Ward—Resolved, That the general city taxes for the years 1889 to 1899 inclusive, upon premises known as lot — at top of the hill, Strong sub-division, Genesee avenue, formerly owned by Heman S. Brewer, and now owned by the city, be cancelled and that the Treasurer charge the balance to erroneous assessments. Adopted.

By Ald. Ward—Resolved, That upon the payment by J. B. Y. Warner, of the sum of \$350, the City Treasurer be, and he hereby is, authorized to release from the lien of all taxes and assessments, and tax sales in cases where such tax liens are held by the City of Rochester, the following described parcel of land :

Commencing in the north line of Reservoir avenue at a point where the east line of Virginia terrace, if produced north, would intersect Reservoir avenue; thence on the north produced line of Virginia terrace, at right angles with Reservoir avenue, a distance of three hundred feet; thence easterly on a line parallel with Reservoir avenue four hundred feet; thence southerly at right angles with Reservoir avenue to the north line of Reservoir avenue; thence westerly along the north line of Reservoir avenue to the place of beginning.

Such release to in no manner effect the validity of the tax liens now held by the City of Rochester, upon the remainder of such property. Adopted.

By Ald. Ward—Resolved, That the assessment of \$18.00 against James T. Dunn, upon premises known as part of lots 13, 14 and 15, north side of Columbia avenue, for a lot lateral from the Columbia avenue sewer, be cancelled, and that said sum be deducted from the assessment for said sewer; and that the treasurer charge the same to erroneous assessments. Adopted.

By Ald. Ward—Resolved, That the assessment of \$18.00 against Minnie L. Barons upon premises known as lot No. 16, on the north side of Columbia avenue, for a lot lateral from the Columbia avenue sewer, be cancelled, and that the said sum be deducted from the assessment for said sewer, and that the treasurer charge the same to erroneous assessments. Adopted.

By Ald. Mead—
Rochester, N. Y., Nov. 21, 1899.
To the Honorable Common Council of the City of Rochester :

Gentlemen—Your Law Committee would respectfully report as follows :

In relations to the claims of Doctors N. W. Soble and W. S. Rambo, for services rendered, as members of the Examining Board of Midwifery, and which claims have been heretofore referred to your committee, each of said claims being for the sum of \$70.00, your committee would respectfully report that they have investigated the same and recommend the payment thereof to each of said parties.

In respect to the claims of Lorenzo Roth, Barbara Fuchs and the Kramer estate, arising out of the occupation and encroachment by the city of North Linden street upon the premises owned by said parties, your committee would report in favor of the settlement and adjustment of the said claims upon the basis of the recommendation of the former Corporation Counsel and the Law Committee of your honorable body, as follows : That there be paid to Lorenzo Roth, or his attorney, the sum of \$451.90; to Barbara Fuchs, or her attorney,

the sum of \$276.86, and to the Kramer estate the sum of \$419.02; said amounts being in full settlement of all claims that said parties have against the city of Rochester by reason of such encroachment; and that the said parties execute proper conveyances to the city of Rochester of such portion of their property as is encroached upon by the said North Linden street; the conveyances to be approved by the Corporation Counsel; and also execute proper releases of all claims against said city.

In relation to the preparation of ordinances regulating the use and occupation of the streets of the city by poles, conduits and sub-ways, your committee would report that they have heard the several companies interested in the same and also a committee from the electrical workers, and would ask that further time be given to your committee for the consideration of this subject, the same being an important one.

In relation to the judgment recovered by Albertina Deuble against the city and arising out of an order issued upon a bill presented to the Common Council by John M. Deuble in his life time and ordered paid, and which order was paid by the Treasurer of the city subsequent to the death of the said John M. Deuble to some person unknown, your committee would report that said judgment, for the sum of \$44.05, was recovered against the city by reason of the estate of the said John M. Deuble not having received the said money directed to be paid pursuant to said order. Your committee would recommend the payment of the said judgment to the said Albertina Deuble as administratrix of the estate of the said John M. Deuble, deceased, judgment for said amount having been recovered against the city in an action in the Municipal Court of said city upon the execution of the proper satisfaction thereof.

In relation to the judgment of Walter F. Barron against the city of Rochester, amounting to the sum of \$83.92 with interest thereon from October 6, 1899, and arising out of the action brought by said Barron against the city to set aside the Exchange street assessment, your committee would recommend the payment of the said judgment.

Your committee would recommend the appointment of the following Commissioners of Deeds : G. W. Goler, E. E. Shutt, Wm. Cox, Louisa Blaesi, Fred E. Wood, Wm. Aikenhead, Florian A. Hettig, J. M. Reddington, Edwin J. Seager, Philip Silverstein, Charlotte A. Scheck, Thomas A. Lottridge.

All of which is respectfully submitted,
CHARLES P. MEAD,
JAS. H. CASEY,
W. ERNST,
W. REICHENBERGER,
JOHN M. STEELE,
D. W. SELYE,
Law Committee.

Ordered received, filed and published.

By Ald. Mead—Resolved, That the City Clerk be and he is hereby authorized and directed to draw orders upon the Contingent Fund in favor of Lorenzo Roth or A. J. Rodenbeck, his attorney, for the sum of \$451.90; in favor of Barbara Fuchs or her attorney, Adolph J. Rodenbeck, for the sum of \$276.80; in favor of the Kramer estate or A. J. Rodenbeck, its attorney, for the sum of \$419.02; the same being in full settlement of all claims and demands that said parties or either of them have against the city of Rochester by reason of the encroachment by the said city upon the prop-

erty of said parties in the widening of North Linden street; that said orders be drawn upon the certificate of the Corporation Counsel that said parties have executed and delivered proper conveyances to the city of Rochester of such portion of their premises as are now within the limits of said North Linden street and also proper releases and stipulations of the discontinuance of any and all proceedings against the said city by reason of such encroachment.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—19.

By Ald. Mead—Resolved, That the City Clerk be and he is hereby authorized and directed to draw an order on the Contingent Fund in favor of Walter F. Barron, or John Desmond, Esq., his attorney, for the sum of \$83.92 and interest thereon from October 6, 1899; the same being in full settlement of the judgment held by the said Walter F. Barron against the city of Rochester, recovered in the Supreme Court, upon the filing with the Corporation Counsel of the proper satisfaction of such judgment and the certificate of the Corporation Counsel to that effect.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—19.

By Ald. Mead—Resolved, That the City Clerk be and he is hereby authorized and directed to draw orders upon the Contingent Fund, as follows:

In favor of N. W. Soble for the sum of \$70.00 and W. S. Rambo for the sum of \$70.00; the same being in full settlement of all claims and demands which they may have against the city of Rochester for services rendered as members of the Examining Board of Midwifery, pursuant to claims verified on or about the 17th day of July, 1899, and filed with the Common Council of the city of Rochester; that said order be drawn upon the certificate of the Corporation Counsel that said parties have executed proper releases to the city for said claims.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—19.

By Ald. Mead—Resolved, That the City Clerk be and he is hereby authorized and directed to draw an order on the Contingent Fund for the sum of \$44.05, in favor of Albertina Deuble, as administratrix, etc., of John M. Deuble, deceased, or John A. Bernhard, Esq., her attorney, the same being in full settlement of a judgment held by said administratrix against the city, recovered in Municipal Court of the city of Rochester, upon the filing with the Corporation Counsel of a proper satisfaction of said judgment, and the proper releases, and the certificate of such filing.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—19.

Rochester, Nov. 21, 1899.

By Ald. Green (by request)—

To the Honorable Common Council:

Gentlemen—Your Bath Committee respectfully call your attention to the necessity of building a storm house at the entrance to the bath house, and we recommend the same be done immediately, at a cost not to exceed thirty-five dollars.

D. W. SELYE,
W. C. GREEN,
WM. S. BEARD,
STEPHEN RAUBER,
FRANK J. RITZ,
Bath Committee.

Ordered received, filed and published.

By Ald. Green—Resolved, That the Bath Committee be, and they hereby are, authorized to cause to be erected a storm house

at the entrance of the public bath house, at an expense not to exceed thirty-five (\$35.00) dollars.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—19.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

BALDWIN STREET MACADAM PAVEMENT.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of improving Baldwin street.

Adopted.

The Engineer submitted as such estimate, \$4,150.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The improvement of Baldwin street, from Main street, East, to Hayward avenue, by the construction of a trap rock macadam pavement therein.

Also the construction of a Medina stone curb, 6 inches wide on each side thereof, properly connected with all streets, alleys and driveways. The width between curbs shall be generally 26 feet.

The pavement may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the Executive Board and City Engineer it is necessary in order to make a complete improvement.

Also the construction of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair or rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment to grade of the sidewalks. Also the construction of a Portland cement walk, 5 feet in width on each side of the street, except where good cement or flagstone walks of the proper width now exist, which may be relaid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for five years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement.

Also the construction of the necessary street laterals within the limits of the pavement.

And, the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$4,150, which, being deemed reasonable, is hereby approved.

And, The City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$16,500, which, being deemed reasonable, is hereby approved,

Resolved, Further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Park avenue, from Alexander street to South Goodman street.

Adopted.

RAVINE AVENUE AND ALDERN PLACE ASPHALT PAVEMENT.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of improving Ravine avenue and Aldern place.

Adopted.

The Engineer submitted as such estimate, \$34,000.00.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The improvement of Ravine avenue and Aldern place, from Clarkson street to Dewey avenue, by the construction of an asphalt pavement therein. Also the construction of a Medina stone curb, 6 inches wide, on each side thereof, properly connected with all streets, alleys and driveways. The width between curbs shall be generally 26 feet. The pavement may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the Executive Board and City Engineer it is necessary in order to make a complete improvement. Excepting from the above that portion of the street between the tracks, the rails of the tracks and for two feet outside of the outside rails of the tracks of the Rochester Railway Company. Also the construction of the necessary man-holes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair or rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment to grade of the sidewalk.

The pavement shall be guaranteed and kept in repair for ten years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement.

Also the construction of the necessary street laterals within the limits of the pavement.

Also the construction of the necessary main sewers of suitable form and dimensions.

And, The City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$34,000.00, which, being deemed reasonable, is hereby approved,

Resolved, Further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be assessed

for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Ravine avenue and Aldern place, from Clarkson street to Dewey avenue.

Adopted.

SELYE TERRACE CARE AND EMBELLISHMENT.

By Ald. Selye—Resolved, That the City Engineer ascertain and report to this Council the expense of improving and embellishing Selye terrace.

Adopted.

The Engineer submitted as such estimate, \$400.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The improvement and embellishment of Selye terrace, from Lake avenue to Dewey avenue, as follows: Sweeping and cleaning the walks of all snow, ice, leaves and rubbish; cutting the grass, fertilizing and caring for the lawn from street lines to the curb, including the necessary seeding; planting flowers and shrubs in front of each lot; replanting, removing or planting new trees, and trimming the same; care of the roadway, removal of grass, weeds and all rubbish from the same. The above work to include the care of the street for one year from the date of contract. The above work to be under the direction of the Superintendent of Public Parks.

And, the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$400, which, being deemed reasonable is hereby approved,

Resolved, Further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Selye terrace, from Lake avenue to Dewey avenue.

Adopted.

By the Clerk—

City Clerk's Office,
Rochester, N. Y., Nov. 21, 1899.

To the Honorable the Common Council of the City of Rochester:

Gentlemen—I do hereby certify that a notice, such as is required by section 172 of the city charter, specifying each of the improvements contemplated by the following final ordinances, the estimated expenses thereof, the amount, if any, of such expenses to be paid from the public treasury, the portion or part of the city to be assessed for the remainder of the expenses and requiring all persons interested in the subject matter of the improvement to attend at the time appointed in such notice, was published daily for four days in two daily newspapers printed in this city, namely, the Union and Advertiser and the Rochester Herald.

Respectfully submitted,

COMMUNICATION FROM THE MAYOR.

By the Clerk—

November 17th.

Mr. Peter Sheridan, City Clerk, City:
Dear Sir—I have this day appointed Joseph H. Bush a member of the Civil Service Commission of this city in place of Ernest B. Millard, resigned.

GEO. E. WARNER, Mayor.

Received, filed and published.

COMMUNICATIONS AND REPORTS FROM OTHER CORPORATION OFFICERS, BOARDS AND DEPARTMENTS.

By the Clerk—

Rochester, N. Y., Nov. 28, 1899.

To the Honorable, the Common Council:
Gentlemen—I beg leave to report that judgment has been entered in the Monroe County Clerk's office in the case of John Conway against the City of Rochester, arising out of the Lyell avenue improvement case, and which said action was brought for the purpose of setting aside the ordinance for the improvement on said Lyell avenue; that the costs in said action have been taxed at the sum of \$1,341.96. That this sum is due together with interest thereon from the 31st day of October, 1899. Inasmuch as the costs and expense of this improvement have been levied and assessed upon the property pursuant to the act of the Legislature, passed during the session thereof in the winter of 1899,

and which is now a lien upon the same, and there is no interest on the part of the city to further litigate this matter, I would recommend the payment of the said judgment to the said John Conway, or his attorney, John Desmond.

All of which is respectfully submitted,
 JOHN F. KINNEY,
 Corporation Counsel.

Referred to the Law Committee.
 By the Clerk—

Rochester, Nov. 28, 1899.
 To the Common Council :

The undersigned, members of the Executive Board, to whom was referred the matter of the proffered acceptance of Marlow street (formerly Jay park), hereby certify that said Marlow street has been properly graded, the street lines defined by monuments, and maps filed in the offices of the County Clerk and City Assessors, in accordance with provisions of resolutions adopted by your honorable board, and recommend that the streets and avenues above named be accepted for public uses.

Respectfully,
 OSCAR KNEBEL,
 JAMES L. WHALEN,
 JAMES JOHNSTON,

Executive Board.

Ordered received, filed and published.

By Ald. Reichenberger—Resolved, That the dedication of Marlow street, formerly Jay park, as mentioned in the foregoing communication of the Executive Board be, and the same hereby is, accepted as a public street upon the payment of all taxes and assessments, local or general, remaining unpaid upon said territory, so taken from said street. And the City Clerk is hereby directed to enter the name of said street in the public street register kept by him, and said Executive Board is hereby instructed to place the usual street signs where needed at the corners of said street. And the City Assessors be and they are hereby directed to strike from the assessment rolls of the City of Rochester the territory taken for said street as indicated by the map on file in the County Clerk's office and the office of the City Assessors. Adopted.

By the Clerk—
 Rochester, N. Y., Nov. 28, 1899.

To the Common Council :

Gentlemen—In accordance with resolution adopted by your honorable body, which directed the Executive Board to make repairs to and pave the surface of various streets in the City of Rochester, between the tracks, the rails of the tracks, and for two feet in width outside of the tracks of the Rochester Railway Company, providing said Rochester Railway Company neglected to make such repairs within thirty days from notice to do so, I am directed by this Board to report as follows :

Pursuant to said instructions, the Executive Board advertised for the letting of this work, awarded contracts and the contractors entered immediately upon said work.

The City Engineer has, therefore, submitted to this Board estimates for the material furnished and the work completed as follows :

H. N. Cowles, Hudson avenue, Est. No. 2	\$4,800 00
F. A. Brotsch, Monroe avenue, Est. No. 3	6,800 00
Lauer & Hagaman, Caledonia avenue, Est. No. 3.....	2,500 00
Brayer & Albaugh, No. Clinton street, Est. No. 5.....	2,500 00

Rochester Vulcanite Pavement Co.,
 Emerson street, Est. No. 2 and
 final 1,648 17
 The Executive Board, therefore, respectfully refers the vouchers for said amounts to your honorable body for payment.

Respectfully,
 CHAS. M. BEATTIE, Clerk.

Referred to the Finance Committee.
 By the Clerk—

Rochester, N. Y., Nov. 28, 1899.
 To the Honorable, the Common Council of the City of Rochester :

The contract made between the City of Rochester, the New York Central & Hudson River Railroad Company, and the Buffalo, Rochester & Pittsburg Railroad Company, dated October 21, 1897, in reference to the alterations to be made at Maple, Saxton and Silver streets, provides that after ten years from the date of the contract Saxton street shall be depressed and carried underneath the railroad tracks of both companies.

The New York Central & Hudson River Railroad Company and the Buffalo, Rochester & Pittsburg Railroad Company are desirous that the work contemplated by the contract in question shall be so done that Saxton street may be carried under the railroad tracks without waiting for the expiration of the time named in the contract.

We respectfully ask that your honorable body appoint a committee of one or more to confer with us with a view of preparing a contract to carry Saxton street underneath the tracks and for the necessary change of grade in that and other streets affected thereby.

NEW YORK CENTRAL & HUDSON RIVER RAILROAD COMPANY,
 By Edward Harris, Attorney.
 BUFFALO, ROCHESTER & PITTSBURG RAILWAY COMPANY.

By A. G. Yates, President.

 By Ald. Mead—

Rochester, N. Y., Nov. 28, 1899.

To the Honorable, the Common Council :

Gentlemen—Your Law Committee would respectfully report as follows :

That it has given a hearing to Frank P. Crouch, who is interested in the establishment of a public market in that portion of the City of Rochester situate east of the New York Central railroad tracks on Main street in said city; that as a result of such hearing, your committee reports to the Common Council the annexed ordinances for such purpose recommending that a public hearing would be given in relation to the same at the next regular meeting of the Common Council to be held at the City of Rochester, N. Y., on the 5th day of December, 1899.

In relation to the proposition of Geo. H. Harris, Esq., for the transfer of real estate for the arsenal site, your committee would report that it gave a hearing to said George H. Harris upon the subject to the exchange of the Munger property for the present arsenal site. Your committee would report that no property can be purchased for the arsenal site without the consent of the proper state officials; that the Munger property has been selected as an available site by such officials. Mr. Harris' proposition is annexed and forms a part of this report. Your committee would recommend that this matter be considered by the Common Council at the next regular meeting thereof to be held on the 5th day of December, 1899.

Your committee would recommend the appointment of the following Commissioners of Deeds :

Wm. F. Durnan, Geo. W. Sprague, Thos. F. Bell, Clifford L. Kerr, G. Edward Coon, Maurice Leyden, Samuel U. Ralsbeck, W. W. Hunter, E. C. Widman, W. E. J. Fay, S. H. Elliot, Wm. H. Burr, F. E. Van Lone, E. T. Sankey.

Respectfully submitted,
 CHARLES P. MEAD,
 JAS. H. CASEY,
 D. W. SELYE,
 FRANK J. RITZ,
 W. ERNST,
 JOHN M. STEELE,
 Law Committee.

Ordered received, filed and published.
 By Ald. Mead—Resolved, That the Common Council designate Tuesday evening, December 5, 1899, at 7:30 o'clock p. m., for the purpose of a hearing upon the adoption of the ordinance in relation to a public market. Adopted.

By Ald. Mead—Resolved, That the Common Council designate Tuesday evening, December 5, 1899, at 7:30 p. m., for the purpose of hearing the matter of the exchange of the arsenal property in the City of Rochester for other property in said city, for the purpose of an arsenal site. Adopted.

ORDINANCES TO PUBLIC MARKET.
 Section 1. That portion of the city of Rochester, known as North Goodman street, between Main street, East, and the New York Central Railroad; Leighton avenue between North Goodman street and Klem street; and the tract of land bounded on the west by North Goodman street; upon the north by Main street, East, upon the east by Klem street and upon the south by Leighton avenue—excepting and reserving therefrom a strip of land one

hundred (100) feet in depth extending along the southerly side of Main street, East, from North Goodman street to Klem street; and also a large manufacturing establishment and steam power plant situate on Leighton avenue, with thirty (30) feet on the westerly and northerly sides thereof and ten (10) feet on the easterly side thereof—is hereby declared to be and established for the five years next ensuing, as the Public Market of the City of Rochester, and shall be known as the East Main Street Market.

Sec. 2. There shall be a Market Clerk, to be appointed by the Common Council, or other proper city official having authority to make such appointment, whose term of office shall be five years, and who shall have charge of such market and whose duty it shall be to have the general custody and control over such market, subject to the provisions hereinafter contained.

It shall be his duty to see that such market is kept in a clean and wholesome condition, and in case it is not done he shall cause the same to be done, and collect the expense from the persons so causing such uncleanliness.

Sec. 3. It shall be the duty of the said Market Clerk to report to the City Clerk any violation of the ordinances relative to the sale of unwholesome or forbidden articles, and also the violation of any of the ordinances relating to the peddling and hawking of such articles as are subject to the regulation by such ordinances.

He shall allow each person who shall have paid the fee therefor to occupy space upon such market grounds for his or her wagon, sleigh or other vehicle, to stand. The space so occupied by each person shall not be deemed to be exclusive for a length of time for which such person may have paid for privileges upon such grounds greater than one market day.

Sec. 4. Said Market Clerk shall execute to the City of Rochester a bond in the penal sum of \$2,500.00, with sufficient surety or sureties, to be approved by the Mayor of the city of Rochester, conditioned for the faithful performance of his duties as such Clerk, and for the paying over and accounting to the city for all moneys received by him, and payable to the said Treasurer of said city as hereinafter provided.

Sec. 5. Said Public Market shall be kept open on every day of the week, except Sunday, between the hours of 4 o'clock in the morning, and 11 o'clock in the forenoon. Said Clerk shall attend at such Market at least one-half hour before the opening of the same, and shall remain until the closing hour.

Sec. 6. No lessee of any stand or space of said market shall permit the same to be used or occupied for business or other purposes by any other person, nor shall he sublet the same, or any portion thereof.

Sec. 7. Said Market Clerk shall keep a book or set of books in which he shall enter the name of each person applying to him, and to whom he shall lease space at said Market; the time for which such person so leased said space, and the amount of money received by him therefor, which book or books shall at all times be open to the inspection of any member of the Common Council of said city, or any office appointed by it.

Sec. 8. On or about the last day of each and every week during the time of the use and occupation of said Market, as such, said Clerk shall pay to the Treasurer of the City of Rochester 10 per cent. of the

amount received by him for the sale of space and privileges during the preceding week, and shall take the receipt of said Treasurer therefor.

Sec. 9. At the first meeting of the Common Council of said city during each month, said Clerk shall submit a report of his proceedings as such Clerk during the preceding month, which report shall contain the number of one and two horse wagons occupying space, or having privileges at said Market, and the amount of money received therefor during such month. The receipts of said City Treasurer shall also be attached thereto.

Sec. 10. Said Clerk shall collect from each person applying to him for space at such market the following sums, which are hereby fixed and determined as the rents and fees to be paid for the several privileges above specified, to be paid in advance:

For each two horse wagon per day or fraction thereof, twenty-five cents; for each one horse wagon per day or fraction thereof, fifteen cents; for each two horse wagon per week, one dollar and twenty cents; for each one horse wagon per week, ninety cents. Said market clerk shall furnish shed accommodations for horses and vehicles of buyers at said market, and shall collect therefor a fee of ten cents for each day or fraction thereof.

Sec. 11. No person shall sell or offer for sale within the city of Rochester outside of said public market, and upon Front street in said city, between Main street and Central avenue, upon any other public streets, alleys or public places, any fresh meats, fish, oysters, clams, provisions, fruit and vegetables, hay, straw or fodder without having obtained a license therefor, and no hawking or peddling shall be allowed upon said public streets, alleys or other public grounds, except said Front street, pursuant to any license for the sale of any of the above named articles, until after 9 o'clock of each day during which said peddling or hawking is allowed by such license.

No hay or straw shall be sold from any wagon, sleigh or other vehicle at any time upon any of the public streets, alleys or public grounds of this time, except East Main street market and upon said Front street, or as permitted by the said market clerk.

Any person violating any of the provisions of this section shall upon conviction thereof be fined not less than five dollars nor more than fifty dollars, or to be imprisoned in the county jail of the county of Monroe not less than five nor more than fifty days.

The provisions of this section relating to the obtaining of a license to hawk or peddle farm produce after 11 o'clock of any day shall not apply to any person selling or offering for sale after such time farm produce raised by himself within the limits of the county of Monroe.

But nothing herein contained shall prevent the sale of fresh and wholesome meats by the quarter within the limits of said city by farmers who have raised and fattened the same upon their own farms.

Sec. 12. Wherever any person at said public market, who shall have paid the fee for space or privilege thereat, shall have sold his or her entire load of produce at said public market before 11 o'clock of any day, he or she may apply to said market clerk for a written or printed permit to deliver any such produce which he or she

may have sold, and thereupon said market clerk shall deliver such written or printed permit to such person, which permit shall state the name of the person so applying for the same and the name or names of the person to whom such load has been sold; said permit shall be attached to the exterior of the wagon of the person seeking the same, in a conspicuous place, and thereupon said person or persons may lawfully deliver such merchandise before 11 o'clock of that day.

Sec. 13. Whenever any person shall have sold or contracted to sell, farm produce raised by himself or herself, within the limits of the county of Monroe, after 11 o'clock or before 4 o'clock of the morning of any day, and delivery thereof is to be made after 4 of the morning and before 11 o'clock of any day, such person shall apply to said market clerk for a permit to deliver such produce, which permit shall be substantially in the form described in the last above section, and thereupon said person may lawfully deliver said produce before 11 o'clock of that day.

Sec. 14. No person shall sell or expose for sale at said public market, any fresh meat from any wagon, sleigh or other vehicle, in quantities less than a quarter of a carcass. Any person violating the provisions of the above section of ordinance shall, upon conviction thereof, be fined not less than five dollars nor more than twenty-five dollars, or be imprisoned in the Monroe county jail for not less than ten or more than thirty days.

Sec. 15. This ordinance shall take effect on the — day of December, 1899.

By the Clerk—

Rochester, N. Y., Nov. 28, 1899.

To the Common Council of the City of Rochester:

Gentlemen—I am authorized as attorney to make, and I hereby do make, the following proposition to the city of Rochester:

I will cause to be deeded to the city of Rochester the property known as the Munger property, situate upon the west side of Mt. Hope avenue, in the city of Rochester, and being of about four hundred (400) feet in front by two hundred and sixty (260) feet in depth. The same being the site approved by the commission named in Chapter 567 of the Laws of 1898 of the State of New York, appointed to approve an armory site in the city of Rochester. Said property to be conveyed free and clear of all incumbrances and showing clear title in the city of Rochester, upon the condition that the city of Rochester deed said property to the State of New York for an armory site as provided by said chapter 567 of the Laws of 1898, and when the Comptroller of the state shall have deeded to the city of Rochester the present arsenal site that the same be transferred by the city of Rochester to me.

In case said city of Rochester shall desire said armory site for any public purpose I will cause a proper agreement to be made providing that said arsenal site shall be re-transferred to the city at any time within three years from the date of this proposition upon the city giving to me one week's notice and paying me therefor the sum of forty-five thousand dollars (\$45,000.00.)

Assessment Committee.

Ordered received, filed and published.

By Ald. Ritz—Resolved, That the sum of \$17.27 heretofore paid by Margaret Albrecht upon an erroneous assessment on personal property be credited upon her city taxes for the year 1899, upon the premises known as the east half of lot 53 on the north side of Clifford street, in the Seventeenth ward, and that she be permitted to pay the balance of said city taxes at the face thereof without interest, and that the Treasurer charge the same to erroneous assessments. Adopted.

By Ald. Ritz—Resolved, That the Academy of the Sacred Heart be allowed to pay the face of the general city tax upon its premises for the year 1898 in full for the taxes for said year, provided the same is paid within thirty days from the passage of this resolution, and that the City Treasurer charge the balance to erroneous assessments. Adopted.

By Ald. Ritz—Resolved, That Catherine O'Brien be permitted to pay the general city taxes for the years 1896, 1897 and 1898 upon the premises known as lot 2 on Lyell avenue at the face thereof, together with interest at the rate of 6 per cent. per annum, provided the same are owned by the city, and the payment be made within 60 days, and that the Treasurer charge the same to erroneous assessments. Adopted.

By Ald. Ritz—Resolved, That Julia Weiss be permitted to pay the sum of \$9.30 in full for the assessment of her premises, known as lot No. 109 on the south side of Maple street, for the extension of Maple street sewer under ordinance No. 6,766, and that the Treasurer charge the balance to erroneous assessments. Adopted.

By Ald. Wilson—

To the Honorable, the Common Council :

Gentlemen—Your Committee on Public Improvements would respectfully report as follows on local improvement ordinances recently referred to it.

Your committee held a public meeting in the Council Chamber and gave all interested property owners an opportunity to be heard, in relation to the proposed improvements.

In relation to Augustine street asphalt improvement, Glendale park asphalt improvement, Park avenue brick and asphalt improvement your committee would ask further time.

In relation to the improvement of Clifford street, your committee would report that the only objection made to this improvement was by the property owners in that portion of the street between Joseph avenue and Hudson avenue, where it was claimed the sewer was too small to properly drain the territory. These property owners very properly opposed an expensive street improvement until adequate sewer facilities were guaranteed. Your committee finds that the condition of the street is such that an improvement is necessary in the near future, and would recommend

that the Committee on Streets and Sewers and City Engineer, investigate and report what is necessary to provide suitable sewer facilities for the territory named.

In relation to the Joseph avenue asphalt improvement your committee would say a large delegation of property owners from Joseph avenue appeared before your committee and expressed themselves as unanimously in favor of an improvement, but desired to have an ordinance passed for a Medina block pavement, in addition to the ordinance for asphalt, in order to give them time to make their selection after the passage of the ordinances.

On assurances by Ald. Mead that their request would be granted, the delegation departed happy and harmonious.

Your committee is of the opinion that some improvement of Joseph avenue is necessary and should be made.

In the matter of the Medina block improvement for Clinton avenue, north, your committee found the following conditions: A new and expensive improvement has been made this year on Clinton avenue, from the N. Y. C. R. R. crossing to the north boundary line of the city. It is proposed now to improve that section of the avenue between Main street and the N. Y. C. R. R. crossing, thereby completing the improvement of that avenue with a first-class pavement its entire length.

The only objection made to this improvement was by property owners between Andrews street and the N. Y. C. R. R. crossing. Their objections were made on the ground that it would be unjust to the property owners in this section to ask them to pay for a new pavement inasmuch as this section was improved in October, 1886, with a Medina stone pavement.

Your committee realize the hardship the proposed improvement would impose on the property owners of this section of the street, but in view of the fact that the street at present is in very bad condition, and, as repairs could not be made so that it would conform with the new pavement recently laid, and that proposed to be laid on the south section, your committee would report that the pavement is necessary and should be uniform from Main street to the N. Y. C. R. R.

In the matter of the improvement of Tonawanda street and curbs around No. 12 school in Wadsworth square, your committee would report favorably.

In relation to the Ames and Chester streets sewer and the Ames street asphalt and Macadam ordinances, your committee finds that the conditions are such as to warrant the passage of ordinances for the improvements.

In relation to the ordinance for a Medina block pavement on Main street, east, your committee would say, property owners through their attorney, appeared at the public meeting and requested to have action deferred until all property owners interested could hold a meeting and decide the kind of improvement desired. Such a meeting was subsequently held and by unanimous vote it was decided that an improvement was needed, the only difference of opinion being as to the kind. A vote was taken, with the following result: For Medina block pavement, 23; for asphalt pavement, 5; for brick pavement, 2. In view of the above facts your committee would report favorably on the proposed Medina block ordinance.

Your committee would further advise that, in the future, the chairman of the public improvement committee be author-

ized to present a resolution to this council after the passage of local improvement ordinances (except for sewers, when imperatively necessary) directing the Executive Board and Commissioner of Public Works to defer action in relation to letting contracts until directed so to do by the Common Council.

The foregoing part of your committee's report relates only to the necessity for the improvements for which ordinances have been presented. Another matter to be considered and one of great importance, is as to the advisability at this time of taking any action that will add to the city indebtedness, owing to the condition of the financial affairs of the city, and further owing to the fact that there cannot be any improvement in condition for many months to come.

The City Treasurer informs your committee that the indebtedness of the city is now beyond the legal limit and that in addition he has been obliged to refuse to accept orders to the amount of \$396,000 drawn by the Executive Board in favor of contractors for work on local improvements. He also reports that there are improvements under way that will increase the above-named sum very materially during the next two or three months.

In view of these facts your committee advises that in case ordinances are passed for the improvements named, the Executive Board or Commissioner of Public Works, when appointed, be requested to withhold letting contracts for same until such time as the city treasurer or comptroller shall report the city's indebtedness safely within the legal limit, so he can accept orders drawn for payment of same.

A partial remedy for the conditions referred to above would be effected by a prompt confirmation of assessment rolls as soon as possible after improvements are made.

A pernicious practice has obtained in this Council of withholding the ordering, or confirmation of, assessment rolls for various reasons. This is not only unfair to aldermen who promptly confirm rolls affecting their wards but also adds unnecessary expense in interest charges, embarrasses the City Treasurer by increasing the city's indebtedness much more than is necessary, and filling up the Treasurer's books with records of city notes, issued to pay for local improvements, payment for which should have been made by property owners benefited.

Were it not for this practice, the present state of affairs would not exist, and the city would not be in the embarrassing position of having its local financial institutions refusing to accept orders issued for local improvements.

Your committee is of the opinion that it would be very beneficial to the city if the assessment committee had charge of ordering the assessment rolls "in fact as well as in form," and your committee would recommend that the assessment committee be requested to order assessment rolls for all improvements as soon as completed, regardless of the wishes of individual aldermen, unless there is some good and sufficient reason for not doing so.

Your committee also believes that unnecessary delay often occurs in the departments having in charge the preparation of rolls for presentation to the Council for confirmation.

If prompt action is taken on local improvement rolls by the departments referred to and the assessment committee,

the city's financial affairs will soon be in much better condition and the City Treasurer's slumbers will not be disturbed by visions of contractors, acceptances, city notes and city indebtedness far above the legal limit.

Respectfully submitted,

ACTION ON ORDINANCES.

BIRR STREET ASPHALT PAVEMENT.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this council the expense of improving Birr street.

Adopted.
 The Engineer submitted as such estimate, \$38,000.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The improvement of Birr street from Pierpont avenue to the west line of lot No. 191 of the Lake View Homestead Association sub-division, by the construction of an asphalt pavement therein.

Also the construction of a Medina stone curb 6 inches wide on each side thereof, properly connected with all streets, alleys and driveways. The width between curbs shall be generally 26 feet. The pavement may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the Executive Board and City Engineer it is necessary in order to make a complete improvement.

Excepting from the above that portion of the street between the tracks, the rails of the tracks and for two feet outside of the outside rails of the tracks of the Rochester Railway Company.

Also the construction of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair or rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment to grade of the sidewalks.

The pavement shall be guaranteed and kept in repair for ten years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement.

Also the construction of the necessary street laterals within the limits of the pavement.

And, the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$38,000, which, being deemed reasonable, is hereby approved.

Resolved, further that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Birr street from Pierpont avenue to the west line of lot No. 191 of the Lake View Homestead Association sub-division.

Adopted.

ONTARIO STREET BRICK PAVEMENT.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this coun-

cil the expense of improving Ontario street. Adopted.

The Engineer submitted as such estimate, \$20,500.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The improvement of Ontario street from North street to Union street by the construction of a brick pavement therein.

Also the construction of a Medina stone curb 4 inches wide on each side thereof, properly connected with all streets, alleys and driveways. The width between curbs shall be generally 26 feet. The pavement may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the Executive Board and City Engineer it is necessary in order to make a complete improvement.

Also the construction of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair or rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment to grade of the sidewalks.

The pavement shall be guaranteed and kept in repair for five years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement.

Also the construction of the necessary street laterals within the limits of the pavement.

And, the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$20,500, which, being deemed reasonable, is hereby approved.

Resolved, further that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Ontario street from North street to Union street.

Adopted.

JOSEPH AVENUE BLOCK STONE PAVEMENT.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of improving Joseph avenue.

Adopted.

The Engineer submitted as such estimate, \$32,000.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The improvement of Joseph avenue, from Clifford street to north line of Avenue D, by the construction of a block stone pavement therein. Also the construction of a Medina stone curb, 6 inches wide, on each side thereof, properly connected with all streets, alleys and driveways. The width between curbs shall be generally 34 feet.

The pavement may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the Executive Board and City Engineer it is necessary in order to make a complete improvement. Excepting from the above that portion of the street between the tracks, the rails of the tracks and for two feet outside of the outside rails of the tracks of the Rochester Railway Company. Also the construction of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair

or rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment to grade of the sidewalks. Also the construction of a Portland cement walk 5 feet in width on each side of the street, except where good cement or flagstone walks the proper width now exist, which may be relaid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for five years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement.

Also the construction of the necessary street laterals within the limits of the pavement.

And, The City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$32,000, which, being deemed reasonable is hereby approved.

Resolved, Further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Joseph avenue, from Clifford street to Avenue D.

Adopted.

LAKE AVENUE CARE AND EMBELLISHMENT.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of the care and embellishment of Lake avenue.

Adopted.

The Engineer submitted as such estimate, \$2,288.00.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The care and embellishment of Lake avenue, from Lorimer street to the city line, as follows:

Sweeping and cleaning the walks, including the crosswalk extensions between the curb and sidewalk, of all snow, ice, rubbish and leaves, cutting the grass once each week during the season for such work; grading and sodding where necessary between the curb and lot lines and keeping the same free of all leaves, rubbish and other debris.

The snow shall be plowed off before 7 o'clock in the morning and entirely removed before 9 o'clock in the morning, and for each delay of 24 hours the contractor shall forfeit \$25.

The above work to be done for the period of one year from the date of the contract for the same, and to be under the supervision of the Superintendent of Public Parks.

And, The City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$2,288.00, which, being deemed reasonable is hereby approved.

Resolved, Further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Lake avenue, from Lorimer street to the city line.

Adopted.

ARNOLD PARK AND PARK AVENUE SEWER.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of constructing a sewer in Arnold park and Park avenue.

Adopted.

The Engineer submitted as such estimate, \$6,400.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The construction of a sewer of suitable form and dimensions in Arnold park and Park avenue, from a point near the center of Park avenue and South Goodman street to the sewer in East avenue. Also the necessary manholes, surface sewers, lot laterals and branches.

And, the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$6,400, which, being deemed reasonable, is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of the following streets: South Goodman street, from East avenue to Park avenue; Park avenue, from South Goodman street to Meigs street; Rowley street, from Brighton street to Park avenue; Arnold park, from East avenue to Park avenue, including also the acquirement of the necessary right of way through Arnold park.

Adopted.

LUZON COURT AND SANTIAGO STREET PLANK WALKS.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of plank walks on Luzon court and Santiago street.

Adopted.

The Engineer submitted as such estimate, \$150.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The construction of a 2 plank pine walk, 2 feet wide on the east side of Luzon court, and south side of Santiago street, from Luzon court to Plymouth avenue, except where good flag or cement walks now exist which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And, The City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$150, which, being deemed reasonable, is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on the east side of Luzon court, also on the south side of Santiago street, from Luzon court to Plymouth avenue.

Adopted.

AMES STREET ASPHALT PAVEMENT.

On motion of Ald. Wilson, the Common Council proceeded to hear allegation in relation to the improvement described in the following ordinance, viz.:

An ordinance to improve Ames street, from Jay street to West avenue, and after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The improvement of Ames street, from Jay street to West avenue, by the construction of an asphalt and macadam pavement therein. The pavement from Jay street to the south line of Maple street to

be of asphalt, and from Maple to West avenue of trap rock macadam, except across the N. Y. C. & H. R. R. R., which shall be of block stone for the entire width of the street. Also the construction of a Medina stone curb, 4 inches wide, on each side thereof, properly connected with all streets, alleys and driveways. The width between curbs shall be generally 30 feet, from Jay street to Maple street, and generally 26 feet wide from Maple street to West avenue. The pavements may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the Executive Board and City Engineer it is necessary in order to make a complete improvement. Excepting from the above that portion of the street between the tracks, the rails of the tracks and for two feet outside of the outside rails of the tracks of the Rochester Railway Company. Also the construction of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair and rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment to grade of the sidewalks. Also the construction of a Portland cement walk, 4 feet in width, on each side of the street, except where good cement or flagstone walks of the proper width now exist, which may be relaid if not conforming to the proper grade or alignment.

The asphalt pavement shall be guaranteed and kept in repair for ten years and the macadam pavement for five years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement.

Also the construction of the necessary street laterals within the limits of the pavement.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$35,000, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Ames street, from Jay street to West avenue.

COMMUNICATIONS FROM THE MAYOR
Mayor's Office.

Rochester, N. Y., Dec. 5, 1899.
To Common Council of the City of Rochester:

Final Ordinance, No. 7,896, Ames street improvement, is returned without my approval for the reason that a large majority of the persons to be taxed for the improvement are opposed to the same.

Having heretofore disapproved all such ordinances when objections have been made I cannot consistently approve of this one.

Yours respectfully,
GEORGE E. WARNER,
Mayor.

The chairman stated the question to be "shall the ordinance stand notwithstanding the objections of the Mayor?" The mayor's veto was overruled and the ordinance was adopted by the following vote:
Ayes—Ald. Tracy, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ritz, Pauckner, Kelly, Ernst, Mead, Wilson, Reichenberger—16.

Nays—Ald. Calihan, Ward, Steele—3.
COMMUNICATIONS AND REPORTS FROM OTHER CORPORATION OFFICERS, BOARDS AND DEPARTMENTS.

By the Clerk—
December 4, 1899.

To the Finance Committee of the Common Council:

Gentlemen—I am directed by the Executive Board to respectfully call your attention to the matter of providing funds for the Highway Fund for the month of December, 1899.

There will be four weeks in the Street Department, and also one monthly budget that will have to be met, and it is considered by this Board that the sum of \$20,000.00 should be authorized so as to successfully carry out the work in said department.

Respectfully submitted,
CHAS. M. BEATTIE, Clerk.

Referred to the Finance Committee.
By the Clerk—

Rochester, N. Y., Dec. 5, 1899.
To the Common Council:

Gentlemen—I am directed by the Executive Board to inform you that the amount of money in the Fire Department Fund at

the present time will not be sufficient to meet the December pay roll and budget. The amount needed for that purpose in addition to the fund now on hand, will be six thousand (\$6,000) dollars.

In making the appropriation for 1899, the Common Council saw fit to cut the appropriation \$10,000.00 from that allowed in 1898. There was a balance January 1, 1899, of \$12,512.03, but that amount was more than used up by bills for underground cable, cable boxes, auxiliary boxes for regular fire alarm boxes and the expense of maintaining two extra companies over that of 1898. In addition, the amount of \$5,142.00 has been expended in paying substitutes who have acted in place of firemen disabled by accident, sickness and during the vacation period of the regular men.

I am directed, therefore, to ask that you authorize an additional appropriation of \$6,000 to enable this Board to meet the December disbursements.

Respectfully,

CHAS. M. BEATTIE, Clerk.

Referred to the Finance Committee.
By the Clerk—

Rochester, N. Y., Dec. 5, 1899.

To the Honorable, the Common Council:

Gentlemen—I am directed by the Executive Board to invite your attention to the necessity of soon replenishing the Water Pipe and Water Distributing System Funds in order to make a proper adjustment of the temporary charges against the Water Works Fund, as set forth in the appended communication from the Chief Engineer of the Water Works. The financial statements contained therein have been verified by the bookkeeper of the Water Department, and the matter is accordingly presented to you for early action.

Respectfully submitted,

CHAS. M. BEATTIE,

Clerk, Executive Board.

Ordered received, filed and published.

Rochester, N. Y., Dec. 5, 1899.

To the Honorable, the Executive Board:

Gentlemen—As the year is rapidly drawing to a close, I beg leave to call your attention to the necessity of an early adjustment of the Water Works Funds. Out of this fund a large portion of the costs of water pipe extensions and new distributing mains laid during the present year has been temporarily paid, in accordance with the resolution of the Common Council, passed May 23, 1899, and printed on page 366 of the proceedings of that body. By the terms of the City Charter, however, the revenue derived from the sale of water to consumers cannot be permanently applied to such pipe extensions, and hence it was distinctly understood that all payments so made from said fund were to be returned thereto before the end of the fiscal year.

According to the best estimates which can now be made, the total cost of the work of making the ordinary water pipe extensions specially ordered by the Common Council and incidentally rendered necessary in consequence of the construction of permanent new pavements in many streets, is \$34,200, in addition to the value of material left on hand from previous years, or recovered from streets where old pipe was taken up and replaced by larger pipe. This cost is to be paid out of the "Water Pipe Fund," which amount, including all credits up to the present time, is estimated at only \$28,100. After all debts properly chargeable to this fund are paid there will accordingly be a shortage therein of about \$6,100, which is about \$1,900 less than was anticipated on May 23, 1899.

In like manner, the total net cost of the work of laying new large distributing mains and replacing small pipes by suitable larger ones in the seven streets mentioned in the report of the Water Works Committee of the Common Council, which was adopted on May 23, 1899, is \$39,600, after allowing for the value of the small pipe recovered. This cost is to be paid out of the "Water Distributing System Fund," which amount, including all credits up to the present time, is estimated at only about \$4,900. The deficiency in this fund is accordingly \$34,700, which is \$4,420 less than was anticipated on May 23, 1899.

The total shortage in both of said funds after the completion of the work and the settlement of all outstanding accounts pertaining thereto, will thus be about \$40,800, instead of \$47,120, as per the aforesaid report of May 23, 1899. It should, however, be borne in mind that a considerable proportion of the sums named are necessarily estimates, which are subject to future modification, and hence it will be expedient to make the credits somewhat larger than the said amounts. I therefore advise that the Water Pipe Fund be replenished by at least \$6,500, and the Water Distributing System Fund by at least \$35,000. When this has been done, the temporary drafts made upon the Water Works Fund, as aforesaid, can be repaid.

Respectfully submitted,

E. KUICHLING,

Chief Engineer,

Rochester Water Works.

Referred to the Finance Committee.

By the Clerk—

Rochester, N. Y., Nov. 5, 1899.

To the Hon. the Common Council:

Gentlemen—I beg leave to submit the following as the compensation to be paid for the lands deemed necessary to be taken for and the costs of the city, connected with the extension of Conkey avenue, from Avenue D to Norton street, under final ordinance No. 6,838, including the charges for commissioners' fees, searches, serving notices, publishing notices and awards, to wit:

W. W. Webb, commissioners' fees	\$156 00

H. H. Edgerton, commissioners' fees	78 00
George L. Mattison, serving notices	32 00
Times Publishing Co., publishing notices	9 75
Abstracts of title	66 49
Awards	8,853 47

Total \$9,273 71

Yours respectfully,

JOHN F. KINNEY,

Corporation Counsel.

Ordered received, filed and published.

By Ald. Mead—Resolved, That the City Treasurer be and he hereby is authorized to make the city's note for \$9,273.71 and procure the same to be discounted under the direction of the finance committee to be countersigned by the chairman thereof and place the proceeds to the credit of the fund for the extension of Conkey avenue from Avenue D to Norton street, under final ordinance No. 6,838, the discount thereon to be charged to the contingent fund and the proceeds thereof to be transferred to the said fund for the extension of Conkey avenue, when the same shall have been created.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green,

Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—20.

By Ald. Mead—Whereas, The Corporation Counsel has reported the entire and aggregate expenses of and connected with the extension of Conkey avenue from Avenue D to Norton street, under final ordinance No. 6,838 including all amounts to be paid to the owners of lands deemed necessary to be taken, and all costs and charges of the city in the proceeding, at the sum of \$9,273.71, which expense has been duly adjusted by this Common Council as reported, now therefore

Resolved, That all persons interested in the matter of the ordering of an assessment for the aforesaid street opening, be heard as to the same at the next regular meeting of the Common Council to be held at the Common Council chambers at the City Hall, December 19, 1899, at 7:30 p. m., and that the City Clerk cause to be published a notice of such hearing as required by section 190 of the City Charter. Adopted.

S. B. WILLIAMS.
City Treasurer.

Ordered received, filed and published.

By Ald. Kelly—

Rochester, N. Y., Dec. 4, 1899.

To the Honorable, the Common Council of the City of Rochester :

Gentlemen—In accordance with Chapter 603 of the Laws of 1892, as amended by Chapter 438 of the Laws of 1895, and Chapter 315 of the Laws of 1898, the Commissioners of Sewerage for the Tenth, Fifteenth and Twentieth wards in the City of Rochester, and the town of Gates, Monroe county, turned over to me on the first day of May, 1898, all the moneys, books, etc., appertaining to that fund.

At the time of the transfer I received for \$73,923.75, which was represented by cash on hand and moneys in the several banks.

I have received since the date of transfer to the present time from property owners assessed for the sewer \$63,584.22.

When the accounts were turned over to me there was an outstanding bonded indebtedness of \$450,500.00. I have reduced this amount to \$378,000.00 by the redemption on August 1st, 1898 of \$50,000.00; on February 1, 1899, of \$6,500; on August 1, 1899, of \$6,000.00. I have also paid for interest on the outstanding bonds \$37,350.00.

The report of the Commissioners made to the County Judge of the condition of the funds at the time of their retirement was, I believe, entirely satisfactory to him. However, I have never been formerly notified to assume control of the collections and accounts of the fund, but have had the records and books kept in the same manner as they were while in the hands of the Commissioners, by a clerk who was employed in their office.

Section 20 of Chapter 438 of the Laws of 1895 authorizes the Treasurer of the City of Rochester, to "employ a competent person to keep books and make the collections necessary," and further specifies that he shall receive out of the sewer fund a sum to be fixed by the Common Council, not to exceed fifteen hundred dollars annually for his said service and the clerk hire. The same section also state that the Treasurer shall give a bond in the penalty fixed by the Common Council, etc.

Inasmuch as I now give bonds to the city for \$100,000.00, do you not think that amount sufficient to guaranty my responsibility for the faithful performance of the additional duties ?

As action has been so long delayed on this matter, and as the transfer was made during the term of the present council, I feel that the formal authority for me to take charge of the fund should be given by them, and that the question of compensation should be also settled by them.

You understand that whatever amount is designated, is taken from that fund and will in no wise effect the tax levy or be charged to the taxpayers at large. The Commissioners paid their clerk fifteen hundred dollars per annum, and received themselves ten dollars, five dollars and five dollars per day respectively. There have been practically no other drafts on the fund than the payment for clerk hire since I have been making collections, and I do not anticipate any.

Again requesting prompt action on the matter, I am,

Yours respectfully,
S. B. WILLIAMS.
Treasurer.

REPORTS OF STANDING COMMITTEES— FINANCE COMMITTEE REPORT.

By Ald. Rauber—

Rochester, N. Y., Dec. 5, 1899.

To the Honorable the Common Council :

Gentlemen—Your Finance Committee, to whom the bills of C. J. Stephany for certain work done under contract with the Executive Board were referred, would respectfully report as follows :

It appears that the claimant, C. J. Stephany, was formerly employed by the Executive Board as an inspector in the Water Registrar's office, and was afterwards assigned to the task of making, during his otherwise unoccupied hours, a complete enumeration of all corporation taps, service pipes and curb-cocks contained in the office record books. This work was partially completed when it was discovered that Mr. Stephany had not taken a civil service examination for a clerkship, and that under the new rules his further employment as a salaried clerk was illegal. He was therefore dismissed by the Executive Board, leaving the said work unfinished or unverified.

The Chief Engineer and Superintendent of the Water Works, however, deemed it very important that said work should be properly finished, in order that the office records might be left in suitable shape for the new administration under the White Charter. None of the other clerks in the department were found to be available for this purpose, and the probabilities were that so much time would be lost by a new clerk in becoming familiar with the system of notation used in the records and the business of the office, as to prevent the completion of the work during the present year. The Executive Board then learned from presumably competent sources that said work might lawfully be performed by Mr. Stephany under a contract, he being best qualified for the task in view of his previous experience therewith.

A proposal for revising and completing the work was accordingly made by him to said Board, wherein it was stipulated that it should be finished on or before December 15, 1899. This proposal was duly accepted and became thereby a proper contract, in

the same manner as many other contracts made with the city.

The price named by Mr. Stephany for performing said work is, in our opinion, very reasonable, and in view of the conditions set forth above, and that the city receives the sole benefit of his work, we recommend the payment of the claim.

Respectfully submitted,

STEPHEN RAUBER,
CHARLES P. MEAD,
LEWIS EDELMAN,
D. W. SELYE,
JAS. H. CASEY,

Finance Committee.

Ordered received, filed and published.

By Ald. Rauber—Resolved, That the Executive Board be, and hereby are, directed to draw an order on the Treasurer in favor of C. J. Stephany for the sum of \$210,00, to apply on contract for making record of taps and charge Water Works fund.

By Ald. Rauber—

Rochester, N. Y., Dec. 5, 1899.

To the Hon. the Common Council:

Gentlemen—Your Finance Committee in response to a communication from the Executive Board in which they call the attention of the Finance Committee to the necessity of providing funds for the Highway Fund for the month of December, saying "that there will be four weeks in the street department and also one monthly budget that will have to be met, and it is considered by this board that the sum of \$20,000 should be authorized so as to successfully carry out the work in said department."

Would respectfully report that in the opinion of your committee that \$3,500 per week will be sufficient to carry on the work in the Highway Department, and in as much as there are a number of men dropped from the bridges, which will increase the fund considerably, we think that the sum of \$7,000 will be sufficient to carry on the work in that department for the next two weeks to come, and in view of that fact we recommend that the sum of \$7,000 be appropriated for that purpose.

STEPHEN RAUBER,
CHARLES P. MEAD,
LEWIS EDELMAN,
JAS. H. CASEY,
D. W. SELYE,
J. C. WILSON,

Finance Committee.

Ordered received, filed and published.

By Ald. Rauber—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue, as may be necessary, in anticipation of taxes to be levied but uncollected, under authority of Sections 80 and 81 of the City Charter, the city's note or notes, for an amount not exceeding seven thousand (\$7,000) dollars; said note to run for a period not exceeding six months; to be negotiated under the direction of the Finance Committee, and countersigned by the chairman thereof; and interest or discount to be charged to the Contingent Fund, and the proceeds credited to the Highway Fund.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey,

Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—20.

By Ald. Rauber—

Rochester, N. Y., Dec. 5, 1899.

To the Hon. the Common Council:

Gentlemen—Your Finance Committee to whom was referred the communication of the Executive Board relating to the repairing and paving the surface of the various streets of the City of Rochester, between the tracks and for two feet in width outside of the tracks of the Rochester Railway Company, providing the said Railway Company neglected to make such repairs within thirty days from notice to do so, and pursuant to the instructions of the Common Council the Executive Board has awarded contracts, and the City Engineer having submitted estimate for the material furnished, and the work has been completed as follows:

H. N. Cowles, Hudson avenue, Est.	
No. 2	\$1,800 00
F. A. Brotsch, Monroe avenue, Est.	
No. 3	6,800 00
Lauer & Hagaman, Caledonia avenue, Est. No. 3	2,500 00
Brayer & Albaugh, North Clinton street, Est. No. 5	2,500 00
Rochester Vulcanite Pavement Co., Emerson street, Est. No. 2 and final	1,648 17

Your Finance Committee has heretofore reported that these estimates should be paid from the Contingent Fund, and therefore recommend that the foregoing bills be paid from the Contingent Fund.

STEPHEN RAUBER,
CHARLES P. MEAD,

Finance Committee.

Ordered received, filed and published.

By Ald. Mead—

Rochester, N. Y., Dec. 5, 1899.

To the Honorable, the Common Council of the City of Rochester:

Gentlemen—Your Law Committee begs leave to report as follows:

In relation to the resolution of Ald. Steele presented to the Common Council on the 21st day of November, 1899, and referred to your honorable committee, which resolution provides for a modification of the contract between the Bell Telephone Company and the city by incorporating therein a provision requiring said company to rent to each and every corporation having the right to maintain electrical conductors in the streets of the City of Rochester the privilege of occupying the subways and poles of the said Bell Telephone Company, your committee would report that it has given the matter contained in said resolution considerable investigation and would report in favor of the adoption of the said resolution.

In the matter of the claim of John O. R. Wilson, your committee would report that it finds that on the 20th day of April, 1897, there was deposited with the Treasurer of the City of Rochester the sum of \$469.43 to protect the city against any claim that Mrs. Margaret Sweeney might have in the award made for Clinton park widening; that the said Margaret Sweeney has relinquished her claim in said award, and that Mr. Wilson is therefore entitled to have this money returned to him with accrued interest; that said money is deposited by the treasurer of the City of Roch-

ester in trust with the Mechanics' Savings Bank, and your committee would therefore recommend that the same, with accrued interest, be paid to John O. R. Wilson, upon the filing with the Corporation Counsel of the proper releases of the said Margaret Sweeney and upon the certificate of the said Corporation Counsel that such releases properly executed have been filed with him.

In relation to the judgment of John Conway against the City of Rochester amounting to the sum of \$1,341.96, with interest from October 31, 1899, and which matter was contained in a communication of the Corporation Counsel presented to the Common Council and referred to your committee, your committee would report that the city has no further interest in the continuation of this litigation and would recommend the payment of the said judgment. The judgment is duly entered in the County Clerk's office upon a decision of Mr. Justice Nash of the Supreme Court in that action.

In the matter of the claims of Adolph Schreck, amounting to the sum of \$38.00, together with \$3.75 costs, and Joseph M. Schmitt, amounting to the sum of \$27.95 and \$3.75 costs; said claims being for orders obtained by some person from the City Clerk and which were cashed by the City Treasurer, the signatures to both the voucher and order being forged, your committee would report that actions have been commenced against the city upon these orders and that the city has no defense to the same and would recommend that both of said claims be paid.

Your committee would recommend the appointment of the following commissioners of deeds:

Harlan Watson Rippey, Clara M. Slocum, Charlotte A. Houston and Frank J. Reichenberger.

All of which is respectfully submitted,

CHARLES P. MEAD,
JAS. H. CASEY,
FRANK J. RITZ,
D. W. SELYE,
JOHN M. STEELE,
W. ERNST.

Law Committee.

Ordered received, filed and published.

By Ald. Mead—Resolved, That the Clerk be, and he is hereby authorized and directed to draw an order upon the Contingent Fund in favor of John Conway, or John Desmond, his attorney, for the sum of \$1,341.96, with interest from the 31st day of October, 1899; the same being in full settlement of the judgment docketed in the Clerk's office of the County of Monroe on the 31st day of October, 1899, in favor of said John Conway and against the City of Rochester and others, upon the certificate of the Corporation Counsel that the said judgment has been satisfied and discharged of record.

Adopted by the following vote :

Ayes—Ald. Tracy, Callihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Ernst, Mead, Judson, Wilson, Reichenberger—19.

Nay—Ald. Kelly—1.

By Ald. Mead—

Resolved, That the City Treasurer be, and he is hereby authorized and directed to pay to John O. R. Wilson the sum of \$469.43 with accrued interest thereon, the same being the amount of a deposit made with said Treasurer to protect the city against any claim that Margaret Sweeney might have in the award made for the

Clinton park widening; that said Treasurer make such payment upon the certificate of the Corporation Counsel that the said Margaret Sweeney and the said John O. R. Wilson have executed and filed proper releases of any and all claims that they may have upon said fund for Clinton park widening; which said fund was deposited with the Treasurer of the City of Rochester to protect said city against any claim which said Margaret Sweeney might have upon said award.

Adopted by the following vote :

Ayes—Ald. Tracy, Callihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—20.

By Ald. Mead—Resolved, That the Clerk be, and he is hereby authorized and directed, to draw an order upon the Poor Fund in favor of Adolph G. Schreck, or John A. Bernhard, Esq., his attorney, for \$41.75, the same being in full settlement of all claims and demands that the said Schreck may have against the City of Rochester by reason of goods, wares and merchandise furnished to the poor department of the said city under a claim heretofore ordered paid by the Common Council and approved by the Auditor of said city on the 17th day of July, 1899, upon the filing with the said Clerk of a release for said claim and the discontinuance of the action now pending in the Municipal Court against said city, and the certificate of the Corporation Counsel to that effect.

Adopted by the following vote :

Ayes—Ald. Tracy, Callihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—20.

Committee on Buildings.

Ordered received, filed and published.

By Ald. Selye—Resolved, That permission be, and hereby is, granted to the within

named applicants to erect buildings in accordance with their several petitions, provided that all work done hereunder shall conform in all respects to the facts set forth in the petitions of the applicants, and to the plans and specifications submitted to the Fire Marshal, and to the penal ordinance of the City of Rochester entitled "An Ordinance relating to Buildings;" and the Fire Marshal is hereby authorized to issue such permits. Adopted.

ACTION ON ORDINANCES.

BROWN STREET IMPROVEMENT.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this council the expense of improving Brown street at the railroad crossing.

Adopted.

The Engineer submitted as such estimate, \$5,900.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The improvement of Brown street across the tracks of the New York Central and Hudson River R. R. and the Rochester and Pittsburg R. R. by the construction of a Medina block stone pavement thereon.

The pavement may be extended to the street line. Also the construction of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair and rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment to grade of the sidewalks. The pavement shall be guaranteed and kept in repair for five years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement. Also the construction of the necessary street laterals within the limits of the pavement.

And, the City Engineer under the directions of this council, having made an estimate of the whole expense thereof, and reported the same at \$5,900, which, being deemed reasonable, is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this council deems proper to be assessed for and will be benefited by such improvement to wit:

One tier of lots and parcels of land on each side of Brown street in front of which the proposed work is to be constructed.

Adopted.

CALEDONIA AVENUE CEMENT WALKS

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this council the expense of Portland cement walks on Caledonia avenue.

Adopted.

The Engineer submitted as such estimate, \$3,000.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The construction of a Portland cement walk 5 feet wide on each side of Caledonia avenue, from Erie Canal bridge to Plymouth avenue, except where good flag or cement walks now exist which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And, the City Engineer under the directions of this council, having made an estimate of the whole expense thereof, and reported the same at \$3,000, which, being

deemed reasonable, is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this council deems proper to be so assessed for and will be benefited by such improvement to wit :

One tier of lots and parcels of land on each side of Caledonia avenue, from Erie Canal bridge to Plymouth avenue.

Adopted.

COUNCIL STREET CEMENT WALKS.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this council the expense of Portland cement walks on Council street.

Adopted.

The Engineer submitted as such estimate, \$700.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The construction of a Portland cement walk 4 feet wide on each side of Council street, from Portland avenue, to Miller street, except where good flag or cement walks now exist which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And, the City Engineer under the directions of this council, having made an estimate of the whole expense thereof, and reported the same at \$700, which, being deemed reasonable, is hereby approved.

Resolved, further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this council deems proper to be so assessed for and will be benefited by such improvement to wit :

One tier of lots and parcels of land on each side of Council street, from Portland avenue to Miller street.

Adopted.

CHANGE OF LINES ON DEPEW AVENUE.

By Ald. Selye—Resolved, That the following improvement is necessary and should be made, and we hereby judge that the public good requires the same to be done, viz.:

Adopted.

The altering of a portion of the lines of Dewey avenue, Emerson and West streets, where they meet, southeasterly of the Emerson street canal bridge. The new line proposed is described as follows, viz.: Beginning at a point in the westerly line of West street one hundred (100) feet southerly from a point where the southerly line of Emerson street, and the westerly line of West street meet; thence northerly in a straight line about two hundred and twenty-two (222) feet, to a point, where the westerly line of Dewey avenue and the southerly line of Emerson street, running westerly from said Dewey avenue meet.

That part or parcel of land to be taken by the City of Rochester, is bounded and described as follows, viz.: Beginning at a point where the present southerly line of Emerson street and the present westerly line of West street meet; thence southerly on the present westerly line of west street one hundred (100) feet to a point; thence northerly on the proposed new westerly line of West street about one hundred and seven (107) feet to a point in the present southerly line of Emerson street, said proposed line, if produced northerly, would meet a point, where the westerly line of Dewey avenue and the southerly line of Emerson street, running westerly from said

Dewey avenue meet; thence southeasterly along the present southerly line of Emerson street running easterly from said Dewey avenue, about thirteen (13) feet to the place of beginning. Said parcel of land, supposed to belong to F. C. Lauer. That part or parcel of land to be discontinued by the City of Rochester, bounded and described as follows, viz.: Beginning at a point where the westerly line of Dewey avenue and the southerly line of Emerson street, running westerly from said Dewey avenue meet; thence southerly on the present westerly line of Dewey avenue about ninety-five (95) feet to a point where the present westerly line of Dewey avenue and the present southerly line of Emerson street, running easterly from said Dewey avenue meet; thence southeasterly on the said present southerly line of Emerson street about sixty-five (65) feet to a point, where said line intersects the proposed new westerly line of West street; thence northerly on the proposed new westerly line of West street about one hundred and fifteen (115) feet to the place of beginning.

Adopted.

JOSEPH AVENUE ASPHALT PAVEMENT.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of improving Joseph avenue.

Adopted.

The Engineer submitted as such estimate, \$27,000.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The improvement of Joseph avenue, from Clifford street to Avenue D, by the construction of an asphalt pavement therein.

Also the construction of a Medina stone curb, 6 inches wide on each side thereof, properly connected with all streets, alleys and driveways. The width between curbs shall be generally 34 feet.

The pavement may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the Executive Board and City Engineer it is necessary in order to make a complete improvement.

Excepting from the above that portion of the street between the tracks, the rails of the tracks and for two feet outside of the outside rails of the tracks of the Rochester Railway Company.

Also the construction of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair or rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment to grade of the sidewalks. Also the construction of a Portland cement walk 5 feet in width on each side of the street, except where good cement or flagstone walks of the proper width now exist, which may be relaid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for ten years.

So much of the present curb on the street as can be made to conform to the specifications may be redressed and reset. The pavement and walks of intersecting streets adjacent to said street may be adjusted to the grade of the improvement.

Also the construction of the necessary street laterals within the limits of the pavement.

Also the construction of the necessary main sewers of suitable form and dimensions.

And, the City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$27,000, which, being deemed reasonable, is hereby approved.

Resolved, Further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be assessed for and will be benefited by such improvement, to wit :

One tier of lots and parcels of land on each side of Joseph avenue, from Clifford street to Avenue D.

Adopted.

Adopted.

City Engineer's Office,
Rochester, N. Y., Dec. 5, 1899.

To the Honorable the Common Council:

Gentlemen—Work under final ordinance No. 7,839, for the improvement of Olean pavement therein, together with the rebuilding of a portion of the main sewers and building of a portion of the sewers and other incidental work is nearly completed. The total cost of the work, including inspection, now done, and required to complete the improvement is\$12,950 00
The estimated expense was 11,800 00
Making an excess over the estimate of \$1,150 00

The additional cost is due to the necessity of rebuilding the main sewer from Bronson avenue to Champlain street; also to an additional amount of asphalt pavement and an additional number of surface sewers over the amount estimated. I would respectfully recommend the adoption of a supplemental ordinance for the same.

Respectfully submitted,
E. A. FISHER, City Engineer.

Ordered received, filed and published.
OLEAN STREET ASPHALT IMPROVEMENT, SUPPLEMENTAL TO ORDINANCE NO. 7,839.

Excess of actual cost above estimate in final ordinance No. 7,839.

Whereas, This Council did by final ordinance No. 7,839, passed July 18th, determine and ordain that Olean street, from Frost avenue to Bronson avenue, should be improved by the construction of an asphalt pavement on said street, the estimate for which was \$11,800; and

Whereas, The total cost of the said improvement has been ascertained and the City Engineer reports that the actual expense of the improvement over the esti-

mate in the ordinance will amount to \$1,150.00, which said amount of excess above the estimate is hereby approved.

Resolved, That the said amount of \$1,150.00 is hereby directed to be assessed upon the following portion of the city, which this Common Council deems proper to be so assessed for and will be benefited by said improvement:

One tier of lots and parcels of land on each side of Olean street, from Frost avenue to Bronson avenue.

Adopted.

PARK AVENUE AND ROWLEY STREET SEWER.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of constructing a sewer in Park avenue and Rowley street.

Adopted.

The Engineer submitted as such estimate, \$3,600.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz:

The construction of a sewer of suitable form and dimensions in Rowley and Park avenue, from a point twenty feet west of South Goodman street to the sewer in Rowley street at Brighton street. Also the necessary manholes, surface sewers, lot laterals and branches.

And, The City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$3,600, which, being deemed reasonable, is hereby approved.

Resolved, Further, That the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Park avenue, from Meigs St. to South Goodman street; also Rowley street, from Park avenue to Brighton street.

Referred to the Public Improvement Committee.

RIVER STREET CEMENT WALKS.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of Portland cement walks on River street.

Adopted.

The Engineer submitted as such estimate, \$275.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz.:

The construction of a Portland cement walk, five feet wide, on the south side of River street, from St. Paul street to Water street, except where good flag or cement walks now exist, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And, The City Engineer, under the directions of this Council, having made an estimate of the whole expense thereof, and reported the same at \$275, which, being deemed reasonable, is hereby approved.

Resolved, Further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on

each side of River street, from St. Paul street to Water street.

Adopted.

By the Clerk—

City Clerk's Office,
Rochester, N. Y., Dec. 5, 1899.

To the Honorable, the Common Council of the City of Rochester :

Gentlemen—I do hereby certify that a notice, such as is required by section 172 of the city charter specifying each of the improvements contemplated by the following final ordinances, the estimated expenses thereof, the amount, if any, of such expenses to be paid from the public treasury, the portion or part of the city to be assessed for the remainder of the expenses, and requiring all persons interested in the subject matter of the improvement to attend at the time appointed in such notice, was published daily for four days in two daily newspapers printed in this city, namely the Rochester Herald and the Union and Advertiser.

Respectfully submitted,

PETER SHERIDAN,

City Clerk.

Received, filed and published.

FINAL ORDINANCE, NO. 7,895.

BALDWIN STREET TRAP ROCK IMPROVEMENT.

On motion of Ald. Wilson the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to improve Baldwin street from Main street, East, to Hayward avenue and after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit :

The improvement of Baldwin street, from Main street, east, to Hayward avenue, by the construction of a trap rock Macadam pavement therein.

Also the construction of a Medina stone curb, 6 inches wide on each side thereof, properly connected with all streets, alleys and driveways. The width between curbs shall be generally 26 feet.

The pavement may be extended to the street line at all intersecting streets, alleys and driveways where in the opinion of the Executive Board and City Engineer it is necessary in order to make a complete improvement.

Also the construction of the necessary manholes, surface sewers, lot laterals, water services and crosswalks. Also the cleaning, repair or rebuilding of so much of the main sewer as may be found necessary. Also the repair and adjustment to grade of the sidewalks. Also the construction of a Portland cement walk, 5 feet in width on each side of the street, except where good cement or flagstone walks of the proper width now exist, which may be relaid if not conforming to the proper grade or alignment.

The pavement shall be guaranteed and kept in repair for five years.

in the matter of allegations in relation to the confirmation or setting aside of the report of the commissioners appointed for the purpose of acquiring the land for the opening of a street from Central avenue to Granger street, in the City of Rochester, New York.

Proceedings had before the Common Council of the City of Rochester, N. Y., on the 5th day of December, 1899, pursuant to a resolution of said Common Council passed November 21, 1899.

William H. Driscoll, Esq., appeared on behalf of John T. Caley and John B. Cornell.

John F. Kinney, Corporation Counsel, appeared on behalf of the city.

Elbridge L. Adams appeared on behalf of Matilda Schneider, the owner of the premises.

John Van Voorhis, being duly sworn, testified as follows:

To Mr. Driscoll:

Q. You are an attorney and counselor at law? A. Yes.

Q. You live in this city? A. Yes.

Q. How long have you lived here? A. I have lived here 45 years.

Q. How long have you practiced your profession. A. Since the 4th day of July, 1854.

Q. You own real estate in this city? A. Yes.

Q. You have bought and sold real estate? A. Yes, sir.

Q. You know the value of real estate on Central avenue? A. I think I do. I have made it a good deal of a study.

Q. And you know the value of this particular piece of real estate, 90 feet front and 120 feet deep? A. I have a strong opinion I do.

Q. What is its fair market value? A. Not to exceed \$15,000.

To Mr. Adams:

Q. Were you ever on the stand before as an expert witness on real estate values? A. My memory is not good enough to be certain about it.

Q. Does some one in your family own a piece of property on Central avenue between Clinton and St. Paul street? A. Yes, that's the way I came to be interested here.

Q. When you say, Mr. Van Voorhis, that the property in question is not worth in your opinion to exceed \$15,000, you base your opinion upon the value of the property on the street without regard to any valuable leases attached to it, do you not? A. Yes; just the market value.

Q. If you knew that the property in question had been leased for a period of 25 years to responsible tenants, with the privilege of 25 years more, at a net rental of \$2,000 a year, the tenants to pay all taxes and assessments, to be responsible for all damages and to erect upon the property a stone and brick structure covering its entire area, which should revert to the owner of the land at the expiration of the term, and which building could not be built for

less than \$35,000, your opinion of the value of this particular piece of property would be somewhat modified, would it not? A. No.

Alexander B. Lamberton, being duly sworn, testified as follows:

To Mr. Driscoll:

Q. You own real estate in Rochester? A. I do.

Q. You have bought and sold real estate in Rochester? A. I have.

Q. Do you know the market value of real property in Rochester. A. I think I do.

Q. And you know this property in question? A. I do.

Q. What do you say about the fair market value of that property? A. It is not to exceed \$15,000.

To Mr. Adams:

Q. Do you take into consideration in estimating the value of this property a lease upon it? No answer.

Q. You heard the question propounded to Mr. Van Voorhis? A. I did.

Q. Taking into consideration the fact that this property has been leased for a long term at a net rental of \$2,000 a year to responsible tenants—that would be an element? That would enhance the value of the property considerably, would it not? A. It might under certain conditions.

Q. What is a fair average net return from real estate in this city? A. From two to five per cent.

Q. You were a witness before the commission in this proceeding, were you not, four years ago? A. I think not. I have forgotten it.

Q. Do you remember of appearing before Charles F. Pond, Thomas F. Finucane and Joseph S. Hunn, commissioners, in the city attorney's office, then in the Wilder building, and testifying as a witness in this proceeding? A. I had forgotten it, but I think now that you have located the place where it was taken, that I did.

Stephen Remington, being first duly sworn, testified as follows:

To Mr. Driscoll:

Q. You live in Rochester? A. Yes, sir.

Q. What is your business? A. Haven't any particular business at present; formerly in the wholesale grocery business.

Q. You are an appraiser for some of the banks in this city? Yes, sir.

Q. And you have appraised considerable real estate? A. Yes, sir.

Q. You have bought and sold real estate in this city? A. Yes, sir.

Q. You know the value of real estate in Rochester? A. I think I do.

Q. You know the value of this real estate in question? A. Yes, sir.

Q. What would you say is the fair market value of that property? A. Fifteen thousand dollars to \$16,000; not to exceed \$16,000.

To Mr. Adams:

Q. You were a witness in the proceeding to appraise this property before the commissioners? A. Yes, sir.

Q. Have you, in estimating its value, taken into consideration that it has been leased for a long term to responsible tenants, at \$2,000 a year net? A. I did not.

Jacob Gerling, being first duly sworn, testified as follows:

To Mr. Driscoll:

Q. You reside in Rochester? A. Yes, sir.

Q. What is your business? A. Milling business.

Q. Do you own real estate? A. Yes, sir.

Q. You have bought and sold real estate in this city? A. Yes, sir.

Q. You know what the fair market value of real estate is here? A. I think I do.

Q. What would you say is the fair market value of that property on Central avenue? A. \$200 a foot.

Q. There are ninety feet—you mean that it is worth \$18,000? A. Something of that kind.

To Mr. Adams:

Q. You were a witness before the commission in this matter, were you not? A. Yes, sir.

Q. Do you take into consideration the fact that the property in question has been leased for a long term at \$2,000 a year net to responsible tenants? A. I don't think I have.

Q. You haven't taken that into consideration in estimating the value of the property? A. No; just the value of the property.

Q. The value of the property without the lease? Do I understand you to say that in estimating the value of this property you have taken into consideration the fact that it is leased? A. No.

Q. You give simply the value without any lease attached to it? A. Just the value of the property.

Q. You mean the value of the property without a lease? A. Yes.

Q. If you had property which you had rented for twenty-five years at \$2,000 a year net, the tenants to pay all taxes, and they were responsible, you wouldn't sell it for \$18,000 would you? A. Depends on circumstances.

Lyman M. Otis, being first duly sworn, testified as follows:

To Mr. Driscoll:

Q. You live in Rochester? A. Yes, sir.

Q. What is your business? A. Lumber dealer—have been.

Q. You have bought and sold real estate in this city? A. Yes, sir.

Q. Do you know the value of real estate in this city? A. I think so.

Q. Do you know the value of this real estate on Central avenue? A. I do.

Q. What would you say is its fair market value? A. \$16,000 to \$18,000.

To Mr. Adams:

Q. Do you take into consideration the fact that the property is leased for a long term of years? A. No.

Q. If you knew that it had been leased for twenty-five years at \$2,000 a year net, the tenants in addition to build a stone and brick building covering the entire area which could not be built for less than \$35,000 and which would revert to the owners of the land at the termination of the lease; you would say that it would add something to its value, wouldn't you? A. It wouldn't add to its intrinsic value.

Q. But the value to the owner would be greater? A. The contract or lease to the owner would be a valuable one, but the land wouldn't be more valuable.

Q. Do you mean to say that property which is leased has no more value than property which is not leased? A. The lease does not make it any more valuable. If a man uses his property himself it isn't leased, yet it has the same value.

Q. The fact that property is leased to responsible tenants has no relation whatever to its market value? A. I wouldn't say that as to the market value, because some one might want to buy the lease.

Q. That is the question which the counsel asks—what your opinion of its market value is? A. From \$16,000 to \$18,000.

Q. Without a lease attached? A. Without any lease attached.

Q. What would be its market value with such a lease? A. It wouldn't add to its market value.

Q. If there was a lease on record made by the owner to responsible parties, which called for \$2,000 a year and all taxes and the building of such a building as I have described, what would you say was its market value? A. It wouldn't make its market value any greater.

Q. What is a fair return for real estate in this city? A. In the neighborhood of 5 per cent.

Q. You were a witness before the commission in this matter? A. I was.

To Aid. Beard:

Q. Would the fact that there is this lease on the property—would it add anything to its value as far as the city is concerned? A. I think not.

M. L. Hughes, being first duly sworn, testified as follows:

To Mr. Driscoll:

Q. You live in Rochester? A. Yes, sir.

Q. What is your business? A. Real estate.

Q. How long have you been in the real estate business? A. Over twenty years.

Q. You have bought and sold real estate during that time? A. Yes, sir.

Q. You know the value of real estate in this city? A. I do.

Q. You know the value of this property in question? A. Yes, sir.

Q. What would you say is its fair market value? A. \$14,000 to \$15,000.

To Mr. Adams:

Q. You were a witness before the commission? A. I think I was.

Q. You say the property is worth from \$14,000 to \$15,000? Do you take into consideration the fact that it is leased for a long term? A. No.

Dr. Geo. W. John, being first duly sworn, testified as follows:

To Mr. Driscoll:

Q. You live in Rochester? A. I do.

Q. You have a place of business? A. I have a place of business here.

Q. You have seen property bought and sold in this city? A. Yes, sir.

Q. You know the fair market value of property in this city? A. Pretty well in that section.

Q. You know this particular piece of property? A. Yes, sir.

Q. How far is your business from this place? A. About 250 feet.

Q. What do you think is the fair market value of this property? A. I think property there is worth about \$190 a foot.

To Mr. Adams:

Q. Do you own any property in that vicinity? A. Not on that street; no.

Q. Where do you own property? A. On Clinton and Marietta streets.

Q. How do you get at the figures you give—\$190.00—by what process? A. From the way property rents.

Q. Do you know what this property rents for? A. No; I do not.

Q. What do you mean when you say that you arrive at the figures \$190 a foot by the way property rents? A. I judge by the amount of rents being paid in that vicinity on some other property.

Q. If you knew that this particular property was rented for twenty-five years, at \$2,000 a year, what would you say about its value? A. Well, of course that would make it worth more.

Q. More than \$190? A. Yes.

Q. Perhaps \$195? A. Yes.

Mr. Adams offered in evidence the assessment roll of the City of Rochester, Fifth ward, and also certified copy of a lease

dated the 25th of March, 1887, between Geo. Schneider and Matilda Schneider, as parties of the first part, and James Fee and John C. Fee as parties of the second part, demising the premises in question for a term of twenty-five years with the privilege of twenty-five years in addition, from the first day of May, 1887.

Mr. Adams also states that in 1894 the tenants named in the lease just offered in evidence, proposed a modification thereof in respect to the building to be erected thereon, the area of the same, and some other details, and such a lease was made and signed and delivered in escrow to be delivered to the parties and take effect when these proceedings shall be done away with.

Allegations, proofs, and evidence closed. By Ald. Rauber—Allegations having been called for from all persons interested in the confirmation or setting aside of the report of the commissioners appointed for the opening of a street from Central avenue to Granger street, which said report was presented to the Common Council on the 29th day of March, 1894; due proof of publication of such hearing before the Common Council of the City of Rochester to be had on the 5th day of December, 1899, at 7:30 o'clock p. m., having been filed; and persons having appeared before said Common Council and allegations having been heard and proofs having been taken and evidence having been given by John Van Voorhis, A. B. Lamberton, Stephen Remington, Jacob Gerling, Lyman M. Otis, M. L. Hughes, George W. Johns, also documentary evidence;

Now, therefore, The Common Council of the City of Rochester, N. Y., does hereby determine that the said award made by the said commission is excessive and that said commission has awarded to the owner of said premises a sum far in excess of the value of said premises; and said Common Council does hereby set aside said award the report of said commission and the award made by the said commission to all parties interested in the said proceeding.

COMMUNICATIONS FROM THE MAYOR

The Clerk stated that the following communication was presented to him Thursday, December 14th, and the proceedings were sent to the Mayor December 7th.

By the Clerk—

Mayor's Office,
December 14, 1899.

To the Common Council of the City of Rochester:

Mayor's Office,
Rochester, N. Y., Dec. 14, 1899.

To the Common Council of the City of Rochester:

I hereby return without my approval the resolution adopted at your meeting of December 5, 1899, directing payment to the Union and Advertiser of the sum of \$3,755.44, being for printing the proceedings of the Executive Board and Common Council from January to October, both included, for the following reasons:

At the beginning of the present year bids were solicited by the Common Council from papers having the union label for printing the proceedings, etc., of the Common Council and Executive Board. The bid of the Times for printing the proceedings was 25 cents an inch, and the Common Council by a resolution awarded the printing to the Times at that price, and directed that a contract be prepared and executed with that paper for the printing; before this contract could be executed the Union and Advertiser began a taxpayers' action against the Common Council and the Mayor, and procured an injunction preventing the execution of this contract, upon the ground that the contract if executed would result in a waste of the people's money, and an injury to it as a taxpayer. This injunction is still in force.

The printing to be paid for by this resolution was performed by the Union under the direction of the City Clerk, and the bills are now presented at 30 cents an inch.

I do not believe that it is right or legal for the Union to prevent by injunction the execution of the contract at 25 cents an inch, and then compel the taxpayers to pay it 30 cents an inch, when if it had not been for the injunction the proceedings would have been printed for 25 cents an inch. The amount allowed should not exceed 25 cents an inch for printing the proceedings.

In this connection, I desire to call your attention to the fact that under the new city charter the proceedings and notices of the Common Council and other departments are required to be published in two newspapers. No limit is placed as to prices to be paid or what shall be printed. This charter provides that all bills and accounts for publication in official papers, all city printing and advertising shall be a city charge, and shall be paid by the treasurer upon

the audit of the comptroller. These provisions were evidently inserted for the special benefit of the newspapers, and not of the taxpayers.

The expense of the printing under the new charter will be unnecessarily increased by several thousand dollars, which will be a burden to the taxpayers. The Common Council should request our Members of Assembly and Senators to secure if possible the repeal of the provisions in regard to the city printing, or to have the provision amended so as to simply have the proceedings printed in one paper and give to the department of contract and supply power to regulate the cost. This would result in a saving of several thousand dollars each year.

Respectfully yours,

GEO. E. WARNER, Mayor.

The chairman stated the question to be: "Shall the resolution stand notwithstanding the objections of His Honor, the Mayor?"

Adopted by the following vote:

Ayes—Ald. Tracy, Callhan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst Mead, Judson, Wilson, Reichenberger—20.

By the Clerk—

Mayor's Office,
December 12, 1899.

To the Common Council of the City of Rochester:

I hereby return without my approval the resolution, adopted at your meeting of December 5th, amending the contract between the city and the Bell Telephone Company, by requiring that company to permit other companies to use its conduits, or upon refusal that its franchises should be terminated. For the following reasons:

The contract provides that any of the privileges granted the company in or by the resolution or ordinance may be altered, amended, modified or revoked by the Common Council.

I do not believe that the Common Council can under this provision arbitrarily revoke all the terms of the contract, and thereby deprive the Bell Telephone Company of its property.

The Common Council would simply have the right, when acting in good faith and for the public good, to amend or modify this contract, and such action of the Common Council must be based on good and valid reasons.

In my opinion this contract can not be modified or amended without first giving the Bell Telephone Company an opportunity to be heard in reference to the matter in dispute.

This resolution was referred to the Law Committee for consideration.

The claim was made, upon the hearing before me, by Mr. Barhite, attorney for the Bell Telephone Company, that the chairman of the Law Committee had promised to notify him when the matter would be heard before that committee, and that no notice of that meeting had been given to him, and that he did not know of the meeting. These statements were not denied. The resolution was considered by the Law Committee and adopted.

At the meeting of the Common Council a motion was made that this resolution be adopted. Ald. Steele suggested that Mr. Barhite was present and might be heard. The chairman ignored this suggestion, and did not ask whether Mr. Barhite desired to be heard, and he was not afforded the op-

portunity. The chairman immediately put the motion, and declared the resolution adopted.

I do not believe that valuable property rights of the Bell Telephone Company can be taken from it or interfered with by a resolution adopted in such a manner.

I do not desire to be a party to such proceedings, and therefore decline to approve of the resolution.

Yours respectfully,
GEO. E. WARNER, Mayor.

The chairman reported that as injunctions had been served on the members of the Common Council restraining them from taking action on the Mayor's veto no action could be taken.

COMMUNICATIONS AND REPORTS FROM OTHER CORPORATION OFFICERS, BOARDS AND DEPARTMENTS.

By the Clerk— December 19th, 1899.

To the Common Council, City of Rochester:

Gentlemen—In accordance with a resolution adopted by your honorable body, November 28, 1899, I am directed by this Board to respectfully submit as the cost of the construction of the North Clinton street sewer, under ordinance No. 7,288, as follows:

Paid contractor	\$7,636 97
Local inspection	345 00
General inspection	49 50
Surveyors' stakes	3 00
Cartage	4 00

Total \$8,038 47

Respectfully submitted,
CHAS. M. BEATTIE, Clerk.

Ordered received, filed and published.
By the Clerk—

December, 19, 1899.

To the Common Council, City of Rochester:

Gentlemen—I am directed by the Executive Board to inform your honorable body, that the estimated balance in Water Works Fund, December 31st, 1899, will be about \$35,000.00, providing that said fund is not reimbursed for the outlay made for water pipe extension authorized by you May 23, 1899, as per report of your Water Works Committee.

The Water Works Fund has already expended in the neighborhood of \$30,000.00 for water pipe extension and said amount should be returned to said fund, so as to be able to meet the amount that said fund is required to pay towards the interest on the water bonded debt.

The last tax levy provided for the payment of \$285,000.00 from water works receipts for interest; and of this amount \$200,000.00 has been paid, leaving \$85,000 remaining unpaid; and of this balance there will be but \$35,000 available, leaving \$50,000 to be provided for which should be done by authorizing notes as follows:

\$30,000 chargeable as a deficit to water pipe; and

\$20,000 as a deficit to said Water Works Fund.

The deficit in the fund of \$20,000 is due to the large expenditure in rebuilding the Pump House, and the taxes levied on the conduit lines, which were not provided for, together with the unforeseen expense connected with the enormous amount of work which this Board was called upon to per-

form on account of public improvements constructed the past season.

Respectfully submitted,

CHAS. M. BEATTIE, Clerk.

Ordered received, filed and published.

By the Clerk—

Rochester, N. Y., Dec. 5, 1899.

To the Honorable, the Common Council:

Gentlemen—In sending in my bill of expenses in the Treasurer's office from May 21, 1895, to December 4, 1899, a word in explanation is due from me to the effect, why have you not reported this bill before?

My reply would be that I have previously made a partial report of these expenses, but the Auditor refused to pass on the amounts paid by me for local notices, which were to the effect of calling attention of the taxpayers to payments then pending in the Treasurer's office, on the grounds that the contracts between the City and the proprietors of the newspapers would not allow any official to order local notices to be inserted. I informed the Auditor that I was not aware of this change in the contracts, that I had always ordered the locals previously, so that all taxpayers could have due and timely notice, as they would see a local notice, when an official notice would not attract their attention. Since that time I have ordered no local notices.

The amount of locals referred to was less than \$30.00. I reported the matter to the Common Council; it was referred to the Finance Committee (not the present one), but no action was ever taken, at least none reported.

In the examiner's (Mr. Haskell's) monthly report, the amount has been regularly reported under the head of "Expense Book." I will send to the Auditor the pass-book and vouchers, showing date of obligation, and an itemized account of the same. My bill to the Council simply shows the gross expenditures for each purpose named.

Respectfully submitted,
S. B. WILLIAMS, Treasurer.

December 13, 1899.

To the Honorable, the Common Council:

Gentlemen—I have this day received from the Rochester Railway Company their check for \$8,503.81. The gross receipts for year ending September 30th, according to their sworn statement, was \$799,381.07.

1 per cent. of same, amount due the city under their contract being.. \$7,993 81
I also received \$5.00 for each car in service (102 cars)..... 510 00

\$8,503 81

I have deposited the same to the credit of the General Sinking Fund, City of Rochester.

Respectfully submitted,
S. B. WILLIAMS, Treasurer.

Ordered received, filed and published.

By the Clerk—

December 15, 1899.

To the Honorable, the Common Council:

Gentlemen—I would respectfully report that the tax sale of the unpaid General City Tax for 1899 was held Thursday, December 14th.

The sale was largely attended and will net the city quite an amount of ready money.

Since the sale, several parties have called who wished to increase their purchases, to the amount of about \$10,000.00.

While for some reasons I think it would be advisable for the city to bid in all the unpaid taxes, and thus realize on the large interest on penalty charged, rather than let this amount go to the investors, the one serious objection to the plan being, that those who had the political pull could, and would let their taxes be sold, and then at their convenience in the future, use their influence to have the interest charges reduced to a small amount, and thus obtain an advantage over just as worthy persons who did not have the influence to obtain this rebate.

As long as the most desirable lots have been sold, I would recommend that the Treasurer be given the authority to make the extra sales as requested, provided it is promptly done, as the City at this time can use the money to good advantage.

Respectfully submitted,
S. B. WILLIAMS, Treasurer.

Ordered received, filed and published.

By Ald. Rauber—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to assign and transfer any certificates of tax sales for the year 1899 which were taken by the City, in any cases where he may deem it expedient to assign, provided that before making any such assignment, he shall be paid the full amount of the tax and expenses. Adopted.

By the Clerk—
December 19, 1899.

To the Honorable, the Common Council :
Gentlemen—I would report that the money set apart in the Security Trust Company to pay the refund license orders is exhausted.

It will require at least \$2,000.00 to pay the orders that will be presented before January 1st, chargeable to this account.

I would ask your approval of transferring this amount from the Contingent Fund, so that the orders may be paid on presentation.

Similar action has been ordered before, but as I then stated, the amount of these refunds, would be an unknown quantity.

Respectfully submitted,
S. B. WILLIAMS, Treasurer.

Ordered received, filed and published.

By Ald. Rauber—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to transfer from the Contingent Fund to the Liquor License Refund Account the sum of two thousand dollars. Adopted.

By the Clerk—
Rochester, N. Y., Dec. 19, 1899.

To the Honorable, the Common Council :

Gentlemen—To meet the payments past due and those coming due on account of local improvements, will require the issuing of the city's note or notes for at least \$110,000.00.

I am carrying in my cash local acceptances that recently became due\$ 45,000 00
There will be due December 20th 7,500 00
Also due January 1st 55,000 00

Making a total of \$107,500 00
The extra \$2,500 will be needed to pay the sprinkling contractors, and small orders issued on account of local improvements, not yet presented.

The balance in bank to the credit of this fund is \$951.88.

Respectfully submitted,
S. B. WILLIAMS, Treasurer.

Ordered received, filed and published.

By Ald. Rauber—Resolved, That the City

Treasurer be, and he hereby is, authorized and directed to issue, as may be necessary, under authority of sections 80 and 81 of the City Charter, the city's note or notes for an amount not exceeding in the aggregate the sum of one hundred ten thousand dollars (\$110,000); said notes to be negotiated under the direction of the Finance Committee of the Common Council and to be counter-signed by the chairman thereof; notes to run for a period not exceeding eight months; interest or discount to be charged to the Local Improvement Fund, and the proceeds to be credited to the Local Improvement Fund.

Adopted by the following vote :
Ayes—Ald. Tracy, Callihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—20.

By the Clerk—
Rochester, N. Y., Dec. 19, 1899.

To the Honorable, the Common Council :
Gentlemen—In order to meet the interest on the city bonded debt, due January 1st, it will require the issuing of the city's note or notes, to the amount of \$170,935.00.

Of this amount \$16,125.00 will be for interest on the East Side Trunk Sewer bonds, which can be returned to the General Fund in the very near future, as the first payment on the assessment rolls for this improvement will be payable in January. On account of the present tightness of the money market, it will not be safe to delay the passage of this resolution to your next meeting, the 29th inst., as the Treasurer will require the extra time for negotiating the loan for the best interests of the city.

Respectfully submitted,
S. B. WILLIAMS, Treasurer.

Ordered received, filed and published.
By the Clerk—

Rochester, N. Y., Dec. 19, 1899.

To the Honorable, the Common Council :

Gentlemen—A contract for the improvement of Elm street by the construction of a Medina block stone pavement therein has been let by the Executive Board. It is provided in said contract that work should be suspended pending the deepening and enlarging of the sewer in said street.

The present sewer from Main street, east, is a 15 inch tile sewer, built in 1887, about eleven feet in depth. The balance of the street has a twelve inch sewer about eight feet in depth, built in 1857. As this property is in the business section of the city it should be provided with adequate sewers for business property. In order to bring the matter to a head, I beg leave to submit three ordinances and recommend that they be referred to the Committee on Streets and Sewers and the City Engineer to consider, and make such recommendations as they deem best in the matter.

Respectfully submitted,
E. A. FISHER,
City Engineer.

Ordered received, filed and published and referred to the Committee on Streets and Sewers.

By Ald. Rauber—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue under authority of Chapter 347 of the Laws of 1890, as amended by Chapter 74 of the Laws of 1892, the city's note or notes for an amount not exceeding sixteen thousand one hundred twenty-five dollars (\$16,125.00); said note to

run for a period not exceeding six months; to be negotiated under the direction of the Finance Committee of the Common Council and to be countersigned by the Chairman thereof; interest or discount thereon to be charged to the East Side Trunk Sewer Fund and the proceeds to be credited to the East Side Trunk Sewer Fund for the purpose of paying the interest on the East Side Trunk Sewer bonds due January 1, 1900.

Adopted by the following vote :

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—20.

By Ald. Rauber—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue under authority of sections 80 and 81 of the City Charter the city's note or notes for an amount not exceeding one hundred fifty-four thousand eight hundred ten dollars (\$154,810.00); said note or notes to run for a period not exceeding six months; to be negotiated under the direction of the Finance Committee of the Common Council and to be countersigned by the chairman thereof; interest or discount to be charged to the Contingent Fund, and the proceeds to be used for the purpose of meeting the interest on the bonded indebtedness due January 1, 1900.

Adopted by the following vote :

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—20.

MONROE COUNTY COURT—In the matter of the opening and extension of Hollenbeck street from Avenue A to Avenue D. To the Honorable the Common Council :

Gentlemen—We, the undersigned, who were appointed by an order of the Monroe County Court, duly made and entered in Monroe County Clerk's office, commissioners to appraise the damages and compensation which the owner or owners, or persons interested, and if there be any occupant or tenant who may have a leasehold interest in the premises, rights or easements therein to be taken for the public improvement or purpose above referred to, should severally receive therefor, respectively report and certify the several pieces and parcels of land and the premises, rights or easements therein to be taken for said improvement, and the names and residences of the owner or owners respectively, and the rights of said owners so far as can be ascertained, and the names and residences of the tenants or occupants thereof, and of all other persons who have any interest in said property, and the amount of the damages or compensation which should be paid to each, as follows :

Parcel No. 1. All that tract or parcel of land situate in the City of Rochester, Monroe county, beginning at the present northwest corner of Avenue A and Hollenbeck street, as laid down on the map of the John Arensmeyer property; thence northerly along the present west line of said Hollenbeck street about 854 feet to the south line of Avenue D; thence easterly along the south line of Avenue D 29 feet to the west line of lot 12 of Hyde's subdivision of part of the Blumenthal or Flower Valley tract; thence southerly along the west line of said lot 12 and along the west line of lots 14, 13 and 12 of said Blumenthal tract, about 679 feet to the southwest corner of said lot 12 of said Blumenthal tract; thence easterly along the south line of said lot 12, 29 feet; thence southerly parallel with the first described line and 58 feet easterly therefrom about 174 feet to the north line of Avenue A; thence westerly along the north line of Avenue A 56 feet to the place of beginning, being a parcel of land 29 feet wide at the north end, 58 feet wide at the south end, and about 854 feet long, as shown on the map of the proposed widening and extension of Hollenbeck street from Avenue A to Avenue D.

Said premises are owned by Mary Gefel, August Kuhn, subject to a mortgage held by Charles Rau, Louis Weisenborn and Caroline, his wife, John Rein, Blasius Ruehsan and Margaret, his wife, Charles F. Arensmeyer and John E. Arensmeyer,

subject to the dower of their mother, Julia Arensmeyer, Amanda A. Croft, George Fichtenmeyer and Electa C. Fere, and subject to easements in behalf of the said parties, and of all the owners of lots in the Arensmeyer tract, to have the same kept open as a street.

Parcel No. 2—All that tract or parcel of land situate in the City of Rochester, Monroe county, New York, beginning at a point in the south line of Hollenbeck street, said point being the northwest corner of lot 12 of Hyde's subdivision of lots 15, 16 and 17 of the Blumenthal or Flower Valley tract; thence southerly along the west line of said lot 12, about 360 feet to the southwest corner thereof; thence easterly along the south line of said lot 12, 29 feet; thence northerly parallel with the west line of said lot 13 and 29 feet easterly therefrom about 360 feet to the south line of Avenue D; thence westerly along the south line of Avenue D 29 feet to place of beginning, being a strip of land 29 feet wide and about 360 feet long taken from the west side of said lot 12, as shown on said map of said widening and extension.

Said premises are owned by Philip Mohr, Henry Mohr, Peter Mohr, Charles Mohr and Emily Mohr, as tenants in common; the share of Emily Mohr being subject to the lien of a mortgage held by Marvin W. Wynne; also a mortgage held by Jacob Lendeckel and Anna, his wife; also mortgage held by Samuel B. Williams and a judgment in favor of the Eastern Building and Loan Association of Syracuse.

Parcel No. 3. All that tract or parcel of land situate in the City of Rochester, Monroe county, New York, beginning at a point in the west line of the Blumenthal or Flower Valley tract on the division line between lots 15 and 14 of said tract, said point being also the southwest corner of lot 12 of Hyde's subdivision of part of said Blumenthal tract; thence easterly along the south line of said lot 12, 29 feet; thence southerly parallel with the west line of said lot 14 and 29 feet easterly therefrom about 116 feet to the center of Morrill street (formerly Baetzel park); thence westerly along the center line of said Morrill street 29 feet to the west line of said lot 14; thence northerly along the west line of said lot 14 about 116 feet to the place of beginning; being a strip of land 29 feet wide and about 116 feet long taken from the west end of said lot 14.

Said premises are owned by Horace White, Christian F. Frey and Herman Bartels, as tenants in common, subject, however, to an easement in all the owners of lots on Baetzel park to have the same kept open as a street.

Parcel No. 4. All that tract or parcel of land situate in the City of Rochester, Monroe county, New York, beginning at a point in the center of Morrill street (formerly Baetzel park) and in the west line of lot 13 of the Blumenthal or Flower Valley tract; thence easterly along the center line of Morrill street 29 feet; thence southerly parallel with the west line of said lot 13 and 39 feet easterly therefrom about 116 feet to the division line between lots 13 and 12 of said Blumenthal tract; thence westerly along said division line 29 feet to the southwest corner of said lot 13; thence northerly along the west line of said lot 13 about 116 feet to the place of beginning, being a strip of land 29 feet wide and about 116 feet long taken from the west end of said lot 13.

Said premises are owned by Julia Baet-

zel, subject, however, to an easement in all the owners of lots on Baetzel park to have the same kept open as a street.

Parcel No. 5. All that tract or parcel of land situate in the City of Rochester, Monroe county, New York, beginning at a point in the west line of the Blumenthal or Flower Valley tract where the division line between lots 12 and 13 of said tract meets the same; thence easterly along said division line 29 feet; thence southerly along the west line of said lot 12 and 29 feet easterly therefrom about 58 feet to the division line between lands supposed to belong to Peter Perth and lands supposed to belong to Jacob Marhardt; said last mentioned division line being supposed to run through the middle of said lot 12; thence westerly along the said division line between the lands of said Perth and Marhardt 29 feet to the west line of said lot 12; thence northerly along said west line of said lot 12 about 58 feet to place of beginning, being a parcel of land 29 feet wide and 58 feet long, taken from the northwest corner of said lot 12.

Said premises are owned by Peter Perth and are subject to a mortgage held by the Rochester Savings Bank.

Parcel No. 6. All that tract or parcel of land situate in the City of Rochester, Monroe county, New York, beginning at the southwest corner of lot 12 of the Blumenthal or Flower Valley tract; thence northerly along the west line of said lot 12 about 58 feet to the division line between the lands of Jacob Marhardt and lands of Peter Perth, said division line being supposed to run through the middle of said lot 12; thence easterly along said division line 29 feet; thence southerly parallel with the west line of said lot 12 and 29 feet easterly therefrom about 58 feet to the south line of said lot 12; thence westerly along the south line of said lot 12, 29 feet to the place of beginning, being a parcel of land 29 feet wide and about 58 feet long taken from the southwest corner of said lot 12.

Said premises are owned by Jacob Marhardt.

Therefore, we, the subscribers, the commissioners, having been duly sworn, as required by the statute in such case made and provided, and having all met and acted upon all the matters submitted to us, at the Corporation Counsel's office, in the City Hall building, Rochester, N. Y., pursuant to a notice of at least ten days published according to law, and having taken a view of every part of the respective premises affected by this proceeding, and having inquired into and heard all the allegations and proofs of the respective parties in interest, do thereupon determine and appraise the compensation which the owners and tenants of, and others having any rights in the respective premises above described, who are entitled to any compensation for the lands and rights to be taken for the opening of said street, will sustain by being deprived thereof, and do fix the damages and compensation which said owners and the tenants and others shall receive therefor, as follows, said awards to be paid after deducting all taxes and assessments which have become a lien upon the land above described as hereinafter provided:

For parcel No. 1, to Mary Gefel, John Rein, Amanda A. Groat, George Fichtensmeyer and Electa C. Fero, to each the sum of one dollar.

To August Kuhn, the sum of one dollar payable to Charles Rau, mortgagee.

To Louis Weisenborn and Caroline, his wife, the sum of one dollar.

To Blasius Ruebsan and Margaret, his wife, the sum of one dollar.

To Charles F. Arensmeyer, John E. Arensmeyer, and Julia Arensmeyer, the sum of one dollar as their interests may appear.

For parcel No. 2. The sum of \$1,300, payable to Philip Mohr, Henry Mohr, Peter Mohr, Charles Mohr and Emily Mohr, as their interests may appear, the share of Emily Mohr, however, being payable to Marvin W. Wynne, and Jacob Lendeckel and wife, and Samuel B. Williams, and the Eastern Building and Loan Association of Syracuse, as their interests may appear.

For parcel No. 3. The sum of one dollar payable to Horace White, Christian F. Frey and Herman Bertels.

For parcel No. 4. The sum of one dollar payable to Julia Baetzel.

For parcel No. 5. To Peter Perth, the sum of twenty dollars, payable to the Rochester Savings Bank, mortgagee.

For parcel No. 6. To Jacob Marhardt, the sum of twenty dollars.

Respectfully submitted,
 GEORGE MATTERN,
 ANTHONY J. SCHNEIDER,
 H. NELSON PECK,
 Commissioners of Appraisal.

Dated, December 15, 1899.

By Ald. Kelly—Resolved, That the Clerk draw orders upon the Treasurer, payable from the Contingent Fund, in favor of the following named parties, and for the sums and purposes, viz: For Title and Guarantee Company, for ten and 20-100 dollars, for abstracts of title and searches, in the matter of the extension of Immel place, in the City of Rochester, under Final Ordinance No. . . . and that the Treasurer pay said several sums from the Contingent Fund, and charge and carry said sums to the fund for the extension of said street, when created.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—20.

By Ald. Rauber—

Rochester, N. Y., Dec. 19, 1899.

To the Hon. Common Council:

Gentlemen—Your Finance Committee to whom was referred the communication of Samuel B. Williams, Treasurer, in relation to the bill for disbursements amounting to \$1,742.64, from May 21, 1895, to December 4, 1899, would respectfully report: That your committee has investigated the bill referred to, and in the opinion of your committee, we deem it a just and equitable one and recommend the same to be paid.

The communication from the Treasurer in relation to the local improvement orders and stating that he would require the authority of the Common Council to issue the city's note in order to meet the payments due December 20th and January 1st. It will be necessary that the city's note be issued for \$110,000.00, and your committee recommend that the Treasurer be authorized to issue such note for said amount.

In relation to the bill of Shaughnessy & Connolly, amounting to \$137.66, for labor and material furnished at the Bath House, your committee would respectfully report that this bill has been audited by A. S. Mann, city auditor, and also certified to by W. Foster Kelly, the architect, and your committee see no just and valid reason why the bill should not be paid, and recommend the payment of the same.

In relation to the bills of Thomas Mahoney for \$170.00 and that of William J. Kearns for \$55.00. Your committee would report, that in view of the fact that the services have been rendered by these parties and certified to by the Executive Board your committee are of the opinion that in view of the fact that such services have been rendered and that there has been no denial of that fact, your committee recommends that these bills should be paid.

Your committee also recommend that the Treasurer issue city notes as follows:

Highway Fund	\$10,000
Fire Department Fund	6,000
Board of Health Fund	4,500

Respectfully submitted,

STEPHEN RAUBER,
CHARLES P. MEAD,
LEWIS EDELMAN,
WILLIAM WARD,
D. W. SELYE,
JAS. H. CASEY,
J. C. WILSON,

Finance Committee.

Ordered received, filed and published.

By Ald. Rauber—Resolved, That the Executive Board be, and hereby are, directed to draw an order on the Treasurer in favor of Williams J. Kearns for \$55.00 for services as pay clerk in the street department.

Also an order in favor of Thomas Mahoney for \$170.00 for services from August 1 to October 31, 1899 (three months), as inspector of street obstructions, and charge Highway Fund.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Edelman, Beard, Casey, Selye, Ward, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—13.

Nays—Ald. Adams, Steele—2.

By Ald. Rauber—Resolved, That the City Treasurer be, and he hereby is, authorized and directed to issue as may be necessary in anticipation of taxes to be levied under authority of sections 80 and 81 of the City Charter, the city's note or notes for an amount not exceeding in the aggregate the sum of twenty thousand five hundred dollars (\$20,500.00); said note or notes to run for a period not exceeding six months; to

be negotiated under the direction of the Finance Committee of the Common Council and to be countersigned by the chairman thereof; the proceeds of same to be credited as follows: Highway Fund, \$10,000, Fire Department Fund, \$6,000, Board of Health Fund, \$4,500.00, and the interest or discount thereon to be charged to the Contingent Fund.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—20.

To the Honorable, the Common Council:

Gentlemen—Your Public Improvement Committee, to whom was referred various local improvement ordinances, would respectfully report that it has been impossible for your committee to investigate fully as to the necessity for said improvements, and as this is the last regular meeting of the present council your committee would refer all ordinances back to your honorable body without recommendation.

J. C. WILSON,
M. B. ADAMS,
LEWIS EDELMAN,
W. C. GREEN,

Ordered received, filed and published.

By Ald. Edelman—Resolved, That the Rochester Gas and Electric Company be, and it hereby is, directed to place the lamps recommended in the report of the Lamp Committee presented at this meeting, under the direction of the chairman of the Lamp Committee and the City Engineer, and also to discontinue such gas lamps as may, in the opinion of the said chairman and the City Engineer be rendered unnecessary. Adopted.

By Ald. Calihan—

REPORT OF THE COMMITTEE ON
STREETS AND SEWERS.

To the Hon. the Common Council :

Gentlemen—Your Committee on Streets and Sewers having considered the change of street names referred to them, recommend the following changes :

West Main street to Main street, West.

Plum alley to Beaver street.

Alley, from May street to Elmwood avenue, between South avenue and Mt. Hope avenue to be called Phillips alley.

In the matter of the Clifford street sewer your committee after hearing testimony from quite a number of people living on the line of said sewer and examining the maps and profiles submitted by the City Engineer, are of the opinion that the relief asked for should be granted, and that the sewer should be deepened and enlarged prior to the construction of a permanent pavement in said street.

Respectfully submitted,

MATTHIAS J. CALIHAN,

W. C. GREEN,

WM. S. BEARD,

D. W. SELYE,

WILLIAM WARD,

T. W. FORD,

CHAS. H. JUDSON,

Streets and Sewers Committee.

Ordered received, filed and published.

By Ald. Calihan—Resolved, That the names of all streets recommended to be changed in the above be, and the same hereby are, changed to the name set opposite the same. Adopted.

By Ald. Ward—

Rochester, N. Y., Dec. 19, 1899.

By Ald. Mead—

Rochester, N. Y., Dec. 19, 1893.

To the Honorable, the Common Council:

Gentlemen—Your Law Committee would report as follows:

In relation to the claim of Thomas Fenwick, heretofore presented to the Common Council, being for damages by reason of the turning into the North Water street sewer of the Mortimer street and Liberty street sewers, and by which claim the sum of \$1,000 damages are demanded, your committee would report that it has examined into this matter and find that Mr. Fenwick's premises on North Water street have been considerably damaged by reason of the flooding of the same and that the capacity of the North Water street sewer is not sufficient to carry off the flow of water and sewage carried into the same by the Mortimer street sewer and from the surface sewers in North Water street.

Your committee is of the opinion that Mr. Fenwick has sustained damages in the sum of at least \$350 and we therefore recommend that he be paid said sum in full compensation for all past damages and for future damages that may arise by reason of the acts aforesaid.

Your committee would further recommend that the City Engineer prepare an ordinance for the construction of a sewer in Liberty street, so as to empty the sewage from said street into the Main street sewer in order to relieve the North Water street sewer. Your committee would recommend the adoption of the annexed ordinance prepared for the government of the city after January 1, 1900, the same having been recommended by the in-coming officials.

Your committee would recommend the appointment of the following commissioners of deeds: D. J. Sadden, W. B. Gambia, Eli Leavenworth, Joseph H. Oberlies, Anna L. Dubelbeiss, Fred W. Fickett, Isaac M. Brickner, E. J. Henahan, Julius J. Clark, C. H. Minges, Jacob Rosenberg, John Karweick, Lawrence M. Morley and M. A. Lucy.

Respectfully submitted,

REPORTS OF SELECT COMMITTEES.

By Ald. Reichenberger—

Rochester, N. Y., Dec. 19, 1899.

To the Honorable, the Common Council:
Gentlemen—Your committee, appointed at the meeting of the Common Council held on the 28th day of November, 1899, pursuant to a request contained in a communication of the New York Central & Hudson River Railroad Company and the Buffalo, Rochester & Pittsburg Railroad Company, for a committee of one or more to confer with said companies with a view of preparing a contract to carry Saxton street crossing underneath the street, and if necessary to change the grades of that and other streets affected thereby, would respectfully report as follows:

That it has given a hearing to the representatives of the railroad companies; that they request that an ordinance be adopted for the purpose of depressing the proposed

extension of Maple street, also West Maple street, Saxton street and the proposed extension of Silver street, in order to construct in Saxton street an underground tunnel or subway to enable the railroad tracks to pass over the same.

Your committee finds that property owners in that locality are opposed to any such ordinance being adopted, and that they desire Saxton street to remain a grade crossing. Your committee would also report that pursuant to the terms and conditions of the contract made on or about the 21st day of October, 1897, between the city and said railroad companies, that it was agreed that the city should proceed with reasonable diligence to acquire land necessary for the purposes of altering the courses of West Maple and Silver streets in accordance with the plan attached to said contract, and for the closing of the West Maple and Silver streets crossing over the railroad company's tracks, and that such proceedings be either by purchase or condemnation, as may be found most expedient, the said railroad companies agreeing to put the new streets in as good condition as the existing streets, and for a failure to do so after five days' notice the city may cause the same to be done and collect the expense thereof as provided in said contract; that the territory to be assessed for the expense of these alterations and the acquisition of lands necessary therefore in putting the streets in condition if done by the city shall be the lands of the said railroad companies in the city of Rochester west of the Erie canal; that the said railroad companies covenanted with the city to pay the cost and expense of the alterations aforesaid, including the costs of the land necessary therefor, the New York Central & Hudson River Railroad Company to pay two-thirds thereof and the Buffalo, Rochester & Pittsburg one-third thereof, such payments to be made twenty days after the amount thereof shall be ascertained and determined.

Your committee find that application has been made to the Monroe County Court for the appointment of commissioners to condemn the necessary lands to carry into effect the terms and provisions of said contract, and that a request for an adjournment has been made by the said railroad companies for the purpose of having an ordinance passed for the changing of grades of said streets and the construction of underground crossing in Saxton street. Under the terms of the contract the railroad companies agree to construct such a subway after ten years, provided so requested by the Common Council, the expense thereof to be borne by the said railroad companies.

Your committee would state that it has given this matter thorough consideration, and has come to the conclusion that the people in the vicinity of the proposed improvement require immediate action for the purpose of carrying into effect the terms and conditions of said contract, and we therefore recommend that the Corporation Counsel ask of the Monroe County Court the appointment of the commissioners in the proceeding now pending for the purpose of acquiring the necessary land for the alteration and changes of the streets mentioned and described in said contract.

All of which is respectfully submitted.

WM. REICHEMBERGER,
WILLIAM WARD,
T. W. FORD,
J. MILLER KELLY,

Committee.

Ordered received, filed and published.

By Ald. Reichenberger—Resolved, That the application of the New York Central & Hudson River Railroad Company, and the Buffalo, Rochester & Pittsburg Railroad Company, contained in a communication dated November 23, 1899, be, and the same hereby is denied, and that the corporation counsel be, and he hereby is, instructed to proceed with the condemnation proceedings now pending for the purpose of acquiring title to the necessary land for the change of location of streets as provided in the contract made between said railroad companies and the City of Rochester, on or about the 21st day of October, 1897. Adopted.

ACTION ON ORDINANCES.

FIRST ORDINANCES.

By Ald. Calihan—Resolved, That the following improvement is necessary and should be made, and we hereby judge that the public good requires the same to be done, viz: The changing of the southerly line of Bridge square, between Favor street and Caledonia avenue. Said proposed southerly line is described as follows, viz: Beginning at a point in the easterly line of Favor street, 39 feet, measured on the said easterly line, s. 1 degree 35 min. 13 sec. e., from the southeast corner of West avenue and said Favor street; thence n. 53 deg. 10 min. 47 sec. e. 20.66 feet to a point, said point being just 10 1-2 feet southerly, measured at right angles, from the present curb on the southerly side of said bridge square; thence s. 71 deg. 57 min. 33 sec. e. on a line parallel to and 10 1-2 feet southerly from the said present curb 169.34 feet to a point, said point being just 10 1-2 feet southerly, measured at right angles from the said present curb; thence s. 47 deg. 30 min. 59 sec. e. 30.77 feet to a point, said point being in the westerly line of Caledonia avenue and about 91 feet n. 0 deg. 05 min. 50 sec. e. from a point in the said westerly line of Caledonia avenue, and the south line of the old brick church (now used as a machine shop), produced easterly to said Caledonia avenue.

The land to be taken for said change in the southerly line of bridge square, is all that part or parcel lying northerly of said above described lines. And all that part of said bridge square lying southerly of said above described lines, shall be abandoned and shall cease to be a part of said street.

FINAL ORDINANCE NO. 7,908.
ALTERATION OF LINES OF DEWEY AVENUE, EMERSON AND WEST STREETS.

On motion of Ald. Callhan, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance to alter a portion of the lines of Dewey avenue, Emerson and West

streets when they meet, and after hearing such allegations from all persons appearing.

The Common Council of the city of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The altering of a portion of the lines of Dewey avenue, Emerson and West streets, where they meet, southeasterly of the Emerson street canal bridge. The new line proposed is described as follows, viz.: Beginning at a point in the westerly line of West street one hundred (100) feet southerly from a point where the southerly line of Emerson street, and the westerly line of West street meet; thence northerly in a straight line about two hundred and twenty-two (222) feet, to a point, where the westerly line of Dewey avenue and the southerly line of Emerson street, running westerly from said Dewey avenue meet.

That part or parcel of land to be taken by the City of Rochester, is bounded and described as follows, viz.: Beginning at a point where the present southerly line of Emerson street and the present westerly line of West street meet; thence southerly on the present westerly line of West street one hundred (100) feet to a point; thence northerly on the proposed new westerly line of West street about one hundred and seven (107) feet to a point in the present southerly line of Emerson street, said proposed line, if produced northerly, would meet a point, where the westerly line of Dewey avenue and the southerly line of Emerson street, running westerly from said Dewey avenue meet; thence southeasterly along the present southerly line of Emerson street running easterly from said Dewey avenue, about thirteen (13) feet to the place of beginning. Said parcel of land, supposed to belong to F. C. Lauer. That part or parcel of land to be discontinued by the City of Rochester, bounded and described as follows, viz.: Beginning at a point where the westerly line of Dewey avenue and the southerly line of Emerson street, running westerly from said Dewey avenue meet; thence southerly on the present westerly line of Dewey avenue about ninety-five (95) feet to a point where the present westerly line of Dewey avenue and the present southerly line of Emerson street, running easterly from said Dewey avenue meet; thence southeasterly on the said present southerly line of Emerson street about sixty-five (65) feet to a point, where said line intersects the proposed new westerly line of West street; thence northerly on the proposed new westerly line of West street about one hundred and fifteen (115) feet to the place of beginning.

Adopted by the following vote:

Ayes—Ald. Tracy, Callhan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Ritz, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—20.

FINAL ORDINANCE NO. 7,909.

LINDEN STREET CEMENT WALKS.

On motion of Ald. Wilson, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance to construct cement walks on Linden street, from South avenue to Oakland street, and after hearing such allegations from all persons appearing.

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a Portland cement walk 5 feet wide on south side of Linden street, from South avenue, to Oakland street, except where good flag or cement walks now exist which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$225.00, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on south side of Linden street, from South avenue to Oakland street.

FINAL ORDINANCE, NO. 7,910.

(Supplemental to No. 7,839.)

On motion of Ald. Wilson, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz.:

An ordinance for excess of actual cost above estimate in final ordinance No. 7,839, and after hearing such allegations from all persons appearing.

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

Whereas, This Council did by final ordinance No. 7,839, passed July 18th, determine and ordain that Olean street, from Frost avenue to Bronson avenue, should be improved by the construction of an asphalt pavement on said street, the estimate for which was \$11,800; and

Whereas, The total cost of the said improvements has been ascertained and the City Engineer reports that the actual expense of the improvement over the estimate in the ordinance will amount to \$1,150.00, which said amount of excess above the estimate is hereby approved.

Resolved, That the said amount of \$1,150 is hereby directed to be assessed upon all the following portion and part of the city which this council deems proper to be so assessed for, and will be benefited by such improvement, to wit:

One tier of lots and parcels of land on each side of Olean street, from Frost avenue to Bronson avenue.

COMMUNICATIONS AND REPORTS FROM OTHER CORPORATION OFFICERS, BOARDS AND DEPARTMENTS.

Office of the Executive Board,
Rochester, N. Y., Dec. 26, 1899.

To the Common Council:

Gentlemen—In accordance with resolutions adopted by your honorable body, which directed the Executive Board to make repairs to and pave the surface of various streets in the City of Rochester, between the tracks, the rails of the tracks and for two feet in width outside of the tracks of the Rochester Railway Company, providing said Rochester Railway Company neglected to make such repairs within thirty days from notice to do so, I am directed by this Board to report as follows:

Pursuant to said instructions, the Executive Board advertised for the letting of this work, awarded contracts and the contractors entered immediately upon said work.

The City Engineer has, therefore, submitted to this Board estimates for the material furnished and the work completed as follows:

Lauer & Hagaman, Caledonia avenue, Est. No. 4, and final	\$1,973 34
Warren-Scharf Asphalt Pavement Co., Jefferson avenue, partial estimate No. 1	12,400 00
H. N. Cowles, Hudson avenue, partial estimate No. 3	1,050 00
F. A. Brotsch, Monroe avenue, partial estimate No. 4	500 00
F. A. Brotsch, Monroe avenue bridge approaches, estimate No. 2 and final	379 44

The Executive Board, therefore, respectfully refers the vouchers for said amounts to your honorable body for payment.

Respectfully,

CHAS. M. BEATTIE, Clerk.

Referred to the Finance Committee.
By the Clerk—

City Clerk's Office,
Rochester, N. Y., Dec. 26, 1899.

To the Honorable Common Council of the City of Rochester:

Gentlemen—Orders have been drawn on the Poor Fund in payment for groceries, which were audited by this Common Council, and the names of parties on which these orders were drawn have been forged and the money so ordered by this Council was fraudulently drawn. In one instance suit was commenced against the city and judgment obtained, and in the other instances the cases were settled by resolution of this Common Council, authorizing the payment of the sums to the proper parties in whose favor they were drawn. I have used every endeavor to find out who the parties were and consulted the Chief of Detectives, who detailed one of his detectives to work upon the case, which, however, availed nothing. I am not satisfied to leave the office without further effort being made, and I ask this Common Council that an expert be employed to compare the hand-writing of several parties, and which I have learned can be made at an expense not exceeding \$25.00, and I deem it due to myself and to the citizens of Rochester that an expert be employed to give this matter a thorough examination and report the results of his investigation to this Common Council.

Respectfully,

PETER SHERIDAN,
City Clerk.

Ordered received, filed and published.

By Ald. Rauber—Resolved, That the Finance Committee be, and hereby is, authorized and directed to procure the services of an expert, at a sum not to exceed \$25.00, to examine the hand-writing of the checks and of other persons with a view of detecting who the guilty party or parties may be.

Adopted by the following vote:

Ayes—Ald. Tracy, Calihan, Ford, Green, Rauber, Edelman, Beard, Casey, Selye, Ward, Steele, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—18.

By the Clerk—

Rochester, December 26, 1899.

To the Common Council:

The undersigned, members of the Executive Board, to whom was referred the matter of the proffered acceptance of Hobson park, hereby certify that said Hobson park has been properly graded, the street lines defined by monuments and maps filed in the offices of the County Clerk and City Assessors, in accordance with provisions of resolutions adopted by your honorable board, and recommend that the streets and avenues above named be accepted for public uses. Respectfully,

OSCAR KNEBEL,
JAMES L. WHALEN,
JAMES JOHNSTON,
Executive Board.

Ordered received, filed and published.

By Ald. Wilson—Resolved, That the dedication of Hobson park, as mentioned in the foregoing communication of the Executive Board, be, and the same is hereby accepted as a public street, upon the pay-

ment of all taxes and assessments, local or general, remaining unpaid upon said territory, so taken from said street. And the City Clerk is hereby directed to enter the name of said street in the public street register kept by him, and said Executive Board is hereby instructed to place the usual street signs where needed at the corners of said streets. And the City Assessors be, and they are hereby directed to strike from the assessment rolls of the City of Rochester the territory taken for said street as indicated by the map on file in the County Clerk's office and the office of the City Assessors. Adopted.

REPORTS OF STANDING COMMITTEES.
FINANCE BUDGET, NO. 13.

Rochester, N. Y., Dec. 26, 1899.

By Ald. Rauber—Resolved, That in pursuance of Section 58 of the City Charter, the City Clerk be and he hereby is, directed to draw warrants on the City Treasurer, in favor of the following named persons, for the amounts set opposite their respective names, and that the City Treasurer be and he hereby is directed to pay said warrants when there are funds applicable, and charge the proper funds as follows:

ACTION ON ORDINANCES.

FINAL ORDINANCES.

By the Clerk—

City Clerk's Office,
Rochester, N. Y., Dec. 26, 1899.
To the Honorable, the Common Council of
the City of Rochester:

Gentlemen—I do hereby certify that a notice, such as is required by section 172 of the City Charter, specifying each of the improvements contemplated by the following final ordinances, the estimated expenses thereof, the amount, if any, of such expenses to be paid from the public treasury, the portion or part of the city to be assessed for the remainder of the expense, and requiring all persons interested in the subject matter of the improvement to attend at the time appointed in such notice, was published daily for four days in two daily newspapers printed in this city, namely the Rochester Union and Advertiser and the Rochester Herald.

Respectfully submitted,

PETER SHERIDAN,
City Clerk.

Received, filed and published.

FINAL ORDINANCE, NO. 7,913.

MERRIMAN STREET CEMENT WALKS, BRICK GUTTER AND STONE CURBS.

On motion of Ald. Wilson, the Common Council proceeded to hear allegations in relation to the improvement described in the following ordinance, viz:

An ordinance for cement walks, brick gutter and stone curbs on Merriman street, from Atlantic avenue to Anderson avenue, and after hearing such allegations from all persons appearing,

The Common Council of the City of Rochester, do ordain and determine that the following improvement is necessary and should be made, to wit:

The construction of a Portland cement walk 4 1-2 feet wide on each side of Merriman street, from Atlantic avenue to Anderson avenue, except where good flag or cement walks now exist, which may be relaid if not conforming to the proper grade and alignment; also the necessary sidewalk grading, curb, brick gutter and roadway grading.

And the City Engineer, under direction of this Council, having made and reported as an estimate of the expense thereof, the sum of \$2,200, which, being deemed reasonable, is hereby approved, and the whole expense of such improvement is hereby directed to be assessed upon all the following portion and part of the city which this Council deems proper to be so assessed for, and will be benefitted by such improvement, to wit:

One tier of lots and parcels of land on each side of Merriman street, from Atlantic avenue to Anderson avenue.

Adopted by the following vote:

Ayes—Ald. Calihan, Ford, Green, Rauber, Edelman, Beard, Casey, Selye, Ward, Steele, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—17.

The final ordinance for Glendale park improvement came up. Ald. Selye moved that action be postponed until Friday, December 29th. Ald. Steele moved as an amend-

ment that the ordinance lie on the table until the second meeting in January.

Lost by the following vote:

Ayes—Ald. Calihan, Beard, Steele, Judson, Wilson—5.

The motion of Ald. Selye was then adopted.

Nays—Ald. Tracy, Ford, Green, Rauber, Edelman, Casey, Selye, Ward, Pauckner, Kelly, Ernst, Mead, Reichenberger—13.

Action on the following ordinances:

Joseph avenue asphalt improvement.

Joseph avenue block improvement.

Park avenue improvement.

was postponed until the second regular meeting in January.

UNFINISHED BUSINESS.

Action on the mayor's veto in relation to amending the contract between the city and the Bell Telephone Company, and published at page 688, current proceedings, came up.

Messrs. John Barhite and Joseph Taylor were heard on the subject.

Ald. Kelly moved that action on the veto be postponed until Friday evening, December 29th. Adopted.

EXECUTIVE BUSINESS.

Ald. Mead moved that the Board proceed to appoint Commissioners of Deeds and that the Clerk cast the ballot of the Board for the same. Adopted.

The Clerk reported that the ballot of the Board had been cast for the following named persons, and they were declared duly appointed Commissioners of Deeds for the term provided by law:

Chas. A. Edgerton, J. P. McMahon, William Allen, Chas. E. White, Chas. E. Behan, J. P. Henry.

MISCELLANEOUS BUSINESS.

By Ald. Rauber—Resolved, That the Mayor be and he is hereby authorized and directed, to enter into a contract on behalf of the city and attach thereto the corporate seal, with Thomas Holahan of the City of Rochester, N. Y., prepared by the Corporation Counsel, for the collection and disposition of garbage and removal of dead animals within the City of Rochester, for the period of one year from the first day of January, 1900, on the following terms and conditions:

1. Said garbage shall be collected from all premises once a week during the months of December, January, February and March, and in thickly populated districts twice a week during the balance of the year, and from hotels and restaurants twice a week or oftener if it is necessary, and disposed of outside of the city limits.

2. All garbage shall be collected in water-tight wagons and be covered with heavy canvas or by the use of water-tight barrels with tight covers.

3. The collectors of garbage employed by said contractor shall be uniformed, numbered and registered, and all wagons used or employed by said contractor shall also be numbered and registered.

4. The hours of collecting the garbage shall be between the hours of 6 a. m. and 5 p. m. each day.

5. The wagons used shall be cleaned and washed out with some disinfectant daily.

6. If so desired by the City of Rochester, said garbage shall be delivered at a stated point within the city limits.

7. Said Holahan shall receive as full compensation for such collection and disposition and removal, the sum of \$24,000 per year, payable in monthly installments

of \$2,000 each on the first of each month during said term.

8. Said contract shall further provide that the said Holahan furnish to the city a bond duly signed and executed by at least two freeholders residing in the City of Rochester, in the sum of \$5,000, or by some approved surety company in said sum, conditioned for the faithful performance of said contract in accordance with the terms and conditions thereof; the said bond to be approved as to sufficiency of sureties by the Mayor, and as to form and manner of execution by the Corporation Counsel.

Ald. Edelman moved that action on the resolution be postponed until Friday evening, December 29th.

Adopted by the following vote:
Ayes—Ald. Callihan, Green, Edelman, Beard, Selye, Steele, Pauckner, Kelly, Judson, Wilson, Reichenberger—11.

Nays—Ald. Tracy, Ford, Rauber, Casey, Ward, Ernst, Mead—7.

On motion of Ald. Judson, the Board then adjourned.

PETER SHERIDAN,
City Clerk.

In Common Council, Dec. 29 1899.

ADJOURNED REGULAR MEETING.

Present—Ald. Tracy, Callihan, Ford, Green, Rauber, Adams, Edelman, Beard, Casey, Selye, Ward, Steele, Pauckner, Kelly, Ernst, Mead, Judson, Wilson, Reichenberger—19.

Absent—Ald. Ritz—1.

RESOLUTIONS.

Under this head, Ald. Steele presented to Ald. J. Miller Kelly, retiring chairman, on behalf of the aldermen of the Common Council, a beautiful davenport as an appreciation of the fair and impartial manner in which he discharged his duties as President of the Common Council. Ald. Kelly responded in feeling terms, expressing his regret that the official relations existing between the aldermen and himself would soon be severed, but the friendly relations would exist forever, and thanked the aldermen for their beautiful present.

By Ald. Rauber—

Rochester, N. Y., Dec. 29, 1899.

To the Common Council:

The accompanying bills and estimates, as per the following statement, having been lawfully contracted, examined, audited and settled by this Board, are hereby certified to your honorable Board for approval, pursuant to Sec. 148 of the City Charter.

Respectfully submitted,

CHAS. M. BEATTIE,

Clerk of the Executive Board.

 Office of the Executive Board,
 Rochester, N. Y., Dec. 28, 1899.

To the Common Council:
 Gentlemen—At a meeting of December 19, 1899, a resolution was passed by your honorable body directing the executive Board to award the contract for a new sewer in Monroe avenue, under Ord. No. 7,317, passed Nov. 9, 1898.

The contract was duly awarded to F. A. Bwotsch, the lowest bidder, but this action was reconsidered upon the urgent representations made to this Board by a large number of the interested property owners who claimed that no necessity existed for the building of the sewer at the present time.

In view of these facts the Executive Board herewith respectfully refers the matter to your honorable body for further consideration and action.

Respectfully submitted,
 CHAS. M. BEATTIE, Clerk.

On motion of Ald. Pauckner referred back to the Executive Board.

REPORT OF THE CORPORATION
COUNSEL.

Office of the Corporation Counsel,
Rochester, N. Y., Dec. 29, 1899.

To the Honorable the Common Council of
the City of Rochester:

Gentlemen—In pursuance of the laws and ordinances of the City of Rochester I have the honor to submit the following statement of the number of actions pending, commenced and decided in this department since the first day of January, 1899, with a brief statement of their nature, the number of actions now pending, and such other matters as relate to this office.

Schedule A.

This list contains the title of all actions that were commenced prior to the first day of January, 1899, and which were then pending, and in which the City of Rochester is a party, and shows what disposition has been made of said actions since said date. The cases contained in this list are found in schedules "C," "D" and "E" of the report of this department for the year 1898.

SUPREME COURT.

People of the State of New York, ex rel. Jerome J. Garrett, against Oscar Knebel et al., constituting the Executive Board of the City of Rochester.—Certiorari proceedings to review action of

the Executive Board in dismissing the relator from employment. Order of discontinuance granted (upon stipulation). Order entered.

Assessment made in 1897. Case tried before S. D. Bentley as referee. Relief prayed for by relator granted. Assessment vacated and set aside. Motion to confirm report argued before Special Term, resulting in a decision in favor of relator. Appeal to Appellate Division. Assessment set aside by order of the court.

John Conway against the City of Rochester et al.—Action to restrain the Executive Board from letting contract for paving Lyell avenue, and also declaring ordinance for such improvement void and invalid. Appeal on motion to vacate injunction argued in Court of Appeals September, 1898. Decision in favor of plaintiff, reversing order dissolving temporary injunction. Case tried on the merits at December Equity term before Nash. Decision handed down by Justice Nash in favor of the plaintiff.

People ex rel. Cochrane against the Common Council of the City of Rochester.—Mandamus proceedings to compel the reinstatement of relator as assistant Overseer of the Poor. Argued in Special Term before Justice Davy, June, 1898. Application dismissed. Appeal to Appellate Division, and decision rendered at November term affirming order of Justice Davy, but remittitur of Appellate Division will have to be amended before order of affirmance can be entered. Decision by Appellate Division in favor of defendants. Proceeding abated by death of relator.

Matilda Schneider against the City of Rochester.—Action to restrain city from appointing new commissioners in the Matter of Opening a Street from Central Avenue to Granger street. Case argued in Appellate Division. Judgment of Supreme Court affirmed by Appellate Division. Case appealed to Court of Appeals. Complaint ordered dismissed with costs to plaintiff.

People ex rel. Sparr against Board of Education of the City of Rochester.—Mandamus proceedings to compel appointment

of relator, a veteran, as janitor of public school. Case argued at Special Term before Justice Dunwell. Order granted directing writ of mandamus to issue requiring Board of Education to assign Sparr to duty, and directing relator's damages to be assessed. Motion for application for assessment of damages argued at Special Term before Justice Dunwell. Sparr received \$350.00 and position as janitor, giving City general release and order of discontinuance.

Grace C. Lathrop against City of Rochester, et al.—Partition action in which it is alleged that general city taxes for 1896, 1897, 1898, and 1899, are assessed in name of Geo. W. Lathrop who died in 1892. It is asked that the validity of these taxes be determined. Summons and complaint served on City Treasurer.

Balthasar Stock against Oscar Knebel, James L. Whalen and James Johnston, individually and as composing the Executive Board of the City of Rochester.—Action to restrain defendants from letting contract for improvement of Ames street, under the ordinance of the Common Council providing therefor. Motion to vacate injunction argued. Decision reserved.

Rochester Railway Company, complainant, against the City of Rochester and Samuel B. Williams, as Treasurer of said City of Rochester.—Action in equity No. 6,816. Subpoenae served upon Treasurer Williams.

Henry Saucke, plaintiff, against the City of Rochester, Oscar Knebel, James L. Whalen and James Johnston, composing the Executive Board of the City of Rochester.—Action to restrain Executive Board from letting contract for pavement of Clifford street and to restrain city from doing any acts under ordinances for said improvement, and to have said ordinances declared illegal and void. Motion for temporary injunction argued. Decision reserved.

SCHEDULE D.

The following actions are pending and have been partially disposed of.

Moffett Hodgkins & Clarke Co. against the City of Rochester—Action to reform a bid for work on Rochester additional water supply conduit lines and restraining the City of Rochester from prosecuting on a bond of \$90,000 given by plaintiffs at the time the bid was presented to the Executive Board, for work. The District Court of the United States rendered a decision in favor of the plaintiff and an appeal was taken to the United States Circuit Court of Appeals. Case argued before said court in New York, at November term, 1898, and decision in favor of the defendant dismissing the petition of plaintiffs and ordering proceedings remitted to United States District Court. The complainants obtained writ of certiorari to have case reviewed by United States Supreme Court.

SUPREME COURT.

Charles Twist, as administrator, against the City of Rochester—An action to recover damages for injuries which resulted in death by reason of an alleged defective construction of police patrol system. This case was tried by my predecessor, and a verdict of \$5,000 awarded plaintiff. Case appealed to the Appellate Division. Reargued before Appellate Division. Decision rendered against the city. Appeal taken to Court of Appeals. Appeal pending.

Theresa Elias against the City of Rochester.—Action to recover \$10,000 damages for injuries sustained by falling on an alleged defective sidewalk. Case tried at November term before Justice Nash. Nonsuit granted. Motion for new trial denied and plaintiff permitted to go to Appellate Division on exceptions. Appeal pending in Appellate Division.

Mary E. Hawley against City of Rochester.—Action to recover \$10,000 damages by reason of alleged negligence of the city. Case tried before jury, verdict no cause for action. Motion for new trial argued. Decision reserved.

Chauncey B. Woodworth, et al., against City of Rochester.—Action to recover \$10,000 damages for pollution of Genesee river by East side sewer. Case will come up for trial at January term.

Catherine Yount against City of Rochester.—Action to recover damages for pollution of Genesee river by reason of the emptying of the East side sewer therein. Damages claimed \$3,000. Case pending.

Delos L. Polly against City of Rochester.—Action to recover damages for pollution of Genesee river by reason of the emptying of East side sewer therein. Damages claimed \$3,000. Case pending.

George Yauchz against City of Rochester.—Action for \$3,000 damages for injuries to plaintiff's premises caused by pollution of Genesee river by East side sewer, and for an injunction. Case pending.

A large number of the actions which appear pending in the foregoing schedules have been practically disposed of and verdicts have been rendered in favor of the city. The time to appeal in many cases not having expired, in other cases appeals are pending, and in many instances the cases are in the hands of the courts awaiting decision.

RECAPITULATION.

Number of cases pending Jan. 1, 1899	63
Number of cases instituted since Jan. 1, 1899	41
Total	104
Number of cases pending Jan. 1, 1899, determined and disposed of since that date	41
Number of cases instituted since Jan. 1, 1899, and determined and disposed of since that date	14
Number of cases pending, including those partially disposed of	49
Total	104

The amount involved in the above cases which were tried and disposed of by this office since January 1, 1899, is the sum of \$124,916.50 and there was recovered but one judgment against the city in the same, viz. In the case of Fannie Sprague, in which a verdict for the sum of \$5,000 was rendered.

In addition to the above there is also included actions commenced for sewer overflows in which the damages claimed amounted to the sum of \$4,750, and which

were settled on the city paying the sum of \$1,375.

Since June 1, 1898, when I assumed charge of the office of Corporation Counsel, there has been disposed of actions in which claims against the city amounted to the sum of \$305,705.77, and there has been paid in the settlement of the same the sum of \$3,728.25, which included the sum of \$1,000 paid in settlement of the Quigley case, and the sum of \$2,528.25 in settlement of claims for damages arising out of sewer overflows.

There has been but one recovery in any action against the city of Rochester since I became Corporation Counsel, June 1, 1898, viz., A verdict of \$5,000 in the case of Fannie Sprague against the City of Rochester.

CONDEMNATION PROCEEDINGS.

There have been disposed of in this office since June 1, 1898, the following condemnation proceedings:

Extension of Oswego street; extension of Conkey avenue.

The following condemnation proceedings have been commenced since said date: Opening and widening of Hollenbeck street; change of Maple street crossing over the N. Y. C. & H. R. R. R. and the B. R. & P. R. R. Company; widening of an alley from Upton park to Rundel park.

The following condemnation proceedings have been commenced and completed since said date: Extension of Leighton street.

The following condemnation proceeding have been reopened since said date, and is now pending: Extension of Sawyer street.

ASSISTANT AT POLICE HEADQUARTERS.

The assistant at Police Headquarters, Richard L. Saunders, has disposed of and transacted the following business for the department during the year 1899:

Total number of cases prosecuted	854
Total number of convictions	686
Total number of cases prosecuted in infants' court	24
Total number of convictions	13

There has been prosecuted in this office since January 1, 1899, 7 cases instituted by the Overseer of the Poor in bastardy proceedings; in which the city was successful in all but one.

In addition to the above work performed by this department, the department has acted as legal advisor for all the departments of the city government with the exception of the Board of Health, and as an incident thereto rendered invaluable and numerous services to these departments in the matter of opinions, both written and oral, in respect to the transaction of the business of said several departments.

This office has also acted as counsel and advisor for the Law and Erroneous Assessment Committees, which have met preceding each meeting of the Common Council during the past year and have necessarily disposed of a large amount of business as appears by the reports presented to the Common Council by these committees from time to time.

In conclusion I desire to thank the members of the Common Council, and each of the several departments of the city government for the courtesies extended to this office and the manner in which they have assisted it in the performance of the large amount of work which has been completed during the past year.

I also desire to thank the employees of the office for the assistance rendered, which enables us to make the showing which we have.

There is at present less litigation pending

against the City of Rochester than in many years, and nearly all the litigation pending has been practically disposed of. The most of the litigation pending at the present time arises out of the pollution of the lower Genesee river by reason of the emptying therein of the contents of the East Side sewer. Very few negligence actions are now on the calendar.

All of which is respectfully submitted.
 JOHN F. KINNEY,
 Corporation Counsel.

Ordered received, filed and published.
 By the Clerk—

ANNUAL REPORT OF PARK COMMISSIONERS.

To the Honorable, the Common Council of the City of Rochester :

Gentlemen—In conformity with Section No. 11, Chapter No. 604, of the laws of 1895, which requires that "on the last Thursday of December of each year, each officer and department of said city (Rochester) shall present to the Common Council a detailed statement of the transactions of his office or department during the preceding year, giving an estimate of the amount necessary to meet the expenses of such office or department during the coming year," we present the following reports and estimate.

The Treasurer's report contains a full statement of the finances of the Board, and the Superintendent's report a full account of the field operations.

Respectfully submitted,
 E. M. MOORE, President.

Rochester, N. Y., Dec. 27, 1899.

To the Board of Park Commissioners :
 Gentlemen—I herewith present to you my yearly report for transmission to the Common Council :

Two lots were bought of Charles H. Wiltzie and Harriet H. Wiltzie, his wife, for nine hundred dollars, and are described as follows :

All that tract or parcel of land situate in the City of Rochester, County of Monroe and State of New York, and known and distinguished as lots numbers twenty-three and twenty-four in Valentine Gill's subdivision or map of sections "A" and "D" of the Carthage Tract, so called; said lots numbers twenty-three and twenty-four front on the east side of Genesee avenue and are together one hundred twenty-two feet wide front and one hundred twelve feet wide in rear and one hundred fifty-nine feet deep, extending easterly to the center of Center street.

They were bought on the 26th day of June and the deeds were recorded in Liber 610 of Deeds at page 495 in the Monroe county clerk's office.

Seven other pieces were bought from Herman S. Brewer and Eliza R. Brewer, his wife. Two described in a deed dated July 10, 1899, and recorded in liber 617 of deeds at page 60, consideration two hundred and fifty dollars. The description is as follows:

All that tract or parcel of land situate in the City of Rochester, County of Monroe, and State of New York, bounded and described as follows, viz.: Commencing at a point in the center of a street running westerly from North St. Paul street, which point is opposite southerly from a point distant twenty (20) feet easterly from the southeast corner of the Tannery building formerly owned by Horace Hoyt, and in the northerly line of said first named street; thence running northerly at right angles to said first named street to the south line of land now owned by the City of Rochester, formerly owned by the estate of Hiram Sibley; thence running westerly along said south line to a line to be drawn from a point distant twenty-seven (27) feet westerly from the southwest corner of said Tannery building and parallel with the easterly line of the premises hereby conveyed, which last named point is in the southerly boundary of the Tannery building property hereby conveyed; thence

running southerly along said line last described to said last named point; thence running easterly to the point of beginning.

Also other land lying easterly of and adjoining the above described premises and between them and North St. Paul street, and bounded and described as follows: Commencing at a point in the line between the lands of Heman S. Brewer and wife and the estate of Hiram Sibley, which said point is also in the easterly line of the lands of the city of Rochester, and one hundred and fifty (150) feet westerly measured at right angles from North St. Paul street, and 275.94 feet southerly from a stone monument mentioned in a deed from the Hiram Sibley estate to the City of Rochester, dated February 4, 1891, and recorded in Monroe county clerk's office in liber 525 of deeds, at page 169; thence south five (5) degrees seventeen (17) minutes and forty-five (45) seconds west on a line parallel with North St. Paul street, and one hundred and fifty (150) feet distant westerly therefrom, 183 4-10 feet to the center of a street running westerly from North St. Paul st.; thence north eighty-seven (87) degrees, twenty-one (21) minutes and twenty-five (25) seconds west on the center of said street leading from North St. Paul street, 71 and 65-100 feet to the east line of the lands conveyed by John R. Potter and wife to Heman S. Brewer, and recorded in liber 302 of Deeds, at page 182; thence north two (2) degrees thirty-eight (38) minutes and thirty-five (35) seconds east at right angles to the street leading from North St. Paul street, one hundred and sixty-nine (169) feet to the north line of Heman S. Brewer's land; thence easterly 80 65-100 feet on the north line of Heman S. Brewer's land to the place of beginning, containing 293-1,000 acres of land.

One piece described in a deed dated August 12, 1899, and recorded in Liber 619 of Deeds, at page 77, consideration one hundred dollars. The description is as follows:

All that tract or parcel of land, situate in the City of Rochester, County of Monroe and State of New York, bounded and described as follows:

Commencing at a point in the center of Genesee avenue at the fork in the said avenue opposite and westerly from Lot No. 22, Section "A" of a map of Carthage; thence running northerly on the east side of the west fork of said Genesee avenue 551 and 63-100 feet to the south line of the tannery lot; thence westerly on the south line of said tannery lot about fifty (50) feet to the east line of the road going down the hill; thence northerly seventy-four (74) feet on the east line of said road to the angle in said road; thence easterly on the south line of said road and the same continued, 43 13-100 feet to the east line of said west fork of Genesee avenue; thence southerly on said east line of the tannery lot; thence easterly on the south line of the tannery lot 72 feet to the west line of the east fork of Genesee avenue; thence southerly on the west line of the easterly fork of said avenue 550 56-100 feet to the point of beginning. The said premises being marked with the name of H. S. Brewer and colored yellow on a map of said premises made for the City of Rochester, signed by said Brewer, dated this day, and to be filed in Monroe County Clerk's office herewith.

Four pieces described in a deed dated August 14, 1899, and recorded in Liber 616 of Deeds at page 235, consideration \$10.00. The description is as follows:

All that tract or parcel of land situate in

the City of Rochester, County of Monroe and State of New York, described as follows:

Commencing at the point of intersection of the premises hereby intended to be conveyed, with Genesee avenue or road running from St. Paul street westerly to the premises hereby intended to be conveyed, being the southeast corner of said land; thence westerly to the top of the high bank on the east, side of the Genesee river; thence along the verge or top of the high bank in its courses and windings northerly and northeasterly to the west line of Genesee avenue, leading down the hill to the landing; thence along the west line of said avenue southerly to the place of beginning, excepting lands formerly owned by the heirs of Obadizah Green, late of Rochester, deceased, intestate, and heretofore conveyed to the party of the first part, Heman S. Brewer.

Also all that other piece or parcel of land, situate in the City of Rochester, County of Monroe and State of New York, in that part of the city formerly called Carthage, described and bounded as follows:

Commencing in the south line of Genesee avenue, a street leading from North St. Paul street, at a point about 350 feet westerly from the west line of North St. Paul street; thence westerly along said line of Genesee avenue produced to the top of the high bank on the east side of Genesee river; thence along the verge or top of the high bank in its courses and windings northerly and northeasterly to a point in the west line of Genesee avenue leading down the hill to the landing, said point being the northeast corner of a lot of land formerly owned by O. Green; thence along the west line of said avenue southerly to the place of beginning; excepting lands formerly owned by the heirs of Obadizah Green, late of Rochester, deceased, intestate, and heretofore conveyed to Heman S. Brewer.

Also all that tract, piece or parcel of land, situate in the City of Rochester, County of Monroe, State of New York, and bounded as follows, viz: On the north by land conveyed by Rufus Keeler and others, to Samuel D. Porter, by deed recorded in Monroe County Clerk's office in Liber 112 of Deeds, at page 56; on the east by land conveyed by Rufus Keeler and others to Charles L. Hendricks, by deed recorded in Monroe County Clerk's office in Liber 135 of Deeds, at page 452; and on the south and west by lands conveyed by Rufus Keeler and others, to Stephen Y. Alling and Lewis H. Alling by two several deeds, one of which is recorded in said Monroe County Clerk's office in Liber 126 of Deeds, at page 187, and the other of which is recorded in said Clerk's office in Liber 134 of Deeds, at page 282. The above lands and premises being on the east high bank of the Genesee river and in that part of the City of Rochester formerly known as Carthage. Being the same premises conveyed to Heman S. Brewer by Louisa H. Northrop and Sarah E. Robinson, only heirs at law and devisees of Nehemiah B. Northrop, deceased, by quit claim deed dated April 24th, 1899.

Also all that other piece or parcel of land, situate in the City of Rochester, County of Monroe, and State of New York, being in that part of said Rochester called Carthage, which is bounded as follows: Beginning at a stone monument at the southwest corner of the lot on which Hooker's north warehouse on the top of the hill on "River bluff" was situated; thence running east-

erly thirty-seven (37) feet to the line of the road down the hill; thence northerly along the west line of said road eighty-one (81) feet and six (6) inches; thence westerly to a stake standing ten (10) feet to the northward of the northeast corner of said warehouse site, sixty-five (65) feet; thence southwardly along the east line of said warehouse site sixty-two (62) feet and six (6) inches to the place of beginning. Containing thirteen and one-half (13 1/2) rods of land more or less.

The premises hereby conveyed being the same premises conveyed by the heirs of Adonijah Green to Eliza A. Holton, by deed dated September, 1870.

At Seneca park, east, during January and February the lake was kept cleared of snow and about 2,500 persons enjoyed the skating. The ice house was filled with a very fine quality of ice from eight to thirteen inches thick. Many trees that had been growing too closely were taken from the thick forest at the lower end of the park. All through the park where the land is moist a large number of the heart-leaved willow, scientifically known as *Salix cordata*, were cut down. These willows were diseased and always looked shabby, and were replaced with more desirable plants. The meadows and part of the groves were manured and the manure worked among the grass and trees with a drag from thorn trees. The foreman's house was painted inside and outside and a few rooms papered. The benches, seats and tables, the stable near the foreman's house, and piazza floor of the shelter, and the walls and ceiling in kitchen of the shelter were painted. One hundred white pines taken from the overcrowded pinetum in Highland park, and about one hundred red cedars and one hundred pitch pines, collected on the eastern shores of Irondequoit bay, were planted in Seneca park, east. Several hundred white, black, red, burr and swamp white oaks were taken from the park nurseries and planted on the border plantation along the railroad. A small number of chestnut, post, laurel-leaved and pin oaks, were also planted in various parts of the park. Some fine views of the river had become closed by the fast growing trees in the forests on the bank of the river, and it became necessary to cut trees again to open up the views. It was necessary to water many of the young trees during the very dry weather. The overflow from the well at Trout lake was measured during the driest time this summer, August 31st, and it was found that 67,000 gallons of water were running over the wall in twenty-four hours. A small piece of land south of the shelter was seeded to grass late in the fall. The privilege to live in the shelter and sell light refreshments to park visitors was let to Mrs. F. L. Gates of Rochester, for two years, which time will expire April 1, 1901. The rental is fifty dollars a year.

At Seneca park, west, the roads were scraped and rolled in April to put them in shape for the summer. The twelve acres of land plowed in the fall of 1898 for seeding were cultivated several times during the summer to kill the quack grass and to smooth the ridges. Just before seeding it was harrowed with the disk, acme and smoothing harrows, to take out all the sharp angles in the land and make it smooth. The land was very stony, and it was necessary to pick off the stones. The land was well manured, and on two acres of it a ton of phosphate was sowed to stim-

ulate and quicken the growth of the seed. Seed was sown at the rate of 30 pounds of red top, 30 pounds of blue grass and 10 pounds of white clover per acre. The very best extra re-cleaned seed was sown. After seeding the land was rolled. The last day's seeding was done on September 25th, and now there is a fine crop of grass growing where the seed was sown.

At Highland park during the winter the half hardy plants were protected from cold and sun with leaves, evergreen branches and boxes, and the rhododendrons by tying burlaps over the branches to protect the leaves from scalding by the winter sun. The winter sun scorches the broad leaved evergreens, and it is necessary to protect them until the trees, under which they are generally planted, grow to shade them. The shrubs in the collection were pruned during January and February, and the ice house was filled with excellent ice during the cold snap in February. About three hundred loads of stable manure were hauled and spread over the grass in situations where the soil is light.

The Administration Building was completed by ceiling and plastering. The upper floor of the children's pavilion was repaired, and both floors and the steps were painted with navy deck paint. The railings on both floors were each given two coats of Crockett's spar composition, and the steps of the Administration Building were painted and the floors oiled. The workshop in the Administration Building was ceiled and a seed room built at the west end of it. Four frames, ten by five feet, and twelve sashes were constructed for hot bed purposes.

A nursery of twenty-three thousand seedling trees and shrubs raised in Highland park was established in the Frost tract at Genesee Valley park. A number of small trees were bought from nurserymen to be grown as a supply for park planting whenever necessary. A collection of European, American and Asiatic thorn trees and Asiatic crab apples, Japanese ashes and oaks were planted along the borders of the driveway leading from Highland avenue to Elmwood avenue.

Thirty thousand annuals, biennials and perennials were raised in hotbeds and cold frames to plant around the children's pavilion and other places in Highland park, Franklin park, near the Shelter at Seneca park, and near some of the buildings in Genesee Valley park. Thirty-seven thousand bulbs of narcissus, iris, glory of the snow, crocuses, tulips, hyacinths, and snow drops were planted in Highland, Washington square and Franklin park. As the summer was the driest on record since the establishment of the weather bureau, plants suffered from the effects of drought. Great care and pains were taken to cultivate the soil around all plants for the purpose of conserving the moisture.

One hundred and twenty new species and varieties of shrubs have been added to the collection this year. A considerable number of those have not, as far as I know, been tested or cultivated heretofore in this locality, and their hardness is consequently under trial.

The collection now embraces about sixty families, one hundred and fifty-five genera, and about twelve hundred and forty-five species and varieties.

One hundred and forty-four new varieties of evergreens, many imported from England, were added to the collection of coniferous evergreens in the pinetum. The col-

lection now embraces one hundred and fifty-three species and varieties of the following named genera: Abies, 27; Picea, 17; Pinus, 33; Larix, 6; Juniperus, 27; Taxus, 10; Cedrus, 4; Cupressus, 4; Thuiopsis, 1; Torreya, 1; Cephalotaxus, 1; Podocarpus, 1; Cryptomeria, 1; Anthrotaxus, 1; Sciadopitys, 1; Lobocedrus, 1; Thuja, 16; Sequoia, 1; total, 153.

Two or three of each variety of plants in the shrub collection and in the pinetum were labelled with both the common and scientific name. The labels were made of wood with a wire to stick into the ground. They were painted green so as not to be offensively conspicuous, and lettered with yellow letters which are more legible than any other color. The nomenclature of the plants is the same as that recently adopted by the United States government at Washington, the Arnold Arboretum at Boston, and at Cornell University.

Insect pests made their appearance in considerable numbers on many of the shrubs and plants. Red spiders, different forms of plant lice, aphides and several species of caterpillars, and borers have all been persistent in their attacks. The long continued droughts that have occurred during the past two or three years are probably the cause of rendering them liable to insect attacks. Constant syringing and spraying was kept up with kerosene emulsion, whale oil soap and tobacco water applied with a powerful force pump. In most cases the pests were destroyed or kept under control.

Mrs. Jacob Young has the privilege of selling refreshments at the Administration building at Highland park at a nominal sum.

A largely increased number of persons visited the park during the summer. Church, school, club and family picnics, were of daily occurrence. It is noticeable that large numbers of persons take a discriminating interest in the shrubs and various plants in bloom throughout the season. When the one hundred varieties of lilacs were in bloom crowds of people visited them daily and noted in books their favorites for future reference. Many old varieties, that have been advertised in nursery catalogues for years, were greatly admired.

At Genesee Valley park during January, February and March, the teams were busy drawing cinders from the Vacuum Oil Works to repair the bicycle paths in the park, and to fill in the barn yards and around the tool houses and bicycle and horse sheds. They also drew out the manure from the sheep sheds and spread on the meadows and around the trees. A large number of closely growing poplars and willow trees along the banks of the river were cut down. Many of the useless trees and shrubs in the Frost nursery were cut and burned. A few of the old trees in the picnic grove, having become decayed and unsightly, were cut down, and all of the shrubs on the border plantation were pruned.

During April the cinder paths on both sides of the river were rolled and the roads scraped and rolled. Some of the evergreen trees southeast of the picnic grove were taken out and transplanted to other parts of the park, and several too large to transplant were cut down and destroyed to make room for the remaining trees to grow and develop into fine specimens. A part of the Frost nursery was plowed preparatory to establishing a park nursery, and many

trees and shrubs from Highland park and from the young forest plantation were planted there.

In May the athletic grounds and ball grounds were repaired for summer use and from the athletic building near Elmwood avenue bridge to the Rochester Athletic Club House a cinder path six feet wide was built for pedestrians and wheelmen. A boy was in charge of the Athletic House to keep it clean and comfortable, and to keep track of the keys of the lockers while the athletes were working on the track. On the meadow west of Red creek nine golf links aggregating one and one-half miles in length were laid out. The land on the west side of the river, not used for nursery purposes, was sowed to oats, carrots, beets and rape for the sheep and horses. The seats, benches and picnic tables were all painted and the foreman's house was shingled and a little painting done inside. A new pump was put into the well near the Rochester Athletic Club House. An ice box was made and the barrel in the Athletic Building near the bridge was kept filled during the summer with ice water. Pails and dippers were kept to loan to the ball players.

Fifty small lockers were put into the Athletic Building for the accommodation of golf players. A tennis court was graded on the meadow near "The Beeches." The mild weather of November and December enables the park employees to do a good deal of work in revising the forest planting in both Seneca and Genesee Valley Parks. These forests require a good deal of care and usually the season of planting is too short. Many hardwood trees, mostly oaks, were added to the forests, and many of the soft wood trees used as nurse trees taken out. A variety of shrubs to form an undergrowth were planted to shade the ground and prevent the growth of grass which greatly retards the growth of trees. A large number of hickory nuts, of a choice light-shelled and pleasant tasting variety, were planted in the small forests. Walnut, butternut, oaks, Kentucky coffee trees, planted ten years ago in November, fruited this year. The forest border through "The Forest Road," was rearranged and replanted with some more desirable shrubs than some that came up themselves. Shrubs that are fragrant or beautiful in flower, foliage and fruit, or that have brilliantly colored bark in winter, are preferred.

The ball grounds, athletic grounds, picnic grounds and golf links were used almost constantly during the summer, and the golf links very late in the fall.

CITY PARKS AND TREES.

A small force of men cleaned the snow from the walks in the small parks during the winter and cared for them during the summer. The eggs of the Tussock moth were destroyed during the summer on the streets on which the trees were most infested with them. The eggs are found not only on the trees, but on fences and houses, and the horse chestnut and basswood trees are most subject to the attacks of the insects.

The trees on the following named streets were cleaned of the eggs of the Tussock moth:

Chatham street, north and south; Andrews street, Franklin square, Clinton street, Central avenue, Joiner street, Nassau street, Gorham street, Martin street, Franklin street, East avenue, Weld street, Woodward avenue, Hudson avenue, Harrison street, Amity street, Rome street, Jones street, Oak street, Sophia street, Allen street, Frank street, Wadsworth square,

Washington square, Plymouth square, Brown square, Jones square.

The streets mentioned are located in the districts that have been the most affected by the larvae of the Tussock moth:

The trees were trimmed on the following named streets:

Clifford street, from St. Paul to Harris avenue; Avenue A, from St. Paul street to Conkey avenue; Avenue B, from St. Paul street to Conkey avenue; Park avenue, from Vick park to Culver street; Bates street; Bowen street; Buckingham street; Westminster place; Argyle street; Brunswick street; Culver street, from East avenue to Canal; Alliance avenue; Adelaide park; Shepard street; Rosedale park; Rosedale avenue; Werner park; Klinck street; Avondale park; Monroe avenue, from Canal to Cobb's Hill; Keller street; Rutgers street (young trees near Monroe avenue); Boardman avenue; Amherst street; South Goodman, from Monroe avenue to Canal; Edmonds street; Maple place; Melgs street, from Monroe avenue to end of street; Benton, from Mt. Vernon avenue to Melgs street; Comfort, from South avenue to Mt. Hope avenue; Romeyne street; Orange street; Smith street; Whitney street, from Smith to Kondolf; Magne; Grape; Brown; Allen, from Brown to King; George's park; Jefferson avenue, from Brown street to West avenue; Maple, from railroad to Brown street; Terry; Arkrow; Wilder, from Childs to Wackerman; east part of south side of Vick park, Avenue B; Kent, from Brown to Jay; parts of Phelps avenue and Bloss street; South avenue, from Canal to Reservoir avenue; Mount Hope avenue; Achilles street; Oak, from Allen to Platt; Selye terrace; Brozel park; First avenue; West avenue; Moreton avenue; Filmore avenue; Gardner avenue; Grover avenue; Dewep avenue; Garfield avenue; Lincoln avenue; Wall street; Lozier place; part of Ethel street; part of Glasgow street; part of Edinburgh street; part of Spring street; South Chatham street; Amity street; a few trees on North street; South Fitzhugh, to clear electric lights; Troup street, to clear electric lights; Fulton avenue, from Jones avenue to Lorimer street; Warwick avenue; Wellington avenue; Kenwood avenue; West Frost avenue; West Bronson avenue; Summer street; corner Bronson avenue; Elm street; part of Hanover, on account of moving house; Pearl; Broadway; Richard; Griffith; Marshall; Howell; Elizabeth street; Churchlea place; Arnett and North Washington streets; Flower City park; Pierpont avenue.

Ninety-two dead trees and one hundred and ninety-three crowding trees were cut down during the year.

The work of building new cement walks and a fountain in Jones square was not according to the plan of the landscape architect, but was ordered by the Common Council contrary to the wishes of the City Park Committee.

The tree planting on Genesee street was completed, except a space of several hundred feet on the west side of the street, extending from about Melrose street to Barton street, where the Rochester Railway Company were so dilatory in changing the line of the tracks that the trees could not be planted this fall.

Lenox avenue, a small street, running east from Genesee street, was planted with Norway maples alternating with Carolina poplars.

Darien street, running from Chili avenue to West avenue, not far west of the

intersection of Chili avenue and West avenue, was planted to Norway maples.

Algonquinst street, running north from West avenue parallel with and a short distance west of York street, was planted with canoe birches for a temporary tree, and will be planted with tulip trees for permanent trees next spring. The last three mentioned streets were planted at the owner's expense.

The work on Genesee Park Boulevard was completed except the planting of the tulip and willow trees and sowing the grass seed which will be done next spring.

Three policemen were employed at Seneca park during the whole summer, and during part of the time there were four. One was employed at Highland park all summer and two during part of the time. Three were employed at Genesee Valley park all the summer and four part of the time. The lieutenant spent most of the time at Genesee Valley park. One man was employed part of the time on the small city parks. Nine policemen, besides the lieutenant, were employed during the summer.

The following named persons made presents to the Park Commission during the year:

Mr. William Falconer, Superintendent of Parks, Pittsburg, a valuable collection of water lilies; Messrs. Peter Barr & Sons, of London, a rare collection of single flowering peonies; Messrs. John Keller & Sons, a number of double flowering peonies; Messrs. Peterson & Sons, of Chicago, a rare ash tree, the variety of which has not been identified, and a number of shrubs; Mr. H. W. Sibley offered two very rare and valuable palms, which could not be accepted as there is no green house in which to keep them; Messrs. Ellwanger & Barry gave twenty large yew trees, which were removed from their nursery with a frozen ball of earth in midwinter and planted in Highland park; Mr. George Leitch gave two pairs of lop-eared rabbits; Mr. Frank Sabin gave a great horned owl; Mr. Thos. S. Ross, a porcupine; Mr. William O. Ingle gave six very fine Rouen ducks; Mr. Douglass Ely a sitting of Cayuga black duck's eggs; Mrs. Mary A. Clinton a number of rare cypridiums; Mr. Myron T. Bly sent from his farm in North Carolina twenty-four plants of rhododendron maximum, five leucothoe racemosa and one agaea, which were planted with the rhododendrons in the congenial soil and amid the favorable conditions of the wooded swamp in Seneca park, east.

The material sold from the park, including one hundred and fifty-seven dollars received from the boulevard fund for work of the park teams on Genesee park boulevard, amounts to \$1,687.39. The material sold was carrots, cherries, ducks, eggs, ewes, grass, hay, ice, iron, lambs, pelts, rams, rent, trees, willow cuttings, wood and wool. The revenue from the sheep was \$604.70, and included \$133.58 for lambs killed; \$21.30 for pelts sold; \$256.50 for live sheep and \$193.32 for wool.

The sheep number 179. The other animals in the parks are two horses at Seneca park, two at Highland park, and three at Genesee Valley park. Three American elk or Wapiti deer, one of which was born in June, and one Virginia white tailed deer at Genesee Valley park, and rabbits, crows, pigeons, peacocks, guinea hens, and guinea pigs.

At Seneca park are three American eagles, two crows, two herring gulls, one

red tailed hawk, one Cooper's hawk, one rough-legged hawk, two sparrow hawks, and one unidentified hawk, six great horned owls, one screech owl, four foxes, four raccoons, one coyote, two porcupines, three wood-chucks, one prairie dog, several wild black ducks, several Rouen ducks, a pair of Muscovy ducks, several Pekin ducks, and a pair of Cayuga black ducks, rabbits, guinea pigs, black, gray, red and fox squirrels.

During the summer the park employees collected thousands of wild flowers and planted them in Seneca and Genesee Valley parks. Among those collected were hibiscus, asclepius, trilliums, mertensia, cypreidiums of three species, a large variety of violets, two species of hepaticas, lobelias, leeks, bloodroot, and lilies, and a variety of ferns. Juniper and pitch pine trees were also collected.

The seeds of eleven species and varieties of thorn trees, tupelo, black, yellow and canoe birch, flowering dog wood, fifteen varieties of berries, bladder nut, red and chestnut oak, hickories, buckeyes and cotton-aster, were collected to sow in the spring.

Ordered received, filed and published.

By the Clerk—

City Auditor's Office,
Rochester, N. Y., Dec. 29, 1899.

To the Honorable the Common Council :

Gentlemen—I return herewith two bills of the Union and Advertiser Company, for \$197.25 and \$101.40 respectively, for publication of official proceedings of the Common Council and Executive Board during the month of November last, without approval.

Bills on account of the same services for ten months of the Council year up to November 1st have recently been paid, and which the facts thereon then presented to me appeared to justify me in approving, but which I am now convinced should have been qualified as to the amount allowed thereon.

In the consideration of these later bills, and after further investigation I cannot avoid the conclusion that this being a continuing account for the year, and no valid contract having been made as to a specific price to be paid, the compensation should be reasonable, and governed by the most recent prevailing rates for the same kind of service for other public bodies as well as the Common Council.

I am convinced that 25 cents per inch answers these conditions fully as a price to be paid, although less than that has been paid in some instances, and more in other cases, not recently.

I find that the official proceedings of the Board of Supervisors have for years up to the present been published uniformly by the several papers at that price and no more.

The price now being paid by the Board of Education for publication in the Post Express is 24 cents per inch only.

In view of the above and the fact that the execution of a contract for this year with another publishing firm, at 25 cents per inch was prevented, not for reasons questioning their good faith or ability to properly do the work, I fail to see any good reason for approving any further payment

on this account without a credit of 5 cents per inch, on the whole account, being the difference as between twenty-five and thirty cents, as charged.

On that basis I consider it would be fair to adjust the account to include publication for December bills for the latter not yet presented.

Respectfully,

A. S. MANN, Auditor.

Referred to the Finance Committee.

City Auditor's Office,

Rochester, N. Y., Dec. 29, 1899.

To the Honorable the Common Council :

Gentlemen—In compliance with the provisions of the City Charter, I herewith submit a summary of the business transacted in this office during the present fiscal year, embracing all demands, estimates, pay rolls and claims of whatever nature against the several departments specified, presented to me for audit, and passed upon during said period, viz :

Brick	61
Stone	1
Fire-proof	10
Frame	405
Brick and frame	9
Stone and brick	2
Remodeled brick	28
Remodeled frame	120

Making a total of 636
The present building ordinance has now been in force for two and one-half years and its workings have been satisfactory in the main, but it should be amended in several particulars in the interest of the public.

This office has during the year just closing examined and passed on a large number of plans for new buildings, and has had changes made where necessary to comply with the ordinance, for the better protec-

tion of our citizens. It has also attended to the equipment of the election polls for the various elections and registrations during the year, distributing, collecting and storing the city's property, of which there is about \$35,000 worth in charge of this office. In connection herewith I wish to call your attention to the necessity for a city storehouse for the same, in the interest of safety, economy and accessibility for prompt delivery.

Accompany this I submit a consolidated detailed report of the twelve monthly reports of your building committee which I have heretofore made to your honorable body, showing an increase over last year of \$73,414.00, which shows that Rochester is steadily growing. The total estimated cost of buildings erected and remodeled during the year 1899 is \$1,467,480.00.

This office has also rendered such assistance as lay in its power when called upon from other city departments, besides doing a large amount of routine work for patrons of the office in the shape of giving information to persons desiring to erect buildings, filling out and correcting applications and making reports called for by the state departments at Albany. In conclusion, I wish to extend my thanks to the Building Committee of your honorable body, particularly its chairman, D. W. Selye, who has manifested a lively interest and devoted a considerable amount of time to the work of this office during the past year, and who has been ever ready to lend his aid and advice to any measure to advance the public welfare.

Very respectfully submitted,
JOHN A. P. WALTER,
Fire Marshal.

REPORT OF THE WATER WORKS COMMITTEE.

Rochester, N. Y., Rec. 29, 1899.
To the Honorable, the Common Council :
Gentlemen—Your Water Works Committee submits herewith its report for the fiscal year ending December 31, 1899 :
The committee was this year compelled to deal with an unusual number of complications, arising from a great variety of urgent demands for extensions of mains and the betterment of the existing water distributing systems, coupled with the condition of utmost economy of expenditure.
At the beginning of the year thirty petitions for new mains were on file in the Water Department, and as the season advanced this number was considerably increased. The passage of many ordinances for costly new pavements in streets where it was necessary to enlarge old pipes and to lay additional trunk mains or feeders, also kept swelling the account, until the total number reached, in May, the following proportions :

- (1) No. of majority petitions, 31; estimated cost of complying therewith, \$48,500.
- (2) No. of not majority petitions, 11; estimated cost of complying therewith, \$9,825.
- (3) No. of extensions and betterments requested jointly by aldermen and the Executive Board, 18; estimated cost of complying therewith, \$16,065.
- (4) No. of new feed mains and enlargements of old pipes requested by the Executive Board in advance of construction of new pavements, 5; estimated cost of complying therewith, \$36,370.

The committee had thus to consider early in the season sixty-five different petitions and demands for new water mains, with

an estimated cost of \$110,760; and to meet these various requests, all of which were strenuously advocated as being of the most urgent necessity, the available funds amounted to only about \$23,147. This sum consisted of an appropriation of \$15,000 in the tax levy of 1899, an estimated balance of about \$3,360 in the Water Pipe Extension Fund of 1898, left after unsettled obligations were paid, and the unexpended balance of \$4,786.90 in the Water Distributing System Fund, which was created in 1894 especially to provide for new large feed mains.

Under such embarrassing financial restrictions, the work of your committee became extremely difficult, and on May 23, 1899, it submitted to you an exhaustive report setting forth the conditions as they existed, along with certain recommendations reached after the most mature consideration. The essential points presented therein were that the appropriation of \$15,000 in the tax levy was entirely inadequate to meet absolutely necessary requirements for the public health, comfort and welfare in connection with the water works, and that it was for the public interest to lay the required new large feed mains and make all needed enlargements of inadequate old pipes, before proceeding with the work of constructing expensive new street pavements. Acting on these principles, your committee recommended in said report that at least \$70,260 be made available for the various purposes mentioned, and advised that the difference between this sum and the above-named aggregate amount of \$23,147 be paid temporarily from the revenue of the Water Works Department, proper adjustment of the matter to be made towards the close of the year.

This report and the recommendations contained therein were duly adopted by the Common Council on May 23, 1899, as will be seen by referring to pages 363-366 of the printed proceedings; and arrangements were made soon thereafter for the performance of the various items of work set forth. Owing to unavoidable delays in securing pipe, it has not been possible to complete all that was contemplated originally and added subsequently at different times, and hence only an approximate statement of the expenditures and obligations incurred can now be given. It is, however, believed that the estimated amounts of the liabilities are practically correct.

As near as now be ascertained, the total expenditure for new mains and incidental work, including settlement of existing obligations, is about \$75,745, and for convenience of classification this amount is divided into two parts, one of \$35,175, relating to the extension of ordinary water mains, which is charged to the account of the Water Pipe Fund," and the other of \$40,570, relating to the provision of new large feed mains and the enlargement of small distributing pipes, which is charged to the account of the "Water Distributing System Fund," as per terms of said report. A general statement of the receipts and expenditures properly pertaining to these two funds is herewith submitted:

I. WATER PIPE FUND.

Amount to the credit of the Water Pipe Fund on January 1, 1899, of which all but about \$3,360 was due to meet obligations incurred in 1898	\$11,590 41
Amount to be raised by tax levy of 1899	15,000 00

Amounts paid into City Treasury to the credit of the Water Pipe Fund by private individuals for extension of mains, with consent of the Common Council, such amounts being the difference between the estimated and the actual cost of the work:	
L. J. Church, for water main in Algonquin Terrace, from West avenue north, as per resolution of Common Council on November 23, 1898, less refund of balance of \$28.32 left after completing the work	161 68
J. C. O'Brien, for water main in Darien street, from West avenue to Chill avenue, as per resolution of Common Council on July 18, 1899, less refund of balance of \$72.41 left after completing the work	427 59
C. E. Reeder, for water main in Schell place, from Plymouth avenue about 64 feet west, as per resolution of Common Council on August 29, 1899, less refund of balance of \$35.64 left after completing the work	34 36
Thos. Dransfield, for water main in Elsdon street, from Sherman street about 239 feet west, as per resolution of Common Council on November 14, 1899	220 00
Miscellaneous credits from various sources as follows:	
Rochester Gas and Electric Co., for pipe and castings furnished at various times during the year to assist in emergencies of gas pipe extensions and to replace water pipe covered inadvertently by electric subways	315 93
Chambers & Casey, Eastman Kodak Co., B., R. & P. R. R. Co., and Mount Morris Water Works Co., for pipe and castings furnished at various times during year	132 93
Various persons for pipe and castings for fire sprinkler, standpipe and elevator connections, and for changes of mains to accommodate areas under roadways	279 05
For scrap iron sold to foundrymen	189 92
Total credits	\$23,401 87
The expenditures chargeable to this fund have been approximately as follows, few of the accounts having yet been closed:	
For settlement of obligations incurred in 1898	\$ 8,381 72
For pipe, special castings, valves, hydrants and lead used in ordinary water pipe extensions	11,287 12
For estimated value of old pipe recovered from streets where larger mains were laid at expense of Water Distributing System Fund and used in making ordinary extensions	1,653 72
For estimated labor in trenching and pipe laying under various contracts, some of which are not yet completed	7,262 72
For labor in trenching and pipe laying performed by Water Works repair force	2,926 92
For hauling pipe, etc., estimated..	657 67
For inspection and engineering, estimated	3,000 00
Approximate total expenditures.	\$35,174 87

Deduct total credits as above....	28,401 87
Remainder, paid temporarily out of Water Works receipts, and to be repaid by making proper credit	\$ 6,773 00
II. WATER DISTRIBUTING SYSTEM.	
Amount to the credit of the Water Distributing System Fund, January 1, 1899	\$4,786 90
Amount realized from sale of surplus earth left after laying large main in Elizabeth street.....	20 00
Amount due from Rochester Gas and Electric Co., for repairing 24-in. main damaged by construction of electric subway in Front street	154 38
Value of old water pipe and special castings recovered when replaced by larger new pipe in Caledonia avenue, Elizabeth street, Stone street, Elm street, Front street and Hudson avenue, said materials being used to make extensions of other mains, and hence charged to Water Pipe Fund	1,658 72
Total credits	\$6,620 00
The expenditures chargeable to this fund have been approximately as follows, none of the accounts having yet been closed :	
New 36-in. and 6-in. mains in Caledonia avenue.....	\$25,350 00
New 36-in. and 6-in. mains in Elizabeth street	5,800 00
New 36-in. and 6-in. mains in Front street	1,440 00
New 16-in., 12-in. and 10-in. mains in Hudson avenue	5,970 00
New 6-in. main in Stone street.....	1,200 00
New 6-in. main in Elm street.....	810 00
Approximate total expenditures..	\$40,570 00
Deduct total credits as above....	6,620 00
Remainder, paid temporarily out of water works receipts, and to be repaid by making proper credit	\$33,950 00
The aggregate length of large and small mains laid during the year is 5.86 miles, while 1.73 miles were taken up, thus leaving a net addition of 4.13 miles to the two distributing systems. Of this amount 4.08 miles belong to the domestic, and 0.05 mile to the Holly system; and by adding these quantities to those given in the report of the Executive Board for the year 1898, it will be found that there are now 262.77 miles of distributing pipe in the domestic, and 18.68 miles in the Holly system, thus making a total of 281.45 miles in both systems.	
During the year 45 new fire hydrants were set and 6 old ones removed, thus making a net addition of 39 to the previous number. The total number of hydrants now set within the city limits is 2,773, of which 2,480 are on the domestic, and 293 on the Holly system.	
The number of new stop-valves set in mains during the year was 106, of which 100 were placed in the domestic and 6 in the Holly system. The total number of stop-valves now in place within the city limits is 2,705, of which 2,447 are in the domestic and 258 in the Holly system. In addition to these there are also 264 stop-valves on large service pipes.	
Table No. 1, hereto attached, shows the extensions made in accordance with the direction of your committee, and charged to	

the account of the Water Pipe Fund. Table No. II., shows the extensions chargeable to the Water Distributing System Fund, and Table No. III., gives in detail the location, length and cost of water mains which have been laid in the years 1890, 1891, 1892, 1895 and 1897, with funds advanced by private parties, and for which no reimbursement has yet been made by the city.

At the close of the year there are now on file in the Water Works Department 30 petitions for extending water mains, and the estimated cost of complying with the work requested amounts to about \$45,000.

Respectfully submitted,

The work of the department may be considered in the following order :

HEMLOCK LAKE SURVEY.

Comparatively little work has been done on this survey during the year. The statistics relating to the work remain substantially as given in my last report. The cost of the work in this department for the year is \$50.00.

SURVEY OF THE 15th AND 16th OLD WARDS.

The work done on this survey by the regular force has been confined to copying deeds in connection with the East Side Sewer assessment maps and the surveys necessary for placing points for street monuments.

The special force, authorized June 30, 1898, in charge of John C. Ryan, has been engaged in the survey and mapping of the old 15th ward. The time of one of the two draughtsmen allotted to this work has been given to other work during the year, viz : East Side Trunk Sewer assessment maps, superintendence of work on the alteration of the police building, and as draughtsman on the regular work, to temporarily fill a vacancy. The total cost of the work, including expenses for the year, is for the regular force, \$524.40; special force, \$6,155.00.

Attention is called to the report of J. C. Ryan, in charge said special force, showing the work done in the 15th old ward to date.

REPORT OF THE PROGRESS MADE IN THE SURVEY OF THE OLD 15TH WARD, FROM JULY 1, 1898, TO DATE.

To Mr. E. A. Fisher, City Engineer :

The survey was begun July 1, 1898, in the northerly end of the ward, and the different tracts were surveyed in their respective order between the former line of the old Ninth ward on the south and the city line on the north, Seneca parkway on the east and the west city line on the west ; thence extending the work southerly between the old and the new city lines to West avenue.

The street lines of all the streets contained in this territory, with the exception of three or four streets, which partially depend upon the location of the N. Y. C. & H. R. R. lands, said locations not yet having been finished, angles and distances having been measured and points for permanent street monuments established.

The total number of acres, including

streets, contained in the area surveyed is 1,228.44.

Fourteen maps, comprising all the territory in the northern part of what is now the Tenth ward and as far south as the Driving park avenue are completed and are now ready for the assessors. Tracings have been made from five of the above maps. The area contained in the completed maps is 534.86 acres. Fourteen additional maps covering the territory between Driving park avenue on the north, Campbell street on the south, and between the old and new city lines, east and west, are far advanced toward completion.

All the lots where existing fences were found have been measured as far south as Jay street. It became necessary to do this in order to properly show the location of discrepancies in the way of surplus and deficiency.

That part of the Erie canal which runs through this territory has been surveyed, the blue line defined, connections made with all abutting streets, and many monuments have been set marking intersections of the same with the said blue line of the canal. Much time has been expended in the survey of the canal owing to the absence of monuments of any description in the original survey of the same. In like manner the location of the west city line was somewhat difficult, as a question has always existed as to its proper location, the said line is also to a large extent the east property line of the New York Central R. R. Company's lands, and the officials of the road have recently caused a survey to be made in that locality, after which they conferred with this office and concurred with us in the location of that line; they have also promised to send a map, made by them, indicating such agreement, to be filed in this office, with other data relating to the property along the main line of their roads in the western part of the city.

The number of deeds copied at the County Clerk's office is about four thousand. They include the deeds covering all the property in the new Tenth ward, and nearly all of those relating to property in the new Fifteenth ward.

The number of new monuments set is. 187
 The number of new monuments reset is 83
 The number of new monuments delivered and to be set, and for which points have been placed is 32
 The number of monuments reset is..... 83
 monuments is 3

Making a total of intersection points placed for monuments of 305

The number of subdivision maps of property copied at the County Clerk's office is about 80. These maps are accurately copied and compared, and are for use in the field, and may be used in the office for future reference.

I might add, in conclusion, that as a whole the territory thus far surveyed was the most difficult in many respects, of any territory in the entire city. Obstacles are to be found in this section that exist nowhere else. In addition to the canal and railroad lines referred to above, old streets have been narrowed and new ones have been opened and laid out without any survey or maps of record to show how or when it was done. One entire tract is assessed in accordance with the Assessors' subdivision of the same, and some of the deeds refer to it; whereas the original deeds refer to another map with entirely different numbers. Fortunately I have found a copy

of this old map in my office, which has enabled us to solve that problem. This mixed state of affairs can be accounted for from the fact that much of it was done prior to the extension of the city limits, and while that territory was still included in the town of Gates. The existence of such conditions however, shows the necessity of an accurate survey of this section of the city.

Yours respectfully,

JOHN C. RYAN, Chief Assistant.

Rochester, December 21, 1899.

EAST SIDE TRUNK SEWER ASSESSMENT.

All preliminary work necessary to the preparation of the assessment rolls was completed during the year, and the assessors have completed the assessment. The rolls are now in the hands of the Treasurer for collection.

In last year's report full details of the preliminary work were given and need not be now repeated. It is proper, however, to state that the assessment as now made by the Board of Assessors and their expert engineer, Mr. Gaylor Thompson, was done in a most thorough, conscientious and scientific manner, and deserves to become a standard for future work of similar character.

The total cost for extra assistance in making surveys, maps, calculating areas of the separate parcels of land and extending and copying the rolls is \$7,634.61.

In addition to which the regular force of this office should be credited with the total sum of \$2,625.75 for labor and materials.

STREET MONUMENTS.

During the season of 1899 225 new monuments were set to define street lines and other important lines, and 110 old monuments reset, making a total of 335 monuments set and re-set. This number includes 135 new monuments set and 76 old ones re-set, which belong properly to the survey of the old 15th ward, leaving a remainder of 90 new monuments set and 34 old ones re-set in various other portions of the city.

IMPROVEMENTS COMPLETED DURING THE YEAR.

One hundred and forty-seven public improvements have been completed during the year, at a total cost of about \$955,674.88, subdivided as follows:

For pavements (12,949 miles) and grading streets (0.292 miles) .. \$	651,116 23
For sidewalks (24.126 miles)	42,954 05
For sewers 7.713 miles)	96,707 83
For miscellaneous	15,655 93
Pavements in street railway tracks	149,240 84

Total as above \$955,674 88
 The pavements constructed are divided as follows:

	Miles.	Yards.	Average per yd.
Brick	0.257	4,190.4	\$ 1 90
Medina block stone (on concrete)	3.280	50,651.9	2 29
Sheet asphalt 10 year guarantee ..	6.634	105,180.0	2 04
Asphalt block	0.191	3,168.0	2 79

The 24.126 miles of new sidewalk built under contract is divided into 23.216 miles of cement and flag walks and 0.910 miles of plank walk. Complete tables showing all the details of the above work will be pub-

lished in the report of the Executive Board.
SEWERS.

The total length of sewers fully completed during the year, built under ordinances, is 7.713 miles, costing \$96,707.83. Detailed tables will be published in the report of the Executive Board for 1899.

The foregoing figures are somewhat approximate, as final estimates have not yet been completed on all the work.

RAILWAY TRACK PAVEMENTS.

In my report of last year reference was made to the nature of the track construction used in the pavements by the Rochester Railway Company, and the statement made that the work done here is in all respects fully equal to the best to be found elsewhere.

This method of construction was adopted by the Railway Company in pursuance of an agreement made between the Common Council and said Company by which a portion of the cost of the pavement within the tracks, and for two feet outside of the outside rails, was to be paid for by said company, in such streets as had been previously improved by a permanent pavement.

The Lyell avenue case, (known as the Conway case), was decided by the Court of Appeals on Oct. 18, 1898. The court in this decision held that it was the duty of the Street Railway Company not only to maintain and keep in repair the existing pavements between the Railway Company's tracks, and for two feet outside of its tracks, but also to construct new pavements whenever required to do so by the city authorities. Acting under this decision a provision was inserted in all ordinances exempting that portion of the street occupied by the tracks of the Railway Company, and two feet outside the tracks, and a resolution adopted notifying the Rochester Railway Company to put said pavement in repair in accordance with the specifications prepared by the City Engineer; and in case of neglect so to do, the Executive Board was directed to make said repairs and charge the expense to said Railway Company. Acting under these resolutions a permanent pavement has been laid in 2.41 miles of single track, and 2.88 miles of double track construction.

The Railway Company have used in this construction 4.79 miles of new 9 in. grooved rail of a weight of 106 pounds per yard 2.47 miles of old 6 in. girder rail in good condition, and 0.91 mile of old rail, on Hudson avenue, in poor condition. The latter was laid at the request of the property owners so that the street might be completed during the present season, it being impossible to get new rails in time for completing the improvement during the present year.

Two methods of construction have been adopted. One method, called the "Tie" construction, consisting of standard street railway ties placed two feet from center to center, having a concrete foundation of 5 inches under the ties, said concrete being carried up to the base of the rail; the second method of construction being a Portland cement concrete foundation 12 inches in depth under the rails and 6 inches in depth for the balance of the pavement between tracks and for the two feet outside. The total cost of the work to date charged to the Street Railway Company for said pavements is approximately \$149,240.84.

EAST SIDE TRUNK SEWER OVER-FLOWS.

None of the work contemplated in my

report of 1898, on this subject, has been done during the past year.

BRIDGE APPROACHES.

The approaches to the Monroe avenue bridge over the Erie canal have been re-graded and re-paved, and are fully completed, except a portion of the south walk on the westerly side opposite the property of E. O. Sullivan, where a question of title is still unsettled.

The work on the bridge and masonry for the University Avenue Subway has been completed by the N. Y. C. R. R. and the approaches, and roadway under the bridge, have been paved with Medina block stone pavement. Portland cement concrete sidewalks have also been laid on the approaches and under the subway. The work is now completed. A claim for damages due to the construction of this work has been brought before the Public Improvement Committee who have not yet reported the matter to your Honorable Body.

The westerly approach to Clarissa street river bridge, which was under way at the time of the last report, has been completed.

The new bridge at Fitzhugh street has been completed by the State of New York.

The approaches have been paved with an asphalt pavement. This bridge is one of the most satisfactory working lift bridges in the city.

DRAUGHTING DEPARTMENT.

Mr. William M. Rebasz, Chief Draughtsman, reports the following details of work done in this department for the year 1899:

Two hundred and seventy-six (276) original maps and plans for public improvements. This number includes preliminary maps for preparation of ordinances, whether finally adopted or not.

Three hundred and ninety-six (396) tracings of maps and plans of all kinds.

Six hundred and forty-seven (647) blue prints for various purposes.

One hundred and forty-two (142) maps accompanying statements, showing details of cost of improvements were delivered to the Board of Assessors.

Seven (7) maps were prepared and filed with the Corporation Counsel for use in legal proceedings.

Thirteen (13) maps relating to street openings, encroachments, etc., were delivered to the Executive Board.

Eight (8) maps were filed with the City Clerk.

Four (4) maps were filed with the County Clerk.

Thirty-seven (37) miscellaneous sketches and drawings were made for special purposes during the progress of work under contract.

Two folios containing fifty (50) maps of the eastern portion of the city (formerly the Sixteenth ward) were prepared, backed and indexed for use in the Assessors' department.

Seven weeks were consumed in correcting and bringing the large topographical map of the City up to date, January 1, 1899.

The work of re-naming the city streets, which was begun in this department in 1897, is nearing completion, and the next step under consideration is the re-numbering of and adjusting numbers on all buildings in the city.

In addition to this regular department work two of the draughtsmen were employed on Hemlock Lake Survey for eight days. We also prepared ten (10) blue prints of the work.

Two draughtsmen were employed on the East Side Trunk Sewer assessment maps for twelve days at the beginning of this special work.

Our photographic department has been extensively improved and added to, making a valuable acquisition to the bureau for future information and reference, all of this work now being finished in our own dark room.

Numerous tables showing the various details of the work done are in preparation under the direction of Mr. Stewart. These tables, together with other statistical data, will be included in the report to the Executive Board.

The elevation of the Genesee river, at the Court street dam, has been observed daily, as heretofore, and the record is on file in this office.

In conclusion, I take pleasure in acknowledging the uniformly, kind and courteous treatment, and valuable aid and counsel, received from the members of your Honorable Body, the Executive Board and its employees, and the various other departments of the city government; also the earnest and efficient service of all my assistants.

Respectfully submitted,
E. A. FISHER,
City Engineer.

Your committee at this time desire to call attention to the fact that during the past year 1,917 cases were investigated by the department, and each case received careful attention and consideration by the officials in charge.

During the year the number of grocery orders has been largely increased on account of the large amount of sickness which has prevailed and partly to the fact that in all cases where the Board of Health has quarantined persons, and the persons so quarantined have been unable to provide for themselves, the department has been called upon to issue a larger number of orders than would have been necessary had the Board of Health looked after the cases the same as in other contagious cases.

During the past year the Home of Industry has been turned into a Home for Aged Women, and in all worthy cases this department has caused the applicants to be sent there instead of sending them to the almshouse, and by so doing it has increased the amount over last year which was paid to the same institution, and which accounts in a measure for the increase that has been paid to the institutions of the city.

The deficit which our report shows is far less than was anticipated, and when the fact is taken into consideration that this department has had to issue a larger number of grocery orders, that more money has been paid to institutions and the price of coal is higher this year than last, we feel satisfied that the department has been managed in an economical manner and at all times in the interest of the taxpayers and the citizens at large.

ANNUAL REPORT OF THE LAMP AND ELECTRICITY COMMITTEE.

To the Honorable the Common Council :

Gentlemen—Your Committee on Lamps and Electricity would respectfully submit the following report on the transactions for the year ending December 31, 1899 :

The net increase in the number of lamps during the year was 56-2,000 c. p. arc lights and 26 pairs of incandescent arc lights. There was a net decrease of 10 gas lamps.

The Common Council has also ordered the erection of 43 single arc and 43 pairs of incandescent arc lights, which are not yet in place. Thirty-four single arc lights will be discontinued by the erection of the 43 pairs of lights. The increase in cost of lighting during the year 1899 over the cost for 1898 was \$7,596.62.

As in former years, in all streets where a permanent pavement is put down the Rochester Gas and Electric Company and all other companies having wires in the streets are notified to put in the necessary underground conduits and fixtures in advance of the improvement. After such underground conduits are in place they are also generally required to remove their overhead wires and place them in said conduits and take down the wooden poles.

During the year the double incandescent arc system has been extended on the following streets :

Front street, from Main street, east, to Central avenue; South avenue, from Court street to Erie canal; Central avenue, from Clinton avenue, north, to North street; South Fitzhugh street, from Main street, west, to Spring street, and has also been ordered extended on Monroe avenue, from Clinton street, south, to South Goodman street, and on Clinton avenue, north, from the N. Y. C. & H. R. R. R. to Avenue D.

During the year an application was made by a corporation known as the Home Telephone Company, for a franchise to operate a telephone system within the city. Your committee gave the matter a great deal of consideration, and finally agreed upon a form of franchise and recommended the same for adoption. This franchise has been granted and the work of putting the same in operation is now in progress.

The following tables show the expenditures for the year, the other information of the department in detail :

The past year the Rochester Gas and Electric Co., in accordance with the terms of their contract with the city, have extended their underground conduit system on the street, and for the distances shown in the following statement :

	BUILDING COMMITTEE.

Rochester, N. Y., Dec. 29, 1899.

To the Honorable the Common Council :

Gentlemen—Your Building Committee, in closing its labors for the year, respectfully recommends the enactment of an ordinance, recommended several years ago by City Engineer McClintock, in relation to defining the width of streets that are to be accepted as dedicated thoroughfares by the authorities of the city. Especially should fire risks not be enhanced by the building of long rows of houses on alleys not wide enough to permit free action by the fire department, as has been sought to be done by builders or would-be builders on passageways less than ten feet wide, in the past year.

Also an ordinance should be passed prohibiting in residential sections of the city objectionable buildings used for other than purely residential purposes; also petitions for spite fences and buildings known as spite houses should be prohibited by ordinance, as instruments of blackmail upon their face.

Your committee are of the opinion that the Corporation Counsel's office force should be enlarged enough to be able to give special attention to violations of the building laws of the state and city.

The bill posting ordinance should be amended in many particulars, so as to curtail the building of unsightly billboards that so detract from the beauty of many of our streets and avenues; and we recommend to the special consideration of the incoming Common Council the recommendations and suggestions that Fire Marshal Walter can by his long experience give and which, under the powers of the new charter the incoming Council can legally enact.

We also believe that upon three-fourths or two-thirds petitions of resident owners of property on residential streets or avenues such streets and avenues should be set apart to be used for resident purposes only. It is inequitable, surely, as often now happens to sections of our city which have achieved, as it were, a "trade mark" of special value by reason of its residential unity and beauty, to have some vandal destroy such special value upon the plea "that he has a right to do as he likes with his own property."

Also a strong restriction should be placed on the erection of wooden buildings as to their lateral and frontal lines, so as to protect houses already erected or to be built, in their possession of light, air and view, which means protection in sanitation, health and the proper facilities of the fire department in having room to properly handle fires in residential sections of the city, where now, should a fire occur during a heavy gale of wind, a whole section of our wood built residences would be swept away. So many fire escapes provided for by law are now so antiquated or so improperly built that in our opinion the Fire Marshal should be provided with an assistant, whose duty should be almost all given to the correction of the present dangers existing from this source. It has been almost entirely good luck rather than good management that another lantern works holocaust has not occurred to sadden the hearts of our citizens. A too economical administration becomes penurious and rebounds back to the cost of our citizens in municipal affairs, as it does in private affairs.

We finally call the attention of our citizens to the matter of the cost of fire insurance which, owing to the remarkably fast response of our fire department to fires that so few fires amount to large destruction of property; and surely the maintenance by our city of a superlatively large fire department should be recognized by the insurance companies doing business in Rochester. Some effort should be made in recognition of the fact that Rochester should no longer help the fire risks of cities which do not maintain sufficient fire protection and who do not maintain two systems of water works for such purposes as do our citizens. While perhaps not strictly in line with a report of this character, still our duties as a committee, overseeing the Fire Marshal's office, have determined us in calling attention to the unreasonably high fire insurance rates which prevail here, to the end that some acknowledgment be made by the fire insurance companies to the great expense incurred by the city government in fire protection.

We condense our fire marshal's annual report by stating that there have been issued by the Fire Marshal on the Council's order 636 building permits, at an estimated cost of \$1,467,480.00 in buildings.

ACTION ON ORDINANCES.

WEST STREET GRADING.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of grading West street.

Adopted.

The Engineer submitted as such estimate, \$6,500.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz :

The grading of West street for its full width, from Costar street to Emerson street.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$5,500, which, being deemed reasonable is hereby approved.

Resolved, Further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit :

One tier of lots and parcels of land on each side of West street and Dewey avenue, from Lyell avenue to the city line, (excepting the property belonging to the State of New York and used as a State Industrial School), Also all the territory lying west of Dewey avenue and north of the Erie canal.

Adopted.

LAKE AVENUE CARE AND EMBELLISHMENT.

By Ald. Wilson—Resolved, That the City Engineer ascertain and report to this Council the expense of the care and embellishment of Lake avenue.

Adopted.

The Engineer submitted as such estimate, \$1,575.

By Ald. Wilson—Resolved, That the following improvement is necessary and should be made, viz :

The care and embellishment of Lake avenue, from Driving Park avenue to the city line, as follows :

Sweeping and cleaning the walks, including the crosswalks extensions between the curb and sidewalk, of all snow, ice, rubbish and leaves, cutting the grass once each week during the season for such work; grading and sodding where necessary between the curb and lot lines and keeping the same free of all leaves, rubbish and other debris.

The snow shall be plowed off before 7 o'clock in the morning, and for each delay of 24 hours the contractor shall forfeit \$25.

The above work to be done for the period of one year from the date of the contract

for the same, and to be under the supervision of the Superintendent of Public Parks.

And the City Engineer, under the direction of this Council, having made an estimate of the whole expense thereof, and reported the same at \$1,575, which, being deemed reasonable is hereby approved.

Resolved, Further, that the whole expense of such improvement is hereby directed to be assessed upon all of the following portion and part of the city, which this Council deems proper to be so assessed for and will be benefited by such improvement, to wit :

One tier of lots and parcels of land on each side of Lake avenue, from Driving Park avenue to the city line.

Adopted.

The Clerk reported that the ballot of the Board had been cast for the following named persons, and they were declared duly appointed Commissioners of Deeds for the term provided by law :

Isaac A. Freedman, Helen T. Fisher, Flora L. Burne.

MISCELLANEOUS BUSINESS.

By Ald. Edelman—Resolved, That the Corporation Counsel be, and he hereby is, authorized and directed to enter into a stipulation discontinuing the action brought by the City of Rochester against Charles W. Voshall, and others. Adopted.

By Ald. Steele—

Whereas, Every corporation which possesses the privilege of maintaining electrical conductors upon and along the streets of this city, either on poles or in subways, under ordinances or resolutions adopted by this council, or contracts between such corporation and the city, excepting only the Bell Telephone Company of Buffalo is, by the terms of its franchise, license or privilege, required to allow all other such corporations to occupy space on its poles and in its subways on paying a proper rental therefor; and,

Whereas, The contract entered into between the city and said Bell Telephone company on or about the tenth day of May, 1888, contains the following provision:

"Ninth—It is also agreed by and between the parties hereto, that any and all privileges granted to or conferred upon said company in or by the resolution or ordinance aforesaid may be altered, amended, modified or revoked by the Common Council of said city at any time." Therefore

Resolved, That said contract between said Bell Telephone Company and the city should be, and the same hereby is amended by incorporating therein a provision requiring the said Bell Telephone Company to rent to each and every corporation having the right to maintain electrical conductors upon, along or under the streets of the city, space on every pole erected and every subway constructed by it upon or under any street in the city; and that if the party applying for the right to occupy space on such poles and in such sub-ways, and said Bell Telephone Company shall be unable to agree upon the rental to be paid by such applicant, then the rental may be fixed in the manner provided for fixing rentals in the agreement now in force between the city and the Rochester Gas and Electric Company, under which agreement said Gas and Electric Company has the right to construct sub-ways under and to erect poles upon the streets of the city; and it is further

Resolved, That from and after the adoption of this resolution, each corporation having the right to maintain electrical conductors upon, along and under the streets of the city, may forthwith occupy poles and sub-ways of said Bell Telephone Company, upon entering into an agreement with

said company, obligating itself to pay the rental that may be fixed in the manner hereinbefore provided, or that may be ascertained or determined by any court of competent jurisdiction; and it is further

Resolved, That in case said Bell Telephone Company shall refuse to allow any such corporation applying therefor to occupy space on its poles and in its sub-ways, that all rights heretofore granted to said Bell Telephone Company by the Council, shall thereupon forthwith cease and determine.

Ald. Adams moved that the resolution be referred to the Law Committee.

Lost by the following vote:

Ayes—Ald. Calihan, Adams, Selye, Ward, Pauckner, Judson, Wilson—7.

Nays—Ald. Ford, Green, Rauber, Edelman, Beard, Casey, Steele, Kelly, Ernst, Mead, Reichenberger—11.

The resolution was then adopted by the following vote:

Ayes—Ald. Ford, Green, Rauber, Edelman, Beard, Casey, Selye, Steele, Kelly, Ernst, Mead, Reichenberger—12.

Nays—Ald. Calihan, Adams, Ward, Pauckner, Judson, Wilson—6.

By Ald. Ernst—Resolved, That the use of the Common Council chamber be granted to the Socialist Labor party January 27th.

Also to the State Board of Health January 12th, for conducting examinations. Adopted.

By Ald. Mead—Resolved, That the Corporation Counsel be and he hereby is, authorized and directed to enter into a stipulation discontinuing the action brought by the City of Rochester against the Lehigh Valley Railroad Company and others. Adopted.

Ald. Mead moved that a vote of thanks be tendered to Corporation Counsel Kinney for the efficient manner in which he had conducted the affairs of his office. Adopted.

Ald. Steele moved that the thanks of this Council be tendered to City Clerk Peter Sheridan, to Assistant Clerk Julian A. Janes and to Thomas Swanton, Janitor, for the courteous manner in which they have treated the members of this Council during the past year. Adopted.

The Board then adjourned sine die.

PETER SHERIDAN,

City Clerk.
