Fitzhugh, and Buffalo Streets, which was accepted and
Resolved (thereupon) that the said level be permanently established in the said streets
as set forth in said report which is in the words & figures following—

Buffalo St Grade

Grade of Buffalo Street

Oct 30th

1832

North Side

Commencing at the corner of Buffalo & State Streets, this point of beginning is at the south side of the side walk sixteen feet (17) southward from the south front of the store late the property of Roswell Hart deed, and is two feet and sixteen hundredths (2.16) below the top of the water table at the S.W. Corner of said store thence in thirteen hundred and seventy five feet run westerly, ascend three feet and thirty nine hundredths (3.39) thence to the west end of Raphael Beach's house near the Bank of the Erie Canal four hundred and thirty feet run westerly (430) ascend eight feet and thirteen hundredths more (8.13). This termination is near the Bridge on the Canal called Buffalo St Bridge.

South side

South Side

The south side is parallel to the line first run on the north side, and is supposed to be 75 of the whole width of Buffalo Street, is ninety nine feet (99) and the width of the street between the side walks, is in all cases sixty five feet (65) this survey begins at a point opposite the beginning point in the survey on the north side of the street, and is sixteen feet (17) northward from the S.W. Corner of Stone & Albert's store thence ascend four feet and sixty six hundredths (4.66) in fourteen hundred feet run (1400) and from thence ascend seven feet and sixty five hundredths (7.65) more in three hundred and ninety four feet (3.94) terminating at the N.W. Corner of a house owned by Alex. & Wm. now occupied by John P. Chapin as a grocery store at the corner of Stone and also near the High St Bridge.

Fitzhugh St Grade

Grade Fitzhugh St East Side

Commencing at a grading stake on Buffalo Street on the west side of A. M. Schumaker's brick house on Fitzhugh and Buffalo Sts. twelve feet in from the house towards the center of Fitzhugh St and also sixteen in from said house towards the center of Buffalo Street. thence as follows, commence a declivity of four feet and thirteen hundredths (4.13) in ten hundred and eighty nine feet (1089) which will terminate on the South Side of Ann Street opposite the 2^d Presbyterian Church.

Matt. St. Grade

Grade of Platt Street both sides

Commencing on the East side of State Street and the grade as surveyed is from a Peg down at the corner of the brick house, the top of which is one foot (1) above the surface of lowest side walk and 1 foot and thirty six hundredths (1.36) below the water table on said brick house, thence along the North side of Platt Street five hundred and twenty two feet (572) to the west side of Frank Street ascending ten feet & sixty hundredths (10.60) in that distance thence on a dead level to the east side Jones Street distance two hundred feet, the above street is fifty nine feet wide (59) between the houses now occupied by Hamilton & Ball and the brick house on the south side of said Platt Street, side walks ten feet (10) wide leaving a span of thirty nine feet in the clear between the side walks.

Widening Alley in rear of Arcade

The attorney made a report relative to the present boundaries of the alley in the rear of the arcade and the mode of widening the same which was accepted; and thereupon

Resolved that the true boundaries of the western extremity of

the said alley in the rear of arcade, in the opinion of this board is, on the north, eighteen inches south of the southwest corner of the store formerly owned by E. Peck Co. and, on the south, one foot and five inches south of the north west corner of Jacob Gould brick building.

Resolved that it is expedient to widen the said alley in the rear of the arcade, running from State to Mason Street, in the following manner viz: by commencing at a point on State Street, four feet distant from the north line of the present alley and at right angles therewith, returning thence on a straight line to Mason Street, so as to pass through a point six feet north of the iron stake driven into the ground in said alley about nineteen feet west of the west line of Mason Street as now used; and that the attorney be authorized & directed to treat with the owners of the land so to be taken for widening the said alley -

* Widening River Alley

The attorney made a report relative to the boundaries of River alley and the mode of widening the same which was accepted, and thereupon

Resolved that it is expedient to widen the said River alley from the alley in the rear of the arcade to Mumford Street, by adding seven & a half feet, on each side of the alley, ^{on the line of the same} as now used, and at right angles therewith; and that the attorney be authorized and directed to treat with the persons owning the land so to be taken for widening the said alley.

Resolved that Daniel Tinker have an order for \$100 towards repairing Market bridge.

Resolved that the President & Mr. Marshall be a committee to unite with the former committee of citizens to make arrangements for the reception of the President of the United States, in case he should visit Rochester.

The Board adjourned

Millinery Alley in rear of Arcade.

The attorney presented a report and a written agreement signed by all the owners of Land situate on the alley in the rear of the arcade leading from Mason to State Street except Silas Andrus, by which it appears that the said Owners have agreed, in case this board will alter the south bound of the said alley as hereinafter stated, to release all the lands to be included in said new Line, and to pay all the damages and recompense due to the owners of the Land to be taken within the said new Line except twenty five Dollars.

Resolved that the said Report be accepted and also that the aforesaid written agreement be accepted and concurred in by this board and that hereafter the south boundary line of the said alley shall be and hereby is established as follows, commencing on Mason Street six feet south of the south line of the said Street & alley, running thence westerly on a line so as to strike the east side of the platform in the rear of the post office, not less than four feet, nor more than five feet from the north wall of the post office, and continuing thence in the same direction until it strikes the board fence standing on the west line of the common ground & alley, belonging to & for the use of the owners of the different parts of the brick building standing on State Street - if the said line strikes the said board fence at or north of the first post in the said fence, from the north east corner thereof, it is to be continued, in a straight line, from the point where it strikes the said fence to the north east corner ~~thereof~~ of Jacob Gould's brick building; but if the aforesaid line strikes the said board fence south of the said first post, then the line of the said Street is to continue northerly on the line of the said fence from the point where it strikes the same to the said first post, and thence in a straight line to the north east corner of Jacob Gould's brick building, and thence along the north line of the said brick building to State Street, reserving to Jacob Gould the right and privilege of keeping the red wood building where it now stands for five years.

Resolved that the attorney, ^{considered} with Silas Andrus and ascertain whether he will consent to pay the twenty five Dollars above mentioned for the benefits to his land by establishing the said new south line.

Resolved that Simon P. Allcott be empowered to demand & receive the assessments on Centre Street Block, after deducting 5 per cent.

The board then adjourned

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by proper documentation and that the books should be kept up-to-date at all times. The second part of the document details the various methods used to collect and analyze data, including the use of statistical techniques and the application of mathematical models. The third part of the document describes the results of the research, showing that the proposed method is more effective than the traditional approach. The fourth part of the document discusses the implications of the findings and suggests areas for further research.
