CRIMESTOPPERS

Rochester Area Crime Stoppers (RACS) was founded in 1982 with a mission to assist local law enforcement in solving crime and arresting those involved in criminal activity. RACS is a community-based program that is managed by an unpaid Board of Directors, representatives from local law enforcement, Channel 13-WHAM and the *Rochester Democrat and Chronicle*.

RACS pays rewards for tips on crimes that lead to an arrest. Tips can be called in to the Crime Stoppers Hotline at 423-9300, texted to 274637 (CRIMES), or submitted through the Crimestoppers website. The program has enjoyed great success with an average conviction rate of 95% on cases solved by Crime Stoppers' tips.

RACS is in partnership with TV Channel 13-WHAM, who broadcasts the Crime of the Week, highlighting a 'wanted' individual, encouraging viewers to call in tips. RACS funds the publishing of six Felony Fugitive Flyers each year in the *Democrat and Chronicle* newspaper, which has a 77% capture rate.

RACS is a 501-3c organization that is funded by local contributors, United Way, State Department of Criminal Justice Services grants and annual Phone-a-thon that is manned by local law enforcement personnel and Telethon.

Crime Stoppers tips are taken in by the City of Rochester 311 Unit. The Major Crimes Coordinator then reviews all tips and disseminates tip information to the appropriate Rochester Police Department Unit or other relevant local department, and the Coordinator of the Monroe County Crime Analysis Unit (MCAC) for follow-up.

ACCREDITATION

Accreditation is a progressive and contemporary way of helping police agencies evaluate and improve their overall performance. It provides formal recognition that an organization meets or exceeds general expectations of quality in the field. Accreditation acknowledges the implementation of policies that are conceptually sound and operationally effective.

The Rochester Police Department has been accredited with New York State since 1990, and was last reaccredited in March 2010. Accreditation is granted for a five year period. A report is submitted annually attesting to continued compliance. At the end of each accreditation period, the agency undergoes a thorough on-site assessment to verify compliance for reaccreditation. The New York State Law Enforcement Accreditation program became operational in 1989 and has four principle goals:

1. To increase the effectiveness and efficiency of law enforcement agencies utilizing existing personnel, equipment and facilities to the extent possible;
2. To promote increased cooperation and coordination among law enforcement agencies and other agencies of the criminal justice services;
3. To ensure the appropriate training of law enforcement personnel;
4. To promote public confidence.

The Accreditation Program is comprised of 133 standards and is divided into three categories. Standards in the Administrative section have provisions for such topics as agency organization, fiscal management, personnel practices, and records. Training standards encompass basic and in-service instruction, as well as training for supervisors and specialized or technical assignments. Operations standards deal with such critical and litigious topics as high-speed pursuits, roadblocks, patrol, and unusual occurrences.

THE FIREARMS TRAINING UNIT (FTU)

The FTU is responsible for all aspects of firearms training to include safe instruction, repair, deployment, evaluation and weapons maintenance. The FTU is a resource for all police and law enforcement agencies in the region. Our indoor and outdoor ranges are the venue for firearms training for RPD, Monroe County agencies and Federal/Military agencies. FTU also assists outside agencies with our expertise upon request.

The FTU maintains an inventory of all Department-issued weapons and ammunition. This includes service firearms and ammunition, Remington 870 shotguns, specialized weapons, gas launchers, less lethal shotguns, and the LRAD. In 2012, the FTU conducted extensive handgun testing and selected the Glock 21 Gen. 4 and Glock 30 to replace the Beretta PX4 as our service handgun. The FTU also selected the Streamlight TLR 1 as a rail mounted tactical flashlight for use with the Glock 21 Gen. 4. We conducted both an Advanced Firearm Instructor course and a Basic Firearm Instructor course. In 2012, the FTU trained Recruit Class #55 and had all 31 recruit officers successfully complete the program. Reality Based training was conducted with RPD and the HR218 program was diligently administered to RPD retirees.

The FTU continued to maintain the indoor range, consisting of 16 lanes, with targets capable of turning 180 degrees, and moving between 0 and 25 yards. The outdoor range consists of 21 positions and can be used between 0 and 100 yards.

IN-SERVICE TRAINING

Administration Bureau

RECRUITMENT UNIT

The human resources of any organization are usually its key ingredient for success. Employees provide the services, operate the technology, and manage resources and other employees. Employees are also the most unpredictable resources and often incur the greatest costs. These circumstances make the recruitment and selection of the right employee a matter of fundamental importance.

Recruitment is particularly important for the Rochester Police Department. In order to function properly, police services need to maintain high levels of trust and cooperation with other governmental agencies and with the citizens of Rochester. The selection of the right people as police officers is essential if public confidence in the integrity and effectiveness of the police services is to be established and maintained.

Since 2007, the City of Rochester had administered the Police Officer Civil Service Examination on a biannual basis. In February 2012, a decision was made by the City Administration to cancel one of the two holdings of that examination, which was scheduled for June 2012. With the cancellation of the June 2012 exam, the Recruitment Unit was responsible for attracting as many qualified candidates as it could to take the November 2012 exam. The Unit aggressively promoted the exam by using past methods, such as attending local churches on Sundays with Chief Sheppard and City Council. Recruitment booths were displayed at local colleges, career fairs, and community events. The Unit was very successful at promoting the exam and had approx. 2,380 candidates apply for the position of police officer. The Unit also worked hand-in-hand with the Rochester Fire Department and Emergency Communications Department to promote each department's civil service exam.

Recruitment efforts have seen steady success with the increased number of applicants and community involvement, and we hope to continue this trend.

POLICE OVERT DIGITAL SURVEILLANCE SYSTEM (PODSS)/ VIOLENCE CAMERAS

In 2008, the Rochester Police Department announced another crime fighting tool used to increase the protection of our citizens and the safety of our officers. The City of Rochester purchased cameras that were strategically placed throughout the City based on criminal data developed. Technology has allowed us, through the use of surveillance cameras, to have an extra set of eyes on our streets. By the end of 2008, 50 surveillance cameras were installed throughout the City. Since then, additional cameras have been purchased. Currently there are over 158 cameras in operation throughout the City.

The PODSS center, located in the Public Safety Building, is staffed 24 hours a day with the purpose of monitoring any activity that appears to be suspicious in nature. Within the PODSS center, trained individuals have access to police radios and CAD terminals allowing them direct communication to police officers on the street.

Administration Bureau

RED LIGHT CAMERAS

As part of Rochester's Red Light Photographic Enforcement Program which began in October 2010, cameras were installed at three intersections to help enforce the vehicle and traffic law. Currently there are 31 cameras located throughout the City. The cameras operate 24 hours a day and capture still and video images of vehicles in the act of a red-light violation, which will initiate the procedure to deliver a Notice of Liability to the registered owner of the vehicle. Cameras photograph only the vehicle and the license plate of vehicles running the red lights. No images of the driver or passengers are captured. Each set of images of a red light violation are reviewed and approved by the Rochester Police Department before a Notice of Liability is mailed. The violation is a civil matter and will not be reported to insurance companies or generate points on a driver's license.

PARALEGALS

Assist Department members with the preparation of selected Department forms, grand jury packages, and digital identification system viewing. This component also tracks felony cases submitted to the court system, grand jury referrals, and juvenile petitions prior to submission to court. The unit also prepares arrest warrant packages for crime victims.

2012 PART I OFFENSES

Part I and Part II Offenses are defined in accordance with the Uniform Crime Reporting Program, a cooperative statistical effort of more than 17,000 city, county, and state law enforcement agencies. Administered by the Federal Bureau of Investigation (FBI) since 1930, the Program's primary purpose is to generate reliable statistics for use in law enforcement administration and operation. The data, which has become one of the leading social indicators of our nation, is reported by the Rochester Police Department to the New York State Division of Criminal Justice Services, and is forwarded to the FBI.

CALLS FOR SERVICE

The Rochester Police Department tracks all services to the community by "Calls for Service", "Police Responses", and "Self-Initiated Activities". "Calls for Service" are 911 calls dispatched by the Emergency Communications Department (ECD). A "Police Response" occurs each time an additional unit provides service at a given scene. As one call for service may result in multiple units in response, the number of responses is likely to be greater than the number of calls for service. "Self-Initiated Activity" is an event the officer comes across on the beat or initiates.

ECD assigns each specific incident a Crime Report number. The "CR" number is a unique number assigned to each event by which all reports, tickets, arrests, etc. can be traced. When one needs to refer back to a given incident, searches can be conducted by entry of the CR number, as well as the date or location of the incident. These retrievals are performed in the RPD Police Activity Tracking System (PATS), an in-house computer application that maintains data on all RPD activity and responses transferred from ECD to the RPD Informations Systems Unit.

About the Department

HIGHLIGHTS OF 2012

Community engagement is an essential component of Chief Sheppard's vision for the Rochester Police Department. We know that through engagement, the community is given a significant voice in how we police, and one of our goals is to enhance the community's voice and sow the seeds that build trust. By actively engaging our community, we can significantly improve the way we deliver police services, as well as reduce criminal and antisocial behavior, and establish trusting relationships with those we serve.

In 2011, the Rochester Police Department created, implemented, and effectively utilized dozens of programs designed to maximize its outreach efforts to the Rochester community. 2012 saw a continuation of many of these successful programs, as well as additional innovative ways to reach the community as well. Our employees participated in numerous events and activities in 2012, and the response from youth, citizens, business owners, clergy and our employees has been phenomenal. A summary of the numerous events our employees participated in can be found in the Community Engagement 2012 Highlights report, which can be located on our website.

The Rochester Police Department is proud of its efforts to help make the city a better place for all to enjoy. The following briefly highlights some of our community engagement efforts from this past year.

ENHANCED COLLABORATION AND ENGAGEMENT WITH COMMUNITY

Chief Sheppard has made himself available to the public in a variety of forums. The "Chief on the Street" events continued this year, and provided citizens with an opportunity to speak with the Chief directly in several formats: Town hall, one on one meetings, and community walks. Chief Sheppard also continued the "Barbershop Talk" meeting

series. During these meetings, citizens expressed a desire to meet and build relationships with the beat officers. As a result, the Chief directed that whenever possible, beat officers should attend community meetings. Throughout the past year, members of the RPD have met with several different neighborhood and/or business groups.

Faith Community:

Chief Sheppard regularly met with members of the Rochester Clergy. Meetings consisted of group meetings, breakfast meetings, recruitment meetings and meetings with mens', womens' and youth groups. Chief Sheppard attended numerous events with the faith community. In addition, as part of RPD efforts to increase minority recruitment, the Chief, accompanied by members of City Council, attended and spoke at services at many different local churches.

Rochester City School District Collaboration:

The RPD continued its close collaboration with the Rochester City School District (RCSD) and with its Safety and Security Director, Lori Baldwin. Director Baldwin attends weekly meetings with RPD command staff to discuss school trends, crime patterns and matters related to youth and public safety. RPD continues to collaborate with the RCSD in an effort to reduce truancy. We continue to pair RPD staff with school district safety officers to patrol city hot spots looking for truant students, as well conducting home visits for students that had been identified as chronically truant. In addition, Chief Sheppard and other members of the RPD walked with RCSD staff during monthly truancy details initiated by Superintendent Dr. Vargas. The Chief and RPD members participated in several programs within the RCSD, including reading to, and teaching students, as well as other opportunities that were unique and fun for both our members and the students.

About the Department

Lesbian, Gay, Bisexual and Transgender (LGBT) Community:

Chief Sheppard increased RPD's cooperation with the Gay Alliance. Through collaboration, the Gay Alliance has provided valuable input to help the Department develop new policies and procedures that pertain to the LGBT community. The RPD is also working with other law enforcement agencies to develop creative solutions to address other quality of life issues as they are raised by the LGBT community. This enhanced collaboration helped the RPD update policies that affect our transgender community members.

Gun Buyback:

In collaboration with Orleans Correctional Facility and Rev. Ira White, RPD conducted a gun buyback that resulted in 173 guns being removed from the streets of Rochester.

EXPANDED USE OF THE INTERNET AND SOCIAL MEDIA:

The RPD expanded the use of social media sites in 2012. Social Media allows the RPD to engage segments of the community that we normally would not be able to. It is also an opportunity for citizens to interact with the Department when there is not an active crisis.

MyPD Smart Phone Application:

The RPD launched a smart phone app that allows the community another option to engage with the RPD by providing citizens another means to provide a crime tip, send a picture, or provide feedback on service.

You Tube Channel:

In 2012, the RPD began loading videos on the "RPD You Tube" channel. The videos, which include the 'We are the RPD' video series, are excellent ways to enhance engagement with the Rochester community. In the 'We are the RPD' videos, the RPD collaborated with staff from Generation News to create a video series highlighting police officers and Rochester youth.

About the Department

Twitter:

In 2012, the RPD launched a Twitter page. The use of twitter allows the RPD to engage with a population that uses social media outlets to gain information.

Unsolved Homicide Investigations on the City Website:

This year we began posting information on unsolved homicide investigations to the City of Rochester website (cityofrochester.gov).

Crime Data Access On-line:

The Rochester community has free access to neighborhood crime data through the CrimeReports.com website. This technology allows citizens to be an active partner in addressing crime patterns as they develop. Citizens will now gain access to neighborhood level crime incident data in near real time.

Citizens can access a neighborhood crime map and sign up for daily, weekly, or monthly email crime alerts at www.CrimeReports.com/agency/rpd.

YOUTH ENGAGEMENT ACTIVITIES:

Police Activities League:

The PAL program continued to gain momentum, as this year more officers volunteered their own time to engage with children. The RPD was proud to host volunteers who are civilian employees, as well as officers from other agencies this year. Several events were held throughout the year. Activities included video game events, a variety of sporting events, visits to the Golisano Children's Hospital, and "Shop with a Cop".

About the Department

Police Explorers:

The RPD announced the return of the RPD Explorer Post. The Police Explorer Program is run in association with the Boy Scouts of America. Police Explorers are exposed to many facets of a career in Law Enforcement. The meetings are run by Police Advisor Volunteers (both male and female officers).

RPD Support of Local Charities

Many of our employees participated in several opportunities that allowed them to contribute to a variety of charity organizations within our community, including the Dream Factory, Toys for Tots, the Pirate Toy Fund, Special Olympics, the Muscular Dystrophy Association, the Salvation Army, Huntington Disease Research, the American Cancer Society, the Alzheimer's Association, the American Red Cross, as well as book drives and clothing drives to assist those less fortunate. Thousands of dollars were raised and many hours were volunteered to support these worthy causes, as well as numerous donations of books, clothing, bicycles, and blood units.

ANNUAL DEPARTMENTAL AWARDS

Every year the Rochester Police Department recognizes members of the Department and the community for their outstanding actions or exceptional performance by presenting an array of awards. Recent years have seen new awards for Officer of the Year, Civilian Employee of the Year, Citizen of the Year, and Media Relations award. This year's newest award is for Investigator of the Year.

About the Department

THE "DO THE RIGHT THING" PROGRAM

Began in Rochester in 1996, and was adopted from a similar program in the Miami Police Department. The program's goals are to reinforce socially desirable behavior, to demonstrate that "good kids" are newsworthy, and to foster positive relations between young people and police officers.
