INDEPENDENT AUDITOR'S REPORT

The Board of Directors of the
Rochester Land Bank Corporation
Rochester, New York

Report on the Financial Statements

We have audited the accompanying financial statements of the Rochester Land Bank Corporation, (the Corporation), a component unit of the City of Rochester, New York, as of and for the years ended June 30, 2017 and 2016, and the related notes to the financial statements, which collectively comprise the Corporation's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Corporation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Corporation, as of June 30, 2017 and 2016, and the changes in financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3-5 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 15, 2017 on our consideration of the Corporation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Corporation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Corporation's internal control over financial reporting and compliance.

As management of the Rochester Land Bank Corporation, we offer readers of the Rochester Land Bank Corporation's financial statements this narrative overview and analysis of the financial activities of the Rochester Land Bank Corporation for the fiscal year ended June 30, 2017.

Financial Highlights

+ The assets of the Rochester Land Bank Corporation exceeded its liabilities at the close of the most recent fiscal year by \$407,899 (*net position*). Of this amount, \$407,899 (*unrestricted net position*) may be used to meet the Rochester Land Bank Corporation's ongoing EDA grant obligations.

+ The Rochester Land Bank Corporation's total assets are comprised primarily of grant proceeds received from the Community Revitalization Initiative ("CRI") grant program offered through the New York State Office of the Attorney General. The New York State Office of the Attorney General awarded the Rochester Land Bank Corporation three grants. The first grant in the amount of \$2,780,942 had a term of 24 months commencing January 1, 2014 through December 31, 2015. The Rochester Land Bank Corporation utilizes the grant funding to supplement the City's investments in transforming vacant properties into affordable owner-occupied housing, develop new infill housing for homeownership in strategic project areas, demolish blighted structures, and fund certain staffing positions. The Rochester Land Bank Corporation has executed agreements with the Rochester Housing Development Fund Corporation (RHDFC), the Greater Rochester Housing Partnership (GRHP), and the City of Rochester in the form of a Share Services agreement to implement partnerships to fulfill the "CRI" grant initiatives.

Additionally, the Rochester Land Bank Corporation was awarded a \$450,000 grant administered by Enterprise Community Partners, Inc. for the Neighbors for Neighborhoods Program (a/k/a N4N Project). The N4N Project allows properties acquired by the Rochester Land Bank Corporation to be transferred to qualified landlords for the purpose of rehabilitation for subsequent household rental.

Economic Factors

Non-farm employment in New York State increased by 1.7% from July 2016 to July 2017. New York State added 159,300 private sector jobs (+1.7%) from July 2015 to July 2016. Private sector jobs in the Rochester metropolitan area decreased over the year by 1,400, or 0.3 percent, to 455,100 in July 2017. Gains were concentrated in leisure and hospitality (+1,300), education and health services (+800), natural resources, mining and construction (+600), information (+200), and other services (+200). Job losses were concentrated in professional and business services (-2,000), transportation and utilities (-1,000), manufacturing (-800), and financial activities (-700). Government employment declined (-500) over the year, non-farm employment decreased by 0.40% for the same period. In New York State education and health services increased by 4.0% representing the largest increase of any major industry sector, while professional and business services employment rose by 3.4%. For the same period, manufacturing experienced a 4.5% decline; representing the largest major industry sector decline.

As of June 2017, the primary labor force segment of the Rochester Metropolitan area's civilian labor force continued to be education and health services (22.7%), followed by trade/transportation/utilities (15.5%), government (14.8%), and professional and business services (12.9%). Manufacturing jobs constituted (10.8%), and leisure and hospitality (9.4%).

The unemployment rate for the Rochester metro area was 5.0% as of July 2017 (up from 4.8% as of July 2016). This compares to the unemployment rate for New York State of 4.7% as of July 2017 (down from 4.9% at July 2016) and for the nation of 4.3% as of July 2017 (down from 4.9% as of July 2016).

We are aware however, that in certain parts of the city of Rochester the unemployment rate for some populations may be as high as 40%. The overall poverty rate for the city is 33.8%, which ranks us 5th poorest in the top 75 metropolitan areas, and 2nd poorest in the US for cities of our size.

The top five largest employers in the Rochester area are University of Rochester/Strong Medical Center, Rochester General Health System, Wegman's Food Markets, Inc., Xerox Corporation, and Paychex Inc. UR/SMC continues to be the largest employer, as the Rochester region economy continues to transition from an economy which was heavily based on manufacturing decades ago to one with a greater emphasis on education, health services, and professional/business services. The University of Rochester was responsible for 29,003 jobs. A significant share of the University's growth has occurred at the University of Rochester Medical Center as Strong Health extends clinical service penetration beyond the metropolitan area and URMC expands its research facilities and total employment.

The US economy continued to show improvement as the Federal Reserve continued to utilize monetary policy to support the economic recovery. The prime rate of interest increased from 3.50% a year ago, to the current rate of 4.25% as the Federal Open Markets Committee (FOMC) maintains the target range for the federal funds rate at 1.00 – 1.25. Currently long term interest rates hover around 2.19%. As expansion continues inflation is expected to gradually rise toward the FOMC's objective of 2 percent. The U.S outlook is deemed favorable.

COMPLIANCE AND INTERNAL CONTROLS

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Rochester Land Bank Corporation
Rochester, New York

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Rochester Land Bank Corporation, (the Corporation), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Corporation's basic financial statements, and have issued our report thereon dated September 15, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Corporation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Corporation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Corporation's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT ACCOUNTANT'S REPORT

To the Board of Directors of the Rochester Land Bank Corporation,
Rochester, New York

We have examined Rochester Land Bank Corporation's (the Corporation) compliance with the New York State Comptroller's Investment Guidelines for Public Authorities and Section 2925 of the New York State Public Authorities Law (collectively, the "Investment Guidelines") during the period July 1, 2016, to June 30, 2017. Management of the Corporation is responsible for the Corporation's compliance with the specified requirements. Our responsibility is to express an opinion on the Corporation's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Corporation complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Corporation complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including as assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Corporation's compliance with specified requirements.

In our opinion, the Corporation complied, in all material respects, with the Investment Guidelines during the period July 1, 2016 to June 30, 2017.

This report is intended solely for the information and use of the Board of Directors, management and others within the Corporation and the New York State Authorities Budget Office, and is not intended to be and should not be used by anyone other than these specified parties.
