The financial reports submitted are certified that based on the officer's knowledge, the information provided herein is accurate, correct and does not contain any untrue statement of material fact; does not omit any material fact which, if omitted, would cause the financial statements to be misleading in light of the circumstances under which such statements are made; and fairly presents in all material respects the financial condition and results of operations of the authority as of, and for, the periods presented in the financial statements.

R. Carlos Carballada, Secretary

Brian Roulin, Chief Financial Officer

RURA
7/01/09-6/30/10
Operations and Accomplishments

- 1. ESL Federal Credit Union held their official ribbon cutting ceremony on May 20, 2010, at their new corporate headquarters at 225 Chestnut Street. The City of Rochester and Rochester Urban Renewal Agency (RURA) assisted with this project by selling three parcels of land (225 & 255 Chestnut Street, and 280 S. Clinton Avenue). ESL constructed an approximately 180,000 square foot headquarters on 225 Chestnut Street, and a parking garage located on 280 S. Clinton Avenue. The project has resulted in bringing over 300 positions to the city of Rochester, and an investment of \$50-60 million.
- 2. Funds received from the sale of the Wegmans Driving Park store that was donated to the City in the amount of \$425,000 is being used to fund the Targeted Commercial Exterior Improvement Grant in the Dewey-Driving Park Urban Renewal District. Four applications for exterior grant were received, reviewed and approved. Four applicants selected an architect to complete design work. One project went out to bid, contractor was selected, grant approved, and work has started.
- 3. Midtown acquired for sale and redevelopment. (See Projects Undertaken by RURA section.)

## Projects undertaken by RURA 7/1/09-6/30/10

1. Midtown Plaza. The Midtown Urban Renewal District was established by the Rochester City Council in March 2007. The purpose of the District was to facilitate the redevelopment and revitalization of an approximately 11 acre area in the center of the downtown district. The area was characterized by significantly vacant and underutilized buildings. The Midtown Urban Renewal Plan included the acquisition of the Midtown Plaza Mall by the City of Rochester. The 1.4 million square foot Midtown Plaza Mall was constructed in 1962 and included office, retail and restaurant uses. When the Urban Renewal District was established, the property was approximately 80% vacant and having adverse economic impacts on the adjacent properties and the ability of the City to revitalize the Region's Center City.

The City acquired Midtown Plaza in May 2008 for \$5.9 million and relocated all but one tenant by June 2009. The last remaining tenant, Trailways/Greyhound was relocated in November 2009. The plans for the former Midtown Plaza include full asbestos remediation and demolition of a majority of the 1.4 million square foot complex. The primary asbestos project will be completed in August 2010 with demolition commencing in the same month. Demolition will continue for a 16 month period.

PAETEC Holdings Corp. will commence construction of their new 222,426 square foot building in 2011 with a projected occupancy date of January 2013. The project cost is \$55.8 million. It is anticipated that PAETEC will bring 800-1,000 employees to their new building. In fall 2009, the City of Rochester awarded the former Midtown Tower building to a development team of Christa Development and Morgan Management. The 17-story tower will not be demolished, but will be renovated and "re-skinned" for a mixed-use project. The project includes 177 market-rate apartments, 24 high-end condominiums and 92,000 square feet of commercial space. The \$60+ million project will commence construction in 2011 and be completed in early 2013.

The redevelopment of the Midtown Urban Renewal District also includes new streets, open space, public amenities and reconstruction of the Cortland Street tunnel (which provides underground services to several properties along East Main Street. The 1809-space underground Midtown Parking Garage will also be retained and rehabilitated. The remaining 3 development opportunities in the district will be developed at a later time as the market permits. A "Broadway-style" performing arts center (PAC) has been proposed on the former McCurdy Department Store site on East Main Street however, the project is subject to the ability to raise capital for the project.

The City has completed all required SEQRA and NEPA review for the project. In November 2009 the Rochester City Council adopted the amended Urban Renewal Plan for the project, updating the creation of 6-7 new parcels and several streets.

Funds received from the sale of the Wegmans Driving Park store that was donated to the City in the amount of \$425,000 is being used to fund the Targeted Commercial Exterior Improvement Grant in the Dewey-Driving Park Urban Renewal District. Four applications for exterior grant were received, reviewed and approved. Four applicants selected an architect to complete design work. One project went out to bid, contractor was selected, grant approved, and work has started.

h:\rura\0910annual report\projectsundertaken

RURA Properties with estimated fair market value in excess of \$15,000 that RURA intends to dispose of.

The attached list indicates properties held by RURA. We do not have appraisals for most of the properties listed.

338 Ford Street is the parcel resulting from a resubdivision of 376, 334, 338 and 344 Ford Street and 567 and 579 Clarissa Street. The appraisal for the combined parcels with the easement restrictions was \$5,000.

Appraisals were completed in October 2006 for both 47 Savannah Street and 15 Manhattan Square Drive. The estimated market value of the Fee Simple Estate is \$720,000 for 47 Savannah Street and \$321,500 for 15 Manhattan Square Drive.

The South Avenue Garage at 36 South Avenue was appraised at \$5,620,000 in 2008.

Most of the other parcels listed are "non-buildable" and therefore would likely be conveyed for \$1.00.

The intent to dispose of these properties is dependent upon development opportunities. As appropriate opportunities arise, properties may be disposed of. These actions would be subject to RURA approval.

RURA properties not on the list include:

- 1. 485 N. Clinton Avenue-This is a school and may be considered for potential conveyance to the Rochester City School District.
- 2. 125-141 S. Clinton-No plan to dispose of this property at this time.
- 3. 165 Court Street-No plan to dispose of this property at this time.

Other than the projects for which there is a current appraisal, RURA does not have an estimate of fair market value for all such property held at the end of the reporting period.
